

GREEKS SEND ULTIMATUM TO CENTRAL POWERS; DETERMINED HUN ATTACKS IN WEST REPULSED; GREAT BATTLE IN PROGRESS IN ROUMANIA

Dispatches Today Indicate Immediate Entry of Greece Into War. Further Successes Against Bulgars, Who Retreat North. In Eastern Roumania a Great Battle is in Progress. Western Operations Consisting of Repulse of German Attacks.

MORE SUCCESSES AGAINST BULGARS

(Special, Canadian Associated Press) Paris, Sept. 20.—The last of the Bulgarians have been cleared out of Florina, near the western end of the Macedonian front, the war office announced today. After the occupation of the town by the Entente forces, Bulgarian soldiers held out for a time in several houses, resisting with savage energy. One hundred prisoners were taken in, completing the capture of their positions.

The statement says the Serbians have captured Height 2,625, the highest peak of the Kaimakalan range, after desperate fighting at close quarters. On the left wing, the Bulgarians are still resisting on the heights north of Sisoderi.

GREAT BATTLE IN ROUMANIA

(Special, Canadian Associated Press) Sofia, Bulgaria, Sept. 19, via London, Sept. 20.—In Eastern Roumania, along the new battle front, south of the railroad from Constanza on the Black Sea, to the Tzerna-voda on the Danube, a great battle is in progress. It is developing in favor of the Bulgarians, according to official announcement here.

TURKS CLAIM REPULSE OF RUSSIAN ATTACK

(Special, Canadian Associated Press) Constantinople, via London, Sept. 20.—The repulse of Russian attacks by the Turkish troops in Galicia, after a forty-eight hour battle, is reported in an official statement issued by the war office. The text follows: "Our troops in Galicia repulsed violent attacks which the enemy made uninterruptedly from the morning of the 16th until the evening of the 17th, and which they directed against them with manifold superior forces. They completely maintained their positions in the course of a forty-eight hour battle and captured six hundred Russians, including two officers. "Elsewhere there were no events of importance."

HUNS REPULSED IN ATTACK ON HILL 76

(Special, Canadian Associated Press) Paris, Sept. 20.—Determined attacks made by the Germans last night on the French positions at Hill 76, north of the Somme. The Germans gained a foothold at some advanced points, the war office announced today, but subsequently were ejected.

BULGARS CLAIM ITALIAN REPULSE

(Special, Canadian Associated Press) Sofia, Sept. 19, via London, Sept. 20.—Official announcement was made here today that the Italian troops on the Macedonian front have been driven back by the Bulgarians, who occupied four villages.

MACEDONIAN FRONT

(Special, Canadian Associated Press) London, Sept. 20.—Following is the official account of today in regard to operations on the Macedonian front: "On our Struma front the aircraft raided Drama. Bombs were dropped on railway rolling stock and stores. "There were no developments on our Dorian front."

IN CAUCAUSUS

(Special, Canadian Associated Press) Petrograd, Sept. 20, via London.—"There were no important developments on the western or Caucasian fronts," says today's official announcement.

GREEK ULTIMATUM TO TEUTONIC ALLIES

(Special, Canadian Associated Press) Athens, Sept. 19, via London, Sept. 20.—There is reason to believe that the Greek Government has sent an ultimatum to Germany and Bulgaria, expiring Wednesday night, demanding immediate return of the soldiers taken prisoners at Kavala.

When the Greek support of Kavala was entered by German and Bulgarian troops the city was garrisoned by the fourth Greek army corps. According to an official statement issued by Berlin, the entire corps, consisting of 20,000 men, asked the German commander for food and shelter and protection against the Entente forces.

The statement said that to prevent any breach of neutrality the Greek soldiers would be transported to Germany, to be kept there as guests of the nation.

The German account of the affair differs radically from that given out at the allied capitals and from stories sent out from Athens. The number of soldiers transported to Germany, according to these versions, was less than a thousand, one account placing the total of military officers and 800 men. The remainder of the garrison is variously said to have been transported to Salonika by the French authorities and to be encamped on the island of Thasos. A recent despatch from Athens reported the arrival of some members of the Kavala garrison in the Greek capital but no numbers were given.

The incident caused a profound sensation in Greece and the action of the Germans was bitterly denounced by the pro-ally party. Immediately after Premier Kalogeropoulos took office news dispatches from Athens stated that he intended to demand the return of the Greek soldiers from Germany and that the refusal of this demand would be the signal for the entry into the war of Greece on the side of the Entente.

THOROUGH SEARCH FOR MORE TROOPS

STRONG COMMITTEE APPOINTED IN ENGLAND AS FINAL COURT OF APPEAL IN RECRUITING.

London, September 20.—The Daily Chronicle's parliamentary correspondent says the question of raising to 45 the age of men liable to military service has not been considered by any responsible authority. There is no present intention of raising the age limit, but a thorough combing of industries where men under forty are employed is to be made and exemptions are to be carefully scrutinized. "Austen Chamberlain has been appointed chairman, and Lloyd Middle-ton vice-chairman, of a strong committee, whose business it will be to act as a final court of appeal with regard to recruiting, and also to decide on the election of men from the great Government departments. Up to the present the right Government department had the right, independent of all external authority, of retaining in its service men of military age considered indispensable. This unrestricted right is now to disappear. Chamberlain's committee will endeavor to comb out the younger men from all Government departments and other offices and industries and to see that their places are taken by older men or by women. The tribunals have been exempting too many young men. The result is the average age of the new soldier is being raised whereas the demand of the army is for young men."

A COALITION FOR GERMANY

REICHSTAG MEMBER WARNS OF SOME STRONG CRITICISM. Amsterdam, via London, September 20.—A coalition government for Germany is urged by the Berlin Tagblatt in a long leader by Hans Siv-kovitch, a member of the Reichstag. "Never since the beginning of the war," he writes, "has the German people awaited with such tension and apprehension the forthcoming meeting of the Reichstag. The period since the last meeting has brought us successes, but also many difficulties, military setbacks and new enemies. "After two years of fighting, bloodshed and self-denial, the place for which every heart longs is still at an immeasurable distance. The fighting lust of the enemy has been revived by Russian successes and the entry of Roumania. The whole people stand at the gate waiting and asking. "The Reichstag leaders will have to listen to speeches stronger than ever on the events of the past few weeks. Therefore it were wise to consider carefully whether the leaders of all our great parties should not be called together to form a coalition ministry."

The Daily Telegraph says the Government is about to appoint a committee for the special purpose of this combing out of which Austen Chamberlain will be the chairman.

DEADLOCK IN N. Y. STRIKE

General Walk-out of 700,000 Workers is Likely.

SEEMS TO BE LITTLE HOPE OF AVERTING A GENERAL STRIKE IN SYMPATHY

(Special, Canadian Associated Press) New York, Sept. 20.—Despite the attempted intervention of a committee of business men, there seemed to be little prospect today of averting a general strike in sympathy with the street railway employees. Labor leaders aver that the proposed general walk-out will involve about 700,000 workers in all trades. A second conference of the business men with the Mayor and Chairman of the public service commission was called today, but it was the feeling of those most directly concerned that the situation had reached an absolute deadlock.

TAG DAY NET WAS OVER \$900

Report is Submitted of Collections for Red Cross.

CAUSE WILL BENEFIT FROM "TAG DAY" CONTRIBUTIONS ON WEDNESDAY, SEPT. 27TH

The meeting of the Special Tag Day Committee was held in the Patriotic Association Rooms on Monday evening, Mrs. E.C. Fraser, the Convener of the committee, presiding. There were also present the Joint Presidents of the P. A. Ass'n, Mrs. de Lottinville and Mrs. C.H. Bowen, Mrs. Craig, Treasurer and a number of the Captains and assistants. The Treasurer read the very satisfactory report which is given below, and it was moved by Mrs. Bowen, seconded by Mrs. Jack Morkill, that report be adopted.

It was moved by Mrs. de Lottinville, seconded by Miss McWilliams, that a personal letter be sent to bank officials, thanking them for the great assistance rendered the committee by members of the staff in counting the returns. The joint president, Mrs. Bowen, reported having sent a letter of thanks to the officers of Betcher's Own, for giving sentries to guard the tents at Strathcona Square and the Exhibition gates during the whole Tag Day, also having thanked the officers of the Boy Scouts and Girl Guides for the assistance rendered by members of their respective organizations on that day.

So many had given their services and assistance in various ways that it was found impossible to thank each one individually, therefore it (Continued on page 6.)

GOLD IMPORTS AT HIGH RECORD

U. S. HAS RECEIVED \$77,500,000 THIS MONTH, \$397,000,000 SINCE MAY.

New York, September 20.—A shipment, not previously announced, of \$10,000,000 gold from Canada the early part of this month to the Philadelphia mint for the account of J. P. Morgan and Company was made public today. The total gold received on the present movement since May 11 is now \$397,000,000, including \$85,000,000 sent to Philadelphia. Shipments for the month to date are about \$77,500,000. This is the largest amount of gold the United States has imported in any single month since the war started. With the exception of June this year, in October, 1915, about \$80,000,000 was received, but it seems certain that before the end of this month that figure will be passed by a generous margin.

SWISS WANT LOAN

NUMBER OF GERMAN BANKERS ASKING CONCESSIONS.

Lausanne, Switzerland, September 19, via Paris, September 20.—"A number of German bankers, including Arthur von Gwynne, managing director of the Deutsche Bank of Berlin, and Paul Markiewitz, of the same institution, have arrived in Zurich," says the Gazette, "with the purpose of obtaining financial concessions from Switzerland before the economic agreement between Germany and Switzerland is concluded. "It is understood they desire either to obtain the participation of Switzerland in the new loan or the opening of a credit, similar to the 50,000,000 franc credit opened in Switzerland for French traders under the guarantee of the Bank of France, or a combination of the two plans. The object of the financiers is to prevent further depreciation of the mark. This explains the delay in the signature of the economic agreement."

TWO CHILDREN IN VERMONT FAMILY KILLED BY PLAGUE

Montpelier, Vt., Sept. 20.—Evon, age five, and Leonard aged three, children of Albert Jordan, a farmer living in Brookfield, twenty miles from here, died of infantile paralysis believed to have been contracted from a Springfield family that visited in Hartford, Conn., and came to Brookfield to visit the Jordan family going back to Springfield a week ago. Another Jordan child is ill with the same disease. The schools in Randolph and Brook-

HOW GERMANY IS GETTING ALONG

Not Starving According to Report From a Neutral.

VERY UNCOMFORTABLE, HOWEVER, AND WONDERING WHY THEY DO NOT WIN.

(Special, Canadian Associated Press) London, Sept. 20.—(N. Y. Times cable)—The Times prints a letter from a neutral in Frankfurt, whose occupation, says the Times, gives him unusual means of being in touch with a considerable number of Germans of the upper and middle class. The writer says: "The food difficulties are quite bearable, although annoying, especially in the large towns. In most parts of Germany no milk is given out except to those under nine years of age, and the potato crop has been disappointing. Game is plentiful. On October 1, venison, ducks, pheasants, and the rest are to be served out on meal tickets only. Our meat allowance is now one-half pound per week and weighed with the bone. "I was in Berlin the other day, and there, I think, the shortage is greater than here, in Frankfurt. No sugar is served anywhere, the restaurants providing small packets of saccharine. Fish is dearer owing to the new regulations made by the English with the Dutch but a new experiment is being made of seal meat. Botocki gave a dinner at the Kaiserhof in which it was served in all forms hot and cold. "I dare say you have rumors that fat people are dying freely here but I do not believe them. I think the people grumble more at the bad coffee and greatly deteriorated beer than anything else. "Personally I do not know what to make of the war. Our Croakers of whom there are always a few, say things are going badly, that Verdun should have fallen long ago, that our submarines for some reason or other are unable to operate. The arrival of English newspapers has been very intermittent lately, although the Matin and the Reho de Paris reach us quite easily via Switzerland."

(Special, Canadian Associated Press) St. Louis, Mo., Sept. 20.—More than 250 fur buyers from all parts of the world are in St. Louis, to attend the \$2,000,000 five day fur sale which opened here today. Near two million skins are to be disposed of. The largest sale is scheduled for Saturday, when 1,666,265 skins will be offered.

CANADIAN WINS BOXING BOUT

(Special, Canadian Associated Press) Pueblo, Colo., Sept. 20.—Frank Barrieu, of Canada, last night outpointed Dick Wells, of Cincinnati, in a 15-round boxing bout. The Canadian's superior speed and cleverness won for him. The men are welterweights.

EIGHTEEN NEW CASES INFANTILE PARALYSIS.

(Special, Canadian Associated Press) New York, Sept. 20.—Eighteen new cases of infantile paralysis, a decrease of seventeen since yesterday's report was issued, were shown in the Department of Health's bulletin, covering the period ending at 10 a.m. today. There were ten deaths, the same number as yesterday.

FOR TEMPORAL POWER OF THE POPE.

(Special, Canadian Associated Press) London, Sept. 20.—A movement in favor of re-establishment of the temporal power of the Pope is reported by the Amsterdam correspondent of the Exchange Telegraph Company to have been inaugurated by Roman Catholic newspapers of Germany, with the idea of drawing the Vatican wholly away from Italian influence.

SEVEN KILLED IN EXPLOSION IN PENNSYLVANIA.

(Special, Canadian Associated Press) Huntingdon, Pa., Sept. 20.—Six men are reported killed in a powder mill explosion at Mount Union, near here, early today. Five men were instantly killed and another sustained fatal injuries when the airy house of the Mount Union plant of the Aetna Explosives Company was wrecked. All the dead were employed in the building, which was blown to pieces. The force of the blast was heard for miles, but with the exception of broken windows the only damage to the plant was in the building where the explosion occurred.

WATERS OF NILE CAUSING FLOODS.

(Special, Canadian Associated Press) Cairo, via London, Sept. 20.—The waters of the Nile have reached a very high level necessitating the enforcement of the decree of 1887, which empowers the government to call on any able bodied men to assist work for the protection of threatened regions under penalty of imprisonment or fine. Field have been closed for two weeks. Public gatherings have been barred to children under sixteen in Ran-

FLAW PERHAPS BROKEN CASTING

Theory of Chief Engineer Before Quebec Inquest Today.

EVERYTHING WAS GOING SMOOTHLY AND SATISFACTORILY WHEN BREAK OCCURRED.

(Special, Canadian Associated Press) Quebec, Sept. 20.—Coroner Jolicoeur this morning began his inquest into the Quebec Bridge disaster of September 11, when the central span collapsed while being hoisted 'from pontoons on the river to the bridge floor, one hundred and fifty feet above, thirteen workmen losing their lives. Charles Montserrat, chairman and chief engineer of the Federal Government Commission, which supervised the construction of the bridge, was the first witness. He said the work on the bridge on the morning of the accident had been carried out according to plan. He was on the span until it was connected with the hoisting apparatus. He noticed nothing wrong, everything moving smoothly. After the accident he examined the bridge and found that the southwest casting had disappeared and indications showed it had broken.

Witness explained by photographs the exact location of the casting and the part it played in supporting the span in the girder which was attached to the lifting chains. He said the casting had been under the span for five or six weeks previous to the accident, and had borne a heavier weight and strain than it was submitted to during the hoisting. The hydraulic jacks could not have been to blame because the span's weight was not hanging on to them at the time it fell.

He could only suggest that the casting which broke had a flaw in it. J. H. Gignac, a jurymen, asked if all the members of the Bridge Commission were agreed that the safest way of raising the span had been adopted. The witness answered in the affirmative. Mr. Gignac further asked if the jacks might have failed to work uniformly, and Mr. Montserrat demonstrated that the jacks were all carefully gauged to be worked together.

BUCKLED IN FALLING. Michael Mowhan, another jurymen, asked if the span buckled, and Mr. Montserrat said: "The span buckled in falling because a stress was placed upon it which it was not constructed to withstand, but not before the casting broke."

BELIEVES METHOD USED IS BEST. To J. M. Francoeur, acting for the family of one of the victims of the accident, Mr. Montserrat said the casting was properly inspected. It was constituted under the supervision of the St. Lawrence Bridge Company, the bridge contractors, by the Canada Steel Company, Montreal. Answering Hon. Taschereau, K.C., leading counsel for the Bridge Company, Mr. Montserrat said the scheme of raising the span had been submitted to a large number of engineers outside of those retained by the company, and had been approved of. He himself still thought the scheme the safest method of putting the span into action.

COMPANY TAKES WHOLE RESPONSIBILITY. Phelps Johnston, president of the St. Lawrence Bridge Building Company, Montreal, said the company took the whole responsibility for the accident. The plans had been drawn up by the company's engineers and approved by the Government Commission.

REPUBLICANS ARE CHEERED

Governor Whitman Wins Progressive Nomination in New York.

RUNS FAR AHEAD OF OPPONENT AT RACE FOR NOMINATION FOR GOVERNOR.

(Special, Canadian Associated Press) New York, Sept. 20.—Republican leaders today attached great significance to the success of Governor Whitman in winning the progressive nomination for Governor in yesterday's New York State primary election over Samuel Seabury, who was unopposed for the Democratic nomination for that office. The 3,995 districts thus far counted give Whitman 9,430, to Seabury 6,389. The Governor ran ahead according to these returns both in and out of New York City. Governor Whitman was opposed for re-nomination in the republican primaries by State Senator Wm. Bennett. Returns from 4,331 districts out of 5,719 give Whitman 183,648. Bennett 32,472. William F. McCombs, formerly chairman of the Democratic National Committee, won the democratic nomination for United States Senator by a majority of about two to one over his opponent, Thomas F. Con-way, of Plattsburgh, formerly Lieut Governor.

U.S. MAY STOP WHEAT EXPORT

Demand Made on President Wilson by 200 Bakers.

SAY FLOUR WILL BE \$14 PER BARREL NEXT SPRING IF THIS IS NOT DONE

(Special, Canadian Associated Press) New York, Sept. 20.—President Wilson will be asked to call a special session of Congress to declare an embargo upon the exportation of wheat and Federal and State investigations of the increase in the price of flour will be demanded by resolutions adopted by 200 bakers of Brooklyn yesterday. It was asserted that flour would be sold at \$14 a barrel, and bread at twenty cents a loaf next spring, unless an embargo is imposed.

SECOND DAY OF SHEFFORD FAIR

Good Attendance Though Weather a Little Too Cool For Comfort.

SOME FINE CATTLE HERDS SHOWN.—ENCOURAGEMENT OF SHEEP RAISING. Waterloo, Sept. 20.—(Special)—The Shefford County Fair will close tonight. The weather has not been perfect, but there is a good attendance today and the exhibits are excellent.

The first or members' day of Shefford Agricultural and Horticultural Society proved fair from the standpoint of attendance, although the weather was cold, with a strong wind blowing that no doubt kept many from attending. As already reported, the exhibits in each section of live stock were most gratifying indeed. Some very fine horses are being shown, and in the cattle department Shefford County can compete with any county in the province. Of dairy breeds, the Ayrshires lead, although some fine animals are seen in the Holstein and Jersey sections. Farm machinery, evaporators, cream separators and various machinery for farm and dairy use are shown, and much interest is shown by the up-to-date farmer in all utensils that tend to relieve the labor problems of the present day.

IMPROVEMENT AT NORTH HATLEY

IMPROVEMENT SOCIETY WAS ORGANIZED AT RECENT MEETING.

North Hatley, Sept. 20.—(Special) —A meeting composed of citizens and summer guests was held in the American Clubhouse, which was brilliantly lighted and a glowing fire in the large fireplace, which made it very attractive and cheerful to complete an organization to be called the North Hatley Improvement Society, composed of equal numbers of permanent residents, and as one gentleman said, "Hateyites," inasmuch as they had resided here during the summers for so many years. The following officers and committees were appointed: President and treasurer, W. E. LeBaron; secretary, Miss Bryant, principal of the academy; town beautifying, Rev. Dr. Powell and S. A. McKay; flies and mosquitoes, Mrs. Ransom and J. B. Reed; drainage, Commodore Stebbins and A. R. Virginia; upkeep of roads, sidewalks, etc., Admiral Hemphill and Mrs. J. B. LeBaron; children's committee, Miss Russell and Miss Bryant. It is evident we have some live wires with a large voltage, and the society is looking for a powerful amount of good work being done during the remaining fall months and coming season. A subscription list is now open to receive members, together with their fee, which is very small. All should be much interested in this movement and come forward freely and have their names attached to the list now started. Our summer people are fast returning to their winter homes and while the season has been somewhat dull, we may feel that we have had our share, all things considered, as 65 or 70 cottages, besides 10 hotels and boarding houses being opened all at one time. Several of our summer visitors are leaving here this week, some motoring homeward, others going by train, while quite a number are retained here on account of health conditions in New York. The Connaught Inn still welcomes visitors and boarding houses are well filled up with guests from the South, and we expect to have them for a few weeks more. Among our town people quite a number are leaving also. Miss Laura Reed, Postmaster Reed's daughter, one of the most popular young ladies of North Hatley, left last Saturday and has accepted a position from the Government at Ottawa in the Fish and Game Dept., while Miss Emma B. Barre, who has been at the Corporation Office all summer, has taken a position with an American firm in Sherbrooke, and is to leave very shortly to take up her new duties. Both will be regretted, as they were two well-known young ladies whom all the people enjoyed having in our village. Arrivals: Mrs. P. Billan and two daughters, former residents here, now from Lebanon, N.H., visiting relatives and friends; Mr. Henry Wilson, of Ascot, in town looking for a farm, he having sold his farm in Ascot; Miss Laurel Merrill to White River Junction to attend the wedding of a cousin; Miss Laura Reed to Ottawa, where she has a position.

SELEGT MEDICINE CAREFULLY

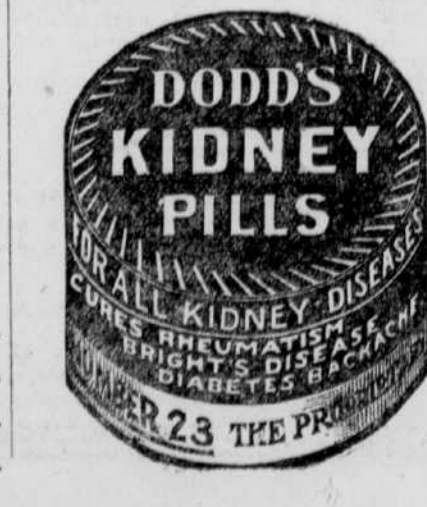

Purgatives are dangerous. They gripe, cause lurking pains and make the constipated condition worse. Physicians say the most ideal laxative is Dr. Hamilton's Pills of Mandrake and Butternut; they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore activity to the bowels, strengthen the stomach, and purify the blood. For constipation, sick headache, biliousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself.

The Good Things Mother Used to Make Were Good... But modern skill in cooking has produced many different dishes of surpassing flavor. Same with old-fashioned corn flakes. They seemed good once, but modern appetites now find something far better in New Post Toasties. They are so different and superior to any old-style flakes that you will never know the acme of real corn goodness until you try New Post Toasties. They cost no more— Tomorrow's Breakfast Made in Canada—By Canadian Postum Cereal Co., Ltd., Windsor, Ont.

SUTTON NEWS HAPPENINGS

Loss in Fire at Mr. Hickey's Farm Was Heavy.

MR. ALONZO SMITH'S BARN STRUCK BY LIGHTNING AND DESTROYED. Sutton, Sept. 20.—(Special)—In the fire on Wednesday that destroyed Mr. Walter Hickey's barn, no horses were burned. Eleven cows were lost in the fire, two mowing machines, two seeders, 40 tons of hay, 30 cords dry wood, and all the farming tools. There was no insurance, and the loss is estimated from \$2,500 to as high as \$4,000. Mr. Hickey intends to erect a temporary structure to house his remaining stock, and will cut timber the coming winter for a new barn which he will erect next year.

ANOTHER BARN BURNED. Mr. Alonzo Smith's barn, struck by lightning on Friday, was burned with 40 tons of hay. He had an insurance of \$360. The fire occurred between 2 and 3 o'clock Friday a.m.

WEST BOLTON HAPPENINGS

The School Fair, open to all schools in the Municipality of West Bolton, will be held in the Brill schoolhouse Friday, September 22. The object of these fairs is to create an interest in agriculture and to stimulate a co-operative idea among boys and girls of rural sections. Prizes are offered in connection with poultry, grain and roots, also for flowers, weeds and insects and domestic science. Pupils, as has been already reported, have been provided with seed free of charge from Macdonald College, also settings of eggs. Under the rules the crops have to be grown on their own farms and a record kept as to dates of seeding and harvesting and yield of crop. An open invitation is extended to all to be present at the fair, and by so doing encourage the children in their interest in agriculture. A programme will be arranged for the afternoon. Exhibits should be in place by 10 a.m.

RALLY DAY PROGRAMME. The annual rally day programme is being rehearsed for next Sabbath, September 24, at 2 p.m. in the Brill Church. The following Sunday, October 1, Rev. Dr. Hart, of Montreal, will preach the missionary sermon.

NOTES. The annual thanksgiving supper will be held Thursday, October 5, in the dining hall of the church. Mr. Fred Honey is ill with tonsillitis and ulcerated throat. Dr. Blake is in attendance. Mr. E. Hume is also under the weather.

KNOWLTON ITEMS

Mr. W. A. Mackay and family returned to their city home Friday last and are making many improvements to their beautiful home. The introduction here on Saturday of one hundred young men from Montreal, in attendance on the Conference, livened up our streets and made one think that the summer had just begun instead of being in its final days. No matter who may have had doubts as to the success of the Knowlton Conference as an organization, such doubts must be dispelled by the success of this year. The ladies who have charge of the improvements on the grounds and buildings are doing their work well, and are receiving much encouragement.

The subscriptions to the Dominion War loan made by our citizens the last time the Finance Minister made an appeal to them were satisfactory and showed interest in the success of this important movement. We are glad to learn that this year continued interest is shown, and the subscription by one of our citizens of fifty thousand dollars made by George G. Foster, K.C., will put our village in the front rank. Those who have not subscribed should remember that this is the last week, and they have no time to lose, for we all realize that the loan must be made a success.

Mr. William Garfield and his wife, of Boston, returned on Sunday after a pleasant week spent among their old friends.

His many friends in the Townships will be glad to learn that Hon. Mr. Justice Lynch, who has been ill for some time, is reported better.

Mr. and Mrs. F. H. Weir and Mrs. W. H. Weir have returned to Montreal for the winter.

Mr. John Bailey and family returned to Montreal on Monday.

A large number of our citizens attended the Brome Fair on Thursday. Dr. Shaw and his three brothers spent Sunday in Knowlton.

Hon. Mr. Justice Hackett. Mr. John T. Hackett, Mr. F. W. Hackett and Dr. Hackett were here Saturday.

The Racking Pains of Sciatic Rheumatism

Were Well-nigh Unbearable—After Five Years of Suffering Cure Was Effected by Dr. Chase's Medicines

For downright excruciating pain few ailments can be compared to sciatic rheumatism. Since this condition of the sciatic nerve denotes exhaustion of the nervous system, the logical cure is found in the use of Dr. Chase's Nerve Food to nourish the starved nerves back to health and vigor. Reports are continually coming in to us regarding the splendid results obtained in the treatment of sciatic rheumatism by using Dr. Chase's Nerve Food after each meal and Dr. Chase's Kidney-Liver Pills occasionally as a means of arousing the action of the liver, kidneys and bowels and thereby keeping the system freed of pain causing poisonous impurities. Mr. W. J. Talbot, Edenfeld, Sask., writes: "It is a great pleasure for me to recommend Dr. Chase's Kidney-Liver Pills and Nerve Food as a cure for Sciatic Rheumatism. The pain I have suffered has been well-nigh unbearable. It would start in the hips and run down the legs to the toes, gradually getting worse. The nerves contract until one is practically helpless. My doctor tried many different treatments, but could only afford relief for a time. "For about five years I was subject to this trouble with severe attacks which would last about two months. The last attack I had was shortened to two weeks by the use of Dr. Chase's Kidney-Liver Pills and Nerve Food. This treatment was continued until I was satisfied that the cure was lasting." This statement is endorsed by Mr. H. E. Woolley, J.P., Dr. Chase's Nerve Food, 50 cents a box, six for \$2.50. Dr. Chase's Kidney-Liver Pills 25 cents a box. Gathering ROSE QUESNEL Native Canadian Tobacco About 30 days after the tops have been removed the tobacco plants show yellow spots on the leaves and the veins become brittle. The crop is then ready to be harvested and the planter is careful to secure it before any autumnal frost occur, for the plant is among the first to feel its injurious influence. Judgment is also required in cutting the plants, and this operation is assigned to the best and most judicious hands employed in the culture. Each person so employed being provided with a strong sharp knife, proceeds along the respective rows of plants, and selects only such plants as appear fully ripe, leaving the rest a short time longer. After being cut, a half dozen leaves are spiked on a stick set in the earth so that the leaves will wilt. This requires from 4 to 5 hours during favorable weather and then the crop is hauled to the drying barn. Particular care is exercised in handling the leaves not to damage or bruise them in any way. It is no wonder then, that tobacco produced by such scientific and improved methods of culture is of such fine texture and color, and possesses such invaluable smoking qualities that it is often taken for imported tobacco. It is this tobacco which enters into the making of ROSE QUESNEL Smoking Tobacco MILD AND NATURAL and which has contributed to make it the finest, smoothest, coolest and most satisfying tobacco on the market. If you have never tried smoking native tobacco, try Rose Quesnel and you will be surprised at its goodness. Try a package 5c At all dealers. The Rock City Tobacco Co. Limited

AN EFFORT TO AID RECRUITING SYSTEMATIC MEANS WILL BE EMPLOYED TO GET THE 130,000 MEN REQUIRED. Ottawa, Sept. 19.—Sir Thomas Tait, whose appointment as director-general of national service was announced formally today, has already been in conference with the Prime Minister and with Hon. F.B. McCurdy, parliamentary secretary of the Militia Department. He will begin at once the preliminary organization necessary for the administration of his new office. The new system will not go into full effect, however, until the appointment of the various divisional directors. These will be named some time this week. It is the intention of the Government to strengthen the bands of Sir Thomas Tait and his associates by amplifying the order-in-council under which their work is to be done. This will be done immediately. A vigorous and systematic effort will be made to raise the 130,000 men still needed to complete the half million maximum, but care is to be exercised against filling the ranks in the army at the expense of the industries and commerce of Canada. Sir Thomas Tait has already shown himself to be well qualified for his new office. Since the outbreak of the war he has had charge of the organization for the recruiting of English-speaking people in Quebec province. As nearly as can be estimated there had been 24,000 men enlisted for the English-speaking battalions of Quebec up to July 31, or 7 3/4 per cent of the English-speaking population. This is said to be in the same proportion as the Ontario enlistments, bear to the population of the province.

EXCURSION TO WEEDON FOR INSPECTION OF TWO MILES FALLS POWER. The mayor and aldermen of the city and a number of local manufacturers and interested citizens have accepted the invitation of Hon. Eugene Roberge, president of the Two Miles Falls Water Power Co. at Weedon, to visit the plant to-morrow (Thursday). Special cars will be attached to the 8 a.m. train and the return journey will be made at 7 p.m. The excursion is entirely free and lunch will be served on the train.

This investigation trip is preliminary to a proposition which the company wishes to make for the sale of the power plant to the city. Y.M.C.A. BOYS' CABINET. There is no better way to interest and help large groups of boys than securing their co-operation in the government of their own numbers.

This committee, under the guidance of the boys' secretary, will handle matters of interest in athletics, gymnastics and games. It will also settle disputes arising out of contests, etc., and in many other ways help in the government of the boys' department. One of its first attempts to "do things" will be to assist with the membership campaign to be inaugurated Monday next, September 25, when they will meet for supper with the larger committee.

LENNOXVILLE SCHOOL FAIR. The second annual School Fair, open to pupils attending schools in Ascot, Orford and Compton Townships, will be held in the Lennoxville Academy gymnasium on Saturday next. A generous prize list has been arranged in connection with competitions in poultry, grains, roots, fruit, flowers, weeds, insects, and domestic science.

It is hoped there will be a large attendance of parents and the general public to show their interest in and to stimulate the co-operative idea amongst the boys and girls in rural districts. All exhibits must be in place at 10 a.m. An interesting programme has been arranged for the afternoon. The admission is entirely free.

SHERBROOKE PLOUGHMEN'S ASSOCIATION. The Sherbrooke Ploughmen's Association, one of the oldest in the province, holds its 27th Annual Ploughing match on Wednesday, October 11th. siams will be shown, as at the time, especially, good ploughing should be encouraged as an essential part of improved agriculture. Full particulars will be published later.

PROTESTANT SCHOOL PLAY-GROUNDS' DIRECTOR. The Protest School Commissioners at their last meeting decided to hire the services of Mr. A. R. Fletcher for a portion of his time to instruct the school boys in games and athletics after school hours.

This is quite an innovation and a step in the right direction. For the present Mr. Fletcher's activities will be directed mainly in organizing the various boys' classes of the senior grades of the High School into teams, while the junior grades will be instructed in suitable games with a view to arousing an interest in all kinds of physical exercise that will help make a healthy mind in a healthy body.

The hours to be devoted to instruction will be between 3.30 and 5. afterwards, according to grade and class of exercise to be given.

SHERBROOKE WINTER POULTRY SHOW. At a well-attended meeting of the Sherbrooke Poultry Association held last night in the E.T.A.A. offices under the presidency of Mr. W. H. Griffith, it was decided to hold the annual show in January as usual.

The secretary was instructed to communicate with the military authorities immediately with the view to again procuring the 54th Army for the exhibition. Last year the City Council very kindly placed the Lansdowne Market at the disposal of the association, but owing to the installation of permanent bench fixtures it will be impossible to use the building for the next show.

The association has very generously granted the use of their coops for the Lennoxville School Fair on Saturday next. A large amount of routine business was transacted at last night's meeting, and another meeting will be held on Tuesday, October 3, when the various committees will be formed and plans formulated for the annual show. The exact dates will be announced later.

A TOOL DISPLAY. WHENEVER we display Tools in our show windows they seem to attract especial attention. It is a source of wonder to note the different people who pause and examine, with more than a cursory glance, a lot of tools, the uses of many of which they do not know. Fine workmanship appeals to the eye as does artistic elegance, though possibly to a lesser degree, and the man who admires a fine piece of jewelry, can also appreciate a well-made tool. But the man who uses it will appreciate it more, and he will come here for it because he is sure of the quality of any tool that comes from us. Our Warrant is back of our Tools. Our Prices are also satisfactory.

The Right Way to Heat a House

The Right Way to Heat a House is by HOT WATER. This is PROVED by years of EXPERIENCE, and except for steam in large buildings, hot water is cheapest, best, and practically the ONLY ABSOLUTELY SATISFACTORY method of house heating. Why? Because, water can be regulated to any temperature to suit any kind of weather, and water holds heat longest. The constant, unfluctuating radiation of heat from a King Hot Water Radiator prevents drafts and "cold zones." Blizzards don't affect Hot Water Heating. There is no cold, drafty, "North East" room in a house heated by a KING HOT WATER BOILER. Hot water reaches every room, and every room is heated alike. This is very important for sanitary reasons and assures freedom from colds and from most sicknesses that colds prepare the way for.

King Radiators

The moulding methods employed in making King Radiators make an imperfect section practically impossible. Instead of wooden patterns which expand and contract under various conditions of humidity and temperature, we use IRON PATTERNS. We submit every section and radiator to a water pressure of 100 lbs., and as the usual water pressure is only 10 lbs., you can rest assured that every King Radiator with our UNQUALIFIED GUARANTEE, made in every conceivable size and shape for any position. Clean, smooth, cast-iron and pleasing design. Architects and builders are familiar with our style. WRITE FOR OUR CATALOG AND BOOKLET, "COMFORTABLE HOMES."

CITY NEWS

Judge Mulvena is at Stanstead today, holding a term of court.

Mr. Albert L. Farwell, from Boston, who has spent the summer since his return from Japan and the East at Cape Cod and Nantasket beaches, is in town for a week, the guest of his brother, Dr. W. A. Farwell, at Lake Seawanhauk.

Mr. George Dick, pupil of Mr. A. E. Whitehead, has been appointed organist at Bishop's College. This young man, who is still in his teens, is an earnest and painstaking student, as he proved in passing the senior examinations in organ playing, with honors, in June. He fully deserved the confidence of Bishop's, and his many friends tender him their hearty congratulations.

BROTHER OF MR. E. L. STEWART PATTERSON, WOUNDED IN FRANCE

Mr. E. L. Stewart Patterson, superintendent of E. T. branches of the Canadian Bank of Commerce, has this morning received a message from Ottawa that his brother Captain C. B. Stewart Patterson, of the 19th Battalion, of St. Catharines, Ont., had been wounded on September 15th. No further details were given in the despatch.

HARVEST FESTIVAL AT LENNOXVILLE.

Sunday last was the annual harvest festival of the Lennoxville Methodist Church, when the day was fully celebrated by special services and sermon, and last evening the usual supper took place in the lecture room with more than usual success and enjoyment. The hall was tastefully decorated with colored autumn leaves and the four long tables, which were crowded, were very beautifully arranged, and were literally groaning beneath their load of good things. The menu was varied and abundant, comprising all the time-honored viands set apart for the thanksgiving season, and it goes without saying, was quite up to the usual standard of excellence in cooking and serving. After supper the guests adjourned to the auditorium, which was beautifully adorned with flowers, brilliant-hued vegetables and fruits of the season, the effect being very pretty. The Rev. J. B. Hicks presided and an address was delivered by the Rev. Mr. Wilkinson, of Coaticook, who dwelt with eloquence upon the grace and duty of thankfulness and upon the mercies vouchsafed to Canada even in this time of war and strife. In comparison with the devastated European countries, America was enjoying all the blessings of peace, and all should show their gratitude to the giver of all good, not only with their lips, but in their lives.

Two very harmonious anthems were rendered by the well-trained choir, and the evening closed pleasantly. The receipts, somewhere in the neighborhood of \$50, were very gratifying.

MILBY

Mr. and Mrs. F. J. Luce, accompanied by Mr. and Mrs. Allen Hyatt of Hyatt Mills, returned from a hunting trip to La Patrie recently.

Mr. and Mrs. F. G. Libby returned to Boston on Sunday after spending a few days with relatives here.

Mr. Walter Fenning, of Lynn, Mass., and his friend, Mr. Needham, of Portland, Me., have returned to their respective homes after visiting the former's father, Mr. H. Fenning, at Mr. J. Miles.

BROWNLEIGH PLACE

Miss Gladys Cassidy, of St. Paul, Minn., and Miss Harriet Cassidy, are the guests of their uncle and aunt, Mr. and Mrs. T. A. Cassidy.

Mrs. E. A. Johnston, of Pittsburgh, Pa., has returned to her home, accompanied by her mother, Mrs. Jas. Brown.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97½, payable as follows:—

- 10 per cent on application;
- 30 " " 16th October, 1916;
- 30 " " 15th November, 1916;
- 27½ " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as

to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

DEPARTMENT OF FINANCE, OTTAWA, September 12th, 1916.

Canadian War Loan

We are prepared to receive subscriptions to this loan, free of all expense to the investor, on the terms set forth in the Government Prospectus. A copy of the Government Prospectus will be gladly sent to any one asking for it.

We invite correspondence.

NEW POST OFFICE OPENED AT ANGUS

Mr. S. Cooper Now Installed as Postmaster in New Building.

AN ATTRACTIVE STRUCTURE—RED CROSS WORK AT ANGUS—NOTES

East Angus, Sept. 20.—(Special) —The new Post Office has been officially opened by assistant Post Office Inspectors, Messrs. Soles and Downing, of Sherbrooke, when the mail was transferred from the old Post Office to the new building.

The building stands in the square opposite the Quebec Central Station, and is built of brick and gray granite. The first floor is used entirely for Post Office. The second floor has several rooms fitted up for the caretaker, and one large office to be used later on for other Government purposes.

The lobby and vestibules have a floor of "mosaic" while the remainder of the floors are of hardwood. The baseboards are of marble, and the grille-work of quartered oak, and the woodwork of quartered oak, and the grille-work of brass.

There are 720 bevel plate glass front, lock boxes, of the most up-to-date pattern. Mr. Samuel Cooper has been appointed Post-Master, and is assisted by Miss Olive Conway and Miss Mildred Cooper. Prior to his appointment as Post-Master, Mr. Cooper was employed by the Brompton Pulp & Paper Company as foreman of their Lumber Department, which position he has held for the past ten years, having held a similar position with the Old Royal Paper Mills Company for the same length of time.

Mr. James Planché, the former Post-Master received his appointment just about ten years ago and would no doubt have remained in "His Majesty's Service" if it had not been for the erection of the new building, and it is hoped that the present Post-Master may be as fortunate as his predecessor.

The structure being located in the centre of the town can be viewed from all points, and when the sidewalks and grounds are completed, it will improve the appearance of that part of the town considerably, and will be admired by all as one of the most magnificent buildings in the Eastern Townships.

EAST ANGUS RED CROSS. The East Angus Branch of the Canadian Patriotic and Red Cross Association, shipped the following articles to the Sherbrooke branch of

SHEEP INDUSTRY.

The Dominion Department of Agriculture Live Stock Branch has a large tent erected on the grounds, in charge of Mr. J. K. King, Ottawa. The object is to encourage sheep raising and wool production, also instruct the farmer how to shear, care for and properly tie a fleece of wool for the market. First instruction is that the fleece must be kept clean or white side out when taken from the animal. A very simple device for shaping and tying the fleece is shown. This can be made by a farmer in a very few moments, and when used the wool comes out securely tied in a square parcel 12 x 12 inches. Another thing that the wool grower should always practice is the use of paper twine for tying purposes. This is absolutely necessary. During the past season through better methods of marketing, about 170,000 lbs. of wool have been sold throughout the province by demonstrators, netting the farmers 42 cents per lb. Anyone at all interested in sheep raising should visit Mr. King, who will cheerfully give information to all comers.

THE JUDGES.

TELEGRAPHIC GERMAN WASTE IN GUNS AND AMMUNITION

(Special, Canadian Associated Press) London, Sept. 20.--The text of the British official statement to-day is: "The general situation is unchanged. South of the Ancre, the enemy after preliminary bombardment made several determined counter-attacks during the night, which were repulsed. Two hostile gun emplacements have been destroyed by our artillery, and an ammunition store has been exploded. "A successful minor enterprise was carried out yesterday south of Arras, 200 yards of the enemy's trenches being cleared and casualties being inflicted. "Yesterday afternoon the enemy exploded a mine near Souchez. No damage was done, and we occupied a near lip. "A captured document, signed by General von Falkenhayn while chief of the German Staff, dated August 24, states: 'The wastage of guns in the last few months has been considerably in excess of production. The same is true of the ammunition in our reserves, of which there has been a serious diminution. It is the duty of all ranks, not only in the artillery, to endeavor to remedy this serious state of things.' "It is urged that every effort be made for preservation of material as indicated above, for otherwise making good the losses in the field will be rendered impossible."

BRITISH TAKE 200 YARDS GERMAN WORKS

(Special, Canadian Associated Press) London, Sept. 20--3.30 p.m.--British troops south of Arras yesterday captured 200 yards of German trenches, says the official statement issued today by British army headquarters.

BULGARS MAKE HASTY RETREAT

(Special, Canadian Associated Press) Athens, Sept. 19, via London, Sept. 20, 4.10 p.m.--The Bulgarians have hastily evacuated Viglitsa, towards the western end of the Macedonian front, falling back of Svoeda and are now preparing to make a stand at previously constructed entrenchments between the Cerna Ripier marshes and Mt. Daanon for the purpose of defending Monastir in the comparatively level plain south of the city. Greek military authorities assert that should these entrenchments be taken the evacuation of Monastir will be necessitated as the defence afterward would only be possible from the hills north of the city.

ROUMANIANS GAIN SUCCESS

(Special, Canadian Associated Press) Bucharest, Roumania, Sept. 20, via London, 2.30 p.m.--The official report issued today by the Roumanian war office announces that the Roumanians have gained success against the German and Hungarian troops in the province of Dubruvia. The fighting was in the region of Enigrea, 19 miles south of the Constana-Tzar-navoda railway. The battle in this region continues the statement adds.

GREECE DECIDES TO MAKE WAR?

(Special, Canadian Associated Press) London, Sept. 20--A Reuter despatch from Athens under date of September 19, says: "It is learned on good authority that this morning's conference of Premier Kalgopoulos and the foreign minister with King Constantine resulted in a decision in principle for a departure from neutrality with a view to displating the Entente's apparent distrust of the new cabinet."

SON OF SIR JOHN WILLISON KILLED IN ACTION

ALIEN LABOR ACT MAY BE SUSPENDED

ONE OF THE SUGGESTIONS IN REPORT NOW IN HANDS OF THE GOVERNMENT.

Ottawa, Sept. 20.—Important suggestions looking to an increase in available labor for munition industries are before the Government. Two weeks ago a conference took place between members of the Government and of the Imperial Munitions Board on the one side, and representative employers and labor men on the other, with a view to arriving at a definite understanding as to the exact situation existing and the means of bringing about an improvement. The manufacturers stated in the course of this conference that they were unable to secure the necessary help. Since this conference took place the matter has been inquired into fur-

ther by Hon. Robert Rogers and Hon. T. W. Crothers as a sub-committee of the Cabinet, and a report prepared by them is now in the hands of the Government. The labor question is so closely associated with the question of recruiting that the two are being considered together. The Government, in taking the necessary measures for placing the full half million men in the field, have before them at the same time the importance of conserving the labor necessary for the maintaining of the munitions and agricultural industries. The suggestions which have been made for consideration by the Government include three of outstanding importance. These are the suspension temporarily of the Alien Labor Act. The closing down of public works now under construction and the employment of women in the lighter classes of work in the production of munitions as well as in other

CLARENCEVILLE LADY ATTACKED

House Entered by Marauder During Night.

CALLS FOR HELP BROUGHT NEIGHBORS.—ASSAILANT MADE GOOD HIS ESCAPE.

Clarenceville, Sept. 20.—(Special)—Mrs. Hiram Bush, who resides about a quarter-mile south from this village, was the victim of an assault on Friday evening. Mrs. Bush, who lives alone, retired as usual, leaving the window of her room, which is on the ground floor, open and protected only by a cloth screen. In a moment she was startled by a man standing near her bed, who immediately grasped her by the throat. Mrs. Bush fortunately had sufficient energy to grasp her assailant's hair, and managed to push him away, screaming for help meanwhile. Her cries were heard by near neighbors, who ran to her assistance. The fiendish attacker, finding assistance coming, fled, and though efforts are being made, no arrest has been effected.

of the more important industries. It is not known whether the Government intends to act upon all these proposals, or indeed upon any of them, but all are under consideration and all may be adopted in some degree. For example, the utilization of female labor in munition plants is a very likely thing, and it is pointed out that the other proposals would, if adopted, release large numbers of men for either industrial or military work.

The whole question will be taken up upon the return of Hon. Robert Rogers from Winnipeg, and will be worked out on lines which will harmonize with the new system to be invoked for the stimulation of recruiting.

TRIBUTE TO SOLDIER HEROES

Touching Memorial Service is Held at Richmond.

PRIVATE TURNER AND PRIVATE GILCHRIST WHO HAVE GIVEN THEIR LIVES FOR THE CAUSE.

Richmond, September 20 (Special)—On Sunday evening the Methodist Church was packed to its utmost capacity and scores were turned away when a memorial service was held in honor of Privates W. H. Turner and Maurice H. Gilchrist.

Private Turner was killed early in the summer but news of his death did not reach his friends here until some time after. Private Gilchrist was killed in a recent engagement. In honor of the memory of these brave young men, the other Protestant Churches cancelled their services. The service was conducted by the Pastor, the Rev. J. Seiler, who spoke with much feeling, yet with a wonderful command of his emotions. He was assisted by the Revs. Messrs. Bedford, MacMillan and Craik. The Choir rendered appropriate music.

Mr. P. C. Duboyce read a brief sketch of the life of Private Turner, who for many years made his home with Mr. L. Lemoine, Upper Melbourne. He was a member of the Brotherhood Class of the Methodist Church and one of the first to enlist when the war broke out, crossing to England with the First Contingent. He was in the trenches about eighteen months before he was killed. His young life, cut off at the age of twenty-two, will ever be an inspiration and an example to the youth of our land. The Revs. Messrs. Seiler and Craik spoke in terms of the highest appreciation of Private Maurice H. Gilchrist who was known and beloved by all. Private Gilchrist was a boy, filled with a boy's open countenance and kindly nature. Of a very generous spirit, he thought of others always before himself and shared his gifts with his companions in arms who were less fortunate. He joined the 73rd Battalion, when it was recruited in Montreal, but only after being rejected on account of slight physical disabilities which he heroically remedied by an operation. In the army he shared the spirit of the

POSED AS A POLICEMAN

Self-Styled Member of City Force Sent to Jail For Nine Months.

SHERBROOKE TRADESMEN VICTIMIZED.—SCOTSTOWN MAN FINED FOR SELLING LIQUOR.

Theodore Leblanc was brought up before Judge Mulvena on a charge of obtaining goods by false pretences from E. A. Bernard, trader, of Sherbrooke. It transpired from the evidence that he had procured these goods by giving his name as Joseph Bloudeau, claiming that he lived on Windsor street, East Sherbrooke, and that he was in the employ of the Police Department, which representations were shown to be false. He was thereupon committed for trial, chose a speedy trial, and pleaded guilty to this charge.

The other charge was laid against the defendant by F. W. Mitchell, for having obtained from the firm of J. S. Mitchell & Co. a policeman's nickel badge, on credit, representing that he was a member of the city police force and was doing duty in the South Ward. Defendant was committed for trial also on this charge, asked for a speedy trial, and pleaded not guilty.

The trial was held, and accused was convicted. On the first charge he was sentenced to nine months at hard labor in the common jail, and sentence was reserved on the second conviction.

Two other similar complaints were brought against defendant, but the Court did not consider that the false representations came within the meaning of the Article of the Code, and the cases were not proceeded with.

FINED FOR ASSAULT.

Alfred Fortier, of St. Francois Xavier de Brompton, vs. Louis Beaurivage, on a charge of assault and battery on the Sherbrooke Market last Saturday.—Defendant was fined \$5 and costs or fifteen days in jail.

COMMITTED FOR TRIAL ON ASSAULT CHARGE.

Daniel J. Lavolette, commercial traveller, laid a charge against Geo. A. Ails for having assaulted and beaten him on Depot street on the night of September 11, causing actual bodily harm. The preliminary hearing was held and evidence was heard on both sides. That of complainant and defendant, as to the actual assault, was absolutely contradictory, and under the circumstances the Court bound the accused over to take a trial before a jury.

ILLEGAL SALE OF LIQUOR.

Morkill & Bissonnet vs. Medore Godin, of Scottstown, for selling liquor without a license.—This case had been taken on sabbath until yesterday to give defendant an opportunity of quoting decisions in support of his pretensions that a man who sold liquor without deriving any pecuniary benefit from the sale was not liable. No decisions were quoted, and the Court condemned the accused to a fine of \$50 and costs or three months in jail, holding in substance that it had been proved that accused had procured liquor from a man whom he claimed he did not know, for a number of people whom he did know, and took money from them, claiming he did it out of pure friendship to the parties for whom he got the liquor. The Court held this to be no justification for his act, that he had knowingly violated the law, and that without his agency the parties would not have obtained the liquor.

LIQUOR CASE DISMISSED.

Morkill & Bissonnet vs. Moses Maillette, of Diabul, for selling liquor without a license.—A large number of witnesses were examined for the prosecution, and at the conclusion the Court discharged the accused, holding that no proof had been made.

man with the dash and vim of youth. He played the game in the firing line as he played the game in the St. Francis Hockey and Baseball teams, fearless, brave and clean. "He died" writes Major Gerald Hicks to his parents "with a smile on his face." The recruiting squad of the 171st Battalion acted as a guard of honour under Capts. Stalker and Brady. While the congregation was assembled the pipers played that immortal lament "Lochaber No More." Few eyes were dry as the united worshippers and friends dispersed with one thought in their minds and one prayer in their hearts, may this be the last memorial service to our Richmond Boys.

NOTES FROM RICHMOND.

Mr. Norman Nicholson left on Monday morning to accept a position with the Government of the Province. Rally Day Service of the Sunday School will be held next Sunday morning in the Methodist and Presbyterian Churches. The Anniversary Service in the Presbyterian Church will be held on Sunday the 1st of October. The Rev. W. B. Cruikshank, Montreal, has been secured as the preacher. On Monday evening following the Anniversary Supper will be served in the Sunday School Room by the Ladies' Aid of the Church.

The Presbyterian Workers of Chalmers' Church are meeting this afternoon with Miss Ethel Crombie. Private Colin Campbell, 171st Battalion spent Sunday with his parents. Mr. and Mrs. Charles Campbell. George Carriere, the young son of our popular Butcher, Mr. L. H. Carriere, left on Monday morning to join the 171st Battalion as Bugler. The Patriotism and spirit of this boy for he is not yet fifteen years old, should be a rebuke to able-bodied men whose place is at the front and not at our street corners. The Rev. and Mrs. D. N. Coburn, Ormstown, paid a visit to friends here last week. Congratulations to Mr. and Mrs. John Stalker. It is a boy.

SERIOUS FIRE AT DANVILLE

Chair and Specialty Co.'s Plant Damaged to Extent of \$5,000.

MR. ELLIOTT'S SUCCESS AT THE FAIRS—BISHOP OF QUEBEC TO VISIT DANVILLE IN OCTOBER

Danville, Sept. 20.—(Special) — A very serious fire broke out at the mill of the Danville Chair and Specialty Co., about half-past nine o'clock Monday night. The alarm was given by the night watchman, and assistance having arrived it was found that the fire had started in the basement and was climbing rapidly up through partitions to the room above, where owing to the inflammable nature of the contents it spread to the roof which was almost instantly on fire. After about an hour's hard work the firemen succeeded in putting it out. Considerable damage was done to the building, the belting was destroyed and the machinery injured to some extent by both fire and water. A quantity of stock comprising chairs, in the process of manufacture, and dry lumber were destroyed. At one time despite the untiring efforts of the firemen it looked as though the whole building was doomed. The firemen worked well, and deserve credit for the manner in which they fought the flames. The loss, which is said to be in the vicinity of \$4,000 or \$5,000, is fully covered by insurance. The fire was an unfortunate circumstance for the company as they are very busy with large order for chairs, etc.

NEWS NOTES

Miss Cassidy, of Minneapolis, was the guest of her aunt, Mrs. Cameron, on the first of the week. Miss Cassidy, who is a vocalist of note in the United States, sang very acceptably in St. Augustine's Church Sunday morning. Her selection was "Come Unto Me," from the oratorio Elijah.

The many friends of Mr. N. H. Smith will be sorry to learn that he is confined to the house with an attack of typhoid fever. Mr. Gimble, previous to taking his bed had not been feeling very well for several days. Medical aid was called in when the sickness was pronounced typhoid. However, Mr. Smith is doing as well as possible, and a speedy recovery is hoped for.

PROHIBITION IN SHERBROOKE CO

Delegation Asked County Council to Enact By-law.

COUNCIL DOUBTS IF IT HAS POWER AND REFERS MATTER TO ITS ATTORNEYS.

The Sherbrooke County Council at its regular meeting was waited on by a delegation from the Sherbrooke County W.C.T.U., who asked that a by-law be passed by the Council, providing for prohibition in the County of Sherbrooke. The members of the union were accompanied and supported by the Rev. J.B. Hicks, pastor of Lennoxville Methodist Church, and Rev. Wm. Adams, also of Lennoxville, with others interested in the question of prohibition. After hearing the arguments and the facts presented it was decided by the Council to refer the matter to the attorneys for the County, Messrs. Fraser and Rugg, to ascertain if such authority was vested in the body, and if so, to decide to the request and draft the by-law. The delegation then withdrew, after thanking the members of the Council for their courtesy.

OTHER COUNTY MATTERS

A long discussion then ensued, upon the question of the rebuilding of the Cleveland Mills bridge, but no conclusion was arrived at and the matter was laid over till the next meeting.

BUDGET OF NEWS FROM MAGOG

A meeting of the Patriotic Workers was held in the work room last Wednesday evening to arrange for an entertainment to be given at the Church Hall on Pine street on Wednesday evening, Sept. 20, for the benefit of the Society. The 1917 GRANT SIX

Now Ready for Your Inspection

\$1175
f.o.b. factory

THE Grant Six is a car of obvious values. Its extra values are as clear and definite as daylight. To prove this to yourself you have only to drive a Grant Six alongside any car of similar price—and compare. That's all.

- Compare Bodies. The Grant body is up to the minute in style. It is unusually roomy, exceptionally comfortable and beautiful in lines and in finish.
- Compare Motors. The Grant Six Overhead Valve motor is one of the most powerful, flexible motors of its size ever built. It is dependable, reliable and economical.
- Compare Axles. The Grant Six has a standard type "I" beam front axle with big, strong steering connections. The rear axle is full floating—NOT full floating "type" but honestly full-floating, with 12-inch brakes equalized.
- Compare Springs. Rear springs are cantilever, pivoted at the center and shackled at both ends—front springs are semi-elliptic and both are extra long. There never was an easier riding suspension known and Grant springs "stand-up" in service.
- Compare Equipment. The Wagner Two-Unit Starting and Lighting System—Remy Ignition—Stromberg Carburetor, Stewart Vacuum Feed with 12-allon tank in rear—features of the Grant Six. And you will find double-bulb headlights, aluminum covered running boards, full size crowned fenders, Firestone Demountable rims—simple, neat instrument board, wide doors—and every feature that you want in a high grade Six.

Come and see the 1917 Grant Six—and come now. Get your order in early. Even on the basis of 20,000 cars, with such value as this, it is important for you to get your order in now.
