Rule By Decree For France

De Gaulle Gets Free Hand

PARIS — (AP) — Within hours of his election as premier of France, Gen. de Gaulle today won a National Assembly committee's recommendation that he be given full powers to rule by decree.

The Assembly voted the tall, grim-faced wartime leader into office by a vote of 329 to 224 Sunday night after he insisted that he be given a free hand to run France for the next six months.

The general made his sweeping demands in a cold, calm six-minute speech to the hushed chamber. He needed the powers, he said, to avert a "breakup and perhaps civil war" in France.

De Gaulle said he was demanding three major things of the Assembly:

1. Emergency powers to rule by decree for six months to clear up the current crisis. Parliament would take a vacation in the interim.

2. Authority to revise the constitution to give a stronger executive rather than the parade of weak regimes which have been at the mercy of the Assembly.

3. Constitutional reform to reorganize relations between France and her overseas territories.

HOLD REFERENDUM

Both constitutional reforms would be submitted directly to the people for approval, rather than to the Assembly first. De Gaulle did not spell out in detail the constitutional changes, he plans, saying this would be done in a bill to be submitted soon.

The Assembly committee approved, 27 to 17, the request for six months of full power after an all-night session during which vice-premier Guy Mollet and Pierre Pflimlin pleaded that the general be given a chance to push ahead with plans to revitalize France.

The committee vote followed bitter debate in the Assembly and Communist rioting against de Gaulle in the streets of the capital.

The group voted not to take up until later today de Gaulle's request for authority to amend the constitution. By that time the Assembly would have launched debate on the full-powers bill.

EXTEND SPECIAL POWERS

Another committee voted to extend special powers measures which de Gaulle's predecessors have had for dealing with the Algerian rebellion.

Thus the general passed his first political hurdles. Observers noted, however, that he did so only with a push from four politicians representing wide shades of non-Communist political opinion.

All four have been chosen by de Gaulle as deputy premiers. Besides Socialist Mollet and Popular Republican (Catholic) Pflimlin, De Gaulle's demands were pressed by Conservative Louis Jacquinot and Felix Houphouët-Boigny of the rally of African people.

NO HONEYMOON

The bitter debate earlier in the Assembly and in the committee made plain that de Gaulle will have no honeymoon with the opposition. This was pointed up by the fact that he got only 329 votes to install him instead of the 400 non-Communist ballots for which he had hoped.

Sporadic outbreaks of leftisted violence also were seen as an omen of trouble ahead, but calm prevailed throughout France this morning.

In Algeria, where right-wing French colonists and army officers seized power May 13 and touched off the crisis, a wary calm prevailed.

JUNTA DISTURBED

Members of the ruling junta who had been shouting "De Gaulle to power" quickly proclaimed the general's installation as a victory for their forces. Privately, however, they were disturbed by his inclusion of such men as Pflimlin and Mollet in his cabinet.

Still more they resented the snubbing of such men as veteran Gaullist Jacques Soustelle, an Assembly deputy who had rushed to Algiers to take a leading part in the uprising there. He was not

CAIRO (AP) — Archbishop Makarios, head of the Greek Orthodox Church on Cyprus, arrived Sunday for a week's visit. He is expected to meet President Nasser today.

Reply To Dief

Canada Wrong — Khrush

LONDON (AP) — Tass News Agency has made public here a letter from Premier Khrushchev reproaching Canada's Prime Minister Diefenbaker for not getting the United States and Britain to halt nuclear weapons tests.

The letter was dated Friday, May 30.

The letter answered a Diefenbaker note earlier in the month. In that letter, the Canadian prime minister said the Soviet announcement of unilateral suspension of nuclear weapons tests was not a substitute for international agreement on the question.

Khrushchev wrote that Diefenbaker's letter showed "the distrust of the Soviet Union which is constantly cultivated in the North Atlantic Pact organization."

He termed "highly artificial argumentation" Diefenbaker's charge that Soviet veto of an Arctic plane patrol system weakened the Soviet stand on nuclear tests. He attacked U.S. plane flights in that region and asked Diefenbaker how he would like Soviet planes flying toward Canada's borders.

But the Soviet premier insisted that he was not questioning Diefenbaker's sincerity, only his logic. He said he was disappointed that Canada has done nothing to persuade the U.S. and Britain to stop their tests.

Cardinal Better

ZAGREB, Yugoslavia (Reuters) — Aloysius Cardinal Stepinac, titular head of the Roman Catholic Church in Yugoslavia, earlier reported critically ill Sunday was said to be "out of danger." The cardinal is suffering from a rare blood disease aggravated by acute thrombosis and pneumonia. He is confined by the Communist government to his native village.

Red Ships Sunk

TAIPEI, Formosa (AP) — The Chinese Nationalist navy claimed Sunday it sank two Communist gunboats and one motorized junk in a 12-minute naval action.

We Were Friends Once Germany's Heuss Tells MPs

OTTAWA (CP) — Theodor Heuss, scholarly 74-year-old president of West Germany, told the joint houses of Parliament in an address delivered in the House of Commons, that Canada and Germany enjoyed peaceful relations until the arrival of the 20th century.

Speaking in German, the words of the tall, white-haired president were translated by Heinz Weber, Dr. Heuss's personal interpreter. Dr. Heuss, who arrived in Canada last Wednesday for a week-long visit to Canada, reached Ottawa Sunday for a three-day official stay in the capital as guest of Governor-General Massey.

As informally as it is possible for a chief of state, he travelled in Quebec and Ontario before proceeding to Ottawa for the official part of his visit.

BROUGHT TRAGEDY

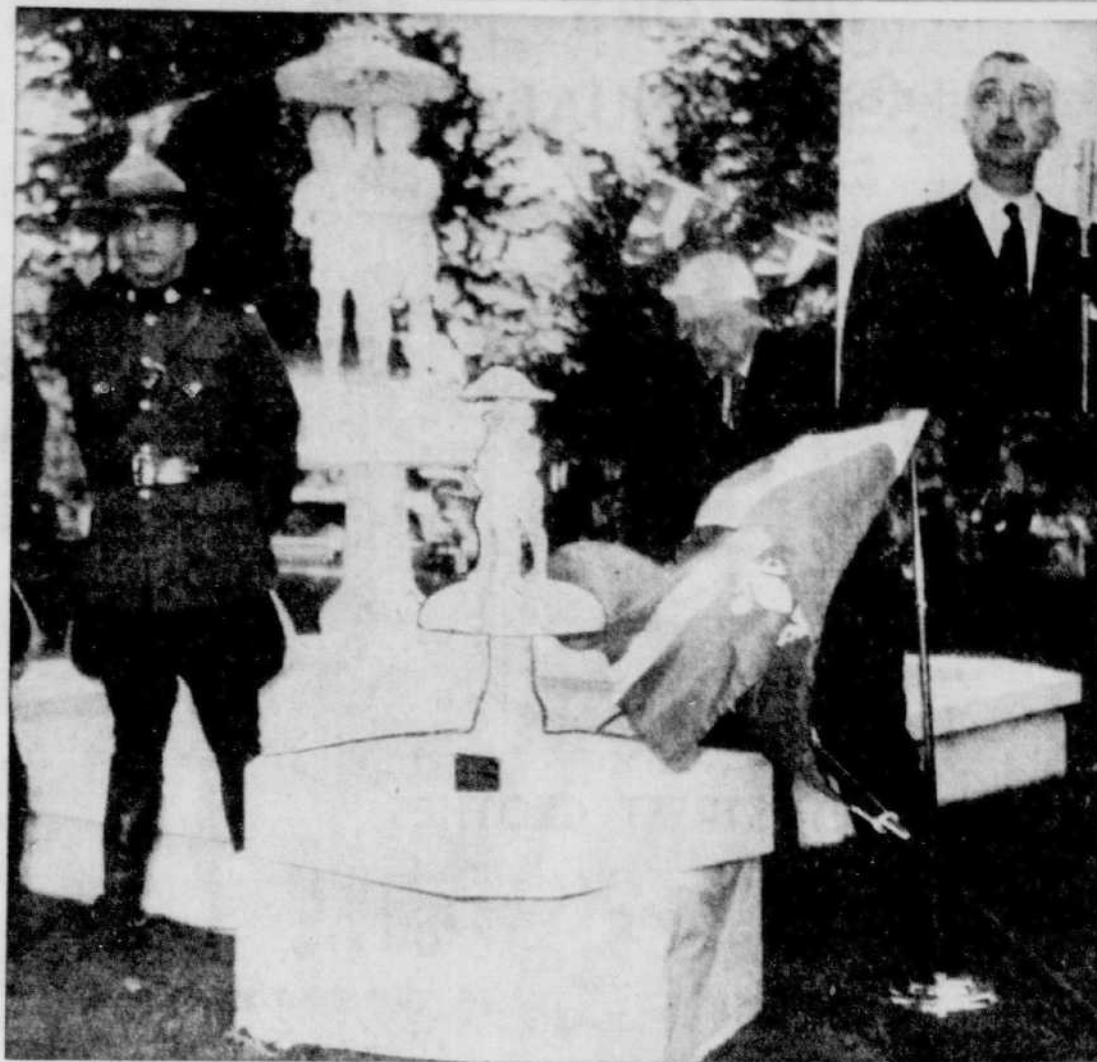

"Throughout the centuries preceding our own, which has brought such tragedy to the peoples of the world, relations between Germany, whatever her form of government, and Canada were of a peaceful nature," he said today.

"Then followed the two world wars, the first brought about by political misunderstanding and ineptitude, the second by evil and arrogant worship of power."

"We cannot ignore these historical events which claimed so many victims and caused so much bloodshed. I still remember the war memorial honoring the Canadian soldiers who fell in Northern France in 1917 and 1918."

MUTUAL RESPECT

"Out of these many battles there emerged mutual respect for soldierly gallantry, and then the

Major Policy Conference

Relations With France, Nuclear Tests On Agenda For Ike And Dulles

WASHINGTON (AP) — President Eisenhower and State Secretary Dulles scheduled a major foreign policy conference today to discuss relations with the de Gaulle government in France and map a new reply to Russia on nuclear test talks.

A White House statement calling for "intimate and friendly relations" with France under its new premiership set the tone of the policy which the United States administration hopes to develop.

But officials said privately that everything depends now on how

far de Gaulle is willing to go in Allied co-operation.

RECEIVED SATURDAY

On the nuclear test issue the president received a letter from Premier Khrushchev Saturday agreeing to open talks among scientific experts of the U. S., Russia and other countries later this month.

Khrushchev raised several points, concerning place and membership, which required a presidential response.

The immediate issue on nuclear tests is how to organize a proposed conference of scientific experts. Their task will be to try to work out means agreeable to both Russia and the Western powers for detecting any violations once an agreement to halt testing is ratified.

There is no such agreement now, although Russia announced earlier this year that it was stopping tests and Eisenhower and Macmillan have been considering a moratorium.

US Death Toll Record Expected

CHICAGO (AP) — Traffic deaths in the long American Memorial Day weekend surpassed the pre-holiday estimate of 350.

Late reports of deaths on the highways were expected to boost the total past the record high toll of 369 reported in a three-day Memorial Day weekend in 1955.

Lebanon Wants Showdown

Arab League Irked By Nasser

BENGAZI, Libya (AP) — Six harassed Arab countries are considering Lebanon's complaint against the United Arab Republic as a possible weapon to force President Nasser to tone down the UAR propaganda campaign throughout the Arab world.

But not all of them are sure they want to take on Nasser.

This arose as Lebanon went before the Arab League Sunday to present her charges that the UAR has been stirring up anti-government riots that have killed nearly 300 persons in the small eastern Mediterranean country.

"Lebanon happens to be the most recent victim but we all

know our turn may come," one delegate told a reporter. "We may as well lay down the law to the Egyptians now and demand they call off this kind of thing."

ASK POSTPONEMENT

Lebanon could force some kind of showdown by insisting on an open debate in the United Nations Security Council. Lebanese delegate Beshir Awar told the league council for a second postponement of debate on the complaint, scheduled for Tuesday.

Awar added that if the league comes up with a solution Lebanon may drop its complaint in the UN against the UAR.

that both sides send scientific experts to Geneva in three weeks to work out the detection system. He proposed including British, French and probably other scientists along with three American physicists.

Khrushchev replied Saturday that he was agreeable to the proposed starting time. According to official informants, he also raised the question of including Polish and Czech scientists and possibly having men also from neutral countries such as India. He called for a final report in about a month—rather than two months—from the opening date of the technical sessions.

U.S. officials said the Khrushchev proposition seemed to raise no difficult barriers to getting the talks under way in middle or late June.

Two railroad men were killed and one was injured seriously in the violent blast. More than a score of persons were hurt by flying glass and debris.

Damage was estimated by town officials at \$1,000,000. Officials said a survey indicated two-thirds of the town's some 400 homes were damaged and not immediately habitable.

It Was Strictly Legal But Not Possible Here

By THE CANADIAN PRESS

No strict parallel exists between French and Canadian parliamentary practice to illustrate, in Canadian terms, the procedure that enabled Gen. Charles de Gaulle to become premier of France during the weekend.

With no seat in the French National Assembly, De Gaulle has been vested by that body as prime minister, been given far wider powers than any man who has ever held that office, and unprecedented authority to devise changes in the constitution.

In Canada the man leading the party with the greatest number of members elected to the Commons is invited to form the government. If he does not hold a Commons seat he may still hold office until he wins a seat. But until so elected he may not sit in the Commons.

CAN INVITE ANYBODY

In France the president may invite any citizen he thinks capable of forming a government that will command Assembly support to do so. Such a person need not be a member of the assembly.

But, having outlined his program and proposed cabinet to the Assembly, he must be voted approval before assuming power.

Authorities in Ottawa say that Gen. de Gaulle complied with all constitutional requirements. The steps that carried him to power were meticulously proper.

Stalemate In Belgian Vote

BRUSSELS (Reuters) — Belgium was faced with a political stalemate today as semi-official results from Sunday's general election failed to give either major political group a majority in Parliament.

A loss of six seats left the outgoing Socialist-Liberal coalition with 165 seats in the 212-seat Lower House. The right-wing Social Christian (Catholic) party won 104 seats, the Communists two and the Flemish People's party one.

In the senate, the Liberal-Socialist coalition lost its absolute majority over the 106 seats filled directly by Sunday's balloting.

Youngster Finds Warm Welcome From Local Police

A 12-year-old boy who spent most of yesterday riding in a bus from Toronto to Sherbrooke, arrived about midnight last night, only to find that a relative from Bury who was to meet him at the terminal hadn't showed up.

The youngster who had only ten cents left in his name, waited for more than an hour before explaining the situation to a policeman. The lawman took him to the police station and he was found a warm bed at the social welfare court building.

STROMBOLI, Italy (Reuters)—Stromboli Volcano, in the Tyrrhenian Sea north of Sicily, began erupting Sunday. Molten lava was hurled into the air in a series of earth-shaking explosions. The lava streamed down one side of the island volcano into the sea where it sent up dense clouds of smoke.

Swedish Socialists Squeeze Back In

STOCKHOLM (Reuters)—Sweden's ruling Social Democrat party has squeezed through to a general election victory — with the Communists holding the balance of power.

The election Sunday, dubbed "the old age poll," was precipitated by the Social Democrats after their plan to supplement old-age pensions was rejected by the lower house of parliament April 25.

Girl Survives Grass Diet

RAINY RIVER, Ont. (CP) — A shy, 11-year-old girl, who lived on grass and weeds during the week she was lost in dense bush near her home, sat up in her hospital bed Sunday and tucked in good-sized meals.

Saturday, Carol Johnson's first request after she was found asleep beside a fallen tree, was for ice cream. Apart from that, she was fed only soup during her first day back in civilization.

Carol was found five miles from her farm home at Bergland, 18 miles north of this North-western Ontario town on the international border.

Two-Week Search Ends In Tragedy

JOLLIETTE, Que. (CP) — The body of frail Andrew Brown, 11, who disappeared in the Laurentian wilderness near here two weeks ago was pulled Sunday from the turbulent Assomption River six miles from St. Come, Que.

A group of searchers led by Gerard Lemarche, 55, spotted the body floating in the river. St. Come is 15 miles north of here and 65 miles north of Montreal.

The remains were found about a quarter of a mile from where Andrew was last seen when he disappeared May 19 while on his first fishing trip with his father, two brothers and two friends.

P.Q. Educational Conditions Differ

L'ASSOMPTION, Que. (CP)—Premier Duplessis said Sunday night conditions in Quebec's educational system are different from those in other provinces, "and we want to keep them that way."

Quebec province is the only place in North America where students received religious teaching in school, he told a dinner of the Old Boy's Association of L'Assomption College in this town 20 miles north of Montreal.

He announced a \$350,000 provincial grant to help the Roman Catholic classical college's expansion program.

# Show Business

By BOB THOMAS  
**HOLLYWOOD (AP)** — Young James MacArthur, who quit college because he was "vegetating" is getting plenty of action in his dramatic career.

He's not sure his mother, Helen Hayes, approved. But he quit Harvard, anyway.

"I went back last fall," said Jim, who was entering quit sophomore year. "But I just couldn't get engrossed with what I was doing. I was just vegetating."

### DROPPED OUT

"I dropped out after two months because I thought it was foolish to continue when I wasn't getting much out of it. I've known too many guys who have done that for four years."

"I haven't given up college entirely. I may go back some day."

It doesn't look too likely. For one thing, he got himself engaged to his school sweetheart, Joyce Bulfinch.

Then there is the matter of his

career, which is doing nicely. He is here to do a television drama with Franchot Tone and Kim Hunter tonight.

In July he reports to Switzerland to star in Walt Disney's Third Man on the Mountain. Then in the fall he has a Broadway play he would like to do.

That doesn't sound as if he'll be returning to the ivied halls.

"Some of the most educated people have never been to college," Jim reasoned. He added that his mother never went past high school although she holds 11 degrees (honorary).

One of the reasons he may have left Harvard was that the university has no undergraduate drama courses—not that Jim is the kind of young actor who feels he must constantly be studying to improve his craft.

But he seems able to criticize his own work unassisted. About his second film, Light in the Forest, he commented:

"I wasn't very good in it."

## Popular Melbourne Couple Honored By Family On Silver Wedding Day

MELBOURNE — About 65 relatives, friends and neighbors gathered at the home of Mr. and Mrs. G. P. R. Fortier on Sunday evening, May 25th, at a party arranged by their daughter, Miss Estelle Fortier to celebrate their silver wedding anniversary.

On returning home with relatives after being their guests for tea, Mr. and Mrs. Fortier were taken completely by surprise to find such a large number of friends waiting their arrival. The guests of honor were greeted at the door and a corsage of red roses was presented to the bride of 25 years, and one of pink roses to her bridesmaid, Mrs. H. Winget. Mr. Fortier and Mr. George Smithers, the best man, each received a boutonniere.

To the strains of the wedding march, played by Mrs. O. A. Fowler, who did the honors so many years ago the bridal couple entered the room, as Rev. J. A. Smith officiated at the renewing of the marriage vows. Congratulations and best wishes for good health and happiness were then extended by their children and the other guests.

The rooms were very attractively decorated with apple blossoms, narcissi and spring flowers. The lace-covered table, with white streamers suspended from the ceiling to the four corners, was centered by the three-tier wedding cake, flanked on either side by white flowers and white tapers in silver holders.

After being seated at the table of honor, their son, John, read an address and presented his father and mother on behalf of the family and guests with a floor lamp, a table lamp and a purse of money. Mrs. Beatrice Rodgers, on behalf of the Spooner Pond W. I. presented them with a silver bread tray. Mr. Fortier replied, thanking each one for their kindness.

Several musical selections, including solos, duets and group singing were enjoyed. Mrs. G. O. Malboeuf presiding at the piano. A mock wedding followed after which refreshments, provided by the ladies of the church and a number of other friends, were served. Mrs. J. A. Smith

MELBORO — A pleasant evening was spent in the United Church Hall recently, when Mrs. G. Stainthorpe, Mrs. R. Woods, Mrs. D. Wilkins and Mrs. E. Wilkins were hostesses at a miscellaneous shower in honor of Miss Phyllis Smith, a bride-to-be of the month. There were upwards of 60 guests present.

The hall was decorated with blue and yellow streamers and white wedding bells. Streamers flowed from the ceiling to the four corners of the table on which the attractively wrapped parcels were placed.

The guest of honor was escorted to a decorated chair to the strains of the Wedding March played by Mrs. John Wilkins. Mrs. R. Woods pinned a corsage on her gown and presented her with the gifts. She was assisted in unwrapping the gifts by her mother, Mrs. Albert Smith, her sister, Miss Sylvia Smith, her grandmother, Mrs. Henry Fowler, and the prospective groom's mother, Mrs. Gordon Crack, and sister, Miss Gertrude Crack.

Miss Smith thanked the assembled guests for their gifts and good wishes and those responsible for arranging the pleasant event in her honor.

Among those present were guests from Sherbrooke, Windsor Mills, Richmond, Melbourne, Kingsbury and the surrounding district.

Mr. and Mrs. Charles Hart, of Montreal, were recent weekend guests of the latter's parents, Mr. and Mrs. Clifford Taber.

The date for the annual Strawberry Supper was set for Saturday, July 5th.

## New Liberal Chieftain Unlikely To Seek Early Entry Into Legislature

By CUTHBERT JONES

QUEBEC — (SPECIAL) — Hon. Jean Lesage, former Minister of Northern Affairs in the last Liberal Government, who was named overwhelmingly as leader of the Quebec Liberal party at the closing of a two-day provincial convention here Saturday night, has indicated that he has no intention of seeking to enter the Quebec Legislative Assembly in the immediate future.

Rather, in his speech of acceptance which wound up the gathering he declared that he would leave the house leadership in the hands of Georges-Emile Lapalme, party chief for the past eight years, whose resignation led to the calling of the convention.

On the first and only ballot, Mr. Lesage received 630 votes, the ballots for the other contenders for the leadership being: Paul Gerin-Lajoie, Montreal lawyer, 145; Rene Hamel, MPP for Shawinigan, 97, and Dr. Aime Fauteux, Montreal dentist, one.

In accepting the election, Mr. Lesage said that the first problem facing the Liberal party was to work for the defeat of the Union Nationale regime.

He outlined the other salient points as: All civic and social action groups should interest themselves in politics and as the Liberal party alone held a chance of overthrowing the present regime, these groups should ally themselves with the Liberal cause.

The policies of the next Liberal Government will be centred upon education which is the basis of community life and to the improvement of conditions in the province.

**APPEAL TO LAPALME**  
While he was busy in reorganizing the party, Mr. Lapalme would be asked to carry on the House leadership, Mr. Lesage said. The new leader paid tribute to his predecessor for the work he had carried on for the past eight years.

In an interview later, the new leader said that he would resign his federal seat of Montmagny-L'Islet but evaded a direct answer on the question as to whether or not he will make an early attempt to gain a seat in the provincial house.

A by-election has been called for July 2 in the riding of Matane but it is doubtful that Mr. Lesage will enter the race.

"I have no intention of falling into Premier Duplessis' bear trap," he said at a recent press conference when questioned on the subject.

There is some speculation that a Liberal member of the Legislature may give up his seat to Mr. Lesage. But he might not try for a seat until the next general election expected in 1960.

The election of Mr. Lesage appeared a certainty from the moment the 800-odd voting delegates gathered at the Exhibition Coliseum on Saturday afternoon. In fact, it had been generally accepted Friday night that the former federal minister would take the leadership if more than one ballot were required.

His strongest opponents believed that he would probably head the poll on the first ballot but that he would lack the required absolute majority. On the second round, they feared that a number of their supporters would switch their allegiance to Mr. Lesage.

That gave rise to a "Stop Lesage" movement Friday night. Supporters of Mr. Gerin-Lajoie and Mr. Hamel were reported in a huddle about midnight in an effort to concentrate their support behind one candidate, either by nominating only one against Mr. Lesage or by making a pact on the switch of support should a second ballot be necessary.

At no times were supporters of Dr. Fauteux called into the conferences for the simple reason

HON. JEAN LESAGE

that none of them could be found as indicated by the vote.

In fact, Dr. Fauteux himself, in addressing the delegates Saturday afternoon, admitted that he had no hopes of winning the nomination, but said that he was just along for the ride, seeking to create more interest in the convention. This, he believed, would improve the morale of the Liberal party and thus advance the day when the Union Nationale would be defeated.

**ENTHUSIASM HIGH**  
Whether the entry of the Montreal dentist into the race had anything to do with bringing convention enthusiasm to a fever heat may be problematical, but the fact remains that optimism and determination reigned supreme.

All three major contenders for the leadership had committed working day and night to gather in every possible delegate. The climax came early Saturday afternoon when the three groups held simultaneous demonstrations outside the convention hall.

Rene Hamel's supporters, wearing red bandanas on their heads, found support from a number of sound trucks equipped with loudspeakers. Mr. Lesage arrived with a motorcade headed by a band.

Champions of Paul Gerin-Lajoie were content to use their own voices.

Once inside the convention hall it became apparent that the great majority of five thousand or more spectators were backing the federal minister, signifying their beliefs with large placards proclaiming that Mr. Lesage alone had the ability to unite the opposition forces and sweep out the hated Union Nationale regime.

The Gerin-Lajoie troops, rather less numerous, had an almost endless chant, dealing with the various political and economic problems of the day, each quatrain inviting the delegates to "Votez Pour Gerin-Lajoie."

The Rene Hamel contingent seemed to vent most of their dislike on Mr. Lesage as an interloper in the provincial field, while hailing his virtues at Ottawa, their stand being bound up in a single sentence:

"Lesage a Ottawa! Hamel a Quebec!"  
Supposed to mean something or other, many of the Gerin-Lajoie masculine supporters had allowed themselves to grow beards, more or less successfully, which they topped with brilliant red top hats.

Other candidates had their own method of presenting their case to the delegates, issuing red roses, red neckties and of course the ribbons proclaiming support for one candidate or another.

Of course there were those who were really enthusiastic, if completely neutral, who were

willing to carry the souvenirs of all candidates along with the official convention ribbon and a few tags of a drive being staged by a local charity.

**FORMER P.M. GREETED**  
One of the surprise guests at Saturday afternoon's session was Rt. Hon. Louis St. Laurent, who was cheered wildly as he rose to draw the names of the four candidates from the hat in order to determine their places in the speaking which preceded the vote.

Starting off was Mr. Lesage, who declared that the "systematic organization of immorality and corruption was perhaps the only contribution" of Quebec's Union Nationale regime to Canadian politics. The Duplessis cabinet had done nothing worthwhile but rather had destroyed what other previous governments had accomplished.

Dr. Aime Fauteux, the next in line, predicated the early disintegration of the Union Nationale administration and promised his full co-operation to whoever won the leadership race. He indicated that the delegates need not take his candidature too seriously, explaining that a certain degree of rivalry was desirable to build interest.

In the early stages of his address, Mr. Gerin-Lajoie said that the Liberal party should not be the party of a single group.

But as his enthusiasm increased, he threw caution more and more to the winds and at one time left the impression in the minds of many of his listeners that he might join up with the much-talked-of third party movement if his candidature was rejected.

In striking out at Mr. Lesage, he said that the provincial Liberal party was again seeking the solution of Quebec problems in Ottawa.

"The remedy to our problems," he said, "lies in Quebec and not in Ottawa."

His closing remarks are considered by some of the delegates to have cost him any chance he had of attaining the leadership, boos and cries of shame meeting his charges that some of the other candidates might have difficulty in explaining their support.

That was when his implied threat to seek elsewhere the overthrow of the Union Nationale. However, when the overwhelming nature of Mr. Lesage's victory was apparent, he was the first to move that it be declared unanimously.

The final speaker, Rene Hamel, declared the real reason for the Liberal defeat in previous provincial elections was that the party had not succeeded in winning the confidence of the man in the street.

Voting got underway about 5:30 p.m. and the result was only available for announcement at eight.

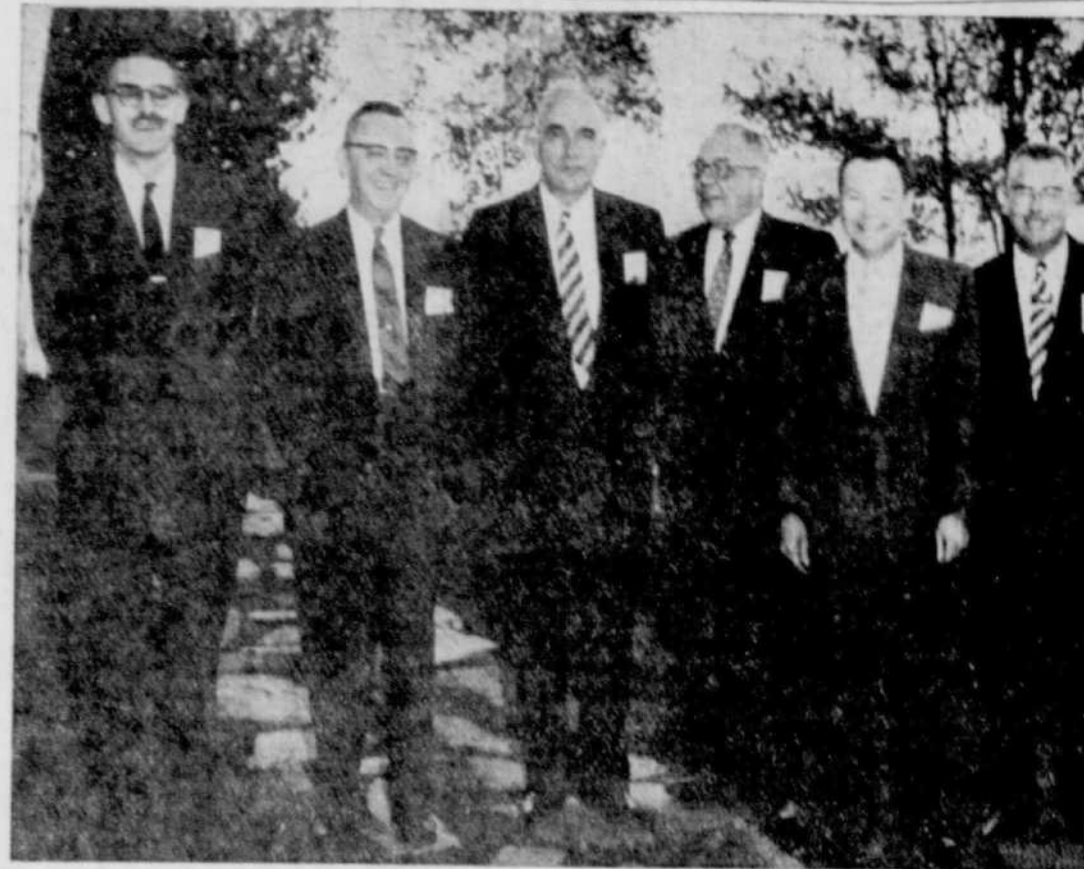

**PARTY POLICY**  
Besides electing a new leader, convention delegates adopted about 50 resolutions for inclusion in the party platform. One re-affirmed that education should be a provincial matter but would leave Quebec universities free to accept or reject federal aid.

Since 1953, at the urging of Premier Duplessis, provincial universities have refused federal assistance.

The delegates also decided that there should be free education for all students attending primary, secondary and technical schools.

Another resolution called for a provincial labor code to be adopted. Delegates also wanted the Quebec Labor Relations Board to be revamped to make it "independent of politics." Other resolutions dealt with health insurance, federal-provincial relations and revival of electoral identification cards.

## Well-Educated Citizens Needed To Preserve Democratic Ideals

**NORTH HATLEY** — The best way to maintain our Canadian way of life is to produce well-educated citizens, Dean Donald Mordell of the McGill University engineering faculty told the annual meeting of the St. Francis Valley Branch of the McGill Graduates' Society here Saturday night.

Mr. Mordell said we are at war today, a political, economic and social war. People enjoyed a more efficient way of life. One way of maintaining this was to have powerful armies.

But he said the most important way to maintain our standards was through proper education of our people.

Dean Mordell, born in England, graduated from Cambridge University. He helped to develop the gas turbine engine for aircraft.

Speaking on the topic "Education for the space age," he said that the railway age, air age and any other stage of development had not provoked such a tremendous discussion as the prevailing space age. He added that the other ages crept upon us while the present space age burst upon us. Education will make possible the realization of the present age and will bring the annihilation of people if the powers are not but to prosper us. He said that in no time in the history of man has there been such discussions on problems of education.

The speaker added that since last October when the Russians launched their Sputniks there has been considerable talk of the lack of engineers and scientists but he added, that he does not see the reason for having the best in the skies if a country does not have the best politicians, lawyers and every other profession that makes up the country. He said that he would like to see more generally educated people than those just educated in the sciences.

Dean Mordell added that the Russians advances does not mean dropping all other lines of study to become scientists but to get more students interested in this field and not all the students. He added that education cannot be produced with money but with teachers, and that teachers do not grow on trees. He said that an atmosphere must be created to get more good teachers and that this atmosphere must be created by the will of the people.

Although the fees have risen at McGill, says Dean Mordell, a student in his first year only pays one half of what it costs the university to educate him.

**Youth Festival Prize-Winners Present Concert**  
A delightful evening's entertainment was provided last night when prize winners of the 10th annual Youth Festival gave their concert in St. Charles' Auditorium.

From the tiniest elocutionist to the outstanding winning choir, the young performers gave their best. Indeed they showed what a very high standard has been attained through these annual festivals.

It was unfortunate that three of the participants were unable to be present because of illness, and examinations, among them, George Morgan, tenor, winner of the Festival Grand Prize and Louise Forand, Diane Martin, second place winner in her section, performed in the place of Marie-Claude Ares.

Miss Rachel Pomerleau, Grand Prize winner last year, opened the Festival program with Marguerite's aria from Faust by Berlioz. Miss Pomerleau has quite a remarkable voice for a young woman and a lovely stage presence. With further training she will undoubtedly go far in her field. As an encore she gave "Sin tu amor," by Sandoval.

A special word should be given to Miss Lorraine Thibault who accompanied Miss Pomerleau and several of the other soloists. Her accomplished technique lent a tone of quality on each occasion. Miss Thibault was Grand Prize winner in 1954.

Miss Frances Schaeffler, first young pianist to perform, played Sonata, Op. 4 No. 1, by Liszt. She was followed by Annie Pierard, promising young violinist, who gave the last movement from Haydn's Concerto No. 2.

Piano selections were also given by Denise Gagnon — Merry-go-round, Berlin; Brian Herring — Toccatina, Kabelewsky; and Gloria Bokus — three pieces by Transman.

The elocutionists did very well from tiny Murielle Tranchemontagne and Diane Martin to Claire Rivard and Luc Marinette. Each performed with expression and with excellent enunciation.

The male choir, Choeur Pie X, was a highlight of the program. Under the direction of Abbe Allaire they sang Ascendit Deus by Carlo Carturnan. Shading and tonal quality were outstanding. Germain Bolduc, violinist, played the first movement of Handel's Sonata No. 1. Two of the older pianists, Rejeanne Raymond and Louise Roy showed some fine technique. Miss Roy chose the bright Golliwigg's Cake Walk by Debussy and Miss Raymond played three selections by May Kapar. Rene Rheault, tenor, sang Les Pelerins de la Mecque by Gluck.

The distribution of scholarships and prizes to all festival winners took place during the latter part of the evening with President Yvan Lanctot presenting them.

The French drama winners, Les Deux Masques of St. Charles Seminary, presented scenes from "Fanny" by Marcel Pagnol, as the closing item. B. W.

## Youngster Dies, Two Hurt In Area Traffic Accidents

An East Angus youngster was instantly killed and two other persons were hospitalized as the result of traffic accidents in the Sherbrooke district over the week-end.

The casualties were:

Rejeanne Brault, 7, East Angus, instantly killed when struck by a car;

Marcel Desruisseaux, 19, Sherbrooke, shoulder injuries when struck by a car at a garage near Magog;

Jean-Guy Fortier, 3, Magog, slightly injured in a crash near Katevale.

According to evidence submitted at the inquest held late Saturday Rejeanne Brault was walking along Highway 1 when she dashed out from the side into the path of a car driven by Armand Girard, 33, of 372 St. Michel street, Sherbrooke.

Girard claimed he was unable to stop his car in time to avoid hitting the child.

A verdict of accidental death was returned.

**AT MAGOG**

Provincial police are holding an unidentified Magog man in connection with the accident to Marcel Desruisseaux.

Desruisseaux, an employee of the Poulin garage near Magog, was struck by a car while at work Saturday night. He was taken to La Providence Hospital in Magog and later transferred to Sherbrooke for surgery on an injured shoulder.

Jean Guy Fortier is also in La Providence Hospital with minor injuries received in an accident near Katevale yesterday afternoon.

Three North Hatley residents — Donald Little, 46; Faith Clarke, 17, and Ivan Taylor — were slightly injured in a two-car crash Saturday night.

## Loot Store Of Equipment For Second Theft

**SCOTSTOWN** — Provincial police are seeking thieves who stole 7,000 cigarettes and other merchandise, valued at \$275 from George Riglar's grocery and general store early Friday morning.

The thieves first stole a crowbar from the basement of Lizotte's store, adjacent to the Riglar establishment, which they used to break open the front door of the general store.

In addition to the cigarettes, valued at \$126, the thieves also took a Winchester rifle and a power saw valued at \$75 each.

The theft was noticed by a passerby who saw lights inside the store and notified Mr. Riglar who called in the Provincial Police.

Miss Yvette Campbell, of Sherbrooke was elected president of the Sherbrooke Archdiocesan Catholic Women's League at the annual meeting held here Saturday.

Other officers elected were Miss Marion McCormick, East Angus, first vice-president; Mrs. Paul Labrosse, Richmond, second vice-president; Miss Ave Walsh, Sherbrooke, third vice-president; Mrs. Eugene Clark, secretary, and Miss Julia Goggin, treasurer.

The guest speaker at the luncheon was Mrs. F. A. Bussiere, of Sillery, whose topic was "Hunger in the World."

She said the subject had been discussed by the World Union of Catholic Women's organizations in Rome last fall, at which time reports on a two-year study of world conditions were given.

Two main reasons were advanced for hunger in the world today, she said. The first was that too many people live on a limited area of land and second that too many people had little income, that cultivation methods were poor and that transportation and distribution methods were unsatisfactory.

A great proportion of work in food production is provided by women, said Mrs. Bussiere, and 50 per cent, or more are in the labor force. When a program of education is set up, the response is usually good, but there are difficulties in the change-over. Religious restrictions, pork and animal products for instance, substitutions and taboos, must be overcome. The co-operation of the homemakers must be sought to

obtain success. Sanitation must be taught, but here also the tradition of centuries is a barrier which must be pulled down but in such a manner to offset hostility, added Mrs. Bussiere.

Physical improvements in the home are suggested. In sunny countries, solar energy could be used for cooking and the project is being studied. Home economies are taught especially among young girls.

The speaker added that malnutrition is rampant but can be overcome with time by such ways as the use of better processed foods such as skim milk. There are false solutions to the problem of hunger in the world said the speaker, which are war, birth control, better repatriation and the need for an active and sympathetic collaboration between nations.

Mr. Lesage Takes Over

Hon. Jean Lesage, former federal minister of northern affairs and natural resources and Member of Parliament for Montmagny-Ilelet since 1945, is to be congratulated on his election as leader of the Liberal Party in Quebec.

The task he has taken on will not be easy. He takes over the leadership of an organization which has been out of office for some 14 years and has floundered hopelessly most of that time. The Liberal Party needs new blood and new ideas if it is to survive, let alone win a measure of support from the people of Quebec. Party supporters obviously feel that Mr. Lesage has the qualifications to lead them out of the wilderness.

In going outside its own organization for a leader, the party underlines the fact that in recent years it has not attracted the kind of young people a political group needs if it is to successfully challenge a party in office. Mr. Lesage's long association with a federal Liberal regime which has been rejected in two recent general elections has given him considerable administrative experience. It has also given him a brief experience in Opposition — something he and his fed-

eral colleagues badly needed. But Mr. Lesage must face the possibility that his association with a discredited regime will force provincial Liberals to spend much of their time defending their federal colleagues' record on the hustings. This argument has already been settled.

On the positive side, however, it must be admitted that Mr. Lesage is an aggressive and able political warrior. He will bring energy and intelligence to his formidable job of rebuilding. One of his first tasks will be to formulate policies that will have wide appeal to the electorate. He must be careful to avoid the fatal mistake of his predecessor, who almost ruined the provincial Liberal party by forming an alliance with the fanatical Social Credit group. He must also be careful to avoid tying the party to those racist groups which have been active recently.

A strong opposition is a vital part of our democratic process. It would be unfortunate if the provincial Liberal party were to disappear, as the retiring leader has warned. Mr. Lesage is an unknown factor in the provincial scene. We wish him well as he sets out to prove himself.

Ridiculous — But Useful

At last we have the inside story of the flying saucer which has haunted a town in England with the improbable name of Biggleswade for the last six months.

Unfortunately for flying-saucers-from-outer-space buffs, it's the story of a hoax — but an engaging one.

Frank Russell, a machine tool operator of Biggleswade, contrived a cone-shaped contraption about four feet in diameter. With a weather balloon inside to lift it and flashlight blubs for "windows," he was wont to sneak out at night and fly it on a nylon line.

An attachment supplied a rotating effect to the "saucer." Then, after about five minutes, a timing device put out the lights and shot a fireworks

rocket into the sky. To amazed on-lookers it appeared as if the "saucer" had soared off into space. Russell, chuckling, would reel it in and hie off home.

What finally disclosed the secret? Russell simply got tired of lying to his wife about his nocturnal whereabouts. After that, the rest of the town was not slow in learning the truth.

It's a ridiculous story, and an interesting commentary on the energy and imagination people will waste on silly tricks. But somehow we like it.

Every time a jokester like Russell pops up, the news from the rest of the world loses some of its somber and unlaughable aspects.

In These Troubled Days

They may drive at times in a way to make your hair rise. They may out-talk the most loquacious barber. They may snap your head off if they fail to catch an address right away. But our hat is doffed to one at least of the taxi drivers of New York.

"In these troubled days," he urges, "you've got to do whatever you can to make things a little better for the folks around you."

His contribution: A clothesline slung close to his passengers; on it cigarettes and matches, facial tissue and gum, newspapers, magazines and a Bible.

Imagine Mr. Passenger's surprise when he thinks he is only taking a taxi and finds himself landed in an oasis of consideration: If averagely suscept-

ible to the unusual and ordinarily appreciative he must feel a little like a small boy in a toy department. He may not take advantage of the reading choice; he may, instead, spend his time in talking to the cabbie who produced the wonder but if you can judge a man by his works the talk alone may do the passenger some good.

Other drivers may seem to be put on the spot and the considerate one is probably as josh-proof as any man living for there must have been plenty of suggestions of other articles for the clothesline. But it is heartening to find a man exercising his ingenuity, if only in a small way, to make things better "for the folks around him". Besides, the example may be catching.

Ninth Lambeth Conference

350 Anglican Bishops To Study Unity

By GEOFFREY MILLER LONDON (AP)—Three hundred and fifty bishops of the worldwide Anglican Communion will study more eagerly than ever this summer the progress being made toward Christian unity.

The church universal — the dream of many a fervent churchman who has gazed beyond the barriers dividing Christian denominations—will be high on the agenda of the Anglican Communion's ninth Lambeth conference which opens July 6.

The Anglican Communion consists of the mother Church of England and the churches that have sprung from its overseas missions. At base their worship on the 1662 Book of Common Prayer and take guidance from the Lambeth conferences, called every 10 years by the Archbishop of Canterbury, spiritual head of the Church of England.

Churches represented at the conference operate in some 40 countries, with some 40,000,000 members. They include the Anglican churches of Commonwealth countries, the Protestant Episcopal Church in the United States of America, Chung Hua Sheng Kung Hui (Holy Catholic Church in China) and Nippon Sei Ko Kai (Japan Holy Catholic Church).

Church unity has been debated with mixed success at previous conferences. Inter-denominational get-together movements

currently under discussion in Britain and India will give the subject sharper significance this time.

A special committee of bishops will deal with the business of Christian church unity during the five weeks the conference is in session at Lambeth Palace, centuries-old London residence of the Archbishop of Canterbury.

In the 1920s the Roman Catholic Church rejected a Lambeth conference move to create closer relations between the Anglican and Roman camps. The church of Rome warned its members they would be "giving countenance to a false Christianity" if they joined in reunion discussions.

The conferences were more successful in their overtures to the Orthodox Eastern Church. The two bodies at least went as

far as friendly exchanges.

In Britain, Anglicans got on a friendlier footing with Methodists, Congregationalists and Baptists. These days Anglican archbishops address nonconformist assemblies and nonconformist ministers occasionally preach in Anglican cathedrals — exchanges that would have staggered 19th-century churchmen.

Thus far, however, there has been only one instance of Anglicans actually entering into corporate membership with nonconformists. This is the Church of South India, formed in 1947 of Anglicans, Methodists and Congregationalists.

Significantly, that new church was not admitted to the Anglican Communion. The bishops who met at Lambeth in 1948 gave the experiment their passive appro-

MISBID, MISPLAY AVERAGE OUT

A Milwaukee reader wants to know if I ever see a hand that is both misbid and misplayed. With that letter in mind I am dedicating this week's articles to the millions of bridge players who make ordinary misplays.

The hand should have played at three no-trump but after North made the mistake of responding two diamonds, instead of one spade, it was difficult indeed to keep out of five clubs.

South also made one very bad bid. His Blackwood four no-trump would have committed his side to a slam if North had held an ace. As it was, it just brought them to the five-club contract he should have bid in the first place.

West opened the deuce of spades and South saw that he was likely to be in trouble. There were two aces off the hand and, in addition, he had a shaky trump suit. Also, there was nothing much he could do about the whole thing, but East was there to help him out. A low spade was played from dummy and East put on the nine. South made his singleton king and had no trouble making his contract after that.

East felt that his partner should have opened his top spade, but East had really checked the defense. East was looking at a sure trump trick. South had used the Blackwood convention and stopped short of a slam. Obviously, South missed two aces. Hence, East should simply have

Of all the southern members of Congress, Sen. Andrew Johnson of Tennessee was alone in refusing to resign when his state seceded from the Union at the outbreak of the War Between the States. When he returned home in 1861, Johnson, who was to succeed Lincoln to the presidency, was widely attacked in the press and his life threatened.

THE HALIBUT ARRANGES THINGS BETTER (Ottawa Citizen)

A Canadian newspaper which devotes one page daily to interpretive articles on current events recently presented a collection that seemed quite typical of the times. There was an article about damaging trade policies as a factor of anti-American feeling in Peru; another about harsh repressive measures in China; another about the French crisis; another about unrest in Morocco, and so on. Most of it made disturbing if not downright gloomy reading.

But, tucked away in a corner, was one of those "filler" items that most newspapers rely on quite frequently, and this supplied information of a different kind. The item posed this question: "Why is the left side of halibut always light and the right, dark?"

Answer: "Because the halibut always swims on its left side. Flat fish which swim on one side are always dark on the side exposed to the light, and light on the side which is underneath."

Very interesting. And it is quite possible that halibut will continue to swim about the sea on their left sides long after the agitated events on the lands above them have been forgotten. In this respect

# Allard Hits Abolition Of Hanging

Federal member for Sherbrooke Maurice Allard told the private bills committee of the House of Commons Friday that the attempt to abolish capital punishment is caused by an "excess of sensitivity."

Mr. Allard spoke in opposition to a bill proposed by Harold Winch (CCF Vancouver East).

He said that the threat of hanging has always been an "extraordinary deterrent to murder."

"Any easing up in this regard would only contribute to permit the criminal to let himself go completely towards disequilibrium and deficiency," he said.

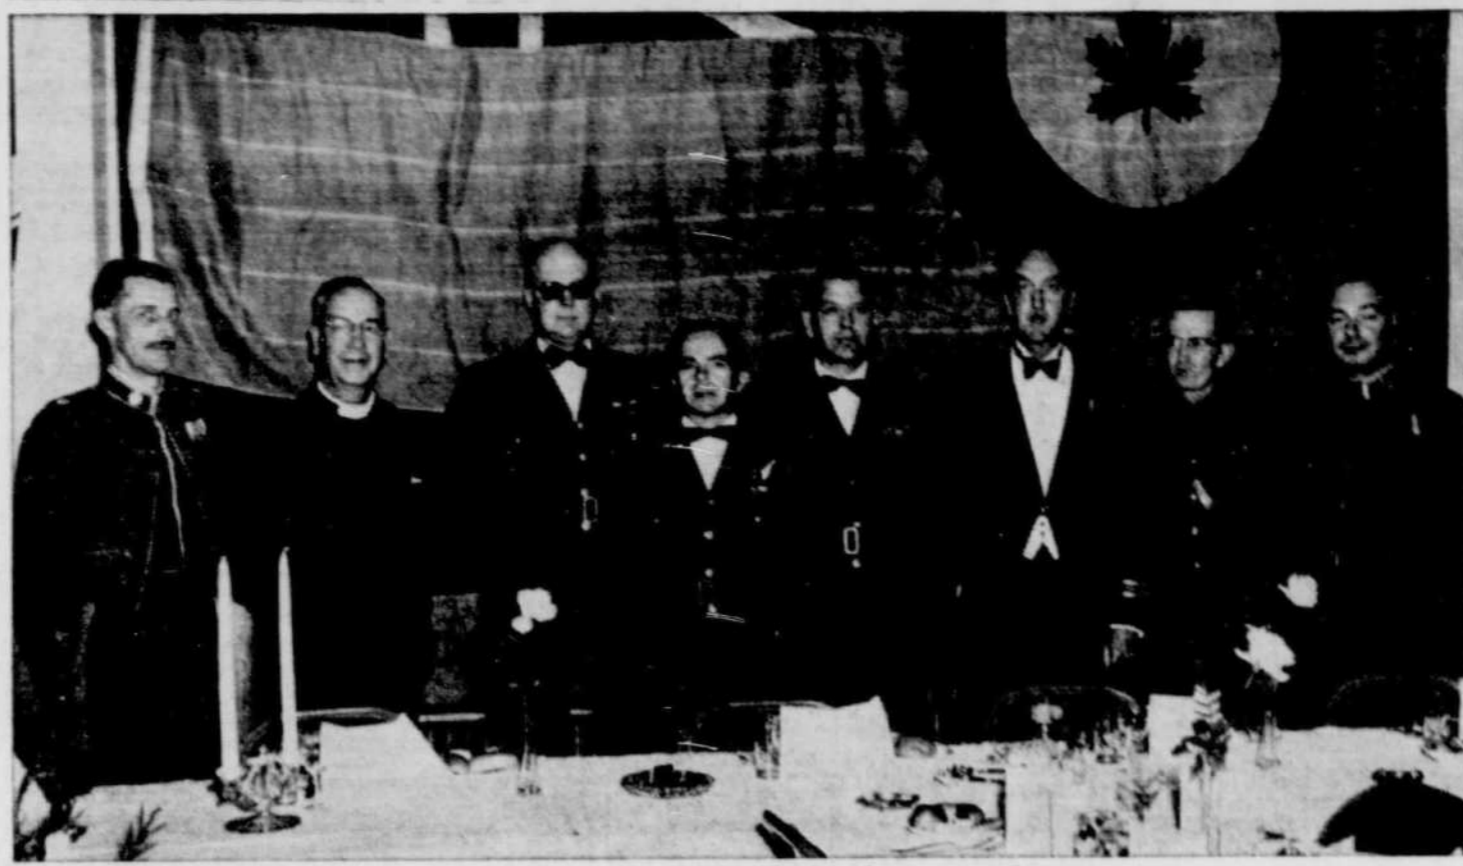

Hitting out at those who demanded stricter police control along with abolition, Mr. Allard said the adoption of additional preventative measures "would constitute a serious injustice to the majority of our Canadian citizens."

On the judicial side of the question, he said, there is no one known case in Canada where an error had been committed.

He said the Criminal Code should not be amended as long as habits, institutions, public opinion, in the great majority did not make the change "imperative."

In June, 1956, a mixed committee of Senate and Commons members recommended continuance of capital punishment.

## Lesage Victory Upsetting To Many E.T. Delegations

By CUTHBERT JONES  
QUEBEC — (Special) — The smashing victory of Hon. Jean Lesage in the provincial Liberal leadership race did not sit too well with a number of the Eastern Townships delegates to the Liberal convention held here Friday and Saturday.

Early indications were that the E.T. representatives were largely supporters of Paul Gerin-Lajoie, with another substantial group favoring Rene Hamel.

But somewhere or other pressure was put to bear on some of them, active Gerin-Lajoie supporters insist, and it is believed that many of them changed their vote at the last minute.

"For the past two weeks, or even more, a number of E.T. delegates have been loud in their praises for Gerin-Lajoie," one disgruntled Townshippier declared Saturday. "But around the corri-

dors of the Chateau, what did they have to say this morning? They either went into hiding or kept their mouths shut."

"We had better forget about the 1960 election and think about 1964," another declared after the vote. "We're as bad as the Conservatives were up until two years ago. The old guard is licked, but they won't get out. Lesage (the new leader) is all right but can he get into the House and if he gives up his federal post that means another Quebec seat for Diefenbaker."

The only two Liberal Members of the Legislature from the Eastern Townships—Glen Brown of Bromo and Emilien Lafrance of Richmond—were active supporters of the Rene Hamel cause, maintaining that what the Quebec Liberal party needed was an aggressive man who held a seat in the Legislature.

Mr. Hamel had proved his ability as a leader during the illness of Mr. Lapalme and was the only one of the four candidates for the party leadership who had experience in provincial affairs. But they were none too enthusiastic over the chances of their man, merely contenting themselves with declarations that "There may be a surprise. You never can tell." But what the surprise might be they failed to outline.

The Eastern Townships ridings were represented at almost 100 per cent of their voting strength, which was based on seven delegates per county, the candidates in the last provincial election, the candidates in the last federal election, Senators and officials of regional Liberal Associations.

President May introduced Jack Archer, Dow organizer of golf for the Montreal district and a well-known golf pro, who showed the new golf film, "From Tee to Green" which was most interesting. A question and informal discussion period was held after the film when Mr. Archer answered questions on all phases of the game.

It was decided to purchase a hospital bed from the Terrill family which will be in the custody of Mrs. A. R. Boulais, wife of Lion A. R. Boulais. Mrs. Boulais is also in charge of the Red Cross supplies for this district. This bed will be available to the public for home use under the name of the Bedford Lions Club. ## DE GAULLE GETS

Continued From Page 1  
included in the cabinet.

### FEDERATION WITH FRANCE?

Reports swept both Paris and Algiers that de Gaulle is thinking of a "federal" solution of the Algerian dilemma — an autonomous Algeria in which Moslems would have equal status with French colonists and which would be federated with France. It is just this solution which the French colonials there have fought bitterly.

De Gaulle's aides said he wants to fly to Algeria this week for a first-hand survey of the situation. De Gaulle and his new cabinet met for about an hour Sunday night under President Coty's chairmanship in the Elysee Palace. The general and his ministers discussed and drafted texts of three bills he has demanded as part of his extraordinary powers.

In forming his cabinet, De Gaulle avoided both the extreme right and far left. He named a majority coalition from the centre parties which conceivably could govern successfully after the six months of emergency rule he demanded.

### DE MURVILLE NAMED

One appointment—career diplomat Maurice Couve de Murville to be foreign minister—heightened France's allies in the North Atlantic Alliance. Now French ambassador to West Germany, Couve de Murville is a former ambassador to Washington and an avowed supporter of NATO and such European unity programs as the common market and the atomic pool.

Another major appointment was former premier Antoine Pinay as finance minister. De Gaulle kept the defence ministry for himself.

After making his bid for emergency powers, de Gaulle left the Chamber of Deputies for his hotel to await the result of the vote.

De Gaulle resigned as head of France's post-war provisional government in 1946 in a dispute over an issue that has been the bane of all succeeding governments. It hinges on the weakness of the executive branch — the presidency—and its complete dependence on the legislative arm. Changing this system to give the executive more power is de Gaulle's chief aim.

Since de Gaulle took the helm in wartime Paris, 25 French governments have risen and fallen.

**UNGUARDED POISONS IN HOME TAKE HIGH TOLL OF CHILDREN**

There are still far too many accidental deaths of children from swallowing poisons lying around the house. This is the reason I keep pounding away at the subject.

A colleague has recently written me that only the other day he received a pathetic letter from the father of a two-year-old child who was accidentally given oil of wintergreen instead of cough medicine. The child died.

Oil of wintergreen, which is a salicylate compound related to aspirin, is most commonly used in liniments designed for external application for the relief of minor pains and aches.

Too often, however, it is not realized that such preparations are by no means harmless when swallowed. Indeed, there are approximately 15 deaths each year

## Waterloo Kiwanis Club Reports On Various Projects

WATERLOO — The weekly meeting of the Kiwanis Club was held in the National Hotel with 24 members and two guests present. After the regular dinner an interesting business meeting was held.

President Frank Makinson read a letter from Past Lieutenant-Governor Dave McGrier thanking Past President Butch Bouchard for sending him a copy of the souvenir program of "Kiwanians '58". He continued by writing, "It makes me feel good to see 'The Happy Waterloo Club' really come into its own, not only in the division but in the whole district."

Henri Baudot, of the Sherbrooke Club, paid the club a visit. The other guest was Robert Nugent, representative for Frank C. Baker Incorporated.

Several interesting reports were given. Past President Roger McKergow stated that the

attendance contest was continuing to help keep the attendance average over the 90 per cent mark. Pete Hulet reported that the Underprivileged Children Committee had supplied one pair of glasses in the past month.

Gerald McGovern reported that the Pee Wee Baseball had received its franchise and it would now be known as Little League. So far 80 boys have registered to play this summer. The boys are now practising every night from Monday to Friday. The schedule is slated to begin on June 9 with four games being played each week. Mr. McGovern also stated that the construction of the diamond is nearly completed. The back stop has yet to be erected. It is hoped that parents and friends will turn out to watch "The Little Leaguers" practice and play.

Rev. Glynn Davies reported that the annual Kiwanis Church

Service will take place on June 15th, at 7:30 p.m. in St. Paul's United Church. Several other groups including the Scouts, Cubs, C.G.I.T., and Legion are being invited to attend.

Phil Bonnick reported that the picnic tables had been set up on the South Stukely and Granby picnic grounds. A new picnic ground is being fixed up on the Foster Road with the help of Fred Allen.

A new committee for the advancement of Youth and Recreation was formed to help provide for boys over the age of 12. This committee is being chaired by Past President Alden Perkins, with Tom Wilkinson, Pete Hulet and Theo Lagrandeur serving under him.

At the head table with the president were Phil Bonnick, Wally Jenks, Dave Schaenfield, Gerry McGovern and Fred Marsh.

## Boundary Students On Trip To Ottawa

By ELIZABETH HATCH

Forty-one of us, all teenagers of Sunnyside School, Rock Island, and Beebe Elementary school, and our chaperones, Mrs. Muriel McClary, principal, Miss L. Bennett, Miss Molly Harris and Morton Kerstead, of Sunnyside, Ronald Gibson, principal, and Harry Costello, of Beebe, left Rock Island at a little after five Saturday morning bound for Ottawa, Ont., this being the Grade IX class trip of each school.

We made the trip in the comfortable Quebec Central bus, operated by our good friend, Donald Lafond. The weather was beautiful and en route we were able to observe much of the St. Lawrence Seaway project. We arrived in the capital city of Ottawa at 11:00 a. m.

Rene Letourneau, Member of Parliament for Stanstead County, met our bus and was our weekend host. We all assembled in a conference room of the Parliament Buildings, where we were received by Hon. William Hamilton, Postmaster General of Canada, as proxy for Prime Minister John Diefenbaker, who had been called to Edmonton, Alta., at the last minute.

Howard Smith of Beebe, presented Mr. Hamilton with an ashtray, made of granite by the Stanstead Granite Co. in Beebe, for Prime Minister Diefenbaker. George Cooke, of Sunnyside School, presented Mr. Hamilton with a letter opener made by the Butterfield Division of the Union Twist Drill Co., Mr. Hamilton voiced his appreciation and that of Mr. Diefenbaker, and gave us a hearty welcome to the queen city of Canada.

Leaving the conference room we made a tour of the Parliament Buildings, which included the Peace Tower where the bells chime, the library, Senate Chamber, House of Commons, Memorial Chambers and other rooms seldom seen by the visiting public. Mr. Latulippe and Mr. Letourneau were our guides.

Our dinner was eaten in Parliament dining hall on the sixth floor, where we were served a chicken dinner, which we all enjoyed very much. Edith Davis, of Sunnyside school, presented Mr. Letourneau with a cigarette lighter in appreciation of this wonderful week-end. We all signed the book in Mr. Letourneau's office, then went to see the war museum. Here were historic relics of the two world wars, and we were much interested as we are studying about this in our history work.

We visited Government House, en route passing by the Prime

Minister's residence. A visit was out in Union Station.

At the Parliament Buildings we were greatly impressed by the beauty of the hand carver and we were told the head carver was chosen as the best in the world in this business. We were also impressed with the rich loveliness of the Chateau, the gold ceilings, the dazzling chandeliers, the furnishings, which many of us had never seen the like of before.

Each of us attended the church of our faith, these including the Dominion and Chalmers United churches of Canada, St. George's Anglican Church and St. Patrick's Cathedral. Later we all met for dinner in the Lord Elgin and at 2:15 our bus started for home, arriving in Rock Island at 8:00 p. m., a tired but happy group, thrilled with the happiness of a pleasant week-end.

We students are deeply appreciative to our teachers and Mr. Letourneau, to our parents and fellow students for their support of projects which raised over \$100 for our trip, to the Boundary Rotary Club for \$100, Border Home and School Association for \$50, and Stanstead North Women's Institute for \$25.

Here many interesting things were seen, flowers, animals, hedges, to mention only a few. Our reservations for sleeping had been made at the Y.W.C.A., so we decided to go there and check in. Later we went to the Lord Elgin Hotel for supper and in the evening we divided into two groups, with one going to a teen age dance at the Y.W.C.A., where all were royally welcomed and special selections of music played at our request. The other group attended a movie.

Sunday morning we all had breakfast then toured the beautiful Chateau Laurier Hotel, the drawing room where Royalty has been and has entertained, the ball room where kings and queens have danced, and many other beautiful rooms of this magnificent Chateau. When we left the hotel we went via an underground tunnel and came

**Attention Increased In World Affairs By I.O.D.E. Chapters**

HALIFAX (CP)—International affairs and Commonwealth relations received a large share of attention in 1957 from members of the Imperial Order Daughters of the Empire, delegates to the annual meeting were told today.

Mrs. Harry J. Brooke, Simcoe, Ont., committee convener for national, empire and world affairs said at the opening session that provincial reports showed an increase in the number of chapters that "gave its rightful place" to discussion of world events, or news concerning our British freedom and heritage.

"A two-fold benefit was experienced by chapters in every province who aided United Nations seminar students or Girl Guides and Boy Scouts to attend world centennials and jamborees, and later heard glowing accounts of these events," Mrs. Brock reported.

**RUSSIA AND U.S.**  
An attempt to understand the "motives and diplomacy" of both the United States and Russia was made by several chapters. Addresses from newspaper men who had been in Russia had increased the value of studies of the Soviet Union.

IODE membership and the number of chapters had increased during 1957, showing a total of 31,489 members and 984 chapters, Mrs. G. D. Leggett of Toronto, organizing secretary, told delegates.

Report of the finance committee chairman, Mrs. J. Neil Gordon of Toronto, showed a general fund deficit of \$2,162, due to "continual increase in expenses, rising costs of supplies, and the fact that the revenue remains practically the same each year."

Mrs. John I. Mills, Toronto, publicity convener, told members the press, radio and television gave IODE activities "wonderful presentation" during 1957.

The tour of the immediate past president, Mrs. L. B. Smart of Toronto, from Newfoundland to the Yukon was a highlight of 1957 publicity and brought "wide-spread knowledge of the work of the order to the people of Canada."

Mrs. R. M. Brophy, Scarborough, Ont., national hospital convener, reported that IODE members throughout Canada gave generous hospitality to overseas students, particularly members of the Victoria League from Commonwealth countries.

**PROPOSED SCHOLARSHIP**  
A proposed \$2,000 scholarship to the University College of the West Indies was presented for approval by Mrs. C. M. Scott, Peterborough, Ont., Commonwealth relations convener.

Mrs. Scott reported IODE scholarships at medical colleges in the Indian cities of Vellore and Ludhiana had been received gratefully by two Indian women, and the IODE pediatric ward at the Christian Hospital, Indore, India was being "administered wisely and carefully."

**EDITOR'S NOTE:** Most busy housewives would like to follow in the footsteps of the First Lady of the United States and tie themselves to a special retreat to catch up on their health and beauty. Not many can — but every woman can be a First Lady in her own home. NEA Service beauty editor Alicia Hart shows you how in this special seven-part series, of which this is the sixth.

**BY ALICIA HART**  
NEA Beauty Editor

Do you envy people who always look as though they've stepped out of a handbag? If you do, it's time you became one of them yourself. There's a knack to it: it is a self-discipline about the little things.

For instance, train yourself to shampoo your hair before it looks so bad that you HAVE to. Anticipate that shiny nose with a little soap and water and powder it BEFORE it begins to gleam.

Do as much for your clothes as you expect them to do for you and take care of them properly. Remove your street clothes as soon as you get into the house. They'll last longer and you'll feel better.

Don't wear the same costume two days in a row. The fabric needs rest and air in order to hold its freshness.

It takes but a minute to slip shoe trees into your shoes, and helps them keep their shape. Carelessness about little things — dandruff or powder on a dark dress, a crooked hemline twisted stocking seams — will ruin the over-all picture you present, no matter how tidy you are about everything else.

Make a weekly inspection of your wardrobe part of your regular routine so that the clothing that needs mending or washing will be ready to wear at any time.

The small details comprise good grooming. For example, you should even wash your jewelry. If it isn't glued, you can soak it in warm soap or detergent suds. Otherwise, scrub the pieces with a well-lathered soft brush until they sparkle. Then rinse and press dry in a towel.

Be sure your powder puffs, combs and brushes are scrupulously clean or your efforts toward beauty will end in dismal failure.

The attention you give the small details will give you that handbag look. You'll never have it if you've had to frantically rush to keep an appointment because the dress you planned to wear needed mending before you could put it on.

**73rd Annual Convention**

**Membership In W.C.T.U. Unions Increases**

The 73rd annual provincial convention of the Women's Christian Temperance Union was held in St. Andrew's Presbyterian Church in a three day session.

Following luncheon served by the Lennoxville Union, and a short executive meeting, the convention opened with a consecration service conducted by Mrs. W. J. King, of Cushing, Que. The provincial president, Mrs. A. E. Keating, presided.

Expressions of loyalty to Her Majesty The Queen, were given by Mrs. F. R. Crawford, of Montreal, and the address of welcome given by Mrs. W. E. Hodge, of Sherbrooke, was replied to by Mrs. A. E. Usher, of Cushing, Que. Greetings were also brought by Rev. G. S. Garland, of St. Andrew's Church.

Mrs. S. Shirley reported 36 honorary members, 38 L. T. L. members 294 active, showing an increase of 17 members. Ayer's Cliff Union received a silver cup and ten dollars for the greatest increase in membership.

Following satisfactory reports by the treasurer and various secretaries, appointment of committee conveners included: Mrs. M. A. Reese, resolutions; Mrs. J. B. Moore, Cowansville, plan of work; Mrs. W. Middlemiss, Huntingville, credentials, finance and appropriations; courtesy, Mrs. Ossington.

Supper was served by the ladies of the Huntingville Union. Highlighting the evening sessions, under the chairmanship of Mrs. S. Shirley, was the elocution contest conducted by Mrs. J. Young, Montreal. Under the leadership of Miss Doris Banfill, members of the Loyal Temperance League, Milby, taking part were, Martha Coates, Wayne Douglas, Nancy Allen, Betty Sylvester and Bryan Beatty. From the Sherbrooke Presbyterian Sunday School were Douglas Gordon, Earl Douglas, Ian Savage and Billy Savage. County prizes were awarded to Gordon Douglas and Earl Douglas, and Bryan Beatty received the provincial pin. Miss Banfill also presented gifts to the contestants.

Mrs. A. J. MacIntosh introduced Mrs. Archie Peat, of the Salvation Army, who spoke to the young people on the wisdom of total abstinence. She was thanked by Mrs. Keating.

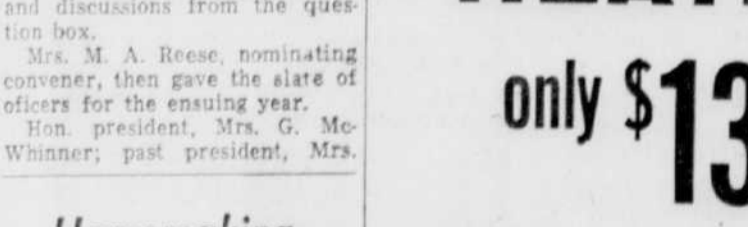

Wednesday morning's session was chiefly taken up by reports of the various superintendents, and discussions from the question box.

Mrs. M. A. Reese, nominating convener, then gave the slate of officers for the ensuing year.

Hon. president, Mrs. G. McWhinner, past president, Mrs.

Setting a table with dishes, knives and forks that have specks of an earlier meal is unappetizing. Forks especially are difficult to clean properly. Soaking in hot sudsy water helps, but to be certain, use a toothbrush to clean between the tines.

It may seem simpler to yank an appliance cord instead of reaching for the plug to disconnect it. But the cords will last longer if you pull on the plug. It is safer, too.

**MONTREAL CP**—Paul Brady, a 19-year-old, six-footer from Smiths Falls, Ont., won the individual honors at the annual invitational track and field meet staged by the Greater Montreal Interscholastic Athletic Association Saturday.

### THREE RECORDS BROKEN

Three records were broken out of nearly 70 events.

### THE RECORD-BREAKERS

Bob Whitney of Ottawa's Fisher Park School, Peter Darlington of Montreal West High School and Jim Findlay of Lennoxville, Que., were the record-breakers.

Whitney won the Class Five high jump with a leap of five feet, 9½ inches, clipping half an inch from the old mark.

In the class two mile event, Darlington posted a time of 4:50.7, against the former record of 4:55.

Findlay pushed the eight-pound shot 54 feet, 8½ inches to break the old record of 53 feet, six inches.

Brady made a spectacular showing in the field events in class five—for competitors under 20. He won the javelin and discus throws, broad jump and 12-pound shot put. He also was runner-up in the 120-yard high

**BULLETIN**  
Jim Findlay, of Lennoxville High School broke two records in the Greater Montreal Athletic Association Track Meet held Saturday.

In the Class Two Section Findlay put the eight pound shot 54'8" to break the previous record and topped the old javelin standard with a toss of 167'2".

He scored a total of 22 points for his school as he picked up a second and a fourth as well as his two records.

hurdles and the hop, step and jump.

Nearly 300 schoolboy athletes from Quebec and Ontario and a small contingent from Northwood School, Lake Placid, N.Y., participated in the day-long meet, hampered by rain in the early stages.

Brady's performance alone was enough to give Smiths Falls the class five team title.

Ottawa's Nepean School won two team championships—class three, for boys under 16, and class four, for those under 17.

Montreal West High School won the class two title, for boys under 15.

The class one, under 14, crown went to Macdonald College of Ste. Anne de Bellevue, Que.

## Mathieu's Larry Chief Cops Main Event In 2.15 4-5; Quinella Pays \$59.90; \$21.30 Top Straight Payoff

Gilles Mathieu of Beecher Falls, Vt., teamed his aged roan gelding, Larry Chief, home ahead

of the pack in the ninth race in a fight to the wire. It was the "DD" Pace the main event of the afternoon, and was the best on the Sunday afternoon card.

It was a battle between five of the seven-horse class with Kirk Abbe, Eveana Lenh Grattan and J. L. Volo fighting it out for the honors. It was only in the stretch that Larry Chief pulled away from the field and then held on to his small margin. The other four were all bunched, Henry Beaubien's J. K. L. Volo was rounding the field on the last corner but broke and lost out in the fight for a higher spot.

The payoffs for the afternoon were average as the railbirds managed to come up with the right selections. Fabi's Winston Rosecroft, in the first, and Gendron's Bonny Smart formed the double and paid the sum of \$21.80.

**LOWERS RECORD**  
Bonum Boun Bumpas, a five-year-old brown horse, owned by Amedee Beaudoin of Bulwer, Que., lowered his record by six seconds Saturday night at Trois Rivieres.

The speedy little horse came home the winner in 2:11 to walk off with the honors. The Beaudoin horse performed at the local track earlier in the season before moving to Trois Rivieres.

The first quinella, in the third, of Maurice's Brown Flash H and Chabot's Milo Hanover, rewarded their backers with \$59.90, which was the top payoff of the day. In the ninth Larry Chief and Perron's Kirk Abbe paid their backers with \$15.90 for their \$2.00 investment.

The best time of the afternoon was also registered in the ninth when Larry Chief was clocked in 1:06 3/5 for the half and then finished in 2:15 4/5. The track was heavy but despite this the classes were fairly well balanced.

In the fourth race Leclair's Doctor Brooke C paid his backers the sum of \$21.30 which was the best on a win ticket for the afternoon. He also paid \$3.30 for a place bet while the top figure for a show investment went to Maurice's Brown Flash H in the third when \$8.30 was shelled out.

The next card will be held Wednesday evening when nine races will be on the agenda with Post Time at 8:00. Commencing this week races will be staged Saturday evenings and Sunday afternoons.

## Joan Gallup And Sandra Hughes Star For Richmond, Win Individual Honors; Granby Finishes Second, S.H.S. Third

Joan Gallup and Sandra Hughes of St. Francis High School, Richmond led their Girls' Track Team to the Rotary Club Trophy, claiming first place in the thirteenth Annual Hi-Y Track and Field Meet held at the Parade Grounds on Saturday.

Miss Gallup, in the Senior Class, and Miss Hughes, in the Midget, contributed 13 and 8 points respectively to the school's 52 point total.

Last year's winning Sherbrooke High placed no better than a third being edged out of second spot by Granby High School who scored 35 points. Sherbrooke had 34.

There were only two records broken in the 18 event meet—Ann Ilves of Sherbrooke High School broke her own record in the Junior Shot Put with a put of 30'8" over the 28'9" mark she set last year. M. MacNamara of Granby chalked up the other record 4'8" in the Senior High Jump. Her jump was 1½" better than the former 4'6½" mark.

As well as the Rotary Trophy for the high aggregate school there were three trophies presented by the Hi-Y Club for the individual high aggregate in each class.

Richmond High School's two stars, Joan Gallup and Sandra Hughes, won the class honors in

their respective classes, the Senior and the Midget. Ann Ilves of Sherbrooke High won a well deserved first for her driving of

### BREAKS OWN RECORD

Ann Ilves forts in the Junior Class as she collected 13 points.

Although the meet was run under questionable and threatening weather conditions the 139 contestants from 12 schools gave an excellent account of themselves. The track events in particular were outstanding crowd pleasers as the finals of some of the races were comparative photo finishes.

Gordon Ross representing the Rotary Club of Sherbrooke presented the trophy of the Richmond captain on behalf of his club. Co-chairmen of the track and field meet, Bill McNeil and Paul Echenberg, presented the Individual aggregate trophies for the Hi-Y Club.

## Mad Scramble For 144 Qualifying Spots In U. S. Open Golf Tourney; Big Event Scheduled For Tulsa

NEW YORK (AP)—The annual scramble—and a mad one it is—for the 144 qualifying spots in the U.S. Open golf championship takes place today at 28 courses scattered across the country.

The big event is scheduled for Tulsa, Okla., June 12-14.

A record entry of 2,150 golfers are in the running. The championship is among 162 players, but 17 are exempt because of their past records and one already has qualified. So that leaves just 144 spots up for grabs.

Ted Makalema of Honolulu fired a 72-75-147 last Monday in winning the Hawaiian section against 14 opponents.

### LAST FIVE GET IN

The days of all the former champions sitting back and qualifying automatically are gone, and as of last year, only the last five victors get in without going through the preliminary round.

That group includes Dick Griggs, Bill Woodhouse and Jim Segrest on the 440-yard relay team that ran 39.7 to eclipse the record of 39.9 held by Abilene and Texas.

George Peterson joined Woodhouse, Segrest and Morrow for a 1:22.6 in the 880, breaking the world mark of 1:22.7 held by Texas.

Elliott's time broke the California relays record of 4:06.4, set last year by Derek Ibbotson of England. Ibbotson later ran a 3:57.2, a mark now up for world recognition.

Morrow, voted the outstanding athlete of this 17th annual event, won the 100-yard dash in 9.4 seconds, then teamed with Waymond

## Japan's Hopes For 1964 Olympics Boom Following Impressive Showing In Asian Games, Score 1,040 Pts

TOKYO (AP)—Japan's hopes of being host to the 1964 Olympics boomed today with her impressive staging of the Asian games.

"I am sure Japan is prepared to organize even a greater event such as the Olympic games," Avery Brundage, International Olympic chief, said as the third Asia ended Saturday night in a lavish spectacle of parading athletes, fireworks and massed bands.

### N.H.L. Meet In Montreal Today

MONTREAL (CP)—The National Hockey League opens its annual three-day meeting today amid speculation that some clubs plan moves to restrain nomadic goaltenders.

Jaques Plante, Montreal Canadiens goalie, often strayed from the net to intercept a puck and sometimes raced almost to the blue line to clear a loose puck.

The rules committee, after discussing NHL rules, was to meet with representatives of all pro leagues and the Canadian Amateur Hockey Association in what has become known as the joint rules committee.

The CAHA was expected to propose international amateur hockey rules for minor leagues for players in the 14-17 age bracket.

Prior to the evening final ceremony, the last three sports titles were settled, in football, basketball and the 160-kilometre bicycle road race.

Nationalist China won the soccer championship with a 3-2 overtime victory from second-place South Korea. The Philippines retained its basketball crown by beating Japan 90-85. South Korea won both individual and team gold medals in the bicycling race.

Japan won firsts in everything from table tennis to weightlifting and dominated wrestling, swimming, boxing and track and field for 67 of 112 gold medals.

The Japanese piled up 1,040 points under the unofficial Olympic scoring system to 35½ for the Philippines and 250½ for Nationalist China.

# Bob Turley Posts His Eighth Victory With Five-Hitter As Yanks Win

## Windsor Edges St. J.-Baptiste 3-2 In Home Opener

Pictured in a pre-game discussion at the Windsor Mills Junior Baseball League opening are left to right: George Gilbert, Windsor Mills Manager, Andre Lefebvre, St. Jean Baptiste coach, and Claude Couture, Windsor Mills' coach.

Windsor Mills Cardinals topped St. Jean Baptiste of Sherbrooke 3-2 in eight innings before 900 fans in Windsor Mills Sunday afternoon. The final inning of the home opener was a thriller as the Windsor boys staged a squeeze play in major league style to score the winning run. G. Gilbert crossing the plate on a bunt by R. Couture. This was the first game of the season in the Paper City and the spectators and players really made a big affair out of the event. Civic and Paper Company officials were on hand as well as league and team executive.

R. Couture who started for the Cards was credited with the win, his second of the year. It was also the second win for the team against one loss. St. Jean suffered their second consecutive loss which dropped them into third place in the league standings.

Couture was replaced on the mound in the sixth by Dubois but came on again in the seventh to finish the game. Dubois gave up four of the five hits that the St. Jean boys got.

Fortier who started for St. Jean was replaced in the seventh by Rousseau, who was replaced in turn by Mathieu in the eighth. Rousseau was the loser.

There was no score in the game until the sixth when St. Jean picked up two runs. Windsor Mills came right back in the bottom of the seventh to even the count and then held Sherbrooke scoreless in the top of the eighth. This forced the extra inning in which Windsor pulled their surprise squeeze play.

St. Jean Baptiste were to be hosts to Fuller at the local park last night but the game was rained out. The next game in the Junior League is slated for Tuesday night at the Sherbrooke Park when Windsor will pay a return visit to St. Jean Baptiste.

## Don McKelvie Whiffs 15 For First Win; Heavy Hitters On Maple Leafs' Roster; Next Game Tuesday Night At Sangster

Donald McKelvie struck out 15 and gave up only 2 hits to lead the Maple Leafs to an 8-1 win over the Royals in the opening game of the P.O.N.Y. League played at Dufrane Park Saturday afternoon. In registering his initial victory McKelvie aided his own cause as he batted .400 for 5, an impressive record in itself.

An opening ceremony preceded the game attended by several local dignitaries. Mayor Armand Nadeau smashed out one of the best "opening" hits that we have ever witnessed off Ald. Tony Pinard, who threw in the first pitch of the year.

Among others in attendance were Fred Wilson and Bill Smith of the Little League, Fred Barton-Slater, President of the P.O.N.Y. League, Gaston Lebrun, Rollie Gingues; Ivan Dugre, H. Ruel, Gilles Dube, Wally Trudeau, Claude Richer, representing Maurice Allard, MP, Gaston Roy, vice-president of the P.O.N.Y. League and M. Vaillancourt.

Viens slammed out the only home run of the game in the second inning with one on to shoot his team into a 2-0 lead. The Royals' only run came in the second inning. Blouin scored on an error by the third baseman. From then on it was the Maple Leafs all the way as they clouted six hits and four runs off of J. Earley before he was replaced by D. Gingues in the third.

Nar did the pace slacken with Gingues on the mound, for the Leafs cracked out another 5 hits to score 4 more runs. J. Fabi and S. Cotton got the only two hits off McKelvie. Houle who started for the Leafs behind the plate, was replaced in the third by Gingues who finished the game.

Cadeux was another standout in the hitting department for the winners as he hit a well placed triple. He also crossed the plate twice to tie with Viens for runs scored. Grigore, Swinden, McKelvie, and Mills each counted once for Coach Main's Leafs.

The boys put on a fine show both at bat and in the field. Errors were costly to the Royals, they had six, and this accounted in no small way for their loss.

The brand of ball displayed by the youngsters is the greatest tribute that one could pay to their organizers and coaches, not only in the P.O.N.Y. League but also those in the Little League where the boys learned their baseball.

In a post game recap with League President Fred Barton-Slater he stated that he would be pleased to see the formation of a Babe Ruth League. This would take in boys from the 15 and 16 year old age group. Should the organization of such a league be accomplished the youth of Sherbrooke would be assured of baseball from the time they joined a Little League, team when they were 7, until they were too old to play in the Senior League at the age of 20.

It is a thought well worth considering for as it stands now every boy except those in the 15-16 group have a chance to play organized ball all the summer.

The next game in the P.O.N.Y. League will be played at Sangster Park Tuesday night when the Royals will be host to the Wings. Game time is 6:30.

**Manager Alston's Pep Talk Produces Results As Dodgers Makelt Two In Row; Giants Back On Top; Braves Lose**

BALTIMORE (AP)—Billy Loos may have outlived his usefulness with the Baltimore Orioles.

Manager Paul Richards, who had almost pampered the eccentric right-hander pitcher for two years, lowered the boom Sunday with an indefinite suspension and a \$100 fine after the latest of his temper tantrums.

The disciplinary action came after Loos was ejected from the game for pushing umpire Larry Napp, a former professional boxer, in a heated argument over a call at the plate.

Loos also faces possible disciplinary action by the American League. Umpire Napp said he would file a report to league headquarters which will say Loos pushed him "more than once."

Baltimore obtained Loos in May, 1956, when Richards decided to gamble with the sore-armed pitcher. He was used sparingly that year but last season received a bonus for a 12.7 mark and made the all-star team. His 1958 record is 0-5.

In the past, Richards has reasoned: "The guy does a lot that people might not like, but you can't fault his pitching."

**Washington U. Edges UBC In Regatta Race**

SEATTLE (AP)—Washington's powerful crew whipped a stubborn University of British Columbia boat by a scant length Saturday and earned the right to compete in the Royal Henley Regatta in July. The course was 2,000 metres.

The Washington crew had been promised a trip to Henley if it won all its regularly scheduled races this year. Saturday's victory completed the sweep.

**Frank Filchock To Coach Sarnia In O.R.F.U.**

SARNIA, Ont. (CP)—Sarnia Golden Bears of the Ontario Rugby Football Union today announced signing of Frank Filchock as head coach. Filchock last season coached Saskatchewan Roughriders of the Western Interprovincial Football Union.

Filchock starred as quarterback with Grey Cup-winning Montreal Alouettes of the Big Four Football League in 1949.

He succeeds Joe Zaleski who went to Winnipeg Blue Bombers of the WIFU as assistant coach.

Filchock, 41, has been a controversial figure. His career in the National Football League came to an abrupt halt after the 1946 season when he was suspended one year for allegedly failing to report a bribe offer. He was later cleared of the charge but declined to return. He continued his playing career in Canada.

## Rocky Nelson At It Again, Blasts Two Homers As Leafs Sweep Double From Buffalo; Royals Down Red Wings

Rocky Nelson, who never has been able to stick in the major leagues, is again tearing the International League apart.

In the last four days, the veteran first baseman—three times the IL's most valuable player—has connected with four home runs and driven in 12 runs to pull away as the league leader in both departments.

Sunday Nelson hit his 19th and 20th home runs among his six hits and drove in seven runs to run his RBI total to 50 as the Leafs blasted five Buffalo pitchers for 23 hits and 6-5 and 11-6 victories.

Luke Easter also hit a pair of three-run homers for the Bisons. But four Buffalo errors in the nightcap gave the Leafs seven unearned runs.

**PITCHES ONE-HITTER**

Left-hander Joe Gibbon of the Jets pitched a brilliant one-hitter in the second game.

In the opener the Virginians scored four runs in the second inning and then coasted the rest of the way.

In Saturday's action, the Toronto-Buffalo game was postponed. Columbus took Richmond 9-3, Montreal beat Rochester 3-2 and Havana beat Miami 5-4.

Monday's schedule: Montreal at Columbus, Toronto at Richmond, Buffalo at Miami, Rochester at Havana.

**MONTREAL WINS**

In other games, Montreal beat Rochester Red Wings 7-4 in a single game, Miami Marlins swept a double header from Havana Sugar Kings 6-1 and 4-2 and Columbus Jets split with Richmond, winning the second 4-1 after dropping the opener 5-2.

In salvaging their only victory of the four game set with the Red Wings, Montreal's Royals were aided by the sun. With the score tied 3-3 in the seventh, and two men on base, Bob Lennon hoisted a long fly to centre where Duke Carmel lost it in the sun. Two runs scored and Lennon crossed the plate when the relay was bobbled.

The home run was a potent blow in the Miami sweep of two games. Bobby Usher hit a grand slam in the first game and Frank Herrera hit a three run homer in the second. Dick Bunker yielded only four hits in chalking up his third victory in the opener.

## Casey Stengel Won't Have To Look Beyond Turley For All-Star Game Hurler; Kansas City Stops Indians

Casey Stengel can pick his starting pitcher for the July 8 All-Star game at Baltimore without any delay. Bob Turley of his New York Yankees simply is burning up the American League.

Turley boosted his season worst record to 8-1 Sunday by throwing a five-hitter at the Boston Red Sox for a 10-4 romp. Using his breaking stuff more than his pet fast ball, Turley struck out 10 and took over the league lead with 83 victims.

It was Turley's eighth complete game in nine starts. Three of the runs scored by Boston came when Jackie Jensen's wind-blown pop fly to short left with the bases loaded fell just inside the foul line.

Billy Loes wound up with a \$100 fine and an indefinite suspension from Baltimore manager Paul Richards after he blew up and charged an umpire while Washington was beating the Orioles 3-2.

After Loes chased Ken Aspromonte over home plate while trying to tag him on a rundown play in the fifth, the temperamental pitcher slammed the ball to the ground and went after umpire Larry Napp. Another run scored and a runner took third as the ball rolled away.

The Chicago-Detroit game was postponed because of rain after four innings with Detroit leading 1-0 on Al Kalline's home run.

In Saturday action, it took the Yankees 10 innings to dispose of the Sox 2-1, with Ryne Duren, who came in in the ninth, picking up the win. Chicago played the perfect host to Detroit, the visitors picking up a 3-0 victory on Paul Foytack's six-hitter. Baltimore beat Washington 4-3 and Kansas City squeezed Cleveland 5-4.

## Jimmy Jones Confident Of Belmont Win

NEW YORK (AP)—Tim Tam, winner of the Kentucky Derby and the Preakness, may have as many as five rivals when he goes after the Belmont Stakes at Belmont Park Saturday.

But there's nothing in the probable field to make trainer Jimmy Jones lose any sleep over whether the Calumet Farm ace can win the final jewel in the turf's coveted triple crown.

Cavan, who staged a Silky Sullivan run from last place in winning last Saturday's Peter Pan Handicap at Belmont and his two closest pursuers, Flamingo and Nasco, definitely will oppose Tim Tam in the mile and one-half of the \$100,000 added Belmont.

A decision will be made Monday on Nouredin, third in the Kentucky Derby but an also-ran in the Preakness. And Racing Secretary Jimmy Kilroe looks for one or two more to accept the issue since the \$25,000 second money is not to be sneezed at.

## Scots Down English 5-2 In Soccer Match

VANCOUVER (CP)—Heart of Midlothian of the Scottish League defeated Manchester City of the English League 5-2 in an exhibition soccer match here Saturday night.

A crowd of 20,975 saw solid, unruffled Heart defense hold their opposition scoreless for the first 80 minutes of the game while forwards rammied home five goals.

Manchester's two goals came in the last 10 minutes of play.

Centre-forward Willis Bauld, a native of Edinburgh, who first played for Heart 12 years ago, led the scoring with two goals. Outside left John Crawford, inside left John Wardhaugh and inside right Alex Young scored one each.

Inside right John Hayes scored both of Manchester City's goals.

## Bisons Purchase Sam Mele To Aid Faltering Field

BUFFALO, N.Y. (AP)—Buffalo Bisons of the International Baseball League Friday purchased veteran outfielder Sam Mele from Indianapolis of the American Association in an effort to bolster their faltering outfield.

Mele, 35, batted .370 in the first 20 games with Indianapolis.

Purchase price was not announced.

## Army Day Program Held In Danville

The 7/11 Hussars (16th, Armoured) RCAC held a parade and civil defence demonstration at Danville in observance of Army Day.

The parade, led by Captain J. N. Gagnon formed up at the C.N.R. station and marched through the main streets and back to the Armory at the Town Hall. The army band, under W/02 Y. C. Allaire was in the lead, followed by "A"

Squadron and "B" Squadron, led by Major T. Dowler. The salute was taken in front of the Town Hall by Major. A. Royal and Major C. Hoyle.

The civil defence demonstration was most realistic. A simulated injured soldier was taken out from under a makeshift demolished structure and given first aid, placed on a stretcher and carried to base hospital.

Various methods of transportation and rescue work were demonstrated. Simulated casualties were lowered by stretcher and basket-ropes methods from the top of the Town Hall and treated for injuries.

In the drill hall were displays of firearms, ammunition and field communication systems, as well as heavy fighting equipment. A buffet lunch and cocktails

were served to invited guests and festivities closed with a dance in the Armory to music provided by the Army band.

Officers of the unit are seen above with some of their guests following the demonstration. From the left: Dr. Bruce Cooper, Major A. Royal, A. W. Bishop, V. Florent Dubois, M.P.; Major C. Hoyle; R. Lompere, Windsor Mills, and Captain Maurice Gagnon. (Record Photo by Wm. H. Lunan.)

ted church furnishing would be purchased.

As this was the last meeting until September the president announced that only one collection covering both June and July would be taken at present, with the same procedure to be followed in September for August and September.

The following tentative arrangements were made for the programs in the autumn. September, a card party; October, a fashion show; November, a demonstration of gift wrapping and in December, a business meeting would be held.

Refreshments were served, the hostesses being Mrs. F. E. Draper, Miss Marjory Steele and Mrs. J. Davidson.
