# US may develop a neutron bomb

By HAROLD MORRISON

WASHINGTON — (CP) — President Kennedy has ordered resumption of nuclear testing which, informants said today, may help develop new lightweight atomic weapons, step up on work on anti-missile rockets and possibly examine the feasibility of a new mass-killer neutron bomb.

Ending a three-year moratorium in the wake of Russia's third above-ground nuclear blast in five days, Kennedy Tuesday approved resumption of laboratory and underground tests — "with no fallout" — saying there is no other choice in meeting responsibilities to Americans "and to the security of other free nations."

Still open is the British-American proposal that Russia join with them in an immediate ban on all atmospheric nuclear tests under existing detection methods.

A Moscow broadcast—which claimed the British - American offer is just another excuse for justifying underground tests—indicated that Soviet Premier Khrushchev likely will reject the Western proposal.

**HAILED BY CANADA**

Prime Minister Diefenbaker of Canada told reporters in Ottawa Tuesday that the British-American offer "represents the wishes and hopes of mankind" and was a commendable step toward attainment of a nuclear agreement.

The Canadian government has repeatedly made clear that it is opposed to all nuclear testing.

John J. McCloy, the U.S. disarmament administrator, arranged to meet in New York today with Valerian Zorin, Soviet ambassador to the United Nations, to resume talks on setting up a multi-nation disarmament conference.

While the White House gave no details of the new tests other than that they will take place this month, informants said they will be detonated in tunnels especially prepared in the Nevada desert test site area. They emphasized there would be no danger of fallout, a contrast to Russian explosions contaminating the atmosphere However, there is no complete assurance that some radioactive materials may not leak out from the American blasts.

**SEEK NEUTRON BOMB**

The Americans are particularly interested in testing small atomic weapons for field troops; in perfecting a missile that could knock down long-range intercontinental ballistic missiles and in examining the feasibility of a neutron bomb that could destroy vast numbers of humans without extensive damage to the cities and towns in which they live.

Kennedy was under pressure for months from political and military quarters to resume testing, but made no decision until American authorities an-

## Belgrade scores threats to peace

BELGRADE — (AP) — The conference of 25 non-aligned countries ended today with an appeal to the United States and Russia to halt "war preparations" and start negotiations at once to head off nuclear destruction.

A communique summing up the five - day parley was unanimously approved at a windup meeting that ran until 1 a.m. Besides calling for peace, it dealt with colonialism and—

1. Declared the U.S. naval base at Guantanamo Bay "affects the sovereignty and integrity of Cuba."

1. Called Algerian rebel claims to French - held Sahara desert territory "just and necessary" and offered to aid the Algerians in their struggle with France.

3. Demanded immediate evacuation of French armed forces from Tunisian soil.

4. Demanded immediate freedom for Portugal's strife - torn African colony of Angola.

**NEHRU OFF TO RUSSIA**

Indian Prime Minister Nehru left for Moscow today on a visit he had scheduled before the Belgrade conference, but Indian diplomats said their leader would carry to Soviet Premier Khrushchev the conference's appeal that he meet urgently with President Kennedy. Conference sources said earlier that Nehru also would urge Khrushchev to agree to the U.S. - British proposal for a moratorium on nuclear weapon tests in the atmosphere.

President Kwame Nkrumah of Ghana also left for Moscow to pick up his family, vacationing in Russia. He was expected to talk to Khrushchev about the conference peace appeal, but did not associate himself with Nkrumah's trip.

Nkrumah still was at the Belgrade airport when Nehru arrived, but in a noticeable display of coolness the two men did not speak.

Indonesian President Sukarno and President Modibo Keita of Mali were delegated to deliver the appeal to President Kennedy in Washington Sept. 12.

## Nkrumah in Moscow

By PRESTON GROVER

MOSCOW (AP)—Prime Minister Kwame Nkrumah of Ghana beat India's Prime Minister Nehru into Moscow by 40 minutes today and presented Premier Khrushchev the first direct word from Belgrade of the non - aligned summit conference call for peace talks.

Khrushchev embraced the African leader at the foot of the gangplank of his Soviet - built Ghana Airways Ilyushin 18 airliner.

The two went immediately to a private room at Vnukova Airport to begin discussion of the conference message calling for a meeting of Khrushchev and President Kennedy.

Nehru landed 40 minutes later for an official visit to the Soviet Union. It was not clear whether he would join Nkrumah in the appeal, although the Belgrade conference had asked him to.

**PLANNED VISIT**

Nehru's visit had been planned for more than two months and some sources said he was reluctant to get it involved in world politics by bringing the Belgrade appeal.

The conference called on Kennedy and the Soviet premier to make "the most immediate" approaches to each other "to avert imminent conflict and establish peace."

After meeting Nkrumah in the private room, Khrushchev emerged to greet Nehru. President Leonid Brezhnev, Foreign Minister Andrei Gromyko and other Soviet leaders were in the welcoming party.

Little Indian girls wearing saris presented Nehru with flowers.

Khrushchev, in a welcoming speech, told Nehru:

"Your present visit and the exchange of opinions we will have on the most difficult international questions will further improve co - operation between India and the Soviet Union in the interests of peace."

It was expected that Nehru would urge Khrushchev to accept the U.S.-British proposal for a moratorium on nuclear weapons tests above ground. Radio Moscow scornfully dismissed the Western proposal Tuesday.

## Boy, 16 is killed by blast

RICHMOND — (Special) — A 16-year-old Richmond youth died Tuesday of a fractured skull and third degree burns to the hands and face received in a gasoline explosion.

Ronald Mason, son of Mr. and Mrs. John Mason of R.R. 2, Richmond, was cleaning out a 45-gallon gasoline tank around 10.30 a.m., when he lit his cigarette lighter to see if the inside of the tank was clean.

The explosion that followed threw the victim 25 feet and killed him instantly.

The body is resting at J. H. Fleury Funeral Parlor.

Funeral Service will be held on Friday, September 8, at 2.30 p.m. in the United Church, Richmond. Burial will be in St. Ann's Cemetery.

## Ask coalition for Brazil

BRASILIA — (AP) — Vice-President Joao Goulart began talks today with a wide range of political leaders to organize a new government for Brazil. Some were reported urging a coalition regime to give a voice to all parties.

Although the date for his inauguration as a figurehead president has not yet been fixed Goulart landed Tuesday night at Brazil's modern capital in the interior after his personal safety had been assured and military chiefs dropped their active opposition.

Goulart, assailed by military leaders as a dangerous leftist, will take over the position but not the power relinquished by Janio Quadros, who resigned as president Aug. 25.

Quadros' resignation caught Goulart on his way home from a visit to Communist China, and the heads of the army, navy and air force said they would not let him return to the presidency. Civil war threatened between pro-Goulart troops and civilians in south Brazil and the rest of the country's armed forces, but the military chiefs gave way after Congress transferred most of the presidential powers to a premier responsible to congress.

**CHOOSE PREMIER**

Goulart's major function as president will be to pick the premier, who then must be approved by congress.

Arriving from Porto Alegre, capital of his home state of Rio Grande do Sul in the south, Goulart praised the new parliamentary system. "I think it will calm people and pave the way for the establishment of an ideal regime," he told reporters.

After a warm welcome at the airport from almost every civilian dignitary in the capital—the military leaders had quietly left town—Goulart drove to a farm he owns 36 miles from Brasilia.

He was accompanied by Ranieri Mazzilli, president of the chamber of deputies and interim president of Brazil since Quadros' resignation, and Senate president Auro Moura Andrade.

## Beef marketed early but panic is avoided

OTTAWA (CP) — The Prairie drought has advanced the normal marketing date for beef by about three months without causing any panic sales so far, federal agriculture officials said today.

They were commenting on expanded receipts at stockyards and packing plants, up generally for the first 34 weeks of 1961 compared with the previous year.

But they said the big test will be this autumn when cattle raisers balance their herds against available fodder. The only danger then, it was agreed today, is that the pipeline to market and finishing lots may become plugged unless discretion is used by beef growers.

Even at that, the North American cattle pool would anchor the price pretty strongly either now or next year.

Since the United States and Canadian beef cattle industries are closely interlocked, it will take much more pressure than the Prairie drought to change the price structure materially, they said.

While the Canadian drought was bad, the U.S. was pretty well unaffected except for isolated areas.

Up to Aug. 26, shipments to public stockyards and to packing plants totalled 1,596,500 head, an increase of 7.3 per cent of 1960.

Much steeper was the increase in shipments of feeder cattle destined for pre - market fattening in Eastern Canada or the U.S. The 1961 total so far is 199,800 head or an increase of 22.2 per cent on 1960.

Inspected slaughter classes also rose in the 34 weeks ending Aug. 26, totalling 1,304,800 head or an increase of 4.4 per cent. Eastern Canada actually declined but Western sales were sharply higher.

## Must expect Berlin action Brandt says

BERLIN (AP) — West Berlin Mayor Willy Brandt today said the world must expect new Soviet action in Berlin within the next two weeks.

He did not say what new measures he thought the Communists would take.

Speaking to a meeting of a group calling itself Indivisible Germany, Brandt said that on Aug. 13 the Soviet bloc let East Germany annex East Berlin and thus destroy Allied responsibility for all of Berlin.

"By a kick of his boot Soviet Premier Khrushchev removed Allied rights in all Berlin," Brandt told the group which stands for German reunification.

The mayor said he had received a communication from Indian Prime Minister Nehru which indicated that Nehru felt West Berlin should not be separated from West Germany.

Brandt refused to elaborate further on the communication.

## Learn Russian Castro orders

HAVANA (AP)—Fidel Castro said today Cubans must start learning Russian.

Addressing the closing of a four-day national congress against illiteracy, Castro said he had asked the Soviet Union to supply 100 professors to teach the language to 2,000 Cuban teachers.

Castro said English must also be learned because there will be "social changes in English-speaking countries."

Castro said that, despite harrassment by "imperialism," his regime would eradicate illiteracy in Cuba this year. He said some 310,000 workers and students are teaching Cuba's 1,000,000 illiterates to read and write.

## Hold ceremony

MANCHESTER (AP) — Lord Rutherford, the man who first split the atom, was commemorated by scientists Tuesday. The scientists met at Manchester University, in whose laboratories Rutherford made the first successful experiment in nuclear fission. Rutherford died in 1937 eight years before the military extensions of his discovery were revealed to the world at Hiroshima.

## Livestock market

MONTREAL — (CP) — Receipts on the Montreal livestock markets this morning were: 45 cattle, 77 calves, 37 hogs and 19 sheep and lambs.

Tuesday receipts were: 1313 cattle, 1542 calves, 513 hogs and 578 sheep and lambs.

## City approves plan for CD truck depot

By MYER SHIMELMAN
(Record Staff Reporter)

One hundred trucks to be used for civil defence purposes will be stationed in Sherbrooke.

Agreement for this was reached by Sherbrooke city council last night.

For several weeks now the Federal Defence Board has been requesting permission from the City of Sherbrooke to station the trucks here.

These trucks would be used to transport refugees out of Montreal in event of a nuclear emergency.

They would also be stockpiled with medical supplies and other necessities which the convoy would take to Montreal.

The trucks will be stationed on the city's land on the Lennoxville highway across from the Defence Board's garage, which is near the Carnation Milk plant.

The city rented the land to the Federal Defence Board for the nominal sum of $1 per year for an indefinite period.

The actual stationing of these trucks in Sherbrooke is part of the Master Plan for Civil Defence which the Federal Government has developed.

Although it is not known yet where the trucks would bring the victims from Montreal it is assumed that they would be transported back to Sherbrooke until the radioactive fallout had cleared and the people were once again able to re-enter their own homes.

While on the subject of civil defence, Sherbrooke city council last night decided to call a special meeting of the council for this coming Saturday morning at 9.30 to discuss fully the position of Sherbrooke in the event of a nuclear disaster.

At the special meeting of the Sherbrooke city council this Saturday morning, the purchase of Howardene, winter works, the constitution of the consultative committee, and the general administration of the city will also be discussed.

## Escape East Berlin using firemen's net

BERLIN (AP)—A daring firemen's net rescue of two women and a child from East Berlin was disclosed today.

A 21-year-old West Berliner enlisted the help of seven comrades to rescue his wife, two-year-old son and his mother-in-law.

The trio was trapped in a house on Waldemarstrasse after the East Berlin Communists sealed that side of the street from the U.S. sector. In houses straddling the border, the East Germans brick up windows and doors on lower floors.

The West Berliner and his comrades stitched together a round net and showed up in the street last Monday after nightfall.

A woman in charge of the block of flats tried to stop the wife and the child and screamed for police.

The young men scaled a rainpipe, held the woman as his wife leaped and then jumped with the child just as the East German police burst into the building from the rear.

## Swayze's slip gets excused

NEW YORK (AP) — Broadcaster John Cameron Swayze's outburst of purple language, aired by error last Friday night isn't going to cost him his job with the American Broadcasting Company.

"He won't be fired," said ABC radio chief Robert Pauley. "It wasn't his fault."

Swayze's outburst occurred while he was recording a radio weather program. It was set off by breakdowns of the recording equipment, resulting in annoying delays and repeats.

## Peeper punched

WINSTON - SALEM, N.C. (AP)—A peeping tom crept up to the window of a home here Monday night and raised his head over the sill.

He was promptly punched in the nose.

Police said John Glenn watched the unidentified man approach the window, sent his fist through the screen, and knocked the intruder back. The man picked himself up and fled.

## Police seek housemaid, 5 children

MONTREAL (CP) — Montreal police are searching for a 35-year-old housemaid and five young children who disappeared from a home in suburban Griffintown Tuesday morning and have not been seen since.

Mrs. Jeanine Philibert told the police missing persons bureau that the maid, whom she hired last week and knew only by her first name, Louisa, apparently left with the five children, ranging in age from eight years to four months, at about 11 a.m.

Mrs. Thomas Carragher, a neighbor of the Philiberts, said the maid had asked her to mind the children at 10 a.m. but she had been busy and refused.

She said she saw the maid leave the house about an hour later with the children.

## Bill hits piracy

WASHINGTON (AP) — President Kennedy signed into law Tuesday a bill declaring the hijacking of an aircraft is an act of piracy punishable by penalties up to death. It would allow lesser penalties of from 20 years up to life in prison.

## Mrs. Roosevelt enters hospital

NEW YORK (AP) — Mrs. Franklin D. Roosevelt has entered Columbus Presbyterian Medical Centre for a "general checkup" that should take several days, her secretary says.

The 76-year-old Mrs. Roosevelt went to her doctor Tuesday mornnig and he ordered an immediate checkup.

## Duplessis' statue stored in Quebec

QUEBEC (CP)—A statue of the late Premier Maurice Duplessis, commissioned from a Canadian sculptor living in France by the Quebec Legislature late in 1959, has arrived here by ship and is in storage in the provincial museum pending a decision of the Quebec cabinet as to where it may be erected.

The statue was to be placed atop a lavish base near the Legislature under terms of legislation introduced by Premier Paul Sauve who succeeded Mr. Duplessis after the latter's death Sept. 7, 1959.

But the new Liberal government of Premier Jean Lesage may modify these plans.

Sculptor Emile Brunet, whose studio is in Paris, made a plaster original of the statue and then arranged for its casting in bronze. No announcement was made when the statue arrived here recently.

"It's not that we regard the matter as highly secret," said a high-ranking government official. "we simply did not think of making any announcement or show about it."

The statue is packed in a large wooden box and has been deposited in the provincial museum.

Legislation to commission a statue of Mr. Duplessis was voted by the former Union Nationale administration. The Quebec Liberals, who came to power in July 1960, had disapproved of the proposal saying the decision to erect a monument to Mr. Duplessis had been made too soon after his death.

Now that the statue has been completed and has been delivered to government authorities the Liberal government will have to decide what to do with it.

There are two possible courses:

1. Select a place for it in Quebec City as provided for in the existing legislation.

2. Introduce legislation at the next session of the Legislature to amend the act now in force and propose that the monument be erected elsewhere, perhaps in Trois-Rivieres. Mr. Duplessis was born there and represented the constituency continuously from 1927.

# Show Business

By JAMES BACON

HOLLYWOOD (AP) — Laurence Harvey says he has finally seen a movie of his that he was able to sit through from beginning to end.

The movie is Summer and Smoke, co-starring the Broadway star Geraldine Page. Once again Harvey plays an angry Southerner in Tennessee Williams' Psychotic Jungle.

"Every movie I've ever made and that includes Room at the Top, sent me out to the neighborhood pub before the ending."

Harvey says Hollywood has too many producers and not enough picture makers.

'PICTURE MAKER'

"Hal Wallis (producer of Summer and Smoke) is a picture maker."

Harvey says—and this may come as a shock to some in town—that Wallis would sooner make a good picture than money.

By ironic coincidence, Wallis is one of the wealthiest producers in town.

"Take my picture Two Loves," says Harvey. "All through it the producers kept telling me how sensational I was. Then they cut out all the scenes that motivated my odd behavior. I came out looking like an idiot.

"Wallis looks at the rushes. Then gives a frank opinion. I'd much sooner work with Hal who tells me that I did something less than sensational, so let's shoot it over again."

IN TOP DEMAND

Ever since Room at the Top, Harvey has been in top demand around town—but he hasn't forgotten his Shakespearean training with London's Old Vic.

"I've got a brilliant 90-minute script of Othello that I have shown to Claire Bloom and director John Frankenheimer. We are going to do it for television.

"After I saw Macbeth, the hammiest production I've ever seen, win five Emmies, I've been in the market myself."

Harvey was once quoted to the effect that Dame Judith Anderson and Maurice Evans should have switched roles in Macbeth.

Harvey is off to Germany for location filming on The Wonderful World of the Brothers Grimm. He plays one of the fairy tale brothers and also a dual role of an 80-year-old cobbler in a fairy tale sequence within the movie.

"It's light and it's fun," says Harvey.

HOLLYWOOD (AP) — Alan Ladd says he knows how to deal with child actors—because he learned the hard way.

Alan is the father of David Ladd, one of the hottest of the juvenile stars.

Producers are constantly sending David scripts.

"He could be working all the time," says his father, "but he only works in the summer vacation. I'll keep him normal or else. He doesn't know how much money he makes — and I'm really training him to be an Olympic diver."

In Alan's youth, he was one of the best divers in southern California. An injury prevented him from trying out for the 1932 Olympics.

"That was the greatest disappointment of my life. Now I find that David is an exceptional diver—and I've got three ex-Olympic stars coaching him."

Alan and Mrs. Ladd, former actress Sue Carol, are trying to give the 14-year-old star of Misty and Dog of Flanders as near normal a school and home life as possible.

"There are two things in my favor," says Alan.

"First I started out in this business very poor—even hungry.

"Second, I worked with Brandon de Wilde in Shane.

De Wilde, now grown up, was a child star who came to Hollywood for Shane, the western many believe one of the finest ever.

In the movie, Ladd played a gunslinging Sir Galahad who rode out of nowhere to help a dirt farm family fight off ruthless cattlemen.

"Possibly the most dramatic scene in the pictures comes when, my job done, I leave the family to ride off again. I even cry in the scene—something I seldom, if ever, have done.

"The scene was tough enough but everytime I spoke my farewell to Brandon, he crossed his eyes and stuck his tongue out at me."

Ladd, who had scared off all the heavies in the picture, said he couldn't scare Brandon.

"So I called on his dad. I said: 'Make that kid stop or I'll beat him over the head with a brick. Brandon's father started booting Brandon across the set like a football—and there were no more crossed eyes."

## AT THE GRANADA

The inevitable conflict between a domineering empire builder and his strong-willed stepson is captured in this scene between Karl Malden and Troy Donahue in the Warner Bros. Technicolor production of "PARRISH," opening today at the GRANADA Theatre. Donahue, Claudette Colbert, Malden and Dean Jagger set the starring pace for three promising newcomers in the turbulent romantic drama: Connie Stevens, Diane McBain and Sharon Hugueny.

## About Television

By CYNTHIA LOWRY

HOLLYWOOD (AP)—"Robert Cummings would rather talk about food supplements, aviation and positive thinking than about his new show," said a member of the Hollywood corps of correspondents. "No matter what you ask him, he'll slide over to his pet subjects somehow."

A few days later, Cummings finished a comedy scene in one of the episodes of The Bob Cummings Show. Then he walked over to talk as the crews set up the lights and cameras for the next shot.

"One of the problems of creating a character is that often you don't really know who he is," he began. "When I did My Hero in 1952 I never really knew the character I played, Beanblossom. Maybe that was the trouble. He was just there, without any background — no home, no family.

"But this time, I sat down and wrote a long biography for Bob Carson, the fellow I play. He started out as a lawn-mower expert who could fix those engines and went on to become a general engine expert. In the war he was a member of the Flying Tigers, was shot down and landed in an Indian village.

"One of the older tribesmen said the Indians were on his side in the war and because of that, they were going to give him the wisdom of the ages that knew no race, creed or national boundary.

"'You can be anything you want in the universe by acting as if you already are, as if you had already accomplished it, the elder statesman told him. 'But you must also do three things: tell no one, be sure you want it, and always give thanks for it.'

"So when our series opens, Bob is a positive-thinking man who owns seven airplanes, has plenty of money and spends his time doing what he wants to do—flying around as an adventurous troubleshooter."

Congo situation

# Says freedom given 'too early'

The granting of independence to the Belgian Congo in 1960 was a grave mistake, members of the Sherbrooke Rotary Club were told last night at their regular weekly meeting by Rotarian Jean Pankert, chairman of the International Service Committee and native of Belgium.

Mr. Pankert said that Belgium had a master plan whereby independence was to be granted to the Congo in 1964.

However due to excessive pressure from the Communist bloc, the Neutral block and even the United States, Belgium was forced to grant the Congo its independence four years too early.

It was this that constituted the grave error, Mr. Pankert said.

"During the decades in which Belgium was in the Congo it had raised the literacy rate to one greater than that found anywhere else in Africa as well as bringing in roads, communication services, and general industry," he said.

'In fact," Mr. Pankert told the Rotarians, "the rate of acceleration of the Congolese economy was greater than that of any other country in the world including the United States when Belgium left," Mr. Pankert said.

If Belgium had been able to stay in the Congo until 1964 it would have been able to leave the Congo a country able to stand on its own economic feet and with its own well-educated leaders.

"Since Belgium had to leave too early this was not possible," Mr. Pankert stated.

In appraising the effect of the split between the Congo and Belgium, Mr. Pankert said that Belgium has not been hurt as much as some people would imagine as Belgium is now in at "boom" period and will be able to survive the loss without disastrous economic effects.

Mr. Pankert said that one of the reasons why Belgium, a colonial power, had planned to give independence to the Congo was that Belgium had had to fight for its own independence four times in the past 70 years and it knew the value of freedom.

It is a twist of history that the same countries that pressured Belgium into giving the Congo its independence ahead of schedule are now blaming Belgium for giving the Congo its independence so early, Mr Pankert concluded.

## Manitoban hurt in crash

Twenty-three year old Tony Sander of Manitoba was taken to the St. Vincent de Paul Hospital following an accident on the corner of Alexander and King West early this morning.

Mr. Sander received slight cuts to the left hand and right knee and was released from the hospital later this morning.

According to Sherbrooke police, Sander was driving along King West at 12.17 a.m. when he tried to stop for a changing traffic light. He slammed on his brakes and skidded into a parked car owned by Charles Wilton of Montreal.

Damage to both cars was reported as slight.

# Annual Brome Fair ends Tuesday; total attendance set at 35,000

By SANDRA PICKFORD
(Record Staff Reporter)

BROME — Attendance at the 105th Annual Fall Exhibition of the Brome Agricultural Society remained about the same as last year as the fair closed its gates for another year Tuesday.

According to Albert Smith, secretary - treasurer of the Brome Fair some 5,000 made their way through the gates yesterday to boost the total attendance for the fair to some 35,000 people.

The big day of the fair was Monday, Labor Day, when an estimated 14,000 people crowded through Fair gates and packed both the midway and the grandstand.

"It's been a good year, this year." said the secretary-treasurer. "I think everyone should be well satisfied."

Mr. Smith attributed the exceptionally warm weather and the grandstand to the success of the fair this year. "It's too bad we couldn't have had this weather last year at fair time. Our attendance figures could have gone way over the top." he said.

"The grandstand was very good this year," said Mr. Smith. "It sure drew the crowds. Last year is was too cold to even sit on the grandstand out there but this year the grandstand was packed." he said.

Supplying amusement for the fair-goers was the Royal Crown midway and Gastoni Attractions on the grandstand. Fair directors described the midway as one of the bigest and the best ever to appear at the Brome Fair.

Entries in all sections were higher than last year. There were 133 entries this year as compared to 127 entries last year.

Cattle entries were reported as exceptionally high this year with the stalls filled to overflowing. Some 80 head of Holstein were shown this year, a larger number than anticipated. There was also a good showing of Jersey but there were about the same number of Ayrshire, Guernsey, and Canadians as in previous years.

While entries were about the same in the horses, there were more ponies entered this year than ever before at the Brome fair.

Directors said there were

Sherbrooke court cases

# 8 plead not guilty to entering cottage

Eight Eastern Townships youths between the ages of 18 and 25 appeared before Judge Edouard Boisvert in Sherbrooke Court of Sessions Tuesday on Charges of breaking into a summer cottage in Deauville, belonging to Calixte Labonte.

The eight pleaded not guilty after their lawyer explained that they had been drinking alcoholic beveroges over the holiday weekend and had "accidentally" entered the wrong cottage.

Their case will be heard on September 7.

The eight were: Lionel Prevost, Bert Montmigny, Serge Thibault, Hubert Fillion, Normand Bellavance, Andre Lamontagne, Claude Poulin and Marcel Lord.

**A 20-year-old Sherbrooke youth appeared in Sherbrooke Court of Sessions Tuesday and pleaded not guilty to two charges of assaulting a woman.**

**Gordon Ayotte pleaded not guilty to the charges and had his trial set for September 7.**

**Since Ayotte has a record with the Sherbrooke courts, bail was set at $500 in cash or $950 in property.**

## Friendship gavel presented

At a regular meeting of the Optimist Club of Sherbrooke last night, President Raymond Dionne received from the hands of Jacques Roy, resident of the Levis Club an international friendship gavel.

The gavel is on a three year tour of Optimist Clubs in the United States and Canada and signifies the warm bond of friendship between the two countries. The Sherbrooke Club, in turn, will present it to one of the Montreal clubs next week.

For the occasion, Dr. Robert Powers also of Levis and Lt.-Governor of the District addressed the members.

The annual Golf Tournament between the Sherbrooke and Lennoxville Clubs will be held Sunday at Waterville.

## School Fair

COOKSHIRE — The local Women's Institute will sponsor a School Fair in the United Church Hall on Tuesday, Sept. 12.

All exhibits should be in place by 10 a.m.

## Road paving contract given

INVERNESS — A road paving contract has been given to Fabi et Fils of Sherbrooke to asphalt cover the roadbed from Inverness village for a distance of six miles to the St. Julie turn, where the road connects to Route 5 between Plessisville and Laurieville.

For the past month ten trucks have been hauling gravel to level-off the surface and the contractor will start covering the bed by the middle of this month.

Iron out own differences, says council

# Taxis quarrel over stands

Which taxis will be stationed where, was the question put before the Sherbrooke city council Tuesday evening by delegations from both Sherbrooke taxi companies, the Blue Veterans and the Red Diamond.

The dispute arose several weeks ago when the Blue Veterans bought from Laramee Autobus Inc. the right to station seven taxis at the Laramee bus terminal.

This area was previously occupied by the Red Diamond taxis.

As soon as the Veterans got the space at the bus terminal, the Red Diamond asked city council's permission to station four taxis in front of the terminal on King Street West.

This latter request was refused on the grounds, that it would hinder the free flow of traffic.

At last night's meeting, the Veterans suggested that telephones be installed at the bus terminal so that clients could phone whichever company they chose.

The Red Diamond taxis were against this suggestion as they claimed that the Veterans had more cars in the downtown area than they.

Their counter-proposal was to cut out all exclusive territories and have both companies share all the taxi spots in town on a per-car basis.

This mans that the Diamond people with 53 taxis would have approximately two cars in every spot to the Veterans one The Veterans have 23 cars.

After much discussion on this subject Council voted to give the companies three months to settle their own troubles.

If a solution has not been reached by that time council will bring down its own judgement.

## Winter works cheque received

A cheque for $86,000 was received by the city of Sherbrooke Tuesday to cover the city's participation in winter works during the past year.

This cheque represents the provincial and federal grants to the city for the work.

The provincial government paid for 40 per cent of the labor costs of the winter works while the federal government paid for 50 per cent of the labor costs.

This left the city to pay 10 per cent of labor costs and the entire cost of the materials.

Thus of the $329,194 that winter works cost the City of Sherbrooke this past year, $268,759 was paid out of the city coffers.

On receipt of the cheque Mayor Armand Nadeau said that to the best of his knowledge that Sherbrooke was the first city in the province to receive such a cheque and that this shows that the governments are satisfied with the work being done in Sherbrooke and also that they trust Sherbrooke's accounting system.

**At the Sherbrooke city council meeting Tuesday evening alderman Antonio Pinard objected to the delay between the opening of tenders and the awarding of the contract.**

**The discussion was started by Alderman Everett Nicol when he asked director of services Charles Langlois when payment authorization would come before the council for a tractor on which council had approved tenders three weeks ago.**

**Langlois replied that he had written one of the companies to find out where the spare parts could be obtained.**

Lennoxville council

# Members of the fire department commended for prompt reaction

A regular session of the Lennoxville Town Council was held last night at Lennoxville Town Hall with Mayor Ernest Gilbey in charge.

One of the topics of the meeting that held the interest of aldermen was in connection with the fire practice held at Lennoxville High School last Sunday at 6 a.m.

Mayor Gilbey said: "I was very happy with the operation of the volunteer firemen." The mayor added that within four and one-half minutes after sounding the alarm, six men were on the job with the main unit of the department while within six and one-half minutes, the fire was out with a total of 12 men and two pieces of equipment on the job.

Said Alderman Brown — the only person who knew of the operation at the time: "The fire practice was unrehearsed in everyway."

All aldermen present at the meeting added their praise and congratulations to Alderman Brown and the volunteer firemen.

The fire itself was in a pile of rubish in the school rink and flames from the blaze never reached any great height.

* * *

**Alderman Brown reported that 44 tickets were handed out by Lennoxville police in the month of August and that no breakins or arrests had been reported or made.**

**In addition, police constables received three practice shoots with the pistol on the Sandhill ranges during the same month.**

* * *

With regards to civil defence measures, Mayor Gilbey reported that a letter had been written to Federal authorities in Ottawa several days ago to ask for a qualified person to aid the council in such matters.

At last night's meeting, the mayor told council that further discussion on the CD issue would have to wait pending investigation and talks with the regional representative from the federal government agency.

* * *

**Alderman Taylor was appointed pro-mayor for the coming three months.**

* * *

A protest was received by council concerning evaluation of several lots on St. Francis Street.

Mayor Gilbey stated that the town's evaluators had seen the protest and had recommended that a suitable change be made.

Motion was carried by the council and passed.

* * *

**In presenting the financial report for this month, it was noted that some $4,000 had yet to be received in back taxes. Council expressed concern over the matter and called for some immediate action in collecting and balancing the accounts.**

A request to put oil tanks owned by Clarke-Taylor Company on private property was considered by Council and action on the matter was deferred until legal authorities could be contacted for more discussion.

The reason for such a decision was that council needed an opinion on responsibility for the tanks in case of some accident.

Sweetsburg courts

# Woman sent to trial on bogus bill charge

SWEETSBURG. — Miss Gerard Plante, who has an unknown address, was committed for trial at the next term of the criminal assizes for the district of Bedford in autumn 1961, to answer charges that she was in possession of and had illegally passed $10 counterfeit Canadian bills.

Andre Ratelle of Montreal and Fernand Jutras of Sherbrooke, were two witnesses yesterday.

They had been given one and two months sentences respectively when they pleaded guilty to a similar accusation as Miss Plante.

Both these two said that Miss Plante knew that the bills were phony and that she had passed them in a grill in Richelieu, in a restaurant in St. Paul and in a Granby service station. The fourth bill was burned by Jutras, he claimed.

Pierre Beaudry of Sherbrooke — defending counsel — stated that his client did not know that she was passing counterfeit money.

Another witness heard yesterday was Arthur Cotnoir, employed in Arsene Dame's service station in Granby, who stated that he informed police when he saw the poney bill. He identified Miss Plante as the person who gave him the bill.

Other witnesses heard were Joseph-Alfred Michaud of the Granby Police; Constables Gerard and Paul Robert of the Mu-ard Jacques and Paul Robert of the Municipal Granby Police; Gilbert Levesque of the Quebec Provincial Police and James Nesbitt of Ottawa.

Defendant's counsel Beaudry presented a motion to drop the charges against Miss Plante because there was not enough evidence to hold her. However, Judge Delaney rejected the motion

## Khrushchev's motives

The Soviet Union has now detonated a third nuclear device in its current series of tests.

And all of these, we are told through the U.S. atomic energy commission, have been in the low to intermediate range.

The unimpressive quality of the tests gives rise to speculation as to Premier Khrushchev's motives in ending the voluntary test ban in defiance of world opinion.

Was he merely trying to flex his muscles to frighten timid souls in the West? — This hardly seems likely since he has yet to detonate anything like the super-bomb that has been his boast in recent weeks.

Was he trying to impress the uncommitted nations? — Again the answer would seem to be in the negative and for much the same reason. In any event, sentiment emerging from the neutralist summit meeting in Belgrade would indicate that if this was his motive it represents a serious miscalculation.

This gives ground for a new speculation and a more optimistic one. — It could be that Mr. Khrushchev is not at all convinced that Soviet weapons are a match for these of the West, successes in space missiles not withstanding.

There are those who say that the United States has no further need for atomic testing; that experience gained at past ones has given its scientists sufficient know-how to work out all related problems in theory without the risk and expense involved in actual testing.

Could it be that the Russians have not yet reached this level of sophistication?

And could their haste in detonating run-of-the-mill bombs in the atmosphere be a tip-off that they lack the techniques for underground tests?

## Civil defence bureau

Delegates to the 40th annual convention of the Quebec Union of municipalities were told last weekend that Quebec will shortly set up its own provincial civil defence bureau, financed by funds from the Federal treasury.

Denis Amyot, Quebec representative of the federal Emergency Measures Organization said that the new bureau would act as a technical counsel for municipalities, and would appraise and evaluate community civil defence programs.

The new bureau will also have authority to coordinate civil defence programs on a regional as well as a provincial basis.

Creation of the bureau is a welcome development.

For communities seeking expert help in setting up some sort of civil defence program, it will cut red tape to a minimum while providing them with an agency that will be able to help solve their civil defence problems.

It will act as a setter of civil defence standards for the province, and through its work, will be able to see that the standards are maintained evenly throughout the province.

The bureau should answer any complaints that communities may have that not enough government advice and aid is available in Quebec on the subject of national survival.

It will now be up to every community to use the bureau to good advantage. There can be no valid excuse for inaction.

## Cutting hospital care costs

Many communities in the United States and Canada are watching with more than ordinary interest an innovation being carried out by a hospital in Winston-Salem, N.C. It is a "minimal care" building, an adjunct to the regular hospital, for patients who are convalescing or who do not require complete hospital care.

The unit, a former student nurses' residence, is described in the American professional journal Hospitals. It was opened when a survey showed that at least one out of five patients did not really need the full hospital facilities.

It has been found that the minimal care unit requires only one employee for every three patients as against nearly three employees for every patient in the regular hospital.

As a result, patients pay in some instances only half as much for a room as they would ordinarily.

They administer their own medicines, eat in a cafeteria and have greater freedom from hospital routine.

## New Gatineau Valley prison is more like a pleasant camp

By JACK VAN DUSEN
Canadian Press Staff Writer

STE. CECILE DE MASHAM, Que., (CP) — The hum of a power mower cut through the warm stillness as lanky Romeo Fortin looked over a rural scene 30 miles north of Ottawa.

Hot sun was reflected off the surface of a tiny lake at the foot of a rolling lawn. It tanned the back of the man pushing the mower, who only a few weeks before had been locked in a prison cell.

Young men, bare-backed and wearing orange - colored trousers, were sawing lumber nearby and across the lake crews surveyed and dug out the slope of a hill where a dining hall will be built.

They were all convicts—inmates of a valley prison camp framed by the Gatineau's hills and evergreens.

Mr. Fortin, a grey-haired former army sergeant, is head of the new Gatineau Correctional Work Camp located about six miles from this tiny community. Its grounds are patrolled day and night by guards—but they are unarmed.

The only things on the property remotely approaching weapons are three fishing rods.

Deer have been spotted by the advance guard of 20 prisoners and trout and whitefish have been hauled from the 10-acre Lac Leblanc.

The prison camp being whipped into shape by Mr. Fortin, his few guards and the 20 prisoners eventually will have 88 inmates.

It's one of many that will be spotted across the country by federal justice department for two reasons—to help selected prisoners adapt to the outside world after a prison term; and to do work on Canada's natural resources that perhaps would not otherwise be done in this generation.

Similar projects now are underway at Beaver Creek, in the Georgian Bay area; Agassiz, 70 miles from Vancouver; and Petawawa, Ont., in the big military camp there.

"It's a wonderful way for a man to find himself," said Mr. Fortin, appointed head of the camp after 15 years as tailoring instructor in St. Vincent de Paul penitentiary, Montreal.

"A man who spends two or three years in prison needs a period of adjustment before he goes back into the world. A few months here and he will be able mentally and physically to make it."

The inmates, selected on mental and physical aptitude from Quebec's some 2,000 federal prisoners, will be able to fish, swim, and take part in other sports such as baseball and football.

When the pre-fabricated buildings are up, facilities will include television and a library.

But the prisoners will have to work for their pay of 45 to 55 cents a day.

Up at dawn, they will put in a five-day, 40-hour work week slashing at underbrush, chopping trees and building roads—preparing a 1,000-acre area of the giant park around the lake for future generations of picnickers and swimmers.

When the area is cleaned up and no other work remains within easy distance, the prefabricated camp will be moved to another area of the federal park, which boasts 39 similar lakes.

The 20 prisoners now in camp range from 20 to 45 years of age and are serving time for comparatively minor offences.

"We don't take drug addicts, men charged with violent crimes or those who would likely try to escape," said Mr. Fortin, who drives his charges to the Roman Catholic church at Masham every Sunday for mass. The only Protestant prisoner is taken to Wakefield for Sunday service.

### VERSATILE MAC

LONDON (CP)—There is no end to the supply of newspaper nicknames for Prime Minister Macmillan. He has been Mac the Knife, Macwonder, and Supermac. Latest tag, inspired by Common Market talks, is from the Economist: Euromac.

matter of fact

A golfer spends most of an afternoon playing 18 holes. Yet only during a fraction of that time does he "play golf." Stop-watch tests show that for 18 holes a golfer spends an average of 12 minutes addressing and hitting the ball. The rest of the time he walks. Golf, it appears, is a long hike with some interruptions.

Politics in Britain:

## Tricky navigation lies ahead

By DOUG MARSHALL
Canadian Press Staff Writer

LONDON (CP)—Britain's political parties are heading for their annual fall conferences fully aware that some of the trickiest navigation in British parliamentary history lies ahead.

The government's problems are basic. The current economic crisis has caused the worst slump in Conservative prestige since Suez and the danger of a split looms over the Common Market question.

Selwyn Lloyd, chancellor of the exchequer, faces stiff criticism from elements in his own party for his short-term measures to stabilize the country's finances.

His July budget, which established a wage freeze and a 10-per-cent boost in purchase and excise tax, has taken the wind out of the affluent sails with which the Tories swept through the 1950s.

* * *

The old campaigning slogan—"You've never had it so good"—has been altered by street-corner wits to, "You've never been had so good.

Some Conservatives are also disturbed by Lloyd's refusal to permit any industrial expansion that does not directly improve the balance of trade. They argue these measures are harming Britain's long-term development.

The clash of principles over the Common Market question could prove more spectacular. Despite vociferous protests from right - wing Conservatives Prime Minister Macmillan has made a formal application to join the European Economic Community.

A key figure in the debate over this decision will be Viscount Hailsham, present minister of science and the former chairman of the Conservative party organization, who rallied the reeling Conservatives after the Suez debacle.

Although he does not count for much in the cabinet, Lord Hailsham is gifted with a fiery eloquence that has won him power within the Conservative organization. At last year's conference he was given an ovation that exceeded that of any other ministers.

Formerly Quintin McGarel Hogg, Lord Hailsham had a promising career in the House of Commons cut short when he succeeded to his father's title in 1950. Since then he has contented himself by playing a back-room role and occasionally startling the House of Lords with a brilliant speech.

Lord Hailsham could have the leadership of the anti-European wing of the Conservatives any time he wants it. If he takes this opportunity at the coming conference, he could be responsible for splitting the party.

Many observers think he will choose another path. With his popularity and prestige, he is in an excellent position to reconcile the warring factions and lead the Conservatives forward to a new unity.

The vision of another 10 years of Conservative rule is one of the psychological factors that keeps the parliamentary Labor party hovering on the verge of a nervous breakdown.

* * *

The Common Market decision is as much a threat to Labor unity as it is to the Conservatives, and Opposition Leader Hugh Gaitskell's principal job will be to forge some sort of common party policy out of conference discussions.

The party also faces crises of conscience over the arrival of German troops to train on British soil.

One triumph seems in store for Gaitskell.

The conference is almost certain to revoke last year's unilateral disarmament motion, which he opposed, and switch to a moderate multilateral program.

### SWINDLE SAVES NORTH OVERBID

North's jump to seven spades over his partner's five no-trump call was a distinct overbid. True, North knew that South was suggesting a grand slam contract, but North had only 13 high card points.

The way the cards lay, South's decision to go to seven no-trump was a life saver. A heart or club opening by East would have knocked the spade grand slam out of the box.

A heart opening would also have beaten South's seven no-trump, but West made the normal, safe lead of the ten of diamonds. South promptly ran off three diamonds and discarded a club from dummy.

At this point West showed his hand and remarked, "You are down one."

South took out his watch, put it on the table and remarked, "If you set me you can have this too!"

Do you see how South was able to make the hand?

He did it with a criss-cross squeeze. He just ran off all dummy's seven spades and discarded down to the singleton ace of clubs.

West had to discard down to three cards and could not keep both his kings guarded. If he unguarded the club, South could lead a club to his ace; return to dummy with the ace of hearts and make the thirteenth trick with the ten of clubs. If West unguarded the heart, South would cash dummy's ace of hearts and make his queen.

'An aggressive bunch'

## Town seeks future in pulpwood

By JIM PEACOCK
Canadian Press Staff Writer

GRANDE PRAIRIE, Alta. (CP) — After talking with the people of Grande Prairie you might think you hear the sound of a woodsman's axe biting into the first pulpwood tree for a new industry.

By tomorrow it might be as real as the faith and fortitude of the city's residents.

"The people here are an aggressive bunch," said Mel Rodacker.

"When they get hold of an idea and they really want it, They'll argue and disagree, but they won't let go."

Mr. Rodacker, garage operator and president of Grande Prairie's chamber of commerce who has lived in the Peace River district since 1928 when he homesteaded near here, spoke convincingly in an interview.

But he was no more convincing than the attitude encountered among other residents later.

* * *

"This is a young man's country," said Mayor George Repka, who is 46. "We've got to use vision and have faith in it. With that there's no reason why we shouldn't develop."

Mr. Rodacker, Mayor Repka, industrial commissioner Gordon Moon, Magistrate R. E. Baynes, newspaper editor Jim Bowes, potato farmer-distributor Jacob Thalen, among others, all gave evidence of this vision and faith in Grande Prairie, a Peace River community 290 road miles northwest of Edmonton.

Grande Prairie people believe the future is to be just as rosy as the last decade, with prospects in the near future for a pulp mill that at peak periods would employ directly 2,000 persons.

Canadian Forest Products Limited has put up a $40,000 option on timber held by a group of 40 Grande Prairie businessmen who uncovered pulpwood potential while carrying out investigations in their successful campaign to make the Peace River area the southern terminus of the proposed rail line to Pine Point in the Northwest Territories.

* * *

If the company exercises its option, the 40 men will be paid $500,000 for their holdings.

The Pine Point railway, route of which now is being surveyed, the proposed Peace River power project in B.C. and any other northern developments are seen as boosts for this city.

Grande Prairie with its increase in population to 8,500 from the 2,500 here in 1950, and its $15,000,000 in new building in the same decade, offers proof that it is an expanding centre with lasting growth.

Its economy is basically agricultural, as it has been since it was first founded in 1909 by Argonauts Limited, a group of pioneers who displayed the same faith in the area that its present-day occupants show.

The city, however, is no longer entirely dependent upon the farmer for its upkeep having added during the last 10 years a $2,500,000 oil refinery, a lumber mill and a plywood plant. The latter two even now are being expanded.

* * *

As a distribution centre for an area containing some 35,000 people, Grande Prairie's service industries also have expanded, giving the city a steady economy that saw less than five per cent of its work force unemployed during 1960.

"I think we're on the threshold of getting a more mixed economy that will make for a more solid area," Mr. Rodacker said. "Gas and oil is being found and developed. Peace River power is close enough to do us a lot of good with cheap power attracting industry.

"And an integrated forest industry that will include pulp, lumber, hardboard, plywood and probably newsprint production is indicated."

Magistrate Baynes, a veteran of nearly 30 years with the RCMP, including many years in its criminal investigation branch, has observed the city for 10 years from his seat on the bench. He is not noted as an optimist, but he said:

"It is safe to say that Grande Prairie will grow. I don't anticipate it will ever be a metropolis, but its basic economy is sound.

"For years the Peace River area as a whole has received a lot of black eyes. Anytime it was mentioned to me, I was told of all its drawbacks. There are drawbacks, but each year they diminish and the opportunities grow."

### MODEST PROGRAM

LONDON (CP) — Britain's "modest space research program" is giving better value for money spent than that of any other nation, a science ministry spokesman told the House of Commons. Actually sending people into space, as the Russians and Americans were doing is a most expensive hobby, he said.

### FIFTEEN YEARS AGO

(From the Record of Friday, September 6, 1946))

To officially open their annual campaign for memberships and donations, officers of the Sherbrooke Library tendered a dinner last night at the Chateau Frontenac for canvassers. President Lewis Rosenbloom was in the chair, and guest speaker was Dr. J. D. Jefferies, professor of education at Bishop's University, whose topic was "The Beginning of Books". The speaker was introduced by Mr. E. G. Bascom and was thanked by Mr. Neil Ganter.

### FIVE YEARS AGO

(From the Record of Thursday, September 6, 1956)

The Quebec Transport Board hearing the application of Laramee Service Inc., for an increase in its urban bus fares in Sherbrooke and Lennoxville was told this morning that the company experienced a deficit of $5,000 for the first half of 1956 and that it estimated the deficit would amount to $17,000 for the fiscal year ending January 31, 1957, if the present rate structure was maintained.

Fire originating in kitchen stove pipes of a veteran's farm home a few miles from Cowansville, completely levelled the two-storey building and left homeless the family of ten of Mr. and Mrs. Fred Elms.

The Quebec Agricultural Department announced that Mr. H. N. Curtis, of North Hatley was named the king of maple syrup for 1956.

## Melbourne celebration

# Mark 100th year of family home

MELBOURNE — (Special) — A Wilkins family reunion was held at the home of Mr. and Mrs. Ernest R. Wilkins, Melbourne Ridge on Sunday, September 3rd, to celebrate the 100th anniversary of the house, which was built by the first of five generations of Wilkins, John Wilkins in 1861.

Mr. Wilkins came to the farm now owned by Ernest R. Wilkins in the year 1847 and began to make ashes, clear up his land and erect his buildings. Although small of stature, he could do his day's work with many a larger man, and was of a rugged, hardy nature, and with a determined disposition. Many were the interesting stories he could tell of the early days. Although Mr. Wilkins never went to school more than one year, he was a great reader.

He built the house in which he died, in his 94th year 1861.

All the inside work was done by himself, with the exception of one outside door. A few years later he built what was for those early days a very large barn.

The farm was taken over by his son Ernest N. Wilkins,

JOHN WILKINS

prior to his father's death, who lived on the farm until 1921, when his son John took over the farm, selling to his two sons Douglas and Ernest in 1949. Later Douglas sold to his brother, and now Richard Allen, son of Mr. and Mrs. Ernest Wilkins is the fifth generation of Wilkins on the home farm.

Mr. and Mrs. Wilkins welcomed the relatives which gathered for the day, numbering 24 at dinner and 28 at suppertime.

Summer flowers decorated the house and the long table seating the family looked attractive with flowers centering the table and 100th anniversary cakes at either end.

During the afternoon pictures were taken and tours were made about the farm.

Those present were Mr. Norris Wilkins of Regina, Sask., Mr. and Mrs. Ernest Hills, Mr. and Mrs. Herbert Hills of Montpelier, Vt., Mr. and Mrs. Dean Hills and Messrs. Douglas and Robert Hills of Barre, Vt., Mr. and Mrs. Lyall Pariseau and family the Misses Norma and Marlene and Mr. Kenneth Pariseau of Sherbrooke, Mr. and Mrs. Osborne Wilkins and family, Wayne, Warren, Kathleen and Dean of Melbourne Ridge, Mrs. F. A. Fleck, Mr. and Mrs. H. W. Dapp and Mr. and Mrs. John Wilkins of Melbourne.

about 70 ponies entered in competition this year.

"Darndest mess of ponies I ever saw" added one director.

While entries in the poultry division were about the same judges said the quality of birds was considerably better. In the Swine section there was a good showing but again entries were about the same as last year.

The Industrial building proved to be a huge success at Brome Fair this year. All spaces were rented and filled. "We could have rented the space in the Industrial arts building ten times over," said Mr. Smith. "Space is limited there and we certainly need more.

Entries were reported down some in the Horticultural department. Preserves were reported as the same as well as vegetables but flowers were way down. Baking and maple exhibits were way up.

Judges in the horticultural department said that the entries in the honey section were the largest ever at Brome Fair.

In the Butter and Cheese sections, entries were about the same. Swiss cheese entries were reported as good.

The maple entries were very good this year, bigger and better than ever before, judges reported.

Judging of the Jersey, Canadians, Holsteins, Guernseys, Ayrshire as well as the judging of the regular and special classes of horses was completed late Monday and Tuesday and the various trophies were awarded Tuesday.

The Marshall Miller Perpetual trophy for the best holstein cow and daughter was awarded to Alan Dowbiggin of Austin. This is the first year the trophy has ever been awarded at Brome Fair.

The George McClay Perpetual Memorial Trophy donated by Glenn Brown to any member exhibiting in three or more of the swine, sheep, cattle, horses or farm praducts classes went to John Beerworth of Brome.

Doug McKenzie of Knowlton was awarded the Glencameron challenge trophy in the Ayrshire specials awarded to the best herd of four dairy cows shown in the Ayrshire section.

The trophy for the highest points in both the agricultural and horticultural departments went to Mr. and Mrs. L. P. Knowlton of Knowlton's Landing.

Earl Bullock of Glen Sutton was the lucky winner of a $500 cash prize in the Knowlton Lions Club Welfare Fund drawing drawn Tuesday at Brome Fair. Mr. Bullock's ticket number was 0769.

nounced that Russia had detonated her third atmospheric nuclear explosion over Central Asia Tuesday. Kennedy notified Britain, France and West Germany of his decision before making it public.

American atomic sources said the series of explosions which Russia started seem to be of a kind undertaken by the United States in the past. If this was the case, Russia might undertake another dozen explosions before the series ends.

**JAPAN OPPOSES TESTS**

Japan, target of American Second World War atomic bombing, today strongly urged the United States not to carry out the tests. Foreign Minister Zentaro Kosaka said "we have long considered, from the humanitarian view, that the ban on nuclear weapon tests is the first step toward the abolition of nuclear weapons as a whole."

Japan reported new radioactive clouds drifting over Japanese centres and U.S. officials said these clouds eventually may extend over North America. So far Russian explosions have been of a relatively low yield with no threat of any major contamination danger.

The danger is lessened by the fact that during the three years of the atomic moratorium much of the dangerous fallout has been cleaned from the skies.

## In Memoriam

LODGE — In loving memory of a dear father and grandfather, William N. Lodge, who passed away suddenly five years ago today, September 5, 1956.

Beautiful memories woven in gold,
This is a thought we tenderly hold,
Deep in our hearts his memory is kept,
To love, to cherish, and never forget.

Lovingly remembered and missed by,
IRENE and ROY (daughter),
HOWARD and FRANCES (son),
PEARL and ALTON (daughter),
KATHLEEN, BILLY and BRIAN and MARLENE (grandchildren).

McCREA — In loving memory of a dear husband and father, Ivan McCrea, who departed this life, Sept. 6th, 1960.

T'is a lonely life without you, dear Ivan,
And sad has been the way,
For life at home has not been the same,
Since God called you away.
And those who loved you dearly,
Are the ones who never forget.

Sadly missed by your loving wife, PEARL.
MR. & MRS. WALTER McCREA, (son and daughter-in-law);
MR. & MRS. JAMES KELLY,
MR. & MRS. LINCOLN EGAN,
MR. & MRS. FRANCIS CAMPBELL (daughters and sons-in-law).

# Knowlton Pony Club lists Horse Show prize-winners

KNOWLTON — The Pony Club Horse Show which took place here recently turned out to be a real success, despite the rain, which failed to dampen the spirits of the young riders.

Originally scheduled to be held in the meadow on the R. B. Call Farm, the competitions had to be run on the ring in front of the stables. Judy Rotherham, Claudia Southam and Daphne Tucker were top winners of the various events.

A carefully prepared Musical Ride, which highlighted the show involved about 20 riders divided into two teams, which formed into many different and interesting patterns, performed expertly and with much confidence. Instructor of the Club, Miss Fiona Morrison, is to be congratulated on the work done by her pupils.

Miss Barbara Kemp was the judge and Scotty Sellars, ringmaster, Thomas Poulton, master of the jumps, and R. B. Call, the announcer. Robin Love and Peter O'Brian were in charge of refreshments.

The committee in charge of staging the show composed Joanna McLean, Phyllis Allen, Carol Doucet, Sheila McLean, Judy Rotherham, Diana Tucker, Daphne Tucker, Tommy Poulton and Janet Caron. Advisors were, Fiona Morrison, Lilian Stein, Jackie Evans and Mark Smith.

The Club is most grateful to R. B. Call, whose kindness permits the show to be held on his property each year.

The results of the events are as follows:

**TROPHIES**

Rudel Cup, Judy Rotherham.

Morrison Cup, Sheila MacLean, honorable mention Anne Kerrigan.

Foster Horse Show Cup, Heather MacDougall; honourable mention Ginny Harvey and Mary Johnson.

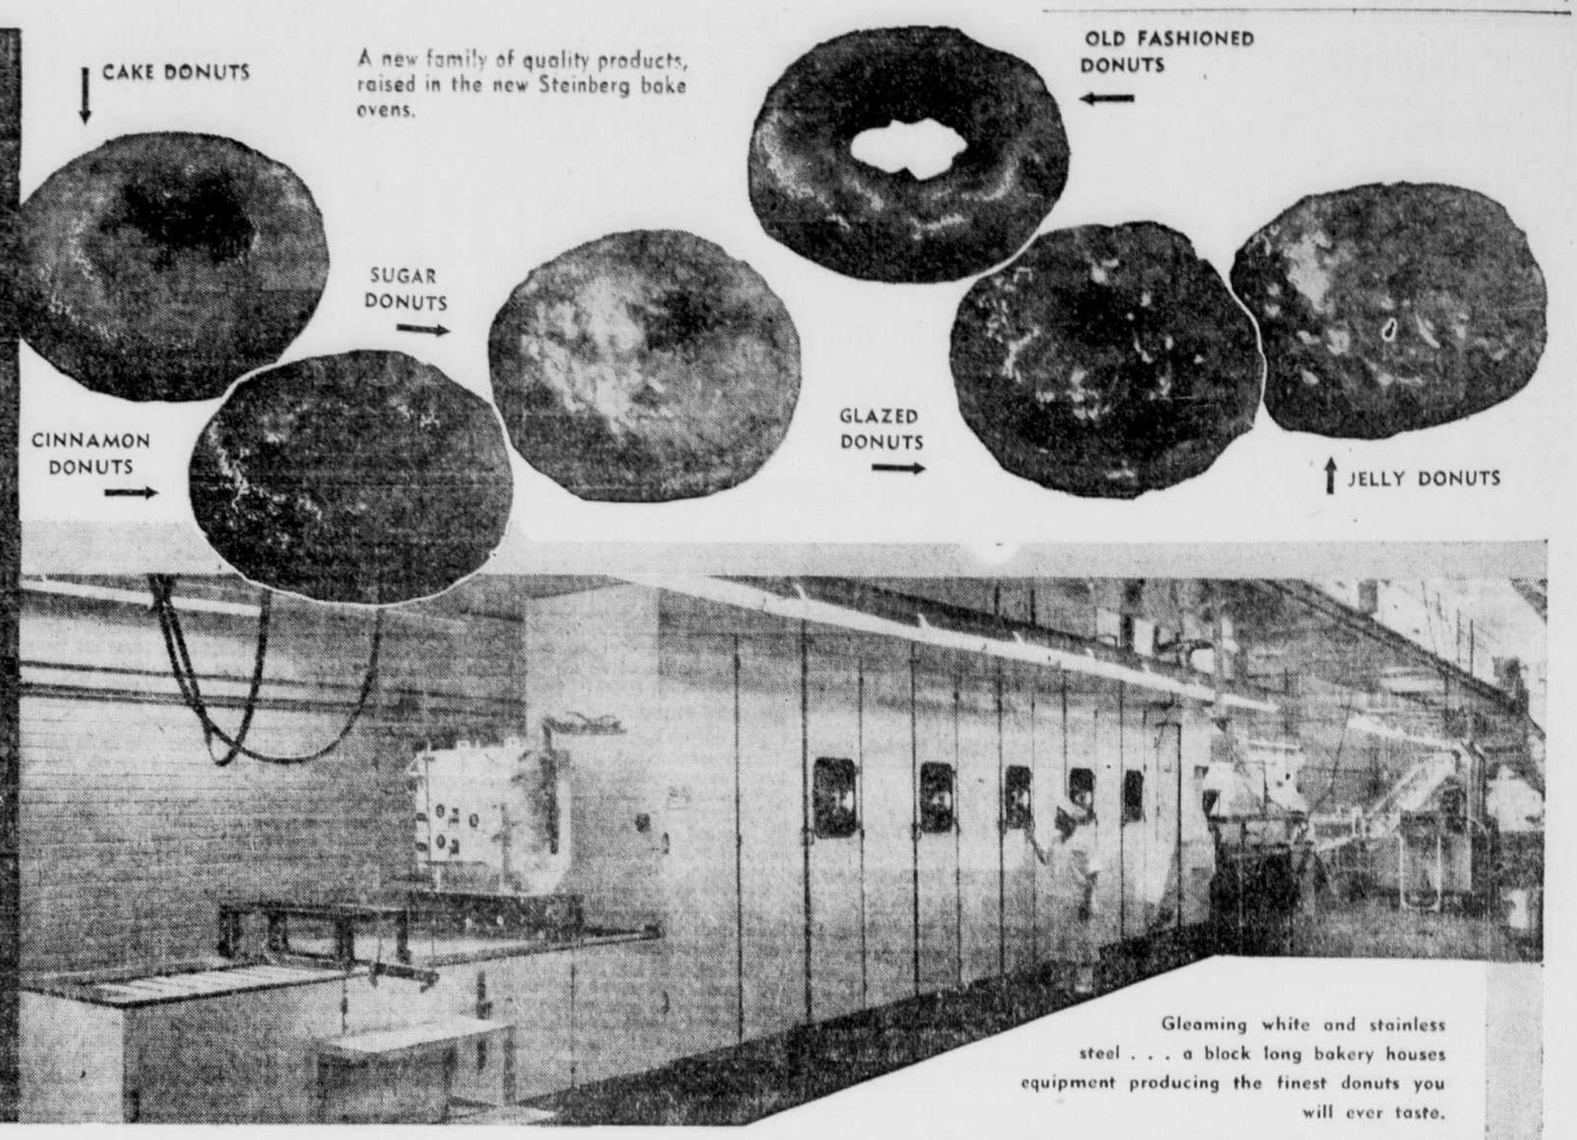
THE NEW STEINBERG DONUT CENTRE



A new family of quality products, raised in the new Steinberg bake ovens.

Gleaming white and stainless steel . . . a block long bakery houses equipment producing the finest donuts you will ever taste.

Pride can be a very costly virtue. For a long time now the Steinberg *Quality control* specialists have felt that it was possible to produce a donut of higher quality than was ordinarily available to homemakers and still keep the prices reasonable.

But how do you go about solving the problem of quality control when someone else is doing the baking? The only answer which was satisfactory was to build a donut bakery, buy the best ingredients, and completely supervise the recipes and baking from batter to package.

Today two huge ovens produce 636,000 donuts a week, in six varieties. We feel that our quest to bring you the best donuts on the market today has been rewarded. We use the word *best* not as advertising exaggeration, but as a firm conviction. *Serve the best to your family!*

### Reasoning is good only when backed with action

"Some youngsters have just been talked to death. We have talked, talked, talked to them" a school superintendent in Ohio told his school board. He asked that paddling pupils be permited in his school.

The superintendent is right. Some kids have been talked to death at school and at home, too. The talking, or "reasoning," begins when the child is just a toddler and couldn't care less about long-winded reasons why mama must say, "No, No."

Mama keeps it up until sis or junior is old enough for first grade, and the schools take it on from there. Mama could paddle if she wanted to but most schools are not permitted mama's prerogative.

**Since kids aren't so dumb that they don't know when they've got the upper hand, they have made good use of the no paddling rule to push their teachers to the limits of their patience and endurance.**

After all, kids may get tired of talk, talk, talk, but it doesn't hurt and it isn't humiliating like a good, old-fashioned paddling.

The school superintendent (who, by the way, now has the right to paddle) says, "Some pupils are quite defiant and tell us in no uncertain terms, 'You can do what you want to, but you can't put your hands on me.'"

Either at home or at school it isn't good for a kid to be sure that no matter what he does or how he acts the worst he is going to get is a good talking to.

As long as he can count on that all the talk will just go in one ear and out the other.

**But, when talk is backed up by a paddle, kids listen, whether it is mama or teacher who says, "I'm telling you for the last time."**

## Marriage

### CAMERON - KRAZANOWSKI

EAST FARNHAM — The marriage of Mary Helen Krazanowski, foster daughter of Mrs. B. Metcalf, Vancouver, B.C. to Gregory Alexander Cameron, younger son of Mr. and Mrs. S. Y. Cameron of Adamsville, was solemnized in the St. Augustine Anglican Church, East Farnham, on Saturday, August 19, 1961, at 2.30 p.m. Canon Gedye, of Sweetsburg officiating. Baskets of gladioli adorned the church and the guest pews were marked with nosegays of white phlox. Mr. David Jaquest, the organist played the wedding music and Mrs. L. Fuller of Montreal sang "O Perfect Love" during the signing of the register.

The bride who was given in marriage by a close friend of the couple Corp. R. Watkins, R.C.A.F. Station, St. Johns, Quebec; wore a street length gown of white chantilly lace and organza over peau de soie satin. Her veil, four tiers of chantilly tulle, was held in place by a coronet of pearls She carried a bouquet of miniature white and pink gladioli.

Mrs. Robert Cameron, sister in-law of the groom as matron of honor wore a street length dress of gold nylon lace over taffeta, the bodice fashioned in a V neckline front and back. Her headdress of beige and gold was trimmed with sequins She carried a bouquet of deep red miniature gladioli.

Mr. R. S. Cameron, the groom's brother acted as best man and the usher was Mr. D. Cameron of Montreal.

Because of ill health and distance the bride's foster mother, Mrs. Metcalf was unable to be present.

The groom's mother, Mrs. Cameron was attired in a charcoal grey sheath with matching bolero, plum accessories and a corsage of cerise, orchid type gladioli.

Following the ceremony a reception was held at the future home of the couple which was decorated with bouquets of claret gladioli in crystal vases and pairs of small bells suspended over the doors. The bride's table was arranged with a hand crocheted lace cloth in ecru, centred with a three tier wedding cake, accented in blue, topped with a bride and groom and flanked by white decorated tapers in chrystal holders.

Later the couple left for a trip to Quebec City, the bride wearing for travelling a wheat colored linen sheath dress with fitted jacket, and matching wheat-colored accessories.

Guests were from Montreal Toronto, St. Johns, Burlington, Vt., Abbotsford, Adamville and East Farnham.

The couple will reside in Adamsville, on the former George Cameron farm, across the highway from the groom's mother.

*Wool mills*

# A designing group

By LILLIAN FOSTER

MONTREAL — Tremendous individuality in fashion was shown in the designs presented by the Association of Canadian Couturiers in their fall and winter showing in the beautiful setting of the Montreal Museum this week.

The fabrics used were all from Canadian mills, and they should be given high praise for color and design in wools and synthetics and blends.

Toronto designers in the showing included Angelina.

She had a bright scarlet coat with a lot of fullness, lined with white and a wool jersey frock; a slightly fitted turquoise suit; a pannelled black dress; and a walking suit of beige wool with side fastening.

Rodolphe of Toronto had a frock of a long waisted blouson with flared skirt which was so reminiscent of the flapper era that he called it "The Boy Friend." It was in an apricot shade of acrilan crepe jersey.

**NEWEST TRICK**

The newest fashion trick was knitted sleeves and hood that could be removable, to show a low necked sleeveless dress of beige jersey. (A warm addition to combat the Quebec zero weather.) It was designed by Raoul-Jean Foure, a staunch supporter of the association.

Olivia of Hamilton had a black suit with set-in sleeves, and a black chesterfield collar.

The suit skirt had fullness in the front. Spectacular in this collection was a gold wool coating used in a skirt with a large black design. The top was of wool jersey.

**Another spectacular costume was from Louis Berai of St. Catharines, that had socks, sweater and beret of a rose and white checked mohair and orlon knit, worn with a black skirt.**

**NO EVENINGS**

The show consisted of sportswear, coats, suits, and afternoon dresses. No evening designs were shown.

**Mario Di Nardo of Montreal showed perhaps the only really festive dress. It was of a charming print of green, blue and mauves of nylon chiffon, made with a side flutter of the chiffons falling from the shoulder.**

Another attractive dress was a wool and viscose print in blue tones with side drapery, designed by Frances Stewart of Ottawa, who also showed a bright red wool dress, with a very bright blue hat in a brimmed style. (TNS)

## Each to his own towel

Attractive towels are acknowledged as the most economical way to decorate the bathroom. The big problem is how to signify ownership of the towels in use, so that Junior doesn't keep wiping sticky fingers on Mom's or sister's towel. The answer: a set of towels in variations of your colour scheme for each member of the family, plus a set of spares for a visitor. Choose one set in your solid shade - perhaps the lively fashionable "Desert Gold." For the rest, choose from among the many stripes, florals, check and diamond patterns available in good Canadian-made towels.

The idea should be repeated in sufficient sets of each pattern to ensure enough clean towels for everyone. Four complete sets in each pattern would be about right. That will allow for clean towels twice a week, a set on the shelf and one in the wash.

Does this sound like a lot of towels? Think again. You probably have at least as many in your closet now, though probably not in your bathroom colour scheme. Many of your non-match towels may match the colour schemes of other rooms in the house that should have towels available . . . the kitchen, for instance, or the laundry room.

# Tips for parents

By HELEN R. HEWSON

**ARTICLE I**

LONDON — I left the twilight behind at Gander, flew over black desolation and the billowing smoke of forest fires to meet the dawn over Ireland. Ireland is exactly like the map — a little patch of green mosaic, from the rugged banners of the west coast to the smooth **outlines of the east.** . . . . . .

**NEAR PALACE**

I arrived at Gatwick in cool, brilliant sunshine. What a relief after the sweltering heat of southern Ontario! From there I went to a quiet hotel in a quiet street just a stone's throw from Buckingham Palace.

**Many family parties were at breakfast, planning their day and not always in accord with one another. (Just like home!)**

At the next table there were a father, mother and two daughters, attractive young women with lovely coloring and smooth, shining hair, whose plans did not coincide with their parents'.

Mother rose from her chair, obviously annoyed, and strode from the diningroom. Both girls jumped to their feet, saying, "Oh, we mustn't let her go away angry." One of them followed, caught up with mother in the corridor, took her arm. They talked a moment, kissed, and daughter returned to the table, smiling, "It's all right."

It was another example of the complete unself-consciousness of the wellbred English family, completely at home wherever they are.

I took an evening walk along Ebury street, up Belgrave and around Belgrave Square. Everything was glistening after a shower, with gardens and window boxes, brimming with color.

**PICNIC PARTIES**

Next day I walked from Lancaster Gate down through Kensington Gardens. It was a cold and blustery day but there were many family picnic parties sharing their sandwiches with the birds and the water fowl, with the little English sparrows darting in and out snatching crumbs from under the beaks of the more dignified pigeons.

Always a group of children played around Peter Pan and the little creatures, especially the snail and squirrel's bushy tail, are polished bright by the patting of many small hands.

**English children are lovely—rosy and lively. Riding on bus and underground, walking in the parks or the streets of the east and west ends I have seen no rudeness tolerated from children who are old enough to know better, nor heard an adult voice raised in anger.**

Parents are firm but quiet, the children well behaved and self-possessed.

**SOME PROBLEMS**

But there are some family problems here too. I visited Tavistock Clinic and will report on it in the next article. **(TNS)**

PLAID AND PRETTY — A brushed wool skirt with a blouse jacket forms this Marie-Antoinette design. The costume was a highlight of the fall-winter showing of Canadian couturier designs in Montreal. (CP Photo)

## Christening

The christening of the infant daughter of Mr. and Mrs. Thomas McKeage of Toronto, took place at St. Peter's Church, recently. Rev J. Anido of Bishop's University officiating.

The baby received the name of Brenda Milissa and the godparents were Mr. and Mrs. Gordon McKeage of Melbourne and Mrs. Neil MacTavish of Georgeville.

Following the service the christening party was entertained by the grandmother, Mrs. M. E. McKeage in the new annex of the McKeage Rest Home, the table being arranged with a lace cloth centered by the christening cake which was decorated in pale yellow, rose and blue, topped by a stork and infant doll, flanked by yellow candles in silver holders. To complete the decor a basket of yellow and pink gladioli with blue ribbon graced the table.

Out of town guests were from Melbourne, Denison Mills, Danville, Georgeville, Sawyerville and Toronto.

# Modern Caron Market opens on Bowen Street

A new grocery store the Caron Market has been opened at 1008 Bowen Street in Sherbrooke with Herve Caron being its proprietor.

The store which is affiliated with the Alouette grocery stores offers its customers a wide choice of products for the kitchen and the whole house, and as an extra convenience for the customers there is a spacious parking lot adjoining the new grocery store.

Caron Market offers its customers a large and well-stocked meat counter which has only the finest qualities of fresh meat.

Wide and clear aisles allow the customers to walk at their leisure and inspect the well-stocked counters at the Caron Market while coral and yellow walls add to the pleasant atmosphere which is offered to one and all.

Mr. Herve Caron the proprietor of the store was born in Bromptonville in 1917 and he married Lucia Lebrun of Kamouraska.

Mr. Caron, the father of nine children has been in the grocery business for many years.

## Friends entertain Abbotsford lady at birthday party

ABBOTSFORD — Miss Evelyn Honey was entertained at a birthday party when over 50 relatives and friends gathered at St. Paul's Church hall to extend their good wishes.

The honored guest was taken by complete surprise, since she had been invited to the hall for afternoon tea, and to see slides shown by Mrs. Hamilton Marshall of a holiday trip to Winnipeg.

The surprise came when after the slides all began to sing Happy Birthday, with Mrs. William Edwards at the piano.

Mrs. Roswell Thomson escorted Miss Honey to a chair near a small table, where Mrs. John Crossfield placed before her a two-tier brithday cake decorated with pink and yellow candles and enscribed with Happy Birthday Dear Friend. The cake was made by Mrs. Rufus Coates and little Janet Watson, of Toronto, assisted her great-aunt in blowing out the candles.

After refreshments were enjoyed, Mrs. R. Coates presented Miss Honey, on behalf of her friends, with a decorated basket filled with birthday cards, in each of which was enclosed one cent for each year of her age, the money to be used for a birthday gift of her own choice. Miss Honey graciously expressed her appreciation, after which all joined in singing For bringing to a close a pleasant afternoon.

## Mrs. A. Lapointe given welcome to new community

RICHMOND — Mrs. Arthur Lapointe, who recently sold her bungalow on St. James Street, and moved into an apartment on McGauran Avenue was pleasantly surprised at a welcoming garden party given in her honor by Mrs. Jacques Poulin.

Some 30 guests were welcomed by Mrs. Poulin, who presented a corsage of roses to the guest of honor.

Miss Jeannette Poulin read a presentation address and on behelf of the guests presented Mrs. Lapointe with a wrist watch, and a quilted satin coffee coat with matching slippers, and wished her much happiness in her new home. Mrs. Lapointe gracoiusly replied.

The small tea tables were attractively covered with damask cloths and centered with bowls of summer flowers. Mrs. Poulin was assisted in serving refreshments by Mrs. Roland Martel and Miss Therese St. Cyr.

# Mickey Mantle Belts No. 51 As Yanks Win, Tigers Lose Again

## Elston Howard Of Yankees Faces Tough Task In Bid To Win American League Batting Championship

NEW YORK (AP)—Elston Howard, a relatively unheralded member of the pennant-bound New York Yankees, faces a dual challenge in his bid to win the American League batting championship.

Howard must overtake Detroit's Norm Cash, leading by seven points, while overcoming the rule involving total appearances at bat. Qualifying for the tittle is likely to be more difficult.

The Yankee catcher picked up nine points on Cash in last week's games, climbing three points to .375 while the Tigers' first baseman dropped six points to .364. Howard had 11 hits in 28 tries while Cash collected only seven safeties in 26 attempts.

To qualify for the crown an American League player must compile 502 total appearances. This includes official times at bat plus bases on walks, sacrifice bunts, sacrifice flies and hit by pitches.

**367 'AT BATS'**

Through Monday's games, Howard had 367 official at bats, 20 walks, three sacrifice flies, one sacrifice bunt and one hit by pitch for 392 total appearances in the Yanks' remaining 25 games Howard would finish the season with only 492 total appearances—10 short of the minimum requirement. Up to now, he has averaged 2.8 total appearances per game.

No one else is in a position to challenge Cash. Jimmy Piersall of Cleveland is 35 points behind in third place. The Indians' outfielder had 10 hits in 30 trips last week and his average remained at .329. Mickey Mantle of the Yanks moved up one place to fourth at .323 while Baltimore's Jim Gentile dropped a single notch to fifth at .321.

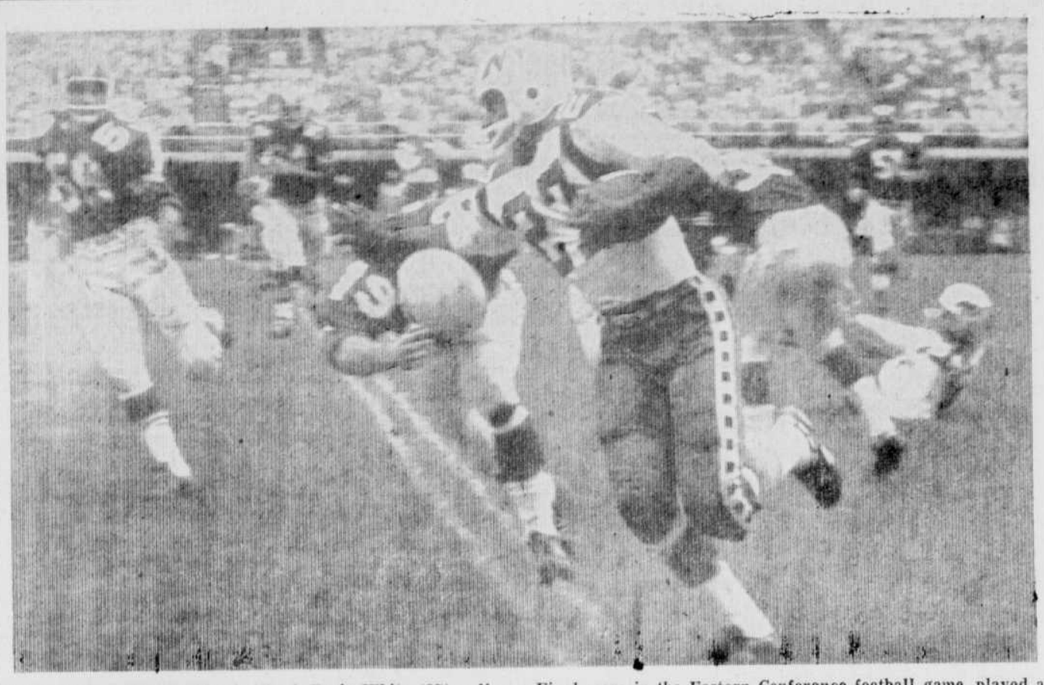
In the National League, Roberto Clemente of Pittsburgh dropped four points to .362 with five safeties in 19 at bats. However, the Pirate outfielder holds a 19 point lead over runnersup Vada Pinson of Cincinnati.

Pinson, the major league leader in hits with 186, gained seven points to .343 in last week's action. Hank Aaron of Milwaukee rushed up to deadlock Cincinnati's Frank Robinson for third place. Each is hitting .329. Aaron climbed four points with 10 hits in 25 times at bat while Robinson lost seven points with a 3-for-19 performance.

**MAINTAINS LEAD**

Roger Maris of the Yanks slammed two homers to maintain his American League lead in this department with 53. Gentile took over the runs batted in lead. He drove in 10 runs and hiked his total to 127. The records include Monday's games.

Orlando Cepeda of San Francisco continues to set the National League pace in homers with 37 and RBI, 120.



LONG RUN — Rough Rider halfback Ernie White (27), off on a 44-yard run, straight-arms Alouette's Barrie Hansen (19). Final score in the Eastern Conference football game, played at Ottawa's Lansdowne Park, was Montreal 24, Ottawa, 25. (CP)

## Heavier Bat And Lighter Swing Have Powered Mickey Mantle Back Into Home Race For Ruth's Mark

NEW YORK (AP)—A heavier bat and a lighter swing have powered Mickey Mantle back into the home run race for Babe Ruth's celebrated 60.

The Yankee outfielder, in a dramatic return to the lineup Tuesday night, hammered the first pitch served him by Washington's Joe McClain for a tremendous home run. It was Mickey's 51st of the season, putting him even with Ruth's record pace of 1927.

Roger Maris, his slugging twin, again went hitless and his homer total remained at 53. He now is only four games ahead of the Bambino's pace.

Mickey, in three other times at bat, flied deep to left, singled and drew his 110th walk of the season to help the Yankees defeat the Senators 6-1.

Although Maris leads by two homers, the guess here is that if Ruth's record is to be broken, Mantle will do it. Mickey, despite a pulled muscle of the left arm, sustained last Saturday, is as hot as the weather while Maris is as cold as an ice cube.

**FIFTH IN SIX CAMES**

Tuesday night's homer was Mantle's fifth in six games, not including a ninth-inning appearance for defensive purposes last Sunday. Maris, on the other hand, has gone hitless in his last 15 times at bat. In his last 20 games, Maris is batting .137 although he has hit five home runs.

Mantle's appearance in the lineup Tuesday night was a surprise even to Ralph Houk, the Yankee manager.

"I didn't think he would play," said Houk. "The reports I received were that he'd be out for several days. I know his arm was real sore Monday. He couldn't swing a bat at all. That fellow sure heals quickly."

Even Mantle was surprised. After an hour of whirlpool, ultra-sound and massage treatment, Mickey announced he was ready to play.

"Normally, I use a 33 or 34-ounce bat," Mantle said. "But after I hurt the arm, I found that the pain became more severe when I missed a swing. So last Sunday, I borrowed Bob Cerv's 36-ounce bat, the heaviest on the club. I was forced to swing easier because I couldn't get it around as quick."

Mantle smashed two home runs with Cerv's bat Sunday and decided to use it again Tuesday night.

"I'm going to stick with Bob's bat until I stop hitting, even after the arm is fully healed."

## ANGLING AROUND

**BOY MAGIC**

10 - year - old boy came home, in manner typical, setting the house to shaking as he let the door fly shut.

He and a buddy had been fishing in the park. On one side he had strapped his father's big hunting knife, a bolo job suitable chiefly for hacking down trees or chopping a lane in the Peruvian interior.

Clipped to his belt was a bright blue bait box. In it were two spoons, a spinner, a plug and a small limp mound of moist bits of bacon.

He had his dad's $30 rod, a $30 reel and a one-cent hook to which still clung a sun-shriveled bit of bacon. He had the biggest landing net his dad owned a huge affair for muskie and large Canadian northerns.

In an old and rusting tin can was his proudest possession — 10 tiny sunfish. For 15 minutes, he told his pop of his great fishing expedition. He caught the fish on bacon he had raided out of his mother's refrigerator.

Why did he take bacon to a fish hole? His father didn't ask. He knew he wouldn't understand the answer.

"It's a terrific fishing hole," the boy said, "You ought to try it, dad."

He would, son, except for one thing. He lost that kind of magic a long time ago.

Only small boys have it.

## Bettor Wins $2,022 At Blue Bonnets

MONTREAL (CP) — A bettor at Blue Bonnets Raceway, who says he doesn't know too much about horse racing, won $2,022 with six tickets on the daily double on Monday night's card.

Wakefield and Bruce County combined in the first two races for a $337 pay-off.

The man, not identified, wasn't satisfied with his double, however. In the sixth race he bet the long-shot Dr. Tuck to win with a $38 return and won the Exacta in the eighth race by picking Keratitis and Lady Pilgrim to finish one-two for a $114 pay-off.

## No definite Plans For Bout With Patterson

HERSHEY, Pa. (AP)—Eddie Quinn, who has promoted all of Montrealer Bob Cleroux' fights, said Tuesday night no definite plans have been made for a match between Cleroux and heavyweight champion Floyd Patterson.

The National Boxing Association at its annual convention Monday approved a proposed fight between Patterson and Cleroux, who ranks fifth in the heavyweight listings.

"It's still in the embryo stage," Quinn said, adding that he planned to fly to New York today to "talk to some television people about such a fight."

Gene Letourneau, commissioner of the Canadian Boxing Federation, predicted that the Patterson-Cleroux battle would be fought "sometime next year" in Montreal.

**REMEMBER WHEN**

A youthful Jack Dempsey knocked out Billy Miske in three rounds at Benton Harbor, Mich., 41 years ago today. Dempsey was making his first defence of the world heavyweight title he won from Jess Willard at Toledo in 1919. He held the crown until 1926, when he lost his first title bout to Gene Tunney.

WINS O'KEEFE CROWN — Jack Kay, professional of the Pinegrove Golf Club of Montreal, is seen with the O'Keefe Trophy, emblematic of the O'Keefe Quebec Medal Play Championship, played at Beloeil Golf Club. Kay turned in rounds of 68 and 69 for a five-under par total of 137 to lead the classy field of professionals.

## Mike Herman Of Yonkers, N.Y. And Madelaine Bergman Of Australia Named Top Athletes At Maccabiah

TEL AVIV (CP) — Mike Herman of Yonkers, N.Y., and Madelaine Bergman of Australia were named the outstanding male and female athletes of Israel's sixth Maccabiah games Tuesday night in the closing ceremonies at Ramat Gan Stadium.

Herman won gold medals in the decathlon, pole vault and broad jump. He also captured second - place silver medals in the hop, step and jump and 400 - metre relay and a third-place bronze medal in the high jump.

The 20 - year - old Miss Bergman won two gold medals and two silver ones. She won the 200 - metre dash and the 800-metre run and placed second in the 80 - metre hurdles and 100-metre dash.

The United States received trophy for winning the most gold medals — 58. Israel was second in the 28 - nation games with 28, followed by South Africa with 11, Britain 10, The Netherlands 7, Australia 6 and Canada 5.

The Canadian 400 - metre medley swimming team and weightlifter Sidney Charendoff of Toronto won the last two Canadian gold medals Monday on the last day of competition. Marvin Chapelle of Downsview, Ont., a member of the winning medley team, also won a gold medal earlier in the games in the 100 - metre backstroke and became Canada's only double-gold medal winner.

The other Canadian gold medals were won by Stan Levenson of Toronto in the 100-metre dash and Phil Oberlander of Montreal in the middleweight Greco - Roman wrestling championship.

## NBA Delegates Turn Down Bid By Canadians

HERSHEY, Pa. (AP)—Delegates to the National Boxing Association's annual convention defeated Tuesday a motion to give full voting membership to the Canadian Boxing Federation.

The overwhelming voice vote came on a motion by Charles Mayer of Montreal, a vice-president of the Canadian group, who is battling for the presidency of the NBA.

Mayer, now first vice - president of the NBA, began his battle Monday at a closed session of the executive committee at the start of the 42nd NBA convention.

A continuation of Mayer's fight is expected today when a proposed rule change in NBA election procedures comes up for floor consideration.

Present NBA regulations stipulate that the president must be a member of a state, provincial or municipal athletic commission.

Mayer, a Montreal sports columnist, last October lost his city council seat and with it his appointment as a member of the Montreal Athletic Commission.

He plans to introduce an amendment qualifying a member of a national boxing body for the presidency.

## Warren Spahn Takes Over Earned-Run

NEW YORK (AP) — Warren Spahn of Milwaukee Braves has taken over the National League earned-run lead while streaking toward the 20-victory mark.

Spahn has won his last eight games, all route-going performances. During the skein he has yielded only seven earned runs in 73 innings (an 0.86 pace) and reduced his E.R.A. from 3.80 to 2.85. The 40-year-old southpaw has won 17 and lost 12 and allowed an over-all total of 72 earned runs in 227 innings.

The Braves' ace is seeking his third E.R.A. championship. He won in 1947 with a 2.33 mark and again in 1953 with 2.10. Spahn has won 20 or more games 11 times and has a career total of 305 victories.

Jim O'Toole of Cincinnati is runner-up to Spahn in this season's earned - run competition with a 3.21 average. O'Toole has permitted 76 earned runs in 213 innings, according to figures compiled by The Associated Press.

## Canadiens Sign Bill Masterton

MONTREAL (CP)—Montreal Canadiens of the National Hockey League Tuesday announced the signing of Bill Masterton, a 22-year-old centre from Winnipeg, to a professional contract.

Masterton played last year with Denver University and was rated a key man in the university's drive to the U.S. collegiate championship.

## Argos To Lose Boyd Carter For About Five Weeks

TORONTO (CP) — Toronto Argonauts of the Eastern Football Conference learned Tuesday corner linebacker Boyd Carter will be lost to them for about five weeks as a result of injuries suffered in Monday's game against Hamilton Tiger-Cats.

Carter suffered four broken ribs when he blocked Bob Jarus on the opening kickoff in the game, won 21-19 by Hamilton.

Guard Art Darch is being examined for possible injuries of a similar nature. He was hurt during Monday's game but returned after a brief rest.

## Coach Ivy Still Undecided About Sam Etcheverry

ST. LOUIS (AP) — Coach Frank Ivy of the St. Louis football Cardinals still hasn't made up his mind about his No. 1 quarterback. Ivy said Sam Etcheverry, former Montreal Alouettes star, still isn't ready but that Charley Johnson has shown improvement in pre - season games.

It looks to me as if Sam has a long way to go yet with that arm," Ivy said in reference to a sore arm that has kept Etcheverry out of action during much of the pre-season period.

"He just hasn't got the snap in his throws he ought to have," Ivy said.

## Drop Their Sixth Straight While Indians Win; Lee Thomas, Ex-Yank, Ties Major League Record In Double

The American League is so dominated by New York Yankees that even youngsters they've traded away are muscling into the record book.

While Mickey Mantle belted his 51st home run of the season and New York opened a 7½-game bulge in the pennant chase with a 6-1 victory over Washington Senators, Lee Thomas, who started the season with the Yankees, tied the major league record with nine hits in a double-header for Los Angeles Tuesday night.

The rookie outfielder had three home runs, one a grand-slammer, a double and five singles in 11 at bats. But it wasn't enough. The Angels lost 7-3 and 13-12 to Kansas City Athletics.

The second-place Detroit Tigers continued a skid out of contention for the pennant by dropping a 4-1 decision in the completion of Monday's suspended game at Baltimore before the Orioles handed the Tigers their sixth straight loss, 1-0, in the regularly scheduled game.

Chicago White Sox and Minnesota Twins played to a 3-3 tie in a game called after nine innings because of fog at Minneapolis. Cleveland Indians beat Boston Red Sox 9-5.

**DRIVES IN EIGHT**

Thomas, 25, was 5-for-5 at the plate with a double and four singles in the first game. He ran his consecutive hit streak through seven, with a single and home run, before striking out in the fifth inning of the nightcap. He had eight runs batted in, all in the second game, when he gave the Angels a 9-9 tie with his sixth-inning slam and put them ahead with a three - run homer in the eighth.

The Athletics won the second game on Bobby Del Greco's two run homer in the ninth inning off Ken McBride (12-12). A five - run second inning, in which Jerry Lumpe, another former Yank, hit a three - run homer, wrapped up the opener against Ryne Duren (6-12). Jerry Walker (7-11) and Bob Shaw (10-12) were the winners.

Ted Bowsfield of Penticton, B.C., saw 2 2-3 innings of relief pitching in the second game for the Angels. He took over from Eli Grba in the third frame and gave up one hit and three walks. However, no Kansas City runs scored during his stint.

**HOMERS DO IT**

Mantle, after missing two games because of a strained arm muscle that prevented him from swinging a bat, gave the Yanks a 1-1 tie with his second - inning home run off loser Joe McClain (8-16).

Elston Howard's 16th homer in the fifth inning broke things up and the Yankees added four more runs, two unearned, in the seventh for their sixth straight success. Righthander Jim Coates (10-5) checked the Senators on four hits as they lost their sixth straight game.

Mantle stayed even with Babe Ruth's record-60 pace of 1927. But teammate Roger Maris, the major leader with 53 home runs was 0-for-4 and is only four games ahead of Ruth's pace. Maris hasn't had a hit in 15 at-bats.

The Orioles won the carry-over game with a half - inning of work, then beat the Tigers again behind the three - hit pitching of Chuck Estrada (12-8) and Steve Barber. Estrada struck out 11 men, but needed Barber for the final out when Rocky Colavito singled and went to second on an error in the ninth. Barber nailed the victory by getting Norm Cash on a grounder to first.

Southpaw Don Mossi (14-5) was the loser, dropping his second successive 1-0 decision when Brooks Robinson doubled in the sixth inning and came around on Jackie Grandt's one-out single.

A ninth - inning home run by Al Smith gave the White Sox the tying run before the fog closed in. Bob Allison homered for the Twins.

Two - run homers by Johnny Romano and Chuck Essegian helped the Indians in their sixth straight victory over Boston. Barry Latman (12-4) was the winner and Gene Conley (9-12) the loser.

## Engineers Golf Tournament To Be Held Saturday At Country Club, Players Tee Off Between 9.30 - 11.00

The annual Engineers Golf Tournament will be held Saturday at the Sherbrooke Country Club. All contestants are reminded that tee-off time will be between 9.00 and 11.00 and they are requested to be on time. This tourney is open to members from the Townships.

The Fabi trophy, emblem of the best engineer-golfer in the region will be up for grabs. Last year's winner, Bob Payette from Drummondville, has slyly had the trophy polished (for this year's new winner he says).

If tradition is any indication, it is probable that the trophy, a very fickle one, will again seek a new owner; no one has succeeded, since the five years of its existence, to hold it for more than a year.

In addition a good many prizes will be distributed to the winners in each class, according to both the Atlantic Handicap and the usual rules governing those with a recognized handicap.

There remains to see if the new crop of engineers in the region, some of whom come from our own University of Sherbrooke, will not challenge the experience of their elders and snatch the cup from them. This year's tournament, the organizers say, promises to be one of the most successful yet, since it is a joint effort of the Engineering Institute of Canada and the Corporation of Professional Engineers of Quebec.

## Richmond Royals Win Metropolitan Softball League By Downing Windsor St. Gabriel In Two Straight Games

RICHMOND — Richmond Royals of the Metropolitan Softball League copped the finals and league title by edging Windsor St. Gabriel club in two straight games.

The first tilt was played at Windsor Monday with Royals coming out the victors by a 6-2 score. Tuesday night, the locals took the two-game series by winning 3-1 in a closely-played tilt.

Claude Smith, hurling for Richmond, came up with a good performance, alloting five hits and one base on balls. Royals banged out six hits against the Windsor hurler, Pruneau, who had walked one man. No strike-outs were noted by either side.

Windsor opened the scoring with their lone marker in the first inning with Georges Guilbeault, Jr., getting the run. He got on base through a walk and was brought in on hits by Juneau and Guy Guilbeault. After that, the Royals held them hitless and kept them off the score sheet and tallied their three runs in the third inning.

Marcel Gagnon, J. Cloutier and Bob Dalton scored for Royals. Gagnon Manseau and Dalton picked up two hits apiece in the win while their teammates held on with a few good plays. The Windsor boys tried their best but could not get past first or second. Smith held his ground on the mound and the infield was on its toes all the way.

Official presentation of the cup will be made Sunday. The other clubs in the league were all from Windsor-JOC, Steam Plant and Greenlay.

Royals gained the final series by elminating Greenlay in two games with St. Gabriel doing away with Steam Plant in the same manner.

Bye Bye BOGIES by BOB ROSBURG

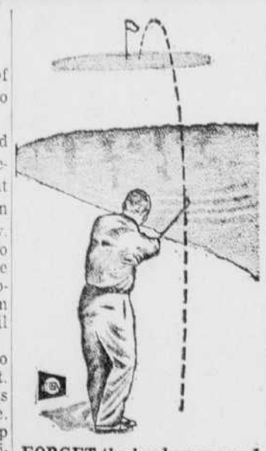
*No. 59—Know Your Clubs*

Don't carry a bag full of clubs you don't know how to use.

A club you have not learned to play with is worse than useless. It can offer a constant temptation to use it, even though you don't know how. Carrying it can be tiring. So leave those extra clubs in the locker room when you are going out for a round. Take them out on the practice range until you have mastered them.

Don't try a club with too much loft for a short chip shot. Use an approach club which is better adapted for the purpose. High-arching chips that stop dead when they hit are beautiful to behold and very effective—when they land hole high and near the cup. They cost strokes when they fall short and don't roll.

Think only of hitting the ball, once the stroke is started. Forget about the bunker or pond to be carried.



FORGET the bunker or pond.

# Bob Bedard, Francois Godbout And Marian Boundy Lose At Forest Hills, Dell Upsets Sixth-Seeded Froehling

FOREST HILLS (AP) — Donald Dell, a tall Yale graduate from Bethesda, Md., looms today as the brightest prospect for the desperate United States Davis Cup situation.

Dell, 23, is hoping to hear from Davis Cup Capt. David Freed before heading for law school in two weeks.

He's available for the team "but I've got to know whether I'm being considered before I enter school at the end of the month. If they want me, I'll put off going to school."

Dell sprang to prominence Tuesday with the crushing of Frank Froehling of Coral Gables, Fla., the No. 6 seed in the third round of the national championships. Dell triumphed 11-9, 10-8, 6-1.

Three Canadians saw action and all three toppled.

Bob Bedard, Davis Cupper from Lennoxville, Que., was eliminated 5-7, 11-13, 6-1, 6-4, 6-2 by Crawford Henry of Atlanta, Ga.

Henry, another dark - horse prospect, was overwhelmed by Bedard in the early going, but the Canadian seemed to use up his strength in the long set and Henry took control in the last three.

Francois Godbout of Waterloo, Que., was defeated by John Sharpe of Edinburg, Tex., 8-6, 6-4, 6-3, 6-2.

Marian Boundy of Montreal was cut down by fifth-seeded Margaret Smith of Australia, 6-1, 6-0.

# Three Top Bowlers From District To Compete In Tournament Of Champs, Sponsored By Dow Brewery

This weekend will find the three top bowlers of our district, who proved themselves through last season's Tournament of Champions sponsored by Dow Brewery, in Montreal playing off with the best keglers in the province.

At stake for Jacques Joncas, Normand Ainslie and Wilfrid Ramsay a chance to compete this year before the television cameras on the popular Canadian Broadcasting Corporation show "L'Heure des Quilles" which is sponsored by Dow.

The coming weekend tournament is easily the most important one held for Quebec bowlers and our district champions will be attending as guests of Dow's local manager Mr. Jules Hogue.

It will bring together 120 bowlers from all parts of Quebec who survived the rigors of Dow's Tournament of Champions last year plus 120 bowlers selected by C.B.C., based on their season-long averages.

The roll-off in Montreal will take two days with the conclusion being televised the afternoon of September 10th.

Each player will roll 18 games in th two-day event and the top 34 players will be those who will appear on the TV show during the coming season.

Mr. Jules Hogue believes our (three) champions will make a good showing in Montreal.

"They proved themselves last season and they have kept their game sharp by constant practice during the summer so I am certain they will make a good showing and bring credit to Sherbrooke" he said.

Jules Hogue noted, however, they will be facing the best duckpin bowlers of the province and that the competition will be the most challenging possible.

It will be remembered that at Dow's district championship tourney, which decided who was to make the forthcoming Montreal trip, Jacques Joncas rolled a total of 1717 pins for an average of 190.7 for 9 games, Normand Ainslie 1706 pins for an average of 189.5 and Wilfrid Ramsay 1668 pins for an average of 185.5 to place one, two and three in the tournament which saw 21 bowlers compete.

# Art Cameron Of Vancouver Knows Inside Story Of Pro Football Player In Role Of Hotel Manager

VANCOUVER, Sept. 4 (CP)—You might say Art Cameron knows the inside story of the professional football player.

He feeds, houses and generally takes care of visiting teams here.

He can tell you what each coach will order for his gridders at breakfast, brunch, lunch and dinner. And he knows by heart the whims of most of the nervous stomachs in Canadian Football League, particularly those of the Western Conference.

For instance, there's a burly Edmonton Eskimos guard who never eats a pre-game meal, having instead a breakfast of eight to 10 eggs and then fasting until after the game.

Cameron, 50, a native of New Westminster, B.C., and a graduate of the CPR hotel service ranks, is manager of the Sylvia Hotel which for most of the last seven years has been headquarters in Vancouver for visiting football clubs.

**PERSONAL SERVICE**

Besides arranging team menus, he is called upon to line up practice fields, movie projection equipment, bus and truck transportation, practice-time towels and a host of other details

He told in an interview something about the menus for pro footballers when they're on the road.

"The teams are always under strict supervision. No player can deviate from the menu set up by the coach unless he gets the coach's permission and we don't make any change without the coach's permission."

A typical day - of - the - game menu would include breakfast of sweetrolls and coffee; brunch a couple of hours later of cereal, eggs, bacon, toast, coffee, tea or milk; and a pre-game meal four hours before kickoff of juice, a 12-ounce beefsteak, a baked potato with one piece of butter, dry toast and tea, coffee or milk. Some coaches won't permit milk with the pre-game meal.

**ALWAYS STEAK**

"The pre-game meal always is a steak," Cameron said. "And these boys don't like to wait for it. The average time they take for the meal, from the time they sit down until they're finished eating, is 17 minutes."

However, not all players can take a steak before the game, he said. Some, like the Edmonton lineman who eats no pre-game meal, must deviate from the prescribed menu. They might have an omelette because their nervous stomachs can't handle steak.

The picture is different with hockey and baseball players, Cameron said. Generally they aren't under the same supervision, but are given their meal allowance and permitted to eat when and where and what they wish.

Cameron said he wanted to make one more thing clear.

"There's a mistaken impression about that football clubs cause a lot of damage to hotels. That's absolutely untrue. In seven years here, including three Grey Cups, they haven't done $5 damage to this hotel."

## REMEMBER WHEN

A fatal accident marked the Scottish League soccer match between Rangers and Celtic at Ibrox Park 30 years ago today. John Thompson, the Celtic goalkeeper and Scottish international player, suffered a fractured skull in diving at the feet of a Ranger attacker to make a save, and he died a few hours later.

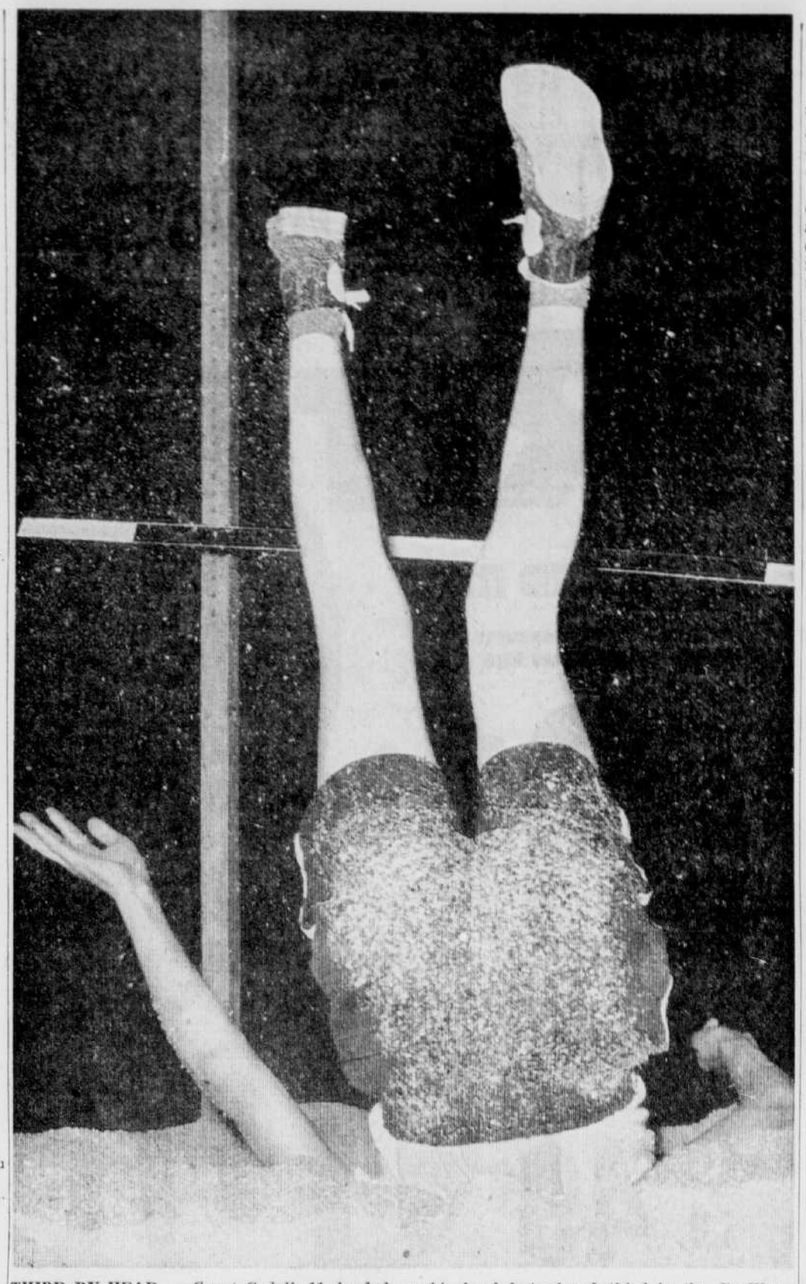
## YESTERDAY'S STARS

**Hitting:** Lee Thomas, Los Angeles Angels, tied the major league record with nine hits in a doubleheader — getting a double and four singles in five trips in the opener and slugging three home runs, one a grand-slammer, among four hits in the nightcap. The Angels lost both American League games 7-3 and 13-12 to Kansas City Athletics.

**Pitching:** Bob Purkey Cincinnati Reds, struck out seven men, walked two and allowed six hits for a 5-2 National League victory over St. Louis Cardinals.



**THIRD BY HEAD** — Grant Cadell, 11, landed on his head but placed third in the PeeWee high jump section of a Junior Olympic Track and Field meet at Vancouver. (CP Photo)

# Gerard Bernier Wins Molson's Tourney At Angus

Gerard Bernier walkedw off with the honors in Molson's tournament for members of the East Angus Golf Club Monday when he posted a 71 for his round. Mrs. Fernand Couture emerged the ladies winner when she registered a gross 53.

Denis Laverdiere, son of the club professional Charlie Laverdiere ,copped class B when he finished with 78 consisting of 37 and 41. In class C, B. Bernier and Bruno Michel ended deadlocked with identical scores of 88. Bednier registered 43 and 45 while Michel had a pair of 44's.

Russell Reid, chairman of the match committee, and Marcel Roberge, club captain, were pleased with the turnout and the prizes donated by Molson's Brewery. Jean-Paul Pepin made the presentation of the trophy and prizes on behalf of George Masse, local representative.

A total of 136 players registered for the event with 22 in class A, 25 in B, 59 in C and 30 ladies. The men played 18-holes while the ladies competition consisted of nine holes only.

The battle for the honors were close as Bernier finished with only a two-stroke advantage over Frank Reid, Jean-Louis Gagne and Bert Trepanier, who all had 73. Marcel Trepanier, Marcel Dion and Yvon Gendreau finished with 74 each. Gagne emerged the winner in the net section with 67 while Marcel Trepanier was close with 68.

In class B it was a fight betwen two young players, Denis Laverdiere and Claude Turcotte. Laverdiere finished with 78 to nose out his rival by one stroke. Fern Couture won the net with 67 while Robert Lessard and Roland Gosselin finished deadlocked with 69.

It was another close fight before the winner was declared in class C with B. Bernier and B. Michel finishing tied with 88. C. Gendron and A. Belanger were locked in second place with 89. R. Bourque and Hercule Dolbec tied for the net honors with 63 each.

In the ladies' section Mrs. Couture finished first in the gross with 53 while Verna Glaude took the net honors with 39. Mrs. Ruth Tessier won class C with 57 while Mrs. Rita Roberge copped the net with 29.

C. Bergeron came up with the shot of the tournament when he registered an "eagle" on the first hole. He was around 210 yards from the green when he smacked his second shot into the hole. It was the first time in the history of the club that an eagle had ever been registered on the hole.

It was the closing tournament of the season but the course is still open for players to continue their favorite pasttime for a few weeks still.

# Must Be Something Wrong Nobody Has Knocked Federal Government's Plan To Spend $5,000,000 On Sport

Canadians must be mellowing.

No one has knocked the federal government's proposal to spend $5,000,000 a year on amateur sport, and that is truly amazing. There must be a red-blooded Canadian somewhere who will get on his feet and dencounce the idea as dangerout, or even sinister.

There was general applause when Prime Minister Diefenbaker revealed his proposal at Toronto last Saturday. This couldn't have happened 12 years ago when the idea of government financial assistance to amateur sports first was brought up.

Circumstances were a little different, but the approach was the same. At that time, officials of sports-governing bodies assembled in Ottawa and recommended government expenditure of $10,000,000 over a three-year period for expansion of recreation facilities and an additional $300,000- a - year grant for the coaching, development and so on of amateur athletics.

**CHANGED TUNE**

"Let's keep talking bodies out of the sports picture," hollered one nationally known sports official at a service club luncheon in Ottawa. This chap, who shall remain anonymous because he was one of the first to applaud Mr. Diefenbaker's weekend proposal, declared that if funds for sports were provided from the federal treasury, there would be no incentive for the average citizen to contribute to his community life by backing sports.

"We don't want to be dominated by the government," said an official of another sports body.

The tune has been changed. Officials have reached the point where they are ready to accept help that will enable Canadian athletes in international competition to peel off their fire-engine red sweat suits and swim, run, fight, wrestle, fence, ski, skate and what have you in a creditable manner with the rest of the world.

The prime minister's proposal undoubtedly will be approved by Parliament and it is hoped it doesn't bog down in wrangling among the various amateur sports or in sectional difference. Every amateur sport in the country, with the possible exception of the equestrian and sailing set, is broke and some of their demands could get out of line.

**Omaha, Neb.** — Chino Diaz, 135, Puerto Rico, stopped Joey Parks, 136, Omaha, 10.

# Baseballs Are Different, Says Dr. Miller

CHICAGO (AP) — A woman scientist Tuesday said there is a distinct difference between today's major league baseballs and those of Babe Ruth's day.

Dr. Caroline Miller, in charge of testing the aging of materials at Armour Research Foundation of the Illinois Institute of Technology, has made preliminary tests of baseballs provided by Popular Mechanics Magazine.

The comparison of baseballs was prompted by the prospect of the Yankees' Roger Maris or Mickey Mantle breaking Babe Ruth's classic 60-homer record of 1927.

Dr. Miller said that the 1927 sample weighed almost a quarter-ounce less than the officially specified five-ounce minimum.

The cork composition core was much heavier and denser than that of the 1931 ball and was more heavily impregnated with a rubber-like material.

Actual liveliness tests of the type of ball Ruth hit 60 home runs with in 1927 await the construction of a special impact machine.

Manufacturers claim that baseballs are made the same today as in 1927.

# *Single Point Best Feature Of Canadian Game, Say Coaches*

American coaches in Canadian pro football, and there aren't any other kind, have been saying for years that the best feature of the game in this country is the single point. Man, they love it.

There's nothing more electrifying, they keep telling Joe Fan, than a back running for his life in the end zone while the horde closes in on him. And if the dig-for-danger ball carrier manages to get out, the spectators, and the coaches, get a great thrill out of it.

But why have they—with the notable exception of Bud Grant of Winnipeg Blue Bombers—ignored it all these years? They've lobbied for playing rules changes to bring the Canadian game closer to the American brand, and at the same time have solemnly advised their bosses to hold onto the single.

They've pointed out that punting is a dull, drab operation in the U.S. for the reason that the rules don't give them a point and that the fair catch is a silly thing. Any Canadian fan who watches American games on television could tell them that.

**IDEA CATCHING ON**

Yet, with all this talk they passed up the punting, except on third - down situations, and spectators long ago figured the foot had gone out of style. Grant made it the payoff play in the 1958 Grey Cup final against Hamilton Tiger-Cats and in this young season there's just a whiff of a hint that the other coaches are learning something from the 34-year-old Bomber coach.

Fans recall that 1959 Cup final in Toronto when fullback Charlie Shepard kicked four singles—two of them on quick kicks—as Bombers won 21-7 on a fourth - quarter 18-point surge. All four singles were booted in that period and the sight of confused and bewildered Tiger-Cat players dashingly madly towards their goal-line after the bouncing ball was a delight to watch for Winnipeg supporters.

This year, Bombers beat Toronto Argonauts 14-13 as the interlocking schedule was introduced to Toronto fans. The quick kick did it—a second-down 55-yarder by Shepard that caught Argonauts completely by surprise. Argonauts weren't at all prepared for it and Grant may have been thinking of that 1959 Grey Cup final when he called the play.

**COPIED BY ARGOS**

Argonauts must have learned something from this. They pulled the quick-kick manoeuvre last Sunday against Hamilton Tiger-Cats and, although they didn't gain a point on it, they had Tiger-Cats reeling.

To make the day complete for fans who aren't accustomed to such manoeuvres, Toronto's Dave Mann and Hamilton's Cam Fraser engaged in a returned-kick duel. This one resulted in a Toronto touchdown.

Then, on Monday night at Vancouver, a crowd of 26,863 bounced up and down in excitement during a fourth-quarter battle between punters and receivers. Four times in the last 10 minutes halves ran punts out of the end zones, the last time on a returned kick.

The game ended in a 7-7 tie between British Columbia Lions and Montreal Alouettes and you can bet that the spectators hadn't had such a ball since 1954 when fog descended on Vancouver's Empire Stadium to cut short a Lions league game.

The pass-happy coaches must have discovered that their athletes have feet.

takes the pain out of painting

goes on twice as fast, dries in 30 minutes!

that's the beauty of A-100 Latex House Paint

A-100 goes on so smoothly, so swiftly, you'll call it automatic. Yet the wonder of Latex gives you lasting protection—puts money in your pocket by postponing repainting *for years*. And—never mind the weather man—A-100 is so dry in 30 minutes, weather won't harm it. Defies bugs and dust, too—no time for them to settle!

But more, *much* more! A-100 has absolutely amazing resistance to blistering because its special texture lets the woodwork "breathe".

Easy clean-up too—just wash your brushes as you do your hands: in soap and water.

The pioneering research facilities of four famous companies have produced this final word in paint for outdoors.

Whatever the outside surface, the first time you use A-100, be sure to get *all* the benefits. You will, if you follow your dealer's instructions.

## Couple observes 25th anniversary at Sawyerville

SAWYERVILLE — A surprise party was held at the home of Mr. and Mrs. Stanford Winslow in honor of Mr. and Mrs. Raymond Stoddard, who were celebrating their 25th wedding anniversary.

On their arrival Mrs. Stoddard was presented with a corsage and Mr. Stoddard with a boutonniere, by Barbara Winslow.

The bride and groom of 25 years were then conducted to the front room where they were presented with a set of dishes, a canister set and a purse of money.

During the evening cards were played, prizes going to Mrs. Gertie Winslow, ladies' first; Graydon Winslow, gentlemen's first; and Raymond Stoddard, consolation. The floating prize went to Stanford Winslow.

At the close of the evening, refreshments were served at a table decorated with pink and white streamers and centred with a three-tier anniversary cake made by Mrs. Stanford Winslow and Mrs. Grant Taylor and decorated by Mrs. Graydon Winslow. Mixed flowers and white candles in silver holders completed the arrangements.

Guests were present from Sherbrooke, Lennoxville, Eaton, Sawyerville, Learned Plain, Lancaster, N.H., Bartlett, Vt., Cookshire and Huntingville.

### BISHOPTON —

## The Doctor Says

Dr. Hyman

### NIPS FOR BABY IS MATTER OF PERSONAL DISCRETION

Q—Sometimes, when taking a mixed drink, my daughter-in-law lets her 18-month-old baby have a few sips. Can't this amount of alcohol have a bad effect on a child do young?

A—Although I believe your daughter-in-law is ill-advised to introduce her baby to cocktails at this early age, I cannot in good faith state that this small amount of alcohol will exert any bad effects on the youngster's health.

As a matter of fact, the alcoholic content of most cocktails, especially if diluted with ice, is no higher than that of some approved medicinal fluids such as tonics, cough mixtures, vitamin preparations, blood builders (hematinics) and appetizers.

You will note that my comment applies only to the health of the child.

I am not competent to make a judgment as to the effects on character development and the like, although I would direct attention to the fact that in days gone by, the crying baby was often given a rag soaked in whisky or brandy for a soothing effect.

I know of no studies that indicated later harmful effects from this practice.

Q—My wife and I have lost three children as the result of cystic fibrosis. Recently we read of a new drug that cures this terrible disease. As we hope to have more children, I would appreciate information about the drug.

A—I believe you are referring to a new and improved extract prepared from pancreatic glands (sweetbreads;. It is sold as Cotazym and comes in pill form.

However, neither this nor any other drug has a curative effect in cystic fibrosis. But with skillful care, using diet and antibiotics, enormous strides are being taken in the control of this complex disorder.

For detailed information, write the director of the National Institute of Arthritis and Metabolic Diseases, at the Clinical Center of the National Institutes of Health, Bethesda, Maryland.

You may be interested to know, too, that the Institute is presently considering for admission any adult or child suspected of having cystic fibrosis. The request for admission must be made by your physician in writing or by phone.

The telephone number is Oliver 6-4000 Extension 4891. There are, of course, no charges to the patient for services rendered as a necessary part of participation in an investigational project.

Some time ago, several hundreds of readers located for me a quotation from the "Vision of Sir Launfal" that I was unable to find. Here's another for my literary friends:

"A cup of cold water given to one of Earth's thirsty ones shall reach beyond the stars and touch the lips of Him who said upon the Cross "I thirst' "

Does anyone know the source of this one?

### GEORGE J. STEWART OF LAKE MEGANTIC.

LAKE MEGANTIC — The death of George J. Stewart occurred at St. Joseph's Hospital, Lake Megantic, Que., on Monday, July 17. Although in failing health for several years, the end came suddenly, when he suffered a heart attack and passed away a few hours later.

Born in Marsboro, Que., on Sept. 22, 1885, the deceased was a son of the late Mr. and Mrs. John Stewart. He was married to Flora MacIver, daughter of the late Mr. and Mrs. J. J. MacIver, on Oct. 20, 1915.

Most of his life was spent in this community, where he was employed by the C.P.R. until his retirement in 1950. Being of a kind and cheerful disposition, he was held in high esteem by all who knew him.

Left to mourn his loss besides his widow, are six brothers Neil, of St. Johnsbury, Vt.; Alex of Donnville, Ont.; John of Aylmer, Que.; Ben of Coaticook, Que.; Joseph and Charlie, of Lennoxville, Que.; three sisters, Margaret, Mrs. Bill Woodberry, Katie, Mrs. Francis Cowles, both of Beverley, Mass.; Bessie, Mrs. J. Krevotich, Inkster, Mich.; all of whom were present at the funeral with the exception of Mrs. Krevotich, Duncan, a younger brother, predeceased him 11 years ago.

The funeral service, which was largely attended, was held on Thursday, July 20, 1961, at 1:30 p.m., Rev. J. A. H. Plowright, of Birchton, officiating. The hymns sung were, The Lord's My Shepherd, and What A. Friend We Have in Jesus. Mrs. L. Crandall was organist.

Bearers were: Ben Stewart, Charlie Stewart, Oliver Stewart, Edwin Stewart, Kenneth Stewart, and Joseph Miller. Interment was in Echo Vale Cemetery.

Relatives and friends present from a distance included: Mrs. Bill Woodberry, Frank Woodberry, Mrs. Francis Cowles, Mr. and Mrs. Bill Cowles, of Beverly Mass.; Neil Stewart and Edwin Stewart, of St. Johnsbury, Vt.; Alex Stewart and Oliver Stewart of Donnville, Ont.; Mr. and Mrs. John Stewart, of Aylmer, Que.; Mr. and Mrs. Ben Stewart, of Coaticook, Que.; Mr. and Mrs. Charles Stewart, Joseph Stewart, Miss Jolene Stewart, and Mr. Joseph Stewart Jr., of Lennoxville, Que., Mr. and Mrs. Harry Sherburn, of Plymouth, N.H.; Miss Shirley MacDonald, and Mrs. Roger Lemieux, of Sherbrooke, Que.; Mrs. R. ## DRIVE CAREFULLY

**Help improve our local safety record! Drive carefully! Many children go to school for the first time! Don't let it be their last! Your caution can save a child's life!**

- DRIVE EXTRA CAREFULLY around schools and playgrounds! Be on the lookout for children when they walk to and from school! Your vacation from school children is over now!
- BE ON THE ALERT when you are near a school bus. Of course, they have to obey all traffic rules! But, give schoolbusses a break anyway . . . they carry a priceless cargo!
- PARENTS! NEVER STOP TELLING children about the many traffic dangers! Only then can we hope to help reduce traffic fatalities! One out of seven fatalities involves a schoolchild! One out of ten fatal accidents is caused by a teenage driver!
- DRIVERS DON'T HURRY when you drive! We may as well face it! We cannot reduce traffic casualties unless we slow down! The lives of others are in the hands holding your steering wheel. The minute you may save, isn't worth the life of a schoolchild!
- HAVE YOUR CAR CHECKED by an expert! Any car that is not in perfect mechanical condition is a potential murder weapon! The few dollars you spend may save a life!
- PULL OFF THE ROAD when you're tired, and take a nap! DON'T DRIVE at all when you've had a drink! Drowsiness and drinking are responsible for most fatal accidents!
