LAURIER CALLS ON TARTE.

Ottawa Gave Rousing Reception to the Premier—Sifton First to Greet Sir Wilfrid.

Ottawa, Oct. 20.—Sir Wilfrid Laurier called on Mr. Tarte at his modest home yesterday. Their conference lasted for some time. The Premier has thus lost no time in tackling the task of reconciling the conflicting elements. How far he succeeded is, of course, unknown. The rumor is that the Premier found Mr. Tarte's resignation awaiting him upon his return, hence his visit to the Minister of Public Works; but only the developments of the next few days will tell if this is true.

TARTE IS SILENT.

Ottawa, Ont., Oct. 20.—(Special)—Mr. Tarte would not say anything this morning when shown the statement that he had tendered his resignation to Sir Wilfrid Laurier. It is not generally believed. He has gone to Toronto where he will speak to-day. On Wednesday he will attend Cabinet.

SIR WILFRID'S ARRIVAL.

Ottawa, Oct. 20.—Sir Wilfrid Laurier arrived at the Capital Saturday evening at 7 o'clock amid a downpour of rain, which failed to dampen the ardor of the large assemblage at the station. The Premier was met at the depot by the Mayor and aldermen of the city and the mayor of Hull, the city members of Parliament, Hon. Clifford Sifton and other members of the Cabinet, and Major Maude, who tendered to Sir Wilfrid and Lady Laurier the congratulations of the Governor-General upon their safe return. Carriages were then taken and proceeded by the Governor-General Foot Guards' band, the procession moved to the City Hall, where Lady Laurier, who had reached the city earlier in the day, joined her husband, and where the city's welcome was extended.

As the party reached the dias, cheered at every stage, by the enthusiastic gathering, all eyes turned instinctively toward the Prime Minister. The civic address, pretty in its illumination and gorgeous in its great gilded setting, was read by Mayor Cook.

NEW YORK TRAGEDY.

Two Partners Murdered in Lawyer's Office.

THEY'D BEEN PRESSING HIM FOR MONEY HE COULDN'T PAY.

New York, Oct. 20.—A shocking tragedy occurred Friday morning in the private office of ex-Congressman John J. Adams, in the suite occupied by Cantor, Adams & McIntyre, the law firm of which Mr. Adams is a member, in the Broad Exchange Building, at 25 Broad street. William C. Turner, until three months ago president of the Climax Bottle and Manufacturing Company, a Pittsburg concern, with offices in this city, shot and instantly killed his former partner, William J. Mallard, Jr., and Albert Hamilton, a wealthy Pittsburg glass manufacturer who recently bought all of his interest in the Climax Company, and then turned the weapon on himself and died.

For a full half minute before killing himself Turner held his smoking pistol at the head of Mr. Adams, who had

CORRESPONDENCE.

THE DR. HARPER INVESTIGATION—REPLY TO "ONLOOKER."

Editor Record:—Dear Sir:—In your issue of last Saturday "Onlooker" gives your readers his views on the above subject.

Referring to Mr. Shurtleff's report of the investigation he says it is "an interesting and illuminating document," but seems to have arrived at the same conclusion as the writer, that it is a species of illumination that does not illuminate, inasmuch as "Onlooker" goes on to say that "One important feature it seems to lack, however, and that is a definite statement, or even an approximate or per cent. statement," etc., etc. But it is not of this we wish to speak, but of the very unfair view he takes (and hands along to such of your readers as are not better informed) of Principal Dresser's position in the matter.

He says: "Evidently Mr. Dresser's complaint arose from a personal grievance, real or imagined, and is not deserving of having particular weight attached to it," and later on he says: "Principal Dresser takes warm exception to Dr. Harper mentioning a fault he found in St. Francis College, to a third individual, and not to himself," and adds, "We wonder if Mr. Dresser and others responsible for the enquiry, ever reflect how much kinder an act it would have been to request the committee to bring any objections to Mr. Harper privately instead of having them paraded before the public etc."

If "Onlooker" has read Principal Dresser's complaint as set forth in Mr. Shurtleff's report and wishes to be fair, his knowledge of the English language is extremely limited if he can state that "Mr. Dresser takes warm exception to Dr. Harper mentioning a fault he found in St. Francis College to a third party," etc., as he complains of nothing of the sort.

The complaint as we read it is that at the close of an official visit Dr. Harper stated that the inspection was satisfactory, so far as he had gone, and that he would return and examine the other departments later on. What he stated to the third party was that the result of his examination was not satisfactory. Fairly good grounds for complaint.

"Onlooker" suggests that a kinder course than making it public would have been to have informed the committee of public instruction privately. Principal Dresser exceeded that measure of kindness as he did not expose Dr. Harper's dual statement to the committee even, but wrote that gentleman, asking if he had made such a statement, and though pressed with a second letter to either deny or affirm the charge, his replies were evasive.

The correspondence was treacherously placed in the hands of the Protestant Committee of Public Instruction.

All Mr. Shurtleff's report bearing upon the question of the amount of time taken by the inspection or this, that or the other subject is comparatively unimportant.

Dr. Harper's sincerity and veracity have been seriously called into question. Principal Dresser discharged his duty when he called the committee's attention to an irregularity, and we imagine does not feel concerned further. The responsibility of dealing with it rests with the committee.

We think "Onlooker" is premature in assuming that the matter has been finally disposed of. In order not to create a false impression, we wish to say that Mr. Dresser has no knowledge of this letter. Yours truly, FORMER ST. FRANCIS STUDENT.

A new set of rules for the club were drawn up, and approved, and the twelve members present spent a couple of hours in the absorbing game, simple refreshments being partaken of before the party broke up.

On Thursday afternoon last a pleasant tea was given at the Club House, of the St. Francis Golf Club, Lennoxville, by the President, Dr. H. J. H. Petry and Mrs. Petry. The day was rather cold but sunny and bright, and the game went on with spirit during the afternoon, the men playing off their handicap, a large bon-fire outside the Club House added immensely to the picturesqueness of the scene and the comfort of the players, while it also served to boil the kettle-gipsy fashion, for the tea, which, with the adjuncts, were thoroughly enjoyed.

PAYETTE-LEMAIRE.

This morning at St. Michael's Cathedral a very pretty but quiet wedding took place, when Miss Marie-Louise Lemaire, eldest daughter of the late T. Lemaire, was married to Mr. Frank Payette, local manager of the Metropolitan Life Insurance Co.

As the strains of the wedding march were heard from the organ, the bridal party entered the Church, the bride escorted by her eldest brother, Mr. T. C. Lemaire, of Montreal, and the groom accompanied by his father, Mr. Leo Payette, also from Montreal.

The bride looked very handsome in a navy blue cloth, tailor-made gown, coat trimmed with velvet, and black and white feather boa. The hat corresponded with the pretty costume and was of navy blue, with blue and white wings. The bridal bouquet was of white roses. Only relatives and a few personal friends were present as guests.

The ceremony was performed by the Rev. Father Gignac, who sang the nuptial mass, and during the service a number of selections were performed upon the organ by the organist, Mr. E. Sylvestre, while the beauty of the service was enhanced by the singing of "Sancta Maria," by Madame Beaujean, and the "Ave Marie," of DuBois, by Mr. Arthur Lemaire, brother of the bride. At the conclusion of the ceremony the bridal party proceeded to the house of Mrs. H. C. Cabana, "Bella Vista," Wolfe street, where refreshments were served, and the usual good wishes given to the newly-married pair, who left on the morning train for Montreal, New York and Central Falls, R. I.

On their return Mr. and Mrs. Payette will reside in town.

The presents received by the bride were very pretty and artistic, from friends in the States, Montreal and Sherbrooke.

THE MAD MULLAH.

Fiercely Attacks a British Force.

WAS BEATEN OFF AFTER HEAVY LOSS HAD BEEN SUSTAINED.

London, Oct. 20.—(Special).—The British War Office is seriously considering the advisability of sending Indian troops to Somaliland to crush the Mad Mullah.

London, Oct. 20.—The foreign office has issued an undated despatch from Col. Swayne, commanding one of the columns of British forces operating against the Mad Mullah in Somaliland. The despatch was forwarded through the British vice-consul at Berbera, Somaliland. The British forces engaged were composed entirely of native troops and levies.

Col. Swayne says: "My force reached Ergo this morning. When about one day's march north of Mudug, I was attacked in the thick bush. Two advances were made, and the enemy was beaten back in the morning. Their losses were heavy, and we captured 100 rifles. Our force then proceeded to collect animals for transportation purposes, and to join the detachment at the stockade. In the afternoon, a reconnaissance was made, and after sharp fighting, the enemy were again driven off."

BRITISH LOSS.

"I deeply regret to report the following casualties: Col. Phillips and Captain Angus, and 50 men killed, and about 100 men wounded. The latter included Captain Howard and Lieut. Everett, but both are doing well. There were severe losses among the transportation and riding camels. The force will reach the stockade camp to-morrow and will advance to attack the enemy."

Bishop's College School

Looking For New Head Master.

The resignation of Dr. H. J. H. Petry, headmaster of Bishop's College School, Lennoxville, was accepted Friday by the corporation. A resolution was unanimously passed, acknowledging the ability and faithfulness with which he had discharged the duties of a teacher, and expressing esteem for his high personal character, and his deep interest in the welfare of the institution. The Bishop of Quebec, Cancellor Hamilton, the dean of Quebec, Principal Whitney, Messrs. W. Morris, R. Campbell and Lieut.-Col. H. R. Fraser were appointed a committee to select a new headmaster. Steps will shortly be taken to secure applications, no restrictions being placed as to the qualifications of the candidates.

Dr. R. W. Heneker, ex-chancellor of the university, bade farewell to the corporation on his departure for England. Next year being the jubilee of the granting of the Royal Charter to the university, it was decided to hold a special celebration in June.

The statutes were revised and passed, the most important changes being the extension of the privileges of the faculty of divinity to all the dioceses of Canada; and the exclusion of women from the medical lectures, on the ground of inadequate hospital facilities.

The college council also appointed Dr. Lynch, of Sherbrooke, lecturer in first aid, during the absence of Dr. W. Thomas, who has gone to South Africa with the Boer prisoners from Bermuda.

Mr. P. J. Hsley was appointed sub-registrar of the school of music in connection with the arts faculty, and it was decided that the lectures in pedagogy for teachers should be given again this year.

The School Association elected Lieut.-Col. Fraser of Sherbrooke, chairman of the board of directors in succession to Dr. W. Heneker.

GENERAL BOOTH.

FOUNDER OF THE SALVATION ARMY IN MONTREAL.

Montreal, Oct. 20.—General William Booth, founder and commander of the Salvation Army throughout the world, addressed three public meetings yesterday in Windsor Hall.

Like on his previous visit, the General proved a big attraction, and the hall was filled at each meeting. Hundreds were turned away at the afternoon and evening meetings.

Since five years ago the General has aged much; but he still appears tall and erect, and none of his former vigor and determination is missing.

This will probably be the last visit of the veteran commander, although he was not willing to admit the likelihood.

This year's bazaar will be a good help, the total receipts for the week being \$1930, which is \$115 more than last year.

ONE CENT POSTAGE.

MR. PAYNE BELIEVES THAT IT IS POSSIBLE.

Washington, Oct. 20.—Postmaster General Payne will discuss it in under-wood, in his forthcoming report the prospects of one-cent postage. Postal revenues are now so large that the nominal deficit of the department is disappearing, at least upon the basis by which it is regularly computed. Mr. Payne will ascribe something of the credit for this improved showing to the Madden regulations, by which publications without a bona fide subscription list have been excluded from the privilege of the second-class rates. Mr. Payne will tell in his report of other changes in contemplation, designed to effect economies in the service. One of these, already alluded to in these despatches, is the substitution of some lighter material for leather in the mail bags. The department also intends to use its influence against raising the salary of rural

carriers above the present \$600 figure; it will show that one-cent postage must be hopelessly deferred if the increased receipts of the department are absorbed in needlessly high salaries on the rapidly extending rural routes.

been present at a conference between these men as the representative of Mr. McIntyre, who was absent in court. The murderer was uncertain whether to kill Mr. Adams or not. Mr. Adams made an appeal for his life, the result of which was that Turner waved him out of his own office and then by self-destruction completed his awful programme.

The escape of Mr. McIntyre was sheer luck. He had expected to be at the conference as the representative of Mr. Mallard and Mr. Hamilton; had, in fact, promised Turner at a meeting on Thursday night that he would be on hand. Turner's insistence that McIntyre be present at Friday's negotiations is taken as an indication that he meant to kill him, too. For a large part of the trouble that Turner had had with his former partner and with his successor he had blamed Mr. McIntyre.

The services at the Methodist church next Sunday will be of a harvest home character, with special music.

The East Sherbrooke Ladies' Aid (Methodist) will meet with Mrs. Philip Lyster, Walton avenue, Tuesday at 3 p.m.

The W.M.S. of the Methodist church, is meeting with Mrs. D. G. Loomis this afternoon. An interesting feature of the meeting will be a report of the recent convention at Winchester.

The Rev. Father Plamondon, of East Angus, Rev. Father St. Jean, of Rock Forest, and Rev. Father Godin, of Cookshire, were in town last week guests at the Bishop's Palace.

High mass was celebrated at St. Michel's Cathedral yesterday morning by Rev. Father Larue, assisted by Rev. Mr. Rheume, as deacon, and Rev. Mr. Raveland, as sub-deacon. The Rev. Father Gignac read the continuation of the Encyclical letter of His Holiness, Pope Leo XIII., on the Holy Eucharist, with explanations and remarks. In the afternoon there was a meeting at the Cathedral of the Congregation of St. Anne for young women, with short address by the Rev. Father Gignac. At 7 p.m. Vespers and recitation of the rosary, with Benediction of the blessed sacrament.

At St. Peter's Church yesterday, the Rev. Dr. Shreve, rector, officiated at both morning and evening service. In the morning the text of the sermon was Acts ii. 26: "And the disciples were called Christians first in Antioch." Dr. Shreve spoke of the significance of names; of that of Adam, and of Jacob, "a supplanter," whose name was changed after years of suffering and penitence to "A Prince of God." The speaker said, "The name of Christian stands for unflinching courage and true piety and goodness. Does the name mean as much to us as in the early days of the Church? If it does, and if we live up to our privileges, would not every seat in this place be filled?"

ISTHMUS DISTURBED. SIR THOMAS GRATIFIED.

BAD CONDITION IS REPORTED AT SANTA MARTA.

Colon, Oct. 20.—The United States warship Montgomery has arrived here from Santa Marta. She reports that the situation there is bad. The insurgents have burned all the bridges. Railroad traffic has been stopped and business paralyzed. The foreigners are protesting against the conditions prevailing in town. After coaling, the Montgomery will return to Santa Marta. The United States steamer Ranger returned Wednesday to Panama from Agua Dulce, whither she went some time ago with an important communication from Admiral Casey to General Herrera, the rebel commander. The result of the conference with General Herrera is not known.

The Government has issued a decree doubling the export duty. It is reported that General Perdomo, minister of state and commander of the Colombian Army, who arrived here Wednesday, brought with him \$1,000,000 to defray the cost of the campaign against the revolutionists. The arms and ammunition belonging to the Colombian Government, which were detained here by order of Admiral Casey, will be sent to Panama.

Wills Bros., who come to the element theatre this week, are old favorites. "In Atlantic City" is an excellent musical farce comedy, full of ginger and cannot fail to please the theatre going public. Messrs. Wills Bros. have surrounded themselves with a large company of singers, dancers and comedians.

PLEASANT AT PROMPT ACCEPTANCE OF CHALLENGE.

London, October 20.—Sir Thomas Lipton said Saturday: "I wish you would say how gratified I am at the acceptance of the challenge for another series of races for the America's cup. The lack of formalities accompanying it and the prompt and cordial answer of the New York Yacht Club was one of the most satisfactory signs of the pleasant relations now existing in connection with cup challenges."

Sir Thomas displayed great interest in the despatches announcing the personnel of the defending syndicate and the reports regarding the design of the new defender. He seemed inclined to believe the Herreshoffs were not likely to turn out a faster boat than Columbia.

Regarding Shamrock III, the baronet said he could not quite announce the date of her launching, but he hoped she would be fifteen minutes' faster than Shamrock II.

From Dunbarton, Scotland, information comes from an authoritative source that the reports that no aluminum would be used in the construction of Shamrock III, are incorrect. There will be just about ten times more aluminum in the new challenger than was the case with Shamrock II.

The reports regarding the new boat's smaller cost also turn out to be incorrect. She is likely to be the most expensive of the three Shamrocks. One of those connected with the construction of Shamrock III said: "You cannot beat Columbia with a cheap boat. Even to equal her costs more than most yachtsmen care to expend."
