World News In Brief

Canberra, Aug. 30.—(Reuters)—The Australian cabinet has recommended a gift of £10,000,000 (Australian) (\$32,000,000) be made to Britain in the next Australian budget, it was learned here today. This is second gift from Australia. The first, of £25,000,000 (\$80,000,000) was made last year.

Tokyo, Aug. 30.—(AP)—Units of Britain's Pacific fleet and United States air and sea forces, resumed training exercises today. Royal Navy combat ships sailed from northern Honshu toward a rendezvous Sept. 1 off central Honshu with American naval units.

Frankfurt, Aug. 30.—(Reuters)—United States sources stated here today that the allied military governors will meet in Berlin tomorrow as a result of the Kremlin talks. But they did not say whether the meeting was to be between all four military governors or only the British, French and American representatives.

Budapest, Aug. 30.—(Reuters)—Eighty-four Hungarians today were charged with conspiracy to overthrow the present regime in Hungary. One of the accused, a journalist named Elmer Kiss, is charged with having been in contact with Janos Lederec, said to have been a contributor to the London Observer and at one time an employee of Lord Rothermere, proprietor of the London Daily Mail.

Singapore, Aug. 30.—(Reuters)—Chinese insurgents today shot and killed the European manager and a Malay special constable in a dawn attack on a tin mine in Negri Sembilan, southwest Malaya.

The manager, named Hunter, has a wife and children living in Scotland. He was the 11th European killed since the guerrilla war broke out.

London, Aug. 30.—(AP)—An informed source said today that Sir Henry Gurney has been nominated as the new high commissioner for the Malayan federation.

Sir Henry, 50, onetime chief secretary of the Palestine government, now is working in the colonial office in London.

Jerusalem, Aug. 30.—(C.P.)—Observers today expected a United Nations protest over Arab firing yesterday at a United Nations plane high over the Holy City.

Anti-aircraft fire opened up in the old city of Jerusalem for the first time since Arab-Jewish fighting began in Palestine, when the United Nations plane flew over.

Melbourne, Aug. 30.—(Reuters)—Australian wheat exports this year, totalling 105,000,000 bushels up to Aug. 21, are the biggest ever, C. T. Chapman, acting chairman of the Australian wheat board, announced last night.

Fine Weather Brought Big Crowds To Sherbrooke Fair For Opening Over Week-End

Two Canadians Are Among 36 US Plane Crash Victims

Winona, Minn., Aug. 30.—(AP)—Thirty-six persons including a Canadian couple died in the crash yesterday of a storm-raked Northwest Airlines plane atop a wooded Mississippi River bluff.

The Canadians were C. C. Plummer and his wife, of Flin Flon, Man. The mangled bodies of persons trapped in the wrecked fuselage will be brought out today by a human chain which will wind its way down the steep and rocky side of a 150-foot ravine into which the plane tumbled.

The crash occurred between Winona and Fountain City, Wis., on the Wisconsin side of the river during the height of a severe electrical and rain storm.

Coroner Herbert F. Stohr of Alma, Wis., said 10 bodies were removed to Alma before recovery efforts were halted last night. He said that the sides of the ravine were so steep that he must use a human chain of workers to remove the bodies still trapped in the tangled wreckage. The wooded and rocky ravine has 45-degree slopes.

The plane was one of the airlines newer Martin 2-0-2 ships and was bound for Minneapolis from Chicago with 33 passengers and three crew members.

It left Chicago at 3:50 p. m. PCS and although due in Minneapolis at 5:30 p. m. apparently was behind schedule because of the storm.

Howard Rackow, a farmer living on Perry Island in the Mississippi River, told the coroner he was getting some stock out of the storm when the plane passed over. "I was in the yard with my mother," he said. "There was a flash of lightning. It struck the plane. A part of a wing fell off and the ship started down."

Mrs. Charles Guenther, a Fountain City farm woman, told a similar story. She and her husband saw the crash from their automobile.

Bits of wreckage were scattered over a wide area. Some of it was found in a ball park in Winona seven miles away.

Executive editor Gordon Clossway and reporter William White of the Winona Republican-Herald, officer Walter Haussinger of the Winona police and N. W. A. pilot Volkel were among the first to reach the crash scene.

They searched for nearly two hours before locating the wreckage deep in the ravine. Clossway said several times they waded in water waist deep in storm-swollen streams.

They counted 107 bodies in the battered fuselage. Among the dead was a woman still holding a small child in her arms.

Clossway said the plane sheared off trees as it bounced across the top of the ridge and then dropped into the ravine.

Two - Day Attendance Is Close to 20,000-Mark—Midway and Lucky Lott Were Saturday - Sunday Features—Children's Day Today.

Favored by fine weather, possibly too hot at first but cooling to a comfortable temperature yesterday evening, the 63rd Eastern Townships Agricultural Association exhibition—better known as the Sherbrooke Fair—moved into full swing over the week-end.

Nearly 20,000 persons passed through the Fair Grounds turn-stiles Saturday night and Sunday, a considerable improvement over last year. Attendance figures for the first two days were 3,444 on Saturday and 16,197 yesterday.

In 1947 the comparative figures were 2,988 and 14,216. Today is children's day at the Fair and although action this morning was slow, it was expected that another bumper crowd would be on hand this afternoon when the first George Hamid grandstand revue will be staged.

Children are being admitted free to the grounds today and free to the unreserved section of the grandstand this afternoon. There will be a charge for grandstand seats tonight although the youngsters will still be allowed into the grounds for nothing.

Judging also starts today with the judging competition at 1 p. m. and the swim judging at 1:30 p. m. Also to be judged are exhibits in the following sections: Poultry, butter, cheese, honey, maple products, field crops, vegetables, fruits, flowers, housekeeping, fine arts and young people.

Despite Saturday night's heat, a surprisingly good turnout was on hand for the opening performance by Lucky Lott's Hell Drivers. The start of this was delayed for nearly an hour, because there was no loud-speaking apparatus, and although none became available Lott went on with his show just the same.

Buddy Young, one of the Hell Drivers, crashed into a trailer in the final act of the show and was taken to hospital for a checkup, but it was found he was suffering only bruises and he was back in the show yesterday. In last night's performance, the same driver was injured again, this time receiving cuts and bruises and he was still in hospital this morning.

The thrills and spills of the car and motorcycle show were the main entertainment program during the week-end, but yesterday afternoon two Vampire Jet planes dived and rolled over the grandstand for a half hour. Unless the weather deteriorates, they will be back again this afternoon at 4 p. m. and at the same time tomorrow.

Conklin's Midway, bigger and better than in previous years, was the biggest drawing card of the fair.

Earl Mounbatten of Burma took the salute at the grandstand as 10,000 fighting men marched past. The veterans swelled attendance for the day to 256,000.

Attendance Records Are Set As Ayer's Cliff Fair Closes

Ayer's Cliff, Aug. 30.—With a record-breaking last-night crowd satisfying their yen for thrills and the opportunity to see men defying death in the sensational performance of the Auto-Maniacs with Frankie Matthews and the Congress of Hollywood Daredevils, Ayer's Cliff Fair came to a spectacular close Saturday night, setting a new high in gate receipts, considerably over last year, in spite of the almost unbearable heat.

Expressing their satisfaction at the success of the 1948 exhibition, the officials of Ayer's Cliff Fair were already laying plans for a still bigger and better event in 1949, in which entertainment of an unusually high quality sets the stage for Stanstead County's annual exhibition which has gained the name of "Canada's blue ribbon county fair."

As Crowds Gather At The Fair

A huge Sunday crowd of 16,197 turned out for the Sherbrooke Fair yesterday, bettering last year's Sunday attendance mark by nearly 2,000. This picture shows the entrance to the Midway.

Ex-Premier Robert Schuman Will Try To Establish New French Government

Paris, Aug. 30.—(AP)—Robert Schuman, out of office as French Premier for 32 days, said today he will try to form a new cabinet.

The holding Alsatian said as he left President Vincent Auriol's palace shortly after midnight, "I have adopted the same attitude as M. Ramadier. I am going to examine the situation first."

Ramadier, Schuman's predecessor as Premier, spent all Sunday checking over his chances to form a new cabinet. He admitted at midnight he had been unable to convince either himself or French political leaders he was the man of the hour.

France has been without a government since early Saturday when Premier Andre Marie resigned as a result of Socialist disagreement with wage and price moves planned by his finance minister, Paul Reynaud.

Marie, a radical Socialist (Conservative), had been premier one month. Before him, Schuman, a member of the Mouvement Republicain Populaire (moderate), held the job eight months.

Political observers believed Auriol as going back over the three and if Schuman failed, Marie would get another chance.

The parties represented by Ramadier, Schuman and Marie had controlled France for two years in coalition. The purpose of the coalition was to keep the Communists on the left, and followers of Gen. Charles De Gaulle on the right, from going to power.

Schuman's first obstacle and the stumbling block that caused Marie's resignation will be to line up a cabinet that will agree on some definite policy.

The second important item Schuman must consider is what to do about a foreign minister. Georges Bidault, foreign minister in the last Schuman cabinet, has lost his popularity at home. Schuman himself held the post under Marie.

In the background too, were new situations threatening to come to the fore.

Paramount among these was a belief growing among the people that only dissolution of the national assembly and new general elections would solve the crisis.

Schuman's first order of discussion with party leaders would deal with legislation passed recently granting the finance minister extraordinary powers to deal with control of taxes and increased production.

Reynaud presented this program to the two French legislative bodies and saw it become law as the "Reynaud plan." The powers still exist, although they never have been clearly defined. That is what Schuman will have to do for the leaders of the centrist parties before they give him their support.

The DeGaullists have been planning for new elections for months. They believe new elections would give them enough votes to bring the general to power.

Wilhelmina Ends Reign This Week

Netherlands Queen Will Abdicate Saturday in Favor of Juliana.

By RICHARD TOMPKINS
Amsterdam, The Netherlands, Aug. 30.—(AP)—Queen Wilhelmina arrives here today to celebrate her golden jubilee and to begin her last week as Holland's ruler.

En route from her rural Apeldoorn estate, she will stop at the Hague, legislative and judicial capital of The Netherlands, to resume the active role of Queen from Princess Regent Juliana for the week-long festivities of the jubilee.

Juliana, who will conclude her second period as Princess Regent, will relinquish these duties of state to her mother until Saturday. On that day, Wilhelmina will abdicate and Juliana will become queen. Juliana's formal investiture will take place a week from today.

Queen Wilhelmina's arrival in Amsterdam late today will be the signal for 800,000 of her subjects in this garlanded Venice of the lowlands to cut loose at last and forget the war and the German occupation.

The Dutch already have begun to stir from their traditional stoicism to rejoice in welcome to Wilhelmina and to bid her adieu at the end of a half century of rule over the Dutch empire.

Still, their reverence for Wilhelmina, whose 68th birthday tomorrow is another cause for celebration, will deter, or dampen, any orgy of hilarity in the ceremony attending her exit.

Amsterdam is in gala dress. Every electrician that could get on the job has strung lights in the streets and on the city's 450 bridges. The lights shine in the sky and sparkle from the waters of the city's 52 canals.

Her only child, Juliana, 39-year-old mother of four daughters, has been trained through the years for her job and takes over in a time of crisis. The empire of 65,000,000 is straining and threatening to come apart. The millions in the overseas colonies of Indonesia are in rebellion, demanding independence.

Wilhelmina's abdication is the first in Holland since King William the First of Orange voluntarily left the throne 108 years ago.

Prince Bernhard, Juliana's consort, said the dowager Queen would paint after her retirement.

When Juliana becomes Queen, her eldest daughter, 10-year-old Beatrix, becomes "daughter of the queen and presumptive heir to the throne."

Juliana's third child, Margriet Francina, now five years old, was born in Ottawa after the royal family fled the Nazis and set up a government in exile in London. Her fourth child, Marieke, was born in The Netherlands after the war.

Wilhelmina becomes "Princess of the Netherlands." Bernhard becomes Prince of The Netherlands, rather than Prince Consort.

Crowned heads of Europe will be represented at Juliana's formal investiture. Princess Margaret will represent Britain's royal family.

Juliana is said to be accepting her grave new responsibilities with some reluctance because of the overburdening tasks that were down her mother in the 50-year reign, but has been induced to face up to them by the iron-willed old queen.

Heavy Loss Is Caused By Twister

Smiths Falls, Aug. 30.—(C.P.)—Its trees prostrate or stricken, dozens of its homes battered, windows cut, repair crews in its streets, Smiths Falls was still a bit stunned today by the brief and savage wind that struck it late Saturday afternoon and wreaked possibly \$500,000 damage.

It came about 4 p. m., at the height of a late August heat wave. It came out of a brown-and-purple cloud bank with lightning, rain and hail, "came shrieking down the street"—to quote Police Chief Reg White—"and the big trees began to fall one after another."

The day turned black as your boot. Windows were crashing in, smoke of awning went flapping down the street.

People could only call it "a twister" and wonder that not one of the 8,500 inhabitants of this railway town was killed or seriously injured. Nobody seems to know exactly how long it lasted. Some said three minutes, others said 15.

There was so much lashing rain and violence and murky darkness.

Hurricane Warnings Hoisted Along U.S. Eastern Coast

Miami, Fla., Aug. 30.—(AP)—Hurricane warnings were ordered hoisted from Wilmington, N.C. to Cape Hatteras, N.C., at 6 a. m. today.

At the same time, northeast storm warnings were ordered displayed north of Cape Hatteras to the Virginia capes and northwest storm warnings south of Wilmington to Charleston, S.C.

A violet tropical hurricane, with winds up to 120 miles an hour, was expected to reach the North Carolina coastline early tonight.

Great Lakes Dispute To Be Aired

Ottawa, Aug. 30.—(AP)—Early re-opening of the lake shipping dispute before the Federal government's new labor board was forecast in official quarters today.

Powers of the new body in directing management to undertake collective bargaining extend beyond that of the old wartime labor relations board, and it appeared these would be invoked on behalf of the Canadian Seaman's Union (T.L.C.) in the first major action before the board.

The body—the Canada Labor Relations Board—comes into power Wednesday with the proclamation of the Federal labor code passed at the last session of parliament. It has jurisdiction over such industries as railways, shipping and other inter-provincial activities.

According to officials here, the board has plenty of power to reopen the case of the C. S. U. versus four lake shipping companies who have refused to deal with that union on the claim that its leadership is Communist-dominated. It indicated the first move likely would be made by the union.

This, it was stated, could be done under a section of the code declaring that after 20 days' notice by either a company or its certified union, the other party must open collective bargaining.

Where one side complains that the other has failed to comply with this provision, it may refer the issue to the new board. The board then may either dismiss the complaint or direct that negotiations begin.

Further, if one party persists in refusal to bargain, the board may declare it is violating the code.

Such a declaration from the board, an official said, would simplify the task of the ordinary courts—which enforce the code—in determining guilt or innocence and imposing penalties.

The C.S.U. took the companies to court for alleged violation of the old labor regulations at one stage of their dispute but later dropped that action.

Under the new legislation, labor officials say, there is a better chance for a clear-cut verdict by the courts.

Children's Day Held At C.N.E.

Youngsters Hold Spotlight at Last Big Event Before School Opening.

Toronto, Aug. 30.—(AP)—The Canadian National Exhibition today started its first full week with the kids taking over the big fair in annual "Children's Day."

For many it will be the last big event before school opens. One of the highlights for the children will be the amateur diving and swimming championships for youngsters ranging up to 15 years old. Thirty-four events are scheduled, with most entrants from Toronto.

The agricultural aspect of the fair gets under way in earnest this week, when cattle judging begins. Judging of dairy products, grain, vegetables and honey begins today. The international cat show also opens.

With the lessening heat, which may have kept many away, attendance is expected to boom. Spectators and marchers collapsed all over the grounds Saturday during the annual Warriors' Day parade, when the temperature reached more than 100 degrees in the sun.

At least 25 heat prostrations, none of them serious, kept the St. John Ambulance Association busy up to mid-afternoon and then they lost count. The official figure of 100 (in the shade) was believed a record temperature for a C.N.E. day.

Earl Mounbatten of Burma took the salute at the grandstand as 10,000 fighting men marched past. The veterans swelled attendance for the day to 256,000.

Red Pressure Intensified In Berlin

Russians Move to Cut Finances of Anti-Communist City Government.

Berlin, Aug. 30.—(AP)—The Russians moved to cut finances of the anti-Communist Berlin city government today.

Intensifying their pressure against the administration was an order from the Soviet commandant in Berlin that henceforth all residents of the Soviet sector will pay taxes only in the sector where they live. He further ordered that these tax funds should be used only for the benefit of the Russian sector.

The order, which will withhold some revenues from the city, appeared designed to split the city's finance department. Previous Communist manoeuvres have forced division of the police, food and labor departments into east and west units.

The fresh Communist pressure to oust the elected city government came as Moscow dispatches indicated a four-power communique on the month-long talks dealing with the German situation can be expected shortly.

This is the 68th day of the Soviet blockade of the city.

The renewed Communist pressure on the city administration apparently was an effort to claim

Chambers Testifies Today Before U.S. Spy Committee

By DOUGLAS B. CORNELL
Washington, Aug. 30.—(AP)—The Congressional spy hunt shifted to New York today for Whittaker Chambers' own story of having landed a government job while drawing pay as a Communist agent.

The new development was unfolded by Chambers himself in secret testimony before the House of Representatives Un-American Activities Committee.

It led Rep. Richard Nixon (Rep. Calif.) to claim that for the first time the committee now has a "definite, probable link" between the pre-war Red underground described by Chambers—a senior editor of Time Magazine—and the wartime Russian spy activities related by Elizabeth T. Bentley.

Both Chambers and Miss Bentley have told of serving as Communist couriers. But there was a five-year gap from the time Chambers said he quit the party in 1937 until the Vasar graduate claims she began her spy work.

However, Nixon, who summoned reporters to Capitol Hill late yesterday to hear the latest turn of events, said Chambers got his government job from two people Miss Bentley accused.

Nixon declined to go into more than the bare details. He said more information would be forthcoming at this afternoon's New York hearing.

Chairman J. Parnell Thomas (Rep. N.J.) hinted earlier that the committee had turned up new evidence. He said members were about

to get down to the "really important" business of checking on actual spying.

Thomas' comment came as he handed out a report on how the committee has been getting along with its inquiry so far. That report took new cracks at both President Truman and Attorney-General Tom Clark.

It said the White House not only has "hampered" the spy investigation at every turn with "obstructive tactics" but will "in no way aid the committee in its efforts to protect the national security."

Clark, the report said, "has been in large part responsible for the growth and power of the Communist conspiracy in the United States" because he has failed to enforce the laws against spying "as vigorously as he should."

Neither Truman nor Clark had any immediate comment on the report. The President already has labelled the Congressional investigations a "Red hearing." And both he and Clark have insisted there have been no disclosures of information that had not long ago been known to the Federal Bureau of Investigation and a Federal grand jury.

Nixon said Chambers told the committee that he went to two of the people Miss Bentley named as members of this group and asked to be put on the Federal payroll.

Within 24 hours, Nixon said, Chambers was given a job and stayed on it several months "while actually still a \$55-a-week underground man for the Communist underground."

To Play At Fair

IN HOLLYWOOD

by Erskine Johnson NEA Staff Correspondent

JUDGE JOHNSON, LEG EXPERT, HELPS PICK WORLD'S SHAPeliEST Hollywood—I went out on a limb. But I didn't see it off. It was too beautiful. They were all beautiful—23 pairs of limbs competing for the title of "World's Most Beautiful Legs" at the Casino Gardens ballroom. I was one of the judges (occupational hazard of being a movie columnist). Ave Gardner, who has pretty legs, was a judge, too. I whispered that maybe I should vote for her. "Don't tell anybody," she whispered back, "but I'm bow-legged."

Measure For Treasure There was a lot of measuring and looking. I brought a tape measure, but I was too busy looking to do any measuring. Besides, a lady did the measuring with a sequin tape. I guess they didn't trust the judges so close to 46 gorgeous legs. One of the judges, Frank Chapman, manager of Acme Newspapers' Los Angeles Bureau, sighed: "This is best-looking trying to pick out the best-looking legs. I just like girls period."

As Jack Douglas once said: "I'm just crazy about Betty Grable's left leg." "Why her left leg?" the straight man asks. "Because," said Jack, "it reminds me of her right leg." Anyway, I'm happy. Pat, who won a job in a movie and a lot of other prizes, is an unknown. For once a movie queen with warts on her knees wasn't voted the girl with the most beautiful legs, just because it was a dull day in the studio publicity department.

D. W. Griffith's death, after his being ignored for years by Hollywood, has made movietown conscious of the fact that too many film pioneers are honored only after they are dead. To help correct the injustice, the Masquers Club gave Mack Sennett a testimonial banquet.

MRS. A. R. ROSS HELD VERY FINE W.M.S. SERVICE

Melbourne Ridge, Aug. 30—A special service in charge of the Women's Missionary Society was held in the United Church on Sunday, August 22 and was well attended.

A very interesting address was given by Mrs. A. R. Ross, of Asbestos, who used as her text: "The Kingdom Come, or Earth." Mrs. Ross expressed her desire that every girl as well as every woman would become a member of this great association, the Women's Missionary Society or of its affiliated groups, which provide such vast opportunities for helping in a practical as well as in a spiritual way, in administering to the needs of the world, near or far.

In reference to the hymn "Saved by Grace" very beautifully sung as a duet by Mr. Rothwell Beers and Mrs. John Wilkins, Mrs. Ross defined the word "Grace" as "Love in Action" and said that we should so live that we might show by word and deed that we do possess the Grace of Jesus Christ, in our own hearts, in our homes, in our church, community, country and nation and in the lands beyond the sea and that people everywhere must come to know and to practice the Christian Spirit, before the world, in this atomic age, can become a safe place in which to live.

The guest speaker was introduced by the local W. M. S. president, Mrs. Gordon Beers, who also assisted in the service. As Mrs. Ross took her departure, she was presented with a bouquet of pink gladioli as a small token of good wishes from the members of the Melbourne Ridge W. M. S. fellow-workers in this particular field of work.

The church was prettily decorated for the occasion with baskets of mauve and white phlox and gladioli. A number from St. Andrews Church in Kingsbury were present at this service to hear Mrs. Ross, who is widely known as president of the Quebec-Sherbrooke Presbyterial, and as well, for her very delightful way of speaking.

General News. Mr. and Mrs. Barrie Armistage and daughter, Susan, were guests of Mr. and Mrs. W. D. Frank. Other guests at the same home for the week-end were the Misses Jean and Margaret Frank, of Montreal. Mrs. M. Solomon has returned from Waterloo and Granby, where she spent a few days with friends. She was accompanied home by Miss Ledoux, who was a guest of Mr. and Mrs. Alex Johnston. Miss Annie Stevens has returned from Lake Richmond, where she spent a short holiday with friends.

Mrs. F. E. Doyle spent a few days at the home of her parents, Mr. and Mrs. E. Taber. Mrs. E. Beers, Mr. and Mrs. John Barrington and son, Ernest, spent an evening with Mr. and Mrs. G. Barrington. Mrs. A. R. Ross, of Asbestos, was a Sunday dinner guest of Mr. and Mrs. Gordon Beers. Miss Shirley Stevenson, of Durham, spent a few days with Mr. and Mrs. Stanley Moore and family.

TINGWICK

This community was saddened to hear of the passing of Mrs. Alcidas Roux, nee Catherine Muldoon, of Danville. The deceased spent her childhood days here and had many friends, who extend their sympathy to Mr. Roux and family and other relatives in their bereavement. Mr. James Murphy and Michael Williams were guests of their aunt, Mrs. P. Devitt, and Mr. Devitt and attended the Fair in Richmond. Several from here attended the Danville Fair and the closing dance in the Town Hall and reported a very good Fair.

Mrs. James Smith, of Richmond, and Mr. and Mrs. McKenna, of Asbestos, were tea guests of Mr. and Mrs. Michael Fay and family. Mr. and Mrs. James Williams and daughter, Miss Nellie and their sons, Albert and James, have returned from Concord, N. H., being called there by the serious illness of the former's sister, Mrs. George Jennings. Miss Mary Fay was an overnight guest of her aunt, Mrs. Smith, in Richmond, and attended the Richmond Fair.

Mr. and Mrs. William Williams and son, Edward, have returned after a holiday spent in Ontario, Detroit, Mich., Concord, N. H., and Montreal.

NEWS OF QUEBEC PROVINCE IN BRIEF

Montreal, Aug. 30.—A happy wedding party had a tragic end Saturday when the bride's young sister was killed by the accidental discharge of a revolver.

A few minutes after the wedding, Mabel Dickson, 19, went with three girl friends to a restaurant in Lachine.

Patrick McGuire, 17, a friend of the Dickson family, waited on the party after their invitation, and then showed the girl a revolver for use "in case of a hold-up."

Police said they were convinced that McGuire, in handling the revolver, accidentally pressed the trigger.

The bullet struck the Dickson girl in the head.

Three Rivers, Que., Aug. 30.—Bishop Georges Leon Pelletier of Three Rivers, has named Rev. Paul Henri Barabe to conduct an inquiry into reported cures following visits to the shrine at nearby Cap de la Madeleine, it was announced officially yesterday.

Most recent of the reported cures were those of Isabelle Naud, a paralytic from Portneuf, and Edmund Dushabin, said to have been cured of gangrene poisoning two days before he was to have his infected leg amputated.

Miss Naud, paralyzed by tuberculosis of the spine since 1939, was said to have left her wheelchair and walked unaided a few hours after visiting the shrine.

Montreal, Aug. 30.—Eleven persons were injured, two seriously when two automobiles collided yesterday on the Montreal-New York highway 43 miles south of here.

Joseph Riel, 28, of Granby, driver of one car, suffered a fractured skull while five companions escaped with cuts and bruises.

Mrs. Joseph Pilote of Montreal, occupant of the second car driven by Mika Ludwa, also of Montreal, was taken to hospital with severe head and internal injuries.

A STUDY IN DELAY

The concern with which the average Canadian housewife views the impending shortage of butter, which even the spokesmen for the dairy industry admit will be worse this winter even than last, has failed to make itself felt in official circles at Ottawa, judging from the delays apparent in the slowness with which action is being taken—or not taken—to relieve the crisis.

For instance, it has been announced that legal action to test the validity of the ban on the manufacture, importation and distribution of margarine will begin October 6, at the opening of the Supreme Court of Canada's fall session. That is over five weeks away. And judging from normal procedure in the past, several days, or even weeks, may elapse before all the evidence and conflicting views are voiced. Then the judges may be expected to reserve their decision for several weeks in view of the constitutional questions involved.

In the meantime, official figures show that the position is deteriorating each week, the visible supplies falling steadily behind those of a year ago. Furthermore, it cannot improve in the near future without some assistance from outside, either through extensive imports or through the use of substitutes. In the latter connection, no manufacturer will install the machinery necessary to manufacture margarine, because he does not know whether the present ban is to be removed, either by court decision or by government action. If the law is suspended, he has no assurance that it will be lifted long enough for him to justify any great expenditure.

If the Government really hopes to effect any adequate solution to the butter shortage, it would accomplish decidedly more by facing the issue squarely, lifting the ban at once—for a definite minimum period—permitting immediate action on the preliminaries for importation and manufacture. Then the court action could go on as a technical issue, largely in the field of academic law, and it would not make a great deal of difference whether judgment was handed down six months or a year from now.

POLITICS AGAIN MENACE FRANCE

The present political crisis in France which forced the resignation of Premier Marie is particularly inopportune in view of the serious nature of the negotiations now going on in Moscow aimed at bringing about some solution of the current difficulties surrounding Berlin. At the best, the Moscow talks had a limited opportunity of producing some benefits, with serious doubts being held that Joseph Stalin and his associates were really sincere in their professions of hope that favorable results might emerge. Now, the French capital difficulties provide the Communists with fresh political propaganda. Doubtless within the next few days, a barrage of statements, official and otherwise, will appear in the Berlin press and over the Berlin radio telling of the basic weaknesses of the Western Powers, citing the French example to prove that these nations are unable to present the strong front needed for ruling an occupied area.

Furthermore, it is probable that the Communists will take advantage of the impasse to stage a fresh series of demonstrations within France itself, aimed at preventing the establishment of a strong government and in fact at preventing the establishment of any government at all for some days. During this time strikes and similar disturbances may so paralyze the economic life of the country that much of the recovery progress made in recent months will be counteracted.

However, there is one bright scene in the picture. There is a serious effort underway to bring ex-Premier Robert Schuman back as Government head. Should this result, France may find itself with a strong and determined administration leader who will be prepared to sacrifice personal popularity to the common good.

INDIAN FRIENDSHIP FOR BRITAIN

After hearing repeated criticism from quarters who have little first-hand knowledge of the situation about the antipathy which certain sections of the Indian population have for Great Britain, it comes something like a refreshing breeze to have a man such as Earl Mountbatten tell of the strong friendship of the people of Pakistan and India for the Old Country.

Having been Viceroy of All India and Governor-General after India became a separate Dominion, and having had a big role in effecting the consummation of national independence, His Lordship is in a better position than anyone else to gauge Hindu and Moslem feeling. He made the rather sweeping statement that "the feeling of friendship all over India for the British Empire is hard to believe... It is perfectly staggering."

The views of Lord Mountbatten should dissipate all fears that India and Pakistan will break away from the British Commonwealth of Nations. India has been granted autonomy, but she is likely to remain a component part of the Empire as Canada, Australia and New Zealand. However much the native peoples resented British rule—under which they apparently recognize they gained enormously in economic and social legislation—they realize today that Britain is their best friend; a friend who will stick by them in time of trouble.

NEW "ANTI-INFLATION" MOVES WON'T BRING HCL DOWN MUCH

Now that regulations and orders have been issued by Treasury and Federal Reserve Board, putting into effect bank reserve and credit controls passed by the special session of Congress, it's possible to make a better idea on how much they're going to curb inflation. The easy answer is, "Not much!"

In the first place they don't cover enough of the economy—far less than a fourth, possibly as little as 10 per cent. So if inflation can still run hog wild over more than three-fourths of the economy—including housing and the cost of living—it isn't hard to see that there is still plenty of room for prices to keep on going up some more.

One other important factor is that the McCarty-Wolcott housing bill is inflationary. Any housing bill intended to make home financing easier so as to encourage construction of more houses is bound to be inflationary. The important point is that this housing inflation is a calculated risk. It must be taken because the need for more shelter is considered inescapable and greater than the need for checking inflation.

IT'S HIGH FINANCE, BUT MONEY IS "TIGHTENED"

Federal Reserve Board orders increasing bank reserve requirements and discount rates, plus Treasury orders increasing interest rates on short term government loans are matters well up in the stratosphere of high finance, and don't trickle down to the average citizen. In general, however, the net effect of these orders is considered by the business community as an indication that money is "tighter" as the bankers say, and that it will be harder to borrow.

There is no intention to curb productive loans which will increase the supply of scarce goods and so beat down prices. But non-productive loans for expanding production of luxury items and non-essentials will be clamped down on.

The only thing in the congressional so-called anti-inflation bill that hits the consumer is the curb on installment buying. Under the new Regulation W, time purchases of autos and eleven specified lines of house furnishings and appliances costing up to \$5,000 will be under control after Sept. 20. Down-payment must be one-third on autos, one-fifth on other items. Repayment must be within 15 months if the purchase is under \$1,000 and 18 months if over \$1,000. And so on.

But charge accounts are exempt from regulation. So are purchases of jewelry, stocks and bonds, hospital and doctor bills, farm and commercial loans and a few other specified lines of consumer credit. People borrowing money from banks will be asked to signify that they won't use the money to buy Regulation W items. There are penalties of \$10,000 fine and ten years for violations.

Carbing installment buying is looked upon in some quarters as working a hardship on lower income groups. If these curbs keep low-income buyers from getting head over heels in debt for autos or furnishings that are over-priced in today's market, they'll be benefited in the long run.

REGULATION W CHECKS CONSUMER CREDIT

Real purpose of Regulation W is to check over-expansion of consumer credit. Total consumer credit is now \$14,000,000,000. It was held to less than \$5,000,000,000 during the war. It was less than \$10,000,000,000 before the war. These figures have been kicked around a great deal to show the need for credit controls, but they misrepresent the case. Regulation W does not apply to all consumer credit—only to the dozen lines of durable goods bought on the installment plan. Total of this installment buying is now \$7,000,000,000 as compared with \$2,000,000,000 during the war and nearly \$6,000,000,000.

So installment buying is less than half of the total consumer credit problem and it isn't so terribly over-expanded from normal, prewar levels. In summary, Regulation W by itself isn't going to do much good, though it's a step in the right direction.

The great big loophole, untouched by congressional action is of course the cost of living. There is a lot of wishful thinking about how the bumper wheat and corn crops are going to bring down all prices. But the price of wheat has already dropped more than enough to bring down the price of bread—and where is it?

The corn crop still to be harvested won't be transformed into chickens till next winter, into pork chops until next summer, into beef for a full year. The whole danger of inflation is in the next year. As the above record shows, Congress did little to meet that situation.

BIBLE THOUGHT FOR TODAY

...Go and proclaim these words toward the north, and say, Return, thou backsliding Israel, saith the Lord; and I will not cause mine anger to fall upon you: for I am merciful, saith the Lord, and I will not keep anger forever.—Jeremiah 3:12.

Kind hearts are here; yet would the tenderest one have limits to its mercy; God has none.

Reports come out of Germany that the Amerika Hauser, or American information centers, with affiliated public reading rooms, may be closed shortly. We cannot believe that the difficulties caused by the currency reform in Germany are so insurmountable that a way cannot be found to keep these invaluable arsenals of democratic ideas open.

In the United States so lacking in funds in inequality, and in understanding of the struggle for men's minds now going on so not even to be able to pay the salaries of its German employees in the Amerika Hauser?

Americans need to realize that an American-sponsored German student discussion of world government, a clarifying lecture on ethnic and racial relations in the United States, a concert of Negro spirituals by a visiting group of Jubilee Singers, a book on theology or political science, on modern American industry or modern American poetry, may be as important a factor in breaking down misunderstanding and winning Germany to the standard of the West as a bomber shutting down Berlin.

Cultural interchange is no black-market luxury these days. Starved mentalities, we have learned, can be as dangerous as starved bodies.

SHORTSIGHTED PLANNING

Globe and Mail

Local and visiting motorists are not altogether happy with the state of Ontario roads. This applies, not only to the Provincial highways, but to the lesser roads which take the motorist to the haunts he wishes to visit and the places where he does his work. People have been patient with poor surface conditions because they realize that the work of maintenance had to be suspended during the war years. Nevertheless, there are

regional situations which give rise to just complaint.

A case in point is the short link between the Peace Bridge that spans the Niagara River from Buffalo to Fort Erie and the southern end of the Queen Elizabeth Way. It is manifestly absurd to have a magnificent bridge carrying four lanes of traffic from an American metropolis to the nearest port of entry into Canada, then jam the stream of vehicles into a single lane of oil-surface road for seven miles before it can debouch on Canada's finest highway.

Officials of the Provincial Highways Department say that the surfacing of cement roads has been abandoned because the Provincial Government's allotment of cement had to be diverted to the Ontario Hydro Power Commission. In view of the shortage of power already experienced and the greater shortage anticipated, the public will agree that the program of developing new sites for hydro power must be expedited before all else.

Nevertheless, there is reason to question whether the policy of the Highways Department has been properly timed. When it is remembered that nearly half a million dollars has been spent this year in enticing the tourist to sample our hospitality, it seems logical to give first attention to making at least the start of his journey comfortable. Figures compiled by the Chamber of Commerce for Greater Fort Erie show that 1,123,570 foreign motor vehicles entered Ontario via the Peace Bridge in 1947. Surely such a volume of traffic cries aloud for completion of the short stretch of highway that would link the bridge to the Queen Elizabeth Way. It should have been a first charge on whatever cement was available last year.

The bottleneck at Fort Erie is not the only instance of poor planning and lack of ingenuity to be charged against the department.

Another example is the detour on the road following the east shore of Lake Simcoe which crosses the Black River. Here a small bridge has been under repair for most of the summer and motorists are required to make a detour of several miles over bad surfaces. Any Canadian who reads a newspaper knows that within a few hours of the time the enemy destroyed a bridge military vehicles were crossing on a Bailey Bridge erected in a few hours beside the original structure by army engineers. Why should the Department of Highways be less resourceful?

Finally, there is the matter of secondary roads which often take the motorist on the last lap of his journey. According to Highway Department estimates, thirty million dollars have been allocated for expenditure by municipalities on secondary roads to which the Province is to contribute \$15,700,000. The secondary roads in the Province, however, give no indication that funds of such magnitude have been spent upon them. Since the Province makes such a heavy contribution, it should be sure that funds earmarked for roads are spent on roads and establish standards to be met as a condition of further subsidies.

WHERE DID MOSCOW GET URANIUM 235?

By ROSCOE DRUMMOND,

Chief, Washington Bureau,

The Christian Science Monitor

Was it a pro-Communist American nuclear scientist who stole and delivered to a Soviet agent a sample of top-secret Uranium 235?

The answer to this question is the next main target of the House Committee on Un-American Activities, and it can be said, with knowledge that considerable headway already has been made toward getting at some startling and sensational facts.

The committee thus is preparing to take up where the royal Canadian commission left off in trying to break through one of the mysteries left in the wake of the Canadian spy case.

The Canadian documents left unveiled the source of the uranium sample which Dr. Allan Nunn May, British natural scientist, now serving a 10-year jail sentence in England, ultimately confessed he obtained and channeled to Moscow. The Canadian royal commission never did discover that Dr. May had committed this act, but when he confessed after his arrest in England he himself testified to this fact at his trial. In its appraisal of this development, the royal commission left the circumstances in mid-air with this statement:

"He was in a position to get, where we do not know but possibly in Montreal, samples of Uranium 235 enriched and Uranium 233; he did get them and did deliver them..."

This is the point at which a House subcommittee, under the direction of Representative John McDowell (R) of Pennsylvania, has been at work for several weeks through a series of private hearings. On the basis of evidence already taken, it believes it will be able to show:

That the confessed British Soviet spy secured his uranium sample for the Russians not from Montreal but from the United States.

That his source was an American natural scientist who had worked for the Manhattan Project in several places.

That the sample came from the University of Chicago and was turned over to an identified Soviet agent whose name appears in the Canadian report.

The springboard of the McDowell subcommittee public hearings, which are due to begin Sept. 7, will be evidence it already has taken, primarily from security officers who were attached to the Manhattan Project.

If the committee's evidence should stand up and develops, as the committee is confident it will, there can be no doubt that it would

usefully bring to light a heretofore dark corner of Soviet espionage—that it would reveal a direct link between the Communist spy ring in Canada and the highly prized atomic secrets of the United States.

At the same time, it would make President Truman's repeated position that it's all a "red herring" not only deeply vulnerable but untenable, for at his press conference last week Mr. Truman declared that no American atomic secret ever had leaked to the Russians.

The name of the self-confessed Dr. May crops up several times in the Canadian royal commission spy report. It discloses that he came over from England to work on some phases of the atomic energy project of the Montreal laboratory of the National Research Council in July, 1945, he was assigned by Moscow, via Ottawa, to provide "detailed information on the progress of the work on uranium." On Aug. 9, Moscow was advised that Dr. May had reported that "the bomb dropped on Japan was made of Uranium 235." On this occasion Dr. May handed over "a platinum with 162 micrograms of Uranium 233 in the form of oxide in a thin lamina."

Later, it is recorded, Dr. May made two visits to the Canadian atomic energy project on the Chalk River at Montreal, on Aug. 16 and Sept. 3. "He also went on several occasions to the Chicago plant," the report states, "doing experiments in collaboration with American scientists." It was after his second visit to the Chalk River plant that Dr. May returned to England. He was arrested, pleaded guilty, and himself disclosed what the Canadian investigation had failed to unearth, that he had delivered both Uranium 235 and 233 to the Russians.

All this is what is behind the news that breaks in atomic security will be the next focus of the House Communist investigation.

Q—Where was helium first discovered?
A—In the spectrum of the sun. It takes its name from the Greek word "helios" meaning sun.
Q—Are the graves of the presidents of the United States guarded?
A—The graves of all former presidents of the United States are not guarded. It depends on circumstances whether or not there is a guard at the grave.

McKENNY ON BRIDGE

By Wm. E. McKenny, America's Card Authority

SACRIFICE TRICK TO STOP THIS CONTRACT

The American Contract Bridge League took its annual All-Ireland Tournament back to the Adirondack Inn at Sacandaga Park, N.Y., this year.

Handling a bridge tournament is quite a problem to a hotel manager who has never had one. The meal hours are off schedule and the players are up late at night. However, Edward Noulis, manager of the Adirondack Inn, is well known to bridge players who have attended tournaments both at the Inn and at the Hollywood Beach Hotel at Hollywood, Fla. I understand that Mr. Noulis outdid himself in service this year.

Although most of the major tournament events were formerly won by men, it does not cause even a ripple of excitement today when women win them, as they are now considered as capable as men players. The open pair championship at the Adirondack Inn this year was won by Mrs. B. Goldman and Mrs. A. P. Hess of New York City, over one of the largest fields in the history of the event.

Mrs. Goldman had to make a very unusual play in today's hand to defeat the contract. Her partner's opening lead of the queen of hearts was won by declarer with the king. South immediately started to set up the diamond suit, by leading the ten of diamonds. Mrs. Goldman (East) won with the king. Her natural play now would be

752	842	Q 953	A 4
Mrs. Hess	Q J 3	Q J 10	5

Mrs. Goldman	8664	A K 6	7 3

to return her partner's heart suit, but if she had done this, declarer would have made the contract. Realizing that South was attempting to set up the diamond suit, her next play was the king of clubs, though she was risking the loss of a club trick.

Declarer did his best by refusing to win this trick, and Mrs. Goldman continued with another club. Dummy had to win with the ace and a diamond was returned. If Mrs. Goldman had made the mistake of winning this with the ace, once again South could have made the contract. But she let declarer hold the trick, and now he was unable to cash nine tricks.

The lead of the king of clubs into the ace is the play called the Deschappelles Coup.

Prospects Of Western Europe Union Bright

By DEWITT MACKENZIE Associated Press News Analyst

Washington's approval of the movement headed by France to create an all western European parliament with advisory powers will give the added impetus necessary to bring this historic project to fulfillment.

Establishment of such a parliament might be a seven-league stride towards creation of a United States of Europe (or at least of western Europe)—dream of many generations of statesmen.

Additional power as a bargaining point before any new four-power discussions begin. Moscow reports suggested the expected communizing would set out the procedure for further discussions, possibly throwing such questions as the tangled currency situation into the hands of the four military governors to thrash out on the spot. Only technicalities were said to be holding up announcement of a four-power procedural agreement and these may be dispensed with by tonight. The three western envoys in Moscow may meet again tonight with V. M. Molotov, Soviet foreign minister, an authoritative Moscow source indicated. Engagement notices will be inserted in the Social and Personal column.

COWANSVILLE LEGION FAIR A FINE SUCCESS

Cowansville, Aug. 30—Cowansville Branch, No. 99, of the Quebec Command of the Canadian Legion, B.E.S.L., held its annual fair on the grounds of the Heroes' Memorial High School under the direction of the branch president, M. B. Cady. The original scheduled dates were the nights of July 23 and 24th, but after being rained out upon the opening night it was decided to extend the tumbola to the following week-end.

Some fifteen booths were in operation including a tea and food sale by the ladies. Bingo proved a popular attraction among young and old, while the four valuable prizes offered in the main raffle were an important drawing card. The musical background was ably provided by the Cowansville Band.

The net proceeds of the Fair amounted to \$1,572.46, which will be used by the Legion to finish the walls and ceiling of the main auditorium in the Legion Memorial Hall. The members of the Legion wish to extend their thanks to all the citizens of Cowansville, and the surrounding countryside, who helped to make the Fair a success.

General Notes

The runner-up New York Yankees gained a split with Detroit Tigers at the Stadium, winning the second game 11-10, after Detroit had come from behind to win the opener 9-6. The Tigers, trailing 9-0 in the eighth, came up with five runs in each of the sixth and seventh innings to take a 10-9 lead. However, Bill Johnson socked a two-run homer in the eighth to win for the Yankees.

A crowd of 40,127 sat in the twin bill to bring the Yankees' home attendance to 2,007,141, the third straight season they have gone over the 2,000,000-mark.

After Bob Lemon had pitched the third-place Cleveland Indians a 6-0 shutout over Washington Senators, the Nats came back to win the second game 5-2. Jake Early's three-run double off relief pitcher Bob Feller overcame Cleveland's 2-0 lead. Lemon racked up his 15th victory of the season and his ninth shutout with a three-hitter in the opener.

The fourth-place Philadelphia Athletics defeated Chicago White Sox 5-4 in the first game, but the American League cellar-dwellers came back to win the second game 7-2.

Carl Scheib pitched and batted the A's to a victory in the first game. He tripled and scored the winning run. He also slammed a pinch-hit homer in the second game.

Phil Marchildon of Penstangui-shere, Ont., was charged with the second game loss.

Sports Roundup

By GAYLE TALBOT
 (For Hugh Fullerton, Jr.)
 New York, Aug. 30.—(AP)—The bad press Ben Hogan received in winning the Denver Open suggests it is time the baniam takes himself a long vacation from golf and permits his frayed nerves to relax.

Though Ben always has been a quiet, impassive little guy, he is not ordinarily rude to people. I have seen him sign autograph books until he must have wished every autograph nut in the world had been drowned at birth.

What might not be generally realized is that present-day tournament golf, as played week after week by Hogan and his fellow pros, is about the toughest sports torture ever devised. It is a wonder

that before this one of them hasn't stripped his mental gears in the midst of a final round and become biting spectators who carry cameras.

The pressure finally became too much for Byron Nelson a few years back, and he wisely retired while he still had some semblance of a stomach left. Like Hogan, Nelson was a non-drinker, and so never was able to relax even for a few hours of an evening while an event was in progress.

No Wonder
 It is no great wonder that the money golfers, as a clan, are fairly heavy drinkers. Most of them, even though abstainers when they first hit the paring tournament trail, sooner or later embrace the bowl to some extent in an effort to ease the terrible pressure.

The successes of Nelson and Hogan over the last ten years prove, of course, that alcohol is no stimulus to golfing greatness. On the other hand, many a first prize has been pocketed in the same period by a gent who helped put the town to bed the previous night.

Bad Manners
 A glance at Hogan's record this summer might offer some idea of what led up to his reported exhibition of bad manners at Denver. That is, his records show the constant strain the little slugger has been under.

His victory at Denver was his 11-3, 786.

sixth in succession. In 11 events on the summer circuit, he has not finished lower than fourth. He won the classic double, the Open and P.G.A. championships. In 63 rounds he has compiled the amazing average of 69.57 strokes.

All of which means that, in addition to playing magnificent golf, the former Texas caddy has been under unremitting pressure, in the toughest golfing league in the world.

Not a Bad Fellow
 So this observer for one, feels

inclined to give the Mighty Mite a break and to suggest that the Denver fans do the same the next time they see him. Ben isn't a bad fellow.

Another thing all the tournament sponsors might consider doing is to post large signs all over their courses saying "no autograph hunting permitted." They did it at the Wimbledon tennis this year, and any little pest caught thrusting a school tablet under a player's nose was given a severe drubbing-down by a large policeman.

Does BURLEY Smoke Cooler?

A Picobac smoker will tell you that it's one of the mildest, coolest tobaccos grown and therefore particularly suited for a pipe. And because of the texture of the Burley leaf, it burns slowly... smokes cool... stays lit!

INTEREST SHOWN IN EUROPEANS BRIDE-TO-BE WAS SHOWERED BY HER FRIENDS

The Women's committee, termed "Social Welfare of Future Canadians," formed some time ago for the purpose of assisting European girls, settled in Sherbrooke, to adjust themselves in Canadian ways and customs, have been kept busy.

Headed by Mrs. Andre Royer, as president, the committee comprises Miss Annette Cozart, secretary, Mrs. Jan Plisk, treasurer, Mrs. W. E. Hume, Mrs. Lucien LaVallee, the Misses Juliette Trudeau and Ann Crochetiere.

MRS. ANDRE ROYER, president of the "Social Welfare of Future Canadians" committee.

Many benefits have already accrued to the future Canadians through the solicitude of the ladies of the committee, who have made costumes possible by sponsoring social evenings, where music, sing songs and games are provided. These, up to the present, have been most successful.

An additional advantage, for the new citizens, which facilitates the practice of their religion, is the arrangement of a Sunday Mass, at which a sermon will be preached in their own language. And under consideration are courses in English, French, sewing etc.

Encouraging is the fact that though these young girls mastered a very few English and French words on their arrival in Canada, they have made favorable progress in the speaking of these languages in their adopted country.

The committee will also make it their concern to investigate problems arising between employer and employee, and endeavor to settle differences to the greatest satisfaction of both parties.

MARRIAGES

St. Armand, Aug. 30.—Mrs. J. G. Thomas was hostess at her home here on Saturday afternoon at a delightfully arranged "Miscellaneous Shower" in honor of Miss Mary Allan, whose marriage takes place in September.

Miss Allan had been invited in for afternoon tea and on her arrival found twenty-five of her friends gathered in her honor. She was escorted to her place and seated under a "Butterfly Shower," each butterfly having a string attached and she was asked to follow each string, at the end of which was a hidden parcel, containing the gifts and good wishes of her friends.

After the parcels had all been found and opened Miss Allan graciously expressed her thanks for her many gifts and good wishes.

Delicious refreshments were served by the hostesses, tea being poured at the beautifully arranged dining room table, by Mrs. T. S. Allan, mother of the bride-to-be.

The table, which was covered with a white linen cloth, was centered with large silver "Double Wedding Ring" holders with summer flowers, and lighted with tall white tapers, also in "Double Wedding Ring" holders.

The hostess was assisted in serving by her daughter, Mrs. G. S. Wade, and Mrs. Walter Steen.

ST. PAUL'S LADIES' AID Mrs. P. C. Luke entertained the Ladies' Guild of St. Paul's Church, at their regular monthly meeting. There was a good attendance of members and several times of business were discussed.

The report of the annual bazaar held in July was also given and showed satisfactory results.

Following the business meeting, refreshments were served by the hostess.

Mrs. A. Garland will entertain the Guild at the September meeting.

General Notes Mr. and Mrs. J. Malcolm, of Galt, Ont., and Mr. and Mrs. N. MacKay, of Galt, were guests of Mr. and Mrs. G. L. Kidd, Sunday guests at the same home were Mr. and Mrs. H. B. Demers, Mr. and Mrs. Russell Braley, Miss Lois Demers, and Mr. Norman Demers, of Montreal.

Miss Irene Luke spent two days in Bedford, with Mr. and Mrs. Y. G. Shepard.

Mr. Frank Burley, of Montreal, and Mrs. Marguerite Dixon, of Ottawa, spent the week-end with Mrs. Burley, at the home of Miss Ella Burley and Mrs. Lena Symington.

Mr. Richard Dean, of Lacolle, spent a day at his home here.

Mrs. J. R. Chappell, of Swanton, Vt., was a guest one day of Mr. and Mrs. H. C. Hastings.

Mrs. Aywood and Miss Marion Alwood, of Montreal, were guests at the shower tendered Miss Mary Allan at the home of Mrs. J. G. Thomas.

Mrs. Janet Perkins and Mr. A. Sargeant, of Montreal, spent a day at the home of the former's parents, Mr. and Mrs. J. G. Thomas.

Mr. and Mrs. T. G. Shepard, of Bedford, spent the week-end at the home of Mr. and Mrs. B. L. Gardner.

Mr. and Mrs. A. Wade, of Montreal, spent several days at the home of their son, and daughter-in-law, Mr. and Mrs. Gordon Wade.

Mrs. M. Hastings, of Boston, Mass., spent a few days with Mr. and Mrs. H. C. Hastings.

Miss Irene Luke, of Montreal, is spending a two week vacation with her parents, Mr. and Mrs. P. C. Luke.

Mr. and Mrs. C. Dean accompanied by her and Mrs. J. Mosher and Mrs. H. Dean, of Noyan, motored to Lyndonville, Vt., where they visited relatives.

WARDEN Miss Clara Hill has returned home, after spending a two months' holiday visiting relatives in Michigan.

Mr. Gordon Duboyce, of West Bolton, and Miss Iva Proper, of Sutton, were tea guests of Mr. and Mrs. V. A. Lewis.

MARRIAGES

FORSTER—LYONS

Sweetsburg, Aug. 30.—A very pretty wedding took place at half past ten o'clock on July 31, when Sheila Theresa, second daughter, of Mr. and Mrs. Dennis Lyons, of Sweetsburg, became the bride of Herbert (Bertie) Forster, of Cowansville. The ceremony took place in the church of St. Rose de Lima, Sweetsburg, the Rev. Mahon, of St. Anne's Parish, Montreal, officiating. The wedding music was played by Mrs. Arthur Tanner and Mr. Frank Graham sang, "Ave Maria," "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a floor-length gown of white faconne crepe, made on princess lines with a lace yoke and long sleeves with points over the hands, her veil of tulle illusion was caught with a coronet of orange blossoms and she carried a bouquet of American Beauty roses. Her only ornament was a pearl necklace.

Mrs. Ann Moxen, her sister's matron of honor, was gowned in mauve silk crepe with white lace bodice and she carried a bouquet of sweet peas.

Mr. Albert Forster, of Cowansville, acted as best man for his brother, and the ushers were Mr. E. McElligott, of Cowansville, and Mr. Clayton Smith, of Ste. Anne de Bellevue.

Following the ceremony a reception was held at the Bruck Silk Recreation House, in Cowansville, when a buffet lunch was served to about sixty-five guests. A wedding cake centered the bride's table, which was attractively arranged with sweet peas in a silver bowl and white tapers in silver holders.

Travelling by motor to the Laurentians, where the honeymoon was spent, the bride wore a pink linen dress under a green shortie coat, with white accessories and a corsage of mixed sweet peas.

Mr. and Mrs. Forster are now residing at 216 Main Street, Cowansville, where they will be "At Home" to their friends.

RICKEN—ELLIOTT

The marriage of Allison Goldie, daughter of Mr. and Mrs. Wesley M. Elliott, of Sherbrooke, to Mr. Jan Austin Ricken, son of Mr. and Mrs. E. A. Ricken, of Kenogami, Que., took place on Saturday afternoon, August 14, at three o'clock in the library of St. Patrick's Church Hall, Sherbrooke, the Rev. Father J. R. Moisan officiating. Mrs. A. McManamy played the wedding music and summer flowers were used to decorate.

The bride, who was given away by her father, was in a gown of white satin. She wore a veil of tulle illusion and carried a bouquet of pink and white roses.

Mrs. Jean Ewing, as matron-of-honor for her sister, was in a frock of ice blue taffeta. She wore a matching hat and carried a colonial bouquet. Mr. Russell Bradford acted as best man for Mr. Ricken.

Mrs. Elliott, the bride's mother, was gowned in navy blue crepe and wore a matching hat and a corsage bouquet of red roses.

Mrs. Ricken, mother of the bridegroom, wore a gown of grey crepe with a matching hat and a corsage bouquet of fuchsia roses.

The reception was held at "Rockcliffe," Quebec street, where the bride's table, centred with the three-tier wedding cake, was arranged with pink roses.

Later Mr. and Mrs. Ricken left for Old Orchard, Me., Boston and Rawdon, Que., the bride travelling accessories.

MODERN MARRIAGE

CITY WAYS OFTEN HURT FAMILY LIFE

By Dr. Paul Popenoe

This is Gloom Day in Mr. J's calendar. He doesn't see any future for family life, when it has to face the conflict between communism and capitalism. "These two are irreconcilable," he asserts, "and the American family will be crushed between them."

Maybe so, Mr. J.—although few students of the subject agree with you. But the American family is already caught in an even more serious conflict of ideas, according to sociologist O. E. Baker. Differences between attitudes of life in a city and on a farm are even deeper than the differences between capitalism and communism, he declares, and "the philosophy of life which is popular in the cities today leads to the disintegration of the family and to national and social decay."

City planners furnished a good illustration of the fact at (of all places!) the National Conference on Family Life at Washington, D. C. One of them complained bitterly that it was no use to build nice, new apartment houses, if "baby carriage congestion" was going to spoil them as residences of discriminating people. Why, actually, he wailed, "when we built the Carl Mackley house in Philadelphia, we found that in the first year there were 264 pregnancies in the 300 apartments! It has worked out the same throughout the country."

Of course there ought to be a law (the thinker) and this speaker had one ready to propose. City zoning ordinances should permit nice, new apartments to be occupied only by elderly couples (and their dogs). No husband and wife should be allowed to turn a nice new apartment into a slum, by producing a baby in it. If couples are young and foolish enough to insist on having children, some of the older apartments in less desirable parts of the city can be set aside for them, where they can't hurt properly values.

That's the sort of thing that leads Dr. Baker to say that "the philosophy of life which is popular in the cities today leads to national and social decay." Do you agree with him, Mr. J.?

Question and Answers Q—Does any state require a religious ceremony of marriage? A—Yes, Delaware, Maryland, and West Virginia, I believe.

Q—Is it true that one state actually passed a law to prohibit a man from marrying his wife's grandmother? A—Such a marriage is forbidden in Rhode Island, South Carolina, Tennessee, Vermont, Kentucky, Maine, Maryland, Massa-

chusetts and Michigan. Q—We are continually told about how many families are broken by divorce. I'd like to know how many are broken by death each year? A—About 500,000 each year are broken by death of husband or wife, leaving each year approximately 500,000 dependent children under the age of 18.

Q—We are worried because our two-year-old seems to be utterly self-centered and anempathetic. A—Most children are, at that age. Evidences of social co-operation usually do not begin to appear until a year or two later.

Locals Down Granby 9-4 And Split With St. Hyacinthe, Losing 9-0 And Winning 6-3; Farnham Here Tonight

Normie Dussault, the A's fleet-footed centre fielder, banged out a lusty triple in the lower half of the sixth inning, with the bases loaded and two away, to help his mates down St. Hyacinthe 6-3 last night at Park Avenue Stadium.

In the afternoon Sherbrooke forfeited the game to the Saints when in the opening half of the tenth, after they had tied the score 7-7, as Pete Taillefer was given the thumb for disputing too vigorously Umpire Prince's called strike at the plate. Manager Gladu had no replacement for shortstop as he used his extra players as pinch-hitters in tying the score, so the locals were forced to give the game to the Saints.

Claro Duany and Roland Gladu both connected for round-trippers, with nobody aboard while Tony Ross poled out two two-baggers and Pasqual and Taillefer each had a two-bagger. For the Saints Creighton Lipka and Rolins were the big guns with a double and single apiece.

In last night's game the locals pushed out in front in the initial frame 1-0, when Dussault singled, stole second, and came home, when Nance and Lipka lost Duany's high fly ball at third. Dube singled, but Ross struck out to end the rally. In the opening half the locals came up with a nice double play after McNeely had singled. Lipka had advanced him to second and Creeden lined out to Taillefer to start the double play as McNeely was doubled off second.

In the second, third and fourth Sherbrooke failed to pick up any runs. In the fifth they got a single but could not tally. In the second the Saints got two singles but could not get anyone across the plate. In the fourth Paul Martin doubled, but was left stranded. In the fifth the Saints moved out in front when they connected for three singles and two runs to move out in front 2-1.

Normie Dussault Triples

In the lower half of the sixth the A's put the game on ice as they got to Jean Paul Tetreault for three hits, aided by two walks and a passed ball to drive five runs across the plate. Duany singled to start the ball rolling. Dube fled out to short. Ross doubled moving Duany to third. Coimbre pinch-hitting for Taillefer was given an intentional lift to first. Zabala, who took over from Pasqual at bat, hit a fielder's choice scoring Duany. Paul Calvert walked to load the sacks again and then Normie Dussault picked out to hit right field fence to clean the bases and end up at third base. He came home on the next pitch, when it got away from Valois. Torres went out at first to end the rally but the damage was done and the locals were picked back in the driver's seat 6-2.

In the seventh and eighth the teams failed to produce any runs, although the Athletics got two hits in the seventh and another in the eighth while the Saints were held hitless by Calvert. In the ninth the Saints got a run when Valois singled, with one away, and after Clovinsky fled out, Galipeau, pinch-hitting for Tetreault, banded out a single to score him. McNeely got on when Torres committed the only error of the game, but they were held on the sacks as Coimbre threw Lipka out at first to end the game.

Calvert and Tetreault each had six strike outs to their credit, while Tetreault gave up four passes to first and Calvert only

Both teams gave good support to their hurlers and turned in good performances.

Farnham Here Tonight

This evening Farnham will pay a visit to the locals at Park Avenue Stadium in a postponed game. The tilt is scheduled to commence at 8.30.

SATURDAY

Bunching five of their seven hits in the first two innings for eight runs, the Sherbrooke Athletics downed the Granby Red Sox 9-4 Saturday evening at the Park Avenue stadium.

Granby started off at a good clip as Rosata and Mulvey singled in succession. Oliver went out, second to first, but drove Rosata across the plate with the initial tally and then Monterio banded out a single to score Mulvey to give the Red Sox a 2-0 lead in the tilt. Monterio was thrown out trying to steal and Manets fled out to centre field to end the rally.

The A's got one run across in the lower half when Torres walked, reached second on a passed ball, and came home on Gladu's single but Duany hit into a double play to end the scoring. In the second inning the locals fell on young Eddy Balzer and with the help of three consecutive walks plus singles by Pasqual and Taillefer three runs came home. Dussault then singled to drive in another tally, and that was the show-off for the youngsters of the Balzer pitching brothers. Manager Gene Oliver took over, but before he could extinguish the rally the locals managed to get three more runs in to take a 8-2 lead in the game.

The Red Sox got their other two runs in the fourth on four hits and that was the end of their scoring although they touched Zabala for singletons in the sixth and ninth but could not tally.

Sherbrooke got a single in the fourth when Gladu poled out his second hit of the evening, but did not score as the Red Sox came up with a double play when Rosata made a one-handed stab of Dube's line drive and then doubled Gladu off first. In the ninth the A's picked up another safe hit as Dussault singled, stole second but was left stranded as Gladu and Torres both fled out to end the scoring.

Normie Dussault and Roland Gladu each picked up two hits apiece while Dube, Pasqual and Zabala whiffed seven men at the plate and issued two free passes to first as he gave up nine hits. Eddy Balzer was charged with the loss and in the two innings he worked he gave four passes to the initial sack and struck out one. His replacement, Manager Gene Oliver, whiffed two and issued four tickets to first but he allowed only two runs to be tallied against him during the seven innings he worked and gave up three safeties.

Footballers Play In Sweltering Weather

Happiest among those citizens glad to see the end of the heat wave are the football players, who somehow don't relish carrying 20 pounds of personal equipment in 100-degree temperatures.

Well over 100 of them tried it in Hamilton and Toronto Saturday and the effort should have floored them. Instead, there were a couple of well-played exhibition games, with Toronto Argonauts beating Toronto Beaches Indians, 13-8, and Hamilton Wildcats walloping Windsor Rocketts, 36-3.

The only senior league game was played in comparatively cool weather in Regina, where Winnipeg Blue Bombers edged Regina's Saskatchewan Roughriders, 14-13. The victory put all three teams in the Western Canada League in a first-place tie, each with two points after the first round.

Blonde Royal Copeland scored two touchdowns for the Dominion Champion Toronto team, who open their regular Big Four schedule next Saturday against Montreal Alouettes in Toronto. Don Durno converted both and Ken Whitlock, the Argo import from Virginia State College, punted a single point.

For Beaches Indians, a combined Ontario Union entry of last season's Toronto Indians and Balmy Beach, Ernie Becker counted a major when he fell on a goal-line fumble. Don Crowe kicked their other points with a placement.

Brooklyn Climbs Into First Place In N.L. After Being Last On July 2 Which Experts Claimed Impossible

Brooklyn's Dodgers have accomplished what many experts said would be impossible.

In last place July 2, Brooklyn's amazing Brooklyn club was perched in first place today following a tremendous two-month drive out of the National League cellar.

They did it the hard way too, sweeping both ends of a double-header from the arch-rivals, St. Louis Cardinals, 12-7 and 6-4. A crowd of the season, saw Louis crowd of the season, saw the Dodgers extend their latest winning streak to five straight.

Of course, the Broeks needed help. They got it from Pittsburgh Pirates who knocked off the erstwhile leader, Boston Braves, twice, 6-1 and 5-1.

As a result, the Brooks found themselves three percentage points ahead of the Braves, who lead the third-place Cards by 1-1/2 games. Pittsburgh established itself as a definite pennant threat by climbing within three games of the top.

As in many of their victories during this spectacular surge which saw them win 30 out of 55 games, the Dodgers were paced yesterday by Jackie Robinson, their star Negro second baseman. Bobby cracked out six hits in the twin bill. He was simply poised to open when he hit for the cycle. He started with his 10th home run of the season, and followed with a triple, double and single in six times at bat.

Robinson also stole a base, his 17th of the season. Incidentally, all have come during the last two months. He did not steal a single base in his first 50 games.

The second game went 10 innings before the Brooks put over the clincher. A pinch single by Arky Vaughan drove in Pete Reiser with the winning run.

Stan Musial did his best to keep the Cards in the game. It was his triple with two out in the last of the ninth that forced the game into overtime. It scored two runners and deadlocked the game at 4-4. Musial, who collected four hits for the afternoon to raise his league-leading batting average to .382, cracked his 34th home run in a losing cause in the opener.

Rookie Bob Cheshes of Pittsburgh bagged his 11th triumph against only three defeats limiting the floundering Braves to seven hits. He had a shutout until the ninth when Earl Torgeson singled and scored Boston's lone run on Jeff Heath's triple. A four-run rally in the seventh inning won the nightcap for Vic Lombardi.

It marked the first time since June 13 that the Braves were kicked out of the league lead. The Dodgers momentarily knocked them out last Aug. 21 by winning the first game of a twin bill, but before the day was over Boston was back in first place by winning the second game.

Cincinnati's Reds extended the New York Giants' losing streak to six straight whipping Leo Durocher's men in both ends of a doubleheader by the same 3-2 score. Pinch-hitter Danny Litwhiler singled home the winning

Fazio And Mangrum To Battle For Top Money

Salt Lake City, Aug. 30.—(AP)—George Fazio and Lloyd Mangrum battle today for the Utah Open Golf Title while their fellow divot diggers head for Reno, Nev., and a \$25,000 tournament that opens Friday.

Fazio, of Conshohocken, Pa., and Mangrum, of Chicago, were deadlocked yesterday at the end of 72 holes of the \$12,500 Utah event.

They arranged a play-off for this afternoon, with the winner taking \$2,150 and the loser \$1,550. The match was set for the hilly Fort Douglas course.

By deadlocking Fazio, Mangrum assured himself a healthy slice of money and a big jump over Bantam Ben Hogan of Hershey, Pa., in a fight for the title of top money winner on the links.

Mangrum was ahead by \$254 when the Utah tournament started. Ben drew only \$400 for a tie at 281. If Mangrum wins, his total will be \$29,854. If he loses, \$29,254. Ben has earned \$27,847 this year.

Mangrum and Fazio, playing in the same threesome for the final 18 holes yesterday, gave a demonstration of brilliant golf under pressure.

Fazio started the day one stroke behind 209 to Mangrum's 208. Fazio extended the match with a three-under-par 32 on the first nine, while Mangrum was out in 33. They ended the contest 14 blows under par for the par 72, 6,580-yard course.

Carry Middlecoff of Memphis, Tenn., finished with a six under par 66 to deadlock Jimmy Demaree of Ojai, Calif., for third money at 277. Each received \$990.

Bob Hamilton of Landover, Md., and Skip Alexander of Lexington, N.C., tied at 278, each drew a cheque for \$700. Both finished with a 69.

Dick Metz of Virginia Beach, Va., came from nowhere to deadlock George Schneider of Ogden, Utah, at 279. Metz dazzled everybody with a brilliant 66 for the final round. They each drew \$520.

Allan Leonard, Verdun Hockey Star, Drowns

Montreal, Aug. 30.—(AP)—Allan Leonard, 19-year-old hockey player from Clark City, Que., about 300 miles north of Quebec, was drowned Saturday while swimming near his home. His body was recovered immediately.

Leonard, whose contract was bought last season by Montreal Canadiens from New York Rangers, another National Hockey League club, was one of the leading scorers in the Quebec Junior Amateur Hockey Association last winter. He played right wing for Verdun Cyclones.

CADET OFFICERS CAMP CLOSES

Quebec, Aug. 30.—(AP)—Sport trials and the presentation of trophies marked the closing of a training camp for 227 cadet officers from 17 Canadian universities during a ceremony at Valcartier Camp on the outskirts of Quebec Saturday.

Presiding were acting Defence Minister Col. Paul Mathieu and Maj.-Gen. Emmett Weeks, Adjutant General of the Canadian Army at Ottawa.

Miss Lenczyk Retains Her Canadian Ladies' Open Golf Championship By Downing Mrs. Bush 3 And 2 In Finals

Riverside Golf Club, Saint John, N.B., Aug. 30.—(AP)—Miss Grace Lenczyk was still the owner of the Canadian Ladies' Open Golf Championship today, but her 3 and 2 triumph Saturday over Mrs. Eddie Bush of Wilmington, Del., was one of the toughest fights of her career.

Down five holes at the start, the 21-year-old girl from Newington, Conn., had to battle all the way for victory in the 36-hole All-American final.

She did not gain the lead until the 24th, then lost it again just as quickly. But a brilliant sweep of four holes in a row carried her to a winning finish on the 34th.

Wild with her approach shots and her putting, Miss Lenczyk was down five holes at the sixth. Then she got down to business, won the next three holes in a row and finished the morning 18 all square.

The 27th found her one down, with Mrs. Bush threatening to take the title and the Duchess of Connaught Golf Cup.

The champion squared it again with a birdie on the 28th, lost the 29th, then pulled steadily ahead.

She took the 30th with a birdie and breezed to win on the 31st tried hard on the 34th with a one and holed out with a five, one over par.

The Wilmington golfers' drive bounced into the woods on the 32nd, and Miss Lenczyk had no trouble taking it with a par five.

Mrs. Bush then gave the match away on the 35-year par four 33rd hole as she three-putted. She tried hard on the 34th with a one second from behind a tree, but Miss Lenczyk had no trouble matching her par four and retaining the title she won last year at Toronto.

The champion shot a medal score of 146, even par for the 34 holes played, while Mrs. Bush took 148.

Brooklyn Climbs Into First Place In N.L. After Being Last On July 2 Which Experts Claimed Impossible

Brooklyn's Dodgers have accomplished what many experts said would be impossible.

In last place July 2, Brooklyn's amazing Brooklyn club was perched in first place today following a tremendous two-month drive out of the National League cellar.

They did it the hard way too, sweeping both ends of a double-header from the arch-rivals, St. Louis Cardinals, 12-7 and 6-4. A crowd of the season, saw Louis crowd of the season, saw the Dodgers extend their latest winning streak to five straight.

Of course, the Broeks needed help. They got it from Pittsburgh Pirates who knocked off the erstwhile leader, Boston Braves, twice, 6-1 and 5-1.

As a result, the Brooks found themselves three percentage points ahead of the Braves, who lead the third-place Cards by 1-1/2 games. Pittsburgh established itself as a definite pennant threat by climbing within three games of the top.

As in many of their victories during this spectacular surge which saw them win 30 out of 55 games, the Dodgers were paced yesterday by Jackie Robinson, their star Negro second baseman. Bobby cracked out six hits in the twin bill. He was simply poised to open when he hit for the cycle. He started with his 10th home run of the season, and followed with a triple, double and single in six times at bat.

Robinson also stole a base, his 17th of the season. Incidentally, all have come during the last two months. He did not steal a single base in his first 50 games.

The second game went 10 innings before the Brooks put over the clincher. A pinch single by Arky Vaughan drove in Pete Reiser with the winning run.

Stan Musial did his best to keep the Cards in the game. It was his triple with two out in the last of the ninth that forced the game into overtime. It scored two runners and deadlocked the game at 4-4. Musial, who collected four hits for the afternoon to raise his league-leading batting average to .382, cracked his 34th home run in a losing cause in the opener.

Rookie Bob Cheshes of Pittsburgh bagged his 11th triumph against only three defeats limiting the floundering Braves to seven hits. He had a shutout until the ninth when Earl Torgeson singled and scored Boston's lone run on Jeff Heath's triple. A four-run rally in the seventh inning won the nightcap for Vic Lombardi.

It marked the first time since June 13 that the Braves were kicked out of the league lead. The Dodgers momentarily knocked them out last Aug. 21 by winning the first game of a twin bill, but before the day was over Boston was back in first place by winning the second game.

Cincinnati's Reds extended the New York Giants' losing streak to six straight whipping Leo Durocher's men in both ends of a doubleheader by the same 3-2 score. Pinch-hitter Danny Litwhiler singled home the winning

Fazio And Mangrum To Battle For Top Money

Salt Lake City, Aug. 30.—(AP)—George Fazio and Lloyd Mangrum battle today for the Utah Open Golf Title while their fellow divot diggers head for Reno, Nev., and a \$25,000 tournament that opens Friday.

Fazio, of Conshohocken, Pa., and Mangrum, of Chicago, were deadlocked yesterday at the end of 72 holes of the \$12,500 Utah event.

They arranged a play-off for this afternoon, with the winner taking \$2,150 and the loser \$1,550. The match was set for the hilly Fort Douglas course.

By deadlocking Fazio, Mangrum assured himself a healthy slice of money and a big jump over Bantam Ben Hogan of Hershey, Pa., in a fight for the title of top money winner on the links.

Mangrum was ahead by \$254 when the Utah tournament started. Ben drew only \$400 for a tie at 281. If Mangrum wins, his total will be \$29,854. If he loses, \$29,254. Ben has earned \$27,847 this year.

Mangrum and Fazio, playing in the same threesome for the final 18 holes yesterday, gave a demonstration of brilliant golf under pressure.

Fazio started the day one stroke behind 209 to Mangrum's 208. Fazio extended the match with a three-under-par 32 on the first nine, while Mangrum was out in 33. They ended the contest 14 blows under par for the par 72, 6,580-yard course.

Carry Middlecoff of Memphis, Tenn., finished with a six under par 66 to deadlock Jimmy Demaree of Ojai, Calif., for third money at 277. Each received \$990.

Bob Hamilton of Landover, Md., and Skip Alexander of Lexington, N.C., tied at 278, each drew a cheque for \$700. Both finished with a 69.

Dick Metz of Virginia Beach, Va., came from nowhere to deadlock George Schneider of Ogden, Utah, at 279. Metz dazzled everybody with a brilliant 66 for the final round. They each drew \$520.

Allan Leonard, Verdun Hockey Star, Drowns

Montreal, Aug. 30.—(AP)—Allan Leonard, 19-year-old hockey player from Clark City, Que., about 300 miles north of Quebec, was drowned Saturday while swimming near his home. His body was recovered immediately.

Leonard, whose contract was bought last season by Montreal Canadiens from New York Rangers, another National Hockey League club, was one of the leading scorers in the Quebec Junior Amateur Hockey Association last winter. He played right wing for Verdun Cyclones.

CADET OFFICERS CAMP CLOSES

Quebec, Aug. 30.—(AP)—Sport trials and the presentation of trophies marked the closing of a training camp for 227 cadet officers from 17 Canadian universities during a ceremony at Valcartier Camp on the outskirts of Quebec Saturday.

Presiding were acting Defence Minister Col. Paul Mathieu and Maj.-Gen. Emmett Weeks, Adjutant General of the Canadian Army at Ottawa.

YESTERDAY'S STARS

Batting, Jackie Robinson and Arky Vaughan, Dodgers—Robinson clouted a home run, triple, double and single to help the Dodgers defeat the Cardinals in the opener 12-7; Vaughan's pinch single drove in the tie-breaking run in the 10th to give Brooklyn a 6-4 triumph in the second game.

Howell Big Gun For Chiefs' Playoff Bid

The fine pitching of Millard (Dixie) Howell, 28-year-old right-hander of Syracuse Chiefs, is highlighting the Chiefs' bid for an International League playoff berth.

Howell, one of the best hitting pitchers in the circuit, is enjoying his best year since he broke into professional baseball in 1937.

Howell hung up his 15th victory yesterday as he pitched the Chiefs to a 2-1 triumph over Toronto Maple Leafs in the second game of a doubleheader. The Chiefs also won the opener 10-8 in 13 innings on Clyde Vollmer's 29th homer of the season with a mate aboard.

The triumph was Howell's fourth straight and his seventh in his last nine starts. He allowed the Leafs six hits. Frankie Davis snapped a 1-1 tie when he doubled home Frankie Drews in the sixth inning.

Howell also played a big part in the opening game triumph. Tied at 6-6 going into the 12th inning, the Leafs tallied twice but the chiefs tied it up in their half when Howell hit a two-run pinch hit single.

The triumphs enabled the fifth-place Chiefs to pull within a game of the fourth-place Rochester Red Wings who beat Baltimore Orioles, 5-3 in the first game of a doubleheader, called at the end of seven innings because of rain. The second game was washed out.

Rookie Octavio Ruber started for Rochester but was hit for a pinch-hitter during a two-run seventh-inning rally that enabled the Wings to win. Ed Kazak homered for Rochester and Bill Martin for the Orioles.

The up-and-coming Jersey City Giants took both ends of a twin bill from the league-leading Montreal Royals, 5-1 and 4-0. Hub Andrews stepped the Royals on three hits in the opener and Jack Kraus blanked the league-leading on six singles in the nightcap. The victory was the Giants' ninth in their last 10 outings.

Newark's runner-up Bears divided a doubleheader with Buffalo Bisons, winning the first game, 5-4 but losing the second, 8-3. Dick Starr picked up his 13th victory in the first game although Frank Lamanna was forced to come to his aid in the eighth inning when the Bisons scored three times on Anse Moore's 22nd homer of the year.

Veteran Jack Wade coasted to his sixth victory in the finale, yielding only four hits while his mates collected nine including two round-trippers by Coaker Triplett.

Six Races On Card At Local Race Track As 2.24 And 2.28 Trot And Pace Slated To Open Week's Racing

The initial racing card of the 1949 season at the Sherbrooke Fair opens this afternoon at 2 o'clock with six races scheduled on the program.

The 2.24 pace and trot, and the 2.28 trot and pace, with five and six starters, respectively, will go to the wire to officially open the week's racing at the local race track.

In the 2.24 class Doyle McKinney, owned by F. Caya, Sherbrooke; Don Direct, owned and teamed by Dr. Charles Taylor, Ayer's Cliff; Pal-O-Mine, owned by A. L'Heureux, Sherbrooke, and driven by E. Chapelle; Gannet Yaza, with owner G. Adamson, Richmond, up, and Spencer Lee, owned by H. Beaubien, Richmond, with F. Desroches at the reins, will battle out for the \$300 purse. It should be a wide open race with Don Direct a slight favorite to cop the top spot but he will have to step to stay out in front of the class.

The local fans will see in operation this afternoon at the race track a starting gate. This is the first time that a gate has been used to start races at the Sherbrooke Fair. Gates of a similar design are at present in use at all the big tracks in Canada and U.S. The gate, once the horses and drivers are used to it, will save time in getting the races away.

Six horses will fight it out for the top share of the \$300 purse in the 2.28 trot and pace. Miss Victory Queen, owned by Dr. P. Velleux, Sherbrooke, with Louis Fraught behind the reins, is given a slight edge over the rest of the field, but will be extended the limit by the rest before copping.
