POLAND ENDORSES GOMULKA

Oh! Oh! — Apparently we'd better not get carried away by the January thaw which has broken the back of a bitter 10-day cold snap. The long-range forecaster tells us on his 30-day weather-map that we can expect temperatures much below normal during the next month or so. Only the northern sections of Canada can expect better than average temperatures. (CP)

New Regime Receives 60 Percent Of Votes In Quiet Election

WARSAW, Poland — (AP) — More than 60 per cent of Poland's 17,449,000 voters appears to have endorsed Wladyslaw Gomulka's Communist leadership in the first popular test of his "communism without tyranny" policy. Unofficial but reliable reports said more than 11,000,000 of those voting Sunday for a new 459-member parliament apparently cast the official ballot without change. Gomulka's regime had warned against exercising the modest right to cross names off the Red-dominated single list of candidates. About 16,000,000—nearly 90 per cent of those qualified—went to the polls. Both the Communist hierarchy and the Roman Catholic Church had called for a big turnout.

The Communist-controlled Budapest radio claimed that 80 per cent of the electorate voted the straight ticket.

Official results are expected tomorrow. Voters who refused to go along with Gomulka struck off the names of candidates they did not like, unconcerned by any direct official measures. Their protest vote did not alter the fact that Gomulka's United Workers Communist party will have a substantial majority in the new Parliament.

Ballots which were unmarked automatically were credited to the Communist candidates, who headed the lists. Winners in the other parties admitted to the National Front ticket—the Democrats and the United Peasants—are committed to the Communist line.

Only scattered demonstrations against the National Front were reported, and there were no reports of disorders. Patrols in some potential trouble spots did not have to go into action.

Gomulka, 51, has advocated a course of some independence from Moscow. He was swept into power three months ago in an upsurge that kicked outright Stalinists off the party's politburo. Last week he joined visiting Premier Chou En-lai of Communist China in attacking U. S. policy in the Middle East and endorsing the Soviet-installed regime of Premier Janos Kadar in Hungary.

Voting was quiet in Poznan, western industrial centre where the June bread-and-freedom riots contributed to ending Stalinist control of the national government. Parliamentary candidates there included Defence Minister Marian Spychalski and Education Minister Wladyslaw Bienkowski, both of whom spent years in jail with Gomulka under the Stalinist regime.

Eisenhower's first term officially ended — and his new one began — at noon Sunday. Well before that hour, at 10:28 a.m., he was sworn in for the second term at a private ceremony in the White House. Nixon took his oath two minutes earlier. About 80 persons witnessed the private ceremony.

At 66, Eisenhower is the second-oldest president to take the oath. In 1960, he would be the oldest man ever to occupy the White House.

Seek Slayer Of Girl, 4, In Toronto

TORONTO — (AP) — Classrooms and schoolyards were to be checked by police who today were seeking a pimply-faced youth who may be the slayer of four-year-old Carole Voyce.

The girl's body, raped, mutilated and beaten, was found Saturday night under a viaduct in east-central Toronto.

Police believe Carole was enticed from the street in front of her home by the offer of a ride on a red-and-green bicycle. She was driven to the viaduct, raped and killed.

Dr. Smirle Lawson, supervising coroner for Ontario, said "of all the murders I've seen in 20 years, this is certainly the most brutal."

Carole and her companion, John Auld, were playing in front of their homes Saturday while they waited for their mothers to finish preparing for a shopping trip.

A boy, about 15 and wearing horn-rimmed glasses, approached them, John said, and asked them how old they were and when their birthdays were. Then he took Carole for a ride.

Cause For Nail-Biting — No wonder 23-year-old Christian George Hanna is biting his nails these days. In Vancouver, Hanna, whose parentage is obscure and his future uncertain, is waiting word on his request for admission to Canada. He is without passport or citizenship papers and had been rejected by at least six countries. (CP)

Man Without Country Gets Marriage Offers

VANCOUVER — (AP) — Several girls have offered to marry a stateless and lonely stowaway if that will save him from being deported, his counsel said Sunday night.

John Taylor, one of two lawyers fighting a deportation order issued last Friday against Christian Hanna, 23, said the girls "seem to be running a competition."

At least five have offered to become engaged to Hanna, he added, though they have never seen him except in newspaper pictures. One planned to make application today for his admittance as her fiancé.

Hanna, who has no passport or citizenship papers, spent the week-end in custody in the immigration building here awaiting hearing of his appeal by a three-man board today.

He left from the Norwegian freighter Gudveig at Port Alberni, B. C., Thursday after being aboard 15 months. At least six countries denied him permission to land after he stowed away at Beirut, Lebanon.

He was led off the freighter by Donald White, 26-year-old Vancouver lawyer who had obtained a court order on his behalf. Mr. White later applied unsuccessfully for a writ of habeas corpus, and a one-man board of inquiry ruled that Hanna would have to return to the Gudveig scheduled to leave Port Alberni late today.

Mr. Taylor said Immigration Minister Pickersgill has been allowing fiancés of Canadian citizens to enter the country "from almost everywhere in the world."

Of the five girls who have offered to sponsor Hanna, three were found after investigation to be "frivolous," Mr. Taylor said. The other two, however, appeared to be motivated by worthy intentions.

One of them said she would appear at the immigration building today to formally make application for Hanna's admittance as her fiancé.

Mr. Taylor said Hanna, alone in the immigration building, knows nothing of the marriage offers.

The decision must be confirmed by the party organizations but this is believed to be a formality.

World News In Brief

NICOSIA, Cyprus — (AP) — Raging fires set by gangs of vengeful Turkish Cypriots youths Sunday night threatened whole blocks of buildings in the heart of Nicosia.

Huge blazes were out of control. All the island's available firefighting apparatus, both civilian and military, was called to the city.

The young Turkish Cypriots struck to avenge the death Saturday of a Turkish auxiliary policeman. He was killed in a bomb attack attributed to Greek Cypriot rebels against British rule.

WINDSOR, England — Reuters — Queen Elizabeth and 24 other members of the Royal Family attended the military funeral here Saturday of the Earl of Athlone.

The Earl, great uncle of the Queen and a former governor-general of Canada and South Africa, was buried in St. George's Chapel, within the precincts of Windsor Castle.

WINNIPEG — (AP) — Gordon Loveridge of Grenfell, Sask., Saturday was elected president of the Dairy Farmers of Canada succeeding Gilbert Macmillan, Huntingdon, Que. Mr. Macmillan became honorary president.

Other officers are W. R. Retz, Fergus, Ont., first vice-president, and Frank Lutes, Berry Mills, N.B., second vice-president.

NOTTINGHAM, England — (AP) — Two escaped criminal lunatics, who terrorized the countryside for two days, were recaptured today as they made into nearby Newark on a stolen motorcycle armed with a sawed-off shotgun.

A policeman spotted the two convicts and, helped by a gathering crowd of spectators, pushed the men off their machine. They made no attempt to use the shot-gun and were handcuffed and taken to police headquarters.

STE. MADELEINE, Que. — (CP) — Fire destroyed a grain elevator and mill Saturday and for a time threatened to spread through this village 40 miles east of Montreal.

Officials of Antoine Guertin, Ltd., owners of the elevator and mill, estimated damage at \$500,000. The elevator was filled with grain when the fire, of unknown origin, broke out.

NEW YORK — (AP) — A gunwielding young drug addict held 15 persons in an hour-long siege of terror at a Park Avenue doctor's office Saturday as he roamed about searching for narcotics.

At one point the wild-eyed gunman, about 22, fired point-blank at the doctor, the bullet ripped through the physician's clothing but without a scratch to him.

Gordon Deplores Conformists; Predicts Colorless Prosperity

TORONTO — (AP) — Walter Gordon, chairman of the royal commission on Canada's economic prospects, said today the increased personal prosperity of Canadians predicted in the commission's preliminary report may lead to a colorless, conformist Canadian society.

Mr. Gordon expressed the idea in an address to the Canadian Club of Toronto, his first public comment on the report since it was released Jan. 10.

The Toronto chartered accountant said that Canadian net incomes in 1960 may be as much as two thirds as high again as they are today, and that people

may all spend their money and time in the same way.

"I would like to be able to say that there will be differences in the ways in which Canadians will decide to spend their higher incomes and their increased leisure in the years to come. But I am afraid the signs all point the other way."

"To more and more people living in the same kinds of houses in more and bigger suburbs; to two or three of the same kinds of cars in every garage; and the same kinds of programs on every television set; to bigger bureaucracies not only in governments but also in big business organizations; to increased demands for security; to greater conformity in all things."

"The urge to conform, I suggest, is a trend to be deplored. In the future, as in the past, we shall need critics and debunkers and people who are independent and individualistic in their thinking and in their approach to life — yes, even a leavening of rebels and non-conformists."

"It is hard to see where they are to come from in this comfortable, complacent and conforming age."

Commenting upon the present and predicted state of foreign trade, Mr. Gordon said there is no inherent danger in Canada's doing so large a proportion of its trade with a single nation—the United States.

"All I can say is that I expect that most other countries in the world envy us our opportunity—that the United States looks like a much safer and more secure market for our products than any other. This is something for us to be thankful for, not something that should cause us undue worry."

New Nuclear Test Held By Russia

WASHINGTON (AP) — The Russians have set off at least their fifth test explosion of nuclear weapons since last August. The actual total may be higher.

The latest Soviet test, made Saturday, was announced by the Atomic Energy Commission Sunday.

The AEC said only that "the Soviets yesterday conducted another nuclear weapons test in their current series which has been resumed since the announcement of a Soviet test was made by the United States on Nov. 17, 1956."

Grim Task Opens Tragedy's Wounds

Procession Of Death From Springhill Mine

By GERRY McNEIL
SPRINGHILL, N.S. — (AP) — Strong south winds sang a dirge over this northern Nova Scotia mining town Sunday night as miners continued to bring the bodies of 26 men who died early in November to the surface from No. 4 colliery.

The first body was brought up in a sealed metal casket at about 5 p.m. Sunday. The slow task of carrying to the surface the dead miners, most of whom were overcome by gas after being trapped by an explosion, continued throughout the night.

"We're mainly concerned with bringing up bodies now," said mines superintendent William Campbell. Previously draegermen and rescue crews concentrated on the task of clearing the mine of gas and rubble.

No. 4 mine was sealed off following the rescue of 88 miners Nov. 5. Thirty-nine died because of the disaster.

Crews of miners frequently had to carry bodies about 1,500 feet

uphill in a cramped auxiliary passage. Often they had to crouch and crawl with their burden to bring it to the 4,400-foot level where a hoist lifted it to surface. Lifting equipment from the 6,100-foot bottom to the 4,400 was damaged by rockfalls and couldn't be used.

Army officials placed the bodies in wooden coffins at the armories, where ambulances and panel trucks took them from the mine in steel caskets.

Canadian Legion officers laid a wreath on the coffin of Logan Milton, the second miner to be brought up. He was a private in the army during the First World War.

A few lonely figures drifted down white, windy streets towards the armories where 26 Coffins lay side by side. No women came.

"Thank the Lord they aren't here," said a husky young Nova Scotia Highlander, "it would be terrible."

Meanwhile, a southerly gale

sent snow swirling up streets and reminded citizens that gas escaping from the mine, not yet completely aired, might drift across town.

"There's no need to worry about the wind now," said Dosco coal chief Harold Gordon. "Any gas left in the mine has been diffused with the air we've put in and is harmless."

Miners will not go to work in the adjoining No. 2 Cumberland Coal Company mine today because many refuse to work until the bodies are buried. Also, their mine is being used as an outlet for No. 4.

Draegermen entered No. 4 through explosion doors in the 3,300-foot level of No. 2 Friday and worked through rock falls and rubble on upper slopes to reach the bodies in the depths of the 6,100-foot mine.

"I hope No. 4 will be re-opened for production," said Mr. Gordon, "but there is quite a lot of work to be done before it will be. There is certainly some damage

to the mine."

John Delaney, United Mine Worker international board member of District 26, said the mine will definitely be opened following a royal commission inquiry Feb. 11.

"Safety recommendations will be made at the inquiry after we examine the mine, but it will be opened."

Meanwhile, a grief that had eased in many Springhill homes during the last 11 weeks deepened again as the bodies of fathers, brothers, and sons were taken from the pit.

"My four children just stopped asking about their father and now they've started all over again," said Mrs. Victor Millard, the strain showing on her face.

But many Springhillers said the town "will get back to normal" when they can look at the hill with the two lines on it and not think of its sad contents. They said they could not forget the disaster as long as the bodies were still in the deeps.

Two Families Homeless — Firemen are shown fighting a fire on the roof of a two-story wooden structure at 817 St. Pierre St. on Saturday afternoon after it started in the ground floor dwelling of the owner, Mrs. V. Plamondon, spread through the wall to the second floor and then to the roof. Considerable damage was done to the second storey, occupied by Guy Brazeau and his family. Firefighters from the stations Nos. 1 and 5, under the direction of Director Percy Donahue, Lt. Gerard Roy and Lt. Gerard Donahue, fought the blaze for about two hours, using four booster lines, until they finally brought it under control.

Temperature Jumps Over 80 Degrees

A change of 80 degrees in the temperature, from 43 below to 37 or higher above, heralded the annual January thaw which brings with its balmy weather, slushy, gummy, grimy, wet roads and sidewalks, which make for difficult driving and messy walking.

For the benefit of the uninitiated, it would be wise to stick to the inside of the sidewalk for this is the season for lawsuits based on splashed overcoats and clothes.

The warmer temperatures bring the possibility of rain mixed with snowflurries which are forecast for some sections of the Eastern Townships. Winds will be light and vary from southeast to northeast.

However, this picture is not final and will not remain for very long. The long range forecast for the period covering the next 30 days, indicates that the Eastern Townships will remain in the grip of a spell with temperatures described as "much below normal."

Local Engineers Hear Address On European Trip

George M. Dick, vice-president for Quebec, of the Engineering Institute of Canada, was the guest speaker at the first meeting of the local branch this year at the Club Social Friday night.

The meeting, which took the form of a ladies night, was under the chairmanship of Jacques Lemieux, president of the local branch.

Topic of Mr. Dick's address was "Highlights of a Trip to Europe."

The address was illustrated by a number of colored slides showing a wide range of European cities and landscapes.

One of the interesting items in the address was a comparison of life and habits of the people of Paris and London and several other European cities such as Frankfurt, Copenhagen, Stockholm and Helsinki. The City of London, with its relatively quiet environment, contrasted sharply with the Parisian scene embodying the bustle and excitement of its more colorful populace.

The beauties of the Swiss Alps and the little chalets in the foothills were well illustrated in the pictures shown.

Journeys to Lapland, north of Sweden and far beyond the Arctic Circle to visit the famous iron ore mines at Kiruna, formed an interesting feature of the story as did descriptions of life in the pulp and paper industry of Finland.

Mr. Dick, who was accompanied by his wife, also visited his native Scotland.

Summarizing the main aspects of the trip, the speaker commented on the opportunity which such a trip offers to really see how other people of the world live and to appreciate more than ever the benefits of living in Canada.

The speaker was introduced by James C. Davidson, chairman of the program committee, and thanked by Gaetan Cote, member of the EIC Council for the Eastern Townships district.

Magog Work Resumption Postponed As Workers Debate Board Decision

MAGOG. — (Special) — Employees of the Dominion Textile Company's cotton mill here did not resume work this morning but are awaiting the reaction of the 75 workers of the spinning and weaving department to the decision of the Quebec Labor Relations Board to have the dispute submitted to arbitration.

The Board last week rejected both the petition of both the company and the union asking the right to take penal prosecution and ordered them to submit the dispute to arbitration.

Bargains' agent Normand Belanger said this morning that the union had consulted its lawyer to see what the union's prerogatives were in face of the Board's decision.

Union officials then met the

75 employees who sparked the work stoppage by refusing to accept work assignments but their decision is not known.

Mr. Belanger said "The spinning and weaving employees' decision will be made known to all the workers at a general meeting in the St. John Bosco Church Hall at 3 o'clock this afternoon. If the 75 employees are ready to go back to work we will offer no inconvenience."

Meanwhile, at the mill, O. J. Bonhomme, personnel manager, said "We are ready to conform to the regulation, that is, to the decision of the Labor Relations Board."

A work stoppage went into effect last December when 75 employees refused to accept, what they considered "extra" work assignments. Seven hundred employees were then forced to leave their jobs as a result of the walk-out.

Petitions were made by the two parties to the Board, each asking the right to take penal prosecutions against the other. With the Board's rejection of both petitions, the company and the union must resolve their differences by submitting them to arbitration. The decision of the arbitration board is binding.

Rationalized Robbery

Honesty is a relative thing. A man who would never dream of lifting a candy bar from the corner grocery will rob a big corporation with a light heart.

One million dollars' worth of parts and gadgets were stolen from the General Motors plant in Oshawa, Ontario, during 1956.

Without doubt, many of the thieves were respectable men who go to church, give to good causes and treat children kindly. Yet they checked out of their work place with pockets and lunch pails full of goods plundered from their boss, and each one of them clinked and clanked home like a walking hardware store.

How did they square themselves with conscience? They probably made use of the Robin Hood libel.

If the men had been working for Joe's service station, they probably wouldn't have thought of cleaning out the stock room and wheeling the con-

tents home, because their boss would be known to them as a human being.

However, they were employed by a faceless industrial giant, loaded with money. So they felt justified—virtuous, perhaps—when they robbed the rich and gave to the poor—meaning that they felt sufficiently poor to keep the stuff for themselves.

Reverence for personal property is about the same as it ever was, but little reverence for collectively-owned property has arisen. Whether we like it or not, our affairs are passing into the hands of larger and larger units. They may be units of business, in which stockholders and consumers both have a stake, or they may be units of government, in which all citizens have a share.

"Big business" and "Big government" have many critics. But we will have to train ourselves somehow in collective morality, and realize that when we rob the big outfits, we are indirectly robbing ourselves.

Cast On The Ash-Heap

A little-known and greatly outdated clause in the British North American Act is being invoked by the Canadian Senate.

It will cost Senator Joseph Duffus his seat in the Upper House for no good reason, unless the fact that the Liberal Senator has been gravely ill for some time can be considered a good reason.

We don't think it's reason enough and we doubt that the majority of Canadians will think so either.

The regulation, which dates back to the dim, dark past when Canada's constitution was formed, requires that a seat be declared vacant when a Senator fails to attend a sitting during two consecutive sessions of Parliament. This, the Peterborough, Ont., Senator has failed to do.

One can consider the requirement right and proper when applied to the long-departed period when the Canadian Senate was a vital part of our government. Years ago, it was im-

portant. Now, it isn't.

The Canadian Senate no longer plays a significant role. Senate appointments are now little more than recognition of service to the Government, a fact evidenced by the staggering Liberal majority in the Chamber. It has been stripped of most of its power and many a seat besides that of Mr. Duffus lies vacant.

Senator W. Ruff Macdonald, government leader in the Senate, says the British North American Act makes it mandatory to deprive Senator Duffus of his seat. In that case, immediate legislation must be invoked to remedy this.

It would be a cruel and despicable act to thus dump to the ash-heap a man of Senator Duffus' stature. The Senator is too sick to know what is going on, but an idea of what his reaction would be was indicated in a statement by his wife.

"I wouldn't dare tell him," she said. "He's too sick."

Ivan, The Not So Terrible

One of the many lessons taught by the Hungarian revolt is that the Russian soldier, vintage 1957, is not the frightening automaton of war pictured by the Soviet Union and feared to exist by people of many other lands.

The Hungarians learned not to be afraid of the individual Russian fighting man, for they found him often a confused, inefficient, disorganized fighter. Endless times they bested him in combat, and as 1957 gathers momentum they are still doing it.

We can never overlook the fact that the Russians employed up to 20 divisions to subdue the fiery Hungarians, with a heavy complement of armored units in this force. It was the weight of metal that crushed the rebellion, not the Russian soldier, even in large numbers.

We can understand how the rebels held out. They lost their fear of the contrived image of the Soviet soldier. They know him as he is, and he no longer makes them tremble.

Problem Of Leisure

(Regina Leader-Post)

Those many, many millions of us who have just enjoyed the long and leisurely Christmas-and-New Year's holiday will be prone to disagree with David Sarnoff, chairman of the Radio Corporation of America, in a matter of great importance to the workaday world.

Mr. Sarnoff recently declared that leisure rather than labor would be the great problem in the decades ahead. He had in mind of course the fact that scientific progress, unprecedented in kind and volume, would eventually shift arduous work from men to machines.

No one will doubt that fact. Automation is already at work creating that shift and, along with it certain disturbing reactions that only time will eliminate. It is when Mr. Sarnoff speaks of leisure as a problem, and in contradistinction to labor, which has always been a problem, that he disturbs a traditional approach in vogue ever since Adam found it necessary to earn his bread by the sweat of his brow.

As noted, the recent holiday has tended to underline that traditional aversion to sustained effort. Certainly, a great many people, coming once again smack up against the economic facts of life will be inclined to ask: how can the boon of leisure ever constitute a problem? Particularly, for those who find that they have an ingrained flair for making the most of it even in the limited ration provided by current circumstance?

The long-term demand for shorter working hours that has brought us the 40-hour-week, and prospects of an even shorter one, has always been bolstered by the inviting picture of men and women using their new leisure to improve their minds and cultural background by study of the classics, Bach, Beethoven, Shakespeare, Racine and possibly more modern artists of approximate stature.

This fits admirably with the ambitions of our educational authorities and opens up a broad vista of a leveling-up

process limited only by degree in that scientific progress to which Mr. Sarnoff referred.

If we are to agree with him as prophet, we can do so only on the assumption that the final shifting of arduous work from men to machines will reveal a race incapable of making profitable and congenial use of its accrued leisure. Leisure would then be a social problem.

DUPLICATE GAME DIFFERS IN PLAY

In rubber bridge the defense concentrates on setting the contract and declarer on making it. The same applies in duplicate but to a lesser extent.

In this game an overtrick picked up or saved may turn out to be just as important as the contract trick. Today's hand illustrates this principle.

West opened the five of spades and East's queen fell to declarer's king. The ten of diamonds was

led to dummy's queen and a heart played from dummy.

East went right up with the ace and led the six of spades. South played the nine of and West won with the ten.

West went into conference with himself. Declarer had to have the spades stopped. If East had started with four spades he would have returned his original fourth best and the six spot could not have been such a card. South also needed 16 points for his opening no-trump.

It was possible to give South the king-jack of spades, king-queen-jack of hearts, ace of diamonds and queen of clubs for a 16-point total. This would place the ace of clubs in the East hand and allow a club shift to defeat the contract two tricks.

In rubber bridge a club shift would have been the correct play but this was duplicate. Declarer would almost surely take the rest of the tricks if a club were led and he held the ace. West also noted that the odds were tremendously in favor of South holding the club ace. Hence he cashed his ace of spades and held the hand to four.

NEED MORE ROOM
(Toronto Financial Post)
Canada's marriage rate is still declining, continuing a trend begun in 1951, which probably has as much to do with the housebuilders' distress as does the rise in interest rates.

However, thanks to the trend to larger and earlier families, the boom is not over. Births are continuing to rise. Fewer families are looking for small houses and apartments; but more established families are outgrowing their first home. Real estate men in at least one major centre report that two groups of people are the most prominent buyers at the moment; families wanting more room for a growing brood, and families of moderate-to-low income who find a bargain. More space, for families with many children, and lower prices for families with lean purses, seem to be the needs of today's housing market.

A. C. Cooper tells of revolution brought by frozen foods

"Frozen foods are revolutionizing daily living," says A. C. Cooper, Manager of the Frozen Foods Warehouse of Dominion Stores Limited. "They not only save the housewife's time and cut down waste in preparing meals; they also make available all year many tempting fruits and choice meats — and a far wider variety of vegetables and seafood — at the peak of their appetizing freshness."

As a family man, Mr. Cooper has also benefited by the progress made in another field . . . life insurance.

Today, providing continuing income for your family is only one of the functions of life insurance. The increased flexibility of life insurance plans enables you to provide funds for emergencies, your children's education, safeguarding your home, protecting your business . . . and a retirement income for yourself.

Today, too, you'll find your life underwriter better trained than ever to help you shape these flexible insurance plans to meet your family's needs.

In these and other ways, the life insurance companies keep in the vanguard of progress.

A total of over five billion dollars has been invested by the Life Insurance Companies in Canada, on behalf of their policyholders, in homes, roads, utilities, industrial plants and other productive enterprises.

MEDICAL MISTAKE

(Toronto Financial Post)
The Ontario College of Physicians and Surgeons has notified

its members that after June 30, 1959, it will require proof of Canadian or British citizenship before issuing a licence to practice in this province. The doctors should recon-

sider this decision. What argument is there in favor except the protectionist view that it will restrict competition?

The rule is, of course, aimed at European doctors who migrate to Canada. It takes five years to acquire citizenship here.

At present, the man with a European medical degree must pass several stiff examinations before being accepted in Ontario. He must show not only suitable scientific knowledge but a familiarity with the English language sufficient to enable him to talk intelligibly with his patients. It is in the public interest that these tests should be imposed. But no additional obstacle should be put in the European doctor's way.

We urge the doctors to think this over again.

NEW DEAL FOR PARENTS

(Toronto Telegram)

In Iron Curtain countries children have been encouraged to look out for deviationist tendencies in their parents. Now a Red China magazine calls upon youth "to stop the maltreatment and non-support of parents." Evidently parents are no longer to be considered counter-revolutionaries.

Ice-Glaze Rails Cause Of Sutton Train Collision

SUTTON — Another near serious accident occurred here recently, this time involving a freight and a passenger train. Due to ice-glazed rails, brakes refused to hold properly, resulting in a collision of the passenger train from Newport and a freight on a siding near the station.

The broken bars on both engines were drawn off; occupants of coaches were severely jolted, and at least one man on the platform was cut by flying glass splinters.

Fortunately, with speed sharply reduced, the momentum of the oncoming train was not strong enough to cause a derailment when the two trains came together.

The accident was due to the abnormal weather conditions, not to any neglectful action by train crews.

WOMEN'S INSTITUTE MEETS
The Sutton branch of the W.I. met at the home of the secretary, Mrs. Lyle Breese. Mrs. Harold Miller, president was in the chair.

Reports were given by the treasurer, Mrs. Dorothy Seaman, who handed over her books to the secretary, as she is spending the winter in Montreal. Authorization was made to pay bills, and other business transacted.

A short program followed, when Mrs. Vincent read a paper, Mrs. Prentice won the surprise package.

Mrs. H. Miller invited the members to her home on Western Avenue for the February 14th meeting to have a "Pot Luck Supper."

Refreshments were served by the hostess.

General Notes
Mr. Raymond Miller of Cornwall spent the week-end here with his parents.

Mrs. D. Seaman has closed her house for the winter and has

left for Montreal to stay for a time with her sons there. Friends of Mrs. Fannie Cooke are sorry to hear that she is not very well. She is spending some time with her son and daughter-in-law, Mr. and Mrs. George Cooke, Mountain Street.

The ladies of the Legion Auxiliary were out in full force to conduct the Legion drive of "The March of Dimes" for assistance of polio sufferers. They called on all streets at homes where welcoming porch lights signalled willingness of householders to contribute. It is reported that the drive was very successful.

Farm Forum Activities

COOKSHIRE — Severe weather and road conditions on January 14th apparently caused a poor attendance at the Cookshire Farm Forum meeting, and perhaps for this reason, the members found it difficult to make much progress in the second discussion on Parity of Income for Agriculture, the particular aspect of this subject for this week being, "How can parity of income be achieved?"

One matter which perplexed some of the members was — with incomes in different occupations covering a large range, anywhere from \$1,500 to \$10,000 per year for ordinary people, to what standard within this wide range should farmers aim. It was agreed that farm incomes are too low, but to just what level should they be raised?

As to means of raising this standard, the answers seemed to be in the realm of price controls, price supports, marketing boards, and, in general, government action to ensure a proper return for the farmer's labour.

But one thing it was felt the farmers themselves can do, and that is give better support to co-operatives. Two aspects of this subject were especially emphasized — co-operation in marketing, and trying to co-operate with packing factories, dairies, and other organisations handling farm products, to try to close the wide gap between what the farmer receives and what the consumer pays.

The meeting was held at the home of Mr. and Mrs. Gordon Learned in Cookshire. A period of recreation and an abundant and delicious lunch closed the evening.

The meeting on January 21st will be held at the home of Mr. and Mrs. O. C. Farnsworth on the East Angus road, when the subject for discussion will be a continuation of the series on parity of income, with a consideration of "Is Parity Income Enough?"

NORTH HATLEY — Following a long illness, Mrs. Albert E. MacRae passed away on Sunday morning, December 30, 1956, at her home here, where she had lived with her family for the past 38 years.

The funeral was held the following Wednesday afternoon at Johnston's Funeral Home, Sherbrooke, where relatives and friends gathered to pay their last respects. Words of comfort were spoken by Rev. F. Wintry Roads Increase Toll Of Accidents

Each year, the fatality toll takes a sudden jump as early darkness and slippery roads combine to make driving conditions the most hazardous of the year. Safe winter driving demands extra precautions and the All Canada Insurance Federation, representing more than 200 fire, casualty and automobile insurance firms, offers these suggestions to the motorist:

- 1) Slow down. "Normal" speeds are excessive on slippery streets.
- 2) Watch carefully for pedestrians who may be dressed in dark clothing and unable to see because of scarves and parkas.
- 3) Use tire chains when necessary.
- 4) If your car skids, turn your wheels in the direction of the skid but do not use your brakes.
- 5) When stopping on a slippery surface, pump your brakes rather than applying steady pressure.
- 6) To start on an icy surface, use second or high gear to maintain traction.
- 7) If you are not sure if the road is slippery, try your brakes while travelling not faster than five or ten miles an hour.
- 8) Beware of slippery spots beneath bridges or overpasses where the sun has not melted ice.
- 9) Make sure that your car's manifold, muffler and tail pipe are in good condition. Each winter many are suffocated by carbon monoxide which seeps into tightly closed cars.

U.K. Planning Big Atomic Expansion

PARIS. — (A) — Britain soon will announce a vast new program of atomic expansion. Sir John Cockcroft, director of Harwell Foundation for atomic research, said Sunday.

He told members of an atomic energy course for management he could not give details because the new minister of power, Sir Percy Mills, will make a statement soon and he did not want to anticipate it.

But, Cockcroft said: 1. Ten years from now Britain will produce two billion watts of electricity a year from atomic energy.

2. By 1975, atomic energy in Britain will produce the amount of electricity presently obtained from 70,000,000 tons of coal. He also said experts are studying plans to build an atomic powered oil tanker — "bigger than the Queen Mary" — to carry fuel around the Cape of Good Hope and cut the country's dependence on the Suez Canal.

WEST BOLTON —

The annual meeting of the Brill Ladies' Aid was held at the home of Mrs. McKenzie. Officers re-elected for the ensuing year are: President, Mrs. Harry Beakes; vice-president, Mrs. W. Russell; secretary, Mrs. Cecil Marsh; treasurer, Mrs. C. B. McLaughlin; work convener, Mrs. Clinton McLaughlin.

Mr. Kumblesy, while working in the woods with a chain saw, had the misfortune to have a tree fall across his back. He was taken to the Royal Victoria Hospital suffering with a fractured spine.

Conditions Will Not Curtail World Travel

Recent surveys probing travel conditions in Europe following the Suez and Hungarian crisis show that their effects will create little or no hardship for the overseas traveller, according to H. H. Scott, steamship passenger traffic manager, Canadian Pacific Railway.

"The average tourist planning a European holiday this winter is not likely to be affected by any shortage of fuel in the lands across the Atlantic."

"In almost every country, the Canadian and U.S. vacationist can secure as much gasoline as he needs for his own or rented car, and he will find his hotel room as snug and warm as in the days before Suez," Mr. Scott said.

According to a country by country survey of present conditions just completed by the European Travel Commission, gasoline and heating fuel on hand to oil supplies are the exception rather than the rule abroad.

Where shortages do exist, special steps have been taken to assure the comfort of overseas visitors.

"Most of the 21 member countries of the European Travel Commission have enough gasoline on hand to insure normal travel conditions for the winter vacationist," Mr. Scott said.

"As to the heating fuel situation, the majority of European hotels are heated by coal and most of those which use petroleum are in countries where adequate supplies of oil are on hand."

Mr. Scott also pointed out that Canadian and U.S. vacationists need not hesitate to take full advantage of special fuel allocations in the countries where gasoline is rationed for local residents. The dollars which tourists spend for gasoline and other items abroad are particularly helpful to these countries in buying additional fuel supplies on the world market.

Theftford Mines Women's Club Holds Meeting

THEFTFORD MINES. — St. John's Women's Club held its first meeting of 1957 in the Church Hall with president, Mrs. Eric Pharo in the chair and Mrs. G. F. A. Brink, in the absence of Mrs. Ian Campbell, substituting as secretary.

Mrs. Brink gave her monthly report on the Nearly-New Shop and Mrs. R. Cooling gave a report on the pre-schoolers' Christmas Party.

Discussion was then held on a suggestion put forth by Mrs. Eric Pharo, that the Women's Club should take over the handling of St. John's annual Sunday School picnic. In the midst of this discussion a loud knock was heard on the door followed by a great trumpeting and three "knights" of the Order of St. John's Men's Club, came bounding in with a black-caped herald loudly proclaiming "Hear ye, hear ye!" following which a lengthy scroll was enrolled and read, the purpose of which was, that "The Men's Club of St. John's do, at the ladies convenience of time and place, challenge them to a duel of words on the subject, 'Resolved that Men Should Help With the Household,' the Women's Club to take the negative side of the debate.

The ladies accepted the challenge and following the departure of the "knights," who are better known in Theftford Mines by their twentieth century titles of Gordon Harris, George McCammon and George Riley, proceeded to make plans for the verbal tilt.

Final business of the evening concerned the turning in of nominations for next year's executive, the new executive to be elected at the next meeting.

Lunch was served by Mrs. G. F. A. Brink and Mrs. R. Coleman.

MANNERS MAKE FRIENDS

When you walk into a tea room where there is a hostess, wait at the entrance for her to show you to a table. Bargaining in and grabbing a table indicates that you can't take a minute to be courteous. Besides, the hostess will know where you will get the most prompt attention.

So doing the mannerly thing will save you time in the end.

Mama, You're Getting Old, You're Worrying Daughter

Tonight I don't know whether to feel proud—or old. Because tonight for the first time my teen-age daughter and I have reversed our roles. Tonight she is worrying about me.

The men of the family went on a hunting trip, leaving the two of us alone for a few days. Nothing seemed changed until my daughter was invited to a slumber party, one of those affairs when a giggling bunch of teen-age girls get together for a night of record playing, talking, eating, talking, talking, talking. Why they call them slumber parties is a mystery to the parents.

But the minute the invitation came my daughter suddenly started to feel responsible for me. She wanted to turn it down because she thought I shouldn't be left alone.

When I argued that I never get lonely and had work to do, anyhow, she reluctantly agreed to go.

ROLES ARE REVERSED

But before she left, she gave me as long a list of instructions as I have been used to giving her and her brother when I leave home.

"Be sure to lock the doors, Mom. If you need me for anything, the telephone number is such-and-such. I'll call you during the evening to make sure you are all right."

And she just called. As I've called so often to check her. I even know the relief she felt as she went back to the party, reassured that she wasn't needed at home.

In a way I'm proud that she is grown-up enough to feel responsible for someone else. But it isn't without regret that you and your child are starting to reverse roles.

When that happens, no matter what your age, you suddenly feel older.

Imagine her worrying about me, you think at first. And then you realize that in the years ahead it will often be that way.

But somehow I have a sneaking notion that I am not the only one who feels older tonight. I'm sure my daughter does, too.

British Nurses Emigrating; Canadian Pay, Hours Attract

LONDON—(CP)—British nurses have joined the queue of Britons trying to emigrate to Canada.

Each week upwards of 80 British nurses are filling out application forms for entry to Ontario alone, says Henry Donaldson, Ontario director of immigration in London. The total for all Canada is estimated to exceed 100 a week.

Donaldson says Ontario wants at least 1,000 nurses from Britain this year. "They are wanted urgently and we can place all the nurses we can get."

Main requirements for the nurses is that they be "state registered and trained in midwifery."

Donaldson said some 300 nurses have applied since he launched a recruiting drive in Britain less than a month ago.

"We want British nurses because we think they are the best," he said.

A spokesman for the Nursing Association in London said he "wasn't the least surprised" at the response to the Ontario appeal. "In Canada you look on nurses as human beings, but, unfortunately, in this country, they are regarded as machines that must never break down."

A big incentive for the nurses is the higher salary standard prevailing in Canada. They can start out at about four times their take-home pay in Britain.

Individual Chocolate Puddings

Chocolate desserts are always a gala climax to a meal. The exciting thing about this oven baked pudding is that it's quickly and easily prepared and ever so kind to an overworked budget. Lemon sauce with individual chocolate puddings—moist yet cake-like in texture—is a flavor combination that's simply delicious!

INDIVIDUAL CHOCOLATE PUDDINGS

1/2 cup milk, 2 ounces unsweetened chocolate, 3 tablespoons butter, 1/2 cup sugar, 1 egg, 1/2 cup sifted all-purpose flour, 1/2 teaspoon salt, 2 teaspoons baking powder, 1/2 teaspoon vanilla.

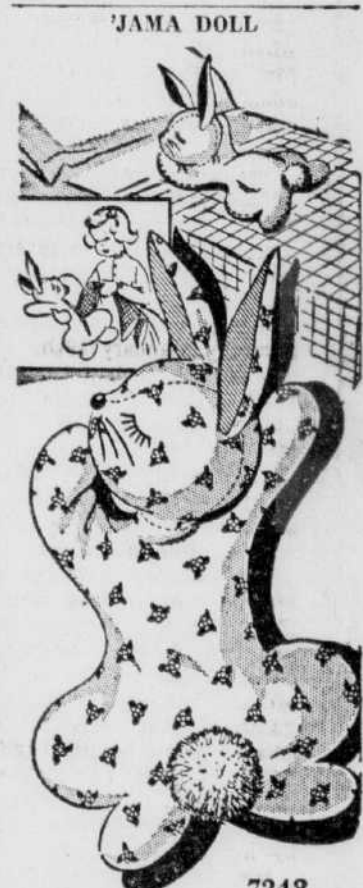

Lemon Sauce: 1 cup brown sugar, 1 cup water, 1 lemon, peeled, thinly-sliced, 1 teaspoon cornstarch, 2 tablespoons cold water.

Melt chocolate in milk. Pour into a large bowl. Add all other ingredients in order given and beat thoroughly until well mixed. Pour into greased custard cups. Place custard cups in a pan containing 1 inch hot water and bake at 350 deg. F. 30 minutes. Unmold and serve hot with lemon sauce.

Lemon Sauce. Combine brown sugar, water and lemon, bring to a boil. Let simmer 10 minutes. Blend cornstarch and cold water. Blend in some of the hot lemon sauce. Stir into remaining lemon mixture, cook, stirring constantly until thickened and transparent.

BRIGHAM

The annual meeting of Brigham United Church was held in the Church Hall. Dinner was served to approximately 25 by the ladies of the church. After the dinner recess, the chairman, Rev. S. R. Prince, called the meeting to order. Reports were read by the various officers which showed the church had met all its obligations for the year due to a generous donation from the Woman's Association. OTTAWA—(P)—A Windsor Mills, Que., foursome skipped by Buster McLenahan Saturday night won the Royal Victoria Jubilee Trophy defeating a Sherbrooke, Que., team 11-5.

Losing skip Rollie Badger didn't complete the 12th end when it became impossible for his squad to catch the Windsor Mills team which included H. Robinson, W. Houghton and R. Ross. Sherbrooke, with B. Allatt, A. Turgeon and J. Hibbard as sweeps, led 3-2 after five ends. But Windsor Mills gained three markers in the sixth end and never lost the lead.

The second-rung Royal Caledonian Trophy went to a Schenectady, N.Y., rink skipped by Ralph Holmgren. Scoring one at a time, his team defeated Ted

Hunt of Lachine, Que., 8-5. It was the first year United States teams had entered the bonspiel.

Fred Soucy of Valleyfield, Que., won the new St. Lawrence Trophy with a 13-10 win over R. M. Ferguson of Smiths Falls. Ont. All squads competed for the Jubilee Trophy, but one loss dropped them into the Caledonian competition. A loss here dropped a team into the third-level St. Lawrence contest.

Lucy Wheeler Wins 18th International Hahnenkamm Ski Race; Cops Downhill After Finishing 7th In Slalom Event

KITZBUHEL, Austria. —(P)—Canada's pretty, freckled Lucy Wheeler today won the 18th international Hahnenkamm ski race for women by placing seventh in the slalom after winning the downhill Saturday.

Official tabulations gave the 22-year-old St. Jovite, Que., skier first place in the combined ratings by only .14 of a point over Lottie Blattl of Austria.

Miss Wheeler had a total time of 1:46.3 in the slalom which was flagged out with 44 gates over a drop of 160 metres. Putzi Frandl of Austria won it in 1:43.1.

The Canadian girl won the downhill in 2:42.6.

In the combined rating, Miss Wheeler received 1.85 and Miss Blattl 1.99. Miss Frandl had 2.02.

The small Canadian group here was jubilant over Miss Wheeler's victory.

"That was my first start this season and I am very happy that it was also my first victory," she said.

"I must improve in the slalom, though I liked the course, although the snow was all but gone at several gates on the second run."

Lucy now goes to Bad Gastein, Austria, for an international downhill on Wednesday and then to the international FIS ski week in Garmisch-Partenkirchen, West Germany.

Austria's Josi Reider won the men's combined by capturing the slalom after finishing third in the downhill.

The Austrian triple Olympic gold medal winner, Toni Sailer, missed a gate on the first run of the slalom and had to go back to pass this gate and lost valuable seconds. This deprived him of any chance for a front place although he won the downhill.

Few Changes Recommended By CFC; Grey Cup To Remain One Game Event; ORU Ruled Out; 12 Imports To Remain

Canadian Press Staff Writer WINNIPEG (P)—As far as fans are concerned, about the only thing new in professional football in Canada this year will be players.

This was indicated today following the annual meeting of the Canadian Football Council, controlling body of the Big Four and Western Interprovincial Football Unions.

Three minor changes were approved and three more were sent to the Canadian Rugby Union for consideration.

They will be no change in the Grey Cup classic. It will remain a single game with the seats again selling at a top of \$10. The Ontario Rugby Football Union will not compete in the Canadian championship for the third successive year. All clubs will use 12 imports as in 1956.

The CRU is expected to go along with the CFC's recommendation that the Grey Cup be held in Toronto in 1957 and in Vancouver in 1958—British Columbia's centennial year.

Few playing rule changes are expected. The CFC only asked for three which were recommended by the separate annual meetings of the Big Four and WIFU here Friday and Saturday.

Changes provide that:

1. A five-yard penalty will be handed out when a player who is offside comes in contact with an opponent and returns inside

before the ball is put in play.

2. The stripe marking the closest point to the sidelines where the ball can be scrimmage will be moved out 20 yards, instead of 15, from each sideline.

3. The position names in the CRU rule book will be revised to take on the "more up-to-date" form of centre, guard, tackle and end instead of snap, inside wing, middle wing and outside wing.

The leagues could not agree on three other proposals, two from the WIFU and one from the Big Four, and these will be left to the discretion of the CRU rules committee.

The WIFU wanted unlimited blocking on pass interception and 10-yard blocking for all offensive players. The Big Four asked that the ball be declared "dead" when a ball carrier falls to one knee or one hand.

CFC chairman Ralph Cooper of Hamilton, and its registrar, G. Sydney Halter of Winnipeg, who also is WIFU commissioner, were empowered to approach commissioner Bert Bell and the owners of the National Football League clubs with a view to improving relations between the two organizations.

A Winnipeg-instigated move to halt regulations changes in mid-season met with success when the CFC ruled that no regulation can be changed except by telegraphic vote. The vote must be unanimous.

Ed Furgol Cops Sudden-Death Playoff In Caliente Open By Dusting Off Big Al Besselink; Leonard Is Third

TIJUANA, Mexico. —(P)—Ed Furgol, the courageous golf professional with the withered arm, won an exciting sudden-death playoff Sunday to take \$2,000 top money in the Caliente Open golf tournament.

The former United States Open titleholder, one of the best-ranked players in the game, dusted off big Al Besselink of Grossinger, N.Y., on the second extra hole. The 33-year-old Furgol from St. Andrews, Ill., shot steady par in the playoff, while Besselink had a bogey five on the second extra hole.

Stan Leonard of Lachine, Que., and Mike Souchak tied for third one stroke behind the leaders. Besselink collected \$1,500 and Leonard and Souchak each picked up \$1,100.

Three other Canadians survived

ed to the final round. Jerry Kessling, Toronto, finished 70-73-77-74—294; Jack Kay, Montreal, 71-74-72-77—294; and Bill Mawhinney, Vancouver, 72-71-76-73—292.

Sideline incidents of this tournament included:

On Saturday Tommy Bolt, chairman of the PGA conduct committee, fined himself \$100 for throwing a club twice. And on Sunday Mr. Bolt penalized himself a stroke for unintentionally moving the ball as he addressed it.

Subsequently, he ended with a 76 for 287, losing about \$150 for his self-reproach. This, plus his \$100 fine, compared with the \$308 he won, left him with about \$58 profit for the week—enough to fill the gas tank of his cream colored car, at least.

QAHA Gets New Playoff Setup

MONTREAL — (P)—The Quebec Amateur Hockey Association has approved a new playoff setup in which championship teams from Quebec, the Ottawa district and the Maritime association would compete for a Canadian junior amateur title.

The Northern Ontario Hockey Association and the Western junior leagues have been approached to join in the setup, it was disclosed Saturday at the QAHA's monthly meeting.

All junior teams are eligible to challenge for the Memorial Cup, emblematic of Canadian junior supremacy. But in the last few years, because of financial difficulties, most have proved no match for the powerful Ontario Hockey Association teams and Ottawa Canadiens, formerly of Montreal.

The OHA teams and Ottawa would be left in a class of their own if the new plan goes through.

Devon Loch Scratched From Grand National

LONDON — (P)—Queen Mother Elizabeth's Devon Loch, known throughout Britain as the "unluckiest horse alive," was scratched from the Grand National Sunday.

Trainer Peter Cazalet said Devon Loch has a recurrence of an old tendon injury and will race no more this season.

Devon Loch had been an early favorite for the Grand National to be raced at Aintree March 29. Last year he was in front of the field and had only 40 yards to go. Suddenly his feet went out from under him and E. S. B. shot him to win.

Tom Dublinski May Play For Lions Next Season, Says Manager Kerbawy; Dubbie Still Likes Toronto Scenery

DETROIT — (P)—Tom Dublinski may yet play quarterback for the Detroit Lions next season. That's the report from Lions General Manager Nick Kerbawy, but in Toronto, Dublinski himself appeared less certain.

Kerbawy said that Dublinski told him he would reply sometime Monday afternoon to the contract offers made in Detroit Friday.

Dublinski's return to the National Football League, which he left to play Canadian football, hinges on one thing, Kerbawy said.

If Dublinski's 1956 contract with the Toronto Argonauts contains an option clause enabling that club to extend his contract for a year, then it will be up to Toronto whether he plays Canadian football in 1957, Kerbawy said.

When Dublinski arrived in Toronto Saturday from Detroit, he said he had not agreed to any terms with the Lions and if he had to choose between equal contracts offered by both clubs, he would choose the Toronto offer.

He said, "I'm settled here now. I bought a home and I have a nice job. And my family likes Toronto too."

"The next move," said Kerbawy "is up to Dublinski."

A decision by the Ontario Court of Appeals Friday apparently will figure yet in the Dublinski puzzle.

The court awarded the Lions \$6,950 in damages in a breach of contract action against Dublinski.

MAGOG—The Magog Curling Club Invitation annual Bonspiel opened yesterday with Stan Hamilton of Lennoxville and F. Bedard of the Border Curling Club still in the battle for the A. Russell Trophy.

The 'spiel is a two-game fixture with the rinks dropping into the consolation section once they lose their opening games. It is a knockout affair but the rinks are guaranteed two games.

Paul Rowe of the Sutton Curling Club and Doug Racey of Sherbrooke dropped into the consolation section when they dropped their first tilt but came through in their second. The trophy at stake in this half is the Lapointe Trophy.

Mont N.D. Girls Edge P.E.H.S. 24-23 In Magog

Mont Notre Dame Girls' Basketball Team, of Sherbrooke, edged out a close 24-23 victory over the Princess Elizabeth High School cagers in Magog Friday evening.

The Sherbrooke girls were led by Beverly Whalen with eleven points and Pat Christmas with seven. D. Wielgus also turned in a standout performance for M.N.D., setting up many of her team's scoring opportunities.

The Magog girls' 23 points were all scored by three players. V. Graves was the high scorer of the evening with thirteen points. Team-mate A. Minor racked up eight points and S. Sampson scored the remaining two.

This was the last out of town game for the Sherbrooke girls who have done very well in their first year of league competition.

Their remaining two games will be played in the Mont Notre Dame gym in Sherbrooke. Coach "Moon" Mullin is hoping for two wins which would enable his charges to end up the season in second place behind the Lennoxville squad in the six-team circuit.

Magog: V. Graves 13, S. Sampson 2, A. Minor 8, H. Linholm, J. Whittier, C. Linotte, T. Lord—23.

Mont Notre Dame: J. Bryson 2, S. Martel 2, R. Lenaghan, B. Whalen 11, D. Wielgus 2, P. Christmas 7, C. Thompson, P. Rondeau, A. Mooney, C. Whalen, E. Hayes, C. Labbe—24.

Ed Chadwick, Toronto goalie, turned in outstanding performance in sweep of weekend games, against Boston 4-1 and 3-2.

Pierre Pilote, Chicago, scored goal and an assist in Chicago's 4-2 victory over Montreal.

Leafs Stop Bruins 4-1, 3-2; Hawks Upset Canadiens; Red Wings Pick Two Wins To Gain On Leaders

One player may not make a hockey team, but to some clubs he can be just the difference between winning and losing.

Boston Bruins would bear witness to that today after a weekend in which they lost two games and dropped further off the pace in the National Hockey League.

While they were leading the NHL for most of the first half of the season Bruins found no easier pickings than Toronto Maple Leafs, but Saturday and Sunday they dropped 4-1 and 3-2 decisions to the same Leafs and slipped deep into third place.

The reason? The big one can only be Terry Sawchuk. With the great netminder protecting them Bruins could be outshot by a wide margin and still win.

The two big wins gave Leafs a five-point lead over fifth-place New York Rangers, who lost 5-0 to Montreal Canadiens Saturday and 5-2 to Detroit Red Wings Sunday.

The Wings edged Chicago Black Hawks 3-2 Saturday and moved to within two points of first-place Canadiens, who had a seven-game winning streak snapped 4-2 by the last-place Hawks Sunday.

Bruins still have a 10-point advantage over Toronto, but the odds against them holding it would seem to be slimmer every day they are without Sawchuk, who until today still hadn't explained his reasons for quitting.

Saturday, Bruin manager Lynn Patrick said his club will win the Stanley Cup—with Sawchuk in goal. Patrick said he hadn't talked with Terry, but was sure he will return "within a month."

Saturday in Toronto before 13,044 fans, Leaf goalie Ed Chadwick allowed only Larry Regan's 10th goal of the season. But Boston's substitute netminder, Norm DeFelic, was beaten by Dick Duff, Ron Stewart, Bob Pulford and Ted Kennedy.

Chadwick was brilliant again in Boston Sunday, making 35 saves while DeFelic kicked out 20 shots. Sid Smith's 11th goal of the season gave Leafs the nod in the third period. Cal Gardner gave Bruins a first-period lead but Jim Morrison erased it. Rudy

Howe got his 26th goal of the year Saturday in Chicago and also picked up an assist.

Detroit had to score twice in the third to win after Eddie Litzenberger and Nick Mickoski had twice put Hawks in front. Red Kelly and Marcel Pronovost did the rest of the Detroit scoring.

Sunday before 12,549 Detroit fans Howe got his 27th goal and one assist against Rangers. Lindsay fired his 22nd goal and added an assist to the one he picked up Saturday. Marcel Pronovost scored again for Detroit and Earl Riebel and Alex Delvecchio added the rest.

Camille Henry, just back up from the minors, scored his second goal this season and Parker MacDonald banged in the second for Rangers.

Bishop's University Cagers Post First Win Of Season By Dumping St. Pat's College Of Ottawa 40-28

Mag 16-16.

Bishop's basketball Gaiters won their first Ottawa-St. Lawrence Valley Conference game, with a 40-28 victory over St. Pat's College in Ottawa Saturday night.

The game was poorly played throughout, and it was only by virtue of a last quarter surge by Bishop's that brought the score up to football standards. Ball handling was ragged, passes were continually drifting off line into the hands of the other team, and shooting by both teams was erratic.

Bishop's opened quickly, a departure from their usual tactics, and soon opened up a 9-2 lead. St. Pat's however, moving the ball very slowly and hitting from the outside were able to avoid the necessity of penetrating deep into Bishop's zone, and they crept up slowly to even the count at half time, the scoreboard reading 16-16.

Controlling both backboards Bishop's maintained their superiority in the second half, but they were unable to turn rebounds into baskets, with the exception of Gordon who netted three in quick succession. The score mounted slowly, with Bishop's always in possession of a small margin, their height being the decisive factor. A closing minute surge by the Purple and White squad, climaxed by a beautiful arching set shot by McMorran ended the game.

Top scorers for Bishop's were Gordon, who has been the most consistent point-getter for the Gaiters, and Stringer. They potted ten and nine respectively. For St. Pat's it was Costello with eight, and Lamontagne with six who led the attack.

The Spurs treated a crowd of 40,000 at London's White Hart Lane Stadium to a thrilling game that saw three second-half goals after Aston Villa defended desperately for most of the first half.

Inside left Alf Stokes and centre forward George Smith rained in Tottenham's goals to keep their team within striking distance of Manchester United, which lost 2-1 to Sheffield Wednesday. Stokes got two goals.

Sheffield Wednesday led Manchester 1-0 at halftime on a goal by centre forward Bill Shiner. Inside right Albert Quixall got Sheffield's second goal in the 48th minute. Centre forward Tommy Taylor netted one for Manchester with 11 minutes left to play.

Third-place Arsenal was unable to shake off its jinx against Newcastle and was beaten 3-1. Arsenal now has six losses, one win and one tie in its last eight games against that club.

Leicester City, second division leaders with 41 points, romped to a 7-2 victory over Bristol Rovers. Second-place Stoke City defeated Liverpool 1-0 and remained four points behind Leicester.

Third-place Nottingham Forest downed Rotherham United 3-1. In the third division north, Hartlepool United was the leader, scoring a 4-1 win over Stockport County.

After the half-way mark Caouette got the nod for boarding but although the Paper Makers held the advantage they couldn't get the rubber behind Duchesne. A little later Laporte went off and the home club was obliged to fall back on the defensive but they in their turn did a good job until their mate returned.

Loyola College Wallops Bishop's 14-4 In League Fixture; Clarke Pots Two In One-Sided Fixture

MONTREAL — Loyola College exploited their potential to its fullest here Friday night and walloped Bishop's University Galters 14-4 in a regular Ottawa-St. Lawrence fixture. The game was Bishop's second loss in three outings.

Loyola built up a 3-0 cushion after the first twenty minutes were over, outscored Bishop's 9-2 in the second period while both teams scored twice in the last session.

The Galters goals were scored by Stu Clarke (2)—his fifth and sixth for the season—Dexter Jolley—his second—and Eric Hahto—his first.

Loyola started their scoring spree in the second minute of the opening twenty when Mike Furlong was left uncovered in front of Stan Alexander and he lifted the puck into the upper left hand corner. At 14:06 Bob Beauregard counted Loyola's second goal when he let go with a waist high shot from about 15 feet out. Two minutes later he added his second goal of the night as Bishop's was playing a man short at the time.

With Bishop's playing a man short again Furlong notched his second goal of the night at 1:34. A little over three minutes later Ron Chisholm made the score read 5-0. On a screen shot from the blue line Brian Gallery scored at 6:09.

In a space of thirty seconds Bishop's scored twice. Clarke got

the first marker at 6:21 when he whacked home a loose puck after Jolley missed a chance to score. Dexter got his chance when he let go with a soft shot which went through the goalies pads.

At 10:53 Bud Moore scored while Bishop's was playing with five men. A little under two minutes later John Brisboin made the score 8-2 for Loyola and at 12:54 Mike Labrosse lifted the puck over Stan's prostrate body. Don Preston scored at 17:36. Loyola tallied twice more before the period ended as Moore scored again at 18:46 and nine seconds later Labrosse got an unassisted marker.

Joe Froio opened the scoring early in the last session when he banged in a rebound shot. In the third minute of play Clarke notched his second goal when he split the defence and deked the goalie out of position. At 10:17 Hato banged a rebound in after Jim Murdoch and Glen Edwards failed to bat in the loose puck. Chisholm closed the scoring for the night when at 17:49 he scored his second goal of the game.

Meteors Of Asbestos Down Richmond 7-2 To Extend Lead In Massawippi To 5 Pts; Al Moore Out Of Action

ASBESTOS — The Meteors of Asbestos extended their lead to five points over the second-place Magog Aces yesterday afternoon when they posted a 7-2 verdict over the Richmond Braves in a regular fixture of the Massawippi Valley Hockey League before 1,448 fans.

The Meteors were playing without the services of their star forward Albert Moore and leading scorer of the league, Mac Coates was also missing from the lineup while Perron was back in uniform following a one-game suspension.

Penalties were costly to the Braves as three goals were scored when they were short-handed. Ray Letellier registered both the Richmond goals, both within a couple of minutes in the last frame.

Drouin posted two goals in the first frame to give the home club a 2-0 lead. In the middle session the Meteors moved further ahead when Forgues, Vachon and Glaude tallied as the Braves couldn't penetrate the Meteors' defence.

In the final frame Illick and Grenier made it 7-0 for the

Meteors before Letellier came up with the Braves' two tallies. Despite the score the Braves drove a total of 39 shots at Claude Bergeron while Emile Beauchesne was called upon to stop 38 in the Richmond net.

Sherbrooke And Beaudry Lumber Down Ascot 5-3 To Extend Lead; Hotel Albert-Assomption Tie 3-3

Sherbrooke and Beaudry Lumber continued their winning streak in the Commercial Hockey League yesterday afternoon at the Arena when they rallied in the third period to run out a 5-3 verdict over Ascot Corner. In the other tilt played Saturday evening the Hotel Albert and Assomption battled to a 3-3 stalemate.

Playing coach Guy Proteau was the big gun for his team when he registered a hat-trick while Rolfe Rousseau and Denis Proteau accounted for the others. For the losers Donaldson, Lemelin and Thibodeau were the marksmen.

The squad from Ascot Corner jumped into a 2-0 lead in the first period but when they faltered during the final frame Coach Proteau led his team through to victory. Donaldson and Thibodeau gave the Corner crew a 2-0 lead and in the middle session Guy Proteau reduced this margin but Lemelin came up with his tally to make it 3-1 for the visitors.

In the last period the Beaudry Lumber team had too much power for the Ascot crew and the pressure began to tell. Guy Proteau posted two goals to knot

the count. Gagnon came up with the winning tally and just before the end of the frame Denis Proteau registered the insurance marker to allow the Lumber crew to remain unbeaten in the Guy Lafleur loop.

On Saturday evening the battle was close the whole way with the Hotel men being obliged to come from behind to earn the draw. Assomption moved to the fore in the first period when Jean-Guy Denaull tallied the only goal of the frame. In the middle session Guy Denaull made it 2-0 before Asselin posted the Hotel men's first marker. The Denaull squad just couldn't get moving.

In the final session Perron came up with two goals to give the Hotel men the lead for the first time in the game. With only three minutes left in the game A. Denoncourt came up with the equalizer as the teams battle the rest of the way on even terms. Only two penalties were called, both in the third period.

One game is on tap this evening at the Arena commencing at 9:00 with Ascot meeting Magog. A win for the Ascot club would move them within hailing distance of the Magog team.

Cardinals, Cubs And Phils Talking Up Mine-Player Deal Involving Baker, Ashburn, Haddix And Bobby Del Greco

CHICAGO. —(P)—St. Louis Cardinals, Chicago Cubs and Philadelphia Phils have their heads together for what could result in a nine-player deal, it was learned today.

If the trade goes through, southpaw pitcher Harvey Haddix of Philadelphia would return to St. Louis and Phillie centerfielder Richie Ashburn would go to the Cubs.

In return, Philadelphia would get second baseman Gene Baker and first baseman Dee Fondy from the Cubs and rookie infielder Eddie Kasko, outfielder Chuck Harmon or outfielder Bobby Del Greco from St. Louis. Kasko was International League all-star shortstop last year with Rochester.

The Cardinals also would receive utility outfielder Jim King from the Cubs by way of Philadelphia.

Frank Lane, general manager of the Cardinals, apparently has no qualms about bringing back

Haddix, traded off last year in a deal which brought pitchers Murry Dickson and Herm Wehrmeier to St. Louis.

Roy Hamey, Philadelphia general manager, reportedly is holding up the deal. But how long he can hold out is doubtful. The Phils are desperately in need of help around first and second base.

Baker, who batted 258 with 12 home runs and 57 runs batted in, could fill the gap at second and help groom young Ted Kazanski at shortstop.

The Cubs want a top flight centerfielder and have been dangling Baker as bait. Fondy, who batted over .300 in 1953 and 1954, dropped off to .269 last season and is in the Cub doghouse.

Ashburn has been the Cub ob-

Fred Dwyer Comes Up With Sizzling Finish To Stop Hungary's Tabori In Knights Of Columbus Two-Mile Event

BOSTON. —(P)—Fred Dwyer, the 25-year-old greeting card salesman, put on a great finishing kick Saturday night to defeat Hungary's Lazlo Tabori by 15 yards in the Knights of Columbus meet two-mile run.

His time was a fine 8:52.4, 1.9 seconds off the world record. The result spoiled Tabori's U.S. debut, but pleased him nevertheless.

Dwyer, who vows he will be the first American to run a mile in four minutes or less, had managed a routine 4:13-plus time in the previous week in the Metropolitan AAU event, launched by the Indiana group.

At Boston Garden it was a different story. Dwyer, who had hung behind Tabori and Horace Ashenfelter most of the route, broke to the front in the final lap of the half. His last quarter mile was clocked in a slightly sensational 58.8 seconds.

Tabori, the great distance man who has run a mile in 3:58.9, was so fresh he was hardly drawing a long breath at the finish.

"I am very much satisfied with my performance," Tabori continued. "I thought that anyone who ran under nine minutes would defeat me."

Aces, Chicks Win Still Top Teams

A point continues to separate Quebec Aces and Chicoutimi Saguenens, the one-two teams in the Quebec Hockey League.

Each came up with a victory Sunday, the Aces beating Shawinigan Falls Cataracts 4-3 and the Saguenens blanking Trois-Rivieres Lions 1-0.

The Lions' loss, in a night game at Trois-Rivieres, was their second in one day. They lost 3-0 to Montreal Royals at Montreal earlier.

Dick Gamble led the Aces' scoring at Quebec with two goals. Michel Labadie and Marcel Bonin also scored for the Aces while Gerry Desaulniers, Jean-Paul Denis and Connie Broden counted for the Cataracts.

Guy Rousseau, Lulu Denis and Glen Cressman were the Montreal marksmen against the Lions. Jacques Locas, tally, a picture goal, gave Chicoutimi its win.

Guy Courchesne Stars In Nets For Bedard Squad; Marc Andre Dussault Pots Winner As Locals Cop Tilt 4-3

Sherbrooke Beavers moved into a two-way tie with Waterloo Maroons for fifth position in the Massawippi Valley Hockey League yesterday afternoon when they upset the Flyers of Brompton-East Angus 4-3 in a wide-open tilt before 806 fans at the Arena.

The teams now have thirteen points each but the Maroons hold four games in hand over Coach Bedard's Beavers. Waterloo had the bye in the circuit yesterday and played an exhibition.

Guy Courchesne was the stumbling block for the Flyers as time after time he came up with outstanding saves to rob the Parr squad of sure goals. It was in the final frame where he saved the Beavers when the Flyers were applying the pressure.

The Flyers had a new goalie in Roch Labbe in the nets and his good work helped to keep the score down. Labbe performed with the Sherbrooke club last season and has been playing with Hotel Albert in the Commercial League.

The Beavers came up with a strong game. They were skating good and their passes were clicking. They checked well and covered their opponents much better than in their last outing.

Langlois opened the scoring in the first frame when he tipped in Jack Dubois' drive. Labbe never had a chance on the play. Labbe came up with a nice save on Bedard's hard corner drive. Robidas drew a tripping penalty and during his absence the Flyers moved to the attack.

Gerard Leblanc came up with a nice piece of work. R. St. Cyr drove a hard shot which brought Courchesne to his knees with the rubber in front of him. The Brompton winger reached in and pulled the disc back to lift it into the open net. It knotted the count.

Forty-seconds later Marcel Jutras was credited with a goal.

to put the Beavers out in front. He was trying to clear the rubber from behind the net when it hit defenseman Martin's leg to roll in to the net behind the surprised Labbe. It was a tough break for Brompton's goalie.

Jacques Emond set up the equalizer a minute later when Ray St. Cyr tipped in his blazing drive from inside the blue line. The chunky winger was standing in front of Courchesne and the local netminder never had a chance. Emond went off for holding the rubber and Bob Bedard rifled a screened shot

ed a rebound from Marcel Jutras' shot to lift it into the net just after the start of the final period. Gerard Leblanc missed a golden opportunity when his shot rolled by the open corner. The Flyers were applying the pressure trying for the equalizer but the Beavers were checking strong and didn't give them many open chances.

Darche went off leaving the Beavers short-handed but the boys held the fort despite the strong work of the Flyers. Courchesne was kicking everything aside while his mates were clearing well. Darche returned and Gregoire got the thumb in the last minute of play. Coach Parr yanked his goalie but time ran out before the Flyers could do anything and the Beavers walked off with a well earned victory.
