## \$150,000 Theatre Planned

### Greene Avenue Selected As Site For New Project

By VIC MORRIS, JR.

It was announced yesterday at the Westmount City Hall that a new \$150,000 movie theatre had been planned for Greene Avenue. The statement was released by Assistant City Manager Thomas Hughes. The proposed theatre will be built on Greene Avenue between St. Catherine Street, and Western Ave.

A formal application for the erection of the movie house was received by the City Council at last Monday night's session. The application for the new structure was made in the name of William Lester, manager of United Theatres Amusement Company.

Plans call for a total seating capacity of 1,152, including a balcony capable of seating 304 persons. A self contained building, the theatre will have all the modern fixtures and conveniences found in the large movie houses. A parking lot measuring 69 x 135 feet will be located adjacent to the building and a special entrance has been planned to accommodate those persons arriving in automobiles.

The building itself will be a two storey structure measuring 66 x 120 feet. It will include a

soda and candy bar, check room, vanity room, ticket lobby and foyer. The company of Luke and Little are the contracted architects. Red granite and red press brick will be used as a decorative and distinctive front. Steel reinforced concrete will be used extensively throughout the structure and plans have been emphasized to allow plenty of fire exits.

It is not known presently when construction will get underway, but plans call for the completion of the building during 1946.

Many residents of Westmount will welcome the new project as a step to curb juvenile delinquency. The theatre will serve in many ways as a meeting spot for the youth of the community and will prevent the youth from straying out of their neighborhood in search of entertainment.

### Ralston To Address Old Boys' Assoc.

By GEORGE COCHRANE

Col. the Hon. J. L. Ralston, the man who tossed a bombshell into the Canadian political picture when he resigned his post of Minister for National Defence during the manpower crisis in the fall of 1944, will be the main speaker of the evening when the Westmount High Old Boys' Association holds its eleventh annual reunion dinner in the Ball Room of the Mount Royal Hotel on Wednesday evening, March 6.

Col. Ralston, who held the post of federal finance minister before taking over the defence portfolio after the death in an airplane crash of Norman Rogers, is a veteran politician. He retired from politics to return to his law practice in 1935 but accepted Prime Minister Mackenzie King's offer to take over the job of Minister of Finance at the outbreak of the war in 1939.

Col. Ralston won the Distinguished Service Order while fighting with the Canadian Army overseas in World War 1 and other letters he is entitled to write after his signature include: P.C., C.M.G., LL.D., D.C.L. and K.C.

As this year's Westmount High Old Boys' Association meeting is to be in the nature of a welcome home for the hundreds of former Westmount High students who fought in World War 2, the executive feels that Col. Ralston's address will be particularly well received.

C. Alex Phillips, president of the organization, who announced the meeting date this week, asks all members to forward their three-dollar cheques for the dinner and membership fee to: Westmount High Old Boys' Association, PO Box 232, Westmount, as soon as possible.

1800 EXPECTED

"Last year," the president

pointed out, "there were some latecomers who had to be turned away because of lack of space.

COL. J. L. RALSTON, K.C.

This year we are expecting about 1800 to attend the get-together and, although we have rented the Mount Royal's largest room, I advise all members to guard against disappointment by ordering their tickets early. If anyone wants further information they

### Salvation Army Salvage Call

For the past thirty-five years, the Salvation Army Industrial Department has collected salvage of all kinds, throughout the City of Montreal, and the surrounding district.

During this time two world wars have taken place. As the war called for increased effort in the collection of needed salvage materials, this department of the Salvation Army was always prepared, met the call, started war salvage immediately the request was made and at the same time carried on regular social service activities.

"There is no discharge in the Battle of Life, and there will ever be casualties in need of assistance," the department believes.

By contributing your salvage, you enable the Army to assist the poor, and needy, and help to find tide-over employment for many unfortunate men, helping bring their rehabilitation.

May we have your continued support. Phone Fitzroy, 5295-5296. Men's Social Service Centre, 603 Chatham street, Montreal.

### Westmount Putter Postpone Gathering

The Westmount Putter Social Club have postponed their "refreshment" night scheduled for this Monday until some time in March. At the same time the group will hold their usual weekly meeting at Victoria Hall.

The club is still on the lookout for more members and persons thinking of using the putting greens in Westmount and King George parks this summer are cordially invited to meet many of the players in a pre-season session.

### SKATING PARTY

The Senior Branch of Trinity Memorial A.Y.P.A. will hold a skating party at Beaver Lake next Wednesday.

### X-Ray Clinic Planned For Victoria Hall

Dr. J. J. Day, City Medical Health Officer, announced today that plans for a permanent diagnostic X-ray clinic at Victoria Hall had been completed. Sponsored by the City of Westmount, the clinic will be operated as a unit of the Royal Edward Laurentian Hospital. Sole aim of the clinic is to safeguard the health of Westmount residents. The X-ray clinic will be open every Friday from 4.00 to 6.00 p.m.

A total of 1,347 persons were X-rayed at Victoria Hall during the month of February. This figure included 1,145 food handlers, 46 domestics, 60 hairdressers, 115

laundry workers, 19 city employees and 12 miscellaneous. The Montreal Anti-Tuberculosis League who conducted the mass X-ray in co-operation with the City of Westmount, stated that results of the examinations would not be available for two weeks.

Many residents of Westmount are co-operating fully with Dr. Day's plan to have all domestics in the district undergo X-rays. Although only 46 have presented themselves for these examinations it is believed that many more will request X-rays in the next few days.

### Children's Memorial To Receive Benefit From Play

The Children's Memorial Hospital will be given half the net proceeds of the Trinity Players third production of the season.

The play is entitled "The Danish Cheek" a comedy by John Van Druten and Lloyd Morris, to be given at Trinity Memorial Hall on the evenings of February 27 and 28, March 1 and 2, at 8.30 p.m.

The action of the play takes place in December of the early nineteen hundreds. Louise Perreault is looking after the costumes and Arthur Wright and Fred Chivers promise an attractive set, anti-macassar, stuffed furniture and what-nots, of that period.

The cast includes: Jose Parsonage, Sally Starke, Sheldon Allen, Gordon Jones, Edith Jones, Althea MacLean, Rosalind Kindersley, Rosemary Chartrand and George Nixon. Basil Donn is directing.

### STUDY GROUP

The regular monthly meeting of the West End Study Group, United Nations Society in Canada, will be held in Trinity Memorial Church Hall, corner of Marlowe Ave. and Sherbrooke Street, tomorrow at 3 p.m.

### Chemical Age Address Given Alpha Omegas

Alpha Omegas enjoyed an interesting impromptu talk given by St. Andrew's new assistant minister on Sunday night, when Rev. Andrew Mowatt spoke of his life in China. Mr. Mowatt told of the customs and habits of the Chinese people and of the many difficulties encountered by the missionaries, particularly of his own family who lived and worked among the people of that distant land. Mr. Mowatt was introduced by the president, Jim McJannet, and thanked by Group Leader Tom Earle.

A program of particular interest to all young people will take place this coming Sunday evening, when members of Alpha Omega and friends will hear Douglas Walkington, of Canadian Industries Limited, actively interested in Young People's Work, give an illustrated talk on the subject "This Chemical Age", an insight into the latest developments in this modern field of science.

Group D with leaders, Doug Thorpe, Iain Scott, Eleanor Spearman and Christine Jockel are in charge of the meeting

### Battle Of Britain Hero Lauds Fighter Pilots For Victory

"The loss of the Battle of Britain, would, I believe, have meant the end of the war", declared Group Capt. G. R. McGregor, O.B.E., D.F.C., Battle of Britain veteran and one of Canada's foremost air combat authorities, in an address at the regular luncheon meeting of the Rotary Club of Westmount.

Now retired from the R.C.A.F., Group Capt. McGregor is general traffic manager for Trans-Canada Air Lines. He outlined the history of the participation of Canadian fighter squadrons in the war.

"I would like to dwell briefly on ground operation, which wrapped in war time secrecy, always working behind the scenes and receiving relatively little attention

did, in my opinion, make all the difference between winning the Battle of Britain and its probable loss.

"Englishmen the world over have paid homage to Admiral Nelson as a single individual responsible for saving his country when under serious threat of invasion. I venture to say that few of you attach any importance to the name of Air Marshall Dowding, yet there can be little doubt that that man, and a few of his staff saved England when she was faced with a much more serious threat than was ever the case in Nelson's time."

He pointed out that successful air defence against bomber attack required that defending aircraft and artillery be able to lo-

cate enemy attacking forces accurately.

"Air Marshall Dowding, by exercise of a God-given foresight had an efficient operations a tremendous complex system of ground observers, communications and what later became known as radar stations. This wonderful organization conceived without the aid of past experience, provided the essential information which made possible the interception of enemy bombers by our fighters".

The speaker sketched the vast amount of organization work required in the formation of the Second Tactical Air Force, or Second TAF. He believed that the work which fighters and fighter-bombers in Second TAF had performed, proved a deciding factor in the invasion of the continent.

## War Memorial Campaign Is Launched By Legion

Placing the coping stone on an unprecedented year of expansion the Quebec Command of the Canadian Legion has decided to embark on a financial campaign to raise \$375,000 by public subscription for a War Memorial Building in Montreal.

Maj.-Gen. C. B. Price, C.B., D.S.O., D.C.M., V.D., a former first vice-president of the Dominion Command, whose activities in behalf of veterans is known throughout the country, has agreed to serve as general campaign chairman. Associated with him are some of the most prominent figures in the professional and business life of the metropolis.

While the essential need for a central administration building for the handling of the fast-growing business of the Legion throughout Quebec is one of the deciding factors in the plan, the memorial aspects of the proposal will be kept in the foreground. A tentative committee, under the chairmanship of Bashford Browne, of Remembrance Branch, has been gathering data on a memorial building for some months, and its recommendations and proposals are now before the campaign committee.

It is pointed out that one of the objects of the Legion is "to perpetuate the memory and deeds of the fallen and of those who die in the future". The best memorial, it is claimed, is that which can give practical expression to service to those still living and to safeguard the interests of the dependents of those who fell. A central building such as is proposed, it is felt, would serve both purposes to the full, and, in addition, develop a spirit of close comradeship and mutual help among all members of the Legion in the district.

Acting with General Price on the campaign committee are: B. C. Gardner, E. E. Workman and Brig. Hercule Lefebvre, C.B.E., M.C., V.D., vice-chairman; Mr. Justice Gordon Mackinnon, H. P.

MAJ.-GEN. C. B. PRICE

Thornhill, M. M. Walter, John H. Molson, James M. Morris, Capt. W. A. Fowler, Glen Mackay, Captain Gonthier, Bashford Browne, Major P. L. Hall, D.S.O., M.C., Col. Buchanan, Louis A. Daoust, Lt.-Col. Andrew Fleming, V.D., Lt.-Col. S. C. Holland, Lt.-Col. George Machum, Campbell L. Smart, Alex C. Solomon and K. L. Woolley, provincial secretary of the Legion.

Thirty Preps turned up for the Bean Feed and the boys had a grand time. Right after school, they began streaming in. Games in the gym, games in the pool and lots of fun everywhere. Then upstairs to the feed, and rounded off by movies. We had such a good time that it is expected we'll have twice as many for the next feed which will be Wednesday, February 27th.

### Friday Night Club

The teenagers meet again this Friday for more swing and frolic. Here is a group that really enjoys itself to the full.

### Park Slike Night

We had a moon and a beautiful night as forecasted, but we didn't have our event. The previous mild weather had upset the plans to such an extent, the event had to be cancelled. If you hold tickets, get in touch with the person who sold them to you and your money will be refunded.

### Swimming

Derek Ramsay's Group are doing well. The following boys have earned awards: — Card 1 — Jim Pickford, David Smith, David Allen, Leslie Syvret, David Seeley; Card 2 — Leslie Syvret, David Allen; Card 3 — Norman Bedford; Card 4 Michael Hewton, Ron Law; Card 5 Ron Law, John Smith, Don Smith.

### Swim Club

### Badminton Club

The Westmount 'Y' Badminton Club played host to six teams from the N.D.G. 'Y' 1st Wednesday evening and won most of their games. Competition was run as a Round Tournament. Westmount won 27 games in the tournament and dropped nine games to the visitors. Following the tournament everyone enjoyed refreshments and a social party.

### Saturday House League

Juv. 'A' players took the opening game of the Saturday afternoon House Basketball League when they defeated the St. Andrews team by 37 to 24. Lead by the sharp shooting of Jarvis in the second half who netted five field goals the Juv. romped on to victory. In the second game between Calvary and Westmount Baptist the play was very close. At the end of full time the score was 43 all. However when the referee re-counted the baskets scored — and there were many of them — there was one basket not counted in the running score which gave the Westmount Baptist players a two point lead. Final score was 45 to 43 for Westmount Baptist.

Scout Gerald Farrell of North Bay, Nfld., is a King's Scout, but he differs from the average run of King's Scouts. Gerald is totally blind. He belongs to a Scout Troop at the School for the Blind and is the second member of the troop to gain this high distinction in Scouting. The former King's Scout is now a third year student at Dalhousie University.

## Scouts & Cubs

By Reg. Groome

Dennis Heathcote acted as Pack Leader at the regular meeting of Trinity Pack which was begun in the usual manner. Following a very close inspection, particularly on neckerchiefs, games and instruction in skipping, signalling, knots and other 2nd star items were run off in quick succession. The following tests were passed: Cleaning boots, A. Armstrong; skipping and time-telling, B. Cane; National Anthem, Lorne Falle and D. Heathcote; savings, D. Heathcote, and Knots, W. Monday.

A Sixer's Choice relay was next on the program and was won by the Red Six. After this game each Six went to their corner and wrote a short letter to Eddie Smith who is now home from the hospital. It will be nice to have him back with the Pack again. A short sing-song and the presentation of a one year service star to Colin Nelson brought the meeting to a conclusion. The Red Six is at present first in the competition.

### ENTERTAINMENT PLANNED

An excellent program of entertainment has been lined up by Arthur Davidson, well-known Montreal violinist and himself a Westmount High graduate. In addition to Mr. Davidson's violin playing some top-rate singing will be heard.

Throughout the war the Westmount High Old Boys' Association shipped thousands of cigarettes to former students of the school who were serving in the Canadian armed forces throughout the world. It is expected that many of the old boys who received cigarettes in such far away places as India and the Sahara Desert will be present on March 6 to give vocal thanks.

The dinner is scheduled to get underway at 6.45 p.m. Included on the agenda for the meeting is the election of a new slate of officers for the 1946-47 year.

J. D. Lawley, Latin teacher at Westmount High, and George Cochrane, The Examiner's sports editor and columnist, are in charge of publicity for this year's gathering.

Westmount High's 1946 graduating class will be made welcome at the reunion. They will receive further particulars in school from Mr. Lawley.

## Westmount Highlights

By GEORGE COCHRANE

Raymond Lank, that fellow whose constancy is very commendable, comes forth this week with a request for publicity for tonight's Friday Night Party in the none too spacious gymnasium of Westmount High School. The moustached Raymond, as you may have guessed, is a member of the new Friday Party committee.

Tonight the new committee promises the most gala soiree of the year. The Westmount Four, those ever-popular purveyors of modern music, will be on hand to give out with the sound effects — both hot and mellow.

In addition, Lankie and his co-workers have lined up what they modestly describe as "a magnificent floor show." Who or what is in it they refuse to divulge but there's hoping it is not another jitterbug contest.

The Westmount Four are still supplying the music for the Saturday night dances at the Westmount Y and have built up quite a faithful following in the garden suburb's number one muscle building centre. The four now consist of Bain "Benny" Macaskill, he of 12a who can toot a clarinet or a sax with the best of them; Johnny Jepper, ex-WHS'er now Loyola boy whose work on the drums is strictly all right; Gordie "Embrace Me" Pfeiffer, the singer with the so-o-o romantic voice who can also strum the bass fiddle; and Johnny Bellen-deau, latest addition to the quartet, who is equally at home on the vibraphone and piano.

### TOTEM POLL

The Boys' Hi-Y Club's Totem Poll, conducted weekly by Gerald Roney and your ever-working columnist, this week asked Westmount High Schoolers whether or not they approved of being charged ten cents a head (and we are not referring to Peter "The One and Only Head" Farrell) admission to the Friday Night Club affairs provided the Westmount Four is on hand to supply the music.

An overwhelming majority of the Cote St. Antoine Road's educational haven's clientele approve the dime per person ahead. Of the cross-section of students queried, 75 percent approve the new idea, only five percent disapprove and 20 percent are undecided.

### P & W REVUE

Mr. Bert Taylor, the genial building superintendent of Westmount Junior High School, was talking to your Westmount High-lighter the other day and threatened this poor chronicler with all sorts of dire fates if public tribute (via this column) were not paid to Tiny Tom Armstrong and his aides whose Saturday morning work on Purple and White Revue scenery and sets has aroused Mr. Taylor's admiration.

"Every week, whether it's raining, snowing or freezing," says soccer coach Mr. Taylor, "Tom can always be relied upon to be at work by 9.30 each Saturday morning. Sometimes his assistants fail to show up but Tom — he's always on the job."

The diminutive Thomas, however, has naught but praise for both his male and female aides, the mssrs. Ron Baxter and Willard Morrison and the misses Patricia Jane Pierce and Joan Brown.

Says Tim, "They've been doing good work."

Says Mr. Taylor, "Tom has been doing good work."

Says producer Art Voronka, "I've been doing good work."

## Grocer Loses Store License

The Wartime Prices and Trade Board suspended the license of H. Bessner & Co., 4943 Sherbrooke street West, Westmount, a retail grocery operated by Harry Bessner and Harry Abramovitch, for failure to observe ceiling price regulations.

The company has been convicted and fined on three occasions in the past for selling meats and groceries at excessive prices. A series of investigations undertaken since the last conviction as a result of continued consumer complaints established that the firm was still selling many goods above the ceiling price enforcement officials stated.

The suspension order signed by the Chairman of the Board was served this week by R.C.M.P. constables. All goods in accordance with the terms of the order, are to be sold under Board supervision at ceiling prices.

## 16 Members Added To Westmount Legion

Sixteen new members were sworn in by the Westmount Legion last Friday night and one transfer was received to boost the membership to 220.

President Hale explained the Branch's plans of the new building for the benefit of new members and announced that the idea of building on Victoria Ave., had been given up as the lots there were not large enough, when complying with the city's building regulations. The branch is now considering other possible sites.

Discussion took place on subject of rehabilitation and several cases were brought to light where it was felt by the members that the veterans concerned had not been dealt with fairly. Motions were tabulated accordingly, to be forwarded to the Montreal District Council.

It was brought to the attention of the meeting that the president of one senior branch in Western Canada of the Legion is an ex-servicewoman. So far No. 39 haven't received any applications from the ex-servicewomen of Westmount.

A circular will be mailed to all members announcing the date of the oyster party planned to be held in about two weeks time. Every member should make it a point to attend this affair and to bring their friends along. There'll be plenty of oysters, beer, etc., so come along to eat 'em.

## Know Your Westmount

### Biography And History --In Streets--

(Contributed by Westmount Historical Association)

#### WESTERN AVENUE

Land divisions established before 1759 have determined the direction and position of most of the streets in Westmount. The bases were the two concession roads, Upper Lachine Road (now part of Notre Dame and St. James Streets) and Cote St. Antoine Road. Farms laid out between these two concessions had their common boundary about the line of Ste. Catherine Street, while those running over the hill met the lands of Cote des Neiges on the back slopes of the mountain. The side lines of the farms were run in that northwest-southeast "standard" direction which for three hundred years has caused our Montreal "north" and "south" points to be so confusing to strangers and even ourselves.

As usual the back-ends of the farms were less developed so that when Ste. Catherine Street was opened there were already five or six streets with houses on them laid out running off Cote St. Antoine Road. Today, it is hard to realize that these people then living on Lansdowne and Victoria Avenues near the present Sherbrooke Street were at one time obliged to climb the hill to the Cote Road for their only access to Montreal or elsewhere. It was to remedy this difficulty that Western Avenue was opened.

Through the kind permission of Messrs John Lovell & Sons, owners of the copyright, we are able to reprint an eye-witness account of the circumstances surrounding the Western Avenue project which took definite form in the plan by Joseph Rielle, dated April 5th, 1875, showing

the lands ceded by the proprietors along the route.

#### LAND SPECULATIONS? THE OPENING OF WESTERN AVENUE.

In 1873, before the "land boom" struck Montreal, I bought ninety thousand feet of land on Metcalfe Avenue at seven cents a foot. I was induced to make this purchase by a clear headed Irishman from Boston, who had made the tour of the city and had come to the conclusion that any one investing money in the West End would double it in a short time, and so it turned out.

Metcalfe Avenue then extended from Sisson's Lane (now St. Catherine Street), halfway to the

## Ex-Servicemen Propose Form Veterans Club

A small group of ex-servicemen of Trinity Memorial Church were surprised to discover there are over 700 veterans of World War II in Trinity Parish. This fact prompted the group to form a committee whose purpose it was to find out whether these 700 odd ex-servicemen and women were interested in uniting to form a Trinity Vets' Club.

In the name of the proposed club, the interim committee have announced a meeting to be held in the hall of Trinity Memorial Church, Marlowe and Sherbrooke Streets, on Monday, March 4th, at 8 p.m. The main objective of this meeting will be to decide whether the club will or will not be formed.

The executive members have all had extensive experience in Westmount High organizations. On it are: president, William Macdonald, former Westmount Boys' Hi-Y Club dance committee chairman and editor of "The Monthly;" first vice-president, John Pepper, former vice-president of the Westmount Boys' Hi-Y Club; second vice-president, Charles McCrae former vice-president of the Westmount Boys' Hi-Y club, former secretary-treasurer of the Westmount High Boys Athletic Association and former treasurer of the Westmount High Students Council; secretary, George Cochrane, former president of the Westmount Boys' Hi-Y Club, the Westmount High Students Council and the Westmount High Debating Society; and treasurer, Bob Sproule, former president of the Westmount Boys' Hi-Y Club.

## CHILDREN'S PLIGHT IS DESPERATE

A recent radio appeal made from Berne, Switzerland, said, in part:

"Helpless children cannot survive much longer unless there is a united effort to save them. Every official humanitarian and religious agency must come to the rescue immediately or it will be too late. We plead for generous support of all organizations and agencies willing to co-operate. Generous assistance must be given so that food and medicines may be purchased and foster care provided for these orphans and homeless children."

The reference was, of course, to the pitiful little victims of German aggression, thousands of whom have lost their parents and are wandering aimlessly, eating when they can, and without any of the care children require. So many were the problems, and so great the devastation left in the wake of the Nazi holocaust, that governments of the liberated countries and even UNRRA have not been able to look after all these helpless children. For the next year or so, there can therefore be no substitute for the services of private agencies in meeting this problem. As President Truman of the United States said, their role is "indispensable and unique."

Locally, the Save the Children Fund is appealing to the public for help for these little waifs. Messrs. Taggart Smyth and René Morin are joint treasurers of the fund, headquarters of which are at 266 St. James St. West. Local residents, we know, will respond generously to the appeal.

## PARKING CARS, NEW CARS IS PROBLEM

Far-sighted municipalities are trying to devise methods to solve what is going to be one of their greatest problems of the future—parking. Even before the war, some cities had constructed large, municipally-owned owned parking areas underground to get the

cars off the streets of congested areas. The problem of the future, particularly in the older cities, is going to be worse than at any time in the past. It is regrettable that, during the later stages of the war, before the big car manufacturers reconverted, Governments didn't impose restrictions on the length and breadth of the car of the future. Four or five feet could easily be cut off the length of present cars without in any way affecting the the comfort of the passengers, and twenty-five per cent would thus be added to parking space, where parking is along the curb.

The manufacturers (who don't have to solve problems of parking, crowded highways, and smash-ups) build to the salesman's demands—big, to look like a lot for the money; light—to accelerate and travel fast; fancy—to appeal to the women. The demands of the community, which has to provide the parking space, safety islands, and two-way highways, are overlooked. Eventually, the community will take a more aggressive part in such matters.

## THIS GUY WILL MAKE MONEY!

Newspapers recently carried a photo of one Morris A. Key, whose claim to fame is the invention of a "commercial eliminator" for use of radio listeners. The device is carried in the hand and may be used from any part of the room. When the blah-blah of a commercial begins, you simply press a button, which shuts off the radio for a predetermined number of seconds. Wide use of this device will compel radio advertisers to adopt the inoffensive incidental plug which "runs with the show," and which radio listeners rather enjoy if it is cleverly done. It's the wordy blather that interrupts the program that radio fans resent.

## READERS WANT LOCAL NEWS MOST

As Cleveland's three dailies re-appeared last week after a 32-day blackout due to strikes, editors knew better what their readers wanted, reported Newsweek. The readers told their desires to editors in two polls conducted during the pressmen's strike by staff men of the Scripps-Howard Press. Most missed was local news. Sixty-three per cent of the readers said so. World and national news was a poor second—26 per cent, while the remainder interviewed didn't care. Asked about radio's ability to pinch-hit for newspapers, the overwhelming opinion was "no." The moral of all this is that people want their own community news most, and they want to read it, not hear it.

## Westmount Highlights

(Continued from Page 2)

Patricia Jane Pierce we wish to inform the general public that it was Patricia Jane Peirce, and not Bob Eden, who wrote last week's Hobby Show bulletin. It was Bob Eden, chairman of the publicity committee, however, who supplied us with the info that you'll find in the next few paragraphs.

Burly James Parsons, president of the show, has already started preparing for the BIG opening on April 3 and he has announced that there will be a Hobby Show dance on the night of April 6, the last day of the show.

Now we quote verbatim from Mr. Eden's despatch just to show you how to what depths literature can sink:

"This year, as always, we want all you boys and girls to get your hobbies started and exhibit them in the show. Remember, the harder you work the better your chance of winning one of the grand prizes which will be on display in Steinberg's window.

"All you fellows and girls in the elementary schools here in Westmount can be looking forward to hearing Kaz Nishio at one of your assemblies in a few weeks. He will be telling you how, why and where to enter your entries.

"Don't forget the dates of the Tenth Annual Boys' and Girls' Hobby Show. They are the third, fourth, fifth and sixth so get your entries made or ready soon."

### ITEMS

The Boys' Hi-Y Club's annual spring dance is slated to be held in the Westmount High gym on Friday, March 15. James "Jum-

bo" Parsons, the far from slender fellow who ran the fall dance for the male Hi-Y's, will be in charge . . . Big Jim is also the president of this year's Hobby Show . . . Suzanne Haire, the 68-inch high director of the P & W Revue chorines, turned up for rehearsal at the junior high last Saturday morning with long winter underwear protecting her from the chilling blasts . . . Bryson "Mr. Ogilvy" Berry will be 20 years old this Sabbath . . . Lorne Hellyer is among the large Westmount crew studying at Sir George Williams College this year . . . Hear that Peter Taylor Jessop, last year of WHS's grade 12 and now of McGill, has abandoned his ambition of becoming a doctor . . . Ian Roberts' soiree last Friday night reported a very enjoyable affair even though Jean Van Patter had to miss it because of a cold . . . Bob "Pappy" Sproule, former prexy of the Westmount Boys' Hi-Y, quite entranced with his life as a first year commerce student at McGill . . . Those attending the joint Hi-Y supper meeting at the Y tonight will be entertained by a debate on the subject of co-education. Jean Van Patter and your chronicler, who always seems to get roped into these things, will uphold the affirmative while Kaz Nishio and Ann Griffiths will argue the negative . . . Which reminds that the same Jean Van Pater wishes to have it publicly announced that her phone number will be changed on or about March 10 . . . Dolly Morrison's and Ruth Messenger's formal soiree will come off at Victoria Hall's Green Room on the night of Friday, March 15 . . . With a hi-diddle-diddle.

Today's work that is put off till tomorrow too often is still undone yesterday.

## AN ATTIC SALT-SHAKER

By W. Orton Tewson

CANDY BEING scarce and snow plentiful—up north, at least—we pass along a simple recipe for maple brittle, given by Robert P. Tristram Coffin, the poet (in his appetizing book "Mainstays of Maine.") He calls maple brittle "the best candy Maine or any other state makes, a northern, New World symphony." Here's how Mother Coffin made it:

"We boys had a hand in it," recalls Mr. Coffin. "We brought in the snow. Then mother turned a pitcher of red-hot maple syrup on a milk-pan full of speckless snow.

"THE INSTANT the sweet lava struck the virgin snow we had gathered for its bed, it crackled, hissed and hardened into the most seductive, fragile, and transfiguring sweet that ever sat on a small boy's tongue or ran down on his chin too far for his searching, slender tongue to reach! The maple brittle never lasted long on account of my cousins. But we would always make more. For my father had drained the sweet blood out of hundreds of maples, and we had whole snowstorms to draw on for the candy's cradle. It was soft as a December moonbeam and melted in the mouth like honey made by the New Jerusalem bees that buzz in the Tree of Life."

The only way to keep a cook these days is to marry one, says an employment official. And then she'll want you to hire her a cook.

## THE FORUM

Conducted by Howard S. Ross, K.C., D.C.L.

In Which Subjects of General Interest Are Discussed

The opinions expressed in this Forum are not necessarily those of this newspaper, and it does not accept responsibility for them.

Recently in the British House of Commons after two days of debate, miner M.P.'s collars open, hair ruffled raised their voices in the song sung by Welsh miners on their way to the pits: "Guide me, O Thou great Redeemer, Pilgrim through this barren land." Then they went into the "aye" lobby to vote for the nationalization of the mines of Britain. They won 359 to 182.

Burly Will Lawther, president of the National Union of Mineworkers, set the tone for the debate: "How can you run an industry efficiently, if every miner loathes his work; if every miner's wife swears 'her boy will not go down the pit'; if in every miner's home the pit is looked upon as an accursed thing."

Labor has already been warned that nationalization will not transform the barren land of British mining into a Utopia. Shafts will still be too narrow for modern machinery. Antiquated methods, deep tunnels, high accident rates will still plague the sick British industry. Bitter miners will continue slowdowns and flash strikes.

Already Labor's Minister of Fuel and Power, Emanuel Shinwell, onetime tailor, speaking for the new mine boss, the Government, had warned of drastic action against wildcat strikes. Said he to Scotland's pitmen: "Nationalization is not intended primarily to benefit the miner. There is the coal consumer to be considered, the interests of the nation, our export trade and all that."

Westinghouse Electric Corporation announces a "laundromat" which automatically fills itself, washes clothes, rinses and dries them, empties, then cleans itself.

Disposal of U.S. Army and Navy surplus property abroad is going so badly that the U.S. has decided to lend foreign governments money to buy it. The following loans are being considered: 30 year loans as follows—\$100 million to Russia, \$50 million each to Poland and Czechoslovakia, \$10 millions to Finland. Specifically for the purchase of surplus, they would be apart from the big overall U.S. loans now being discussed.

It is reported that even if prefabricators of houses get into large scale production, they will have a hurdle to jump—the highest of all. Many a U.S.A. town spurred by feather-bedding unions and building contractors, has building codes which ban prefabricated houses outright or contain tricky regulations which factory-built dwellings cannot meet. And many buyers will find that members of A.F. of L. building-trades unions will not wire, instal plumbing or assemble a prefabricated house.

This is in line with the system of artificial scarcity favored under our profit system so the union members who put their profits above human welfare should not be blamed. It is our capitalist system and not our capitalists or union members who should be blamed. What would any capitalist or unionist do in similar circumstances? The answer does seem to point to a change of the rules so that in an age of abundance, artificial scarcity shall be abolished in favor of really free enterprise and abundance for all.

The large and powerful Rail-

way Brotherhoods of the U.S.A. recently passed resolutions against the development of the St. Lawrence Sea Way and who can blame them for taking such a step if they believe such a development (plainly in the public interest) will hurt them. Because under our faulty economic system artificial scarcity, as a rule is to be preferred to abundance for all, individuals and groups play for position and their own self interest. The private utilities have been and are spending billions to prevent if possible such development and prefer to have billions of horse power of electric power run to the sea day and night, year in and year out. They also wish to see electricity scarce so it will be dear in price. But there is nothing to be gained by scolding those who own and control the public utilities. The economic system should be changed.

France should not and no doubt will never forget General De Gaulle even though for the moment he (like the great Churchill) has been relegated to the sidelines.

It will be interesting to see the sort of new constitution which will be the result of the work of the constituent assembly with its new three-party coalition and its Socialist provisional president Felix Gouin. And then there will be the election of the first permanent president of the Fourth Republic—perhaps General De Gaulle.

It is not surprising that the realistic French objected to the General's determination that as a basis for the rebuilding of his country there should be a conscript army and a military budget of more than a billion dollars. His opposition contended that the first need is to pour all its resources into rebuilding. De Gaulle also demanded a powerful executive; the deputies held to the traditional French fear of a strong president and reliance on legislative control. And it is known that De Gaulle's personality and status as a military man intensified the conflict.

My philosopher friend said: "To give out from your heart is the best way to keep your heart from giving out."

Quipped colorful Lady Astor (still in the U.S.A.) to the newsman: "U.S. Anglophobes had better get on their knees and thank God for England." "Occupation authorities should send a Salvation Army to Europe with Bibles." On the sexes she said: "Women have more moral courage than men. We didn't make this world." On the future of the male: "I think you ought to have a rest, really."

Accepting an L.L.D. from Boston University General Eisenhower asked: "I have been classed as a rather risky chance-taking person. Why doesn't the president of every great university teach his people to put people in my profession out of a job?"

All over Canada new Legion branches are springing up. One of these recently planned is a \$60,000 project by the Langley branch to be built on the Trans-Canada highway east of Langley Prairie.

### TALISKER KENNELS CAPTURE LAURFLS IN NEW YORK SHOW

Taking two of her famous Skye Terriers to show in the ring at the Westminster Kennel Club Show in Madison Square Gardens, New York, Mrs. R. Percy Adams, wife of the Mayor of Westmount, brought her terriers back on Friday, both prize winners.

Mrs. G. S. B. Mack, a Skye Terrier fancier herself, accompanied Mrs. Adams to New York, and the two terriers shown were Champion Skyhigh Lady Fay of Talisker, which won best of breed against six American champions; and Chummie's Heir of Talisker, a puppy whose sire is Chummie's Heir of Merry Mount, and which came back from his first show with a second prize in the open dog class.

Originally, it may be remembered, the show had been planned for February 12th and 13th, but on account of the strike the events were compressed into the one terrifically long exhibition day, the 13th. Over 2,500 dogs were exhibited in the ring and over 15,000 people attended.

Lady Fay, who won best of breed, is a first class mother and has no less than 30 puppies to her credit.

SHE GOT 'EM

This smiling miss has good reason to be happy. She is wearing one of the first pairs of post-war Canadian-made nylons which went on sale in Canada on Tuesday for the first time since nylon yarn was requisitioned for military purposes. The nylons so pleasingly displayed are by Orient, one of the leading Canadian hosiery mills. —Photo by Orient.

## World Girl Guides Observe "Thinking Day" Tomorrow

Tomorrow is Girl Guide Thinking Day, when Guides the world over send thought-waves of goodwill to one another. In the United States they are called Girl Scouts; in Brazil they are Bandeirantes; in France, Les Eclairceuses; in Norway, Speidere; in Greece, Proskopines—but, wherever they are, and whatever they are called, all uphold the same code of loyalty to God and neighbourliness.

Tangible evidence of the internationalism of the Girl Guide Movement is seen in the international knowledge badges which are part of the Girl Guide and Ranger (older 'teen-ager) programs of training, in the international camps and conferences held the world over since the early days of the Movement and in the practical help given by the Guides of free countries during the war to help less fortunate children.

Guides of the British Commonwealth and of Western Hemisphere republics have done much to help their sister Guides and other children in liberated Europe and the East to re-establish themselves. The British Guide International Service has a number of highly trained adult teams working under UNRRA in Greece, Holland and Germany. These operate mobile kitchens and canteens, work in camps for displaced persons, and one team, a completely equipped hospital unit headed by an Australian woman doctor, established a 100-bed hospital for Dutch typhoid patients in 48 hours.

Since 1941 Canadian Guides have made and shipped nearly 60,000 items of clothing to children of the bombed areas of Great Britain, some of which has found its way to the Continent as well.

Canada shared in the task undertaken by the Western Hemisphere Committee of printing the Brownie Handbook in Polish for Polish girls in refugee camps. Last October the 64,000 Canadian Guides worked very hard for the National Clothing Collection and also, on their own, shipped material and findings for uniforms to their sister Guides in Greece. Used uniforms and surplus equipment were collected and sent to Holland. Canadian Guides have recently set up a permanent "Guide World Friendship Fund" for gifts to children in the occupied countries and to promote international conferences and training generally.

### Pioneer Chatelaines To Be Subject Of Talk By Sophy Elliott

"Canadian Wilderness Chatelaines", illustrated, will be the subject of the talk given this afternoon at the Chateau de Rametzay to the Women's Branch of the Antiquarian and Numismatic Society, by Sophy Elliott, Westmount, author and lecturer. The speaker will discuss the chatelaines of the Province of Quebec and Ontario, telling of their early struggles and tribulations and the valuable service, never recognized, they rendered the country, which was definitely a very powerful influence in establishing settlements in the bush lands.

### POST-WAR NYLONS

Canadian women will find post-war nylon stockings considerably improved over the first nylons that were produced early in the war. New knitting techniques, especially suited to the distinct character of nylon yarn, have been evolved. Post-war nylons will not be "just nylons", they will have new features such as "balanced fabric" which describes Orient's new method of distributing wearing strain so as to prolong the life of the stocking.

The annual U. S. flour consumption amounts to 160 pounds per capita. Approximately 85 pounds of this is used in the form of bread, and the remaining 75 in cakes and pastries.

Describing Monsignor Sheen as one of the foremost orators of today, the speaker said "He broadcast so well and with such spiritual fruitfulness simply because he regularly 'listens in' to God in his daily hour of prayer. With a mind diligently prepared by study, and a heart fervent with zeal, his soul in prayer easily recognizes inspirations coming from on high, and these he passes on to us in his own delightful way.

### Hedy Lamarr Has Good Support On Fine Film

In "Her Highness and the Bellboy," which is now showing at the York United Theatre, until Friday night, Metro-Goldwyn-Mayer has given us one of the most delightful films of the season. It is an ingratiating blend of comedy, fantasy and human drama that bears the magic touch of its producer, Joe Pasternak, the hit-maker of "Thrill of a Romance," "Music for Millions" and "Two Girls and a Sailor."

as Walker's bed-ridden girl friend, watches in silent agony as her own romance is shattered by the royal "intruder." Highlighting the production are the romantic interludes between Walker and Miss Allyson, Walker's education as an attendant to the princess, the latter's own secret love for an American columnist, and a "dream ballet" in which Miss Allyson finds herself in royal raiment being courted by her own "prince."

the princess, alias Mabel Green, finds herself first in a patrol wagon and then in jail while her worried diplomatic and social staff anxiously tear their collective hair out. Miss Lamarr is more beautiful than ever in a tailor-made role as Princess Veronica. Walker shows himself to be an outstanding performer, including a vocal sequence to emphasize his talents. He tops his own work in the recent "The Clock." Miss Allyson is lovely, and she sings and dances expertly. Ragland is at his comic best, and Warner Anderson is very good as the columnist.

First eight months of 1945 saw a rise of 4034 miles in air routes available for passenger travel.

IRENE DUNNE and ALEXANDER KNOX, who appear with Charles Coburn, in the hilarious comedy, "Over 21," which starts on Sunday at the Westmount United Theatre.

### "Bud Abbott And Lou Costello In Hollywood" Great Laugh-Getter

Those inimitable kings of comedy, Bud Abbott and Lou Costello, offer a field day of hilarity and madness in "Bud Abbott and Lou Costello in Hollywood," which is now playing at the Snowdon United Theatre until Saturday night. Cast as a pair of shaky-fingered barbers in the film capital who unwittingly become agents for a newly discovered crooner, the madcap plot gives the laugh team opportunity for some of the funniest situations and zaniest gags of their career. The uproar begins in a barbering sequence in which "Rags" Ragland is given a shave so close as to almost result in manslaughter, and continues on through a wide variety of rib-tickling scenes, breathtaking chases and preposterous episodes, climaxed by a chase on a roller coaster that sets a new high for suspense-sustained laughter.

and the making of pictures lends both interest and credence to the story, and audiences are given a chance to catch their

breath between laughs by a number of lilted musical interludes in which Robert Stanton, a talented newcomer to films, sings "I Hope the Band Keeps Playing," "As I Remember You" and "Fun on the Midway," all excellent numbers. Together with Stanton, Abbott and Costello are aided by attractive Frances Rafferty, in the feminine lead.

## Gripping Drama Of Our Times Based On Great Novel

Based on Phyllis Bottome's powerful novel of two lovers and a family caught in the coils of a hate which startled the world, "The Mortal Storm" plays until Friday on the Monkland United Theatre's screen as one of the most timely and gripping motion pictures ever to reach the screen. Margaret Sullivan, James Stewart, Robert Young and Frank Morgan are the stellar names topping the large cast, with other important roles filled by Robert Stack, Bonita Granville, Irene Rich, William T. Orr, Maria Ouspenskaya and Gene Reynolds, under the direction of Frank Borzage, creator of many of the screen's greatest hits.

### As Tragic Lovers

Presenting a sharp contrast to their comedy portrayals in the Ernst Lubitsch success, "The Shop Around the Corner" Miss Sullivan, Stewart and Morgan this time essay roles of the starkest dramatic import, with Miss Sullivan and Stewart as the tragic lovers separated by a political upheaval which blights their lives and their love but resolves itself to a poignant and heart-stirring conclusion which makes this as great a love story as "Camille" and "Romeo and Juliet."

Robert Young, one of the

screen's most versatile actors, follows his hit performance in "Northwest Passage" with another outstanding role as Fritz Marberg, who turns on the family which has welcomed him as one of their own, and whose fantastic devotion to a political cause estranges him from the girl he loves. Morgan makes a complete about-face from his familiar comedy parts to portray the kindly, tolerant Professor Roth, who has spent a lifetime in idealistic teaching only to reap a harvest of hate from the students who formerly loved and respected him.

### DICKENS FELLOWSHIP

The outstanding meeting of the Dickens Fellowship programme for this season will be held in Victoria Hall on Tuesday evening, when the speaker will be the Most Rev. Philip Carrington, Litt.D., Lord Archbishop of Quebec. His Grace, who is a noted authority on Dickens, will speak on "Pickwick Papers".

The musical programme will be sustained by Lillian Ellis, soprano, and Phyllis Rowell, pianist. Basil Donn, president, will be in charge of the meeting.

## Sinatra, Gene Kelly, Kathryn Grayson Star In M-G-M Musical Hit

Teaming Gene Kelly, Frank Sinatra, Kathryn Grayson and Jose Iturbi in one great salvo of melody and merriment, "Anchors Aweigh," the new Technicolor musical which is now playing at the Westmount United Theatre until Saturday night, becomes Metro-Goldwyn-Mayer's broadside salute to the entertainment world.

Seldom have tunes, Technicolor, and top stars been so lavishly combined for a single motion picture. Twenty elaborate production numbers, a thunderous Navy background, an intimate and revealing exploration behind scenes in a movie studio, and a screen visit to such famed movietown landmarks as the Hollywood Bowl, Olvert Street, Westlake Park and Hollywood Boulevard lend unusual interest to this comedy drama.

Gene Kelly, fresh from an outstanding dancing role opposite Fred Astaire in "Ziegfeld Follies," creates two of the screen's most breathtaking routines with his fandango and cartoon dance in "Anchors Aweigh." During the first he whirls with Kathryn Grayson, in the next he capers with the co-star of Metro-Goldwyn-Mayer's "Tom and Jerry" cartoon series, Jerry Mouse. And in addition to dancing a hornpipe with Frank Sinatra, he also is accompanied in three duets by the crooner.

The latter's enormous following will hear "The Voice" in a total of eight separate numbers. He goes classical for the first time on celluloid to sing Brahms' Lullaby and a special arrangement of "Waltz for Strings" by Tchaikowsky. Popular ditties have not been overlooked. Sinatra exercises his velvet pipes on five ballads from the pens of Jule Styne and Sammy Cahn, tune-smiths responsible for such hits as "I've Heard That Song Before" and "I Don't Want to Walk Without You, Baby."

Kathryn Grayson, like her screen boy friends, also is offered a chance to display her musical versatility. Remembered for her portrayal in "Thousands Cheer," Kathryn sings five melodies ranging from the title march, "Anchors Aweigh," to the lilting Spanish favorite, "Jalousie."

An increasingly potent film personality after appearances in "Thousands Cheer" and "Two Girls and a Sailor," Jose Iturbi divides his time between conducting and caressing his famous piano. The maestro leads eighteen talented young musicians in an all-piano arrangement of Liszt's immortal "Second Hungarian Rhapsody," later conducts a 100-piece Navy band in "Anchors Aweigh." For novelty he plays a boogie-woogie version of the familiar "Donkey Serenade."

In addition to this four star constellation, a supporting cast of equally able screen luminaries has been gathered. Pamela Britton, taffy-tressed comedienne from the stage success, "Oklahoma!" makes this her film bow. Rags Ragland, shambling funnyman, whose antics enlivened "Meet the People" and "The Canterville Ghost," plays a befuddled policeman. Edgar (Slow Burn) Kennedy and Billy Gilbert have comedy spots. Dean Stockwell, amazing eight-year-old actor acclaimed by New York critics for his footlight performance in "Innocent Voyage," makes "Anchors Aweigh" his screen debut.

The prairie tourist, marveling at New England's scenery, asked a New Hampshire farmer where all the rocks came from.

"The great glacier brought them here," the native replied.

"Well, where is the glacier now?" demanded the tourist.

The farmer drawled, "It went back for more rocks."

JUNE ALLYSON and ROBERT WALKER, who are co-starred with Hedy LaMarr in the bright, new comedy hit, "Her Highness and the Bellboy," which starts at the Snowdon United Theatre on Saturday for a week.

## Glee Club Presents Gala Musical Review

"Musical Contrasts," a sparkling musical review, will be presented by the Glee Club of the St. Genesius Players' Guild, at the Thomas D'Arcy McGee Auditorium, 220 Pine Avenue W. on Feb. 27 and 28. The Glee Club received widespread acclaim, recently, when they completed a series of trans-Canada broadcasts over the CBC and over CJAD.

Their latest program has been planned with the idea of proving

the versatility of the club, including sacred music, Victor Herbert melodies, Irish and old-fashioned numbers, as well as the cream of the current hit parade. The club will feature in solo roles Miss Patricia McCaffrey and Miss Beryl McKeogh, well-known soloists in the city.

# Trinity Players Rehearse Comedy

Trinity Players are in the final stages of rehearsal for the Damask Cheek, a comedy in three acts by John Van Druten and Lloyd Morris, which opens on March 27, continuing for four successive nights in Trinity Memorial Hall, corner of Marlowe and Sherbrooke.

Mrs. Jose Parsonage of London, England, formerly a member of the Transport section of the W.A.A.F., who married a Canadian overseas, will play the leading role. Mrs. Parsonage, who appeared in The Two Mrs. Carralls, Springtide, Bury the Dead and other plays in London, makes her Canadian debut in The Damask Cheek, a play rich with charm and filled with gentle humor spiced with satire.

Basil Donn directs the production and the cast includes Jose Parsonage, Sally Starke, Althea MacLean, Rosalind Kingsley, George Nixon, Rosemary Chartrand, Mrs. K. Cooke, Sheldon Allan and Gordon Jones. Fifty percent of the net proceeds will be given to the Children's Memorial Hospital.

# MRT To Present "Little People"

Westmount citizens will see a number of their neighbors on the stage of the Montreal Repertory Theatre Playhouse beginning March 1 when the MRT presents "The Little People," a comedy by William Saroyan, as its 98th major production. The play continues through March 9, with a matinee on the closing day, and the box office at 1550 Guy street opens to the public on February 27.

Such experienced actors and actresses as Ruth Martin, Ivor Francis, Harold Kelley, Beryl Dann, J. Patrick O'Neill and Edward Wilson are included in the cast, and all have appeared on west-end stages.

Two of the surprises of the presentation, those who have watched rehearsals declare, will be a couple of comparative newcomers to the stage. They are Jack Hiscocks, who is but 14, and Morley Fred Calvert, who is 17. Morley Fred took a major role in West Hill High School's "Yeoman of the Guard," which won high praise, but this is his "biggest" theatre job yet. Jack had a boy's small part in the MRT's "On Borrowed Time" last year, and has jumped to one of the leads in "The Little People." He is pretty busy with his school work, but manages to take an active part in the Boy Scouts, as well as keep up his music lessons.

The production will be directed by Charles Rittenhouse, who has won so much praise for his work with the Westmount Women's Clubs group, and has also been active with the Everyman Players, the Shakespeare Society and the MRT in the past. One of the lesser-known facts about Mr. Rittenhouse, by the way, is that he prides himself no end on his ability to speak with the finest Cockney accent this side of White-chapel.

Mildred Mitchell continues to be supervising director of the MRT, and Doreen Lewis production manager. Full houses for every night of the run and for the matinee on the closing day are expected.

"Well, Aunt Mandy, I suppose you are glad the war is over?"  
"Well, I jest don't know about dat," answered Mandy. "Cose, Ise glad to have Bill back home and all dat, but I jest know I ain't gwine to get money from him so regular as I did when he wuz in de army and de government was handlin' his financial affairs."

FRANK SINATRA, GENE KELLY and KATHRYN GRAYSON, who are starred in the breezy, Technicolor musical feature, "Anchors Aweigh," which starts at the Seville United Theatre on Saturday until Tuesday night.

(Continued from Page 3)  
Cote St. Antoine Road, with two solitary houses upon it near the upper end. The Upper Lachine Road could only be reached by going up St. Antoine Road and turning down St. Luke Road (since renamed Decarie Boulevard) near the church at Notre Dame de Grace.

A year after my purchase, the real estate "boom" having exhausted itself in Toronto, struck Montreal, and I could have sold my small block at three times its cost, but did not do so. West of Greene Avenue the Grey Nuns sold to the Voligny Drummond Syndicate a large block at twenty-five cents a foot, having some years before sold the more valuable land on Green Avenue at ten cents.

West of the Nun's property the late John Monk sold to W. A. Curry a property for eighty thousand dollars, for which he some years before. On this property Mr. Curry laid out Kensington Avenue down to my property, but had no outlet. Further West, Mr. Francis Dolan purchased the St. Germain property, and laid out Dolan Avenue, now Lansdowne Avenue.

Then Mr. E. Hudon bought a property and opened Victoria Avenue, and next to Mr. Hudon, Messrs Bryson and Warrington bought the large Hurtubise farm, and laid it out in streets running east and west to Claremont Avenue. Nearly all these properties ran from above the Cote St. Antoine Road to the brow of the ridge overlooking St. Henri, and formed a large part of the plateau now Westmount.

As these new avenues had no outlet except St. Antoine Road, their owners, who had bought on speculation, were naturally anxious to secure an outlet at or near the south or lower end of their properties, and when Mr. Curry found me disposed to favour an avenue running west from Greene Avenue to the Upper Lachine Road, he interviewed the principal proprietors on the proposed line of road which would, when built, form a grand western entrance into the city on the upper level.

The result was the formation of the Cote St. Antoine Road Company, of which I became president. The line decided upon was that now known as Western Avenue, the name being chosen at my suggestion. I interviewed personally most of the non-speculative proprietors, some of whom were opposed to having their nice farms and orchards broken up. The Grey Nuns, with that sound judgment which marks all their actions, offered the land to continue St. Catherine Street, instead of allowing it to be turned into Sisson's Lane, as was then proposed and afterwards effected. This would have suited me better, as my neighbours to the south would gladly have given their quota of land, which one of my neighbours on the Western Avenue line would not do, and I had to contribute more than my share. As the St. Catherine Street line, however, would have been

blocked at the deep ravines, and every one wanted a straight avenue, the Nuns finally consented to the Western Avenue line, but only to the width of sixty feet. This was got over by getting their consent to sixty feet French measure, which our contractor explained was about sixty-six feet English, which the other proprietors had agreed to give.

Western Avenue as planned was to be two miles long, but by the time the road was opened to Cote St. Luke Road, a little over two-thirds of that distance, the "boom" had collapsed, and the western portion was never opened, except about a hundred yards at the west end, where Mr. Hudon had another property. This now forms part of the Upper Lachine Road, a landslide having sent that road north to the line of Western Avenue.

The story of this, the most disastrous land "boom" Montreal and its suburbs ever experienced, would fill a volume, but can only be briefly referred to here. The Voligny - Drummond Syndicate, after expending over thirty-six thousand dollars, gave the Nuns back their land. Mr. Curry, after paying Mr. Monk a first instalment on his eighty thousand dollar purchase, and paying many thousand dollars to open Kensington Avenue, transferred it back to Mr. Monk, with the mortgages on the lots he had sold, and although Mr. Monk treated him with great consideration, both Mr. Curry and his wife died of broken hearts, owing to their heavy losses. Francis Dolan, a popular and wealthy retail dry goods merchant, who, as already mentioned, opened Lansdowne Avenue, and had spent money building cottages, was also obliged to transfer land and improvements back to the St. Germain Estate. Ephraim Hudon, who opened Victoria Avenue, was no less unfortunate, while the largest and most important of all these operators in real estate, Messrs Warrington and Bryson, also lost heavily. They purchased and laid out in streets what was known as the Hurtubise property, which later became the property of La Banque du Peuple, and was purchased by the late T. C. Bulmer, at about six cents a foot, thirteen years ago. All these would have been good investments had the parties been able to hold, but they had bought more than they could carry. My land was paid for, and I sold it some years ago at forty-five cents a foot. This looks like a large profit, but deducting twenty-two thousand feet to open Western Avenue, and, adding interest and taxes to the cost, the profit on the transaction was very small.

Among the door prizes being offered by the Trinity "New" Club, at the Military Whist on Tuesday, at 8.15 p.m. are a mantel radio and an electric plate. # Crippled Children See Story Of Heidi

Through the co-operation of the management of the Snowdon Theatre, 160 children from the School for Crippled Children were guests at the Mary Beetles production of The Study of Heidi on Saturday morning. The play was dramatized and directed by Mary Ruth Whiting, and proved an ideal vehicle for youth performers.

Outstanding in talent was little Rosalind Kirsch, who made a convincing and appealing Heidi, while Diana Adeles made a splendid Fraulein. Others exceptionally talented were Walter Warren as Peter, Jack Tailon as the Alm Uncle, and Hinda Cohen as Dete. The blind grandmother was placed convincingly by Edith Aberman and Reisha Harvey\* made an attractive Klara.

Enid Kirsch and Suzanne Beck provided amusing entertainment as the Alm Uncle's goats while Alice Haliday played the part of Barbel with poise and confidence.

### Spotlight

Little Joyce Kogan, the spotlight of the acts showed amazing confidence and talent for a six-year-old, while Estelle Ross kept up to her usual form in her amusing monologue.

Other monologues were given by Anne Morrison and Kenneth McDougal and George Warren.

who promised great things as a comedian.

Attractive dance numbers were given by Anne Holland, Dorothy Cohen, Lorna Graham, Enid Kirsch, Judy Lennon and Marilyn Rollo.

The stage settings were done by Desmond McDermott, making the play a very attractive children's presentation.

For a time, the big question was who should take over the Pullman cars. And all the time, returning servicemen could have given the right answer.

## West Hill, Academy Stop Local Cagers

By GEORGE COCHRANE  
Westmount High's Senior A bounce ball artists have come to the conclusion that Lady Luck has deserted them. On Monday of this week Lew Davies' cagers journeyed up to Outremont to tackle the Strathcona Academy team which they had beaten on their own court two weeks ago. The Westmounters ended up on the short end of a 34-33 count with the Academy's Specs Alexander sinking the winning basket two seconds before the game ended.

Last Thursday West Hill downed the locals on the Red Raider's floor 20-18, earning the win by virtue of a basket scored with only half a minute left to play.

The Purple and Whites are hoping that the fates will be smiling on them when they meet the league-leading Baron Byng outfit on the Cote St. Antoine Road boys' floor next Wednesday afternoon.

### CLOSE GAME

Monday's Westmount-Strathcona tilt was a close, hard-fought affair all the way. After the rough house tactics that the Outremonters employed in their first game with the locals, there were many who thought that the return engagement would develop into a free-for-all. But the game was a fairly clean one and neither side could make any legitimate beefs about Frank Ulley's officiating.

The Davies men were one point up when the quarter time whistle blew. The count was 9-8 but the Outremonters erased that one point margin in the second stanza and when the half-time rest rolled around the hosts were leading by three points, 20-17.

The last half saw both teams display some grade-A basketball. The Westmount outfit outscored the winners 11-9 in an action-packed third quarter but that left the Academies one point up, 29-28.

The last quarter was a bitterly fought see-saw affair that saw the lead change hands several times and had the strictly partisan spectators suffering from high blood pressure.

The Purple and White sweated lads were leading 33-32 with a minute to go and their fast-shifting zone defence was holding marvelously when suddenly Alexander shook himself loose and flipped the leather through the hoop from the corner.

The Westmounters were just in the act of taking the ball out from under their own basket when the final whistle sounded.

### ALEXANDER GETS 16

Specs Alexander, Strathcona's bespectacled, green-panted centre, was poison for the locals. He sank 16 points to take the tilt's scoring honors. Close on his heels, however, was Westmount's captain, Bud Cochrane, who potted six baskets and two free throws for a total of 14 points. Godel, of Strathcona, was third with 12.

Wolf Siemers, flashy Westmount forward, did not see his usual amount of service in Monday's game due to a twisted ankle that he sustained in the battle with West Hill last week. The Westmounters were also missing the services of Pete Trueland who had to sit the game out because of a two-game suspension he drew for fighting in the first Strathcona encounter. Trueland will return to the lineup next Wednesday against Baron Byng.

The local cagers will play an exhibition game, probably against Montreal High, at Sir Arthur Gymnasium tomorrow night at 7.00. The tilt will serve as a prelude to the McGill-Queen's

inter-collegiate match which will get underway at 8.00.

Lew Davies, who coaches both the Westmount and McGill squads, arranged the game.

Westmount (33): Siemers (4), Field (8) Cochrane (14), McLeod (2), Henderson (1), Macfarlane (4), Lank, Grant.

Strathcona (34): Ross (2), Godel (12), Perlman (4), Alexander (16), Hitzig, Berall, Garfinkle.

## Queen's School Pucksters Win Elementary Title

The Westmount Elementary Schools Hockey League schedule for the 1946 season finished up this week with Queen's School team ending up on top of the heap.

The Queen's team won every game they played and throughout the entire schedule had only two goals scored against them. These were both tallied by Roslyn.

Excellent work was done by goalkeeper Eddie Kalil who kept many an opponent's good shot from entering the nets. All the players on the winning team deserve much praise for the fine, sportsmanlike manner in which all game were played. The general tone of the playing spirit exhibited by all the teams of the league was most praiseworthy. Two of the most outstanding players on the team were Pat Craig, the squad's captain, and Jimmy Craig, who each scored five goals during the schedule.

As a result of the championship having been won by the Queen's School team, principal R. N. Bagnell awarded the school a half holiday yesterday afternoon.

A special assembly was held in the Queen's School gym Wednesday morning when Principal Bagnell addressed the pupils and formally presented the hockey trophy to the winning team.

On the championship-winning outfit, which was coached by Richard Lord, were: Gilmour Beasant, James Beasant, James Craig, Ric Graham, Douglas Kerr, Neil Marshall, Stanley North, John Stewart, Kenneth Tough, Eddie Kalil and Pat Craig.

The Queen's school gym is now a beehive of basketball activity. Inter-class teams are being formed and inter-school leagues for both girls and boys will get underway next month.

## First Winter Carnival In Five Years Held Tuesday Night

The first winter carnival in five years at Westmount Park was held on Tuesday evening with a large crowd in attendance considering the proceeding throughout most of the programme.

A large number of races were run off also a pee wee hockey game that resulted in a scoreless draw between the Roslyn Belmounds and Roslyn Boulevards and a scoreless broom-ball game between the bantam "B" Royals and Red Hawks. A costume parade was also held but the number of entries were very few.

The judges of the races were the Messrs. P. R. Minto, R. Kent, C. C. Regan and T. Sargent. Mr. Minto presented the prizes and ribbons to the winning boys and girls. The clerks of the course

## Boys Brigade Hoopsters Down Verdunites 20-9

Tuned up by an exhibition series against the Calvary hoopsters from the "Y" league, the 1st Westmount Company of the Boy's Brigade took a big step along the trail towards the Montreal Battalion basketball trophy by downing the 2nd Verdun Company 20-9 on the latter's floor in the first of the home and home semi-finals.

Packing their 11-point lead onto their own floor the Westmount boys are confident of gaining the final round against the winners of the series between the 7th Matsonneuve and the 11th from St. James United.

Boasting a big advantage in height the west-enders were never in difficulty. But the Verdun lads, who floored a young fast team that should be a big threat next season, made up for a lack of scoring punch by an air-tight zone that showed some good coaching and confined the Westmount five to setshots—a tough proposition in the low rafted Bannantyne gym.

The Westmount first string forwards provided most of the basketry during the evening with Grant turning in a sparkling performance to lead the point getting with eight, Colour-Sgt. Keith and Sgt. Campbell collected four each. The remaining four of the Westmount points went to Cpl. Duggan, who was also the bad man of the game, garnering four of the nine fouls called against the First Company. Verdun were whistled down for fouls only four times. The Westmounters muffed all their free throw chances.

All the 2nd Company scoring was done by Johnson with four points and Piper-Sgt. Heavysege with five.

Before the return game the Brigaders will play another exhibition against Calvary. They dropped their first game to the Dorchester street boys 28-19, won the second 44-14 and lost out in a wild scoring affray, played in 15 minute quarters, to Ian Hellyer's boys, by 81-80 in the third game in the Calvary band-box.

### ROSLYN PUCKMEN TIE

Coach Tommy Earle's Roslyn School hockey team battled to a 2-2 tie with a Selwyn House sextet on the McGill Campus rink Monday afternoon in a post-schedule exhibition tilt. Captain Charlie Laidley netted both the Orange and Brown's tallies.

were Rene Chatelois, Chris Gill, Ken Eisler, Ken Baker and Bob Gough. The programme was in charge of Recreation Supervisor Jim McCormick.

Approximately 150 children participated in the various events and the results were as follows: Costume Parade—1st Claudette Lacaille; 2nd Beverley Roth; 3rd Charlotte McGills. Race, boys seven years and under—1st Peter Hallimand; 2nd Paul Demers; 3rd Gordon Merritt. Race, boys eight years and under—1st Peter Hallimand; 2nd Gordon Merritt; 3rd Jim Sherlock. ## ST. LEO'S SPORTS

by DICK GRIFFIN

### HOCKEY HIGHLIGHTS

Senior B: By virtue of their 6 to 1 victory over Catholic High at Lachine Arena last Saturday our senior crew moved two points out in front of Section B of the Interscholastic League. Our squad finished their schedule this Saturday with a game against Loyola at Lachine Arena and whatever happens the worst that befall our team is a first place deadlock with Catholic High.

In last Saturday's game Gerry Turbine, Chicoutimi's gifts to St. Leo's and big Moo Strachan were the scoring sensations of the game dividing five of the six goals among them with the former garnering three and the latter denting the black and white mesh twice. Dave O'Meara in the nets was solid throughout and received good protection from his defence with Frank Cliffe sparking on the rearguard.

Junior: Our Juniors' efforts to trim Catholic High were foiled by a former St. Leo Junior in the person of Bernie Dube who was a last minute substitute for Brother Paul's team for this game's goaling assignment. Bernie kicked out a lot of shots of his former teammates and was both good and extremely lucky. The score of the game was 4 to 1 and all things considered the Durocher street puck-chasers have an all around mighty fine team. After the game our boys were the first to admit they are the class of the league and through this column wish to extend to them hearty congratulations on annexing the Junior Interscholastic crown.

Bantam A: For the third successive season our Bantams have been returned winners of the Westmount Bantam Q.A.H.A. League. Panthers, this year's opponents in the finals, passed out of the playoff picture in two straight games by 6 to 1 and 3 to 0 scores. This year's St. Leo's Bantams have a fine record of going through their season unde-

## Unity Team Wins Juvenile Title

Hank Henson's Unity team won the juvenile championship of the Westmount Municipal Hockey League last Wednesday night when they downed Doug Alexander's Golden Eagles 5-1. This was the second straight win for the Staynor club and they took the best of three series in two games. They won the first encounter 3-2 after overtime periods.

Jim McCarthy got two of the winner's goals while Fred Dejean, Jack Martin and John Martin chipped in with one apiece. The Golden Eagles' lone goal was scored by Dave Bussiere on a pass from Harold Young. The win by Unity marked the first time since the 1941-42 season that the Golden Eagles did not take the juvenile crown.

## WHS 'A' Pucksters Vs. Verdun Today Loyola Monday

Barring a superfluity of over-confidence, Westmount High's Senior A puckmen should have little difficulty in adding two two points to their win column at the Forum this afternoon when they tangle with the lowly Verdunites in the opener of a Protestant section doubleheader. West Hill tackle Strathcona in the nightcap.

The bargain bill was originally scheduled to be played on Tuesday of this week but the date had to be shoved ahead because of Eddie Quinn's Tuesday night rasslin' show.

The Purple and White pucksters have been drilling regularly during the past week and should be in tip-top shape for tomorrow's encounter. From here on the locals, who are now the only unbeaten team in the Interscholastic Senior A League, will have to go all out in every game if they're going to wind up their schedule at the top of the Protestant section standings. For while Coach Don McRae's lads are yet to taste defeat in league play this season, they have three ties to their discredit.

On Monday afternoon the Cote St. Antoine Road aggregation journey out to Loyola Arena to take on the collegians in one of the Maroon and White's most important tilts of this surprise-filled season. For the Loyollans have to win their remaining three games to keep their championship hopes alive. The game, which should provide some of the best school hockey of the year, is scheduled to get underway at 4.00 o'clock.

Next Thursday afternoon the Westmounters journey out to Lachine Arena to take on Montreal West in their last scheduled game of the season. That should prove a fairly easy win for the locals.

### Roslyn Cagers Don't Impress In First Drills

Roslyn School's would-be basketball players held their second drill of the 1946 season in their own gymnasium yesterday afternoon and judging by the form they have displayed in their first two practices the Westmount Avenue athletes will require a lot more practice before they'll be able to cop either the junior or senior cage titles.

As things now stand the following are almost certain of clinching berths on the senior team: Tommy Williamson, Gilbert Young, Charlie Whitcomb, David Hogg, Melvyn Reece and Colin Irving.

The junior team picture is a bit more complicated because there are many more trying out for the squad. But it's likely that the Orange and Brown Juniors will line up as follows: centre, Charlie Johnson; forwards, Charlie Laidley and Dave McDougall; guards, John Swaine and Lefty Southward. Among those who look as if they might make the second string are Bill Torrey, Tony Skinner and possibly Murray Fell.

The Roslynites will hold three drills next week, on Tuesday, Thursday and Friday.

### Roslynites Vote Skating Party Success

About 70 of Roslyn School's grade six pupils turned out for the Westmount Avenue institution's annual skating party on the Roslyn rink last Friday afternoon and after cutting some fancy capers on the hard-frozen open air rink they adjourned to the school's gymnasium to noisily enjoy a few indoor games and to down refreshments with appetites that were, in the words of one onlooker, "simply prodigious."

When it was all over the boys and girls voted the affair the best ever. They were especially appreciative of the efforts of Miss Spencer, Roslyn school's physical education instructress. Miss Spencer organized the afternoon program and carried it out with the assistance of Miss Mackenzie, grade six teacher, and George Penrose, Tommy Earle and George Cochrane, all three of

### Golden Eagles And St. Leo's Win Titles

Golden Eagles and St. Leo's Orphans won the midget "A" and midget "B" titles respectively in the Westmount Municipal Hockey League last week. The Golden Eagles registered a 3-1 win over Richard Lord's Tornados at the Staynor rink to win their best of three series in two straight games. The Golden Eagles had won the first tilt 12-1. The Orphan won two games from Monarchs, the first by default and the second by a 7-0 count to capture the "B" championship.

Al Losito and Mickey Bourrasa teamed up to lead the Golden Eagles to their 3-1 decision over ornados. Losito tallied twice and assisted on a goal scored by Bourrasa while the latter was credited with assist on both of Losito's goals.

Dougie Lyle banged in the Tornados' only goal of the game on a pass from Bill Melvin.

Yves Hudon's St. Leo's Orphans proved themselves the best midget team in the loop when they swamped Monarchs 7-0 to win the "B" group title. The Orphans had an unblemished season, beating both of the "A" division clubs in interlocking games and walking away with their scheduled games in the "B" group. Vee Heney paced the Orphans to their 7-0 win over Monarchs with three goals. Other goals were scored by Morrie Barre, two, and Malcolm Mervin, Freddie St. James, one each.

### Society Celebrates Fortieth Anniversary

The fortieth anniversary of the establishment of the Ukrainian Sick Benefit Society, Incorporated, was celebrated on Sunday afternoon, at the Ukrainian Parish Hall, 1770 Centre Street, Pt. St. Charles, with a dinner which was attended by about 300 of the 350 members of the society and their wives. The chairman was George Chika.

The principal speakers were: The President, Paul Porensky, Peter Rakobowchuk, Frank Hanley, acting Mayor of the City of Montreal, and Concillor for the District of Pt. Charles, Reverend M. Pasichnyk and Howard S. Ross, K.C.

whom have been supervising the Roslyn boys' sports activities this year.

The program of games included everything from bounce-ball to rope jumping and the school's senior pupils participated in them with a great deal of enthusiasm.

The first skaters were on the rink shortly after three o'clock and the festivities wound up in the gymnasium at about 6.30.

## St. Leo Bantams Cop Titles

Two bantam teams from St. Leo's copped the bantam titles in the Westmount Municipal Hockey League. The bantam "A" aggregation coached by Andy McGillis downed Panthers in two straight games to win its pennant while George Mulligan led the Academites to the "B" crown by setting back Royals in three straight games.

The St. Leo's outfit defeated Panthers 6-1 last Wednesday night at the Queen's rink and 3-0 at Westmount Park on Friday night.

Neil Walsh led the St. Leo's club in the first game with Panthers by notching a pair of goals with Marly Kay, Harold Wolfe, Ted Budzen and Ray Losito getting one apiece to finish off the scoring. Carl Burton's second period goal saved the Panthers from a whitewash.

The champions had a much harder time last Friday night and won out on a pair of goals by Phil Martin and a singleton by Neil Walsh.

The Academites ended up their series with the Royals in quick order last Friday night. Going into the game with a two game

## Intermediate Royals Favored To Enter Final Round

Bert Dalzell's Royals are favoured to gain the final round of the intermediate playoffs in the Westmount Municipal Hockey League. The Royals downed Ozzie Dalzell's Legion outfit 8-5 in the first game of a two games total goal to count series. The winners of this series is to play the first place Golden Eagles team for the championship.

Three goals by marksman Ken Strachan paced the Royals to their victory. Desse Browne banged in two goals for the winners while Ed McCrory Bert Dalzell and Morrison scored the other counters. E. McCrory was also credited with two assists while Leach, Ian Hellyer and Emmett Millen made plays for other goals.

Donnie Mann led the Legion goal getters with two counters, the other points coming from Art Lorimer, Jimmie Black and Wells. Assists were credited to Donnie Mann, Allan Bolduc, Bob Munro and Jim Black.

The last intermediate league game of the season was played last Saturday afternoon with first place and a bye in the playoffs at stake. The Golden Eagles battled to a 5-all tie with Royals and the point thus earned assured the Golden Eagles of first place. The draw game furthered the queer record compiled by Bert Dalzell's Royals of playing draws in four of their six games, in fact the

Royals almost came first by winning but a single game throughout the season.

The Read brothers helped the Golden Eagle considerably by accounting for three of their goals, Buddy Read scored twice and Euard Read once. Other goal scorers for the Golden Eagles were Logue MacDonald and Roy McKissock. Assists were credited to Logue MacDonald, two, and Ted Armstrong, Bruce Renault, Noel Rommey one each.

Allan Bolduc and Emmet Millen each scored twice for the Royals with Desse Browne banging in the fifth counter. Millen and Bolduc also contributed an assist while Bert Dalzell was credited with one as well.

Ken Strachan, the Royals' sharpshooter, topped the goal scorers with 12 points, evenly divided between six goals and six assists. Tommie Browne, Royals, and Noel Rommey, Golden Eagles, were tied for the runner-up spot. Browne scored five goals while Rommey accounted for one less. Donnie Mann, Legion, was next in line with eight points while Allan Bolduc, Legion, and Buddy Read, Golden Eagles, have seven points each.

The final standing of the loop is as follows:

	W.	L.	T.	P.
Golden Eagles	3	1	2	8
Royals	1	1	4	6
Legion	1	3	2	4

margin as the result of victories by scores of 3-1 and 7-1, the students copped the pennant by winning their third straight title 4-0.

Hughie MacDonald starred for the Academites with three goals, the other tally coming from Bernard Lefebvre.

In most cases the large number of entries called for heats and as many as seven heats were held in some races.

Another carnival was planned for the Staynor rink last night but in the event of a cancellation it will be held tonight or on Monday night if necessary. It will not be held on tomorrow night, Saturday 23 but shifted over the next week.

## St. Leo's Sports

(Continued from Page 14)

feated with eight straight wins and in these eight games the opposition was not able to do better than slip the puck behind goalie Don Rolfe for a total of three goals. Leading lights of our champs are Harry Wolfe, Phil Martin, Neil Walsh, Ted Budzon, Don Rolfe and Marty Kay.

Midget B. Yvve Hudon's St. Leo's Orphans breezed through their playoffs with the Monarchs and had no trouble defending the George Marler Trophy which they won last year. Hudon's heroes had an exceptionally fine season as they swept all opposition aside to boast of an unbeaten season. Yvve deserves a large share of the credit for his smart handling of his team. He is a valuable member of St. Leo's board of hockey strategists.

Bantam B: Academites made it three straight titles for St. Leo's this past week when they eliminated Royals in short order by the following scores, 2-1, 6-1 and 4-1 to make it clean sweep of the five game series. George Mulligan is the mastermind of these youngsters and is well deserving of all the praise that goes with winning the Westmount Q.A.H.A. Bantam B honors. A few of the smart prospects on the Mulliganites who played a big part in their team's success were Bernard Lefebvre, Vaughan Quinn, Jimmy Cotter, Hughie MacDonald, Peter Cicceri and Tommie Rogers.

Pee Wee hockey: St. Leo's Greys are at this writing marking time before entering the Westmount Pee Wee finals and Louis St. James has his charges practising hard for the all-important Pee Wee finals for his half pints.

## St. Andrew's Top Verdun 46-10

Snapping out of a short losing streak, the St. Andrew's United Cagers rolled over Verdun Presbyterian by a 46-10 count on Monday night on the Bannantyne gym floor.

Playing smart ball and capitalizing on the breaks the Westmount crew got off to a fast start in the opening quarter and ran up at 12-0 count before the first ten minutes were gone. Verdun came back fighting in the second quarter, however and carried the play to the Westmount basket with a drive that brought their supporters to their feet. Sheer bad luck held them to a paltry three baskets, however, and the deadly setshots of Morrow matched them to basket for basket in this canto.

At the half it was St. Andrew's 18-6.

In the third quarter Henderson and Jeffrey suddenly came to life to ram in a half dozen quick baskets and from there on it was all up with the Verdun boys, as tight checking on the part of the Westmount team and a lack of polish in finishing of their plays killed their scoring chances.

Tommy Earle played steady two-way ball for the westenders garnering 4 points, Mulligan added 8 more to the St. Andrew's total, Henderson and Morrow 10 each and Jeffrey with 14 brought up the Westmounters to a final 46.

Ken Robertson of Verdun was the outstanding figure on the floor, driving hard both ways, but his team mates couldn't seem to finish the plays he started.
