## MEDALS FROM THE KING. ON OWL'S HEAD MOUNT

### Presented to the Premiers of British Colonies and Colonial Coronation Troops.

London, August 13.—Two thousand medals were presented to the colonial premiers who have just completed their labors and presented them with gold coronation medals.

#### MEDALS FOR TROOPS.

London, August 13.—Two thousand medals were presented to the colonial premiers who have just completed their labors and presented them with gold coronation medals.

The King personally fastened the Victoria Cross on the breast of Sergeant Lawrence, the first man in line, after which he retired to the shade of an awning and left the distribution of medals to the Prince of Wales.

The members of the Royal family were much amused at the unconventionality of the colonial premiers, who after they had received medals, seated themselves comfortably on the grass and smoked as they watched the decoration of their comrades. When all had received their medals, the troops advanced and presented arms, while the massed bands played the National Anthem.

The King stepped forward and delivered an animated address, which was greeted with cheers and waving of hats by the troops.

The King said: "It has afforded me great pleasure to see you here today, and to have the opportunity of expressing my appreciation of your patriotism, and the way you distinguished yourselves in South Africa. The services you have rendered the Mother Country will never be forgotten by me, and they will, I am sure, cement more firmly than ever the union of our distant colonies with the other parts of my great Empire."

Your stay in England has been longer than originally intended owing to my illness, but perhaps you have enjoyed it, and derived pleasure from visits to various parts of the land of your ancestors. God bless you all. I wish you a safe and pleasant return to your own countries."

### Masons Hold Lodge Meeting and Work Third Degree.

#### ANNUAL EXCURSION UNDER THE AUSPICES OF GOLDEN RULE LODGE, STANSTEAD.

On the summit of Owl's Head, Lake Memphragnog, in a lodge room formed by the hand of nature, one hundred brethren of the Masonic Order assembled yesterday and held a formal communication, conferring the third degree upon a candidate.

It was the annual excursion of Golden Rule Lodge, A.F. & A.M., Stanstead, accompanied by many visiting brethren and their ladies and friends. The steamer and Lady of the Lake left Newport about 8 o'clock and proceeded at once to the Owl's Head wharf. The weather was not altogether favorable. A light rain was falling when the party landed, and the summit of the mountain was capped by a heavy cloud. Undaunted the Masons at once began the ascent. The path which leads to the summit follows a very circuitous route along the side of the mountain, and is about three miles in length. The height of the mountain above the lake level is 1600 feet. At length the top was reached. The cloud still rested upon it, and the lake below and the country around were entirely closed from view. The "lodge room" is on the very summit of the mountain and is bounded on three sides by a rocky wall. The sentinels were stationed around, while within the brethren assembled and performed the ceremonies of their mystic order in the third degree. The officers of the meeting were the regular officers of Golden Rule Lodge, as follows:

W. E. Hammond, W.M.  
H. T. Ball, S.W.  
C. H. Taylor, J.W.  
Rev. G. E. Reed, Chaplain.  
James Bradford, S.D.  
O. S. Caswell, J.D.  
E. C. Cullen, Steward.  
D. McInnis, Steward.  
A. R. Thomas, Tyler.

The meeting lasted an hour or more, and just as preparations for the descent were being made the clouds lifted and the magnificent panorama of the surrounding country was presented to the view. The lake looked like a river winding its way from Newport to Magog, and the landscape of the surrounding country was outspread for miles around. This view from the summit of Owl's Head is perhaps the finest to be had in the Province of Quebec.

The descent was made and the foot of the mountain reached in time to take the boat on its afternoon trip through the lake, the Masons being joined by many of the excursionists who did not care to undertake the ascent of the mountain.

The Coaticook band furnished music during the day. Among visiting Masons, most of whom attended the meeting on Owl's Head summit, were Hon. Judge Foster, of Knowlton; R. J. Boach, Montreal; A. Clarke, C. H. Young, G. Spaulding and Mr. Barker, of Boston, who came especially to attend the meeting, W. S. Briery and Mr. Jones, Melrose, Mass.; Messrs. Wetherby, Spencer, Cheney, Miller and others from St. Johnsbury; Mr. W. Judd, Ed. Webster, J. H. Carnie, A. Snow, Coaticook; James Price, T. F. Kenny, C. G. Holson, W. W. Dresser, Sherbrooke; Craftsbury (Vt.) Lodge was represented by about fifteen members, Magog by a dozen, Newport by fifteen, and brethren from several other lodges were also present. Among the members of Golden Rule Lodge besides those already mentioned were: Rev. A. H. Moore, G. Chap. H. E. Channell, P.D.G.; E. A. Baldwin, E. W. Morrill, R. C. Parsons, R. N. Wilcox, George A. Peasley, S. Murdoch, H. G. Ayer, C. H. McCintock, George Crawford, Newton Quimby, A. Hearle, L. C. Hopkins, C. H. Carter, G. W. Dean, C. I. Moulton, David Addison, H. S. Hunter, C. C. Hunt, C. Frost, F. W. D. Mellon and many others.

The boat with the excursionists reached Newport at about 7 o'clock. A notable incident of the day was the presentation by Judge Foster to Golden Rule Lodge of \$50. He also contributed \$10 to the collection for the band. Judge Foster is one of the senior members of Golden Rule Lodge, having joined about fifty years ago. He was given "three cheers and a tiger" as he left the boat at Magog.

In 1903 Golden Rule Lodge will celebrate its centennial. During that year the offices of the lodge will be filled by Past Masters.

The Misses Sarah and Emily Odell, from New York, arrived in town this morning to visit their mother, Mrs. T. B. Odell, Prospect street.

## THE LATE MRS. DESJARLAIS.

On Monday morning Madame Desjarlais, wife of Mr. Leon Desjarlais, passed away at the early age of thirty years. Madame Desjarlais, whose maiden name was Demerise Allard, was the daughter of Mr. Robert Allard, an old and respected citizen of Sherbrooke. For some time she had been suffering from consumption, and her death, though not unexpected, has brought sorrow to a large family circle, including her husband and three young children. Madame Desjarlais had only been married four years at the time of her demise. The funeral, which was largely attended, took place this morning at St. Michael's Cathedral and the interment was at the R. C. cemetery, East Sherbrooke.

The funeral of the late Mrs. Desjarlais took place this morning at St. Michael's Cathedral at ten o'clock. The funeral procession left the home of the deceased at 9.45 and proceeded to St. Michael's Cathedral, led by Mr. Alfred Lamoignon. The bearers chosen amongst the most intimate friends of the family were: Messrs. N. Lacroix, D. W. Stenson, P. Boucher, H. Langlois, Jos. Trudeau and A. Derocher. The requiem mass was sung by the Rev. F. H. Lavell, assisted by Rev. A. Parent, and Rev. J. Michaud as deacon and sub-deacon. The solemn decorations of the church, the impressive music all contributed to the sadness of the occasion. The music was under the direction of Mr. E. Sylvestre and the singing was directed by Mr. Blouin. Mr. D. Mann rendered Dies irae. Mr. C. Picard sang the Miserere, and Mr. E. Chartier, the Libera. The mourners were: Mr. Desjarlais, husband of the deceased, Mr. Allard, father of the deceased, Messrs. P. Allard, Jr., A. Desjarlais and several others. The floral offerings were beautiful and numerous, and the many messages of condolence are a proof of the esteem of the deceased, and of the sympathy felt for Mr. Desjarlais in his sad bereavement.

FUNERAL OF F. H. R. BROOKS.

The funeral of the late Mr. Ernest H. R. Brooks took place yesterday afternoon from "Mountfield," the residence of his mother, Mrs. Brooks, to St. Peter's church, where the Rev. Canon Search, rector of Lennoxville, officiated, assisted by the Rev. C. W. Balfour, curate of St. Peter's church. A large number of well known and representative citizens were present, many of them being life-long friends of the deceased and his family. The singing by the choir was very sweet and impressive, the hymns rendered being "Thy will be done," and "Peace, perfect peace," and the beautiful words of the burial service carried their message of comfort and hope. When the casket, hidden from view by exquisite flowers was borne from the church, the procession reformed, and proceeded to Elmwood cemetery, where the last solemn words were said, and all that was mortal was consigned to the friendly earth. The mourners were Mr. Noel E. Brooks, Dr. F. J. Austin, Mr. S. Edgell and Mr. Geoffrey Edgell. The pall bearers were Messrs. A. L. Melver, of Bury; C. H. Bowen, H. R. Fraser, E. B. Worthington, R. R. Burrage and H. M. Tomlinson.

WRIT OF HABEAS CORPUS QUASHED BY JUDGE CARON.

Quebec, Aug. 13.—(Special.)—The case of Gaynor and Greene, the two Americans wanted by American authorities for alleged fraud in connection with Savanna harbor, came up for judgment this morning.

The writ of habeas corpus was quashed by Judge Caron, and prisoners are thereby released from the jurisdiction of the Quebec court.

The judgment, in fact, frees the prisoners from the jurisdiction both of Quebec and Montreal courts under the present proceedings.

BOILER EXPLODED.

TUG WENT TO BOTTOM AND FOUR OF CREW WERE DROWNED.

New York, August 13.—(Special.)—The boiler on a tug blew up today near Staten Island.

Four of the crew were killed or drowned.

The tug went to the bottom.

## COLONIAL CONFERENCE

### What the Resolutions Adopted Cover.

#### MANY MATTERS TOUCHED UPON BUT LITTLE ACTUALLY ACCOMPLISHED.

London, Aug. 13.—While results of the colonial conference, which ended yesterday, are generally considered satisfactory as far as they go, it must be understood that the enforcement depends ultimately upon action by the colonial legislatures and by the Imperial ministers whose departments they concern. In addition to the Australian navy arrangement by which the Australian contributions are to be largely increased on condition that certain vessels be officered and manned entirely by Australians, a general increase in colonial naval subsidies was agreed to. The scheme also provides that some colonies shall allot part of their local forces in a state of efficiency, relying on volunteers in case of Imperial need, as was done in South Africa. The contribution of Cape Colony to the Imperial navy was fixed at \$250,000 annually and Natal's at \$175,000.

The preferential tariff arrangement is in a nebulous condition, depending entirely on future arrangements between the mother country and each individual colony, the understanding being that such arrangements would follow the general lines of the Canadian tariff. The foregoing arrangements do not represent the unanimous opinion of the conference, but such resolution was adopted by a majority vote.

WHAT WAS COVERED.

Toronto, August 12.—An Evening Telegram special cable from London says: "Resolutions were signed at the concluding meeting of the colonial conference. The resolutions were not broad in their scope. They covered the subject of commercial relations within the Empire, advocated common adoption of the metric system and favored an increase of colonial grants to the Imperial navy, and recommended that a conference be held every four years. The opinion here is that the result of the conference was merely the confirmation of friendly relations throughout the Empire."

COOKSHIRE.

August 13.—Mr. and Mrs. R. A. Darter and Master Wilford, Mrs. W. C. Wilford, Dr. and Mrs. Butler, Mr. and Mrs. Aytton Cromwell and Master Ross returned yesterday from the camp at Beeches Lake.

Miss Birdie Sawyer returned yesterday to North Hatley, accompanied by her sister, Miss Mamie Sawyer.

The little daughter of Mr. Paul St. Pierre, who was so badly burned last Saturday by setting fire to her clothing, is slightly improved, though not yet out of danger.

The C.P.R. surveyors are at work looking out a location for the supposed new line, which it is said will run along the valley of the St. Francis.

## FIRE AT TORONTO.

### Premises of the Toronto Biscuit Company Gutted Last Night.

#### THE FIRE WAS PREVENTED FROM SPREADING—LOSS WILL AMOUNT TO \$75,000.

Toronto, August 13.—Over \$75,000 damage was caused by a fire which gutted the premises of the Toronto Biscuit Company, Ltd., last night. The building has a four-story front, and is in the middle of a block of stores on the south side of Front street, between Yonge and Scott streets.

A policeman discovered the fire shortly before 10 o'clock issuing from the windows of the front stores, and before he could give the alarm the building was in flames. They mounted very high, and the fire, for a while, was very spectacular. A good deal of anxiety was felt, as the adjoining building is a wholesale drug firm, and a wholesale liquor store is two doors away. The fire brigade, however, did good work, and managed to confine most of the fire to the one building.

The building belonged to the A. M. Smith estate. It was valued at \$20,000, and is damaged to the extent of \$5,000, the damage being confined to the roof, top floor and the next floor down. It is insured for \$15,000.

The Toronto Biscuit Company's stock was valued at \$40,000, and the loss on this will be about \$20,000. The insurance on this was \$50,000, divided as follows: Machinery, \$28,000; stock, \$22,000; furniture, \$1,000.

The total sum was spread over eighteen companies, none of the for over \$5,000. Of this insurance the premiums of \$285 would have fallen due at noon to-morrow.

The stock of the wholesale drug firm of Eliot & Co., next door, west, was damaged by water to the extent of \$2,500. This stock also is insured.

BLOCKADE ENDS.

IT WAS SPASMODIC, THEREFORE INEFFECTIVE.

Washington, Aug. 13.—The Navy Department today received two cablegrams from Commander McCrea, of the gunboat Madach, dated Cape Haytien, Aug. 12, in which he reports that the attempted blockade of the port by the revolutionists is ineffective. In his despatch he said:

"Have decided blockade spasmodic, therefore ineffective. Have notified consuls. Will protect innocent, neutral commerce."

In the second despatch, which came later, he said:

"Consider blockade abandoned. American schooner reporting blockade absent."

## EXTENSION OF TIME

### Syndicate's Offer Good Until Foreign G. & W. Co's Shareholders Have Replied.

#### THE DEAL LIKELY TO GO THROUGH—THE STREET RAILWAY NEGOTIATIONS.

The electric light situation remains practically unchanged.

It is learned on reliable authority that the syndicate which is seeking to purchase the Gas & Water Co's plant has granted an extension of the time limit when an answer must be given by the company to enable the directors to hear from the stockholders in England.

The Quebec shareholders who represent some 400 shares are not prepared to accept \$75 for their stock, which cost them in most cases \$100. Aside from this and the delay experienced in hearing from foreign shareholders, it is understood there is little in the way of the acceptance of the offer.

There is much reason to believe that the extension of time granted by the syndicate will result in the acceptance of the offer.

As previously stated in these columns, it is practically certain that the syndicate are also looking to the purchase of the Sherbrooke Street Railway.

There are rumors of other parties having made offers for the railway. Information from Street Railway authorities is to the effect that negotiations for the purchase of the road up on but are not yet closed.

## FIRE AT BEDFORD

### PROMPT ACTION PREVENTS A SERIOUS BLAZE.

Bedford, Que., August 13.—At 11.30 yesterday morning flames were discovered issuing from the stable in rear of the frame dwelling on Main street, occupied by Mr. E. O'Keefe, and belonging to Mrs. M. J. Quinn. In a very few minutes after the alarm was sounded a large force of citizens was on hand with pumps, pails, ladders, and other fire-fighting appliances, and by pulling down an intervening shed and part of the kitchen, managed to save the main part of the house, and to confine the fire to the premises where it started. A strong wind was blowing but fortunately not in the direction of surrounding houses, all though flying sparks set fire to a building on a cross street. This was extinguished, however, by the prompt application of a few pails of water.

The contents of the burned building were nearly all saved, and the loss will not be over two or three hundred dollars, covered by insurance.

Mr. D. J. McDermonth, of Newport, Vt., was in town yesterday.

## THE S. O. E. B. S.

### LODGE GLOUCESTER TENDERS A FAREWELL BANQUET TO BRO. ALFRED TESTER.

The banquet to Mr. Alfred Tester, former District Deputy and Secretary of Lodge Gloucester, Sons of England Benevolent Society, who is about to leave Sherbrooke for New Zealand, was given last evening at the handsome lodge room occupied by the S.O.E.B.S., and was one of the most successful in the annals of the lodge.

The regular meeting was held early in the evening and a few remarks were heard on the usual routine business disposed of, including the receipt of several applications for insurance membership and the initiation of one member. When the meeting closed an adjournment was made to the lodge room, which was prettily decorated with flags, the Union Jack being conspicuous among them.

The three long tables looked most attractive, adorned with flowers and laden with appetizing viands, whose quality left nothing to be desired. The "Roast Beef of Old England" was, as was fitting, one of the items upon the menu, and to all of which ample justice was done by all present. While the banquet was in progress selections from the grand program pleased the ear, and added to the general hilarity.

When the more material part of the entertainment was concluded, the chair was taken by Bro. Charles Pearce, who called upon the brethren to drink the "health of 'Our King,'" which was responded to with the utmost enthusiasm and loyalty. Bro. Pearce then made a short address, expressing the great regret of the members at parting with Bro. Tester, and their deep sense of the valuable services he had rendered to the lodge during the period of his holding office, alluding to his self-sacrificing work as secretary, and his successful efforts to increase the membership, which had in that time nearly doubled.

The chairman then presented Bro. Tester with a purse well lined with gold, together with the best wishes of Lodge Gloucester for his future happiness and prosperity in his new home on the other side of the world.

Bro. Tester responded with emotion, thanking his friends and brothers, and saying that neither time nor distance could efface his recollection of Sherbrooke and Lodge Gloucester. Songs followed by Bro. C. T. Lacey and Mr. Sawyer, President of the Lodge.

District Deputy Bro. Allen, from Lennoxville, then arose and presented Bro. Tester with the Past D.D. jewel, given by the Grand Lodge, for faithful service rendered, and suitably inscribed.

Songs were contributed by Bros. A. G. Gardner, S. Saunders, J. Shea and J. O'Hara, and Mr. R. B. Yates made a well-turned speech, which was much applauded. Mr. E. Cotton, of Capelton, one of the visitors of the evening, also made a few remarks which were heard with much pleasure.

The presentation of a purse from Lodge Clarence, Lennoxville, to Bro. Tester, followed, Bro. H. Allen acting for the members, and accompanying the gift by many kindly expressions of good will. At a late hour the party broke up, after singing "Auld Lang Syne" together in a most fraternal spirit.

# EXPULSION OF NUNS.

THE POPULACE SIDES WITH THE SISTERS.

Brest, August 12.—The prefect yesterday called a meeting of the inhabitants of towns of Saint Meen, Le Folgoet, and Plouandaneil, who have been resisting the closing of unauthorized congregational schools by the authorities, in order to explain the situation to them and induce them to renounce their desperate resistance.

The prefect said the agitation was casting discredit upon the country, and that his hearers could not imagine that three communes would be allowed to oppose the law. The prefect's speech was constantly interrupted with cries of:

"We will resist to the death; there will be bloodshed. We will allow ourselves to be massacred before we abandon the sisters."

Abbe Gayraud, Republican Catholic member of the Chamber of Deputies from Finistere, replied to the prefect, and said the agitation, far from discrediting the country, was uplifting it in the eyes of the world. The only way to restore peace, said the Abbe, was not to disturb the sisters.

"The meeting broke up with shouts of 'Long Live the Sisters,' and 'Liberty.'"

Subsequently, the agents of the McCormick Company, of Chicago, learned of the purchase made by Mr. Smellie, and, with Yankee savvy and exaggerations as to the supposed superiority of their machine over the Massey-Harris Binder, persuaded Mr. Smellie to cancel the order which he had placed with the Canadian firm for a Canadian-made binder.

Mr. Smellie, consequently, became considerably prejudiced against the home product, and inclined to the belief that the Chicago machines were all that was claimed for them.

Mr. Smellie's contract with the Massey-Harris Company, however, was a binding one, and the company naturally insisted on their rights under the same. Furthermore, they were convinced that Mr. Smellie had been persuaded without cause and that no Chicago product could equal their own.

On May 3rd, last, Mr. Smellie stated that he had ordered a 7 ft. McCormick Binder. Finding that Massey-Harris Co. still held him responsible, under his contract, he expressed a willingness to revise his order, and take a Massey-Harris 7-ft. in place of a 6-ft. Binder; provided, after a field contest between the two machines, the Massey-Harris Binder proved itself to be the better machine.

On Saturday last (26th inst.) Mr. Smellie notified Massey-Harris Co. that he wished the binder started on the following Monday, and that the McCormick agents and staff would be on hand to start their machine, in the presence of a number of prominent witnesses.

When Monday morning arrived, the Massey-Harris men were sent to the scene of the contest, a good crop of wheat, with a thick clover bottom.

The following statement, made by prominent agriculturists, who were present on the spot, explains the result of the trial:

Toronto, July 28, 1902.

We, the undersigned, having witnessed a field trial of the Massey-Harris 7 ft. Binder and the McCormick 7 ft. Binder on the farm of Mr. D. Smellie, in very heavy crop of wheat, would say that the Massey-Harris Company's Binder did much superior work in every particular.

1st—Making a much better sheaf, the butt being square and the sheaf round and much tighter.

2nd—Did not choke or miss during the trial.

3rd—Lighter draught.

4th—It did its work in every way superior to that of the McCormick, as the McCormick choked very badly and missed very badly.

5th—Both machines got a fair trial in the same field and in the same grain. We look upon it that the Massey-Harris Binder is very much superior.

# IN THE FARMERS' COURT OF JUSTICE

MASSEY-HARRIS CO., LIMITED, versus McCormick Harvester Co.

of Chicago, Yankess.

Before David Smellie, G. Smith, Henry White, Thomas Tisdale, T. Whitmore, farmers, of the County of York, Province of Ontario.

On 2nd Oct., 1901, Mr. David Smellie, a prominent farmer, living on lot 8, Con. 2, Vaughan Township, County of York, and Province of Ontario, ordered a Massey-Harris No. 4 6-ft. Binder through the Massey-Harris agent at Maple—Mr. James Kirby—delivery to be made last spring, or before required for use.

Subsequently, the agents of the McCormick Company, of Chicago, learned of the purchase made by Mr. Smellie, and, with Yankee savvy and exaggerations as to the supposed superiority of their machine over the Massey-Harris Binder, persuaded Mr. Smellie to cancel the order which he had placed with the Canadian firm for a Canadian-made binder.

Mr. Smellie, consequently, became considerably prejudiced against the home product, and inclined to the belief that the Chicago machines were all that was claimed for them.

The citizens of Danville were greatly shocked on Tuesday morning to hear of the sudden death of Mr. Louis Coubert, advocate. He died at half past seven, (shortly after rising,) of paralysis of the heart. He was educated at a Montreal College, and after graduating he spent four years travelling, visiting France, China and Russia. He was made advocate in 1862, and practised at his profession for 36 years. He was one of the oldest practitioners at the bar of St. Francis. He was 69 years of age. He leaves a widow, a brother and sister in Montreal. He was a brother-in-law of Mr. Lesperance, of Liddle & Lesperance & Co., Montreal. He was a Liberal in politics, and a great worker in times of election. He was respected by all who knew him.

Mrs. Carl Spencer and children are visiting Mrs. Lyle Burbank at Nicolet Falls this week.

# SWITZERLAND IN CANADA.

At a point 145 miles north of Toronto on the Grand Trunk Railway System, is reached one of the most magnificent districts in the Highlands of Ontario, and which has been named by many world wide travellers the "Switzerland of America." The region is known as the Lake of Bays district, and comprises a series of connected lakes over which large steamships are navigated. What greatly adds to the Lake of Bays value as a health giving and sporting resort is the unmatched purity of the air one breathes upon its heights. The craggy granbler, unless he is a confirmed dyspeptic, forgets his ills under its reviving influences, in less than a week, and sees life's problems in a smoother light if he only has the sense and capacity to enjoy the good things in this life which Nature and Providence have prepared for him. The whole region is placed high above the level of Lake Ontario, and its bracing morning breeze, which rivals the celebrated atmosphere of Pike's Peak, Col., imparts new lung power and fresh vitality.

For all information, full particulars, descriptive matter, maps, etc., write G. T. BELL, General Passenger & Ticket Agent, Grand Trunk Railway System, Montreal, Canada.

Coronation Day was celebrated in royal style by the campers. In the forenoon a large party from Coaticook, including the Rev. C. S. Deeprope, wife and family, W. L. Shurtleff, Esq., M. L. A., wife and daughter, Mr. A. Hall, and Miss Katie Hall, Mr. and Mrs. Briggman, Mr. and Mrs. Knapp, Mrs. and Miss Snider, Miss Merrill, Mr. Hamilton Lache, Mr. Lehoureau, Miss Isabelle Wadleigh, Mr. Herbert Dyson and sons took the steamer for a trip to North Hatley, where they all spent the day. In the evening a large bonfire was kindled on the bluff, and the campers and invited guests to the number of 70 carried out a most interesting programme. Principal Vaughan was voted to the chair, and after a few remarks, called on Principal Ford for an address. Mr. Ford remarked that they were celebrating one of the happiest events in the annals of British history, that the sovereign crowned that day was the worthy son of Albert, the God and Victoria the Majestic. He eulogized the empire and boasted that he was proud to be called a British subject. He had five sons, all of whom should be consecrated to the service of the empire. Principal Truell praised the singing of patriotic songs and this he attributed to the teaching of patriotism in our schools, a work with which Dr. Harper should be accredited. He said he admired the location of the camping ground and thought it the finest on the lake. Both addresses were applauded. Master Gordon Trenholme sang a solo, and was aided in the chorus by the other children. The program finished, refreshments were served, which were well patronized and thoroughly enjoyed.

Dr. E. Tomkins of Richmond and Miss Hattie Thompson, of Coaticook, are guests at "Coodle Doon."

Mrs. Keough, of Montreal, is the guest of her parents at Camp Lookout.

# AN INTERRUPTED PICNIC.

A boatload of Camp picnicers resolved to spend the day across the lake at the old Camp ground, Well known as Bacon's Bay. The sun shone bright, the sky was clear, the weather promised fine. They reached the Bay without mishap. Just in good time to dine. Before the turnout had passed Old Sol took quite a freak. He hid himself behind the clouds, which made them strangely weak. They dropped their burden to the ground. The torrents grew and grew. They caught the campers half way home and drenched them through and through.

# A WOMAN'S FLUCK.

One of our guests, a pretty maid, prepared to catch some fish. She dressed her in as neat a garb as any one could wish. She tried to step into the boat which lay at anchor near. She placed her tiny foot upon a board nailed to the pier. That board had duty done so long. Its fibres were quite trail. So when the tiny foot came down, Of course it has to fall. A sudden cry, a plunge, a splash. Oh! what a sorry plight. But no one laughed (except the fish). They suffered before night.
