

## Plans For New One-Storey Building Submitted to County Hospital Board

### Would be Built Almost Entirely of Steel With Radiant Heating Through Floors

An adjourned meeting of the executive of the Board of Governors of The Huntingdon County Hospital was held on Monday afternoon. The medical board was represented by Drs. McCrimmon, McEwen and Lefebvre.

The principal business discussed was the hospital plan submitted by Mr. Langston in behalf of Hutchinson and Wood, architects, Montreal. The plan submitted by Mr. Langston provided for a one storey building and to be built almost entirely of steel, very little brick laying or masonry being required. Radiant heating would be utilized, which means the rooms of the hospital would be heated through the floor.

The plans are to be further discussed but it is hoped something definite can be settled upon towards getting a hospital built in the not too distant future. The present building is found to be short of rooms for the treatment of some cases that should be isolated and also rooms that can be used for the benefit of private patients, boys or girls. No estimate as to cost has been computed but it is contemplated as being in the neighbourhood of \$100,000.

Rooms for the nursing staff are provided for in the plan.

Financial receipts for the benefit of the Hospital have been commensurate and with the holding down of general overhead expenses it appears possible for the financial picture of the Hospital to be improved. The reserve fund in the Hospital like practically all other corporations, is merely a figure with no actual dollars held in reserve. It was agreed on Monday, that some funds should be set aside as the reserve fund with the hope that in due time this reserve fund would be equivalent to that contributed to the Hospital as Life Membership, the revenues derived from this reserve fund to be used yearly in the operation of the Hospital.

Accounts receivable for the month were lower than usual. A few delinquent accounts were ordered to be handed in for collection. The accounts payable for the month also showed a marked drop, all of which speaks well for Matron Miss Gladys Vass and the Hospital management as a whole.

## Annual Meeting Athletic Association

A meeting of the shareholders of the Huntingdon Athletic Association was held at the County Building, on Friday evening, with Dr. J. E. Caza in the chair. The financial statement revealed that the Association has a surplus as at May, 1948, of \$61.90 and liabilities of \$249.01. There are 306 shares of a par value of \$10.00.

The Association has agreed to take over the concessions at the Huntingdon Fair this year and to provide some entertainment for the children. In view of this it was decided that the Board of Directors should be increased from 7 to 15 members and the following were elected: Rufus Kelly, Jack Muir, Austin Lefebvre, Chas. Fallo, D. Zabitsky, Pete Peterson, Walter Lefebvre, R. L. Trinker, M. Rosenheim, Pat. Peeny, Quintin Johnson, A. Forget, G. Lanctree, C. Rolfe and Leo Cappiello.

## W. C. Tedstone 25th Business Anniversary

### War Years Were Hard Ones in Bakery Business

On May 16th, Mr. Wm. C. Tedstone completed twenty-five years of operating his bakery business. The Tedstone Bakery was first established about 1895 and is now in third generation hands, with a fourth generation entering into it.

From 1904 to 1920 the business was operated by the father of the present owner, Mr. Wm. Tedstone, and before that by his father. The present owner, Mr. Wm. C. Tedstone has operated the business from 1923 to the present time.

Before the war and in the early part of his owning the business, Mr. Tedstone covered the eastern part of the County of Huntingdon with house to house deliveries. These deliveries were made winter and summer alike and only about 12 times in 19 years was the delivery of his morning bread.

Various restrictions brought about an account of World War II caused Mr. Tedstone to cease his deliveries to such a large field and to continue only those deliveries to town customers. These have been carried on throughout the war and now.

Always the business has catered to serving ice cream and soft drinks, but with the cancellation of bread deliveries to the larger area, a new field was entered. This was when Mr. Tedstone decided to make the front part of his bakery into a restaurant and lunch counter. He installed the equipment and put booths in a rear part and has been serving meals and short orders ever since that time.

Mrs. Tedstone took an active part in the business since 1926 and "Bill" as he is more familiarly known, gives her much of the business. The business was not always in its present location, having been operated there since 1932. Before this time it was across the street in the site now occupied by Electrical Home.

Since being in business, Mr. Tedstone is now serving second generation customers, while still serving a few of the original customers. His son Stewart, who is of the fourth generation of the Tedstone family, is now in the business and is covering the town route serving the customers that his father and grandfather served in their time, as well as many new ones.

The last war was a bad time for the bakery business as shortages and quotas made it difficult to maintain a good selection of cakes and pastries and curtailed the ingredients that had ordinarily been used in the Tedstone baking. Conditions are improving somewhat now and the business employs three helpers in the restaurant and two in the bakery. Mr. Tedstone enjoys very excellent patronage and hopes that he will be able to continue to serve his customers for many more years to come.

### STARLING INVASION

EDMONTON—(C.P.)—The first large-scale invasion of Alberta by starlings from eastern Canada and the United States took place this spring, Prof. William Rowan of the University of Alberta reports. The starling has been spreading westward from Ohio and Quebec, where it was first introduced to this continent in the 1870s.

## Huntingdon Bowlers Wind Up Season With Banquet

### Gleaner Players Receive High Number of Awards And O'Connor Trophy Shared With Riel Bros.

The Huntingdon Bowling Association wound up the season's activities on Tuesday evening, by holding a banquet at the Chateau, at which 174 persons were present. Those in charge of the evening's programme were E. A. St. Amant, Cyril Rolfe, Roland Emond and Bernice Bernhardt. Assisted by George Lasalle, Dan Galipeau, Isale Daoust and Alton Warden. After singing "O Canada", the banquet was enjoyed to the full.

The opening address was made by the President, E. A. St. Amant, as follows:

Fellow bowlers and our very honored guests, ladies and gentlemen:

Tonight's gathering brings to a close the second season of organized bowling in Huntingdon. That it has been highly successful is clearly shown by the number of beautiful trophies and awards which have been so kindly donated by the business and professional men of Huntingdon. To those of you who are about to receive awards for bowling efforts during the past season, please accept my congratulations. And to the executive committee who gave so much of their time and effort throughout the entire season without thoughts of reward except the satisfaction of knowing that they were giving their best, I think they deserve at least a hand-clap from those assembled.

First, our recording secretary for her very valuable assistance, Miss Bernice Bernhardt. Next our vice-president, Mr. Cyril Rolfe. And lastly but certainly not the least, our organist, Mr. Roland Emond, without whose organ music this gathering would not have been possible.

At this point a special presentation was made to Mr. Roland Emond for his services and great interest in organization of the Association, subscribed to by his fellow bowlers.

The president followed by giving a summary of the activities as follows:

"It seems in order now to give a short summary of the year's events. We have just completed our second year of organized bowling. Last fall, 12 ladies' teams were entered, and 14 men's teams, which were split up into two leagues, in-

## Concert at School Well Attended

### Musical Numbers and Operetta Well Received

The Spring Concert staged by Pupils of Huntingdon High School, on Friday evening was well attended despite the rain that poured down during the whole evening.

The concert was composed of musical numbers, songs and an operetta. Mr. S. Liversidge and the teachers of the school were responsible for the training and presentation of the programme and much work and patience must have been required.

The first item was the Rhythm Band by pupils of Grades 1, 2 and 3. "Pop Goes the Weasel" was conducted by Barbara Ferry; "Country Gardens" was conducted by Roger Gaumier and "Rhythm Band Revue" was conducted by Sandra Phillips. All did very well indeed.

The operetta was entitled "Tomboy Joe" and the plot was wound around a girl who preferred to play with the boys and dress like a boy. Her girl friends did not like her on account of her wanting to play rough games and be like a boy; the boys did not like her because she got in their way and could not do the things that they wanted to do. It was thus that she was left to herself on more than one occasion. While thus alone she made the acquaintance of a tramp, who turned out to be her father who had suffered a lapse of memory and wandered off. Those taking part in this operetta were: Tomboy Joe—Patricia Ann Lang; Tramp, Basil Kelly; Billy, Peter Fox; Betty, Barbara Jane Ambrose; Jimmy, John Beattie; Jenny, Gwen Campbell; Edna, Denise Robertson; Dick, Bruce Amyott; Dorothy, Alberta Gilmore.

The Huntingdon Girls' Choir sang two numbers: "Now the Day is Over" and "The Old Woman". Howick Girls' Choir also took part in the concert and they really did very well in two numbers: "Kentucky Babe" and "Ave Maria".

Miss Isabel Telfer, played two numbers on her accordion and was well applauded. The combined singing, Prof. William Rowan, sang two numbers to conclude the programme: "Drink to Me Only With Thine Eyes" arranged by Mr. S. Liversidge; and "Now is the Hour".

All numbers were well received by the audience.

The pianist was Mrs. F. G. McCrimmon.

Mr. M. Ruddock thanked the students, teachers and Mr. Liversidge for the very fine concert and invited those present to see the splendid display of articles made by the manual training classes of the school. This display was in the hall and there were certainly a large number of articles to be seen. Many different kinds of lamps, and stands, tables, chairs, fern stands, towel racks and numerous other useful articles for the home. These classes have been under the charge of Mr. Liversidge and the boys have certainly made some very fine articles. They are well made and finished.

## Lachute Fair Will Be Held June 16-19

A record number of entries are expected to be exhibited in the famed Lachute Spring Fair next month. The Fair, which is presented annually under the auspices of the Argenteuil Agricultural Society, is being held from June 16 to 19. Indications are that entries in every class of the exhibition will be at an all-time high by the closing date for entries, May 24.

The Lachute Fair, which has been presented each year for 121 years, annually attracts thousands of visitors. Originally a Fall Fair, the transfer to a Spring Exhibition was the institution even greater popularity, and it has become more widely known year by year.

This year's exhibition is expected to be the finest ever, according to Alex Bothwell secretary and manager. Buildings and accommodations are in excellent condition, and the Fair will feature cattle, horses, sheep, swine, poultry and rabbit exhibits, horseback riding and jumping, shows, and an exciting midway.

The first Lachute Fair was presented in 1828, when prizes were limited to farmers within the country. It was decided then that "the object was to promote the science of agriculture, and to give prizes and premium to those who excel in the art of ploughing, crop and stock raising, planting of fruit trees, in dairy work, home manufacture and farm improvements." These original principles are still followed by the Fair Management.

## Clean-up Week Starts With Parade

### Chamber of Commerce Seeks Co-operation Of Citizens

New blood—youthful blood, a new organization with a brand new program with which to sweep the Town of Huntingdon clean, appears to be the tenor and make-up of the Junior Chamber of Commerce. This new association has set out its program of work to help improve conditions in Huntingdon.

Unfortunately the rain on Monday evening hindered getting at the clean-up work in a big way. With a burst of sound compelling noises and music a parade of trucks, 17 in all, wended their way through the streets of Huntingdon advertising the fact that these trucks would be around to truck away the accumulated refuse that is found at every home and business place in the spring.

Following the parade, the sound truck dispatched called out instructions, informing the owners of trucks what streets they were to cover and take away the refuse placed at the roadside by the occupants of homes or business places. It is to be hoped weather conditions are such this week that people will be able to get the refuse deposited at the street curbs and that the trucks will be able to transport the rubbish away to the town dump.

This one act alone of the Junior Chamber of Commerce will undoubtedly save the Town of Huntingdon considerable cash outlay, but more important than that is the fact that this aggressive step in "Clean-up Week" is making more people conscious of the importance of clean-up and painting.

As soon as weather conditions permit the streets will be painted for parking areas and then the regulations as to traffic circulation and parking will be inaugurated, all of which should lead to betterment of traffic circulation in Huntingdon.

The Monday evening parade was made up as follows:

Fire Department, Town Truck, J. H. Prevost, Shawinigan Water and Power Co., Wilfred Saumier, Builders Supply and Feeds, Marchand & Frere, W. E. Lefebvre, Robt. Rolfe and Sons, R. Menard, Tully Lumber, J. N. Riis and Sons, Empire Garage, Reg'd, P. C. Moore, Harold Watie, Huntingdon Motors, E. Lalonde, Vic Tremblay.

## Successful Convention WCTU Held at Ormstown Friday

Short messages of encouragement and hopes for future success were given. Rev. Mr. Baron said a child of seven was not too young to sign a pledge. It is in these early years that character is being formed. As the twig is bent so grows the tree.

The afternoon meeting opened with the Devotional Service being taken by Rev. Mr. Taylor. He said we are not alone in this great work. Others in other communities and lands are all part of this great movement. We thank God and take courage when we meet a group working for God and with God for a great purpose. We are part of God's onward-going group working out his great purpose.

## Budget Does not Provide Much Relief For Taxpayers

Those who have waited anxiously for the bringing down of the Budget in the Federal House, had their anxieties quenched on Tuesday night, when Finance Minister Abbott released this to the House and the public.

It does not offer much in the way of relief to the ordinary individual, although some foodstuffs may be a few cents cheaper after today. Jewellers will have some of their worries lessened in the fact that silver plated cutlery and cheap alarm clocks will no longer be subject to the 25% luxury tax. Succession Duties will be exempt up to \$50,000 instead of \$5,000, and this may make a difference in the settlement of estates. There is no relief for the Income Tax payer except that granted previously. If a person is over 65 years of age, he or she will be allowed a further exemption of \$500 for income tax purposes.

Below is the budget in brief which will give a general idea of the changes to be made.

Budget containing no general tax changes.

Eight-per cent sales tax removed from virtually all remaining food items, effective Wednesday.

No cuts in present rates, exemptions and allowances on personal income taxes except for persons 65 and over.

Additional \$500 income tax exemption granted to persons 65 or over, retroactive to Jan. 1 this year.

Refundable portion of 1943 and 1944 income tax to be lumped and repaid by next March 31.

No change in taxes on liquor and tobacco.

Federal taxes of 20 per cent on theatres and 25 per cent on other amusement places repealed, effective Wednesday.

Five-per cent federal tax on parliamentary bets repealed, effective Wednesday.

In effect, Dominion withdraws Wednesday from amusement and pari-mutuel betting tax fields.

No tariff increases proposed, but some downward adjustment to be made.

British preferential duties on cotton and rayon piece goods suspended until June 30, 1949, effective Wednesday.

Three-per cent tax on imports from general tariff countries removed, effective Wednesday.

No change in 30-per cent corporation tax.

Tax benefits on exploration expenses in oil, mining and gas industries extended through 1949.

Twenty-five per cent sales tax removed from silver plated cutlery, cheaper alarm clocks and brass watches, effective Wednesday.

Tax of 60 cents a gallon on spirits used in vinegar-making repealed, effective Wednesday.

Dominion succession duties general exemption increased from \$5,000 to \$50,000, effective Jan. 1, 1948.

Penalty on unpaid taxes boosted from four and seven per cent to six and eight per cent, retroactive to last Jan. 1.

Government to pay two-per cent interest on overpaid taxes up to \$5,000 and one-half of one per cent over \$5,000, retroactive to last Jan. 1.

Surplus of \$489,000,000 forecast for the 1948-49 fiscal year.

Revenues for 1948-49 estimated at \$2,664,000,000; expenditures at \$2,175,000,000.

Mr. Abbott pointed out that conditions are such that money will have to be spent on defense works and it would therefore be foolish for the Government to cut down its surplus so much and then have to reimpose taxes to provide for emergencies should they arise.

There is also the danger of inflation to be considered. To reduce all forms of taxes to avert a surplus, would put more money into the hands of the people and they would want to buy those things which are still in short supply on account of having this extra money to spend. Such a step would lead to inflation that may ruin the whole country. If this occurred, it would mean more controls would have to be put into effect.

## Academy Honour Roll to be Unveiled Sunday Afternoon

### Mr. R. Watson Sellar, C.M.G., Will Perform the Unveiling—Ceremony Commences at 3 p.m.

Sunday, May 23rd, will be a memorable day for the people of Huntingdon, as at 3 p.m. the ceremony of unveiling the Huntingdon Academy Honour Roll will commence. All plans have been made and the actual unveiling of the beautiful Bronze Plaque will be performed by Mr. R. Watson Sellar, C.M.G., Auditor-General of Canada, and a former student of the school.

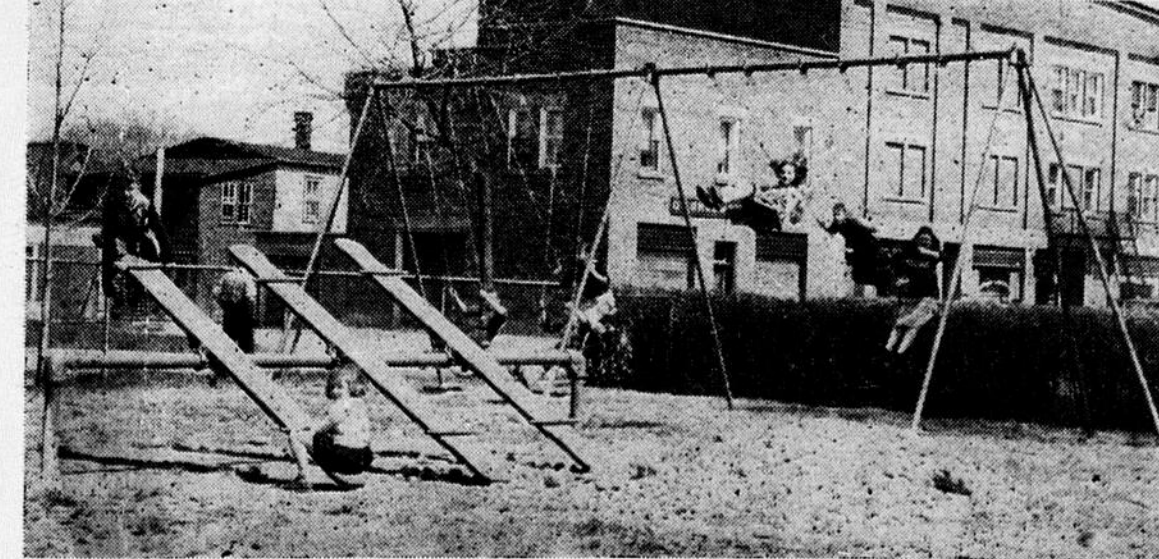

Those taking part in the actual ceremony are asked to meet in the office of the school at 2.40 p.m. sharp.

It is expected that a large number of persons will attend this ceremony and all are urged to be early as no reservations whatever have been made and no invitations have been sent out. It is entirely a public ceremony and all who wish may attend. As the school auditorium is not large and the number of persons attending may be more than it will hold, arrangements have been made to install a sound system so that everyone will be able to at least hear the proceedings of the ceremony. It was felt by the committee in charge that it would be better not to make reservations of any kind as this might lead to confusion and that some of the seats might remain empty if those for whom seats were reserved, failed to show up. The committee also wants it known that the ceremony is not an invitation affair and all who wish to attend, may do so and are perfectly welcome. It is also the wish of the committee that persons purchase their Souvenir Programme before this date in order to have them for the ceremony. They can be obtained from the following: Corner News and Lunch, Central Cigar Store, Cappiello's Restaurant and The Huntingdon Gleaner, the price is \$1.00 per copy. This charge is made to help defray the cost of printing, which runs high on account of the pictures required to reproduce such work. Copies will be available at the door of the school for those who have failed to obtain theirs through the channels above mentioned, at the price quoted above. You will need to obtain your copy at the door as no sales will be made in the school itself.

The committee has asked the Gleaner to impress on those intending to be present the need to be early if they wish to obtain seats in the auditorium where the ceremony will take place.

Technical Sergeant Eileen O'Reilly who returned to the United States from Tokyo, Japan, on April 30th, and is now visiting her mother and brother at Dundee, Que. She has spent the past 18 months in Tokyo, Japan, at the headquarters of Gen. MacArthur, and is now a Technical Sergeant in United States WACS. Miss O'Reilly enlisted in the WACS on April 1st, 1944, and says she enjoys the life very much. She was at first attached to a medical division, but latterly has been doing administrative work. It is a fine life for a single girl and the pay is good and food and shelter are of the very best. Asked about the conditions in Japan, she stated that the Japanese people are quite backward in their methods of doing things, but they are quite sure that the American occupation is the best thing for them and that their living conditions will improve as a result of this occupation. They think very well of MacArthur and the rullings he has made on their behalf. She was not able to travel very much in Japan, as women are not allowed the same privileges as the men of the occupation forces. There is a feeling in Japan that Russia is a dangerous menace and that Communism is something to be careful of. Sergeant O'Reilly is now on furlough and has decided that she wants to be near her home and her mother, as her mother is not in the best of health. When her furlough is completed she will be stationed at a camp at Los Angeles, Washington, and within easy distance of her home at Dundee. She intends to stay in the WACS and reports that an intensive campaign for recruits is soon to start.

## Children Have Grand Time on Swings and Seesaws

Early this spring the Huntingdon High School officials erected a number of swings and see-saws on the school playground. Since the completion of these, they have not been allowed to remain idle for very long periods. The children can be seen playing with these at almost any hour of the day. Crowds of children are there waiting for a chance to have a ride on one or the other as soon as other children relinquish their places. There is no doubt that the school board has provided a very long felt want for the children and they are to be congratulated.

## Articles Made by Manual Training Class at School

Above is a partial display of the many articles made by students of Huntingdon High School, attending the manual training classes under the direction of Mr. S. P. Liversidge, this year. It will be noted that many of the pieces are of quite difficult design and calling for almost expert knowledge of wood-working. The total display at the school consisted of hundreds of pieces of various kinds, all of them very well made and finished. Such a display would do credit to any Technical School, and teacher and pupils are to be congratulated on the work accomplished this year.

Unveiling School Honour Roll

AFTER the World War I in most every community throughout Canada and the other countries on the Allied side, there was a feverish energy to erect suitable memorials to the memory of those who died for freedom.

In Huntingdon and surrounding district, such things have been proposed, and committees have been set up to work upon them, but for some reason or another have not been brought to a head.

This beautiful Honour Roll is to be unveiled on Sunday, May 23rd, with a special ceremony appropriate to the occasion.

After 1900 Years

PROBABLY the Christian people of the world are more acquainted with the history of the Jewish people than any other history in the world today.

It is well known that the Jews were driven from their land and have ever since been forced to wander from shore to shore and country to country to dwell as the people of such countries would allow them.

The Jewish people themselves are exclaiming over the announcement that Palestine is a Jewish State after a period of 1900 years, but whether they will ever be able to peacefully rule it and hold it is something that only the future can tell.

Great Britain has withdrawn her protectorate power from Palestine and it is now up to the Jews and the special committee of the United Nations to see that peace is made and kept.

Just how soon the Jews will be able to claim Palestine as their peaceful mecca and home will depend upon how strong they are and how well able they are to protect their new found land.

Canada-Wide Health Plan Announced

WE feel that the people of Chateauguay and Huntingdon Counties in particular will be very much interested in the announcement by Prime Minister King of Canada-Wide Health Plan.

The Huntingdon County Hospital has also been in the discussion field as to making additions or building a larger hospital on a new site.

There is possibly one hitch to such plans and that is the co-operation that may be expected from Provincial Government.

There are ten different phases to the Federal Health Plan, and with some of them there are those who may disagree.

Provincial Election in the Offing?

THE air is charged with rumours as to the probable election date in the Province of Quebec, but so far no definite announcement has been made.

It is evident, even at this early stage, that the election will be no easy one for either party.

The Week at Ottawa --

Specially Written for The Huntingdon Gleaner By HAROLD MORRISON Canadian Press Staff Writer

OTTAWA, (CP)—A \$30,000,000-a-year national health scheme announced by Prime Minister Mackenzie King attracted the goodwill of all the major parties in the Commons last week.

In the upper chamber, Government Leader Wihart Robertson unfolded plans for a full probe into the controversial margarine question at the next session of parliament.

Historical in its significance, the health legislation introduced by Mr. King may make Canada the envy of North America health legislators.

Chief of these grants is for the construction of additional hospital accommodation, on the basis of \$1,000 a bed for acute-treatment beds and \$1,500 a bed for chronic or convalescent beds.

Another annual grant of \$3,000,000 rising to \$4,000,000 over a period of years will be for the control of tuberculosis and to extend the areas in which free treatment can be obtained.

For the care of crippled children and the prevention of crippling conditions, the government will spend \$500,000. Another \$500,000 will go to help train public health personnel.

As the prospects of Russian co-operation for peace waxed and waned last week, there has been a great deal of serious thinking in the nation's capital on the need for a re-dedication to unity in Canada.

The clear outline by the Minister of External Affairs of Canada's position in relation to the pull of world forces has stimulated a continued discussion of our responsibilities.

The insidious enemy Experienced observers remember that Canada's most dangerous enemy after the last war was the forces that worked to divide her people by stirring up all the latent prejudices that exist in any nation made up of numerous races and creeds.

Howick Students Learn Much on Ottawa Trip

HOWICK — Grade Eleven recently journeyed to Ottawa, via the U.S.A. and arrived there before the lunch hour. Mr. Mitchinson and Mr. Casey kindly drove the students to Ottawa and gave them quite a few laughs along the way. Upon arriving in Ottawa, the students went immediately to the Lord Elgin Hotel, where they registered, and checked their baggage. Later they went to the Parliament Buildings where they had dinner with Mr. Black and his secretary, Mrs. Grey. During their visit to the Mint they saw pennies and war medals being made. This was extremely interesting. On returning to the Parliament Buildings they saw parliament in session. From the peace tower they saw a splendid view of Ottawa and Hull.

After supper, Mr. Mitchinson took the group to a movie called "The Upturned Glass", which starred James Mason. This was a wonderful show — full of suspense, action and interest. After having a bite to eat, they returned to the hotel. On Saturday morning, the pupils visited the Museum where they saw all sorts of prehistoric animals, varieties of rocks, stuffed birds, together with the homes, customs and clothes of Indians and Eskimos. They finished the morning up nicely by having dinner at the Chateauguy Laurier.

After dinner, they went for a drive along the Rideau Canal and saw the beautiful homes and grounds situated there. This brought them to the Experimental Farm, where they visited the barns and greenhouses. They returned to the Hotel by a different route, which showed them Hull and the outlying districts of Ottawa. PLANOVERS

The scorned word "leftovers" is out of date. "Planover" has been added to the vocabulary of the successful homemaker. The return engagement of cooked food should not be greeted with disdain but welcomed as a good friend in new attire.

Every good cook has several new tricks up her sleeve. These are particularly apt when there are bits of food not used at one meal which must appear again later. Sometimes, however, the efficient manager will cook double quantities of food deliberately planning to cook once and eat twice. This saves time, energy and often fuel. Fire-dress is richer and more appetizing than when served the first day. There are many delicious seasonings and sauces to trim up the same food in different ways.

The home economists of the Consumer Section, Dominion Department of Agriculture, are experts at this game of using up every scrap of food, making it into dishes that are attractive and delectable. Sometimes there is just a little meat. If stretched a bit it will serve two.

Meat Soufflé 3 tablespoons fat 4 tablespoons flour 1 cup milk 3 tablespoons fine dry bread crumbs 1 egg, separated 1/2 cup cooked meat, ground Salt and pepper to taste Melt fat in top of double boiler, add flour and blend. Add milk slowly and stir constantly until very thick. Add crumbs, beaten egg yolk and meat to sauce. Mix well and season to taste. Fold in stiffly beaten egg white. Turn into 2 well-greased custard cups. Steam 35 to 40 minutes or until a silver knife, inserted in the centre, comes out clean. Yield: two servings.

Vegetable Meat Salad 2 cups chopped cooked meat 3 radishes, sliced 2 tablespoons chopped parsley 1/4 cup chopped green onion 1/4 cup chopped green pickle 1/2 cup drained canned tomatoes 1/2 teaspoon vinegar 1/2 cup salad dressing Mix all ingredients. Chill. Serve on crisp lettuce. Yield: six servings. This salad allows for any number of variations. Cucumber, raw tomatoes, raw or cooked vegetables or grated cheese may be substituted or added as desired.

Farina Crumb Dessert 1-3 cup sugar 3 tablespoons cocoa 1/4 teaspoon salt 1 cup milk 1 egg 1 cup cooked farina 1/2 teaspoon vanilla 1 1/4 cups cake crumbs Combine the sugar, cocoa and salt. Gradually stir in the milk. Add the beaten egg, cooked farina and vanilla. Stir in the cake crumbs. Pour into a greased casserole or pudding dish. Bake in a moderately slow oven, 325°F. for one hour. Yield: six servings.

What's In The Wind

ON THE MOVE

The Lawrence Browns were back home last Friday after roving a week through Maine, Boston and surroundings. They went through a town preparing to celebrate the "Apple Festival".

In Boston the parks were a delightful sight; the tulip beds carpeted with blooming pansies, in every shade. The Boston Museum of Fine Arts provided wide interest for study.

At a Tourist House the hostess happened to be a former librarian who took her course at the time William Lyon Phelps lectured at Yale.

In the main basement of the Inn is a fine handicraft shop at the entrance to the Recreation Lounge, where we were served refreshments before departing.

I had the pleasure of meeting in the party Miss Odette St. Onge, Fashion and Social Editor of La Patrie.

The weather in New England States was no better than it has been here. In Providence there was a cloud burst.

Members of Montreal Women's Press Club were given a treat on Saturday. After breakfast at the Mount Royal Hotel with Mr. Collin Gravenor as host.

At The Movies

"HIGH WALL"

Showing at O'Connor Theatre on May 23-24th

Here's strong meat, a somber, sobering, melodramatic story with the principal action confined within the high walls that guard a state institution for the insane.

If your customers can stand to be depressed—sometimes even shocked—for the sake of a tautly written and directed feature that's well acted, then "High Wall" is for them—and for you.

When Steven Kenet, a former Army flyer turned commercial pilot, returns from Burma to his home, he discovers his wife, Helen, in a compromising situation with her employer, Willard Whitcombe.

Early in life, when occupying the humble position of porter, Vernon Carby was specially helpful to a blind guest. Carby continued to rise in the profession step by step.

In various hotels, his excellent memory for faces and people being an important asset. At a critical point the blind man, who had a long memory also, came into the picture.

Having reached a position of authority, Mr. Carby, in turn is disposed to afford vengeance to the young and ambitious. Thus we see Stanley Ferguson, a native of St. Agathe, whose experience includes the King Edward in Toronto, Mount Tremblant, the Mount Royal, now manager of the Alpine Inn.

Mr. Ferguson showed us the swimming pool newly painted a turquoise blue with red frame and an old building being fitted for a bath house. The nearby beach is also undergoing repairs.

In the main basement of the Inn is a fine handicraft shop at the entrance to the Recreation Lounge, where we were served refreshments before departing.

erable telling by-play; some suspenseful chase scenes, a sudden, violent murder, a brutal cat-and-mouse scene between the real murderer and the supposed murderer. But principally the enriching comes from the detailed study of an insane asylum which this picture offers.

Storekeeper Is Hero In Ice-Jam Rescue

Mr. Desjardins then gave an address. Wine is a mocker—strong drink is raging, was his theme. He spoke of the things which show that wine is a mocker.

Mr. McBride also spoke on what Mr. Baron had said after dinner. No child is too young at seven to sign a pledge.

As a Chaplain in the Army during the last war, Mr. McBride spoke of the many interviews which he had had with soldiers who had taken alcoholic liquor and who had got into trouble.

Evangelism is the solution of every problem in our world of today. A vision of our real task of confronting men and women with a Christ as the Redeemer of the world is our task.

Life at Chateauguay Barracks is Different Now -- Demolition Has Changed its Orderly Ways

To those people who became acquainted with the Chateauguay Barracks during the war years, the above picture will resemble the after effects of an enemy attack. However, the casualties are not as great as they appear in the two photos above, as all material is being carefully salvaged for use in a different sphere.

According to a special plan. In the picture at the left will be noted the piles of lumber and other materials and the workmen busy gathering these materials and dismantling other buildings. A similar view is shown on the right, but here men are busy preparing foundations in readiness to receive buildings to be made according to plan.

Peterson officiating, the marriage was solemnized of Helen Mary, daughter of the late Mr. and Mrs. W. E. Eckhardt and niece of Mr. and Mrs. A. J. Frost of Notre Dame de Grace, to Mr. Lawrence Richard Reany, son of Mr. and Mrs. L. Stanley Reany, of Chateauguay Basin, Que.

Mr. and Mrs. A. J. Frost gave his niece in marriage. Her attendants were Miss Shirley L. Hutchinson, as maid of honour, with Miss Margaret Reany, sister of the bridegroom and Miss Mary Higman of Ottawa, cousin of the bride, as bridesmaids.

The bride wore a long sleeved original gown of ivory satin with long torso bodice, the circular train having cascading drapery which formed an overskirt.

Her matching floor-length veil of scalloped Chantilly lace was caught to her head with a coronet of ivory silk velvet gardenias and she carried a semi-cascade bouquet of Better Times roses and white sweet-peas.

The maid of honour was wearing a yellow taffeta frock with cap sleeves, matching mittens and a coronet of yellow roses of the same material as her dress and trimmed with matching tulle.

The bridesmaids in cornflower blue taffeta with toning mittens, wore large picture hats of the same material as their dresses and trimmed with short blue velvet streamers and carried semi-cascade bouquets of Talsman roses.

The reception was held at 4111 Madison Ave., the home of the bride's uncle and aunt, Mr. and Mrs. A. J. Frost, where spring flowers were arranged. Later Mr. and Mrs. Reany left for a wedding trip to St. Jovite, Que., the bride traveling in a hand-painted silk print frock, under a black gabardine coat with large black straw hat, black accessories and a shoulder spray of white carnations.

The bridegroom is a student at McGill University. Out-of-town guests included Mrs. Sidney Higman, of Ottawa, aunt of the bride.

Valleyfield Nitro Woodlands Chateauguay Area As A Sanctuary For Bass

CHATEAUGUAY — The Lake St. Louis anglers at a recent general meeting were given a report by the president, B. Chisholm, of the aims and progress of the Association to date. An Association of this nature is formed or consists of a large number of people interested in the preservation of our game and fish. Their object is to study conditions, recommend adjustments and generally educate the people to preserve and respect all our game laws. Through a sound educational program, people are made to realize the reasons for the laws and by living up to them assure themselves of all the game and fish they might require. In this regard, Lake St. Louis anglers have had posters printed depicting the life span of a bass and the reasons for a closed season. These posters are being placed in conspicuous places so as to reach as many as possible. Through the efforts of the Lake St. Louis anglers the provincial government has for the last three years been netting muskie, stripping them of their roe and endeavoring to raise them at Baldwin's Mills for eventual return to Lake St. Louis. Lake St. Louis is out of balance as far as the fish population is concerned. There are too many carp and suckers. To help relieve this situation, professional fishermen, under the supervision of the provincial biologist, removed 28,000 lbs. of suckers from the Chateauguay area alone last year. The Lake St. Louis anglers are convinced that the Chateauguay area should be made a sanctuary for bass. The provincial government are once again co-operating. They have installed five special wardens to patrol that area and ten special wardens to patrol Lake St. Louis. In addition there is a flying squad from Montreal which can be called by anyone. It is the duty of every citizen to see that the laws are observed. Heavier fines are being levied this year for infractions. Since it is impossible to operate an association of this nature on a membership fee alone, the Lake St. Louis Anglers sponsored the first Fish Derby last year. Its success has now turned it into a yearly event. The report terminated on an optimistic note. In the short time this association has been in existence, they can now boast of over 1,500 members and it is hoped to increase that number. This growing membership enables the Lake St. Louis anglers to reach still more people with their gospel of conservation.

St. Andrew's Activities A well-attended moving picture show, under the auspices of the Young People's Union of St. Andrew's United Church, was held on Monday night, in the Church Hall. Special features included Barbara Ann Scott, the Royal Wedding, an Animated Cartoon and a Travelogue. Candy was sold during the intermission.

C. G. I. T. Banquet The Canadian Girls in Training held a Mother and Daughter banquet on Tuesday evening in the Church Hall. The table decorations were carried out in blue and white, with centrepieces of spring flowers. The place cards and programmes had been made by the girls. Those at the head table included Mrs. Fred Streit, Girls' Work Secretary for the Religious Educational Council of the Province of Quebec; Rev. and Mrs. D. R. Morrison, representing the Church and leader of the C.G.I.T. Group respectively; Evelyn Watt, C.G.I.T. President, and Miss Elizabeth Watt; Mr. D. H. Reid, Superintendent of the Sunday School and Mrs. Reid; Mrs. Ernest Smith, President of the W.A. and Miss R. McFarlane, President of the W.M.S. Assisting in serving were Mrs. J. R. Dickenson, Mrs. W. J. Reid, Miss M. Simpson and Mrs. Eric Smith.

### Willow Tree Bears Strange Fruit

BROOKLET—From a small acorn a great oak grew; but the oaks have nothing on the willow trees for disclosing strange objects.

It happened at the Fred Sweet farm about two weeks ago. Mr. Sweet was engaged in felling a towering willow. In the midst of the operation his saw suddenly came in contact with a hard object. Closer observation disclosed it to be a cow's horn, costily embedded in the wood. Thinking it a rather strange place for an object of this kind, Mr. Sweet carefully cleaned the horn and was surprised to hear the sound of paper inside.

Yellowed with age and scarcely legible the paper bore these words: "November 5th, 1893 J. C. Cook put this horn in this tree." Mr. Cook for a number of years operated a general store on what is known as Cook's Lines on the Canadian border.

Mr. Bernard Elliman and sister Mary, of Montreal, were week-end guests of Mr. and Mrs. Allen Elliott. They were accompanied home by Mrs. Elliman, who had spent the past week at the Elliott home.

Mr. George Shearman, of St.

with bouquets of beautiful wild flowers, a potted lily, and a "Mother's Day" bouquet of red roses.

#### Successful Play Presented

On Saturday evening, the Trylon Players of Montreal presented the play "Here Comes Charlie" in MacDougall Hall, under the auspices of the St. Paul's W.A. Mr. and Mrs. Shearman spent the week-end at the Kent home and attended the baptismal service for Mr. and Mrs. Kent's infant daughter, who received the name, Violet May. The service was conducted by Rev. T. F. Duncan.

Mr. and Mrs. Freddie Elliott spent Sunday afternoon at the Sutherland home, Beaver.

A special Mothers' Day service was conducted at Rennie's United Church, Sunday, May 9th, by the Rev. T. F. Duncan and the little son of Mr. and Mrs. Lyell Graham was baptized, receiving the names, Lyndon Lyell; also the daughter of Mr. and Mrs. Ronald Gamble received the names Cheryl Lee.

### LETTER TO THE EDITOR

Editor, The Huntingdon Gleaner,

Dear Sir: I feel I should write this letter to the Gleaner to say how pleased I was to get my copy of the Souvenir Programme recently published to be used in connection with the unveiling of the Bronze Plaque Honour Roll, at Huntingdon Academy, on Sunday next. I was pleased because I realized that this really is a souvenir and one that I shall keep and cherish in the years to come. It made me feel proud of the old school that so many of its sons and daughters had seen fit to serve and that a plaque had been installed to their memory.

Also a word of praise for the very fine programme which you printed. I know that such a piece of work entails hours of research and compiling and that the printing must have taken many hours also. It is very well printed and the photographs are very clear and well arranged.

It is sad to note that seventeen of the boys gave their lives in the cause, and I appreciated the fact that special position had been given to their memory. I have heard some remarks that the price was a little too much for this programme, but I do not think so when all the work that must have been involved in preparing it is considered and the value the book will have in the years to come. To the immediate families in particular, this programme should have a lasting worth

as it links boys and girls who went to school together, with school, family and service to country. It is a record that can rarely be obtained and it is something in the years to come to which those included in the list can refer with pride of achievement.

**The Gore**

**THE GORE**—The monthly meeting of the Woman's Missionary Society was held at the home of Mrs. Willie Graham, on Wednesday afternoon, May 12th, with a good attendance. The devotional hour was conducted by the president, Mrs. Mervyn Graham. The programme in the Missionary Monthly was followed, the theme being "Each for All and All for Each." The opening hymn was "Jesus Thou Divine Companion." The Scripture reading, 1 Corinthians, chapter 13, was read by Mrs. Kenneth McCartney. The hymn, "O Holy City" was read in unison. The Temperance reading which was a quiz was given by Mrs. Carl Anderson. The meeting closed by singing the hymn, "Lord of the Lands." Supper was served by Mrs. Graham, assisted by Mrs. Mervyn Graham. During the supper hour a beautifully decorated birthday cake was placed on the table in honour of Mrs. E. A. Mason and Rev. T. F. Monahan, on their birthdays. Mrs. Graham, president of the W.M.S., read an address to Mr. and Mrs. Duncan and presented them with a silver cheese and cracker plate and two silver candle stick holders as a remembrance from the Gore W.M.S. on the departure from this charge. Mr. and Mrs. Duncan were taken completely by surprise but expressed their regrets in leaving after 18 years on this charge. Mrs. Duncan thanked the ladies for this remembrance and invited all to come and visit them in their new home in Bedford, Que., as the key would always be in the door for all. Mrs. Norman Pennell spent Monday and Tuesday of the past week in Montreal and attended the Graduating Exercises of the Trained Attendants' Association of Canada, which was held in the Allan Sherriff Hall when her daughter Una was a graduate. A Spring Tea, sponsored by the "Willing Workers" club of the Protestant Church, was held in the Recreation room of the Public School on Saturday afternoon, at which a goodly number of patients made this undertaking a success.

A musical program was provided, vocal and instrumental solos and duets were presented. One skit, "I don't want to play in your yard" was given by two young girls in character, Marguerite Wilson and Beverly Mathers, and another play, Mrs. St. Onge was their accompanist. Miss Isabel Ferguson gave a tap dance, also a ballet-dance, accompanied by Mrs. I. Turcot, who also played several piano solos. Solos and duets were sung by Mr. Ronnie Finnie and Miss Ann Furlong, a duet by Mesdames Thomson and Wilson, and songs by Mrs. St. Onge. Mrs. Bowman also played several piano solos, and Johnny Curran recited and played a harmonica solo.

Mrs. Finney and Mrs. Mathers were joint hostesses, and Mrs. Lynn and Mrs. Williams poured the early part of the afternoon, and Mrs. Stewart and Mrs. Hyatt, later. The Sunday-School teachers attended to the table. There was also a "White Elephant" sale, and a raffle for a delicious cake, donated for that purpose and a drawing for an "apron of pockets", which had been made as a collection basis. There was also a display of Birthday and Congratulatory cards, for which orders were taken.

Covey Hill

COVEY HILL—The Hemmingford omnibus route is to be extended to Covey Hill Corners, beginning on May 19th. Work on the highway the past week included ditching, fencing and graveling. The need for blasting rocks prolongs the fencing. Gravel is being supplied from Mr. Thos. Waddell's farm. A petition has been circulated by Mr. Wellington Potter asking for a sixteen-hour Customs service here. Glad to report that Mr. A. E. Curran's condition has been considered slightly improved. His daughter, Mrs. Jack Hanna, arrived from her home in Toronto, on Monday, of the past week. As representing the Havelock Council in connection with the plan for co-operative use of a bulldozer, Councillor George Gowdley has been canvassing the farmers of his district to explain details. The project is encouraged by substantial financial aid from the Quebec Government. As the supply of such expensive equipment must be limited still, this is an opportunity worth studying, but the Covey Hill farmer needs to be sure that his portion of land is deep enough in cases of interment. Those sturdy pioneers who piled stones with aching backs and bruised hands are worthy of our admiration, and so are some of the perfect stone walls around fields on the Hill, not to speak of the stone houses. But the speed and power of the bulldozer are admired by all, except in the rare case of a sensitive nature whose feeling is akin to dread at seeing this type of machine at work. In a letter dated May 11th, Mr. Martin Perry of Winnipeg states that the Assiniboine rose over 22 feet above its level but had not reached his house. He and his son have had to move their office.

Franklin Centre

FRANKLIN CENTRE—The unsettled, cool wet weather of the past week has slowed up the usual farm operations. Seeding will not be done as early as was expected. Pastures are beginning to improve but stock has only been out to graze for a few days so far. Mr. and Mrs. James Manning spent Friday in Montreal. Mr. and Mrs. Willard Anderson, of the Gore, spent Sunday with Mr. and Mrs. Ross Dunn and family. Sunday guests of Mr. and Mrs. Charles Cassidy were Mr. and Mrs. P. H. Sarrasin of Montreal and the Misses Irene and Linda Cassidy, of Montreal, the previous week-end. Miss Dorothy Sharpe and Mrs. Ebert Bruce spent a day in the city the past week. Mrs. Inez Brooks, Miss Winona Brooks, Mr. Merle Brooks and Lois Ann Moneypenny spent Sunday with Mr. and Mrs. Fergus Moore. The many friends of Rev. T. F. Duncan and Mrs. Duncan regret to hear that he has accepted a call to Bedford, Que., and will be leaving in the near future. The best wishes of this community accompany them to their new charge. Mr. and Mrs. Trennick Bates and daughter have returned to their home here after spending several months in Florida.

Mr. and Mrs. Hurzer and children of St. Lambert, and Dr. Austin Oliver, of Montreal, were Sunday guests of Mr. and Mrs. John Oliver. Mrs. Fetterly, of Montreal, spent the week-end with Mrs. G. W. Strange, Sr. Mr. D. A. Dinsmoor, of Oregon, is at present the guest of Mrs. J. Denham. Miss G. D. Herdman spent the week-end in Quebec City as delegate from the Huntingdon Rebekah Lodge.

Tierney, merchant here, is a patient in the Barrie Memorial Hospital. His many friends wish him a speedy recovery. Mr. J. V. Emard has sold his property, restaurant and barber shop in St. Christystone to Mr. E. Bourdeau. Mr. Emard expects to build a new dwelling very soon. He has been barber on this corner for over forty years. Mr. J. W. Stewart has re-purchased his factory, which he sold last fall to Mr. Akester. Miss Ruby Gilmour, of Montreal, was week-end guest of her parents, Mr. and Mrs. H. Gilmour.
