Burnside Ayrshire Sale Brings \$17,220 For 42 Head of Cattle

by Frank Napier

The Burnside Sale of Ayrshire cattle from R. Ness and Sons, Howick, took place on Saturday, August 11. The sale of 42 Ayrshires fetched \$17,220 under the hammer of auctioneer Tom Whittaker, Brandon, Vt.

During the forenoon many breeders inspected the sale of offerings, and during the period the ladies of Howick saw to it that an excellent lunch was provided.

In attendance were a considerable number of Ayrshire adherents from the Central and Eastern Ontario, from various parts of Quebec. There were also similar groups and individuals from several of the United States, including Ohio, Pennsylvania, Massachusetts, Maine, Vermont and New York. Farthest away visitor was the veteran Ayrshire breeder, S. H. Shannon of Cloverdale, E.C.

Tom Whittaker of Brandon, Vt., was auctioneer, with Douglas A. Ness, also on the platform as Sale Manager and Pedigree Exponent. The capable grand men were Rollie Ness and John Logan.

Imported
2 Bull Calves—\$1,335. (Avg. \$667.)
3 Heifer Calves—\$930. (Avg. \$310.)
6 Bred Heifers—\$3,195. (Avg. \$532.)
2 Cows (and Baby Heifer Calf)—\$2,575. (Avg. \$1,287.)

Canadian-bred
2 Bull Calves—\$605. (Avg. \$302.)
14 Bred Heifers—\$3,200. (Avg. \$237.)
3 Cows (and Baby Heifer Calf)—\$1,275. (Avg. \$425.)

Consigned:
6 Bred Heifers—\$1,500. (Avg. \$250.)
4 Cows—\$1,444. (Avg. \$361.)

A summary of the way the stock sold reads:

While animals imported by R. Ness & Sons, themselves have been features of most of the previous Burnside sales, this year ten of the imported animals were directly consigned by three prominent Scottish herds: Carnell (G. MacR. Templeton), 6 head; Hobsland (Allan Barr) 2 head; Rottenrow (Estate Jacob Templeton) 2 head. The other three imported animals were heifer calves which were specially selected by Douglas A. Ness in Scotland — one each from Willoxton (John Templeton), Townhead (Robert T. Sloan) and Roundhill (Robert Templeton).

The other outside consignors were: Bonnieshade — S. Wyman MacKeechne & Sons, Wexman, Que.; 2 head; Macdonald College, Ste. Anne de Bellevue, Que.; 3 head; Oakburn — G. A. Roy & Son, Howick, Que.; 1 head; Terrace Bank — J. Earle Ness & Sons, Howick, Que.; 4 head. The balance of the offering was made up by animals from the Burnside herd.

The general average of the sale was announced as \$410.00 on 42 head, or a total of \$17,220.00.

Twenty-four head went to the United States for a total of \$9,095.00. Statewise these were distributed as follows:

Fourteen head to New York State for a total of \$3,835. 4 head to Massachusetts for a total of \$2,105.00. 3 head to Pennsylvania for a total of \$1,155.00.

Four head went to Eastern Ontario for a total of \$1,155, while 14 head remained in Quebec for a total of \$8,095.00.

The top priced animals of the sale, both in the imported and Canadian-bred section were purchased for his "Alderwood" herd by J. G. Wilson, St. Valentin, Que. He paid \$1,525.00 for the imported cow Hobsland Beulah born January 5, 1951 and with a 3 year old Scottish record of 11,124 lbs. milk at 4.23% to her credit. Needless to say she is exceedingly well backed in so far as ancestral as well as milk records are concerned. The runner-up was Wm. Hollerich of Good Hope Farms, near Albany, N.Y.

J. G. Wilson also paid \$1,575.00 for the well-known Burnside Farms Royal Winter Fair grand champion Minstead Grace. Incidentally, her Bull calf went at \$300.00 to Oka Agricultural College.

Next high imported animal was Hobsland Bambie, maternal

sister to Hobsland Beulah. She went at \$900.00 to V. M. Hawkins, Benson, Vt. Mr. Benson also paid \$475.00 for the bred heifer Carnell Khiva, 13th from Carnell. The uncatalogued baby calf of Hobsland Bambie was subsequently sold at \$150.00 to Donald Dunsmore, Swanton, Vt.

The top of the imported bull calves, Carnell Tavern, from Carnell, did not go as high as most people expected. He went quite reasonably at \$735.00 to Ralph Cooley, Chent, N.Y.

Mr. and Mrs. Jones of Amherst, Mass., kept up their record of being constant visitors and frequent purchasers at Burnside Sales. In the latter instance by Mrs. (Sarah) Jones because she maintains an Ayrshire herd, while Mr. Jones is engaged in the Lumber business — with frequent fishing trips to the Quebec Laurentians. She took out three of the imported animals for a total of \$1,800.00. The bull calf Carnell Milford at \$600.00 and the twin bred-heifers Carnell Folly 5th and Carnell Folly 6th at \$600.00 each.

Cuthbert Nairn of Douglassville, Penna., paid \$750.00 for Carnell Mabeth 2nd, for Raymond Seidel, Virginville, Penna. The second high priced Canadian-bred animal, Macdonald Merrie Susie 4th, went at \$660.00 on the bid of Dr. Rene Trepanier (Alex. H. O'Connell, Ste. Genevieve, Que. Mr. O'Connell also got the imported bred-heifer Rottenrow Tottie 4th, at \$420.00.

Dr. G. A. Toupin, on behalf of Oka Agricultural College, purchased the heifer calf Willoxton Tulip 4th, at \$330.00 and the heifer calf Townhead Daydream 5th, at \$280.00. Also the Burnside-bred bull calf Burnside Super Chief at \$300.00.

The other Quebec purchasers included:

G. A. Roy & Son, Howick — the bull calf Burnside Note-why at \$305.00.
J. W. MacGillivray & Son, Brome Centre — Roundhill Iris (Imp) at \$320.00.
J. M. Wallace & Son, Atholville, Que. purchased 3 head for a total of \$720.00 while Peter Dickson & Son, Ormstown paid \$470.00 for two Burnside heifers.

One of the two Ontario purchasers was Harold Blaney, Maxville, Ont., who paid \$945.00 for 2 heifers from Burnside and one from Terrace Bank. The other Ontario purchaser was Alex. Wallace, Smith Falls, Ont., who paid \$210.00 for a Burnside animal.

H. Powers & Son, Auburn, N.Y., paid \$1,805.00 for 7 head, including 3 from Burnside, and 2 each from Macdonald College and Terrace Bank.

Mail bids from W. B. Culver, Amenia, N.Y., resulted in his getting 5 head for a total of \$1,045.00.

Howick 4-H Boys to Judge At Sherbrooke

The Howick 4H Ayrshire Calf Club has added another notch to its already outstanding record insofar as the production of outstanding Junior Dairy Cattle Judges are concerned.

Previously coached and entered by Club Leader (or Counsellor) R. ("Bobbie") Ness three members of the above Club participated in the recent annual Inter-Club Dairy Cattle Judging Contests at Macdonald College. That is, 4H Clubs which are located in the so-called Montreal area which includes the Huntingdon, Ormstown, Howick, Lachute, Shawville, etc. districts. The objective of the Macdonald College competition was to select the teams in not only the dairy cattle but in the beef cattle section as well which will represent the Montreal district in the Inter-District Judging competitions which will be staged at the time of Sherbrooke Exhibition for the Quebec Championships.

The Howick entrants—Wayne McKell, Rollie Ness and John Logan—were the top scorers.

FAIR STREET PARADE 1st PRIZE FLOAT

Dewittville 1956-1956, the community float that displayed almost everything. The rain during the parade did not mar the exultations of the many young and old on the float. The old-timers played checkers, the balloons and novelties were heartily dispensed and went on just the same. The double float carried so much activity and had so much to view, everyone would like to see it intact and in operation once more and under more favourable weather conditions. Congratulations to the Dewittville folks who must have had a great time preparing the double float.

2nd PRIZE ROTARY FLOAT OF BEAUTY

The Rotary Club of Huntingdon float was indeed a beautiful float. It was painted in a golden bronze, with artificial flowers on the arch over the Rotary Wheel insignia and each corner carried a handsome bouquet of colored hydrangeas. The young ladies on the float, all beautifully gowned, are ticket sale contestants in the Nurse Benefit Duck Race sponsored by the Rotary Club. The young ladies from left to right are: the Misses Norma Beare, Dorothy Hoyt, Rachael Lalonde and Mariette Lefebvre.

Ormstown Popularity Queen Will Win Valuable Prizes

The Committee of the Ormstown Boys' Club and the Community Centre is gradually lining up additional attractions which will be featured at the Annual Softball Tournament and Field Day to be held at the Exhibition Grounds, Ormstown, on Labour Day (Monday), September 3rd. It is expected that this celebration which is the 24th Annual Field Day will cap all previous Labour Day events held in Ormstown.

Up to press time there have been no applications for the Popularity Contest to be held in conjunction with the Annual Softball Tournament and Field Day. The contest is open to any young lady between the ages of 15 and 25 years and the winner will receive such wonderful prizes as round-trip tickets for two to New York City by Greyhound Coach, a day at Knopp's of the Mount Royal, and shopping vouchers from some of the leading Montreal Stores. Interested young ladies should make their applications to Mrs. J. C. Brocklehurst, P.O. Box 192, Ormstown, before August 20th.

Incidentally, the contestants must be a resident of either Chateaugay or Huntingdon Counties. Each softball team may enter one contestant in the popularity contest if they so desire. Voting for the most popular girl will commence on August 21st. Polling booths will be located in some of the stores in Ormstown, Howick, Dewittville and Huntingdon. The winner will be named at the dance to be held on Monday night, September 3, following the tallying of all the votes. Come on girls and enter your names in the Popularity Contest and help to make the Labour Day Celebration successful.

Entries for the Annual Softball Tournament are beginning to come in and it is expected that the district will be well represented in the competition for the \$140 in prize money. Entries should be sent to either Lucien Dandurand at Raymond Dandurand, Ormstown, tel. 69, as soon as possible so that the schedule may be made up.

During the afternoon, the CFCF No-Stars will play a group of senior boys of the Ormstown Boys Club. It is hoped that the local youngsters will surely defeat the "No-Stars".

At one o'clock a parade will be held with the Ormstown Band and Majorettes furnishing the music. Word has been received that additional floats have been entered in the parade which should help to add colour to the parade.

However, since teams at Sherbrooke are confined to two members each, Wayne McKell and Rollie Ness will represent the Montreal District in that competition. However, we understand that John Logan was only 10 points behind the winning winners while second team was 97 points behind the winning Howick Team.

W.I. Considers Giving \$100 Scholarships

Grandmother's Day in the Women's Institute was held on Tuesday, August 7, when a large number were entertained at the home of Mrs. F. Gordon McCrimmon and Mrs. Norman McCrimmon. For the roll call each told of the greatest change which took place since she was a girl. Final arrangements were made for the booth at the Huntingdon Fair, and helpers named for each day.

Mrs. Gordon Ferry gave a full account of the Q.W.I. convention held at Macdonald College. Highlights of the convention were the addresses by Mrs. Le Baron, retiring president, and of Mrs. Harvey, the new president. Miss Catherine McKenzie strongly advocated for women on school boards. The 60th anniversary of the Q.W.I. will be celebrated in 1957 in Ottawa. Gifts are to be sent to Ceylon from Quebec province. UNESCO funds are to be divided between India, Ceylon, and Pakistan. Mrs. Berry, of Australia, is the new president. A.C.W.W. A vote of thanks was tendered Mrs. Ferry for her report.

Mrs. W. Middlemiss, convener of citizenship read an essay on this subject by Donald Cogland, who had been sent by the Rotary Club to Ottawa. For agriculture, the convener reported that there had been a mistake in the seeds sent from the Department of Agriculture for the school fair gardens. These seeds were marked cabbage. However, instead of cabbage, turnips grew in most cases.

In publicity, radio and T.V. work were mentioned as being a good means of publicity. The Q.W.I. had asked that a woman be put on as a member of C.B.C.

For education, a scholarship of \$300.00 a year may be given high school graduates with highest marks in the schools of Hemmingford, Howick, Huntingdon and Ormstown. This would be a County project, the pupil to go on with their education.

Guest speaker was Miss Emily Kimball, who spoke on "I like old things." She had on exhibit a large number of antiques, which she explained in an interesting manner, giving several amusing anecdotes about her experiences with them. Some of these articles were, old samplers, a bed warmer, a tuning fork used in churches before the advent of organs, old miniatures and a small lamp used by the Christians in the Catacombs in Rome. Miss Kimball was thanked heartily for her interesting talk by Mrs. Carl Anderson. A prize was given, not to the grandchild with the most grandchild, but to the one with the gayest earrings on the winner, Mrs. McCrimmon, Sr. Mrs. Anderson read a poem, "My Grandma". Refreshment was served at the close by the hostess and helpers.

Youth Is Fatally Injured When Struck By Car

Marc-Aurelle Vaillancourt, aged 17, was fatally injured in Ormstown on Sunday morning when he was hit by a car driven by Oliva Forget of Huntingdon.

The accident took place in front of Beauchamp Frere store at about 2:30 to 3:00 a.m. Sunday morning. Young Vaillancourt, it is believed, was running across the road to get into a waiting car when he was struck down by Mr. Forget's car which he did not see. The driver of the car said that he did not see the young man either. The youth was removed to the Barrie Memorial Hospital where he died a few hours later.

The young man was the youngest son of Mr. and Mrs. Fred Vaillancourt of Franklin Centre. A sister of the dead man, Armande Vaillancourt, made identification of the body at the hospital and then suffered severe shock which has caused the loss of her eyesight at the moment. She is presently a patient in the local hospital.

Farmer Fatally Hurt In Haying Accident

Thomas D. Black, 28, of Fort Covington Center, was killed Thursday afternoon when he fell into a hay baler, while working alone in a hayfield on the home farm.

The body was discovered entangled in the baler at 3:40 p.m. by Leon Keefe, who was working in another field nearby.

Keefe said he investigated when he noticed that the tractor had stopped in the field. He said the tractor had stalled and the baler had stopped running.

Franklin County Coroner A. Pierre Spaulding of Malone investigated. He said it appeared that Black may have climbed onto the machine to make an adjustment, while it was running, and lost his balance and fell into the machinery.

The coroner said Black died of a broken neck. He was badly mangled and the arms were nearly severed from the body.

Coroner Spaulding declared the death accidental and there was no autopsy or inquest. State police of Troop B also investigated.

The body was removed to the Cosgrove Funeral Home in Fort Covington, following the accident.

Thomas D. Black was born in Fort Covington Center May 16, 1928, a son of the late Edward A. and Mary O'Brien Black and spent his entire life in that area.

He was graduated from Bombay High School in 1946 and since that time he had worked on the family farm. Since the death of his father, June 14 of this year, he had lived alone.

Mr. Black was recognized by friends and neighbors for his mechanical ability and they often called on him for assistance when repairs were needed.

Band Notes

Annual Donation Appreciated
Treasurer Gordon Tannahill received a \$25 cheque from the I.O.O.F. of the past week. This represents an annual donation from the Oddfellows in return for which the Band takes part in the annual Decoration Day service each year. The Band is indeed grateful to the I.O.O.F. members whose ranks are decreasing annually. The fact that the donations have been regularly received since the Band was organized is greatly appreciated by the bandsmen who wish to stress their desire to be of service to the Oddfellows at any time throughout the year.

Important Editorial
An editorial appears in this issue of the Gleaner that will undoubtedly arouse keen interest among the bandsmen and citizens at large. The editorial suggests that a band shell be erected. This had been a moot subject for some years with many suggestions that it should be accomplished but no one taking the lead. Now the time is apparently at hand and a few benefactors have signified their intentions of lending support if the band is ready and willing to pitch in and work hard to make the proposal materialize. Huntingdonians realize that a very fine band has developed in the past few years and as such is a source of pride to the community. When the band shell becomes a reality, Huntingdon will be assured of having a fine band always. After reading the editorial it is hoped some serious thought will be given and undoubtedly all "Letters to the Editor" with ideas and suggestions would be of help to all. As for the Bandsmen, nothing could please them more than helping with the project.

Band Concert Monday
Next Monday at 8 p.m. Malone Municipal Band will again present a concert in the park. These inter-town concerts are meeting with much approval both locally and in Malone and Beauharnois. Monday's

Opening Ceremonies at Huntingdon Fair

Dr. H. L. Dion, Dean of Agriculture at Macdonald College, officially opened the Huntingdon Fair on Monday night.

The opening ceremonies, delayed on account of rain, were held in the dining hall. Mr. Joe Boisseau, as Master of Ceremonies, called on Mr. McNaughton, Mayor of Hinchinbrooke, who brought the greetings of his township.

Mr. Sidney Barrington, President of the Huntingdon Fair, commended the members of the board for their hard work in helping to make the fair successful. In his remarks, he said that he hoped that this Fair would be one of the best fairs ever held in Huntingdon. He also paid tribute to Mr. J. M. Smollett for his hard work in organizing one of the best street

parades ever held in Huntingdon.

Mr. Ailister Somerville, M.P.P., Huntingdon, introduced the guest speaker, Dr. H. L. Dion, who spoke briefly on the importance of the Agricultural Fairs in the Country. Dr. Dion was thanked by Mr. Gib. MacMillan.

Canada Packers' Square Dance Contest
The Annual Square Dance Contest, sponsored by the Canada Packers in conjunction with the Huntingdon Fair was held in the dining hall on Monday night with the Jasper Lamb's "Jasper's Old Time Square Dancers" being declared winners after a very tough competition with three other groups. Second place winners were the Robert Barr "Rhythmaires" and third place were the Dundee Border Riders. The Howick Stampeders, a young group from the High School in Howick, placed fourth.

Owing to the dampness of the night, the competition was late in starting. Callers for the contest were Franklin Cameron and Matt McKell. The music was furnished by Wilson's Westernaires.

The "Jasper's Old Time Square Dancers" put on a display of very good Step Dancing which was loudly appreciated by every one present. The "Rhythmaires" danced in a good display of square dancing which helped to clinch second place. Right after them the "Dundee Border Riders" used the old song, "John Brown's Body" for their own square dance which was performed very well. The Howick Group also did a very commendable performance.

Mr. Jean Lapointe, local agent for Canada Packers in Valleyfield, presented the winning teams with their prizes.

programme will be under the direction of Mr. Ted Desnoyers and all interested in band music are urged to attend.

Amongst the many floats on the Fair Street parade on Monday evening were 1st, that of F. C. Moore, Case Farm Implementments dealer, titled The Successful "CASE". Scene purported to be the hospital case room was very well carried out, personal on float being Mrs. Gerald Moore, Mrs. John Lowden, Little Lorraine Rolfe and her mother Mrs. J. A. Rolfe. Mr. F. C. Moore drove the "Case" tractor. 2nd: 4H Club of Huntingdon carried boys and girls with their cattle, left to right are Winston French, Claire Legault, Wilbert Macfarlane, Marlyn Brown and John Nolan. 3rd is the Maple Leaf Grange float. The Maple Leaf Grange have never failed to enter a float in this annual Fair Street Parade and like the parade their float was truly better than ever before. Many other floats were in the parade, but weather conditions were such that the Gleaner was unable to photograph them.

Valleyfield

VALLEYFIELD — On Wednesday August 8th the Valleyfield Ladies Bowling Club entertained several Clubs from Montreal. There were fifty-six ladies bowling—One game was played in the morning and another in the afternoon.

Club for a very enjoyable day. There were two teams from Verdun, two from Westmount, two from Lachine, one from each of the following clubs: Notre Dame de Grace, Town of Mount Royal, Riverside, C.N.R., and Caledonia.

Editorial Notes...

It Takes a Woman to Set Us Right

WE have read all sorts of explanations and arguments on the whys and wherefores of the wide price spreads between the farmer and the consumer. But, as usual it takes a woman to put it in simple understandable language that leaves no room for an argument. Anyway, that is what we thought as we read the following editorial on this popular, but debatable subject, from the versatile pen of Mrs. K. A. Marston, Editor and Publisher of The Elora Express:

"In more than one paper recently we have seen comment on the price spread between what is paid the presently complaining farmer for his produce and what the equally vocative consumer pays for his daily bread.

There is no doubt at all that the spread is there. But there are many reasons why it has come into being and why it is difficult if not impossible to eliminate it.

Seventy years ago when the cows went window peeping in Elora and the pigs picked up quite a worth while supplement to their regular feeding at the village back door, the journey from producer to consumer was a short one. The farmer butchered his meat, sold it to the local butcher and with a minimum of extra labour it

reached the consumer right on the spot. The same held good for bread and milk and butter to name just a few farm products.

That day has passed. Sanitary inspection has ousted the milk can that poured its contents into the householder's jug. Meat must be inspected, processed, wrapped, frozen, unfrozen before it reaches its eventual market and this costs money at every stage. No more does the housewife shop at a saving by going to market. Because the same thing holds good there and market were are tied to retail rather than wholesale prices.

Every wrapper, every inspection, every handling adds to the price spread. It is well and good to blame the packer but his percentage take is infinitesimal. He works on quantity. As nearly as we can see on price and outside of co-operative action there is little enough the farmer or the consumer can do about it. We will evidently have to go right on eating tasteless, frozen, sterile milk and meat and bread, with only a faint memory of the warm crusty loaf, the fresh sweet milk and the appetizing meat that graced our grand-mother's table. It is the price of progress and the army of middlemen grows apace.

Ormstown Boys' Club

THE Ormstown Boys' Club is an organization that means much more to Ormstown than its name might signify. An impressive name for an organization such as the Ormstown Boys' Club is not a necessity, what really counts is what the Club achieves. We are indeed very happy to be able to report that this Boys' Club gives evidence of being a very worth while organization though it has been operating only within the O.W.M. C.C.A.A.A. for the past year-and-a-half, it has certainly substantiated confidence in the Club as a whole, and those who aid in its direction and leadership.

The Ormstown Boys' Club not only caters to the boys of Ormstown, but also supports activities for the girls. For example this year, the Club took a large number of boys and girls to St. Helen's Island, the great youth recreational centre of Montreal and a second even large excursion to the Granby Zoo. During the spring this year, a St. John's Ambulance Course was held and is to be completed this coming fall. Thirty-six boys and girls were privileged to take this course conducted by a St. John's Ambulance officer from Ste. Martine. If the Ormstown Boys' Club achieves nothing more than this in a year, no one could say the organization was dormant.

Desired Community Asset

ALTHOUGH Huntingdon is not a big town, it has pride, and justly so. This town and surrounding community has over the years brought about many embellishments and to the point that it is now well regarded as a town for 3000 people. Now that Huntingdon can justly boast of a population a little in excess of the 3000 souls, it would seem that it is a becoming time to mark this point of growth with some community asset such as a band shell in Prince Arthur Square.

The Huntingdon Band, founded some few years ago has really made remarkable progress and it is an asset to Huntingdon. The band makes it a practice to provide many band concerts throughout the summer season, not only in Huntingdon Town but in the surrounding community at large. Never has it requested a fee for its services that was in any way considered as excessive. The bandsmen get a great deal of pleasure through their being members of the band but when it comes to presenting band concerts in Prince Arthur Square, a properly constructed band shell would mean their musical efforts would be much more efficiently presented and heard more effectively by the public at large.

If a band shell were to be erected in Prince Arthur Square, it would seem but right that it should be so constructed that it could be used for the presentation of a great many out-of-door entertainments, such as might be provided by school groups, musicals, or entertainments in behalf of a countless number of organizations. As a matter of fact it would seem quite possible to expect some sort of an entertainment at least once a week throughout the summer months. We would think a dance patio might well be built in front of the suggested Band Shell and beyond that a semi-permanent seating arrangement. The Band Shell we view as a possibility should, of

course, be equipped with an adequate public address system so that no matter what type of entertainment is presented from the Band Shell, the sound of voice or instrument would carry with clarity to the listening audience. Naturally the Band Shell would have to be equipped with dressing rooms, running water and plenty of illumination, for without these essential assets, it would be nothing better than an ordinary band stand and that we already have.

A becoming Band Shell in Prince Arthur Square and a scheduled list of programmes for each week in the summer months, would see our town of 3000 souls fast becoming a center for summer visitors. The more summer visitors we have, the greater will our future expectations of permanent growth become.

The cost of a Band Shell is something that would have to be investigated. Should the figure be something in the neighbourhood of \$5,000, then plans would have to be formulated as to how to raise such a sum of money. If, by chance, the figure was higher than \$5,000, it would not likely become too difficult to raise, providing we of this community exemplified our desires through raising the initial funds. Added financial assistance can generally be obtained once a community has manifested its willingness to go ahead and accomplish something on its own, and with funds raised.

Your personal expression or opinion on this idea of a Band Shell for Prince Arthur Square, Huntingdon, will be appreciated. Should you wish to express yourself in writing and for publication in the Gleaner, well and good, or if you merely wish to do so by word of mouth. Irrespective of whether you favour or disagree with this thought in mind, your opinion will be duly appreciated and honored as sincere.

Laws Against Litter

THERE was once an American tobacco magnate who encouraged his employees to throw empty cigarette packs on the street, says the Financial Post. He thought these crumpled objects, if his brand name showed clearly, were good advertising.

This opinion is no longer in style. The American Tobacco Co. recently joined 100 other powerful U.S. corporations in the first co-ordinated drive, backed by industry, to get empty packages off the streets and into the trash cans.

More than 40 American states have passed anti-litter laws. At least one state

has enacted a prohibition of the sale of beer in non-returnable bottles. A public opinion poll shows that 86% of Americans believe that people who leave litter on streets or parks should be fined; and some are in fact being fined every day in the week.

Canadians certainly think as Americans do on this subject; but so far there hasn't been Canadian action to match American action. Let's have more stringent laws against the careless folk who increase fire hazards and destroy beauty; and let the laws be enforced.

Looking Back Along the Trail

Editor's note: The following is a continuation of excerpts taken from book "Transactions of the N. S. State Agricultural Society, 1848. Much of what is contained here is part of Canadian early history.

Indians attack an outpost at Fort Edward. The intelligence that Montcalm had retired with his forces to Ticonderoga, dispelled the apprehensions that had been entertained that this invasion was to extend to Fort Edward and perhaps to Albany. The order for calling out the militia was therefore countermanded. Twenty thousand had already reached Fort Edward, and probably from the post, were in a state of insubordination amounting to mutiny, some days before they were discharged.

General Lyman soon after succeeded Webb in command at Fort Edward. To make some repairs and additions to the fort, he sent a party of fifty workmen to be employed in obtaining timber from the neighboring forest. To cover and protect these laborers, Captain Little was sent with a party of soldiers about a hundred rods east of the fort, on a tongue of land reaching down to the fortress, and bounded north by a morass, and south by the creek. Early one morning the sentinel at this post saw what he supposed to be a flock of birds, flying towards him from the morass, but he soon discovered that some of these feathered messengers, as an arrow struck in a tree at his side. A party of Indians had concealed themselves by night in the morass, and in the noiseless manner to kill the sentinel, that they might then stealthily advance upon to capture the laborers. The alarm was instantly given, and the work-

men fled towards the fort, the Indians rushing furiously after and firing upon them. Captain Little's party now opened their fire upon the Indians, which arrested their advance, and enabled all the un wounded laborers to escape to safety.

The Indians, turning, attacked Captain Little's post in overwhelming number, and with such vigor that his situation became critical in the extreme. General Lyman, ignorant of the enemy's force and suspicious of further stratagems, dared venture to send no aid to the closely pressed party, and hastily called in the several other out-posts, and ordered the gates of the fortress to be closed. Major Putnam and his rangers were stationed at this time on an island in the river, and learning the jeopardy of Captain Little's party, he with his men promptly leaped into the water, swam ashore and hastened to the relief of their comrades. As they were passing the fort, General Lyman hailed them from the parapet, ordering them to stop. But though the command was heard it was not heeded. Having been so lately prevented from rescuing their companions from the tomahawk, the powder on earth could restrain them a second time. They passed on and soon reached the distressed and almost overpowered party. Uttering a shout that drowned the war-whoop of the savages, they swept through the swamp and put the assailants to flight.

No notice was taken of Putnam's disobedience of orders. Lyman, doubtless being gratified with the issue of the enterprise, and aware that his own reputation would gain nothing by an investigation of that morning's affair.

Round Byre AND Ring

By Frank Napier

Busman's Holiday
Russell Logan of Sunnyside Ayrshire Farm, Howick, recently spent a "Busman's" holiday. That is he spent most of a recent vacation in the examination of herds in the New England States.

Accompanied by Mrs. Logan and their daughter Miss Barbara Logan, Russell Logan motored to Meadowcroft Farm of Granby, Mass., where their hosts were Mrs. Logan and her son Kenneth Hatch took them on a tour of visits, including the famous Lippitt Farm of R. L. Knight at Hope, nearby Providence, R.I. They were cordially received and shown around the famous Ayrshire herd by Herd Superintendent Gilbert ("Gib") Muir, who is well and favourably known in Canadian Ayrshire circles. Incidentally, he judged Ayrshire at the Boston exhibition some two years ago and at the 1955 Royal Winter Fair.

A visit to the seashore and the sampling of Rhode Island's famous clams were also included in their itinerary.

Weather Prophets
Those who suffer from the current C.B.M.'s weather reports around 8.15 to 8.20 each morning will doubtless agree with us that the said C.B.M. is well served. In an interview with "Gib" Muir, of which a brief description is given hereafter.

Moreover, it would be partially in line with the suggestion made in the Editor's of a Montreal Real Newspaper, the writer of that letter was quite sarcastic over the above referred to "Probs", and suggested, in effect, that C.B.M. "give the Dorval boys a rest and that instead of saying that they should be interviewed with elderly men and women who are afflicted with Rheumatism". Would thereby probably get more accurate weather reports.

Putting aside however, and no pun intended, the C.B.M.'s morning weather forecasts are mostly beyond a joke. They commence with "Good Morning Mr. Forecaster", sometimes with an additional inane comment. Then follows a rasping, often rather puzzling comment by Mr. Forecaster, again often interspersed with inane comments by the C.B.M. Announcer. Finally the Announcer gives a repetition of Mr. Forecaster's comments.

And we in this district are mostly rather puzzled as to what the weather will be during the following 24 hours. In fact, in many instances the forecasted weather for the Montreal district has often already happened in this area, or we may be already in the midst of it. In many instances we may neither enjoy or suffer from the kind of weather the forecaster glibly tells us we may expect.

Animals and Birds
However, to return to the town of Cleithropes, and in quotation of an article in a recent issue of The Weekly Journal of Aberdeen. It is headed: "The Spider and the Fly — Weather Forecasters".

Now here's an idea for North-east holiday resorts. The seaside town of Cleithropes, in Lincolnshire, has set up its own weather service in desperation over its topsy-turvy weather, which is often fine when the B.B.C. has forecasted holidaymakers by forecasting rain. Henceforward a corporation night-watchman's predictions, based on the behaviour of birds and gnats, will be flashed to stations and depots within a 75-mile radius by 6 a.m. each morning.

In this article Bertram Jackson explains why, in different parts of the country, leaping sheep, a bull hitting a horse, a crawling road, and a spider at work on her web, are all barometers to various weather conditions.

And here is the weather forecast for the next twelve hours as provided by the birds and the gnats, and passed on to you by the night-watchman.

This is the answer of Cleithropes, Lincolnshire, to its biggest headache — today-turvy weather. So the Lincolnshire resort has set up its own weather bureau. As the sun makes its appearance — or re-

mains concealed by clouds — a corporation night-watchman will forecast the rest of the day's weather, using the old-fashioned method of watching the birds and the gnats.

By 6 a.m. his forecasts will be flashed to main-line stations and coach depots within a seventy-five-mile radius of Cleithropes.

The forecasting will be done by Harry Boon, a fifty-eight year-old night-watchman at the town's sea-front pumping station.

He says that he can always tell what the weather outlook is going to be by watching the gnats and the birds.

When the swallows fly low to catch the gnats, it means a heavy atmosphere and that rain is on the way. When the swallows fly high for the gnats, according to Harry, then the sun will shine all day.

Animals React
It is a well-known fact that animals and birds react to the state of the air in different ways, and it is possible to predict fairly accurately changes in the weather by observing their movements.

In spots of radio forecasts there are still a number of people living in the remoter parts of the country who rely almost entirely upon such signs, and very rarely will the actions of animals, if properly noted, be found to have been misleading.

When, for example, animals herd together or seek places which are sheltered from the elements, instead of roaming about as usual, rain or unsettled weather will, in all probability, follow.

Shepherds, naturally, have to keep a watchful eye on the weather, and they will tell you that when sheep leap and prance about and butt one another, a storm is not far off, while if they descend to lower ground after grazing on hillsides, the approach of rain is betokened. Should the sheep bleat excessively during the evening or night, rough weather may be experienced.

If the bull walks majestically at the head of his herd on the way to pasture of a morning, and refuses to allow any of the accompanying cattle to pass him, it is an indication of a coming storm. If, however, he catches his dignity, the opposite may be inferred. If he eats more than usual or licks his hoofs, rain may be looked for at once. And if he runs about the field with extended tail, bucking and kicking, a tempest is at hand.

Figs are said to become agitated, and cause a great deal of commotion generally before the revival of strong gales.

Birds, insects and reptiles probably most of minor prophets, most of them with a gloomy message to proclaim. The noisy quacking of ducks and geese, the croaking of frogs, the loud singing of the cricket, the high pitch of the cricket's song, and the crawling of the road across the road at dusk are one and all harbingers of rain.

The spider is the most interesting barometer. She prepares for wind by shortening the main filaments of her web. When these are unusually long, fine weather may be expected to last for ten or twelve days. Very rarely is the web left alone for more than twenty-four hours. Complete cessation of work is said to be a sign of wet but if activities are resumed during the rain it is an indication that the shower will not last long and will be followed by a spell of settled weather.

Bees 'Strike'
When bees stay at home in the hive instead of going out to work it is a sign of coming rain. And when bats continue flying very late of an evening, fair weather may be expected.

Finally, the following is a quotation from an American almanac of 1870:—"When you see thirteen geese walking in Indian file and toting in, you can deliberately bet your last dollar on a hard winter and great fluctuations during the coming season in the price of cowhide boots."

North-East Views
Here is what North-east agricultural men think of animal weather forecasting.

Farmer Mr. William Hunter, Kingfish, Stonehaven, says: "Some people are inclined to sneer at this,

The Week At Ottawa

OTTAWA, August (CP) — Inflation warnings rumbled louder in the capital last week with the news that the Bank of Canada has increased its interest rate again. The increase—the fifth in 12 months—boosted to 3 1/2 per cent the interest the bank charges on loans to chartered banks and security dealers on security of treasury bills or short-term bonds.

It had stood at three per cent before the latest increase in the series which began in August, 1955, when the rate was increased to two per cent from 1 1/2. While the banks do not borrow much from the central bank, the rate is regarded as an indication of stiffening money policies. The bank as usual, gave no reason for the increase but the announcement is generally regarded as a warning to industry to moderate investment plans as an anti inflation measure.

Other Warnings
Bank governor James E. Coyne said only a fortnight before that Canada's planned record investment of \$8,000,000,000 this year cannot be carried out without a substantial rise in costs.

Trade Minister Howe indicated concern in the Commons August 9 when he told John Blackmore, Social Credit member for Lethbridge, that "the Government is doing all it can, through fiscal measures at the moment, to hold inflation in check". Mr. Blackmore had asked for government action to hold steel prices in check.

The Bureau of Statistics' consumer price index, which represents living costs, rose a week before the bank's action to a new post-war high of 118.5, up from 117.8 the previous month. The rise was almost entirely attributed to an increase of 17 per cent in food prices.

The government has adopted a non-committal attitude on repeated opposition demands in the Commons to ease its tight-money policy to increase the flow of mortgage funds into Canada's housing program.

Generals' Criticism
Two retired top Canadian army officers unleashed a sharp criticism of Canada's defences last week. Maj.-Gen. W. H. S. Macklin, Adjutant General of the Canadian Army from 1949 but in my fatherly time when there were no wireless forecasts, farmers relied on their animals to tell them whether the weather would be suitable for certain jobs, such as harvesting.

Mr. Hunter says he can usually tell when a storm is approaching if he is fattening cattle in their stalls. "The beasts become very restless and jump for no apparent reason."

At the Rowett Institute, where animals are kept for experimental purpose, they believe that birds and animals foretell the weather in the following ways:

If rain is imminent crows fly low, particularly around houses, cawing loudly; it also means rain if ewes gambol like lambs; and at the approach of a storm seagulls fly inland.

If you see a bat flying high about at night, it is generally a sign of a fine day to follow. They rarely come out when bad weather is approaching.

Before fog, deer herds come down off the hillsides, and before a storm they can be seen in the lee of woods on the lower slopes.

If you see swallows flying high or crows performing acrobatics, look for winds in the near future.

And if you see cattle all with their backs to a certain direction, you can take it bad weather will come from that air.

Hemmingford
HEMINGFORD — Mr. and Mrs. Hugh Orr, Providence, R.I., vacationed for a week at the home of his brother Mr. Frank Orr, Barrington. They also visited with his sister Mrs. T. Hill and Mrs. M. Pelletier, nieces and nephews in the community.

to 1955, charged at the 25th Coughing Conference that Canadian defence policy is not, and never has been, based on any dispassionate, scientific study.

It was, he added, decided by internal political factors, and not military considerations. He added that Canada's military strength is below minimum essentials, and said that when Canada formed a brigade to join the Korean War many recruits were from prisons.

Lt.-Gen. Guy Simonds, former chief of the army general staff, delivered the follow-up punch a few hours later, commenting on Gen. Macklin's statements.

He said 7,000 of the 20,000 men recruited for the Korean war were weeded out as unfit. He added he knew of no recruiting in prisons, but there were cases where magistrates had given persons convicted of minor crimes the choice of joining the army or taking a jail sentence. He added he was not criticizing the Brigade part in the Korean war, once it got there. He had only praise for its actions.

Prime Minister St. Laurent, answering questions in the Commons, said he thought the general's statements were designed to induce the public to take a more serious view of the dangers all Canadians face. In Canada, as elsewhere, there were differences of opinion among top officers as to the best means of defence.

"They would not be worthy of our confidences if they did not recommend what they feel necessary," he said. "But we can't do everything."

News from Ormstown

Covering the Activities of the "Little Royal" Exhibition Centre

ORMSTOWN — Misses Lyla E. Winter and Lois Hasket of Inverness have been spending two weeks at Halifax and touring the Annapolis Valley and Cape Breton.

Mr. and Mrs. Lindsay Cullen and Nancy and Mr. R. Skidmore motored to Springhill, N.S., where they visited relatives. Mr. Skidmore remaining for several days. They also visited Mr. and Mrs. Lawrence Skidmore, Fredericton, and spent some time in Maine.

Mr. and Mrs. Bury McGerrigle, Jimmie and Dick spent a few days at Virginia Beach.

Messrs. Rodney Barrington and Donald Hooker are spending a few days at Saranac Lake.

Miss Dorothy Winter spent several days with her cousin, Miss Diane Barrington.

Miss Norma Robertson of Riverfield is spending this week with her cousin, Miss Alanne Hooker.

Evening Auxiliary Picnic
The Ormstown Presbyterian Evening Auxiliary held the annual picnic at the Hooker cottage, Lalonde's Point, on Wednesday, August 8. Members and friends accompanied by their families, making a total of 60 people, partook of a picnic lunch and supper on the lakeshore and almost all present swam during the day.

Miss Joyce Begbie spent a few days with Mary Catherine Hooker, Lalonde's Point.

Mr. James Ainslie of Carmen, Man., was a guest of his cousin Mrs. William Kilgour and visited other friends.

Miss Miriam Agnes of New Carlisle and Goose Bay, Labrador, and Mr. Thomas Bennett, R.C.M.P. Goose Bay, called on friends and were guests of Mr. and Mrs. Alan Hooker, Lalonde's Point.

Mr. George Tannahill, student minister from Presbyterian Theological College, conducted service at the Ormstown Presbyterian Church on Sunday morning. Mr. Tannahill was very well received by the congregation and shows great promise as a Minister.

TATEBURST — Mr. and Mrs. Wm. Pennington and Mary Elizabeth of Ogdensburg, N.Y., were Saturday guests of Mr. and Mrs. Wm. Brown. Mrs. Adah Pennington returned with them to spend a few days at Ogdensburg.

Mrs. Margaret Sutton spent Sunday at the home of Mr. and Mrs. Egbert Bruce.

Mr. and Mrs. Alan Hooker, Brian, Mary Catherine and Alanne spent the week-end at St. Coloman and visited Mr. David Foreman at Slavery Lake.

visited Mr. David Foreman at Slavery Lake.

Wedding
BARRINGTON - HOULE
The marriage of Elizabeth Antoinette, only daughter of Mr. and Mrs. John Houle, of Huntingdon, to Mr. David John Barrington, son of Mr. and Mrs. Ivan Barrington, of Ormstown, took place Saturday, July 28th, at eleven o'clock, in the Ormstown Presbyterian Church, the Rev. J. Clark Hood officiating. Mr. Robert Eastwood played the Wedding Music and Mrs. Eastwood sang "O Promise Me" during the signing of the register and "Walk Hand in Hand" as the bride and groom left the Church.

The bride, who was given away by her father, wore an Alfred Angelo Original gown of lace and tulle over satin. The gown was fashioned with a fitted bodice of lace with a Peter Pan collar and long sleeves ending in points over the hands. Her full tiered skirt with long train was of tulle and lace. Her finger-tip veil of tulle illusion was held by a head-dress of iridescent and seed pearls and she carried a cascade bouquet of white carnations and stephanotis.

Miss Simone Gariepy of Huntingdon, cousin of the bride, was maid-of-honor and Miss Joan Barrington of Saranac Lake, N.Y., and Miss Bernice Barrington, sisters of the groom, were bridesmaids. All three attendants wore identical waltz-length gowns of white lace and tulle over taffeta with fitted lace bodices and full skirts. Their head-dresses were of spun nylon and pearls and they carried mauve, yellow and pink carnations.

Little Miss Louise Gariepy, cousin of the bride, wore a white, nylon lace with fitted bodice, full skirt and short puff sleeves. She wore lily-of-the-valley in her hair and carried a nosegay of lace and blue corn flowers.

Mr. Rodney Barrington acted as best man for his brother and the ushers were Mr. John Houle, Jr., brother of the bride, and Mr. Leslie Greer of Ormstown.

Mrs. Houle, the bride's mother, was groomed in a raspberry-colored dress of tulle and lace. She wore a matching hat and neutral accessories. Her corsage was white carnations.

Mrs. Barrington, mother of the groom, wore a navy sheer dress, pink hat and navy accessories. Her corsage was pink carnations.

A reception was held immediately after the wedding at St. Agnes Hotel for one hundred and fifty guests and relatives, after which the bride and groom left by motor for Old Orchard Beach, Maine, and Massachusetts. For going away the bride chose a navy blue corded silk dress with white hat and white accessories. Her corsage was red roses. On their return they will reside at 48 Church St., Ormstown.

On Wednesday, August 8, the St. Paul's United Evening Auxiliary met at the summer home of Mrs. Bert McCartney.

Instead of the regular meeting, this took the form of a picnic where the ladies and their families, numbering 58 altogether, spent a very enjoyable day swimming and bathing. The weather being ideal for such an occasion.

ORMSTOWN — Mr. Percy Watmore, Greenfield Park, an old army pal of Lawrence Wareing, World War I, spent Wednesday together reminiscing since they had not seen each other since 1918. The day was spent at the home of Mr. and Mrs. Raiza English.

The Sproule family entertained at the home of Mr. and Mrs. Lloyd Sproule, Saturday evening, in honour of their cousins, Mr. and Mrs. Lawrence Wareing from Windsor, Ont. A very pleasant evening was spent.

Mr. Russell Meikle returned home on Saturday from Philadelphia, Pa., after attending the funeral of his mother, Mrs. George Meikle.

Mr. and Mrs. Raymond Melkie returned to Ormstown Friday evening after spending a week's vacation at Philadelphia, Pa., and Atlantic City, N.J.

The Executive of the Women's Auxiliary of The Barrie Memorial Hospital, met in the hospital Board Room on August 6th. The Treasurer reported receipts to July 31 of \$1165, and expenses of \$416.20, leaving a balance of \$748.80.

Final plans for the supper and bazaar to be held on September 13, will be made at the next meeting of the executive on Thursday, Sept. 6.

The Barrie Memorial Hospital acknowledges with thanks the annual membership fee of \$10, as from Mr. Cecil Younie, Howick. A donation of \$11.57 was received from the Women's Auxiliary of the Barrie Memorial Hospital for which thanks is duly accorded.

Q.W.I. NOTES

ORMSTOWN BRANCH
The regular monthly meeting of Ormstown Women's Institute met at the home of Miss K. Murphy on August 7th.

Plans were discussed concerning a food sale which will be held on August 17th in the afternoon. All members are requested to bring at least two articles.

The president, Mrs. A. A. McNeil, requested the members to have 5 articles with something in keeping of our emblem such as jewellery, miniature maple leaves, etc. They will be forwarded to Macdonald College and given to Mrs. Harvey who will take them to Ceylon to the A.C.W.W. convention which is held this year.

A very interesting and instructive report of the Convention for the Province was given by Miss Caroline Brown, Miss C. Brown was the delegate to the Provincial Convention.

Mrs. J. B. Hamilton of South Bolton won the Tweedsmuir Trophy for painting this year. Miss C. Brown told the members of the many different places that had been visited by Mrs. A. M. Berry who comes from Australia. She related quite a lot of Mrs. Berry's address given at Macdonald College.

Chateaugay and Huntingdon Win W.I. Awards
We are very pleased to announce that Dorothy Beattie of the Ormstown High School won \$100, as the Bursary given her. Congratulations Dot, and keep up the good work.

We also offer our congratulations to Miss Evelyn Kerr who won the Mrs. Alfred Watt Memorial Fund; also to Mrs. Norris Sample of Hemmingford who won the Frederica C. McFarlane Memorial Fund. We send our best wishes for continued success in the future in the endeavour.

Dainty refreshments were served at the close of the meeting by Miss K. Murphy, Mrs. F. Martin and Mrs. Geo. Kilgour.

Howick
HOWICK — Mr. and Mrs. R. W. McFarlane have returned home from a motor trip, travelling through New York, Vermont and New Hampshire.

Mr. and Mrs. Alex Steele of Bedford, were Sunday guests of Mrs. Maude Reddick. Mrs. Reddick returned home with them.

Miss Ellen Carmichael is spending a few days with relatives in Montreal.

Mr. and Mrs. Frank Hadley of Milton, Ont., and Miss Marjorie Hadley and Mr. Pat McCusker of Toronto, spent part of last week

visiting at the homes of Mr. and Mrs. Leonard Baillie, Mr. and Mrs. Wm. Baillie and Mr. and Mrs. David Fiskin.

Dr. John Ness of Auburn, Mass., is the guest of the Hon. R. R. Ness, Mrs. R. J. Button and Mrs. W. Hollyman of Lucknow, Ont., have returned home after having spent two weeks visiting with relatives.

Mrs. Melville Cunningham of Fort Nelson, B.C., is spending a few weeks at the home of Mr. and Mrs. Roy Younie and other relatives. Mr. Leslie Carson, of Smiths Falls, and

Mr. and Mrs. Ross Hardy of Montreal also visited at the same home. Howick W.I.

The August meeting of the Howick W.I. was a picnic, held on Tuesday, August 7, St. Francis Beach. On arriving there, a number went in swimming. Following the picnic lunch, a short business meeting was held. Mrs. Cline gave a short interesting description of her home at Alert Bay, Vancouver, and the recitation by Miss Margaret Morrison, "Half Hour at the Beach", was thoroughly enjoyed by all.

CARS ARE MY LINE by Noel A. Foisy It spools a good story, but it's not true that the Ford Motor Co. investigates your social background before they'll sell you a Continental Mark II, the car that was designed to be, and has become, the world's finest automobile. It's a story that cropped up just before the Continental was introduced, and I really don't wonder that such fables did surround this fabulous car almost immediately it was announced. One parking lot attendant pleaded for the chance to park this sleek car of quiet, dignified beauty. Finally the attendant said: "Mister, I'll pay YOU a dollar if you'll let me park it for you." Laughing, the owner pocketed the dollar and let the happy attendant take over. When he came back, the owner found a line of small boys beside the car each paying the attendant 25 cents for the privilege of sitting behind the wheel. They were sitting, incidentally, on luxuriously soft handsome leather that William Clay Ford searched the world over to find. He found it finally in a little town in Scotland and this leather is combined with the finest in automobile components to make a car that fairly oozes with quiet quality. The Continental, it's true, isn't a car for the man-on-the-street. But the car demonstrates the talent and experience and love of automobiles that stands behind the Ford name. This year, as always, there is a line of Ford-built cars that are making the news for exciting engineering and life-saving safety features. You hear more about Ford because Ford does more. I hope you'll drop in soon and look over the year's most newsworthy cars. Empire Garage HUNTINGDON

FELLER COLLEGE where Your Child will grow in mind and body • Bilingual • Residential • Co-Educational • Supervised study periods • Recreation facilities The wholesome atmosphere of this famed school is complemented by the pleasant natural surroundings where growth of body and mind is unfettered. School opens September 10th, 1956 - Closes June 8th, 1957.

Weddings

ELLIOTT — THOMPSON

Miss Hazel Laura Thompson, daughter of Mr. and Mrs. Duncan C. Thompson of Bainsville, Ont., and Mr. William Ross Elliott, son of Mr. and Mrs. A. Lorne Elliott, of Ormstown, Que., were united in marriage by Rev.

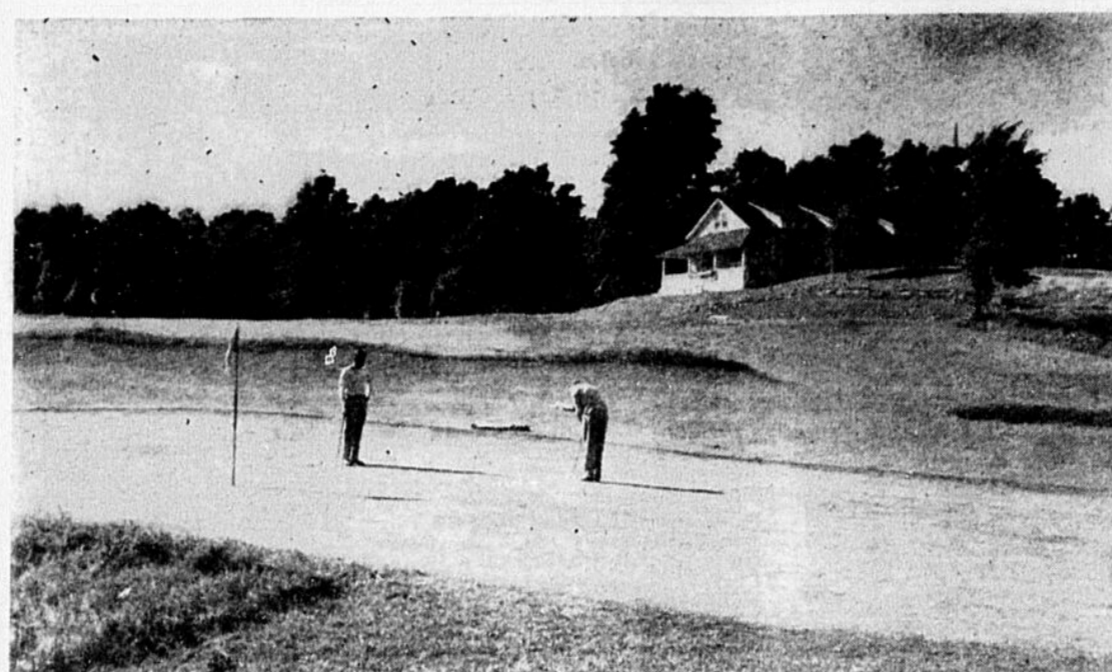

E. I. Johnston at a seven o'clock ceremony in St. Paul's United Church, Ormstown, on August 4th. Mrs. Percy Osmond was organist and Mrs. Stuart Osmond sang "The Lord's Prayer and O Perfect Love. The church was decorated with gladioli and white tapers.

Given in marriage by her father the bride wore a chapel length gown of alencon lace over peau de soie. The face framing collar and fitted bodice formed a redingote over the magnificent train. Her fingertip veil of tulle illusion was held together by a Juliette cap of the same material as her dress.

Mrs. Gordon Elliott was matron of honour and the other attendants were Mrs. Peter Abbott and Miss Donna Thompson. Miss Linda Elliott was the little flower girl. The attendants were gowned alike in ballerina length dresses of white nylon over net and they carried bouquets of blue cornflowers with matching bandeaux. They all wore pearls a gift from the bride.

The bridegroom was attended by his brother, Mr. Drummond Elliott. Ushers were Mr. Merrill Elliott, brother of the groom, and Mr. Campbell Thompson, brother of the bride. The bride's mother wore a teal blue dress, a white hat and navy blue accessories. Her corsage was of pink pinocchio roses.

For PICKLING PERFECTION LION PURE VINEGARS Aged in Wood THE BEST... MOST ECONOMICAL!

Sometimes a game becomes the rage because an outstanding player hits the public fancy, such as Babe Ruth in baseball, Rocket Richard in hockey, Bill Tilden in tennis. Golf got its first real boost on this continent in 1913 by the exploits of Francis Ouimet, and later by the famous Bobby Jones and a succession of brilliant professionals. But it was that great amateur, President Ike Eisenhower, who made "golf" a familiar word throughout the land.

Golfers come from all walks of life, and a visit to a golf course will prove this to the most casual observer. About the nearest course to Huntingdon is the Malone Golf and Country Club. A fine clubhouse looks down on rolling fairways of shimmering green, interspersed with conifers and stately elms. Slowly moving groups of people dot the landscape. These are the doctors, lawyers, plumbers, clerks, editors, contractors, bakers, salesmen, carpenters, civil servants, businessmen, their wives, sons, daughters, fathers, and sometimes even grandfathers. They are all absorbed in driving a small white ball over hill and dale and finally into a little hole the size of a teacup.

The groom's mother wore a rosewood dress with lace inserts, a white hat and navy blue accessories. Her corsage was of white feathered carnations. A reception was held at MacDougall Hall where baskets of gladioli and summer flowers formed the decorations.

For going away bride wore a polished blue-grey summer suit with white accessories and a corsage of yellow mums. The couple are spending their honeymoon in Bermuda.

JOHNSON - AUGER

The wedding took place on July 26th at St. Paul's United Church, Ormstown, of Miss Marjorie Joan Auger and Mr. Alvin William Johnson.

Rev. E. I. Johnston officiated in the double ring ceremony for the daughter of Mrs. Alfred Auger

and the late Mr. Alfred Auger of Turner Valley, Alta.; and for the son of Mr. and Mrs. Alvin Johnson of Lethbridge, Alta. Baskets of regal lilies, white hydrangea, and blue delphinium decorated the candlelit church.

Mrs. G. P. Osmond played the wedding music and the soloist, Mrs. T. S. Osmond, sang the Lord's Prayer and O Perfect Love. Given in marriage by Mr. Donald Lang, the bride wore an imported English model of beige lace over taffeta cocktail length with white bouffant skirt, a long fitted bodice, portrait neck line and elbow length sleeves. She carried a cascade bouquet of pink pinocchio roses.

The bridesmaid, Miss Muriel Auger, of Montreal, was dressed in a cocktail dress of Dior blue taffeta with matching bandeau of feathers and carried pink carnations. Mr. Jack Johnson, brother of the groom, was best man, and finally were Mr. B. L. McGerrigle, cousin of the bride, and Mr. Carlyle Dickson.

Following a reception at MacDougall Hall the bridal couple left by car for a trip through Ontario.

The bride traveling in a navy shantung sheath dress with black accessories and wearing a corsage of pink roses. Mr. and Mrs. Johnson will reside in Ithaca, New York.

HALL-NESS NUPTIALS Willowdale Presbyterian Church was the scene Saturday, July 21, 1956, of the marriage of Martha Jean Ness, daughter of Mr. and Mrs. William G. Ness, Aurora, to George Henry Hall, son of Mr. and Mrs. Roy Hall, Tweed, Ont.

The soloist, Miss Hazel Elliot, Howick, Que., cousin of the bride, sang the Wedding Prayer and I'll Walk Beside You. Given in marriage by her father, the bride wore a full length gown of white nylon chiffon over taffeta with picture neckline of chantilly lace, designed in princess style, flowing into a bouffant skirt with chapel train. Her fingertip veil was caught by a crown of pearls and iridescent beads. She carried a cascade of white carnations centred with red pinocchio roses.

Miss Anne Ness, Howick, Que., cousin of the bride, was maid of honor. She wore a sea-green waltz length gown of nylon net over taffeta with a tiny bandeau hat set

rather than the exception. Golf is a game that should teach self control. If it doesn't, you miss the full enjoyment and benefits of the game. If it does, you're a golfer for life.

A golf course is a community asset. It usually lasts a very long time. It increases property values. It is a tourist attraction. It is a certain revenue producer. It gives local employment, especially to teenagers.

Huntingdon has its golfers and a great many play at Malone. Joe Lühr, popular pro of the Malone Club, says he sometimes absentmindedly calls it the Huntingdon Club.

The course is now a complete 18 holes, and the management and sponsors are to be congratulated on having created one of the finest courses in Northern New York and the bordering Canadian area.

with pearls. She carried a cascade of pink and white carnations. Ronald Christie, Barrie, cousin of the groom, was best man. Ushers were Ross Elliot, Howick, Que., and Allan Powell, Toronto.

For the reception at the bride's home, Mrs. Ness received in a gown of petal pink sheer, with matching accessories and wore a corsage of white carnations with red briarcliff roses. The groom's mother wore a powder blue nylon sheer with accessories to match and a corsage of white carnations with pink briarcliff roses.

Leaving on a trip to the Gaspé and Maritimes, the bride wore a dephinium blue linen suit navy and white accessories and corsage of pink and white carnations. On their return the couple will reside in Scarborough, Ontario.

Among the relatives from a distance was the bride's grandmother, Mrs. John Elliot, of Howick, Quebec, who celebrated her ninetieth birthday this summer.

Council Meetings

HINCHINBROOKE COUNCIL Held in the Herdman Town Hall, Monday, August 6, 1956—Mayor A. W. McNaughton presiding.

The secretary was authorized to instruct John Patenaude (Road Officer) to clean a portion of ditch on Range 3 as requested by Messrs. Laberge and Freebairn.

The secretary was instructed to write the Quebec Dept. of Roads asking them to repair a culvert on Range 3 opposite the Farm of A. Laberge, also to erect a "Slow Down" sign near the end of the Dewittville-Rockburn side road for traffic approaching Dewittville. John Lusier asked permission to cut some roadsides trees opposite his farm on Route 52. The Road Committee was instructed to look into this matter.

Ernest Atcheson asked to have a portion of the Ross-Atcheson Discharge cleaned. Moved and seconded Ed. Robson be appointed to have said work carried out. Carried.

Mr. Donald Racine was before the Board requesting the council take possession of the Canal Bridge on the Athelstan - Powerscourt road. Moved and seconded the council take possession of the said bridge as soon as written permission is

received signed by the parties interested and providing the Department of Public Works replaces the present bridge with a new bridge: it is also understood the council permits the interested parties the same privileges as before as to the use and passage of water.

The Road Committee was asked to interview Mr. Somerville, M.L.A. regarding certain municipal matters.

The secretary was instructed to ask Geo. Williams (road officer) to have a portion of the Ross-Acheson Discharge cleaned. Moved and seconded Ed. Robson be appointed to have said work carried out. Carried.

Mr. Donald Racine was before the Board requesting the council take possession of the Canal Bridge on the Athelstan-Powerscourt road. Moved and seconded the council take possession of the said bridge as soon as written permission is received, signed by the parties interested and providing the Department of Public Works replaces the present bridge with a new bridge: it is also understood the council permits the interested parties the same privileges as before as to the use and passage of water.

The Road Committee was asked to interview Mr. Somerville, M.L.A. regarding certain municipal matters.

The secretary was instructed to ask Geo. Williams (road officer) to have a portion of ditch cleaned on Range 3 as requested by Walter Welburn.

The mayor was authorized to sign a public charities card for the late Albert Corbett. A letter was read and filed from the Salvation Army. Moved and seconded the council send \$20.00 to the Salvation Army Campaign for funds.

Reggie Taylor asked to have the Range 5 and 6 watercourse amended. Moved and seconded that Ed. Robson be appointed Special Superintendent to amend said watercourse. Carried.

Moved and seconded that the Telephone Co. be notified to remove the pole - brace near the Town Dump on the Athelstan-Powerscourt road, as it is too close to the main road. Carried.

After careful consideration of the Valuation Roll, it was moved and seconded the Valuation Roll be homologated without amendments. Carried. The following accounts were ordered paid: The Huntingdon Gleaner Inc. \$5.72; Fred Elliott; W. S. Saumier \$15.73; Dept. Roads \$44.80; Shawinigan Water & Power Co. \$34.51.

ELGIN COUNCIL Elgin Council held its regular meeting, August 7th. Councillors Hay and Gavin absent.

The following accounts were approved and ordered paid - Joe Girard \$50.; E. Castagner \$1.; The Huntingdon Gleaner Inc. \$3.35; Mrs. E. R. Thompson \$50.; Arthur Goodfellow \$10.; Graham Salter \$50.; Robert Chambers \$34.30; J. Arthur Macfarlane \$6.. The new valuation roll was then examined. It was moved and

agreed that same be homologated with three amendments, two names struck off and one change of property.

Two public charity cards were presented to the board, both refused. Councillor Bergevin was given authority to have weeds and brush cut around snow plow garage.

ORMSTOWN PARISH COUNCIL Ormstown Parish Council met on Tuesday evening, August 7; Councillors Sproule and Smith absent.

On motion of Councillors Bolduc and Rodger the following accounts were approved for payment: Minister of Finance \$124.77; L. R. Ross \$22.40; Shawinigan Water & Power Co. \$6.81; Lionel Brunet \$1.

On motion of Councillors Dan-durand and Rodger the sum of \$50. was voted towards the Salvation Army Red Shield Appeal.

On motion of Councillors Rodger and Bryson the Mayor was authorized to sign Quebec Public Charities card of Mr. Geo. Cowan.

Mr. W. R. George

Rotary Governor for District 250 is to pay his official visit to the Huntingdon Rotary Club on Monday, August 20. Mr. George is in charge of Soils and Chemistry Division at the Kemptville Agricultural School, Kemptville, Ont. Community, church and hockey have figured prominently as his life interests. As Mr. George veers away from the topic of Rotary it will be found he is versed in subjects that can command the interest of all Rotarians irrespective of their respective walks in life.

ROOF RAFT

A helicopter may hover like a bird, but when it comes down to roost on a roof it weighs plenty, and sets up quite a strain. So engineers have devised a gimmick. The whirly-bird lands on an aluminum raft floating in a shallow pool of water. The machine's weight is spread over the area of the raft instead of just that covered by the landing gear. No doubt they figured out, too, how passengers can get "ashore". Certainly men who work with aluminum are mighty resourceful. In fact, they keep us busy supplying them with this versatile modern metal, at home and in foreign markets. ALUMINUM COMPANY OF CANADA, LTD. (ALCAN)

Covering The Sports

In Sunday's baseball game played at Hogansburg, the Huntingdon Merchants won their ninth game of the season by a 12 to 9 score. Bob Graham was the winning pitcher. Graham took over in the third inning after Hogansburg had picked up five runs on six hits off Chief St. Denis in the first two innings.

FAST RELIEF FOR TIRED FEET

the starter and loser for Hogansburg. In the four innings that he pitched White gave up ten runs, on twelve hits, and walked one man.

Ben Kelly pitched the last five innings. Kelly gave two runs on five hits. A fine relief job.

Ozzie Watson and Baldy Poupore each batted in four runs for Huntingdon. Poupore did it with two home runs and Watson with four singles. Each went to bat five times. Jon Proudfoot had two doubles and a single and batted in two runs. Big Eric Salter hit a home run in the first inning to drive in the other two runs. Bougie and Graham each had two hits to help the winning cause.

For Hogansburg Jock, Cree and Johnson each had three hits to lead the Chiefs at the plate. Johnson batted in three runs to lead the Chiefs in this department.

Manager Spencer Gavin was a surprise starter in right field when some of the Huntingdon players were late arriving for the game.

Next Sunday the Merchants will travel to St. Regis Falls where they will play their final game of the League schedule.

Last Wednesday the team travelled to Beauharnois where they played an exhibition game with the newly formed Beauharnois club.

Huntingdon won by a 14 to 1 score. Bob Graham and Basil Curry pitched the game for Huntingdon. Graham went the first seven innings and gave up one run, two hits and struck out nine. Curry who played a good game at first base, came in and pitched the last inning. He allowed one hit and struck out three.

Huntingdon belted three Beauharnois pitchers for sixteen hits over the 8-inning game, with Marcel Bergeron getting four hits including 2 doubles and a triple. Bergeron was loaned to Huntingdon when it was found that they were short a player. Bergeron usually plays for the Beauharnois club.

Baldy Poupore had 4 for 5 in one run. Jon Proudfoot had 3 for 5 and batted in four runs. Proudfoot also stole home in the last inning when Rosie Lecompte, former Huntingdon pitching star, was on the mound. Bob Graham hit the only home run of the game in the 7th inning with two men on.

Petit was the starting and losing pitcher for Beauharnois. He went 5 innings and gave up six runs, on seven hits and one walk. Jennings pitched two innings and was tagged for six runs, on five hits and two

walks. Rosie Lecompte pitched the last inning, giving up one run on three hits. G. Lefebvre, Renaud and Petit each had one hit for the losers.

Leading Hitters

	AB	H	R	Ave.

LITTLE LEAGUE

In Little League games played last week the Yankees made it four in a row when they defeated the Giants by a 7 to 5 score to give them their second first place finish in two years.

He DIED 100 Times

This is DICK KRAUS, famous Hollywood stunt man, who hopes that he will live long enough to appear with RICK RODGERS' "All American" Motor Maniacs and compete in The International Auto Daredevil Championship Contest at the Franklin County Fair, Malone, N.Y., Saturday and Sunday afternoon only, August 25th and 26th.

DICK has died a hundred times on your movie screen when he appeared as a double for such great stars as Clark Gable, Tyrone Power, James Mason, William Holden, Robert Taylor and many others.

His DICK RODGERS' All American Motor Maniacs will compete in 33 different thriller events against Billy Green's Canadian Aces and Ward Beam's World Champion Auto Daredevils. (Adv.)

The Indians and the Dodgers played a wild and exciting game with the Indians winning 19 to 18. This was the first win for the Indians and tied them with the Dodgers for third place. On Tuesday the first round of the play-offs will get under way with the Yankees playing the Indians in a 2 out of 3 series. Thursday the Giants and the Dodgers will start their best of three series.

Angling for a "compleat" car?

Fine view of a finny party. Here's a grand group of fishermen, taking it easy after a busy morning on the lake. And their Pontiac fits right into the scene. You'll go a long, long mile before you find a more pleasant, more exciting way to get from here to there. It's even nicer, of course, with trout in the trunk.

Two pets—both frisky! Perhaps "Dachsy" can amaze you with his tricks, he's really quite a performer. But this Pontiac has some tricks up its fenders, too. Pleasant tricks with your budget, for example . . . and some truly startling road performances. Your dealer can show you with a Demonstration Drive.

Only a minute from pool to Pontiac! We almost wonder how this fisherman can turn his back on that Pontiac. Those clean lines can catch . . . and hold . . . anyone's eye. Colors, in a host of Pontiac matching combinations, are breathtaking. And Pontiac upholstery is luxury's last word! See it . . . you'll agree!

Best catch of the day! Oh, we're not talking about the fish . . . it's only average. It's that Pontiac that stands so proudly in the picture. And we're sure that the smiles you see are for the car, not the fish. It's the way you'll feel, too, first time you take the wheel of your Pontiac. You'll see!

Seems like everyone's looking for the perfect . . . the "compleat" . . . car! Actually you don't have to go very far to find it. No farther, in fact, than your nearest Pontiac dealer. There you'll find proof indeed that only Pontiac combines grace, beauty, prestige and performance and reasonable price so well . . . a "compleatness" that goes far, far deeper than mere looks or accessories!

You're welcome to a Demonstration Drive in this car of cars, to see for yourself everything that Pontiac offers. Believe us, you'll relish the way it hugs the curves, slides smoothly up or down hills, takes every straightaway with supreme confidence. The ride's the thing . . . and with Pontiac what a wonderful ride it is. All this is very exciting . . . but the best part of all in this "compleat" Pontiac is its price. With all that Pontiac gives you in pleasure and prestige, it's still easily within anyone's budget, priced right down with the lowest. Yes—just like a trout to a "Royal Coachman" . . . that's how you'll rise to a Pontiac. Be sure you do—soon!

A GENERAL MOTORS VALUE

As Izak Walton put it;

"Tis a wondrous fine catch to be sure."
