DEADLOCK OVER SELECTION OF NEW PONTIFF

Quebec Liberals Held Caucus--Hon. Meighen Returned

WOMEN'S VOTE, AMENDMENTS TO LIQUOR ACT AND NEW ROAD POLICY DISCUSSED AT LIBERAL CAUCUS

Notwithstanding the Rumors that a Hurricane Was to Break at the Liberal Caucus Yesterday, Nothing at All Sensational Developed--Stated that Premier Taschereau and Those of His View Found No Opposition Whatever, and that Nothing Was Given in Exchange for the Peaceful State of Affairs, Nor Promises Held Out--Big Majority of Legislature Against the Proposal of Giving Women the Vote.

(Special to The Record)

QUEBEC, QUE., Jan. 27.—Not for a number of years has the sessional caucus of the Liberal party in the Quebec Legislature been so peaceful as that which was held here, yesterday morning. The roof was not torn down, and the Taschereau flag still waves in the breeze, nor is George A. Simard, chairman of the Liquor Commission, to be "fired." In fact, Premier Taschereau and those of his view found no opposition whatever, and reliable information is that nothing was given in exchange for this peaceful state of affairs, nor have promises been held out.

It had been announced for some days past that a mighty hurricane was to break at the caucus, and that at least one member was to rise and demand the head of Mr. Simard, and important changes in the liquor law. If Mr. Taschereau refused to consider these requests there would be an open rebellion, and there was even talk that there might be a majority against Mr. Taschereau at the caucus. A French evening paper stated yesterday, that Hon. J. L. Perron, Minister of Highways, and Hon. Aurele Lacombe, Minister without portfolio, were to resign from the cabinet unless the head of Mr. Simard was forthcoming.

Mr. Lacombe, last evening, issued a denial, and Mr. Perron ignored the matter, probably thinking a denial was not worth while.

Hon. Mr. Simard has made it clear several times that he is not worrying about his position, and he might have dropped quietly out rather than be worried. But once the matter was made an issue with the Government, the situation changed, and anything the Government can do to keep him at the head of the Commission will be done.

PREMIER WOULD LIKELY HAVE CALLED FOR EARLY ELECTION

There was little possibility that there would be anything like a majority in the caucus against the Prime Minister, though this had been hinted at, but no doubt the Premier was au-fait with every detail of the situation. Had circumstances been such that a majority in the caucus could have been rounded up against the Premier in the matter of the liquor law, it is known that Mr. Taschereau would not have given way. There would have been a dissolution of the House and an early election. Under the circumstances, opinion is that the Premier would have felt justified in declaring that the members did not in the majority represent the feelings of the people, and consequently, an appeal to the people must be had to determine who had the public confidence in regard to the liquor law. Fortunately, for the internal peace of the Liberal party, the crisis was not participated, nor, as far as it could be learned, at present, has it been merely postponed until later in the session.

There was some mention made of holding another caucus, but there was nothing definite done in the matter, and if a second caucus is held, it will be towards the end of the session.

With passions calmed, and the dove of peace hovering about, it was possible for the caucus to get through considerable practical work.

QUESTION OF VOTES FOR WOMEN WAS DISCUSSED

The question of votes for women was discussed, and again it was shown that the big majority of the members of the Legislature was against the proposal. The question of holding a referendum was talked about fully, and the consensus of opinion was that this would be the best way of dealing with the matter. Those few members who favor giving women the vote, with Henry Miles, of St. Lawrence, at their head, feel that the granting of a referendum would be a victory, since it would be an admission that women's vote is an issue, while those who are opposed to giving women the vote feel confident that a referendum would show a huge majority against, and this would effectively kill the question for some years to come and save them from discomfort at the same time. The idea, however, of holding the referendum at the same time as the general elections was not popular, it being the opinion that issues must not get mixed. There was no vote taken in the caucus and the matter is left for the Government to deal with when it considers the time ripe.

ROADS POLICY PRESENTED BY HON. MR. PERRON

Most of the time of the caucus was taken up with the new roads policy which Hon. J. L. Perron, Minister of Roads, is inaugurating. The members were pleased with the changes proposed. What is to be done was outlined by Premier Taschereau in his speech on the address from the throne. The Government, instead of leaving sections of roads to be built by the municipalities, will build the roads, charging the cost to the municipalities under the Good Roads Act, which means that the municipalities pay for the cost at the rate of three percent per year for forty years, when the debt is automatically wiped out.

THE POLICE ARE MARKING TIME IN MURDER CASE

Inquest into Death of Raoul Delorme to Be Reopened Next Week.

MONTREAL, Jan. 27.—The police were yesterday marking time in the case of Raoul Delorme, young Ottawa student, shot to death on the night of January 6th. It is expected that the inquest adjourned on Tuesday last, may be re-opened early next week, when the report of the doctor, who is analyzing the stains, said by Detective Lajoie, to have been found on the cushions of the car belonging to Albe Delorme, half-brother of the deceased, may be ready.

TORONTO, Jan. 27.—Fire losses in Canada during the week ending January 25th, are estimated by the Monetary Times at \$944,600 compared with \$851,950 the previous week.

THE FOUR POWER TREATY MEETS OPPOSITION

Opposition in the United States Senate Is Giving Administration Leaders Much Concern.

(Associated Press Despatch.) WASHINGTON, Jan. 27.—Strong opposition to the four power pact in the United States Senate is giving administration leaders in that body much concern. Failure to reach a solution of the Siberian and Far Eastern questions in the Conference on Armaments is tending to strengthen opposition.

A prominent administration leader in the Senate said yesterday the situation was such that while the naval agreement would be ratified, he doubted whether it would be possible to force the four power treaty through.

WOULD ABOLISH ALL LOTTERIES FOR CHARITY

Dean Tucker Was Re-elected President of Social Service Council of Canada.

(Associated Press Despatch.) WINNIPEG, Jan. 27.—The three day annual meeting of the Social Service Council of Canada was held at a close yesterday afternoon. Dean L. Norman Tucker and J. G. Shearer being re-elected president and general secretary, respectively.

The Council deprecated the growing tendency to increase grounds for divorce in Canada, but felt unable to adopt the stand that divorced persons should not re-marry.

Resolutions respecting the mothers' allowance, prohibition and gambling were passed. All Provincial governments should collaborate on matters of administration to make the standard of mothers' allowance uniform throughout the Dominion, it was urged. Regarding gambling, it was claimed the government protected race track betting, which was deprecated. It was also resolved that legislation which allows special permission for raffles and lotteries of charity and church organizations should be abolished. Newspapers and business advertisements were condemned for holding guessing contests. The Council reaffirmed its stand on Prohibition.

HAVE MINDS TOO MUCH FIXED ON HOURS OF WORK

Mr. Parsons Says Canada Must Wake Up if She Is to Get Her Share of Old Country Business.

TORONTO, Jan. 27.—Dealing with the unemployment and labor problems, S. R. Parsons, Canadian employers' delegate to the International Labor Conference at Geneva, in an address to the Empire Club, said:

"I think we will all agree that a reasonable amount of work is the finest panacea in the world for our physical, mental and moral health. I believe in reasonable hours of work, and where the work is heavy the hours should not be long, but my conclusion is that today the workers of the world have their minds too much fixed on the hours of work, than on the hours they loaf."

Organizations were losing members rapidly, especially on this continent, continued Mr. Parsons. "We must get back, it seems to me, to the condition which characterized industry a great many years ago, when the employer, knowing his man, met them and was friendly with them. As long as we have organizations of employees and employers, we have two standing armies facing each other ready for the conflict."

"When you tie a man hand and foot to an eight hour day, you do an injustice to that man," said Mr. Parsons. "You prevent him from exercising his God given individuality and making the most of what is in him. Is there any solution to our industrial ill? I don't believe it will come through international conferences or through organizations of men on the one side or through employers on the other."

Mr. Parsons suggested that the time had arrived to separate the business from the diplomatic branch in the Canadian High Commissioner's office in London.

Canada, he said, must wake up if she is going to get her share of the old country business.

SUBSTITUTE MOTOR TRACTORS FOR HORSES IN ROYAL ARTILLERY

(Associated Press Despatch.) TORONTO, Jan. 27.—A special cable to the Mail and Empire from London says: The London Daily News understands that the War Office is substituting motor tractors for horses in every branch of the Royal Artillery. The change will enable the Government to make a ten per cent reduction in the personnel.

THE AUSTRIAN CABINET HAS QUIT OFFICE

Split Came on the Treaties with Czecho-Slovakia, Which Were Passed in Modified Form.

(Associated Press Despatch.) VIENNA, Jan. 27.—Efforts were going forward today to form a ministry to succeed that of Johann Schober, which resigned yesterday.

The resignation followed breaking by the pan-Germans of the working agreement by which Chancellor Schober had maintained a majority in parliament.

The split came on the treaties with Czecho-Slovakia, which were passed last night in modified form, the provisions in regard to pre-war debts and other financial obligations being changed.

Important Moves Under Way Behind Scenes In Peking, Tokio And Washington To Bring About An Agreement On Shantung Question

Delegates at Arms Conference Continue to Mark Time on the Few Issues Awaiting Final Settlement, Pending the Outcome of President Harding's Move to Bring Japanese and Chinese Together in Complete Agreement on the Shantung Question.

(Associated Press Despatch.) WASHINGTON, Jan. 27.—The Arms Conference continued to mark time today on the few issues now awaiting final settlement, pending the outcome of President Harding's move to bring the Japanese and Chinese together in a complete agreement on the Shantung question.

Although the two groups, which now have agreed on every detail involved in the restoration of the former German leasehold to China, outside of the troublesome railroad issue, had announced that they would meet to consider the compromise proposal on that before tomorrow at the earliest, there were known to be important moves under way behind the scenes in Peking, Tokio and Washington. The general confidence that these could not result in anything but a complete agreement had been strengthened today by the announcement that the Japanese and Chinese representatives would begin tomorrow morning the drafting of a treaty.

Considerable importance was attached today to a lengthy conference between the Chinese delegates last night. Rumors were in circulation that the delegation was divided on the question of accepting the compromise proposal, although these had not been substantiated.

SENATOR BEITH PASSED AWAY AT BOWMANVILLE

Had Accomplished a Great Deal to Advance the Breeding of Clydesdale Horses in Ontario.

(Associated Press Despatch.) BOWMANVILLE, Ont. Jan. 27.—Senator Robert Beith, whose death occurred yesterday at "Waverly Farm" had done more during the last forty years to advance the breeding of Clydesdale horses in Ontario than almost any other individual.

He went quite extensively into importing and breeding hackney or high stepping horses, and won distinction with his strings or studs of hackney at the great National Horse Show at Madison Square Garden, New York, and other large fairs. He became known all over the continent as the foremost breeder of the breed. It was at Madison Square, that in 1900, with Robin Adair, he won first prize, also the challenge cup, being the first Canadian exhibitor of hackneys to win this prize.

U.S. AMBASSADOR PLANS MEETING WITH POINCARÉ

Intends to Make Clear American Viewpoint Regarding Proposed Conference at Genoa.

(Associated Press Despatch.) PARIS, Jan. 27.—George Harvey, American Ambassador to Great Britain, who attended the Cannes Conference of the Allied Supreme Council, was to confer today with Premier Poincaré. The meeting is looked upon as unusually important in view of the statement of Mr. Harvey last night that before returning to London, he would take the opportunity of making clear to the French Government the American viewpoint with regard to the proposed International Economic Conference at Genoa, as well as the world's financial and economic position generally.

Mr. Harvey may see Mr. Poincaré more than once before his departure, and is also planning to confer with many other representatives of the French Government as possible, as well as with Myron T. Herrick, American Ambassador to France.

The decision of President Harding as to United States participation in the Genoa Conference is thought to hang largely on the results of these conversations.

VOTE TO CONTINUE STRIKE CHICAGO, Jan. 27.—More than ninety per cent of the striking packing house workers voted to continue the strike which has been in effect since December 5th, according to an announcement last night.

BANK ROBBERS ARE ROUNDED UP BY POLICE

Killed the Assistant Cashier and Locked Other Bank Clerks in Vault.

(Associated Press Despatch.) PITTSBURGH, Pa. Jan. 27.—Five men walked into the First National Bank of Erie, a suburb, this morning, and after killing Harold Moss, assistant-cashier, forced five clerks and a woman customer into a vault. They robbed the bank of approximately thirty thousand dollars in cash and negotiable securities and escaped in an automobile.

Within an hour after the robbery a party of city detectives, on their way to the bank, met an automobile filled with men on the north side. The order to stop was answered by a fusillade of bullets, and the car kept going. The detectives soon overtook the bandits, who abandoned their car and scattered. They dashed into buildings in the vicinity of Pennsylvania and Irwin Avenues, with the detectives close on their heels.

While some of the officers followed the fleeing robbers, who were answering their firing shot for shot, others took charge of the car and found what they believed to be all of the loot stolen from the bank.

Meantime the bandits had taken refuge in a house on Pennsylvania Avenue. Stationing themselves at advantageously located windows, they opened fire on the police, who prepared to rush the building.

A great crowd, attracted by the firing, gathered in the vicinity and watched the battle.

JOFFRE CONCLUDES VISIT TO TOKIO AS A GUEST OF IMPERIAL FAMILY

(Associated Press Despatch.) TOKIO, Jan. 27.—Marshal Joffre of France, has concluded his visit to Tokio as a guest of the Imperial family, with its attendant official functions, and now becomes the guest of the Government. He is domiciled at the Imperial Hotel, and has begun to take part in the various luncheons, dinners and theatre parties which have been arranged in his honor. The Marshal will be the guest of Charles B. Warren, the United States Ambassador, at a dinner to be given on January 31st.

MUCH DEPENDS ON ATTITUDE OF FOREIGN CARDINALS IN REGARD TO SELECTION OF NEW PONTIFF

A Canvass of Opinion in the Vatican Shows that the Peace Party, or Those Advocating Closer Relations with the Italian Government, Are Virtually Deadlocked with the Irreconcilables, or Those Opposing a Rapprochement, in the Number of Votes Each Faction Can Muster--General Opinion Is that Unless a Compromise is Reached, Never Has There Been Such an Opportunity for a Foreign Cardinal to Be Elected Pope.

(Associated Press Despatch.) ROME, Jan. 27.—With the body of the late Pope Benedict laid away beneath the flagstones of St. Peter's, the interest of the Sacred College and the Vatican household turned today to the election of his successor.

The conclave has been called for February 2nd, to choose the new Pontiff.

The questions of relations between the church and the Italian Government enters into the election. A thorough canvass of opinion in the Vatican shows that the peace party, or those advocating closer relations with the Government, are virtually deadlocked with the irreconcilables, or those opposing a rapprochement in the number of votes each faction can muster. A two-thirds majority is necessary for election.

Twenty-nine cardinals, headed by Cardinal Gasparri, the Camerlengo, or acting head of the church, are known to favor continuance of Benedict's policy, which was understood to have been directed toward a resumption of relations with the quinquennial. Twenty members of the Sacred College are thought to be just as strongly opposed, while nine are classified as neutral.

ATTITUDE OF U. S. CARDINALS NOT KNOWN

The attitude of the United States Cardinals—O'Connell, of Boston, and Dougherty, of Philadelphia—is unknown at the Vatican, but the opinion is expressed that unless a compromise is reached, never has there been such an opportunity for a foreign cardinal to be elected Pope. The majority enjoyed by the Italian members of the Sacred College is so evenly divided that Vatican officials admit all depends upon the attitude of the foreign cardinals.

The boom for Cardinal Maffei, Archbishop of Pisa, who was mentioned as favored by the Government, appears to be on the decline, while Cardinal Gasparri and Cardinal Arch Priest Morry Del Val, respectively leaders of the peace party and the irreconcilables, are acknowledged by their supporters to have little chance of being elected themselves.

THE LIKELY CANDIDATE The candidate for the Gasparri party is Cardinal Ratti, of Milan, while Del Val's faction, after voting for their leader on the first ballot as a test of strength, it is understood, will switch to Cardinal Laurenti, the newest created member of the Sacred College stationed in Rome. Laurenti presided for many years over the Roman Catholic world missions, and is well known to all the foreign cardinals.

Cardinal Von Rossum, of Holland, is most prominently mentioned as a neutral candidate, should a

Hon. Meighen Returned To Parliament By Big Margin Over Progressive Candidate

Former Premier Had a Majority of 1,620 Votes Over His Opponent, A. K. Patterson, the Progressive Candidate, in Bye-Election Contest Held in Grenville Constituency Yesterday.

(Associated Press Despatch.) RESCOTT, Ont. Jan. 27.—Hon. Arthur Meighen was returned to parliament by a majority of 1,620 votes over his only opponent, A. K. Patterson, the Progressive candidate, in the voting in the Grenville constituency yesterday.

ELECTION AT KINGSTON. (Associated Press Despatch.) KINGSTON, Ont. Jan. 27.—W. F. Clarke, Conservative and R. F. Elliott, Liberal, were nominated yesterday for the vacancy in the Legislature caused by the resignation of Brigadier General Ross to enter the Federal election. Voting in the bye-election takes place on February 6th.

QUEBEC CHRONICLE COMMENT (Associated Press Despatch.) QUEBEC, Jan. 27.—The Chronicle comments this morning as follows on the Grenville bye-election:

"The election of Hon. Arthur Meighen in Grenville by a comfortable majority is good news for the party of which he is the leader, and equally good news for the country at large. There is not so much first rate talent in our public life that we can afford to throw any of it in the discard."

"Now that his personal position has been definitely established, we

trust that Mr. Meighen will lose no time in summoning a Nation wide conference or convention of the Conservative party in order to re-establish a badly needed touch with the people and to rebuild an organization that Unionism largely destroyed.

"The leader of the Opposition is not one to look into the future with lack of courage, nor is there any reason for him to do so. There are defeats more honorable than victory, some victories worse than defeat. Mr. Meighen has sustained the former, his opponents have achieved the latter, and time will bring to us its certain retribution."

MONTREAL GAZETTE COMMENT. (Associated Press Despatch.) MONTREAL, Que., Jan. 27.—The Montreal Gazette comments as follows:

"The election of Mr. Meighen restores to the cause of Commonsense the ablest debaters that chamber has known, and assures to the public a critical analysis of legislative measures."

"We expect him to be free from the rancor of disappointed ambition and to employ his talent and influence in promoting desirable legislation from which every party it may emanate."

COMB SAGE TEA

INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

"PAPER ROSES"
(BY RUBY M. AYRES)

CHAPTER IX. (Continued)

At luncheon she chattered incessantly. She gave one a curious impression of restlessness. There were people who said she was not happily married; others who said she was the sort of woman who never would be happy under any circumstances. Perhaps they would have been nearer the truth had they said that the bitter disappointment of her life was the empty nursery upstairs.

There had been a baby girl—a delicate little thing that just opened its eyes for a moment and smiled, before it closed them again eternally, but the wife of Eustace Myers still secretly wept over the box of tiny garments that had never been used, and tried to fill her empty heart with other things.

"Eustace is going over to Bedmond with me this afternoon," her husband told her. "He hopes to dig a secret out of the village. I suppose. Which is it, Eddy—a missing heir or a runaway marriage?"

Old Ferguson smiled. "Nothing so romantic; merely a few judicious inquiries."

Brenda broke in, in her rather high voice:

"Eustace has a romance there on his own account—a little circus girl who met with an accident last week. She's made quite an impression on him, I can tell you; he sends her grapes and port wine and all manner of things."

"Indeed!"

Old Ferguson's face did not change; his voice was merely politely interested, but his fingers tightened their grip on the stem of his wine glass a little. "You don't mean to say they have circuses at a place like Bedmond?" he asked.

Eustace Myers laughed. "Oh, yes, once a year, I believe. People flock to it from miles around. This girl Brenda is talking about did a sort of trapeze act and she fell. Horribly dangerous thing; ought not to have been allowed, from what I can hear. I happened to be in the

recovered from her illness to be about her home."

The North Hatley Board of Trade will hold a meeting in the Canadian Bank of Commerce Building on Tuesday evening, January 31st, at 7.30. Election of officers will take place and items of interest will be discussed.

The funeral of the late Mrs. A. W. Bean took place at her home in North Hatley on Tuesday afternoon. Her illness was bronchial pneumonia and was of only a few days' duration.

The funeral service was conducted by the Rev. E. A. Robertson, of Magog. She leaves to mourn her loss her husband, Alpheus W. Bean, her two adopted daughters, Mrs. C. A. Hawse and Mrs. J. S. Robertson, of North Hatley, three sisters and one brother.

MORSE'S LINE

Mr. H. R. Mullen, who has been passing a few days with his mother, Mrs. J. C. Chandler, returned to his home in Montreal on Monday night. Mr. Wilfred Deloria accompanied him.

Mr. J. C. Chandler is confined to his bed with the grippe. Dr. Downing, of Frelighsburg, is attending him.

Mr. Joseph Perault and two other members of the family are sick with the grippe.

The Misses Iris and Irene Stanley, of Phillipsburg, were guests at the

vacation.

Mrs. Dr. E. F. Draper and Mrs. R. Stevens spent Friday in Montreal.

Mr. and Mrs. Edwin F. Currie entertained at a bridge party last Tuesday. Cards were played at four tables. Dainty refreshments were afterwards served by the hostesses.

Mr. Claude Robb, of Cowansville, was in town recently.

Mr. Brant Saunders returned to Montreal on Friday, after spending some time the guest of his parents, Mr. and Mrs. F. C. Saunders.

A vestry meeting of St. James' Church was called for Monday evening at the Rectory, when Mr. D. J. Reid was nominated to fill out Mr. Arthur E. Hickey's unexpired term of people's warden. A committee was formed, consisting of Messrs. D. J. Reid, Harry W. Jones and Hiram Best, to dispose of the property of the late Mrs. A. Stewart, on Academy street, which she willed to St. James' Church. This completed the business of the evening.

Miss Florence Brewster, of Burlington, Vt., who has been the guest of her cousin, Mrs. D. J. Reid, returned to her home on Wednesday last.

Mrs. Miranda Hungerford, of the Bedford House, is confined to her room, but is now much better. She is under the care of Dr. E. F. Draper.

Much sympathy is felt for Mrs. Heman Hubard and Mrs. Henry D. Connor, of Upper Bedford, owing to the serious illness of their father, Mr. Cyril Gardener, of Stanbridge East.

Mr. Arthur E. Hickey will offer for sale by public auction at his residence, Bedford, on Saturday, January 28th, commencing at 1:30 p.m., some of his household effects, consisting of tables, chairs, rug, bedroom furniture, a four-burner stove, refrigerator and other articles.

Mrs. F. W. Whitley left for Montreal on Thursday, and will be the guest of her cousin, Mrs. George Jenkins, Westmount, for some time.

FRELIGHSBURG

The annual meeting of the trustees of the Frelighsburg Grammar School held at the parish hall, Frelighsburg, on Saturday, January 21st, the following named trustees were present: Messrs. George H. Reynolds, Philip Spencer, Rev. H. C. Winch, Philip H. Krans and James W. Harvey.

The Rev. H. C. Winch was appointed chairman of board to succeed the late Mr. A. J. Ingalls. Mr. Edmund H. Spencer was appointed a member of the board of trustees to replace the late Mr. Ingalls.

It was moved by Geo. H. Reynolds, seconded by P. H. Krans, and resolved, "that whosoever

SOCIAL EVENING AT THE CLUB ST. FRANCOIS.

A very pleasant evening was spent at the Club St. Francois yesterday evening. A feature of the evening was the presence of Mrs. E. M. Biron, the president's wife, who made her first public appearance at the Club this season. Previous attendance was unfortunately prevented owing to illness.

It was ladies' night and a pleasant evening was spent in playing cards and dancing. The evening's entertainment was under the supervision of Mr. Ludger Cantin, while Mr. Edgar Gervais supervised the "cuisine" with excellent results.

MONUMENT COMMITTEE TO MEET COUNCIL.

A delegation of the Sherbrooke Soldiers' Monument Committee will be received by His Worship the Mayor in the Council rooms on Monday, February 6th, in order to enable the committee to set forth its views in connection with the proposed monument.

This matter has received the attention of Sherbrooke citizens for some considerable time, and hope is expressed that it will soon be brought to a definite issue.

LIFE OF MARSHAL FOCH.

An interesting address, dealing with the life of Marshal Foch and incidents connected with his recent trip to the United States and Canada, was given by the Rev. Ellis J. Auclair in the Knights of Columbus Hall yesterday evening.

The speaker, who is Director of the "Canadian Review," of Montreal, showed himself to be exceptionally well posted in connection with the activities associated with the life of the great military genius and his address was listened to with considerable interest.

SEVERAL MINOR BLAZES

A number of minor blazes occurred yesterday, the most serious of which was one at No. 32 St. Gabriel Street, occupied by Mrs. Grenier. At this particular place, a defect in the chimney was responsible for a fire breaking out between the floors on the second story. It was quite evident that the fire due apparently to a spark, had been smouldering for several hours, but owing to lack of air space it had not spread rapidly.

The arrival of the city fire department was very timely, and while a small part of the flooring was burnt, the damages are insignificant.

The fire department wish to draw the attention of citizens to the dangers of carelessness in leaving out frozen pipes. Care should be exercised in the use of torches, gas or otherwise, which may be secured for this purpose.

METHODIST CHORAL SUNDAY EVENING.

The regular monthly Choral Service of the Methodist Church next Sunday evening promises to be of extraordinary interest and helpfulness. The choir which was re-organized a few weeks ago with Mr. A. L. Parker as president, under the direction of Mr. R. Havard, with Mr. E. O. Grundy as organist, has been rendering exceptionally good music. Over thirty voices will participate in the execution of some very high class and especially choral work. From Hayden's Creation, "The Heavens are Telling" will be the first chorus. Major E. D. Johnston, soloist, will interpret "Nearer My God to Thee" by Liddle. "The Snow" a beautiful composition by Sir Ed. Elgar with three part song by ladies, accompanied by two violins and organ, will be the outstanding anthem of the evening. The closing number will be a devotional chorus, "Thou who art forever blessed," by D'Vorak, portraying the Holy Mother standing by the Cross. Congregational singing of favorite hymns will be a feature. The pastor, Mr. Brown will give a brief message on "The Snow."

At the morning service at eleven o'clock the sermon theme will be "The Faith that will not Shrink." A remarkable feature of the morning services lately is the large attendance of children to whom the minister tells a story. Next Sunday's story is called "The Game of Catch My Pal."

SHERBROOKE DELEGATION AT QUEBEC.

A strong delegation interviewed the Hon. J. A. David, Provincial Secretary, yesterday at Quebec, in connection with the establishment of courses of Fine Arts and Historical Researches, to be held under the auspices of the Sherbrooke Canadian Institute.

The delegation was very well received by the Provincial Secretary, who promised to take the matter into serious consideration.

The delegation was introduced by Mr. J. H. Lemay, local member, and included the Rev. Alexander Maltais, Professor at the St. Charles Seminary, the Rev. D. Biron, of Sherbrooke East, the Rev. P. A. Begin, Director of Social Works in the Diocese, Louis Audet, architect, and Notary Begin. All the delegates are members of the Sherbrooke Canadian Institute.

AN INTERESTING ADDRESS ON "RAW SILK AND ITS ORIGIN" GIVEN BY MR. H. L. YOUNG.

The members of the Home and School Co-operative League had the pleasure of listening to an instructive talk on "Raw Silk and Its Origin," at last evening's meeting, held in the High School.

Mr. H. L. Young, of the Julius Kayser Co. Ltd., in response to an invitation, gave a most interesting demonstration, bringing out the comparison between natural and artificial silk, explaining the properties of both, and proving the value, to both manufacturer and wearer, of natural silk over the artificial. "During the war," Mr. Young said "the scarcity and high price of raw silk made it impossible for the American manufacturers to meet the demands, and they were, therefore, compelled to introduce to the market a substitute called "artificial silk," which is made by treating cotton or other cellulose material with a mixture of nitric and sulphuric

POULTRY SHOW IS ATTRACTING LARGE CROWDS

Wright Brothers Captured Many Prizes—A Large Number of Birds Entered This Year.

The first day of the Poultry Show in the 53rd Armory, was, in every way, a success. The members of the committee in charge proved themselves competent by having everything in readiness for the first visitors, and were repaid for their efforts by a good attendance.

About one thousand birds are competing in the various classes, and the judges were simply snowed under with work. They, however, made good progress, and many ribbons and prize cards adorned the temporary homes of the feathered competitors yesterday afternoon.

The judges are Messrs. Hillhouse, of Foster; Taylor, of Ottawa, and Crevier, of Quebec, and many exhibitors and poultrymen from outside districts are in town for the three days' event.

Last evening a "movie" demonstration was given, which proved a popular venture, many novices in the poultry industry showing themselves attentive students, and the officials already feel assured that the educational feature of this year's show is going to leave its mark in the history of the Sherbrooke Poultry Association.

A banquet is being given this evening in Odell's Block, at which the judges, Mr. Raymond, who is in charge of the illustrated demonstrations, and others will speak. The Armory will be open again this evening, and an interesting programme is arranged for the visitors' enjoyment.

DARK CORNISH AGAIN WINNERS

The "Ottawa winners," namely, Messrs. C. J. Wright and Son's Dark Cornish fowls, have won at the Poultry Show here all first prizes offered, including first and second prizes for dressed poultry. These handsome birds are receiving their full amount of attention at the show, and are a creditable addition to the exhibit.

He gave an outline of the composition of both materials and illustrated his remarks by burning a strand of each, showing the action fire has upon them, the artificial proving much more inflammable. He also showed the different effect produced by immersion in warm baths, proving that artificial silk for ordinary wearing apparel was not economic.

Mr. Young explained the various stages which the raw product underwent from the cocoon, showing cocoons and skeins from Japan and China, and cuts illustrating how the silk worm is reared. He stated that the silk producing countries were Japan, China and Italy, followed by France and the Balkan States; that China, where silk originated, had held monopoly for over 3,000 years, and until the last decade had maintained its supremacy. Then Japan assumed first place, because she had gained the technical knowledge of raising worms that produce a higher quality of silk.

The outlining of the silk industry demonstrates one of the finest combinations of nature and science, and Mr. Young's covering of the subject was much enjoyed, while the figures given regarding the importation and manufacturing of silk in its varied forms provided an interesting topic for more than one point of view. The big plant on Frontenac street is a source of pride to Sherbrooke residents and the explanation of a few of the thousands of details connected with the manufacturing of gloves and wearing apparel, by one of the experienced workers, was greatly appreciated by the members of the League.

Mr. George Platt was in the chair and the speaker was accorded a hearty vote of thanks for his practical address and demonstration.

KIMBERLEY

Mr. and Mrs. F. W. Lindenau, of Montreal, spent a day recently at the Quebec-Megantic Copper Mine.

Mr. Thomas Radick went recently to Montreal on business.

Mr. G. L. Forbes spent Friday and Saturday at Black Lake on business.

Mrs. J. J. Mackenzie was visiting her sister-in-law, Mrs. S. R. Forbes, recently.

Quite a number of men are working at the Copper Mine in this place with Mr. George Brancovitch as foreman.

Miss Martha Forbes has returned home, after spending a week with her sister, Mrs. J. W. Porter, of Millfield.

Mrs. J. St. Denis and Mrs. J. W. McGarvey have returned from a visit to Montreal.

Mr. Irwin Gifford, of Springfield, Mass., has been the guest of his cousin, Mr. Harold Porter, and Mrs. Porter, Lennoxville.

Friends of Mr. W. H. Wiggitt will regret to hear of his sudden illness. Mr. Wiggitt sustained a shock last evening, and his condition is regarded as quite serious.

The many friends of Miss Rhena Nutbrown, of Lennoxville, will be pleased to know that she is able to be out again after her illness from scarlet fever.

Mr. A. S. Comeau, of St. Hyacinthe, is in town today. Mr. Comeau is shipping a good deal of hay to the Townships. He says there will be no hay famine. Mr. Comeau is also proprietor of the Yamaska Poultry Farms.

Miss Elaine Nadeau entertained a party of young friends on Wednesday afternoon in the orchid section of the Mezzanine at the St. Jean Ltd., store on Wellington Street, in honor of her friend, Miss Violette Tanner, of Sweetburg. A dainty menu was served at four-thirty to the guests, among whom were the Misses Alice Chicoine, Alexandre Levesque, Marguerite Audier, Jeanne St. Marie, Bernadette Vaillancourt, Gabrielle Sylvestre, Josette St. Pierre, Germaine Bouthillier and Marguerite Cooney.

The members of the congregation of the Church of the Advent were pleasantly entertained last evening in the parish hall, the Women Guild members proving themselves ideal hostesses. A large number were present and the evening was pleasantly spent with cards, music and social intercourse. The prize winners in the former were Mrs. Tibberty, Mrs. N. Price; consolation, Miss Westgate, Messrs. A. Price and E. J. Mills. Miss Gracie Wingrove sang, and kindly responded to an encore. Miss Gertrude Price also gave a song, and Miss Evelyn Kinder played from "Heart Songs," several joining in the familiar airs. Excellent refreshments were served and every one joined in the evening's festivities. The members of the Guild decided that they would give a New England supper in the near future.

A pleasant social afternoon was spent by the members of the Women's Association of Plymouth Church and visiting friends yesterday, when the meeting took the form of a missionary gathering. Mrs. Cross read an interesting paper prepared by Mrs. Whiteman, of Toronto, which was heard with interest. Musical numbers included a vocal solo by Mrs. Richards, and a piano duet by Mrs. Ranshouhan and Mrs. Whiteman. At the tea hour the hostesses were Mrs. W. H. Abbott, Mrs. M. L. Hunting and Mrs. T. E. Read, the tables being daintily arranged.

TROUBLE AT THE WHEEL.
 The imported brand and the home
 brew in the States is having a
 rather serious effect upon the so-
 briety of automobile drivers in the
 States, it would appear from the
 following which is taken from the
 New York World:

"Testimony of an extraordinary
 character in its revelation of the
 prevalence of drunkenness among
 automobile drivers was given at the
 conference of motor-vehicle depart-
 ment officials in Hartford, Conn.,
 according to Frank O. Goodwin, regis-
 trar of motor vehicles in Massachusetts,
 1412 automobile operators' licenses
 were revoked in that State last year
 because of intoxication while driv-
 ing, compared with 880 revocations
 for the same cause in 1920. Motor
 Vehicle Commissioner Stockell, of
 Connecticut reported an increase of
 221 per cent. in arrests of drunken
 automobile drivers in that State.
 Motor vehicle officials from New
 York, New Jersey, Pennsylvania
 and Maryland reported similar in-
 creases of the same effect."

"Here are some effects of Vol-
 steadism of a sinister nature in their
 encouragement of reckless motor
 car driving. Prohibition not only has
 not reduced the amount of drinking
 by chauffeurs but by denying them
 the privilege of obtaining pure li-
 quor when off duty it provides a
 constant incentive for drinking
 whenever bootleg liquor can be pro-
 cured. In the opinion of Registrar
 Goodwin, it is the quality of the li-
 quor consumed rather than the quan-
 tity which has caused the danger-
 ous increase of intoxication among
 drivers."

"That the seriousness of the con-
 ditions indicated needs to be met by
 harsher punitive legislation for the
 public safety is clear. Yet it is one
 of the ironies of the anomalous sit-
 uation created by Volsteadism that
 the enforcement designed to prevent
 drunkenness among chauffeurs does
 most to promote it and necessitates
 stricter measures for the regulation
 of automobile driving."

THE WEST AND THE NEXT PARLIAMENT.

Considerable concern is felt among
 public men in Canada with regard
 to the attitude which the agrarian
 representatives of the West are
 likely to assume in the next Parlia-
 ment.

The Toronto Globe, Liberal, dis-
 cussing this, says:

"There is naturally much specula-
 tion as to the position which will be
 taken by the Western representatives
 in the next session of Parliament. They
 are under no obligation either to
 support or oppose the Government,
 but while free from the old parties
 they have certain obligations to
 their own organization and to their
 constituents. In particular they re-
 present the Prairie West, almost to
 the exclusion of the old parties, and
 it will, therefore, be their peculiar
 duty to lay before Parliament the
 needs and sentiments of that part
 of Canada. Geography has given it
 distinctive character. It is more lar-
 gely agricultural than any other
 part of Canada, and its welfare de-
 pends upon the finding of markets
 for a large surplus of grain far be-
 yond the power of the local market
 to absorb."

"This practical situation deter-
 mines Western policy. The Western
 demand for tariff reduction is based
 not upon free trade theory, but upon
 hard necessity. The argument com-
 monly used by the Western farmer
 is that, as he must sell the bulk of
 his product in a market where he
 meets the competition of the world,
 he ought to have the same free mar-
 ket to buy in, or at least more free-
 dom than he now enjoys. It is im-
 portant that we should understand
 his point of view."

"The Prairie West feels, more
 than any other part of Canada, the
 injury caused by the new American
 tariff. The shutting off of a large
 part of the American market means
 that the whole of the surplus pro-
 ducts of the West must be carried
 by a long and expensive haul to
 Great Britain or to Eastern Canada.
 The demand for reduction in rail-
 way rates, therefore, becomes more
 insistent. It is possible that in the
 future relief may be found by the
 Western outlet to British Columbia,
 and thence by the Panama Canal.
 British Columbia itself is a Province
 possessing many resources essential
 to manufacturing industry, and may
 thus become an important market
 for the grain and cattle of the prairie—
 may become another England
 at our own doors. But while this
 possibility must not be ignored in
 any review of the situation, it does
 not furnish the immediate relief
 that the Middle West requires."

"The proposal to reduce railway
 rates unfortunately comes at a time
 when the heavy deficits on the Na-
 tional Railways are causing serious
 anxiety. It is contended by at least
 one Western journal that lower rates
 will bring more business, and thus
 improve the situation instead of
 making it worse. At all events, we
 in the East ought to do the West
 the justice of recognizing that its
 demands are not due to mere theoriz-
 ing or to narrow and sectional
 selfishness, ignoring the conditions
 of other parts of Canada. Its in-
 terests are ours. There is general
 agreement that Canada needs more
 immigrants, especially farmers, and
 it is upon the Middle West that we
 depend for our main attraction for
 such immigration. We must, in the

interests of all Canada, do our ut-
 most to remove Western discontent.
 "Most of the Western representa-
 tives are new men, without the ad-
 vantage of Parliamentary experi-
 ence. But this is a drawback which
 is soon overcome by a man who has
 a real message, and can bring facts
 and arguments to bear upon the
 subject he has at heart. The new
 members are fresh from their con-
 stituents and are presumably in close
 touch with Western feeling, and
 what they have to say will be listen-
 ed to with interest."

SHERBROOKE CITIZENS IN DANGER.

The fact that a number of Sher-
 brooke's leading citizens are winter-
 ing at St. Petersburg, Florida,
 makes the following press despatch
 of much local interest and concern.
 The despatch referred to is as fol-
 lows:

ST. PETERSBURG, FLA.,
 Jan. 25.—Mayor Pulver today
 had a request from the St.
 Petersburg Purity League that
 he appoint a bathing suit in-
 spector, a formal communica-
 tion from the organization stat-
 ing that "the League intends
 to protect the married men
 from the wives of the sea vamps."
 The mayor said he would per-
 sonally visit the beach and "look
 'em over."

The matter is so serious that pos-
 sibly the Sherbrooke City Council
 will find it advisable to take some
 action.

The logical course would appear
 to be to wire citizen J. E. Poutre
 and ex-alderman Dr. Forest to join
 Mayor Pulver when he goes "to
 look 'em over."

PRESS COMMENT

COLLINS AND CRAIG.
 (Toronto Globe.)

The agreement reached with such
 celerity between the leaders of Nor-
 thern and Southern Ireland on im-
 portant issues has caused rejoicing
 in Great Britain. Advocates of Irish
 self-government have always con-
 tended that Irishmen themselves
 would solve their internal problems
 if no faction could appeal to British
 politicians to support them against
 other Irish groups. The Irish ques-
 tion having been taken out of Brit-

ish politics, the theory can now be
 tested.

Mr. Collins and Sir James Craig
 have been driven together by their
 common recognition of common in-
 terests. The industrial North and
 the agricultural South are comple-
 mentary. The two races, though
 separated in the past by so many
 barriers, need each other for the
 task of remaking and governing Ire-
 land. Sir James Craig represents the
 business sense of Ulster, which sees
 that the country is an economic
 unit. The present rulers of the
 Irish Free State see, too, that the
 qualities of the Ulsterman, his
 thrift, energy, and commercial ac-
 cuency, will be invaluable in the task
 of administration. The Celt is dis-
 posed to be freehanded to the point
 of improvidence; the Ulsterman
 thinks of the rainy day. The com-
 bination in the work of nation-
 building promises great results.

GENERAL NEWS OF SWEETSBURG AND DISTRICT

News Notes of Interest to Resi-
 dents of Sweetzburg and Vic-
 inity.

SWEETSBURG, Jan. Jan. 27.—
 Mr. and Mrs. D. Collins, of East
 Farnham, were guests on Saturday
 of Mrs. W. U. Cotton.

Mrs. C. M. Hastings and Mr. Jus-
 tin Hastings, Mr. Gordon Stanley
 and Master Eric Hastings, of the
 Centre road; Mr. D. Collins, of East
 Farnham, and Mr. Johnson, of Aber-
 corn, called at "Green Gables" on
 Saturday.

Mr. A. Bartington returned to
 business in Montreal on Monday
 morning.

Despite the very inclement weath-
 er conditions on Sunday last, the
 regular service at 11 a.m. was held
 in Christ Church, conducted by Rev.
 A. P. Love, M.A. On Sunday next,
 January 29th, service will be held at
 2.30 o'clock in the afternoon.

The infant child of Mr. and Mrs.
 S. Poulin, of Cowansville, was bap-
 tized at St. Rose de Lima Church
 here on Sunday afternoon last.

On Monday afternoon of this
 week the infant daughter of Mr. and
 Mrs. Lachance, of Quebec city, (nee
 Ellen Bissette) who formerly lived
 near Sweetzburg, was christened
 Mary Madeline Raymonde at the
 Roman Catholic Church here, Father
 N. Desmarais officiating. Mr.
 and Mrs. Hector Bisillon, of West
 Brome, acted as sponsors.

Mrs. Chas. Cady is ill with la-
 grippa.

Mr. and Mrs. C. E. Cady were re-
 cent guests of Mr. and Mrs. M. E.
 Wells, the Centre road.

Miss Helen Stewart spent the
 week-end at her home, near Dun-
 ham.

Mrs. O'Dell has returned to her
 home in Montreal, after spending
 about three months here with her
 sister, Miss M. M. Thompson. Miss
 Thompson accompanied her sister to
 Montreal and intends spending a
 few weeks at her home there, and
 also to visit relatives in Bedford
 and Sherbrooke.

Mrs. Geo. White returned on Fri-
 day last from St. Lawrence East,
 where she cared for the late Mrs.
 James Brown during her illness with
 pneumonia. She also nursed Mrs.
 Addis, of Stanbury, and later was
 called to Stanbury East on account
 of the death of Mr. James Brown, a
 stepson of Mrs. James Brown men-
 tioned above, who had passed away
 only a short time previously.

Mr. Rhett Ford is on the sick list.
 Mr. Geo. Webster has sold his
 farm on the Centre road, which was
 formerly owned by Mr. R. D. Wells,
 of this town, to Mr. Hughes, of
 Granby. It is understood that Mr.
 and Mrs. Webster and family will
 move to Sweetzburg to live in the
 house owned by Mr. M. E. Wells.
 Citizens of this town will be pleased
 to welcome Mr. and Mrs. Webster as
 residents.

Mrs. C. B. Jameson and son, Mr.
 Arthur Jameson, are spending a few
 days at Noyan, the guests of Mrs.
 Jameson's daughter, Mrs. J. J.
 Struthers.

Mr. H. Veysey, of Sutton, was in
 town recently, and called on Mr. and
 Mrs. C. E. Cady.

Miss Mildred Sweet, nurse-in-
 training at the Bedford General
 Hospital here, has been quite ill and
 threatened with pneumonia.

A goodly number of ladies were
 present at the meeting of the Parish
 Guild on Tuesday afternoon at the
 home of Mrs. J. D. Bulman. During
 the business hour it was decided to
 form a branch of the Women's
 Auxiliary in connection with the
 work of the church. Officers nomi-
 nated for this society were: President,
 Mrs. MacWilliams; vice-president,
 Mrs. P. C. Armstrong; secretary-
 treasurer, Miss Anne Bulman. Meet-
 ings are to be held on the last Tues-
 day of each month. The first meet-
 ing of the W. A. will be held on
 Tuesday next at three o'clock, at the
 home of Mrs. J. D. and Miss Anne
 Bulman, when all persons wishing to
 become members of the organiza-
 tion are invited to attend. Dainty
 refreshments were served by Miss
 Bulman, assisted by Miss Mary Bow-
 ling and Miss Marie Leonard.

The friends of Mrs. E. Buzzell, of
 Cowansville, are pleased to note an
 improvement in the condition of her
 health. She has spent several
 months at the General Hospital
 here.

Mr. W. R. Ingalls, of Portland,
 Me., spent Wednesday with his par-
 ents, Mr. and Mrs. D. H. Ingalls.

Mrs. Albert Howard, of Glen
 Farnham, was brought to the Gen-
 eral Hospital a few days ago for
 treatment, having had the misfor-
 tune to become badly burned while
 working near the kitchen range in
 her home.

Miss Rachel Rheam, of Cow-
 ansville, acted as organist in St.
 Rose de Lima Church last Sunday
 in the absence of Miss Violeta Tan-
 ner, who was visiting relatives in
 Sherbrooke.

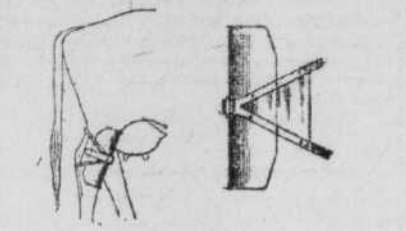

EASTERN TOWNSHIPS FARMER

RECENT INVENTIONS OF INTEREST TO EASTERN TOWNSHIPS FARMERS

(By C. J. Lynde, Macdonald College, Que.)

KICKING BOOT.

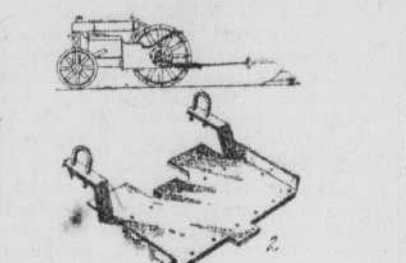

The sheet metal splint of this
 boot is a half cylinder with straps
 riveted to the outside. It extends
 a considerable distance above and
 below the joint and prevents the cow

from kicking by preventing her from
 bending her leg.
 (William Nelson, Wolcott, New
 York.)

TRACTOR PLATFORM

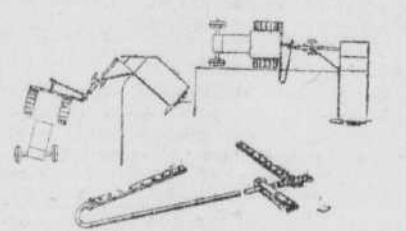

The platform here is made of
 sheet iron with strengthening
 flanges at the sides which also serve
 as guards for the operator's feet. It
 enables the operator to stand and

move about without leaving the ma-
 chine.
 (W. J. Bernard, New Iberia,
 Louisiana.)

TRACTOR HITCH

The advantage of this hitch is that
 when the tractor makes a turn the

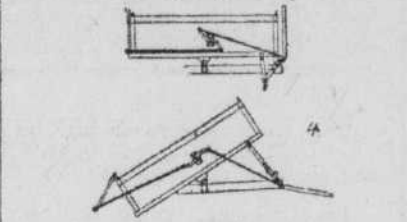

tongue of the binder moves laterally
 five or six feet and brings the binder
 around the corner without strain.
 It moves back automatically when

the tractor resumes the straight
 course.
 (Charles A. Wise, Lawrence, Kan-
 sas.)

END GATE MECHANISM

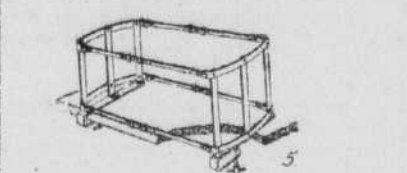

This simple lever arrangement en-
 ables the operator to dump the body
 and open the end gate at the same
 time by hand. Also it has extra

holes in the centre lever which en-
 ables him to open the gate partially
 to spread the material.
 (Jennings Automatic Dump Body,
 Inc., Roanoke, Va.)

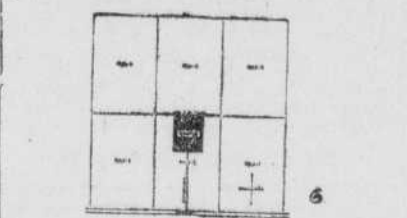

LUGGAGE CARRIER.

The chief feature here is that the
 carrier can be lengthened or short-
 ened according to the size of the
 packages. The end pieces are made

of metal strips and the side pieces
 of leather straps.
 (Henry G. Voight, New Haven,
 Conn.)

PLANNING THE FARMSTEAD
 Farmers' Bulletin 1143, "Planning
 the Farmstead" outlines general
 plans for the arrangements of farm

buildings with respect to one an-
 other. You can get it for five cents
 by writing to Superintendent of
 Documents, Washington, D. C.

BEEKEEPER HAS WORK DURING WINTER SEASON

All Preparations for a Busy Sea-
 son Should Be Made While the
 Bees Are Resting.

With the bees all snugly packed
 away in their winter quarters and
 requiring no further attention for
 the next four or five months, the
 beekeeper can now turn his attention
 to preparations for next season's
 activities. As the active season is
 comparatively short and commences
 with a rush, the man who would
 make the best use of his time and
 secure a maximum crop from his
 bees must be prepared with every-
 thing in readiness before it is ac-
 tually needed. Most of these prepara-
 tions can be made during the winter
 months.

For every colony of bees a bee-
 keeper has, he should have at least
 three full depth or six shallow supers
 for surplus honey. He should also
 have enough 10 frame hives com-
 plete to take care of all the increase
 he is likely to make during the sum-
 mer. A lack of supplies when honey
 is coming in and bees are swarming
 means a heavy reduction in the
 amount of honey stored. All sup-
 plies should be gone over carefully
 and put into proper working con-
 dition. If any new ones are required
 they should be ordered early, as
 most dealers allow a discount on
 early orders. These supplies can be
 made up before the spring. When or-
 dering hive bodies, supers, etc., in
 large lots it is most economical to
 purchase them in the flat in crates
 of five. The material is all cut to
 standard size and ready to put to-
 gether. If a beekeeper is handy with
 tools and can obtain good lumber it
 is very much cheaper to make the
 hives, floor boards, etc., at home, us-
 ing a standard hive as a model. The
 frames, however, are difficult to
 make without special machinery and
 should be obtained from a regular
 manufacturer. Comb foundation can
 be ordered early, but it is not advis-
 able to put it into the frames before
 the spring. This work should be done
 in a warm room as the wax is very
 brittle when cold and easily broken.

Broken combs, cappings, etc., can
 be rendered early and the combs
 obtained manufactured into foundation
 for spring use. Any manufacturer of
 bee supplies will convert the wax
 into foundation at a reasonable charge.

All drawn combs should be care-
 fully protected from the ravishes of
 mice and wax moth during the win-
 ter as they are one of the most valu-
 able assets a beekeeper has. The best
 method is to place the combs in sup-
 ers and to tier the supers one above
 the other with a queen excluder be-
 tween them. This will prevent damage
 from mice. To prevent moulding and
 damage from wax moth the combs
 should be stored in a dry cold place,
 exposure to a temperature of 11 de-
 grees F. will destroy larvae of the
 wax moth.

ORDERING SEED OF THE BEST VEGETABLES

Good Seed of Best Varieties Is
 One of Most Important Fea-
 tures to Bring About Good Re-
 sults.

In order to obtain the best results
 from the garden, it is a well-known
 fact that good seed of best vari-
 eties is one of the important features
 which will insure certain success. In
 this regard many of the old stand-
 ard varieties are still giving satisfac-
 tory results, but it is a good policy
 at this season of the year to study
 the records of past years, to ascer-
 tain if the crops obtained then com-
 pare favorably with the require-
 ments of today.

Procrastination on the part of
 those intending to order seed may
 end in disappointment, because the
 bulk of seed orders received by seed
 houses are received late in the sea-
 son. Those orders that are sent in
 early are liable to receive exactly
 what is asked for, whereas orders
 sent in later may receive many sub-
 stitutes.

The requirements, whether gen-
 eral or specific, as the case may be,
 will have some influence on the
 choice to be made. However, it is a
 well-known fact, and most people
 are well agreed upon it, that earli-
 ness, yielding ability, uniformity
 and quality are the chief deciding
 factors when making a choice of
 varieties for a garden, whether com-
 mercial or for home use. It is here
 that discrimination has to be ap-
 plied, because there are many nov-
 elties being offered which may
 prove satisfactory and may be not.
 Where it is desired to introduce new

early varieties, it is a good policy to
 refer to definite data dealing with
 this particular question, and in this
 way find out from the reports of ex-
 periments the performance of such
 sorts. For instance, in the case of
 early corn, there is Early Malcolm
 and Sweet Squaw, both of which are
 fully ten days earlier than our best
 early variety. Both of these are
 white, but possess such quality earli-
 ness and yielding ability that they
 can be recommended to the public
 with certainty. The same perform-
 ance holds in the case of tomatoes,
 of which there is the Alacrité. It
 has become quite well known as a
 variety for earliness, quality and
 yielding ability. If such varieties are
 added to the garden tests, or other
 varieties that have become known,
 there is little doubt, but that the re-
 sults will be very satisfactory.

Buy only good seed, sow plenty of
 it to insure having plenty of plants,
 from which the most vigorous ones
 can be selected.

Mr. C. H. Remick, of Barnston, was in town on Wednesday on business and was the guest of Mr. E. W. Damon, at Maplewood.

Messrs. J. B. and W. T. Parker attended the meeting of the Coaticook River Water Power Company on Wednesday afternoon.

DANVILLE

The annual church supper and business meeting of the Federated Presbyterian-Congregational Church was held on Wednesday evening last, at which there was a large attendance.

Reports of the various departments were heard showing the church work to be in a flourishing condition.

The masquerade advertised by the Danville Amateur Athletic Association for Monday evening had to be postponed until Thursday evening, on account of the extreme cold.

The several merchants of Danville have decided to close their places of business four week-days evenings each week at six o'clock, namely Monday, Wednesday, Thursday and Friday, which practice they have already started. They will probably re-arrange this schedule during the early spring.

Mr. Beaulieu has rented two nights weekly for moving pictures, namely Wednesday and Thursday nights.

THE ST. PAUL'S GUILD AT BURY HELD ANNUAL

Excellent Reports Presented—Election of Officers for the Ensuing Year.

BURY, Que., Jan. 27.—The annual meeting of the St. Paul's Guild was held on Wednesday afternoon last at the residence of Mrs. A. B. Hunt. An excellent financial report was presented by the treasurer showing that the Guild had undertaken a large amount of work in improving the church property and after paying all debts had still a balance of \$328.13. The Rev. C. T. Lewis expressed his deep appreciation of the Valentine service rendered in the Church's interest by the members of the Guild and thanked them very cordially for their kind and loyal support.

Resignations from office were received from Mrs. Isaac Goodenough, Mrs. Shirley Clark and Mrs. Wilson, on account of bereavement, ill health and inability to attend every meeting. Mrs. Lewis resigned as First Vice-President in order to give place to the retiring president. Upon being put to the vote, the election of Mrs. Isaac Goodenough as First Vice-President was carried unanimously. The election of other officers then took place by nomination and ballot and resulted as follows: President, Mrs. A. B. Hunt, Second Vice-President, Mrs. Cunningham, Secretary, Mrs. Lewis, and Treasurer, Mrs. Spackman.

The following committees were elected: Mrs. Sherman, Mrs. Guy Coates and Mrs. Roe, entertainment committee; Mrs. Bailey, Mrs. Thos. Morrow and Mrs. H. Barter, repairs committee; Mrs. Hunt, Mrs. Chas. Goodenough, Mrs. H. Barter and the Misses Marjory Morrow, Alice Roe and Pansy Womby, collector of annual fees, Mrs. Bradley.

It was decided to hold the next meeting on February 8th, at the residence of Mrs. Chas. Goodenough. A dainty tea was served by the hostess assisted by Miss Lilla Kerr and Miss Lena Hunt.

real this week attending a convention of the American Institute of Dental Teachers, and the Clinics held in connection with the convention.

Mr. George J. Alexander, of Richmond, was the guest of Mr. and Mrs. Jas McCallum for several days this week.

ABBOTT'S CORNER

Mrs. H. E. Tracey has returned home from Highgate Springs, Vt., where she has been caring for Mrs. C. Macey, who has been ill.

Mrs. C. L. Demers and little Donald, of Freilighsburg, Que., were recent guests of Miss B. M. Goodhue, on Tuesday last.

Mr. and Mrs. Vimmy Poirier, of Berkshire, Vt., were recent guests of Mr. Harley Poirier on Sunday.

Mr. H. V. Longley, of Westfield, Vt., is stopping at Mr. P. E. Goodhue's for an indefinite time.

The farmers of this vicinity are surely profiting by the good weather, and their work is proving a great success.

It is reported that Miss C. Grassette is slowly recovering from her recent illness.

CHILDREN'S COUGHS QUICKLY RELIEVED

It is hard to keep the children from taking cold. They will run out of doors not properly wrapped, or have too much clothing on and get overheated and cool off too suddenly, they get their feet wet, kick off the clothes at night; the mother cannot watch them all the time so what is she going to do?

Mothers should never neglect the children's coughs or colds, but on the first sign should procure a bottle of

DR. WOOD'S NORWAY PINE SYRUP.

It is pleasant and nice to take, and relieves the cough or cold in a very short time and thus prevents bronchitis, pneumonia, or perhaps consumption getting a foothold on their system.

Mrs. E. Smith, 238 Victoria Ave., North, Hamilton, Ont., writes:—"I have three children who have had very bad colds, due to change of climate. I have tried different remedies, but I seem to get the best results from Dr. Wood's Norway Pine Syrup. I have no difficulty in giving it to them as they like it. I always have at least one bottle in the house."

NEWSY NOTES OF INTEREST FROM DUNHAM

The Ladies' Aid Held Meeting—

Other General News and Personal of Interest.

DUNHAM, Que., January 27.—The Ladies' Aid met on Thursday afternoon of last week with Mrs. Oscar Selby. The business meeting was called to order promptly at five o'clock, with the president presiding.

This is the first meeting since the first of December, and since the large box of clothing, quilts and other useful articles was sent to the Deaconess Home by this society, a letter of thanks from the Home, which was received by the secretary soon after its arrival in Montreal early in December, was read at this meeting. No new business was presented and the meeting closed with the Mizpah benediction. A bountiful supper was served by the hostess, assisted by Miss Sadie Doherty, to about forty-two people. A very pleasant social hour followed the supper.

The school commissioners held a business session in the Town Hall on Friday evening.

The "Little Helpers" Missionary Society of All Saints' Church met with Miss Maud Selby on Saturday afternoon, when their mite boxes were opened. Considerable enthusiasm centered around these little boxes, all the little contributors being anxious to know how much their boxes contained. The sum totalled \$10.60. Rev. Mr. Coffin gave a little talk which the youngsters enjoyed, after which Miss Selby served dainty refreshments. She was assisted by Mrs. Dudley Carleton and Miss Winifred Baker.

The W. A. met, as is the custom, with the Misses Emma and Hattie Baker, on Thursday afternoon, with an excellent attendance of members. Tea was served by the hostess.

Unity Rebekah Lodge, No. 39, held its regular meeting on Friday evening with Sister Alice Martin presiding, assisted by her new staff of officers. Delicious refreshments were served by Mrs. Martin and the Misses Ada and Esther Geer.

Mr. and Mrs. Henry Ten Eyck and little daughter were guests for the day of Mr. and Mrs. W. A. Doherty on Thursday last.

Mr. Leon Royce spent Thursday in Richford, Vt. Returning with him was his cousin, Mr. George Rowse, of Pawtucket, R. I., who spent a few days here before proceeding to Montreal.

Mrs. Ten Eyck, Mrs. Will Doherty and Miss Alice Cameron were guests of Mrs. Arthur Brown on Saturday evening.

The W.C.T.U. are holding a social at the Parsonage on Friday evening. Miss Dorothy Brown was a guest at tea on Tuesday of Miss Clara Buchanan.

It is reported that the "flu" has made its appearance again, and there are several cases. Colds are very prevalent and claiming many victims.

FIVE CHILDREN SAVED BY THEIR YOUNG BROTHER

Children Given to Care of Fourteen-Year-Old Boy—All Endured Terrible Hardships in Wilderness.

(Associated Press Despatch.)
FORT WILLIAM, Jan. 27.—Five children, ranging in age from less than a year to twelve years have reached Watcomb, on the Canadian Government Railway, saved by their fourteen year old brother, after enduring terrible hardships in the wilderness.

With his wife and himself suffering from influenza, Atchimo Nan Tuhees, an Indian trapper, called his eldest son, Atchimo, fourteen years old to his bedside and gave him \$1,200 the fruits of his trapping, and bade him care for the children.

The same day, January 13, both parents died. Unable to bury the bodies, the boy left them frozen solid in the shack, with the five young children and set out on snowshoes to fetch his nearest neighbor, thirty miles away.

When he returned with John Hingooch, two days later, the five children, including the baby, were gnawing raw moose flesh, the only food in the shack, and had burned every scrap of furniture to keep from freezing.

Hingooch and young Atchimo, packed them on a dog sled, and rushed on to Watcomb, where all obtained food and medical attention. The infant, it is feared, may die.

ONE OF WITNESSES IN ARBUCKLE CASE IS REPORTED MISSING

Defence Announced that Three Weeks Search for Mrs. Morgan Failed of Results.

(Associated Press Despatch.)
SAN FRANCISCO, Jan. 27.—More evidence intended to show that Virginia Rappe, motion picture actress, died as the outcome of a chronic complaint and not as the result of the supposed attack by Roscoe C. Arbuckle, was adduced yesterday in the second trial of a manslaughter charge against the film comedian.

Dr. George F. Shiels, the defense analyst in the first trial of Harry K. Thaw, testified that spontaneous ruptures of the bladder were possible. He illustrated on the court blackboard the manner in which such ruptures might be caused by muscular contraction due to alcoholism, hysteria and other causes.

The defense announced that a three week search for Mrs. Irene Morgan, of Pasadena, former nurse to Miss Rappe, had failed of results. It was believed by Counsel, however, that she had taken a trip out of the country, which she had planned after the former trial of Arbuckle. A tense situation was created during the trial when it was announced that Mrs. Morgan had been poisoned mysteriously after giving her testimony. She recovered and returned to her home in Pasadena.

PLAN STEAMSHIP LINE TO IRISH FREE STATE

Promoters Include a Number of Sinn Feiners Who Were Associated with De Valera.

(Associated Press Despatch.)
NEW YORK, Jan. 27.—It was announced that a committee has been formed here for the establishment of a steamship line to the Irish Free State.

A second line to Ireland is also reported to be under contemplation by another group of Irishmen here. The Irish-American has been incorporated under the laws of Delaware, with a capital of five hundred thousand dollars. Its promoters include a number of Sinn Fein leaders who were closely associated with de Valera in the United States.

The new company is offering fifty thousand shares of eight per cent preferred stock at five dollars par value, and fifty thousand shares of common stock.

REPORT ISSUED ON LOWERING OF FOOD PRICES

Lowering Prices Has Resulted in General Distress in Surplus Producing Countries.

(Associated Press Despatch.)
WASHINGTON, Jan. 27.—A bulletin issued today by the foodstuffs division of the Department of Commerce says:

Gradual lowering of prices throughout the world for most of the important food products, has resulted in general agricultural distress in practically all the surplus producing countries. South America, Australia, Canada and the United States are freely selling, even at the low prices. There has been general protests in some of the European countries by the farm organizations, who contend that their own markets are being demoralized through the pouring in of cheap American wheat and meat. In certain countries where price fixing still holds, such as Germany and Poland, the price of home grown wheat and rye is lower than the imported article.

As a result of this condition, the bulletin adds, there has been an organized movement in practically all of the surplus countries seeking government relief.

MEGANTIC CO. HAPPENINGS

THETFORD MINES

A meeting of the Ladies' Guild of St. John's Church was held at the home of Mrs. J. A. Croteau on Wednesday afternoon last, and was largely attended by members and friends, and a most pleasant afternoon was spent in doing fancy work and in social intercourse. The officers of the ensuing year were elected and resulted as follows:

President, Mrs. Thos. Lloyd; vice-president, Mrs. Paul Hamerich; secretary-treasurer, Mrs. Thos. Johnston. At the close of the meeting, delicious refreshments were served by the hostess, Mrs. Croteau, assisted by Mrs. H. E. Green and Mrs. J. L. Demers. The next Guild meeting will be held on Wednesday, February 8th, at the home of Mrs. J. L. Demers.

LODGE HELD MEETING

One of the most successful installation meetings in the history of the Thetford Mines Lodge No. 55, I.O. O.F., was held recently, when Bro. G. A. Addley, of Leeds Lodge No. 54, District Deputy Grand Master, District No. 15, accompanied by a suit of sixteen brothers, installed the officers for the ensuing year.

After due justice had been done to a bountiful supper, served by mine host Giguere, of the Commercial Hotel, the members and their visitors proceeded to their hall, and the installation ceremonies proceeded with, after which speeches were the order of the evening, afterwards refreshments were served and a social hour spent.

The officers installed which are as follows, should assure this lodge a very successful year.

J.P.G., J. F. Moore; N.G., J. T. McCallum; M.G., F. A. Sawyer; Rec. Sec., P. Hamerich; Fin. Sec., S. Daigneau; Treas., W. C. Bean; Warden, John Edwards; Conductor, G. O. Heseltine; Chaplain, D. A. OPPOSITION TO HOLD A CAUCUS VERY SHORTLY

Will Decide Who Shall Be the Recognized Leader of the Opposition.

(Associated Press Despatch.)
OTTAWA, Jan. 27.—Shortly after the opening of parliament, a caucus of all members in opposition to the Government will be called to decide who shall be the recognized leader of the opposition.

That, it was authoritatively stated, today is the only solution of the perplexing difficulties which have arisen over opposition leadership as a result of the last general election. The main difficulty lies in the allotment of salary. Under the salaries act, the recognized leader of the opposition gets \$10,000 per annum in addition to his sessional indemnity. "To the member," so the act reads, "occupying the recognized position of leader of the opposition in the House of Commons, there shall be paid in addition to his sessional indemnity, an annual allowance of \$10,000." But the act contains no definition of the "recognized" leader of the opposition, nor does it indicate what recognition is essential to payment of the salary. So far as the leader of the opposition is concerned, the salary provision is the only provision. Hence, there being no statutory provision, parliamentary practice will govern.

THE USE OF JACK PINE FOR MANUFACTURE OF NEWSPRINT

Stated that Last Available Spruce Forests Are Being Rapidly Depleted.

(Associated Press Despatch.)
MONTREAL, Jan. 27.—That it is quite feasible to use jack pine in the manufacture of newsprint was the contention of Maurice Northern, of the Belgian Industrial Company, Limited, in a paper read by him before the Technical Section of the Canadian Pulp and Paper Association at its annual meeting here yesterday afternoon. Mr. Neilson stated that his company had been carrying on extensive experiments with jack pine under both the sulphite and ground wood process, and had met with considerable success.

The point was brought out in discussion that available spruce forests were being rapidly depleted, and that the consequence was longer hauls, more expensive wood, and a higher priced wood at the mill. Jack pine, on the other hand, is plentiful, cheap, and attains commercial size fifty years earlier than spruce.

BLOODLESS OPERATIONS FOR HIP DISEASES BEING PERFORMED AT MONTREAL

Stated that Work Homoeopathic Hospital Is Doing Is Second to None in the Country.

(Associated Press Despatch.)
MONTREAL, Jan. 27.—"You have read of the noted Viennese surgeon, Dr. Lorenz, who performs bloodless operations for hip disease. Crowds are waiting their turn to see him every day in New York. This very operation has been performed in the outdoor department by one of our surgeons," declared George J. D'Alaird, president of the Homeopathic Hospital, of Montreal, at the annual meeting held here yesterday.

Mr. D'Alaird related how he had witnessed such an operation in the Hospital, and added that "the work this hospital is doing is second to none in the country."

GOOD FICTION.

The teacher had told her pupils to write a short essay about Lincoln, and one boy handed in the following:

"Abraham Lincoln was born on a bright summer day, the twelfth of February, 1809. He was born in a log cabin he had helped his father to build."

NO OPTION.

"I hear Charlie's on his feet again."

"Yes, poor boy, his creditors took his car."

NEW YORK PRESS MARKET COMMENT

Furnished by McManamy & Walsh

New York Herald—It was the most extensive re-action since the drifting period of the first week of the year. The action of industrial issues, especially steel, oil, copper and sugar shares, suggested that speculative sentiment remained in a highly sensitive state.

Journal of Commerce—The markets of the past few days have been obviously the product of professional operators primarily, and yesterday's was no exception, the downward movement resulting from profit-taking and lack of outside support.

Wall Street Journal will say today—

Sears Roebuck position improved despite deficit.

Bethlehem Steel earned \$7.66 a share on common.

MODERATE UPTURNS IN WHEAT PRICES AT CHICAGO

(Associated Press Despatch.)
CHICAGO, Jan. 27.—Moderate upturns took place in the price of wheat today during the early transactions. An advance in the Liverpool market appeared to be chiefly responsible.

Besides, need of rain was reported from India, and there were Australian advices telling of an increase in purchases for Japanese account. The opening here was varied from the same as yesterday's finish to 1/2 cent higher, with May \$1.15 to \$1.16 and July \$1.02 1/2 to \$1.03 1/2 was followed by gains all around.

Corn and oats were firm with wheat. After opening unchanged to 1/2 cent higher, with May at 53 1/2 to 53 3/4 cents, the corn market gained a trifle.

Oats started unchanged to 1/2 cent up, with May at 38 1/2 to 38 3/4 cents and held near to these figures. Provision prices tended downward as a result of lack of buying despite an upturn in hog values.

RUMORS PROVOKE FRESH SELLING OF STEEL STOCKS

(Associated Press Despatch.)
NEW YORK, Jan. 27.—(Wall Street News.) Rumors of a hitch or possible abandonment of one or more of the proposed steel mergers provoked fresh selling of those shares during the first hour. Gulf States extended its reaction to 4 1/2 points and Crucible, Republic Common and Preferred and Midvale averaged one point declines. General Electric was among the heavy equipments and metals and tobaccos sustained additional losses. The rally of the second hour, in which short covering was a feature, was led by Corn products, Davison Chemical, Mexican Petroleum and Columbia Graphophone, the latter gaining four points. Rubbers were heavy, however, on the further cut in the raw product.

Call money opened and renewed into next week at five per cent.

PRICES HEAVY ON BOURSE

(Associated Press Despatch.)
PARIS, Jan. 27.—Prices were heavy on the Bourse today. Three per cent rentes 56 francs 40 centimes. Exchange on London 51 francs 85 centimes. Five per cent loan 80 francs 20 centimes. The United States dollar was quoted at 12 francs 24 1/2 centimes.

In the World of Finance

Furnished by Johnston & Ward

Bethlehem Steel Corporation for year ended December 31, 1921, earned \$7.66 on common against \$18.40 in 1920. Preliminary statement shows increased working capital and strong cash position. Regular common and preferred dividends.

Chas. M. Schwab says Bethlehem Steel Corporation now running at one third capacity, to spend \$25,000,000 to increase facilities. Speaking in New York last night he declared his absolute confidence in business future of United States, and believes it on verge of greater things even than in past.

Foreign advices to Washington indicate opposition of United States to participation at present in Genoa conference called for March 8th, will result in postponement to early summer or even later.

Worth estimates new revenues, including 200 p.c. increase in property tax, will bring German government receipts for 1922 to 100,000,000,000 gold marks against 55,000,000,000 in 1921.

United Fruit for year ended December 31, 1921, earned \$16.97 a share on stock against \$29.01 in 1920.

Crop outlook generally encouraging, according to Department of Agriculture report covering first half January, with winter wheat and rye in good condition in far West. Eastern and Central states reporting only small damage from frost.

ALL LEADERS WERE QUIET ON MONTREAL EXCHANGE

(Associated Press Despatch.)
MONTREAL, Jan. 27.—Absolutely nothing of interest occurred during the early trading on the local stock exchange this morning, and all the leaders were quiet. Laurentide registered a half point decline to 73 1/2, but with this exception there were no variations worthy of mention.

AYER'S CLIFF PLAY IN LENNOXVILLE

A large number of hockey fans have signified their intention of coming down, this afternoon, with the Ayer's Cliff team for their game with Lennoxville.

Ayer's Cliff are anxious to win this game in order to enable them to retain their splendid position in the League standing.

A special car service is being arranged by the Street Railway Company and double headers will leave Sherbrooke at 7.00 and 7.20 p.m. arriving in good time for the game which will commence at 7.45 p.m. sharp.

LEAGUE GAMES TOMORROW

Tomorrow evening, St. Patricks travel to Stanstead where they play against the Stanstead Olympics, while Richmond travel to Danville and Waterville play in Windsor Mills.

The Windsor Mills-Waterville game will be played during the course of the afternoon and considerable interest is being occasioned in Windsor Mills first appearance in a League game.

BOY SCOUTS WON

Playing at the Y.M.C.A. rink, the 4th Sherbrooke Troop of Boy Scouts defeated the Anglian Tuxis Boys by 6 to 2. The Scouts lead 2 to 1 at the end of the first period, McGinty and Conley scoring for the Troop, and Saunders for the Tuxis. Taylor of Tuxis evened up the score in the second period, but McGinty again placed them in the lead.

The final period saw the Scouts playing rings around their opponents and McGinty and Conley (2) added further tallies.

WATERVILLE WON FROM RICHMOND

WATERVILLE, Jan. 27.—Waterville strengthened their lead in Section "B" of the Eastern Townships League when they defeated Richmond at Waterville by six to nothing.

A feature of the game was the fact that not a single penalty was imposed, both teams playing good clean hockey much to the delight of a large crowd of enthusiasts.

Edgcombe, Swanson and Jalbert proved to be a very strong combination and the goals were apportioned off three, two and one respectively. Richmond turned in a neat game and were rather bothered by the smaller dimensions of the rink. The defence was good and the forwards repeatedly carried the puck up in front of the Waterville nets but were unable to beat Wilson.

The teams lined up as follows:

Richmond	Waterville
Hayes	Goal
Martin	Defence
Carrier	Defence
Dennison	Forward
Smith	Forward
Allard	Forward
D'Almaine	Sub
Marchand	Sub
Referee—W. Shaw; Judge of play—Dyson.

SKIING

HIKE FOR SATURDAY

A get-together run is being arranged for Saturday afternoon when it is expected that a large number

of members will be on hand.

There will be no racing in connection with the event and the course to be followed will depend largely upon circumstances. It is proposed to take a run through the woods, where sufficient small inclines will relieve the monotony of a straight course.

Arrangements are being considered for the serving of refreshments at the club house, on the return from the tramp.

BOWLING

INDUSTRIAL BOWLING LEAGUE

Of the games scheduled for last night only the Cotton Mills and Football Club game was pulled off, the Rand and Kayser game being postponed by mutual agreement. CONGRESS OF THE IRISH RACE CLOSES TODAY

Resolution Would Pledge Delegates to Use Every Means in Their Power to Obtain Complete Independence for Ireland.

(Associated Press Despatch.)

PARIS, Jan. 27.—The World Congress of the Irish Race began the last day of its meeting here this morning with a discussion of a resolution putting the delegates on record as declaring that the result of the London Conference, the negotiations of the Anglo-Irish Treaty, was a denial of self-determination for Ireland. The resolution further pledges the delegates to use every means in their power to obtain complete independence for Ireland.

This resolution is regarded as merely making more specific the terms of the Irish Independence resolution adopted on Wednesday. The new resolution was to come to a vote this afternoon, when it was expected the Congress would complete the details of the organization of the International Irish League and then adjourn.

GAVE LONG AND DETAILED ACCOUNT OF THE MURDER

Not Necessary to Look at Accused, His Features Are Engraved on My Memory for Life, Declared Witness.

ST. SCHOLASTIQUE, Jan. 27.—"It is not necessary to look at him. His features are engraved on my memory for life." This was the utterance of Alfred Clermont, when confronted with Osiar Ropiel, charged with murder of Clermont's mother in November, 1920. Clermont gave a long and detailed account of the murder in evidence at the trial.

SPLENDID YEAR WAS REPORTED BY ST. ANDREW'S

Excellent Reports Were Presented at the Annual Congregational Meeting Held Last Evening.

A very satisfactory year of progress was reported by St. Andrew's Presbyterian Church at its annual congregational meeting in St. Andrew's Hall last evening. The gathering opened with devotional exercises conducted by the minister, after which Rev. Alfred Bright was elected chairman and Mr. Fraser Armstrong was appointed secretary.

The report of the session was read by Mr. Thomas Cohoon, and showed that the attendance at Sabbath services of public worship was noticeably on the increase. Four services of Holy Communion had been held during the year, at which the largest attendance in the history of the congregation was present, when never less than four hundred communists were present at one of these services. The session records revealed that 119 new members had become connected with St. Andrew's, of which sixty-five were on profession of faith and fifty-four by certificate, while deductions from the membership by death and removals totalled forty-three. The present communicant membership of St. Andrew's is 786, and 400 families under the care of the session. The minister reported officiating at fifty-three baptisms, forty-one funerals and forty marriages.

Financially, St. Andrew's is in a strong and encouraging position. report of the Board of Managers was read by Mr. A. A. Gunning. The total receipts of the congregation from all sources was the sum of \$16,000, this money was raised by the following organizations in St. Andrew's:

Board of Management, \$10508.22; Church School, \$788; Session Fund, \$304; Ladies' Aid, \$654; Young Ladies' Aid, \$445; St. Andrew's Auxiliary, \$916; Young People's Society, \$306; Excelsior Mission Band, \$21; Women's Missionary Society, \$460.

The grand total does not include the \$13,000 which the congregation pledged a year ago to the "Forward Movement" of which sum \$11907.22 has been paid to the treasurer and forwarded to the Head Office of the Presbyterian Church at Toronto.

The treasurer of St. Andrew's, is Alderman J. K. Edwards, who puts a great deal of time and thought into the work of the congregation. He was able to present the best financial report in the history of St. Andrew's. His report showed that the Sabbath plate collections amounted to \$5,000 the missionary giving to the budget of the Presbyterian Church totalled \$3228.84, and the offering of the anniversary service in October was \$1302.10.

The report of the Church School was presented by Mr. J. T. Reid. The report showed that the year closed was a banner year in the School's history. The report revealed increases in membership, in average attendance, in financial receipts and efficiency. The total active membership of the School is 356, which does not include "Cradle Roll" or "Home Department." Since last September the attendance at the School has never been less than 213. The School raised \$788, and \$214, for missions. The staff of teachers and officers is fifty-six, and the Cradle Roll has a membership of 108.

Elections for the Board of Managers resulted as follows—Messrs Robt Seiveright, Jacob Dick, Fraser Armstrong and J. B. Campbell, of Milby, to replace the retiring members of the Board.

Messrs A. A. Brodie and James Lowe were appointed auditors.

Messrs Jas. R. Duncan and J. K. Edwards were appointed to represent St. Andrew's on the Elmwood Cemetery Board.

A committee composed of Messrs A. Bissell, F. L. Bean, J. K. Edwards, J. T. Reid, W. S. Moy, G. A. MacKinnon, T. Cohoon, Mr. A. Bissell and Mrs. E. E. Gilson, was appointed to consider plans for a modern church hall to be built on the property in the rear of the church property.

The attendance at the annual congregational meeting was large, and the feeling of optimism was present as the various reports showed the healthy and vigorous life of the congregation, and the large number of devoted men and women who are dedicating time, talent and substance to enable St. Andrew's to fulfill her mission.

DOLLS FOR GROWN-UPS THE LATEST CRAZE IN PARIS

A Favorite Is a Pale Faced Pierrot with Wide Staring Eyes.

(Associated Press Despatch.)
PARIS, Jan. 27.—Dolls for grown ups, dolls that are from three to five feet in length, that hang limp, with trailing limbs, are the latest craze in fashionable Paris.

A favorite is a pale faced pierrot, with wide staring eyes, and bright red, bow shaped lips. He is placed in the corner of a settee, and his white face and black silk costume produce quite an artistic effect.

Another type is a shock-headed peasant, a grotesque leon on his rubicund face, and dressed in a blue blouse, red and white striped trousers and wooden sabots.

UNABLE TO MEET DEMAND FOR BABIES TO BE ADOPTED.

(Associated Press Despatch.)
CHICAGO, Jan. 27.—Prohibition and what he termed the "independent attitude of modern women" have resulted in such a scarcity of babies that the Child Welfare League of the United States for the first time is unable to meet the demand for babies to be adopted. C. C. Carlens, of New York, director of the organization, said in an address at the League's conference last night.
