Chaos reigns supreme

Organizational grief of CBC in French, too

OTTAWA (CP) — The CBC's organizational grief has penetrated the language barrier, the Commons broadcasting committee was told Thursday.

Disquiet over lack of authority in public affairs programming is rife within the French-language television network, a producer testified.

A public affairs supervisor said CBC structure is even more chaotic in Montreal than in Toronto, home of the controversy over the program This Hour Has Seven Days.

Producer Claude Desorey said matters that should be settled by supervisors in Montreal often are sent to head office in Ottawa. The decisions take a long time to hatch.

Mr. Desorey produces La Semaine, a weekly program ranging somewhere between the English network's Seven Days and Newsmagazine in its treatment of current issues.

CONDUCTED IN FRENCH

His supervisor, Marc Thibault, was the other witness before the committee in a sitting conducted almost exclusively in French.

Mr. Thibault's contribution was an 8,000-word document analyzing CBC troubles. It left the committee a little breathless and MPs decided to hold their examination of Mr. Thibault until Monday, when English translations will be available.

Both men said that without imaginative, clear-cut control over public affairs broadcasting, the creative people of the CBC will be stifled and discouraged.

Mr. Desorey said producers want greater authority with efficient grievance procedures and assurance of "complete confidence" from management in carrying out their jobs.

Producers now feel they are alone in taking the risks essential to win viewers.

LEFT CONFUSION

Mr. Thibault said a corporate reorganization six months ago, more fully applied in Montreal than Toronto, has left the CBC's structure in confusion.

... 8,000 words of troubles

WORLD NEWS

Won't explain

PRETORIA (AP) — Justice Minister Balthazar Vorster refused today to explain why he put drastic restrictions on the president of South Africa's largest multiracial students organization.

Vorster said it was not government policy to issue explanations of restriction orders imposed under the suppression of Communism laws.

Studies Gerda

WINNIPEG (CP) — Opposition Leader Diefenbaker said Thursday he is reading a transcript of the Munsinger inquiry and soon will "have something to say" about it.

Deny charge

SAIGON (AP) — The U.S. Air Force today strongly denied Peking's charge that American fighters intruded into China to shoot down a Chinese plane Thursday.

The air force said one of its missile-firing F-4C Phantoms destroyed a Communist MiG-17 over North Viet Nam 20 to 25 miles south of the Chinese border. A U.S. spokesman indicated the Americans think the plane was North Vietnamese, not Chinese.

Viet policy

WASHINGTON (AP) — Henry Cabot Lodge, U.S. ambassador to South Viet Nam, has told questioning senators that the United States favors "the widest possible participation" by South Vietnamese in their coming election.

Lodge has been in Washington since Monday for conferences with President Johnson and administration officials. He appeared before the Senate foreign relations committee in closed session Thursday.

Wilson appeals

LONDON (CP) — Prime Minister Wilson today urged Britain's 62,500 merchant seamen to call off their planned strike, warning them of the grave consequences it would have to the country's economy.

A STUDY IN PROTEST — University of Chicago students who object to giving

grades and class rankings to Selective Service boards hear a performance of guitar and

banjo players during sit in at administration building. One performer is barefoot.

US students tested to stay in school

WASHINGTON (AP) — Some 350,000 to 400,000 college and graduate students will try to convince their draft boards Saturday they would serve the United States better in the quiet of their classrooms than in the jungles of South Viet Nam.

The persuader: A three-hour, 150-question draft deferment test given at 1,200 colleges and universities in the 50 states, Puerto Rico and the Panama Canal zone.

Even a smashing score is no guarantee of deferment for the school year beginning in the fall, but most draft boards are likely to put great stock in the results.

The examinations, used from 1951 to 1963, were revised last year by Selective Service.

Service's announcement that all students would be fingerprinted "to avoid the possibility that any unauthorized persons

might take the test" touched off howls of protest.

Service officials backtracked, saying a positive identification would be accepted, they said.

1,000,000 SIT

The director of Selective Service, Lt. Gen. Lewis B. Hershey, estimated more than 1,000,000 will take the test. About 1,800,000 students now hold deferments, meaning approximately 800,000 will ride the draft board rapids without it.

The test is a potpourri of mathematical problems, word associations for definitions, reading comprehension, charts and graphs.

Here is a sample of the kind of questions that will be asked: A stick 35 inches long is to be cut so that one piece is 4 as long as the other. How many inches long must the shorter piece be?

University building held in protest

CHICAGO (AP) — The University of Chicago administration building remained in the hands of determined students today after two days and two nights of sit-ins, sleep-ins and teach-in protesting the use of class rankings to determine draft deferment.

The students posted lookouts at key points throughout the six-story building and kept in touch with their outposts by walkie-talkies and a telephone hookup to a command post in the registrar's office.

The students virtually commandeered the building Thursday, and checked credentials of all persons attempting to enter. But later they agreed to allow all persons into the building.

Protest leaders reported a three-hour huddle with school officials was cordial and receptive, but not productive.

The protest, by 300 to 400 students, opposes the university's policy that class rank and grade information be supplied to the students' local draft boards.

The university, which has an enrollment of 8,500, has said that the school will provide grade and class-standing information only at the request of the specific student involved.

The students contend that releasing grades to draft boards makes professors "a judge, not only of a student's knowledge, but of his right to live or die."

Erik at bat again

OTTAWA (CP) — Federal government practice of appointing Northern Affairs Minister Laing as a member to the Northwest Territories Council ran into trouble Thursday when the Yukon Territory's Erik Nielsen (PC-Yukon) attacked the government in the Commons for continuing what he termed "this colonial system of government."

The charges were denied by Northern Affairs Minister Laing as the Commons gave second reading to a government bill amending the Northwest Territories Act. Clause - by - clause study of the bill begins today. The bill creates three new constituencies in the territories, all in the eastern Arctic.

Union claims it's all legal

ET agronomes among striking professionals

Three Eastern Townships agronomes have joined the 1,800 government employed professionals who went on strike Monday for higher wages as part of their first work contract.

Compton, Stanstead and Richmond Counties agronomes closed their offices Monday, a provincial agricultural department official at Drummondville said.

In Quebec, the union representing the strikers Thursday denied their interpretation of labor relations legislation was too casual.

The statement said "Our strike is legal and our demands legitimate. Can we hope to be taken seriously or are we being taken for naive and uneducated persons?"

The professionals, engineers, agronomists and others, who are members of six different unions affiliated with the Quebec-based Confederation of National Trade Unions, declared a strike last Monday. At the negotiations they had been represented by a single union council.

Health Minister Eric Kierans, who had been acting as government negotiator before the breakdown of talks, said in a statement Wednesday the rupture was the fault of the unions. He also said the strike was illegal.

Record man wins award

NEW YORK (CP) — Aaron R. Einfrank, the Toronto Telegram and Sherbrooke Record's United Nations correspondent, Thursday night received the Deadline Club Award for journalistic achievements in the New York area in the last year.

It was the second successive year that he had won the award.

The Deadline Club is the New York professional chapter of Sigma Delta Chi, a professional journalist society.

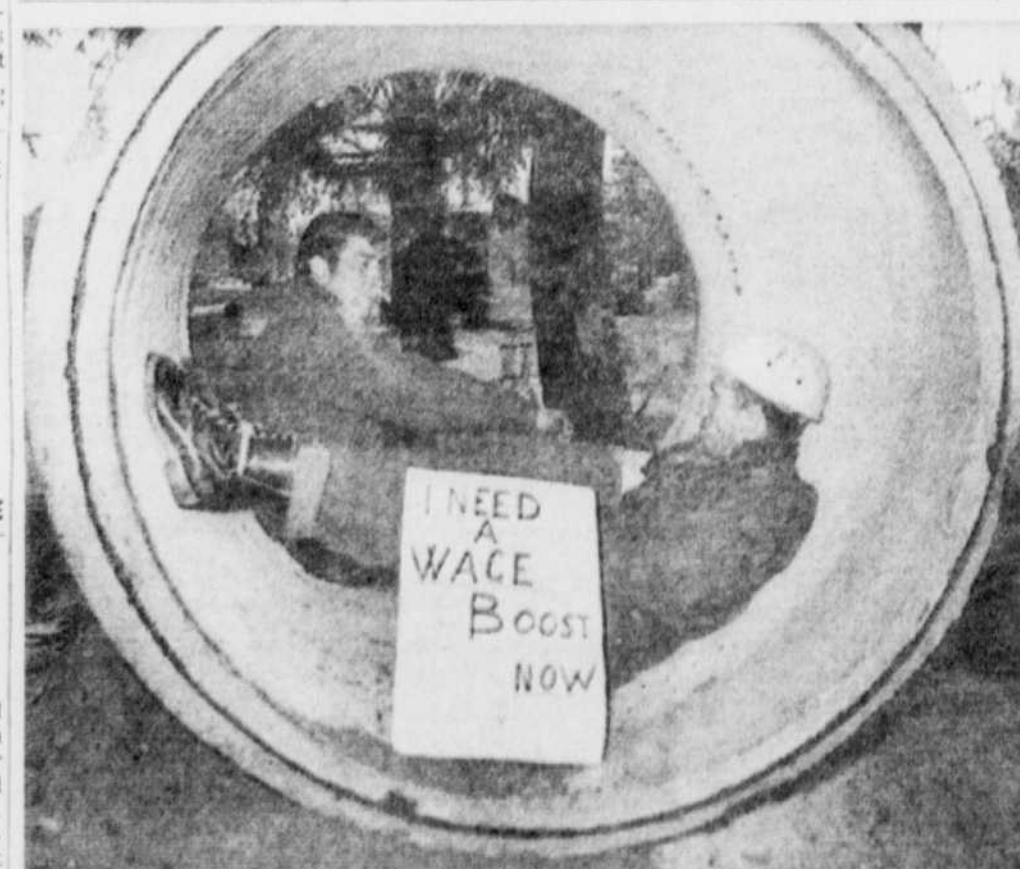

Einfrank, 33, was presented with a cheque for \$500 and a plaque.

PRINCE WINS 'FIGHTING MAN' TITLE — Prince Charles, oldest child of Britain's Queen Elizabeth II and Prince Philip, sits behind New Guinea warriors at the Aghenchambo village at Mount Lamington Wednesday during a colorful "sing sing." The wife of a missionary, Mrs. Roberts, sits beside him. Prince Charles was installed as a "successful fighting man of great courage." The Prince, attending school in Australia, is visiting New Guinea. (AP Wirephoto)

Spring still unprung across northern US

NEW YORK (AP) — A pool of water near flood stage, and once sang that "spring came on the Chicago River became so swollen that commuter-carrying motorboats couldn't pass under bridges. Upstate New York this week had its heaviest May snowfall on record. Pittsburgh's 3.1 inches set a record. There's still an inch of snow on the ground in Sheridan, Wyo., and Kansas City had one of the latest snow storms in its history Thursday.

DRY PICKETS — Strikers intermittent rain while picketing a storm and sewer project in the London, Ont., suburb of Byron Thursday. (CP Wirephoto)

Lesage winds up ET visit

Premier Jean Lesage concludes a two-day tour of the Eastern Townships tonight at East Angus when he will address a meeting in the Eden Theatre in support of Andre Gagnon, the Liberal candidate for Compton in the June 5 provincial general elections.

Following a day spent in Megantic and Frontenac Counties the Premier last night addressed a gathering at Lake Megantic in favor of the Liberal candidate in Frontenac, Jean - Luc Roy.

This morning he invaded Wolfe County and paid informal visits to Disraeli, Weedon and Garthby.

He was to arrive in East Angus at 3:15 p.m. to be met by a group of supporters and conducted to Cookshire for a civic reception at 4 p.m.

While the Premier was campaigning in Megantic and Frontenac, Opposition Leader Daniel Johnson was active in Drummondville and region, winding up a day of local visits with a regional rally at Drummondville in the evening.

Addressing a crowd of 550 at Theford Mines yesterday afternoon, the Premier declared there was only one way for French-Canadians to be ready to assume positions of command — through education.

He promised that his Government's policy on manpower would be "geared to keeping the labor supply in line with its demand." He said the work-

ET election report

By CUTHBERT JONES

ers were the primary resource in the development of industry and manpower "is an essential element in economic development."

He pledged the manpower policy would strive to place qualified manpower at the disposal of industry, aside from the prime necessity of providing workers with work.

In Lake Megantic in the evening, Mr. Lesage told a rally of 1,500 that his Government planned to set up an office for the protection of the consumer with inquiry, research and information services.

He also said a law would be adopted clarifying contracts by money lenders. Another law would allow sales contracts to be cancelled within three days of signing to protect anyone being forced to buy anything by high-pressure salesmen.

Mr. Lesage expressed confidence that the government and the various medical organizations would be able to come to an agreement on the establishment of a provincial health insurance program.

He said he felt sure Quebec would not see incidents such as had accompanied the establishment of the health insurance plan in Saskatchewan.

QUESTIONS SIDBEK — Opposition Leader Daniel Johnson speaking in Drummondville last night hurled a challenge to Premier Lesage to answer questions concerning the Sidbec project to establish a basic steel industry at Becancour.

He asked the Premier: "What have you in mind, Mr. Lesage? Do you plan to establish an integrated complex that would start with the melting of the raw materials and end with the finished products?"

He challenged the Government leader to answer three more questions: Will the Dominion Steel and Coal Company and Steel Company of Canada take part in the enterprise?

Will the complex be wholly state-owned or mixed with private enterprise? Does he intend farming out the iron-smelting to private enterprise or does

as follows: Ace of diamonds.
Spade to dummy's ace. Dum-
my's two last clubs on which
North discards two spades. Dia-
mond ruffed by North. King of
Spades. Last spade ruffed by
South. Another diamond ruffed
by North.
Everyone is down to three
cards and it is North's lead. He
holds king-ten-six of hearts.
East holds Queen-jack-eight of
hearts and South holds the nine
of hearts and a couple of dia-
monds.
North leads the six of hearts.
East wins with the queen or
jack and must lead a heart
back to North.
East's second trump trick has
turned out to be an optical il-
lusion.
Q—The bidding has been:
West North East South

trump to North's ace West
shows out and North's club
slam looks pretty bad but it is
by no means hopeless. All that
is necessary is correct timing
provided that East has to fol-
low to three leads of each side
suit.
Two tricks have been played.
The next eight tricks proceed

Jacoby on Bridge SLAM AGAINST ANY DEFENSE

Here is yesterday's hand all
over again except that East
failed to double six hearts and
North was left to play that con-
tract.
You may recall we announ-
ced that North could make six
hearts in spite of the bad
trump break. Furthermore,
only good play is required, not
extraordinary play.
The opening lead makes no
difference but let's assume that
East opens a club, the unbid
suit.
Dummy (South) wins the
trick and promptly leads a

Show Business

By BOB THOMAS
LONDON (AP)—"I thought to
myself: This is it—the big C,"
said Marlon Brando.

Fortunately, the recent illness
that absented him from the
shooting of The Countess of
Hong Kong was diagnosed as
not cancer but a twisted intes-
tine.

Brando discussed his health
as well as his work in the film
with director Charlie Chaplin
and co-star Sophia Loren during
a conversation at his Chester
Square flat.

The actor came into the sec-
ond-floor drawing room of the
flat wearing a karate suit. It
was at the end of a long day of
working in the movie and as a
reward he was presented with
a large plate of spinach.

"My diet," he explained.
"I've taken off 15 pounds since I
was sick. Pretty soon I'll be
down to 165, and then I'll have
five pounds to play with."

Brando was taken to hospital
last month with what was
feared to be appendicitis.

"Eight doctors were all set to
operate," he reported. "One
said no. So did my own doctor,
who came from California. You
see, my appendix is up here
(indicating his mid-section), not
where it should be.

"I also have four kidneys and
other organs are rearranged.
That's what caused all the con-
fusion.

"When the doctors couldn't
find out what was wrong, I was
in a terrible state. I was sure
I had the big C—cancer. But I
got better and they didn't have
to operate. And with luck and
careful diet, I won't need an
operation."

Scotstown social activities

The Sub-Executive Commit-
tee of the Quebec Presbyterian
of the Women's Missionary So-
ciety met at the home of Mrs.
John Nicholson, Albert Street,
to plan the program for the
annual rally which will be held
in Upper Mebourne, on May 28.
Members from out of town
were Mrs. Henry Moulard and
Mrs. George MacDonald, Milan.

Mr. and Mrs. Robert A. Smith
and Mrs. C. M. Smith, of Cook-
shire, were Sunday guests of
Mr. and Mrs. W. K. Gordon.
Mr. Stanley Murray, Mr. R.
Parsons, Mr. and Mrs. I. A.
Matheson, Miss Ruth Sherman,
Miss Patricia Gordon and Miss

Rivard's helpmate sentenced to a five-year prison term

Andre Durocher, narcotics smuggler Albert Rivard's helpmate in escaping from Montreal's Bonaventure jail, was sentenced yesterday by Sessions Judge Benoit Turmel to a five-year prison term for armed robbery. The prisoner is to be served concurrently with a sentence handed out in Montreal for escaping from the jail.

Durocher pleaded guilty to stealing from Claude Pagnier in Cowansville old coins of a total value of \$14,000. He also pleaded guilty to theft with violence in Montreal. He stole from Jean-Pierre Beaudry clothes, liquor, jewelry and money valued at \$3,400.

He was an accomplice in the Richmond mail robbery of which the loot was \$6,500 said Crown prosecutor Guy Blanchette.

Mr. Blanchette told the court that Durocher helped the crown in its investigation of the case. He was star witness against Armand Latraverse alias Travers who was an accomplice in the hold-up in which two postal employees were mistreated.

Says ride in boat just for fun; but prosecution alleges theft

Judgment will be rendered May 23 on a man accused of stealing a motor boat, valued at \$5,000, from its mooring on the Lake Aylmer June 15.

Yvon Lessard pleaded not guilty at his trial held yesterday in Sherbrooke's Court of Sessions.

The defence, represented by Leonce Cote, agreed on a preliminary hearing testimony in the form of a shorthand transcript, produced by Crown Prosecutor Guy Blanchette.

Lessard testified in his own behalf that he was drunk and went fishing with his brother-in-law. They rented a boat and when on Lake Aylmer found a large Volvo motorboat. They climbed on board and tried to get the motor started. Lessard claimed he did not know a thing about motors and removed the electrical wiring. They decided to take the boat for a spin. They undid the anchor and towed the boat behind their own little rented boat.

Lessard heard voices from the shore. They were told to bring the boat back. At the preliminary hearing it was brought out that it was Maurice Coderre who saw the two take the boat, and ordered them to bring the boat back. The two brought the boat back but ran off. They were captured by police on the Quebec Central Railroad track.

Mr. Cote told the court that the offence was not theft but a joy ride.

Mr. Blanchette was quick to point out that the Criminal Code of Canada defines joy rides as trips taken in an automobile, not in a boat. Judge Turmel upheld Mr. Blanchette's objection.

Lessard, Mr. Cote pointed out had had no encounter with the law since 1961. Mr. Blanchette told the court that Lessard was convicted on car theft and on gasoline theft. In Ontario he was also sentenced to one day on gasoline theft.

Defence counsel Cote said the court that stealing a big heavy boat was physically impossible.

Mr. Blanchette said it was not. He said the boat could have been hidden until after dark and then removed.

Mr. Blanchette said that the Criminal Code of Canada defines theft as taking an object either temporarily or permanently.

Here, Mr. Blanchette said, the accused took illegal possession of an article and deprived the owner of the use of the boat temporarily or permanently.

Mr. Blanchette said that if the boat was taken just for a ride why was there need to hide the boat and tow it for half a mile before returning it.

RIBBON CUTTING — Quebec Labor Minister Carrier (left) and Waterville Mayor Reginald Cote, Dr. R. V. Yohe, president of B. F. Goodrich of Canada, Mr. Fortin and Harry Krichew, the plant manager at Waterville. (Record photo by Gerry Lemay)

New addition is opened to B. F. Goodrich plant

WATERVILLE — (Staff) — to do their share for the rest of Canada.

Mr. Fortin coined the new familiar phrase of Premier Jean Lesage, "that we are Quebecers but are also Canadians", in assuring the company officials of the government's attitude towards industry in Quebec.

The BFG plant has grown rapidly over the last 16 years, which has seen the annual payroll for just under 400 employees amount to well over two million dollars.

The new addition which cost about \$1,500,000, was built by J.M. Jeanson, contractors, and the company expects to hire over 100 more employees.

The B.F. Goodrich company has four plants in Canada and 70 plants throughout the world employing about 30,000 people.

The company manufactures a total of 24,379 products for cars, home and industry, from phonograph records to floor covering.

The Waterville section of the company manufactures cellular rubber products, latex foam rubber and polyurethane plastic.

The ribbon which was used in the cutting ceremony was made out of foam rubber, a most different material from the norm.

Guests of honor were Mayor Cote of Waterville, Earl Gunn, the general manager of the Commercial Products Division, Harry Krichew the plant manager of Waterville and Irving Smeir, the distributor for B.F. Goodrich in Eastern Canada.

32 Indian children to perform in music festival finals

Thirty-two Indian children, aged seven to 10 years will be leaving their reservation in Saguenay County for the first time this weekend to travel to Sherbrooke and compete in the Quebec Music Festivals provincial finals.

The children live on an Indian reserve named Betsiamits Chutes aux Outardes situated north of Baie Comeau.

While in Sherbrooke for their Sunday afternoon performance in the band division of the competition, the Indians will stay at University of Sherbrooke, the Franciscan Fathers on the Lennoxville Road, the Sisters of L'Enfant Jesus du Puy, Sherbrooke Seminary and the Redemptorist Father, all of Sherbrooke.

The provincial finals opened Thursday night for the first time in Sherbrooke and continue until Sunday night when the first place winner will be awarded a \$1,000 music scholarship and \$500 contract to perform with the Erie Philharmonic Orchestra conducted by one of the contest judges, Dr. James Sample.

Other judges are Wilfred Pelletier, Eric McLean, Thomas Sherman and Boyd Neel.

The Sunday afternoon contestants begin performing at 2:30 p.m. and all sessions are open to the public for 75 cents admission charge. Sessions Friday, Saturday and Sunday begin daily at 10 a.m., 2:30 p.m. and 7 p.m.

The Indian children will perform as a rhythmic band of percussionists.

Need warm weather for ET area crops

Farmers in Sherbrooke, Stanstead and Brome Counties agree generally that the crop situation, though not yet serious due to the unusually cold spring could become worse if the weather doesn't become warm soon.

Growth and planting of crops has been delayed by about a week at the Lennoxville Experimental Farm. Oats planted in the warm, dry days of late April, have grown very little.

Heinz Gasser, research officer in the forage section at the farm said. However, with any warm weather over 75 or 80 degrees now the crops would shoot up and overcome the delay by quite a bit, he said.

The wet days of early May prevented seeding of other grains and cereals, he noted but did not term the situation very serious yet.

Asked his opinion of the overall effect on this year's grain crop by the below average temperatures, Mr. Gasser quoted a saying that for every week of delay there is a certain number of bushels less at harvest.

Seeding of grain in the Hatley area has been halted, causing about a 10 day delay compared to normal years; one farmer said today. "It's not too serious," he added. Three to seven days of very warm weather is needed for the wet, cold ground to become suitable for planting.

The situation in the Knowlton area is very serious for some people, a wife of one farmer said. Many have not enough hay to feed cattle as they were short when winter began and the cost of hay has been very high. Some people are putting out their stock in desperation now while others are seeding in the hope that weather will soon become warmer.

Sunday painters to put on exhibition

The official opening of an art exhibition entitled Sunday Paintings will be held tonight at the University of Sherbrooke. Some 22 Sherbrooke and region painters will be participating in the exhibition of more than 140 paintings.

The invited guests are Sherbrooke Mayor Armand Nadeau and Mrs. Nadeau, Carrier Fortin, Provincial Minister of Labor and Mrs. Fortin, Maurice Allard, Independent Member of Parliament and Mrs. Allard, Mr. and Mrs. M. J. Pierre Couture, president of the Good Friday Bread Sale Committee; Mr. and Mrs. Jean Jutras, president of Caritas Sherbrooke.

Miss Denyse Payer, the initiator of the exhibition, said in a press release issued today that the exhibition was responded to with great enthusiasm because of the large number of painters who signed up.

"We particularly appreciate the participants offer to sell one of their paintings for the benefit of the World Campaign Against Hunger," she said.

Participants are: Maurice Poulin, Jean Claude Lefebvre, Jean Chatelet, Mrs. Mireille Martin, Mrs. Lucille Gendron, Jean Turcotte, Pierre Leconte, Miss Mireille Blais, Mrs. Francoise Gaudet-Smet, Samuel Brisson, Mrs. E. Laroche, Mrs. Berthe Soucier, Raymond Caron, Claude Bisson, Miss Denise Lemire, Jean Bisson, Miss Andrée Pelletier, Miss Lyse Vanier, Miss S. E. Wilkink, Mrs. Claire Heilig, M. Desjardins, and Miss Denyse Payer.

Murder attempt case is put off

Gerald Buck, 23, of Moulton Hill, who is accused of attempted murder had his case adjourned yesterday for another week to allow the crown time to examine a medical report.

Buck allegedly shot Lee Dezan, 28, a Lennoxville taxi driver when he got out of the cab and did not pay. He allegedly got into an argument and shot the driver in the stomach.

Buck, after speaking to his wife, gave himself up to the QPP Dezan was treated in Sherbrooke Hospital.

David Quigley, 31, of Bedford had his file removed from the St. Francis Judicial District court roll. His case will now be heard before the District of St. John Judicial District where he has already pleaded guilty to other charges of armed robbery.

Quigley is accused of having stolen \$11,744 from the bank of Montreal in Victoriaville on May 25, 1965. He also faces a charge of being masked at the time of the crime.

Richard Charter, 40, pleaded guilty yesterday in Sherbrooke's Court of Sessions to a charge of operating a gambling house. Charter was fined by Judge Benoit Turmel \$25 for owning a punching ball machine and \$50 for owning a slot machine.

Luc Turcotte accused of stealing a car pleaded not guilty yesterday before Sessions Judge Benoit Turmel. The case was postponed till May 18 as a matter of form.

Mean thieves

Sherbrooke Police are still looking for the thieves that broke into the Salvation Army Hall at 175 Wellington South, early last Friday morning, May 6, and stole a record turntable and attached speakers. The burglars gained entrance by forcing and damaging the rear doors of the building. The recording equipment was not owned by the Salvation Army but was on loan to them.

To beautify for Border centennial

STANSTEAD — (Special) — system is nearly completed, and the three Border Canadian Beautification and improvements will be the theme of the Centennial committee of the Boundary, it was decided upon at a meeting held on Wednesday in the reception room at Stanstead College.

A motion was made that the committee work hand in hand with the Council of Beebe, Rock Island and Stanstead for a beautification project. A let from Albert Fregeau, Mayor of Rock Island, in the Stanstead Journal, was discussed at the site back of the Del Monty were shown. The dam is to be concrete with a dip in the middle and the words Canada 1867-1967. This inspired the Committee to go ahead with such things as improvements to the Memorial Park, Beebe, possibly developing the east side of the old Stanstead race track, split by the 91 highway, for picknicking and park facilities, and making improvements along the Tomifobia River which can be developed into something very beautiful now that the sewer

as they wish, to have the Councils take action to study amalgamation.

Any petition with the required number of names causes action to be taken.

A deadline for action will be included and if no action is taken within the stated time the petitions will be sent on to Quebec.

What cause served by RCMP report?

Being mere laymen and thus lacking that deep learning in the law supposedly possessed by judges and advocates, we may be wrong. And if there be fault in our reasoning we are ready to stand for correction from our more learned fellow citizens of the legal profession.

But this lack of technical knowledge cannot prevent us from expressing a few disturbing thoughts about some of the proceedings of the Munsinger Royal Commission.

Supposedly a Royal Commission deals with evidence, statements made by individuals under oath at a formal hearing at which the witness is subject to cross-examination by counsel for persons who might be involved in the statements made before the Commission.

But at recent sittings, a summary of the RCMP report on Gerda Munsinger was allowed to be introduced into the Commission record as an exhibit and then made public.

Ignorant of the fine distinctions of the legal mind, the public will find it difficult to understand why the document that makes grave charges against individuals is made public when, as the Com-

missioner himself admits, it is not evidence and will not be considered by him as evidence when he makes his report.

Mr. Justice Spence declares that it is just a handy document as far as he is concerned.

But it is also a handy document for anyone interested in smearing the reputation of some persons named in it.

Most people will agree with a statement by the spokesman for Opposition Leader Diefenbaker that it is "unverified and unsubstantiated gossip and rumor," that would not be allowed for one second in a court of law.

Judge Spence's further statement that the report has been distributed to all persons named in it and they would be given an opportunity "to meet any statements in it" is also puzzling to the layman.

How can a person be given an opportunity to "meet any of the statements" if the statements are not evidence and not to be considered by the Commissioner when he makes his report?

One is inclined to wonder what purpose was behind the decision to admit the report as an exhibit and then make it public.

Fashion is what a woman has to be in so she doesn't feel out of things.

An old proposal rears head again

Proposals made by Dwight Storey, legislative director of the United Steelworkers of America, that the government should order police to padlock a plant and close it down completely when there is a legal strike, are not new.

In fact this was one of the demands made by the unions during the long and costly strike in the Eastern Townships asbestos mines in 1949. It was rejected then and it should be today.

This procedure, Mr. Storey told an educational seminar sponsored by the Ontario Federation of Labor, would end all arguments about mass picketing and court injunctions and at the same time establish equal rights in collective bargaining.

The plan would have the effect of

having the government prejudging the strike on the grounds that just because a strike is legal the union is automatically right. The only implication involved in a legal strike is that the normal bargaining processes have been carried through and that the parties cannot reach an agreement.

It would be almost as reasonable to argue that the same end could be achieved by doing away with labor's right to strike.

The padlock law proposed by Mr. Storey would infringe the rights of every party except the striking union.

The right to work would be denied those fellow employees of the strikers who belong to other unions, or those who, such as office workers, belonged to no union.

There's a guy who calls his wife dense because that's what she does to his car.

Jalopy owners now get satisfaction

Owners of Volkswagens — not to mention various North American cars, standard and compact — can hold up their heads again.

Auto industry critic Ralph Nader has now let the air out of the tires of nothing less than the prestigious Rolls Royce.

These \$18,000 to \$50,000 luxury cars are not only "overrated and overpriced," says Mr. Nader, but they have poor door

latches as well.

We are sorry to hear that about the Rolls, which we always assumed was the nadir of perfection.

Yet our sorrow does not run too deep.

In fact, every time we slam the door of our own poor man's buggy, we feel pretty good about the whole thing.

And consider the joy of the man who cannot own even a 1956 jalopy.

The readers say:

Lesage and Liberal party in favor

Dear Friends:

In reference to Political Parties, recently Mr. Jean Lesage and several cabinet Ministers appeared in Gestural at the Belvedere Armory. Mr. Jean Lesage outlined to the people of Sherbrooke and many others of the Eastern Townships, legislative, agricultural program. This program was detailed in honest words by This Honourable Premier.

Mr. Lesage assures the English population of this Province equal justice of righteous legislative measure to one and to all.

I hereby invite all Dear Friends to support Mr. Lesage and as many others as you may see fit. To evoked a reprisal to raise a little on the equalizer to greater encouragement to those on low wage brackets. Apparently, everyone has a good word and a good will for the Liberal Party. This good word and good will for the Liberal Party was superannuated by this good manners and good judgment of Sir Wilfrid Laurier. Prior to Mr. Laurier's term of office as Premier of Canada in the House of Commons, at this time farm labourers were paid twelve dollars per month plus board and wash yourself with borrowed soap. Mr. Laurier had great foresight and step-

ped up the mint in Ottawa and imprisoned and stamped sufficient dollars to enable this to Canadian Nation and to clad their naked feet and this was many. This boost from twelve dollars per month to one dollar a day is an act of good will that is here to stay. Laurier opened the doors to the United States for a market for Canadian pulp and paper and beef and other merchandise was soon on the move to other parts in many lands.

May we one and all join in unity and good will to love thy neighbors as thy selves and God blessing will for ever reside at this threshold.

Respectfully yours,
A. Lennon, Lennoxville, Que.

TODAY IN HISTORY

Jamestown, Va., the first permanent English settlement in North America, was founded 359 years ago today — in 1607 — by Capt. Christopher Newport. It's early years were not much of a success as the village was built on a swamp and was burned down by accident in 1609. The colonists decided the following year to return to England but met an incoming ship with supplies and more settlers, and so decided to try again. Indians, sickness and famine killed off half the colony in the early 1620s, but there were 15,000 people in

Virginia by 1648 and there was no turning back. Jamestown was the capital until 1699, after which date it declined.

1885—News of Riel's defeat at Batoche reached Ottawa.

Second World War
Twenty-five years ago today—in 1941—Rudolf Hess was declared sane by a Glasgow hospital and removed to a secret prison; Axis columns reconnoitred in force along the Egyptian border; officials in Washington discussed training RAF pilots in the United States.

French Canada says:

Strike violence weakens place of unions; rouses public ire

Quebec Le Soleil—For some time, physical violence has been experiencing a revival in labor-management disputes. The most serious case has been at La Grenade (a Montreal shoe factory) where a bomb attack killed one person and injured eight, four seriously.

This time it cannot be a case of a spontaneous outburst but a well-calculated deed. This accentuates its gravity.

It's not the first time violence has occurred at the factory where a strike has been going on for a year. But this attack is of the sort that stirs public opinion. It is almost certain that the great majority of strikers at La Grenade deplore this bomb attack. But on the other hand, if a report that a clandestine (separatist) publication explicitly preaches violence against this place or elsewhere is correct, it would not be surprising to find a cause-and-effect relationship with the unfortunate act that has been committed.

In a more general way, it would take only a continuation of physical violence to excite public opinion... to demand a royal commission investigation of the way some unions assert their rights.

In spite of this violent gesture, probably isolated, nothing indicates that a general inquiry might be justified at the moment, unless the investigation into the attack discloses disturbing facts.

Actions of the sort witnessed at La Grenade harm the best causes. They merit the unanimous reprobation of all the population. They are, moreover, an indication of uneasiness which can be attributed to conflicts that are prolonged unduly.

Violence is inexcusable in a society that wants to be civilized. In a world where technological progress is so striking, it is a fact that the evolution of human relations is behind the times when it is a case of finding a solution to conflicts of interest. As far as labor-management disputes go, there certainly exist avenues that have not been explored. (May 7)

Sherbrooke La Tribune—On his return from a trip to Western Canada, more specifically Winnipeg, Andre Leveille, secretary of the Montreal Labor Council, complained to Commissioner-General Pierre Dupuy of Expo 67 that most people in that area are unaware that a universal exposition is to be held in Montreal.

As an explanation, or as an answer, the commissioner-general of Expo 67 contented himself with saying that if this event is not better known, the different governments can be blamed.

This is possible. As we do not know the proposed publicity program, it is difficult for us to appreciate. We do not doubt that praiseworthy efforts are being made, or planned, to make Expo 67 known both in the country itself and outside its borders. Just the same, one can be excused for entertaining certain fears.

One thing is certain: An adequate publicity program to make Expo 67 a popular event, both here and in for-

eign countries, will cost an enormous sum. Since a project of this size is something new for most of those who have something to say about it, and since expenses are passed under a magnifying glass while being loaded down with all the weight that government red tape implies, it would be not at all surprising if the publicity does not produce the desired and necessary return.

Our job obliges us to run through every day a large number of newspapers... and to leaf through a rather

the disposal of publicity and if there is confidence in those who have been hired to do a really effective job. (May 7)

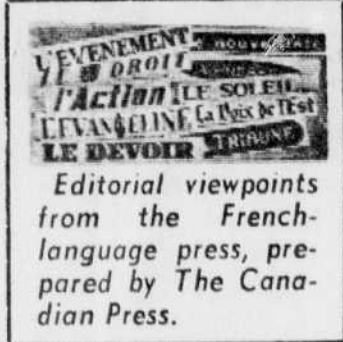

Trois-Rivieres Le Nouvelliste—The federal board of transport commissioners has judged that the profits of the Bell Telephone Co. of Canada and B.C. Telephone Co. have reached the maximum allowable level and that any further increase in profits should be counter-balanced by a reduction in tariffs.

For some, the warning of the transport commissioners will be an argument to be used on behalf of their campaign for nationalization of telephone services. However, they are mistaken if they really believe that this would be a perfect solution.

First, the telephone does not constitute a key enterprise of economic growth. Nor would it appear that nationalization would bring any easing of charges by which customers could benefit. The experience undergone in the field of electricity shows it rather eloquently. Bills have not shown the decreases people thought they would since nationalization (in Quebec). The difference is that in this case it involved a particularly important area of the economy.

The judgment rendered by the federal commissioners will especially incite the population to think about whether it would be useful for the Quebec government to exercise a certain control over the telephone industry.

In the business world, it is feared that such a move risks worsening a situation already complicated, at the same time hardly giving the population any advantages other than using more controllers who, in their turn, would control an enterprise already controlled. Paul-Emile Plouffe, (May 6)

considerable number of periodicals from all countries. Honestly speaking, we do not remember having read or seen anything that would hold our attention on the subject of Expo 67. Even on American radio and television, it is the same thing: Nothing or almost nothing is being said about Expo 67.

People in Canada and throughout the world will not decide to visit the Montreal 1967 world's fair as they would decide to buy a package of cigarettes. It is more complicated and more onerous than that. They have to know there will be a universal exposition at Montreal next year.

That is the role of publicity: To tell that Expo 67 will take place. The role will only be fulfilled if funds are put at

Bygone days

TEN YEARS AGO

May 13, 1956 fell on a Sunday.

FIFTEEN YEARS AGO

May 13, 95 fell on a Sunday.

TWENTY YEARS AGO

(From the Record of Monday, May 13, 1946).

Officers were elected and winners of the various competitions honored at a meeting of the Lennoxville Curling Club, held at the home of Mrs. H. Hunting, Main Street, and was well attended by members.

Mrs. A. Scott was named president, Mrs. Lee M. Watson, vice-president and Mrs. Hunting, secretary-treasurer. Mrs. J. A. Ste. Marie was chosen entertainment convener and Mrs. T. D. Bozer, match convener. Mrs. W. S. Richardson was in the chair for the elections.

Prizes donated for teachers competitions held on Friday afternoons were won by Miss Boyes, Mrs. Hutchison, Mrs. R. E. Mosher, and Mrs. Richardson, skip, with the Wiggett Trophy going to Miss Boyes, Miss Bozer, Mrs. Hunting and Mrs. T. E. Burton, skip.

Winning rink in the Florence Goodie Cup play, comprised Mrs. C. Hoy, Mrs. Hutchison, Mrs. Hunting and Mrs. Richardson.

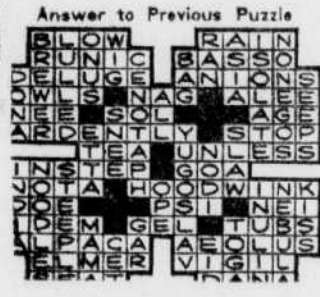

The PRAYER for today in The Upper Room.

All scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness. (1 Timothy 3:16).

PRAYER: Our Father, help us to make our homes places where we honor Thee by reading and obeying Thy Word. May we not be bearers only, but doers of the Word. We pray in Jesus's name. Amen.

NEW EXECUTIVE — The Cowansville Junior Chamber of Commerce elected a new executive at their annual general meeting on Tuesday night.

From left to right are Yves Campagna, new first vice-president; Emile Ducharme, newly elected president; Past President Raymond Murphy; and Jean Paul Gaumond, second vice-president.

Record photo by Gerry Lemay.

Cowansville Jaycee president elected during annual meeting

COWANSVILLE — (Staff) — Emile Ducharme was elected president of the Cowansville Junior Chamber of Commerce for the coming year at the chamber's annual meeting held here Tuesday night at the Hotel Maurice.

Mr. Ducharme succeeds Raymond Murphy to the presidency. Yves Campagna was elected

first vice-president, and Jean Paul Gaumond was chosen second vice-president. The members elected Pierre Bellefleur to serve as treasurer for 1966-67.

The following members were elected to serve as directors: Paul Desmarais, Claude Cartier, Jules Belisle, Fernand Barsalou, Andre Deslandes and Jean Louis Brault.

At the meeting Jaycees voted to give a grant totaling \$175 to the Cowansville Softball Club, \$125 for the men's team and \$50 for the women's providing they both use the same field.

In asking for the grant, Conrad Fournier, president of the club, pointed out that the softball team had allowed the Junior Chamber to use the playing field for their trade and industrial exhibition last autumn.

The exhibition held last September attracted 15,000 visitors from the region and Ontario.

At social centre

Red Cross plans clinic to be held at Bedford

BEDFORD — (Special) — A meeting of the executive of the local Red Cross branch was held Monday evening at the home of Mrs. R. M. Legace to discuss arrangements for the mobile blood clinic to be held in the social centre of Local 956, A.U.W. on Massicotte Street May 20, commencing at 2:30 p.m.

As the social centre is in the new section of town all incoming routes to Bedford will be marked with a Red Cross poster and a large red arrow pointing to the clinic's location. J. Davidson was appointed to look after placing posters throughout town while B. W. Draper will look after the industrial plants. Forms will be given out at the plants prior to the clinic, to obtain names of those wishing to donate blood and hours at which they will attend.

A telephone campaign will be conducted by the Daughters of Isabella on the day before the clinic. Notices of the clinic will be given out in the town churches and in neighboring

Boy Scout campaign overreaches objective

COWANSVILLE — (Staff) — The Cowansville Boy Scouts Fund Campaign held February and March collected nearly \$175 more than the quota set at the campaign's outset. Fred Tremblay, campaign president, announced this week.

The original goal set by the campaigners was \$925, and they collected a total of \$1,065.25. Mr. Tremblay said he wished to thank townspeople for their generosity and especially the 19 canvassers.

On other fronts in scouting news, a family movie, Fluffy, will be shown at the Cowansville Theatre next Wednesday. Proceeds are to be shared by Scouts, Cubs, Brownies and Girl Guides. Tickets to the show will be sold door-to-door.

The Boy Scouts are also asking Cowansville residents to save until the end of the month any bottles they were planning to throw away. A bottle drive is scheduled for the last Saturday in the month.

Parked car hit
COWANSVILLE — (Staff) — Damages estimated at a total of \$650 were the result of an early morning accident here yesterday.

According to the report of Cowansville Municipal Police, the accident happened at about 1:55 a.m. Wednesday when a car driven by Louis Duchaine struck a car owned by Guy Labrecque parked outside a house at 128 River Street.

Mr. Duchaine's car sustained damages estimated by police to be \$350, while Mr. Labrecque's car received \$300 damages.

Bridge club winds up season
COWANSVILLE — (Staff) — The Cowansville Bridge Club wound up a successful year with a four-session, 20-player individual tournament last week. F. C. Chennell totalled 167 half-points to carry off first place. He was awarded the Godreau Automobile Ltd. Cup.

Second prize went to R. Kurasaw who was close behind Mr. Chennell with 166 half-points. Dr. M. C. Mooney tied with C. Gauthier for third place with an aggregate of 160 half-points. Not far behind was E. J. Tobin with 154 half-points who came fifth.

Band concert planned at Knowlton

KNOWLTON — (Special) — The Knowlton High School Band will present a pop concert Sunday, May 15, at 2:30 p.m. This is the final concert of the band's 15th season.

Under the direction of F. L. L. Corcoran, assisted by R. Davidson, the band has provided musical experience for a large number of Knowlton High School students. It has brought recognition to the town and school.

Highlights of the program will be Pictures at an Exhibition, Legend, Russian Sailors Dance, Trumpet solo Tarantelle featuring Norman Albers, Sandpiper Ballet, and featuring the percussion section and sections from My Fair Lady, as well as favorite marches.

Everyone is welcome.

Mansonville LA plans activities
MANSONVILLE — The Ladies Aid of the Baptist Church met for the first time since the winter recess, on May 6 at the home of Mrs. Winston White, with a good attendance.

The president, Mrs. Guy Smith, opened the meeting with prayer. Mrs. L. Carson read the Scripture lesson.

Dues were paid and discussion followed regarding plans for summer activities.

The next meeting will be in the Baptist Church on May 20, at which time Mr. Carson will show films dealing with the Foreign mission work of the Church.

At the close of the meeting refreshments were served by the hostess, assisted by Mrs. Clara Bedard.

Forestry Minister Sauve:

No question of expropriation in federal farm plan

OTTAWA (CP) — Forestry Minister Sauve assured the Commons Thursday that no farmer will be forced to sell his land under the government's new legislation providing \$50,000,000 to fight rural poverty.

"There is no question of expropriation," Mr. Sauve said as model units run by government and the Northwest Territories. Erik Nielsen (PC — Yukon) be faced in bettering the poor are education, housing and health. These would not be dealt with by the fund.

Mr. Sauve said purchases by the government would be welcomed by many farmers, who would like to get off the land in rundown areas.

Mr. Sauve mentioned northern New Brunswick, Quebec east of Riviere-du-Loup, including Gaspe and the Magdalen Islands, and the Interlake region of Manitoba as areas which should be helped.

Mr. Sauve said he could not give that assurance since the government had signed agreements only with the provinces and not the Yukon or N.W.T.

David Orlow (NDP — Winnipeg North) said he doubts the fund will raise the standards of living of low-income farmers. He said a report to the recent

Provinces to discuss higher education aid

OTTAWA (CP) — Next month Prime Minister Pearson and the provincial premiers take a look at one of the most important issues of the decade: government aid to higher education.

This will be the main topic of the federal-provincial conference opening June 16 in Victoria.

Money is a prime consideration facing the governments, but according to State Secretary Judy LaMarsh there are some fundamental decisions that must be made first.

Miss LaMarsh, whose department handles the federal role in education, said in a speech recently at federal aid to education until now has been designed to meet a specific need. There has been little overall planning and coordination between the levels of government.

She said with the Bladen commission report in hand outlining the needs for the next decade "I think the time has come to improve this piecemeal approach and to work out a real blueprint for government support to higher education."

FACES TWO QUESTIONS
The state secretary is not certain whether firm decisions will be made next month, but has pointed out two basic questions that must be resolved:

—The extent of the entire commitment by governments, "not so much in dollar terms, but as far as the broad policy which is to underlie our activity in this field."

—A clearer definition of the role of the two levels of government in supporting higher education.

She said many existing federal programs may stem more from the fact the federal government had money available than from any conscious decision about which level of government is best suited to do the job.

"There obviously is an essential inter-relationship between the division of financial resources and the division of responsibilities in this area. But do you start with the resources or the responsibilities?"

BOTH HAVE ROLE
The provinces have exclusive jurisdiction over education, but Miss LaMarsh said she thinks it is accepted that both levels of government have a role.

The federal government's role extends not only to specific areas of research where a national approach is needed, but "generally in the fulfilment of national goals such as full employment, economic growth and equality of opportunity."

"The federal role is there, too, in a broader sense... that higher education involves the pursuit of learning in the fullest meaning of the word and that this pursuit, by its very nature, can know no artificial boundary."

There have been demands from some groups for a federal department or office of education. Any action along this line has to be taken without offending provincial sensitivities about exclusive jurisdiction.

However, some informants say this question is likely to receive a fair amount of discussion at the conference.

O E S sponsors demonstration
MANSONVILLE — The Owl's Head Chapter No. 35 O. E. S. sponsored a demonstration of electrical equipment in the Gymnasium of the Intermediate School on May 5.

A seven pound roast of beef, which was cooked on the spot, was demonstrated an electric oven, was won by William Brin, vices, Knowlton; while the broiled steak went to Mr. Grayson Cousins.

Door prizes were presented as follows: Hand mixer, to Mrs. G. Logan, Glen Sutton; radio, Mrs. A. I. Woodard; steam iron, to Mrs. Garth Eldridge, Highwater; Carving knife, to Mrs. Earl Bullock, Glen Sutton; electric blanket to Mrs. Carlton Galtley; and the floor polisher to Mrs. Bert Phelps of Dunkin.

Following the demonstration, tea, coffee, and doughnuts were served. Proceeds were \$100.

64 CHEVROLETS... convertibles, hardtops and wagons. Economy Six or big V8 engines. All clean, well kept cars. Most one owner new car trades. With a wide selection of options. There's only one place you'll find them this good at such prices. Your Chev-Olds dealer.

MR. AND MRS. WILLIAM ERIC FULLER

Fuller-Zizian vows exchanged

The marriage of Donna Alex, daughter of Mr. and Mrs. Peter Zizian, of Lachine, to William Eric Fuller, son of Mr. and Mrs. W. Eric Fuller, of Sherbrooke, took place on Saturday, April 16, at 2 p.m. at Summerlea United Church, Lachine. Rev. D. H. MacFarlane, M.A., B.D., officiated at the double ring ceremony. Mr. Gordon Anderson played the wedding music and accompanied the soloist, Miss Joyce Hammock who sang "The Lord's Prayer" during the ceremony and Schubert's Serenade during the signing of the register. The church was decorated with standards of pink and white snapdragons, red gladioli and white chrysanthemums; white satin bows marked the guest pews.

The bride, given in marriage by her father, wore a fitted gown of white tulle accented with lace appliques, fitted waist bowed at the back, and straight skirt. Her chapel length train of matching tulle fell in folds from the waist. A coronet of lilies - of - the - valley held her shoulder length veil of tulle and she carried a cascade of bouquet of red roses and stephanotis.

Miss Ann Dagenais, maid of honor, wore a floor length gown of marine blue chiffon styled with empire waist line, and her headpiece was of matching material fashioned in a bow with short tulle veil.

Miss Priscilla Zizian, cousin of the bride, and Miss Virginia Fuller, sister of the groom, as bridesmaids were dressed in identical floor length gowns of white lace over turquoise tulle, accented with a border of turquoise chiffon. Their floor length trains of matching chiffon fell from the waist.

Mr. Harold Edgcombe acted as best man and the ushers were Mr. David Zizian, brother of the bride, and Mr. Larry Rich.

Mrs. Zizian, mother of the bride, chose a blue silk brocade dress and coat with white straw hat and matching accessories.

Mrs. Mackie Fuller, grandmother of the groom, wore a two piece pink boucle dress with black straw hat and matching accessories and a corsage of white carnations.

Following the ceremony a reception was held at Montreal West Town Hall; the bride's table being centered with a three-tier wedding cake flanked by arrangements of pink and white snapdragons and chrysanthemums.

Later, the bride and groom left on a honeymoon in the Laurentians, the bride wearing a pale blue wool suit, flecked with pink, navy blue and white straw hat and accessories and a corsage of pink carnations.

Guests were from Montreal, Sherbrooke, Lennoxville, Ville LaSalle, Town of Mount Royal, N.D.G., Chateaugay, Dorval, Lachine and Leominster, Mass. Mr. and Mrs. Fuller have taken up residence at 491 Tremblay, Ville LaSalle.

Weds wooden doll

KARACHI, Pakistan (Reuters)—Ali Mohammad, 62, "married" a wooden doll at his third wedding here—then buried his "bride" and married a fourth time.

Popular tradition frowns on third marriages as unlucky. So Ali "wed" the doll to make it technically his third wife and buried it in a graveyard to dispel the ill omen.

Then he married 52-year-old Mohmooda — technically his fourth wife.

Questions readers ask

Q—My children love cherries. But when they eat cherries I won't let them drink milk because my mother taught me that cherries and milk together are poisonous just the same way oranges and milk are harmful. That's true, isn't it?

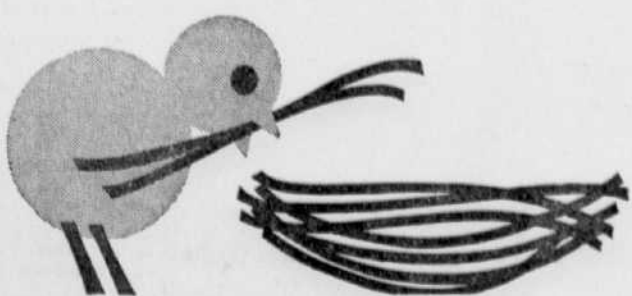

A—Your mother may have been a wonderful woman but her nutritional warning doesn't jibe with facts. No experimental or clinical evidence indicates that combinations of natural foodstuffs are poisonous. Years of human experience with combinations of foods disprove the statements.

Illness of persons from any food normally tolerated by man is due either to some cause outside the food, contamination of the food, or to an individual food allergy. If two foods can be eaten separately, they can also be used in combination without harm.

BELVIDERE W. I.

The May meeting of Belvidere Branch Women's Institute was held at the home of Mrs. Charles Pitman, on Saturday, the 7th, the president, Mrs. K. Smart, conducted the meeting and welcomed three visitors.

Agriculture convener, Miss H. McGee, was in charge of the program, 'Exchange of Slips or Bulbs'.

A detailed report of the Annual County meeting, held recently was given by Mrs. Francis Paige, who was thanked by Mrs. Smart.

Delegates at the County meeting met Mrs. J. Ossington, Q. W. I. president.

Pennies for Friendship and Christmas Stockings were among the projects to be kept up.

Belvidere Branch, to be in charge of the W. I. Fair booth on Wednesday, Aug. 31, will also be responsible for the radio broadcast in February '67.

Mrs. Chas. Drummond was congratulated on winning second prize in the county contest for an embroidered cushion.

It was announced that the county desires a representative from each branch to work on the 50th anniversary celebration, to be held in May '67.

Correspondence included acknowledgments of sympathy extended to bereaved families; thank you notes from recipients of Easter baskets; Lennoxville Auxiliary to the Sherbrooke Association for Retarded Children for a donation; a letter from Miss Norma Holmes acknowledging the Branch History for 1965 - 66, recently sent into the Q. W. I. office. Additional order forms for Expo 67 tickets; a program for the Leadership Course; a report of the board meeting held in Montreal; and a copy of Terre et Foyer were received.

Conveners reports were, home economics, Miss Edna Smith, read an article and reported 32 symbols turned in. She distributed white cotton squares for members to make quilt blocks.

Welfare and health, Mrs. J. Tarte, reported three pairs of socks turned in for welfare society.

Sunshine, Miss E. Beaton, reported that birthday and get well cards and seven Easter baskets had been sent out.

Ways and Means, Mrs. A. E. McGee, stated that handicraft had been sold and a successful paper drive held recently. A vote of thanks was extended to Earl Smith, for his help and the use of his truck, also to all who had worked in collecting paper.

Agriculture, Miss H. McGee, reported that three Miss Canada rose bushes for centennial '67 had been delivered to members and an announcement was made that the agriculture conveners are to meet at Lennoxville High School on May 17, at 9 a.m. to register the entries for the School Fair.

Park Commission, Mrs. G. Montgomery, reported an auction is to be held on May 28, at 1 p.m. in Earl Wells' Auction house at 30 Massawippi Street, to raise money for the Park Fund.

Mrs. Drummond was appointed to replace Mrs. Morehouse as visiting delegate to the annual convention.

The monthly drawing was won by Mrs. W. R. Bell.

The next meeting will be held at the home of Mrs. Bell, 332 Brooks Street, Sherbrooke, on June 4, when there will be a bake sale.

Following adjournment lunch was served by the hostess, assisted by Mrs. Garland Page, Mrs. Henry Parker, and Mrs. Sterling Parker.

MISS EILEEN ELIZABETH SMITH, daughter of Mr. and Mrs. Bertie W. Smith, of Knowlton, and MR. EDGAR

EUGENE DUDLEY, son of Mr. and Mrs. Howard P. Dudley, of Sutton Junction, Que., whose engagement is announced. The wedding will take place June 4, at 11:00 a.m. in St. Paul's Anglican Church Knowlton.

For and about Women

MISS CAROL ARLENE WILLIAMS, daughter of Mr. and Mrs. Clark Williams, of Iron Hill, Que., and MR. ALFRED

CHARLES VALLIERE, son of Mr. and Mrs. Samuel Valliere, of Ayer's Cliff, whose engagement is announced.

The wedding will take place July 16, at the Holy Trinity Church, Iron Hill. (Photo by Studio Eclair)

Women's Canadian Club

Expo women activities official to speak on Woman and her World

Next year at this time, Expo '67 will be in full swing and people from every corner of the world will be congregating in Montreal. Even from our vantage point of less than 100

miles away, it staggers the imagination to contemplate the wonderful sights and sounds in store for us. It is unthinkable that anyone from the Townships who can run, walk or even crawl will not make the effort to attend this once-in-a-lifetime opportunity right at our very doorstep!

Every day our news media informs us of some new and exciting pavilion, housing project or stellar attraction awaiting us. And what role is the woman of Canada playing in this great event? Surely the descendants of those women, whose strength and faith helped to create and mold this nation, have something of value to contribute to the celebration of its 100th birthday other than to act as mere spectators.

The officials of Expo '67 think so and have appointed Mrs. Leslie J. Stuart as Co-ordinator of Women's Activities. Sherbrooke, and in particular the Women's Canadian Club of the Eastern Townships are indeed fortunate in having secured Mrs. Stuart as guest speaker for their closing dinner and annual meeting at the New Sherbrooke Hotel on Wednesday, May 18 at 7 p.m.

Mrs. Stuart was born and brought up in Montreal but has lived 11 years in Ontario, six

of which were spent in Toronto. Her particular concern is for the retarded child and her work and achievements in this field are momentous. She is presently, vice-president and member of the board of directors of the Canadian Association for Retarded Children; member of the Board of Montreal Association for Retarded Children; supervising director for Canadian Association for Retarded Children National Conference and Chairman of the National Centennial Project for the Canadian Association for Retarded Children.

No less impressive is her past record, Mrs. Stuart having started her career in the mentally retarded in Montreal as well as having acted as chairman of numerous committees for religious education for Retarded Children. Last September she was chairman of the very successful

Refreshments were served in the lower hall, where a three-tier wedding cake, made and decorated by Mrs. A. Smith, of Kingsbury, centered the table. Dancing to an orchestra was enjoyed during the evening.

Guests were from Vermont and all parts of the Eastern Townships.

MRS. LESLIE J. STUART, who has been appointed co-ordinator of Women's Activities, Expo 67, will address the Women's Canadian Club at the closing dinner and annual meeting on Wednesday, May 18, at 7 p.m., at the New Sherbrooke Hotel.

Personals

Friends of Mrs. Grant Hutchins, of Albert Mines, will regret to learn that she has re-entered the Sherbrooke Hospital.

Miss E. Bonner, Mrs. K. Mills and Mrs. M. Ross will be hostesses for the Sherbrooke Hospital Alumnae meeting on Tuesday, May 17, at 8:15 p.m. at the Norton Residence, when a bond drawing will be held.

Silver Wedding celebrated

On the occasion of the 25th wedding anniversary of Mr. and Mrs. Frederick W. Fleming, of Belvedere Heights, an enjoyable surprise party was held at the Brompton Community Hall, on Friday evening, when approximately 250 relatives, friends and neighbors met to honor the celebrants.

Mr. and Mrs. Fleming were the recipients of a silver tray from their family, presented to them by Mr. Ivan Saunders, who, on behalf of the guests, expressed best wishes for many more happy years; a money tree of 25 silver dollars from the Belvedere community and many individual gifts and cards.

Refreshments were served in the lower hall, where a three-tier wedding cake, made and decorated by Mrs. A. Smith, of Kingsbury, centered the table. Dancing to an orchestra was enjoyed during the evening.

Guests were from Vermont and all parts of the Eastern Townships.

Polly's Pointers

DEAR POLLY — I find that a stenographer's notebook is an excellent reminder as to whether or not I have answered letters. At the top of the perpendicular line dividing the page I put the month and to the left of the line I list IN mail, and to the right OUT. This way I can always check when I have received a letter and the date I answered if it is a reminder not to forget. — GRACE

DEAR POLLY — When I take my small son out in the car and put him in his car seat I place a low cut cardboard box on the big seat under his feet if they are wet or muddy. His feet fit in the box and the dirt goes clean. — MARY JO

DEAR POLLY — When washing and drying clothes at a coin laundry I have found a convenient and practical place to put the rubber and plastic items, such as baby's pants, that are not allowed in dryers. Hang them on the dryer handle to drip dry. They also show at a glance which dryers I am using. — FREDA.

News flashes from around the world

BONN (Reuters)—West Germany will launch its first satellite late in 1966 with an American Scout rocket, the science ministry announced today.

The satellite—to have an orbit varying from 160 to 1,800 miles from earth—will study inner radiation belts and the Aurora Borealis, the announcement said.

Nine West German firms are participating in the project—a joint venture between the American National Space and Aeronautics Administration and the West German science ministry.

Early experimental rockets will likely be launched this year from Fort Churchill, Man. Later probes using Javelin rockets launched from Natal, Brazil, are scheduled for 1967.

★ ★ ★

LONDON (AP)—Insurance companies are pressing international airlines to adopt stricter security measures to cut the world's biggest airports' reputations as "puffer's paradises," especially for gold and diamond gangs.

A Swiss insurance source has called London Airport the world's No. 1 pilferage point—"even worse than the docks."

But the air expert of one of the world's leading insurance companies denies this, saying "our biggest losses this year are at Orly Airport, Paris."

★ ★ ★

JERUSALEM (AP)—It was Canada day at Jerusalem's Hebrew University Wednesday when Vincent Massey, first Canadian-born governor-general of Canada, dedicated a hall in his name at the Jewish National and University Library.

He and a party of Canadian friends, accompanying him on a Mediterranean yacht cruise, also inspected an exhibition of books and documents relating to Canada, including a 1639 atlas of Canada.

★ ★ ★

NEW YORK (AP)—Thomas Cole, chief mediator in a dispute preventing publication of three New York newspapers, says he is puzzled by the lack of success in efforts toward settlement.

"It doesn't seem to respond to ordinary techniques of mediation," he said Thursday night in reporting there has been no agreement between the 10 unions and the World Journal Tribune Inc. on any major issue.

★ ★ ★

BRANDON, Man. (CP)—A retired conductor said Thursday service on the Canadian Pacific Railway's only remaining transcontinental has deteriorated to the extent that passengers suffer.

Maintenance of the train—The Canadian—has dropped to a minimum, said Robert Lake, "resulting in great inconvenience to the traveller and, at times, even to hardship and suffering."

★ ★ ★

MOSCOW (Reuters)—Communist ideological experts from eight nations are meeting in Moscow to discuss ways of combatting the influence of capitalist ideas, it was learned today.

Pravda, the Communist party newspaper, said leading philosophers and sociologists began a conference in Moscow Thursday.

★ ★ ★

School exhibit tea and sale

KNOWLTON — (Special)—The Home Economics and Industrial Art Department of Knowlton High School will hold an exhibit of objects and garments made by the students Sunday, May 15, in the main hall, following the Pop Concert. Refreshments will be served during the concert and at the same time girls will be modelling garments made in class.

★ ★ ★

Parents and friends are invited to attend and see the fine work produced by students.

★ ★ ★

he intend to make the complex fully public-owned?

He said for six years the government has studied, formed commissions, formed committees and promised again and again to bring the complex into operation and he said he had been asking for results of the studies for four years.

★ ★ ★

Mr. Johnson also said that it was abnormal that, in a province like Quebec, workers were obliged to stage as many strikes and he reproached Mr. Lesage for not intervening in some of the recent labor disputes.

★ ★ ★

ONE QUESTION ANSWERED — Louis-Philippe Brousseau who has been something of a problem in recent elections has bowed out of the current campaign — as a candidate at least.

★ ★ ★

In a lengthy statement issued last night Mr. Brousseau announced he would not be a candidate and would offer his support to Labor Minister Carrier Fortin, seeking re-election on the Liberal ticket in Sherbrooke.

★ ★ ★

Mr. Brousseau, elected as Liberal MLA for Sherbrooke in 1960 did not seek re-election in 1962 to clear the way for the election of Mr. Fortin.

★ ★ ★

During the 1962 campaign he was attached to the Liberal central organization in Quebec City.

★ ★ ★

But he made his appearance in the federal campaigns of 1963 and 1965, running in the first as an independent and in that latter on the New Democratic Party ticket.

★ ★ ★

In explaining his decision to support Mr. Fortin in the present election, Mr. Brousseau said that as Liberal MLA from 1960 to 1962 he had participated in establishing the policies of the administration and had further endorsed these policies in 1962 by working as organizer for the party.

★ ★ ★

It would be illogical, he said, to come out in opposition to policies he had been instrumental in effecting.

★ ★ ★

Guild card party

FULFORD — (Special)—The Ladies Guild is holding a card party and food sale in the Fulford Hall on May 14 at 8 p.m.

★ ★ ★

Bicycle licenses

COATCOOK — (Special)—The Police Department has given notice to bicycle owners that licenses must be renewed by May 14. After this date owners are subject to a fine. Licenses may be obtained at the Police Station.

★ ★ ★

Bowling banquet

COATCOOK — (Special)—The annual banquet for the Bowling Leagues of Coaticook will be held on May 14 at 6:30 p.m. at the Hotel Maurice at which trophies and prizes will be presented. Tickets are available at the Coaticook Bowling Alley or at the Boileau store.

SUITOR — I wish to

Country notebook

By WALKER RILEY

Macdonald College

For this time I am indebted to Heinz Gasser, Research officer with the Canada Department of Agriculture, Lennoxville. Heinz graduated from here with his Master's in Agronomy a few years back, and joined the Lennoxville staff after earning his Doctor's degree in England. His family are dairymen at Pike River, not far from Lake Champlain.

For corn growing, a lot of work has gone into the preparation of a "heat-unit" map for Quebec, which shows the areas where grain corn can be grown safely. Roughly, that is south-western Quebec, west of a line running from Three Rivers through Farnham to the U. S. border. This area is calculated from weather records to have

an average of 2500 "heat-units" or more.

But Heinz points out that there are "pockets" of climate that do not fit the general pattern. These might be colder or warmer or wetter or drier than the rest of the area. He came across one of the warm "micro-climates" last fall in Brome County, and here is how he describes it.

"During the hot spell of last September 1965, some of us of the Experimental Farm at Lennoxville, were invited by a farmer of Highwater, County of Brome, to have a look at some standing grain corn. It was the 22nd of September to be exact and the temperature was in the upper 80's. It could have been mid-July, except for a beautiful field of corn, well advanced in maturity and with no signs of frost. The farmer in question was up in arms because he had been advised to sell his Pride 5 and Pride 4 for silage. He had been told it would not mature! By asking us to come, he hoped for some encouragement in favor of his corn field.

"Forest Hill Ranch owned by Mr. and Mrs. M. Heinen is of a modern appearance with a marvelous house, the whole in a typical Eastern Township surrounding. The whole arable land lays on either side of the Missisquoi River, north-west

of Highwater and on the north-east side of the Canadian Pacific Railway. According to the heat unit map, it is within the 2100 heat unit zone. Most of the land is on a level Milby Sandy loam of recently deposited alluvium and good drainage. It is only at 500 feet above sea level and it seems well sheltered, as no frost had been apparent at the date of our first visit.

"Mr. Heinen planted two fields of corn. The first and the largest was about 30 acres in surface and the second, 20 acres. In the first field, he experimented of his own. He had never grown grain corn in his life, this was the only way to learn. The whole field was planted with Pride 5, but in four sections. One section had Pride 5 field of corn, well advanced in maturity and with no signs of frost. The farmer in question was up in arms because he had been advised to sell his Pride 5 and Pride 4 for silage. He had been told it would not mature! By asking us to come, he hoped for some encouragement in favor of his corn field.

"Mr. Heinen fertilized rather heavily. Before ploughing, the fields were old pastures with high organic matter. The fertilizer applied before planting was 700 lb. - acre of 0-15-0. When the plants were 6 - 12 inches high, Mr. Heinen applied 150 lb. - acre of nitrate of ammonia. Weeds were controlled with moderate success with atrazine and cultivation.

"I must say, that when we saw and walked into the field, on this fine day of September, we were very favourably surprised! Especially so, when we saw the sections seeded early. Some of us had just been on an organized corn tour of the St. Hyacinthe region the preceding week and this Pride 5 corn compared very well with what we saw there. It was probably not as advanced in maturity, but sufficiently so to give a fair yield of grain.

"Considering the unfavorable summer of 1965, the novelty which grain corn is for Mr. Heinen, the damage sustained by both the racoons and the early snow in November, the yield of this corn crop was just as remarkable as the stand. In the one plot, seeded May 8th, we calculated the yield at 85 bushels per acre. The others were somewhat lower. With these yields, one cannot fall but to admit that the limits of the grain corn area cannot be rigidly set. There are certainly more than one valley in this wide province where similar kind of climates may be found. The best judge of this is the

farmer himself."

Incidentally, while it was Pride 5 that performed so well in this case, there are several good varieties of grain corn on the market, several of them earlier. The Quebec Seed Board lists them as follows: requiring 2500 heat units — Dekalb 29, Pride 4; 2600 heat units — Funk's G-2, Funk's G-2a, United Hagie 108, Jacques 850-J, Pioneer 3891, Pride 5; 2700 heat units — United Hagie 7, Warwick 263.

TENDERS WANTED

The School Board of Cowansville in the County of Missisquoi, will receive up to six o'clock in the evening on the 30th of May, 1966, tenders for the conveyance of pupils to and from school.

These tenders will be sealed, addressed to the undersigned and bear above the address the words "tender for the conveyance of pupils."

1. The tendered shall: a) Convey, without further charge only the pupils and, if necessary, members of the teaching staff, designated by the School Board, during the whole term of his contract, every school day;

b) Follow the routes established by the School Board or its representatives (information regarding routes, number of pupils to be conveyed and the number of miles to be travelled per day may be obtained from the office of the Secretary-Treasurer); c) Place at the disposal of the pupils the vehicle or vehicles required for the execution of his contract, assuring the comfort and security of the pupils;

d) Maintain permanently an insurance policy for minimum amounts of \$5,000 - \$50,000 - \$100,000, covering respectively, damage to property of others and public liability; e) Observe the laws and regulations in force as well as all amendments which may be made by the Department of Education or to the Auto Code of the Department of Transportation and Communications;

f) Conform also to the Provincial and Municipal traffic laws; g) Furnish, before the signing of the contract a guarantee representing at least ten per cent of the annual contract price; h) Produce for the School Board, both for himself and his employees, certificates of health and good behavior, before the contract is signed.

2. The contractor cannot expect to receive any additional amount before the termination of his contract, unless alterations have been made in his itinerary due to an appreciable increase in the number of children conveyed, or in the number of miles he must travel. This increase can be granted only upon written authorization from the School Board.

3. The contractor must own all the necessary vehicles to carry out the conveyance of pupils and must not transfer, in whole or in part, his contract to one or several subcontractors.

4. The School Board reserves the right to accept either new vehicles or used vehicles in good mechanical condition.

5. The tender may be for any period not exceeding three years.

6. A tender may be submitted to cover one or all routes.

7. The School Board is not obliged to accept any of the tenders received.

Given at Cowansville, Que., this 11th day of May, 1966.

M. N. MACKAY, Secretary-Treasurer.

THE 'WAY BACK WHEN' EXPRESS — The Quebec Trucking Association will feature this 1917, 4 cylinder Ford delivery truck at its seventh annual banquet in Sherbrooke tomorrow. Norry Jameson, president of the Eastern Townships branch of the association proudly polishes the old vehicle which he had brought down from Richelieu especially for the banquet.

(Record photo by Gordon Alexander)

BALDWIN'S MILLS

Mrs. Burton Hill and her house guest, Mrs. Lyman Hill and little Richard, were recent guests of Mrs. Mary Parker, Mrs. Ruby Alden and Mr. and Mrs. Clayton Lowry in Sawyerville. Miss Gail Hill, Montreal, was a weekend guest of Mrs. Burton Hill. Guests at the same home were, Mr. and Mrs. Gerald Hill and family, of St. Bruno, Mrs. Geo. Bullis, Miss Alice Hill, Rock Island, Mrs. C. Adam, Derby Line, and Mr. and Mrs. J. R. Wright, Sherbrooke. Mr. and Mrs. Harold Baldwin arrived home on May 7, after an extended holiday spent in Mexico, California, Vancouver, Saskatoon and other points.

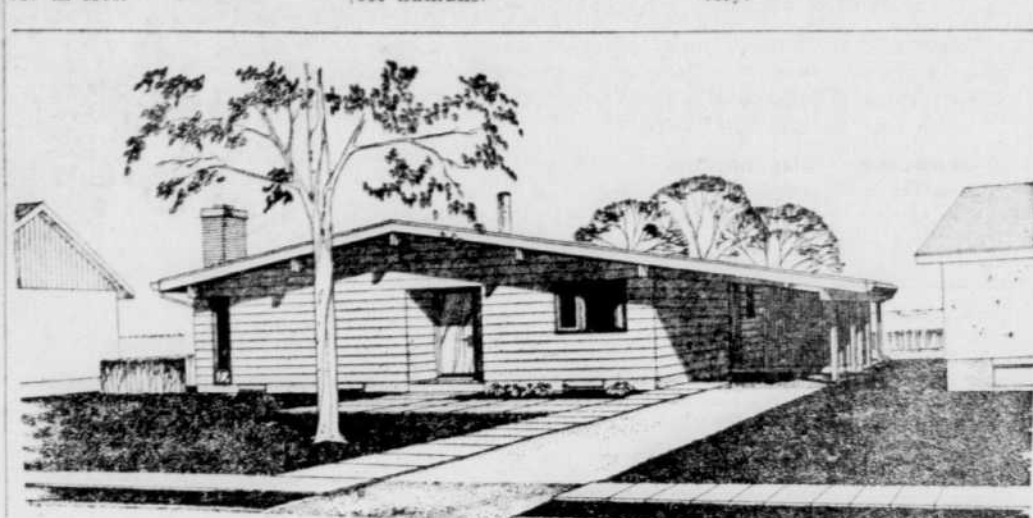

MANSONVILLE —

Mrs. Martha Sargent spent the weekend in North Troy, the guest of Mr. and Mrs. Thomas Warner. Mrs. Lillie Traver, who has been spending a few days with Mrs. Ethel Bailey, has returned home. Mrs. Curtis Sawyer, Sherbrooke, called on Mr. Kenneth St. Bruno, Mrs. Geo. Bullis, Miss Alice Hill, Rock Island, Mrs. C. Adam, Derby Line, and Mr. and Mrs. J. R. Wright, Sherbrooke. Mr. and Mrs. Ross McNeil and family were Mother's Day guests of Mr. and Mrs. Thomas Wilson at Iron Hill.

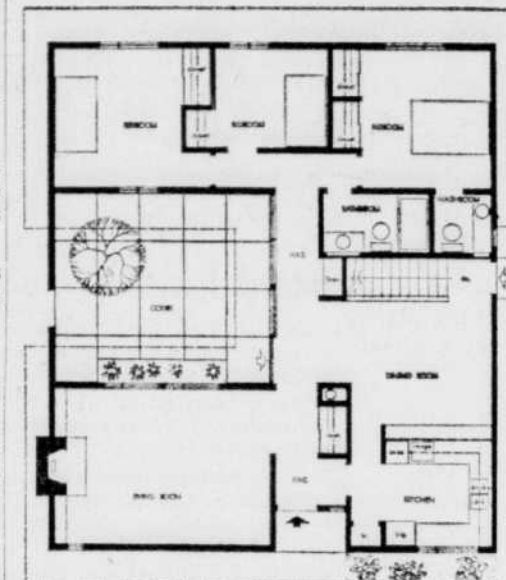

FIND MORE DOCTORS — There was one doctor for 681 persons in the United States in 1965, compared with one for 737 in 1960.

RATS OUTNUMBER MEN — There are estimated to be 3,500,000 rats living in Madrid, the capital of Spain, with 2,800,000 humans.

BIRDS TAKE CHOICE — Argentina's climate varies so widely that both parrots and penguins flourish in its territory.

NEW HOUSE DESIGN — A secluded courtyard dominates the interior layout of this three bedroom bungalow designed by architect J. Bryan Crawley of Winnipeg.

Full length windows and a sliding glass door divide the court from the main hall while the living room is also well lighted by large window areas in the courtyard wall. A wrought iron gate opening from the courtyard gives access to the rear garden area. Other features are the inclusion of a separate washroom off the master bedroom and the provision of an eating bar between the kitchen and the family-dining room. For best lighting, the courtyard wall should face south.

The floor area is 1,342 square feet and the exterior dimensions are 50 feet three inches, including the carport, by 43 feet. Working drawings for this house, known as Design 2335, can be obtained from Central Mortgage and Housing Corporation at a moderate cost.

HOW IT WORKS FOR THE FARMER

A. The Federal Government will pay the farmer 75c for each hundredweight of manufacturing milk with a 3.5% butterfat content. Another 10c will be put in reserve to assist the export of by-products and surpluses.

B. The Federal Government, and direct purchases of will create a demand to pay \$3.25 per hundredweight of manufacturing milk with a 3.5% butterfat content. However, the government has no authority to set the prices processors pay producers. It is in your own interest to negotiate the best possible price for your milk through your farm organization.

through export assistance such products as butter, which will enable processors of manufacturing butterfat content. government has the prices processors pay producers. It is in your own interest to negotiate the best possible price for your milk through your farm organization.

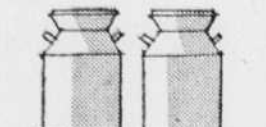

METHOD OF PAYMENT

MANUFACTURING MILK SHIPPERS: You will receive a direct payment from the Federal Government of 75 cents per hundredweight on all milk. Your payment will be made monthly by cheque from Ottawa.

FLUID MILK PRODUCERS: You will receive 75 cents a hundredweight on all milk over 120 per cent of the amount for which you receive fluid prices. For instance, if your dairy pays you fluid prices on 10,000 pounds in a certain month, you will receive the government payment on all milk over 12,000 pounds. Cheques will be mailed once a month from Ottawa directly to you.

CREAM PRODUCERS: You will receive 21.43 cents per pound of butterfat (the equivalent of 75 cents per hundredweight of milk with a 3.5% butterfat content). Because time is required to complete the registration of producers and to set up a reporting system, your cheques will go out from Ottawa every three months.

NOTE:

Because the fat content of milk varies, the 75 cent direct payment is based on a standard 3.5 per cent butterfat content in milk. This works out to 21.43 cents per pound of butterfat. If your milk tests 4 per cent, then your payment will be four times 21.43 or about 85 cents per hundredweight. On the other hand if your milk tests 3% then your payment will be three times 21.43 or about 64 cents per hundredweight.

REMEMBER TO REGISTER

Milk producers must be registered with the Agricultural Stabilization Board in Ottawa and be assigned a registration number. Manufacturing milk and cream shippers who participated in last year's supplementary payment program already have a registration number and do not need to register again. But fluid milk producers are not registered; they should do so as soon as possible. To register, get the

proper form from your dairy, manufacturing plant, cheese factory, or creamery. Fill it out and send it off to Ottawa. If you ship to more than one plant, you do not need to register twice but you must inform all outlets of your registration number so they can relay the information to Ottawa. Remember it will be impossible to participate in the program if you are not registered.

PUBLIC NOTICE

Province of Quebec
Eastern Townships Regional School Board
Sherbrooke, Que.

Public notice is hereby given that at a regular meeting of the Eastern Townships Regional School Board held on Thursday, April 14, 1966 the following resolution was unanimously adopted:

WHEREAS This Board will soon have reached the limits of local short term financing

WHEREAS Funds will then have to be provided for the payment of school site, surveyor's fees, notarial fees, etc.

WHEREAS The time would now seem appropriate to make plans for the retirement of outstanding short term loans and the financing of future requirements through the sale of bonds.

WHEREAS It is necessary to provide for this purpose the expenditures enumerated below named:

Organizational Expenses: 1964-65, 1965-66	\$ 1,222.00
Purchase of Land-Lennoxville School Site	40000
Organizational Budget: 1964-67	93265
Reserve for Contingencies	3000
TOTAL	\$ 50,000

WHEREAS The school board will be unable to provide for the above-named expenditure without recourse to a loan.

BE IT RESOLVED

Article 1 The Regional School Board binds itself to make the expenditure in the above summary which are estimated at a total cost of \$20,000.

Article 2 The school board binds itself, further, to contract for the above-mentioned purpose a maximum loan of \$20,000 in current Canadian legal tender and to effect the said loan in the following manner:

Article 3 The bonds, representing the capital sum, shall be issued in coupon bearer form, in denominations of \$100.00 or of multiples of \$100.00 of \$100.00. Each bond shall bear detachable coupons representing the interest payable semi-annually up to the date of maturity of the bonds, engraved or lithographed on the interest coupons.

Article 4 They shall be dated as of the first day of July 1966. They shall be redeemable serially at par of their face value, within a period of 20 years as fixed in Article 2, in accordance, as to the capital, with the redemption table attached hereto.

The school board reserves the right however, (subject to the authorization of the Minister of Education) to issue bonds of shorter terms than that fixed for the loan in Article 2, should conditions of the financial market make this necessary, provided that each subsequent issue is for the balance due on the loan.

Article 5 They shall be payable to the bearer or the registered holder thereof, as the case may be, at all branches in the Province of Quebec of the Toronto-Dominion Bank. The funds assigned by the school board for the redemption of bonds and the payment of coupons will be deposited in a special account at the local branch of the said bank in Sherbrooke.

Article 6 They shall bear interest, at a rate that may be lower than but shall not be higher than 6% per annum, which shall be payable semi-annually on the first of March and the first of September of each year on presentation and surrender, when due, of the coupons attached to each bond. These coupons shall be payable to the bearer only at the same places as the principal.

Article 7 They shall be signed by the Chairman and countersigned by the Secretary-Treasurer. A facsimile of their respective signatures shall be printed, engraved or lithographed on the interest coupons.

Article 8 They shall not be redeemable in advance.

Article 9 That to provide for the payment in capital and interest of the amounts due each year according to the attached table, an annual levy shall be apportioned among the member school boards under the jurisdiction of the Eastern Townships Regional School Board ascertained in accordance with the Statutes, relating to Budget & Financing of Regional School Boards.

Article 10 In the event that the actual amount of any one of the items of expenditures listed above in the fourth WHEREAS may be less than that anticipated, the balance of money available may be used for any one of the items or any one of the items in which the actual amount may be higher than that anticipated, or, further, may be added to the reserve for contingencies should this be insufficient.

Given at Sherbrooke, Quebec this 13th day of May, 1966

H. E. FRENCH
Secretary-Treasurer.

THE WORLD OF SPORTS

Casey back with No. 37 again but this time just for old times

NEW YORK (AP) — Casey Stengel will haul his familiar No. 37 uniform out of mothballs and become a manager for an evening again here July 30.

The New York Mets said Thursday that Stengel will be the No. 1 honored guest in the team's annual old timers game preceding the regular night game with Leo Durocher's Chicago Cubs.

It is also Casey's 76th birthday.

"This will mark the first time Casey has had on his uniform since he suffered a hip injury July 24 last year," a Met spokesman said.

The old timers game will be built around the theme of the 1950 baseball all-star game, the first of 10 in which Stengel was manager. In that game, Casey handled the American Leaguers, losing a 14-inning marathon to the National League 4-3.

Miners are hungry, strategy pays off

BRILLIANT DEFENSE — In a wild scramble at the net of Drumheller Miners, Real Rousseau, of the Sherbrooke Beavers, overskated his mark and ran into the boards.

He was not seriously injured however, and resumed playing within a short time after being checked by referee.

(CP Wirephoto)

CALGARY (CP) — Coach Roy Kelly of Drumheller Miners said Thursday night that "hunger" was behind his club's 5-0 defeat of Sherbrooke Beavers to tie the best-of-seven Allan Cup series 2-2.

But his players came up with a different answer: "We kept a man in front of their goal all the time and it paid off. We got three goals by deflections."

Defenceman Bob Solinger, who celebrated his 18th wedding anniversary with two goals, said: "In the other game we were leaving their goal fairly clear."

"Tonight, we kept one man out front all the time. And apart from being there for deflections it meant they had to pull a defenceman in and it screened their goalie."

Beavers' coach Georges Roy said after the game: "I can say nothing tonight."

Beavers took seven of 12 penalties and tempers frayed early in the game.

Ron Leopold also netted a pair of goals before 4,498 fans in the Stampede Corral. Owen Malley added a single.

Miners maintained steady pressure on the Beavers, forcing Sherbrooke goaltender Serge Aubry to handle 16 shots in the second period. Drumheller netminder Al Rollins handled only seven shots in the period.

Aubry made 34 saves in all, Rollins 21.

Solinger's first goal was a screened point shot in the first period. Leopold's goals came in the second period, on a rebound after 21 seconds had elapsed, and again on a screen shot.

Solinger got his second goal in the third period when Miners picked up a loose puck and he tipped in Rock Crawford's rebound. Malley broke in with a relay pass for the fifth goal.

Miners won the first game 6-3. Sherbrooke, defending champions, rebounded with a 4-1 victory in the second game and a 3-1 decision in the third.

Said Solinger: "That's another thing. We only scored two goals in two games and we've got a lot of scorers on this team. Something had to burst sometime and it did tonight."

Fifth game is scheduled Saturday night in the 2,200-seat Foothills Arena, which both teams complain is too small.

Third and fourth games were in the 6,600-seat Corral.

First Period
1—Drumheller, Solinger (Leopold, Finney) 14:56
Penalties: Lambert, major 0:39; Levesque, Hais 10:13; Aubry, minor served by Robidas, misconduct, Rousseau 12:22; Leopold 12:44, 15:00; Fortin, Kollman 14:53.

Second Period
3—Drumheller, Leopold (Finney, Yucylus) 21:21
3—Drumheller, Leopold (Finney, Solinger) 19:29
Penalties: Crawford 4:14, Hurtubise, major 4:53.

Third Period
1—Drumheller, B. Solinger (Crawford, Voss) 7:02
3—Drumheller, Malley (Lambert, Sawka) 9:38
Penalties: Crawford, major, Aubry, major, served by Rousseau, Robidas, misconduct 14:48; Carter and Sawka, 17:10.

STOPS:
S. Aubry 14 19 13-24
A. Rollins 9 7 8-24

THURSDAY'S STARS
Pitching—Juan Marichal, Giants, pitched a six-hitter for his seventh straight victory as San Francisco stretched its winning streak to 11 games with a 3-0 victory over Pittsburgh Pirates.

Batting — Don Buford, White Sox, started three rallies with a single, double and triple as Chicago doubled Baltimore Orioles 5-3.

Los Angeles — Andy (Kid) Heilman, 159, San Pedro, Calif., outpointed Florentino Fernandez, 160, Miami, 10.

ON THE ALERT — Serge Aubry, Beavers' goalie, is shown ready to stop a rebound puck as it comes toward his net in the first period. Drumheller Miners got past Aubry five times to win the fourth game of the Allan Cup finals 5-0 and tie the series.

(CP Wirephoto)

Bobby Orr, mainstay for Oshawa Generals

TORONTO (CP) — Wrenn game of the series, tied 2-2 Blair, manager of Oshawa Generals, says his team may have been playing "a little over their heads" when they beat Edmonton Oil Kings in two games of the Memorial Cup junior hockey finals.

Wrenn was referring to the way the team played in the absence of Bobby Orr in beating the Kings 7-1 and 6-2 in the second and third games of the series.

"I'll have to admit that I'm worried about whether or not we can win a close series—as this one has turned out to be—without Bobby," said Blair.

Wrenn brings Generals here Saturday night for the fifth

JACK JOINS GARY AT THE TOP

NEW ORLEANS (AP)—Sponsors of the \$100,000 Greater New Orleans open golf tourney deliberately forgot to look at their calendar today—a Friday the 13th—and hoped the rash of cancelled rounds on the 1966 tour wouldn't continue here.

Despite a heavy shower Thursday which halted play in the morning for 34 minutes, the first round went over with a bang as Jack Nicklaus and four others tied for the lead with four-under-par 68s.

Champagne Tony Lema, who said he had "probably the best round I've played in six months," joined Nicklaus at the top along with Bob Goalby, Frank Beard and Charles Coody.

ALOUETTE FOR '66 — George Birth, left handed pitcher of the Sherbrooke Alouettes in the 1965 season, has signed a contract for the upcoming season in the Provincial Baseball League. The announcement was made yesterday by Paul Molloy, general manager of the Alouettes.

Come in you tire-kickers, door slammers, hood thumpers,

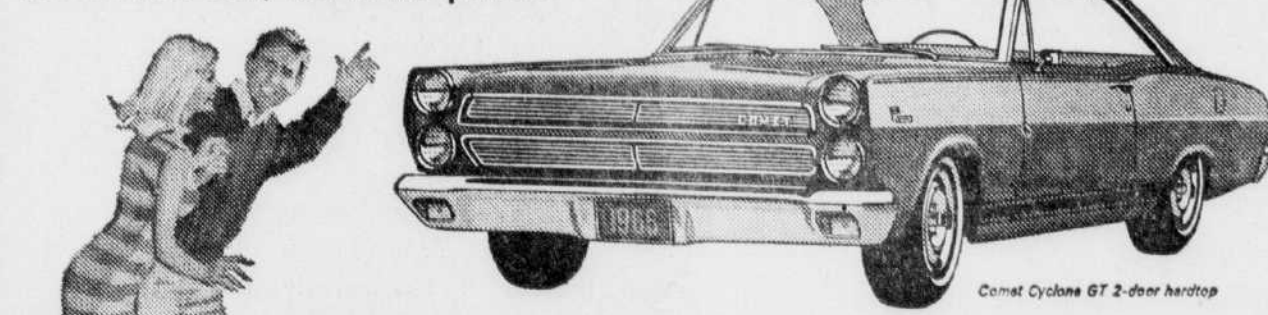

see Meteor!

The biggest package at the lowest price in town!

or Comet... New! Bigger!

So much car, so little price!

or Mercury

Now you can move ahead with Mercury for so much less than you think!

Meteor-Mercury dealers across Canada are having their greatest sales year... and they're passing the success savings right along to you... giving you the hottest new car values in town! Come on in... see them, try them, price them... you'll drive one home and smile with your savings!

It's our greatest sales year ever... because we've got the best cars ever — Meteors, Mercurys and Comets!

Houk tastes defeat against Minnesota

Unbeaten during a stretch of three games and two rainouts, the White Sox defeating the Orioles 5-3 despite a constant drizzle. In the only other game played, Washington Senators downed California Angels 4-2.

But the Yankees ran out of momentum when they ran into Jim Merritt, and went down 4-3 to the Twins, the first loss since Houk replaced Johnny Keane and masterminded the streak that swept the Yankees out of last place into ninth.

The Yankees collected 11, but only one after Merritt came on in the sixth inning and cut off a Yankee rally.

On the other end of the stand-

ing, Chicago and Baltimore also played in poor weather, the White Sox defeating the Orioles 5-3 despite a constant drizzle.

The Twins packed eight singles and their four runs into the third and fourth innings with Earl Battey and Cesar Tovar each collecting a pair of hits.

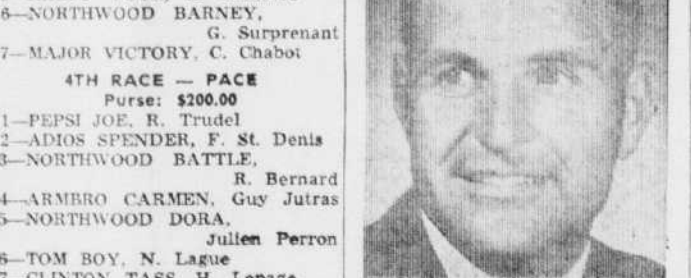

The White Sox-Orioles game was marred by the rain which contributed to seven errors, five by the White Sox, there also were 10 balks and three wild pitches.

Don Buford did most of the damage for the White Sox, triggering three doubles with a single, double and triple.

Curt Blefary hit his seventh homer for the Orioles, who lost catcher Andy Etchebarren with a spike wound and manager Hank Bauer after an argument in the fifth inning.

Don Lock carried the Senators to their victory over the Angels, overcoming a 2-1 deficit with a two-run homer in the seventh inning before driving in a final run with a ninth inning single.

Bobby Knoop hit a homer for the Angels and Washington pitcher Phil Ortega drew a warning from umpire James Odom after one of his pitches grazed the helmet of the next batter, Rick Reichardt.

GUEST SPEAKER — Darrell E. Mudra, head coach of the Montreal Alouettes Football Club in the CFL, will address the Stansfeld Wesleyan Annual Alumni meeting being held at Stansfeld College Saturday evening. His topic will be "The Scholar Athlete."

Mudra holds a Masters Degree in Education from the University of Omaha, and a Doctorate in Physical Education and Psychology from Colorado State. His specialty is turning losers into winners.

Giants dump Pirates

Running as an entry, San Francisco Giants and Juan Marichal have become the scourge of the National Hockey League. Both extended lengthy winning streaks Thursday night — the Giants to 11 games and Marichal to seven — with a 3-0 victory over Pittsburgh Pirates.

San Francisco hasn't lost this month and Marichal hasn't lost this season. The ace right-hander lowered his earned run average to 0.76 with his second shutout.

Marichal allowed just six hits and struck out six for his sixth complete game. He has permitted just five earned runs in 59 innings.

The 11-game winning streak, longest in the majors this year, has opened a 4½-game lead for the Giants in the league standings.

Message From The President

On the occasion of our banquet, I wish to welcome all members from outside our City, and to do the utmost on my part to make your stay a pleasant one.

My thanks to all the members and especially to the Directors of the Association who worked so hard on the Banquet and to all the announcers for the time devoted to our association.

To all a most pleasant and instructive weekend.

Yours truly,

NORREY JAMESON,
President,

Quebec Trucking Association Inc.
Director of the Provincial Administrative
Council.

GUEST SPEAKER

It gives me great pleasure to congratulate the members of the Trucking Association of Quebec, Eastern Townships section, for their relentless work in promoting the development of professional truckers.

I would like to take advantage on the occasion of the Annual Convention to state that your section is one of the most active and important of the Association, and extend my best wishes for future success.

Camille Archambault,
Vice-President and
Director of Public
Relations.

Trophy at the Convention

At the recent annual convention which took place at the Chateau Frontenac, Quebec City, the "Baillargeon" trophy was presented to Mr. Norrey Jameson (Asbestos Eastern Transport Inc.) of Sherbrooke, president of the Eastern Townships Committee of the Association. This trophy is awarded each year to a director who distinguished himself during the year by his numerous activities in the interest of the Association.
