## DAMAGE BY STORM.

### More Particulars Received Of Loss Suffered Through Lightning.

SO FAR NO LOSS OF HUMAN LIFE HAS BEEN REPORTED.

Now that the wires are in working order again further details of the severe storm on Sunday afternoon are coming to hand. While the damage to property is heavy, still at the same time the rain which accompanied the electrical storm will do an immense amount of good to the grain and root crops, which were beginning to suffer from the dry weather.

### LIGHTNING ENTERS THREE HOUSES.

Bromtonville, July 18.—(Special)—During the electrical storm here lightning entered the chimney in three different houses. While no damage was done, Mr. Arthur Desmarais who was in the act of closing his doors and windows received a severe shock, but did not suffer any serious effect as a result. The supposition here is that owing to the doors and windows being open the electric current passed out of the house without doing any damage.

### HAIL AT BRIGHAM.

Brigham, July 18.—(Special)—During the electrical storm here a heavy hail storm was experienced. Lightning struck a large tree near the residence of Mr. John Higgins but no damage was done.

### BARN BURNED TO GROUND.

South Dundas, July 18.—(Special)—During the severe thunder storm which passed over here, Sunday afternoon, lightning struck the barn owned by Mr. Richard Kidd, one barn sixty by forty, another thirty by forty, and set them on fire. Thirty tons of hay, one double wagon, one pair of double harnesses and two driving harnesses were burned. Two horses and a cow were rescued. The largest barn could not be built today for less than \$1,000. The loss is estimated between \$2,000 and \$3,000, partly covered by insurance. Mr. Kidd was partly finished haying and had just started in farming.

### HAIL DAMAGES GARDEN PRODUCE.

Farnham Centre, July 18.—(Special)—The worst hail storm for many years passed over this section during an electrical storm, doing quite a little damage to gardens and crops where it struck.

### BARN AND HAY BURNED.

East Angus, July 18.—(Special)—Lightning struck the barns belonging to Mrs. Moses Heath on the Sherbrooke Road on Sunday and set them on fire. They were burned to the ground. Thirty tons of hay and three hogs were burned. The electrical storm on Sunday was very severe. Though no serious damage was done. One of the globes to the electrical lights in the Methodist Parsonage was broken, also some of the globes on the poles.

### HOUSE STRUCK AT CLARENCEVILLE.

Clarenceville, July 18.—(Special)—A terrible lightning storm passed over the village of Clarenceville on Sunday. The storm lasted about half an hour and was accompanied by a hail storm. Mr. Charles Derby's brick house was struck by lightning.

## NOT A BODY FOUND BY SEARCH PARTIES.

### Return to Porcupine and Report Many Men at Work.

HUNDREDS OF BODIES OF DEAD MOOSE WERE FOUND IN CASES NEAR LAKES.

Porcupine, July 18.—(Special)—Searching parties have returned from Deloro shaft, Eldorado and Langmuir townships, and not a body was found. They report many men alive and at work again.

Graphic descriptions of the work of the fire through the belt of six miles width, beginning at the middle line of Deloro and north to Dome, and thence east into Langmuir, are given. The country is all black, with no signs of animal or human life. South of this line the fire ran in belts, jumping around the swamps, which gave the men a chance to escape.

Hundreds of bodies of dead moose were found, in some cases within fifty feet of lakes.

### CAUSE OF THE FIRES.

Ottawa, July 18.—A. N. Molesworth, engineer in charge of the Transcontinental Railway construction around Cochrane, who is in Ottawa yesterday, attributes the disastrous fires in Northeastern Ontario to inexperienced and careless prospectors.

"Men enter the woods to prospect," he says, "who know nothing about life. They light fires and leave them, without realizing what the consequences may be. The Porcupine country is in a highly inflammable condition, dry as parchment. The fires will not retard work on the T. & N. O."

### PRISON CAMPS ESCAPED.

Toronto, July 18.—R. P. Fairbairn, deputy minister of public works, is back from Porcupine, where he went to learn how the provincial prison camps have fared. The fire did not reach Number 1, about two miles west of South Porcupine, but camp Number 2, six miles west, in Tisdale township, was caught.

When the alarm came the officers and men turned out, and after a hard fight saved the whole camp, except the stable and wash house. No lives were lost.

## FORMER WINSLOW MAN MURDERED

### Norman McAulay Found Dead at Westerville, Vt.

TWO MEN HELD AT MONTPELIER WHO WILL ANSWER MURDER CHARGE.

Lake Megantic, July 18.—(Special)—Word has been received here from Granville, Vt., of the finding of the body of Mr. John McAulay son of Mr. Norman McAulay, formerly of Winslow, by the roadside at Westerville, Vt. It is supposed that he had been murdered, and two men who are suspected of the crime have been arrested and are now in jail at Montpelier, Vt., where they are held for trial.

The McAulay family moved from Winslow some years ago to Granville, Vt.

### COLD SPELL IN WEST.

Winnipeg, July 18.—While it was cold Saturday all over the west the freezing point was not reached. There were many fears of frost damage as the wheat is in the critical stage. It was warmer yesterday.

## ARE ELECTIONS NEAR AT HAND.

### Provincial to Precede Federal Says Report.

THE WHOLE TO BE OVER WITHIN TWO MONTHS.—SIR LOMER GOULIN TO RETIRE AFTER ELECTION.

Quebec, July 18.—(Special)—"A Quebec provincial election followed closely by the Dominion election, and the whole over by October 1st," is the prediction of a prominent local Liberal, who stands close to the powers that be.

The provincial election would prepare the ground for the Federal conflict in this province. Sir Lomer Goulin and his party would doubtless be returned with a large majority, and following in the wake of this victory the Federal elections in Quebec would be greatly influenced by the provincial result. Sir Lomer then, according to report, would retire from the leadership to become a Dominion Cabinet minister, and would be succeeded by Hon. Mr. Taschereau.

The feeling is strong here that an appeal to the country on the reciprocity issue is near at hand. The local party leaders, there is reason to believe have received instructions to this effect, and considerable activity is already apparent. Local politicians would not be surprised to see the provincial contest rung in ahead, in spite of the fact that there is no provincial issue and the local parliament has still many months to run.

## TWO YEARS FOR HOUSEBREAKER.

### F. Gardner Entered Summer Cottages on West Shore of Lake Memphremagog.

JUDGE MULVANA DEALT WITH SEVERAL CASES IN COURT AT SWEETSBURG.

Sweetsburg, July 18.—(Special)—Judge Mulvana held a term of Criminal Court here yesterday, and dealt with a number of cases.

Frank Gardner, who had been committed for trial on a charge of breaking into the summer cottage of Judge Newell on the west shore of Lake Memphremagog and with stealing articles valued at \$250 came up before the court. The accused asked for a speedy trial and pleaded guilty. He was sentenced to two years in the penitentiary.

The same accused also asked for a speedy trial and pleaded guilty to stealing articles from the cottage of Mr. Charles McPherson. In view of the previous sentence, sentence was suspended.

### AN ALLEGED ACCOMPLICE.

Grace Brown was charged with shopbreaking and theft. The accused asked for a speedy trial and pleaded not guilty. Her trial was fixed for the 5th of August.

### WAS DECLARED INSANE.

E. Brassard, who was committed for trial on a charge of attempting to set fire to farm buildings was declared to be insane after the Court heard the evidence. He will be removed to the insane asylum.

### STOLE HIDE ON C.P.R.

Stephen Norris, A. Phaneuf, A. Leno, E. Marchand, all hailing from Manchester, N.H., were charged with stealing a hide on the C.P.R. (Continued on Page 4.)

## PARLIAMENT REASSEMBLES TO-DAY.

### Work Has Again Been Resumed by Canadian Commons.

RECIPROCITY BETWEEN CANADA AND UNITED STATES IS MAIN ISSUE.

Ottawa, July 18.—(Special)—The Dominion Parliament reassembled for the resumption of business to-day, following the recess which was taken to enable the Premier and other officials to attend the Coronation and the Imperial Conference in London. A large number of western and lower province members came in yesterday, and the delegates from Ontario and Quebec, who always arrive last, reached the capital this morning. A wide diversion of opinion exists among the members as to the probable outcome of the session. The proposed reciprocity pact with the United States is, of course, the foremost item on the agenda. The programme in regard to this measure will likely be determined in a large degree by the prospects at Washington. A hard struggle is in prospect here. It is generally believed that the Opposition will resume filibustering and will persist in its efforts to block any progress of the bill. If this course be pursued a dissolution of Parliament and a general election, with reciprocity as the chief issue, would appear to be inevitable, though the Government leaders affect to believe that such a possibility is very remote.

### GOVERNMENT BUSINESS HAS PRECEDENCE.

Ottawa, Ont., July 18.—(Special)—The Government orders, notices of motion, questions and private bills comprise the official agenda of the House of Commons this afternoon, though it is probable that before they are reached the Opposition will bring up a number of matters. The session is indicated by the attendance to-day. This morning barely a quorum had arrived, but midway terms considerably augmented the number, and more members are expected this evening. There are few who do not expect dissolution before long as a result of impending events.

The predominant spirit is for fight, both here and in the country, and many are saying that the sooner it is over the better. Some doubt obtains as to the order of procedure. The Government will doubtless put forth reciprocity or the estimates, but which will be first pressed seems uncertain. The latter is more urgently needed, as only a fractional part of the general supply bill was voted before the House rose for recess. Over \$48,000,000 remain to be disposed of. The main item, however, being reciprocity, there is likely to be little delay in getting at it, probably next week. It is expected that morning sittings will be started again in a few days.

Sir Wilfrid Laurier was in conference with Chief Whip Pardee this morning, while Mr. Borden had a stream of callers from among his following.

## DEATH OF MR LEONARD A. STEARNS.

### Passed Away at Protestant Hospital Yesterday.

WAS WELL KNOWN RESIDENT OF EASTERN TOWNSHIPS.—FUNERAL TO-MORROW.

In the passing away of Mr. Leonard A. Stearns, who died at the Protestant Hospital yesterday, the Eastern Townships lost one of her oldest and best known business men. The late Mr. Stearns had been ill for three weeks, the last two of which he spent in the Hospital.

Deceased, who was 75 years of age, was born in the State of New York. He served as captain of a company in a Vermont regiment during the American Revolution. He came to Canada when a young man, and has lived in the Townships for nearly fifty years. When he was not at his home in Magog he lived with his son, Mr. G. M. Stearns, manager of the Lake Megantic Pulp Co., at Megantic. He carried on an extensive lumber business in his earlier days.

The funeral will take place from Lord's Undertaking Rooms at two o'clock to-morrow afternoon, to St. Peter's Church. The interment will be at Elmwood Cemetery.

The late Mr. Stearns is survived by his wife and one son, Mr. G. M. Stearns.

### LENNOXVILLE NOTES.

Mr. Eustis Longfellow after having had a pleasant visit with relatives and old friends here, as well as other surrounding places, left on Saturday last on his return trip to Vancouver, B.C. He will stop off at Montreal, Toronto and other places in Ontario, after which he will continue his journey.

Mr. Raymond Odell, who has been spending his holidays at his home in Fustis, as well as calling upon friends here and elsewhere, during the last week, has recently returned to Montreal.

Mrs. G. Severance, accompanied by her daughter, Miss Severance, of Lawrence, Mass., is visiting friends in Lennoxville, their former home.

## REGULAR SESSION OF CITY COUNCIL.

### By Law Passed Fixing Taxes at 12 Mills on Taxable Property.

SEVERAL CELLARS FLOODED.—PROPOSAL TO EXTEND BALL STREET.

Contrary to general expectations, last night's session of the City Council was very brief and uneventful. His Worship Mayor Cate presided. The Aldermen present were: McManamy, Howard, Simpson, Ledoux, Jencke, Desaulniers and C. F. Oliver. MANY CELLARS WERE FLOODED. The secretary read a number of letters from citizens who complained that owing to poor sewers their cellars had been flooded during the recent rainstorms. Mr. E. Veilleux, proprietor of the Montreal House said that his cellar was filled with water and refused to a depth of nearly two feet. This was caused by the absence of a suitable sewer on Depot street. In the discussion which followed it was learned that it was very difficult to place a sewer on that street owing to the low level. The matter, however, was referred to the Road Committee, who will take immediate steps to prevent a repetition.

Mr. W. R. Webster informed the Council that he would hold them responsible for the four inches of water he found in his office and warehouse Monday morning. He complained that the sewer pipe was too small, and that the water had been forced back. Mr. C. O. Genest also notified Council that he would look to them to make good any damage that had or may occur from the flooding of his cellar on Wellington street.

These complaints were all referred to committees and will be dealt with at once. Ald. McManamy pointed out that this should be a lesson to those who would go ahead with paving before changing the sewers.

COMPLAINTS OF CONDITION OF PROSPECT HILL. A letter was read from Mr. C. Skinner, complaining of the bad state of Prospect Hill. He claimed that it was much worse than before the Street Railway had built there. Mr. Skinner also complained of the delay of the Street Lighting Committee in placing a light on Birch street.

ANOTHER LEVEL CROSSING. The Sherbrooke Real Estate Company asked the Council to take the proper steps to secure for them the right to open a crossing at the head of St. Mary Street. The petition was left in the hands of the City Attorney and the Road Committee.

TO EXTEND BALL STREET. Ald. McManamy read a petition from the residents of Ball street asking the city to extend Ball street to Depot street. The petition pointed out that it would only be necessary for the city to buy or expropriate one property to do this. If this street were opened it would give the shortest possible route between the C. P. R. and G. T. R. stations, and would also encourage the erection of business blocks on the South end of Wellington street.

At the request of Ald. McManamy, the petition was referred to the Road Committee.

### THE WIDENING OF FRONTENAC STREET.

The B. A. Land Co. offered to sell the city a portion of land on Frontenac street eight feet wide for \$750. This land would be sold on condition that the city would widen the street eight feet within the next two years. Referred to Road Committee.

Ald. Ledoux read a petition from the residents of South Ward asking the city to take steps to have the C. P. R. put in a bridge at Belvidere street that would allow the Street cars to run over it. The matter was left with the Road Committee and the City Attorney.

### THE SPRINKLER BY-LAW.

This matter was brought before the Council by Ald. McManamy who moved that it be referred to the City Attorney and the City Engineer for a report. The chairman of the Finance stated that of late several new features have represented themselves and he deemed it wise for the Council to get legal advice before proceeding. He also thought it wise to have the City Engineer make a report as to whether the present system would be able to supply water for these systems. He pointed out that in Montreal several actions had been taken against the city because there was not pressure enough.

### POLICE AMBULANCE SERVICE.

Ald. Howard asked the Council, at the request of Chief Davidson, to pass a resolution authorizing the Chief to use two of the fire horses on the ambulance. The Chief wished the Council to assume the responsibility if the Brigade were called out while the ambulance was out. These horses have been used for this purpose by the Chief for many years. This resolution was passed.

### TAX BY-LAW PASSED.

Ald. McManamy read the usual by-law providing for the collection of (Continued on Page 5.)

LECTURES DURING FAIR WEEK.

Experts from Macdonald College Will Address Farmers.

ALL BRANCHES OF AGRICULTURE WILL BE DEALT WITH.

Arrangements are being completed with the authorities of Macdonald College to have a course of lectures during the Sherbrooke Fair, to be held here from September 2nd to September 9th. Mr. H. E. Channell, secretary, states that expert men in cattle, sheep and swine will be in all departments of dairying, horsemanship, and poultry. Provision will be made so that these lectures will take place each forenoon. This will give farmers and all others interested an opportunity to attend without interfering with their attendance at other sections of the fair. This feature should be of great interest to the farming community.

The directors have decided to introduce the fireworks display again at the evening performances. Sherbrooke Exhibition has always been noted for its clean, high class vaudeville given on the attraction platform. This year the same rule has been followed out and the various acts have been contracted for by the United Fairs Company of New York.

From the letters which the secretary is in receipt of from the different exhibitors in the Province of Quebec, Ontario and the United States, it is shown conclusively that all the large stock holders are arranging to come to Sherbrooke. These letters refer to the manner in which the exhibitors have been treated by the exhibition management in the past. Arrangements have been made whereby all exhibitors at the Quebec Fair can have their stock released so that they can reach Sherbrooke in time for the opening of the fair here.

The stake races are well filled, and the prospects are that the best races ever held on these grounds will be witnessed.

MADAME LOUISA COTÉ

**AN EXAMPLE TO FOLLOW**

Mrs. Louisa Coté, of l'Isle Verte, has taken St. Michel's Wine for several years and is completely cured

If everybody could understand how essential is the use of a good and well tried tonic for the maintenance as well as for the conquest of health, anemia and consumption would not every year claim thousands of victims. We are living in a period of extreme activity. We are using our strength without counting the cost: the most elementary prudence counsels us to rebuild our strength and to repair the constant losses sustained by our organism, to enrich our blood, impoverished through the extravagant system of living that we are following, from the beginning to the end of the year, whether we are at work or amusing ourselves. There are also illnesses to which we pay a more or less tribute; all persons recuperating strength after an illness should use ST. MICHEL'S WINE, the marvellous tonic which is also a powerful restorer. It stimulates the organic action of the body, it renews the energy, it tonifies the nerves and rebuilds the muscular system by rendering the food easily assimilable. The appetite is restored, as if by magic, and strength returns. From one end of the country to the other the marvellous effects of ST. MICHEL'S WINE are vouched for by persons who have been restored to health and have had their lives saved by its use.

The testimonial of Mrs. Louisa Coté, of l'Isle Verte, is taken from many thousands which we have already published.

MESSRS. BOIVIN, WILSON & CO., Montreal.

Gentlemen:—I certify by this letter that I have taken ST. MICHEL'S WINE at various times during several years and that I have found myself very much improved by its use and that I am now in perfect health since I take this wine.

Yours respectfully, LOUISA COTÉ.

All testimonials are unanimous in praising the wonderful qualities of St. Michel's Wine, which works wonders in cases of anemia, weakness, exhaustion, nervous fatigue, as well as in recovery from fevers. It is a tonic that has never disappointed the medical profession or the numerous people whom it has restored to health. If you feel weak, ill or tired, take St. Michel's Wine, and you will find strength, health and vigour.

were shipped to Boston some time ago and one or two more cars of samples were sent out to other places a car of the real product was sent out near the week end to the company's finishing mill in Montreal to be finished up. The marble is of good quality. At the present time there are 23 men employed besides the manager, Mr. Henry S. Brown and the foreman, Mr. Henry S. Brown, Jr. Three machines, known as chandeliers, and two steam drills are at work in cutting out the marble at this quarry. The success of this new enterprise is now fully assured.

**HAYING IS JUST BEGINNING.**

Highwater, July 18.—(Special)—

Haying is not as yet in a very advanced stage. Help is very scarce and wages high. Hay on an average is a fair crop. New stocked pieces of three or four years' cutting or less stood the dry weather well, while the old meadows will hardly pay the cost of harvesting. Less land and better farming with at least a four year rotation of crops is what the country needs and will have to come to, and the sooner the better.

**NEW RAILWAY "Y" AT FOSTER.**

Foster, July 18.—(Special)—

The new C. P. R. "Y" at this point is fast nearing completion. Foreman Arthur Bethazar of Adamsville is in charge of the work. The ballast is all placed and the track laid to near where it will connect with the Northern Branch tracks. The main line connection is in the "Y" itself will hold some 25 to 35 cars, and it is placed a short distance north of the depot here. This a convenience, the need of which has long been felt here and its use will greatly facilitate a good deal of work at this point. Hitherto no engines could be turned here, which at times made it very awkward in doing certain kinds of train work, or in cases of an engine being ordered onto another line, they would have to run backwards or go to Sutton Junction or elsewhere to turn. In winter when snow plows were running the need of this "Y" was much felt. A ledge near the Northeastern connection is being blasted out to complete the work on the "Y".

**CLARENCEVILLE SCHOOL BOARD**

Clarenceville, July 18.—(Special)—

At the annual meeting of the school commissioners of the school municipality of the parish of St. George de Clarenceville the commissioners present were Mr. A. T. Hunter, chairman; Messrs. J. G. M. Hawley, Howard Bush, John Glasgow and L. G. Beersworth. Mr. T. A. Hunter was again appointed chairman of the school commissioners for the ensuing year. The audit report was read and passed, and a bill of \$5.90 was allowed for auditing. The rate of 5 1/2 mills on the dollar was levied. The chairman and secretary treasurer were authorized to procure new seats and desks for the model school room. The schoolhouse in District No. 2 is to be resurfaced and painted on the outside and other repairs made.

## FOREST FIRES IN NOVA SCOTIA

HAVE BEEN RAGING IN AMHERST COUNTY FOR OVER A WEEK.

Amherst, N.S., July 18.—A terrible forest fire has been raging in the western portion of this country for the last week. The fire originated on the lumber property owned by Messrs. Cochran and A. Soley at Fox River. They claim that the fire was plainly the work of an incendiary and that fires were set in three distinct places on their property and on portions of it not visited by either hunters or fishermen. So far the fire has run through valuable timber lands for eighteen miles and has burned a swath from six to eight miles wide. From one hundred to two hundred men employed by the different lumber men in this section of the country have been fighting the fire for the past six or eight days with but little

## DON'T BE DECEIVED

Newbro's Herpicide Is The Only Original Remedy

Just because you happen to see or hear the statement somewhere that another preparation will kill the dandruff germ, stop falling hair and is just as good as Herpicide, don't be fooled and allow yourself to be swindled out of your money.

You want Newbro's Herpicide, the remedy that has been tried, has stood the test of time and now has more satisfied users than all other similar preparations combined. An attempt to sell you something else is merely another effort to profit from the good name established by the only genuine dandruff destroyer.

Herpicide kills the dandruff germ, and prevents falling hair. It stops itching of the scalp almost instantly.

It may be claimed that other hair remedies will do the same things, but Herpicide really does them. Its years of success prove this.

Send 10c in postage or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich. All druggists sell Newbro's Herpicide. Applications may be obtained at good barber shops. W. H. Griffith is special agent for Sherbrooke. One dollar size bottles are guaranteed.

"The bicycle is coming back into popular favor, we are told. It certainly should come back, and the only wonder is that the restoration has taken so long. The present generation of young men and women is missing much of the physical and mental enjoyment that the bicycle brought to those who rode it in the '80s."

There is a charm about bicycle riding that is all its own, a charm that can only be discovered by those who appreciate the beauties of the countryside that unfold with every passing mile."

## CITY NEWS.

Mrs. A. H. Bartlett and Miss I. Hutchinson left on Saturday to spend a week the guests of Miss K. Kees, Stoke, Que.

Mr. and Mrs. Thomas Vineberg and child left Sunday for Montreal and went on to Cornwall, Ont., to spend a few days.

Mr. John W. Woodside who met with quite a serious accident several weeks ago is still confined to the house in consequence.

Mrs. M. Ross and Miss Kate Ross have returned to Bishop's Crossing and are staying with Mr. John Ross, Brompton Road.

Mr. and Mrs. Walter Hope, from Berlin, N.H., and Mr. and Mrs. Crank of Bangor, Me., were among the visitors to the city yesterday.

Mr. and Mrs. M. Eichenberg have been enjoying a sojourn at Abenakis Springs. Mr. Eichenberg has returned, leaving his wife for a longer stay.

Mrs. E. L. Smith and Miss Mary Smith have returned to town from the Maine Coast. Mrs. Smith has quite recovered from the effects of her recent accident.

The King and Queen sent a silver bowl to the Rev. Percival Farrar, Rector of Sandringham, who was recently married. The Prince of Wales gift was a silver jug; that of the Princess Mary, a photograph of herself in a silver frame; while the Princess Victoria gave a silver fruit basket.

Quite a number of soldiers and friends gathered at the C.P.R. Station last night to bid bon voyage to Sgt.-Major L. Exater, who left for Halifax en route for England to represent the 2nd Sherbrooke Battery on the composite team that leaves for England to compete against the rest of the Royal Field Artillery of England. All his comrades and friends wished him lots of luck and hoped he would uphold the honor of the Sherbrooke Garrison.

A very pleasant family gathering took place Sunday evening at the home of Mr. E. J. Desruisseaux, London Street, on the occasion of his return from England, where he went with the Canadian Contingent to take part in the festivities of the Coronation of King George V. An address was read by Miss Yvonne Labadie on behalf of all present complimenting the hero of the evening on the honor of attending the Coronation and congratulating him on his safe return home. He was also presented with a handsome gift in commemoration of the memorable event. Mr. Desruisseaux replied in warm words, thanking his relatives for the delightful reception they had arranged for him; as well as for the beautiful gift. It would be a valued souvenir of the journey that he would never forget, and he fully appreciated their kindly thought for him. He then went on to give a detailed account of the voyage on the Empress of Ireland and everything of note that occurred and what he observed on that short but pleasant visit to London. Mr. Desruisseaux is a good speaker and has an excellent memory, so that his remarks were very interesting and were heard with much pleasure. Among those present were: Mr. and Mrs. Gideon Desruisseaux, Sand Hill; Mr. Geo. Bushey, Cookshire, Mr. and Mrs. Eugene Labadie, Mr. and Mrs. A. Labadie, Misses Lea and Yvonne Labadie and others.

## SURPRISE IN FARMERS BANK AFFAIRS.

Farmers in Halden County Dodge Double Liability Claim.

THEY SELL THEIR PROPERTY AND INVEST IN WESTERN LANDS.

Toronto, July 18.—A surprise has been sprung in the Farmers Bank affairs.

A cleverly conceived and well executed attempt to evade the double liability demands of the bank's curators has been made in Halden county. Over a dozen farmers are now on their way to the Northwest, having sold out their property in Ontario. Against this property was the claim of the bank for the double liability, but the parties in question were acting under skilled advice, and had no fear of the consequences. Others are said to be planning a similar move.

In few, if any, cases are the "exits" being made to United States or other foreign territory, where international laws would apply. Instead the money acquired from the sale of their eastern farms is being placed in Alberta and Saskatchewan homesteads, where the investors were advised, no proceedings of the curators could reach them.

It was stated by a legal authority that the homestead laws of the two provinces mentioned were proof against any interference on the part of any claimant, such as the bank curators. Once the money was invested, it was asserted, the investor would be safeguarded against enquiry. This feature of the prairie homestead laws, according to the legal informant, had provided certain Farmers Bank shareholders with a refuge that would be found impregnable.

The offices of the Farmers Bank, which since the bank's failure have occupied the former head office at the corner of Bay and Adelaide streets, have been removed to the office of the liquidator at 33 Scott street.

## HUNTINGVILLE.

The many friends of Mrs. E. I. Hunting, who has been in the Sherbrooke Protestant Hospital undergoing an operation, will be very glad to hear that she is gaining nicely.

A very severe electrical storm accompanied by rain and hail passed over this village Sunday. The pine tree in front of Mr. B. W. Ford's house was also struck, but only the bark was splintered. The rain was very much needed and people are glad to see their crops looking brighter again.

Arrivals and departures are: Miss Adams visiting her father, Rev. Mr. Adams; Miss Emma Aldrich to North Hatley; Mrs. C. Colby and Mrs. A. A. Nichols, of Compton, at Mrs. W. M. Ford's; Mr. and Mrs. B. M. Fuller, Mr. and Mrs. B. W. Ford to Compton on Sunday. Among those visiting at Mr. W. E. Thompson's the past week were Mrs. E. J. Wright, of Barnston Corner; Mr. and Mrs. E. Hamon, son and daughter, of Sherbrooke; Mr. Fred Hamm and Master Elmer Hamm of Norton Mills, Vt.; Mrs. H. C. McKoron, of West Stewartstown, N.H.; Mrs. J. Fletcher, of Sherbrooke; Mrs. Killen and Miss E. Killen, Mr. P. McCarthy, of Montreal; Mr. W. E. Thompson to his duties on the C.P.R., having finished his holiday; Mrs. Beaulieu and children, of Moulton Hill, at Mrs. E. Libby's last week.

Mr. W. H. Hunting is improving the appearance of his mill by having the outside repaired and also a new coat of paint is being put on.

I hereby certify the foregoing to be a true copy of By-law No. 296, passed at a regular session of the Council of the City of Sherbrooke, Quebec, on the 15th day of July, 1911, and of which remains on record in my office.

F. J. GRIFFITH, Secretary-Treasurer.

C. W. CATE, Mayor.

BY-LAW No. 296.

At a regular session of the Municipal Council of the City of Sherbrooke, held at the usual place of meeting of said Council, in said City, on the 7th day of July, in the year of our Lord One Thousand Nine Hundred and Eleven, duly convened, at which session were present: Mayor C. W. Cate, Aldermen Howard, McManamy, Simcoe, Ledoux, Jencks, Desaulniers and C. F. Olivier.

It is ordained and decreed by By-law of the Council as follows, to wit:

BY-LAW No. 296.

To provide for the current expenses of the City of Sherbrooke, and for the opening and repairing of the streets and sidewalks in said city for the current year.

Be it enacted that there be and there is hereby assessed upon rateable and real estate in the City of Sherbrooke, the sum or rate of twelve mills on the dollar as set forth in the Valuation Roll of the City of Sherbrooke and which shall become due and payable on the 15th day of August, 1911, as provided for in the said charter of the City of Sherbrooke.

That on the neglect or refusal of any person or persons liable for said assessment or rate to pay the same, the Secretary-Treasurer shall proceed to the collection thereof by suit or by notice and distress warrant, with sale of the movable real estate at the law direct.

Enacted at Sherbrooke, Que., this 17th day of July, 1911.

## KNOWLTON HOME BOY DROWNED

Went in Swimming While His Employer Was Away.

LIVED WITH DUGAL McLEOD, MARSBORO—DETAILS OF ACCIDENT NOT AT HAND.

Lake Megantic, July 18.—(Special)—News reached here last evening that a young Knowlton Home boy who lived with Mr. Dugal McLeod, Marsboro, had been drowned. During the absence of Mr. McLeod, who had gone to Megantic, the boy went to the nearby pond to bathe.

The full particulars are not yet to hand.

## REGULAR SESSION OF CITY COUNCIL.

(Continued from Page 1)

Taxes. This by-law fixed the rate for this year at 12 mills on all taxable real estate in the city.

PAVING WELLINGTON ST.

Ald. Howard read a report from the Special Committee recommending that the Council accept the specifications for the double tracking of Wellington street submitted by Messrs. Ross and Holgate, also their specifications for the base on which the rails are to be laid.

The Committee further recommended that Alds. Jencks, Simcoe, Thompson and Denault go to Westmount and examine the kinds of paving being used there.

The report was adopted.

VISIT OF STATION AGENTS' ASSOCIATION.

A letter was read from the Secretary of the Board of Trade asking the Road Department to have the streets over which the Station Agents' Association would pass Saturday made as presentable as possible. The letter was referred to the Committee in question.

VALUATION COMPLAINT.

A letter was read from Miss Short complaining that the valuation of her property was placed at too high a figure by the City Valuers. The letter was left over to be discussed together with any other complaints that may be received.

CONDITION OF DEPOT STREET.

The Sherbrooke Railway and Power Co. asked the Council to put Depot street in better shape. The Company had put their share of the street in good shape and they felt the City should fix up the rest of the street which was in a bad state at present. The matter was left with the Road Committee.

## NOTES.

The City Attorney was asked to give an opinion as to the rights of the city to force the residents or owners of the Griffith Block, near the Magog Bridge, to put in sanitary sewer service.

Owing to the fact that there was some irregularity in awarding the contract to Mr. E. Jutras for the erection of the new building at the Drop Off Power, Ald. Desaulniers moved, seconded by Ald. Ledoux that it be awarded.

Ald. Desaulniers informed the Council that the excavating at the new reservoir would be completed in two weeks.

THIRTY-FIVE TONS OF HAY DESTROYED.

Capleton, July 18.—(Special)—As mentioned yesterday the barns belonging to Mr. Allan McGee, Haskell Hill, were destroyed by fire. Mr. McGee had between thirty-five and forty tons of hay in the barn. The house nearby was saved.

RAIN AND FARM IMPLEMENTS DESTROYED.

Highwater, July 18.—(Special)—During the day of the recent thunder storm the barn belonging to Mr. Albert Boies on South Hill was struck by lightning and burned. It contained all the farm tools, wagons, sleds, sleighs and harnesses. There was no insurance.

CROPS WERE DAMAGED.

Highwater, July 18.—(Special)—On Sunday evening one of the worst storms of wind, rain and hail ever experienced cut a swath of havoc through this vicinity. Buildings were unroofed, trees uprooted and branches strewn everywhere; rail and board fences torn down and blown over, while the hail, of the size of large marbles, covered the ground. Fields of grass and grain were beaten down, corn stripped of leaves, leaving the bare stalks standing.

RECEIVED SHOCK FROM ELECTRIC BOLT.

Scotstown, July 18.—(Special)—Although the electric storm of last Sunday was not so severe in this section as it was in some places yet this locality did not altogether escape. When early reports of Sunday's storm became known by telephone it was at first thought that the Scotstown district had been free from any damages at all, but during the day it was learned that an empty house owned by Godfrey Chouinard, which was at one time occupied by Oliver Tetreault had been struck by lightning, which completely demolished the chimney and shattered the house from one end to the other, splitting the roof in two. Mrs. Elie, who was sitting on the verandah of her home about an acre from this house was knocked down and prostrated, and is still in bed from the effects of the shock.

SAWYERVILLE ESCAPED.

Sawyerville, July 18.—(Special)—Sunday's storm which did so much damage in the neighboring districts was felt very slightly in Sawyerille.

STRANGE FREAKS AT ASCOT CORNER.

Ascot Corner, July 18.—(Special)—The long wished for rain came on Sunday, and was accompanied by a severe electrical storm. It was the worst experienced in years. The lightning struck the barn of Mrs. R. T. Willard and damaged it quite seriously. It played queer pranks. There were two horses in the barn standing side by side when one was killed and the other was uninjured.

EARN AND FARM IMPLEMENTS DESTROYED.

Massawippi, July 18.—(Special)—During the heavy storm that passed over here Sunday afternoon a large new barn on the farm of Mr. Wesley Ladger, three-quarters of a mile north of this village was struck by lightning and burned to the ground in a short time. When first discovered it was all aflame inside and bursting through in several places. Mr. J. Dezan, who had leased the place for his brother, Mr. Charles and horse rake and about ten tons of hay, lost a new mowing machine of hay. Mr. C. Dezan, who occupies the place succeeded in getting out one horse which was in the barn.

A large crowd of people soon gathered and assisted in saving the house, which was some distance away. It is understood there was a fair insurance on the barn.

TREE CAUGHT ON FIRE.

Massawippi, July 18.—(Special)—About half past seven Sunday evening after the big storm of the afternoon a large tree standing near Mr. W. Stevens's house was discovered on fire by some small boys, who gave the alarm. A ladder was soon run up and a few pails of water put it out. It is not known whether it caught from a lightning bolt or from an electric spark from the Bell telephone which passed through the far branches some number of feet from the limb which was burning.

LIGHTNING STRUCK CHIMNEY.

McConnell, July 18.—(Special)—The drought was broken on Sunday afternoon by a violent electrical storm with rain and hail, some of the latter being as large as good-sized marbles. No damage, however, is reported in this vicinity, but the house of Mr. F. Dustin, about half way from here to Ayer's Cliff was struck by lightning, which knocked down the chimney. The dog was the only one in the house to receive a shock.

THIRTY-FIVE TONS OF HAY DESTROYED.

Capleton, July 18.—(Special)—As mentioned yesterday the barns belonging to Mr. Allan McGee, Haskell Hill, were destroyed by fire. Mr. McGee had between thirty-five and forty tons of hay in the barn. The house nearby was saved.

RAIN AND FARM IMPLEMENTS DESTROYED.

Highwater, July 18.—(Special)—During the day of the recent thunder storm the barn belonging to Mr. Albert Boies on South Hill was struck by lightning and burned. It contained all the farm tools, wagons, sleds, sleighs and harnesses. There was no insurance.

CROPS WERE DAMAGED.

Highwater, July 18.—(Special)—On Sunday evening one of the worst storms of wind, rain and hail ever experienced cut a swath of havoc through this vicinity. Buildings were unroofed, trees uprooted and branches strewn everywhere; rail and board fences torn down and blown over, while the hail, of the size of large marbles, covered the ground. Fields of grass and grain were beaten down, corn stripped of leaves, leaving the bare stalks standing.

RECEIVED SHOCK FROM ELECTRIC BOLT.

Scotstown, July 18.—(Special)—Although the electric storm of last Sunday was not so severe in this section as it was in some places yet this locality did not altogether escape. When early reports of Sunday's storm became known by telephone it was at first thought that the Scotstown district had been free from any damages at all, but during the day it was learned that an empty house owned by Godfrey Chouinard, which was at one time occupied by Oliver Tetreault had been struck by lightning, which completely demolished the chimney and shattered the house from one end to the other, splitting the roof in two. Mrs. Elie, who was sitting on the verandah of her home about an acre from this house was knocked down and prostrated, and is still in bed from the effects of the shock.

SAWYERVILLE ESCAPED.

Sawyerville, July 18.—(Special)—Sunday's storm which did so much damage in the neighboring districts was felt very slightly in Sawyerille.

STRANGE FREAKS AT ASCOT CORNER.

Ascot Corner, July 18.—(Special)—The long wished for rain came on Sunday, and was accompanied by a severe electrical storm. It was the worst experienced in years. The lightning struck the barn of Mrs. R. T. Willard and damaged it quite seriously. It played queer pranks. There were two horses in the barn standing side by side when one was killed and the other was uninjured.

## CAUSE OF RISE IN BUTTER PRICES.

STORY GOING ROUNDS RELATIVE TO LAST MEETING OF COWANSVILLE BOARD.

A Montreal paper publishes the following:

"An amusing incident which is credited with having happened upon the Cowansville Cheese Board at the sale of butter last Saturday, is going the rounds of the local market and is credited to a certain local man as the one 'stung'."

"It appears that a certain local dealer during last week sold 'short' on butter, and with the intention of buying in order to 'cover' attended the Cowansville butter sale. But one who was wise spread the news that some one would try to 'corner' the market with the result that after the bidding was done and the smoke had cleared away butter had risen to almost 24c."

"No one will say that the man who thought he must get the butter got it but, certain local dealers, who have standing contracts to take all the butter made by many farmers near Cowansville, who are not members of the Board, at the prevailing board prices, realize that there will be a difference to the extent of several thousand dollars in the amount of advance prices paid during the next two weeks for their butter supplies."

## SPORTING NEWS

### NEWPORT VS SHERBROOKE.

SHERBROOKE WILL LINE UP AGAINST AMERICANS ON SATURDAY.

Sherbrooke will meet the fast Newport Baseball team on Saturday for the second time this season. The Newport boys carried off the first victory but the locals are figuring on landing the second game. The management have three new men in view all of whom are star players and heavy swatters.

The game will start at 3.30 sharp.

**GRANBY 6; DELORMIER 3.**

LACROIX HAD BETTER OF THE ARGUMENT WITH CREVIER.

Granby, July 18. (Special)—The local ball tossers chalked up another victory here on Saturday by defeating the fast Delormier nine of the Montreal Pro League. The game was one of the best this season. Sharp hitting by both teams featured, Lacroix excelling in this line, pulling down a hot liner and robbing Cabana of what looked like a sure hit. Crevier pitched a fine game and received gilt-edged support. Cabana made a great catch in left

field that brought the glad hand from the large turn-out of spectators. Lacroix pitched a fine game, allowing only three hits. Crevier allowed six hits. The Granby line-up was somewhat changed, Smith replacing Page. Kramer covering third. Leblanc was moved over to short. The new men played good ball and will show class before the season is finished. Miller's wing was again in evidence, nabbing two men at second. Goyette, the newly elected captain, played a good game. Vittie was there with another double play. The star is covering second in great style. Paul Page umpired to the satisfaction of all.

The line-up:  
Granby: Lacroix p. Delormier c. Miller c. Crevier c. Goyette 1b. Contant 2b. Vittie 2b. Verdon 3b. Kramer 3b. Berube Leblanc s.s. Labelle Cabana s.s. Carel Basinet l.f. Pelletier Smith c.f. Harel Score: R H E  
Granby 20002020x-6 6 3  
Delormier 02000010-3 3 5

Summary—Two-base hits, Granby 2; Delormier 2; Three-base hits, Granby 2; Base on balls, Lacroix, 2; Crevier, 4; Struck out, by Lacroix, 12; by Crevier, 4; Time, 1:55; Attendance, 655; Umpire, Page. Next Saturday Athletics of Montreal City League play here.

### FRONTIERS WON.

Rock Island, July 18. (Special)—Lovers of baseball saw a good game here last Saturday between Frontiers and Orleans. Carter, the new pitcher, did some good work. Orleans getting but four hits, while Frontiers got six. Mr. Carter is to act as coach during the remainder of the season. Batters, Frontiers, Carter and Seguin; Orleans, Bassett and Bassett. Umpire, Bishop. Score, 4-0 favor Frontiers.

### NO GAMES IN EASTERN LEAGUE.

Rain caused all games in the Eastern League to be cancelled yesterday.

American League: Detroit 3; Boston 2.

Washington 3; Chicago 0.

Cleveland 2; New York 1.

Philadelphia 3; St. Louis 6.

National League: Chicago 5; Boston 1.

Chicago 7; Boston 6.

### SPORTING NOTES.

The Brome Lake Boating Club will hold its 6th annual regatta on August 5th.

St. Patrick's and Weedon baseball teams met at Garthby on the 16th. In the sixth inning rain interfered, and the game was called. The score being 7-4 in favor of Weedon.

The Cubs will hold a practice on the Parade Ground at 6 this evening.

The Y.M.C.A. Football team will practice at the Parade Ground tomorrow at 6.30. A meeting will be held at the Y.M.C.A. after the practice. All members are requested to be present at the meeting as important business will be discussed.

## FINANCIAL AND MARKET NEWS.

### COUNTRY PRODUCE.

#### EGG MARKET STEADY.

Montreal, July 18.—The tone of the egg market remains steady, but how much longer it will continue so is a question owing to the fact that packers in some cases have ceased putting them away for winter requirements, consequently stocks are increasing on spot as the present demand is not sufficient to absorb the daily receipts. Sales of straight gathered stock were made at 17½c to 18c per dozen in round lots, and 20c in a jobbing way, while selected stock in round lots quoted at 21½c, and in single cases at 23c per dozen.

#### ACTIVE POTATO TRADE.

Montreal, July 18.—There continues to be a good steady demand for old crop potatoes, and the market is moderately active with a firm undertone. Sales of Green Mountain in a jobbing way were made at \$1.65 to \$1.75, and other grades at \$1.40 to \$1.50 per bag.

#### HONEY MARKET STEADY.

Montreal, July 18.—The tone of the market for honey remains steady but the volume of business passing is small. We quote: Clover, white honey 11c to 13c; dark grades 8c to 10c; white extracted 7c to 8c; buckwheat 6c to 7c.

#### FAIR BEAN TRADE.

Montreal, July 18.—A fair jobbing trade continues to be done in beans, and as supplies are not large prices rule firm. In a jobbing way three-pound pickers are selling at \$1.90 to \$1.95, and in car lots at \$1.80 to \$1.85 per bushel.

#### MAPLE PRODUCTS QUIET.

Montreal, July 18.—There is no change in the condition of the market for maple product, business being quiet and prices steady. We quote: Maple syrup in wood at 7c to 7½c per lb., with syrup in tins 70c to 75c as to size, and maple sugar at 8½c to 9½c per lb., as to quality.

### DAIRY PRODUCE.

#### CHEESE MARKET STRONG.

Montreal, July 18.—Receipts of cheese were 22,112 boxes, making total receipts for the week 83,995 boxes as against 102,476 boxes for the corresponding week of last year. Total receipts since May 1, 639,202 boxes as against 677,308 boxes for the corresponding period of last year. The local market is strong in tone, owing to the higher range of prices in the country, and finest western is quoted at 11½c to 11½c, and eastern at 11½c to 11½c.

#### BUTTER PRICES ADVANCE.

Montreal, July 18.—Receipts of butter were 2,438 packages, making total receipts for the week 18,112 boxes as against 20,874 boxes for the corresponding week of last year. Total receipts since May 1, 203,696 packages as against 187,803 packages for the corresponding period of last year. Prices in the country had a sharp advance to-day, which is likely to be reflected on the local market.

### PROVISION MARKET.

#### PRICES WELL MAINTAINED.

Montreal, July 18.—There were no new developments in the market, prices for all lines being well maintained. The demand for hams and bacon was quiet owing to the fact that in most cases buyers proceeded for their wants easier in the week, but if the present warm weather continues packers expect renewed activity. Abattoirs fresh-killed dressed hogs are selling in a jobbing way at \$10.25 to \$10.50 per 100 lbs.

### MONTREAL LIVE STOCK MARKET

#### TRADE MORE ACTIVE AND PRICES ADVANCE.

Montreal, July 18.—Yesterday's cattle market at the West End Stock yards was more active and the prices on an average of 25 cents higher. Last week's receipts were 3,060 cattle, 1,275 sheep and lambs, 1,250 hogs and 450 calves. Today's receipts estimated at 800 cattle, 550 sheep and lambs, 880 hogs and 250 calves.

Cooler weather and better demand from retailers and consumers caused a better demand for cattle yesterday, but as the run is not large the prices advanced to \$6.25 for choice steers, medium \$5.50 to \$6.; and fair \$5 to \$5.40; grass bulls, \$3 to \$5; cows best, \$4.40 to \$4.50; good, \$4 to \$4.30; poor to medium, \$3 to \$3.50. Old sheep \$4 to \$4.50; yearlings and lambs are scarce. Yearlings \$4.50 to \$5; lambs, \$4 to \$6.

Hogs are scarce. Farmers who have previously been holding back their hogs on account of the declining prices are now sending them forward, but these hogs have become so fat and heavy in the meantime that they are most classed as heavy, and are only bringing the 'heavy' prices instead of 'select' prices. Selects yesterday sold at \$7.50 cwt., off cars. Heavy, long run, \$7; short run, \$6.50 cwt., off cars; sows \$5 to \$5.25. Cakes \$2 to \$10 each.

#### BRITISH LIVE STOCK.

Liverpool, July 18.—John Rogers & Co. cabled that owing to a spell of excessively hot weather the demand for beef throughout the country has been very light, and as a result Birkenhead prices showed a reduction of from ½c to ¾c per pound, and quotations are from 12c to 12½c per pound for both States and Canadian steers.

### BUTTER SHIPPED TO BOSTON CO.

SAWYERVILLE MAN GETS THREE CENTS A POUND OVER LOCAL PRICES.

Sawyerville, July 18.—(Special)—Mr. Archie Bowen is shipping 3,000 pounds of butter weekly to the Boston Ice Cream Company, Boston. His

### E. I. LIVE STOCK

#### LIVE STOCK SHIPMENT FROM SUTTON.

Sutton, July 18.—(Special)—The live stock shipment from Sutton to Montreal, made on Monday night by Messrs. Curley and Moffatt consisted of 100 hogs at 5c for sows to 6½c for selects; 16 calves at from \$3 to \$10; 9 cattle going at from \$20 to \$30, including two or three springers at from \$35 to \$40.

### NEW YORK MARKET.

(Supplied by F. B. McCurdy & Co.)

American stocks in London steady, mostly unchanged to ½p. George Westinghouse is seeking proxies for annual meeting of the Westinghouse Electric Mfg. Co. The present management is criticized and claim that assenting stockholders are entitled to dividends. The Qbgway awards may be settled at a special meeting to-day. The Government files suit in Philadelphia to compel dissolution of the Reading Company from Reading Coal Co. Morgan and Roosevelt are likely to testify in Steel Company's investigation hearing in New York next week. The technical conditions remain sound and steel trade shows continued improvement.

### MONTREAL MARKET.

The trading was active and included the universal list more than has been experienced in a long while. Montreal Street Ry. advanced to 228½ before noon. Detroit was exceptionally strong on heavy dealings around 74. The Can. Pac. Ry. made still another new high record on London strength, touching 245. Twin City, which has so long been neglected, spurred to 109, and was still higher in New York at 109½. (Continued) favorable weather for crops caused further semi-panic in the corn and oats market, and a better feeling as to future prices of stocks in general.
