STORM SWEEPS OVER SHERBROOKE DISTRICT

State Funeral For The Victims Of Italian Submarine Disaster

Downpour Here Was Cause Of Some Damage

Telephone Service Suffers—Temporary Floods in Streets—Severe on Crops in Surrounding Country—Haying Situation Becoming Serious—Downpour Very Heavy for a Time.

Considerable damage was caused in the city and surroundings by the storm which struck this vicinity last evening. Telephone service disconnected, street car service disrupted, damage to the crops and several wash outs were the toll taken by what was perhaps the heaviest rain storm this season. Peals of thunder and flashes of lightning accompanied the storm which began in earnest about six o'clock. The first miniature cloudburst lasted till about seven o'clock while it rained intermittently throughout the evening.

Reports from the Experimental Farm this morning, state that the storm was not as serious as it appeared. A large amount of rain fell, fully three quarters of an inch. The farmers today find themselves in a rather serious position as a result of the continued rain as haying is only about half over. Any hay still standing was flattened out and the cutting of this will prove difficult. All the hay cut but not in the barns is sodden by the rain and the farmers are awaiting the sun to dry their crop. Owing to the great amount of rain and moisture already this season the crops are further behind than has been the case in former years.

Damage to Telephone Lines. The telephone company was hit very hard by the storm and a great amount of damage was reported. A man hole on the corner of Windsor and King streets was flooded and a cable dislocated. This displacement severed hundreds of lines of order, while nine hundred and fifty telephones were cut off. Between one hundred and fifty and two hundred lines in Sherbrooke were disconnected. East Sherbrooke was the worst sufferer on this account. The service between here and Lennoxville suffered on account of the broken cable but the damage was expected to be repaired by half past ten this morning.

Damage to Electric Property Slight. The City Electrical department report that the damage done to city property was slight. Lines were down on several streets of the city but were quickly repaired, citizens being without light only a short time. On Bowen avenue there were five lines broken while three lines were reported down on the Brompton Road. Apart from these no damages are reported.

Street Car Service Interrupted. Street car service to the different parts of the city and to Lennoxville was held up when the storm was at its height. Apart from this but little trouble was experienced and by six thirty all cars were running as usual.

OLD COUNTRY SETTLERS IN TOWNSHIPS

Some Thirty Families Have Been Placed—Generally Speaking, Are Doing Well.

The Record is advised that approximately thirty families have been placed in this district by the Soldiers' Settlement this summer. These are old country families who have taken up government owned farms here. These and those placed previously, the Record is informed, are on the whole getting along well. There have been some cases where they could not make a go of it, but on the whole they are getting along. There have been a number of cases where the coming of these families have revived the elementary schools and resulted in a benefit to the community in this regard. The farms available are now practically all taken up, though there are a number of changes being made.

PREMIER KING IN CONSTITUENCY, PRINCE ALBERT

Spends Day With His Electors, Who Are a Cosmopolitan Lot—Officiates at Park Dedication.

(Canadian Press Despatch)

SHELL ROCK, Sask., Aug. 9.—Premier Mackenzie King's first day in his constituency, yesterday, was a busy one. He spoke at a luncheon given in his honor in the city of Prince Albert, motored seventy miles to address a large open air gathering of his constituents at Blaine Lake, returned by motor to Shell Rock where he was the guest of honor and speaker at a garden party and finally wound up at Prince Albert late in the evening. Incidentally, he made a brief appearance at a baseball game at the little town of Parkside. The game was called and Mr. King mounted a convenient bench and spoke for a few minutes.

The Prime Minister's audience at Blaine Lake was a cosmopolitan one. Rumanians, Athenians, Czechs-Slovaks and Poles were gathered with those from the British Isles and Canada to hear him speak. From some of the Deukobor constituents, of whom there are twelve hundred, he received a book entitled "Christ and War."

And speaking to his audience, the Premier talked of peace. He told of his efforts in the direction of conciliation when he was associated with the department of labor many years ago. Out of this spirit had grown his interest in the League of Nations, which he will shortly address as one of Canada's representatives.

Mr. King's visit to his constituency thus far has been in the nature of a "get-together" with his own constituents. He is seizing this opportunity to thank them for the support which they have given him. Today he will go to Rosthern, there to lay the cornerstone of a new post office building. The next day the Premier will perform one of the important acts of his visit here. He will officiate at the opening of the new Prince Albert Park.

\$8,000,000 TOURIST MONEY IN ONTARIO

BUFFALO, Aug. 9.—United States tourists spent \$8,000,000 in the Province of Ontario last year, Dr. J. D. Monteith, Provincial Treasurer told the 5,000 farmers at their annual picnic at Crystal Beach yesterday.

THIRTY HURT WHEN BUS IS OVERTURNED

LA GRANGE, Ind., Aug. 9.—Thirty persons were injured last night, five seriously, when a greyhound bus, travelling from Chicago to Cleveland went off the pavement six miles west of here and turned over.

CHILD DIED OF NEGLECT. TUREO, August 9.—The following verdict was returned by a coroner's jury empanelled to inquire into the death of the fifteen month old baby found on Tuesday night in a small apartment occupied by Mr. and Mrs. Edward Biott: "The child came to its death from malnutrition on or about the 13th day of May, 1928, and had been concealed since in the home of its parents under conditions which should have further investigation by the attorney-general's department." Both Mr. and Mrs. Biott are being held by the police. The mother, who could not be located Tuesday night, gave herself up to the authorities.

ITALY WILL PAY TRIBUTE TO VICTIMS

Last Messages Tell of Death of Men of Submarine Disaster—Moving Scenes When Victims Are Removed.

POLA, Italy, August 9.—The last message sent by the telegraph operator aboard the submarine F-14 which was interrupted by death, was: "We are all gathered at the prow, gas is advancing inexorably. We are dying. Long live."

The bodies of the twenty-seven victims of the disaster lie today in the largest room in the naval hospital which has been transformed into a chapel to Ardente and decorated with floral tributes not only from Pola, but from the entire Italian Peninsula.

Moving scenes occurred in the chapel when relatives of the victims insisted on giving a last tender embrace to the dead. Officials and other prominent persons were arriving today to participate in the funeral tomorrow. This will be held at the expense of the state and will assume the character of a solemn homage to the navy. The victims will be buried according to the desire of their families, either at Pola, or whatever part of Italy is indicated.

DOLLAR LINE FREIGHTER IN TROUBLE

LONDON, August 9.—A Lloyd's report from Yokohama today said the Dollar Line freighter, Stanley Dollar, with its boilers defective, was proceeding in tow of the Stuart Dollar.

The Japanese S.S. Paris Maru picked up a message Tuesday stating the Stanley Dollar, enroute to Shanghai from Seattle, had been disabled by a boiler explosion. The Stuart Dollar was bound from Victoria, B. C., to Darin, Manchuria, and Tsing Tao, China.

PROHIBITION ISSUE SEEN IN MISSOURI

Figures Prominently in Contest for Republican Senatorial Nomination.

ST. LOUIS, Aug. 9.—The prohibition issue ushered in a heated race for the Republican United States senatorial nomination to the forefront after most of the major contests in the Missouri primary election Tuesday had been settled late yesterday by decisive votes.

Roscoe C. Patterson of Springfield, United States district attorney at Kansas City, and Nathan Frank of St. Louis, a former congressman, jockeyed for first place but after forgoing to the front from third place, Frank relinquished the lead.

A tide of St. Louis wet votes that swept Frank to the top of the field of six, ebbed after a few hours and with the St. Louis vote virtually complete, and approximately a thousand of the 4,140 precincts to be tabulated, Patterson's lead was swelled hourly mainly by rural districts in some of which his early lead was gained.

HEAVY TRAVEL IS REPORTED ON NIAGARA BRIDGE

(Canadian Press Despatch) NIAGARA FALLS, Ont., Aug. 9.—Figures compiled by customs authorities here show that 2,000,000 people crossed the three bridges here during July. They were made up as follows: Incoming 1,015,178; Outgoing 1,054,275. Incoming automobiles numbered 219,538 and outgoing 223,213.

ECUADOR AND EGYPT WILL HELP. (Associated Press Despatch) GENEVA, Aug. 9.—Ecuador and Egypt have announced their adherence to the International Relief Union, formed to help nations stricken by disaster.

LADY HEATH TO VISIT CANADA

Lady Heath, the British Empire's premier airwoman, who flew a Moth plane to South Africa and back, has expressed a desire to fly across Canada, and may visit the Dominion in the late summer. The photograph shows Lady Heath (nearest plane) with her husband, Sir James Heath, at Crofton, where they were hosts at a flying tea. The guests were taken for flights in Lady Heath's plane.

WILL QUEBEC GOVERNMENT TAKE ACTION?

Rumored Injunction Proceedings Being Prepared to Stop Work at Westbury.

Rumors persist that the Quebec Government will shortly take counter-injunction proceedings in the matter of the Westbury dispute.

This would, it is said, be in the form of an action to stop development proceedings on property of which the government claims to be owner. It is known that action in this regard has been considered at Quebec. According to reports this provincial action was delayed on request of certain parties who believed the local injunction proceedings would be withdrawn and the lease with the government executed.

There is, however, no apparent movement locally for settlement in this regard. In the meantime, the City Commission is proceeding with its development work at Westbury. Just how long matters will continue in this state is a question that time will have to answer.

FORKE SPEAKS OF COMING OF HARVESTERS

Those Who Cannot Find Places After Crops Are Gathered Will Be Returned.

WINNIPEG, Man., Aug. 9.—No trouble should be experienced in returning British harvesters at the end of the harvest season should they wish to go back, and the Department of Immigration will keep close tabs on them to see all who might become charges on the community, said Hon. Robert Forke, Minister of Immigration, when interviewed here last night.

How many might become permanent residents of the Dominion after the harvest season the Minister would not estimate. Too many unknown factors enter the situation. A great deal will depend on the harvest weather and the amount of money the men are liable to earn, he said. It would be reasonable to expect, he said, that from ten to twenty per cent. of the 10,000 would turn out unsuited to harvest and farm work. "There is no doubt that some will stay," he said.

MILK BOTTLE FIGURES IN A FATAL MISHAP

MEADVILLE, Pa., Aug. 9.—Mrs. Alfred Jennis, knocked down by an auto while carrying a bottle of milk, was killed when the bottle broke and fragments of glass cut a deep gash in her neck.

WILL CONTINUE SEARCH IN THE POLAR REGIONS

Further Efforts to Locate Amundsen and Lost Members of Italia's Crew.

(Associated Press Despatch) ROME, Aug. 9.—The Stefani News Agency announced that the City of Milano, base ship of the lost dirigible Italia, had arrived at King's Bay, Spitzbergen, on its return trip from Norway and will commence at once the re-assembling the Italian seaplane M-18. With this seaplane the search for the missing members of the Italia's crew and Roald Amundsen will be begun anew.

GOVERNOR OF SOUTH RHODESIA

LONDON, Aug. 9.—Sir Cecil Harcourt Rodwell, formerly governor and commander in chief of British Guiana, has been appointed governor of South Rhodesia, Africa.

GLOUCESTER GREETSS GLOUCESTER

shows the royal procession driving to the historic Guildhall of the ancient city where the Duke was greeted by the Lord Mayor shown on the left. Mr. D. J. Sallis expressed a welcome to the guests and visitors generally. He warned the distinguished visitors that while they were usually paid to speak in this case they would be lucky if they could get off without paying to do so. He was proud of the Wales Home and what had been accomplished by it, and was pleased that last year's net deficit of \$400 after the gross deficit had been reduced by the profit of the farm, had been wiped out.

ANNUAL PICNIC AT WALES HOME ATTENDED BY MANY PEOPLE FROM ALL SECTIONS OF THE TOWNSHIPS

Hon. Jacob Nicol, Provincial Treasurer, Hon. Walter Mitchell and Several Other Prominent Men Present and Deliver Addresses—Mr. E. G. Pierce, President, Asks Further Support of People from Public Charities Act, and Says Present Contribution from Government is Inadequate—Extension of Home and Betterment of Grounds Expected in Near Future.

(Special to the Record)

RICHMOND, Aug. 9.—Several hundred people from all parts of the Eastern Townships and from Montreal gathered at the Wales Home near Richmond yesterday afternoon, to visit the forty-eight old people who are the occupants of the home and to attend the annual picnic and field day, which proved to be one of the most successful of these days held since they were first inaugurated several years ago. With Hon. Jacob Nicol, K.C., Provincial Treasurer of Quebec, Hon. Walter G. Mitchell, K.C., of Montreal, former Provincial Treasurer, and other distinguished guests presents and delivering addresses, politician and financier mixed with farmer and townsmen, and all were gathered together for the common purpose of honoring the old people and giving them an entertainment which would be remembered by them as one of the bright spots of the year.

Though a pouring rain came during the programme, it had been fine at the commencement and the function was not intertered with, as it took place in the living room and continued despite the storm. There was a large crowd present from all parts of the surrounding territory, including Stanstead and Bedford. The home looked unusually well, with its lawns, flowers and shrubbery in splendid shape, and the site, with its sweeping view of the St. Francis River, second to none. The dairy barns were a source of considerable interest, as the Holstein herd belonging to the home is well known throughout the territory as a successful and profitable one, and as the condition in which it and the farm itself are kept is a model to farmers.

Among those present were Hon. Mr. Nicol, Hon. Mr. Mitchell, Mr. E. G. Pierce, president of the home; Mr. C. B. Howard, M.P., and Mr. D. J. Sallis, of Sherbrooke; Mr. John McMoran, first vice-president, Dr. C. E. Manning secretary, Mr. H. E. Bieber, treasurer, Mr. M. T. McKee, chairman of the finance committee, and Rev. Gorley Brown, of Richmond, Mr. J. A. Bothwell, first vice-president, of East Angus, Rev. Johnson Seller, of Montreal, formerly of Richmond, and many others. Letters of regret had been received from Senator G. G. Foster, K.C., Mr. A. J. Brown, K.C., honorary president, Mayor Tremblay, of Sherbrooke, and Mr. J. Hill of Montpelier, Vt., while regret at inability to be present had already been expressed by Senator Pope, who had been one of the specially invited guests.

The president of the home, Mr. E. G. Pierce, presided over the programme, and after Turcott's Orchestra from North Hatley had played selections for about half an hour, order was called, and an opening hymn was sung. Rev. Mr. Seller offered prayer. In his remarks, Mr. Pierce declared his belief that a more efficient and better matron than Miss Shaw could not be secured for a home anywhere in the world, and no better staff of assistants could be desired. It was hoped by the executive that the grounds would be beautified by additional trees and shrubs before long. The president foresaw the necessity of enlarging the home so as to take in at least twenty-five more old folks in the near future, though it was essential that an adequate endowment be obtained before money for extension was canvassed. Praise was given the Richmond and Melbourn Auxiliaries to the home which were always at work on behalf of the institution. Appreciation was voiced of the granting of the sum of \$2,000 last year by the Provincial Government towards the building of the new barn.

The Charities Act. Mr. D. J. Sallis expressed a welcome to the guests and visitors generally. He warned the distinguished visitors that while they were usually paid to speak in this case they would be lucky if they could get off without paying to do so. He was proud of the Wales Home and what had been accomplished by it, and was pleased that last year's net deficit of \$400 after the gross deficit had been reduced by the profit of the farm, had been wiped out.

FLORIDA STORM HAS PASSED ON INTO THE GULF

(Associated Press Despatch) JACKSONVILLE, Fla., Aug. 9.—Passage into the Gulf of Mexico of the tropical hurricane which ravaged part of the Florida east coast and tore across central Florida from east to west, was announced today by officials of the Western Union Telegraph Company, after checking with their officers in the affected areas. The hurricane passed into the Gulf of Mexico last night about fifty miles north of Tampa. Western Union officials, who said they had been able to get one wire working into Tampa this morning, charted the path of the storm from Central Florida until it passed into the gulf from reports obtained along the line. After cutting a swath almost due west from Vero Beach and Fort Pierce, on the east coast of Interhaven and Haines City in the rich citrus belt, the hurricane abruptly turned northwest after it had reached the outskirts of Tampa. The storm apparently was blowing itself out as it quit the peninsula, leaving diminishing damage in its wake. by subscription from numerous friends. In introducing Hon. Jacob Nicol as the chief speaker of the day, Mr. Pierce remarked that while the Public Charities Act of the province evidently figured the cost of an indigent person in such a home as this as being 45 cents a day, with the Government, the municipality and the home itself paying one-third each, the actual cost per inmate had proved last year to be 97 cents. Thus while the Government and municipality each had paid 15 cents, the home's share had been 67 cents per day, which, he felt, was an unfair proposition. He hoped Mr. Nicol would look into the matter and believed he would be the first to help if he could. Mr. Nicol explained Hon. Mr. Nicol at once turned to the matter of care of the old people. The Dominion Government had introduced the old age pensions measure, but only one provincial (Continued on page 7)

FOOD MINERALS (Part I).
Mineral elements have been neglected by the older school of dietitians, but recent investigations have proven that though only used in small quantities, mineral elements are essential to life itself. Thinking that it might be interesting to my readers, I have decided to give a list of these elements and their uses, together with the foods which contain the largest amounts of each. Some of these minerals, as they are found in the chemical shop, are exceedingly poisonous, but after they have been absorbed and made use of by plants, some changes take place in their structure and they become useful elements. While every natural, unrefined food contains all of these elements in some proportion, it is convenient for dietetic purposes to group those together which are richest in special elements. It would be well to clip out this and the following article for reference.

Phosphorus is a stimulator of growth and activity. This tendency must be curbed by the presence of sulphur and alkaline elements or there will be a tendency to tumors, irritability, and some skin eruptions. Some phosphorus is essential to the thinking processes. This does not mean that you can eat phosphorus and develop an enormous brain any more than eating meat will develop enormous muscles. Only the actual work of thinking can make the brain use phosphorus. The foods which are richest in phosphorus are kale, bran, liver, truffles, radishes, pumpkin, pike, cucumbers, cheese, Swiss chard, lettuce and egg yolk.

Sulphur is an intestinal antiseptic, and it gives the skin and hair a luxuriant pliability. It acts as a brake or damper to the oxidation of phosphorus in the body and in this way preserves the nervous vitality. The absence of sulphur leads to irritability, nervousness, insanity, tumors, and some skin disorders. The foods which are richest in sulphur are watercress, kale, Brussels sprouts, horse-radish, spinach, raspberries, string beans, cabbage, and turnips.

Silicon is used in the formation of the muscles, blood, nerves, skin, hair and nails. It forms a sort of tissue framework, and a lack of it causes falling hair, brittle nails, softened teeth, and possibly diabetes. Since silicon is found mostly in the skin of fruits and the bran of cereals, one may deprive one's self of this valuable element by discarding these parts. Silicon is found in asparagus, cucumbers, lettuce, bran, dandelion, parsnips, fruit skins, strawberries, and beets.

Chlorine increases the body's resistance to tissue parasites and is

gas? Will the same diet correct constipation?"

Answer—If you really have an ulcer of the stomach, milk is the only food you should be using until all signs of the ulcer disappear. Then your diet should consist of well balanced combinations such as I recommend in my weekly health menus. The same kind of foods properly used will correct constipation.

Question—Ernest asks: "Will you tell me the cause of a cracking when I move my head and neck, and how to cure it?"

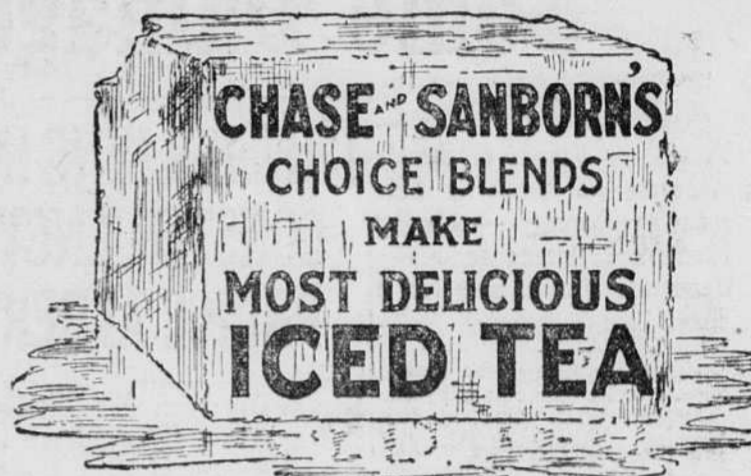

Answer—The cracking noise is caused by ligaments slipping back into their proper places. This is because the ligaments are either too short or too long. They become short because of the contraction of muscles, and too long because of straining, such as holding the head in a faulty position. Persistent exercise of the neck muscles will correct the trouble.

Owing to the uncertain and unsatisfactory condition in which the

cemetery stands, as regards ownership and care, it seems to be desirable to have a gathering of all those who are interested to decide what shall be done, in the first place to appoint someone to interview the parties who now hold the title and have it restored, and then to consider the advisability and proper course to be taken to get it incorporated. It has been suggested that a meeting be called for the afternoon of August 18th to consider the matter.

10 1/2 MILLION

The largest total tire production in Canada

10 1/2 million automobile tires have gone from the Goodyear factories in Canada into the service of the motorists of the world.

By far the largest production of any company in the history of the tire business in Canada.

A result! A means! A responsibility! The result of year after year success in giving ever-increasing value in mileage, comfort, safety.

The means of giving greater value, because increased volume has made possible lower prices and tire improvements—in short, record low-cost-per-mile.

A responsibility for all time, to deserve such patronage—to deserve the confidence which motorists have placed in the name Goodyear—to continue to give the value which made 10 1/2 million Canadian-built Goodyear Tires a possibility.

The second 10,000,000 Canadian Goodyear Tires are being made. Into them is going Goodyear's greater experience, skill and knowledge. From them motorists will receive greater service than ever before. They are sold by Goodyear Selected Dealers everywhere.

All Goodyear Tires are built of SUPER-TWIST Cords—61% more stretch and life than old-style cords

PARTY OF BOYS PASS THROUGH HERE.

An interesting party of boys, whose ages ranged from twelve to seventeen years, passed through Sherbrooke yesterday and spent a time at the C.N.R. Station. The young lads who were from Camp Kohut, Oxford, Maine, were on their way to Groveton, N. H., and then to Lost River, N. H., which they said was a great favorite visiting place for tourists, and where all kinds of caverns and caves awaited exploring.

The party came here from Coaticook, where they had spent the previous night in the Coaticook Armory, and while in Sherbrooke made their headquarters at the Exhibition Grounds.

The leaders of the party were Fred Mitchell, who was an Olympic boxer in 1920 and Middleweight champion of the Atlantic Fleet, and Don Romeo, a senior of Brown University. The other members of the party, all from New York City, were Howard Stamper, Robert Herkog, Joseph Sugarman, Roland Mindlin, Maxwell Low, Leo David, Oliver Hunger, Howard Koch, and Gerald Wiseman.

AUTO STRUCK HYDRANT.

While the storm was at its worst about six o'clock, last evening, a car driven by Mr. J. A. MacFarlane, of Barre, Vt., came to grief on Belvidere street opposite the Sherbrooke Pure Milk Company when in trying to avoid another car which was coming along Belvidere street it struck a hydrant with such force that it broke the hydrant down.

Mr. MacFarlane had come up Frontenac street and intended going down Belvidere street towards Kings street. As he rounded the corner he noticed the oncoming car but he was unable to stop because of the slippery condition of the streets and the heavy rain he failed to make the turn.

WILL TELL OF IMMIGRATION IN TOWNSHIPS

Local Association Officers Will Go to Quebec Next Week.

Mr. B. N. Robinson, of Coaticook, president, and Mr. W. M. Hillhouse, secretary, of the E. T. Immigration Society, will go to Quebec on the 15th of August to meet Lord Lovat, immigration to the Townships.

His Lordship is to make a tour of Canada and is particularly interested in the three thousand family scheme of settlement. He will spend some time at Quebec conferring with the provincial authorities and Hon. Mr. Perreault has sent for the E. T. Immigration officials to explain the situation in the Townships.

LOCAL YOUTH ARRESTED ON THEFT CHARGE

Police Show Quick Action in Dealing With Case—Matter Reported at 2.30, Arrest Made at 3, and Within Short Time Accused Had Pleaded Guilty—Sentence Tomorrow.

The prompt and efficient manner in which the Sherbrooke police department handle their cases is again shown in connection with Henri Pettit and Alf. Malenfant, two youths of this city.

At two-thirty o'clock yesterday afternoon Louis Pettit, also of this city, reported to the police that he had been robbed of some seventeen dollars in one of the local taverns on Tuesday night last, and that the theft had been committed by Henri Pettit.

The police immediately set out to find Henri Pettit and at three o'clock, half an hour after the matter had been reported, he was placed under arrest. He was then taken before Judge Lemay in the Magistrate's Court, pleaded guilty to the charge, and will appear tomorrow for sentence.

Malenfant was arrested as an accomplice in the theft, and also appeared before the District Magistrate yesterday. Like Pettit, he also pleaded guilty, and will appear tomorrow for sentence.

Both youths are said by the police to have served terms in the Reform School.

was knocked down by the car. Dr. Winder rendered first aid and brought the injured lady to the Sherbrooke Hospital. Several stitches were made and her condition this morning is reported as very good.

Yesterday noon, Lee Fork Yen, a Chinaman employed in the Grand Cafe, was painfully injured when he slipped and his arm went into a dish of boiling water. First aid was rendered to the injured man before he was brought to Dr. Hamet's. The doctor ordered his removal to the hospital where he spent a very good night.

VACATION BIBLE SCHOOL

Last night a meeting of the promotion committee of the Vacation Bible School was held at the Y.M.C.A. to wind up the affairs of the school for the season. In a financial statement presented, an income of \$123.88 was shown, with an expenditure of \$125.50 and unpaid bills to the amount of \$30.00 to be met, but a number of subscribers have yet to be heard from. It is fully expected that a small balance will be carried forward. Some of the work done at the school, which is to be forwarded to Asbestos, was on view, and the secretary reported that from the school donations of fruit had been sent to children at the Sacred Heart Hospital. This closes what in many respects has been the best of the school sessions yet held, and the thanks of the committee are extended to the staff, their helpers, and to Mr. and Mrs. Bentley, who did their utmost to make the school the success it was.

GIRARD CASE AGAIN CONTINUED

The case of J. A. Girard, former secretary-treasurer of the Town of East Angus, charged with responsibility for the shortage of \$14,000 in the books of the town while he held that position, again came before Magistrate J. H. Lemay yesterday, and was again continued. Several other cases were also postponed.

Judge Lemay had a busy session yesterday, and spent most of the morning and part of the afternoon with an inquiry into the case of Frank Elias, of Asbestos, who is accused of selling a beverage liquid made from an extract of ginger. After evidence had been heard for some time, adjournment was made until next Wednesday.

DAMAGE TO TREES ALONG HIGHWAYS

Slashing and Cutting by Public Service Corporations Must Stop, Says Quebec Premier.

There has been from time to time complaints regarding destruction or damage to trees by public service corporations. This spring, in Sherbrooke, men were sent out to trim maple trees during the sap running season, the one time in the year when this should not be done. Out in the country there has been at all times more or less tree slashing. That the total or partial destruction of shade trees along the highways of the province is caused by public service corporations through the deliberate action or lack of care of their employees, is the allegation made by the provincial department of Highways, and Premier Taschereau has stated that some action would have to be taken to put a stop to such vandalism. The Prime Minister remarked, in commenting upon the destruction of the trees, that last year a bill was to have been introduced in the Legislature to oblige public corporations to remove their poles from the streets and roads in general, but upon the assurance by the representatives of the companies that the trees would be well taken care of the proposal was set aside. Now that trees are being destroyed, at least in a couple of cases, by public service corporations, if conditions as they exist continue, the bill will be once more introduced at the next session of the Legislature. "If the companies hold federal charters we will insist that Ottawa take the necessary steps to restrict the operations of those companies and force them to respect the trees along our roads and highways," said the Premier.

The latest act of vandalism committed by public service corporations is reported from Ile Jesus, near Montreal, where about fifty trees have been cut down on two roads. All the trees on a distance of about one mile and a half have been destroyed. From various other parts of the province complaints have been received that public service companies have been destroying trees. In some cases they have cut them down completely, while in others they have cut away so many branches that there remain nothing but unsightly and useless stumps. Action has been taken in the case where it is evident that the companies are at fault, and in all other instances instructions have been given to the traffic and road police to immediately report any cases of attempted destruction of the shade trees.

HOPES TO HAVE PLANE FIRST TO LAND HERE

Mr. T. C. Coffin, of the Canadian Goodrich Company, Ltd., Tells of Maiden Trip Through Canada of Fairchild Monoplane Owned by Goodrich Company.

Mr. T. C. Coffin, well-known local representative of the Canadian Goodrich Company Limited, of Montreal, commenting upon the proposed aerodrome for Sherbrooke said that he hoped that this would materialize and that the five passenger Fairchild monoplane owned by the Goodrich Company would be one of the first machines to make a landing here.

This fine ship was purchased only a few weeks ago by the Goodrich Company. It arrived in Toronto sometime ago from Buffalo and Akron, making the last hop of the trip in an hour.

Owing to the nature of the field at Kitchener it was impossible for the ship to make a landing there, although it was stated that steps would be taken shortly to have the situation remedied to permit the

SEMI-ANNUAL MEETING OF S. & S. MUTUAL

Hon. Jacob Nicol Presided—Favorable Report for First Half of Year Was Presented—Increase in Premium Income and Decrease in Losses Paid for Same Period.

The semi-annual meeting of the Stanstead & Sherbrooke Fire Insurance Company, stock mutual, took place here yesterday under the chairmanship of the Hon. Jacob Nicol.

A very favorable report for the first half of the year, ending June 30, 1926, was presented to the directors for their consideration, the increase in the net premium income for the period being \$33,899.85 over the previous year, there also being quite a considerable decrease in the losses paid for the same period.

A report was also presented showing the growth of the company over a period of thirteen years, the premium income for 1915 being \$90,933.84, for 1920, \$135,068.49, in 1925, \$256,736.73, and for this year \$311,141.58.

The assets of the company have been materially increased during the first half of the year over the assets as of December 31, 1925, at which time they amounted to \$860,458.46.

Caldwell is T. B. Tomkinson. The object of the company maintaining and buying a plane is two fold. The plane makes the efficient and rapid travel of officials easy and keeps the company in touch with flying and the demands put upon airplane parts. This latter is especially important since the company is manufacturing rubber parts and tires for planes. An interest-

ing note is that Lindbergh's "Spirit of St. Louis" and the Southern Cross are among the famous planes equipped with Goodrich parts. The name of Kitchener is written in bold letters along the fuselage of the plane. This will aid in making this city known from coast to coast since the plane will fly to many points between the eastern states and Los Angeles, California.

WILLIAMS OIL-O-MATIC HEATING CORPORATION

Announces Oil Heat For Small Homes

\$425.00 completely installed with tank, nothing else to buy.

AT LAST! Williams oil heat, designed for the small home, priced for the small home, and sold on terms that make it very easy for anybody to enjoy its comfort and convenience!

Williams Dist-O-Matic is produced by the builders of the famous Williams Oil-O-Matic, which is heating more homes than any other oil burner. The Williams Dist-O-Matic is just as reliable, keeps a small home just as warm and requires just as little attention as the Williams Oil-O-Matic does in larger homes.

Never before has a quality oil burner been produced at so low a price. Williams Dist-O-Matic offers, for the first time, perfected oil heating for the modest dwelling.

Don't Shovel Coal and Ashes Another Winter!

Think of the convenience of Williams Dist-O-Matic in your home! Think of the freedom from the back-breaking chores of furnace-tending—from the coal shovel, the poker, the shaker and ash can! Think of the cleanliness—the laundry and cleaning bills you'll save because your curtains and drapes will stay fresh so much longer! Think of the dependability and healthfulness of Dist-O-Matic heat—even, unvarying temperature all the year 'round!

Fully Automatic—Quiet—Dependable

Williams Dist-O-Matic can be installed in your home—right in your present furnace or boiler—in a few hours.

Then you can forget you even have it for days at a time. It will keep right on delivering exactly the temperature you desire, never varying more than 2 degrees. If you wish to change the temperature simply move the upstairs control—just a finger's touch! That's all there is to operating a Williams Dist-O-Matic.

Think of all these blessings that Dist-O-Matic will bring you and your family—at a price you can afford to pay, spread over many months in easy payments.

75% of the Homes in Sherbrooke can be heated with DIST-O-MATIC

If your present coal consumption is not more than 10 tons per year, it will pay you to investigate.

ARE THEY GUILTY?

Many children are accused of carelessness and inefficiency when it is a plain case of eye strain.

When the eyes are using more than their share of nervous energy, they are apt to produce a disturbance of the whole nervous system. This disturbance may be manifested in a great many ways, though the sufferer is not conscious of any defect in vision, and may see perfectly. Indigestion, headache, nervousness, sleeplessness and the inability to think clearly all are symptoms of eye strain.

Eye strain brings on a train of ills: you see things indistinctly and your eyes begin to tire, smart and ache. Nature is sending a warning signal you should not disregard.

Such conditions can only be relieved by properly prescribed glasses after a careful diagnosis by one trained in that particular kind of work.

If you suspect eye strain, cut this out and call at our office for examination at once by an Optometrist trained in this particular line of work.

A more elaborate illustration of this case will appear next week.

PRESS COMMENT

LAWYERS AS LEGISLATORS.

(Bangor Commercial)

There is no truth in the hackneyed argument that lawyers make the best lawmakers because of their legal training. No one profession or occupation has a monopoly of the intelligence, judgment and knowledge of political science. The percentage of legislative failures among the legal profession is no less than that among other professions, businesses and occupations from which the nation draws its lawmakers.

NEVER SAW A TREE.

(Los Angeles Examiner)

England is interested in the case of an intelligent young girl of seventeen, who until a few days ago had never seen a tree. She had lived all her life on the Island of St. Kilda, on the outer edge of the Hebrides, one hundred miles off the Scottish coast. "Trees," she said, "are exciting. They look like the pictures."

CANADA'S WEALTH.

(New York Sun)

(Canada's future wealth is to be calculated not only in the vastness of her natural resources, but in the efficiency with which they are being exploited.) Canada is in a position to profit from every advance science has made in the past century. Her industrialists and statesmen are so situated that they may guide their activities not only by the successes, but by the failures of others; the distressing results of waste and wanton destruction, the possibilities of conservation and replacement of natural resources are an open book to which chapters are added every day from experiment and experience. Machinery economically far more efficient than anything now known, devices today only speculatively projected as remote possibilities, transportation facilities that will make what we are pleased to call marvelous seem clumsy and immature, wise legislation and enlightened practices; these headings suggest but do not define the advantages that will arm men in the future as they unlock the treasure house of natural resources.

THE TRADE OF GUNMEN.

(Newark Advocate)

During recent years a new occupation has become popular among certain young men, that of gunmen. Formerly the desperadoes used to be found largely on the wild plains of the West. But now these plains have become civilized, and the desperadoes have migrated to the big cities where they handle firearms as children do toy pistols, and commit the most villainous crimes with them. They value human life no more than that of a worm. All pity seems left out of their natures. Our civilization is a very defective thing, so long as it produces these vicious and dangerous creatures. We call our country superior to the Old World, yet we produce far more of these miscreants than they do. We consider ourselves far superior to the nations of Asia, yet life is probably safer in China, Japan or India, than it is in our large cities. Our people must wake up and end this intolerable state of affairs.

WHEN IS A VOTE NOT A VOTE?

(Christian Science Monitor)

Use of the pastime of presidential election years in the United States is the taking of straw votes. If there are any who are uninformed with regard to this practice it may be said that a straw vote is a vote taken, without official authorization, with a view of forecasting results of the regular elections. Political specialists, presidential year statisticians and party propagandists get a great deal of entertainment out of the pastime.

The crop of straw votes this year promises to be large. The season is just opening, and whether or not it will reach bumper proportions cannot be determined until well along in October. Undoubtedly many political organizations, industries, societies, associations and other groups are preparing to begin the planting very shortly. In fact, not a few already have harvested a crop.

Experience has indicated that these straw votes, for the most part taken among detached and comparatively small groups, each representing a homogeneous element in the body politic, have no particular value. They are interest for the moment, but in the last analysis they are little more than what the definition of the adjective "straw" in its application to such matters, indicates: "a thing of smallest worth; mere trifles." When one considers that the total vote in the presidential election may reach well over 30,000,000, it is readily seen that an advance record of a few thousand, or even a few hundreds of thousands, of votes can have no great value as an indicator of the ultimate result.

FIRE BROKE OUT IN HOUSE AT AYER'S CLIFF

Damage Done to Home of Mr. George Rexford, But Flames Extinguished—Annual Picnic of Women's Institute Was Enjoyable Affair—General Notes from Ayer's Cliff.

AYER'S CLIFF, August 9.—Fire broke out Monday morning in the house belonging to Mr. George Rexford and occupied by Mrs. Hise. An alarm was rung in and a crowd quickly responded to the call for help and soon had the fire under control. The cause was unknown, as there had been no fire in the furnace for some time and it was near the furnace chimney where it originated. Considerable damage was caused by water.

Institute Held Meeting. The Women's Institute held their annual picnic at Col. B. B. Morrill's on Friday, August 3rd. This has become an annual event and is looked forward to each year. It was especially pleasant this year as the North Stanstead Institute which has recently been formed, were invited to join with the local Institute and despite the rainy day a large gathering assembled. The regular business meeting was held with the president, Mrs. Wyman, in the chair. Reports by different committees were given, correspondence read, etc. The chief item of new business was appointing committees to arrange for the different booths at the School Fair, which is always held in the month of September. Mrs. Churchill Moore and Mrs. Gibson were appointed delegates to the county meeting, which is being held at Bebe on August 9th.

After the conclusion of the business meeting, Mrs. Wyman introduced the speaker for the afternoon, Miss McCain, superintendent of Quebec Women's Institutes, who is always welcome at the meetings. Miss McCain's subject was "Know Canada" but before taking up her subject she made the most of the "shop" and touched on the different departments of work taken up by the Institutes. The work is steadily increasing, three new Institutes having been organized during the past year, one at Roxton, a third at town where conditions are very primitive, but where the women felt the need of an Institute; one at North Shefford. She spoke first on agriculture, urging continued interest in the buying of home and school grounds and planting bulles. Each Institute should have a booth at the County Fair.

School Fairs should be continued and agricultural work helped through the organization of the School of Agriculture at Macdonald College. Two boys were sent for a short course through the local Institute. She then spoke on Child Welfare work, and reported that more schools are interested in medical examinations. She urged the placing of First Aid kits in schools. Sanitary conditions should be looked after, as many conditions arose through neglect of these. Health contests should be held and baby shows. Miss McCain said she would like to see clinics, a cottage hospital and community nursing in every county. Education and better schools were spoken of. Parents' and teachers' associations had been formed in the village of St. John's. She urged showing that the parents stood by the teachers. She said there was great need of more education through speakers and lecturers. McGill sent out men of authority to lecture when they are required. She also asked the Institute to advocate the consolidation of schools, as this had proved successful wherever it had been carried out.

Speaking on Home Economics, Miss McCain said that this department should be made a permanent place. Another prize is to be given at Macdonald College to girls taking this course in Quebec, as there are fewer girls in this province taking up this work than in the Maritime Provinces. Splendid work was being done in immigration. Boys were being brought out and placed on farms for five months, sent back to school and then back to farm for another five months.

National events were mentioned. "We should," she said, "observe our national holiday, Dominion Day, the birthday of our country, Armistice Day, which should mean so much to us. We should take out a membership in the League of Nations, learn and teach what it means to be a Canadian, and see that every school has a flag. Why should we criticize those not flying our flag when they enter our country? It is better to let them by our own example."

"We should know and make known our Canadian industries, our resources and use our own Canadian products," she declared. Publicity was touched upon, the speaker urging the Institutes to make their work known through the Canadian papers and that all reports be sent in promptly to the convener, who would in turn send them to be printed.

Miss McCain gave a very interesting and instructive paper on "Know Canada." This brought the meeting to a close, after which lunch was served in the house as it was too wet to serve lunch on the lawn. The September meeting will be held with Mrs. Price at Woodland Bay.

General Notes. A very fine band concert was given here on August 1st by the Lennoxville Band, about twenty-five in number. This concert was much appreciated by every one, especially the local band, who served ice cream and cake to the visitors after the concert.

Mr. and Mrs. Roy Hovey (nee Phebe Davidson), former residents of Stanstead County, will give an entertainment in Confederation Hall on Friday evening, August 10, under the auspices of the Women's Institute. The program will consist of plays, folk dancing, dramatic readings, singing, etc.

A special meeting of St. George's Guild was held at the home of the president, Mrs. E. H. Chadsey, on Tuesday, July 31st. Plans were made to hold a food sale in Confederation Hall on August 11th. Plans were also made to serve meals in the hall during the Fair.

A large moving van heavily loaded with furniture en route to St. Johns from Rock Island, tipped over near the turn leading to Mr. E. Frost's estate. Fortunately no one was injured. The furniture was badly damaged. It was the property of Mr. Fred Dupuis. Mr. Ayer's wrecking car from Waterville pulled the truck back onto the road.

Mr. and Mrs. George Gray, of Rock Island, who have occupied the Miller cottage, have returned home and Mr. Thos. Southwood and family, of Richmond, are spending their vacation there.

Mrs. Marks, of Lethbridge, Alta., is spending the week with Mrs. S. Rowell at her cottage.

Mr. Chas. Wilson, son and party of boys from the State home in Vergennes, Vt., have been at their cottage recently.

Guests at the home of Mr. and Mrs. E. H. Chadsey recently include Mr. and Mrs. Homer Temple and son, Russell and Mr. Robert Giles, of Newport; Mrs. Whitney and Miss Grace Whitney, of Bebe, and Mr. and Mrs. Lorimer, of Derby Line.

Mr. Hamilton, Rider, of Sherbrooke, is with his mother, Mr. M. Rider, recuperating from a severe attack of measles.

Mrs. Fred Brown and family, of Lennoxville, are visiting Mrs. Brown's mother, Mrs. Lucida Colby. Mr. and Mrs. Hugh McFadden have moved from Tyler street to Mrs. Badger's house on School street.

Mr. and Mrs. A. E. Fish are occupying their house on Tyler street, recently vacated by Mr. and Mrs. McFadden.

Mrs. Hubert Mara, of Northfield, Vt., has been a recent guest of her parents, Mr. and Mrs. A. E. Fish. Mr. Lindol Covey and wife, of Oklahoma, accompanied by his mother, Mrs. Solomon Covey, and his brothers, Harvey Covey, of Manchester, N.H., and Henry Covey, of Vancouver, all former Stanstead County residents, are spending a few days with relatives and calling on old friends.

Mrs. Beard, Miss Rose Beard, Miss Glennen, the Misses Bayley, of Waterville, and Mr. Everett Bayley, of Sherbrooke, were recent guests of Mr. and Mrs. J. E. Bayley at the "Old Homestead."

Mr. and Mrs. Jacobs and Miss Annette Jacobs, of Montreal, and Mrs. Fred Guild, of North Hatley, were week-end guests of Mr. and Mrs. G. Davis.

Mrs. Dan Sanborn, who spent some time here several years ago, is stopping at Mrs. W. M. Chamberlain's.

Miss McRae, of Scottstown, has been visiting her friend, Mrs. Grant Kendall.

Mrs. Ralph Amy is seriously ill with pneumonia. She is attended by Dr. C. L. Brown and Mrs. Amy, of Massachusetts.

Mr. and Mrs. Ernest Brown, of Outremont, have returned home after spending the past three weeks with Mrs. Brown's brother, Dr. C. L. Brown.

Miss Frances Remick, of Montreal, has been a recent guest of Mrs. W. E. Hunt.

Mr. Earle Rand, of Boston, spent a few hours with his mother, Mrs. Florence Rand, on Sunday.

Mr. and Mrs. James Grant and daughter Mary, Mr. and Mrs. Merton Hastings, of Collinsville, Conn., and Master Eddie Cross, of Newark, N.J., arrived by motor last week to spend their holidays at the home of Mrs. Haseltine's parents, Mr. and Mrs. H. G. Buck.

Mrs. Victor Thomas and her son, Mr. Albert Ladd, of Pawtucket, R.I., were recent visitors of Mr. and Mrs. U. G. Libby at "Bonnie View Farm."

HILLHURST. Mrs. I. N. Carthart and son, Donald, of Boston, Mass., are guests of Mr. S. P. Cook.

Splendid work was being done in immigration. Boys were being brought out and placed on farms for five months, sent back to school and then back to farm for another five months.

National events were mentioned. "We should," she said, "observe our national holiday, Dominion Day, the birthday of our country, Armistice Day, which should mean so much to us. Stomach Trouble

Constant Indigestion and Cramps until TANLAC came to his relief

People who have never had Stomach Trouble seem to think it nothing serious. They say, "Oh! it's just a touch of indigestion." But you can't get rid of serious Stomach Trouble that easily. It is a very, very serious condition and causes an enormous amount of suffering. Mr. Alex. Krenbrenk, of Dundurn, Sask., knows this very well. "For the past year," he writes, "my stomach has caused me a great deal of trouble. Constant indigestion made me feel as if there was a lump of lead right in the pit of my stomach, and cramps just about doubled me up. I lost weight and my nerves were all on edge. I felt tired all the time and had not the strength to do a decent day's work."

One of my friends told me to try Tanlac and I want to say that it was just what I needed. I am now on my third bottle and feel my old healthy, vigorous self again. My appetite is fine and I digest my meals without the slightest trace of indigestion—the heavy lump and cramps are gone for good—and I sleep fine. Tanlac did me so much good that it is a pleasure to recommend it. Tanlac is Nature's roots, herbs and barks, blended into one big, bracing tonic. It costs less than 2c a dose—and your money refunded if it does not give perfect satisfaction. Get a bottle at your druggist's today.

POLLACK'S

GOOD SHOOTING BY LOCAL MEN IN MONTREAL

Tyros of Sherbrooke Regiment. Especially Good—Seniors Second in Both Team Matches—Tyros First in One and Second in Other.

Splendid shooting by the tyros featured the work of the 1st Sherbrooke Regiment Rifle Association on the opening day of the annual meeting of the Province of Quebec Rifle Association at the Pointe-aux-Trembles ranges, on Tuesday. In the Molson Match, which is for tyros alone, the local unit came second in the team prizes, taking twelve dollars in money. In the Active Militia Match the tyro team prize of twelve dollars was captured by the local regiment.

The Sherbrooke riflemen shot well and consistently throughout the first day, and the senior men as well as the tyros did well.

For the first time in the 26 year old history of the Pointe-aux-Trembles ranges, a perfect score was made, this being accomplished by Company Quartermaster Sergeant A. Farnell, of the Royal Montreal Regiment, winner of the Grand Aggregate at Bisley in 1927 and Montreal's outstanding shot, who made 105 out of 105 in the Active Militia Match. The distances were 200, 500, and 600 yards, and Farnell was perfect at each.

Shooting conditions were perfect, and with a large field of riflemen a successful week is looked for. The scores of the Sherbrooke Regiment and Dudsell Civilian Rifle Association shots follow:

Molson Match. The first match was the Molson Match for tyros. In the team prizes, \$16 went to the 4th Divisional Engineers, Montreal, winners. The Sherbrooke Regiment took \$12, came second. The scores were 176 and 172 respectively out of 200. The individual results gave R. Bishop, Dudsell R. A., fifth place, Capt. H. R. Bigg seventh and Lieut. J. Allen tenth. Their scores were 46, 45 and 45 respectively, and each won \$5. Sgt. M. Pankovitch and Pte. J. W. Stevenson, with 43 each, got \$4; and Pte. J. L. Matheson, 41, J. Matheson, Dudsell R. A., 38, and Pte. C. J. Hall, 38, each got \$3.

Active Militia Match. Bisley men won the high places in the Active Militia Match. Parnell, with his record breaking score leading. Sgt. Regan, 16th Scottish, 83; Pte. J. C. Bos, of the Victoria Rifles, 78.

Pte. F. Glass, Sherbrooke Regt., came tenth, scoring 99 and winning \$5. Pte. Glass is also a Bisley man, having been on the 1927 team. Pte. V. R. Beattie, 98; Pte. A. G. Westman, twice named for the Bisley team, but both times unable to go on account of business reasons; 97; and Sgt. J. Weddie, 97, each got \$4. Pte. L. A. Hughes, 95; Pte. J. W. Stevenson, 95; Pte. M. Pankovitch, 94; and Lt. J. Allen, 94, got \$3 each. Pte. J. F. Matheson, Sherbrooke Regt., led all tyro shots, with a score of 94 and a prize of \$2, while Pte. C. S. Hall, another local man, was second with 94. Capt. H. R. Bigg also figured in the tyro list, with 89. Each of these won \$2. Of the team scores, the Royal Montreal Regiment won the City of Montreal Jubilee Challenge Trophy with first place, scoring 494 and winning \$16 as well. The Sherbrooke Regiment came second, with a score of 486, taking \$12 in prize money. Of the tyro team scores, the locals won by a margin of sixteen points over the Royal Highlanders of Canada, who came second. The Sherbrooke Regiment scored 377, winning \$12, and the Highlanders scored 361, winning \$10.

3 SUSPECTED OF BANK ROBBERY ARE ARRESTED

Three Men Interrupted in Danville Cafe During Late Supper by Provincial Detectives and Taken to Quebec—Accused of Robbing Bank in Quebec.

(Special to the Record) DANVILLE, Aug. 9.—Three suspected and accused of being bank robbers were arrested at one o'clock this morning in the Canada Cafe by several provincial detectives. The parties had apparently come here by automobile from Quebec, and had only entered the cafe for some supper. They had been there a short time, when they were interrupted by the entry of the provincial detectives, who were accompanied by Constable Louis Lafrance, of Danville. Their seizure was too sudden for any resistance to be made. The prisoners were quickly handcuffed and taken back to Quebec. It is stated that the prisoners have been shadowed by the detectives for some time, and the officers came here in an automobile. The prisoners were taken back to Quebec in the automobile with the detectives, where they now await appearance before the courts. The three men are accused of having robbed a branch bank in the City of Quebec. Their names are not given.

S.S. MAURETANIA, by Radio to the Associated Press, Aug. 9.—If the present weather holds out, Captain S. G. S. McNeil will beat his world's steamship record from Cherbourg to New York which the Mauretania established on her last voyage. It was said yesterday. Yesterday's run of 650 miles exceeded records which held until this voyage. Despite a rough sea and strong wind Monday and Tuesday the boat made 624 and 638 miles.

The Mauretania should reach Quarentine New York before 7 p.m. today, New York time, which would put it a few minutes ahead of its last record of five days, 3 hours and 17 minutes for the crossing.

Social And Personal

Miss Frances Williams, Esplanade Avenue, is spending a few days in Montreal the guest of friends.

Mrs. P. Littler and family, city, and Miss Morrough are spending some time at Mirror Lake.

Mrs. R. A. E. Aitken and Miss Elinor Aitken, Quebec street, have left for a visit to Bermuda.

Mrs. K. B. Jenckes and family are spending a holiday at Lake Massawippi.

Miss Ida Wolff has left for New York to spend some time there with her grandparents.

Mrs. J. Lightstone and young son have returned from Atlantic City, where they spent several weeks.

Mrs. Kenneth Smith Wellington Street, has returned after spending two weeks at Ayer's Cliff, the guest of Mr. and Mrs. Baratin.

Rev. and Mrs. Gilbert Williams, of London, England, have been spending a few days in town at the Sherbrooke House.

Mrs. Howard S. Wright and daughter, Shirley, have been the guests of Mrs. Harriet MacAulay, at Ayer's Cliff.

Master Gordon Aitchison is in the Sherbrooke Hospital, where he underwent an operation for appendicitis.

Miss Monica Povey, of Lennoxville, is spending her holidays the guest of Miss Kathleen Littler at Mirror Lake.

Mrs. Rose Teace, of Springfield, Mass., is the guest of her daughter, Mrs. Bruce Aitchison, King street west.

Miss Marjory Muir Smith, of Montreal West, is a guest of her aunt, Miss A. R. Edwards, Dominion Avenue, for three weeks.

Mr. and Mrs. C. A. Turner and family have returned from a trip to Twin Mountain and were guests at Lisbon, N.H., of Mr. and Mrs. P. L. Coates, and at St. Johnsbury, Vt., of Mr. Fraser Shaw.

Rev. and Mrs. Roy P. Stafford, of Moncton, Ont., who are visiting in Lennoxville, were in Richmond yesterday afternoon and attended the Annual Field Day of the Wales Home.

Mr. and Mrs. Albert Embury, Mrs. Sawyer, of East Angus, and Miss Beatrice Price, of this city, spent the week-end with Mrs. Harriet MacAulay, at Ayer's Cliff.

Dr. Wilbur C. Lowry, of Blythe, Northumberland, England, with his wife and little daughter, also Dr. I. K. Lowry, of Montreal, are the guests of their parents, Mr. and Mrs. D. J. Lowry, of Lennoxville.

Hon. Walter G. Mitchell, Mrs. Mitchell and three daughters will sail next week for Europe, where Mr. Mitchell will place his daughters in schools in Lucerne, Switzerland. Mr. Mitchell expects to be absent about two months.

Among the Sherbrooke ladies who attended the Annual Field Day at the Wales Home yesterday were Mrs. E. G. Pierce, Mrs. D. J. Salls, Mrs. George Armitage, Mrs. G. E. Hyndman, Miss Van Vliet, Miss Minnie Bostwick, Mrs. M. S. Macdonald, Miss Macdonald, Mrs. Robert Dean, Mrs. Smith, Mrs. J. Rosenbloom and others.

Mr. Mitchell Speaks. Hon. Walter Mitchell spoke of what was due the old people of the country, and declared that no one was owed more than the pioneers who were now on the wane of life. "I was a pretty mean provincial treasurer," he confessed amidst laughter, "but I had only a \$21,000,000 revenue, while Nicol here now has a revenue of \$35,000,000. My heavens, if I had a revenue like that I would build another floor to the home myself." Mr. Mitchell declared that he had investigated most of the institutions in the province, first as provincial treasurer and then as "Mr. Nicol's agent," but he believed they would all have to take their hats off to the Wales Home. He added a word of tribute to the great work of the matron, of Ernest Ball, the manager of the firm, and of the staff, the executive and directors.

Mr. C. B. Howard, M.P., said it was specially sacred to be able to do anything for the old people who had done so much for the younger people of today. A home such as this repaid only in a small way the debt owed to these old people. Mr. Howard closed by expressing the hope that the French-Canadian minority in other provinces had the same kind of institutions as had the English minority in this province.

Following a few words of satisfaction at the presence of so many strangers by Mr. John McMorine, first vice-president, benediction was pronounced by Rev. Mr. Brown, of the United Church, Richmond, who had recently returned from a serious operation in Montreal, and was welcomed back by many of the Richmond people once more.

During the programme, the speeches were interspersed with several solos by Mrs. F. H. Bradley, duets by Messrs. Ernest and Gordon Armitage, and a solo by Mr. Ernest Armitage. These artists had kindly gone to the home from Sherbrooke, and their singing was thoroughly enjoyed and appreciated. They were accompanied by Mrs. Ewing of Richmond.

Mr. and Mrs. H. A. Channell and son, Frontenac Street, have returned from a two weeks' visit to Mr. Channell's family in Stanstead.

Mr. and Mrs. Peter M. Dennis and son, William, of Decatur, Alabama, are guests of Mrs. Dennis' mother, Mrs. C. Moffatt, Esplanade avenue.

Rev. A. E. and Mrs. Sanderson and son, Mr. William H. Sanderson, motored from Hamilton through the Eastern Townships during the past two weeks.

Mrs. Fred W. Palmer, of New Bedford, Mass., is spending a few weeks in town the guest of her sister, Mrs. Wilbur N. Irwin, Portland Avenue.

Mrs. M. S. Perry, Frontenac Street, has returned from Lake Massawippi, where she spent two weeks the guest of Mr. and Mrs. P. Cleveland.

ANNUAL PICNIC AT WALES HOME

(Continued from page 1) government had accepted it, with several others favoring it. It had not yet been accepted in the province of Quebec. The majority of the people here were French, and the French people had always been proud of one thing, the manner in which they looked after their old folk. The Protestant section of the population had homes in Montreal and Quebec, but until recently had none in the Eastern Townships. Now this condition was being remedied, and the three succeeding presidents, the late Mr. B. C. Howard and Messrs. D. J. Salls and E. G. Pierce, were to be congratulated on their splendid efforts.

"Who is going to look after our old people?" asked the Provincial Treasurer; "the province or societies such as this? We believe it can better be done by the societies. You will remember when the Public Charities Act was introduced what criticism there was of it. It was said it would do away with private giving, and that there would be no more charity. We believed their theory was partially right, and so did not undertake to do anything. Your chairman mentioned that you received only 30 cents a day for independent persons. That is, 15 cents from each, the Government and municipality. It is evident it is not enough, and if our coffers will allow it I am sure we will be ready to give more." The Government was unable to maintain institutions such as this, but was always ready to help in their construction, and if the Wales Home were extended, he believed the Government would be ready to do its part.

"Some of us," he said, "who have passed the fifty mark, and I am one of those now begin to look backwards. I suppose we think of youth as the happiest time of our life but when I was at college I used to think that my best days would come after I was fifty. And when I see such a home as this, I again think sometimes that perhaps it is so."

Mr. J. A. Bothwell, introduced as "minister of agriculture of the Wales Home Corporation," spoke briefly and asked the visitors to return to their own section of the Townships and talk about the home so that people might know what was being done.

Mr. Mitchell Speaks. Hon. Walter Mitchell spoke of what was due the old people of the country, and declared that no one was owed more than the pioneers who were now on the wane of life. "I was a pretty mean provincial treasurer," he confessed amidst laughter, "but I had only a \$21,000,000 revenue, while Nicol here now has a revenue of \$35,000,000. My heavens, if I had a revenue like that I would build another floor to the home myself." PITCHING BY CARDINALS WAS OFF YESTERDAY

John McGraw Has Record of Nineteen Victories and Twenty-Five Defeats in First Half of His Campaign Against Western Foe.

(Associated Press Despatch)
 NEW YORK, Aug. 8.—Nobody knows how John McGraw is doing it, but—there he is—with a record of nineteen victories and twenty-five defeats in the first half of his campaign against Western foes, the master mind of Coogan's bluff settled into the fastness of the Giant dugout two weeks ago prepared to think his way through an 18-game siege by the enemy from the West.

All of the invading clubs were pennant contenders in all that the name implies. The Giants were equipped with one dependable pitcher and the fighting spirit of John McGraw. Freddy Fitzsimmons and Joe Genewich not to mention the younger set of Southpaws, suddenly began to give Larry Benton some help, the Giants began to pull off last-ditch McGraw rallies in the closing innings, and—well, look at them now!

The New York team alone of all the Eastern defenders bettered the 500 mark in the Western invasion which closed yesterday, but bettered it to the tune of thirteen victories and only four defeats—765 baseball.

Cardinal pitching again had an off day at the Polo Grounds yesterday when Willie Sherdel and Harold Haid took a lacing which netted the home talent a ten to five victory and two out of three on the series.

The success of the Giant arms in hand to hand fighting with the best reduced the margin of the Cards to four and one half games.

After posing as contenders, or semi-contenders, through two thirds of the season, the Robins finally have assumed their normal position, with every assistance from the thoughtful Pirates. Ray Kremer surprised himself with a neat game yesterday as the buccannery fought through to their third one run decision in Brooklyn in two days, and their seventh straight in the East. The score was 4 to 3.

While the Robins were settling firmly into sixth place just above the Braves and the Phillies, a miracle was being piled up on miracles at Philadelphia to the intense disgust of Joseph Vincent McCarthy and his fellow cubs. The Phillies, believe it or not, were cleaning up their fourth straight against McCarthy's ex-contenders.

The Baker boys pulled this one out in the last of the ninth, 4 to 3. The only regrettable feature was the Artie Nehf stepped on the firing line just in time to absorb blame for the defeat.

The Reds ran their string of losses to eight straight by permitting the Braves to win both games of a double header at Boston yesterday by 6 to 2 and 12 to 1. The Reds were helpless despite five double plays which ran their season's total to 138.

The American League teams were engaged in travel, or in exhibition engagements.

CANADIAN FLASH

Here is the sprint champion of the world. You're not to blame if you fail to recognize him, for Percy Williams, 19-year-old Canadian schoolboy, was practically unknown before he won the 100 and 200 meter finals in the Olympic Games at Amsterdam. He shut out Uncle Sam's sprinters for the first time in 20 years.

GOLF AS CHAMPIONS PLAY IT

Is there a recognized standard stance in golf?

By JOHN GOLDEN
 Famous American Professional;
 New Jersey Open, 1927.

In the "old school" of teaching and playing golf the stance varied. In the present day art of the game, it is generally held that the best stance is when you stand in a position that gives you comfort and easy balance and where the ball rests in a direct line from the inside of the left heel.

3 o'clock—Winner Hutton-Smallhorn play winner Mooney-Ross.

CANADIANS IN OLYMPIC BOXING BOUTS

Three Out of Seven Survive at End of First Elimination Contests.

AMSTERDAM, Aug. 9.—(By W. H. Ingram, Canadian Press staff correspondent)—The first elimination series of the Olympic boxing tournament is finished and three out of seven Canadians survive. Ray Smillie, Toronto welterweight, has already achieved two straight victories and therefore is past the second elimination. The two other Canadians to progress onward are Don Carrick, light heavyweight, who won his first fight and Vincent Gilonna, Toronto bantam, who won his first bout yesterday.

The Canadians eliminated from further competition in their class by defeats are Frank Battaglia, Winnipeg lightweight; Frank Martin, Montreal flyweight; Honore Chevre, Ottawa middleweight, and Fred Volkert, Montreal boxer, who entered the featherweight events in

Sherbrooke, vs. M. Biron, Sherbrooke.

4 o'clock—D. Hutton, Richmond, vs. Pat. Smallhorn, Sherbrooke; R. Mooney, Sherbrooke, vs. W. Ross, Lennoxville.

Monday, Y.M.C.A. courts, 2 o'clock—Winner Holtham-Dufour play winner Gendre-Crochetiere; winner Christison-Cote play winner Katadotis-Clarke; winner Labreque-McKeon play winner Guay-Biron.

place of H. S. Stewart, of Montreal. Volkert is really a lightweight.

That three Canadians have come through must be considered creditable. The Canadians to win Olympic boxing honors have to compete against twenty-eight nations in a continual trial of endurance and skill.

The results of yesterday's bouts in which Canadians took part were: Ray Smillie, Toronto, defeated Lenham of Ireland (welterweight); Vincent Gilonna, Toronto, defeated Ziglarski, Germany, (bantam); Gormy, Poland, defeated Fred Volkert, Montreal (feather); Apell, France, defeated Frank Martin, Montreal, (flyweight); Kjaalander, Sweden, defeated Honore Chevre, Ottawa (middleweight). The second elimination series properly commences today.

RAY SMILLIE ADVANCES ANOTHER NOTCH

AMSTERDAM, HOLLAND, Aug. 9.—(By W. H. Ingram, Canadian Press staff correspondent)—Ray Smillie, of Toronto, advanced another notch in the 147-pound class of the Olympic boxing tournament today when he outpointed Usuda, of Japan, after three fiercely fought rounds.

SEKYRA WINS IN LIGHT-HEAVYWEIGHT

NEW YORK, Aug. 9.—Joe Sekyra, of Dayton, O., won the decision over James J. Braddock, Jersey City light-heavyweight, in a dull ten round bout at Ebbett's Field last night. Sekyra weighed 177½ and Braddock 172.

FIGHTS LAST NIGHT

Melbourne, Australia—Joe Marcus, United States, knocked out Young Clancy, England, 7.

Boston—"Jock" "Honey Boy" Finnegan, Boston, won over Johnny Jadic, Philadelphia, 10.

Indianapolis—Jack McKenna, Montreal, defeated Joe Zink, Syracuse, 10; Paul Dore, San Francisco and Otto Anderson, Terre Haute, Ind., drew.

MISSSES ADAMS AND SALLS WON LA TRIBUNE CUP

Defeated Misses Murray and Veilleux in Finals—Rain Halted Other Finals.

By defeating the Misses E. Murray and E. Veilleux in the finals of the ladies' doubles in the City tournament, the Misses C. Adams and E. Salls became possessors of the handsome "La Tribune" trophy. In their triumphant march to the finals both pairs lost but one set and were never in trouble in winning their preliminary rounds. Yesterday the Adams-Salls combination proved a little too strong for the Murray-Veilleux pair and won by the score of 6-4; 6-4. Both sets were very close and exciting, the winners deserving their hard earned victory.

All other matches in the City tournament were cancelled owing to the big storm which struck this district last evening. The finals rounds of the other events will be played as soon as the different courts of the city are in fine shape.

If the Fairbanks court is in condition this evening the finals in the mixed doubles will be run off between Miss C. Adams and L. Wolfe against Miss E. Crevier and R. Rouleau.

TENNIS AT DRUMMONDVILLE

DRUMMONDVILLE, Que., Aug. 8.—Arrangements have been made for the Sherbrooke tennis players, Young Men's Christian Association, to play against the Canadian Celanese Limited players on Saturday, August 11th. This match will be played in conjunction with a garden party to be held at the residence of the Works Manager of Canadian Celanese Limited, Drummondville, Mr. R. H. Sperling. The proceeds of the garden party will be donated to the St. George's Hall Extension Fund, and the grounds have been loaned to the St. George's Club for this occasion by Mr. and Mrs. R. H. Sperling. Sherbrooke tennis followers are invited to come to the tennis match, also to attend the garden party. The Drummondville Town Band will be in attendance, and a very fine programme, also other sports and games, have been arranged by the entertainment committee.

A DIFFERENCE OF MEANING.

"I want a set of furs," said the boxes, "to give to a friend."

"Certainly, sir," replied the assistant. "Any special kind?"

The customer looked about him. "That dark brown set in the window looks the sort I want; but it mustn't be expensive."

"Oh," said the assistant, following his gaze, "you mean skunk."

He woke up later in hospital!

MEGANTIC CO. HAPPENINGS

NORTH THETFORD

Haying is greatly retarded on account of the bad weather and fears are entertained for the saving of the hay crop if better weather does not soon prevail.

Messrs. Joseph and James Cuscuteau motored here from Lisbon, N. H., to spend their vacation with their parents, Mr. and Mrs. James Cuscuteau.

Two nuns, Sisters of the Dominican Order, are passing through the parish in the course of the week soliciting for the work of the community.

A number of young men from this vicinity are going west on the harvesters' excursion.

INVERNESS

Dr. Alex. Wark, of Derry, N. H., is the guest of his sister, Mrs. James E. Robinson.

Mr. Howard Ashcroft has resumed his duties in the bank after spending his holidays in Theftford Mines, Montreal and Sherbrooke.

Mr. Blanchet motored to Laurier Station on Wednesday evening to meet his brothers.

Miss Mary Kelso spent several days with her sister, Mrs. Peter Johnston, who was quite ill, but is recovering satisfactorily.

Miss Ella Phillips is spending a few days with her friends at Kinneville.

Mrs. Alfred Cote was among those on the sick list during the week.

Mr. Kenneth Kelso has returned from New Britain, Conn., and is assisting his cousin, Mr. Howard Kerr, in haymaking.

Miss Heddle, of Toronto, is visiting her uncle, Mr. James Longmoore. Prior to coming to Inverness Miss Heddle accompanied her nephew, Mr. Hollis Aiken and Mr. Robert Geddes, by motor to Quebec City, where they are taking a summer course in French. Both young gentlemen have spent the two last week-ends at the home of Mr. and Mrs. Longmoore, returning from Quebec.

Mrs. Ivan Hogge, of Texas, is the guest of her mother, Mrs. Mary Mosher.

Messrs. Wesley and Chester McIntyre motored from Sherbrooke on Friday and on their return on Sunday were accompanied by Mrs. McIntyre and little son, who had been for some time with Mr. and Mrs. Sam. Longmoore.

Mr. and Mrs. Rothera left on Thursday to spend their vacation at Old Orchard, Me. During the absence of Mr. Rothera, Mr. Reichs, of St. Johns, will fill the position of manager of the Royal Bank in Inverness.

Mr. Elfrige LaSante left on Thursday for a two weeks' vacation which he will spend at his home in Three Rivers, and in the U. S. It is expected that at the close of his vacation Mr. LaSante will be transferred to another branch of the Royal Bank and considerable regret is being expressed by the patrons of the bank who, during his four years' stay in Inverness have found Mr. LaSante both courteous and efficient. The best wishes of his many Inverness friends will accompany him to his new post.

Mr. Beaudette, of St. Norbert, has been accepted as a junior in the bank and has been in his new position for several days.

Mr. and Mrs. Alex. McCammon, of Theftford Mines, accompanied by Miss McCammon and Miss Elizabeth McKenzie, arrived in town from Old Orchard Beach on Saturday evening.

Mr. and Mrs. O. J. McCullough left for their home in Toronto at the end of the week.

Miss Mooney, Master W. J. Johnston, of Goderich, Mr. Cedric and Miss Eunice Mooney, of Quebec City, are guests of their aunt, Mrs. Henry Fraser.

Mr. Thomas Hogge has sold his farm to Mr. Fernando Roulier, of St. Elzard.

The Misses Elen and Auria Fredette and Mrs. Edouard Mitchell, of New Britain, Conn., are spending their vacation with their parents, Mr. and Mrs. Onesime Fredette.

The community was inexpressibly shocked and saddened to learn on Monday morning of the passing away during the night of Mr. Ernest Robinson, after an illness of but a few hours from heart trouble.

Apparently in his usual health, Mr. Robinson had done his chores and eaten his supper as usual and while attending to his usual duties at the home of his aunt, Mrs. George Mooney, he was seized with an attack of heart failure. Dr. Bennett was at once summoned and in a short time he rallied sufficiently to be taken in the doctor's car, to his home. Apparently resting quietly the greater part of the night, he became worse and, despite the best of care and medical skill, he passed away about 2 p.m. This event has cast a deep gloom over the village and neighborhood, where Mr. Robinson will be sadly missed by many.

A clear cold soup . . . a club sandwich . . . a slender glass of "Canada Dry"

LUNCHEON in summer is always a problem. Appetites lag. The weather is uncomfortable. "Why," you wonder, "did I ever invite anyone on a day like this!"

It isn't really as bad as that. Serve cold foods. Cold boiled ham, for instance. Or a club sandwich. Start off with a clear soup—cold. And accompany your luncheon with a slender glass of "Canada Dry."

This is a delicious ginger ale, especially in hot weather. It has a thirst-quenching dryness to it. It has a mild and mellow flavor which gives zest to the simplest meal. It is made from finest quality Jamaica ginger and other absolutely pure ingredients. By a secret method of carbonation "Canada Dry" retains its delightful sparkle long after the bottle is opened. And it mixes well with other beverages. Order "Canada Dry" today.

DEATHS REPORTED

MRS. ARTHUR HIBBARD, BROME, QUE.

BROME, Que., Aug. 9.—On August 2nd there passed away at her residence in Brome, after a long and painful illness, Annie Toof, wife of Mr. Arthur Hibbard, and daughter of the late Mr. and Mrs. William Toof, of this place. She had suffered from cancer for over three years, bearing her sufferings with great patience and Christian fortitude unto the end. She was born in Brome in the year 1875, having attained her fifty-third year a few days before her death.

The funeral was held from her late residence to St. John's Church on Sunday, August 5th, at eleven o'clock. Rev. H. Charters, of Sutton, conducting the service, owing to the absence of the Rev. Wm. Gedy, incumbent. The funeral was largely attended by sorrowing friends and neighbors, who had come to pay their last respects to a much-loved friend and neighbor, many being unable to gain admittance to the church.

The remains were carried to their resting place by Messrs. Draper Vail, Walter Patch, Wm. Barnes and Elwin Wilson, all cousins of the deceased, and chosen by her before her death. The floral offerings were many a beautiful, testifying to the high esteem in which she was held. The choir rendered two favorite hymns, "Abide With Me" and "Now the Laborer's Task is O'er."

She leaves to mourn her loss her husband and an adopted son, Maurice Cavell, to whom she had been a kind and loving mother, being of an unusually gentle and loving disposition, and a great lover of her home and family, and it truly may be said of her life that she was a "blessed peace maker." She also leaves four brothers, Messrs. Mahlon Toof, of North Troy, Noah, of Enosburg, Vt., Earl, of Newburyport, Mass., and Herbert, of Sutton Junction; also two sisters, Rebecca, (Mrs. Spaulding) of Boston, Mass., and Jessie, (Mrs. Henry Hibbard) of North Troy, who has tenderly cared for her during the last weeks of her illness, and all of whom were present at her obsequies.

Among those who were present from a distance were Mr. and Mrs. A. Spaulding, of Boston, Mass.; Mr. E. Toof and daughter, Mrs. Brown, of Newburyport, Mass.; Mr. and Mrs. Noah Toof and family, of Enosburg, Vt.; Mr. and Mrs. Cavis Toof, Mr. and Mrs. A. Toof and Mr. and Mrs. Norman Toof, of North Troy, Vt.; Mr. and Mrs. Henry Hibbard, of Troy, Vt.; Mrs. Walker, of Montreal; Mr. and Mrs. Prappied, of Richmond, Vt.; Mr. and Mrs. Charles Wilson, of Granby; Mr. Ronald Cleveland and daughter, Mrs. Grubb, of East Farnham; Mr. and Mrs. William Barnes and daughters, of Montreal; Mr. and Mrs. Herbert Toof and son, Mr. and Mrs. Sherman Draper and daughter, Mr. and Mrs. Linus Draper, Mr. and Mrs. Charles Fuller and daughter, Mrs. Taylor, and Mr. and Mrs. B. Draper, all of Sutton Junction, and many other friends from Sutton, West Brome, Sutton Junction and Brome.

MR. G. R. DOWD, VERDUN, QUE., SOUTH DURHAM, August 9. — The funeral of the late George R. Dowd, of 305 Rielle Avenue, Verdun, who was drowned while swimming at La Tortue Wharf on Wednesday, July 18, took place in St. James Church on Friday, July 20th, at 2 p.m. The church was crowded to its normal capacity. Rev. J. O'Neil conducted the services and spoke comforting words to the bereaved. The choir sang the hymns, "The Lord's My Shepherd," "Jesus Loves Me," and "Safe in the Arms of Jesus." The bearers were Messrs. Raymond Richards, Havelock Montgomery, Burton Millar, Ross Patrick, Arthur Johnston and Ellis Montgomery, who tenderly laid him to rest in St. James Cemetery beside his father, the late George G. Dowd, who predeceased him on July 2nd, 1917.

The beautiful floral tributes bore silent testimony of the esteem in which the family was held.

Those from a distance who attended the funeral were Mr. and Mrs. Albert Harper, of Prescott, Ont., Mr. and Mrs. I. R. Dowd, Mrs. Christie and Mr. Fee, of Point St. Charles, Mr. Havelock Montgomery, of St. Henri, Mrs. G. E. Noble and Miss Ida Noble, of Kirkdale, Mr. Wm. Mountain and Mr. J. Johnston, of Granby, Mrs. Ernest Fee, of Belleville, Ont., Mr. and Mrs. Albert Fee and Mr. and Mrs. James Johnston, of Richmond, and many others.

MR. LEON POCOCK, HILLHURST HILLHURST, August 9. — The community was saddened on Monday to hear of the sudden death of Mr. Leon Pocock, of Montreal. He was the only son of Mr. Samuel Pocock, of this place. He received his education at Coaticook Academy and afterwards entered the service of the Grand Trunk Railroad. Leon was well liked and had a host of friends wherever he went. Besides his father he leaves two sisters, Miss Eleanor Pocock, of this place, and Mrs. I. N. Curthart, of Boston, and one nephew, Donald Curthart, besides many other near relatives. His body was brought here Monday night.

The bereaved family have the deep sympathy of this community in their great loss.

MRS. MARGARET PARKER, GRANBY.

GRANBY, Que., Aug. 9.—Margaret Sparling, widow of the late Moses Parker, passed away at her residence on Dominion Avenue on Thursday, August 2, at the age of seventy-four years. The late Mrs. Parker had been in failing health for several months and her niece, Mrs. Edna Moore, of Providence, R.I., was at her bedside for a couple of weeks. She was a consistent member of the Congregational Church and an active worker in the Ladies' Aid and Missionary Societies.

The funeral services were held at her late home on Saturday, Rev. A. F. Pollock, a former pastor, conducting the services. Messrs. J. R. Payne, Robert Payne, George J. Payne and Edward Payne were bearers. One brother, Mr. Wm. Sparling, of Montreal, and two sisters, Mrs. Sue Eaton and Mrs. John Pow, survive.

The interment was beside her late husband in Pine Grove Cemetery.

MRS. E. S. BUCKLAND, COATICOOK.

COATICOOK, Que., Aug. 9.—Mrs. Ellen (McLean) Buckland, widow of the late Mr. E. S. Buckland, entered into her rest on Monday last at 6 o'clock p.m. at Mrs. Tates Nursing Home, at the age of 82 years.

The deceased was born in Barnston, and lived the greater part of her life there, removing to Coaticook after the death of her husband about fifteen years ago. Her health began to fail in the fall of last year, but following her continued illness throughout the winter and spring, she recovered her strength sufficiently to attend her church at one service about three weeks ago, but

the recovery proved only temporary. Mrs. Buckland was a life-long and devoted communicant of the Church of England and St. Stephen's Church loses one of its most faithful members.

Deceased is survived by a sister, Mrs. Edward Bryan, of Sherbrooke; a sister-in-law, Mrs. John McLean, Coaticook, her stepdaughter, Mrs. Lizzie M. Webster, Coaticook; a niece, Mrs. W. E. Loomis, Sherbrooke, and a nephew, Mr. Percy McLean, of Montreal.

The funeral was held from St. Stephen's Church on Wednesday afternoon, at 2:30 o'clock, the Rev. A. E. Legge, rector, officiating. Interment was in Mt. Forest Cemetery. The bearers were: Messrs. I. M. Thomas, A. A. Hall, O. G. G. Webster, Daniel Moyle, Geo. Cunningham and C. G. Johnson. The funeral arrangements were carried out by Mr. C. E. Akhurst.

RADIO MOVIES DEMONSTRATED IN PITTSBURGH

Time Coming When Moving Pictures Will Be Sent Through the Air.

(Associated Press Despatch) PITTSBURGH, Pa., Aug. 9.—A time when moving pictures will be sent through the air to homes in all parts of the world was envisioned yesterday by radio leaders when "Radio Movies" were sent for the first time in history during a demonstration at the East Pittsburgh plant of the Westinghouse Electric and Manufacturing Company.

Leaders in radio world and newspaper men attended the demonstration and saw the movies sent through the air to a screen 30 feet from the transmitting apparatus.

While still in the laboratory stage the process was described as successful and having great possibilities. It was pointed out by engineers that although the movies were only a short distance, the engineering principle is the same and they could be sent across the continent just as easily.

Ordinary motion picture film was used in a small, darkened laboratory, the broadcasting and receiving sets were turned on. As the switch was thrown in, starting the broadcast the "movie" sprang to life on a small screen on the receiving set.

While not as clear as ordinary "movies," the figures were easily distinguishable and subtitles readily readable.

FOOTBALL CHARITY CUP GAME TONIGHT. The second big game for the Sherbrooke Hospital Charity Cup is at hand. On Saturday the finalists battled in a two-all draw, neither Quebec Central nor Y.M.C.A. being able to vanquish the other. In consequence a second game has to be played, and tonight is the night. The big game will open at 6:15 o'clock, and takes place on the Parade ground. All receipts go to the hospital, and as a small crowd was present on Saturday owing to the rain, a larger one is expected tonight. The field will be in a rather sloppy condition following last night's storm and the continued rain throughout the past week, but nevertheless, these two squads were able to provide a fast pace on Saturday despite the fact that the field then was wet, and should do so again.

MILAN The Willing Workers entertained on Saturday afternoon at the home of Mrs. P. K. Macdonald in honor of Miss Mary Murray, who leaves shortly for British Guiana.

Twenty invited guests were present besides the members of the society, and a very pleasant time was enjoyed by all. During the afternoon Mrs. M. A. MacLeod in behalf of the society, of which she is a member, presented Miss Murray with a ten dollar gold piece as a token of appreciation of the work she has done in the society. Miss Murray thanked the donors for their gift. Refreshments of sandwiches, cake and fruit punch were served.

Mr. and Mrs. Alex Macdonald and Miss Etta MacKay motored from Detroit, Mich., and are guests of relatives here.

Mr. and Mrs. Malcolm E. MacLeod have arrived from Winnipeg, Man., and are visiting the former's parents, Mr. and Mrs. Ewen MacLeod.

Miss Annie Murray, of Springfield, Mass., is spending her vacation at her home here.

Mr. Allan MacLeod was home from Farnham for a few days last week.

Mr. and Mrs. Malcolm MacAskill, of Detroit, Mich., are guests at the home of Mr. N. C. MacLeod.

Mr. and Mrs. Donald Murray, Misses Ethelyn and Madalyn and Masters Russell and Wesley, of Granville, Vt., visited Mr. and Mrs. J. N. Murray for the past week. Other guests at the same home over Sunday were Miss Irene McLeod, Mr. Angus McKenzie and Mr. Alex Murray, of Granville, Vt., and Mrs. D. M. Morrison and Master Alexander, of Scottstown.

Mr. and Mrs. H. Corey recently visited their daughter, Mrs. E. G. Webb and family in Rock Island.

Mr. and Mrs. Warren Buzzell and two young sons, of Cherry River, were weekend guests of Mr. and Mrs. E. Dresser, Sunday callers at the same home.

VOLCANO CAUSE OF DISASTER IN THE FAR EAST

Villages Destroyed—A Thousand Lives Said to Have Been Lost—600 Are Injured.

BATAVIA, Java, Aug. 9.—According to reports transmitted by a resident of Timor, nearly the entire island of Faloweh, in the Dutch East Indies has been destroyed by the eruption of the Rokandi volcano on August 4th and 5th. Six villages were destroyed by fire. The death toll was believed to be nearly a thousand.

Six hundred persons were injured when hit by fragments thrown out of the crater. Further casualties were caused by the submergence of the whole seaboard of the island through an earthquake accompanying the eruption.

Remainder of the islanders, numbering 5,000 were stated to be safe and ample provisions available. It was feared that nine native boats en route from Celebes Island to Paloweh, foundered with their crews.

The Dutch president of Timor is proceeding to the scene of the disaster.

Paloweh Island, also known as Rusa Rajah Island lies about five miles off the North Coast of Flores Island, one of the larger of the Malay Archipelago islands.

It is about four miles in diameter and rises to a peak 4,593 feet high, which is covered with trees to its summit.

Three Olympic Games winners are pictured here. At the top left is Sidney Atkinson, South Africa, first in the 110-metre hurdles; below him, Lord Burghley, England, first in the 440-metre hurdles; right, Mito, Halina Konepnek, Poland, who broke her own world record to win the women's discus throw.

NEW BISHOPS ARE APPOINTED IN ENGLAND

(Canadian Press Despatch) LONDON, Aug. 9.—If the retirement of the Most Rev. Randall Thomas Davidson, Archbishop of Canterbury and other causes have created a number of vacancies on the Episcopal bench there at least was no hesitancy in dealing with them. It was announced here last night that Rev. Henry Albert Wilson, rector and dean of Cheltenham has been appointed Bishop of Chelmsford, a post left vacant by the elevation to the bishopric of Manchester of Bishop Warman. Rev. James Buchanan Seaton, the principal of Cuddesdon Theological College, and Hon. Canon of Christ Church College, Oxford, has been appointed to the Bishopric of Wakefield, left vacant by the resignation of Rt. Rev. Geo. Rodney Eden.

These bishoprics as English bishoprics, are of very recent creation, the new appointees in both cases being only the third of their line. The Chelmsford diocese embraces a portion of the extreme eastern outskirts of London where the town planning activities of new suburbs make the provision for new churches a constant problem. The Wakefield bishopric embraces a large slice of the Yorkshire industrial area and has had a singularly happy and uneventful history under retiring Bishop Eden's overzealouship of nearly thirty years.

FINA WOMAN \$200 FOR AUTO FATALITY. (Associated Press Despatch) WESTFIELD, Aug. 9.—Mrs. Gertrude S. Hedden of East Orange, N. J., paid a fine of \$200 in court here today on a plea of nolo to a charge of dangerous driving. Her automobile struck Mrs. Annie W. Noble, of Granville, last month, causing injuries from which the woman died.

WRONGLY JAILED, ACCEPTS \$30,000. (Canadian Press Despatch) LONDON, Aug. 9.—The London Sketch said today that Oscar Slater had accepted the Government's offer of about \$30,000 as compensation for his wrongful conviction of murder nineteen years ago. Proposals that Slater should be compensated were made soon after a Scotch court had cleared his name on July 20, of the murder of Miss Mary Gilchrist, an aged woman. He had been released on parole last November after serving eighteen years of a life sentence and immediately began a fight to establish his innocence.

Slater was arrested in New York in 1909 as he landed from the liner Lusitania. During his battle to clear his name many prominent persons, including Sir Arthur Conan Doyle, came to his aid. His case came into prominence last August during the world-wide interest in the Sacco-Vanzetti case, several British newspapers citing it as comparable to the Massachusetts case.

EARTHQUAKE IN CALIFORNIA SAN FRANCISCO, Aug. 9.—A slight earthquake was felt here at 10:35 p.m. last night. No damage was reported.

NEW YORK PRESS MARKET COMMENT

Furnished by McManay & Walsh.

Wall Street Journal—The continued firmness of the call money market caused a disappointment in trading circles as it had been expected that a period of ease would set in for two or three weeks after the August 1st settlement had been completed.

Journal of Commerce—Aside from heavy speculative selling, liquidation was discernible which generally speaking, presented a ragged appearance during most of the session. A number of stop orders were uncovered which gave its stimulus to the recession.

New York World—Under selling for both accounts many of the leaders receded from the top prices. Some of them were 2 to 4 points.

United States Steel and General Motors were the targets of the selling and undoubtedly a readjustment of the technical position was the impelling cause for the reaction.

Wall Street Journal will say today: Goodyear's sales established record. Bond market to continue quiet. Motor Wheel sales climb. Western Pacific's outlook promising. Demand for steel holding up well.

Vanadium earnings less. Youngstown Sheets working capital up.

ROAD QUESTION DISCUSSED AT WATERVILLE

Council Decides to Continue Work on Highway Leading to Compton — Other General Newsy Notes of Interest.

WATERVILLE, Que., Aug. 9.—The regular monthly meeting of the Municipal Council of the Village of Waterville took place in the town office on Monday evening, August 6th, with Mayor H. S. Ball in charge. The councillors in attendance were Messrs. R. I. Gale, H. W. Burton, H. Webster, R. Gervais and T. Dion, also the secretary-treasurer, W. H. Baglow.

The minutes of the July meeting were read by the secretary and duly passed. The chief item of business to come before the meeting was the building of the new piece of road between this town and Compton. It was reported that a third of this road had been completed, at a cost of \$750, and the council decided to proceed with the remainder of the work, as soon as a sufficient number of teams could be secured, and this road is to be completed before the fall. The estimated cost is \$2,200 or thereabouts. Reports to other portions of the village roads were discussed, the council deciding to improve that portion known as Highland Avenue, and also a piece towards East Hatley.

The following accounts were presented by the secretary and ordered paid: George Petit \$15.70; H. Loomis, \$5.00; J. Roy, \$5.00; Waterville Water Works, \$56.81; Southern Canada Power Co., \$53.63; O. L. L. Sore, \$10.75; H. L. Martin, \$9.25; E. T. Telephone Co., \$7.50; Beck Press Ltd., Lennoxville, \$4.26; Provincial Government, \$12.00; Dominion Snath Co., \$5.67, also a number of smaller bills. The meeting adjourned to meet in September, unless a special meeting has to be called.

POLICE STOP ONTARIO DANCE MARATHON

Regarded as a Nuisance and Endangering Health of Individuals.

CRYSTAL BEACH, Ont., Aug. 9.—Ending a grind that had been going more than 200 hours, the provincial government yesterday stopped a dance marathon in Crystal Beach pavilion promoted by Milton D. Crandall.

The order directing that the dance be stopped under a clause of the provincial criminal code which regards as nuisance a contest tending to endanger the health of the public or individuals was issued by Attorney General Price.

Three couples were still on the floor when the dance ended, shuffling wearily around the hall. They had had rest periods of only fifteen minutes each hour since the dance began on the evening of July 30, with twelve entrants who sought prize money of \$2,000 of which \$1,000 was to go to the winner and remainder to the next two teams finishing in order. After the first few nights crowds packed the hall. Of the three teams left Wm. Downing of Los Angeles, Calif., bewhiskered "bunioner," who participated in C. C. Pyle's cross-country marathon, and his partner Menthe, were favored to win, the other two teams were Jimmy Malone, of Pittsburgh and Ella Simmer, of Buffalo and Bernice and Florence Carnes, sisters, of Erie, Pa.

Two of the teams Malone and Simmer and the Carnes sisters, who were tied for the lead, will share in the prize money.

Crandall claims the action of the attorney general resulted from a crusade against the dancing started by a Toronto newspaper. He promised to take the dancers to Toronto to appear before the prosecutor announcing no attempt would be made to continue the marathon here.
