## PLANE CRASH KILLS 21 AT PITTSBURGH

### World News In Brief

Buenos Aires — (AP) — Federal authorities at Mendoza announced Sunday the arrest of 70 persons suspected of inciting rebellion.

Tokyo — (AP) — Eight Japanese-American men, who wooed and won eight Japanese girls by mail, arrived today to claim the brides they have never seen. A meeting with the girls will be arranged soon. They will be wed en masse at the American embassy, followed by separate Japanese ceremonies in the bride's home towns.

London — (Reuters) — Russian motion pictures have committed many serious errors "connected with the cult of personality," the Soviet Communist party newspaper Pravda said Sunday. The newspaper, quoted by Moscow radio, asked film producers to direct criticism against "remnants of the past" and to "scourge idlers and bureaucrats—all those who are impeding our advance."

London — (Reuters) — The Communist New China News agency says more than 100,000 Chinese Communist soldiers have been demobilized and will join geological surveys, oil-prospecting work and building projects in electric, metallurgical, coal mining and other industries.

Dublin — (AP) — Prime Minister John A. Costello returned by air Sunday from an American tour. He told newcomers Ireland's prestige abroad has soared. "I should not want to exaggerate the matter, but it seems many will watch Ireland with expectant interest for fresh and unbiased contributions to the United Nations," he said. Ireland was admitted to the UN last December.

Canterbury — (Reuters) — Russia's ex-premier Georgi Malenkov opened his mouth and put his foot in it here Sunday night. "I hope you will live to be 90," he told Dr. Hewlett Johnson, "Red Dean" of Canterbury. Dr. Johnson is 82. "I am going to live," the dean replied firmly, "until there is universal peace."

### Schoolteacher Hurt In New Cyprus Riots

NICOSIA — (AP) — Schoolboys bombed and stoned security police and troops today in a clash at the port city of Paphos as new violence struck Cyprus.

A schoolteacher was wounded by bomb fragments and several members of British security forces were slightly hurt by stones.

The clash began on the grounds of a school when several hundred pupils, carrying two Greek flags, began a march to the local bishopric of the Greek Orthodox Church. Police said two or three priests were seen in the group.

A bomb thrown in the bishopric area failed to go off.

Dispersed once, the students reassembled and marched on a nearby police station, stoning police and military sentries.

The police fired tear gas shells without effect.

Troops and police then advanced on the school. Three bombs were thrown, one wounding the teacher, Sophocles Lazarou, slightly.

The students fled and police cordoned the school and began searching it and nearby Paphos College.

Three bombs were thrown today in Limassol, where a British civilian was shot to death Sunday.

A couple identified as Mr. and Mrs. R. Parker, aged about 50, were injured in one attack. Fifty minutes later another bomb exploded at a cabaret, but there were no casualties. Later a Greek Cypriot child was injured when a bomb was thrown at a passing vehicle.

An immediate curfew was ordered in the city centre until further notice.

Two persons have been killed and seven wounded by anti-British bombs and bullets in Limassol during the last week.

British troops and police made an unsuccessful all night search for the killer of the Briton shot Sunday.

A 34-hour curfew was lifted in Nicosia, capital of the Mediterranean island, this morning. It was imposed to keep down violence on the first anniversary of EOKA, Cyprus underground organization.

### Big 3 Disappointment Seen In Russian Plan

LONDON — (REUTERS) — The United States, Britain and France will tell Russia here Tuesday they are disappointed with its new disarmament plan, which calls for big cuts in the standing armies of the world powers, official sources here said today.

The plan was tabled here last week in the United Nations disarmament sub-committee. Representatives of the five nations on the committee — United States, Britain, France, Canada and Russia — Tuesday resume their negotiations to break the 10-year disarmament deadlock.

The British and French delegates will tell Andrei Gromyko, deputy Soviet foreign minister, that the absence from his new plan of any proposals to curb the atomic arms race has disappointed their governments.

Harold Stassen, the American delegate, is expected to criticize the scheme on grounds it does not give priority to a pilot project based on President Eisenhower's plan for mutual armistice to prevent surprise attack.

The United States opposes any attempt to bring about nuclear disarmament before international confidence has been built up through a trial plan. It also objects to the troop limitations suggested by the Russians.

These would limit the armed forces of Russia, China and the U.S. to 1,500,000 each and those of Britain and France to 650,000 men each. Stassen has offered to cut U.S. forces to 2,500,000 if Russia will do the same.

Anthony Nutting of Britain and Jules Moch of France will urge further consideration of their own joint plan for comprehensive disarmament. This three-phase program would start with a pilot project and the "freezing" of conventional forces on present levels and end with outlawing atomic weapons.

The only proposal for nuclear weapons contained in the latest Russian plan is one for ending hydrogen bomb tests.

This will be resisted by Britain, which is now developing its own H-bomb and intends to test it soon.

### Anticipate Rioting In Detroit Strike

DETROIT — (AP) — Michigan's violence-ridden milk strike, pitting dairy farmer against dairy farmer, entered the showdown stage today.

Some viewed the strike as crumbling, others anticipated riots or near-riots at outstate collection depots.

Milk trucks running a strike blockade to Detroit jumped to 112 Sunday. Only 20 made it Saturday. Three major Detroit creameries estimated they could make 60 per cent of normal home deliveries.

The strike entered its second week today.

It was called by the Fair Share Bargaining Association to support demands that the farmer's price of milk be raised from \$4.41 per hundredweight (46½ quarts) to \$6.50.

It is opposed by the Michigan Milk Producers' Association, which Sunday called off a threatened strike of its own. The MMPA said a majority of Detroit outlets had agreed to its demands for a \$5 price to farmer.

### Fire Destroys Electronics Firm In Garland, Tex.

Garland, Tex. — (AP) — A raging fire, spurred by a series of explosions, destroyed more than 80 per cent of an electronics equipment plant Sunday night.

Varo Manufacturing Co. officials immediately imposed a tight censorship for "security reasons." The firm makes airborne electronics equipment for the U.S. government.

Fire Marshal R. R. Flanagan said the loss would exceed \$1,000,000.

### Canadian Soldiers Detained

Iserlohn, West Germany — (Reuters) — Fourteen Canadian soldiers are in custody following a brawl between Canadians and Germans at a beer hall last Friday in which three Germans were injured, Canadian brigade headquarters said here today.

The soldiers were detained by German police and later handed over to Canadian military police who put them under guard at Camp Deilinghofen, near Iserlohn.

The Canadian spokesman said the brawl at the beer hall, which he described as "a notorious place" had nothing to do with a similar incident Friday night at a village near Iserlohn.

### Halt Race Towards Abyss Urges Pontiff At Easter

Vatican City — Reuters — The Pope, broadcasting his annual Easter Sunday message to the world, warned of the horrors of nuclear war and called on statesmen to halt the "race towards the abyss."

The 80-year-old pontiff declared that the peaceful use of atomic energy opens new and marvelous horizons to mankind. But other uses have been sought "and every day is a melancholy step forward on this tragic road," he said.

The world was almost losing hope of being able to arrest the homicidal and suicidal folly of a nuclear arms race.

"To increase the alarm and terror there have come modern radio-guided missiles, capable of traversing enormous distances, to carry thither by means of atomic weapons total destruction to men and things," he said.

"In order, then, that nations may be checked in this race towards the abyss, we once again

### Asks Inquest Into Death Of Witness

Quebec — (AP) — Francois Gravel, lawyer for Wilbert Coffin who was executed Feb. 10 for the murder of an American bear hunter, said Sunday he has asked the Quebec attorney-general's department to open an inquest into the death of a crown witness at Coffin's 1954 trial.

Mr. Gravel said he could not reveal at this time his reasons for requesting a coroner's inquest into the death of William Baker, 45, a Gaspe prospector, who died Feb. 24 at his Gaspe home.

According to evidence at Coffin's trial it was Baker who lent Coffin a truck in which he travelled to Montreal following the death of three American hunters in dense Gaspe peninsula bush.

Coffin was convicted of the murder of Richard Lindsay, 17, of Hollidaysburg, Pa. Found with young Lindsay were the bodies of his father Eugene, 47, and Albert Claar, 20, also of Hollidaysburg.

Mr. Gravel said he has also asked the attorney-general's department not to destroy or get rid of exhibits produced at Coffin's trial.

At Riviere-au-Renard, near Gaspe, district coroner Dr. Lionel Rioux said no inquest was held when Baker died because a medical certificate attributed cause of death to a heart attack. He added that to his knowledge no inquest is planned.

### Survivors Number 14, One Missing As Crash Occurs After Takeoff

PITTSBURGH — (AP) — A twin-engine TWA airliner with 33 passengers and a crew of three crashed and burned seconds after taking off Sunday night from Greater Pittsburgh airport. Twenty-one persons — possibly 22 — died.

There were 14 known survivors. The plane smashed into a hillside a little more than a mile from the airport's administration building and within minutes was reduced to burned debris. The pilot and co-pilot survived.

### Urges More Russian Cooperation

MOSCOW — (AP) — French Ambassador Maurice Dejean, speaking over a country-wide Soviet television and radio network, Sunday night urged French-Soviet co-operation for world peace. It was the second time in two weeks a representative of the Western powers was given such facilities to state his views. British Ambassador Sir William Hayter appeared on television March 19.

Officials estimated 3,000,000 Russians saw Dejean make a 20-minute address in French. Tens of millions listened on radios.

Viewers and listeners are asking when U.S. Ambassador Charles E. Bohlen will be heard and seen. He speaks Russian and the simultaneous translation which marred British-French productions would not be necessary.

Dejean went much beyond Hayter in stressing similarities of French and Soviet views. His speech was full of praise of French-Soviet unity.

### Investigating NY-Ont. Smuggling

Watertown, N.Y. — (AP) — The Jefferson county sheriff's office said Saturday night it has joined federal officials in investigating what appeared to be alien or contraband smuggling by airplanes operating along the New York-Ontario border.

Sheriff J. Lowell Fitzsimmons said the investigation has been under way about two months. Planes have been reported landing and taking off at night on Lake Ontario ice.

Fitzsimmons said the U.S. Air Force radar station at nearby Dry Hill has assisted in the search and its equipment has tracked the planes to and from Ontario.

### Terms Red Offer Trick

Singapore. — (Reuters) — Malaya's chief minister, Tengku Abdul Rahman, today rejected as "a trick" a new Communist offer to hold talks on ending Malaya's eight-year-old jungle war.

He answered the offer, made in a letter from Communist leader Chin Peng Sunday, by declaring at a press conference that he would meet the Communists only if they agreed to surrender unconditionally.

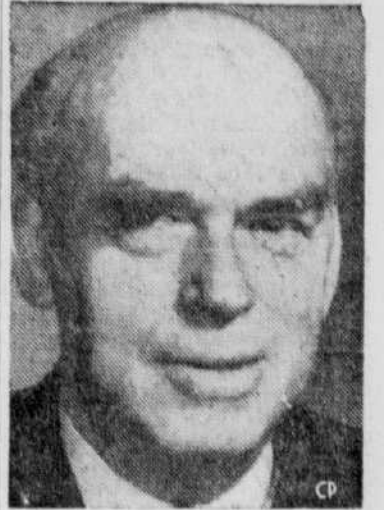

The Tengku prince said he will not reply to the letter because he did not receive it directly. Copies of it were sent to political organizations and newspapers.

Rahman, on a short visit to this British crown colony, said the letter was "a trick" by the Communists to get around a promise they made at the abortive peace talks at Balin, northern Malaya, last December. They declared that they would lay down their arms when the Tengku's government won control of internal defence.

After his talks in London early this year, when the British government promised Malayan independence by August, 1957, if possible, the chief minister broadcast a message urging the Communists to stop fighting the Malayan people.

At his press conference today the Tengku said the committee which plots strategy against the Communists is now working on plans for "an intensified general offensive."

Details of Chin Peng's letter have not been disclosed because of emergency regulations.

### CCF Member Dies; Was Nfld. Native

Ottawa — (AP) — Joseph W. Noseworthy, who was in turn a woodsman, miner, missionary, carpenter, teacher and member of Parliament, died Saturday of a recurring heart ailment complicated by pneumonia. He was 67.

The CCF member of the Commons for the Ontario constituency of York South entered hospital here last January for a few days after a heart attack. He returned briefly to his parliamentary seat and early last week re-entered hospital where he died.

The son of a fisherman, Mr. Noseworthy, a native of Lewisporte, Nfld., consistently championed the causes of better housing and the rights of labor.

His death leaves the standing in the 265-member Commons: Liberals 170; Progressive Conservatives 53; CCF 22, Social Credit 15; Independent 4; vacant one.

He entered the Commons in 1942, winning in a by-election against former Conservative leader Arthur Meighen. He was defeated at the 1945 general election but was returned to office in 1949 and 1953.

CCF leader M. J. Coldwell described his colleague as "a fine man and a fine member of Parliament and a very old friend."

As a young man in Newfoundland, Mr. Noseworthy worked in the woods and the mines and travelled the Newfoundland coast as a missionary for the Grenfell Mission, preaching, performing marriages and giving aid to the sick.

He arrived penniless in Toronto in 1910. The next day he got a job as a carpenter and worked his way through University of Toronto and the Ontario College of Education.

He was married and had three children. Funeral services will be held in Toronto Tuesday.

### Bowater Walkout

### Weeklong Strike Ends As Machinists Return

CORNER BROOK, Nfld. — (CP) — Machinery at the big Bowater's Newfoundland Pulp and Paper Mills, Ltd. was to roll today for the first time since machinists struck last week because they wanted a production manager fired.

The walkout, which started March 25 and affected 1,800 employees at the world's largest integrated pulp and paper mill, officially ended last Saturday when members of Local 1567, International Association of Machinists (AFL-TLC) agreed to return to their jobs.

Neither company nor union officials would give details of the settlement. The men had quit to back demands that sulphite production manager Albert J. Roche be dismissed.

Reports from the workers indicated the union accepted an earlier company offer to keep Mr. Roche at the plant without supervisory control over the machinists. It is believed millwrights would again be placed on a round-the-clock shift. The machinists protested when Mr. Roche put millwrights on day work only.

A total of 182 Bowater machinists struck. Four non-striking unions with 1,600 members refused to cross the picket lines despite requests from union presidents to do so.

Storekeepers and other businessmen were reported beginning

to feel a pinch with a big drop-off in the usually-heavy Easter buying. The men failed to receive a week's back wages, between \$100,000 and \$125,000, because members of the Office Employees International Association refused to cross the lines to make up the payroll, a three-day job.

The six-day walkout was felt as far away as Atlanta, Ga., where two newspapers announced a reduction in advertising space as their newsprint supplies ran low. The production loss was estimated at \$930,000, or \$150,000 a day. Lost wages brought the total to about \$1,030,000.

The only statement to date came from Albert Martin, Bowater general manager, who said Saturday night:

"The strike has ended; the plant will open Monday."

## Bird Club Hears Address On Arctic Wildlife

Mr. McLaren, a member of the Arctic Unit of the Fisheries Research Board of Canada, was guest speaker at a meeting of the St. Francis-Massawippi Bird Club held in Bishop's University recently.

Speaking on "Birds and Sea Mammals of the Canadian Arctic" Mr. McLaren recounted his experiences on the research vessel, "Calanus", illustrating his talk with slides of arctic wildlife, as well as of vegetation and terrain.

His bird photographs included closeups of many of the uncommon and spectacular shore birds that are occasionally seen during the migration to the far north. There were photographs of curlews, godwits, phalaropes and the golden plover which is contender for the title of non-stop long distance flier in the bird world.

The annual meeting and film night of the club will be held on Thursday, April 26. Spring field trips will be announced shortly. C. P. Grant, wildlife photographer, will be a guest at the next meeting of the club to be held at the Lennoxville High School, on May 5.

## That Popular Subject — Weather

Could it be that the winter is finally showing signs of wear and tear? Or was yesterday's beautiful Easter Sunday to be taken with a grain of April 1st salt?

The old-timers will tell you that the winters aren't as tough as they used to be and for many years their mutterings have won support from popular science writers. We've been told that the world's climate has been slowly getting warmer and that the polar ice is melting.

But recently a dissenting voice has been heard. Meteorology Professor Hurd Willett of the Massachusetts Institute of Technology says the next half-century will follow a reverse trend, even though it be considered

only a minor dip on a "million-year" graph.

The next half-century, he says, will find weather becoming moister and colder, with lots of snow and ice. Tropical hurricanes, he predicts, will make fewer excursions into northern climes.

We find these contradictory theories rather confusing. We would, in fact, have much preferred it had Professor Willett just let us go on blissfully misguided in the belief that within a few years Canada's supply of domestic oranges, grapefruit and coconuts would have made this country self-sufficient in these products.

Ah, well, we still have the best maple syrup!

## Joint Rule Is Best

"Woman is not equipped to head the family unit," Dr. John R. Cavanaugh, an American psychiatrist told a National Catholic Family convention in Boston. "Man must accept this responsibility for which he was designed by God and Nature," he added.

So there it is. When junior trespasses the bounds of decorum, don't pass the buck. Stand up and take your responsibility like a man, and don't blame the wife.

Dr. Baruch Silverman, director of the Mental Hygiene Institute of Montreal heartily disagrees. He says "It is true only in certain circumstances. There is ample evidence of women who have brought up families in a most adequate fashion."

So, there it is again. There are women lawyers, doctors, and members of parliament. Women can accomplish excellent work in any field of endeavor, so why not as head of the family?

The Rev. Norman Rawson, of St. James United Church, Montreal, said, "Unquestionably man must head the home, but not as a dictator." He's got something there. Man is the natural leader in the house. He can say whatever he likes, but he can't always count on an appreciative audience.

No doubt a father is more suitable for raising sons, but he may, and perhaps does have difficulty raising daughters. He may be able to show sons how to become big, and strong, and bellicose, but he can have difficulty teaching a daughter quiet and gentleness.

The family responsibility seems to fall on both husband and wife. They both have specific duties to perform, and the happiest families are those which are ruled by both parents. They should both accept responsibility, for it is not doing what they like that counts, it is liking what they like to do.

## Conventional

The curious thing about cross-country jaunts and conventions is that the people who take part in them usually end up in a hotel room, tilting a sociable glass.

And hotel rooms everywhere are very much alike. A hotel room in Vancouver is very similar to a hotel room in Sherbrooke. A hotel room in Jasper has much in common with a hotel room in Halifax.

Ice cubes in a glass tinkle in much the same fashion everywhere. Well, they may go "ping" in one town and "pong" in another, but it takes a keen musical ear to catch the difference.

The hotels operated by the great transportation companies provide their staffs with the same smart uniforms from coast to coast.

For this reason, delegates to conventions sometimes feel that the elevator girl is the same one who pilot-

ed them between floors in their hometown hotel, 1,000 miles away.

But sooner or later, a pioneer among convention delegates looks out a window and sees a mountain which he doesn't recognize.

"Who put that thing there?" he mutters suspiciously. And then he remembers. "My gosh," he says, "We're in Banff." Or "my gosh, we're in Montreal."

With this reminder, he and his fellow-travellers start discussing the differences between this town and home. The people who have observed little beyond the pattern of the wallpaper join in the discussion with the loudest voices.

Then they all go out and have some Chinese food, which is the same in Montreal, New York, Calcutta, Shanghai and Sherbrooke.

## Abigail Is A Hockey Star

Brandon Daily Sun

Somewhat the story of nine-year-old Abigail Hoffman, the Toronto girl who won a place on an all-star hockey club in that city, appeals as one of the most heart-warming in years. Determined to play hockey, she put in her application along with hundreds of boys. That she signed her name "Ab," probably fooled the officials. When she was assigned to a team, she promptly became a star as a "defenceman." She always came dressed in her hockey garb, and ready to step out

on the ice for play. No one suspected her sex, and her parents, noting her enthusiasm, kept the secret from the league.

"Ab" was popular in her league, and the calibre of her play won a place on the all-star team, which annually plays for the Ontario Society of Crippled Children. There were some red faces among her fellow-members on the team when it was learned that "Ab" was really a girl, but they certainly respected her ability to play hockey, and asked her to stay on. It

was a foregone conclusion that surrounding publicity given this delightful hockey story brought in several thousand more spectators, and boosted a worthy fund.

For Abigail, it has been an exciting time. Over the weekend she was outfitted with new hockey equipment for selling \$30 worth of tickets for the Little Leaguers hockey jambo-ree in which she will play. She played a game and helped her club to a 5-0 win by getting an assist. She then skated on the ice of Maple Leaf Gardens as mascot for the St. Catharines Tee-Pees of the Ontario Junior Hockey League, and gave a solo skating exhibition between periods at an O.H.A. senior game. Later she climbed high up into the Gardens gondola for a hockey interview.

Apparently "Ab" has a sensible head on her young shoulders. She's overwhelmed, of course, by all the publicity, but she has taken it all in her stride. For a girl moving into grade four next year, she has received a very early start in the field of publicity. We hope that she can continue her hockey career, for a time at least. She triumphed in a sport in which girls rarely compete, but there always have to be pioneers in these matters.

Who knows but in 10 or 12 years time, Abigail may be the first girl player in the National Hockey League!

## Jingle Of Gold Coins

Windsor Star

It is more than passing strange that gold, once the most precious of metals, now is a most neglected mineral. Nations may welcome it to balance their international payments, and it can be used in rings or other jewelry. But now it is seldom used even in such a menial manner as the filling of teeth, let alone as coin of the realm.

The price is pegged at a level not commensurate with other inflated values. No one wants to raise the price because no one has much need of gold. The United States, which sets the price, buys it only to bury it in caverns in the earth. Caught between increasing costs of production and the pegged price of the commodity, our gold mines are having trouble despite a

federal subsidy. Internationally suggestions are made that gold be used as currency, made into coins. This has a romantic appeal. The idea of having a gold coin in the pocket, even if only a tiny \$10 piece, has enchantment.

But it is a hard world in which we live. Such coinage could be melted down by unromantic people and the gold sold at a profit on the open market. Because, in the Orient and certain parts of the world, gold still is accorded the respect it no longer possesses here.

Workaday minerals such as iron, nickel, asbestos and, of course, uranium and oil, now have a greater essential value to a country than gold. A once proud metal has lost much of its importance.

### The Townshipman

#### OF BROOKS AND BABIES

I had lived in the Townships about fifteen years before I realized that a brook within twenty minutes' drive of my house had trout in it. It is an accessible stream, and overfished, so it never provides a good catch in size or number, but if you do not care too much about how big or how many, it is a delightful brook to fish.

One spring, thanks to my infant son, I got to know and love the stream. My son's assistance took the form of awakening every morning at five and howling for his bottle. I would stagger out of bed, heat it up, pour it in (how self-controlled one must be, knowing that the more slowly it goes in the more surely it stays down), put him back to bed, burped and beatific, and then I would bust out to beat the brook for an hour or so before breakfast.

Clear rapids over clean gravel, pools where the current circles under dark cedars, alder thickets arching overhead, the bane of a fly-fisherman, and long down shadows on the dew-drenched grass — what a place to start a day in spring!

Since that spring, however, I have not been up and out so early or so often, and I feel effete and ashamed. I need some impetus to get me going. It is a bit late to arrange for another bottle baby by this spring, but it might be planned for next.

#### 'NO PREMIUMS'

Millwaukee Journal  
American business, we proudly note, hasn't lost its daring. A bold manufacturer of breakfast cereals is flying full in the face of the moppel set by dropping from its cartons all the coupons to cut out for space planes, magic rings and junior sheriff badges. Not only that, it is plugging the innovation with a message on the side of the box headed: "Look, Ma. No Premiums."

#### TOP TRUMP IS DUMMY ENTRY

When today's hand was played in the recent Life Master Individual Tournament, most declarers made four spades. One or two of them failed, since the hand presented difficulties.

In one case, for example, South won the first trick with the queen of diamonds and led the queen of spades for a finesse. When that held, declarer foolishly led another trump to dummy's ace.

South returned to his hand with the ace of diamonds to lead a club. West played low, and dummy won with the queen. South got back to his hand with the queen of hearts and led another club.

This time West stepped up with the ace of clubs. He cashed the king of spades and led another heart, whereupon East took two heart tricks to defeat the contract.

South went wrong at the third trick. Instead of leading a trump to the ace, South should switch to clubs. West must play low, and dummy wins with the queen. Now South gets back to his hand with the ace of diamonds to lead another club.

West must step up with the ace of clubs, of course, but he can do nothing to defeat the contract. Nothing can prevent declarer from reaching dummy with the ace of trumps, and then declarer can discard a heart on the king of clubs.

The important point is to leave the top trump in dummy as an entry to the vital second trick in clubs.

## Kiwanians Will Join Legion For Plaque Unveiling

Waterloo — Members of the Waterloo Kiwanis Club held their weekly meeting in the National Hotel with the president, Tom Wilkinson, in the chair.

Charter President Pete Gunter made an appeal for additional member support to the Yamaska Conservation Association, stating the work this organization was doing coincided with Kiwanis ideals and that more members meant more strength and more support.

It was also agreed that the club would provide vegetable and flower seeds for the children's gardens of the high school. This has been the practice of the club, working with the Frost Village Farm Forum, for the past number of years, and interest in this project has been growing each year.

At the next meeting Rev. Dan Mitchell, of Montreal, a former charter member of the Waterloo Club, will deliver his Easter message. It is expected 20 members of his club, St. George, will accompany the speaker for the inter-club meeting.

The following week, another joint meeting will be held at the Legion Hall, when the Legion will join the Kiwanians in a ceremony of unveiling a plaque to the memory of the late Joe Macdonald, who was both a fine Kiwanian and a member of the Legion.

It was through Mr. Macdonald's generosity that the land on which the Legion Hall now stands was given to the Legion. The speaker for the occasion will be former Kiwanian and Legionnaire now of Sherbrooke, Walter Readshaw, and Charter President Pete Gunter will do the unveiling.

Kiwanian Wes Parkes distributed the first order of electric light bulbs at this meeting, and plans were made to increase the sales. The club makes a generous profit on the sale of the bulbs, and it is hoped to canvass the entire town at an early date.

**Immediate Past President** A. Grainger announced that a Blood Donors' Clinic will be held in St. Luke's Anglican Church on Tuesday, April 3, from 1 p.m. to 5 p.m. only. A total of 150 donors at least is required for the clinic and it is hoped that the town will turn out to make this a success. Waterloo has fallen behind in their blood donations in past years, and this is an opportunity to make up for past laxness. The need for blood is urgent.

A discussion was held on the possibilities of organizing a curling rink in town. The decision, however, does not rest with the Kiwanis Club, who are individually interested in the possibility, but operation of a curling rink is not an undertaking for a service club. They can, nevertheless, stimulate interest in the sport and lend their individual support.

This question will be discussed further and more fully at a later date. There is a strong possibility that the Kiwanis Club will arrange for a town-wide meeting when curling will be the only topic up for discussion. It is hoped that this possibility may develop into a reality before too long.

## OBITUARY

## THOMAS SURTEES, OF SUTTON.

Sutton—It was with deep regret that the many friends of Thomas Surtees learned he had passed away at his home on March 7 after a short illness. Mr. Surtees was born in Scotland February 20, 1888, the eldest son of the late Thomas Surtees and his wife, Isabella Hedley.

He came to Canada in 1910, and in 1917 was married to Miss Harriet Sears, who survives him. They had one son, Lancelot, who died at the age of three.

Mr. and Mrs. Surtees moved to St. Albans, Vt., in 1923, where he was employed as stationary engineer of the Green Mountain Packing Company. On his retirement in 1953, Mr. and Mrs. Surtees moved back to Sutton.

He was a member of the Church of England, Sutton Valley Lodge, I.O.O.F., the Sutton Masonic Lodge, and Bellevue Rebekah Lodge, St. Albans, Vt.

## Simply A'maize

In the sugar bush country --- Ontario, Quebec and the Maritime Provinces --- disappearing patches of snow and creeks and ponds bursting their coats of ice mean the maple sugar season will soon be at its height. Even in the kitchen you can have a hint of the great outdoors when you bake this new-style Corn Bread in an old-fashioned skillet. This Corn Bread is a delightful companion to syrup whether it's fresh from the maple tree or --- since it's spring, go fancy free and try it with any kind of syrup or fruit if you like. Blueberries are especially nice. Or if you prefer you can serve this Corn Bread as your main course topped with creamed chicken, ham or chipped beef. Just add a tossed green salad, dessert and coffee and the meal is complete.

The cup of sweet milk which is poured over this Corn Bread just before it is popped into the oven forms little pockets of custard throughout. It's a delicious and different quick bread that will brighten any menu any time of the year.

### CUSTARD CORN BREAD

2 eggs, well-beaten, 1/2 cup granulated sugar, 1 cup sweet milk, 1 cup sour milk, 1 teaspoon salt, 1 teaspoon baking soda, 2 teaspoons making powder, 1 1/2 cups cornmeal, 1/2 cup sifted all-purpose flour, 2 tablespoons butter, 1 cup sweet milk (to be poured over batter).

Preheat oven to 400 deg. F (hot). Gradually add sugar to beaten eggs and continue beating until light and fluffy. Add 1 cup each of sweet milk and sour milk. Sift together salt, soda, baking powder, flour and add cornmeal. Add dry ingredients all at once to liquid ingredients and stir just enough to mix. Melt 2 tablespoons butter in a cast iron skillet approximately 9 inches in diameter. Pour batter into skillet containing melted butter or margarine. Then pour remaining cup of sweet milk over the centre of batter. Do not stir. Bake in preheated oven for 40 minutes, or until a knife inserted in centre comes out clean.

## Women Have A Language Hard For Men To Fathom

By RUTH MILLETT

Poor men. No wonder they claim they don't understand us. We women have so many pat, general statements.

When a woman says, "I haven't a thing to wear," she may mean any of a number of things. It might be that she is literally down to one decent outfit. It could be that she considers she hasn't exactly the right dress to wear to a certain party. Or she may mean that she has a closetful of clothes, but not a thing that her crowd hasn't seen.

When a woman says to her husband, "You've simply got to do something about Junior," she may mean she wants Junior's father to give him a good paddling. She may have a man-to-man talk in mind. On the other hand, she may just be dodging responsibility for the fact that Junior is in trouble with the neighbors.

When a woman says she is going to "fix up" the living room she can mean anything from a new slip cover for the sofa to

calling in a decorator to start over from scratch.

When a woman admits she promised not to "tell a soul" she may interpret the command to mean that she mustn't tell anyone but her husband.

Then again, it might be anyone but her husband and her closest friends. Or, perhaps, it's anyone she likes if she also cautions them not to tell a soul.

When a woman says she is going to "have a few people in," she may mean she is inviting two or three couples or a hundred or so guests. To a woman, "a few people" is a vague number, depending on such factors as the size of her house, the size of her husband's income, the height of her social ambitions or the number of people she "owes."

Women intuitively know just what another woman means by these vague terms. But some men live with the same woman for years without being able to figure out what she means by what she says.

### STUDENTS' CAMPAIGN

At a special meeting of the Waterloo High School Students' Council under the chairmanship of the president, Marilyn McKergow, it was decided to launch a salesmanship campaign within the next few days throughout the entire district of Waterloo.

The campaign gives school an opportunity to raise funds for many extra-curricular and worthwhile activities, which are not always provided for in the annual school estimates.

Such items as extra sports and athletic equipment, movie projectors, band equipment and uniforms where applicable, along with many other worthy objectives are assisted by funds raised in this manner.

# Canadiens' Third Period Outburst Gives Them Four Goals And 6-4 Win

**We Sure Blew It In The Third Period, Says Coach Jimmy Skinner; Everything Went Wrong No Matter What We Tried**

MONTREAL — (CP) — There was surprising calm in Montreal Canadiens dressing room Saturday night despite the four-goal outburst in the third period that brought a 6-4 victory over Detroit Red Wings in the first game of the best-of-seven Stanley Cup final.

Coach Toe Blake couldn't forget the first two periods when his Canadiens "played the worst hockey they have turned in all season — and what's more we gave Detroit three of their four goals."

But Blake switched to praise for Jackie Leclair and said the turning point in the game came when Leclair scored the first goal of the third period-drive that finally shot Canadiens out in front.

Jean Beliveau, whose back-hander broke a 4-4 tie, and his linemate Bert Olmstead figured

that "four goals against us in one game is far too many."

In the Detroit dressing room coach Jimmy Skinner said flatly: "We sure blew it in the third period."

"Everything seemed to go bad with us all of a sudden, no matter what we tried or did," said Skinner.

At the same time he thought his Wings played a good game — better than in any of the games in the Cup final in Montreal last year when they lost all three and won four in Detroit.

Skinner said he thought his team would benefit by the rest before the second game here Tuesday.

Red Kelly, injured in the cup semi-final series with Toronto Leafs, wore a mask throughout Saturday's game to protect the mouth injury that cost him three teeth.

## Ben Hogan, Sam Snead, Bing Crosby And Bob Hope Invited To take Part In Labatt Open At Quebec In July

Ben Hogan, Sammy Snead, Bing Crosby and Bob Hope have all been invited to play in the 1956 Labatt Open which will be held on the marvelous course of the Royal-Quebec Golf Club, July 12 to 15 inclusively, revealed Jean-Paul Fortin, co-chairman of the tournament and president of the Royal-Quebec, second oldest golf club in Canada. "We anticipate an answer from these four great personalities of golf and screen within a few days and we surely 'Hope' that they can all make it to Quebec."

The Labatt Open, whose purse of \$26,800 is the richest in Canada, has always been a drawing card for the best professional golfers in Canada and the United

States. Once again the great majority of them will meet and play at Boischatel. Slamming

Sammy Snead has never missed a Labatt Open in the three years of its existence, having played twice at Summerlea in Montreal and once at Scarborough in Toronto. When he left Montreal last summer, he emphasized the fact that he would like very much to be back in 1956.

The summer of 1956 will mark the first appearance of this great master of golf in Quebec City and I have not the slightest doubt that his tremendous popularity will but grow to a greater extent," added Jean-Paul Fortin.

"I am under the impression that even though Ben Hogan has officially retired from active duty on the circuit only to play in a few tournaments of his choice, Bantam Ben will not hesitate to accept if he can spare the time to get away from his golf manufacturing business or maybe a fishing trip with Ted Williams, of the Boston Red Sox."

In the case of Bing Crosby and Bob Hope, the two best known comedians in the world of entertainment, it is quite possible they shall both accept to play in the Labatt Open because all proceeds will go to the charities of the different social clubs in Quebec, once the budget has been met," explained Mr. Fortin.

It is interesting to note that Ken Murray, former C.P.G.A. president and former professional at Royal-Montreal, who has acted in the past few years as manager for the Labatt Open, has sent a personal invitation to each of the 200 odd professionals actually playing on the American circuit. He has also invited the leading Canadian golfers who follow the golf trail south of the border.

Bond lost his right arm in a factory accident when he was only 19. "I played two soccer games after losing my arm," he said, "but it was no good—the balance was gone."

Bond has been a first-class referee for 13 years and for the last five years has been on the international list.

A crowd of 100,000 will watch him in action at Wembley May 5 in the Cup final between Birmingham and Manchester City.

## Sherbrooke Regiment Wins Shoot From Air Cadets In Inter-Unit Competition And Disc Breaking

The Sherbrooke Regiment (12th Arm'd Regt.) staged their third inter-unit shooting competition at their indoor range when they played hosts to the 67th Rotary Squadron Air Cadets.

The Regiment team met a very keen group of boys from 67 Rotary Squadron Air Cadets who gave their more ancient competitors a good run for their money.

The main match consisted of three targets for each man, the first being his sighter and not counted for score, and the remaining two to be counted for a possible score of 25 each or a total of 50 points for each marksman.

The day ended with the disc-breaking competition and the main feature of the afternoon. Two members of each team shot simultaneously at separate sets of fine breaking discs and the first team to break all the discs is the winner. Standings in this competition were:

WOJ J. Gardiner and Cpl. J. Bourque, 4; W. Rich and E. Lee, 0. — Major D. W. Ward and TQMS Povey, 0; K. Thibault and B. Smith, 2; Cpl. R. Reid, 0; B. Girard, 1.

The competitions are in the interest of furthering good shooting within the locality and carry no rewards except the satisfaction of hitting the bullseye.

A great deal of credit is due Percy Gray, who coaches the teenagers of the 67 Rotary Squadron Air Cadets, and gets great personal satisfaction out of seeing "his boys" prove themselves as marksmen as they did Sunday afternoon. The boys themselves are keen shooters and apply themselves to the business like veterans.

The final standings were as follows:

**67 Rotary Sqn Air Cadets**  
K. Thibault 23 21 44

The final goal at 9:50.

A goal by right winger John McLellan in the second overtime period Sunday night gave Cleveland Barons a 5-4 victory over Pittsburgh Hornets and a 2-1 lead in games in their best-of-five American Hockey League semi-final series.

The 20-minute sudden death overtime period was called after both teams failed to score in the first 10-minute overtime session.

Three Pittsburgh goals, including two by Joe Klukay, gave the Hornets a 4-4 tie late in the third period.

Bowie, Md. — (AP) — A Bowie race course official said Saturday word from Florida is that Swaps will not run in the \$100,000 added John B. Campbell Memorial handicap April 7.

Nashua, the California horse's rival, was declared out of the race Friday.

## Jackie Leclair Opens Rally As Canucks Come To Life And Bat Home Three Goals Within Two Minutes

MONTREAL — (CP) — Montreal Canadiens' famed scoring power, which showed signs of impotency for 45 minutes Saturday night, suddenly broke loose in all its fury and Canadiens rolled over Detroit Red Wings, 6-4 in the opener of the Stanley Cup best-of-seven finals.

The four-goal uprising in the third period was started and finished by the so-called checking line of Jackie Leclair, Floyd Curry and Claude Provost.

Between goals by Leclair and Provost, two of Montreal's big bombers — Bernie Goffin and Jean Beliveau — fired goals as Detroit's 4-2 lead vanished.

For two full periods the Red Wings were in command. The faltering Canadiens pulled into a tie twice and then sagged. Two goals by cagey Alex Delvecchio and singles by Bill Dineen and Ted Lindsay doubled the put-out of Beliveau — only Montrealer to score twice — and Henri "Pocket Rocket" Richard.

The 13,964 fans were almost ready to write off Canadiens in this first game. Red Wings' defensive work was a carbon copy of the style that stopped Toronto Leafs in the last game of the Toronto-Detroit semi-final Thursday night.

Then came Montreal's third-period drive and the Red Wings defence crumbled. The veteran Detroit defence pair of Red Kelly, who wore a mask to protect a face injury suffered in the Toronto series, and Bob Goldham, were tiring perceptibly and their mates began to flounder. When the tying and winning goals were scored the crowd broke into wild demonstrations.

Brawls and rough play predominated in the first period. The only goal of that 20-minute stretch was scored by Delvecchio, while Maurice Richard was serving the second of his three first-period penalties.

Metro Prystai was serving a Detroit penalty when Beliveau counted early in the second period.

## Ronnie O'Keefe Named To All-Star Eastern Intercollegiate Hockey Squad; Top Scorer At Middlebury

RONNIE O'KEEFE

Middlebury, Vt. —Middlebury College's hockey ace, Ron O'Keefe, has been named to three "All" teams following the recent meeting of the American Hockey Coaches Association.

The slim Sherbrooke, Que., forward was named to the All-Tri-State League team, the All-East first squad and the All-East Small College first squad. League-leading Clarkson Tech placed four men on the All-Tri-State League team, while R.P.I. placed two and Middlebury and St. Lawrence one each. The All-Tri-State League team — Goal: Bill Sloan, St. Lawrence, and John Stopen, R.P.I.; defense, Art

Smith and Al Ziebarth, Clarkson; forwards, Ed Rowe and Tom Meeker, Clarkson, Gary Kearns, R.P.I. and O'Keefe. Tie votes accounted for the extra goaltender and forward. Middlebury defenseman Rolie Schopp of Sheffield, Mass., received honorable mention on all three teams while Mac Binning of Montreal and Hugh Marlow of Brookline, Mass., were given honorable mention on the All-East Small College squad. At the same meeting, Middlebury's hockey coach and director of intercollegiate athletics, Walter J. (Duke) Nelson, was continued in office as president of the American Hockey Coaches Association.

## Queen's High Veldt Gallops Off With First Of Season's Classic Trials; Wins 2,000 Guineas Stake

London — (P) — Racing had a royal touch Saturday as the Queen's High Veldt galloped off with the first of the season's classic trials, and two regally-named horses won at minor meetings.

High Veldt, a chestnut colt by Hyperion out of Open Country, won the seven-furlong 2,000 guineas trial stakes at Kempton Park, upsetting Lady Wyfold's even-money favorite Rustam. High Veldt paid 5 to 2.

It was a case of history repeating itself. In the same race last year the Queen's Alexander smothered the hot favorite Our Babu, only to have Our Babu win the guineas a month later, with Alexander "miles away" at the finish. Rustam headed the English two-year-olds in 1955, and never lost a race. He had been the winter-book favorite for the guineas, to be run this year May 2 but his price will lengthen considerably now.

For hunch-bettors, the royal touch was completed by the victory of a horse appropriately named Gracious Queen at a Northern track, and of a jumper named Royal Result at Plumpton.

## Archie Moore Lines Up Two

San Diego, Calif. — (AP) — Lightweight champion Archie Moore has lined up two fights for mid-April. They are expected to be his last in the U.S. before he leaves for London and a 15-round title fight with Yolande Pompey in late May.

Both will be non-title scraps at 10 rounds. One, in Salt Lake City April 19, will rematch Moore with Frankie Daniels of Bakersfield, Calif. Moore took a decision over Daniels in Hollywood two weeks ago.

The Daniels fight will follow within three days of an April 16 match in Seattle. His opponent there hasn't been picked yet.

## Coaticook Carpet Bowling League To Hold Tournament April 6 And 7

Coaticook — Plans are now complete for the carpet bowling tournament, which will be held in the Coaticook High School auditorium on Friday night, April 6th, and Saturday afternoon, April 7th. The event is being sponsored by the Coaticook Carpet Bowling League, of which Cecil Akhurst is president.

On the closing registration date, 23 teams had shown their intention of taking part in the contest. Max Covert, secretary of the league, believes that a few more teams may yet be entered and if their applications come in shortly they will be included.

The schedule, as drawn up by the committee, ensures that each team will play at least three games, possibly more if a team gets up to the playoff spot. Six cups, trophies or shields will be played for, as well as several individual awards.

Recognition will be made of the single game high score and the three-game high score. The trophies will be awarded at a turkey banquet on Saturday night in the United Church hall, to be arranged by the ladies of the W.A.

The public will be allowed to watch the games at the High School on Friday or Saturday although space for spectators will be limited, due to the fact that the number of carpets in use at once will require considerable floor space.

### DEATH OF PAUL BRUNET

Mr. Brunet had not been feeling well for some time and had recently returned from the Sherbrooke Hospital, where he had spent several days undergoing tests. He was taken with an acute thrombosis attack during the night and passed away before help could be summoned.

Mr. Brunet was an enthusiastic sportsman and was the past president of the Stanstead County Fish and Game Club. When his health permitted he had been an active member of the Coaticook United Church choir and other church work. He was a member of Victoria Lodge, I.O.O.F.

At the time of his death he was an employee of the firm of D. S. Bachand, of Coaticook.

The judge also vacated a temporary stay which has permitted the club to continue to promote the TV bouts from the St. Nicholas Arena.

DRY-FLY FISHING IN SWIFT CURRENTS

WHEN STREAM FISH ARE FEEDING IN SWIFT, WHITE WATER, OR BELOW A FOAMY WATERFALL, THEY MUST GRAB BITS OF FOOD QUICKLY BEFORE THEY'RE GONE WITH THE CURRENT. THUS, FISH HAVEN'T TIME TO INSPECT ARTIFICIALS CLOSELY AND THEY OFTEN HOOK THEMSELVES WITH THE HARD STRIKE. USE A DARK FLY—ABOUT TWICE NORMAL SIZE—SO FISH CAN SPOT IT QUICKLY. A DRAG IS LEAST ALARMING HERE.

## Twists Ankle Sliding Into Second Billy Loes Leaves Club For Hospital; Newcombe Walloped 13-2 By Senators

If many more injuries pop up among Brooklyn's Dodgers they may have to defend their National Baseball pennant and world championship by proxy.

The latest casualties are righthander Billy Loes, so depressed by a chronic arm condition he says he may "go home and quit baseball," and outfielder-infielder Sandy Amoros, laid up for a week with a badly-twisted right ankle.

Loes probably won't make the trip north with the club from Florida. He will take hospital treatment instead. But Billy adds "They've been taking X-rays of my arm for two years and haven't found a thing."

Loes had the same shoulder trouble in the second half of the 1955 season, which he finished with a 10-4 record. He had been figured as a starter by Manager Walt Alston.

Amoros was injured in Brooklyn's 4-3, 11-inning victory Sunday over Chicago White Sox. He twisted the ankle sliding into second base.

Also on the shelf is Don Bessent, 25-year-old righthanded reliever. He was sidelined for two or three weeks—the campaign starts in two—after removal of a blood clot from his stomach wall.

The walking wounded include Capt. Pee-wee Reese, 36-year-old shortstop, who has an aching back, Duke Snider, with muscular pains in stomach and back, and sore-arm pitchers Karl Spooner and Carl Erskine.

Spooner, in his first appearance of the spring, stayed around only one inning Sunday. He gave up two runs.

Brooks won the game on a single by rookie Gino Cimoli off Sandy Consuegra that scored Gil Hodges, who earlier smacked a three-run homer off rookie Bob Fischer.

The Brook "B" team lost 13-2 to Washington. Big Don Newcombe on the mound for the Bees was tagged for two three-run homers.

Detroit Tigers battered Boston ace Frank Sullivan while

whipping the Red Sox 6-3. Harvey Kuenn started two three-run Tiger rallies with singles. Ted Williams, in the Red Sox lineup for the first time since March 13, had a single in four trips. He had been out with a groin injury.

Mickey McDermott, the hoped-for starter New York Yankees acquired from Washington, went a full nine innings for the first time this spring and set down St. Louis Cardinals 5-2 on six hits. The Yanks had lost five straight.

Herb Score, the southpaw swift and strikeout king of Cleveland Indians, breezed through five innings to beat Baltimore 5-3. Score gave just one hit and upped his strikeouts to 13 for 17 innings. The Indians took the Cactus league crown—vs the Giants, Cubs and Orioles—with a 14-8 mark.

New York Giants thumped Chicago Cubs 7-2 with Dusty Rhodes, Daryl Spencer and Gail Harris smacking homers in a five-run first inning. Johnny Antonelli held the Cubs to three hits in seven innings. One was a homer by Pete Whisenant, traded Friday to Cubs by the Cardinals for Hank Sauer. Bob Friend became the first Pittsburgh pitcher to go nine innings. He allowed Kansas City Athletics only four hits as Pirates won 8-1.

Rookie catcher Joe Lonnett delivered a bases-loaded single in the ninth to give Philadelphia Phila a 6-5 decision over Cincinnati.

Jim Pendleton hit a three-run homer for Milwaukee as Braves beat Atlanta of the Southern As. sation 10-2—with eight runs unearned.

# Quebec MAKES NEWS

Even from outside the Province an overwhelming new victory is predicted in Quebec for the National Union Government and its leader, the Hon. Maurice L. Duplessis.

Here is what some publications have to say about it:

"Quebec held its last provincial election in July, 1952. This province which traditionally sends an overwhelming majority of Liberals to Ottawa, gave the National Union of Premier Maurice Duplessis sixty-eight of the ninety-two seats in the Provincial Legislature. There is every indication that Mr. Duplessis will do as well or better this summer."

Raymond Daniell,  
New York Times, February 26, 1954.

"We would still prophesy that if or when Mr. Duplessis holds his election he will come back with a bigger majority than he has now."

The Ottawa Journal, January 21, 1956.

"Duplessis' return is a virtual *Fait Accompli*. Who can doubt that Premier Duplessis will do it again when the provincial elections come next spring? There is nothing in sight which would indicate that Maurice can be beaten by any combination... Duplessis has now been in power since 1944, longer than most other premiers..."
