## Kidnap saga ends as victim recovered

**THE WORST IS OVER** — That was the message suggested to journalists yesterday afternoon at a press conference held at Gaston Blanchet's residence, Rock Forest, following the rescue of kidnap victim Mrs. Lena Blanchet. Meeting with the media are, left to right, Orford MNA Georges Vaillancourt, Gaston Blanchet, son of Mrs.

Blanchet, and Quebec Provincial Force Captain Robert Therrien, one of the officers in charge of the special investigation. Requests to meet with Mrs. Blanchet were refused on doctor's orders.

**SHERBROOKE** — Two men are expected to be charged in Superior Court here today in connection with the kidnapping of Mrs. Lena Blanchet.

Police found the men, and a tired but safe Mrs. Blanchet, in a farm house near Drummondville early Sunday morning.

The close-in meant the end of the five-day ordeal for the 63-year-old Rock Forest woman and her family, which began last Tuesday. The Quebec Police Force (QPF), meanwhile, are still investigating the kidnapping, including the possibility that there were connections between it and recent extortion attempts in the Montreal area.

Mrs. Blanchet, the wife of the founder of the Blanchet margarine enterprise Conrad Blanchet, was taken last Tuesday morning from her comfortable Rock Forest home.

During the days following, the family received a number of telephone calls, including the demand for \$1 million ransom to be paid for the release of Mrs. Blanchet. The QPF meanwhile deployed "Operation Filet" to find Mrs. Blanchet.

Mrs. Blanchet was found in the house, tired but safe. She was immediately taken to St-Croix Hospital in Drummondville for examination, and was soon released and brought back to the familiar surroundings and family in Rock Forest.

**RESTING AT HOME**  
She spent most of the day resting and talking to her family. Her doctors refused to let reporters or photographers get in to see her.

by the Magog River near Rock Forest, the son quoted his mother as saying that she was well treated by the kidnapers, and received from them the medicants she needed for her heart condition.

"My mother now seems to be in good health considering the ordeal she has just gone through," Mr. Blanchet said. "I believe that in a few days she will be in excellent health once again."

While being held captive, Mrs. Blanchet was kept blindfolded, and was guarded by one man. The room she was in was not ventilated, and hence was quite hot.

Mr. Blanchet said his mother did not recognize at all the men who held her for the \$1 million ransom for nearly a week, nor did she recognize their voices.

He added that nobody had gotten a hold of the ransom money, all in \$20 bills, that was collected.

### AUTHENTIC?

Asked how many phone calls had been received from the abductors of his mother, Mr. Blanchet only replied "many". He pointed out that it was always difficult to consider whether the calls were authentic, or from those other from the kidnapers who were attempting to get a hold of the loot.

The most suspicious case of this came Saturday with the receipt of a communique by the French daily Journal de Montreal, reportedly from Mrs. Blanchet's kidnapers.

Police are still unsure whether the communique

was really from the kidnapers, or from another group or simply a hoax.

Asked what could have been the motivation for the kidnapping, Capt. Robert Terrain of the QPF Criminal Investigation department said that so far in the case, police consider the kidnapers' only motive was to get the money.

As it is perceived now, he said, the act was not political in the way the October, 1970 kidnappings by the terrorist FLQ were.

Capt. Terrain, who was one of the leaders of Operation Filet refused comment on how many police personnel were involved, or how they did their work.

**"AN EXPERIENCE"**  
He did admit, however, that the case was "no doubt an experience".

Police ran Operation Filet from a windowless room in the Sherbrooke QPF headquarters. A Record reporter who managed to get a view inside the room early in the drama noted one wall with a blackboard, listing Mrs. Blanchet's physical features, and a list of names.

The communications system during the operation was most probably exclusive, avoiding use of regular QPF communication channels. Helicopters and tracking dogs were also involved, as were special teams brought in from the Montreal QPF center.

The Blanchet family, however, yesterday were thankful at the police's work in saving their fellow family member. "It's unbelievable what they have done," Mr. Blanchet said, speaking for

the family, that since this drama opened last Tuesday — St. Jean Baptiste Day — have in the subsequent five days managed to get very little sleep in.

Orford MNA Georges Vaillancourt, in Rock Forest for another engagement went to the ranch upon hearing of Mrs. Blanchet's return. At the press conference he too lauded the police for the work in the case.

The closing act began late Saturday night, when Mrs. Blanchet's eldest son, Gaston, was told by an anonymous telephone caller to drive with the ransom money collected to a hotel in St-Liboire, 40 miles northwest of Sherbrooke. There, he was told again by phone to go on with the money to the Motel 500 in Drummondville.

Following instructions given to him by the caller, Mr. Blanchet left the money in his white Cadillac Eldorado at the motel parking lot and checked into a room inside, at 2 a.m. Sunday. But upon returning an hour later, he found the money untouched.

Meanwhile, undercover police watching the area followed a suspicious car to the area where the farmhouse-turned-hideout was located, near St. Guillaume, 15 miles northwest of Drummondville. They proceeded to surround the building.

Finally, at 5:20 Sunday morning, two men, reportedly in their mid-30's, surrendered themselves to the police with no resistance. They were arrested and taken for questioning.

### Foster St. ravaged in Waterloo blaze

**WATERLOO (JM)** — A general alarm fire destroyed approximately one third of Foster St. here yesterday. A Waterloo police spokesman said the blaze began at Adam Lumber on the east end of the main street. The first alarm was rung in at 4:56 p.m.

The fire swept rapidly west along Foster to Bernier St. and was declared under control some five hours later. Firemen from Granby, Cowansville, Valcourt, Bromont and the town of Brome Lake came to the assistance of their Waterloo confreres. There were no injuries and none of the firemen suffered from smoke inhalation although the pall was visible from a distance of at least twelve miles.

The spokesman refused to estimate damages which destroyed at least 15 commerces, dwelling houses and apartments, however it can be assumed the damages will exceed \$2 million. No details are yet available on the number of persons left homeless.

The last major fire here occurred approximately two years ago when the Roman Catholic church was completely destroyed.

### Canada in focus

#### Trudeau taken ill

**OTTAWA (CP)** — Prime Minister Trudeau was expected to take today off from work to recuperate from a sore throat that brought him back from a Newfoundland trip early Saturday.

An aide said Sunday night the prime minister was at his Harrington Lake summer retreat resting. He said Mr. Trudeau was not expected in at work today.

Tuesday is, of course, the Dominion Day holiday, so his next public appearance would be Wednesday when Parliament resumes.

Mr. Trudeau Sunday cancelled attendance at Trest Saint-Redempteur Basilica in Hull for a mass celebrating the 100th anniversary of the founding of the city.

A doctor in Stephenville, Nfld., diagnosed Mr. Trudeau's ailment Saturday as an acute sore throat associated with a flu-type of virus.

#### 35 deaths

Six young persons killed in a four-car collision in Legal, Alta., 20 miles north of Edmonton, were among 60 persons who died accidentally in Canada during the weekend.

A survey by The Canadian Press from 6 p.m. Friday to late Sunday night showed 35 traffic deaths, 19 drownings, one fire death, a man struck by a train, a boy killed when a river bank caved in on him, a man killed in a two-boat collision, and two children who fell to their deaths from apartment building windows.

The traffic deaths, added to 35 during the week, bring the unofficial number of persons killed on Canadian roads this year to 1,433.

**FOURTEEN IN TRAFFIC**  
Quebec had 14 traffic deaths and 13 drownings. Ontario reported five traffic fatalities, five drownings, one man killed in a two-boat collision and the deaths of two children who fell to their deaths from apartment building windows.

Alberta had 11 traffic deaths and one boy was killed when the river bank caved in on him.

Manitoba had three traffic fatalities and one drowning. New Brunswick had two traffic deaths.

British Columbia had one fire fatality and Nova Scotia had one accidental death with the man struck by a train.

#### Prison guards alarmed

**OTTAWA (CP)** — Federal prison guards alarmed and angered by the slaying of four penitentiary employees in the last year say they will not work Wednesday unless government complies with the law on capital punishment.

The guards' union announced the decision Sunday and said that unless Prime Minister Trudeau or Solicitor-General Warren Allmand respond by noon Tuesday, "a national day of mourning for the death of our brother Paul Gosselin" will be held Wednesday.

If the 6,500 prison employees in the union take the day off, the more than 8,000 prisoners in 49 federal prisons will have to be guarded by soldiers or police.

Gosselin was shot to death Friday in Montreal while escorting a maximum-security prisoner to hospital. A second guard was shot in the stomach as the prisoner escaped.

Earlier this month Mary Steinhauer, an employee at British Columbia penitentiary, was shot to death as guards rushed prisoners holding her hostage.

### Boy, 11, dies

**ST. JOHNS (JM)** — Marc Brisebois, 11, of R.R. 1 St. Sabin died at the Richelieu General Hospital here Friday as the result of injuries sustained in an accident. Quebec Police Cowansville reported young Brisebois was riding his bicycle on highway 202 when he was hit by a truck driven

by Jacques Gagne, 27, of Venise en Quebec at Pike River at 10:30 a.m. June 27. A police spokesman said Brisebois was taken to the hospital where he later succumbed to internal injuries.

No date has yet been set for the coroner's inquest.

### Americans harassed by Laos Communists

**VIENTIANE (AP)** — Only 22 United States government officials remained in Laos today as Communist-led demonstrators continued to harass Americans and to occupy U.S. facilities.

About 20 embassy staff members were flown out during the weekend after youths and police of the Communist Pathet Lao took over the compound of the U.S. embassy's support facility, a vacant American housing area and the U.S. Information Service library and offices.

An embassy spokesman said the Americans were flown to Bangkok, Thailand. He said some would return during the next week and others might or might not come back.

Those who left included 10 marines of the embassy guard. Three marine guards and the embassy's military attaché, Lt.-Col. Leonard Wood, are the only American military personnel left.

**AWAIT DEVELOPMENTS**  
U.S. Charge d'Affaires Christian Chapman said he

and the state department were waiting to "see what happens in the next few days before taking further action."

The occupation of the compound deprived the embassy of vital maintenance and other support services, and some observers said they thought this might force the embassy to close.

However, the purpose of the latest anti-U.S. moves was not clear. Since taking control over the coalition government in the last two months, the Pathet Lao has pressured the U.S. into terminating its once-vast aid program and sharply reducing the embassy staff. But Pathet Lao spokesmen continue to say they want to maintain diplomatic relations with the U.S. and to get economic aid.

Meanwhile, the government of Thailand announced that a 39-man delegation led by Prime Minister Kukrit Pramoj arrived in Peking today for a five-day official visit.

### Street fighting claims 120 Lebanese victims

**BEIRUT (AP)** — Street fighting continued in this capital of Lebanon today, raising the toll to 120 dead and 486 wounded since last Tuesday.

United States and European residents were reported making evacuation plans after two Arab countries, Kuwait and Bahrain, advised their citizens to leave.

Palestine guerrillas, other Moslem leftists and right-wing Christian militiamen turned residential areas into a holocaust of exploding mortar shells, machine-gun bullets, rocket grenades and dynamite blasts.

Bombs started fires that destroyed commercial buildings in the central business district and wealthier residential neighborhoods in downtown Beirut and along the coast.

All banks and trading firms were closed in the Middle East's biggest financial and commercial centre.

Most city streets were blocked by armed gangs from one faction or another.

The harbor was paralysed and more than 120 ships were waiting to unload. The airport was open, but transportation into the city was perilous.

The new round of warfare began last Tuesday when Falangists beat up two Iraqis they said insulted a Lebanese girl.

Army troops guarded key government buildings, but there was no indication that they had intervened in the fighting.

Previously, only the police and paramilitary security forces actively tried to enforce a ceasefire, and they were hard-pressed just defending themselves.

Many Lebanese fled from the poorer Arab quarters in the eastern suburbs, the main combat zones.

Syrian Foreign Minister Abdel Halim Khaddam arrived for another attempt at peacemaking.

Premier-designate Rashid Karami met with President Suleiman Franjeh Sunday and pledged to form a cabinet to end the violence. Labor unions called a country-wide one-day strike in support of Karami.

Iraq asked for an urgent meeting of the Arab League in Cairo to take up the situation in Lebanon.

The street war began last April with a skirmish between Palestinian guerrillas and the Falange party's private army. More than 450 were killed before a ceasefire.

The new round of warfare began last Tuesday when Falangists beat up two Iraqis they said insulted a Lebanese girl.

The president, Wilmoth Rothney, brought the meeting to order and then called on Marion Laberee to lead the worship service.

As this was the 10th of June, Marion's topic — the inauguration of the United Church of Canada 50 years ago in Toronto was very appropriate.

All joined in singing one verse of "The Church's One Foundation," followed by a prayer. The scripture was read by Catherine Lowd. Marion then played a portion of a tape that was in the 50th anniversary kit stating one woman's impressions of Church Union. This was followed by the song, "There'll be Sunshine in the Morning," led by Marion, who then read a poem The Perfect Church. All joined in the Mizpah Benediction.

Mrs. P. Gaudine, our Quebec-Sherbrooke Presbyterial pres., in a short service, presented Mrs. Eva Page with a life membership pin from the Bulwer group. She stated that it was a pleasure for her to make the presentation.

The Roll Call was read. Marion suggested that in the future we answer with a Bible verse or suitable quotation.

The minutes of the last meeting were read and approved after a couple of corrections.

The treasurer read her report which showed a comfortable balance and all bills were ordered paid. Some correspondence was read, including thank you's for two plants.

Since the last meeting, four ladies had gone to the Dixville Home one day to deliver a box of slippers made by members, also a cheque for \$88.40 which was the collection from a special evening church service, designated for this home.

They were given a tour of much of the home and Catherine Lowd told the members something of how the Home operates. The children who are able, are kept busy and on a schedule, they seem happy and are well cared for. The Bulwer ladies were favorably impressed with this home.

Mrs. Lowd also stated that the Cecil Butters' Home is in need of used bicycles or tricycles. If anyone has an old tricycle or bicycle lying around not in use would they please phone Mrs. G. Lowd: 875-3204.

## Sweetsburg Court

Gilles Daigle, Rock Forest, pleaded not guilty to a count of possession of batteries valued at more than \$200 which he knew had been obtained through the commission of a crime in the District of Bedford during April and May 1975. His trial was fixed to June 25.

A bench warrant was issued for Michel Lemieux, Lemieux, of St. Alphonse de Granby, failed to appear for sentencing on a count of impaired driving. He pleaded guilty to the count June 18, however, denied having been served with a notice of recidivism.

Henri Rock Gagnon, Granby, was judged fit to be arraigned on two counts of indecent assault on females under the age of 16, following a psychiatric examination. He denied having a prior record on a like accusation and was ordered detained pending preliminary hearing June 23.

Gordon Fuller, 70, of Cowansville, pleaded guilty to a charge of hit and run in Cowansville, May 10. Mr. Fuller told the court he was excited, nervous and fled the scene. He said he had reimbursed the damages to the other vehicle.

He was fined \$75 and costs, in default two weeks, and was allowed 15 days to acquit the fine and costs.

Robert Garneau, Granby pleaded guilty to a count of simple assault in Cowansville. He was fined \$25 and costs, in default five days.

Serge Courchesne, also of Granby, pleaded guilty to a count of public mischief. He too was fined \$25 and costs, in default five days. The charges stemmed from an incident at the Gai Canton Restaurant as the result of a misunderstanding with the owner.

Their lawyer, Daniel Bedard, told Judge Legare both men and their families were out on Father's Day. The men jokingly asked the owner of the cafe for two "coffees with 'con con'," an obvious pun on cognac. The owner refused to serve them. They then ordered soft drinks for their children which were taken to the car.

"Mr. Courchesne then decided to apologize to the owner and went to the kitchen. When he proffered his hand to shake hands the owner apparently thought he was being threatened and threw hot sauce on Mr. Courchesne. Mr. Garneau, who was at the front door, saw his friend come out of the kitchen and went to his help. He saw the chef bending over and thought he was going for a knife and knocked him out. They then waited for the municipal police," Mr. Bedard said.

Trial in the case of Robert St. Jean was continued to July 10 due to the absence of three key crown witnesses. St. Jean, of Sutton, is accused of attempted armed robbery and complicity after the fact.

The charges stem from the attempted robbery at the Marina Restaurant, Bondville, April 3, 1974. Two accomplices, Yvon Bellegarde and Jacques Gagne, have pleaded guilty and have been sentenced.

Judge Legare continued sentence in the case of Michael Beaucage to August 11. Beaucage, of Stanbridge East, earlier pleaded guilty to counts of attempting to defraud the Bedford and Freighsburg branches of the Canadian Imperial Bank of Commerce.

His lawyer, Don Bissonnette, told the court his family situation was worthy of study. "The accused has little formal education if any. He is illiterate and was pushed in the crime by others. I feel we should try and involve a social worker to see if he can be educated."

Judge Legare noted the accused had spent five weekends in jail last year for theft of five lawn chairs and

## Hospitals condemn regionalization

SHERBROOKE — Public hearings on the reorganization of emergency services in Eastern Townships hospitals concluded Friday with the presentation of briefs from St. Vincent de Paul and CHU medical centres.

The administrative council of St. Vincent de Paul Hospital indicated they felt regionalization of emergency hospital services could not take place in light of the negative reaction the plan has gotten from the public, the doctors and hospital administrators. They added that because the government is uneasy over the cost of health services, their reaction has been to suggest diminished hospital services and a reduction in the number of hospital beds. However, they feel it is the government's responsibility to re-evaluate hospital resources with a view to improved primary care service.

## Ayer's Cliff school committee meets

AYER'S CLIFF — The June meeting of the Ayer's Cliff Elementary School Committee was called to order at 7:50 p.m. by chairman E. Wintle. Minutes were read by the secretary who moved the adoption of same and were seconded by L. Cooper.

Business arising from the minutes:

- 1) concerning the playground teeter totters, lumber has been purchased by the school board through Service 90. The repairs will be made during the summer by Mr. Bell.

The request to have a representative on the Staff Council was turned down due to the fact that a teacher representative is on the Committee. It would be a duplication as the teacher gives a monthly report.

Principal's Report: 1) Level 6 students who will be going to Alexander Galt next year visited the school June 10.

2) The Operetta, "Hansel & Gretel," held on June 6 was most successful. Collection at the door netted

\$101 before expenses were deducted.

3) The Committee turned in a cheque for \$345 to the school, their share of expenses pledged for the Ottawa trip.

4) An outline of next year's teaching program was explained. There will be two new teachers for next year: Small group one, Mrs. E. Dezan, Levels 1 & 2, Miss B. Machum.

5) A request was made for each chairman of a sub-committee to prepare a report of the year's work and present it at the September meeting. A meeting will be held in early Sept. to finalize any business and plan the election meeting for the new school year.

School Board Commissioner R. Smith states 1) volunteer parents will be allowed to ride on school buses. The policy is being drawn up and will be finalized by the end of June; 2) The budget for 1975-76 is to be passed at the school board meeting on June 10.

Fund Raising - 1) proceeds from the paper drive were \$35.15; 2) from the raffle of T.V. Lamp \$205.75 (won by Mrs. P. Legault); 3) T. Moore suggested that if an old truck box could be placed in a suitable spot paper could be collected on a regular basis. The matter is to be looked into.

Cafeteria - 1) closed on June 6. List of changes and improvements given to Mr. Walls for his consideration.

2) Sincere thank-you goes to W. Browning for his assistance during the year. 3) Mrs. J. Little, the cook, was thanked by L. Cooper for her splendid work. Due to costs, possibly the meals will be 60 cents next year.

declared that the hospital was "always ready" to receive patients from other hospital centres for emergency care since it is well equipped to handle all kinds of primary treatment.

The CHU administrative council pointed out, however, that proposed regionalization has created a climate of insecurity in area hospitals because it calls into question the capabilities of these institutions.

Moreover, council representatives stated that there was no way of assuring improved emergency treatment by closing emergency facilities and limiting patient access to certain hospitals. The only thing that might be achieved, they stated categorically, is a reduction of hospital costs.

They added that CHU "could not subscribe" to any plan calling for the reduction of available emergency care, and would not accept the designation of being the only primary care treatment centre in the Sherbrooke area.

## Armed Forces seek recruits

OTTAWA — The Canadian Forces will be looking for more recruits this year than at any other time in the past seven years, defence officials said here recently.

They plan to sign up more than 12,000 Canadians over the next 12 months, an increase of 3,000 over last year's quota.

"And with more than 60 trades to choose from, we have lots to offer them," says L-Col J.E. Waters of the directorate of recruiting and selection at national defence headquarters.

The colonel said that after five years in the forces, a recruit makes "between \$10,224 and \$12,936, in addition to having become a skilled trades person."

possible enrollment of about 2,000 women, compared to 1,000 recruited last year. Coincident with International Women's Year, the Forces have opened up virtually all officer classifications and non-commissioned trades to women, with the exception of combat-arms trades and certain operational classifications.

Although there have been a couple of areas in the past in which the recruiters have had problems, signing up women hasn't been one of them, said Col. Waters.

"Although we're always searching for doctors," he added, "our biggest headache is finding engineers, the kind with science or engineering qualifications." The colonel added that the doctor

When Magic Fails

Britain's prime minister, Harold Wilson, has reorganized his cabinet; but a little game of musical chairs does not solve and hardly touches the economic problems that are driving Britain toward early ruin. Until he could see the results of the Common Market referendum Mr. Wilson, quite understandably, did not wish to distract public attention from this historic issue. He postponed any serious attack on an inflation rate of about 25 per cent, a new round of strikes and a dangerously high exchange deficit. When Britain is in the Market to stay he dare not delay action much longer. In the next few weeks his government must face some wrenching decisions but it is ill prepared for them.

While Anthony Wedgwood Benn, the rebel leader of the Labor party's anti-Market left wing, has been moved out of the sensitive industry department, he is still in the cabinet as minister of energy, a vitally important post, because Mr. Wilson was afraid to dismiss a colleague who quarrels openly with his policies. Now, says the Observer, Mr. Benn will be the "instant martyr" of the Labor radicals and "have the power to persuade the key unions, which have already made a mockery of Mr. Wilson's anti-inflation social contract, to defy new government measures to cut stagflation of Latin American banana republic proportions." More trouble may be expected from Mr. Benn who is determined to nationalize almost everything.

Somehow, however, an infinitely flexible prime minister may outlast this clash of personalities without a fatal break in his party but events outside it will not wait for his convenience. The simple fact, as the Observer says, is that Britain is going broke and, next to Portugal, has become "the sickest man in Europe." If it were not for a lucky inflow of foreign capital, most of it from the oil-rich and erratic OPEC countries, the British currency, already weak, would have been heavily devalued before now to increase, on a disastrous scale, the cost of all imports and hence of all manufactures.

Devaluation may be unavoidable in any case unless the government can come to terms with the militant unions which appear willing to wreck the economy, regardless of consequences to themselves. At the moment a crippling strike is threatened in the national railway system. In other state industries wage increases of 40 per cent, nearly twice the inflation rate, are commonly demanded. Britain is being held to ransom more by its own citizens than by the oil cartel.

The government has refused to control wages, relying instead on the social contract, a sick joke. Even its latest deflationary fiscal and monetary policies, though drastic, have failed to moderate in the least the exploding cost of production when Britain must meet the competition of lower costs, and greater industrial efficiency, in the Common Market. Since the magic of socialism has solved none of Britain's basic problems, the government cannot afford to do nothing and merely watch the economy collapse. But what can it do?

The Economist, perhaps the most influential British publication, believes that the government will be forced to impose direct wage controls which (like the government of Canada) it has always rejected. If this reversal is undertaken it could finally split the government whose left wing is unlikely to accept it. There is no assurance, either, that the unions would obey a new law when they have frequently violated the old.

All this, of course, is Britain's business and Britain alone can settle it. At some point, once the economic damage becomes intolerable, a great people may respond to their present challenge as they have so often responded to earlier challenges of war and peace. How far must the damage go before the nation decides to grapple with it?

Canada, because it is naturally richer than Britain, has suffered less damage but the same question must be answered here. With the tragic lesson of Britain clearly before them, will Canadians begin to respond before they ruin their own economy?

Herbicides can be safely applied

To the Editor:

As noted in your issue of June 11, 1975, we have received several petitions from groups of Eastern Townships residents concerned by our use of herbicides to control shrubs and weeds along the railway's right of way.

We are equally concerned that none of our operational practices create any undue hazard to the general public or the environment. To this end, we continually review our operations to ensure they are conducted with the closest possible attention to the safety of employees, the public and the environment. I can assure you we make no exception to this rule where the use of herbicides is concerned.

We have all heard, seen or read about the unpleasant side-effects of the indiscriminate and irresponsible use of chemicals. Unfortunately, it is extremely difficult to deal with or resolve the issue of herbicides on the basis of empirical data alone. Both sides of the issue can find

support in masses of reports and statistical data which tend to confuse rather than clarify.

I think the words indiscriminate and irresponsible are key to this issue. The indiscriminate and irresponsible use — or perhaps more accurately abuse — of almost anything is harmful. However, used responsibly, many potentially harmful substances can be applied safely and beneficially.

There are two herbicides which we use in our weed and shrubs control efforts: 'Krovax' for weeds and 'Weedone 170' for shrubs. Both of these substances are approved by the Federal Government and are far below the minimum safe toxicity levels established by Ottawa. It is true that extreme concentrations of these chemicals directly injected on a regular basis under laboratory conditions have caused adverse reactions in test animals. However, the same is true of many other normally harmless substances.

Our best advice is that both Krovax and 'Weedone 170' as used by the railway in highly diluted form, present no danger to the public or the general environment. In planning our programs we have adopted the

Letters to the Editor

specification that all products used are registered under the Canada Pest Control Products Act. This assures us that the products have been subjected to Federal review by scientists in Agriculture Canada; in the Food and Drug Service of the Ministry of National Health and Welfare in the Forestry, Fisheries and Wildlife Services of Environment Canada. It also ensures these agencies have agreed that use as outlined on the product label is not dangerous.

Until 1971 we used a chemical known as 2,4,5-T as a shrub control agent. Although this product was below the minimum toxicity levels set by the Government we immediately ceased using it when even lower toxicity herbicides became available. This procedure applies today as we continually seek herbicides with lower toxicity levels, despite the already demonstrably low levels of those currently in use.

I would like to explain some of the reasons why the railway expends considerable effort to control growth along its rights of way. It may not be understood that this has considerable benefit for the public as well as the railway. From the railway's point

of view, weed control is an operational necessity, particularly for safety reasons. For example:

— Weeds and shrubs obscure the rail right of way creating a hazard, particularly at rural crossings.

— Plant life creates root networks which undermine and weaken the railway roadbed.

— Plant life interferes with the operation of switching mechanisms.

From the public's point of view, there are also benefits which may not be immediately apparent. Left unchecked, weeds and shrubs would proliferate along rail rights of way acting as pollination bases from which weeds would spread rapidly into farmland and private gardens. Our program can control such noxious weeds as ragweed and poison ivy which cause considerable distress to the public.

Also, because the railway transports plant and seed materials from around the world, it is responsible for ensuring that foreign plant life cannot gain a foothold which could adversely affect native plant life. This responsibility is prescribed in the railway act in clauses dealing with the control of noxious weeds.

Are there alternatives to

herbicides in the control of weeds? Given current technology, the alternatives are few. One is burning. This is impractical, dangerous and contrary to most local ordinances. It would also create an air pollution problem.

Another alternative is hand clearing or some combination of hand and mechanical clearing. Again, with the exception of limited applications, this is impractical and economically untenable.

To switch to manual labor would increase costs 40 times putting the task beyond the reach of the most extravagant maintenance budget.

Thus, the only practical alternative is the careful and responsible use of herbicides by certified professionals using Government approved low toxicity agents. As new chemicals with even lower toxicity ratings are developed, the company will incorporate these into its weed control program.

In the meantime, I can assure you that no further application of herbicides will take place for at least 2 years. During that time we will continue actively to seek agents with even lower levels of toxicity than those currently in use.

Yours truly, J.L. Fortin, Manager, Quebec Central Railway

Being on guard about marijuana

To the Editor:

A small item in our newspaper the other day told us that the senate has given third and final reading to the bill to lighten penalties for possession of cannabis. The bills now goes before the Commons for debate.

Some time ago I wrote on these proposed changes in the cannabis laws, replies I received from M.P.s assured me — that there had been a great deal of misunderstanding of this bill. That the bill does not in any way legalize the possession, etc. of marijuana — that the government feels that it is appropriate to make a distinction between hard and soft drugs — that the changes will provide a more realistic framework of laws, and add greater flexibility to the law, and that cannabis is a drug not a narcotic. No one answered my question as to whether or not the RCMP would still have as much influence in controlling this drug.

While these answers look reasonable at a quick glance, I find on further study of the subject I have to disagree

with the suggested changes.

First: In using the term Hard and Soft drugs one is inclined to think of hard and soft drinks. I have read a great deal on marijuana, which I have no room to quote here. Even the LeDain report states that marijuana may be slightly less harmful than alcohol, this appears to be the BEST that can be said for it. ALCOHOL is HARD liquor and marijuana and its derivatives can in NO way BE TERMED AS A SOFT Drug.

Second: The new bill does NOT make the law more flexible, or give the courts more freedom in dealing with this drug. In reading over figures of drug arrests for 1973 I find — 13,170 who were given a fine only, and one got 8-9 years. In between we have 1,579 who got an absolute discharge and 1,161 who got a conditional discharge. These figures all for possession of marijuana. I find nothing in either the old, or suggested new law about quantity — how much marijuana or hashish does one need for his own use, half an ounce, a pound, or half a ton? It would appear that the judges in the above figures took into consideration the quantity of cannabis, the circumstances, etc. It would appear that the new law is only flexible to the criminal trying to get off, not the judge trying to give a just sentence.

There is a clause in both the old and new law giving the governor in council authority over issuing of licences, etc. I feel that a great deal more care will be taken in issuing a licence for narcotics than mere drugs. Once marijuana becomes a 'drug' I'm sure there will be a sudden thrust toward having it licenced for sale as liquor now is.

Whether or not marijuana is more harmful than alcohol is not the important question. Alcohol has become a social necessity, to a degree where one who does not drink is scarcely considered 'respectable'. Alcohol has at the same time become a national problem which is costing our country a great deal more than any revenue taken from it. Alcoholism has become a serious problem which reaches up into better-class circles. We are not going to solve one problem by turning another loose in our country.

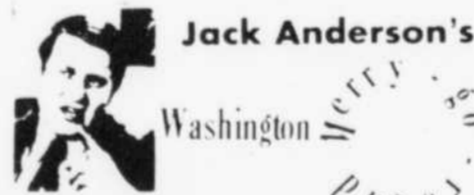

That cannabis may be about the same danger as alcohol is the BEST which can be said about it. Reports from countries which have had hundreds of years experience, indicate it is extremely dangerous. It is probably too late to stop this bill now, but let us be on guard for the next move.

Sitting in

Arguing the Shah's arguments

WASHINGTON — The Shah of Iran has been singled out by the White House for special pampering. President Ford courted him over crepes and caviar during his recent White House visit. The Shah repaid the hospitality by making arrogant demands for still higher oil prices.

Behind the scenes, some Administration officials are eager to challenge the Shah, but the President has instructed them to keep their comments to themselves. In their private papers, however, they have demolished the Shah's economic arguments.

Here are some of the points they have made:

— One of the Shah's favorite arguments is that oil prices have had little relative effect on the inflation rates in developed countries. On the contrary, statistics show that higher oil prices tend to drive up the prices of alternative fuels. And industries which use a lot of oil hike the price of their products to make up for the increased oil costs. When all these things are taken into account, the effect of soaring oil prices is devastating.

— Time and again, the Shah has declared that he has to hike his oil prices to make up for the price increases in imported goods from the Western nations. "A good deal of the cause of these increased prices," states one suppressed study, "are due to the repercussions of the oil producers' own price actions."

— The Shah is fond of comparing increased food costs to the increased price of his oil. Agricultural costs, however, have gone up and down because of bad weather, poor crops and market conditions. "In the case of oil," states one paper, "prices were increased not in response to an excess of demand over supply but as a result of unilateral actions by the governments of the oil exporting nations."

— The Shah claims that Western European import prices jumped 35 per cent in 1974. Administration economists cannot understand where the Shah gets his figures. He is mixing up various indexes

with percentages, they say. His economic arguments, therefore, are "confused."

— "The Shah's reference to the behavior of the foreign exchange reserves of the industrial nations during 1974 is also very misleading," states the study. What he doesn't take into account is the fact that most of these countries borrowed heavily to meet the staggering oil costs. "An appropriate analogy," suggests the study, "would be to a man who had started a year with \$100 in cash and who, after having borrowed \$1,000 from the bank during the year, still ended up with only \$100 left at the end of the year. His cash holdings had not declined but certainly his economic position had."

— Sea Chase: Locked in federal files is a story of a wild chase at sea, with a violent ending. It illustrates the danger and drama that goes into compiling those dull statistics about drug seizures along the Mexican border.

The story began, according to documents intended for official eyes only, with a suspicious rendezvous recently between a blue launch and a sailboat off Todos Santos island in Mexican waters.

The blue boat was kept under aerial surveillance as it slipped away from the sailboat and headed toward Long Beach, Calif. It was intercepted by a customs patrol boat whose officers called over the loudspeaker for the blue boat to stop.

Instead, the launch began evasive action, with the patrol boat in close pursuit, its red lights flashing and siren wailing. The suspects responded with obscene gestures as they made a wide turn at top speed back toward Mexican waters.

The chase continued under an overcast sky through rain squalls. The water was so choppy that the operator's seat on the patrol boat was torn from its moorings, and the pilot was thrown on his back.

He had to be held in position to operate the boat by the other patrol officers, according to an official account. Whenever the patrol boat pulled close to the fleeing launch, the suspects tried to ram it.

The officers called for aerial support, and a helicopter swooped down on the launch with red lights whirling and siren blasting. Skimming two feet above the choppy water, the helicopter flew alongside the launch which tried to swerve into it.

U.S. authorities got permission from the Mexican attorney general, meanwhile, to continue the pursuit into Mexican waters, and a U.S. Coast Guard helicopter with narcotics agents aboard joined the chase. At this point, the suspects began tossing parcels and papers overboard.

According to an official report the Coast Guard helicopter directed the customs boat to drop back while they tried to swamp the fleeing vessel with "prop wash." The maneuver was unsuccessful.

After a four-hour chase, the Customs officers in the pursuing patrol boat opened fire upon the launch's motor with shotguns and carbines. They failed to cripple the blue boat which, nevertheless, slowed to a stop.

During the boarding, states one report tersely, one of the suspects was shot and killed. The other suspect was taken into custody along with the boat and approximately 800 pounds of marijuana.

There is still a mystery over who shot the suspect. A nine-millimeter cartridge was found in his neck, but the customs officers had no weapons of that caliber.

Footnote: The dead man was identified as Andy LeMay. His surviving partner gave his name as Leo Evonik. Mexican authorities were holding Evonik, the boat and the contraband.

Land sales restricted among non-residents

OTTAWA (CP) — Other provinces are expected to follow the lead of Prince Edward Island on restricting land ownership of non-residents following Thursday's decision of the Supreme Court of Canada upholding the validity of the P.E.I. law.

In a unanimous judgment, the high court said P.E.I., with a long history of absentee land ownership, acted within its powers in restricting non-residents to ownership of no more than 10 acres of land and 330 feet of shoreline.

Premier Alex Campbell of P.E.I. called for a federal-provincial conference on land ownership by non-residents.

In Victoria, Resources Minister Bob Williams said British Columbia legislation can be expected on the issue in the near future.

Most of the other provinces either have such legislation or are in the process of introducing it.

The high court reasons for its decision, written by Chief Justice Bora Laskin, said there was no doubt that P.E.I. had the right to regulate the way land in the province may be held.

He said the argument over the law hinged around the contention that once the province differentiated between residents and non-residents, "the legislation becomes suspect."

He said he did not agree that the land hinged on citizenship or was legislation in relation to aliens a sole responsibility of the federal government.

"No one is prevented by Prince Edward Island legislation from entering the province and from taking up residence there," declared the chief justice.

"Absentee ownership of land in a province is a matter of legitimate provincial concern and, in the case of Prince Edward Island, history adds force to the aspect of its authority over the territory," added Chief Justice Laskin.

At one point its history, the province had to borrow a large sum from the British to buy back land from absentee owners.

A royal commission on land use and land ownership in P.E.I. reported in 1973 and urged the government to protect beach fronts and scenic spots.

It also urged action to ensure that sufficient land be kept for farming.

Two Rochester, N.Y. men — Richard Morgan and Alan Jacobson — ran afoul of the new law when they tried to buy 36 acres of land on the island.

## Special 50th anniversary service

**BEDFORD** — A special service for the Bedford United Church Charge was held in the Bedford Church on Tues., June 10 to celebrate the 50th anniversary of church union.

The anniversary film was shown to a large congregation following which Holy Communion was administered by Rev. K.H. Eddy and five members of Session. Ralph Oakes, one of the original elders of 1925 and Rolf Gasser, a newly elected elder, assisted.

Ronald Martin was the organist and members of Mystic and Bedford formed the choir.

Several lovely flower arrangements graced the sanctuary. A fellowship hour was held in the church hall after the service.

Mrs. Victor Norris was in charge of the refreshments assisted by ladies of the Church.

A birthday cake was placed on a table in the center of the hall, the 50 candles, arranged to form the Dove, the Cross, the Burning Bush, and the Open Bible, were lighted by past and present officers of the four churches.

Mrs. Jean Bockus who was present at the official amalgamation service in Toronto, was asked to light the first candle, Miss Frances Walbridge, a retired missionary, now living in Mystic, lit the second.

Mrs. Oakes, the Bedford U.C.W. president, served the cake.

Several people told of special memories of the early days of Church Union and Mr. Eddy spoke briefly of impressions gathered from his father who was also an United Church minister for many years.

The evening concluded with Rev. Eddy pronouncing the Benediction.

Upon leaving the hall many spoke of the spiritual

and social fellowship the gathering had afforded.

One highlight of the evening was a preview of a book containing the history of the Stanbridge East United Church.

Much credit is due Mrs. Ruby Moore and Mr. and Mrs. Bruce Kidd for this treasure. It is hoped that in the near future everyone will have an opportunity to study it at leisure.

It was announced that the history of the Bedford Church is in progress, and hoped that copies will be available. It will be simply "The Memories of Marion Oakes."

## 50th anniversary church service

**SAWYERVILLE** — The 50th Anniversary of the United Church of Canada was celebrated at the United Church here on June 15 at 10:30 a.m., with the entire Eaton Valley Charge of Birchton, Cookshire, Island Brook, Randboro and East Clifton joining together for the occasion which was remembered by many when the union was voted on over 50 years ago.

It may be of interest to many in this area to know that the case of Union came before Judge Louis St. Laurent, a former Compton boy who became Prime Minister of Canada. He passed the issue, as having lived among the people, though a Catholic, understood the desire for union. Rev. G. Simons conducted the service, and led in prayers. The first hymn was: The Church's One Foundation.

It was with great pleasure that the congregation again looked upon the familiar features of Dr. P.W.E. Jones, now of Woodruffe United Church, Ottawa, a former Pastor of the Cookshire-Birchton-Island Brook circuit.

He brought the message of

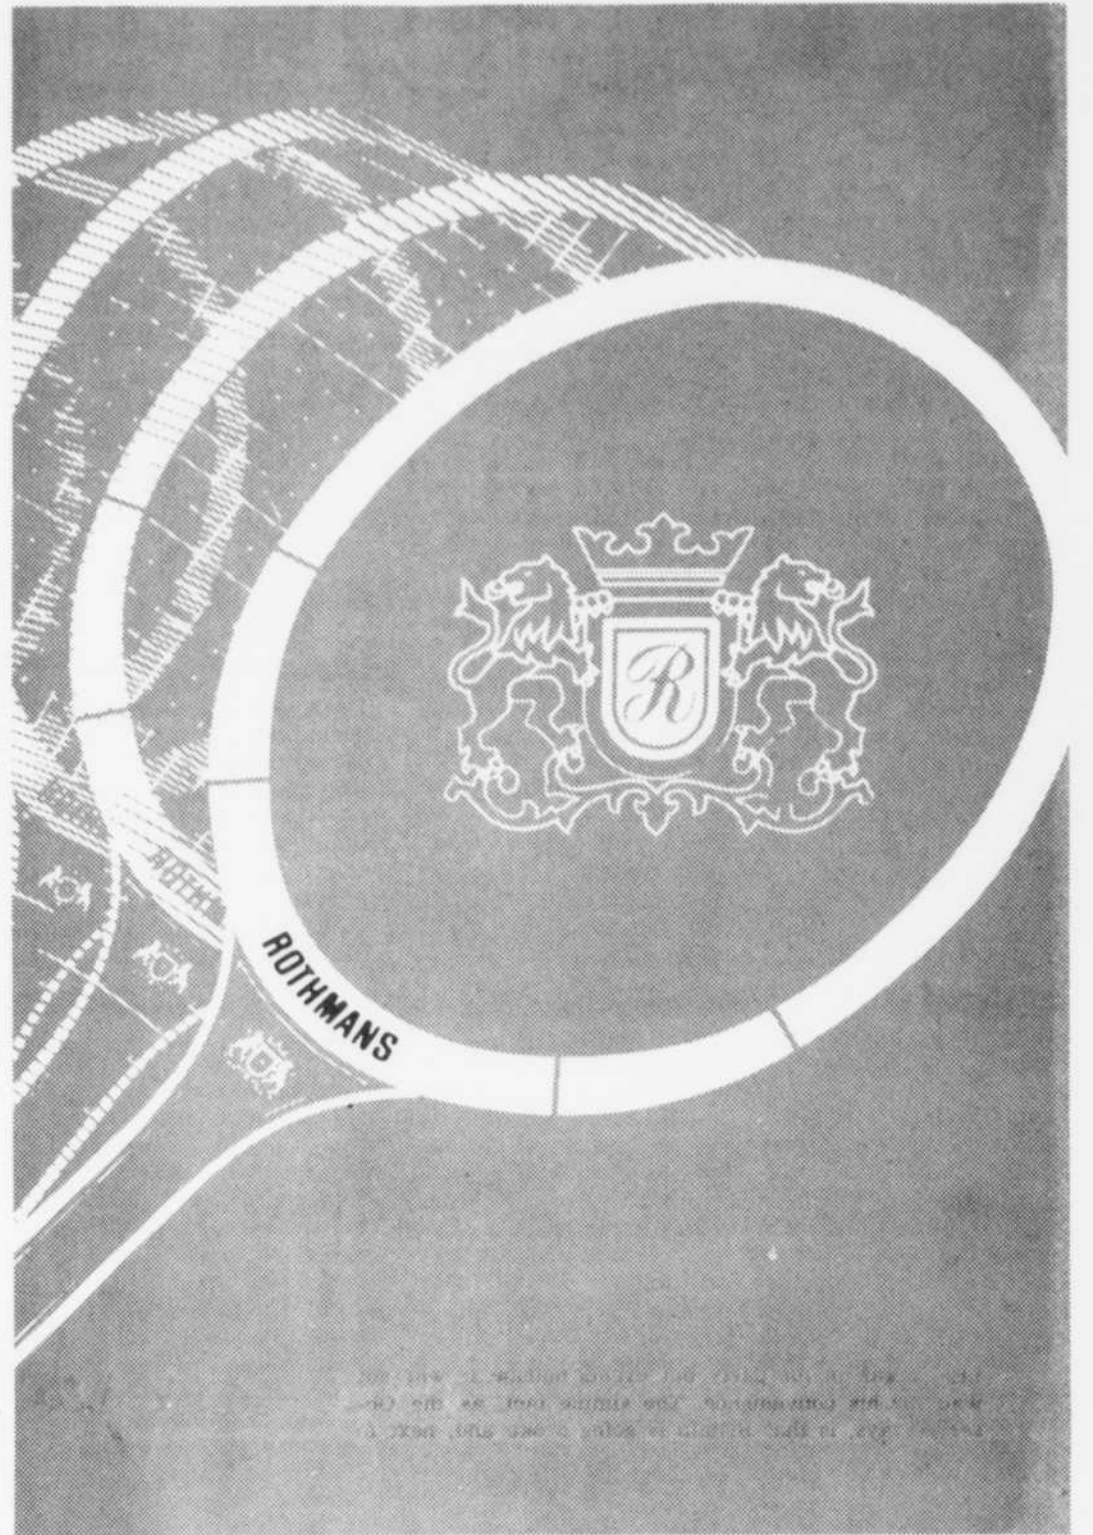

the special service to the congregation A Touch of Wonder in our Lives. The opportunity of transcendence may not be a common experience but it does happen. Be ready for it, be prepared to use it in all its glory. Answer the call if it is there for you. Be one of God's children.

Not forgetting the children, he spoke to them, using a flannelgraph picture — not all flowers in a bed are the same — reds, blues, whites and browns, they make a beautiful bouquet by being different, not all of God's children are the same, but they are beautiful by being different.

The anthems resounded joyously: A Shout of Celebration and the 50th Anniversary Hymn sung by the joint choirs of the charge.

Guide Me O Thou Great Jehovah was the final message in song carried out by the people at the conclusion of the Service.

About 150 people remained for a delicious lunch in the Church dining hall where many old acquaintances were renewed with Rev. Jones and his wife and others who came from a distance.

For Tuesday, July 1, 1975

**ARIES (March 21-April 19)** If your methods are overly aggressive today in dealing with associates, results will be undesirable. Try tact and charm instead.

**TAURUS (April 20-May 20)** You are likely to have a few more responsibilities today than you can manage. Delegate chores to others where possible.

**GEMINI (May 21-June 20)** The next few days, be particularly prudent with your resources or the budget you've set for this week won't stretch.

**CANCER (June 21-July 22)** Early in the day you're apt to become too easily irritated if things don't go your way at first. Later, a calmer head prevails.

**LEO (July 23-Aug. 22)** If faced with a problem with no apparent immediate solution, you could get the answer by walking away from it for awhile.

**VIRGO (Aug. 23-Sept. 22)** Make it a point not to impose upon friends today and tomorrow for anything material. It's unlikely your requests will be granted.

**LIBRA (Sept. 23-Oct. 23)** In

dealing with forceful individuals today, don't reply in kind. Use your head, not heated words.

**SCORPIO (Oct. 24-Nov. 22)** Not a good day to try to get others to do things you should be doing. You're better off not asking.

**SAGITTARIUS (Nov. 23-Dec. 21)** There could be some complications socially today if you're not selective regarding companions. Be careful.

**CAPRICORN (Dec. 22-Jan. 19)** Domestic demands today may be a bit heavier than usual. Try to get other family members to pitch in.

**AQUARIUS (Jan. 20-Feb. 19)** Your temper is on an extremely short fuse, especially where persons are doing work for you. Don't provoke them unnecessarily.

**PISCES (Feb. 20-March 20)** Keep your budget buttoned down the next few days. Buy only what you need, when you need it.

**Your Birthday July 1, 1975**

There will be some excellent opportunities for you this year to receive recognition and advancement from creative projects. Put your ideas to work. They'll prove profitable.

For Wednesday, July 2, 1975

**ARIES (March 21-April 19)** You'll be lucky today with social contacts, but you could generate sparks with a business associate or on the home front.

**TAURUS (April 20-May 20)** Ideas others try to impose upon you today aren't necessarily in your best interests. Do things the way you feel they should be done.

**GEMINI (May 21-June 20)** Continue to treat your purse with respect today. Stay abreast of your current obligations. Avoid making new ones.

**CANCER (June 21-July 22)** You'll fare better in commercial dealings today if you bar those who have no business being there. Deal only with those involved.

**LEO (July 23-Aug. 22)** Though your motives will be honorable today, one who likes to make problems will try to distort your intent.

**VIRGO (Aug. 23-Sept. 22)** If you want others to share, you'll first have to put on the line some of what you're holding back.

**LIBRA (Sept. 23-Oct. 23)**

You'll be involved in a venture with two friends. Each will pull in a different direction. You may end up with a giraffe, instead of a horse.

**SCORPIO (Oct. 24-Nov. 22)** If working with unfamiliar materials, be extra-careful. Test your procedures as you go. You could be very wasteful.

**SAGITTARIUS (Nov. 23-Dec. 21)** Usually you can count on Lady Luck to bail you out of tight spots. Today, she isn't all that reliable.

**CAPRICORN (Dec. 22-Jan. 19)** Don't neglect important home projects. If you sweep them under the rug, they'll haunt you later at an embarrassing moment.

**AQUARIUS (Jan. 20-Feb. 19)** Be sure you're able to back any oral claims today. Someone is waiting to challenge you.

**PISCES (Feb. 20-March 20)** You'll still have to resist temptation to spend frivolously. Pick up that new dress later, at a better bargain.

**Your Birthday July 2, 1975**

Your career prospects this year are very promising. If you keep your shoulder to the wheel, whatever pressures you'll have to face can be overcome.

## Shelden-McKnight

A very pretty wedding was solemnized on June 7, at 3:30 p.m. in Christ Anglican Church in Stanstead when Geraldine Anne McKnight, of Beebe, daughter of Mr. and Mrs. Elwood McKnight of North Hatley, became the bride of Wayne Melvin Shelden, son of Mrs. Basil Shelden and the late Basil Shelden, in a double-ring ceremony performed by Rev. O. Merriman.

Mrs. Alfred Middleton, organist of the Church, played the traditional wedding music and accompanied the soloist, Mrs. Gordon Labree of Beebe, who sang "I Love You Truly," during the signing of the register.

The bride, who entered the church on the arm of her father, was charming in a floor-length gown of white peau de soie in princess style, having long tight sleeves, lace applique on stand-up collar, extending down the skirt front to form a panel, and extending around the waist line. The chapel-length train was attached at the waist, with the elbow-length bouffant-tiered veil of nylon net edged in satin ribbon and rhinestones being held in place with a cluster of satin roses and rhinestones. She carried a white Bible on which was an arrangement of pink variegated carnations and lily of the valley, with white satin streamers. Her only jewellery being a gold cross necklace - a gift of the groom.

Mrs. Clarence Rolleston, sister of the bride as matron of honor, was in a floor-length sleeveless sheer gown of powder blue with white polka dots, a darker blue ribbon sash formed a bow at front with streamers falling to the deep ruffle at hemline. Two deep ruffles enhanced the bodice at shoulder edge, also extending around the deep V neckline, at back and front. She carried a nosegay of tinted yellow carnations and yellow daisies with yellow satin ribbon streamers. She wore a drop pearl necklace, with matching earrings, the gift of the bride.

Mr. Lawrence Shelden, brother of the groom, from Barre, Vt., acted as best man, while Mr. Douglas McKnight, brother of the bride, of Lennoxville and Mr. Clarence Rolleston, brother-in-law of the groom of Stanstead were ushers. The men wore ruffled front shirts toning with their suits.

Mrs. McKnight, mother of the bride was attired in a floor-length peach figured gown, having long sleeves, ruffle along the neckline, toning accessories. A white stole and a corsage of blue tinted carnations, completed her attire. The groom's mother, Mrs. Shelden chose a mint-green floor-length

gown, with ruffles at neckline, toning accessories, a white stole and a corsage of yellow tinted carnations.

Following the service, a reception was held at the Canadian Legion Memorial Home, in Stanstead which was decorated with wedding bells on the wall in back of the head table. Side tables were centered with yellow flowers in a vase.

A turkey dinner was served to approximately 100 guests. Rev. O. Merriman proposed the toast to the bride and groom and he also read a telegram from Mr. and Mrs. Dale Shelden and family in Sydney, N.S., brother and sister-in-law of the groom, extending congratulations to the newly weds. They were unable to attend.

The cake was placed on a small table in front of the head table. The three tiered cake was iced in white with a filigree design on each tier. The bottom tier was edged with miniature bells. White sugar roses were used on second tier while the top tier was on square posts, topped with a bride and groom standing under a floral arch. The cake was made and decorated by Mrs. Horace Doyon of Stanstead.

The cake was cut by the matron of honor Mrs. Rolleston and sister of the bride, Mrs. R. Boomhower. The bride and groom passed the cake among the many guests.

Following the dinner, the North Country Good Timers' dance band arrived to provide music and dancing for a time, which all enjoyed.

At a late hour, the happy couple departed for a short honeymoon to an undisclosed destination. The bride travelled in a powder blue street length dress, having long white lace sleeves and white trimming, white accessories and a corsage of yellow carnations.

The bride's bouquet was placed on the grave of the groom's father before the couple left on their short trip.

The guest book was in charge of Miss Dale Louise Rolleston niece of the groom. Guests attended from Enfield and West Lebanon, N.H.; White River Jct., Vt., points in Ontario, Barre, Vt., Sherbrooke, Lennoxville, North Hatley, Georgeville, Coaticook and surrounding areas.

On their return, the happy couple took up residence in their newly acquired home in Woodside street, in Beebe.

**REHEARSAL PARTY**  
Following the wedding rehearsal at Christ Anglican Church in Stanstead, the bridal party and attendants assembled at the home of the groom's mother, Mrs. Basil Shelden in Beebe.

Gifts were exchanged between the bride and groom. The bride gave her attendant Mrs. C. Rolleston a drop pearl necklace with matching earrings, the groom gave the best man a personal gift and to the ushers he gave bill folds.

A delicious lunch was served when a toast was proposed to the bride and groom wishing them a long and happy life together.

Guests attended from Barre, Vt., North Hatley, Lennoxville, Stanstead, Rock Island and Beebe.

### 'Who am I and why me?'

By Lew Koch

It's nice to know that there are newspaper people such as you who are willing to tell our point of view, no matter what your own personal feelings may be," writes Kathy Williams of Aurora, Colo.

Kathy is referring to a column about Yesterday's Children - a national organization of adult adoptees who help other adult adoptees locate their biological parents. The idea that an adult has a right to know his biological identity is, like civil rights and women's rights, an idea whose time has come.

The parents who adopted me were the most wonderful parents anyone could ask for," writes one man "I've lived a good life and love my parents very much. It's just a longing inside me that I've had since I was a child to find out where I came from, and what my birth-parents looked like and what

my heredity was. I probably won't be completely satisfied until I find out these things."

Thank God for people like you," wrote one woman to Donna Cullom who heads up Yesterday's Children and is herself an adoptee whose search for her identity turned up not only her mother but several brothers and sisters as well. "I, too, have asked your question since I was 15, who am I and what is my heritage?"

Many of those who, for terribly complex reasons, gave up their children for adoption, still continue to hunger for information about the welfare of their child. "My daughter was adopted and I've never stopped worrying about all the things a mother wonders about in her child I've looked at the faces of countless girls wondering - is this my child?"

So Yesterday's Children, and a newly formed group in Colorado called SEARCH, are performing a service not only for the adult adoptees but for the parents who gave up their children as well. Even in the cases where the biological parents' behavior was destructive to the child - the reality is usually much less terrifying than the thousand nightmares the mind conjures up through ignorance.

Such is the case with the man who wrote this letter from prison.

"I am writing this letter to you because I was adopted and I don't know my real name or how old I really am.

"I have been adopted for 27 years. I was two years old when I was adopted. My real mother burned me, my right arm and right leg because I wet my pants at the age of two.

"My father was cutting grass in the backyard. He didn't even stop cutting the grass when he

heard me crying. A police woman did and came running and grabbed me off the coal stove where my mother had put me.

"I was underfed, had third degree burns, scarlet fever, the whole works. My adopted parents told me that much about me and my real parents.

"Well, I am in prison now, serving 2 1/2 to 5 years and getting ready to go home. I have been afraid of older women all my life. I don't know what real love is or how to find myself anymore. I want to know who I am and where I come from.

"Many a night I lay here in my cell crying myself to sleep saying to myself, who am I and why me?"

## Ann Landers Artificial insemination

Dear Ann Landers: My husband and I have been married eight years. We've been trying without success for at least three years to have a child. My gynecologist suggested that my husband have a sperm test. Reluctantly, he agreed. The results showed he has a very low sperm count and could probably never get me pregnant.

I've heard about artificial insemination and need to know a few things. First: Does it REALLY work? Second: Is sexual intercourse involved? Third: How does a couple go about picking the donor? Fourth: What if the child is born deformed? Would we have to keep it? Please answer. — Empty Cradle In Penn.

Dear E.C.: Yes, artificial insemination really works. There are approximately 250,000 people alive today who were conceived that way. No intercourse is involved. The sperm is injected with a syringe.

The couple doesn't select the donor - the doctor does. Usually it's a medical

student.

There's always a chance the child will not be normal, but it's very slight. Only two or three per cent of all children born have a congenital deformity. Yes, you would have to keep the child. Once you become pregnant it's your baby.

Dear Ann Landers: This is another side to the Babysitter Dilemma. As a young mother who has been looking for two years for one conscientious, dependable person to sit with my children, may I speak my piece?

I'd like a sitter who arrives on time, and alone - not with a girlfriend who, between the two of them, will eat everything in sight, including jars of caviar and cans of pineapple.

Is there a sitter alive who can be trusted not to have her boyfriend over the moment we leave the house?

Last-minute cancellations have ruined more than one evening for my husband and me. Why can't a sitter provide a substitute (even

her mother) if she is unable to make it at the last moment?

Where is a sitter who will stay off the phone for ten minutes so I can get through if I want to check on my children?

One major complaint from the sitter who wrote to you was that people expect maid service. I don't. But I've had several sitters who expected ME to clean up after THEM. I'm sick of finding potato chips ground into my rugs, pop stains on my kitchen curtains, wet glasses on mahogany tables and ink scribbles on my white telephone.

Please don't suggest a babysitting service. My last four came from there. All they do is demand higher wages. Sign me - Still Looking

Dear S.L.: Have you considered an older woman or a college student? I recommend you try.

Dear Ann Landers: I have a friend (my age, early 60s) who is becoming very hard of hearing. He gets annoyed when he attends group

meetings and can't hear the speaker. He has gone up to several speakers and told them they "mumble" and suggested that they take elocution lessons. Recently he complained to the custodian of the hall that the audio doesn't work and needs replacing.

It's always someone else's fault. Why can't he accept the fact that he is getting deaf? Should I recommend a hearing aid? — Sioux Falls Reader

Dear Sioux: Go ahead. But I'll bet anything he won't hear you.

## Quebec-Sherbrooke Presbyterial executive meet

While many people in the United Church of Canada have been busy reviewing the happenings of the last 50 years, both locally and across the country, there are some members of the United Church Women - the Executive of the Quebec-Sherbrooke Presbyterial - who have been making plans for the months to come. They met on June 9 at the Hatley United Church with Mrs. L. Gaudine in the chair.

The meeting opened with a prayer of Thanksgiving and a meditation on an event in the life of Martin Luther with import for us all. It was agreed that the minutes of the April 24th meeting be adopted as circulated. The Treasurer reported a healthy bank balance. Cheques from local Groups

for Presbyterial and Conference expenses can be sent in soon, and not wait till year's end, presidents were advised.

Mrs. Gaudine reported on the United Church Conference held at Bishop's University, Lennoxville, recently and the U.C.W. Conference at St. Anicet at the end of April, both very interesting. Reports of Committee Chairpersons and Portfolio Secretaries followed.

The main business of the day was to make plans for 2 activities. First, the SUMMER EVENT - a three day weekend gathering to be held at the University of Ottawa, August 15, 16 and 17, where the theme speaker will be Rev. Robert G. Lindsey, Division of Mission in Canada Associate Secretary, and non-government representative to the World Food Conference in Rome.

The theme - "Dare to Share - Your World, Your Country, Yourself" should produce some lively discussions, singing, and communication through personal contacts and various media. The last date for registration is July 25. Forms for this have been sent out. Cut-off date for calling Mrs. H. Mallalieu (562-9696) about going by bus will be August 1st.

The official delegates from Quebec-Sherbrooke Presbyterial will be the President, Mrs. L. Gaudine, Vice-President Mrs. F.E. Archer, and alternate delegate Mrs. C. Bernard. Local Groups are urged to help their leaders get to this project of the Montreal-Ottawa Conference where they will meet with United Church Women, Men and Youth from the Montreal,

Ottawa and Seaway Valley Presbyteries.

The Second important plan is for the FALL RALLIES, which will take the theme "Lord, Teach us How to Live" in Quebec-Sherbrooke Presbyterial. The following dates were chosen: Sept. 16 in Waterloo Area, Sept. 18 in Scottstown Area at Bury, Sept. 23rd in Richmond Area, Sept. 25 in Theford-Quebec Area and Sept. 30 in Sherbrooke-Stanstead Area. Books and other helpful literature will be made available at each Rally by the Literature Secretary with the assistance of Mrs. Ann Clarke, Ella Hoy, Muriel Prescott, and Hilda Archer.

Tea and coffee were served by the Hatley ladies to go with the box lunches, then Christian Development Committee, Area Vice-Presidents and Local Presidents moved to another room to discuss the Fall Rallies.

Mrs. F.E. Archer chaired the remainder of the meeting, where Mrs. Muriel Cass, head of the Committee on the Church in Society, spoke on issues that groups may wish to go into more fully this year.

Mrs. M. Fuller, Secretary for Friendship and Visiting, felt that most groups are doing many things in this regard, and would appreciate hearing of any new approaches.

Mrs. Agnes Meyers, Supply and Welfare Secretary, reminded each group to watch Combo for information.

"Happenings" editors P. Smith and C. Bernard said material for the next issue is to be in by August 21st. Impressions of Summer Event welcome.

The next meeting of Quebec-Sherbrooke Presbyterial Executive will be held on October 9.

tapers in silver holders.

The individual tea tables were centred with lily-of-the-valley and buttercups in small vases. The hall was prettily decorated with baskets of lupins, spirea, iris and fern.

The raffle of a knitted dog was won by Mrs. R. Davidson.

Thanks are extended to everyone, workers and visitors who helped in any way to make the afternoon so successful.

Special thanks to Lillian Gilbert, Jane Bishop, Doreen Mulcaby, Susan Guillet, Sandra Betts and Jeanne d'Arc Gauthier who helped to carry the work load, even though they are not members of the Guild.

# Golden Star Chapter OES

STANSTEAD — At the conclusion of the stated meeting of Golden Star Chapter OES held on Wednesday evening, June 18 in the Masonic Temple, Stanstead, Mrs. Mona Sharman, a member of the Chapter was honored at a reception, she being Grand Martha, Grand Chapter of Quebec, O.E.S.

The meeting was opened by Mrs. Gladys Hill and Burt Hill, Worthy Matron and Worthy Patron, in the usual form.

Presented by the Conductor, Mrs. Millie Adam were Mrs. Marjorie Baker, Worthy Grand Matron, also Past Grand Matrons, Mrs. Mildred Wheelock and Mrs. Rose Rowat. They were graciously welcomed by Mrs. Hill, escorted to the East and given Grand Honors.

Mrs. Adam also presented the following members of Mrs. Baker's Grand Chapter family, Ms. Margaret Willard, A.G.C., Ms. Eva Rogers, G. Marshall; Mrs. Mona Sharman, Gr. Martha; Mrs. Doreen Christie, Gr. Chap; Miss Colina MacKenzie, Gr. Inst. Dist. No. 1. All of whom were welcomed.

Recognition was given the current Worthy Matrons and Worthy Patrons of visiting Chapters and Past Matrons and Patrons, also a welcome to two visiting fraternities from a Chapter in Somerville, Mass., another from Malden, Mass. and Chapters in the Townships.

Routine business was conducted. Mrs. Mildred

Wheelock, secretary, noted the Grand Chapter session will be held at Le Baron in Sherbrooke on October 8-9-10.

Mr. and Mrs. Hill wished everyone a pleasant summer and said they will plan a picnic at their Baldwin's Mills home before the Chapter meets again in September.

### RECEPTION

The reception for Mrs. Sharman included a delightful program. She was seated in a chair of honor between the Worthy Grand Matron, Mrs. Baker and Worthy Matron, Mrs. Hill. Mrs. Hill read a poem "People who Give Advice" this was amusing and many chuckles were heard, the last portion was if we follow the Holy Bible teachings with faith, we will find the right answers.

Mrs. Della Goodsell was introduced, and accompanied by Miss Viola Moranville at the piano, sang the selections, Let There Be Peace on Earth, and, Somebody Bigger Than You and I.

Mrs. Baker brought greetings from the Worthy Grand Patron, A. Morris, who was attending a function in Montreal. She gave a report of the June 14 visit to the Wales Home in Richmond where 132 Stars from Districts One, Two and Three visited, making it a most happy day for all. Mrs. Baker wished Mrs. Sharman a happy year in the Grand Chapter Family.

Mr. Hill also extended good wishes to Mrs. Sharman, and appreciation to Mrs. Goodsell for contributing to the program with her beautiful singing voice. Mrs. Hill presented her with a gift.

Rev. Ralph Rogers, called upon to speak, recited a poem about The River which he likened to life that begins small, turns and twists, gaining strength, mingling with other waters until it reaches the larger body of water. He said the life of Mrs. Sharman in Eastern Star is much like a river.

Mrs. Goodsell sang the number, The Place Where I Worship, dedicating it to Mrs. Sharman. Then a sing-song followed until refreshments were ready.

A Committee served the refreshments in the banquet room where the tables were decorated with field daisies and blue star.

The head table was centered with a special cake made and decorated by Mrs. Benoit Blais in white with blue daisies and roses, and was flanked by an arrangement of pansies.

The cake was cut by the honored Sister, Mrs. Sharman and shared with the fraternity. Mrs. Sharman was the recipient of several gifts, and voiced her thanks for the memorable evening.

Fraternity attended from the Chapters in Massachusetts, Queen Mary and Sherbrooke Chapters of Sherbrooke, Cookshire, Lachine, Mansonville, Valleyfield and Stanstead.

## Brompton couple feted at surprise gathering

WINDSOR — On Saturday evening, June 14, upwards of 70 relatives, neighbors and friends gathered at the home of Mr. and Mrs. Guy Robinson for a surprise gathering honoring Mr. and Mrs. Harold Robinson of Brompton. Mr. and Mrs. Robinson have sold the home place here and will be leaving shortly to reside in Sherbrooke.

When the guests had assembled, Harold and Eva were phoned and told that there was someone there who would like very much to see them.

On their arrival they were taken by surprise to find themselves the honored guests. Mrs. Guy Robinson presented her sister-in-law

with a white carnation corsage while Mrs. Alberta Ward pinned a boutonniere on her brother. Gary Holliday was in charge of the guest book which was later presented to the guests of honor.

A social evening was enjoyed by all. Lunch was served buffet style followed by a presentation of a gift of money and numerous cards to this popular couple by Mr. Robinson's eldest brother, Guy, who voiced his appreciation to all for coming in such great numbers for this occasion and expressed his hope that the best wishes of all would follow Harold and Eva to their new home. Guy also spoke a few words

in French for the benefit of the few French speaking friends whom they were honored to have present.

Both Mr. and Mrs. Robinson expressed their thanks and appreciation for the very enjoyable gathering in their honor and their pleasure at seeing so many friends and relatives from far and near. They could not understand how so many people knew so much about what was going on when they had heard nothing. Harold had to admit that for once in his life they had fooled him!

Mrs. Guy Robinson expressed her sincere thanks to all who had brought food or assisted in any way to the success of the party. All

joined in singing "For they are jolly good fellows."

Those from a distance attending were Mr. and Mrs. Albert Robinson, Mississauga, Ont., Mr. and Mrs. Denis Robinson, Stratford, Ont., Mrs. Maria Brown, Brooklin, Ont., Mr. and Mrs. David Rattray and sons, Ottawa; Mr. and Mrs. John Robinson, Montreal; as well as others from Stanstead, Eustis, Sherbrooke, Huntingville, Lennoxville, St. Felix de Kingsey, Richmond, Windsor and Greenlay.

A phone call was received during the evening from Mr. and Mrs. Reg Robinson of Toronto who were unable to attend.

## Birthday and Silver Wedding anniversary

THREE VILLAGES — Mrs. Albert Davignon, of the Youville Hospital, Sherbrooke, a former resident in Rock Island, having her 80th birthday on June 26, and her son-in-law and daughter, Mr. and Mrs. Gaston Lajoie, of Ottawa, Ont., who observed their silver wedding anniversary on June 16, were the guests of honor at a family celebration held at the home of another Mrs. Davignon's sons-in-law and daughter's home, Mr. and Mrs. Benoit Lapierre in Beebe.

The weather was ideal and a happy day included a buffet dinner and supper. The traditional birthday cake and the anniversary cake, both appropriately decorated were cut and served.

The Birthday Song was sung for Mrs. Davignon, and for the anniversary couple Mr. Lapierre and Mrs. Gendron sang The Hawaiian Wedding Song.

There were birthday gifts for Mrs. Davignon and an-

niversary gifts for the Lajoies.

Mrs. Lapierre read a paper she had composed of the 80 years of their mother, Mrs. Davignon from the date of June 26, 1895, when she was born in Coaticook, her education and employment until she was united in marriage to Albert Davignon, a barber.

Shortly after, they came to Rock Island to reside and the late Mr. Davignon continued his profession.

The 25 years the family had resided on Baxter street

in Rock Island, the happy and sad times of the journey of her life to the present, when all her children and the grandchildren, making three generations came together to celebrate this happy occasion.

The many friends of Mrs. Davignon and of the Lajoies join in wishing them all the best for the years ahead.

Mrs. Florence Flanders of Rock Island, a friend of the family, assisted Mr. and Mrs. Lapierre with the arrangements.

## School concert

This took place on Sunday, June 22, and was a happy day with the celebrants and the Lapierrres joined by the Lajoies' family of Mr. and Mrs. Michel Crepeau and Marc of Ottawa, Ont., Mr. and Mrs. Wilfrid Gendron (another son-in-law and daughter of Mrs. Davignon) their family, Robert, who had just returned from Germany where he was stationed with the U.S. army, Paul and Nancy of Barre, Vt., Mrs. DFavignon's sisters, Mrs. Blanche Turcot and Miss Jeanne Dupuis, both of Sherbrooke.

Mrs. Davignon and Mrs. Lajoie were each presented with a corsage of flowers and

had children dressed as several different animals. Grades two and three gave a choral reading which was well done.

After a short intermission grade three did Mary Poppins, all doing their parts very well.

Several grade six boys did Justice in the Court which showed sometimes the supposedly good boys can do bad things too!

Jack and the Beanstalk was done by grades four to six. This was also well done

with some having many lines to remember. The cow that danced around the stage caused much merriment.

In the play were Pirates, an ogre, Dutch girls, Chinese girls and others as well as Jack and his large beanstalk.

All the children are to be congratulated for their good work, also those in charge of training the children.

The different costumes and backgrounds were very real and helped to make all the plays a success.

## La Patrie, Nest Bar Salon triumph over competition

LENNOXVILLE (BP) — Two games were played in Lennoxville Women's Softball League action last night. La Patrie defeated Golden Lion 15-10 and Nest Bar Salon squashed Sawyerville 20-2.

Four-hit pitching by Louise Tardif gave La Patrie an edge in the close encounter. Losing pitcher Jeanne Grenier and relief hurler Vicki Crook allowed eight hits. La Patrie received seven bases-on-balls, while their opponents had six. Four Golden Lion batters struck out, with one doing likewise for La Patrie.

Ann Perrier smashed a two run homer, while other Golden Lion hitters were Josee Michaud, Debby McLeod, Carol McLeod, Marie-Therese Rancourt led the winners with a double and two singles. La Patrie scored four runs in the first inning and chalked up an additional five in the third to send them well on their way.

Four-run spurts by Nest Bar Salon five times during the game led to their triumph over Sawyerville. Hometown Sawyerville was never ahead in the game and starting pitcher Huguette Huppe was tagged with the loss after pitching four complete innings. Suzanne Breault came on relief and combined, they gave up 19 hits and one walk. Ginette Jacques went the distance for the victory, allowing five hits, one walk and striking out four batters.

Sylvie Bedard scampered home in the fourth inning for her team's only home run in the game. Teammate Sue Garand knocked in a couple of runs in the second inning with her triple. Sylvie and Sue also had a pair of singles each. Danielle Carrier had four singles, Christiane Lamotte had three singles and Ginette Jacques hit a double and a single. Andree Gervais made two hits for Sawyerville.

LWSL competition continues tonight with Rand meeting Lemay Auto Electric in Fleurimont at 8 p.m. and tomorrow evening in Lennoxville as LAE opposes La Patrie, also at 8 p.m.

## QMJBL roundup

SHERBROOKE (BP) — The Sherbrooke Athletics got back on the winning track last night with a decisive 14-2 trouncing over Pointe-aux-Trembles. Other Quebec Major Junior Baseball League games Sunday saw Granby and Shawinigan split their respective games. Shawinigan beat Granby 8-2, Drummondville edged Shawiniga 6-5 and Granby defeated Grand-Mere 4-1.

Saturday action had Pointe-aux-Trembles winning over St. Jean 5-2, while Drummondville blanked Trois-Rivieres 4-0.

No action is slated for today, but three games are on tap tomorrow evening. Drummondville will visit Shawinigan, St. Jean hosts Sherbrooke and Pointe-aux-Trembles travels to Granby. All games start at 8 p.m.

## Pitching-power shortage hits Angels' Nolan Ryan

Somebody turned the power off Sunday on fastball pitcher Nolan Ryan of the California Angels.

"When you have a power pitcher out there without much power, you don't have much going for you," a dejected Ryan said after losing 7-1 to Oakland A's in an American League baseball game.

Slowed by a lingering groin injury that has sidelined him since June 18, Ryan bogged down local as the A's took advantage of the change in pace for their eighth straight victory.

"I slowed everything down because I couldn't get any thrust off my right leg," Ryan said after pitching 6 2/3 rocky innings, in which he surrendered nine hits and four runs.

In Sunday's other American League games, Boston Red Sox edged New York Yankees 3-2, Chicago White Sox trimmed Kansas City Royals 3-1, Baltimore Orioles shaded Detroit Tigers 2-1, Milwaukee Brewers nipped Cleveland Indians 4-3, and Texas Rangers downed Minnesota Twins 9-7. On Saturday, Oakland

## Reds play 14 consecutive errorless games

It's getting so you need a memory course to remember when the Cincinnati Reds last made an error, or Los Angeles Dodgers last won a baseball

game. The Reds set a major league record of 14 consecutive errorless games by splitting Sunday's National League doubleheader with

# L'Enjoleur wins first Queen's Plate title for Quebec owners

TORONTO (CP) — Jockey Sandy Hawley and L'Enjoleur silenced the critics Saturday in the 116th running of the Queen's Plate.

L'Enjoleur, winning the first leg in Ontario's Triple Crown series for three-year-old thoroughbreds foaled in Canada, won the \$146,695 Plate in convincing style. He defeated Near The High Sea by 5 1/2 lengths in the 1 1/4-mile race which attracted a field of 13.

The second leg is the 1 3/4-mile Prince of Wales Stakes on turf, scheduled for Fort Erie in the summer. The third is the 1 1/2-mile Breeders Stakes, also on turf, to be held at Woodbine race track in the fall.

The winning time in Saturday's race at Woodbine, before a crowd of 31,186 which wagered a Plate and Ontario Jockey Club record of \$2,517,753, was two minutes, 3.5 seconds—three-fifths of a second off the race mark set by Victoria Park in 1960. The previous Plate and track mutual record for nine races was \$2,328,875 in last year's running but the attendance that day was a record 40,137.

It was the first Plate win for Montreal's Jean-Louis Levesque, who heads a syndicate which owns L'Enjoleur, and the first time a Quebec owner has won the race. Hawley, leading rider in Canada since 1969, recorded Plate win No. 3 and trainer John (Yonnie) Starr made it No. 4.

As expected, Greek Answer who broke from the No. 13 post position took the lead after two furlongs. He duelled with Countyman for the first half-mile and held a 2 1/2-length over L'Enjoleur who was third. Hawley and L'Enjoleur then started their move halfway down the backstretch and quickly caught and passed the leaders before hitting the front turn.

**TIRED IN STRETCH**  
 "He was running really strong in the backstretch," Hawley said. "When we got into the far turn, I tried to give him a bit of a breather. In the stretch, he was tiring a bit and drifting. In the final few strides I let him have his head and he really drifted out."

"Before the race I thought Mystery Time and Greek Answer would be out in front

and I'd try to sneak up on them, close to the pace, and take a run at them in the stretch.

"But he was running so strong. He just took me into third spot at the start. I could have stayed behind Greek Answer in the backstretch. But I might have choked him down if I took a good hold. But he was running so easy I decided to go by Greek Answer and put him away. I was surprised that he (Greek Answer) quit so easily."

The win was worth \$95,351 and raised L'Enjoleur's career earnings to \$409,786, fifth on the all-time Canadian money-winning list. The son of Buckpasser, the even-money favorite, now has 10 wins in 23 starts, including eight as a two-year-old when he won \$285,865 and was named Canada's horse of the year.

L'Enjoleur, syndicated last fall by owner-breeder Levesque for \$1.2 million, started his three-year-old campaign Feb. 12 at Hialeah Park in Florida and finished fourth in the Everglades Stakes. In his next start, L'Enjoleur, one of the early Kentucky Derby choices, was sixth to Foolish

Pleasure in the March 1 Flamingo at Hialeah.

He won his sixth start, June 1 at Woodbine, defeating Brilliant Sandy by eight lengths in the Quebec Derby then finished fourth in the Toronto Cup Handicap 13 days later.

Opinions about the horse ranged from saying he raced too much at the age of two, didn't have enough time to rest between his two-and-three-year-old campaigns to bone chips in his knee.

"He went off his feed after we wormed him in Florida," Starr said. "After that he had colic for three days and was in real pain. He took a long time to come back from it."

"To be truthful, I don't think he's the same horse he was a two-year-old. I don't blame anybody for knocking the horse coming into the race. I always knew the horse had a lot of ability but again, to be honest, I knew nothing of how he'd run today."

Near The High Sea's second-place finish was worth \$29,339 to owners Jack Laist and Earl Fryman of

base hit scored Davis. RENKO SCORED

The Expos closed the gap to 2-1 in the third when Renko doubled and scored two outs later on a base hit by Gary Carter. St. Louis came back with a run in the fourth when McBride singled and went to second on an error by Pepe Mangual and scored on Mike Tyson's double to left centre.

Consecutive singles by Pete Mackanin, Larry Parrish and Renko in the bottom of the fourth produced Montreal's second run, but Mangual fled to centre to end the inning.

Curtis was tagged with his seventh loss in 11 decisions for St. Louis and his third loss in as many verdicts against Montreal.

Tonight, the Expos are at home to Pittsburgh Pirates while the Cards visit the Phillies in Philadelphia.

## Foot's homer leads Expos to 7-3 win

MONTREAL (CP) — Barry Foote's batting average this season is an anemic-looking .189 which could mean the young Montreal Expos catcher has not been terrorizing opposition pitchers in baseball's National League.

"Early in the season, he wasn't swinging very good," Expos manager Gene Mauch said Sunday. "In the last 10 days or two weeks, he hasn't been very lucky."

Foote, who had six game-winning runs batted in last season, got his first of the 1975 schedule Sunday afternoon, cracking a two-run homer off John Curtis in a five-run rally in the eighth inning that gave Montreal Expos a 7-3 win over St. Louis Cardinals.

Foote's homer, his third of the year, came after Bob Bailey walked and was replaced by Larry Lintz on

trounced the Angels 10-4, New York dropped the Red Sox 8-6, Chicago beat the Royals 5-3, Baltimore defeated the Tigers 7-4, Milwaukee outslugged the Indians 10-6 and Minnesota topped the Rangers 5-3.

**LOST THREE IN ROW**  
 After Ryan, 10-7, pitched his way to the top of his profession with a record-matching fourth no-hitter June 1 and a two-hitter in his next outing, he lost three successive games, injuring

himself in the last loss almost two weeks ago. Oakland starter Ken Holtzman, 8-7, and Rolie Fingers collaborated on a two-hitter, the only mistakes being first-inning doubles by Tommy Harper and Lee Stanton.

Claudell Washington drove in four runs for the A's with a sacrifice fly, a two-run single and a run-producing infield out, and Joe Rudi added a two-run triple.

San Diego Padres, winning the opener 4-1, then losing 4-3.

Meanwhile, the Dodgers' losing streak reached five games when they dropped the finale of a four-game series to San Francisco 5-2, giving the Giants their first four-game sweep over anyone since June, 1964.

The setback also pushed Los Angeles seven games behind first-place Cincinnati in the National League West.

In Sunday's other National League games, Pittsburgh Pirates won a doubleheader from Chicago Cubs 4-3 and 7-0, Philadelphia Phillies swept New York Mets 9-6 and 4-3 in 12 innings, Montreal Expos beat St. Louis Cardinals 7-3 and Atlanta Braves turned back Houston Astros 3-1.

On Saturday, the Reds downed San Diego 6-4, the Giants edged Los Angeles 2-1, the Cubs nipped Pittsburgh 1-0, the Mets topped Philadelphia 5-2, the Cardinals shaded Montreal 3-2 and the Braves stopped Houston 6-3.

**BROKE TIGER MARK**

The last Cincinnati error was Johnny Bench's wild throw in Chicago on June 14—136 innings ago. The old mark of 12 errorless games was set by Detroit Tigers of the American League in 1963.

"The defence has made me," said pitcher Jack Billingham, who won his sixth successive game in the opener with lastout help from Will McEneaney and home runs by George Foster,

## Electoral Boundaries Readjustment Act

### QUEBEC

#### PREAMBLE

Pursuant to the provisions of the Electoral Boundaries Readjustment Act, a census was taken in 1971 of the population of the Province of Quebec; said population was then fixed at 6,027,764. Accordingly, and in conformity with the statement of the Representation Commissioner, the territory of the province shall be divided into seventy-five (75) electoral districts instead of the seventy-four (74) which exist at present.

The Act provides that the population of each electoral district shall correspond as nearly as possible to the provincial electoral quota, which for Quebec stands at 80,370 inhabitants per district. It is however necessary to take into consideration certain factors stated in Section 13 of the Act. A provision of the Act makes it imperative that the population of any given electoral district in no way exceed or be less than 25% of the above-mentioned quota.

The purpose of the following explanatory notes is to inform the public of the criteria which led to the readjustment of the boundaries of electoral districts in the Province of Quebec and of the general principles which governed this proposal.

Geographically, the Province of Quebec comprises four distinct regions:

1. Montreal Island and its immediate surroundings;
2. the City of Québec and its peripheral area;
3. the north shores of the Ottawa River and of the Saint Lawrence River;
4. the south shores of these two rivers.

Demographically, the agglomerations of Montreal and of the City of Québec are characterized, on the one hand, by a limited territory, and on the other, by a concentration of population, which form an economic and social whole, presenting a certain homogeneity.

Conversely, the north and south shores of the Ottawa River and of the Saint Lawrence River constitute a whole of which the component parts include several regions, often very different from one another, some of which are concentrated around towns and cities, but, which, for the most part, present a decidedly rural, agricultural or semi-industrial character.

The task of dividing the province into electoral districts of equal populations was made difficult by the following considerations:

1. Due to the requirement of the Electoral Boundaries Readjustment Act, whereby the population of each electoral district must correspond, within precise limits, to the ideal electoral quota, a certain disparity in population appears from one electoral district to another. Although this may seem arresting at first glance, the reasons are found in the geographic and demographic make-up of the territory.
2. Certain regions of the province cover large, but sparsely populated areas. Accessibility, from one point to another in a given electoral district, is often inadequate, difficult or even impossible.

Considering the above factors in their specific and general applications, the aims of the proposal hereinafter set out are as follows:

1. to maintain municipalities as a whole wherever possible;
2. to compensate for the sparsity of population in certain regions, for example, Gaspésie, Saguenay—Lac-Saint-Jean and Abitibi—Pontiac—Témiscamingue by using for these regions a considerably lower electoral quota than that applied to the urban areas;
3. to attempt to group, if possible, populations who have a community of interests, be they economic, social or ethnic.

This proposal is subject to change in order to take into account the representations or observations which will be made at the public hearings held by the Commission and any conclusions arising from these representations, as determined by this Commission.

## INVERNESS

C.W. McVetty  
435-2266

Mrs. Arthur Minnaugh has returned home following a visit with Mr. and Mrs. Aylevin Walsh and Mr. and Mrs. Robert Wood, of Aubrey, Que.

The invasion of the spruce bud worm is on with a vengeance here, and reports from other points are that serious damage is being done to our forests by these pests, while at the same time it appears that the Provincial Government is turning down requests for assistance. It certainly does not add to the prestige of the Bourassa administration when we remember that they moved with all possible speed to increase their seasonal indemnities by

substantial amounts, but are quite slow to adopt measures to combat a serious menace to our future pulp and lumber resources. It reminds me of the apathy displayed by Emperor Nero when he played the violin while Rome burned.

There were few dry eyes in St. Andrew's Church on Sunday morning last, when, to a large congregation, Mr. MacLeod delivered an eloquent, touching farewell sermon in which he laid stress on the acts of kindness displayed to himself, Mrs. MacLeod, and family, during their three-year stay here. The MacLeods will be greatly missed here because soon after their arrival they quickly became an important part of the fabric of the community—ever ready to help in times of stress and trouble. All we can say is that the people of Englishtown, N.S., are very fortunate, indeed, to have such a family move into their lives. Au revoir, MacLeods, and may God bless you all.

was, "The queen — there are lots of players who just hate to lead from a jack-high suit against notrump, few who hate to lead from a king."

Oswald's reply was longer. It was: "Forty years ago when you were a baby the correct play would have been the 10 spot. In those early days of contract, players were taught not to lead from kings if they could find any other lead. In fact there was a bridge player's Hell where the poor sinner was continually on lead against the devil while holding all four kings. Today, however the queen is the better try."
