ADMIRAL SEYMOUR REPORTED KILLED.

Empress' Suicide, Murder of Emperor and Destruction of Imperial Palace

AMONG OTHER RUMOURS.

Relief Force's Entry Into Pekin Has Not Been Officially Confirmed.

(Special to the Star.)

LONDON, June 21. — A despatch from Tien Tsin, last Friday, has reached Shanghai. It states that Tien Tsin is practically in the hands of the Boxers. Local authority is paralyzed. The civil and military mandarins have been compelled to leave their sedan chairs and to kowtow to the Boxers in the streets. The chapels have been burned in the foreign quarters. The fate of the Europeans is unknown.

SHANGHAI, June 21.—The British destroyer Whiting, at Che Foo, reports that nothing has been heard from Admiral Seymour's force for six days.

The French Consul wires that the British mission at Tsang-chow has been looted and the missionaries conveyed to an unknown place by a Chinese general.

IS ADMIRAL SEYMOUR DEAD?

YOKOHAMA, June 21. — The reports of the murder of the foreign ministers at Pekin and the death of Admiral Seymour, although viewed with suspicion, have created a profound sensation. The press expresses the opinion that Japan must, with or without consent of the powers, adopt active measures. The naval and military officers are very busy. Probably the whole Hiroshima division under command of General Fukashima will be afloat within a few days.

The Russian cruiser Rurik has arrived here with the new Russian Minister to Japan and leaves for Taku to-day.

LI HUNG CHANG WILL REMAIN.

HONG KONG, June 21.—Reports have been received here from Canton that owing to the representations of the foreign consuls, Li Hung Chang has consented to remain in Canton.

SEMI-OFFICIALLY CONFIRMED.

BERLIN, June 21.—A semi-official despatch from Tokio, dated June 21, says the Japanese consul at Shanghai confirms the reports that Vice-Admiral Seymour has arrived at Pekin and that the members of the diplomatic corps are safe.

According to an official Japanese report from Che-Foo the foreign settlement at Tien Tsin was reduced to ashes June 18.

WILL FIRE ON GUNBOATS.

LONDON, June 21.—A news agency despatch from Shanghai, dated June 20, says:

"After an arduous march and frequent fighting with the Chinese, Vice-Admiral Seymour arrived at Pekin Sunday afternoon. On five occasions the Chinese attacked the column in great force. There were many mounted men among the Chinese, but most of the native were badly armed. At times they fought with admirable courage and bravery. The losses are estimated at 500 killed. The losses of the foreigners were trifling.

"The exact state of affairs inside Pekin it is impossible to describe, in view of the many conflicting reports, nothing having been received from the legations or foreigners there.

"Surprise is expressed at the fact that a large force of Indian troops has not been ordered here."

The Chinese expect trouble at Canton on the departure of Li Hung Chang for Pekin. It is rumoured that the forts have received orders to fire on any foreign warship attempting to pass.

A gunboat is kept at Hong Kong under steam in case of emergency. There is no warship at Canton.

UNDAUNTED WAS READY.

SHANGHAI, June 21.—The Pekin news wired yesterday emanated from Sheng, the administrator of the Chinese telegraphs.

Merchant steamers are not allowed to proceed to Tien Tsin, and vessels on their way there have returned to Che-Foo.

Correspondence with Tien Tsin is difficult.

The Chinese Merchants' Company has ceased sending vessels northward.

It is learned authentically that an understanding exists between Great Britain and the viceroys of Nankin and Wu-Chang, which accounts for the quietness in the Yang-Tse-Kiang valley.

It is reported that Siu is executing large bodies of suspects daily.

The British armoured cruiser Undaunted arrived at Woo-Sung yesterday and cleared for action while passing the forts as a precautionary measure.

Wire communication between Tien Tsin and Pekin is impossible. The foreign officials here are totally ignorant of the state of affairs in the north.

Telegrams from Tien Tsin dated June 15, say that the foreign missionaries at Pao-Ting-Fu are safe, being guarded by the troops of General Nieh. Twenty-five Americans, with a Gatling gun, have arrived. In the foreign settlement the chapels have been burned and the mission stations of the American Board of Foreign Missions of the Methodist Episcopal Church, and of the London Missionary Society are practically in the hands of the Boxers.

ADMIRAL KEMPFF'S REPORT.

WASHINGTON, June 21. — "The department has received a cablegram from Admiral Kempff dated June 20. He says the Taku forts were captured by the other foreign forces; that heavy firing was heard at Tien-Tsin on the evening of June 17. He is making common cause with the foreign powers for general protection. There are 300 Americans ashore. On May 31 the number of foreign troops at Pekin was 430. There are 6,000 men ashore now at Che Foo and about 3,000 troops, Russian, German and English have just arrived."

It is said at the State Department that the whole effort of the Government at this juncture is devoted to the re-establishment of communication with Admiral Kempff and Minister Conger. That was the burden of the talk at the White House conference yesterday, and the action of the United States consul at Che-Foo in promptly chartering a vessel to push the Government's message as far along as possible has in a large part solved the problem. The Phoenix can reach Taku, where Admiral Kempff lies aboard the Newark and probably can get up the river to Tien Tsin, where the United States ship Nashville and Monocacy undoubtedly have arrived by this time. Beyond that point the communication with Minister Conger must, it is said, be sent overland by a military expedition.

WHY DIDN'T KEMPFF HELP?

Naval officers generally bitterly regret that Admiral Kempff was not in the fighting at Taku. Up to the receipt of his despatch they had continued to hope, even in the face of the foreign reports to the contrary that the American naval forces had taken some part in repelling the attack of the Chinese forts. But the admiral's statements that they were captured by the "other foreign forces" dismissed that hope.

The prevailing idea among the naval officers is that the reduction of those forts was absolutely necessary to the safe progress of any intrnational relief expedition to Pekin, and that Admiral Kempff should have found it to be within his duty in the protection of "all American interests," to have borne his part in the burden. Much depends, however, on the exact terms of his instructions, and in fact it is not yet known definitely whether or not he actually received all of his instructions. The responsible officials, therefore, are making no criticisms of the admiral's conduct.

FRENCH CONSUL ATTACKED.

PARIS, June 21. — The French consul at Mong Tse cables that he has received from M. Francois, French consul at Yun-Nan-Fu, the following telegram, dated June 15:

"We were attacked June 10 on leaving Yun-Nan-Fu, and were forced to return to the town. All our baggage was rifled, and the missions and railway buildings were burned, except my residence, where I had gathered our countrymen and which we defended with our rifles.

"After twenty-four hours the mandarins having at last taken measures, I called upon them to conduct us to the frontier, and I expect them to answer for the safety of the roads.

"It is urgent that the Government should demand peremptorily that we be permitted to leave, as we are like prisoners, but the French troops in Indo-China must not cross the frontier. All the Frenchmen are safe at the present moment."

The consul at Mong-Tse adds that the situation there is still critical. Alarms are frequent, but thus far there have been no serious incidents.

The despatch from M. Francois is a day later than the last previous news.

"RIVERS OF BLOOD."

LONDON, June 21. — The rebellion in China is spreading far and wide. There is an impression in diplomatic circles here and on the continent that the allies have not yet grappled with the situation effectively, and that even 50,000 troops would be powerless to do much to control 4,000,000 square miles.

The latest story sent out by the Shanghai gossips is that Prince Tuan, president of the Tsung-Li-Yamen, has burned the Imperial palace at Pekin and murdered the Emperor and that the Empress Dowager has committed suicide.

The effect of the bombardment of the Taku forts, as described by the Shanghai correspondents, was gory in the extreme—nothing less than "rivers of blood" and "mutilated corpses piled up inside the forts."

EMPRESS IS RESPONSIBLE.

BERLIN, June 21. — "The responsibility of the Chinese Government for recent events," said a high official of the Foreign Office to-day, "is now clearly proved. It has been ascertained that 10,000 Chinese troops who deserted to the Boxers did so under the direct orders of the Chinese Government. The promotion to the highest positions of notoriously anti-European officials also points in the same direction. This is the war of China against all foreigners, including Germans, and the point now is to go ahead vigourously, quickly and resolutely, no matter what the final outcome may be."

The Berliner Tageblit says:

"A private despatch from St. Petersburg asserts that Russia has landed 9,000 men who will not place themselves under the command of Admiral Seymour, but will act independently."

SENATOR DAVIS' VIEW.

Says Partitioning of China by the Powers is Inevitable.

PHILADELPHIA, Pa., June 21. — In the opinion of Senator Davis, of Minnesota, chairman of the Senate Committee on Foreign Affairs, the situation in China is even more grave than published, and may develop into an international problem such as the powers have not had to deal with in many years.

"No man can tell what will come out of the present situation in China," said Senator Davis. "Generations to come may find that in awakening China the Western world has brought into existence a giant which will insist on taking part in affairs at inopportune moments. It seems inevitable that hina will be partitioned. Certainly the Acting-Empress will be dethroned. This cannot be done without a war which will probably repeat itself many times."

COMMON DANGER UNITES EUROPE.

(Special to the Star.)

NEW YORK, June 21.—The London correspondent of the New York Tribune, at 1 a.m. reviewed the Chinese situation as follows:

The Times' correspondent at Shanghai confirms to-day the other press despatches reporting the arrival of the mixed force of marines at Pekin on Sunday, when the legations were safe. There are no details, and the despatches are based upon Chinese reports, but the news has caused general relief in London, and is credited in diplomatic circles. The Russian official report of Sunday's engagement with the Taku forts shows that six gunboats were under fire. The Russian admiral was in command, and two of his vessels were seriously damaged. Sir John Brodrick read to the House of Commons the substance of a despatch stating that a considerable force of Boxers was operating beyond Tien Tsin, and destroying property on a large scale. The Admiralty had previously received an official account of the bombardment of the Taku forts from the British admiral. It might not have been impracticable for the marines with Admiral Seymour to return to Tien Tsin when the Boxers were destroying the railway and burning churches and houses north of the city, but that course would have involved the abandonment of the legations to their fate.

There was no decisive news at midnight, but there were strong hopes that the news of the arrival of the marines at Pekin would be confirmed explicitly within a few hours. The common danger has brought the European powers together and the concert is entirely harmonious.

SITUATION AT 6 A.M.

The report that Lord Seymour has arrived at Pekin is not yet confirmed, although there are many variations of the news. Tien Tsin is still reported as isolated, and heavy firing has been heard in that direction, while a general rising in the southern provinces is dreaded on the departure of Li Hung Chang for the capital.

A message has been received in Rome from the Italian Consul at Shanghai, stating that communication has been established with Pekin, and that the legations are safe. Dalziel states that in an engagement fought by Admiral Seymour on his way to Pekin five hundred Chinamen are reported to have been killed. A telegram from Che Fu mentions that the American Consul has sent a steamer to rescue the American and British missionaries in Western Shan Tung and Honan. The telegraph correspondent in Shanghai gives particulars of a desperate attack made upon Tien Tsin by Boxers. The Chinamen actually came within fifty yards of the Russian troops, who fired shrapnel into them, killing 300.

MEETING OF EASTERN LEAGUE.

A Montreal - Rochester Game Was Declared Illegal and to Be Played Over.

THERE were but two games played in the Eastern League yesterday, the other games being postponed owing to rain and wet grounds.

At Springfield Rochester had some difficult in winning from the Ponies by the narrow margin of 1 to nil in an eleven innings' game. The other game played was also a shut out, Hartford winning from Syracuse.

These results do not change the standing materially.

To-day Montreal plays at Worcester and a big effort will be made to land this series.

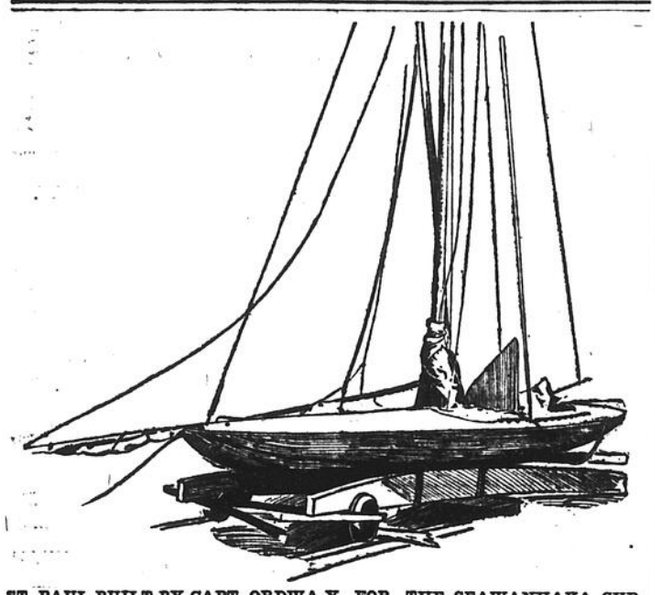
THE PROVINCIAL LEAGUE.

The Provincial League held an important business meeting at the St. James Hotel last night. President F. Payette was in the chair with Secretary Joseph Page officiating in his official capacity. The delegates present were: Mascottes, Messrs. W. A. Innes, W. A. Sattane; Hochelaga, Messrs. N. Richard, J. Durand; Ste. Hyacinthe, Messrs. S. A. Simard; St. Johns, Mr. S. Finley; Sorel, Mr. J. Lamoreaux; Valleyfield, Mr. J. Anderson; Farnham, Mr. Jos. Page.

Manager Henderson handed in the resignation of the Valleyfield Club, assigning a meagre attendance as responsible. The Ste. Hyacinthe Club was granted $40 because of default of last Sunday. The league decided to compensate Umpire Lavallee. The rule making the admission of a new club possible only on an unanimous vote was rescinded. Hereafter a majority will bring in a new club. Delegate N. Richard, on depositing the requisite $50, was heard in an application for admission of the Hochelaga Club. The Hochelaga Club was taken in by a unanimous vote. Hereafter all official documents entered into by that club's managers and officials will, immediately on consummation, be communicated to the league. Valleyfield's players, under a special ruling, will be permitted to play with any of the other league teams within five days of the Valleyfield's disbandment. Mr. L. Dumaine, of Sorel, was appointed an official umpire. Hochelaga entered the league on the condition of assuming the position and duties of the defunct Valleyfield Club.



ST. PAUL BUILT BY CAPT. ORDWAY FOR THE SEAWANHAKA CUP SERIES.

EASTERN LEAGUE MEETING.

WORCESTER, Mass., June 21.—The directors of the Eastern League, at a meeting here yesterday approved the present staff of umpires and refused to make changes.

The protest of Hartford over the game of May 17, was refused. It was claimed that a ball which was hit over the bicycle track on the Rochester grounds was a home run. The directors ruled that a ball must go over the fence to be a home run, unless the player makes the circuit of the bases, or a special ground rule is agreed upon by the contesting clubs.

Toronto's protest of a game with Providence, May 11, was left to a mail vote of the directors. A decision will be given after more information has been secured. It is alleged that a Toronto runner was blocked on the third base line.

The game on June 6 between Montreal and Rochester was thrown out and will be played over. The second game played on the same day was approved.

Hereafter no game arranged without the consent of President Powers will count.

President Powers was instructed to demand $42 due the Rochester Club for ladies' tickets on a civic holiday in Toronto last season. League umpires will be instructed to enter into no conversation with players after a decision has been rendered.

Mrs. Alfred Clarke, of Hitewan, Manor Co., Iowa, has been the mother of four children. Now she says:

"I am about to become a mother again, and I have been troubled with morning sickness and vomiting. I could not eat any breakfast; but two days ago I began taking your 'Favorite Prescription' twice a day, a teaspoonful at a time, and I am pleased to say that I have not had a vomiting spell for two mornings."

"The "Favorite Prescription" relieves morning sickness and the other discomforts of the period preceding motherhood by purifying the whole system and by strengthening and invigorating the special organs involved. Morning sickness is due to the efforts of nature to remove from the body every bit of impurity which might offset the health of the little one to come. The direct cause of the nausea is an irritation of the nerves of the feminine organism, which have a sympathetic connection with the nerves of the stomach.

The "Favorite Prescription" goes directly to the seat of the trouble, soothes the ruffled nerves and brings comfort at once. It is a safe medicine to take. It contains no alcohol, opium or other dangerous drug. It contains no sugar or syrup. It aids the digestion and is a general system tonic, while it acts directly and strongly on the one special set of organs.

WHAT CYCLISTS ARE DOINGS.

WORLD'S MEET FINANCES.

Owing to various causes the Executive Committee of the Canadian Wheelmen's Association has been heretofore unable to issue a statement of the financial end of the World's Meet, which was held here during last August. However, to-day a statement was sent out after being audited by a well known local firm of accountants.

A feature in connection with this statement is that while the receipts of the meet exceeded the disbursements, yet it has been found necessary to use the funds of the C. W. A. to send to the International Cyclists Association the latter's share of the profits. This state of things occurs owing to the fact that almost $150 of the funds are not accounted for.

According to the statement the gross receipts of the meet were $7,352.20.

The gross disbursements amounted to $6,833.64. The general and track expenses amounted to $1,487.60. The cash prizes amount to $2435. The amateur prizes cost $751.61. Advertising, etc., amounted to $1,651.83. These items, with various other smaller ones, brought the total up to $6,833.64, leaving a balance of $518.56. This balance is disposed of as follows:

Profit of meet	$518.56
Entertainment deficit	$179.19
Refund to Mr. Dandurand, advanced by him for original bonus of $1000 for the meet	83.50
Cash in bank and sent to secretary of C. W. A.	109.32
Still unaccounted for	146.55
	$518.56 $518.56

WITH CHESS AND CHECKERS.

The two drawn games from the final round of the international chess tournament played in Paris Tuesday, had to be replayed yesterday, the order being the following:

Mieses vs. Mason and Lasker vs. Tschigorin. The latter two experts drew, while Mieses beat Mason. The prizes there were awarded as follows:

First prize, Lasker; second prize, Pillsbury; third and fourth prizes divided between Marshall and Maroczy; fifth prize, Burn; sixth prize, Tschigorin; seventh prize and eighth prize divided between Marco, Mieses and Schlechter.

Later in the afternoon the committee announced that they had awarded the brilliancy prizes to Mieses for his game against Janowski and Tschigorin for his game against Mortimer.

ON THE FOOTBALL FIELD.

ASSOCIATION FOOTBALL.

The Point football players are requested to be on Queen's Park this evening at 7 o'clock sharp for practice, especially the intermediates, in preparation for their match with the Strathconas on Saturday afternoon, on the Strathcona grounds.

The Valleyfield lads are due in Montreal on Saturday and will meet the Senior Strathconas on the latter's grounds, corner of Park and St. Louis avenues; kick-off at four o'clock sharp.

This evening both Strathcona teams will participate in a test match, kick-off at 7 o'clock, and a committee meeting will be held on the grounds at the close of the game.

The Junior Strathconas and Point teams take the field at 2.30, and the visitors will be treated to an afternoon's good football. There will be no charge for admission.

French Serge.

Brilliant, smooth, hard finish—fine weave—splendid wear, elegant appearance.

Beatrice serge lining, silk stitched, hand-made button-holes.

A "custom-made" suit as good as this $15.00 "Semi-ready," would cost from $22.00 to $25.00.

Money back if wanted.

WILL GIVE THE GAME

Montreal Will Refuse to Play the Shamrock Match Over Again if Protest Carries.

THEY SO DECIDED LAST NIGHT.

Active Preparations for Saturday's Match Between the Shamrocks and Nationals.

THERE was a chance that there would not have been any occasion for a meeting of the Senior League to settle the question of the protests which were made previous to the Montreal Shamrock match, but the opportunity to withdraw the protests was not taken advantage of and the matter will be thrashed out in Council.

Yesterday representatives of the Montreal Club called on the Shamrock people and expressed their willingness to withdraw their protest against Robinson if the Shamrocks would withdraw their protest against Downey. The Shamrocks declined to do this and the matter was left in this state.

Last night the Executive Committee of the Montreal Club met and discussed the matter at some length. It was unanimously decided that they would not permit their team to play this match again if the protest was awarded against Montreal. In fact, they would give the match to the Shamrocks. The rules regarding this protest says that if the protest is decided in favour of the non-offending club that club shall be awarded the match.

The Montreal boys won their honours on the field fairly and squarely, and no matter what occurs hereafter, they will have the satisfaction of knowing that they overcame their rivals on the turf and with their players, and not at a meeting of delegates.

SATURDAY'S SENIOR MATCH.

The Shamrocks have been practicing faithfully for Saturday's game with the Nationals, and the latter organization has been doing the same. The fact that the Shamrocks have two losses scored against them has determined the boys to put forth their best efforts to down the Nationals. If they wish to be in the championship race they cannot afford to lose any more matches at this stage of the series, and a victory over the Nationals would be a splendid thing for their hopes. The Nationals, on the other hand, have great respect for the prowess of the champions, and are not taking any chances in the matter, though some of their supporters say that the Nationals can double the score. The game will be a warm one, and there is not much to choose between either team.

TORONTO HAS A STRONG TEAM.

(Special to the Star.)

TORONTO, June 21.—The Torontos will have a strong team out on Saturday, when they meet Cornwall in the first senior game of the year at Rosedals. The team selected is as follows: Goal, Clewes; point, York; cover, Wheeler; first defence, McBride; second defence, Stewart; third defence, H. Lambe; centre, Fred F. Moran; first home, Frank Moran; second home, Iler; third home, Querrie; outside, Murray; inside, Greatrix; field captain, P. G. Knowles.

SHOTS.

Currie will be in the game.

William Pollock, of Cornwall, may act as referee.

The Shamrocks had their final practise this afternoon.

The National team will be the same as that which defeated Toronto.

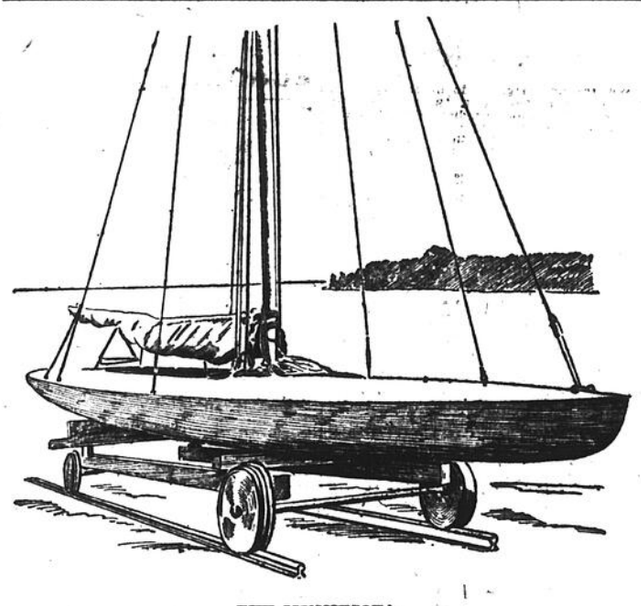
The Nationals are in tip-top condition, and claim much more speed than the Shamrocks.

It is not expected that Finlayson will be able to play on Saturday. Phil. O'Reilly will probably take his place.

An Ottawa exchange had this:

"The win Saturday of the Montreal lacrosse club over Shamrocks on the latter's grounds will go further to keep the game in Montreal than anything that has occurred in the lacrosse world for some time. It is encouraging to the M.A.A.A. to have its team, recently elevated from the ranks of the intermediates, prove itself capable of acquitting itself with credit against the Canadian champions. The Montreal club is composed of perfect gentlemen and has won the congratulations of the lacrosse supporters of the country. It is hoped that their success may be continued."

The announcement is made on the authority of James Kennedy that Frank Erne, light-weight champion of the world, and Terry McGovern, feather-weight champion, have been matched for ten rounds at 128 pounds at the ring side on July 16, at Madison Square Garden.



THE MINNESOTA,

Built by Capt. F. M. Douglas of the White Bear Yacht Club to Challenge for the Seawanhaka Cup.

Business Men's Backs.

Too much rush and bustle, work and worry fall to the lot of the average business man. Kidneys can't stand it; they fail to filter the poisons from the blood properly. Urinary trouble, general languor and pain in the back are the natural results. A man can't attend to business properly if his back aches—no use trying.

Only one sure remedy that never fails—

DOAN'S KIDNEY PILLS.

Take a hint from business men who have used them:

"I have taken Doan's Kidney Pills, which I procured at the Medical Hall here, for rheumatism and pains in the small of my back, with which I have been afflicted for the past six years. They did me so much good that I heartily recommend them as an excellent medicine for rheumatic troubles and backache." CHARLES C. PILKEY, dealer in agricultural implements, Orillia, Ont.

Doan's Kidney Pills cure backache, lame or weak back, Bright's disease, diabetes, dropsy, gravel, sediment in the urine, too frequent risings at night, rheumatism, and weakness of the kidneys in children and old people. Remember the name, Doan's, and refuse all others. The Doan Kidney Pill Co., Toronto, Ont.

WHITE BEAR BOATS.

The Craft That the Challengers Have Built to Contest For the Seawanhaka Cup.

THREE YACHTS ARE NOW READY.

Messrs. Griggs, Ordway and Douglass Have Built These Boats to Race.

(Special to the Star.)

ST. PAUL, Minn., June 21.

THERE are three boats on White Bear Lake, built by syndicates to contest for the honour of representing the White Bear Yacht Club in its challenge for the Seawanhaka Cup, held by the Royal St. Lawrence Yacht Club.

The other day the Griggs boat and the Douglas boat, named Minnesota, were out, and expectations were aroused over a first class opportunity to test their sailing qualities. It was almost a reefing wind, and both boats got away in excellent style. The wind was most suitable to the Griggs boat, and it at once began to forge ahead. The Minnesota, however, was beginning to close the gap—the boats had sailed about a mile—when the mast of the Griggs boat was carried away, and the race at once ended.

The Ordway boat, St. Paul, has since been placed in the water, and from now on, every Saturday afternoon, and also during the week, the boats are to be tested. Each of the White Bear boats have been built by different builders on the lake. The Minnesota is the finest finished craft of the trio. She is a perfect gem, no expense having been spared by her owners. This boat is a production of Amundson, who was the builder of the Yankee, the boat representing White Bear in its contest with the Dominion last year.

A short description of the three boats will prove interesting. The Minnesota is owned by a syndicate with Capt. F. M. Douglas at its head. She shows the tremendous length of 37 feet over all; is 27 feet on the water line and develops an inclined water line of 31 feet. There is nothing of the scow in her except it be her flat bottom. Sitting on the water she gives one the impression of a huge canoe. From amidships her lines slope fore and aft easily yet decidedly, and the bow is a decided "canoe bow." Her stern is quite narrow. Her free board is low. Her deck is crowned or roof-shaped. Her cock-pit is narrow and divided by stanchions or cross-timbers into compartments which add to her strength. Her sides are not of the tumble home variety, but I believe show a gentle bulging. Her centre board is of a new design as different as possible from the old and usual dagger board. The blade is very wide at the bottom, which gives her an extraordinary hold on the water in windward work.

The Griggs boat is owned by a syndicate with Capt. Griggs at the head. She is 36 feet over all, 19 feet on the water line, and develops 35 feet inclined water line. She is a perfect, low-lying scow, that is to say with a low freeboard. Her sides show slightly sloping lines forward and aft from amidships; her bow is very thin and is low; her deck is slightly crowned; her cock pit is large, much too large. She closely resembles the Argo, which won so easily in the Oshkosh races last August on Winnebago Lake. She is undoubtedly a very fast boat in a fresh wind.

The St. Paul is owned by a syndicate with Capt. Ordway at the head. She is 35 feet over all, 30 feet on the water line, and develops 31 feet inclined water line. She is narrower than her rivals, and it is said of her that she is built to sail in moderate winds, and in such winds is expected to prove very fast. She has a beautiful finish on bottom—piano finish, as her builder calls

LEPINE'S SENSATION.

A Trotting Horse Turned a Somersault Yesterday Afternoon in the 2.20 Class.

HARNESS RACING AT LONDON.

Not Much Doing at Sheepshead Bay and Fort Erie Race Tracks.

THERE was a sensation at Lepine Park yesterday, when Fleetwings turned a somersault and nearly killed herself and her driver. This happened in the 2.20 class, and although things had a very serious appearance at one moment, the missing of the second heat was about the worst thing that resulted. Otherwise the racing was very good.

The results were as follows:

2.30 class, purse $150.

WEATHER AND RACING CLOSE.

The Results at Sheepshead Bay and Fort Erie.

NEW YORK, June 21.—The fields were light at Sheepshead Bay, and the weather was warm and close. Two stakes were decided, the Bienville for two-year-old fillies, and the Bear Hurdle race. Four went to the post in the former, with Glenellie a 1 to 3 favourite. She just galloped all the way, and won pulled up in slow time. Ashes was second, twelve lengths before Hollow Wood, third. In the hurdle race only three faced the starter. Gov. Griggs was favourite and might have won, but pecked at the last jump and wrenched his leg, allowing Dr. Eichberg to win easily. Gov. Griggs pulled up very lame. Summary:

First race, 6 furlongs—Sanders, 118, Clawson, 8 to 5 and 2 to 5, won; Mayor Gilroy, 110, Shaw, 12 to 1 and 2 to 1, 2; McMeekin, 120, Maher, even and out, 3. Time, 1.14 2-5. Ben Hadad, Colrus, Gold Lace, Somerset and Tartar also ran.

Second race, selling, 5 1-2 furlongs—Scurry, 108, McCue, 7 to 2 and 6 to 5, won by a neck; Sentry, 102, Odom, 6 to 1 and 5 to 2, 2; Delmarch, 102, O'Connor, 5 to 2 and even, 3. Time, 1.07 3-5. Quizle, Snark, Sport, Himself, Ford Hengist and Rivenoak also ran.

Third race, one mile and three-sixteenths—Imp, 131, Taber, 4 to 5 and out, won by 1 1-2 lengths; Col. Roosevelt, 101, O'Connor, 3 to 1 and 7 to 10, 2 by six lengths; David Garrick, 113, Maher, 3 to 1 and 7 to 10, 3. Time, 2.00 3-5. Orontas also ran.

Fourth race, the Rosebud, 5 furlongs—Glenellie, 115, McCue, 1 to 5 and out, won by four lengths; Ashes, 115, Rutter, 9 to 2 and 1 to 5, 2 by twelve lengths; Hollow Wood, 110, Ernst, 100 to 1 and 20 to 1, 3. Time, 1.03. Sporting Duchess also ran.

Fifth race, Bay Hurdle race, two miles—Dr. Eichberg, 147, Veltch, 9 to 5 and 2 to 5, won by six lengths; Gov. Griggs, 167, Donohue, even and 1 to 5, 2; Ronkonkoma, 140, Brazil, 5 to 1 and even 3. Time, 3.50 2-5.

Sixth race, one mile, selling—Her Ladyship, 91, Rausch, 8 to 5 and 2 to 5, won by a neck; Precursor, 103, O'Connor, 6 to 1 and 2 to 1, 2; Ed. Tipton, 111, Winkfield, 12 to 1 and 4 to 1, 3. Time, 1.41 1-5. Kinnikinnic, Autumn, Magic Light and Bombshell also ran.

WHAT HAPPENED AT FORT ERIE

FORT ERIE, Ont., June 21.—The weather yesterday was fine; the track fast, and the attendance about 2500. Following are the results:

First race, 7 furlongs, selling—Alex, 104, McDonald, 8 to 5, won; Ice Drop, 100, L. Thompson, 2 to 1, second; Winner, 105, E. Flynn, 3 to 1, third. Time, 1.28¼. Hesitation, Jucoma, Daryl and Woodleca also ran.

Second race, 4 furlongs, selling—Reluctant, 100, Landry, 7 to 5, won; Bill Massie, 104, Flint, 6 to 5, second; Rabunta, 105, Stewart, 20 to 1, third. Time, 49¼. Daisy Chain, Cupa, Powtolus, John Potter and Diddie also ran.

Third race, handicap, 1 mile—John Halsey, 97, Postal, 2 to 1, won; Lady of the West, 101, A. Weber, 3 to 1, second; Royal Sterling, 103, J. Daly, 6 to 5, third. Time, 1.41½. Lizzie Kelly, Sister Alice also ran.

Fourth race, 5 furlongs—Gray Daily, 108, McQuade, 4 to 5, won; Egyptian Prince, 108, Landry, 4 to 1, second; The Copper, 108, Weber, 8 to 5, third. Time, 1.02½. Beelzebub, Lord Crimson also ran.

Fifth race, 7½ furlongs—Windward, 101, Landry, even, won; Prince of India, 103, L. Thompson, 5 to 1, second; Kitty Regent, 96, A. Weber, 4 to 1, third. Time, 1.35¼. Highland Prince, Royal Poinciana, Catharine C., Annetburn, Nicholas, Allowauce and Sailust also ran.

Sixth race, 6 furlongs, selling—Nancy Till, 105, E. Flynn, 10 to 1, won; Dangerous Maid, 104, J. Daly, 3 to 1, second; Ocie Brooks, 101, L. Thompson, 8 to 5, third. Time, 1.15¾. Nimrod, Rey Balasar, Sir Blaze, Matoka, Arlington and Come Quick also ran.

THE LAST DAY AT NEWPORT.

CINCINNATI, June 21. — The sport at Newport was the most exciting of the meeting, seven horses finishing noses apart in the second race with Missouri in first place. The handicap went to Winter, the favourite, who galloped all the way. Latonia will open to-day with the Himyar stakes as the feature. The winners: Castle, Goose Liver, Menace, Winter, Blenheim and Juanetta.

BRIEF NOTICES OF DOINGS.

The Montreal Swimming Club has obtained from the R. & O. N. Company that the boat now leaving at 6 p.m. for island shall leave in the future at 6.20 to afford accommodation to the members who cannot leave their office before 6 o'clock.

William O'Donnell, 32 years old, of Memphis, Tenn., better known as "Memphis Billy" O'Donnell, is dying in Bellevue Hospital, New York, from progressive muscular atropsy. O'Donnell claims over-traing to be the chief cause of his condition, as he never smoked or drank. The surgeons say that may have been a contributary cause.

The athletes who will represent the University of Pennsylvania in the Olympic games at Paris, left yesterday morning for New York, whence they sailed at noon for Southampton on the steamer Southwark. The party consists of Captain Kranzlein, McClain, Grant, Orton, Mechling, Baxter, Drumheller, Hare, Remington, Bushnell, Colkeet, Tewksbury, Frazier, undergraduate manager; Frank B. Ellis, representing the track committee, and Coach Murphy.

CHANGE THE CONSTITUTION.

HAMILTON, Ont., June 21.—The Grand Lodge of Oddfellows of Canada yesterday continued the discussion of the proposed changes of the constitution. The age limit was from 49 to 55. Brother Dr. Bingham, Grand Medical Examiner, read his annual report. It showed the steady growth of the order, while the death rate had remained stationary or a trifle lower for the year just closed. The number of applicants during the year was 894, of which 36 were rejected. The report of the committee on credentials was adopted. The change in the constitution provides that there should be one delegate for each one hundred members and one delegate for every additional fifty members or fraction thereof to Grand Lodges. The date of meeting remains as heretofore, the third Tuesday of June. The executive committee shall consist of the Grand Master, immediate Past Grand Master, Deputy Grand Master and two members from the Grand Lodge at its annual session.

YESTERDAY'S FIRE AT QUEBEC.

QUEBEC, June 21.—Losses estimated to reach $10,000 were occasioned here yesterday morning by a fire which broke out in the rear of Desire Charest's store. The flames spread to the adjoining building occupied by Mrs. P. Hamel and I. Aubert, and Arthur Rinfret, grocer. This building was the property of Mr. P. Hamel, and was insured for $2,600 in the Liverpool, London & Globe. Mr. Rinfret has $1,000 in the Phoenix of Hartford on his furniture, and $2,200 on his stock in the Queens and Phoenix of Hartford Companies. Mr. Charest's loss is about $5,000, and is only partly insured.

HIGH SCHOOL CLOSED

Parents and Friends Filled Assembly Hall at Yesterday's Exercises.

NO PRIZES WERE AWARDED.

Names of the Scholars Who Won Honourable Mention From the Platform.

The Assembly Hall at the High School was filled to its utmost seating capacity yesterday, with the parents and friends of the pupils, who were present to witness the closing exercises for the term. On the platform, beside the Faculty, were Rev. Dr. Shaw, Rev. G. Osborne Troop and Rev. F. M. Dewey. In an admirable report Dr. Rexford outlined the year's work, after which, with highly entertaining intervals of recitations and the spirited singing of patriotic songs by the children, the results were announced by the rector, who stated that this was the first time in the history of the school when prizes were not given, it having been decided to spend the money hitherto devoted to the purchase of prizes to a fund for the provision of class room libraries.

Two medals were awarded—one to Master E. Russell Patterson, and the other to Miss Germaine Sauvalle. In awarding them Dr. Shaw made a happy little congratulatory speech and the young people were loudly applauded. After the formal exercises were concluded three cheers were given by the pupils for the Queen. Dr. Shaw and Dr. Rexford. The school will reassemble for work Wednesday, September 5th.

No CURE! No PAY!

DR. McLAUGHLIN'S OFFER TO MEN.

My Electric Belt is a positive cure for weakness of every kind in men and women. It gives the vitalizing power of electricity direct to all weak parts, developing the full natural vigor and strength, and removing the cause of disease. I want every one who lacks the strength he should possess to use it, and to tell his friends of its surprising effects.

PAY FOR IT WHEN CURED.

After you are cured you can pay me, and then the price will only be one-half what is asked for the old style belts, which have been blistering and burning the backs of the wearers for the past thirty years. My belt is three times as strong as any other belt sold, and is the only one that does not blister the flesh. Call to-day or write for my 80 page book with information. Address

DO WE FEEL PATIENT?

Peoples have always been able to endure most kinds of rascality better than those likely to loosen the knees of the soldier sent out to front the enemy.

When the nation is in danger or its prestige threatened, there is a call for volunteers to give up their positions at home and go out to face the hardships of the march, the dangers of disease-breeding conditions assailing weakened bodies, and the swift perils of actual battle. Under such circumstances, a volunteer's life in the field is a succession of sacrifices; inevitably he drops for a time out of the marching column of business advancement at home. He loses six months, a year, two years of his life commercially. Then if he escapes the bullet and the bayonet, he is too fearfully apt to come home enfeebled by disease, or seriously weakened by unaccustomed hardships. And there is always the chance that we shall read his name amongst the "killed" or "wounded."

Meantime the rest of us stay at home, far, securer for his courage and sacrifice, going on with our daily business with what success we may. All we are asked to do—all we can do—is to see to it that he has the best arms money can buy, the best clothes for his purpose that can be found, the best care when wounded, the best food we can purchase. Of necessity we delegate this work to the officers of Government. That is precisely what we pay and select them for. And we expect it to be superlatively well done. Our hearts burn at the pluck, at the patriotism, the noble self-sacrifice of "the boys" at the front; and we want to do everything we possibly can for their comfort, their safety, their success.

When thinking proudly of them, sadly of those who have fallen, and, perhaps, with some comfort of the provision we have made for them, back comes the black news that the men we are mourning fell because a contractor here at home filled his dirty pockets by arming them with "pewter bayonets" which bent like tin foil when they charged the enemy. This is for Canada an imaginary case, but England has known the bitterness of it. And were Englishmen patient under the intelligence? To this day the world remembers the paroxysm of national fury which swept over the British Islands at the news.

They could stand being cheated at home to the tune of millions—bad'y as they would have that—better than the loss of the patriots' sum at so fearful a cost.

Then we remember how our neighbours to the south took the "embalmed beef" revelations. Their's was a volunteer army, recruited from the best of the land, and they were sent down to fever camps, put off with poor food, and even kept in some cases without medical supplies. Were the Americans docile under such treatment of their soldiers? The storm that rose swept the Secretary for War from office, and gave the President the hardest blow of his four years' term.

Now, Canada has an emergency ration scandal. The enquiry is still in progress, and we shall not anticipate the verdict, except to say that it is all too plain that the emergency ration sent with the men was worthless for emergency purposes. The analysis of the Inland Revenue Department puts this beyond a doubt.

Are the Canadian people cultivating patience over this affair? An emergency ration on which a man would starve if he marched out of camp depended upon it, is as deadly a thing as a pewter bayonet. Starvation on the "karoo" is no pleasanter death than falling under a spear thrust with a crumpled bayonet at the end of your rifle.

Do we care less for our citizen soldiers than the British do for their "Tommies" or the Americans for their volunteers?

This country is new at the business of war, and it is making a precedent—a precedent which contractors and Ministers and departmental officials will take serious note of. Young men thinking of volunteering will watch, too, to see how they will be treated.

Is this a time to make a record for patience and purblindness, or for patriotic vigilance and stern justice?

SIR HENRI'S TRANSLATION.

The statement that Sir Henri oly de Lotbiniere is to be appointed Lieutenant-Governor of British Columbia in room of Lieutenant-Governor McInnes, whose resignation is expected, is a subject for congratulation to the people of British Columbia—and to the boys of the "business is business" persuasion. Sir Henri will make a capital Lieutenant-Governor, courteous, urbane, tactful and upright. After his experience with Li Hung Chang, he may not be as violently anti-Chinese as the British Columbians would like; but it is always well to have a balance wheel.

But what will the Laurier Government do for its leaven of respectability? When it was organized, Sir Oliver Mowat and Sir Henri Joly were brought in to give the electors confidence in the honour and high tone of the Ministry. Very soon Sir Oliver was got rid of; and now Sir Henri is to go. And Tarte is coming home.

Sir Henri's friends have felt for a long time, however, that he was not permitted to have his proper influence on the business of the Government. His name remained on the list of Ministers and he had charge of his minor department, but no one has believed that he had any effective share in the various "deals," actual and projected, upon which his colleagues have joyfully entered. Thus it may be that his influence as a "break" will not be especially missed; but his loss as a mask must be tremendous. To lose Sir Henri and fall back upon Tarte as an emblem of respectability, is an awful thing with the elections coming on.

ATTACKING THE WRONG PARTY.

The Brockville Recorder is one of those strongly partisan newspapers which frequently say very foolish things that are apt to recoil on their own party. In an attempt to strike at one of the leading Conservative members of the House, it said, recently:

> "Sir Charles Hibbert Tupper runs off to Vancouver and stays weeks attending to his law practice, while the other members of the House are doing the country's business at Ottawa."

It is true that Sir Hibbert's business has required his presence in British Columbia when the House was in session, but he has been present pretty faithfully—at any rate long enough to make most damaging charges against the Government which the Government dare not investigate, and regularly votes down with its brute majority. The Minister against whom the charges were directed, however, has been conveniently absent in Europe, visiting the chief capitals, with the knowledge that the accusations against him were to be made. The Recorder evidently never thought of Mr. Clifford Sifton's lengthened tour abroad when it referred to Sir Hibbert's brief trips to Vancouver.

Mr. J. Israel Tarte is another distinguished member of the House whose continued absence the Recorder has evidently forgotten. Mr. Tarte was sent abroad ostensibly as chief bottle-washer at the Paris exhibition, where his services were not needed, while his presence was absolutely necessary in the House.

Nor is this all. The Recorder either forgot, or didn't know, that other members of the Cabinet, although in Ottawa, are notoriously not in their places when information is sought. Never before in the history of Canada was there such a spectacle presented as there has been this session, when, day after day, and night after night, the seats of Cabinet Ministers were vacant. The lack of attendance to their parliamentary duties, in fact, has become so common that it now scarcely causes comment at all.

The Recorder should have thought of these things before it attacked a private member who is without the responsibility of a Minister of the Crown and whose presence is not so necessary for the conduct of public business, as is a Cabinet Minister's. If it had, it would not so plainly have directed attention to the patent delinquencies of its own political friends.

A VAIN REGRET.

Mr. Sidney Low, in an article entitled "Enigmas of Empire," in the June number of The Nineteenth Century, expresses regret that British statesmen saw fit to give to any of the colonies such extensive powers of self-government as Canada possesses. He admits that the concession of complete parliamentary constitutions to the colonies of British North America and Australasia was necessary, as they would otherwise have revolted, but he says that "there was no reason why we should not have accompanied the act of emancipation by judicious provisions and limitations which would have worked out as much for the benefit of the particular states concerned as for that of the Mother Country and the Empire at large. Nothing could be less truly paternal than the course adopted. A judicious parent does not leave a son with the sole and unadvised responsibility for all his doings at the very first moment that the youngster reaches adolescence. He does not endow him with vast possessions, with potential wealth beyond the dreams of avarice,' with the charge of many human beings of alien race; he remembers the young man's inexperience, his crude and lusty pride of life, his inadequate knowledge of a complicated world, his natural ignorance, his untrained passions, and he takes the necessary precautions."

Mr. Low thinks the British Government should have "insisted upon uniformity of law, uniformity of tariffs and a common system of defence." By a common tariff he evidently does not mean a protective tariff, but the adoption of the English system, for he says: "We might have saved some of the colonies from those wild experiments in socialism and protectionism—the fruits of an impulsive democratic youth—from which some of them are now with difficulty shaking themselves free."

However, Mr. Low reluctantly admits that it is now too late for the people of the British Isles to reassume that authority over the colonies which he thinks they recklessly resigned.

It is well for the British Empire that the British statesmen who have had to deal with these matters have looked at things differently, for if they had viewed colonial affairs through Mr. Sidney Low's spectacles there would be very few colonies left for him to write about.

British sentiment is as strong to-day in Canada, Australia and New Zealand, as it is in the British Isles, but it would not be so if the people of these colonies had constantly found themselves over-ruled by Englishmen who had never seen the colonies, and know nothing about their local conditions and necessities.

SIR WILFRID LAURIER DENOUNCES A HEINOUS, INFAMOUS CRIME.

Some of the Government organs have thought it proper to make light of Mr. Monk's charges against the Militia Department and have endeavoured to dispose of the subject by covering the charges with ridicule and Mr. Monk with abuse. The Prime Minister has not fallen into this blunder. Sir Wilfrid in defending Dr. Borden in Parliament said that the insinuation of Mr. Monk's charges was "that Dr. Devlin did not deliver to the troops the same food of which he had given a sample to the Department of Militia;" that he "had committed the unspeakable crime of having substituted other food for that which he sold;" that he "had been guilty of a crime that would stamp his name with infamy, which would be reckoned as one of the most odious and heinous crimes ever perpetrated in any civilized country." The Prime Minister went even further. He said, "If there were such a crime ever committed there is no punishment in any penitentiary in this country which would be too great for a man who committed such a crime."

As a matter of fact Mr. Monk did not charge Dr. Devlin with having delivered to the Government a food different to that of which he had given a sample. He charged that a food worthless as an emergency food had been supplied to the troops; he charged that such a heinous crime as the Premier so vigourously denounced had been committed by somebody and he demanded an investigation to ascertain who was to blame.

Unfortunately, there is now not the slightest room for doubt that the heinous, infamous crime of substituting a worthless emergency food for a genuine one, has been committed by somebody and the astounding thing is that the Government and its leading supporters display so little anxiety to bring the responsibility home to the criminal. Of whatever misrepresentation Dr. Devlin may be guilty, he is not guilty of the crime described by the Premier, viz.: "That he did not deliver to the troops the same food of which he had given a sample to the Department of Militia." The Government analyses show that the sample and the stuff delivered were about equally worthless. Dr. Devlin's account was actually paid upon the authority of an expert report that the so-called concentrated food was so little concentrated as to be unworthy of the name and that it had no food value equivalent to $2 a pound, but still was fully equal in food value to the sample. The expert's report was in effect, "This stuff is a worthless fraud, but it is the identical worthless fraud that the Department purchased."

So long ago as February 13th the Government was made aware by the report of Mr. Macfarlane, the Government analyst, that the "heinous, infamous crime" so well characterised by Sir Wilfrid Laurier, had been committed by somebody. What steps did they take to protect the troops? What steps did they take to send the infamous criminal to the penitentiary?

One thing they did and did promptly, they paid Dr. Devlin's account.

THEY WILL BE DEPORTED.

Mullet and Fitzharris Must Leave the United States.

WASHINGTON, June 21.—The appeal which was taken in the case of Fitzharris and Mullet, who are under orders in New York for deportation, has been decided against them, and the men will be deported.

Mullet and Fitzharris, it was said at the Immigration Office, will be sent back to Great Britain aboard the first outward-bound steamship of the Cunard line, which probably will be the Servia, sailing next Saturday. As this line brought them here, it will bear the expense of returning them. "Rocky Mountain O'Brien, and many others of his followers, have been sending the two tobacco and other articles of the kind during the week, and have paid a number of visits to the men, but of late these were cut off by order of Commissioner Fitchey.

ONE MORE SUPPORTER.

(Special to the Star.)

VICTORIA, B. C., June 21.—Mr. Martin will have at least one additional supporter in the House, as the returns yesterday show that, though Mr. Clifford, Conservative, has been returned, Mr. Irving, Opposition, has been defeated by Mr. Staples (Government) in Cassiar.

RETURNED THE MONEY

Contractor Thibault Succeeds in Getting His $500 Deposit From Market Committee

BY CITY ATTORNEY'S ADVICE.

Repairs Which Were Not Made to the Eastern Abattoir Market.

Contractor Thibault, who was given the contract by the old Market Committee to repair the Eastern Abattoir market, is to get back the $500 deposit he gave as security that the work should be properly done.

It will be remembered that the Market Committee made a report that the work had not been done according to the quantities, etc., and the result was a long investigation. Ex-Building Inspector Lacroix, who was given charge of the work for the city, allowed the committee to think the work had been done in a satisfactory manner, and when charged with not having kept faith with the committee, he made the famous reply: "I had to keep quiet for certain reasons." What these reasons were no one ever knew, for, upon being told some days later, to explain why he he had kept quiet, his reply was that he had given vent to the words in a fit of excitement.

At the investigation the fact was brought out, in the most clear manner, that the quantities, plans and specifications prepared by Mr. Lacroix for the repairs to the market were so completely different that the contractor could put his own interpretation upon what work he was supposed to do.

WORK ONLY HALF COMPLETED.

Witnesses swore that the work had not been much more than half completed; but in reply to this the contractor said there were no lines on the plans to show that he should do certain work. The committee pointed out that the quantities had not been followed at all, and the answer of the contractor was that Mr. Lacroix had not given him to understand the quantities were to be followed. The facts were of such a nature that the committee refused to give back Contractor Thibault his $500 deposit until the work was done as the committee had expected. It should be mentioned that the contractor had got hold of the entire contract price for the work, and his $500 deposit was all the city held.

Ever since last winter Mr. Thibault has been trying to get back his deposit, but this was refused by the new Market Committee.

At the last meeting of the committee the request was again made, and it was decided to refer the whole question to the City Attorney, and ask him if the city was legally bound to hand over the $500 when the work had not been done as expected.

ADVISED TO RETURN MONEY.

At yesterday's meeting City Attorney Ethier carefully reviewed the case before the committee, and after remarking that no protest had been made till the work was accepted, he advised them to return the money. This was done, and the case is now closed.

The significance of the opinion of the City Attorney is that if the old committee had not accepted the work, before it had been completed, and if ex-Building Inspector Lacroix had done his duty, the city would not have had to hand over the deposit and be content with the work as the contractor chose to perform it.

WERE MANY SHORTCOMINGS.

This is the report of the Market Committee, after the repairs were supposed to have been done:

Instead of 120 posts being put down by the contractor, there were but 110.

There should have been 650 of another kind of posts, and there have been found but 226.

260 rafters should have been furnished, but there were but 167.

Instead of six large doors, there are but two.

There is a simple section of deals in the enclosure of the stalls instead of a double. There was no sand mixed with slag put on the ground before the building was erected, when there should have been. The ground in the centre of the market should have been raised, but it was not.

The coping that should have been around the stable is not there. A large number of posts supporting the roof were placed on deals instead of stone.

Certain "porlins" were made of deals when they should have been made of timber.

There should have been used about 3000 feet of rough planks on the top of the building, and the outside fence, but only 4000 feet were used and the outside was not fenced at all.

STALLS BADLY CONSTRUCTED.

The committee now reports the stalls to be badly constructed, and that several stall partitions are made in lumber, about three inches when thicker timber should have been used.

About 4,000 yards of painting, with "ochre" was done, when the quantities called for 15,000 yards.

Stalls should have been floored with wood, but they were not.

A large number of posts, which were smaller than they should have been, were only laid on the ground, when they should have gone four feet into the earth.

One hundred stalls were built, when 108 were wanted.

The above differences in the work, as shown by a comparison with the quantities and specifications, has been found by the sub-committee mentioned, and is set forth in their report.

Consequently, the sub-committee recommend that the above work be compared with the specifications, and Mr. Thibault's tender, in order to ascertain if he was bound to carry out the same; and also if it be found that the contractor was obliged to do all the work so that means can be taken to compel him to carry out his contract with the city.

A WELL FITTED STEAMSHIP.

The steamship Raeburn, now moored at Windmill Point and soon to sail for South Africa with a cargo of horses, is probably the most complete and perfectly fitted live stock carrier ever seen in this port. Her appointments in this regard have been viewed by many of those interested in the ocean transportation of horses, and all pronounce Captain Hanning's command one of the best vessels in the business. As yet the horses have not arrived from the West. The Raeburn is fitted for 1,080 animals.

THEY DO NOT ONLY CURE

Women, But Men and Young Men as Well—Mr. Lamonde, of Quebec, was Suffering From Kidney Disease, His Face Was Covered With Pimples, Several Physicians Had Attended to Him Without Any Serious Result—Saved by the Use of Dr. Ed. Morin's "Cardinal Pills."

It would be unnecessary to say what Dr. Ed. Morin's "CARDINAL PILLS" are. The whole French and English press of the Dominion has told the good they have done and reported their wonderful cures.

They are legions the persons saved from death by the strong and powerful action of this remedy, which is proclaimed loudly the world over and the praise of which is on all lips.

Here is a new testimony, an authentic letter from a worthy young man of Quebec, Mr. Lalonde, showing the great efficiency of Dr. Ed. Morin's "CARDINAL PILLS" in men or young men's diseases:

Quebec, January, 1900.

To Dr. Ed. Morin, Quebec.

I do not wonder any more when I hear that grand chorus of gratitude, arising on all sides, in honour of the Tonic of Tonics, Dr. Ed. Morin's "CARDINAL PILLS."

In the interest of those who suffer, I shall make it my duty to recommend heartily this incomparable remedy, this highly scientific preparation, this wonderful product which surpasses all the tonics of the same kind.

A few years ago I was attacked by a Kidney disease which, a few months after, was aggravated by a multitude of pimples springing up all of a sudden, over my whole body, but especially over my face, and so much so that the persons who met me asked me if I had not the smallpox!

After following the treatments prescribed by some good physicians, but without any appreciable result, I decided to try Dr. Ed Morin's "CARDINAL PILLS." A few months of its use cured my kidney diseases, and with it altogether vanished all those wretched eruptions which had made me suffer so much!

A thousand thanks for and honour to this incomparable tonic.

Mr. LALONDE.

For sale at all druggists; 50c a box, or six boxes for $2.50. If your dealer don't keep these unrivalled Pills, we will mail them to any address on receipt of the amount. Address to Dr. Ed Morin & Cie., St. Peter street, Quebec.

BE NOT AFRAID TO TRY BROMA

It Gives Health, Strength and Happiness.

This powerful tonic acts wonderfully in all troubles arising from the blood and nerves.

How many sufferers relieved and cured by the sole use of this generous remedy! Take it, all who suffer from the same ills and you will reap the same benefits.

For sale everywhere.

CONGRATULATED THE QUEEN.

Huron Diocese at London Send Her Majesty a Message on Anniversary of Her Accession to Throne.

LONDON, Ont., June 21.—Yesterday's session of the Synod of the Diocese of Huron was opened at 9.30 o'clock. After routine business, Canon Richardson introduced a resolution for the drafting of a congratulatory message to be sent to the Queen, on the 62nd anniversary of her accession to the throne. This was greeted with prolonged cheers, and a moment later a large flag was brought into the hall, and this was the signal for all the delegates rising to their feet and singing "God Save the Queen." Rev. Dr. Bethune and Rev. C. C. Owen were then admitted to seats in the synod. The reports of the committees on the observance of the Lord's Day and on temperance were received.

DEAD WITH ROPE AROUND NECK

(Special to the Star.)

QUEBEC, June 21.—Watchman Marceau yesterday found the body of a man lying on the Princess Louise embankment. Around the neck was tied a broken rope, which had sunken deep into the flesh, the other end of it dangling from the top of a railroad freight car above the body. The deceased, who is apparently about 60 years of age, was well dressed in navy blue, and seems to have been of Scotch descent. He had copies of a Glasgow paper and a Quebec newspaper in his pocket, and is thought to have come out on a recent Glasgow liner. The case is evidently one of suicide.

CANADIAN MARKSMEN FOR THE BISLEY MATCHES.

The Dominion's Representatives to the Famous English Rifle Ranges Will Sail To-morrow — The Team Very Strong One This Year.

LIEUT.-COL. DELAMERE,
Second Queen's Own Rifles, Commander of the Team.

The great Bisley meet opens at the close of the present month, and the Canadians who are to take part therein will leave this city to-morrow. This year more interest is being taken in rifle shooting than ever before, and our boys will therefore be expected to render a good account of themselves, when they come to face the

MAJOR F. S. MACKAY,
65th Batt., Adjutant of the Team.

crack shots of the united kingdom in friendly competition. The Canadian Bisley team this year will be in charge of Lt.-Col. Delamere, of the Queen's Own Rifles, Toronto, with Major Mackay, of the 65th Regiment in this city as adjutant. It includes a great many men who have never been to Bisley before, and a great many who have. The men who have not yet crossed the pond, however, in search of Queen's prizes, and the like, are nevertheless good shots, and have taken a very high place in shooting competitions throughout Canada. It is safe to say, therefore, that the Dominion will this year be as ably

PRIVATE W. L. GRAHAM,
A Company, 77th Regiment, Dundas, Ont.

represented on the Bisley Common as ever before, and that every effort will be made to bring some of the trophies to Canada.

The following are brief biographical sketches of some of those who are on this year's team:

W. A. McCrimmon, Lieut. and Adjutant 7th Regiment-Fusiliers, London, Ont., is a young married man of good appearance, and possessor of first class military school certificates of qualification. He has been an active militiaman for a long time

SERGT. C. E. MORSE,
Of the 69th Regt., Wolfville, N. S.

and is now the adjutant of the newly organized 7th Fusiliers. He has had quite a reputation as a rifle shot at the Western Ontario matches, but has only twice competed at Ottawa, and three times at Toronto. His success in securing a place on Bisley team has been of great advantage in encouraging rifle shooting amongst the 7th and it is confidently expected he will cover himself with glory at Bisley. Lieut. McCrimmon is of Scotch descent and a native of London, Ont.

Sergeant Robert Corrigan has been connected with the 59th Regiment, of Stormont and Glengarry, for the past ten years and during that time has been one of the reliable marksmen of the Rifle Association of that corps. Sergeant Corrigan is a native of Winchester, in the County of Dundas, and on his removal to Cornwall in 1888 joined the Cornwall Rifle Association, winning the Colonel R. R. McLennan Challenge Cup for that year.

Since then he has been an enthusiastic shot, winning many prizes at Toronto, Ottawa and Cote St. Luc, and was a member of the Bisley team of 1897. The Fifty-ninth Regiment holds a very proud position as a shooting corps, and Sergeant Corrigan has contributed to a very large extent towards his regiment's attaining this position.

Pte. L. A. Langstroth started shooting at the age of 18, at the New Brunswick

LIEUT. W. A. McCRIMMON,
7th Regt. Fusiliers.

Provincial Rifle Meet at Sussex in 1894, winning several prizes in 1895. He attended the D.R.A. at Ottawa and shot off for second place in the Governor-General's match. He was 25th in the Grand Aggregate, and secured a position on the 1896 Bisley team, and went over on the team. He secured 48th place in N.R.A. Grand Aggregate. In 1897 and 1898 he attended both the P.R.A. and D.R.A. matches with average success. In 1899 he won third place in the P.R.A. Aggregate and the Grand Aggregate at Ottawa by 5 points.

PTE. L. A. LANGSTROTH,
Of the 74th Regt., Sussex, N. B.

His family have all been members of Bisley teams at different times. His first acquaintance with shooting was at 8 years of age, when he began with a small rifle. He does a great deal of revolver and shot gun shooting.

Sergt. Morse began shooting seven or eight years ago with the Snider rifle and for three years was a member of the 1st league team of the battalion. Departure

SERGT. J. C. SMITH,
Of the 48th Highlanders, Toronto.

from home to attend school, compelled him at the end of the third year to withdraw from the team, and from that time till last summer his practice was of a most desultory nature. Last year he found himself able to attend the provincial matches of Nova Scotia, and was fortunate enough to carry off the grand aggregate, the special aggregate for the long ranges, and the Minister of Militia cup. He then attended the Dominion Association, where he tied for

first place in the Tyro, and was able to secure a place pretty well up on the lists in almost every match, finishing with 25th place on the aggregate. This year he holds first place on the Nova Scotia team for the Intermaritime match.

Pte. W. F. Graham was born in Dundas nineteen years ago, and is one of the young-

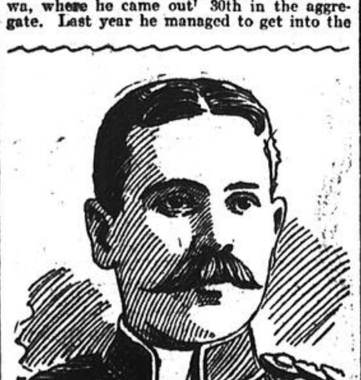
Of the 14th Regt., Kingston, Ont.

est members of the 77th Regiment, and is the youngest member of the Bisley team. He commenced shooting in July, 1898, and quickly worked his way to the front, not only at the O. R. A. of 1899, when he won the Nursery aggregate, but also at Ottawa, where he won 15th place on the Bisley team. The members of the 77th had sufficient confidence in "the boy" to put him on every team in the various team competitions, and he rendered yeoman service every time. He shows wonderful judgment in determining difficult conditions, and is seldom caught

SERGT. J. C. CARRUTHERS,
Of the 4th Hussars, Prescott, Ont.

napping. He has good nerve, and a plucky fighter, and we confidently expect him to do well for both Canada and his regiment.

Sergt. Smith started soldiering when the 48th was organized, about nine years ago. For the past four years he has taken an active interest in shooting, having during 1897 won the Regimental special season's aggregate and also the Orchard gold medal. The following year he again won the Orchard medal. This was also his first year at Ottawa, where he came out 30th in the aggregate. Last year he managed to get into the



LT. D. J. MUNRO,
Of the 44th Regiment, Thorold, Ont.

19th place in the aggregate. He is also one of E. Co. 48 team which won the Brassey cup (4 men) at the O.R.A. in 1899, and also of E. Co. team (5 men) which captured the Walker cup in the Regimental matches three years in succession.

Corp. W. J. Annand became a member of the 43rd Battalion, Ottawa in 1895, at the invitation of Major Rogers, then adjutant. He entered the D.R.A. matches for the first time in 1896, and though a new hand came well up in the grand aggregate, missing the Dominion of Canada cup by putting a bull's eye in the wrong target. He received the D.R.A. bronze medal and the P.Q.R.A. badge in the battalion matches, and after putting on a possible over the range in skirmishing, was chosen for the Czowski team. He also won the grand aggregate in the Cornwall matches. In 1898 at Toronto, he came up well in the Ontario matches, tieing for first place by a possible in the Gilmour match with Broadhurst and other crackshots. A week later he also did well in the D.R.A. meet.

Gunner A. R. Fleming represented Manitoba at the Bisley meet last year, and was the only one on the team from the North-West. This year he is also the sole representative of that portion of Canada lying between Ontario and the Pacific. He has won the following matches: 39th Bisley Grand aggregate; 2nd Colonial aggregate; 2nd Canadian aggregate; 3rd Ontario aggregate; 6th Dominion aggregate. He was in the last stages of all the big matches at Bisley last year.

Staff-Sgt. McVittie commenced shooting in 1889, and the following are the principal prizes he has won: 3rd place in Snider Aggregate D.R.A., 1890; 4th place Grand Aggregate P.Q.R.A.,1892; won Tait Brassey O.R.A., 1897; 3rd place Grand Aggregate

SERGT. R. CORRIGAN,
Cornwall.

O.R.A., 1897; tied for Governor-General's prize, D.R.A., 1897; Bisley team, 1898; won Grand Aggregate O.R.A., 1898; 4th place Grand Aggregate O.R.A., 1899.

Lieut. A. D. Crooks learned to shoot as a private in the University Company of the Queen's Own, about 1883, and has ever since taken a great interest in matters pertaining to rifle shooting. Since he gave up rowing in 1895 he has devoted himself in his spare time to rifle shooting as a sport, and has won a number of medals and

STAFF-SERGT. J. McVITTIE,
48th Highlanders, Toronto.

trophies. In 1897 he won a place on the team for 1898, and competed at Bisley in that year.

The other members of the team are Sergeant W. Swaine, 14th Regiment, Kingston; Captain A. T. Kirkpatrick, Queen's Own, Toronto; Lieut. A. A. Smith, 59th Stormont and Glengarry Battalion; Private R. Tink, the Governor-General's Footguards, Ottawa; Staff Sergeant H. Morris, 13th Battalion, Hamilton; Lieut. John Ogg, 1st Brigade Field Artillery, Guelph; Lieut. H. C. Blair, 78th Colchester Battalion.

"Billy," who will accompany the Bisley team to England as its mascot.

OF INTEREST TO MASONS.

Are the Three City Lodges to Cast in Their Lot With Grand Lodge of Quebec.

The question ffas to whether it is advisable for the three Masonic Lodges of the city of Montreal, still retaining their fealty to the Grand Lodge of England, to cast aside these ties, and become part and parcel of the Grand Lodge of the Province of Quebec, has again come into prominence.

The custom throughout the United States and Canada is that each Province and State shall have its own Grand Lodge and no infringement is permitted on the territory which each Grand Lodge claims as its jurisdiction. The position of the Montreal Lodges is therefore a unique one.

When the Grand Lodge of the province of Quebec was organized some twenty-five years ago, three lodges in the city, chief of which is St. Paul's, refused to come in, preferring to still retain their fealty to the Grand Lodge of England. From that day to this there has been no change, though a number of the members of these lodges now favour an amalgamation with the Grand Lodge of the province of Quebec. They believe that in the interest of harmony and the craft that such a move should be inaugurated.

It seems that the matter has been much discussed in Masonic circles in England. They, however, can take no action in the matter as the initiative must come from the lodges themselves.

Grand Master Tooke is now on his way to England, and, no doubt, the matter will be discussed by him while abroad.

Mrs. David Gilbert Yates, of New York, has arrived in town on a visit to her parents, Rev. Canon and Mrs. Evans, St. Urbain street, and will be at home to her friends on Thursday and Friday afternoons of this week.

CHAPTER III.—(Continued.)

"He is frightfully suspicious," explained the doctor.

"Wouldn't you trust us, Mr. Kisselef?" asked Mrs. Lorrimer.

"Us is a very expansive word."

"I can well believe that Mr. Kisselef would trust very few,' 'observed Hortense.

"I don't suspect every one," he said. "And in America I am not so reticent as I am obliged to be in Russia."

"But is it a compliment to be only half a friend—that is, to enjoy here what would be withheld across the water?" The beautiful eyes were again turned on Kisselef.

"Perhaps not."

"It is certainly no compliment."

Doctor Halliday would have liked to make some further comments, but happening to catch his wife's eye, he felt irresistibly drawn away.

As Mrs. Lorrimer found it necessary to devote herself to Mr. Eldridge, who stood aloof from the others, Kisselef naturally availed himself of the seat vacated by her. This brought him near to Hortense and they were left to themselves.

"Paris is a very beautiful city," he remarked after a while.

"I think it is, but one tires of it. Paris is so artificial."

"All cities are more or less so."

Hortense shot a side glance at her companion and was impressed with the strength of his face. He was not strictly handsome, but the lofty forehead, surmounted by a generous growth of brown hair, the straight nose and square chin combined to make a striking profile, and when he turned towards her she was impressed with the clearness and penetrating powers of his blue gray eyes.

"Do you know Paris?" she asked.

"Yes, I have been there several times. I have been in nearly all the European capitals."

"But do I understand that New York is your home?"

"Part of the time only. I am, as you know, half Russian, and I spend certain months of the year in Russia. I much prefer America."

"And yet you willingly go to Russia," said Hortense archly.

"I have business there." A deep frown creased the speaker's forehead.

"I beg you pardon. I did not mean to be inquisitive."

"Neither were you," murmured Kisselef, "but when I think of Russia it makes me angry. For the moment my earnestness causes me to forget the homage due to a lady. Madame will, I hope, forgive me."

She smiled and answered:

"If it were necessary I would, but you have not transgressed. What is more, I can quite understand your feelings. Russia is a terrible country."

For a moment her eyelids closed as though borne down by the weight of the silken lashes. Kisselef looked at her and as he did so her beauty became strongly impressed on him.

When she opened her eyes she saw his look of admiration and felt that she had the power to win this man's love.

CHAPTER IV.

When Hortense St. Mars reached her apartments after an effusive farewell from Mrs. Lorrimer her feelings were those of entire satisfaction. The object of her chase had been sighted and she did not doubt that the penetrating shafts from her brilliant eyes would stretch him wounded and helpless at her feet. So far everything had been engineered with the greatest skill and she had made the most of her introduction to Basil Kisselef and his friends. They were now her friends.

Sitting in her bedroom she mentally reviewed the circumstances that had placed her in the present unique position. It was true that she had previously acted in the service of the Third Section, for her love of adventure was such that she was always willing to undertake anything out of the ordinary that might require refined subtlety combined with rare presence of mind. But the task of securing the package of papers would necessitate her using her natural gifts—beauty and attractiveness—rather than those others usually fitted for the work of detection. Of course her abilities would have to be brought into play later on, but in the meantime her eyes and voice would open the campaign with astute skirmishing.

As yet her course had been unimpeded by obstacles of any kind (thanks to the distinguished signature of the French Ambassador, who, though personally unacquainted with her had, on the recommendation of a mutual friend, readily supplied the necessary letters) and a good start is always encouraging.

She leaned back in her chair and favoured space with an enchanting smile.

Hortense St. Mars never threw away her glances, and she was now going to make more precious than ever. He whose admiration she was secretly soliciting was a man of refinement and taste—that she could easily see. Though he might not be impressionable, that very fact, while it might prolong her stay, would make the conquest all the more complete, for she could judge of character sufficiently well to see that Basil Kisselef would not love lightly.

The gaining of this love would mean success, and success took the form of a coronet with the title of Princess. She certainly had a great contempt for Prince Zouboff, but his position was good and his wealth enormous. His prospects were, moreover, of the best—that is they would be when she became his wife—for a governorship of one of the provinces is a sinecure longed for by every member of the Imperial train. Paklenkoff would arrange it all.

She felt that she would be deserving of the reward. In leaving the Russian capital shortly after the opening of the season she had sacrificed many hours of enjoyment which would have been intensified by the adulations of all the court gallants. She had made unusual preparations for the festivities, and her wardrobe, ordered from Paris, was calculated to outshine all competition. It had troubled her greatly to have to forego so feminine a pleasure.

She had removed her evening costume, and attired in a loose clinging gown of pale yellow, she looked the impersonation of neglige beauty. Her pretty head rested against the back of the capacious chair in such a way as to give prominence to the white, daintily curved neck. From where she was seated she had a full view of herself in a large mirror, and she did not close her eyes to so attractive a picture.

She was magnificent; superb—yes, and she determined to be more so. Heretofore she had made no particular effort to receive attention and it had been showered upon her, but now she would make use of all her brilliant fascinating powers and accomplish her object.

Could she do it? asked a questioning voice; but it was a weak little voice and became dumb before the enchanting reflection in the glass—an argument sufficient to banish greater doubt than she possessed. Basil Kisselef was but human. Then a silent fear crossed her mind, causing her rich lips to contract in an expression of gravity and the light in her eyes to deepen. Perhaps he was sufficiently in love with some other woman to be beyond her power. She wondered if this could be possible and then laughed at her folly. It was not unlikely that he might have an attachment—he was thirty, good looking and otherwise attractive. But what of that? It might retard the accomplishment of her plans and even make her task the more delicate. But the result? Well, she had no doubt as to what that would be, and in such conjectures she was never mistaken. Even his naturally suspicious nature would be lulled into perfect confidence by the course she would pursue. What that course would be would have to depend entirely upon circumstances.

IN THE COMMONS.

A Day When Good Progress Was Made With the Estimates in Committee of Supply.

DR BORDEN EVADES QUESTIONS.

He Quibbles About the Emergency Food Papers — Delayed Cables About Our Soldiers at the Front

(Special Staff Correspondence.)

PRESS GALLERY, HOUSE OF COMMONS, OTTAWA, June 21.—Mr. Morrison, of New Westminster, as soon as the orders of the day were called yesterday, said that, in view of the unsettled state of affairs politically in British Columbia, he wished to ask the Government if it intended to take any steps to bring about more settled conditions of Government, and if it was in a position to say anything about the rumours of the dismissal of Lieut.-Governor McInnes.

Sir Wilfrid Laurier replied that he had hoped to be able to be in a position to make an announcement that day, but unfortunately he was not able to do so.

INFORMATION WANTED.

Mr. Monk read a letter from Mr. A. T. Bamford, of Montreal, detailing the steps he had taken to obtain information about the condition of his son Private Bamford, of the First Contingent who was lying ill at Shorncliffe Camp. He had cabled and prepaid an answer, but got none, and had also asked the Department of Militia to procure the information. He would send the papers to the Minister, and suggested that this was a special case in which the Government might go to the expense of cabling.

This led to a brisk discussion and finally grew so warm that the adjournment of the House was moved.

Dr. Borden said he had given instructions that all information obtainable should be sent to Mr. Bamford, and he promised to let Mr. Monk know.

THE EMERGENCY FOOD PAPERS.

Mr. Foster then pointed out that the Minister of Customs had promised to bring down to the House any information in his possession in regard to the free admission of the material for the emergency rations. He noticed that the information was now in the press, and yet it had not been laid before the House.

Mr. Paterson said the question had been asked him at any order had been issued by the Government for the free admission of these goods, and if there was he was asked to produce it. No such order had been given by the Government. What was published in the press was a telegram from the Commissioner of Customs to the Collector at Montreal and his reply.

Mr. Foster asked if the Minister wished to set up the quibble that he was not bound to bring down the information in the possession of the Government because it was the commissioner who telegraphed and not himself. The Commissioner was now in print in regard to the matter, and the House had not been supplied with the information asked for. Surely the Minister was treating the House with scant courtesy, to say the least.

Mr. Paterson—By no means. He claimed that he had been asked to produce, if it existed, any order of the Government for the free admission of the goods. He could find no such order, and had so informed Mr. McNeill when he further asked about it.

DR. BORDEN'S QUIBBLE.

In answer to Mr. Foster, Dr. Borden said he would lay on the table to-morrow the results of the analyses of the emergency rations and the certified affidavits of the soldiers on whom the food was tested at Kingston.

Mr. Foster—I presume also that the Minister of Customs will be prepared to lay on the table the information as to how this so-called emergency food passed through the Customs free of duty.

Mr. Paterson thought this was a new request.

Sir Charles Tupper said he could hardly think the Minister was serious when it became a subject of discussion in this House as to how a certain food passed through the Customs free of duty that he should decline to produce the papers. In his long experience in the House he never heard anything so much at variance with the principles of responsible government. (Cheers.) The Minister must give the House the fullest information as to how the article passed through the Customs free of duty.

Sir Wilfrid Laurier was not prepared to accede to, and not prepared to deny, what was said by Sir Charles Tupper. He was under the impression, however, that Mr. Monk had made the statement that it was admitted free by order of the Government a part of his charge. This appeared in charge 17. It would be prejudging the case if the papers were laid on the table.

Sir Charles Tupper said the House was above the committee.

Mr. Fielding said the House had determined how it would get the information by referring it to the committee.

MESSAGES TO SOUTH AFRICA.

Mr. Wallace was called to order by a chorus from the Government benches when he arose. "Mr. Speaker, you say there is nothing before the House," remarked Mr. Wallace, "well it seems there was a minute ago when the Minister of Finance was allowed to speak. (Cries of order). I have another matter to bring up Mr. Speaker, said Mr. Wallace, and I propose to deal with it." He then made similar complaints to that of Mr. Monk in regard to the cases of Messrs. Hewett and McCullough of Toronto. He also said that Lord Lansdowne had made an arrangement by which messages to South Africa through the Department in regard to soldiers should have precedence and pass at half rates. The Canadian Government had refused to facilitate this.

Dr. Borden said he had not received Mr. Wallace's letter in regard to Mr. Hewett and Mr. McCullough, but would answer it as soon as he did. He understood that through Lord Strathcona an arrangement had been made by which cable messages to South Africa should go at half rates.

Mr. Wallace—Did you announce it to the country?

Dr. Borden—I think it was announced. In regard to communications between the people of this country and their friends in South Africa they were in precisely the same position as the people of England and their friends. He had not heard from his own son since the 14th of April. The Government had done the best it could, but could not undertake an avalanche of cablegrams in regard to the condition of our soldiers.

Dr. Sproule explained that as he understood it the arrangement was made by Lord Lansdowne with the object of allowing the friends of those in South Africa to get news of them. The Department had never notified the people of Canada that there was such an arrangement and refused to give them the advantage of it. It now came out at the eleventh hour that there was no such an arrangement and the Minister of Militia said that he had not heard from his son for months, but he was in no danger.

Dr. Borden resented this very strongly and indignantly demanded to know what Dr. Sproule meant. He quoted from the Globe to show that his son had been one of six who swam the river on the march to Bloemfontein and defeated a party of Boers. A more contemptible insinuation had never been made on the floor of the House. He wanted to know what Dr. Sproule meant by saying his son was in no danger. (Cries of "Shame.")

Dr. Sproule said no such insistent bluff would deter him from doing his duty, neither would his "graveyard reminiscences." He accepted all Dr. Borden said, and had no intention of insinuating anything against his son, but had merely wished to show the contrast between this case and the case of people whose sons were languishing on beds of sickness, suffering from fever or wounds.

The motion to adjourn was then lost.

DETENTION OF I. C. R. CARS.

OTTAWA, June 21.—In the Senate yesterday afternoon, in giving notice that he moved for a return, showing the number of cars at Halifax and St. John, unloaded since April 10, and the amount of demurrage paid, Hon. Mr. Wood said that complaints, owing to the detention of cars, were becoming frequent. The grievance was becoming unbearable. On one day last May 376 cars were standing at Halifax unloaded. One of these had been standing fourteen months, a number had been there seven and eight months, more four, five or six months; only a few had been there for a week. At St. John the matter was equally bad. At two points there were over 500 cars lying idle for a long time.

He also read a letter, stating that the return did not cover the matter, as many cars were left on the sidings. It was clear the regulations regarding demurrage did not meet the case. The delay affected the public by making a scarcity of cars, and delayed the despatch of business. It interfered with contracts and became a subject of general public inconvenience. He believed the practice had been growing up on the I. C. R. for a long time. It dated back to the time when steamers were substituted for sailing vessels for carrying freight. He hoped the matter would be brought before the Minister of Railways. Hon. Mr. Mills said he would bring down the return.

MERE SPECULATION.

LONDON, June 21.—There is little additional news from the Far East, and what is coming is obviously not based on substantial grounds, but is merely the outcome of the prevailing state of uncertainty and lack of information of a definite and trustworthy kind. The most startling item is the rumoured death of Vice-Admiral Seymour, but no credence whatever is attached to it here.

The statement that Li Hung Chang has cancelled his passage to Pekin is interesting. How he manages to disobey the Dowager Empress' urgent command is not clear. Evidently, fear of a revolution at Canton in the event of his departure induced the consuls to bring strong pressure to bear. Special despatches from Shanghai continue to recount wholesale slaughter at Pekin. The soldiers and Boxers are said to be massacring each other, and the Chinese and Manchurians are also reported to be engaged in mutual slaughter. Prince Tuan is alleged to have sacked and burned the Palace, the Emperor is reported to have been killed; the Dowager Empress is represented as missing, and in some quarters it is believed she has committed suicide. All this purports to have been contained in a letter from Pekin received by a high Chinese official at Shanghai.

TEXT OF PROCLAMATION.

LONDON, June 21.—The Admiralty has received the following despatch from Rear-Admiral Bruce:

TAKU, via Che Foo, June 21.—No communication from the commander-in-chief in seven days, nor from Tien Tsin in five days. The allies hold the Taku forts and Tong-Ku securely and they will advance to the relief of Tien Tsin when in sufficient strength. Troops are expected from Hong Kong to-morrow and 300 from Wei-Hai-Wei the following day. It is believed that fighting is constantly proceeding around Tien Tsin. Our garrison there should be about three thousand men.

"The following proclamation was agreed to this morning, to be issued forthwith:

"'The Admirals and senior naval officers of the allied powers in China desire to make known to all Viceroys and authorities along the coasts and rivers and in the cities and provinces of China, that they intend to use armed force only against the Boxers and people that oppose them on their march to Pekin for the rescue of their fellow-countrymen.'"

PRINCESS OF WALES AS A POETESS

(Special to the Star.)

LONDON, June 21.—All London was talking yesterday about Princess of Wales as a poetess. It was known that England's most popular Princess takes the deepest interest in everything associated with fine arts and the highest class of literature; but Her Royal Highness perhaps never wrote anything sweeter than the poetic inscription she put on a wreath sent by herself and the Prince of Wales, to be put on Mrs. Gladstone's coffin. Such, at any rate is the general opinion here. The Princess wrote:

"In Memory of Dear Mrs. Gladstone:
It is but crossing with abated breath,
A white set face,
A little strip of sea,
To find the loved ones,
Waiting on the shore
More beautiful,
More precious than before."

The Only Corn Cure

That Acts Without Pain in Twenty-four Hours.

Putnam's Painless Corn Extractor.

It Never Fails.

Letters of Recommendation From U. S.

DAYTON, Ohio, January 30th, 1900.

Messrs. N. C. Polson & Co., Kingston, Ont.:

Dear Sirs,—

Some time ago I sent for a bottle of Putnam's Painless Corn Extractor, and duly received it. It is with great pleasure that I write to tell you that it cured me of very painful bleeding corns.

Before using your remedy I was quite laid up, and could not even stand the pressure of a loosely buttoned boot. I applied the Extractor, and in a very few hours got relief, and in a miraculously short time it completely cured me.

I have taken much pleasure in recommending your valuable remedy to my friends, some of whom have since used it with the same happy results that I did myself.

Yours very truly,
M. LEEKEY.

GOT TWENTY YEARS.

'Jack' Roach's Heavy Sentence For the Rooney Hold Up and Robbery.

PRISONER DAZED AT SENTENCE.

Evangeliste Joly for C. P. R. Affair Will Have to Serve Nine Years.

"Jack" Roach, of Napanee Bank robbery fame, was sent to penitentiary for twenty years by Chief Justice Sir Alexander Lacoste, in the Court of Queen's Bench this morning for entering the store of P. Rooney, Dorchester street, last winter, holding the proprietor up with a revolver and robbing him of about one hundred and twenty dollars.

Although this was sentence day in the Court of Queen's Bench and there were several important cases, Chief Justice Lacoste had finished everything in less than fifteen minutes.

When asked if he had anything to say before sentence was passed, Roach said that he had been found guilty of an offense of which he was innocent, and he asked for clemency on the part of the court.

Chief Justice Lacoste addressing the prisoner said that he had already condemned him to twelve months in gaol for burglary. "At that time," said Chief Justice Lacoste, "you, prisoner, pleaded that it was your first offense, and when sentencing you I said that if you were ever brought before me again I would deal very severely with you. Twice after that time, you admitted in court, you were involved in burglaries, and you confessed that you had been implicated in the Napanee Bank robbery."

Chief Justice Lacoste then said that the prisoner had had a very bad career and was incorrigible.

"The crime you have committed is one of the greatest possible, and I could order that you be sent to penitentiary for life. When your mother and sister came to see me I told them that if I sent you to penitentiary for a few years, it would be a cause of greater sorrow for them, for after you would be set at liberty again you would finally end on the gallows." Chief Justice Lacoste further said that it was in the interests of society to pronounce a heavy sentence. When the condemned man heard the sentence he showed considerable emotion and raised his hand to his head as though dazed.

JOLY'S SENTENCE.

Evangeliste Joly, found guilty of stealing $7,000 from the Dominion Express Company at Joliette, was sent to penitentiary for nine years. This is the maximum penalty for his offence. When asked by the court if he had anything to say the prisoner replied that he had a wife, and a son of six years, and asked for mercy. Chief Justice Lacoste said that he knew the whole case, and the prisoner was a thief of the most dangerous type. God had given him a good intellect, and he should have obtained an honourable position in the world. A revolver had been found in his pocket which he would no doubt have used if a chance had been given. It was the duty of the court to protect society against such dangerous characters.

Daniel Burke on the charge of attempted shop breaking was sent to gaol for five months.

Elie Vaudette and Napoleon Lefebvre, on the charge of aggravated robbery were sent to penitentiary for three years each. They pleaded that they had old parents depending on them for subsistence. Chief Justice Lacoste said that many thieves and bandits had respectable parents, and that the charge against them was the greatest after murder.

He could sentence them for life and could order them to be whipped. Highway robberies were numerous, and the prisoners were hackmen, and as such should be trustworthy men.

WILLIAM JOURDAN'S APPEAL.

The appeals of William Jourdan, who had been found guilty in the Recorder's Court of singing an immoral song, and of Ulric Saucerre dit Masse, who was found guilty of keeping an illicit steel, were dismissed as the court did not wish further delay.

The June term was then declared to be over.

She Was Pale and Languid

Too Nervous to Sleep, and Daily Grew Weaker and Weaker—Dr. Chase's Nerve Food Restored Health and Vigour.

Mrs. E. McLaughlin, 95 Parliament street, Toronto, states: "My daughter was pale, weak, languid, and very nervous. Her appetite was poor and changeable. She could scarcely drag herself about the house, and her nerves were completely unstrung. She could not sleep for more than half an hour at a time without starting up and crying out in excitement.

"As she was growing weaker and weaker, I became alarmed, and obtained a box of Dr. Chase's Nerve Food. She used this treatment for several weeks, and from the first we noticed a decided improvement. Her appetite became better, she gained in weight, the colour returned to her face, and she gradually became strong and well. I cannot say too much in favour of this wonderful treatment, since it has proven such a blessing to my daughter."

Dr. Chase's Nerve Food is a blood builder and nerve vitalizer of most unusual merit. In pill form, 50 cents a box, at all dealers; or Edmanson, Bates & Co., Toronto. 145 1

MERCHANTS BANK ANNUAL.

Satisfactory Report Presented at Meeting of the Shareholders.

THE OLD BOARD OF DIRECTORS WAS RE-ELECTED.

The annual meeting of the Merchants Bank of Canada was held yesterday at noon, the president, Mr. Andrew Allan, in the chair. There was a fair attendance of shareholders, and all the directors were present except Mr. C. R. Hosmer, who is at present in England.

The directors' report said, among other things:

"It will be seen that the net profits are upwards of $100,000 better than last year. We regard this result as satisfactory under the circumstances, but look for much better in the future.

"We have credited $15,000 to the Officers' Pension Fund, written $50,000 off Bank premises and carried the balance forward."

STATEMENT OF THE YEAR'S BUSINESS.

The net profits of the year after payment of charges, rebate on discounts, interest on deposits, and making provision for bad and doubtful debts, have amounted to		$529,023.92
The balance brought from last year, ending 31st May, 1899, was		16,631.63
Making a total of		$545,691.45
This has been disposed of as follows:		
Dividend No. 62, at the rate of 7 per cent. per annum	$210,000.00	
Dividend No. 63, at the rate of 7 per cent. per annum	210,000.00	
		$420,000.00
Contribution to Officers' Pension Fund		15,000.00
Written off Bank Premises Account		50,000.00
Subscription to Canadian Patriotic Fund		3,000.00
Provincial Taxes (Ontario and Quebec)		7,055.00
Leaving a balance to be carried forward to next year of		50,636.45
		$545,691.45

Mr. Barbeau expressed his satisfaction with the statement, and suggested that in future the directors' report might be in the hands of the shareholders at an earlier date, say at least ten days before the annual meeting. He was very glad that something had been written off the bank's property. He would be glad to see that account reduced to $400,000 before anything was added to the Rest. The dividends were perhaps not so high as some would like, but he would rather have a safe 7 per cent. dividend than a strained 8 per cent. one.

After some discussion the report was adopted unanimously, and the usual votes of thanks were accorded.

The election of directors resulted in the return of the old board, viz., Messrs. Andrew Allan, Hector Mackenzie, Jonathan Hodgson, John Cassils, H. Montagu Allan, J. P. Dawes, Robert Mackay, Thomas Long and C. R. Hosmer.

At a subsequent meeting of the directors Mr. Andrew Allan was re-elected president, and Mr. Hector Mackenzie vice-president.

FORM A STOVE TRUST.

American "Syndicate" to Purchase Ten Canadian Manufactories.

(Special to the Star.)

HAMILTON, June 21.—A deal for the acquiring of ten stove manufacturers of the province by a syndicate of United States capitalists is said to be nearing consummation. Dr. McAuley, of Chicago, representing the syndicate, has been in this city the past day or two in connection with the negotiations, and he says the money is ready to be paid over as soon as the deal is concluded. This will mean about $2,500,000. The prices placed on the real estate, buildings, plants and stocks are being considered by the syndicate, and as soon as they are decided on the deal will be closed. These firms are concerned: Copp Bros., Guerney, Tilden Company, D. Moore Company, Burrow, Stewart & Milne, Bowes, Jamieson & Co., this city; McClary Manufacturing Company, London; Clare Bros., Preston; James Stewart Manufacturing Co., Woodstock; Buck Stove Co., Brantford, and the Smart Manufacturing Company, Brockville.

MR. BERNIER MENTIONED.

(Special to the Star.)

OTTAWA, June 21.—It is stated that Sir Henri Joly de Lotbiniere will be sworn in as Lieut.-Governor of British Columbia by His Excellency the Governor-General tomorrow morning. The name of Mr. Bernier, of St. Hyacinthe, is mentioned in connection with the portfolio of Inland Revenue. The Cabinet was in session all this morning, and it is understood the removal of Mr. McInnes was the subject under consideration.

LIBERAL MEMBERS FEAR RESULT.

Mr. Casgrain Endeavours to Have a Sample of Bread Made From the Hatch Powder Tested at Kingston Analyzed, But His Motion Is Defeated by Casting Vote of Chairman—Submission of Important Evidence Strongly Opposed.

(Special to the Star.)

PRESS GALLERY, HOUSE OF COMMONS, OTTAWA, June 21.—On the opening of the Emergency Food Investigating Committee this morning, Mr. William Moore, clerk with A. McKim & Co., Montreal, was called. He knew Mr. Hatch, and at his request last January or February, went to Lyon's drug store, in Montreal, to get a can of food. Mr. Britton said he could not understand this. He objected to an enquiry as to the conversation.

Mr. Monk, who was examining the witness, said he would show why he had gone to Lyon's store.

The chairman objected to asking the witness what instructions Mr. Hatch gave him.

The witness resumed and proceeded to say that in consequence of Mr. Hatch's request he went to Lyon's drug store. "I asked him"—

The Chairman—I object to evidence of conversation with Mr. Lyons or anybody else.

Mr. Britton also objected.

Mr. Casgrain said it was purposed to prove that Moore went to Lyons drug store to get a sample of the food sent to South Africa; that the sample was given him by Lyons and handed to Milton Hersey, who had analyzed it.

The Chairman said he did not consider it necessary to prove this.

Mr. Monk read from the charge in clause 14 of the charge that a sample had been obtained from a drug store and been analyzed, etc. Surely it was within the province of the commitee to make the enquiry. The chairman asked where it was shown that Mr. Lyons was associated with Dr. Devlin at all.

Mr. Casgrain called attention to his connection.

Mr. Clark, as a layman, pleaded the right to have pertinent questions asked whether legal or not. As a committee they wanted to get at the facts.

Mr. Russell was content that the witness should make a statement that he procured a sample of food in Montreal.

Mr. Casgrain—Well, then, witness, go on and tell your story in your own words.

The Chairman—No he won't go on. I am chairman here.

Mr. Casgrain—I thought Dr. Russell had consented.

Dr. Russell Only that he should make a certain statement.

Mr. Monk—I insist that any admission made by the parties charged with making or selling this food to the Government is evidence at this investigation. Certain allegations are made.

The Chairman—I am not worried about the allegations it is only about the evidence. Where is there any evidence connecting Lyons?

Mr. Monk—"Don't you desire to know where this stuff was packed?"

DIDN'T CARE A BUTTON.

Dr. Russell — "I do not care a button where it was packed. If it is bad stuff some one ought to go to the penitentiary; if good it makes no difference where packed."

The Chairman—"Does the fact that he went to the Department of Militia to get a free admission of the goods prove that Mr. Lyons was a contractor?"

Mr. Casgrain—The fact that Mr. Lyons went to Ottawa for this case and went to the Custom House with Dr. Devlin connects him with this fraud, this job, and I submit that evidence as to his admission is good evidence."

The chairman—"I rule that there can be no evidence of admissions by Mr. Lyons until he is shown to have been one of the contractors.

Mr. Casgrain insisted they were not bound by any rules of evidence here, but had a right to make the fullest enquiry. It was their duty to do so.

Mr. Monk—"I can ask any question I please. The chairman is only here to keep order and has no right to stop me asking a witness what I please."

The discussion ended in the witness being allowed to tell his story.

GOT A SMALL TIN.

The witness continued: "I asked Mr. Lyons if he could give me any of the food similar to that sent to South Africa. He said he would try and get it for me. Subsequently he gave me a quarter of a pound tin, which he said was the only size he had left of the food. That he said was some left over from the lot sent to South Africa. I gave the tin to Mr. Hatch. The label was the same as that on the tin now shown me.

MR. HERSEY'S TESTIMONY.

Mr. Milton Hersey, analytical and consulting chemist, of Montreal, was called. "I had occasion to examine some emergency food. A sample of so-called food was sent me by the Hatch Protose Company. I have with me the remainder of the sample can. (He produced the can). The material in exhibit four resembles very much that in the sample I tested. In addition to other substances the sample contained 17.55 of tissue-producing material. Exhibit No. 26, which I tested, was substantially the same as that now shown me (exhibit 4), but the first looks to be better, smells better and lasts better. The difference is not very material. If I were told that this were nothing but pulverised biscuit made of a certain kind of flour I would not be surprised. Biscuit made of ordinary pea flour would contain nearly thirty per cent. more nutrition."

It may here be explained that Mr. Hersey's analysis was based on the substance obtained by Mr. Moore from Lyons.

Mr. Hersey continued:

I agree with Mr. Macfarlane that this stuff is not a concentrated food. A more highly nitrogenous food can be made of ordinary natural flour."

Q.—"If you were in South Africa and had to take your men for a few days away from the base of supplies would you care to take this stuff as an emergency ration?"

Mr. Britton objected to this question as being one only a doctor could answer.

Witness—I can only answer as to the chemical action of foods.

Dr. Russell objected to the witness answering this question till he showed he was qualified.

HARD ON THE LAWYERS.

Mr. Monk held he had a right to ask any question he pleased. This was not a court of law, and he could put his questions as he pleased without regard to the rules of evidence. Suppose instead of lawyers we were all common sense men.

The Chairman—Is it understood that any member of the committee can ask any question he pleases?

After some further wrangling the witness said if he had had tea and bread and other articles referred to on the label he could do without the emergency food altogether. Pea flour biscuit would be more useful. Pea flour biscuit should not be worth more than 25 cents. I should say this food shown me was worth about as much as ordinary infants' food, worth about 30 cents. A tin of food of this kind should be hermetically sealed. If not sterilized and hermetically sealed I have no doubt it would not reach Cape Town in condition to be used.

Mr. Russell cross-examined the witness. Could any person from looking at or tasting any substance tell what quantity of proteids it contained, without analysis? No.

If Mr. Hatch or anybody else said he could tell without analysis what percentage was in a food, would you believe it? It depends on how it was qualified. A statement of that kind should be carefully qualified.

Mr. Russell was asking the witness if Mr. Hatch was right in saying hydrocarbons and carbo-hydrates were the same. The witness said "No; but Mr. Hatch is a foreigner and——"

Dr. Russell stopped him, but Mr. Clarke wanted the witness to complete his answer.

After a brief discussion the witness said he knew from conversation with him that Mr. Hatch knew better. He knew him to be a man of information.

Dr. Russell objected to his giving evidence as to Mr. Hatch.

The witness said Mr. Hatch as a foreigner could get the terms confused.

Mr. Russell examined the witness as to what Mr. Hatch had said the previous day, that he knew what percentage of proteids there was in the stuff he imported, without analyzing.

Witness said this could not be done.

A RATIONAL STATEMENT.

Mr. Casgrain read the evidence of the stenographer as to what Mr. Hatch had said and the witness said this was a perfectly rational statement.

Dr. Russell resumed his enquiry and asked if Mr. Hatch's evidence did not amount to this that Mr. Hatch had to depend upon the honesty of the people he got his material from.

Witness said yes.

To Mr. Clarke the witness said that some of the emergency rations of foreign countries contained as much as 80 per cent. of the protein matter.

MORE OBJECTIONS.

Mr. Hatch yesterday had with him and left with the Comittee a sample of the bread made for sending to Kingston. It was made of the same powder as that tested at Kingston, and was made with his own hands, but it had been spoilt in the baking hence was not sent, but it would show the same chemical analysis as that used at Kingston. Here was an important opportunity to get corroborative evidence as to the quality of the food sent to Kingston and Mr. Casgrain moved that a portion of this bread be handed to Mr. Hersey to be analyzed as quickly as possible. Strangely enough this was objected to by the Government members of the Committee and Dr. Russell moved an amendment that this analysis be deferred for the present, until the analysis of that actually used at Kingston be made. The vote came to a tie and the chairman said he would not vote just now as he did not think the time had yet arrived for making the analysis.

After a few minutes discussion Mr. Casgrain moved that the sample be handed the Inland Revenue department for analysis. The chairman said this motion had been made five minutes ago and he would now vote for the amendment made by Dr. Russell that the time had not yet arrived.

Mr. Casgrain said the motion before had made that the sample be handed Mr. Hersey for analysis. Now a motion was made that the sample be handed the Inland Revenue Department. The chairman said he had given his casting vote for Mr. Russell's amendment.

Mr. Hersey was asked as to the food value of the emergency food containing the percentage of protein found by analysis and said that one of the little cans (containing four ounces to be divided into four doses for a day) would possibly give a man half a day's food.

HE MADE THE ANALYSIS.

H. L. Wood was called and testified he was employed by Mr. Milton Hersey and had actually made the analysis of the sample got from Lyons for Mr. Hatch. He identified the analysis, showing 17.55 per cent. of protein.

Cross-examined by Mr. Britton—I got the sample from Mr. Hatch's agent.

How do you know? Are you here to tell what you know, or to testify for Mr. Hatch?

To tell what I know.

Then from whom did you receive the sample?

From an employe of Mr. Hatch, a girl, I believe.

Mr. Casgrain moved that Mr. Hatch be telegraphed to bring up the girl in question.

The chairman said he could not subpoenae a witness till he knew the witnesses name.

Mr. Clarke said as a layman, he would advise sending to Mr. Hatch to send up the lady who had taken the sample to Mr. Hersey's.

Mr. Clarke moved that the sample of bread left by Mr. Hatch be analyzed now by Mr. Hersey, who would have to go away and would perhaps not be able to do it later.

The chairman refused to entertain the motion.

The Committee adjourned till 3 p.m

SELECTIONS MADE.

McKinley and Roosevelt Honoured by the Republicans of the United States.

PHILADELPHIA, June 21.—William McKinley and Theodore Roosevelt were to-day unanimously nominated for the presidency and vice-presidency respectively. Since yesterday afternoon it was plainly evident that Governor Roosevelt would yield to the great pressure that was being brought to bear upon him by the New York delegation.

DR. CAMERON IS GUILTY.

Former Montrealer and Graduate of McGill Pleads Guilty to Charge of Larceny.

(Special to the Star.)

BOSTON, Mass., June 21. — Dr. Charles E. Cameron, well known in medical and social circles of Montreal, Boston, New York and Philadelphia, appeared in the Middlesex Criminal Court at East Cambridge to-day and pleaded guilty to one count of indictment charging him with larceny and the receiving of stolen goods. Dr. Cameron is the man who took the valuable and rare book plates from the Harvard University Library. He obtained permission to examine the books, and cut the plates out. Sentence was not imposed to-day, the matter going over to the next term of the court. Dr. Cameron is a graduate of McGill University, Montreal, and comes of a prominent Canadian family.

A SCHOONER WRECKED.

(Special to the Star.)

HALIFAX, N. S., June 21.—The schooner Madiera, bound from Port au Port, Newfoundland, to Halifax, with a cargo of fish, was wrecked on the Newfoundland coast on Tuesday and is a total loss. The crew were saved.

A FIRST DIVIDEND.

Mr. Justice Curran has authorized the liquidators of the Ville Marie Bank to pay a first dividend of five cents in the dollar to the creditors on August first. This dividend will amount to about $70,000.

CANADA IS FIRST.

We Get First Prize For Our Forestry Exhibit at the Paris Show.

EXPLANATION OF MR. TARTE.

Minister of Public Works Defends His Action at the Reception Given to Mr. Loubet.

(Special by Cable from the Special Correspondent of the Star in London.)

LONDON, June 21.—Hon. Mr. Tarte sends me an explanation of his recent action in Paris which has been the subject of criticism here and in Canada. He says: "When I came to Paris as chief commissioner for Canada, I found that our country was not recognized as a self-governing country. We were not accredited directly with the French authorities. There was widespread discontent among our exhibitors and staff. Delays and annoyances of all kinds made my position very difficult. I immediately remonstrated with the Royal Commission through Lord Strathcona, who called the attention of Mr. Chamberlain to the unfairness. Mr. Chamberlain understood the position at a glance. Through his good will and speedy intervention I was accredited directly with the French authorities. I am afraid some of the English officials in Paris did not see my action with much satisfaction."

AN INSULT TO CANADA.

Regarding the President's visit, Mr. Tarte said he regarded it as an insult to Canada that M. Loubet should visit the Canadian pavilion through a couple of side doors after visiting the West Australian and Maritius courts. He says: "I protested with every possible energy. I said I was not in the habit of receiving by my kitchen door. I had not a word with Colonel Jekyll, who came on the spot as the President was approaching, and whom I invited to receive M. Loubet with me, which he did. We are a self-governing country. An exhibition is a matter of business which it is not only our right but our duty to administer ourselves. I hope nobody in England will be scandalized because la Marseillaise was played. It would be played at Windsor Castle if President Loubet visited the Queen. It is perfectly true that myself and all Canadians, French and English, shouted vive la France. It was our duty to do so."

HIS CONCLUSIONS.

Mr. Tarte adds that a big self-governing country like Canada, with a population of six millions, must not be treated as if they were a lot of children, and continues: "I know that neither Mr. Chamberlain nor any of your important public men have any such idea, but the understrappers, who have much to do with the general administration of affairs, can do any amount of harm. We have had to suffer a good deal since I have been here."

FIRST PRIZE FOR CANADA.

The forestry jury of the Paris exhibition has awarded the first prize for timber to the collective Canadian Government's exhibit.

SOME MORE BICYCLE TROUBLE.

President Tait Goes to Ottawa to Try and Settle Latest Difficulty.

There seems to be always trouble in bicycle circles. It is only a very short time ago, since the Canadian Wheelmen's Association and the Canadian Cyclists' Association shook hands and agreed to stand by one another as long as the former confined itself to the social end of the game, and the latter to the racing end, and now they are at daggers drawn again.

The trouble is caused by the Ottawa Bicycle Meet, held some two weeks or so ago. The meet was run off under C.W.A. rules, but under the guidance of the C.C.A. The C.W.A. claims a ten per cent. share of the receipts and the C.C.A. will not give it to them. The Ottawa people, who are fearful for the success of their Dominion Day meet, do not know what to do. They have written to Mr. Tait, and that gentleman, together with Mr. Guilbeault, the secretary of the C.C.A., will go to Ottawa on Saturday to talk over matters.

MR. EDSON'S CONNECTION.

To the Editor of the Star :

Sir,—The interview with me published in yesterday's Star, seems to convey the impression that in my estimation Mr. John T. Lyons had all to do with the Vitaline shipped to South Africa. As far as we are concerned, all we know of the matter is that Mr. Lyons was putting the stuff up in tins for Dr. Devlin, and we do not know that he had anything else to do with the matter. As a matter of fact, I know nothing about the composition of the powder, what it is, cost or what effect it has. All I know is that I executed an order to powder it.

Yours truly,
WALTER EDSON.

PRELIMINARY YACHT TRIALS.

There was a great deal of interest taken in the preliminary Seawanhaka Cup trial races last night. There was more than a freshing breeze blowing, and the Green boat won the first race, sailed by Mr. Duggan, while the Black boat, belonging to Lakeside, and sailed by T. Paton, won the second race.

All the boats were out. The Red boat was sailed by Mr. Routh, White by Mr. Abbott, and Green by Mr. Duggan, winning first race.

In the second race the Black boat was first; Green, second; Red, third; White, last.

REV. ABBE GIRAUD'S CASE.

Mr. Justice Mathieu has declined to grant the application of the city to extend the commission rogatoire until September next in the case against it of Rev. Abbe Giraud for $5,000 damages for false arrest, on the ground that though the commission had been authorized none had been issued. It was intended to examine witnesses in the North-West and in the Ottawa and Quebec districts.

AT THE ARENA.

A change of the opera will be made tonight at the Arena, when "Said Pasha" will be produced. The catchy music which it contains and the bright character of the plot will no doubt be pleasing to the patrons of the Arena.

STUDIO FOOD

An Artist's Diet.

An artist living in a New York studio, writes regarding the advantage of a proper selection of healthful food. He says, "Some time ago a sister, who had been ill, wrote me of the good she had obtained from the use of Grape-Nuts food two meals a day and that all the family made great use of the food. She recommended it very strongly to me.

"I had up to that time supposed this was a luxury and had not tried it, but I sent for some and for quite a little time depended largely on Grape-Nuts, with a surprising result. I have largely lost my taste for meat and am unusually strong, walking a long distance daily, which for some years has been almost impossible.

"I live in a studio and have neither time nor room to cook, therefore the Grape-Nuts being ready cooked, come in as an especial boon, and I felt I must thank you.

"The Postum Cereal Coffee I have used a long time, and if that comes from you, it must come in for a share of thanks also." Ada A. Brewster, 204 W. 100th street, New York City. 145*nts 1

FOUR SUDDEN DEATHS

Lighthouse Keeper Lake St. Louis Found Dead in Bed.

CHILD DROWNED IN CANAL.

Clothes of Another Catch Fire Result in Death of the Little One.

Coroner McMahon went to Lachine last evening to investigate the death of Simon Meloche, aged 65, who for the last twelve or fifteen years has been guardian of No. 1 lighthouse, Lake St. Louis. Deceased was found sitting up dead in his bed on Tuesday afternoon. As he was under treatment for heart disease, no inquest was held.

Joseph Gibeau, an eight year old lad, living at 44 Lacroix street, while playing on some logs in the canal, was drowned in the presence of several young companions. The body was taken out at once, but life was extinct. The coroner disposed of the case without a jury.

Arthur Urquhart, the young son of J. Arthur Urquhart, of 127 Fulford street, left the family at table yesterday, and in a few minutes was found with his clothes all on fire. His mother had her hands badly burned trying to rescue the child. He was removed to the General Hospital, where he died this morning. No jury was called in the case.

Gilbert Pope, of 452 Berri street, who was subject to epileptic fits, was found dead in bed this morning. Medical examination showed that epilepsy had been the cause of death, so no jury was summoned. Deceased was single and lived with his parents at the above address.

KEPT BAR OPEN ON SUNDAY.

Sentence Was Suspended in the Case of Joseph Gravel.

Joseph Gravel, St. Catherine street, was found guilty by Mr. Recorder Poirier yesterday afternoon of keeping his bar open on Sunday, May 27th, but sentence was suspended. The plea of the defence was to the effect that none but guests could procure liquor in this hotel on Sunday, and that all the rules regarding the sale of liquor on Sunday had been observed. They admitted, however, that the bar had been open on the date mentioned, and that because Mr. Gravel had been ill, the bar tender had been obliged to wait on guests.

C. M. B. A. EXCURSION.

Nearly two hundred people took advantage of the excursion and picnic organized by Branch 26 of the C.M.B.A., yesterday, to Cornwall. The affair was one of the most pleasant and successful that has taken place from this city.

On reaching Cornwall the party proceeded to St. Lawrence Park, headed by a band which had been provided for the purpose.

Branch 38, of Cornwall, met the visitors, and as the local branch was celebrating the 15th anniversary of its foundation a large turnout resulted. At the picnic grounds refreshments were provided, and a full programme of sports was carried out, including a lacrosse game between a team of St. Regis Indians and a team from Cornwall.

In the course of the afternoon speeches were delivered by Hon. M. F. Hackett, Q.C., Grand President of the C.M.B.A., Hon. F. Latchford, Q.C., Grand Solicitor of the Association, Hon. Judge O'Reilly, of Prescott; Mr. J. Beland, ex-M.L.A., and other dignitaries of the C. M. B. A. The credit for the organization is due to the energetic president of the Branch, Mr. J. J. Costigan, the Secretary, Mr. P. J. McDonagh, the Treasurer, Mr. F. J. Curran, and the President of the Committee on Arrangements.

DOG THIEF KNEW HIS "LAY."

When the effects of the late Barton Canniff, of Bleury street, were disposed of, one of his favourite dogs fell to the lot of Mr. W. H. (Harry) Brown, head clerk of the St. Lawrence Hall. Mr. Brown and Mr. Canniff were close friends, and the dog was, therefore, held in high esteem by its new owner. The other day Mr. Brown was walking up Bleury street and made an incidental call at the place where his deceased friend had conducted business. The dog accompanied him. When Mr. Brown left the store he noticed that the dog remained inside. As he was shortly to return down town past the place where the dog was, however, he did not go back for the animal, but continued on his way uptown.

Hardly had Mr. Brown left the Canniff store when a young man went into the place, saying: "Mr. Brown has sent me for his dog."

The canine was handed over to him, and since then Mr. Brown has been unable to get a trace of the dog or the dog thief. Meanwhile he is quite willing to admit that the thief knew his business and also knew his victims pretty well.

A "PAYNE" DIVIDEND.

It was announced on the Montreal Stock Exchange this morning that the Payne Mining Company had declared a quarterly dividend of three per cent. This dividend is payable on July 16 to shareholders of record of July 2, and is for the quarter ending June 30.

This is the first dividend for Payne since the labour troubles interfered with the mine's operation some months ago.

DIED AT HIS WORK.

While at work at his usual occupation in the store of Gault Bros., yesterday afternoon, Mr. Francis Leathead, of 13 St. Ignace street, dropped dead. The General Hospital ambulance was summoned, and conveyed the body to the Hospital, whence it was removed by the morgue waggon to the residence of the deceased.

PERMISSION TO APPEAL.

Mr. Justice Curran has granted the permission asked for by the Turret Steamship Co. to appeal to the Privy Council from the recent judgment of the Court of Review condemning the company to pay $45,000 for the sinking of the American boat Lloyd S. Porter, by the Turret Age, in the St. Lawrence, opposite Ste. Croix light.

WILL REMAIN IN HAMILTON.

Rev. Dr. J. L. Gilmour, pastor of the James Street Baptist Church, at Hamilton, who was spoken of as next pastor of Olivet Baptist Church in this city, announced to his congregation last evening that he would remain in Hamilton as his work there was not yet concluded.

Special Notice.

Parties requiring a piano for the seaside or country can rent a reliable instrument on very favourable terms from Willis & Co., 1824 Notre Dame street (near McGill street). Sole agents for Knabe, Newcombe, Dominion and Kingsbury Pianos and Dominion Organs.

"International Limited," The New Grand Trunk Flyer.

Beginning June 24th, this train will leave Montreal daily at 9.00 a.m., reaching Toronto at 4.30 p.m., same afternoon, making the run in the unapproachable time of seven hours and thirty minutes. London will be reached in time for tea and Detroit about 10.00 p.m. The train will reach Chicago the following morning in time for breakfast, and passengers will connect there with all lines running morning trains out of Chicago. This flyer reduces the running time to Chicago to 22 1-2 hours, and to St. Paul to 38 hours. The Pacific Coast to 100 hours.

DEATHS.

McGARR—At his father's residence, No. 25 Valle street, on the 21st inst., John McGarr, aged [illegible] years, youngest son of Michael McGarr. Funeral notice later.

SUSPENDED SENTENCE

Case of James J. Herbert Came Up in Court This Morning.

ARRAIGNED ON TWO CHARGES.

Liberty if He Puts Up $3000 Bail; Must Be Around When Wanted.

James J. Herbert, who has already confessed that he was implicated in the Bank Ville Marie cases, was dealt with this morning in the Court of Queen's Bench on two charges, conspiracy and theft. This was rather unexpected, and Herbert's legal counsel did not know that he would be disposed of to-day till this morning. On the charge of conspiracy he was arraigned before Judge Wurtele, and looked neat and tidy as usual.

Having entered the dock, the clerk asked him if he had anything to say in connection with his plea of guilty to the charge of conspiracy to defraud the Ville Marie Bank. Mr. J. C. Walsh, counsel for Herbert, declared that the prisoner relied upon the clemency of the court.

Mr. Justice Wurtele then said, addressing Herbert, that he had pleaded guilty to a heinous offence, as his better nature had prevailed after the grand jury had brought in a true bill against him. He had made a clean breast of the whole matter, and by turning Queen's evidence had been of great service to the state. He was still needed for other cases to come up at the fall term of the court, and His Honour hoped that he would persevere in view of the leniency which was shown him. In the meantime the sentence would be suspended, and he would be allowed out on bail, on giving a bond for $1,000 personally and two sureties of $500 each, or one of $1,000, which would be acceptable to the Crown, to appear on the first day of next term or whenever required. Upon this he would be released. His Honour again hoped that Herbert would seek by his conduct to reconquer an honourable position in society.

Judge Choquet, of the Court of Sessions, then went on the bench, and Herbert was again arraigned, this time on the charge of theft to the extent of $58,000. Judge Choquet said that he would deal with Herbert in the same manner as Judge Wurtele, and would suspend sentence, but would require him to give a personal security of $2,000 and two sureties of $500 each or one of $1,000, which would be acceptable to the Crown, to appear on the first day of the November term of the court or whenever called.

WILL BRING HIM BACK.

Finance Committee Decides That Ex-Building Inspector Must Return.

ATTORNEY-GENERAL WILL BE ASKED TO ARRANGE FOR HIS EXTRADITION.

The Finance Committee decided yesterday afternoon, at a secret session, to do its utmost to get ex-Building Inspector Lacroix brought back to the city from Mexico.

After a long discussion it was agreed that the Attorney-General be written to and asked to take up the case and arrange for the extradition of Lacroix. The committee held it was the duty of the Government now to take up the affair, seeing that Lacroix had been arrested by the corporation and handed over to the criminal courts, where the judge allowed him (Lacroix) bail. This bail was skipped by Lacroix; hence the contention of the committee that it now devolves upon the Government to see that Lacroix is extradited.

BISLEY TEAM IN THE CITY.

Will Sail for England by the Lake Ontario To-morrow Morning.

(See also page six.)

The members of the Bisley team have all arrived in the city, and this evening they will go on board the Elder, Dempster steamship Lake Ontario, the vessel sailing to-morrow morning for Liverpool. The team numbers twenty men and three officers, and is under the command of Lt.-Col. Delamere, of the Queen's Own Rifles, Toronto. The adjutant is Major Mackay, of the 65th Battalion, and the Quartermaster is Major Thompson, of the Queen's Own Rifles.

This evening there will be an inspection at the Drill Hall, and from there the men will march down to the Lake Ontario.

THE RACING CYCLISTS MEET.

They Decided to Stand by the C. W. A. in Their Trouble With the C. C. A.

The new Canadian Racing Cyclists' Association held a meeting yesterday afternoon, and perfected its organization. It decided to stick by the Canadian Wheelmen's Association in its present trouble with the Canadian Cyclists' Association, and although they announced when they organized that they would not interfere with the Dominion Day meet at Ottawa, they announce now that unless the C. W. A.'s demands are agreed to, its riders will refrain from taking part in the races at Ottawa.

In addition to this, they have passed an additional section to be added to the constitution, by which riders who meet with accidents on the tracks of the C. R. C. A. will receive financial aid not to exceed in any case twenty-five dollars. They have also agreed to acknowledge suspensions on the part of the Canadian Amateur Athletic Union, the Canadian Rugby Union, the Senior Lacrosse League and the Amateur Skating Association of Canada.

PREPARATIONS COMPLETED.

All preparations have been completed for the entertainment of the members of Parliament and others, by the Harbour Commissioners on Saturday next. The steamer Berthier, which has been chartered for the occasion, will leave from opposite the Harbour Office at 11.30 a. m. Luncheon will be served on board and the commissioners will do all in their power to make the run over the harbour a pleasant one. Some 430 invitations have been issued and it is expected that about 300 will be present.

BOUND FOR WINNIPEG.

From 75 to 100 French Canadians left this morning by the Imperial Limited for Winnipeg, in charge of Rev. Abbe Blais. There were eight other priests in the party. They will visit St. Boniface and take part in the St. Jean Baptiste celebration and they will afterwards visit Manitoba and various points in the North-West, some going as far as Edmonton. It is expected that quite a number of them may decide to settle in the west and take their families there.

WILL ARRIVE TO-NIGHT.

Chief Carpenter has received a telegram from Detective O'Keefe saying that he would arrive here with his prisoner, "Count" Latrec, this evening.

CONSENTED TO ASSIGN. — Edward O'Brien, doing business under the name of the Edward O'Brien Company, auctioneers, has consented to assign at the instance of Malone & Robertson, Westmount, creditors for $211. W. G. Malone has been appointed provisional guardian.

CONSERVATIVE CLUB—The weekly meeting of the Conservative Workingmen's Club takes place at eight o'clock this evening at the Dumont Hall, No. 1473 St. Catherine street. Speeches will be delivered on the subjects of active political interest by well-known speakers. This club always makes a success of its meetings, which have proved a source of great interest since their inception.

PRICES DIP LOWER

Canadian Pacific Was the Feature in Trading Closing Over a Point Down.

LONDON WEAK AGAIN TO-DAY.

The Domestic List Was Also Soft and Prices Were Generally Marked Down.

There was no let up to the weakness in stocks to-day and a further dip in the price of Canadian Pacific brought out a big batch of the stock amounting to over four thousand shares at a reduction of 1 to 1½ points. The rest of the market was also decidedly soft, Royal Electric declining two points, Montreal Street 1 point, Twin City 3 points, Virtue 2⅞ points and Payne 2 points. Trading was quite brisk considering the circumstances but Pacific was by long odds the leader in point of activity.

The softness in that connection came from London in the shape of a decline from 93¼ at the close yesterday to 91⅞ this morning, although there was a subsequent recovery to the extent of a quarter of a point to 92⅛ at which figures the market closed. In the local market business commenced at 90, a full point lower than yesterday's close and under the pressure of liquidation the price was gradually forced down another half point to 89½, but before the close the price had pulled up to 89⅞.

The trading this morning carried the price of Electric down to 200, a drop of two points, while Twin City went off three points to 60, the lowest it has been for several months. Gas weakened to 182⅞, and Street Railway went off a point to 255. Virtue continued weaker and sold at 66, while Payne closed at $1.00.

In view of the present low price of Pacific, a few figures with reference to its record during the present year will be of interest. It will be remembered that in February the price reached par, the highest in its history, on this side of the water. Early in January it went as low as 90, which was the lowest at any time during the present year. The year opened with the price at 93½. During the present month the highest was 95⅜, and since it was at that point a steady decline has been in progress. Since the highest of the year there has therefore been a decline of 10½ points and since the highest of June one of 5⅞ points.

Messrs. L. J. Forget & Co.'s London cable to-day quoted: Grand Trunk, first, 84¾; second, 57½, third, 21⅜; Canadian Pacific, 91⅞; Hudson Bay £24½; Anaconda, £8.

The weekly statement of the Bank of England shows the following changes: Total reserve, increased, 888,000 pounds; circulation increased, 19,000 pounds; bullion increased, 1,006,852 pounds; other securities increased, 690,000 pounds; other deposits, increased, 1,187,000 pounds; public deposits increased 353,000 pounds; notes reserve, increased 94,000 pounds. Government securities unchanged. The proportion of the Bank of England's reserve to liability is 44.36 per cent. Last week it was 43.96 per cent. The rate of discount unchanged at 3 per cent.

WHEAT CONTINUES TO RISE.

(From the Star's Special Correspondent on the Chicago Board of Trade.)

CHICAGO, June 21.—Evidently the foreign shorts have made up their minds that we are in earnest over here after all, for Liverpool closed about 5c a bushel higher, Antwerp 2c, and Paris 1 1-4c. One of the features here was covering in this market by foreign shorts. There was also an enormous amount of general outside buying of the class, which always comes in on the bulges. The selling was apparently by the stronger class of local and northwestern holders, and was on a gigantic scale. The market was the biggest we have had for years, certainly since the Leiter deal; all the commission houses had more business than they could comfortably handle. July sold at 83 to 84 1-2 down to 83 1-4, up to 84 3-8, then to 82 3-4 and finally to 83 1-2. The crop news from Minnesota, the Dakotas and Manitoba showed no improvement, and was of the most distressing sort. However, some of the general estimates given out were much less bullish. The Price Current stated that the winter wheat prospect was 350,000,000 bushels, and the spring wheat 230,000,000, or a total crop of 580,000,000 bushels, against 547,000,000 last year.

The winter wheat estimate is reasonable enough, as according to the Government report figuring 16 bu. to the acre as perfect, the prospect would be about 330,000,000, and it is practicaly certain that the par of condition should be figured nearer 17 bu. than 16 bu., judging from results in the last four or five years past. Local bulls were inclined to pooh-pooh the estimate of 230,000,000 spring wheat, and it would certainly seem too large. The North-Western miller estimates the crop for the three states at 110,000,000 to 125,000,000 and spring wheat outside these States will amount to about 100,000,000 on present prospects. It looks as though a reasonable estimate would be that the total crop of winter and spring wheat will be not far from last year's figures, but it should not be overlooked that the Manitoba crop will be less than half last year's.

EVENTS MOVING SLOWLY IN SOUTH AFRICA

NEW YORK, June 21.—The special correspondent of the Tribune in London reviewed the war situation at an early hour this morning as follows:

LONDON, June 21.—The war news from South Africa consists of minor incidents with a general trend in the direction of peace. General Hunter's division has entered Krugersdorp, the scene of the Jameson fight, and the advance guard is expected speedily at Johannesburg. General Baden-Powell has returned to Rustenburg, and General Hutton's cavalry has taken two guns from the Boers. The railway service is now operating smoothly between Cape Town and Pretoria, and supplies are going forward in large quantities. With the western districts pacified and with a fresh division under General Hunter available for work, Lord Roberts will probably resume operations eastward in the course of a week or ten days.

Lord Methuen is officially reported as routing a Free State force once more while taking a convoy into Heilbron, and a story has reached Cape Town that Lord Kitchener narrowly escaped capture at North Kroonstad. The campaign is dragging, and everybody in England will be relieved and delighted to have it ended.

THE BOERS' LATEST SUCCESS.

6 a.m.—An Express telegram from Machadorp reports a Boer success in Orange River colony. Two British convoys are said to have been captured, several trucks containing railway bridge material destroyed at Rhenoster River and 350 prisoners taken. This message is probably the Boer account of the action at Tuenspruit on the 14th, when the construction train was taken. Nothing has been reported of the incident from British sources beyond the publication of the names of missing men who belonged to the engineers. The war correspondent of the Telegraph mentions that an informal armistice has been in operation with Botha, but at the expiration of this week vigourous action will be taken by Lord Roberts. An official warning has been given to the effect that any further wrecking of the British communications will involve the demolition of all the adjacent farms over an area of five miles.

WAR NEAR ITS CLOSE

General Buller's Advance Should Soon Bring Hostilities to a Conclusion.

BOERS REPORT A SUCCESS.

British Forces Have Advanced as Far as Machadodorp, Kruger's Late Capital.

LONDON, June 21. — It is hoped in London that General Buller's advance westward will hasten the conclusion of hostilities by cutting off all communications between President Steyn's and General Dewet's forces in the Orange River Colony and General Botha's burghers in the Transvaal and completing the combined movement to surround Steyn and Dewet to which Lord Roberts referred in a recent despatch.

Despatches from Lorenzo Marques reiterate the statements that Secretary of State Reitz sailed for Europe recently on a Dutch warship.

BRITISH AT MACHADODORP.

The British have penetrated the Transvaal territory as far as Machadodorp.

Passengers who arrived yesterday at Lorenzo Marques from the Transvaal assert that heavy artillery was engaged and that the Boers abandoned Machadodorp, retiring northward.

President Kruger is still at Alkamaar.

Boer bulletins regarding General De Wet's operations along Lord Roberts' communications assert that two convoys were captured and three hundred workmen, with fifty military, taken prisoners.

It is reported from Lorenzo Marques that a resident of Komatipoort has been arrested and shot by the Boers for complicity in the break down of the Malana bridge.

President Kruger's unstamped sovereigns have been offered for sale in Lorenzo Marques at twenty shillings.

HAS KRUGER ESCAPED?

A member of the British House of Commons who has had an important connection with South Africa, is telling a story of a telegram alleged to have been received from Cape Town which says that Mr. Kruger has really escaped, and is already on the seas bound for Europe, and that the person occupying the executive car is not Mr. Kruger, but it is a substitute.

GENERAL BULLER ADVANCES.

VOLKSRUST, June 21.—General Buller has arrived at Sand-pruit station and camped two miles further on the western side of the railway. Many Boers met General Buller on the road and surrendered their arms and horses.

HORSE ARTILLERY'S ESCAPE.

(Special to the Star.)

LONDON, June 21.—Correspondents reports of the fighting on June 11th, 12th, and 13th east of Pretoria, are now arriving. They show that the Boers fought with great vigour and pertinacity. The British Horse Artillery were at one time in considerable danger of capture. They were rescued by a charge of the Lancers, in which the Earl of Airlie was killed. The Lancers, on this occasion, killed 23 of the burghers. The great area covered by the operations, and General Botha's handling of his force, which is said to consist mainly of foreigners and Cape rebels, prevented a junction of the British on the left with the mounted infantry on the right, and this allowed the Boers to retreat. The correspondents claim that at least two hundred Boers were killed.

MacDONNELL, A WINDSOR MAN.

TORONTO, June 21.—Captain Archibald Cameron MacDonnell, who is reported among the dangerously wounded in South Africa, is a son of Mr. F.S. MacDonnell, of Windsor, Ont. He received his education at Trinity College, Port Hope, and pursued a course at the Military College. About eight years ago he received a commission in the North-West Mounted Police, and several years ago was appointed an inspector. He was last stationed at Regina.

PTE. LEONARD'S DEATH.

(Special to the Star.)

WOODSTOCK, Ont., June 21.—The news of the death of Private George W. Leonard, of the first contingent, was received here with regret. He was one of the first members of the Oxford Rifles to enlist when volunteers were called for and was immediately accepted. Leonard was born in Zorra, but moved to town with his parents.

AMMUNITION FACTORY MOVED.

LONDON, June 21.—Capt. Lecsberg, an American, attached to the Boer artillery, has arrived at Lorenzo Marques. He says that the Transvaal's ammunition factory has been moved to Lydenburg. He declares that Gen. De Wet has 6000 men in the Orange River Colony, and Gen. Botha 2500 on the Transvaal. Fifteen hundred men in small bodies are elsewhere.

MOURN FOR CAPT. BLANCHARD.

(Special to the Star.)

VICTORIA, B.C., June 21.—Civic flags and ensigns on the forts and drill hall are at half mast to-day in memory of Captain Blanchard, late adjutant of the 5th regiment, who died in South Africa on June 14. Lieut. Blanchard is the fifth of Victoria's 25 volunteers in the First Contingent to fall at the front.

DEATH OF BARON LOCH.

LONDON, June 21.—Baron Loch (Henry Brougham Loch), formerly Governor of Cape Colony and British High Commissioner for South Africa, is dead. His name was very prominent throughout the period of the Matabele war. He was a friend of Dr. Jameson, and was considered a high authority on South African affairs.

Commandant Eloff, President Kruger's son-in-law, who was captured at Mafeking, has arrived en route to St. Helena.

Word has reached Quebec that the Fox Bay settlers have reached their new home at Dauphin, Manitoba.

MOST SEASONABLE

during the warm weather is a ride over the Montreal Terminal Railway (Belt Line) to Bout de L'Ile Park, the only suitable suburban picnic and excursion resort on the Island of Montreal.

FISHING PARTY LOST

Six Persons Drowned Near Cedar Hall, Que., Yesterday Afternoon.

JAMES KING ONE OF THEM.

Up to Noon Bodies of King and Mrs. Nolin Had Been Recovered.

(Special to the Star.)

CEDAR HALL, Que., June 21.—A sudden and furious gale on Lake Metapedia yesterday afternoon capsized a sail boat, from which six persons were fishing, and all were drowned. The party consisted of Mr. James King, ex-M.L.A.; Mrs. Nolin, her son, Joseph St. Pierre, Alfred Deschamplain and Joseph Fournier.

A few minutes before four o'clock the boat left the shore and there was scarcely a ripple on the water. When a few hundred yards out a squall sprang up and in a few minutes, during which desperate efforts were made to keep the craft afloat, all were precipitated into the lake, which at that point is very deep and has many eddies.

Several persons on shore witnessed the accident, but were powerless to lend them aid.

Up to noon the bodies of Mr. King and Mrs. Nolin were all that was found, but a vigourous search is being made for the other unfortunate persons.

Mr. James King, of King Bros., whose death by drowning is announced from Cedar Hall, is the youngest son of the late Charles King, of Sylvester, Megantic. He was born in St. Antoine de Tilly, county of Lotbiniere, on February 18th, 1848. He received his education at Lennoxville, and graduated M.A. at Bishop's College University in 1873. Mr. King had extensive lumber and mining interests in the province and was a director of the Union Bank of Canada and vice-president of the Quebec Mining Association. He was returned in 1892 to the Provincial House as member for Megantic, and supported the Flynn Government. At the last elections he refused to be a candidate, and has since devoted his entire time to his extensive business interests. Mr. King was unmarried.

WHOLESALE FISH TRADE.

Fresh Gaspe Salmon is High in the United States.

HADDIES ONLY SELLING TO STEAMSHIPS—A FIRM MARKET.

Fresh salmon are now running plentifully in Gaspe and the Maritime Provinces, so that demand for British Columbia stock is finished, at least for the present. The run of eastern salmon, however, is not so large, as in former years, and prices have advanced in New York and Boston, telegrams having been received here accepting offers of 20c delivered. In consequence of this high figure prices may advance here. Halibut and haddock are arriving freely, but lake fish, such as pickerel and white fish, are scarce, and prices firm. There is very little doing at present in smoked fish owing to hot weather. The sale of haddies is confined to ocean steamers, none being sold for local trade. Demand for salt salmon has improved in the Eastern Townships, as is usual at the approach of the haying season, and owing to the very small quantities held here prices are firm, with a tendency to advance. Pressed or skinless cod, in hundred pound cases is scarce, and new stock will not arrive before the middle of August.

FRESH FISH—Grape or Eastern salmon, fresh, 14 to 15c lb; haddock, 4 to 4 1-2c lb.; halibut, 9 to 10 cents; dore or pickerel, 7 to 8c; white fish, 6½ to 7½c; pike, 6c; lake trout, 7 to 8c.

SALT FISH—B. C. salmon, No. 1, $13 a barrel; Labrador salmon, $13.50 a barrel; half barrels, $7 to $7.50; green cod, $4.50 per barrel for large, and $3.50 for No. 2; Loch Fyne herrings, $1.05 a keg; No. 1 green cod, $4.50.

SMOKED FISH—Finnan haddies, 6½ to 7c a pound; bloaters, 75c per box; smoked herrings, 12c per box.

PREPARED FISH—Skinless cod, in 100 pound cases, $4.50 to $4.75; dried cod, in 112 lb. bundles, $4.50 to $5; boneless cod, in bricks, 5 1-2c per lb.; boneless fish, loose, in 25 lb. boxes, 4 1-2c; and 5 lb. boxes, 5c lb.

BEST BELTS AT HALF PRICE

Dr. Sanden's Electric Belt

Is an appliance which is known all over the world for its wonderful toning influence upon the waning vitality of men and women. Its touch is the touch of life. Warmth and energetic health follow its application within ten days.

Dr. Sanden's Belt is the ONLY appliance of its kind which will CURE without BURNING OR BLISTERING. Now is your opportunity of securing one of my best Belts at half price. If in need of treatment give my NEW METHOD a trial and be convinced. Do not be imposed upon by parties who advertise "NO CURE, NO PAY," etc., etc. Use your own good sense and see if any Firm can do business that way. I don't pretend to give you something for nothing, that would be ridiculous. I am willing and anxious, however, you should give my Belts a trial when you can see for yourself how superior they are to any Electric Belt now placed before you. I have been established here for a number of years and will cheerfully furnish you with hundreds of local testimonials.

Your Attention

We want you to know about our new imported Japanese Mattings for Summer use. They are genuine. They wear, as you know, about twice as long as the plain straw mattings, and are very unlike in wear and designs.

When you buy have the best—the real thing; but if you want the Straw Mattings, we can show you an endless variety.

COUNTRY PRODUCE.

Highest Price of Season Paid For Butter Yesterday.

Cheese Trembling in the Balance—Eggs Are Unchanged.

BUTTER—The market has gone even higher than was anticipated, some 250 packages of West Shefford creamery selling at 21 1-4c, and about 280 packages of the output of three or four of the combination factories selling at 21 1-8c, this being said to be the only bid on the board. While it was judged that 21c would be paid this week, it was somewhat of a surprise to see it go to the figures mentioned. Local dealers say the English market will not stand it, and that this butter was for a special object. A dealer has offered to sell butter equal to the finest made at 21 3-4c, and another would be glad to get 21c here. Eastern Township dairies are quotable at 19 to 20c, and westerns at 17c. Receipts this morning were 4,954 packages.

CHEESE—The market appears to be about the same as yesterday. Prices paid in the country yesterday were about 10 1-4c to 10 3-8c, and of course these would cost over 10 1-2c here. Nevertheless, it is reported upon pretty good authority that finest western goods can be had here today at 10 1-2c; easterns at 10 3-8c, and Quebecs at 10 1-4c. The market is now so high that it is believed that a large operator has given instructions to his buyers to let it come down before taking any more. Receipts were 14,476.

EGGS—There is no change in the market to-day. No. 2 selling at 10c, straight stock at 11c, and selects at 11 1-2c. Receipts were 839 cases.

MAPLE PRODUCTS—The market for syrup is so dull that prices can hardly be quoted, say 6 to 6 1-2c a pound in wood, and 6 1-2 to 7c in tins. Sugar sells at 8 1-2c.

POTATOES.—Farmers are selling bags of 75 to 80 pounds at 25c each. Local dealers are paying 35c on track for bags of 90 pounds. Stock is re-selling at 45c a bag of 90 pounds.

HONEY.—White comb is quoted at 12½ to 17c in sections; dark comb at 10 to 12c; white extracted is 9½ to 10c a pound; dark extracted is 7½ to 8½c.

POTASH.—The English market is easy. Quotations are $4.50 to $4.65 for first pots; $4.15 to $4.20 for seconds, and first pearls at $5.20 to $5.30.

BEANS—The market is dull, choice primes being offered at $1.50 in 50 bag lots.

CHOSEN DIRECTOR.

Rev. Abbe Louis Marie Lepoupon Gets the Appointment in the Seminary of Philosophy.

Rev. Abbe Louis Marie Lepoupon, P.S.S., has been chosen to replace the late Rev. Abbe Delavigne, P.S.S., as director of the Seminary of Philosophy. He is 41 years of age and a native of Finistere, France. He was ordained as Quimper in 1883, and came to Canada in 1885. For one year he was connected with the Petit Seminaire, and since 1886 he has been connected with the Seminary of Philosophy.

Rev. Abbe J. G. Bastien, P.S.S., replaces Rev. Abbe Lepoupon as Bursar. He is a Canadian and for two years followed the Canadian College in Rome.

WILL ATTEND HIGH MASS.

The St. Jean Baptiste Association will attend high mass on Sunday morning at the St. James Cathedral, upon the occasion of the national holiday of St. Jean Baptiste. Archbishop Bruchesi will officiate pontifically, and an appropriate sermon will be preached.

In the evening there will be a display of fireworks at Logan's Park, with a concert by local bands. A number of gentlemen, including the Mayor, have been invited to deliver addresses.

MORE MOLASSES SHIPS.

The schooners Olinda, from Porto Rica, 199 tons, and B. C. Borden, from Barbados, 300 tons, are on their way to the port of Montreal, with full cargoes of molasses. They are due to arrive about the end of this month or the first of next. A third schooner is also reported on the way.

Lieut.-Col. Delamere, commandant of the Bisley team, left Toronto on Wednesday night for Ottawa, where the team will assemble.

NEWS OF THE CITY.

SPECIAL MEETING.—To-night at 8 p.m. will take place at the school-room of St. Martin's Church, a special meeting of the vestry and congregation. A large attendance is anticipated.

WILL OFFICIATE.—Rev. S. Goldstein, of Boston, Mass., a candidate for the position of cantor, will officiate in the McGill College Avenue Synagogue, at the services to be held this evening and Saturday morning.

LEGS CRUSHED.—The Notre Dame Hospital ambulance was called last evening to the Place Viger Station to bring in a brakeman named Marcel Soulicre, a resident of Montreal, who had one of his legs badly crushed while coupling cars at a station near Ottawa.

MACKAY INSTITUTE.—The Mackay Institute closes its 20th session yesterday. All the pupils have gone to their homes. As the building and grounds are in excellent condition very few repairs will be necessary. These will be made, however, during the absence of the pupils.

EXCURSION.—Arrangements have been made by the members of the McGill College Avenue Synagogue for a moonlight excursion on the river this evening. The Richelieu & Ontario Navigation Company's steamer Berthier has been chartered for the occasion, and will leave the foot of Bonsecours street at eight o'clock.

ELECTION.—Division No. 3, A. O. H., met last evening at the Hibernian Hall, Notre Dame street, for the election of officers. The election gave the following result for the ensuing year: President, Ald. D. Gallery; vice-president, M. McCarthy; recording secretary, F. J. Devlin; financial secretary, John Hughes; treasurer, Lawrence Brophy.

FELL INTO CELLAR.—Mr. Jos. Archer, sr., grandfather of Mr. Chas. Archer, of this city, met with an accident at Quebec while walking on Garneau street. He tripped and fell into a cellar trap. Though badly shaken, the old gentleman, who is in his 90th year, walked to Lower Town and back to his home in St. Roch's, but since then he has been confined to his room.

INSPECTOR'S VISIT.—Inspector Elliott of the C. S. P. C. A., has just returned from visiting Berthier and Sorel, where he took action against O. Savignac and E. Gratton for working horses in unfit condition, and obtained convictions in both cases. He also superintended the loading of cattle on the market boat, and warned the men employed to be more careful in handling them.

NO DESIRE FOR ANNEXATION.

Westmount's Terse Reply to Communication From City of Montreal on Subject.

Mr. L. O. David, City Clerk, received the following communication from the town of Westmount in answer to a communication from this city in regard to the question of annexation of surrounding municipalities to Montreal:

WESTMOUNT, 19th June, 1900.

L. O. David, Esq., City Clerk, Montreal:

Dear Sir,—Your letter of 12th inst. stating that a special committee had been appointed re annexation of surrounding municipalities to Montreal, and asking the views of the Town of Westmount on the subject, was laid before the Council meeting last evening, and I was instructed to respectfully inform you that the Town of Westmount does not desire annexation.

Yours truly,

(Signed.) WM. MINTO,
Secretary-Treasurer.

SOME MISSED SOUVENIRS.

Complaints have been heard against the management of the Arena because some of the ladies who attended the performance on Monday evening did not receive the souvenirs advertised. The management of the Arena explains that those who did not receive the souvenirs must thank themselves. Two boys were posted at the entrance to distribute the souvenirs, among which there were several season tickets. There was quite a crush, and it happened that quite a number of the ladies went through without paying any attention to the boys who were offering them the souvenirs. Many souvenirs left over from Monday were distributed at the door last night.

GOOD CATTLE CARRIERS.

During 1899 the Leyland line of steamships carried a total of 34,744 cattle, and out of this number the loss was but 13, or .04 per cent. On no one voyage was the loss over one animal, and the total loss, considering the number of cattle sent out, makes an enviable record.

Police Committee to Again Look Into Charlebois Clothing Repair Contract.

FATHER SCANLAN COMMENDED.

Review of City Police Force at Champ de Mars on June 29.

Ald. Lebeuf exhibited a bundle of letters to the Police Committee yesterday afternoon, and said that they contained complaints because ice cream and fruits were sold on Sundays on the street contrary, as was said, to the civic by-law.

Chief Hughes explained that the committee had tolerated this traffic in the past, and on examination the charter was found to state that the council had power to regulate this traffic, but no by-law was found bearing on the subject. It was resolved to ask the council to deal with the matter as seemed best.

When the question of drill instructor had been discussed, it was resolved to report to council asking that a man should be appointed. Along with this was a statement that Lieut. Tetreault would not be replaced on the force, and that his salary would be used to pay the instructor.

REPAIRING OF THOSE OVERCOATS.

After considerable discussion the committee arrived at a solution of the difficulty which arose over the awarding of the contracts for the repairing of the old police overcoats to E. Charlebois. Ald. Lebeuf reviewed what had been done by the committee to the effect that Boucher and Mercier had offered to do the work for $3 each coat, and Mr. Charlebois for $2 each, and that the latter had been given the contract. The messenger of the police department said that he had taken several overcoats as samples to the store of Boucher and Mercier, and they had said that they would do the work at $3 each, or if there were a hundred coats for $300. The coats, it was stated, had all been given to Mr. Charlebois before the tender had been awarded, and that about a dozen of them had been sent to Boucher and Mercier as samples. Mr. Mercier, of this firm, was present and explained that he had said that they would do the work for $3 a coat because he had thought that there were only about twelve or thirteen altogether. There were 268 overcoats, and they would do the work for less than $3 each.

Ald. Ames said that there had been a mistake both on the part of Boucher and Mercier and on the part of the committee. The committee had supposed that Boucher and Mercier knew how many overcoats there were to be repaired, and that the $3 each had been tendered accordingly.

WANTED MATTERS RECONSIDERED.

Ald. Ams then moved that the resolution giving the contract to Mr. Charlebois should be reconsidered, and that tenderers should be shown all the coats and should act accordingly. Some of the committee thought that Mr. Charlebois might have a grievance at this action of the committee, especially as he might have begun the work already, but Ald. Lebeuf said that nothing had yet been done, and that Mr. Charlebois would not give any trouble. The motion was carried, with the addition that all tenders must be handed in before two o'clock on Wednesday next.

On motion of Ald. Tansey, W. J. Berrigan was appointed as secretary for the detective department. This candidate was recommended by Chief Detective Carpenter.

Mr. L. A. Lefebvre, chief clerk of the Recorder's Court, informed the committee that he received $8 when a liquor case was won by the city, and $3 when a case was put back. This had been the regular custom long before he was appointed. The committee argued that these fees were as much the revenue of the city as any other tax. But, on the other hand, certain restrictions of the Bar were mentioned, which had been brought forward in defence of the city attorneys, when enquiry was about to be made about the income they received in addition to their salaries. This, the council had been informed, was a prerogative from which the members of the Bar would not depart. It was stated that Mr. Lefebvre was an attorney, and might be entitled to the same privileges as his colleagues. However, it was resolved that these fees should be retained by the city, and the council will be asked to enforce the measure.

The committee commended the good work already done by Father Scanlan, of St. Ann's Parish, to stop the sale of liquor on Sunday.

Ald. Lebeuf announced that a review of the police force would take place on the Champ de Mars on June 29, at 9 o'clock in the morning.

NOT JUST AS GOOD

Did you ever inquire at a store for certain articles and get for a reply "We have something just as good"? Did it ever occur to you that "Something just as good" is something the dealer has been able to buy much cheaper than the articles you inquire for? This is true in drugs, fabrics, groceries, hardware, and in fact every line, including silver-plated ware. If you inquire for 1847 Rogers Bros.' Knives, Forks or Spoons, don't accept any bogus Rogers' stamp because your dealer tells you it's just as good.

1847 TRADE MARK ROGERS BROS.

The above trade mark has been stamped on every article of the original and genuine Rogers Bros.' goods for over 50 years. Get this and you get the best that is made.

VICTORY OVER DYSPEPSIA

Is Easy and Quick with Dodd's Dyspepsia Tablets.

There's no need to tell those who suffer with Dyspepsia or Indigestion what is the matter with them.

They know it only too well.

The great object with them is how to get cured.

They can be cured easily, simply, and surely. There's no earthly reason why any person should suffer with dyspepsia, indigestion, heartburn, sour stomach or any similar disease of the digestive organs. It is rank foolishness to do so.

Why?

Because Dodd's Dyspepsia Tablets cure these diseases quickly, positively and simply.

There's no secret about how they do this. You take one or two of Dodd's Dyspepsia Tablets after each meal, and the work is "done, while you wait."

Dodd's Dyspepsia Tablets digest the food. They do the work your tired stomach cannot do. At the same time they tone up and strengthen the stomach, fitting it to again do its own work properly.

There can be no failure. If the stomach were paralyzed in every part, Dodd's Dyspepsia Tablets would digest the food taken into it. That's what Dodd's Dyspepsia Tablets are made for. And that's what Dodd's Dyspepsia Tablets will do.

"The Satisfactory Store."

Our Mid-Summer ...Sale...

What is it all for?

To serve you as well as we can—that is what we have this sale for—that is what has made the success of this store.

To show you what our service is—no matter how low the prices are the qualities are right up to the standard that has made every purchase you have made here a satisfactory one. We never buy goods that are made *just to sell*—every article in this sale is a staple one—*a worthy one*—otherwise it would not be here.

Let us give a few samples.

Remnants Galore.

In every large business there is a natural gathering of remnants. We have gathered all ours together on eight special tables. We've cut the prices on them from 25 p. c. to 50 p. c.

They include:—Black and Colored Dress Goods, Serges, Cashmeres, Figured Crepons, Lustres, Grenadines, Prints, Muslins, Ginghams in dress lengths and smaller pieces. Plain and Fancy Silks, Sateens, Flannels and Flannelettes.

There's a world of money-saving on those tables, but you must see them to appreciate them. We can't go into details, for in most cases there is only one of a kind and you would be very disappointed if just what you wanted was gone when you came. Best way to do is to come at once.

Let's only mention a few other very special items:

Invisible Hair Pins, worth 2 1-2c, for 1c.
Plain and Crimped Hair Pins, worth 5c a box, now 2 1-2c a box.
Lines 10 p. c. and 33 1-3 p. c. off:
Ginghams and Muslins, an exceptionally good showing, worth from 18c to 45c, for 15c a yard.
Black and Colored Dress Goods at 25 p. c. off. Some special lines at bigger reductions.

DEVLIN'S STUFF WORTH THIRTY CENTS

That Was the Valuation Per Pound He Gave the Customs Office —An Agreement Produced Before the Committee Which Shows He Did Not Know Mr. Hatch's Formula—Dr. Russell, a Liberal Member of the Committee, and Chairman Belcourt Fail to Agree in Regard to the Admission of Important Evidence.

(Special Staff Correspondence.)

OTTAWA, June 21.—The examination of Dr. Hatch occupied the principal part of yesterday's session of the emergency rations investigation, and at times the evidence was interesting, but at other times very technical and not always was the examination carried on in a tone of voice readily heard even by all of the committee.

The chairman of a committee is usually supposed to exercise in some sense a judicial capacity, but in this case the chairman acts as the leader of one of the parties, raising objections himself, constantly, to the efforts of Mr. Monk, Mr. Casgrain and Mr. Clark to get in evidence. At one point in the afternoon, where he declined to permit the agreement between Dr. Devlin and Mr. Hatch to be put in, though Mr. Monk claimed that it showed an admission over his own signature, by Dr. Devlin, that he knew Hatch was the only person who possessed the secret of making the food tested at Kingston, Dr. Russell felt compelled to say he considered it important evidence and must differ with the chairman. He would vote that it be admitted. This led to the agreement being allowed without division.

Dr. Russell made efforts to show that ordinary food in daily use by healthy people did not contain over seven to ten per cent. of proteid, though the examination in this respect was not carried far enough to show whether the Hatch food was claimed for ordinary diet. It was a concentrated food, the quality of its nutritive properties making up for its lack of quantity. Mr. Hatch had stated that people using food containing only 16 per cent. of proteid would lose flesh. It was only fair to assume this referred to a professedly concentrated food, which was under discussion, while Mr. Russell was questioning as to ordinary articles of diet.

THE AFTERNOON SITTING.

When the committee resumed yesterday afternoon, Mr. Monk moved that Prof. Ruttan, of Montreal, be summoned for today. He had received a telegram from W. M. Ramsay, another witness, that he would be unable to be in Ottawa to-day, but would like to be heard this evening.

Dr. Russell moved to have summoned as witnesses, Mrs. Ellen Mahon, of Montreal; the Hospital Sergt. St. John's, Quebec; and John T. Lyons, druggist, of Montreal.

The examination of Mr. Hatch was resumed as follows:

"When the test was being made at Kingston I was kept informed almost daily as to what was going on. It is something I never heard of, making a proteine biscuit and then grinding it. This would make the food liable to deteriorate and make the powder vary too, in its analysis. I put up my powder in sterilized glass jars hermetically sealed. In the event of damp air reaching the powder, it begins to decompose. The contractor could not have got enough of my food outside my factory. I have been telephoned to from a Montreal printing office to pay a bill for printing labels for vitaline. I refused and they said it was the same thing as my other labels, for the same purpose. I went there and got the original manuscript for this label. It was in Dr. Devlin's handwriting."

The original writing referred to was a label stating that this was 2 1-2 days' rations for one man, one and a half ounces four times a day, with beef tea, light broth or soup. Canadian soldiers have lived 21 to 30 days on this food.

It was resolved to telegraph the Montreal printing office to send up some one who could give evidence as to printing this label.

Witness resumed giving the names of doctors who had used his protose in Montreal.

"So far as I know, the first time in the world that concentrated food has been used to feed soldiers was here at Kingston. The emergency rations in Europe were small quantities of ordinary food."

Mr. Clarke—Did you prepare all the food used at Kingston during the test?

I prepared it all, from day to day, up to the last week when I got James M. Aird to bake for me, as my wrist gave out.

What percentage of proteids was in the food?

Sometimes 75 per cent., sometimes 35 per cent., varying the quantity according to the form it was given. Sometimes it was in the form of bread, sometimes biscuit, sometimes in powder, but arranged so that each man got about the same quantity of proteid each day.

MR. HATCH'S SECRETS.

Dr. Russell—What machinery do you have?

I had about $15 worth in Dr. Devlin's house. It is there yet.

What apparatus have you?

That is my secret; I decline to say how I make it.

I did not ask you how you made it. Where did you get your raw material—in Canada or out of Canada?

It is my interest not to answer where I get my raw material.

After some discussion, the witness replied that he got some in Canada and some outside. He said his name in Austria was Hassez, and he had been a miller and studied, in an institute, food chemistry.

What percentage of proteids has wheat flour?

It varies according to the kind of flour, from 9 to 12 per cent.

What percentage of proteids does wheat bread contain?

Bread of Ogilvy's flour will contain from 11 to 13 per cent.

He was then questioned as to the quantity of proteids in various foods in daily use.

The ordinary mixed diet will then contain from 7 to 9 per cent. of proteids?

Yes; it will vary somewhat according to the food.

That is a diet for an ordinary healthy person?

Yes.

When you double, or more than double the percentage of proteids you reach a danger point?

I cannot say. I have lived 21 days on concentrated food containing 60 per cent.

Have you had any analysis made of your powder?

Yes, in London. It contained 80 per cent. of proteid.

You had no test made before that in Kingston?

No.

Dr. Devlin was the energetic man who pushed the business and introduced you to the capitalist in New York?

Yes.

He was really the man who supplied everything except the secret, if you have one?

No; there was the capitalist.

But Dr. Devlin procured the capitalist?

Yes.

Did you originate the term protose?

No, I protested against the name, preferring the name of proteine, but Mr. Hall, of New York, selected protose. He is the capitalist.

There is a health food company in the United States which makes an article called protose, is there not?

I have protested against their advertising that name in this country.

Did you have any of your powder analyzed in this country before the Kingston test?

No.

How do you know that the material you obtain somewhere in the universe, from which you make your stuff, contains a given per cent. of proteid if you did not analyze it?

I knew when I got 80 per cent from my experience.

You went on faith as to the people you procured it from just as the Government did as to what they got?

CEASED TO BE FRIENDS.

Mr. Britton questioned witness as to the relations between him and Dr. Devlin and he said the business relations had been broken off and the protose company had not yet been formed. The name is registered at Montreal, he doing business under the name of the Hatch Protose Company. He and Dr. Devlin ceased to be good friends on January 15. Before that he and Dr. Devlin established a business to treat people, treated with protose. He (Hatch) had patients now.

He called himself Hatch because people did not find his name, Hassez, easy to pronounce, otherwise he had not changed his name. He had taken legal advice from Mr. Weir, a lawyer in Montreal as to the course to pursue with Dr. Devlin.

Mr. Russell—When you changed your name did you make it known to the consul?

No. I was known as Hatch in England.

Did you ever suggest to Dr. Devlin that you charge the Government $3.50 or $5 a lb?

I don't remmber. We talked of selling it retail for $5. I remember Dr. Devlin coming back and saying that $2.40 was the most we could get.

Do you know the functions of the various organs of the body.

I don't profess to be a medical authority, but I understand diabetes better than many —or certain physicians.

THE HATCH-DEVLIN AGREEMENT.

Mr. Monk—You have been referring to an agreement with Dr. Devlin. Will you produce it?

Witness handed in the document, and Mr. Monk tendered it as evidence.

The Chairman—I don't see what we have to do with the agreement.

Mr. Monk—It is very material and contains the fact that Dr. Devlin knew this man had a secret formula, which he alone possesses, for making a certain food.

The Chairman—Who disputes that this man has a secret? It is of no importance to the committee.

Mr. Monk—Is it no importance that Dr. Devlin knew that the secret for the preparation of this food was possessed only by Mr. Hatch?

The Chairman—It would not be evidence. Dr. Devlin can be examined. If he denied it, then would be time enough to produce the document.

Mr. Monk—Here is a man who has an agreement setting forth important facts relating to this case, and the admissions of Dr. Devlin, and we are not to have it as evidence.

Mr. Russell said if the agreement contained the admission of Dr. Devlin that he knew Mr. Hatch alone possessed the secret for making the food he (Dr. Russel) must differ with the chairman, and say he did consider it evidence. He would vote for its admission.

After a word or two more of discussion, Mr. Britton rather sided with the chairman, and Mr. Campbell thought perhaps it would be as well to admit it.

The Chairman—Very well, then, we will admit it.

NOT ACQUAINTED WITH FORMULA.

The agreement in question is dated February 15, 1899, and is between H. J. Hatch (Hascz) and Frank E. Devlin, of Montreal, on the first, and Hy. J. S. Hall, of New York, of the second part. Hall pays $3,000 to the parties of the first part, for which he gets one-third interest in Hatch's invention. It says that the said Hatch of the first part reserves to himself the secret of the formula until the organization of an incorporated company to be procured by the said party of the second part, when and in which event the entire and true description of the formula and process of manufacture shall be disclosed by the said Hatch in the favour and interest of the said newly-formed company, the party of the second part agreeing to procure the organization of an incorporated company to manufacture and sell said health food, and its products throughout the world.

This agreement is important, as it shows that Devlin was not acquainted with the formula.

SITTING IN THE EVENING.

The evening session was marked by the evidence of Mr. White, Collector of Customs of Montreal, to the effect that there had been a deposit put up by Dr. Devlin to cover the duty on the trunks he had imported from the United States. Part of this deposit had only been paid since he (White) arrived in Ottawa.

Mr. Napoleon Martin, landing waiter at Montreal, remembered seeing the Saratoga trunks containing the Devlin Vitaline. There were six trunks and one package rolled up in paper. They arrived at the Bonaventure station on January 11th, as ordinary baggage. He was in the office to examine the baggage; he did not know the gentleman who had the checks for the baggage, but was told it was Dr. Devlin. He was told by an assistant that the trunks contained food for the second contingent and told him that delivery could not take place without the regulations being complied with. The order for delivery arrived on January 12th from the Collector of Customs.

On the 18th there were four other trunks arrived in the same way. He did not deliver them, but told Dr. Devlin he would have to get an order as before. This was done. Witness did not know who presented the orders for the delivery of the baggage. Did not know when the 900 lbs. arrived, which is at present in warehouse at Montreal. It did not come by the Bonaventure station as baggage.

To Mr. Britton witness said goods were delivered on the order of the collector. He took Dr. Devlin's word as to the contents.

EVIDENCE OF MR. WHITE.

Mr. Robert S. White, Collector of Customs at Montreal, testified that the goods were not delivered free of duty, but on a collector's permit pending entry. Dr. Devlin stated the case was an urgent one, the goods being required at Halifax for the contingent, and asked for an order for delivery. Witness explained to him the necessary procedure and was assured that an order from Ottawa would be forthcoming. There are 900 lbs. at present in warehouse at Montreal. He was never provided with the certificate as promised by Dr. Devlin.

It was neglect on his part (witness's) that the matter had not been looked into before. There was a deposit of $140—a cheque of Dr. Devlin's on the Merchants' Bank of Canada and one upon his broker. The cheques were not accepted cheques. Dr. Devlin represented the goods were imported for the Government. He had something from the Militia Department, could not now say what, which satisfied witness that the goods were for the Government.

In the case of the second lot of goods, Dr. Devlin again made some excuse which led to their being let in without an entry. No entry had yet been made in either case.

Mr. Monk—"When did you receive the cheques?"

"I received one from Dr. Devlin at the Russell House, since I got to Ottawa this evening. The fact is, when my attention was called to this matter through its being brought up in the House, I sent to Dr. Devlin and told him there would have to be a deposit put up till the goods were entered. This morning I found Dr. Devlin had gone to Ottawa, but ascertained a cheque for $80 had been sent for me to Messrs. Eagan & Sons. That cheque is now in Montreal. When I got here this evening, I met Dr. Devlin at the Russell House and asked him for the money. He gave me a cheque for $60, thus making $140 in all. I did not receive any order from any department at Ottawa to let the goods in free."

DEVLIN'S VALUATION OF GOODS.

"Did the $140 cover all the duty on Dr. Devlin's importations?"

"No; only on the 2,000 lbs."

"Who valued the goods?"

Dr. Devlin valued them at 30 cents a pound."

"When did the 900 lbs. come in?"

"It was a portion of the contents of the six trunks. Last Saturday I learned from Dr. Devlin that he had 900 lbs. in his house which had not been furnished to the Government. I at once sent a carter for it, and it is entered in the warehouse, where it now is."

"Did you ascertain where it came from?"

"It came from the United States."

New York.

I don't know; Dr. Devlin did not say.

Mr. Monk said the committee understood they were to have a bag of this stuff sent up. He would now like Mr. White instructed to send a bag up.

The chairman was not sure they had a right to do this.

Mr. Monk said surely the committee were all powerful.

The chairman said the committee had no right to impound anything.

Mr. Monk said surely the committee had as much right to get at this stuff as to impound correspondence belonging to private parties, as they had.

The chairman said the witnesses had been willing to give the letters.

Mr. Monk moved that the Collector of Customs be directed to get one bag of the stuff in his custody and bring it up to the committee.

The chairman did not see what they wanted to waste time over this stuff.

Mr. Monk said that would be seen when they got the stuff. He asked Mr. White to seal up the package so it could be opened here; so manage the affair that it would not be opened until it reached the committee. To send up a trunk.

Mr. White left with the understanding he would do this. He said no one could get the goods out of warehouse without his order.

LAST WITNESS HEARD.

Mr. W. Besserer testified he was an agent of food products. He went to the Militia Department when the first contingent was sent to the Yukon and again when the troops were being sent to Africa. "I wanted to sell emergency rations which have been tested by the world. I offered them at a moderate price, $4.10 per dozen. They weighed six pounds to the dozen. These prices are the prices all over the world for our goods, goods such as supplied to the British army."

The chairman did not think they were to go into the value of various goods.

Mr. Monk said it was charged that undue haste had been used, and surely it was fair to show that first-class, well known food had been offered.

The chairman—Oh, well, go on. I am not objecting.

Witness—The offer was refused as the food was being supplied by the steamship I have supplied this emergency food to the geological department at the same price and never had any complaint.

The committee adjourned till this morning.

SUCCEEDS M'INNES.

Sir Henri Joly de Lotbiniere Will be the Next Lt-Governor of British Columbia.

SKETCH OF HIS CAREER.

Understood That Mr. Carroll Will Become the Next Minister of Inland Revenue.

(Special to the Star.)

OTTAWA, June 21.—Lieut.-Governor McInnes has not yet resigned and it is understood does not intend to. As a consequence the Government will have to advise His Excellency to dismiss him. This may take a day or two but probably the end of the week will see the end of Mr. McInnes' regime. Meantime the appointment of Sir Henri Joly de Lotbiniere has virtually been made although it cannot be officially made until the position is vacant. The Lieut.-Governorship has been offered to Sir Henri and accepted by him and he has practically ceased to administer his department. It is understood that Mr. Carroll, of Kamouraska, will succeed Sir Henri at the Inland Revenue Department.

MR. McINNES' CAREER.

Thomas Robert McInnes, M. D., is a Nova Scotia man, 60 years of age next November. He went to school in Truro, then studied medicine at Harvard and Rush College, Chicago, at which latter place he graduated as a doctor in 1869. He settled in Dresden, Ont., where he practiced medicine for some years.

In 1874 he moved to British Columbia, and was soon Mayor of New Westminster. In 1878 he was elected to parliament for that constituency as an independent, but only remained in the Commons three years, being appointed a Senator in 1881. There he gravitated towards the Liberal party, with which he has been identified for the last fifteen years. He is a Presbyterian.

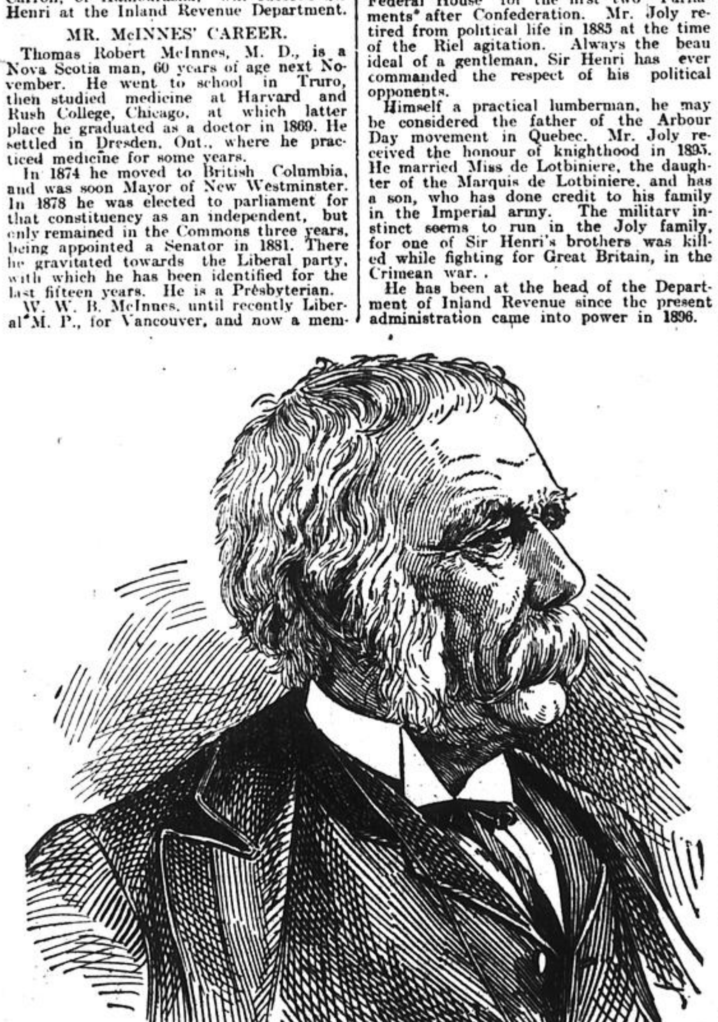
W. W. B. McInnes, until recently Liberal M. P., for Vancouver, and now a member of the British Columbia legislature, is his son.

SIR HENRI JOLY DE LOTBINIERE.

The new Lt.-Governor of British Columbia requires no introduction to the people of Montreal. The son of one of Quebec's most distinguished citizens, Mr. Joly was, from the first, destined for a public life. He was born in Lotbiniere, in 1832, and was educated in Paris and Geneva, Switzerland. Upon his return to Canada he entered upon the practice of law, and soon gained a favourable reputation for himself. Early in life he began a political career, being elected to Parliament in 1863 for Lotbiniere county, a seat which he held until Confederation and subsequently in the Quebec Legislature until 1878 when he retired temporarily from political life. Within that period were contained probably the most exciting times that Quebec has ever seen. Upon the dismissal of the DeBoucherville administration by Lieut.-Governor Letellier de St. Just, Mr. Joly was called upon to form a ministry. He succeeded in doing so, but for the whole of one session he had only a majority of one and that was the casting vote of the Speaker. However, in the following session, things changed for the better. The Joly Government had then a majority of four, and then in 1879 ensued the famous vote in which Messrs. Flynn, Paquet, Racicot, Caron, and another changed over to the Conservative side and inaugurated the Chapleau regime. Mr. Joly was one of the ten Liberals elected to the Legislature in 1867 and, besides, occupied a seat in the Federal House for the first two Parliaments after Confederation. Mr. Joly retired from political life in 1885 at the time of the Riel agitation. Always the beau ideal of a gentleman, Sir Henri has ever commanded the respect of his political opponents.

Himself a practical lumberman, he may be considered the father of the Arbour Day movement in Quebec. Mr. Joly received the honour of knighthood in 1895. He married Miss de Lotbiniere, the daughter of the Marquis de Lotbiniere, and has a son, who has done credit to his family in the Imperial army. The military instinct seems to run in the Joly family, for one of Sir Henri's brothers was killed while fighting for Great Britain, in the Crimean war.

He has been at the head of the Department of Inland Revenue since the present administration came into power in 1896.



SIR HENRY JOLY DE LOTBINIERE,
Who Will be the Next Lt.-Governor of British Columbia.

THEIR DIFFERENCES FORGOTTEN

(Special to the Star.)

QUEBEC, June 21.—The St. Jean Baptiste societies of Quebec and St. Sauveur have at last sunk the differences that divided them for years, and will, on the coming anniversary of their patron saint, join forces in a grand and probably unprecedented observance of the day. There will be no allegorical cars in the procession which will be held, but it will be a huge one, and will parade through all the city's principal streets, calling en route at the Parliament Buildings and City Hall. In the afternoon there is to be a big programme of sports on the exhibition grounds, and in the evening there will be no less than three open air band concerts, on the Terrace, and at the Boulevard Langelier and Victoria Park. All this takes place on Monday, June 25th. Sunday being observed by a grand mass and an open air concert on the Terrace, given by the band of the 65th Battalion, of Montreal, and the presence of this crack French-Canadian corps will lend eclat to the whole celebration, and its visit is eagerly looked forward to.

IRISH NATIONAL CONVENTION.

Factional Differences Seem to be Forgotten.

DUBLIN, June 21.—The Irish National Convention, which closed here yesterday, was one of the most representative ever held, delegates representing three hundred public bodies in Ireland and Great Britain being in attendance. There were also present several hundred clergymen and about sixty members of the Irish Parliamentary party, including many Healyites. John E. Redmond, M.P., presided. In an eloquent address he urged the conciliation of all Irishmen. He was followed by Messrs. James F. X. O'Brien, M.P., and T. Harrington, M.P., treasurers of the party, O'Connor, Condon and other members of the party, who likewise urged that the dead past be buried, while John Dillon, M.P., seconded the nomination of Redmond for presiding officer. The United Irish League adopted the national organization's constitution, providing for the election of delegates and ex-officio members.

Mr. Redmond said that the spirit displayed in the convention was wonderful. He looked upon the convention, he said, as the greatest gathering in Irish history, with the unification of the country assured and a revival of the Irish movement surpassing that of the Land League. He said further that he believed the result of the proceedings would be shown in the immediate future, and would work to the advantage of the country. He spoke in praise of Healy's support, and his unrivalled Parliamentary abilities. William O'Brien expressed sentiments similar to Redmond. The fraternity among the delegates was quite general, and all welcomed the peace which has apparently come at last. Archbishops Croke, of Cashel, and Walsh, of Dublin, and other prelates bade the delegates godspeed in their efforts to bring about harmony of action and unity of all parties in Ireland.

WEST INDIES STEAMSHIPS.

(Special to the Star.)

OTTAWA, June 21. — The fortnightly steamship service between Halifax and St. John and the West Indies begins on July 7. The steamship company proposes to make the voyage every alternate week between Halifax and Trinidad in twelve days, but the Department of Trade and Commerce insists that the time must be cut down to eleven days.

CONSERVATIVE NOMINATION.

ARTHUR, Ont., June 21.—The largest Conservative convention ever held in North Wellington met at Arthur yesterday, and on the third ballot nominated Edwin Tolton, reeve of Clifford, as the candidate to oppose James McMullen, M.P. Nicholas Flood Davin, M.P., was present, and made an address.

MR. BOOTH'S INSURANCE.

(Special to the Star.)

OTTAWA, June 21.—The insurance losses in connection with Mr. J. R. Booth's lumber destroyed in the recent fire have been fixed. He will receive $202,500 to cover his lumber losses. A conservative estimate places Mr. Booth's total loss on all his property destroyed at $350,000 over and above insurance. The lumber losses are divided as follow among the various companies:

Alliance, $24,500; British America, $10,000; Commercial Union, $15,000; Globe and Rutgers, $5000; Guardian, $10,000; Insurance Company of Pennsylvania, $2500; Lancashire, $5000; Liverpool, London and Globe, $20,000; London and Lancashire, $5000; London Assurance Company, $5000; North British and Mercantile, $30,500; Norwich Union, $15,000; North America, $500; Phoenix of London, $5000; Queen's, $20,000; Royal, $5000; Scottish Union and National, $5000; Sun, $5000; Union, $5000; Victoria, Montreal, $5000; total, $202,500.

Lieut. Morrison, of D Battery, writes from De Aar: "Miss Horne and Miss Richardson, two of the nurses who came out with us on the Laurentian, have been very ill with fever at Bloemfontein, but are recovering. The Canadian nurses have been doing splendid work, and as there are 4000 patients in the hospital there they have been very busy. Miss Macdonald and Miss Hurcomb have 46 patients under their charge. The mortality among the nursing staff has been quite heavy already, and many are ill."

The second ball of the hot weather season recently given by Their Excellencies Lord and Lady Northcote at Government House, Mahableshwar, India, was quite as brilliant as the first, and even more crowded. The beautiful grounds of Government House were turned into fairyland by innumerable red, blue and green glass lamps. Large tents, furnished like drawing rooms, were arranged for sitting out. The Governor's band played a good selection, and supper was served in the large verandah. Many of the toilettes were very beautiful. Lady Northcote wore black with splendid diamonds, and pearl chains. The floor of Government House was in excellent condition, and dancing was kept up until a late hour.

The marriage of Miss Margaret E. Daly, daughter of Mr. Wm. Daly, 16 Phillips place, to Dr. W. P.
