RUSSIA, ANGERED AT NEUTRALITY PLAN DELAY, TO IGNORE ACCORD

Denunciation of Agreement Expected to Be Based on Assertion Public Opinion Can No Longer Tolerate "Disgraceful Situation" whereby Fascist Nations Are Allegedly Violating Pact—Considered Unlikely that Kremlin Will Order Military Assistance to Madrid Socialist Government.

Moscow, October 19.—Russia, angered over delay in application of practical measures to enforce neutrality in the Spanish civil war, is determined to withdraw from the non-intervention accord, informed sources declared today.

Soviet denunciation of the "Hands-Off-Spain" agreement signed by twenty-seven European nations, will be based on the assertion public opinion can no longer tolerate the "disgraceful situation" which now exists, these sources asserted.

The Kremlin has made up its mind on the withdrawal, it was reported, and may announce its decision today or tomorrow.

Statements in authoritative Russian newspapers made it plain Russia desires to break up the agreement so that nations friendly to the Madrid Government will not be bound by the pact.

The Soviet had made a series of attempts to force the neutrality committee in London into action to prevent alleged aid by Fascist countries to Spanish insurgents. Russia has charged Italy, Germany and Portugal with furnishing arms to Spanish Fascists but the committee declined to act until those three governments had an opportunity to reply to the accusations.

Diplomatic circles in the Russian capital considered it unlikely—despite previous Soviet intimations—the Kremlin would order military assistance sent to the Madrid Socialist Government.

Observers saw in the Russian diplomatic manoeuvre an effort to force Great Britain and France to unite against Fascist advances in Europe. The Soviet effort was described in some circles as playing directly into the hands of Italian and German threats to despatch help openly to the Spanish Fascists.

Some sources characterized the campaign as an attempt to bolster Communism in world opinion and particularly in certain countries where its influence was reported waning.

MADRID FOOD SUPPLIES SEVERED BY INSURGENTS

Salamanca, Spain, October 19.—Mortized columns of Fascist troops, pushing north from Illescas, occupied strong positions within twenty miles of Madrid today.

The spearhead of the Fascist attack on the besieged capital was aimed at Casarrubuelos, about fifteen miles from the city, where the main highway leading from Toledo.

Reinforced infantry units, aided by artillery and airplanes, pushed ahead after occupying Illescas, twenty-two miles south of Madrid.

The operation, Fascist sources declared, gave the attackers a solid line running irregularly from El Alamo, four miles from Navalcarnero, to a point approximately eight miles west of the important centre of Aranjuez, west of Toledo.

Insurgent forces advancing on the capital in the northern sector reported to have begun a new drive toward El Escorial, in the north, and Navalcarnero, on the main Maqueda-Madrid highway.

East of the Toledo front, insurgent gunners bombarded the Madrid-Valencia railroad to maintain isolation of the capital, whose rail connections with the eastern coast were severed Saturday.

Traffic was suspended on the line, blocking shipments of food and supplies from Government-controlled territory southeast of Madrid.

CLAIM CAPITAL ALMOST IMPREGNABLE TO REBELS

Madrid, Oct. 19.—Desperate in the face of approaching Fascist armies, the Socialist Government today massed strong force at Torrejon in the Cañada, sixteen miles south of the capital.

Gen. Jose Asensio, commander of Government forces, ordered military units defending the Toledo-Madrid highway to take up strong positions near Parla, a small settlement north of Torrejon.

Fascist commanders declared their forces were sweeping northward under artillery and aviation protection after occupying the strategic town of Illescas, twenty-two miles from the capital.

On the western front, Socialist troops entrenched at Brunete in preparation for an expected insurgent drive eastward from Chapineria.

North and west of the capital, other Government forces awaited an

THE WEATHER

PROBABLY LIGHT SCATTERED SHOWERS.

Pressure is low on the Labrador coast and a moderate depression, moving southeastward from northwest Ontario, has a trough of low extending southward to the immediate west of the Great Lakes, while high pressure and cold weather covers northwestern Canada. Showers have occurred in many parts of eastern Canada with light snow in some districts of Quebec and Ontario. Light showers or snowflurries have occurred in Alberta though it has been generally fair in the West.

Forecast: Partly cloudy and cool today and Tuesday; probably light scattered showers.

Northern New England: Cloudy tonight, possibly followed by light showers Tuesday; slightly warmer.

BELGIUM HAS NO INTENTION OF BECOMING "SECOND ETHIOPIA"

Brussels, Oct. 19.—Belgium today served notice on its powerful European neighbors that it was willing to participate in a new Locarno, but had no intention of becoming a "Second Ethiopia" through failure of collective security.

Speaking on Belgium's recently-announced return to its pre-war neutrality status, Foreign Minister Paul-Henri Spaak declared last night the nation could not afford to rest its foreign policy upon the theory of collective security and mutual assistance.

"Remember Ethiopia, which believed it could be saved by basing its defence on the policy of collective security," the Foreign Minister told the Brussels Federation of the Belgian Workers Party. "Collective security and mutual assistance are to be encouraged, but it must be realized that they are still fragmentary."

"Belgium, in the present state of affairs, remains faithful to its obligations," he asserted, "and we have only indicated the trend from which a new western pact must be established to replace Locarno."

TWELVE DROWNED

Sydney, Australia, Oct. 19.—Twelve persons were drowned and two saved when a sailing vessel sank in the Hawkesbury river today.

LIGHT SHOCKS CAUSING FRESH APPREHENSION

Executives of Broadcasting System Declare Rejection of Republican Broadcast Holding "Phantom Debate" with Roosevelt Is Standard Network Practice.

Chicago, Oct. 19.—Denying a Republican National Committee contention that "free speech" had been jeopardized, Columbia Broadcasting System officials maintained today that established policy would not permit broadcast over their chain of Senator Arthur H. Vandenberg's interrupted "debate" with the recorded voice of President Roosevelt.

In what Executive Vice-President Edward Klauber described as "a sudden and hurried decision" by the Chicago office on Saturday night, the broadcast went on over part of the network, particularly western outlets, while some eastern United States stations were cut off the chain.

The broadcast came two minutes after system officials, learning that a photograph would be employed to reproduce President Roosevelt's voice, was announced, the chain would not carry the programme at all.

To a demand by Hill Blackett, director of the Republican National Committee's public relations division, for a free rebroadcast, Klauber replied:

"We will neither give time nor sell time to the Republican party to broadcast a programme in which the President's voice, or any person's voice, is reproduced on a photograph record or simulated by an actor."

That, he declared, was "standard network practice," asserting: "There is no issue of free speech here."

COURT MOURNING ENDS WEDNESDAY

London, Oct. 19.—Court mourning ends Wednesday, October 21. It has been in effect for nine months since the death of King George V.

Members of the Royal Family after that date probably will be seen at dances and theatres. The black-edged notepaper used at the Palace and also used by Government and dominion offices also will be discarded.

EPIDEMIC FEAR ACCENTUATING BOMBAY DANGER

Accumulated Refuse on Streets Forms Serious Menace to Health as Garbage Collectors Refuse to Work Owing to Hindu-Moslem Clashes.

Bombay, India, Oct. 19.—Danger of an epidemic added to the fears of the populace today as troops patrolled streets in trucks to prevent fresh outbreaks of Hindu-Moslem rioting, casualties of which mounted to fifty killed and 490 injured.

Garbage collectors refused to go into the streets, scene of disorders for the past four days, and pavements were deep with refuse—a serious menace to health in the warm Indian climate.

The clashes began Thursday during construction of a Hindu place of worship near a Moslem mosque and spread rapidly. Mill owners kept their establishments open to lessen disorders by keeping workers occupied.

Police yesterday rounded up three hundred persons listed as "bad characters" and planned to establish special jails since all in the city were crowded.

Canada's Representatives Abroad

During the past few months, Canada has been maintaining a small army of diplomatic representatives at a number of important international conferences being held in Europe. Five of these are shown in the above picture, the delegates reading from left to right being: Dr. W. A. Riddell, Canada's permanent delegate to the League of Nations; Dr. O. D. Skelton, Undersecretary of State for Foreign Affairs; Col. C. P. Vanier, adviser in the State Department; Paul Martin, M.P., for Essex East, who attended the Youth Conference, and Senator Raoul Dandurand.

NINETEEN BODIES TODAY HELD IN GRIP OF TREACHEROUS LAKE ERIE

Only Seven Members of Crew of Canadian Sand-Sucker Rescued After Harrowing Night—Death and Suffering Came without Warning—For Ten Hours Survivors Watched Unseeing Ships Pass Them—Marks Second Major Great Lakes Tragedy of Season.

Cleveland, Oct. 19.—Treacherous waters of Lake Erie today held the bodies of eighteen men and one woman, victims of a fifty-mile gale which overturned and sank the 252-foot Canadian sand-sucker, Sand Merchant, in the second major disaster of the 1936 Great Lakes season.

Of twenty-six Canadians aboard, only seven remained today to tell how a majority of their bumbled companions dropped off, one by one, from the two capsized lifeboats to which they clung through a night of peril. For ten hours they watched unseeing ships pass. Then daylight brought their rescue five miles off Cleveland.

One of the seven rescued was Graham MacLellan, thirty-nine-year-old captain of the stricken ship. Another was Herman Dault, crane operator, who lost two brothers—the second just thirty minutes before the rescue yesterday morning.

"It was the most terrible night that you could possibly imagine," said Captain MacLellan, his eyes bloodshot, his face haggard.

"I owe my life to Dault and John L. Idem, the three of us left of the seven survivors, four on the one overturned lifeboat and three on the other, were rescued by the freighter Thunder Bay Quarries and the car ferry Bessemer and Marquette No. 1.

The list announced by Payne was: Bernard Drinkwater, first mate, Port Stanley, Ont., and Mrs. Lillian Drinkwater, his wife.

John Bourrie, second mate, and Daniel Bourrie, wheelman, brothers, of Victoria Harbor, Ont.

Amos Dault, wheelman, and Joseph Dault, pump engineer, of Victoria Harbor, brothers of Herman Dault, crane operator, who was one of the seven saved.

Walter McGinness, chief engineer, Bay du Vin Beach, N.B. Sanford Gray, third engineer, Victoria Harbor.

Nicholas McCarthy, oiler, Sydney, N.S. Roland de Mille, oiler, Rexton, N.B. Harold Cannon, fireman, Cape Tormentine, N.B.

Peter Daigle, fireman, Rexton. Henry Lytle, first cook, Toronto. Frank Burns, second cook, Toronto. William Grant, pump engineer, Thorold, Ont.

R. Harper, fireman, address unknown. Pierrault (first name unknown), Windsor. Harry White, deckhand, Cape Breton, N.S., son of the second engineer, who was rescued.

Alphonse Robitaille, Midland, Ont., brother-in-law of Second Mate Bourrie.

The rescued were: Capt. MacLellan, Cape Tormentine, N.B. Herman Dault, crane operator, Victoria Harbor, Ont.

Martin White, second engineer, Cape Breton, N.S. William J. Gifford, crane operator, New Castle, N.B. Fred Morse, crane operator, East Windsor, Ont.

Jack Meuse, deck engineer, Yorkmouth, N.S. John L. Ideson, deckhand, Fort William, Ont.

OF CREW DEAD IN SHIP FIRE

Italian Liner Reaches Palermo with Eleven Hundred Anxious Passengers Following Two-Hour Fire in Third Class Quarters.

Palermo, Sicily, Oct. 19.—Death of four persons in a fire aboard the luxurious motorship Vulcania was disclosed today when the vessel reached port, her third-class quarters charred by a menacing two-hour fire.

All of the victims were members of the crew.

An orchestra player leaped overboard during the height of the blaze which caused an S.O.S. and sent 1,100 anxious passengers to the decks. He was drowned.

Two stewards were burned to death helping to fight the fire and another was asphyxiated in his cabin.

The blaze was controlled just as two fireboats and other craft reached the side of the luxury liner, lying approximately forty-five miles off Naples.

The fire broke out in the third-class passengers' quarters at approximately seven a.m. The Vulcania broadcast an S.O.S. call, stating there was a "serious fire" aboard.

Half a dozen ships from Naples and Palermo put out toward the liner while the entire crew of the Vulcania manned fire-fighting apparatus, making little headway at first.

Passengers all over the ship were called to the decks.

The crew managed to confine the fire to the third-class section until the fireboats arrived, controlling it just as the rescue craft were in sight.

Later, the Vulcania wireless she would require no further assistance.

The boats which went to the assistance of the Vulcania included several fireboats.

The City of Palermo was dispatched to the scene when the S.O.S. came. They were hurried off and the boat quickly turned around to speed to the Vulcania.

The Vulcania carried a heavy cargo in addition to the passengers and crew. New engines were recently installed so that the vessel might make the trip between Naples and New York in nine days.

News of the ship's distress caused great excitement in Naples, where hundreds of people gathered at the docks.

The Vulcania, a twin-screw motorship of 23,970 gross tons, is operated by the Italian Line. It was constructed at Monfalcone and launched December 19, 1925, by Princess Maria of Italy.

PORTUGUESE GOVERNMENT TO PILLORY OPPOSITION

Lisbon, Oct. 19.—Creation of a "Special Disciplinary Corp" for young men suspected of anti-government tendencies was announced by the Portuguese Government today.

Members of the special corps, the Minister of War declared, will receive military training to avoid their mingling with those with true national ideals.

The corps will be provided with uniforms of a special color so that "everybody will know they are partisans against the national policies," the Minister declared.

Members of the unit will not be allowed officers' commissions and will be barred from the professions and civil service posts.

QUEBEC AND ONTARIO PLAN JOINT ACTION TO DEVELOP RESOURCES

Greater Uniformity Concerning Wages and Working Conditions in Timber and Pulpwood Industries Expected to Follow Week-End Conference Between Premiers Hepburn and Duplessis—Problems of Mining Development to Be Taken Up at Another Parley within Two Weeks—Dominion and Province Agree on Farm Labor Plan.

Toronto, October 19.—The development of natural resources of Ontario and Quebec through co-ordination of the Lands and Forest departments of the two provinces was forecast here today following the Montreal conference between Premier Hepburn and Premier Duplessis.

Timber and pulpwood formed the chief topic of the discussion in Montreal on Saturday, and mining problems of the two provinces will be discussed at another meeting within the next few weeks, Premier Hepburn said here last night on his return.

Departmental experts will join in the new conference to aid in solving problems of detail in the proposed agreements.

Greater uniformity concerning wages and labor conditions in the timber industry of the two provinces will be sought, with the two governments proposing greater co-ordination regarding cutting operations and forestry conservation, the Premier said.

"Both governments are going to make every effort to administer our natural resources in a way that will be of most benefit both from the point of view of employment and revenue for the treasury," he said.

"As soon as the special session of the Quebec Legislature is concluded, we propose to meet again. At that meeting there will be all the officers of the various departments of both governments to discuss our mutual problems."

"We are going to co-ordinate the entire administration of our Lands and Forests departments, and there will be uniformity in regard to policies and administration. We have also agreed to extend the share of our operations in regard to our natural resources."

The Premier said United States newspaper importers and paper mills were curtailing their imports from Scandinavian countries due to the disturbed state of Europe and were turning to Canada to assure themselves of a supply.

"These people contract a year or two in advance and are now fearful of what may happen, and as a result they are coming to Canada," he stated.

Hon. Peter Heenan, Ontario Minister of Lands and Forests, and Hon. Oscar Drouin, Quebec Minister of Lands and Forest, attended Saturday's conference.

Premier Hepburn said it was also decided during his talk with Premier Duplessis that the two provinces intend to continue their agreement whereby municipalities are prohibited to bid competitively for industries by offering tax exemptions.

Montreal, Oct. 19.—The Province of Quebec is now beset by all-embracing problems, all-embracing but not discouraging, whose complications must be solved, Premier Maurice Duplessis declared here Saturday night. In extending the palm of peace to the Liberal party members and inviting them in effect to join hands with the present Government for the greater glory of the Province, Mr. Duplessis said: "A solution must and will be found, not for the advantage of any party or any government, but in the best interest of the Province of Quebec as a whole."

"To do that we need the co-operation and collaboration of our adversaries of yesterday, as well as of all those who place the public interest above their own. There can be no justice unless all classes of society and all activities in the Province of Quebec give us their hands."

The Prime Minister reiterated that he was seeking co-operation, not from any ulterior motive involving the advantage of his Government, "but to make this province the only territory we French-Canadians can call our own—the most noble, the most prosperous and the happiest in the entire universe."

Quebec, October 19.—Joint action between the Dominion and Quebec governments in the matter of absorbing farm laborers has been tentatively decided upon as the result of a conference between Humphrey Mitchell, of the Dominion Department of Labor, and Quebec officials held over the week-end.

Under this basis any farmer in the Province of Quebec who requires a farm hand can secure one if he is ready to board and lodge the man, and the federal and provincial governments will pay the man in question \$12.50 per month, the amount to be split equally between the two governments.

The arrangement on both sides is merely tentative since it is Please Turn to Page 2, Col. 1.

ITALIANS TAKE 'MASS REVENGE' ON ETHIOPIANS

Airplane Expedition Kills Large Number of Irregulars Believed Responsible for Ambushing and Murder of Thirteen Italian Aviators Last July.

Addis Ababa, Oct. 19.—Italy today completed a "mass reprisal" against Ethiopian irregulars who last July ambushed and killed thirty Fascist aviators in western Wallega province.

Thirty Italian bombing and transport planes, carrying five hundred men armed with rifles and machine guns, landed at Lekkenti, dispatches to Addis Ababa reported, and engaged irregular troops in a fierce battle during which the natives suffered heavy casualties.

Swooping down on the surprised Ethiopians, the Blackshirts scattered Emperor Haile Selassie's former soldiers and joined forces with local warriors sympathetic to the Italians.

The combined expedition sought out the Ethiopians believed responsible for the July slayings and attacked them with bombs and machine guns. The irregular forces were scattered, leaving dead and

wounded behind in their flight to escape.

The Italians landed on the spot near Lekkenti where last July 8 three bombing planes put down under the command of Gen. Vinezio Magliocco.

At that time, Ethiopian irregulars attacked the Fascists from ambush, scattered members of the reconnaissance expedition and killed General Magliocco, Col. Carlo Calderini, Major Antonio Locatelli, noted trainee, and other pilots and mechanics.

THETFORD MAN WAS FETED BY MANY FRIENDS

Surprise Party Tendered Joseph M. Johnston, Oldest Living Veteran of Thetford Mines Asbestos Industry, on Occasion of Seventieth Birthday.

Thetford Mines, Oct. 19.—The esteem in which Joseph M. Johnston is held in the community was manifest on Friday, October 9, when forty local citizens gathered to honor the oldest living veteran of the local asbestos industry on the occasion of his seventieth birthday. The surprise party was staged at the home of his eldest son, Thomas Johnstons, where the guest of honor and his family had assembled for a birthday dinner.

The guests gathered at the home of Lee Pharo and proceeded to the Johnston home where the venerable gentleman, who came to Black Lake fifty-four years ago and has lived either there or in Thetford Mines ever since, was completely taken by surprise. On behalf of the assembled company, Rev. M. H. W. Sealey read an address and presented Mr. Johnston with the purse of money to which his many friends had contributed.

The text of the address follows: "Dear Joe:

"On this occasion of your birthday we, your friends of Thetford Mines, Black Lake and Sherbrooke, unite in wishing you many happy returns, hoping that each year may bring you happiness and that your troubles may be few.

"There is an old saying that 'In order to make friends, you must be a friend.' That you have always been, always ready to lend a helping hand both in prosperity and trouble.

"We hereby take great pleasure in tendering you this small token of our friendship and esteem, hoping that you may live to enjoy many more years of happiness with your dear wife and family."

The address bore the signatures of all the assembled guests, included among whom were Mr. Johnston's sister, Mrs. M. L. Turner, of Ashville, N.C., wife of the former Rev. M. L. Turner; eight of his children and two of his grandchildren.

Born at Staten Island, N.Y., seventy years ago, Mr. Johnston and his family moved to Canada while he was still a boy. At an early age he was engaged in the lumber business and since that time has been an active associate of mining in the district. Mr. Johnston, the last of the old-timers, came to this district before the Quebec Central Railway was laid and at the time when this community was not developed. During the passing years he has played a prominent role in the progress achieved by both Black Lake and Thetford Mines.

The guests included Mr. and Mrs. David Wilson and Mrs. Sarah Somers, of Sherbrooke; Mr. and Mrs. William Harvey; Mr. and Mrs. Paul Hamerick; Mrs. Albion Ward, Miss Bertha Hamerick, Mr. and Mrs. Haseltine and Mr. Sam Johnston, of Black Lake; Mr. and Mrs. Melvin Hill, of East Broughton; Mr. and Mrs. Lee Pharo, Mr. and Mrs. V. SHERBROOKE, MONDAY, OCTOBER 19, 1936.

Judge Forest Rebuked.

Mr. Justice Forest, a Superior Court judge in Montreal who has won considerable notoriety in recent months for the ease in which he dissolves mixed marriages on the slightest pretext, has been administered a stinging rebuke by Rev. Augusto Borsani, an Italian Protestant pastor, whose marriage ceremonies seem to have drawn the ire of the judge in question.

Mr. Borsani's outburst resulted from a case in which the marriage of a Roman Catholic man to a Protestant woman was annulled on a varying set of grounds, including, first that it was performed by a Protestant minister; secondly, that the bridegroom was supposedly intoxicated; thirdly, that the marriage licence was not legally obtained, and, fourthly, that the ceremony had been performed clandestinely.

After disposing of the second, third and fourth charges by giving the lie direct, the pastor concentrated his attack on the first argument, citing the case of a Privy Council decision in which that body had ruled that regardless of Canon Law the marriage of a Roman Catholic and a Protestant, or even of two Roman Catholics, performed by a Protestant minister was valid. Although admitting the existence of this ruling, Judge Forest has openly flouted it, declaring that he preferred to establish a jurisprudence of his own.

The point by Mr. Borsani is well-taken and it is time that the responsible authorities intervene to see that the law of the land is observed and to determine when a couple is or is not married. Too long has the matter been left to the whim or fancy of some individual judge.

Belgium And Neutrality.

Belgium's sudden but not wholly unexpected action in rejecting all foreign entanglements and proclaiming a policy of strictest neutrality can be traced directly to the actions of the country which expresses the greatest concern over the move—France. The move by Belgium smoothes the cherished hope of France for the reconstruction of a system of collective security to replace the Locarno agreements shattered by German re-occupation of the Rhineland.

But if collective security in Europe is dead, its death can be laid to French intrigue and the refusal of that nation to fulfill its obligations under the League of Nations' Covenant at the time of the Italian invasion of Ethiopia. When Great Britain sought to apply economic sanctions against Italy for its unwarranted aggression, France dilly-dallied through short-sighted self-interest, seeking to play both ends against the middle, hoping to save its face and at the same time keep the friendship of Mussolini, trying to eat its cake and have it too. When sanctions were finally applied, French co-operation was so lukewarm that the blockade was virtually ineffective.

Seeing Mussolini openly flouting all agreements with virtually no one to tell him "nay," Hitler decided that the time was ripe to carry out some of his own ideas. Then France sought to have the system of collective security made effective, but the time when it could have been of real use had passed.

Now little Belgium, whose principal security in days gone by has been the oft-violated pledges of the major powers, has decided that the time has come to look after itself as best it can rather than trust to promises of support, which may or may not be forthcoming from its larger neighbors. This decision must have been made reluctantly and only after all its implications in the European situation had been studied.

Anniversaries That Merit Recognition.

The suggestion advanced by J. W. McKee, one of Sherbrooke's outstanding public-spirited citizens, that fitting recognition be paid during the coming year to three outstanding anniversaries in Sherbrooke's long and illustrious history are worthy of serious consideration.

In a letter appearing in today's "Letters to the Editor," Mr. McKee calls attention to the fact that 1937 will mark the one hundredth anniversary of the incorporation of Sherbrooke as a town, the one hundredth anniversary of Sherbrooke assuming the status of an industrial center and, thirdly, the centenary of the founding of the old Sherbrooke Gazette, which was later to be merged with the Sherbrooke Record.

Mr. McKee suggests that public meetings be

called and that the citizens lose no time in arranging a suitable celebration for this triple anniversary.

Coaticook and other centres have held successful "Old Home Weeks" or similar events, the Coaticook centenary being a pronounced success in every respect.

Sherbrooke, as the metropolis of the Eastern Townships, should take advantage of this golden opportunity. The City Council, the Chamber of Commerce and other representative and influential organizations should get together without delay and arrange for a suitable anniversary celebration.

What Editors Say

"CANADA'S POSITION IN THE BRITISH EMPIRE."

Toronto Mail and Empire.
"If freedom were banished from the earth, it would find a resting place in every British heart. Britons never shall be slaves." In these words Dr. Frank S. Morley, of St. Catharines, concluded his address on "Canada's Position in the British Empire" at the Empire Club recently. Tracing the development of responsible government since the Canada Act, the history of Confederation and the growth of the spirit of autonomy, the speaker noted that the advocates of national status never contemplated severance in any respect of Canada from the British Commonwealth of Nations. Nor did they have isolation as their objective.

No leaders of the two political parties, Macdonald, Laurier, Borden, or their successors, for a moment entertained the idea suggested in some quarters that this country could obtain protection under the Monroe Doctrine. As member of the British Commonwealth of Nations, and a land enjoying British freedom, the Dominion should undertake the responsibilities that freedom brings and do its full share as a nation of the Commonwealth, in peace and in war. The problem of defence should be disposed of in full realization that Canada is an autonomous member of the British Commonwealth, with a full share of responsibility for its own and the Empire's safety.

PROSPEROUS BRITAIN.

The Argonaut.
We do not profess to know what has produced this new English prosperity, and we should like to know, for it is probable that America would do well to follow in her footsteps. It is something to know that it has not been brought about by any sort of Rooseveltian philosophy.

"We shall muddle through somehow," Lord Salisbury once said in a moment when Great Britain was experiencing a crisis, and it is true that England has always "muddled through somehow," whenever she has experienced one without any sort of New or Raw Deal. Herbert Spencer said one time that "Whenever a statesman does not know what to do it is best for him to do nothing," and the tendency amongst British statesmen has been to do nothing in such circumstances.

The wise doctor, when he has a case which he does not understand very well, adopts the same policy. He does not dose his patient with drugs which may have the opposite effect on the one desired. He lets nature have her way, hoping that she will pursue what needs to be done, and will do it.

Our doctors of economics should pursue the same policy. There are laws of economics as well as laws of physics, and, as a rule, we are well-advised to let them operate without hindrance.

MULTIPLYING SAFETY.

Chicago Journal of Commerce.
Barney Oldfield, dean of American race drivers, presents the formula for safe driving: When your speedometer goes to 50, think of 55 feet. This is how far the car will travel after you decide to stop, before your foot can touch the brake pedal. When the speedometer says 40, think of 44 feet; if 30, think of 33 feet, and so on. Experts call this the "reaction distance." To find out how much room you need to stop safely at 40 or 50 miles an hour, Oldfield's formula multiplies the "reaction distance" by three. At 50 miles an hour, you would multiply 55 by three, and know that a distance of 165 feet would be necessary to stop the car.

THE FRENCH PRESS

THE UNITED STATES AND THE PRAIRIES

Le Soleil, Quebec.

In the United States the capitalist system has certainly accomplished great things before falling into the abuses which undermine public confidence in this politico-economic system. Failing wise laws for regulating the industrial movement and limiting speculation, the American Republic has furnished dangerous arms to the agents of the social revolution.

It must be recognized, however, in spite of mistakes made that the Government has tried to limit the evil effects of the crisis and the unemployed of the neighboring country have not suffered as cruelly as the workers in most of the countries of Europe.

Without ever having questioned the intentions of President Roosevelt, we have often expressed doubts as to the practical value of the initiatives which his Government undertook to lessen the scourge of unemployment and to admit the economic rehabilitation of the country. That is to say that his social experiments have probably cost too much, above all in relation to the results obtained. It is none the less true, in spite of the extravagance of certain of his proceedings, that his country has traversed the period of hard times without too great accidents.

In comparison with the fate of other capitalist States, one is compelled to agree that a relative peace reigns in the United States and that its continuation is not compromised.

FRANCE AND SPANISH WAR

L'Aktion Catholique, Quebec.

The French Communists, to whom Leon Blum owes the election of the Popular Front and his own accession to the position of Prime Minister, are no longer satisfied with his policy of neutrality. To the many attempts of the agents of Moscow, Blum resists. He refuses to intervene in Spain, in order to avoid a European war.

"How long more will resistance be possible? Soon the Houses will reunite, and public demonstrations will multiply. A parliamentary crisis is to be feared, of which the result will probably be a revolution. May Heaven send that the Spanish revolution end before the French political crisis arrives."

Letters To The Editor

THREE IMPORTANT ANNIVERSARIES

To the Managing Editor,
Sherbrooke Record.

Dear Sir:—As the year 1937 will without doubt be a memorable one in the history of the City of Sherbrooke, I believe it would be wise to start, as soon as possible, the work of organization for a suitable celebration of the different events, worthy without doubt of recognition, whose centenary will be reached during this coming year.

The first, and I believe the most important, of these events is the one hundredth anniversary of the time when Sherbrooke emerged from the status of a small settlement at the junction of the St. Francis and Magog rivers, and became an incorporated town.

The second event is the one hundredth anniversary of the commencement of Sherbrooke as an industrial city. In the year 1837 Sherbrooke's first factory operated by water power from a dam on the Magog river was built, to some extent equipped, and through the Sherbrooke Gazette, manufacturers of steel tools, etc., were invited to come to Sherbrooke to occupy it for the making of such, and other goods.

The third event is the hundredth anniversary of the founding of the Sherbrooke Gazette, whose efforts in chronicling the news of the day have come down through the years in ever increasing strength, until they have now reached the remarkable degree of perfection found in the plant and organization of the Sherbrooke Daily Record.

The first and second events, I believe, are of sufficient importance to justify the calling, by His Worship the Mayor, of a public meeting to consider the nature and extent of a celebration worthy of their significance, and the city over which he has the honor to preside.

The celebration of the third event will, I am sure, be looked after in the very fine way in which your organization invariably carries out its undertakings, and in a manner worthy of its importance to your community, and to yours.

As I believe, Sir, that these suggestions are worthy of the serious consideration of the different community service organizations of our city and particularly of the City Council and Chamber of Commerce, I sincerely trust that, now that the time approaches, arrangements will be made at an early date for at least a discussion at a public meeting, to which representatives of all such organizations would be especially invited.

Sincerely yours,
J. WESLEY MCKEE
Sherbrooke, Que.

Make me burst into song when I would preach—
And whatever solemn sin I'm for committing
Snatch, on my sudden laughter, out of reach!

TRADE OUTLOOK FOR DOMINION MUCH BRIGHTER

Advertising Executive Declares that Co-Operation of Government and Business and Sensible View on Unemployment Relief Aid Recovery.

New York, Oct. 19.—Economic conditions are showing steady improvement throughout Canada, according to B. W. Keightley, of Montreal, advertising manager of Canadian Industries, Limited, and president of the Association of Canadian Advertisers.

He described the Dominion's economic outlook in an interview last night as "very bright" and said business on the whole was ten per cent. better than a year ago. He ascribed the improved conditions largely to the fact the Canadian Government co-operated with business.

"In the newspaper industry, one of our major resources, many mills inactive for many years now are operating," he continued. "We have dollar wheat throughout the prairie provinces and we have liquidated the big carry-over of wheat that we had for several years. And building is getting under way again after a five-year holiday."

"There is a very sensible approach to unemployment. We are seeking to find out how many are unemployed, how many could work and how many would work. That effort is being taken care of by the non-political National Unemployment Commission composed of men and women."

"Relief is handled locally. For a time the Federal Government took it over but returned to the local officials because they could handle it more efficiently."

He said the efforts of the Federal Government, in conjunction with financial houses, to enable the prairie provinces "to start proper book-keeping again" was meeting with splendid success.

Mr. Keightley came here to address a convention of sales executives.

STRANGE FACTS RECOUNTED IN WAR JOTTINGS

Eye-Witness to Tragedy which Is Being Enacted in Spain Gives Account for Further Exploits Encountered.

Hendaye, Franco-Spanish Frontier, by mail to Paris and New York, Oct. 18.—More notes from a war correspondent's diary describing the strange sights seen in the Spanish civil war.

Two frontiers, robes and berets, and "butter and eggs." Near Braganza, on the Spanish-Portuguese border, three o'clock in the morning and speeding for the nearest Portuguese telegraph office in a rattling Spanish taxi.

Around a bend in the road and squeeeeeee... the brakes... almost into a long motorcade of heavy trucks, jammed with big, heavy boxes... supplies for the insurgent troops.

The tall-hatted Portuguese customs officer, as he checks the boxes off, the labels gleam in the light of a flickering oil lamp. "butter and eggs!"

On the Franco-Spanish line... priests, their religious duties completed, patrol the roads in insurgent territory... rifles slung across their backs, red carlist berets on their heads, and flowing black robes.

Ragged insurgent soldiers, their feet bare except for tattered canvas slippers, sentries puffing cigarettes in the corridors of General Emilio Mola's headquarters... high officers hurry by, carrying heavy file cases.

The other side, riding in a cream colored Rolls Royce with an anarchist for a chauffeur... and a sign, "Long live dynamite!" painted on the side.

The chauffeur silently points to a little bullet hole in the windshield when asked him, "where is the owner?"

MELBOURNE TENDERED HON. R. B. BENNETT CIVIC RECEPTION

Melbourne, Australia, Oct. 19.—A civic reception was tendered Hon. R. B. Bennett, Canadian Conservative leader, when he arrived here Saturday convinced that Australia is "a most amazing country."

Mr. Bennett, guest of honor at the reception attended by the Lord Mayor of Melbourne, Commonwealth and State Government representatives and leading citizens, said the warmth of welcome extended to him everywhere was evidence of the family ties binding Canada and Australia under one crown.

FAVOR CENTRAL POLICE SCHOOL FOR DOMINION

Royal Canadian Mounted Police Commissioner Plans to Establish National Training Centre Open to Members of All Police Forces in Canada.

Ottawa, Oct. 19.—Establishment of a national training centre available to all the police forces in Canada is the aim of the Royal Canadian Mounted Police, Sir James MacBrien, Commissioner of the force, states in his annual report for the fiscal year 1935-36.

The report, just issued, records an active and successful year for the red-coated force, with all branches of the service showing increased efficiency. The training centre at Regina was kept busy during the year, providing instruction for new recruits and refresher courses for seasoned constables and officers.

Pressure on headquarters was not as great as during the previous year and the Commissioner said it was possible to consolidate progressive measures already initiated and take advantage of experience gained over a period. Efforts to improve efficiency were beginning to bear fruit.

Last March 31, the end of the fiscal year, the force numbered ninety officers, 2,274 non-commissioned officers and constables, 136 special constables and 217 members of the marine section, or a total of 2,717 of all ranks. This was a total increase in strength of 144 over the previous year.

Despite the hazardous nature of a policeman's life there has been a lack of applications for engagement in the force. The total during the year was 2,678, and of these 246 were engaged.

Under the head of criminal investigation, the report states consideration has been given to establishing in Ottawa a scientific laboratory for technical investigations. In this field the force has availed itself of civilian experts as necessity arose, but it was felt the time was approaching when selected members of the force should be trained in the use of scientific aids to crime detection.

In addition to enforcing federal statutes, the R.C.M.P., under agreements with the provinces, carries on provincial police work in Alberta, Saskatchewan, Manitoba, New Brunswick, Nova Scotia and Prince Edward Island.

During the year, the report states, a number of requests had come for the force to take over the policing of certain towns, but only one of them has been complied with, the case of Flin Flon, Man.

ENCOURAGING TREND SEEN IN INDUSTRIAL ACTIVITY

Vancouver Building Permits Soared and 2,000 Men Are Already Engaged in Bush Operations in Parry Sound Crown Timber Agency.

The following are bright spots indicated by The Canadian Press in the financial and the industrial week:

Vancouver—Vancouver building permits in nine months of 1935 totalled 718 compared with 417 in the same period of last year, a gain of seventy per cent. Value of buildings shows still greater increase.

Ottawa—Income tax collections in first six months of this year up \$16,000,000 or twenty-five per cent. over total for same months of 1935.

North Bay, Ont.—About two thousand men are already engaged in bush operations in Parry Sound Crown timber agency and the number is expected to reach three thousand, a big jump over last year's total.

Oshawa, Ont.—Fifty or more persons expected to get employment in the glass bottle factory to open here under control of Philadelphia interests.

Calgary—Start has been made on construction of a \$165,000 airplane hangar here for use of military planes.

Eastview, Ont.—The plant of Ideal Power Production Company nears completion and manufacturing will start about the end of October.

Saint John—Port Royal Pulp and Paper Company, Ltd., will complete by January 1st a plant extension here that will increase output by forty-five per cent.

POLICE HORSE KING'S Salford, England, Oct. 19.—Cherry Grove, a prize police horse, has been sold to the royal stables for \$750, as the King's charger.

WOULD DEPOSE NOISY PRIEST AS UNION HEAD

Executive of Union for Social Justice Claims Suit Seeking to Depose Officials of Union for Dissipation of Funds Was "Politically" Inspired.

Detroit, Oct. 19.—B. F. Stephenson, one of the defendants in the suit seeking to oust Rev. Charles E. Coughlin from his National Union for Social Justice, charged today the action was "politically inspired to discredit the N.U.S.J. just before election."

"It is just a cheap political trick," Stephenson commented when informed that John H. O'Donnell of Pittsburgh, a dissenting member of the N.U.S.J., had filed a bill in circuit court here asking the removal of Father Coughlin and six trustees and the appointment of a receiver for the organization.

O'Donnell alleged the priest incurred losses "in excess of \$1,000,000" in trust funds "in preaching and propagating Fascism and undermining democracy, the United States constitution and the American form of government."

Father Coughlin had made no comment on the suit, but Stephenson, who heads the N.U.S.J. in Michigan, said:

"That figure of a million dollars is far in excess of the receipts of the Union. There is no trust fund set up under the charter. The only possible basis for such a suit would be mismanagement of funds by the executive board, and I am sure there has been no mismanagement."

OTTAWA CONSERVATIVES NOT CONTESTING BY-ELECTION.

SCIENCE ADVISES AGAINST MEALS LOW IN NEEDED "BULK"

Reports ALL-BRAN Supplies This Dietary Adjunct

Scientific tests have shown that meals which miss the proper "bulk" tend to cause common constipation. This condition causes discomfort, and may lead to headaches, loss of appetite, even serious disease.

Avoid these faulty meals by adding Kellogg's ALL-BRAN to your menus. It supplies generous "bulk" in convenient form. This absorbs moisture, and gently exercises and cleanses the system. ALL-BRAN also furnishes vitamin B and contains iron.

The "bulk" in ALL-BRAN is often more effective than that found in fruits and vegetables as it does not break down within the body. Two tablespoons daily are usually sufficient. If not relieved this way, consult your doctor.

Kellogg's ALL-BRAN may be served as a cereal with milk or cream. Sprinkle over soups, salads or other cereals. Or cook into appetizing muffins, breads, waffles, etc. It adds a delicious nut-sweet flavor to your recipes.

How much better than taking patent medicines—sometimes harmful! ALL-BRAN is sold by all grocers. Made by Kellogg in London, Ontario.

ST. FRANCIS BAR PAID TRIBUTE TO DR. SHURTLEFF

Coaticook Lawyer, Who Is This Year Celebrating Fiftieth Anniversary of His Admission to Bar, Was Guest of Honor at Banquet.

The Bar of St. Francis District paid a well-deserved tribute to Dr. W. L. Shurtleff, K.C., of Coaticook, at a banquet held at the New Wellington Hotel Saturday evening. The prominent Coaticook attorney, who is celebrating the fiftieth anniversary of his admission to the Bar, was praised for his ability as a lawyer and the dignified manner in which he has handled his numerous cases.

Only a few weeks ago the Town of Coaticook paid tribute to Dr. Shurtleff, and Saturday evening his confreres took the opportunity of honoring him in a fitting and impressive manner. Among those at the banquet were Mr. Justice Charles D. White, Mr. Justice Hector Verret, Judge J. H. Lemay and Judge J. S. Couture, Cesar Gervais, K.C., bannister of St. Francis District, presided over the banquet.

Dr. Shurtleff recalled interesting chapters in the past fifty years history of the Bar Association, stressed the happy relations that he had always had with his confreres and expressed his gratitude and thanks for their honoring him upon his fiftieth anniversary as a lawyer.

The guest of honor's qualities were extolled in speeches made by members of the Bench and Bar. F. S. Rugg said that St. Francis District had always been fortunate in the appointment of learned and wise judges and magistrates. He thanked the gentlemen, on behalf of the Bar Association, for the presence and consideration they invariably showed in weighing the problems which were placed before them.

Among the other speakers was Robert Bouchard, youngest member of the Bar Association.

Dr. Shurtleff was born in Coaticook on March 29, 1864, the son of Lyman and Ruth E. Shurtleff. He was admitted to the Bar in 1886 and at the same time appointed attorney for the town of Coaticook, which office he still holds. In 1913 he was elected Bannister of the Bar of St. Francis and was the representative for the Eastern Townships on the executive of the Dominion Bar Association formed in 1914.

Mr. Shurtleff has handled many interesting cases. Probably the one that aroused the greatest interest was that of Harry K. Thaw. Mr. Shurtleff being the first Canadian counsel engaged by Thaw.

Politics have also played an important part in his life. He was the Eastern Townships organizer for the Conservative party in 1911 and the following year was the Unionist candidate in the federal elections, being defeated by a small majority by the late W. K. Baldwin.

YOUTH GROUPS COMMENDED BY REV. MR. JONES

Lennoxville Rector Spoke of Splendid Work Being Accomplished by Boy Scouts and Girl Guides—Scouts' "Apple Day" Fine Success at Lennoxville.

"If I were asked to name the finest of girls' societies I would hesitatingly say the Girl Guide movement, and likewise, were I asked to choose the best boys' organization, I would name the Boy Scouts," stated Rev. Albert Jones, rector of St. George's Church, Lennoxville, in welcoming a group of Girl Guides, numbering about twenty, with their leader, Miss Ruth Burt, to the morning service yesterday.

Taking his text from the fifth verse of the one hundred and thirty-ninth psalm, "Such knowledge is too high for me, I cannot attain to it," Rev. Mr. Jones delivered an inspiring sermon from this theme.

At evening, the rector outlined the life and work of St. Luke the Evangelist, and the music at both services was under the direction of the organist, Mrs. A. Jones.

"POWERS TO COME" WAS SERMON THEME

Rev. F. R. Matthews preached from the subject "Powers to Come" at the Lennoxville United Church yesterday morning, and the anthem, "Hail to the Lord's Anointed," was sung by the choir.

"Satisfaction of soul" was the subject theme chosen by Rev. Mr. Matthews for his evening sermon.

The hymn, "O Zion, Hasten Thy Mission High Fulfilling," was sung by the choir, under the direction of the organist, Mrs. F. S. Broome, and during the offertory, the beautiful selection, "Romance," by Rubenstein, was played as an organ solo.

GIRL GUIDE WEEK INAUGURATED
The Lennoxville Girl Guides met at the home of their leader, Miss Ruth Burt, on Saturday evening, where they listened with interest to the radio broadcast of the Girl Guide movement. Later, work was carried on for the tenderfoot and second class badges, and an enjoyable and instructive evening was spent.

APPLE DAY WAS FINE SUCCESS
Fifty-seven dollars and ninety cents was the sum collected by the Lennoxville Boy Scouts on "Apple Day" on Saturday.

With the store of W. H. Johnston as their headquarters, the lively salesmen, under the direction of Scoutmaster Colin Cullen and Sid Davis, canvassed the various streets with their baskets of rosy apples.

General Notes
The many friends of Mr. Sternie Barber, who underwent an operation at the Sherbrooke Hospital recently, will be pleased to learn that he is much improved and expects to be well enough to return to his home this week.

Miss Mamie Smith, of Montreal, spent the week-end at the home of her parents, Mr. and Mrs. L. W. Smith, Mrs. A. Lefebvre, of Brighton, was also a recent guest at the same home.

Recent guests at the home of Mr. and Mrs. David Byrne were Miss Ruby Beattie and Miss Alita Kinnear, of East Angus, Mr. and Mrs. Johnston Beattie, of Milby, and Miss Norma Beattie, of Willowdale Farm.

Miss Muriel Hanson, of Quebec City, was a guest at "The Variety" over the week-end.

FEARS THAT SOCIAL CREDIT PROSPERITY MAY CAUSE LAZY PEOPLE

Winnipeg, Oct. 19.—Present interest indicates Social Credit will spread over the four Western Canada provinces and perhaps into eastern provinces, J. H. Blackmore, of Lethbridge, Alta., leader of the Social Credit group in the House of Commons, said last night in an address here.

"My chief anxiety is that you people will become so well off that you will get lazy," he said.

CHARGED WITH ASSAULT
Henry Gamsby, of Rustic, appeared in the Magistrate's Court this morning on a charge of assault upon the person of Joseph Ironish, of Capleton, and was admitted to \$500 property bail. Gamsby was arrested over the week-end by High Constable Louis A. Gaudreau, and his case has been remanded pro forma to Wednesday.

POLICE RAIDS NETTED SIX ARRESTS

Five women and one man were arrested in a series of raids conducted by the municipal police and were each fined \$50 and costs of three months in jail when they appeared before Recorder Lionel Forest at a special session of the Recorder's Court Saturday evening.

The prisoners were Gilberte Lavigne and Leo Claude, charged with vagrancy; Delia Lapointe, Aureo Demontigny and Mrs. Donat Vachon, accused of operating disorderly houses, and Antoinette Lapointe, charged with being an inmate of a disorderly house.

SONS OF ENGLAND ATTENDED CHURCH OF THE ADVENT

The Sons of England paraded to the Church of the Advent to attend choral Eucharist at eleven o'clock yesterday morning. It being St. Luke's Day, there was also an early celebration of Holy Communion at eight o'clock, and the special red hangings adorned the altar on which were placed many beautiful white flowers given in memory of the late Mr. and Mrs. Robert Price. Rev. E. K. Moffatt, the rector, officiating at the morning service, preached a special sermon, befitting the occasion at the morning session.

Excellent music was rendered by the choir under the direction of Miss Doris Price, organist.

GIRL GUIDES PARADED TO PLYMOUTH CHURCH

In conjunction with all Canadian Girl Guides, who yesterday inaugurated "Guide Week" by attending Church services, the First and Second Sherbrooke Companies, thirty-five strong under command of Capt. Miss Olga Reid and Capt. Miss Alberta Temple, attended the morning session in Plymouth Church. The pastor, Rev. F. A. C. Dossie, conducted the service, preaching on the subject of the "Evangelism of Canada."

The choir, under the direction of C. V. Chamberlain, rendered the anthem, "Onward Christian Soldiers," and a beautiful solo was contributed by Mrs. George Ogston.

NINE BICYCLE OWNERS SUMMONED TO COURT.

The bicycle that carries neither light nor reflector constitutes a grave danger that Chief of Police H. O. Camirand is determined to eliminate.

What might have been a serious accident occurred at the corner of Marquette and Peel streets, on Saturday night when a bicycle carrying Alfred Rouleau, Belmont street, was struck by a car operated by Ovide Laliberte, 448 King street west. The bicycle, police said this morning, was equipped with neither light nor reflector.

Chief Camirand announced this morning that as a result of Rouleau's accident local bicycles are being checked. Nine cyclists have been

ROTARY TOTAL TO BE WELL OVER 1935 PROCEEDS

Estimated that Sherbrooke Rotary Club's 1936 Fair Will Net About \$2,000 More than Last Year—Gross Receipts Totalled \$11,019.18.

The sixth annual Sherbrooke Rotary Club Fair was officially concluded Saturday night, but members of the finance committee are still head over heels in figures today as an eager population awaits the final returns to learn what amount will be devoted this year for the crippled children and to other worthy causes sponsored by the local service organizations. The finance department staff worked until the early hours of Sunday morning to compile the gross receipts and were a tired but happy group of Rotarians when it was revealed that the results during the four days of the 1936 Fair totalled \$11,019.18—an increase of \$3,438.55 over last year's gross.

Frank Woods, treasurer of the Rotary Club, informed the Record this morning that there was a possibility that the net receipts would be ready by tomorrow afternoon. The certainty existed, however, that this year's net proceeds would exceed the 1935 record by approximately \$2,000. The net receipts last fall totalled \$4,654.92, and it is anticipated that this year the figures will be close to—and possibly a little over—\$6,500.

Rotarian Clifford "Tee" Armitage was delegated by Treasurer Woods to divulge the gross receipts. His figures for the four nights were as follows: the sum in brackets representing last year's corresponding totals: Wednesday, \$1,546.83; Thursday, \$2,349.16 (1,512.09); Friday, \$2,788.18 (\$2,322.39); Saturday, \$4,336.01 (\$3,745.15). These figures make the 1936 gross \$11,019.18 as compared to the 1935 total of \$7,580.63. In addition to this, Rotarian Everett Goodenough believes that the proceeds from the raffle tickets will aggregate \$3,300—almost \$1,000 over the 1935 total of \$2,380.

So immense was the crowd which invaded the 54th Army Saturday night that the fair was hardly room to breathe. Every booth did a rushing business and rivalry was feverish as the different stands sought to attain their quota and surpass last year's records. Dense crowds stood around the more popular amusements and for moments at a time ordinary circulation was impossible. The raffle Please Turn to Page 2, Col. 2.

EVANGELISTIC NOTE PRE-DOMINATED SERMON
The Scripture text of many sermons in Protestant pulpits throughout Canada yesterday was taken from the record of the coming of John the Baptist, the forerunner of our Lord, as given in the first chapter of the fourth Gospel.

In harmony with this general plan for the inception of the evangelization of Canadian life campaign, Trinity Church people listened yesterday morning to a sermon by their minister, Rev. Dr. W. S. Lennon, on the subject "Preparing the Way of the Lord," the text being John 1, verses 6 and 23.

The evangelistic note was again prominent in the evening sermon which bore the title, "Knowing Christ and His Reward." The text was John 14, verse 9. "Have I been so long time with you, and yet hast thou not known Me, Philip?"

The morning anthem was Clare's "Praise the Lord, O Jerusalem," and the evening one Brown's "In Heavenly Love Abiding."

BOY SCOUT APPLE DAY A FINE SUCCESS.
The Sherbrooke and Lennoxville Boy Scouts staged another successful Apple Day on Saturday which netted about one hundred dollars. In spite of the heavy downpour of rain throughout the day, the Scouts "carried on," remembering their eighth law which says "A Scout smiles and whistles under all difficulties."

After pitching their tents on Portland Street, they transformed into their headquarters, the boys made an early start on Saturday morning and continued untiringly throughout the day covering the entire city. Approximately five thousand apples were sold and the Scouts were well satisfied with their work, although the sun realized did not reach that of last year. However, plans are already underway to improve organization and increase sales in future apple days.

The 1936 Apple Day was staged under the direction of Assistant Scoutmaster Eric Maddisa, who was assisted by a committee composed of A.C.M. Doug Jones, A.C.M. Gerard Giroux and C. Rose. About ninety Scouts, Cubs and Rovers of Sherbrooke and Lennoxville acted as salesmen. O. Maddisa, F. Palmer and M. Southgate kindly placed their cars at the disposal of the Scouts for delivery of apples and boys to different parts of the city, while W. E. Hodge rendered valuable assistance in supplying transportation for apples, tents and equipment.

The Boy Scout Apple Day, an annual event originated several years ago, like the Boy Scout Toy Shops, is now Dominion-wide.

Proceeds realized from this venture are used for camps, toy shops and carrying on the movement generally, as well as any "Good Turn" ventures in which the Scouts participate.

Mr. and Mrs. C. O. Jones recently motored to Bangor, N.Y., where they were the guests of their cousin, Mrs. Dickinson.

The bi-monthly meeting of the Guild of St. James' Church was held in the parish hall with a large attendance. The hostesses were Mrs. F. J. Borden and Mrs. Alfred Nicholson. The meeting was opened by the rector, Rev. H. V. Fricker, with prayer, after which the vice-president, Mrs. Ross Preston, took charge of the meeting in the absence of the president, Mrs. R. L. Craighead.

The minutes of the previous meeting, which was held at the home of Mrs. George Moody, were read by the secretary, Mrs. George Taylor, and approved. The chief business before the meeting was the discussion of raising funds through a series of bridges. It was decided that each member give the sum of two dollars as talent money instead of holding the bridges. Plans were also discussed for the holding of a large bridge and five hundred party in the church hall. Following the business meeting refreshments were served, tea being poured by Mrs. Heman Hulbert and Mrs. Wilbur Borden.

Mrs. McKay, of Montreal and New Brunswick, is the guest of her uncle and aunt, Mr. and Mrs. W. H. Williamson.

Mr. R. V. Russell, who for several years past has been the local manager for the Welland Vale Manufacturing Company, has been transferred to the head office of the company at St. Catharines, Ont., to which place he will move with his family in about ten days. Mr. Russell has sold his residential property on Dutch street to Mr. Stanley McDonald for the sum of \$4,250.

The Jersey cow Alwin Successor Gloria, bred and owned by Alwin Farms, Bedford, recently completed as a two-year-old, 6,200 lbs. of milk, 307 lbs. of fat, testing 5.95 per cent. in 365 days.

The Bedford High School boys held a sports trial meet to select their entries for the annual fall meet between the schools in the Eastern Townships, including Bedford, Sutton, Waterloo, Knowlton, Cowansville and Granby High Schools, which will be held in Waterloo.

Under the direction of the Women's Association, the annual chicken pie supper of Wesley United Church was a fine success. The unusually mild weather helped to bring out the townspeople in good numbers. The tasteful and well-placed autumn decorations in the hall, which were carried out by the younger women, helped to make a very attractive interior. The supper itself was up to the usual standards, and amply met the needs of the most exacting appetites. The financial returns were a source of satisfaction to the president of the association, Mrs. F. E. Best, and to the ladies who assisted her, as well as to all who took part in the sale of tickets or in the preparing and serving of the supper.

COWANSVILLE

Trinity Church Guild was entertained at the Church Hall Thursday afternoon by Mrs. Volney Ingalls. There was a large attendance and further plans were made for a card party in November. Refreshments were served by the hostesses.

Mrs. J. Collins, of Granby, visited at the home of her parents, Mr. and Mrs. T. Epps.

Mr. and Mrs. Reginald Buzzell, of Montreal, spent a week-end as the guests of Mrs. Buzzell's parents, Mr. and Mrs. J. Lorimer and Mr. M. S. MacPhail and family.

The Ladies' Auxiliary to the Brotherhood of Railway Trainmen held their regular meeting in the Odd

SUTTON CHURCH OBSERVED ITS 90TH BIRTHDAY

Founding of Sutton Grace Anglican Church Celebrated in Parish Hall—Beloved Rector, Ven. Archdeacon Herbert Charters, Presided.

Sutton, Oct. 19.—Sutton Grace Anglican Church celebrated the nineteenth anniversary of its founding in the local parish hall on Tuesday, October 13th. Built in 1846, the small stone church still stands as a landmark in this beautiful valley in the green mountains of Brom, in the heart of the Eastern Townships.

The celebration was presided over by the rector in charge, Venerable Archdeacon Herbert Charters, who has ably administered to the needs of his people for the past twenty-five years.

The large number of visiting clergy and laity were treated to a delicious dinner, prepared by the ladies of Grace Church Sewing Society, after which an impromptu meeting was held, at which the visiting clergy spoke words of praise in commemoration of the occasion.

Archdeacon Charters told the assembly of the great response that was made at the special Sunday service of the anniversary, and remarked on the joy and pride he had in Sutton and in his own particular parish.

Called upon to say a few words, Rev. Canon of Knowlton, now rector, and the only living clergyman of Grace Church, lauded the work of Archdeacon Charters, and congratulated the parishioners on the fine spirit of co-operation and organization shown in carrying out

the commemoration of the church's nineteenth anniversary. In speaking of the forthcoming centennial, the parish was referred to as growing in numbers and strength of purpose as it now has under its wing the sister parish of Abercorn.

Archdeacon Charters called upon James Lafleur, ninety-four years of age, and the only living member of the original congregation, to tell of the early days of the parish. Mr. Lafleur, Sutton's oldest resident, gave a few interesting reminiscences of his youth and early manhood in the parish, and praised in glowing terms the work of the present rector.

Prior to the establishment of Grace Church, local residents looked to the sister parishes of Frelighsburg, Dunham and Knowlton for their religious ministrations, and such names as Shepard, Frary, Hawley, Dyer and others, to be found on the lists of these sister parishes, are now prominent in the parish of Grace Church, Sutton.

The other visiting clergy were called upon in turn, and each had some word of praise for the parish of Grace Church and for its beloved pastor, Archdeacon Charters. Gordon Capel, son of Rev. Capel, told the gathering some amusing incidents of his own childhood while living in Sutton, while Dr. Hugh Montgomery, son of Rev. Hugh Montgomery, former rector of Grace Church, spoke words of praise for the parish in memory of his father.

One of the two Davidson brothers, Charles and Lewis, sons of Andrew Davidson, one of the builders of the church, also spoke a few words.

George Dyer, great grandson and namesake of one of the builders of the church, addressed the meeting, and speaking on behalf of the younger generation of today, said that by the example of faith, courage and foresight shown by those old pioneers who founded this parish, he and his fellow young men and women would gain strength to face the hardships of the future with added courage and resource.

Among the visiting clergymen were Canon H. Coffin, of Dunham; Rural Dean F. W. Gedy, of Brom;

Rural Dean R. G. Asah, of Frelighsburg; Rev. E. Dawson, of Lacolle; Rev. I. M. Lidstone, of Granby; Rev. N. Egerton, of Waterloo, and Rev. E. F. Mackin, of Iron Hill. Former rectors of Grace Church parish were Rev. R. Lindsay, Rev. H. Montgomery, Rev. J. S. Sykes, Rev. T. Early, Rev. J. Smith, Rev. C. Bancroft, Rev. E. T. Capel, Rev. W. E. Kaneen and Rev. J. H. Bell.

Present officers of Grace Church are Venerable Archdeacon Herbert Charters, rector; A. J. Darrah, rector's warden; F. A. Olmstead, Jr., people's warden; W. B. Bradshaw, treasurer; H. H. Dyer, vestry clerk; Mrs. R. C. Eastman, organist; and F. J. Elard, chairman of the cemetery committee.

The executive of Grace Church Ladies' Sewing Society is Mrs. H. Charters, honorary president; Mrs. F. J. Elard, president; Mrs. G. E. Webb, vice-president; Mrs. W. E. Dow, treasurer, and Miss M. E. Webb, secretary. The executive of the Abercorn branch is E. R. Boright, rector's warden; F. F. Fyles, people's warden; Miss S. M. Harvey, organist, and Mrs. H. La-hue, Sunday School superintendent.

SINCERITY- the Keynote!

Sincerity is a rock that lies deep in the foundation of modern life. Good repute grows from it—confidence rests upon it.

It is an axiom of our advertising department that no advertisement is a good advertisement unless it is sincere in its message and its illustration—as sincere as our desire to serve you faithfully. Other attributes are essential, of course. It must create a favourable attitude toward the product, but sincerity must always be the keynote of every advertisement.

Knowing, too, that public taste will accept of no dictation, we are careful to make all our advertising—whether in the Press, on Posters, in window and store displays, or by radio—interesting, informative and entertaining.

And so the advertising of the Imperial Tobacco Company fills two important functions. It tells the story of the Company's products with truth and sincerity and portrays to the public the keystone of the Company's structure—integrity of purpose.

LOCALS CHALKED UP VICTORY OVER BISHOP'S SQUAD

Sherbrooke Athletics Blanked Collegians by Eighteen to Nothing in Exhibition Rugby Match on University Campus Saturday Afternoon.

The Sherbrooke Athletics today held the distinction of having come what may. Loyola nor McGill could accomplish to date this season—keep Bishop's scoreless in a gridiron battle. The local entry in the Quebec Rugby Football Union ploughed through the veritable quagmire, which was the Lamoignonville University campus Saturday afternoon to an eighteen to nothing triumph over the collegians. The outcome marked the first triumph in two starts for the Barber Poles and the fifth setback in six engagements for the students.

Packing too much power and weight for the smaller but plucky purple and white-clad youths, the Athletics ripped through the Bishop's front line almost at will. Sticking to the old-fashioned but still highly effective offensive of two backs and a kick—instead of the more modern and proportionately more dangerous aerial attack—the youthful heavyweights like Eddie Wolfe and Gerry Monty are grooming into a smooth-functioning unit plished up its plays in preparation for next week-end's excursion to Quebec for a scheduled fixture.

Unable to make much progress through the husky Sherbrooke line, Bishop's resorted to the forward pass only to find that the Athletics had developed an effective defense for this procedure, intercepting or grounding most of the forwards the O'Donnellmen attempted. The visitors led by two to nothing at the end of the first quarter, were ahead by eight to nil when the halftime intermission arrived and drove across for touchdowns in both the third and fourth cantos.

The exhibition encounter was still young when the Athletics opened the scoring. After realizing a gain of ten yards through an exchange of punts between Johnny Hibbard and Ken Jackson, the latter booted to the deadline the halftime intermission arrived and drove across for touchdowns in both the third and fourth cantos.

Forced back by their own forty-yard stripe by the collegians, the Athletics pressed again and moved the yard sticks twice on plunges by Syd Echenberg and George Williams, the latter revealing a devastating straight arm which took a toll on prospective tacklers. A bad snap sprayed the Sherbrooke march towards a major tally and Jackson tried a diagonal drop kick which missed the upright by a slim margin. As the quarter ended Pete Greenwood blocked and recovered a kick on Bishop's thirty.

The Athletics continued to press as the second period began and drove to within twenty-five yards of a touchdown before they lost possession of the pigskin. Bishop's unquestioned a promising rally when two fake end runs and a quarterback sneak netted the necessary acreage. On the following play Frank Lyster found a hole and streaked down to midfield only to lose the ball when he was heavily tackled. Williams nullified Lyster's fine effort when he straight-armed his way to the Bishop's twenty on a spectacular play. An extension play gained fourteen yards and Syd Echenberg galloped across the remaining six yards for a touchdown. Billy Hammond converted to put the Athletics on the long end of an eight to nothing count at halftime.

A drenching rain made things miserable for players and spectators alike during the second half. A strong wind blew at Bishop's backs in the third quarter, giving the collegians an appreciable advantage. Despite this handicap the Athletics continued the scoring. Jackson spiraled to the goal line and Hibbard returned to Bishop's twenty. Len Gillam went around the short end to the five-yard mark and an end run lost ground but placed the ball directly in front of the posts. Hammond attempted a placement, which was blocked, but Sherbrooke recovered the loose ball, Larry Brooks was given a chance, and delivered, boosting Sherbrooke's count to thirteen.

The proceedings were somewhat enlivened in this canto when Brooks and Jack Martin were involved in an argument which culminated in fistuffs. Considerable turmoil prevailed before officials and cooler-headed players interrupted the outburst before it had reached serious proportions. Prior to the melee "Dago" Knox had been responsible for Bishop's most effective run of the game. He cleared the first line of defence and appeared to be on his way to a touchdown when he was overtaken by Williams after a thirty-yard gain. The collegians tried for a placement but Greenwood's kick was wide.

The final chapter was spoiled by the violent driving rain. Under the conditions, neither team could work any effective plays until late in the frame when Syd Echenberg barged through centre for Sherbrooke's third touchdown. The concert raised when Hammond's forward to "Nigger" Martin was knocked down. The encounter revealed that the Athletics will go far with more practice and teamwork, while it displayed a marked improvement and a better spirit in the Bishop's forces.

The teams lined up as follows:

Sherbrooke	winning	Bishop's
Gillam	half	Bennett
Jack	half	Lyster
Shelburne	half	Knox
Wise	half	Hibbard
Hammond	quarter	

SPORTING NOTES

NEW MILEAGE RECORD SET IN MONTREAL BIKE RACE.

Montreal, Oct. 19.—The team that held the lead almost all the time during Montreal's fifteenth semi-annual six-day bike race, the Canadian Hockey Club outfit, counted victory in the event today and, in doing so, occasioned some surprise among the more seasoned riders in the six-day bike business.

In addition to winning the ride to nowhere around the pine saucer in Montreal's Forum, Raymond Beaudry, Henri Tremblay and Jerry Rodman posted a new mileage mark of 3,039 miles and five laps.

The French outfit, comparatively new to the game, had to fight all the way to win the event. They were forced to the limit in the final hour as the other six teams jockeyed about in continuous jamming to try and dislodge them at the head of the pack.

Sprint points decided the placings of four teams grouped one lap behind the leaders. They finished in this order: Roy McDonald, Dave Lands, Oscar Junger, Archie Bolkart, Charlie Wilisky and Henri Pelletier; Max Hurley, Russ Hunt and Al Heaton; and the Gachon brothers, Pierre and Louis, and Bobby Walther.

Favored at the start of the grind, the "Torchy" Pen-Pen Charest-Doug, Pen combination was unable to make up a two-lap deficit and finished in sixth position although far ahead in total points when the race was completed. Two spills, with the Victoria-Montreal team figuring in each one, ruined whatever chances the Pens and Charest had of finishing in front.

GOLF

UNIQUE GOLF COURSE LAID OUT IN ARCTIC REGION.

Barrow, Alaska, Oct. 19.—A nine-hole, all-ice Arctic Ocean golf course, with polar bears and icebergs for hazards and illuminated by the northern lights, has been laid out in the middle of the playground for polar bears where golf balls will be painted red and penalties will be severe.

Dr. R. W. Maurer, government physician here and one of the eight whites in the Point Barrow area, said he "looked over" the Arctic Ocean and found the nice icy place to lay out the golf course—right in the middle of the playground for polar bears where golf balls will be painted red and penalties will be severe.

Here are some ideas on the course: No water hazards, unless it thaws. No sand traps.

If your ball lands atop an iceberg, tee up another and penalize yourself one stroke.

If your ball rolls in front of a polar bear, you are disqualified if you play it. Otherwise tee up another.

If you are stymied by a walrus you can wait or chip over him.

If your ball rolls across longitude 156 or 155, it's out of bounds.

LOVELA REGISTERED THIRD STRAIGHT COLLEGE WIN

Montreal, Oct. 19.—Loyola College moved into the page-setting berth of the Intermediate Intercollegiate Rugby Football Union Saturday afternoon by scoring its third straight victory—a thirty-one to nothing conquest of the inexperienced Macdonald College squad on the Aggie's home gridiron. Although hampered by the muddy condition of the field, Loyola managed to pile through for four touchdowns, two safety touches and three rouges, besides converting two of the major tallies.

The Montreal West boys' thirty-one points brought their season's total to 106 in three games with only one point scored against them—by Bishop's.

Frank Long was the individual high scorer with two touchdowns to his credit, while Gerry Sheridan and Paul Brennan tallied one each. Walter Morley accounted for the remaining five singles.

GRANITES SUFFERED FIRST SETBACK OF SEASON

Quebec, Oct. 19.—The Quebec Grads found a drenching all-day rain and soggy Price Field gridiron favorable to their cause Saturday afternoon and they took full advantage of it to plod to an eight to nothing victory over the Granites in an Intermediate Quebec Rugby Football Union game. It was the Granites' first defeat of the current season.

Superior kicking by Jack Muir, who came out of retirement to handle the kicking assignment for the winners, proved a large factor. One of the veteran's lofty ones was fumbled by Backfielder Breen, of the Granites, in the second half when he attempted to make a difficult catch, and Reggie Simons slipped through the mud to fall on the ball, giving the Grads a touchdown. Three rouges accounted for the other points scored by the winners.

MOUSE SILENCES RADIO.

Durban, South Africa, Oct. 19.—With two clean holes through its body a mouse was found with its teeth on the core of an electric cable; it had silenced Durban's powerful short wave radio for three hours.

UPSETS MARKED EASTERN RUGBY OVER WEEK-END

Ottawa's Thrilling Last-Second Victory Over Montreal Indians and Toronto Varsity's Triumph Over Queen's Provided Major Form Reversals.

Out of the mud and rain that smeared, drenched and bogged down the dizziest football parade of the season but failed to keep a string of running halfbacks in check, new favorites marched today towards titles or play-offs in the east's three major circuits.

Two startling upsets, involving the downfall of Queen's University, defending Intercollegiate Union champions, and the Montreal Indians, favorites for the "Big Four" championship, marked what otherwise might have been drab proceedings on five fronts Saturday afternoon.

Queen's, shelled from long range by big Bob Isbister, went down by scarcely a barricade left standing before the power of the University of Toronto. A crowd of 9,000 watched the underdog Blues hum the Tricolor by fourteen to two in Toronto—with Isbister leading the way.

Playing his greatest game in Varsity livery, Isbister rocked the stolid, uninspired Tricolor forces with booming punts of fifty and sixty yards and broke up the game in the fourth quarter with a touch-down of his own making. Behind his long-range gunning, Toronto built up a five to nothing lead in the first period. Queen's cut the margin by two points with singles in the second and third periods, but it was all over as soon as Isbister cut loose in the final chapter. The big fellow kicked high and kicked from the Queen's thirty, the ball landing just back of the goal line and bounding back towards the line. As two Tricolor backs went after it, Isbister came up fast and threw himself on the ball for the major score.

Even this upset, however, was a pale and unaccountable result beside the light to seven beating Ottawa's all-Canadian Rough Riders hung out in the Indians. Playing before a home crowd, the twice-beaten Rough Riders forced the invaders to yield the winning point in the last play of the game. Abe Eliowitz kicked the Indians into a three to nothing lead in the opening minutes of the initial quarter, but Dave Sprague dribbled the ball across the line for a touchdown after causing Johnny Bennett to drop the ball after a savage tackle. Eliowitz kicked a field goal to knot the count at six-all in the second quarter, while Ottawa scored the lone marker of the third canto.

The Indians evened matters with two minutes to go only to have Rocanno punt the deciding point in the last second of play.

These form reversals, along with three results that were less surprising, left the Hamilton Tigers and the Toronto Argonauts leading the "Big Four" Toronto Varsity showing the way in the Intercollegiate and Toronto's Balm Beach on the victory road in the Ontario Rugby Football Union.

The Tigers moved into a tie for first position with the Argos by handing the Scullers a twelve to eight setback for their first reverse of the season. Two successive fumbles opened the way for a Western University touchdown as the Mustangs downed McGill's Redmen by six to four, while the Beaches established a two-game lead over the Sarnia Imperials by whipping the Hamilton Tiger Cubs by sixteen to one.

Western Canadians awaited a play-off between the Winnipeg and Regina Rough Riders, who provided their class at Winnipeg on Saturday when they noosed out the Canadian champions to the tune of nine to seven. The Winnipeggers invade Regina this week-end for the opening of the two-game, total-point struggle for a berth in the western semi-final. Winner of the Saskatchewan Union will occupy the other berth.

PITT AND PRINCETON WERE VICTIMS OF REVERSALS

New York, Oct. 19.—The football lightning finally struck two proud eastern United States football arrays—Pitt and Princeton being wiped off the undefeated list Saturday afternoon.

Pitt's Panthers, hailed as outstanding contenders for the national championship after knocking off Ohio State a week ago, bowed to Duquesne's rugged defensive outfit by seven to nothing and thus surrendered to an eastern foe for the first time since 1928. George Matsik, substitute halfback, ran seventy-two yards for the big touchdown.

Princeton, unbeaten a year ago when the Tigers were generally recognized as eastern title-holders, bowed to Penn's fighting Quakers 7-0 as Lew Elverson dashed fifty-seven yards to the only touchdown of the game.

There were other surprises, such as Lehigh's 7-6 conquest of Penn State; Baylor's three-touchdown, fourth-period spurge that sank highly favored Texas 21-18, and Tennessee's feat in holding Alabama to a scoreless tie, but the defeat of the Panther and the Tiger were the big jolts.

Otherwise the eastern programme followed form as Yale's opportunists sank the Navy 12-7. Army routed Harvard 34-0 with that gridiron wrath, Monk Meyer, again showing the way; Cornell's sophomores topped Syracuse 20-7 as George Peck sparred the Ithacans powerful running attack; Villanova topped Western Maryland 13-0; Dartmouth whipped Brown 34-0; Holy Cross checked Manhattan 13-7, and Georgetown won from Bucknell 19-0.

Other results were: Notre Dame 27, Wisconsin 0; Fordham 20, Wayneburg 6; Purdue 35, Chicago 7.

GOLF CHAMPION REPEATS

Miss Wanda Morgan won the English women's golf title for the second time when she defeated Miss Phyllis Wade, 2 and 1, in the 36-hole final at Hayling Island, Hants, England. Miss Morgan is shown with the cup, and Miss Wade, after the match. Miss Morgan was winner of the title in 1931.

Michigan State 13, Missouri 0; Duke 19, Georgia Tech 6; Tulane 28, Colgate 6; Minnesota 26, Michigan 0; Nebraska 13, Indiana 9; Southern Methodist 16, Vanderbilt 0; Ohio State 0, Mt. Union 0; Oregon 13, Idaho 0.

RUGBY REMOVED FROM SING SING SPORTS PROGRAMME

New York, Oct. 19.—No longer will the grey walls of Sing Sing echo to the thud of boot on pigskin. No longer will the cloistered precincts shake with the thunderous roar of the fans—"Rah, Rah, Rah! Die der dear old Sing Sing!"

Edward P. Mulrooney, State commissioner of correction, issued an order today forbidding paid admissions at public spectacles in institutions under his authority. Warden Lewis E. Lawes, of Sing Sing, said that the ruling made abandonment of the football programme inevitable.

Lawes explained that admission fees collected from the public paid for the athletic equipment of the prison team and enabled it to pay the expenses of visiting teams—necessary since all games are played at home.

QUEBEC STUDENTS DOWNED STANSTEAD COLLEGE

Stanstead, Oct. 19.—The Quebec Commissioners' School rugby aggregation swept its annual Eastern Townships invasion by scoring a six to two victory over Stanstead College here Saturday afternoon after conquering the Sherbrooke High School by thirteen to one on Friday.

All the points in the local contest were scored during the rain-drenched second half, the visitors coming from behind to tally six points in the final quarter after the homesters had established a two to nothing lead in the third chapter.

With the wind at his back, Paul d'Albenas booted two singles in the third canto, but Stanstead was unable to hold this margin when Quebec changed ends and received the benefit of the gale-like conditions. Kicks sent the play deep into local territory and Sullivan bucked across the line for the lone convert of the afternoon. As the game ended the Quebecers added their sixth point on a long hoist to the deadline.

CLAIMS MORE ENTHUSIASM IS NEEDED IN RELIGION

Bishop of Alaska Points Out People Get Excited Over Political Campaigns but Have Great Difficulty in Doing So Over Their Church.

Chicago, Oct. 19.—Religion needs enthusiasm "just the same as it is needed in politics," the Rev. Peter Trimble Rowe, Bishop of Alaska, told the Pan-American Conference of Episcopal and Anglican Bishops.

"People can get excited over a political campaign," Bishop Rowe said, at the concluding session yesterday, "but they have great difficulty in getting excited over their church. We need more enthusiasm in religion, just the same as it is needed in politics and the secular world."

Bishop Rowe appeared at a mass meeting held in a downtown theatre, appearing with him were Archbishop Derwyn T. Owen, of Toronto, Primate of all Canada, and Bishop George Craig Stewart, of Chicago.

LOCAL BOWLERS DOWNED THREE RIVERS RIVALS

Four Sherbrooke Quintettes Came from Behind to Overcome 454-Pin Handicap and Capture Parsons Challenge Cup Yesterday Afternoon.

The Parsons Challenge Cup will spend the first year of its existence in Sherbrooke as a result of the ability of a group of twenty local bowlers to come from behind and defeat their Three Rivers rivals in the annual home-and-home, total pinfall series. The Sherbrooke trundlers faced a deficit of 454 pins when they returned home from the trifolium city two weeks ago. They overcame this handicap on local alleys yesterday afternoon and finished the series 40 pins ahead of their opponents.

The local men's quintette posted the highest margin yesterday afternoon. With Armand Bourguignon setting the pace with a high single string total of 179 and a three-string aggregate of 470, the homesters downed their rivals and had 463 pins to spare. The Zellerettes recorded the second highest margin defeating their Three Rivers opposition by 302 pins, while the Independents also finished ahead, adding ninety-nine pins to Sherbrooke's advantage.

The lone local aggregation to taste defeat was the Maroons, who bowed by eight pins.

Miss Yvette Gauthier and Miss Irene Beaubien, both of Three Rivers, shared high-scoring honors among the ladies. Miss Gauthier led the single string column with a score of 178, while Miss Beaubien finished with an aggregate of 470.

FINISHERS JUMPED INTO PATON LEAGUE LEAD

The Finishers hurled the Warming quintette in the Paton Bowling League standing and today are setting the pace with a two-string margin over the holders of the runner-up berth. The change in the ranking resulted from the three-string triumph the Finishers scored over the Warming department Saturday afternoon.

The Inspectors consolidated their hold on third position by winning the old string in three from the last-place Weavers.

R. Bateson, of the Finishers, topped the individual scoring columns with scores of 153 and 412 for one and three strings, respectively. The results in detail were:
