VALENTINE DAY CELEBRATED AT WINDSOR MILLS

Successful Entertainment Given at Windsor Mills—Missionary Lecture Given—General Notes from Vicinity.

WINDSOR MILLS, Que., March 1.—A very pleasant evening was spent on St. Valentine's Day in the United Church parlors. The affair was held under the auspices of the Ladies Aid Society. The entertainment began at eight o'clock. The pastor, Rev. J. W. Shier, acted as chairman. Mrs. Watt presided at the piano, and with Mr. N. Caswell and Mr. Chas. Chapman, constituted an orchestra for the concert. Mr. Alf Hall delighted the audience with two solos and an encore; Mr. D. Ross rendered a solo and was heartily encored; Mr. Baker gave a sweet love song, and sang a second time during the luncheon; Mr. C. E. Furse was much appreciated in one of his popular solos, and cheerfully responded to the desire of his hearers. Mrs. Chas. Chapman recited "Jamie Butler and the Owl," and proved very entertaining with her "Irish brogue." The C.G.I.T. group gave several of

their class songs. Mrs. McKenzie Paige and Mrs. Phil Da... were in charge and a relay race, observation game and a Valentine game were put on, and a large number of eager contestants took part. The refreshments by the ladies consisted of baked beans, brown bread, with all the usual trimmings of cake. After luncheon the young people gathered about and had a sing-song. At 10 o'clock the company wended their homeward way, well pleased with St. Valentine. Interesting Lecture Given The illustrated address on mission work in West China was attentively heard by a fair-sized congregation on Sabbath evening in the United Church. The story centered about a Chinese convert to Christianity, a Mr. Lui Dze Rui, a man of meagre education, who entered business with the idea of making it his service to God. He adopted western business methods and became very efficient and successful. He dedicated all his profits to Christian and philanthropic uses and is today a mighty factor in the Christian church in his home city of Chung King, China.

General Notes

Re. J. W. Shier conducted the burial of Mr. Robt. Hall in the Protestant cemetery at Windsor on Friday, January 19th.

Mr. A. S. Varney, who has been in poor health, went to Montreal for special examination last week. He is now back at his home again. His trip to the city relieved his anxiety, but the doctors there were unable to do anything for him. It will take time for him to regain his health.

Mr. John Watson is well advanced for his recent illness and is able to leave his room.

Mr. Emilie Andre has been quite ill with a grippé for several weeks. He has been confined to the house for a great part of the winter.

Mrs. Wm. Bate has been under the doctor's care with heart trouble. The fright the lady received when the wind ripped the tin roofing off the house and blew down the chimney was a serious experience for one who is ill.

Miss Marion Varney has been on an extended visit with her sister at St. Lambert.

The official board met at the parsonage on Wednesday evening, with Dr. Tanner as chairman of the committee of stewards, and Mr. McKenzie Paige as recording secretary. The committee of elders met the same evening also in the parsonage. Much business was transacted.

The boys and girls who took part of W.C.T.U. temperance examinations made good marks. Their standing in the local Sunday school was as follows: 1st, Douglas McCourt; 2nd, Madeline Dubuc; 2nd Juniors; 1st, Kathleen Bailey; 2nd, Eunice Moore; 3rd, Annie McCubbin.

The members of the W.M.S. observed the annual day of prayer. Nineteen members were present, representing the Anglican and United Churches, Windsor, and Brompton, Anglican. Mrs. (Rev.) Watson had charge, and conducted the programme provided by the International Society. A fine spirit of worship and intercession pervaded the whole service, and fifty per cent of those present took an active part in the programme.

The W.C.T.U. held their monthly meeting at Mrs. Otis Caswell's. Miss E. V. Greenlay presided. There was an attendance of nineteen members and two visitors. Miss Greenlay gave a report of the world's convention held in Switzerland. The afternoon was very delightfully spent.

The Lower Windsor Ladies Aid met at the parsonage on Thursday, February 21st. Mrs. John Watson, the president, presided. Mr. Shier assisted in the devotional exercises. Mrs. Robt. Farquhar gave the society report for 1928. Miss E. V. Greenlay was asked to speak on the work of the W.C.T.U., and she urged the Lower Windsor ladies to organize a Union in their locality, and a new Union was organized. Refreshments were served by the members of the committee at the close.

KINGSEY FALLS

Mrs. B. O. Hastings is confined to the house through illness.

Miss Olive Blundin, of Montreal, spent the week-end with her parents here.

Miss Marian Brock, of Danville, spent a few days with her aunt, Mrs. J. W. Smith.

Miss Eva Johnston spent the week-end with her sister, Mrs. Frank Brown, at Brownleigh.

PRESENTATION OF PRIZES AT AYER'S CLIFF

Special Prize Distribution Took Place at Ayer's Cliff—List of Winners.

AYER'S CLIFF, Que., March 1.—The distribution of prize money to the winners in the different competitions, such as the hog fair, lamb show, calf feeding competition, etc., held in Stanstead County the past year, took place in the County Hall, Ayer's Cliff, Wednesday, February 20th.

A large number of sons of the soil from Stanstead, Hatley, Boynton, Tomfobia, Waterville, Massawippi, Fitch Bay, Katevale, Magog, Barnston, North Hatley, Ayer's Cliff, were present to reap the fruit of their labors for 1928 in swine, sheep and cattle raising.

The prize money to the amount of \$1,495.50 (\$1,085.50 of this being provided by the Federal and Provincial Governments) had been held until the time for the purpose of calling together the winners and other interested farmers, to show them to just what extent these competitions were benefitting not only themselves, but the county as well, by the increase of more and higher grade stock exhibited at the County Fair which saw in its eighty-second exhibition last year the biggest and best yet.

Mr. E. E. Temple suggested that Mr. W. G. MacDougall, agronomist of Lennoxville Experimental Farm, act as chairman for the evening, and the unanimous approval of the meeting showed that Mr. MacDougall was well and favorably known.

The chairman stated briefly the object of the meeting and the pleasure at being able to present such a number of prizes to the many boys and girls he had become acquainted with throughout Stanstead County. Mr. P. M. Elliott, of the sheep and swine branch of the live stock department, Ottawa, was then called on to speak.

Mr. Elliott, who is well known as a speaker at the Farmers' Club, and also as a judge in the swine and sheep departments at the County Fair, advised his listeners that on account of his recent indisposition from flu, he was not feeling his usual self and would therefore curtail his remarks.

He paid Stanstead County farmers the compliment, that Stanstead County, as represented at the County Fair, was one of the best sections in the Province of Quebec, for mixed farming. He strongly urged co-operative markets and gave as illustrations the success and benefit of this kind of market, as enjoyed by the western farmers, such as United Grains, in Alberta; United Farmers, in Ontario; Maritime Live Stock Board, etc. Quebec province is the only province not organized. Regulation of the stock market which effects every contributor was also spoken of.

The chairman then announced that following the reading of the prize winners in the hog and lamb shows, cheques for the amount would be given them by Mr. MacDougall and that arrangements had been made with Mr. F. A. Johnston, manager of the Bank of Montreal, whereby the cheques could be cashed there in the hall if anyone wished. Almost everyone took advantage of this opportunity and Mr. Johnston assisted by Mr. K. L. Mosher, were kept busy for some time.

Previous to the cashing of cheques the bank manager, Mr. Johnston, gave a short address, which contained excellent advice, and especially for the children, into whose hands many of the prizes went. It was on the value of having a bank account and starting it when young for the habit of saving formed in youth would naturally continue on through life. School fair, calf feeding competition, etc., were doing much, he stated, to stimulate the child's ambition to work and earn, he urged that children be allowed to attend his or her bank account personally, this would tend to increase their desire to watch the account grow.

Mr. Stephen Bolly, the district live stock promoter, then came forward to express his pleasure at the fine reports on the Yorkshire and Holstein cattle and calf clubs in Ayer's Cliff and North Hatley. He then read the reports of the herd milk test, giving the herd owner's name, average number of months, average pounds of milk per cow per month, average pounds of butter fat per cow per month, average pounds of milk per cow for entire period of milking, points and prize. These were listened to with much interest.

Mr. Bennett, one of the youngest live wires from the live stock department, Ottawa, came next and he explained in detail the desire and methods of the government to aid the farmers in producing higher grade and better type of sheep and

swine. In Prince Edward Island and on the evening of that day a community meeting held in what ever town the group were in. The meeting given by the group of which Mr. Connor was a member was most successful, some 350 or 400 people being present. The idea of these meetings was to promote greater interest in club work throughout the states. Other interesting events during the first week was a visit to Mr. Moses' farm, at Moronoco, Mass., where baseball, football, barn yard golf were the games indulged in until supper, a novel affair, where each person cooked beefsteak over an open grate.

The second week found the Eastern State Exposition in full swing. Monday and Tuesday evenings the training school students put on a parade in the coliseum, marching with the flag of his or her province or state before the governors of the New England States. Much time during the remainder of the week was spent in viewing the different branches of the live stock departments.

One of the crowning features was the banquet given by Mr. Mose to the students and instructors the evening previous to their departure. This was held at a prominent downtown hotel in Springfield, away from the tension and excitement of the Exposition crowds, where it was possible to formulate, resolve and contemplate on all that had transpired during the training course.

Both Mr. Little and Mr. Connor expressed their sincere appreciation of being able to take this trip and the hearty applause given by the audience at the conclusion of these interesting narratives showed how much they had enjoyed the pleasure of hearing about them.

Mr. E. E. Temple then advised those present that refreshments of coffee, sandwiches, cake and ice cream would be served by several ladies and assistants. A social time was enjoyed while the informal lunch was served, and it was generally felt that one of the most successful meetings of 1929 had been brought to a close.

THE CRUSTACEANS The lobster, crab, crayfish and shrimp are crustaceans. They are covered with a greenish shell armor which becomes red upon being boiled. These shellfish, instead of having their bones inside the flesh as do most animals, are reversed and have the shell upon the exterior. The "indigestible" reputation of the lobster is usually because of the sauces and mixtures that are eaten with this tasty meat.

Read these simple conditions:

1 Any resident of the Dominion of Canada or any resident of the United States and its possessions is eligible, excepting individuals and families of individuals engaged, either directly or indirectly, in the manufacture, sale, commercial finishing or professional use of photographic goods. This contest is strictly for the amateur. Contest starts March 1, closes May 31, 1929.

2 Any Kodak, Brownie, Hawk-Eye, or other camera producing negatives not larger than 3 1/2 x 4 1/2 inches (pocket size) and any brand of film, chemicals and papers may be used in making pictures for this contest. A contest card must accompany the camera. The finishing, of course, may be done by the dealer.

3 Both ordinary contact prints, and enlargements not to exceed 7 inches in the long dimension, are eligible; but, 4 In the Special Enlargement Competition, prints of any size, but not less than 9 inches or more than 17 inches are eligible. Entries in the Enlargement Competition are eligible for Special Enlargement Prizes only.

5 Prints shall be unmounted; but an entry blank shall be enclosed. Use the accompanying blank, obtain others from manufacturers, or write to the Prize Contest Office, Canadian Kodak Co., Limited, Toronto 9, Ontario, by the specified closing date.

6 An entrant may submit as many pictures as he pleases and at as many different times as he pleases, provided that the pictures have been made on or after March 1, 1929, and that they reach the Prize Contest Office, Canadian Kodak Co., Limited, Toronto 9, Ontario, by the specified closing date.

7 Entries in the Child Picture Contest to be eligible for the March award shall be received at the Prize Contest Office, Canadian Kodak Co., Limited, Toronto 9, Ont., by midnight of March 31, 1929; and for the April award by midnight of April 30, 1929. In the picture shall not have passed the twelfth birthday.

8 A picture that is to be considered in the Child Picture Contest must be so designated on the back. In the case of other pictures, however, the entrant need not, unless he wishes to specify into which of the classifications his pictures should go. The Prize Contest Office reserves the right to change a classification for the benefit of the entrant, the pictures will go into the classes in which they are most likely to win.

9 Each prize-winning picture, together with the negative, will be sent to the entrant for use for advertising, publication, or exhibition in any manner, becomes the property of the Kodak Company.

10 No prints can be returned, except that entries in the Enlargement Competition will be returned upon request. All mailings are at the entrant's risk. Do not send negatives unless they are requested.

11 The decision of the judges will be final. In the event of a tie, the advertised award will be paid to each of the tying contestants.

12 All pictures will be judged 50% on the subject interest; 25% on composition and arrangement; 25% on photographic excellence (correctness of exposures, etc.).

13 Mail pictures to Prize Contest Office, Canadian Kodak Co., Limited, Toronto 9, Ontario. 14 An entrant may receive only one prize. In case the judge selects any entrant for more than one award, he will receive the largest thereof. If he wins, for example, a \$100 provincial prize in the Child Picture Contest, and if either the same print or another of his prints in the General Contest wins an award larger than \$100, he will receive the larger amount. The Kodak Company will consider the purchase of desirable pictures even though not prize-winners.

15 Winners of the provincial prizes in the Child Picture Contest for March will be notified as soon as possible after March 31, and for the April Contest as soon as possible after April 30, 1929; winners in the Special Enlargement Competition and all other classifications will be notified as soon as possible after May 31, 1929.

Read the details below.

CANADIAN KODAK CO., LIMITED Announces the Largest Prize Contest in Photographic History \$30,000.00 in Cash Awards for Amateur Picture-Takers Only

Grand Prize \$2,500 . . . 11 Prizes of \$500 each . . . 11 Prizes of \$250 each . . . 125 Prizes of \$100 each . . . 1,223 Money Prizes in All . . . for snapshots, time-exposures, enlargements . . . only strictly amateur photographers may compete . . . Every picture-taker has an equal chance to win! THIS is a contest for everyone. It is easy to enter—and there are 1,223 money prizes. Perhaps you have not taken more than a half-dozen pictures in all your life—you may never before have held a camera in your hands—yet your entry may please the judges most. And regardless of the make of camera you use—from an inexpensive Kodak, Brownie or Hawk-Eye on up to a camera of the costliest kind—your chance to win is just as good. This prize money will not be awarded for technical skill alone. You do not need to be an experienced picture maker to win. The bulk of this \$30,000 will go to those who send in the most interesting pictures in each of 10 different classifications. Now is the time to get your camera into action. The opportunity to win a cash prize of anywhere from \$2,500 down to \$5 is knocking at your door. Here is the way in which the \$30,000 prize money is to be distributed. You may enter for each and all of the classes. Send in as many entries as you like. The more pictures you submit in this contest the better is your chance of being numbered among the 1,223 fortunate ones to win. GRAND PRIZE—For the Best Picture of Any Type—The best picture of all of those submitted in the following classifications will be awarded a grand prize of \$2,500. PROVINCIAL AND STATE PRIZES—For Child and Baby Pictures—\$11,400 will be awarded for the pictures showing the most interesting children . . . in both March and April \$100 will be given for the best child picture from each province of Canada and each state of the United States\* making 114 prizes in all. \*The Maritime Provinces of Canada count as one province. British Columbia and the Yukon count as one province. District of Columbia counts as one state; Hawaii, Alaska and all other U.S. dependencies combined count as one state. Snap as many youngsters as you want from babies to boys and girls who are beginning to think of themselves as young men and women. Maybe there's a baby right in your own family that could help you win first prize by a big margin. Not necessarily a beautiful child, but one with personality, character, "IT"—in eyes and smile and dimples. Maybe there's such a youngster next door, or next street, but no matter whose baby it is, get the kind of picture that shows it at its best. Every picture of children that you submit stands a chance of winning the Grand Prize; or any of the 103 prizes in each of four other awards. And even if you don't come in for a share of the prize money you will, at least, have made an attractive picture to add to your collection. With a little patience, however, you can almost surely get a picture good enough to win. A striking close-up of a boy or girl; a group at play; youngsters laughing, sleeping, in every-day clothes, romping, overalls or fancy costume. Anything goes as long as it is a picture of children, and if it has the least spark of interest in it, don't fail to send it in. What looks to you like a "flop" may look like a "wow" to the judges. This award gives you 105 chances to win: (1) You can enter the March contest for the best child picture from your province, (2) You can enter the April contest for the best child picture from your province, (3) The pictures that you have entered for the provincial contest during either of these months and pictures that reach Toronto during May are all eligible for the Grand Prize of \$2,500 or for any of the one hundred and three prizes in Awards No. 2, No. 3, No. 4, and No. 10. AWARD NO. 1—Scenic—For the best picture of any city or country outdoor scene . . . a first prize of \$500; a second of \$250; a third of \$100; 25 prizes of \$10 each and 75 prizes of \$5 each. Here's your chance to capitalize your ability to spot an interesting outdoor subject. Landscapes and marines, distant and nearby view, mountains and water, nearby bits of nature composition, travel subjects and street scenes. AWARD NO. 2—Informal Portraits—Pictures made at home, say two to ten feet distance, for the purpose of showing a person's features . . . a first prize of \$500; a second of \$250; a third of \$100; 25 prizes of \$10 each and 75 prizes of \$5 each. AWARD NO. 3—Story-Telling Pictures—For the pictures telling the most interesting story . . . a first prize of \$500; a second of \$250; a third of \$100; 25 prizes of \$10 each and 75 prizes of \$5 each. Take a picture in which children, adults or animals do something—anything except looking at the camera. For instance, a puppy pulling at a baby's sleeve, children in any form of play; father proudly exhibiting the new car to a friend. There are any number of opportunities for you to take pictures like these. AWARD NO. 4—Sport Pictures—For the best pictures of sports and games . . . a first prize of \$500; a second of \$250; a third of \$100; 25 prizes of \$10 each and 75 prizes of \$5 each. It may be skating or coasting, or riding—or baseball, tennis, golf, hiking, too . . . and boating, archery, riding—all serve as opportunities to make prize winning pictures. AWARD NO. 5—Animal Pictures—For the best pictures of pets, live stock, wild animals either at large or in zoos . . . a first prize of \$500; a second of \$250; a third of \$100; 25 prizes of \$10 each and 75 prizes of \$5 each. AWARD NO. 6—Nature Study Pictures—For the best pictures of flowers, birds, butterflies, leaves, rocks, spiders, any nature subject . . . a first prize of \$500; a second of \$250; a third of \$100; 25 prizes of \$10 each and 75 prizes of \$5 each. AWARD NO. 7—Buildings and Architectural Details—For the best exteriors of homes, churches, schools, offices, libraries, other buildings, or portions thereof . . . a first prize of \$500; a second of \$250; a third of \$100; 25 prizes of \$10 each and 75 prizes of \$5 each. Each of these big cash prizes will have to be won by somebody . . . why not you! Aim at the big money and you stand an excellent chance of winning it or of coming in for one of the smaller prizes. Don't miss this chance of winning a share of the big prize money; there is always the certainty of being rewarded with some excellent pictures you might otherwise fail to get. THESE ARE THE JUDGES. Observe how diversified are their interests and how broad are their viewpoints and experience. You must admit that no fairer Board of Judges could be assembled than that represented here: Madame Galli-Curci, internationally known singer; Miss Ethel Barrymore, leading actress; Howard Chandler Christy, noted artist; Hector Charlesworth, author, critic, editor "Toronto Saturday Night"; Clare Briggs, famous cartoonist; James R. Quirk, publisher, Photoplay Magazine; Rudolf Eickemeyer, distinguished photographer, Medalist Royal Photographic Society of Great Britain; Kenneth Wilson Williams, editor "Kodakery" and photographic expert. For the two Monthly Child Picture contests, the following will be judges: James R. Quirk, Rudolf Eickemeyer, Kenneth Wilson Williams. NOW—Read the simple contest conditions and get your camera out!

Kodak Film in the familiar yellow box is dependably uniform, reducing the danger of under- or over-exposure. It gets the picture.

PRIZE CONTEST ENTRY BLANK Form with fields for Name, Street Address, Town and Province, Make of Camera, and Make of Film. Includes instructions to enclose the blank with the print and to not place the name on either the front or the back of any picture.

BOY SCOUT NEWS

2ND PACK TO HOLD HIKE All members of the 2nd Pack are requested to be on hand at headquarters at two o'clock sharp, tomorrow afternoon, for the purpose of attending the monthly hike, at which time they will hold a joint hike with the 7th Pack. Any who find that they cannot be on hand at sharp two o'clock should communicate with Akela.

5TH ST. PETER'S TROOP

The regular weekly meeting of the 5th Troop was held in St. Peter's Church Hall, last evening. There were some twenty boys and leaders present. The mothers of the boys were also present at this meeting. The opening was made with the usual ceremonies and inspection of patrols followed by a period of games, during which a "duck fight," "hand push" and "hog tying" competition was held.

Five boys, four of whom came up from the wolf cub pack some time ago, were then made members of the "World Brotherhood of Scouts" and of the 5th Troop, receiving their Tenderfoot badge. The boys who were invested are Trevor Stevens, Keith Ryott and Joe Vogell, of the newly named Moose Patrol, formerly the Rookies, and Eric Maddiss and Wouglas Wootton, of the Fox Patrol. An instruction period, in which the second class work was studied was then taken, followed by more games and lastly flag lowering and prayer.

5th Mother's Auxiliary During a part of the scout meeting the mothers of the cubs and scouts of the 5th St. Peter's, formed themselves into a Mothers' Auxiliary to work with the leaders for the 5th Troop and Pack. On election, Mrs. Ryott was made president and Mrs. Stevens was made secretary-treasurer. The next meeting of the 5th Mothers' Auxiliary is to be held at the home of the president, Mrs. Ryott, on Montreal Street, on Friday, March 15th, at 4 p.m., at which all the mothers of the boys, who possibly can, are asked to attend.

Hike There was a hike of the 5th Troop last Saturday and twelve boys attended this, several passing second class tests. There is to be another hike this Saturday, meeting at the hall at 1:15 p.m. Bring something to cook.

ET.S.O.A. Will the local officers please answer the circular sent to them some time ago, regarding the Rally and Leaders' Conference? This is quite urgent.

After all, most husbands are like children MANY a man owes his daily fitness, his success, to the wife who sees that "he takes good care of himself." She watches that he gets enough sleep, takes enough time to eat. She acts as family physician with every meal she serves. And often as not, Kellogg's ALL-BRAN is her trusted ally. For this healthful cereal has been adopted by countless women as the surest, easiest way to insure plenty of daily roughage, lacking in so many foods. They know how important roughage is. In safeguarding their families from constipation they are responsible for their own happier homes. Constipation is the bane of thousands. It attacks health. Ruins youth. Saps energy. Too often it brings serious disease. And yet it is easy to prevent. Kellogg's ALL-BRAN is guaranteed. Why ALL-BRAN is so effective Bulk or roughage relieves constipation naturally. ALL-BRAN furnishes bulk in generous quantity because it is 100% bran. This bulk absorbs moisture and distributes it through the digestive system. Gently distending the intestines—exercising them—sweeping out wastes and poisons. In a part-bran product the amount of bulk is seldom sufficient to completely perform this work. That is why doctors recommend ALL-BRAN. Because they know that it is 100% bran and 100% effective. Different from unnatural pills ALL-BRAN works as nature works. How much better than habit-forming drugs whose dose must be constantly increased — and which sometimes injure the system. Kellogg's ALL-BRAN is an inviting cereal to eat with milk or cream. Delicious with fruits or honey added. Sprinkle it into soups too. Use it in cooking—recipes on package. Mix it with other cereals. Eat two table-spoonfuls daily—chronic cases, with every meal. If you will serve it in some form regularly, you will surely protect your family from dread constipation. ALL-BRAN is sold by all grocers. Served at hotels, cafeterias. On diners. Made by Kellogg in London, Ontario. Guaranteed! Kellogg's ALL-BRAN is sold with this definite guarantee: Eat it according to directions. If it does not relieve constipation safely, we will refund the purchase price.

ST. DAVID'S DAY Today the people of Wales are observing the feast day of St. David, the patron saint of Wales. St. David was an archbishop of Caerleon in the sixth century A. D.

The people of Wales, regardless of whatever part of the world they may be in, are a loyal and devoted people, who fondly cherish the land and home of their ancestors, and each year as the national day comes around they are always ready to pay just tribute to the event.

So far as Sherbrooke is concerned the day is not marked by any special celebration, although the event does not pass by unnoticed by those of this district who claim Wales as their native land.

BUDGET WILL BE PRESENTED TODAY

It is understood that Hon. James A. Robb, Federal Minister of Finance, will have most encouraging news for Canadians when he presents his annual budget in the House of Commons this afternoon. It is expected that the minister will not only be able to announce a surplus of ordinary revenue over ordinary expenditure amounting to approximately \$100,000,000, but also an appreciable decrease in the net debt of the Dominion.

Ordinary revenue for the present year will, it is expected, be estimated at between \$425,000,000 and \$450,000,000, the greatest source of ordinary revenue being from customs duties, which will be estimated in the neighborhood of \$175,000,000. Increases in the revenue from excise duties and income tax in connection with the last fiscal year are also looked for.

Canada's position is becoming stronger every year, and all Canadians can be justly proud of the wonderful progress that this country of ours is making.

HIGHWAY CROSSING ACCIDENTS

The need for more adequate protection at railway crossings has become more and more apparent each year as the death toll has steadily ascended with the increase of vehicular traffic on the roads of the Dominion. But it is also quite obvious that something will have to be done to force reckless motorists to take ordinary, common sense precautions when approaching dangerous places if the annual number of train-auto fatalities are to be reduced to any appreciable extent. This fact is brought out quite clearly by a glance over the report of the operating department of the Canadian National Railways made public yesterday.

More than twenty-five per cent. of the accidents at railway and highway crossings on the Canadian National Railways during the past year were caused by drivers of automobiles and other vehicles running into the side of engines and trains, rather than by these vehicles being struck by trains. Such is the amazing statement contained in the report, which goes on to state that in some cases, with a perfectly clear vision of the track on both sides of the highway and with the locomotive whistle having been sounded and the bell ringing, motor cars were driven into the side of train cars as far back as twenty to thirty cars behind the locomotive. Altogether during the past year there were 814 accidents on the C. N. R. at highway crossings, which claimed a total of 129 lives and injured 332 persons.

The Canadian Good Roads Association has devoted considerable time and attention to the question of dangerous crossings, consistently urging upon the Government, Railway Board and the municipalities the necessity of aggressive co-operative action to cope with the menace these constitute to life and limb. Any move to reduce the number of fatal motor accidents at railway crossings will meet with general approval, but the reckless driver, the driver who in taking unnecessary chances endangers the lives of others, must not be overlooked.

THE REWARD OF GOOD WORK

Don't fool yourself. The reward of work well done is always the same thing: MORE WORK. It isn't promotion to a snap. It isn't a relieving of responsibility. It isn't an increase in pay. These may come in time, but the one sure result of doing good work is always being given more work to do.

If you show yourself reliable in little, much will be added unto you. It is the way up. But it is not the way to sinecures. "My work becomes heavier all the time," writes a young man correspondent. "I have been given charge of another department in addition to my regular duties. It was necessary to reorganize it completely. For the extra work I am compensated only with experience."

That is the usual compensation—at first. In every office and factory and organization, as years go by, some young men gradually work up and others drop out of sight.

Those that disappear fail for a number of reasons. Some of them neglect their health, some get into money difficulties, some have domestic troubles and are continually worried, and some quit when they do not receive immediate advancement for work well done.

There is a limit to everything, and there are situations where the only way to better yourself is to leave.

But the overwhelming majority give up too soon, rather than too late.

If you are getting discouraged because your good work is not immediately rewarded by promotion or a raise in salary, wait a while longer,

doing your best.

How long have you remained unrewarded? One of the greatest editors in modern times worked in the same magazine office in a minor position for NINE YEARS before he got the advancement he knew he deserved.

Napoleon was an obscure lieutenant for SEVEN YEARS before he was given a chance to show his ability as a leader.

Rodin, the great sculptor of "The Thinker," worked for FORTY YEARS under ridicule and rejection, part of the time having to sell his skill to other artists for bread.

They were men who knew they possessed ability greater than those around them. They did possess such ability. But they had to wait for their just reward. If they had given up any time along the way, it would never have arrived.

Visualize those hours and days and years these geniuses had to wait. Then hold on a little longer before you gave up.—Cpt. 1929.

PARAGRAPHS

It's queer that police never know where to find crooks until a general round-up is ordered.

Many Europeans do not recognize the Monroe doctrine, but you can't blame them. Monroe wouldn't, either.

If you would judge a man, observe whether green grass prompts him to speak of poetry, sheep or golf.

The hyphen in "co-ed" indicates the combining of two things, such as education and husband-hunting.

Alas! You know it's a circular letter if it needed an air mail stamp to make it seem important.

The trouble seems to be that one set of men signs the peace treaties and another set manufactures fighting material.

If you do evil you will suffer. "But," you say, "I did evil and no harm came of it." You are mistaken. You may have done something men call evil, but obviously it wasn't.

It's only a question of time until some scientist kicks in with the theory that all of the energy is contained in female atoms.

It's hard to decide whether this generation abolished hell or just anticipated it.

Aw, what's the use? By the time evolution produces a pedestrian who can leap over cars, he'll crack his head against low planes.

When some doctor experiments on a dog to discover a means of curing man's disorders, people call it cruel; however little the dog suffers. "Why sacrifice poor dumb brutes for the good of man?" they ask. Then they eat steak from a steer that fell bawling when knocked in the head, or perhaps order and eat raw oysters—presumably alive.

Correct this sentence: "Girls of your age," said the mother, "didn't even think about boys in my time."

Yale University's gross receipts from football last year were \$1,033,000; net profits, \$543,084. Harvard's total income, from colonial grants and individual gifts during the first 184 years of her existence, fell short of this staggering sum derived from public amusement.

FISHERMEN'S ENEMY. (Liverpool Weekly Post) "I have been forty years at sea and in the Arctic, and I have never used alcohol," said Sir Wilfred Grenfell, the Labrador explorer and missionary, at a meeting in Manchester. He had known Dr. Nansen for many years and he knew Sir Ernest Shackleton, and both maintained that alcohol was unnecessary. It was the fisherman's greatest enemy.

THE "FROZEN NORTH" RETREATING. (Edmonton Journal) Dr. E. M. Kindle of the geological survey has just issued a pamphlet in which he urges the abandonment of the name "Barren Lands" for the great area stretching eastward from the Mackenzie Valley to Hudson Bay and north to the Arctic. He holds that it is a complete misnomer for most of the land in question, which is a rich and fertile plain, luxuriant in vegetation and dotted with thousands of lakes. . . . The so-called Barren Lands are included in the pre-Cambrian formation, and mining prospectors have an immense and inviting field there. As they penetrate this and mineral discoveries take place development along other lines must follow.

MUSSOLINI OR THE DUCE? (Christian Science Monitor) On the eve of the meeting of the "Big Three" at Lugano to smooth the way to lasting peace, and of the debate in the United States Senate on the Pact of Paris, Benito Mussolini made a speech before the Italian Chamber of Deputies which has produced a disturbing effect among those who base great hopes upon the Briand-Kellogg document. He said that Italy signed the pact because "we absolutely do not want it said that the world would be swimming in milk and honey, that this planet which we inhabit would be a paradise, but that all this beautiful feast had been spoiled by Fascist imperialism." Therefore, he would sign the treaty and then see that Italy was properly armed, that it had greatly increased armaments on sea and in the air. This latter task would be essayed as soon as Italy had passed its period of "convalescence."

It is difficult to see what the Duce hopes to achieve by such a decision, by placing his faith in arms rather than on a peace of the pen. Pre-war days are still vivid in the thoughts of men. Then the cry of preparedness was heard on all sides. But it only engendered suspicion, doubt and ill-feeling. To revive that cry is to stir up old animosities, to defeat the very purpose for which the leaders of nations are striving. But those who know the other side of Mussolini will hope that his words constitute a mere gesture, that he is assuming the pose of the Duce, and that it is not the true Premier of Italy who is speaking. Otherwise his friends may come to believe that he has lost his faith in humanity.

Social and Personal

Mrs. George Hume, Montreal Street, is spending a couple of weeks in Montreal.

The Misses E. and L. Van Vleit and Miss Doris Stevens are spending a few days in Montreal.

Mrs. Banfill, of East Angus, is the guest of her daughter, Mrs. Lennox Wilson, for a few days.

Mr. Lennox Wilson spent a couple of days in Saranac recently, with his brother, Mr. Meredith Wilson.

Mr. G. F. Bradford, 126 London Street, is today receiving congratulations on the occasion of his seventy-sixth birthday.

Mrs. Henderson Black, who has been visiting her daughter in Lennoxville, has returned to her home in St. John's, Que.

Miss Sylvia Mead, of this city, is spending the week-end in Coaticook, the guest of her cousin, Miss Isabelle Hansford.

The friends of Miss Rachel Davidson will be sorry to learn that she is now in the Sherbrooke Hospital suffering from an acute attack of pleurisy.

Mr. and Mrs. J. Black spent a day or two in Ormstown, the guests of Mrs. Black's parents on the occasion of the latter's forty-fifth anniversary.

Miss Eunice Lawrence, of Bury, and Mrs. Neil Stewart, of Marsboro, spent yesterday in town the guests of Miss Bea Lawrence, Portland Avenue.

Mrs. J. Dougherty, of Outremont, has returned home after spending a short time in this city with her daughter, Mrs. Gordon Bambridge, Newton Street.

The many friends of Miss Muriel Parkes will be interested to hear that she has taken leading parts in two plays produced at the Little Theatre in Jacksonville, Florida, during the winter season.

A jolly party took place on Wednesday evening when a number of people arranged an old-fashioned soiree. After a delightful outing they arrived at the "Nurses' Home", where an informal dance was held, after which a delicious supper was served.

Mr. James Hamilton, formerly of Sherbrooke and Lennoxville, has accepted a position on the staff of the newly organized poultry department of Macdonald College and is at present in residence there. Mrs. Hamilton and their sons, Donald and Peter, expect to join him very shortly at Ste. Anne's.

Mrs. Austin, who is spending the winter at the "Homestead" in Montreal with her daughter, Mrs. E. H. Drury, has been quite ill for some weeks, but her many friends will be glad to hear that she is improving and able to sit up every day for a short time. Mrs. Drury, who also was indisposed, has now recovered.

Mrs. Lennox Wilson, Queen St., entertained at bridge on Tuesday and Wednesday of this week. Cards were played at four tables each day, and the prizes were awarded on Tuesday to Mrs. F. A. Briggs, Mrs. S. A. Banfill, Mrs. J. K. Edwards, and Mrs. L. R. McKee. On Wednesday the prize-winners were Mrs. C. Beucher, Mrs. F. S. Rugg, Miss Dorothy Kerr and Mrs. B. N. Holtham. The tea table was arranged with rose tulips and freesia, with green candles, and presiding on Tuesday were Mrs. F. B. Wilson, who poured tea, with Mrs. P. M. Robins cutting the loaves. The following day Mrs. Banfill poured tea and Mrs. Holtham cut the loaves.

Mrs. Bignell, of Quebec, has been the guest of Miss Helen Hetherington, Queen Street, en route to Bermuda.

The hostesses for the Badminton tea on Saturday will be Mrs. Kenneth Wilson, Mrs. E. G. Lawrence, Miss Margaret Haight, Miss MacAulay and Miss Mona Bigg.

The regular meeting of the 53rd Chapter, I.O.D.E., was held yesterday afternoon at the home of Mrs. S. Cathcart, Frontenac Street, with the regent, Mrs. T. A. Lougheed, in the chair. Business routine was carried out, during which a donation of ten dollars was voted to the V. O. N. It was decided to have no meeting next week, but the following Thursday, March 14, the members will meet with Mrs. G. S. Thomson, 131 Victoria Street. At the tea hour the hostess was assisted by Mrs. A. Dean and Mrs. R. Lougheed.

Mrs. Ruth Shaw, supervisor of Junior Red Cross work in this province, is expected in town today and will be present at the entertainment this evening in the Church of the Advent Hall to be given by the East Ward Juniors. Mrs. Shaw will present the Red Cross flag to the school. A most interesting programme has been prepared, this including folk dance by the Juniors, songs in French and English, recitations, and a playlet entitled "Pirate Percy and the Slovenly Sloop" which promises to be a real "thriller". Miss Hyndman, principal of the East Ward School, has supervised the practices for the entertainment, and the children have been keenly interested in their undertaking.

The old-fashioned box social held last evening in the tea room of Trinity United Church proved a most enjoyable event. The ladies brought boxes, prettily decorated and filled with a dainty lunch, as was so often done in "ye olde days" and these were auctioned off by Mr. J. A. Barrie, who proved himself an artist in his line. After a time devoted to the boxes and their contents, all joined in a community sing-song, led by Mrs. F. H. Bradley and Mr. Gordon Armistage. Old-time games and carpet-bowling provided good amusement, and the evening was brought to a close with the singing of "Auld Lang Syne". All agreeing that the evening had been a happy one, and the programme most entertaining in every detail.

The regular meeting of the Women's Missionary Society of Plymouth United Church was held yesterday, and a most interesting programme was provided. Mrs. W. H. Abbott was returned to the office of president, Mrs. Rothney having been unable to accept the office, but was willing to act as vice-president, her former office, and also as third member of the finance committee. About thirty members were present and several matters pertaining to the work of the Society were discussed. Mrs. Schofield gave the chapter of the study book in an interesting way, and Mrs. J. K. Edwards contributed two beautiful vocal solos, "Spring" and "At Parting". These added much to the enjoyment of the meeting. She was accompanied by Mrs. Cross, Mrs. G. Elery Read read a letter from a missionary in Africa, and Rev. Dr. Read spoke to the members in appreciation of their work in raising the allocation, and asked for their assistance in connection with certain lines of church work. At the tea hour the hostesses were Mrs. D. M. MacAulay and Mrs. J. S. Robertson, with Mrs. A. Duguid and Mrs. R. Mead presiding at the tea table, and the Misses Sylvia and Ruth Mead assisting.

The Modern Home

Mural decoration plays a big part in the modern home. And of all kinds of decorations, the rough finish for walls is one of the most popular. During the past few years the vogue has increased greatly. It is no longer reserved just for offices, but is now seen in the most sumptuous homes. Its rich appearance, its ease of application and its reasonable cost have made it popular.

DURALITH

is the name that architects have given their new product which they invented to fill the growing demand for this kind of finish. It is a preparation which gives a rich finish to the walls which it covers. It permits color harmonization with furnishings, tapestries, carpets, etc.

ECONOMICAL, RAPID, SANITARY

DEMONSTRATION

Today and Saturday, March 1 and 2, an expert decorator will give a demonstration of the best ways in which Duralith can be used. He will explain the uses of Duralith today until late in the evening.

Proprietors, Contractors and Decorators

and all interested in interior or exterior mural decorating are cordially invited to see this demonstration.

CAME IN LIKE A LAMB. A lamb-like morning, with bright sunshine, sparrows all a-twitter, and spring in the air—does it mean that the rumping, roaring lion is hiding just around the corner?

One of Sherbrooke's reliable weather prophets was halted on the street this morning and asked the time-honored question as to the prospects of March weather. His reply was: "Well, folks don't pay much attention to those things today, but we'd better watch out. There may be days as mad as a March hare before the month is gone, but we might just as well go on thinking about spring; it will help to pass the time away."

Early this morning the mercury stood at five above, and the readings at the Experimental Station for March 1st, 1929, were maximum twenty-nine, minimum seventeen above; cloudy in morning and bright in afternoon. This shows that today is no exception to mild March firsts.

People of today do not place so much reliance on the old-fashioned theories regarding weather doings, yet the first day of March is looked upon by many as a weather-indicator, insofar as the old saying, "in like a lamb, out like a lion" is concerned.

Early this morning the mercury stood at five above, and the readings at the Experimental Station for March 1st, 1929, were maximum twenty-nine, minimum seventeen above; cloudy in morning and bright in afternoon. This shows that today is no exception to mild March firsts.

## MAPLE LEAFS WON OUT OVER MAROON SQUAD

Took Sole Possession of Third Place by Reason of 4 to 0 Win—Ottawa Lost to Boston 4 to 0—Remaining Two Games Scoreless Draws.

(Canadian Press Despatch) MONTREAL, March 1.—Home teams failed to score a goal in last night's National Hockey games but two of them managed to come off with draw verdicts, as their opponents in these games also failed to score.

Last night's scores were: Montreal 0; Toronto 4; Ottawa 0; Boston 4; Rangers 0; Chicago 0, (at Detroit).

Canadiens 0; Americans 0.

Maroons Lost to Toronto

At Montreal the visiting Toronto Leafs played hockey of a championship calibre to take sole possession of third place in the Canadian section of the league. Two goals in the first period, one in the second and another in the third gave the Leafs their well earned victory. The defeat practically meant elimination from a chance at a play-off position for the Maroons. They are only two points behind the Leafs, but they have only four more scheduled games whereas the Leafs still have six to play. Duncan, Day, Horne and Cox did the scoring for the Leafs in that order. The Maroons looked good in the first period, but faded from the picture soon after the start of the second.

Boston Defeated Senators

The Boston Bruins visited Ottawa and handed the Senators a 4 to 0 beating. The win sent the Bruins into a tie for first place with the Rangers, who were being held to a tie by the lowly Chicago Hawks. The Bruins have played two games less than the Rangers. Prior to the game, the Ottawa team had a mathematical chance of finishing in third place in the Canadian section but the defeat just about put an end to their play-off position aspirations. Welland, Carson and Owen scored for the Bruins, Carson getting two.

Scoreless Draw in New York

At New York, neither Canadiens nor the Americans made any impression against each other and they had to be content with a scoreless draw verdict. As a result of the draw, the Americans are still three points behind the Canadiens in the race for first place in the Canadian division.

Gardiner's Work Spectacular

Chuck Gardiner's goal tending in the game at Detroit was the main reason why the Rangers failed to score over the hapless Hawks. The little English goalie put on another of his perfect exhibitions and even the famed Ranger front rank could not beat him. His team mates worked hard throughout, but failed to make much impression against the Ranger defense, which was backed by the steady work of John Ross Roach in the net.

The standings are:

## PACIFICS LOST FIRST PLAY-OFF TO ST. FRANCOIS

Montreal Team Scored Three Goals in Third Period to Take Lead—Baril Outstanding for Visitors—Final Score 3 to 1.

For the first time this season the Pacifics tasted defeat last night when the St. Francois Xavier team of Montreal trounced them by a score of three to one at the local Arena. In spite of the soft condition of the ice, a very fast brand of hockey was furnished throughout the game. The locals scored in the first period and maintained this lead in the second frame, but the invaders started a scoring bee in the final stanza to return home with a two goal lead for the second game of the series for the provincial intermediate hockey title to be played in Montreal on Sunday. The play was rough, many penalties being handed out by Gerald Wigggett. Baril scored all three tallies for his team.

One of the largest crowds to witness a hockey game in Sherbrooke saw the contest last night, over one thousand fans paying admission to the game. Nearly one hundred of these were from Montreal, while special train service having been many come in from East Angus, arranged for hockey followers from those parts.

About 8.45 Referee Wigggett came out and inspected the nets. Soon after both teams came on the ice, accompanied by officials of the Q.A.H.A. When the teams had been called to centre ice, a couple of presentations took place. First, Mr. J. G. Watson presented his cup to the Pacifics as the winners of the Sherbrooke and Stanstead Hockey League title; then the Conway Cup was presented to Austin Workman, the Pacific's goalie. This cup is awarded each season to the player who is considered to have been of most value to his team.

Locals Took Lead

The first period opened with the Pacifics on the attack, several fine line dashes being made by the locals, especially by Edgescombe, who threatened the visitors' nets several times. The St. Francois leads indulged in long shooting. Baril was penalized for tripping and desperate efforts were made by the locals to press home their advantage, especially by Mitchell, who put in some exceptionally hard work. A combination attack by Mitchell and Edgescombe was broken up, and Gagnon saved several very hard shots. St. Francois gained possession of the puck several times and bombarded Workman with considerable regularity. Wolfe finally got the rubber and stick-handled his way through to score the first tally of the evening after fourteen minutes of play. Shortly after LePage was sent to the box and it was only after the hard checking of Wilson that prevented a counter for the Montpeliers. The period ended with the Pacifics on the offensive.

During the interval the locals received a visit from Mr. C. B. Howard, M.P., who congratulated the boys on the excellent game they were putting up. O'Donnell started his shooting in the second, and gave Gagnon several very close shaves. Baril covered his way through for a counter early in the period only to have it ruled offside. Workman was put on the receiving end of several nasty shots, but was able to defend his goal. O'Donnell again opened a long range campaign against Gagnon, but was unable to tally. Shortly after this he was given a penalty for tripping. St. Francois then tried some long shooting, but their shots for the most part went wide. Alexander was banished and the locals were forced to extend themselves to retain their lead. Soon after Alexander's return Carroll was sent to the bench to be shortly followed by Edgescombe. Hard and gruelling play on both sides failed to change the score. The ice was beginning to show signs of the mild weather, cutting badly. The whistle blew with the Pacifics one up.

Visitors Staged Scoring Bee

Hardly had the final stanza opened, when Baril tied the score on a pass from Brunet. The local forward line, Edgescombe, LePage and Mitchell, immediately forced the play into the Montpeliers' defence area, but were unable to get past Gagnon. Then both teams re-
