MOUNT ROYAL, PARK EXTENSION, ST. LAURENT AND OUTREMONT

VOL. III. No. 49 SATURDAY, DECEMBER 12th, 1931 PRICE: TWO CENTS.

NO MUNICIPAL CHRISTMAS TREES FOR OUTREMONT IS VOTE AT COUNCIL MEETING

Amount of \$30 is Cause of Discussion—Ald. Sayer in Favor of Erection of Trees—Many Motorists Fined During Month.

The Outremont Council signified "thumbs down" on illuminated Christmas trees for the City this year at a meeting held last week. "Make the Municipality of Outremont bright with lighted Christmas trees, as in past years," was the plea of Ald. Sayer before the Council members. This suggestion was met with strong opposition from fellow members who thought that the corporation should divert this expenditure to the relief of the poor.

More than twenty minutes were devoted to a somewhat hectic discussion. The amount involved was \$30 for the erection, equipment and maintenance of three sturdy trees to broadcast the annual Yuletide cheer, yet, so divided was the Council in the matter, that Mayor Beaubien was obliged to cast the deciding vote to defeat the project.

"It is true that the price of the trees will not equal the price of a stove-pipe hat," Ald. Charles Bourassa contended, "yet consider the poor people in the community who will think we are dispensing the civic funds on extravagances, when they are begging for bread." Ald. Sayer, in response to Mr. Bourassa struck a different note. He said "the erection of these trees would create a spirit among the people to buy at Christmas time, and in this way not the individual alone would benefit, but the mass. Hundreds of dollars are spent each year through the medium of Christmas spirit, and undoubtedly this would be the case as much this year. The cry of depression must be brightened by some encouragement that all people will not see it too seriously."

City Manager Lacroix told the council that 499 motorists were fined during the month of November for speeding and other infractions of the traffic by-laws. "Police will not let up in their protection of pedestrians," he said.

NEW CHURCH TO BE BLESSED BY MGR. G. GAUTHIER

St. Germain Edifice Will Be Dedicated Tomorrow

Outremont's new \$350,000 St. Germain Church, corner of Cote Ste. Catherine Road and Bellingham, will be blessed by Mgr. Georges Gauthier, archbishop co-adjutor of Montreal, tomorrow morning, Father L. A. Desjardins, pastor, announced yesterday.

An invitation has been issued to Mayor Joseph Beaubien and members of the council to attend the ceremony which will mark the completion of Outremont's fourth Catholic Church. The new church is of Roman gothic style and is equipped with all modern

apparatus and up-to-date heating and ventilating systems. This new parish is a sub-division of Ste. Madeleine and St. Viateur French-speaking parishes.

May Have School
 St. Germain will probably have a parish school in the near future it was decided at a meeting of church wardens this week, though no official plans were announced.

Owing to the great expense incurred through the building of the church it was not considered likely that anything would be done on the new school before some time. The matter was contemplated seriously, however, owing to the increased number of school-goers in the parish, and it was further said that something would have to be done in a reasonable time.

There was no word of a site to be chosen for the school, but it was believed this would be close to the present church property or across the street.

Tiny Passengers Take Long Journey Alone

Bound for the home of their grandmother, Mrs. E. Broom, of Lynn, Cheshire, England, Doris Nicholson, aged 10, and her two-year-old sister, Vera, recently boarded the "Imperial" at the Canadian Pacific Railway Station in Winnipeg, travelling alone to catch the C.P.R. liner "Montclare," for Liverpool. Picture shows the beginning of their sojourn with the world's greatest transportation system, with the explanation of their tickets by A. E. Robertson, one of the road's long-service sleeping car conductors, their guardian across half the Dominion.

ST. MADELEINE'S CHURCH BEING REDECORATED

Redecorating the interior of St. Madeleine's Church on Outremont Avenue is progressing rapidly, and when completed will present a very artistically finished job.

The cost of painting the interior of the church will run into several thousand dollars it was reported, and the time taken to complete the work was estimated at about a month or two.

CANDIDATE FOR ST. MICHAEL'S URGES LIBRARY

Would Re-Arrange Tax Assessment to Suit Poorer Classes

WANTS PLAYGROUNDS

B. Witkov Was Chairman at Public Meeting

Representation according to taxation, Jos. Aronoff, J.P., second candidate for aldermanic honors in St. Michael's ward in the forthcoming municipal elections, urged in reference to the giving of positions to citizens in the civic administration. His plea was for a fair number of Jewish employees on the city payroll, and he told a large body of electors at the Annex Hall Wed. night that he would endeavor to bring about this measure, if returned by them to the important post of alderman for the ward. The meeting was held under the auspices of the Hebrew Political Club.

Property taxes should be levied in such a way as not to burden the poorer classes with high rents, he believed, suggesting that a fairer ratio could be devised for districts in which low wage earners lived. Included on his comprehensive programme was his resolve to work for the creation of a public library in the north end "where all races and creeds could gather to spend their leisure time in the company of great minds."

A playground for children was needed urgently in the division, Mr. Aronoff maintained. He also stressed the importance of fostering the idea of sun baths for children. The city could take the initiative in this matter by creating open air public bathing pools, he stated, just as easily as they provided ponds for ducks in choice localities.

Waving a paper-covered note book, Mr. Aronoff said that in it was recorded good deeds performed on behalf of hundreds and hundreds of friendless residents of St. Michael's division, who appealed to him for support in getting them out of difficult situations brought about by current economic conditions. "A tailor by trade, I am one of you, knowing your troubles and how best to help you," he concluded.

N. Rejickoff referred to Mr. Aronoff as "a man of principle, poor in the possession of worldly goods but rich in determination to fight the battles of the underprivileged." Working hard by day in manual labor, he does not cease his labors on their behalf at night, or even at noon when he should be taking advantage of the brief respite afforded by the luncheon period.

B. Witkov was the chairman.

Japanese Oranges Arrive In Canada for Yuletide

Surest harbingers of a fast approaching Yuletide, more than two million Japanese oranges were carried across Western Canada in refrigerated cars of the Canadian National Railways. The first consignment of these golden emblems of Christmas happiness consisted of Japanese oranges trans-shipped from Vancouver. Further consignments of Japanese oranges arrived in Vancouver from the Orient during the first week of December, according to T. P. White, Superintendent of Car Service for the railway company.

MEN'S ASSOCIATION ANNUAL MEETING

Fairmount-St. Giles' Group Plan Extensive Programme

CHARITABLE ACTIVITIES

Thos. Moffitt Re-elected President of Club

The annual meeting and election of officers of the Fairmount-St. Giles' United Men's Association took place last evening in the church hall, Bernard avenue, Outremont. The meeting was largely attended and was presided over by Thomas Moffitt the president.

The Association carries on benevolent, recreative and religious work and the chairmen of these departments presented reports on the year's activities. Almost \$1,000 was raised and disbursed through church and philanthropic channels for charitable purposes and it is planned to exceed these achievements during the coming year, in view of the greater need existing to assist distressed and destitute families due to the unemployment situation.

It was decided to continue the gatherings every Tuesday evening during the winter for recreation and education in 9wv shrd hrd hrd d educational purposes, at which from 50 to 100 men are in regular attendance. It has also been decided to supply about 20 Christmas dinners to needy families during the approaching holiday season.

The Association also conducts a moving picture entertainment for children every Friday evening in the assembly hall of the church which has an average attendance of over six hundred.

The election of officers for the ensuing year resulted as follows: Hon. president, Rev. Burton H. Robinson, M.A.; president, Thomas Moffitt; vice-president, Geo. Palmer; secretary, Art. Martin; treasurer, S. Lindsay; devotional department, J. G. Edwards; musical department, A. J. Binnie; social, W. Gatenby; literary department, John Thredgold; membership and reception, J. Heather; motion pictures, C. Thackway; press and publicity, R. A. Tarlton; social service, W. Knowles.

With a view to further augment the funds available for Christmas relief work the Association is sponsoring a minstrel show to take place next Tuesday evening, December 15th. This feature is being presented by the Northern Electric A.A. Dramatic Club (North Branch), the members of which are giving their services without charge. It is felt that this will afford a great opportunity to those desirous of helping out destitute and needy families which may be located in the northern portions of the city. The entire proceeds are to be devoted to this purpose.

ISLAND BOULEVARD NEARS REALIZATION

With the holding of a meeting last week between the Metropolitan Commission and the Mayors or other representatives of the various municipalities on the Island of Montreal, one more milestone is passed in the progress of the proposed island boulevard toward realization.

At present, engineers of the Commission are in communication with engineers of the Federal and Provincial Governments with regard to the establishment of estimates of costs, and a Committee of the Commission, of which the chairman, Ald. Gabias and Mayor Beaubien of Outremont are members, is in touch with members of the Federal and Provincial Governments, with regard to the contribution toward the boulevard which these Governments are to make.

Rinks and Slide Now in Order

All public skating rinks in Outremont were completed this week and ready for use according to a report from the City Engineer, Mr. Lacroix, but, owing to weather conditions did not appear favorable to immediate usage.

If the cold weather continues ice will be in skatable condition on all of the four civic rinks as the city has been flooding them frequently in the past week.

Annual tickets will be issued for the big St. Viateur rink ranging at the same prices as last year. Pratt Park and Roskilde rinks were also ready for skating this week.

New Toboggan Slide
 The new and much faster toboggan slide at Pratt Park only awaits more snow before sliders can use it. With the little snowfall of the past week, men were busy forming banks on the side of the tracks, but there was hardly enough for tobogganners who could easily crash through them, possibly causing injury. Furthermore, the track surface is not sufficiently coated with snow, but as soon as this is, the slide will be open to all who like sliding down the grade at forty per minute. Here's to more snow.

CHIEF LEFEBVRE TO RETURN NEXT WEEK

Chief Lefebvre of the Outremont Police Department was at home this week with a touch of a grippé.

His condition up to this time was reported as much improved, and his physician stated that the Chief would be able to resume duties by the beginning of next week.

Deputy Chief Delude was in charge of affairs this week during the Chief's absence.

SERIOUS DAMAGE TO THREE STOREY HOUSE BY FIRE

Firemen on Scene Three Hours in Extinguishing Blaze

FAMILIES HOMELESS

Blaze Started in Staircase and Spread to Roof

Considerable damage was caused when a fire, so far of undetermined origin, started in the stairway of a three-storey dwelling situated at 726 Querbes avenue and left homeless three families who occupied the building.

Firemen had a difficult time in preventing the spread of the flames and were on the scene three hours before they succeeded in extinguishing the flames. Fireman Grothe of the Outremont Fire brigade, received a severe cut on one of his fingers, but after treatment was able to resume his duties.

The fire started in the staircase of the home of A. Kende, living at 726 Querbes avenue. Upon arrival of firemen under Fire Chief Willis and Capt. Page of the Outremont Fire Department, the flames had already spread up the staircase to the roof of the house and threatened to ignite the adjoining dwellings. Two streams of water were used by the firemen before they succeeded in preventing the spread.

Fireman Grothe was on a ladder and playing a stream of water into the heart of the fire when he was struck by a piece of flying debris and one of his fingers was badly cut. Over two hours of steady work finally resulted in extinguishing the outbreak. Damage by fire was done to the building while the interior suffered by smoke and water, families not being able to occupy their homes that night. Other dwellings damaged were occupied by H. Payette at 728 and L. Bernan at 726a Querbes avenue.

FIERY DEBATE IS FEATURE OF PLAGE LAVAL MEETING AT QUEEN'S HOTEL SATURDAY

Mayor W. L. King Answers Charges of Business Men's Association—Proprietors Had Not Learned to Read Ledgers is Claim—Borrowing Power Question.

A rebuttal of the remarks of the Plage Laval Business Men's Association against the King Administration was made by Mayor W. L. King and a number of confederates at a meeting in the Queen's Hotel last Sunday night.

Accused of piling up debts, applying for unlimited borrowing powers and administration of a bill to change the village into a town lent vigor to a band of lawyers and accountants, who engaged in fiery debate with certain representative members of the audience.

In two meetings, the proprietors set forth their contention that Plage Laval was being sunk into debt, and cited figures as follows: Owing to the Provincial Bank, \$12,265, for loans; interest on loans, \$302; accounts payable, \$9,268; fire pump, \$5,000, etc.

To this the administration replied, succinctly, that the proprietors had not learned to read ledgers, and had a chartered accountant tell them that the total debt is now \$4,233, and that for this year the excess of expenditure (\$14,645) over revenue (\$11,750) is but \$2,995.

In less cut-and-dried fashion, Mayor W. L. King took the floor and made body jabs at what he called the "Tailion faction."

"They said," he jeered, "that they have looked into the books and found us in the hole. I haven't seen those figures myself. I can't even think where they got them."

Vice-president Lomas of the proprietors cut in:

"Right in your ledgers!"

"Of course! Your knowledge of accountancy is so perfect that you don't know a credit from a debit, an asset from a liability."

"Any investigation," he continued, "will be gladly supported. Yes, I'll even be ready to help. But I want to give my friends a line or two."

He suggested that the newspaper proprietors, by their charter, were entitled to bring out in Plage Laval town or village might be entitled "The Daily Liar."

"It wasn't your votes that elected us," he told the packed assembly. "Mr. Tailion was responsible for it."

Then, taking a lower key, the mayor proceeded to enumerate the benefits his administration claimed to have conferred upon Plage Laval. They were: Better roads; forty lights and not all for friends of the council; parking places along the beach; lower licences for peddlers, milk drivers,

etc.; a club house, always open, with a caretaker; fire protection. Taxes had not been raised, he claimed. If the assessors had raised the valuation of certain properties, that was with reason, and it was a fact that some properties had been lowered.

No Secrecy in Matter
 Councillor L. V. Chalfoux followed the same lines in an address in French. He suggested even more forceful names for the proposed Plage Laval newspaper, and said that so far as asking for the bill without consulting the proprietors, the administration had well advertised their intentions, and stressed the contention that Mayor King had had the people's full support.

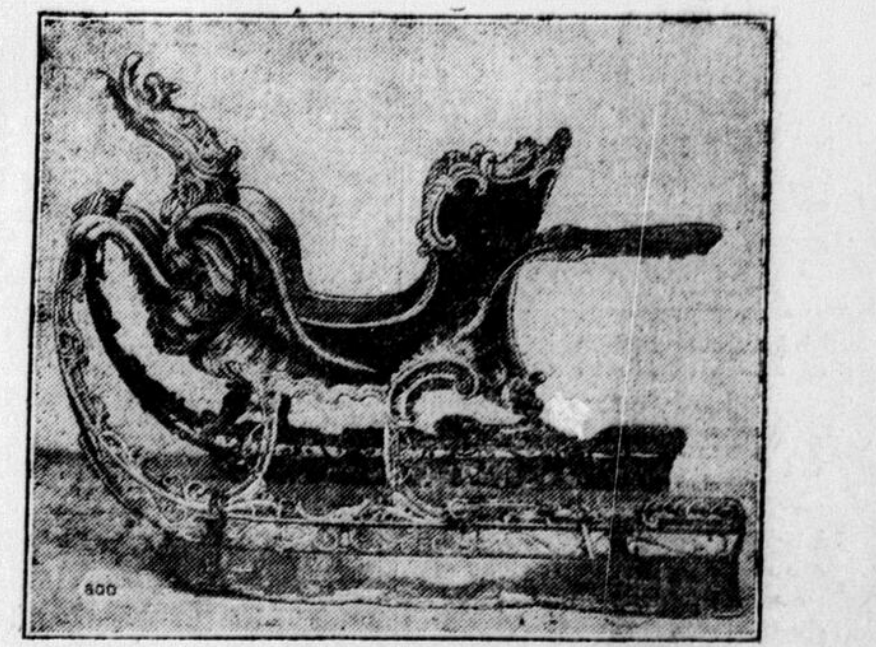

The meeting was opened by the chairman, L. B. Temple, and early speakers were Councillor L. V. Lavertue and James McLeod. Both read the proprietors' charter and claimed that it was they who wielded the tyrants' hand from which it was necessary to seek the protection of an urban charter.

Gaston Tremblay, who sold the fire pump to the village and so stirred up trouble because it was claimed that Ste. Rose bought their pump cheap, took the floor to say that the full cost of the pump was \$5,400, from which he clipped \$400 as a favor to the village. Ste. Rose, which was said by some to have had its pump at about \$2,500, he said, paid \$6,000 at the least, and could not have purchased pump and equipment at less than about \$10,000.

F. G. Doughty, auditor and accountant, went at great length into the accounts to prove, as cited above, that total excess of expenditure over revenue this year had been \$2,895.

Armand Dion, lawyer for the administration, read the bill for urbanization in extenso and set forth the reasons for taking this step. As a holiday centre, they could not live within village restrictions, which were made for a farming community, he said. As for their borrowing power it was, in the bill, though not in the Official Gazette note, set at \$25,000. This figure was specified to allow for the needs for a growing community which did not wish to have to make reference to Quebec again within a few years. As a matter of fact, he said, the borrowing powers of a town were limited to a quarter of its annual revenue, and the borrowing powers of a village were nil, unless there was reference to the people.

A Sleigh From Old Montreal

A generation before Wolfe and Montreal settled the destiny of Canada on the Plains of Abraham, a French gentleman of Montreal imported what was then the most magnificent sleigh in the New World. It was built in Paris in 1720, and for many years was the pride of early Montreal.

The sleigh vanished with the passing of time and eventually came into the possession of Mrs. C. H. Munro Ferguson, of Assynt, Evanton, Scotland, who, in view of its early associations, presented it to Mr. E. W. Beatty, Chairman and President of the Canadian Pacific Railway. It is now on view at the headquarters of the Art Association of Montreal.

The sleigh is typical of the period in which it was built, the iron work being hand wrought and gilded. It is attracting a great deal of interest, especially among students of early Canadian history.

YELLOW JOURNALISM

There is a certain class of journalist who believes that anything that interests people is legitimate news for their columns. It doesn't matter whether the story is unjust, offensive to fair-minded people, or plain lilt, so long as it can appeal to the morbid instinct of their readers it is worth featuring. For no other reason than this, above, Montreal daily papers went

screaming into print during the week with the unfortunate story of the Canadian "ski girl."

With a commendable Christian spirit those most intimately connected with this girl's story had not only forgotten and forgiven but had extended the protection of a home and respectability to her and her child. The facts leaked out when the girl went to a hospital suffering from a nervous breakdown.

It is bad enough for the American press to search out and publish the details; but for the papers in the girl's own home town to repeat them in a sensational manner is particularly disgusting. It makes it very hard for the girl to come back to her home in Montreal, and it will be years, if ever, before the child lives it down.

Mrs. Leslie R. Thomson, formerly Miss Harriet Blackstock, of Toronto, received for the first time since her marriage this week at her residence, 5626 Woodbury avenue, off St. Catherine road. The bride, who wore her wedding gown of deep egg-shell satin and carried red roses, was assisted in receiving by her husband's mother, Mrs. T. C. Thomson, who was gowned in black and grey chiffon, with a black hat and a corsage bouquet of pansies. Miss Elizabeth Blackstock, of Toronto, niece of the bride, who is her guest at present, assisted her in receiving.

The tea table, having a central decoration of pink roses and ivory tapers was presided over by Mrs. R. A. E. Greenshields, Mrs. Edward Savage, and Mrs. K. S. MacLachlan, assisted in serving by Mrs. John Langdon, Miss Helen Fraser and Miss Mabel Corner. Pale yellow chrysanthemums were used in decorating the living room.

MINSTREL SHOW

The N.E.A.A. North Branch will repeat their Minstrel Show next Tuesday night at Fairmount-St. Giles Hall for the benefit of charity. Their unqualified success two weeks ago at Lancaster Hall assures another enjoyable time to all who come to hear them.

RIALTO HALL

CHARITY DANCE

Special Event for Unemployed Christmas Night

So pronounced has been the demand for assistance in the North End and surrounding districts for charity, that to contribute further to the efforts of charitable organizations of this city, Manager B. M. Garfield of the Rialto Theatre is assisting in making arrangements for a special charity dance to be held at the Rialto Hall on Christmas night.

Tickets are now being circulated in large numbers throughout the North End, in the hope that the proceeds of these can be given to relief of needy families who are suffering greatly from present economic conditions.

Unemployment, the chief cause of much distress among families resulting in almost starvation and very limited conditions can be assisted greatly by a small contribution from those who are in a position to satisfy their own desires with still a little left over for the help of others.

This charity dance is being held solely for the benefit of charity and anyone who can take advantage of the wonderful entertainment offered for the small admission charge will have nothing to regret. Tickets will be on sale at the entrance to the theatre and hall until Christmas, and a score of workers in this benefit dance are extending their efforts to outlying sections to realize a substantial amount that can be given to the care of many poor families in the coming winter. The charge per ticket is fifty cents.

One can imagine the pains the Los Angeles board of trade went to to suppress the story of the citizen who broke his leg when he fell on an icy sidewalk.

CANADIAN MISSION NOTES

Three speakers were heard at the weekly Sacrament meeting of the Church of Jesus Christ of Latter-day Saints in the Rialto Hall, 5711 Park avenue, last Sunday evening.

Elder James McCance, Branch President, said "Mormonism" reaffirmed the doctrine of God as given in Genesis, of man being created in the image of God. He mentioned the many passages of scripture referring to the body, parts and passions of God as revealed in Holy Writ, that He is indeed a personal Being. This conception he said has been revealed anew in this day.

Miss Gladys Jacob took as her text "By their fruits ye shall know them." She quoted from reliable authorities concerning the habits and lives of the "Mormon" people of Utah, U.S.A., declaring that they possess the characteristics that make a "mighty people." Education was one of the first things fostered when that people were beginning to make "the desert blossom as the rose." Observance of laws of the land was also stressed by the speaker.

Elder Roy W. Doxey, District President, explained the promises given to the tribe of Joseph anciently, by a prophet of God, concerning this American continent. The "multitude of nations" was found here when the early explorers of this hemisphere arrived, in the many Indian tribes of one blood. Prophecy and the tradition of the Indians confirm the Book of Mormon, as being a record of the ancient inhabitants of this continent giving God's dealings with their progenitors.

MacVICAR CHURCH NOTES

An unusual and unique event will take place next Friday night, December 18th at 8 o'clock in MacVicar Memorial Church when the Moderator of the General Assembly of the Presbyterian Church in Canada, the Very Rev. Walter G. Brown, B.D., will address a mass meeting of all Pres-

byterians in the North End and all other friends.

The distinguished preacher is from Saskatoon and has the freshness, vivacity and vigor of a true Westerner. His addresses are eloquent, inspirational and challenging.

Mr. Percy M. French will officiate at the organ.

When a young man discovers he can no longer afford to show his girl a good time, he decides to marry her. This General Mah looks to be the sort of chap who would make a good football player.

There is one thing that will grow in any kind of soil and in any climate, that is idle rumor.

THE BAG OF SEED BECOMES THE FIELD OF GRAIN . . . BECAUSE OF "ENZYMES"

No human body would develop or maintain its health and strength without the aid of ENZYMES.

Through the Dow brewing process, the ENZYMES present in malted barley (which is the foundation of the brew for Dow Old Stock Ale) are enabled to act fully and to cause all the nutritive goodness of the barley to be included in the ale.

DOW OLD STOCK ALE gives you this extra supply of health and strength-promoting qualities, in addition to a cool, refreshing, and mellow drink.

Try it today . . . you can't lose!

Bottled Milk left in the sunlight is found to have an abnormal flavor. Even 10 minutes will produce a noticeable effect.—From the MONTREAL GAZETTE. Sunlight is liable to change the flavor of beer in the same way as that of milk. That is why you always find Dow Old Stock Ale in a green bottle.

Dow Old Stock Ale

ENZYMES

These are essential substances, present in digestive juices and in certain foods, that turn the nourishing elements of food into forms that living cells can assimilate. Without their aid, most living things would derive no nourishment from food. Their action is part of nature's life process that supports all growth development and maintenance of strength.

SIX TEAMS GET INTO ACTION AT NORTH AVENUE RINK IN OUTREMONT LEAGUE OPENING

Rangers Meet St. Germain in Initial Contest—Patenaude and S. Fournier Mix in Second—St. Viateur vs St. Michael's in Third Tilt.

(By H. W. Sylvester)

A big event in local sporting circles will take place tomorrow afternoon at the North Avenue rink if fair weather prevails, when the Outremont Hockey League opens its ninety-game card for this season. Mayor Joseph Beaubien will face the puck in like manner to that of last year when the league was inaugurated and he will be attended by a number of civic officials and other prominent citizens of the city.

This occasion marks the second season of organized hockey here and introducing a type of hockey heretofore undeveloped to such an extent. Last year the league was composed of four teams which occupied the centre of hockey activities. This year more than five times this number constitutes the present strength of the league, players numbering some two hundred and fifty. These figures while forming a high ratio over last year's demonstrate the amount of hockey interest existing in amateur circles and yet, hardly compare with a still greater number of applicants to the league that were refused because of sufficient teams.

Rangers Open League

Rangers, last year's champions of the league will clash in their opening encounter tomorrow afternoon with St. Germain, a well-manned force. Except for the addition of Neville, a recruit from the C.H.S. Intercollegiate team of last year, and Robert seen with Concordias the same line-up will prevail. On the rear guard, two rugged foes of attackers, Batson and Roseman will take their place. Neville will play the forward line with Haynes alternating with Claxton, Annett, Kon and Robert. McGoldrick, hero of last year's sensational counter in the play-offs will again take scoring lessons from centre.

To offset any odds that might hamper them from the beginning St. Germain are expected to go into the game with full man-power to oppose speedy Rangers.

The choice of goal-minders in this game will probably fall upon this latter group with Barsalou in the nets. Cool-headed and efficient performance stand out as valuable factors in repelling the disc from the nets, and in this, Barsalou cannot be found lacking very much.

M. Lacoste and Lanctot will uphold the defensive, while Lessard, Chaput, Fortin and J. Russault will keep busy diverting the puck from home territory. Others on this line, Gagne, Talbot, and Lefebvre will also have their share of hockey in this game.

Second Game

An equally exciting fixture is expected at the second hour when Patenaude and S. Fournier disengage forces. Both teams are at the peak of condition for a good game and fast, aggressive hockey is expected. Charbonneau has a few increases to his

team this year in Raspa, Lamontagne, Iseman, Landrigan and Macdonald. Both Durochers are back again this year and a great deal of scoring is already hoped for from G. Durocher, high scorer of the league last year. Bernie Colvey also figures on a hard struggle, but is apparently prepared for the worst. He has been taking in considerable practice with indoor teams since the opening of the hockey season in other sections of the city and now feels quite fit.

It's a doubtful issue as to who will take this game with Patenaude showing up to a higher standard than last year. Gus Cardinal's team is well mustered after strenuous practice twice this week. Doran and Ledue, formidable defencemen are again on guard.

Sanche and Lande two prolific stick-handlers and speedy forwards can scarcely wait for a crack at the Fournier net. Both men have followed the course of their colleagues in garnering early season practice with commercial groups on indoor ice to improve their condition for a strenuous drive this season in the O.H.L.

To speak of new players, unusual finds were registered when Corbeil and Chabot signed on the dotted line for this season. They hail from highly competitive quarters and can be relied upon to offer the best that's in them for the good of their team.

Thomas will be in the goals for his second season, though with some regrets for any unfortunate misgivings of last season. His ability, however, retained him for another outing with Patenaude which in a certain degree bears evidence of renewed confidence. On the whole either team would appear to have an equal chance for top place in tomorrow's game. Generally the average measures up quite equal-

Detroit tackles Toronto.

Sunday
Boston plays Chicago Hawks and Americans play Rangers.

Tuesday
Toronto at Americans, Rangers at Boston.

Wednesday
Detroit at Chicago.

which should display a smart brand of hockey in this game.

St. Mike's vs St. Viateur
Lafontaine's St. Viateur boys were spoken of with high regard at the beginning of this season and now find themselves matched with the most reticent hockeyists in their section. Not given to the usual grand style of playing as it were, St. Michael's have no fears from the rumors that St. Viateur will outplay them with ease. It's an even race with these teams, and if the ice retains its surface after the two preceding senior tilts, more speed than witnessed by fans will hold the limelight when these squads get into action tomorrow at 4 o'clock.

PRO HOCKEY RULES

ANTI-DEFENSE RULE

Under the amended rules, not more than three players (including the goal tender) of the defending team may be in their defending zone unless the puck be in that area.

The penalty is a minor (two minutes) to the fourth player entering the defending zone and should more than one player offend simultaneously, the penalty is meted out to the offender nearest the play.

The puck at all times must be kept

Time Table

2.00—Rangers vs St. Germain.
3.00—Patenaude vs S. Fournier.
4.00—St. Viateur vs St. Michael's.

in motion. A team in possession of the puck in its own defense area must always advance the puck toward the opposing goal unless its forward progress be checked by the opposing team. A minor penalty may be imposed on a player who "stalls" for time in his own defense area. Nor can a player beyond his defense area propel or pass the puck backward into his defence area for the purpose of delaying the game.

Now You Can Budget Your Christmas Shopping!

Frozen assets, National Loans, etc., have probably made it hard for you to find the ready cash that you need for your Xmas Shopping and you want to give as usual. Well here's a plan that will make it easier on your bank account. Don't stint your presents; it isn't necessary.

Ogilvy's Christmas Budget Plan

This plan, in a nut-shell, allows you to make your Christmas purchases with a small outlay at time of purchase, thus leaving the balance of your bank account undisturbed.

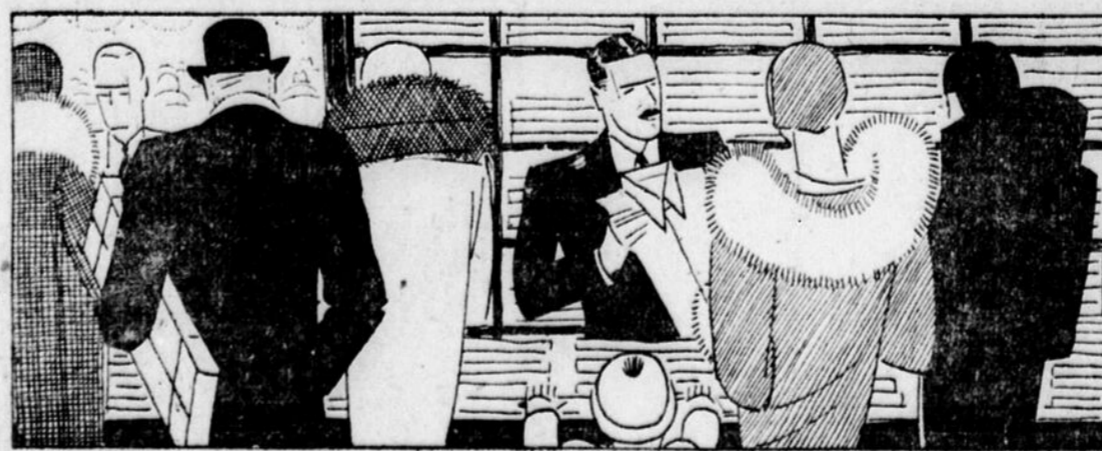

For instance:

If you plan to spend \$25 ...
Pay \$5 cash and the remainder in 4 equal monthly payments
of \$5.25

If you plan to spend \$50 ...
Pay \$10 cash and the remainder in 4 equal monthly payments
of \$10.50

If you plan to spend \$75 ...
Pay \$15 cash and the remainder in 4 equal monthly payments
of \$15.55

This enables you to save time as well. You buy and have your purchases placed on your Budget account. It will save you a great deal of worry. For further information ask at the CHARGE OFFICE on the 4th Floor or phone PLateau 7711, Local 16.
