AVIATORS ON A FLIGHT TO INDIA FORCED DOWN

Little Danger Now Of Flood--Prominent E.T. Resident Dead

British Airmen Are Safe--Plane Badly Damaged

Captain McIntosh and Bert Hinkler, who attempted non-stop flight from England to India, forced down at Mazana, South of Cracow, Poland.

TWO SPECTATORS INJURED

British Airmen, instead of leaving for London immediately as they had planned, decided to stay at Lwow for time being—Left Plane in Care of Military Officials.

(Associated Press Despatch)

WARSAW, Poland, Nov. 19.—Captain R. H. McIntosh and Bert Hinkler, who attempted a non-stop flight to India, landed at Bialokrynica in the district of Podhajce, and then, resuming their flight, were forced down yesterday afternoon at Mazana, south of Cracow, it was learned today. Two spectators were injured. One of the plane's wings was broken and the machine was so badly damaged that it was impossible to repair it on the spot. The airmen decided to leave it in the care of military forces there.

"The British airmen, instead of leaving for London immediately as they had planned, decided to stay at Lwow for time being and were still there this morning."

STILL WAITING FOR FAVORABLE WEATHER

SAN FRANCISCO, Nov. 19.—Captain Frederick A. Giles, British aviator, remained at Millsfield, the municipal airport here today, awaiting an opportunity for his scheduled take-off for Honolulu on the first lap of a Golden Gate to New Zealand flight.

Giles, who first announced plans to start the flight a week ago, had been held up daily by weather conditions.

After a conference with United States weather bureau officials last night, announced plans for making an early start.

MOROCCO'S NEW RULER TAKES OVER REINS

Although He Is Still in His Teens, Si Mulai Hamada Possesses Considerable Ability.

FEZ, Morocco, Nov. 19.—From the minarets of every mosque in Morocco the muezzins this morning chanted their prayer in the name of New Sultan, the 17-year old Si Mulai Hamada.

The name of the new ruler was proclaimed almost before the tomb was sealed. The body of his father, the late Sultan Mulai Yusuf.

Although only seventeen, Hamada is already married. He was wedded to one of his first cousins, the daughter of Mulai Jahar, his father's brother, in 1926.

Under him the work of bringing Morocco up to date will go on without interruption, even accelerated, for those who have come in contact with him declare that although he is still in his teens he possesses considerable ability. He is progressive, well educated, intelligent and perfectly self-possessed. He has a pleasing and tactful personality.

He speaks French fluently and is well versed in Mohammedan lore. He has inherited all the shrewdness and simplicity of his father.

The election of Hamada met with the complete approval of the other capital cities, Rabat, Marrakesh and Meknes, without which his ascension would be incomplete.

Hamada was the choice of his father, also of the Able Grand Vizier El Mokri and other persons prominent in the affairs of the sultanate, which explains why his election was so rapid.

The ignorance that is bliss is the ignorance of the man who knows it all.

MISSIONARIES AT HANKOW ARE SAFE

(Associated Press Despatch)
NEW YORK, Nov. 19.—Missionaries in the vicinity of Hankow are safe and there is no cause for alarm, Right Rev. Logan H. Roots, missionary bishop of Hankow, called the department of missions of the Episcopal Church yesterday.

"New officials friendly, property, members of our mission, both native and foreign, all are safe," said the bishop.

Jury Return "Not Guilty" Verdict In Perjury Case Shortly Before Midnight

Entire Day Yesterday Taken Up With Hearing of Charge Against Alice Boisclair—Jury Retired at 7.30 Last Evening and Returned to Give Verdict at 11.15—Accused Called to Witness Box and Told Court About Hardships and Abuse Which She Had Endured.

At eleven fifteen o'clock last night, after a strenuous day of questioning witnesses and discussing the case, Alice Boisclair alias Mrs. Joseph Picard, formerly of Chertville, now of Lacombe, N.H., was acquitted by the jury of the charge of perjury which has taken up the time of the Court of King's Bench continuously since Wednesday afternoon.

Yesterday's session was a very trying one for both the accused and the court. Commencing to cross examine the witnesses at ten o'clock in the morning, the court sat until noon, when it adjourned until two o'clock in the afternoon. Several witnesses were again questioned in the afternoon session, following which the lawyers began their addresses, which continued until seven thirty in the evening. At that hour His Lordship Mr. Justice Archambault, who had completed his address in English and French, informed the jury that it now fell to their lot to say whether the accused was guilty or innocent. He informed them that he would remain in the Court House throughout the evening and would be ready to receive their verdict, midnight.

At eleven o'clock when the twelve men entered the court room, took their appointed places. In reply to the question of the clerk of the court the foreman replied that the accused was "not guilty."

The accused, Alice Boisclair, throughout the session yesterday, was the person upon whom all eyes rested. Seated alone in the prisoner's box, in the centre of the room, she quietly listened to the proceedings which were taking place.

During the morning session she appeared to be quite at ease and with bowed head did not seem to be at all troubled by the many who came in and left the court room.

When the case reassembled in the afternoon the defence went into details regarding the private life of the accused and her husband, and brought out many details to show to the jury that the accused had been subjected to very harsh treatment at the hands of her husband.

Evidence Regarding Her Private Life
This evidence appeared to bother her very much and the tears which could be seen in her eyes, which she quickly wiped now and then, soon became uncontrollable and the unfortunate woman, worn out by the strain of the case, gave way to her feelings and throughout the entire afternoon wept bitterly. Towards the end of the trial she almost lost control of herself and at one time could be seen kneeling on the floor of the prisoner's box, her head resting on the top of the front railing and crying aloud.

RESIDENCE OF RICHMOND MAN BURNED DOWN

Mr. Charles Baker's House on Danville Road Destroyed by Fire Yesterday Afternoon—Mr. Osborne W. Armitage Passed Away in Minneapolis, Minn.

(Special to the Record)
RICHMOND, Que., Nov. 19.—A \$5,000 loss was suffered by Mr. Charles Baker yesterday afternoon when his residence, formerly the old Hayes property, was burned to the ground by a fire thought to be caused by overheated stove pipes. The house is situated on the Danville road about a mile from this place.

The fire was first discovered by Mr. Baker, who, on returning home from the town at about three o'clock saw smoke and flames pouring out of the attic windows. He at once raised the alarm and soon a large number of neighbors gathered to give their aid. The flames spread rapidly through the walls of the brick dwelling, and it proved fruitless to attempt to subdue the fire. The neighbors, however, rendered great aid in removing furniture from the doomed dwelling and succeeded in carrying the greater portion of its contents beyond reach of the flames.

MR. OSBORNE W. ARMITAGE PASSED AWAY IN U. S. A.
Word has been received here of the death of Mr. Osborne W. Armitage, of Humboldt, Sask., who died at the Fairview Hospital, Minneapolis, Minn., following a serious operation, on November 17th.

Mr. Armitage was born at Tremholmeville and was the fourth son of the late Jabez Armitage. About twenty years ago he went to the Canadian West, where he was a successful farmer.

The deceased leaves to mourn his loss his wife and four children. The remains are being brought here and the funeral will be held at Tremholmeville tomorrow afternoon at 2.30.

Interment will be in the family lot at that place.

European Motor Car Companies Seriously Considering Possibility Of Uniting To Meet Future Plans Of U.S. Manufacturers

General Uneasiness at Growth of Imports from United States—French Manufacturers to Make Stiff Fight in Parliament Against American Cars.

(Associated Press Despatch)
PARIS, Nov. 19.—European motor car manufacturers are seriously considering the possibility of united action to meet future plans of American automobile makers, who expect to export one million cars by 1930. Nearly two hundred of these will be sold in Britain and on the Continent, according to present estimates.

Coincident with the general uneasiness in European motor circles, there is the wildest speculation regarding the European plans of the Ford Company. The Ford assembling plant just outside of Paris—one of the most complete in the world—is the scene of intense activity in anticipation of the arrival of the new model. While officials of the Ford Company in France denied yesterday the Detroit report that Henry Ford contemplates construction of a five million dollar factory at the French capital, it was explained that a considerable sum of money had been expended in converting the assembling plant into one capable of taking care of the new Ford. It is understood that Ford will conduct an intensive campaign in France and all over Europe, and that the Paris plant is being made ready to meet the increasing demand for cars. At one time Ford sold as many as eighteen thousand cars each year in France.

Expects Invasion
Geo. F. Bauer, manager of the foreign department of the National Automobile Chamber of Commerce, who reached Paris yesterday after a tour of Continental cities, said it would not be any surprise to him to learn that Ford and other American makers were about to build factories abroad.

MR. F. G. GALE, OF WATERVILLE, DIED SUDDENLY

Had Been Seriously Ill Only a Week—Held Several Important Public Positions During His Life.

(Special to the Record)
WATERVILLE, Que., Nov. 19.—In the sudden passing away of Mr. Francis Gilbert Gale in his seventy-third year at his residence here yesterday afternoon, Eastern Townships lost another prominent, highly esteemed and successful citizen. Mr. Gale was taken ill with bronchial trouble, which quickly developed into pneumonia and death came within a week's time. His sudden passing was a great shock to his numerous friends, the great majority of whom were not even aware of his serious illness.

Mr. Gale, born at Stanstead, Que., on June 12, 1855, the son of George and Dorothy Gale, who were pioneers of Waterville, now Waltham, Mass., was not only a most successful business man, but a very prominent Eastern Townships citizen. He always was keenly interested in and proud of his native land, and during his life held several important public positions. At the time of his death he was mayor of the village of Waterville, which post he held almost continuously for forty years; chairman of the Board of School Commissioners, a position he filled for forty odd years; and chairman of the Board of Trustees of the Waterville United Church.

On graduating from Hatley Academy in 1876, he came to Waterville, where he attended the B. A. degree in 1876, and only last year he attended the fiftieth annual reunion of his college class at Hanover, N.H. In 1877 he entered the firm of George Gale and Sons, Waterville, manufacturers of brass and iron beds which were sold from one end of the country to the other, of which concern he became proprietor in 1895. He sold his interests in this business in February, 1914, and since that time has been actively engaged in developing a stock farm. Again in this industry, Mr. Gale was successful, for his accredited purebred Jerseys of Grayburn farm have attracted purchasers from practically this entire continent.

The late Mr. Gale was a member of the Theta Delta College fraternity and the Dartmouth College Alumni Association. In politics he was a Liberal.

He married Olive Iola Laberee, daughter of Mr. and Mrs. B. R. Laberee, of Eaton, Que., on December 31st, 1885, who survives him together with one son, Mr. Royce Laberee, who has been his father's chief assistant at Grayburn Farm for several years. Two daughters and two sons predeceased their father.

The funeral will take place on Monday, November 21st, from the late residence at 1.30 p.m., to the Waterville United Church at two o'clock, and interment will take place at the Waterville cemetery.

RIGHT OF DOCTOR TO LET SUFFERING PATIENT DIE

Claim to Right Was Made at Inquest of Man Who Took Poison to Relieve His Sufferings.

(Associated Press Despatch)
SHEFFIELD, England, Nov. 19.—The right of a doctor to let a patient die rather than to seek to prolong the patient's life has been asserted by Dr. A. T. Simpson at an inquest here.

This variation of the question—the right to kill—arose in an inquiry into the death of John Robinson, whom Dr. Simpson had been treating for dropsy and heart disease.

On the day of the patient's death, the doctor found that Robinson had taken poison, and in view of the great pain Robinson had suffered in the past and would suffer in the future if he lived, Dr. Simpson decided to make no attempt to counteract the effects of the poison.

"I thought the best thing was to let him die," he told the coroner. "It was impossible to remove the poison from his stomach, and had it been otherwise I would have hesitated to restore him, as life would only have been misery."

THE WEATHER

FAIR AND COLD

The disturbance near the Atlantic coast has almost disappeared and pressure is now fairly high over the Dominion, except in British Columbia, where there is storm. The weather continues cold in the Western Provinces and in Ontario.

Forecast: Fresh northwest winds, fair and cold today and Sunday.

IMPERIAL BANK FINANCIAL STATEMENT

(Toronto Press Despatch)
TORONTO, Nov. 19.—The Imperial Bank of Canada in its annual statement issued here yesterday for the year ended October 31, 1927, reports profits amounting to \$1,383,281, being \$120,000 in excess of the previous year. Deposits by the public increased more than \$8,000,000, while total assets increased by more than \$7,000,000.

Colder Weather Today Ended All Probability Of Another E. T. Flood

Rivers Are Still at Rather High Mark—Colder Weather and Snow Over Week-End Will Give Them a Chance to Get Back to Normal—Roads Are Slightly Under Water Yet in Several Low Districts—Trains Running on Schedule Again.

With a considerable drop in temperature, snow and more seasonable weather, this morning practically all fears of a flood throughout the Eastern Townships, as a result of the heavy rain of Wednesday and Thursday last, had passed, although the waters in the different rivers still remained at a very high mark and in some localities the highways or roads were still under water at certain low points.

Weather forecasts indicate a somewhat wintry week-end which will further tend to remedy the situation.

The situation throughout the Eastern Township Thursday night and yesterday morning was a little uncertain. Everywhere came reports of heavy rain, sleet and in some localities snow. The rivers throughout the district rose rapidly.

Such a situation quite naturally brought thoughts of another flood, and but for the sudden change in temperature and the rain stopping this would likely have been the result.

Provincial Roads Suffered Most

The roads of the province have suffered most. The Royal Automobile Club of Canada received word yesterday from the Department of Roads at Quebec that the Montreal-Quebec highway had been closed to traffic between Three Rivers and Quebec because of a big washout at Donnacona, some twenty miles out of Quebec City. Quebec can still be reached by crossing to Sorel by ferry and re-crossing the river at Levis.

The Levis-Sherbrooke road is closed at Kingsley and the Riviere-du-Loup-Edmundston highway has been closed because of damage to bridges.

In the Eastern Townships, there is three feet of water on the route from Mont-St. Hyacinthe highways, and several bridges are reported down. This section of the highway has been closed by the Department of Roads. Roads through to Ste. Agathe and beyond are reported to be in normal condition, with through traffic uninterrupted.

Several different localities of the Eastern Townships have reported considerable damage having been done, although this was fortunately much less severe than a fortnight ago. Along with these reports, however, the belief was also expressed that the danger of a re-occurrence of a flood had now passed.

Situation in Sherbrooke
In Sherbrooke this morning the situation was by no means alarming. The waters in the Magog and St. Francis rivers were still very high but this was the only reminder of the heavy rains of the past two days.

During last night the weather became much colder and snow began to fall, which continued well into the day, giving the ground and build-

NEW TARIFF ISSUE BETWEEN U.S. AND FRANCE LOOMED ON HORIZON TODAY; HEAVY DUTIES ON MEATS

French Government Decree Effective Immediately Also Doubles Rate on Wheat Imports—American Packers Lose Long Fight to Prevent Action—Large Sums Are Involved.

(Associated Press Despatch)
PARIS, Nov. 19.—A new tariff issue between France and the United States became a possibility today when a Government decree, effective immediately, was published this morning in the Journal Officiel instituting heavy duties on frozen meats, and doubling the rates on wheat imports. Close examination of the decree disclosed the disquieting fact that American shippers would be one of the severest sufferers.

American meat packers are disheartened over the situation, having been quietly waging a strong fight to prevent the Government's action. Frozen beef and all other meats, except pork, will henceforth pay a duty of eighty-five francs per two hundred pounds. Since American meat packers operating from the Argentine, Brazil and Uruguay, ship considerably more than one hundred million pounds of meat each year into France, the extent of the blow can be readily appreciated. Frozen meats have paid no duty since 1914.

Increased Tariff on Wheat
The tariff on wheat is increased from 18.20 francs per two hundred pounds to thirty-five francs. Imports from America in 1927 will approximate 2,500,000 quintals, or 8,750,000 bushels. France only imports wheat to meet crop deficits. This year's crop has been bad, and import estimates for 1928 call for 15,000,000 quintals, of which the United States will supply between two and a half and three millions. In France therefore American wheat imports must pay a tariff of between seven and eight millions, instead of three and a half millions under the old tariff.

From an official quarter it was ascertained that the American Government will probably make no protest against the new tariff. So far as can be ascertained the decree applies equally to all importing nations, and the basis upon which Washington acts in tariff matters, namely, discriminating against American products, does not exist.

Market Overstocked With Meats
Officially the reason for the new tariff is a domestic one. In the case of meats the market is said to be overstocked, and French producers have been complaining for some time. As far as wheat is concerned, the net result, in the opinion of experienced exporters, would be to increase the price and please domestic wheat raisers, who have been demanding relief, due to the long-drawn-out agricultural crisis.

The volume of imports from the United States and other nations is not expected to be effected by the decree.

FAIR EXCHANGE IS NO ROBBERY MOTTO OF THIEF

HULL, Que., Nov. 19.—The swollen tributaries of the Gattineau River, as a result of the recent rains, brought down the logs of the Canadian International Paper Company so rapidly that residents in the district of Kazabazua became alarmed when a spectacular jam occurred in that vicinity late yesterday afternoon. It is claimed that nearly a million logs came down and broke up a boom spread to control them. The company officials, however, were able to assure the residents that there was no danger, and the water of the Gattineau River, which began to rise rapidly, soon subsided again.

THE ONLY MEDICINE BABY HAS HAD

is What Thousands of Mothers Say of Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that they are without equal for relieving baby of any of the minor ailments which afflict him at one time or another. The Tablets never fail to be of benefit—they cannot possibly do harm as they are guaranteed to be free from all injurious drugs.

Concerning Baby's Own Tablets Mrs. Russell Hill, Norwood, Ont., says: "I shall always have a good word to say for Baby's Own Tablets. I have given them to our baby girl. In fact they are the only medicine she has ever had and I am proud to say that she took second prize at our baby show. She is eleven months old and weighs 22 pounds. No mother whose child is peevish or ailing will make a mistake in giving Baby's Own Tablets."

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Have You Acid Scalp?

If your hair won't keep the simplest wave for several days, there is probably too much acidity. A condition that causes hair to be stubbornly straight and stringy, and to lack all lustre. Acid scalp.

From the hour you check this excessive acidity your hair will act and appear very different. It will arrange easily in any style that becomes, for it will have lovely softness, and all the sheen all healthy hair normally has. Danderine will neutralize the acid, and actually dissolve every particle of dandruff scale. Your hair won't need anything else to keep it fresh, wholesome, and free from the least objectionable taint that is too often noticed in otherwise fastidious women.

Danderine sells for only thirty-five cents at any drugstore, and as only a few drops on comb or towel will do the work, a little lasts for weeks!

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble if you don't stop them fast with Creomulsion, an emulsi- fied creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action, it soothes and heals the inflamed mem- branes and inhibits germ growth. Of all known drugs, creosote is re- cognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is a guaranteed satis- factory in the treatment of persis- tent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is ex- cellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist, Creomulsion Co., Limited, Toronto, Ont.

KEEP KIDNEYS CLEAN, DRINK MORE WATER

If Back Hurts or Bladder Bothers, Also Take a Little Salts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, be- cause the acids created excite the kidneys. They then become over- worked, get sluggish, clog up and cause all sorts of distress, particu- larly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoon- ful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders.

A THRILLING MARINE COMBAT WAS WITNESSED

Whale, Thrasher and Black Fish Engaged in Battle—Whale Leaped Clear Out of Sea.

(Associated Press Despatch) NEW YORK, N. Y. 19.—When the Lamport and Holt liner Vestris arrived yesterday from Buenos Aires, via Rio de Janeiro and Barbadoes, the passengers and crew told of a thrilling encounter they had wit- nessed four days ago between a whale, a thrasher and a black fish, in the waters of the Caribbean.

According to the ship's officers, the marine combat took place two days after leaving Barbadoes, on a sultry afternoon just after four bells, when the passengers were strolling on the promenade deck.

Suddenly about 250 yards away on the port bow, they saw a black fish, fully ten feet long, leap from the sea and come down with a ter- rific impact on the back of a whale, that was twice its length. While this was going on the officers could see that a big thrasher was jabbing the whale from below and churning the water into white foam with its powerful tail.

Goaded by the attack of its two enemies, the whale leaped clean out of the sea so that the full length of its body could be seen in the air, and evidently it was trying to escape.

An officer of the Vestris, who had spent some time in a whaler, ex- plained that the black fish and the thrasher worked together in at- tacking the whale. The black fish jumped into the air and dropped on the back of the whale to drive the mammal below the surface, so that the thrasher could get a "good chance to use its sharp sword."

The fight was still going on as the Vestris steamed ahead, the of- ficers said, and a flock of sea birds, mostly gulls, hovered over the combatants waiting for one of the big fish to die and be left floating on the sea.

COOLIDGE WARNS AGAINST "TEST OF PROSPERITY" FACING UNITED STATES

Calls for Internal Improvements in Development of Country's Defences and Promotion of Peace.

(Associated Press Despatch) PHILADELPHIA, PA., Nov. 19. A national programme calling for internal improvements in the de- velopment of the country's de- fences and the promotion of peace was outlined last night by President Coolidge in cautioning against the "test of prosperity" facing the United States.

Speaking before a distinguished audience of business leaders at the Union League of Philadelphia in a brief visit to this city, Mr. Coolidge gave a comprehensive report on the nation's affairs, and then detailed his hopes for the future in the most complete way he has ever attempt- ed outside of a message to Con- gress.

The president spoke after he had been given gold medal for dis- tinguished public service and hon- orary membership in the Union League.

AMENDMENT TO MOTOR LAW IS BEING SOUGHT

Campaign to Make Carrying of Lights on All Vehicles Com- pulsory—Task Not Thought to Be Difficult—Law Adopted in Ontario—Collisions Lessened Considerably—Resolution Adopted by Royal Automobile Club of Canada.

Another effort is to be made at the forthcoming session of the Que- bec Legislature to obtain an amend- ment to the general law of the province making it compulsory for all horse drawn vehicles using highways after darkness has set in, to carry a light of some kind that will give other users of the highway an indication of its exist- ence thereon. The Royal Auto- mobile Club of Canada, which has done much to educate the general public in traffic matters, has deter- mined submit the subject of the hundreds of municipalities in the province, and through them the local members of the Legislature, to support the proposal which will be brought before them next Jan- uary.

It is not anticipated that the task will be a difficult one, for the rapid extension of the system of good roads, coupled with the growth of automobile usage in the agricultural districts, has changed the opinion of many who were for- merly opposed to the movement on the ground that the road surfaces were too rough or that automobile traffic was not sufficiently heavy in their district to warrant the imposition of such a law. This was the plea put forward by a half a dozen municipalities that oppos- ed by resolution the change a few years ago.

Today neither objection has much force for there are compar- atively few farmers who do not possess an automobile of some kind or another, and they have learned from practical experience the po- tential danger of the slow-moving dark mass on the highway, without anything to quickly indicate its presence.

The Province of Ontario has been the first to adopt the compulsory law—it came into effect on the first of October last, and while it is early days to talk of results, re- ports of accidents on the highways of the neighboring province show that the number of collisions be- tween automobiles and horse drawn vehicles have lessened considerably. In England and France, where the surface of the rural roads are often less smooth than in Quebec, the compulsory carrying of lights on all vehicles has been law for many years, while across the border many of the States have similar enact- ments.

One never hears of a load of farm produce being destroyed through fire caused by the lamp carried, whether it be candle, kero- sene or other oil, "that provides the light. There are a dozen kinds of vehicular lamps manufactured to- day that meet all requirements of the law, and that are perfectly safe. The cost is infinitesimal, and they are an insurance against damage to property and even loss of life. The angle of light from an auto- mobile is fixed, and the contour of the roads are often such that the driver of a car does not pick up an unlighted vehicle clearly in time to avoid a collision and an accident results. A light on the side of the vehicle showing white in front and red behind, would obviate many such accidents, for it would immediately catch the eye. The highways are for the use of every class of vehicle, and the drivers of them are "entitled to the adoption of such safety regulations as will lessen the risks such drivers run, as whether they be drivers of horse-drawn vehicles or automobiles."

The directors of the Royal Auto- mobile Club of Canada have re- cently adopted the following resolu- tion on this subject, and they are now asking the different municipali- ties to endorse this and request their local members to support the proposal when the amendment to the general law of the province comes before the Legislature.

The resolution reads as follows: "That the Royal Automobile Club of Canada appeals to the Provin- cial Government to amend the gen- eral laws of the Province dealing with the use of the public through- fares by making it compulsory for all classes of vehicle, and espe- cially horse drawn vehicles using the public thoroughfares, during the hours of darkness, with a view to accident prevention and for the safety of all users of the public thoroughfares; and further this Club wishes to submit as precedent in this connection the fact that such regulation is in effect in Europe, the United States and also in some of the Canadian provinces."

The Secret of Keeping a Perspiring Body Sweet

Do you know why thousands of people who never have to take a laxative, do not get a candy sweetener now and then? They have found that cascara sweet- ens the whole system—brings an im- measurably of person that means every- thing. It prevents bodily chemistry from ever making one unconsciously offensive to others. And what a perfect regulator of the bowels!

Salts affect the lining of the bowels. Mineral oils leave a coating that the blood must carry off through the pores. How much better to cascade the sys- tem, and cause the bowels to expel everything by normal muscular contrac- tion! To say nothing of the cleaner, sweeter condition that lasts for days—a wholesome condition that makes the use of deodorants quite unnecessary in January or July! Men and women whose years have brought on sluggish- ness often find that a cascara only once a week is all the tonic they needed.

Cascara is splendid for children, too, and they love the taste of this candy laxative which every drug store has for 10c. and 25c.

SHERBROOKE TRUST COMPANY FIFTY-THIRD ANNUAL REPORT

The most prosperous year on record was disclosed in the Directors' 53rd annual report of the affairs of the Sherbrooke Trust Company for the year ending September 30th, 1927, submitted to the shareholders at their annual meeting held last week.

Mr. W. A. Hale, the veteran president of the company, presided over a well attended meeting of the shareholders and submitted the following report, in addition to the company's balance sheet (which appears in simplified form in today's issue of the Record).

"The Balance Sheet and Profit and Loss Statement submitted herewith indicate the prosperous condition of your Company's affairs with a further satisfactory gain in profits for the fiscal year ended September 30th, 1927."

Dividends at the rate of 5 p.c. on the paid-up capital, amounting to \$32,402.52 or approximately 13 p.c. on the paid-up Capital, against \$29,985.05 or 12 p.c. in the preceding year.

The net profits, after providing for Income Tax, amounted to \$32,402.52 or approximately 13 p.c. on the paid-up Capital, against \$29,985.05 or 12 p.c. in the preceding year.

Dividends at the rate of 5 p.c. on the paid-up capital, amounting to \$32,402.52 or approximately 13 p.c. on the paid-up Capital, against \$29,985.05 or 12 p.c. in the preceding year.

The Company's books and accounts have been subject to the semi-annual examination and the Auditor's certificate is appended to the Balance Sheet.

The substantial gain in Deposits and Debentures necessitated an issue of Capital Stock in accordance with provisions contained in the Company Charter. Full particulars are given in circular letter mailed to all stockholders, October 20th, 1927, and it is expected from responses already received that the issue will be oversubscribed.

The report and financial statements as presented to the meeting were unanimously adopted.

There will be a chicken pie supper at 7 o'clock, in the hall, Kinlock block, followed by a programme of speeches, music, etc. The Grand Chancellor will be accompanied by Supreme Representative A. N. Baker and Past S. R. George L. Payne. The meeting is open to all Knights of Pythias and their friends. Mr. Charles B. Howard, M.P., and others will speak. The musical programme will include solos by Miss Della Wilkie, Miss Annie Baldwin, and selections by Mr. Arthur Barrie. Mr. Ralph Gustafson will be accompanied. At the close of the theatres vaudeville artists in the city will render numbers. Chancellor Commander John G. Watson will preside.

Y'S MEN WILL ATTEND SUNDAY AT ST. ANDREW'S CHURCH
The morning and evening diets of public worship in St. Andrew's Presbyterian Church tomorrow will be conducted by Rev. Alfred Bright, the minister. The Y's Men of Sherbrooke, and deputations from other parts of the province now in session here will attend the morning service. A male choir from the Y's Men will lead the congregation in the choral part of the service. A duet by Messrs. Gordon and Ernest Armitage entitled, "I Heard the Voice of Jesus say," and an anthem by the male choir of Y's Men, "As Now We Stand," will be sung in the evening.

MISS CAMPBELL PASSES AWAY
The death occurred on Thursday evening after a short illness of Miss Emily S. Campbell, daughter of the late George and Sarah Campbell, and sister of Mr. A. G. Campbell, Queen Street.

Although her health had not been good for more than a year, she had been confined to her bed for only about six weeks, and it was not until Tuesday of this week that her friends realized that recovery was impossible. Even then it was not thought that she would be taken so soon and her death came as a shock to her family. On Thursday she sank into unconsciousness, from which she did not rally, passing quietly to rest at about 9:30 o'clock in the evening.

Her illness was borne with resignation and Christian fortitude. Of a gentle and unselfish nature, she was beloved by all with whom she came in contact.

Miss Campbell was a member of the former Methodist Church, and although for some years her health

LENNOXVILLE

Presentation to Organist of the United Church

The choir of the United Church was entertained on Friday evening at the home of Rev. P. Pergau and Mrs. Pergau, at a social gathering in honor of Mr. Leonard Brodie, of Sherbrooke, who for nearly 10 years has occupied the position of organist of the United Church with ability and to the satisfaction of all concerned.

The time was pleasantly passed with games and vocal and instrumental music and the serving of refreshments. During the evening Rev. F. R. Matthews, on behalf of the choir of the church, presented Mr. Brodie with a set of ebony-backed military brushes as a mark of appreciation of his services and good wishes for his success in his new position as organist of the Plymouth Church, Sherbrooke. To Mr. Matthews' brief address, Mr. Brodie responded in a characteristic way by playing a beautiful selection on the piano with perhaps more than usual of his accustomed expression.

Later, the company dispersed after wishing the guest of honor a happy and useful career in his chosen work.

Girls' Auxiliary Held Annual Sale
Great success attended the annual sale of fancy and useful articles, held by the Girls' Auxiliary St. George's Church yesterday afternoon. A feature of the event was the serving of afternoon tea with Miss Dorothy White, Mrs. G. Dunsmore and Mrs. Ernest Frost in charge of the arrangements.

Members of the Auxiliary waited on the tables, which in their decoration scheme anticipated the coming holidays; red and green predominating.

An attractive table of fancy work was in charge of Mrs. L. Dawson and Miss Della Sterling, while Mrs. H. Downs had a display of fancy and practical aprons for sale. Especially attractive was a table of delectable homemade candy, which was dispensed by the Misses Mary McClymont and Doris Town. The attendance was large, and the girls of the Auxiliary were much encouraged with the success of this annual sale.

General Notes
Among the young men who have returned from the harvest fields of the western provinces are Messrs. Harold Byrne, Walter Cox and Rupert Littlejohn.

Word has been received that Miss Naomi Pearson and Miss Clarice McCurdy graduate nurses of General Gale Hospital, Haverhill, Mass., who took the state board examinations in Boston in October, have both successfully passed their tests and received their R.N. certificates. The girls have registered for work in Haverhill, and for the present at least, expect to continue their work in that city.

Mr. A. Perrault, agent of the Canadian Pacific Railway, Lennoxville, and Mrs. Perrault left yesterday for New York, Charleston, S. C., Venice, St. Petersburg, Miami, Key West Islands and Havana, Cuba. While in Charleston they will visit Sister Immaculate of the Order of the Ladies of Mary, a sister of Mrs. Perrault.

Mrs. W. J. Martin was a recent guest of relatives in Montreal.

Mr. E. L. Barter and the members of the Lennoxville Band wish to express their gratitude to the citizens of Lennoxville for their courteous response to the invitation to attend the reception given on Tuesday evening to Dr. and Mrs. Winder.

had not permitted her to take an active part in the work of the church, her interest still continued. She will be greatly missed by her immediate family, as well as by a large circle of friends.

Besides her brother and sister-in-law, Mr. and Mrs. A. G. Campbell, she leaves to mourn her loss four nieces, Mrs. Charles B. Howard, city, Mrs. F. T. Enright, of Westmont, Mrs. C. F. Richardson and Mrs. M. E. New of Woonsocket, R.I., two nephews, Messrs. Colin Campbell and W. R. Campbell, Asheville, N.C., and Mr. Richard Barnett, Woonsocket, R.I., a brother-in-law.

The funeral will be held on Sunday afternoon at 2:30 p.m. from the residence of her brother, 179 Queen Street, thence to Elmwood Cemetery.

MISSIONARY ASPECT OF THE GOSPEL SUBJECT OF SERMON AT TRINITY CHURCH
Tomorrow morning Rev. Dr. W. S. Lennon, pastor of Trinity United Church, will preach on "The Missionary Aspect of the Gospel," and will deal with some phases of the missionary enterprises of the United Church of Canada at home and abroad.

The choir will contribute music as follows: Anthem, "God So Loved the World" (Roberts), and solo by Mrs. F. H. Bradley. At 2:30 p.m. the recently formed Brotherhood will meet in the church auditorium and the Sunday school will hold its session in Wesley Hall.

The subject of the evening sermon will be "The Handicap of Jesus," and the music of the service will consist of Bowles' anthem, "Ere Another Sabbath's Close," and a selected quartette.

The ballots for the election of the elders and stewards in accordance with the reorganization of the boards of the church in harmony with the policy of the United Church will be distributed among the members of the church and the adherents tomorrow. The ballots are returnable on Sunday, November 27th, particularly at the morning service, at which also some necessary decisions will be made affecting the election. The new elders

PRESENTATION TO H. A. H. BAKER LAST EVENING

Members of Life Underwriters' Association Tendered Supper at New Sherbrooke to Local Insurance Man Who Is Leaving Shortly for Minneapolis, Minn.—Address Given by Judge Lemay.

Some thirty members of the Life Underwriters Association of Sherbrooke gathered at the New Sherbrooke House last evening on the occasion of a farewell supper given in honor of Mr. H. A. H. Baker, past president of the Association, who is leaving the city shortly to take over his new duties as representative of the Sun Life Assurance Company in Minneapolis, Minn.

Following the luncheon, Mr. A. Parthenal, president of the association, after tendering the regrets of all in losing Mr. Baker on behalf of the Association presented him with a walking stick, the silver band of which was engraved "H.A. H. Baker from L. U. A., Sherbrooke, 1927."

In replying, Mr. Baker expressed his grateful thanks for the gift and stressed the co-operation he had received while filling the president's chair last year, closing with a wish for the greatest possible success to the Underwriters during the present year and the years to come.

Judge J. H. Lemay, presiding judge in the local Magistrate's Court, was then introduced by the president as the speaker of the evening.

Judge Lemay expressed his regrets that Mr. Baker was leaving Sherbrooke, and wished him success in his new undertaking. He then gave a very interesting address on the history of insurance, which, he stated, was a comparatively new organization having been founded in 1863. At first insurance was regarded as illegal, and it was not until it was legalized in England in 1900 that its possibilities were realized.

"It is one of the most certain ways of obtaining independence at old age," continued the speaker, who pointed out that out of one hundred persons at the age of twenty-four years, thirty-six were dead before they reached the age of sixty-five years; six were working, five were independent and fifty-three depending on others for their keep. "It is only by means of insurance that these appalling figures can be lessened," stated Judge Lemay, and called upon insurance agents to not think only of their commission in selling a policy, but to consider the circumstances of the person wishing to be insured and govern themselves accordingly.

Judge Lemay, in concluding, showed that the only way the poor could become moderately wealthy was by contributing to a common fund, which would astonish them in a short time by the results obtained.

"At present there is not enough economy being practiced by the younger generation," declared Judge Lemay. "The young men and women of today spend all their earnings without a thought to the future, as if the sun will be always shining. When, however, they come upon the hardships of life, they will discover their error."

Canadians were severely criticised by Judge Lemay in allowing the Americans and others to exploit natural resources and make fortunes, which he claimed should go to residents of this country. "There are too many Canadians satisfied with the salaries given them by these financiers who are using up the wonderful resources of the country and pocketing the money," continued the speaker, who, in closing, called upon Canadians, as Canadians to wake up, co-operate and take full possession of their heritage, pointing out that this is their duty to Canada and future generations.

At the conclusion of the address, the president, on behalf of the association, thanked Judge Lemay for his interesting and instructive address, and stressed a few of the important facts brought before them.

and stewards when elected, will constitute, together with representatives of the various organizations of the church, the quarterly official board.

THE HIGH SCHOOL POSTER COMPETITION
The annual Stunt Night of the High School, to be held on Thursday and Friday, November 24 and 25, has been preceded, as usual, by a poster competition. The drawing classes for the past few weeks have been frequented by busy groups wielding pencil, pen or brush. The results are most gratifying for one hundred finished posters, nearly every one of them a credit to both teacher and pupils, have been handed in.

Mr. Bert Williams kindly judged the work and has made a special display of some of the best in his window on Wellington Street.

Prizes were won by the following: 1 Aileen Dinning, grade X; 2 Dorothy Nutbrown, grade X; and Norman Woolleton, grade IX, equal; 3 John Moore, grade IX.

Grade VIII competed with the others on equal terms, but a special prize was offered for the best poster in that grade alone. The result was a tie between Isabel Rothney and Betty Earnshaw for first place.

With so many entries, all of such excellence, it was difficult to award the prizes and the following were no close to the winners that they deserve honorable mention: Sylvia Loomis, Frances Hovey, Howard Prestwich, Marion Hall,

DR. READ TO DELIVER CLOSING SERMON OF SERIES

Dr. G. E. Read will deliver the closing sermon of the series on “Great Possessions” at the Sunday morning service in Plymouth United Church, the particular theme being, “Life and Death.” The choir will sing the anthem, “The Souls of the Righteous,” by Roberts. The congregational hymns have been chosen in accordance with the subject and express the hope and faith of the Christian Church concerning the future.

At the evening service the subject of the sermon will be, “I Believe in Jesus Christ.” This is the second of the series. Dr. Read is giving on successive Sunday evenings on “Fundamentals of the Christian Faith.” The choral service will include the anthem, “No Shadows Yonder” (Gaul), and the baritone solo, by Mr. J. Davis, “How Long Will Thou Forget Me?” (Pfeiffer).

The church school will meet at 10.15 for the Beginners and Primary departments, and at 2.30 for all other departments.

ENTERTAINMENT BY BOY SCOUTS MUCH ENJOYED

First Class Programme Was Presented Last Night—Chaplain Pin Presented to Rev. Alfred Bright.

The entertainment given in St. Andrew's Church Hall last evening by the Boy Scouts of troops five and six was attended by a large audience and very much enjoyed. A variety of acts were given and during the intermission candy was sold. A talk was given by A.D.C. Giovetti, and badges were presented. At the opening of the programme Mr. P. A. Hammond spoke briefly of the Scout movement in this city.

Rev. Alfred Bright was chairman and announced the different acts. The first number was a horseshoe formation and flag break by the scouts of both troops. “The Tumbling Midgets” was the title of the next act, which was given by the Cubs of the sixth troop. A vaudeville sketch, entitled “Such Ignorance,” was given by Scouts Wilson and Taylor, and was followed by a short play under the title, “A Strenuous Afternoon,” in which the scouts of troop six took part.

The first number after the intermission was given by the Scouts of troop five and was called “A Good Turn.” A vaudeville sketch was the next number, presented by Acting A.C.M.'s Smith and Hammond. “The End of a Perfect Day,” by Scouts of the fifth and sixth troop concluded the programme, and was followed by the singing of “God Save the King.” The acts were most entertaining and showed considerable originality. The audience applauded each one enthusiastically, and the whole programme was much enjoyed.

During the intermission second class badges were presented to P. L. Chiswick, Scouts E. Hall, M. Wilson and R. Leslie.

A chaplain pin was presented to Rev. Alfred Bright by Assistant Commissioner Wm. Giovetti, who stated that the Scout movement was proud to have men of such accomplishments and eminence in religious affairs connected with the organization in this way. Rev. Bright thanked the boys for the pin in a few appropriate remarks, assuring them that he was keenly interested in their work.

A troop charter was then presented to Scoutmaster Lynn Trussler, of Sherbrooke, who, following that the troop was officially registered, and that the leaders had received proper authorization to carry on.

Mrs. S. E. Pitts, of St. Lambert is the guest of her parents, Mr. and Mrs. Richard Armitage, Terrill Avenue.

On Monday evening at 8 o'clock a card party will be held at St. Patrick's Church Hall under the auspices of the Junior Girls' Mission Circle.

Dr. and Mrs. A. W. Tracey, Portland Avenue, left this morning for Ste. Anne de Bellevue, where they will be guests of Dr. and Mrs. O. Burnet. Dr. Tracey will return to the city Monday, leaving Mrs. Tracey for a longer stay.

A campers' reunion for the C.G. I.T. is being held in Plymouth Church Hall this evening, to which all old campers are invited. The girls are asked to be at the church hall at 5.30 p.m. and to bring a box supper and fifteen cents. They are requested to wear their camp uniforms and to bring all camp pictures and snapshots they may have. Games will be played during the evening, and a sing-song will also be held. Slides will be shown, and it is expected that the reunion will be a well attended and enjoyable one.

The Anglican Young People's Association met in St. Peter's Church Hall last evening with the president, Mrs. Harold Moffatt, in the chair, and a good attendance of members present. During the business meeting the president appointed a visiting committee to look up new members, and the visit of Mr. George Pipher, vice-president of the Dominion A.Y.P.A., to the local branch last Sunday evening was spoken of. Mr. Pipher spoke to the young people in St. Peter's Church Hall after the church service, and gave them a very interesting address. He has been visiting branches throughout Canada and told of his visits. He asked that the A.Y.P.A. in Sherbrooke make it their special object to spread the Association in this city. This request was most favorably received by the members and was discussed at last evening's meeting. After the business session the singing was spent in games and a sing-song.

SANTA CLAUS ARRIVED HERE THIS MORNING

Large Number of Children on Hand to Greet Jolly Old Fellow as He Paraded from C. P. R. Station to Downtown District.

The heart of younger Sherbrooke is glad. Santa Claus is here.

This morning at 11 o'clock the jolly old gentleman, who brings joy to the young folks, arrived on a special train at the Canadian Pacific Railway station and, preceded by his bodyguard of police in scarlet tunics and yellow striped trousers, cowboys, Indians and squaws, proceeded down King Street and along Wellington Street, headed by the Sherbrooke Harmony Band, to the Grand Central Hotel, where St. Nicholas will rest until Monday after his arduous toil, so as to be fresh for the busy weeks before him at his headquarters in H. G. Munro's store.

Thousands of children lined the streets waiting impatiently for the arrival of Santa, and several hundred of the most impatient were on hand at the P.E.R. station to greet him as he stepped off the train. So great was the press around him that it was some time before he could reach his house on wheels that was waiting to convey him to the business section of the city. Consequently it was not until 11.20 o'clock that Santa, with his bag of toys and handful of gifts, was comfortably arranged in the chimney of his house where he could acknowledge the adoring shouts of his subjects.

As the parade advanced, the children following Santa swelled to considerable numbers, and so great was the number of spectators that it took five stalwart policemen, obtained through the courtesy of Police Commissioner Houlihan and Chief Camirand, to save St. Nicholas from being mobbed by his adoring subjects.

Santa, in speaking to the Record this morning, wished to express his most grateful thanks to Mr. Munro and staff for the excellent manner in which arrangements had been made for his arrival and the fine headquarters prepared for him. Santa also wished to thank his children for greeting him in such large numbers, and stated that he would be glad to return to the city on Monday so that he could attend to their needs and open the large number of letters mailed to him from his subjects in Sherbrooke and the Eastern Townships.

ASK SUPPORT FOR EXTENSION FUND OF CHURCH

Interesting Addresses Heard Following Banquet at Trinity United Church Last Evening.

A most successful banquet in aid of the Maintenance and Extension Fund of the United Church of Canada was held in the tea room of Trinity United Church last evening, and was attended by members of Trinity and Plymouth Churches. A number were present from out-of-town churches, Richmond, Stanstead, Ayer's Cliff and other places being represented. After the banquet, addresses were given by Rev. J. W. Graham, general secretary of education of the United Church, and by Mr. Dent Harrison, of Montreal.

The supper was provided and served by members of the Ladies' Aid, Women's Auxiliary and Ladies' Circle of Trinity Church. Chrysanthemums were used to decorate the tables.

The chairman was Rev. E. S. Logie, of Magog, and before introducing the speakers he discussed the church year to make it tally with the calendar year. The adjustment was being made this year, and this allowed only nine months in which to raise the sum of \$3,400.00, which was the objective of the United Church. He said that the maintenance and extension work this year looked very promising, and reports augured well for the final returns.

Mr. Harrison Spoke

The first speaker was Mr. Dent Harrison, of Montreal, who made a strong plea for the support of the fund. He urged everyone to boost the business of the church. Mr. Harrison said he had once heard it remarked that business was on a pagan basis. That was not so. To be prosperous today business must be in a service basis. In this connection, he quoted Dr. Crane, who once wrote, “If anyone's heart is full of love and his hands are full of service, he has no problem.” Mr. Harrison emphasized the word “service” and spoke of the cheerful and steady service given by ministers and their wives.

Many people felt they were handicapped and could not give largely to the fund. “Handicaps are the common denominator of the universe,” he said. There is no one who has not a handicap of some kind or other. But handicaps do not keep men and women from being great, they make them great. The speaker gave instances of men and women who had been greatly handicapped but who had surmounted these apparent drawbacks. “If you take a man's trials from his life you rob him of his greatness,” he declared.

Mr. Harrison next dealt with the doctrine, “It is more blessed to give than to receive.” “Do more than is required of you,” he said. “The man who never does more than he is paid for seldom or never gets paid for more than he does.”

Mr. Harrison spoke briefly of the missionary field and of the work being done by the United Church in bringing Christianity to different peoples.

Fear had too great a part in building up the society of the church, he claimed. Faith should be substituted for fear. “We should show faith, courage, hope and belief in the things we start to do,” he concluded.

Pleaded for Generous Response

Dr. Graham gave a forceful speech, also pleading for a generous response to enable the objective of the fund to be reached.

Canada was a wonderful country, Dr. Graham said. He told of the wonderful scenery and natural resources of the Dominion. But it was not enough that a country should have these. “The greatest peril before the people in the United States and Canada is that they may forget God,” he said. Other nations have done this, and the speaker took Babylon as an example.

“It is not wealth but youth and the production of character that makes a nation great,” he continued. “The essential institution is the church. Without God one is without hope in this world and the next. When you are paying for the church you are giving to the thing without which life loses its meaning and becomes a waste wilderness.”

The consummation of the United Church of Canada was a splendid thing, he said. Everywhere in Canada the United Church was a real force. In four western provinces there were at least fifty per cent more university students from the United Church than from all other denominations combined. The universities were preparing the future leaders of the nation, and it must be seen that the United Church was not hampered in her work.

Mr. Graham told a number of incidents which had come to his notice which illustrated the wonderful way in which the hospital and educational institutions of the United Church had helped and were helping people all over Canada.

A vote of thanks to the ladies who had provided the banquet was moved by Rev. Mr. Thomas, of Ayer's Cliff, and was seconded by Mr. P. C. Duboyce, of Richmond.

Dr. W. S. Lennon moved a vote of thanks to the speakers for their addresses and this motion was seconded by Dr. G. Ellery Read.

During the evening a vocal solo was given by Mr. Rhys Lloyd and a vocal duet was sung by Mr. Lloyd and Mrs. Salter.

Steady Nerves are essential in Emergencies.

MODERN life puts a terrific drain on nerve force, which not only reduces the body's resistance to disease, but makes the sufferer incapable of real accomplishment. Emergencies, too, often find weak nerves unequal to sudden calls. A disturbed nervous system frequently means revolt or "strike" on the part of the whole organism; for the nervous system is the balance wheel in the body mechanism. For this condition, therefore, one must seek for something which

will soothe and stabilize unruly nerves.

The success of "Fellows" Syrup in quieting rebellious nerves, has been proved by sixty years of successful use.

Recommended as a nerve tonic by the doctors of nearly all civilized countries.

The brand "FELLOWS" is your guarantee of purest ingredients and scrupulous care in manufacture.

'Child Of The North'

By Ridgwell Cullum.

"No. Maybe not. But it's Charlie's. He's hit it rich. A creditor told him he was coming along right back. With a swell pouchful of dust." "I see," Bill drew a deep breath as he slid down from the counter. Then, quite suddenly, he laughed with a lightness he by no means felt. "Telling me that has made things easy though," he went on. "It's clear enough what's happened. Charlie's got down at last, and is looking to beat winter. He, and Hooch, and the middle have hit the trail south on the run."

"Not on your life!" Peter started. "Why not?" Bill knew he had heard all the trader had to tell, in fact all he knew, and had no intention of prolonging his visit. He had pretended. And the deduction he had made seemed to him to sound reasonable enough for his purpose.

Peter shook his head emphatically while his gaze sought the moonlight beyond the window. "No, sir," he cried. "Not on your life! Charlie wouldn't quit without passing me a hand. Not with a for-ty-mile blizzard driving in!"

He flung up a hand pointing at the window. "Of all the—! If that ain't a darn spyin' necho crawling 'round," he cried. He reached the door on the run. It was a Dogrib. And he stood there on the floor of the store bathed in the uncertain light of Peter's lamp, undressed, mean-looking, and heavily blanketed. It was the type of blanket used by the Mission Indians, a type the matching of which was stocked in quantities on the shelves of the store. Peter failed to recognize the man. But that by no means troubled him. It was his wife who served in the store as a rule.

Bill looked on in the background while the man talked. He was watching in the last degree, and nothing in the way of tone and expression escaped him. He was taking with the man in his own way, which Bill had only the slightest knowledge. So he could only await the trader's interpretation.

But as their talk progressed the look of consternation in Peter's eyes, and the half-angry incredulity in his

tone, warned him that the man's visit had no ulterior intent. On the contrary, he was a messenger bringing the gravest of news. At last Peter turned to him, and a gesture of his hands illuminated his words.

"They've murdered him!" he cried. "Don't you see, I fed him to the wolves? It's the worst I've listened to in years. God A'mighty!"

"Murdered—who?" Bill's questions came without emotion. "Who? Why, that pore, darn sucker, James Garnet. They murdered him up there on Snake River. They done it for his button in. Murdered him in cold blood, and hacked his body to small meat. I've told him he'll need to beat a quick trail down to Fort Montague, where there's a police post, and I'll stake him the trip. I hated the boy. But his murder sets me plumb sick. Pore old Sally. She'll be grieved to death."

If Peter had looked for emotion in Bill he failed to discover it. There was no sign in him. His eyes were fixed on the trader. He studied the immobile features of the Indian messenger.

"There's three hundred miles of Snake River," he said doubtfully. "What's the story of this boy's getaway from the Yellow devils who hate the Dogrubs? Does it sound good? There's no Dogrib came on up to a Yellow Knife as a river-man."

Peter took his cue. He and the trader talked again while Bill looked on coldly. At last the result was interpreted to him.

"It's just about as tough as you could think," he said. "It's right to me. It's pat-plumb pat. He made his jump while they were beavin' up his boss. He grabbed a Yellow Knife chief's quaw in her own kayak, and beat it down river with her. He came at him, and he had his knife at her throat and warned them the thing he would do if they touched him. He made the squaw paddle, and stood guard over her. And in the end, they let him go. He brought the woman right down to the Mission, and then let her go, and himself came on here. I look to me we'll have the Yellow Knives along down here on a wint'ral next spring."

Bill shook his head and a chilly smile lit his eyes.

"I shouldn't worry, boy," he said. "The police got a few things when that boy makes Fort Montague. Then he bestirred himself, and his whole expression hardened. He stood looking profoundly while Peter saw the Indian's final instructions. Then, as the necho shuffled out of the store, he turned to the trader with a faint return of his entry smile.

"There's a muddy time around," he said. "I feel like I ought to hand you a big apology, only it's as well as weren't in your blankets when you were here. I was scared for Charlie, and that little kid. I don't know if you've killed that dead. The same as they killed Garnet. Well, I'll get right on—"

"You can't quit, boy," Peter protested, all his sense of hospitality outraged. There's all the blankets you need right here and a great many fingers of hooch. Say, cut that out. The middle of night's no time to talk quitting this Fort."

Bill's manner softened under the other's kindness. But his decision remained unchanged.

"No, Peter," he said quietly, holding out a hand. "Thank you to you, and know you mean it, but I've got to make my jump south right way. One's on the river in camp. pull out with the first streak of day. So long."

The shadow on the river no longer kept to the banks where the stream was easiest. It was moving swiftly down mid-stream northwards, and the moonlight lit the powerful body of Bill Bradford, a his paddle dipped with the perfect skill of the northern Indian.

He was heading for his camp where he knew perfectly well there was no Onek. Only was there the sparsest of outfits to see him on his further journey.

But just now he was not concerned for his camp, or such journey as he had to make. His mind was surging with tumultuous thought, and his heart was sick with it, and the lust of vengeance.

He had that night sought Garnet, and Garnet had completely fooled him. Oh, he knew. The man had told him Charlie's gold, no doubt believing Charlie to be dead. That was the flimsy story of the wretched Dogrib from Snake River. He knew it was without a shred of truth. The Indian had never been there. Nor had Garnet. The man had made a complete getaway, and was seeking to cover it.

But Dan and Little Joe. What mad impulse had driven that blundering old gold man? Was it thinkable he had gone in pursuit of Charlie? No. The old fool believed Charlie dead. He was scared for the kid, himself, the future. He had run for the south, guided by Charlie's edict. Where? For God's sake where must he look for—Little Joe?

In the course of the miles of the river his final decision came to him. There were only two things beyond those matters for which he was already concerned. If he travelled the continent from one end to the other he must come up with Little Joe. He must find Joe. He wanted that bright little fellow, with his ridiculous cap, so that all that was his ill-fated father's might be his.

Then there was that other that had its inspiration in a cold fury that was without one single shred of mercy. James Garnet. Oh, he was not dead. One day he would be. Oh, yes. One day. But before that day came he should be made to pay in full for the loss of the crime he had committed. He should pay. And pay some more. And then pay.

AN INCREASE IN BUILDING SEEN FOR OCTOBER

A Record October—Total for First Ten Months Nearly \$26,000,000 Over That of Corresponding 1926 Period.

The value of the building permits issued by sixty-three cities during October was \$18,838,558; this was an increase of \$4,428,846, or 30.7 per cent., as compared with the September total of \$14,410,212, and of \$4,100,156, or 27.8 per cent., over the aggregate of \$14,738,402 for October, 1926. The value in the month under review was greater than in October of any other year for which statistics of these centres are available, while the cumulative totals for the months of 1927 exceed by almost \$26,000,000 that for the same months in 1926, the previous high level of this record, which was commenced in 1920.

Some fifty cities furnished detailed statistics, showing they had issued nearly 1,600 permits for dwellings estimated to cost approximately \$3,800,000, and over 3,200 permits for other buildings valued at almost \$9,800,000. During September, authority was granted for the erection of about 1,500 dwellings and 3,000 other buildings estimated to cost approximately \$7,000,000 in each case.

Quebec, Ontario, Alberta and British Columbia registered increases in the value of authorized buildings as compared with September, 1927, those of \$1,384,238, or 35.7 per cent. in Quebec, and \$2,881,952, or 41.7 per cent. in Ontario being most noteworthy.

As compared with October, 1926, there were gains in New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta and British Columbia. In this comparison also, Ontario recorded the greatest gain of \$3,125,502, or 45.6 per cent. Montreal and Toronto showed improvement over September, 1927, but declines as compared with October of last year; in Winnipeg the reverse was the case, as there was a reduction in comparison with the preceding month, and an increase over the same month in 1926, while in Vancouver the total was higher than in either of the other centres, Quebec, Westmount, Belleville, Brantford, Chatham, Fort William, Galt, Hamilton, Niagara Falls, Ottawa, York Township, Sandwich, Meese Jaw, Regina, Calgary, Edmonton, Lethbridge, Medicine Hat, Kamloops, Nanaimo, New Westminster, and Prince Rupert registered increases both as compared with September, 1927, and with October, 1926.

The following table shows the value of the building authorized by sixty-three cities during October and in the first ten months of each year since 1920. The January-October average index numbers of

MANITOBA GOVT. OFFER IS LIKELY TO BE ACCEPTED

Believed that Almost Immediate Start Will Be Made With Construction of Railway Near The Pas.

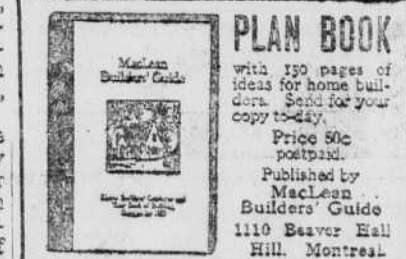

(Canadian Press Despatch)
WINNIPEG, Nov. 19.—It is regarded as practically certain that the provincial Government's offer to make annual payments up to \$100,000 for five years, to offset possible operating loss will be accepted by the Dominion government and that an almost immediate start will be made with construction of a railway near The Pas, on the Hudson Bay Railway to the Flin Flon mining area. The offer was made by the Bracken government yesterday as an alternative to the request by the Dominion government for a cash subsidy for approximately \$500,000. A message received from Ottawa last night stated that the offer had made a good impression at the Dominion capital and it is recalled that Hon. Charles Dunning, Minister of Railways and Canals, informed Premier John Bracken at the recent Dominion-provincial conference, that though he had at the moment favored the cash subsidy plan, if Manitoba put forward a proper offer, the lines now set forth, it would be accepted.

The construction of a railway into the Flin Flon area will mean great development of the north country, and, it is stated, will involve a capital investment of \$50,000,000 including \$30,000,000 in the immediate Flin Flon district.

wholesale prices of building materials in those years are also given (1918-100).

Year	October	Months	Index
1927	\$18,838,558	\$160,855,088	147.6
1926	14,410,212	134,602,338	149.5
1925	11,812,844	109,676,325	153.9
1924	18,089,858	109,806,921	180.6
1923	9,999,187	118,519,159	166.8
1922	10,787,825	127,819,075	182.0
1921	10,491,228	99,054,670	137.0
1920	10,401,041	106,547,319	215.5

The aggregate for the first ten months of this year was 19.2 per cent. greater than in 1926, the previous high level of the record, while the average index numbers of wholesale prices of building materials continued to be lower than in any other year since 1920.

DEATHS REPORTED

MRS. HERBERT A. BEERWORTH, STANSTEAD.

STANSTEAD, QUE., Nov. 19.—The funeral services of the late Mrs. Herbert A. Beerworth, of Stanstead, who passed peacefully away at the Sherbrooke Hospital on Monday evening, November 14th, following a long period of illness and considerable suffering during which she consistently remained cheerful and courageous and ever thoughtful of her family and friends, were held from her home on Wednesday afternoon, November 16th, Dr. G. Ellery Read, of Sherbrooke, the former pastor of the deceased, conducted the simple and impressive service, speaking from her chosen text, "Blessed are the dead who die in the Lord for they shall rest from their labours and their works do follow them," and closing with the words of the poem, "He Giveth His Beloved Sleep." Dr. T. B. Moody, pastor of Stanstead United Church, of which Mrs. Beerworth was a member, assisted in the service, reading the beautiful verses of "The Home-land," following his prayer. The casket was borne by a circle of relatives and friends, who thus showed the love and esteem in which she was held. A large number attended the service from The Three Villages, Sherbrooke and elsewhere.

The bearers were Messrs J. D. McEwen, John McIntosh, Elwood Gibson, Edw. W. Hay, George A. Channell and Arthur Curtis, interment being in Crystal Lake cemetery.

Mrs. Beerworth had been a resident of this community for over twenty years, having moved here with her husband and children from Passumpsic, Vt.

The deceased was born September 10th, 1856, in Clareville, Que., one of a family of twelve children, moving with her parents to Ruiter Corner and later spending several years in Boston.

She leaves to mourn the loss of a devoted wife and mother her husband and her three children, Edna, of Sherbrooke; Ray, of Rock Island, and Earle, of Montreal. Other surviving relatives include the wives of the late sons, three grandchildren, Gordon Stanley and Ruth Beerworth, and two sisters, Mrs. W. S. Comstock, of Tomifobia, and Mrs. Effie Gay, of Stanstead, as well as many nieces and nephews and more distant relatives.

MR. DENNIS MARSH, LANCASTER, N.H.

LANCASTER, N.H., Nov. 19.—The remains of the late Dennis Marsh, who passed away on Thursday, November 10th at the home of his daughter, Mrs. Clyde Keyser, Lancaster, N.H., were brought here by motor on Sunday, November 13th, for burial. The funeral service was held at St. Cuthbert's Episcopal Church and was conducted by the rector, Rev. J. C. Tanner.

The church was well filled with those who had gathered to pay their last respects to a former friend and neighbor. Mrs. Tanner presided at the organ and the hymns were, "Nearer My God to Thee," "Thy Will Be Done," "Abide With Me," with an anthem by the choir, "One Sweetly Solemn Thought."

The bearers were four sons-in-law of the deceased, Messrs. Clyde Keyser, of Lancaster, N.H.; J. Archie Grady, of Waterloo; Frank Humphrey, of Dixville, and Ira Ramsay, of Colebrook, N.H., and the interment was in the Crocker cemetery beside his late wife and a little daughter, who predeceased him by many years.

The late Mr. Marsh who spent the greater part of his life in this vicinity, was born in Barnston, on October 31st, 1849. In February, 1883, he was united in marriage to Miss Carrie Cushing, daughter of the late Mr. and Mrs. Addison B. Cushing, of this place. Six daughters were born to them, five of whom survive to mourn the death of their father. Mrs. Clyde Keyser, (Eva), of Lancaster, N.H.; Mrs. Charles McEwen (Bessie), of Pontiac, Michigan; Mrs. J. Archie Grady (Lottie), of Waterloo; Mrs. Frank Humphrey, (Ella), of Dixville, and Mrs. Ira Ramsay, (Hazel), of Colebrook, N.H. He also leaves to mourn his loss, thirteen grandchildren, and other friends and neighbors.

THE STAGE AND SCREEN

AT THE THEATRES

AT THE PREMIER THEATRE—The special attraction at His Majesty's Theatre next week will be the beginning of the series of "The Collegians," which commencing on Wednesday and Thursday next, will be shown at this theatre weekly for the next ten weeks.

"The Collegians" is not a serial, but a series of pictures, each a complete story dealing with college life. Some time ago another series of these popular pictures was shown here and met with unanimous approval. The coming series, however, will be entirely different in story from the others, although the cast will be the same. George Lewis takes the leading role, and co-starred with him are Hayden Stevenson and Dorothy Gulkiver

FOUR HOCKEY MATCHES DOWN FOR TONIGHT

Canadiens and Maroons Will Meet at Montreal in First of Their Intra-City Series.

(Canadian Press Despatch) MONTREAL, Que., Nov. 19.—Four games are scheduled in the Canadian and United States divisions of the National Hockey League tonight and one tomorrow night. Canadiens and Montreal Maroons will meet in the first of their intra-city series. Indications are that a large crowd will witness the match. This year there is an additional filip to the struggle, through the donation of a trophy for the Canadian-Maroon series of games—the George Kennedy Trophy—given in memory of the late George Kennedy, former owner of the Canadiens. Canadiens may go into the struggle without the services of "Howie" Morenz, their flashy centre, who was injured in the game with Amer-

icans on Tuesday. With a win and draw to their credit, the Chicago Black Hawks will play the Toronto Maple Leafs at the Queen City. Both teams will be at full strength for the struggle. Pittsburgh Pirates will clash with the world champion Ottawa Senators at the capital. Both these teams have failed to mark up a win. The fourth game will be played at Boston, where the Bruins will be at home to the Detroit Cougars, while Sunday the Americans will meet their rivals the Rangers at Madison Square Garden.

BASKETBALL

ST. PAT'S OLD BOYS TO FORM LEAGUE

A meeting of the Old Boys of St. Patrick's Academy has been called for seven-thirty o'clock on Monday night, when plans will be discussed for the formation of a four-team basketball league among members of the association. It is hoped that all former pupils of the Academy, and especially those interested in basketball, will be on hand for this meeting.

GOLF AS CHAMPIONS PLAY IT

The loft of this club will lift ball even if hands go through first

What club does the average player use with the most confidence?

By JOCK HUTCHISON One of America's Greatest Players.

The average player uses the mid-iron with more confidence than any other club in the bag, because of the degree of loft on it. The loft is not too great to spoil distance, as the average player gets about 150 to 160 yards with it, but the degree of loft offsets a lot of bad faults. For example, getting body or hand ahead of clubhead when coming in contact with a ball would generally mean a top or a very low ball, for with that move the club-face usually turns over toward the ball and knocks it into the ground. The same move with the midiron would simply make a straight-faced club out of it with still enough loft to get the ball up.

BOXING

ROY EXPECTED HERE ON DECEMBER 10

Young Samson, former Eastern Townships boxer, returned from Montreal yesterday, where he made arrangements with Leo (Kid) Roy, featherweight champion of Canada, to box a ten-round exhibition bout here on or about December 10, with George Kennedy, of Buffalo, N.Y., at the 54th Armory.

"What is that youngster of yours going to be when he grows up?" "I rather fancy he'll be a golf instructor." "Really?" "Yes. The last tanning I gave him he turned round and told me I wasn't holding the stick the right way."

BOY SCOUT NEWS

1ST LENNOXVILLE WOLF CUBS HELD MEETING

The 1st Lennoxville Wolf Cubs met at their headquarters at 9.30 a.m., Saturday last. The meeting opened with Grand Howl Prayer, and Cub Silence. Arrangements were made for the Armistice parade. A very pleasant feature of the meeting was the presentation of a secretary's pin to Mr. W. Guhan, Sr. The presentation was made by Mr. W. W. Foote, chairman of the Scout committee, on behalf of the Cubmaster and Pack. Mr. Guhan in answer, thanked the Cubs and told them how much he appreciated their gift. The Cubs then went out to collect material to make their wreath. The scout committee and leaders wish to convey to the Sherbrooke Scouts and Cubs their thanks for the splendid turnout of all ranks last Sunday.

4TH TROOP ENJOYED SOCIAL EVENING

A pleasant evening was spent at the home of A.S.M. Jack Wright by patrol leaders and their assistants, who turned out in large numbers. The evening was spent in playing cards. Refreshments were served at the close of the evening by Mrs. Wright, assisted by Mrs. Bradford.

FRELIGHSBURG

The Helping Hand Society of the B.S.M. Church held their annual bazaar on Friday, November 11, with a wonderful display of fancy articles in charge of Mesdames E. H. Spencer and J. Van Antwerp. One of the amusing features of the afternoon was a "grab basket," which was in charge of Miss Mabel Best, also a "beano" contest, in charge of Miss Dorothy Shepard, the prize being won by Miss Christy Frary. A delicious cafeteria lunch was served, when each member did her share in making the guests comfortable. Mesdames Winch and Whitcomb poured tea and coffee. The beautiful pillow cases kindly donated by Mrs. Albert Morse were drawn for by Master Leslie Mc-

by Mrs. Birtwell, of Montreal. Mr. Walker Shepard acting as auctioneer. Great amusement was caused when the sum of \$95 was realized from the sale. The society is under the presidency of Mrs. H. U. McCrum, who is to be congratulated on such a successful year.

New Chrysler 52

So very much more for your money \$925

IN PERFORMANCE, in comfort and in luxury the New Chrysler "52" is head and shoulders above anything and everything else in its particular price field.

Not only because of its smooth speed capacity of 52 miles and more an hour; its remarkable snap and dash in getaway; and its high gasoline mileage—

But also because it is so much larger; its sturdy wood and steel body is so much more substantial; its ample seats are so much wider, deeper and more restful; its fittings and equipment are so much richer and more elegant; and its color harmonies are so much more striking than any other car with which you might contrast it.
