

HOW THE LIBERAL PARTY ARE WASTING THE COUNTRY'S MONEY

Useless Works Carried Out for the Purpose of Aiding the Government's Friends and Middlemen---Reckless Expenditure

NATIONAL DEBT LARGELY INCREASED

Deep in the pages of Hansard are many ancient speeches by Sir Richard Cartwright which would read strangely beside the budget speech which Mr. Fielding has just delivered.

It will not be disputed that growth of trade and extension of settlement have warranted increase in expenditures. A government would be weak and foolish to be bound by pledges which through lapse of time and changing conditions could not be wisely observed.

In 1896 the consolidated expenditure was \$36,419,000. In 1908 the consolidated expenditure will be \$77,500,000.

For next year the estimates already provide for total disbursements of nearly \$120,000,000, and it is expected that supplementary estimates, railway subsidies and bounties will raise the total to \$135,000,000 or \$100,000,000.

Probably the country will agree that there should be vigorous construction of the Transcontinental Railway. We are committed to the project and Conservative Governments, when revenues were far less abundant and the national outlook far less promising, never failed in courage to face great constructive undertakings.

The charge which lies against the Government is that it has been boldly improvident during a season of great prosperity and has established a scale of expenditure which the results do not begin to justify.

COMMISSIONERS OF THE TRICENTENARY FESTIVITIES

Held a Meeting Here on Saturday Last---Principal Features of the Great Function Discussed and Suggestions Made.

MR. LASCELLES GOES OVER THE PLANS.

The broad lines of the programme of tricenary festivities to be held in July next were considered by the commissioners at their meeting here Saturday morning, at which were present:—Mayor Garneau, who was chosen as president, Sir George Drummond, Hon. A. Turgeon, Lieut.-Colonel Dennison and Mr. Bryon Walker, besides Colonel Hanbury Williams, representing the Governor-General, Mr. Frank Lascelles, Dr. Doughty and Mr. H. J. J. B. Chouinard acting as secretaries of the commission.

As already announced the Prince of Wales is expected to arrive on July 22nd and he will, in all probability, be received by the Governor-General in person. One of the principle features during the time of his stay will be a provincial ball to be given in the Legislative Buildings, provided the Prince of Wales approves of the plan.

The commissioners also discussed details of the Battlefields Park project and they practically decided to make a general appeal to the people of Canada for financial aid towards realization of the project.

extensive character than has yet been seen on this continent. The illumination and fireworks are expected to be most elaborate. The principal feature in this connection will be a grand display from the Levis heights which will, of course, be witnessed from all over the city as well as Beauport and all along the shore.

It is understood that Mr. Lascelles is anxious to have a couple of special committees formed as early as possible to arrange for costumes for those taking part in the pageants. Several appropriations asked for have been taken into consideration and will be recommended.

The commissioners also discussed details of the Battlefields Park project and they practically decided to make a general appeal to the people of Canada for financial aid towards realization of the project.

U.S. PRESIDENCY

Taft and Bryan Likely to be the Candidates for the Office.

Providence, R.I., March 21.—The Democratic State Convention to-day decided not to endorse resolutions favoring the nomination of Wm. J. Bryan for the presidency, but offered the resolution to the delegates at large to act upon in their individual discretion.

Silver City, N.M., March 21.—The Republican Territorial Convention to-day adopted resolutions endorsing Wm. H. Taft for president and instructing the New Mexico delegates to Chicago to vote for him.

Binghamton, N.Y., March 22.—The boiler of a Delaware and Hudson freight locomotive was blown up while the engine was taking water at Schenevus, about midnight last night, instantly killing two men and fatally injuring a third.

Syracuse, N.Y., March 22.—Fire at Baldwinsville, 12 miles from here, to-day destroyed a large portion of the plant of the Pennsylvania Spring Works, involving a loss estimated from \$75,000,000 to \$100,000,000.

Washington, March 22.—United States Senator Wm. James Bryan, of Florida, died at the Providence Hospital early to-day from typhoid fever. It was only seventy-three days since he took his seat as the successor of the late Senator Stephen R. Mallory, who died December 2nd, and thirty-three days of that time was spent in his fight against disease.

Correspondence

To the Editor of the Chronicle:

Dear Sir,—I have read Mr. Weir's speech and your remarks about fake settling and that there has been too much of it going on there is no doubt, but I would like to bring to your notice something on the other side.

Yours respectfully,
AN ENGLISHMAN,
Quebec, March 21, 1908.

To the Editor of the Chronicle:

Sir,—I was sorry to see in your issue of the 18th instant, the letter of a Mr. F. Hornum referring to the recent musical competition at Ottawa where the Quebec Symphony Society failed to retain the Governor-General's trophy won by them last year.

I am, Sir, &c.,
W. NOBLE CAMPRELL,
Quebec, March 21, 1908.

NOTRE DAME DE QUEBEC AND THE CITY OF QUEBEC.

To the Editor of the Chronicle:

Dear Sir,—On Friday, the 20th instant, a motion was made in the City Council that permission be immediately granted to the Parish of Notre Dame de Quebec to run its water pipes through a certain lot situated in the Parish of St. Malo which lot the city acquired for a cattle yard.

It was stated that the case of Notre Dame against the city to be allowed to run through the lot was in fact under advisement, on deliberation, that Notre Dame wants favors from the city; that Notre Dame has caused trouble to the city; and finally that Notre Dame is asking of the Legislature exorbitant powers which shall put the city at its mercy.

Here is the truth—To go back a little. For years there has been a contract between the city and Notre Dame by which we were furnished with water and the use of the city's drainage pipes for the sum of \$6,000 or over per year which was regularly paid. When the scheme for a Greater Quebec grew in certain brains, annexation proposals were made to Notre Dame which were coldly received for very good reasons.

Now comes the rub! Mr. Canne Marquis, then Mayor of St. Malo, one day bought a lot in that Parish for \$20,000 and sold it to the city the same or the following day for \$21,000. The city has no power to buy land outside of its limits. This lot, now owned by the city and the illegal acquisition of which it is seeking to have legalized by the present Legislature lies directly in the Parish of Notre Dame's water-works, and we must pass through it in order to reach our water supply at Charlesbourg.

that date our water and drainage shall be cut off. In order that the municipality may not be suffering for water at a time when Quebec is celebrating its three hundredth anniversary, many of them illustrious, who shall then be visiting it, may not depart with tales of an inhabitant Sabara at the gates of the city, in order moreover not to uselessly squander the money of Notre Dame in litigation we decided not to await the issue of the expropriation proceedings we had taken to force the city to give us the right of way through their cattle yard, and asked the City Council on Friday night to give us permission to run through immediately. I put into the hands of the mover of our motion a letter to the effect that should the Council grant us the right of way on Friday night we would drop expropriation proceedings on Saturday morning and pay all costs to date.

Our suit is not under advisement, on deliberation, as stated by Mr. Galipeau in the Council. The Council, after listening to the misleading statements of two or three Aldermen decided not to let us pass. We wish to thank those Aldermen who spoke and worked in our favor.

We are now in the position of being prevented from getting water ourselves. A nice state of affairs in a civilized country in the 20th century. We cannot believe that the majority of the City Council and the citizens of Quebec will any longer countenance such an attempt at petty tyranny. What we are asking of our water and drainage system not be completed and in operation by the first of May, we be allowed to continue in the use of the water and drainage system of the city at the same rates as now paid, until our works are finished. A wise precaution in the light of present events.

W. H. BROWN,
Mayor of Notre Dame de Quebec.

Avoid Secret Stomach Remedies

Because Most of Them Contain Dangerous Ingredients, Which Produce the Drug Habit.

Thousands of people, having dyspepsia or stomach troubles in some form, continually "dope" themselves with all sorts of secret tonics, drugs, pills, cathartics, etc., which not only inflame and irritate the stomach and intestines, but in many cases cause the opium, morphine and cocaine habits.

Stuart's Dyspepsia Tablets are not a secret remedy, they do not contain injurious drugs, and they are recommended by thousands of physicians in the United States and Canada to their patients for dyspepsia, constipation of the stomach, and all other stomach troubles resulting from improper digestion of food.

These wonderful tablets actually digest food because they contain the very elements that are required of a healthy stomach to properly digest food, thus acting as a substitute and giving the overworked digestive organs a rest and a chance to regain their former health, strength and vigor.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated tincture of hydrastis, and golden seal, which tone up and strengthen the mucous coats of the stomach and increase the flow of gastric and other digestive juices; lactose (extracted from milk); nux, to strengthen the nerves controlling the action of the stomach; bismuth to absorb gases and prevent fermentation and pure aseptic pepsin (govt. test) of the highest digestive power. All of these are scientifically incorporated in these tablets or lozenges and constitute a complete, natural, speedy cure for any stomach trouble.

Stuart's Dyspepsia Tablets are sold in large fifty-cent boxes, by all druggists.

Write us for a free sample package. This sample alone will give you sufficient relief to convince you. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

MORE TROUBLE IN SOUTH AMERICA
Valparaiso, March 20—A despatch received here from Arica says that a detachment of Peruvian troops invaded Tarata, a Chilean town in the province of Tacna and near the Peruvian frontier, in pursuit of smugglers. The Chilean police disarmed the invaders, but later fresh Peruvian troops arrived at Tarata and entered houses, searching for arms. The governor of the province of Tacna has now sent troops to Tarata, where there is much excitement over the incident.

FIRE AT LIMOILOU A.O.H. PRESIDENT

Residence of Mr. Carpenter Badly Gutted Yesterday Morning.

The handsome new residence at Limoilou of Mr. John Carpenter, road master of the Quebec & Lake St. John Railway, was badly gutted by a fire which broke out about 10 o'clock yesterday morning.

The family were all absent at church when the fire started, and the blaze is supposed to have caught from the furnace.

The Limoilou fire brigade were speedily on the scene when the alarm was given and did good work in combating the flames, but the entire interior of the building, with its contents, was totally destroyed.

MILLINERY OPENING.

Mrs. D. R. Murphy announces her first millinery opening which takes place Tuesday, March 24th, and cordially invites an inspection of the new goods for spring.

FIRST CIRCUS AGENT.

The first of the annual crop of circus advance agents has struck the country, making arrangements for the Canadian tour of Cole Bros. Circus, which will make a tour of Canada through Ontario, Quebec and the Maritime Provinces during July and August. The show will travel through this country by the C.P.R. on special trains, and will show in Montreal on July 1 and 2.

MONDAY AND TUESDAY.

The 23rd and 24th inst., our grand opening of the latest styles and novelties will take place. These goods are direct from Paris and New York.

MARCEAU & CIE,
155 St. Joseph Street.

HOOIGAN IN NEW YORK.

The jolliest, funniest and most laughable of all comedies, "Hooigan in New York," will be the attraction at the Bennett theatre on Friday and Saturday, with Saturday matinee. It is funnier than a circus. That is what people say because there is something doing all the time from the rise to the fall of the curtain. The company has been engaged with special care and a high class entertainment is promised. Hooigan and his dog Flip never fail to produce two and one-half hours of laughter.

EXPOSITION OF FASHIONS
on Monday and Tuesday at
MARCEAU & CIE,
155 St. Joseph Street.

DRILL HALL EXTENSION.

A volunteer writes to inquire if the officers commanding the local corps have taken advantage of the visit to our city of the headquarters staff to impress upon them the urgent necessity of immediately making the long promised additions to the Drill Hall. Places for these improvements have been approved of and the funds voted, but still the work is delayed, and the requirements are compelled to put up with the very inadequate quarters at their disposal.

DIAMOND HARBOR CHAPEL.

Rev. Father Jas. Woods, C.S.S.R., who was recently transferred to this city from St. John, N.B., yesterday assumed his duties as chaplain of the Chapel of Our Lady of Perpetual Help, Diamond Harbor, in succession to Rev. Father Hickey, removed to New York. Father Woods at his masses yesterday, in announcing his appointment, which was made by the Rev. Father Hanley, C.S.S.R., Rector of St. Patrick's, made feeling references to his predecessors, the late Reverend Father McCarthy and Rev. Father Hickey, and appealed to the parishioners to accord him that generous support which was so desirable.

AT THE NICKEL.

To-day and Tuesday will witness an up-to-date and interesting show at this popular hall. The bill consists of the following items:

"A Russian Drama" deals with a young girl who to save her father and brother from Siberia, sacrifices her honor. She is then cast out by them, and becomes a Nihilist, and seeks revenge on her betrayer. She succeeds in this, is pursued and shot. These pictures are very realistic.

"A Noble Sacrifice"—A young man is in love with a hard working girl. His father will not allow the marriage, as he already has a wife chosen for his son. The marriage ceremony is started, when the forsaken girl comes into the church. The would-be bride sacrifices her intended and sees that they are made man and wife.

"Making Charcoal"—This industry is a very interesting one, and one with which few of our readers are acquainted. The process is an interesting one.

The song for to-day will be "Ain't You Coming Back to Old New Hampshire, Molly."

OBITUARY.

There passed away at her father's residence, Champlain street, on Saturday last, Miss Annie Mayes, daughter of Mr. John Mayes. Miss Mayes was possessed of a frank, endearing disposition, which made for her a friend and a lasting one of whom-so-ever she came in contact. She was for some years, previous to her illness, organist of the chapel of our Lady of Perpetual Help, Diamond Harbor, and also a valued member of the choir of St. Patrick's Church, as well as a member of St. Patrick's Dramatic Club, in whose entertainments she invariably portrayed an important role. The deceased young lady was operated upon for appendicitis about a year and a half ago and though the operation was successful, her constitution was not equal to the strain, though until recently, high hopes were entertained of her ultimate recovery. There remains to mourn their loss, together with the deceased's father, one brother Robert Mayes, and two sisters, Mrs. Jno. Berrigan, and Miss Stella Mayes, who will have the sympathy of their friends in this hour of their sad affliction.

THERE'S A REASON

ENJOYABLE TREAT

Miss Carey's Piano Pupils Gave Entertainment on Saturday.

Miss Carey's pupils afforded their friends an opportunity Saturday afternoon of judging of their progress when they gave a piano recital at the Y.M.C.A. Hall. The attendance was quite large and if applause is to be taken as a criterion of their appreciation they were undoubtedly of the unanimous opinion that each of the lady and gentlemen performers acquitted themselves not alone with credit to themselves, but also to their accomplished teacher, who, as is well known, is most assiduous for the advancement of her pupils.

The following was the afternoon's programme:—

1. Duet—Overture, Tancred, Rossini Misses Johnson and Meikeljohn.
2. Etude—Butterfly..... Miss G. Burns.
3. Scherzetto.....Schmoll Miss M. Staton.
4. Etude—Spinning-Wheel.....Schmoll Miss N. Kinnear.
5. Duet—Waltz—Scarum..... Misses Watson and Houghton.
6. Polonaise in D Major.....Muller Miss D. Cream.
7. Heimweh.....Jungman Op. 117 Miss M. Manany.
8. Menuet de la Marie.....Thoms Miss J. Kennedy.
9. Duet—Gavotte.....H. Alberti Misses Tregget and Tweedell.
10. Petite Berceuse.....C. W. Zerkwer Miss Donnelly.
11. Can You Forget.....Goerdelet Miss Ackerman.
12. Morceau—Characteristique—The Butterfly.....T. Bendis Master P. Gerrett.
13. Valse Aragonaise.....Thoms Miss Mackey.
14. Duet (a)—Minuet..... (b)—Scherzo—From the celebrated Septet.....Beethoven Misses Lavigne and C. Cotter.
15. Serenade in E. Major.....Jensen Mons. J. C. Gauvreau.
16. Etude—Impatience.....C. W. Zerkwer Miss Kane.
17. Rondo Favori.....Hummel Miss J. Muir.
18. Song Without Words—The Brook.....Mendelssohn Miss A. Gauvreau.
19. Durt—Pierrette.....C. Chaminade Misses Oliver and Aird.
20. Bolero in A.....Lack Miss C. Cotter.
21. Improv.....Reinhold Miss I. Kerr.
22. To Spring.....Greig Miss Lavigne.
23. Rustle of Spring.....C. Sinding Mr. J. Kinnear.
24. Duet in festal genre.....Engelmen Misses Mathews and McCalley.

Miss Carey in thanking those present just previous to the termination of the programme for their attendance and appreciation, made a plea to the parents present for their co-operation and offered a suggestion that those who were in a position to do so, should afford their children an opportunity of visiting the great masters when they are one of the greatest aids to true interpretation.

THEATRE POPULAIRE.

As predicted in these columns on Tuesday last the Theatre Populaire (Jacques Cartier Hall) did an immense business during the past week, every performance being largely attended, and the audience on each occasion, showing that they appreciate the splendid acting of the company which now holds the boards at the Populaire. This week, commencing this evening, the same company will place before their audience that magnificent drama, "The Two Orphans," which will no doubt attract large audiences at each performance. The cast will include such well known performers as Melle, Lucie DeMartha, Mme. B. Ouellette, who will take the parts of the two orphans: Julien, Daoust, "Pierre"; J. R. Tremblay, "Le Comte de Limeres"; M. Tougas, "Chevalier de Vaudray," while the part of "La Frochard" will be played by Mr. Villeraie. The company is composed of many other first class performers, while the orchestra under the able leadership of Mr. Authier, consists of eight well known local instrumentalists. Those who desire to see a good performance should not fail to visit the Theatre Populaire during the week. Matinees Tuesday, Thursday and Saturdays. Popular prices.

BASEBALL SEASON WON DIXIE CUP

New League Formed for the Coming Playing Season in Quebec.

The Quebec Central Baseball League was finally organized at a meeting held in this city yesterday afternoon and evening, at which representatives from Thetford Mines, Levis, Megantic, Beauceville and Rock City clubs were present. Mr. Harry Fontaine presided at the meeting and after considerable discussion it was decided to organize a league under the above name.

The election of officers for the ensuing year resulted as follows: President, Mr. Harry Fontaine, Quebec; Vice-President, Mr. O. N. Gaudreau, Lake Megantic; Secretary-Treasurer, Mr. Geo. E. Cartier, Quebec. A constitution was drawn up, and a meeting of the league will soon be held in this city when a schedule for the season's matches will be arranged. Those present at the meeting were Messrs. H. Fontaine, J. Murphy, A. Racine, and Ernest Cote, Rock City; Paul Constantine and P. Rousseau, Thetford Mines; A. Lambert, Beauceville; E. Lauzier and C. Pouliot, Levis; P. Gaudreau, Lake Megantic. The new league starts with most encouraging prospects, and there seems to be no doubt that the residents of the ancient capital will during the coming season be treated to one of the best seasons that lovers of baseball have yet enjoyed.

No less than three handsome trophies have already been offered for the League winners. BASEBALL. At Augusta, Ga.: - Boston (National), 7; Augusta (Southern Atlantic), 1. At New Orleans: - Chicago (American), 7; New Orleans (Southern), 2.

RUGBY POLO. A final meeting will be held at 8.30 o'clock at the Academy to complete the organization of a Polo League. All those interested are requested to attend. RACE ON ROLLER SKATES. The two daily races between McDermott and Gypette, was won by the former by a lap and a half, in very fast time. A race between Dorion and McDermott would be very interesting, as both skaters have improved since last season. It is to be hoped a match will be arranged.

BANKERS DOWNED LUMBERMEN. The Bankers and Lumbermen provided the second act of the double header at the Quebec rink on Saturday evening. The financiers smothered their friends of the Timber trade by a score of six goals to one.

The exhibition was a strenuous one throughout and but for the fact that the formality of a timekeeper was dispensed with penalties for infractions of the rules serious more or less might have been severely dealt with. The teams: Bankers - Goal, Leonard; point, Boisjoli; cover point, Johnston; forwards, J. Jewell, Belger, Guibault and Lindsay. Lumbermen - Goal, Smith; point Kennedy; cover point, Poston; forwards, Weir, Kippan, Fletcher and Egan. Referee, Mr. O. Walsh.

B. C. S. vs SHERBROOKE. On Thursday night Bishop's College School, Lennoxville, played the Sherbrooke team (intermediate champions) in the Stadium rink, Sherbrooke, with a result of nine goals to four in favor of the city team. The game was as good if not better than any exhibition of hockey ever seen in Sherbrooke this season. Sherbrooke rushed the play successfully during the first few moments and slammed in three before B. C. S. found the pace. After this the play was more even through the superior weight of the Sherbrooke septette told severely on their opponents. At half time the score was four to one in Sherbrooke's favor. The second half was decidedly the most exciting of the two and a higher score would assuredly have been run up on both sides were it not for the clever work of the goal-keepers. Five minutes before time the score stood four to seven when Sherbrooke made a spurt and sagged the twine twice increasing their lead to four to nine. In this half B. C. S. found the twine three times and were still going when the whistle blew.

The line-up was as follows: B. C. S. Goal, Sherbrooke; Paddon Point, Arguin; Stuart Cov. Point, Wiggitt; Spafford Rover, H. Hyndman; Galt Centre, Povey; Martin L. Wing, Baker; Price R. Wing, Atto; Fisher R. Wing, L. Hyndman. Referee, C. Spafford.

This is the only defeat B. C. S. have sustained this season and they are undoubtedly the best school team in the country. Following is a record of their games this season: Won by Score Eastern Township's Bank at B.C.S. 10-1 B.C.S. at Cookshire, seniors 11-8 B.C.S. at University, B.C.S. 9-5 B.C.S. at St. John's School at B.C.S. 11-0 B.C.S. at Stanstead College 6-6 B.C.S. at Crichton School 7-2 B.C.S. at Montreal High School 4-3 B.C.S. at Bishop's University 16-6 B.C.S. at Stanstead College at B.C.S. 8-1 B.C.S. at Sherbrooke, Shbk. 9-4

Nationale-Independante Team are Now Intermediate Tug-of-War Champions.

It was just one o'clock yesterday morning when the tug-of-war tourney at the Drill Hall finally wound up, with the team representing the Nationale-Independante Snowshoe Club winners of the Dixie Cup, emblematic of the championship of Quebec district, and which was last season held by the Huron team. The Nationales won in decisive style not losing a single pull throughout the evening and disposing of each of its opponents in straight pulls. The most exciting pull of the evening was that between the Nationales and the Zouaves, the latter being looked upon as strong contenders for the honor but though they put up a good fight they had to succumb to the "black and yellow" team.

There was a bit of a hitch at the beginning of the tourney as a result of which it was delayed in starting and which also had for effect the withdrawal of the Levis Voltigeurs from the contest. Objection was raised to a member of the Levis team who had acted as spare man for the senior team this season. It was claimed that he must rank as a class A man, and rather than submit to this ruling the Voltigeurs withdrew their team altogether. The results in detail of the various pulls were as follows: - Zouaves won from Union Commerciale two straight. Nationale Independante won from Huron two straight. Canadien won from Union Commerciale two to one. Zouaves won from Huron two straight. Nationale Independante won from Canadien two straight. Union Commerciale won from Huron two straight.

At the conclusion of the tournament the Dixie Cup was formally presented to Capt. LePage, of the Nationale team, by Ald. Lockwell, who acted as master of ceremonies, amid a scene of great enthusiasm, among the members of that club, after which Capt. LePage was duly bounced. Chief Trudel again made a very efficient starter. A BOARDING HOUSE MIX-UP. Before the greatest crowd that ever assembled in the Quebec Skating Rink to witness a Boarding House Hockey Match, a team selected from the boarding house world went down to defeat before seven sturdy St. George House Diners, the score being 5 to 3 in favor of the latter. By the winning of this game the St. George House Diners are fully qualified champions, having gone through the season without one defeat, and having as their only the remarkable fact that only 3 goals were scored against them during the entire season. The game was an exceptionally clean one, there being no abusive language or tactics resorted to and the hockey science displayed all through the game was of a stellar brand. The line-up was as follows: - St. George House, Boarding House Goal, Lynch, W. J. Point, Valteau; Payson Cover, Ashfield; Eyre Rover, Thomson; McDougall Centre, Boisjoli; Clarke R. Wing, Jewell; Lynch, C. L. L. Wing, Wilson; Gavey Kingsley; Revere, B. O. Hall, Timekeeper, T. R. Pearce; Umpires, Joe Manning and John R. Bockfeller; Standard bearer, Geo. B. Marriot. Audience, see Quebec Directory.

The teams were very evenly matched every man being in himself a star, and the referee certainly absorbed the pastry. The final result was not altogether unexpected, for as that old hockey veteran Bill Shakespeare, so wisely says: Pray friend we have good feed, and when they ask what doth that mean, say you this, "It means victory."

BILLARDS. New York, March 21 - Willie Hoppe defeated Jake Schaefer at 18.2 balk line billards to-night, 400 to 142 points. Champion Geo. Sutton defeated Cassagnol, the French expert, 500 to 263 points. In the afternoon game Cassagnol defeated Slosson, 300 to 250.

NEW ORLEANS DERBY. New Orleans, March 21 - The same horses which were defeated with ease by Meelick in last Saturday's \$10,000 Derby at the Fair Grounds, to-day ran Meelick off his feet and beat him by several lengths in the City Park Derby \$10,000 guaranteed. Angelus won, with Chapultepec second and Meelick third. Pukola was the only other horse in the race. Distance was one mile and a quarter and the time 2:04.35, a new track record. Chapultepec made the pace - till the stretch, with Meelick hanging on two lengths behind and failing to respond to Jockey Dugan, who vainly tried to work Meelick forward. Angelus played just behind Meelick until the stretch. Then he moved up with a rush passing Chapultepec and taking the lead at the eighth pole and winning by four lengths. Chapultepec was two lengths in front of Meelick, and Meelick was one of two favorite and was back generously by one of the largest crowds which has witnessed a race here since ante-bellum days. Last Saturday the crowd almost as large as to-day, paid no attention to Meelick then the winner and the long-acted priced horse in the race, while to-day Angelus and Chapultepec, the good things of a few days before found few friends among the bettors. Weather cloudy, track fast.

WRESTLING. Baltimore, Md., March 21 - Hackenschmidt, the Russian wrestler, failed in his undertaking to throw Gus Schoenier, of this city, in 15 minutes to-night. His opponent weighed 174 pounds and the Russian 208.

MAPLE LEAF HOME. Winnipeg, March 21 - The Maple Leafs back from their unsuccessful attempt to lift the Stanley Cup, have a number of opinions to offer in regard to their defeat by the Wanderers. Manager Lee is firmly of the opinion that had Capt. Joe Power, of the Quebec team, been referee of the second game, the western men would certainly have won.

HOCKEY. New York, March 21 - The Victoria hockey team, of Montreal, defeated the New York Athletic Club team at St. Nicholas rink to-night by the score of 8 to 6.

Pittsburg, March 21 - The Wanderers team, of Montreal, won the world's hockey championship by defeating the Bankers' seven of this city in a game at the Inquest Garden here to-night, the score being 8 to 1. This was the second of a series of three games for the championship, the Wanderers having won the first game.

SNOWSHOE UNION. Montreal, March 21 - The Canadian Snowshoe Union annual meeting will take place on the last Saturday of this month, and officers will then be elected for the coming year. It is thought that Mr. Arthur Lamalloe, the energetic President, who for so many years has been the head and front of the French-Canadian section of the snowshoe army, will probably retire from office. If so, Mr. Gordon Bowie, President of the Old Tuque Bleue, will probably be his successor. Mr. Bowie is also a very popular man. Some new ideas in regard to registration and racing may also be brought up at this meeting.

THE LACROSSE SITUATION. Montreal, March 21 - Pitre, the well known hockey and lacrosse player has received a civic appointment. He has been made a health inspector in the City Health Department, and will work with such other well known lacrosse players as Johnny Currie and Robinson of the Shamrocks. He has also signed with the Nationales for the coming season. Gauthier, the little daredevil of last year's National lacrosse team, has not yet definitely announced his intention of playing. He is devoting a good deal of his spare time in the evenings to roller skating. Otherwise things are as yet fairly quiet in local lacrosse circles. In Toronto they are worrying apparently, more than they are here, although as soon as the meeting of the Shamrock Amateur Athletic Association, which takes place next Monday, is over, there may be a good deal doing here.

SEVEN BIG STAKES

For the Spring Meeting of the Montreal Jockey Club.

Montreal, March 21 - Seven valuable stakes will brighten the programme of the Montreal Jockey Club's meet this spring. These are the Kindergarten, at five furlongs, for two-year-olds; The Mount Royal, at a mile and a quarter and The Jockey Club Stakes, at a mile and a furlong for three-year-olds and upwards; The King's Plate, for Province bred; The Jacques Cartier Stakes, at a mile, and The Prince of Wales Steeplechase Handicap for four-year-olds - over the full course, two miles and a half.

Of these stakes the Mount Royal is worth two thousand dollars, while all the others, including the King's Plate, are of the value of one thousand dollars each. The Prince of Wales Steeplechase Handicap is a new stake which will commemorate the visit of His Royal Highness to Canada. The Club intends to give owners of jumpers the same attention as last year and in addition to this stake there will be a steeplechase on every day of the meeting. The course, which was remarkably good last year, should be much better this season. The soil will be firmer and the drainage perfect.

All the horsemen who have wintered hereabouts are of the opinion that they will be able to commence active training much earlier than last year. There were over four feet of frost in the ground last winter, whereas this year the depth of frost is only about eight inches. This means that as soon as the snow melts, the track can be harrowed and made ready for trainers. Already hundreds of applications have been received for stalls. Many owners at present racing at Los Angeles, will ship direct to Montreal.

WINNING. Baltimore, Md., March 21 - Hackenschmidt, the Russian wrestler, failed in his undertaking to throw Gus Schoenier, of this city, in 15 minutes to-night. His opponent weighed 174 pounds and the Russian 208.

MAPLE LEAF HOME. Winnipeg, March 21 - The Maple Leafs back from their unsuccessful attempt to lift the Stanley Cup, have a number of opinions to offer in regard to their defeat by the Wanderers. Manager Lee is firmly of the opinion that had Capt. Joe Power, of the Quebec team, been referee of the second game, the western men would certainly have won.

HOCKEY. New York, March 21 - The Victoria hockey team, of Montreal, defeated the New York Athletic Club team at St. Nicholas rink to-night by the score of 8 to 6.

Pittsburg, March 21 - The Wanderers team, of Montreal, won the world's hockey championship by defeating the Bankers' seven of this city in a game at the Inquest Garden here to-night, the score being 8 to 1. This was the second of a series of three games for the championship, the Wanderers having won the first game.

SNOWSHOE UNION. Montreal, March 21 - The Canadian Snowshoe Union annual meeting will take place on the last Saturday of this month, and officers will then be elected for the coming year. It is thought that Mr. Arthur Lamalloe, the energetic President, who for so many years has been the head and front of the French-Canadian section of the snowshoe army, will probably retire from office. If so, Mr. Gordon Bowie, President of the Old Tuque Bleue, will probably be his successor. Mr. Bowie is also a very popular man. Some new ideas in regard to registration and racing may also be brought up at this meeting.

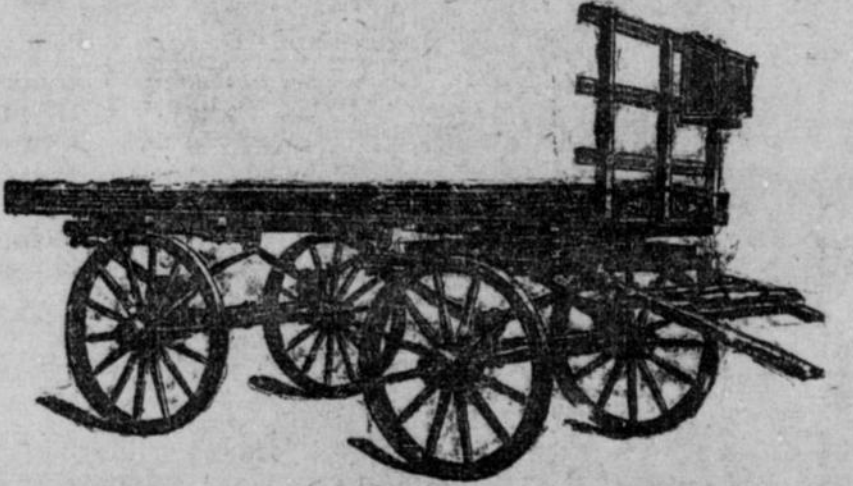

THE LACROSSE SITUATION. Montreal, March 21 - Pitre, the well known hockey and lacrosse player has received a civic appointment. He has been made a health inspector in the City Health Department, and will work with such other well known lacrosse players as Johnny Currie and Robinson of the Shamrocks. He has also signed with the Nationales for the coming season. Gauthier, the little daredevil of last year's National lacrosse team, has not yet definitely announced his intention of playing. He is devoting a good deal of his spare time in the evenings to roller skating. Otherwise things are as yet fairly quiet in local lacrosse circles. In Toronto they are worrying apparently, more than they are here, although as soon as the meeting of the Shamrock Amateur Athletic Association, which takes place next Monday, is over, there may be a good deal doing here.

GOULD DEFEATED LATHAM. Tuxedo Park, March 22 - Jay Gould, amateur tennis champion of the United States and England defeated Peter Latham, professional champion of the world, on the court of the Tuxedo Tennis and Racquet Club to-day, by three sets to one in an exhibition court tennis match. The victory was a brilliant one for Gould because of the fact that Latham so easily defeated Eustace H. Miles, former amateur champion of England, by three straight sets yesterday. Latham who was the favorite, conceded 15 in today's match. Gould was in fine form and played an aggressive game using his "railroad service" to great advantage while Latham seemed fatigued.

PRESSMEN AT HOCKEY. Ottawa, March 22 - Forty members of the Montreal Press Club visited Ottawa on Saturday by special car over the G.T.R. and returned this evening. They were guests of the Ottawa Press Club and among other items played a hockey match for the newspaper challenge cup. Ottawa again defeated their Montreal confreres after an exciting match by 6 goals to 4. The entertainment of the Ottawa Press Club afterwards at St. Patrick's Hall was one of the largest gatherings of working news writers in Canada. The Press Gallery and a vast number of newspapers of Canada were represented, apart from the Montreal brethren and local men. The affair marked a notch in history of Journalism in the usual informal way.

Grand Opening Exposition

Of Authoritative Styles for Spring '08

EXTENSIVE assortments in every possible requirement for the coming spring season render this year's Grand Opening Exposition intensely interesting. From the farthest corners of the Earth have come myriads of useful and beautiful things to please and satisfy the visitor and customer alike. The store is decked in its brightest plumage. Clever fingers have arranged the gorgeous window displays, master minds have evolved the matchless interior effects. Entrancing shapes and colorings in exquisite Parisian Millinery, planned and executed by the World's leading artistes, will greet the visitor to this far-famed Millinery Department of ours. Jaunty street costumes, imported direct from the great fashion centres, are also given a prominent place in this season's truly incomparable display. In Millinery our prestige, won by many years of successful experience in buying, is nobly upheld. All the new Spring Pattern Hats are imported direct. All are exclusive models, yet our policy is never to mark our goods at fancy prices. We positively guarantee that our values in Millinery are unmatchable. If you are not satisfied that this is so, your money will be refunded immediately, upon request. This store is noted for marking Millinery at its actual commercial value, and not at prices which little kinks of fashion might be considered by some stores to entitle them to bear. Value is the keynote to our success, and at no time is this more apparent than at these great annual events. For the benefit of those who cannot come in the day time, the store will be open on Monday evening for exhibition purposes only. Our entire staff will be on hand to answer questions relative to the coming styles.

Parisian Model

A dainty Pattern Hat from Mme. Georgette, 11 rue Scribe, Paris, is shown among others. This model is of Milan Straw, with drooping back and upturned front with decided flare to the crown, around which is a richly fashioned band in old rose with gold embroidery. Rising from the front and falling gracefully over one side is a large ostrich plume in a combination of old rose and terra cotta. Two large bows with heads of braided straw add a finishing touch. Price.....\$30.00

New Merry Widow

The most successful innovation for the new season is undoubtedly the "Merry Widow Sailor", which is shown in a great number of variations. One model from Mme. Laure, rue de la Paix, Paris, is made of navy pyroxaline braid, with band of champagne and navy plaquets of braid. On the front is a large bow of the same braid, while on the side is a bunch of navy blonde feathers. Trimming is of brown ribbon with two large fancy pins. Circular bandeau is wrapped in a tress of light brown tulle. Price.....\$20.00

Dainty Creations in Ladies' Costumes

NOTHING can surpass the charm of this season's new Spring Costumes. The recognized novelty of the season is the new Butterfly effect which we are showing in a sumptuous variety of designs and colorings. The favorite shade in materials is the Saxe blue, which is not quite so light as the Alice of last season, and not quite so dark as the Copenhagen. Navys and browns are still very prominent, as also are the silver greys and tans.

A Charming Conceit

We are showing a semi-dressy tailor-made Costume of fine Venetian Cloth, with the new fitted back, double-breasted, side pockets, jacket lined with satin serge. Skirt cut in 9 gores, inverted panel front, plainly circular on both sides, bottom finished with a 3-inch fold of self. This is very jaunty and chic, and the price is only.....\$20.00

New Butterfly Effect

Another handsome Costume is shown in the new Chevron Suiting, self striped navy, trimmed with black silk pull braid. The Jacket has a vest effect in taffeta silk, set off with stencil braid, silk lining, gold ball buttons. Skirt is cut in 15 gores, circular effect, with bias fold of self, strapped with same braid as on jacket. Price.....\$40.00

Opening Special

On a table in the Millinery Department, may be seen a splendid selection of the New Spring Pattern Hats, fashioned by our own expert milliners after the very newest ideas as expressed in the New York and Paris productions. These include dressy sailors, mushroom effects and toques of fine pyroxaline braid, with trimming of flowers and tulle. The real values are from \$4.50 to \$6.00. Spring Opening Special, each.....\$3.98

Nobby Neckwear

For the Men we are showing the most comprehensive assortment of New Spring Neckwear it has ever been our good fortune to offer. This comprises Silk and Satin Ties in all the popular shades, including Derby, Bow, Knot and Flowing End, and the prices range from 25c. to.....\$1.25

Ordered Tailoring

For Men's Stylish Suits the leading shade is brown. Stripes are in the lead, and the very latest novelty is Elephant Brown with invisible stripe.

Our Expert Cutter will make a new Spring Suit to order from your choice of any shade in the new medium weight tweeds, finest linings and trimmings, Single-Breasted style, regular price \$20.50. Spring Opening Special.....\$15.75

Opening Special

Room size Rugs in rich Axminster, size 9 ft, 10 in, x 13 ft, 1 in., very handsome Floral and Oriental patterns in red, fawn and green. This is a rare value, and one that will not be duplicated when this limited quantity is sold. Regular price \$30, each. Spring Opening Special.....\$22.50

Fashionable Dress Fabrics For Spring

EVERY taste may be gratified from our inexhaustible stocks of handsome Dress Fabrics, which surpass in quantity, and assortment those of any previous season in this store's history. The new monotone stripes known as the chevron effects, are inexpressibly lovely. Then there are exquisite two-tone fabrics in brown, tan and fawn, as well as in the new "nattier" and Saxe blues. Stripes are pronounced to be most in favor, and we have stripes aplenty.

Exclusive Fabrics

New wool taffeta Waistings, controlled exclusively by Marshall Field, of Chicago, and Paquet, of Quebec, width 28 inches, white ground with diaphanous stripe in blue, nattier, navy, rose, nite and black, edged with woven threads of silk, positively the daintiest fabric ever exhibited in Quebec. Our Special Price, per yard.....55c

Black Dress Goods

In Blacks we are showing an extensive assortment, including Panama Cloths, Sailcloths, Satin Laine, Poplins, Rosetta, Cordova, Eroma and Crepolana. The values are positively unapproachable, and our past reputation for leadership will be greatly augmented by the effect of this exposition. Our Special Price, per yard.....\$1.00

Opening Special

As an extra special inducement to entice you into our famous Dress Goods and Silk Department, where you can't fail to be impressed with the beauty and elegance of the display, we offer, for one week only, Our Famous Black Taffeta Silk, which has been sold here for some months past at the extra special price of 75c. a yard, and the real value of which is 85c., as a Spring Opening Special, per yd.....59c

The "Carter" Hat

The famous "Carter" stiff Hat for men is, without exception, the highest grade on the market to-day. The quality is perfect and the wearing properties are unequalled. We are showing this famous Hat in the new "flat-set" style, which is the last word of fashion for the coming spring. Prices range from.....\$2.25

The "Paquet" Shoe

The Shoe Department is showing a very fine selection of New Spring Styles in our own special leader "The Paquet Shoe" for men. All the new shapes are now on exhibition. For style, comfort, durability and all-round satisfaction there is no better shoe at any price. Our Special Price.....\$3.50

COGNAC ESCAPES FROM DREAR SIBERIA

Swiss Professor Makes Bold Dash for Liberty and Undergoes Many Privations. HIS REMARKABLE STORY Preferred the Risk of Being Killed by Guards to a Living Tomb.

GENEVA. An exciting and remarkable story of escape from Siberia is related by M. Maurice Gehri, a Swiss professor who unexpectedly returned to the home of his parents at Morges, in the canton of Vaud, a few days ago, after a series of thrilling experiences.

M. Gehri was born at Morges on April 11, 1855, and after a brilliant school and university career he decided to become a schoolmaster and accepted a post as professor of French at the Gymnase de Gillingen, in the government of Volhynia. He took up his duties in the spring of 1906, and began to study the political problems of Russia with enthusiasm.

Political officers in Russia have little chance of obtaining a hearing—much less of obtaining justice—and on April 4, 1907, after a trial which was a mere mockery, he was sentenced to transportation for life. On August 3 he set out for Siberia with a band of other prisoners.

The opportunity came on September 17, when they were about half way between Krasnoyarsk and the bay of the Yenisei, where they determined in order to complete the journey by road on foot. Day after day they tramped on, weary and footsore, but as they advanced further and further from civilization, the guards became more and more careless.

Finally Reaches Japan. After many adventures, M. Gehri reached Vladivostok, and finally Japan, whence he telegraphed to his family in his native town in Switzerland. He set sail on November 16, on board the Messageries Maritimes liner Tonkin, and arrived home a few days ago safe and sound, and not much wiser as to the money he had pocketed.

ENGINEERING MARVEL

ROME. Were it not for the marvelous feats already performed by Italian engineers, the idea of connecting Genoa and Lake Constance by water and floating a barge over the Apennines and Alps themselves would sound too like an idle fairy tale to be worth consideration.

Without attempting an exact description of Signor Caminada's invention, it may yet be possible to give a rough idea of the principle underlying it. As every one knows, the ordinary method of floating shipping over an eminence is by a series of locks one higher than the other.

Signor Caminada claims that his system will need a far smaller water supply than would be needed for the ordinary rising lock system, that it will naturally be more expeditious and that it will be less subject to obstruction by ice, as the water will never be sufficiently stagnant to be frozen over in winter.

His plan seems to have gained the attention of every competent judge of its feasibility, so that a journey from Genoa to Basel by water may really be some day made possible.

POLICE DOGS TESTED IN GUARDING CRIMINALS

Extraordinary Intelligence Exhibited by the Animals in Series of Experiments.

ARRESTS OF BURGLARS

Only One Dog Out of Nineteen Acts the Coward and Refuses to Fight.

PARIS. Quite an unusual sight was witnessed yesterday on the race course of Vincennes. Instead of steeplechasers or trotting horses, with their multi-colored jockeys, the passage, or inclosure, was taken up by a curious collection of police dogs and their masters or trainers.

The most interesting trials next were the man-hunt and arrest of supposed burglars. Two men were dressed up as Apaches. They were thoroughly padded from head to foot with mattress-like coverings, and well did they need them, for the dogs took their business in earnest.

An same attack was then represented. A man representing a burglar, crouched with his back against a wall, stood concealed, armed with a club and a revolver. The trainer came along with his dog, and was not supposed to be in any way concerned. The imaginary burglar suddenly pounced on him, fired a shot and caught the man by the throat.

Only one animal out of nineteen, a German shepherd, refused to bite, and acted the coward. All the rest performed their part with powerful conviction, and it may well be surmised that a real burglar, though armed with club and revolver, would have fared very badly under such an attack.

AWAKENED

German Went Asleep in June, 1904, and Has Not Yet Awakened.

CASE PUZZLES DOCTORS

BERLIN. Professor Eulenburg, the eminent specialist in nervous diseases, this afternoon gave a remarkable description before the German Physiological Association here of a government official named Arnhem, who has been continuously asleep since June 10, 1904.

The professor attributes Arnhem's strange condition to a blow to the back of the head caused by a fall. Arnhem's medical attendants at that time were unable to discover any injury to the brain, but ten days later he fell asleep, and has been sleeping continuously ever since.

Commenting in the Tagblatt on the removal of Judge Kern, Judge Gauke says: "I refrain from expressing any opinion as to what extent the removal influenced the judgment of the Criminal Court." Judge Gauke further stated that he believes that the Criminal Court was unconsciously influenced by the knowledge that the public prosecutor intervened to bring about Herr Harden's conviction in response to orders received from above.

TO-MORROW NIGHT AT LOYOLA
HALL.
Concert by the Great Belgian Violin-
ist, Edouard Dethier, Assisted by
Mr. H. Percy Woodley.

All lovers of good music should con-
sider it a duty to hear Ed. Dethier,
who by his artistic playing has had
considerable success in Europe and
America. Ysaye did not hesitate to
call him a prodigy and predicted for
him a most brilliant career.

Musical critics in Belgium, France,
United States, are of opinion that De-
thier is the greatest youthful artist
living. He knows how to draw a
beautiful tone from his instrument and
plays with a consummate mastery.
Edouard Dethier will no doubt be the
recipient of a regular ovation when he
plays to-morrow night at Loyola
Hall.

Mr. H. Percy Woodley, the baritone,
is a worthy addition to the pro-
gramme which has been arranged to
suit the most difficult audience.

The sale of seats is going on very
well at Mr. Lavigne's music store, 68

GRAPHIC ACCOUNT

Given by Colonel Pelletier of
the Operations Before
Quebec.

(Montreal Witness.)

"A most complete victory, but a
most glorious defeat."

No better interpretation of the finish
of the great drama enacted in 1759 on
the Plains of Abraham could be given
than these words of Colonel Woods,
and they were emphasized and reiter-
ated last night by Lt.-Col. O. C. C.
Pelletier, of the Quebec command, in a
lecture to the Military Institute on
"Operations before Quebec in 1759."

On the controversial point of the
landing place of Wolfe, Lt.-Col. Pel-
letier thought the description in Ab-
basgrain's book, showing the landing
to have taken place at Gilmour's Hill,
was the most accredited, and it was
due to General Monkton that the suc-
cessful plan adopted was followed, for
when Wolfe was too sick in August to
be in command of the troops, he sent
three plans to General Monkton, and
asked him to choose one. Monkton
suggested a landing above Quebec,
which was just what Wolfe wanted.

At the commencement of his lecture
Lt.-Col. Pelletier remarked that the
fleet detailed for the expedition
against Quebec was commanded by
Admiral Sanders, and the greater pro-
tection of the troops were those that
had seen service at Louisbourg. Gen-
eral Wolfe was in command of the troops,
and as he was only 32 years of age,
and had previously only been a colonel
in the army, his appointment neces-
sarily caused resentment on the part
of the older officers. But he had been
specially appointed by Pitt and the
King, who had every confidence in
him. Sanders' fleet consisted of 22
battleships, 5 frigates and 17 sloops-
of-war, or a total of 1,886 guns,
which, of course, were of the smooth
bore type.

In 1759 a new era was opened up for
artillery. Up to that time it was
thought necessary to have very heavy
guns and very heavy charges of pow-
der to get good results from the
smooth-bores. But it was then proved
that one-third of the charge used was
all that was necessary to get the best
results. The ammunition used was the
spherical shot, the carcass shot, and
grape-shot. They also had very heavy
mortars, ten and thirteen inches in
diameter, the latter weighing up to
two hundred pounds, and it was said
that with them accurate shooting
could be done up to two or two and
a half miles.

Admiral Sanders left Louisbourg on
June 7 and the fleet came up to the
foot of the Traverse without any ac-
cident. Prior to this the general impres-
sion was that it was impossible for any
one who had no knowledge of the river
to come up the St. Lawrence to Que-
bec. There were no light-houses, no
buoys, and absolutely no landmarks.
Whatever there had been in the nature
of guides had been destroyed by the
French on learning that the English
were coming. But James Cook, the
famous circum-navigator, did the
scouting up the river, with the aid of
two maps that had been taken from
two captured French merchantmen
and he succeeded well.

The artillery of the French, Lieut-
Col. Pelletier contended, was much in-
ferior to that of the British. Monte-
calm was in a very awkward position,
because although he was in command
of the troops he had to submit all his
plans to Vaudreuil, the Governor.
They did not understand each other
very well and it only required one to
suggest something for the other to
object to it. This, as might be ex-
pected, in some cases militated against
the French during the operations.

Wolfe's first camp was established on
the far side of Montmorency Falls,
but after some skirmishes, he made
up his mind to have a general en-
gagement, and he did it very cleverly.

Admiral Sanders allowed his ship,
the Centurion, to ground near the
Johnson redoubt, and some other
ships were also allowed to ground in
the same neighborhood. The other
ships were kept moving up and down,
and so prevented Montcalm coming
to any definite decision, as he did not
know where they were going to land.

Finally, they made for Beauport Hill.
But Wolfe withdrew his troops, as he
saw that it was pretty well impos-
sible to storm the works there, and
he formed a new plan.

When the landing at Gilmour's Hill
was made 3,500 men were on top of
the cliff by six o'clock in the morning,
and they had got there entirely unop-
posed.

After describing the positions taken
up by the troops and the most strik-
ing features of the battle, Colonel
Pelletier concluded by quoting Colonel
Woods. It was a most complete vic-
tory, but a most glorious defeat.

The chair at the meeting was occu-
pied by Lt.-Col. McKay, and a
hearty vote of thanks was awarded
the lecturer on the motion of Colonel
Costigan.

Yesterday a deputation from the
10th Queen's Own Canadian Hussars,
Quebec, came up to Montreal to ask
Lieut.-Colonel Pelletier to deliver the
same lecture there.

A UNIVERSITY BUEN'D

St. Louis, Mo., March 21.—Forest
Park University, a private school for
young women, and having an enroll-
ment of three hundred students from
all parts of the country, was burned
to-day. All persons in the building
escaped in safety. The fire started
from a defective flue, it is believed.

THE DEATH ROLL

Toronto, Ont., March 21.—Mr. John
Burke, assessor of York township for
15 years and a prominent Mason and
Orangeman, died last night at the
General Hospital. He was 54 years
old. The late John Burke was born
on the family homestead in East
York, the only son of the late Ed-
ward Burke. He was an active agri-
culturer up to 15 years ago.

Winnipeg, Man., March 21.—A brief
despatch received here this morning
from Fort Saskatchewan announced
the death yesterday of Inspector
Strickland, N. W. M. P., from heart
failure after a few days illness. He
was one of the best known officers in
this historic force, and had been in-
trusted from time to time with most
delicate and hazardous missions. Most
of his life was spent in the far north
in the Yukon and Mackenzie River
country. It was he who inserted Can-
adian jurisdiction in Herschell Is-
land.

Orillia, Ont., March 21.—Word was
received here to-day of the death in
Boston, Mass., of Mr. H. L. Tibbitts,
Treasurer and General Manager of the
Skillings, Whitney & Barnes Lumber
Co., who have their Canadian head-
quarters in this town.

Renfrew, Ont., March 21.—Word was
received here to-day of the death of
Mr. J. E. Erwin, son of Mr. James
Erwin, of this town, roadmaster for
the Kingston & Pembroke Railway,
which occurred in a hospital at Ed-
monton. He was 27 years of age, and
was a resident engineer on the G.T.P.
construction in the West. He was un-
married. The remains will be brought
here for burial.

Bellefleur, Ont., March 21.—J. Chap-
man died yesterday at Frankford. He
was born in England in 1838 and had
been postmaster of Frankford for 41
years.

Kingston, Ont., March 21.—Samuel
Harper, aged 73 years, accountant,
dropped dead this morning while fac-
ing his boots in his room in his
boarding house. He was around yes-
terday in perfect health.

Do You Think For Yourself?

Or, do you open your mouth like a young
bird and gulp down whatever food or medi-
cine may be offered you?

Consider an intelligent thinking woman.
In need of relief from weakness, nervousness,
pain and suffering, then it means much to
you that there is one tried and true honest
medicinal or surgical composition sold by
druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Pre-
scription, for the cure of weak, nervous, run-
down, over-worked, debilitated, pain-racked
women, knowing this medicine to be made up
of ingredients, every one of which has the
strongest possible endorsement of the leading
and standard authorities of the several
schools of practice, are perfectly willing, and
in fact, are only too glad to print, as they do,
the formula, or list of ingredients, of which
it is composed, in plain English, on every
bottle-wrapper.

The formula of Dr. Pierce's Favorite Pre-
scription will bear the most critical examina-
tion of medical experts, for it contains no
alcohol, narcotics, harmful, or habit-forming
drugs, and no agent enters into it that is not
highly recommended by the most advanced
and leading medical teachers and author-
ities of their several schools of practice.
These authorities recommend the ingredients
of Dr. Pierce's Favorite Prescription for the
cure of exactly the same ailments for which
this world-famed medicine is advised.

No other medicine for woman's ills has any
such professional endorsement as Dr. Pierce's
Favorite Prescription has received. In the un-
qualified recommendation of each of its
several ingredients by scores of leading medi-
cal men of all the schools of practice. Is
such an endorsement not worthy of your
consideration?

A booklet of ingredients, with numerous
authoritative professional endorsements by the
leading medical authorities of this country,
will be mailed free to any one sending name
and address with request for same. Address

THE ROSS FACTORY

Efforts Being Made in Ottawa to Have It Removed to That City.

Ottawa, March 22.—Efforts are being
made to have the Ross Rifle Factory
established in Ottawa, when it is re-
moved from the Quebec site under the
tercentenary plans. It is rumored that
there is a strong probability of its lo-
cation here. Ottawa has long sought
for factories on its outskirts, but it
is doubtful if the capital has a strong
majority sentiment to become other-
wise than residential.

A SURPRISE IN HAMILTON

Hamilton, Ont., March 21.—The Cat-
aract Power sprang a surprise to-day
by announcing that it was prepared
to sell its plant to the city. Colonel
Gibson asked Chairman Sweeney, of
the Board of Works, if the city would
consider an offer. When told it would,
he said he would make a proposition
at once. He is willing to have the
company supply the power or the city
may purchase it from the hydro-
electric commission. The city is now
having plans for a municipal plant
prepared. It looks as if it is the
company's desire to buy the plant. It
has made another new proposal re-
garding the street railway by which
it promises to install a new system
if the city will consent to it, receiv-
ing six per cent on the capital stock.
It offers to divide all surplus receipts
above fixed charges with the city,
giving it 35 per cent and taking 45
per cent itself.
