

TERMINALS, DOCKS AND OTHER IMPORTANT WORKS

Planned to Go Ahead in the Near Future--- Mr. Wm. Price, M.P. for Quebec West, Interviewed on the Subject.

OPTIMISTIC AND NON-PARTISAN IN VIEWS

Though deluged with business in his office yesterday, Mr. Wm. Price, Federal member for Quebec West, courteously received a Chronicle reporter who called upon him to obtain his views respecting the Quebec terminals and public works in general to be proceeded with in the near future. At first the member for Quebec West seemed reluctant to speak, but on second thought, dropped his work and with a pleasing expression on his face, said to the scribe:—You are probably aware that I am a member of the Opposition, and in consequence my views may be of little use on that account. But notwithstanding, I am a true Quebecer, and have no other interest in politics than to adhere to my principles and at the same time conserve and advance the interests of Quebec. It is also true that I am a Conservative by conviction, but nevertheless independent as far as politics are concerned, inasmuch as I have no personal axe to grind, because I am absolutely independent, and seek no favor, except the favor of public opinion, especially the good will and respect of my constituents, whom I have entered Parliament to serve, and mean to serve to the best of my ability in a spirit of non-partisanship. I can not do otherwise out of respect to the Liberal electors, as well as Conservatives who voted for me and elected me to Parliament. Therefore, I do not wish to say anything otherwise than I feel, out of respect to my Liberal friends that would give them cause to think me not their friend and the friend of Quebec, every true sense of the word.

But to be practical, I am optimistic in regard to Quebec's future. We have been fed on false promises for many years in the past, and driven almost to the verge of despair, but at last the turn of the lane has come, and Quebec will soon realize the prosperity it has been waiting for with exemplary patience. The syndicate organized to construct a dry dock at Lévis together with wet docks, ship yards to build and repair vessels, etc., is a powerful concern in money and influence, which eventually will do much to enhance the prosperity of the dear old city and re-establish the shipping trade. This syndicate, with which I have some connection, will lose no time in commencing its work and pushing it along to completion after it obtains its act of incorporation from Parliament, and the construction, with its plant, will be of greater magnitude than the people of Quebec can at this time conceive.

QUEBEC TERMINALS.

In respect to the Quebec terminals I am glad to learn that work on them will be re-commenced next week, and I hope that they will be rushed to completion with all possible dispatch, as they one day will be a very important factor for the upbuilding and future prosperity of Quebec. I cannot help saying that I did my very best since I had the honor to be elected to Parliament for Quebec West. But I wish it to be understood that my effort I have made in this direction was in the interest of Quebec, and carried on by me in a strictly non-partisan spirit. I had in mind not only the city, but the people of Quebec, irrespective of politics, and must say that the spirit in which I approached the ministers was recognized and respected.

Mr. Price next spoke of his work during the last session of Parliament, when he sought to gain a promise from the Government respecting public works at Quebec, and producing a copy of Hansard, pointed out among other things, a number of questions he put to the Minister of Public Works, and the answers received. The writer asked and was permitted to borrow Hansard, and quotes the following:—that emanated on an item of \$250,000 under the heading of Quebec Harbor improvements at the mouth of the St. Charles River:—

Mr. Price—I presume this item is to finish the extension from the embankment where the steamers now land?

Hon. Mr. Pugsley—Not to finish it, but to continue it during the present year. The work is a very large one if the whole plan is carried out to completion.

Mr. Price—There is a great deal of complaint in Quebec because we have not got the proper harbor improvements. I would like to ask the Minister of Public Works when the Government proposes to do more harbor improvements in Quebec. I do not

CONTEMPLATED IMPROVEMENTS

By Quebec Harbor Commission—To
Extend Point a Carcy Wharf
Along River Front.

The Quebec Harbor Commissioners contemplate very important improvements along the St. Lawrence River front, which when carried out will add greatly to shipping facilities, especially providing one more berth for large ocean vessels, together with freight accommodations. The Commission have resolved to knock down all the old buildings that stand upon their property, from the Custom House Pond extending along to the old East Indian wharves to the property that was once utilized by the Quebec Gulf Port Steamship Company, west of St. James street. This all important improvement has been under consideration for some time past, and the work on the same would be commenced immediately in order to have it well advanced before next spring, if the Corporation of the City of Quebec would only agree to a very fair proposition made by the Harbor Commission. This proposition is extremely fair and should not be refused in the interest of Quebec, especially the shipping interests of the port. What the Harbor Commission requests is that the Corporation will, in the event of the contemplated improvements going ahead, the city will not extend or prolong St. James street further than it now ends, over the Harbor Commissioners' property, and that is all they ask. But strange to say some of the aldermen present refused to grant the request, under the impression that the East India wharf might be acquired for a Lower Town market to take the place of the Champlain Market that must be given up to the Transcontinental Railway Commission for a union station in the near future.

This is a proposition that the Harbor Commissioners would never listen to. The ground is absolutely and essentially necessary for a steamship berth and freight shed accommodation, besides the Grand Trunk Railway wish for space to build a proper Quebec station, waiting rooms, etc., to take the place of its present congested quarters, until the Quebec bridge is built and suitable accommodations obtained in touch with the Union Station at terminal station.

A proposal made by the Harbor Commission to the city was discussed at a meeting of the Civic Road Committee last night, without any satisfactory conclusions being arrived at, which provoked the timely and appropriate remarks of Aldermen Madden and Messervy, who strongly protested against the system of delaying important works in the interest of the city. The report, however, will come before the Council this evening when it is hoped that the aldermen in attendance will see the wisdom of acceding to the request made by the Harbor Commission.

EXTENT OF THE WALL.

On inquiry it is learned that the Harbor Commission will commence at the Custom House Pond, and extend the new wharf, or quay, out into the river 65 feet, and bring it in line with the Point-a-Carcy wharf. The Custom House Pond will not be filled in for the present, consequently an opening will be left between the Point-a-Carcy wharf and the new quay which will extend 500 feet along the river front and provide a splendid berth with all the necessary facilities for a large steamer, together with up-to-date freight sheds, etc. This work can be commenced immediately if the Quebec Corporation only accedes to the request made respecting St. James street, and give employment to a large number of the city's unemployed workmen.

JAPANESE VISITORS.

Ottawa, Oct. 14.—The Japanese party of educationalists and agriculturists now touring the United States, will be in charge of Mr. W. T. R. Preston while in Canada. They will arrive in Ottawa next Monday and will go to Guelph, Macdonald's College, St. Anne de Bellevue, Sir George Drummond's live stock farm, Senator Edwards' farm at Rockland and the Universities of Toronto and Montreal. The party consists of Messrs. Tamura, Watasi, Memami and Hara.

was well aware of the Champlain Market business, and always was of the opinion that the city of Quebec should have accepted \$100,000 for the property, though many of his friends held contrary views, and thought the city should receive from four to five hundred thousand dollars. Knowing about this, he approached Mr. Parent aware that he could not do any work at the east end of the terminals until the Champlain Market question was settled. Consequently, he asked Mr. Parent if he would commence work on the terminals at the other end, when he cheerfully acquiesced.

Mr. Price continuing, said:—Thenceforth I kept in touch with Mr. Parent through others ever since. But as a member of the Opposition I had to do my work quietly and diplomatically, nevertheless Hon. Mr. Parent was true to the interests of Quebec in his sincere friendship for the old city. I always tried to work with him, and though much later by delay than I expected, I am intensely pleased to know that the terminals are receiving serious attention, and hope that the work will be resumed next week in accordance with the statement made by the Divisional Engineer of the Transcontinental, Mr. A. E. Doucet, a gentleman whose word can be relied on.

Instead of dragging yourself along with a lifeless step try a pair of "CATSPAW" Rubber Heels and put some spring into your gait. All dealers sell them.

BONUS WYNTED

(Special to Chronicle.)
Fraserville, Oct. 14.—The Town of Fraserville has unanimously adopted the by-law that the electors approved of granting a subscription of \$5,000 to the Trans-St. Lawrence Company.

RUMOR ABOUT EMPRESS

Montreal, Oct. 14.—News was received here this afternoon that the Empress of Ireland had run into an obstruction near Rimouski and had been damaged. She is now on her way to Quebec.

MUSIN IN MONTREAL

Montreal, Oct. 14.—The new Windsor Music Hall, which opened to-night, was crowded with a fashionable audience to hear Ovide Musin, the great Belgian violinist. He was recalled six times. A banquet by prominent Belgians will be tendered to him. He leaves for Quebec to-morrow.

OGILVIE FLOUR MILLS CO.

Montreal, Oct. 14.—Announcement was made at the annual meeting of the Ogilvie Flour Mills Co. this afternoon that the common stock of the company would be placed on an 8 per cent basis and that dividends would be paid quarterly hereafter. The company had a very good year, profits amounting to \$716,000.

COMMERCIAL TRAVELLERS' SUICIDE

Ottawa, Oct. 14.—McGregor, a commercial traveller from Montreal, is in the hospital here, and this afternoon was in a critical condition from a bullet wound in the head, believed to have been self-inflicted. He was stopping at a local hotel and ill-health is supposed to have been responsible for the shooting.

CANNOT GET A DRINK

Kingston, Ont., Oct. 14.—Inspector Wright has issued a booklet giving the names of over one hundred persons who are on the prohibited list and must not be furnished with liquor. The book is put in the hands of the police, hotelkeepers and shop licensees. New issues are made from time to time owing to changes. A person can only be put on the Indian list for a year at a time.

THE INFLEXIBLE'S RETURN

Portsmouth, Eng., Oct. 14.—Apparently the inflexible, flagship of the British squadron, which visited New York at the time of the Hudson-Fulton celebration, has abandoned her attempt to wrest the Atlantic record for an eastward passage from the Cunard liner Mauretania. When the flag ship sailed from New York, Oct. 9th, it was said she would try for a record home. Though no explanation of the change of plan is forthcoming, word has been received from Sir Edward Seymour, the Commander-in-Chief, that the vessel is proceeding under ordinary speed and will not reach Portsmouth until next Monday.

A LESSON IN PHYSIOLOGY.

The school superintendent was in the habit of dropping in to the different class rooms and demanding a recital of lessons from the pupils. One day her active mind hit upon physiology as the study for examination. It happened that the teacher herself did not like the study of the human anatomy and therefore had not drilled her scholars as she should have done. But the little girl to whom the first question was put so bewildered the superintendent and made her lose her patience that there were no more questions of a similar nature asked.

"Tell me," said the superintendent, "what a skeleton is?"

"The little girl thought for a short time.

"A skeleton?" she asked. "A skeleton? Why, a skeleton is a man with his insides out and his outside off."—New York Times.

RAILROAD OWNED BY TWO MEN.

In 1896 there was no Canadian Northern Railroad; to-day there are 7,000 miles of it in operation, under construction or surveyed. At the present rapid rate of extension it will in a few years form a continuous streak of steel from ocean to ocean, making the third transcontinental highway in Canada.

The Canadian Northern is unique among railroads, says Hampton's Magazine, in that its shares are not scattered among a large number of holders, but are owned and controlled by two men, William Mackenzie and Donald D. Mann, two of the most interesting characters Canada has yet produced.

Mackenzie's early experiences embrace school teaching, operating a sawmill and running a country store in Kirkfield, Ont. He is known as a financial wizard. His ability to secure capital to float his enterprises is one of his chief characteristics. He slips over to England every now and then so quietly that he is back almost before any one is aware of his departure—and he brings with him the cash needed for new railway extensions or big enterprises of some kind.

He is a genius for selling bonds, for getting the majority of them guaranteed by the Canadian Government. It matters not whether times are prosperous. He can borrow millions where others would find it difficult to negotiate the loan of a postage stamp. His business interests are extensive and he is said to have reinvested more capital, totalling enterprises than any other Canadian.

OCEAN ARRIVALS.

October 14th, 1909.
SS. Ivernia, at Boston, from Liverpool.

VICTIM STILL UNIDENTIFIED

Dismembered Body Found May be
that of Miss Amelia St. Jean
of Fall River

Tiverton, R.I., Oct. 14.—The absence of the head of the body of the woman which has been found scattered through the Tiverton country side is still hampering the efforts of the police to identify the victim. If the body proves to be that of Miss Amelia St. Jean, of Fall River, the police of that city say arrests will be made. At a late hour the Fall River police were questioning two men, one who is known to have kept company with Miss St. Jean and the other, whom they say they long have suspected of performing illegal operations.

The officials to-night say they leaned strong toward the belief that the body was that of Miss St. Jean. Supports to their belief were not wanting. As on yesterday clues were abundant. Most important, probably, was the identification of clothing contained in a bundle found in Mount Hope Bay as being that worn by Miss St. Jean last Friday. The identification was made by Mrs. Eva Lamoreux, of Fall River, who stated that the hat, shoes, stockings and underclothing had been borrowed from her by her niece, Miss St. Jean, Friday morning. Papers of the same date as these covering or near the portions of the body which have been found were wrapped about the clothing.

One of the men whom the police submitted to an examination to-night is the same who they released after a short talk last night. At that time they announced that they would have detained him had it not been for the fact that the right foot of the mutilated body was so stiff that the victim in life must have limped, while Miss St. Jean did not do so. Medical examiner E. P. Stimson late to-day corrected his previous statement as to the injured foot. He said that the stiffness which he found undoubtedly was due to the action of the elements on the leg while the blood was still warm.

An attempt of Joseph St. Jean to identify the body as that of his daughter, was without success. Although expressing the belief that the body was that of his daughter, he still was unable to find any identifying marks upon it.

AN OTTAWA SCHOOL QUESTION

Ottawa, Oct. 14.—That the taxes on one million dollars of assessment is illegally diverted from the separate schools to the public schools is the claim made by the separate school board. Ald. Pinard, acting for the Board, has gone through the assessment rolls and finds that about eight hundred Roman Catholics are down as public school supporters "by request." This request was made verbally, instead of in writing, as required by law, and so the secretary of the separate school board has notified its solicitors to proceed with legal action as the city has not dealt with the board's request for repayment of the amount. At the same time the city will be sued for the share of the money separate school supporters have paid towards the debentures issued by the city for public school purposes.

If you only know what comfort "CATSPAW" Rubber Heels will bring you would put them on at once. Ask Shoe Dealers or Repairers.

Thin? Pale?

Consult your doctor freely about medical matters. He knows. Trust him. Do as he says. Follow his advice at all times. J. O. Ayer & Co., Lowell, Mass.

All run down, easily tired, thin, pale, nervous? And do not know what to take? Then go direct to your doctor. Ask his opinion of Ayer's non-alcoholic Sarsaparilla. No alcohol, no stimulation. A blood purifier, a nerve tonic, a strong alterative, an aid to digestion.

The Quebec Chronicle

QUEBEC, OCTOBER 15, 1909.

COME AND SIGN.

A petition to His Excellency the Governor-General for the pardoning prerogative of the Crown in the case of Mrs. Annie Robinson is based on the distressing facts of the case, on the strong disposition of the jury which tried it to entirely acquit her of any crime, and on the theory the mental anguish of the accused "in the solitude of her desecrated home, in the glare of the public trials, and in the agony of the death sentence was sufficient to atone for her acts. The Sudbury Journal says of this: Several hundred copies of the petition are being circulated, and, so far as we have heard, are being signed by almost every person to whom it is presented. No second trial is asked for, but a full and complete pardon. Those who have studied the case out thoroughly, and are most conversant with the circumstances feel that Mrs. Robinson has suffered punishment commensurate with the crime. Neither is the plea being made that she is insane. Controlled and dominated by the stronger will power of a brute in human form, fear and dreading the disgrace which would be brought on highly respected relatives, and with the cry from her own daughter, "Mother, can we not hide this?" in a moment of intense mental strain and suffering she committed the crime which she repented a few minutes afterwards, but then too late. Picture the suffering of this refined and gentle woman for eight or nine years up to the moment that the judge pronounced the death sentence, and then say if she should not have a full and complete pardon."

Any person wishing for a copy of the petition for circulation amongst his friends can procure one on application to the Sudbury Journal, and a copy also lies for signature at the Chronicle office, which we hope to see numerously signed. The time is short, as the date for the carrying out of the death sentence is fixed for the 24th of next month, and speedy action is urgent. We have already stated our own view of the case, from which we see no reason to recede, but we may further add to it that in our opinion the cause of Mrs. Robinson is the cause of every wife and mother.

A CALL TO ARMS.

On Saturday last, the Opposition leader, Mr. R. L. Borden, was entertained by the Lafontaine Club of Montreal at the first of the dinners causeries given by the club this season. In the course of his remarks, after paying due tribute to the Chairman, Mr. T. Chase Casgrain, Mr. Borden went on to say that the last session of the Dominion Parliament had been a very interesting one from several points of view. The present Government, which had been in power over twelve years, still manifested the same policy of blocking investigation, and shielding in their train the wrong doers who were plundering the country in a variety of ways. He showed how, following the civil service enquiry, the Government had neglected to punish the evil doers and was at all times willing and ready to protect its own camp-followers. It might not be thought from this, that the standard of public morality was very high in this country, but he was persuaded that the time was not far distant when the voters, thoroughly aroused, would go to the polls and sweep these people from place and power as the people of Ontario had done when they called Sir James Whitney to assume the reins of Government, and as the people of Quebec had done on more occasions than one.

But, said the Opposition leader, if the Conservative party wished to attain power, and to remedy the evils against which it protested, the question of a perfect organization was of supreme importance, and must be immediately attended to. Success could only be attained by united action on the part of the Conservative party, and more especially on the part of the young men. "And," he asked, "can you doubt of final success when you consider who are now in power, and when they succeeded twelve years ago; for you must never forget that you are fighting for the principles which are held by Sir George Etienne Cartier and Sir John A. Macdonald."

It is the old warning to which Mr. Borden has again given voice, one often repeated, and one just as often neglected—"Organize, organize, organize." Every general election for some time past has found the Conservatives unprepared, and their adversaries fully equipped and vigilant.

NOT AT HOME WITH THE LIBERALS.

Much excitement prevails in Quebec owing to the circulation of a report that Henri Bourassa had cast in his lot with the Conservatives of the province and will henceforth work with them. Whether the report is true or not it is difficult to discover. The foundation for it is the fact that Mr. Bourassa recently appeared on the same platform with Mr. Tellier, the Conservative leader in the Legislature. But what has happened is sufficiently significant. It indicates that the element that is opposed to maladministration is not small or unimportant.

Mr. Bourassa is by nature and by birth a Liberal. He is a descendant of Papineau, whose politics are not a matter for conjecture. A young man of fine education, a splendid speaker, and thoroughly independent, Mr. Bourassa entered the House of Commons as a follower of the present Premier. A few years behind the scenes opened his eyes to the meaning of modern Liberalism. He found out that the name has been appropriated as a cover for all sorts of iniquities, and for the carrying forward of principles which are entirely at variance with the Liberal view. Disgusted with the state of affairs, with the lack of principle, and particularly with the brazen grafting, Mr. Bourassa stepped aside, and declined to be a blind supporter of the powers that be. With him went out also Armand Lavergne, the son of Sir Wilfrid Laurier's former law partner. The moment these politicians displayed independence they became marked men. All the power that Sir Wilfrid could direct against them was exerted, with a view to accomplishing their destruction. Henri Bourassa was pursued vindictively, and Armand Lavergne was attacked in his constituency, and personally by the Premier. An effort was made to defeat Mr. Lavergne because he would not sign, in the election of 1904, an iron-clad agreement to support the Government. This manoeuvre failing, Mr. Lavergne was publicly deprived of the right to speak on the subject of the local patronage, the Premier performing this task. Hunted and misrepresented by the grafter element, Messrs. Bourassa and Lavergne transferred themselves from Ottawa to the Provincial Legislature, where matters are as bad as in the larger sphere. Here they have labored with a good deal of energy in behalf of reform, and are believed to be making headway.

Seeing that the Conservatives are working for the same end as that towards which the ex-Liberals are moving, the two schools of thought are thrown together. That a union has been accomplished it would not be right to say. The situation seems to be more of the nature of an alliance. It frequently happens that salutary changes are effected in the administration of public affairs by the co-operation of good men on both sides of politics; and it may be that such will be the result of the new situation in Quebec. At all events, good citizens may so hope.

THE INFLEXIBLE'S RETURN

Portsmouth, Eng., Oct. 14.—Apparently the inflexible, flagship of the British squadron, which visited New York at the time of the Hudson-Fulton celebration, has abandoned her attempt to wrest the Atlantic record for an eastward passage from the Cunard liner Mauretania. When the flagship sailed from New York, October 9th it was said she would try for a record home. Though no explanation of the change of plan is forthcoming word has been received from Sir Edward Seymour, the commander-in-chief, that the vessel is proceeding under ordinary speed and will not reach Portsmouth until next Monday.

"THE MAN ON THE BOX."

Few comedies produced in recent years have aroused so much hearty laughter as the play "The Man on the Box," taken from Harold McGrath's popular novel of the same name, and theatre-goers of this city will undoubtedly be well pleased to learn that this good play will be the attraction at the Auditorium on Monday, Tuesday and Wednesday, October 18th, 19th and 20th. The play will be presented here by a special company, headed by William Walter in the role of "Bob Warburton," supported by Miss Louise Langford, and a cast of metropolitan favorites. The play will be staged with special settings, and the production will be complete to the smallest detail. Seats are now on sale.

CHILDREN'S CONCERT.

The children's concert, which took place in St. Patrick's Hall yesterday afternoon, under the direction of the Misses Mahony, was a decided success, the little tots all doing credit to their respective parts, and the hall being filled to overflowing. Following is the programme:—

1. Grand chorus by the children...
2. Piano solo... Miss Vera Dinan
3. Song, "I'm Going to Write to Papa"... Miss Jessie Hackett
4. Recitation, "Little Kitty"... Misses Marquette and Fabiola O'Sullivan
5. Song, "Ireland I Love You"... Miss Kathleen Davis
6. Recitation, "The Goodnight Kiss"... Miss Ethel McCarron
7. Song, "No No No"... Miss Sadie Berrigan
8. Sextette, "The Lion and the Mouse"... Misses Evelyn and Geraldine Brady, Amy Thom, Vera Davis, Muriel Weir and Jessie Hackett
9. Song, "Always Me"... Miss Nellie O'Donnell
10. Recitation, "Grandma's Glasses"... Miss Muriel Weir
11. Song, "Why Don't Santa Claus Go Next Door"... Miss Anna Crane
12. Song, "Won't You Come Over to My House"... Miss Stella Mahony, soloist, "Every Little Dog Must Have His Day."
13. Recitation, "Grandpa's Spectacles"... Miss Evelyn Brady
14. Song, "Mama's Boy"... Miss Catherine Mulrooney
15. Song, "Playing School"... Miss Frida O'Connell
16. Solo and Grand Chorus...

Painful Dyspepsia

A Form of Indigestion Caused by Gastric Irritation from Undigested Food in the Stomach.

No kind of dyspepsia is better marked than that known as "painful indigestion," and it is also a very common affection. Pain, generally of a dull character, is felt after meals, and along with the pain, soreness at the pit of the stomach often exists, and in some cases the soreness is permanent. The tenderness is commonly restricted to a spot in the middle line of the body, immediately below the breast bone.

It often extends upward under the home, which consequently feels sore on pressure, or the tenderness is felt toward either side. This tenderness is commonly associated with an unpleasant feeling of heat—"a burning sensation"—as it is termed by some persons. There is also a "gnawing" and "dragging," as well as various other anomalous sensations complained of after taking food, and generally within an hour after eating.

As might be supposed the intensity of the symptom is proportionate to the quantity and quality of the meal. When the stomach is empty, a sensation of craving or emptiness gives most trouble. This often causes a false appetite, which, by inducing the person to eat heartily aggravates the sufferings. Thirst generally causes much annoyance; heartburn, water-brash, acidity, nausea, and headache are not infrequent attendants. The tongue is usually coated and from a more inspection of this organ the condition of the stomach can often be correctly told.

It is a common error with persons who suffer from stomach pain caused by indigestion and gastric irritation, to use such drugs as chlorodyne, Hoffman's Anodyne, and other "pain killers" for its relief. Such treatment is a great mistake. While these drugs afford temporary relief to the dyspeptic pain, they have no effect whatever in removing the cause.

STUART'S DYSPEPSIA TABLETS remove the cause. By completely digesting all the food in the stomach, there is no further possibility of the occurrence of this disagreeable form of dyspepsia with its painful manifestations, and other concurrent symptoms. All of the irritation of the stomach-lining and stomach-nerves as the result of the undigested food lying in that organ and undergoing fermentation and decomposition, is quickly done away with.

But not only is the form of dyspepsia which is accompanied by pain cured through the use of these digestive tablets, but also every other form of indigestion, as there are many kinds in which stomach pain does not occur, but where there are many symptoms equally disagreeable, discomforting, disconcerting and discouraging. Stuart's Dyspepsia Tablets contain in a highly concentrated form, powerful anti-dyspeptic ingredients, which digest rapidly and thoroughly food of every kind, including proteids, nitrates, carbo-hydrates, etc. A single grain will disintegrate and digest 3,000 grains of food.

Purchase a box from your druggist at once (price 50 cents), and get rid of the pain, discomfort and other disagreeable symptoms of dyspepsia. Also send us your name and address for free sample package. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

THE WITHERING WING

The name of harman has been given a periodical wind which blows from the interior of Africa toward the Atlantic during the three months of December, January and February. It sets in with a fog or dry haze, which sometimes conceals the sun for whole weeks together. Every plant, every bit of grass and leaf in its course is withered as though it has been seared by heat from a furnace. Often within an hour after it begins to blow green grass is dry enough to burn like paper. Even the hardened natives lose all of the skin on exposed parts during the prevalence of this withering wind.

SHIPPING NEWS

EMPRESS OF IRELAND
 DUE THIS MORNING

Rumor Regarding an Accident to the Steamer Denied by the Officials Here.

There was a widely circulated rumor in town yesterday afternoon and evening, that the C.P.R. Co.'s R.M.S. Empress of Ireland, from Liverpool for this port, had either run ashore or met with some accident below Father Point, and was making water. On enquiry being made by the Chronicle at the Company's office, the report was denied, it being stated that the steamer had met with no mishap. She passed Father Point at 3:00 p.m. yesterday, left Rimouski at 4:45 p.m. yesterday, after transferring the mails, for this port, and is due here at five o'clock this morning.

ALLAN LINE.
 Steamer Corsican, Captain. Captain Gambell, from Liverpool, via Monville, passed Cape Magdalen at 3:00 p.m. yesterday and is due in port about 11 a.m. to-day.

DONALDSON LINE.
 Steamer Athenia, Captain McNeill, arrived from Montreal at 5:00 p.m. yesterday and after embarking Quebec passengers proceeded for Liverpool.

DOMINION LINE.
 Steamer Englishman sailed from Avonmouth (Bristol) with a general cargo for Quebec, at 8 a.m. on the 13th inst.

GASPE LINE.
 Steamer Lady of Gaspe, Captain Bouchard, having landed Quebec passengers and cargo, left for Montreal yesterday morning.

MANCHESTER LINE.
 Steamer Manchester, from Manchester, with a general cargo, passed Matane at 2:15 p.m. yesterday, and is due in port this morning.

WHITE STAR-DOMINION LINE.
 Steamer Megantic, Lieut. Smith, R.N.R., arrived from Montreal at 4:30 p.m. yesterday, and after embarking Quebec passengers proceeded for Liverpool.

THIRTY-KNOT BATTLESHIP.
 London, Oct. 14.—It is stated unofficially that the construction of a battleship cruiser will be begun at Devonport in November. The vessel will have engines of 70,000 horsepower, which is 4,000 horsepower greater than the engines of the Mauretania, and she will be capable of making thirty knots an hour at top speed. This, says the Standard, means the revolutionizing of warship design, and will practically make obsolete as first class cruisers such vessels as the Good Hope and Devonshire, which could be overtaken and blown to pieces before they could get in range themselves.

NOTES.
 Steamer Savoy, Captain Belanger, from Anticosti, with a cargo of pulpwood, arrived in port yesterday afternoon, and moored at Vieilleux's wharf, South Quebec.

Steamers Sam Marshall, from St. Simon, for Erie; Olland, do, for Oswego; Amethyst, from New Brunswick; Bonavista and Wovadisk from Sydney, for Montreal; Ralph Holcomb and barge, from upper lakes, for Grand Valley; Sokoto from Montreal, for South America, and Cacouina from do, for Newfoundland, passed here yesterday.

Steamer Inishown Head, Lieut. Pickford, R.N.R., having completed cargo, left for sea yesterday afternoon.

Steamer Rapids Queen was placed in the Graving Dock yesterday morning. She will be surveyed this morning.

Steamer Georgetown, Captain Clapp, left for Penticost yesterday morning to load.

Steamer Maud, from Sorel, for Port Hood, passed down yesterday afternoon.

PORT OF QUEBEC.
 Arrived, October 14.
 SS. Kastalia, Black, Newcastle, Robt. Rorford Co., general cargo.
 SS. Savoy, Belanger, Anticosti, pulpwood.
 SS. Bonavista, Fraser, Sydney, coal.
 SS. Olland, Storm, St. Simon, pulpwood.
 SS. Amethyst, Bernier, New Brunswick, plaster.
 SS. Veyadex, Anderson, Sydney, coal.

MOON PHASES.
 New Moon, Thursday, 14th, at 3:13 a.m.

JUST RECEIVED.
 A very large assortment of new music for the celebrated Autopianos, pianolas and all kinds of automatic pianos has been received.
LAVERGNE & HUTCHISON,
 CLOSING LETTER.

We private wire, Neuville Belleau & Co., 93 St. Peter street, Quebec. Phone 946.

New York, Oct. 14.—To-day's market has been almost exclusively Steel, opening at \$72, the stock advanced to 94 with almost the entire commission business, such as it was, devoted to the one stock. In the last half hour Union Pacific was advanced a range of a point. Sloss-Sheffield sold 92 1/2 to 1 1/2 points and American Car Foundry at 7 1/2. Missouri, Kansas and Texas and New York Central were weak, both losing 1 1/2 points, with some subsequent recovery at the close. Reports of dividend increase for Norfolk & Western accounted for the continued strength in this stock. Business for the day was in smaller volume than usual and may not total 800,000 shares. American Telephone and Telegraph Company showed a gain in surplus for Sept. of \$116,000. This ought to be sufficient to encourage holders of the company's securities to retain their interest for the stock, paying eight per cent., is one of the most attractive investment speculations offering.

Western Union was strong on the annual statement which would soon assume a continuance if not increase in the dividend. All railroad reports show active business conditions and largely increased earnings, and the same may be said truthfully of most of the industrial.

Steel advanced slowly until the last hour when it bounded upward two points, closing at the highest for the day, a gain of about four points over last night's final. The closing was strong with indications of increasing strength and activity to-morrow.

NEW YORK CLOSING LETTER.
 By Private Wire, McDougall & Cowan, Stock Brokers, 81 St. Peter Street, Quebec. H. S. Thomson, Manager. Telephone 246.

New York, Oct. 14.—The market entirely ignored the rise in the Bank of England rate from 3 to 4 per cent. and stocks generally opened higher. The fact had evidently been discounted in the English market from the way that Consols were higher to-day than at last night's close. During the whole day the market has remained consistently strong through out, the only exception being N.Y.C., which during the early part of the day was decidedly lower under persistent selling which induced rumors that the Union Pacific was disposing of its stock. Steel common again occupied the centre of the stage and on enormous transactions advanced steadily from the opening to the close, rising five points above the low of yesterday. During the greater part of the day the rest of the market while showing fair strength, rather ignored this movement in Steel, but in the last hour Steel became so buoyant that the entire market responded and became aggressively strong, almost covering heavily all around the room. Time money was somewhat harder, all loans over the year being made at five per cent. Call money, on the other hand, eased off a trifle, many renewals being made at 4 1/2 whereas five was the rate yesterday. The close was active and buoyant at top prices. Total sales, 963,860 shares.

Montreal, Oct. 14.—Ogilvie declared quarterly dividend of 2 per cent.

NEW YORK PRODUCE MARKET.
 New York, Oct. 14.—Flour receipts, 39,144 barrels; exports, 23,742 barrels. Barley, quiet. Wheat receipts, 74,600 bushels; exports, 254,142 bushels. Spot, strong. Options closed 1 1/2 to 18 cents higher. Corn receipts, 20,250 bushels; exports, 51,352 bushels. Spot, firm. Options were without transactions, closing 4 cents higher. Oats receipts, 86,925 bushels; exports, 5,350 bushels. Spot, firm. Rye, quiet. Turpentine, steady. Molasses, quiet. Rye, steady. Pig iron, tin, firm. Sugar, raw, firm; refined, steady.

ROAD COMMITTEE

OVER-SPENDS

Has Outstanding Accounts of Large Extent and No Money Left on Hand.

A most important meeting of the Civic Finance Committee was held last evening at the City Hall, the meeting lasting until 11.30. The principal matter under discussion was the demand of the Road Committee for an additional grant of about \$30,000 to pay outstanding accounts and to carry on the work of the department until the first of May next. In the heat of the discussion the information was made known that the Road Committee had been running that department in a rather peculiar manner, ordering works when they had no more money at their disposal. Ald. Cannon asked if the members of the committee had not gone beyond their powers and was informed that according to the city charter any member of a civic committee, voting in favor of spending money over and above the amount of their grants, was liable to a fine of \$500. This will probably be news for the members of that committee.

The meeting was presided over by Ald. Gauthier, those present being Mayor Garneau and Aldermen Lemay, Samson, Verret, Pouliot, Gauthier, Collier and Cannon, members of the committee, and Aldermen Dinan and Cummings.

A letter was received from Constable J. B. Verret informing the committee that he had recently been condemned in the Superior Court to pay fifty dollars damages for having arrested a young man, besides the costs amounting to \$147. It appears that in the month of June last Constable Verret, while on duty on St. John street, notified three young men standing on the corner of St. John and St. Augustin streets to "move on." The young men separated and a few minutes after while passing the corner again, one of the young men was again standing there and he again ordered him to move along. Constable Verret claims the young man told him he did not know his business and he arrested him and conveyed him to No. 4 Police Station, from whence he was subsequently set free. He then took an action for \$500 against the constable who was condemned to pay fifty dollars and costs, the whole amounting to \$196. The constable thereupon wrote to the committee requesting them to foot the bill as he had arrested the young man, having followed instructions from his superiors to clear that corner.

The general opinion in the committee was that the city constables should be protected in the exercise of their duties and that as Verret was carrying out his instructions the city should pay out the amount, but the letter was referred to the city auditor for further information.

Three letters were received from Messrs. Grenier & Co., J. S. Budden and L. Dechene offering their services as auctioneers for the city property to be sold on the 25th October. Mr. Dechene was chosen as the auctioneer on motion of Ald. Lemay and Cannon.

The offer of Mr. Senecal, assistant King's printer, to translate and correct the proofs of the City Treasurer's annual report was granted.

A petition was read from the proprietors of buildings destroyed by fire in St. Roch's in June last, asking for an exemption of taxes on their properties for this year, as they had sustained considerable losses through the fire and had to borrow money to rebuild. The committee decided, as on previous occasions, that they be exempted from paying taxes until their buildings be reconstructed.

The question of placing three additional fire alarm boxes on the Louise Embankment, was granted the Harbor Commissioners, declaring their willingness to pay half the cost.

Letters were read from City Engineer Baillarge, secretary of the Road Committee, asking, on behalf of the latter, the following additional grants of \$250 for the purchase of a strip of land in St. Sauveur for the prolongation of St. Therese street, \$20,000 out of which \$12,000 was to be taken to pay outstanding accounts, \$5,000 for permanent works on St. Nicholas street, \$8,000 for works to first of May next, and \$6,000 for the pay list until the end of the fiscal year, in all \$31,250 was required.

The request was the cause of a lengthy discussion.

Mayor Garneau remarked that it was out of the question to recommend to Council the granting of the moneys asked for by the Road Committee which has not a cent left for the expenses of that department to the first of May next, besides being \$12,000 in debt and barely enough left for wages. Evidently the Council will have to help out the Road Committee, but the balance of the contingent fund on the 30th September last was \$29,620. This fund must not only provide for the direct expenses of departments but may also be required for other purposes, as there is always a lot of demands to meet. This contingent fund must be well looked after but the city's debt must also be paid.

Ald. Cannon expressed surprise at the absence of Ald. Fiset, president of the Road Committee, when that committee was asking for such a large sum of money. He thought that Ald. Fiset should be present to give some explanations.

Mayor Garneau asked City Engineer Baillarge what amount was required to complete the summer season's work, not taking into consideration the amount of \$12,000 which must be paid.

Mr. Baillarge replied that besides the amount due, the sum of \$3,000 would be necessary between this date and 1st November to purchase stone, timber, etc. In the month of July last he had made a report to the Road Committee to the effect that their money supply had run out but the committee decided to go on with the works, remarking that they would later on ask the Finance Committee for more.

Ald. Cannon asked if this was not irregular and His Worship replied that according to the charter all aldermen could be fined \$500 each who vote for works when their money grant was spent.

Ald. Gauthier favored the idea of sending to the Council reports of the financial standing of the committee when they asked for leave to expend certain money.

Mayor Garneau replied that the City Auditor sends in reports every month regarding the standing of each committee.

Ald. Cannon remarked that if \$12,000 was to be taken out of the contingent fund to pay outstanding accounts, there would only be a balance of \$17,000.

Asked by Ald. Cannon what the sum of \$12,000, due by the city, had been spent for, the City Engineer replied that between \$6,000 and \$7,000 was due for broken stone.

Ald. Cannon, continuing, said that before taking about \$12,000 out of the contingent fund they should wait until All. Fiset was present to explain matters.

Mayor Garneau:—Yes, but the \$12,000 should be paid as they were long overdue.

Ald. Cannon:—But the committee should not spend the money and then come to the Finance Committee for the settlement of their bills.

Mayor Garneau replied that at the commencement of each fiscal year certain sums were voted to the Road Committee, but it was well known that that amount was insufficient and that the Road Committee would ask for more grants during the year. He considered that the Road Committee spent more than they were justified in doing.

Ald. Verret was also of opinion that the Road Committee should not have gone on with works before asking the Finance Committee for what they required. He did not approve of the system of taking off 5 per cent. on the appropriations to establish a contingent fund, this was too much for that fund which amounted to about \$45,000 at the commencement of the year. This, naturally enough, causes the committee to ask for more money, when they are aware that the contingency fund is so large.

Ald. Pouliot thought that the City Auditor should be requested to send to the Finance Committee statements of the financial standing of each committee, and Mayor Garneau replied that if so desired, instructions to that effect would be given to the Auditor.

Ald. Cannon remarked that before granting money to the Road Committee to pay the amount of outstanding accounts, he would like to have some of the members of that committee present to explain how such an amount was expended.

Mayor Garneau replied that members of the Road Committee were not responsible to the Finance Committee, but to the City Council, and that explanations could be asked them at that meeting.

The committee finally agreed to grant the Road Committee a sum of \$13,000 to pay outstanding accounts as Mr. Baillarge remarked that that was the sum required and a report to that effect, as well as regards the other amounts asked for, will be presented at the City Council meeting this evening.

Ald. Verret put up a hard fight to have the committee vote the sum of \$250 for the purchase of a strip of land in St. Sauveur for the prolongation of St. Therese street, but the Finance Committee considered that there was no hurry to purchase the lot, Aldermen Verret and Collier alone voting for it.

Mayor Garneau brought up the question of widening Desfosses street, between St. Roch street and the Hay Market. The city has advertised for sale certain civic property this month, including seven lots south of Desfosses street. These lots are 110 feet in depth on a frontage of 40 feet each and the suggestion was to widen that part of the street by taking off ten feet on the depth of each lot. This was agreed to and the lots will now be sold 40 x 100, or 4,000 feet in each, to be put up at an upset price of \$2,500 a lot, making the upset price on each of the seven lots \$17,500, upon which buildings to cost \$15,000 each must be erected within two years.

Ald. Verret informed the committee that Ald. Drouin and himself, who had been appointed a special committee to select a site for a market to replace the Champlain Market, had visited several properties and had written to parties in England, owners of property in this city. They had also interviewed the Harbor Commission and had seen all the places, and from what he had heard he was under the impression that the commissioners were well disposed towards granting a site to the city and suggested that a deputation of Aldermen pay a visit to the Commissioners and put their case before them.

Ald. Dinan remarked that it was useless to think of building a market on the St. Charles River, as owing to the tides the market boats could not reach there. The best place for a market was between the Grand Trunk Station and the Richelieu & Ontario wharf.

Ald. Verret replied that the Government was disposed to dredge the St. Charles River.

Owing to the lateness of the hour the committee then adjourned.

DRINKING TIME FOR HORSES.

Common Sense Rules That will Benefit the Beasts.

A horse should be watered before feeding and never given a large quantity of water after a meal, for the simple reason that the water will wash the food out of the stomach before stomach digestion has taken place, and the food will not be well prepared for absorption, and, besides, it is sometimes the cause of colic.

There is a popular idea that a warm horse should not be allowed to drink, and, unlike a great many other popular ideas, there is a little truth in it. If you water a warm horse in the ordinary way, letting him drink all that he will, you are likely to have a foundered horse on your hands. This is especially so if, at the time, the horse is fatigued. Nevertheless it is always safe to allow him from six to ten swallows, no matter how warm he is. If this be given on going into the stable and he be allowed to stand and eat hay for an hour and is then offered water, he will not drink nearly so much as he would had none been given before.

The danger is not in the first swallow, as we often hear it asserted, but in the excessive quantities he will drink & not restrained. The most dangerous time to give a horse a full draft is when he has cooled down from fatiguing work and has partaken of a meal.

John Splan, the great trainer, writes: "As to water, I think that a horse should have all that he wants at all times. A man says, 'Why, will you give your horse water before a race?' Yes, before the race, in the race and after the race and any other time that he wants to drink."

Do not tie your horse in a warm stall, where he cannot get a drink for five or six hours on a hot day, and then take him to a pump and give him all he wants. But give him water often, and in that way he will take only a small quantity at a time.

After long, continuous exertion the system is greatly depleted of fluid. Nature calls for its replacement, and this is the cause of a thirst which is so intense that if the animal is not restrained at the time he may drink much more than he needs.

Indispensable in the family, a "WALPOLE" Hot Water Bottle, the greatest comforter in the house. It's patented, all one piece of Rubber. No Seams. Can't leak. Druggists sell it. Oct11x6

HIS CONDOLENCE.

An English lord used to tell a story of a sheriff substitute he once knew slightly.

Although he was a very religious man, the sheriff had his faults, and one of these was that he had a habit of using strong language without realizing what his words implied. The sheriff's best friend was the minister of the parish, and a great misfortune befell the reverend gentleman by the death of his wife.

The sheriff wished to express his sympathy, but he found himself quite at a loss to know what to say. He sat for a long time scratching his head and puzzling himself to know what he could say to the minister. At last he blurted out, "Well, minister, this is a d—l of a business."—London Express.

Better than medicine is a good Hot Water Bottle.

IN AND ABOUT TOWN

THE MARINE AND FISHERIES DEPT

Determined that All Work Must Be Done at Sorel--No Favor Shown Quebec.

A representative of the Chronicle learned yesterday that not one, but several Federal members representing constituencies in the district of Quebec had approached the Minister of Marine and Fisheries and urged him to give the city of Quebec a fair share of the patronage that was altogether centralized at Sorel, but without avail. That the Minister of Marine and Fisheries has no use whatever for the city or district of Quebec and he does not attempt to conceal it by his persistent refusal of the appeals made to him. His answer invariably is: Sorel has the machinery and the workmen, and the work must go there. According to custom before Hon. L. P. Brodeur was named Minister of Marine and Fisheries, all Government steamers, dredges, lightships, etc., engaged in service below Quebec, were wintered and repaired at Quebec. But the contrary is the rule those days or since Mr. Brodeur took office. All Government steamers, etc., in need of repair proceed to Sorel, and only those that do not require repair except a little paint in the spring are allowed to winter in Quebec. It is learned on reliable authority that the two dredges engaged at work at the Beaujeu banks during the past summer season are to go to Sorel for the necessary extensive repairs, which could easily be done at Quebec. Heretofore the Government vessels were allowed to winter at Quebec for this work, which was done by the Drole, Carrier & Laine and other well known up-to-date equipped shops, not to speak of the satisfaction it gave. But Mr. Brodeur has changed this order of things, and he exhibits a certain amount of duplicity by his methods as the following will show--When the Department at Ottawa learned that an agitation had been initiated at Quebec to obtain a fair share of the work now being altogether sent to Sorel, and particularly requested that the two dredges employed at the Beaujeu Banks be wintered at Quebec for repair, steps were taken to frustrate the demand. Only a week ago the captains in charge of these dredges received orders from Ottawa to proceed up the river at a certain date to perform dredging work in the Montreal channel. This is a ruse to circumvent the dredges from going to Quebec for repair during the winter, and goes to show how the city and district of Quebec is being treated by the Marine and Fisheries Department. Notwithstanding the fact that the Prime Minister of Canada is the member for Quebec East, and always elected without the least trouble or expense by his constituents.

A GREAT TRIO

WAITED ON GOVERNMENT.

A deputation of lumbermen waited on the Provincial Government yesterday morning, in regard to contemplated increase in stumpage dues. The delegation and ministers discussed the question at length, the members of the Government promising to give the matter their most earnest consideration.

LE PEUPLE.

Le Peuple de Montmagny, which has just entered its tenth year of existence, is now published at eight pages. Our confere, as may be seen, has made considerable progress and is one of the most important papers published outside the large cities. The Chronicle joins, with other newspapers, in congratulating Le Peuple and wishes all the success it desires.

LADIES' AND GENT'S GLOVES

The great bargain sale of Ladies' Gloves at D. Morgan's is proving a big success. There is still a great choice of their fine stock not yet sold. All those who have not taken advantage of the sale, should do so at once, as the sale will only last a few days longer. By request D. Morgan will offer to the gentlemen a similar sale, starting Monday next. Watch for the advertisements.

RECORDER'S COURT.

Eight prisoners appeared before the Recorder yesterday morning. The first called was fined \$20 and costs or two months' jail for causing disturbance in the street. Seven others for drunkenness were disposed of as follows:--One was fined \$5 and costs or eight days' jail; one \$2 and costs or a similar stay in jail; one \$1 and costs or a like sojourn at the Castle and four were discharged.

ST. PATRICK'S HALL.

The members of St. Agnes Club will again entertain their friends this (Friday) evening, Oct. 15, the proceeds to go towards the bazaar being held in aid of St. Bridget's Home. In addition to a choice musical programme, they will present a most laughable comedy entitled "A Confidential Stenographer Wanted." Owing to the length of this programme they will be obliged to commence at eight o'clock sharp, and request their patrons to be in their seats at that hour.

SON IN DOCK; MOTHER WITNESS

Painful Scene in Drouin Murder Case in Criminal Court Yesterday Afternoon.

There was an exceedingly sad scene in the Criminal Court yesterday afternoon. Standing with downcast head in the prisoner's dock was Arthur Drouin, charged with the murder of his father, Alfred Drouin, while in the witness box was his mother giving evidence as to the incidents on the fatal night which resulted in the death of her husband. Both the prisoner and his mother were greatly affected and both shed tears profusely as the case proceeded. Madame Drouin broke down repeatedly while giving her evidence in regard to the fatal occurrence, and it was thought at times that she might faint, so great was the stress of feeling which she experienced in recalling the terrible circumstances attending her husband's death.

The case was proceeded with when the Court reassembled yesterday morning. The selection of a jury took up a considerable amount of time, but finally the following twelve jurors were sworn in to try the case:--Joseph Racine, Napoleon Gingras, Honore Cloutier, Benjamin Demers, Alphonse Demers, Alcide Demers, Henri Allet, Leon Roussel, Edward Archer, Edouard Demers, Edouard Brousseau, A. Gingras.

Crown Prosecutor Lachance then laid the facts of the case before the jury, and the hearing of witnesses was begun. Messrs. J. A. Lane and Allet, Taschereau appearing for the prisoner.

Coroner Jolicoeur gave evidence as to the holding of the inquest on the remains of the deceased and also produced the small iron poker with which it is believed the fatal blow was given to the deceased. Dr. Marois, who performed the autopsy, stated that the deceased had been under his care at the Hotel Dieu for twelve days. The most serious injury which he found was one on the temple, and he stated that it was not necessary to inflict a heavy blow at the spot in question to cause death.

Other witnesses examined were Dr. Poitras, who was called in to attend the injured man, Detective Sylvain, Theodule Larocque, Roberge and Lafriere, neighbors of deceased, who testified as to the row which had occurred on the street between the two men. The most important witness heard for the Crown was Madame Drouin, widow of the deceased and mother of the prisoner, who told amid tears of the occurrences of the night, her story being in the main that which had been given at the Coroner's inquest and already published. She gave her evidence in a trembling voice, and the ordeal which she underwent was seemingly a most trying one. Mr. Lachance, the Crown Prosecutor, questioned her closely, and did all that he possibly could to make her painful task as easy as possible, but the poor woman frequently broke down and was overcome as she related the terrible events of the fatal night.

The Crown then called Detective T. Walsh, the last for the prosecution, who testified that he had known both father and son for many years. When he went down to arrest the prisoner, the latter was not sober, but apparently knew what he was doing. On his way to the station the prisoner had talked, although Detective Walsh had warned him that anything he might say would be used in evidence against him. The prisoner, however, repeated frequently the words: "He has beat my mother long enough, but I beat him this time."

With the conclusion of Detective Walsh's evidence, the Crown declared its case closed, and the evidence for the defence will be begun this morning.

During the day the Grand Jury came into Court and returned a true bill against Frank Kennedy on a charge of bigamy. The sittings of the Grand Jury have been adjourned until Monday next owing to the illness of a leading witness in one of the cases now before it, and who is at present confined in the Hotel Dieu with a serious attack.

Best Hotels, Restaurants, Hospitals and Mercantile Establishments require their attendants and clerks to wear "CATSPAW" Rubber Heels because they are easy to the feet, don't slip and are noiseless. All Dealers and Repairers. oct11x6

COAL ON FIRE.

Since Wednesday afternoon a large pile of coal on the Nova Scotia Steel Co.'s wharf, on the Louise Embankment, has been on fire.

COURT OF SESSIONS.

A defendant pleaded guilty to having a still in his possession, and was fined \$100 and costs in the Court of Sessions yesterday. Young Lacasse, accused of stealing from his former employer, was allowed to go on suspended sentence.

ANNIVERSARY OF BIG FIRE.

Yesterday was the 43rd anniversary of the great St. Roch and St. Sauveur fire, when nearly 3,000 houses were destroyed and 15,000 people rendered homeless. The loss was placed at \$2,000,000.

If Palpitation, Stuffy Breathing

or other signs show, its risky to keep on with coffee

POSTUM

10 days makes things clear "There's a Reason."

Sick Twenty Years, Had Given Up All Hope.

Peruna Relieved After All Else Had Failed.

Chronic Internal Catarrh.

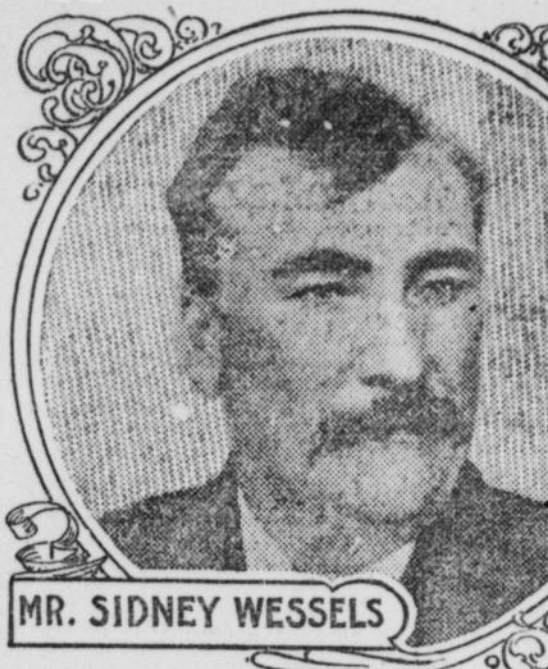

Many an invalid is dragging out a miserable existence with catarrh of the internal organs. There is no disease equal to this in producing complete wretchedness, absolute despair, haggard misery, and stubborn weakness.

An army of this sort of victims have one by one discovered that Peruna could be relied upon to relieve such cases.

One man tells another man, and in this way the news spreads until in all parts of the country are to be found men who have been permanently liberated from the thralldom of internal troubles.

Many cases of catarrh of the stomach, kidneys and other abdominal organs have reported themselves as permanently relieved.

We give below testimonials which illustrate the benefit of Peruna in these cases.

MR. SIDNEY WESSELS

Appetite Returned, Enjoys Meals.

Mr. Sidney Wessels, Meriton Ontario, Can., writes:

"I have been troubled with dyspepsia and indigestion for twenty years, during which time I tried different doctors, but did not get the desired results."

"I have been compelled for weeks at a time to give up work, being completely prostrated. I had to confine myself to a milk diet, as nothing would remain on my stomach."

"I had about given up, thinking my case incurable, when I heard of Peruna and decided to try it."

"One bottle made a great change, and after using another bottle of this wonderful medicine, I had complete freedom from pain, my appetite had returned and I could again enjoy my meals. I believe Peruna is the greatest medicine under the sun."

Mr. Robert E. Hanvey, Treas. Knights of Industrial Freedom, also a well-known writer and lecturer, writes from 118 Lincoln St., Chicago, Ill., as follows:

"I was in good health until about four years ago, when my back became lame and sore. The pains kept increasing with severe twitches and slow, exhaustive aches. Urine was highly colored and passed with great irregularity."

"I knew this must be inflammation of the urinary organs."

"Having read of Peruna I decided to try it."

"I found relief from the pain within ten days. The aches gradually diminished, and it was a blessed relief I can assure you."

"Within three months I was well once more. My appetite had returned, nervousness and irritability were things of the past, and for over two years now I have been a healthy man."

Crown Young Again.

Mr. Abner N. Keep, Vineland, Ontario, Can., writes: "For over twenty years I was a sufferer from catarrh and had tried almost everything I could hear of. I doctored with physicians in Philadelphia and Buffalo, besides with specialists in Nebraska, but did not get relief."

"Finally, after being exhausted in health and funds, I decided to try Peruna. This was after moving to this country two years ago."

"One bottle of Peruna gave relief. After taking five bottles I was sound and well."

"I am eighty-two years old and feel as good to-day as when I was in my thirties."

"I give this for the benefit of the afflicted in general, as I am but one of many in this country who know what it is to contend with sickness and pay out the last dollar in doctor bills."

Mr. H. L. Emory, Vice Chancellor and Master of Arms, K. P.'s, of Omaha, Neb., writes from 205 North Sixteenth St., the following words of praise for Peruna as a tonic. He says:

"It is with pleasure I recommend Peruna as a tonic of unusual merit. A large number of prominent members of the different orders with which I have been connected have been cured by the use of Peruna in cases of catarrh of the stomach and head; also in kidney complaint and weakness of the pelvic organs."

"Peruna tones up the system, aids digestion, induces sleep, and is well worthy the confidence of sufferers of the above complaints."

Peruna has saved many people from disaster by rendering the kidneys service when they were not able to bear their own burdens.

INTERCOLONIAL RAILWAY SPECIAL NOTICE GENERAL CHANGE OF TIME.

There will be a general change of time on the Intercolonial Railway, taking effect Sunday, October 17th, 1909. For full particulars, please see advertisement in another column. oct15x2

SWEATERS FOR BOYS AND GIRLS.

50 doz. Woolen Sweaters, for girls and boys, will be sold at a great reduction on Friday and Saturday, regular price for two days, 59 cents, at Marceau & Co.'s, 135 St. Joseph St. oct15x2

A QUIET DAY.

The firemen had a quiet day yesterday. The men at the Central Station had a run out with the ambulance for a sick person in the morning and attended to a chimney fire, in response to an alarm from box 36, in the evening.

They are not "CATSPAW" Rubber Heels unless they are made with a Canvass Friction Non-Slip Plug. Take no chances, insist upon having "CATSPAW." All Dealers and Repairers. oct11x6

A QUICK REMOVAL.

A family named Jobin had an exciting fire experience in the town of Montmagny yesterday. The family only moved into a new house at 11 o'clock a.m. and the fire occurred at 2 p.m., causing considerable damage to the half-furnished building. Good work on the part of Mr. Tremblay, police and fire chief of Montmagny, Constable Copeman, a most efficient member of the Quebec City Police Force, and Mr. Thomas Malone prevented the fire from destroying the entire building.

SUITS FOR YOUTHS AND BOYS.

500 two and three-piece suits, for Youths and Boys, will be sold at a reduction of 50 per cent. on Friday and Saturday. Give yourselves the pleasure of seeing them, they are a special value. Marceau & Co., 135 St. Joseph St.

PREVOST-KELLY INVESTIGATION.

There was only a short sitting of the Prevost-Kelly Commission yesterday morning, owing to want of a quorum. Hon. Messrs. Weir and Roy being both called away. At the session Mr. Kelly protested against a report of the proceedings which had appeared in a Montreal French paper.

KILLED BY HIS FATHER'S WAGON.

Toronto, Ont., Oct. 14.--Fred Navarr, a five-year-old child, living on Jones Ave., died this afternoon in the Hospital for Sick Children, having been run over by a wagon loaded with bricks. It is believed that the little fellow was walking beside the wagon, which was driven by his father, and slipped and fell under the wheels. The body was badly crushed and several bones were broken.

Father Point, Que., Oct. 14.--SS. Manchester Trader, Manchester liner, from Manchester, inward at 6.50 p.m.

Rimouski Wharf, Que., Oct. 14.--Empress of Ireland inward at 4.35 p.m. 160 cabin, 321 second, and 739 steerage passengers.

The world solves its own problems, but very rarely to the satisfaction of those inhabitants of the world who constitute the problem.

UP-TO-DATE ESTABLISHMENT.

The attention of our readers is drawn to the great assortment of suits, overcoats and haberdashery to be found in the tailoring establishment of Mr. T. Lafrance, Budge street. Mr. Lafrance is daily in receipt of the latest goods to be found anywhere, and a visit to his store will convince you that he has one of the handsomest stock of goods to be found in this city, while the prices are made to suit all purses.

Physicians recommend "CATSPAW" RUBBER HEELS as they will relieve Kidney trouble, cure Backache and Headache. They won't slip. Shoe dealers and repairers. oct11x6

REFUSE SUBSTITUTE

Supporters of the contest, who participated in a riot at the base frame for the amateur champion of Schuylkill county between Millsville and Tremont, at Tremont, skulls were fractured, noses broken and other injuries were sustained before the affair ended. Trouble started when a Minersville rooster objected to the decision of the umpire and started a fight with a Minersville hen. More than 200 excited fans were pouncing on both with baseball bats, pieces of board from the stands and other weapons. Charles Quandell, of Millsville, was struck on the head with a blackjack and is in a critical condition. C. Robert Kehler and his wife, who live in Tremont, had their heads injured and their injuries were treated at their home in an effort to escape notoriety.

The above amount in prizes will be given away absolutely free to the successful contestants in this, our greatest advertising campaign.

CAN YOU COUNT THE DOTS?

One "Williams" Player Piano valued at	\$ 750.00
One Credit Check, good on any new Piano in our Store	150.00
One Credit Check, good on any new Piano in our Store	125.00
Five Credit Checks, \$100.00 each, good on any new Piano in our Store	600.00
One Disc Graphophone, new Model	80.00
Twenty Credit Checks of \$75.00 each, good on any new Piano in our Store	1500.00
Two Cylinder Graphophones, \$50.00 each	100.00
Thirty-five Credit Checks of \$50.00 each, good for any new Piano in our Store	1750.00
One Mandolin valued at	15.00
One Violin valued at	15.00
Five \$30.00 Credit Checks, good on any new Piano in our Store	150.00

Count the dots which appear in the outlined girl, piano and bench, and write the number on the coupon which is printed below. Correctness of count, neatness and legibility of answer will help to decide. Be careful to observe the governing rules, as your success depends upon a strict observance of them.

It costs you nothing except a little time and the use of your brains. The number, variety and value of prizes make it worth your while to try.

The awarding of prizes will be left to disinterested parties. The correct number of dots is only known to the manufacturers. They have forwarded this number in a sealed envelope to the judges of this contest. All the answers received until **Thursday, October 21st, 1909, 6 o'clock P. M.**, will be balloted in the same box, and then pulled out by disinterested judges, and the first exact answer will win the first prize, and so on for the other premiums.

REMEMBER, THE GREAT SUCCESS OF THIS HOUSE HAS BEEN DUE ENTIRELY TO ITS FAIR AND HONEST DEALINGS, AND OUR BEST RECOMMENDATIONS COME FROM THOUSANDS OF PEOPLE IN ALL PARTS OF THE PROVINCE, WHO HAVE PURCHASED GOODS FROM US. SINCE STARTING IN BUSINESS THIRTY-THREE YEARS AGO WE HAVE ALWAYS HANDLED NONE BUT THOROUGHLY RELIABLE GOODS, AND OUR PRICES HAVE BEEN AS LOW AS IS CONSISTENT WITH GOOD MATERIAL AND FINE WORKMANSHIP. OUR STOCK OF GOODS IS VERY LARGE, AND IS MARKED IN PLAIN FIGURES, AND OUR STOCK CONSISTS OF HARDWARE, NEW SCALE WILLIAMS' (CANADA'S BEST), KRYDNER, ROYAL KING, ENNIS & CO., &c.

Be sure and address all answers to "Contest Department," so they won't get confused with our regular mail.

Readers of old narratives of exploration in the south sea will recall the frequent references to the heavy swell of the ocean, which impressed the navigators with the idea of their remoteness from land. Dr. Vaughan Cornish explains the great size of the sea waves in high southern latitudes by the fact that south of the Cape of Good Hope and Cape Horn there is neither windward nor leeward shore and the prevailing wind in all longitudes is westerly. Thus when a west wind sweeps on it finds a long wave-way all the effect of a periodic wind is still punning. The new-born wind increases the steepness of this swell and causes the malevolent storm waves which sometimes attain a length of 1,200 feet from crest to crest. The height is determined by sea waves in fact is about half the velocity of the wind in miles per hour.

PUBLIC NOTICE is hereby given that the Assessment Books for the following Wards of the City of Quebec, viz.: St. John, St. Lewis, St. Palaise, Champlain, Montcalm, St. Peter, Jacques Cartier, St. Roch, St. Sauveur, and St. Valier, have been deposited by the Assessors of the said City in the office of the undersigned, and that the said books will be open to all persons interested, every day from 10 a.m. to 3 o'clock p.m. (Sundays and Holidays excepted) for and during three weeks from FRIDAY, the 15th instant, to FRIDAY, the 5th of November next.

Any one who shall deem himself aggrieved by any entry made in the Assessment Roll shall make complaint to the Recorder's Court in writing, and under oath, taken before a Justice of the Peace or a member of the City Council, or before the Clerk of the said Recorder's Court. That complaint shall be lodged within the said time at the Recorder's Court, and the said Clerk shall give notice in the newspapers as hereinafter set forth, if the place, days and hours in which the Recorder's Court will hear the complaint and decide on the merits of their complaints.

After such date no complaint will be heard, and for no consideration will the books be changed.

C. J. L. LAFRANCE,
City Treasurer

City Clerk's Office, City Hall.

Tenders for Hay, Oats, etc.

Quebec, 2nd October, 1909

PUBLIC NOTICE is hereby given that sealed tenders and endorsed "Tenders for Hay (bale or pressed), Straw, Oats, Bran, Gaudriole, and" addressed to the undersigned, shall be received at this office from this day till the 19th day of October instant, at 4 o'clock p.m., to supply Hay (Timothy Hay, 15 pounds per bundle), Oats, Straw, Bran, Gaudriole, for the fiscal year from the 1st day of November next, 1909, until the 31st of October, 1910, for the Fire Department.

The city does not bind itself to accept the lowest or any of the tenders.

The contractor shall pay to the notary the cost of the deed and furnish a certified copy to the city.

Each tender shall contain a receipt from the City Treasurer to the amount of a hundred dollars.

For further information apply to
the Chief of the Fire Brigade, No. 1
Fire Station, Fabrique street.

AUG. MALOUIN,
Secretary Fire Committee.

City Clerk's Office.

Tenders for Firemen's Winter Uniforms.

Quebec, 2nd October, 1909

PUBLIC NOTICE is hereby given that the undersigned will receive sealed tenders until Tuesday, the 19th day of October instant, at four o'clock p.m., for the supply of 77 winter coats (more or less), in dark grey cloth of 18 ounces to the yard, and 77 pairs of winter pants in dark grey cloth of 16 ounces to the yard.

The tenderers shall send a sample of the two cloths as also of the linings at the Secretary's Office, at the City Hall.

The buttons for coats shall be supplied to the contractor, who shall place them according to instructions from the Chief of the Fire Brigade.

The Fire Committee does not bind itself to accept the lowest or any of the tenders.

The contractor shall pay the notary the cost of drafting a contract and shall provide the Fire Committee with a copy of same.

All the uniforms shall have to be delivered for the 1st of December 1900, and if the contractor has not fulfilled that condition, there shall be

fulfilled that condition, there shall be retained five dollars a day for each day of delay after said date, and the last uniforms shall have been delivered. Tenderers are reminded to send only one sample of each with their tender.

For further information, apply to the office of the Chief of the Fire Department.

(Signed) AUG. MALOUIN,
Secretary Fire Committee

ST. VINCENT DE PAUL.
A celebration took place at the Patronage building of St. Vincent de Paul, Cote d'Abraham, yesterday, of the 25th anniversary of the arrival of the first brothers of the order in Quebec. The Patronage was founded on March 7, 1884, by the St. Vincent de Paul Society of Quebec. Its first chaplains, Mgr. Edmond Langevin and Mgr. Hamel. The actual superior is Rev. Father Nunez, who is at present ill at the Hotel Dieu. The brothers of St. Vincent de Paul have now four houses in Quebec and a fifth is being built in St. Sauveur.

A GIGANTIC CONSPIRACY.
Now, just think of all the people that would have to be in the know, and who would have to keep their mouths closed tight about it, in order that the millions of thousands of ball fans would pay down their hard-earned dollars to see a series of fake ball games. Here is a little list:

The thirty-six or more players on both teams.
The club owners and directors.
The National Baseball Commission, whose business it is to look after the welfare of the sport, and to guard it from the least suspicion of dishonesty.
The hundreds of sporting writers from all over the country who attend the games, and upon whose articles in newspapers the attendance upon the games so largely depends. Suppose that there was one honest newspaper man, and we hope there are more than that, he would consider it his duty to expose the gigantic fraud to the public, and then it would be all off with the attendance. Then there are the thousands of fans who attend the games, who would have to be fooled. It is unthinkable that trickery could not be detected.

And perhaps the amount and direction of the betting wouldn't be an indication! Just think that out.

RECORD OF THE PAST.
The records of the past world's series are perhaps the best answer to this foolish contention. If it would be good one year to draw the series out, why not every year, especially when different teams are sharing in the receipts. Yet we find the record to be, since 1903:

1903—Boston (Americans) 5 games, Pittsburgh (National), 3 games.
1905—New York (National), 4 games, Philadelphia (American), 1 game.
1906—Chicago (American), 4 games, Chicago (National), 2 games.
1907—Chicago (National), 4 games, Detroit (American), no games.
1908—Chicago (National), 4 games, Detroit (American), 1 game.

POST SEASON GAMES.
Chicago, October 14—The Chicago National League team defeated the Chicago American League club here today, 2 to 1, in the fourth game of the city championship series. In the first inning, Evers walked, stole second, advanced on Sheppard's out and scored when Schultze was retired. In the third, Evers got a single, Sheppard walked and Schultz singled. Chance struck out, but Evers scored on Steinfield's out. The Americans made their run in the fourth. Cole singled, Dougherty had a second strike called on him and he protested to Sheridan and was ordered out of the game. Messenger finished his time at bat and walked to first. Purcell sacrificed and on Parent's out Cole scored. The score: Chicago Americans, 000100000—1 5 2; Chicago Nationals, 10000000—2 5 2.

Batteries—Walsh and Sullivan and Payne; Overall and Archer. Umpires, Sheridan and O'Day.
New York, Oct. 14—Boston Americans, 5; New York Nationals, 4.

THE BENNETT CIRCUIT.
Mr. Clark Brown, head of the Bennett Theatrical Enterprises, and formerly local manager of the Auditorium in this city, is in town, accompanied by Manager Driscoll, of Bennett's Theatre, Montreal. He is on a tour of the Bennett circuit, and was warmly greeted by many old acquaintances at the Auditorium last evening.

GLOVE SALE
D. Morgan's ladies' glove sale has proved such a grand success that they have decided, after numerous requests to allow the same privilege to gentlemen. This sale will start Monday morning. Watch for their advertisement.

HOW A FRAME-UP IS IMPOSSIBLE

Detroit and Pittsburg Series for World's Championship Strictly on the Level

"Fixed!" "Framed up!" "Playing as many games as possible so as to get all the money that's going." That's what he says, says the Toronto Star, with a knowing wink that makes the man who believes in the honesty of baseball long to take a punch at the proboscis of the wise guy, whose ready cynicism makes one very doubtful as to his own code of morals.

THE FINANCIAL ARGUMENT.

The ball players on the two teams share only in the receipts of the first four games. Seventy-five per cent of the total receipts in these four games is divided between the two teams in the proportion of 60 and 40 per cent. The receipts of the remaining games of a series, if any are necessary, are divided between the club owners and the National Commission. It is estimated that the amount to be divided between the two teams will be in the neighborhood of \$66,000.

This means that the players' winning club will receive about \$39,600, and the losers about \$26,400. Allowing 18 players to each team, the members of the winning team will each receive \$2,200 and the losers each \$1,466.

In the first place, since the players share only in the receipts of the first four games, there is no object for them to prolong the series beyond four games, and take the risk of receiving permanent injury which would deprive them of their livelihood.

Again, it is self-evident that no team would consent to allowing \$800 per man to depend on the result of one game—which would necessarily have to be the only honest game of the series.

Even supposing that one team is admittedly stronger than the other, and it agreed to drop two games, what is to hinder the other team giving them the double cross on the remaining games? Weaker teams often win in baseball, and crooks have no conscience.

Who would agree to make up to the players of the team that agreed to lose the series for the \$12,000 they agreed to lose by losing the series?

But the wise guy will tell you that they agree to pool the total. What object would there be in any such agreement? The players of one team could make \$800 apiece more by winning, and they are not likely to lose sight of that fact. Another thing that would prevent anything of the sort is that the number of players on the two teams is not the same.

Follow that out to its logical conclusion.

A GIGANTIC CONSPIRACY.

Now, just think of all the people that would have to be in the know, and who would have to keep their mouths closed tight about it, in order that the millions of thousands of ball fans would pay down their hard-earned dollars to see a series of fake ball games. Here is a little list:

The thirty-six or more players on both teams.
The club owners and directors.
The National Baseball Commission, whose business it is to look after the welfare of the sport, and to guard it from the least suspicion of dishonesty.
The hundreds of sporting writers from all over the country who attend the games, and upon whose articles in newspapers the attendance upon the games so largely depends. Suppose that there was one honest newspaper man, and we hope there are more than that, he would consider it his duty to expose the gigantic fraud to the public, and then it would be all off with the attendance. Then there are the thousands of fans who attend the games, who would have to be fooled. It is unthinkable that trickery could not be detected.

And perhaps the amount and direction of the betting wouldn't be an indication! Just think that out.

RECORD OF THE PAST.

The records of the past world's series are perhaps the best answer to this foolish contention. If it would be good one year to draw the series out, why not every year, especially when different teams are sharing in the receipts. Yet we find the record to be, since 1903:

1903—Boston (Americans) 5 games, Pittsburgh (National), 3 games.
1905—New York (National), 4 games, Philadelphia (American), 1 game.
1906—Chicago (American), 4 games, Chicago (National), 2 games.
1907—Chicago (National), 4 games, Detroit (American), no games.
1908—Chicago (National), 4 games, Detroit (American), 1 game.

POST SEASON GAMES.
Chicago, October 14—The Chicago National League team defeated the Chicago American League club here today, 2 to 1, in the fourth game of the city championship series. In the first inning, Evers walked, stole second, advanced on Sheppard's out and scored when Schultze was retired. In the third, Evers got a single, Sheppard walked and Schultz singled. Chance struck out, but Evers scored on Steinfield's out. The Americans made their run in the fourth. Cole singled, Dougherty had a second strike called on him and he protested to Sheridan and was ordered out of the game. Messenger finished his time at bat and walked to first. Purcell sacrificed and on Parent's out Cole scored. The score: Chicago Americans, 000100000—1 5 2; Chicago Nationals, 10000000—2 5 2.

Batteries—Walsh and Sullivan and Payne; Overall and Archer. Umpires, Sheridan and O'Day.
New York, Oct. 14—Boston Americans, 5; New York Nationals, 4.

THE BENNETT CIRCUIT.
Mr. Clark Brown, head of the Bennett Theatrical Enterprises, and formerly local manager of the Auditorium in this city, is in town, accompanied by Manager Driscoll, of Bennett's Theatre, Montreal. He is on a tour of the Bennett circuit, and was warmly greeted by many old acquaintances at the Auditorium last evening.

HERE IS A REAL DYSPSEPSIA CURE

Settles Your out-of-order Stomach and Ends all Indigestion Five Minutes Later.

The question as to how long you are going to continue a sufferer from Indigestion, Dyspepsia, or out-of-order stomach is merely a matter of how soon you begin taking some Diapiesin. If your Stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should take a little Diapiesin occasionally, and there will be no more Indigestion, no feeling like a lump of lead in the stomach, no heartburn, Sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking a little Diapiesin.

Go to your druggist and get a 50-cent case of Pape's Diapiesin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

Forecast of Weather.

Toronto, Ont., Oct. 14.—The disturbance which has been hovering over the Upper Lake region for several days is now passing eastward and high pressure is spreading over the western portion of the continent. The weather is still stormy from Manitoba to Ontario, elsewhere it has been generally fine.

Minimum and Maximum Temperatures.
Dawson, 32.36; Victoria, 36.58; Vancouver, 41.56; Kamloops, 36.60; Edmonton, 30.54; Calgary, 30.56; Quappelle, 16.50; Winnipeg, 32.36; Port Arthur, 32.42; Parry Sound, 32.48; London, 26.50; Toronto, 32.48; Ottawa, 30.46; Quebec, 36.44; Halifax, 42.54.

Forecasts.
Upper Lakes and Georgian Bay:—Strong winds and moderate gales, westerly to northwesterly, a few passing showers of rain or snow, but mostly fair and cold.

Ottawa Valley and Upper St. Lawrence:—Strong winds and moderate gales, southwesterly to northwesterly, occasional showers, but mostly fair, not much change in temperature.

Lower St. Lawrence and Gulf:—Strong winds and moderate gales, southerly to westerly, occasional showers.

Maritime Provinces:—Strong southerly to southwesterly winds, partly fair, with some showers, chiefly at night.

Lake Superior:—Strong winds and moderate gales, westerly to northwesterly, a few passing showers of rain or snow, but partly fair and cold.

Manitoba:—Fresh to strong northwesterly winds, generally fair, not much change in temperature.

Alberta and Saskatchewan:—Fine today and on Saturday, not much change in temperature.
