Westmount Park a scene of summer relaxation

The city's principal park is blooming these days with plants and people, as this picture shows. Children play, watching adults relax, city gardeners work to make it even more beautiful.

Westmount P.C.'s pick delegates City to observe

A meeting of the newly formed Westmount Progressive Conservative Association was held June 14 at the Westmount Park High School to elect delegates to the National Centennial P.C. Association Leadership Convention to be held in Toronto in September.

After the hotly contested nominations the following delegates were elected: Mrs. Joan Winsor, Mr. J. H. Price, Mr. David Angus, Mr. Alex Hutchinson (last candidate for Federal Elections), and Mr. Peter Gundy, the Y.P.C. delegate.

Alternate delegates elected

were: Mr. Bill T. Wood, Mr. Richard Holden, Mr. Peter Kerrigan, Miss Helen MacCallum and Mr. Michael Dennis Y.P.C. Delegate.

The meeting was under the chairmanship of Brigadier John H. Price and the Election portion of the meeting of evening under the guidance of Mr. Egan Chambers.

This association is now formed for the new constituency of Westmount comprising the City of Westmount, most of St. Laurent-St. George and a small portion of N.D.G. from Melrose avenue east.

City resigns from Coordinating Council

The Municipal Government of the City of Westmount has come to the conclusion that membership in the Intermunicipal Coordinating Council, of which it was a founding member, does not fulfill the best interests of the citizens of this city.

This does not suggest any criticism of the Council, Mayor Tucker pointed out after the resolution to resign from the ICC was passed by Monday night's meeting of the City Council. The aims and resolves of the Intermunicipal body are still approved and sought by Westmount. It is a fact however, that Westmount's problems form a different pattern than those of the member municipalities situated on the outskirts of Montreal, some of whom have no boundary with it. Westmount being completely surrounded by Montreal, it is felt its interests can best be served by co-operating independently and individually with other municipalities, Mayor Tucker explained.

The Intermunicipal Coordinating Council was formed in 1964 to tackle the many problems of the smaller municipalities within the environs of Montreal.

Its membership includes Ville d'Anjou, Town of Baie d'Urfe, Town of Beaconsfield, City of Cote Saint-Luc, Town of Dollard des Ormeaux, Cité de Dorval, Town of Hampstead, Ville de Kirkland, Cité de Lachine, Cité de LaSalle, Ville de Montréal-Est, Cité de Montréal-Nord, Town of Montreal West, Town of Mount Royal, Cité d'Outremont, Cité de Pierrefonds, Cité de Pointe Claire, Cité de Pointe-aux-Trembles, Town of Roxboro, Cité de Saint-Laurent, Cité de St-Léonard, Cité de St-Michel, Ville St-Pierre, Ville de Ste-Anne de Bellevue, Village de Senneville, Cité de Verdun, and up until now City of Westmount.

The Chairman and President is Marcel Laurin, Mayor of St. Laurent, and the mayors of the member municipalities meet every two weeks to iron out the problems they have in common.

City to observe feast of St. Jean Baptiste

Saturday, June 24th is the feast of St-Jean Baptiste, and many Westmount services are observing Quebec's patron saint day with a holiday on Monday, June 26th.

All city hall offices will be closed, but the situation regarding Westmount's banks is not very clear. When contacted, the head office of the Bank of Montreal said that if the municipality concerned observed the holiday by closing its civic offices, the local branches of the bank would follow suit. This would probably mean that all banks would follow the same policy. Since Westmount's city offices are taking the holiday, it could therefore be assumed that local banks will be closed.

Apart from city hall, other public services that are closing for the day include Westmount Library and there will be no garbage collection on that day.

Atwater Library, however, will remain open.

WESTMOUNT POST OFFICES CLOSE FOR

ST. JEAN BAPTISTE DAY

Saturday, June 24, 1967, St. Jean Baptist day, will be observed as a civic holiday at Westmount Post Offices.

There will be no Letter Carrier Delivery.

Postal Stations and sub post offices will be closed all day.

However, at General Post Office and Postal Station "Place d'Armes", the public lobby will remain open from 8:00 a.m. till noon, for the convenience of boxholders.

Mails will be received and despatched as usual.

The Special Delivery Service will operate as on a Sunday.

Street Letter Box collection: as on a Sunday.

Regular service will be given on Monday, June 26.

Next week's weather

By ERIC NEAL

JUNE 24 TO 30

Haying can continue into this pleasant holiday week. Overcast to begin, then very hot and humid with some chance of widely scattered heat thundershowers in evening or through night.

To end the week, steady drizzle each morning in the mountains, but clearing for hot afternoons. A "flash" storm with flooded streets and underpasses would be normal for Ottawa and Montreal regions, with tree-damaging gale winds.

Clearing generally and warming again, with only very local showers. Temperature range, 45-95 F.

Westmount Municipal Association

New Executive inaugurates 60th year

The new executive of the Westmount Municipal Association under the Chairmanship of R. H. Stevenson, held its inaugural meeting for the 1967-68 session at Victoria Hall on June 13th.

In opening the meeting Mr. Stevenson commented that "this is the 60th year of the existence of the Westmount Municipal Association and to my knowl-

edge it is the oldest association of its kind in Canada." In his keynote remarks Mr. Stevenson also reiterated the purpose of the Westmount Municipal Association — "to ensure honest and sound administration of the affairs of the City of Westmount, and to act as a sounding board for the citizens of Westmount by providing liaison between them and their elected representatives on the city council.

and speeding. The recent changes in traffic direction have resulted in increased complaints about speeding on connecting streets. The Executive realizes the needs for close traffic controls in the community, and will renew its efforts with city council in this matter of vital concern. Mrs. A. R. Webster, chairman of the membership committee, reports that

It was announced at the meeting that a contract has been awarded to the Chant Co. Ltd. for the construction of the centennial project at the Westmount Library. Architects for the project are Aspler and Kula, and it is expected that the addition will be completed in the early autumn in time for school opening.

Following a suggestion from one of the Association's members, it was discussed and considered desirable that a bilingual sign be positioned at the entrance to the library. The Association's educational and library committee has been requested to discuss with school authorities, ways and means of increasing the study of civics in their curriculum.

It is the intention of the Association to devote increasing attention to noise abatement and air pollution controls in their program for the coming year.

The Association is again reviewing complaints about traffic matters in the community: traffic noise, routes of site-seeing buses.

R. H. STEVENSON

billings for membership in the Association are now underway. "It is vital", Mrs. Webster pointed out, "that all residents of the community belong to this essential community organization."

Composed of 55 members, the executive of the Association, is representative of all parts of the community. Besides Mr. Stevenson the other Executive officers are: Mrs. L. Shapiro, L. M. Nelson, V. G. Hobbes and Mrs. T. E. Wright. The president reported that 17 new members have been added to the executive committee this year.

Housing Act delayed again

Municipal Affairs Minister Paul Dozois' Housing Act has still to be approved by the Quebec Legislature, and Westmount has been asked again to wait for its go-ahead rather than seek powers through its own bill, to provide for needed public housing here.

The city of Westmount sent a delegation to Quebec City on June 7, which included Mayor Michael Tucker, members of the city council, Norman Dawe, city manager, and city attorney A. M. Weldon Q.C. The bill was not heard on that day, the Westmount group were told that it would be on the agenda for June 19. Again it was postponed.

City officials here still feel however, that they would be wise to wait for the promised provincial legislation, since benefits under it would give Westmount more help in its plan to house the 50 families of Selby Street who need new accommodation than could be granted under the city's private bill.

The Housing Act is expected to get first reading in the house this week.

Liquor by-law changes sought

Proposed changes in Westmount's by-law which at present forbids the sale of alcoholic beverages within the city, are being considered by the Provincial Liquor Board in Quebec City, it was learned recently.

The city seeks changes in its legislation to allow restaurants, which come under special regulations, to serve wine and spirits with meals. Only four possible outlets at present meet with city specifications.

No sign from inside or outside the building will be allowed to indicate that alcohol is sold within, and no doorway to the eating place can lead directly to the street are two of them.

It is also possible that within the proposed changes in the by-law, a retail outlet of the Quebec Liquor Board can be established within the city.

St. George Curling Club elect panel

W. Larry Charlton was elected president of the St. George Curling Club at their recent annual meeting. First and second vice-president elected were W. B. Murphy and Louis J. Laflamme. Directors will be J. Harold Platt, Frank Donnelly, Jack H. Culmer, W. Kent Carruthers, William H. Ackhurst, Dr. Grant Reid, Treasurer — W. Ernie Ward, Past President — Joe Mein.

Special tribute was paid by the members to the oldest member of St. George — Harry E. Bell. Mr. Bell was born in 1874, the year St. George Snow Shoe Club was founded.

Mr. Bell visits the Club almost every day and is particularly spry for a person of his age.

Ian R. Rudnikoff graduates in engineering

Ian R. Rudnikoff, 21, of 38 Sunnyside Ave., was graduated from Stevens Institute of Technology, Hoboken, New Jersey, June 10. He received the bachelor's degree in engineering.

While at Stevens, Rudnikoff served as news editor of the college newspaper, associate editor of the senior booklet, associate editor of the freshmen handbook, secretary of Alpha Phi Omega, secretary of the college radio station, and publicity chairman, historian and secretary of Beta Theta Pi. He was manager of the freshman basketball team and assistant manager of the varsity basketball team. He was a member of the Stevens Jewish Fellowship and the Society of Automotive Engineers.

Rudnikoff plans to work in non-consumer manufacturing at the sales or management level.

Municipal Association lists executive committees

The Westmount Municipal Association which is entering its 60th year of operation, would like residents of Westmount who are members of the Association to get to know their representatives on the Associations executive committees.

They have, therefore, asked the Examiner to publish a list of the committees and the members who make them up.

As can be seen by checking the addresses, the Municipal Association draws its executive from every part of the city.

Members of the Association can include any resident of the city of Westmount or anyone who operates a business within its borders. The Association, which is devoted to ensuring the sound administration of civic affairs here, welcomes new members.

Of the executive members listed here, seventeen are newly appointed from the membership this year, at the recent annual meeting held in Victoria Hall, which was open to the general public.

We Say

Westmount wise to pull out of ICC

WESTMOUNT has done the right thing.

Pulling out of the Inter-municipal Co-ordinating Council of Montreal's suburban cities and towns.

ICC can, but has not as yet, achieved positive results.

Constitutionally, without Montreal, it is negative — dedicated to stopping the core city's feared aim to absorb its neighbors: a worthy objective if it were not patently a means of preserving the status quo.

Westmount has long recognized a more realistic relationship to its big neighbor. The problems of a metropolitan region demand acceptance of some leadership from and co-operation with the central municipality.

This Westmount long has done, to the benefit of both.

Fire U Thant for huge error

U THANT continues, seemingly unquestioned, as United Nations secretary-general.

Despite his monumental goof.

Withdrawing U.N. forces, including Canadians, from the Egypt-Israel border on an irresponsible Nasser demand — after a decade of peacekeeping — triggered bloody battle, risked a major-power nuclear confrontation, brought the U.N. itself to impotence and disrepute.

Events show Nasser didn't know what was good for him. The U.N. presence was surer protection than all Arab combined might against the Israelis. History, if

not intelligence, would have told Thant this.

How can the U.N. condemn Israel when the U.N., thanks to Thant, proved spineless. The world knows, if some — the Arabs, Russia for instance — will not admit, that it was Thant who finally gave Israel no choice but to act on its own.

Fire Thant.

Expo 'unfair' to pipe smokers

MEMO to "Mr. Pipe" — genial Cmdr. Rowland Stokes-Rees of Expo public relations:

Where can one buy pipe tobacco on your glorious 1,000-acre site?

National holidays muddle must end

PEOPLE like holidays. Commerce and industry have other views — mostly resignation to the fact that they are an added burden to the cost of doing business.

To pay for work not done is one thing.

But to have utter confusion, thanks to government muddle and indecision, is even more costly and needless.

Ten days before Dominion Day weekend, industries with costly processes and shifts were up in the air: will we be knocking off for Canada's 100th birthday on Saturday, July 1, or Monday, July 3, or perhaps both?

Some say we should make allowances for confusion, because this is Centennial year.

We say all the more reason this should have been settled sooner.

In fact, we say holidays are so much a part of our way of life that where government, at any level, feels it must mess around with the calendar, this be done by

You Say

Generosity commended

Sir: The Rotarians are not holding their annual carnival this year, due they say, to the greater attractions at Expo. They will, however, continue to raise money for their many worthy projects in other ways.

Frankly, as I have said in previous years, I commend the Rotarians for their many good works, but find that the use of a carnival to raise money does them little credit. There is the continual ethical argument about whether the end justifies the means, and there is the Platonic view that a person who seems to do good is only really doing good if he is doing it for the right reason.

May I indulge your columns again to bring up to date and reiterate a little of my unbounded admiration for Mr. Albert Lean of the Silver Slipper Club in Montreal and his friends and colleagues, who will be giving more than 1,000 children from the area next Wednesday, June 28, a wonderful day at Expo?

It was only because the perceptive and understanding columnist of The Montreal Star, Mr. Bruce Taylor, found out about this project, almost by accident, that Mr. Lean and his friends who have been quietly doing philanthropic work for many years, received any publicity at all.

The money that is going to provide a magnificent day for the underprivileged children is coming from the pockets of people who a generation ago were underprivileged people themselves, and would have given anything for a day in the country or at a circus, which never came to them, except possibly as a piece of absent minded charity from some patronising church group or service club.

It is waiters, busboys, doorman, and entertainers who are quietly "chipping in" with their money and their time off their children. They are largely anonymous. But I feel it is pertinent to the context of your recent editorial during the Arab - Israeli crisis, that to provide this wonderful day for the children. They are these hostilities should not spread to Canada, to reveal that most of the details were being quietly worked out by people of Jewish, Arab and Christian origin. They were joined by a spirit which should permeate the United Nations and the world.

Francis Allen

Reddy says thank you

Sirs: A very belated "Thank you" for your kindness in helping us during our recent Appeal for Funds.

While we did not reach our objective we did, nevertheless, raise a sizable amount of money which will at least temporarily ease our financial burden.

clear, unequivocal order-in-council or what-have-you for all the holidays of the year, before the beginning of each year.

Then business and its employees would know where they were at, could plan, and fully enjoy in anticipation all exceptions to the workaday year.

C. M. DRURY

YOUR MP REPORTS FROM OTTAWA

The successful conclusion of the Kennedy Round of tariff reductions will result in a substantial expansion of international trade. If we skillfully exploit our new trading opportunities, the benefits for Canada will be considerable.

To enlarge the markets for our industries, some people have advocated a North American customs union similar to the European Economic Community; others argue for a free trade area modelled on the European Free Trade Area; others believe we should eliminate trade barriers on an industry by industry basis and they cite as an example our successful auto agreement with the United States. What advantages do these alternatives offer to Canada?

To begin with, what about North American customs union or free trade area? Some such arrangement might be advantageous to us if we could guarantee that it would not restrict investment in new facilities in Canada, or shift such investment to the United States, and if we could assume that future growth of our export markets would be limited to the United States. In fact, it would be extremely difficult to devise safeguards against diminishing investment to cover our entire economy, and many of the fastest growing markets for our products are overseas. For example, much of the future

growth of demand for pulp and paper will be in Europe and Japan, not in North America. If one looks at our economic potential, product by product, I think one is bound to reach the conclusion that a North American club is both too exclusive for our exports and likely to damage our domestic economy. For the present at least, I think we would be wise to continue our policy of expanding our trade on a world-wide rather than a regional basis.

The possibility has been raised of applying the principles of the Canada-United States Automotive Agreement to other industries. The automotive program was devised to meet a unique set of circumstances. The Canadian automotive industry is largely concentrated in the hands of a small number of companies such as General Motors, Ford and Chrysler, which are subsidiaries of American companies. It was possible to negotiate an arrangement between these companies, the United States government and the Canadian government, which would improve Canadian production facilities but at the same time guarantee an expansion of total Canadian production.

It may be possible to devise variations of this approach suitable for one or more other Canadian industries. We should not feel hidebound by any particular economic theory, but should be willing to let our imaginations roam and to examine any approach which holds promise for Canadian industry. I regard these as essentially practical problems requiring a pragmatic approach.

Paragraphs on Philately

By MARK WEINER

The U.N. General Assembly declared by resolution 1961 (XVIII) of December 12, 1963-1968 as "International Year for Human Rights," and later adopted by resolution a program concerning the celebration of this year. The resolution contains a recommendation to the U.N. Secretary-General asking him to take the necessary steps to have commemorative postage stamps issued in 1968 in honour of human rights throughout the world, and would like to see these postage stamps appear at the beginning of the year. Because of the supreme importance of human rights for the development of culture and civilization, the U.P.U. is supporting this programme and will supply guidance to U.P.U. member countries in preparing issues (graphic symbol to be shown on the stamps, number and face value, date of issue etc). This program should help to make an interesting and active year for the collector of U.N. stamps.

The Black Watch Regiment provided the guard of honor for the King of Greece, during Army Week.

J. A. Hebert, of Clarke avenue, escaped with head and face wounds when his car was hurled 30 feet in a collision with a train.

J. W. R. Meadowcroft reports for 1966 to High School H. & S.

The Annual General Meeting of the Westmount High School Home and School Association was held in the High School Auditorium at 8.00 p.m., Thursday, May 25th. Mr. J. W. R. Meadowcroft, in his Presidential address, stated that it had been an exciting, if exacting, year to serve on the Executive of the Association. When, in April of last year, Mr. Meadowcroft was approached by the Nominating Committee, he told his audience, he consulted the familiar blue 'Pupil Handbook' to determine exactly what the functions of the Association were, but when he agreed to accept the Presidency, he did not quite realize what he was letting himself in for.

Not in Handbook

The retiring president went on to say that the present academic year had seen sweeping changes, and proposals for change, in the structure of Quebec education.

The Executive of the Association had devoted a great deal of time both in studying the Parent Report and in drafting constructive comments as regards its proposals. They had also expended time and energy in airing what they felt were inadequacies in the notorious Bill 25. These were not functions of the Association that had been anticipated in the Pupil Handbook.

The High School Home and School Association had, in addition, embarked upon two rather ambitious schemes that were also not mentioned in the Handbook. During the current year, the As-

sociation had sponsored a course in Effective Reading. The course, which was conducted by a qualified teacher from the Reading Improvement Laboratory, was aimed at improving the student's concentration and reading speed.

The demand was such that two sessions were required: one in October, and the other in February. In all, forty-two students from Grades Ten and Eleven were enrolled. It was gratifying to report that the course had proved successful. Providing there is a sufficient demand, the Association hopes to be able to offer a similar course next year, and, if possible, to extend the program to include Grades Eight and Nine.

Thanks to the enthusiasm of Mrs. Barbara Bourke, Chairman of the French Programme, the Association had been able to sponsor a second new scheme this year. During the first two weeks in July—from Monday, July 3rd, to Friday, July 14th, — a morning French course is to be held at Roslyn School. The teachers are professors from the University of Montreal, and they will be under the aegis of Mr. Essex, formerly Head of the French Department at L.C.C. Anyone with a Grade Seven vocabulary — student or parent, Catholic or Protestant — is eligible to enroll.

To Mr. Norman Wood, Principal of the High School for the past six years, especial praise was due. Mr. Wood had done everything in his power to promote the aims of the Home and School Association. As an old boy of Westmount High, Mr. Meadowcroft regretted the fact that Mr. Wood was leaving the school at the end of the current session, albeit to accept a promotion.

Unity Club news

United Nations

by Chuck Tyler

"Boys' Clubs need to adopt a stronger role in helping boys build decent values they can live by in a drastically changing world!" These words from Dr. Franklin Patterson came several years ago to a gathering of Boys' Club personnel. That strong forces are working in opposition to this aim is an understatement. Two recent events may serve to clarify the existing situation.

One event took place in our Boys' Club. Two small boys were faced with a breach of Club regulations, really a thing of minor importance, but their explanations conflicted.

The point of the whole matter is: How can young people be persuaded to accept the value of honesty when representatives of great nations obviously do not accept it?

Incidentally, the event at the club interested in the solution to this problem may call Chuck at the Club, United Nations — Take note!

SUMMER PROGRAM begins on Monday, June 26th and continues until Thursday, August 31st. The Club will be open from 9:30 a.m. until 4:00 p.m. Monday through Friday. Members must register one day in advance for trips to Expo, Beaches, etc.

The Doubles Event in The Paddle Ball Tennis Tournament concluded, Desio Fernandes and Sigmund Radoman teamed up to defeat all comers. This includes major upsets against the highly rated staff entry of John McDonough and Chuck Tyler (highly rated by whom?). The singles event has not yet been concluded.

Parent should note that the free dental clinic is now underway. However, there is still time to register your boy or girl by contacting Miss Laurie Maxwell at the Club.

Westmount lad makes good in Hollywood

A youngster who for seven years attended Roslyn School, and then for five years Westmount High School, before joining the US Army, finally ending up as one of the world's top motion picture producers will be back in his "home town" from June 28th to 30th.

Mark Robson, a Westmount resident in the 20's and 30's before he left for California, is today considered the leading director for 20th Century Fox, and one of the world's most successful director and producers of box office winners.

He arrives in Montreal on the morning of June 28th to check into the Sheraton-Mount Royal Hotel, and appear on the invitation of the US Pavilion at the famous geodesic dome exhibit there at 1 p.m.

Following that, officials of the National Film Board will escort him to see the leading movies at Expo, he will speak at the Youth Pavilion, will likely receive a presentation from Canadian Motion Picture Directors. He is scheduled to meet the press in the Expo Press Theatre at 2 p.m. on June 29th.

The following day will be spent with boyhood friends visiting in the Laurentians.

He won't comment on rumors concerning 20th Century Fox making Expo movie.

Robson's big name is built on the solid to sensational success at the box office of his movies.

He skyrocketed into fame when he took an unknown Kirk Douglas and made him famous in "Champion" and made the box office tinkle to the tune of millions. Other Great stars he has directed include Gary Cooper, Paul Newman, Edward G. Robinson, Frank Sinatra, Anthony Quinn, Jose Ferrar, Ingrid Gurgman, Humphrey Bogart, Glenn Ford, Judy Holliday, Jack Lemmon, William Holden.

Some of his big box office successes include: "Van Ryans Express" "Prize" "From The Terrace" "Peyton Place" "Harder They Fall" "Trial Bridge Of Toko Ri" "In of the 6th Happiness" "Home of the Brave" "Champion" and many others.

While at the Sheraton-Mount Royal Hotel he would like to hear from his old friends who remember him when he lived in Westmount, went to Roslyn and Westmount High.

Westmount Baptist Sunday's sermons

The preacher during the month of June, at Westmount Baptist Church, is the Rev. N. F. Swackhammer, B.A., Pastor of First Baptist Church, Oshawa, Ontario. On Sunday morning June 25th, the topic of Mr. Swackhammer's sermon will be "THE RELIGION OF THE CROSS", and in the evening he will preach on the subject "HOPE, FOR MAN AND HIS WORLD".

The midweek meeting of the Church is on Wednesday at 8:00 p.m. for Prayer, Praise and Bible Study.

Christian Science sermon subject

The opportunity, duty and ability of each individual church member in furthering the progress of mankind will be emphasized at the services in all Christian Science churches this Sunday, in the reading of the week's Lesson-Sermon on the subject "Christian Science."

Appropriate Bible selections will include these words of Moses from the book of Numbers: "Would God that all the Lord's people were prophets, and that the Lord would put his spirit upon them!" Pertinent citations from the denominational textbook will include: "Science will declare God aright, and Christianity will demonstrate this declaration and its divine Principle, making mankind better physically, morally, and spiritually" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

Manchester canon to visit St. Matthias

ST. MATTHIAS' CHURCH will welcome as its preacher at 9:30 and 11:00 a.m. Canon Frank S. Wright, Canon Residentiary of Manchester Cathedral, England. He is one of a group of clergy visiting Canada and the United States this summer under the auspices of the British Council of Churches.

WORLD HEADQUARTERS OF THE CHRISTIAN SCIENCE CHURCH

Thousands of Christian Scientists from all over the world assemble in Boston each year during the first week of June for the Annual Meeting of their Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. Meeting dates this year are June 5-8. Shown above is the church edifice (domed building in center) known as The Mother Church Extension (1906). Its auditorium seats 4,000. Nestled against it is the original Mother Church edifice (1895). To the right of the original church may be seen a part of the Christian Science Publishing House. This structure will soon be joined to a block-long Colonnade Building, part of a projected \$15,000,000 Church Center designed by I. M. Pei & Partners. At left is visible the Church's present Administration Building which is to be demolished. Ground breaking took place on June 5 for a new 26-story office building to be erected on another part of the property.

Temple Emanu-El Sabbath services

Sabbath Services are held regularly on Friday Evenings at 8:15 o'clock in the Temple Sanctuary auspices Temple Brotherhood.

At the Worship on Friday evening, June 23rd, pulpit honours will be shared by the following: Lawrence Marks, Q.C., Mrs. Harry Joshua Stern, Leonard Blank, Isidore H. Morrell. The worship will be conducted by Samuel Paperman, President, assisted by Bernard Figler.

YOUTH GROUP INSTALLATION

Installation of officers took place recently of the following:— Honorary President — Mark Handman; President — David Engels; Vice - President — Michelle Gubbay (in charge of Program); Vice - President — Douglas Young (in charge of Special activities); Secretary — Carl Bercovitz; Treasurer — Steve Schneiderman; National Federation of Temple Youth Representative — Susan Carsley; Membership — Edward Fisher.

Sunday Collect

Grant, O Lord, we beseech thee, that the course of this world may be so peaceably ordered by thy governance, that thy Church may joyfully serve thee in all godly quietness; through Jesus Christ our Lord, Amen.

St. Andrew's Summer worship

The worship service on Sunday morning will be in the auditorium of Westmount High School on St. Catherine street West. Rev. Dr. D. M. Grant will conduct the service. The sermon title is "How large is your circle?"

Beginning on Sunday, July 2nd, the congregations of St. Andrew's and Westmount Park Churches will worship together for ten weeks, using the Westmount Park Church.

For the five Sundays in July, St. Andrew's will 'on duty' and the minister in charge will be Rev. E. C. Armstrong, B.A., at present Superintendent of the Montreal City Mission.

Today will be Dr. Grant's last Sunday prior to the holiday season.

Dominion-Douglas Sunday reader

Dr. Smith will preach at the 9 a.m. and 11 a.m. Worship Services on Sunday in Dominion-Douglas, on the subject "The Eighth Day?", the fourth in his series of sermons on The Message of The Christian Pavilion.

Protestant School Commissioners report to Westmount parents

Dear Parents:

In the belief that some of you may appreciate receiving a direct report from your School Commissioners, the Westmount Board is circulating this June, 1967 Newsletter—possibly the first of several such periodic reports in the future—about activities in the three Westmount Protestant schools.

As many of you already know, the School Commissioners for the Municipality of the City of Westmount consist of seven elected members, and a Secretary-Treasurer: Mr. W. H. Bradley, Q.C., is the Chairman, Dr. David N. Solomon is the Vice-Chairman, and the other members are: Mrs. Donald Lloyd-Smith, Dr. H. Lindsay Mussells, Mr. A. Reid Tilley (the Westmount representative on the Greater Montreal Board), Mr. W. T. Wood, and Mrs. W. W. Woodhead, who replaced Mrs. A. W. D. Swan when the latter's term of office expired last December. Mr. A. E. Mount is the Secretary-Treasurer.

Enrolment

Although a total of 2650 pupils have attended the Westmount schools since September, the enrolment at the end of May, 1967 was reported at 2548, of which 810 attended Roslyn, 483 Westmount Park, and 1245 the Westmount High School. The three schools employ a staff of 125 teachers, which at the present time provides a teacher-pupil ratio of 1:20.3 pupils—a ratio somewhat under that recommended by the Provincial Government. Class enrolments in the two elementary schools range from 14 to 36 pupils, the average being 28.7.

Few Teachers Leave

In spite of rumors to the contrary, fewer teachers are leaving our schools at the end of June than did so last year. Of the 125 teachers, 14 have resigned to work elsewhere, 3 are retiring on pension, and 6 have been granted leave of absence for a year.

The Commissioners regret the resignation of Mr Norman Wood who has been the Principal of the High School since the opening of the new building in 1961. We endorse the statements of appreciation already expressed by many parents and pupils, and we trust that Mr. Wood will find challenge and satisfaction in his new post with the North Island Regional School Board.

Program

We believe that a good educational program has been maintained in our classes during the past year. Although a few special events and achievements attract wide publicity, and certain activities enjoy a perpetual glamor, attention must be drawn to the conscientious and effective way in which the daily instruction, drill, and review lessons have been conducted in most of our classrooms. In spite of this, however, not all pupils have attained satisfactory levels of achievement. For some pupils, the special remedial classes have been helpful, but for oth-

ers, circumstances and conditions beyond the power of the school to change have prevented effective improvement. Our guidance counsellors, health officers, psychiatric consultants, and school social workers have been kept busy attempting to find solutions to the many problems presented.

Many Undertakings

It is obviously impossible to review all the many undertakings that have engaged our pupils and teachers during the past year, but we feel that a brief mention at least should be made of a few of them, notably the extension of the French program to the primary grades in both elementary schools, the introduction of the Suzuki method of string music instruction at Roslyn, the very successful crafts program at Westmount Park, the highly organized visits to EXPO, with much appreciated help from many parents, and the imaginative and creative Centennial projects completed by so many classes. Among the latter we must mention the high school's excellent publication of "Old Westmount", Westmount Park kindergarten's Centennial Train, and Roslyn pupils' provision of EXPO lunch for the entire enrolment of an under-privileged area school.

As the vacation period draws near, may we say to you and your children:

May summer days fill your bodies with health, and your minds with delight, May you travel in safety and rest in tiredness, May you sleep in contentment when the day is done.

The Commissioners

AN ADVENTURE IN INTERFAITH UNDERSTANDING

INTRODUCTION:— Canadians are celebrating their 100th Anniversary in innumerable ways. Perhaps one of the most fitting celebrations for a people of varied backgrounds is the Canadian Inter-faith Conference. For the first time in mankind's history, most of the religious organizations of a single country have come together to co-operate in a national project. The Canadian Inter-faith Conference, consisting of 34 member faiths, has been brought together by the Federal government to supply the spiritual foundations of the Centenary celebrations. Canadians will begin to discover, as mankind itself is discovering, that their religions have far more in common than they have differences. Despite varieties of form and doctrine, the goal, God, is one: — and the way to God is also essentially one. The following few quotations from the scriptures of the world suggest that the measure of agreement amongst us may be far greater than any of have dared to hope.

GOD

HINDUISM:

There is a Spirit that is mind and life, light and truth, and vast spaces. He contains all works and desires and all perfumes and all tastes. He enfolds the whole universe, and in silence is loving to all.

—Chandogya Upanishad H. I. P. 69.

BUDDHISM:

There is, O monks, an Unborn, neither become nor created nor formed . . . Were there not there would be no deliverance from the born, the made, the compounded.

—Iti-vuttaka, 43; Udana, VIII.

JUDAISM:

If I ascend unto heaven Thou art there. If I make my bed in hell, behold thou art there. If I take the wings of the morning and dwell in the uttermost parts of the sea, even there shall Thy hand lead me and Thy right hand shall hold me.

—Ps., 139 (Psalms)

CHRISTIANITY:

In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God. All things were made by Him; and without Him was not anything made that was made. In Him was life; and the life was the light of men.

—St. John IV. 1-5.

ISLAM:

Allah (God) is the Light of the heavens and the earth . . . Allah guideth unto His light whom he will. And Allah speaketh to mankind in allegories, for Allah is Knower of all things.

—Koran Surah XXIV, 35.

BAHA'I:

How can I claim to have known Thee, when the entire creation is bewildered by Thy mystery, and how can I confess not to have known Thee, when, lo, the whole universe proclaimeth Thy Presence and testifieth to Thy truth?

—Gleanings from Writings of Baha'i u' llah, p. 63.

GOLDEN RULE PRAYER

HINDUISM:

Let him bear patiently all hard words, let him not insult anybody, and let him not become anybody's enemy for the sake of this perishable body. Against an angry man let him not in return show anger, let him bless when he is cursed and let him not utter speech devoid of truth. This is the sum of duty: do naught to others which if done to thee would cause thee pain.

—Manu 6.

BUDDHISM:

When men speak evil of ye, thus must ye train yourselves: "Our hearts shall be unwavering, no evil word will we send forth, but compassionate of other's welfare will be abide, of kindly heart without resentment: and that man who thus speaks will we suffuse with thoughts accompanied by love, and so abide.

—Majjhima Nikayo, I, 128.

JUDAISM:

Thou shalt not hate thy brother in thine heart: thou shalt in no wise rebuke thy neighbour and not suffer sin upon him. Thou shalt not avenge, nor bear any grudge against the children of thy people, but thou shalt love thy neighbour as thyself.

—Leviticus XIX 17 18.

CHRISTIANITY:

Love your enemies, do good to them that hate you, bless them that curse you, and pray for them which despitefully use you. And unto him that smiteth thee on the one cheek, offer also the other and ask him that taketh away thy cloak forbid not to take thy coat also . . . Let all bitterness, and wrath, and anger and clamor and evil-speaking be put away from you, with all malice. And be ye kind one to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you.

—Luke 6. & Ephesians 4.

ISLAM:

Kindness is a mark of faith; and whoever hath not kindness, hath not faith . . . Ye will not enter Paradise until ye have faith, and ye will not complete your faith until you love one another.

—Sayings of Mohammed.

BAHA'I:

Be in perfect unity. Never become angry with one another . . . Love the creatures for the sake of God and not for themselves. You will never become angry or impatient if you love them for the sake of God. Humanity is not perfect . . . There are imperfections in every human being and you will always become unhappy if you look toward the people themselves. But if you look toward God you will love them and be kind to them . . . The advent of the prophets and the revelation of the Holy Books is intended to create love between souls and friendship between the inhabitants of the earth . . .

—Divine Art of Living P. 115.

HINDUISM:

When the wise, through spiritual concentration, rests his mind on the God that is beyond time, hard to be seen, dwelling in the mystery of things, and in the heart of man, then he rises above joy and sorrow.

—Katha Upanishadi, 2.

BUDDHISM:

Absence of daily prayer is the disease of daily conversation.

—Beals Dhammapada, 26, 1.

JUDAISM:

O come, let us sing unto the Lord: let us make a joyful noise to the rock of our salvation. Let us come before his presence with thanksgiving, and make a joyful noise unto him with psalms.

—Psalms 95.

CHRISTIANITY:

See that none render evil for evil unto any man; but ever follow that which is good, both among yourselves, and to all men. Rejoice evermore. Pray without ceasing. In everything give thanks.

—I Thess. 5.

ISLAM:

And when my servants question thee concerning Me, then surely I am nigh. I answer the prayer of the suppliant when he crieth unto Me. So let them hear My call and let them trust in Me, in order that they may be led aright.

—Koran, Surah II 186.

BAHA'I:

The wisdom of prayer is this, that it causes a connection between the servant and the True One, because in that state of prayer man with all his heart and soul turns his face towards His Highness the Almighty, seeking His association and desiring His love and compassion. The greatest happiness for a lover is to converse with his beloved, and the greatest gift for a seeker is to become familiar with the object of his longing.

—Divine Art of Living P. 27.

Mr. and Mrs. Leo Brian Timmins, photographed following their wedding which took place recently in the Church of Ascension of Our Lord, Westmount. Mrs. Timmins was formerly Miss Diana Brown King, daughter of Mr. and Mrs. Thomas Brown King of Belmont avenue, and Mr. Timmins is the son of Mr. and Mrs. Leo Henry Timmins.

Timmins-Brown

The marriage of Diana Brown, daughter of Mr. and Mrs. Thomas Brown King, of Belmont avenue, to Mr. Leo Brian Timmins, son of Mr. and Mrs. Leo Henry Timmins, took place recently, in the Church of the Ascension of Our Lord, Westmount, the Rev. Peter Timmins officiating, assisted by the Rev. R. J. Berlis, D.D. of the Church of St. Andrew and St. Paul. Mrs. Gaston Arel played the wedding music and standards of pink and white snapdragons, iris and shasta daisies decorated the church.

The bride, who was given away by her father, was in a gown of poult de soie fashioned on empire lines, the bodice of re-embroidered Calais lace having a scalloped neckline and sleeves, and the A-line skirt falling into a train. She wore a long veil of tulle illusion and carried a bouquet of lily of the valley and stepanotis.

Miss Cynthia King, as maid honor for her sister, and Miss Susan Darling, Miss Susan Denton and Miss Susan McMaster, as bridesmaids, were in frocks of pale pink linen, the bodices having scalloped sleeves and the A-line skirts fashioned with back panels. They wore bandeaux of shaded pink sweetpeas to match the flowers in their bouquets.

Miss Marilyn Ruth Bricker and Mr. Arnold David Barkoff whose engagement is announced. The bride-to-be is the daughter of Mr. and Mrs. Ernest Bricker of Saskatoon, Sask. Mr. Barkoff is the son of Mr. and Mrs. Edward Barkoff, of Roslyn avenue. The wedding will take place on August 23, in Saskatoon.

Little Miss Julie Gurelius, niece of the bridegroom, as flower-girl, was in a frock of pale pink linen, having a bodice with puffed sleeves and a skirt with a narrow velvet sash at the raised waistline falling to the hemline. She wore a circlet of shaded pink sweetpeas in her hair and carried a nosegay of similar flowers.

Mr. Peter Cundill acted as best man for Mr. Timmins, and the

ushers were Mr. Gordon Jackson, Mr. Toby Rankin, Mr. John Timmins, brother of the bridegroom, Mr. Paul Trudel and Mr. Donald Wilkie.

Following the ceremony a reception was held at the St. James's Club where arrangements of white gladioli and chrysanthemums with pale pink peonies were used as decorations.

Later, Mr. and Mrs. Timmins left for Bermuda, the bride travelling in a flowered linen frock having a matching jacket, and wearing a single cymbidium orchid.

Dr. Mary Winspear, principal of Weston Junior School, who recently participated in a conference on teaching a second language to pre-school children, using examples from her own experience at the school.

Oral teaching of languages found best at pre-school age

Dr. Mary Winspear, principal of Weston Junior School, was recently asked to lead a discussion on the teaching of a second language to children of pre-school age at the 7th annual conference of the Parent Co-operative Pre-schools International, held for the first time in Canada, at Mac-

donald College, Montreal, on June 10th.

Dr. Winspear has been interested in the method of teaching a second language at a early age for some time, and Weston School has inaugurated a method using the phonetic alphabet. She has prepared a course of six books of

Cool meal for a hot summer

Here is a recipe for a delicious summer meal that is not only light and cool but nutritious and satisfying as well.

Jellied Chicken Mousse with Potato Chips

- 1 tablespoon gelatine
- 1 3/4 cup chicken stock
- 2 cups finely chopped chicken
- 1/4 cup finely chopped celery
- 1/4 cup finely chopped pickle
- 1/2 cup mayonnaise or salad dressing

Soak gelatine in 1/4 cup of the chicken stock. Heat remaining 1 1/2 cups stock and dissolve gelatine in it. Cool and when partially set combine with chicken, celery, pickle and mayonnaise. Taste and add salt and pepper if needed.

Rinse 6 to 8 individual molds with cold water. Garnish bottoms and sides with thin strips of pimento or green pepper. Fill molds with mixture. Chill until firm. Un-odd on crisp lettuce and surround with potato chips.

For a richer mousse 1 cup of whipped cream may be folded into mixture before putting into molds. If using one large mold in place of individual ones, invert chilled mousse on a platter and arrange potato chips around it or serve the chips separately.

French for beginners, three of which have been completed, taking the child up to the age of eight.

The discussion at the conference dealt with the subject in more basic terms, approaching the topic in five steps.

Firstly, why introduce it at this age; Dr. Winspear felt that one good reason was that it often made it easier for the children to learn their first language.

When was the best age to begin.

Where whether in any part of the country or just in areas where there is a concentration of a foreign language.

How, the method and approach, whether orally, or complemented with toys, puppets, books and songs.

Who, whether an English-speaking teacher who knew French, although the children might be lazy knowing she could speak English, and not listen to the French; or a French-speaking teacher, who on the other hand, might bewilder and frighten the children by using a language that was completely unfamiliar.

All these points were discussed by the conference, but Dr. Winspear didn't feel they reached any definite conclusion, although they agreed that if a second language was being taught, it should not be in set classes with text-books, but by a person who would help the children in their routine activities, such as putting on coats and over-shoes, serving milk and biscuits, while describing them in French, supplemented with simple readers to teach the children to read. She has found that children being natural imitators, they quickly pick up the sounds and realise that French is a method of communication, and not just a jumble of foreign sounds.

Although Weston School is the first to examine deeply the field of linguistics for kindergarten children, and they therefore cannot compare their methods and successes with other schools, Dr. Winspear feels that the course is having excellent results and proving of great benefit to the pupils.

Patricia Pepall named chairman

Miss Patricia E. Pepall, daughter of Mr. and Mrs. William G. Pepall, 432 Clarke Avenue, who has just finished her freshman year at Bradford Junior College, Bradford, Mass., has been elected to an office in the Student Government Association, as chairman of the Election Board.

PREPARE THE SURFACE

Before painting concrete or oth-
er masonry surfaces, be sure that
the surface is properly prepared.
It must be clean. All cracks, in-
dentations and spalls must be
filled so that a uniform finish is
assured.

Rotarians hold golf tourney

By E. C. GANNON

Many Westmount Rotarians
took the half day off Wednesday
following their weekly luncheon
meeting held in Victoria Hall un-
der the chairmanship of President
Frank Starr. For it was the
observance of their annual golf
tournament held at Beaconsfield
Golf Club. In spite of the in-
clemency of the weather the
enthusiastic golfers and their sup-
porters journeyed out to the pop-
ular links where they enjoyed the
afternoon followed by supper in
the evening.

The members enthusiasm in
face of the atmospheric con-
ditions brought to mind the
motto of mail carriers.
"Neither rain nor sleet nor
snow or hail shall deter these
men from the fulfillment of
their appointed tasks". And off
they motored to the links for
the afternoon's fun.

As a result there was no regular
speaker scheduled and the time
was devoted to welcoming visiting
guests the number of whom are
increasing weekly as well as at-
tending members from other
Rotary Clubs throughout the
world. With Expo 67 now being in
full swing it is quite noticeable that
visitors from distant points are
becoming more numerous. They
receive the warm welcome and
good fellowship of the Westmount
Rotarians.

President Starr reminded mem-

Britain, the set will be com-
prised of three stamps (one
vertical and two horizontal for-
mat) all rather larger than
normal special issues. Printing
will be in five or six colors by
photogravure on non-
watermarked coated paper,
with phosphor lines. The 4d.
stamp, in vertical format, de-
picts Sir Thomas Lawrence's
"Master Lambton"; "Mares
and Foals in a Landscape by
George Stubbs, will be the 9d.
stamp; the 1s6d stamp repro-
duces a painting by a contem-
porary artist, T. S. Lowry's
"Children Coming Out of
School." The Queen's head ap-
pears in the upper right corner
in profile in gold on the 4d and
1s6d stamps and in black on
the 9d stamp, with the name of
the artist and printers appear-
ing in the bottom gutter. The
time has come for the G.P.O.
to give serious thought to the
matter of removing the
Queen's profile from certain
stamps, this is one issue where
the Queen's profile certainly
does not add anything to the
stamps, in fact, it only serves
to detract from the beauty of
the designs. The set will be is-
sued on July 10th and a special
cacheted First Day Cover has
been prepared.

To help publicize the upcom-
ing World Stamp Exhibition
Praga 68, the Czechoslovak
Post Office will issue on June
22nd a single stamp of Kes.2
representing the autoprotrait
of the famous French painter
Henri Rousseau. The back-
ground of the stamp depicts a
scene of Krajina in 1890, where
this masterpiece was painted,
it is now housed in the Narodni
Gallery, Prague. Printing was
by flat plate process in blue,
red, yellow, brown and black,
and arranged in small sheets
of four stamps with a gutter-
pair. The gutter depicts an
etching of the old Sternbersky
Palace, which is now the Na-
rodní Gallery. When seen, the
collector will have no trouble
in recognizing the fine work of
Jiri Svengsbir.

As both of the fore men-
tioned sets are truly works of
art, the collector desiring them
should obtain his needs while
they are readily available as I
anticipate an early sell-out
date for both issues.

Giants win Pee Wee Championship

Giants, captained by Bruce
Emo, won the 1967 Pee Wee Soft-
ball Championship, defeating Mets
in a best of three series.

Masterpiece missing

A display of valuable French tapestries was diminished recently by the loss of one four foot square masterpiece, stolen from the fashion floor of a store in Alexis Nihon Plaza.

The Pinkerton guard on duty at the time is at a loss to explain how the work was removed from the wall and carried away.

The exhibition of tapestries, now on tour of other cities, was part in Westmount and partly in Montreal.

The wall which held the missing piece belonged to Montreal, so Number 10 station of that city is investigating.

Boat owners can get a free copy of the booklet "Safety Afloat" from the Marine Regulations Branch, Department of Transport, Ottawa.

Restaurant robbed

A small window on Victoria avenue was pulled away early Monday morning to gain access to the corner restaurant on St. Catherine street.

The owner of the restaurant, Peter Sergahes, discovered on opening for breakfast in the morning that the till had been robbed of \$250.00.

The robbery must have taken place between the hours of two a.m. and eight a.m. since Mr. Sergahes stated that except for those hours his restaurant was open for business.

HIDE STAINS ON BRICK

Removing paint splatters from brick often leaves unsightly stains. Cover them with a flat, brick-color paint for the best results. Once the touched-up areas have weathered, they are relatively unnoticeable.

Tenant trapped

A modern Sherbrooke street apartment building elevator trapped a tenant for 45 minutes between the ground floor and the garage level one day last week.

Firemen were called to the scene and the victim of the malfunction of the modern equipment was assisted from the shaft of the elevator after the door had been forced.

He was reported to have suffered no ill effects.
