

SPORTING INTELLIGENCE.

THE M. A. A. FALL GAMES.

A MOST SUCCESSFUL MEETING—SOME RECORDS BEATEN—LAST YEAR'S TIMES EXCEEDED.

The annual fall meeting of the Montreal Amateur Athletic Association, at which the amateur championships of Canada are annually competed for, took place on the Montreal Lacrosse Grounds on Saturday afternoon. The weather, although cool, was bright and a typical fall day, and there was a very large attendance, the numbers present exceeding those at any previous meeting of the Association. Noticeable among those present were a large number of ladies, who seemed to take quite as much interest in the various events as the sterner and so-called superior sex. Among those present were nearly all our most prominent citizens. To enumerate them would be to name those well known in all branches of our city's life. The track was in excellent condition, and the grounds were in their usual fine state. As will have been seen by the list of entries published in THE HERALD there were entered several American athletes from the United States, who seem to take quite a pride in coming across the line every year to compete in friendly rivalry with their Canadian brethren. The following were the field officers:—

Referee—Capt. John Low.
Judge of walking—Mr. W. L. Maltby.
Timekeepers—Messrs. R. B. Ross and H. W. Beckett.
Judges at finish—Messrs. W. L. Maltby, Angus Grant and H. S. Macdonald.
Starter—Mr. Thos. L. Patton.
Clerks of course—Messrs. Jas. D. Miller and J. L. Gardner.
Measurers—Messrs. Geo. R. Starke and S. M. Baylis.
Scorers—Messrs. Wm. Cairns and John W. Davis.

Sports committee—Messrs. H. W. Beckett (chairman), Thos. L. Patton, Geo. R. Starke, Horace S. Tibbs and J. K. Reid.
The first event was the

THREE MILE WALK.
Frank P. Murray, Williamsburg Athletic Club..... 1
W. H. Beck, New York Athletic Club..... 2
This was a most magnificently contested event, and elicited loud applause. The finish was very close and the time was just a minute faster than last year.
Time—1st man, 22 min. 12 sec.; 2nd, 22 min. 33 sec.

THROWING 56 POUND WEIGHT.
C. A. J. Queckbörner, New York Athletic Club..... 1
F. L. Lambrecht, Manhattan Athletic Club, New York..... 2
G. H. Wood, Shamrock Lacrosse Club..... 3
Distance—Queckbörner, 24 ft. 11 in.; Lambrecht, 24 ft. 8 in. This is also an improvement over last year, when the same gentlemen contested, only scoring 23 ft. 7 in. and 23 ft. 31 in. respectively.

POLE LEAP.
H. H. Baxter, New York Athletic Club..... 1
Jas. Elliott, Montreal A.A.A. Club..... 2
Wm. Kerr, M.A.A.A. Club..... 3
H. St. J. Hough, Shamrock Lacrosse Club..... 4
Height—Baxter, 9 ft. 1 in.; Elliott, 9 feet. The winner in this event last year only leaped 7 feet 4 inches.

ONE HUNDRED YARDS RUN.
C. A. J. Queckbörner, New York Athletic Club..... 1
G. H. Wood, Shamrock Lacrosse Club..... 2
J. B. White, Manhattan (N.Y.) Athletic Club..... 3
L. A. Stuart, Manhattan (N.Y.) Athletic Club..... 4
M. W. Ford, New York Athletic Club..... 5
A. Waldron, Manhattan (N.Y.) Athletic Club..... 6
The first heat brought out White, Stuart and Wood, and was easily taken by the Shamrock man. In the second Thompson won, with Ford and Waldron following. In the final heat Thompson won in 9½ secs., an improvement of half a second on last year, when the time was taken by White, of the Manhattan.

ONE MILE RUN.
C. W. Martin, Ottawa Football Club..... 1
J. A. Manahan, Manhattan Athletic Club..... 2
T. F. Delaney, Williamsburg Athletic Club..... 3
Time, 4 min. 45 sec.
This was a very exciting race. Martin and Manahan seemed to be very evenly matched, and it was only after a very tough struggle that the Ottawa man won. This event was taken last year by Frederick of the Manhattan in 4 min. 53 sec.

THROWING THE HAMMER.
C. A. J. Queckbörner, New York Athletic Club..... 1
F. L. Lambrecht, Manhattan (N.Y.) Athletic Club..... 2
G. H. Wood, Shamrock Lacrosse Club..... 3
Distance—Queckbörner, 97 feet 5½ in.; Lambrecht, 94 feet 6 in. Last year Lambrecht won with 90 feet 7 in., Queckbörner being second with 87 feet 5 in. It will thus be seen that both men have materially improved over last year.

FOUR HUNDRED AND FORTY YARDS RUN.
L. E. Myers, Manhattan, N.Y., Athletic Club..... 1
W. A. Hood, Montreal Lacrosse Club..... 2
Norman Fletcher, M. A. A. Club..... 3
Time, 55 seconds.
There were six entries, but only the three men named started. Myers ran in his usual good style and won easily. Hood and Fletcher running well together for second place. Last year Myers won this race in 52 seconds.

ONE MILE BICYCLE RACE.
W. G. Ross, Montreal Bicycle Club..... 1
G. S. Low, "..... 2
F. C. Holden, "..... 3
W. McCaw, "..... 4
W. A. Dods, "..... 5
J. H. Low, "..... 6
Time, 3 min. 30 seconds.

This race was run in three heats. In the first Ross won, with G. S. Low second; in the second J. H. Low came in first, Dods second, and Holden third, but Holden claiming a foul by Low, both were barred from the final heat, which was taken easily by Ross, who beat last year's time by 14 seconds—being 3 min. 44 seconds.

RUNNING HIGH JUMP.
M. W. Ford, New York Athletic Club..... 1
Hugh Tracy, Shamrock Lacrosse Club..... 2
H. H. Baxter, New York Athletic Club..... 3
Height—Ford, 5 feet 4½ inches; Tracy, 5 feet 1½ inches. This is not as good as last year when Carroll, of the Staten Island Athletic Association, jumped 5 feet 5 inches, and Thompson, of the M. A. A., 5 feet 4 inches.

TWO HUNDRED AND TWENTY YARDS RUN.
L. E. Myers, Manhattan, N.Y., Athletic Club..... 1
Geo. H. Wood, Shamrock Lacrosse Club..... 2
L. A. Stuart, Manhattan, N.Y., Athletic Club..... 3
This race was rather exciting. Woods pressing Myers very hard, the latter winning only by a few feet. Last year this event was taken by Wood in 24½ seconds.

HALF-MILE RUN.
Thos. Moffat, Scottish Athletic Association..... 1
N. Fletcher, M. A. A. Club..... 2
Time, 2 minutes, 17 seconds.

T. J. Murphy, of the Manhattan, and Martin, of Ottawa, also entered but failed to start. This race was very hotly contested, Moffat having no easy thing to beat Fletcher. At his victory the Scots on the ground were very jubilant and gave vent to their feelings in an expressive Highland manner. Myers beat Fletcher last year in this race in 2 min. 14 sec., which is 7½ seconds slower than the time this year.

Distance—Queckbörner, 41 feet 10½ in.; Lambrecht, 41 feet 2 in. The former in his throw was 6 inches above Lambrecht's winning throw last year—41 feet 4 in. In the same competition last year Mr. Queckbörner only threw 37 feet 9½ inches.

Distance—Thompson, 29 feet 10½ inches; Ford, 20 feet 2½ inches. This is a considerable improvement on last year when Thompson won with a jump of 10 feet 3 in.; Carroll, of the Staten Island Athletic Club, his only opponent, only jumping 16 feet 6 inches.

TWO MILE RUN.

Alfred Green, Argyle S. S. Club..... 3
R. Larkin, Montreal Junior Lacrosse Club..... 4
S. Jones, Montreal Athletic Club..... 5
Time, 10 minutes 35 seconds.
This was certainly the event of the day. All the competitors started off well together, Delaney and Taggart going to the front at once. By the time the first mile had been run the others had dropped out, the pace proving too much. The race between Delaney and Taggart was one of, if not the finest ever seen in Montreal. The last mile was one continued struggle for supremacy, but the American proved too much for the Montreal man and won by one second. Both victor and loser were heartily cheered, and if our sporting friends have to regret the defeat of their heretofore champion, they have the consolation of knowing that he fought gamely and ran in the best amateur race ever seen in Canada. The time this year—10 minutes 35 seconds and 10.4—is considerably better than last, when Taggart won in 10 minutes 51 seconds.

THIRTY YARDS HURDLE RACE.
W. R. Thompson, M. A. A. Club..... 1
Lewis Skiff, M. A. A. Club..... 2
Kerr, M. A. A. Club..... 3
Thos. Moffat, Scottish Athletic Association..... 4
B. St. J. Hough, Thames (Eng.) Harlequin Club..... 5
Time, 18.5 seconds.

This race was run in three heats. Moffat taking the first and Thompson the second and third. Mr. Thompson is certainly an athlete, of whom not only the M. A. A., but the whole city of Montreal, should be proud. His excellent physique and training can be seen from the fact of his winning this race, after carrying off the prizes for the 100 yards and running broad jump. His time last year when he also won this race, was 18½ seconds.

FIVE MILE BICYCLE RACE.
This was a walk over for Mr. W. G. Ross, of the Montreal Club, the three other entries not starting. Although not having a competitor to try conclusions with, Mr. Ross raced against time, with the result of beating the record by 13 seconds, completing the five miles in 18 minutes 30 seconds. Last year this race was won by Mr. F. C. Holden, in 19 minutes 55 seconds.

Taken as a whole the meeting of Saturday was the most successful ever held under the auspices of the M. A. A., and its members are to be congratulated on this result, a great part of which is due to the energetic work of the field officers and sports committee.

THE DINNER.
In the evening the members of the Montreal Amateur Athletic Club to the number of about 30, with their New York guests, sat down to dinner in the ladies' ordinary of the Windsor. The menu was all that could be desired and was done justice to by the athletes gathered round the board. Mr. Maltby was in the chair, and seated on his right and left were the gentlemen from the United States clubs. After discussing the plans the Chairman gave the toast of the "Queen" and the "President," which were duly honored, and then followed the other loyal toasts. The prizes were next handed to the winners, and as each man came up for his medal, rounds of applause greeted him. The rest of the evening was spent in song and volunteer toasts, and the party broke up at a most seasonable hour, sorry to part, but with the hope of soon meeting again on the cinder track.

THE FIRST DAY'S RACING OF THE MONTREAL DRIVING PARK TOOK PLACE ON SATURDAY IN THE PRESENCE OF ABOUT TWO THOUSAND SPECTATORS. THE WEATHER WAS PLEASANT AND EVERYTHING FAVORABLE FOR A GOOD DAY'S SPORT. THE TRACK, WHICH IS A HALF-MILE ONE, IS A VERY GOOD ONE, ENTIRELY LEVEL, AND THE STANDS ARE SO ARRANGED THAT THEY COMMAND THE ENTIRE COURSE. THE EASY DISTANCE OF THIS COURSE TO THE CITY MAKE IT VERY POPULAR. ON SATURDAY THE TRACK WAS SOMEWHAT HARD, BUT THIS WAS TO BE EXPECTED IN A NEW COURSE.

Mr. S. Coulson acted as time keeper, Dr. Bergin, M.P., as starter, and John Ogilvie and Col. Patton as judges. The Missisquoi Driving Park, was clerk of the course, and among the other lovers of the sport present were Senator Ogilvie, Joseph H. Holscomb, General Stearns, L. B. Church, Q.C., Dr. McEachern, James McShane, M. P., Hon. Peter Mitchell, R. J. Kimball, O. J. Devlin, L. Beaubien, M.P., M. P. Ryan, J. J. Curran, M.P., Dr. Craik, C. A. Geoffroy, Q.C., Able, T. THE GERMAN CELEBRATION.

To-day the Germans in all the great cities of the United States are to celebrate the two-hundredth anniversary of the first settlement of Germantown, Pennsylvania, by German immigrants from the fatherland. The first band of German immigrants landed at Philadelphia on the 6th October, 1683, and immediately went to Germantown. It has been estimated that in 1750 there were 125,000 Germans in the colonies. That year 24,000 more came, and ever since they have been coming to America in greater or less numbers. From 1820 to 1879 no less than 3,002,027 Germans arrived in the United States. In 1880 there were 1,966,742 persons in the United States who were natives of Germany, and it was calculated that one-sixth or one-seventh of the total population were of German origin. In the five years preceding 1883 the number of Germans who arrived in the United States was 751,000. The German element in the United States, has therefore, it will be seen, grown to be a very powerful one and Germany now sends out more emigrants than any other country. They are strong in Pennsylvania, New York and Maryland, but have taken the strongest hold in the West and have aided greatly in the agricultural development of that fine region. They generally prefer the country to the cities and therefore form the most desirable class of immigrants. Moreover they are a law-abiding people and make the best of citizens. The fact that they are of the same race as the original English stock of the country makes it comparatively easy for them to assimilate with the English-speaking people who comprise the great majority of the population.

TOTAL ABSTINENCE AND LONGEVITY.

At the recent meeting of the British Association an interesting paper was read by a Mr. Robinson on the duration of life among total abstainers in Great Britain as compared with other classes in the community. He said that the statistics of some insurance societies show that longevity can be increased by simply not drinking as beverages intoxicating drinks. There are several mutual life assurance societies which keep the statistics of the lives of the general section, and of those persons who abstain from strong drinks quite separate. Many difficulties at present present themselves in this inquiry which no doubt will be eliminated in future years, such as the time the several abstainers insured may have ceased to drink alcoholic liquors, and the quantity and kind they took during the period or periods they were not abstainers. The most valuable facts are furnished by the United Kingdom Temperance and General Provident Institution, established in 1840, which institution on the 31st December, 1874, had 9,539 whole life policies in the temperance section, and 15,838 in the general. It was found that the claims in the temperance section were only a little over the expectancy, while in the general section they were but slightly below the expectancy. The Whitington Life Assurance Company keep the statistics of abstainers apart from those who are not abstainers; their experience is not yet enough to form any exact opinion upon, but they say that "Teetotalism seems to be favorable to longevity." The Seaport Life Association states that "During the eighteen years of our history, ending 31st December last, we had 116 deaths in our temperance section, against 270 expected deaths; and in this year 'the same disproportion prevails, as we have had fifty-one deaths, and only seven of them are the lives of abstainers; there should have been nineteen." In the Emperor Life Assurance Office they have a temperance branch, and they assure lives at a "less rate than moderate drinkers, thus giving them an immediate advantage of from £3 to £7, according to age, on each £100 assurance." In some accidental offices the assumed superior lives of abstainers is recognized by a charge of 20 per cent. less to teetotallers than to moderate drinkers. In the discussion which followed the reading of this paper, most of the members who spoke seemed to be of opinion that total abstinence was favorable to longevity, although some advocated, with considerable warmth, the cause of moderate drinking.

THE SICK CHANCELLOR.

The announcement that Prince Bismarck is seriously ill will not surprise those who noticed that he was absent from the unveiling of the Germania statue a few days ago, for surely nothing but very serious illness could have kept him away from a celebration which was only rendered possible by his exertions in the cause of German unity. For some years past Bismarck has not enjoyed good health and his sudden death at any time would not be an unexpected event. For although a much younger man than Mr. Gladstone, he is by no means young being in his sixty-ninth year, and he was, at one time, rather a hard liver, so that he is older in constitution than in years. Add to that the strain of taking the principal part in the government of the German Empire and it will be seen that sufficient reasons exist for thinking that the Chancellor's condition may be more serious than has been generally believed. The German Empire as it exists to-day is the creation of Prince Bismarck's policy, which has been loyally seconded by the Emperor William. The Emperor is now, however, a very aged man and cannot, in the course of nature, be expected to live very long, nor is his mental condition such as to permit of his taking any active part in the affairs of Government. Up to the present time Bismarck has been the virtual ruler, but his death would leave a blank which could not readily be filled. Who in Germany could take up the threads of diplomacy which had dropped from his hand, or continue with success that policy which is at one time that of menace, at another that of persuasion and, at all times, a policy for the aggrandizement of Germany? When an English statesman dies he always leaves behind him followers, who, however inferior in ability, have been taught in his school, but Bismarck has founded no political school; he has been the foremost man in Continental Europe simply by virtue of his ability and strength, qualities which no leader can transmit to his followers. When he dies new methods will require to be employed to consolidate and preserve the Empire which he has created, and with new methods will come new men. Still it may be that Bismarck's life is not in danger and that he may direct the policy of Germany for many years to come.

CRIME IN ENGLAND.

From statistics which have just been published in England some idea may be formed of the enormous number of the criminal population of that country. In 1878 the total number of criminals, who were convicted, was only 242,570. The following year this number ran up to 315,105. In 1880 the number was no fewer than 362,709, while for the last two years it has increased to almost 400,000. Just think of it, four hundred thousand convicted criminals in that small island, besides the criminals who escaped arrest or conviction. These figures show an alarming rate of progression which threatens to swamp the country. Talk about crime and criminals in Ireland! Why it would take here, even in proportion to the population, at least a quarter of a century to produce as many criminals as have been convicted in England courts.

The above statement which appeared in the Montreal Post is certainly very startling, but, unfortunately for the sake of any moral sought to be derived from it, is quite untrue. The number of criminal convictions in England in 1878, instead of being 242,570 was only 12,473, and the number in 1880, instead of being 362,709 was only 11,214. No fact is better established than that crime, instead of increasing in England, is diminishing. The number of convictions in 1868 was 15,033, or about 4,000 more than in 1880, with a much larger population. Of course if all who were convicted of minor offences in England in any one year were to be classed as criminals it would add very materially to the above figures, and perhaps approach the numbers given by the Post. But before any Canadian journalist wastes many tears over the criminal statistics of England, he would do well to examine those of the Dominion as published by the Minister of Agriculture, and distributed in the form of a ponderous blue book. He would learn from that official publication that in 1881, no less than 29,225 persons were committed of crimes before the various Canadian Courts, and yet these statistics are very incomplete as they cover less than half the counties of Ontario, and less than one-third of the counties in Quebec and the Maritime Provinces. According to these statistics there were 3,105 persons convicted of various offences in Montreal in the year 1881, that is to say there was one conviction to every 45 persons in the population of Montreal. Yet will any one believe that one person in every forty-five persons of the population of Montreal is entitled to be classed as a criminal? Supposing that there were last year 400,000 persons convicted of the various offences in Great Britain that would be one conviction to every 75 of population or not much more than half of the Montreal rate. Yet we do not think that Montreal is in danger of being swamped with crime any more than Great Britain is, and we do not believe that there were 3,105 criminals in Montreal in 1881 any more than that there were 400,000 criminals in England last year.

The Parnell fund, it is now said, amounts to about £40,000 sterling, or nearly \$300,000. This sum will pay off the mortgages on Mr. Parnell's lands and give him a handsome surplus, besides which he can invest in stocks or bonds and thus become a "bloated bondholder" as well as a landlord. Mr. Parnell is the owner of 4,962 acres and receives therefrom in the shape of rent £1,480 sterling, or about \$7,000. Mr. Parnell has done his best to ruin the Irish landlords, but

the fact that he was a landlord himself does not seem to have at all troubled him, nor need it have done so while he was certain of receiving as much money as he wanted whenever he chose to pass round the hat. This ceremony of passing round the hat is always an important part of an Irish patriot's programme, and Mr. Parnell only differs from others in having delayed it rather longer than some of his predecessors in the same line of business.

LE QUOTIDIEN, which was so ready to resent any criticism of French soldiers by THE HERALD, now proves its consistency by making the insulting suggestion that English soldiers should be employed as public wielders of the cat-o'-nine tails in Canada. This shows how much regard for the feelings of Englishmen this extremely sensitive French journal has and how unnecessarily it rushes into the maelstrom for the purpose of bandying national insults. Fortunately people of British descent are not so sensitive as to feel at all injured by anything LE QUOTIDIEN may say. To quote the language applied to them by the excellent CURA LABELLE, "the English are a people of reflection, laborious, calculating. Their tenacity is extreme, their perseverance beyond proof, their constancy invincible." Such a people naturally do not care a rush what Mr. Roy's may say of them. "Let the heathen rage."

We learned, last evening from Ottawa on good authority, that the Hon. J. G. Blanchet, M.P. for Levis, ex-Speaker of the House of Commons, has been appointed Collector of Customs at Quebec, and will be gazetted at an early date.

FIRST DAY.

OUR HEALTH COLUMN.

THE MORTALITY IN THE CITY DURING THE MONTH OF SEPTEMBER.

We are indebted to the Secretary of the Canadian Sanitary Association for the following information, which although not perhaps an absolutely correct statement, is sufficiently reliable for our purpose:—

There were interred in the Catholic Cemetery 267 bodies. Out of this number, 9 died of typhoid fever, 3 of diphtheria, 16 from cholera infantum, 42 of diarrhoea, 33 from pulmonary diseases. 103 died under one year old, 38 between the age of one and five years old, 4 between five and ten, 2 between ten and fifteen, 1 between fifteen and twenty, and 12 between 20 and 25. Other ages not stated.

In the Protestant Cemetery there were interred 63 bodies—5 died of typhoid fever, 3 of diphtheria, 1 of cholera, and 6 of pulmonary diseases; 13 children died under one year old, 8 between five and ten, 2 between ten and fifteen, 2 between fifteen and twenty, and one between twenty and twenty-five. Other ages not stated.

The total number of deaths during the month were 330.

It will be remarked that the mortality among children, in proportion to total deaths, is exceedingly great, being no less than 141 under five years of age, out of 267, who died among the Catholic population, or more than one half; and 26, out of 63, who died out of the Protestant population, a little less than one half; 58 in the Catholic population died of cholera infantum and diarrhoea, but only one in the Protestant.

The statement shows that the mortality under five years of age was excessive, but between the age of five years and fifteen was trifling, being only 18 out of a total number of 330 deaths, but between the age of 20 and 25 there were 13 deaths, 12 of which were from the Catholic population.

The places in which the deaths occurred from typhoid are as follows:—

57 St. Helen street—No official report yet made.

12 Bronson lane—Reported: "Sheds filthy, slop trunks in yard, stench abominable, privies disgusting, four privies in one yard." No report, however, as to what action has been taken to abate these nuisances.

461 Upper St. Urban street—Report: "Festive a short time ago, and found all right." [Very doubtful.—Ed.]

216 1/2 Maisonneuve street—No report made.

219 Montcalm street—No report made.

174 1/2 St. Denis street (a butcher's place)—No report made.

140 Duke street—No report or examination made yet.

241 Dorchester street—No report or examination made yet.

403 St. Catherine street—No report or examination made yet.

28 Congregation street—No report or examination made yet.

57 St. Ann street—No report or examination made.

46 Forfar street—No report or examination made.

222 St. James street west—No report or examination made.

232 St. Constant street—Police requested to visit premises.

PLACES WHERE DEATHS HAVE OCCURRED FROM DIPHTHERIA.

49 Metcalfe street—Report: "Privies found full; complaint of bad odors in the neighborhood."

165 Amherst street—Report: "House tested; no defect found." (Doubtful.—Ed.)

20 Bronson Lane—Leakage of gas from sewer pipe, ordered to be fumigated. No action shown as to what has been done.

24 St. David street—No report made.

638 St. Joseph street—No report made.

47 Gait street—Report: "Drain open; shaft in yard not trapped; notice served." No action recorded.

We feel much indebted to the Secretary of the Canadian Association for this valuable information, which is as near correct as the official books show. We believe this Association will be instrumental in bringing about changes for the better management of the Health Department, and he should receive the support of the citizens for the gratuitous efforts he is making to improve its sanitary condition.

CORRESPONDENCE.

Dr. Larocque's Sanitary Association.

To the Editor of THE HERALD:

I perceive in Wednesday's issue of your paper, that Dr. Larocque—who, out of compliment to the office he holds, was made an executive member of the Canadian Sanitary Association—has had a meeting of French-Canadian physicians (five I believe) to form a branch "Dominion Association," to be a part of the Canadian Sanitary Association—that they have named him Chairman—and that he purposes calling a public meeting of physicians and citizens to support his objects. He has done this without even consulting me, who originated and organized the association, and to whom is entrusted, by the Council and Executive Committee, the task of forming a local committee in this city as well as in other cities and towns.

I beg, therefore, to inform the public through the columns of your paper, that the association was not to have any national character, but to be for the good of all. And, therefore, I cannot recognize, officially, any other form of sanitary organization in this city, nor any person as member of the Canadian Sanitary Association, who does not sign his name on the official list, and pays his subscription to me.

If Dr. Larocque would mind his own legitimate business, and perform his duties of medical officer in a proper and efficient manner, instead of doing nothing, day after day, but scribbling about his visionary schemes, it would be better for the city, and more creditable to himself. This continual self-puffing of his name in health matters—when he does nothing practical, and is in fact a mere incubus on the Board of Health, and who cannot be depended upon for the efficient performance of any onerous duty, is a perfect farce—it is worse than a farce—for it is a tragedy to many—and it is time the public should ask—and the public will know before long—what work he really does for the salary he receives.

The mere reading to the Board of Health, once a month, a synopsis of the deaths in this city—from statistics for the Fabric and the Superintendent of the Protestant Cemetery—a very handsome recompense—to fill in the printed form of certificates correctly—and, also, pays to Dr. Larocque about \$450 per annum—for merely putting these certificates into an envelope and sending them to Ottawa, is a grim burlesque. No doubt reliable statistics are absolutely necessary to be of any service at all—but if the information afforded by mortuary statistics is not acted upon by our medical officer, of what service are they to the city? I say again that the mere reading to the Board of Health a

statement of the deaths from fevers, diphtheria and infantile diseases many of which are preventable if a medical officer profited by the information therein contained—is a grim burlesque, when every member of the Board knows full well that scarcely a place where these deaths have occurred has been visited by the medical officer and a report made thereon.

F. A. BOXER,
Secretary-Treasurer
Canadian Sanitary Association,
and a member of the Board of Health.

DID SHE DIE?

"No!"
"She lingered and suffered along, pining away all the time for years."
"The doctors doing her no good."
"And at last was cured by this Hop Bitters the papers say so much about."
"Indeed! Indeed!"
"How thankful we should be for that medicine."

A DAUGHTER'S MISERY.
"Eleven years our daughter suffered on a bed of misery.
From a complication of kidney, liver, rheumatic trouble and nervous debility.
Under the care of the best physicians,
"Who gave her disease various names,
"But no relief."
"And now she is restored to us in good health by as simple a remedy as Hop Bitters, that we had shunned years before using it."

THE PARENTS.
"FATHER IS GETTING WELL."
"My daughter says:
"How much better father is since he used Hop Bitters."
"He is getting well after his long suffering from a disease declared incurable."
"And we are so glad that he used your Bitters." A LADY OF UTAH, N.Y.

FROM THE CAPITAL.

Interviews with Ministers—Ranches in the North-West—Silver in the Rockies—Inland Revenue Department—Canada Gazette News—Wanted—Hall to the Vice Royal Party—Canadians Honored—Parliament to meet January 8th—C. R. Claims.

OTTAWA, October 6.—Mr. Short, of Winnipeg, had an interview with Mr. Burgess, Deputy Minister of the Interior, in relation to his timber interests on Lake of the Woods. He has in course of construction there a large mill and intends to operate it extensively.

Yesterday Mr. Ferguson, of Jamaica, and Messrs. Ewart, Ferguson, Sinclair and J. Duhamel, Q.C., of Montreal, interviewed the Minister of Customs with reference to the imposition of certain duties on a consignment of Jamaica sugar which had been appraised too highly. Mr. Duhamel promised to give the matter a favorable consideration.

The Interior Department is not at present considering applications for ranches in the North-West, and it is understood will not grant any more leases for some time to come as there is a sufficiently large area under lease to answer all purposes.

Advices have been received from several quarters announcing a number of successful "finds" of silver in the Rocky Mountains by prospecting parties who went out last spring.

The annual report of the Inland Revenue Department for the fiscal year ending 30th June last will be completed the course of a few days. A greater portion has already gone through the press.

Mr. J. M. Courtney, Deputy Minister of Finance, left yesterday for New York on official business. He will be absent several days, during which time Mr. W. Baxter will be acting deputy.

There has been quite a demand for forms of tender for the Canadian 4 per cent. loan of \$4,000,000, tenders for which will be received until the 20th inst.

Mr. C. B. Rouleau, stipendiary magistrate at Aylmer, who has been appointed to a similar position in the North-West Territory, will leave to fill the duties of his office in the course of a few days. The salary attached to the position is \$3,000 per annum and travelling expenses. In addition to his judicial authority, Mr. Rouleau will be an ex-officio member of the North-West Council, which has its headquarters at Battleford.

The presentation of a farewell address to Lord Lorne and the Princess Louise will take place on Saturday next at the City Hall.

The Canada Gazette published to-day contains the following:

Mr. Charles Pelton Horne, to be County Court Judge of the County of Essex and a local judge of the High Court of Justice of Ontario.

Mr. F. A. Boys to be Deputy County Court Judge of the County of Simcoe.

Mr. John A. Ardagh to be Judge of the Court of Simcoe and a local judge of the High Court of Justice of Ontario.

Mr. Henry Muma, of St. Catharines, to be Dominion Arbitrator vice the Hon. Isaac Buchanan, deceased.

The Canadian Rope Sewing Machine Company, of New Glasgow, N. S., has applied for letters patent of incorporation. The capital stock is \$18,000.

The Alberta Mining Company has applied for supplementary letters patent increasing its capital stock from \$50,000 to \$2,900,000.

The Nelson Valley Railway and Transport Company have called a general meeting for the 24th of October to consider and approve of the act of last session amalgamating the Winnipeg and Hudson's Bay Railway and Steamship Company with themselves, under the name of "The Winnipeg and Hudson's Bay Railway and Steamship Company."

The Manitoba and North-Western Railway Company have called a general meeting at Winnipeg, on the 20th of November, for the issue of bonds for the completion of the work.

The Canadian Pacific Railway Company have called a meeting to authorize the sale of that portion of the road between Perth and Smith's Falls to the Ontario and Quebec Railway, to acquire the lease of the Ontario & Quebec Express, and to acquire the Credit Valley Railway and a portion of the Atlantic & North-Western Railway.

Preliminary Civil Service examinations will be held at Moncton, N.B., Quebec, Montreal, Ottawa, Belleville, Toronto and London on the 30th of November. Applications must be sent in before the 18th of November.

The amount to the credit of the depositors in the Post-Office savings banks of the country at the end of August was \$12,219,615.

The revenue of the current fiscal year 1883-84, up to the 31st August, was \$5,420,311.23; revenue for September, \$2,960,670.04; total, \$8,380,981.33. Expenditure to 31st August, \$4,370,606.95; expenditure for September, \$1,761,441.31; total, \$6,132,048.26. Surplus for the first three months of 1883-84, \$2,248,933.07.

The Chief of Police has received from the superintendent of police at Boston a photograph of C. F. Dewey and a circular describing him and the amount of his alleged forgeries.

His Worship Mayor St. Jean and a number of leading citizens to-day completed arrangements to tender a grand ball to His Excellency the Governor-General and H. R. H. the Princess in the Russell on the evening of the 12th inst. The Mayor and a deputation waited upon Col. De Wenton, the Governor's secretary, and requested him to solicit the acceptance of the invitation by Their Excellencies.

His Excellency the Governor-General has generously presented a number of prizes to be competed for by the members of the Governor-General's Foot Guards at the range, to take place on Monday afternoon.

OTTAWA, Oct. 7.—Her Royal Highness the Princess Louise witnessed the Rosary procession to-day in the Basilica.

The Prince of Mantua and Montefiore, Italy, has conferred the Mantua gold medal on Dr. Honeyman for geological research and excellence of arrangement in the Canadian Department. Mr. Sandhu has been honored with a special medal. He is President of the Meteorological Society of Ontario.

The Intercolonial Railway Commissions have adjourned till Wednesday, when the claim of Sumner and Somers on section 12 will be taken up.

Mr. Hodgins, of the law firm of Hodgson and Dennis, has been appointed to a position in the Department of Justice.

The Czar and the Prince of Wales have gone to Sweden on a hunting excursion.

QUEBEC.

Changes in the Cabinet Likely—Bears Placed in Personal.

Special to the MONTREAL HERALD: QUEBEC, October 6.—The Government organs here say there are changes in the Local Cabinet contemplated, but that nothing definite will be done until the return of the Lieut.-Governor.

Reports from the St. Paul state that bears are unusually plentiful there, no less than seven having been recently killed in the vicinity.

Sir H. Langevin, Minister of Public Works, returned to town to-night from River du Loup.

Premier Mousseau has gone to Montreal.

Archbishop Taschereau left town to-day for Cap St. Ignace to hold a confirmation.

Viscount Melgund, secretary to the new Governor-General, is a passenger by the Sarniam.

Personal—Arbitrations to be Reopened.

QUEBEC, Oct. 7.—Viscount and Viscountess Melgund have arrived here by the S.S. Sarniam.

The S.S. Sarniam arrived here to-night. It is said the Government is about to re-open the cases of the appropriation of lands in the St. Charles branch of the L. Q. R. R., which have been passed upon by the Dominion Arbitrators.

ONTARIO.

Action for Illegal Seizure—McLaren vs. C. P. R.—The Toronto Land System—Important Decision in Toronto—Publishers at War—Dr. Wyld's Anniversary—Railway Matters.

TORONTO, October 6.—The vital statistics registered for this week are births 73, marriages 4, deaths 52.

Mr. Sprout, the new City Engineer, reported himself at the City Hall this morning and will enter upon his duties on Monday.

Mr. Cooke, a merchant of Gravelhurst, became bankrupt recently and assigned to Mr. Clarkson, of Toronto, who realized the estate, including the household furniture.

Mrs. Cooke brought an action against Mr. Clarkson, for \$2,000 damages, for illegal seizure and sale of furniture, claiming that it was purchased with her own money. To-day at the Civil Assizes the jury awarded her \$1,200 damages.

In the Court of Appeal to-day, in the well-known case of McLaren vs. the Canada Pacific Railway, their lordships being equally divided in opinion, the appeal of the railway company was dismissed with costs. Plaintiff has twice obtained verdicts for \$100,000 for the burning of a quantity of lumber by the sparks from an engine at Carleton Place. The case will be carried to the Supreme Court.

An influential deputation of both shades of politics from the Canada land amendment association waited upon the Attorney-General this afternoon asking him to introduce a bill at the coming session for the adoption of the new system of land laws now in force in Australia.

The system was fully explained by Messrs. Mason, Jones and Holmsted. Hon. Mr. Mowat expressed himself in favor of the system, but did not think the public sufficiently educated here yet in the merits of the system to warrant him introducing a bill.

An influential deputation of both shades of politics from the Canada land amendment association waited upon the Attorney-General this afternoon asking him to introduce a bill at the coming session for the adoption of the new system of land laws now in force in Australia.

The system was fully explained by Messrs. Mason, Jones and Holmsted. Hon. Mr. Mowat expressed himself in favor of the system, but did not think the public sufficiently educated here yet in the merits of the system to warrant him introducing a bill.

October 7.—At the Toronto Assizes, some months ago, Monkhouse, a brakeman, was awarded \$1,500 damages against the Grand Trunk for severe injuries sustained owing to a frog near the Union station not being packed. The company appealed and yesterday judgment was given by the Court of Appeals, allowing the appeal with costs on the ground that the act of the local Legislature, providing that all frogs shall be packed, was not binding on a Dominion road.

Gage & Co., publishers, have issued a writ against Campbell & Son, publishers, claiming \$10,000 damages for advertising that Smith, electrotypist, had used Gage for altering the title of plates of his Readers from English to Canadian. The Campbells are, it is said, to enter a counter action against Gage for \$90,000 damages for libellous statements re their agency for the Oxford University press as to the Revised Testament.

At Bond Street Congregational Church anniversary services were held both of the church and Dr. Wild's pastorate to-day. The plate collections amounted to the unusual sum of \$1,700, which goes to reduce the debt on the church.

The Toronto, Grey & Bruce Railway will be taken over by the Ontario & Quebec to-morrow morning, all the arrangements having been perfected yesterday.

Mr. Whyte will be general manager of the three railways, O. & Q., C. V. and T., G. & B.

The census of the village of Parkdale, adjoining Toronto, was completed yesterday, showing the population to be 2,461, or double what it was two years ago.

Yesterday railway circles were excited over the report that Toronto would shortly be provided with a new route to the seaboard.

Col. Robert Stevens, of the States, is a prime mover in the project, and has subscribed a sixth of the capital necessary to build the road. The route will be by steamboat to Youngstown, and a short line of railway from there to the Erie railway at Attica, Wyoming County, New York State. It will involve winter navigation of the lake, which is not impracticable.

THE MARITIME PROVINCES.

Discharged—Charged With Embezzlement—Nomination for Westmoreland—Warren Smith Rescued.

ST. JOHN, N.B., October 7.—A medical examination of a young woman, Elizabeth Murray, whose death was reported on Friday, disclosed the fact that she died of exhaustion caused by premature confinement. The men who had been arrested as accessory to her death were released.

Ralph Colpitts, of Pollet River, had his house entirely destroyed by fire on Thursday. Loss, \$1,200. No insurance.

Town Marshall Hanson, of Woodstock, was instructed to arrest James E. McDonald, formerly of Bristol, Carleton County, charged with embezzling \$900 from J. A. Peckie, of Winnipeg. The marshal found McDonald at Bristol and arrested and brought him to gaol.

Yesterday was nomination day in Westmoreland County for the vacant seat in the Local Legislature. A. E. Killam, Government candidate, W. W. Wells, Opposition, and Dr. Gaudet, who was alleged to support the Government, were nominated. An effort was made to have Messrs. Killam and Wells retire in Dr. Gaudet's favor, so that this county would have a French Acadian representative. Killam was willing, but Wells refused. Gaudet then retired, and the contest will be between Killam and Wells.

HAIFA, N. S., October 7.—A report is in circulation in the city this evening that Warren Smith, the oarsman, as well as other members of the crew of his father-in-law's vessel, who have been

missing since the gale of August 29th, have been rescued. It is stated that the men were picked up by a Norwegian vessel and carried to a South American port, but the rumor cannot be traced to a reliable source.

GREAT FIRE IN DALLAS.

An Elevator and Cotton Press Burned.

DALLAS, Texas, Oct. 7, 1 p.m.—Probably the largest and most destructive fire that ever occurred here is now raging. At 11 this morning a fire broke out in the engine room of Howard & Co.'s elevator. Soon after flames were issuing in all directions. The elevator is situated at the Texas and Pacific depot, a block north of Elm street. The flames spread rapidly and soon the cotton yard of the City Compress, occupying a block of ground adjoining the elevator, caught fire and was rapidly consumed. A strong breeze was blowing and the heat from the burning district was frightful. At 12.30 the elevator fell with a crash. A brick building adjoining, occupied by Sinker, Davis & Co., containing boilers and engines, is a total loss. The flames rapidly spread and soon the cotton around the City Compress, across from the elevator, caught and is being rapidly burned.

At 12.45 the fire wiped up the electric light works and livery stables. The part of the town in which the fire is now spreading is composed of small frame structures, and there is no telling where it will stop. The elevator contained 30,000 bushels of wheat and oats, and about 4,000 bales of cotton have been consumed.

Loss at a million, three-fourths insured. Basis almost suspended, the whole town being excited. The fire department responded promptly, but it was nearly half an hour before they got regularly to work, and then the water supply was inadequate. One of the engines was nearly worthless. Where the fire broke out there were 30 freight cars on the track. The firemen were delayed until an engine came and removed them. Fort Worth has been telegraphed for aid.

Later—it is said there are nearly 15,000 bales of cotton in the yard and around the compress. Half of it has been consumed.

DALLAS, October 7.—The fire was gotten under control at five p.m. with the assistance of the Fort Worth company. Three hundred bales were consumed. The Cray House, Henry Loeb, which occupied a corner of the elevator block, by heroic efforts was saved. The loss is estimated at \$250,000 to \$400,000. The National Hotel block, opposite the elevator, one of the finest in the city, caught fifty times, but was drenched with water. Several residences and small business houses were burned. T. & P. depot, by the hand work of their employees, was saved. At 10 p.m. the cotton was still burning. That in the warehouse will be a complete loss, but some at the compress will be saved. Insurance is about \$150,000.

THE LOSSES.

DALLAS, Tex., October 7.—Had the wind yesterday been from the north instead of the south the fire would have spread to Elm street, the main business part of the town. The cotton compress was saved. Four to six thousand bales of cotton in the yard were consumed. Howard & Co. lose \$250,000 on the grain elevator and Hardy & Co. \$40,000. The loss on the electrical light works is \$7,000. Sinker, Davis & Co., lose \$25,000. The Dallas Boiler Works is damaged to the extent of \$30,000. Cottages were destroyed; loss, \$50,000, and many small losses.

BUTLER'S REFORMS.

He Demands the Board of Health Books.

BOSTON, October 6.—Governor Butler to-day made a formal demand upon the Board of Health and Charity for their account books and threatened mandamus proceedings. The Board will accede to the Governor's demand as far as to permit his clerks to examine the books at the rooms of the Board.

Ex-Gov. Butler's Reply.

In the letter conveying the reply of the Board to Butler's demand ex-Gov. Talbot, the chairman, says: "As to the gross insulting language made use of by Your Excellency concerning myself in your communication of the 29th ult, I can characterize it as unworthy of any one claiming the name of a gentleman, much less of any one who, by virtue of the high office he holds, should be the exemplar to young and old alike, of the utmost courtesy and deference to every citizen. My position compels me to address Your Excellency from time to time on business of the State, in the faithful discharge of my duty to the people of this commonwealth, but neither the duties I discharge nor the people of Massachusetts, whom I cheerfully serve without fee or reward, require me to totally submit myself to the repetition of such language from the executive to a public servant of this State. If I did not notice here, and now, your offensive treatment of me, and properly respect it as to deserve the condemnation of every citizen."

Looking After Amero's Defence.

BOSTON, Oct. 7.—The Post says the Governor has detailed two State detectives to work up the defence in the case of Roger Amero, who is charged with the murder of Mrs. Carleton, and who was extradited from Canada. The Attorney-General is very indignant, and says the Governor's action is without precedent, and in violation of the constitution.

DEATH ON THE RAIL.

Fatal Collision on the Lake Shore.

PITTSBURGH, Mich., October 6.—While a freight train on the Lake Shore Railroad was standing at the station this morning a second freight approached, and, before it could be stopped, plunged into the caboose, wrecking it, and killing Mrs. Rogers, of Hudson, Mich., Mr. Warwick, of Bryan, Ohio, and an unknown man. Mrs. Weaver, of Hudson, Mich., had her legs crushed, and will probably die. Mr. Horbord, of Pittsburg, had leg broken. The wreck took place and several cars were destroyed. The accident was due to carelessness of the men in charge of the leading train, who failed to get the signals out far enough to stop the second train.

STREET RAILWAY DANGERS.

Another Collision with a Freight Train.

ALLEGHANY CITY, September 6.—This evening the brakes on a street car got out of order as the car reached the top of a steep grade on Sandusky street and it ran through the safety gates at the Fort Wayne Railroad crossing and into a passing freight train. The car was wrecked and all the passengers, 25 in number, more or less injured. Chas. Menckhoff, and Hugh Dummel are severely hurt and the two last will likely die.

The sch. Leo, with Lieut. Ray and party, arrived at Sarakala on September 17, and the party is expected at San Francisco a few days.

FRANCO-CHINESE TROUBLES.

THE TONGKIN CAMPAIGN.

To Await Reinforcements.

PARIS, October 6.—An official despatch states that Admiral Courbet had a conference with the French civil and military chiefs in Tonquin, who agreed that active operations were impossible at present, owing to the bad roads. They were of opinion that the troops in Tonquin could safely await reinforcements.

Continued Submission of Mandarins.

PARIS, October 6.—Hanoi officials state that the submission of the Mandarins to the French commissioner continues. The Black Flags are demoralized by sickness and fighting and continue to retreat.

"Chinese Illusions."

A newspaper here says the French cabinet, knowing now the feeling of the Chinese Government in relation to Tonquin, does not expect success from further parleying; the Chinese hope for better conditions by allowing the question to drag and reckon on a change of French Ministry or a defeat of French troops. Events will, however, dissipate these Chinese illusions.

Marquis Tseng in England.

LONDON, Oct. 7.—The Marquis Tseng has returned to Folkestone from Paris.

Black Flags Withdraw.

HONG KONG, Oct. 7.—An agreement has been effected between the King of Annam and the Black Flags, whereby the latter retire from Tonquin and engage not to interfere with commerce. The Black Flags have already commenced to withdraw.

Instructions to Admiral Courbet.

PARIS, Oct. 7.—The Government has sent formal instructions to Admiral Courbet, pointing out the urgent necessity of planting the French flag forthwith in Tonquin and Beninh and of purging the delta of the Black Flags.

A Combined French Movement.

HONG KONG, Oct. 7.—It is believed that Commissioner Harmand has offered the Black Flags employment in the future Franco-Annamese army. Should the Black Flags evacuate Sontay the French will immediately attack Beninh. The fleet will ascend the north branch of the river to Tienyene, sending gunboats to interrupt the retreat of the regular Chinese troops from Beninh. The entire French force is preparing to effect this operation.

Negotiations Suspended.

PARIS, October 7.—It is reported the negotiations between France and China are virtually suspended.

THE CANTON TROUBLES.

A Rising Feared.

PARIS, October 6.—The Marquis Tseng stated this morning to a Central News correspondent that he considered the news from Canton as being of the gravest character. The result of the tide water Logan's trial was very unsatisfactory. The mob were incensed to such a degree by the light sentence imposed that they were almost beyond control. Mandarins were assaulted in the streets, and the situation had become so strained that the Government were obliged to adopt the most severe measures in order to preserve the peace. The arrival of fresh troops which had been ordered to Canton to overawe the people had tended still further to increase the excitement and an outbreak, the consequences of which no one could foresee, was likely to take place at any moment. The Marquis said that so much did he fear further trouble on account of the Logan affair that he was urging with all the force at his command a revision of the sentence.

U. S. Minister Reported Assassinated.

WASHINGTON, October 7.—A report reached Paris yesterday that United States Consul General Seymour, of Wisconsin, had been assassinated at Canton. The Department of State telegraphed to China early this morning to ascertain whether there was any truth in the report. No reply has been yet received.

THE SITUATION IN FRANCE.

M. Grevy's Son-in-Law.

PARIS, Oct. 6.—Inquiry is being made to ascertain whether the telegraphic cables to the Petite France, the organ of M. Wilson, son-in-law of President Grevy, the copy of Government despatches which, when published in that paper, affected prices on the bourse, and disclosing matters which should have remained secret.

Thibaudin's Resignation Welcomed.

BERLIN, Oct. 6.—The resignation of General Thibaudin as French Minister of War, is welcomed here as favorable to the maintenance of the peace of Europe.

His Temporary Successor.

PARIS, October 6.—Admiral Peyron, Minister of Marine, will temporarily assume the duties of the War office.

Opinion of the Press.

PARIS, October 6.—The Monarchist and Moderate Republican journals express satisfaction at the resignation of Thibaudin. They consider that the relations of France with foreign countries were imperilled while he remained in the Cabinet. The Voltairien denies that Thibaudin's resignation was demanded by the Radical journals, and expects that Thibaudin will run for the Chamber of Deputies as candidate of the Extreme Left.

Result of Spanish Negotiations.

MADRID, Oct. 7.—The result of the representations made to France by the Spanish Minister, regarding the demonstrations against King Alfonso, are still unknown. Many newspapers consider that the affair will conclude peacefully. Conservative journals regard the communication published in the Journal Official insufficient and demand the insertion of the full text of Grevy's apology and Alfonso's reply.

INFLUENCE OF THE PAPACY.

Speech of the Pope to Italian Pilgrims.

ROME, October 7.—The Pope, in an allocution upon receiving a large number of Italian pilgrims to-day, said he rejoiced to witness the concord existing between the clergy and their flocks. Conspiracy of sects had reduced the Papacy to a condition unworthy its rank. Historical researches of learned men proved that the Papacy was no enemy of Italy, but had always been actuated by sovereign benevolence. Civilization derived from the Papacy increased vitality and strength. The real object of sectarians in depriving the Pope of temporal power was to strike a blow at the Church and rob Italy of the treasure of faith. The recent impious demonstrations made this manifest. Blasphemous voices had been raised in Rome itself. To avoid the destruction of Catholicism, it behooved all patriotic and religious forces to unite and show themselves openly as Catholics, and to desire also to restore the Pope to the condition of liberty and independence, which is his due. The Pope spoke twenty minutes, and looked very pale, almost cadaverous. The audience numbered 10,000.

The sch. Leo, with Lieut. Ray and party, arrived at Sarakala on September 17, and the party is expected at San Francisco a few days.

IRISH AFFAIRS.

The Pope, the Orangemen and the National League.

ROME, October 6.—The Monitor de Rome, which is understood to reflect the Pope's views, deprecates the aggressive attitude of the Orangemen in Ireland to-day the National League.

Great Orange Demonstration at Belfast.

BELFAST, Oct. 6.—Col. King-Harman and Lord Arthur Hill, Members of Parliament, laid the foundation of a new Orange hall here to-day. The number of Orangemen present was the largest that has congregated here in 20 years. During the proceedings a stand collapsed and several were seriously injured.

Stoning a Train.

BELFAST, Oct. 7.—While a special train was conveying Sir Stafford Northcote and party between Donaghmore and Pomeroy, a large stone was thrown through the window. It struck Lady Crichton on the back, causing her to fall heavily. She fainted and sustained severe injuries.

An Alleged Dynamiter.

NEWCASTLE, Oct. 7.—James McCully alias Gallagher, has been arrested in connection with the Glasgow dynamite conspiracy.

Party Riot in Belfast.

BELFAST, October 7.—The Orange procession on Saturday was attacked by a Catholic mob and a desperate fight ensued. Many persons were wounded. A lady in the convent, the windows of which were smashed by the Orangemen on Friday, has since died from the shock, she being ill at the time.

Preparing for O'Donnell's Trial.

LONDON, October 7.—The Solicitor of the Treasury has informed Guy, the solicitor retained for O'Donnell, that O'Donnell's trial has been fixed for the 15th inst. Sullivan, O'Donnell's counsel, has been instructed, however, to ask a postponement until November and it is believed the Crown will comply. Guy has telegraphed to Port Elizabeth for all witnesses likely to prove useful to the defence. The woman who passed as O'Donnell's wife will not testify.

UNITED STATES POLITICS.

Want Democratic Union.

NEW YORK, Oct. 6.—Tammany last evening adopted a resolution regretting the action of the county democracy in opposing the union of the city factions, as jeopardizing the success of the State ticket. Irvinghall adopted a resolution urging the union of all city Democrats in support of the local ticket.

Randall on Free Trade.

CLEVELAND, Oct. 6.—Samuel J. Randall, speaking here to-night, said the Ohio platform proclaimed the true business policy of the tariff and the national democratic convention would adopt it. We could never, he said, have free trade even after our national debt was paid. Free trade would reduce America to the distressed condition of Ireland. The Government would require enough money to fill the gap between European pauper labor and American dignified labor.

Division Among Massachusetts Democrats.

BOSTON, October 6.—The Herald says a secret meeting of independent Democrats opposed to Butler was held on Friday evening. Measures will be taken to organize an independent democratic movement in every ward, and the support of the organization will be given to Robinson.

Keeping up Their Spirits.

CLEVELAND, October 6.—Senator Sherman, addressing the Republican meeting to-night, said if next Tuesday Ohio shall go Republican an Ohio man shall be President in 1884.

GERMANS IN AMERICA.

Celebrating the 200th Anniversary of the Landing of the First Emigrants.

PHILADELPHIA, October 6.—The German bi-centennial celebration in commemoration of the landing in 1638 of the first emigrants from Germany was held this evening in the Academy of Music with a grand concert. The audience was immense and there was much enthusiasm. Several speeches were made and congratulations exchanged with the Germans who celebrated
