It is the desire of the Council to secure the co-operation of a larger number of the regular members of the board to act on these committees.

Emphasis was given, last night, to the important work which the Board might do on behalf of needed improvements within the city. Dr. Noel spoke of the great need of better sanitary arrangements. The City Council is already giving consideration to this matter and petitions are in circulation among citizens bearing upon this subject. The Board, through the Health Committee, expects to co-operate vigorously in this connection and considers itself fortunate in having such men as Drs. Ledoux and Noel as members of the Board and of the Board's Public Health Committee.

The housing problem came in for attention at the organization meeting and a special committee was named with Mr. A. M. Sangster as chairman. Important work is looked for from this committee.

Mr. D. J. Steele was elected chairman of the Industrial committee, Mr. Farwell, who has been the very efficient chairman for the past two years, requesting to be relieved of the chairmanship, though he will continue on the committee. Mr. Steele has served as an active member of the committee for the past three years and was chairman in 1911.

### STREET RAILWAY SITUATION

The street railway situation was discussed at some length. The Board recognizes the seriousness of the difficulties in this connection and stands ready to render any assistance possible towards its solution upon an amicable and equitable basis.

### THE BANQUET

The entertainment committee, of which Dr. Bradley is chairman, assisted by Messrs. Gregoire, Page and Darche, reported progress in connection with the banquet arrangements. The banquet will be held Tuesday evening, March 3rd.

It is expected that arrangements will be fully completed next week. Cooper, one of the most prominent Board of Trade men from New England, has already accepted.

## SIR HUGH GRAHAM AND MCNAB CLASH

### Keen Interest Aroused at Tilt Between Men at Investigation at Quebec

#### FORMER STAR EDITOR MADE SOME CAUSTIC REMARKS AS TO THE CONSPIRACY OF SILENCE.

Quebec, Feb. 7.—Keen interest was aroused at yesterday's session of the Legislative Council which met yesterday on the attempt made by Mr. B. A. Macnab, editor of the Daily Mail, to question Sir Hugh Graham on the reasons why Sir Hugh had refused to publish the charges of corruption against members of the Legislature.

All questions bearing on the matter were peremptorily ruled out by Hon. Mr. Chapais as being irrelevant. Sir Hugh Graham stated to the committee he was at a loss to know why he had been summoned. It was true the charges of corruption had been submitted to him for use in the journals in which he was supposed to be interested. "On the advice of counsel," added Sir Hugh, "I refused to have anything to do with the charges."

Mr. B. A. Macnab, editor of the Mail, who was for many years the right hand man of Sir Hugh in the editorial rooms of the Montreal Star, made some caustic references to what he called a "conspiracy of silence."

"On advice of counsel," said Mr. Macnab, contemptuously. "That from a man who knows the newspaper business from top to bottom, and whom I can say from twenty-five years' personal experience and personal contact with him that in nine cases out of ten he disregards his lawyer's advice, takes the bit in his teeth, goes ahead and puts matter in publications controlled by him which on all occasions might not bear the scrutiny."

MOUSSEAU TOO ILL TO ATTEND. Quebec, Feb. 7.—That the condition of Mr. J. Octave Mousseau, the accused ex-member of the Legislature, is decidedly serious and might prove fatal, was the consensus of opinion of the three physicians who composed the medical commission sent from Quebec to examine him, at the request of counsel for Messrs. Nichols and Macnab.

### IN MEMORY OF CHARLES DICKENS

London, Feb. 7.—(Special)—The grave of Charles Dickens, in Westminster Abbey, was lavishly decorated with flowers today in commemoration of the 102nd birthday anniversary of the great novelist. Many pilgrims visited the tomb, and the numerous Dickens societies throughout the United Kingdom held exercises in celebration of the day.

## LAST MINUTE TELEGRAPH DISPATCHES

### TO RECORD HUMAN GAIT.

### LARGE OCEAN LINERS CANNOT GO THROUGH DITCH.

Berlin, Feb. 7.—(Special)—D. W. Ewald, a prominent German engineer, in an article in the daily paper Der Tag, predicts that large warships and ocean liners will perhaps never be able to go through the Panama Canal, and that second-class ships only will be able to go through the great waterway part of each year.

### BRITISH SHIP ASHORE.

New York, Feb. 7.—(Special)—The British freight steamer Queen Louise, Captain McDonald, bound from Swansea for New York, went ashore north of Manassquan, N. ## PLOT AGAINST PRES. HUERTA

### Troops Called Out to Guard Palace and Arsenal in Mexico City

#### GERMAN OFFICIALS STATE STRAINED RELATIONS EXIST BETWEEN U. S. AND JAPAN.

Mexico City, Feb. 7.—(Special)—Troops guarded the palace, the arsenal and the artillery barracks throughout the night as the result of last night's reports that conspirators had planned a coup d'etat, in the shape of a new revolt in the city against the government of General Huerta.

Telephone messages early failed, however, to confirm the rumors of fighting.

It was thought that the fact that troops had been hurriedly sent to the suburbs in accordance with military plans, to be in readiness for a possible uprising, was responsible for the reports.

### JAPAN AWAITS U. S. MOVE ON MEXICO.

Berlin, Feb. 7.—(Special)—According to prominent members of the Kaiser's court, it is the opinion of the highest military and naval circles that the questions at issue between the United States and Japan are graver than is generally believed and will become acute the moment the former country decides on military intervention in Mexico.

## GRANBY ADOPTS NEW LIGHT SCHEDULE

### Tenants Must Make a Deposit in Advance Sufficient to Cover Light Used

#### ELECTRIC LIGHT COMMITTEE WILL ALSO MAKE EXPERIMENT WITH USE OF SLOT METERS

Granby, February 7.—(Special)—The Council has adopted a new plan for collecting electric light bills, applicable to tenants only. In the future a cash deposit will be required in advance for an amount equal to the corresponding period of the preceding year, the balance will apply on next quarter, if more current is used, the balance will be collected.

The electric light committee have purchased a slot meter and if it proves satisfactory they will very likely have them installed in various parts of the town.

Then if the householder desires to illuminate all he will have to do is to drop a quarter in the slot meter on the light and when its value in current has been used the lights will go off automatically.

This would be an improvement on the rather crude system at present in use.

Manning and the young woman left police headquarters together.

## RECOUNT IN MAGOG MAYORALTY ELECTION

### Petition Made in Superior Court By Supporters of Dr. Bowen

#### CONTEST WAS CLOSE ONE, THE MAYOR-ELECT, A L'ARCHEVEQUE, WINNING BY THREE VOTES.

There will be a re-count in connection with the election of Mayor for the town of Magog. This will take place in the Superior Court here on Monday at ten o'clock, and the same procedure will be followed as in a recount in a parliamentary election.

The petition was made for the recount to Mr. Justice Hutchinson on behalf of Dr. Bowen, who was defeated by Mr. A. L'Archeveque in the mayoralty contest last Monday, by three votes.

The papers have been served on those who are in custody of the ballots.

Feeling is very high in Magog at the present time over the result of the election as it is contended that the unwritten law of appointing a French-speaking and English-speaking Mayor had been broken.

A mysterious kit-bag, presumably containing clothing, personal belongings, etc., with a curiously inscribed label attached, has arrived at the Dominion Express Office in this city from Montreal, whence it was evidently sent by the owner, who obviously intends to visit Sherbrooke.

On the front side of the label is written: "Walking from Winnipeg, Man., to Halifax, N.S. Mr. W. C. Brown, Sherbrooke, Que. To be called for."

On the other side the inscription runs: His favorite song: "When I dream of Old Ireland I am dreaming of you." Wearing N. W. M. Police uniform.

The Championship races are taking place on the Exhibition grounds this afternoon. At 7.30 to-night there will be a torch-light parade, the procession headed by the massed bands will leave the Armory at 7.30, and there will be a fireworks display and illumination of the arches with electrical effects.

The snowshoers will meet at the Armory at 10 o'clock to-morrow morning for the Church parade. The service will be held at 11 o'clock in the Notre Dame Church, South Ward. This is to be followed by a banquet to the officers of the Union at the Club house of the Cercle de la Gaite, on Wilson street.

In the afternoon the different club houses in the city will be open to visitors, and requests every snowshoer to wear his snowshoes for these visits. A smoking concert will take place in the evening when the bands will furnish music and the prizes will be distributed, and the clubs are looking forward to a grand old time.

The dash and hurdle races will be run off on Marquette street and King street on Monday, one feature being a fat man's race in which no competitors under 200 lbs. are allowed.

Reedsdale, Feb. 7.—(Special)—On Monday, Feb. 2nd, 1914 proved a very enjoyable day for Mr. and Mrs. Elias Lowery, Craig's Road, the occasion being the celebration of their fiftieth anniversary of their marriage.

All did ample justice to the bountiful dinner provided by the host and hostess. The remainder of the afternoon was spent in pleasant sociability, reminiscences and anecdotes of days long since gone by. Their fifty years of married life have been quiet but happy. Side by side they toiled in the early years, working early and late to provide for their growing family. Twelve children were born to this union, ten of whom still survive to cheer and comfort their declining years. They are six daughters and four sons. They have had in all six grandchildren, five of whom are still living.

Those who spent the day with them were Mr. and Mrs. Hugh Patterson, Okotoks, Alta.; Miss Mary Lowery, of St. Johnsbury, Vt.; Mr. and Mrs. H. Lipsey, Mr. and Mrs. John McVetty, and Messrs. Arthur and Herbert Lowery who still remain at the old home. (Grandchildren); Master Leslie Patterson, Okotoks, Alta.; Messrs. Eugene Edwards, Alec and Clarke McVetty (brothers and sisters); Mr. and Mrs. Robert King, of Henderson's Grove; Mr. and Mrs. David King, King's Corner; Mrs. George Lowery (nephews and nieces); Mr. and Mrs. John Edwards, Mr. and Mrs. Jas. Lipsey and little daughter Marjory of Theford Mines; Mrs. Mary Fritzel, Mr. Henry Lowery, Mr. and Mrs. Henry Morrison, Kinnear's Mills; Richard Lowery and Karl King; Mr. and Mrs. E. **The Greatest Annoyance of Shopping is the "Just as Good" Article**

Insist on Genuine Herpicide

To be sure there are not many dealers who push "something just as good" when the advertised article is requested. Still what few there are should know that by their policy they are destroying the customers' confidence and thereby losing business.  
The most effective rebuke is not to wait for the story, simply hunt a store where they will sell you what you want.  
The dealer who states that a preparation is as good as Herpicide is not sincere; he doesn't believe it himself. Every druggist knows that there is but one "genuine, original dandruff germ destroyer," and that is Newbro's Herpicide.  
It keeps the head free from dandruff, prevents the hair from coming out and stops itching of the scalp.  
Herpicide is a wonderful remedy, which does just what you want and expect it to do.  
Sold in 50-cent and \$1.00 sizes by all dealers. It is guaranteed to do all that it claimed for it or money will be refunded.  
Sold everywhere.  
Applications obtained at the better barber shops and beauty parlors.

CUT THIS OUT

FAMOUS SPECIALIST'S RECIPE FOR CATARRH, DEAFNESS AND HEAD NOISES.

If you know someone who is troubled with head noises, or catarrhal deafness, cut out this formula and hand to them, and you will have the means of saving some poor sufferers perhaps from total deafness. Recent experiments have proved conclusively that catarrhal deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporise with the complaint, and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent of late by a noted specialist in perfecting a pure, gentle, yet effective tonic that would quickly dispel all traces of the catarrhal poison from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that anyone can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parmit (Double Strength), about 75c worth. Take this home, and add to it a pint of hot water and 4 oz. of moist or granulated sugar, stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell, and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh, therefore there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial. There is nothing better.

IMPORTANT—In ordering Parmit always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 75c to the International Laboratories, 74 St. Antoine St., Montreal, P. Q., who make a specialty of it.

Youth is a critical period in the life of the young girl. Careful mothers know by experience the value of a powerful Tonic at that time and prescribe

BABY COVERED WITH RASH. From Head to Foot, Itched and Burned, Disfiguring, Face and Arms Worst. Cuticura Soap and Cuticura Ointment Cured.

Legere Corner, Moncton, N. B.—"When my baby was five months old he had a rash which used to trouble him very much. The rash was very bad and he was covered from head to foot. I got no rest day or night with him. It would itch and burn so much that he used to scratch till he used to bring the blood and then it would turn to a matery sore which disfigured him. The worst was his face and arms.

"I tried a good many different salves and soaps but to no use; he got no better. But after a while I thought I would try Cuticura Soap and Ointment and had only used them two or three times when I saw a great change. The sores dried up and came off and he was cured." (Signed) Mrs. George French, May 26, 1913.

For pimples and blackheads the following is a most effective and economical treatment: Gently smear the affected parts with Cuticura Ointment on the end of the finger, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. This treatment is best on rising and retiring. At other times use Cuticura Soap freely for the toilet and bath, to assist in preventing inflammation, irritation and clogging of the pores. Cuticura Soap and Ointment are sold everywhere. **KLARK-URBAN COMPANY**  
The Klark-Urban Company with its brilliant repertoire of New York successes, its galaxy of metropolitan artists, its handsome scenery, elaborate effects and superb mountings, has long ago lapped all rivals and now leads the vanward of popular priced attractions. The company will open a week's engagement at His Majesty's next Monday evening. The opening play will be "Alias Jimmy Valentine" presented for the first time in this city. The story of this successful play, which concerns a bank robber, so gifted that he can open combination locks by the mere sense of touch, but who sticks to his resolve to stay straight on being released from prison that in spite of every obstacle, scarcely needs repetition. It is from the short story by the late O. Henry and dramatized by Paul Armstrong, one of the greatest play writers this country has ever known. The balance of the repertoire will be "The House of a Thousand Candles," "Deep Purple," "Girls," "The Gambler's" and "The House That Jack Built." Each play will be produced with all special scenery and electrical effects the same as the original productions. High class vaudeville will be introduced between the acts at every performance.

## THE ONLOOKER COMMENTS

### A Better as Well as a Bigger City

The Sherbrooke Board of Trade, at its recent annual meeting, gave consideration not only to reports of its past work but to plans for the future as well, and a sort of "B.B." programme was evolved; that is, a programme which involved serious effort, not for a "Bigger" city alone, but for a "Better" city as well. It seemed to be the opinion that this organization of 350 business men of the city could render valuable services along the lines of city improvement.

Sherbrooke has grown somewhat in advance of its internal improvements. The City Council is face to face with large undertakings on behalf of improved sanitation, of street paving, of ornamental street lighting. The Council, by preliminary steps already taken, have recognized the necessity of action in this connection. It is felt that an organization of citizens can be of great service in furthering these progressive projects, and that the Board of Trade office may very aptly lend its services to collecting illuminating information upon these subjects.

In the matters referred to, Sherbrooke is undoubtedly behind cities of similar size and natural advantages on this continent. The discussion at the recent meeting seemed to point to active work by the Board on behalf of these important and necessary improvements.

Alderman Jencks, chairman of the City Finance Committee, who was present, spoke with approval of such programme as being in line of work in which the Board could render great service.

A definite programme of city improvement is absolutely necessary if Sherbrooke is to maintain a place among up-to-date cities. In co-operation, the City Council and Board of Trade can carry such a programme through to early accomplishment.

Then there is the housing problem, which is perhaps even more difficult of handling, though none the less important. Unless something is done to bring about more rapid expansion of the residential districts, increasing population will simply mean overcrowding and the development of slum conditions. Sherbrooke needs hundreds of new homes for the families of its workmen—homes, comfortable, sanitary, but economically built, that they may be available at moderate rental, or better still, that they may be available for purchase on equitable terms, without provision for middlemen's profits. The problem here involved is difficult. Other cities, however, have solved it. The Board of Trade may well devote its time to the study of this most important question, ascertain the solutions arrived at by other towns, and conditions as they actually exist in Sherbrooke. No more important item can be included in the Board's programme for the year than this.

The Board will no doubt continue its industrial expansion work as heretofore. This is already well organized and has brought results.

The time has come, however, for serious attention to certain internal problems.

"A Better as well as a Bigger Sherbrooke" ought to be quite as popular a slogan as that of three years ago, when "Do it for Sherbrooke" was the battle-cry.

### Returning to the Old Homes

Reports from all the provinces of Eastern Canada tell of the return of former residents to the provinces of their birth. They are coming both from the West and from the South.

During the past year quite a number of former Eastern Townships families have again established themselves in this section.

The Lower Provinces are feeling the beneficent effect of this home-ward trend. The superintendent of agriculture at St. John told last week of one New Brunswick farmer who sold out and went West several years ago, but who returned and

bought back his old farm, paying \$700 more than he sold it for; and of another man who is still in the West and who has written to ask if he can get his old farm back again.

Present conditions throughout Canada should be carefully noted by Eastern farmers. While there has been constant improvement in agricultural conditions here, the collapse or temporary suspension of the boom in the new provinces has resulted in serious difficulties for those who were not firmly established.

A survey of the situation brings to light nothing to induce an Eastern Townships farmer to pull up stakes and try his luck elsewhere.

The "home is good enough for me" idea has something more than sentiment to back it.

### City And Street Railway

The strained relations between the City Council and Sherbrooke Railway & Power Company are developing. The action taken by the City Council to compel the Company to carry out its contract is still in court. The Company takes no steps to resist the action, but now notifies the City that it will be obliged to suspend operations unless the franchise is revised.

The Company suggests an independent expert to examine the property, the books of the Company, and report, said report to form the basis of negotiations for a revised contract.

The City replies by asking the Company to submit a statement of the revision of contract it desires. The Company should comply with the City's request and make a full and frank statement of its grievances, of the "impossible" clauses of the contract, and of the exact nature of the revision it desires.

The general public would like to hear the Company's side of the case stated fully.

There has been a feeling among the citizens that the Council's attitude towards the Street Railway Company, with its large investment in Sherbrooke, has not been free from fault. It has, also, appeared that the officials of the Company, in their relations with the City authorities, have shown a want of tact.

There is no doubt that the citizens of Sherbrooke want the street railway and have no desire to impose unreasonable conditions, even though they may be written in the contract. The Company is seeking revision. Let it state its case fully.

## The Last Half Inch of a GRIT CIGAR

is as sweet as a nut, because it is made from the selected leaves for 25c. clear-Havana Cigars.

We have a contract with the best Clear Havana factory for the output from their Cuban Cigar-makers tables.

The Clear Havana smoker will be greatly surprised with the fine bouquet, the aromatic flavor and the fine taste of a GRIT 5c. Cigar.

We wrap this mild filler with a high grade, tasteless, thin light wrapper, just to please the eye, because the outside color of the Cigar never determines the strength.

ENCOURAGEMENT.  
A gang of laborers was employed digging a mysterious ditch across the street. It was a sewer or a place to put a gas-pipe or something. One man in particular was working as if he were a chorus-man in a play, just going through the motions and pretending to dig a ditch. The foreman came along and spoke to him. "Don't be afraid," he said, with rich sarcasm. "Lean on th' shovel now an' thin. If it breaks I'll pay for it!"

ST. PATRICKS WON AGAIN

Made Strong Finish Against Montreal Catholic High School

KENALTY STARRER FOR ST. PATRICKS-VISITORS WILL BE ENTERTAINED

In one of the fastest junior games of hockey played at the Stadium this season the St. Patrick's school hockey team defeated the Catholic High School of Montreal, by a score of 8 to 5. A large crowd was present and play was fast and exciting from start to finish. Three twenty minute periods were played. St. Pats, with the score 4 to 3 against them won out in the last twenty minutes, scoring five goals to their opponents' one.

In the first period St. Pats assumed the lead, McAllister scoring after nine minutes of play. Hebert two minutes later scored one on a clever piece of stick handling. High School came back strong, J. O'Shaughnessy scoring on a long shot. Davis tied the score two minutes later. The period ended with no further scoring.

High School took the lead one minute after the start of the second period, H. O'Shaughnessy netting the rubber. Later Davis added another. St. Pats became the aggressors and McAllister after five minutes of play beat the puck in from a scrimmage. Play now became even, both defenses giving the forwards no chance to score.

The last period provided excitement for the spectators. St. Pats played Kenalty and he played a brilliant game, scoring three of the five goals scored. He tied the score after five minutes play, going through the visitors' defence unassisted. Two minutes later he put his team in the lead on a rebound off Hebert's shot. O. Hawkins added another.

O'Shaughnessy scored for the High School with one of his long shots. McAllister scored from a scrimmage, and was followed by Kenalty, who scored on an individual rush. High School were contented to shoot from away out, making no attempt to attempt to pass the St. Pats' defence. Every man on the St. Pats team put up a good game, while O'Shaughnessy brothers, Davis and Gagnon were the pick of the visitors.

The teams lined-up as follows: St. Patrick's High School

Danville, Feb. 7.-(Special)-A very close and exciting game of hockey was played on the Danville rink last evening, in which the home boys succeeded in defeating the fast Mitchell team by a score of 4 to 2.

The game started from the first in a fast style. Both teams seemed to be in perfect condition and the play throughout was fast, as well as very exciting to the onlookers. At half time the score was 3 to 0 in favor of the home team, but the visitors during the second half succeeded in scoring two to Danville's one.

WANDERERS WON IN COATICOOK

Richmond, Feb. 7.-(Special)-The Richmond Wanderers went to Coaticook on Wednesday night to play the High School team there in a league hockey match. The Wanderers won by a score of 3 to 3, and were entertained to a supper after the match. No casualties reported.

GAME AT EAST ANGUS.

East Angus, Feb. 7.-(Special)-At East Angus on Thursday the Jacques Cartier team of Sherbrooke played the East Angus team with six men a side. This was the first time the six man game was tried in East Angus, but the fans don't care for it. The score at half time was 3 to 0 in favor of East Angus, but the Sherbrooke boys came back strong and soon evened the score. They seemed to be in better condition than the Angus six. Westgate and Planche showed up well for Angus, while L'Heureux of the Jacques Cartiers showed some speed and ability to dodge. The Angus boys defeated the strong Band team and

You'd Pay a High Price for "Certainty"-Why Not Pay a Reasonable Price for a Reasonable Probability?

If you were guaranteed that ten insertions of a classified "ad" would find a buyer for your real estate, at a fair price, you'd be willing to pay the highest advertising rate for these ten insertions ever paid anywhere for like publicity-wouldn't you?

You can't pay CERTAINLY in classified advertising. Life, business, bothersome problems, would be too simple to be interesting-if you could pay a result at a stipulated price.

But in using classified advertising as your "salesman" for real estate, you are as near to "certainty" as results as you can possibly get.
