Forty-Second Year.

Peru-Ecuador Border Again Trouble Zone

Ecuador's Frontier Army Sharpened Its Defences Today in Wake of New Incident in 107 Year Old Territorial Dispute With Peru—Troops Ordered to Refrain From Violence But Defend Themselves With Characteristic Valor.

Quito, Ecuador, June 3.—(AP)—Ecuador's frontier army sharpened its defences today in the wake of a new incident of violence in the country's 107-year-old territorial dispute with Peru.

Two Ecuadorian soldiers were reported killed and a lieutenant wounded yesterday in a clash with three Peruvian gunboats, along the river Aguarico in the northeastern portion of a vast jungle claimed by both countries.

The Ministry of Defence at once ordered troops to refrain from retaliatory aggression, but to "defend themselves with all their characteristic valor."

It was ascertained reliably that Peruvian troops were concentrating at Tumbes, near the frontier and close to the Ecuadorian Pacific coast.

The Defence Ministry order charged that Peru, once the centre of Spanish power in South America, was "trampling on Ecuador in an unjustifiable way," and instructed Major Abelardo Aguirre, chief of the military garrison at Rocafuerte: "In no case permit any aggression by our troops, but if they are attacked they must defend themselves with all their characteristic valor."

Ecuador and Peru have been at odds over sovereignty over a vast area of jungle, approximately the size of New York State, since Ecuador established her independence in 1831.

The territory, sweeping eastward from the Pacific Andes into the continent, is inhabited chiefly by Indians. There are no roads and few white men have penetrated the thick forests.

MONTREAL GAZETTE MARKS ANNIVERSARY

Montreal, June 3.—The Gazette, Montreal's first newspaper and one of the oldest on the continent, celebrated its 160th birthday today. A special edition reviewed its long history from the time of its founding, June 3, 1778, by Fleury Mesplet.

Articles in the special edition recount that the newspaper grew out of a plan of Benjamin Franklin for a medium through which he hoped to convert the French in Canada to the cause of the rebellious American colonists. He abandoned the idea after receiving a cool reception here, and Mesplet, the printer, went on with the publication.

VETERAN OF 107 YEARS TO ATTEND REUNION

St. Petersburg, Fla., June 3.—(AP)—Old soldier Charles W. Eldridge said today he would celebrate his 107th birthday June 29 by attending the annual encampment of the Grand Army of the Republic at Gettysburg, Pa. Wounded five times during the Civil War in battles against the Confederates, Eldridge said otherwise he'd never had "an ache or pain" except an attack of pneumonia when he was just ninety-seven.

Still Convinced United States To Enter Period Of Great Prosperity

Back-to-the-Land Movement Holds Hope for Bringing About "Greatest Era of Prosperity and Happiness We Have Ever Known" Declares Henry Ford.

Detroit, June 3.—(AP)—In his first statement on public affairs since he returned home from a recent eastern trip that took him to Washington as a White House visitor, Henry Ford said in an interview today that nothing has happened in recent weeks to change his conviction that "we are going to have the greatest era of prosperity and happiness we have ever known."

Ford said he had a bench in the meadow of a boys' farm camp, not far from his home in Dearborn, and pointing toward the nearly 300 acres under cultivation by the young farmers, said: "And it will come through a back-to-the-land movement."

Ford reiterated his criticism of "certain financial interests" in the United States which, he said, would like to bring about another war.

NO MARTYRDOM IN STORE FOR SUDETEN CHIEF

Czech Government Expected to Dismiss High Treason Charge Taken Out Against Konrad Henlein.

Praha, Czechoslovakia, June 3.—(AP)—The Czechoslovak Government has no intention of making a "martyr" of Konrad Henlein, authoritative Czechs exclaimed today as they voiced a uniform conviction the charge of high treason against the Sudeten German party leader would be spiked.

The charge of treason was brought before the state's Attorney yesterday by Vlastislav Klima, Czech National Union Party Member of Parliament, who cited an interview with Henlein by Ward Price, London Daily Mail correspondent.

Price's account quoted Henlein as forecasting a "ruinous war" unless Czechoslovak-Sudeten German differences were settled in a few months.

Czechs explained that Deputy Klima belongs to a Radical wing of the Czechs National Union Party which suffered a severe setback in recent communal elections.

Sudeten German party officials also laughed off the action as a "belated April Fool joke."

They, as well as Government officials, regarded Klima's action as an effort to bolster his party.

Circles close to the Government said it would be absurd to start proceedings against Henlein, since the strength of his party must be considered.

They added that the Government was determined to avoid further aggravation of Czechoslovak-Sudeten German tension.

NIGHT FLYING OVER OLD LONDON BANNED

London, June 3.—Civil air-traffic operators have been warned against joyflying over London at night, or in fact flying within twenty miles of Westminster Bridge between sunset and two a.m. at altitudes between 3,000 and 11,000 feet.

A ban against night flying over London between those altitudes has been issued by the Air Ministry after it received reports of near collisions between civil machines and unlighted Royal Air Force planes engaged in manoeuvres.

NEW SOUTH AFRICAN MINISTER NAMED

Pretoria, South Africa, June 3.—(C.P.Havas)—Prime Minister J. B. M. Hertzog today approved H. A. Fagan, a prominent lawyer, Minister of Native Affairs, succeeding P. G. W. Grobler, who resigned Wednesday.

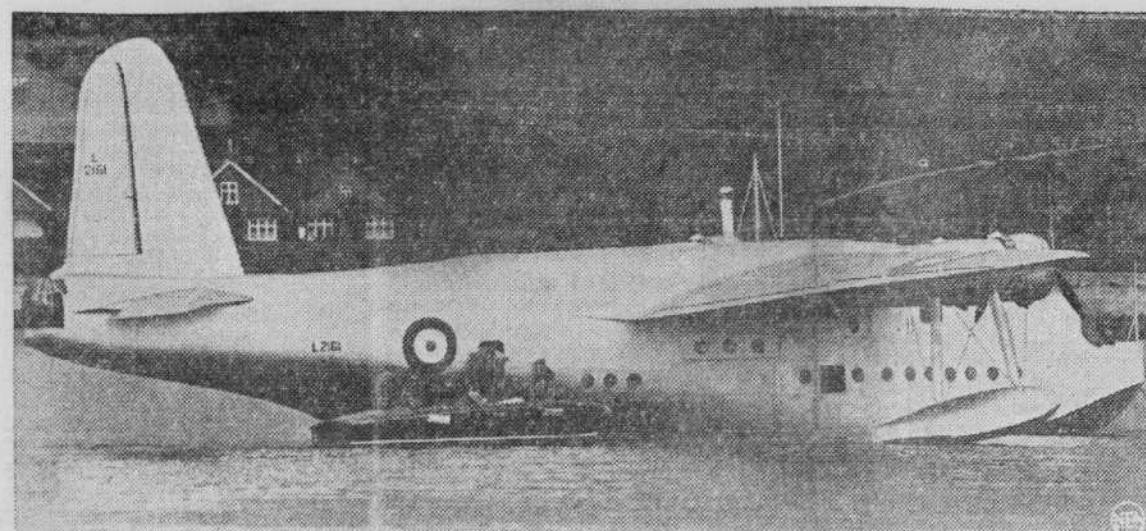

ABUNDANT RAINFALL EASED CHICOUTIMI FIRE SITUATION

Chicoutimi, Que., June 3.—Abundant overnight rain drenched tinder-dry forests in the Lake St. John district today and eased the labors of six hundred weary firefighters combating bush fires in various localities.

Fires still marched through the woods, but the situation was considerably improved and danger to several communities was considered past. Crews of fire fighters remained on the job, however, though they had the fires pretty much under control.

focus the spotlight of twenty-five persons who handle the nation's finances, the world's real war was well advanced.

BRITAIN'S FLYING DRAGON HAS STING IN ITS TAIL

Carrying a deadly "sting" in its tail in the form of a naval-type revolving gun turret, the "Sunderland," Great Britain's newest aerial battleship is pictured above, being readied for her trial flight over the Medway at Rochester, England. First military flying boat to be so equipped, the "flying dragon" is capable of making 3,000-mile trips carrying guns and bombs, will shortly take off on a demonstration flight to Singapore carrying a crew of six.

JAPANESE BOMBING PLANES KILL MANY IN CANTON

Hong Kong, June 3.—(AP)—Japanese bombing planes killed fifty persons in a Canton textile factory today and caused a great loss of life among houseboat dwellers along the Canton river.

The factory was crowded with workers when two bombs struck the building.

NEWFOUNDLAND PAPER MILL IN BRITISH HANDS

Bowater's Paper Mills of London Purchases Entire Common Stock of International Paper of Newfoundland.

London, June 3.—Control of Newfoundland's greatest newspaper development has shifted from the United States to England. The big industry operated by International Paper and Paper Company of Newfoundland was in the hands of Bowater's Paper Mills, Limited, of London, today through outright purchase of common stock.

Negotiations that concluded yesterday will involve the transfer of \$5,500,000 for the entire 700,000 share capital of the Newfoundland concern's common stock. It had been held by Canadian International Paper Company, a subsidiary of New York's International Paper Company.

The deal, in the making for months, gives Bowater's a huge mill at Corner Brook with a daily capacity of 550 tons of newsprint, a barking plant and a 156-horsepower hydro-electric development at Newfoundland's Deer Lake. The company under transfer also owns a number of paper-carrying steamships and other incidental properties.

Timber resources controlled by the firm consist of 1,700 square miles, and another 5,600 square miles are under Crown licence, for a total estimated stand of 13,500,000 cords of pulpwood. Negotiations are underway for acquisition of further timber stands.

In going into British hands, control of the industry at the mouth of the Humber River reverts to the country where it originated. The mill was built with English capital before the United States concern took it over as part of its network that stretches through the Eastern United States, Quebec Province and the Canadian Maritimes.

Yesterday's transaction, announced simultaneously in London and New York, did not affect other outstanding securities of the Newfoundland firm. The balance sheet as of December 31 shows funded debt, consisting of gold bonds and mortgage debenture stock, at \$24,883,000, in addition to preference shares amounting to \$10,088,000.

Previous to bargaining for the eleven-year-old Newfoundland company, the Bowater's firm made an effort four years ago to acquire a hand in a Canadian newspaper concern. It was one of a group of British financial interests that offered to underwrite \$5,000,000 in a reorganization plan for Price Brothers, Limited, of Quebec, then in bankruptcy.

The plan fell through when preferred shareholders vetoed it after common stock owners and unsecured creditors had voted for it. Price Brothers subsequently was reorganized.

MOTHER OF IRISH TENOR DIES Dublin, June 3.—(AP)—Mrs. Hannah McCormack, mother of the Irish tenor, John McCormack, died yesterday at her home in Monkstown, County Dublin.

LOST \$1,700 PLAYING SOLITAIRE

Oakland, Calif., June 3.—(AP)—William Bauman reported to police today he lost \$1,700 playing solitaire. He was alone with the \$1,700 and a deck of cards in a room over his tavern when a gunman entered. The robber left Bauman the deck of cards.

NEWFOUNDLAND FAILS TO CUT PUBLIC DEBTS

No Part of \$9,328,000 Spent by Commission Government Used for Sinking Fund Purposes, British Commons Told.

London, June 3.—(C.P. Havas)—No part of the \$9,328,000 spent by the Newfoundland Commission of Government in the nine months ending March 31st was applied to sinking fund, Lord Stanley, Secretary for the Dominions, told the House of Commons today.

Asked by Arthur Creech Jones, Labor, whether the Government was in a position to give figures on the income and expenditure of the Newfoundland Government during the ten months ended April 30th, and how much of the money spent was applied to the sinking fund for repayment of the public debt, Lord Stanley replied:

"The returns for April are not yet available, but the figures for the nine months ending on the 31st of March were as follows: Revenue \$9,036,000 and expenditure \$9,328,000. No part of the expenditure was applied to the sinking fund in respect of Newfoundland guaranteed stock, the first payment of which, amounting to \$75,000 sterling (\$890,000) does not become due until the first of July next."

Mr. Jones also asked what was the estimated total cost of air bases for trans-Atlantic air services which are being constructed in Newfoundland, and what percentage of this cost was being borne by the Newfoundland Government.

"I regret that no final estimate is yet available," Lord Stanley replied. "It has been arranged that one-sixth of the cost, excluding provision for wireless facilities, should be borne on the budget of Newfoundland, which will own and control the air bases when they are completed."

RETIRED FARMER RECEIVES B.A. DEGREE

Montreal, June 3.—(AP)—James Stevenson Cushing, sixty year old farmer who left the ploughshare three years ago to attend Sir George Williams College, affiliate of the Young Men's Christian Association, last night received his Bachelor of Arts degree at commencement exercises. He hopes to become a journalist or teacher.

Federal Government Planning Large Scale Housing Project

Expenditure of \$50,000,000 on Low Scale Housing Schemes to Be Undertaken by Government, Minister of Agriculture Announces During Saskatchewan Election Campaign—Money Obtainable at Maximum Cost of Two and a Half Per Cent.

Regina, June 3.—(AP)—Hon. J. G. Gardiner, Federal Agriculture Minister, said in the Saskatchewan election campaign last night \$50,000,000 will be proposed by the Dominion Government at the present House of Commons session to provide for an urban and rural low cost housing scheme throughout Canada.

In a speech at Esterhazy in Saskatchewan riding Mr. Gardiner said \$20,000,000 would be voted for low cost housing in rural areas and \$30,000,000 in urban areas. This would be in addition to the \$30,000,000 for self-liquidating municipal works announced in Ottawa Wednesday.

Under the housing plan it would be possible for farmers to obtain loans at an interest rate not exceeding two and one-half per cent instead of five per cent as required under present schemes. The plan would not only benefit farmers but carpenters, artisans and trades people who would obtain employment.

Premier William Aberhart of Alberta charged in a speech at Saskatoon amalgamation of Canadian National and Canadian Pacific railways would turn many Saskatchewan towns and cities into ghost towns. He urged support for the forty-one Social Credit candidates in the June 8 provincial election.

URGE IMPROVED CONDITIONS OF WEST INDIANS

London Paper Demands that British Government Extend Sugar Preference to Allow Wage Increases in Jamaica and Other Islands.

London, June 3.—(C.P. Havas)—Disorders in Jamaica are to be explained by "a woeful tale of lost opportunities," the Daily Telegraph (Conservative) declared today.

The newspaper agreed with the Marquess of Dufferin, Under-Secretary for the Colonies, who told the House of Lords last night an increase in the price of sugar would be the most immediate solution for Jamaica's problems.

"From available evidence," the editorial said, "the conclusion appears to be that a great deal is amiss with social and economic conditions in Jamaica. Nor is Jamaica the only seat of unrest in the British West Indies. The Commission which reported on Trinidad described a state of affairs which could only be regarded as a serious reproach to the British Imperial administration."

"The main source of trouble is the failure to exploit the natural resources of these marvellously fertile islands. In Jamaica especially there is a woeful tale to tell of lost opportunities."

"An increase in sugar preference sufficient to provide a living wage for our fellow subjects in our sugar islands is overdue, and it is to be hoped that the resolution in this sense just tabled by a group of Conservative Members of Parliament will receive the attention it merits."

"The time has arrived when it is incumbent upon Britain not merely to rely upon the good offices of a commission of conciliation such as has just been set up in Jamaica, but to apply herself earnestly to the task of redressing the more fundamental cause of West Indian discontent."

NEW JAPANESE WAR MINISTER NAMED

Tokyo, June 3.—(C.P. Havas)—The appointment of Lieut. General Seishiro Itagaki, Minister of War, was finally announced today along with the appointment of the outgoing Minister, General Hajime Sugiyama, to the Supreme War Council. Itagaki's appointment completes changes made in the cabinet last week when he placed five key cabinet posts in the hands of three generals and two admirals.

COULD COUNTS HEAVY DAMAGE AS DAM BREAKS

Bridge Swept Away and Mill Badly Damaged When Dam Owned by Brompton Pulp and Paper Company Went Out Early Today.

Gould, June 3.—With a bridge swept away and a mill badly damaged, this district today counted severe losses resulting from flood-high waters which surged out of McGill Lake when a small wooden dam owned by the Brompton Pulp and Paper Company gave way under the pressure of the tons of water behind it.

Left hanging by one corner when the water released by the dam closed in on it, the bridge spans Moffatt Brook, on the Sherbrooke-Beauceville highway, Route 28. The structure was approximately thirty feet in length.

Logs brought down when the dam crumpled piled high against the sides of the W. J. Duffy mill near here. The mill yard was covered with water, as were the lowlands in the vicinity.

Depth of the water immediately behind the dam was from six to eight feet. The dam, which went out about five o'clock this morning, was erected about three years ago.

NEAR DROWNING IS AVERTED BY WATERLOO MEN

Nine-Year-Old St. Cesaire Lad Rescued from the Yamaska River—Thirty Minutes of Artificial Respiration Required.

Waterloo, June 3.—Two men of this town were today credited with having averted what would have been the second drowning fatality of the season here when they saved the life of nine year old Gerard Desmarais, St. Cesaire lad, who toppled into the Yamaska River while fishing with a group of playmates.

Joseph Paquette, an employee of the Southern Canada Power Company, was on his way home to lunch yesterday when he noticed a number of boys on the bank of the river frantically motioning for help. Rushing to the river's edge, Paquette saw a fishing pole floating on the surface of the water, a tiny hand clinging to it.

Speedily removing his outer garment, Paquette dove into the river and stroked to the spot where the hand was visible. He removed the half-drowned youngster to the shore, where artificial respiration was given by a Mr. Letroy, recent arrival in Waterloo whose first name could not be obtained.

After thirty minutes of constant efforts, the boy showed signs of life. Dr. J. A. Laroche, who was called, administered stimulants and the boy was removed to the home of Mr. and Mrs. Armand Cassavant, an uncle and aunt with whom he had been visiting. The lad had sunk beneath the surface for the third time before Paquette reached the scene. The spot where the boy fell in was above the dam, where the water is approximately ten feet deep.

On May 1st the two year old son of Mr. and Mrs. Harold Seguin, of Waterloo, lost his life when he fell into the Yamaska River here.

ROSEMOUNT CHILDREN WANDERED TO VERDUN

Montreal, June 3.—Missing from their Rosemount home since Wednesday morning when they left ostensibly to go to school, Kenneth and Gladys Cooper, nine and seven-year-old children of Harrison Cooper, were found wandering in Verdun late last night, thirty-six hours later.

Tired and smudged with dirt having spent a night under a balcony, the youngsters were found by a police officer. They had gone without food for a day and a half. Gladys and her older brother tearfully told their father, who had accompanied the detective on an all-day search. Taken to the nearby home of an aunt, they were bathed and given milk and food.

A third child, Russell Healy, seven years old, who disappeared with the Cooper youngsters, was located early yesterday.

LARGE BRITISH PLANE Hong Kong, June 3.—(AP)—An Imperial Airways mail plane caught fire today just before a take-off for Bangkok. Three Europeans and two Chinese aboard crawled to safety through an emergency exit, but one of the Chinese broke a leg in a fall from the wing. The mail was not damaged.

Saskatchewan. Social Credit's only achievement, he said, was distortion of blocs of votes hitchhiking supporting Liberalism in the province.

Troop Withdrawals Seen As Preliminary Wedge To Settle Spanish Conflict

Non-Intervention Committee's Plan Expected to Result in Temporary Truce Which Might Form Basis of Lasting Peace—Observers See Compromise Government Emerging from Struggle Which Has Rent Spain for Over Two Years.

DEATH CLOSES LONG CAREER OF GOVERNOR

Sir Edward Brandis Denham, Governor of Jamaica, to Be Buried at Sea in Accordance With Long Standing Wish.

Kingston, Jamaica, June 3.—(C.P. Cable)—Sir Edward Brandis Denham, Governor of this British West Indies Islands since 1934, will be buried at sea today—as he had wished to be should he die while Governor of this colony.

He died yesterday after only a few days illness. He entered hospital Tuesday for an operation for a stomach ailment. The operation at first seemed successful, but a toxic condition gradually overcame him and he was unconscious more than twelve hours before his death.

Born in England sixty-two years ago, he enjoyed an almost spectacular career in the colonial service. After graduation from Merton College, Oxford, he became a cadet in the Ceylon Civil Service and then held in succession the offices of Principal Assistant Colonial Secretary, Government agent for the Eastern Province, Director of Education and Director of Food Production in Ceylon.

From 1920-23 he was Colonial Secretary of Mauritius and held the same post in Kenya the following five years. He then became Governor of Gambia and, two years after, of British Guiana.

The closing days of his life were clouded by labor troubles in Jamaica. Strikes of longshoremen, municipal workers and sugar and banana estate employees rent the island and while deprecating the violence that accompanied them, the Governor admitted poverty that in some cases amounted to destitution was the lot of the majority of the workers.

One of his last official acts was appointment of a conciliation board to enquire into the strikes and remedy the existing conditions.

He was to have sailed for England June 1.

Burial was expected to be from the British cruiser Ajax, summoned by himself from Bermuda when the sick broke out in Kingston and other parts of this island last week.

London, June 3.—(AP)—The militant wing of Great Britain's Social Credit movement last night changed its usual tactics of throwing leaflets in the House of Commons to throwing bricks at 10 Downing Street.

A man who is alleged to have thrown at or near the Prime Minister's residence a brick bearing the slogan "Social Credit is the only remedy" was arrested.

BRITAIN EXTENDS PAID VACATIONS

London, June 3.—(AP)—(Havas)—Hope Parliament will approve a bill providing for paid vacations for a large section of British workers was expressed in the House of Commons yesterday by Ernest Brown, Minister of Labor.

A bill, incorporating recommendations of a special committee, and providing for paid vacations for commercial and industrial workers, but not domestic workers, will be presented in collaboration with the Secretary of State for Scotland and the Ministry of Agriculture, he said.

CHARGE GOVERNMENT FAILED TO MEET PROMISES TO REMEDY UNEMPLOYMENT

Conservative Leader Claims Government Has Unduly Delayed in Introducing Legislation to Cope with Problem of Public Works and Direct Relief.

Ottawa, June 3.—(AP)—A display of old-time political oratory from Opposition Leader Bennett who scored the Government for delay in bringing down even "the first installment" of its policy on employment, featured debate in the House of Commons on the bill providing works loans for municipalities which finally was passed.

Mr. Bennett yesterday recalled the attitude of Liberals, when in Opposition, to the last Government's efforts to deal with unemployment, and charged that after four months of the present session the only employment measure produced depended for its effectiveness on provincial legislation.

Finance Minister Dunning, sponsoring the bill to provide loans to municipalities up to \$30,000,000 to be spent on "self-liquidating" projects, said it was hoped the measure could be so amended that no enablement.

Paris, June 3.—(AP)—The Non-Intervention Committee's plans to withdraw foreign volunteers in Spain was seen today as a possible wedge to introduce mediation into the civil war.

A Spanish Government spokesman admitted yesterday the "possibility" of Anglo-French mediation in the struggle if plans to withdraw the foreign fighters prove successful.

It was believed in London and Paris, however, that troop withdrawals would be impossible without a halt in the fighting, since a census of the foreign fighters would have to be taken in order to make proportionate withdrawals from each side.

The Spanish Government spokesman said mediation efforts would be "logical" since "you can't expect to drag men out of the front line trenches."

Sources close to the French Foreign Office thought if a truce once were effected to count the foreign volunteers it might then be possible to mediate between the factions and perhaps set up a compromise government.

The Spanish Government spokesman's statement was made shortly after Jose Aguirre, former President of the Basque Republic in Northern Spain, had hinted at mediation developments within five or six days.

He left here for Belgium, where in the past, according to reports, meetings have occurred between representatives of the Spanish Government and Insurgents.

LOYALIST DEFENCE LINES ARE BROKEN

Hendaye, June 3.—(AP)—Insurgents declared today they had broken the Spanish Government's stubborn defence line west of Albacete, opening the way for attacks from three directions on the coastal highway reaching south to Valencia.

Despite tenacious Government resistance, General Miguel Aranda's Galicians captured the mountain positions of Villar de Canes and Torre de Embesora, establishing a semi-circle of three miles radius about Albacete. Both positions are west and south of the beleaguered town.

Albacete has been the stronghold to the west of Alcala de Chaves which has defied efforts of Insurgents to advance southward to Valencia since they cut Government Spain in two April 15th with the capture of Vinaros.

The fall of Albacete, which Insurgents are claimed to have taken on April 20th, would probably mean a collapse of the entire Government coastal line and give Insurgents two broad highways down which to hammer Valencia—the coastal highway and the Tuduel-Valencia road.

Minister of Labor. A bill, incorporating recommendations of a special committee, and providing for paid vacations for commercial and industrial workers, but not domestic workers, will be presented in collaboration with the Secretary of State for Scotland and the Ministry of Agriculture, he said.

TRADE IN YOUR OLD TIRES

U.S. INTERESTS IN CONTROL OF REFINING FIRM

Revamped Board of Directors
Today Directs Destinies of
McColl-Frontenac Oil Com-
pany Following Bitter Proxy
Battle.

Montreal, June 3.—(P)—A re-
vamped board of directors guided
the \$10,000,000 McColl-Frontenac
Oil Company today at the end of
a financial struggle in Canada and
the United States for control of the
big refining concern.

Ousting all but three members of
the old board, shareholders climaxed
a six-hour meeting last night
by electing a new directorate that
promptly chose J. A. Wales, of
Montreal, as new president in suc-
cession to John Irwin, another
Montrealer.

Upsetting of the Company control
came as the culmination of a
proxy fight that was brought into
the open a few weeks ago when the
disclosure that Texas Corporation
of the United States had picked
up about thirty-five per cent. of the
stock in McColl-Frontenac, one of
the largest Canadian oil companies
with about five hundred outlets from
coast to coast.

Canadian interests fought to block
the Texas group's attempt at domi-
nation. Their moves, after efforts
to gather up proxies throughout
Canada, wound up with an eleven-
hour court appeal yesterday for an
eleventh hour injunction to halt the
meeting. The injunction was refused.

The injunction had been sought
by Nesbitt, Thompson and Company,
fiscal agents for McColl-Frontenac,
and J. Strachan Aird, a shareholder.
At the meeting subsequently, a re-
presentative of Nesbitt, Thompson
protested some of the procedure but
without result.

Before this meeting a small group
of shareholders had met and elected
a board of directors that included
most of the old directorate. The
larger meeting, under old President
Irwin, took no cognizance of the
previous session.

When it came to a vote on the
new slate, it was elected without
opposing votes. A total of \$50,738
shares of stock were voted represent-
ing about \$6,500,000 at current
market prices.

Only three of the old directorate
to be retained in the new slate were
Wales, H. H. Bradburn, of Winni-
peg, and J. M. Pritchard, of Mont-
real. The other two were subse-
quently elected vice-presidents,
along with Air Vice Marshal W. A.
Bishop, of Montreal, and C. P. Tom-
linson, of Hartford, Conn., a new
director.

Bishop, Canada's greatest flying
ace during the war, had been on the
old board of directors, but he was
not voted onto the new directorate.

Charge Government Failed To Meet Promises To Remedy Unemployment

Continued from Page 1.
ing provincial legislation would
be required. He had previously said
some special sessions of Provincial
Legislatures might be needed to
pass enabling legislation.

The afternoon session was almost
entirely devoted to discussion of the
loan bill and the evening was oc-
cupied with consideration of the
estimates for the National Revenue
Department, with all the items pass-
ing.

Revenue Minister Hiley told ques-
tioners eight law suits were pending
for recovery of income and other
taxes as a result of the Royal Com-
mission Textile inquiry, with \$1-
000,000 involved. He said effective
measures had been taken to avoid
income tax evasion and there was
very little of it in Canada.

Mr. Dunning had occasion several
times during the debate on the loans
bill to reiterate that it was not to
be considered the Government's an-
swer to the unemployment problem.
He intimated there would be addi-
tional measures.

Debate on the general question of
unemployment was forestalled when
Mr. Dunning interrupted Hon. H. H.
Stevens (Reconstruction, Kootenay
East) as he was about to discuss the
situation of transient unemployed.

Mr. Stevens ended his remarks
by once declared the bill, which he
was disposed to support, was no
solution to the problem.

Mr. Bennett observed that it was
now June and the House had been in
session since January. It was the
function of a Government to come
to Parliament with policies on
major problems and unemployment
had been described by the Prime
Minister as one of the greatest prob-

RELIEF PLANS MEETING WITH FURTHER DELAY

Lengthy Debate on Contro-
versial Amendments Pre-
vented Vote on Roosevelt
Proposals Before Adjourn-
ment Last Evening.

Washington, June 3.—(P)—The
United States Senate fight over the
administration's \$3,222,000,000 relief
bill went into an extra round today.

Although administration forces
had confidently expected a final vote
last night, Senators took so much
time discussing controversial amend-
ments that leaders left the debate
unfinished and recessed shortly after
eleven p.m., E.D.T.

They had just won—by two votes
—a battle against an amendment by
Senator Hatch (Democrat, New Mex-
ico), to restrict political activities of
Works Progress Administration em-
ployees. Anti-administration Demo-
crats and Republicans lined up for
the proposal, but Democratic Leader
Barkley, of Kentucky, rallied thirty-
nine votes against it to thirty-seven
for.

ABDUCTORS OF YOUNGSTER AT LARGE TODAY

Few, if Any, Tell-Tale Blunders
Left by the Abductors Who
Stole Five-Year-Old Boy
from Bed Five Days Ago.

Princeton, Fla., June 3.—(P)—
The kidnappers of James Bailey
Cash, Jr., remained at large today
while authorities are hundreds of
volunteer searchers bent every ef-
fort to uncover a trail already
grown cold.

More than five days ago the five
year old youngster was snatched
from his bed by abductors who ap-
parently made few, if any, tell-tale
blunders.

Federal Bureau of Investigation
agents headed by their chief, J. Edgar
Hoover, questioned a growing
number of persons, but indications
they had uncovered any likely leads
were lacking.

James Bailey Cash, Sr., left his
home today for the first time in
three days, accompanied by two fed-
eral agents and sped away in an
automobile, giving rise to specula-
tion that a trace had been found of
his son.

The trio returned to the Cash
home after halting an hour, making no
comment. It was learned they vis-
ited a rock pit where a negro woman
pointed out a burlap bag con-
taining something decomposed
which proved to be the body of a dog.

CHINESE ARMY WEAKENS UNDER HEAVY ATTACKS

Chinese High Command Ad-
mits Situation Becoming
Critical as Forces Suffer
from Lack of Heavy Munitions.

Shanghai, June 3.—(P)—China's
army appeared to be weakening
again today before continuous ar-
tillery and aviation attacks on the
Central China front, where Japane-
se are driving toward Kaifeng and
Chengchow preparatory to a giant
offensive south along the Tientsin-
Pukow railway against Hankow,
China's provisional capital.

Chinese reports from Hankow ad-
mitted the situation was becoming
critical at Lanfeng, station along
the Lunghai railway and a key city
in the Chengchow drive.

Foreign military observers re-
ported evidence that the Chinese
were running short of heavy munitions,
having lost a considerable
amount in the fall of Suchow.

Heavy Japanese artillery was en-
placed against Chinese entrench-
ments around Lanfeng today, and
Japanese occupation of that city
appeared imminent.

No one yet has been able to prove
or disprove conclusively the oft-
heard statement that young snakes
sometimes seek shelter in their moth-
ers' mouths.

lems in Canada. If this policy had
existed at the start it should have
been made known earlier.

"Now we find this Government,
on the second day of June, introduc-
ing what the Minister of Labor (Mr.
Rogers) described the other day as
the policy of the Government to deal
with unemployment.

"If this Government had this
policy, as it should have had, when
the House met, why did they let the
legislatures of the nine provinces
prorogue without being advised of it?

"Is it any wonder the people ask
what is the matter with Parlia-
ment? And then, when the mountain
labors and brings forth a mouse,
what have we? Why did they not
bring down a policy that does not
necessitate the legislatures meet-
ing?"

Loans to the Provinces must be
secured by municipal debentures
guaranteed by the Provinces and
Mr. Bennett maintained Provincial
Legislatures would have to legis-
late to that end.

TEN KILLED IN PENNSYLVANIA MINING BLAST

Barrier of Debris and Deadly
Gas Holds Secret as to
Cause of Second Major
Disaster of Recent Weeks
in Anthracite Fields.

Seranton, Pa., June 3.—(P)—A
barrier of debris and deadly gas
held the secret today of an explo-
sion which killed ten miners in the
Eastern Pennsylvania anthracite
field's second major disaster in two
months.

State mine inspectors who donned
gas masks and went with rescue
squads 700 feet beneath the earth's
surface to remove bodies and bring
out six injured said the exact cause
of the blast yesterday might not be
determined for several days.

Wives and children of the miners
—with several hundred townsfolk
—stood silent or sobbing at the
mouth of the slope of the red
ash vein of the Volpe Coal Company
as dead and injured were brought
to the surface.

The dead are:
Alex Glasko and John Clark,
both of Moosic; John Kovaleski,
Martin Wocniak, Adam Mark, Gus
Posdzich, John Phillips, Michael
Guzzy and John Lokuta, all of Du-
pont; and Sam Adonizio, of Huches-
town.

Seriously injured were John
Waszkiewicz, of Dupont, and Peter
Morgantini, of Pittston. They were
treated at Pittston Hospital for
skull fractures and severe burns.

Others hurt were Warner Peter-
szich, son of Gus, Scamper, Peter-
Wasluk, Wyoming; Patrick Nar-
done, Pittston, and Joseph Lusto,
Dupont.

Lusto was the only one who reach-
ed the surface unaided. Clutching
an injured wrist, he staggered out
of the mouth. His wife, screaming,
darted from the crowd and into his
arms.

State Mine Inspectors Henry R.
Owens, of Seranton, and Harvey
Curry, of Wilkes-Barre, examined a
possibility gas might have seeped in
from abandoned workings nearby.

They said props in the shaft were
wrecked and coal tumbled down into
chambers and gangways. They or-
dered a new ventilating system put
into operation to make safe the
work of clearing out the debris.

Eight men were killed and ten
hurt April 27th by an explosion of
gas in the St. Clair coal mine, near
Pottsville.

Still Convinced United States To Enter Period Of Great Prosperity

Continued from Page 1.
ers would be brought into bold re-
lief."

The motor car manufacturer said
veterans of the Great War would have
an increasing part in shaping the
future of the affairs of the United
States. He charged once more that
some financial interests "seek to
control food prices" and declined to
discuss publication of his call at
the White House.

Ford said there was nothing
about his recent visit to Wall Street
to see J. P. Morgan that was in-
consistent with his opposition to "cer-
tain financial interests."

"There is a constructive and a
destructive Wall Street," he said.
"The House or Morgan represents
the constructive. I have known Mr.
Morgan for many years. He backed
and supported Thomas Edison,
who was also my good friend."

Asserting he was now ready to
swing into volume of production of
his low-cost tractor, Ford explained
again his opposition to the philo-
sophy of limited farm production.
This, he charged, was inspired by
financial interests "to whom profit
means more than human well-being."

"Out of this philosophy of limit-
ing the output of the soil," he said,
"come wars, and if these financiers
had their own way we'd be in a war
now. They want war because they
make money out of such conflict—
out of the human misery that wars
bring."

Veterans of the Great War, he
went on, have a real opportunity for
service in directing the destinies of
the United States. "They are going
to take growing part in directing its
affairs," he said, "just as did the
war veterans following the civil war.
They will elect future Presidents
and Members of Congress. The war
veterans are the really educated
people—educated in the torment that
world conflict brought. They know
the futility, the tragedy of war; they
know what they got out of the
World War and what they may hope
to get out of another such con-
flict."

HOPES STILL HIGH FOR OCCUPANTS OF B. C.

Zeballos, B.C., June 2.—(P)—Ex-
perienced airmen weighed the
chances for survival of Pilot Len
Waagen and three passengers miss-
ing nearly a week on a flight here
from Vancouver and declared there
was still a strong possibility they
would be found alive.

At a conference last night search
plans agreed that if the missing
Ginger Cootie Airways seaplane was
flying at the usual altitude of four
to six thousand feet last Friday, it
could have glided to a safe landing
on one of Vancouver Island's many
lakes if engine trouble set in.

SAVED BY WOMAN
Bristol, England, June 3.—(P)—
While his one-legged father stood
helpless on the river bank, a seven
year old boy was rescued from
drowning by Miss Mary Cowlin-
shaw, twenty-four, who jumped in
fully dressed.

WOULD EXTEND NEWFOUNDLAND CHURCH WORK

Establishment of Separate
Presbytery in Newfound-
land Urged on General As-
sembly of Presbyterian
Church in Canada.

Toronto, June 3.—(P)—Plans for
establishment of a Newfoundland
Presbytery by next year were out-
lined before the sixty-fourth annual
Assembly of the Presbyterian
Church in Canada were by Rev.
James McNeill of St. John's, Nfld.

If the Assembly granted the ap-
peal of Queen's Road Congrega-
tional Church, St. John's, to be con-
stituted a congregation of the church,
there will be three congregations in that
Dominion. Mr. McNeill told the
meeting of commissioners last
night. Work of the church in the
Island would be helped greatly by
setting up a presbytery, he said.

Inviting the new moderator, Dr.
Donald MacOdrum, of Brockville,
Ont., to visit Newfoundland, Mr. Mc-
Neill remarked the Dominion is little
known or understood in that
Dominion. He said it is "a land which ought to
flow with milk and honey but for
the mismanagements of man, all
down her history."

He cited Newfoundland's great
natural resources. We have the
largest iron ore mine in the British
Empire," he said. "Yet Great Brit-
ain, who keeps us in poverty, goes
to Spain and Scandinavia for her
ore."

Never in all his life had he seen
such poverty as could be seen with-
in a stone's throw of St. John's main
streets. In spite of the moderate
climate, there was a great incidence
of tuberculosis.

"There are twenty thousand knock
cases in the island out of a popula-
tion of 290,000," he said, "and I don't
dare guess how many unknown. The
Commission Government and the
churches are doing all humanly pos-
sible to alleviate conditions."

Mr. McNeill paid warm tribute to
the qualities of Presbyterians in
Newfoundland. Only one half of one
per cent. of the population are Pres-
byterians yet "these are the people
who are holding the country to-
gether."

He added: "Not one of the
positions of trust, not one of the
important offices, but it is held by a
Presbyterian."

"Newfoundland is in desperate
need, yet we pay our full allocation.
Our blood boils when we find con-
gregations in Canada with no problems
at all failing to meet their alloca-
tions. Do your duty as Canadians.
We, in Newfoundland will help you
but remember that we have our
troubles."

KILTS STOPPED TRAFFIC

Naples, Italy, June 3.—(P)—
Sightseeing with a party of Cam-
eron Highlanders on their way home
from Egypt, a Scottish soldier
wearing kilts was banned from the
streets because the crowds around
him held up traffic.

TAX RATE LOW

Fredericton, June 3.—(P)—The
new tax rate of \$2.78 per \$100 for
was \$2.82.

MANY ATTENDED LAST RITES OF E. T. MINISTER

Rev. H. C. Sutherland, B.D.,
D.D., Paid Final Tribute by
Large Number of Citizens
at Services in Richmond
Church.

Richmond, June 3.—A large and
representative number of Eastern
Townships citizens gathered at
Chalmers' United Church here yester-
day afternoon to pay tribute to a
beloved church leader and educa-
tionalist, Rev. Hugh C. Sutherland,
B.D., D.D., who died suddenly at his
Richmond home on Tuesday even-
ing in his seventy-fifth year.

The wide interests of Dr. Suth-
erland, in which he found the Hand
of God forever at work, were out-
lined by Dr. J. U. Tanner, super-
intendent of Home Missions of the
United Church of Canada, Mont-
real, in his sermon. Dr. Sutherland
had an intimate knowledge of flow-
ers, birds, insects and woods and
his collections of the subjects he
studied were extensive. Talks on
these things of nature, especially
the ones he gave at St. Francis Col-
lege here, were always a source of
inspiration for his listeners.

Proof of Dr. Sutherland's wide
and intimate friendships was to be
found in the large number of mourn-
ers at his funeral. The teachers and
upper grade students of St. Francis
College marched to the church in a
body to pay their tribute.

A delegation of ministers from the
United Church Presbytery attend-
ed the service. The choir of Chal-
mers' Church was augmented by the
Kingsbury and Melbourne Ridge
choirs. A delegation of the Rich-
mond Town Council was present and
the local School Commission was
also in attendance.

The service was conducted by
Rev. Gorley S. Brown, pastor of
Chalmers' United Church, assisted
by Rev. F. R. Matthews, of Len-
noxville, and by Rev. E. W. S.
Coates, pastor of Richmond and
Melbourne United Churches. Dr.
Tanner preached the sermon.

The twenty-third Psalm was sung,
and the hymns were, "The Lord Is
My Shepherd," "Unto the Hills,"
and "When on the Day of Life."

The pall-bearers were Rev. E. M.
Wilson, of Waterloo; Rev. Mr. Mit-
chell, of Knowlton; Charles Stev-
ens, of Kingsbury; T. L. Tanner,
representing the Richmond School
Board; M. McCammon, of Inverness,
and George Crombie, of Montreal.

Rev. Mr. Brown and Rev. Mr.
Matthews officiated at the commit-
tal service in St. Andrew's Cem-
tery, Upper Melbourne.

Dr. Sutherland is survived by his
wife, nee Susie Torrington, of King-
sbury; two daughters by a former
marriage, Mrs. Robert O'Brien, of
Windsor, Ont.; a brother and sister,
Dr. Robert Sutherland and Miss
Mary Sutherland, both of Saska-
toon, Sask.

New Brunswick's capital city gives
Fredericton the lowest tax rate of
any incorporated city in the Mar-
itime Provinces. The rate last year
was \$2.82.

ACCUMULATION OF CAPITAL IS PROGRESS NEED

Conscript Labor Under Social-
ist State Only Alternative to
Accumulation of Capital
Through Savings, Former
Minister Declares.

Ottawa, June 3.—All progress
of the basis of human freedom will
be stayed unless savings for capital
continue to be made, Hon. C. H.
Cahan, former Secretary of State,
said here last night in an address to
the banquet of the Canadian Manu-
facturers' Association.

"Savings can only be continued in
a Socialistic community at the price
of individual liberty," said Mr.
Cahan. "Whenever that price is
paid by the community, its members,
derived of all individual initiative,
are compulsorily conscripted and
compelled to perform the industrial
work of the whole community, as
such work is arbitrarily allotted and
distributed to them. A collective
social system can only be maintained
by the forcible conscription of all
labor."

The manufacturers today will con-
clude their three-day annual meet-
ing. Main business will be the elec-
tion of officers. W. D. Black, Ham-
ilton, was expected to be elected
president.

Many Canadians were possessed
"by the manifest delusion" the Fed-
eral Government could make all its
subjects rich by issuing paper money
backed by the country's natural re-
sources, said Mr. Cahan.

HAMILTON MAN IS PRESIDENT OF MANUFACTURERS

Granby and Rock Island Bus-
inessmen Included Among
New Executive of Canadian
Manufacturers' Associ-
ation.

Ottawa, June 3.—W. D. Black,
Hamilton, Ont., was elected
president of the Canadian Manu-
facturers' Association today at the con-
cluding business session of its an-
nual convention. He succeeds F. C.
Brown, of Vancouver.

Other officers of the unanimi-
ously-adopted slate of the nomination
committee were: First Vice-Presi-
dent, D. R. Turnbull, Halifax; Sec-
ond Vice-President, Harold Crab-
tree, Montreal; Treasurer, T. F.
Monyenny, Toronto.

The executive committee includes:
Quebec: Arthur Cross, A. Neigh-
orn, R. E. Thorne, A. Murphy, J.
D. Johnson, F. McKinley and E. S.
Trudeau, all of Montreal, C. V.
Caesar, Hull, L. J. A. Amyot, A. M.
Enill and G. H. Bridge, all of Que-
bec City, G. E. Nixon, Granby, C. I.
Trotter, St. John's, J. D. Ferguson,

DEATHS

CODERE—The funeral of the late
Gerard Codere, aged 38 years,
husband of Lillian Gagnon, will
be held on Monday June 6th.
Funeral cortege will leave the resi-
dence, 13 Bowen South, at 9:15
for St. Jean Baptiste Church,
where service will be held at 9:30
a.m. Funeral arrangements in
charge of Les Frairs Funeraires,
H. M. Brien, Mgr.

Rock Island.
New Brunswick: N. A. Hesler,
Sackville, A. D. Ganong, St. Ste-
phen.

Nova Scotia: H. G. Connor, Hal-
ifax.
Prince Edward Island: C. L. Mac-
Kay, Charlottetown.

Ten past presidents named to the
Executive Council include: L. W.
Simms, Saint John, and W. H. Miner,
Granby, Que.

BACK TO NIGHTGOWNS
Auckland, N.Z., June 3 — It
isn't that men patients at Auckland
Hospital are going "sissy," but
they're wearing women's night-
gowns, the laundry being unable to
handle the required quantity of py-
jamas.

PROMOTIONS IN POLICE-FIRE DEPARTMENT

Eleven Officers Are Affected By Changes

Promotions Announced Today by Chairman of Police Committee Made Upon Recommendation of Chief of Police H. O. Camirand—Higher Salaries Will Accompany Majority of Cases.

Made upon the recommendation of Chief of Police H. O. Camirand, a number of promotions in the Sherbrooke Police Department and the Sherbrooke Fire Department were announced to newspapermen today. These elevations were decided upon at a meeting of the Police Committee following a report presented by Ald. Alfred Cinq-Mars, chairman of the committee.

Higher salaries will accompany the majority of the promotions. In a few cases appointments made previously were confirmed. Chief Camirand remains in authority over the police and fire departments.

Following are the promotions given in the order in which they were announced:

Sub-chief Joseph Prunier is promoted to director of discipline. Lieut. Percy Donahue, in charge of Station No. 3, is made Captain of the Fire Department.

Lieut. Maurice Lachance is made captain in charge of night service. He was formerly Lieutenant in charge of night service.

Constable Omer Daudelin, who was appointed department sergeant-instructor a few weeks ago, is confirmed in these duties and becomes assistant to Deputy Chief Prunier. Constable Arthur L'Heureux is made sergeant instructor.

Constable Alfred Chamberland becomes sergeant in charge of the aerial ladder truck.

Constable Armand Mathieu is promoted to the rank of sergeant in charge of the pumper truck. Constable Ferdinand Couture is made sergeant in charge of head-

FINAL TRIBUTE WAS PAID TO DR. G. L. HUME

Members of Medical Profession Among Hundreds Who Jammed Trinity United Church at Funeral Services.

Attended by hundreds of persons from all ranks of life throughout the Eastern Townships, funeral services for Dr. George L. Hume were held in Trinity United Church yesterday afternoon following family prayers at the residence on Montreal street.

Rev. Fred Williams, assisted by Rev. Canon H. R. Bigg, officiated at the brief but impressive rites, which were followed by interment in Elmwood Cemetery. Dr. Hume died suddenly at his home on Tuesday afternoon at the age of seventy years.

Members of the medical profession, to which Dr. Hume dedicated his life, were prominent among those who crowded the church in tribute to one beloved and esteemed by all those who had crossed his path during his long years of service to suffering humanity. Included in the assembly were the staff and student nurses of the Sherbrooke Hospital, of which institution Dr. Hume was the Dean. The hospital group was headed by Miss Verna K. Beane, superintendent.

The Imperial Order Daughters of the Empire attended in a body, headed by Mrs. W. E. Loomis, Sherbrooke's Municipal Regent.

Two hymns were sung by the choir of the church, "Abide with Me" and "We Cannot Think of Them As Dead," with Miss Bertha Allen at the organ. Bearers were Frank McCrea, Earle Walley, John Wolfe, Gerald Wiggitt, Alderman Guy Bryant and Dr. G. B. Loomis, all of whom had been intimately associated with the deceased for many years. The bearers were Dr. J. B. Winder, of Lennoxville, Dr. H. D. Bayne, Dr. E. A. Tomkins, Dr. W. W. Lynch, Dr. Fred Bertrand, Dr. M. S. MacDonald, J. P. Watson, Edmund Parker, Col. E. B. Worthington, C.M.G., B.D., L.L.B., Dr. F. H. Bradley, H. O. Palmer, C. J. C. Poirer, of Cookshire, Major A. L. Pomeroy, of Compton, James Johnston, of Waterville, and W. E. Paton.

Floral tributes which covered the casket and the three cars heading the cortege testified to the love and admiration in which Dr. Hume was held by a host of friends, the majority of whom had received his kindly attention at some pain-filled hour. Dr. George Hume, a member of a family long associated with the medical profession and an outstanding figure in the local field, was born in Leeds, Que., on September 8, 1867, a son of William Hume and Alice Jamieson Hume. Following his graduation in medicine from McGill University, he practised for a few years in Compton before coming to Sherbrooke in 1907. He possessed the degree of M.D.C.M. and was a Fellow of the American College of Surgeons. During his life in Sherbrooke he took a keen interest in all municipal affairs and was a member of the Protestant School Board for many years. He was also a Governor of St. George's Club and at the time of his death was a Governor of the Sherbrooke Hospital and a Governor of the College of Surgeons and Physicians of the Province of Quebec. He was a staunch member of the Conservative party and played a prominent part in many electoral campaigns.

Dr. Hume leaves to mourn his wife, nee Elizabeth S. Smith, a native of Leeds; one daughter, Marjorie, wife of General D. C. Draper, of Toronto; two sons, Dr. W. E. Hume and John Polwarth Hume, both of Sherbrooke, and an adopted daughter, Phyllis, wife of Rev. Arthur Perkins, of Leslie, Magdalen Islands.

Among the relatives present at the funeral were General and Mrs. D. C. Draper, of Toronto, Dr. and Mrs. W. E. Hume, Mr. and Mrs. John P. Hume, Rev. and Mrs. Arthur Perkins, of Magdalen Islands, Mrs. J. A. Hutchison, sister of Mrs. George Hume, Mrs. Gordon Hume and a son and daughter, Elizabeth and Mackenzie, niece and nephew, respectively, of the deceased, and five granddaughters, Nancy, Priscilla and Sally, daughters of Dr. W. E. Hume and Mrs. Hume, and Jacqueline and Brenda, daughters of Mr. and Mrs. John P. Hume.

Included in the hundreds who gathered to pay a final tribute to the deceased were Senator R. H. Pope, of Cookshire; Dr. Keith Hutchison, Dr. Bruce Hutchison and Dr. Colin Sutherland, of Montreal; Dr. Eugene Prud'homme, of Montreal, head of the College of Physicians and Surgeons of the Province of Quebec; Dr. J. Kennedy and Dr. J. A. Larocque, of Montreal, both Governors of the College of Physicians and Surgeons of the Province of Quebec; Dr. P. Colquhoun, of Waterville; Dr. E. G. Henry, of Lennoxville; Mr. and Mrs. Eric Swanson, of Waterville, relatives of Mrs. Hume; Rev. Dr. A. H. McGreer, Principal and Vice-Chancellor of Bishop's University; Mayor Marcus Armitage; Stewart Saunders, Bursar of Bishop's University; Mr. and Mrs. R. H. Hibbard, of Cowansville; G. D. Wadsworth, George W. Murphy, Joseph Roy, K.C., H. B. Lovell, T. S. Somers, A. D. Brodie, Lee Watson, W. H. Lynch, K.C., Paul Gilbert, J. K. Flaherty, H. H. Ingram, J. A. McCarty, Joseph Rosenbloom, Gordon Miller, Fred Webster, Harold McConnell, Arthur Letourneau, A. H. Dupuis, E. S. Stevens, D. Rousseau, John Parr.

NEWSY ITEMS

MRS. LOOMIS NAMED COUNCILLOR

Among the twenty-nine councillors named at the 88th annual meeting of the Imperial Order Daughters of the Empire held in Vancouver was Mrs. W. E. Loomis, of this city, Sherbrooke Municipal Regent.

OPEN PROBE INTO INFANT'S DEATH

Eugene St. Pierre, coroner for St. Francis district, opened an investigation this afternoon into the death of a new-born baby found underneath a woodpile in the cellar of a West Ward House, Rose Peron, twenty-six, of Sorel, Que., has been named as a material witness.

GIRL INJURED WHEN STRUCK BY CAR

Struck by a passing car when she ran into the street to recover a ball which had escaped from her as she was playing with a number of other children, Marie-Marthe Lachance, ten, of Magog, received a broken right leg early last evening. She was taken to the St. Vincent de Paul Hospital, where examination revealed that the leg had been broken in two places.

INCREASE RECORDED IN LOCAL BANK CLEARINGS

An increase of \$94,366.27 was recorded in the May bank clearings over the total for the corresponding period of 1937, the past month's figure of \$3,203,515.26 comparing with \$3,109,148.99 last year, according to statistics issued today by the Sherbrooke Clearing House.

The past month's total was also an increase of \$618,007.51 over the clearings of \$2,585,507.75 in the same month of 1936.

Clearings for the past week totalled \$879,118.37 as compared with \$705,837.55 in 1937 and \$643,193.96 in 1936.

LENOXVILLE

Mrs. Henry Downs, Jr., and Master Donald Downs have returned to their home on Clough avenue after spending a few days at Breeches Lake.

Miss Gertrude Gillerand, of Calgary, Alta., was a guest of Mr. and Mrs. Austin H. Scott yesterday at their home on Main street.

Mr. and Mrs. Austin H. Scott, Miss Eleanor Leith and Miss Margaret Ann Forbes left by motor today for Lancaster, N.H., where they will attend a dance recital being given this evening by Ida May Whitcomb and her pupils.

Robert McMurray motored to Quebec City yesterday to attend the graduation exercises of the Jeffrey Hale Hospital in the Ancient Capital. His daughter, Miss Ellen McMurray, was one of the graduating nurses.

Master Leonard Webster left yesterday for Gould, where he will spend the remainder of the summer with his grandmother, Mrs. Sarah Akin.

Messrs. George Bigbee, Alfred Walker and Thomas Kealey, of Sherbrooke, and Thomas Cockburn, of Lennoxville, motored to Montreal on Saturday, to attend the annual reunion of the South African War Veterans.

Rev. and Mrs. William R. Cole and infant son, William Daniel, accompanied by Rev. S. T. Gunther and Mrs. A. Laidlaw, all of Gouverneur, N.Y., have returned home after visiting Rev. Mr. Cole's father, Mr. G. D. Cole, at his home on Belvidere street.

Shenbrooke police officials are highly satisfied with the results of the shooting course given to officers of the local Police Department under the supervision of Sergeant Instructor Omer Daudelin. Both oral and practice examinations were conducted and the marks obtained by the candidates more than exceeded expectations.

In the oral examinations, which consisted of five questions, all of the thirty candidates entered were successful, with no mark falling below seventy-five per cent. The questions answered were as follows:

Give a few advantages concerning the use of revolvers; explain the proper manner of daily cleaning of the revolver; name the parts of the revolver; show the proper method of loading the revolver and explain the approved manner by which the revolver is sighted.

Two of the candidates in the practice examinations qualified as sharpshooters. Sergeant Instructor Daudelin and Cadet C. Gauthier, who became a member of the force but one year ago. Seven others finished in Class One with a percentage of not less than seventy-five, while the remaining twenty-one qualified as Second Class marksmen with percentages ranging from fifty to seventy-five.

Candidates in the shooting examinations were placed twenty-four feet from the target, which was four inches wide. Three shots with each hand were allowed. The marks made in the shooting were considered particularly satisfactory because of the fact that in the majority of towns and cities in the Province of Quebec examinations are conducted with one hand only, the officer shooting with the hand to which he is naturally accustomed.

Early Publication Of Record On Saturdays

The attention of our readers and advertisers is called to the fact that early hours of publication are to be observed on Saturdays.

We go to press earlier on Saturdays for two reasons. First we want our readers to have their Saturday's issue before they leave the city to spend the week-end in the country or at the lake. Secondly we want our employees to have a long week-end so that they, also, may get some enjoyment and relaxation during the warm weather.

The co-operation of our advertisers is earnestly requested. Advertisements for Saturday should be in our office by noon Friday.

GERARD CODERE PASSED AWAY THIS MORNING

Well-Known Local Optician Succumbed to Long Illness Shortly Before Ten O'Clock—Was Thirty-Eight Years of Age.

The death occurred shortly before ten o'clock this morning of Gerard Codere, local optician, who passed away at his home, 13 Bowen avenue south, following a prolonged illness.

Mr. Codere, who was thirty-eight years old, was born in this city, the son of Mrs. J. H. D. Codere, nee Marie-Louise Codere, and the late Mr. Codere. He was educated at the Sacred Heart Brothers' School and the St. Charles Seminary, and followed his course in optometry at Toronto.

Although he had been in declining health for a long time, Mr. Codere's death came as a shock to hosts of friends throughout the city.

He leaves to mourn, his wife, nee Lillian Gagnon; a son, Yvan, of Sherbrooke; two sisters, Mrs. Marguerite Simoneau, of Nicolet, and Miss Jeanne Codere, of Sherbrooke; his father-in-law, George Gagnon; a brother-in-law, Gerard Gagnon; a sister-in-law, Miss Josephine Gagnon, Member of a prominent French-Canadian Sherbrooke family, Mr. Codere was a nephew of L. J. Eugene and L. E. Codere, of this city.

The funeral service will be held at 9:30 o'clock Monday morning at St. Jean Baptist Church, in East Sherbrooke.

Dance Fitch Bay, Sat. Dixie Boys. Communion, St. Patrick's Men's Society, June 5th, 8 a.m.

RAIN PROVIDED PARCHED CROPS NEEDED RELIEF

Light Shower Last Night Welcomed by Eastern Townships Farmers—More Moisture Required in District.

Farmers throughout the district welcomed last night's rainfall which, although very light, being recorded as .04 of an inch by officials of the Lennoxville Experimental Farm, brought needed moisture to lands and crops.

Farming conditions in the Eastern Townships have been generally good this spring as a result of the warm weather and sunshine of the past two weeks, but during the last two or three days the continued heat began to have a detrimental effect on early crops and for this reason the rain was most timely.

More rain is badly needed, however, Experimental Farm experts assert, as there is a danger that the grain and corn crops will be badly damaged if the hot spell continues.

Local residents who are planning trips to summer resorts or a round of golf are assured of fine weather over the coming week-end, since the probabilities are fair and warmer, while baseball games and other sporting events will be able to proceed as scheduled.

TIMBERLANDS RAVAGED BY FIRES

Fires ravaged timberlands today in forest areas of Quebec and Northern New Brunswick, and incendiaryism was suspected in three of the outbreaks in the Maritime Province.

As Royal Canadian Mounted Police probed the suspicious New Brunswick blazes, many French-Canadian residents in Quebec's Chicoutimi district were preparing to evacuate homes in the face of steadily-approaching flames that raged out of control.

Already several dwellings had been wiped out in a two-day conflagration in Chicoutimi County. Livestock had been trapped and destroyed, too, though no humans were known to be in danger.

Six hundred men were fighting the fires in the district, and reinforcements were being rushed in. Efforts were concentrated around the village of St. Gabriel de Ferland, where the flames veered away yesterday after approaching to within two hundred feet of the church as parishioners and their curate prayed in the village street.

New Brunswick's major outbreaks were centred in Restigouche, Madawaska and Gloucester County, stretching across the top of the Province. Several hundred men were at work, and more were on the way with additional equipment.

Officials of the New Brunswick forest service said they believed two fires in Restigouche, one a major outbreak near Kedgwick Village, had been touched off deliberately. The third suspected blaze was near Cyr settlement in Madawaska.

A hundred men were struggling with the big Restigouche fire, on crown land, and forestry officers expected it would be under control today.

Early today, firefighters reported they believed they had gained control of a fire five miles from Moncton that had destroyed more than five thousand young maple trees valued at about \$1,000.

BRITISH MARKET FOR CANADIAN OIL SOUGHT

Calgary, June 3.—(C)—Empire markets for oil from Alberta's Turner Valley field, forty-five miles southwest of Calgary, will be sought by the Petroleum Producers' Association, it is announced by E. W. Kolb, association secretary. He said last night a two-man delegation, yet to be selected, would leave shortly for London to negotiate with the British Government through Hon. Vincent Massey, Canadian Trade Commissioner, for wider markets for Turner Valley oil. It will propose that oil for Empire use and for the British navy be obtained from Turner Valley, Canada's major oil field, and that it be shipped from Vancouver.

Zoning Plan Studied By Commerce Chamber

Would Strictly Regulate Future Construction So as to Preserve City's Attractiveness and Restrict Certain Streets and Areas for Residential Building and Others for Commercial or Industrial Purposes.

A zoning scheme by which future construction would be strictly regulated so as to preserve the city's attractiveness and restrict certain streets and areas for residential building and others for commercial or industrial purposes was discussed last evening by members of the Sherbrooke Chamber who met at the City Hall.

Louis N. Audet, president of the Chamber of Commerce, pointed out that the city is growing rapidly and that the present time is opportune for drawing up rules and regulations covering future building work. He remarked that a special committee has been appointed by the City Council to revise the construction by-laws, and he believed that the work of this committee would to a certain extent provide for certain zones.

Antonin Deslauriers, City Clerk and secretary of the trade association, expressed the opinion that the committee would gladly welcome any suggestion which might be forthcoming from the Chamber of Commerce in connection with the revision of the construction by-laws. He explained that under the new regulations King street west to the limits on the Montreal Road would be restricted to brick-case construction and Montreal street as a residential zone.

W. L. Reford Stewart, vice-president of the Chamber of Commerce, believed that the best procedure to follow would be to obtain a draft of the new by-law as soon as it is available and give it study. "That could be done provided the by-law is not railroaded through as the chain store taxation matter was," one member remarked dryly. It was finally decided that the president and vice-president, the first of whom is an architect and the other a contractor, be named a committee to study the new by-law as soon as a draft of it can be obtained and then make suggestions with the zoning principle chiefly in mind.

Newman Hunter announced that at the next meeting of the Chamber of Commerce he would introduce a resolution urging the City Council to enforce the chain store tax upon outside automotive dealers having agents in this city. He pointed out that local dealers had to meet competition from outside firms who sell to Sherbrooke citizens through agents and keep their stock in Montreal warehouses. His suggestion, he emphasized, was not intended to restrict trade in any manner but merely to enable Sherbrooke merchants to meet this form of competition upon an equal scale.

CAIRN PREPARED Baie Verte, N.B., June 3.—(C)—The Historic Sites and Monuments Board of Canada is preparing to erect a cairn here to the Abbe Le Loutre, French missionary who made Chignecto his headquarters in 1749.

Brighton, England, June 3.—(C)—The royal wine cellar under the Royal Pavilion here, unused for many years, is to be fitted as an air-raid demonstration shelter. About two hundred people could use it in emergency.

Here you will find good food combined with perfect service. In fact, there is everything to make your evening one of thorough enjoyment—an evening well spent!

Arrange a party and drive out to the WHITE HOUSE tomorrow night.

You'll have a splendid time!

IN THE WOMEN'S SPHERE

Good Advice About Constipation!

A doctor would tell you that the best thing to do with any ailment is to get it at its cause. If you're constipated, don't fiddle with makeshift remedies. Find out what's giving you the trouble! Chances are you won't have to look very far. If you eat just the things most people do. Most likely, you don't get enough "bulk". And "bulk" doesn't mean just a lot of food. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If this is what you lack, your ticket is crisp crunchy Kellogg's All-Bran for breakfast. It contains the "bulk" you need plus the intestinal tonic, vitamin B. Eat it every day, drink plenty of water, and join the "regulars"! All-Bran is made by Kellogg in London, Ontario.

SAWYERVILLE'S SUNDAY SCHOOL EXAM RESULTS

Special Prize for St. Phillip's Sunday School Awarded Robert Nugent, Who Obtained Eighty-Five Per Cent.

Sawyerville, June 3.—A report has been received from the Sunday School examiners of the Diocese of Quebec regarding the Sunday School examinations recently held for the pupils of St. Phillip's Sunday School.

The following have qualified for their certificates: Senior grade, second class, Margaret Hodgins, Marjorie Twyman, Shirley Hodgins, Third class, Bruce Hunt, George Dunn, Doris Nugent. In this grade Verlie Kingsley, of St. Matthew's Church, Randolph, also qualified for a third class certificate. Junior grade, first class, Robert Nugent. Second class, Norman Dunn, May Day, Twyman. Third class, Rowland Silverman.

Robert Nugent, who obtained eighty-five per cent, receives the special prize for St. Phillip's Sunday School. His paper, which was considered one of the best in the Diocese of Quebec for his grade, has been forwarded to Toronto to be entered in competition for one of the Dominion prizes for Sunday schools throughout Canada. This attainment is particularly creditable in view of the fact that Robert, owing to distance from Sunday school, has to study his lessons at home.

CHOIR FESTIVAL

The choir of St. Phillip's Mission Hall participated in both the choir festival for choirs of the St. Francis District held in Sherbrooke May 21, and the festival service for Cookshire Deanery held in St. Paul's Church, Bury, on the evening of Ascension Day. Some of the new church music learned for these musical festivals will shortly be used in the services at St. Phillip's Mission Hall.

Beauty Tips

Here is my favorite hand beautifying trick. I massage my hands with a rich tissue cream and leave it on until some of the oils have been absorbed. Then I remove the excess with tissues and pour a little eau de Cologne in the palm of one hand. This I rub over my hands. It takes away the sticky feeling, yet leaves my hands unusually soft and delicately scented.

Do not protest if your operator wants to trim your hair before giving you a new permanent wave. Your wave will be much more satisfactory if all dry, split ends are snipped off before the waving. If you like a coiffure that calls for fairly long hair, you can suggest that he cut the hair as little as possible.

SOCIAL AND PERSONAL

Mrs. Harry E. Grundy and her sister, Miss Mildred Lyster, left this afternoon to spend the week-end in Montreal.

Mrs. John Stone, of Coaticook, announces the engagement of her daughter, Bernadine Falconer, to Mr. Ralph Lyle Hayes, of Sherbrooke, the marriage to take place the end of June in Coaticook.

Mrs. M. L. McFadden, president of the Evening Branch of St. Peter's Women's Auxiliary, entertained the members for their closing meeting of the season on Tuesday evening at her home on Quebec street. After the disposition of all unfinished business, preparatory to adjourning until the autumn, a pleasant social hour was enjoyed and at its close the hostess served delicious refreshments.

Mrs. J. G. Nicholson and Mrs. Stanley H. Gallinger were hostesses at the tea hour yesterday afternoon following a short business session of the Women's Association in Plymouth Church hall. During the latter plans were completed under the presidency of Mrs. J. C. Mead, for the first summer-tea which, through the courtesy of Mrs. Andrea Paton Robinson, will be held at "Rockmount," on June 23rd. Mrs. Andrew Sangster did the honors at the pretty tea table which was attractively done with pink larkspur and baby's breath in a crystal bowl. The same flowers adorned the small tables placed about the hall for the pleasant tea party which concluded the afternoon's gathering. Mrs. F. A. C. Dossie assisted in serving.

You And Your Child

HELP BUILD CHILD'S SELF-ESTEEM

Mary Ann tried to get a better hold on the dish which she was drying, but as usual in such emergencies, an awkward, nervous jerk sent it crashing to the floor. Mother exclaimed, "There goes another dish!" Mary Anne's eyes bulged with fright. This was the fourth dish she had broken in less than two weeks. And if she looked stupid standing there, it was nothing compared to the way she felt. "You're a careless child," mother was saying, "careless and clumsy." Then, "Do something! Get busy and pick up the pieces. I'll finish the dishes. You've done enough damage for one day!"

The girl's carelessness always exasperated mother. She could forgive an occasional accident in a child, but with Mary Ann it had become a habit. Things were always slipping from her hands or being tipped over.

What mother had no inkling of, however, was that the child really had an innate love of neatness and order and tried hard to be careful. The day the spoon flipped out of the jelly dish into Aunt Kate's lap, she had knocked it over accidentally in reaching to put the butter knife back on the dish. Things like this were always happening to her because she had no confidence in her movements.

The mother was to blame for Mary Ann's "butter-fingers." Before you can do anything right, you have to believe that you can. Mary Ann did not have this belief. She had heard herself called "clumsy" and "careless" so much, that although she would have liked to be different, she did not think it was in her power to change. Her mother had never suggested that she could change. She had been too busy finding fault with the child, and giving Mary Ann a poor opinion of herself.

In correcting a child, don't make the mistake of criticizing his person. Instead of saying, "You are careless," say, "That was careless," and be sure to add encouragingly, "I know you can be more careful, if you try."

Evans, Eileen Gall, Patricia Hackett, Gaston Halley, Dawson Illick, Mary Imiah, Gloria Lucas, Grenda Lyon, Marie Martineau, Olon Moore, Maurice Roadley, Raymond Roadley, Stuart Roberts, Bernt Ruediger, Jack Shipman, Tom Smith, Robert Snelling, Selwyn Watkins, Norman West, Harold Whittingham, Mavis Winston.

Grade VI: Betty Gells, Noreen Haney, Fred Robinson, Beverly Ryan, Gerald Sherr, Helen Marie Shipman, Joan Spencer, Ursula Ward, Claire White, John Woodyard.

Grade VII: Norma Bean, Doreen Brozman, Dawna Day, Carmel Gibe, Anne Hammond, Alice Kolbe, Jean Millar, Donald Shipman, Isabelle Shooner, Watson Thomas.

Grade VIII: Mariel Dearborn, Andrew Dulieu, Stewart Frost, Joyce Haney, Charles Illick, Allan McCormick, Neville Peman, Ruth Robinson, Margaret Smyth.

Grade IX: Douglas Brown, James Innes, Robert Kolb, Barbara Miller, Eunice Morton, Albert Shaeffer, Miriam Watkins.

Grade X: Joyce Bedford, Ronald Booth, Phyllis Dearborn, Donald Gauthier, Richard Innes, Ronald Telling.

Discolorations on the inside of aluminum utensils caused by alkaline foods may be removed by boiling a solution of one tablespoon of vinegar to one quart of water in the utensils.

Mr. and Mrs. William Coupland, Court street, left this afternoon for Montreal to attend the funeral of the latter's grandmother, Mrs. H. Stevenson.

Mr. and Mrs. Jay D. Jeslin, Vimy street, left by motor this morning for Burlington, Vt., and will spend the week-end enjoying a short motor trip to various points.

Mr. and Mrs. Lee A. Brownlow, of Meriden, Conn., who arrived here by motor on Tuesday are guests of the latter's aunt, Mrs. H. B. Ross, and Mr. Ross, Drummond Road, and during their stay will visit other relatives and friends in the city.

Dr. Eugene Prud'homme, head of the College of Physicians and Surgeons of the Province of Quebec, Dr. J. Kennedy and Dr. J. A. Larroche, of Montreal, Governors of the College, Dr. Lionel Guerin, of St. John's, also a Governor; Senator R. H. Pope, of Cookshire, Dr. Bruce Hutchison, Dr. Keith Hutchinson and Dr. Colin Sutherland, of Montreal, were in Sherbrooke yesterday attending the last obsequies for Dr. George L. Hume.

Profiles For Today

HELL HAS A MAYOR—NO FOOLIN'

Quite a long time ago I received a postcard from a friend travelling in Europe which said, rather surprisingly, "Greetings from Hell!" After wondering whether the card was made of asbestos and how my friend came to be in durandio via and able to communicate with me, I learned that the card came from a town in Norway called Hell.

Hell, Norway, does a thriving business with its odd name. Tourists go out of their way just to be able to send postcards of the village square back to the folks. The gags are always similar to the one I received.

Being a town, it naturally has a Mayor, and he isn't a very devilish person at all. The Mayor of Hell is Lorentz Stenvig, a gentle, pensive man with no bad habits or vices. The inhabitants of Hell number 1,465 and they don't mind the name of their town because tourists like to buy railroad tickets stamped to "Hell and return" and spend money there.

Incidentally, this Hell business is all over the good burghers' heads, because in Norwegian the word "Hell" means "slope." Hell, Norway, has plenty of slopes and the skiing is grand. Mayor Stenvig is a farmer, gets no salary for his job, has been in office nine years, was recently re-elected and is 55 years old.

The town's main industries are dairy products and timber. There are two dance halls, where on Saturday nights the townfolk gather to wait! No "big apples" or shags, and at 10 p.m. the party's over. The women are good-looking and most of them are blondes. In fact, Hell's belles, you might say.

There isn't any jail. Nobody's even been drunk in Hell for years.

TRENHOLMVILLE SCHOOL PUPILS HELD A PICNIC

Prizes Were Distributed to Children of Brick School, Cleveland District No. 5—Exam Results Announced.

Trenholmville, June 3.—The Brick School, Cleveland District No. 5, closed with a picnic held on the school grounds. Lunch was served at noon to about twenty-five children, who enjoyed ice cream and lemonade. The afternoon was spent in playing games, after which the reports and prizes were given out.

The following are the results of the May examinations with percentages obtained:

Grade VII: Frances Lockwood, taking exams at St. Francis High School; Leonard Knowles 74.8.

Grade VI: Lois Paige 78.1, Lloyd Wintle 70.7.

Grade V: Mavis Parker 64.2.

Grade IV: Lois Lockwood 85.9, Charles Abercrombie 76.9, Raymond Lupien 74.1, Milton Parker 62.6.

Grade III: Norma Knowles 93.1, Alton Paige 80.6, Raymond Parker 77.3.

Grade II: Emile Blanchette 90.1, Roger Blanchette 89, Evelyn Blanchette 85.4, Charles Brook 76.6.

Prizes were awarded to Leonard Knowles, Lois Paige, Mavis Parker, Lois Lockwood, Norma Knowles and Emile Blanchette for highest percentage in their respective grades.

The prize for neatness donated by Spooner Pond Women's Institute was won by Frances Lockwood, the prize for good conduct was won by Leonard Knowles, the award for best attendance by Charles Abercrombie and the teacher's prize by Lloyd Wintle.

All the children were given a small token of remembrance by their teacher, Miss E. W. Gilchrist, who received many lovely gifts from her pupils.

A perforated wooden spoon gives best results for creaming butter.

GROUP HELD A BUSY SESSION AT MARBLETON

Ladies' Guild of St. Paul's Church Met at the Parsonage—Letter of Appreciation to H. G. Weston Authorized.

Marbleton, June 3.—A business session of the Ladies' Guild of St. Paul's Church was held at the parsonage. The meeting was opened by Mr. Walker with the usual Guild prayers, and the business session was conducted by the president, Miss Florence Hunt. Several small bills were ordered paid, some being held over till next meeting.

The president reported that Mr. H. G. Weston had made and installed a sink in the kitchen of the church hall, as a present to the Guild. The secretary, Mrs. C. H. Mann, was asked to send him a letter of thanks as this gift was much appreciated and fill a long-felt need.

The work on the inside of the parsonage was inspected and found to be quite satisfactory. A hearty vote of thanks was extended to Mr. Walker for finishing the painting of the Church, and other work which he had done. The best wishes of the Guild go with him to his new parish of Malbaie, Gaspe, where he will relieve Rev. W. T. Grey for a few weeks, later taking up work in the mission of Leeds.

General Notes.

Mrs. John Stevenson and Mr. George Stevenson, of Lennoxville, Miss Edith Stevenson, of Montreal, Mr. Douglas Stevenson and Mr. Robb Seiveright, of Sherbrooke, were calling on Miss Addie and Miss Bella Stevenson one day last week. Master Robert Westman, of Lime Ridge, spent the week-end in Sherbrooke and was the guest of Master Shannon Hetherington.

Mr. and Mrs. Maurice Weyland and Mrs. James Westman were visitors to Sherbrooke on Saturday. Rev. F. B. Cooke, of Danville, was the guest of Mrs. M. A. Hunt one day last week.

Mr. and Mrs. William Hetherington, of Sherbrooke, were week-end guests at Clear Lake Farm.

Mrs. John Pashley, Miss Kathleen Munkittrick and Mr. N. Munkittrick, of Sherbrooke, were calling at Good Cheer Lodge on Sunday.

Mr. W. E. Bartlett, Miss Dorothy Bartlett and Master Donald Bartlett, of Lewis, spent Empire Day at Groveside Farm and were also calling on their aunt, Mrs. Hunt.

Mr. and Mrs. George Reed, of Albany, N.Y., were recent visitors in the village.

Miss Alice Willard, of Barnston, spent the week-end with her mother, Mrs. K. A. Willard.

Mrs. Howland, of Littleton, N.H., and Mrs. Shallow, of North Haverhill, are spending some time at the guests of their sister, Mrs. Anderson.

Miss Phyllis Bishop, who is attending Bishop's University, Lennoxville, spent the week-end with her parents, Mr. and Mrs. A. W. Bishop.

Mr. Warth Bishop, a student of the Sherbrooke High School, also spent the week-end with his parents.

Mr. and Mrs. Roy Butler and two sons, Bobbie and Donald, of Sherbrooke, were recent guests of Mr. and Mrs. H. G. Weston. Miss Lucy Weston, of Bishton, has also been a guest at the same home.

Mrs. E. O. Weston entertained a number of friends on May 28 in honor of her daughter-in-law, Mrs. Clinton Weston, on the occasion of her birthday. Cards were played at four tables, Mrs. Weston was the recipient of a number of pretty gifts. At the tea hour dainty refreshments were served by the hostess, assisted by Miss O. Lessard.

Mr. W. Walker, B.A., who has been in charge of the Anglican parish, left on May 30 for his home in Montreal for a two weeks' holiday before proceeding to Malbaie on the Gaspe Coast where he will be a supply for a short time.

Mrs. E. J. Westman, of Sherbrooke, is the guest of Mr. and Mrs. B. F. Staples.

Messrs. Merrill and Garth Bishop, of Sherbrooke, were week-end guests of Mr. and Mrs. H. H. Bishop.

Miss Phyllis Porter, who has had a position in Disraeli, has returned to her home here.

Mr. and Mrs. J. Wiswall have opened their summer cottage at Lake Nicolet.

Mr. and Mrs. W. Tewkesbury have secured a position with Mr. and Mrs. F. W. Westman.

Miss Angie Bishop spent a recent week-end in Sherbrooke as a guest of relatives.

Mr. John Staples, who has been quite ill, is much improved in health.

Mrs. James Wiswall and Mrs. Henry Bishop attended a meeting of the Directors of the Wolfe County No. 1 Agricultural Society at Mr. A. B. Skinner's home at Bishton on May 30.

Mr. and Mrs. H. Browning and Mr. and Mrs. Harrison Browning, of Boston, were recent guests of Mr. and Mrs. F. C. Weston.

Mrs. Douglas Brundage, of Sherbrooke, was a recent guest of Mr. and Mrs. Emerson Weston at the Arlington Hotel.

Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

- 1—Is it correct to serve cocktails after a meal?
 - 2—At a large dinner party is it improper to begin eating before everyone at the table has been served?
 - 3—If meat is tender enough to be cut with a fork, is it necessary to use a knife to cut it?
 - 4—Is it necessary to leave a little food on one's plate?
 - 5—Should a hostess wear her hat when she gives a party in a club?
- What would you wear if—
Your husband has only a business suit to wear to a dinner where others are dressing—
(a) A simple evening dress?
(b) A long dress with a high neck and sleeves?
(c) The prettiest daytime dress you possess?

ANSWERS

- 1—No.
 - 2—No.
 - 3—No.
 - 4—No. One may eat it all.
 - 5—Yes, although she might go without it if she lived in the club.
- Best "What Would You Do?" solution (c), although (b) might do.

In selecting dandelions for cooking, pick your plants. Overgrown plants are tough and have a pulp-like texture.

WRITING EXAMINATIONS

New Glasgow, N.S., June 3.—(P)—More than seventy-five young men are candidates in mining examinations being held here by Nova Scotia Government authorities. Examinations are for posts of managers, underground managers, overmen, mine examiners and engineers.

MINOR DECLINE WITNESSED IN EARLY TRADING

Few Issues Exhibited Mild Resistance to Fractional Declines Which Predominated Wall Street this Morning.

New York, June 3.—(P)—Stock market leaders generally crawled into moderately lower territory today.

While a few issues exhibited mild resistance, small fractional declines predominated near the second hour. Offerings were exceptionally meagre, however, and this factor was a main sustaining influence for speculative sentiment.

Inclined to give ground were Bethlehem Steel, General Motors, U. S. Rubber, Sears Roebuck, International Harvester, Consolidated Edison, Westinghouse, General Electric and Chesapeake and Ohio.

A trifle improved were Douglas Aircraft, U. S. Steel, International Nickel and Woolworth. Numerous shares held at their Thursday's closing prices.

Copper futures and the export rate for this metal tilted forward. Major commodities displayed advancing signs. Bonds were mixed.

FOREIGN EXCHANGES

The following rates furnished by the Bank of Montreal are the approximate quotations for transactions between banks at the close of business yesterday:

	New York	Montreal

Country And Dairy Products Prices

Montreal, June 3.—Trading continued active at the Canadian Commodity Exchange. The egg market was easier, with fresh receipts in the city bringing lower levels on top grades, and with small lots to the retail trade likewise reduced by jobbing houses. The butter market also had an easier tone. British buyers are continuing to buy Canadian eggs for prompt shipment, with export inquiry for autumn shipment a little quieter.

Butter sales at the Canadian Commodity Exchange were 200 boxes of Quebec fresh 92 score at 25 1/2 c and 100 at 25 1/4 c, with closing prices posted at 25 1/4 c for Quebec fresh 92 score, 24 1/2 c to 24 1/4 c for Quebec seconds 38 score, and 25 1/2 c for Quebec last week's make. Butter futures closed easier, one-eighth to one-quarter of a cent lower, at 25 1/2 c to 25 1/4 c for June, 25 1/4 c to 25 1/2 c for July, and 26 1/2 c to 26 1/4 c for November. The open spot butter market was generally at the 25 1/2 c level. Small lots to the retail trade were quoted by jobbers at 26 1/2 c for solids and 27 c for prints.

Cheese sales at the Commodity Exchange were 150 boxes of Quebec white at 13 1/2 c, 100 Quebec colored at 13 1/2 c, spot, while to arrive cheese was sold at 200 boxes Quebec white 13 1/2 c and 200 boxes Quebec colored 13 1/2 c. Spot cheese prices were posted at the close at 13 1/2 c bid for Quebec white and colored, while to arrive cheese was 13 1/2 c bid for Quebec white and 13 1/2 c bid for Quebec colored. The open cheese market for No. 1 Ontario was 14 9-16 c to 14 1/2 c.

Offerings were more plentiful on the egg market and graded shipments in used free cases were selling on spot at 25 1/2 c for A-large, 24 c for A-medium, 23 1/2 c for "B" and 21 1/2 c for "C." Offerings at the Commodity Exchange were at 25 1/2 c, 24 c, 23 1/2 c and 21 1/2 c respectively. Small lots to the retail trade in cartons, and one cent less for loose, were quoted by jobbers as follows: A-1 large, 32c; A-1 medium, 30c; A-1 pullets, 27c; A-large, 29c; A-medium, 28c; "B," 26c; "C," 24c.

New potatoes from North Carolina were on the market, selling at \$2.50 per 100 lbs. for No. 2 grade. New potatoes from South Carolina were \$4.50 per bbl. for No. 2, \$3.25 for No. 1 and \$2.50 to \$2.75 for No. 2 per bag, while new Virginia were \$2.50 per 100 lbs. for No. 1 grade. Old potatoes were quoted as follows: P.E. Mountains, 90 lbs., \$1.05; N.B. Mountains, 80 lbs., 90c to \$1.00; cobbles, 85c; Quebec Whites, 75c to 80c, per 80 lbs.

The poultry market was quoted to the retail trade by wholesale jobbing houses as follows: A-grade dressed stock, B-grade being one to two cents per pound less; Turkeys, 27-29c; milked chickens, 29-32c; selected chickens, 26-30c; selected fowl, 20 1/2-25c; selected ducks, 18-21c; Brome Lake ducklings, 26c.

THRUST RAPIERS AFTER "INSULTS"

The duel is ended, but the rancor lingers on. In Paris Edouard Bourdet, lower photo, director of the Comedie Francaise, nurses an arm wound and a grudge after encountering the rapier of Henry Bernstein, top, leading French playwright. The men quarrelled when Bernstein withdrew his play, "Judith," from rehearsal at the Comedie. They refused to be reconciled after the duel.

GOAT RATHER PROFITABLE PARTNER

Noblesville, Ind., June 3.—(P)—Garage man Harry McAvoy doesn't know whether he wants to kill a certain goat—or make him a business partner. McAvoy was still mad at the goat for eating the young sweet corn in his garden when a neighbor drove his car into the garage for repairs. The same goat had eaten part of the top off the automobile.

NEW ZEALAND CONSCRIPTION NOT TO START WITH MAN-POWER

Wellington, June 3.—(CP-Reuters)—Prime Minister Michael Savage yesterday told a deputation from the Defence League that in the event of war conscription in New Zealand would not start with man-power.

He said that in the last war men were conscripted and that while they were dying others were made wealthy. That would not happen again under the Labor Government, he promised.

SWEETSBURG

Mr. Rene Paquette, of Sherbrooke, was a holiday guest of Mr. and Mrs. Damase DeGure.

Mr. and Mrs. George Clark, of Sutton, and Mr. and Mrs. Halton Clark, of Sherbrooke, were among those who visited Mrs. C. M. Hastings at the Brome-Missisquoi-Perkins Hospital.

Mrs. W. G. Miltimore has left for Craik, Sask., to visit her daughter, Mrs. Ralph Mortimer, and family, for a month. She will also visit Mrs. E. S. Miltimore, formerly of this place, at the home of her son, Mr. Edwin Miltimore, and family, at Brantford, Ont.

Mr. and Mrs. Lloyd Ruiter and daughter, Joan, were recent guests of Mr. and Mrs. Maurice Ewing, Mr. Maxwell Miller and Mr. S. Ewing at Kingsbury.

Mr. and Mrs. Hugh Miller spent Sunday at Knowlton with Mrs. T. E. Miller and family and Mr. and Mrs. Owen McLaughlin.

Mr. and Mrs. Eugene Hall were in Knowlton visiting Mrs. Eli Hall, who is quite ill.

Mrs. Minnie Ramsby has returned to Iron Hill after spending about a week at the Brome-Missisquoi-Perkins Hospital with a broken arm.

Mrs. Ed. Currie, of Bedford, was a Sunday guest of Mrs. C. B. Jameson.

Mr. T. H. Robinson, of Three Rivers, spent a week-end at Knowlton with Mrs. T. E. Miller and Mr. and Mrs. A. C. Mizener.

Mrs. W. G. Brown, of Cowansville, accompanied, Mrs. M. A. Robinson and Miss Lora Robinson to Brome Centre on Saturday to attend the Brome County Women's Christian Temperance Union convention.

Mr. Thomas Robinson, of Three Rivers, Mrs. M. A. Robinson and daughter were recent guests of Mr. and Mrs. J. R. Robinson and Mr. and Mrs. Earl Laurie at Granby.

Miss Mabel Petherley, Provincial Young People's Bible secretary, of Montreal, was a week-end guest of Mrs. H. L. Hastings at Altamont Farm.

DEMERS

I have just received 2 carloads of good horses from Alberta and these will be sold at my stables, 9 King St. Monday, June 6th, 1 p.m. D.S.T. A real team of blue roan geldings, well matched, 3 good mares in foal, 4 three year old mares and 4 four year old mares. Rest of horses right out of work. All these horses are gentle, most are not branded, just like Eastern horses. If you need horses don't miss this sale as prices will be right as well as the horses. This is your chance to get your horses for haying. Don't wait—it will pay you to buy now. I will be looking for you at this real sale, 26 mares in lot.

R. M. DEMERS.

THIEVES ROB FORMER HOME OF E.T. WOMAN

Unoccupied Montreal Residence of Mrs. M. Odell, of Cowansville, Entered by Night Prowlers.

Cowansville, June 3.—Mrs. M. Odell visited her former home on Mountain street, Montreal, over the week-end, which has been unoccupied for some time and found that burglars had stripped the house of furniture, carpets, valuable oil paintings, hangings and chinaware. At least two trucks would be necessary to remove all that was taken.

Practically the only things left were a piano and sideboard as even doors were taken off their hinges. The police who went through the house said it was the most thorough case of vandalism they had ever seen.

W.C.T.U. DELEGATES NAMED. Delegates to represent the local Women's Christian Temperance Union at the county convention to be held in Dunham are Mrs. L. H. Stowe and Mrs. L. Lewis.

In the absence of the president, Miss L. Robinson, the vice president, Mrs. Brown, presided at the monthly meeting at which the delegates were named.

The minutes of the last meeting were read by the secretary, Mrs. L. Lewis, and the superintendent of the work, Mrs. N. Steele, reported that twelve well-filled comfort bags were sent to the Sailors' Institute, Montreal. These bags are given to sailors who visit the institute while in port.

The treasurer, Mrs. Stowe, gave her annual report which showed all obligations fulfilled and a substantial balance on hand.

The Scripture lesson was taken from Ezra, chapter 4, verses 1-6, and gave an appealing picture of patriotic zeal, earnest work and deep disappointment parallel to the experience of anyone connected with any reform movement for any length of time.

Prayer was offered on behalf of the Empire and those who govern that they may stand for the right.

General Notes

Mrs. W. Wilshire was a week-end guest of Mr. and Mrs. George Nightingale.

Mr. George Thomas and Miss Viola Mitchell, of Amherst, Mass., were week-end guests of the former's aunt, Mrs. W. H. Smith and Mrs. Clem Cady.

Mr. W. McHaffie, of Verdun, was a week-end guest of his family.

Mr. J. Dion is building a house in the rear of the Geraldine Restaurant on South street.

Miss E. Brown is nursing at the Brome-Missisquoi-Perkins Hospital.

Mr. Norman McCrum, of Montreal, was a recent visitor at his home.

Mr. and Mrs. Ferguson Groundwater, of Cornwall, Ont., were week-end guests of Mr. and Mrs. B. Miner.

The United Church morning service will begin at ten-thirty o'clock instead of eleven and the evening service will be discontinued for the summer months.

Mr. and Mrs. George Moynan, of Lennoxville, and Mr. and Mrs. Raymond Durrell and Mrs. Minnie Durrell, of Foster, were Sunday guests of Mr. and Mrs. L. D. Phelps and Mr. and Mrs. W. D. Smith.

Mrs. Anna Lewis, who has spent the past two weeks at the home of her son, Lloyd Lewis, returned to her home in Warden on Saturday, her eighty-fifth birthday. Congratulations are extended to Mrs. Lewis, who is remarkably active in spite of her years.

Mrs. Clem Cady and Mrs. L. Lewis attended the Women's Auxiliary meeting at Swetsburg.

Miss L. Daniel has returned from a visit with Mrs. Hillhouse at Ayer's Cliff.

The formal opening of the Golf Club was held on Saturday. Over a hundred members and visitors were present and the ladies' branch, under the convenship of Mrs. M. B. Ruiter, served afternoon tea.

The infant daughter of Mr. and Mrs. Stanley Peron of Swetsburg, received the rite of baptism at the United Church Sunday evening, May 29. The name given was Grace Lella. Rev. S. W. Boyd officiated.

Mrs. J. Riggs, of Pembroke, Ont., is spending a few days here as the guest of Miss Alice Draper.

Mr. and Mrs. J. E. G. Barretto and Miss Eunice Harvey were guests of Mr. and Mrs. Gordon Peron, Swetsburg.

Mrs. Mellor, of Montreal, was a week-end guest of Mr. and Mrs. L. D. Phelps and Mr. and Mrs. W. D. Smith.

Much sympathy is felt for Reginald Miner, fifteen year old son of Mr. and Mrs. Bruce Miner, who was severely burned about the face and hands while destroying caterpillar nests on Saturday last.

Mrs. H. Tessier and Miss Mary Hackett, R.N., were guests here Saturday afternoon.

Mrs. Howard Taber, who has been very ill all winter at the home of

her daughter, Mrs. McCutcheon, West Brome, is now visiting her daughter, Mrs. H. Hastings, and family.

Mr. and Mrs. N. J. Scott, Mr. and Mrs. Criley and Mr. and Mrs. Wilfred G. Taber, of Hartford, Conn., were week-end guests of Mr. and Mrs. H. Hastings and Mr. and Mrs. H. Hastings.

The members of Women's Association are working on a quilt in the United Church parlors.

Mr. Loisele and family are moving from 128 William street to East Farnham.

Mr. Earl White, of Mansonville, was a Sunday guest of Carl Cotton. Mr. White attended High School here and has just finished his second year at McGill University. He plans to take up the study of medicine.

Mrs. W. U. Cotton attended the christening of her grand-nephew, son of Mr. and Mrs. Leslie Collins, at East Farnham.

Mrs. T. Aubrey McIninch, daughter of George and son, Ralph, of Manchester, N.H., were recent guests in town. Mrs. McIninch is the daughter of the late Mr. and Mrs. Eli Ruiter, and this was her first visit to her former home in twenty-six years.

Mr. Nelson Ingalls has purchased the residence of Mr. William Shufeldt at Swetsburg, and will take possession in about a month.

Miss Darlene Sweet, who underwent an operation at the Brome-Missisquoi-Perkins Hospital, is recuperating at the home of Mrs. Harold Brown, River street.

Mr. George Barker, Mr. Albert Rollet and Mr. Homer Ruiter motored to Toronto and were accompanied home by Mrs. G. Barker and daughter, who had spent a month visiting relatives in Toronto and Windsor. While in Kingston they called on Mr. and Mrs. Clayton McCormick.

Mr. Paul Norris is a patient in the Brome-Missisquoi-Perkins Hospital.

Mr. J. H. Brault has purchased the residence of Mr. Roy on St. Marie street and will take possession on July 1.

Mr. H. M. Larose, 222 Ste. Therese street, passed away on Wednesday, June 1, after a few days' illness.

Rev. W. P. R. Lewis, of Lachine, is spending a week at "The Hedger's" Church street.

Mr. Sam Criss has returned from a trip to New York.

Mr. Alex Taylor has purchased a building lot on Church street and is planning to build there in the near future.

Mrs. J. McClure spent a week-end in Bedford with her daughter, Mrs. Fulford.

FRANCE REFUSES TO ACT AGAINST SPIES

Cherbourg, France, June 3.—(AP)—French police made no effort to detain Werner Gudenberg, wanted in New York as a witness in the United States Government's investigation of activities of foreign spies, when he arrived here aboard the liner Hamburg.

A French police agent accompanied the American consul aboard the liner to see the captain and establish Gudenberg's presence. The captain declared Gudenberg would be handed over to German police as a spy who had been on the liner at Hamburg, its home port.

her daughter, Mrs. McCutcheon, West Brome, is now visiting her daughter, Mrs. H. Hastings, and family.

Mr. and Mrs. N. J. Scott, Mr. and Mrs. Criley and Mr. and Mrs. Wilfred G. Taber, of Hartford, Conn., were week-end guests of Mr. and Mrs. H. Hastings and Mr. and Mrs. H. Hastings.

The members of Women's Association are working on a quilt in the United Church parlors.

Mr. Loisele and family are moving from 128 William street to East Farnham.

Mr. Earl White, of Mansonville, was a Sunday guest of Carl Cotton. Mr. White attended High School here and has just finished his second year at McGill University. He plans to take up the study of medicine.

Mrs. W. U. Cotton attended the christening of her grand-nephew, son of Mr. and Mrs. Leslie Collins, at East Farnham.

Mrs. T. Aubrey McIninch, daughter of George and son, Ralph, of Manchester, N.H., were recent guests in town. Mrs. McIninch is the daughter of the late Mr. and Mrs. Eli Ruiter, and this was her first visit to her former home in twenty-six years.

Mr. Nelson Ingalls has purchased the residence of Mr. William Shufeldt at Swetsburg, and will take possession in about a month.

Miss Darlene Sweet, who underwent an operation at the Brome-Missisquoi-Perkins Hospital, is recuperating at the home of Mrs. Harold Brown, River street.

Mr. George Barker, Mr. Albert Rollet and Mr. Homer Ruiter motored to Toronto and were accompanied home by Mrs. G. Barker and daughter, who had spent a month visiting relatives in Toronto and Windsor. While in Kingston they called on Mr. and Mrs. Clayton McCormick.

Mr. Paul Norris is a patient in the Brome-Missisquoi-Perkins Hospital.

Mr. J. H. Brault has purchased the residence of Mr. Roy on St. Marie street and will take possession on July 1.

Mr. H. M. Larose, 222 Ste. Therese street, passed away on Wednesday, June 1, after a few days' illness.

Rev. W. P. R. Lewis, of Lachine, is spending a week at "The Hedger's" Church street.

Mr. Sam Criss has returned from a trip to New York.

Mr. Alex Taylor has purchased a building lot on Church street and is planning to build there in the near future.

Mrs. J. McClure spent a week-end in Bedford with her daughter, Mrs. Fulford.

BEEBE

The remains of Mrs. Legie, a former resident of this place, were brought here from Springfield, Mass., for burial in Monday.

Mrs. Minerva Cass, who has spent the last two months at the home of her brother, Mr. L. O. Cass, is visiting her sister, Mrs. A. P. Davis in Griffin before returning to her home in Magog.

Mrs. James Maltman is suffering from a sprained ankle.

WHAT HAS HAPPENED SO FAR
Forced to land in Kansas while trying for a new transcontinental air record, Jim Lane finds himself immediately drawn to the girl who renders first aid. Ann Barton. He drives her in to Wichita to meet his mechanic, Gunner Sloane. But when they return to her farm Ann admits she is engaged, and introduces them to her fiancé, Joe.

Copyright 1938 by Loew's, Inc.
Chapter Four
Jim's first reaction was one of utter amazement. He couldn't bring himself to believe that Ann had promised to marry this ingenious young country farmer. Of course, he was a likeable chap, but... Then suddenly another feeling swept over him, and he knew the truth. He was in love! He, Jim Lane, who never looked at the same girl twice, if he could help it, had fallen in love in a single day. In less than twenty-four hours!

But they had made their declaration now, and it was too late. There was nothing to do but to retire gracefully from the field of battle before any skirmish had taken place. Jim got control of himself. He pointed toward the moon.

"Listen, if anyone said around this joint that was the sun shining now, I'd begin to believe 'em. It's screwy here!"

Ann laughed lightly. "The Prince is puzzled," she said.

Joe seemed amused. "What do you call him the Prince for?"

"Isn't he?" Ann's voice took on a slightly hysterical note. "They used to ride white horses over some hill. Now they don't waste that much time. They fly to you! The

I was getting sick of hoping. . . . It was wearing me down. So now I'm going to be a farmer's wife and a good one." She was speaking bitterly now, and she rose. "I'm sick of talking like this, too! I'm sick! What are you sitting there for, talking like an ape! Don't you know you're sick, too!"

Jim had no answer to make. He was amazed at her display of concealed emotion.

"Why don't you explode?" she cried. "We both ought to explode, just like a bomb! Then there'd be nothing left!"

Then she broke completely, sobbing aloud. Jim started at her, not fully understanding, but full of pity. Gently he took her into his arms. Her mouth was close to his face.

"You're here, it's you," she sobbed. "And I won't long any more. Here's Ann. Here she is. Your girl. Look at me! The moon is in my eyes! It's inside me!"

He stared. Then he swept her into his arms and kissed her passionately. For a long moment, she clung to him, then reeled back.

"We're just making believe, aren't we?" Another game with the Prince! Well, why don't you laugh at me? It's just a game!"

"I don't like games!" Jim said furiously.

She was half crying now, and half laughing. Jim seemed to be making up his mind. "No, I don't like to fool!" he said, shaking her shoulder. "I don't like to laugh! And I don't like you!"

He stopped shaking her. Infuriated by what had occurred, he stared for a moment. She was calmer now, but speechless with pain.

The next moment he had detached himself and whirled into the house. She stood there alone, swaying.

said wildly.
"What did I forget?" she sobbed.
"You forgot me!" she sobbed happily.

HEATHTON

Mrs. P. L. Ellis, who has been spending some months at Cookshire,

is visiting at the home of her brother, Mr. F. C. Humphrey, and Mrs. Humphrey, previous to going to her own home for the summer. The Heathton W.A. met at the home of Mrs. J. D. Smith. In the absence of the president, the meeting was in the hands of the first vice-president, Miss Esther Ewing. Devotional exercises were conducted by the pastor of the United

Church, Rev. Mr. Baugh. Minutes were read by Mrs. E. A. Davis in the absence of the secretary-treasurer, Mrs. Ellis. Papers were read by Mrs. George Bullis and Mrs. F. C. Humphrey in connection with the Wesley anniversary. Mrs. C. M. Bean entertained her grandson, Mr. Ralph Bean, of Melrose, Mass.

Mr. and Mrs. Charles Keefe entertained Mr. and Mrs. Richard Belknap over Sunday. A Sunday School has been organized to be held in the Heathton Church during the summer every Sunday at two o'clock, D.S.T., with service at three p.m. Col. and Mrs. B. B. Morrill and Mr. Howard Humphrey, of Sherbrooke, were Sunday guests of Mr. and Mrs. F. C. Humphrey.

Architectural CONCRETE

CARTIERE

For UNUSUAL EFFECTS at MODERATE COST

Canada now shows many fine examples of the architectural scope afforded by Concrete. Period and other beautiful and unusual treatments, in all their detail, are readily and economically executed with this flexible material. Concrete is permanent as well and reduces the fire-hazard. It is easy to handle and permits speedy construction schedules. Specify concrete for all types of buildings, from cottage to skyscraper.

"Undue Fatigue" Charge Against Housewife

(Before Mr. Justice Kruschen)

MOTHER-IN-LAW'S EVIDENCE

COUNSEL: Do you know the prisoner?

WITNESS: Yes, I do. The lazy...

JUDGE (sternly): Do not be abusive.

COUNSEL: Why do you consider her fatigue unreasonable? The best of us get tired sometimes, you know.

WITNESS: Yes, we do when we've done a good day's work. But she is tired before she begins. Yawning through breakfast, neglecting her home.

JUDGE: As an experienced woman, what advice did you give to this young girl to help her prevent fatigue?

WITNESS: My advice to her is to do a good day's work occasionally.

JUDGE: How can she do that if she is unwell? Didn't you advise her to take Kruschen Salts?

PRISONER (excitedly): My lord, she advised me not to. I wanted to take Kruschen.

JUDGE: W-H-A-T!

WITNESS: I don't believe in these...

JUDGE: Take that woman out of court.

Prisoner, though you have clearly been neglecting your health, I do not think that it was through your own fault. You realized the need for Kruschen, so I dismiss the charge against you.

PRISONER: Oh, thank you! JUDGE: But I warn you: Do not miss the "little daily dose" in future. I shall expect to hear no more about yawning at breakfast—or at supper either. Otherwise the consequences will be very serious indeed.

PRISONER: I shall start Kruschen tomorrow, my lord.

JUDGE: Very good. When girls like you get married they often give up outdoor sports and spend much too much time indoors, cooking and managing the home. The need for Kruschen is never stronger. The little daily dose helps keep you as fit and young looking as you were at school when you spent half the day playing tennis and hockey.

PRISONER: Oh, I am so glad to hear you say that, my lord.

KRUSCHEN SALTS

relieve constipation and rheumatism

Kruschen is a combination of several mineral salts which your body must get, in some way, to keep the blood pure, the inside clean, and the system generally toned up, but which you can't get in Nature's own way without abundant exercise and fresh air. You should have those salts every day; hence the importance of the "little daily dose". Every drug counter sells Kruschen in 25c, 45c and 75c bottles. It's the little daily dose that does it.

only trouble is, they never knew it!"

Joe hesitated, not understanding. He turned to Jim. "Do you know what she means?" he asked.

"No," the other replied.

Joe's amusement increased. "I don't, either," he confessed.

"When she gets this way, Mr. Lane, I just let her go on."

Ann rose abruptly. "Now kiss me good-night, Joe. I'm tired," she said.

"Right!" Joe stood up and extended a hand to Jim. "Good-night, Mr. Lane, and good-bye!"

Briskly, Joe went down the steps and into his car. Ann stood looking after him, while Jim left his chair and stood by her side. Then, with a roar, Joe's car started and he was gone from sight. The sound of the car grew fainter and at last it was no longer heard. For a while the two on the porch were silent.

"He's a nice fellow," Jim said at last.

"Did anyone ever nickname you 'nice'?" she demanded.

"No. Why?"

Her mouth was set in a grim line. "It seems to be your favorite word," she explained. She sat down on the top step and Jim followed suit.

"He's still a nice fellow," he said.

"And you think I'm a nice choice?"

"Sure. It's... all right."

"What's all right about it?"

He didn't reply for a few seconds. Then he said: "You're a flip girl. . . a wisecracker, aren't you?"

"Not by choice."

"What do you mean?" Jim asked.

Suddenly she turned toward him. "It's my protection against the pain in the moon!" she cried. "Savvy? That awful pain!"

Restlessly, she rose again and seated herself on the porch rail. Jim went back to his chair. "I don't get you," he said slowly.

She looked at him for a long time. "You're charming," she said finally.

Jim sneered. "Yeh—"

She interrupted him. "You turn your head like a big bear . . . and just gaze. And it looks like you were making up your mind whether you'd jump at anybody or not . . . and then you just decide not to. It's very charming."

There was no reply, and she continued. "You've got me watching for it. And you've got me thinking of things to say to make you do it. . . Look, let me show you."

She stared straight ahead. Then she turned her head abruptly, just as Jim might. And she laughed.

Jim watched her grimly. "You're the nuttiest dame I ever met!" he exclaimed.

She stopped laughing, at that. "I won't be, now. I've lost hope . . . and now the moon will shine on the farm . . . for Joe and me." She paused. "And I'm grateful to you, for bringing me peace."

ing a bit uncertainly, crying softly.

Early the next morning the plane was ship-shape, ready to take off. A mower, drawn by a team of horses, had cut a wide swath to serve as a runway. Ann sat alone on a rail fence watching the Gunner, in the cockpit, give the motor a final tuning-up. Jim stood near the ship, adjusting his flying suit. From the sidelines Mr. Barton and a group of neighbors were watching.

As Jim was about to climb in the plane he turned and walked over to Ann. She summoned a smile and they looked curiously at each other.

"Well," he said, "give my regards to Joe."

"What'll I tell him?" Ann said, trying to keep control of herself.

"You don't need anybody to talk for you."

He turned back to the plane. "And give my love to the Wichita team!" he called back.

Gunner dismounted, while Jim climbed into his seat and opened the throttle. Waving good-bye, he was off. The plane proceeded smoothly down the makeshift runway. Then it rose and winged on its way toward the east.

Ann was crying softly, but as Gunner approached she dried her eyes. "Well, he got away all right," she said, trying to smile.

"Yeh."

"When do you go?"

"Right away. Your father's driving me to Wichita."

Suddenly she started to sob. Gunner stood looking at her, deep compassion in his eyes. Gently, he put an arm around her.

"Never mind pal," he said softly. "You'll be glad in the end."

Jim was far away now, sailing serenely along. On impulse, he turned and looked down over the side of the cockpit. Directly below him, was the empty Wichita ball park. He stared for a moment. Then, of a sudden, he straightened up, moved the stick and threw the ship over on its side. In a minute he was headed back in the direction from which he had come.

Ann remained sitting under a tree when Gunner had left with her father. Now the field was clear. Her mother called to her, but she didn't hear. Lost in her thoughts, she was at first unconscious of the roar of the returning plane. Then, startled, she looked up. Getting to her feet, she ran wildly. The plane was nosing down. It landed, and came to a stop.

She ran on, stumbling once, but recovering, Jim, stepping out of the ship, was frowning as she paused before him.

"I forgot my hat," he said.

She stared at him, open-mouthed. Suddenly she thrilled all over.

"Jim, you didn't!" she cried, her eyes filling with tears.

"Didn't what?"

"You didn't forget you hat!" she

"It's **DEPENDABILITY** sold me a **4-STAR USED CAR**"

"When I saw that 4-Star Tag on the car, I knew it had been carefully checked to assure reliable service—that it was backed by a guarantee that really meant something. The car looked right—was priced right—and I knew the 4-Star Tag was my assurance that it would run right all the way . . . mile after mile . . . month after month . . . with a minimum of trouble and expense."

"Real **VALUE** decided me . . . value that I couldn't match elsewhere"

"It's only logical! Considering that one out of every three cars sold in Canada is a General Motors Car, the General Motors Dealer is in a position to offer the best choice of makes and models in used cars and the best values, too! And now that his new car sales are hitting their peak—he has 4-Star values you can't match elsewhere!"

"I was looking for **QUALITY** and found it in **4-Star Cars**"

"I don't know much about the mechanics of an automobile . . . but every-day shopping has taught me one way to be sure of quality . . . and that is to buy only from a reputable merchant. For example, I know that 4-Star Used Cars are Quality Cars . . . because they are sold by the General Motors Dealer . . . a dependable business man!"

"I knew a **GENERAL MOTORS DEALER** would be **RELIABLE**"

"I'm interested in my home town. So is my General Motors Dealer. His investment in our community is permanent. His policies are shaped to assure fair treatment and good values. His unexcelled service facilities and his experienced, friendly personnel stand ready to do everything possible to please me and retain my goodwill!"

LAKE MEGANTIC GROUP MOTORED TO MAINE TOWN

Members of Women's Missionary Society Entertained at Moosehorn, Where "Peace and Goodwill" Was Meeting Theme.

Lake Megantic, June 3.—The regular meeting of the Women's Missionary Society of Knox United Church was held at the home of Mr. and Mrs. G. Buxton, Moosehorn, Me. Sixteen motored to Moosehorn which is about twenty-two miles from here. Mrs. Buxton served luncheon, to which twenty-two sat down. The subject of the meeting was "Peace and Goodwill." Being at the border of Canada and the United States, this was a fitting place for such a subject. Rev. and Mrs. R. B. McAmmond led in the worship service and almost all present shared either in the programme or worship service. Mrs. Buxton sang a solo. All present entered into the discussions. The Bridge Club met on Tuesday evening, May 24th. Dinner was served at the Queen's in honour of Miss Isabel M. Stevens, after which cards were played at two tables at the home of Mrs. Porter Farwell. The prizes were won by Miss Isabel Stevens and Miss Dorothy McDonald. Mrs. Porter Farwell and Mrs. William Black were joint-hostesses. Light refreshments were served, bringing an enjoyable event to a close.

The Y. P. S. of St. Andrew's Church met at the home of Mrs. Henry Audet. There was a good attendance and plans were made to paint the church. Refreshments were served by the hostess.

Mr. and Mrs. Roderick McLeod, of Springfield, Mass., accompanied by Miss Catherine McDonald and Mr. Murdo McLeod, motored here for the week-end and were guests of Mrs. Alex McLeod and Miss Barbara McLeod.

Miss Catherine McDonald is the guest of her mother, Mrs. Charles McDonald and her sister, Mrs. Leo Morrisette, and Mr. Morrisette.

Miss Shirley Crandall, of Montreal, spent the week-end with her parents, Mr. and Mrs. Leon Crandall.

Miss Margaret McLeod, of Scotland, was the week-end guest of her parents, Mr. and Mrs. N. H. McLeod.

Miss Helen McLeod and Miss Mary Morrison have returned to Springfield, Mass.

Miss Margaret McLeod, of Three Lakes, spent the week-end with her parents, Mr. and Mrs. J. A. McLeod. Mr. and Mrs. R. Vienneau were in Sherbrooke recently.

Miss Colina MacKenzie, of Albert Mines, spent the week-end at her home.

Miss Isabel M. Stevens spent the week-end as the guest of her mother, Mrs. Hattie Stevens in Danville.

Miss Joan Halls and Miss Evelyn Kelly motored to Montreal last week-end.

Mrs. K. W. Smith has returned from Island Brook, where she was the guest of her daughter, Mrs. Gordon Spaulding, and Mr. Spaulding.

Miss Alice Wood and Mrs. Albert Andrews were in Montreal last week.

Mrs. George Neil is the guest of relatives in Montreal.

Rev. and Mrs. Sidney Wood, of Scotstown, attended the confirmation service at St. Barnabas' Church on Thursday.

Miss Barbara McLeod returned to Springfield, Mass., with Mr. and Mrs. Roderick McLeod for a month's holiday with relatives.

The death of Mr. Jos. Deslauriers occurred very suddenly on Saturday morning, May 28th, at his home. The sympathy of the community is extended to the bereaved family.

MANY ATTENDED PRESBYTERIAL AT WATERLOO

Over One Hundred Delegates from Thirty-Eight Auxiliaries Attended Sessions of Twelfth Quebec-Sherbrooke Presbyterial.

Waterloo, June 3.—Waterloo was the meeting place of delegates to the twelfth annual meeting of the Quebec-Sherbrooke Presbyterial of the United Church of Canada. With in the walls of the stately old United Church building was a large gathering of delegates, representatives from the thirty-eight Auxiliaries of this Presbyterial. At least one hundred delegates were present at sessions and took part in spirited discussion of the many needs of the work.

The first day's programme, not a small one, was ably engineered by Mrs. E. C. James, of Danville, president of the Presbyterial. The question and ably assisted by officers and delegates. The programme was finished punctually, without omissions.

Memorial and Communion service at the noon hour were solemnly conducted by the pastor of Waterloo United Church, Rev. E. M. Wilson, and six brother ministers from the district.

The theme of each session was a continued one, "The Needs of the Church," as was the prayer service, "For China and Japan." Presented by a different leader at each opening session, the service was constantly inspiring.

During the first afternoon excellent reports from secretaries of Auxiliaries, Circles, Mission Bands, Baby Bands and affiliated Canadian Girls-In-Training groups were given and discussed from the floor. Mrs. James' "Survey of the Presbyterial" was unique. With a diagram personally prepared, she showed its boundaries, north to the Arctic Circle and south to the International boundary. The delegates were shown the long list of towns wherein the organization has not been invited to work for social betterment.

The treasurer's report was encouraging as receipts for year ending December 31, 1937, \$6,640 was remitted to the Conference branch treasurer. Mrs. Hall emphasized a plea for punctual quarterly payments, which mean much saving of interest on loans.

Discussion of financial policy of the Presbyterial included relation of W.M.S. to the M. and M. Fund and brought out a decided consensus of opinion that one group certainly must not be thought antagonistic to another. The aims of each are alive and "all work of the church is the interest of all workers."

Music from the Waterloo Junior Choir was a very restful change after closing of discussions.

A sketch by the Waterloo Circle given in the social rooms after tea was a dramatic presentation of Missionary Monthly possibilities very ably done. Worship service by Rev. E. M. Wilson was followed by greetings to the Presbyterial given by J. D. McFadyen, of Stanstead College, the newly elected Moderator of the Quebec-Sherbrooke Presbyterial.

A beautifully rendered vocal number by Roger McKergow, of Waterloo, was next followed by an illustrated address on "The Needs and Opportunities in Korea and Manchuria," by Miss Jean Ross, of Manichuria, who was born there of missionary parents and feels affectionate regards for the people and their naturally beautiful country.

The picture was charming and the picture an enthusiastic talk on a theme dear to the speaker's heart.

Thursday morning's theme was, "The Good Citizen and Good Neighbor," Mrs. James, called to a meeting of the Dominion Board in Toronto, was replaced by Mrs. F. A. Johnston, of Ayer's Cliff, first vice-president, as chairman and no break in smoothly running plans occurred.

Election of slated officers took place after the report of nominating committee. Officers for 1938 were elected as follows: past president, Mrs. E. M. Wilson; president, Mrs. E. C. James; vice-presidents, Mrs. F. A. Johnston, Mrs. Guy Simpson, Mrs. W. E. Johnston, Ulverton, Mrs. B. Mallalieu and Mrs. Gilbert, Bury; recording secretary, Mrs. A. E. Swager, Magog; corresponding secretary, Mrs. P. Sherman, Scotstown; treasurer, Mrs. George Hall, Sherbrooke; Christian Stewardship and finance, Mrs. A. P. Rogers, Coaticook; Mission Circle, Mrs. E. C. James; Bands, Mrs. F. R. Matthews, Lennoxville; Baby Band, Mrs. E. C. Amaron, Stanstead; affiliated C.G.I.T., Miss Maria Pergau, Lennoxville; Associate Helpers, Mrs. H. A. Canon, Rock Island; support, Mrs. W. O. Robinson, Sherbrooke; community friends, Mrs. Lottie Greene, Richmond; literature, Mrs. J. O. Barow, East Angus; M. and M. and W.F. press, Mrs. C. E. Clint, Quebec; temperance, Mrs. Scott, Knowlton; Mrs. Pergau, of Lennoxville, conducted installation service.

Mrs. E. A. Blake, of Waterloo, and Mrs. Hollis Burns, of Island Brook, were appointed delegates to the Conference branch. The finance committee is Mrs. A. P. Rogers, Mrs. George Hall, Mrs. Pergau

TO PREVENT DAMAGE TO STRAWBERRY PLANTS

In view of the fact that much greater attention is being paid to the production of strawberries in Canada as a commercial crop, the pamphlet on common strawberry insects, just issued by the Dominion Department of Agriculture will be found particularly useful at this time of year in safeguarding the plants. It has been prepared by R. P. Gorham of the Dominion Entomological Laboratory at Fredericton, N.B., and gives suggestions on how to prevent injury by these destructive pests.

Strawberry production in Canada in 1937, estimated at 24,300,000 quarts, exceeded all past strawberry crops except that of 1935. The quantity produced in 1937 was about 18 per cent. greater than the 1936 crop of 20,600,000 quarts, and 13 per cent. greater than the average 21,500,000 quarts produced during the five-year period 1931-35.

In 1937 also, the export shipments of strawberries for the first time represented an increase of nearly 96 per cent over the average for the years 1931-35.

The most common enemies of the strawberry plant are white grubs, strawberry weevil, strawberry leaf roller, strawberry root-weevil, strawberry root-worm, leaf chaffer, strawberry mites, and slugs. The pamphlet on these insects may be obtained free on application to the Publicity and Extension Division, Dominion Department of Agriculture, Ottawa.

Quick-grown, young vegetables are the best and only the home garden, where they may be harvested as needed, can provide them.

and the vice-presidents of the Presbyterial. The nominating committee was as follows: convener, Mrs. Mackie Fuller, and Auxiliary presidents of Quebec, Knowlton, Coaticook, Waterville and Windsor Mills.

Mrs. E. Ball and Mrs. Abbott were appointed a courtesy committee, and Mrs. Ball's appreciation of Waterloo hospitality and fine executive work, in short, the spirit of the Presbyterial as a whole was wholeheartedly and unanimously endorsed.

Miss Jean Ross was again heard at the closing session and left a deep impression of the needs of Manichuria, which Christian help may alleviate.

Waterloo made its guests welcome in every way possible for their comfort. The meals served by the W.A. of the church were delicious and well served, and the pastor and his wife were true host and hostess and the homes, where billets were generously given, very pleasant.

Following is a resolution adopted at the close of the session: "Resolved that this Quebec-Sherbrooke Presbyterial express their heartfelt thanks to the pastor and his wife for their many courtesies, to the ladies of the church for their splendid meals and gracious hospitality; to the Official Board of this church for the use of their edifice; to Mrs. G. R. Andrews, of Danville, who typed Presbyterial notices; to Mr. George Duffett, of Danville, for making posters used; to Mrs. Rothney for so kindly acting as recording secretary for the past few months; to the Junior choir, for their inspiring music; to Mr. McKergow for his beautiful rendition of a choice composition; to Mr. McFadyen for his message from the Presbyterial and his helpful address; to Miss Ross for her splendid address; giving as she did such a wonderful insight into missionary work being done by the church in Manchuria and Korea, and to all who helped in any way to make this Presbyterial of 1938 so successful and inspiring.

The establishing of one or more Rambouillet breeding flocks in Western Canada was supported by the Wool Committee of the National Sheep Committee, the University of Saskatchewan and Western Wool Growers' Associations.

It has been arranged that the different services of the Dominion Department of Agriculture will co-operate in connection with the sheep improvement programme not only for Western Canada but in those areas in Eastern Canada where sheep raising is important as a factor in diversified live stock production.

Make your garden habit a hobby by specializing in a few flowers and vegetables.

DOMINION GOVT. BUYS RAMBOUILLET SHEEP

For the purpose of improving the raising of sheep in Western Canada two flocks of pure bred Rambouillet sheep, each of 200 ewes and six rams, have just been purchased by the Dominion Department of Agriculture under arrangements made with James G. Gardiner, Dominion Minister of Agriculture.

The purchase of these flocks of sheep is part of a progressive programme for sheep improvement in Western Canada, planned by the department. It has been observed that over periods of drought in the Prairie Provinces, revenues from the raising of sheep are well maintained and consequently under the Prairie Farm Rehabilitation programme, sheep have been found to be a decidedly sound economic and profitable class of live stock to raise.

The two flocks of sheep were purchased in the States of Wyoming, Utah and Montana, at what are considered to be very satisfactory prices for the high quality of sheep secured. They have arrived in Canada and are now established at the Dominion Experimental Farm at Lethbridge, Alberta, and on the Dundurn range operated by the University of Saskatchewan, where they are being kept under natural range conditions. The sheep were selected for smoothness of conformation and low set type. They have good size, strong backs, well sprung ribs and for the breed are well developed in mutton type. In fleece they are long in staple, dense and uniform. Sufficient blood lines have been secured to permit of a long time breeding policy further to improve the flocks in order to meet more fully the highest ideal in lamb and wool production. One hundred and fifty were in lamb when purchased and already a number of lambs have been born in the ranges both at Lethbridge and Saskatoon. The remainder of the 400 ewes are yearlings, which will be bred to lamb next spring. The rams were carefully selected individually for breed character and Rambouillet type.

In order that there may be a continuous policy for the improvement of the Rambouillet breed of sheep in Canada the Dominion Department of Agriculture has appointed a committee of three, namely, A. A. MacMillan, Associate Chief, Production Services, Dominion Department of Agriculture; K. A. Rasmussen, Dominion Experimental Farm, Lethbridge; and Prof. A. H. Ewen, Department of Animal Husbandry, University of Saskatchewan. This committee will outline and define the breeding policy for the two flocks. Each year two auction sales, one in Saskatchewan and one in Alberta, will be held through which well developed, specially selected yearling rams will be sold. Through these annual auction sales of rams it is expected that ranchers and sheep raisers who make purchases will be able to breed for the continuous improvement of their flocks and bands. Rams will also be made available for breeding projects, research and experimental work, as well as being carried out in Western Canada by the Dominion Department of Agriculture. Any surplus of breeding ewes not required for replacement purposes in either of the flocks will be included in the auction sales from time to time. Ewes sold in this way will become the foundation stock for other purebred flocks of Rambouillet sheep or may be bought by breeders already established.

The establishment of one or more Rambouillet breeding flocks in Western Canada was supported by the Wool Committee of the National Sheep Committee, the University of Saskatchewan and Western Wool Growers' Associations.

It has been arranged that the different services of the Dominion Department of Agriculture will co-operate in connection with the sheep improvement programme not only for Western Canada but in those areas in Eastern Canada where sheep raising is important as a factor in diversified live stock production.

EFFECTIVE WAY FOR COCKROACH CONTROL

The common cockroach is the potential carrier of disease organisms, including certain kinds of pathogenic bacteria and protozoa, and it may also serve as the secondary or intermediate host of parasitic nematodes or round-worms. In view of the menace of cockroaches as potential disease carriers, and because they contaminate human food with their fetid glandular secretions, their control is of widespread public interest. These insects have flattened, horny bodies, and large spiny legs, which enable them to move quickly and take refuge in cracks and other small crevices, where they usually remain hidden during the day and emerge at night in search of food. The eggs of cockroaches develop within a small horny capsule carried about by the female within the end of the abdomen until shortly before the young or nymphs hatch.

The most widespread species is the small, so-called German cockroach, *Blattella germanica* L., which is very prevalent in apartment and dwelling houses, hotels, restaurants, stores, etc., where warm moist conditions and a plentiful food supply are to be found. Sometimes, during the summer months, this species lives and multiplies in garbage dumps.

According to the Division of Entomology, Science Service, Dominion Department of Agriculture, Ottawa cockroaches may be controlled with sodium fluoride. The powder should be dusted lightly where the insects occur, or blown by means of a dust gun or insecticide puffer into cracks and crevices which shelter them. Owing to the somewhat poisonous character of this insecticide reasonable precautions should be taken to prevent accidental poisoning. The other materials often used are pyrethrum and borax. Pyrethrum insect powder is non-poisonous to humans, but less satisfactory than sodium fluoride, as it loses its effectiveness quickly on exposure to air and has to be used in larger quantities. Borax, too is less effective than sodium fluoride. If used it should be mixed with equal parts of powdered sweet chocolate. Fly sprays containing pyrethrum extract are also commonly used, but these kill only by direct contact. A pamphlet dealing with cockroaches may be secured by writing to the Publicity and Extension Division, Department of Agriculture, Ottawa.

Import Red Clover Stain. Red clover seed from warm countries is not regarded as sufficiently hardy for growth in Canada. Regulations have been established under the Seeds Act to require the staining of imported red clover seed, so that buyers may know its origin and thus assure themselves of a supply of hardy seed. English seed is required to contain one per cent. of seed stained yellow; seed from the northern United States, one per cent. navy blue; from northern European countries and New Zealand, one per cent. green, and seed of all other origins 10 per cent. red. Canadian-grown seed of course is exempt from staining and may be identified accordingly. In the United States the color for imported Canadian red clover seed is iridescent violet, and for all other countries, green.

partment of Agriculture will co-operate in connection with the sheep improvement programme not only for Western Canada but in those areas in Eastern Canada where sheep raising is important as a factor in diversified live stock production.

NEW GRADE NAMES FOR CERTIFIED SEED

The reward which may be expected when seed of superior quality is used has been demonstrated so frequently that it seems scarcely necessary again to remind farmers of this fact. Quality in seed, as in every other commodity is, however, often measured in terms of price and for this reason the mistake is sometimes made of over-stressing economy in this direction. Apart from price, seed value in some aspects at least may be said to be indicated by the grade name under which it is offered for sale. By this it is to be inferred that grade names indicate comparative values on a basis of purity of variety, freedom from impurities, viability and physical quality.

Legislative control of sale of seed in Canada being used on the grading system, grade names are established by Act of Parliament. By recent amendment of the Seeds Act two new grade names were added to those previously employed. Seed of these two grades, namely Certified No. 1, and Certified No. 2 will accordingly be on the market in the 1938 season for the first time. To be eligible for certified grade the seed must have been derived from a seed crop inspected in the field and found to comply with standards required for seed crop certification. It must also meet standards of purity and vitality substantially higher than those prescribed for seed of like kind which may be accepted for grades of general seeds of commerce and will therefore constitute a supply of seed of superior quality not previously available under a clearly defined grade name. The containers of this seed will have attached a Seed Inspection Certificate Tag signed by an inspector which will state the grade and certify the variety of type and origin. This tag together with the contents of the container will be protected by an approved metal seal also attached by an inspector who has previously sampled, examined and graded the seed. All work of crop inspection and grading in connection with certified seed including the sealing of the containers is performed by inspectors of the Dominion Department of Agriculture, Production Service-Plant Products division.

The service of crop and seed certification as now provided is being employed to a large extent in connection with all kinds of crops, particularly forage crops and the new rust resistant varieties of wheat and other new cereal crop variety introductions now in process of distribution throughout Canada. It thereby makes available a seed supply of dependable quality of the newer varieties of crops as well as of the older ones. The quality of certified seed is ensured by inspection of both the growing crop and the seed produced therefrom by qualified and duly authorized inspectors. Furthermore, this seed is being offered at only a slightly enhanced cost over prevailing prices for the higher grades of general seed of commerce. This fact, together with its superior and assured quality, should ensure a popular demand for this class while its use will greatly increase returns to farmers and generally improve the quality of our agricultural and horticultural crops.

Information concerning sources of supply may be had (depending upon your location) by addressing the District Supervisor, Production Service-Plant Products, Box 220, Saskatoon, N.B.; 503 Customs Building, Montreal, Que.; 325 Jackson Building, Ottawa, Ont.; 88 Collier Street, Toronto (5), Ont.; 730 Dominion Public Building, Winnipeg, Man.; 323 Federal Building, Saskatoon, Sask.; Immigration Building, Calgary, Alta.; or Postal Station "C", Vancouver, B.C.

WHY FERTILIZERS ARE NECESSARY

Fertilizers are materials which furnish in available form one or more of the three so-called essential elements of fertility in soil, namely, nitrogen, phosphoric acid, and potash. When the material supplies all the three elements, it is known as a complete fertilizer. Experience has shown that plants in their normal growth and development take ten or more elements from the soil. These elements include nitrogen, phosphorus, potassium, calcium, sulphur, magnesium, manganese, sodium, iron, chloride, silicon, and boron.

The available supplies of only three of these elements of plant food tend to become deficient for crop requirements under normal conditions. These elements are nitrogen phosphoric acid (phosphorus), and potash (potassium), and are commonly known as the essential elements of fertility, for the reason that their available stores are more quickly depleted by cropping than the others and therefore must be returned (or furnished), if fertility is to be maintained or increased. Lime (calcium) has also been found to be deficient in many soils, more especially in districts subject to heavy rainfall. In such districts, an application of lime in some form or another may be found essential to productivity; in fact, lime may be the limiting factor of growth for those crops which do not thrive in an acid soil.

Each of these essential elements of fertility has a separate function to perform in the growth of the plant, and, if one is deficient, crop growth will be restricted by the lack of a supply of that element, although the other elements may be present in amounts ample for highest production. In other words, there may be present in the soil all the potash and phosphoric acid that the plant can utilize, with but very small amounts of available nitrogen. Under these conditions, good crops cannot be grown until the deficiency in nitrogen has been overcome. Deficiencies in soil fertility may thus be made good by commercial fertilizers. In Canada all fertilizer is now sold by analysis, and is subject to inspection by the Dominion Department of Agriculture.

FARM WOODLOT CAN BE MADE VALUABLE

To make the woodlot a valuable asset to the farm, considerable attention has to be devoted to its upkeep. That reasonable profits can be made from the farm woodlot has been demonstrated on many occasions, but systematic management is required to bring this about. It is a generally accepted fact that it is necessary to leave a good stand after each cutting, if any future forest crops are expected, and the question arises as to the proper number of trees to be left on an acre of land for the largest possible returns. Also there are the questions to be considered; what trees should be left to mature, and does it pay to leave seed trees?

Experience has shown that the trees selected for cutting should be chosen with careful consideration as to their potential value as saw-timber or for pulp. Trees which give indication of developing into high-quality timber should be left to mature, for timber of this quality may later on net a profit from three to ten times as much as the same timber would bring as pulpwood. With regard to seed trees, the need must be considered for leaving seed trees properly scattered throughout a stand in order to be sure of getting reproduction if the stand is damaged by wind or fire. Such a practice will also increase the annual income per acre by providing extra timber.

On a stand where the timber averages up to ten inches in diameter, it is good practice to leave between 100 to 200 of the best trees per acre, if the most profitable returns are to be obtained. Unless such timber is on very poor soil, it is reasonable to expect the stand each year to grow an equivalent of one cord per acre. This means that it will be possible to go back to the same area and cut the equivalent of five cords of pulpwood every five years, at least until the trees reach saw-timber size.

Systematic management of the farm woodlot included removing dead and diseased trees, cutting only mature trees for lumber, and fencing the wooded area to protect it from grazing by livestock and from fire. Cutting all weed trees and lopping brush into short lengths and scattering them throughout the woodlot helps to decrease the amount of run-off and to increase soil fertility.

LOCALS DROPPED GAME TO DRUMMONDVILLE

Weak Elbowing Caused Squad's Fifth Defeat

Reichel and Kerrigan Driven from Mound by Tiger Sluggers—Smallmen Were Shaky in Field—Outhit Opponents Sixteen to Thirteen Although Defeated Ten to Nine.

The tail-end Drummondville Tigers downed Sherbrooke ten to nine last night in a wild game on the new baseball diamond, bunting thirteen hits off Reichel, Kerrigan and Charley Small, and holding off a determined ninth-inning rally by the local nine. Granby defeated Three Rivers fourteen to eleven on their home diamond to strengthen their hold on first place.

The defeat demonstrated clearly that the Sherbrooke team is badly in need of good pitchers. The hitting is all that could be desired and the fielding, although a trifle shaky, is quite satisfactory, but the hurlers have not been living up to expectations.

Reichel pitched well in the first four frames but lost his hold in the fifth and allowed five hits and five runs. "Lefty" Kerrigan, sent in to replace him, was shelled from the mound and Charley Small was forced to take over the pitching duties and quell the snarling Tigers.

Everything looked rosy for the locals up to the fatal fifth. Johnny Huxtable sent them away to a fine start with a mighty home run into left field in the first inning, and hits by "Snooks" Mandeville, Dave Barry and John Dirubio gave them four more in the fourth as Conte, Roy, Allen and Barry crossed the plate.

Harlow's single scored Church, who had doubled, with the first Drummondville run in the fourth inning, while singles by Veach, Harlow, Smith, Di Vanuti and Oliver and a two-bagger by Church accounted for the six tallies in the fifth.

"Lefty" Joyce doubled in the eighth and scored for Sherbrooke on a long fly by Elliot Small. In the ninth, Dirubio and Barry singled and were advanced by Allens sacrifice, Conte walked to load the sacks, and Charley Small lined a single into left field scoring Barry and Conte. A long double by Mandeville brought Conte home, but Elliot Small went out, Oliver to Bergeron, to end the game.

Mandeville hit safely four times for Sherbrooke and Dirubio and Barry rapped three safeties each while Di Vanuti got three base knocks for the Tigers.

LOUIS AIMING TO TAKE MAX'S SUNDAY PUNCH

Realizes He Can Be Hit by a Right but Is Confident He Can Stand Up Under It—Big Negro Is Down to 205.

New York, June 3.—(P)—Joe Louis, the one champion who doesn't appear to be in any active danger from Henry Armstrong's reckless fists, is well along in his training for his combat with Max Schmeling on June 22nd.

Joe moved into the Pompton Lakes camp the night Armstrong moved out, and he already has boxed eighteen rounds, not to mention some fifty miles of road work. The big negro is down to 205 pounds, and he intends to lop off only about five more before he meets the man who knocked him silly two summers ago.

The principal thing a visit to the camp reveals is that Joe still can be hit with a right hand. "Basher" Dean, a big, willing black, cracked the camp a half-dozen resounding swats in the course of two outdoor rounds yesterday, and the basher scarcely has as good a right as Schmeling's.

The point seems to be that Louis finally has come to realize that he always will be a happy target for a right, and has quit worrying about it. He is confident he can take Max's Sunday punch this time, in stated quantities, of course, and still dispose of Max.

LEWIS TO MEET HARRY THOMAS
St. Louis, June 3.—(P)—A ten-round fight between John Henry Lewis, light-heavyweight champion, and Harry Thomas, of Eagle Bend, Minn., has been scheduled for June 17, matchmaker Larry Atkins announced today.

Veach; losing pitcher, Reichel.

RICHMOND TEAM SCORED THIRD STRAIGHT WIN

Roy Pitched Homesters to Five to Four Victory Over Drummondville Entry in the St. Francis Baseball League.

Richmond, June 3.—Richmond defeated the Roussel team from Drummondville five to four to chalk up their third straight victory in the St. Francis Baseball League.

The game was closely fought all the way and turned out to be a pitching duel between Roy, of Richmond, and Cloutier, of Drummondville.

After two scoreless innings the home team scored three times in the third frame and held their lead until the last half of the eighth when the visitors staged a rally that netted them four runs and put them ahead, four to three.

In the ninth, with one away, the Richmond lads went to work on Cloutier, Murray Smith and Landon connected for singles and a rousing triple by Letarte brought both runners home with the needed tallies.

Score by innings:
Richmond . . . 003 000 002—5 10 3
Roussel . . . 000 000 040—4 8 1

Batteries: Roy and Malouin; Cloutier and Duplin.
Umpires: Girard and Guilbeault.

DIZZY DEAN AND MEI MEI TIED
Chicago, June 3.—(P)—The Chicago Federated Advertising Club's referendum to determine "the city's outstanding attraction for 1933," ended in a tie—between Dizzy Dean and Mei Mei, the only giant panda in captivity in the United States. Each polled 112 votes. Dean pitches for the Chicago Cubs. Mei Mei catches peanuts at the Brookfield Zoo.

ROCKFEL CAPTURED THE OAKS.
Epsom, England, June 3.—(C.P.—Reuters)—Sir Hugo Cunliffe-Owen's Rockfel, by Felstead Srom Rockfel, today won the 160th running of the Oaks, premier classic for fillies, duplicating her victory in April in the One Thousand Guineas.
Miss Dorothy Page's Radiant was second and Sir Alfred Butt's Solar Flower third in the field of fourteen.

BRITONS AND YANKS SQUARE IN CUP MATCH

American and British Scotch Foursomes' Teams Were All Even After First Eighteen Holes This Morning.

St. Andrews, Scotland, June 3.—(P)—Hector Thomson and Gordon Peters, Scottish veterans of the British Open, were three up on John Goodman and Marvin Ward of the United States after the first 18 holes of their 36-hole Walker Cup Scotch foursomes match today.

The Scots were two up at the turn and picked up an additional hole on the incoming nine.

The Americans kept the series equal when John Fischer and Charles Kocsis completed 18 holes three up over Jim Bruen and Harry Bentley. The Americans came home in 33, four under par, for a one-under-par 72 to the Britons' 75.

The new British amateur champion, Charles Yates, and Ray Bilbils added to more on the home-ward journey to be five up at the half way mark of their match with Charles Tove and Alex Kyle, the Anglo-Scottish pair.

Leonard Crawley and Frank Penning kept the tie at two on the last nine, but the Americans won the match by finishing the first eighteen holes three up on Fred Haas and Reynolds Smith. One up at the ninth, Crawley and Penning, both former English amateur champions, added two more holes coming back.

COTTON PREDICTS BRITISH GOLF VICTORY
St. Andrews, Scotland, June 3.—(P)—Henry Cotton is willing—in fact he insists—on risking his reputation as a golf critic on his opinion that Great Britain will beat the United States in the Walker Cup matches and that Jim Bruen will beat Johnny Goodman or whomever he meets.
"I'm thoroughly convinced Bruen can beat Goodman or any other man on the United States team," Cotton said. "I believe in the highest opinion of American golf. But I tell you I've never seen a boy play golf like this boy Bruen."

FAIRBANKS AND ELESICO DIVIDE SOFTBALL LEAD

Are Tied for First Place in Industrial Softball League by Virtue of Wins Over Brakeshoe and Rand.

The Superheater Tigers and Fairbanks kept pace with each other at the head of the Industrial Softball League with one-sided victories in last night's scheduled games. Elasco battered two Rund hurlers for twenty-four hits and piled up twenty-five runs, holding their opponents to a brace of tallies, while Fairbanks buried Brakeshoe under a twenty to six count.

Backing up their heavy hitting with smart fielding and a fine pitching performance by Smith, the Superheater outfit had little difficulty in registering their fourth win. Smith held the Rund scoreless for four innings, allowing but one hit, and Bench, who relieved him, gave up four hits and two runs.

Harry Grime and Molyneux each tallied four runs for the winners, the former hanging out a home run, while Demers, Grime and E. Taylor connected for triples.

Burnside led the losers with two hits and one run.
Score by innings:
Rand . . . 000 002 0—2 5 5
Tigers . . . 123 937 x—25 24 2
Batteries: Howard, Barlow and Burnside; Smith, Bench and Foley.

FAIRBANKS BUNCHED RUNS TO WIN
Packing seventeen runs into two innings, the fourth and seventh, the Fairbanks aggregation downed Brakeshoe twenty to six and kept pace with the Superheater team.

Bradley and Ball doubled to spark a seven-run outburst in the fourth in which the winners capitalized on four hits, three walks and an error for their runs, while ten more runners crossed the platter in the seventh.

Bessant, Brakeshoe hurler, had difficulty in locating the plate and walked ten batters.

The Brakeshoe runs were scored in the second, third and fifth innings.
Score by innings:
Fairbanks . . . 300 700 10—20 12 1
Brakeshoe . . . 032 010 0—6 10 3
Batteries: Bradley and Povey; Bessant and Spanswick.

LEAGUE STANDING	W.	L.	P.
Elesco	4	2	8
Fairbanks	4	2	8
Brakeshoe	3	3	6
Rand	1	5	2

Mike Jacobs now has the heavy-weight, welterweight and feather-weight champions and may put another egg—the lightweight title—in his basket before the summer is over. Also, they say John Henry Lewis, king of the light-heavies, is simply itching for the royal summons to the Hippodrome.

Wonder what odds Jack Doyle would lay against a subway world series right now?

COHEN SLATED TO ARRIVE TONIGHT

Bob Cohen and J. Desjardins are expected to report to Charley Small, manager of the local Provincial Baseball League team, sometime tonight, according to Roland Dugre, president of the club.

John Crowley will not complete his year in college until around the twelfth of the month, but will come here as quickly as possible.

Officials of the team are making a determined effort to secure additional pitching strength and it is expected that some announcement in this connection will be made shortly. Except for the pitching staff, the rest of the squad has satisfied Mr. Dugre and his associates.

GRANBY DOWNED THREE RIVERS IN WILD GAME

Red Sox Increased Provincial League Lead by Fourteen to Eleven Triumph—Maloney Smashed Circuit Clout.

Granby, June 3.—The league-leading Granby Red Sox increased their lead over the St. Hyacinthe team in the Provincial Baseball League by coming from behind in the last half of the ninth inning to trounce Three Rivers, fourteen to eleven in Granby last night.

The game was a three-ring circus of runs, hits and errors, and no less than seven pitchers took their turns on the mound.

The Granby squad were outhit sixteen to five and committed seven bumbles, but fifteen free passes, issued by Steinberg and Robinson, kept them in the ball game.

Scoring two runs in the first, three in the third, four in the fifth and singles in the seventh and eighth, the Trifurcated nine had an eleven to ten lead going into the last frame, but the Red Sox, determined to register their sixth straight win, pushed four runs over the platter. Manager "Buz" Maloney's circuit clout with two aboard sparked the rally.

Steinberg, Robinson, Albert and Shapiro served them up for Three Rivers, while Turner, Flynn and Coderre pitched for Granby.

Score by innings:
Three Rivers 203 040 110—11 16 0
Granby . . . 003 304 001—15 5 7

Batteries: Steinberg, Robinson, Albert, Shapiro and Conley; Turner, Flynn, Coderre and Corrigan.

TWO PLAYERS CHANGE UNIFORMS
Bobby Daoust, star second baseman, who performed for the John Pomorosi's Tigers, has been signed by Billy Innes to play for his Quebec Athletic, it was announced last night. Quebec officials are working to bolster their team and secure a winning combination.

Ab Cookson, hard-hitting outfielder who supplied the punch in the Granby Red Sox batting order for the past three years, has been loaned to the Drummondville Tigers by Granby team officials.

Cookson, a native of Brockville, had been placed on the voluntarily retired list, but, upon deciding to resume active play, accepted the Drummondville terms and will report to Pomorosi early next week.

Walloping the ball at a 353 clip last year and hitting for .338 in 1932, Cookson has rated as the league's all-star centre fielder since joining the Red Sox, and should bolster the last place Tigers.

Giants are building a glass enclosed, steam-heated press box for football writers at the Polo Grounds.

"Schoolboy" Rowe Is Shipped To Beaumont

Pitching Ace Who Hurlled Detroit Tigers to Pennants in 1934 and 1935 Has Lost Life and Zip in Salary Wing—Yankees Took Both Ends of Double-Header from Cochrane's Crew.

They said so-long to the "Schoolboy" today—one of the grander guys in this baseball business.

They'll remember "Schoolboy" Rowe for his "How'm I doin' Edna?" greeting to his bride that laid the radio audience in the aisles back in the palmy days. They'll remember him pitching Detroit Tigers to pennants in 1934 and 1935.

And they'll remember him, too, working his heart out this spring trying to come back, trying to overcome an arm ailment that specialists had been laboring over for more than a year.

But it was just no go for the "Schoolboy." For four or five innings, the arm held up, although little of the snap was left. Then it went out. Three times this spring he took the long walk to the showers. His heart was there but that ailing wing couldn't finish what it started.

So yesterday, the Tigers sent him back to Beaumont from where he skyrocketed to the top in 1933. They hope the warm, sunny climate of the southwest may restore the life and zip to the salary wing.

If the "Schoolboy" had come back there's no telling what might have happened. With Vernon Kennedy and Rowe to go out there and pitch every four days, with a better-than-even chance of coming back the winner, Mickey might have gone places.

But yesterday, Mickey sent Poof Poffenberger and submarine ballster Elden Auker to the post and neither had it. The Yanks won both ends of a doubleheader, five to four, with four runs, three hits and two errors, and Red Rolfe whacking a homer, and five to two, with Mordecai Pankabout's best game of the season, a five-hitter.

That boosted the Yanks up to within two and a half games of the American League leading Cleveland Indians. The Tribe outlasted the Athletics in a battle of nine runs in Philadelphia and posted a ten to five victory.

The pace-setting Giants in the National League were rained out in Pittsburgh, but picked up half a game anyway as the second-place Chicago Cubs lost a six to two affair to Boston, Johnny Lanning, relieving Milt Shoffner in the second inning, hurled shutout ball the rest of the way.

Homers by Ernie Koy and "Cook" Lavagetto featured an eleven to five win for Brooklyn over Cincinnati Reds. Ducky Medwick collected four hits, three of them doubles, to pace the Cardinals to a twelve to five victory over the Phillies.

Dutch Leonard pitched a six-hitter as the Senators swamped the Chicago White Sox seven to one, and young Jim Bagby duplicated that effort in hurling the Red Sox to a six to one win over St. Louis Browns.

ROYALS SNAPPED LOSING STREAK
Bucky Cross, the ex-glass blower who manages Baltimore Orioles, of the International League, must be longing for the comparative peace and quiet of a glass factory as trouble continues to follow his harassed ball club.

Bucky's woes began early in the season when "Lefty" Carl Fischer broke an arm, and the injury jinx has been trailing him since, touching among others, outfielders Frank McGowan, Ab Wright, shortstop Nolan Richardson, and pitcher Harry Matuzak.

Rolie Stiles, veteran right hander of the Jersey City Giants, pitched defeat No. 7 on the Orioles yesterday as he held them to five hits to win four to one. The Giants only got seven hits off Pat "Blubber" Malone in the six innings he

pitched, but most of them came in the fifth inning when the Jerseys scored three runs.

The triumph moved the Jerseys into fifth place and sent Syracuse to sixth as the champion Newark Bears edged out the Chiefs seven to six for their sixth straight victory. Meanwhile Buffalo Bisons strengthened their grip on second place by whipping Rochester four to one and the Montreal Royals defeated Toronto seven to six to end a six-game losing streak.

A four-run rally in the eighth inning, capped by Bill Holm's single scoring Buddy Rosar with the winning run gave the Bears their win. The Bears made twelve hits, including two homers by Les Scar-sella.
