## BRITAIN-FRANCE BACK PEACE PLAN

### Ceding Of Sudeten Region: Guarantee Of Border Keynote

Whole Question of Embroidering Europe in General War Believed to Rest With Czechoslovakian Government Today — Five-Point Plan Calling for Handing Over Sudeten Area to Germany Also Provides for Guarantee of Czech Integrity by Major Powers.

London, September 19.—(AP)—The Governments of Great Britain and France today gave approval, apparently unanimous, to a large-scale international deal to satisfy Chancellor Hitler and keep Europe's major powers out of war.

The Cabinets of London and Paris approved the decisions made by their Prime Ministers here yesterday, accepting the German Chancellor's demands on Czechoslovakia and proposing a system of guarantees which they hope will secure Central European peace at the price of Czechoslovakia's Sudetenland.

In Prague the Czechoslovak Government faced fateful decisions on proposals communicated to it by Great Britain and France.

There were indications the Czech leaders still were standing by their previous determination to defend themselves—even without the help of the western democracies and counting to the last on help from Soviet Russia.

Official silence was maintained here after a meeting of the Cabinet called to ratify last night's agreement between Prime Ministers Chamberlain and Daladier to meet the demands of the German Chancellor.

But it was generally expected Mr. Chamberlain would not long delay his return trip to Germany to tell Hitler what the democracies had agreed to do.

Here is an unofficial outline of the Anglo-French solution of the crisis which informed persons generally accept as authentic:

1.—The Sudeten districts of Czechoslovakia which in district elections last May and June voted seventy-five per cent, or more for the Sudeten German party of Konrad Henlein will be considered to have decided on union with Germany.

2.—A new frontier shall be drawn to include all such districts within the Reich as far as it is practicable.

3.—Districts which voted between seventy-five and fifty per cent, for the Henleinist candidates shall be grouped in autonomous areas inside Czechoslovakia.

4.—Arrangements shall be made by an exchange of populations to safeguard the liberty of German minorities which do not wish to come under German rule: There shall be similar arrangements for Czechoslovakia's Polish and Hungarian minorities.

5.—The new frontiers of Czechoslovakia shall be guaranteed by the great powers and neighboring states, and she shall be released from her alliances with France and Soviet Russia: In other words she shall be an "independent, neutral state" like Belgium, which has the guarantees of Great Britain, France and Germany.

The proposed guaranteeing states for Czechoslovakia are Great Britain, France, Germany, Italy, Poland, Hungary and Rumania.

There were indications this afternoon that Mr. Chamberlain's second meeting with Hitler would be arranged for Wednesday or Thursday at Godesberg, one of the Fuehrer's Continued on Page 2, Col. 3.

### Mussolini Insistent Plebiscite Is Alone Solution For Czech Problem

Rome, Sept. 19.—(AP)—Premier Mussolini, keeping pace with swiftly moving events of the European crisis, let it be known today he would deliver an address tomorrow to be broadcast to Italy and foreign nations—his second in three days.

The Duce spoke yesterday at Trieste, proposing plebiscites for all minorities in Czechoslovakia "which demand them" as the only way to European peace. He said "Italy's place is already chosen" in the event of general war.

The announcement today said Mussolini would speak at 5:20 p.m. (12:20 E.D.T.) at Udine, near the border of German Austria.

The announcement was made while Mussolini toured Julian Venetia, part of the territory won from Austro-Hungary in the Great War settlement. He started the tour yesterday, delivering a speech at Trieste which shaped Italian policy in the face of the Czechoslovak-German crisis.

Fascists asserted today that the Premier's plebiscite proposal pointed the way to peace for "miserable nations," but his declaration regarding "Italy's place" in the event of war drew conflicting interpretations. Commenting on the Trieste

### No Statement Expected Until Close Of Anglo-Reich Parley

British Efforts to Have Mussolini Join in Four-Power Pact Guaranteeing Integrity of Restricted Czechoslovak Territory Also Believed Important Factor in Delaying Announcement of Details of Anglo-French Peace Proposals.

London, Sept. 19.—(AP)—The British Cabinet spent two hours today reviewing the Anglo-French plan to settle the Czech crisis and assist the broad objective of general European appeasement.

At the conclusion of the meeting there was no public announcement beyond a statement that no further session was scheduled for today.

Meanwhile the French Cabinet met in Paris and approved unanimously the terms of the plan.

A wall of secrecy still surrounds the details because the French and British governments do not want to show their hands before Prime Minister Chamberlain flies back to Germany for a second conference with Chancellor Hitler.

But it is becoming more and more evident that the plan calls for cession of Sudetenland to the Reich, particularly the areas predominant by German.

It is understood that Vincent Massey, the Canadian High Commissioner, will see Colonial Secretary Malcolm MacDonald later this afternoon to be informed of details of the plan for relay to Ottawa.

There seemed to be agreement in semi-official quarters that the British Cabinet, like the French, gave approval to the peace plan and that Continued on Page 2, Col. 2.

speech, the Rome newspaper Il Tevere said: "The near future will tell whether Europe is governed by ideological hatred or a sense of responsibility. But the courageous and foresighted policy of Mussolini indicates again today as always the way out for undecided and misled nations."

Il Tevere drew a sharp line between Mussolini's proposal and the policies of democracies on the Czechoslovak problem. Mussolini's proposal, the newspaper said, was one of "justice to various peoples up to now unjustly treated."

"But justice is not the foundation of democracy and no nation devoted to democratic ideology has yet pronounced itself for it."

Mussolini asserted that European peace could be saved only by plebiscites in Czechoslovakia. "The solution to the problem which at this moment agitates Europe," he declared, has only one name: Plebiscites. "Plebiscites for all nationalities which demand them, for all nationalities which wish to be great Czechoslovakia and today reveals its organic inconsistency. This solution, despite the campaign of Moscow, is already pending. Continued on Page 2, Col. 2.

### BRIDGE OPENING TO FEATURE CONVENTION

Kenosha, Ont., Sept. 19.—(AP)—Eighteenth annual convention of the Northwest Ontario Associated Chambers of Commerce will open today. Features of the two-day gathering is the official opening of a new bridge on the Trans-Canada highway across the Keewatin Channel. The bridge will be opened tomorrow by Hon. Peter Heenan, Ontario Minister of Lands and Forests. It extends across the channel between here and Keewatin.

### CONFIDENT ALL INDIA BEHIND EMPIRE IN WAR

High Commissioner for India in United States Convinced Every Man in India Will Support Mother Country in Event of European War.

Quebec, Sept. 19.—(AP)—Speaking as a "private citizen," Malik Sir Firoz Khan Noon, High Commissioner for India in the United Kingdom, said Saturday he was confident "every man in India will be behind Britain" in the event of the Mother Country becoming involved in a war. He arrived here aboard the liner Empress of Australia.

The Indian High Commissioner was accompanied by Major F. J. Ney, of Toronto, Executive Secretary of the National Council of Education under the auspices of which Sir Firoz Khan will make a lecture tour of Canada "to help the Dominion and India understand each other the better."

He said if the question of India's support of England in war arose, "without a doubt" India would back Great Britain in military measures. "What affects England affects the Empire and India is proud to be a member of that Empire," he declared. "The war question would be one for the Government of India, but as an ordinary citizen, in case of war I am confident every man in India will be behind Britain."

### SIDEWALK TONSORIAL SHOP IS CONDEMNED

Verdun, Que., Sept. 19.—(AP)—Before Verdun Council today is a protest from Verdun's Master Barbers' Association against operation of a sidewalk tonsorial stand featuring nickel haircuts.

The Association informed Verdun authorities it had ignored the stand for several weeks because its business had come mostly from unemployed without the regular haircut price. But lately school boys had discovered it as a means of saving pocket money and that worked out as "unfair competition," said the Association.

### Strong Wish For Peace Sweeps Through All Germany Today

Munich, Germany, Sept. 19.—(AP)—This cradle of Nazism and favorite city of Chancellor Hitler is hoping eagerly that peace will emerge from Hitler's next meeting with Prime Minister Chamberlain.

The two are expected to meet at Godesberg on the Rhine, probably tomorrow, to continue their deliberations on the fate of Czechoslovakia, begun last Thursday at Berchtesgaden.

Munich, briefly host to Mr. Chamberlain on his way to the historic Berchtesgaden conference, is proud but she does not want war and this feeling of her citizens likely is that of a great majority of the people of Germany.

But the people of Munich will tell you that they will fight, if the flag calls, even though in some quarters real anxiety is displayed and people with children have in mind the dangers of aerial bombardment.

### TRADITIONS OF U.S. MEDICINE SOCIETY UPSET

"Progressive and Almost Revolutionary" Policy Adopted at Annual Meeting of Association on Question of State Medicine.

Chicago, Sept. 19.—(AP)—The American Medical Association Saturday upset tradition by adopting revisions in its policy on health and welfare which some members of its House of Delegates termed "progressive and almost revolutionary."

The delegates, meeting in a special session here, approved with few dissenting votes or objections five recommendations which agreed in most major principles with the national health programme outlined two months ago by President Roosevelt's Inter-Departmental Committee on Health and Welfare.

That committee had declared that the health of the people was a direct concern of the Federal Government. The Medical Association agreed that the health of impoverished persons should be protected with the use of state and federal funds when necessary.

They opposed vigorously, however, any plan of compulsory health insurance, contending that it would be "a complicated, bureaucratic system which has no place in a democratic state" because it would tend itself "to political control and manipulation."

But the delegates declared "we advocate recognition of the principle that the complete care of the indigent is a responsibility of the community, the medical and allied professions, and that such care should be organized by local governmental units and supported by tax funds."

### Unanimous Support Given To Plan By French Government

Orders Issued by Cabinet to Cease Large-Scale Military Preparations, Which in Recent Weeks Had Place 2,000,000 Men Under Arms Taken as Sign that France Has Resolved to Stay Out of War—Government Faced with Increasing Labor Troubles.

Paris, Sept. 19.—(AP)—France through her Government today ratified the reported Anglo-French plan to dismember Czechoslovakia.

The Cabinet in a ninety-minute session unanimously approved the result of Premier Edouard Daladier's deliberations with Prime Minister Chamberlain in London yesterday, assuring the British leader of full French consent when next he meets the German Chancellor.

The cover of the Paris Government then turned toward Prague. Whether President Eduard Benes of Czechoslovakia would agree to sacrifice his country on the altar of European peace or whether he would fight remained a question.

But in any event it appeared France was resolved to stay out of war.

It became known that the Government had issued orders to cease the nation's military preparations, which in recent weeks had placed an estimated 2,000,000 under arms. The decision taken by the Cabinet, in which the expected opposition of two or three ministers failed to materialize, coincided with a fresh outbreak of strikes in France. In the Paris region 160,000 building trades workers walked out in wage disputes with contractors, and the movement spread to nearby departments. Five thousand miners struck

### MORE VICTIMS AFFECTED BY TAINTED FOOD

Number of Persons Undergoing Treatment in Mysterious Poisoning Epidemic in Chicago Suburb Mounts to Eighty-Five.

Chicago, Sept. 19.—(AP)—The number of persons stricken in an outbreak of food poisoning in Chicago and suburban Elmwood Park rose to eighty-five today as health authorities directed bacteriologists to find the source of the mysterious epidemic.

Forty-five of the victims, representing at least sixteen families, were under treatment on Chicago's northwest side, adjacent to Elmwood Park, where one man died last Friday and five members of his family were stricken. Since then the number of cases in the suburb has mounted to forty.

Dr. Herman Bundesen, president of the Chicago Board of Health, said his investigators found that all but one of the Chicago victims had eaten tainted pastry. Only one Chicago and five Elmwood Park victims are in the hospital.

### ELECTRIC EYES AID LAUNCHING OF BIG VESSEL

Special Tests Being Conducted in Model Tank Before Any Effort Is Made to Launch New British Liner Queen Elizabeth.

Glasgow, Sept. 19.—(AP)—Close to 40,000 tons of steel will slide into the River Clyde when the liner Queen Elizabeth is launched here September 27.

The giant liner, about 85,000 tons, will be launched at an angle and it is estimated she will travel only 200 feet in the water before coming to rest. The launch presents a difficult problem, for the width of the river is less than the length of the Queen Elizabeth, 1,031 feet from stem to stern.

Preliminary experiments have been conducted with a 200-inch model in the builders' tank. Information as to velocities, stresses and buoyancy has been obtained in a series of test launches with the model.

A combination of electric eye and moving picture apparatus will be used at the actual ceremony. The electric eye was used during the tests, registering the time the model took to clear the slip and stop moving.

When the launching takes place the electric eye, placed opposite the stern, will photograph on a motion picture film the movement of the hull. Any hitch or deviation from normal would thus be registered instantaneously. This data is expected to prove of value in subsequent launches.

### CLAIM NEW INSURGENT ATTACK IS REPULSED

Hendaye, France, Sept. 19.—(AP)—Spanish Government dispatches reported today that a fifth insurgent effort to crash through the Ebro front had been repulsed.

Bulletins from Barcelona admitted truth of an insurgent claim that a line of Government trenches had been captured, but said the trenches later were retaken.

### LIVE FISH RAINED ON WASHINGTON LAKES

Seattle, Sept. 17.—(AP)—It rained live fish on Lake Washington and Otter Lake. The State Game Department tossed thousands of fish overboard for an airplane at altitudes up to 1,500 feet to find out whether propagation of mountain lakes by air was feasible. Baby fish were placed in cans attached to parachutes. When the cans struck the water, they overturned and the fish swam free.

### RETIREMENT OF NOTED BISHOP IS ANNOUNCED

Rt. Rev. John Farthing, Lord Bishop of the Anglican Diocese of Montreal, Gives Advanced Age as Reason for Leaving Post.

Montreal, Sept. 19.—Bishop of Montreal for thirty years, the Rt. Rev. John Farthing announced his retirement yesterday from the pulpit of Christ Church Cathedral. He gave advanced age as the reason for his resignation from the bishopric. He will be seventy-seven in November and at the end of the

month will have served the ministry fifty-three years.

A native of Cincinnati, Ohio, Bishop Farthing moved with his parents to Liverpool, England, at an early age. Educated in England, he came out to Ontario, where he held a number of church posts before being elected Lord Bishop of Montreal, Nov. 24, 1908.

His Lordship read the notice of his intention to retire instead of delivering a sermon. "Feeling increasingly the infirmities of old age," the Bishop said that his sight was failing, his hearing was rapidly growing worse and that he found it an effort instead of a joy to throw himself into new work. He decided last January, without consulting anyone, to give in his resignation. He had not intended to speak his decision until "the day of my thirtieth anniversary on the Feast of Epiphany, the 6th of January, 1939," but further reflection convinced him that it would be in the best interest of the diocese and the Church to announce it now, so that proper time could be given to arrange for a successor.

### RUSSIA'S ATTITUDE MAY AFFECT ACTION

Prague, Sept. 19.—(AP)—From conferences begun at dawn came hints that the Prague Government, although hard-pressed diplomatically, would stand firmly against territorial revision.

The governing committee of the Slovak People's Party convened at Bratislava and although there was no official announcement on the discussions, it was expected the Slovak conferees would offer support against dismemberment.

The proposals generally received an unfavorable reception in Prague. Crowds on the streets of the capital kept anxious vigil, gleaming their news from newspapers and bulletins boards.

### Tens Of Thousands Of Troops Today Occupy Czech Border Defence Lines

On the German - Czechoslovak Frontier near Chrustava, Sept. 19.—(AP)—Tens of thousands of young, well-fed Czechoslovak soldiers, afraid of neither war nor work, are massed in formidable fortifications in readiness for shots which might signal a new European conflict.

Miles and miles of reinforced concrete and steel fortresses stretch across the mountain range which for centuries has been the natural boundary between Bohemia and what is now Nazi Germany.

Czechoslovak officers told the Associated Press correspondent proudly: "Our defence line is stronger than France's Maginot line. It is newer and more modern in construction."

Beginning at the frontier, which itself is only lightly guarded, the defence positions spread in all directions. They cover mountain summits, steep slopes and level, fertile valleys.

In some places soldiers guard field gun emplacements—with guns already in place and ready for action—while peasants with long scythes cut hay a few yards away.

From one particularly high peak a long line of anti-tank defence stretches as far as the eye can see. Firmly embedded in the ground are cast-iron cross bars which look something like a carpenter's saw horse. These are placed side by side, their tops and bottoms held firmly together by rivets. In two lines about eight feet apart, these bars are intertwined with heavy barbed wire.

The Czechoslovaks say that in tests these barriers have demonstrated their effectiveness in halting tanks.

In front of these lines and behind them are what appear to be lines of wheat shocks and haystacks. Closer inspection, however, discloses that they conceal a maze of machine gun nests, many with cement emplacements and others with new Czechoslovak-manufactured weapons set in the bare ground. Sentries with rifles guard these placements night and day.

War materials of every kind have been assembled in hidden munitions depots deep in the forest where only an occasional hiker might penetrate. Secret flying fields for emergency military use are hidden under cover of wooded estates. Bridges and roads are mined, blockhouses dot the landscape and sentries everywhere demand precise identification before allowing travellers to enter the fortified zone. Identification must be given when sentries leave.

# MANSONVILLE MAN SUCCUMBS AFTER ILLNESS

A. B. Bailey, Former Mayor of Potton and Widely Known in District, Dies at the Age of Sixty-Six Years.

Mansonville, Sept. 19.—A prominent Eastern Township citizen passed away at his home here yesterday afternoon at 2:30 o'clock in the person of A. B. Bailey, former Mayor of Potton, following an illness of several months' duration. He was sixty-six years old.

Deceased had been in ill health since a stroke early last December. He was Mayor of Potton during the years 1921-26 and 1931-34 and took a leading part in social activities in this Brome County town. He was a chairman of the School Board for a number of years and Master of St. John's Lodge in 1920-21. He was also former manager and owner of the local creamery.

Funeral service will be held tomorrow at two o'clock, standard time, at the United Church and burial will take place in the local cemetery.

He is survived by his wife and three daughters, Mrs. A. P. Brown, Mrs. J. W. Young, both of Mansonville, and Mrs. Alice Marchant, of Sherbrooke.

With friendly states. Governmental sectors are approaching the problem from the viewpoint expressed by the President and the Premier.

Basil Newton, the British Minister, and Victor de Lacroix, French Minister, visited Foreign Minister Kamil Krofta to explain the peace plan agreed upon by France and Great Britain yesterday.

Both ministers wanted indications as to the course the Czechoslovak Government would take. There was no official word, but it was apparent the Anglo-French plan was encountering stiff resistance in Prague.

Meanwhile, the state of emergency, a form of martial law, imposed by the Government was taking a firmer hold on national economy and finance. Regulations published by the National Bank forbade Czechoslovak leaving the country to take out any foreign currency whatever and allowed them only 1,000 crowns (about \$35) in Czechoslovak currency.

Hodza's speech yesterday setting forth the Government's determination to be firm and independent in settling its minority problem undoubtedly continued to work to the trouble of the British Prime Minister, Neville Chamberlain, in his efforts to effect a peace plan through conversations with Hitler.

A further clarification of the Czech view was expected after Mr. Chamberlain's second conference with Hitler, somewhat this week. Premier Hodza declared the nation was ready for any eventuality. A state of emergency is in force, martial law is in effect to keep order in Sudeten areas, and a strong army mans modern border defenses.

It was noted a large number of wives and children were departing Czechoslovakia's British colony.

Border incidents took a more serious turn at Aesch where hand grenades and pistols were used in an attack on a Czech customs station. Two Czech treasury employees were wounded. Czech reports said the attackers were in civilian clothes and came from Germany.

At the border town of Prabelbrunn, Czech authorities reported finding sixty hand grenades, thirteen pistols and explosives in a parcel in a cemetery. The Czech police said they arrested a Sudeten party member who confessed the arms had been smuggled from Germany.

A number of refugees continued to arrive from Sudeten areas, fearing war was imminent, and many residents were making arrangements to leave the country. A majority of the population checked up on gas masks and other protective equipment.

Premier Hodza in rejecting a plebiscite said that "A plebiscite, no matter how it might result, would solve nothing and it would bring about a succession of problems similar to that which we now face."

Martial law would be maintained despite the Sudeten demands for its revocation in Sudeten areas, Hodza said, because "by imposing extraordinary security measures the Government merely was doing its first duty—preserving order and protecting its citizens."

One newspaper commented, "The Government will be supported by nobody if it accepts (the Anglo-

# GREAT MENTAL HOSPITAL NEAR TO COMPLETION

New Ontario Structure Being Erected in Elgin County at Cost of \$8,000,000 Will Be One of Most Modern on Continent.

St. Thomas, Ont., Sept. 19.—Scores of workmen toiled today at their task of rearing on flat Western Ontario farmlands one of the most modern plants on the continent for the treatment of mental patients. Forming a village of steel and stone, the group of buildings is going up in Yarmouth Township, two miles south of here.

Thirty-five buildings in all—many of them huge structures costing many thousands of dollars—will make up the newest link in Ontario's chain of mental institutions. Three of the largest buildings are almost completed, others are well under way.

Into these buildings, according to a proposal of a senior Government official, will be taken 1,500 patients from the Ontario Hospital at London if the latter institutions, as also is proposed, is abandoned.

The proposal was made at London last Thursday at the opening of a Royal Commission inquiry into the operation of Ontario's mental institutions. R. A. McAllister, Deputy Minister of Public Works, told Chairman Clifford Magone and his fellow-commissioners that the big London plant is obsolete and should be abandoned.

The extensive Elgin County plant, started late last summer, is expected to cost somewhere around \$8,000,000 when the final unit of the present plan is completed.

Footings are being poured for an impressive administration building; men's and women's active treatment buildings; a reception building to include a staff hospital, isolation and out-patient facilities; and a fifth structure to be used for surgical and X-ray treatments.

one of the next steps will be its submission to the Czech Government.

It is understood preliminary discussions have already been started in Prague by the French and British ministers.

The Earl of Perth, British ambassador in Rome, who has been on a long holiday, is returning to his post. This is taken as a significant move, perhaps foreshadowing efforts to persuade Premier Mussolini to join in territorial guarantees to Czechoslovakia after cession of the Sudeten areas to the Reich.

Meanwhile, no date has been set for the re-assembly of parliament and this may be delayed until Mr. Chamberlain confers again with Chancellor Hitler.

trating the heart of European peoples. We hope that in these last hours a peaceful solution is reached.

"We wish also that if this is not possible the resulting conflict be limited and circumscribed, but if this does not happen and a line-up of universal character is brought on, for and against Prague, let it be known that Italy's place is already chosen."

He called the Jewish question Italy's most pressing domestic concern and declared "the world of Hebrews has for sixteen years been an irreconcilable enemy of Fascism."

Increasing fears of war brought Government consideration of new banking regulations and plans for protection of the currency.

Banks were reluctant to transfer foreign funds, fearing that the exchanges would not be completed before outbreak of hostilities.

Authorities in Prague continued to confiscate editions of newspapers carrying news considered detrimental to the interests of the republic.

The Permanent Interim Committee of Parliament, headed by the President of the Chamber of Deputies, Jan Malypeter, met to ratify the Government's declaration of a state of emergency throughout the nation.

Representatives of the Slovak and Sudeten parties did not appear but the Secretary of the Sudeten Party Parliamentary Club brought a letter to Malypeter which said the party's representatives would not participate in the meeting in view of the present situation.

favorite spots on the Rhine. There the Prime Minister is expected to answer the demands made by the German leader in their first historic meeting last Thursday at Hitler's mountain retreat on Obersalzberg, in Bavaria.

Following today's two-hour Cabinet meeting, Mr. Chamberlain continued his conferences with his Foreign Minister, Viscount Halifax, and Viscount Runciman, back from an unsuccessful mediation mission in Czechoslovakia, over the luncheon table.

In most British minds remained the question whether Czechoslovakia, even with the offer of general guarantees for the future, would give up her present frontier through the Sudetenland, a natural mountain bastion against Germany studded with guns and fortifications against invasion.

It was this frontier which was traced by the map-makers of the peace conference of the Great War for the express purpose of keeping Germany beyond the Sudeten mountains.

A date for the assembly of Parliament was expected to be fixed after Mr. Chamberlain returns from Godesberg.

Shortly after the Cabinet meeting opened the King returned to Buckingham Palace from Windsor to be in a position for easier consultation by his ministers.

Meanwhile informed persons expressed belief that Soviet Russia may hold the key to settlement of the settlement of the Czechoslovak crisis since Great Britain and France now are reported ready to cede Sudetenland to Germany.

Writers who favored the plan declared it was a real compromise by which Czechoslovakia would be given guaranteed neutrality and be made stronger and more closely knit as a result of an "operation which cuts off the unhealthy area."

Nationalists who saw nothing in the plan except outright capitulation to Germany declared that not only had Germany's territorial demands been granted but that she had been allowed to dictate to three independent states, forcing France and Czechoslovakia and Soviet Russia and Czechoslovakia to break their alliances.

Some argued that the French treaty with Czechoslovakia would not be valid if Prague refused to accept advice given by Paris.

The cabinet, in the midst of the international crisis, also was confronted by a strike of 100,000 Paris building workers called for today as a result of wage disagreements.

# NEW SOCIAL CREDIT STEP FOR ALBERTA

Calgary, Sept. 19.—First steps to set up credit houses in Alberta will be taken within the next ten days, Premier Aberhart said yesterday. He said also a scheme will be instituted making it possible for farmers to obtain a bonus on the sale of a part of their grain and cattle.

The Premier gave no details of the new credit plan or the system to bonus farmers but said sale of Alberta-made goods would be aided.

"We shall have our branch credit houses set-up and they will be handled on a similar basis to a credit union set-up."

that might avert war. Meanwhile, it became known that the Government had ordered a halt to military preparations, leading to the belief the Cabinet had resolved to keep France out of a conflict even if the Czechoslovak Government refused to accept the proposed settlement, which was reported to include annexation of Sudeten German areas by Germany.

Daladier and Bonnet went before the Cabinet immediately after they arrived from London, where they had conferred with Chamberlain until after midnight.

Terms of the plan they brought back have not yet been announced officially. Unofficial reports on the provisions already have led to a sharp division of opinion among the French, which one informed source said might extend to the cabinet itself.

Observers close to the Government said that, if and when the Cabinet's approval was gained, the plan would be submitted to Czechoslovakia and that France's central European ally would be pressed to accept it in the interest of peace.

All writers in France's morning papers, whether for or against the plan, agreed that the key to the future lay with Prague, which would again yesterday that Czechoslovakia would fight rather than submit to Germany's demands.

What France would do in the event Czechoslovakia decided to offer armed opposition to the threatened German annexation of the Sudeten territory no commentator would say.

Dispatches from Prague told of Premier Hodza's speech rejecting the idea of a plebiscite to permit Czechoslovakia's Sudeten Germans to be annexed by Germany as "Open threats to tumble all Europe towards war."

"Prague incites to war" "Diplomatic game!" The London communique with its announcement—that the British and French ministers were in agreement on a plan for peaceful settlement of the Czech dispute now, and for later action to effect a general European settlement—did not reach Berlin until early morning hours.

Consequently it was Hodza's speech, fighting on the frontier, and the influx of Sudeten refugees that commanded major attention.

It was known, however, that Foreign Office circles saw in the length of the deliberations between the British statesmen and the French Premier and Foreign Minister an indication that they had grasped fully the gravity of the situation.

It was expected here, also, that Premier Chamberlain would be ready for his second conference with Chancellor Hitler by midweek and that the two would meet at Godesberg.

Hitler gave to Chamberlain at Berchtesgaden last Thursday the German demands to end the tense situation—stemming from the Sudeten German demands first for independent self-government with Czechoslovak foreign policy favorable to Germany, now for outright union with Germany.

Refugees from Sudeten areas continued to seek haven in Germany, and their number last night was estimated at 87,000.

While the sensational headlines of incidents within Czechoslovakia generally stirred a war scare among Berlin people, the newspaper Der Montag added a calmer thought.

The paper credited Chamberlain with putting a hand to the wheel when "danger was greatest," and appealed to western democracies thus: "May all responsible statesmen in London, Paris and Washington truly recognize this outrageous deviltry of war incitation these days can bring a definite turn of peace for Europe."

There was praise also for Premier Mussolini's pledge yesterday.

Official estimates now place the number of Sudeten refugees in Germany at 100,000, an increase of 13,000 overnight.

The Fatherland Front Storm Troopers and Heimwehr of Austria, which disappeared when Austria was annexed by Germany, apparently are going to furnish uniforms for the Sudeten German "Free Corps."

The uniforms of the disbanded Austrian forces, which have been stored in Vienna since the annexation last March 13th, will be flown to Bayreuth, Dresden and Breslau, centres of "Free Corps" mobilization, it was reported reliably.

Vienna itself is the fourth main centre of mobilization for the armed forces of Sudeten Fuehrer Konrad Henlein and is headquarters for a column operating along the Czechoslovak frontier from Bratislava to Passau.

Sudeten quarters, at Passau, said the "Free Corps" now has 40,000 men divided into four columns.

Although Sudeten leaders say they have plenty of material, today was recruiting day at Bayreuth. At present they are filling their ranks only with men who either are Great War veterans or have served at least two years in the Czechoslovak army.

A Sudeten spokesman said there were numerous former officers of Austria-Hungarian army to act as leaders and instructors. He declined to discuss the armaments of the "Free Corps."

The German press charged Czechoslovakia with provocation to war.

Dispatches from Prague told of Premier Hodza's speech rejecting the idea of a plebiscite to permit Czechoslovakia's Sudeten Germans to be annexed by Germany as "Open threats to tumble all Europe towards war."

"Prague incites to war" "Diplomatic game!" The London communique with its announcement—that the British and French ministers were in agreement on a plan for peaceful settlement of the Czech dispute now, and for later action to effect a general European settlement—did not reach Berlin until early morning hours.

Consequently it was Hodza's speech, fighting on the frontier, and the influx of Sudeten refugees that commanded major attention.

It was known, however, that Foreign Office circles saw in the length of the deliberations between the British statesmen and the French Premier and Foreign Minister an indication that they had grasped fully the gravity of the situation.

It was expected here, also, that Premier Chamberlain would be ready for his second conference with Chancellor Hitler by midweek and that the two would meet at Godesberg.

Hitler gave to Chamberlain at Berchtesgaden last Thursday the German demands to end the tense situation—stemming from the Sudeten German demands first for independent self-government with Czechoslovak foreign policy favorable to Germany, now for outright union with Germany.

Refugees from Sudeten areas continued to seek haven in Germany, and their number last night was estimated at 87,000.

While the sensational headlines of incidents within Czechoslovakia generally stirred a war scare among Berlin people, the newspaper Der Montag added a calmer thought.

The paper credited Chamberlain with putting a hand to the wheel when "danger was greatest," and appealed to western democracies thus: "May all responsible statesmen in London, Paris and Washington truly recognize this outrageous deviltry of war incitation these days can bring a definite turn of peace for Europe."

# European War Clouds Do Not Disturb Hull

Continued from Page 1.

Washington, Sept. 19.—(AP)—One of the calmest and busiest men in the United States Government during these days of crisis in Europe is State Secretary Cordell Hull.

Right now the Secretary says virtually nothing for publication, although his press conferences are drawing larger attendance than ordinarily.

Secretary Hull has indicated that with Great Britain "carrying the ball" in negotiations in Europe, his wisest course is to stand by and observe.

Hull is intimately informed of what is happening in Central Europe by American diplomats abroad. He knows about the intended flight of Prime Minister Chamberlain to see Chancellor Hitler before the news was made public in London. Mr. Chamberlain himself gave the information to Joseph P. Kennedy, the United States Ambassador in London, and Kennedy relayed it to Hull.

# TO SEEK GRANT FOR EQUIPMENT AT STANSTEAD

Delegation to Interview Provincial Minister Regarding Aid from Government for Fire Protection.

Stanstead, Sept. 19.—Stanstead Municipal Council met in the Council Chambers, with Mayor R. J. Meekun presiding and Councillors L. C. Munroe, W. H. Holmes, Joseph Mayhew and W. V. Pospisil present. Minutes of the last meeting were read by the secretary and approved.

Bills to the amount of \$429.77 were ordered paid.

The secretary was instructed to confer with A. Bliss, of Rock Island, regarding fire regulations and Mayor Meekun appointed Fire Chief J. Boucher, J. Mayhew and J. Williamson to this committee. It was decided that tenders be called to resurface the road in the Young neighborhood with gravel. Mayor Meekun was authorized to sell the Hay property to Mrs. Grace Taylor.

Decision was also made that the valuation roll as amended be homologated. It was also decided that all unused culverts be filled with concrete. Councillors W. H. Holmes, J. Mayhew and J. M. Williamson were appointed to oversee the making and placing of signs.

The secretary was instructed to write the Hon. J. S. Bourque regarding a grant from the Government to the municipality for fire protection and to ask for an appointment. John Boucher, Fire Chief J. Mayhew and J. M. Williamson were appointed a committee to inspect motor cars with a view to purchasing a fire truck for the village.

# St. Peter's Church Services Marked By Prayers For Peace

### High Dignitaries of Anglican Church Conducted Services in Sherbrooke and District Yesterday—Archbishop of New Westminster Addressed Large Congregation in Morning, with Bishop of Athabaska Preacher at Evening Service.

Attended by an archbishop, eight bishops and members of the clergy from various sections in the Eastern Townships and marked by fervent prayers for world peace, special services were held in St. Peter's Church, Most Rev. A. U. de Poncier, O.B.E., D.D., Anglican Archbishop of New Westminster, and Metropolitan of the ecclesiastical province of British Columbia, conducted the morning service and preached the sermon while the evening service was taken by Ven. Archdeacon Jones, of the St. Francis district, and the sermon delivered by Rt. Rev. A. H. Sovereign, D.D., F.R.G.S., Bishop of Athabaska.

Addressing a large congregation yesterday morning, Archbishop de Poncier said that although Christian people hope and pray the world will never again become embroiled in war, if a conflict should result from today's troubles "England still expects every man to do his duty."

The Archbishop urged the congregation not to forget Canada's actions when war broke out in 1914 and men from all over the Dominion hastened to enlist to do their share for their Empire when they saw its need.

Reminding his listeners that of the five hundred thousand Canadians who enlisted to fight in the Great War sixty thousand lay dead somewhere in France, the Archbishop said, "When we think of that sacrifice and the condition of the world today our prayers go out that the leaders of the European countries will be guided by God to a peaceful solution of their difficulties."

Taking for his text the words "This God is our God for ever and ever. He shall be our guide unto death," the prelate said devotion to religion is the greatest inheritance that has come down from the past. He pointed out that Englishmen have taken the faith of their fathers to all corners of the world. He traced the history of the Province of British Columbia, of which he was made Archbishop in 1910, from the gold rush days to the present.

time and observed that in 1910 there were seventeen Anglican churches within twenty-five miles of Vancouver while today there are twenty-nine. There were forty-eight thousand people in Vancouver when he was named Archbishop, while today there are between two hundred and fifty thousand and three hundred thousand. Outlook in the Canadian West was brighter this year than for some time, the Archbishop stated.

During the service, Rev. Canon H. R. Biggs, rector of St. Peter's Church, asked the congregation to join in special prayers for the Most Rev. John A. Richardson, D.D., D.C.L., Archbishop of Fredericton and Metropolitan of the ecclesiastical province of Canada. Rev. Richardson was to speak at the evening service but was prevented by illness. His condition was reported slightly improved last night. Receiving treatment for anaemia, he was given a blood transfusion after entering hospital Wednesday and another transfusion yesterday.

Rt. Rev. A. H. Sovereign, D.D., Bishop of Athabaska, expressed a fervent hope that the wise counsels of statesmen will prevail and a European war be averted in addressing the congregation at the evening service. Among prominent members of the Anglican clergy present were the Bishop of Moose, Rt. Rev. J. G. Anderson; Huron, Rt. Rev. C. A. Seager; Kootenay, Rt. Rev. Walter Adams; Caledonia, Rt. Rev. George A. Rix; Ontario, Rt. Rev. John Lyons; Niagara, Rt. Rev. L. W. B. Broughall; Qu'Appelle, Rt. Rev. E. H. Knowles; and Calgary, Rt. Rev. L. R. Sherman; Rev. A. H. McCreer, M.C., principal of the University of Bishop's College, Lennoxville, and Rev. Elton Scott, of Bishop's University.

Christians were urged to unite and work for world peace by Bishop Sovereign. "If two per cent of the Christians thought and worked for the cause of peace, war could be avoided," he stated.

The Bishop deplored the growth of nationalism in the world today, which he said was leading to national chaos. "It is strange that in this modern age when nations are closely linked together that we have gone back to the days of the jungle," he stated.

Dealing with the subject of bridge building in its application to the various moral and social dangers of the present time, he said that many dark chasms might successfully be bridged if it were not for intolerance and understanding was used intelligently in considering issues of nationalism, diversification of races and creeds.

"God made man of one blood and all nations to live at peace with one another," said the Bishop. "We know this, yet we are so blind in the midst of the confusion which exists in Europe today. That is the tragedy. The troubles and problems could be solved if Christians would unite and work for the cause of peace."

He pointed out Canada and the United States as an example of how two nations could live at peace without sentries marching to and fro along the border. "It is an object lesson to the rest of the world," he said.

His Lordship said it was pitiful to see the plight of the Jews in Germany. He blamed the persecution on the growth of racialism which was leading men to hate one another. "We have no right to speak of inferior and superior nations," said the Bishop. He reminded the congregation that great empires had fallen and other nations had risen and taken their places.

"The Holy Catholic Church in Canada can do a great deal in bringing about peace," he said. "It is only through Christ that this aim can be achieved."

Referring to labor troubles as another problem in the world today, the Bishop said that the confusion was partly due to the workers and the employers who were not "playing the game." Co-operation was the only method to bring an end to the class strife, he believed.

Appealing to the congregation to support the church missionary society, the Bishop pointed out that this was one of the most important branches of the Anglican Church. He said that there were missionaries who were on the verge of starvation. "Some receive the small sum of thirty dollars a month for their upkeep," he said. "They are doing wonderful work and without them the Church cannot hope to survive."

During the day many of the high dignitaries in the Anglican Church conducted services in various sections of the province.

## ANGELICAN PRELATES GATHER IN SHERBROOKE

Sherbrooke was honored yesterday by the visit of a group of Canada's leading Anglican churchmen, including an archbishop and six bishops. Shown above, gathered in St. Peter's Church hall, from left to right are: Seager, Bishop of Huron; Rt. Rev. John George Anderson, Bishop of Moose; Rt. Rev. Arthur Henry Sovereign, Bishop of Athabaska; Rt. Rev. John Lyons, Bishop of Ontario; Rt. Rev. E. H. Knowles, Bishop of Qu'Appelle; Rt. Rev. L. W. Broughall, Bishop of Niagara; Rt. Rev. Charles Allen Poncier, Archbishop of New Westminster; and Rt. Rev. A. U. de Poncier, Archbishop of British Columbia.

### FINAL TRIBUTE WAS GIVEN TO MRS. CAMIRAND

#### Mother of Police Chief Buried in St. Michael's Cemetery After Services in Cathedral—Many Prominent Residents Gather in Tribute.

With a large number of Sherbrooke citizens present, including many of the city's most prominent figures, funeral services for Mrs. Edmond Camirand, mother of Chief of Police H. O. Camirand, were held this morning in St. Michael's Cathedral.

The solemn service of Requiem High Mass was conducted by Mgr. E. Vincent and burial was made in St. Michael's Cemetery. Mrs. Camirand died in the St. Vincent de Paul Hospital Friday afternoon at the age of seventy-four years.

Honorary bearers were Armand Crepeau, Dr. A. N. Dupuis, Leonid Chevalier, Charles Godere, Michel Laine and J. A. Ouellette, with Ernest Sylvestre as director, Bowers as Deputy Chief J. A. Premier, Capt. M. A. Lecharlie, Aime Biron, George Sylvestre, Alphonse Genest and C. D. Paulhus.

Mrs. Camirand had been a patient in the hospital for but two days and had been sick for only two days before entering the institution. Besides Police Chief Camirand deceased is survived by three other sons, Alphonse, Philippe and Lorenzo. Her husband, Edmond Camirand, predeceased her about ten years ago.

The large number present at the services and the numerous floral offerings testified to the esteem in which Mrs. Camirand was generally held and the sympathy that is felt for the Police Chief and the other sons in the loss of their mother.

tions of the Townships. They arrived in Quebec City Friday for assembly of the House of Bishops and at the request of the Lord Bishop of Quebec, the Rt. Rev. Philip Carrington, Litt. D., preached in parishes in this district yesterday.

#### PEACE PRAYERS IN CAPITAL

Quebec, Sept. 10.—Special prayers on behalf of peace in Europe were offered up in Anglican Churches in this city yesterday at both morning and evening services.

At the Anglican Cathedral of the Holy Trinity, the Primate of Canada, Archbishop Owen, of Toronto, recited the prayers at the morning service, where he celebrated Holy Communion.

In the evening at the Cathedral Lord Bishop Rooksborough-Smith, of Algoma, led the prayers for world peace.

#### MINISTERS LAUD CHAMBERLAIN

Montreal, Sept. 10.—Congregations of Montreal churches prayed Sunday for peace in the face of the European crisis. Many ministers centred their sermons on the international situation.

Praise for Prime Minister Chamberlain, of England, in his peace-seeking mission to Adolf Hitler was voiced by Rev. Dr. George H. Donald, of the Church of St. Andrew and St. Paul, and Rev. Burton H. Robinson, of Fairmount St. Giles United Church.

Mr. Robinson entitled his evening sermon, "Christ and Chamberlain." Mr. Donald declared the Prime Minister's visit would go down in history as "unparalleled in its wisdom, courageous insight and patience."

### LENNOXVILLE CONGREGATION HEARS BISHOP

#### Right Reverend Ralph Sherman, Bishop of Calgary, Delivers Inspiring Sermon at St. George's Church.

In a brief but inspiring address to the congregation of St. George's Church, Lennoxville, yesterday morning, the Right Rev. Ralph Sherman, Lord Bishop of Calgary, pointed out the old, yet ever modern, story of the familiar scene at the pool of Bethesda, found in the gospel of St. John.

The Bishop took his text from part of the second and third verses of the fifth chapter of St. John's Gospel, in an adapted translation of Dr. Moffatt's version of the Bible. "Behold, where the crowd of sick and impotent persons lay waiting for the waters to bubble."

"There are two stories of Our Lord's ministry," he said, "and the second one, the fourth gospel of St. John, I believe to be the best. It teaches the inner message of Our Lord's life. John calls His miracles signs. He wrote not of the activities of each day, but of the points which have an inner meaning, a sign."

In speaking of the miracle, or sign, of the sick man at the pool, the Bishop pointed out that this was the first time Jesus had offered assistance without being asked. He had bid the man arise and walk in order of putting his faith in material things, waiting until the water would bubble.

"We are continually grasping at new philosophies and trying out new ideas, seeking new leaders," he concluded. "We are chasing bubbles. God's answer to the world's needs is the same now as it was then—Jesus Christ. We need no other savior. He is the cure for the world's troubles. Accept Him, receive Him. I bid you, as in the words of the old Christmas hymn, 'Come, let us adore Him, Christ the Lord!'"

Prior to his sermon His Lordship spoke of the time, some thirty years ago, when as a student of Bishop's University he used to visit the Venerable Archbishop R. W. E. Wright and Mrs. Wright and mentioned his pleasure at meeting them again.

The morning and Communion services were conducted by the Venerable Archdeacon Albert Jones, rector of St. George's Church, and the music was under the direction of Mrs. L. M. Watson, substitute organist during the absence of Mrs. Albert Jones, who is enjoying a sojourn in England.

#### UNITED CHURCH SERVICES

"Blessing and Cursing" was the subject of the morning sermon by Rev. F. R. Matthews at the Lennoxville United Church yesterday. The lovely anthem, "How Excellent Are Thy Dwellings" (Blissell), was sung by the choir under the direction of the organist, Miss Jean Campbell, and included solo parts by Miss Hazel Crosby and Mr. Charles Greenhalgh.

In the evening Rev. Mr. Matthews chose the twentieth verse of the seventh chapter of St. Matthew, "By their fruits ye shall know them," for the corresponding text of the subject, "The Faith of Youth," on which subject he gave an inspiring sermon. The anthem, "Incline Thine Ear" (Novelle), contained a solo part by Mr. Stanley Pergau.

#### General Notes.

Mr. and Mrs. George T. Little have returned to Lower Ireland after visiting Mr. and Mrs. W. A. Hyndman at their home on Clough avenue. Mrs. Robert Mouland, of Sherbrooke, was also a guest at the same home.

Mrs. M. B. Wellington, of Santa Ana, Calif., is a guest of Mrs. William Clark at her residence on Belvidere street.

Mr. and Mrs. Austin H. Scott, accompanied by Mrs. A. E. Rowell and Miss Ann Haley, of Sherbrooke, have left for a Y.W.C.A. World Conference at "Elgin House," Muskoka, Ont.

Miss Lucie Gregoire was visiting her parents at their home in Scotstown over the week-end.

### AUTO SMASHES OVER WEEK-END INJURED FOUR

#### None Seriously Hurt in Three Collisions Which Occurred in City—Passenger in Car Which Hit Truck Most Seriously Hurt.

Three minor automobile accidents were reported at local police headquarters over the week-end but no one was seriously injured in any of the collisions.

Most serious of the accidents occurred late Saturday night when a car driven by Leo Lusser, of Alexander Boulevard, collided with a truck which was parked on Galt street, Don Tinker, passenger in the car and residing on Marquette street, received several painful cuts about the face and injuries to the legs. He was removed to the Sherbrooke Hospital for treatment by Dr. Ned Hume.

Earlier in the same evening John Jones, of Alexander street, was struck by a car operated by E. H. Selter, London street resident. Jones suffered a broken arm about two months ago and complained of pains in the arm. He was also cut about the face.

A car driven by E. J. Mathurin, of Sherbrooke, and proceeding toward this city from Magog collided with another car on the Montreal road near Armitage's. Mr. and Mrs. Mathurin both received minor injuries and were treated by Dr. Fred Bertrand.

### FIND DEATH OF AMERICAN DUE TO BAD HEART

#### Coroner Decides Massachusetts Man Who Had Been Vacationing in Melbourn Died from Heart Attack.

An investigation was conducted yesterday by Dr. J. A. Allard, joint coroner for St. Francis District, into the death of John Francis Kellett, sixty-nine year old resident of Milford, Mass., who died suddenly yesterday at the home of friends he had been visiting in Melbourn.

Dr. Allard determined that the man died as the result of a heart attack.

According to the coroner, Kellett was preparing to attend church yesterday morning when he complained of feeling ill. He had walked out into the yard when the heart attack seized him and he slumped to the ground, dying almost immediately.

## Special Committee To Study Protests Made By Ratepayers

### Council Will Appoint Committee of Three to Investigate Complaints Registered by Sixteen Ratepayers that Valuation of Their Properties Is Much Too High—If Protests Are Well Founded Roll Will Be Re-adjusted.

As the result of numerous protests filed against the evaluation roll for the year 1938, the City Fathers at a meeting tonight will appoint a special committee composed of three aldermen to study the complaints with the evaluators and report their findings to the Council at a session next Monday.

Sixteen ratepayers are protesting against the roll and complain that the evaluation of their properties is much too high. The special committee will make a study of the matter and, if the protests are well founded, steps will be taken to re-adjust the evaluation.

Those protesting against the evaluation roll are as follows: East ward, Anna Simonson; South Ward, St. Charles Seminary and J. W. Greig; West Ward, Atlantic North Western Railway, Waterloo Magog Railway, J. R. Michaud, Canada Silk Products, F. X. Blais and the Carleton Company, Limited; Centre Ward, Sherbrooke Railway and Power Company, Thomas Tremblay, Sherbrooke Realty and Investment Company, La Tribune Limited, and the Atlantic North Western Railway; North Ward, Mrs. Marion Brooks, W. J. Benoit, B. A. Dugal, Mrs. Harriet Ewing and the Atlantic North Western Railway.

Alderman J. R. Royer, pro-Mayor, will preside over the Council meeting tonight, in the place of Mayor Marcus Armitage, who left today on a business trip to Quebec. Several committee reports will be submitted at the session.

A petition for the extension of power lines to their homes on lower Belvidere Road will be presented to the Council by a group of farmers. The petitioners are asking to be furnished with electric lights.

## HEART ATTACK IS FATAL TO KEITH WOMAN

### Mrs. Angus Buchanan Succumbs Suddenly While Visiting at Home of Scots-town Friends—Was Widely Known in District.

Scotstown, September 10.—Residents of this community were deeply shocked to learn of the sudden death of Mrs. Angus Buchanan, of Keith, which occurred here about two p.m. yesterday.

Mrs. Buchanan, who was in her usual health, came from Keith accompanied by her son and his wife, Mr. and Mrs. Wilbert Buchanan, to attend Communion services held in St. Paul's Presbyterian Church. After the service she went to the home of Mr. and Mrs. Kenneth MacDonald, where she suffered a heart attack. Dr. C. M. Smith was immediately called but Mrs. Buchanan had passed away before his arrival.

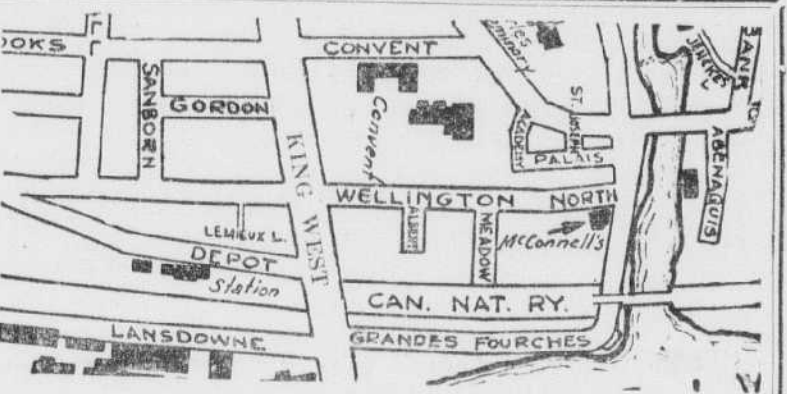

Mrs. Buchanan was well and favorably known here, having many friends in the town and surrounding district, who extend sympathy to the bereaved family.

## Hundreds Of Former Convent Pupils Gathered At Reunion

### Mont Notre Dame, Convent and School Founded Eighty Years Ago, Scene of Rejoicing as Alumnae Returned to Celebrate Anniversary and to Congratulate Two Sisters Who Had Completed Fifty Years of Religious Work.

Mont Notre Dame, the convent and school founded in Sherbrooke eighty years ago by the Congregation de Notre Dame of Montreal, was yesterday the scene of rejoicing as hundreds of its former pupils returned to celebrate the anniversary and also to congratulate two of the Sisters, Reverend Mother Ste. Anne d'Auray and Reverend Mother Ste. Marguerite de Savoie, who had completed fifty years of religious profession. These two revered sisters, who were also former pupils and teachers at Mont Notre Dame, were present, the former after an absence of several years, as well as over forty former teachers now stationed at other schools. With them the alumnae honored Reverend Sister Barbeau, of the Grey Nuns, who was also celebrating her golden jubilee of religious profession and who is a former pupil of the convent being the first student to win a gold medal.

The programme opened Saturday evening with registration and a social hour, during which the guests had the opportunity of renewing old friendships with former schoolmates, many of whom had not met for thirty years or more. A short address of welcome was extended by the Reverend Mother Superior of the convent and by Mrs. Maurice Shea, president of the alumnae, and in English by Miss Minnie Mooney, vice-president. The singing of loved convent hymns brought the evening to a close.

Sunday morning at eight o'clock the mass was celebrated by His Excellency, Bishop Desranleau, the music being under the direction of Miss Marie-Anne Couture, with Miss Bernadette Beauchamp at the organ. Miss Therese Gervais sang "Divine Eucharistic" and Mrs. Leon La-combe (Claudia Beauchamp) was soloist in the celebrated "Priere de Guidi," "Panis Angelicus" (Dubois) was rendered by Miss Marie-Louise Gauthier and choir. Other numbers were: "O Cor Avenir" (Boissy), by Mrs. Barry (Evelyn Biron) and choir, "Agnus Dei" (Bize), Miss Marie Ange Blanchard, "Prayer of Abbe Pereyve," by Miss L. Bousquet, Mrs. Paul Dion, Miss Blanche Couture and choir.

After mass a buffet breakfast was served in the refectory and the visitors were free to roam the convent halls and revisit the class rooms. After adjournment for lunch, the guests returned at one-thirty for a group photograph and further "visiting" and at three o'clock a programme was presented by the students of the house in the beautiful setting of the music hall, which was tastefully decorated for the occasion with palms and flowers.

The programme opened with a stirring and beautiful concerto. At four o'clock the Misses Rita Robert, Madeline Rheault, Florette Michel, Yvette Jarest, Jacqueline Gaudreau, Cecile Bissonette, Francoise Parent and Monique Mercure, who rendered the overture in a creditable manner.

Miss Monique Mercure addressed the French-speaking alumnae and tendered them a welcome in the beautifully phrased language for which Mont Notre Dame is noted. Miss Andrea Hawkins, with charming tone and pleasing grace, spoke the cordial words of welcome to the English-speaking alumnae.

These addresses were followed by a touching presentation of flowers by the present pupils to Mother Ste. Anne d'Auray, jubilarian. This presentation was made by Misses Therese and Yvonne Roy.

The third generation of students at Mont Notre Dame, in affectionate tribute, then presented their grandmothers of the alumnae with bouquets of red roses, the Misses Pauline and Minnie Bachand to their grandmother, Mrs. L. C. Bachand; Miss Elizabeth Welch to her grandmother, Mrs. P. J. Wolfe; Miss Lucienne Trivalto to her grandmother, Madame Dubois, and the Misses Jacqueline, Therese and Gisele Gauthier to their grandmother, Mrs. Edmond Gauthier.

The appreciation for this delightful concert and the thanks of the present pupils by Mrs. Inasser, of Quebec, (formerly Valda Charo) in the French language and by Mrs. Roland Bartlett, of Noranda, (formerly Marguerite McCaffrey).

Canon Simard, who presided at the reception, spoke feelingly of his association with Mont Notre Dame and claimed an interest in the welfare of every alumnae. From the time of Jubilarians, Canon McGee, in the name of the English-speaking clergy, welcomed the members to their grand reunion. Mayor Marcus Armitage added his tribute to the Mont Notre Dame Convent to complete the afternoon.

A short business meeting of the alumnae followed, during which it was announced that from the contributions received a scholarship would be established at Mont Notre Dame to be known as the Mother Ste. Anne d'Auray Scholarship, to be awarded annually to a student to enable her to continue her studies. These thanks were extended to all who had assisted in making the reunion such an outstanding success.

Benediction of the Blessed Sacrament was given in the chapel at

## RECENT BRIDE WAS HONORED AT SWEETSBURG

Sweetsburg, Que., September 19.—Mrs. Sarah Rundle and Mrs. Lloyd Ruter entertained at a stork shower at the home of the latter for Mrs. Arthur Moore, formerly of Howick, where more than thirty ladies of Sweetsburg were in attendance.

Pretty and appropriate decorations were used in the living room, where the guest of honor was seated, before a daintily trimmed basket heavily laden with parcels which was presented by Mrs. C. B. Jameson, president of the Parish Guild of Christ Church.

After the many lovely gifts had been unwrapped and shown to each guest, Mrs. Moore graciously thanked her friends and hostesses for their kind thoughtfulness. Coffee and tea were poured at a daintily arranged tea table, where lighted candles were used, by Mrs. Julia Fuller and Mrs. Hugh Ashness-Wells, while Mrs. Norman Rundle, Mrs. G. J. Labrecque, Miss Bernice Ewing and Mrs. Alton Ewing assisted the hostesses in serving refreshments.

General Notes  
Mr. Herbert Mason, of Iron Hill was in town for a day.

Miss Janet Roy, of Howick, has opened the scholastic term of 1938-39 at Hillcrest School and is making her home with Mrs. Eugene Hall.

Mrs. Robert Standish, of Rougemont, and Mr. E. Boyd, of Brighams, were guests of Mrs. C. O. Robb.

Mr. and Mrs. John Murray, of Ashland, N.H., were tea guests of Mrs. M. A. Robinson, their cousin, before going to Iron Hill to visit Mrs. Murray's brother, Mr. E. W. Beard, and Mrs. Beard, also her sister, Mrs. C. L. Sweet, and Mr. Sweet.

Friends here of Mr. D. F. Sweet of Iron Hill, regret his serious illness from a recent paralytic stroke. Mr. Sweet is under care of Dr. F. H. Pichel, of this place.

Miss Norma Leonard, of Montreal spent a week's vacation at the home of her mother and brother, Mrs. A. J. E. Leonard and Mr. Vincent Leonard.

WHEN TOT REFUSES TO EAT, DON'T FORCE HIM

Every infant and young child loses interest in food at times, but generally this is nothing to worry about. If it isn't caused by the heat and if the child isn't teething, his indifference to food or even absolute refusal to eat upon occasion, is more likely to be caused by a slight stomach upset than by anything else. However, while parents usually recognize the loss of a single meal would not harm him and might even teach him a lesson not to try it again, where a child has even a slight temperature he should be put to bed at once. Common indigestion is often accompanied by a little feverishness as well as loss of appetite, listlessness and irritability. But if a mild physic and rest do not correct it, and especially if the fever lasts, call in a physician and play safe.

Mother's do not realize sometimes that over-feeding is a common cause of loss of appetite in young children. If a child eats more at any sitting than he is accustomed to, his appetite at the next meal will not be good. The same is true of a child who is allowed to have between-meal snacks whenever he asks for them, and especially when he gets them just before the next meal. Such parents must expect the child to balk at eating at regular meal times and are advised not to force the child to eat lest he be made ill.

A child should eat in pleasant, quiet surroundings. Nagging and maternal anxiety in general are distracting and upsetting. Don't hover over a child old enough to feed himself. Serve him and leave him. And if he is hungry and well, he will eat.

Be sure that the strokes overlap so that the entire surface is washed and rinsed evenly. Dry quickly.

## Social and Personal

Miss H. Johnson is arriving today from Montreal, to visit her sister, Mrs. Robert Newton, and Mr. Newton, Victoria street.

Mr. and Mrs. Rufus R. Page, who have been visiting the former's mother, Mrs. W. D. Page, and other relatives, have returned to their home in Peterboro, Ont.

The weekly tea at the Sherbrooke Country Club on Saturday afternoon was a pleasant affair, with Mrs. S. B. Wood acting as convener, assisted by the following hostesses, Mrs. A. C. Skinner, Mrs. Andrew Sangster and Miss Gertrude Imrie. Mrs. Wood did the honors at the pretty tea table which was centered with a lovely bowl of pastel-shaded cosmos. Assisting were Mrs. J. T. Hawkins and Miss Janet Wood.

Mr. and Mrs. G. Reid Moe were the guests of honor on Saturday evening at a delightful surprise party, given at their home on High street, by a few of their friends and relatives on the occasion of the fifth anniversary of their wedding day. The evening was pleasantly spent playing cards, and during its course Mr. Cliff Bryant, on behalf of the guests made a suitable presentation to the guests of honor and voiced their felicitous congratulations and best wishes in a happy little speech. Later dainty refreshments were served.

Formulating plans for the coming season, including a corn-roast for this Thursday at half past seven o'clock, featured the largely-attended opening meeting of the Young People's Union in Plymouth Church hall, Rev. F. A. C. Doxsee, who presided, conducted the devotional exercises which were brought to a conclusion with a brief address on the "Life of Christ." The speaker urged the young people to do their utmost to "follow in His steps during the months to come." Hymns were sung and after prayer and meditation the business of the society occupied the members for some time. A pleasant hour of relaxation followed, Mr. Doxsee leading in a jolly sing-song, the meeting afterwards winding up with a spelling bee which proved a most interesting and amusing finale to the first autumn session of the Plymouth Young People's Union.

Mr. Kenneth Ross is visiting his parents, Mr. and Mrs. Duncan Ross, Fulton avenue. Mr. and Mrs. C. W. Rand and son, Roderick, who have been visiting at the same home, have returned to Anlover, Maine. Miss Muriel Ross returned with them to resume her studies at the University of Maine.

Mrs. Henry Wilder Pierce and her son, Mr. Wilder Pierce, Jr., after visiting the former's father, Mr. W. R. Webster, left yesterday morning by motor for New York where they were met by Mr. Pierce, who had previously journeyed there by rail and together they will continue the trip by motor to their home in Jacksonville, Florida.

Mrs. Frank Staniford entertained on Saturday evening at her home on Federal street in honor of her daughter, Miss Dorothy Staniford, on the occasion of her birthday. Bingo was played, the prizes being won by Miss Hilda Robinson, Miss Clara Brown, Mr. Henry Wyatt and Mr. Gerald Thorne. Afterwards games and dancing were enjoyed and later dainty refreshments were served by the hostess, assisted by Mrs. H. Brewer, Miss Staniford being the recipient of many beautiful gifts.

The Sherbrooke Country Club has sponsored many successful social events during the season, but none more delightful one than the dance on Saturday evening, at which many out-of-town guests shared with the members the hospitality of this popular foliage. Brilliant hued autumn foliage and late garden flowers were placed about the spacious rooms and excellent music for dancing was furnished by Giz Gagnon's orchestra. Prior to the dance a large community dinner party was held at the Club, the guests remaining on to enjoy the dance, which in all probability will be the last of the series which have been so successfully carried on during the season of 1938.

Mrs. T. G. Walsh entertained at luncheon yesterday at the Sherbrooke Country Club in honor of some of the former pupils who were here for the celebrations in connection with the eightieth anniversary of Mont Notre Dame Convent. Covers were laid for fourteen, the table being charmingly done with varied-colored cosmos. The guests included Mrs. Percy York, (Olive Taylor), Lewiston, Maine; Mrs. Earl Wing (Inez Grose), Kingsfield, Me.; Mrs. William Veilleux, (Stella Hawkins), Miss Germaine Hebert, Miss Yvette Campbell, Miss Kathleen Walsh, Miss Beatrice Lawrence, Miss Evelyn Hebert, Miss Eva McConnell, Miss Mary McConnell, all of Sherbrooke; Mrs. Merle Turner (Inza Welch) Readfield, Me.; Mrs. Fred. Pole, (Hilda Fuller), Dover-Foxcroft, Me.; and Mrs. Roland Bartlett, (Marguerite McCaffrey), Noranda.

MAKEUP MUST HARMONIZE WITH COLORS OF CLOTHES

The woman who is interested in the fine details of the subject of beauty knows that it's a mistake to try to wear the same makeup with black, blue, mustard yellow and half a dozen other colors. She knows that her skin tones remain the same regardless of the color of her costume, of course. But that they appear to change. If you doubt this, hold a piece of scarlet silk against your throat, stand before a mirror in a bright, sunny room and look carefully at the shade the skin on your face and neck now seems to be. Repeat this examination several times, using a different color of silk each time. You'll see that a purple throws a purple light across your skin, that yellow reflects yellowish tones, and so on.

Therefore, it would be a poor idea to wear yellowish red or orange red dress which gives your skin a pink glow. Or to wear clear, bright red rouge and lipstick with a wine or purple dress. The smart idea is to have special makeup for bright or unusual colors, then stick to items which match exactly your natural skin tones when wearing black or gray or white.

When picking eye shadow (for evening only), you can forget the old rules about this particular preparation having to match the color of the eyes. Just go ahead and get something that is flattering, which makes your eyes seem larger, more luminous and the eyelids themselves soft, smooth and satiny. Even though your eyes are brown, it's possible that blue or green eye shadow will be lovely, or that brown will, if your eyes are blue. Stand in artificial light and try several shades, then decide.

If eyelids seem very dry, lacking both in oil and moisture, you might put a bit of cream or oil on them after face powder has been applied, allowed to set and the excess whisked off.

Butterflies carry their tongues coiled like watch springs.

PREPARE SIMPLE DESSERTS FOR HELP-YOURSELF PARTIES

Your friends are home again from their vacations, and you will want to greet them all in one big get-together soon. Make it a "help-yourself" luncheon or supper that expresses all the informality, freedom and cordiality of summer entertaining. You will want several hot dishes on these early-fall party menus, so serve casserole combinations that will keep well for late-comers.

For serve-yourself desserts, you could choose nothing nicer than an upside-down cake with its rich topping of fruit, tarts with a tempting filling, fancy cookies, or individual cakes. At the last moment bring in a chilled bowl heaped with vanilla ice cream. This will serve as a sauce for the cakes or tarts, or as an accompaniment with cookies.

RAISIN-NUT SQUARES

1/2 cup butter  
1/2 cup sugar  
2 egg yolks  
2 cups flour  
1 teaspoon baking powder  
1/2 cup thin cream

Cream the butter, gradually add the egg yolks, one at a time, beating thoroughly after each addition. Sift the flour with the baking powder and add to the butter mixture alternately with the cream, stirring just enough after each addition to blend well. Toss on a lightly floured sheet of waxed paper. Pat out evenly to 1/4-inch thickness to fit a pan 9 by 13 inches. Invert the pan over the dough and turn over quickly. Peel off the waxed paper. Bake 15 to 20 minutes in a hot oven.

When done, remove from the oven and let stand 10 minutes. Then spread with one cup apple butter and finish with the following topping:

1/2 cup sugar  
1/2 cup chopped nut meats  
1/4 cup raisins

Spread roughly on top of the apple butter layer and bake in a slow oven 20 minutes. Cool 15 minutes and cut into squares. These are delicious with hot or iced tea or coffee.

BLUEBERRY UPSIDE-DOWN CAKE

2 cups fresh blueberries  
1 cup sugar  
6 tablespoons water  
1/4 cup butter  
1 egg, beaten

1/4 cup sifted cake flour  
1 teaspoon baking powder  
1/4 teaspoon salt  
1/4 cup milk  
1/4 teaspoon vanilla

Cook together, for 10 minutes, blueberries, 1/2 cup sugar and water. Cream the butter with the remaining sugar, add the beaten egg, then the sifted dry ingredients, alternately with the milk, to which the vanilla has been added. Pour the blueberries into a well-greased floured layer-cake pan and cover with the cake

CHOCOLATE TARTS

2 cups milk  
1/2 cup granulated sugar  
1/4 cup cornstarch  
2 eggs  
3 squares chocolate  
1 tablespoon butter  
1 teaspoon vanilla

1 1/2 cups macaroon crumbs  
Scald the milk. Blend the cornstarch, sugar and a pinch of salt, and pour gradually into the milk, stirring constantly. Cook until smooth and thickened. Remove from the heat and pour over the beaten egg yolks. Add the chocolate, melted, and the butter. Cook 3 minutes longer. Cool, add the flavoring and macaroon crumbs. Pour into 8 baked tart shells and serve with a topping of whipped cream.

COWANSVILLE IS SCENE OF FINE ADDRESS

"What Is Educational System of Province of Quebec?" Topic of Address to Women's Institute.

Cowansville, Sept. 19.—"What is the Educational System of the Province of Quebec?" was the title of an interesting paper read by Mrs. D. A. Rodger, convener of education, at the September meeting of the Women's Institute held at the home of Miss Annie Lowe and Mrs. Kerr.

"The educational system of the Province of Quebec is a dual one and basic to this system are tolerance and freedom," the speaker stated. "The basis of the settlement was as much a stroke of genius as the outstanding achievements of educational efforts."

"This is the legacy bequeathed to every child in this province by their sagacious forebears. It merely remains for each successive generation to preserve the heritage intact."

"To this end the effort is made in each school system to have pupils imbibe something of the culture, traditions and customs of the other. The two official languages are therefore taught in the schools. English pupils learn French as their second language and French pupils learn English. Instruction is given in these subjects as living tongues. It commences in the primary grades and is compulsory to the end of the high school. Both gain by this policy for it leaves each free to develop according to its tastes and beliefs."

"Each race has an amazing faith in the benefits of its system and each believes that the future welfare of its children is bound up with the particular kind of education provided in its own schools."

"Certain it is that the schooling received suits the taste of both elements of the population and prepares them for the social and industrial environment in which they expect to spend their lives."

The roll call was in keeping with the subject of the paper and was responded to with the name of a Canadian university or college prominent among those named were McGill, Bishop's, St. Anne's, Acadia, Lovola, Macdonald and others.

The first vice-president, Mrs. Clara Buzzell, presided in the absence of the president, Mrs. W. D. Smith, who was detained by the serious illness of her mother, Mrs. L. D. Phelps.

Miss A. Lowe gave a report of the annual picnic held at Eccles Hill. A number of pamphlets were offered for reading by Mrs. Drennan on many agricultural and domestic science subjects.

A resolution was passed providing for the changing of the date of the annual teachers' reception from October 6 to November 1.

The October meeting will be held at the home of Mrs. D. A. Rodger and a paper on child welfare will be read by Mrs. H. Drennan. The roll call will be "Appetizing Trays for a Convalescent."

Mrs. Rodger reminded the members of the custom of providing prizes to be presented at the formal opening of the High School.

A copy of the programme of the six branches in Chateaugay and Huntingdon counties was circulated for inspection.

Some of the recommendations from Quebec Women's Institutes submitted to the committee in charge of the Quebec Educational Survey were that women be appointed to the Protestant Committee, that the health of school children be safeguarded by means of medical examinations through Health Units or otherwise, that more provision be made for the handicapped and that more attention be given to manual training and household science.

The outline of the Provincial convener of National Events and Canadianization contained the following extract from an address by Mr. W. J. Bossey, himself a Ukrainian by birth, on the subject, "New Canadians."

PROGRAMME OF SONGS GIVEN GRANBY GROUP

Vocal Numbers and Reading Featured the September Session of Women's Missionary Auxiliary.

Granby, Sept. 19.—The September meeting of the Women's Missionary Auxiliary of the United Church was held recently. The devotional period was taken by the president, Mrs. J. G. Fuller, and Rev. Thomas Scott and Mrs. Scott, who have been spending three months in Ireland and Scotland, were welcomed. Both Mr. and Mrs. Scott spoke and among other things told of meeting several missionaries, especially at the convention which was in session when they arrived in Belfast.

An enjoyable programme was given, in which Mrs. A. M. Sandler and Mrs. George Blake sang a duet, Mrs. N. R. Mitchell gave a reading and Mrs. A. E. Solomon two solos, the last appropriately titled "Home Sweet Home."

A salad supper was served and a number of gentlemen joined the ladies at the tea hour.

It was a pleasure to have a group of ladies from the Abbotsford Auxiliary present and the president, Mrs. R. Gillespie, expressed pleasure at being able to attend.

ANNIVERSARY MARKED Mr. and Mrs. C. W. Miller, who were twenty-five years married on Saturday, September 18th left on their anniversary for a trip up the Great Lakes. When they returned their son-in-law and daughter, Mr. and Mrs. C. Howard Bradford, of Waterloo entertained a number of relatives in honor of the event.

On the arrival of Mr. and Mrs. Miller, who had not expected others to be present, they were greatly surprised to find the prettily decorated table with plates for twelve. After dinner had been served, a test table was rolled in with a handsome silver relish dish and eighteen pieces of crystal, which E. A. Laurie asked the honor guests to accept with congratulations and best wishes for their future life to be as happy as the past had been.

Mr. Miller briefly replied in a most appropriate manner, thanking them on behalf of himself and Mrs. Miller.

Among those present were Mr. and Mrs. Henry Bird, Waterloo, Mr. and Mrs. E. A. Laurie and son, Howard, Mr. Ross Miller and Mr. and Mrs. C. H. Bradford, Granby. It was regretted that two sisters, Mrs. Grant Copping, of Shawinigan Falls, and Mrs. C. P. Pierce, of Regina, Sask., and a brother, Mr. J. Laurie, of Menlow Park, Calif., were unable to be present. All sent messages of congratulations.

LOST ANIMAL FOUND IN WELL John Runnells, of Milton, Que., who is the owner of the old home named it "Memory Farm," specializes in thoroughbred stock of Ayrshires. Recently a valuable Ayrshire bull disappeared and search for a large area failed to disclose the whereabouts of the animal. Three days later Dr. and Mrs. Runnells and family were visiting at the home and the doctor set out to visit the site where his grandfather's old home stood. He found a part of an old well still standing and going on to look for the old well, discovered the lost animal in the ten-foot-well, standing in a foot of water.

Help was summoned and stocks of grain in a near field were thrown into the well until the bull was able to get out. His feet were swollen from standing in the water, but otherwise he was unharmed after his three days in the well.

Mr. Runnells not only specializes in thoroughbred cattle but also has a beautiful thoroughbred white collie dog, Glory.

# GRANBY WINGER TO PLAY FOR SHERBROOKE

## Lionel Lafontaine In Art Lapierre's Fold

### Husky Right-Winger Agrees to Red Raiders' Terms—Tondreau Still Considering Move to Sherbrooke—Lapierre Seeking Conny Brown, of Ottawa, and Gauthier, from Aces.

Lionel Lafontaine, last year with Granby in the Provincial League, will play for Sherbrooke Red Raiders according to an announcement made this morning by Manager Art Lapierre. Lafontaine is a right-winger, stands five-eleven and weighs one hundred and eighty-five pounds.

Lafontaine will be remembered as Granby's star last season. Teaming up with his brother, Rolly, and Freddie Belanger, he found the net on numerous occasions and was always a dangerous man when he got inside the blue-line.

Two years ago Lafontaine played with Brighton Tigers in England and three years ago with Lafontaine in the Montreal Senior Group.

Acquisition of Lafontaine gives Sherbrooke three right-wingers and makes two complete sets of forwards. Len Leblanc, "Babe" LeBlanc and "Guido" Roy will fire from the left side of the ice while George Bell, Lafontaine and Cormier will look after the right side of the playing sheet.

For centreman Wilcox has to date Majella Laforest and "Hank" Harris. Lapierre is still seeking another pivot-man, and is awaiting word from Tondreau, Quebec Aces' lanky playmaker. Tondreau is expected to communicate with the Sherbrooke management shortly.

In the event that Tondreau stays outside the fold, Sherbrooke will attempt to secure the services of Conny Brown, one of the finest centre-men in Ontario. Brown has played in the Senior Group with Ottawa and always proved a dangerous player.

Chances of acquiring Fortin from the Aces are slim, according to Lapierre. If the flashy forward leaves Quebec it will be to join the Shawinigan Falls aggregation, stated the Sherbrooke manager this morning.

A fourth defenceman is still sought to join the Leroux-Ranger-Bastarache trio. Gauthier, who

played for Aces with Brennan and Tauger last year, is being contacted, and if acquired would solve the rear-guard problems.

## SYD SPANSWICK LED FIELD AT NORTH HATLEY

North Hatley, Sept. 19.—Posting a net score of sixty-five over the Massawippi Club course on Saturday, Syd Spanswick, playing for the Lennoxville Golf Club, carried off the Massawippi Annual Invitation Cup which was put up for competition for the first time this year.

Fifty-four golfers from most of the clubs in the Eastern Townships competed at North Hatley for possession of the cup, and Spanswick, a class "B" player, created quite a surprise by his upset victory.

Low gross award for the day went to J. Huot, of Dufferin Heights, who shot a forty and a thirty-six for a total of seventy-six. Harvey Stull, of North Hatley, chalked up a score of thirty-seven on the outgoing nine to capture a prize, while Eric Swanson, of Waterville, won the low net award for class "B" players.

Low net award in class "C" went to C. Whittaker, of North Hatley, while H. B. Johnson, of Sherbrooke, was second in class "C" with a score of seventy.

### YESTERDAY'S STARS

Outstanding players in yesterday's major league games were: Buck Newsom and Harland Clift, Browns—Newsom pitched seven hits, fanning ten, in four to three opener win over Yankees; Cliff hit two homers and triple, drove in six runs and scored winning run in eight to seven nightcap victory.

Russ Bauers and Paul Wamer, Pirates—Bauer allowed four hits and Wamer drove in winning run with single in one to nothing decision over Phillies.

Tommy Bridges, Tigers—Fanned eight and pitched steady ball to whip Senators by eight to one.

Vito Tamulis and Fred Sington, Dodgers—Tamulis treated Cubs by four to one with seven hits; Sington's two-run homer in nightcap enabled Brooklyn to tie.

Willis Hudlin, Indians, and Wally Moses, Athletics—Hudlin allowed ten hits with effective pitching to take opener by seven to five; Moses hit a homer in each game added two doubles and a single in fourteen to three nightcap victory, and drove in four runs altogether.

## Capelton Outfit Wins Quebec-Vermont Loop

### Harry Trotter and Joe Daudelin Star as Miners Defeat West Burke, Vt., Nine-Two for Second Straight Victory in Best-of-Three Series—Melanson Outstanding for Vermont

Capelton, Sept. 19.—Touncing West Burke nine to two in Capelton yesterday before fifteen hundred rabid fans, the Miners carried off the championship of the Quebec-Vermont Baseball League in two straight games, having won the first encounter in West Burke by the score of nine to five.

The Capelton victory climaxed a very successful first year for the popular international circuit, in which six aggregations, three from Quebec and three from Vermont, participated. The Miners and the West Burke, Vt., mine were easily the best teams in the loop, and their series was closely fought, more closely than the scores would indicate.

Harry Trotter, diminutive first sacker, stodd head and shoulders above his team-mates as the Miners marched to victory, lacing out a double and three singles for four hits in five trips to the plate, while Pitcher Joe Daudelin hurled one of his finest games, allowing only five safeties, fanning eight and walking none.

Brown, West Burke flinger, was touched for ten safeties and walked ten, but the shaky play of his fielders, rather than his ineffectiveness, was responsible for the defeat of the Vermont crew.

Smith, one of the finest receivers in the loop, found it hard to handle Brown's slants and let two pitches get away from him for three runs. Second-baseman Robinson committed three costly errors.

Melanson, West Burke, left fielder, was the most effective of the

visiting batsmen, connecting for a double and single in two trips. Capelton scored single runs in the first, second and third frames and added another in the fifth before West Burke could break the ice with a marker in the sixth. Two scores in the seventh and three in the eighth concluded the Miners' scoring activities while West Burke tallied once as they attempted to rally in the ninth.

## DANVILLE MEN TO JOIN CITY FOOTBALL TEAM

### Ross Ingalls and Jack Osborne Expected Out Tonight—First Heavy Drill Held Saturday Afternoon.

Two new recruits are expected to trot out for practice with the Athletics as they resume drills on the Parade Grounds tonight. They are Ross Ingalls and Jack Osborne, of Danville.

Osborne was on hand Saturday afternoon and took part in tackling drill. He impressed Coach Eddie Wolfe with his accurate nailing and should add power to the line-up.

The Athletics gave a fine showing as they donned pads for the first time. With Ken Jackson and Bill Hammond alternating as kicker, wave after wave of tacklers went down under towering hoists to stop Len Gilling, "Dusty" Miller, Hally Evans, Fred Sunclear—the promising backfield and the line.

First injury of the season went to Jerry Cathcart, whose head got in the way of a stray boot. It was not a serious accident and Jerry was soon back on his feet.

A short signal drill concluded the workout. Hammond and Cathcart called the plays. The players worked on interference and backfield passing and displayed surprising sureness.

Team officials are continuing their efforts to arrange an exhibition encounter for next Saturday.

## DRUMMONDVILLE SOCCER OUTFIT SWAMPS LOCALS

### Six-Nothing Trimming Hand-ed Harry Twyman's Squad as Celanese Lads Play Rings Around Sherbrooke.

Handing the hapless Sherbrooke Soccer aggregation its seventh straight defeat to the tune of six to nothing on the Parade Grounds Saturday afternoon, the Drummondville team moved a notch closer to Asbestos, current leaders of the Eastern Townships Football League.

To date Asbestos has played five games and won them all for a total of ten points. Drummondville's four victories as against two defeats in six encounters give them eight points.

In succession the Celanese lads create a first-place deadlock, provided Asbestos defeats Sherbrooke, or win the League, if Sherbrooke upsets the miners.

The Drummondville team literally played rings around Sherbrooke as they coasted to a six-nothing triumph on Saturday, and their superiority was particularly noticeable in the first half, when they clicked for four goals without answer from Harry Twyman's proteges.

Shortly after the opening whistle had been sounded by Referee Ambrose Wootton, Jimmy Fieldsend, inside, went in neatly to drill a shot into the Sherbrooke net behind Clint Gardiner. Al Crossland rounded up from the half-line to tap in a pass from Dave Rogers and then Len Hay, shifty centre-man, popped two shots past Gardiner.

Coming out after intermission the Sherbrooke lads took command of the play and held it throughout most of the second half. Rogers and George Hayes scored for Drummondville on breakaways with every local man up past centre, while the homesters were peppering shots in the general direction of Sullivan in the Drummondville nets.

Clint Gardiner came up to the forward line and was replaced in goal by Twyman. He immediately made his presence felt by leading several dangerous rushes, but Walker and Kent gave Sullivan fine protection and gave him a well earned shutout.

Assisting Referee Wootton as linesmen were Alec Reas, of Drummondville, and Billy Webb, of Sherbrooke.

**Line-ups:**  
Drummondville: Sullivan goal, Walker and Kent backs, McHarg, Crossland and Dickson halves, Hay centre, Hayes and Fieldsend insides, Rogers and Fry outides.

Sherbrooke: Gardiner goal, Jones and Cole backs, G. Head, C. Head, D. Johnston and F. Gilling halves, E. Taylor centre, Twyman and Spackman insides, Howland and Roach outides.

## CALVERT WILL TRY OUT WITH TERRY'S TEAM

### To Pitch in Giants' Barring Practice with Big League Berth Within Reach—Observers Impressed with International League Performances.

Taking another step in his promising baseball career, Paul Calvert left last night for New York to perform under the experienced eye of Bill Terry, manager of the National League Giants, with a berth on the New York line-up hanging upon the strength of his performance.

"Doc" Clement, Montreal sports promoter and friend of Calvert, made arrangements for the tryout, and yesterday the University of Montreal had received a wire from Terry requesting him to report today and pitch in batting practice.

Calvert has set up a remarkable record this season. After a shaky start here in Sherbrooke he settled down to hurl the Hammondmen to numerous victories, reaching the peak of his form against Three Rivers in the last scheduled game and against Sorel in the play-off.

He established a new Provincial League strikeout mark, his fame spreading far and wide.

Although sought by many major league clubs, by the New York Yankees in particular, Calvert turned down all offers. He hooked up with the Royals in an agreement which made him a free agent again at the end of the International League season.

Calvert won and lost in the two games he pitched in Montreal, and showed observers a great fast ball and an adequate curve. Only good coaching is needed to make the lad a top-notch flinger, experts declared.

So the twenty-year-old youth left for the big city with a firm resolve to show Terry just what he can do. If he makes a position with the Giants he will be lost to Sherbrooke next year unless he is placed in the Provincial League again for further seasoning.

## BISONS GRAB FINAL BERTH

### Buffalo Bisons took it easy today, waiting for Newark Bears and Rochester Red Wings to finish their semi-final scrap and decide which one of them will meet the Bisons in the final play-off of the International Baseball League for the Governor's Cup, a purse of \$4,000 and the spot in the little world series against the American Association play-off winner.

The Bisons made sure of their place in the final yesterday when they whipped Syracuse Chiefs five to three for their fourth win in the best-of-seven semi-final round. It took the fourth-place Bisons only four games to knock the second-place Chiefs out. Buffalo won three to two last Tuesday, four to one Friday and six to five Saturday night.

Meantime the champion Newark Bears wobbled in the thick of the play-off scrap with a five-to-one win over Rochester Saturday night, only to wobble right back where they were by losing five to three Sunday.

Leading three games to one, the third-place Red Wings meet the Bears, league champions by an eighteen-game margin, again tonight. The Wings won three to two Tuesday and two to one Friday night.

The Bears dropped yesterday's decision to the combined eight-hit pitching of Nubs Kleinke and St. Louis, the former St. Louis Cardinal pitcher.

Johnson, coming to Kleinke's assistance in the sixth inning, turned

In a three-hit relief performance to protect the lead the Wings built up against the five Newark pitchers who faced them. The Wings' base-hit barrage represented their first real display of batting punch since the series began.

Ken Ash received credit for the Bison victory, holding the Chiefs in check through the first eight innings before Fabian Kowalik was called to the Buffalo mound to halt a Syracuse threat in the ninth after Jack Mack had homered.

Buffalo and the winner of the Rochester-Newark duel will engage in another best-of-seven series, as soon as the second finalist is decided.

They have power, these Yankees, with five regulars hitting more than twenty homers each so far this season, and the whole bunch, as a team, threatening the all-time high of 182 homers for a season, set by the '36 Yankees. They have an infield second to none. And they have the pitching.

But that made no difference to the Browns yesterday. The Browns just beat them twice. Buck Newsom fanned ten and allowed seven hits for a four to three opener win and Harland Clift was a ball of fire in the eighth to seven afterpiece with two homers, a triple and six runs batted in.

This boosted the Browns out of the league cellar, since the Athletics broke even in a twin bill in Cleveland, dropping the opener seven to three and climbing aboard Master Bobby Feller for a fourteen to three nightcap victory.

In the National League, Pittsburgh Pirates boosted their lead to three and a half games by winning and tying against the Phillies. Russ Bauer's four-hit hurling and Paul Wamer's ninth inning single meant a one to nothing opener victory for the Bucs; then the Phils held on for a one to one stalemate before darkness halted the afterpiece in five innings.

Lefty Vito Tamulis and the Dodgers topped the second-place Chicago Cubs four to one in the Brooklyn opener, and the Dodgers came from behind for a three-three dead-heat in the five-frame nightcap. Third-place Cincinnati and fourth-place New York were rained out.

Detroit Tigers trampled Washington's Senators eight to one in the only other game that escaped the day's downpour.

The Tigers beat the Yankees seven to three Saturday and Chicago swept a doubleheader with Philadelphia Athletics eight to four and seven to four. Cleveland set back Boston five to four and Washington took a double win from St. Louis Browns ten to nine and eleven to one.

In the National League Saturday Chicago Cubs defeated New York Giants four to nothing and four to two and Pittsburgh defeated Boston two to one in the only other game to escape inclement weather.
