

## LONE BANDIT ROBBED CAR

### Got Away With \$4000 From The Express Messenger

BELIEVED THAT ROBBER EXPECTED TO GET \$100,000 WHICH WAS SHIPPED EARLIER.

New Orleans, La., Dec. 13.—(Special)—The express car of a Southern Pacific train, which left here at 11.30 o'clock last night, was robbed of \$4,000 in cash by a lone bandit, who beat the express messenger into unconsciousness and then escaped by leaping from the car at Harahan, about ten miles from here.

A special train with deputy sheriffs left here shortly after midnight for Harahan, to take up the pursuit of the robber.

That the bandit had expected to get \$100,000, which, however, was sent from here on another Southern Pacific train earlier last night, was the belief of L. C. Lord, the injured express messenger, who was brought to a hospital here early this morning. Lord is a Canadian.

## INSPECTOR WILL EXAMINE MOVIES

### Duty Will Be To See That Censors Orders Are Observed

ARMAND LAVERGNE OBJECTED TO AMERICAN FILMS DISCRIMINATING AGAINST OTHER NATIONS.

Quebec, December 13.—Two Government bills were under discussion by the Legislature yesterday. The bill enlarging the powers of the Board of Censors for moving pictures provides for the appointment of an inspector whose salary is to be not more than \$1,500 a year.

The bill provides a fee of \$150 for every film exchange license, and \$150 for a travelling license.

Premier Gouin explained one of the objects of the bill was to prevent a kind of fraud by which a film once passed by the board was afterwards altered so as to contain objectionable views. This was done by inserting a new piece of film between the sections already approved of.

Mr. Armand Lavergne drew attention to the way that American films discriminated against other nations. Mr. Lavergne did not exactly make a complaint, but hinted at the fact that the villain in these pictures was generally a Frenchman or an Englishman, and when a fight occurred between the American forces and the English, the American usually won.

## FORTHCOMING POULTRY SHOW

### Fourth Annual Mid-Winter Exhibition to be Held Next Month

A VERY GENEROUS PRIZE LIST HAS BEEN ARRANGED BY THE ASSOCIATION.

The fourth annual Winter Show under the auspices of the Sherbrooke Poultry Association Limited, will be held in the Armory, Belvidere street, on Wednesday, Thursday and Friday, January 21st, 22nd and 23rd, 1914. The entry list will close on January 12th, 1914. A very generous prize list has been arranged, which will be supplemented by a special prize list to be issued later.

The directors and officers are leaving no stone unturned to make the 1914 show the best in the history of the Association. Amongst other features there will be a special exhibit from Macdonald College.

The various railway companies are offering special facilities in the way of reduced fares from St. Johns, Quebec, St. Hyacinthe, Coaticook and Thetford Mines.

LIST OF OFFICERS.

The following is the list of officers: Patrons—Hon. S. Burrill, Hon. J. E. Caron, Hon. W. B. Nantel. Vice-Patrons—F. N. McCrea, Esq., W. P. C. E. Therrien, Esq., M. L. A. F. H. Hebert, Mayor of Sherbrooke; F. B. Wilson, Esq.; B. C. Howard, Esq.; J. I. Brown, Esq.; L. H. Olivier, Esq.

Hon. President—D. T. Taylor. President—W. H. Griffith. 1st Vice-President—C. J. Wright. 2nd Vice-President—O. Charest. 3rd Vice-President—J. A. Cook. Sec.—Treas.—A. F. Plant. Judges—Victor Fortier, Experimental Farms, Ottawa; A. P. Hillhouse, 2, T. Poultry Farms, Foster, and M. A. Jenkins, Bradford, Vt.

\$2,000,000 FOR HOSPITAL. London, December 13.—It is announced that under the will of the late Sir Julius Charles Werber, who was a member of the firm of Werber, Best and Company, diamond merchants, King Edward's Hospital fund will soon receive \$1,325,000 and an additional \$1,000,000 later.

## "BLACK HAND" THREAT WAS CARRIED OUT

### Wealthy Italian New York Contractor Shot Dead

HAD RECEIVED TWO PREVIOUS NOTICES TO HAND OVER A SUM OF MONEY.

New York, Dec. 13.—(Special)—Two "Black Hand" death threats received by Giuseppe Cuccio, a wealthy retired contractor, were followed last night by execution of the sentence upon him for failure to pay the money demanded.

An unidentified man, who crouched in a doorway, fired upon the elderly Cuccio as he walked through an upper east side street.

Cuccio dropped dead with a bullet in his brain. His two sons stood just across the street and witnessed the shooting.

One of them went to his father's assistance, while the other gave chase to the murderer, who was too fleet, however, and escaped.

## STOP FIGHTING AROUND TAMPICO

### U. S. Admiral Threatened To Shell Rebels And Federals

ALL FOREIGNERS ORDERED TO TAKE REFUGE ON BOARD OR AT WATERFRONT.

Mexico City, December 13.—Rear-Admiral Fletcher, commander of the American naval forces in Mexican waters, yesterday ordered the rebels and federals fighting at Tampico to cease firing, threatening to open upon them with the guns of the gunboat Wheeling if his order was not obeyed. Both sides complied with the order.

This information is contained in a despatch received last night by Sir Lionel Carden, the British minister, from Rear-Admiral Sir Christopher Cradock, of the British cruiser Berwick, which is lying off Tampico. The federals hold the centre of the town of Tampico and the waterfront. Rear-Admiral Fletcher has ordered foreigners to take refuge on board ships or to congregate on the waterfront, where they will be under the protection of his guns.

## PROHIBITION IN SASKATCHEWAN

### Premier Scott Will Introduce Measure Calling For Plebiscite

INTENTION IS TO SUBMIT THE QUESTION TO PEOPLE AT MUNICIPAL ELECTIONS.

Regina, Sask., Dec. 13.—According to the announcement in the Legislature yesterday afternoon, Premier Scott will on Monday introduce a bill providing for plebiscite on the question of the abolition of the bar in Saskatchewan.

Though the full details of the bill have not yet been arranged, it is likely that it will make provision for the taking of a vote at the next municipal elections in December, though it is also possible that a special plebiscite will be submitted along the same lines as the recent direct legislation bill which met defeat on Nov. 27th. It will conform to a large extent along the lines of the draft bill submitted by a committee on the moral reform association which met the Premier on Thursday.

## NO LIQUOR ALLOWED BY PARCELS POST

### Postmaster General Has Issued Definite Statement

RECEIVED MANY COMMUNICATIONS FROM THE TEMPERANCE PEOPLE ON THE SUBJECT.

Ottawa, December 13.—In an interview yesterday, Hon. L. P. Pelletier, postmaster-general, stated that after giving the matter considerable thought he had decided to make a public statement as to the parcel post regulations bearing on the question of the transmission of intoxicating liquor. At first Mr. Pelletier declined to make any statement as to the regulations until the whole scheme was worked out and all the regulations drafted and issued.

However, in view of the numerous communications received at the department daily from those who believe in temperance principles, and in order to avoid giving these people so much trouble in writing the department on the matter, the Postmaster-General has come to the conclusion that, as his mind has been made up from the beginning on the point, he may as well let the public know now that no intoxicating liquors will be allowed to be transmitted by parcels post.

A CHRISTMAS VISION

But it can only come true if those who have plenty remember those who have nothing

## BRING A GLEAM OF CHRISTMAS CHEER

### Fund Being Raised to Entertain the Young and Aged

KIDDIES AT SACRED HEART HOSPITAL NUMBER ONE HUNDRED AND FOURTEEN

The kiddies and old people at the Sacred Heart Hospital will be given a Christmas treat. The good people of Sherbrooke while arranging for their Christmas celebration should appropriate so much for the fund which is being collected to give a treat to the orphans and old people. It is the intention to bring a gleam of Christmas cheer into their lives, and Miss McWilliams, 14 Bank Street, has the matter in hand and will be pleased to acknowledge any subscriptions from those who will help in the good work. There are 114 orphans and 40 old people to be provided for.

## LAST MINUTE TELEGRAPH DISPATCHES

### DUKE CONTRIBUTES FOR A WATCH.

Moose Jaw, Sask., Dec. 13.—(Special)—The Duke of Connaught has contributed towards a gold watch for Robert Davidson, a sixteen-year-old boy, who rescued Willie Hunter from drowning at the risk of his own life.

### ROSE HIGH IN FINANCE.

New York, Dec. 13.—(Special)—Sidney Wright Hopkins, who rose from importer's clerk in 1850 to a prominent position in the financial world half a century later, is dead at his home here. The Chicago and Grand Trunk Railway Company was formed after reorganization plans supervised by Mr. Hopkins.

### SHORTAGE OF BABIES.

London, Dec. 13.—(Special)—An announcement which "struck cold to his heart," said Lord Rosebery in a speech at Glasgow, was that there was a shortage of 500,000 babies.

This was one of the worst symptoms of modern civilization. He was, he supposed, expected to comfort himself on the birth of a eugenic baby, but the difficulty in knowing a eugenic baby might be that he had no hope of living to see how it might develop.

### NEW COMMANDANT OF MILITARY COLLEGE.

Kingston, Ont., Dec. 13.—(Special)—Col. L. R. Carleton, the new commandant of the Royal Military College, arrived here from Ottawa on Friday, after conferring with the Minister of Militia, and took over his duties as successor to Col. J. V. P. Creva.

## CONSOLIDATION OF SCHOOLS

### \$6000 Will be Given by Government For Con- veying Pupils

THIS WILL NO DOUBT BE INCREASED, AND ARGUMENT AGAINST JOINING SCHOOLS WILL BE RENEWED.

The Hon. Mr. Mackenzie's announcement to the Protestant Committee at Quebec two weeks ago of a special annual grant for consolidation of rural schools, is arousing much interest. The first amount is six thousand dollars, and this will doubtless be increased as the number of consolidations increase.

As already announced, the aid is for conveyance, where the school boards hire special teams for this purpose. So far, the question of expense has been the chief stickler in the matter of consolidation. Sometimes, too, the principle itself has been questioned, but this seems to be passing away, and a more reasonable attitude is shown. According to a report presented at the recent meeting of the Protestant Committee, the principle was almost unanimously approved at the meetings of the Educational Campaign.

Next year should see a large number of consolidations in the Eastern Townships. In the pamphlet, which was distributed at the educational exhibit of the Sherbrooke Exhibition, the following figures were given for the Eastern Townships:

"There were (out of 320 schools) 22 schools with 10 pupils; 34 with 9 pupils; 22 with 8 pupils; 22 with 7 pupils; 15 with 6 pupils; 16 with 5 pupils and 9 with 3 pupils.

Nearly one half of the schools with ten pupils or less!

What inducement the pamphlet asked, "is there for a competent and qualified teacher to undertake a school in which there can be only one or two pupils in each grade above the first? What opportunity has she of showing her capacity? What chance has she of advancement? None. It is simply a case of what the Rev. Dr. Rexford called, in the Educational Campaign "playing at school."

Then again, 144 of these schools had unqualified teachers.

The pamphlet further stated: "It may be imagined by some that many of the small schools are out-of-the-way places, and that, therefore, the consolidation system could not be applied to them. But this is not so. They are to be found in some of our best Townships. In the following sets of figures the attendance at the schools of individual municipalities of the Eastern Townships is given. The municipalities are not indicated by name, but by number:

"Municipality No. 1 had 13 schools, at which there were 14-5-9-11-9-9-13-9-7-17-9-14 pupils in each respectively.

Municipality No. 2 had 14 schools, at which there were 19-10-12-8-11-4-10-8-9-12-11-9-6-34 pupils in each respectively.

Municipality No. 3 had 18 schools, at which there were 15-15-6-9-13-6-17-6-15-9-8-8-12-7-21-18-10 pupils in each respectively.

Municipality No. 4 had 26 schools, at which there were 9-8-8-11-9-

## WORK OF SCHOOLS IN THE PROVINCE

### Interesting Statistics Presented in the Annual Report to Legislature

SCHOOL BANKS ARE BEING PATRONIZED TO A LARGE EXTENT BY THE PUPILS.

(Special to the Record.) Quebec, Dec. 13.—The annual report of the Superintendent of Education is naturally one of those looked for with interest, as touching upon one of the most vital points of our domestic economy. The Hon. Mr. de la Bruere states that the thirteen Normal Schools in the Province gave out 675 diplomas during the last scholastic year, of which 163 went to the Macdonald College for Protestant pupils. Excellent results are reported from the teaching of French in Protestant rural localities and, during the year, teachers in fourteen Academies had diplomas for French from McGill Summer School. As to the salary question, ever such a burning one, the report states that 3,138 teachers have received increases of salary, an average of \$25. At present 181 female teachers receive between \$250 and \$300; 547 from \$200 to \$250; 2,385 from \$150 to \$200; and 1837 from \$125 to \$150.

During the year 1912-13 the Department of Public Instruction approved plans for 259 new schools, their cost of construction being \$849,593. In 1911-12 there were 184,946 Catholic boys and 185,283 girls, and 27,792 Protestant boys and 24,624 girls attending school in this province, making a total of 422,615 with the estimated population of 2,002,712.

### THOSE WHO HAVE GONE.

Sympathetic reference is made to the death of the Bishop of Joliette, Mr. Archambault, of the Catholic Committee, and also to the resignation of Dr. Robins, Dean of the Protestant teachers. Mr. de la Bruere points out that it was in the year 1842 this gentleman commenced his career of teaching in a rural school in "Upper Canada." After many years of service he became at the request of the late Dr. Ryerson, one of the chief organizers of the new McGill Normal School in Montreal, founded in 1857. When this institution disappeared to be amalgamated with the Macdonald College, he resigned his position after fifty years of arduous work, but never ceased to be interested in educational questions as an associate member of the Council. Mr. de la Bruere concludes by saying that, "Dr. Robins deserves well of the Province."

### SCHOOLS OF DESIGN.

The Schools of Design are favorably reported on and the Macdonald College commended for its special attention to this subject. The report notes that Miss Goodenough (an American) has been engaged for two years as director.

### AGRICULTURE IN SCHOOLS.

The report, following those published by the Superintendent for years past, emphasizes the desirability of teaching the pupils of rural schools the elements of agriculture. The steps taken by the School Com-

missioners in the village of St. Casimir, Portneuf, are commented upon. These gentlemen have grasped the necessities of the rural population and, last May, introduced in certain places practical instruction in Agriculture in their various jurisdictions. Practice has been carried beyond theory, and an agricultural library and museum for object lessons organized. The great value to school children of the

## NERVOUS OVER A BROKEN MIRROR

### Servant in Home of Lieut. Becker Attempted to Take Her Life

WAS AFRAID TO REPORT THE ACCIDENT TO HER MISTRESS, MRS. CHARLES BECKER.

New York, Dec. 13.—(Special)—Mrs. Lena Schneider, a servant in the home of Charles Becker, the former police lieutenant, now under sentence of death at Sing Sing for the murder of Herman Rosenthal, the gambler, attempted suicide last night. She swallowed a solution of slow poison which hospital physicians say will probably prove fatal.

The woman said she was seized with extreme nervousness through fear of reporting to Mrs. Becker that she had broken a large mirror.

HORSEHOEFS ON STRIKE. London, December 13.—Farriers who are on strike in Manchester for an increase of wages claim that the round shoe used there only lasts four weeks, and that if the strike is not settled within that time all the city's horses will be tied up in the stables.

system of school gardens is referred to and the Jacques Cartier School at Montreal especially eulogized.

During the past year 234 schools in 53 counties have cultivated little gardens and the pupils interesting themselves in Horticulture number 17,000 at the last record. Manual Training is also reported on most favorably.

### SCHOOL BANKS.

These admirable schools of thrift appear to be increasing in efficiency and importance. The number has mounted up to 85 and 13,674 children have deposited \$45,657.00.

### LAND HUNGER.

Although it is evident there is plenty of good land in this great Dominion, it is evident some people are looking to the fringes. According to an official statement made by Mr. Devlin, 57 families numbering 324 souls have settled in Abitibi in three years ending June 30th, 1913. One family of seven was from the United States, and 32 families, 305 souls, from New Ontario. Four families came from New Ontario.

Commissioners in the village of St. Casimir, Portneuf, are commented upon. These gentlemen have grasped the necessities of the rural population and, last May, introduced in certain places practical instruction in Agriculture in their various jurisdictions. Practice has been carried beyond theory, and an agricultural library and museum for object lessons organized. The great value to school children of the

## ATTEMPT TO WRECK TRAIN

### Spike Was Removed From Roadbed Near Cleveland, Ohio

LOCOMOTIVE FIREMAN KILLED. REWARD OF \$1,000 OFFERED BY COMPANY.

Cleveland, Ohio, Dec. 13.—(Special)—That the partial derailment of train No. 16 on the Lake Shore & Michigan Southern Railroad, near Wickliffe, east of this city, shortly before last midnight, was the result of a deliberate attempt at train wrecking, was the belief expressed by Lake Shore officials.

They assert that the spikes had been removed from the rails. The road has offered a reward of \$1,000 for the arrest of the person tampering with the roadbed.

Attached to train No. 16 was the private car of the newly elected president of the New York Central system, Alfred Smith. President-elect Smith was returning after a visit to his aged mother in this city to receive her congratulations on his promotion. The private car was not derailed.

The fireman of the locomotive was killed.

After the wreck, President-elect Smith himself helped to operate a handcar four miles up the road to a telegraph office to summon aid.

### THE WEATHER

LOCAL FORECAST: Moderate winds; fine and mild.

Province of Quebec, Municipality of the City of Sherbrooke.

### PUBLIC NOTICE

All ratepayers in arrears for taxes who wish to avoid costs must call at the City Office and make settlement before the end of the year.

## "Lasting" Christmas Gifts

It is three or four years since our firm first called attention to bonds and stocks as Christmas gifts. Each year has found a larger number of people making such gifts. Already orders for this purpose have been booked.

A few moments' thought will convince you that such a gift would prove a very acceptable one, and when the time comes around to cut off the interest coupons from the bonds or when the dividend cheques are received, one that will be a pleasing reminder of your thoughtfulness.

You can buy such gifts for \$50.00 and upwards. Drop us a line for full particulars. Better still, if convenient, drop in and let us talk it over.

### F. B. McCURDY & CO.

Members Montreal Stock Exchange

Sherbrooke Office, Art Building R. N. ROBINS, Manager.  
BRANCHES: Coaticook, Richmond, Rock Island, Cookshire.

ST. FRANCIS DISTRICT LOCAL HAPPENINGS

Daily Reports From Correspondents of What is Going on

BURY. Arrivals and departures include: Mr. George Beard, of Farnham, with his uncle, Mr. P. Gilles at the Imperial Hotel; T. Bowns to Sherbrooke on Saturday to see his father who is in the St. Vincent de Paul Hospital, and reports that he is recovering slowly; Messrs. B. McCanna and D. McKenzie to Cookshire on Tuesday; Mr. O. Gilles to St. Francis on Tuesday; Mrs. Henry Malloy and her son, Mr. Albert Malloy calling on relatives and friends recently; Miss Julia Clark to her home in Bishop's Crossing for a week with her parents; Mrs. Davenport, of Nashua, N. H., guest of her nephew, Mr. Clarence Downs; Mrs. J. Morrow and her brother, Mr. T. Bagley in Angus on Tuesday. Miss Myra Ross and Mrs. Dawson are on the sick list. The song service held in the Methodist Church on Sunday evening last was very well attended considering the inclemency of the weather. Special duets and solos were rendered by members of the choir. The children of the Methodist Sunday School will present a Cantata entitled "A Loyal Santa Claus," at their annual Christmas tree in the Town Hall on Tuesday evening, Dec. 23rd, 1913.

COMPTON. The chicken pie supper given by the ladies of the Methodist Church on Tuesday evening received the liberal patronage of a large number of people. The evening was all that could be desired and the first sleighing of the season contributed much to the success of the gathering. The supper was followed by quite a lengthy programme taken part in by several out-of-town visitors. The Rev. Mr. Norman, of Lennoxville, and the Rev. Mr. Williams, of Hatley, were present and gave excellent addresses. Mr. Jas. Fowler and Messrs. Bailey and Blight, of Waterville, greatly assisted in the musical part of the programme. A very good dialogue was taken part in by Miss Campbell's pupils, while the Boy Scouts under the leadership of Rev. Mr. Lehigh, gave exhibitions of physical drill. There were also several tableaux by the young people of the Church. The evening's entertainment was brought to a close by singing the National Anthem. Net proceeds, \$45. The Rev. T. A. Halpeny, of Stanstead, and chairman of the district, will preach in the Methodist Church here on Sunday next. Miss Ruth Pomeroy has returned home from a visit to Montreal.

LAKE MEGANTIC. The Megantic Model School will close for the Christmas holidays on Thursday evening, Dec. 18th, and reopen on Monday, Jan. 5th. The teachers will go their homes to spend the holidays. Miss Cooke to New Carlisle, and Miss Tyrrell to Thetford Mines. The Bell Telephone are putting up new poles along the west side of the Ditchfield road in Agnes, so as to extend the wires, the old poles being too small for the purpose. Business in Megantic is very poor at present, owing to the miserable state of the country roads. Some few farmers have commenced to haul pulp wood and firewood into town, but very little work can be done in this direction until there is more snow. Mrs. Andrew Miller, who has been seriously ill again recently, is reported to be improving, but Miss Beard of Scottstown, the nurse, is still in attendance with her. Mr. Thos. McKenzie has gone to Liniere, Beauce again this winter to scale for Mr. B. C. Howard. Rev. Mr. Atkinson will again conduct the services in Knox Presbyterian Church next Sunday.

EAST ANGLUS. The Canadian Order of Foresters Court No. 7 East Anglus will hold a meeting on December 16th, 1913 at 7:30 for the purpose of electing officers for the ensuing year. Mrs. Howard Thompson and daughter, Queenie, left Sherbrooke on Dec. 12th for New York in company with Mr. and Mrs. W. T. Sheppard of Sherbrooke and on the 13th will sail on the steamship Olympic for Southampton and thence to Falmouth, England, where they will visit relatives for a few weeks. During Mrs. Thompson's absence her mother, Mrs. Richards will stay with friends in Sherbrooke. Messrs. W. S. Rogers and G. A. Keys have returned from Waterville, and have taken a wood contract from Mr. R. E. Willard. Arrivals and departures: Miss Gertrude Butler from Sherbrooke on Tuesday; Mrs. D. H. Parmelee in Sherbrooke Wednesday; Mrs. J. T. Willard and Mrs. E. A. Rowe in As-

SCOTSTOWN. Mr. Clinton McDonald and family left Tuesday night for the Prince Edward Island where he proposes to make his home for the future. The first lot of chairs turned out by the Scottstown Manufacturing Co. were used Friday night, when Price Webber appeared in Strathcona Hall. Mr. W. Pinkham of this town and Miss B. Fowlie, lately from Aberdeen, Scotland, were united in the holy bonds of matrimony on Wednesday. Rev. J. R. Wood was the officiating clergyman. The funeral services of Mrs. John McKenzie of Macnamas were held at the St. Alban's Church Tuesday afternoon at one o'clock. Rev. J. S. Dickson preached a very appropriate sermon and the interment was in the Church of England Cemetery at Bow-en. There were not enough councillors present a quorum at the meeting last Tuesday night so the meeting was adjourned to Friday evening, December 19th. A notice is out calling for tenders for winter road breaking in the Municipality. Arrivals include: Mr. D. P. Matheon from Lake Megantic; Mr. F. R. Cromwell, M. P. P. from Cookshire; Mrs. Stevens from Sherbrooke; Mr. C. C. Nodding home from the Deanery Meeting at Sherbrooke; Mr. Dan McKenzie from Lowell, Mass. Mrs. F. G. Roy has been called to Quebec by the illness of a relative. The Ladies' Aid of the Presbyterian Church had a very successful sale last Wednesday evening. (Occasional correspondent.) H. Price Webber and his Boston Comedy Company will play in Strathcona Hall on the 13th and 15th of this month. It is several years since Mr. Webber has visited this town but there will be a goodly number of his old friends to welcome him back. The Ladies' Aid, supper and sale which was held here on Wednesday evening, was a decided success. Proceeds nearly \$100. There is an up-to-date skating rink here this winter which will be ready for business in a few days. The Scottstown Saw Mill Co. expect to start their mill on Monday.

ROCK ISLAND AND DERBY LINE. Arrivals and departures: Miss Edna Gardine to Newport with her friend, Miss H. Wallace; Mrs. B. F. Butterfield from a trip to Boston; Mr. Fred Edmunds called to North Troy by the serious illness of his father; Mrs. A. J. Bessette from Montreal; Mr. and Mrs. Willie Gramme, of Way's Mills, in town; Mrs. F. Kennison, of Newport, visiting her father, Mr. D. Neveu, sr.; Mrs. Lillian Hanson and son Reginald, of Derby, in town. The latter is able to get about some, but not strong enough to resume his work since his accident; Mrs. C. A. Jenkins and Miss Susie Jenkins, of Smith's Mills, at Mr. C. R. Jenkins' Miss Lavena Burke to West Burke to visit her brother, Dr. R. Burke; Mr. L. D. Hastings, of East Stanstead, with his daughter, Mrs. A. M. Aldrich; Mr. and Mrs. E. P. Ball to their home at Lee Farm.

WINDSOR MILLS. The ladies of the St. George's Guild held their annual sale of work and

"MY ONLY MEDICINE"

Says Mrs. Corbett, Are "Fruit-a-tives" "They Keep Me in Perfect Health"

MRS. ANNIE A. CORBETT

AVON, ONT., May 14th, 1913. "I have used 'Fruit-a-tives' for indigestion and Constipation with most excellent results, and they continue to be my only medicine. I am highly pleased with 'Fruit-a-tives' and am not ashamed to have the facts published to the world. When I first started, about six years ago, to use them, I took four for a dose, but I cured myself of the above troubles and gradually reduced the dose to one tablet at night. Before taking 'Fruit-a-tives' I took salts and other pills but the treatment was too harsh. I thought I might as well suffer from the disease as from these treatments. Finally, I saw 'Fruit-a-tives' advertised with a letter in which someone recommended them very highly, so I tried them. The results were more than satisfactory and I have no hesitation in recommending them to any other person. They have done me a world of good. I get satisfaction from them, and that is quite a lot." ANNIE A. CORBETT. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or direct receipt of price by Fruit-a-tives Limited, Ottawa.

super in the basement of St. George's Church on Thursday afternoon and night. It was the most successful they have ever had, over 200 sitting down to the supper, and every article was sold before 7 o'clock. Mrs. Anandak was in charge of the sale of fancy and useful articles and Xmas presents, and was kept very busy. Mrs. Macleod and Mrs. Humphrey Teare, who had charge of the candy stall, were soon sold out, and the large number of juveniles who were present were made happy with gifts of candies, dolls, etc. Ladies who presided at the tables were kept very busy for nearly three hours attending to the wants of the guests. Although many more came than were expected, there was enough and to spare. The following ladies had charge of the tables: Miss Groux, Miss Maggie Groux, the Misses Stewart, Miss Beattie, Miss Macadam, Miss Maken, Miss Van Vliet, Miss Briggs, Miss Gardner, Miss Mary Belford. Miss Burton was secretary and announced at the close that the handsome sum of \$86.92 had been realized.

COATICOOK.

Mr. Norman Thomson, of Montreal, is visiting his parents, Col. and Mrs. Thomson for a few days.

Mr. J. A. St. Pierre, of Montreal, is home with his uncle, Mr. A. Bissonette, until after the holidays.

Mr. Bonner of Barrie, general manager of the Penman Co., has returned to Paris, Ont., after attending the funeral of the late Mr. Henderson.

Mr. Thomson, retired manager of the Penman Company, has returned to Paris, Ont.

Mr. Barret, of St. Hyacinthe, who has been in Coaticook for a few days has returned home.

Mr. M. T. Lovell has moved into his house recently occupied by the late Mrs. Henry Lovell.

Miss Dorothy Fox is visiting her sister, Mrs. H. Barret, of St. Hyacinthe.

Mrs. A. Johnson, who has spent several weeks at Dr. Stenning's Sanitarium, is able to return home.

Miss Mary Bazinet, is still confined to the house by illness.

Little Willard Colt is able to be out again, although he still carries his arm in a sling.

Miss Shaw, nurse at the Sanitarium, is progressing favorably after her recent operation.

Once more the Christmas season is here and the display in the stores is ahead of previous years.

The little daughter of Mr. Eugene Bouchard is in the Royal Victoria Hospital, Montreal, for treatment.

Col. A. S. Haason is in Montreal for a few days.

Mrs. Wilbur Andrews has gone to Montreal for the winter.

The ladies of the Baptist Church have a fine display of fancy and useful articles on exhibition at Mrs. W. Wallace's and Mrs. I. Baldwin's which would make very acceptable gifts for Christmas and New Year's.

Col. Thomson still continues in a poor state of health.

Mr. and Mrs. A. Whitcomb, of Edmonton, Alta., surprised Mrs. Whitcomb's parents, Mr. and Mrs. W. C. Webster, Thursday night, by arriving home to spend the holidays.

The fancy sale held Wednesday evening by the ladies of St. Stephen's Guild, was a great success.

Word has been received from Mrs. D. McLevin (nee Pearl Smith) that they are nicely situated in San Bernardino, Cal.

The good sleighing is greatly appreciated by all, and the small boy is taking full advantage of the same.

RICHMOND

The members of Pioneer Lodge, No. 7, I.O.O.F., will hold an oyster supper in their lodge room next Tuesday evening, and it is mooted that the occasion will be made very interesting to Odd Fellows.

Dr. Lane Charpentier, of South Durham, was called to Richmond last Saturday for an operation upon Master Casswell Seyhan, who is now doing well and gaining rapidly.

COOKSHIRE.

Sunday will be observed in the Methodist Church as Missionary Anniversary day. The preacher morning and evening will be Rev. G. A. McIntosh, Sherbrooke.

\$2,000.00 IN PRIZES GIVEN AWAY

by a Great Publishing House to the Winners in this Proverb Contest A Genuine Test of Skill and Diligence

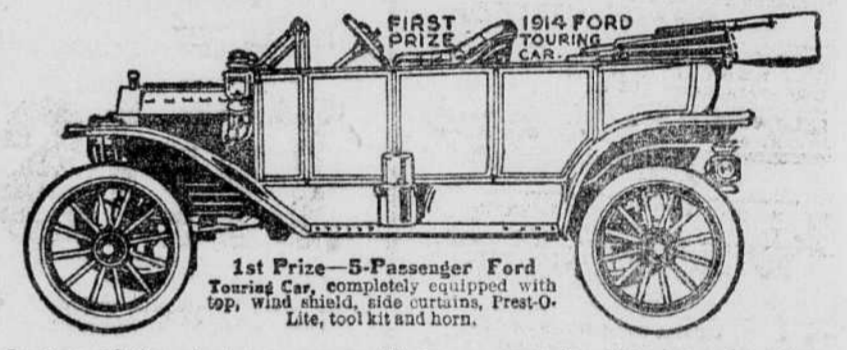

What Well-Known English Proverb? The picture shown above represents a well-known standard English proverb, saying that you hear almost every day. Study it carefully, and when you think you have found the proverb it represents, write it out on a sheet of paper and promptly mail it to us.

How to Enter This Great Contest There are 12 pictures to be solved in this great contest and finding the correct proverb to fit each picture will test both your skill and diligence. Only proverb picture No. 1, shown above, will be published in this paper and its name will be published in this paper and its name will be published in this paper.

FREE the complete series of 12 pictures and a splendid book of English Proverbs

In order that this great contest may be fair and square to each competitor we have published a fine book of standard English Proverbs and all the proverbs represented by the series of twelve pictures have been chosen from this book. Answer proverb No. 1 correctly and this fine book will be mailed to you free. With it you will receive the complete series of twelve proverb pictures which complete the contest. Thus, there will be no waiting or delay. All the pictures will go to you at once and you can set to work to find the answers that call you one of these wonderful prizes. The splendid proverb book makes an excellent reference.

1st Prize - 5-Passenger Ford Touring Car, completely equipped with top, wind shield, side curtains, Prest-O-Lite, tool kit and horn.

Senders of the winning answers will be awarded the following stupendous

LIST OF PRIZES

Table listing prizes and their values, including items like Ford Touring Car, Famous Gontley Piano, and various household goods.

TOTAL CASH VALUE OF PRIZES - \$2218.50

When we send your Proverb Book and the set of proverb pictures we will also send you, without charge, a copy of the current number of EVERYWOMAN'S WORLD, Canada's Greatest Home Magazine. The publishers of EVERYWOMAN'S WORLD are conducting this great contest solely with the object of introducing this magnificent magazine into new homes and to new readers, and are sparing neither expense or trouble to accomplish this purpose. There is no other magazine like it published in Canada and the people in your home will be delighted to be introduced to a journal so live, bright and interesting. Contestants are not asked to subscribe to EVERYWOMAN'S WORLD, but we know that when once you and your friends see it, it will be wanted every month.

Read Carefully the Simple Rules Governing Entry to Contest

- 1-Write on one side of the paper only your solution to proverb picture No. 1, and give your full name (noting Mr., Mrs. or Miss) and complete address.
2-Members and employees of this firm, or relations of members or employees are absolutely excluded from competing.
3-Enclose with your answer two (2) two-cent stamps (4 cents). This is to help defray postage on the Book of English Proverbs, complete series of pictures, illustrated prize list, etc., which we will mail to you.
4-Different members of a family may compete, but only one prize will be awarded to any one family or household.
5-The Judging Committee will consist of five (5) prominent Toronto business men whose names will be published in due course. Prizes will be awarded to correct or nearest correct answers in accordance with hand-writing and general neatness and contestants must agree to abide by the decision of the judges.
6-Contestants will be asked to enclose the copy of "EVERYWOMAN'S WORLD" which we will send, to three or four friends or neighbors who will want to subscribe.
7-As soon as your answer is received and found correct we will write advising you and send you the complete series of proverb pictures, the Book of Famous English Proverbs, together with a copy of the current number of EVERYWOMAN'S WORLD. Address your letters to

CONTINENTAL PUBLISHING CO., Limited Contest Manager Dept. 70 Toronto, Canada

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

INSTANTLY RELIEVES SWOLLEN, INFLAMED NOSE, HEAD-THROAT YOU BREATHE FREELY - DULL HEADACHE GOES - NASTY DISCHARGE STOPS.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it - Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head, or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm; penetrates by the heat of the nostrils; disintegrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless. Put your faith - just once - in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

Hot Biscuit Delicious Healthful are made with Royal Baking Powder, and are most appetizing, healthful and digestible foods. Hot biscuit made with impure and adulterated baking powder are not so appetizing, nor so wholesome. It all depends upon the baking powder. Take every care to have your biscuit made with Royal, which is a pure cream of tartar baking powder, if you would avoid indigestion.

VIN ST. MICHEL Youth is a critical period in the life of the young girl. Careful mothers know by experience the value of a powerful Tonic at that time and prescribe VIN ST. MICHEL to prevent Anemia, Weakness, blood discoloration and Nervous Exhaustion. Vin St. Michel should be taken in doses of a wineglassful before meals or whenever the need of a Tonic is felt. ROUVIN, WILSON & CO., LIMITED, Sole Agents, 520 St. Paul Street, Montreal. EASTERN DRUG CO., BOSTON, Mass. Agents for the United States.

They beat all the old ideas The invention of the New Oxo Cubes has put cooking on a modern basis. Prime concentrated beef in handy cubes, this wonderful food-invention stands for handiness - ease and quickness in the kitchen. Oxo Cubes are as great an advance on the old-fashioned methods of making soups, gravies, and beefsteaks as electric light is on the wax candle. Perfectly made - perfectly measured - perfectly flavoured - they are in readiness for every want, and increase the nutritive value of all dishes. Order a tin today. Tins of 4, 10, 25 and 100 Cubes. A Cube to a cup. Shiloh CUBES

FALLING HAIR

Dandruff and Itching Scalp are Caused by Microbes

There is no doubt about it. Doctor Sangerbond proved it when he infected a guinea pig with dandruff germs and all its hair disappeared in a short time. The entire medical world has accepted Dr. Sangerbond's discovery as final. Ask any worthy physician.

Paris leads the world in knowledge of diseases of the hair and remedies for the same.

Parisian Sage which can now be obtained at leading druggists all over Canada is the one great remedy that kills the dandruff germs.

That is why F. T. Ansell says to every reader of the Record if Parisian Sage does not banish dandruff, stop falling hair or itching scalp in two weeks he will refund the purchase price.

Dandruff is the forerunner of baldness. Take care of your hair while you have hair to take care of. Kill the dandruff germs now before the dandruff germs kill your hair.

Use Parisian Sage, the guaranteed dandruff cure and delightful hair dressing.

It is used extensively by ladies of refinement because it keeps the scalp absolutely clean and gives a bewitching lustre to the hair. Comes in large 50-cent bottle at F. T. Ansell's and leading druggists everywhere. Girl with Auburn hair on every package. Made in Canada by The R. T. Bottling Co., Ltd., 7 Erie, Ont. Mail orders filled, all charges prepaid.

Shiloh The Family Friend for 40 years. A never failing relief for Croup and Whooping Cough.

BEDFORD DISTRICT LOCAL HAPPENINGS

Gathered by Daily Record Correspondents in Various Communities

COWANSVILLE.

The teaching staff and pupils of the academy are busy practicing for a school concert to be held on the evening of December 19th, the proceeds to be used towards the purchase of an organ for the use of the school.

On and after the 15th, inst. the stores will be open every night until after the holidays.

The snow is proving a boon to farmers who are getting out wood, etc. Mr. R. E. Ruiter who met with such a heavy loss recently by the destruction of his barns by fire has already quite a lot of logs drawn to the mill.

Arrivals and departures: Miss K. Cotton home from a visit to her brother in Montreal; Mr. Albert Carter and Miss Annie Carter to Freilighsburg Tuesday attending the funeral of Mrs. John Page.

Mrs. C. L. Cotton, to Montreal for a few days; Miss M.B. Carvell, who has been visiting Miss Jane Cotton, to her home in Woodstock, N. B.; Miss Jane Cotton home from a visit to friends in Montreal.

There was a well attended "bee" of farmers interested in the repairing of the sheds of Emmanuel Church held on Wednesday. Dinner was served in the Church parlors. A good deal of work was done but much more is needed.

The lecture in Emmanuel Church on Wednesday night by Rev. J. Browne, Missionary from Harpoot Turkey, was fairly well attended and very interesting.

The regular annual meeting of the Cowansville Club was held in their rooms, Wednesday evening, December 10th. There was a good attendance of the members. The following officers were elected for the ensuing year: Hon. President, W. N. Hawk; President, John McCabe; Vice-President, John J. Barker; Secretary, E. S. Buzzell; Treasurer, Geo. Nightingale. The annual report shows the Club to be in a flourishing condition. The boys would be pleased to welcome a few new members.

Mrs. S. A. Heatherington has been quite ill for a few days.

BOLTON GLEN.

Arrivals and departures are: Mr. O. Thompson, of China, and Mr. J. King at Mr. D. Kirby's, of Bromie; Mrs. S. Mooney at Bolton Centre calling on Mrs. I. Cousins, who has been seriously ill; Mr. E. Fuller, of Cohoes, N. Y., at his farm in China and will ship his hay to New York; Mr. C. H. Brown at a special meeting of the school commissioners held at the Brill on Saturday.

The Rev. Chas. W. Sutton, and Mr. Rev. Chandler, Vermont, held service at the schoolhouse on Wednesday.

Mr. C. H. Brown shot a deer on Tuesday without much trouble. The animal was crossing the road above

his house, a distance of about 150 yards, and Mr. Brown was standing on the verandah when he shot the deer.

Mr. D. Giddings, who has been ill for the past month, is much improved.

There will be a meeting of the Town Council on Saturday night the 13th inst., when certain matters of importance will be dealt with.

BROME. The recent moving picture show given here proved to be a success. Mr. and Mrs. C. K. Moffatt gave a birthday party on Thursday evening in honor of their grand daughter, Miss Iris, who had attained her 11th birthday. The guests included the Misses, Daisy and Alice Tibbitts, Mildred Stanborn, Irene Tjibitts, Muriel Tracy, Marion Stone, Laura Patch, Elia Frazier, Glenn Marverness, Edna and Nellie Brishan, Lillian Barber. A jolly evening was spent with games and presentation of numerous little gifts.

Rev. R. S. Booy, rector of this parish, was in Sherbrooke on Wednesday and Thursday and delivered an address before the Church Society of the District of St. Francis. During his stay in the city he was the guest of Mr. and Mrs. James Macdonald. The school ground has been recently fenced in. Although the fence is a good one and well constructed, it certainly does not improve the appearance of the Church Square.

Mr. Melvin Armstrong is preparing to be absent from home during the winter months to engage in lumbering operations.

Although a gale was raging on Sunday afternoon, accompanied by a heavy downpour of rain, forty-two persons assembled in the Anglican Church for Divine service. The old adage re "fair weather Christians" is certainly not applicable to Bondville.

ABBOTSFORD. Arrivals and departures: Mrs. W. J. Gibb visiting her daughter, Mrs. B. J. Rowell in Montreal; Mr. and Mrs. B. Richardson for a trip to Nova Scotia; Mrs. J. R. Marshall and Miss Irene Marshall a few days in Montreal; Mr. and Mrs. E. Harley on Tuesday for Portland, Me., and from there they will sail for England; Mr. and Mrs. E. Carter to Montreal on Wednesday; Messrs. C. P. Byers of Toronto and G. H. Craig of Montreal in town calling on friends recently; Messrs. G. W. Buzzell and Edmund Buzzell the weekend of Stanstead a couple of days at Mr. Roache's last week; Mrs. W. R. Honey who has been in Montreal, home on Saturday; Mr. and Mrs. W. Egg a couple of days at their cottage this week; Miss Muriel Marshall and John Gillespie from Macdonald College last week, the latter being a victim of scarlet fever.

The W. A. met at the home of Mrs. Geo. Roach on Thursday afternoon.

WINTER IN ALGONQUIN PARK. The Algonquin Provincial Park is situated in the eastern part of the Province of Ontario about two hundred miles north of Toronto and 169 miles west of Ottawa and has become the objective point for a large number of visitors who delight in winter sports. The altitude of this territory is nearly 2,000 feet above the sea and offers unvaried opportunities for healthful sport where an invigorating atmosphere may be enjoyed. The Hotel and Inn, a well-known and comfortable hotel owned and operated by the Grand Trunk Railway offers splendid accommodations at reasonable rates. For those desiring a rest or a gym, there is no more attractive spot than this comfortable caravansary.

Write J. Quin, District Passenger Agent, Grand Trunk Railway, Montreal, for free brochure illustrated booklet entitled "Winter in Ontario's Highland Heritage."

FARNHAM CENTRE. Recent arrivals and departures: Mr. C. Burnett, of Montreal, the weekend with his parents, Mr. and Mrs. T. L. Burnett; Mrs. W. Hamilton and daughter Eleanor, home after a number of weeks at East Farnham, with her parents, Mr. and Mrs. J. McLay; Mr. Guthrie and sister from Guthrie, the guests of Mr. Mahannah and Miss Muriel Mahannah.

The children are practicing for the Christmas tree entertainment which is to be held on Monday evening the 22nd.

Mrs. Moynan gave a party on Tuesday evening to a number of her friends. The evening was spent in card playing, music and singing. A fine lunch was served and a very pleasant evening was spent.

MORSE'S LINE. Arrivals—Miss Marybelle McFosters of North Sheldon, Sunday. Sunday at the home of Mr. J. M. Hill; Mr. Frank Clair of Springfield, Mass., visiting friends in this vicinity; Messrs. Chas. L. Hefflon and E. M. Hubbard attended the Masonic district meeting at St. Albans on Wednesday.

Mr. J. M. Hill has sold his standard bred colt, "Jim Steele," by Island Wilkes, Jr., 2,064, dam by Hillward, 2,224 to Mr. A. B. Foster of Bedford.

BEDFORD. A regular communication of the Bedford Masonic Lodge was held on

the sheds of Emmanuel Church held on Wednesday. Dinner was served in the Church parlors. A good deal of work was done but much more is needed.

The lecture in Emmanuel Church on Wednesday night by Rev. J. Browne, Missionary from Harpoot Turkey, was fairly well attended and very interesting.

## CITY NEWS

See McCaw-Bissell's \$3.00 Card Table.

The St. Vincent de Paul Hospital is full to overflowing, both public and private wards being occupied, and the nursing staff is taxed to its capacity.

All kinds Fire Wood for sale. Phone 574, R. A. Lamont, City Wood Yard.

Miss Jessie St. Denis has entered the Sherbrooke General Hospital as nurse-in-training.

It's surprising the great value placed on the 25, 50, 75 cent and one dollar tables at Kerr's.

Mrs. A. Roberge, of Montreal, was the guest this week of Mrs. Robert Oates, Short street.

Living Room Suites of all descriptions at McCaw-Bissell's.

Mrs. Jos. Sorel died at the General Hospital yesterday morning at 4.30, aged 67 years. The funeral will be held on Monday.

Watch for the \$1.50 bargain table of cut glass at Kerr's on Monday.

Mrs. E. W. Tobin, of Bromontville, who has spent the summer at Ste. Agathe des Monts, has returned home in excellent health.

Will those desiring Norman Edson's tinted pictures for Christmas presents kindly phone Miss Ranshouan, No. 1343.

The S.O.E. supper and dance committee are requested to meet at the Lodge room Monday evening at eight p.m.

Fourteen floors at McCaw-Bissell's packed full of the best selected stock in the whole country.

The Rev. Mother Provincial, of the Sisters of the Congregation, Montreal, who is visiting the various houses of the community, is at the Convent Mont Notre Dame this week.

Keep the prices down seems to be the motto at Edwards. The half page adv. in this issue illustrates a lot of unusual good bargains in Brass Beds for Christmas gifts.

Mrs. Sorel, wife of Mr. Joseph Sorel of this city, who underwent a severe operation some days ago at the St. Vincent de Paul Hospital, passed away yesterday morning. The funeral will take place Monday morning from her late home.

Mr. H. A. Johnston, of the Canadian Bank of Commerce, left yesterday for Waterloo, to which branch of the Bank he has been transferred.

The holiday season is near at hand. Get your dresses, gloves, slippers, etc., cleaned on shortest notice. The Modern Wardrobe Co., opp. 15c. Store, upstairs.

McCaw-Bissell carry the largest stock of Easy Chairs of any store in the Province.

Mrs. J. M. Bayeur, of Carillon, Que., who, with her two children, was in town this week, summoned by the death of her brother, the late Philip Auray, has returned home.

Greater bargains this year on the 25, 50, 75 cent and on one dollar tables at Kerr's than any former year.

The Rev. William Alexander Dunn, second son of the Bishop of Quebec, the Rt. Rev. A. Hunter Dunn, was recently instituted and inducted by the Bishop of Kingston as the first vicar of the Church of the Holy Spirit, Clapham, London, England.

Edwards wants to place a new Brass Bed in every home before Christmas. Many of them cost no more than the ordinary white iron ones, at Edwards Big Brass Bed Sale. Read today's adv. and see window display.

Mr. and Mrs. T. C. Hurn of Farnham passed through the city Friday on the special C. P. R. boat train en route for Halifax, N.S., so embark on the Empress of Ireland bound for the Old Country.

Mr. and Mrs. Hurn will spend the next couple of months visiting relatives and friends in England and Wales. Many friends were at the station to wish them 'bon voyage' and a safe return.

For Smokers' Sets, Brass Goods and nifty articles of all kinds try McCaw-Bissell's.

Baby Sleighs at McCaw-Bissell's.

Mrs. J. D. Gauthier has returned to Sherbrooke and has taken rooms at the Grand Central.

Don't miss the Slaughter Sale of Cut Glass, Fine China and Leather Goods at Kerr's Monday.

The second of the series of assemblies being held by the X's will take place next Thursday 18th at the Sherbrooke Dancing Academy, Metrople Building.

Dr. MacKay is progressing very favorably in Montreal, where he has been under treatment. Mrs. MacKay left this morning to spend the weekend with her husband.

A Five to Fifty Cent Sale will be given by the Girls' Auxiliary in St. Peter's Church Hall on Monday evening, Dec. 15th, at 7.30 p.m.

The Rev. Emile Chartier, of the Seminary of St. Hyacinthe, son of Mr. E. Chartier of Sherbrooke, and brother of the Rev. Edmond Chartier of St. Charles Seminary, has recently contributed a very interesting article to the last number of "Nouvelle France," in which he speaks of the French in the United States.

CATHOLIC ORDER OF FORESTERS COURT ST. JEAN NO. 127.

The election of officers will take place Sunday 14th December next at 2 p. m. in Murray's Hall. Every member requested to attend.

POST OFFICE CLOCK KNOCKED OUT.

The Post Office clock was rather severely damaged by the high wind of Monday night, and in consequence is somewhat demoralized. It is understood that in order to obviate such accidents in the future the figures, which are now of metal, attached to the face and liable to move, will be painted.

WILL SPEAK ON TURKEY.

Dr. Browne, who is to speak here to-morrow morning, in Plymouth Church, in addition to being one of the best informed men on the situation in the Turkish Empire, is a speaker of exceptional power and ability. Wherever he goes his addresses create a deep impression. At the recent Kansas City Convention he delivered an address which captured his audience. During his long residence of forty years, with brief intermissions, in the Turkish Empire, he kept himself in touch with all the great progressive movements of the age. He is a man of broad and sympathetic culture, and is a striking personality. In the evening he will speak in the Congregational Church, Melbourne.

## LENNOXVILLE HOUSE

## FINANCIAL AND MARKET NEWS

### PRICES AT THE SHERBROOKE MARKET

BIG ATTENDANCE — BUTTER IS DEARER — EGGS NO CHANGE — LARGE OFFERING OF FOWLS, ETC.

The attendance at this week's market was very large. Butter has advanced two cents, but eggs are slow at 50c. Chickens and fowls were in abundance, also there was a good selection of geese and turkeys.

Eggs, per dozen . . . . . 45-50c.

### MONTREAL'S OVER THE RIVER GROWTH

RAPID ADVANCEMENT OF THE FOUR ACROSS-THE-ST-LAWRENCE TOWNS—COMMERCIAL ACTIVITY ASSURES A FINE FUTURE FOR EACH.

(Montreal Telegram)  
 A brilliant future awaits St. Lambert and the South Shore; one does not need to be a South Shore enthusiast to make that prediction. The best guarantee of its correctness is the great industrial progress made already and the completion of other plans that assure the future of the across the river section of Greater Montreal. Situated as it is just opposite the largest and most important city in Canada and sharing with it the greatest waterway in the Dominion with scores of great ocean liners coming to the port opposite from the ends of the earth, one would be blind indeed who failed to see that what the years will bring to St. Lambert and the South Shore. As a commercial section it will share all that Montreal has to offer, for home sites it is unsurpassed while for recreation purposes it would be difficult to conceive of more delightful surroundings than are found across the St. Lawrence from the city of Montreal. St. Lambert, Longueuil, Greenfield Park and Montreal South are destined to be the homes of happy thousands and that, too, at no far off date.

**FACTORY SITES CHEAP**  
 The low cost of sites for great factories and industries and the cheapness of lots which are almost ideal for residential purposes spells a prosperous future for St. Lambert and all the South Shore property. Longueuil has at the present time one of the greatest industries in Greater Montreal under construction, the Armstrong Whitworth Company.

**THE RAILWAYS ACTIVE**  
 A year ago the Grand Trunk Railway erected a big roundhouse near St. Lambert. This work is now complete and a visit to the place is a most interesting experience. The yard, which begins about half a mile from the St. Lambert Station, runs back about a mile and three quarters. There are over eighteen miles of track on it, affording a capacity for over 1,600 cars.

**CHOICE RESIDENTIAL SPOT**  
 As a residential quarter there are few more delightful towns in the province than St. Lambert. It is near enough to Montreal to permit quick transportation into the city; it is far enough away to be free from the inconveniences of the great city. There is no dust or smoke, the construction of the larger place is unknown, there are fine shaded streets, delightful walks, and pleasant surroundings everywhere. Its Academy is one of the best in the province, while the Catholic schools hold an enviable reputation among the schools of Quebec. There is little sickness for the wide open spaces are very conducive to the best of health. There are debating, dramatic and literary societies to beguile the time in the long winter evenings. For the summer there are the boating and yachting clubs, while just a short distance away there is the fine Country Club, here golf, tennis and pink teas are enjoyed to the full. This is one of the most popular spots in the section, both in summer and winter. There are good churches for all, both Protestant and Catholic.

Some one termed the place a "residential paradise." That may be too emphatic an assertion, but certain it is that there are few finer places in which to live than St. Lambert, the town at the south end of the Victoria Bridge.

Leeks, bunch	5c.

### DAIRY PRODUCE

**BUTTER MARKET QUIET AND STEADY.**  
 Montreal, Dec. 13.—Sales of heavy little change in the butter market since last report, the business of the week being confined to the local trade, and the filling of a few outside orders amongst which was a car for Toronto.

A year ago several car loads of butter were sold for shipment to the Middle West, September creamery bringing 30c and October 29c to 30c, a car of June creamery bringing 29c.

As regards the local trade there has been a fair business passing during the week in lots of 50 to 100 boxes to jobbers and grocers at 24c to 25c for September and October creamery, whilst fresh receipts have sold at 27c for finest and 25c to 26c for less desirable qualities. The sales of New Zealand butter reported by us previously for Vancouver, cost 30c laid down there.

### CHEESE MARKET FIRMER AND MORE ACTIVE.

Montreal, Dec. 13.—Sales of between 5,000 and 6,000 boxes of cheese were reported with, the past few days at 18c to 19c for October, and at 18c to 19c for finest September. It is said that more than that quantity changed hands that was not reported, and a buyer remarked that great bulk of the cheese held here for sale had been disposed of.

There was a much better feeling at the close of the market, holders of September white and colored goods asking 14c and owing to the scarcity of finest September goods it is quite probable that that figure will be obtained.

### PROVISION MARKET

**DRESSED HOG MARKET STEADY**  
 Montreal, Dec. 12.—The market rules steady, but without change, sales being made at \$13.75 to \$14.00 per 100 lbs. for dressed hogs. Live hogs are also unchanged at \$9.25 to \$9.35 per hundred pounds for selected lots.

### COUNTRY PRODUCE

**BEAN MARKET SLOW.**  
 Montreal, Dec. 13.—There has not been much activity in the bean market, owing to the different views expressed by both buyers and sellers. Most of the buyers are holding off, although a few transactions have been reported, most of which were made around \$2.00 track Montreal for three pound pickers up to \$2.10 for hand picked, and No. 1 grade.

**EGG MARKET IS STRONG.**

### THE ONLOOKER COMMENTS

#### Two Vital Problems.

At the recent meeting of the Sherbrooke Board of Trade, in considering work for the future, emphasis was laid by several speakers upon two matters of vital importance in connection with the development of the city, namely, the housing problem and the question of sanitation.

One of these questions is as important as the other, and they, indeed, go hand in hand. The City Council and the Sherbrooke Board of Trade cannot do better, in 1914, than to give their most serious consideration to these two problems.

With new industries establishing in Sherbrooke, and the established industries extending their plants, the extension of the residential sections of the city becomes absolutely necessary. The only alternative, if the population grows as it will grow, is the overcrowding of present tenements and the eventual development of slum districts. This must be avoided as a pestilence. Homes for the workingman and his family, with a breathing space, and at moderate rental, are essential if Sherbrooke's growth is along healthy lines and desirable. How is this to be accomplished? Building sites are expensive. The cost of construction is double what it was a few years ago. It is doubtful if the individual investor, who builds houses for rental return, will meet the housing problem in Sherbrooke in a satisfactory manner. It must be faced from some other direction. If the manufacturers themselves, or a building society, would organize, acquire a tract of land in the outlying sections, and erect thereon 100 homes for workingmen, of economic but tasteful design, with a little garden plot attached, and offer these for rental at a price to yield 6 p.c. net, and with option to purchase, a long and a right step would have been taken towards solving the housing problem. Would it not, also, be a practical step? Houses, in such numbers and of fairly uniform size, could be built much more cheaply than an individual house here and there. The land in the outlying section could be secured at a reasonable price, and a home in that locality would offer no objections from the viewpoint of location, for it would be one of a community of one hundred. Let the promoters of city development direct their serious attention in 1914 to this phase of the question.

Closely allied with the housing problem is the question of sanitation. Sherbrooke is naturally a healthy city. It is built upon the hills, which conduces to good drainage. The matter of sanitation, however, is neglected. There is no adequate inspection of dwellings. In some parts there is faulty drainage. Rubbish is allowed to accumulate in lanes, alleys, back yards and cellars. There is no proper provision for handling outbreaks of contagious diseases. The City Council and Board of Trade, in co-operation, may well devote their serious attention in 1914 to this all-important matter. There is important work to be done in this connection.

#### Cost of Living.

The ever-advancing cost of living is a present matter of vital concern. This situation is governed by world-wide economic conditions and is, therefore, beyond the control of local powers. The lowering of the tariff bars has opened the American market to Canadian agricultural products, and, as a consequence, market prices here are rising to the level of American prices.

So far as Sherbrooke is concerned, there is, perhaps, only one way in which the situation can be dealt with with any hope of results—namely, by improving the local market for agricultural produce. At present, the Sherbrooke market is held only on Saturdays. Let the City Council inaugurate another market day on Wednesdays. Then the market should be made as popular as possible for

#### BEBBE.

Arrivals and departures include: Miss Gertrude Norton from Macdonald College; Miss Rachel Satwell, from S. W. College on account of illness; Dr. and Mrs. Getchell from Bennington, Vt.; Mr. Will Bissell, of Fitch Bay, at Mr. J. F. Peltus; Messrs. E. M. Campbell and C. T. Bellam to Montreal the first of the week; Mrs. C. F. Bayley to Montreal, called there by the illness of her daughter, Mrs. (Dr.) Lynch, who is ill in the General Hospital.

Mrs. Yetter is able to be out again after her recent illness. Mr. Rush Harris injured the ligaments in his neck. Mrs. Parker passed away at the home of her sister, Mrs. Hendrick Twombly, Beebe Jct., on Wednesday morning. Funeral at Orleans on Friday. There will be an adjourned meeting of the Board of Trade, Monday evening at 8 o'clock.

the farmers. The city should not look to the market for revenue beyond that actually required for its maintenance. Place the stall fees as low as possible, and in opening a mid-week market make them absolutely free for, say, a period of a month while the experiment is being tried out. The Market Committee of the City Council is invited to give consideration to the idea here advanced.

## NEW CREAMERY FOR LENNOXVILLE

Boston Firm Confers With the Farmers of the DISTRICT

RECEIVING STATION WILL BE ESTABLISHED FOR THE RECEPTION OF MILK AND CREAM.

At a very largely attended meeting of the farmers of this district, Mr. Perrin, assistant buyer for Messrs. H. P. Hood & Sons, of Boston, set forth his proposals for the establishment of an up-to-date creamery on a co-operative basis in Lennoxville.

The mayor presided and opened the meeting at 3.30 p.m. Mr. Perrin gave an outline of the growth of the business of the firm with which he was connected. Speaking on the care of the milk and cream, Mr. Perrin said that in order to satisfy a good trade it is necessary to give them a good article, and to enable us to give them a good article, that good article must be started at the farm by cooling quickly and to a very cold temperature, which requires ice, but it should not be expensive to secure a good quantity of ice in this territory.

This is very important, as where milk or cream is improperly cooled or neglected the first hour after being milked, there is nothing we can do to make this article a first-class one, no matter how cold we keep it, although of course that would help some. Many cream producers think they have a cold spring with running water which should answer the purpose, but the water from many springs is drawn a long way through pipes and warms up to a great extent in July, August and September after the ground gets warm.

Mr. Perrin went on to say that all the milk sold by his company was practically all pasteurized.

His company preferred to buy direct from the producer, which should enable us to pay more money in the long run. This should also give us a better article, provided the producers co-operate with us, which we feel sure they will.

"We want you to be on a profit-sharing basis," he said, "and get the most out of your goods by giving us a good article. In other words, we are acting as your salesmen, and it is our aim to pay you the highest prices possible."

Mr. Perrin also stated that if they decided to establish a plant here that butter would be manufactured from the acid cream. The largest quantity of butter would be made in the spring and summer, and the surplus put in cold storage against a shortage in the fall and winter.

Mr. J. W. McKay, local manager for H. P. Hood & Sons, addressed a few remarks to the meeting, in which he said that better prices could be obtained from Messrs. Hood & Sons, and strongly recommended that the farmers co-operate with them.

Mr. E. W. Boyd, general sales manager for the company, was then called upon and expressed his pleasure at seeing so many farmers present, and hoped that mutual confidence could be established between the producers and the company, as it would be mutually beneficial.

Several questions were asked and answered and the following farmers were selected to act as directors in conjunction with Mr. McKay: Spring Road, C. Maloney; Milby, D. O'Keefe; Moulton Hill, S. Fearon; Johnville, E. Smith; Belviders, B. Elliott. After the meeting an adjournment was made to the Lennoxville House, where Messrs. Hood & Sons tendered a sumptuous repast to all those who had attended. It is estimated that 75 availed themselves of Messrs. Hood's hospitality. A hearty vote of thanks was unanimously accorded the hosts.

#### RICHMOND.

Mrs. Bunbury will be at home at St. Anne's Rectory on Wednesday, December 17th, and on the first and third Wednesday in every month. Rev. Dr. Browne, for forty years a missionary in Turkey, will speak on Sunday evening, December 14th, at the Congregational Church, Melbourn. Dr. Browne, who is a fine speaker, will deal with present conditions in Turkey and the work and influences of Protestant missions in that land.

## MATHIEU'S SYRUP OF TAR & COD LIVER OIL

## THE IMPROVEMENT OF MUNICIPAL DRAINAGE

(By L. D. McClintock, B. S. A. Cowansville.)

In many parts of the Province of Quebec there are very considerable tracks of land, which, while practically useless at present, might easily be made very valuable, were proper drainage secured to it. I mean particularly such land as is low and flat and subject to frequent overflow from such small streams as flow through it.

The present "process verbal" system entails a great deal of "red tape," the putting into effect of which, in most cases, occasions an undue amount of wasteful expense, not to mention bad feeling among neighbors. This state of affairs is so much in evidence that most farmers only resort to "process verbal" when they are absolutely driven to it. For example, drainage by "process verbal" involves all farms, which contribute water to the streams flowing through the land to be drained, and the owners of such farms have to contribute, each his part, toward the keeping of the natural watercourse sufficiently deep and free from obstructions from year to year.

The main objections to such a system may be grouped under two main heads:—The first is that people are compelled to contribute toward improvements of which they do not share the profits. And the second objection is to the requirement, that all work done through "process verbal" must follow the natural watercourse in all its windings. Now, almost all such streams wind so much that it is almost impossible to

keep them free from obstructions of one kind or another, not to mention the fact, that in the distance of one mile, the stream may travel several miles.

Briefly, I should like to offer the following suggestions as a remedy for the present unsatisfactory conditions:—First that the Government appoint competent men to look over all such land as requires draining and report on its present value per acre and also what it would be worth when properly drained. Then I should suggest that the Government issue credits to the farmers whose land requires such drainage as might be needed, to the extent of the total increase of value expected. This money would not be payable directly to the farmers having the land drained, but would be payable for the work as it was being done. Then each farmer whose land had been drained would pay back to the Government an annual tax representing the increase in the value of the land. (say an interest of 2 or 3 p. c.), or the farmer could pay up at any time the amount that had been invested per acre on his land. I feel sure that if some such scheme were resorted to, great benefit would be derived from it.

"If any considerable area were to be drained, the Government might appoint surveyors and send portable dredges to the parts requiring them and maintain a staff of competent men to carry out such projects. "I sincerely invite criticism of the above mentioned scheme, whether favorable or otherwise."

## TALK ON THE CARE OF HEAVY HORSES

Dr. Sinclair Addressed Good Meeting of Lennoxville Farmer's Club

Laid Special Emphasis on THE NEED OF CAREFUL SELECTION OF ANIMALS.

A well attended meeting of the above club was held in the Town Hall on Thursday evening at 7.45.

The first business was the election of officers. This resulted in the old board of directors being re-elected. President, J. Nichol; Vice-Pres., F. Mitchell; Sec.-Treas., A. A. Campbell.

Dr. J. A. Sinclair, of Cannington, Ont., then gave a most interesting and instructive address on breeding, feeding and general management of heavy horses. He laid special emphasis on the need of careful selection of both dam and sire, and on the importance of size, conformation and good healthy condition in both animals. Great care should be taken of the mare while she is carrying the foal. She should have moderate and not violent exercise, and a liberal supply of the best of feed, as it must be remembered that two animals have now to be nourished. After foaling she should be kept quiet for a week or ten days, the same applying to the foal, which also should not be frightened or made nervous by strangers fussing round and looking at it.

Dr. Sinclair also laid great stress on the use and abuse of purgatives. The foal should not be given any purgative except as a last resort, in which case he particularly recommended the use of castor oil. He also gave some valuable advice regarding cleanliness, which was absolutely essential, a solution of corrosive sublimate being the best disinfectant to use in the proportion of

crystals about the size of two marrow peas dissolved in eight ounces of water. This disinfectant is specially recommended.

A discussion followed on various subjects, including the merits of the various heavy breeds, when it was seen that Clydesdales seemed to be favored by the majority of the members present.

### STANBRIDGE EAST.

Mr. Percy Wright has been added to the staff of this branch of the Canadian Bank of Commerce. Two pleasant events recently given were birthday parties in honor of Mrs. H. W. Tucker and Miss Mattie Beatty, when quite a number of their friends gathered at their homes and wished them with many fine gifts.

The "500" Club met with Mrs. Douglas Moore on Thursday night last.

Arrivals and departures: Miss Grace Cornell, who is attending Macdonald College, is home to remain until after the holidays; Mrs. W. Martin, of Bedford, guest of Mrs. H. Bedee recently; Mr. C. H. Hibbard from Lennoxville and Sherbrooke; Mr. and Mrs. A. P. Jenkins, of Freiligsburg, guests of Mr. and Mrs. E. L. Hedge on Sunday; Mr. and Mrs. James Rosenberger guests of Mrs. D. Moore; Mr. G. W. Currihan in Montreal for a few days; Mr. W. H. Briggs in Montreal on Tuesday; Mrs. R. S. Thompson in Montreal visiting friends; Mr. J. Sime at Farnham on Tuesday.

Rev. W. Wright, of Philipsburg, conducts the service in the Methodist Church on Sunday afternoon at 2.30 o'clock. This is the annual large anniversary service and a large attendance is expected.

### EAST PINNACLE.

Mr. and Mrs. Frank Hicks left here on Saturday last for California, and Mrs. Oakley who was here with them at Mr. E. J. Ingalls' left also for her home in Chicago, Ill.; Miss L. G. Lahue visiting at Mr. L. Lahue's, Abercorn; Mr. Carl Johnson from Glen Sutton at his parents this week. Mr. M. E. Ingalls is with a party, on Sutton Mountain on a hunting expedition.

## DAILY NEWS FROM TOWNSHIPS

**WILD GEESE ARE NUMEROUS.**  
Bondville, December 13.—(Special)—Brome Lake is still open. Wild geese are more numerous in the lake this fall than for many seasons past.

**BONUS FOR TEACHING.**  
Windsor Mills, Dec. 13.—(Special)—Miss Grace Todd, of Windsor Mills, received a bonus for successful teaching in school district No. 1, East Clifton, for the term of 1912 and 1913. Rev. J. H. Hunter is the inspector of that district.

**FOXES FOR RANCH.**  
Massawippi, Dec. 13.—(Special)—Mr. Chas. Sloggett is the possessor of two foxes, which he recently purchased from a fur ranch in Ontario. They arrived in good condition on Wednesday.

**BONUS FOR TEACHING.**  
Maple Leaf, Dec. 13.—(Special)—Miss M. Curdy has received a bonus of \$30 for successful teaching at Maple Leaf, from the Department of Public Instruction, sent by the Rev. J. H. Hunter, M.A., Inspector of Schools.

**ANXIETY OVER WATER SCARCITY.**  
Bohndville, December 12.—(Special)—Some anxiety is felt in this vicinity at the prospect of water famine during the winter months. Winter seems now to have set in and still many wells are as dry as at any time this fall and summer.

**FARMER'S CLUB AT TINGWICK.**  
Tingwick, Dec. 13.—(Special)—The annual Farmers' Club meeting took place at Mr. B. Gallup's on Wednesday. The following were elected: James Corley, Chairman; Directors Dennis Sullivan, Scott George, Thomas Smith, Walter Bagley, E.C. LeRoux, Ernest Olney.

**INJURED ON HEAD.**  
Massawippi, Dec. 13.—(Special)—Mrs. John Mosher and son Homer started out Thursday afternoon for North Hatley, but in turning into the street from their house, rather quickly the sleigh was overturned and both thrown out and the pony ran away, but was caught a mile out. Mrs. Mosher was badly bruised about the head and shaken up, but is recovering.

**HIGHWATER.**  
A. H. Clark, one of Potton's oldest residents passed away suddenly on Sunday last. He had been in poor health for some time past, but nothing to prevent his being about. Sunday noon he took his dinner as usual and laid down for a rest. He had been there but a few minutes when he suddenly arose and started for the door, which he succeeded in reaching but fell back in his chair, dead. The deceased was born at Dainy, Mass., March 1st., 1829, and would, therefore, have been in few months 85 years of age. He came to Potton with his parents when eight years of age, and with the exception of a few years spent in Massachusetts, learning his trade, that of shoemaking, and a short time on a farm, which he purchased in Ely, Sherford Co., his life was spent here. He leaves a wife, formerly Miss Melina Dexter, one sister in Massachusetts, Mrs. A. H. Jordan; two sons, Chas. R., of Granby, Que., and S.R., who resides on the old place; two daughters, Mrs. L. A. Potter and Mrs. Arthur Clusky, both of Potton. He also leaves ten grandchildren and twelve great grandchildren, and many other relatives to mourn his loss. He had been a magistrate for upwards of twenty years and a prominent member of the Baptist Church. The bearers were Messrs. G. G. Griggs, C. M. Bedard, Frank and Wm. Jersey, with F. E. Jersey as manager. Rev. Jas. Kenworthy conducted the burial.

Mrs. E. O. Bailey, who has been quite seriously ill for some days past is now improving. Mr. C. R. Crowell has also been on the sick list. Someone has said that it is just as well to be born lucky as handsome. That would apply to L. M. Gladden. Last Wednesday when a fine deer came down just back of the Central House. A lone range shot from the back yard and results as usual followed. Arrivals: Miss A. Gendron home from Newport, Vt.; Mr. Geo. Haight of Russell, Man., visiting friends in town; Mr. C. C. Davis, of Dunham, home from Mildon, Sas., where he has been employed for several months; Mr. Chas. R. Clark, of Granby, Que., attending his father's funeral.

McCONNELL.  
Mr. C. Rollins, of Georgeville, was the guest of his sister, Mrs. O. Brown on Sunday. The sad news was received here of the death of Miss Cora A. Parnell at Mount Vernon, N.H., on Nov. 29th. Miss Parnell was the youngest daughter of the late Thos. Parnell of this place, where she was born and lived during her earlier years. She had been in failing health for the last six years, and had lived with her sister, Mrs. S. T. Worthen, of Manchester and Mount Vernon, N.H. The most of the time for the last few years has been spent at the latter place which is Mr. and Mrs. Worthen's country home. Mrs. O.E. Duthin, another sister, also cared for her during her long illness. She is survived by three sisters, Mrs. S. T. Worthen, Mrs. O. E. Dustin, Mrs. Webster; two brothers, Nelson and Frederic, of Manchester, and L. H. Parnell, of this place, who had been a consistent member of the M. E. Church in Manchester for many years. She was in the 46th year of her age. Mrs. E. J. Parnell received word of the sudden death of her cousin, Mr. Lucius Kilburn, of Toronto, but formerly of Coaticook.

About thirty friends and neighbors gathered on Tuesday evening at the Spendlow home where they were

# Agriculture: Stock Raising: Farm Notes

## THE GOAL UNFIXED

Apparently there is no limit to the producing power of the dairy cow. She continues to increase her efficiency to keep pace with improvements in the world's inventions. Contemporary with the cradle with which strong men cut the grain and used the flails to thresh it, we found the "good" cow making two pounds of butter per day. Later the self-binder replaced the cradle, and the large traction machinery threshed the grain. The two-pound cow was then no longer worthy of mention. Only an animal producing four or five pounds per day was considered by the press. The satisfied class then said machinery is now perfected. Railroads and steamboats gave excellent service. Telegraph and telephone gave us connection with all over the world without leaving our own home. And relative to dairy production the climax is reached when Colantha 4th's Johanna, in one week, through her word run developed mechanism, converted food into thirty-six and one-sixth pounds of butter. Inventions and developments still proceed, and now six pounds per day has been attained by K. P. Pontiac-Lass, and many will say that is the best, but the end is not yet.

Many and many a dairy herd show excellent development and capacity for high production, but even they can be improved when we bear in mind the high record which stands as a light to lead us on. Farmers all over Canada have been urged, admonished and implored to test and weigh their milk, promote the good and discard the bad, and so improve their herds. After a while this advice sounds like, "Wolf," "Wolf," and the farmer disregards it.

Such a scene as was presented at the last National Dairy Show at Chicago is an inspiration to any dairyman, and if more would, visit our large exhibitions and study the type of animals they are most interested in, carry home the concentrated ideas and put them into execution and work towards the goal which, as we approach, moves higher up, we can then raise the standards of our herds to a much higher level.—Farmer's Advocate.

## ROUND TABLE FARMER'S CLUB

### Questions of Interest Discussed by Breeders and Others

(The Record would direct the attention of Farmers' Clubs to this column. It is open for news in connection with the Club collectively or individually. This will make a good medium, whereby the different clubs can learn of what is going on in like organizations throughout the Townships. Notices of meetings and reports of the same will be published in this column. It is open also to the free discussion of all matters pertaining to the farm.)

#### PREDICTS BEEF FAMINE NEXT YEAR

Dr. Hood the Chief City Food Inspector of Montreal predicts that there will be a beef famine next year. He bases this opinion on the reports submitted to him from various points in the Eastern Townships.

He said that the American buyers have almost stripped the country of yearlings and two-year-old steers and heifers and had them slaughtered for beef.

"I cannot see why they should do this," said he, "for beef cattle at age are not profitable. A yearling will dress only about two hundred pounds. To pay, it should dress 300 or 600 pounds."

The denuding of the country of half-grown steers and heifers will result next year in a great scarcity of beef cattle. Where the country will buy its beef is certainly a problem. In the West wheat farms are replacing the cattle ranches at a rapid rate. The western farmers do not wish to go into mixed farming, for that would keep them on the farms all the year round, while with wheat and grain farms, they are free to go away to pass the winter.

#### SCARCITY OF MILK

The wholesale purchase of cows throughout the Eastern Townships will have the effect of lessening the milk supply to the larger centres, such as Montreal. As a result of the American invasion, says a correspondent, the milk dealers in Montreal will have to tap districts that are not now shipping their milk to the wholesalers. The same correspondent adds that this fact will have a tendency to keep up the price of milk.

One regrettable feature in connection with the exportation of cattle to the States is the large number of two-year-old heifers that have been sold for slaughter. Many of the farmers are now very sorry, when too late, that they have done so, for although they got good prices, it means that they will be short of just so much more milk in the spring.

#### DEVICE FOR HOLDING COWS' TAILS

A correspondent sends the following that should be of interest to dairymen:

"An ingenious device for holding cows' tails while the animals are being milked, thus securing, it is claimed, absolute cleanliness without discomfort or inconvenience to the cow, has recently been perfected by a Vermont (N. S.) man. The chief feature in the device is a simple spring clasp. This is all that it is necessary to buy. The rest of the arrangement consists of a piece of spring and a weight of about three or four pounds.

"To use the device all that is necessary is to catch long hair at the end of the cow's tail in the clasp, drop the weight on the side away from the milker, and proceed without interruption or fear of having the milk contaminated.

"The claim is made for this simple contrivance that it always works, and that it does so without annoying the cow. By removing the nervous irritation which other means of securing the tail sometimes arouses, and which is bound to effect the quantity of milk, an actual increase is promised in the yield if the device is used regularly.

"There is probably not much danger of a repetition of anything so atrocious as the cutting of cows' tails, which was done recently, but anything which leads to clean, absolutely healthful milk, especially at small expense and practically no trouble—is well worth any dairyman's attention."

#### TO COMBAT WATER SHORTAGE

An ex-military man gives the following method of combating the shortage of water in the winter. Instead of hauling water from the river when the wells are dry in the winter, the farmer should go and haul ice instead. With a good supply of this on hand, he could get a supply of water with but little inconvenience. This would do away with the cold dreary work of drawing water in barrels caked in ice, and at the end of a repetition of anything so atrocious as the cutting of cows' tails, he says, was carried out in large camps with success, and there is no reason why it could not be done with the same success on the farm. The trouble of melting the ice is a "light" thing as compared with hauling the water.

#### PLEASED WITH IMPROVED ROADS

An Upper Melbourne Correspondent writes:

"The farmers here and in this vicinity are pleased with the prospect of unimproved roads, as already reported in the 'Record.' Indeed for the last two years or more since money has been imposed, a marked improvement has been noticeable. The Hon. P. S. G. Mackenzie's efforts in this direction are greatly appreciated."

#### GOOD PRICE FOR YEARLING BULL

Hatley—Mr. J. F. Woodman lately purchased a thoroughbred Holstein yearling bull from Brown Bros., Ont. for which he paid the sum of \$150.

#### SOME COWS FROM GLENGARRY

Among the records collected by the

## THE BUTTER INDUSTRY

All who have at heart the future of Canadian dairying and the real interests of the consuming public will be well advised to be on their guard against any attempts, direct or insidious, to weaken and ultimately break down the wholesome legislation insuring honest products upon which the industry so largely rests. As previously stated in the "Farmer's Advocate," what is known as "filled cheese" has been kept out of Canada, and the manufacture, importation and offering, selling or having in possession for sale of any oleomargarine, butterine or other substitute for butter manufactured wholly or in part from any fat other than that of milk or cream, is prohibited. For various reasons, cheese-making, especially for export, is not making the progress in Canada that it once did, but milk, cream and butter production is making a large and gratifying advance. Manufacture of butter for home consumption is increasing and a very considerable export trade to Newfoundland has developed. In the United States, oleo and bogus butter products are entrenched, backed by the big meat interests, which have been almost sufficiently powerful to throttle the Government itself and keep dairy farming involved in a constant struggle. The self same or similar interests, allied with others in "the trade," may desire a foothold for imitation products in Canada under the specious plea that the people would be benefited by having access to cheaper foods, but really to enrich themselves. In order to lull the farmer the pretense is made that it might further advance the price of cattle and hogs, the packing house fats, scraps and leavings of which largely enter into the composition of oleo. The net result of this to the town consumer would be to relieve him perhaps of paying a few cents extra for honest butter and then more than take it out of him in the price of meats and lard, a game that would play in the coffers of the "big interests" at both ends. The industrial classes and the public generally have no need nor desire to be dragged down to foreign food standards. In Europe it has been found that only by the most rigidly and strictly enforced regulations can this imitation product be kept within reasonable bounds. In Canada it would also mean the employment of an army of salaried officers to keep the manufacture and sale of such products under their own name, and the history of the traffic elsewhere shows that it could only be partially successful. Incidentally the public, or the vast majority of them would be deceived.

The whole history of the oleo business has been fraught with deception and fraud. In compounding oleomargarine, different manufacturers use different materials and there are a number of U. S. inland revenue tax, are colored to look like butter. "The Farmer's Advocate" has examined oleo wrappers which, presumably, were technically printed in accordance with Government regulations, yet when put upon the package on the store counter the true designation would be in very fine though long enough letters, while in full view of the customer would be some such word as "Jersey," in very plain type. Leading him to imagine he was getting Jersey butter. Oleo usually contains oleo oil (made from the intestinal fat of beef animals), hog's lard, cotton-seed oil and butter oil, as well as other vegetable or animal products, according to the particular formula used, with the object of making a compound that would yield the most profit on the materials and labor involved. The pretense that oleo is the "poor man's butter" and the dangerous experiment of tampering with the interests of the foundation agricultural interests of the country. After many years of strenuous and costly endeavor by producers and Government agencies a sound and only reasonably remunerative industry (with prices not burdensome) has been developed, and it would be little short of criminal by the advent of bogus products to throw it into confusion and jeopardize its existence.

dairy division, Ottawa, this season are some from Glengarry that show the average yield of 155 cows, 4,540 pounds of milk, 3.5 test, 159 pounds of fat. Included in that is the yield of one herd of 9 cows including one three-year-old that averaged 6,299 pounds of milk, 3.8 test, 206 pounds of fat.

It will be noticed that this herd produced 1,669 pounds of milk and 46 pounds of fat above the average of the 155 cows. Another herd averaged 220 pounds of fat, or 61 pounds per cow above the average; with fat reckoned at thirty cents per pound, this is equivalent to over eighteen dollars per cow, indicative of the thousands of dollars extra that might be coming into a district if the cows were keyed up to a higher producing level.

One noticeable feature of this section is the large number of poor yields from two and three year olds. But it is not only the heifers that are responsible for lowering the average yield. There are cows from six to ten years old that gave only 2,900 pounds of milk and 102 pounds of fat as compared with that average of 4,540 pounds of milk and 159 pounds of fat.

So that instead of a contrast of only eighteen dollars, it is found that there is an actual difference of over forty-one dollars in the cash received from mature cows in the same period. This is surely a statement strong enough to cause every dairyman to examine closely into the performance of each cow he keeps. Milk records are easily kept and a composite sample from each tenth day's milk can be tested once a

## The Finest Gift for Your Family is a GRAFONOLA

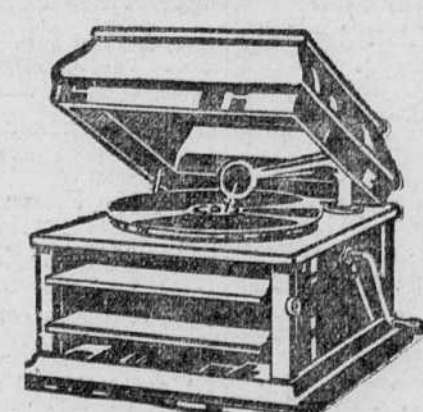

A gift that every member—and all the friends—of your family can enjoy night after night, week after week, and year after year. The gift through which each one can get the kind of entertainment he most enjoys. No one thing will give so much pleasure, to so many people, for so long a time, at so little cost.

But Be Sure the Instrument You Buy is a

# Columbia

The Pioneer and Perfection of Singing Instruments

You want to buy the instrument which gives the best RESULTS; which will reproduce the voices of the world's great singers, or the instrumentalist's tone and technique with all the rich quality and naturalness of the original, without the distracting machine noises common to most "talking machines."

"Hearing is believing." We invite comparison of any Columbia model with a more expensive model of any other make. We know that no other instruments can compare with the Columbia tonally, acoustically, mechanically, or artistically. This fact will be plainly evident to any one interested enough to make a comparison. And the time to learn the truth of this statement is before you make your purchase.

#### Free Demonstration

We will welcome the opportunity of demonstrating the Columbia Gramophone, without cost or obligation to you. We urge you to call at your earliest convenience—or write or phone for a free art catalogue and sample record.

If you already own a Gramophone or Victrola be sure to get some of the new Columbia Double-Disc Records. Remember, Columbia Records can be played on Victrolas as well as on the Columbia Gramophone—and they are the more like, more durable, and less expensive than any other records.

#### Play BOTH Victor and Columbia Records.

Every great artist who has ever made records, without exception, can be heard—and heard at his or her best—on your Columbia Gramophone.

You cannot begin too soon to investigate—to satisfy yourself before hand that in the Columbia you are getting the very best instrument you can buy for the price you want to pay.

#### Grafonola "Jewel" \$45.

Other models \$17.50 to \$650.00. Easy Terms if Desired

month. Is not this worth doing?

**WATCH YOUR HORSE.**

The language of the horse is easily learned. If drivers would watch carefully the horses under their care they could readily detect the sign of uneasiness or suffering. It is a well-known fact that the ears of the horse express his emotion; when they have a backward slant it shows he is ill-treated or thinks he is going to be. Through the eye the horse expresses his feelings. When he is suffering his eye is contracted, it has a nervous

restless expression easily recognized. When a horse is comfortable his eye seems large and full and has a serene look.

**DOGS DEAL DEATH TO SHEEP.**

A correspondent sends a clipping from the Breeders Gazette, published in Chicago, which tells of the destruction of sheep by dogs. The correspondent adds that the same slaughter continues in the Eastern Townships, but to a lesser degree. Until such time as a dog tax has been imposed, and law made for the

protection of the sheep owner, the farmer will not go into the sheep industry with any enthusiasm. The article referred to is as follows:

The record for sheep-killing by dogs was probably established by two curs in Calhoun Co., Mich., last week when they destroyed a whole flock of 122 in one night. Albert C. Behling, a farmer, owned the sheep less than 24 hours. He was awakened by the barking of dogs and going to his pasture found the last one of the flock grasping its life. The two dogs fed at his approach.

The dogs accomplished their work by the simple method of running the sheep to death. Mr. Behling heard the barking for several hours, but attached no significance to it at first. The sheep were in a small, fenced field. After getting the flock stampeded in terror the two dogs kept them fleeing around and around the field until they one by one dropped from exhaustion.

The dogs, which belonged to two Albion laborers, were identified by the sheep owner and shot. Part of Mr. Behling's farm is inside the city.

# KNOWLTON

## Knowlton Town News

Mrs. Abram Blunt, who has been ill for some time, is still in a precarious condition.

Mrs. Wallace Brill is visiting Mr. and Mrs. H. C. Knowlton; Mr. Harold Taylor, Montreal, visiting his parents here; Mrs. H. Curtis of Cowansville, visiting her brother, Mr. P. England; Miss Dorothy Hancock from Boston and spent a few days at Darley Place previous to leaving for St. John, N.B., where she will reside.

The funeral of the late Mrs. Paterson, 87, of East Bolton, will take place in St. Paul's Church on Saturday at one o'clock and the interment will take place in the Knowlton Cemetery. Mrs. Paterson, who was 85 years of age, had been ill for some time, and died at East Bolton on Wednesday, Dec. 10.

The finest assortment of Men's Ties in town at Pibus.

Full assortment of choice Cigars put up especially for the Christmas trade at Pibus.

For your Christmas Candies, Nuts, etc., go to Pibus.

Smokers' supplies of all kinds at Pibus.

Mr. and Mrs. Jos. O'Halloran were in Montreal this week.

The Boys' Goodwill Club of St. Paul's Church gave a very successful concert and sale in the Church Hall, on Thursday evening. The program consisted of songs, charades and recitations. The charades were amusing and much enjoyed.

Several from here attended the oyster supper at Brome on Friday evening.

Saturday. He was in his 50th year. Mr. P. Payeur took his little daughter to Quebec on Tuesday for treatment for her eyes in the Hotel Dieu Hospital.

Master C. MacGilivray's condition does not show much improvement.

**A SEER HIMSELF.**

Fortune Teller—I see a lot of money. Victim—Yes, so do I; I paid you in advance.—Le Rire.

## How To Prevent Acid Stomachs And Food Fermentation

BY A STOMACH SPECIALIST.

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is acid in the stomach, usually due to, or aggravated by, food fermentation. Acid irritates the delicate lining of the stomach and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent. of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, a teaspoonful of bicarbonate of soda, which is doubtless the best and only really effective antacid and food corrective known. The acid will be neutralized and the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bicarbonate of soda, as I have found other formulas utterly lacking in its peculiarly valuable properties.—F. J. G.

Dear Sir—Does it pay to raise sheep? If so, why are there not more raised in the Townships. With your permission I will give you a concrete

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Weyth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Weyth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

## example of a trial I gave to twenty-eight grade ewes last year.

I breed pure bred mostly, but I wanted to see just what could be done with a flock of grades such as the farmer would usually breed.

In October 1912, I purchased twenty-eight grade ewes at \$6.50 and used a pure Shropshire ram. It cost me about 75c, besides the wool, to feed them for the year. I sold the sheep in October, 1913, for \$6.25 each, or a loss of 25c per head, but they averaged a lamb and a half each that I sold for mutton for \$6.10 each, thus closing the transaction.

After deducting 25c which was the loss when I disposed of the ewes, and applying to the wool and seventy-five cents for the feed, I have a profit on each ewe of \$8.05, on an investment of \$6.50.

Why do the farmers not raise more? For the want of protection from the dog. Give them an adequate Dog Law, and they can raise sheep, but the accompanying bill illustrates the fact that dogs will take away all the profits, no matter how big, when they get started.

One of our Lennoxville farmers lost nine sheep by dogs out of a flock of thirteen.

Sincerely,  
J. H. M. PARKER.  
Lennoxville, Dec. 12th., 1913.

**WHAT ALFALEA DOES**

Farmers, as a rule, do not seem to realize the great feeding value of alfalfa. This is seen emphatically in the careless, loose way they follow in curing it. As they look at it, dollars can slip away in its feeding value and they not know it. The curing of alfalfa is the most important thing connected with the growing of it, but few farmers see it. Here are a few facts worked out by the New Jersey Experiment Station that should be remembered as a basis of judgment as to what it is worth:

The net gain of alfalfa over other roughage was 28.3 and 27 p. c. in milk and butter. Horses and mules fed alfalfa, ten to twenty pounds a day with small allowance of grain, kept in fine condition and saved 20 to 30 p. c. in cost of maintenance. Its value was particularly shown with young growing stock which developed into big strong animals in a much shorter time than when kept as they usually are. It is well to keep these things in mind.

**ABSTRACT AND NOT CONCRETE.**

No calf should be saved as a future member of the dairy herd unless she has a good, high producing mother and a sire who can transmit these traits in his female progeny.—Ex.

That sounds all right, and abstractly speaking it is all right, but concretely and practically it doesn't fit the lay of the land as every breeder knows. What is the breeder going to do? Should he knock in the head

## THE HORSE

Good Swede turnips are relished by horses. One good-sized one a day is enough.

If the horse's roughage ration is to be straw, he must be liberally fed on concentrates.

The good horseman looks for the right kind of feet and legs as well as size and substance in a horse.

The horse still remains the greatest drawing card at a live-stock show, notwithstanding the popularity of the automobile.

Timothy hay sells at the highest price on the market, but clean, well-cured clover makes good winter feed for the farm horse.

Buy a little bran; it is a good investment where colts and in-foal mares are being wintered, and, in fact, may be used to advantage with most idle horses.

In every district where there is not already a good stallion, if some one man does not make the purchase of one, a few prominent men should get together and buy the best horse available.

The brood mare must have exercise, but some care is necessary that she is not injured in the yard or paddock. Turning her out with one or more playful colts is sometimes disastrous. Colts kick in play and may injure the mare clumsily because of carrying a developing foetus and unable to get out of the way, and the injury may result in an abortion.

**President**

A gift that old friend would still be enjoying long after Xmas. Ask to see them in Xmas boxes.

**Suspenders**

## POULTRY

An abundance of green feed is one of the roads to success this winter.

Prices at this season emphasize the old adage, "The hen that lays is the hen that pays."

Select for next year's breeding for layers a male bird from a heavy-laying strain of hens.

Do not forget that the hens need drink in winter. Give them sour milk if possible.

Class the pen in which the hens are kept as a "stable" when doing the daily stable cleaning.

Old hens and all cockerels not needed for breeding should be sent to the table as soon as they can be fattened.

a general summary of making silage and feeding it to dairy cattle. It treats of silage crops such as corn, the sorghums, clover, alfalfa and cowpeas; methods of harvesting, such as cutting in the field, hauling cutting at the silo, power required, length to cut, packing, adding water, covering and labor. There is a chapter on the feeding value of silo, and then follows the feeding of dairy cattle, horses, beef cattle, and sheep.

In summing up the points in favor of silage the author says:

1. More feed can be stored in a given space in the form of silage than in the form of fodder or hay.

2. There is a smaller loss of food material when a crop is made into silage than when cured as fodder hay.

3. Corn silage is a more efficient feed than corn fodder.

4. An acre of corn can be placed in the silo at less cost than the same area can be husked and shredded.

5. Crops can be put in the silo during weather that could not be utilized in making hay or curing fodder.

6. More stock can be kept on a given area of land when silage is the basis of the ration.

7. There is less waste in feeding silage than in feeding fodder. Good

**SILAGE FOR HORSES, CATTLE AND SHEEP.**

Farmers' Bulletin No. 556 is a valuable compilation of our existing knowledge in feeding silage to horses, beef cattle and sheep, together with

silage properly fed is all contained. 8. Silage is very palatable. 9. Silage, like other succulent feeds, has a beneficial effect upon the digestive organs. 10. Silage is the cheapest and best form in which a succulent feed can be provided for winter use. 11. Silage can be used for supplementing pastures more economically than can soiling crops, because it requires less labor, and silage is more palatable. 12. Converting the corn crop into silage clears the land and leaves it ready for another crop.

## To Build Up Vitality

The severe and sudden changes in our climate are responsible for many of the break-downs in health.

**CAMPBELL'S QUININE WINE**

is specially recommended at this time to fortify and strengthen the system. Doctors prescribe it and have done so for over thirty years. Be sure it is

BLACK, OR NATURAL GREEN } IMITATIONS ABOUND SO BE ON THE ALERT.

THE only people who really believe that the imitations give as much satisfaction as genuine LEA & PERRINS are those who do not know what a true sauce should be.

A true sauce is not merely an added flavour. It must bring out hidden flavours that are in the food itself—flavours which otherwise you would never taste.

Every person of refined tastes knows this.

That is what makes the difference between all the imitations and the genuine Lea & Perrins.

J. M. Douglas & Company, Montreal, Canadian Agents. 14

### BASKETBALL

**SEASON CLOSED AT BISHOP'S COLLEGE SCHOOL.**

On Wednesday night December 10th Bishop's College School concluded a very brilliant basketball season by defeating the Y. M. C. A. by the decisive score of 39 to 27.

The play was fast and exciting at all times, but after the first half, the fast purple and white team were never in danger though the Y. M. C. A. played a first class game from start to finish. Tate and Kerr starred for the losers; and the shooting of Maurice and Hugh Jacques for the school was very effective. The school team showed the fine team work that brands the better type of basketball and the whole team is to be congratulated on its wonderful work of going through the season unbeaten. The Y. M. C. A. found their chief difficulty lay in trying to penetrate the B. C. S. defence, which played very cleverly and rather dazed the opposing forwards.

The teams lined up as follows:  
B. C. S. Y. M. C. A.  
H. Jacques Forward McKee  
Shorey " Robins  
M. Jacques Centre Kerr  
Smith Defence McAllister  
Blinco " Tait

The B. C. S. second team had a great comeback when they defeated the Y. M. C. A. 2nd. team on their own floor, on Wednesday evening by the close score of 27 to 25, having been previously defeated by Y. M. C. A. by 25 to 13. Drury and Gwyn starred for the winners and the Y. M. C. A. team is to be congratulated on its excellent showing, ten minutes overtime being necessary before the B. C. S. boys could claim the victory.

The teams lined up as follows:  
B. C. S. Y. M. C. A.  
Halpin Forward King  
Drury " Keen  
Gwyn Centre Foss  
Black II. Defence Bryant  
Black I. " McKay

### HOCKEY

**MEETING IN THREE RIVERS TONIGHT.**

Mr. W. H. Brent, President of the Sherbrooke Hockey Club left for Three Rivers to-day to attend a meeting of the Eastern section of the Inter-provincial League.

Owing to the change of dates made by the club in the Pro-League, which affect four dates of the teams in the Eastern section to be played in Quebec, it is necessary to revise the schedule published two weeks ago.

## FINANCIAL AND MARKET NEWS

(Continued from Page 5)

eggs continues exceedingly strong, but without any noticeable change in the situation. The high prices has curtailed the demand to some extent, but as stocks are light, and with very little coming in from the country, holders are very firm in their views. There are very few new laid eggs offering, as the hens are said to be moulting. We quote fresh fall stock 45c; No. 1 stock 34c; select 38c; new laid 60c.

**POTATO TRADE EASIER.**  
Montreal, Dec. 13.—There has been an easier feeling in the market for potatoes, as there seems to be more sellers than there are buyers. Offerings this week have been heavy at 85c track for Green Mountains. There are not so many Quebec whites offering, but prices are easier in sympathy with the general tone of the market at 80c track Montreal.

**GOOD DEMAND FOR POULTRY.**  
Montreal, Dec. 13.—There has been a better demand for dressed poultry this week, the snow and colder weather stimulating trade. The offerings, however, are exceedingly small, and consequently prices rule high. We quote turkeys 20c to 22c per pound; chickens 16c to 17c per pound; fowls 10c to 12c per pound; geese 13c to 14c per pound; ducks 16c to 17c per pound.

### HAY AND STRAW

**HAY MARKET STRONG.**  
Montreal, Dec. 13.—The local hay market rules strong and without much change. Prices rule strong with offerings on the part of the United States, but this is confined to limited quantities. The exports to Great Britain this week are nil, and the prospects are that they will be very light during this winter. All advices from the English markets are very discouraging. They claim that they are not in need of any Canadian hay as the markets over there are bountifully supplied with foreign hay at lower prices than Canadian.  
Cable advices just to hand quote prices purely nominal as follows:  
Liverpool at 80s. London 70s. Glasgow 82s 6d. Manchester 75s.  
We quote prices as follows:  
No. 1 quality, \$16.00 to \$16.50;  
No. 2 extra, \$15.00 to \$15.50; No. 2 ordinary, \$13.00 to \$13.50; No. 3 hay, \$10.50 to \$11.00; Clover, as to grade, \$10.50 to \$11.00.

# DOMINION Nobby Tread

The World's Best Tire

is now "Made in Canada" in this New Million Dollar DOMINION Tire Factory.

THE demand across the Line for the "Nobby Tread" Tire keeps four great American factories busy. Its superiority has been clearly demonstrated both there and in Canada.

We could see no reason why Canadian motorists should not be able to get the same incomparable tire, "Made in Canada," by Canadians.

So we secured the Canadian rights to all the patented designs and exclusive processes which have made U. S. "Nobby Treads" the world's best. Then we erected the big factory you see below, and equipped it with duplicates of all the special machines used in the four great factories of the U. S. Tire Company.

The product of this Factory, the DOMINION "Nobby Tread", is certainly the best tire that has ever been made on Canadian soil, and has no superior in any other country. There is nothing experimental about it—every feature, every manufacturing process has been thoroughly tried out and proven satisfactory.

It has the same absolutely Non-skid "Nobby Tread" which was worked out in co-operation by the Morgan & Wright, Hartford, G. & J. and Continental Tire people. It has the same uniform bull-dog strength in every part of the carcass, because we build it on the same machines, by the same exclusive processes.

So keen is the demand for DOMINION "Nobby Treads" that we have had to cut down some of the largest orders so as to be able to supply some, at least, to every dealer in Canada. To avoid delay, get your order in with your dealer at once.

BROKE OUT ON HEAD, NECK AND SHOULDERS

In Little Blotches, Scratching Caused It to Spread. Hands Had to Be Tied, Cried Day and Night, Cuti- cura Soap and Ointment Cured.

Ennisville, N. B. — "The trouble started when my baby was four months old. Her head, neck and shoulders were a mass of sores. They broke out at first in little blotches, only watery, which the child scratched and caused to spread and form a mass of sores. Her hands had to be tied to keep her from scratching the sores. The eczema caused her to itch and burn and to be cross and peevish. She was disfigured for the time she had it. She cried day and night from the irritation. Neighbors said she would never be cured.

"She was given some medicine to take inwardly but without success. Then a friend told me to try Cuticura Soap and Ointment which I did. I washed the child with Cuticura Soap, dried well, then applied the Cuticura Ointment every day and in a week's time the burning sensation left, the child scratched no more, and when she was eleven months old she was completely cured." (Signed) Mrs. John J. McCann, Nov. 27, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they promote and maintain the health of the skin and hair from infancy to age. Sold by druggists and dealers everywhere. For a liberal free sample of each, with 32-p. book, send post-card to Potter Drug & Chem. Corp., Dept. D, Boston, U. S. A.

108 NOX A COLD IN ONE DAY

The most remarkable Cough and Cold Medicine ever discovered. Stops a cough, relieves asthma and bron- chitis. 108 Nox a Cold is sold at 25c. and 50c. per bottle at all drug stores.

A Paris Chemist Has Discovered How to Grow Hair.

In Paris the ladies have entirely abandoned wearing rates, which is due entirely to this new discovery.

It has been proven that Henna leaves contain the ingredients that will positively grow hair. That they contain this long-looked-for article is proven every day.

The French are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale.

This preparation is called SALVIA and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perfumed SALVIA makes a most pleasant dressing, and is sold by your druggist. A large, generous bottle can be purchased for 50 cents.

CORPORATION of the TOWN of MEGANTIC

Sealed tenders addressed to the under- signed, marked upon the envelope: "Tenders for the Construction of a Concrete Dam," will be received at the office of the Clerk of the Town of Megantic, County of Lake Megantic, P. Q., until 4 o'clock in the afternoon of the 5th day of January, 1914.

Specifications and full information, to- gether with all necessary plans, can be seen upon application to the clerk above mentioned, or at the office of the chief engineer of the corporation, Mr. Edward A. Evans, 92 St. Peter street, Quebec.

Each tender must be made out upon the form supplied and signed and sealed by all parties to the tender, and wit- nessed, and must be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Corporation of the Town of Megantic for the sum of ten thousand dollars (\$10,000.00), which will be forfeited if the persons tendering decline to enter into a contract when called upon to do so, or fail to com- plete the work contracted for. If the tender is not accepted the cheque will be returned.

The Corporation of the Town of Megantic do not bind themselves to accept the lowest or any tender. (By order) The Clerk, JOSEPH ROY, Lake Megantic, Nov. 13, 1913.

**REMOVED THE PROUD FLESH**  
And Healed The Wound With But Three Applications.

You could not have a better proof of the value of Egyptian Liniment than is given by the experience of Mr. C. A. Holden, of Montreal, as given in his letter.

"My pony received a deep cut across the back of her leg below the hock joint, after trying several remedies, without any beneficial results, I was induced to try Douglas' Egyptian Liniment. Proud flesh had formed the size of a hickory nut. After three applications it was entirely healed, which I consider marvellous, as a small artery had been cut, which spurted blood every time the wound was disturbed."

"I cheerfully recommend Egyptian Liniment to all horsemen."

The way Douglas' Egyptian Liniment cleans out and heals a festering wound is simply marvellous.

25c. at all dealers. Free sample on request. Douglas & Co., Napanee, Ont.

**CITY NEWS**

The Rev. J. C. Tanner has returned to Dixville after spending a couple of days in the city.

Mrs. Ellen Sterling, of Lennoxville, is slowly recovering from her serious illness.

Miss Maude Cromwell, Cookshire, is the guest of Miss Mabel Lette, York Apartments.

Mr. Allen Young, from Saskatoon, Sask., was a visitor to the city yesterday.

Messrs. L. and F. Perron have gone to Stoke on a hunting expedition for two or three days.

Mrs. George H. Bradford has returned home after a six weeks' visit among relatives at St. Johnsbury, Vt.

Mrs. John Cleary, of Lyndonville, Vt., has returned home after attending the funeral of her young relative, the late Philip Auray.

**HOUSE BURNED AT EAST CLIFTON**  
Belonged to Mr. A. McVetty, But Family Did Not Occupy Same

FIRE BROKE OUT IN THE KITCHEN, WHICH WAS OCCUPIED BY TWO MEN.

East Clifton, Dec. 13.—(Special)—The house belonging to Mr. A. McVetty was totally destroyed by fire on Thursday afternoon. The family had not been living in the house for some time, but two men who were chopping wood on the place occupied the kitchen.

The fire started in the kitchen, but was beyond control before the men observed the fire. The neighbors gathered and succeeded in saving the outbuildings from the flames.

The property was insured.

**BOARD OF TRADE FORMED AT BEEBE**  
Business Men of Place Are Quite Enthusiastic Over the Event

ANOTHER MEETING WILL BE HELD ON MONDAY TO APPOINT OFFICERS AND OTHER BUSINESS.

Beebe, Dec. 13.—(Special)—A meeting was held at the Town Hall to consider the advisability of forming a Board of Trade for the Municipality of Beebe, about 30 of the citizens were present and were quite enthusiastic on the subject. Mr. F. Pocock was called to the chair. Mr. H. G. Kerwin acted as Secretary.

An adjournment was made to the 15th, inst. for the purpose of enrolling members and appointing officers. A Board of Trade will be a great benefit to the Municipality and the citizens should take an interest in the establishing of one.

Our Assortment of **Xmas Goods** will be larger and better assorted this season than ever.

Made from choice selected cane sugar, by the most modern and perfect machinery, it is now offered in three different sizes of grain—each one the choicest quality.

St. Lawrence Sugar is packed in 100 lb., 25 lb. and 20 lb. sealed bags, and also in 5 lb. and 2 lb. cartons, and may be had at all first class dealers. Buy it by the bag.

ST. LAWRENCE SUGAR REFINERIES LIMITED, MONTREAL.

**NEW HAVEN STILL ON DECLINE.**  
New York, Dec. 13.—The shares of the New York, New Haven & Hartford Railroad Company reached a new low record on the Stock Exchange, yesterday afternoon. Liquidation forced the price down to 66 1/2 shortly before 1 o'clock. The previous low record established Thursday was 67 1/2.

Two deer were seized and confiscated on Thursday by Game Warden Gendron. One had been shipped without a tag, and the other was a young fawn.

The funeral of the late Philip Auray took place Tuesday morning from his home on Short street to the Church of Notre Dame, South Sherbrooke, where the solemn service was celebrated by the parish priest, Rev. J. A. Bussiere. Appropriate music was rendered by the choir. The cortege was a long one, deceased having a large circle of friends and relatives. The chief mourners were Mr. Robert Oates, stepfather; Messrs. Crosby Auray and Gaston Auray, brothers. The funeral director was Mr. Eddie Fortin, and the bearers were the following: Gratton McKeon, John Woodgate, C. Williams, E. Gagne, E. Marcotte and A. Vital. The pallbearers were Messrs. H. Crochetiere, Willie Steele, O. Ratti, A. Rioux, L. Nadeau and A. St. Francois. The remains were laid in the family lot in the Roman Catholic cemetery, East Sherbrooke. The late Philip Auray, who was only 21 years of age, was stricken some weeks ago, while apparently in the most robust health, with a rheumatic affection, with complications. A bright, happy youth just entering upon manhood, he was ambitious and industrious and devoted to his mother. He was a favorite with his young friends and will be missed from amongst them. He is survived by his mother, Mrs. Robert Oates, two brothers and three sisters. The hand of death has been especially heavy upon Mrs. Oates, who in the past five years has been bereaved of three sons and her mother. Many spiritual offerings, masses and flowers were received in token of affection and regret, among

the latter being a beautiful wreath from the Dominion Express Company where deceased had been employed.

**SHERBROOKE BILLS BEFORE LEGISLATURE.**

The bill of the City of Sherbrooke asking for amendments to the Charter, and that of the Protestant Hospital asking to be allowed to change the name will be up for consideration on Wednesday and Tuesday respectively of next week.

**MINISTERIAL ASSOCIATION MEETS ON MONDAY.**

The Ministerial Association of the District of Sherbrooke will meet on Monday at 10.30 in Wesley Hall. The essayist will be Rev. Geo. A. McIntosh, subject, "The Development of Apocalyptic Literature." The book review will be by the Rev. F. Williams of Hatley. After the session the delegates will be entertained at luncheon by Mr. McIntosh.

**HAS LEASED THE STADIUM**

Mr. W. H. Brent has leased the Stadium for the coming winter, and is now at work getting the rink in shape for ice skating. The floor is being put in condition, and with one or two cold days, skaters will be given an opportunity of enjoying the first skate of the season. Mr. Brent intends to introduce several features, this year, which will add greatly to the comfort and convenience of his patrons.

In order that patrons of the hockey games may obtain the same seats for each game, a subscriber's list will be opened, and anyone desiring to reserve one or two seats or a box can do so by communicating with Mr. Brent. While it is understood that the rink was a failure last year financially, there is no reason to believe that this season should not be a successful one, and with good weather and the support of the public, the Stadium should have a banner year.

**ASHLAR LODGE, NO. 31 A.F. & A.M.**  
Coaticook, Dec. 13.—(Special)—The annual meeting for the election of officers for Ashlar Lodge was held on Wednesday evening which resulted as follows: W.M., Bro. A.L. Spalding; S.W., Bro. W.A. Stenning; J.W., Bro. L. Moore; Chap., Bro. C.E. Baldwin; Sec., Bro. J. B. Smythe; Treas., Wor. Bro. S. C. Smith; Tyler Bro. H. Sawyer.
