RUSSIANS CAPTURE OVER FIFTEEN THOUSAND TEUTONS

THREE DAYS BATTLE ON THE DNIESTER RIVER IN REGION OF ZURAWNA ENDS FAVORABLY TO CZAR'S TROOPS.

Petrograd, June 13, via London.—In a battle on the Dniester river in the region of Zurawna, Galicia, which lasted from June 8 to June 10, the Russians captured 348 officers and 15,431 soldiers with 78 machine guns and 17 cannon, according to a Russian official statement issued under date of June 12. On June 11, the statement adds, the Austro-German forces crossed the Dniester at several points. The text of the communication says: "To the north of Shavli, in the district of Szakimovo, we yesterday attacked and repulsed in a western direction the enemy outflanking column. Near Shavli the enemy continues his fruitless attacks in the sector of the northern battlefield.

"Our offensive on the front of Szalliany-Beisagola continued to develop with success. Yesterday we carried by storm several villages and a cemetery near Bourgade-Jouquiny. The day before on this front our Cossacks charged the enemy on horseback and captured about 100 Germans and took more than fifty prisoners.

"On the direction of Kovono the enemy is endeavoring to secure the front of Sapeziska-Hudele. On Thursday night in this district we pushed back the enemy for some distance on the Mariampol road and along the railway from Kovono to Wirballen (Russian Poland).

"On the right bank of the Vistula, in the region of Starozely the enemy opened an intense artillery fire at dawn yesterday as a preliminary to a series of attacks. Up to midday the enemy did not succeed in approaching nearer than 400 paces from our trenches. Our air squadrons made reconnaissances and dropped bombs with success, thus contributing materially to repulse the enemy's attacks on this front.

"In Galicia: Yesterday in the valley of the river Sklo an enemy motor battery advanced toward our trenches, but was forced to beat an immediate retreat by our artillery fire.

"In a three days battle on the Dniester river, in the region of Zurawna, which lasted from June 8 to June 10 we captured altogether 348 officers and 15,431 soldiers with 78 machine guns and 17 cannon. A large quantity of arms, ammunition wagons, field kitchens and transports also fell into our hands.

"In order to support the Austro-German army which fell back on the right bank of the river Dniester the enemy undertook an offensive on both sides of the river Tyamienica, and on June 10 succeeded in carrying the village of Gruszio, but immediately was driven back by our troops who captured 33 officers and 490 men.

"On the night of June 10 and on the morning of June 11 the enemy delivered fruitless attacks against our bridge-head near Halicz.

"In the course of the following day the enemy approached the front of Nezwiska-Galeszczki and began to cross the Dniester at several points."

LOST

LOST—A gold bar pin with three beads, lost Saturday night from St. Famille, Couillard St. John, Maple Avenue, and Grande Allee or on street car. A reward will be given on returning to 18 St. Famille.

ATTEMPT TO REACH LEMBERG FRUSTRATED, GERMANS EVOLVE NEW PLAN IN GALICIA CAMPAIGN

Scene Of Fighting In Galicia Has Changed—Germans, Balked In Effort To Reach Lemberg From South. Attack North Of Przemysl—German Offensive In West Has Not Materialized—French Claim Gains—Italians Continue To Make Important Progress

London, June 13—Both in the Baltic provinces and along the Dniester river heavy fighting continues between the Russians and Austrians and Germans without, however, any very material change in the situation. The movement forward and backward of the battle lines in the Baltic provinces is almost continual, and each side has at various times held the advantage.

In Galicia the scene of the fighting has changed. The Germans, balked in their effort to reach Lemberg from the south, have commenced an attack on the Russians on the river San, north of Przemysl, and along the Dniester in south-eastern Galicia, and in their report tonight claims to have been successful in both sectors.

The movement in the south-east resembles that which failed further up the Dniester, at Zurawna, but is on a wider scale. The right wing of the Austro-German army is only 20 miles from the Rumanian frontier, while its left wing reaches as far as Halicz, where many attacks have been delivered against a bridge-head. The centre of the operations in Kolomea, from which point the main attacks, which have carried the Teutonic allies across the Dniester in several places, are being launched.

Simultaneously, the Germans are proceeding with their attack on the Russian centre on the river Rawka, west of Warsaw, where they have also been successful, according to their report.

In the western zone artillery engagements are in progress from the sea to the Woevre, and even beyond that district with here and there infantry fighting. The French have attempted to force the Germans at some points out of their strongly entrenched positions, and the Germans have been endeavoring to recover lost ground. A big German offensive was predicted several days ago, but so far it has not materialized, although it is still expected.

With Monfalcone and Gradisca in their hands, the Italians have begun an attack on Gorizia (Gorz), further up the Isonzo river and one of the Austrians most strongly fortified frontier positions. The Italians have already cut the communications to the north and south of the town, so that it now depends entirely on the difficult mountain road to the eastward.

GERMAN CRUISER BRESLAU DAMAGED

SEVERAL SHOTS FROM RUSSIAN DESTROYER ARE FOLLOWED BY AN EXPLOSION.

Petrograd, via London, June 13.—The Turkish cruiser Midulla, formerly the German cruiser Breslau, was damaged, just how severely is not known, in an artillery duel with a Russian torpedo boat destroyer near the Bosphorus Friday night, according to a Russian statement. It is stated that the cruiser was struck by several attacks, that an explosion was heard aboard and that fire was seen at her bow. The text of the statement follows: "Near the Bosphorus on the night of June 10-11 two Russian destroyers encountered the Breslau, whose searchlight lit up our turbine destroyer which immediately attacked the enemy. The sharpest of artillery duels ensued. Several shots struck the cruiser, an explosion was heard aboard it and she was afire at the bow. Owing to the darkness it was impossible to ascertain for a certainty the extent of the damage inflicted on the enemy.

"An officer and six men were wounded aboard the destroyer which attacked the Breslau."

AUSTRIAN ARSENAL NEARLY DESTROYED.

Rome, Italy, June 13, via Paris.—The arsenal at the Austro-Hungarian naval station, Pola, on the Adriatic, has been almost entirely destroyed by bombs dropped from an Italian airplane, according to the Messaggero. There were at the time in the arsenal ten warships, including one battleship, two cruisers and several submarines. Some of these vessels are supposed to have been damaged.

WINNIPEG CUTS THE LICENSES DOWN.

Winnipeg, June 13.—Fourteen more licenses were cut off by the Manitoba Licenses Commissioners yesterday, making seventeen this year. Thirteen of these were in this city, most of them being small houses, little better than saloons.

LACHINE MAYOR DIES SUDDENLY.

Montreal, June 13.—Mayor John T. Rothwell, of Lachine, died suddenly Saturday morning while taking a walk in his garden. He was born at Lachine about 50 years ago.

MUNDHEIM STORY IS NOT CONFIRMED

THE CANADIAN PRESS FINDS NO CORROBORATION OF IT AT KINGSTON.

It is a very poor Sunday that passes without its sensational story, whether it be about the war or some other less important event.

Yesterday's big rumour was that of the shooting of Mundheim, the German, formerly but lately interned at the Kingston camp. The whole city had the story that he had been shot while endeavoring to escape and, as usual everyone added a little variation to it.

The Chronicle, with a view to verifying the report, queried the Canadian Press agency on the matter but the reply stated that no news had been received of the shooting of Mundheim at Kingston.

Therefore, it appears very likely that Mr. Mundheim is pursuing his daily routine with the rest of his fellow Teutons instead of having furnished a billet for a sentry's bullet.

figures for his estimates on which payments were made. He understood there was to be a percentage of the concrete prices for the campaign fund. He denied he had ever had a pleasant surprise from Kelly in shape of a packet of money. During sessions of the Public Accounts Committee he was told to enter Dr. Simpson's office in the McIntyre block by the side door to avoid publicity.

The conversation with Dr. Simpson about the session estimates took place there. Dr. Montague was kicking about his estimates. One day the Provincial Treasurer, Hon. Hugh Armstrong, said to him, "why don't you and Dr. Montague get together on your estimates?" Witness was much opposed to taking \$100,000 out of the caissons, and told Kelly they were fools to want it. He asserted his instructions about percentages came from Dr. Simpson, and not from Kelly. Exceptions were that Kelly advised him to tack on \$64,000 for concrete to make up the necessary figures for the \$215,000 contract, and that Kelly had accompanied him to Chicago to arrange with Shackland for the dual steel plans. Horwood stated positively that it was Sir Rodmond Roblin he had made his recommendation about the \$802,000 contract. The Premier had told him to be very careful in making his estimates; a Royal Commission would always be able to go into the figures.

Horwood said that while the Public Accounts Committee was in session he went to Sir Rodmond and said he thought Mr. Hudson, the Liberal counsel, knew everything; so he saw no use for further concealment, and suggested he, (Horwood) should tell the truth. Mr. Coldwell came in during the conversation. Nevertheless witness said he went back to the witness stand next day.

Mr. Sweatman then asked him if he admitted he had deliberately committed perjury. Horwood broke down, was permitted to go into another room, but on being unable to recover himself, he was excused further attendance. The committee will recommend that the government defray expenses of this witness.

Salt identified the book containing the original record of the depth of the caissons, produced by Crown counsel, together with three other records. Adjournment was then taken and the commission with counsel left on the evening train for Winnipeg.

LEMIEUX STILL TALKING. Rigaud, Que., June 13.—Hon. Rodolphe Lemieux, speaking here today at a political demonstration called by Mr. Gustav Boyer, M.P., for Vaudreuil, and Liberal candidate for the united counties of Vaudreuil-Soulanges, said the Federal government had been prevented from going to the country last November by the Governor-General. He asserted that it was by the veto of the Governor-General that Hon. Robert Rogers' plan last April to have a general election was not carried out.

DR. A. W. CHASE'S CATARRH POWDER 25c. Is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. 5c. blower free. Accept no substitutes. DIES FROM INJURIES.

As the result of the sudden explosion of a stick of dynamite in a ditch which he was attempting to mine, Zephirin Roy, aged 40, well-known resident of St. Cajetan d'Armagh, died in the Hotel Dieu Hospital here last night from the effects of the injuries sustained.

DAMAGING FIRE.

In the residence of Dr. Deronin situated on Hermine street a damaging fire broke out yesterday afternoon, originating from some unknown cause. The firemen were summoned by an alarm from box 134, but the blaze had gained such headway that they were obliged to use a considerable quantity of water before it was extinguished. The damage is estimated at between \$500 and \$600.

ALLEGED SPY DIDN'T GET MUCH INFORMATION.

London, Ont., June 12.—The local detective force and the military authorities here know nothing of the operations of Louisa Marksfield, the 19-year-old girl arrested at Toronto and who admits being a German spy. Military men are inclined to laugh at her claim to have secured valuable information for the government. Such documents as might be of use to her she could not possibly get.

WAS PROBABLY SERIOUS

"I'd like to know," said the boat-swain, "whether she was stringing or not." "Who?" inquired the mate. "The young woman who asked me awhile ago if we ever hitched sea-horses to the captain's gig."—St. Louis Post-Dispatch.

Correspondence

Quebec, June 12, 1915. Editor, Chronicle:

Dear Sir.—Now that Valcartier Camp has been reopened and so many of the brave soldiers soon about to leave for the front are in our midst, I would like to call to the attention of your readers the case of these men on Sundays. It is evident that for many of these strangers within our gates the "day of rest" must often be both lonesome and depressing. Anyone who has passed a Sunday in a strange town—and, I suppose, all of us have at some time or other—will vouch for the truth of this statement. Time, therefore, is apt to hang heavy on the hands of these young men, many of whom are of good families, and it should also be remembered that this new life is likely to bring them many temptations to which they have not been exposed hitherto. For instance, they find saloons only too anxious to welcome them at almost every turn. To me it seems a pity that every night is not being done for these soldiers who include the finest manhood of the country and who are making such great sacrifices for their compatriots.

Much has been done by our Quebec citizens to give them a helping hand and generosity and sympathy have been manifested in many quarters. The Khaki Club, for one, is filling a long-felt need and will undoubtedly do excellent work. Unfortunately, however, even its resources are hardly equal to coping with the task and its work should be assisted by that of other bodies. Now, there is the Y. M. C. A., a powerful and far-reaching organization which has accomplished wonders for our troops since the outbreak of the war. What is the Y. M. C. A. doing on Sunday? I understand that on that day its rooms are shut up? Would it not be a good idea to keep them open for the soldiers who would probably appreciate the use of them on that day more than on any other? And would it not also be a good idea for the various halls and parish rooms of our various churches to be held open on the same day for the same purpose. Opportunities to read and write and brighter and attractive services would, I am sure, be highly appreciated by the soldiers.

Thanking you, Mr. Editor, and hoping that these suggestions will meet with the consideration that they deserve, etc.

Yours, CITIZEN.

PERSONAL

Mr. and Mrs. F. Rainville, of Montreal, are at the St. Louis Hotel. Messrs. A. A. Allan and S. G. Matthews are among the Montrealers at the Chateau.

Miss Willis, of Boston, is visiting her sister, Mrs. Thomas Craig, Grande Allee.

Mr. and Mrs. A. R. Carpenter, of Hartford, Conn., are in the city guests at the Chateau.

Mr. H. C. Thomas arrived in the city from Toronto yesterday and is staying at the Chateau.

Mr. Hayter Reid, the former Manager in Chief of the C. P. R. Hotel System, who retired some months ago is in town from Montreal for a few days.

T.H.R. the Duke and Duchess of Connaught and Princess Patricia yesterday morning attended Divine service at the Cathedral of the Holy Trinity.

On Saturday evening Their Royal Highness, the Duke and Duchess of Connaught entertained at dinner, the Lieutenant-Governor, Hon. P. E. LeBlanc and Madame LeBlanc, the Prime Minister, Sir Lomer Gouin, and Lady Gouin, Col. Fages, Officer Commanding No. 5 District, and Mrs. Fages and Major Victor Pelletier, A.D.C. to the Lieutenant-Governor.

The numerous friends of the Hon. Jean Prevost, M.L.A. for Terrebonne and former Minister of Colonization, Mines and Fisheries, who has been ill for some time, will be sorry to learn that his condition has become much more grave and the end is expected hourly. He has just been transferred from his home at St. Jerome, to the residence of Mde. M. Glohensky-Prevost, Montreal.

Late arrivals at the King's Hotel:—M. E. B. P. Lelton, Rossel, N. Y. J. D. Gasable, Sorel; Edward Robson, Trenton, New Jersey; Adam Graham, Toronto; N. Murphy, Montreal; Paul Beaubien, Quebec; J. Wallis, Sgt. P. A. M. C. Military Hospital; Robert McMill, Toronto; S. A. Baker, Toronto; C. B. Gibson, Montreal; A. Bouilley, Montreal.

ITALIANS MOBILIZE AT THREE RIVERS

FIVE OR SIX THOUSAND ARE EXPECTED TO GATHER THERE SOON.

Ottawa, June 13.—It is officially announced from the Militia Department that Italian and Montenegrin reservists in Canada are to be mobilized preparatory to leaving to take up arms for their country. Three Rivers, Que., has been selected as the site of the concentration camp and the training ground there ordinarily used for the militia camps will be utilized. The men will be under Canadian officers pending transport and a certain amount of drill and training will be carried out. It is not known how many will respond to the call, but it is estimated that between five and six thousand will leave Canada to join the colors.

FRENCH WAR MINISTER HONORS LT. WARNEFORD

Paris, June 13.—The following official note was issued today in connection with the bestowal of the Cross of the Legion of Honor on the Canadian aviator, Lieut. R. A. J. Warneford, who recently destroyed a Zeppelin dirigible.

"The Minister of War today sent the cross of Chevalier of the Legion of Honor to Lieut. Aviator Warneford of the British army. Lieut. Warneford was the officer who recently flying over Belgium at a great height, encountered a Zeppelin armed with machine guns. He descended to within sixty metres of the balloon and caused it to explode by bombs. Lieut. Warneford's aeroplane was turned completely over and the officer was obliged to make a landing. One of his reservoirs was perforated; he transferred the essence to the second and resumed his flight under the enemy's fire. In the interval he had remained on the ground thirty-five minutes."

AN EASY JAIL.

St. Thomas, Ont., June 13.—The escape of Nellie Rose and Mary Wass from the county jail here last night makes the fourth escape from the institution within 24 hours. Arthur Slade and Louis La Marche scaled the jail walls the night before. It is believed all four were assisted from the outside. None have been recaptured. Slade and La Marche were serving time for drunkenness, while the two women had been locked up for disorderly conduct.

NOTE WAS CHANGED BRYAN NOW SAYS

DID NOT KNOW OF CHANGE WHEN HE DECIDED TO RESIGN.

Washington, D.C., June 13.—Former Secretary of State Bryan who resigned his portfolio rather than sign the second note to Germany, issued another statement late Saturday declaring that the note was materially revised following the presentation of his resignation.

"It is true," said Mr. Bryan, "that I saw the final draft of the note just before my resignation took effect, but it contained an important change. I had no knowledge of this change at the time my resignation was tendered and accepted."

"This change, while very much softening the note, was not, however, sufficient, in my judgment to justify me in asking permission to withdraw my resignation."

ANOTHER GERMAN BREAKS PAROLE

Hamilton, Ont., June 13.—Today Capt. Chisholm, from Stanley Barracks, Toronto, came to this city to arrest Paul Jocker, a German, who was on parole, and who is alleged to have broken his parole. Jocker was permitted to work in Toronto on the guarantee of two gentlemen, who said that they would see that he reported regularly. This he is said to have failed to do, and he came to this city. He was found at the Oliver Plow Works, where he was engaged in making shell parts. He is said to be a fine mechanic and an effort will be made to have him remain here at work.

MURDER CASE.

Simcoe, Ont., June 13.—The preliminary hearing of Emerson Spelley, arraigned on a charge of murdering Christian Shoup, was concluded at noon yesterday, when the magistrate committed the prisoner for trial. Shoup was a farmer and miller living in North Walsingham township, in the county of Norfolk. On Tuesday, May 11, he was shot in a field near his home, where he had been working.

BERLIN MORNING PAPERS COMMENT ON U.S. NOTE

PRESS IS DIVIDED INTO TWO PARTIES—"AND THE WATCH-WORD IS, THE TORPEDOING WILL GO ON," SAYS ONE PAPER.

Berlin, via London, June 13.—10.58 p. m.—The Berlin morning papers generally comment more or less extensively on the American note along the lines followed by the Saturday evening papers.

While there is a general disposition to recognize the friendly tone of the note and the fact that it makes further negotiations possible, the press is divided, roughly, into two parties, one of which appears disposed to enter into negotiations looking to a compromise on a new basis, while the other, by implication or expressly, rejects any departure from the course heretofore followed.

The Tagliche Rundschau continues: "The note therefore is calculated only to postpone a settlement of German-American relations, and not bring it about. The friendly tone we acknowledge, but the declaration that the sinking of the Lusitania was unparalleled in modern warfare, seems opposed to the character of upright friendship."

The Rundschau defends the sinking of the Lusitania and in conclusion, declares:—"and the watch word is, the torpedoing will go on."

The Kreuzzeitung emphasizes Germany's right to prevent the shipment of ammunition to an enemy by every means. It is also unable to see what England can afford in return for the abandonment of the submarine campaign, "since the plan to starve Germany has finally failed."

The Morgenpost says:—"The note is filled with tones of heartiness and friendliness, and seeks to open and smooth the way for further negotiations. The offer to mediate between Germany and Great Britain will unquestionably be gladly accepted by the German government, and if mediation fails it will be Great Britain's fault."

The Morgenpost praises the uprightness of the United States and hopes that it will be possible to demonstrate that Germany is acting within her rights.

The Tagblatt says:—"It cannot be seen why the German government should not be able to enter into a discussion with the American government concerning another kind and manner of naval warfare. This possibility is increased by the American offer of mediation with England. The answer will not be ready for several weeks, but it must be said that the German people, as before, lay great weight on undisturbed relations with the United States, whose wars of liberation they once joyfully greeted and within whose borders millions of Germans have found new homes."

The Post is dissatisfied by saying:—"The note sails the old course and demands the cessation of our submarine campaign, and again emphasizes the

SUBMARINE SINKS CROWN OF INDIA

London, June 13.—The British bark Crown of India, of 2,050 tons gross, coal laden, and the Norwegian bark Bellgrade, of 665 tons gross, with timber, were sunk by the German submarine U-35 today off Milford-haven, a seaport of Wales. The crews of the barks were landed at Milford-haven.

remarkable special right of American citizens to voyage through a war zone as passengers on ships belonging to belligerent powers."

Real Result Unlikely. The newspaper says that negotiations will continue, but whether a real result can be obtained is questionable, since the demand of the "Anglo-Americans" that the submarine warfare be stopped "lies outside the scope of practical discussions."

The Kreuz Zeitung finds the arguments contained in the American note "quite unconvincing."

"The note," it says "tries to meet Germany's well considered arguments with an appeal to humanitarian duties, whereas Germany's first humanitarian duty is to protect her soldiers from American ammunition shipments."

The official viewpoint can probably be correctly appraised only after conferences of the Imperial Chancellor, Dr. Von Bethmann-Hollweg, the Foreign Secretary, Herr Von Jagow, and representatives of the army and Admiralty, the naval and general staff. The Emperor, it is believed, will speak the final word.

It is understood that these conferences will begin immediately. The answer will certainly not be drafted and the lines of the German policy will probably not be definitely decided upon, before Dr. Anton Myers-Gerhard, the special envoy from Count Von Beustroff, the German Ambassador at Washington, has arrived and made his report.

The Berlin newspapers generally profess their inability to understand the motives prompting William J. Bryan to retire from the post of Secretary of State, in view of the friendly character of the note.

CHOIR ON STRIKE

Brantford, Ont., June 13.—The refusal of the choir to act is the latest development in the "strike" at Sydney Street Methodist Church over the action of confederate in sending back the pastor, Rev. A. I. Snyder, who is not wanted by the congregation. The choir left was empty, save for the organist.

CANADA WILL TEST ANTIDOTES AGAINST GAS

Ottawa, June 13.—Experiments with antidotes for poisonous gases, such as the German used with deadly effect on the Canadians at St. Julien are to be carried out at the Barriefield military camp this week, under the direction of Prof. Carr Harris, formerly of the Royal Military College.

Canada's Roll of Honor

The address given with each name in the casualty list is that of the next of kin and not necessarily that of the member of the contingent mentioned.

Ottawa, June 13.—(Casualty list issued at noon).

First Battalion. Wounded: Corp. A. Fournier, Hull, Quec.

Second Battalion. Wounded May 31st: Harold Smith, Renfrew, Ont.

Unofficially reported prisoner of war in Germany June 4th: Sergt. Frederick Field, No. 355 Mountain street, Montreal, (previously reported killed in action).

Third Battalion. Killed in action May 23rd: Lance-Corp. Frederick W. Jowsey, Aylmer, Que.

Wounded and prisoners of war: Lawrence Fothergill, No. 80 Park Ave. Montreal, (previously reported wounded).

Wounded: Corp. Thomas A. Gasson (formerly 23rd), No. 64 Fourth Ave. Lachine, Que. (previously reported killed in action).

Company Sergt-Major Charles E. Cooper, No. 31 East Mount Ave. Toronto, (May 27th).

John S. Proule, Edmonton, Alb.

Fourth Battalion. Wounded: Lance-Corp. Lyall Cruikshank, (formerly 23rd), Cedar Point, B. C.

Ivan Hall, (formerly ninth), No. 1064 Parsons Ave. Columbus, Ohio.

Richard G. Barnes, (formerly 11th), Gal. Ont.

Sergt. William L. Bradley, Milton West, Ont.

Died of Wounds: Sydney J. Parbery, Brampton, Ont.

Fifth Battalion. Missing: Herbert Pape, (formerly 32nd), Lloydminster, Sask.

Wounded: Jessie E. Crockett, Ben-lah, Man.

David Victor Agar Moorefield, Ont. John Hayward, England, (seriously).

Seventh Battalion. Wounded: Corp. Wilfred White-house, Saskatoon, Sask.

John S. Tannahill, Ireland, (dangerously).

Corp. Henry W. G. Drummond, England.

Walter R. Hitchings, England. Andrew Paul Halley, Scotland.

I Hugh McQuaker, England. Suffering from shock: Norman Heaton (formerly 30th), India.

Died of Wounds: Samuel Martin, (formerly 30th), No. 1438 Taunton St. Victoria B. C.

Eighth Battalion. Wounded: Robert Middleton, (formerly 32nd), Box 99, Saskatoon, Sask.

Alexander Donahoe Kerr Robert, Sask.

Harold Sloce Oxford, Eng.

Tenth Battalion. Suffering from shock: P. Slye, Ottawa.

Wounded: Lieut. William A. Cock-shutt, No. 172 Chatham street Brantford, Ont., (previously reported wounded but at duty).

Killed in action: O'Brien, Duncan, Vancouver Island.

Corp. Archibald J. Templeton, (formerly 11th), West Lorne, Ont.

Thirteenth Battalion. Prisoner: Frank Boreham (formerly 17th), No. 34 Albion street Amherst, N. S.

Wounded: Lieut. Walter Dugald M. Smith, Meaford, Ont.

William Armstrong, Scotland. Samuel William Wells, England.

Angus McLeod, Scotland. Charles E. Davis, (formerly 2nd), Belleville, Ont.

James O'Brien Ireland. Prisoners: Harry Alford, England. Daniel A. McDonald, (formerly 17th), Scotland.

Robert MacKay Scotland. Previously reported wounded and missing, now reported prisoner: William Henry Gee, England.

Gilbert G. Sawyer, England. Fifteenth Battalion. Killed in action: Harold W. Mooney Downsville, Que.

Died of wounds, June 3rd: H. E. Pollard, England.

Missing May 20th: Cecil D. Corri-son (formerly 12th), Ninga, Man. Previously reported missing, now reported unit: John J. Dowe, No. 101 Buelthe Ave. Toronto.

Prisoner: Sergt. Alvin P. Dunbar, Halleybury, Ont. John C. Dickson, No. 23 Yarmouth, Gardens, Toronto.

Lord Strathcona's Horse.

Previously reported missing, now wounded: Roger Fairfax Hitchcock, England.

First Field Artillery Brigade. Killed in action June 1st: Sergt Leslie Mendenhall, No. 139 Carleton St. Winnipeg, Man.

Second Field Company Engineers. Wounded: Fergt. C. B. Ferris, No. 94 Sherwood street, North Toronto, Ont.

Ottawa, June 13.—Casualty list issued at 9 p. m.

First Infantry Brigade Headquarters. Killed in action, May 23rd: Alexander H. Patterson, Ireland.

First Battalion. Wounded: Sergt. Michael Slevin, Ireland.

Third Battalion. Lance-Corp. Alfred Taylor, (formerly 23rd), previously reported killed in action, report now officially denied from England. Next of kin's address, Box 46, Montreal South, Que.

Killed in action, May 22: William Casemachuk, Russia.

Died of wounds: Amon Stann, (formerly 23rd), England, (June 11).

Seriously wounded: Lewis McIntosh, (formerly 23rd), Scotland (leg amputated).

Fourth Battalion. Wounded: Sergt. Henry Griesbach, (formerly 9th), England.

Henry Ceely, London, Eng., (gun-shot in face).

Michael Checkel, (formerly 9th), Russia.

Richard Douglas Starley, (formerly 9th), England.

Alfred Harry Chalk, (formerly 11th), England.

David H. Cairns (formerly 23rd), Scotland.

Murdo McDonald Morrison, Scotland.

Died of wounds, June 10th: Alexander Duncan, (formerly 11th), Scotland.

Fifth Battalion. Killed in action: Lance-Corp. C. Cameron, (no address of next of kin given).

John Enoch Birch, England. Samuel Gore, England.

Sergt. Arthur Herbert Dickens, England.

Seventh Battalion. Wounded: Sergt. Frank Horace Stevens, No. 2334 Sixth Ave. Vancouver, B.C., (gunshot wound, dangerously).

Richard C. Love, No. 1141 Robson street, Vancouver.

Eighth Battalion. Wounded: Robert John Pogue, No. 639 Manning Ave., Toronto.

Thirteenth Battalion. Suffering from shock: William E. Foxen, England.

Wounded: Arthur Green, (formerly 17th), Port Simpson, B.C.

Fifteenth Battalion. Wounded: Robert Barclay Stuart, Scotland.

Died of wounds: C. Carlson, Norway.

Killed in action: Herbert B. Butler, (formerly 30th), No. 39 Cambridge street, Victoria, B. C.

Sixteenth Battalion. Died of wounds: C. D. Redmond, No. 339 Cordova street, Vancouver.

Robert Blake Allan, (formerly 30th), Stavelly, Alb.

Wounded: Robert L. Rideout, No. 646 Dunedin, Victoria, B. C.

John McKay, Scotland, (May 21st).

Ottawa, June 13.—(Casualty list issued at midnight).

First Battalion. Died of Wounds, June 11.—Sergt. William V. Tranter, Southampton, Ont.

Fourth Battalion. Wounded: Frederick Capell, No. 11 Sydney street, Hamilton, Ont.

Charles Fenwick, (formerly 23rd), No. 429 College Ave. Winnipeg.

Corp. John Joseph Conway, (formerly 12th), No. 11½ Hebert street, Quebec.

Edward J. Harshaw, Beamsville, Ont.

Signaller Edwin Harold Fuller, No. 24 Grey Ave. Mount Denis, Ont.

Quartermaster-Sergt. Leonard John Oyte, (formerly 23rd), No. 244 Wellington street, Kingston, Ont.

ITALIAN ARMY CONTINUES MOVE INTO AUSTRIA

WILL OVERCOME ALL OBSTACLES AND RESISTANCE AT ANY PRICE.

Rome, June 13, via Paris.—An official note issued Saturday sums up the first offensive movement of the army. The text of the statement follows:

"In the Trentino zone our forces went resolutely forward, correcting at least in part, strategical inconveniences of unfavorable frontier such as were imposed upon us after the campaign of 1856.

"Our mounted troops have occupied defiles and summits, the names of which recall unforgettable exploits by the brave combatants in Trentino half a century ago.

A powerful artillery crowns the summits and plateaus from where operations more vast can be carried out later. It is battering effectively foris of the enemy considered up to the present time almost impregnable and already has demolished some of them.

"In the Upper Cadore recollections of Fortunato Calvi are evoked by the occupation of Cortina and other important points. Thus not only are closed all routes for invasion by the enemy, but gradually there is being opened the way of an offensive action as soon as this is regarded opportune.

"In the Carnia zone our Alpine troops are solidly established on important defiles, holding them against counter attacks by the enemy.

"In the eastern Friuli zone our advance forces are developing greater contact with the enemy progressively overcoming obstacles not to be despised."

The note adds that from results obtained, the excellence of the army must not give rise to optimistic errors or appreciation concerning the present war which is severe and difficult. Especially, the note says, it must not be forgotten that the ground of operations is mountainous and prepared by the enemy for defense for a long time and defended by numerous troops hardened by ten months fighting.

In conclusion the note declares that the army has decided to overcome at any price all obstacles, resistance and difficulties.

FATAL COLLISION OFF LONG ISLAND

STEAM YACHT TEARS HOLE IN BOSTON-BOUND PASSENGER STEAMER.

New York, June 13.—Two persons were killed and three injured in a collision in a dense fog on Long Island Sound tonight between the Boston bound steamer Bunker Hill with 250 passengers on board and the steam yacht Vanadis, owned by C. K. C. Billing's, widely known horseman, which was heading for this city. One of the killed was George H. Kendrick, of Boston, president of the Massachusetts Packing and Belting Company. The other was an employee of the Bunker Hill, who was knocked overboard, was picked up by the Vanadis and died on board from his injuries.

The Bunker Hill, with a great hole torn in her side where she was struck by the Billing's yacht, got safely back to her pier at a late hour. The Vanadis, on board which were Mr. and Mrs. Billings and a guest put into Glen Cove, Long Island, with a badly smashed bow.

Mr. Kendrick was killed in his stateroom over the dining room in the crash between the yacht and the steamship. The bow of the Vanadis penetrated the side of the steamer, making a hole three feet above the waterline. Many of the passengers were in the dining room when the yacht jammed into the room.

In the midst of the excitement two passengers jumped overboard. Both were picked up.

The Bunker Hill is a steamer with accommodation for about 800 passengers. The Vanadis is a two masted steam screw vessel of 515 tons net, 249 feet in length and was built in Glasgow in 1907.

KHAKI CLUB WAS OPENED ON SATURDAY AFTERNOON

SOLDIERS WERE NOT SLOW TO TAKE ADVANTAGE OF ITS HOSPITALITY — DESCRIPTION OF BUILDING AND OF ARRANGEMENTS MADE.

SHIP DETAINED

A THIRD TIME

London, June 13.—The Standard Oil Company tank steamer ship Platania, from New York May 25 for Oskarshamn, Sweden, again is in the hands of the British Admiralty, having been seized and taken to Kirkwall, Scotland. The tanker carries a cargo of oil for Scandinavian ports.

This is the third time the Platania has been detained by the British naval authorities, having been released on the former occasions.

paper is provided free, and postage-stamps are for sale.

Donations Received.

The committee wish particularly to thank Messrs. Lavigne and Hutchinson for the generous gift of a beautiful piano. This is a most valuable acquisition to the Recreation Room and will be a source of great enjoyment to the men.

Grateful acknowledgments are also made to Mrs. John Hamilton for a Victrola, to various donors for records and music; to Mr. W. J. LeMesurier and Messrs. H. D. Barry and Jos. Cote, for handsome contributions of tobacco, cigarettes, etc. to Mr. William Penny for kindly supplying the Club with plants and flowers, and to the many friends who sent books, magazines and illustrated papers.

All contributions either in money or in kind will be acknowledged in detail as soon as complete and accurate lists can be obtained. Special mention must be made of the generous gifts of the Baden Powell Chapter of the Daughters of the Empire, to whom the club is indebted for two desks completely fitted writing accessories; two folding-chairs; one sofa; donations of cake; and the promise to pay the bread bill of the club for one month.

The Benefit of the Club.

The Khaki Club will not only be of service and comfort to our Soldiers but it also provides a practical and immediate opportunity for Quebec citizens to serve as well. The establishment of the Club in Quebec is due to the effort of Mrs. Lorenzo Evans and her practical kindness will be greatly appreciated by the Soldiers, to promote whose comfort and welfare all are anxious to co-operate.

ALBERTA WHEAT EARLY.

Lethbridge, Alb., June 13.—Fall wheat will be harvested the latter part of July in this district, if the present rate of growth holds out. The wheat is now headed out and stands a yard higher.

GERMAN ARRESTED AT CINCINNATI

Cincinnati, Ohio, June 13.—Fritz Hardenberg, said to be a member of the aviation corps of the German army, and who is believed to be wanted in connection with the investigation into the Lusitania disaster by the special federal grand jury in New York, was taken into custody here Saturday night, by special agents of the Department of Justice.

Hardenberg was taken at once to New York.

The Best Treatment For Constipation

The Experience of One Who Knows and Places Dr. Chase's Kidney-Liver Pills First.

It is not difficult to secure a medicine that will effect movement of the bowels. To cure Constipation and the complications which arise from it is another matter.

Constipation of the bowels is usually preceded by torpid action of the liver. Hence it follows that if Constipation is to be cured the liver must be set right. And here lies the secret of the success of Dr. Chase's Kidney-Liver Pills. They awaken the action of the liver and insure a good flow of bile, which is nature's cathartic. The liver, kidneys and bowels are invigorated and regulated, and the troubles with the digestive system disappear.

Mr. H. M. Bell, Innisfail, Alta., writes: "For some considerable time I have been using Dr. Chase's Kidney-Liver Pills, which I have obtained through your firm. I suppose during my life I have used nearly all the best-known pills, as I have been subject to Constipation and digestive

The Direct Relation Between What We Eat and What We Are Is Well Established. This is both reasonable and scientific, for activity uses up tissue cells of body and brain which must be replaced daily from proper food. A careful eater—one who selects food for its nutritional value—is usually strong in body and keen in mind. Thousands of people, with an eye to nutritional values in food, are using Grape-Nuts. This delicious food, made of whole wheat and barley, contains all the nutrition of the grain, including those priceless mineral elements which are vitally necessary for rebuilding the tissue cells of body, brain and nerves. "There's a Reason" for Grape-Nuts. MADE IN CANADA —sold by Grocers everywhere. Canadian Postum Cereal Co., Ltd., Windsor, Ont.

The Quebec Chronicle

Printed and published by The Chronicle Printing Company, D. Watson, General Manager, at the building of the Company, 750, 10th Street, Quebec.

QUEBEC, JUNE 14, 1915.

LATE GEORGE JACKSON

It is with a feeling of the deepest personal regret—a regret that is voiced by every member of the Chronicle staff—that we this morning record the death of Mr. George Jackson, a most valued colleague whose association with this paper dates from a period of nearly fifty years ago.

There will arise occasions in the life of every newspaper editor when it is extremely difficult to find suitable expression for his emotions, so much does his grief benumb his faculty of speech. In the overshadowing of the great sorrow which has just fallen upon us mere words seem colorless and inadequate to measure our grief at the unexpected passing of one whom all respected, all admired, and whose pleasant companionship we had hoped to enjoy for many a year yet.

We shall miss him and miss him grievously. The staff of this paper will not soon accustom itself to see another at his now empty desk, will not speedily forget the cheerful willingness and devotion with which he ever approached his duties, the sympathetic and cheerful kindness which he ever manifested to his co-workers.

Today there is a vacant place in this office which cannot easily be filled. Today we experience a sorrow that comes only with the severing of the ties of the closest friendship. During the past few years Death has paid frequent visits to the Chronicle family. He has taken away loyal and beloved colleagues who were sadly mourned. In this case, too, he has struck—suddenly and heavily—a blow that will be long felt. Men like George Jackson, kindly, faithful, conscientious and compassionate, are not born every day. When they are called from us, when their eyes are closed and their voices hushed in the chill rigor of death, our grief is the heavier thereby.

To his bereaved family we extend a deeper sympathy than most. For we, too, can realize the darkness of the cloud that has gathered over them, the weight of the burden that is theirs. We, too, are privileged to mourn, to pray that the all-pitying Jesu will grant him His eternal rest, that the Master will welcome him with the words, "Well done, thou good and faithful servant. Enter thou into the joy of Thy Lord."

ASPHALT PAVING.

We hear that it is the intention of the authorities to pave a stretch of the St. Louis Road in asphalt. We sincerely hope there is no truth in the report as there seems very little to be said in favor of using this material either on the score of cheapness, durability or anything else. On the other hand, its use is both cruel and dangerous and, if persisted in, many more good horses are sure to be maimed or ruined. Surely it is time we should by the lessons which are to be seen every rainy day on St. Louis street and other streets that are paved in asphalt and should do all we can to prevent the repetition of them elsewhere. There are plenty of other materials which are superior to asphalt and cost no more and there seems no valid reason why they cannot be utilized on the St. Louis Road.

BRYAN.

What will be the effect of Bryan's resignation? It weakens immediately the force of the American protest to Germany. It will stiffen the backs of the Germans. They will be justified in saying that the American note represents not the united American sentiment, but only a part of it. The pro-German element in the United States will jubilantly hail Bryan as a new leader. At the moment when the horrible butchery of the Lusitania had instantly silenced the German agitation, this acknowledged leader of American thought turns his President down, and virtually says that the Lusitania tragedy with its wanton murder of American citizens was not sufficient to lead to war even if Berlin declined the demands of Washington.

QUICK RECOVERY.

All through the war Russia has shown a wonderful faculty for turning defeats into successes and that she should do it once more is not surprising. Apparently Russian authorities have never felt a doubt as to the outcome. The correspondent of the Journal de Geneva, describing a visit to the Russian headquarters, quotes the Grand Duke's officers as follows: "Russia has not yet used a fifth of her reserves. The majority of able-bodied men have not yet been called

upon. Millions of soldiers are still available. We are not hurrying. Ten months hence Germany will be exhausted. Then we will begin our real campaign. For each of our men fallen, six will replace them. Our resources are inexhaustible. We can fight for two or three years without the slightest embarrassment, while Germany necessarily is limited."

While the foregoing statement may be unduly optimistic yet it certainly does not indicate that Russia is at all dissatisfied with her prospects, a decidedly healthy sign. Taken in conjunction with the despatches it furnishes ground for the opinion that the Muscovite forces have intercepted the expected "come back," and that the news from the eastern war zone should become decidedly more favorable.

AN AMERICAN VIEW.

Correspondence to leading American newspapers is interesting reading these days. The man who "writes to the paper" often expresses views more strongly and succinctly than the paper itself, and thus it is that in these editors are contained some of the finest editorials that have appeared on the relations between the United States and Germany, and on the possibilities of the present situation to the great American republic.

A recent issue of the New York Tribune contains one such letter written by a correspondent in Boston, in which the following questions are asked and comment made:

"What will happen to America if Germany wins? What will happen to civilization and free institutions throughout the world? Americans are but just beginning to realize that civilization never before faced such a crisis as German military ambition has brought down, and yet they seem to feel that they are unconcerned outsiders, with no duty to see that civilization is not lost. But the problem comes directly home. Can we not see that the Prussian military domination of the world includes us? Germany planned by this war to master Europe; if successful her power and resources will increase tenfold; will not the same deadly ambition then drive her on to American and world conquest? Not for a single instant can anyone who has seriously followed the course of German thought doubt this.

"Granting it, the American state of mind is like that of children playing in the path of an avalanche. That, too, is the president's state of mind. We declare ourselves neutral toward the avalanche. We study its approach scientifically. We criticize its method of approach, and blow paper balls at it to change its course. That it will infallibly override and crush us if it breaks down the none too strong European obstacles we are determined not to see. Why? Are we insufficiently trained in foresight? Is it because the realization of our danger would be disagreeable? Have we grown too kind-hearted or too businesslike to resist an avalanche bent on our destruction? We have not much more time to decide. "If Germany crushes all that is free in Europe, while we continue virtuously passive and neutral, our fate will be to sink into Germany's vassal. The Atlantic Ocean is now only a lake; military and naval science are only in their beginning; they will be set free to develop if Germany becomes supreme in Europe, and their exercise upon us will be inevitable."

Nowhere have we seen the question better put. The people of the British Empire realize today that they themselves not long ago regarded the German menace in the very manner above applied to the attitude of the United States. The British Empire is paying dearly today for its carelessness. It is not likely in view of its experience that the American people will continue to foster the same mistake.

PRESS COMMENT.

One effect of the war, tending to strengthen American defenses, is the experience we are having in the conversion of industrial plants into munition factories. Should the United States, by any mischance, become involved in war in the future, we would escape the plight in which England is finding itself in that regard. The rapidity with which American plants have been mobilized, as it were, on arms and ammunitions to fill the orders from Europe is a valuable experience, aside from the profits of the present moment. It shows us what

could be done for ourselves if the necessity arose. Some of the figures of military output are staggering, considering how little in that line American factories have had occasion to do. By August it is estimated that the factories in this country engaged in that production will be able to turn out from 300,000 to 500,000 rifles a month and upward of 1,500,000 shrapnel shells every thirty days. The cartridge output is practically unlimited so far as capacity is concerned. Plants of the most diverse use in times of peace have been transformed into war factories, ranging from locomotive works to typewriter plants. In the ability to produce arms and ammunition the United States, at this moment, is probably exceeded only by Germany, where all available industry has been reorganized on a war basis as a result of carefully elaborate system. What America could produce, if compelled to, can only be estimated from what has been done in the past few months.—Pittsburg Dispatch.

The announcement from Ottawa that Canada will send 35,000 more men to the fighting line in Europe has been looked for. Recent events in the war zones have shown that the end of the struggle is yet far away, and that, if Germany is to be crushed, many more men will be needed on the western front. The British and French troops report gains, but they are not of a magnitude to afford hope that the task of driving the Germans back into their own country will be accomplished without a great outlay of men and munitions of war. These must be furnished by the British Empire, for it has been evident that France is nearing the limit of her resources. General Joffre, himself, has suggested that the French people can create no new armies, but expresses confidence that they will be able to maintain their lines at least at the present strength. If the situation is at all as it is now understood to be, Germany has not yet reached her limit of men. Only yesterday despatches intimated that another huge army was to be sent to the western front, and the men to make up that army must have come from somewhere; there is no evidence that Germany has appreciably reduced the strength of her forces engaged against the Russians, and the Italians have not been in the war long enough for their splendid armies to exercise the pressure hoped for. To date, Germany has been fighting outside of her own country, and in positions which she has had to prepare as she occupied them. When she gets on her own territory the story will be different. It has been known that she has been preparing for this struggle for many, many years, and if she displayed the same thoroughness in providing defences in her own cities and towns that she has shown in all other matters connected with her prosecution of the war, then the many important towns lying between her present fighting lines and Berlin should be most impregnable. To assault and subdue such positions will require a vast number of men, more, it will likely prove, than have yet been assembled, and there will be very heavy casualties, for it is a well known truth of war that casualties are always heaviest in the ranks of the attacking party. For reasons already stated that attacking party must be British, hence the call for more men. The Montreal Gazette, in a thoughtful article along this line, says in part: "The new force that will break the German line, restore the enemy-occupied departments to France and free Belgium, if it is to be found in the west, must be British. It has not been landed in the fighting zone yet, it would seem, and part of it may have to be created. There is a chance, of course, that Italy will be its invasion of Austrian territory create such a situation that the Germanic coalition will collapse. Italy's army, however, has to operate in the hardest field of the whole war; many months may be required for the development of its campaign; and the possibility of another winter's trench fighting is not lightly to be regarded. So this country, as well as the United Kingdom, is called upon to put forth greater efforts." Of course, as the Gazette points out, there is the possibility that before the new armies are ready the German war power may collapse, but this hope is not as strong in Britain now as it was two or three months ago. The more reasonable, though less resolute, view is that this will be a long hard war, and every man who can be sent to the front will be needed. Canada has a very apparent duty, and it should not be neglected.—St. John Standard.

IN AND ABOUT TOWN

IMPOSING PARADE OF SACRED HEART

FIFTEEN THOUSAND TAKE PART IN IMPORTANT OUT-DOOR DEMONSTRATION.

Undoubtedly one of the most imposing outdoor religious demonstrations ever held in Quebec was that which took place in St. Sauveur last evening in honor of the Sacred Heart, and in which upwards of 15,000 men from various parishes throughout the city and district took part.

Along the route of march beautifully illuminated arches were erected, three of which were on Victoria street, one on Arago street and one on Bayard street. An elaborate altar was constructed on St. Peter's Market, elevated about 50 feet from the ground, where the procession started. Preceding the lengthy male cortege was a squad of soldiers from various regiments who were followed by a detachment of the Municipal Police in charge of Chief Trudel.

The throngs of spectators beheld a magnificent sight when the huge masses of men followed, walking eight abreast and carrying colored lanterns. The solid formation extended along about a mile of streets. A statue representing the Sacred Heart was carried along the route of March, while those taking part, led by the Union Lambolette Band, sang hymns in honor of the Sacred Heart. The procession, after starting from the temporary altar on St. Peter's Market, proceeded along the following streets: Victoria, Arago, Bayard, Massu, Des Rochers. Rev. Father Lelièvre delivered a very eloquent sermon, during the course of which he appealed to the large gathering to offer up special prayers for the early cessation of the terrible slaughter in Europe.

Owing to the unfavorable weather the procession, which was to have been held on the feast of the Sacred Heart, Friday last, was postponed until last evening.

NO THEATRICALS AT QUEBEC ARENA.

The Quebec Arena must cease to exist as a theatrical play-house. The City of Quebec has been obliged to cause the cessation of the present summer amusements, which were under the management of Mr. Jos. Tanguay, owing to the fact that the Nuns who owned the ground leased it to the city with the strict understanding that there would be no theatrical performances, otherwise the ground would revert to the Sisters once more.

The Arena was doing a big business with the attractions thus far and no doubt the promoters will feel this upsetting of their plans very keenly.

GOOD PROGRAMME AT GRAND ALLEE GARDENS.

A splendid programme will be given this coming week at the Grand Allee Gardens. The following big features will be the attractions, Monday and Tuesday "The Wild Goose Chase", starring Ina Claire, in 4 parts. It is a swift and impassionate story drawn with the hard lines and realism but lighted with all the color of romance. On Wed. and Thurs. John Emerson, the popular character actor who won national popularity as an able film artist will star in "The Bachelors Romance", a sentimental comedy in 4 parts. John Emerson portrays the role of David Halmes, a lovable bachelor who runs at the sight of a woman on to end up in a violent love affair with his young and pretty ward who secretly loves him. The production is one that will long be pleasantly remembered. On Friday and Saturday, Edith Wynne Mathison, the world famous dramatic star, will make her screen debut in the Lasky-Belasco production in pictures of Mr. Belasco's great dramatic success "The Governors Lady". Theodore Roberts will also star in this picture. The "Governors Lady" is one of the most thoroughly and typical American dramas ever produced by Mr. Belasco. Apart from these big features fine comedies and good one reel dramas will be shown during the week. All views shown in the Grand Allee Gardens are of such exceptional high nature that they are considered last word in moving pictures.

BAND ON TERRACE.

PEDIGREED CANADIAN CATTLE IN QUEBEC

WM. POWER, M.P. PURCHASES TWENTY-THREE HEAD FROM SIR MONTAGU ALLAN.

Twenty three head of the finest pure bred French-Canadian pedigree cattle have been purchased by Mr. Wm. Power, M.P., from Sir Montagu Allan and these will be used for breeding purposes on Mr. Power's Trancoe Farm at St. Pacome.

The cattle were located on the Altoncroft Dairy and Stock Farm, Beaconfield, P. Q., and as Sir Montagu, the owner who had secured these previously from Kamouraski, the first home of Canadian cattle, was tempted to sell outside the Province, Mr. Power, acting for the best interests of the Provincial Agricultural Department, decided to purchase them in order that such valuable stock should be retained in this Province.

There are two males and twenty-one females and their genealogy is indisputed. The animals are splendid specimens of Canadian stock, their retention in Quebec, being an important thing for the province.

GETS FIVE YEARS.

Beauport Man Sentenced on Charge of Setting Fire to Barn.

Odinat Filiault, mentioned in the Chronicle some time ago as having been arrested charged with incendiary in connection with the fire which destroyed the barns belonging to Mr. Joseph Binet, a farmer residing in St. Joseph range, Beauport, came before the Court of Sessions on Saturday morning and was sentenced to five years in penitentiary by Judge Langelier. In rendering judgment, Judge Langelier gave the accused a severe lecture on his cowardly act. He also told the accused that his past record was against him, reminding him of the fact that he had yet to stand his trial before the Criminal Court on the charge of firing with intent to wound Mrs. Binet and her brother, Joseph Dubeau. This alleged crime was committed during the summer of 1913, but after the shooting Filiault mysteriously disappeared and it was only in January last that he was apprehended.

Regarding the incendiary charge upon which Filiault had been condemned, Mr. Binet suffered a loss of about five thousand dollars. Besides the destruction of the barn he lost all its contents which included five horses, several heads of cattle, agricultural implements and a quantity of hay.

WEDDING BELLS.

The marriage was solemnized at St. Famille Chapel, the Basilica at 9 o'clock Saturday morning of Miss Jeannette Lemieux, daughter of Mr. Joseph Lemieux, to Mr. Henri Paul Hamel son of the late Henri Lemieux. Rev. Father Lemieux, of the Redemptorist Order, uncle of the bride, officiated at the ceremony. Among the clergy present, were Rev. L. Laflamme curé of the Basilica, and Rev. Father Hage of the Dominican Order. The bride who was charmingly gowned, was given away by her father, while the groom was attended by his brother, Rev. Father Hamel. The misses Marie-Mathilda Lemieux and Therese Lemieux, sisters of the bride acted as bridesmaids.

The groomsmen were Messrs. Pierre Hamel and Heri Bosse. During the nuptial service the following solos were rendered with much feeling "Salve Regina" by Miss Josie Dorian and "Noel du Mariage" by Miss Marguerite Sirois.

Following the service at the Chapel a sumptuous wedding breakfast was served at the residence of Mr. and Mrs. Lemieux. Mr. and Mrs. Hamel left by the afternoon C. P. R. train on a honeymoon trip which will be spent in visiting Toronto, Niagara Falls and Detroit.

Among the invited guests were: Madame Henri Hamel, Mr. and Mrs. F. X. Berlinguette, Miss Berlinguette, Sir Adolphe Routhier, Miss Angeline Lemieux, Mr. and Mrs. Adolphe Amyot, Mr. and Mrs. Desaulles, of Shawinigan Falls, Mr. and Mrs. Theo Hamel, Mr. and Mrs. Pruneau, Miss Hamel, Mr. and Mrs. Alex Gauvreau, Mr. and Mrs. Ernest Gauvreau, Mr. and Mrs. Lucien Cannon, Mrs. Auguste Carrier, Mr. le comte de Bouquillier de Chavigny, Mr. and Mrs. Jos. Barnard, Miss Brunet, Miss Boxer, le lieutenant Adolphe Dansereau, Miss Carrell, Mr. Maurice Dupre, M. Paul Leduc, Miss Belcourt, Hon. senator and Mrs. Jule Tessier, Mr. Janetsch, Mr. Lionel Beaupre, Miss Parent, Mr. Chs Carrier, Miss Berthe Carneau, Mr. and Mrs. Alphonse Lemieux, Miss Marguerite Duchesnay and others.

FUNERAL OF LATE GEORGE MULRONEY

On Saturday morning the funeral of the late George Mulroney was held from the residence of his father, Mr. John Mulroney, Artillery Street to St. Patrick's Church and cemetery. A large number of the young friends of deceased were included in the lengthy cortege which escorted the hearse to the Church where the requiem service, consisting of solemn Grand Mass and Libera was sung. The celebrant was Rev. Father Costello, assisted by Rev. Fathers O'Hare and Healey as deacon and sub-deacon respectively. Following the requiem service at the

MR. GEO. JACKSON DIED ON SATURDAY

POPULAR AND HIGHLY RESPECTED MEMBER OF THE CHRONICLE STAFF PASSED AWAY SUDDENLY.

Death came suddenly to Mr. George A. Jackson, Marine Editor of The Chronicle, on Saturday night, depriving the English-speaking community of one of its most respected citizens and the Chronicle staff of one of its oldest and most valuable members whose connection with this paper dated over a period of nearly fifty years.

The cause of Mr. Jackson's death, which was instantaneous, was apoplexy, the sad event taking place at his own home shortly after half past ten on Saturday evening. It was totally unexpected as the deceased had appeared in his usual good health up to the last minute. He had worked faithfully and conscientiously to the very end and had been attending to his duties in his office as usual on Saturday. In the evening he went out for a walk and on returning home seemed quite cheerful and healthy. He had been making his customary preparations for Sunday and was sitting down when he suddenly fell forward on the floor. His son, Douglas, rushed to his assistance but nothing could be done as he expired immediately, and Dr. Carter, who arrived on the scene, two or three minutes later, at once pronounced life extinct.

The unexpected news came as a great shock to his friends, of whom he had legion, especially in newspaper and maritime circles where his familiar figure and cheerful, kindly presence will be sorely missed. He was a recognized authority on all matters pertaining to shipping and was always welcome along the waterfront where he was almost a landmark. Many a ship's captain will miss his dry humor and genial philosophy.

It is doubtful if any other newspaperman on this continent had so long and active an association with the newspaper business as the late Mr. Jackson. At the time of his death he was nearly seventy years old and, as he started to learn his trade as a printer with the old Mercury when he was about twelve, he must have been fifty-seven or fifty-eight years in journalism. From The Mercury he came over to The Chronicle and remained with it ever since until he "died in harness," so to speak. He was not long with this paper before he was transferred to the reportorial staff and later took over the shipping columns where his ability and special talent in this direction soon won him the praise of his employers and of the general public. Always faithful, painstaking, conscientious, exact and methodical, he took a special pride in his work and invariably gave of his best to further the interests of his paper. It was only natural, therefore, that Colonel Watson should think most highly of him and will mourn his loss most deeply. As for his co-workers, there is not one who will not be sorely grieved by his passing away and experience many a pang of regret as they continually pass his vacant chair. Many a time have his younger and more inexperienced colleagues had reason to thank him for wise counsel ungrudgingly given, and his valuable experience and knowledge of men and affairs were ever at their disposal to profit by. His many qualities of head and heart made him a general favorite and his passing creates a gap which it will be impossible to fill.

A notable tribute to the deceased was paid to his memory yesterday by the Rev. A. R. Beverley, Rector of Trinity Church, where he was a constant attendant and was actively associated with church work, having been a delegate to the Synod. The reverend gentleman emphasized the Christian character of the deceased and dwelt upon his exemplary virtues as a God-fearing, clean-living and honorable man who had earned the respect and admiration of all who had the privilege of knowing him.

Always a devoted father and husband, Mr. Jackson lost his wife last summer and there can be little doubt but that this weighed heavily upon him and probably shortened his life though he bore his affliction with manly fortitude and resignation. It will thus be seen that Death has dealt hardly with his family during the last year.

The funeral will take place from his residence, 40 Dauphine street, on Tuesday afternoon to Trinity Church and thence to Mount Hermon Cemetery.

The late Mr. Jackson, who came to this country from Ireland while very young married Miss Ada Harley. He is survived by six daughters and two sons. The daughters are Mrs. E. W. Jones, of Sherbrooke, and the Misses Eva, Ada, Constance, Muriel and Beatrice. The sons are Messrs. G. Douglas and C. H. Jackson. He is also survived by a sister, Mrs. (widow), James Hay, the mother of Lieut.-Col. Archie Hay, who is in command of the 52nd Regiment, C.E.F., now in camp at Port Arthur. Mrs. Kydd, wife of Mr. S. Kydd, editor of The Gazette, is a cousin.

To the bereaved family The Chronicle desires to express its most heartfelt sympathy in their sad affliction. It, too, has the right to mourn one who for so many years has been inseparably bound up with its fortunes.

ST. PATRICK'S LEAD LEAGUE; EMMETS TIED FOR SECOND
C. B.'s BEATEN BY ST. PATRICK'S 10-3 IN A GOOD GAME—LAVAL WERE AWAY OFF AND EMMETS WON FIVE-INNING MATCH.

St. Patrick's are in first place and Emmets pushed Laval into the cellar as result of yesterday's ball games at the Exhibition Grounds.
The first game between C.B. and St. Patrick's despite the apparent one-sidedness of the score, St. Pat's winning 10-3, was a fast snappy exhibition and occupied only one hour and thirty-five minutes of playing time.
Kellar's playing at second for St. Patrick's was a feature of the contest, he accepted all his chances in masterly fashion and he had lots of them. Kirkwood's hitting and fast work on the paths, except in one instance, is also worthy of note.
Campagna pitched himself into some bad holes, but was good in the pinches. The Irishmen played fast gingery baseball and look much stronger than they did at the beginning of the season.
Emmet-Laval.
Emmets found Laval easy in the second game, hammering Pouliot to all corners of the field and getting an 11-1 decision in a five-inning game, the fixture being called at the end of the fifth on account of rain.
Beaudoin's failure to hold Pouliot unsettled the team and they were never contenders. Mace's home run hit featured. It being the first of the season; Lafrance played fine ball at short, while Mike Power hammered the sphere hard, getting two fine hits out of three trips to the plate. The Racine brothers and Lajoie played good ball for the losers.
The first game by rounds:—
St. Pat's-C. B.

First Inning—C.B.: Bernard walked but was picked off first. Campagna to Fields; Labbe and E. Latulippe fanned. No runs.
St. Patrick's: Kirkwood singled and came all the way home when Bernard and Tremblay did some wild throwing to catch him; Geo. Fields popped to Tremblay; Bailey grounded to first; Loignon threw out Bill Fields. One run.
Second Inning—C.B.: Campagna retired the side on three pitched balls; Boutet out, Kellar to Fields; Tremblay popped to McCall; Chevalier out via Geo. Fields to Bill Fields. No runs.
St. Patrick's: Shink was out, hit batted ball, McCall walked; Kellar sacrificed; Loisel fanned. No runs.
Third Inning—C.B.: Patry singled to right; P. Latulippe walked; Loignon struck out; Bernard walked, filling the bases; Labbe fanned; E. Latulippe grounded to Geo. Fields, whose throw dragged Bill off the bag. Patry scoring; Boutet out, Kellar to Fields. One run.
St. Patrick's: Campagna out, short to first; Kirkwood safe on Bernard's fumble and went to third on Geo. Fields' single; Bailey walked crowding the sacks; Bill Fields' hit in front of the plate, Tremblay throwing him out, neglecting to touch the plate, Kirkwood scoring; Geo. Fields was tagged out trying to go home also. One run.
Fourth Inning—C.B.: Tremblay hit safely but was forced by Chevalier, Kellar to G. Fields; Chevalier was out stealing; Patry walked; Latulippe popped to Loisel. No runs.
St. Patrick's: Shink hit through Chevalier, but was out stealing; McCall out, pitcher to first; Kellar was called out on strikes. No runs.
Fifth Inning—C.B.: Loignon fanned; McCall threw out Bernard and Labbe. No runs.
St. Patrick's: Loisel walked and took second on passed ball; Campagna fanned; Kirkwood hit to Chevalier, who tossed to Labbe to catch Loisel but the third baseman dropped it; Geo. Fields fanned; Bailey singled, scoring both runners; Bill Fields doubled to right scoring Bailey; Shink drove one to right, scoring Fields; McCall fanned. Four runs.
Sixth Inning—C.B.: E. Latulippe singled to center, but went to third when Shink let the ball get away; Boutet hit to Kellar whose fine throw got Latulippe at the plate; Tremblay popped to Kellar who doubled Boutet off first. No runs.
St. Patrick's: Kellar out at first; Loisel whaled one to deep left but Latulippe pulled it down by a fine jump; Campagna singled and went to third on Kirkwood's hit; Both scored on G. Fields' drive through Chevalier; Bailey struck out. Two runs.
Seventh Inning—C.B.: Chevalier flied to Kellar; Dorval batting for

St. Patrick's: Kellar out, third to first; Loisel singled to left; Campagna tripled to right, scoring Loisel; Kirkwood singled to left scoring the pitcher; Kirkwood pulled a bone when he ran back to first after Latulippe dropped Geo. Fields' fly being out at second; Bailey's long one fell into E. Latulippe's hands. Two runs.
Ninth Inning—C.B.: Dorval popped to Campagna; Hemlock took P. Latulippe's drive; Loignon walked; Bernard out, Kellar to Fields. No runs.

MONTMORENCY WON FOOTBALL MATCH

DEFEATED QUEBEC ROVERS 1-0 AFTER A HARD-FOUGHT GAME.

Though they kept the ball the greater portion of the time in Montmorency's half of the field the Quebec Rovers, a team recruited from Ross Rifle employees, were unable to negotiate a goal, while Graham of the Falls team seized an opportunity given through Gell's oversight and banged the ball between the posts two minutes before time was up. Montmorency being winners by 1-0. The game was played at Montmorency Saturday and was a nice football exhibition.

The Ross though playing without regular uniforms or proper gear showed surprisingly good form. Their forward line was fast and aggressive, besides showing clever combined work at times. McGuire pulled off the most brilliant individual effort seen here for a long time just ten seconds before time was up. He took the ball at center, zigzagged his way through Montmorency's back division and drove a hot one which struck the bar and bounded into play, Hart clearing swiftly.

Dieroff, who captains the Rovers, was exceptionally strong and kicked well down the field at favorable moments. McGraw was the pick of the forwards, who as a whole were very good. Gell played well in goal but his mistake near the close proved fatal. Under the impression that the ball kicked by Slater was about to roll over the line, he watched it roll slowly along while Lovett dashed in and shot it out to the front where Graham converted promptly.

Montmorency, it is only fair to say, were weakened considerably by the absence of Warner, Doherty and others, but played a good defensive game. Mills and Martin were unbeatable, while the new goalie Hart displayed the cleverest playing of any tried out by the Falls team so far. The halves were good but the forwards failed to combine enough, though their single-handed work was good. Speed also was lacking. Reid and Campbell, however, are not short on this essential.

Mr. Pike refereed the game and had no trouble, both teams playing the whistle. Kenworthy missed a great chance for a goal for the Rovers, when he kicked away a penalty.
The teams:—
Montmorency—Hart, Mills (Capt.), Martin, Bonnell, Shell, Barnes, Lovett, Reid, Graham, Slater, Campbell
Quebec Rovers—Gell, Dieroff (Capt.), Smith, J. Taylor, Hutchins, McGuire, Anderson, B. Taylor, McGraw, Kenworthy, Lamothe.
Referee, Mr. C. M. Pike.
Linesmen, Messrs. Merritt and W. A. Rutherford.

DECISIVE WIN FOR TIPPERARY

Tipperary won a decisive victory over the 8th R. R. Baseball team at St. Joseph de Levis yesterday, the score being 19-7. The game was called at the end of the 8th inning on account of rain.

Both teams hit the ball hard, MacCloutier's home run featuring.
The teams:—
Tipperary:—C. Thibault, 3b; A. Larue, 2b; J. Lizotte, c; O. Cote, 1b; M. Malouin, p; Thibault, p. M. Cloutier, cf; H. LaRiviere, lf; R. Boucher, ss; W. Jeneau, rf.
8th R. R.:—Smith, 3b; Plaine, 2b; Sutherland, c; Whelan, 1b; Mallen, p; Roy, cf; Dunn, lf; Sullivan, lf; Alexander, ss; Morrow, rf; Jordan, rf.
Score by innings:—
Tipperary... 313 401 34—19
8th R. R. 006 001 00—7
Umpire—B. Heard.

M. A. A. BEATS CORNWALL

Overtime Was Necessary to Determine the Victory.

Montreal, June 13.—M.A.A.A. defeated Cornwall in a close game in the N.L.U. on the home grounds Saturday afternoon by 5 to 4, and was forced to play overtime in order to settle the question of victory. It was a clean and interesting match and witnessed by 2,500 spectators.

The line-up:

Sporting Notes

St. Patrick's and C. B. showed the crowd the way a ball game can be hustled through. Though the score was 10-3, the game was played in 1 hour and 35 minutes.

We don't think there is any danger of Emmets and Laval breaking any 'fast game' records while Kane and Pouliot are the heavies.

This is no knock at Kane's pitching for he is a heady cool one—but why shouldn't there be something good on the ball when it akes that long to start.

Mace's home run clout was a peach. He met the ball on the nose and it sailed far above Lachance's head.

The Quebec Rovers made a fine showing on their first appearance. The men are Ross Rifle workers and it is stated that the executive of last year's Ross Club refused to lend them the uniforms etc. Playing in street clothes is a considerable handicap to a footballer.

Messrs. Rutherford and Prendergast accompanied the Rovers to the Falls and were well pleased at their showing.
The team from the Ross played clear sportsmanlike football even though deprived of uniforms.

Kellar's work at second for St. Patrick's eclipsed any work at the key-stone sack seen here this season.

Bill Bailey's timely wallop with two on when the score was one each practically broke up the C. B. defence.

Shell played for Montmorency Saturday but failed to explode. Must have been turned out at the "mills" Have a "Hart".

The football clubs will meet tonight to re-organize for the season.
Maguire of the Rovers electrified the crowd on Saturday by going through the bunch only to have his shot strike the cross-bar.
Laval made a mistake by playing Beaudoin behind the bat yesterday. He and Pouliot worked as harmoniously together as a French cook and a German waiter.
Young Tremblay who catches for C. B. pulled a bonehead stunt and tried to lay it on the umpire. He picked up Bill Fields' roller in front of the plate with the bases full and without a moment's hesitation threw to first while Kirkwood walked home. He made a big holter that he was standing on the plate when he threw. Somebody must have moved the plate.
Montmorency seems to have a good goal-keeper in Hart.
Warner was missing from the Falls team, Saturday, as well as Doherty, Kenworthy, who has deserted their ranks and played against them and Pink.
Well! What do you think of that new score board? Some board—and it was well christened too.
The Emmets were striking out purposely in order that the game would

EDDY'S MATCHES ARE AND HAVE BEEN FOR MORE THAN SIXTY YEARS, LEADERS AND STANDARDS OF CANADIAN TRADE, AND ALL THINKING CANADIANS WILL CONTINUE TO ALWAYS INSIST UPON HAVING :: :: :: NONE BUT EDDY'S MATCHES

Army's Colossal Demands.
The vastness of the work of maintaining the British army—apart from feeding it—may be gauged from a few figures.
In one month there were issued to the troops 450 miles of telephone wire, 570 telephones, 534,000 sand-bags, 10,000 pounds of dubbin for boots, 38,000 bars of soap, 150,000 pairs of socks, and 100,000 pairs of boots.
In ten days there were also distributed 118,160 pair waistcoats and 315,075 flannel belts.
The way that significant items mount up where large numbers of troops are concerned is shown by the fact that every week there is issued on an average five tons of vaseline for the feet and 100 tons of horse shoes.
Some idea of the complexity of the work can be gathered by reference to the British official "Vocabulary of Stores," which contains 50,000 items.

KINGLY WINS THIRD SUCCESSIVE STAKE

ADDS WINDSOR CUP TO TORONTO CUP AND KING GEORGE HANDICAP.

Montreal, June 13.—Kingly won his third successive stake when he defeated a small but select field in the race for the Windsor Cup at Blue Bonnets on Saturday afternoon. The previous stake victories by this representative of the Mizepath stable were the Toronto Cup and the King George Handicap. Out of twenty-eight original nominations for this event only four horses went to the post. The winner was first choice with the talent, but he won only by a nose from Commonada, and Tactics had a similar narrow margin with Water-bass in finishing third.

Summary:

First race, handicap, 3-year-olds and up, Canadian bred, one mile—Linsin, 108, McAtee, 4.60, 2.80, 2.30, won; Sea Lord, 103, Smyth, 3.50, 2.50, second; Gartley, 101, Schuttinger, 2.40, third. Time, 1:41. Meissen, Cerf Volant, Suivez Moi ran.

Second race, 3-year-olds, 5 furlongs—Broomstraw, 106, Hartwell, 6.70, 3.50, 3.10, won; Eddie T., 114, Taplin, 4.10, 3.30, second; Medea, 105, Claver, 19.50, third. Time, 1:03. Rose Water, Tar Brush, Tito, Larkin, Gentle Woman, McLelland ran.

Third race, handicap, 3-year-olds and up, 6 furlongs—Water Lady, 105, Overt, 6.00, 3.90, 3.40, won; Protector, 100, Smyth, 13.30, 5.30, second; King Worth, 104, Hartwell, 6.50, third. Time, 1:14. Back Bay, Herron, Shyness ran.

Fourth race, the Windsor Hotel Cup, handicap, 3-year-olds and up, \$1,500 added, 1 1/8 miles—Kingly, 120, Metcalf, 6.50, 3.00, and out, won; Commonada, 107, Jackson, 3.00 and out, second; Tactics, 109, Overt, out, third. Time, 1:53 4/5. Waterbass ran.

Fifth race, steeplechase handicap, 4-year-olds and up, \$1,200 added, about two miles—Bryndown, 141, Connors, 8.70, 3.80, and out, won; Weldship, 157, Wolke, 4.00 and out, second; Sun King, 139, Williams, out, third. Time, 4:01. Chester Krum fell.

Sixth race, 3-year-olds and up, 6 furlongs—Briard Path, 110, Taplin, 5.20, 3.30, 3.00, won; Dick's Pet, 106, McAtee, 4.10, 3.70, second; Sleuth, 113, Kennedy, 4.60, third. Time, 1:14 3/5. Richwood, Kayderoseros, Anavri, Mamma Johnson, Meelicka, Pay Streak, Josefina Zarate, Balgee, Iniqueta, Liberty Hall ran.

Seventh race, 3-year-olds and up, one mile—Cuttyhunk, 106, Metcalf, 25.90, 8.00, 5.00, won; Bushy Head, 107, Taplin, 3.50, 3.00, second; Jabot, 103, Cooper, 6.70, third. Time, 1:40 3/5. Martian, Supreme, Glint, Progressive, Luther, Egmont ran.

ALGONQUIN PARK.

The Algonquin Park is a preserve for the wild things that inhabit the forest, for the propagation of fish and a recreation ground for the people. Two thousand feet above the level of the sea this lovely region remains today unspoiled and is an ideal camp ground for the sportsman and business man. The size of the park is two million five hundred thousand acres, and contains over fifteen hundred lakes. Comfortably equipped hotels and log cabin camps have been erected and are operated by the Grand Trunk Railway for the comfort of the tourist and sportsman. Write to Mr. J. Quinlan, District Passenger Agent, Grand Trunk System, Bonaventure Station, Montreal, for handsome illustrated descriptive literature.

OWES HIS LIFE TO ALBERT

A wounded soldier in the Nantes hospital tells how King Albert saved the life of a French officer. During a furious bayonet charge a lieutenant ventured too far into the German lines. He was grievously wounded and was thought dead. The conflict shifted and the officer dragged himself out of the range of fire and then fainted.

On regaining consciousness he saw two Belgian officers beside him, one with a lantern and the other dressing wounds. They carried him to a motor-car. One of them he recognized, saluted and started to speak, but the Belgian King hushed him, saying: "All right, my brave hero. Save your strength. The world can't afford to lose men like you."

HOW CARGOES ARE CLOSELY INSPECTED

MR. HAIGHT TELLS OF THE WORK OF BRITISH INSPECTORS.

Mr. Chs. S. Haight, lawyer of New York, who acted for the Starboard owners in the celebrated inquiry, arrived in Quebec a few days ago after a successful trip to the St. Maurice Fish and Game Club, accompanied by his brother.

Mrs. Haight and Miss Haight are also in town, the entire party will leave today for Montreal thence to New York by motor-car.

In connection with a press representative, Mr. Haight gave a very interesting account of the work done by British Inspectors regarding the examination of export cargoes to neutral ports on American or Scandinavian steamers.

It is probably not generally known in Canada that during the greater part of last fall and last winter the cargoes intended for export to Scandinavian, Dutch and Mediterranean ports from American ports, and specially from New York, were examined by inspectors appointed by the British Consuls General at the various ports.

"As attorney for the Northern Shippers' Association, which is an organization of practically all Scandinavian shipowners, like the English Mutual Clubs," said Mr. Haight, "I was vitally interested in working out some means whereby steamers carrying innocent cargo to neutral ports might be saved the ruinous loss of time which was involved in being stopped at Kirkwall or Lerwick and often ordered to Liverpool or the Tyne to be discharged with a view to finding out whether or not they carried contraband.

"In this connection, I first interviewed the British Consul-General in New York, Sir Courteney W. Bennett, and broached the problem to him. I made the suggestion that inspectors appointed by him should examine the cargoes of all steamers in which clients of mine were interested, while the ships were loading, in order to prove that the ship's manifest corresponded precisely with the cargo carried and no contraband was hidden in the ship.

Through the earnest co-operation of Sir Courteney Bennett and the British Ambassador, Sir Cecil Spring-Rice, the plan was worked out within a period of ten days and the sanction of the Foreign Office thereto obtained. That started the system of inspection by British officials of cargoes while loading on neutral and American ships in American ports, which immediately became practically universal. There is no precedent in history for such an inspection, but many precedents have had to be established since August last.

"When the carriage of cotton to German ports became possible on American steamers, we carried the system of inspection to its final stage of thoroughness. Much had been said about the secreting of copper inside of the cotton bales and to guard against that we secured the services of the best X-ray experts of Columbia University and the most powerful appliances made, and actually looked through the bales.

"Until assistants could be trained we sent the learned professors hither and you in one case as far as Galveston, Texas. It was this method of inspection and one of our inspectors who finally uncovered the plan of hiding rubber in cotton bales.

"There have been very heavy losses sustained through the detention of steamers bound for Scandinavian ports but since the plan of British inspection was put into operation our difficulties have been greatly reduced and the British authorities have shown their desire to protect themselves with as little inconvenience as possible to those who are carrying innocent cargo."

Spoken of about the famous collier Starboard, Mr. Haight stated that the steamer, since her sale by her original Norwegian owners in the suit brought against her by the C. P. R., had been plying principally between New York and Havre under charter to Messrs. Barber & Co. of New York.

"Our case against the C. P. R. is still in the Courts, and I hope that the appeal will be heard in October or November before the Supreme Court at Ottawa."

TIMBER REGULATIONS.
 GOVERNING Timber on Dominion Lands in Manitoba, Saskatchewan, Alberta, and the North West Territories, the Railway Belt in the Province of British Columbia, and the Three and a Half Million Acres Located by the Government of the Dominion in the Peace River District in British Columbia.

Licenses.
 A license to cut timber on a tract not exceeding twenty-five square miles in extent may be acquired only at public auction. A rental of \$5 per square mile, per annum, is charged on all timber berths excepting those situated west of Yale, in the Province of British Columbia, on which the rental is at the rate of 5 cents per acre. In addition to rental, dues are charged on the timber cut at the rates set out in section 20 of the regulations.

Timber Permits and Dues.
 Permits may be gained in the Provinces of Manitoba, Saskatchewan and Alberta, to owners of portable sawmills, to cut over a definitely described tract of land not exceeding one square mile in extent, on payment of dues at the rate of 30 cents per thousand feet, B.M., and subject to payment of rental at the rate of \$100 per square mile per annum.

Timber for Homesteaders.
 Any occupant of a homestead quarter-section having no timber of his own suitable for the purpose may, provided he has not previously been granted free allowance of timber, obtain a free permit to cut the quantity of building and fencing timber set out in Section 51 of the Regulations.

Public Notice
 CANADA, Province of Quebec, Municipality of the Village of St. Alexis de la Grande Baie, County and District of Chicoutimi.

BY-LAW NO. 17.

By-law No. 17 of the Corporation of the Village of St. Alexis de la Grande Baie, amending the by-law of this corporation bearing No. 15, which had ordained at the cost of the said corporation, the construction of a system of waterworks and drainage in the limits of the Village of St. Alexis de la Grande Baie, and provided for this purpose a loan of \$33,000.00.

Whereas in view of the condition of the financial market, the Corporation of the Village of St. Alexis de la Grande Baie, could not issue debentures at the conditions of the said by-law No. 15 or contract the loan, and was obliged up to now to pay the cost of the construction of the waterworks and drainage system, to make temporary loans from the Banque Nationale of Quebec at the Bagnoville branch and from different other persons.

Whereas it was by error that in the said by-law the probable cost of the construction of the waterworks and drainage system was fixed at \$33,000.00, and that the said construction not yet completed have necessitated an expenditure of \$53,121.00 and that it is expected that it will cost 4,000.00 more to complete certain works of the drainage system, the construction of the waterworks having been completed.

Whereas the Corporation of the Village of St. Alexis de la Grande Baie is at present indebted to the Banque Nationale, Bagnoville Branch, for the sum of \$34,000.00 representing the temporary loans made in the course of the construction of the said waterworks and the said drainage works and is also indebted for the sum of \$19,121.00 also representing temporary loans contracted by means of promissory notes to twelve different persons to defray the cost of the same above mentioned works, the whole amounting to \$53,121.00 as recorded above.

Whereas it is now necessary for the Corporation of the Village of St. Alexis de la Grande Baie to contract a loan of \$60,000.00 to pay off the temporary loans made, as mentioned above, and amounting to \$53,121.00, the accumulated interest and future interest, the charges and costs necessitated by the loan to be contracted, issuing of debentures, and the cost of the works to complete the drainage system, to wit, approximately \$4,000.00.

That the above mentioned by-law No. 15 of the Corporation of the Village of St. Alexis de la Grande Baie be amended by replacing clauses 21, 22, 23 and 24 of the said by-law No. 15 by the following:—

21.—A loan of \$60,000.00 bearing interest at 6 per cent, yearly, payable semi-annually, is by these presents authorized and ordained to pay the cost of the said waterworks and the said drainage system.

22.—This loan will be contracted by the issue of sixty bonds of one thousand dollars (\$1,000.00) each, numbered from 1 to 60, these two numbers included, the said bonds will be current the 1st of August, 1915, and made payable to the bearer at the offices of La Banque Nationale at Quebec, Montreal, and Chicoutimi, the 1st of August, 1925. To each of these bonds will be annexed 20 coupons of \$30.00 each representing the semi-annual amount of interest at 6 per cent, yearly, which interest will mature on the 1st of August and the 1st of February of each year; these coupons will also be payable to the bearer at the Banque Nationale, Quebec, Montreal and Chicoutimi.

23.—The Mayor and the Secretary-Treasurer are by these presents authorized to sign and countersign and issue the said bonds and the said interest coupons and to affix on the said bonds the seal of the said municipality; and to receive the returns of the sale of the said bonds for and in the name of the said municipality.

24.—For the purpose of guaranteeing and paying the said loan, an annual tax of \$9,800.00 representing 10 per cent of the capital borrowed, the interest at 6 per cent, and \$200.00 over and above these two amounts, to cover losses and bad debts, is by these presents imposed on all taxable property of this said municipality and will under the above restrictions be levied each year, by means of a special roll of collection prepared at a time which will be judged convenient to do so.

24a.—The Council will administer this sinking fund.

25.—The Mayor and the Secretary-Treasurer are by these presents authorized, on approval by resolution of the Council, to destroy and annul the bonds issued in virtue of by-law No. 15 and which were not employed in view of the fact that the loan was not contracted.

26.—The Mayor and the Secretary-Treasurer are authorized by these presents, on approval by resolution of the Council, to sell the bonds and debentures of the above mentioned corporation below par, if it be necessary, and at conditions that they shall judge most advantageous.

27.—The present by-law, inasmuch as it authorizes a municipal loan and decrees that the water service to be given shall be obligatory, shall be submitted to a vote by the taxpayers of the Municipality of the Village of St. Alexis de la Grande Baie and to the approval of the Lieutenant Governor-in-Council.

28.—The present by-law shall be submitted to the vote of the proprietors of taxable landed property in the limits of the Municipality of the Village of St. Alexis de la Grande Baie, the 21st day of June and the 22nd day of June, after having been published twice in French, in the newspaper, "Le Progrès du Saguenay", a newspaper published in French at Chicoutimi, District of

Whereas it is now necessary for the Corporation of the Village of St. Alexis de la Grande Baie to contract a loan of \$60,000.00 to pay off the temporary loans made, as mentioned above, and amounting to \$53,121.00, the accumulated interest and future interest, the charges and costs necessitated by the loan to be contracted, issuing of debentures, and the cost of the works to complete the drainage system, to wit, approximately \$4,000.00.

That the above mentioned by-law No. 15 of the Corporation of the Village of St. Alexis de la Grande Baie be amended by replacing clauses 21, 22, 23 and 24 of the said by-law No. 15 by the following:—

21.—A loan of \$60,000.00 bearing interest at 6 per cent, yearly, payable semi-annually, is by these presents authorized and ordained to pay the cost of the said waterworks and the said drainage system.

22.—This loan will be contracted by the issue of sixty bonds of one thousand dollars (\$1,000.00) each, numbered from 1 to 60, these two numbers included, the said bonds will be current the 1st of August, 1915, and made payable to the bearer at the offices of La Banque Nationale at Quebec, Montreal, and Chicoutimi, the 1st of August, 1925. To each of these bonds will be annexed 20 coupons of \$30.00 each representing the semi-annual amount of interest at 6 per cent, yearly, which interest will mature on the 1st of August and the 1st of February of each year; these coupons will also be payable to the bearer at the Banque Nationale, Quebec, Montreal and Chicoutimi.

23.—The Mayor and the Secretary-Treasurer are by these presents authorized to sign and countersign and issue the said bonds and the said interest coupons and to affix on the said bonds the seal of the said municipality; and to receive the returns of the sale of the said bonds for and in the name of the said municipality.

24.—For the purpose of guaranteeing and paying the said loan, an annual tax of \$9,800.00 representing 10 per cent of the capital borrowed, the interest at 6 per cent, and \$200.00 over and above these two amounts, to cover losses and bad debts, is by these presents imposed on all taxable property of this said municipality and will under the above restrictions be levied each year, by means of a special roll of collection prepared at a time which will be judged convenient to do so.

24a.—The Council will administer this sinking fund.

25.—The Mayor and the Secretary-Treasurer are by these presents authorized, on approval by resolution of the Council, to destroy and annul the bonds issued in virtue of by-law No. 15 and which were not employed in view of the fact that the loan was not contracted.

26.—The Mayor and the Secretary-Treasurer are authorized by these presents, on approval by resolution of the Council, to sell the bonds and debentures of the above mentioned corporation below par, if it be necessary, and at conditions that they shall judge most advantageous.

27.—The present by-law, inasmuch as it authorizes a municipal loan and decrees that the water service to be given shall be obligatory, shall be submitted to a vote by the taxpayers of the Municipality of the Village of St. Alexis de la Grande Baie and to the approval of the Lieutenant Governor-in-Council.

28.—The present by-law shall be submitted to the vote of the proprietors of taxable landed property in the limits of the Municipality of the Village of St. Alexis de la Grande Baie, the 21st day of June and the 22nd day of June, after having been published twice in French, in the newspaper, "Le Progrès du Saguenay", a newspaper published in French at Chicoutimi, District of

BY-LAW NO. 17.

By-law No. 17 of the Corporation of the Village of St. Alexis de la Grande Baie, amending the by-law of this corporation bearing No. 15, which had ordained at the cost of the said corporation, the construction of a system of waterworks and drainage in the limits of the Village of St. Alexis de la Grande Baie, and provided for this purpose a loan of \$33,000.00.

Whereas in view of the condition of the financial market, the Corporation of the Village of St. Alexis de la Grande Baie, could not issue debentures at the conditions of the said by-law No. 15 or contract the loan, and was obliged up to now to pay the cost of the construction of the waterworks and drainage system, to make temporary loans from the Banque Nationale of Quebec at the Bagnoville branch and from different other persons.

Whereas it was by error that in the said by-law the probable cost of the construction of the waterworks and drainage system was fixed at \$33,000.00, and that the said construction not yet completed have necessitated an expenditure of \$53,121.00 and that it is expected that it will cost 4,000.00 more to complete certain works of the drainage system, the construction of the waterworks having been completed.

Whereas the Corporation of the Village of St. Alexis de la Grande Baie is at present indebted to the Banque Nationale, Bagnoville Branch, for the sum of \$34,000.00 representing the temporary loans made in the course of the construction of the said waterworks and the said drainage works and is also indebted for the sum of \$19,121.00 also representing temporary loans contracted by means of promissory notes to twelve different persons to defray the cost of the same above mentioned works, the whole amounting to \$53,121.00 as recorded above.

Whereas it is now necessary for the Corporation of the Village of St. Alexis de la Grande Baie to contract a loan of \$60,000.00 to pay off the temporary loans made, as mentioned above, and amounting to \$53,121.00, the accumulated interest and future interest, the charges and costs necessitated by the loan to be contracted, issuing of debentures, and the cost of the works to complete the drainage system, to wit, approximately \$4,000.00.

That the above mentioned by-law No. 15 of the Corporation of the Village of St. Alexis de la Grande Baie be amended by replacing clauses 21, 22, 23 and 24 of the said by-law No. 15 by the following:—

21.—A loan of \$60,000.00 bearing interest at 6 per cent, yearly, payable semi-annually, is by these presents authorized and ordained to pay the cost of the said waterworks and the said drainage system.

22.—This loan will be contracted by the issue of sixty bonds of one thousand dollars (\$1,000.00) each, numbered from 1 to 60, these two numbers included, the said bonds will be current the 1st of August, 1915, and made payable to the bearer at the offices of La Banque Nationale at Quebec, Montreal, and Chicoutimi, the 1st of August, 1925. To each of these bonds will be annexed 20 coupons of \$30.00 each representing the semi-annual amount of interest at 6 per cent, yearly, which interest will mature on the 1st of August and the 1st of February of each year; these coupons will also be payable to the bearer at the Banque Nationale, Quebec, Montreal and Chicoutimi.

23.—The Mayor and the Secretary-Treasurer are by these presents authorized to sign and countersign and issue the said bonds and the said interest coupons and to affix on the said bonds the seal of the said municipality; and to receive the returns of the sale of the said bonds for and in the name of the said municipality.

24.—For the purpose of guaranteeing and paying the said loan, an annual tax of \$9,800.00 representing 10 per cent of the capital borrowed, the interest at 6 per cent, and \$200.00 over and above these two amounts, to cover losses and bad debts, is by these presents imposed on all taxable property of this said municipality and will under the above restrictions be levied each year, by means of a special roll of collection prepared at a time which will be judged convenient to do so.

24a.—The Council will administer this sinking fund.

25.—The Mayor and the Secretary-Treasurer are by these presents authorized, on approval by resolution of the Council, to destroy and annul the bonds issued in virtue of by-law No. 15 and which were not employed in view of the fact that the loan was not contracted.

26.—The Mayor and the Secretary-Treasurer are authorized by these presents, on approval by resolution of the Council, to sell the bonds and debentures of the above mentioned corporation below par, if it be necessary, and at conditions that they shall judge most advantageous.

27.—The present by-law, inasmuch as it authorizes a municipal loan and decrees that the water service to be given shall be obligatory, shall be submitted to a vote by the taxpayers of the Municipality of the Village of St. Alexis de la Grande Baie and to the approval of the Lieutenant Governor-in-Council.

COMMERCIAL NEWS
NEW YORK MARKET.
 (Canadian Press).
 New York, June 12—Dealings in the stock market would have been more than expressive had the movement shown greater strength. Most of the standard shares were neglected, activity and greatest advances again converging about war specialties and other stocks more or less remotely within that special class.
 For instance, Federal Mining and Smelting common and preferred, one of the obscure issues in the Guggenheim group, scored temporary gains of 2 and 3 points, respectively, partly as a result of the higher prices for refined copper and lead, and American Smelting, Guggenheim Exploration, Amalgamated Copper and National Lead rose 1 to 3 1/2 points.
 In the more direct war issue, Bethlehem Steel preferred rose to the new high price of 119 1/2, with smart advances in the common stock, New York Air Brake, General Electric and half a score of other industrial and equipment shares in the manufacture of munitions of war. Motors were relatively inactive though firm.
 Seasoned railway shares, including Union Pacific, Lehigh Valley, New York Central and Atchison were up a point and United States Steel also held steady until the close, when pressure wiped out much if not all their early advantage. Reading was heavy throughout, but the first preferred stock gained five points.
 The final dealings were enlivened by marked activity in American Can and Central Leather, which rose from 2 to 3 points, but the list as a whole became increasingly irregular at the close. Total sales amounted to 410,000 shares.
 In their bearing upon industrial conditions a new high export quotation of 20 1/2 cents for copper of the best grade and a local rise in lead to seven cents were the chief features of the session. More gold was received from Canada, making the return flow of the metal from all sources since January 1 approximate \$100,000,000.
 Actual bank loans expanded almost \$16,000,000 during the week, with a cash gain close to \$16,500,000, reserves increasing about \$8,900,000.
 Bonds were steady today. Total sales, par value, amounted to \$1,385,000.
 United States bonds were unchanged on call during the week.

BY-LAW NO. 24 B.

By Law to Amend a By-law concerning the Construction of Certain Buildings and Precautions to be Taken Against Fire.

(Drawn up in the French Language). At a meeting of the Municipal Council of the City of Quebec, held on the 30th day of April, 1915, the following by-law was read for the first time.

It is ordained and enacted by the Municipal Council of the City of Quebec and the said Council doth hereby ordain and enact as follows: 1. Article 9 of By-law No. 24 passed by the Council of the City of Quebec on the 9th of August 1912 is hereby repealed and replaced by the following:

"9". It is forbidden to keep in the City of Quebec the fluid designated under the name of gasoline, or other fluid of a similar composition, in any other way than in underground iron or metal tank, subject to the approbation of the City Engineer, who shall deliver the required permit after having obtained a receipt from the City Treasurer, attesting that an amount of ten dollars has been paid to him.

2. The present by-law is enacted as forming part of by-law No. 24 and amending it.

PUBLIC NOTICE.

Is hereby given that, in conformity to the provisions of law, the above by-law will be read a second time and submitted for adoption on Friday, the 7th, of May instant, 1915.

By Order, H. J. B. CHOUINARD, City Clerk.

Dr. GEO. AHERN Office 40 Couillard Tel. 30

REPORT OF RED CROSS SOCIETY

FULL TEXT OF LOCAL SECRETARY'S REPORT IS PUBLISHED.

Our readers will remember that an account of a recent meeting of the Red Cross Society was published in the Chronicle, at which the sum of \$3,000 was voted to be distributed for needy causes in England and France.

In order to give an idea of the work of the Society, what contributions have been received and the disposition made, the full text of the Secretary's report is herewith published.

RED CROSS SOCIETY. QUEBEC.

Secretary's Report.

Since our last General Meeting on January 26th, five Executive Committee Meetings have been held, besides those in connection with the Working Department, which it would be difficult, if not impossible, to enumerate. The contributions of our Branch since that date have been: the \$2000 (then promised) for a Motor Ambulance; \$500 for support of a Nurse for one year; \$1000 for 20 beds in Cliveden Hospital; \$50 towards a Convalescent Hospital for French soldiers; \$1500 to the Canadian Red Cross Society, England, to be left to the Authorities there to use for supplies at Home or Abroad as they think best.

Ninety-four cases have been sent to the Canadian Red Cross Commission in England, containing the following articles:—

689 night shirts, 425 flannel day shirts, 663 pyjamas, 40 under drawers, 44 under vests, 1535 pairs socks, 134 pairs bed socks, 20 various caps, 47 convalescent suits, 47 nightgales, 124 dressing gowns, 318 cholera belts, 15 sweaters, 345 mufflers, 184 mitts and wristlets, 16 bed jackets, 222 handkerchiefs, 24 knit bags filled, 34 hot water bottle covers, 5 small down pillows, 231 surgical shirts, 79 assorted bandages, 15 pneumonia jackets, 24 ice bags, 10 fans, 6 bags 1 piece antiseptic gauze, 70 sheets, 228 pillow cases, 4 blankets, 83 wash cloths, 1 box candies.

Small parcels have also been sent to the following hospitals:—

Bulford Manor, Salisbury Plain; Netheravon Hospital; Hospital in Boulogne; Convent in Paris, and Military Hospital in Quebec.

These continued:— 41 night shirts, 30 flannel day shirts, 23 pyjamas, 73 under vests, 73 under drawers, 485 socks, dressing gowns; 12 nightgales, 279 various caps, 400 handkerchiefs, 54 mufflers 61 wristlets, 6 bed socks, 1 bed jacket, 37 cholera bands 97 operating coats, 6 pneumonia jackets hot water bottle covers, 18 sweaters, 297 towels, \$10 worth boot laces, 6 surgical shirts, 50 bandages, 3 pieces cheese cloth, 6 dox. Oxo, 4 doz. chocolate, 6 cases cocoa, 12 cases corn starch, 12 cases arrowroot, 1 case lemons, 6 bottles Bovril, 6 bottles Lemco, 6 bottles Magi, 1 doz tooth brushes, 8 boxes soap, 24 razors, 525 cigarettes, 10 packages cigarettes, 1 box grapes.

In connection with the subscriptions, that have been given from our Branch, a few words might be said.

One nurse is Miss Annie Bowthly, of Ottawa, selected on the recommendation of Mrs. Plumtree, and highly recommended by the Hospital authorities. We heard of her arrival in England, when she wrote, she was to be sent to Malta, probably from there to Egypt.

The money for the twenty beds for Cliveden Hospital has been given (\$50 a bed) and we wish specially to express our appreciation of the children's share in this work. Four beds from the Roy's and Girls' High School, the Victoria School and our Children's Branch of the Red Cross. Thanks are also due to the Bank Messengers of the City, for getting up a "Euchre" party for our benefit, at which they made \$142.59.

To the St. Matthew's Branch of the Church of England Men's Society, for \$120., realized from a play, repeated for the Red Cross.

To Madame Phillippe Landry, for kindly giving a Bridge party in her home.

To the Quebec Studio Club, for a recent gift of \$50.

The staff and employees of the Dominion Arsenal have promised to give one day's pay every six months, as long as the war lasts. In January, a cheque for \$986.57 was sent in.

The "Arms and Ammunition Department", through Colonel Harston, is doing the same, and have just received a cheque for \$1,000.

These handsome subscriptions, to be looked for every six months, means much to those interested in the financial part of the work, giving them some idea of what can be counted upon. To each and every one included in these two large subscriptions, we beg to offer our most sincere thanks.

Besides the contribution, the wives and families of the Arsenal employees, do a great deal of work each month, making as many as three or four hundred garments.

Another kind offer has come from the Quebec Amusement Co. (Quebec Skating Ring, Grande Allee). This company is kindly giving 10 p.c. of their profits during their season here, and 25 p.c. of all tickets sold by members of the Red Cross Society. There are to be special pictures shown on June 11th and 12th.

A very successful "Tag Day" was held on June 2nd, when the large amount of \$3,574.45 was collected. We wish to express our appreciation of the hard work entailed by those who were instrumental in making the Day such a success.

There are many others who we are indebted to in various ways, and who we cannot thank personally. We must

GLIMPSES OF OLD QUEBEC From the Files of THE CHRONICLE, June, 1885 and 1815.

THIRTY YEARS AGO TODAY

What Canada Has Done For The Indians

Many of the party newspapers, at this time 30 year ago, were busy criticising the Dominion Government for their want of sympathy with our Indians of the North West. In justice to the Government it may be here stated just what has been done. The treatment of our Indians by the Canadian people and Government is just and honorable, and we have been accustomed to pride ourselves upon the results of that treatment. A treaty was made with the Indians and reserves were set apart for them, consisting of one square mile for every five persons; an annual grant was furnished of five dollars to every member of the tribe; fifteen to each Councillor, and twenty-five to the chief; a suit of clothes every three years to each chief and councillor; seed grain and agricultural implements to the tribe, with other minor allowances. Food was to be given in case of need, although, at the time when this was promised, it was expected that the disappearance of the buffalo would be so gradual that no great need for a time would arise, and that, in the meantime the Indian would be trained to derive his support from the soil.

Disappearance of the Buffalo.

Whereas the disappearance of the buffalo came almost with the suddenness of a tropical night. This fact, which was very largely due to the conduct of our American neighbours, has created among us a difficulty in dealing with the Indians not known in so great a proportion in the United States: So that, while we may learn from their Indian policy much to imitate as well as much to avoid, we must in dealing with the food difficulty learn chiefly from our own ex-

perience. Our readers will see that the Government of the day at all events have done the generous thing with the Indians.

LUCY F. CARTER, Sec. Quebec Branch, Red Cross Society, June 8th, 1915.

SOME FACTS ABOUT AUTOMOBILE TIRES.

Maltese Cross Tires were specially designed and are being built to meet the exacting demand of Canadian conditions and with the knowledge that their service would be diversified and often severe.

The Symbol of the Maltese Cross with its diversity of angles and deep open pattern offered an ideal design for the creating of a remarkably effect "Non-Skid" device.

The long, deep furrows and sharp angles of the "crosses" are perfectly combined to grip wet or greasy pavements, and to prevent side or drive slipping. The tread is unique with its extra volume and toughness of rubber, and insure exceptional security without the use of chains.

Maltese Cross Non-Skid Tires are equally efficient on large or small cars and their mileage record has solved the problem of reducing the cost of maintaining tires on motor cars.

The tread of Maltese Cross Tires is more than ordinarily thick, tough and resilient, and offers the most determined resistance of the abrasive action of the road and to punctures.

Maltese Cross Tires are built to go a long route and a lively one, and to dispel the old cloud of constantly anticipated "Tire Trouble."

F. H. ANDREWS & SON, 253 St. Paul St. are agents for these splendid tires.

TRIED TO ESCAPE FROM COUNTY JAIL.

Owen Sound, Ont., June 10.—Norman Ryan and William Turner, the two gunmen under arrest here for stealing a motor cycle, today made an attempt to break out of the county jail. The men have been placed separately in close confinement.

BANK OF ENGLAND.

London, June 12.—The Bank of England today bought £27,000 in foreign gold coin, released \$120,000 to Egypt and sold £2,000,000 in foreign coin, presumably to America.

Im helping Canada By using Windsor Table Salt it's made in Canada

A HUNDRED YEARS AGO TODAY

The Duke of Ragusa's Defence.

With the return of Napoleon to France from the Island of Elba, he lost no time in issuing a proclamation against the Duke of Ragusa accusing him of treason and treachery against the Empire by delivering up Paris to the armies of the allies.

The Duke in his defence, states that after the affair at Rheims, Napoleon separated on the Marne and left him (the Duke) with inadequate forces upon the Aisne (the present great war) to keep in check the army of Silesia, which after its junction with Bulow's Corps, amounted to 80,000 men. The enemy passed the Aisne and forced us to retire and fall back on Paris. Napoleon made the illusion that his movements on the Marne threatened the enemy's communications which he was unable to do. He, the Emperor, accuses me of treason! I ask where is its reward? I rejected with contempt every sort of personal advantage which was offered me by the Bourbon King. I have served the Emperor Napoleon with zeal, constancy and devotedness during all my career, and I only separated myself from him to save France, when one step further would have precipitated it into the abyss which he the Emperor had opened. No sacrifices were too great when the question was the honor and safety of my country. Who ever has exhibited a greater example in suffering, in danger, in privation; who has shown in all his life more disinterestedness than I have? My life is pure, it is that of a good citizen; and they would attach infamy to it.

MARSHAL THE DUKE OF RAGUSA.

THE GREAT ASAHI AT THE AUDITORIUM

THIS WONDERFUL MAGICIAN AND HIS TROUPE OF JAPS TO PLAY THERE ALL WEEK.

The Grand Ashai, who opens today at the Auditorium, presents assisted by a quintette of Japanese, an act which is said to far excel any exhibition of its kind that has ever migrated from the "Flower Kingdom". They perform some wonderfully clever stunts in magic, but the feature of the act is the "Human Fountain", a spectacular bit of work in which Ashai causes a stream of water to spout up almost everywhere, from his fan, from any part of the floor, from the head, hands and feet, of other members of the troupe or any other place at which he points.

Another particular notable feature of the performance is the Kemon and Tommy Katamura risely work. The accuracy with which they spin through the air and light always perfectly is positively thrilling. The act is wonderfully staged and the setting includes the famous \$4,000 curtain which is all hand embroidered and presents a splendid appearance when blended with the beautiful light effects.

Of course it wouldn't do to book such a great act with low class vaudeville and the manager of the Auditorium has taken trouble and seen that the four acts on the programme are also of the best respective lines. Countess Nordini, pianist and accordionist, will probably be the next great attraction on the bill and the others are: Raymond Wilbert, Novelty Hoop Roller; Mack and Velmair, very good comedians and singers; and Leo-card Kane, a wonderful novelty dancer.

Those who have attended regularly the performances at the Auditorium must have noticed that the picture programme keeps improving every week.

"WHEN WOMAN LOVES" POWERFUL DRAMA

Great Feature Picture Presented at the Olympia Today and Tomorrow.

"When Woman Loves", such is the name of the great drama in three parts that the Olympia Theatre presents today and tomorrow. It is one of the most interesting pictures released by the Pathe Famous Film Syndicate and every one who has followed the big features offered by that house knows that they release nothing but the best pictures.

The Olympia will also present Pathe's Gazette the most interesting illustration of the principle events that take place in all the world and a good comedy featuring the "Unique" Max Linder.

"The Betraying Mark" is the great feature of Wednesday and Thursday with Pathe News and a Comedy by Prince.

The next serial film of the "Exploits of Elaine" will be presented Friday and Saturday. The prices remain the same.
