

OCCUPATION OF GIURGIU BY VON MACKENSEN BRINGS HIM TO 37 MILES FROM BUCHAREST

Northern Bank Of Danube In Rumania Is Now In Hands Of Central Powers—Druejont Reports Becloud Operations In Macedonia—Little Oc- curs On Western And Austro-Italian Fronts

The operations of the Teutonic allies in Rumania have brought them appreciably nearer Bucharest and are still progressing from the north and the west and the south and south-west.

The northern bank of the Danube in Rumania extending westward from Giurgiu, on the railroad south of Bucharest, to opposite Vidin, a short distance from the Serbian border, is now in the hands of the forces of the Central Powers. The capture of points in this region opposite Vidin, Lom-Palanka and Rahovo by the Bulgarians would seem seriously to menace the Rumanian troops from the Orsova and Turnu Severin sectors who were reported several days ago to be in retreat to the south-east.

The occupation of Giurgiu brings the line of Field Marshal Mackensen to within 37 miles of Bucharest in the south, while the capture of Curtea De Arges, eighty miles north-west of the capital, has evidently cleared the Topolog sector of Rumanians and given the invaders the railroad to the important town of Pitesti, the junction of the line running from Campulung to Bucharest.

In the centre the Teutonic allies are still driving eastward, having left the Alt valley far in their rear. An unofficial despatch from Bucharest says the retirement of the Rumanians is proceeding in perfect order toward a new front already settled on for defense.

The operations in Macedonia are somewhat beclouded by reason of divergent reports. Berlin says that north of Monastir renewed attacks by the Entente Allies failed, while the Serbian War Office claims that in fighting along the entire front the Serbs at several points made advances of several hundred metres. Sofia, on the other hand, asserts that attacks on Hill 1050 and the village of Paraovo were put down by the Bulgarians and Germans, as likewise was a British offensive in the Vardar region south of the village of Bogoroditsa.

On the front in France and in the Austro-Italian theatre nothing but bombardments have taken place. South of Dvinsk, on the Russian front, artillery duels have been in progress. Considerable activity also has developed in the region of Riga. In the Carpathians the Rumanians have begun another attack against the Austro-Germans and fighting is now proceeding there.

Petrograd admits that the Turks have occupied the towns of Adramed and Koshishogly, south of Van, Turkish Armenia.

The American steamer Chemung has been sunk in the Mediterranean off the coast of Spain by a German submarine. The crew was landed. Eight other vessels, two each flying the British, French, Greek and Norwegian flags, have been sunk, either by mines or torpedoes. Their aggregate tonnage was about 20,000. In addition the Danish steamer Villemoes has been captured by the Germans.

Two more Zeppelins, which were raiding north-east England, have been brought down in flames by anti-aircraft guns. The crews of both airships perished. A German airplane has dropped bombs on London. Nine persons were injured. The material damage was slight.

FRENCH ADMIRAL INSISTS.

London, Nov. 28.—Vice-Admiral Du Fournet, commander of the Allied squadron in Grecian waters, informed King Constantine in an audience given him on Monday that he would firmly adhere to the terms of his ultimatum, says an Athens despatch to the Exchange Telegraph Company.

The ultimatum to Greece requires the delivery to the Entente Allies of Greek arms and cannon within a period ranging from two days to a week.

RUMANIANS DESTROY RAILWAY

London, Nov. 28.—Despatches from the German armies in Rumania, says an Exchange Telegraph despatch from Copenhagen, report that the Rumanians have destroyed the Railway from Tchernavoda to Bucharest and are burning all the villages and stores of food in the course of their retreat.

SECRET SESSION IN PARIS.

Paris, Nov. 28.—The Chamber of Deputies met today in secret session. It is expected that many questions vital to the conduct of the war will be raised in this session which is the second secret meeting since the beginning of the war. The general policy in the conduct of French operations and the question of effectives are among the subjects likely to be discussed, it is stated.

GOVERNMENT LEAVES BUCHAREST.

Paris, Nov. 29.—The Rumanian government and diplomatic authorities have left Bucharest and gone to Jassy, according to a Havas despatch from Bucharest.

Jassy lies about 200 miles north, north-east of Bucharest, near the Russian frontier.

JOY OVER ZEPPELIN'S DOWNFALL.

London, Nov. 28.—The destruction of two of the Zeppelins that participated in last night's air raid caused great enthusiasm in the north-east coast towns which had suffered so often in previous air raids. This morning the naval airmen who arrived to report the success of the British in their fight against the airship which was making her way homeward when she was brought down was given a tremendous ovation by the townspeople, who carried him shoulder high through the streets crowded with cheering people, while the sirens of the ships shrieked triumphantly.

Regarding the report that the Germans used an airplane disguised as British, or one captured from the British for today's raid on London, a member of the government said in the House of Commons that he had no information on this head.

QUEBEC BOYS BACK FROM OVERSEAS

TWO IN PARTY WHICH ARRIVED FROM HALIFAX YESTERDAY.

A party of 150 invalided Canadian soldiers of all ranks arrived in the city yesterday from Liverpool via Halifax in charge of Major C. Adams. Among those from Quebec and District and from Montreal, were:

Pte. A. Leclerc, 275 St. Joseph st. Quebec.

Pte. F. Dumont, 17th Reserves, No. 225 1/2 St. Luke street, Quebec.

Pte. J. Webb, 23rd Reserves, of Grand'Mere, P.Q.

Pte. J. Marmen, 69th Reserves, of Fraserville, Que.

The following are destined for Montreal:

Pte. H. Labelle, 69th Reserves.

Pte. S. Poulin, 69th Reserves.

Corpl. A. Mousseau, 23rd Reserves

Lance-Corpl. G. Jones, of 23rd Reserves.

Sergt. F. Dawson, 92nd Reserves.

Pte. D. McKeever, 23rd Reserves.

Pte. J. R. Stewart, C.A.M.C.,

Pte. McStorey.

The Weather

Toronto, Nov. 28.—A few local showers have occurred today in Ontario and some snow and rain in Quebec. In the west the weather has been for the most part fair and comparatively mild.

MUCH DEPENDS ON RUMANIA'S LEFT FLANK

WILL CONCENTRATE ALL
THEIR FORCES IN ORDER TO
SAVE CAPITAL.

Petrograd, Nov. 28, via London. Nov. 29.—The size of Field Marshal von Mackensen's forces which crossed the Danube near Zimniza and established at least partial union with General von Falkenhayn's army advancing from the north has been under-estimated in the early reports, according to the most recent information from Rumania. The full strength of this group is not yet known, although some estimates place it at upwards of two divisions, with the major part German troops. But it is evident, according to the viewpoint here, that the movement can no longer be called a demonstration.

Russian military experts declare that the fate of Bucharest depends largely upon the success of the Rumanian forces. Mr. Ferguson announced from the difficult position created by von Falkenhayn's swift invasion from the north, now made more embarrassing by the deep penetration of the forces which crossed the Danube. It is believed here that with the loss of western Wallachia the Rumanians will concentrate all their forces before Bucharest in order to save the capital.

Col. Shumsky, military critic of the Bourse Gazette, finds encouragement in the fact that the main enemy forces are still engaged near Campulung and cannot spare enough men to strike a decisive blow from the west.

FERNIE STRIKE HAS BEEN CALLED OFF

MEN WILL RETURN TO WORK
SAYS THEIR REPRESENTATIVES.

Ottawa, Nov. 28.—Following the conferences here between representatives of the Government and the mining unions, the Fernie strike has been called off. Messrs. Graham and Rees, the men's representatives this afternoon wired instructions West, that the men return to work. The Department of Labor's Fair Wage Officer at Calgary, Alta., Fred Harrison, will immediately investigate the cost of living at Fernie, Lethbridge and Calgary between July 1st and November 22nd. The miners are willing to accept the equivalent of this increase in lieu of the 25 per cent bonus which they made at their first demand. After Mr. Harrison reports the matter will be taken up anew with the operators.

Harrison is also to probe the allegations that immediately after each wage increase to the men the local merchants to the same or a greater extent advance the prices of commodities.

HOME AUTHORITIES AND GENERAL HAIG ARE IN HARMONY

RUMORS OF FRICTION DENIED IN HOUSE BY EARL OF DERBY.

London, Nov. 28.—In the House of Lords tonight the Earl of Derby, Under Secretary of War, set at rest rumors in circulation that there was friction between General Sir Douglas Haig, the British commander-in-chief in France and the Home authorities. Alluding to Lieut.-General Sir Frederick Clayton's relinquishment of the post of Inspector-General of the lines of communication in France, the Earl of Derby said there was no connection between his retirement and the appointment of Sir-Eric Geddes to superintend all questions of all railway docks and inland transport, leaving to the administration the rest of the lines of communication as heretofore.

The Secretary of War, said the Earl of Derby, in order to satisfy himself to the adequate means for the transport of the ever increasing amount of ammunition to the front, sent Sir Eric, with General Haig's consent to investigate the matter. General Haig was greatly impressed with Sir Eric's report and requested that Sir Eric be appointed to carry out his own suggestions. The rumor that he had been imposed upon General Haig was absolutely false. The army council had the greatest confidence in General Haig and did its utmost to fall in line with all his suggestions and rumors that friction existed were untrue.

HE DYNAMITED HIMSELF.

Dug a Hole, Packed Explosive in, Lit a Fuse and Dived in to Die.

New York, Nov. 28.—This is the way Leon David Rose, forty-five, a foreman blaster, of Stony Point, Rockland County, proved to his incredulous friends that he had meant what he had said when he told them that he was going to blow himself up. He dug a hole about three feet deep in a hill side yesterday afternoon. He packed sticks of dynamite—there is no way of telling how many—into the hole. Attaching a long fuse to the explosive he touched a match to the end of it. Then he dived into the hole and, resting on the dynamite, waited. Fragments of his body were found afterward.

MONTREAL WOMAN IS

ROBBED IN NEW YORK

New York, Nov. 28.—Mrs. Mary Feeney, of Montreal, was beaten into insensibility and robbed of her jewelry, \$20 in money and a railroad ticket to Montreal by a man who waited for her in the hallway of the home she was visiting at 153 West One Hundred and Third street at an early hour this morning. When Mrs. Feeney's screams attracted the attention of tenants of the house she was carried to a room where her husband, James Feeney, was lying ill, and was later removed to the Knickerbocker Hospital, where it was said her condition was not serious, though she was suffering from shock. Her assailant escaped.

Instant Relief for Flatulence

Heartburn and Windy Spasms

The efficacy of Dr. Cassell's Instant Relief in these complaints will be a revelation to those who have hitherto trusted to bismuth or soda mixtures, or to old-fashioned liver pills and salts. The trouble is due to gas in the stomach or bowels arising from undigested food, and the natural remedy is to restore the organs to healthy action. Dr. Cassell's Instant Relief does that quickly, surely, and so it effects real cure where the old purgative preparations only weaken the system, and create the pill-taking or salt-taking habit.

Take Dr. Cassell's Instant Relief for constipation, biliousness, torpid liver, sick headache, dizziness, spots before the eyes, flatulence and windy spasms, acidity, heartburn, impure blood, and that dull, heavy feeling which is a sure indication of liver troubles.

Ask for Dr. Cassell's Instant Relief and take no substitute.

Price 50 cents from all Druggists and Storekeepers, Or direct from the sole agents for Canada, Harold P. Ritchie and Co., Ltd., 10, McCaul-street, Toronto. War Tax 2 cents extra.

Dr. Cassell's Instant Relief is the companion to Dr. Cassell's Tablets.

CABINET HEARS AUTO DELEGATES

AGREEMENT PRACTICALLY
REACHED WITH REGARD
TO TARIFF ON TRUCKS.

The provincial Cabinet received two delegations yesterday protesting against some of the proposed changes to the Quebec Motor Vehicle Act as contained in the bill which Hon. Walter Mitchell has before the Legislative Assembly.

One of the most contentious clauses of the new bill is the increased tariff on heavy motor trucks and a compromise was practically reached whereby the Government will charge a rate of \$75 on trucks of three-ton capacity and over and prohibit the use of all trucks over three tons outside the cities of Quebec and Montreal.

Mr. Geo. A. Sheppard, President of the Montreal Auto Trade Association, said that the tariff on motor trucks proposed in the new bill would do a great deal of harm to commerce. He affirmed that motor trucks did not damage the roads as much as it was thought and stated that the bad condition of the roads was chiefly due to the farmers who all drove their carts along in the same ruts.

Hon. Mr. Mitchell did not agree that the motor trucks did not damage the roads and quoted the Government Engineer to prove that it was these heavy vehicles which caused most damage.

Imposing Fines.

Later on commenting on some of the objections which the delegates were advancing, Hon. Mr. Mitchell said that there was a wrong impression existing that the imposition of fines for infractions was profitable for the Government. He pointed out that last year the cost of supervision had cost \$123, more than the revenue from fines. The Government, he said, did not wish to be hard on the public in the matter of infractions. They merely wanted to impress upon auto owners the importance of observing the law. When reports were made the Government chose those which violated the law most grievously for prosecutions. Out of 2,000 reports made during the past season, 987 were prosecuted and all but twenty of the offenders paid the minimum fine.

Mr. Frank Carrel, President of the Quebec Automobile Club, then placed before the ministers the changes which they feel would be in the interest of the automobile owners and the public alike. Among them were:

That the speed limit should be increased from 16 to 20 miles an hour in cities and towns and from 25 to 30 miles an hour in the country, that cars be permitted to turn corners at a rate of 9 miles an hour instead of 4; that speed traps be at least half a mile in length and be on a level stretch of road; that the Government withdraw the clause obliging cars to meet on highways at a rate of ten miles an hour; that auto owners whose cars are not equipped with lights which may be lowered, be allowed to adopt other fixtures which would diminish the strong glare of the lights, and several other changes.

Messrs. Frank Carrel, President Quebec Automobile Club; A. L. Caron, President of Automobile Club of Canada; Geo. A. McNamee, Secretary of Automobile Club of Canada; Geo. A. Sheppard, President Montreal Auto Trade Association; Wm. Jennings, Vice-President, Montreal Auto Trade Association; L. C. Beaupre, Secretary Quebec Automobile Club; W. J. Brunet, J. deVarennes, A. E. Pfeiffer, J. K. Lafamme, A. E. Faucher, Ern. Cote, L. L. Legare, P. Leduc, L. E. Allo, members Quebec Automobile Club of Canada; J. A. Davis, Chaput, Meagher, of Automobile Club of Canada; P. F. Girdwood, M. D. Bassa, Geo. Prim, E. Millen, A. E. Jones, of the Montreal Automobile Trade Association.

The representations of the delegations will be duly considered by the Government.

I-D-L-E W-I-V-E-S A POWERFUL MORAL LESSON FOR EVERY DISCONTENTED GIRL

nov. 27xmon, wed.

RECORDER'S COURT.

A youth appeared before the Recorder yesterday on three different charges. For creating a disturbance in his home and for blaspheming, he was sentenced to a fine of \$10, or fifteen days. A similar sentence was inflicted for threatening his father, and on a charge of drunkenness and resisting the police a further fine of \$5, or eight days imprisonment was imposed. The prisoner went to jail.

On charges of beating his wife and drunkenness a former member of the police force was sentenced on the first charge to a fine of \$40 or one month, and on the second was fined \$10, or fifteen days imprisonment.

A girl who appeared before the Court on a charge of vagrancy was allowed to go on suspended sentence. Five prisoners on charges of drunkenness were mulcted in the usual penalties.

MEMBER LOSES MOTHER

Mr. J. Edmond Robert, Liberal member for Rouville, received a telegram yesterday informing him that his mother, Mrs. Hector Robert, had died at the residence of her son, Mr. Paul Robert, Frud'homme street, Montreal. Mrs. Robert was 86 years old. Her interment will take place at Marieville today.

LENGTHY DEBATE ON COLONIZATION

OPPOSITION DENGUNCED GOVERNMENT POLICY OF GIVING ASSISTANCE TO SETTLERS.

Two Public Bills introduced by Hon. Mr. Mitchell, that regarding the pensions of public officers, and that relating to insurance agents, were given second and third reading in the House yesterday afternoon and a third bill also fathered by the Provincial Treasurer was also put through the same process after several resolutions regarding the financial parts of the bills had been adopted.

The Act regarding the Insurance Agents fixes the license fee to be paid by them at \$2.00 for agents issuing premiums for industrial insurances, for which only small amounts are collected weekly, and at \$10 and \$5 for all other agents doing business in cities and in towns and in rural districts respectively.

The resolutions regarding the civil employees pensions are as follows:

That the pension be granted to every public officer or employee appointed as a permanent member of the civil service after the coming into force of the bill accompanying these resolutions, shall be per annum a sum equal to two per cent. of the total salary received by such public officer or employee during the last thirty-five years of his service, or, if his period of service is less than thirty-five years, then during the whole of his period of service.

That out of the salary of every public officer or employee appointed after the coming into force of the bill accompanying the present resolution a deduction shall be paid monthly into the consolidated revenue fund.

The Government, said Mr. Mitchell, at the present time only received about one-third of the amount that was paid out in pensions. It was the intention of the Government to divide the cost more equally between the civil employees and the Government.

The average pension to be paid under the new regulations will be 3 per cent. for each year's service on the average salary received during the whole term of service in place of the average for the last three years as it was in the past.

The contribution of new employees will be 5 per cent. of salary while at present it is three per cent. after three years service. The maximum pension for widows will be \$800 or \$300 for one child.

The annual contribution will on an average be \$85, the original amount being \$45 with an annual increase of \$2.50.

It is calculated the Government will still be paying fully half the amount of the pension.

Business Failures.

In reply to a question by Mr. Sauve, the Hon. J. L. Decarie, Provincial Secretary, said that business failures in Montreal and other districts in the province had been as follows: Montreal, 327 in 1914; 625 in 1915; and 253 up to November 14, 1916. Three Rivers, 34 in 1914; 29 in 1915; and 13 up to November 14, 1916. St. Francois, 26 in 1914; 29 in 1915; and 20 up to November 14, 1916. Quebec, 69 in 1914; 45 in 1915; and 31 up to November 14, 1916.

In the year 1897, the minister added, failures were as follows: Montreal, 201; Three Rivers, 12; St. Francois, 17; and Quebec, 46.

Colonization Budget.

In supply on the estimates of the Colonization Department, the House voted \$259,000, of which \$250,000 was for colonization roads, after two hours' debate.

Mr. Gault (Montreal), suggested that in the interests of economy the vote for colonization roads might be cut down this year. The Hon. Honore Mercier, Minister of Colonization, retorted that no other member of the House would make such a suggestion, that even in war time, it might be the best way to render service to the Empire by opening up the land to the colonist.

Mr. Turcotte (Lake St. John) expressed the opinion that the expenditure of the colonization agents in his district were not properly controlled, and that much of the money was wasted. He suggested that municipal authorities be given control of the expenditure. Mr. Mercier replied that Lake St. John, of all counties in the province, had no reason to complain as the great bulk of colonization expenditures had been made in that region.

The Leader of the Opposition cross-questioned the minister on the departmental expenditures in various parts of the province. He cited the case of Montcalm county, but Mr. Dugas (Montcalm) thanked the Opposition leader for his sympathy and said it was not needed. Mr. Sauve then repeated a charge made at the last session, that the Minister of Colonization

The "Live a Little Longer" Idea

IN Rochester, N.Y., there has been formed an association the object of which is to promote the "Live a Little Longer" idea. It aims to encourage men and women to give attention to their health, and by preventive methods to avoid serious disease and add years of happiness to their lives.

This idea is suited to people of all ages, but seems particularly applicable to persons of advancing years who feel their vitality on the wane. It is truly wonderful what is accomplished by Dr. Chase's Nerve Food under these circumstances.

By forming new, rich blood, and nourishing the starved, wasted nerve cells, it instils new life and vigor into the vital organs and enables them to perform their natural functions.

This means new strength and comfort, freedom from pain and disease, and longer life. This letter gives you some idea what old people may expect from the use of Dr. Chase's Nerve Food.

Mrs. Sophia Baker, Tanook Island, Lunenburg Co., N.S., writes:—"I have been reading about people who have been cured by Dr. Chase's medicine, and as I have obtained great benefit from the use of Dr. Chase's Nerve Food I want to tell you my experience. I am an old woman of 80 years. My sleep was very poor, I could not eat anything, and my nerves were in a bad state. Hearing about the Nerve Food, I decided to use it, and must say that the five boxes I took helped me wonderfully. I never expect to be like I was at 50, but this treatment has helped me to sleep well, improved the appetite and built up the nerves. Anyone who wishes can write to me for full particulars."

50 cents a box, 5 for \$2.50, all dealers, or Edmanston, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations disappoint.

DR. A. W. CHASE'S NERVE FOOD

had promised the people of Temiscamingue a railway before the last election. Mr. Mercier denied the charge, and said that the C. P. R. was constructing a branch in the region referred to, but had discontinued construction since the war.

Mr. Sauve reached his climax when he produced a copy of the Canadian Francis, a journal published in Edmonton, a copy of which had been sent to him by the Hon. Mr. Gariépy of the Alberta Government. He read from this journal an attack on the colonization policy in Quebec, which declared that the ministers were under the influence of the lumber merchants. Mr. Mercier replied that he was certain that the opinions expressed were not those of Mr. Gariépy, and that there was nothing to show that he had had anything to do with the preparation of the article in question. Sir Lomer Gouin was also certain that the opinions expressed did not represent the

views of Mr. Gariépy. He remarked that perhaps it was another instance of what had occurred in Quebec the previous day when a Quebec paper had put in Mr. Sauve's mouth words which he had never uttered in the House.

Mr. Sauve retorted that in any case it did not contain any phrases "à la Joliette."

Legislative Council.

Four Government bills were given final reading in the Legislative Council this afternoon after having been explained by Hon. Mr. Perreault and Hon. Mr. Allard. The bills are as follows: Concerning the precedence of judges of the Superior Court, to oblige coroners to send copies of the verdict rendered at each inquest to the Attorney General; concerning the manufacture of dairy products; and concerning the cadastre of the Township of Joliette.

Five other Government bills were

introduced in the Upper House. They are: Concerning the registration of mortgages; to guarantee the titles of certain lands in the County of Gaspé; granting lands to the Northern Colonization Railway Company; concerning the sale and administration of public lands and concerning fees in cases of appeal.

The following private bills which were received from Legislative Assembly were given first reading: City of Sherbrooke; R. Gingras; Orphelinat Catholique de Montreal; Town of Pointe Claire; Church of St. Jacques de l'Achigan; Church of Ste. Arsene de Montreal; and the New Adath Ioshurim Congregation.

The rules of the House were suspended for the following bills which were given their first and second readings: Village of Little Lake Magog; Town of Baie St. Paul; City of Lachine; Town of Baguville; Comte Estate, and Tancred Asselin.

BELIEVE AEROPLANE
BROUGHT DOWN WAS
THE LONDON RAIDERBOMBS DROPPED ON LONDON
WERE SMALL AND FILLED
WITH SHRAPNEL.

London, Nov. 29.—It is generally assumed that the airplane brought down at Dunkirk was identical with the London raider. Its unchallenged arrival apparently was due to the haze over London, and the fact that the roar of the street traffic drowned the sound of its motors. Some persons claim to have seen it, but the height at which it soared was so great as to make it impossible to distinguish it from one of the British machines, which are now as familiar sights as the clouds or the sun.

The bombs dropped seem to have been very small and filled with shrapnel; the walls of the houses in the neighborhood where they fell are pockmarked with small holes. Three bombs fell on the roofs of houses and one smashed a chimney stack. Three women seated in an upper room under the stack, were not hurt. The furnishings of the room were not even disturbed. Nearly all the other damage consisted of the breakage of windows.

Notwithstanding the insignificance of the raid itself, there is a common disposition here to regard it as a warning. The editorials in the London morning papers suggest that it is a prelude to further similar visits on the same or a greater scale. It is pointed out that now that the destruction of Zeppelins in the north has shown the Germans that the measures which proved dangerous to airships invading the London area have been extended to other parts of the country, they are likely to inaugurate daylight airplane raids on a large scale, and it behooves the British to be prepared to meet them.

"It," says one commentator, "German airplanes may, as we believe, attack London in thousands we must be prepared to defend by building machines in tens of thousands and by creating an air service which will be as great a weapon as the navy already is."

It is further urged that Great Britain's refusal to imitate the Zeppelins on such a scale as the Germans have built them has been further justified by the latest events. Zeppelins, it is said, are beaten out of the field for military purposes, being vulnerable to anti-aircraft fire, and are beaten out of the field for war purposes, being vulnerable to anti-aircraft fire. On the other hand, raiding by airplanes which are relatively cheap and elusive, has far more dangerous possibilities than raids by huge and costly airships.

The London raid has re-awakened the reprisal cry, and Premier Asquith is to be urged in the House of Commons to notify the enemy that any recurrence will be followed by reprisals in the bombing of German towns.

HORSE DEALERS

WANT BETTER PRICES

Toronto, Nov. 28.—Sixty horse dealers met tonight and formed a provincial association. They also made an agreement that they will not buy horses in the province for resale to the province for the agents of the British and French governments, unless they receive better prices. They claim that the commissions of the agents are too high.

TRAIN KILLS FIVE.

Passaic, N.J., Nov. 28.—Five men were killed and at least seven others injured tonight when a passenger train on the Lackawanna Railroad plowed through a crowd of about four hundred employees of the Canadian Car and Foundry Company who were walking along the tracks to a special train which was to take them from the plant at Kimsland to their homes in this city, Hoboken, Jersey City and Newark.

EXPECT SENSATIONAL

DEVELOPMENTS

Parry Sound, Ont., Nov. 28.—It is stated that an inquest to be held here tomorrow night into the death of a young girl of this city will develop sensationally, and rumors have it that two prominent townsmen will be involved. It is claimed that the girl died from the results of a criminal operation.

BUCHAREST SEEMS
BADLY THREATENEDGENERAL SAKHAROFF, HOW-
EVER, MAY RETRIEVE SIT-
UATION IN RUMANIA.

London, Nov. 28.—With the forces of the Central powers in possession—according to German official reports, which hitherto have proved accurate with regard to recent events in Rumania—of Cateua De Arges, an important railway terminus 90 miles from Bucharest, and Giurgiu, on the railway forty miles south-west of the capital, anxiety as to the fate of Bucharest is greatly increased.

Field Marshal Von Mackensen's capture of Giurgiu shows that his army has advanced thirty miles in a single day. Further, a Bulgarian official communication claims, that the Danube has been crossed near Lom Palanka and Vidin and the town of Kalafatur, opposite Vidin, captured.

Nothing is yet admitted by the Rumanians of these enemy advances, but it is assumed that the Rumanians are continuing their orderly retirement toward the line of the Argesiu river. A danger, however, lies in the possibility of this retirement not being effected quickly enough to prevent an attack on their flank from Von Mackensen's forces at Giurgiu, from which point there is both rail and direct road communications to Bucharest.

It is impossible to doubt that the situation is viewed here with the greatest misgivings. The question is being frankly asked whether the accession of Rumania to the Allies cause has brought strength or weakness, whether Russia has rendered the assistance which might have been expected from her and whether the Allies might not have shown more initiative in attack from Saloniki; whether the collapse in Rumania is due to any lack of unity in the Allies plans or strategy, or whether it is due in large part to Rumania's hasty invasion of Transylvania.

On the other side of the account it has been noted that continued confidence is being displayed in Rumanian military and political circles, where the suggestion that Russia has not rendered all possible aid is warmly repudiated, and the Rumanians appear fully convinced that it will not be long before the great efforts Russia is making will bear effective fruit. They point out that the Germans have failed to secure any great number of prisoners or guns and that the position of the Rumanian armies in the matter of guns and supplies is daily improving, thanks to the Allies redoubled efforts.

In the meantime all eyes are turned to Dobrudja, where, it is hoped, Lieut.-General Sakharoff, commander of the Rumanian army, may succeed in retrieving the situation by a counter move against Von Mackensen's forces in that quarter, and in the northern frontier passes, where it is hoped, the Rumanians will be able to stem the further advance of Von Falkenhayn's armies. Should these hopes be realized, it is believed that the Rumanians may be able to make a stand on the Argesiu river and save their capital.

FIRE PREVENTION

ONTARIO SERVICE

NEW SYSTEM TO COMBAT
FIRES — REORGANIZATION
IS ANNOUNCED.

Toronto, Nov. 28.—Re-organization of the forestry and fire prevention service of Ontario was announced by Hon. G. Howard Ferguson, Minister of Lands, Forests and Mines, today in addressing a representative deputation that called upon him to urge the need of a more thorough system of fire prevention. The Minister stated that a branch of his department would be established with an expert authority to deal with all the problems arising in connection with forest protection and re-forestation.

manian left flank extricating itself, that Edmund J. Zavitz, for the past few years connected with the forestry branch of the provincial service, would be appointed chief. An important part of his duty will be the formulation of a general scheme of patrols, telephone lines and lookout stations. With Hon. Mr. Ferguson he will also work out a scheme of settlers permits for burning slash. Under the system proposed settlers will be allowed to burn off under-bush and slash only when weather conditions render it absolutely safe and general conditions are satisfactory to a ranger of the department.

KILLED BY TRAIN.

Beaverton, Ont., Nov. 28.—While suffering from mental infirmities Mrs. Agnes Kelly, aged 81 years, a resident of this town, wandered away from her home and was killed by a Grand Trunk train at the station.

BRITISH REPLY
TO ENEMY FIREHUN PLACES OF MILITARY
IMPORTANCE BOMBED SAYS
BRITISH STATEMENT.

London, Nov. 29.—The British official statement on the campaign in France issued last night reads: "There was considerable hostile shelling today against our front on both sides of the Ancre. Our retaliations were prompt and effective. "The enemy also bombarded our lines south of Sochez, and his trench mortars were active south of Arras. Our artillery shelled the area of La Bassée."

"Yesterday much successful artillery and reconnaissance work was accomplished by our aircraft. Several places of military importance were attacked and bombed. In one instance a large explosion was caused. "In aerial combats one hostile airplane was destroyed; another was driven down damaged. Two of our machines are missing."

WILSON POLISHES
HIS PEN AGAINACTION AGAINST BERLIN IS
CONCERNED WITH GREAT-
EST DELIBERATIONS.

Washington, Nov. 28.—New representations will be made to the German government by the United States concerning the deportation of Belgian civilians for labor in Germany. What form they shall take has not been determined, but it became known tonight that the administration is seriously exercised over the matter and is preparing for its next step with great deliberation, hoping to make it effective without straining the relations between the two countries.

American Charge Grew at Berlin recently took up this question informally with the German Foreign Office. His effort was unavailing, however. The Foreign Office, in a note now on its way to Washington, with international law governing the rights was a military necessity and was being carried on in accordance with international law governing the treatment of populations in conquered territory.

The Charge's preliminary report, the latest appeal for aid from the Belgian government, and other information in the hands of the State Department were discussed at today's cabinet meeting, and Secretary Lansing remained with the President for nearly half an hour after the other members left. Ambassador Gerard, here for final conferences before returning to Berlin, and Col. E. M. House also talked over the plight of the Belgians during visits to the White House and State Department. It was said later that this situation had made such a profound impression that for the present at least it had displaced in interest the submarine issue.

The refusal of the British government to grant conduct to Count Tarnowski, the new Austro-Hungarian Ambassador to the United States also was brought up at today's cabinet meeting and dissatisfaction was generally expressed. Any step that may be taken by the United States will be delayed until full consideration has been given the British note on the subject.

HOW THE CREIGHTON
BOY WAS INJURED.

Mr. John Creighton, of Sillery, the father of the young boy who was run over by a vehicle, wishes it understood that his son was not driving the vehicle in question at the time of the accident. The boy, he states, was on his way to school with three other companions and asked to be given a drive. He fell from a piece of timber on the rig, under one of the wheels.

PASTOR'S ESTATE.

New York, Nov. 28.—An estate of \$200 was all that Pastor Charles T. Russell left, according to his will which will be published tomorrow in the December issue of the "Watch Tower." The estate is bequeathed to his widow, Pastor Russell, who was founder of the Watch Tower Bible and Tract Society, spent forty years in Evangelical work.

BISURATED
MAGNESIA

For Dyspepsia, Indigestion, Heartburn, Belching, Sour Stomach, Gas in Stomach, etc., take a teaspoonful of Bisurated Magnesia in a half glass of hot water after eating. Is safe, pleasant, and harmless to use and gives instant relief from all forms of stomach disorders. Sold by druggists everywhere.

AMERICAN VESSEL
CHEMUNG IS SUNKGOES DOWN WITH THE STARS
AND STRIPES FLOATING
ABOVE HER.

Paris, Nov. 28.—(Censored)—A Madrid despatch by wireless announces the arrival at — of the crew of the American steamer Chemung, torpedoed in — by a German submarine. The commander gave the crew only a few minutes to abandon the vessel, not allowing them even to take their money and papers.

The submarine towed the lifeboats in which the crew were placed, to within five miles of the coast, where it abandoned them.

The Chemung went down with the Stars and Stripes floating at her mast. A lively incident preceded the sinking of the vessel. The German commander gave orders that the American flag should be lowered and German sailors prepared to put them into effect. They met with stubborn resistance on the part of the American Captain Duffy and his crew, who refused to haul down the colors, saying that if the ship had to be sunk it would be with the flag flying.

Captain Duffy maintained his ground and so rapidly were the preparations to sink the Chemung made that further discussion about the flag ceased, and after the captain and crew had been taken aboard the submarine, a torpedo and three shells sent against the side of the American ship put her to the bottom.

Although angry at the action of the German commander, Captain Duffy and his men had some satisfaction in seeing the flag at the masthead as the waves finally engulfed their ship.

The Chemung was registered at New York and carried a crew of 24 men. They found a place in two lifeboats and after a time on the open sea were picked up by a Spanish steamer, which took them to Valencia. Captain Duffy has made a long report of the incident to the American consul at Valencia, John R. Putnam.

New York, Nov. 28.—The Chemung, which was built in Buffalo, was a sister ship of the Owego, and both were employed in the Great Lakes trade at one time. They were fitted with tri-

Hot Biscuits for Breakfast

Only a few minutes to make and bake with the use of Royal Baking Powder, which insures superior quality and wholesomeness.

Light and flaky, with crisp, brown crust, broken apart and spread with butter, marmalade or jam, they are delicious and appetizing.

ple expansion engines and were the forerunners of this type of vessel, both for the navy and the merchant marine. In the latter eighties they plied between Chicago and Buffalo, making about 18 knots, which then was considered as setting the record for speed."

GETS TEN YEARS.

Winnipeg, Nov. 28.—Mike Hryhorczuk, convicted of manslaughter, in connection with the death of George Clements, a Winnipeg broker, at Sandy Hook, was sentenced by Chief Justice Mathers this afternoon to ten years in the penitentiary.

EX-CORPORAL GETS

STIFF SENTENCE.

Moose Jaw, Sask., Nov. 28.—P. L. Toft, ex-corporal of the Royal North West Mounted Police, who was found guilty of sedition, was sentenced to two months imprisonment with hard labor.

MOVEMENTS OF

THEIR EXCELLENCIES

Toronto, Nov. 28.—This afternoon Their Excellencies paid a visit to the Ontario Museum, and expressed their selves as greatly pleased. Tonight the Duke attended the banquet given by Sir William Mulock, president of

the Toronto and York County Patriotic Fund, at the York Club. His Excellency expressed great pleasure at his election as Honorary President in succession to the Duke of Connaught, and promised that he will attend the meeting on the 22nd of January when a great campaign will be launched.

MANITOBA HOUSE

TO MEET JAN. 4.

Winnipeg, Nov. 28.—Hon. Edward Brown, Provincial Treasurer, stated tonight that the Manitoba legislature would meet on January 4 and that he would present his budget on Jan. 18.

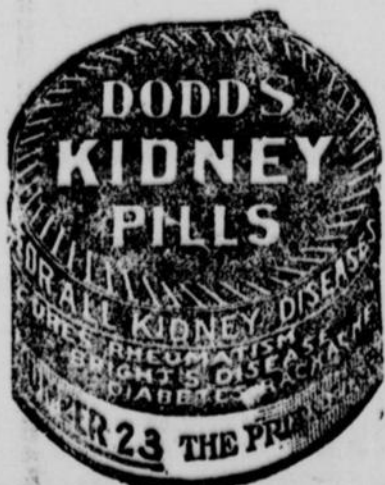

A Message
From
Lloyd George

The Right Hon. David Lloyd George, speaking on "The Lesson of Sacrifice," said:—

"We have been living in a sheltered valley for generations. We have been too comfortable and too indulgent, many perhaps too selfish. But the stern hand of fate has scourged us to an elevation where we can see the everlasting things that matter for a Nation, the great peaks we had forgotten—of Honour, Duty, Patriotism, and clad in glittering white, the towering pinnacle of Sacrifice, pointing like a rugged finger to Heaven."

Compared to service in the trenches, Service in the Munitions Plant is the lesser sacrifice, but it is hardly less vital to the Empire.

MARK H. IRISH,
Director of Munitions Labor,
National Service Board,
Canada.

The Quebec Chronicle

QUEBEC, NOVEMBER 29, 1916.

A COALITION GOVERNMENT

In a letter to the Toronto Globe, Professor George M. Wrong strongly deprecates any thought of a war-time election. "Let us realize," he says, "what would happen in case an election became certain. At least two months of campaigning would ensue, and during this period the members of the Government would be largely occupied with this domestic contest. There would be only routine work in regard to the war. Decisions which could be postponed would not be made until after the election. Recruiting would stand still. It is likely that an effort would be made to take the vote of the soldiers absent from Canada, and the dissensions at home would be carried to the battle front. If the soldiers were not asked to vote, the election would be decided without consulting the most virile and intelligent element in Canadian life—the hundreds of thousands of young men who have gone to fight for liberty. If, as might happen, the present Government should be defeated, it would take at least a month for a new Government effectively to get into harness. The three wasted months might well be the decisive months of the war. Moreover, since our political strife has always been vehement and often embittered, after such a campaign the lack of unity would be more marked than ever."

The worthy Professor does well to place this picture before the country through the medium of a Liberal newspaper, since it rests entirely with the Liberal party to say whether there shall be a war-time election or not. He goes on, however, as his solution of the problem, to suggest the formation of a coalition Government. "The Prime Minister," he says, "should call upon the leader of the Opposition to join him in a coalition Government. The precedents set in England should be closely followed. Portfolios should be assigned on the basis of the relative strength of the two parties in the House of Commons. The one aim should be to have a strong Cabinet. Here let me note a change in the country of which perhaps we are hardly conscious. In this time of stress the call to public service is so urgent that the Prime Minister can have in his Cabinet, for the asking, the services of the most conspicuous men of affairs in Canada. Who of the heads of great business houses and of the great railway enterprises, who of the trained men of professions, would not place his whole powers at the service of his country if the head of the Government should call for him? What the country will respond to is alert and decisive leadership, and its best is at the command of the Government."

Speaking on this question the Hamilton Spectator says that the chief difficulty in the formation of a coalition Government, as Professor Wrong ought to know, is in the very first item of his program—"The Prime Minister should call upon the leader of the Opposition to join him." If the leader were a George Brown, an Alexander Mackenzie, an Edward Blake or an Oliver Mowat, the way would be easy. Unfortunately there is now at the head of the Liberal party in Canada a man imbued with the Nationalist idea of Canada's future—who said in Boston that he expected Canada, like a ripe pear, to drop from the parent tree, who retarded the sending of Canadian troops to the help of the mother country in the Boer war, who was the stumbling block in the way of closer Empire co-operation at every Imperial Conference he attended, and, above all, who fought bitterly to prevent any addition, at Canada's expense, to the naval strength of the Empire where at this moment Canada is surely shielded; the North Sea.

The first thing that would have to be done before a coalition Government could be found would be for the Liberal party to find a new leader—one reasonably in sympathy with Canada's true tone and spirit in relation to the Empire. For that matter, if the Liberal party wants a war-time election, and does not change its leader, there might as well be no election. There are men in the Liberal party who, however caught in the swirl on the wrong side of the Naval bill controversy, have a proper conception of Canada's position as an integral part of the British Empire. With one of them, as at the time of the Macdonald-Brown coalition, a junction of forces might be feasible. The ideals of Borden and Laurier are too far apart to be bridged at such a time as this.

THE NEED OF WOOD IN WAR.

One of the mysteries of the war is the source from which Germany procures the nitrocellulose necessary in the manufacture of smokeless powder and ordinarily made from cotton. A belief exists in England that at least part of the nitrocellulose needed by German powder factories is being made from wood.

Little information is available on this matter and expert opinion in England differs widely in regard to the use of wood in Germany for nitrocellulose. Records published by German authorities before the war show that a high explosive can be manufactured from wood cellulose.

Millions of gunstocks are made from American walnut. A new rifle is required monthly for each man at the front. So great is the demand by gun-makers for seasoned walnut that it has often been necessary to use birch and other woods as substitutes.

The development of trench warfare, when vast armies dig themselves in on fronts hundreds of miles long, calls for an amount of timber for trench walls, floors and braces that is difficult to estimate.

Millions of feet of lumber are required also for temporary buildings behind the fighting lines, and for housing non-combatants made homeless by the fortunes of war. Still more lumber and timber goes into bridges, wharves and other structural work.

The Germans make a soft absorbent surgical cotton from wood cellulose. Russian soldiers are wearing shorts made in Japan from wood pulp. Methyl alcohol, made from wood, is used in vast quantities for a multitude of medical and other uses.

So necessary is wood for the purposes of war that an English strategist was suggested that an important movement toward the defeat of Germany would be to destroy her forests by bombs dropped from great fleets of aeroplanes.

So necessary is wood for the purposes of war that an English strategist was suggested that an important movement toward the defeat of Germany would be to destroy her forests by bombs dropped from great fleets of aeroplanes.

Canada has to face a most serious problem, that of caring for the soldiers who come back from the overseas service with their health shattered. Already there are 2,000 tubercular patients who have returned from the other side, and this number will be greatly increased as time goes on. The hardships in the trenches and the damp climates of the Old World are largely responsible for the spread of this disease among our soldiers, and while there is a considerable belief that the Germans have taken means to distribute the germs of this malady where they will do the most damage to the Allies, this report does not find general credence among the members of the Dominion Hospitals Commission, of which Sir James Loughheed is president.

When the existence of tuberculosis is discovered in time, cures can be effected by the simple remedy of providing plenty of pure, fresh air for the patients and by feeding and caring for them properly. There are many places in Canada that are eminently suited to be sites for tuberculosis sanatoriums, and the Commission is doing everything it can to place the victims where they will have the best chance of recovering.

It is desirable that every assistance be given the Hospitals Commission, for its work will increase enormously. In the space of a short time the number of military patients who will have to be cared for in Canada will be 10,000, and this army of sick men will tax all the resources that are now in sight.—Calgary News-Telegram.

The following passage from an editorial in the Toronto Daily Star of Saturday will not be pleasing to the Dewar type of politicians, but its fairness will strengthen the influence of that newspaper with the rank and file of the Liberal party:

"While it seemed impossible to suppose that our nickel was being turned over to neutrals who would let our enemies procure their share of it, yet it was quite necessary to demand assurances that the obvious duty of keeping our nickel away from the enemy was being efficiently performed."

"There have been those, however, who have made of the nickel question nothing but a partisan issue. It is a subject that easily lends itself to the purpose of men who merely agitate. It is so charged with high explosives as to tempt the political sensationalist to throw it at the other party. There was, of course, always the danger that like a bomb with a short fuse, it would explode in the hands of the thrower."

"The popular interest as regards nickel is an honest interest arising in a desire to know for sure that no bonehead play is being made by our Governments, and that the best course is being followed that the situation and the war interests of the

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRHAL DEAFNESS AND HEAD NOISES.

If you know someone who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them, and you will have been the means of saving some poor sufferer perhaps from total deafness. Recent experiments have proved conclusively that Catarrhal Deafness, head noises, etc., were the direct cause of constitutional disease, and that salves, sprays, inhalers, etc., merely temporize with the complaint and seldom, if ever, effect a permanent cure. This being so, much time and money has been spent; of late by a noted specialist in perfecting a pure, gentle, yet effective, salve that would quickly dispel all traces of the catarrh, a salve from the system. The effective prescription which was eventually formulated, and which has aroused the belief that deafness will soon be extinct, is given below in understandable form, so that any one can treat themselves in their own home at little expense.

Secure from your druggist 1 oz. Parment (Double Strength) about 75c worth. Take this home and add to it 1-4 pint of hot water and 4 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day.

The first dose should begin to relieve the distressing head noises, headache, dullness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat, are other symptoms that show the presence of catarrhal poison, and which are often entirely overcome by this efficacious treatment. Nearly ninety-nine per cent. of all ear troubles are directly caused by catarrh; therefore, there must be many people whose hearing can be restored by this simple home treatment.

Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial.

Important Note: In ordering Parment always specify that you want double strength. Your druggist has it or he can easily get it for you. If not send 75c. postal note or money order, to the International Laboratories, 74 St. Antoine St., Montreal, Que., Can., and they will supply you.

Allies presents.

"The explanation of the whole situation as given in a speech by Hon. Arthur Meighen will probably satisfy most people whose interest in the matter is not partisan, that the Federal Government has been in full consultation with the Imperial Government in regard to the nickel policy followed during the war—that the policy followed is, in fact, Britain's policy which the Administration assists in applying. 'The British Government,' said the Solicitor-General, 'through its Committee on Enemy Supplies, is in daily, weekly, monthly control of all the output of the refinery of the International Nickel Company in so far as that output goes overseas or into plants in the United States.'"

"Hon. Arthur Meighen's speech, coupled with Lord Robert Cecil's reply to a question in the British House on Thursday night, should go far to satisfy public opinion that the nickel question is being handled as John Bull wants it done. John Bull, of course, is not infallible. But in this case he is the doctor. He has diagnosed the case, and the treatment he has prescribed will probably by most be considered about as prudent as could be devised in view of all the surrounding circumstances."—Toronto Mail.

GIRLS, TRY IT!
HAVE THICK, WAVY, BEAUTIFUL HAIR

EVERY PARTICLE OF DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

Draw a Moist Cloth Through Hair and Double its Beauty at Once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandrine hair cleanse." Just try this—moisten a cloth with a little Dandrine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandrine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Knowlton's Dandrine from any druggist or toilet counter, and just try it.

Save your hair! Beautify it! You will say this was the best 25 cents you ever spent.

LIMOILLOU FATHERS THANK FIREMEN

The Fathers in charge of Limoilou parish, have written a letter to the heads of the fire department, thanking the brigade for the splendid work done in saving the surrounding properties when the fire was raging so threateningly. "It is not only on the field of battle that Canadians show their heroism," says the letter. "We saw when the flames were burning down our church that the firemen showed their bravery, regard less of danger, and fought the flames thus preventing the destruction of our monastery. All Honor to our brave firemen."

The letter contained a cheque for fifty dollars as a tangible recognition of the services of the brigade.

QUEBEC OVERSEAS AND KHAKI CLUBS MAY AMALGAMATE

QUESTION OF WORKING JOINT-
LY FOR WINTER, DISCUSSED
YESTERDAY.

At a well attended meeting of the Quebec Overseas Club for returned invalided soldiers, held at the Chateau Frontenac yesterday under the presidency of Mr. J. F. Burstall it was agreed that the Overseas and Quebec Khaki League Club should amalgamate for the present winter season. The resolution embodying this scheme sets forth that the two clubs are to work in conjunction beginning December 1st next until May 1st, 1917, and for a longer period if necessary; that the object for which the Overseas Club was formed, that of providing a place of recreation for men back from the front, wherein they may receive refreshments, free of charge, etc., will be maintained under the new agreement, if it is ratified by the two clubs, which seems a certainty. By the amalgamation, it does not mean that the Overseas Club will cease to do business; on the contrary, as it was well put by Mr. Burstall, the Overseas Club will gain added strength during the winter respite and will be in a position to resume its valuable work on behalf of the returning heroes again next season.

By the proposed arrangement a small committee comprising an equal number of members from the Overseas and Khaki League club will be appointed to operate the joint clubs. Mr. J. M. McCarthy was unanimously chosen president of this committee.

The main reasons for this temporary amalgamation as outlined by Mr. Burstall in reviewing the successful operations of the Overseas Club, are the ever increasing numbers returning each week from the front; lack of sufficiently large quarters to accommodate the wounded soldiers, etc. It was also pointed out by the President of the Overseas Club that as there was no battalion in the city due for overseas at present, and as it was uncertain if any would be stationed here during the winter, it naturally devolved upon the Khaki Club to assist in making the stay of the wounded soldiers here as pleasant as possible.

Mr. Burstall remarked that both clubs were striving to attain the same object and he felt absolutely certain that every member of the Khaki Club would favor the temporary amalgamation. On behalf of the Khaki Club Mr. H. C. Foy, the president, stated that he was in perfect accord with the resolution joining together the two clubs temporary and he felt sure that when the joint committee meets any of the difficulties which might crop up due to the different manner in which the separate clubs have been conducted, would be arranged satisfactorily.

On this new committee the names of Lady Price, Mrs. J. F. Burstall and Mrs. A. J. Turner were chosen to represent the ladies who had individually and through the organizations to which they were attached, rendered most valuable help in many ways to the Overseas Club and Khaki League Club.

From among the following committee of the Quebec Overseas Club will be selected three members to act on the joint committee: Messrs. J. F. Burstall, F. W. Ross, W. G. Hinds, Col. Wm. Wood, J. K. Boswell, Sir William Price, H. E. Price, J. M. McCarthy, Dr. J. Laurie, A. J. Price, A. W. Boswell, S. T. Green, A. C. Dohell, C. V. Norris, Wm. Power and J. S. Thom. Three members have also to be selected from the Khaki Club to act on this committee.

During the early part of the meeting the chairman gave a brief review of the overseas club since it was formed about eighteen months ago. During the course of his remarks Mr. Burstall made the encouraging announcement that the club had a cash balance. In view of the fact that the Overseas Club received no revenue, being maintained through the generosity of some patriotic citizens the healthy financial condition of the club reflects great credit on a small number of citizens who subscribed sufficiently to permit of the wounded soldiers enjoying the hospitality of the club without paying a cent.

Mr. Burstall stated that the Club was most grateful to the Victoria Curling club for allowing the club the use of their club house; to Mr. J. S. Thom who provided steamed for pleasure trips for the invalided soldiers; to the ladies of the Daughters of the Empire, for their assistance and to all others who in any way helped in making the Overseas Club so popular with the men returning from the front.

His Worship Mayor Lavigneur attended the meeting and addressed a few remarks congratulating Mr. Burstall and all attached to the Overseas Club on the splendid manner in which the club has been conducted. His Worship pointed to the importance of these returned heroes leaving with not but the fondest recollections of the time spent in Quebec. They were deserving of the best consideration

REQUIEM SERVICE FOR QUEBEC HEROES

SOLEMN SERVICE HELD YESTERDAY IN BASILICA WELL
ATTENDED BY CITIZENS.

A solemn requiem service was held in the Basilica for the repose of the souls of Quebec soldiers who fell on the battle field.

The mass was sung by Lt.-Colonel Jolicoeur, Cure of St. Catherine's Church, assisted by Capt. Giguere, chaplain of the 167th. Battalion, and Father Allaire, as deacon and sub-deacon respectively.

His Eminence Cardinal Begin occupied the throne, having on either side of him Canons Lindsay and Halle. Abbe Gagnon was master of ceremonies. The following occupied seats in the sanctuary: Mgr. Roy, Canons Laflamme, Meville, Gagne, Beaulieu, Giguere, Huard, Laberge and Arsenault, and Fathers Legeux, Huot, Larue, Ferland, Cannon, Genest, Cyr Gagnon, Vachon, Moreau, Gauthier, Giguere, and Labrecque. Abbe Camille Roy preached an eloquent sermon.

Mr. H. Gagnon presided at the organ and the choir was under the direction of Abbe P. Gagnon. Solos were rendered by Dr. Jinchereau, A. Gagne, R. Dionner and Dr. DeVarennes.

At the conclusion of the service the "Last Post" was sounded by three trumpeters of the 9th. Regiment.

The 9th. Battalion, the officers of which had arranged for the service, attended in a body. Among the officers of the regiment present were Lt.-Col. Chabot, majors Belleau and Myrand, Captain Bouchard and Lt. Chouinard. The guard of Honor was composed of men from the 9th. Battalion.

The 167th. Battalion was represented by its officers. A detachment from the 8th. Battalion, consisting of 150 men, under the command of Major Wilkinson, Captain Bignell and Lieut. de la Parrelle, also attended the service.

In the nave of the church were: Major Pelletier, A.D.C., representing the Lieut.-Governor, who was retaining ni Montreal; Sir Lomer and Lady Gouin, Hon. Albert Sevigny, speaker of the House of Commons; Chief Justice Sir Francois Lemieux; Hon. C. F. Delage, Hon. Adelard Turgeon, Hon. A. Taschereau, His Honor Mayor Lavigneur, Brig.-General Pages Lt.-Colonel Readman, Capt. E. Trudelle, Lt.-Colonel Desjardins, Major Legare, Captain Beaubien, etc., etc.

and it rested with the people of Quebec to see that these brave men received it, the Mayor said. In conclusion, he assured the Club members that they could count on the hearty co-operation and support of the City of Quebec in their patriotic work.

From present indications, Quebec is to remain the chief Discharge Depot for the Dominion.

Before adjournment, a hearty vote of thanks to Mr. Burstall was proposed by Mr. H. C. Foy.

HEBERT-SMITH
DEAL GETTING ON

HEBERT-SMITH TRADE HAS REACHED CRUCIAL POINT IN NEGOTIATIONS

Ottawa Goal-tend Will Come Here If Satisfactory Arrange-
ments Are Made Between Clubs and Salary Matter
Adjusted—Benedict's Actions May Hold-up Deal—
Quebec May Practice on Thursday Evening.

The deal whereby the transfer of Tommy Smith, Quebec's former center-player and captain of last season's team, to the Ottawa team for Sammy Hebert will be effected, is one step nearer consummation as a result of a conversation over telephone last night between Manager Quinn and officials of the Ottawa club. While the transfer may not eventually go through, from present indications it would seem that very little remains to be done. Hebert will be able to secure leave of absence to play the season with Quebec and the rest of the business will be largely a matter of fixing it up with the clubs regarding salaries, and it is not expected that any difficulties will arise in this connection.

Clint Benedict, the Ottawa goal-tend has not yet signed up with the Senators and there is a fear that he may hold the club up for big figures if he realizes that Hebert is traded to Quebec and that he is the sole custodian on which Ottawa will be obliged to rely. Ottawa has experienced difficulty in signing up players and will have to make determined efforts to get a team together within a short time.

"Newsy" Lalonde, after waiting a reasonably long time to have himself talked of in the papers, has come to terms with Canadians again and will lead the Champions over the N.H.A. route during the 1916-17.

The Quebec Club will likely start practice on Thursday night at the Arena, everything having been put in readiness for the initial workout. While the western players will not be on hand, yet all the local boys should be out and a start made anyway.

The chances of the club look better enough and with everyone pulling harmoniously, the Builders should accomplish much more than they did last season. Moran, Ritchie, McDonald and Malone are in town and Lt. Hughes, Doyle and other locals who will try out with the club will likely be on hand at the opening for workouts. Marks Hall Crawford, Johnson and Walter Mummery will be here in the course of next week if the Quebec Club wishes them to report here earlier than usual.

Trophy for Best Coast Player.
Vancouver, Nov. 27.—Pacific Coast hockey players will this season have an opportunity of entering a competition for a championship trophy which will be emblematic of all-round individual honors in coast hockey. Frank Patrick today announced that the coast body would offer a championship emblem to go to the player at the end of the season who, in the judgment of the official scorers in the four cities of the circuit, proves the most valuable player in the league.

The competition will be along similar lines to those followed when automobiles were awarded to the most valuable players in the National and American Leagues a few years ago.

According to cable advices received today from England, Trooper George Box, who played last season with Victoria, in the Coast League, has been seriously wounded. He received the full charge of a hand grenade in the face and head, and suffered severe burns. Box was one of the most promising young players in the Coast Hockey League last year.

**CANADIENS MAY
PLAY IN JUBILEE**

GEORGE KENNEDY STATES
ARENA PEOPLE MUST MOD-
ERATE TERMS.

Montreal, Nov. 28.—Canadiens may play their home games at the Jubilee Rink this winter if the Montreal Arena Company refuse to offer the clubs better terms this year than last season, according to Manager George Kennedy of the World's Champions. I had a talk with Manager William Forth, of the Arena, yesterday afternoon, but the terms he offered were very unreasonable and unsatisfactory to the local clubs. I think that under the present conditions the Arena Company should stretch a point and concede better terms this winter than they did last year," said Manager George Kennedy last night.

"The Arena Company have had things all their own way and have been making all the money. It is one of the clubs had something to say, and unless Mr. Northey is prepared to offer me better terms on Thursday next, when I am to see him again to discuss terms, I will play at the Jubilee Rink this winter. I have secured an option on the Jubilee Rink for the Canadiens' home games, and the Jubilee Rink may not be convenient for the hockey fans as

PACIFIC COAST LEAGUE TROUBLES

LESTER PATRICK AND ED.
SAVAGE AT OUTS OVER
OWNERSHIP OF ERNIE
JOHNSON.

Vancouver, Nov. 27.—For the first time since its organization five years ago the Pacific Coast Hockey Association finds itself with a serious difference of opinion among the managers of the clubs composing it. The matter is, briefly, that unless Ed. Savage, manager of the Portland team, turns Ernie Johnson over to him for the Spokane team, this season, Lester Patrick has declared that the Spokane team will not travel to Portland to play the game which opens the hockey season on Friday, December 1. Lester Patrick is firm in his declaration, and a meagre message from Portland last night indicated that Savage has braced himself for a shock also, for he declares that under no circumstances will Johnson be released.

Both managers have submitted correspondence to Frank Patrick, president of the league, which he now has in his possession, and a representative of the Portland club is now on his way to Vancouver to state the Portland case more fully. In the meantime Frank Patrick is withholding judgment.

However, from this distance it looks like a clear case against the Portland club.

The trouble goes back two months. Early in the fall Savage communicated with the other clubs in the league asking them to waive on the services of three Winnipeg amateurs, the two Irvins and Loughlin. His proposition was agreed to, to avoid competition for the players, he in his turn, according to correspondence submitted to President Patrick by Lester Patrick, agreed to turn Johnson over to Spokane if he secured Dick Irvin and Loughlin. Lester Patrick submits correspondence to show that he had been in communication with the Irvins and Loughlin for two years, which same may be said of Seattle and Vancouver, and insists he only waived the right to compete for the amateurs if Johnson was delivered to Spokane.

Accordingly, Savage went ahead and secured the two players, possibly the three, and then wired Lester Patrick that the long suffering press and public of Portland would not let him allow the Moose to go. He tried to soothe the Spokane head with the offer of Alex. Irvin, for whom Lester would not give eighty cents as a player. The result is that Spokane is out in the cold and Portland looms up as by far the most powerful club in the league.

Lester Patrick is all wrought up, and stated that he would refuse to play the Portland team if Savage persists as above stated.

"I simply will not stand for it," he exclaimed to a Spokane newspaper. "I lived up to my part of the agreement and I can see no reason why Savage cannot do likewise. His talk about the public not standing for it is all fold-de-rol. If he is going to let the public run his business he had better quit. I want Johnson. According to the gentleman's agreement we entered into he belongs to me, and furthermore, I intend to fight for him. I could have signed all three of the Winnipeg players Savage secured as I had prior claim on them, and he knows it, but he is not acting squarely with me. I feel that the directors of the league will uphold me in my contention, and I intend to fight to the last ditch to secure Johnson."

LEONARD WINS BOUT.

New York, Nov. 28.—Benny Leonard, of New York, outfought Chick Simler, of Scranton, Pa., in a ten-round bout here tonight. Leonard weighed 134 pounds and Simler 133. Albert Badoud, of France, knocked out Frank West, of Brooklyn, in the second round of a ten round match. The weights were: Badoud, 150 pounds; West 153.

The Arena, the terms they have offered me are so much better than those of the Montreal Arena Company that even if the crowds were smaller my club would do better financially than at the west end rink," continued Manager Kennedy.

**INJECTION
BROU
CATARRH
BLADDER**

Sporting Notes

Quebec City Hockey League matters will be much discussed at this evening's meeting. Generally, affairs much talked of before the assembly simmer down considerably when the affair comes off. The delegates will first listen to President Newton's explanation before pronouncing themselves.

Charlie McNamara, who refereed in N.H.A. for some time and also officiated in the Maritime Province League states that he will be able to clear Walter Derouin of any charges of professionalism. Charlie states that it was he who recommended Derouin for a trial in the Maritime league and that Walter only remained for a couple of weeks to try out. Paul Vallee, according to Charlie is in the same position. Vallee only tried out with a club down there. In regard to Joe Savard, Charlie McNamara states that he cannot do anything as Joe played through a whole season with Sydney, which team took the championship.

The Commercial Hockey League with seven clubs in its circuit should make things hum in the local hockey world.

Dick Loadman was the boy who hammered Ertle. Because of the omission of a line in the report contained in yesterday's paper, Loadman's name was left out. It was unfortunate for the "greatest wire" that they failed to secure this information.

Sporting Editor, Chronicle:—After reading about amateurs and professionals I am beginning to worry over my amateur standing. I engaged in a bowling game the other night and my opponent losing the game, was obliged to pay for the alleys. Am I a professional?

P. L.
Ans.—Well—What score did you make?

We hear that Patsy Seguin will be writing a book one of these days on: "Why I remained an amateur."

Art Ross advised those delegates attending the meeting of the new hockey organization that the man who turned professional was a fool. "Them's cr-o-o-l words, Art." Probably Ross might have been an alderman or a bank president if he had not come into pro hockey. Of course he didn't get much money out of it.

Louis Rooney, the St. Pats Manager expects to have Eddie Piton of Lewis for his team. Piton, who is the backstop of the Napoleons baseball team, plays good hockey and should make the team with some stiff practices. Willie Power, the midget wonder, is also expected to tryout with St. Pats.

We regret that Phil Angers has seen fit to refrain from making public the important statement referred to yesterday.

With slippery weather like we are having, hockey players have to watch their steps or they'll fall and break their amateur standing.

If all goes well, the Quebec club will practice on Thursday evening at the Arena. The railbirds will be there to watch the newcomers try out.

The Ross Rifle hockey club will have quite a number of players to select from. The Commercial league rules, however, only permit the use of one or two city leaguers per match.

It is understood that several military clubs are organizing to form a militia league during the winter. Q.M.S. Langlois of the C.A.D.S., St. Louis street, is doing his best to get the soldiers together.

The proceeds of their games would of course go to Patriotic Funds.

Frank Nighbor, the crack Ottawa forward, seeks higher game than N.H.A. hockey this winter. Nighbor is now lining up for a suit of khaki. Capt. Frank Ahern, a director of the Ottawa Hockey Club in a letter to the press, asks professional hockey players to give their services on the ice to patriotic purposes, and failing this he suggests the discontinuance of the game till after the war.

Popular Pastime, No. 624.—Wondering what an "amachoor" really is.

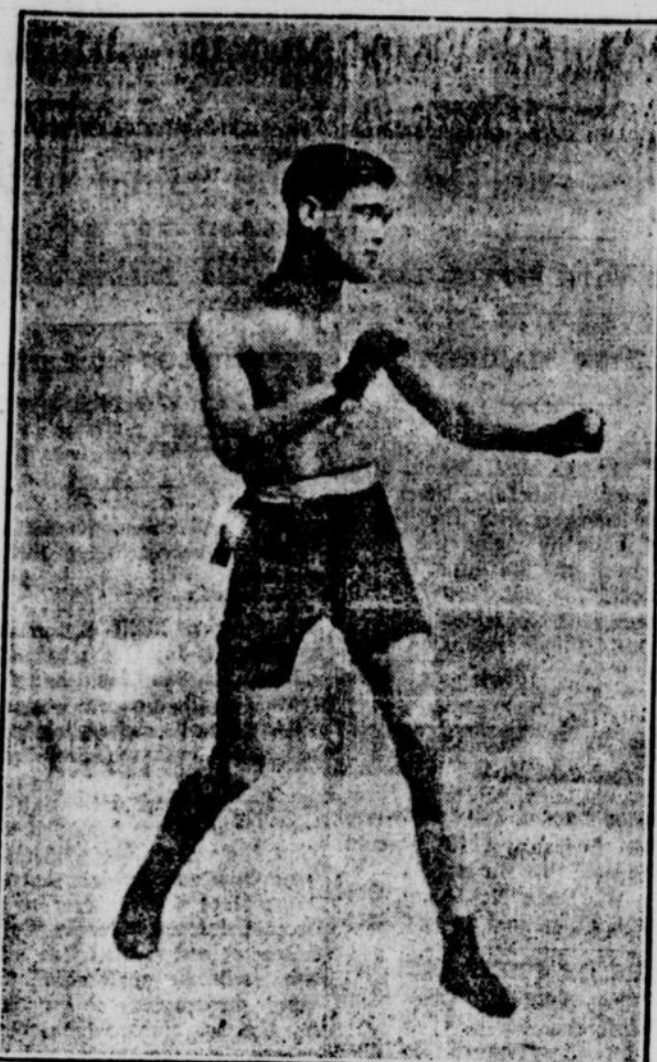

**EUGENE BROUSSARD IS
STILL AN AMATEUR**

A.A.U. of C. Granted La Casquette
Permission to Hold City Boxing
Championships.

The Registration Committee of the A. A. of C. Quebec Branch, held a meeting in the M. A. A. club house last night to hear the report on the investigations they had been commissioned to follow up. The most important subject was the case of Eugene Brousseau, the 145 amateur boxing champion of America, who was accused of competing with Labelle, an alleged professional.

The discussion was on the board for some time, and it was finally decided that Brousseau did not break the rules intentionally and he was exonerated from all blame.

WILL MEET BUCK

Willie Andrews, Clever New York Bantamweight Who Boxes Here on Friday.

IN COMMERCIAL HOCKEY CIRCLES

LEAGUE HOLDS ANNUAL
MEETING—SEVEN CLUBS
IN CIRCUIT THIS WINTER.

The Annual General Meeting of the Commercial Hockey Association of Quebec was held in the Victoria Hotel last evening and prospects for the coming season are exceedingly bright. Seven clubs will comprise the league this winter the new ones being John Ritchie Co., B. Houde Co., Ross Rifle Co., and the Dominion Corset Co. The old members of the league remaining are, Quebec Railway, champions of 1916, Canadian Northern Ry. and Samson and Filion, the famous Doves of Peace outfit. The teams dropping out were, Mechanics' Supply, Terreau & Racine and the Public Service Corporation.

Mr. Adrien Paquet was re-elected to the presidency and Mr. Henri Lemieux was also re-elected vice-president. Mr. Maurice Vallee of the Quebec Railway Club has the office of secretary-treas, but Mr. Paul Lemieux, will be joint secretary, Mr. Lemieux's work last year was highly satisfactory. In fact, the executive deserves great credit for the splendid organization last winter.

The list of officers and honorary officers follow:

Patrons:—Messrs. H. G. Matthews Gen. Mgr. Q. R. L. H. & P. Co., J. H. Davidson, Supt. C. N. Ry., Jos. Samson of Samson & Filion, John Ritchie, of John Ritchie Co., L. Samenhof, Mgr. of B. Houde Co., Adj. Amvot. Dominion Corset Co., Thos. Craig, Ross Rifle Co.
Hon. President—Ald. Art. Paquet.
Hon. Vice-President—W. J. Lynch.
President—Adrien Paquet.
Vice-President—Henri Lemieux.
Sec.-Treas.—Maurice Vallee.
Joint Sec.—Paul Lemieux.
Committee of a member from each club.

The Paquet trophy, presented by Alderman Paquet is still in competition, the champion team being obliged to win it three years in succession to gain permanent possession.

BAS-BALL SALARIES WILL BE REDUCED

BAN JOHNSON SAYS GAME
WAS CONDUCTED IN EX-
TRAVAGANT MANNER.

Chicago, Nov. 28.—Salaries of base ball players in the American League who were signed at high figures to remain their during the war with the Federal League will be sharply reduced, B. B. Johnson, president of the league, announced today. The game was conducted in an extravagant manner during the fight with the Federal League, President Johnson said, and all expenses connected with the operation of the sport next season will be curtailed.

"Now that the trouble is over," he asserted, "we will have to return to a sound basis—one where men who have invested their money in the game stand a chance of obtaining a fair return. There will be no renewal of high salaried 'war' contracts. The players must understand that. We will agree on a new contract at the annual meeting of the American League here Dec. 14th that will be fair to all concerned. It will be equitable to the player and to the club owners."

WILLIE ANDREWS ARRIVES IN TOWN

TOMY BUCK IS EXPECTED TO
GET HERE SOME TIME THIS
AFTERNOON.

Willie Andrews, the New York bantamweight arrived in town yesterday and looks fit and ready for his ten round bout with Tommy Buck which is scheduled to take place here Friday evening before the Victoria Club in the old St. Roch's Hall. Andrews has fought two or three bouts since his appearance here and promises to give the wily Buck one of the greatest battles of his career in the rope-encircled square.

Tommy Buck will likely get here this afternoon and as Tommy has many admirers here, he should prove a big drawing card. Andrews and Buck may not sound as thrilling as Brown and Buck but the match will be a real combat anyway and the fans ought to receive full value for whatever they throw to see it.

Patsy Dillon and Gus Lavigne will stage a contest in gladiators look like an argument between two cigar Indians. Both Lavigne and Dillon realize that a victory will mean much to them in the war of securing future matches and there will be no stalling. Simms and St. Hilaire has all the appearance of a good, stand-up honest-to-goodness setto and as a preliminary attraction should be one of the fastest possible.

O.H.A. ELECTS OFFICERS FOR SEASON

CAPT. SUTHERLAND OF KING-
STON IS CHOSEN PRESI-
DENT.

Toronto, Nov. 28.—Capt. Jas. T. Sutherland, of Kingston, at present on active service, has been re-elected president of the Ontario Hockey Association, by acclamation. Nominations closed on Saturday for O. H. A. officers and the custom of giving the president two terms in office was observed. With Capt. Sutherland at the front the duties of his office will devolve upon the first vice-president Sheriff J. F. Paxton, of Whitby, who has also been re-elected by acclamation.

Other officers were also returned without an election, the complete list being as follows:—
President—Capt. Jas. T. Sutherland, Kingston.
1st Vice-President—Sheriff J. F. Paxton, Whitby.
2nd Vice-President—R. M. Glover, Peterboro.
A.A.U. of C. Convener—Francis Nelson, Toronto.
Treasurer—Dwight J. Turner, Midland.

Secretary—W. A. Hewitt, Toronto.
Executive Committee—A. E. Conneland, Midland; Geo. B. Dawson, Sarnia; Frank Hyde, Woodstock; C. L. Macnab, Orillia.
Past President Chas. Farquharson, of Stratford, and life member J. Ross Robertson, of Toronto, are also members of the executive, together with two members to be appointed later by the acting president.

Midnight list:—

WILL NOT RELEASE AMERICAN CITIZENS

TURKISH GOVERNMENT HAS RESCINDED ITS PREVIOUS AGREEMENT.

Washington, Nov. 28.—Word that the Turkish government has rescinded its previous agreement to allow several hundred Americans to leave the Turkish Empire via Jaffa reached the State Department today from Ambassador Elkus at Constantinople. The Ambassador was informed that the Americans cannot be permitted to depart because of military necessity and that the official who made the previous agreement spoke without authority.

Diplomacy seems to have been exhausted in the situation, and it is not known what action may be taken in an effort to bring Turkey to terms. The practical internment of the Americans is a source of anxiety to their friends and indignation to the government. It is said to be an unprecedented situation which will require most delicate handling.

The exact number of persons affected cannot be learned, owing to the fact that direct communication with shore is not permitted. Many are said to be naturalized Syrians and Armenians, though a number of native American missionaries are known to be included.

The American cruiser Des Moines now at Alexandria, is due shortly at Jaffa, where she had been expected to take on the refugees. It is understood now, however, that officers from the vessel will not even be allowed to land to investigate conditions.

INFANTRY:

Killed in Action:

68267, Sergt. J. H. Harris, Providence, R.I.
220456, A. L. Williams, Shannonville, Ont.

Died:

BRITISH CRUISER REPORTED SUNK

OVERSEAS AGENCY CLAIMS "NEWCASTLE" WAS WRECKED IN FIRTH OF FORTH.

Berlin, Nov. 28, via Sayville, N.Y.—The British cruiser Newcastle is reported to have been sunk at the entrance to the Firth of Forth, Scotland, Nov. 15 by coming in contact with a mine, according to the Overseas News Agency.

"It is reported from Rotterdam," says the News Agency, "that the British cruiser Newcastle on Nov. 15 in the North Sea struck a mine and sank at the entrance to the Firth of Forth while trying to reach a home port. The Newcastle at the time of the disaster was accompanied by two other cruisers. Of the crew of the Newcastle 27 men were killed and 47 wounded.

"The total losses of the British navy with this loss, has far as can be ascertained, have reached 131 ships, of 567,950 tons, not counting auxiliary cruisers and auxiliary ships.

"The English patrol ship sunk during the raid of German sea forces the night of Nov. 27 was the steam trawler Narval, which was engaged in the mine sweeping service. Her crew belonged to the Royal Naval Service."

The last report of the British cruiser Newcastle was in Sept., 1915, when she was reported leaving Callao, Peru, for Guayaquil, Ecuador.

She was a vessel of 4,800 tons and was built in 1909. Her complement was 376 men. She was 430 feet long and carried two 6-inch and ten 4-inch guns, 3-pounders and two torpedo tubes.

MISS CAREFUL

HONORED BY FRIENDS

On Monday night the boarders of the Y.W.C.A. presented Miss Careful, superintendent, who is about to take her departure, with a purse accompanied by an address. Miss Careful, who was completely taken by surprise, replied in a feeling manner, and during the course of her remarks stated that the two years she had spent in the Y.W.C.A. were very pleasant.

An extremely happy time followed the presentation: in which music and games were the chief feature. Refreshments were then served after which the proceedings were brought to a close.

HUN IS PROMOTED.

Berlin, Nov. 28, via Sayville—Col. General Conrad Von Hottendorff, formerly chief of the General Staff of the Austro-Hungarian army, has been promoted to be Field Marshal, says the Overseas News Agency.

PRICE OF COAL

TAKES A JUMP.

Lethbridge, Alta., Nov. 28.—The price of coal shot up to \$5.50 per ton today at the mines, where the increase to the miners has already been granted. This is the highest price ever paid in the Lethbridge field.

UNIQUE HONOR.

Montreal, Nov. 28.—Mr. C. E. Bonin, Consul-General of France, for Canada, is now an Honorary Lieutenant-Colonel in the Canadian Militia. This is believed to be an honor unique in the annals of the Canadian militia, as well as the consular service in this country.

ANOTHER ENEMY

AIRSHIP SHOT DOWN

London, Nov. 29.—An Admiralty announcement late last night says: "The commadore of Dunkirk has been informed by the French authorities that they brought down an airship at 2.15 o'clock Tuesday afternoon, carrying two naval lieutenants and with a large scale map of London aboard."

ADVANCE IN PRICE

OF MILK IN MONTREAL.

Montreal, Nov. 28.—The milk dealers in this city have decided to increase the price of pints of milk one cent beginning on Friday next, but not the price of quarts. The cost of a pint bottle will be six cents, while quart bottles will continue as at present, ten cents. The high cost of washing and filling the bottles is the excuse the dealers make for trying to get the consumers to buy quarts instead of pints.

EXPERIENCES OF

HUN SUBMARINE.

Berlin, Nov. 28, via Sayville.—Experiences of a German submarine which sank the Danish steamer Theres in the Bay of Biscay and of the crew of the Danish vessel are published by the Copenhagen Politiken, says the Overseas News Agency. The Theres, says this agency, was sunk by an explosion of bombs during a storm. The crew of 19 men, of whom half were English, were taken on board the submarine where they remained for 18 hours. On the following day the submarine stopped a Norwegian steamer carrying coal for England to Italy. Since there was no room on board the Norwegian vessel, the crew of the Theres was sent on board the Norwegian craft which was directed to take them to Brest.

Meantime, says the account, a British steamer had approached. A British torpedo boat destroyer which was hidden behind her opened fire upon the submarine which escaped by submerging.

The Canadian Salt Without a Fault
Windsor Table Salt
THE CANADIAN SALT CO., LIMITED

PERSONAL

Captain L. S. Vien has left to join the 171st Battalion.

Mr. A. T. Hodge, of Montreal, is staying at the Chateau.

Mr. J. F. Gregory, of St. John, N.B., is registered at the Chateau.

Dr. J. S. Finnie, M.L.A., of Montreal, is a guest at the Chateau.

Hon. George Bryson, of Fort Coulonge, is staying at the Chateau.

Mr. and Mrs. J. E. Asch, of Montreal, are registered at the Chateau Frontenac.

Mr. T. W. Adams, of Ottawa, who addressed the members of the Canadian Club yesterday, was a guest at the Chateau.

Madame J. Sirois, at the tea hour yesterday, held a reception at her residence, on St. Cyrille street, in honor of Miss Juliette Bienvenue, of Montreal.

Mrs. Wilfred Wurtel, who was the guest of Col. J. L. H. Neilson, of Nelsonville, for a few weeks, has gone to Ottawa, where she is the guest of Mrs. William Ogilvie.

The wedding took place on Monday at St. Patrick's Church, of Miss Veronica Airey, daughter of Mrs. Catherine Airey, of Champlain street, to Mr. Edward Hobbs, of Reading, Eng.

Mr. and Mrs. Andrew Joseph and family, have gone to Montreal, where they will reside at 305 Peel street, for the winter. We are sorry to learn that Mr. Joseph is not enjoying good health.

Registered at Hotel Victoria, Levis: E. Hawker, Moncton, N.B.; C. McCrady, Moncton; A. Ruhl, of Moncton; C. A. Reach, of Montreal; E. H. Levesque, of Sherbrooke; B. C. Howard, Sherbrooke; J. A. Lebel, of Rimouski; Dr. A. E. Jutra, Plessisville; A. Hogue, of Price, Que.; E. A. Collarett, Quebec; H. Gauvin, of Quebec.

Arrivals at the St. Louis Hotel: W. A. Potvin, of Fraserville; J. A. Girard, East Angus; J. H. Aubin, of East Angus; E. Bear, of East Angus; P. N. Bernier, of East Angus; M. Lafont, of Charlemagne; Mr. and Mrs. Carr, of Montreal; J. M. Sellman, of Montreal; Lieut. V. De Grouchy, of Gaspe; J. N. Pouliot, of Percé; Phil. H. Burns, of Montreal; Leo Berube, of Fraserville; C. W. Flemming, Ottawa.

Mrs. Desmond Clarke, entertained a few friends to tea on Monday afternoon previous to her departure for Clarke City, where she will reside for the winter. Among the invited guests were: Mrs. Albert Dunn, Mrs. Jacques Lantier, Mrs. Jos. Bernard, Mrs. H. Collette, Mrs. Henri Desrivieres, Mrs. Fred. McMahon, Mrs. Joachim Tessier, Mrs. Eric Schriber, Mrs. George Russell, Mrs. E. Alleen, Miss Beatrice Finnie, Miss Lizette Paradis, Miss Marie Dunn.

Late arrivals at the Chateau: Dr. J. T. Finnie, F. C. Laberge, A. T. Hodge, H. J. Hogue, F. E. Labelle, A. Chaput, J. K. Oswald, O. Lefebvre, R. W. Stevenson, A. Francoeur, N. Turcot, G. Mayrand, J. Gensberg, J. Garneau, L. C. Seigler, J. H. Roberts, J. R. Bisailon, T. A. Decary, J. E. Asch and wife, G. H. Doble, Montreal; Hon. George Bryson, of Fort Colborne; J. S. A. Ashley, Lachine; W. H. Hutchison, London, Eng.; C. Phillips, St. Catharines; T. W. Adams of Ottawa; G. Ogilvie, Ottawa; J. F. Gregory, St. John, N.B.; N. G. Scott, Scotstown; A. J. Bissonnet, of Rock Island, Que.; J. L. Pennessant, J. R. Gaudette, E. J. Plante, A. Raymond, of St. Jean.

A very pleasing event occurred on Monday evening when the relatives and friends of Mr. and Mrs. Martin Madden gathered at their home and presented them with a beautiful cabinet of silver, in honor of the twenty-fifth anniversary of their wedding. After the reading of the address had been replied to by Mr. Madden, a sumptuous banquet was served, during which several toasts were given, interspersed with musical numbers by an orchestra secured for the occasion. In all, some ninety guests were present, and these, the tables once cleared and removed, proceeded to make merry, the party breaking up in the wee sma' hours of the morning, with final good wishes for the continued long life and welfare of their host and hostess.

During the coming months of biting winds and intense cold, you who would keep your skin smooth, white and velvety, should turn your attention to marcelized wax. Nothing else will so effectively remove a chapped, roughened or discolored surface. By gradually absorbing the weather-beaten outside, the complexion is kept in perfect condition, and even the beauty of expression appears more pronounced. If your skin be blotchy, pimply, freckled, coarse, sallow or over-red, why not shed it? One course of ordinary marcelized wax, to be had at any drugist's, will completely transform the most unsightly complexion in less than a fortnight. Use the wax nightly, like cold cream, washing it off morning.

If weather, age or poor health has marred your face with wrinkles, have good news. You can quickly remove every line by using a harmless, refreshing face lotion prepared by dissolving one ounce of powdered ascorbic acid in a half pint with brandy. The former, smoother skin, the more youthful appearance, even after one application, will astonish you.

Available shipping lists do not contain the name of the Ransgarth. There is a British steamer Ransgarth, of 1,888 tons gross.

WAY TO REDUCE HIGH FOOD PRICES

HIGH-COST-OF-LIVING MASS MEETING WAS HELD IN TORONTO.

Toronto, Nov. 28.—At a high-cost-of-living mass meeting held tonight in Massey Hall and presided over by Mayor Church, a resolution was passed commending the Dominion Government for the action so far taken and recommending that further action be taken by the Federal Government along the following lines: (1)—Prohibit or regulate export of food to protect home demands. (2)—To remove tariff barriers on food required in Canada. (3)—Fix prices of wheat and flour. (4)—To control importation of coal and regulate prices. (5)—To investigate cost of producing canned goods, sugar, etc., which are believed to be under monopolistic influences, and fix the prices of same.

Legislation was also recommended permitting municipalities to conduct stores for flour products, coal yards and bakeries and have a monopoly on the sale of bread, milk, coal and other commodities.

BELGIAN POET IS CRUSHED TO DEATH.

Paris, Nov. 28.—Emil Verhaeren, the Belgian poet, was crushed to death last night at Rouen, while endeavoring to board a train.

The French government has been requested by Senator Marchand, to hold a national funeral for Verhaeren. He suggests that his body be placed in the pantheon, there to be held until Belgium is freed.

Emil Verhaeren was born in May, 1855, at St. Amand, near Antwerp. He was educated at the University of Louvain, and after graduation was admitted to the Bar, but later gave up law to devote his time to literature. His poems and one of three dramas written by Verhaeren have been translated into English.

BELGIAN DEPORTATIONS.

Paris, Nov. 29.—Owing to reports from deported Belgian civilians now in Germany, says a Havas despatch from Havre, the Belgian government has been compelled to arrange for the sending of bread rations to their deported fellow countrymen. A beginning has been made by the despatch of 12,000 rations to the internment camp at Soldau, East Prussia. In the meantime a committee for the relief of deported Belgian civilians is being formed at Ghent.

THE GERMAN VERSION.

Berlin, via Sayville, N.Y., Nov. 28.—A German official statement on the air raid on England says that one airship was shot down and that another did not return. The statement reads:

"On the night of Nov. 27-28 several German naval airships successfully bombed blast furnaces and industrial establishments in middle England. At several places conflagrations were observed.

"An airship was shot down by the enemy near Scarborough and another has not returned; so that it must be considered lost. The remaining airships returned and landed."

HAVE A CHEERY KITCHEN.

One should bear in mind that the kitchen is the engine room of the home, and the comfort and happiness of the family depend upon its running smoothly and well. Lack of system, inadequate equipment, inconvenient arrangement of furniture and utensils and the total absence of beauty and cheer are the things that make drudgery of housework. Servants are as susceptible to surroundings as their mistresses, and the little aids to housework, such as cheerful aspect and pretty furnishings, do much to secure a more loyal interest and co-operation. A harmonious environment in a kitchen will go a long way toward making a happy home.—Harriet Sisson Gillespie in Mother's Magazine.

"Should cousins marry?" was the subject of an animated discussion at a ladies' debating club the other night.

After a great many speakers had vigorously taken the negative side a prepossessing young lady, who was known to have crowds of cousins herself, spoke up boldly in the affirmative and threw fresh life into the discussion by declaring that she always did her best to encourage her own cousins to marry one another, as such union were very economical.

"Economical! How, dear?" her clubmates cried in chorus.

"Well, you see," said the speaker demurely, "one wedding present does for both them."—Exchange.

A Smooth, White Skin That Defies Weather

During the coming months of biting winds and intense cold, you who would keep your skin smooth, white and velvety, should turn your attention to marcelized wax. Nothing else will so effectively remove a chapped, roughened or discolored surface. By gradually absorbing the weather-beaten outside, the complexion is kept in perfect condition, and even the beauty of expression appears more pronounced. If your skin be blotchy, pimply, freckled, coarse, sallow or over-red, why not shed it? One course of ordinary marcelized wax, to be had at any drugist's, will completely transform the most unsightly complexion in less than a fortnight. Use the wax nightly, like cold cream, washing it off morning.

If weather, age or poor health has marred your face with wrinkles, have good news. You can quickly remove every line by using a harmless, refreshing face lotion prepared by dissolving one ounce of powdered ascorbic acid in a half pint with brandy. The former, smoother skin, the more youthful appearance, even after one application, will astonish you.

Available shipping lists do not contain the name of the Ransgarth. There is a British steamer Ransgarth, of 1,888 tons gross.

T.D. DUBUC, 35 to 45 Notre Dame St.

N.30x6

A CHINA EGG HEN may even fool the HEN but it makes a mighty poor OMELET

When you go to buy butter, you're a little suspicious of "bar-gains" are you not? WHY should you not be just as particular in purchasing your aerated waters, a very important thing for your health? Beware of the so-called cheap stuffs.

OURS ARE STANDARD

You can always rely on them.

Aerated Waters is our sole business, all our time and energy is given to that special line. We don't dabble in any other business.

Our DRY GINGER ALE is perfection, we challenge the best imported brands. Our Soda Water is the best made in Canada and made with our celebrated CLAIRE FONTAINE spring water. Our Ginger Beer is made from Jamaica ginger root and cream tartar (aerated and fermented).

BEWARE of the fake dealer who offers you the "just as good" kind, there is none just as good made in this city and we openly CHALLENGE the best of them to produce as good as ours.

Our record is 44 years in same line of business.

Shipping News

NEW OFFICES FOR ROBERT REFOR CO.

WELL-KNOWN STEAMSHIP
AGENTS ACQUIRE HUNT ES-
TATE IN LOWER TOWN.

The Robert Reford Company, Lim-
ited, the well-known steamship agents
have purchased from the Hunt Estate
the building at the corner of St. Peter
St. Antoine and Sault au Matelot sts.,
and will renovate the property to
accommodate their vastly increasing
business. The price paid, we under-
stand, is a heavy one, but the site will
give them all that is desired for an
up-to-date steamship office. They
will occupy the whole of the ground
floor for their own use.

The Robert Reford Company, Lim-
ited are general agents in Canada for
the Cunard Line, the Anchor, Donald-
son Line, Thomson Line, and several
other well-known St. Lawrence trad-
ing steamship lines.

WORK OF LIFTING
UP THE BUOYS.
Government Steamers Were Busy
Yesterday Above and Below Que-
bec.

The work of picking up the buoys
adrift in the channel was carried on
very satisfactorily yesterday by the
Government steamers Champlain and
Montcalm. The Montcalm returned
with six buoys yesterday afternoon,
and the Champlain also brought in a
number. The principal ones are being
replaced by winter buoys. The work
of picking up the buoys was made all
the more difficult yesterday by the
storm. During yesterday morning
reports were to the effect that the
weather was fair above Baie-Stan-

Two steam barges, the Iroquois,
which went ashore at Cape Salmon,
on Monday, and the Senator Derby-
shire, arrived inward yesterday and
are waiting here until early this morn-
ing before proceeding up the channel.

FUMIGATION OF VESSELS
AT PORT OF NEW YORK.
Notice is given that on and after
November 17th, 1916, vessels from the
following ports are to be fumigated
for the destruction of rats after their
arrival:

1.—All ports in South America, in-
cluding the river ports thereof;
2.—All ports in Africa (including
the Azores, Canary Islands, Cape
Verde Islands, and Madeira);
3.—All ports in Asia (including
those of the Straits Settlements, Japan
the Philippine Islands, and Malay
Archipelago);

4.—All ports in Spain and Portugal;
5.—All ports in Greece;
6.—From Hull, Bristol and Liver-
pool, in England, in accordance with
the following:

(a)—All vessels taking cargo at the
dock or by lighter from Hull, Eng.,
and Bristol, Eng., shall be subject to
fumigation at the end of every voyage
for the destruction of rats and shall
comply with the plague regulations at
the Port of New York.

(b)—All vessels, excepting passen-
ger ships, from Liverpool and taking

cargo at the dock or by lighter shall
be subject to fumigation at the end
of every voyage for the destruction of
rats and shall comply with the plague
regulations of this port—this in ac-
cording to the recent appearance of
cases of bubonic plague in all three
of the ports above mentioned;

(c)—When vessels from Liverpool
arrive with certificate of Public Health
Service representative in the Consul-
ate at that port, stating that the ves-
sels have lain in the stream during
their stay in port, or have been fum-
igated under the auspices of such
representative, fumigation will be
waived on such vessels at the Port of
New York.

Every Month.—From Havana and
Santiago.

Every Four Months.—From Cuban
ports (excepting Havana and Santi-
ago) and West Indian ports, Hawaiian
Islands, Mexican and Central Amer-
ican ports.

Every Six Months.—All vessels, ex-
cepting passenger ships, from all ports
in countries now at war (unless other-
wise specifically ordered).

The fumigation order of Nov. 15th,
1916, is hereby revoked.

By order of L. E. COFER,
Health Officer, Port of New York.

FEAR N. S. VESSEL LOST.
On Way from Boston to Halifax with
a Cargo of Phosphate.

Halifax, Nov. 27.—The schooner
Arthur J. Parker, owned by F. K.
Warren, of Halifax, and bound to this
port with a cargo of phosphate for
the fertilizer works, is believed to have
been lost, and only slight hopes exist
that her crew may have been picked
up. The vessel was on her way from
Boston, and had gone to Liverpool,
which port she left on November 11th
for Halifax. On the 14th, a vessel
answering her description was seen
about three miles off Sambro by the
schooner King Josiah, now here. Capt.
Hartling, of the King Josiah, said the
vessel was making heavy weather. She
was under a double reefed main-
sail, and her jib was torn away, but
she was not flying any distress sig-
nals. Capt. Joseph Evans was the
master of the Arthur J. Parker, and
Duncan Conrod, mate. The officers
and crew belonged to Liverpool.

BRITISH STEAMER
RELEASED IN AMOY
Amoy, China, Nov. 28.—The British
steamer Glenogle, sailed from this
port yesterday evening. She carried
no passengers.

The steamer Glenogle was held up
at Amoy on November 21st, by the
Chinese authorities as she was about
to sail for Mesopotamia with a num-
ber of Chinese laborers. Germans
in Amoy objected to the departure of
the vessel on the ground that it was
a breach of Chinese neutrality. The
contracts with the laborers were also
questioned, and it was asserted that
the ship's voyage violated the treaty
between England and China.

SIGNAL SERVICE REPORT.
Quebec, Nov. 28, 1916.

WHY THE GENIUS IS BORN
It is a strange and perhaps sad fact
that most men and women endowed
with the finest sense and apprehen-
sion for good literature have no gift
or talent for effective expression in
letters, and it is as strangely and
equally true that many of those who
love music most cannot play any in-
strument or sing even the simplest
song. The world is crowded with
people who have the acutest eye for
form, color, motion and linear grace
who cannot either draw or paint.

And it is that he may serve all of
these superior—and yet unvalued—
people that the writer, the musician
or the painter is born and equipped.
At his best even a genius is only the
involuntary mouthpiece, interpreter,
illustrator of his time.

Ten Minute Cold Cure
Relieves Ailments Instantly
Nothing cures so quickly as the
healing pine essences in Catarrho-
zone. It fills the breathing organ
with a healing, soothing vapor that
relieves irritation at once. Ordinary
colds are cured in ten minutes. Ab-
solutely sure for Catarrh, and in
throat trouble it works like a charm.
Catarrhozone is a permanent cure
for bronchitis and throat trouble.
Not an experiment—not a temporary
relief—but a cure that is guaranteed.
Get "Catarrhozone" today, and be-
ware of substitutes. The dollar out-
let is guaranteed and small size 50c;
trial size 25c at all dealers.

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES
FULL PARTICULARS OF
HER RECOVERY.

There are many types of rheuma-
tism, but none worse than inflama-
tory.

It was this kind that almost killed
Mrs. Edw. Warman, of Kent Jct.,
N.B.

Every known remedy she tried, dif-
ferent doctors gave her advice, but
the disease increased.

Weak and despairing, she was at
her wits' end when the remarkable
cure of Thos. Cullen was published.

This gentleman was cured of rheu-
matism by "Ferrozone." Conse-
quently Mrs. Warman used the same re-
medy. Here is her statement.

"For five years I have been rheu-
matic. I tried various forms of re-
lief without success. The disease in-
creased, settled in my joints and
muscles; these swelled, caused ex-
cruciating pain and kept me from
sleeping. My limbs and arms stiff-
ened, my shoulders were lame and
prevented me from working. Week
by week I was losing strength and
despaired of finding a cure. It was a
happy day I heard of Ferrozone.

Every day I took Ferrozone I felt
better; it eased the painful joints,
gave me energy and a feeling of new
life. Ferrozone cured my rheuma-
tism, cured it so that not an ache has
ever returned. Even damp weather
no longer affects me."

Ferrozone has power to destroy
Uric Acid, neutralize and enrich the
blood, and therefore does cure the
worst cases. Mrs. Warman's state-
ment proves this.

By removing the cause of the dis-
ease and building up a reserve of en-
ergy, Ferrozone is certain to cure
Sufferer, isn't it about time to stop
experimenting? Ferrozone is a
CURE, order today, 50c per box, or
six for \$2.50 sold by all dealers or

FINANCIAL & COMMERCIAL

Closing Letters By the Can. Press

(Canadian Press)
New York, Nov. 28.—The attitude of the Federal Reserve Board respecting the further free acceptance by National Banks of foreign securities based upon war emergencies was the all pervading subject of discussion in financial circles today. Various interpretation were placed upon this important act and speculative sentiment was distinctly depressed.
Market wise, one of the direct results was observed in the lower trend of international loans floated in this country since the outbreak of the war. Virtually all issues of that description were heavy, Paris 6's declining 1-4 points to the low record of 96 3-8.
Denials from authoritative quarters of any serious peace negotiations were without beneficial effect upon foreign remittances, exchange rates to Germany and Austria undergoing further attrition, with a material easy of rubles.
Local and interior financial institution were in accord in quoting higher rates for time loans and call money rose to 6 per cent duplicating the high rate of the year, albeit the inquiry for accommodations of third character diminished perceptibly.
There was no material diminution of operations, sales again approximating 1,230,000 shares, but the great bulk of the day's trading took place in the first and final hours, with intermediate periods of apathy. Lowest prices were made towards the close, the list then showing some unsettlement on rumors of another marine disaster involving possible international complications.
Extreme recessions of 1 to 3 points were registered by equipment, copper and other metals, sugars, petroleum, motors and industrial commodities the steel and iron class. United States Steel was relatively steady, but Bethlehem Steel fell 25 points on a single transaction.
Rails were the backbone of the market, only nominal recessions occurring in that division, these being offset by the comparative strength of Reading and other coals.
Railway and industrial bonds were irregular on reduced dealings. Total sales, par value, aggregated \$4,650,000. United States bonds were unchanged on call, but coupon 4's fell 3-8 per cent on sales.

Closing Letters By Local Brokers

(By Bruneau & Dupuis)
New York, Nov. 28.—The market has been weaker today and towards the close there were rumors of the sinking of another American vessel which has added to the uneasy feeling. There is no question that our big financial institutions want the market down. Money renewed at five today and rates are really stiff for the first time in two years. This is all for the purpose of checking this rampant speculation in industrial stocks which is becoming unwieldy and dangerous. The selling has been extremely good, but we have called attention to this fact repeatedly since election day, and the buying has been correspondingly speculative. Still the force of this latter has been sufficient up to now to absorb the offerings. Yesterday and today, it looks as if things were commencing to work the other way and that we are in for something of a reaction. Of course, we must keep in mind these big earnings, and it will not do to get too bearish, but it certainly looks at the moment as if the market would go lower. Third avenue has passed its dividend. Sales \$1,234,000.

Closing Letters By Bruneau & Dupuis

(By Bruneau & Dupuis)
Chicago, Nov. 28.—Wheat—Liquidity seems to have been pretty thorough and cash people show a disposition to buy now on the breaks. There is a good deal of speculative short selling, due to embargo talk, unsettled political conditions and the insurance situation, which has been a bugaboo probably will be adjusted in the near future. The worst of the break, therefore, seems to be over.
Corn—The supply and demand situation corn is bullish, but the car situation is bearish as it affects eastern shipments. Until shipping conditions improve, it seems advisable to sell on bulges.
Oats—Followed the weakness in other grains, with liquidation feature. Country stations report farmers still willing to sell.
New York—The character of today's stock market was very similar to that of yesterday. In this respect the declining tendency which asserted itself strongly in the previous session was again in evidence today, carrying prices to a still further lower level. Bear pressure figured largely in the selling movement. In view of the mixed state of sentiment, which has developed recently as the result of various happenings occupying the attention of speculative interests, such as the situation abroad, especially in South eastern Europe, peace rumors, Mexican affairs and the stiffening of call money rates, the professional element was encouraged to offer prices down, and thus met with some success. The market offered excellent resistance, nevertheless, despite the lowering of values shown, and recovered sharply whenever the pressure was lifted.

In this respect the declining tendency which asserted itself strongly in the previous session was again in evidence today, carrying prices to a still further lower level. Bear pressure figured largely in the selling movement. In view of the mixed state of sentiment, which has developed recently as the result of various happenings occupying the attention of speculative interests, such as the situation abroad, especially in South eastern Europe, peace rumors, Mexican affairs and the stiffening of call money rates, the professional element was encouraged to offer prices down, and thus met with some success. The market offered excellent resistance, nevertheless, despite the lowering of values shown, and recovered sharply whenever the pressure was lifted.

Indications are that fluctuations will continue within a moderate trading range for the present.
Sales, stocks, \$1,234,100.

Correspondence

CONTINUING THE PRESBYTERIAN CHURCH

To the Editor of the Chronicle:

Sir,—The Union committee has published widely a special deliverance against the Convocation which met recently in Toronto and resolved as to its "duty to continue the Presbyterian Church."

(1). The Committee's first statement is that "Union is not the ending of the Presbyterian Church."

Fiction so patent answers itself. If Britain were brought under one world dominant sway, as is sought by some in Europe, the people would continue, but the British Empire, with all that it means, would end. If our Church were merged into a great Church combine, under one central bureaucratic control, the people would continue, but the Presbyterian Church would be no more.

(2). Its second statement is that in the proposed Union there would not be "a surrender of any vital belief or principle of government."

On the contrary, there would be a complete "surrender" of the foundation principle of definite acceptance of any system of Scripture Truth or any form of Church Government.

As to belief, our ministers and elders and members now profess acceptance of the system of Bible truth set forth in the Standards of the Presbyterian Church. In the proposed new Church there is no pledge on the part of minister, office-bearer or member to any system of Scripture truth.

Such a "surrender" would open wide the door for error, and at a time when the Church needs to be more definite rather than less so in her testimony to the great truths which centre in Jesus Christ.

As to government, our ministers and elders now pledge themselves that, as office-bearers in the Presbyterian Church, they will "maintain and defend" its System of Government. In the proposed new Church no one is pledged to any system of Church Government.

In the Presbyterian Church one-half the members of Presbytery, Synod and Assembly consists of ordained elders, solemnly pledged, by vows similar to those of the ministry, to the system of Doctrine and Government of "this Church" and ordained for life to their sacred office.

In the proposed new Church the laymen in Presbytery and Synod (or Conference) — and Assembly — (or General Council) — are simply required to be members of the Church, and these are to be admitted to membership without pledged acceptance of any system of truth or any form of Government.

Indeed it is doubtful whether the laymen of the highest Court require even to be members of the Church. What is said is that "The General Council shall consist of an equal number of ministers and non-ministerial representatives," and these representatives will not be chosen by the people.

In the calling and settlement of ministers, there would be "surrender" to the will of an irresponsible and arbitrary settlement Committee, of much of the liberty we now enjoy.

(3). Its third statement is that "the new Church will be a unique expression of the Unity of Spirit between the Christian denominations."

It would indeed be "unique" as an expression of Christian Unity for it has caused more alienation and division and strife, in our own Church, in the last five years, than there has been between the different Protestant Denominations in all Canadian history. And further pressure means greater strife.

(4). Its fourth statement is that the proposed Union will "remove rivalries, economize and conserve resources, and set free many more workers for the foreign field."

This is pure assertion without the slightest foundation. The attempt to force a merger would but stir up strife, and lessen the amount given to missions, as proven by the experience of the few Union congregations already formed.

(5). Its fifth statement regrets that the recent Convocation "awakened suspicion and created prejudice by suggesting that the money of the Church had been misappropriated," and states that "nothing could be farther from the truth, as shown by the published statement of the Treasurer of the Church."

On the contrary, the published Statement of the Treasurer of the Church confirms the fact that many thousands of dollars given for the Mission Funds

have been diverted to this Merger Movement. It was open to the Assembly to create a Special Fund for the purpose, and let those contribute who would do so, but no Church Court has a right to divert to this object what the people have entrusted to it for Missions.

(6). Its sixth statement is that two votes of the people were taken, and that both votes gave a majority for Union.

But it omits to state why a second vote was taken. It omits to state that at the outset, in 1905, the Assembly told the people that a Union of the Churches "must carry the consent of the entire membership";—that at the first vote in 1911, out of a membership of 298 thousand, 113 thousand voted for Union and 185 thousand against it;—that the Assembly halted the Movement owing to the "extent of the Minority";—that after four years a second vote was taken, to "secure" the hoped for "practically unanimous action" which had been declared necessary;—that at this second vote, out of an increased membership of 332 thousand, 113 thousand voted for Union and 219 thousand against it;—and that the Union Committee and the Assembly entirely ignored that increased opposition. This withholding of the key facts of the situation would discredit any cause in a civil court.

(7). Its closing statement is that the Church will be "true to herself" and "keep faith with the other Churches," and go on after the war to "consummate the Union."

As to keeping faith, we are under no obligation to any other Church. At the request of another Church we entered into negotiations and nothing more. We have kept faith with others to the uttermost.

But what of "keeping faith" with our own people? What of the assurances given them by the Assembly, in 1905, 1912 and 1915, that the condition of going forward "must" be "practically unanimous action," and taking their votes upon that understanding?

To attempt coercion—to so transgress the Constitutional limits of the Assembly's power—to fail to "keep faith" with the people of our own Church, after the assured understandings given them to the contrary—would be the darkest, saddest, most immoral page in the history of any Protestant Church in Canada; and a large part of the Presbyterian Church, believing that Christ's Kingdom cannot be built upon unrighteousness, has declared its purpose to have no share in a new Church whose corner stone would ever bear, deep graven, "unkept faith."

Montreal, November 22, 1916.

KAISER'S XMAS PRESENTS.

Geneva, Switzerland, Nov. 28, via London.—Emperor Wilhelm will send to President Wilson as a Christmas present a de luxe set of American authors specially prepared, printed and bound at the royal works in Berlin, according to the Budapest newspaper *Az Est*. The German submarine Deutschland, the newspaper says, will carry the gift to the United States on her next trip across the Atlantic.

Emperor Wilhelm's Christmas gift to Pope Benedict will be a Bible, magnificently illuminated and bound.

**SERIES OF SHORT
TERM TREASURY NOTES.**

New York, Nov. 28.—The proposed offering of a series of short term treasury notes by J. P. Morgan and Company, for the British and French governments, it was authoritatively stated today, will be made, regardless of the warning issued by the Federal Reserve Board. The notes, ranging from thirty days to six months, will be issued in limited amounts in response, it was said, to a widespread demand from banks and investors and will not be renewable.

Bankers representing the Allies declined to say to what extent, if at all, future international undertakings may be affected by the action of the Reserve Board.

**BRITISH SAILORS
RELIEF FUND.**

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

A Free Prescription You Can Have
Filled and Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes

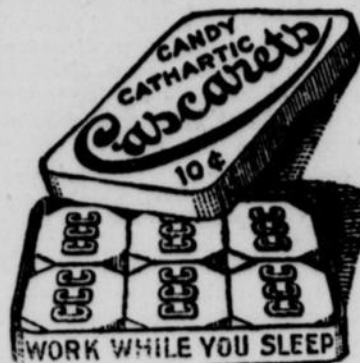

so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to an active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two or four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopeless blind might have been saved if they had cared for their eyes in time.

Note: Another prominent Physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to ophthalmologists and widely presented by them. Two men, however, guarantee it to strengthen eyesight 50 per cent in one week's time in many instances or refund the money. It can be obtained from any good drug store and is one of the very few preparations I feel should be kept in every household, almost every family." W. Brunet & Co. sell it.

IT'S YOUR LIVER! YOU'RE BILIOUS, HEADACHY, SICK!

DON'T STAY CONSTIPATED
WITH BREATHERLY BAD, STOM-
ACH SOUR C... A COLD.

Enjoy Life! Live Your Liver and
Bowels Tonight and
Feel Fine.

Tonight sure! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of Cascarets from the drug store now? Eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarets never gripe or bother you all the next day like calomel, salts and pills. They act gently but thoroughly. Mothers should give cross, sick, bilious or feverish children a whole Cascaret any time. They are harmless and children love them.

Legal Intelligence

Judgments.

By Hon. Justice McCorkill:

Morel vs. Morel. Whereas plaintiff, who is secretary-treasurer of the Corporation of St. Anne de Beaupre, and is a photographer and bailiff, complains that defendant who is his neighbor, slandered him, for which he seeks \$199 damages, and prayed for judgment and imprisonment in default of payment, whereas defendant denies having slandered plaintiff, but on the contrary, he alleges that on the occasion in question, plaintiff slandered him and his mother in a revolting manner, all publicly and on the public street, and he concludes for the dismissal of the action; considering that the parties were equally at fault on the occasion mentioned; doth dismiss said action without costs.

Schwartzbard vs. Zelfan. Plaintiff alleges that he is a merchant, doing business in St. Joseph street, Quebec, and to earn his living requires the consideration and confidence of the public; that on the 20th of March, 1916, defendant loaned to plaintiff upon a promissory note of \$201.50, the sum of \$200, said note payable in one month, at plaintiff's said place of business, that, without cause or reason and maliciously, in the presence of about twenty persons, defendant insulted plaintiff by demanding payment of said note, which was not then due; that because of this fact he suffered damages for a considerable sum, which he reduces to \$199, and he concludes for judgment for said sum. A general denial was pleaded by defendant to the plaintiff's action and alleged that plaintiff insulted him by calling him a fool and other like expressions. The Court doth dismiss said plea and maintained said action, and adjudged and condemned defendant to pay and satisfy to plaintiff the sum of \$50.00, with interest and costs of an action first-class of the Circuit Court, each party to pay his own costs of stenographic notes of the evidence; and should defendant make default to pay the amount of this judgment, in principal, interest, costs and disbursements, doth condemn him to coercive imprisonment upon proceedings to be taken by plaintiff.

By the Prothonotary:

Brophy vs. Legare. Judgment against the defendant for \$207.00, interest and costs.

Savarra vs. Paquet. Defendant is condemned to pay plaintiff \$1,271.75, interest and costs.

BRIGDR-GEN. DODDS, C.M.G.,

Appointed Manager of the Mutual Life Insurance Company of New York.

The Mutual Life Insurance Company of New York, has appointed Brigadier-General W. O. H. Dodds, C.M.G., manager of the Montreal Agency in charge of the Province of Quebec and the Maritime Provinces, succeeding the late Fayette Brown, who died suddenly on October 25th, last.

General Dodds up to the outbreak of the war was Assistant Manager, and has been connected with the Company for over twenty-five years, and is one of the most prominent Life Insurance men in Montreal and Eastern Canada. The business of the Company will, therefore, be well taken care of under his able direction.

During his absence at the front, as commander of the 4th Divisional Artillery, the Company's affairs will be looked after by the present staff with Mr. W. W. King as Superintendent of Agents.
