ST. LAMBERT.

A suburban town on the south shore of the St. Lawrence directly opposite Montreal in the county of Chambly, district of Montreal, with a population about 2,500 and growing rapidly. It is an important railway centre, and is supplied with an excellent train service by the Grand Trunk Railway, having over twenty trains each way daily. Return 25c, single 15c, on suburban trains, return good for day of issue only, 25c; return good for 1 month 35c; single fare on regular train 25c; by commutation tickets, 10 trips for 75c, 55 trips for \$2.75, or 5c a trip.

The Montreal Southern Co Ry. Co. are building an Electric Railway line between Montreal and St. Lambert, which is expected to be in operation by September, 1909.

The Victoria Jubilee Bridge spans the St. Lawrence here, and all trains to and from the City stop at the railway station. Several lines of railway run here, viz: Grand Trunk for points South, East and West; I.C.R. for Halifax; Central Vermont for Farnham; New York and Boston, Delaware & Hudson for New York; South Shore Railway for Sorel. The distance to Longueuil, the county seat, is three miles. There are four churches: Methodist, Episcopal, Roman Catholic and Presbyterian, with resident ministers and cure. There is a large Academy, conducted by the Protestant School Commissioners, with a staff of five teachers.

The Roman Catholic School Commissioners' school is now conducted by the sisters of the Holy names of Jesus and Mary and have a staff of five teachers, and they are building a convent that will cost \$80,000 to receive boarders and two Brothers of the C. V. Viateur for the boys. There is excellent boating on the river, and the St. Lambert Boat Club is recognized as one of the best clubs in the vicinity of Montreal. The residents are mostly employed in the City, and select it for a suburban home from its favorable situation and excellent means of communication at all seasons with the city. A brick work wall along the river bank gives the Town a fine promenade of over 1,000 feet in length from which the view of Montreal, lighted at night by thousands of electric lights, is magnificent. During the winter months direct communication is had with Montreal by an ice road across the St. Lawrence on which considerable driving is done, and by the bridge. St.

Lambert is being rapidly built up, and is destined to become a very important point and has a system of water, drainage and electric light. Mail twice daily. G.N.W. Tel. Co. has an office, also telephone communication at post office.

SUMMERLEA

Summerlea, better known as Dixie, is situated on Lake St Louis, between Lachine and Dorval. It is a delightful location and a favorite summer resort of Montrealers, being on the main line of the Grand Trunk, nine miles from Montreal and the station only five minutes' walk from the majority of the houses.

Boating, bathing and fishing facilities are unsurpassed, the Lake at this spot abounding with fish of many varieties. The Royal Montreal Golf Club, with the finest links in Canada, is situated at Dorval, about 1-2 mile from this place; also the Lachine Boating Club, one of the oldest in Canada, and which has already done a great deal towards bringing out the young rowing talent. Every evening the Lake may be seen dotted with single sculls, doubles, four and eight oars.

It is a favored spot for camping parties, particularly Dixie Island which is situated a quarter of a mile from the shore, and is always covered with tents.
