### Trade preferences

**CARACAS (AP)** — U.S. State Secretary Henry Kissinger is telling Venezuelan leaders not to get their hopes up for a quick end to their country's exclusion from U.S. trade preferences.

U.S. officials said trade was one of the major topics scheduled for a working breakfast Kissinger had today with Venezuelan President Carlos Andres Perez and other leaders.

Kissinger's message for this first stop on a six-country Latin American tour was that he strongly supports trade preferences for Venezuela. But he said he can do no more than hope Congress will act favorably in the near future.

Venezuela and Ecuador were excluded from the preference system in 1974 because of the oil boycott by the Organization of Petroleum Exporting Countries (OPEC). Although both nations are members of OPEC, neither participated in the boycott.

### Control on Sahara

**RABAT (Reuter)** — The Moroccan army has regained control of Spanish Sahara's Amghala Oasis following the withdrawal of heavily-armed Algerian forces which bombarded it during the weekend, an authorized source said Monday night.

Reinforcements entered the tiny oasis, 180 miles from Algeria, without resistance, indicating the Algerians had withdrawn south towards Mauritania, the source added.

Government sources said the Algerians probably attacked the oasis Saturday in revenge for a defeat there last month in which Morocco killed 200 troops and took 106 prisoners.

Algeria used long-range artillery and MiG-21 planes during the surprise attack on the Amghala garrison of an estimated 300 men, Moroccans said.

### Home attacked

**BELFAST (CP-Reuter)** — The home of a leading Northern Ireland politician, Ivan Cooper, was attacked by a crowd throwing bottles and stones in Londonderry Monday night.

Cooper, a Protestant member of the mainly Catholic Social Democratic and Labor Party (SDLP), went outside the house and confronted the attackers. Reports said a number of shots were fired, but it was not clear by whom.

In Newry, in the south of Ulster, gangs of men roamed the streets hijacking vehicles and setting them on fire.

Two persons were shot and wounded in the town, one of them by police as they intervened in an attempt to hijack a truck.

In London, an explosion destroyed a mail box in the north London section of Golders Green Monday night and police were working on the theory that Irish guerrillas were responsible.

### End decreed

**BUENOS AIRES (AP)** — Political foes of President Isabel Peron today urged defiance of her order ending a special session of the Argentine Congress to block action on demands for her ouster.

Mrs. Peron decreed the end to the session Monday night during a 24-hour business strike which organizers said closed up to 90 per cent of the country's businesses and industries. The businessmen were protesting government price ceilings and recent wage increases.

There was growing speculation that the military would seize control of the government and try to impose economic and political stability.

A government announcement said the closing of Congress was due to recent cabinet shakeups and the need for new legislation to aid the unstable economy. But political sources said the 45-year-old president was afraid of a session of the lower house Wednesday at which her opponents were expected to press for her impeachment or resignation.

"I never worry. I've got enough money to last me for the rest of my life—unless I buy something."

"Security here at the Winter Olympics this year is really something else!"

**QUEBEC (CP)** — A report based on lung X-rays of 1,200 asbestos miners in the Thetford Mines area in November, 1974, is preliminary, incomplete and difficult to interpret, the medical adviser to the Quebec Asbestos Mining Association said Monday.

Addressing the Quebec branch of the Canadian Institute of Mines and Metallurgy, Dr. Michel

Lesage said the preliminary report of the study by a research team from Mount Sinai Hospital in New York City has provoked an emotional political outcry.

And this has thrust the scientific aspects of the effects of asbestos on human health into the background, Dr. Lesage said.

"The Dr. Paul Formby who we were told was an important member of the

Mount Sinai research team did not exist and the sensational declarations to the newspapers made in March, 1975, were the work of Paul Formby, an assistant technician who had accompanied the specialists," said Dr. Lesage.

"This individual was not qualified, since a few months previously, he was working as a truck-driver at the Cassiar asbestos mine in

British Columbia. The pseudo-Dr. Formby is now a theology student," he added.

The Mount Sinai team examined 1,200 miners, all of whom had been exposed to asbestos for more than 20 years and were chosen by their union for the test, Dr. Lesage said.

He expressed doubt that the New York team could have properly completed a

procedure which he says takes two to three hours per individual at the daily rate of 200 to 250 patients.

Further, he said it was impossible to determine the presence or absence of asbestosis by a single X-ray and the Mount Sinai group did not possess sufficient data to make this distinction.

Dr. Lesage said he considered the five-fibres-per-cubic-centimetre asbestos limit safe for miners and sufficient to prevent asbestosis when strictly applied.

A United States government agency has recommended a limit of 0.5 fibres per c.c. Current U.S. regulations for the manufacturing industry limit asbestos fibres in a working environment to five per c.c. The limit is being lowered to two fibres per c.c. effective in July.

In Quebec, the provincial government has ordered asbestos companies to reduce levels to five fibres per c.c. by 1978.

## Olympics' progress looking good

**MONTREAL (CP)** — Emergency plans to hold Olympic track and field events at an alternative site have been shelved in light of satisfactory construction progress on the Olympic stadium, reporters viewing the site were told Monday.

Victor Goldbloom, Quebec minister responsible for the Olympic installations board, said he is also confident the stadium's swimming facilities will be ready for the scheduled opening of the Summer Olympic Games July 17.

Following a tour of the east-end stadium site with about 100 reporters and photographers, Mr. Goldbloom told a news conference that "the stadium is taking shape" and that "it is definitely the stadium as far

as track and field are concerned."

Although he could not give the same assurance for the swimming events, the minister expressed confidence that a "catastrophe" plan to change the pool site would not be used.

Mr. Goldbloom and his colleagues won the approval of the International Olympic Committee (IOC) at a

meeting in Innsbruck, Austria, two weeks ago to proceed with a plan to complete the bare-bones construction of the 70,000-seat stadium.

However, the IOC demanded that emergency arrangements be prepared to shift the track and field and swimming events to the north-end Claude Robillard arena in case the stadium was not completed on schedule.

The minister told reporters that Olympic builders now are in a position to install 20,000 temporary seats in the stadium—approximately equal to the Claude Robillard seating capacity.

Builders are progressing "quite successfully" with the diving and competition pools located in the saucer-shaped stadium, Mr. Goldbloom added.

"We have made appreciable progress with regard to the critical path... and what we told the IOC we would be able to do appears to be in the process of being accomplished," the minister said.

The installations board must hand over the facilities to the Olympic organizing committee by June 6.

## Two killed, several held hostage in Beirut shootout

**BEIRUT (AP)** — Gunmen shot and killed the engineering dean and the dean of students at the American University of Beirut today, then held a number of hostages at gunpoint, police reported.

Both the dead men were Lebanese. Their killers were believed to be Arab students expelled from the university during leftist campus riots, a police spokesman said.

Truckloads of police and Palestinian guerrillas were

rushed to the campus, witnesses reported.

The police spokesman said the killers were demanding safe conduct from the campus in exchange for the hostages.

The two dead men were Raymond Ghosn, the dean of engineering, and Robert Nujeimi, dean of the students' board.

The six hostages included university vice-president George Hakim and Dr. George Sayegh, director of

personnel, and other university officials.

## Quebec to act on report about juvenile detention

**MONTREAL (CP)** — The Quebec government—committed to ending the dark ages of juvenile detention—will take rapid action to set up a new network of community-based treatment facilities for youth, Social Affairs Minister Claude Forget said Monday.

The overhaul of the juvenile institutions system will be implemented along guidelines contained in the

Batshaw report, released Monday after a year-long study of 73 juvenile centres. It recommends minimizing the use of detention cells by setting up "reception centres of the future" linked to a range of services in the community.

Mr. Forget, who said he supports most of the 166 recommendations in the 11-volume report, said decisions have already been made to limit the use of

maximum security centres by offering such alternatives as youth hostels, foster homes, group homes and community rehabilitation programs.

One priority is to close the east-end St. Valier boys detention centre "within a matter of weeks," and transfer the people there to Maison Notre Dame de Laval, Mr. Forget told a news conference.

## PC leadership race going into final lap

**OTTAWA (CP)** — Brian Mulroney is believed to be brooding and brainwashing himself somewhere south of Montreal in preparation for the big push later this week.

People backing Paul Hellyer and Claude Wagner—said to be potential allies if the going gets rough—are busy on their stop-Mulroney campaigns.

And the men and women around Robert Stanfield are talking of stopping them all perhaps in favor of Alberta MP Joe Clark.

In other words, the warfare is warming up in advance of the Progressive Conservative leadership convention that opens Thursday and winds up three nights later with a new leader to replace Mr. Stanfield.

Outward signs of the contest are on display already in the 7,000-seat convention arena while the

backroom ploys are plotted and the car-room digs delivered.

In the Civic Centre hockey arena, barely more than a mile from Parliament Hill, the cherry-picker cranes and high ladders elbowed each other all day Monday for prime poster spots on the walls, ceilings, windows, even door-jambes, of the convention place.

**POST PLACARDS**

While the voting was still more than three days away, every possible poster space was festooned with jostling placards proclaiming Brian Mulroney and Claude Wagner, Paul Hellyer and Joe Clark, Sinclair Stevens, Flora MacDonald, Heward Graffey, Jack Horner, Pat Nowlan, John Fraser and Jim Gillies.

Not a single sign showed for R. C. Quittenton of Windsor, Ont., the 12th candidate in the field.

## Play to be presented at Bishop's University

LENNOXVILLE — John Osborne's powerful play "Look Back in Anger" is the second play to be presented in the Bishop's-Champlain Cultural Series. It is a major production of the Bishop's Drama Department, directed by London Green and acted by students from the drama department. The play will be performed for four nights, Wednesday, February 18 through Saturday, February 21 at 8:30 p.m. in Bishop's Centennial Theatre.

The play, one of the best-known pieces written by this important British playwright, is a searing, deeply-moving look at love at times amusing, at times almost violent in its intensity. It penetratingly examines the relationship between Jimmy, a restless, aggressive and vital working class man, educated at a "common" university; his

wife, Allison, a vague, removed product of the British ruling class; their friend, Cliff, who lives with them and acts as a gentle buffer between them; and Helena, a friend of Allison's, whose air of authority and dignity create a shift in the delicate balance which exists in the household.

While the play sometimes shocks, it ultimately gives hope that man does in fact have the capacity to care and to love and recognizes that doing so can be painful. Yet, it affirms that only by caring and loving does man transform himself and make a meaningful life.

The cast includes Janet Adecock, Meredith Lewis, Robb Owen, Niel Stone and Tom Thibault. Cultural Series tickets will be honored on the first three nights. Reservations may be made by phoning the box office at 563-4966.

## Annual vestry meeting held

LENNOXVILLE — A combined Parish Supper and Annual Vestry Meeting was held in St. George's Parish Hall, Lennoxville, on the Fifth Sunday in Epiphany, February 8th, beginning at 5 p.m.

The success and enjoyment of this format was due, in no small measure, to the efficiency and cheerfulness of officers and members of the Evening Branch of ACW, with Mrs. Elson as Hospitality Chairman, who did the planning, catering and serving for the meal. They received special congratulation and thanks at the meeting itself.

The Archdeacon was elected chairman of the Annual Vestry, which began at 6:15 p.m., and John Warlund was appointed Vestry Clerk. Among the highlights of the past year was playing host to the opening Eucharist of Diocesan Synod, and the visit of Archdeacon F. Chang-Him of the Seychelles Islands. Everyone was also filled with thanksgiving for the recovery to good health of the bishop, and sent him a message of affection and regard. Various reports, including the wardens' reports and statements, reports of parish societies, were moved for adoption, seconded at the end, and were, for the most part, before the members of Vestry in a typed and mimeographed booklet, including a report by the Convener of Lay Readers, Mr. H. A. Simons, and the Director of Music, Mrs. L. S. Pennington, C.D.A.

The parish looks forward to having the Upper Room used for a special course during Lent, sponsored in part by the Archdeaconry C.E.C., and led by the Rev. Laurie Scyner, of Montreal Diocese. Rev. Donald Dodman, of Schefferville

and Matimekosh Village, will be a guest on Friday, February 20th, at the ACW meeting, and as preacher on February 22nd at 10 a.m.

The parish aspects of Diocesan Mission were discussed and long-range plans to attend the closing Eucharist on Pentecost at the Cathedral in Quebec City.

Confirmed in office or newly-elected were the following: Rector's Warden, John Bertram; new People's Warden, M. S. Armstrong; Assistant Rector's Warden, R. C. Tracy; Treasurer, L. J. Hewitt; Chairman of Sidesmen, U. Cryan; Social Action Secretary, Mrs. Dorothy Barnett; Vestry Clerk, John Warlund; Secretary of the Parish Council, Prof. Peter Wilson; others elected to the Parish Council, Miss Barbara Hewitt, Mrs. Ena Smith and Prof. G. Retzleff; Synod Delegates, Dr. K. Atto, H.A. Simons, Bruce Clarke; Alternates, H. Woolleton, Kenneth Herring, Prof. Alan Jones; Delegates to Youth Synod, Miss Janet Yeandel and Blair Ross; Auditors, Robert Calder and Kenneth Herring; continuing as Sexton, Ernest Warnes.

Votes of appreciation were made to the Archdeacon and Mrs. Meade, to the wardens and other parish officers, a special mention of Frank Yeandel, who retires as People's Warden, and of a number of people who have continued to give support and encouragement in various ways, to the total program of parish life. Ernest Warnes was welcomed back as sexton after illness, and H. A. Watkins was accorded a vote of thanks for his taking on of duties in this interim.

The closing prayer asked for greater commitment and a personal involvement in Diocesan Mission in the parish.

## It's school as usual Wed. for ETAT

EASTERN TOWNSHIPS (GA) — The Eastern Townships Association of Teachers will not be walking out tomorrow, February 18 contrary to the announcement in yesterday's Record, according to Don Jondreville, ETAT president.

In an interview yesterday Mr. Jondreville said teachers throughout the province plan a one-day walkout in protest to the bog down in negotiations between the Quebec Association of Protestant School boards and the government. However, last night he said despite the fact that the ETAT is a member

of the Provincial Association of Protestant Teachers, they will not be joining other teacher's in the province tomorrow in the walkout. "Our situation is a little different," Mr. Jondreville explained. We do not intend to follow the PAPT on this one day strike because of our part in the out-of-court settlement agreement made with the Eastern Townships Regional School Board after they had served us with a court injunction alleging an illegal withdrawal of services," he said.

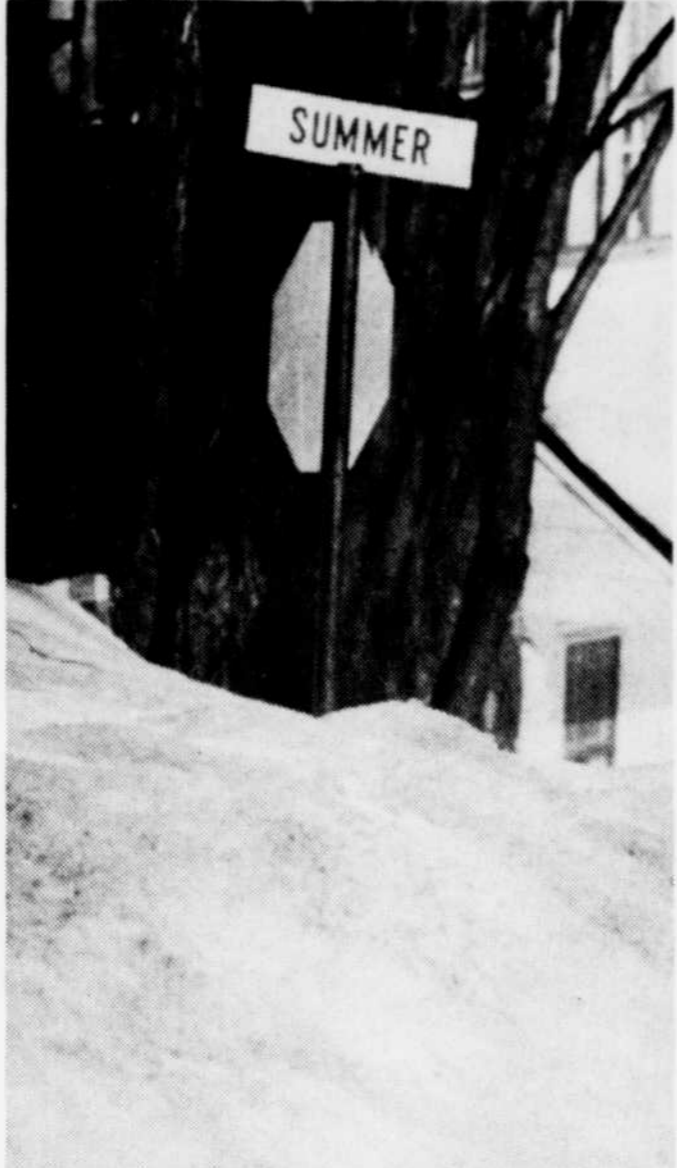

This injunction, taken out by the ETRSB last December was in direct response to the ETAT

sporadic sick-ins during the month which forced the closing of area schools during the particular day the teacher sick-ins were being carried out. The ETAT at the same time had imposed a work-to-rule policy which brought all student extra-curricular activities to a standstill.

Since the out-of-court settlement which was arrived at between the ETAT and the ETRSB teachers are back at school. Also, in what they term a show of good faith, they have lifted the work-to-rule policy.

"We are sorry for the misunderstanding yesterday's erroneous report

might have caused. However, we are definitely not participating in tomorrow's province-wide walk-out," Mr. Jondreville said. "We have filed a notice of conciliation with the government seeking their permission to strike but as yet we have not received this permission. Until we do, we do not plan any further action with regard to walk-outs or strikes. We intend to honor our part in the out-of-court settlement agreement and intend to keep our schools open for instruction until we hear further from the government regarding our right to strike," Jondreville said.

SIGN OF SUMMER — Not really, it's only a Lennoxville street sign. It would seem to even the least pessimistic that summer is a long way off as old man winter continues to give us snow, wind and freezing rain.

## Summer youth programs announced

OTTAWA — Secretary of State J. Hugh Faulkner has announced the renewal of two summer programs for youth, the Student Community Service Program and the Hostels program.

Some 8,000 people are expected to be involved in this year's Student Community Service Program, which will have a budget of \$5.848 million. Summer employment will be provided for 3,000 students while another 5,000 volunteers will also be involved. The program is designed to employ students and mobilize volunteers to work toward the strengthening of voluntary organizations thereby improving their capacity to respond to community needs. The

program also helps promote a better understanding between voluntary organizations and the general public by channeling the energy and imagination of youth into the voluntary sector.

The program will operate this year from May 3 to September 17. Salaries for students will be \$120 a week. Interested voluntary organizations can obtain application forms which will be available at regional offices of the department. (See attached list). Deadline for receipt of applications is March 1, 1976.

The Hostels Program, with a budget of \$969,000, will make grants available to hostel associations to operate approximately 85

Hard work hallmark of Flora MacDonald, politician

OTTAWA (CP) — Flora MacDonald is running for the national Progressive Conservative leadership because she thinks she can "do something for people." It is a motive that has driven the 49-year-old MP for Kingston and the Islands since girlhood in the 1930s when she grew up in the difficult Depression years on Cape Breton Island.

One of six children of a North Sydney, N.S., telegraph operator, she remembers feeling that government was remote and largely unconcerned with the problems of working families such as her own.

"We had a feeling someone had forgotten us," she says. "The people we thought of as oppressors were the party in power—the Liberals."

IN 'RED TORY' RANKS

Such views led her naturally into the Conservative party, but just as naturally into the "Red Tory" ranks of the party's left wing.

The result is a campaign platform that contrasts with many of the right-of-centre candidates running against her for the job Robert Stanfield will give up at the Ottawa Civic Centre Feb. 22.

She is moderate on abortion, against capital punishment, tough on environmental standards, sympathetic to natives and progressive on prison reform.

She is also the first woman to make a serious bid for the Conservative leadership.

"I am not running as a woman," she says again and again. "I am running as a leader who is a woman."

RAN HARD

But running she is—and hard. She has crossed and recrossed the country since the fall, flown thousands of miles, threaded icy roads, met hundreds of delegates, made countless speeches, and worked up to 18 hours daily to collect pledges of support.

Can she win?

"No, not likely," says one senior Conservative. "She should do well, finish very respectably. But win? It would take a miracle."

Others, including Fundy Royal MP Gordon Fairweather who is working hard on her campaign, are more optimistic.

Mr. Fairweather, a veteran Red Tory spokesman in Parliament, gives his fellow Maritimer high marks and credits her with having a feel for how the country operates.

She takes politics seriously—too seriously perhaps—and drives herself so hard that friends worry, he says.

"For Flora, I'd stay up all night."

LESS IMPRESSED

Less impressed is Stan Darling, the stocky and outspoken MP for Parry Sound-Muskoka.

"She tends to be namby pamby. She wants a chesterfield in all the prisons."

"She was walking on air after that Thatcher woman won," he added, a reference to Margaret Thatcher winning the British Conservative leadership last year.

One invaluable asset to Miss MacDonald has been the contacts she built up through long years of behind-the-scenes work before first running for Parliament in 1972.

She estimates that she has worked in nearly 40 election campaigns of one sort or another over the last 20 years, meeting hundreds of party workers and organizers across the country.

Many will be delegates at the four-day convention and she has campaigned all-out to win their support.

Historical Compromise

After a month without a government, Italy has taken another step towards the "historical compromise" — the euphemistic term for the future entry of Communists into the government. The Christian Democratic party led by outgoing Premier Aldo Moro has formed a minority government, and since the Christian Democrats command only about one-third of seats in Parliament, and are riven by internal divisions, the prospects are that the government will lurch from crisis to crisis, dependent upon the support of the Socialists and the various minor parties; or of the Communists who may well see in Mr. Moro the man whose helping hand will bring them to power.

As early as in 1969, Italian observers predicted that Mr. Moro will be the first head of a government with Communist participation, and the seven-year old prophecy is well on its way to fulfillment. Meanwhile, the Lockheed scandal, the CIA billions and similar dirty linen washed by the United States Congress in the columns of The Washington Post, will tempt politicians to vent their petty hatreds and jealousies, as they jockey for non-existent positions, while the Communists benefit from the scandals, proclaiming that their hands are clean.

This is a lie, unless one assumes that roubles, unlike dollars, do not stink. Since 1945 the Italian Communist party has been financed by the Soviet Union, which insists that Italy's entire trade with the Soviet bloc be channelled through Communist-owned corporations whose enormous profits go into the party coffers. Added to which, the party has sold a large number of bonds to the party faithful — bonds redeemable "after the final victory over the forces of imperialism and reaction."

However, no such expressions appear these days in the writing and speeches by the present leader of the Italian Communist party, the 54-year-old Sardinian aristocrat, Enrico Berlinguer. A veteran Communist who was already a party member under Mussolini, Mr. Berlinguer is also a splendid organizer. He has restructured the party, changing it from the simple and ruthless organization of the Bolshevik fathers to the subtle, Machiavellian — and equally ruthless — organization of the sons. The new human face — or is it a mask? — of the party has allowed it to occupy important positions in the Italian police, the army — the "unionization" of soldiers now plaguing France began in Italy — and, of course, at the universities. Italian counter-espionage services have been as demoralized as has been the CIA while the operations of the growing number of KGB men stationed in Italy are facilitated by collaboration with selected local Communists.

While Mr. Berlinguer utters honeyed words about democracy, he does not conceal his basic sentiments, as evident in a recent interview with the Turin La Stampa.

"It is true," Mr. Berlinguer told the Turin paper, "that we support the fundamental philosophy behind the policy of peaceful co-existence and detente that is being tenaciously pursued by the Soviet Union ... It would be irresponsible of us not to recognize what is widely recognized elsewhere, that the Soviet peace policy is in the general interest of mankind.

In Angola, for instance?

When it comes to the "building of socialism, objectively overdue and necessary today for the salvation of Europe" — and please note the Marxist "objectively" — will the old Stalinist fathers within the Italian party continue to lie low? Will the Soviet Union miss this opportunity as she may have missed that of Portugal? Surely no Kremlin leader could survive a second fiasco. Mr. Berlinguer's opponents concede that he alone can carry Italian Marxism to victory. And when this happens the repercussions will be beyond imagination: NATO will disintegrate, the Americans will leave Europe and the cause of freedom and democracy will be lost for a very long time.

The Russians know what the Americans, who no longer study history, have forgotten, that Italy is a key country that would be vital even if it were uninhabited. The Po valley in the north is a glacis between East and West; the rest of the peninsula is a jetty dominating vital communications in the Mediterranean. Most of the wars for the control of the world were decided in this general area, from Actium, in the days of Rome, to Lepanto, when the Venetians defeated the Turks, to Trafalgar in the Napoleonic wars and on to Cape Matapan in the Second World War. At present, the Soviet naval power in these waters is second to none.

Last Chance to Select Slogan

WASHINGTON — Our search for the official bicentennial slogan ends today. You have until midnight to help make the selection. Here are the six finalists:

1. America is your past; you are her future.
2. America — the possible dream.
3. Honor the past, challenge the future.
4. Take pride in America's past; take part in America's future.
5. Stand fast, stand tall, stand American.
6. Freedom's way — U.S.A.

Pick your favorite by number, write the number on a stamped postcard and sent it to SLOGANS USA, Box 1976, Washington, D.C., 20013. Be sure your vote is postmarked before midnight.

Our quest for a national slogan brought an outpouring of patriotic sentiment. We were deluged with more than a million slogans, many of them accompanied by letters and drawings about the greatness of America.

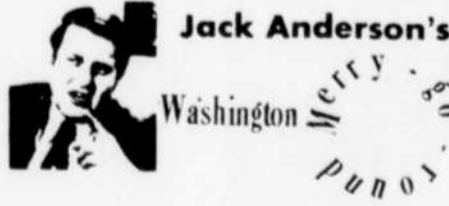

There were also a few detractors; it's their letters we want to answer today. Some objected to the bicentennial hoopla. They think it is gaudy and vulgar and tasteless.

Maybe so. But we Americans have a gaudy side. We have always liked our circuses and carnivals and snake oil salesmen. So let the spectacle go on.

Some complained that we have defaced America the beautiful by belching smoke into its air and slag into its rivers, by paving it over and covering it with ugly construction.

They have a point. But it was the nature of this country to be short on planning and long on refuse. We were in a hurry.

Besides, America was never intended to be just a recreation site for campers. It was a place where a worker could get a job, put up a roof and chisel out a new life. Our fathers came here to dig in the

earth for coal, to make steel, to pour concrete, to build the factories and homes needed for 200 million. Oh, in our heedlessness it got away from us, but we have begun to set it right.

There are a few whose disaffection runs deeper, who wrote that the America of today is a mockery of the past, a testament of failure.

Not so. We know it isn't so, because we are the descendants of those "huddled masses" who came here, who struggled and suffered, and we know the improvements wrought in our lives are not a mockery but a fulfillment.

Others charged that our politicians are corrupt and our institutions unresponsive. The Lord knows that is often the case. But the fathers didn't say America would perfect mankind. They said it would give people the right to throw the rascals out. And so we can, and do, and must keep on doing.

Some wrote bitterly that today's America is a betrayal of the ideals of the founders.

That is because they judge the reality against the dream, instead of against the progress toward the dream. We forever complain, for example, when officials violate the almost absolute freedom of the press guaranteed by the First Amendment. But we acknowledge that there is more press freedom in America today than in previous eras, and certainly more than exists anywhere else.

We received many complaints against

the press. True enough, the press is far from pure. The powerful men of the press have developed close and cordial relationships with the powerful men in government. They converse together; they dine together; they party together.

The experience is enough to convince some reporters and editors that they are architects rather than chroniclers of policy. Those who are taken in adopt the attitudes of the people they are supposed to watch.

Reporters who go along with the powerful and act as explainers and apologists for those who violate the public trust, must be considered accessories. Like the politicians and the special seekers, these press people sell a little of themselves each day.

Abraham Lincoln knew as much about the meaning of America as any man, and he knew all about its failures, crooked politicians, exploited minorities, broken promises, trampled rights, ravaged lands and the rest.

But he also knew that this country represented something strangely hopeful, something new in the world, maybe the only new thing in the relationship of man to man for thousands of years — the idea of freedom and an equal chance.

When in 1863 the Union forces gained control of the lower Mississippi, he saw it as a symbol that the nation would be preserved to pursue this new thing, this second chance for mankind. And he wrote a message of Thanksgiving:

"Thanks to all: for the Great Republic, for the principle it lives by and keeps alive, for man's vast future, thanks to all."

Because the Republic still lives and keeps alive that principle in the world, part of man's vast future has been fulfilled, and the rest is still possible.

We have much then to do, and we have much to celebrate.

LED CLASS

Hard work has been a hallmark of the tall, slim redhead since her Cape Breton school days. She led her class in high school and landed a prize \$40-a-month job as a junior bank clerk when she graduated.

Nine years later, she set off to see the world, quitting her job, hitch-hiking around Great Britain and Europe, and working at odd jobs. She once typed a manuscript for novelist Daphne du Maurier and at other times picked up money as a grouse-beater in Scotland and a grape-tramper in Portugal.

In London, where she worked in a department store, she whiled away free hours listening to debates in the House of Commons.

Returning to Canada, she made her way to Ottawa and, in typical practical fashion, found a job at national Conservative headquarters before locating a place to live.

MOVED UP

Over the next 10 years, she was promoted up the ladder to national party secretary, a job that ended abruptly when she was fired for "alleged" disloyalty to John Diefenbaker.

The former prime

minister, then in the throes of his leadership struggle with Dalton Camp, party president at the time, still harbors a grudge. Neither "The Chief" nor Flora speak when they meet in Commons lobbies or corridors.

After being sacked, she took an administrative job at Queen's University in Kingston, got deeply involved with the Committee for an Independent Canada and put down the political base she needed to run for Parliament in 1972. She won by a landslide, taking over the seat that had been held by former Liberal finance minister Edgar Benson. Mr. Benson retired from politics just before the election.

LIFE SIMPLE

As an MP, friends say Miss MacDonald lives a simple life, informal, isolated but not lonely. She occupies a sparse Ottawa apartment, has a penchant for late night phone calls, enjoys movies, but makes politics her overriding concern.

Frequently she is asked about marriage.

"I've always led a very independent life," she says. "You had to, to do the things I did. ... But don't think there haven't been times when my heart was broken."

Quote/Unquote  
What people are saying...

"We cannot resign ourselves to making money by putting deadly weapons in the hands of others. The commerce of arms is becoming an institution. My cry, which is that of thousands of men and women who are wounded or dying, is that we must build peace."

— Francois Cardinal Marty, Archbishop of Paris, appealing to the French government to curb sales of French-produced weapons to other nations.

"While skiing, I do the opposite of the commercial — I put it on, put it all on to keep warm."

— Gunilla Knutson, of "take it all off" shaving cream commercial fame, who is competing in skiing events in Bormio, Italy.

"Caning is one of the last vestiges of legalized violence in our society today."

— Dennis Canavan, British member of Parliament, introducing legislation to outlaw corporal punishment in British schools.

"The president made his priorities crystal clear: high government spending for war, which means more inflation; continued cutbacks in vital social services; maintaining unemployment; giving free rein to the CIA; and getting us deeper into Angola. Mr. Ford asks us to accept this — and even to vote for it — in the name of 'common sense.'"

— Peter Camejo, presidential candidate of the Socialist Workers Party.

"My philosophy of mandatory imprisonment does not envision vindictive punishment of the criminal, but protection of the innocent victim. Reasonable mandatory minimum sentences can restore the sense of certain imprisonment essential to preserve the deterrent impact of criminal law."

— President Ford, calling for mandatory minimum prison sentences.

"The overwhelming majority of the international community finds it natural to support the Palestinian aspiration

for independence and sovereignty in Palestine."

— Farouk Kaddoumi, leader of the PLO's delegation to the United Nations.

"Most cities across the United States now are looking for new sources of revenues. It may be new property taxes, or new sales taxes — to balance the budget. This isn't because we are expanding services. We are contracting services. That is the anomaly so many of us are faced with."

— Moon Landrieu, mayor of New Orleans, on the fiscal crisis that is affecting most U.S. cities.

"The utility of pre-election polls lies in their ability to explain what the mandate of the candidate is and what it isn't. But this seems of little interest to the press — and maybe the public, too."

— Burns W. Roper, head of the Roper organization, criticizing the amount of political poll-taking.

"Judicial killings are as treasonable to the sanctity of human life as non-judicial killings. Laws that retain capital punishment are based more on revenge than consideration of the public good."

... The numbers deterred by the certainty of capital punishment are too few to justify the retention of such barbaric social retaliation."

— Dr. Guy Richmond, a retired physician in Canada's Penal system, in his book, "Prison Doctor."

"We cannot be expected to bear the major burdens for remedying balance of payments problems in which the actions of others play such a significant role. There is a collective obligation to act. There must be a joint program involving both the industrialized as well as the oil-producing countries."

— Secretary of State Henry Kissinger, urging the oil-rich nations to channel some of their profits to poor third world nations.

QUEBEC — A confident Premier Duplessis said last night that elections will be called "soon" and predicted that "not 10" Liberals will be elected.

The premier gave no date for the vote but is expected to be in June or early in July. His Union Nationale forces were re-elected in 1952 for a five-year term but it is traditional to hold elections every four years in Quebec.

NEW YORK — Herbert E. Volmer of Columbia University, made two world records and one American record in winning the 220 yard swimming championship of the Metropolitan Association of the Athletic Union, in the New York A. C. tank last night. Volmer's time for the full distance was 224 4-5, three-fifths of a second better than Daniel's world's record in 1909.

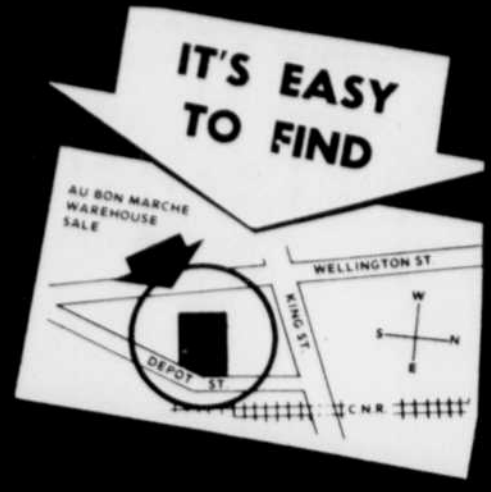

CHICAGO — Plunging the length of a sixty foot tank in nineteen seconds J.P. Litcher of the Chicago Athletic Association last night established a new world's mark for the event.

## White - Westgate

The Ven. Stuart Martin officiated at the marriage of Wendy Westgate and William David White. Arrangements of red poinsettias and Christmas trees were used as decoration.

The bride, given in marriage by her father, made and wore a white silk empire gown, the bodice with a scooped neckline, long chiffon bishop sleeves with deep cuffs, lace-covered, lace-trimmed waistline, neckline and hemline, with an A-line skirt. She wore a long veil of tulle illusion held by a matching lace headpiece and carried a loose bouquet of long-stemmed deep red roses.

Miss Nancy Lewis, maid of honor, was in a sleeveless burgundy chiffon velvet gown, the fitted bodice with a scooped neckline and falling into a wide skirt. She wore a matching long sleeved jacket and headpiece and carried a bouquet of red,

white and pink carnations. John Wolff of Toronto was best man and Ward Westgate, brother of the bride, acted as usher.

Mrs. Westgate wore a dark brown, rose-flowered, soft silk gown with short cape sleeves and a matching silk red rose corsage.

Mrs. White was in a mint green silk gown with full-length flowered coat and a corsage of white feathered mums.

Mrs. R.J. Westgate and Miss Emily Ward, grandmother and great-aunt of the bride respectively, were special guests as well as Miss R. Nussey, the bride's aunt from Chad, Africa.

Following the reception held at the Windsor Hotel, Mr. and Mrs. White left on their honeymoon, the bride travelling in a grey-blue printed knit ensemble with a red rose corsage.

The couple will reside in Toronto, Ont.

STANSTEAD (IH) - The regular monthly meeting and the annual meeting of Stanstead Chapter IODE was held on Monday afternoon, February 9, postponed because of inclement weather from Feb. 2, in LeBaron Hall, Stanstead College Reception Room.

Mrs. Agnes Myers, the Regent conducted the session which she opened with words of welcome to the 28 members attending. As this was the end of the fiscal year and the beginning of another she read an article "Ask Yourself these questions" that was a challenge to all. Reports were heard.

In an appeal from a Junior Chapter in St. Lambert for T-shirts to be forwarded to Africa, several were turned in, however other members not aware of this project but wish to donate will bring them to the March meeting before being forwarded to St. Lambert.

Stanstead Chapter has now an adopted African boy and Mrs. Myers read what the annual payment of \$108.00 does for this lad in the way of food, clothing, education and so forth. The lad was adopted through CanSave plan.

Several thank you's were read, also the resignation of Mrs. Carroll Smith because of ill health and a gift of money from her for Chapter projects. Mrs. Smith has been a member of Stanstead Chapter for many years contributing much through her talent and time. Her resignation was accepted with regrets and the wish for her improved health.

Brief reports were given by the secretaries of Services, membership, Echoes, Citizenship public relations and Education.

In reference to the Provincial poster com-

petition, Mrs. Merton Davis, Citizenship secretary, said she had visited the Ursuline Convent, Stanstead College and Sunnyside school inviting the students to participate in this competition. Although the posters will be forwarded to Montreal for competition, the members, upon Mrs. Davis' suggestion agreed to give prizes at the local level to total \$30.00 which would be three prizes in each of three categories.

A Thank you card signed by the Senior Citizens who went on the bus trip to the Ice Follies in Montreal on January 31 was circulated as an appreciation to the Chapter towards the expenses involved, with a gift of \$100.00.

ANNUAL MEETING - The annual meeting then took place with Mrs. Myers calling for annual reports.

Education, Mrs. George Carruthers noted 59 IODE calendars sold for 1975 year. A total of \$1,283.40 was spent in the field of education at the National, Provincial and local level. Locally to the Dixville Home, Austin Butters Center, assisting local students with a scholarship and a bursary as well as other financial aid, prizes to the schools, vitamin pellets for Sunnyside.

Services at Home and Abroad, Mrs. Howard Aikman, stated a donation of \$25.00 to the Stanstead Legion Branch campaign and Remembrance wreaths placed. The adoption of the African lad; Christmas gifts to the Northern Canadian Indians and to the Douglas Hospital in Verdun. Material contributions to the Dixville Home and Butters Memorial Center; \$60.00 to the Community Christmas basket fund; 14 Ditty Bags made, filled and sent to Montreal IODE House for

distribution; \$150.00 to the Haskell Library; a total of \$410.00 to the Three Villages Swim School; \$100.00 to the Border Minor Hockey League; a total of \$110. to the Three Villages Brownies and Girl Guides; yards and yards of Dominion Store sale slips, all without the latter totaled a value of \$3,188.

Many local people save the Dominion slips and pass them on to IODE members which is much appreciated by the Chapter.

Citizenship, Mrs. Merton Davis noted contribution to the Canadian Scene and Peace Garden, much of her report was covered with that from Services Secretary, however in addition, many local homes were visited where there are shut-ins, action taken on pollution, heard a speaker on the topic of drugs and drug abuse, a

film on Frontier College, IODE roses purchased and donated to Stanstead College and the Ursuline Convent.

The flower pictures of each of the 12 Canadian provinces were framed and donated to Sunnyside school where they are hung in the entrance corridor.

Membership, Mrs. Ruby Greer said the 1975 year showed the membership was 47 paid members plus one honorary member and two life members. There was one resignation during the year. Average attendance at the meetings was 25.

Echoes, Mrs. Frances Finlayson, said 48 members are receiving this magazine. Items from the magazine, a quarterly, have been read at each meeting.

Public Relations, Mrs. Ivy Hatch, said all Chapter meetings and events were

well covered through the press, radio and TV, with a "Thank You" to the news media for their space and time to promote IODE.

Standard Bearer, Mrs. H. M. Cass said the Order and this Chapter use the three flags, that of Canada, the Province and the IODE that are displayed at all meetings and the annual bazaar.

The annual report of the secretary, Mrs. Simone Dubois, much of which was covered by the various secretaries, noted ten regular and two executive meetings held during the year.

Stanstead Chapter hosted the first Provincial area conference in October which was a success.

The September bazaar registered a record attendance and outstanding financial success. This is the one fund raising project of the year and it is only from the money raised in this way that the work of the Chapter can be carried on.

Mrs. Mabel Wallace, program convener, arranged for interesting programs with slides, speakers, and so forth. The marathon Bridge games were well supported and the money raised in this way is contributed to the Three Villages Swim School.

Mrs. Wallace, acting treasurer, gave the financial picture that noted the year ending with sufficient funds to cover distributed to worthwhile causes.

Mrs. Finlayson, Calendar hostess, thanked all who had acted as such during the year.

The retiring Regent, Mrs. Myers gave her report. She noted the past two years as Regent were historic ones, for, in April, 1974, she attended the annual Provincial Chapter session, June of the same year Stanstead Chapter celebrated its golden anniversary; in the autumn she attended an anniversary celebration in Valleyfield, then in 1975 came the Provincial anniversary, and the same year she was in Fredericton to attend the National 75th anniversary, and last October the Provincial first area conference was held in Stanstead.

Mrs. Myers paid tribute to Stanstead Chapter executive and members, for all have given her their support and worked to make the years a success making the concern for others their own for the Order.

Mrs. J. S. McCannel presented the slate of officers.

Elected as Regent was Miss Barbara Lax; Vice Regent, Mrs. W. B. Dustin; Secretary, Mrs. Simone Dubois; treasurer, Mrs. Merton Davis, assistant treasurer, Mrs. Mabel Wallace. Secretaries: Social Services, Mrs. Douglas Jackson; Public Relations, Mrs. Ivy Hatch; Education, Mrs. George Carruthers;

Membership, Mrs. Howard Aikman; Echoes, Mrs. Frances Finlayson; Citizenship Mrs. Jean Beasse; Standard Bearer, Mrs. Roger Smith.

After the adoption of this slate, Mrs. Myers spoke to the assembly, then turned the chair over to Miss Lax, who spoke opening remarks and presented to Mrs. Myers, on behalf of her Chapter friends, a gold replica of the IODE anniversary rose.

The new business of the year was to complete details for the February 12th card party at the Border Curling Club in Beebe.

Mrs. Mel Van Sickle volunteered to write the February letter to the foster boy, after which the session adjourned.

The hostesses Mrs. Howard Majury and Mrs. A. E. Curtis served refreshments, the tea table, decorated in Valentine theme using red candles, flowers and a heart center. Mrs. Ivy Hatch poured.

Mrs. Ellen Wallbridge, a member of this Chapter, will speak at the March meeting, when Founders Day will be observed. The National Chapter IODE was founded on February 13, 1900.

PANTS for evening are very much a part of the spring-summer scene. Here a tunic in porcelain blue and chalk white snakeskin printed cotton batiste fits lightly over matching poplin pants. Designed with a tie belt and matching head scarf by Jean-Noel Haxo for Design Thai.

## Ann Landers says:

**Records deliver back messages**

Dear Ann Landers: I felt a special empathy with the young woman whose mother-in-law talked incessantly about her son's former girlfriend. I got the same treatment but it wasn't just ONE girl - it was several. Every time Bob's mother was present I had to listen to detailed accounts of the females who chased him shamelessly, phoned at all hours and camped on his doorstep. All this was designed to let me know I had snared a "prize." Bob never once attempted to stop her. In fact, he filled in the details if she forgot.

After a few months I decided enough was enough. When Bob and I were alone I began to tell him about all my old boyfriends. I started with a kid in the third grade whose name I couldn't remember. I talked non-stop for 30 minutes, dredging up every boy who ever smiled at me. By the time I reached high school Bob said, "I don't care to hear any more. You're boring the hell out of me."

I replied, "Good. Neither do I. Let's make a deal." So we did. The very next time his mother started to do her number Bob shut her up and I've never heard a word about his former flames since. - Problem Solved Twenty Years Ago

Dear Solved: Beautiful! There's nothing like playing a record back to deliver a message.

## Polly's Pointers

**Water conditioner cleans crystal**

By Polly Cramer

### Inflation Fighter

DEAR POLLY - I cannot remove an opaque film from the inside of my three crystal decanters. I have tried bleach, ammonia, dishwasher detergent, vinegar and a baking soda solution with popcorn kernels hoping the friction would dislodge the film. None of these worked so please tell me what I can do to make them clear and clean. - KATHERINE

DEAR KATHERINE - This film certainly resisted a lot of old standbys for such removal so I am wondering if anything will help. Try filling each of them with hot detergent suds plus two or three tablespoons of water conditioner, let stand overnight and then rinse well. Or, try shaking tea leaves and vinegar in each bottle until the deposit is loosened and then use a bottle brush to help remove it. Good luck to you. - POLLY.

DEAR POLLY - While working on my recipe file I needed some new index cards so I cut up plastic bottles with fairly straight sides - bleach bottles work fine. I made these "cards" the same size as the recipe cards, with one-half inch extensions at the top for the names of the categories. The names such as "Cakes", "Candy", etc. were put on with embossing but a marking pen could be used. - DORIS

DEAR POLLY - One of my Pet Peeves is with advertisers who send brochures and long letters that we do not have time to read. What I am most interested in is "What is the deal?" and "How much?" The price is usually almost invisible, so I just toss them in the basket, even if I might be interested in the product.

Another Pet Peeve is with those doctors who answer a patient in medical terms no ordinary person can understand. Then the doctor is annoyed when the patient asks for an explanation. I think they are obligated to explain any treatment or medication so it can be understood. - MILDRED

DEAR POLLY - Annie could use some of her many table napkins as guest towels arranged in different ways in her bathroom. They could hang from towel racks or some might be stacked on a small tray put on the sink, counter or anywhere they are easily accessible for guests. Some of these napkin-guest towels could also be put in the guest room. - E.D.H.

DEAR POLLY - At last I have solved the problem of remembering your Pointers. Whenever I see one that I think may be of use to me sometime in the future I clip it and paste it in a notebook.

## TODAY'S TREASURES

### Reality of moving hits home

By Jean Barnes

The Barnes household is experiencing a major upheaval. We are moving to a small town outside our large metropolitan area.

Now comes the personal test of all the advice we've been offering collectors over the years. Advice on culling and upgrading, what to keep and what to throw away, packing treasures to withstand the transition, appraisals and insurance.

We admit to being less than perfect as collectors, having already failed one test miserably. We've discovered just how much value sentiment

adds to a piece. For instance, a majolica plate in the napkin pattern has twice been broken and glued. It should have been discarded long ago, yet it holds precious memories of a friendship we can no longer enjoy. And so we have packed it with other majolica to be set in place in a new house.

For weeks we have planned our "sale." Yet as the packing progresses, the number of items to be sold grows fewer. We may just wind up having a "freebie" afternoon for friends.

While we are the first to appreciate the intrinsic values of collecting we equally appreciated the investment factor of collectibles and antiques. At this rate, however, it will be many years before we realize a profit on any investment. Another piece of advice we couldn't swallow.

In past columns we have urged collectors to have their collections appraised, to catalogue their treasures and carry adequate insurance.

We narrowly squeaked by on that test. Appraisal, "yes," catalogue, "finally," and insurance, "minimal." Again, sentiment played a staying hand. We know that no insurance policy would replace

our Orrefors wedding goblet nor the octopus our kindergarten fashioned as a Christmas present. Insurance will, however, compensate for all but the rare, one-of-a-kind object.

Some tests are still to come. The new house will have more space. Will we be more discriminating with our acquisitions or will that be an excuse for impulsive accumulating. We are rather eclectic in our tastes and have each pledged to curb the hasty-unplanned purchases.

# WI meetings

**MELBOURNE (JW)** — Mrs. Betty Vogelsanger entertained members of the Gore Branch W.I. at her home on Saturday, February 7. Eleven members were present and answered the roll call by handing in finished diapers for the Butters Home and mentioning an interesting activity of another W.I. branch.

Minutes of the last meeting were read and approved. The treasurer's report showed a good balance and was accepted. Correspondence consisted of a card of thanks from the Cancer Society and a report from the Provincial semi-annual board meeting. Some interesting items from this report were that: the cairn at Dunham has been declared a historical site and the surroundings repaired and made neat; the new hand book and constitution have been combined and are ready for printing; Life membership pins are now \$15, and application must be made three months in advance of presentation; one dollar per branch is being solicited for the repair and redecoration of the Adelaide Hoodless Home.

Education convener reported that county burseries had been awarded to Darlene Keenan and Jane Smith. Education convener read an article deploring the withdrawal of Eaton's catalogue. The article evoked nostalgic memories of the pleasures derived from the catalogue and its usefulness to all members of the community. Welfare and Health convener reported receipt of 1165 cancer squares, 4 pairs of bed socks and 24 hospital shirts. She read a short article urging a ban on spray cans. The fluorocarbon in these cans is thought a possible cause of skin cancer. Members were reminded of the County Annual Meeting on April 24, that the annual inter-branch competition held at Richmond Fair is to be a needle point picture and that the W.I. County tea would be on September 25 in the Legion Hall in Richmond.

**AYER'S CLIFF** — The Women's Institute of Ayer's Cliff met in the Church Hall for their February meeting, when fifteen members answered the roll call by bringing a suggestion for the new programme and payment of dues for 1976-77. One guest also attended. The meeting was conducted by the President, Mrs. Aileen Lord and opened with the Creed and singing two verses of the Ode. Minutes of the previous meeting were read by the sec'y and accepted after two corrections. The treasurer gave her regular monthly report, also a detailed report for the past year. This showed a busy and interesting year with a good working balance of cash to start the new year's work.

The annual conveners reports were given which showed considerable work had been accomplished during the year. The main project of the year is the School Fair at which all members work in some capacity and which is growing larger and better each year. A programme committee was appointed, consisting of Mrs. Lillian McFaul, Mrs. James Walker, Mrs. Wm. Robinson and Mrs. N. Pierce.

A gift was given to Mr. George Poole who celebrated his 99th birthday on Jan. 29. It was decided to order some more W.I. pens. The out-going President, Mrs. A. Lord gave a short address, thanking all the members who had supported her during her term of office and wishing the new president good luck. Mrs. W.B. Holmes took the chair for the election of new officers who were as follows:

The minutes of the January meeting were read by the Secretary, Mrs. Rita Downes and accepted as read. The treasurer's report read by Mrs. Lena Joyce, showed a goodly sum on hand, but we hope to raise more by holding a series of card parties before warm weather comes when we are planning extensive repairs on our W.I. Hall at Brookbury.

The card and Flower Convener, Mrs. S. Batley reported taking puzzles to a member's son who had broken his leg, and juice and fruit to one of the members' husbands who had been hospitalized.

Some discussion followed about the dinner given for the pupils of the Pope Memorial School at Hallow'e'en, at which our Branch assisted financially. Since many of the pupils, members and parents were not satisfied at the type of dinner served this year, it was decided to send a letter to the Secretary of the Bury W.I. stating our reasons for dissatisfaction, and, requesting that a member of our branch be included when plans are being made another year for this event.

The Secretary read the new program which has been drawn up for the 1976-77 W.I. year and this was accepted by the Members. A visiting Committee is to be formed at the next meeting to start in the new year.

## WINDSOR

**Peter Marsh pots hat-trick**

**Beavers run-over Shawinigan Dynamos posting 15-1 win**

The Sherbrooke Beavers held a shooting practice last evening at the Sports Palace against Shawinigan Dynamos when they ran roughshod over the Picard squad to post a walloping score of 15-1 in chalking up the verdict.

It was a one-sided affair with the Beavers dominating the whole show. Yves Guillemette, the Dynamos' goalie, saw more rubber than he had for some time. The Beavers bombarded him from all angles and although 15 goals got by him he robbed several in stopping a total of 65 shots.

The Beavers jumped to the attack right from the opening face-off and this set the pattern for the evening. During the first five minutes of the game the Dynamos didn't get a shot at Richard Sevigny, in fact they had only two good ones during the frame which Sevigny turned aside.

It was a wide open fixture with only five minor penalties called with three going to the visitors and two to the Beavers. There was the odd body-check thrown but nothing serious happened as it was a shooting

practice for the locals. Peter Marsh potted a hat-trick while Fern Leblanc, Bernard Harbec and Normand Lefebvre each scored twice with singles going to Ron Carter, Joe Carlevalle, Floyd Lahache, Denis Halle, Jere Gillis and Daniel Chicoine. Daniel Champagne was the marksman for the Dynamos. His goal was tallied just before the half-way mark in the third frame.

It was high-scoring affair and at the same time it was a wide open tussle. Beavers dominating the fixture. Time after time Guillemette was just out-standing as he blocked shot after shot while his mates were standing by, trying to help, but just couldn't seem to cope with the Beavers, who were in high gear.

The local rearguards also got in the fray and came up with some fancy rushing to help the offence while guarding Richard Sevigny. When a Dynamos player got in, which was rare, most of the time he was rushed with his shot and it was off target.

Sherbrooke opened the middle session in the same manner with an all-out attack and kept the pressure on all the time. After two

periods they held a 6-0 lead and Shawinigan, although out-shot by a big margin were trying to hold on.

In the final frame Leblanc opened with a goal then Marsh took over for his second of the evening. 24 seconds later the referee called a penalty shot and Peter Marsh drove in, deked the goalie rifled it into the lower side of the net. It was a nice play by the hard-working forward.

Richard Paquette got Shawinigan's only tally but then the Beavers bounced back with five unanswered tallies to sew up the decision. Brendan Lowe was used up front on the power play and he gave the Shawinigan defensemen plenty of trouble moving them around while his mates were trying to pot another tally.

The game ended right after with the Beavers buzzing all around Guillemette and he was doing his best to hold on. Fern Leblanc was the first star with his two goals and four assists while Peter Marsh had three tallies to go along with his three assists. Normand Lefebvre was picked as the third one.

Karen Magnussen, World Champion, will headline this year's cast of star skaters in the all-new Ice Capades opening at the Sports Palace from Feb. 25th to Feb. 29th.

**Sherbrooke Seminary Barons sweep by Richmond**

Sherbrooke Seminary Barons sweep Richmond, showdown with Stanstead this week.

The first-place Barons defeated Richmond Regional High School in all three categories last Friday night in ETIAC basketball action.

The Bantam boys in winning 31-19, were led by Steve Shelton with 14 points and Mario Roy with 8. It was the first meeting of the two young teams that are coached by two local basketball officials, Rollie Dewar for Richmond and Max Fortin for the Barons. Neither coach criticized the officiating at any time.

In Junior action, the Barons squeezed by 38-34 in a see-saw battle that went down to the wire with the two teams exchanging the lead five times in the final

quarter. Bob Mastine of Richmond led all scorers with 12 points while Jean Archambault was tops for the Barons with 9 points, all in the second half.

The Richmond Senior proved no-match for the powerful Barons who jumped to a quick 19-6 lead in the opening minutes and built that to a 57-17 halftime margin.

The final buzzer ended the one-sided contest at 91-38. The game's top scorers were Barons' Claude Belleau and Normand Lamothe at 15.
