## R-100 CONTINUES TO MAKE GOOD SPEED IN SPITE OF SEVERE RAIN

British Dirigible, Forging Homeward After Her Visit to Canada, Last Night Narrowly Escaped Terrific Storm—Navigation Officers Manoeuvred Ship Down to 1,000 Feet Above Sea Level and She Cleared Disturbed Area Soon After—In Spite of Weather, Ship Continues to Maintain Her Pace and All Is Well on Board.

### BOARD THE AIRSHIP

A R-100, Aug. 15.—The R-100, giant British dirigible, forging homeward after her visit to Canada last night narrowly escaped a terrific storm which came rushing down upon her shortly after sunset.

As evening fell the temperature dropped sharply and great black clouds filled the sky. Navigation officers manoeuvred the ship down to 1,000 feet above the level of the sea and she cleared the area of the disturbance soon after.

Passengers watching the onrush from the promenade deck, were loud in their praise of the ship and the ease with which it was handled in a situation which, for a few moments, looked like an emergency. Shortly afterwards a deluge of rain poured down from the dirigible but seemed not to check her speed in the least. She continued to maintain her pace and all was well on board.

### DISCUSSING RETURN OF AIRSHIP IN SEPTEMBER

ABOARD THE AIRSHIP R-100, Aug. 15.—Safety, comfort and speed of airship flight are being amply demonstrated on this trip. Early in the afternoon, after flying for fifteen hours, the ship passed the Canadian Pacific steamship Empress of Australia, which left Montreal thirty hours ahead of us. The encounter between the airship and the liner was an impressive contact between the new and the old.

According to plans which have been tentatively discussed, the R-100 may return to Canada in September to inaugurate regular trans-Atlantic commercial air travel. Should this be the case, the ship, on her return voyage to England, will carry Premier R. B. Bennett and his colleagues to the Imperial Conference. Delegates in this way will save valuable time, enjoy a very comfortable journey and learn at first hand the value of air travel and the inevitability of its development in the very near future.

Newspaper representatives aboard the dirigible, seeking to be helpful, got themselves in Dutch with the ship's officers. They volunteered to pump petrol to the engines; in some fashion a dump valve had been left open and an irate officer demanded to know what they meant by pumping petrol into the sea. Luckily the mistake was quickly discovered and only a few gallons of precious fuel were lost.

## FIGURES SHOW A DECREASE IN EXPORT TRADE

June Figures, Showing Exports to Canada from United States Less by \$20,000,000 Than Last Year—Imports Also Fewer.

WASHINGTON, D.C., Aug. 15.—Exports to Canada from the United States during June were about \$20,000,000 less than for the same month last year. Imports were about \$88,000,000 less.

The figures are, exports: 1930—\$59,715,152; 1929—\$80,483,894. Imports: 1930—\$36,503,217; 1929—\$44,315,288.

Canada usually the best customer of the United States, maintained that status during the month. Contractions of foreign trade of the United States during June in absolute totals was not evident in the exchange with Europe, but the relative decline in exports was greatest in South American trade.

Figures from the commerce department showed both imports and exports to Europe were approximately \$300,000,000 less in June this year than in the same month of 1929.

Similarly, United States imports from Asia dropped off between the same two periods by about \$34,000,000, a part of the decline being attributed to low prices for rubber as much as to decrease in quantity of goods moved.

LANDS CALMETTE CULTURE

OSLO, Norway, August 15.—During discussion at the International Tuberculosis Conference, which is meeting here, Dr. E. A. Watson, Canada's representative, yesterday, commenting on the efficacy of Dr. Leon Calmette's anti-tubercular vaccination, Dr. Watson stated he had been able to obtain lesions of tuberculosis during experiments on animals conducted with strains of the Calmette culture.

### STILL GOING STRONG

ST. LOUIS, Aug. 15.—The endurance monoplane Greater St. Louis, piloted by Dale Jackson and Forest O'Brien, had been in the air 598 hours at 5:11 a.m. (C.S.T.), today, more than forty-four hours longer than the previous record for sustained flight.

## RAIN REDUCED ATTENDANCE AT WATERLOO FAIR

Close Heats Featured Final Day's Racing at Waterloo Fair—Interesting Horse Display Seen at Grand Stand.

WATERLOO, Que. Aug. 15.—The weather man was most unkind to the managers of the Shefford County Agricultural Association on this concluding day of their three-day fair here yesterday. Threatening clouds hung over the surrounding country all the morning and before noon a gentle rain began to fall, which kept up all the afternoon. Doubtless this had the effect of keeping thousands away from the grounds. As it was hundreds of people braved the elements and were well repaid for their pains, for they saw the best racing of the meeting. The track was very heavy and almost ankle deep in mud and it looked at one time as if all three events on the card would have to be declared off, but the horsemen were anxious to race and the directors, although they had a good excuse not to comply with their wishes and thus save the association several hundreds of dollars, resolved to keep faith with the horsemen.

Although all three races were run in straight heats, several heats furnished close and exciting contests.

The results of the races were as follows:

2:23 Class, Purse \$150  
Estella U. (E. Dionne) 1 1 1  
Volo Gale (W. H. Rediker) 2 2 4  
Bismont, Jr. (McChevalier) 3 3 2  
Lady Jose (P. E. Haver) 5 5 3  
Dolly Dewey M. L. Martin.

Time: 2:25, 2:24 1-4, 2:28.  
2:20 Class, Purse \$150  
Joe Hill (R. Archambault) 1 1 1  
Laura Mac (A. O. Choniere) 2 3 2  
Pearl Gatewood, P. E. Haver.

Time: 2:25 1-4, 2:24 1-4, 2:26.  
Free-For-All Class, Purse \$250  
Holt (H. Bouchard) 1 1 1  
Jolly Peter (C. W. Chute) 3 2 2  
Marque (Simmons) 2 3 3  
John S. (E. Dionne) 4 4 4

Time: 2:20 3-4, 2:19 3-4, 2:21 1-2.  
The track officials were started, announcer and judge of light harness horses, O. M. J. Ingalls; judges, R. M. Demers, Dr. C. E. Hayes, Walter Combes; clerk of the course, Armand Boulay.

By special request, Mrs. C. A. Odell of Waterloo, exhibited one of her beautiful saddle horses to some of her ponies in front of the grand stand. They were much admired and roundly applauded by the spectators.

Two trainmen were killed in accident.

CHAPPELLE, S.C., Aug. 15.—Beneath the twisted wreckage of a Southern Railway passenger engine the bodies of two trainmen lay buried early today, while wrecking crews worked to extricate them.

Two coaches and a Pullman car followed the engine from the tracks last night, when the speeding train crashed into a cow. The cars did not overturn, however, and no passengers were injured.

### THE WEATHER

MOSTLY FAIR AND COOL

Light to moderate showers have occurred in many districts of Ontario and Quebec, while elsewhere in the Dominion the weather has been fair, comparatively warm throughout the West and in Southwestern Ontario, and below normal temperature elsewhere in Eastern Canada. Pressure is high off the Nova Scotia coast, with a shallow low over the Ottawa Valley and Lower Lakes, also over the Southwest States.

Forecast: Mostly fair and comparatively cool tonight and Saturday.

Northern New England: Showers tonight and Saturday; not much change in temperature; moderate south or south-west winds.

Temperature yesterday: Maximum 60, minimum 40.

Same day last year: Maximum 80, minimum 45.

## SHAMROCK CHEF KEPT REGULAR DIET FOR CREW

Storm or Calm Failed to Interfere With Charlie Dann Preparing Three Square Meals a Day on Board Shamrock V.

NEW LONDON, Conn., Aug. 15.—A famous general once said that an army travels and fights on its stomach. If, by the same token, a crew sails a racing yacht on their stomachs, the boys on the Shamrock V, Sir Thomas Lipton's fifth challenger for the America's Cup, should line up and give a hearty British seaman's cheer for old Charlie Dann.

Charlie was cook aboard the Shamrock V on her stormy passage and one every one of the twenty-six days at sea he served up three hot meals. Charlie is in his first year. He found and passed the last forty-four of life's milestones on the deep blue water as a ship's cook, having listened to the sea's call at the age of sixteen.

There were days of calm and days of storm during the voyage over but each day old Charlie mixed up a batch of dough and baked a fresh batch of bread for twenty-three robust appetites. Charlie was past the age when his Majesty expected his subjects to come to the colors, but he signed on, of course as a seagoing cook, and his "bit" lasted four and a half years in the navy during the late war. And any man who can keep his kettles on a galley stove while a racing sleep plunger and dives through 4,000 miles of sea and spray is spry enough and game enough to fight a few more wars for his King and country.

Charlie wanted advice about New London. "Rum go, this prohibition," he complained. "Eh, what?"

### LOYOLA COLLEGE RECTOR HAS LEFT FOR WINNIPEG

Rev. Dr. Eric G. Bartlett, S.J., for Five Years Rector of Loyola College, Will Be Attached to Jesuit Parish in Winnipeg.

MONTREAL, August 15.—Rev. Dr. Eric G. Bartlett, S.J., rector of Loyola College for the past five years, left last night for Winnipeg where he will be attached to the Jesuit parish of St. Ignace. The former rector made many friends during his stay in Montreal, both for himself and for the institution of which, until recently, he was the head.

An active man, Father Bartlett brought to his work as head of the West and institution uniting energy and amiability which made him a favorite with the students and with all those with whom he came in contact. The change of rector for Loyola was made some time after all the other faculty appointments had been completed, by the Provincial of the Jesuits.

As preacher and rector, and as promoter of all things pertaining to sport, the departing Jesuit was a popular figure.

### RE-ELECTED HEAD OF APPLE ASSOCIATION

GRAND RAPIDS, Mich., August 15.—E. E. Samson, of Yakima, Wash., was re-elected president of the International Apple Association, which closed its annual convention here yesterday. West Baden, Ind., was selected as the 1931 convention city.

### CURTAILMENT OF IMMIGRATION TO ACTUAL REQUIREMENTS PROPOSED

Certain Conclusions Said to Have Been Reached at Immigration Discussion Held in Toronto Yesterday—No Newcomers Will Be Admitted Who Have Not Sufficient Capital to Support Themselves for Twelve Months—Flow from Central and Southern Europe to Be Stopped Absolutely—Preference to Be Given British-Born Settlers, With Scandinavians Second.

TORONTO, Ont., Aug. 15.—The following despatch from Ottawa has been published relative to the immigration discussion which took place yesterday in the Capital: "It is proposed to curtail to the actual requirements of the provinces, with no newcomers admitted to the Dominion unless they have sufficient capital to support themselves for twelve months. British-settlers will be given the preference in the offing. In case there is a shortage of labor next spring a limited flow may again be permitted, but only sufficient to meet the demands."

"The Minister of Immigration, Hon. W. A. Gordon, will issue an official policy."

## PROVINCE IS READY TO AID UNEMPLOYMENT

Premier Taschereau Says that Provincial Government Is Ready to Co-operate to Utmost With Federal Government.

QUEBEC, Aug. 15.—Reaffirming the decision of the Province of Quebec to co-operate to the limit in relieving any unemployment which may exist in this province, Premier Taschereau and Hon. J. N. Francoeur, Minister of Public Works and Labor, announced at the close of the meeting of the Cabinet that means were being taken to carry on effective relief.

"The Province of Quebec is ready to co-operate with the Federal Government in meeting the requirements," stated Premier Taschereau, "and if you see Hon. J. N. Francoeur, the Minister of Public Works and Labor, he will tell you what stand he has taken in this connection."

From Hon. J. N. Francoeur came the declaration that he had already acted on requests made by Senator Gideon Robertson, regarding the situation in this province.

"I have been asked to supply to the Minister of Labor, in Ottawa, figures regarding unemployment in this province. The Minister of Labor has told me that, as far as large cities and towns were concerned, he was getting in touch personally with the situation to get figures regarding the number of unemployed. As a result, I have limited my inquiries to the smaller towns under ten thousand population, as requested to do."

"I do not think I will be able to get all the figures in before the 20th as suggested in the letter, in view of the meeting of the Labor Council in Ottawa. This is very little time to get all the information on hand. I have also applied to the Government employment bureau at large to co-operate."

"I must admit, however, that I do not really believe that the situation in this province is as bad as in other sections of Canada. What proves this is that out of a few hundred unemployed, who waited on me, the majority still preferred to wait instead of taking any kind of work. They seem confident that they can still get exactly the kind of work they wish to get. There is still work available, and when the cases are really needy ones, generally work can be supplied."

Pending final action by Ottawa, the Government here has taken a very energetic stand in connection with the relief of unemployed. In addition to the large number of men employed on road work, repairs have been started in several public buildings, and most likely some important public works will be started shortly in Quebec. Three Rivers and the metropolis.

### PAID FOR MURDER

WALLA WALLA, Wash., Aug. 15.—Robert Lee Wilkins was hanged in the penitentiary here today for the murder of John W. Brooks, Walla Walla Attorney, on the night of Dec. 9th, 1928.

### LITTLE ROCK, Ark., Aug. 15.—

W. H. Abill Howell, sixty-four year old triple slayer, was electrocuted at the State Penitentiary here this morning. Howell in whose behalf a long legal battle had been waged, was strapped in the electric chair at 7:05 a.m., and four minutes later was pronounced dead. He went to his death calmly.

### TSINAN REPORTED RECAPTURED

HANKOW, Aug. 15.—Despatches early today said that Nanking troops this morning recaptured Tsinan, important North China city. The Northern army was reported fleeing northward and leaving behind large quantities of ammunition and supplies.

## SATISFACTORY GRAIN EXPORTS FROM DOMINION

Some Very Gratifying Information Contained in July Report of E. A. Ursell, Statistician to Board of Grain Commissioners.

FORT WILLIAM, Ont., Aug. 15.—Gratifying grain exports from Canada are noted during the 1929 crop year just brought to a close, in the July report of E. A. Ursell, statistician to the Board of Grain Commissioners.

"The 1929 crop year will be remembered as one in which more difficulties were encountered in the marketing of the exportable surplus of grain than in any previous year in the recollection of the Canadian grain trade," says the report.

Mr. Ursell's figures on the total carry-over of wheat included the wheat in transit in the United States and at United States points, placing the carry-over for 1930 as actually less than that of a year ago.

During the crop year, the report pointed out, European countries reaped exceptionally good crops of wheat and coarse grain. In addition to the native supplies, Argentina had shipped very large quantities of grain to Europe, although all storage space at the various ports were fully occupied and the vessels in which it was arriving had to be chartered as storage accommodation until they could be unloaded. To add to this, several European countries, partly owing to financial stringency and partly to encourage the use of home grown crops to a greater extent, introduced a system of heavy import duties.

These conditions placed producers of the exportable surplus of grain in a difficult position, as import requirements were unusually small. In addition, although there was a great scarcity of wheat and food in a large area of northern China, the decline in the value of the wheat, 186,250 bushels for the crop year.

The official statement of the carry-over, issued by the Dominion Bureau of Statistics yesterday, indicates the quantity of wheat in Canada is 111,922,519 bushels, or 72,309,295 bushels more than a year ago. The Dominion Bureau compiling its official report, takes cognizance of the fact that in the export returns, grain which has left Canada has been included in the exports. So the amount still in United States lower-lake and seaboard ports or in (Continued on page 9)

### PESHAWAR MAY BE CENTRE OF TRIBAL ATTACK

Older Heads Among Afridis Who During Past Fortnight Menaced City Have Gone Back to Tirah Villages, But Have Been Replaced by New Arrivals, Principally Young Men.

PESHAWAR, India, Aug. 15.—Threat of a tribal attack against Peshawar persisted today with new and dangerous elements entering into the situation.

Older heads among the Afridis who during the last fortnight menaced the city have gone back to the Tirah villages, but they have been replaced by new arrivals, principally young men.

The internal feud between the Musakhols and the Mohmands has been settled and the Haji of Peshawar is attempting to raise men among them to attack Peshawar.

QUEBEC, Aug. 15.—The sum of \$5,000 has been wired the Mayor of Masson for the first needs of fire sufferers by the Quebec Government.

In making the announcement that the money had been sent to the fire-swept town, Premier L. A. Taschereau expressed sympathy with the inhabitants of Masson and declared that the Government held itself ready to give all possible assistance to the needy families.

Request for relief had been received from Masson prior to the sending of the \$5,000.

## PRACTICALLY NO HOPE HELD OUT FOR SAFETY OF ENTOMBED MINERS

Probably Forty-Eight Lives Wiped Out by Tragedy in Blakeburn Mine at Colmont, B.C.—Rescuers Themselves, Working Heroically to Reach Their Comrades, Came Out of Mine Portal Reeling Like Drunken Men, Semi-Poisoned With Deadly Gas Which Pervades Workings.

## AIRSHIP CREW LEFT BY BOAT FOR HOMELAND

Duchess of Atholl Carrying Ten Members of Westbound Crew of R-100 Back to England.

MONTREAL, Aug. 15.—One technical expert and nine members of the westbound crew of the R-100 sailed for England at daybreak this morning on the Canadian Pacific liner Duchess of Atholl. Glad to be on their way home, the crew members were somewhat disconsolate at having to revert to the older mode of trans-Atlantic travel, after making their first crossing by air.

The crew members, who boarded the Duchess of Atholl late last night, are Rogers F. Williams, J. C. Flatters, L. C. H. Rumsey and Engineers E. J. Stuppel, D. Lelott, R. Ball, J. Sturgeon and J. Milward.

## NATIVES HELD MEETING WITH THEIR LEADER

Reports Indicate that Threats Against Peshawar Have Been Broken—Situation on Northwest Frontier Showed Little Change Yesterday.

BOMBAY, India, Aug. 15.—The prisoners of Poonia and the prisoners of Allahabad met again yesterday in Mahatma Gandhi's quarters in the Yeroda jail, but terminated their conversation abruptly until today after a session of two hours.

All of Wednesday's participants, including the Mahatma himself, the two Nehrus and Mrs. Sarojini Naidu, were present, as were Sir Tej Bahadur Sapru and Mr. Jayakar, the moderates of the workers' congress who promoted the conference looking toward a peaceful end of the civil disobedience disturbances.

How yesterday's conversations got along none outside of those engaged in them could say, but it was remarked again that Sir Tej and his comrades looked extremely grave as they emerged from the jail.

The "war council" of the Bombay provincial congress passed a resolution viewing the present peace parleys with grave concern, declaring that complete independence would be the council's immediate objective.

The situation yesterday showed little change. In the immediate neighborhood of Peshawar condition, obviously were much improved, but reports continued to arrive here of extension of the unrest of sections of other tribes besides the Afridis.

Officials expressed the view that it probably will take several days to clarify the situation on the northwest frontier.

The last few days have seen determined efforts on the part of the British armed forces, including the Royal Air Force, to stamp out the aggression against Peshawar and Wednesday's reports indicated that the threat against the city, which is the seat of the northwest province, had been broken.

## COMPLETE LIST FOR GOVERNOR-GENERAL FINAL

Twenty-Two Men Shot Off Tie for Last Six Places in Blue Ribbon Rifle Contest at Ottawa This Morning.

Connaught Rifle Ranges, Ottawa, Aug. 15.—Six more men qualified for the final stage of the Governor-General's match to be fired at the Dominion of Canada Rifle Association meeting here tomorrow, when they survived a tie shoot-off this morning. The six are Sgt. F. Hobbs, Toronto; Col. J. W. Hardman, Toronto; Capt. W. H. Mayhew, Moose Jaw, Sask.; Edm. R. Hardy,

### P RINCETON, B.C., Aug. 15.

—Early today hope was virtually abandoned for the safety of forty-six miners entombed in the Blakeburn Mine at Colmont, B.C., for the past day and a half. The rescuers themselves, working heroically to reach their comrades, came out of the mine portal reeling like drunken men, semi-poisoned with the deadly gas which pervades the workings.

The stark reality of the tragedy which has probably wiped out forty-eight lives, including those of two miners whose bodies have already been recovered, has gathered upon the colliery town, and only faint hope remains in the breasts of wives, children, parents and sisters of the lost men.

Despair hangs like a pall today over the stricken mining town of Colmont, B.C. Down in the depths of the Blakeburn Coal Mine, in the gas-filled confinement of a caved-in-shaft, forty-six miners are trapping. Rescue crews, dog-tired from a day and a half of effort to pierce through to the interior, are still toiling, but almost hopelessly.

Equipped with masks and the latest safety devices, the rescue crews have struggled along two-thirds of the mines 3,500-foot shaft, but the last portion is the hardest task. Relief workers are being rushed in for short shifts, but in the close air of the coal passages, workers after working a shift, are back to the pithead semi-conscious. The entombed miners are believed to be nearly 1,800 feet down a twenty-degree slope, starting more than 1,500 feet from the entrance to the haulage tunnel.

Reports of a formal inquest into the death of two men whose bodies have been recovered indicated that the fatalities had resulted from an "after-damp," anteaerous gaseous condition, following an explosion. The statement left little hope for the rescue of survivors, of whom only one escaped, John Parchelle, who was released by the rescue crews near the mine-entry, C. A. Smith, forty, and Albert Cole, nineteen, are the two men whose bodies have been removed from the shaft.

### NAMED VICE-CHAIRMAN OF EMPIRE SOCIETY

LONDON, Aug. 15.—Sir Malcolm Robertson and Sir Archibald Weir have been appointed deputy chairman of the Royal Empire Society, the appointments being ascribed to the Society's growing membership and increased activity.

## RESERVE BOARD REPORTS SMALL LOAN INCREASE

Daily Average Volume of Credits of Federal Reserve Banks Exceeded Billion Dollars—Discounted Bills Decrease.

WASHINGTON, D.C., Aug. 15.—The daily average volume of Federal Reserve Bank credit outstanding during the week ending August 13 as reported by the Federal Reserve Bank was \$1,001,000,000, an increase of \$13,000,000 compared with the preceding week and a decrease of \$380,000,000 compared with the corresponding week of 1929.

The Federal Reserve Board's weekly review added that on August 13th total Reserve Bank credit outstanding amounted to \$382,000,000, an increase of \$42,000,000 for the week. This increase corresponds with gains of \$36,000,000 in member bank reserve balances and \$5,000,000 in unexpended capital funds, etc., and a decrease of \$5,000,000 in monetary gold stock, offset in part by an increase of \$5,000,000 in treasury currency.

Holding of discounted bills decreased \$15,000,000 during the week, the principal changes being decreases of \$13,000,000 at the Federal Reserve Bank of New York and \$2,000,000 each at Philadelphia and Richmond and an increase of \$2,000,000 at St. Louis. The system's holdings of bills bought in open market increased \$10,000,000 and of treasury certificates and bills \$7,000,000.

Ottawa, Capt. D. R. Blair, Vancouver, B.C., and Cpl. J. Jaffray, Toronto.

Twenty-two men tied for the last six places in the first stage of the Governor-General's yesterday, all scoring 97.

In all, a total of 150 competitors, chosen from the leaders of the first stage enter the second stage of the big match.

# ST. FRANCIS DISTRICT

## DUDSWELL

Guests recently at the home of Mr. and Mrs. Gillis Hall, were Mrs. Edna Willard, Messrs. Stanley Irvin, Gordon and Earle Willard, of East Angus; Mr. and Mrs. Ernest Burbridge and daughter, Miss Wanda, of Sherbrooke and Mr. and Mrs. Robt. Kidd, of Westleyville. Mrs. Stanley Bell and Miss Ada Covell were dinner guests of Mrs. Gillis Hall and Mrs. Percy Hall on August 8th.

Mr. Frederick Carpenter and Miss Ruth Stoddard, of Cookshire, motored to St. Hubert on Sunday, accompanied by Messrs. Anthony and Alvin Sutcliffe, and spent a few days in Montreal, the guests at the home of Mr. and Mrs. D. B. Stone.

Mr. and Mrs. Gillis Hall and Mr. and Mrs. Percy Hall were guests of Mr. and Mrs. H. Gillespie, of East Angus, on August 3rd.

Mrs. Norman Evans, of Sherbrooke, has been spending a few days with her sister, Mrs. R. D. Bishop.

Mrs. Gillis Hall was a guest of Mrs. H. Kenney, on August 5th. Mr. Cecil Bush, of Sherbrooke, is spending several weeks at his aunt's, Mrs. J. A. Bell's.

Messrs. Gillis and Percy Hall were in East Angus on August 8th.

Mr. and Mrs. Anthony Sutcliffe, and Mr. and Mrs. Alvin Sutcliffe motored to Cookshire on Sunday, and were the guests of Mr. and Mrs. Fred Stoddard.

Mr. L. W. Covell, Mr. and Mrs. Niles and daughter, Mrs. Lorin and Mr. H. Hurd, of Lancaster, N.H., were at Mr. A. L. Covell's on August 10th.

Mr. and Mrs. Ben Bush, Mr. and Mrs. Bert Kendall and the Misses Kendall, of Sherbrooke, were visitors on Sunday at Mr. J. A. Bell's.

Mr. E. A. Rowe left on Monday night for Bridgeport, Conn., to visit his sister and her family.

Mr. and Mrs. Vincent Avery and Mr. and Mrs. Stanley Bell left on Friday night, en route for Philadelphia. From there they will motor to Valencia, Pa., to visit the former's parents, Mr. and Mrs. E. L. Rowe for an indefinite time.

Mr. W. A. Covell, of East Angus, was at Mr. A. L. Covell's, on August 11th.

Mrs. Percy Hall was the guest of Miss A. Covell, on Saturday, August 10th.

Mr. N. W. Evans, of Sherbrooke, was at Mr. E. A. Rowe's on August 10th.

## SCOTSTOWN

## MANY TOURISTS ENJOY SPENDING HOLIDAY AMID QUEBEC'S BEAUTY

Estimated that Quebec's Summer Visitors This Season Are Spending Less Money, But a Decided Increase Is Shown in Number of American Cars—Publicity Campaign Has Been Successful—Smaller Hotels Said to Be Benefitting by Improved Standards.

QUEBEC, August 15.—Touring in rural Quebec has suffered little from the crisis which has affected the world as much as other sections of North America, judging by information gathered from the Customs ports, and the statements made by visiting tourists in regard to conditions existing across the border compared to here.

That this is due greatly to the good work accomplished by the Department of Roads is also evidenced through the fact that, as far as the Department is concerned, publicity for the province has been carried out with such success that all parts of the province have been advertised and tourists who come once return again.

A feature, however, which is noted by officials of the Department of Roads, following a preliminary report carried out regarding travel, figures regarding which will be out in a few days, is that autoists are more and more attracted by rural Quebec.

Small hotels, which have followed the good advice given years ago by Hon. J. L. Perron, at the time Minister of Highways, to improve their standards already see the results. Today they are generally doing very well, while admittedly there has been a decrease in the number of tourists stopping overnight in the cities and towns.

Visitors only spend part of their time in the large centres and then proceed to the real countryside or at least to the small centres. This is the summary of a statement made by Col. J. L. Boulanger, Deputy Minister of Highways, commenting on the situation of the province as far as tourist travel is concerned.

"It must be admitted that tourists this year generally have less money on account of the crisis, which has existed following the market crash," stated Col. Boulanger, "but I still am convinced that, generally speaking, there has been a big increase in the number of automobiles from across the line and from sister provinces. As a result of the monetary conditions large centres are the last to benefit, but the smaller hotels and boarding houses, which have prepared during the last few years to meet the requirements, are certainly getting the advantage, which proves that our campaign of publicity and propaganda through publications of various nature, has been beneficial.

"At present we have distributed nearly double the number of road maps as last year and demands are still flowing in. I expect that September will be a very good month. It is noticeable that each year there is an inclination by tourists to postpone the time they will take vacation until August and September.

"For the last four and five years we have been carrying on through the press in the United States, and through the sister provinces, a campaign of publicity and advertisement," added Col. Boulanger, "which has greatly contributed to the fact that conditions here are better than in other parts of America as far as travel is concerned.

"From all parts of the States come reports that hotels are complaining of a big fall in business. This is not the case in this province as far as smaller hotels are concerned.

"Hotelmen were warned in the rural districts to take good care of their guests and offer them all possible comfort and they have made such an improvement in regard to comfort, meals and attractions that tourists, in view of their financial condition, are inclined to stop there. On the other hand the large hotels have still their old and faithful patrons so that the situation is satisfactory.

"Regarding the advertisement campaign, which we have been carrying on, I may quote that we have been advertising in such newspapers as the New York Times, The New York Sun, The New York Herald, The Evening Graphic, The New York Post, The Philadelphia Record, The Cincinnati Times Star, The Border Cities Star, MacLean's Magazine, Greenleaf Magazine, Travel Magazine, Atlantic Monthly, County Life, Harper's Magazine, Review of Reviews, Scribner's Magazine, The Golden Book, and others. These publications reach practically all sections of the United States and Canada.

"Not satisfied with this propaganda, which has been also carried out through the unflinching co-operation of the leading newspapers of the province, we have also spread publicity regarding Quebec through publications which have been declared unrivalled by experts, Col. Boulanger added. "In addition the department has been in touch with the trade commissioners of the Dominion Government and the various officers of the provincial Government to induce them to promote the flow of tourists towards this province."

In closing his interview, Col. Boulanger referred to the fact that there had been criticism in connection with the efforts made. "We have done all within our power to promote travel," he stated. "No one could deny that. Under such men as Hon. J. L. Perron, former head of the Department, and Hon. J. E. Perreault, the present Minister of Highways, I think the province has benefited from advertisement."

Mr. and Mrs. J. Perry received the sad news last week of the death of the grandson, Mr. Clarence Hawkins, of Brighton.

Mr. and Mrs. M. J. Perry and Mrs. Peasley and Mrs. Wright motored to Merriville on Sunday. They were accompanied by Mr. and Mrs. Frank Barnes and Miss Pauline Barnes, of Tibbitt's Hill.

Miss Doris Shepard returned to Sutton on Sunday evening, after spending the week-end at home.

Mr. Earl Patten, of Brome, Miss Elida Johnston, Mrs. Roxie Johnston, Mr. Matland and Miss Vivian Johnston motored to St. Hubert on Sunday to see the R-100.

Miss Pauline Stone, of Knowlton, is visiting her cousin, Miss Lora Shepard, this week.

Mr. Harry Buckle, Mr. Champion, Sr., Mr. Hunt and Miss Irene Buckle motored from Montreal and spent the week-end at Mr. A. E. Buckle's. They were accompanied home on Sunday evening by Mrs. Champion, who has been spending the holidays in the country.

Miss Kitty Shepard is visiting friends in Sutton this week.

Miss Beatrice Sweet, of Montreal, is spending her vacation with her parents, Mr. and Mrs. W. N. Sweet.

Mrs. C. Clark, of Sherbrooke, was a recent guest of Mrs. George Hawkins and Mr. Hawkins.

Mrs. Harmon Spencer and son, Master Jackson Spencer, are spending several days in Montreal, where Master Jackson is having an operation.

Mr. and Mrs. Norman Eastman, of Appleton, Wis., are visiting at the home of Mr. and Mrs. W. N. Sweet.

Mr. and Mrs. Archie Ladd and three little sons and Mr. Carlton Ladd were visiting on Sunday at the home of Mr. and Mrs. F. Frizzle, Mrs. Lyster Bennett and two children, of Springfield, Mass., are also visiting her parents, Mr. and Mrs. Frizzle.

Mr. and Mrs. Howard Dudley and family, of East Hill, spent Sunday at the home of Mr. and Mrs. Edgar Shepard.

Mr. L. A. Call accompanied Mr. and Mrs. A. A. Milmore and their son, Mr. Dean Milmore, to St. Hubert, by motor to St. Hubert on Saturday to see the R-100.

Miss Alice Frizzle, of Knowlton, and her sister, Mrs. Lester Benne and two children, of Springfield, Mass., spent a few days recently with their sister, Mrs. Archie Ladd and Mr. Ladd.

Mr. and Mrs. Chas. Hancock, of Montreal, were guests on Sunday, of Mr. and Mrs. Geo. Crittenden.

Miss Beatrice Edwards has returned home from spending a week with relatives in Montreal.

Mr. O. Richardson and his mother, Mrs. R. Richardson, of Brome, were guests on Sunday at the home of Mr. Wm. Richardson.

Mr. and Mrs. H. Perkins and three little sons and little nephew, Master Ralph Perkins, and Miss Bessie Perkins, of West Sutton, were calling at Mr. J. E. Ladd's, on Sunday.

Mr. and Mrs. Robert Wilson and Mr. and Mrs. Lloyd Mandigo were guests on Sunday at the home of Mr. and Mrs. P. Smith, at East Hill.

Mr. Archie Ladd was visiting relatives in Bondville, on Wednesday of last week.

Mr. and Mrs. Edgar Chisum and two children, of Cowansville, and Mr. and Mrs. Jos. Chisum and family, of Brome, spent Sunday at the home of Mr. and Mrs. Fred McCarthy.

Dr. Henderson, of Knowlton, was in Call's Mills on Thursday.

Miss Mattie Washer, of Montreal, spent a few days during the week at Brookdale Farm, with Mr. and Mrs. Weaver.

Miss Glenna Wilson is spending this week with her grandparents, Mr. and Mrs. Hubert Dudley, at East Hill.

Miss Hattie Shepard returned home on Sunday, after spending some time in Knowlton and East Hill.

Mr. Harry Ladd went to Sutton on Monday.

Mr. and Mrs. Henry Ladd, Mr. and Mrs. Arthur Crittenden and Mr. and Mrs. Warren Fletcher motored to St. Hubert on Sunday to see the R-100.

Mr. John Wright and Mr. Weldon

## LENNOXVILLE FLOWER SHOW OPENS TODAY

Many Attend Annual Dahlia Society Exhibition at Lennoxville Curling Rink—Entries Make New Record.

Preparation for the annual Dahlia and Floricultural Show held for the fourth time this year in Lennoxville were completed this morning at ten o'clock, when the last entries placed in position the show was opened to the public. Up to a late hour last evening the officers and directors of the society were busy arranging the exhibits on tables and in groups in the Curling Rink, which makes an ideal background for the display.

Although the organization functions under the title of the Dahlia Society, the exhibits are by no means confined to that variety of flower, as quantities of roses, peonies, asters, cosmos, gladioli, petunias and other sorts are found among the cut bloom, while among the potted plants are found both foliage and blooming plants of many of the best known house varieties. Taken altogether, the exhibit today was one well worth seeing, and showed great improvement, both in number and quality over the previous years.

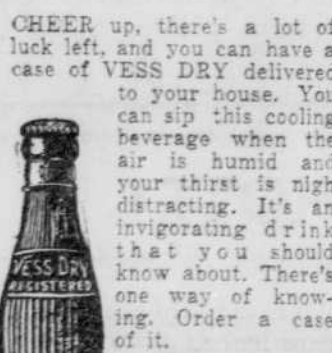

Judging has been in progress during the day, and is expected to be completed before the closing of the show this evening. A constant stream of visitors from Lennoxville and Sherbrooke as well as many other towns surrounding passed in and out of the Rink during the day and it is expected that the attendance will be even larger this evening, as the doors will be open until ten o'clock to give those who cannot attend during the day an opportunity of seeing the exhibits.

Buy advertised goods. They must always give full value.

Give the sun a drink of this: His summertime woe would turn to bliss.

With Heartburn**  
Local Lady Says Bon-Tone Is Wonderful.

MRS. EDOUARD BRETON.

"It's a pleasure to recommend a remedy with as much merit as Bon-Tone," states Mrs. Edouard Breton, 67 Lincoln St., Sherbrooke, P. Q. "This new herbal preparation has banished all my ailments. Due to my food not digesting right I suffered agony with heartburn and had severe pains between my shoulders. Headaches and dizzy spells were frequent and I would be so dizzy I had to grab something to keep from falling. I was nervous, weak and rundown and hardly able to do my housework and sleep poorly nights and when I would get up in the morning felt worse than ever. Constipation added to my discomfort. My husband had taken Bon-Tone with such good results I decided to try it although I had taken many remedies without relief. However Bon-Tone quickly put an end to all my suffering and I feel just fine now in every way and am glad to endorse this fine medicine."

See Mr. Chabot, the Bon-Tone representative at the Sherbrooke Pharmacy, 52 King West, and have him explain to you the merits of this great herbal remedy.

WEEKLY PAPERS WORTH MONEY!

DICKENSON, Dak., Aug. 14.—The value of modern newspapers was illustrated here recently by the purchase of the little town weekly with a few thousand readers at \$107,000. The purchaser was a lady, Miss Beatrice Mann, and the paper was the Press Record Post, a merger of two papers that were struggling properties in the earlier days when newspapers lacked business management.

QUIET TIME IN CITY

A quiet period prevails in the city at the present moment, as regards accidents or disturbances. For some time now the hospitals have received no new accident cases, and Coroner L. Bachand has experienced a quiet time, as far as inquests are concerned. The Recorder's Court has been comparatively quiet, and Recorder L. Forest has had no new cases appear before him for some three days.

Reports from the police station state that during the past week, there have been but few disturbances in the city, and that the fire brigade has been out only twice, once to the fire at Huntingville and another time for a chimney fire on St. Louis Street.

BROKEN POWER WIRE CAUSED CONSIDERABLE EXCITEMENT

A broken power wire belonging to the Southern Canada Power Company caused considerable excitement last evening when brilliant flashes illuminated a certain portion of the city for over an hour. The wire, which fell across the Canadian National railway tracks at the foot of Queen street about eight o'clock, emitted bright flashes as it came in contact with the rails and conjecture ran high as to what was the cause of the illumination, many thinking that a big fire was raging.

Several motorists and pedestrians, noticing the unusual sight from the East Sherbrooke bridge, journeyed down on the east side of the river, but were disappointed when they were informed that the source of the flashes was across the river. While the cable was down, the town of East Angus was in complete darkness. Employees of the company soon located the trouble and the wire was in working order shortly after one o'clock this morning.

DECREASE NOTED IN BANK CLEARING FOR PAST WEEK

The bank clearing for the past week, ending Thursday, August 14, according to figures furnished by the Sherbrooke Clearing House amounted to \$789,731.40, which is decrease of \$128,821.21 in comparison with the figures for the same period last year, when the clearings were \$918,552.61.

The clearings for the past week also showed a decrease of \$105,062.16, as compared with the corresponding week of 1928, when the total clearings were \$894,793.56.

### WINDSOR

Mr. Henry Witty has returned home, having spent the past week with his son, in Montreal.

Mr. and Mrs. Wm. Doib and Miss Margaret Sims have returned to their home in Brooklyn, N.Y., after spending a week with Mr. and Mrs. M. Sims.

Mr. Hugh Farquhar spent the week-end in Montreal, visiting relatives.

Among those from here who visited St. Hubert to see the R-100 were, Mrs. James Watson, the Misses Elida Farquhar and Ethel McCourt, Messrs. Henry Witty, Lawrence and Gordon McCourt and Hugh Farquhar.

Mr. and Mrs. Gordon Sims, of East Angus, were Sunday guests of Mr. and Mrs. M. Sims. Mr. Sims returned home with them.

Mrs. James Watson, accompanied by the Misses Ethel McCourt and Elida Farquhar and Mrs. Iva Huxtable, of Granby, left on Thursday, August 14th for Center Ossipee, N. H. While there they will be guests of Mr. and Mrs. George Keniston. Mrs. Keniston was formerly Miss Myrtle Bailey of this place.

Mr. and Mrs. W. T. Calder and Mr. and Mrs. James Henry of Baire, Vt., were week-end guests at the home of Mr. and Mrs. Robert Farquhar.

Mr. and Mrs. Wm. Douglas spent Sunday with Mr. and Mrs. Walter Henderson, of Lennoxville.

Quite a number from here attended the Wales Home picnic on Wednesday.

WASHOUT MIGHT HELP

## AMERICAN LADY PAID TRIBUTE TO CANADIANS

British-Canadian Pictured as Being Physically Vigorous, Mentally Enthusiastic, Loyal to Country and Its Laws, and Morally Reverent to God and to Family.

A kind and courteous tribute is paid to the Canadian people by Mrs. Clarence Roberts in the August issue of the Oklahoma Farmer-Stockman. Mrs. Roberts was a member of the party of editors of American farm journals and their wives who recently visited all important agricultural sections of Canada, their itinerary including a stop-off at Sherbrooke and Lennoxville.

Under the heading, "Here's to Canada," Mrs. Roberts says: "Recently I accompanied my husband upon a most interesting and delightful trip provided for the members of the American Agricultural Editors' Association. As guests of the Canadian Government, the Canadian National and the Canadian Pacific railways, we visited the eastern provinces of Canada, Ontario, Quebec, New Brunswick, Prince Edward Island and Nova Scotia. Five years ago, the same group made a similar trip through the western provinces. On both trips, we came into contact mostly with Canadians of British descent. On the first tour, I received certain impressions of the people which the second visit crystallized into pictures of character which we of the United States may well admire, if not imitate.

"A real British-Canadian, I would

describe as being physically vigorous; mentally enthusiastic and loyal to his country and its laws; and morally reverent to God and to family.

"The Canadian people, to use a hackneyed phrase, 'live to live' and not 'live to eat.' To them 'living well' means the allotment of more time for the family meal, family and friendly gatherings of all kinds and less time for the accumulation of the dollar.

"But when they work, they work. We heard much of the Scotch on our trips, but even if we had not, the impression of thrift and of foresight for old age would have persisted. "Sincerity and courageousness of spirit are noticeable traits of our northern neighbors. You would not doubt the friendliness of a Canadian once you felt his handclasp. And whatever his task, you felt that he would put his best into the performance.

"Genuine respect for law, both in the letter and in the spirit is universal. Many times members of our party commented upon this one commendable trait of Canadian people. "The quality which appealed to us most as visitors was the unfailing courtesy. We termed it hospitality at first since it was most often extended to us as a group. We felt that it was sincere, the kind of courtesy that you would extend to an esteemed friend. Again, we called it politeness as when it came from a store clerk, a porter or a passing child. Courtesy in the family, to friends, to strangers is the rule in Canada. And that fact didn't make our stay one bit less pleasant.

"You cannot help feeling the reverence of the people for church and nation and home. Sunday was a day set apart, even though you did not attend a place of worship. Practically all business places and picture shows in many places were closed. Even in the largest cities there was quiet.

"A keen appreciation of nature

seems to accompany this quality of reverence. Parks are often left as nature made them and the numbers of people in them, many of them walking, testified to the degree in which they are enjoyed. Everywhere the beautiful rivers, lakes and parks are made accessible to the people at the lowest cost. The absence of signboards throughout all Canada, even in the cities, was very noticeable. The streets and highways are kept free from trash and dump piles.

"Canada has her national songs, 'Oh Canada' and 'God Save the King'. The people know them and sing them fervently, happily. "The home is very stable. There are few divorces, in some provinces scarcely none. This ideal of permanent marriage undoubtedly makes for a more tranquil, contented home life.

"In discussing the reasons for these admirable characteristics we decided that the British-Canadians adhere very closely to the best traditions of the Mother Country. Whatever the course, we admire the result. For ourselves, we recalled the old saying, 'If you haven't an ancestor of whom you are proud, be one.' "We generally think of Canadians

## FILTER BY-LAW WILL BE VOTED NEXT THURSDAY

Three Meetings Are Scheduled to Be Held in Different Wards of the City at the Beginning of Next Week, Before the \$265,000 By-Law for Filtration Plant Is Submitted to Ratepayers—Chief Engineer of Provincial Board of Health to Explain Necessity of Filtration Plant.

Several public meetings are scheduled to be held in different parts of the city at the beginning of next week, before the by-law for the Filtration Plant for the City of Sherbrooke will be voted upon. Mr. Theo. J. Lafreniere, chief engineer of the Provincial Board of Health, will be present at these meetings and will explain the necessity of a Filtration Plant in the city. He will answer any questions that may be desired.

The first of these meetings will take place in the West Ward, on Monday evening, August 18th, at the Larocque School. As some opposition has developed in this section of the city in connection with the by-law, an interesting meeting is expected by Alderman J. C. Morin. Mr. Lafreniere will speak at the City Hall on Tuesday evening, when another meeting is expected on account of the great interest that has been taken in the question. The last meeting before voting day will be held on Wednesday in the East Ward, which the chairman of the water committee represents together with Alderman E. Fortier.

### BOY SCOUT NEWS

EXHIBITION USHERING.

For the twelfth consecutive year, the Sherbrooke Boy Scouts have been requested to usher at the Sherbrooke Exhibition, and a parade of all the Scouts in the city, as well as Cubs over the age of ten years, will be held on Friday evening, August 22nd, starting from Bank street at 6.30 p.m. Scoutmasters are asked to have their troops on hand not later than 8.15 p.m. Colors or totems will not be carried.

## MANY ATTEND FIELD DAY AT LENNOXVILLE

Despite Steady Drizzle, Over Two Thousand Enthusiastic Farmers Gathered at Lennoxville Experimental Farm Yesterday at Fifteenth Annual Field Day—Speeches Delivered by Prominent Men—Judging of Jersey Cows—Sport Programme Cancelled on Account of Rain.

In spite of the unfavorable weather that prevailed, over two thousand people flocked to the picturesque grounds of the Lennoxville Experimental Farm yesterday, to attend the fifteenth annual field day arranged by the Experimental Farm, under the able direction of Mr. J. A. McClary, superintendent of the farm. During the morning, heavy clouds hung in the sky and obscured the probability of good weather for the event, while early in the afternoon a slight drizzle started that continued throughout the remainder of the day, gradually augmenting into a steady and disagreeable down-pour. But, in spite of all this, the spirit of the farmer was high. The rain did not seem to dampen the enthusiasm in the least and under the uncertain shelter of wide branches and of umbrellas, the large crowd listened to the different speeches on farming which were delivered by prominent men in agricultural circles.

The judging of livestock took place in the morning and an enjoyable and substantial lunch was served to the guests, before the beginning of the speeches. The Lennoxville Band was in attendance and rendered a variety of selections before and after the addresses, which were much enjoyed. An interesting programme of sports had also been arranged for the afternoon, but, to the disappointment of the younger members of the group, this had to be cancelled on account of the heavy rain.

The first speaker of the afternoon was Dr. E. S. Archibald, of Ottawa, who is a director of the Experimental Farms throughout the Dominion of Canada. Dr. Archibald remarked at the opening of his address that it would have been impossible to gather such a crowd a few years ago, and that the presence of so many Eastern Townships farmers indicated that it is realized more fully than ever that experimental farms, such as the one in Lennoxville, are important factors in the solution of the various problems which face the farmer of today. Dr. Archibald praised the work of experimental farms and asked those who doubted whether the work carried on within them was worth while, to take a close look around and understood for themselves that experiments carried on by these stations each have a dollar sign attached at the end.

"We are going through difficult times," said the speaker, "but that I do not mean high tariffs. I am speaking about the whole phase of agriculture. Our markets are unsound, both at home and abroad. The determining factor of what our gross incomes will be is gross production." Volume production requires united effort, and it is only through a co-operative spirit, claimed Dr. Archibald, that the farmer will find his load relieved. "High quality, the lowest cost possible, and united effort are the solution of the questions at issue," said the speaker.

The farmer will have to control the cost of production if he is to keep his place in the markets of Canada, not to say anything about the markets of the world. The coming of efficient machinery has reduced the cost of production, and these new machines have a decided influence upon the size and the output of the farm.

Mr. S. J. Chagnon, who came as representative for Mr. Payton, Minister of Agriculture for the Province of Quebec, also spoke a few words, dealing with the problems which confront the farmer and also touching upon the cattle market. In speaking about this latter phase of agriculture, Mr. Chagnon remarked that Quebec had the best cattle market in the Dominion. Yet, he said, the market should be increased, in order to satisfy the demand of the province. Montreal itself imports fifty per cent of the lamb which it uses, the speaker said.

Following Mr. Chagnon, Dr. Black, director of the Department of Agriculture for the C. N. R., praised the Eastern Townships and paid tribute to the pioneers who developed the country amid the vicissitudes and difficulties of the past forty-five years. He expressed pride in the community spirit that exists in the Eastern Townships claiming that this was a sign of sure life. "I ask myself," said Dr. Black, "if we can keep pace with the great progress of time in agriculture today, keep pace with the improvements that are noticeable in every other field? The only way to do this is by mass production, working on a filling order basis. Chief of all, we need co-operative spirit." In speaking about the soil, Dr. Black said that it needs to be fed, the same as animals do, and that at present there is a lack of lime in the soil. Experiments are being carried on to better the conditions of this, and Dr. Black expressed a hope that soon the farmers of Canada would encounter a more prosperous period.

Other speakers of the afternoon were Mr. C. B. Howard, member for Sherbrooke; Sam Gobeil, member for Compton County; S. Boly, of the Department of Agriculture, and Mr. McClary himself. Mr. Howard said that the inspection tax should be abolished by the government, and Mr. Gobeil assured the people that there was a possibility of its being done. Mr. Boly touched upon the club movement, saying that all parents should encourage their children to take part in the judging competitions and to join the various clubs, that all go to instruct and elevate

## SOCIAL AND PERSONAL

Miss Mildred Longeway, Gillespie street, is spending two weeks in Sutton.

Miss Edith Heathcote, of Macdonald College, Ste. Anne, Que., is the guest of Col. and Mrs. T. S. Somers, Montreal street.

Mrs. A. Giovetti, London street, and Miss Mary Earnshaw have returned from St. Lambert, where they were the guests of Mr. and Mrs. W. Giovetti. On Sunday they had the pleasure of seeing the R-100 start for Ottawa and also saw it return to St. Hubert on Monday.

Mr. and Mrs. John Gautrey, Rock Forest, Que., announce the engagement of their eldest daughter, Grace Elizabeth to Graham, second son of Mrs. William McBain and the late Mrs. McBain, of Rock Forest. The marriage to take place the first week in September.

Major W. W. Foote, grand treasurer for Canada of the Elks' organization, has returned from Calgary, where he attended the Grand Lodge convention and was unanimously re-elected, for his fourth term, as grand treasurer. On the return trip Major Foote travelled from Calgary to Winnipeg by air, making the journey at an average speed of ninety-five miles an hour.

## MARRIAGES

**BACHELDER-OLIVER**  
WAY'S MILLS, Que., Aug. 15.—A very pretty wedding took place in the Union Church on Saturday, August 9th, the contracting parties were Royal C. Bachelder, son of Mr. and Mrs. A. A. Bachelder, of Beebe, and Edna M. Oliver, daughter of Mr. and Mrs. William L. Oliver, of this place. The church was very tastefully decorated in pink and white sweet peas and other flowers. The ceremony took place under a beautiful green arch with a big white bell trimmed with sweet peas hung in the center.

The bride was dressed in white georgette trimmed with radium lace and wore a veil and cap of net with orange blossoms, white shoes and stockings and carried a bouquet of pink roses and white lilies. The bridesmaid, Wilma Oliver, sister of the bride was dressed in peach georgette with hat to match and carried a bouquet of yellow rose and orchid sweet peas.

The bridegroom was supported by his brother, Mr. Gordon Bachelder, of Newport, Vt. The bride entered the church on the arm of her father, Mr. W. L. Oliver, to the strains of the wedding march, played by Mrs. Allen, of North Hatley, aunt of the groom.

Rev. A. W. Seaton, pastor of the United Church, performed the ceremony, after which the wedding party and invited guests repaired to the home of the bride's parents for a formal reception. The house was tastefully decorated with pink and white sweet peas, the bridal party standing under a very pretty arch to receive congratulations. The wedding cake, which was a beautifully decorated two storey affair was made by Mr. Charles Day, of Newport, Vt.

The gifts were very numerous and beautiful and were from friends and relatives far and near. The bride's gift to the bridesmaid was a necklace and to the four young lady friends, who assisted in serving, brooches, the groom's gift to Kenneth Oliver, Gordon Bachelder and Hugh McClary, who acted as ushers was blouses and to the best man, gold watch chain. The bride's going away suit was blue silk tweed with felt hat to match, blouse, stockings and gloves of eggshell color. The bride's mother was dressed in blue georgette with hat to match. Miss Alice Oliver, sister, was dressed in pink flat crepe with hat to match. The groom's mother was dressed in blue georgette with fawn hat.

The bridal party left for their trip with their car well trimmed with tin paper and also touched upon the cattle market. Those from a distance who attended were Mr. and Mrs. George Bachelder, of Norway, Me., and Mr. and Mrs. Dermont Markwell, of Kene, N.I. During the reception a telegram of congratulations was received from Mr. and Mrs. Stanley Bachelder, of Vanessa, Ont., uncle of the groom. The bride and groom are general favorites with all here and the good wishes of the whole community go with them in their new life.

**THE LATEST "CHIC" FROM PARIS**

The new "Beret" hat which Miss Desautels so proudly acclaims as the latest Parisian creation is a style with a chic touch which gives a most alluring atmosphere. "Because these are the best copies of the original design means that they are not expensive," said Miss Desautels at her exclusive millinery shop on Wellington street, near the Record Office.

the condition of the youngsters in regard to rural life. After the addresses, Mr. McClary spoke a few words to the assembly, thanking all who helped in organizing and making a success of the event and expressing the hope that next year would see a still larger crowd present at the annual field day.

The result of the judging competition in the morning was as follows: First, Clifford Brown, Gordon Connor; second, Emile Petit, Waterville; third, Hugh Woodward, Lennoxville; fourth, Robert Woodside, Lennoxville; fifth, Clifford Brown, Waterville; sixth, G. V. Leon, North Hatley; seventh, B. Fortin, Martinville; eighth, Ken McRae, North Hatley; ninth, Irene Rouillard, Waterville; tenth, Jean Marie Petit, Waterville.

Miss Edith Ward, of Swamscott, Mass., is visiting Mr. and Mrs. F. E. McAllister, Magog street.

Miss Margaret Clark, of Asbestos, is a week-end guest of Miss Christina Bell, Belvidere street.

Mr. John Chapman, of Derby Line, Vt., is a guest of Mr. and Mrs. Gerald Wiggitt, Victoria Street.

Mrs. C. Robertson, Cliff Road, has received the sad news that her mother, Mrs. John Inglis, passed away at Glasgow, Scotland.

Miss Kathleen Hughes, of Montreal, spent the past week in Sherbrooke, the guest of her sister, Miss Mary Hughes, Queen street.

Miss Ruth Lewis, of Sutton, is spending several weeks in Sherbrooke, the guest of her cousin, Miss Norma Longeway, Gillespie street.

Mr. and Mrs. Carl B. Chamberlain, of Manchester, N.H., who have been guests of Mrs. J. B. Feltus, Belvidere street, Lennoxville, have returned to their home.

Mrs. A. I. Turner, of Sutton, Mrs. James Buzzell and Miss Arlene Buzzell, of Magog, are guests of Mr. and Mrs. C. A. Turner, Victoria street.

The friends of Mr. Victor Sundborg, Royal street, will be sorry to hear that he is a patient in the Sherbrooke Hospital, as the result of a painful accident which occurred while he was at his work.

Friends of Mr. Howard Leslie, of Manchester, who underwent an operation for appendicitis at the Sherbrooke Hospital yesterday, will be pleased to hear that he is making satisfactory progress.

Word has been received here from San Francisco, Calif., telling of the death of Mr. Chester L. Hovey, who passed away in that city yesterday. Mr. Hovey was a brother of Mr. P. A. Hovey and Mr. Fred Hovey, of this city.

Mrs. Meredith Wilson, London Street, and her four children, have returned from Atholstan, Que., where they have been the guests of the Rev. Percy McK. Sampson and his aunt, Miss Sampson, for the past six weeks.

Mr. and Mrs. A. E. Rowell are entertaining at a house party during their vacation at their summer home, "Josephine Cottage," Woodland Bay. The guests include Mr. and Mrs. W. R. Clarke and Mr. G. E. Rowell, of Montreal, and Mrs. E. Clarke, of Three Rivers.

Mr. Robert Robertson, Boys' Secretary of the Presbyterian Church, with headquarters in Toronto, Ont., arrived in Sherbrooke after spending five weeks in a Toronto hospital. Mr. Robertson was quite exhausted after the long journey, but his many friends will be pleased to hear that he is now convalescent and recuperating at his home on Cliff Road, with his parents, Mr. and Mrs. Charles Robertson.

## Sherbrooke High School Re-Opens Monday, Sept. 8th

One of the best equipped Modern Schools in the Province. Large and efficient teaching staff. It prepares pupils for QUEBEC SCHOOL LEAVING CERTIFICATE; ENTRANCE TO NORMAL SCHOOL; UNIVERSITY MATRICULATION.

J. P. WATSON, Sec.-Treas. Wright W. GIBSON, B.A., Principal.

A DREAM OF JOY—OUR SWEET AND CLEAN WORK.

Sherbrooke. WE DYE TO SUIT YOU

## MR. R. JESSIMAN PASSED AWAY VERY SUDDENLY

Stricken With Severe Headache, Former Resident of Sherbrooke Died Suddenly Last Evening at Coaticook—Funeral Service to Be Held on Saturday.

Residents of Sherbrooke and many of the Eastern Townships learned with deep regret of the sudden death of Mr. Robert Jessiman, which occurred in Coaticook, where Mr. and Mrs. Jessiman went to reside recently from Sherbrooke. Apparently in his usual health throughout the course of the day yesterday, Mr. Jessiman complained of a severe headache about five o'clock yesterday afternoon. As the pain grew steadily worse, Mr. Jessiman decided to go to bed about seven-thirty o'clock in the evening in an effort to obtain relief. Mrs. Jessiman went to the Thorndyke Hotel, which is next door to the Jessiman home, for some medicine and on her return, Mr. Jessiman was breathing his last. Medical help, although summoned, was of no avail and he passed away about eight-thirty o'clock.

Robert Jessiman was born in Aberdeen, Scotland, some seventy years ago. Coming to Canada he was employed by the Pullman Company in Montreal, and later joined the staff of the Grand Trunk Railway, as conductor between Montreal and Portland. It was while he was on this run that his courteous manner attracted the attention of the officials of the Quebec Central and when the latter railway inaugurated their dining car service in 1910, Mr. Jessiman was appointed dining car inspector, which position he held until January 1st, 1930, when he retired from active service. His genial disposition and friendly nature earned him a host of friends, who will regret his sudden passing away.

Mr. Jessiman was married twice. He leaves to mourn his loss, his wife, formerly Miss Winnifred Gooley, of Prescott, Ont., one son, Harris Jessiman, of Ottawa, and one daughter, Miss Phyllis Jessiman, also of Ottawa.

The funeral services will be held from the late residence in Coaticook on Saturday afternoon at one-fifteen o'clock (standard time), to St. Stephen's Church. Interment will take place in Prescott Ont.

## GRANITEVILLE

Mr. and Mrs. A. L. Guerin motored to Quebec last week. They returned by Montreal and stopped at St. Hubert, where they saw the dirigible, R-100.

Mr. Harold and Ezra Rediker motored on Sunday to Burlington, where they visited Mrs. Harold Rediker, who is in a sanitarium there.

Misses Belle and Margaret Newlands, Stella McAllister and Edward Carroll motored to Irberville on Tuesday.

At the service here on Sunday the four children of Mr. and Mrs. George Stewart were baptized.

## GENERAL NOTES AND PERSONALS FROM BEDFORD

News Budget and Personals of Interest to Residents of Bedford and Surrounding District.

BEDFORD, Aug. 15.—Miss Angeline Stevens, who has spent the past two weeks the guest of Miss Ruth Shaw, at Shawville, has returned to Bedford.

Mr. and Mrs. William Ewing, of Montreal, returned on Sunday, after spending the week-end with the former's father, Mr. Matthew Ewing, on the Phillipsburg Road.

The Misses Jean and Margaret Oman, of Montreal, are the guests, for the present, at the home of their brother, Mr. John Oman, and Mrs. Oman.

Mrs. D. Horner and two daughters, of Kingston, Ont., are the guests of the former's sister, Mrs. Lyle Gould, and Mr. Gould. On Sunday next, the third Sunday in the month, there will be a celebration of the Holy Communion at St. James' Church, at eight o'clock.

Mr. Price Watts returned to Montreal, on Sunday, after spending the week-end with his mother, Mrs. W. C. King.

Dr. Weagant, of Winnipeg, Man., is the guest, for the present, at the home of his sister, Mrs. A. S. McCaw, and Mr. McCaw.

Miss Ellison Thomas, nurse-in-training at the Sherbrooke Hospital, is spending her vacation with her uncle and aunt, Mr. and Mrs. A. T. Gould.

Mr. L. Bishop, of Sawyerville, was a recent guest at the home of Mr. and Mrs. R. M. Jones.

Among those who visited the airport, at St. Hubert, on Sunday, were Messrs. John and Lyle Oman, John Ewing, Gordon Jones, T. Howie, G. H. Miller, Mr. and Mrs. William Thompson, Mr. and Mrs. George Hayes and Miss Dorothy Thompson, Miss L. Thomas, Mr. and Mrs. Jos. Laing, Mr. and Mrs. Harry Jones, Mrs. F. W. Jones, Messrs. George Cairns and Richard Craighead, Mr. and Mrs. R. L. Craighead, and Mrs. D. P. Jones and the Misses Nellie, Doris and Betty Jones.

Miss Enid Neil was the guest, over the past week-end, of her parents, Mr. and Mrs. L. Neil, in Ayer's Cliff.

Miss Hattie Jones, of Montreal,

is the guest, for the present, at the home of her brother, Mr. R. M. Jones, and Mrs. Jones.

Mr. and Mrs. L. Stimes, of Hartford, Conn., were in Bedford for a time during the present week. Mrs. Stimes is a daughter of the late Mr. and Mrs. Richard Martin, of this town.

Mrs. C. O. Jones, together with her children, Eleanor, Charles and George Jones, who have spent some time at their cottage, at Moors, N.Y., have returned to Bedford.

Mrs. Merrill Hungerford, of Swanton, Vt., together with her three granddaughters, the Misses Mary, of New York, and Miss Patsy Cullen, of Towanda, N.Y., were in Bedford, on Monday.

Mr. Kenneth Sheltus, of Montreal, was the guest, over the week-end, of his parents, Mr. and Mrs. A. J. Sheltus.

George Colet, of Pasadena, Calif., together with his grandson, Master Alec Miller, of London, Ont., are the guests, for the present, of Mr. and Mrs. Windsor Alcombrack, on the Phillipsburg Road.

Miss Alida Arcand spent the past week-end with her sisters, in Montreal.

Mr. and Mrs. Gullian Casey were the guests, over the week-end, of Mr. and Mrs. L. D. Schoolcraft, at Brown's Hill.

Mr. L. Leblanc, of Richmond, was the guest, for a time recently, of his mother, Mrs. David Leblanc.

Miss Anna Ewing, who has spent the past months in Montreal, is with her parents, Mr. and Mrs. S. Ewing, on the Phillipsburg Road.

Mr. and Mrs. George Palmer, of Montreal, who have been the guests of the former's cousin, Mrs. William McGowan, for a time, have returned to Montreal.

Mr. D. J. Reid is leaving shortly for Indian Beach, Conn., where he will spend his vacation with Mrs. Reid and family, who have been at the beach for the past two weeks.

Miss Minnie Thompson, of Drummondville, is the guest, for a time, of her sister, Mrs. B. R. Stevens, and Mr. Stevens.

Among those who attended the marriage of Miss Kate Weesott to Mr. Donald Blinn, which took place, on Saturday afternoon, at the United Church, at Stanbridge East, were Mr. and Mrs. F. J. Borden, Mr. and Mrs. Wilbur Borden, Mr. and Mrs. Bhurl Wightman, Mr. and Mrs. Alfred Nicholson and Miss Addie Hastings.

Mrs. H. Douglas and Miss Douglas, of Stanbridge Ridge, were in Bedford, on Monday.

Mr. and Mrs. L. Lavallee and young daughter, of Sutton, were the guests, on Sunday, of Mrs. Lavallee's parents, Mr. and Mrs. L. Fontaine.

Mrs. Matthew Ewing, together

with her daughter, Mrs. Allan Risk, and two sons, Ewing and James, of Kingston, Ont., who have been the guests of Miss Esther Ewing and Mr. Frank Ewing, at Stanstead, have returned to Bedford.

Mr. and Mrs. Henry Ewing and young daughter, of Camp Borden, Ont., are the guests of the former's parents, Mr. and Mrs. S. Ewing.

Mr. D. McLean returned, on Monday, after spending the week-end with his family in Montreal.

Mr. L. Sanderson, of Montreal, is spending several weeks in town.

Mr. Maurice Wendman, who has carried on a dry goods business for a number of years in Bedford, is closing out his store prior to going to Drummondville with Mrs. Wend-

man and young son, where Mr. Wendman will engage in the same line of business.

Mrs. C. W. P. Ramsay, together with her two children, Dorothea and Jean, who have spent the past months in England with Mrs. Ramsay's mother, Lady Jackson, are sailing shortly for Canada.

Mrs. L. Powers, of New York, was the guest, for several days recently of Mr. and Mrs. Wilbur Borden, returning on Thursday, August 7th, to North Hero, Vt., with Mrs. Borden, where Mrs. Powers is spending the summer months.

Mr. and Mrs. Heman Hulburd motored to East Highgate, Vt., on Wednesday, August 7th.

## Newcomers to Canada- WELCOME!

We hope you'll like it here and do well. And we invite you to try Red Rose Tea among other good things.

RED ROSE RED LABEL TEA

RED ROSE ORANGE PEACH TEA

## RED ROSE TEA

"is good tea" 102

## TO MOTHERS

WHEN the children begin to tire of the usual glass of milk, the usual egg, it's a sure sign they need variety. Brighten up the nursery supper by serving a bowl of Kellogg's Corn Flakes with milk or cream and honey or fruit. They'll take plenty of milk and like it. They'll sleep better—feel better. For Kellogg's are extra easy to digest. A healthful bed-time treat for children.

## Kellogg's CORN FLAKES

LEADING dietitians stress the importance of variety in children's menus. They praise the practice of serving a crisp, ready-to-eat cereal at the evening meal.

What better cereal than Kellogg's Corn Flakes! The world's most popular. Children love these flakes of toasted corn with the flavor that can't be copied.

Delicious for breakfast, lunch and supper. Always oven-fresh in the inner sealed wax-tite wrapper. At all grocers. Made by Kellogg in London, Ontario.

## Sherbrooke Daily Record

Established Ninth Day of February, 1897.

Published Every Week Day by the Sherbrooke Record Company, Limited, at their publishing house, 69 Wellington Street North, in the City of Sherbrooke, Quebec.

With exclusive franchise of Canadian Press, Associated Press and Reuter's European News Service, Member of the A.B.C. with circulation of over 10,000 audited and guaranteed.

Subscription: 75c. a month, delivered to any home in the city and suburbs. Post Office delivery to any place in Canada, Great Britain or the United States: \$3 per year; three months, \$1; one month, 40c. Single copies, 3c.

ALFRED WOOD,  
President and Editor.  
GORDON MILLER,  
Managing Editor.

E. G. PIERCE,  
Managing Director.  
C. P. BUCKLAND,  
Advertising Manager.

Time mellow our faults and follies, and in good time we forget and forgive those who may have done our country an injury, believing as we do in repentance and enlargement of understanding. Therein lies the hope of the politician.

### WITH OUR FARM FRIENDS.

Under the "talking tree" on Thursday I listened to the band at the big Field Day which John McClary conducts each year for the entertainment of all the thousands of friends of the Dominion Experimental Farm at Lennoxville. Around the umbrella of trees gathered the guests during the drizzle of rain which made the farmers realize that they were not wasting the precious hours of sunshine by being away for the day.

The orators of the day were given an attentive hearing as the folks sat close by the bower of trees beside the executive offices.

Some of the anticipated guests did not arrive, but all sent worthy representatives.

The Experimental Farm, which supplements the good work of the Falls Fairs in a practical way, is ever of detailed interest to those who study and know the problems of the farm.

Dr. Archibald, of the Dominion Experimental Farm, was there to talk of cheerful prospects for the farmers.

S. J. Chagnon, provincial organizer of the Agronomer, was there with S. Boily, the Sherbrooke County organizer.

Dr. Black, an agricultural professor of distinguished lineage, and onetime principal and professor of the Alberta College of Agriculture, made a neat address.

Charles B. Howard was there, of course, for no gathering is quite complete without "Charlie."

Sam Gobeil, the new M.P. for Compton County, was also given a hearty welcome.

When John McClary presented his speakers, he, too, was acclaimed as the sincere friend and studious teacher who has devoted his life to making farming better and better in production and pay.

Despite the tears of the Weather Man, it was a joyous day.

### SHEFFORD COUNTY SHOW.

Mayor I. I. Irwin and his colleagues, of the Town of Waterloo, deserves and will receive many congratulations on the success of their Annual Fair on the new grounds and in the new buildings. The three days passed all too quickly, and those who came went home with "next year" engraven on their minds.

Waterloo is a thriving town of which too little has been heard of in the past ten years. It is a home-like town with a receptive atmosphere, and with citizens who are proud of their community. We have many friends and subscribers in and around Waterloo, and we know just how deeply they love their town and county. Once in every five years we may all get "het up" over politics or public matters, but the visitings and greetings at the Fall Fairs wipe out all plaintive recollections, and strengthen that spirit of friendliness which we must all have in facing forward to the bigger and better things, each one of us working for the uplift of our community and our country.

After all, everything pales into insignificance when it comes to the perfect friendship between man and man. And the Fall Fairs do cultivate these broad fields of friendship, killing the weeds of distrust.

We like to know and do believe that every farm subscriber of the Record was at the Waterloo Fair to encourage the town boys for their good work in re-building and re-constructing the annual institution.

### THE LAND OF FREEDOM.

At the head of the Great Lakes they are preparing a vast power development, looking to the opening of an industrial area which will be comparable to that of Chicago in its relation to the United States.

Northern Ontario, in the Lake Superior and Abitibi region, is going to bid for industrial expansion in the hopeful outlook of being nearer to the sea and the world markets through the deepening of the St. Lawrence canal systems and the opening of Hudson's Bays.

The Ontario Power Service Corporation, a wholly owned subsidiary of the Abitibi Power and Paper Company has under lease a power site capable of developing 275,000 horse-power, as big a project as that of the Beauharnois Company. It has been stated that the financing of the project has already been arranged, and that the power contracts have been bespoken for amounts sufficient to more than pay the bond interests.

Naturally we are interested in these great competitive projects, for our desire is to have and to hold and to expand our own industrial areas so that we may provide for our own home array of workmen and expand our industries so that our expatriates shall hurry home to a happy land of prosperity.

Our big chance depends upon the throwing open of our power requirements so that the industries which we invite here may have full confidence and freedom.

### WATCH FOR TRADE RECOVERY.

For the first time in a century of comparative trade records we look for a business revival in Canada before it occurs in the United States. Usually we are the last to feel a trade revival, and the first to feel a coming depression,

but this one of 1929-30 was evidenced in the United States long before we were all aware of it in Canada.

We look now for a sustained upward turn in Canada, beginning with the Fall Fairs and Exhibitions, and further founded on the belief that we will have a Federal Executive who will protect and encourage our home industries. There may be seasonal recoveries, but we can pin our hopes on a gradual and steady recovery, which will become more pronounced with the turn of the year.

We may feel sure that any effort to do a wholesale dumping of foreign products on the Canadian markets in view of the certainty of a higher protective tariff will not only be retarded immediately but will in good time be effectually frustrated. The new brooms will sweep out the cobwebs that gathered during conferences and deferred reports of corrective commissions.

In a great self-supporting and self-sustaining country like Canada the world depression and the world-wide unemployment has been accentuated by a persistent weakening of our protective structure, this by men and ministers who can see no higher than the top of a wheat stalk.

### EDITOR'S NOTE BOOK.

The Sherbrooke Fire Brigade, ever ready to recognize the fraternal call for assistance against the fire fiend, did some good work in saving Huntingville from a conflagration this week. The boys at the fire hall have a fine esprit de corps, and Chief Camirand is proud of their work, and of their cheerfulness in the face of all calls.

The City Council choose the civil engineer who offered to make a report on the incinerator at half the price of the usual charge of an active member of the Civil Engineering Institute. Let us earnestly hope that he will not choose for this city one of the cheap and old-fashioned incinerators which will make an odorous desert of the surrounding country. Cheap calls too cheap too often.

A full and complete report of the plans and projects of a filtration plant for the city drinking water will be in order before the property-owners are asked to vote a quarter million of dollars for its installation. Our opinion that the project should be held over until the Council is reorganized in 1931 will no doubt be given some consideration by the ratepayers. It is too important a matter for a City Council permeated by a few spiteful and discredited civic politicians.

In the heartfelt desire that all visitors, to Sherbrooke during the Fair shall feel they are the welcome guests of the city. Ex-Mayor Tetreault, the head of "the Midway," says he has gathered a collection of attractions as never before. As these are all under his direct supervision the desire for amusement during some hours of the passing day will lead people to the Midway, where there will be no questionable shows nor practices, but where there will be laughter and merriment and a joyous time.

Henry Ingram says he is going to make the horse races set the pace for interest at Canada's Great Eastern Exhibition, and that he has the finest collection of entries ever known. Henry has an undying fondness for horses, and with a splendid committee to help him, he has also the backing of H. Bruce Fletcher, as director of the Horse Show. The daily programme of races for four successive days will be such a feature that even a Dunlop-tired limousine will look like an "also ran."

It's "Old Home Week" that will be ushered in with a great Musical Festival at the Exhibition Grounds on the Sunday afternoon of August the 24th. On the Monday following the exhibitors will be giving the final touches to their displays on Canada's Great Eastern Show grounds, and on Tuesday every last wheel in the splendid show will be travelling "on all six." Leo Laliberte, the Beau Brummell of Sherbrooke, and the chairman of the Musical Programme, promises that the Sunday Band festival will be a revelation to the music-lover. Seven massed bands will be on the stage. Should the day be fine the grand concert will be given before the grand stand. Should the weather be unpropitious the new Arena will be filled with the music that is divine. Sherbrooke invites its friends for one weekful of joy.

### FRONT WINDOW MUSINGS

Cleanliness is next to godliness. And both seem more desirable to men when you make it hot for him.

The cause of some hard times isn't found in the wheat belt or in the industrial region, but in the yellow streak.

There aren't any real martyrs now, except the wives of famous men who enjoy having an audience.

It's no wonder girls marry for money in a land of rich widows and poor widowers.

Charity covers a multitude of sins, also, and the effect is more lasting than that of dry ginger ale.

### PRESS COMMENT

#### PROTECT THE PUBLIC.

A law making it a misdemeanor to deliver a political speech for three months after an election would receive popular support.—Vancouver Province.

#### CRITICS.

We saw Bobby Jones perform in the news reels the other night. He looked great to us, but a man across the aisle was arguing his stance was wrong.—Life.

#### CLOSING PRISONS.

Great Britain is closing thirteen more prisons. This is in marked contrast to the United States where the prisons are full to overflowing. It is an eloquent tribute to the manner in which law is enforced in England. It doesn't pay to be a criminal in Britain, and the potential criminals soon realize it when they find the law strictly enforced.—Chatham News.

## RECORD NUMBER OF MOTOR CARS CROSSED LINE

Monthly Report from Vermont Customs District Shows that During July 90,434 Automobiles, Carrying Over a Quarter Million Passengers, Entered District.

ST. ALBANS, Vt., Aug. 15.—Highway travel into the Vermont customs district during the month of July reached the highest level in the history of the district, according to the monthly statement just issued by Collector Harry C. Whitehill. A total of 90,434 automobiles, carrying in the aggregate over a quarter of a million passengers, entered the district through the various ports and stations along Vermont border during that period. This represents an increase of nearly twenty-five per cent. over the preceding month, and more than sixteen per cent. over the corresponding period a year ago. As compared with the figures for

July, 1928, the increase is approximately twenty-one per cent.

The two main gateways through which this traffic entered the district were at the ports of Derby Line and Swanton. The Customs Offices at these two points reported the inspection during the month of 20,876 cars and 17,619 cars, respectively, or over forty per cent. of the total number entering the district. Norton Mills reported the next largest number, with 12,654 cars examined, while Canaan followed closely with 10,809. Reports from other ports and stations show that Richmond inspected 6,947 cars during the month; North Troy, 6,839; Alburg, 3,755; Beecher Falls, 3,646; West Berkshire, 2,618; East Richmond, 2,007; Franklin, 1,293; Highgate, 821; and Newport, 490.

Of the total number of cars crossing the International border into the district during July, 34,006 were of Vermont registration, 23,178 were of Canadian registration, and 33,250 were registered in states other than Vermont.

NAW, HE ACED ON HIS BINGLE. "You ought to ha' been here. Sluggo just made a base hit," remarked the baseball amateur as a dyed-in-the-wool fan took his seat beside him.

The newcomer looked puzzled. "A base hit; what that?" he asked. "Oh, you mean he lambasted it for one sack?"—Portland Express.

## CHILD WELFARE CONTEST WILL BE CONDUCTED

Contest Under Auspices of Provincial and Brome County W.C.T.U. Will Be Feature of Brome Fair.

BROME, Aug. 15.—The announcement has been made that a child's welfare contest, under the auspices of the Women's Christian Temperance Union, will be conducted by Mrs. Herbert A. Toof, provincial and Brome County superintendent of fairs, on Tuesday, September 2nd, at 1:00 o'clock, in the rest room and the W.C.T.U. booth in the main building at the Brome Fair.

Prizes will be given for the best developed children, not necessarily the best dressed or the prettiest. The judging will be in charge of competent nurses and there will be three prizes divided for each of the four following classes:

For the best baby six months old

and under; for the best baby six months to one year; for best baby one year to eighteen months; for best baby eighteen months to two years. For best baby in the last class Hon. Senator Foster has donated a silver cup.

All mothers wishing to enter their children in the contest should send the child's name, age and address to Mrs. H. A. Toof, Sr., before September 1st.

For over sixty years Gurd's Ginger Beer and Ginger Ale have been favorites throughout Canada because of their unvarying quality and excellence.

Ask for Gurd's wherever drinks are sold.

Ask your grocer to supply you by the case or carton.

Gurd's Kola-Dry—the new Gurd triumph—will delight and satisfy your taste. Try a bottle today.

CHARLES GURD & CO., Limited, MONTREAL.

# LEADERSHIP

The Ford is Outselling Every Other Car in Canada by a Large and Constantly Increasing Margin

THE Ford Motor Company of Canada, Limited, was organized twenty-six years ago. The business was started in a small frame building and the entire first year's production totaled only 117 cars.

Today the fine modern plant covers many acres of ground and the average payroll is in excess of \$11,000,000 a year. The first force of 17 men has grown to a peak of 7500, and the Ford Motor Company of Canada, Limited, is one of the leading industrial organizations of the Dominion. Canadians may well be proud of the Ford, for it is practically all made in Canada, of Canadian materials, and by Canadian workmen.

That the public appreciates the unusual value built into the Ford is shown by its ever-increasing popularity. In many sections, 50% to 70% of all cars sold today are Model A Fords.

Following are just a few of the many features that make the Ford a value far above the price:

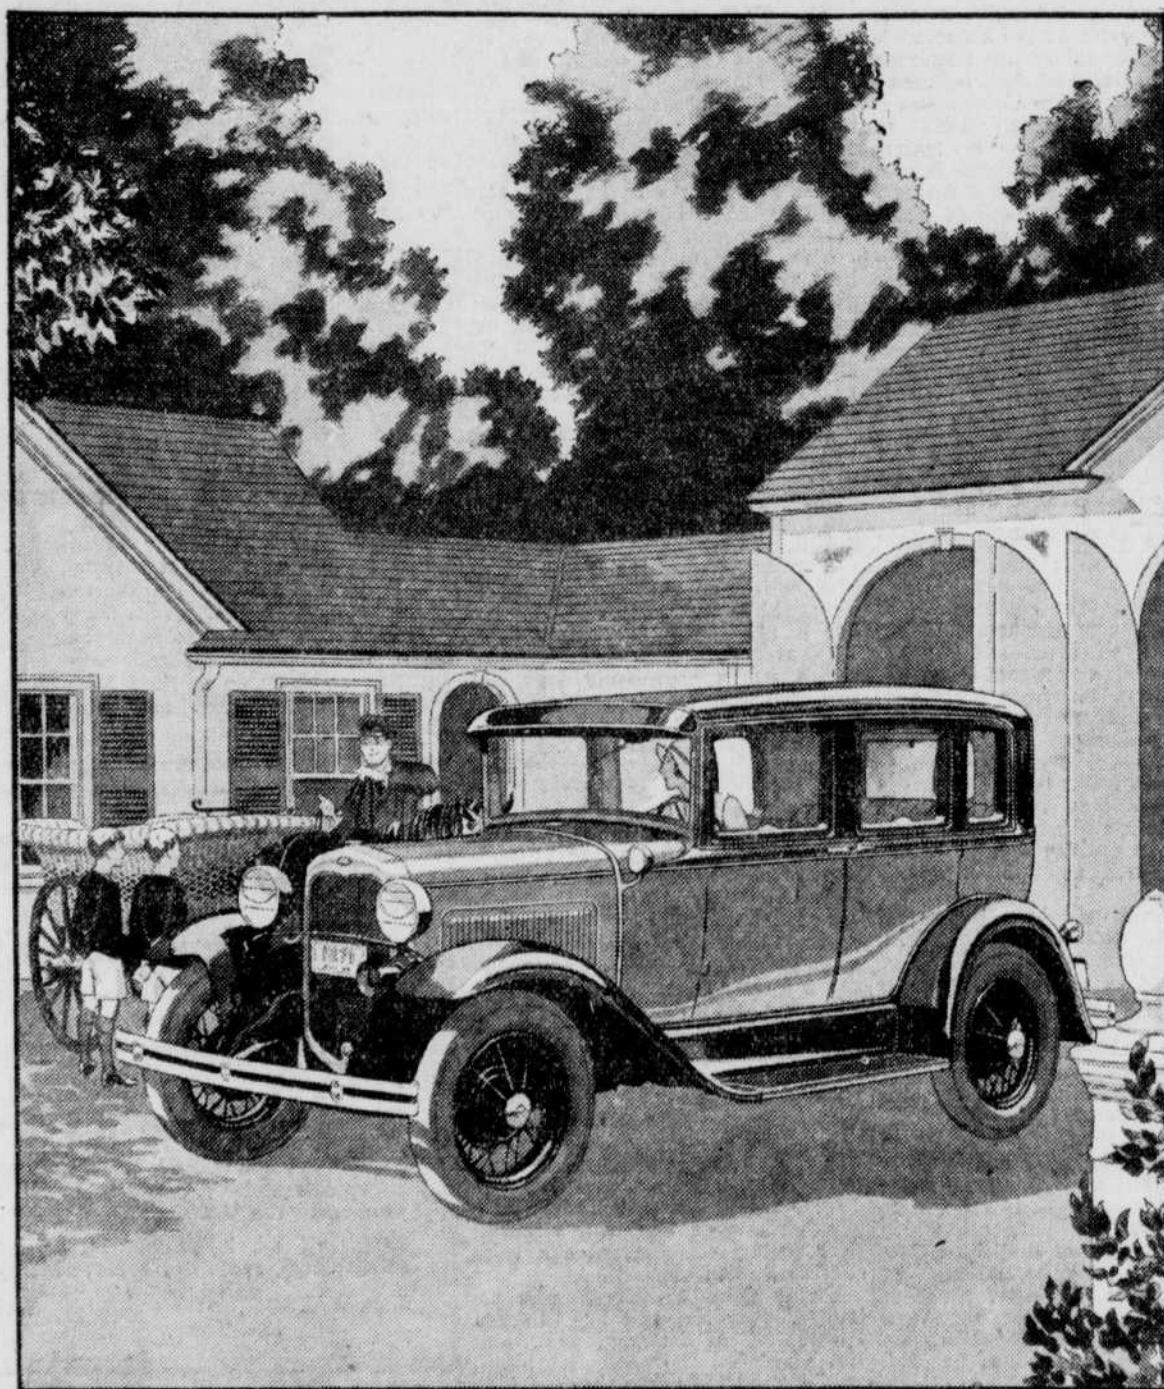

**ECONOMY**—You save when you buy the Ford and you save every mile you drive. During the life of the car, the saving on operation, up-keep and depreciation will amount to even more than the saving on the first cost of the car.

**RELIABILITY**—The new Ford has been built to endure. Every part has been carefully made of good materials to give you many years of satisfactory service. Many of the new Fords have already gone 50,000, 75,000 and 100,000 miles.

**SPEED AND ACCELERATION**—The new Ford will do 55 to 65 miles an hour. Everywhere you go you note its power on the hills and its unusual acceleration in traffic.

**ROADABILITY**—From all over the Dominion come letters telling of the good performance of the new Ford on rough roads and through heavy mud and sand. In winter, particularly, it has successfully traveled many roads once thought impassable.

**COMFORT**—Every Ford car is equipped with special transverse springs and four Houdaille

THE NEW FORD TOWN SEDAN

double-acting hydraulic shock absorbers. The steel-spoke wheels, low unsprung weight, three-point chassis suspension, and the torque-tube drive also add to its easy-riding comfort.

**SAFETY**—In addition to fully enclosed four-wheel brakes, the new Ford brings you the

added safety of a shatterless glass windshield. By reducing the dangers of flying glass, it has prevented many injuries in automobile collisions.

**THE STRENGTH OF STEEL**—The enduring strength of steel makes the new Ford a sturdy, rugged car. Nearly forty kinds of steel are used in the chassis alone.

**RUSTLESS STEEL**—Evidence of the high quality built into the Ford is shown by the use of Rustless Steel for the head lamps, radiator shell, hub caps, cowl finish strip, tail lamp and other exterior metal parts. It will not rust, corrode, scale or tarnish in any kind of weather. Its bright luster will last for the life of the car.

**A SMOOTH-RUNNING CAR**—There are more than twenty ball and roller bearings in the new Ford—an exceptionally large number. They insure smoother operation, save gasoline, give more speed and power, decrease noise and increase the durability and efficiency of the transmission gears.

**New Low Ford Prices**  
There is a Ford car for every need and purpose. You have your choice of a variety of colors in each body type. The Ford dealer will gladly demonstrate the car over any roads you wish.

## KNOWLTON LAD WINS JUNIOR GOLF CONTEST

Jack Johnson, of Knowlton Club, Shoots Ninety-One for Eighteen Holes for First Eastern Townships Junior Title, Played Over Course of Sherbrooke Country Club.

Jack Johnson, representing the Knowlton Golf Club, carried off premier honors at the first Eastern Townships Junior Golf Tournament, held over the course of the Sherbrooke Country Club yesterday afternoon. Playing over a strange course and under conditions that were far from ideal for golf, young Johnson, who is only sixteen years of age, shot a splendid 42 on the outward nine followed by a 49 on the home nine, giving him a total of 91 for the round. Johnson thus becomes the first holder of the beautiful silver trophy cup donated by Mr. George H. Foster, president of the Province of Quebec Golf Association, for annual competition among junior members of Eastern Townships Clubs. To him went first prize of a wrist watch and a miniature of the cup. Johnson's card was: 4-4-6-6-6, 4-3, 6-4-2, 5-6-5-6-5-4-7-6-5-4-2. Total, 91.

Closely following Johnson, three boys, D. Monk and J. Kerrigan, of the Knowlton Club, and C. Laverdiere, of the Lennoxville Club, all tied at 92. When boys of this age, Kerrigan being fourteen, Laverdiere fifteen, and Monk sixteen, can shoot the Sherbrooke course, under the conditions with which they had to contend, in 92 strokes, it augurs well for golf of the future in the district. As Kerrigan already won a prize for the best score by a boy under fifteen, he very sportingly withdrew his right to contend for second prize, Monk and Laverdiere deciding in a manner satisfactory to themselves, second prize of a golf club going to the Lennoxville entry. To Kerrigan went a silver cup for his splendid 92.

A special prize of a golf club for the youngest entry in the tournament, went to Mr. Winsor, of the Cowansville Golf Club, who, though only ten years of age, shot 156 for the round.

The J. S. Mitchell Ltd. Team Trophy, competed for by teams of four boys, was won by the Knowlton team composed of R. Johnson, D. Monk, J. Kerrigan and G. Stewart in the scores of 91, 92, 92 and 98, respectively, for a total of 373. The Granby team composed of W. McDonald, D. Alcorn, D. Doe and G. Miller were second with a total of 392.

Following them were the Lennoxville, Windsor, Sherbrooke and Cowansville teams.

In the absence of the president, Mr. D. J. Salls, the prizes were presented by the secretary of the E. T. G. A., Mr. B. N. Holham.

Those participating and scores were as follows:

|                              |    |    |     |
|------------------------------|----|----|-----|
| Jack Johnson, Knowlton       | 42 | 49 | 91  |
| J. Kerrigan, Knowlton        | 43 | 49 | 92  |
| C. Laverdiere, Lennoxville   | 40 | 43 | 92  |
| D. Monk, Knowlton            | 48 | 44 | 92  |
| D. Alcorn, Granby            | 46 | 47 | 93  |
| H. Fowler, Jr., Lennoxville  | 49 | 47 | 96  |
| J. Chapman, Dufferin         | 48 | 48 | 96  |
| Gordon McMurray, Lennoxville | 48 | 49 | 98  |
| W. McDonald, Granby          | 49 | 49 | 98  |
| G. Stewart, Knowlton         | 48 | 50 | 98  |
| D. Doe, Granby               | 49 | 50 | 99  |
| J. Massey, Windsor           | 40 | 51 | 100 |
| R. Welsh, Sherbrooke         | 51 | 50 | 101 |

**THEY CATCH COLD EASILY**  
She displayed much interest while going round the fur-farm.  
"And now many skins do you get from each silver fox?"  
"Three," he explained shortly. "If you took off his skin any oftener he'd become ill!"—Pages Gaies.

## CHICAGO WINS CRUCIAL GAME FROM BROOKLYN

Cubs Obtain Full Game Lead Over Opponents in National League Standing—Washington Captures Fixture in American League Schedule.

NEW YORK, Aug. 15.—Unless today's final clash of the "decisive" series between Brooklyn and Chicago finally brings something like a decision, it looks as if their race for the National League pennant might continue indefinitely, or at least until they meet again in September. Despite the big margin they hold over the Robins in their season's play, the Cubs have not been able to get far ahead in the three games of their current series.

Chicago has won two clashes and went on full game ahead yesterday as Pat Malone pitched a fine game for a five to one Cub triumph. But still the big advantage for the Bruins is that the difference is in the losing column where Brooklyn is two games to the bad. The future schedules show little possibility of a "break" for either team.

The Cubs, held in check to some degree through the second game, were completely superior yesterday as Malone stopped the thunder of Brooklyn's big bats. They went out ahead in the very first inning and did all their scoring in the first three to win without much difficulty. Bill Clark, Brooklyn's southpaw ace, lasted less than two innings and Clise Dudley could not check the Cub slugging until the damage had been done. Malone, his speed ball working at its best clip, gave the Robins only three hits in the first six innings and had a shut-out in hand until two were out in the ninth, when a Cub let-up let the only Brooklyn run across the plate.

With four teams kept idle by rain and wet grounds, the National League as a whole made no more progress toward a decision yesterday than its two leaders have in their struggle. The St. Louis Cardinals and Boston Braves divided a close double-header that was principally notable for the appearance of some of the league's oldest pitchers. Socks Seibold lost a tough struggle in the first game as the Cards put on a two run rally in the ninth to win four to three, although out-hit eleven to nine. In the second old Tom Zachary outlasted Burleigh Grimes and held St. Louis to six hits while the Braves pulled out a three to two triumph. The Card winning streak went to six games before it was broken in the second game.

Earl Whitehill and Eddie Durham provided the feature of the American League's day. Ferrell won his twentieth victory of the season as Cleveland came back from five straight defeats to pound out a fifteen to nothing triumph over the Philadelphia Athletics. It also was the first game the Indians have won in Philadelphia this season. Ferrell gave seven hits while his mates collected twenty, rescuing their peak in the fifth when they tallied six times.

Whitehill won his tenth successive game, setting a major league record for the season as he beat the New York Yankees five to one, on a seven-hit and eleven-strikeout pitching performance. Elias Funk's triple with the bases full in the fifth gave the Tigers most of their runs. Durham, pitching in a lesser cause, turned in the best hurling job of the day. He shut out the St. Louis Browns with four singles and without a free trip to first to give Boston a five to nothing victory. Washington's Senators used three hurlers in their final clash with Chicago and obtained the best results of them all so far as the standings were concerned, although they had something of a struggle to win a five to four decision. As New York and Philadelphia both lost, the Senators gained a full game on their only important rivals, placing themselves eight games behind the league leaders and two ahead of the Yankees.

**YESTERDAY'S RESULTS**  
**AMERICAN LEAGUE**  
St. Louis 0, Boston 3.  
Cleveland 15, Philadelphia 0.  
Detroit 5, New York 1.  
Chicago 4, Washington 5.

**NATIONAL LEAGUE**  
Boston 3, St. Louis 2.  
Second game:  
Boston 3, St. Louis 2.  
Brooklyn 1, Chicago 5.  
Philadelphia at Pittsburgh, postponed, wet grounds.  
New York at Cincinnati, postponed, wet grounds.

**INTERNATIONAL LEAGUE**  
Buffalo 4, Baltimore 7.  
Montreal 13, Reading 10.  
Rochester 9, Newark 4.  
Only games scheduled.

Boston . . . . . 41 75 .353

which went eleven innings and fans

are looking forward to another close game and anticipating the locals to even the series. The game is booked to start at three o'clock.

Statistics recently given out by the management of the St. Roch baseball team show the local sluggers to be hitting the ball at a lively clip. Blanchard, who covers second base on the local line-up, leads his fellow batters with twenty-one hits in fifty appearances at the plate, giving him an average of .420. His margin over his nearest rival for the matting honors, Asselin, hard working guardian of the keystone corner, is sixty-one percentage points. Cabana, who is a new accession to the team this year and the only out of town player on the nine, has twenty-two hits to his credit out of sixty-two appearances at the plate, for an average of .354. Three other batters, Morin, Savage

and Pinard, are all above the .300 mark. In the Semi-Professional standing, Blanchard heads all the sluggers with .500 while Morin and Gagne figure near the top of the list.

The average for the whole team is .275 which is distributed as follows:

|           | A.B. | R. | H. | P.O. | A. | E. | A.V. |
|-----------|------|----|----|------|----|----|------|
| Blanchard | 50   | 11 | 21 | 36   | 23 | 7  | .420 |
| Asselin   | 64   | 14 | 23 | 17   | 20 | 7  | .359 |
| Cabana    | 62   | 11 | 22 | 135  | 21 | 8  | .354 |
| Morin     | 47   | 5  | 16 | 8    | 10 | 2  | .340 |
| Savage    | 48   | 16 | 15 | 30   | 10 | 3  | .312 |
| Pinard    | 62   | 9  | 19 | 47   | 0  | 7  | .306 |
| Gagne     | 39   | 2  | 10 | 21   | 1  | 3  | .256 |
| Lepage    | 55   | 11 | 14 | 102  | 3  | 12 | .254 |

## TENNIS

### SHERBROOKE TENNIS CLUB TO VISIT THREE RIVERS

Fresh from a five to one victory over the Club des Inseparables, of St. Hyacinthe, members of the Sherbrooke Tennis Club will journey to Three Rivers on Sunday in quest of further honors. This week-end they will be the guests of the Bellevue Club, who boasts of several strong players. Later on in the season, the teams from St. Hyacinthe and Three Rivers will pay return visits to Sherbrooke, when local fans will have an opportunity of seeing the visiting stars in action.

Several players and tennis fans have signified making the trip this week-end should weather conditions permit. Three men's doubles matches will be run off, while four men's singles will round out the programme. First doubles will be played by G. Bertrand and C. Greigore, while A. Workman and L. Wolfe will play second doubles and R. Rouleau and R. Richard third. In the singles the following players will represent Sherbrooke, R. Rouleau, first singles, L. Wolfe, second singles, C. Greigore, third singles and either A. Workman or G. Bertrand as fourth singles.

### MINIATURE REGATTA POSTPONED UNTIL NEXT WEDNESDAY

Owing to the unfavorable weather conditions prevailing last evening the remainder of Saturday afternoon's regatta programme, which was to have staged last evening, was postponed until Wednesday, August 20th. Gagnon's orchestra will supply the music for the dance to be held in the club rooms after the miniature regatta.

**HOUSE BLOWN TO PIECES**  
CLEVELAND, Aug. 15.—The home of Raymond Porello, identified as one of the five Porello brothers who have controlled the corn sugar industry in Cleveland, was blown to pieces by a terrific bomb explosion early today.

Police found Porello and his family at the home of his mother a short time later. Porello said that last week an attempt was made to kill one of his other two surviving brothers.

# The greatest Triumph in Radio TRUE PERFORMANCE BY BRUNSWICK

Renowned throughout the world for many startling, amazing achievements in the art of sound reproduction, Brunswick now accomplishes their greatest triumph—in fact, the greatest triumph in Radio "TRUE PERFORMANCE."

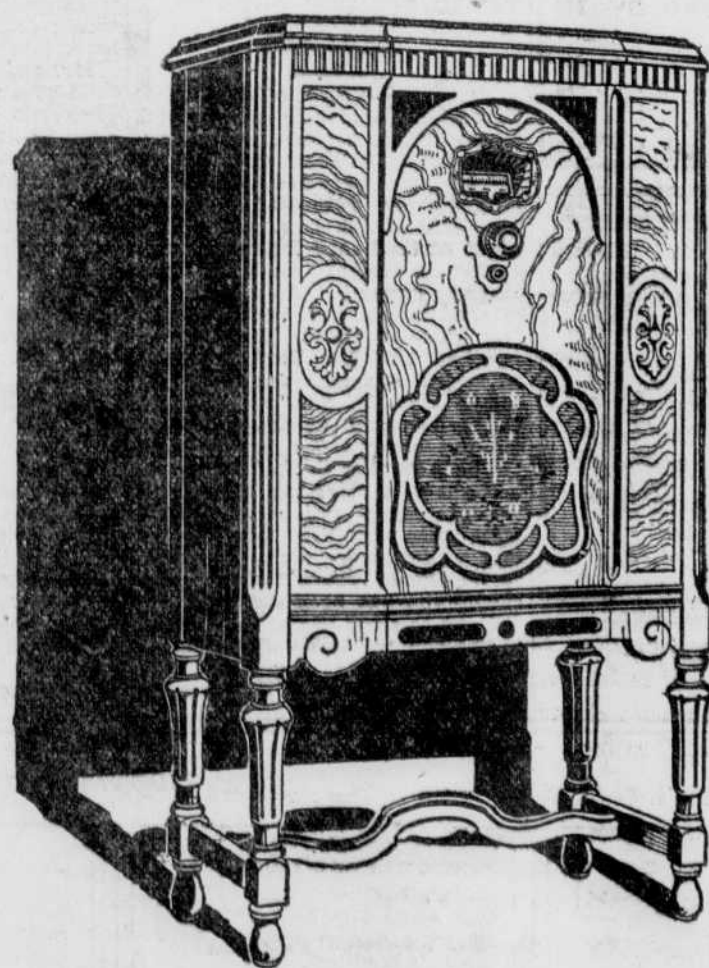

"TRUE PERFORMANCE"—two simple words with a wealth of meaning, a victory long sought, now accomplished—a Radio which faithfully recreates sound exactly as it is put on the air, nothing added, nothing taken away, so amazingly perfect in every particular that only "TRUE PERFORMANCE" can fully express what this Radio can do.

Such a forward stride was naturally to be expected from Brunswick, whose entire past history has been one of remarkable progress, sensational developments, noteworthy successes.

In keeping with such an instrument, Brunswick has created cabinets with a beauty and distinction as extraordinary as the Radio itself, new to the very moment in style and refinement. Brunswick truly offers for home entertainment an instrument unparalleled in performance, unequalled in beauty.

BRUNSWICK RADIO OF CANADA LIMITED  
Subsidiary of Warner Bros. Pictures Incorporated

# Brunswick RADIO

By what it does, a Radio proves what it is—Performance is something definite, something you can easily judge for yourself, therefore visit your Brunswick dealer today note, the marvellous beauty of this new instrument—arrange for a demonstration—this only can reveal to you what "TRUE PERFORMANCE" really means.

## GOSSIP IN THE WORLD OF FINANCE

Furnished by Johnston & Ward.

## FURTHER IRREGULARITY EXPECTED

NEW YORK, Aug. 15.—The Wall Street Mirror says today: Further irregularity will be seen again today. Much is being made of the fact that the stock market has run into support around the low levels of June. However, it is also the consensus of opinion that the bear party will make further efforts to test out the June lows after a period of quiet. The size of the short interest in the stock market is now a matter of comment. In some quarters it is declared that the short interest is now probably the largest in history of the stock exchange. In fact the short side of the market has become so popular that some firm members are given to starting openly the size of their short position. A short interest of better than 5,000,000 shares is commonly believed to exist. It can readily be seen that any sort of good news at all is likely to start a bear pan-

ic. The main question is where is this good news to come from?

The absolute lack of public participation in the stock market is shown by the shrinkage of the loans to brokers figures. Another decrease of \$59,000,000 has brought the loan account down to the lowest in more than two years.

Quiet buying of a substantial nature is known to be taking place in the market. This buying is not of the aggressive sort and is being carefully covered up.

## BROKERS' OPINIONS

E. F. Hutton and Co.—It might also be worth noting that despite the pessimism and preponderance of public selling orders "at the market" the past few days prices of many of the better issues have really lost little or no ground.

## TRADING FORECAST AND FACTORS

The market will probably face an important test today. Professional bears are likely to resume selling before the close in an effort to force the averages below the June resistance point.

## DOW JONES' FINANCIAL NEWS SUMMARY

International Nickel Co., of Canada second quarter earnings twenty cents a common share

## GAINS WERE REGISTERED BY SEVERAL STOCKS TODAY

NEW YORK, Aug. 15.—Stocks opened irregularly higher today, as further short covering appeared in several important shares. Chrysler mounted 1/2 in response to its June quarter earnings, and Westinghouse Electric, Auburn and Case gained as much. U. S. Steel mounted 1/2 and American Telephone 1/2.

Worthington, however, dropped two points, and a block of 15,000 shares of International Nickel was sold at 20 1/2, off 1/2 and a new low, Bethlehem lost 1/2.

## BEAN MARKET STEADY

MONTREAL, Aug. 15.—A report from the Seed Branch of the Department of Agriculture describes the bean market as very steady, with demand quite strong.

Prices are as follows: Canadian hand-picked, \$6.00; choice prime, \$6.45.

against thirty cents a share in first quarter and thirty-five cents a share in like 1929 quarter.

Columbian Carbon Co., and subsidiaries June quarter earnings \$1.57 a share on 498,505 shares against \$1.62 a share on 498,505 shares in first quarter and \$1.62 a share on 497,344 shares in like 1929 quarter.

Chrysler Corporation first six month earnings seventy-seven cents a share on 4,438,422 common shares against \$4.06 a share on 4,452,009 shares in first half of 1929.

Matthew Sloan, president of the New York Edison Co. elected a director.

Regular dividends declared.

International Paper and Power Co., June quarter earnings sixty-six cents a share on 914,163 shares of seven per cent preferred, against seventy-three cents a share on 913,601 preferred shares in preceding quarter and \$1.02 a share on 905,640 preferred shares in like 1929 quarter.

Warner Brothers Pictures Incorporated common stockholders of record August 25th, offered right to subscribe to 755,000 common shares in ratio of one share of new stock for each share of common stock held on August 15th.

Thursday's range of averages thirty-four, high 224.388, low 219.24, last 221.05, up 0.73. Twenty-two, high 127.65, low 126.23, last 126.56, off 0.56.

## OUTLOOK STILL CLOUDY

NEW YORK, Aug. 15.—The New York Advisory Service says: The street has become accustomed to a one day rally with its fade-out closely following on the heels of strength during the next day.

Yesterday's session was no different than the others in this respect, unless we are willing to grant the thought that, considering the critical position of the market and the fact that the year's low points are not far from the present surface of prices, it would have been logical to expect a more hardy type of bear selling than which came into the market in the later dealings.

Perhaps the present over-crowded bear position in numerous stocks had something to do with deterring the larger bear interest from pressing any advantage which they may have at this time. Then again, another deterrent may have been the fact that the large banking groups are showing some change of heart and, for once, are moderate buyers of stocks when offered at reasonable trading concessions. On the other hand, it would be too much to expect these interests to follow up prices with bids at a time when there is so much confusion as to which way the wind will blow.

The market picture does not seem to have changed much, despite the better resistance which has been shown during the past forty-eight hours.

## COMPARES PRICES A YEAR AGO

MONTREAL, Aug. 15.—The Montreal Financial Service says today: Canadian Pacific new stock sold to another new low yesterday. The depreciation in the market value of this issue is due to a number of circumstances. Listed on the New York Stock Exchange, Canadian Pacific moves in sympathy with the American group of railroad securities and as the United States roads are cutting freight rates to afford relief for the drought area, all the rails in that market, including C.P.R., have been subjected to selling pressure. The slow movement of grain from western Canada and the large carry-over naturally affected the earnings of the Canadian road and there is doubt that the company will fully earn the ten dollar dividend on the common shares, but there is no doubt of the road's ability to pay this dividend, meeting the deficit out of surplus until such time as business improves. At forty-three the stock returns a yield of 5.81 per cent, the most liberal in some time, and with the proposed split of four for one the new shares are now within the reach of all classes of investors.

A year ago today, the local market was irregular with Power Corporation a strong feature advancing six points to 131, International Nickel at 51 1/4 and Abitibi on a turnover of about five thousand shares, advanced to fifty-seven.

Brazilian closed at 70 1/2, Massey-Harris 56 1/4, Winnipeg Electric 81, Shawinigan 99 1/4 and Consolidated Smelters 390.

Sales of Fanny Farmer Candy Shops for the month of July amounted to \$23,833, representing a decrease of \$13,740. For the seven months period from January 1st to July 31st, sales aggregated \$2,140,553, an increase of \$54,039.

## LAIDLAW'S LETTER

NEW YORK, Aug. 15.—Laidlaw and Co. says: After an irregular beginning the rally continued somewhat further. The demand from shorts appeared to be satisfied at this time resulting in recessions from the highs for the day. No special news of importance developed and the market apparently is awaiting its cue from business. There appears to be some seasonal improvement in business in prospect for this fall but there is a disposition not to anticipate it unduly.

## SOUTHERN CANADA POWER EARNINGS SHOW INCREASE

Makes Forty-Sixth Consecutive Gain in Monthly Net of Company—Figures Shown for Ten-Month Period.

MONTREAL, Aug. 15.—Gross earnings of \$1,881,393, an increase of \$7,494 over last year, and net earnings of \$1,102,258, an increase of \$1,637 on a like comparison, are shown in the report of Southern Canada Power Co., Ltd., for the month of July. This increase in net earnings makes the forty-sixth consecutive gain in monthly net earnings, an enviable record. During the month operating expenses increased \$6,45 over July of 1929.

For the ten months of the company's fiscal year, ended with July, gross at \$1,813,356 shows an increase over the like period of 1929 of \$131,646, while net at \$1,194,238 is \$56,191 higher on the same comparison. Working expenses for the ten-month period increased from \$608,693 to \$648,148.

## NICKEL MAKES NEW BOTTOM IN EARLY TRADING

Poor Earnings Statement Causes Heavy Selling of Canadian Favorite—Other Issues Weak.

MONTREAL, Aug. 15.—International Nickel touched a new low of 20 1/2 for the year at the opening of business on the Montreal Stock Exchange this morning. The weakness of the stock was attributed to the showing of the earnings statement for the second quarter of 1930. Earnings for the six months of 1930 were shown at \$7,838,874, as compared with \$11,238,176 for the same period of 1929.

The first board lot sale of Nickel came out at 20 1/2, a loss of 1/2, but a few minutes later sales were better.

Canadian Traction was also the subject of considerable attention. The stock came out with an overnight loss of 1/2 at 34 1/2. Canadian Pacific Railway new was off 1/4 at 41 1/4.

Other price changes included: Gypsum, off 1/4 at 25 1/2; Massey-Harris, off 1/2 at 55 1/2; Southern Canada Power, up 1 at 26, and Shawinigan, off 1/2 at 64.

## PROMPT ACTION FOR STATES ON KELLOGG PACT

History Professor Sees Growth of International Feeling on Part of American Citizens.

WILLIAMSTOWN, Mass., Aug. 15.—Although the United States is the most nationalistic nation in the world, it will not long leave the Kellogg pact without implementation, Dr. Edwin F. Gay, professor of economic history at Harvard University, told the Institute of Politics yesterday.

Professor Gay, who presided at a general conference on economic progress in Europe, surveyed the factors which are leading to greater economic co-operation in Europe, and digressed to discuss the relation of the United States to the movement for economic recovery in Europe.

Pointing out that the strong nationalist sentiment in this country was due to history and origin, Dr. Gay urged patience upon those who were seeking to lead the United States along the path of international co-operation. It was at this juncture that he declared that under the present conditions of the world, the United States would not long allow the Kellogg pact "to remain a mere gesture. The least that may be expected of the United States, in his opinion, was that arrangements be made for consultation before action is taken under the pact. The economic situation was developing in such a way that when the United States acted it would "not in words but in deeds."

Dr. Gay discussed at some length the extreme difficulty in which the world finds itself now in its attempt to stabilize the monetary situation during a period of downward movement of commodity prices. Since the remedy was international, the maintenance of security with peace was a paramount necessity at a time when the whole economic organization was in the process of readjustment and subject to strain.

## NEW YORK PRESS MARKET COMMENT

## MANY ATTENDED RIDEAU HALL GARDEN PARTY

Much Looked for Social Event at Ottawa, Which Usually Takes Place on June 3, Attended Yesterday by Some Three Thousand Guests.

OTTAWA, Aug. 13.—The capital's premier social event of the summer took place yesterday at Rideau Hall, when their Excellencies, Lord and Lady Willingdon, received at a garden party. The event usually takes place June 3rd, but was postponed this year owing to the absence of Their Excellencies from Ottawa on that date. Among the 3,000 guests who attended were some two hundred distinguished members of the British, Irish and French bars who are in Canada to attend the annual meeting of the Canadian Bar Association.

Threatening clouds in the morning gave way to brilliant sunshine when the guests began to assemble in the middle of the afternoon. A chill in the air, however, caused many of the ladies to wear coats over their flimsy gowns. The spacious gardens of Rideau Hall were at their best as the guests wandered through the walks admiring the luxuriant midsummer flowers.

The presence of a large number of the new cabinet ministers, together with members of the Government which has just retired, added interest to the affair. Hon. R. B. Bennett, the new Prime Minister, was present, accompanied by his sister, Miss Mildred Bennett, as well as Rt. Hon. W. L. Mackenzie King.

The Governor-General and Lady Willingdon received at the entrance to the gardens. Her Excellency wore a handsome gown of heliotrope crepe, fashioned simply with a long flowing skirt and an uneven hem line. Her hat was of the same shade and she wore a rope of pearls with beige shoes and gloves.

Music was furnished by the band of the Governor-General's Foot Guards, whose bright scarlet uniforms provided an additional touch of color to the scene already en-

## APPLE TRADE OF DOMINION IS DISCUSSED

J. Forsyth-Smith, Overseas Trade Commissioner for Canadian Government, Stresses Value of Color and Quality as Essentials of Good-Selling Apples.

TORONTO, Ont., Aug. 13.—Color and quality were stressed as the essentials of a good selling apple by J. Forsyth-Smith, overseas Fruit Trade Commissioner for the Canadian Government, while discussing the future of Canada's apple trade. Color to catch the buyer's eye, he said, and quality to make him come back for more.

Mr. Smith blamed most of the marketing trouble on lack of foresight in the past of shippers. "If you advertise and get people to ask for Canadian apples, and then when they ask for them, they are shown scrubby, inferior fruit, that is absolutely detrimental," said Mr. Smith.

Last year 1,500,000 barrels and 800,000 boxes of Canadian apples were sold in Great Britain. The Fruit Trade Commissioner predicted better things for this year.

"The apple maggot that appeared in United States shipments last year," he said, "has made a great opportunity for Canadian shippers." The British Government embargo would keep all but the choicest of American apples off the market until November 15th, Mr. Smith stated. Mr. Smith will visit the apple growing centres of Ontario to confer with growers and shippers during this month.

## WAGE INCREASE ANNOUNCED BY MR. PERRAULT

Minister of Roads in Quebec Says that Co-operation of Workers Has Reduced Construction Costs to Such an Extent that It Is Possible to Pay Higher Salaries.

QUEBEC, August 13.—With a record number of patrolmen and roadmen employed this year by the Road Department on construction, maintenance and general improvement work, Hon. J. E. Perrault, Minister of Roads, announced that wages had been increased, effective from the first of August. "The work accomplished by the men engaged in road work throughout the province has been so satisfactory," stated the Minister, "that I am in a position to announce a general increase of fifty cents on all wages formerly paid. This has been possible through the economy realized by the complete co-operation obtained from our men, which has resulted in a considerable decrease in the cost of construction and maintenance."

The increase will mean an additional expense of nearly three quarters of a million, as there are now some twenty thousand men engaged in road work in this province. The official announcement made

by the Minister took the form of a letter, which was forwarded to all interested parties, which reads in part as follows:

"In view of the report of the accountant of the Department on the cost of the upkeep of the highways since the beginning of the season, and of another report, showing the improved roads to be in an excellent condition, the Minister decided to fulfill the promise which he made to them last spring.

"Hence from the first of August the wages of road workers and their assistants will be raised fifty cents per day, and the scale will be as follows:

"(1) Roadworkers, men's wages \$3.50 daily; man and horse \$4.50 daily; man and team \$5.50 daily.

"(2) Assistants and roadworkers, men's wages, \$2.50 daily; man and horse \$3.50 daily; man and team \$4.50 daily."
