British Diplot[illegible] Best, Says Bryce.

BRITISH PEOPLE DESIRE CANADA TO HAVE JUSTICE IN EVERY RESPECT, SAYS AMBASSADOR.

Toronto, April 4.—The Right Hon. James Bryce delivered an address before the Canadian Club yesterday afternoon, in which he touched upon some lessons as exemplified in the democracy of Switzerland, when he pointed out the faults and benefits of the system of government in vogue there. Following that came a motion of thanks by Lieutenant-Governor Clark, which precipitated a demonstration of feeling on diplomacy of the past and future, which left no doubt as to the feelings of Canadians so far as the Canadian Club represented them.

Mr. Bryce said: "I will ask you to suspend your judgment upon all these questions in which it is alleged that British diplomacy has not done its best for you. In these matters you have only heard one side of the case, and I feel it is my duty to my country and to the Government which I represent to tell you this, that I believe you are entirely mistaken if you think that British diplomacy is indifferent to Canada, or has not done the best it could for Canada. Having said that, let me say for the future, as I can prove for the past, that there is in every section of the British people the warmest sympathy for Canada, and every desire that all we can do shall be done to secure justice for Canada in every respect. And I may venture to say, for myself, that I do not think anyone will come here—certainly I would not—as ambassador, if I were not persuaded that this is the feeling of the British people, and that it is the duty of an ambassador, and it will be my duty and a duty of paramount importance."

BOURASSA'S MOTION IS DEFEATED.

The Vote on Division Stood 105 to 37.

CROWDED GALLERIES IN AFTERNOON DISAPPOINTED IN THE PROGRAMME.

Ottawa, April 4.—The thronged galleries yesterday afternoon were obviously disappointed that, unknown to them, the Bourassa guns had been spiked at the morning session. Instead of "women, wine and graft," they listened to a prosaic discussion of Yukon placer mining, and other minor bills. The House wandered through peaceful meadows of discussion on Mr. Oliver's harmless legislation, and at night Mr. Fowler was metamorphosized into a militant critic of the militia estimates, which the warlike hand of Sir Frederick Borden steered through the ambushes of committee. The Ross rifle came in for keen criticism, pro and con, and Dr. Sproule raised a plaintive voice against the ever-increasing expenditure on militia. With the House meeting at 11 a.m. and sitting until midnight, with committees going on all the time, members have taken their coats off and there is an evident desire to shake off the mud of the capital from the legislative feet.

The vote into Mr. Bourassa's motion for an investigation into the "women, wine and graft" matter was defeated by a vote of 104 to 37.

IMPORTANT POINT IN BEDFORD JUDGMENT.

Relative to Maintenance of Fences Along Highways.

COURT RULES THAT UNLESS SPECIAL LAW EXISTS MUNICIPALITIES MUST PAY HALF THE COST.

Bedford, April 4. — (Special)— His Lordship Mr. Justice Lynch was here, yesterday, to hold a term of the Circuit Court, but only reached here, a little after 2 p.m., on account of the train being delayed.

He only heard one small case, and then granted an adjournment to the 23rd instant.

GODREAU VS. PARISH OF ST. IGNACE.

Judgment was rendered in this case, which had been submitted at a previous sitting of the Court, and which is likely to have far-reaching consequences.

The plaintiff owns a farm alongside a by-road in the parish of St. Ignace of Stanbridge, in the County of Missisquoi, since over thirty years, and has always maintained a fence between his land and this public by-road, until last year, when he notified the Council of said municipality that he wanted the corporation to build half of the fence, and also, to dig and clean the ditches in said road, opposite his property. The municipality did not comply with his request, whereupon the plaintiff cleaned the ditch and built a new fence at a cost of $90, claiming the half from the corporation defendant, as well as the maintainance of both the fence and ditch for the last five years, bringing the whole claim to $119, for which he took action. The defendant resisted the action on the ground that according to custom, in the neighborhood, the municipalities never built fences or parts thereof, the owners bearing the whole burden, and relied also on an old proces-verbal which left the maintainance of fences and ditches on the owners of neighboring lands. The corporation, also, took exception to the fact that the plaintiff had done the work, without calling upon the Council in the regular way, and to have neglected to use the services of the rural inspector to divide the work.

This last plea was sustained as far as the ditch was concerned, the Court ruling that the ditch made part of the road under the control of the municipality, and that the plaintiff had no business to meddle with the ditch, any more than he could have worked any other part of the road, of his own accord.

Not so about the fence. This was a work between neighbors, and plaintiff and defendant had to build and maintain half of it. The corporation having refused to make its share, the plaintiff, to protect his land, built it alone, and had a recourse to be reimbursed half of the costs. The proces-verbal previously referred to, had been superseded by the latter incorporation of the municipality defendant, and its separation from the township of Stanbridge, whereby it put itself under the enactments of the municipal code. The same code provides for the way of disposing the manner of keeping road fences, but until the defendant passes a by-law to that effect, it must follow the law as it is. The corporation defendant is condemned to pay plaintiff the sum of $45, half of the cost of building said fence, with costs of an action of that class.

It has been established during the trial that the neighboring municipalities follow the same custom of not contributing to the maintainance of road fences, and this judgment upsets all the previous calculations of municipal councils, and will have the effect of increasing their budget, unless new legislation is introduced, or these same councils avail themselves of the different clauses of the municipal code to otherwise regulate the establishment and maintainance of fences. As to the ditches, the practice is not universally the same, but all well advised municipal authorities understand that in order to have good roads, the ditches must be controlled and kept in good order by the Municipal Councils.

PLEADED GUILTY TO FORGERY.

THETFORD MINES MAN WILL COME UP FOR SENTENCE ON SATURDAY.

L. A. Dussault, an agent for dairy supplies, from Thetford Mines, pleaded guilty before Judge Mulvena yesterday afternoon on two separate charges of forgery. From the evidence led at the preliminary investigation it would appear that the accused presented notes of the value of $245.38 at the branch of the Eastern Townships Bank at Thetford Miaes, and at the Black Lake agency of the Quebec Bank he presented notes of the value of $450. These notes were afterwards found out to be forged by reason that when the parties whose names were attached to the paper denied responsibility. The accused was committed to take his trial on both charges at the next term of the Court of King's Bench at Arthabaska, but subsequently asked for a speedy trial, and consented to take his trial here instead of at Thetford Mines, and pleaded guilty to both charges. He was remanded until Saturday for sentence.

GOT A BAD SHAKING UP.

Cleveland, April 4.—(Special.) — While driving to Richmond one day recently Mr. and Mrs. A. Lampro had the misfortune to meet with a slight mishap.

Their horse took fright and ran away. Mr. and Mrs. Lampro were dragged some distance but were very fortunate to escape with only a few bruises and a bad shaking up.

WOOLEN MILL HANDS GO OUT ON STRIKE.

200 Employees At Chambly Canton Quit Work.

THEY DEMAND AN INCREASE OF 25 CENTS PER DAY—LABORERS MAY BE IMPORTED FROM SCOTLAND.

St. Johns, April 4. — (Special)— About two hundred employees went out on strike at the Woollen Mills at Chambly Canton, on Tuesday morning. They demand an increase in wages of 25 cents per day, which S. T. Willet, the proprietor, upon being interviewed, said he had no intention of giving, and announced it as his intention, if his employees persist in remaining out, to bring out skilled labor from Scotland to replace the strikers, who are chiefly French-Canadians.

Mr. Willet received a most insulting letter from the leaders of the strike.

CLOSING OF FREE ART SCHOOL.

Prizes Were Distributed Last Evening.

YEAR HAS BEEN VERY SUCCESSFUL AND FINE EXHIBITION OF DRAWINGS WAS MADE.

The closing and distribution of prizes of the Free Art School of the Sherbrooke branch of the Council of Arts and Manufactures of the Province of Quebec was held last evening in the hall occupied by the class in the Griffith block.

Members of the Council from Montreal, including Mr. Gauthier, President, were expected to attend, but were unable to do so.

The attendance was quite large, several ladies being among the number. Among those present were Dr. Pelletier, M.L.A., Messrs. D. McManamy, Sherbrooke member of the Council of Arts, Robt. Wyatt, and L. N. Audet, class instructors; A. Edwards, T. Tremblay, City Engineer; A. M. Sangster, Superintendent of C. R. D. Co.; H. D. Lawrence, advocate; Rev. G. E. Reed and wife, Rev. Canon Shreve, Rev. Mr. Deeprose and others.

Some time was spent in inspecting the work done by the pupils during the last season. The work this year is considered equal if not superior to any other year's productions and the pupils were highly complimented by all. The total number of pupils enrolled was 82, largest number present at one class, 64; average attendance, 50.

The judges of the work were Messrs. S. W. Jenckes, A. M. Sangster, R. A. Wright and H. D. Hayes.

The total number of drawings executed was 188.

In speaking of the work Mr. A. M. Sangster said a great many drawings would do credit to any professional architects. The work of the more advanced students was, in fact, nearer professional than amateur, judging it by its merits. It is remarkable to note that the attendance during the past year has had a larger percentage of new students than any other year while the work on the whole has been just as good.

The meeting was opened by Mr. D. McManamy who spoke a few words encouraging the students in their work and pointing out the untiring and energetic work and interest shown by Mr. Wyatt as head instructor of the class. Mr. McManamy stated that Mr. Audet, although this was only his second year, had done remarkably well.

Dr. Pelletier stated that he took great pleasure in accepting the invitation afford him to attend this meeting and inspect the work. The school was placing the young men attending in a position to command larger salaries, while at the same time they would probably have less work and easier work, too, to do. Dr. Pelletier thought that the students were using good judgment when they applied their time to attending the drawing classes in preference to spending their time foolishly about the streets as so many young men were doing every evening.

Mr. H. D. Lawrence remarked that he was pleased to see several ladies present. Mothers should be glad to watch the progress of their sons in their careers. Mr. Lawrence approved a statement made by Dr. Pelletier of inviting each old student to bring a friend with him next year.

The distribution of prizes took place as follows:

Architectural class: 3rd year, silver medal from Council of Arts, to Jules Gendron; 2nd year, 1st, bronze medal and scale, from Council of Arts, to Narcisse Chapeldaine; 2nd, $5 worth of tools from Codere & Fils, to Louis Joncas; 1st year, 1st, T square and angles, from Dr. Pelletier, M.L.A., to Chas. Thibault; 2nd, angles, given by Messrs. Verret and Desautel, to A. Brodeur.

Mechanical class: 1st term, bronze medal, from Council of Arts, to John Lemay; silver medal, from Dr. Worthington, M.P., to A. H. Baker; drawing instruments, from Mr. D. McManamy; 2nd term, fountain pen, from Mr. D. McManamy, to Arthur Slack. 3rd term, silver medal from Council of Arts, to L. H. Lakeman.

The Jenckes Machine Co. and Canadian Rand Co. allow to all apprentices thirty days off their time each year providing they attend fifty per cent. of the classes of this school. This system has proven very beneficial.

HARRIMAN AND ROOSEVELT ROW.

President Gives His Version of Matter.

HE, ALSO, AGAIN DENIES STATEMENT OF ALTON B. PARKER.

Washington, April 4. — President Roosevelt discussed with a number of his callers yesterday various features of the controversy between Mr. Harriman and himself, growing out of the publication of the letters between them. He did not desire to be quoted in the matter, however. To his friends the President yesterday made it plain that his version of Mr. Harriman's visit prior to the election of 1904 was that Harriman wanted assistance from the National Republican Committee to help Chairman Odell in the New York State campaign towards whose expenses he (Harriman) had raised $100,000. The President promised to communicate with Messrs. Cortelyou and Bloss, to see what could be done. He did in this case, he declared, just what he had done in other instances, when he was appealed to to help in state campaigns.

To some of the visitors the President referred to the statement made public by ex-Justice Alton B. Parker, in Albany, in which he said that it has never been denied that $150,000 was turned over by the Equitable Mutual and New York Life Insurance companies to Mr. Cortelyou's committee, and that Congress had refused to investigate the labor problems of 1904 or to pass a law prohibiting such contributions in the future. On this subject the President referred to a statement which he made on November 4, 1904, in which he said in part: "That contributions have been made to the Democratic committee, is not the question at issue. Mr. Parker's assertion is in effect that such contributions have been made for improper motives, either in consequence of threats or in consequence of improper promises, direct or indirect, on the part of the recipients * * * * But there is not one particle of truth in the statement," etc.

Neither Mr. Parker nor his supporters, the President declared, have been able to traverse or question the statements made in that answer.

CLIFTON TOWNSHIP VS. ST. EDWIDGE.

Unusual Case Heard in Circuit Court.

ST. EDWIDGE MAN HAD SMALLPOX AND EXTENDED DISEASE TO CLIFTON.

The case of the Corporation of the Township of Clifton against the Township of St. Edwidge de Clifton was heard in the Circuit Court yesterday afternoon before Mr. Justice Hutchinson.

This is an action for $36.50. The plaintiff corporation contends that during the month of October or November, 1905, one Moise Carrier, who resides in the Township of St. Edwidge de Clifton, was suffering from smallpox within the limits of defendants' municipality. That the defendant, instead of isolating the said Carrier as provided by the rules of the Board of Health, took no precaution to prevent the spreading of the said disease, and that through the negligence of the defendant the said Carrier was permitted to come into plaintiff's municipality to work in the lumber camp of Napoleon Carrier, that several men were affected with the smallpox by reason of the said Moise Carrier being there, and plaintiff had to pay $13.50 to watch the said camp, and further pay Dr. Hume, of Compton $21 for medical attendance at the Carrier camp.

The defendant denied the above allegations and further stated that plaintiff never notified the defendant of the present action previous to the issue of the writ as provided by the municipal code. The defendant also states that during that winter there were several cases of contagious disease and that every precaution had been taken to prevent the spread of the disease. The defendant further says that they are not responsible for the said debt.

Several witnesses were examined, and the case was taken en delibere.

$5,000 ACTION FOR DAMAGES THREATENED AGAINST LENNOXVILLE.

Lennoxville Council met on Tuesday. Present Mayor Martin and Councillors Orr, Henry and Smith.

A letter was read from Messrs. Westman and Hardcastle, asking about flagstone for coming summer. The secretary was directed to inform them that none would be required.

Notice was received from E. Rioux that he would take action against the Municipality for $5,000, on behalf of the widow of A. Lemaire, the man killed by the Street Cars between Lennoxville and Sherbrooke, during February last. No action.

Referring to the account received from the G. T. R. for $107.80, being the proportion of the cost of the signalman at the College St. crossing for the year 1906. Charged to the municipality: the Council decided that a further effort be made to relieve the municipality of this charge, as they cannot see anything but injustice in being called upon to pay for protecting the public against danger caused wholly by the railways.

SUGAR SHANTY DESTROYED BY FIRE.

(Special)—On Monday evening about 9 o'clock the sugar house with its contents, consisting of evaporator, sap vat, etc., also the adjoining wood shed and about fifteen cords of wood, the property of Mr. L. Harvey were burned to the ground. The strange fact is that there had been no boiling done, nor fire at the shanty, since the Friday previous, leads some to believe that some party or parties are directly responsible for the fire.

FIRE DRILL DEMONSTRATION.

Cowansville, April 4.—(Special.)— A practical demonstration was given on Wednesday morning as to how quickly the Academy can be emptied of pupils and teachers when the alarm of fire was given in Principal Lockhart's room, shortly after the opening of the morning session. It turned out, luckily, to be nothing very serious, only the over-heating of wood surrounding a register, due to the burning of wood in the furnaces. The use of coal has, lately, kept the fires going too long and strong during the recent mild weather, so wood was used. This was a quick fire, which almost made the floor near one register catch fire. The smoke caused the best exhibition of a fire drill seen here or anywhere.

SUIT AGAINST DUNHAM TOWNSHIP COUNCIL.

Beattie, of Blake Hill road fame, have again started spring operations against the Dunham Township Council. This time it is a direct law suit with all the frills. Mr. W. K. McKeown, advocate, Sweetsburg, the medium. Messrs. Mr. Woodward was supported by Mr. Charles Crawford. The Rev. Mr. Wright performed the ceremony, and the music was in charge of Mr. Allcock, organist of St. George's, who played the wedding march, and various selections. The choir sang several hymns. The church was decorated with flowers and potted plants and was filled with the guests and friends of the bride and groom. After the ceremony Mr. and Mrs. Crawford entertained the guests and supper was served, and amidst the usual congratulations and showers of rice the happy couple left for a two weeks' wedding journey, on the Boston & Maine train. On their return they will reside at Moulton Hill. The wedding presents were very numerous, including many cheques.

NEW SHOP READY FOR BUSINESS.

Cowansville, April 4. — (Special) — On Tuesday, the coupling of both of Mr. Vilas' shops to the large new engine was accomplished. This completes the installation of the manufactory of desks and other wood articles in the cement building at the station, and will obviate future necessity for all the cartage from one end of South Street to the other of all the school desks and their component parts. There still remains some stock and lumber in the old plant at the end of the bridge, but the old shop will see no more busy days.

AINSWORTH—HOLLAND.

Marbleton, April 4—A quiet wedding took place at the Methodist Church, Marbleton, on Tuesday, the second inst., when Miss Ruth Olive Holland, recently of Yorkshire, England, was married to Mr. Albert Ainsworth, of Dudswell Township. The bride, becomingly gowned in a navy blue travelling suit, with a white hat, was attended by Miss Berthena Bentley, of Bishop's Crossing. The groom was supported by his cousin, Mr. Parker Harling. Rev. G. A. McIntosh, B.A., performed the ceremony. The bride received a number of handsome gifts. Mr. Ainsworth came out from Yorkshire, England, in November last year and Mrs. Ainsworth arrived just two weeks ago. About twenty-five guests attended a reception at the home of Mr. John Harling, uncle of the groom, where an excellent supper was served. Among the guests were a number of English people who came out and have found comfortable homes in this Township. Mr. and Mrs. Ainsworth have many warm friends here in the circle of their acquaintance and all extend most cordial good wishes.

The officers elected for the ensuing year were: Mr. Harvey Beattie, People's Warden; Mr. Arthur Gardner, Rector's Warden; Messrs. C. Chandler and H. Hibbard, Delegates to the Synod; Mr. H. Hibbard, Delegate to D. L.C. Corporation; Messrs. P.C.Moore, E. Scagel, W.A.O'Dell and Ernest Baker, Sidesmen.

Purdy, the bridal party entered the parlor, and took their places beneath an arch of evergreens, the bride leading on her father's arm. The bride looked charming in a handsome gown of drab silk, trimmed with allover lace and applique. The bridesmaid was Miss Mary Maude Purdy, niece of the groom, who looked very pretty in pale blue with all over very pretty in pale blue with all over lace and applique. Mr. Chester Swett, brother of the bride, acted as groomsman. After the wedding ceremony the guests entered the dining room, where dainty refreshments were served, the table being decorated in pink and white roses. The bride's travelling suit was green chiffon broadcloth, with a picturesque hat to match. The bridal party left on the afternoon train for Montreal, Quebec and other points, amid showers of rice. The groom's gift to the bridesmaid was a crescent

SETTLED COLDS.

DANGEROUS BECAUSE HARD TO CURE.

An Offer to the People of Sherbrooke, From Our Well Known Druggist, D. J. McManamy.

Our well known druggist, D. J. McManamy claims he has a cure for colds and coughs, and if it fails he will refund your money. The remedy is Vinol, and we have heard such wonderful results from it that we advise every person in Sherbrooke who is suffering from a cold or cough to try it on his guarantee.

A hard cold and hacking cough may be the means of undermining your constitution means of undermining your constitution and terminate in consumption. Cough syrups, while they temporarily allay the spasms of coughing, owing to the opiates they contain, upset the stomach and do not cure the cause; old-fashioned cod liver oil and emulsions are so nauseating that few can take them.

Vinol is delicious to take, and contains all the active curative principles of cod liver oil in a highly concentrated form, and it is, therefore, the greatest specific known, for coughs, colds and bronchial troubles.

You would not eat an egg, shell and all. For the same reason you should not take old-fashioned cod liver oil or emulsions, just to get the medicinal curative elements which they contain.

The Vinol manufacturers separate them for you, throw away the useless oil and give you in delicious, concentrated form all the healing and life giving elements which are to be found in fresh cods' livers. That is what gives Vinol its wonderful power to cure coughs, colds and all throat and lung troubles, and makes it the greatest tonic reconstructor known to medicine. D. J. McManamy, Druggist.

Kimo Cures Rheumatism

Canadian Inventor's Experience.

INTERESTING INCIDENT BY A FAMOUS PATENTEE.

Mr. Wm. Wilson, of Craigie Villa, London (Ont.), the inventor of the Wilson Fruit Case, now adopted by the Canadian Government, tells an interesting experience which shows the healing and antiseptic value of Zam-Buk, the herbal balm. He says: "I had two poisoned wounds on my leg, which were very sore and inflamed. They caused me much pain and suffering, and although I tried several salves they refused to heal. Zam-Buk was recommended, and I applied some. It acted splendidly and in a very short time healed the wounds.

"At another time I sustained a nasty cut. Zam-Buk took away the soreness almost instantly and soon closed and healed the wound. I have also used Zam-Buk for other injuries, and I have no hesitation in expressing my high opinion of its value. It is, without doubt, a splendid household balm."

Zam-Buk cures blood-poison, cuts, bruises, old wounds, running sores, ulcers, boils, spring eruptions, scalp sores, eczema, itch, barber's rash, burns, scalds, and all skin injuries and diseases. All druggists and stores sell at fifty cents a box, or from Zam-Buk Co., Toronto, for price. Remember, it is purely herbal!

SOFTNESS OF SEALSKIN

Is Rivaled by Human Hair Where Dandruff Is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c in stamps to the Herpicide Co., Detroit, Mich. "Two sizes, 50 cents and $1.00."

Aldermen Henceforth.

As regards Sherbrooke City Council the title "Councillor" or "Alderman" is a distinction without much difference but the latter term has somewhat more of a metropolitan flavor and if the Aldermen themselves are agreeable to the change there will be no one found to raise any objection. A certain added dignity goes with the new name but the members of the Council are quite capable of assuming this.

The Flood Time.

For persons and industries located near erratic rivers this is a time of anxious disquiet. When the ice in a river moves there is always danger of a jam, with consequent imminence of a flood, while the rapid clearing of our woodlands increases the likelihood of high water, especially when heavy rains accompany the passing of the snow.

Little can be done in the way of preventive measures, for the forces to be reckoned with are beyond ordinary means of control, which only goes to increase the disquiet which those must feel whose property lies anywhere within a flood zone. Some portions of the Townships have already been visited this season but this immediate vicinity has so far escaped and the outlook, if uncertain, is at least, not unfavorable.

The 53rd Regiment.

Sherbrooke's 53rd Regiment appears to be on the eve of a more than usually successful season of drill and doubtless results will fully bear out the promise of the movement. The citizens are deservedly proud of the Fifty Third and in the ability, which as a Regiment it has shown again and again, of holding its own in drill and manoeuvering with any of the other prominent regiments of the Province. A word of praise and encouragement is due officers and men. In these days, service in the militia is very much a labor of love, with the accent on the labor, but the various parts of our military establishment must be kept up, in preparedness for possible need, of which however there is happily no shadow of any kind. Under our system of government the military is and must be subservient to the civil authority and this fact detracts something from the attraction to be found in the former, but year after year the officers continue their work of training and with no less laudable zeal the required number of men continue to fill up the ranks. The regiment is kept at a high state of efficiency, thanks to this combination of readiness to teach and willingness to learn.

Mr. William Salter from Woonsocket, R.I., was in the city yesterday. Mr. Salter says that skilled labor is scarce in the manufacturing cities of Rhode Island, and mill agents are already beginning to dread the annual exodus of the French-Canadian mill workers, who, each year at the beginning of the warm weather, leave their work and come north to their homes, principally in Beauce, and on the farms between Quebec and Montreal. The prospect of good wages and steady employment does not prevent the operatives from their annual pilgrimage. The French-Canadians, Mr. Salter explained, are economical, and generally save enough money during the winter to take them back to Canada to spend the summer in farming and home pleasures. When cold weather comes they return "on de States" again. The exodus causes considerable trouble, as the mill agents have sold their products ahead, and find it difficult to keep up their contracts.

The annual meeting of St. Peter's Guild was held yesterday afternoon in the Church Hall, with a representative attendance. Mrs. Shreve, Hon. President, presided, and Rev. Canon Shreve opened the meeting with prayer. The Rector then spoke briefly of the work of the Guild during the year, alluding to the harmonious spirit which had prevailed, and congratulated the members on their success, much of which was due to the President and the other officers. Mrs. Jones, the Secretary, read the very full and interesting report, giving an account of the proceedings of the year. The Treasurer, Miss Elkins, then submitted the financial statement, which was most satisfactory. The sum of $742.66 had been raised, the proceeds of members' fees, afternoon teas, private and public sales, "self denial" fund, concert, donations, etc. The following officers were all re-elected: Mrs. Shreve, Hon. President; Mrs. G. H. Bradford, President; Mrs. Price, Mrs. Walter Wilson and Mrs. T. S. Somers, First, Second and Third Vice-Presidents; Mrs. Jones, Secretary, and Miss Elkins, Treasurer; Mrs. Tomlinson and Mrs. Howard, Shoppers; Mrs. L. A. Bayley and Mrs. R. N. Robins, Tea Committee, with power to add to their number. Messrs. Mackinnon and Lawrence were present for a short time and asked the co-operation and assistance of the Guild in the necessary operations and improvements to the Rectory. No action will be taken in the matter, however, until the small balance of indebtedness upon the organ is cleared off.

HEALTH DEPARTMENT NOTICE.

To the citizens of Sherbrooke:

Owing to the long, severe winter, grabage and other refuse matter has been allowed to accumulate in more or less quantities.

While the sanitary by-laws are explicit and imperative and will be rigidly enforced, at the same time the hearty co-operation on the part of all landowners and householders is more desirable. Therefore, all proprietors or occupants are hereby requested to carefully clean up their respective yards, outbuildings and cellars at once, before the snow and ice entirely disappear.

All matter of a combustible nature must be deposited at the Incinerator for destruction by fire. Non-combustible material must be kept separate and taken to the dump at No. 3 Fire Station on King street. Any carter or other person found dumping refuse matter of any kind whatsoever, at any other place, and particularly on or alongside any highway in the city, will be prosecuted as the law directs.

By order of the Board of Health.
30th March, 1907.

CHURCH OF THE ADVENT.

The annual Vestry meeting of the Church of the Advent took place in Church Hall, Tuesday evening. The rector, who presided, opened with prayer, and the minutes of the last meeting were read and confirmed. The Warden, Mr. P. Johnson, then read the financial report. The total amount raised for parish purposes during the year was $532.48. All obligations have been met, and a balance of $23.21, cash, remains on hand.

The Church Society Collection is the largest it has ever been in this congregation, viz., $34.05. The Missionary collection amounted to $35.00.

The Women's Guild and the Guild of St. Agnes have done splendid work, having raised, between them, $287.37, with a balance on hand to begin the year with, of some $67.

The Sunday School accounts showed too, that good work had been done there, and great credit is due Mr. J. Price, and the other officers, for their self-denying labors for the Sunday School.

Messrs. A. H. Anderson and J. A. Wiggett, Wardens of St. Peter's Church made some kindly and congratulatory remarks, and the Rector spoke very feelingly of the splendid work done by the Guilds, Wardens, etc.

A vote of thanvs was passed to the ladies, the Wardens, the Sunday School teachers, the Choir, and all the other Church organizations in the congregation. A very generous Easter offering of $44.60, was handed to the curate, for which he returned thanks to the givers.

The Wardens, Messrs. H. Traver and P. Johnson consented to act for another year, and Messrs. Lougheed and King were elected Sidesmen. The meeting closed with the benediction.

ON UNION CHURCH.

REPORT PRESENTED TO MEETING OF A. ST. JOHN CHURCH.

St. John, N.B., April 3.—At the quarterly meeting of St. John Presbytery yesterday, Rev. M. A. Graham presented the report of a committee appointed by the presbytery to consider the latest report of the committee on union. The report was endorsed in the following resolution: That the presbytery expresses its gratification at the learning of the negotiations for union of the large measure of agreement which has been found to exist in the doctrines of the negotiating churches, and the presbytery cordially approves of the nineteen articles of doctrine as giving a brief statement of Scriptural truth.

CITY NEWS.

Mr. D. C. Metcalfe of Cookshire, was in the city yesterday.

Mr. E. Hargrave has gone to Montreal for a couple of days.

Miss Jean McAllister, who has been visiting friends in Richmond, has returned home.

Mgr. H. O. Chalifoux is in St. Claude to-day on business connected with the Church.

Miss Alice Roy, of Lewiston, Me., is visiting Mr. and Mrs. Etienne Chartier of Gordon street.

Rev. E. S. and Mrs. Howard, of Lennoxville, are spending a few days in Montreal visiting their two sons.

Mrs. Hutchinson, wife of Mr. Justice Hutchinson, who spent Easter in Montreal, with friends, has returned to her home in the city.

Mr. and Mrs. N. A. Mansfield, who have spent the winter in Sherbrooke, are leaving to-day for Montreal for a couple of weeks' stay.

Mrs. Buxton B. Smith, of Kingston, Ont., and her daughter, Miss Jessie Smith, are the guests of Mr. H.A. Elkins and Miss Elkins at "Sunnyside," Melbourne street.

Mr. Ed. Stone, who has been in the employ of Mr. A. C. Skinner in his jewelry store, left yesterday afternoon for Blue Rapids, Kansas, where he goes into business for himself.

Mr. Murray Brooks, of McGill College, will sing at a concert to be given in the Art Hall on April 23rd, assisted by local talent, in aid of the Boys' Department of the Y.M.C.A.

Mr. Philippe Dubuc, a student of Laval University in Quebec, has recently undergone an operation for appendicitis. Mr. Dubuc has returned home to Sherbrooke, and is making good progress towards recovery.

Capt. Hurd, of the Salvation Army, with headquarters at Montreal, will visit Sherbrooke Sunday and Monday, giving during his stay here a special welcome service to Capt. Dunlop, the new captain, about to take charge of the Sherbrooke Army.

Mr. Xavier Roberge, of Manchester, N.H., brother of Mr. Thos. Roberge, of this city, left yesterday with his family for Battleford, Sask., to join his brothers, Joseph, Omer and Alphonse, and his sisters, Mrs. Cote and Miss Leda Roberge, all of whom are already settled in the vicinity.

A very pleasing event took place last evening at the Baptist Chapel, Queen street, when Miss Eva Brown, daughter of Mr. John Brown, who has been the organist for the past six years, was presented by the congregation on the occasion of her approaching marriage, with a beautiful gold watch suitably engraved. The presentation was made by Mr. J. F. McCaw who read a short address, expressing on behalf of the congregation, much regret at Miss Brown's departure. They had fully appreciated her valuable services to the Church, and felt that it would be difficult to fill the place of one who had always been so devoted, and ready to assist in the work of the Church. They wished her happiness and prosperity in her wedded life, and besought God's blessing on her, and her young husband, the son of their beloved pastor. Miss Brown was much touched and pleased by the kindly words as well as the beautiful gift, and thanked the donors warmly. The Rev. T. B. Brown and Mrs. Brown were present, with many of the congregation, and a happy social hour was spent.

REPORT REGARDING MR. A. L. BROWN ERRONEOUS.

The many friends of Mr. A. L. Brown have reason to hope that the report yesterday of the fatal termination of his illness in California is erroneous. It is learned that no word has been received by his son at Moe's River, and the origin of the report is a mystery. All who know Mr. Brown will hope to hear of his restoration to health and that the report was entirely wrong.

SEMI-ANNUAL MEETING S. & S. MUTUAL.

DINNER TO STAFF OFFICERS AND NON-COMS. OF 53RD REGIMENT.

Following the parade of the 53rd Regiment at the Drill Shed Tuesday night, the Captains of the regiment provided a banquet to the staff officers and the non commissioned officers at the Chateau Frontenac. Some thirty sat down to a sumptuous dinner to which all did ample justice.

The first toast proposed was to "The King."

"To the Commanding Officer" was replied to by Lieut.-Col. Spearing, O. C., who made a few remarks relative to the trip to Montreal, May 24, and the necessity of losing as little time as possible in getting into shape, considering the early date at which the inspection takes place.

"To the Officers" replied to by Major Somers, referring in the courset of his address to the fact that he had served as Adjutant for several years, the post now being filled by Capt. C. K. Fraser.

"To the New Adjutant" replied to by Captain C. K. Fraser.

"To the Non-Coms," replied to by Sgt.-Major McAllister, who impressed those present with a few remarks.

Sgts. Gardiner, Francis and Quinn sang very acceptably.

This is the first dinner given to the staff officers and the non-coms. and its great success was unquestionable.

It is the intention at present that this shall not be the last banquet of this nature but that others will be given in the future.

After "Rule Brittania" and "God Save the King," the dinner was brought to a close.

NEW RAILWAY DEAL IS REPORTED.

NEW YORK, NEW HAVEN AND HARTFORD TO CONNECT WITH THE GRAND TRUNK.

Montreal, April 3—A railroad deal has just been consummated by which the Grand Trunk becomes the connecting link between the New York, New Haven and Hartford Railway, and through which a line will be established for western freight between stations on the New Haven and all stations west of Palmer, Mass. The fact also comes out that the New Haven people had in their minds the building of the Grand Trunk Pacific which, when complete, will give them a line right to the Pacific coast.

For a long time the New Haven road has been thinking out a plan by which they could handle western freight in and out of Boston and the consummation of the deal has solved the problem.

While the Grand Trunk officials who are in town, decline to discuss the matter at the present time, President Mullen, of the New York, New Haven and Hartford line, gives out the following statement:

"The New Haven has been surveying a line from Southbridge to connection with New London Northern Railroad at a point south of Palmer, Mass. It has no other surveys in progress and has no thought of any extension of any of its lines to Springfield or in that vicinity. The line from Southbridge to a connection with the New London Northern will make the New Haven connection of the Grand Trunk, and will establish a line for western freight between stations on the New Haven and all stations west reached by the Grand Trunk."

From Palmer, Grand Trunk has a through line by way of White River Junction and Montreal to Swanton, Vermont, Chicago and the west.

GOVERNORS OF COLONIES.

EARL OF ELGIN'S ADVICE AS TO COMMERCIAL ENTERPRISES.

London, April 4.—The circular issued by the Secretary of State for the Colonies, the Earl of Elgin, advising all former governors of colonies to refrain from engaging in commercial enterprises in the territories which they formerly administer, has resulted in establishing the fact that there had been an increasing tendency of late years on the part of retired governors of the smaller colonies to take a prominent part in the management of companies which have obtained profitable concessions in such domains. A number of questions on the subject were asked in the House of Commons during the past session.

The Corset is Responsible for the Figure.

There's a decidedly CHIC note in corseting, this season.

The Corset has to do something definite for the form—mold it into a fashionable type that suits a distinct mode of dress.

Plainly therefore the choosing of your corset is no insignificant question.

A good figure is the only logical result of wearing one of our models, for all the shapes are exactly suited to the prevailing fashions and WE KNOW THE TYPE THAT BEST SUITS EACH FIGURE.

Some of the latest forms we are showing:—

D-A—Fine Batiste with wide Lace Trimming and Ribbons, for medium and full figures, medium high bust, extra long hips, 4 garters, **$3.50.**

PRESENTATION TO MR. J. J. FISKE AT COATICOOK.

Coaticook, April 4.—(Special.) —An interesting presentation was made on Saturday morning, the 30th ultimo, when a solid silver punch bowl was presented to Mr. J. J. Fiske, who for over a quarter of a century has been manager of the Coaticook mill of Penmans, Limited. At 11 o'clock the speed shut down and the employees gathered in the finishing room. Shortly afterwards Mr. and Mrs. Fiske, accompanied by Mr. and Mrs. Henderson, and Mr. and Mrs. Barrett, entered the room in which the employees had gathered. Mr. John Wallace, Sr., who has the honor of having been in the employ of the company for the greatest number of years, then stepped forward and read the following address:

"Dear and Respected Sir,—

"When a few months ago you announced that you had resigned the management of the Coaticook branch of Penmans, Limited, and would shortly sever your connection with this mill, it was with feelings of deepest regret that your employees heard of your decision. For upwards of 30 years you have occupied that position of trust and responsibility and have fulfilled its duties with such ability as looking backward must afford you the keenest satisfaction.

"When you became manager of the Coaticook knitting mill yours was no sinecure. It was at a time when money was scarce and the rates of interest high. Investors required that regular dividends be paid on their investments, and a manager had to watch closely every avenue of expense, in order that his mill could show a profit. You had not long occupied that position, Sir, when you demonstrated your abilities as a manufacturer and as a financier. You were able to turn out goods in successful competition with larger and more strongly capitalized industries and to pay your dividends regularly. You have seen your mill burned and rebuilt. You have safely guided it through financial panics, which swamped manufacturing industries on every hand. Finally you have seen it amalgamated into a strong corporation, with financial benefit to those who had intrusted their funds to your management, as investors in the smaller enterprise. Your strict fidelity to your duties has ever been an example to your employees, and the keen interest you have always manifested for those in your employ has endeared you to the hearts of all. You have freely counseled those who sought advice. You have visited those who were in sorrow and you have given charity to the needy. Always ready to approve those who did their duty, or to reprove the unfaithful, you have won the respect and esteem of all.

"Nor, Sir, is it not in the mill only that your influence for good has been felt. As a citizen you have always taken an active interest in the welfare of the town which has been your home for so many years. You have given of both your time and money freely to advance its welfare. As Councillor you have not only faithfully looked after the interests of that section which you were elected to represent, but have watched over and guarded the welfare of the whole community.

"As manager, we regret to have you leave us. As a citizen we shall feel your loss. As a friend we shall cherish you always.

"To you and your family in your new home we extend our most hearty good wishes for your prosperity and happiness; may your life in Westmount be as useful as it has been in Coaticook, and may God have you in his keeping.

"As a parting remembrance we ask you to accept this slight token of the esteem of your friends and employees."

As Mr. Wallace concluded Miss Moreau, the female employee, who has been with the company for the greatest number of years, handed Mr. Fiske a punch bowl, on which was engraved: "Presented to J. J. Fiske by the employees of Penmans, Limited, March 30th, 1907."

Mr. Fiske in replying thanked them all for their kindness and the handsome bowl and spoke of the deep interest he had always taken in the employees of the mill and of the good feeling which had always existed between them, and which he asked them to extend to his successor, Mr. Henderson. The employees then came forward and shook hands individually with Mr. Fiske, after which they sang "For he's a jolly good fellow," followed by that grand old hymn, "God be with you till we meet again," which was rendered with much feeling.

Rev. Mr. Tambs also spoke in support of this, when the matter was left with Councillor O'Connor to continue such assistance as he may deem necessary.

A washout on the Old Railway road was left with the mayor to examine and arrange for repairs. This brought up the whole road question which was discussed at length. RICHMOND WILL GRANT NO GROCERS' LIQUOR LICENSES.

Richmond, April 4. — (Special) —A very interesting session of the Town Council was held on Tuesday evening.

The two principal matters for consideration were the engaging of a town officer or policeman, and the granting of licenses for selling wines and liquors.

For the position of town officer there were several applications. Two of these, Chas. B. Caswell and H. Asselin, had each the support of three Councillors, Mr. Caswell being supported by Councillors Campbell, McKee and McCaig, and Mr. Asselin being supported by Councillors Poulin, Hayes and Pearson. Mayor McMorine decided the matter by giving the casting vote in favor of Mr. Caswell.

With regard to the matter of licenses a very considerable interest was manifested. The local clergy, Catholic and Protestant, had determined that no grocers' license be granted, and were strongly supported by a large number present.

The three hotels and Mr. Janelle's bottling establishment got their licenses as usual, but the grocers' license had to go, the vote standing as follows: For the license—Councillors Campbell and Poulin; against—Councillors Hayes, Pearson, McKee and McCaig.
