BLOOD DONOR CLINIC

Westmount firemen held a Red Cross blood donor clinic Tuesday afternoon and evening at Victoria Hall. Above Fire Captain Paul Motard gives his pint as Miss Lisa Gauvin looks on. Standing are, from left-to-right, Firemen P.

Garaghty, Mayor M. L. Tucker, and Fireman J. M. Smith. The Red Cross collected 74 pints at the clinic, down from about 200 last year. Tuesday night's hockey game was thought to have been one reason for the decrease.

New chemical may help

Fight to save trees continues

Westmount Parks officials are cautiously awaiting to see how a new chemical works out that may save many trees that would have fallen victim to Dutch Elm disease.

Parks Superintendent R. Downey reported this week that last year eight trees had to be cut down because of the disease; two more will have to come down this year. In addition, parks department workers cut diseased sections out of another six trees in 1964.

Mr. Downey reported that the new chemical — bidrin — has been approved in the U.S. but that tests are continuing in Toronto where the chemical is being presented by the Shell Company. Westmount intends to have an official attend the next test course to be presented by the company in Toronto.

The chemical is injected under the bark of trees. However, it is toxic to the human skin, and an overdose can kill trees. It is administered only by licenced persons. The chemical is the first sign of hope that the ravages of

Dutch Elm disease may be halted.

However, for the second year in a row there appears to be a slight decline in the disease here, Mr. Downey reported.

There was a total decline in the inventory of trees in the city of 39 for 1964. The trees came down because they were diseased, decayed, standing on walkways or in dangerous condition.

However, there was actually an increase of 76 in the number of trees. That many have been planted in the nursery in Summit Park. They are first planted there in order to develop before being transferred to street side sites.

In 1965, at least 50 trees will be planted along the streets of Westmount. More will be placed in the city's parks. Those planted along the streets are predominantly maple trees — a more common and hardier breed — while those destined for park planting are flowering varieties and evergreens. In the parks they can more easily be looked after.

Mr. Downey reports that in 1964 the parks department 'made

quite an effort' towards doctoring existing trees.

Fifty-two trees were cabled. Cabling involves connecting branches together that tend to separate and split the tree.

Twenty-four trees were rodded, which involves placing a rod in the tree where it has a tendency to split.

Also, 150 bark dressings were applied to damaged trees. The wound is cleaned out and painted over. The department also re-did 174 bark dressings applied to trees previously.

Eighteen cavities in existing trees were cleaned out.

But the big hope for the future welfare of many of Westmount's trees is the new injection process.

Next week's weather

By ERIC NEAL
APRIL 24 TO 30

Springlike periods alternate with wintry days this pleasant but changeable week. Temperature range 30-70°F. A little snow and hail for southern counties; freezing drizzle, ice pellets and soft snow for the Laurentians. 3 to 5 inches of snow for northern counties and Gaspé.

It is normal for two cold fronts to pass through this week so conditions could be quite pleasant for the middle of the week then become stormy again.

Showery in the south, possibly with thunder and improving rapidly for the weekend. Flurries in northern and eastern counties with blustery winds.

Council raises rate of business tax 1½%

City Council acted last week to raise the municipal business tax from eight-and-a-half per cent to 10 per cent.

Council voted unanimously as first, second, and third and final reading was given to the amendment.

The tax, assessed on the annual rental value of the premises in which the business is carried out, is still lower than that of Montreal which is set at 11¼ per cent.

The new rate is expected to be applied beginning May 1. The increase in revenue it will bring in is estimated at about \$30,000.

Also, set annual business taxes for precise amounts will be levied on such occupations as "peddler, hawker, huckster or street vendor" as well as "baker, bread dealer and ice dealer."

Certain occupations, in addition to paying business taxes, must have annual licences approved by various civic department heads. These businesses range from laundries and theatres to stone cutters, undertakers, circuses, menageries, pawnbrokers and auctioneers.

Added to this list were hypnotists, sleight of hand men, palmists, phrenologists and "persons of like occupations."

At the same session of council, the aldermen voted commitments amounting to \$43,231.99 for Public Safety Department equipment ranging from an 840 gallon-per-minute triple combination pump to a tape recorder.

Among other items to be purchased are complete photographic and darkroom equipment; ammunition reloading equipment; filing equipment; metal lockers; three resuscitators; an automobile to replace the Deputy Fire Chief's 1958 model; and dictating machines.

Appointments made

Byers named acting mayor

Alderman Donald N. Byers has been appointed Acting Mayor of the City of Westmount for the months of May, June and July. Council made the appointment at a session last week.

At the same meeting David A. Hughes was appointed Assessor for the city under the terms of Section 106a of the city charter.

Mr. Byers is Commissioner of Public Safety.

Nominations June 7

Electors list now drawn up

Nominations for school commissioners for the municipality of St. Leon de Westmount will be held June 7th from noon until 2 p.m.

The list of eligible electors for the Catholic school commission seats up for election this year have been prepared.

The seats of two commissioners — Dr. Richard M. H. Power and James McMahon — are up for re-election this year. Dr. Power is completing his first term while Mr. McMahon has been on the school board since 1958.

There are five seats on the St. Leon de Westmount School Commission. Two come up for election each year, except for every third year when there is one. School commissioners serve a three-year term.

Those desiring to be school commissioners must be a tax payer to the Catholic school board, or be a parent of a Roman Catholic student less than 18 years-old. Candidates must also have been residents of Westmount for at least six months.

Flower show is now open

A riot of beautiful colors and fragrances was made available to the public when Mayor M. L. Tucker, assisted by Alderman Fred Cross, opened the Westmount Spring Flower Show, in the Conservatories, Westmount Park, on Wednesday, April 14.

Prior to the opening, a reception was held in the Oak Room, Victoria Hall, and among the special guests were Ex-Mayors Drury, Bruneau, Campbell and Cushing, Judge Staiker and the President of the West End Horticultural Society Robert S. Semple.

Head Gardener Eric Aho and his staff were warmly congratulated by officials and guests for the outstanding arrangement.

'Bank' con men are here again

Westmounters beware. The 'bank investigator' racket is operating again in this area.

A 74-year-old Windsor avenue woman lost \$950 to a 'bank investigator' at the end of March and failed to discover the fraud until last week when she went to her bank.

Westmount Police this week asked members of the public to contact them immediately if they should receive a call from anyone requesting them to withdraw cash.

The confidence racket was believed to have been broken up several months ago when Montreal police made an arrest. But it has re-appeared again to bilk

elderly people of savings in the Montreal area.

The latest incident in Westmount is a perfect example of how the 'game' works.

At 10 a.m. March 31st, a man, speaking perfect English, called the Windsor avenue woman — whom police declined to identify by name — and told her there was a shortage of \$12,000 at her Westmount branch of a well-known bank. He told her it was a confidential matter and to speak to no one about it. He asked her to come to the bank and write a cheque for an amount; the cash, he said, could later be checked for

fingerprints. She was told not even to speak to the manager, as he was also under suspicion.

The woman went to her bank and drew out the cash. A little later she received a phone call telling her she did 'a fine job'. The man said he would pick up the money and return it to the bank.

The woman, who kept the cash wrapped in a handkerchief to 'save the fingerprints', handed the cash over to the man when he called.

Some weeks later, when she visited the bank, she discovered she had been taken.

Unity Boys' Club

Special programs set for parents tonight

By MAURICE MARIASINE

One of the standard procedures during National Boys' Club Week which is being celebrated throughout the Nation this week, is the 'Open House' invitation extended to parents and friends in the community.

This past week, the Unity Boys' Club building on Greene avenue, has attracted hundreds of participants and spectators in a large variety of activity designed to lend significance to the Boys' Club Movement and to Unity Boys' Club which is paying high dividends to club members and parents alike.

To-night, the parents will be

the very special guests at Unity. For the first time in the fifteen year history of the building on Greene avenue, the mothers and fathers of the club members have been invited to participate in a Games Room Carnival and the accent of the evening will be "An Evening of Fun." Playing games for prizes will be one of the features of the Fun Nite.

IN THE MEANWHILE: A well-kept secret of a special activity scheduled for Friday night as well will be lifted and all and sundry will enjoy something new, something different, something exciting. For two weeks now, the club members have been in a tizzy over the plans for the evening of the 23. The secret has been well kept. Club members and parents are urged to be on hand for the unveiling ceremonies.

BASKETBALL TOO: On the agenda for Friday is the proposed Old Boys Game which will take place in the gymnasium. Former club members of the 1950 era will be on hand to match playing wits with the boys of today in an exhibition basketball contest.

The get-together should prove most interesting. Invitations have been sent out to such stalwart basketball stars as: Jack McKissock, Teddy Rice, George Cochrane, Dick Hubbard, Dickie McGrail, Harry Haukkala, Ian MacIntosh, the Sutherland brothers, Johnny Reddon and many others.

Game time is 8.30 and spectators are welcome. There will be no admission charge.

TRACK MEET SET: The Annual Track and Field Meet sponsored by the Unity Boys' Club for the past eleven years will take place at the Westmount Athletic Grounds on Saturday, May 29th.

Entry forms are being prepared and will be sent out to recreational agencies early next month.

DRESS REHEARSALS SET: The Dress Rehearsal for H.M.S. Pinafore which will be presented at the Unity Boys' Club on Friday and Saturday, May 14 and 15 will take place on Thursday, May 13 at which time club members can avail themselves of the opportunity to see Pinafore at reduced prices. The Thursday showing for children only, will be 25 cents while for the adults on the Friday and Saturday the cost will be \$1.00. Tickets are available at the Club.

During the last decade The Queen Elizabeth Hospital has developed from a relatively small community institution to the fifth largest English-speaking hospital in Montreal, the Executive Director of The Queen Elizabeth Hospital, J. M. Partlo, told the hospital's annual meeting recently.

"Most of this development has occurred during the last two years of this ten-year period and we feel that it has been accomplished without reducing the standard of patient care or losing the unique qualities of the hospital which can be described

as familial," he said.

Medical Superintendent for the year 1964, Dr. Harold R. Griffith, who recorded the hospital activities for the "29th consecutive year," and who has retired, — stated in his report that over those 29 years "hospitals have undergone a formidable transformation."

"New buildings, new equipment, new methods, new drugs and newly trained personnel have made the hospitals of my early days seem like old time fairy tales," he said.

Mr. Partlo, in his report, stated that in 1964 the institution provided 78,611 patient days of care, an increase of 115% over 1954. Over those years the most dramatic increases in hospital activity occurred in the diagnostic service departments, the outpatient clinics, and in the educational field.

It is now time to consider expanding the diagnostic clinic and emergency facilities, he reported.

The number of emergency care patients treated in the emergency department increased from 3,957 in 1954 to 7,707 in 1960, and since the introduction of Government Insured Services for emergencies in 1962, the increase has been 50.3% for a present total of 17,637 or 345.7% over that of 1954.

"These marked increases in community demand on our diagnostic services and emergency facilities have taxed them to their limit," he said.

He singled out for praise the efforts of the Woman's Auxiliary, (Continued on page 7)

Rotarians are urged to fly own planes

Leo-Paul Belanger, president of the Montreal Flying Club, made his first 'solo' service club speech Wednesday at Victoria Hall and passed with honors.

His audience was the luncheon group of Westmount Rotary and the members revealed a keen interest in flying, plying the private flying club head with a wide variety of questions on cost of private planes, cost of housing and maintenance, and also showed themselves to be extremely interested in the details of courses leading to private pilots license.

Age wasn't necessarily a barrier, the speaker said, and added that a member of the club recently won his license at the age of 58.

Physical examination, under normal circumstances, he said, was about the same as that given

when signing a man up to a \$25,000 life insurance policy.

The local club, he said, is interested in the possibility of operating a regular school this summer for the commercial pilots. Many are in demand for airlines, he added, mentioning that 23 had been signed by one airline alone at the end of February.

Several times in his address, Mr. Belanger stressed that "the emphasis on flying today is on safety" and he viewed flying as being much safer than driving a motor-car, at about a ratio of 5 to 1.

President W. M. Reay was in the chair.

WE SAY
Support your weekly paper

Every day across our news desk items connected with projects of various organizations, associations, and institutions flow.

They all ask us to support their ventures by publishing an item or items concerning their project. Most of the time, we are happy to do so — if the items are of interest to Westmounters.

However, some groups, though they wish us to run stories, place all their paid advertisements in the large daily papers. If we are to be in a position to support any cause, we in turn must have their support. Ignorance of this fact is constantly shown by groups who pay for advertisements in the daily press, and then expect the weekly press to give them free publicity.

We would suggest that organizations that buy advertisements to publicize their cause, support their own weekly newspaper with part of that advertising budget; then the weekly press can continue to support any worthy cause in the community.

Red tape cut

RECREATION officials are to be commended for the speed with which they turned the artificial ice rink into a haven for skateboarders.

Whatever red tape exists in the city, in this instance it was quickly cut. Now all that is needed is for young people to take their skateboards off the streets and use them only at the ice rink. With the slides, and slalom course, there is plenty of adventure to be had there.

YOU SAY
Flower show wins praise

Dear Sir:

I wonder if city officials and the greenhouse staff fully realize how much pleasure the Spring flower show brings to Westmounters.

The other day I was at the show and at the greenhouses were Westmount matrons, elderly gentlemen, and children, all very much intent on viewing the flowers.

Any one who stopped to talk to them knows how thankful they are for the greenhouses here, and for the Spring show.

The consensus was that this year the gardeners outdid themselves in the arrangement, variety, and good looks of the plants.

Suggests aviary be established

Sir:

Just a note to tell you that I enjoy reading the Bulletins from Birdland column when it appears in your pages. I believe there is a great deal of interest in birds in the City of Westmount.

I wonder if the city might consider establishing an aviary? It could be built, at little cost, in conjunction with the greenhouse. Has the idea been investigated before?

I would enjoy reading your readers' comments on the establishment of a bird sanctuary here.

In the meantime, thank you for publishing Miss Wilson's bird column, when you do.

The Westmount High School Home and School Association, at an open meeting, voted almost unanimously in favor of the adoption of the 6-3-3 educational plan in Westmount.

Adoption of the plan followed similar moves on the part of home and school groups at Roslyn and King's Schools.

If the plan met with favor with the Protestant School Board, it would mean that students would complete their primary education when they had passed sixth grade; they would then go through a period of education designed to determine their natural aptitudes and abilities, and following that, would receive a semi-specialized education in the fields in which they have shown themselves best qualified.

All students in grades seven, eight and nine would attend Westmount High while those in the succeeding grades would attend classes in what was known as Argyle Junior High.

Busy intersection a roads training area?

By JAMES G. HARRIS

Most Westmounters are probably unaware that the City has established a school for Public Works labourers at the corner of Green and Sainte Catherine. Or, to be more specific, a Field Work Training Area, since the School itself is in the basement of the City Hall.

For three years now, the Public Works Training School has been sending gangs of undergraduate workers to the corner of Greene and Sainte Catherine for practical training in the techniques of street repair. Here, on a short stretch of sidewalk about 30 yards long, aspiring young candidates for the degree of Public Works Master find an unparalleled opportunity to pave and re-pave in both concrete and asphalt, to shift conduits, water mains, electrical wires and telephone cables.

It is also an excellent spot for training in Public Works psychology, since the area's location brings the students into direct contact with a large segment of the city's population, lying as it does right in the centre of one of the busiest commercial districts of Westmount.

Your reporter talked to Dr. Bogdin Nash, staff engineer and assistant dean of the Westmount Public Works Training School.

"It's a six-month course," explained Dr. Nash, "starting off with five weeks of theory and lectures before the student ever actually takes a pick or a shovel in his hand."

What did the lectures cover? "A short history of Westmount, some notions of psychology and sociology, political economy and an introduction to the chemistry of asphalt, concrete and the various insulating materials used on electrical wires and telephone cables."

Were tools and equipment supplied by the City?

"No," said Dr. Nash; "the student must supply his own tools, books and provide for his own lunch. Personally, I think this is unfair. By and

large, these are not people from well-to-do families, and many of them are married men with children. We are hoping, however, that next year superannuated picks and shovels at least will be made available to the students from actual professional work sites throughout Westmount. There is even some hope that Montreal will participate in the plan. As you know, tools used in the subway project are subjected to terrific wear and tear, and we hope to get some of these repaired and issued to our students."

Will the training area remain where it is?

"Yes. We find that the Greene and Sainte Catherine location is ideal for our purposes," said Dr. Nash. "Not only because of the complexity of service wires and pipes buried beneath the sidewalk, but also because of the heavy traffic, both pedestrian and vehicular. Coping with a public enraged by what seems a senselessly repetitive inconvenience is extremely valuable experience for any Public Works man," he added with a chuckle.

There is even a possibility that the City Hall may hand over the 30-yard stretch of pavement to the school in perpetuity.

One thing at least seems certain: thanks to the efforts of the Public Works Training School, Westmount will soon have the best-trained work crews on the island.

As recent graduate Antonio Luciano puts it: "It's a revolutionary idea."

And it certainly is. Good luck and keep up the fine work, Westmount!

Herbert Dassel, was born in St. Petersburg, Russia, and educated in Riga. After studying art in Berlin under Orlick, Boehm, and Schwab, he has come out with a novel method of painting with light replacing traditional tools and materials, in his exhibition at the Mansfield Art Gallery. In these paintings painted with light, compositions created and executed from self designed preliminary sketches in a dark room without a camera, brushes or paint — Dassel has employed light as a color source, and his hands for shaping and forming design. "Tryptic" (ancient treasure) is a horizontal of three panels depicting treasure surrounded by ruins of former buildings in greens, golds and sepia. "Twister's Birth" in black, greens and golds shows the beginnings or birth of a twister or typhoon, with much movement and light. "Portrait of Suzanne" shows sensitivity. "Folding Icon" in three panels expresses lights and hope of our generation, with human forms and shapes in motion, and rays of light streaming

from on high. Altogether new and exciting form of art, which gives the effect of ceramic work from a distance.

Le Vieux Moulin Art Centre operating this summer for the fourth season, will commence its summer classes and visitors services with an opening Spring Exhibition of paintings and ceramics from June 13 to 22 inclusive, under the patronage of the Honorable Daniel Johnson and Mrs. Johnson. Homer Dufresne, founder and director of the center, based his idea for the establishment on the ever-growing need in our Province of Quebec for a picturesque spot where comfortable accommodation and art instruction may be located. During the summer weeks, vacationing artists and art enthusiasts and professional artists are welcome to visit and or stay at Le Vieux Moulin and enjoy the demonstrations, locale, instruction, recreation, and excellent French Canadian and American cuisine. Coronet Guns branching out into two new locations. One on St. Catherine near Atwater will carry a stock of sporting goods and equipment as well as continuing to cater to the hunter and shooter. There will also be a downtown

location on City Hall under the name of The Old Gun Shop. This one will specialize in hunting and shooting gear. The store on St. Catherine will also have a book department featuring books relating to all types of sport. This will be under the direction of Mrs. McKenzie of the Book and Print Shop.

Those new steps at the Carina Shoe Salon were certainly due and they will be a big help to the customers.

The rough patches on the sidewalk east of Greene are being repatched again. Perhaps they will be smoother this time but what we need is a new sidewalk.

'Do as I say and not as I do' could be the motto of one Westmount policeman. Police have been taking skateboards used by teenagers on the street in to the station where they are later picked up. One policeman decided to demonstrate the use of the skateboards to his buddies. Down he went, fracturing a bone in his arm. Now when he tells the youths to take their skateboards to the artificial rink, the proper place for them, he knows whereof he speaks.

There's new scents at the Public Safety Building . . . police and firemen report that the corridors of the building are now heavy with the scent of perfume of the women staff of City Hall temporarily located in the building. Somehow they find the odors destroy the 'police station' image of the building. It's also embarrassing when they are trying to question a tough suspect.

It happened this week. A man entered a local bank and sought to change a traveller's cheque. In the bank at the time, and known to bank officials, were two Westmount detectives on other business. A bank employee, noticing the cheque was one listed as stolen, took it to the accountant. When asked for identification, the man said he left it in his car. He went out to get it and never returned. No bank employee thought of informing the police who were present. The cheque may have been one stolen during the recent safe deposit boxes burglary at another bank.

Dog shows planned for the weekend

Montreal's only dog show officially licensed by The Canadian Kennel Club as Championship Shows for all breeds will be held by the United Kennel Club tomorrow and Sunday, April 24th, 25th at the Town of Mount Royal Skating Arena. Featured too will be official obedience trials.

To obtain the coveted championship prefix of CH., a dog must win a total of 10 points under three different judges and defeat competition. The obedience titles of C.D., C.D.X., and U.D., require three qualifying scores of 170 or better under three different judges for each title.

SPECIALTY SHOWS

The cream-of-the-crop of international dog show competitors will be represented with strong entries expected in the Bullmastiff, Collie, Shetland Sheepdog and Old English Sheepdog breeds, which are holding specialty shows of their own in conjunction with the all-breed events. Schipperkes, the little black breed of Belgian origin will be featuring the first Booster Show for the breed in Canada.

Judges are Percy Roberts of Noroton, Conn., of world-wide renown, Stan Whitmore of Thornhill, Ont., Mark Gordon of Winnipeg, Haworth Hoch of Villa Ridge, Mo., Mrs. Mary Southcott of Toronto and Mrs. M. M. Hamilton of Pointe Claire.

Westmount High

H&S to hold final meeting Monday night

The final meeting of the school year of the Westmount High School Home and School Association will be held Monday, April 26, at 8 p.m. in the high school auditorium.

Guest speaker at the meeting will be Prof. David Munroe, director of the Institute of Education, McGill University. He will speak on the Parent Commission.

All interested persons are invited to attend. There will be questions from the floor following Prof. Munroe's remarks.

Local youth vying for Rochester award

Kingsley W. Jackson of 748 Upper Lansdowne Ave., Westmount, is a candidate for Mr. Campus, the highest non-scholastic award which can be earned by a Rochester Institute of Technology male student.

Winners of the two awards will be announced on Saturday, May 8, at the highlight of the annual Spring Weekend, the formal dance which will be held at Midtown Plaza. Events are also planned for Friday and Sunday.

FINALISTS CHOSEN

The ten finalists for the Miss R.I.T. and Mr. Campus awards were chosen by a nominating board consisting of members of the student body and administration. The accumulative average of the finalists is in excess of a "B."

Voting will be held on the

R.I.T. campus the three days prior to the weekend.

STUDENT LEADERSHIP

The titles will be awarded on the basis of original participation, student leadership and academic ability.

All ten candidates will be presented medallions and honorary membership in Alpha Sigma Lambda, created last year to signify tribute to the students who have contributed to the institute through activity, scholarship and leadership.

Jackson, a graduate of Westmount High School, has been active at R.I.T. in fraternities and other campus organizations.

He is majoring in Printing at R.I.T., a department which will form a major part of R.I.T.'s new \$53 million campus now being constructed five miles from the current downtown

Dominion Douglas

Church youth plan final music event

Young Musicians of the Westmount area will hold the fourth and final Chamber Music Workshop of the Series sponsored by Dominion Douglas Church in Leslie Hall, 687 Roslyn Avenue, this Saturday, April 24th, at 7 o'clock. The evening's programme, announced by Ian Petrie, Chairman of the group, is dedicated to the parents of the young musicians. The featured work on the programme is to be a woodwind quartet performed by Catherine Duff and Julie Mayerovitch (flutes), and Ann Goldenberg and Susan Copping (clarinets). During the past month the quartet has rehearsed under the guidance of Robert Ryker, the Workshops' musical advisor, to prepare "A Suite of Elizabethan Pieces".
GUEST MUSICIANS
Guest musicians from the McGill University Faculty of Music have been invited to perform. The members of a brass sextet —

Murray Rosenhek (trumpet), Stanley Label (trumpet), Melvin King (horn), Emile Subirana (trombone), Richard Lawton (baritone), and Gordon Fudge (tuba) — will play works previously heard in the series of Workshops.

FINAL WORKS
The brass sextet will be joined by Graham Lorimer (saxophone) for the final work on the programme, provided the music arrives from New York in time. The members of the workshop will form a chorus for the spontaneous (sightreading) performance of a work composed for the group by Mr. Ryker. He will conduct the brass, saxophone and chorus in "Twenty-four Variations on a Chromatic Ground". Hopefully, Especially invited guests on this occasion are members of the Dominion Douglas Church Session. Tempting refreshments will be available. The public is invited.

1965 Kiwanis Musical Festival opens in Westmount tomorrow

Excitement is increasing among local amateur musicians, singers, choirs and bands as the opening date of the 1965 Kiwanis Music Festival draws near.

The 1965 Kiwanis Music Festival will take place again this year at Victoria Hall in Westmount, from Saturday April 24th to Friday, April 30th, with the Grand Finale scheduled for Saturday May 1st, at the Westmount High School Auditorium.

14 TROPHIES

Over twelve thousand participants, performing in a total of 304 categories, will compete for 14 trophies, a total of \$5,000.00 in music scholarships and the special \$500.00 grand prize award.

EVERY DAY

Soloists, choral groups and instrumentalists of every possible type from Montreal and surrounding areas have entered the competition. They will perform every day before six adjudicators recruited across Canada.

The Grand Finale, on May 1st will be under the distinguished patronage of Dr. Wilfrid Pelletier. Tickets for all performances will be on sale every day at Victoria Hall and on Saturday, May 1st, at the Westmount High School Auditorium.

HELD ANNUALLY

The Festival held annually under the auspices of Kiwanis International, this year celebrating its 50th Anniversary, is open to groups and individuals competing in 304 school age and adult categories. All Festival activities this year will take place in Westmount's Victoria Hall with the exception of the final grand concert to be held in the auditorium of Westmount High School. This is in contrast to previous festivals which utilized various halls throughout the Montreal area.

OPEN TO PUBLIC

Morning, afternoon and evening sessions will all be open to the general public.

Kiwanis International is sponsoring this Festival for the third consecutive year in affiliation with the Federation of Canadian Music Festivals to stimulate individuals who have an interest in music to participate competitively before a

public audience with the possibility of obtaining scholarship awards. The purpose is not to develop musical talent (although no doubt many a musical careers has been acquired resulting from competition in festivals of this

nature) but rather to encourage the desire for music in any form. General Chairmen of the 1965 Festival are Earle W. Brown and John W. Kennedy; Chairman of the Music Selection Committee is Huntley Cameron.

Queen Elizabeth . . .

(Continued from page 3)

the Solar Club, the I.O.D.E. and the volunteers for their services to the hospitals.

Dr. Griffith, in his report, took time to describe hospitals of his early days.

"Imagine if you can," he said, "what it would be like to be in a hospital today equipped as ours was when I first served as an intern in 1919 — no oxygen, no antibiotics, no blood bank, no recovery room, no movable bed springs, no private bathrooms, no radios, no delivery rooms, and an elevator operated by hand with a rope! However, the patients did not all die . . ." he said.

The most satisfying thing about all the changes which have taken place over the years, he said, is that there has actually been no changes in the spirit of service which dominated our nurses and doctors from the very earliest days of the Hospital.

Dr. Griffith also spoke of the role of the emergency department:

"People complain about how hard it is to find a doctor who will come to their homes at night or on weekends. In a vast majority of cases it is actually more sensible to bring a patient to

the hospital than to go crazy on the telephone at home trying to locate a doctor. This is just what more and more people are learning to do, as our statistics show," he said.

Dr. Griffith reported that studies "are being made into other areas in which our hospital service may be expanded." Additions he cited as being needed included extra space for laboratories and research, accommodation for psychiatry both on an in-patient and out-patient basis; a pediatric service; and more wards for chronic and convalescent care.

Speaking of his retirement Dr. Griffith said:

"This hospital has had but three Medical Superintendents — Dr. H. M. Patton from 1894 to 1898; my father, Dr. A. R. Griffith, from 1898 until his death in 1936; and myself since that time. As I now lay down the reins, I do so with a profound sense of gratitude for those who drove so skillfully and so devotedly in the years before my term of office; and with thankfulness also for those who have worked with me so harmoniously, and have thus made my career so satisfying and so happy . . ."

**Tri-Service Ball
committee listed**

The 19th annual Tri-Service Ball, sponsored by senior non-commissioned officers of the Navy, Army and Air Force, will be held at HMCS Donnacona on May 8, it was announced this week by Chief Petty Officer G. P. Churchill, chairman.

The Ball Committee is made up of representatives from all reserve units from the three services in the Montreal area.

Founded in 1935 as the Garrison Ball, the event was held annually until 1939. Following World War II, it started again. In 1953, the name was changed to the Tri-Service Ball in recognition of the participation of members of the Royal Canadian Navy and the Royal Canadian Air Force, who had been represented on the committee previously.

The Ball provides an event to bring together all services and all messes socially. All profits are donated for charity or for scholarships.

In recent years, invitations have been extended to senior non-commissioned officers of the U.S. Air Force stationed at Plattsburg.

Annual Tag Day

The Montreal Association for Multiple Sclerosis will hold the annual Tag Day Friday, April 30. This is the major fund-raising project of the year — proceeds to go towards research—Rehabilitation — and the building of an MS Centre which will be the first of its kind in Canada. Volunteers are urgently needed.

Children's hospital appeals for donors

The Junior Associates Group of the Women's Auxiliary of the Montreal Children's Hospital is holding its annual Blood Donor Drive on the second floor gymnasium of the hospital from 1 p.m. to 6 p.m. on Wednesday, April 28.

Blood is needed at the Montreal Children's for more than a hundred transfusions a week. Some for heart surgery, including open-heart operations which allow the deformed heart of a blue baby to be repaired; some are used to exchange blood on RH factor babies, while other transfusions are needed for the victims of burns, accidents or childhood cancer.

The auxiliary and staff of the Montreal Children's from senior doctors to laundry workers and the staff of the Reddy Memorial will join on April 28 in helping to make up the hospital deficit.

Inactive nurses' course organized

To assist inactive nurses to return to nursing, a Refresher Course has been organized by the Association of Nurses of the Province of Quebec. After a period of clinical practice, those who have completed the course will be ready to return to nursing. The course is also open to nurses employed in special fields who feel out of touch with developments in other fields.

The heart of nursing remains the same though changes are necessary to keep pace with a rapidly changing society. The nurse's role and her function must be adapted to meet new challenges and needs which are evident today.

The course is especially designed for those nurses who have been out of nursing because of the responsibilities of home and family. It is planned to give them an opportunity to reassess themselves in relation to present-day nursing. The Refresher Course will provide a basis for further study and for return to practice in a profession where the demand for services is increasing.

To date over 400 nurses have taken Refresher Courses planned by the Association. Nurses have responded enthusiastically and previous courses have been over-subscribed. Of those enrolled, some had graduated from schools of nursing in the thirties and others entered the profession only five years ago. Many of these nurses have returned to practice and are helping to relieve shortages in the nursing field.

The classes are on the fundamentals of nursing. The course will review recently developments and examine new concepts and methods of nursing.

Sessions will be held each Tuesday and Thursday evening from 7:45 to 9:45 p.m. from May 11 to June 3, at the Montreal Neurological Hospital. Applications should be made to the Association of Nurses of the Province of Quebec, 4200 Dorchester street west.

The Junior Group is appealing to the public to help by donating blood on this day, for this worthy cause.

DANCE COMMITTEE: The Montreal Stage Company is holding a Discotheque Dance in conjunction with a local radio station on May 1 at the LaSalle Hotel. Members of the corporation, their friends and the general public are invited to attend. Shown in the photograph planning the event, the dance committee, left to right: Mrs. Moore, Mrs. Angela Pohl and Mrs. Dolce Little. For further information and tickets tel. 671-6788.

African Violet Society Show set for April 30

Mrs. Donald Macrae re-elected president of Provincial IODE

Mrs. D. W. McGibbon, national president of IODE was the guest speaker at the opening session of the Provincial Chapter of Quebec on April 7 at a dinner held at the Stage Coach Inn Restaurant.

"From the officers and members of the National Executive Committee," she said, "I bring you greetings and best wishes for a most successful meeting. Like everyone here I am looking forward to hearing your Provincial reports and learning of the work done by all of you this past year for this wonderful patriotic organization called the IODE whose Founder came from this city."

VARIOUS REPORTS

The 60 Primary Chapters and five Junior Chapters of the IODE in Quebec disbursed \$63,217 last year according to annual meeting reports.

The year's membership was 1,577 and a new primary chapter, the Edith Cavell was organized.

Mrs. H. Gilmore, secretary for Services at Home and Abroad, reported \$36,596 was spent in goods and services last year, an increase of \$1,105.

Memorial Day services were attended and wreaths placed at cenotaphs with donations sent to various service institutions. Total costs for this work was \$583.

Many institutions benefitted from the work of IODE. Equipment was received by hospitals, libraries and homes for the aged and members spent many hours in blood donor clinics, dental clinics, cancer clinics and hospital libraries with total expenditures of \$3,477.

Knitted articles and other clothing were distributed by the Chapters in their own localities and sent to Montreal for shipment

St. George's Society charitable services

The St. George's Society of Montreal has operated a charitable and welfare service in the community since 1836. Old ledgers going back over the years show that the same needs for shelter, clothing, and food exist today as they did over a century ago.

Over 500 applications for aid were made to the Society last year. Assistance in all forms from grocery vouchers, payment of heating bills, warm clothing, medical services and just plain old fashion visiting of people in homes, and one room tenements, was given. The Society maintains a full time social service worker, and the ladies committee assists with collection and distribution of garments, etc.

The Society also organizes a special Christmas drive for funds to provide hampers to many families. The Society's social work is run in close co-operation with the city welfare organization and does play a very necessary part in trying to help indigent English people in the city.

The Society will be holding its Annual Dinner Dance, the proceeds of which go towards this work, on St. George's day, Friday, April 23, at the Windsor Hotel.

MENTAL ILLNESS

Mental illness in Canada is more widespread than polio, heart disease or cancer. Persons who are mentally ill include all classes of citizens, rich and poor. Despite the prevalence of emotional disturbance, this form of illness often causes more needless distress than a physical ailment, although it may be equally amenable to proper treatment, which should be given as soon as the first symptoms are noticed.

overseas. Amount spent was \$15,752. Nursery and personal property bags, books, games and toys were sent overseas at a cost of \$3,992.

Twenty-nine Chapters sent 92 representatives to ten Citizenship Court wher 890 New Canadians received citizenship papers. Coffee was served by members following the ceremonies.

The Municipal Chapter of Quebec met 65 ships and screened 2,300 immigrants who received various types of assistance from the group.

Education, a prime project with the IODE, received \$19,071 last year.

Calendars amounted to \$930 and elementary education in Canada received \$3,329 with adopted schools in the West Indies receiving \$63.

Students in secondary and advanced education received \$12,888 and special education projects received \$2,659.

Hobby Show winners are listed

The applause of approval echoed through the Westmount Y.M.C.A. building on Saturday evening, April 17th, 1965 — as the presentations of ribbons, prizes, cups and trophies were made to the best exhibitors and competitors.

The Westmount Y.M.C.A. Boys' and Girls' Hobby Show was started in 1937 and has continued every year since (except in 1962 when only the Gymnastics section was operated). There were approximately 350 different youngsters entered in the Show with over 800 exhibits. It is expected that this Hobby Show is probably the biggest in Canada operating for the longest period of time.

The "Most Popular Exhibit in the Show" as voted for by the viewing public is always very interesting and exciting. This year has been no exception. The vote was extremely close with the trophy being given to Miss Christina Rahr for her SHELL collection.

One little girl, eight-year-old Krystyna Czereyska, took two firsts and the John B. Frosst Trophy, even though she has only one hand. The judges were unaware of Krystyna's handicap until the prizes were awarded. This was a doubly happy week for Krystyna as she received her first artificial hand Monday. The hand, a battery-operated model, was made in West Germany. In addition to excelling at crafts Krystyna is proficient at skiing and skating.

On the "human interest" side of the Show there was one sad event when a little girl called the 'Y' early one morning to say that her dog would not be in the Show because he was just killed. We are as sorry as this little girl who took the time to contact us.

ING OF BROTHERHOOD: Sunday morning, April 25th at 9:45 a.m. when Dr. Alton Goldbloom will speak on "The Challenge Of Assimilation." Among special guests will be past presidents of the Temple Brotherhood. Under the chairmanship of Alex Carsley, a special ceremony of the induction of new Brotherhood members will take place. The annual election of officers and board members will be held.

The President of the Sisterhood announced in her report that a special book shelf will be donated by the Sisterhood in loving memory of Rebecca Roston, one of the most devoted of congregants who throughout her life devotedly served Temple Sisterhood.

Labor income in Canada increased from \$17,459,000,000 in 1959 to an estimated \$23,500,000,000 in 1964.

CLOSING BREAKFAST MEET-

Westmount Baptist

Annual meeting Wednesday

The Rev. R. F. Bullen from Brantford, Ontario, will be the guest preacher at Westmount Baptist Church on Sunday morning. Dr. Bullen is the general secretary of the Baptist Federation of Canada, and is conducting a conference on the place of the layman in the life of the Church.

At the evening service, Mr. Balsdon will speak on the subject, "When We Put Christ First".

The Church School meets on Sundays at 10 and 10:45 a.m. The 10 a.m. class is for seniors, and the 10:45 a.m. for primary and juniors.

English classes for New Canadians are held on Monday evenings at 8 o'clock.

The annual meeting of the Church will be held on Wednesday, April 28, when a Fellowship Supper will be provided by the Trustees at 6:30 p.m., to which members of the Church and congregation are invited. Reports on the year's activities will be presented and new officers will be elected.

The CGIT meets on Thursday at 7:15 p.m. and the BYPU on Friday at 8 p.m.

Parent-Teachers to meet Saturday

"The real purpose of the PTA movement is to provide parents with an opportunity to keep up-to-date in the field of education" says Ivan P. Phelan, President of the Federation of Catholic Parent-Teacher Associations of Quebec, Inc.

"We, as Catholic laymen, have been urged, both by the Church and by the Government, to play an active and sustained role in the extensive reforms of education which are underway." The Convention theme this year is "Education - The New Era" and the whole program for the two days will emphasize the future.

Over 400 delegates from all parts of the province will be registered at the Queen Elizabeth Hotel. P.T.A. units from Sept-les (Seven Islands), Quebec City, the Ottawa Valley, the Eastern Townships and the Montreal area have already registered for what promises to be a series of lively meetings.

Dominion-Douglas marks 100th year

Dominion-Douglas celebrates the 100th anniversary of its founding next Sunday. The special guest will be the Moderator of the United Church, Rt. Rev. Ernest M. Howse, who will preach at the morning service and address the Community Thanksgiving Service at 7.30 p.m. Representatives of all neighboring religious communities have been invited. A reception will follow in Leslie and Tees Hall.

Dominion Square Methodist Church was opened in 1865. Built on the southwest corner of Windsor and Dorchester streets (the present site of the Laurentian Hotel), it was regarded as one of the city's most

beautiful churches. In 1863, the Board of St. James Church decided that four new churches were needed due to population expansion. A special fund was raised and from it the needed help was secured to erect

Dominion Square Church. Ten years later, to serve the westward residential movement, Douglas Church was founded and built at the corner of St. Catherine and Chomedey streets.

Of great interest is the fact that the Old Brewery Mission was organized as a social service and missionary activity of Dominion Church and the beginning of Wesleyan College, now the United Theological College, took place in its basement.

The present site in Westmount was secured and the first building, now known as Leslie Hall, erected in 1913. The congregation worshipped here until 1927, when the present stone church was erected on The Boulevard. In 1925, Douglas Church sold its property and joined Dominion. In this year also Church Union took place, and members of other congregations became part of the congregation. Dominion - Douglas Church has taken an important place in the life of the church as a whole.

At the present time, the congregation is engaged in a re-

novation and improvement program in the older parts of the building and is preparing to enter its second century of service.

DIETARY PROGRAM
Match your meals to your body's needs. If overweight Dad rides to his sedentary job and eats large hearty meals, and if Mom is too well upholstered but still takes rich desserts and snacks, they both need the help of their doctor in setting up a dietary program suited to their age and physical condition.

Miss Kathleen Jenkins judges book reviews

"A good book review should reveal only enough of the story to whet the reader's curiosity," Miss Kathleen Jenkins told members and guests of the Canadian Association of Reading Clubs at their 26th Annual Oral Competition held recently in Melville Presbyterian Church Hall. "It should try to evaluate the style and relate the book to its background in literature."

Miss Jenkins awarded first place in the spoken book review category to Mrs. A. D. Crerar for her review of 'Poussière sur la ville' a novel by André Langevin set in a Quebec asbestos town, followed by 'The American Way of Death' reviewed by Mrs. M. Simms and 'The Life and Death of Lenin' given by Mrs. M. Orr.

Professor Ralph Walker, Molson Professor of English at McGill, announced the winners of the written book reviews as Mrs. J. A. Stenhouse, Mrs. R. Kinsman and Mrs. W. J. Walmsley and in the original prose category winners were Mrs. E. M. Barker, Miss E. Williams-Moore and Mrs. M. Syme. Professor Walker was introduced by the convener of the written entries, Mrs. J. Walmsley of Starnes avenue.

Miss Helen Guiton judged the twenty-two poetry entries submitted by members of the various clubs, awarding first place to Mrs. Eric Hanson for 'Search for the Way'. Miss Williams-Moore won second place, Mrs. Hanson gaining third spot. Highly commended were Mrs. B. A. Chalmers and Mrs. E. Gray. The audience was delighted to hear the winning entries in this class read by their authors.

Mrs. Gordon Glass convened the evening. Mrs. G. Peart, the president of the association said, in closing, that the association would welcome new reading groups. Members in N.D.G. should contact Mrs. A. W. Quirk, 486-5003 and in Westmount, Mrs. T. Lerner, HU. 1-7904.

Guest preacher

At the St. Andrew's Westmount morning worship service at 11 o'clock, the guest preacher will be the Rev. Victor C. Rose, chairman of the Montreal Presbytery.

Haydn's "Lord Nelson Mass" will be sung at 4 p.m., by the combined Choirs of Westmount Park and St. Andrew's Churches with organ and orchestral accompaniment. This will be conducted by Wayne C. Riddell,

Plans for graduation are being prepared

By KATHI KRISTOF

The last holidays, before the final summer vacation comes have come to an end. It was the last chance for pupils to rest before the final-exams rush begins anew. As the school year at Westmount High draws to a close, the various organizations within the school are still actively functioning.

On Wednesday, April 21, at 3.15, in the auditorium, there was scheduled an extremely interesting meeting of the Current Events Club. The guest speaker scheduled at this meeting was Mr. Stephen T. Johnson, Vice-Consul of the United States Consulate in Montreal. This should, indeed, be a provocative meeting for not only will Mr. Johnson's topic be the current controversial Viet Nam situation, but also, Mr. Johnson's father is the Deputy Ambassador in the United States Embassy in Saigon.

The coming graduation ceremonies have not been neglected as many students and parents attend the meetings and make the decisions which are so vital to the success of this all-important event in the lives of all Seniors. In honour of the event on May 21, the staff of the school newspaper, The Purple and White, are bringing out an issue dealing mainly with the graduation and the graduates.

The Red Cross fund raising campaign, held in the first week of April, was by all accounts an astounding success. The two major prizes for classes raising the most money were awarded: X1L2, the class which raised the most money throughout the year, won the coveted statue of Venus; while XG, who raised the largest amount during Red Cross week, was awarded the moose head. Both these classes are to be congratulated on their hard work and well-deserved success. In the "count the number of beans in the jar" contest first prize for the most accurate guess went to the Principal Mr. Wood (by coincidence) and second prize was shared by John Tatlow and Paul Ono. The Red Cross dance which ended this very worthwhile week was also a very rewarding as well as a fun-filled event.

Some other school activities of late are the various visits made to the Museum of Fine Arts by the Senior Art classes. Wednesday, April 28, has been set as the date for the annual Knights of Pythias Public Speaking Contest. A wonderful opportunity is being offered to students from fifteen to seventeen years of age through the Inter-Provincial Student Exchange. Under their program students may travel for one or two

weeks in the summer to another province. The only condition for going is that the applicant must be ready to accept, in return, the responsibility of playing host to a guest from another province for an equal length of time. All applications had to be in April 23. This exchange is a wonderful opportunity for all to get better acquainted with our neighbours in our own nation — to learn about their way of life and to teach them what we can of ours.

'Y' fencers place high

Two fencers from the Westmount Y.M.C.A. placed high on the list of winners at the Governor-General's Tournament in Ottawa last weekend.

At the three-day tournament, John Erdely took a first in the sabre division. Mr. Erdely, a four-time sabre champion of Canada, was a member of the 1934 Hungarian fencing team.

Herbert Obst, also of the local 'Y', placed second in the foil division. In a close contest, he missed out by one hit.

Flower show . . .

(Continued from page 1)
beauty and quality of the 1965 show.

The general contest of the show is made up of 183 varieties of plants in 4,305 pots. Guests were particularly impressed by the fine display of schizanthus, the vivid colors of the beautiful cinerarias and the lovely fragrance of the hyacinths, narcissi and stocks.

The President of the West End Horticultural Society, Robert S. Semple, who has visited all the Westmount flower shows during the past fifteen years, declared the 1965 Spring Flower Show the biggest, best and loveliest to date. He hoped it will inspire more West End residents to beautify their home grounds through growing more flowers and shrubs.

The Westmount Spring Flower Show is expected to continue until Sunday, May 9. It is open to the public daily from 10 a.m. until 10 p.m., Monday through Saturday, from 10 a.m. until 6 p.m. on Sunday. Admission is free.

Set clocks AHEAD

It's that time again! Saturday night you lose an hour's sleep that you won't be able to pick up until the Fall, all thanks to Daylight Saving Time.

DST comes into effect at midnight on Saturday, April 24, and will be in effect until October 31.

And for those who are, year after year, confused when it comes to changing clocks and watches, set them AHEAD one hour. In other words, at midnight, with a flick of the wrist it becomes 1 a.m.!

Local swimmers to compete at N.D.G.

Members of the Westmount Y.M.C.A. will take part in an inter-Y.M.C.A. swim meet tomorrow afternoon at the N.D.G. Y.M.C.A., 4335 Hampton avenue. Other branches taking part in the meet are Montreal, International, Lakeshore, Lachine-Dorval, Northmount, and N.D.G., the host team.

Members of the Westmount 'Y' participating are:
Girls — 10 years and under —

Carri MacDougal, Sandy MacDougal.

Girls — 11 and 12 years — Trudy Betiste, Judy Bedford, Sarah Compton, Jane Everard, Robin Hood, Rosemary Hood, Anne Lorimer, Naomi Stillman.
Boys — 10 years and under —

Brant Henderson, George Kaowkis.

Boys — 11 and 12 years — Gary MacGregor.
Boys — 13 years and over — Bruce Bedford, Victor Brott, Mike Devito, David Pounder, John Taylor.

Sports dance planned next Friday night

By BEVERLY JONES

After the well earned and much-needed Easter holidays, most of the boys and girls returned to St. Leo's and St. Paul's respectively, last Tuesday morning. A few more absent-minded ones showed up by Wednesday or Thursday. The teachers are now desperately trying to stress upon the students the importance of these last few weeks, and the necessity of will power during the warm weather.

To break the monotony of studies, the Social Committee is planning a Sports Dance to be held at St. Leo's next Friday night, April 30. At this dance, trophies and awards will be given to the worthy hockey players and athletes. The tickets, which are being sold for couples only, must be purchased by April 23.

Everyone was anxiously awaiting the Easter edition of the Academy Journal, but due to circumstances beyond the staff's control, it was not published before the holidays. Most of the money has already been collected, and many boys and girls are becoming impatient. We certainly hope the paper can be printed soon.

Westmount women visit Japan

The Japan Canada Society Round the World Tour left Montreal on March 28, 1965, with several Westmounters included.

Members of the group included: Mrs. M. Ito — Tour Director; Mrs. Paul Boucher, Mrs. C. Brochu, President of Canadian Structural Steel Company, Mrs. C. Clermont, the latter three being members of the Femmes Chef d'Enterprise, who will also be going to the convention for business women in Vienna, Mrs. I. Dufourd, hotel owner from Isle aux Coudres, Quebec, Mrs. C. Frenette, Mrs. J. Depatis, Mrs. M. Belleau, Mrs. C. Emblem of Atwater Library, Miss R. Picard, Mrs. Thibault, Miss C. Falardeau and Mr. Gauthier.

On arrival in Tokyo the group was met by Mr. and Mrs. A. McGill, Counsellor at the Canadian Embassy. A cocktail party was arranged and the group was received at the Embassy by Mr. Bower, the Canadian Ambassador. Mr. Yoshizaya, the former Ambassador to Canada and present president of the Japan Canada Society in Tokyo greeted the group.

The group was entertained at the Kabuki Theatre, meeting actors and being shown operations behind the scenes of this world famous theatre. Later entertained by Mr. and Mrs. Tomittaro Ooka, at their home.

When the group reached Nagoya they were invited to partici-

participate in the tea ceremony, for which Japan is famous, by a famous tea master, named Tane-guka — The ceremony was televised and appeared on the local television station.

Successful banking begins with a savings account

Like almost everyone else, you use your local chartered bank as a safe and handy place to build the savings reserve that is so important to your financial future. In doing so, you do more than build a solid foundation for financial plans. You are building a valuable banking relationship and helping to establish your credit. And as you get to know the manager and staff — as you use other banking services to meet personal or business needs — your banking contacts become even more useful to you. And it all starts with a savings account!

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Through 5,650 branches, all across Canada, the chartered banks bring full-range banking within the reach of everyone.
