THE EUROPEAN ASSURANCE SOCIETY.

GUARANTEE DEPARTMENT.

IN ADDITION to the Business usually transacted by Life Assurance Associations, this Society is specially constituted to grant Bonds of Indemnity to Bankers, Merchants, Public Companies, Municipal Corporations and others, against losses occasioned by the dishonesty or infidelity of their Employees.

TO EMPLOYERS

The system of this Society offers great advantages, inasmuch as it not only secures to them the prompt payment of any loss so sustained; but affords them the means of avoiding the unpleasantness, and to a great extent uncertainty, attendant upon Private Suretyships; and as the Society, *for its own safety*, takes all steps to ascertain the character of an applicant for employment, Employers are relieved of that necessarily delicate and troublesome task, and are assured by the fact of the Society's consenting to grant a guarantee, that the Candidate for such employ has been found, as far as it is possible to be known, fully worthy of their confidence and trust.

TO EMPLOYEES,

It obviates the unpleasant necessity of resorting to their personal friends, and enables them by payment of a small annual premium, to be their own independent sureties—with the satisfaction of feeling that the security they give is of the most substantial nature, and at the same time, a convincing proof of their well-established trustworthiness.

TO BONDSMEN,

It affords, in approved cases, the means of immediate release from the liability under which they have placed themselves: every facility being given to substitute the Society's Bonds for existing suretyships—no expense beyond the actual premium being incurred.

This system of Guarantee has been thoroughly tested, and its advantages largely made use of by the Mercantile and Commercial Communities in Great Britain, and most of her dependencies—the various departments of Government, in addition, being authorized by special Act of the Imperial Parliament to accept the Bonds of *this Society only*.

The Rates of Premium in all cases are commensurate with the risk incurred.

THE GUARANTEE BONDS OF THIS SOCIETY ARE NOW GENERALLY ADOPTED AS SECURITY FOR EMPLOYEES, BY THE BANKS, RAILWAYS, CORPORATIONS, AND COMMERCIAL INSTITUTIONS AND FIRMS, THROUGHOUT CANADA.

The Government Departments are also authorized by special Act of the Provincial Parliament to accept these Bonds in lieu of or in addition to private securities.

ALL PREMIUMS RECEIVED IN CANADA—INVESTED IN THE PROVINCE.

THE EUROPEAN ASSURANCE SOCIETY.

LIFE DEPARTMENT.

This Society, from its peculiar constitution and the large amount of its income, from both premiums and invested Capital, is in a position to transact Life Assurance business upon terms unusually favorable to Assurers.

The following are the more prominent features in this Department:—

All Life Policies issued upon the faithful representations of Assurers, are indisputable.

Policies, on which five full premiums have been paid, are purchased by the Society.

On Policies for over £200 stg. for the whole of Life, one half the premiums for first five years may remain unpaid at interest at six per cent. per annum.

Three-fourths of the entire Life *and Guarantee* **profits** of the Society are divisible amongst the Life Policy Holders on the Profit scale of Premiums every Five Years.

Thirty days' grace is allowed for payment of Premiums, and in the event of death before the expiry of such grace, the claim will be paid, less amount of premium due.

Policies lapsed by non-payment of premiums may be subsequently renewed by paying the premium, and a small fine, on the production of satisfactory evidence of the good state of the life assured.

All claims, Life or Guarantee, paid without reference to London.

TABLE OF RATES for Assurance of £100 Stg. ($486.67) on a single life for the whole term, with right to participate in the Periodical Divisions of Profits.

EXAMPLE.—A person 25 years of age, by paying £2 2s. 9d. Stg. ($10.40) annually, can secure £100 Stg. ($486.67) whenever death may happen, together with such addition as may have been appropriated to the Policy by way of Bonus.

Premiums are also made payable Quarterly.

Persons assuring their lives in this Society can avail themselves of the Society's Suretyship to a proportionate amount, at any time—FREE OF EXPENSE.

THE EUROPEAN ASSURANCE SOCIETY.

Assurances are also granted upon Joint Lives; for Short Terms; or for sums payable at a Stated Age.

Assurances may be effected for India or China on reasonable terms, and on the lives of Naval and Merchant Seamen and Officers, at moderate rates.

Whole-World Policies are also granted by the Society, giving the Assured permission at any time to go to, reside in, and return from, all parts of the world, on payment of a fixed but moderate rate of Premium.

The Combination of Life Assurance with Guarantee, is a feature *introduced and transacted solely by this Society;* it affords the following important advantages to the Assured:—

When the Life and Guarantee Policies are for an equal amount, (the rate of Premium of the Guarantee not exceeding one and a half per cent.,) an abatement equal to half of the Guarantee Premium is made in the Life Premium.

When the Life Assurance is for DOUBLE the amount of the Guarantee, (the rate being as before stated,) the whole of the Guarantee Premium is appropriated to the Life Premium.

For example, a Guarantee Policy is required by A. B. for £500 Stg., and the Premium being one and a half per cent. for the character of the risk undertaken, he pays £7 10s. Stg. a year. He Assures his Life for an equal amount, and the age being, say 35 next birthday, the Annual Premium, *with Profits* as per Table of Rates annexed, is £2 15s. Stg. per cent., equal to £13 15s. Stg., for £500 Stg.; but an abatement equal to half of the Guarantee Premium being allowed, the Life Premium is reduced to £10 Stg., thus presenting the advantage of an immediate reduction of the Premium equal to 27 per cent., or a prospective Bonus of £135 Stg. on the amount assured.

Or, suppose the Guarantee to be as above stated, £500 Stg., and the Life Assurance £1,000 Stg., the yearly Life Premium, as above specified, would be £27 10s. Stg.; but the whole of the Guarantee Premium (£7 10s. Stg.) being allowed, the Life Premium is reduced to £20 Stg., being equal to 26 per cent. immediate reduction of premium, or a prospective addition of more than £230 Stg. to the sum assured.

In other cases than those specified, the reductions are matter of special arrangement, and depend on the class of risk, rate of premium, and the relative proportion of Life and Guarantee.

The foregoing benefits are available by existing Guarantee Policy holders, who may be disposed to effect a Life Assurance, or by Life Policy holders who may hereafter require Guarantee.

Prospectuses, Forms of Proposals, Agency Applications, and all information may be obtained from the Canada Head Office, Montreal.

EDWARD RAWLINGS,
Secretary.

THE EUROPEAN ASSURANCE SOCIETY.

Assurances are also granted upon Joint Lives; for Short Terms; or for sums payable at a Stated Age.

Assurances may be effected for India or China on reasonable terms, and on the lives of Naval and Merchant Seamen and Officers, at moderate rates.

Whole-World Policies are also granted by the Society, giving the Assured permission at any time to go to, reside in, and return from, all parts of the world, on payment of a fixed but moderate rate of Premium.

The Combination of Life Assurance with Guarantee, is a feature *introduced and transacted solely by this Society;* it affords the following important advantages to the Assured:—

When the Life and Guarantee Policies are for an equal amount, (the rate of Premium of the Guarantee not exceeding one and a half per cent.,) an abatement equal to half of the Guarantee Premium is made in the Life Premium.

When the Life Assurance is for DOUBLE the amount of the Guarantee, (the rate being as before stated,) the whole of the Guarantee Premium is appropriated to the Life Premium.

For example, a Guarantee Policy is required by A. B. for £500 Stg., and the Premium being one and a half per cent. for the character of the risk undertaken, he pays £7 10s. Stg. a year. He Assures his Life for an equal amount, and the age being, say 35 next birthday, the Annual Premium, *with Profits* as per Table of Rates annexed, is £2 15s. Stg. per cent., equal to £13 15s. Stg., for £500 Stg.; but an abatement equal to half of the Guarantee Premium being allowed, the Life Premium is reduced to £10 Stg., thus presenting the advantage of an immediate reduction of the Premium equal to 27 per cent., or a prospective Bonus of £135 Stg. on the amount assured.

Or, suppose the Guarantee to be as above stated, £500 Stg., and the Life Assurance £1,000 Stg., the yearly Life Premium, as above specified, would be £27 10s. Stg.; but the whole of the Guarantee Premium (£7 10s. Stg.) being allowed, the Life Premium is reduced to £20 Stg., being equal to 26 per cent. immediate reduction of premium, or a prospective addition of more than £230 Stg. to the sum assured.

In other cases than those specified, the reductions are matter of special arrangement, and depend on the class of risk, rate of premium, and the relative proportion of Life and Guarantee.

The foregoing benefits are available by existing Guarantee Policy holders, who may be disposed to effect a Life Assurance, or by Life Policy holders who may hereafter require Guarantee.

Prospectuses, Forms of Proposals, Agency Applications, and all information may be obtained from the Canada Head Office, Montreal.

EDWARD RAWLINGS,
Secretary.

The above Stores present every facility for the careful and proper STORAGE of all kinds of PRODUCE and GENERAL GOODS, being commodious and well ventilated.

Excellent Cellarage for Pork, Butter, &c., which cannot be surpassed by any in the city, being large, cool, and airy.

Ample accommodation for the Storage of Iron, Coal, and Heavy Goods, in our Canal premises, which, from their close proximity to the Basins, reduces the Cartage to a low figure.

Our Coal Oil Stores at Point St. Charles are specially adapted for the Storage of this article, having an inner and outer roof and walls of earth, thus rendering them dark, but at the same time cool, which prevents the leakage of the Oil.

Our Warehouse, being connected with the main line of the Grand Trunk by an adjacent siding, there is no cartage incurred on Coal Oil received by this Railroad, thus saving not only the expense, but the damage which necessarily, more or less, ensues to the barrels when carted.

Terms and Conditions on which all Messages are received by this Company.

In order to guard against and correct as much as possible some of the errors arising from atmospheric and other causes appertaining to telegraphy, every important message should be *repeated*, by being sent back from the station at which it is received to the station from which it is originally sent. Half the usual price will be charged for repeating the message; and while this Company in good faith will endeavor to send messages correctly and promptly, it will not be responsible for errors or delays in the transmission or delivery, nor for the non-delivery of *repeated messages*, beyond two hundred times the sum paid for sending the message, unless a special agreement for insurance be made in writing, and the amount of risk specified on this agreement, and paid at the time of sending the message. Nor will the Company be responsible for any error or delay in the transmission or delivery, or for the non-delivery, of *any unrepeated message* beyond the amount paid for sending the same, unless in like manner specially insured, and amount of risk stated hereon, and paid for at the time. No liability is assumed for errors in cipher or obscure messages; nor for any error or neglect by any other Company over whose lines this message may be sent to reach its destination, and this Company is hereby made the agent of the sender of this message to forward it over the lines extending beyond those of this Company. No agent or employé is allowed to vary these terms, or to make any other or verbal agreement, nor any promise as to the time of performance, and no one but a Superintendent is authorized to make a special agreement for insurance.

No liability is assumed for any error or neglect by any other Company over whose lines a message may be sent to reach its destination.

ENLARGEMENT OF PREMISES.

The undersigned has greatly enlarged, and otherwise improved his premises, which he has adapted, in every respect, for carrying on an extensive Book and Job Printing and Blank Book Manufacturing business. The Compositors' Rooms are well stocked with a large variety of Plain and Fancy Types, embracing the newest designs. The Establishment is furnished with ten Steam Printing Presses, nine Steam Smashing, Sawing, Cutting, Stamping and Hoisting Machines, six Hydraulic and Hand Presses, together with Ruling, Backing and Paging Machines, all in thorough working order, which enables him to turn out large quantities of work at very short notice. 130 persons are employed in this Establishment.
