Sixty-Second Year

THE POPE NEAR DEATH

Exporters Face Mixed Outlook, But Sales Up

MONTREAL (CP) — A mixed bag of opportunities and difficulties in the foreign trade field was presented today to the annual meeting of the Canadian Chamber of Commerce.

John H. English, deputy minister of trade and commerce, said Canada's exports so far this year have been one of the brightest spots in the economic picture — remaining at about last year's level in dollar value and slightly up in volume, while most countries have shown substantial declines.

Bitter Arms Debate In UN As Russians Threaten More Tests

UNITED NATIONS, N.Y. (CP) — A bitter arms debate loomed in the United Nations today as Russia threatened to match U.S. and British nuclear weapon tests blast for blast.

The General Assembly's political committee was expected to give priority to the disarmament question. Both Russia and India put in resolutions calling for an immediate stop to nuclear tests. The United States was working on a resolution of its own.

Soviet Foreign Minister Andrei Gromyko levelled a parting thrust at the West in a press conference on the eve of his departure today for Moscow.

Gromyko said lack of Western agreement to halt nuclear weapon tests will compel the Soviet government to continue its explosions until it has reached the total touched off by the United States and Britain combined.

The Soviet delegation said later that Gromyko was referring to the Western tests that have taken place since Russia announced March 31 that it was suspending test explosions. The Russians resumed the tests Sept. 30, saying this was necessary because the United States and Britain had not stopped their testing.

Following Gromyko's statement, the U.S. state department queried whether Russia would accept the British and American invitation to join in a one-year suspension of nuclear weapon tests beginning Oct. 31. On that date the Big Three meet in Geneva to try to negotiate a permanent ban on the testing.

Gromyko declined to tell questioners whether Russia would continue testing if the assembly adopted the Soviet resolution. He asserted that assembly resolutions without legal force. But he added, "the sooner the big powers carry out the recommendations the better."

Greeks Condemn Killing Woman

NICOSIA (CP) — Leaders of the Greek Cypriot community and EOKA terrorists alike today condemned the slaying of an English woman in Famagusta last Friday.

In a message from Athens, Archbishop Makarios, exiled leader of the Greek Cypriots, said the murder as well as the ensuing "blood orgy" conducted by British troops in the roundup of suspects "provoke the shame and anger of every honest person."

CBC Building

MONTREAL (CP) — The CBC wants to buy a 17-acre tract in downtown Montreal to consolidate its facilities here, city hall authorities said Tuesday.

The CBC received a letter from the city asking it to negotiate for the land bounded by Dorchester, Bleury, Vitre and St. Urbain streets.

New Look On The Farm

At Least Cattle Trough's The Same

CRYSLER, Ont. (CP) — The shape of the cattle trough—like its cousin, the bathtub—hasn't changed much through the years.

But it's an exception on the farm front, as indicated by commercial displays at the international plowing match here this week.

Take those eggs with red or green yolks. Or the pasture pumps that stock can work by pushing with their muzzles. Or those country maidens in thigh-length fishnet stockings.

A browse through 25 acres of farm machinery, idle and working, and two miles of exhibits turned up few items surviving unchanged from the not-so-distant farm past.

There were two Western-style musicians performing from an unsullied manure spreader of latest type.

There was a range of tractors from hulking, sullen-looking tracked diesels to skittery little models, most of them with additional working tools projecting fore and aft. Some had sunshades bobbing in the blustery chill breeze. One operated by remote control.

There were assorted barn cleaners. There was not a horse in sight. Some routine cows were to be found plus two new breeds—one a silvery color and the other an outside creation bulging with potential beefcuts. There was a hay stack with a plastic raincoat.

In one tent, white hens were busy laying eggs with colored yolks, a feat controlled by adding various dyes to the feed.

SPECIAL HEATING

Farther along, four young lassies were handing out promotion literature at a clip as brisk as the weather. They were unsuitably attired in black tops and net stockings and—it became apparent on closer examination—they were protected by special heating. They also were Ottawa models.

Visitors took their ease atop rubber-tired farm wagons, drawn by tractors around the exhibits. Or they massed to watch live entertainment provided by the CBC and private radio stations.

Across the way, about six light planes and a helicopter did a roaring business taking passengers for quick flips.

There were temperance films, conservation shows and a tentful of the latest autos.

There was a museum too. Most items were admittedly old—churns, ancient harrows, plows and reaping instruments.

But one old chap could remember using the same type of binder that was on exhibit. And the little red cutter with its trim runners and shafts looked a lot like the vehicle that used to get the young ones to school not so long ago.

International Plowing Match Championships Open Today

CRYSLER, Ont. (CP) — The formalities were cleaned up and the championships competitions began today at the \$15,000 international plowing match.

The four-day event eased into action Tuesday with a clutch of events for eastern Ontario plowmen and their guests. Most of the activity centred on opening ceremonies and a visit by Prime Minister Diefenbaker.

Main event today was the Ontario championship open for tractors and two-furrowed plows, with 20 other events scheduled for prize money ranging from \$50 for first to \$10 for as low as 12th.

Thursday the Canadian championship will be held in this dairy-country village 40 miles southwest of Ottawa. The two top plowmen from among the entries of seven provinces will go to Northern Ireland next year for the world championships.

RECALLS FARM DAYS

The prime minister Tuesday rode by farm wagon through the two miles of exhibits and catering establishments housed under canvas and recalled his own Saskatchewan days when he broke land behind a plow for his father and for five months as a hired hand.

Mr. Diefenbaker said he could remember when the first sulky plow—the single-share successor to the handplow—arrived in his Saskatchewan district in 1908.

He recalled his suggestion for a world food bank and said the West must learn to produce more food and better its distribution if communism is to be defeated.

Earlier, J. G. Taggart, deputy minister of agriculture for Canada, declared the fair open. He called the plow an implement whose importance in some areas of Canadian agriculture has diminished but which still retains its symbolic importance.

Martial Law In Pakistan

Most Satisfied

KARACHI, Pakistan (AP) — President Iskander Mirza ruled Pakistan under martial law today after abolishing the government to clear the way for writing a new constitution.

Mirza pledged Pakistan to honor all international commitments. The nation belongs to both the Baghdad Pact and the South-east Asia Treaty Organization (SEATO).

Mirza, a 59-year-old former major-general, took over Tuesday with strong criticism of politicians who have led Pakistan. The president outlawed political parties.

He named Gen. Mohammed Ayub Khan, commander-in-chief of the Pakistani Army, as chief martial law administrator and placed all armed forces under him.

No disturbances were reported as troops took station in government offices and at key installations. Crowds cheered the soldiers in some places.

"Some of our politicians have been lately talking of a bloody revolution," Mirza said in a proclamation. He continued: "The mentality of political parties has become so low that I am unable any longer to believe that elections will improve the present chaotic internal situation. The same group of people who have brought Pakistan on the verge of ruin will rig elections for their own ends."

General elections never have been held in Pakistan but had been scheduled for next Feb. 15. Mirza acted after six members of the Awami League political party resigned from Premier Feroz Khan Noon's revamped cabinet, saying they feared the voting would not be held as promised.

Mayors Get Only Promises

OTTAWA (CP) — The mayors went away from the federal table with empty hands. They got a lot of promises but no concrete decisions.

Thus ended the first federal-municipal conference in Canada's history, a two-day affair in which the Canadian Federation of Mayors and Municipalities expressed concern over their growing capital needs and aired a lot of proposals to open up to them new channels of financial resources.

While the federal government, while agreeing sympathetically with municipal views, emphasized that it also faces the heavy burden to finance growing demands on its purse. There was a limit to what the federal government could do.

PLEDGES CONSIDERATION

Yet as the conference ended Tuesday, the mayors generally expressed satisfaction with the meeting. And Justice Minister Fulton, speaking for the central administration, pledged high-level consideration of a number of proposals, including these:

1. Inclusion of municipal hospital depreciation allowances as expenses covered by federal payments under the national hospital insurance scheme. This would reduce the burden of costs on municipal shoulders.
2. Use of federal funds to cover the extra costs involved in wintertime construction to encourage more construction and reduce the army of jobless which the municipalities feel may be heavy this winter. They would rather have these job "incentives" than relief payments to the idle.
3. An increase of federal contributions towards slum clearance projects from the present 50 per cent to 75 per cent and the inclusion of main sewer and water lines in National Housing Act land assembly programs. Under these programs, the federal government puts up 75 per cent of the cost.

ROYAL COMMISSION?

And there were indications that Prime Minister Diefenbaker may be toying with the idea of setting up another royal commission to consider tax-levying powers similar to the Rowell-Sirois commission of 1935.

Mayor William Hawrelak of Edmonton, federation of mayors spokesman, said the municipalities also asked for a federal-provincial-municipal tax conference. Mr. Diefenbaker was reported as having said such a conference could not be held without provincial agreement.

Immigration Cut By Half

OTTAWA (CP) — Federal restrictions will reduce the flow of immigrants to Canada this year to less than half of arrivals in 1957, a government source says.

Arrivals now are expected to total about 125,000, the smallest since 1955, when 109,946 immigrants came to this country. Immigration in 1957 totalled 282,184, the highest number since 1913 when 400,870 arrived.

Dad Says Son A TV Zombie

LONDON (AP) — A 16-year-old boy who has done nothing but watch television for nearly eight months has been "reduced to the state of a zombie," his father said Tuesday.

Television has given the boy a sickness requiring medical treatment, the father told a juvenile court at suburban Wimbledon.

The father brought the boy to the court as being beyond control. He said the boy had refused medical treatment.

This, he said, is how his son has lived since leaving school in February.

"He won't get away from the television and he has no other interest in life. He does not even want pocket money because he never goes out to spend it."

"It has got to the stage where he will not talk to me. And when his mother goes out shopping he locks the doors so that she cannot get back in."

Red Canal

HONG KONG (Reuters) — The Grand Canal—China's ancient inland artificial waterway—will be restored and expanded by 1960 after falling into disuse for 103 years. When the project is completed, ships displacing up to 3,000 tons will be able to sail the 1,062 miles from Hangchow to Peiping.

Supreme Court Confirms Holland Will Rejection

OTTAWA (CP) — The Supreme Court of Canada Tuesday quashed the last will and testament of John C. Holland, retired Rock Island, Que., publisher who died March 15, 1949.

It ruled he was not of sound mind when he signed a power of attorney Jan. 30, 1948 and when he made his last will and testament Feb. 18, 1949.

At the time, the evidence showed, Holland was in a Vermont Hospital, suffering from the result of a brain hemorrhage that paralyzed him. Mr. Holland published a weekly newspaper in Rock Island.

COUSIN OBJECTS

A cousin, Linnie Holland McEwen, contested the will and the power of attorney. Executors of his estate were the late Charles R. Jenkins and Wesley H. Bradley, former Sherbrooke lawyer.

After a complicated series of judgments, appeals and cross-appeals in the Quebec courts and in the Supreme Court there, the final ruling Tuesday is that Mrs. McEwen wins her case.

The Quebec superior court's judgment declaring the will null and void is confirmed. Jenkins' estate and Mr. Bradley are given four months to present an account of their administration of the estate. The power of attorney is declared null and void "as not having been executed by a person of sound intellect."

Home Circus

HARTSVILLE, S. C. (AP) — Surprise and delight shone in a crippled boy's eyes Tuesday when a three-year-old elephant squeezed through his bedroom door. A clown and Louis Griffin's parents crowded in, too. And the 10-year-old got a taste of the Mills Brothers Circus, compliments of beaming parents and Shriners.

Condition Worsens Late This Morning After Second Stroke

BULLETIN

CASTEL GANDOLFO, Italy (AP) — A medical bulletin late today reported progressive aggravation in the condition of Pope Pius XII. It added: "The Pope is suffering a grave cardiac pulmonary collapse."

CASTEL GANDOLFO, Italy (AP) — Pope Pius XII drew near to death today following a second stroke.

At 11:20 a.m. (6:20 a.m. EDT) the condition of the 82-year-old head of the Roman Catholic Church was described as "desperate."

An Italian police official at Castel Gandolfo said a member of the papal household had sent word to the Italian government that "the Pope is going fast."

But soon after the Vatican press office issued an official denial from the papal summer residence of a report by the Italian news agency Italia that the Pope had died.

At 11:40 it was reliably reported that the Pope had been given extreme unction—the last rite for the dying or those in danger of death—for the second time. It had been given for the first time as he lay in a coma Monday following his first stroke.

The second attack was of the same type as that which felled the pontiff on Monday, a cerebral circulatory attack that produced a coma and partial paralysis.

It came on him at 7:30 a.m. just 47 hours after the first stroke.

A medical bulletin issued some two hours later said: "The Holy Father, after having spent a quiet night without hiccups, today at 07:30 (2:30 a.m. EDT) showed a new disturbance of the cerebral circulation, similar to that reported last Monday."

KEPT WORKING

Last week the Pope suffered a recurrence of the hiccups and gastritis with which his illness began four years ago. He persisted in his heavy load of administrative work and audiences here at the papal summer residence, but finally curtailed his program at his doctors' insistence during the weekend.

Moments before he was struck down on Monday he had said mass at his private chapel and received communion. He was preparing to resume work in his private library when the attack hit.

"My God! I cannot see! I cannot see!" he was quoted as saying.

As he had four years ago, the pontiff showed great powers of will and physical endurance. Again he rallied and for a time it was hoped he was once more on the way to recovery.

Tuesday night came word that his condition had worsened.

RELATIVES WITH HIM

The Vatican radio said all the Pope's close relatives were in an antechamber of the sickroom. The broadcast concluded with a request for Catholics all over the world to intensify their prayers for his recovery.

From all parts of the world messages of condolence and of hope have been pouring into the secretary of state's office in the Vatican.

The cardinals of the church were being kept informed. They would elect a successor if the Pope died.

In a courtyard adjacent to the papal summer palace a throng gathered and prayed in loud voices for the Pope. But police cleared the square in front of the great gray stone building, saying, "It is not seemly to have people crowding here."

CARDINALS WAIT

All the cardinals of the Vatican curia and several others from Italy were in the antechamber.

At the Pope's bedside were the four specialists who have watched over him since he was first stricken.

Various Rome afternoon newspapers came out with extra editions reporting the Pope was dead but the Vatican continued to deny it flatly.

When the extras circulated in St. Peter's Square nuns who saw the copies fell on their knees to pray.

Gunman Shot In Montreal Street Battle

MONTREAL (CP) — A single police bullet ended a blazing street battle Tuesday when a fatally wounded gunman sent his car crashing through a plate-glass window seconds before he died.

A second man was captured and a third made his getaway on foot.

Police said all three men escaped from the Battlefields Park jail in Quebec City last July 16.

In Quebec Capt. Alphonse Matte of the provincial police said the dead man was Guy Turbin. He said the captured man is Jean-Paul Laporte, 34, of Joliette and the escaped man is Eddie Bernard, 25, of Ste. Germaine.

Brome County Historical Society Visits Sites In Farnham Township

The Brome County Historical Society paid tribute to the historic past of the Township of Farnham, East Farnham to be exact, in a series of visits, a work party and a picnic, climaxing the day in Fulford, where a summation of the day's activities took place in the home of S.P. Zelinski, where a lunch was served to the tired but happy participants.

Highlight of the day was the clean-up of the Gale Monument site, which was completely obliterated by the unchecked growth of bushes and trees.

Samuel Gale was born at Kimpton, Hants, England, on October 14th., 1747. He arrived in the British American Colonies in 1770. His wife, Rebecca, daughter of Col. Samuel Wells, was born at Deerfield, Mass., on January 23rd 1752. They were married June 25th., 1773. Both died and were buried under the monument in 1826.

During the residence of Samuel Gale in New England his attachment to the Royal cause was definite.

When he witnessed the rebellion in the colonies, his outspoken resentment resulted in his arrest on several occasions. Finally he moved with his family to Canada.

He was one of the leading applicants for the Township of Farnham and on October 22nd, 1798, he obtained the grant from the British Government consisting of 23,000 acres and entered into the simple but arduous life of a pioneer on the farm where his body lies with that of his wife and daughter.

The work party assembled with the following present: Gerald Hawke, of Farnham, Gilbert Brown, of East Farnham, Stanley Jones of Farnham, and Gilbert Brown's son with Chairman Glen Brown of Knowlton, and Donald Oliver of Mansonville and Montreal.

Some 40 members of the historical society met then at the home of Gilbert Brown at noon for refreshments.

The first stop in the afternoon was at the monument and cemetery of the Quakers at East Farnham. Here, at different times, the Society of Friends had three meetings - houses, Mrs. Hawke, 84, senior member of the party, had attended the meeting of Friends in her youth. Some of the headstones of the burial ground date back to the early 1800's.

The group stopped at the Bullsburg cemetery to pay tribute to the early pioneer families that included many of the Bull family.

Next planned observation was at the long-neglected Gale Monument, located on the Sweetsburg-West Shefford road near Gale Mountain. Here the deed of sale of the property now lodging the Gale monument, plus the right of way to the highway, was read as laid down in 1901 in a sale to the society by Hosanna Larose for the sum of \$50. Signers of the deed of sale F. Daniel, H. Larose, W. W. Lynch, E. Racicot and M. O. Hart.

Plans were discussed concerning repairs to the existing pipe enclosure, the finalizing of the right of way to the road and the possibility of setting the site up in such a way as to supply picnic and parking grounds.

Thanks were extended to Mr. Pelletier, present owner of the Gale farm, and to Mr. and Mrs. Dupras who currently reside near the site. The monetary gifts and service gifts were acknowledged by Glen Brown, who also stated were needed.

The pilgrimage continued to the first burying ground in East Farnham Township near West Shefford, known as the Wells Cemetery. There, through lack of modern care, the forgotten head stones were choked by a growth of brambles, bushes and young trees. Historic family markers lay covered with leaf mold, or canted eerily. Graves dating back to 1813 were difficult to identify.

The tour then ended at the home of Mr. and Mrs. Zelinsky, where Mr. Zelinsky reported on the Quaker community of Brome. Gerald Hawke also gave some information on the Quakers. Ted Fisher, vice-president of the society, acting for Homer Mitchell, president, extended a welcome to all present and Gil Ferrabee, director brought the greetings from Canadian Historical Societies.

Show Business

By BOB THOMAS
HOLLYWOOD (AP)—The men who hold the balance of power in the movie industry are no longer the big studio bosses but a dozen top stars.

How did this revolution happen?

Let the stars themselves explain. Some modestly deny they are the new rulers of Hollywood. But all admit the power of box office favorites has grown immeasurably in the last decade.

Frank Sinatra: "I saw this trend coming five years ago. I knew the time would come when the major studios no longer existed as such, but would offer their facilities in partnership with the actors and creators of film properties."

WAS DROPPED

Sinatra, dropped from his MGM contract as a singer on the skids six years ago, is back at the studio — as partner in Some Came Running and two more films.

James Stewart: "After the glamor and glitter is stripped away, you've got to realize that movies are pretty much like any other business. We exist on supply and demand, too. The demand now is for solid, reliable performers who can get people out of their homes and into the theatres."

"People don't have the movie habit any more. They won't go to the theatre unless they are pretty sure of getting their money's worth. When they know that Duke Wayne or Gary Cooper is in the picture, they can judge from past performance that it ought to be pretty good."

Gary Grant: "We've gotten to be like a well-advertised brand of tea. Housewives buy that brand of tea rather than take a chance on a brand they're not familiar with."

"The moviegoer is the same way. He'll see one of our pictures because he knows he's pretty sure of getting a certain quality, while he might not take a chance on a new fellow across the street."

WHY A DOZEN?

Why are there only a dozen stars who fit this category?

William Holden: The studios are to blame for that. Right after the war there were 750 to 800 actors under exclusive contract to the studios. Today there are 175, and virtually none of them are big names.

"As soon as the picture business started getting tough, the studios dropped the actors. The producers argued why should they pay an actor \$2,500 or \$5,000 a week when they can let him go and hire him back at \$100,000 per picture."

Of the golden dozen stars, all but Marlon Brando were under studio contracts at one time. But now they are free agents and get as much as \$75,000 in salary and perhaps half the profits.

Champlain Area Guiders Attend Training Course

KNOWLTON LANDING — A basic training weekend was held at "Glenbrook" for Guide and Brownie leaders of the Champlain area, which comprises the Riverside Division in Montreal, the South Shore communities and all the Eastern Townships. Fifty-six Guiders attended.

The Guide Training was conducted by Miss Doris Hart and the Brownie training by Miss Pauline Mersel, both of Verdun. They were assisted by Miss Bulford, of Lachine; Mrs. Wilson, of Ville La Salle; Mrs. Spafford, of Waterville; Mrs. Hook, of Asbestos, and Mrs. Frail, of Greenfield Park.

Stanstead

Stanstead College, taking advantage of crucial passes and interceptions, Wednesday trounced the Bishop's College School team by a score of 29-13.

The Bishop's boys gained an early margin in the first quarter by virtue of a rouge, but lost their advantage in the second quarter when they failed to convert their touchdown. Stanstead then scored on a TD by Jim Kinnear, converted by Richard Harrison.

Instrumental in the win were Bob Zoppi who managed to hang on to several crucial passes and a fourth quarter interception for Stanstead by David Birch.

Notice To Car Owners

All establishments of the Automobile Industry will be closed Monday, Oct. 13th, Thanksgiving Day.

JOINT COMMITTEE OF THE AUTOMOBILE

Quiet Session At Rotary Club, Thetford Mines

THETFORD MINES — There was no speaker at the latest meeting of the Thetford Mines Rotary Club and the attendance was also low, which can be partially accounted for by the fact that a number of the members are on world travels, among them Denis Marcotte in Paris, Berchmans Gagnon in Russia and Dr. Paul Cartier in Japan.

Visiting Rotarian was Hector Roberge, of the Quebec Rotary Club. F. A. McLean, of Thetford Mines, was guest of Rotarian Leo Dumont.

It was noted that the recent golf tournament at the Golf and Curling Club included among the winners a number of Rotarians. Rodolphe Huot, golf pro from Quebec, won first in that division. Mr. Huot is vice-president of the Quebec Rotary Club. Rotarians Walter Smith and Bert Wayland were winners in their divisions while Georges Bourret and Maurice Legendre also made a good showing.

Business at the meeting included discussion of a request from the Canadian Legion for a subscription to aid them in the building of a Cenotaph in Thetford Mines.

Kiwanians Meet

Kiwanians extended a welcome to President George Smith on his return from a two-months' holiday in Europe. At the same meeting, wedding anniversary congratulations were extended to Gaby Roberge and a greeting to J. P. Wiser, now employed by the Lake Asbestos Company, who recently returned to this area after a number of years' absence.

Head table guests included Lionel Puize, Harold McNaughton, Ralph DiCicco, Henry Sellakwe, Carl Bindman, Hywell Griffiths, Dick Labelle, Louis Gagne and Larry Payer.

St. John's Juniors

The St. John's Juniors held their second weekly meeting of the fall season in the Church Hall with their usual large attendance.

Mrs. R. S. Coleman is again in charge of the girls, assisted by Mrs. Eric Pharo and Mrs. Merritt Pharo in the absence of Mrs. Ian Campbell and Mrs. J. R. Power.

Handicrafts will be the order of the day for the Juniors, with the probability of new arts and crafts being introduced at various times.

Get-Together Club

The United Church Get-Together-Club held its first "Bowling Night" of the season.

Since Thursday night proved not too popular, due to so many other activities taking place, it was decided that henceforth Friday night, commencing at 7 p.m., would be "Bowling Night" for the Club.

Melbourne Ridge Friends "Shower" Miss S. Smith

MELBOURNE RIDGE — Mrs. R. Woods, Mrs. O. Wilkins, Mrs. E. Wilkins and Mrs. G. Stainthorpe, assisted by several other ladies, were hostesses at a shower held at the Melbourne Ridge Hall in honour of Miss Sylvia Smith, a popular bride-to-be.

Upon her arrival Miss Smith was greeted with the strains of the Wedding March, played by Mrs. C. Grainger.

Mrs. R. Woods, on behalf of the ladies present, welcomed the bride-elect and presented many attractively-wrapped gifts, along with the best wishes of the group. She was assisted in unwrapping them by her mother, Mrs. A. Smith, Mrs. E. Crack, mother of the prospective groom, Mrs. H. Fowler, Mrs. J. Lucas, Mrs. R. Crack and Mrs. A. Fowler. Miss Smith thanked her friends for the many lovely gifts. Refreshments were served by the hostesses.

General Notes

Mr. and Mrs. R. Morrison, accompanied by Mr. and Mrs. J. Johnston and Miss M. Hamilton, were recent visitors in Thetford Mines.

Mr. and Mrs. V. Betts of Danville were weekend guests of Mr. and Mrs. Henry Fowler.

Mrs. M. Taber, Mrs. J. Hamilton, Mrs. O. Fowler, Mrs. S. Johnston, and Miss A. Stevens attended the W.M.S. Sectional meeting held in Ulverton.

Mr. and Mrs. Galen Driver of Danville were recent guests of Mr. and Mrs. L. Driver.

Mr. and Mrs. Gordon Beers, and Mr. and Mrs. Merrill Taber attended the Fountain-Alain wedding at St. Mary's and also the reception at Bowker Lake.

Mr. and Mrs. John Hamilton were in South Bolton visiting Mr. O. Schoolcraft.

Mrs. A. Batchelor has left to spend a few days in Montreal, prior to leaving for Toronto and the west.

Kinnear's Mills

Messrs. Hubert and Everette Learmonth, of Inverness, were guests of Mr. and Mrs. James Bailor and family.

Rotary Fair Profits Well Maintained

Some 130 non-Rotarian workers who had assisted at the Rotary Fair last week-end, were entertained by members of the Rotary Club at their weekly dinner meeting last night and heard from Fair Treasurer Don Watson the successful results of the 27th annual Fair.

While the complete expenses were not definitely known, the estimated net total was \$8,594, about \$250 short of last year's figure. Under the circumstances which existed, he said, they should consider this an excellent result.

Murder, Suicide Verdict

LAKE MEGANTIC — A verdict of murder and suicide was returned last night by a coroner's jury investigating the deaths of Provincial Police Detective Davilas Levesque and his slayer, Albert Bolduc, on Sept. 23.

Levesque was instantly killed by shots fired by Bolduc in a hotel near Lambton. Bolduc's body was found a few hours later slumped in the seat of his car, a revolver on the seat beside him. Detective Roger Berube was seriously injured in the shooting affray.

M. Tanguay, proprietor of the hotel near which the shooting took place, said he had been told by Miss Marcelle Rousseau that Bolduc had shot Levesque and another policeman. He had called for a doctor, a priest and an ambulance.

A 21-year-old Lambton youth who had been travelling with Bolduc and three other young men said that soon after they arrived at the hotel yard, the police car drove up. Following an exchange of words between Levesque and Bolduc, the latter fired several times at the policemen. Bolduc ordered the passengers out of the car and then drove away.

Later his body was found a short distance away by two brothers, Wellie, and Roger Bolduc.

East Angus Man Is Victim Of Assault

Ted Early, 58, woods manager for the St. Lawrence Paper Mill of East Angus, is reported in fair condition at Sherbrooke Hospital after he was assaulted and robbed early this morning.

The incident occurred about 1:30 a.m. on the road between Ascot and East Angus, where the victim went off the road in his car.

Mr. Early, unable to get his car out of the ditch signalled a passing car for help. The car stopped and four men came in his direction and beat him unconscious and robbed him of \$20.

Later questioned by provincial police, Mr. Early could not give any description of the car nor of his assailants.

New Installation Cuts River Pollution

PLANT VISIT — Shown above during a visit to the Canada Paper Company plant at Windsor Mills are, from left: Canon J. A. Lemay, Windsor Mills; Alec Philip, vice-president and general manager, Canada Paper Co. Ltd.; Archbishop Georges Cabana; Mgr. Joseph Veilleux, and Mayor J. T. Bolduc. To the right, Frank Mitchell, general manager of the Canada Pulp and Paper Association addresses the gathering.

By CUTHBERT JONES
WINDSOR MILLS — Hailed as a major contribution to eliminating pollution of the waters of the St. Francis river, a bark-burning installation recently completed by the Canada Paper Co. Ltd. at its plant here was inspected yesterday by a group of Eastern Townships industrialists, officers of game conservation organizations and executives of the pulp and paper industry.

Earlier in the day, the visitors were guests of the Canada Paper Company at a luncheon at the Hotel Sherbrooke, following which the party proceeded to Windsor Mills where the inspection tour took place.

The guest speaker at the luncheon was Dr. Auguste Prevost, director of the Quebec Biological Bureau, who declared that the installation was a tangible sign of the important change of thinking by industry on the matter of stream pollution.

A few years ago, Dr. Prevost said, it would have been almost inconceivable to expect the executives of a private company to appropriate any substantial sums for eliminating the pollution caused by its manufacturing operations.

But the gathering, he continued, marked the completion of a million-dollar expenditure by a single company for this purpose. This chance of thinking was important because it might remove the necessity of stern legislative action to meet the pollution dangers.

CAUTION ADVISABLE
Dr. Prevost warned against too rapid and too rigid legislation on this matter as the economic consequences are almost unpredictable. But it was essential for the economic and physical well-being of the affected areas that definite steps be taken to end the pollution menace.

He was introduced by Alec Philip, vice-president and general manager of the Canada Paper Company, who reviewed the history of the anti-pollution campaign in recent years.

Other speakers included Frank Mitchell, general manager of the Canadian Pulp and Paper Association; Mgr. A. Veilleux, representing Archbishop Georges Cabana; Paul Palmer, chief engineer of the Howard Smith Paper Mills; Andre Pare, representing the Quebec Federation of Fish and Game Clubs; Fernand Drapeau, representing Finance Minister J. S. Bourque, and Neil Power, director of Public Relations for the Canada Paper Company, who acted as chairman of the gathering.

BARK PROBLEM
During the inspection tour of the new installation it was pointed out that the disposal of bark was the main key to the pollution problem.

In recent years it became evident that disposal of the bark through burning could be done following the development of presses which would permit removal of sufficient moisture to permit combustion. Two years ago the Canada Paper started such an installation which was completed this summer and is now in continuous operation with good results.

The complete effluents from the bark drums are collected and strained over perforated plates allowing only the most minute particles to escape with the water used in the debarking process. The bark is then fed into the

hopper of the bark press and then carried through a series of rollers, forming a mat which, by virtue of increasing pressure on the rollers becomes thinner as the water is squeezed out. Moisture content of the bark as it comes from the press is about 50 per cent from 80 per cent or more at entrance.

After leaving the press, the bark is transferred by means of a system of belt conveyors some 400 feet through various buildings to the furnace where it is burned.

THE BOILERS
On arrival at the boiler room, the bark is distributed by gravity through the top to a two-cell dutch oven, capable of producing as much as 50,000 pounds of steam an hour, which is used in the plant process together with the steam generated from coal in other boilers.

New Tax Conference Needed

Representative of Canada's municipal governments meeting in Ottawa this week with Prime Minister Diefenbaker and other federal officials realized that they would not get all they wanted. Many of them also realized that the "informal" meetings would be useful primarily as a means of focussing Ottawa's attention on the plight of the municipalities.

But cold water has been thrown on whatever hopes they might have entertained in no uncertain terms. The federal spokesmen, including Mr. Diefenbaker himself, have indicated that no loosening of the federal purse strings to help municipalities finance development and meet the costs of

obsolescence can be expected. In addition, there are the ever-present constitutional problems resulting from the fact that local governments are the creatures of the provinces, not the federal government.

Nevertheless, the requests of the municipal delegation are basically just. Local governments are dependent mainly on real estate and sales taxes, and are desperately in need of new sources of revenue.

The problem can only be resolved by a new federal-provincial conference at which the problems of the municipalities will be given prime consideration. This could be the most valuable result of this week's meeting.

Moscow's Bad Faith

At the end of this month, negotiations among Britain, the United States and the Soviet Union for a ban on further testing of nuclear weapons will get underway. But now word has come that the Russians have set off four new nuclear blasts.

This will not affect the West's willingness to negotiate. Up to now there has been no violation of any international agreement because none exists. The West has recently conducted a series of tests, both in Nevada and the Pacific.

But in setting off its own tests, Russia has cast aside the self imposed test ban it had announced to the world so grandly many months ago. The free world was always somewhat skeptical of the sincerity of the Soviet pledge for the Kremlin left itself a convenient loophole. It said it would feel free to

resume testing if not satisfied with the response of its nuclear rivals.

One would have thought that the Russians would have been satisfied with the British and American announcement that they were willing to undertake a temporary ban on October 31 while talks on a more lasting ban proceeded.

When scientists of both East and West agreed at Geneva last summer that detection of tests, and therefore enforcement of a ban, could be assured under a global system of checking stations, the world took hope. The Soviets have now shown, as many suspected, that their pledge of a few months ago was a propaganda move. This does not augur well for the coming discussions. The West never knows when dealing with the Soviets how much faith to put in the utterances of the Kremlin. This is why the West must remain on guard.

N.Z. BUTTER AGAIN ISSUE

(Windsor Daily Star)

It is curious coincidence that New Zealand butter has again become an issue under Conservative Government just as it was under a previous Conservative Government 28 years ago. The same basic factors prevail.

Rt. Hon. R. B. Bennett won the 1930 election for the Conservatives partly on this issue. He assailed importation of New Zealand butter as a blow to the dairy industry in Canada. He won enough rural constituencies, including some in

the Eastern Townships of Quebec, to give him a majority. He was accused of slipping into office on a platter of butter.

Canada now has price supports on butter and cheese, something which did not prevail in 1930. Imports of cheap New Zealand butter could jeopardize these supports, so such imports are being impeded. Mr. A. H. Nordmeyer, New Zealand finance minister, has been inveighing bitterly about these and other barriers, at the Montreal conference. It all shows a country cannot

tinker with trade without repercussions. The United States has protested Canada's new regulations against dumping. The United Kingdom is annoyed at our recent slight increase in tariffs on its woollens. Now New Zealand is angry.

It is one thing to preach expansion of world trade but quite another to practice it. The latter often interferes with domestic economies and this builds up political or other resistance.

Restrictions imposed by one country to protect a domestic industry can have disastrous effects on another country. Thus they are apt to bring retaliation.

Easy import of New Zealand butter could threaten the Canadian dairy industry. But New Zealand depends primarily for her prosperity on her exports of butter, cheese and wool. She has not the same broad economic base that Canada has.

Barriers against her butter and cheese can have even more drastic consequences to New Zealand than similar barriers against Canadian wheat would have to Canada.

There is no easy answer. The ideal is greater freedom of trade in all commodities. That ideal should be approached, in practice as far as possible. Meantime it is contradictory, even if understandable, to place additional impediments in the way of trade.

New Chief Takes Over

Tough Job Faces British Army

By KEN METHERAL

LONDON (CP) — A tough but genial giant has taken over the high-backed chair in Room 209 at the War Office, reserved for Britain's senior serving soldier.

Both characteristics of Gen. Sir Francis Wogan (Frankie) Festing, GCB, KBE, DSO, ADC are likely to be needed in full in the next few years. For the chair into which the new Chief of the Imperial General Staff plunked his massive six-foot, four-inch frame at the end of September may well prove to be one of the hottest seats in Whitehall.

Festing has reached the pinnacle of a long and distinguished military career at a critical time in the history of the British Army. The government is committed to a policy of ending conscription in 1960 but there is no suggestion of making a corresponding reduction in the country's military commitments.

The formidable task facing the new CIGS is to create an all-regular force of 165,000 men so flexible in nature that it can give a good account of itself under conditions ranging from full global war to minor police actions in the colonial territories scattered around the world.

In the opinion of many well-informed Britons, the main danger is that the multiplicity of roles will swamp the resources of so small a force and that in striving for such a wide range of duties the army will become ineffective. The present army strength is about 335,000, all ranks.

Festing, like the previous occupant of the chair, Field Marshal Sir Gerald Templer, is an Irishman. It is about the only point of similarity between them. Templer is a slim, sensitive Ulsterman, meticulous as to dress and habits and formal to the point of being standoffish. Dublin-born Festing has the bluff, hearty nature that seems to go hand-in-hand with an oversize build. Throughout his 31 years in the army, he has tilted at tradition, carried a large staff instead of the more usual swagger stick and in his post-war commands in Hong Kong, Egypt and Malaya has tended to discard conventional uniform for a sloppy bush hat, checkered shirt and baggy corduroy trousers.

The Observer has described Festing as "unconventional to the point of eccentricity."

ord, first in France and Norway and later in Madagascar, Burma and Malaya. In Burma, he endeared himself to his troops by his habit of suddenly appearing at the front in the most exposed positions.

Once in Burma when a lieutenant commanding a leading platoon was killed, the huge figure of Festing, then divisional commander, came crashing through the jungle to take over from an astonished sergeant. On another occasion, he personally took two swords from high-ranking Japanese officers in the field. He has collected Samurai swords since childhood.

In his last post as commander-in-chief land forces, Far East, in Malaya, he turned routine staff duties over to subordinates so he could have greater freedom to visit the men in the field. He is a firm supporter of Field Marshal Montgomery's edict that the

HIS FAVORITE TARGET IS RAILROADS

(From Time)

Like a mosquito at dusk, Manhattan Financial Consultant Randolph Phillips, 47, has driven many a big corporation to distraction with his stinging jabs at management control. His favorite target is railroads. Turning on his onetime associate, New York Central Railroad Chairman Robert R. Young, Phillips harried him so persistently through the courts that Young hardly dared go to Manhattan for months before his death because he feared Phillips' summonses. Recently Randy Phillips himself got swatted. He not only lost a court fight over his campaign to win a seat on the Pennsylvania Railroad's board but also took a tongue lashing from Federal Judge C. William Kraft Jr., who said that Phillips' "unclean hands bar the grant of any equitable relief."

Falling to win election (by 394,000 shares) at the May annual meeting, Phillips tried, by a series of serious charges, to bar the Pennsy's directors from taking their seats. He accused the Pennsy of violating Securities and Exchange Commission and state regulations by refusing to deliver stockholder lists to him, argued that President James M. Symes made "false and misleading statements" in two proxy letters which said that Phillips had "no experience or qualifications to serve as a director," and that he had assumed "self-conferred, high-sounding titles to describe his career."

In rejecting Phillips' charges, Judge Kraft found that he had not been denied stockholder lists to which he was entitled and that Symes also had a perfect right to describe him as he did. Actually, the Pennsy, not Phillips, was the injured party. It was Phillips, said Judge Kraft, who had "knowingly, maliciously and intentionally violated" SEC rules by secretly sending telegrams to two Swiss banks in an effort to have the banks withhold their proxies. Only slightly taken aback, Phillips announced that he would appeal—to demand that Pennsy's directors be required to pay from their own pockets the cost of fighting his attempt to get on the board.

MIDSTREAM SWAP NETS

Both South players in one of the Masters' team of four matches chose to open the bidding with one spade.

One North raised his partner to two spades and was delighted when everybody passed. He was less delighted when his partner went down two tricks for a 200-point loss and analysis showed that East and West could not make a game against proper defense.

Nevertheless, his side did all right on the hand. At the other table North decided that his three points and four little trumps did not warrant any action at all and passed.

East reopened with a double and West bid two hearts. At this point North decided that he could afford to bid and gave a delayed raise to two spades.

East did what any sensible person would do. He doubled and since that second double was for business West left it in. Again South was down two tricks but this time the penalty was 500 points, not 200.

North really should not have swapped horses in midstream. He had chosen to pass at his first turn to bid. His partner had not been able to rebid and North still held the same bad hand he had started with.

RAIL COACH BEST WAY

(Winnipeg Free Press)

From the windows of a railroad coach is the only way to see Canada. The view from an automobile is limited, particularly for the driver. The view from the air, while extensive, is hurried and two-dimensional; the loftiest mountain is flattened, the broadest river reduced to a thin white thread. But from a train window one can watch effortlessly the panorama of Canada unwind at a civilized pace—and one need miss none of it, even for meals.

Federal Estate Taxes Outlined At Kiwanis Club

Fred Simpson, Manager of the Royal Trust Company, Sherbrooke Branch, was the guest speaker at the regular weekly meeting of the Kiwanis club Monday evening.

In a talk entitled "The New Estate Tax Act," Mr. Simpson said that although the new act received assent on Sept. 6, the date of its coming into force will be Jan. 1 as announced by Acting Finance Minister J. M. MacDonnell.

Mr. Simpson went on to say a few words on taxation as regulated by the British North America Act of 1867 and the division of the legislative and financial responsibility between the parliament of Canada and the provincial legislatures.

The speaker said that social problems in recent years have necessitated a great amount of financial and administrative co-operation between the Federal and Provincial governments.

Mr. Simpson explained the tax agreements between the Federal government and the provinces and then he went on to trace the history and background of the Federal Government's entry into the succession duty and estate tax field.

The speaker then explained the principals of taxation set forth in the New Estate Tax Act and detailed administrative changes, new tax structure, exemptions, taxation of real estate outside of Canada as well as taxation of assets in Canada of non-residents.

The guest speaker was introduced by Herb Plow and thanked by Walter Lefebvre.

Head table guests were Herb Plow, Fred Simpson, President Sam Gillman, Walter Lefebvre and J. Faucher.

Will Increase French Classes At Lennoxville

The French classes at Lennoxville High School will be increased because of the large registration at the first class this week, it was announced today.

A total of 86 people registered. Extra teachers will be procured so that the class may be broken up into smaller groups.

The classes are being held Monday and Wednesday evenings at Lennoxville High School.

ERNEST KIRBY

Manager of the new IGA store at 38 Main Street, Coaticook, will be Ernest Kirby. Mr. Kirby has had many years experience in the grocery business in Magog. Announcement of the opening date of the new store will be made in the near future.

John L. Burns Heads Richmond Blind Committee

RICHMOND — At a meeting held in the Richmond Legion Hall a county advisory board for the Canadian National Institute for the Blind was formed with John L. Burns as county chairman, A. W. Bishop, vice-chairman, H. W. Nowlan, treasurer, and Gordon E. Stewart, secretary.

The Sherbrooke Branch was represented by N. L. Amiraull, district chairman, C. G. Bryant, past chairman and Neil Tracy, district field secretary.

Among those present were: John L. Burns, H. H. Nowlan, Gordon Stewart, George Relyea, A. W. Bishop, Mrs. C. Peart, all of Richmond; Miss A. Brady, Windsor Mills, and Mr. and Mrs. D. D. Nixon and Mrs. Lewis Pye, Melbourne.

Finance Company Stand Confirmed In Car Seizure

OTTAWA — A finance company's interest in an automobile seized by the RCMP because it was used in smuggling was confirmed by the Supreme Court of Canada Tuesday.

The ruling upheld the lower courts in Quebec who awarded Industrial Acceptance Corporation an order granting them an interest in the disposal of the automobile.

The deputy minister of national revenue, representing the Crown, claimed the finance company had no interest in the car on the ground it had not taken proper care to investigate the background of the purchaser, Luc Routhier of Sherbrooke, Que.

Routhier was arrested in July, 1953, and the car seized, for smuggling American cigarettes into Canada.

The Crown's contention that the finance company should have made a complete and positive inquiry into the purchaser's background to ascertain that the automobile would not be used for smuggling was dismissed by the Courts.

Slightly Hurt

Four and a half year old Rachel St. Laurent was rushed to the Hotel Dieu Hospital, suffering from lacerations to the face received when she was hit by a car on Gall Street about 4:20 p.m. yesterday afternoon.

EXPORTERS FACE

Continued from page 1
commerce believes there are great potentialities for expansion and diversification of trade with the West Indies, Mr. English said.

Following are some of the points made by Mr. Sherk: Long-term financing would be a tool for increasing Canadian exports. Canadian exporters need an institution like the Import-Export Bank in Washington.

In Asia, Africa and Latin America large development plans are afoot for power plants, irrigation schemes and general industrial expansion. Canada is in a position to supply many of the goods and services required.

USELESS TO TRY
However, as the matter stands, it is useless for Canadian producers to enter some foreign negotiations knowing that long-term payments are impossible.

Other Commonwealth countries should take immediate steps to abolish discriminatory controls against goods of Canadian origin.

LEN O'DONNELL'S Sport Shots and Pot Shots

(By Nick Powell, pinch-hitting for Len O'Donnell who is at the World Series.)

Imagine the chortles of glee by Yankee supporters when Lew "Spitball" Burdette trundled off the mound and took an early shower. Just think of jokers like Yogi Berra having a laugh at Lew because he finally got his come-uppance.

Imagine their enjoyment of the sight of a youngster like Pizarro coming in to try and stop the rot when the Yankee-killer himself had taken a shellacking. Imagine one of us standing up there on that little hill of dirt, peering from beneath our caps at the likes of Berra, Mantle, McDougald, Skowron and Co., knowing full well that we have to throw a small white ball past them the maximum number of times while allowing them a minimum of chance of making solid contact with that same ball. Frightening, isn't it?

However, Willey came in to halt the slaughter and today the Yanks again have their backs to the wall in spite of their brief triumph in New York. Braves can lose one. Yankees can't. It's as simple as that. It has been some time since Yankees (and in particular, "Perfesser" Stengel) have been in that position. For the good of the game (and because we like Milwaukee), we'll pick the Braves again today.

The Tyrolers, a distinguished company of 16 singers, dancers and musicians, from the picturesque village of Kitzbuhel in the Austrian Tyrol, are to perform at Derby Academy in Derby, on Sunday, October 18 at 8:00 p.m., for the benefit of the Jay Peak Ski Team.

Their program is gay, full of carefree singing, brilliant yodeling and wonderful dancing. Don't miss it.

The last boxing card of the season takes place this coming Sunday evening at the Sherbrooke Arena, bringing to a close one of the best seasons of fighting seen in this city.

Headlining the card are Arty Towne, classy middleweight from New York, and Johnny McCoy, a rock-hard puncher who generally fights as a light-heavy.

Two other eight-rounders are scheduled: Robert Cleroux of Montreal and battling Solomon McTier of New York who has already gained a win from Pete Rademacher, the man who fought Floyd Patterson for the Heavyweight Championship of the World. Chico Velez, speedy New Jersey middleweight takes on Jean Dulhoste, the fighting Frenchman who has yet to lose a fight in Sherbrooke. The preliminary is a six-round between newcomers, Bobby Wood of Montreal and Ronnie Cohen of New York. It should be a great card and a fitting finale to the boxing season.

Tonight there is to be a special meeting of the Massawippi Fish and Game Protection Club taking place at the Ripple Cove Inn at Ayer's Cliff, starting at 8:00 p.m. All those interested in conservation are cordially invited to attend. Refreshments are to be served.

Don't miss the Little Big Four football at the parade grounds this coming Saturday. Last week the Roughriders took one from the Argos and the Alouettes and Ti-Cats fought to a scoreless draw.

The calibre of football these youngsters play is really tops. They waste little time on hanky-panky and get right down to playing the game. Watching them makes for a glimmer of hope that some time in the foreseeable future, Sherbrooke may again have a football team. Congratulations to their coaches and instructors!

Bishop's University have come up with a soccer team and have joined the Eastern Townships Soccer Association. This is another athletic endeavour which may well be exploited by the students. Though they lost their first fixture to a more experienced eleven from Magog, their enthusiasm and edge in speed was easily apparent.

With practice they could easily become the best team in the league.

Soccer, or more properly Association Football, is a far cry from a ladies' game. It's rough and particular emphasis is laid on stamina. Forty five minute halves require more than ordinary

Warren Spahn Set For Sixth Series Game Today

Has Chance Of Duplicating Effort By Burdette Last Year; Casey Stengel Undecided About His Starting Pitcher

MILWAUKEE (AP) — The world series could end today but managers Fred Haney and Casey Stengel of New York Yankees are thinking of Thursday and a possible seventh and deciding game.

The Braves have won three of the first five. After giving two-time winner Warren Spahn the job of clinching the series in today's sixth game, Haney told reporters: "I'd like to clear it out as quickly as possible, but if we don't do it today, then we got another chance tomorrow."

Haney, naturally, expressed faith in Spahn's ability to register his third straight victory over the Yankees and declined to speculate on his seventh-game pitcher, if necessary. There was no doubt Lew Burdette, winner of the second game and loser of the fifth, would be his man.

Stengel's pitching problem appeared more acute. Up to a late hour Tuesday night, he was still undecided upon his sixth-game pitcher, let alone his seventh.

The old man strongly indicated, however, he probably would settle upon Whitey Ford today, with Bob Turley his seventh-game choice, should the Yankees win.

"Ford thinks he should pitch the sixth game, and he thinks Turley should pitch the seventh. I haven't decided," Stengel said.

Ford has started twice and the Yankees have lost both games. The 29-year-old southpaw was charged with one of the defeats and relief ace Ryne Duren the other. Whitey was the victim of Spahn's brilliant two-hit shutout only last Sunday and Stengel's placing of Ford's name at the head of the list raised some eyebrows. Especially in view of Ford's inability to go the route in either start, and his failure to

pitch a full game since Aug. 8 because of a strained elbow. GO WITH BEST "Ford tells me his arm is all right, and he's my best," said Stengel. "Spahn showed us he's a great pitcher. You've just got to go with your best against a guy like that."

Turley also would be going with two days rest should he pitch the seventh game. He turned in the best performance of his career Monday, shutting out the Braves 7-0 with a four-hitter to hold the Braves' lead at three victories to two.

Stengel's lack of decision on today's pitcher was prompted by doubts on Don Larsen, who pitched and won the third game Saturday. The big righthander was the logical choice to hurl the sixth game today but he has been plagued by an inflamed elbow virtually from the start of the season.

"I'm not going to name my pitcher until the day of the game," Stengel said. "I've got to find out about Larsen's arm. I don't like to use him with only three days rest."

"I know something that would solve my problem," Stengel said. "Rain. I hope it rains tomorrow. I hope it rains for four days." AND RAIN CAME Even as Casey spoke, clouds were gathering overhead. Later, the rain came and lasted through the night.

The two lineups depended upon the pitchers. Haney said he would use his right-handed platoon, with

MILWAUKEE (AP) — Clouds and warm temperatures are predicted for Milwaukee today afternoon when New York Yankees and Milwaukee Braves play the sixth game of the world series.

The weather bureau expects partly cloudy skies with a chance of a shower in the late afternoon or evening. The temperature at game time is expected to be 65 to 70 degrees, with the highest afternoon reading in the mid 70s.

Rain fell in Milwaukee Tuesday afternoon.

Andy Pafko in centre field and Joe Adcock at first base, if Ford were to pitch. With a righthander going for the Yankees, Billy Bruton would be in centre and Frank Torre at first.

The Yankee lineup was set except for third base. Stengel said he will stick with Elston Howard in left field and Yogi Berra behind the plate.

"If Ford pitches for me," he said, "I may play the Kid (Bobby Richardson) at third base. Those righthanders of theirs hit it down that way with a lefthander on the mound. And the Kid's the best glove man I've got. If a righthander pitches for me, it might be (Jerry) Lumpe. I seem to remember that he got a hit as a pinch-hitter against Spahn in the last series. Now, if I want the long ball, I might play (Andy) Carey."

42nd NHL Seasons Opens Tonight In Chicago With New York As Guests; Better Balance Foreseen This Year

By W. R. WHEATLEY MONTREAL — (CP) — The National Hockey League opens its 42nd season tonight for a 210-game run that president Clarence Campbell feels will produce better balance in competition.

Only a single game is scheduled for tonight, New York Rangers visiting Chicago Black Hawks.

The champion Montreal Canadiens, heavily favored to repeat, are hosts to Boston Bruins Thursday. All teams will be in action Saturday and Sunday.

"There is no doubt that at least five teams will be better balanced and there is every indication of good public response," Campbell said Tuesday.

"Canadiens have a pretty solid team and a great backlog of material. They don't figure to be any weaker and may have a definite advantage in the early stages."

"Everybody is saying we'll win but if we do—and I say if—we'll have the toughest kind of competition," said Blake.

"I figure there are two teams to beat—Boston and Detroit. I say Boston because the Bruins gave us a battle in the playoffs, and Detroit because the Red Wings have plenty of good players, four or five old pros."

Bobby Jones Claims Better Scores Due To Improved Conditions, Clubs; Canadians Burning Up The Course

By JOHN FARROW ST. ANDREWS, Scotland (AP) Bobby Jones looked out over his beloved St. Andrews home course with a far-away look in his eyes and told a group of dedicated fans:

"These days American golfers expect the ball to stop dead on conditioning. Youth is one strong advantage the Bishop's boys should have on their side."

The Bishop's football team on the other hand, came up with their first win of the season bowling over an inexperienced team from Hawkesbury, 8-0. Of late, the highway beside the Bishop's football field has become one of the most crowded spots of a Saturday afternoon in the region. It could be that Gordon "Beef" Ross will come up with another championship team. Five years ago, in his first season at the University, Beef pulled an undefeated, unscathed season out of the hat.

Adding to that, he grabbed two more consecutive championships and made Bishop's University the power of the conference. Last year he didn't fare as well, but who can ask four conference titles in the same number of years without being unreasonable. In the four years gone by, he has done more for the prestige of University athletics than any other one man.

Mrs. David Gray was recently named to the presidency of the Ladies Golf Club in Lennoxville. At the same meeting Mrs. Garth Smith cleaned up the top honours. Congratulations ladies!

Doug Bajus, 34, of Vancouver had them talking when he came in Monday with a 69, one of the lowest practice rounds so far. Bruce Castor, 32, Toronto, reigning Canadian champ, had a 35 on the back nine.

"They're hitting the ball very well," said Blair, "but they're a little mystified by the terrific size of the greens."

Twenty-nine nations are competing in the 72-hole medal play tournament.

The best three scores on each team will count each day. The team with the best aggregate at the end of the week will win the Eisenhower Trophy. The player with the lowest individual score over 72 holes will become the first unofficial amateur champion.

He had seven strikeouts as Yankees won 2-0 for a 3-2 lead in games.

Hawks To Face Old Nemesis In Gump Worsley

Chicago Black Hawks and New York Rangers start the National Hockey League's 1958-59 season tonight. The Hawks are already facing trouble.

The game will be in Chicago and the Hawks will be up against their old nemesis—Ranger goaltender Gump Worsley. Rangers beat the Hawks for three years running on Chicago ice with Worsley in the nets until a defeat was finally hung on him late last season.

It was the home-ice disasters that accounted for Chicago's dismal record against the Blueshirts last year. Rangers, who finished second to Montreal Canadiens in the league race, won nine of their 14 games with the Hawks, lost four and tied one.

Hawks managed to squeeze out of the league cellar last year at the expense of Toronto Maple Leafs but how they'll make out in this 42nd NHL season is anybody's guess. Half their 18-man roster is made up of newcomers, including two former Rangers, Danny Lewicki and Jack Evans.

They've also picked up centre Tod Sloan from Toronto and defenceman Dollard St. Laurent from Canadiens.

Rangers, too, are a bit of a mystery. Their force includes five rookies.

The Chicago game is the only one scheduled for tonight. Boston Bruins are at Montreal Thursday. A six-game weekend will see Detroit Red Wings at Montreal, Chicago at Toronto and the Rangers at Boston Saturday, while the Sunday lineup has Montreal at Boston, Toronto at Chicago and New York at Detroit.

Ronnie Howell Compared To Red Grange

TORONTO (CP) — Has there ever been another football runner to match Red Grange, Illinois' Galloping Ghost of the 1920s?

Carl Voyles says he has seen only one in his 30 years of coaching — Ron Howell of Hamilton Tiger-Cats. He's in a position to know, having coached them both.

Voyles was freshman coach at Illinois in 1925, Grange's greatest year. He coached Hamilton's Big Four club from 1950 to 1955 and launched Howell in the Canadian pro game.

"Grange had a fine shift and so has Howell," Voyles said during a visit here to take time off from his Florida real estate interests and watch some football.

Cardinals And San Francisco In Five-Man Trade

ST. LOUIS (AP) — St. Louis Cardinals Tuesday night traded pitcher Billy Muffett, catcher Hobie Landrith and utility infielder Ben Valenzuela to San Francisco for pitchers Ernie Broglio and Marv Grissom.

The trade, second multi-player deal engineered by the fifth-place Cardinals since Solly Hemus was named manager last week, brings a promising rookie and a 40-year-old veteran to strengthen a wobbly St. Louis mound corps.

The 23-year-old Broglio, won 17 and lost four this year in triple-A competition. The six-foot-two righthander won eight and lost one for Phoenix of the Pacific Coast League and then won nine and lost three with Toronto of the International League.

Yama Bahama Downs Bogart

SAN ANTONIO, Tex. (AP) — Yama Bahama, 10th-ranked middleweight, used a left hand flurry in the 10th and final round to knock out Jesse Bogart and end a bloody battle Tuesday night.

Bahama, far in front on points, was never in any kind of trouble but was cut over the right eye in the fourth and bled profusely from that point on. Four stitches were required.

US Team Takes Pentathlon

BERN, Switzerland. — (AP) — A United States team captured the five-nation modern pentathlon tournament Tuesday by winning the fifth and last event, the cross country race. The U. S. emerged the strong favorite to take the forthcoming world championship at Aldershot, England.

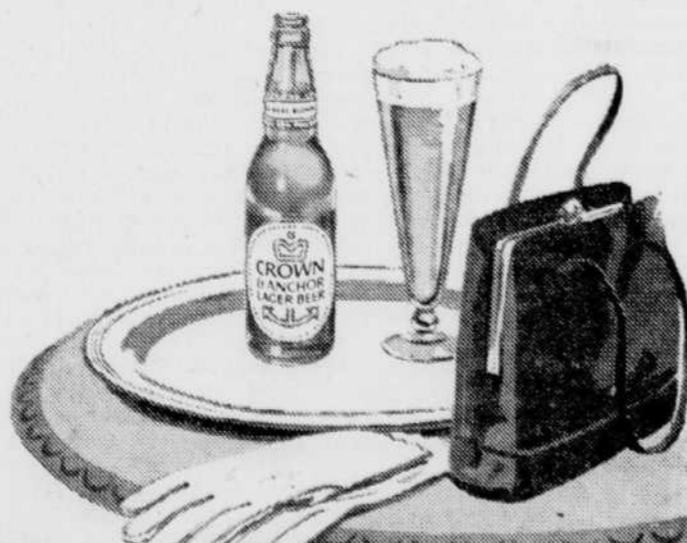

The Americans topped the teams standing with 14,563 points, followed by the No. 1 team from Switzerland (14,146), Italy (13,630), West Germany (13,562), Switzerland No. 2 (13,181), and Austria (11,552).

Toronto And British Columbia Are Busto On The Field But Tremendous Successes In The Box-Office League

By JACK SULLIVAN
Figuring football teams' performances is a hazardous occupation at the best of times. A team may be practically knocked out of the park one day and a week or so later reverse the decision.

But try to understand what makes people go to games, especially when they involve Toronto Argonauts or British Columbia Lions. This season, as in the last few years, they've been busto on the field but big box-office hits in their own stadiums.

Those two clubs, as any football fan knows, can find more ways to lose a game than any in the country. They fumble, miss assignments, have passes intercepted and show little sustained offensive power, bring in reinforcements in wholesale lots, and send their fans home game after game mumbling to themselves.

FAITHFUL FANS
But these last-place clubs—Argonauts in the Big Four with one victory in seven outings and Lions in the Western Conference with only one in the win column in 11 starts—draw the fans as if they were Grey Cup contenders.

The cash rolls in, enough to bring chuckles to Managing Director Lew Hayman of Argonauts and General Manager Herb Capozzi of the Lions, but they're a couple of sad sacks when they look at the standings.

Take the case of Argonauts, at one time known as the New York Yankees of Canada—a team that in past years was the top dog in Canadian football. Now, some of the Toronto sports writers are asking embarrassing questions, particularly concerning the ability of coach Hamp Pool.

Argonauts' lone win was a 15-14 thriller at home over Montreal Alouettes on Aug. 22 before 19,497 fans. Since then, they've lost five straight and their home-crowd figures have risen.

On Friday night, Sept. 5, against the league-leading Hamilton Tiger-Cats, 26,781 persons crowded into Varsity Stadium. There were only 30 vacant seats and the crowd figure was the largest in years with the exception of Grey Cup finals.

Their next home appearance was against Ottawa Rough Riders Sept. 20 and a crowd of 20,158 sat on their hands. It was the dulllest game of the year as both clubs blew scoring chances.

Hayman's club, with an average 22,148 Varsity Stadium attendance figure so far this year,

Stewart, Payne To Start For Rough Riders

OTTAWA (CP)—Halfback Ron Stewart and end Buddy Payne will get starting assignments when Ottawa Rough Riders meet Montreal Alouettes in a Big Four football game here Saturday.

Payne, a six-foot three, 210-pound end with the University of Carolina last year, was signed by the Riders in March but an early season elbow dislocation has kept him out of action.

Stewart, obtained from Hamilton Tiger-cats in August, was used sparingly in a game against Hamilton at Philadelphia Sept. 14. The diminutive five-foot seven, 180-pound halfback was an intercollegiate football league sensation when he was at Queen's University and is considered one of the greatest players to come out of the college league.

Coach Frank Clair also announced that Ron Quillian, the team's top fullback, will sit out Saturday's game. He will be replaced by Dave Thelen. Quillian injured his knee in Saturday's loss to Hamilton.

Tom Dublini Dropped Again

NEW YORK (AP)—New York Giants of the National Football League asked waivers on reserve quarterback Tom Dublini Tuesday, making room for rookie lineman Melwood (Buzz) Guy, formerly of Duke University.

Guy, six-foot, 2 inches, and 245 pounds, was the third draft choice of Cleveland Browns but was released shortly before the start of the season.

Dublini, formerly with Detroit Lions, played for Toronto Argonauts in 1955—the last time the Big Four club hit the playoffs.

Jack Hill Of Saskatchewan Increased Lead

WINNIPEG (CP)—Halfback Jack Hill of Saskatchewan Roughriders continues to pull slowly away from the field in the individual scoring race in the Western Interprovincial Football Union.

A nine-point performance during the weekend put Hill 16 points ahead of runner-up Charlie Shepard of Winnipeg Blue Bombers, who managed only one touchdown in two games.

Statistics compiled by The Canadian Press showed that Hill leads the pack with 78 points on nine touchdowns and 24 converts. Shepard has nine touchdowns and eight singles for his 62 points.

Place-kicking end Joe Mobra of Edmonton Eskimos moved back into third place as he hit for a touchdown, two converts and a single in Esks' lone weekend encounter. Mobra has 54 points, five better than teammate Jackie Parker and quarterback Jim Van Pelt of Bombers.

TUESDAY'S FIGHTS

San Antonio, Tex. — Yama Bahama, 153, Bahama, knocked out Jesse Bogart, 156, Monterrey, Mexico, 10.

East Chicago, Ind. — Ernest Terrell, 191, Chicago, stopped Johnny Hobart, 195, Youngstown, Ohio, 1.

Richmond, Calif. — Johnny Wills, 139, Oakland, Calif., outpointed Buddy McDonald, 141, San Francisco, 10.

makes its fourth appearance this Saturday. And it might even do okay at the gate because Hayman dropped a teaser early in the week when he said he wouldn't trade his squad of 30-odd players for the Alouette or Rough Rider teams. Fans in large numbers might be curious enough to decide that for themselves.

LIONS ROAR AT GATE

Now the Lions. Their coaches and management have, at times, taken a fearful beating from the football writers but that doesn't stop crowds from beating their way to Empire Stadium, the largest park in the country and scene of this year's Grey Cup final.

The Lions have played five home games so far this year before a total of 124,158 persons. That averages out at 24,832 a game, the best in the country, and a figure that makes other club officials drool.

Attendance figures have steadily decreased since Lions opened the season at home before 30,468 fans, the largest crowd for a league game at Empire Stadium since Aug. 27, 1956. Last Monday, when they lost their 10th straight—22-6 to Saskatchewan Roughriders—only 20,226 persons watched the proceedings.

National Soccer League Has Finally Grown Up Says Frank Thirkettle

By ERIC DOWD
TORONTO (CP)—The bad old days have gone says Frank Thirkettle, Eastern Canada's Mr. Soccer: "We've grown up."

Five years ago in his fast-growing National Soccer League, fist fights were common—on and off the field.

Temper was liable to flare at any time among the easily-excited European immigrants beginning to make up its major proportion of teams and fans.

The season ending this month makes it all a bad dream. In 140 games at Toronto's Fred Hamilton park there was only one incident that could be termed a brawl.

How was it accomplished? Says Thirkettle, secretary of the league since it was re-formed nine years ago: "We appointed stricter, more competent referees. Our discipline board meted out stiff fines, suspensions."

"But most important, the nationalities grew to respect each other. The easy-going British were a quietening influence on the more excitable Continentals. "Sure the fans still shout. But they're more interested in seeing a good game than in wanting their team to win at any price."

For Thirkettle the settling-in of the Europeans was a necessity as much as a hope. In playing ability they have dominated the league for years, since the Scots of St. Andrew's won in 1949.

Six teams go into the playoffs again Thanksgiving weekend without a British or home-bred group in sight and with the league champion Hungarians from Montreal rating likely final opponents for the sharpshooting Italians of Toronto.

The teams split into two groups for three-game playoffs in Montreal and Toronto Oct. 11, 12, 13. Double-header finals in Montreal on Saturday, Oct. 19, Toronto, Oct. 26, are expected to draw 11,000 fans.

Observers this season gave the top teams "at least English third division, perhaps second division" rating.

This despite the fact the Canadian league has no players in full-time training, although its "amateurs" earn up to \$100 a week, more than the full-time British pro.

Thirkettle says: "Even now we could field a team that would shock one or two countries. But it would hardly be fair to call it Canadian."

FEW CANADIAN-BORN
Fewer than five per cent of its current players are Canadian-born but most of the 400-odd youngsters in its four junior league's are Canadians.

Thirkettle sees the time, 10 years or so ahead, when "practically all our first-teamers will be Canadians."

"Our biggest problem is maintaining their interest against the richer sports of football and baseball."

The same problem exists at the box-office. Despite playing improvements, gates are roughly level with last season's, averaging 1,800 in Toronto, 1,200 each

in Montreal and Hamilton. Thirkettle attributes it to better publicity given other sports, in lesser degree to Continentals' volatility, which irritates, keeps away some of the more phlegmatic Britons.

Already the league has repaid \$30,000 of the \$50,000 it borrowed at season's start to buy the Fred Hamilton ground outright.

"By next season we'll have paid off the lot," says the buoyant Thirkettle.

Youngest Richard Signs Contract

SPOKANE, Wash. (AP)—Claude Richard, youngest of the famous hockey family, was assigned Tuesday to Spokane Flyers of the Western Hockey League.

Claude, 21, was assigned on a five-game trial basis by the parent Montreal Canadiens of the National Hockey League. His older brothers, Maurice and Henri, are Montreal mainstays. The Canadiens also sent Bob Duncan, a defenceman, to the Flyers.

Miami Beach, Fla.—Sonny Liston, Philadelphia, knocked out Frankie Daniels, Los Angeles, 1, heavyweights.

Holyoke, Mass.—Johnny Saxton, 151¼, Brooklyn, outpointed Barry Allison, 148, Springfield, Mass., 10.

Perry, Okla.—Danny Hodge, 192, Wichita, knocked out Maurice Green, 210, Peoria, Ill., 2.

Mr. Eric Olson has returned home from New Brunswick, where he was employed for the past six weeks.

STRICTLY SCIENTIFIC—The current hula hooping craze has reached even the hallowed halls of Ivy, where it is now recognized as just a matter of Newton's laws of motion. At Southwestern College in Memphis, Tenn., President Peyton N. Rhodes utilizes the physics he formerly taught to whirl the hoop as an unbelievably coed pauses in the background. Below is Dr. Rhodes' "explanation" of how it's done.

PHYSICS AND THE HOOP

"Actually, what is involved is the conservation of angular momentum, something that should certainly be conserved by all and sundry. It is merely necessary to exert a small, but carefully regulated impulse (the product of force X time) by allowing a hypersensitive sacroiliac to impinge on a small portion of the interior periphery of a short section of the hoop. The impulse, applied with some discretion, serves to produce a change in the angular momentum of the hoop, and if the force of this impulse is so directed that there is a small vertical component of this momentum opposing the force of gravity which acts uniformly over the plane of the hoop, then the resulting horizontal motion will be maintained with rare uniformity to the amazement of all beholders who do not realize that the whole deal is just as easy as falling off a log."

W. Hoogendyk Heads Choir Of Thetford Church

THETFORD MINES — The United Church Senior Choir held a business meeting in the church hall following practice. Rev. Lyall Simpson chaired the meeting and the minutes were read by the secretary-treasurer, Mrs. H. J. Eden, after which the financial report was given and correspondence read.

Main item on the agenda was the election of officers. The question arose whether the constitu-

tion would remain as is or whether a change was desired. It was decided that the constitution remain the same, with the exception of the election of a president and that the post of Secretary-Treasurer be separated into two offices.

The election of officers then took place with Warren Hoogendyk being unanimously elected president. Mrs. H. J. Eden, secretary and Mrs. P. Kennedy, treasurer. The remaining officers remain unchanged, with Mrs. David Scott, choir director and organist; Mrs. G. Kuyt, librarian; Mrs. W. Haddow, refreshment convener and Mrs. A. Kinnear, sick convener.

Various questions were dealt with the main item being that of providing gowns for the Junior Choir, a project of the Senior Choir, which will be further studied.

Lunch was served, the hostesses being Mrs. Pat Kennedy, Mrs. P. L. Daigneun and Miss D. Daigneun.

GENERAL NOTES
Friends of Mrs. Charles Hacker regret to learn of the death of her mother, Mrs. Strawn, of Welland, Ont. Mr. and Mrs. Hacker and daughter, Phyllis, motored there to attend the funeral.

man! was my face red!

"Today I cracked my engine block. The boss has been meaning to take me into the BP station to get me winterized and my radiator filled with BP Antigel — But he's been putting it off time after time for one silly reason or another — And then, today, Old Man Winter really zeroed in—froze my system solid and 'zing' went my engine block and radiator. Take my advice, don't put it off — Get down to your BP service station now and get your winter supply of BP Antigel and BP Visco-Static Oil and BP Energrease. Those boys at the station really know how to fix a car for real low down zero driving."

District Rebekahs Meet At Sutton

SUTTON. — The 45th Annual District meeting of Rebekah Lodges of District No. 2 was held in the auditorium of the High School with Sister Bernice Russell, District Deputy President, in charge.

The hall was decorated with baskets of flowers and low bowls of bloom adorned the banquet table where visitors and members were served from 5.30 to 8 p.m.

KINNEAR'S MILLS —

Mr. and Mrs. Leslie King, of Thetford Mines, were guests of Mr. and Mrs. A. A. Frizzell.

Mr. and Mrs. Fred McElravy and sons, Barre and Verel, accompanied Mrs. John Davidson and daughter Iona and Mr. Irvine Maxwell to Rock Island recently, for the baptism of the infant son of Mr. and Mrs. F. McElravy. He received the names Verel Elwood.

Mr. and Mrs. H. S. Robinson and family of Thetford Mines were recent guests at the "Eager" home.

Mr. and Mrs. Alfred Crawford and sons of Thetford Mines were recent guests of the latter's parents, Mr. and Mrs. Wilbert Wallace.

Mrs. James Crawford, of Lennoxville, was a recent guest at the home of Mr. and Mrs. Lyman Morrison.

Miss Viola Nugent has accepted a position in Sherbrooke.

The opening ceremony was put on by the officers of Golden Rule, with Sister Hilda Arnett, Noble Grand. The introductions of Assembly, Grand Lodge, Grand Encampment officers and Past Presidents were made by Sister Helen Bresse, P.N.G., Sister Helen Cooke, P.N.G., and Sister Dorothy Stetson, P.N.G.

The address of welcome was given by Sister Myrtle Hill, Past President, and the response by Sister Florence Sanborn, P.D., D.P., of Colfax, Knowlton.

The minutes were read by Sister Verona Williams, P.P., of Yamaska, Farnham. A silver collection, taken for the Home Fund, the presidents project for the year, amounted to \$33.81.

Reports of six lodges were given, showing good work done by each lodge. Beautiful floor work was put on by the district lodges: Exemplification of the Pink and Green by Riverside, Granby; drill by Yamaska, Farnham; draping the charter, by Victoria, Waterloo; emphasizing the three C's, by Prosperity, Cowansville and tableaux by Colfax, Knowlton.

The President's Song, "The Edith Kathon Home," was sung and a solo, "My Task," was rendered by Sister Mary Downer, of Prosperity, accompanied at the piano by Sister Belva Crowell, of Yamaska. A humorous reading by Sister Lillian Mayhew, of Yamaska, was enjoyed.

Remarks were made by Sister Pearle Windle, Assembly President. As this was Sister Windle's official visit to Golden Rule, she was presented with a gift by Sister Myrtle Hill, P.P.; Sister Windle and Sister Russell each presented with a bouquet of yellow roses from members of Yamaska.

Other guest speakers were: Sister Edith English, Assembly Warden, of the Quebec Assembly; Sister Beulah Whitcher, Assembly Conductor; Sister Edith Bracey, Assembly Chaplain; Sister Jennie Helm, of District No.

Border Friends Shower Popular Bride - To - Be

ROCK ISLAND — Miss Alice Middleton, of Stanstead, an October bride-to-be, was the honored guest at a shower held at the parental home of Miss Elizabeth Hatch and attended by the staff of the Frontier Swim Project, of which Miss Middleton has been head instructor of the past few years.

Miss Middleton was preparing to attend a shower for a friend, when, in response to a knock at the door, she was blindfolded by Mrs. Jackie Hospes, Misses Diane Farley and Elizabeth Hatch, and taken for a drive. This gave her mother, Mrs. Richard Middleton, and sisters a chance to go to the Hatch home.

On arrival, Miss Middleton, was amazed to see her family, and other friends. Escorted to a chair decorated in white and pink, she was presented with a corgage of kitchen gadgets by Mrs. Hospes.

On a table at her side were the attractively wrapped gifts, which were opened by Miss Middleton, assisted by Diane and Elizabeth. The parcels contained a nice variety of gifts for her new home. In a few words, the bride-elect voiced her appreciation.

Several amusing games were played. Later refreshments were served, including a three tiered shower cake, made by Mrs. E. Farley and decorated by Diane and Elizabeth in white, pink and silver and topped with rose buds.

Guests present were from Stanstead, Beebe Plain, Derby Line and Rock Island.

SUTTON —

Mrs. Malcolm Crittenden has returned from the Sweetsburg Hospital and is spending some time with her daughter, Sherry, at the home of her parents, Mr. and Mrs. O. H. Baker.

AT 45TH ANNUAL GATHERING — Rebekah officials are seen above at the 45th annual meeting District No. 2 lodges, held at Sutton. From the left, they are: Sister Hilda Arnet, Noble Grand, Sister Bernice Russell, District Deputy President, and Sister Connie Sherrer, Vice-Grand.

Also heard were Bro. Allan Riddick, P.P.; Sister Vincent, P.D.D.P.; and Sister Verona Williams, P.P.; Sister Myrtle Hill, P.P.; Sister Myrtle Plummer, Grand Warden, Grand Lodge, and Bro. Sam Windle District Deputy Grand Master District No. 10.

Hugh Anderson, Quebec Grand Representative, Bro. Harold Josephine Reid, P.N.G., and to Sister Russell by Sister Hilda Arnett, N.G., Sister Nell, of Riverside Lodge, invited the lodges to hold the District Meeting in Granby next year.

Farnham Board Of Trade Organizing Homecraft And Handicraft Exhibition

FARNHAM — The Farnham Board of Trade has organized a Homecraft and Handicraft Exhibition, which will be held October 23, 24, 25 and 26 in the Drill Hall at the Military Camp.

Industrial and commercial exhibitions held in 1956 and 1957 by the Board proved most successful and nearly 20,000 people visited the displays, whose purpose was to acquaint citizens with the various products manufactured in Farnham and give retail merchants a chance to show the variety of goods they offer.

This year the Board decided to hold the Homecraft and Handicraft Exhibition for the benefit of those now practising these arts. The necessary space to exhibit their work will be provided exhibitors free of charge.

There are already 30 entries. The Cinephotography Bureau of the Province of Quebec will present color sound films of the province and also an exhibit of color scenes of Farnham and region. The Provincial Tourist Bureau will have one of its largest displays on view for the first time in this district.

The Minister of Trade and Commerce, the Hon. P. Beaulieu, through the Hon. J. J. Bertrand,

NEW STATION WAGON — Shown is American Motors new 1959 Rambler American station wagon, a 100-inch wheelbase utility vehicle. The five-passenger, two-door model also is available in a sedan series. Numerous benefits are built into the Rambler American line, including operating economy, handling ease, ease of parking and outstanding maneuverability. The Rambler American is powered by a six-cylinder engine developing 90 horsepower on regular grade gasoline.

Minister of Lands and Forests, has given a grant to help finance the exhibition.

A few booths are still available and those interested in these crafts, who have not yet sent in their entries, should call the secretary, Armand Couillard, telephone AXIOME 3-6891, 99 Jacques Cartier Street.

The Board president, J. W. Lamoureux, and its two vice-presidents, O. C. Blair and Albert Faucher, are in charge of organizing the exhibition, while Mr. Couillard will look after the general administration.

PUBLIC LIBRARY REPORT

Following is a progress report on the work which has been done toward establishment of a public library in Farnham.

During the summer months, volunteers continued their efforts to prepare the large room provided by the City Council; it was cleaned and painted a soft shade of green. The bookshelves were constructed under contract, but painted by volunteers; a new linoleum floor donated by a local manufacturer was laid by Forgues and Fils, and the neutral tones of buff and brown blend with the shrimp-colored bookshelves and green walls.

Chairs and tables were renovated and painted and the drapes from material donated by Bruck Silk Mills will shortly be on the

windows. Altogether, the result of a few hours' work has provided a most attractive setting for the new library, which should prove to be a fine center of cultural interest for citizens of all ages.

The past two weeks have found the directors busy collecting books to stock the shelves. The response of the public has been magnificent and a wide variety of reading material has been donated.

The collection is continuing and arrangements have been made to have the library open on Friday evenings and Saturday afternoons to receive books. If it is not possible for a would-be contributor to make the delivery in person, a phone call to either Mrs. Wallace at AX-3-5533, or Mrs. Leslie, at AX-3-4495, will bring a car to pick them up.

It is hoped that enough books will be received during the following two weeks that the classification and indexing may be started. This is a time-consuming job, but several volunteer workers should expedite the work. It appears now that the Farnham Public Library will be available to the public for winter reading.

McCONNELL —

Mr. and Mrs. G. D'Angio who were guests of Mrs. D'Angio's parents, Mr. and Mrs. Fred Brooks have returned to Montreal.

Social Evening Benefits W. A. Of Creek Church

FOSTER — Mr. and Mrs. B. Osgood entertained a large number at their home for the benefit of the Women's Association of the Creek United Church.

During the evening Pirate Bingo was played, the prizes, which were donated by the members, changing hands several times during the game.

Lunch was served by the members and the hostess was assisted by her daughter, Mrs. Gordon Sheppard.

Among those from out of town were Mrs. Lena Lowry, of Waterloo, Mrs. Kenneth Baker, of Bennington, Vt., Miss Mary Reynolds and Mr. C. Croteau of Granby, and Miss Shirley Chute, of Hatley.

PINK AND BLUE SHOWER

A delightful "pink and blue" shower was held in the church parlors by the Women's Association of the Creek United Church, when one of its members, Mrs. Malcolm McPherson, was guest of honor.

Mrs. McPherson, who was taken completely by surprise, arrived with other members of her family for what she expected was a regular social evening at the church, where she found many relatives and friends had gathered. Miss Irene McLaughlin conducted the guest of honor to the heavily laden table and presented her with the various gifts.

Mrs. McPherson was assisted by her mother, Mrs. Wesley Leavitt, of Knowlton, and her mother-in-law, Mrs. Miles McPherson, in opening the dainty parcels. Pink and blue streamers were used to decorate the room and several baskets of fall flowers completed the setting.

Mrs. McPherson thanked each and everyone for their gifts and the officers and members of the Association for their hospitality in sponsoring the event.

A buffet lunch brought a pleasant evening to a close.

WRIGLEY'S SPEARMINT CHEWING GUM

The Doctor Says

Edwin P. Jordan, M.D.

B-12 IS NEW VITAMIN HELPING TO FIGHT PERNICIOUS ANEMIA

It is almost impossible to keep up with the growth of knowledge about vitamins. For one thing, new ones keep being discovered. Among the relatively new ones is vitamin B - 12. This vitamin is essential for the normal action of blood formation by the bone marrow and for the health of the nervous system.

So far one of the important uses of vitamin B - 12 seems to be for pernicious anemia. This is the form of anemia which 40 years ago was almost always fatal in the long run, but which for many years has been successfully treated in most cases with liver preparations.

Now vitamin B - 12 (which, thanks to our scientists, is now available in pure crystalline form) seems to be helpful in some advanced cases with nerve changes which previously resisted any known form of treatment.

Several years ago there was a great deal of interest in the possibility that vitamin B - 12 might stimulate growth. It was actually tried on a number of children who had not grown normally and some of them appeared to speed up.

However, so far as I am aware, it is not now thought that vitamin B - 12 plays any important part in this respect and is not recommended for such purposes.

Actually, it appears that the deficiency of vitamin B - 12 rarely exists unless there is some associated trouble with the stomach or digestive tract elsewhere. This is probably because such disturbances interfere with absorption of the vitamin.

However, large quantities of vitamin B - 12 taken by mouth will usually result in enough absorption and it is probably in some such manner that vitamin B - 12 works favorably in pernicious anemia.

This vitamin is unusual in another respect. It contains a metal known as cobalt which is found almost exclusively in animal foods. It can be obtained commercially from the growth of certain bacteria. Cud - chewing animals obtain the vitamin from bacteria which they have constantly in the "fore" stomach.

Three Villages Happenings

Mr. and Mrs. John J. Shipway have returned to their home in Stanstead after spending the past three weeks visiting their son-in-law and daughter, Mr. and Mrs. E. C. Farrant and family in Fort William, Ont., and with Mrs. Shipway's sister, Miss Florence Eves, in Ottawa.

Mr. and Mrs. Lyle Thompson, Bobby and Jimmy, and Mrs. Rose Thompson, all of Ayer's Cliff, were recent visitors at the home of Mrs. Lillie Robinson and Mrs. Elsie Standish, and called on Mr. and Mrs. Rudy Miller, in West Park.

Mrs. Pearl Williamson, Beebe, spent a few days at the home of her brother-in-law and sister, Mr. and Mrs. Bert Chamberlain, Rock Island. Mrs. Chamberlain and Mrs. Williamson are leaving shortly for West Palm Beach, Florida, where they will be guests of Mrs. Chamberlain's daughter, Mrs. Bernard Dewey, Mr. Dewey, and family for an indefinite time.

Mrs. Rudy Miller and her mother, Mrs. Elsie Standish, Rock Island, were in Sherbrooke where they visited Mr. and Mrs. Lorne Logan, who had both been patients in the Sherbrooke hospital.

Mr. and Mrs. William Comstock and family, Mrs. Rudy Miller and Penny, of Rock Island, recently enjoyed a motor trip to the Green Mountains of Vermont.

Mr. and Mrs. Oscar Davis, Fulford, recently called at the home of his brother, Mr. W. H. Davis, and Mrs. Davis, Rock Island.

Mr. and Mrs. Ronald Nourse, Allen and Nancy, of Rock Island, spent the weekend with Mrs. Nourse's parents, Mr. and Mrs. Ernest Dempsey, Sawyerville. They were accompanied by Miss Lois Gilbert, who spent the weekend at her parental home, and by Miss Mildred Waldron, who was a tea guest at the Nourse home.

Miss Evelyn Ritchie, of Sherbrooke, spent the weekend at the home of her brother-in-law and sister, Mr. and Mrs. Cyril Crawford, and family, Rock Island.

Thousands Of Motorists Happy To Be 'Tagged'

"It's a pleasure—when the tag is green" explained one of the motorists. That means that "Prestone" Brand Anti-Freeze has been put in the cooling system of my car. And, of course, everyone knows what that means... complete and positive protection all winter long against frost, rust, corrosion, foaming and clogging.

Join the happy thousands of motorists who are enjoying the complete and lasting protection that only "Prestone" Brand Anti-Freeze with its exclusive magnetic film can give. But make sure your car is tagged with the distinctive Green Tag... assurance that your radiator has been filled with "Prestone" Brand Anti-Freeze.

Homemakers to Be Judged Individually, Not En Masse

"I'm sick and tired," writes a working wife, "of having the 'average' working wife compared with the 'average' stay-at-home housewife.

"Just who is this average representative of each group?"

"I know there are working wives who neglect their children, because they aren't good managers and planners.

"But looking around my neighborhood I can see wives who don't earn a nickel neglecting their families for sorority meetings, club meetings, morning coffee klatches, afternoon bridge sessions and so on.

"Is a child more neglected because his mama is earning a pay check than because she is out playing bridge?"

"On the other hand I know plenty of working wives like myself who have the energy and the family cooperation and the know-how to combine a career with running a home. It can be done and a lot of women are doing it,

Excerpts From National CAC Annual Meeting

The Canadian Association of Consumers 11th National annual meeting was held in Montreal recently. A brief summary of the very interesting reports from Committee Chairmen and of the progress made since last year is submitted.

FOOD COMMITTEE

In cereal products general attention has been called to the availability in Canada of whole wheat and soy products for use in nutrition; it has been learned that as more of these products are demanded by the consumer they will be made available.

DAIRY PRODUCTS

The question of pasteurization of fluid milk has been followed closely. While compulsory pasteurization is not yet accomplished throughout Canada, tremendous progress has been made. It was reported that in the Province of Quebec 8 per cent of the milk consumed is pasteurized. The Quebec division of CAC has emphasized sanitary services, economies in distribution, and the maintenance of the lowest possible price to the consumer, consistent with quality.

MEAT

Early in 1958 the Government of Canada passed new regulations regarding the branding and grading of beef. The Quebec report emphasized that adequate compulsory inspection is in effect in the larger centres. Similar information was received from other parts of Canada, although further effort is needed to generally improve the inspection of meat.

BACON GRADING

Test marketing of top grade bacon is being done by some packers, with better visual packaging to allow consumer evaluation of the package content. As a result, the packers will be able to evaluate consumer acceptance of the higher quality product with

attendant higher price.

FISH

In the marketing of fish, problems on the quality, availability, and packaging have been studied and it was reported that contacts had been made with the Federal Department of Fisheries and associated agencies concerning various problems. It is suggested that consumer complaints should be referred to the Inspection Service of the Department of Fisheries.

FRUITS AND VEGETABLES

Consumer acceptance of canned fruits and vegetables is dependent largely upon quality and emphasis is placed on the product, value of labels showing grades, quantity in weight and ingredients. Saskatchewan CAC is working on the complaint that there is too much salt in packaged soups, canned soups and canned meat. It is hoped that this will be investigated on a national scale.

EGGS

Several CAC branches, most notably Ontario, have been working on having eggs refrigerated because they may change from Grade A to Grade B if left at room temperature for 24 hours.

TEXTILES

The textile committee has received a great number of consumer complaints and worthwhile comments. Several items which came as resolutions from the Annual Meeting in September, 1957, were referred to the National Association Women's Wear Bureau of Montreal, as well as to the attention of the Canadian Retail Federation, Toronto.

CAC committees have been working to achieve Standard Sizing in the garment industries, and some progress had been made in this direction. Another subject of investigation has been the use of unsanitary wadding used in children's clothing, quilts, etc.

TOY TESTING

Six thousand Canadians bought the first TOY BUYING GUIDE produced in North America — indicating the usefulness of the GUIDE itself and the service rendered by the TOY TESTING COMMITTEE. The results of this testing will appear in the third edition of WHAT'S WHAT FOR CHILDREN (A consumer's Guide to children's cultural and educational materials) slated to come off the press in November.

Marriages

DUSTIN - TICEHURST

TOMIFOBIA — A pretty wedding took place in the Tomifobia United Church at eight o'clock, Saturday evening, October 4th, when Faye Ruth, twin daughter of Mr. and Mrs. Leslie Ticehurst, Tomifobia, Que., became the bride of Wynn O. Dustin, son of Mr. and Mrs. Thomas Dustin, Ayer's Cliff. Rev. A. M. Rose officiated at the double ring ceremony. Mrs. Alice Cox played the wedding music. Autumn leaves and baskets of gladioli were used to decorate.

The bride was given in marriage by her father, and wore a navy blue gabardine suit, a blue velvet hat, pink accessories and a corsage of pink carnations.

Miss Donna Embury, as maid of honor, was in a pink wool suit flecked with charcoal, a Dior blue velvet hat and accessories and a corsage of white carnations.

Mr. Weldon Dustin was best man for the groom and the ushers were Mr. Erwin Taylor, cousin of the bride, and Mr. Delvin Dustin, cousin of the groom.

Mrs. Ticehurst, the bride's mother, wore a suit of light blue wool, a white velvet petal hat and accessories and a corsage of white carnations.

The reception was held in St. George's Parish hall in Ayer's Cliff and was attended by about 250 relatives and friends of the couple. For the occasion the hall was beautifully decorated with autumn leaves, white wedding bells and white and yellow garlands. Music for dancing was played by Call's orchestra.

The bride's table was arranged with a white linen cover and centered with the three tier wedding cake and a bride's cake, both made by Miss Ruth Wing, aunt of the bride, and decorated in white floral design, the wedding cake topped with a miniature bride and groom. Autumn flowers also adorned the table.

Later, Mr. and Mrs. Dustin left by motor for their honeymoon trip and on their return they will reside at Boynton, Que.

The guest book was in charge of Mrs. Willard Knights, of Waterford, Vt., a cousin of the groom. Guests attended from Thompsonville, Conn., North Hatley, Waterford, Vt., Derby Line, Vt., Windsor Mills, Rock Island, Tomifobia, Stanstead, Massachusetts, Ayer's Cliff, Waterville, Coaticook, Boston, Mass., and Ontario.

Apples Dress Up Dull Meals

An apple a day keeps the dol-drumms away.

Nothing edible excels the apple in versatility. It's delicious raw, in sauce and salads, in cobblers, dumplings and fritters; and apple pie is short for everyone's favorite dessert.

Here's an exciting taste adventure — ham steak stuffed with a mixture of diced fresh apples, chopped celery and chopped onion. The salty ham tang blends delightfully with the tart sweetness of the fresh apples.

There's never a dull meal when this cheery, juicy fruit contributes its lively looks and taste — especially after it's had a session in the oven. What's more irresistible than the fragrance and flavor of hot, fresh cooked apples?

The apple is one of the rare foods that bakes up deliciously in both main dishes and desserts. How happily, for instance, apples combine with ham in such marvelous main dishes as ham steak stuffed with diced apples or — since turnabout is clever fare play — apples stuffed with diced ham. Either way, baking mingles the salty ham tang with apple tart sweetness to create an exhilarating taste adventure.

If you're looking for desserts that satisfy the sweet tooth without upping the calorie count, try cinnamon-spiced baked apples in casserole, or baked apple pudding with fresh lemon sauce — and look no further because the family will clamor for repeats on these.

It's reassuring for the homemaker conscious of her family's health to know that apples are highly recommended by the dentist as an excellent cleanser of teeth when eaten raw, and physicians recommend them as part of a well balanced diet.

Here are some apple recipe suggestions from the United Fresh Fruit and Vegetable Association in salute to this year's bumper apple crop.

2 tablespoons butter of margarine, 2 cups toasted bread cubes (croutons), 1/4 teaspoon salt, 1-16 teaspoon ground black pepper, 1/4 teaspoon poultry seasoning, 2 tablespoons water, 1 cup finely diced apples, 2 ham steaks, 1/2-inch thick, 2 tablespoons fresh orange juice, 1 tablespoon melted butter or margarine.

Saute onion and celery in butter or margarine. Add toasted bread cubes, salt, black pepper and poultry seasoning. Mix well. Blend in water and apples. Slash the fat around the ham steaks to prevent curling and place one in a greased baking pan. Top with apple stuffing, over which place the remaining ham steak. Stud with a few whole cloves if desired. Bake in a preheated moderate oven (350 degrees F.) 1 hour and 20 minutes or until done. Baste with fresh orange juice mixed with melted butter of margarine 2 to 3 times. Garnish with baked apple rings, if desired. YIELD: 6 servings.

MANNERS MAKE FRIENDS

Busy Youngster Unlikely To Be A Delinquent

PETERBOROUGH, Ont. (CP) — Youngsters who have paper routes, wash dishes or carry out garbage and do other household chores are unlikely to become juvenile delinquents, says Mrs. M. J. Shadgett, mother of three and Peterborough's only police matron.

In nine years of dealing with crime, mental illness and insolent teen-agers, Mrs. Shadgett has decided:

"Lack of discipline is the basis for most family problems. Parents who take the least resistance when youngsters are small can blame themselves when troubles arise.

"Complete self-expression as advocated a few years ago has taken a disastrous toll on the morality of today's youngsters."

She says a busy youngster is less likely to get into trouble. "A job around the home creates a sense of contribution and helps a child to happy healthy adjustment," she said.

"Religion can be a vital unifying factor. It's true that the family that prays together stays together. The church is a good place for young people to meet. Pick-ups in the street are never without risk."

And about her own job: "A policewoman must be sympathetic, not superior; understanding, not scolding; she must never give up trying to help."

Mrs. Shadgett was trained for her job from childhood. Her mother was Kingston's first police matron more than 40 years ago. Both are members of the Salvation Army.

Eric French Is Guest Speaker At Cookshire W. I.

LEARNED PLAIN — A talk by Eric French, winner of the Public Speaking Contest sponsored by the Odd Fellows and the Rebekahs of District No. 3, last spring, was the highlight of the October meeting of the Cookshire W. I., at the home of Miss K. Learned in Learned Plain.

Eric gave a vivid description of his trip to the United Nations Assembly in New York, with boys and girls from many other districts. He described the sessions, and told interesting anecdotes of the people from various nations with whom he came in contact. He also spoke of their sightseeing tours.

The meeting opened with the president Mrs. R. B. Learned presiding, and the minutes were read by Mrs. J. W. French, secretary pro tem. Mrs. French read an appropriate poem in memory of the late Mrs. E. C. James, and two minutes silence was observed. Instead of sending flowers to her family, it was voted a financial contribution be sent to the W.M.S. a society in which Mrs. James was deeply interested.

Mrs. Cassidy read the treasurer's report and reports of standing committees were given. Mrs. R. G. Hodge explained the pollution of plants by insects and she announced that Mrs. Alden Learned had won the raffish quilt donated by Miss Georgie Learned.

Mrs. A. W. Darker gave a resume of citizenship literature she had received.

The Publicity Convener, Mrs. Heatherington, gave a resume of letters received from Mrs. Glenna Taylor, Q.W.I.'s Provincial Convener of Publicity. She also spoke of the newly-formed Compton County Historical Society and stated that the next meeting would be on Tuesday, October 14th, in the Bury Hall.

The next meeting will be at Mrs. Scowen's.

Following adjournment, refreshments were served by the hostesses, Miss K. Learned, Mrs. S. McVetty and Mrs. R. G. Hodge.

COOKSHIRE —

Recent guests of Dr. S. J. Bennett and Mrs. Dickson were Mr. and Mrs. George H. Dickson, of Vineland Station, Ont., Mrs. F. R. Dickson and friend, of Concord, Vt.

Dr. S. J. Bennett and Mrs. Ruth Dickson, accompanied by Mr. and Mrs. J. Cruickshank and daughter, Ann, of Inverness, attended the marriage of Miss Karen Dickson, in Point Claire.

Mr. Kenneth Goff, of Ottawa, was a week-end guest of his parents, Mr. and Mrs. A. H. Goff. Friends of Mr. A. H. Goff will regret to learn he is entering the Sherbrooke Hospital to undergo surgery.

Week-end guests of Mr. and Mrs. Earl Parker were Mr. Douglas Parker, of Montreal, and Mr. and Mrs. Stanley Parker of St. Therese.

Recent guests at the home of Mr. and Mrs. O. C. Farnsworth were Mr. and Mrs. L. W. Averill, of Sacramento Calif., Mr. and Mrs. F. W. Flechtner, of Ridgewood, N.J., Mr. and Mrs. E. Hunsnett, of Miami, Fla., Mr. and Mrs. J. F. Butterworth and daughter, Susan, of Stanstead, Mrs. J. D. McFadyen, of Lennoxville, the Misses Mary and Clara Farnsworth of Lennoxville and Mr. and Mrs. Volney Hurley, of Sawyerville.

Mr. and Mrs. James Sutherland, of St. Albans, Vt., were recent guests of Mr. and Mrs. A. W. Standish.

Women's Group Of St. James Church, Bedford, Plan For Social Evening

BEDFORD — The opening meeting of the Church Women's Year of St. James Church for the fall was held in the church hall, with the president, Mrs. Bruce Kirwin, opening the meeting with prayer, after which the minutes were read by the secretary, Mrs. Eric Kemp. The treasurer's report, read by Mrs. G. Harland, showed a satisfactory balance.

It was decided that at the next meeting to be held in the church hall on Wednesday evening, October 15th, will be a social evening, to which all parishioners are invited. The entertainment for the evening will be a play, "The Family Album", and those taking part are Mrs. John Ewing, Mrs. Grisdale Gould, Mrs. W. J. White and Mrs. Richard Craighead. Refreshments will be served at the conclusion of the evening. Mrs. Harry Jones and Mrs. Richard W. Craighead, member of the entertainment committee, are training the members of the cast, and looking after arrangements for the evening.

There was an excellent attendance at the meeting 26 being present. Following the business meeting, refreshments were served by the hostesses, Mrs. John Ewing, Mrs. Richard W. Craighead and Mrs. Corey.
