

PUBLICATION OF THE BIBLE.

Three Hundredth Anniversary Celebrated in New York.

MESSAGES FROM KING GEORGE AND PRESIDENT TAFT.

New York, April 26.—Letters from King George of England and President Taft were read at Carnegie Hall last night at a notable gathering in celebration of the three hundredth anniversary of the publication of the King James version of the English Bible.

The Rt. Rev. David H. Greer, bishop of the Episcopal diocese of New York, presided at the meeting, and every seat and box in the vast auditorium was filled. The ceremony was held under the auspices of the American Bible Society, and the demand for tickets was almost without precedent in the history of Carnegie Hall.

The audience, led by a choir of a hundred voices, sang "How Firm a Foundation," James Wood, of the Society of Friends, read the Scripture from a first edition of the King James version, printed in 1611.

KING GEORGE'S MESSAGE.

King George's message was read by Ambassador Bryce at follows: "I rejoice that America and England should join in commemorating the publication, three hundred years ago, of that version of the Holy Scriptures which has so long held its own among English-speaking peoples."

"Its circulation in our homes has done more perhaps than anything else on earth to promote among old and young the moral and religious welfare on either side of the Atlantic."

"The version which bears King James' name is so clearly interwoven in the history of British and American life that it is right we should thank God for it together."

"I congratulate the President and people of the United States upon their share in this, our common heritage."

FREE LIST BILL BEFORE HOUSE.

Representative Mann Makes a Strong Speech Against Measure

PUTS PREMIUM ON FOREIGN LABOR AND PERMITS OF DUMPING.

Washington, D. C., April 26.—The Democratic free list bill, characterized by the Republicans on the Ways and Means Committee as "political soothing syrup," was roughly handled in the House of Representatives yesterday afternoon by its political enemies on the Republican side.

Mr. Underwood, Democratic chairman of the Ways and Means Committee, introduced it in the House in an hour's speech, shortly after the session convened at noon. Then it was left to the mercies of Representative Mann, of Illinois, leader of the Republican side; and the things Mr. Mann said about it in the two hours he held the floor gave both sides of the House food for much debate, and occasion for much comment and criticism.

Mr. Mann declared that the free list bill, introduced by the Democrats as the first of their tariff measures, was drawn inaccurately, indefinitely, and with such general language that it might be stretched to include almost half of the imports on which the United States now collects tariff revenues.

The free list bill puts agricultural implements "of any kind and description" on the free list. Mr. Mann expressed the belief that this could be stretched to include the free entry of saws, axes, forks, garden hoes, hay knives, and almost everything else that a tiller of the soil ever uses.

He said the bill was so drawn that it would admit free the leather from which the farmer's shoes were made, but would exclude that from which his wife's shoes were made. It put a premium on foreign labor, he said, by permitting these special kinds of leather to come in free when they were partly made up.

In putting agricultural implements on the free list, said Mr. Mann, the Democrats would let the International Harvester Company dump into the United States the implements it made with foreign labor in its factories in France, Russia, Germany and Canada.

"These products will be sold here," he said, "not at lower prices, but at the same price, and yet the result would be that they would be made by foreign labor."

The free list bill admits free farm wagons and farm carts. Chairman Underwood and other Democrats did not attempt a reply yesterday afternoon to the general attack made upon the bill by minority leader Mann.

The free list bill for several days to come will hold the centre of the legislative stage. Chairman Underwood, in explaining the proposed measure, acknowledged that it would mean a reduction in Government revenue by at least \$10,000,000 a year, but declared that this would be more than met by Government economies. He announced that this was only the beginning of the Democratic revision of the tariff.

"We propose to revise the tariff, schedule by schedule," said Mr. Underwood.

The minority report on the free list bill, signed by all of the Republicans on the Ways and Means Committee, declares that the measure represents "a transparent attempt at the manufacture of political capital."

The Republican report asserts that Congress was called together specifically to pass the Canadian reciprocity bill.

WORK AT FARNHAM MILITARY CAMP.

Estimated That Militia Department Will Spend \$70,000.

CANADIAN PACIFIC RAILWAY CO. LAYING TRACKS TO CAMP GROUNDS.

A large sum of money is being laid out in repairs this year which, it is said, will cost in the neighborhood of \$70,000. The C. P. INQUIRY INTO PRINTING BUREAU.

Motion by Opposition for Commission Was Defeated.

SECRETARY OF STATE SAYS SUFFICIENT INQUIRY HAS BEEN MADE.

Ottawa, April 26.—After an all-day debate which extended to an early hour, a motion by W. B. Northup, calling for a rigid investigation of the printing bureau, was defeated. The attack of the Opposition met with a warm defence by Hon. Charles Murphy, secretary of state, who claimed that his inquiry into the bureau was all that anyone could possibly wish for.

Those who took part in the debate on the Opposition side were Messrs. Northup, Crothers, Porter, Edwards and Taylor (New Westminster). Mr. Borden, who rose at 1.30 a.m. asked what harm could a Royal Commission do. What detriment to the interests of the country?

The answer of Mr. Murphy to the demand for investigation yesterday was:

"There was nothing to investigate." That was the excuse of Sir Wilfrid Laurier in 1909 and again in 1910 when similar requests were made by the Opposition.

Sir Wilfrid Laurier denied the Royal Commission on the ground that sufficient inquiry had already been made into the bureau.

The division was taken at 2 a.m., and resulted in the defeat of the amendment by 92 to 55.

ACTION TO SET ASIDE A CONTRACT.

Hatley Light Co Claim Plant Does Not Fill Requirements.

DEFENDANT CONTENDS PLANT WAS NOT INSTALLED ACCORDING TO DIRECTIONS.

Evidence is being heard in the Superior Court before Mr. Justice Hutchinson in the case of the Hatley Dairy, Light & Power Co. vs. the Canadian Produce and Gas Engine Co. of Barrie, Ont.

In the spring of 1910 the plaintiff purchased from the defendant a power plant consisting of an engine and a producer gas machine. The plaintiff claims that the plant did not fulfill the requirements of the contract, and the action is brought to set aside the sale and recover damages to the amount of \$3,000.

The defendant contends that the plant was fully tested before leaving the factory, and was fully up to the contract requirements. It is further contended that if the plant did not give satisfaction it was owing to the manner in which it was installed, and also, that it was not installed in accordance with the instructions given by defendant.

ACTION FOR RECOVERY OF FIXTURES.

A case of some interest is down for hearing to-day in the Superior Court. The parties are O. Richard et al. from Winslow, against A. Bureau, of Lingwick. The action is for recovery of certain fixtures of a store. The value of the same is placed at \$329.

The store in question was occupied at one time by the defendant, who sold the goods and fixtures to the plaintiff. Some time later defendant bought the goods back again, and it is alleged no mention was made of the fixtures, but when the goods were removed the defendant took them away.

The plaintiff by his action now seeks to recover the same.

FIRST AID TO THE INJURED

BRANCH OF ST. JOHNS AMBULANCE ASSOCIATION FORMED AT FARNHAM.

Farnham, April 26.—(Special)—A meeting was held in the I. O. O. F. Hall last evening for the purpose of organizing a local branch of the St. Johns Ambulance Association, which has to do with giving instructions in first aid to the injured, for the benefit of C. P. R. employees and others.

There were about 150 present, including C. P. R. officials and employees, also Mayor D'Artois and several members of the Town Council, who had been invited to attend, also Drs. Slack, McCorkill, Demers and others.

The chair was occupied by Mr. J. K. McNeill, Superintendent, who spoke briefly, outlining the objects of the Association and introducing the speaker of the evening, Mr. M. A. Gidlow, who has charge of the organization, and general supervision of the work over the entire C. P. R. system.

Mr. Gidlow spoke for about an hour, dealing with various ways in which first aid to the injured was a boon to humanity and outlining the manner in which the art is taught.

He laid special stress on the fact that this instruction was not intended to interfere with the usefulness of the medical profession, but was to teach people what they should do and what they should not do in order to assist the injured and avoid complications until a doctor could be procured.

At the close of the lecture, Mr. Gidlow gave several practical demonstrations of how bandages should be applied in case of broken bones, cuts, bruises, etc., the most interesting of which was, making a splint for a broken arm out of a newspaper, which was the only material available.

Mayor D'Artois and Dr. Slack were called upon and expressed their entire sympathy with and appreciation of the movement. It was announced that Dr. Slack would act as instructor and Dr. Demers as examiner for the first aid classes.

There were about fifty members enrolled at the close of the meeting and the classes will be started as soon as possible.

NO ANNEXATION, SAYS DR. PARMELEE.

PEOPLE STILL CHERISH LOVE OF BRITISH INSTITUTIONS.

London, April 26.—Dr. Parmelee, of the Provincial Education Department at Quebec, who is in England attending the Imperial Educational Conference in London, spoke at a banquet of educationalists, and said that those who thought Canada would some day become an independent nation or part of the neighboring Republic read the lessons of history very unintelligently.

The people who colonized the United States left England deliberately to carve out a future in a different way from England, but Canadians who had not left England to escape from grievances had carried their loyalty across the water. During recent years half a million had entered Canada, but they would still cherish their love of British institutions.

NOT SATISFIED WITH ROAD ROLLER.

North Hatley, April 26.—(Special)—There is much dissatisfaction as to stone crusher, roller and equipment, sent here by the Government Monday night. It is claimed that the roller is only two tons in weight and hauled by horses, whereas the one promised by the Department was to be driven by steam, weighing not less than fifteen tons. The crusher was to be powerful enough to crush large as well as small field stones. The equipment is evidently an old one, having been shipped from Victoriaville here. Mayor S. A. McKay wired Hon. J. E. Caron that the town refused to accept the machinery and will not unload it from the cars. The disappointment is keenly felt as it was the desire to rush the macadamizing of the street to completion before the arrival of city borders. One mile of the street was to be finished this year for which large quantities of stones were hauled during the winter.

Not Salts, Oil or Pills but 'Cascarets'
No odds how sick your Stomach, how hard your head aches or how Bilious--Cascarets make you feel great.

Cascarets act as a bowel tonic, not as an irritant. They are vegetable. Their action is natural. Their effect is the same as the effect of some foods. They are gentle, no griping. They are pleasant, no dreariness. They are convenient, no waiting.

One old way was castor oil. The effect was to create the bowels, and for a single day. Oil never causes the bowel muscles to act. Other ways were pills, salts and cathartics. The effect was the same as pepper in the nostrils. They flooded the bowels with fluid. These fluids were digestive juices. And the waste today means a lack tomorrow.

We knew that the method was wrong. That the after-effects only weakened the bowels. But we had no gentle laxative in the old days. So we waited as long as we could, then took a big dose of physic. The method today is to take one Cascaret at a time—just as soon as you need it. Then the bowels are always clean. They cost only 10 cents per box at any drug store.

No one can tell you better than your doctor—he is the man to see—he is the one who will tell you exactly what you need.

When you take medicine according to your doctor's directions, you get results. Results depend upon the drug and the quality and strength, compounded in a scientific manner. READ THIS TELEGRAM:
Los Angeles, Cal., April 9, 1911.

Cadillac Motor Car Co., Detroit, Mich.

Cadillac to-day made greatest mileage ever made by an American car in a 24-hour race, beating former world's records by 195 miles. Covered 1448 miles, an average of 60.1-3 miles an hour for 24 hours of continual running. Second to and only 43 miles behind special built 37,000 Fiat racing car. Although the race was a free-for-all, the Cadillac entered was a strictly stock chassis to the very smallest detail. Never missed a shot or made a mechanical repair. Lost 21 minutes changing tires, changing crews, replenishing fuel and replacing broken lamp. Car at end of race in perfect condition. Ten starters, five finished. Cadillac 229 miles ahead of nearest following competitor and 234 miles ahead world's record for 33 horsepower cars. This proves the Cadillac beyond all doubt the American long distance champion.

It is reported, on good authority, that many people within a hundred miles are watching the City of Sherbrooke eagerly, fully convinced that it has very bright prospects ahead. Some of these people are even now planning to invest whatever money they can in real estate in the city, feeling confident that it will bring them good returns. People with any vacant lots for sale will do well to see that the same are kept in good condition, as they will appear much more attractive to prospective purchasers, and incidentally be more valuable to the owners. Many feel that it is money wasted to undertake work of this kind, but it is a fact that a little money expended on a piece of property in this manner will sometimes add from five to ten per cent. to its market value. Wouldn't it be a good investment to have that vacant lot you own cleaned up? Think it over.

Mr. W. F. Steedman, telegraph editor of the Herald, Montreal, is in town.

WRAPPING GOODS WITH NEWS-PAPERS.

The Health Committee recently had signs posted in the market prohibiting the use of newspapers for wrapping up meat, etc. Certain dealers have complied with the order, but others have not.

The buying public will doubtless prefer to purchase their provisions from those who use sanitary paper for wrapping purposes.

BUILDING IN THE CITY.

A walk over the different streets of the city cannot but convince one that Sherbrooke is growing, and growing rapidly. The fact that there is no building by-law in the city makes it almost impossible to know how many new buildings have been built during the past year.

The Municipal Legislation Committee of the Board of Trade is gathering information, and later on will make a report to the Board of Trade, asking that steps be taken to have a building by-law passed.

5TH REGIMENT SMOKER.

The 5th Regiment held a smoker at the Monument National last night, which was largely attended, and successful in every way. The hall was filled to its utmost capacity.

A large number of recruits were received, and now the regiment is stronger numerically than it was at the close of the drilling season last year. Less than fifty men are now required to complete the companies.

In the absence of Lieut.-Col. Pelletier, Major Rioux briefly addressed the gathering.

MUSICAL AT PLYMOUTH HALL.

A charming musical was given yesterday afternoon at Plymouth Church Hall under the auspices of the Young Ladies' Guild, and it goes without saying, that a large and appreciative audience, composed of the music lovers of the city, filled the hall. The well-chosen programme opened with Beethoven's "Egmont," a brilliant piano duet by Mrs. W. A. Farwell and Mrs. J. R. Sangster who played with the ease and taste of thorough musicians.

The consummate beauty of Mrs. E. C. Irvine's voice was never more fully displayed than in the Song Cycle, "An April Heart," (Clough-Leigh), comprising (a), "When Spring Awakes," (b), "A Little Maiden Loves a Boy," (c), "The World is Full of April," (d), "The Voice of Spring," (e) "You and I and April." Both words and music breathe the very spirit of the spring-time and were interpreted with the exquisite grace characteristic of the singer, who is, deservedly, a great favorite with Sherbrooke audiences.

The String Quartette, No. 3 Op. 33 (Hayden) by Messrs. Irwin Sawdon, W. B. LeBaron, Master Karl LeBaron and Mr. Clifford Price, was a notable contribution to the programme and merited more than passing mention. The ensemble was excellent and the quality of the strings were good, giving evidence of much practice, as well as real musical feeling.

That the audience was not slow in recognition was shown by their unstinted applause.

"The Lady of Shalott," Tennyson's words, set in music by Wilfred Beadell, was a feature of the concert. Mrs. Irvine as soloist, was faultless, and the chorus of women's voices sang in harmony, and their work was well balanced. The chorus included Mrs. H. N. Whitman, Mrs. A. L. Parker, Miss Alice Arrataga, Mrs. A. M. Sangster, Miss Kathleen Robins, Miss Karschhausen, Miss

Idonea Nourse, Miss Eva Dresser, Miss Hubbard, Mrs. J. K. Sangster was a capable accompanist, and Mr. A. L. Parker fulfilled the duties of conductor, with conspicuous success. God Save the King closed an enjoyable musical afternoon.

Tea was served in the tea-room, which was arranged with great taste like a veritable Vines, a crimson rambler climbing a tellis, and many Japanese lanterns, made a picturesque setting for the tea tables, and deftly waited upon by the members of the Guild.

CITY NEWS. HER HANDS WERE RAW

Mr. George H. Murphy, of Washington, D.C., was in town yesterday.

Mr. J. W. Baxandell, of Leeds, Eng. is a guest at the Magog House.

Mr. and Mrs. R. E. Magnus, of Fitch Bay, were in town yesterday.

Mr. J. P. Chillas, Post Office Inspector, Montreal, was in town yesterday on official business.

It is understood that Miss Mary J. Southwood, who has musical abilities of no mean order, expects to sail for England in May, there and in France to complete her studies.

Rev. Canon Shreve, who has been spending a week in New York, returned last evening to Montreal and is to-day attending the semi-annual meeting of the Sunday School Commission.

Mrs. O. Viandre, who has been visiting her old home in town for the past week, left Monday for Montreal accompanied by her sister, Miss Gertrude Stenson, on her way to her home in Wotton.

Mr. and Mrs. W. F. Wilson and young daughter, of St. Catharines, Ont., arrived in town a week or two ago and have been visiting Mr. and Mrs. J. F. Wilson and other relatives in the vicinity, left to-day for Hatley, where they have decided to settle upon a farm.

Commencing Sunday, April 30th, the afternoon train on the Grand Trunk will be run on the same schedule as last summer. That is express from Richmond to Montreal stopping only at Acton, St. Hyacinthe and St. Lambert. This arrangement and the fine cafe dining car service operated on this train makes it a favorite one to travel by.

The musical and dramatic entertainment for the benefit of the Church of St. Jean Baptiste, which was given last evening under the direction of Mde. J. O. Laurencelle, at the Church Hall, East Sherbrooke, was both a financial and an artistic success, and attracted a large audience. "Danse du Démon" (Edgar Holst), piano duo, was the first number on the programme and was admirably rendered by Mde. Laurencelle and Mr. Arthur Bernier. "Water" (L. de Rille) followed, the personnel of the chorus being as follows: Sopranos—Misses Ida Leclaire, O. Marchal, A. Begin, A. Asselin, J. Prefontaine, M. and O. Asselin; Altos—Mde. Laurencelle, Misses J. Beauchesne, C. Biron, M. Unsworth, M. Boucher, A. Blais; Tenors—Prof. O. Carlier, Messrs. E. Jutras, A. Bernier, L. Desjarlais, J. Couthens; Basses—Messrs. C. O. Biron, O. Noel, L. Pelletier, J. O. Turcotte, J. Blais. The attack and shading were noticeably good and the parts well balanced, enthusiastic applause rewarding the conscientious work of the singers. After a brief intermission, a charming little opera in one act, "Le Rosier" (L. Boissieres) was sung and acted with much spirit by Mde. Laurencelle and Mr. Bernier, pleasing the audience. "Souvenir" piano solo, (Wollenhaupt), was rendered with great brilliancy by Miss M. J. Southwood, whose playing is remarkable for execution, combined with sympathetic intuition. Miss Southwood received much applause, and was encored, responding gracefully. Mr. Arthur Bernier delighted the audience with the comic song, "Pst! Pst! Pst!" and was vociferously recalled, and Mr. O. Noel was scarcely less successful in "The Two Grenadiers" (Schumann) in which his fine bass voice was heard to perfection. "Fantaisie—Impromptu" (Chopin), piano solo, was beautifully received by Mde. Laurencelle, who and who was heard with pleasure last evening for the first time in public, though not, it is to be hoped, for the last. Mr. Louis Desjarlais recited "Monologue" with fine voice and dramatic manner, and was encored as was also Mde. Laurencelle in the delicious song "Amour d'Automne" (Chaminade), which suited her mezzo-soprano voice of good range and pure quality. Comic songs at a concert are always popular and Mr. Emile Jutras scored a success with "En Chemin de Fer," which was persistently encored. "Jeunesse Doree," piano duo, (S. Smith), by Mde. Laurencelle and Miss Southwood was a most creditable number, and was followed by "O Canada," sung by the full strength of the company with splendid effect. The concert of the night will be repeated by request at the Monument Nationale early in May.

Several matters of importance were discussed in connection with the amended automobile laws, the importance of ways and means for the establishment of guide boards throughout the Eastern Townships, the educational campaign for improved roads etc.

The next meeting is called for Monday evening, May 8th. This will be an important meeting, and definite plans for the season's work will be taken up and acted upon.

GYMNASIUM CLASSES WILL BE WITHDRAWN MAY 1ST.

"Fruit-a-lives" Completely Cured The Eczema

GRANDE LIGNE, QUE., Jan. 2nd, 1910
"My wife was troubled for three years with Eczema of the hands which made her hands almost useless. The doctor gave her several ointments to use, none of which had any effect. He also advised her to wear rubber gloves (she wore out three pairs). I persuaded her, as a last resort, to try 'Fruit-a-lives'. The effect was marvelous. Her hands are now cured. We both attribute our present health to 'Fruit-a-lives'."

HOUSE SCORCHED AT SCOTSTOWN.

PROMPT ACTION SAVED LIFE OF MAN WHO WAS ASLEEP IN HOUSE.

Scotstown, April 26.—(Special)—The McAskill house caught on fire yesterday afternoon. But for the prompt action of one of the men working at the Caswell and Mooney saw mill, serious damages might have been the result. The fire started on the roof near the chimney. Mr. Chas. Maher, who rents the house was sleeping on stairs at the time and did not wake up until the room had been filled with smoke. The fire was easily put out and very little damage done.

PLAGUE AND THE DURRAR.

WILL NOT INTERFERE WITH CROWNING CEREMONIES.

London, April 26.—Replying to a question in the House of Commons yesterday afternoon Mr. Montague, parliamentary secretary for the India office, admitted that the officers were alarmed over the recrudescence of the bubonic plague in the provinces of Agra and Oudh, India, but they did not think it would interfere with the durbar in Delhi, when King George will be crowned as Emperor of India. The deaths from the plague in February he said, were 13,588 and in March they increased to 95,888.

A BAD BACK

Is a Warning that the Kidneys are Sick.

A bad back turns every twenty-four hours into one dull round of pain and misery—you are lame in the morning, napped all day by a dull throbbing headache, can't rest in the evening, sleep well at night. It hurts to bend over, to straighten up, to get up from a chair, or lift even a light weight. A very sudden twist, a turn of awkward movement sends a tearing twinge of pain through the weak spot.

Booth's Kidney Pills reach the weak spot, the kidneys, and quickly restore kidney health and comfort. They are guaranteed. All dealers and druggists, 50c. or postpaid from the R. T. Booth Co., Ltd. DUTCH MONEY FOR CANADA.

REPRESENTATIVE OF BIG MORTGAGE COMPANY NOW IN CANADA.

Ottawa, April 25.—Representing millions of dollars of good Hollander money, which is about to be invested in mortgages on western Canadian farm lands, Mr. L. Drooglever Fortuyn, Managing Director of the Netherlands Transatlantic Mortgage Company, arrived in Ottawa to pay his respects to several Government officials before proceeding west. The question of investment by this company in Canada was the subject of Commissioner W. T. R. Preston's letter to the Premier some time ago, alleging that a high official had made statements derogatory to western Canada as a suitable place for investments, but this was denied by the official in question.

"Have you any statement to make along this line?" Mr. Fortuyn was asked.

"It is enough that we are here in Canada ready to do business," he replied, "to show that we have faith in the great future of the country. In matters political I don't care to meddle. It would not look well for one who has only been here several days altogether."

Mr. Fortuyn had an interview with the Premier and Messrs. Fielding Fisher and E. C. T. O'Hara, Deputy Minister of Trade and Commerce, who promised to assist in every way possible.

FINANCIAL AND MARKET NEWS.

COUNTRY PRODUCE.

ACTIVE TRADE IN EGGS.

Montreal, April 26.—Receipts of eggs were 1,501 cases as compared with 2,837 for the corresponding date a year ago. An active trade continued to be done, and the market rules steady with no change in prices to note. Sales of straight gathered stock in round lots were made at 17c, single cases at 18c to 19c and selected stock at 21c to 22c per dozen.

HONEY PRICES STEADY.

Montreal, April 26.—There is no change in the condition of the market for honey, prices being steady with only a small trade passing. We quote: Clover white honey 11c to 12c, dark grades 9c to 10c, white extracted 7c to 8c, buckwheat 6c to 7c.

BUSINESS IN BEANS IS SLOW.

Montreal, April 26.—Business in beans is slow, the demand being chiefly for small lots to fill actual requirements. In a jobbing way three pound pickers are selling at

\$1.75 to \$1.80, and car lots at \$1.65 to \$1.70 per bushel.

POTATOES IN DEMAND.

Montreal, April 26.—A firm feeling prevails, in the market for potatoes under a good demand and small supplies. For car lots sellers are now asking \$1.10 to \$1.15 per bag, and in a jobbing way sales were made at \$1.25 to \$1.30.

GOOD DEMAND FOR MAPLE PRODUCTS.

Montreal, April 26.—The demand for maple product continues fairly good, and prices are unchanged at 75c per tin of nine gallon measure, and in wood at 8c to 9c per lb. Maple sugar is selling at 10c per lb.

DAIRY PRODUCE.

CHEESE MARKET QUIET.

Montreal, April 26.—Receipts of cheese were 149 boxes as against 665 boxes for the corresponding date of last year. The local market is quiet with foders quoted at 11c to 11 1/2c.

BUTTER MARKET WEAK.

Montreal, April 26.—Receipts of butter were 755 packages as against 227 packages for the corresponding date of last year. The continued large receipts are having a depressing effect on the market, which is weak in tone. Choice new milk creamery is quoted around 22c and finest held at 20c to 21c.

PROVISION MARKET

MARKET IS UNSETTLED.

Montreal, April 26.—A stronger feeling developed in the market for dressed hogs, and in some cases sales were made at an advance of 25c per 100 lbs. The demand for small lots from butchers was fairly good, and sales of abattoir fresh-killed were made at \$9.25 to \$9.50 per 100 lbs. The market for live hogs was without any new feature, prices being steady under a good demand, and sales of selected lots were made at \$6.75 per 100 lbs., weighed off cars. An unsettled feeling has developed in the market for cured meats and prices in some instances are being shaded.

MONTREAL LIVE STOCK MARKET

PRICES SHOW AN ADVANCE
Montreal, April 26.—At the Montreal Stock Yards, West End Market, the receipts of live stock for the week ending April 23 were 1,800

cattle, 1,475 sheep and lambs, 2,000 hogs and 2,050 calves. The supply on the market for sale consisted of 800 cattle, 50 sheep and lambs, 1,200 hogs and 350 calves.

A feature of the trade was the stronger undertone to the market for cattle and prices as compared with a week ago show an advance of 1c per lb. The quality of the stock in most cases was very good, and drovers stated that even at the above advance noted it was doubtful if they would get their own money back, as prices were very high in the country. The weather was fine, and, as the butchers generally were cleaned out of the stock of beef they carried over from the Easter trade, there was a large attendance of them, including several from Quebec, consequently the demand was good and quite an active trade was done. Choice steers sold at 6 1/2c, good at 6c to 6 1/4c, fairly good at 5 1/2c to 5 3/4c, fair at 5c to 5 1/2c, and common at 4 1/2c to 4 3/4c per lb. Choice cows and bulls brought from 5 1/2c to 5 3/4c, and the lower grades sold down as low as 3 1/2c to 4c per lb.

There was no important change in the condition of the market for hogs. Supplies were larger, and, as packers' stocks were rather low, the demand was good, and the undertone to the market was steady with no change in prices to note. Sales of selected lots were made at \$6.75 per 100 lbs. weighed off cars.

The trade in small meats was quiet, and prices ruled about steady. A few old sheep sold at from \$5 to \$10 each, spring lambs at \$3 to \$6, and calves at from \$2 to \$8 each as to size and quality.

CANADIAN CATTLE PRICES.

Montreal, April 26.—Messrs. Price & Coughlan's cable from London quoted American cattle at 13c to 13 1/2c, and Canadians at 12 1/2c to 13c per lb. Their cable from Liverpool quoted American cattle at 13c to 13 1/2c, and Canadians at 13c to 13 1/2c. In Liverpool woolled lambs sold at 17c, clipped at 16 1/2c, and clipped wethers at 14 1/2c per lb.

FARNHAM DAIRY BOARD.

Farnham, April 26.—(Special)—The first regular meeting of the Farnham Butter and Cheese Board will be held in the Balmoral Hall at 2.30 p.m. on Monday, May 1st. It is expected that a larger attendance will be on hand than last year now as the business of shipping cattle to the United States is at a standstill and the butter factories will be busy.

SOLD HERD OF COWS.

Brownhigh Place, April 26.—(Special)—Mr. E. W. S. Gibson has sold his herd of ten cows and six calves to Messrs. Leet & Smith, Danville, for \$400.

A Richibucto School Teacher

Once a Dyspeptic—Now Well,
Thanks to Father Morrissey's No. 11.

Richibucto, N. B., Nov. 17th 1909.
Father Morrissey Med. Co., Ltd.,
I have been teaching school for up-
wards of thirty years, during the last
twenty-five of which I have suffered
seriously with stomach trouble, indigestion
and dyspepsia.
I have tried many remedies, and while
I would get temporary relief from some
of them, yet the old trouble would
return, and with it the sufferings only
known to the chronic dyspeptic.
Last year I had made up my mind to
abandon my profession, feeling that in
my condition I could neither do justice
to myself or to the many pupils under
my charge. A friend suggested to me
that I try Father Morrissey's No. 11
Stomach Tablets; I did so, and have
continued to use them with the result
that my stomach trouble is cured—my
indigestion and dyspepsia gone and I
feel as well as I ever did.
I have, thanks to the Tablets, been
able to continue in my profession, and
feel that I am once more enjoying my
work and am able to give justice to the
fifty-four pupils under my care.
Yours Gratefully,
(Signed) MARY CHRYSAL.

Are you one of the many thousands
who, like Miss Chrystal, are prevented
from doing their best work, or really
enjoying life, by stomach trouble?
If you are you cannot do better than
she did—take Father Morrissey's No. 11
Tablets.

Each No. 11 Tablet, when dissolved in
the stomach, will digest 1 1/2 pounds of
food—a good, hearty meal—so that no
matter how weak your stomach may be
No. 11 Tablets will enable you to get
the nourishment out of your food and
build up your strength, while the stom-
ach, thus relieved, recovers its vigor.

SPORTING NEWS

JEFF WILL NEVER FIGHT AGAIN

BIG FELLOW PAYS FIRST VISIT TO NEW YORK SINCE HIS FIGHT WITH JOHNSON.

New York, April 26.—James J. Jeffries is in town. Accompanied by his wife and several friends, he arrived in New York Saturday from Chicago and hurried to his hotel scarcely recognized by the crowd at the station. He will probably witness the Hogan-Wolgaast fight here on Wednesday night.

"Will you ever fight again?" Jeffries was asked. "Never," said the big fellow.

Jeffries looks well and weighs 260 pounds. This is his first visit to New York since the agreement to fight Johnson was made.
