JAPAN INDIGNANT OVER U.S. ACTION

Repealing Of Treaty Held Unfriendly

Abrupt Nature of Cancellation of Twenty-eight Year Old Commerce and Navigation Treaty Regarded as Unfriendly Act by Japanese Foreign Office Circles—Believed Prelude to Imposition of Arms Embargo.

Tokyo, July 27.—(AP)—The United States decision to terminate the twenty-eight-year-old commerce and navigation treaty with Japan was regarded today in Foreign Office and other official circles as an unfriendly act because of its abruptness.

The Foreign Office spokesman declared that ending of the treaty was "unthinkable."

"Nobody can ignore the political significance of the action which was not preceded by an exchange of notes or previous notification," he said.

"We fail to understand America's real intention."

It was learned authoritatively that the United States Embassy was as surprised by the swiftness of the State Department's action as was the Japanese Foreign Office.

Although neither the Embassy nor the Foreign Office had received an official explanation of the move, it was disclosed in official circles that the Japanese Government was studying possible steps to retaliate in economic way.

"If Washington intended merely to complete a new treaty (at the end of the six months' notification period), the abrogation would not have been so sudden and would have been preceded by conversations," the Foreign Office spokesman said.

Japan, he said, wonders if the action was "intended to protect American interests not only in the Orient but at home. It may be either an international or a domestic political gesture, but there must be something behind it."

Afternoon papers gave the news from Washington great prominence. The independent newspaper Asahi said the intention of the denunciation was apparently to clear the way for an embargo on shipment of raw materials to Japan.

Domei, Japanese News Agency, quoted Osaka businessmen as saying that the move was retaliation for the harm done United States business interests in China during the two-year-old war.

Domei suggested that one purpose was to halt shipments of Japanese cotton cloth to the United States.

The spokesman commented on the basis of press reports since, he said, his Government had not received the official notification of termination. He disclosed the Government had asked its Washington Embassy to expedite details of the decision.

Throughout the China "incident" Japan has professed a desire for American friendship and particularly during the recent difficulties with

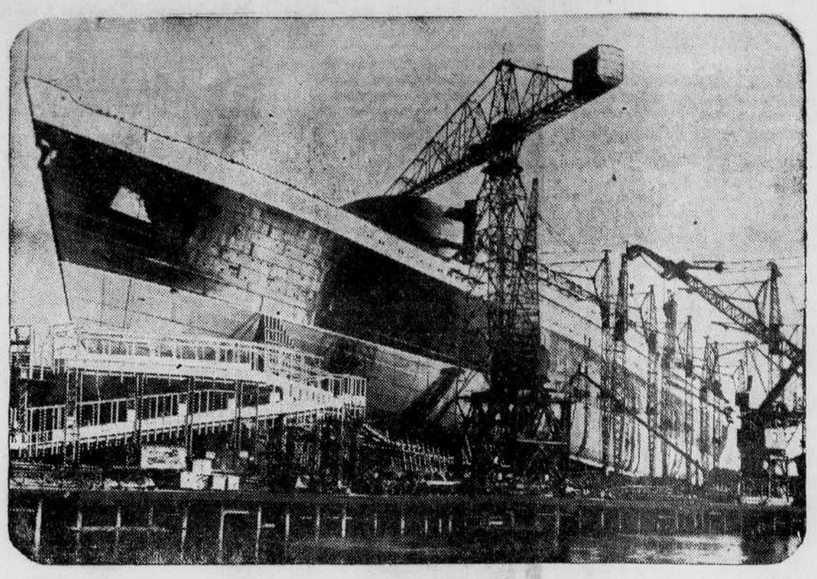
FRENCH AVIATOR IN NEW RECORD EFFORT

Istres, France, July 27.—(AP)—Major Maurice Rossi took off today in an attempt to set a new record for distance flight on a closed course.

He flew an Amiot 370 equipped with two Hispano motors. A wireless operator accompanied him. His tentative course was over Istres, Le Bourget, Bastia, Tunis and Algiers.

The present record, established in 1938 by three Japanese, is 11,651 kilometres—7,239 miles.

SCOTTISH SHIPYARDS HUMMING



Britain's business trend has no better barometer than the sound of riveter's hammers as freight and passenger vessels take form in the many shipyards throughout the country. This excellent picture shows the new White Star liner Queen Elizabeth lying in the stocks in John Brown's famous Scottish yards at Clydebank.

HORSE SHOWS INGRATITUDE

Levis, Que., July 27.—(CP)—Claude Carbonneau, farmer in this district, was brought to hospital yesterday as a result of an animal's ingratitude. Carbonneau was kicked in the face by a horse while treating a wound on the animal's leg.

Double Drownings Boost Toll Of Violent Deaths In Quebec

Death Toll for Past Two Days in Province Sixteen, Highest for Any Mid-Week Period this Year—Eight Drownings Yesterday and Three Tuesday Head List—Causes of Other Five Deaths Varied.

Montreal, July 27.—(CP)—Two double drownings in widely-separated parts of Quebec Province were recorded today in a fatality list that totalled sixteen for two days and was the largest for any mid-week period this summer

Eight drownings yesterday were added to three Tuesday. An apparent heat prostration case Tuesday was reported yesterday while in Montreal there was an asphyxiation case where the victim might have been dead two days. The Tuesday list included an asphyxiation, a traffic fatality and a death resulting from a car falling on a man repairing it.

Trapped in their automobile when it plunged off a bridge into the Gatineau River at Farm Point, twenty-two miles north of Ottawa, Capt. William A. Duffey, fifty-eight-year-old Ottawa Fire Department veteran, and Mrs. Frieda Cole were drowned last night.

Driving up the Gatineau valley to look for summer cottages for rent, Captain Duffey turned out to pass a truck and his car ripped through the guard rail of a bridge and dropped six feet into the river, about ten feet deep at that point.

The other double drowning was in the Nord Est river at St. Lucie, near Montmagny far down the St. Lawrence South Shore. Arthur Lavoie, nineteen, of St. Lucie, and Sylvio Marquis, of St. Louis du Ha Ha, were the victims. Marquis drowned when he went to Lavoie's assistance.

Lyle McFadyen, twenty-nine, drowned at Rawdon while swimming to shore after he had rowed part way across Rawdon Lake. Ernest Frenette drowned at St. David, near Levis, and Onesime Leblanc, twenty-two, drowned at Lauzon, also near Levis, when he was knocked from a rock into the St. Lawrence by a big wave from a passing ship. Lorenzo Bonin, thirty-seven, of Montreal, was drowned at Berthierville.

The body of thirty-year-old Albert Dubois, resident of Manseau, was found in a ditch near St. Edouard in Lotbiniere county. The body bore no sign of injury and authorities believed he was a victim of heat prostration.

At Montreal, police found the body of Samuel Shleinsky, fifty-two, in a chair in his gas-filled home yesterday. Morgue attendants said that he might have been dead two days.

The Tuesday fatalities were:

Drownings — Leopold Landry, twenty-five, swimming at Long Lake, Dorchester; Flavien Roy, eighty-four, drowned in Shallow Brook at St. Stanislas de Champlain, north of Three Rivers; Marcel David, Montreal, drowned at nearby Repentigny.

Asphyxiation — Andrew Lipton, forty-eight, of Montreal.

Traffic — Roland Prudhomme, twenty-four, of Montreal, truck overturned.

Other — Samuel Fortin, twenty-seven, died from injuries at Grand-'Mere after car fell on him.

Berlin, July 27.—(AP)—Friedrich Lopata, twenty-one, of Nuremberg, was decapitated today for disclosing military secrets to the intelligence service of a "neighboring state," bringing to twenty-four the executions of convicted spies this year.

GODBOUT PLANS GREAT HIGHWAY THROUGH GASPE

Provincial Liberal Leader Declares "Pitiful Condition" of Highways Is Preventing Tourists from Visiting Peninsula.

Chandler, Que., July 27.—(CP)— A permanent highway in Quebec's Gaspe peninsula if the Liberals come to power in the Province was promised in an address here yesterday by Hon. Adelard Godbout, Provincial Liberal leader.

Mr. Godbout, continuing his tour of Gaspe, said that tourists no longer come to the peninsula because its highways are bad. When he was Minister of Agriculture in the former Taschereau Government, he visited Gaspe "and estimated that it had the nicest gravel roads in the province."

"Instead of keeping this route in good shape, the Union Nationale Government has neglected it to a point where the roads are in a pitiful condition," he said. When he headed the Government, he would

THIEF PLAYED DUMMY

Pittsburgh, July 27.—(AP)—The burglar who robbed a store here was no dummy—even if he did pose as one. Police and the owner hunted through the store for an hour and were about to give up their search when they spotted him—"hiding" in a display window. Police said he still had in his hand $58 taken from a cash register.

POLICE SHIELD SCHULTZ AIDE AFTER RELEASE

New York, July 27.—(AP)—Shielded by four detectives, J. Richard (Dixie) Davis, thirty-four, former "kid mouthpiece" of the $20,000,000-a-year Dutch Schultz policy racket, will be freed from Bronx Jail shortly after midnight tonight—quits at last in his long conflict with the law.

District Attorney Thomas Dewey ordered elaborate precautions to safeguard Davis from possible gangland vengeance as he steps into a new life of fear-shadowed freedom. Prison officials said he would be taken to a secret destination.

"We're not exactly worried about any gang bullets, but we are taking no chances," an official said. "Unless he himself reveals it or he is discovered by chance, nobody will ever know where Dixie Davis has gone."

In compensation for the shadow of fear, Davis will have at least warmed-over romance in the new life ahead. Prison officials said he would probably be married soon to flame-haired Hope Dare, Broadway showgirl who stuck to Davis after they were captured together in a Philadelphia hideout in February, 1938.

THIS WILL DO FOR NOW

Blacksburg, Va., July 27.—(AP)—The "absent-minded professor" is no myth here. They tell this one on a Virginia Tech faculty member: He drove his automobile to a nearby town, forgot he had it, and came home by train. Realizing he would have to go back for his car, he returned to the railroad station—and bought a round-trip ticket.

TWO SAVED BUT THIRD MISSING IN DEEP WOODS

Minneapolis, Minn., July 27.—(AP)—A boy and a man, lost in the northwest woods, were safe today but hardly had their fate been solved when reports of a third missing person were made to police.

Rescued from the depths of the forest, 175 miles northwest of here, at nightfall Wednesday was six-year-old Russell Jensen, of Albert Lea, Minn., who had been missing since Monday morning.

Shortly afterward, from isolated Lake Maitou, in Ontario fifty miles north of International Falls, Minn., on the Canadian border, came word of a successful hunt for Frank C. Lambert, fifty-three, of Chicago.

Lost, ohewever, was Stanley Booth, pioneer resident of Hibbing, Minn. An all-day search Wednesday in the Togo Bear River area, about 200 miles north of here, failed to unearth any trace of Booth, who had not been heard from since Monday noon, when he set out to examine wolf snares he had placed in the woods.

U. S. OFFICER THANKS QUEBEC

Quebec, July 27.—(CP)—A letter written by Rear-Admiral A. W. Johnson, commander of the Atlantic squadron, United States Navy, was read at the Civic Administrative Committee meeting here yesterday. The letter expressed the appreciation of the Admiral, officers and sailors of the three American warships, U.S.S. New York, Arkansas and Texas, for the hospitality shown by Quebecois during their ten-day stay earlier in July.

National Government No Solution For Dominion Ills, Manion Claims

Port Stanley, Ont., July 27.—(CP)—A National Government could not solve the problems of Canada, Conservative Leader Manion declared in an address to four thousand Western Ontario Conservatives yesterday.

Dr. Manion said a National Government would probably consist of a Liberal-Conservative coalition, but in the Canadian tradition of changes in the dominant party this would be followed in turn by a coalition of the Co-Operative Commonwealth Federation, Social Creditors and "other Cave of Adullam groups."

"This opposition would come into power," he said, "and those who had advocated National Government would find in a few years the substance of stable government was traded for a shadowy coalition."

Col. George A. Drew, Ontario Conservative Leader, charged that the policies of Canadian taxing was leading the Dominion to bankruptcy. Canada's major internal problem, he said, was the creation of employment and employment was not encouraged by taxation.

"Our most important job in the realm of internal policy," said Col. Drew, "is to reduce the cost and confusion of governments. The expenditures of Dominion, provincial and municipal governments can and must be substantially reduced if we are to have lasting prosperity."

The two leaders spoke at a picnic arranged by the National Conservative Association of Western Ontario on the heights overlooking Lake Erie.

In his address, Dr. Manion dealt at length with the proposal for a National Government which he said was appearing in some newspapers and in letters to the press.

The natural leader for such a government, he said, would seem to be Prime Minister Mackenzie King with his 180 followers in the House of Commons. But, he asked, how could Mr. King give any better government than he has given with the added support of the forty Conservatives in the House.

Dr. Manion suggested that the Government's record was not such as to lead anyone to think that a National Government under Mr. King's leadership would accomplish much. The King Government had done little with the problems of unemployment, youth, taxation and the railways other than play politics with them.

Dr. Manion declared the Conservative creed of democracy and capitalism must be backed up by sincere efforts to correct defects in the system. The party's aims, he said, should be work, wages and security for all.

TEN PERSONS MISSING IN CRASH OF TWO STEAMERS

London, July 27.—(AP)—Ten persons were missing and twenty-four were rescued today from the French tanker Sunik which caught fire after a collision with the Swedish steamship Grangesberg in fog in the English Channel, about fifty miles south of Plymouth.

The Grangesberg was damaged in the bow and her wireless was put out of action. She was trying to make Falmouth under her own power. Lloyd's reported the British steamship Dartford rescued twenty-four of the crew of the Sunik.

The Sunik is a 5,000-ton vessel and the Grangesberg 4,575 tons.

CANADA FACING FASCISM UNDER PARTY SYSTEM

Success of New Democracy Movement Only Way to Ensure Preservation of Rights, Hon. W. D. Herridge Claims.

Armena, Alta., July 27.—(CP) — A warning that Canadians are threatened with Fascist Government and a prediction the Dominion Government would reduce the guaranteed price on wheat from seventy cents to sixty cents were left with Alberta electors today by Hon. W. D. Herridge.

The founder of the New Democracy made the statements before a crowd of 1,500 at a Social Credit picnic yesterday at this village forty-five miles southeast of Edmonton. It was the first Alberta speech by Mr. Herridge and the first platform appearance together of the leaders of New Democracy and Social Credit.

The Social Credit Leader, Premier Aberhart, referred to Mr. Herridge as "Our Leader." Mr. Aberhart said he felt sure Social Credit "is bound to assert itself behind Mr. Herridge in his great movement right across Canada."

Mr. Herridge asserted Canadians are threatened with Fascist Government that will destroy their rights of religion and race unless

General Election Prospects Delayed By European Crisis

Prime Minister Declares that Uncertainties of Situation May Not Justify Dissolution of Parliament this Fall—Fixing of Bye-Election Date Another Indication of Delay in Calling General Election.

Ottawa, July 27.—(CP)—Uncertainty in Europe may defer Canada's general election until next year, political circles believe after weighing an announcement by Prime Minister Mackenzie King following a cabinet meeting last night.

"As long as the situation in Europe continues as it is I don't think we would be justified in dissolving Parliament," the Prime Minister said. He said Parliament may have to meet again this year to decide questions of peace or war.

"Whether there will be an election this year or not I cannot say, because I have not decided. I am keeping in mind European conditions, and also the views expressed in many quarters that the Government has the confidence of the people and we don't need an election," he said. (Elected in 1935, the King Government's five-year term in office will not expire until 1940.)

Many consider the general elections will be definitely put off until next year, however, becaues of Mr. Mackenzie King's announcement last night that a by-election would be held in Calgary West on September 25 to fill the seat left vacant by the resignation of Rt. Hon. R. B. Bennett, former Conservative Prime Minister who retired to England last winter. It is believed unlikely there would be general elections in October or November right on the heels of a single seat contest.

In regard to the European situation, the Prime Minister said there had been some improvement and he hoped it would continue. "I don't think we should assume there is going to be war, and if we decide what we may do in one instance in the event of war we may be asked to decide what we should do in other things. In any case, I imagine Parliament would have to authorize it, particularly if it involved expenditure," he said.

Mr. King announced that Dr. Joseph Sirois, chairman of the Royal Commission inquiring into Dominion-Provincial relations, had informed him that report of the Commission, which held sessions across Canada from November, 1937, until last winter, would not be ready for distribution until October 12th.

Justice Minister Lapointe, it was also announced, will take the additional portfolio of Secretary of State until such time as a permanent successor to the late Hon. Fernand Rinfret should be named. Mr. Rinfret died in Los Angeles, July 12th, and, as acting Secretary of State, Mr. Lapointe will tackle the accumulated routine in that department immediately.

The Canadia Wheat Board will not act as a central selling agency for the Western wheat pools this year, Trade Minister Euler, chairman of the Cabinet Wheat Committee, said. The Committee met today.

Under the decision made, farmers who harvest more than 5,000 bushels will be able to sell 5,000 bushels to the Wheat Board on the basis of a seventy cent price under the Wheat Board Act and may sell the remainder of their crop through their co-operatives on the basis of sixty cents a bushel.

Angered Public Speeding Police Search For Irish Terrorist Drive Leaders

Anti-Irish Demonstrations Staged in London Following Series of Bombings Which Resulted in One Death and Injuries to Score—Government Hastens Measure Designed to Rid Country of Terrorists.

London, July 27.—(CP)—Spurred by an angry public, Scotland Yard directed a vast hunt today for terrorists who shed blood and destroyed property in a series of five bombings at the same time the House of Commons adopted drastic measures to combat the Irish Republican Army.

Authorities said the explosions were in line with an I.R.A. "Plan S" which Home Secretary Sir Samuel Hoare described to the House on Monday as calling for wrecking of key industries, blasting of Parliament buildings and pollution of water supplies.

Police guards kept a close watch on railway and subway stations, on post offices and other vulnerable points. Persons leaving packages in checkrooms were asked to submit them to inspection.

Five men were seized for questioning in London and one in Liverpool, but authorities said that none was being detained on specific charges.

The most serious bombing yesterday was at busy Kings Cross Station where Donald Campbell, Edinburgh University lecturer on his way home from a Paris honeymoon with his bride of a few months, lost his life. Mrs. Campbell was injured seriously. In all, fifteen persons were injured there and five at Victoria Station in a later explosion. Both explosions occurred in cloakrooms where parcels were checked.

At Victoria, crowds raised an angry shout of "Down with the Irish—shoot them." They swarmed about a man who declared the Irish might be right in their demands for a unified Ireland with abolition of the separate government for the North. Police had to hustle him away.

No one was injured in three Liverpool bombings, but one explosion wrecked a swing bridge over a canal, halting barge traffic to Leeds. Another blew out the front of a District Post Office and a third blasted a mailbox.

The new anti-I.R.A. bill gives police broad search powers and provides for deportation of undesirables. In asking for its passage, Sir Samuel asserted I.R.A. terrorism apparently was inspired by foreign organizations and timed to coincide with international crisis. "Plan S" listed vulnerable points for sabotage.

Scotland Yard men and military intelligence services are planning a lightning drive against the I.R.A. as soon as the bill becomes law—probably within a few days. Passage by the House of Lords is yet to be completed.

THREE RIVERS MAN DENIES ARSON PLOT

Three Rivers, Que., July 27.—(CP)—Barnard Veillette, alias Andre Tanguay, pleaded not guilty yesterday when arraigned before Magistrate F. X. Lacoursiere on a charge of wilfully setting fire to the stable and barns of Joseph Tessier. Preliminary hearing was set for August 2nd.

The accused is alleged to have set fire to the Tessier barns at St. Severin de Proulxville, forty miles north of here, causing a loss of $4,500.

HORSE COMES INTO OWN

St. Louis, July 27.—(AP)—Ol' Dobbin has replaced the truck for hauling freight across Mississippi River bridges here. One transfer company handling shipments from East St. Louis, Ill., warehouses, has put teams into service to avoid taxes under a Missouri truck law.

THOUSANDS OF PILGRIMS GIVE PEACE PRAYER

Special Prayers for International Peace Offered at Ste. Anne de Beaupre at Request of Cardinal Villeneuve.

Ste. Anne de Beaupre, Que., July 27.—(CP) — Prayers for world peace were offered yesterday by thousands of pilgrims gathered at this famed shrine village from all parts of Canada and the United States for ceremonies held annually in observance of the Feast of Ste. Anne.

Some of the pilgrims were sick and crippled who arrived early last week at the river-side shrine to attend the traditional Novena of Prayer ending on the feast day.

The prayers for peace were requested by Cardinal Villeneuve who addressed a throng in the great stone basilica built on the edge of the north short village and within a stone's throw of the St. Lawrence River.

Mgr. Camille Roy, of Quebec, who spoke before the Cardinal, told the story of the shrine and how powers of Divine intercession in bringing

BELIEVES IN PRECAUTIONS

Little Rock, Ark., July 27.—(AP)—Acquitted on a charge of illegal parking, Attorney Beloit Taylor decided to provide for a less lucky day. He asked the police desk sergeant to hold "in trust" the $5.50 refund due him, to be applied against any future parking violations he might have.

Inquiry Fails To Clear Up Mystery Of Fatal Collision In St. Lawrence

Montreal, July 27.—(CP)—Identity of a "phantom" ship which crashed into the schooner Crane Island and sank her in the St. Lawrence River near Deschaillons, Que., with loss of four lives remained unknown today following adjournment of an inquiry into the disaster.

Sitting as Judge in Admiralty of the Quebec Superior Court, Mr. Justice Lucien Cannon yesterday set August 17th as tentative date for resumption of the probe.

At two sessions of the inquiry three persons who had been aboard the Japanese freighter Karisima Maru, reported near Deschaillons early last Saturday when the Crane Island was cut in two, testified they believed they had seen something in front of the freighter.

Pilot Thomas Houde, who boarded the freighter at Quebec with Assistant Pilot Rosario Grenier, said he ordered the engines reversed near Deschaillons when he "thought" he had seen "a glow" and then a "black object" before the ship.

Grenier "thought" he had seen a whitish "glow" and Second Officer E. Morikawa "thought" he had seen a "shadow." None knew of any collision-impact and although the Karisima Maru halted for seventeen or eighteen minutes her crew was unable to see any wreckage in the water.

Inspection of the ship when she reached Montreal, Captain Kosisada Yamasita said, failed to show damage such as might occur in a collision.

One of two persons aboard the schooner to escape, Captain Leo Bernier of the Crane Island referred to the vessel which struck his craft as the "phantom." He said she was a "big ship" with black and red paint markings.

Rosario Bernier, twenty-eight, brother of the twenty-five-year-old captain, had taken charge of the schooner at about 10 p.m. E.D.T. while Leo went below to rest. Preparing to take over navigating duties at about 2.30 a.m., Captain Bernier said he looked out a door in the Crane Island and saw a red light "above" and to stern.

The captain ran to deck and saw the "phantom" bearing down on the schooner, which was struck at right rear and then split in two. Bernier clambered into a lifeboat and later picked up Maurice Roy, the schooner's engineer, who was grasping some floating wood.

Berlin Resumes Normal Procedure After Great Air Raids Practices

Berlin, July 27.—(AP) — Berliners went to work this morning past imaginary heaps of wreckage left by high flying "enemy warplanes" in a test of air raid precautions which involved practically every able-bodied person among the German capital's 4,000,000 residents.

Late into the night anti-aircraft batteries fired into the moonlit sky while planes soared overhead dropping make-believe bombs. The raiders theoretically shattered hundreds of buildings, tore up streets, overturned street cars and caused casualties among civilians.

Police made no estimate of the "dead and wounded." They said the streets were cleared promptly and that volunteer workers under supervision of the police and fire departments went about their tasks surely and quickly.

For the next four nights Berlin housewives must keep their curtains drawn or cut off the light from their windows with black paper as the tests continue.

The middle and east side of the city bore the brunt of the "damage" last night, it was said. Hundreds of "bombs" fell as high-powered searchlights criss-crossed the sky.

The first sirens sounded at 6:50 p.m. and the streets emptied as if before a hurricane. Thousands were held up on their way home, for buses and street cars stopped and conductors herded their fares into air raid cellars.

Thousands of volunteers—elderly men or others unfit for military service—gathered at appointed places to drill in caring for the "wounded" and "gassed," "repairing" water mains, removing "debris" and other tasks common in war time.

The middle of the city presented a curious sight at the height of the attack. Buildings poured forth specially manufactured smoke while red flares added to the simulation of buildings set afire by bombs. Detonations like exploding bombs could be heard.

And from the shelters below street level came the call:

"Have all the gassed and wounded been brought in?"

Crops And Timberlands Wilt Beneath Intensive Heat Wave

Prospects for Bumper Crops in Many Parts of Dominion Vanish as Scattered Clouds Fail to Bring Much-Needed Rains—Dangers of Major Forest Conflagrations Increase with Outbreak of Minor Blazes.

Ottawa, July 27.— (C) —Canada's crops today are threatened by the ravages of heat and timberlands by onslaught of wind-fanned flames.

From east and west came complaints of rainless, sweltering weather. The prolonged period of drought and heat threatened ruin to crops in many areas and magnified the hazard of forest fires.

Across the western wheatlands anxiety mounted as a twelve-day heat wave continued to cause serious crop deterioration and forecasts of showers show no immediate signs of materializing.

Scattered clouds over Saskatchewan brought prophecies of relief although temperatures remained high. Scorching blasts continued over Manitoba's grain fields but farmers claimed there was still a chance of a fine crop despite the "terrible beating" the wheat already has taken.

In Quebec Province yesterday the mercury soared above the ninety mark. Humidity remained high and a near-record water consumption was reported in Montreal. Three Rivers wilted at the ninety-two mark and Quebec City registered ninety. Beaches and swimming places throughout the province swarmed with adults and children, escaping the torrid oppression of urban areas.

No serious bush fires occurred in Eastern Canada, but there was general agreement among forestry men that only extreme vigilance could prevent scores of small outbreaks in Quebec and Ontario kindling into major conflagrations.

In the Maritime Provinces weather was "still warm and sticky." Evening brought a cooler lapse and the district generally escaped much of the parching suffered by inland provinces.

The weatherman foresaw thundershowers for many parts of the country. Western Ontario was the only region to get fleeting respite in this form yesterday. At most points the rainfall was "scarcely enough to lay the dust" and the heat wave continued unabated.

Scores of small forest fires in Northern, Western and Central Ontario gave forestry officials a twenty-four hour task while farmers and fruit growers watched their prospects of a good harvest dwindle.

Inquiry Fails To Clear Up Mystery Of Fatal Collision In St. Lawrence

Continued from page 1.

Bernier said they saw no sign of his brother, the latter's twenty-five-year-old wife, their young son and Roy's twenty-year-old brother, Armand. The survivors made for shore after following for some distance the knifed schooner's aft which was floating downstream.

Captain E. C. Yergeault of the schooner Sinfonia which the Karisima Maru had passed below Deschaillons, said that when his schooner caught up with the motionless freighter Pilot Houde hailed him and asked if he had been "anything." Yergeault replied: "Only an oil drum floating."

Bernier said his schooner had carried oil drums.

With adjournment of the inquiry the Karisima Maru was given permission to clear port.

She sailed last night after posting a bond to cover possible litigation resulting from the sinking of the schooner.

BRIEF ANYWAY

Bridgeport, Conn., July 27.—(AP)—Myrtle Juckett's report to the 1939 convention of the Connecticut American Legion Auxiliary, if somewhat wistful, had the merit of brevity.

"As 8-40 liaison officer during the past administration," it read, "I have ever been on duty waiting for a call to be of service, but none have been presented to me."

She was an official of the "Eight and Forty," subsidiary organization within the Auxiliary.

FRANCO SEEKS HASTENING OF RE-BUILDING

Reorganization of Cabinet in Effort to Speed Up Economic Rehabilitation of the Country Reported Likely.

Burgos, Spain, July 27.—(AP)—Informed sources said today that General Franco would announce appointment of a "dynamic cabinet" tomorrow to hasten reconstruction of Spain.

It was expected formation of a Cabinet to succeed that which functioned during the last year of the Civil War would follow a session of Franco's ministers here tomorrow.

It was not indicated how many members of the present Cabinet, which includes Franco's brother-in-law, Ramon Serrano Suner, as Minister of Interior, would be retained.

Officials said an effort was being made to form a Cabinet that would provide work for the unemployed and see that reconstruction does not lag. Nationalist leaders said they expected the new Cabinet to be chosen on the basis of ability and special knowledge rather than along partisan lines.

REPUBLICANS REPLACE NEGRIN

Paris, July 27.—(AP)—The Permanent Committee of the Cortes (Parliament) of the old Spanish Republican Government has voted to name an administrative junta to replace Juan Negrin, former Premier, it was learned today.

The vote, taken in a secret meeting yesterday, was fourteen to five with two abstentions.

Committee members said that Negrin, after the vote was taken, charged the committee was a "Fascist Junta" and stamped out of the committee room.

CHURCH BELL WAS BLESSED AT ABERCORN

Mgr. Philippe Desranleau Officiated at Brief but Impressive Ceremonies at St. Simon Church.

Abercorn, July 27.—Special ceremonies, graced by the presence of Mgr. Philippe Desranleau, Coadjutor-Bishop of Sherbrooke, were a feature of the blessing of the new bell that had been procured for the Church of St. Simon.

More than three hundred persons were present at the brief but impressive services at which Mgr. Desranleau was assisted by Rev. Canon J. C. McGee, of Sherbrooke, and Rev. Father G. Martel, of Knowlton. Rev. Father Gaston Lassonde, of Ottawa, son of Mr. and Mrs. H. Lassonde, of Sutton, preached in English, while Mgr. Desranleau spoke a few words in French.

After benediction of the bell and the traditional ceremony of ringing by the parishioners a banquet was given at the old International Club where Mgr. Desranleau made another address. He paid tribute to the untiring efforts of Rev. Father D. Richard and to the cooperation of the parishioners who made possible procuring of the bell.

Mr. and Mrs. Al Russell, Miss Janet Cassidy and Mr. Fred Cassidy, of Cowansville, were at Mr. and Mrs. Earl Derrick's.

DISCOUNTS ANY SUGGESTION OF LIFE ON MARS

Latest Study by Astronomers Indicates that Moisture Sufficient to Maintain Human Life Is Lacking on Planet.

London, July 27.— (C) —Astronomers tonight will get their closest view of Mars they have had in fifteen years but no one expected to find indications that the planet is peopled by mechanized monsters or little red men.

Observers have been viewing Mars for some days already with important results and although tonight will mark Mars' nearest approach on its 1939 flirtation with the earth — a mere 36,000,000 miles separating them—the observations will continue for some weeks.

At Bloemfontein in South Africa, Dr. F. C. Silpher, American astronomer, who discovered indications last week of plant life on Mars, studied the planet last night but wind scarcely perceptible to the layman made the telescope sway so that the object danced too much for proper study.

Dr. W. H. Steavenson who for thirty years has been studying Mars through a twenty-inch telescope in his backyard in a London suburb, said the Silpher observations indicating a spread of vegetation in connection with the break-up of Mars' southern ice-cap should prove conclusively that the theory of man-made canals on Mars is "sheer poppycock."

He added that any Martian would have to stand a temperature ranging from 65 above to 115 below zero in a desert world where it never rains and vegetation appears only when the ice fields at the poles melt.

Canada Facing Fascism Under Party System

they oust Liberals and Conservatives in the next Dominion election.

The former Canadian Minister to Washington predicted the Dominion Government would cut guaranteed wheat price, 70 cents a bushel for No. 1 Northern basis Fort William, by ten cents "when they get over their fright" caused by the strong resentment of western farmers.

When the Dominion Government first announced its original plan to set the price at sixty cents a bushel, "the righteous indignation of Western Canada blew them out of their funkholes," the New Democracy chieftain asserted.

LISGAR

The July meeting of the Women's Institute was entertained by Mrs. Wesley Ford at her home with a good attendance of members and several visitors. The meeting was opened with the president, Mrs. Hughes, in the chair, by the Club Woman's Creed, and the minutes of the last meeting were read and approved. An interesting discussion was held by the members on what can be made from sugar and flour sacks. Mrs. Kenneth Cook, now living in Montreal, was present. Tea was serv ed by Mrs. Ford, assisted by Mrs. R. Montgomery, and Mrs. Hughes.

Miss M. Fear, of Asbestos, is visiting Miss Margaret Montgomery.

Miss Marion Montgomery is enjoying a holiday with her aunt, Mrs. C. Elliott, and Mr. Elliott, in Asbestos.

Mr. and Mrs. Roland Montgomery entertained about forty friends at a kitchen shower in honor of Mr. and Mrs. Winsin Duffy, whose marriage took place in Montreal on July 8. Games were played, and a pleasant evening spent. Mrs. Montgomery, in a few well chosen words, presented the newlyweds with many useful gifts. Mr. and Mrs. Duffy thanked their friends not only for the presents but for the good wishes which they greatly appreciated. Lunch was served by the hostess, served by Mrs. Moorehead, of Montreal, and the Misses M. Fleming, Adams, Duffy, Newell and Dowd.

Mr. L. Gouin spent a week in Montreal.

Sunday guests of Mr. and Mrs. J. Fleming were Mr. and Mrs. W. Driver, of Richmond, Mr. and Mrs. M. B. Fleming and son, Fred, and Mrs. W. J. Nelson, of Melbourne, and Mrs. Stewart, of Lennoxville.

BRITISH LINE PREPARED FOR OCEAN FLIGHT

First Scheduled Air Mail Service from Great Britain to Canada Will Be Inaugurated August 5, Authorities Announce.

Southampton, England, July 27.— (C)—The Cabot, giant new flying boat of Imperial Airways, is scheduled to take off from Southampton Water August 5 on the inaugural flight of a weekly airmail service between the British Isles, Canada and the United States.

Imperial Airways, operating the service in conjunction with Pan American Airways, expects to fly each way across the Atlantic once a week, using two aircraft, the Cabot and the Caribou. Tentative schedule calls for operation during August and September, only.

The Cabot will fly from Southampton to Foynes, Eire, in about four hours. At Foynes she will be refuelled in the air by a Harrow bomber converted into a flying tank car. The aerial refuelling will enable her pilot to lift her from the water of the Shannon river with a heavier payload than would be possible if the fuelling were completed on the water.

The flying boat will be refuelled on the water at Botwood, Nfld., and at Montreal, before she makes her final dash to New York. The voyage between Foynes and New York is expected to consume about twenty-four hours.

The Cabot is expected to start the return flight from New York August 9. She will be refuelled at Botwood.

Caribou will start the second westward flight August 12 and the service then will be in full operation, providing two round trips a week in conjunction with the Pan-American service.

About 1,000 pounds of mail, the equivalent of 25,000 letters, can be carried in each aircraft and the line will issue special envelopes.

Cabot's commander will be Captain J. C. Kelly while Caribou will be skippered by Captain D. C. T. Bennett. Both officers have had Atlantic flying experience in survey flights during the last two summers.

Unlike Pan-American, Imperial Airways plans no regular passenger flights until next year, at least, preferring first to test the reliability of the service with mail and crew.

Repealing Of Treaty Held Unfriendly

Continued from page 1.

Great Britain. Thus the moral effect of the termination was expected possibly to outweigh the economic effect.

Official circles disclosed the Government was studying possible means of economic retaliation for termination of the treaty. The news from Washington took Japan completely by surprise. A belief hitherto had prevailed that any proposal to terminate the treaty would be defeated.

Pending receipt of the official notification from Washington, the Foreign Office spokesman said he was unable to give the reason for termination of the treaty. Aside from the word "unthinkable," he declined comment.

The Washington action followed closely on last Friday's agreement by Great Britain and Japan on a basis for negotiation of their dispute at Tientsin — an agreement which the Japanese press and officials have indicated they consider as ending British assistance to the Central Chinese Government.

Authoritative quarters reported new differences of an unspecified nature had arisen in the committee negotiations to settle the Tientsin dispute—a quarrel begun by the refusal of British concession authorities to deliver to the Japanese four Chinese accused of assassination.

ACTION CLEARS WAY FOR ARMS EMBARGO

Washington, July 27.—(AP)—The United States cleared the way today toward an embargo against Japan by terminating the 1911 Treaty of Commerce and Navigation with that country.

Cordell Hull, Secretary of State, with the approval of President Roosevelt, sent a note to Japanese Ambassador Kensuke Horinouchi saying the United States would expect the Treaty to expire in six months.

When Congress meets in January it may proceed with legislation for an embargo on the shipment of raw materials to Japan, any legal obstacle having been removed by cessation of the treaty.

Mr. Hull's action, announced last night several hours after the Japanese embassy here had been notified, swept the capital with surprise. It followed by two days Great Britain's agreement with Japan recognizing the Tokyo Government's "special requirements" in China. It followed by only a few hours the decision of the Senate Foreign Relations Committee to defer consideration of the Vandenberg resolution calling on the Government to terminate the treaty.

Mr. Hull, through his note, opened the way for the Committee Chairman, Senator Key Pittman (Democrat, Nevada), to obtain action at the next session on the embargo resolution which he recently introduced. The United States is Japan's principal source of war materials, and Senator Pittman would exclude only agricultural products from the embargo.

Proponents of the embargo believe it would break the Japanese advance in China and force her to withdraw to her own shores. Opponents have expressed fear it might lead the United States into war.

Mr. Hull's note, on the face of it, was an innocuous notice with no reference to China, to an embargo, to rights of Americans in China, or to the Sino-Japanese war.

The note set out that in recent years the United States Government had been examining its treaties of commerce and navigation with other countries to see if any changes were needed. It then said the Government had concluded that the 1911 treaty contained provisions which need new consideration.

The 1911 Treaty was considered by the State Department a legal barrier to an embargo because of its language in Article III, Paragraph III—"Nor shall any prohibition be enforced by either country on the importation or exportation of any article from or to the territories of the other which shall not equally extend to the like article imported from or exported to any other country."

Mr. Hull's move followed a series of Far Eastern developments in the last few days affecting American interests. On Monday an American naval warrant officer, Robert Baker, was assaulted by a Japanese naval sentry at Hankow and arrested.

Yesterday two Americans at Peiping—Father Daniel Scannell and M. E. Smithberger — were slapped by Japanese soldiers.

TENNIS BALLS' WEIGHT CAUSES SEABRIGHT ROW

Players in Current American Tourney Demand Lighter Balls—Bob Riggs, Elwood Cooke and Jack Crawford Ousted.

Seabright, N.J., July 27.— (AP) — The weight of a tennis ball tareatened today to provoke an international situation.

Because several players in the current Seabright tournament--including Adrian Quist and Jack Crawford of Australia — complained that the balls in use picked up too much grass and were so heavy they couldn't be controlled, Walter Pate, American Davis Cup team captain, conceded it was possible they might be changed before the Cup challenge round in Philadelphia.

Pate said he would consult with officials of the Australian team, odds-on favorites to win the right to challenge the United States for the classic trophy.

Bobby Riggs and Elwood Cooke, Wimbledon finalists who bowed out of the current competition in stunning upsets yesterday, both spoke out in favor of a lighter ball. Not only the losers were kickers, either, because Bryan Grant, mite Atlantan who conquered Crawford, said the heavy ball severely handicapped a light hitter like himself.

Riggs, disappointed principally because he lost a chance to retire the Seabright Bowl with a third title triumph, praised his conqueror, intercollegiate champion Frank Guernsey.

Guernsey, twenty-two, faced Gilbert Hunt of Washington, D.C., today in the quarter-final round. Hunt is ranked nationally at No. 10, two notches about his Orlando, Fla., opponent.

Sharing attention with the Guernsey-Hunt match was the clash between Grant and Jack Kramer, of Montebello, Calif., seventeen-year-old conqueror of Cooke. Grant is the highest seeded player left in the tournament, but observers who watched Kramer romp through the highly-touted Cooke predicted the Atlanta atom would be in for a battle.

Other quarter-finals brought together John Doeg, former national titleholder, and Don McNeill, who beat Gardnar Mulloy; Frankie Parker, conqueror of Frank Shields, and Wayne Sabin, who eliminated the Czecho-Slovak, Ladislav Hecht.

Ziolas told police he was perfectly willing to give the balls back except for one thing—he never saw them.

DANVILLE SUED BY SILK FIRM FOR DAMAGES

Binz Silk Company Seeking $28,000 as Result of Fire Which Destroyed Plant Located in Municipal Building.

A $70,000 fire that last December destroyed the Danville Town Hall had its aftermath in the local Superior Court today when attorneys for the M. E. Binz Silk Company fyled notice of an action for damages of $28,-404.64.

Named as defendants are the Corporations of the Village of Danville and of the Township of Shipton, and W. Z. Matthews, Danville merchant. The municipalities are sued in their capacity as owners of the razed structure while status of Matthews is not revealed.

A branch plant of the Binz Silk company was housed in the Town Hall where the firm had been manufacturing dress goods and underwear for about six years before the fire. At the time of the conflagration it was said that the Silk Company carried insurance of $12,000 on their machinery and accessories while owners of the building carried only $15,000.

The legal action instituted today follows a threat to sue issued by Binz Company officials some time ago. No action was taken by the municipality on the advice of J. E. Perrault, K.C., of Arthabaska, former Provincial Minister of Roads.

Besides the manufacturing plant, the Post Office, offices of the municipalities and of the School Commission and the Danville Badminton Club were housed in the structure.

GREAT POULTRY SHOW TO DRAW MANY THOUSAND

Five Thousand Birds, Prize of World Flocks, on Display at Seventh Annual Show at Cleveland.

Cleveland, July 27.—(C) — Five thousand of the finest poultry specimens in the world strutted for championship honors today in the judging of live birds, a preview to the formal opening of the Seventh World's Poultry Congress.

The arrival of Henry Wallace, Secretary of Agriculture, and foreign delegations will signal the opening of the mammoth exposition tomorrow. More than 200,000 visitors are expected to attend the Congress sessions and view the five acres of exhibits during the eleven-day exposition.

Canada is represented by a large exhibit and next Monday, which has been designated Canada Day, the Congress will be addressed by Hon. James G. Gardiner, Canadian Minister of Agriculture. A detachment of Royal Canadian Mounted Police will perform a musical ride.

More than 15,000 fowl will be on display and it is forecast that 22,000 eggs will be laid by the show poultry before the Congress ends. Many of these eggs will be used in egg menu demonstration.

RAIL WORKERS END SLOW-DOWN STRIKE

Buenos Aires, July 27.—(AP)—Railway workers' unions decided last night to end their "slow down" strike on the Buenos Aires and Pacific line "in view of the Governments's threat to withdraw recognition" of the unions' legal standing.

The strike, a slowing down of operations, was called in protest against pay cuts which the Government Railway Board authorized because of reduced revenues.

DR. Y. LAROCQUE WAS BURIED AT COWANSVILLE

Large Number Attended Last Rites for Drummondville Physician, Drowned in St. Francis River Last Monday.

Cowansville, July 27.—Representatives of the clergy and of the medical profession joined with citizens of Cowansville and the district this morning to pay last tribute to Dr. Yvon Larocque, of Drummondville, who lost his life while bathing in the St. Francis river Monday evening.

Dr. Larocque, who was thirty years old at the time of his death, was a native of Cowansville where his parents still reside. He followed his classical course at the St. Hyacinthe Seminary and studied at the University of Montreal, graduating in 1936. He had practised in Drummondville for fourteen months and had become prominent as an officer of the Junior Chamber of Commerce and physician to the Drummondville Athletic Club.

Funeral services this morning were held at St. Therese Church and were conducted by Rev. Father J. B. Archambault, Superior of St. Hyacinthe Seminary. Rev. Father Mathieu and Rev. Father Laplume, both of St. Hyacinthe, acted as deacon and subdeacon, respectively. An augmented choir was under the direction of Dr. S. Perron, of Cowansville.

Bearers were five members of the medical profession namely Dr. J. Beaudry, of Cowansville, Dr. R. Bombardier, of Thetford, Dr. J. A. Blanchard, of Richelieu, Dr. J. Julien, of Montreal, and Dr. D. Pothier, of St. Hyacinthe, and Victor Marceau, who was with Dr. Larocque at the time of the accident that claimed his life.

On guard in uniform during the ceremony were two members of the Garde Aramis, of Drummondville. Also present at the funeral were large delegations from St. Joseph's Society and L'Alliance National, of Cowansville. Many classmates of Dr. LaRocque from Montreal and other centres came to Cowansville for the funeral.

In the sacristy were Rev. Fathers Mauger, Leclair, Ostiguy, F. Beauregard and J. P. Beauregard, all of the St. Hyacinthe Seminary.

Surviving are his parents, of Cowansville; two sisters, Mrs. John Asselin and Mrs. Eddy Lussier, of Drummondville; five brothers, Eugene, Marcelline, Gaston, Paulin and Clement, and a half-brother, Roland Bernard, all of Cowansville.

FRENCH REGARD RUSSIAN PACT AS COMPLETED

Hoped that Mutual Assistance Agreement May Be Concluded Late Today or Before Week-End at Latest.

Paris, July 27.—(AP)—General Joseph Edouard Doumenc, newly appointed member of the Superior War Council, was designated today to represent the French General Staff in military conversations at Moscow with Russian and British officers.

General Doumenc will undertake this mission as soon as negotiations for an Anglo-French-Russian mutual assistance treaty have been completed.

Advices from Moscow and London indicated an agreement was near, and might be reached in a meeting in Moscow late today. French circles expected it before the week-end.

When General Doumenc goes to Moscow he will be accompanied by aides from the French General Staff.

A French Foreign Ministry spokesman indicated an accord was near, but also showed a wariness born of three months' intensive negotiations which had suffered many hitches. Reports published in Paris yesterday that an accord had been reached were called "premature."

Military staff talks among the three nations, it was said, were probable by the end of next week.

City Should Be Represented On Delegation, States Mayor

Keen Interest in Premier Duplessis' Plan for Visit to Ottawa of Quebec Mayors Shown by Mayor Armitage—Delegation Will Probably Visit Capital on August 10.

Although Sherbrooke to date has not been invited to take part in the proposed visit of Quebec mayors, led by Premier Maurice Duplessis, to Ottawa in connection with unemployment and relief will be discussed this afternoon by the Sherbrooke City Council, Mayor Marcus Armitage stated to a Record reporter today.

"If there is to be a conference of all mayors of municipalities requiring relief, the City of Sherbrooke should certainly be represented," the Chief Magistrate declared.

Sherbrooke's unemployment relief problem has been somewhat of a cause for headache on the part of the City Fathers these past few weeks. Just how the situation will shape itself during the next few days is difficult to say. Sherbrooke has been told that contributions to public works schemes from Quebec will stop and that the city will have to revert to direct relief or the "dole" system August 1st, and has also been informed by Quebec authorities that the Provincial Government is prepared to pay 50 per cent of public works if Ottawa is agreeable to shoulder the other half. There has been communication with Ottawa and Quebec, but no definite plan has yet been formulated.

Mayor Armitage displayed keen interest today in Premier Duplessis' plan for a visit to Ottawa of Quebec mayors. He appeared to think that such a conference might hold the key to the situation. Meeting in committee this afternoon, he said, the Council will discuss fully this latest development in the relief impasse brought on by the failure of the two governments to reach a satisfactory understanding on the manner in which unemployment works are to be handled.

Mayor Armitage had no idea whether the delegation would present to the Ottawa authorities a 50-50 plan as submitted two days ago by the city under the instigation of Quebec.

Montreal, July 27.—(C)—The delegation of Quebec mayors, led by Premier Duplessis, probably will visit Ottawa August 10 for a conference with Prime Minister Mackenzie King and the Federal Cabinet concerning unemployment and relief.

After the meeting in Quebec yesterday when leading provincial mayors conferred with Mr. Duplessis and agreed to sound a call to all Quebec Mayors to go to the Federal capital, it was announced in Ottawa that the Dominion Cabinet would receive the delegation next Tuesday or Thursday the week following.

Mr. Mackenzie King would not be able to attend the next Tuesday meeting but would be in Ottawa for a parley on August 10 and it is understood here that the mayors will wait until the latter date to go to the capital.

Mayor Alphonse Moussette, of Hull, vice-president of the Union of Quebec Municipalities, last night reported to the president, Mayor Napoleon Courtemanche, of Montreal East, on the conference with Duplessis.

With Mayor Camillien Houde, of Montreal, the Hull Mayor was one of a group that received a promise from the Quebec Premier to head a delegation "any time" to discuss unemployment relief problems with the Dominion Government.

Mayor Houde also conferred with Mayor Courtemanche but neither the Montreal nor Hull mayors would make a statement on their conference.

STARTING WORK ON RETAINING WALLS MONDAY

Between 25 and 30 Unemployed Will Be Engaged on Projects Sponsored by Federal Government As Relief Measure.

Construction of retaining walls along the St. Francis River, paid for by the Federal Government as a relief measure, will start Monday morning, City Engineer William Veilleux announced this morning.

Between twenty-five and thirty unemployed will be engaged on the project with more to be added in the future, Mr. Veilleux said. This number does not include the truckers who will have to be engaged to haul stone from the quarries to the river banks.

Over $17,000 has been allotted by Ottawa for the building of the walls which are to be extensions of the structures already erected by the city. All of the work will be done on the south side of the Aylmer bridge on both sides of the river, 250 feet to be built on the Lansdowne Market side, 500 feet to be constructed on the East Sherbrooke bank.

Stone for the project will be procured near the city limits on Wellington street south where the rock formation is easily accessible and the material of a superior grade to that in other quarries in the city. Only materials to be bought will be cement and iron railings for the top of the walls.

City Engineer Veilleux could not state how long the building of the walls would take but said progress would be comparatively slow at first as inexperienced men were being hired.

MERCURY TOUCHES RECORD HIGH FOR SUMMER

The mercury at the Lennoxville Experimental Farm soared to a new high mark of 90 degrees for this summer yesterday, as district citizens sweltered in the season's hottest spell. Relief from the depressing heat was forecast today, with "cooler and thunder showers" predicted by the barometer. Yesterday's minimum was 57.

Many E.T. Pupils Successful In High School Leaving Examination Papers

One hundred and thirty-four pupils from twenty-four Eastern Townships schools successfully wrote the High School Leaving Examinations which were conducted by the Department of Education last June, Dr. W. P. Percival, Director of Protestant Education for the Province of Quebec, announced today.

In the list appearing below the schools as well as the names of candidates are given in alphatetical order. After the name of each candidate appears the class standing obtained as follows: Class I, 800 marks and over; Class II, 650 to 799 marks, and Class III, below 650 marks.

Dr. Percival explains that there has been a steady and remarkable increase in the number of candidates writing the High School Leaving Examinations in recent years. "The appeal of the Protestant High Schools can be judged in part by the fact that during the past ten years the number of pupils writing the complete High School Leaving Examinations has risen over 140 per cent namely, from 701 to 1,688. The increase in the number of candidates this year over last year is 164," he states.

Of those who wrote the complete examinations 1,201 passed, or 71.7 per cent. This is a slight gain over the 1938 results. An additional 216 candidates wrote partial or supplementary examinations last month.

Exclusive of Oral French 16,427 papers were written in the various subjects of the examination. The percentage of failure in the major subjects is as follows: English Literature, 8.1; English Compisition, 10.2; Written French, 10.7; Chemistry, 25; History, 14.3; Algebra, 19.3; Geometry, 19; Physics, 22.2; Latin Prose, 18.4; Latin Poetry, 22.3.

In order to obtain the High School Leaving ceretificate it is usual for candidates to pass in English Literature, 8.1; English Composition, Written French, and at least four others from a long list of options. When students write on more than six optional subjects, the six highest marks of those subjects are taken with the compulsory units to make up a maximum total of 1,000 marks. A few pupils exercise the privilege of substituting for the science subject such options as Art, Music, Intermediate Mathematics, German or Greek.

Successful candidates may present their High School Leaving certificates to the Universities, where they will be accepted at face value "pro tanto" for admission. Supplementary examinations in all subjects will be held early in September in Montreal. Those who wish to write these supplementary examinaitons must send their applications before September 1 to the Inspector General of Protestant Schools at the Department of Education, Quebec.

The successful Eastern Townships candidates were:

GREAT BRITAIN AND CIVIL AVIATION

Although the tremendous strides made by the British aviation interests in the development of military and naval flying has to a great extent overshadowed the improvement in civil and commercial aviation, the latter fields have not been neglected, as the announcement by the Air Ministry that it plans trans-Atlantic sub-stratosphere service for next year indicates.

According to the announcement, the service will be carried out with land planes spanning the ocean at a cruising speed of more than four miles a minute, three thirty-two ton machines, designed to cruise at 275 miles per hour at 25,000 feet having been ordered for the service already with one being at present under construction.

The Society of British Aircraft Constructors, disclosing details of the new planes, said each would have a 3,000-mile range bucking a thirty-mile headwind with a payload of 7,500 pounds in addition to seven-man crew. One-third of each plane's loaded weight of 71,000 pounds will be structural weight and one-third fuel and oil.

The planes will be powered by four fourteen-cylinder, sleeve valve engines.

The passengers—twenty-four on day trips and twelve on night flights—will be sealed in a "pressurized" fuselage and will breathe super-charged air approximating sea level density and obviating the need for individual oxygen apparatus. Engineers believe that the ordinary all-metal, stressed skin construction will be suitable for the pressurized fuselage.

Thus it is obvious that in the airplane industry, like other lines of endeavor, Great Britain is not subordinating its peacetime needs to its war endeavor, but is rather seeking to develop both at the same time, making one complementary to the other.

MORE FOOLISH BY-LAWS

The problems connected with unemployment relief, drought damage and the other questions of life in the thirties have probably diverted the attention of Regina law-makers and law-enforcers from the more important questions of life, as a survey of many enactments on the statute books shows several measures are far from being enforced.

For instance, "riding or driving any horse" in a public park to the common danger is a provision recalling the days when prosperous families went for a Sunday drive in a horse-drawn buggy.

Regina residents must have done most of their spring cleaning in the parks thirty years ago, for the regulations of the then-young municipality state "No person shall shake, beat or otherwise clean any carpet, rug or bedding in a public park."

Use of the greensward to make two cubes roll to the perfect combination, and even a quiet game of chess under the spreading elm are among the things prohibited by the section of the by-law dealing with games of chance.

Childhood lovers who carve hearts and arrows in trees come under the section, making it criminal to "deface, disfigure or destroy park property."

Undoubtedly this freer generation has broken many of the by-laws, but the fact remains that "it's the law" and incidentally a fine of fifty dollars accompanies each offence.

WATER DRINKING SHOCKS LONDON

Although Great Britain's summer "heat wave" is now a thing of the past, it still brings bad memories to the London Metropolitan Water Board which even today can raise a cold shiver over the amount of water citizens used during the three weeks in which the warm wave settled over the country. So great was the consumption of water, this august body announces, that something is to be done about it.

An all-time record for water consumption was created during the period, the Board states, with use reaching 410,000,000 gallons a day, or fifty-one for every man, women and child in the Metropolitan area. Top gallonage was three gallons per day higher than the previous record, and the Board which talked of emergency precautions in 1934 when the figure was thirty-nine gallons a head, became thoroughly worried despite its reserve of 15,000,000,000 gallons.

More baths, more drinks, more water for lawns and plants helped to push up the total in June, but the Board maintains the great contributory factor was sheer carelessness, being the waste from taps the householders did not close properly. The Board members, disturbed for some time by Londoners' carelessness, considered imposing penalties on wasters, but did not announce what they were likely to be.

Apparently Sherbrooke is not the only city to suffer from water supply troubles, although London's question is one of quantity while here it is one of quality.

VALUE OF SCOUT TRAINING

Once again the inestimable value of the training in woodlore given by the Boy Scouts and similar organizations is illustrated in the case of twelve-year-old Don Fendler, who emerged from the dense Maine woods after being lost for twelve days, suffering comparatively little injury. The youngster, separated from his father and brother by the clouds on a mile-high mountain, wandered for some time until he came to a stream. Here his early training first came to his assistance. Realizing that the bulk of the streams lead, sooner or later, to civilization, he followed it down-stream. He followed this course for some days until he came to a telephone line.

To anyone with the least knowledge of the woods, it is obvious that telephone lines through dense forests just "Don't happen" but usually go from somewhere where there are people to somewhere else where there are more people. He left the stream and followed the line until he came upon the sportsman's camp where he found food and shelter.

The cool-headed behaviour of young Fendler, who made the best use of his training, is in marked contrast to the actions of many city youths, who when lost in the woods do almost everything they should not do and as the result often speed their own deaths. It is also a marked tribute to these teachers and instructors who taught him the ways of the forest.

MORE GOVERNMENT BRILLIANCE

A new example of brilliance in Government affairs has been discovered by some Washington stickler for detail who has uncovered the rather startling fact that while the United States Congress has appropriated $350,000 to send an expedition to the Antarctic, it has done nothing specifically about getting it back.

All sorts of dire prospects can be summed up if the money does not last for the round trip to be undertaken during October, the expedition being led by Rear-Admiral Richard Byrd. If everything goes well, the 180 men will arrive in the frigid lands during December, giving them two months to mush to their base before the long Antarctic winter sets in.

And there they will be. But in the meantime, what will be happening in Congress, which is the real base of supplies, because that is where the money comes from?

Just about the time that Byrd and his Antarctic companions are digging in and trying to get warm, the United States Congress will be getting down to business in its 1940 session. And 1940 is an election year in the United States—not a very opportune time for Congressional minds to wander way off toward the fate of the fellows at the South Pole.

Really it is a shivering situation. Suppose the pemmican, on which Antarctic explorers are supposed to exist, starts to run low about the same time a filibuster starts running strong in Washington. Or suppose, as is probable, a heat wave sweeps over the capital during the period the additional Antarctic appropriation comes up and the lawmakers—bent on economy—reason that anybody at the South Pole is well off.

The expedition is really well-equipped, comprising three huge tanks, one tractor truck the size of a trans-continental bus, 150 dogs, loads of data, maybe a plane or two, and all the traditional trimmings, with perhaps a pair of boots or two to boil. And that is a lot of stuff to get stuck with at the South Pole.

Of course, maybe Commander Byrd has thought of these things too and will make the necessary arrangement for his return before he leaves, but a wandering mind can think of many things which might happen if the money was to run out.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record.
July 27th, 1909.

Promising to be a strenuous session, a meeting of the High Court of the Independent Order of Foresters will be held in Montreal in September. Among other matters to come up will be a proposal to divide Quebec into three high court jurisdictions with the Eastern Townships as one of them. At present there are over three hundred courts in the province.

Lake Lester is becoming more and more popular as a summer resort and a marked increase is noted this season in the tourist trade. Most of the cottages are now occupied and the club house is doing a profitable business.

Stuck by lightning early this morning, Hyatt Pond's barn at Stanstead was burned to the ground. The owner succeeded in saving two horses and a cow but was severely burned himself.

The Methodist Church at South Durham is undergoing extensive repairs under the direction of James Watt, who has the contract. The structure is being raised in order to have a basement built underneath. Services are being held in the Town Hall until the repairs are completetd.

Setting a new automobile record in many respects, Mr. and Mrs. C. B. Howard and Mr. and Mrs. D. J. Salls recently drove through the White Mountains, New Hampshie, the Adirondacks and New York State. They covered about 1,000 miles in their 45 h.p. machine without a single breakdown or accident of any kind.

A scarcity of pork is reported by E. B. Fischer, of Coaticook, who has been purchasing cattle in this district. Beef cattle, however, are quite plentiful.

Many interesting comparisons can be made through a map of the Province of Quebec recently issued by the Department of the Interior. This map gives the elevation of various towns and cities in the Eastern Townships and gives ample proof as to why this section of the province enjoys pure air. Spring Hill is the highest railway point mentioned being 1,690 feet above sea level. At the C. P. R. Station, Sherbrooke, the elevation is 643 feet while that at lower town is 100 feet lower.

PRESS COMMENTS

"FOR THIS RELIEF"
(Winnipeg Tribune)

A section of the public sometimes gets the impression that newspapers positively enjoy presenting "war scares," "alarmist headlines," and so forth. A few weeks' work around a newspaper office would correct this in the mind of any unbiased observer. If the public only knew how little newspaper men like handling, day in and day out, the gloomy sort of reports which have come from Europe during the past year. If it only knew with what eagerness the men at the copy desk pounce upon the bright happy story and with what joy editors seize upon the constructive as against the destructive development. If the public from time to time wearies of gloom, war, threats of war and destruction, how about the men whose daily diet these are too often throughout all their working hours? If the Royal visit was a relief to the public, fed up on a diet of gloom, it was a delight to news rooms and editorial officers, in spite of the immense burden involved—because it gave us al the chance to dwell upon a brighter side of life.

IN DULCET TONES
(Brantford Expositor)

Strange are the uses of that terrible weapon, propaganda. Stranger still are the antics of some of the people who employ it. Take the case of Nazi No. 1 Propagandist Dr. Goebbels and his department, for instance. Under the instructions of these specialists, German radio stations commenced a series of broadcasts in Polish. They resembled the usual Goebbels ranting as little as a purr resembles a snarl. Said one announcer, for example: "Misunderstandings frequently arise betwen neighbors but are never impossible of solution." What striking contrast existed between those persuasive dulcet tones and the characteristic "demands" screamed by Herr Hitler or roared by Herr Goebbels!

This sudden change of play, consequent no doubt upon the newly stiffened attitude on the part of Great Britain and France, presents a ludicrous likeness to the celebrated story of the big bad wolf and the three little pigs.

Poland is not likely to be deceived by honeyed phrases but, at the same time, the latest German tactics do seem to indicate a sharp backing down from the erstwhile imperious attitude affected by the Nazi leaders.

FARMER IN THE CABOOSE
(Kitchener Record)

The next time you are tempted to haggle with a farmer over the price he's asking for his potatoes, or whatever he has for sale, just remind yourself that the primary producer has been riding for quite a long time in the caboose insofar as increased earnings are concerned.

Addressing the Holstein Breeders' Associations of several of the Eastern Ontario counties the other day, Hon. P. M. Dewan, Ontario Minister of Agriculture, quoted figures to show that in the past twenty-five years the wages of urban workers have increased ninety-one per cent, the cost of merchandise bought by the farmer has increased thirty-two per cent, while the farmer receives only twelve per cent, more for his produce.

Some day the farmers are going to become more assertive and get organized in much the same way as the manufacturers, merchants and factory hands. When that day comes they will be getting a more equitable share of the consumer's dollar.

SMOKERS CAUSE MOST FIRES
(Sault Daily Star)

Chimneys flues, cupolas and smoke stacks continue to be an important source of fires in buildings and the report of the Ontario fire marshal's office shows that in April, May and June they were responsible for 257 fires in the province with a total loss of $89,285. Stoves, furnaces and so on accounted for another 390 fires with a loss of $76,632.

But a much more serious factor, the report shows was cigars, cigarettes and carelessness in smoking, which in that period accounted for 973 fires with a loss of $235,890.

Losses from fires caused by electricity amounted to $80,619, sparks on roofs with wooden shingles $70,457 and matches $31,912.

PARTY GOVERNMENT AND FREEDOM
(Ottawa Journal)

Some of our young people, betrayed into the pose of the "intelligensia," are inclined to be cynical of parties, to flatter themselves into belief that parties are outmoded, are a badge of the slave mind, of inferior intellect. They are wrong. Edmund Burke, whose intellect was probably as good as the sharpest of our young minds, said that party divisions, whether on the whole operating for good or for evil, are "things inseparable from free government." Disraeli said that "without party Parliamentary Government is impossible," while one of the greatest of American statesmen, James A. Garfield, added that "all free governments are party governments."

That—the aspect of free government—is the thing scoffers at parties overlook. They point to the imperfections of parties, just as critics of democracy point to democracy's imperfections, forgetting that the comparison of parties is not with perfection but with whatever we should have to put in their place.

Only two things could we put in their place. We could go over to anarchy, with every man thinking, working and acting for himself, and with no government at all; or we could go over to autocracy, under which there would be no parties, but only one party, and that party the State. They have been resorting to this last—autocracy—in a good many countries. In Russia, in Germany, in Italy, all totalitarian states, all autocracies, there are not parties; to either the Nazi party, or the Fascist party, or the Communist party. If they were to insist upon thinking for themselves, or to try to form an opposition party, they would most likely be imprisoned or shot.

And, after all, despite all their failings, parties make no ignoble showing before the bar of history. They have given some great names to the scroll of freedom. Pitt was a party man, and Burke and Fox and Canning. O'Connell was a party man, and Peel and Palmerston and Gladstone. Disraeli was a party man, and Rosebery and Balfour and Asquith. They were not inconsiderable people. They were considerable enough, at all events, to develop free government and democracy, and to build the Empire we know.

And as in England (and one might also cite the great names of France) so on this continent. The greatest name in democracy, and in human liberty, is Abraham Lincoln. He was a party man; was, indeed, the founder of the modern Republican party. And one thinks also of Thomas Jefferson and Andrew Jackson, who founded the Democratic party.

In Canada, party leaders, the last word of censure levelled against them, fill a great niche. Macdonald, Brown, Tupper, Galt, McGee, Cartier, Laurier, Borden—party men all—they did something for Canada.

Independence of thought, allied with courage, is a virtue. But it is a virtue which, unless it be diverted into practical channels, may do more harm than good. In politics, the independent mind does its best work when it works within a party; when it seeks to reform and better a party from within rather than to tilt with windmills from without.

Our own advice to young men—and we have seen something of politics and public life in our day, too—is that they join a political party; that, having joined it, having decided to march and bivouac with it, they determine to make it the best possible instrument for the common and national good. In the task of citizenship, of maintaining freedom and democracy as a way of life, they will find no better way of practical service to their country.

FRENCH PRESS

TOLERATION AND PATRIOTISM GO TOGETHER
(Le Canada, of Montreal)

If we are to judge by the tone of the articles and the speeches on the recent patrimonial festival of the French-Canadians, the latent force of British sentiment in this country, as it was expressed in the course of the Royal visit, is understood and this factor is included in attempting to fathom the mystery of the national future. The partisans of integral nationalism, of separatism, of Pan-Americanism have toned down their claims.

Everyone is free to practise patriotism as he understands it, but on condition that he does not injure the cause which he pretends to serve. It is not because an idea appears to be noble, generous, legitimate that it should be demanded at the risk of compromising order, social peace and the happiness of his compatriots. In a word, tolerance is worth more than the exaltation of patriotic devotion.

There is nothing that is just that cannot be obtained by constitutional methods. Whosoever thinks over his civic duty realizes that such duty consists in safeguarding acquired rights, in not rejecting partial satisfactions, in never betraying a solidarity that is imperatively necessary. Summing up, it was by the practice of the most modest virtues that our fathers merited the great part of the liberties which we enjoy today.

HAVE A SMILE

The playboy sat in his hotel room, penning a sonnet to his latest love. At two in the morning he picked up the 'phone and called the desk clerk.

"Maybe you can help me," said the playboy. "I need a word to rhyme with 'sweet.'"

The clerk pondered for a moment. "How about 'fleet'?" he suggested.

The playboy gripped the 'phone. "You leave the navy out of this," he roared. "This dame is a one-man girl!"

There was trouble in the Wild West saloon, and guns were blazing away when a mild-looking little man walked right through the battle and leaned negligently against the bar. He ordered a drink from the barman who was crouching behind the counter.

When the shooting died down, the proprietor congratuated the man on his nerve.

"Oh, that's all right," he smiled. "I'm safe. I owe everbody in the place money!"

Passenger (rushing to the platform): "Shall I catch the express—has it gone?"

Stationmaster: "The train's late."

Passenger: "Late? It's disgraceful the way these railways are run!"

Mother: "But, Betty, why do you not want to come and visit Mrs. Devere with me."

Betty: "My dolly hasn't a thing to wear."

A girl called on a farmer in response to an advertisement for a shepherd, and offered her services.

"No, no, my lassie," said the old farmer. "I advertised for a shepherd, not a shepherdess."

"I know that, but surely there is no reason why the work should not be undertaken by a woman?"

"Well, a woman once tried it and made a mess of it."

"Who was she?"

"Bo-Peep."

"Are your neighbors honest?" the old negro was asked.

"Yassir, dey is."

"But you keep that loaded shotgun near your hen coop."

"Yas, dat's to keep 'em honest."

CLEVER DEFENDERS RETAIN LEAD TO CHECK DECLARER'S LONG SUIT

This is the tenth misplayed hand I watched recently. First, the declarer is to be complimented on his nice hidden entry play. Nevertheless, the contract could have been defeated.

West went up with the king of diamonds on the opening lead, and declarer won the trick with the ace. He then led the club and finessed the queen. When it held, he cashed the ace and led a small club, on which he made the very brilliant discard of the spade queen. He had discarded a small heart on the club ace, and to discard another would be dangerous. To discard a small spade would prevent him from getting into dummy with the spade jack.

When East won the third round of clubs, he played another diamond. North won and gained entry to dummy by leading a small spade, romping home with the contract. Can you see how easily this hand could have been defeated?

Solution to Bridge Quiz

After winning the third club, East should have led the ace of spades and then a small spade. The declarer could cash only eight tricks—six clubs, the diamond ace and the spade jack. Then dummy will be forced to lead a heart, and East has two sure heart tricks and the diamond queen, besides the two tricks already taken.

Today's bridge quiz: If you decide to open a doubleton suit, should you lead the high card or the low one?

Answer: A doubleton refers to a suit of only two cards. The higher card should be led, so that when you play the second card, partner can read it as "down and out."

STREAMLINED PRINCESS FROCK

MARIAN MARTIN

Pattern 9063

Be sure to include this Marian Martin frock in your vacation plans—as beguiling and pert a style as you've ever seen! The princess lines of Pattern 9063 are sleek and molding, but cleverly placed gathers over the bust give softening where you need it. The skirt has a swinging flare, and the neckline is charmingly sweetheart shaped. Don't miss the convenient buttoned closing all down the front. Make the dressier style in the new rayon sharkskin in whipped-cream white or in soft flowered print. The other ric-rac trimmed version would be smart in a gay cotton. A quick, easy style to make, even for beginners. Diagrammed Sew Chart included.

Pattern 9063 may be ordered only in misses' and women's sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 requires 4½ yards 39 inch.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this Marian Martin pattern. Be sure to write plainly your size, name, address and style number.

BUSY SESSION WAS HELD BY GROUP AT BURY

Bury, July 27. — The regular monthly meeting of the Bury Women's Institute was held at the home of Mrs. Hugh Morrow, with Mrs. McRae as joint hostess. The meeting was opened as usual by the president, Mrs. Parsons, with the Institute Creed and Lord's Prayer.

The minutes of the previous meeting were read by the secretary, Mrs. Provis, and approved. Correspondence was read and disposed of and Mrs. Goodenough was appointed to assist Mrs. Lindsay as convener of agriculture for the School Fair.

Mrs. McRae, convener of Canadian industries, gave out pamphlets on gelatine and with recipes for using same and read a letter regarding its use. Mrs. Parsons gave a reading on "My Brother's Keeper."

Mrs. I. Smith thanked members for fruit sent her during illness and several letters of sympathy were ordered written by the secretary. Programmes for the year's work have been received by the secretary, Mrs. Provis, and were given out to the members and visitors.

Arrangements were made for an afternoon tea and social to be held in the Memorial Park and the following named to the committee: Mrs. Parsons, Mrs. Mayhew, Mrs. McRae, Mrs. Hawley, Mrs. Provis, Mrs. Wooten, Mrs. Bennett and Mrs. Ross.

As the convener of national events was absent no paper or programme was given on the subject. Roll call was answered by six members and six visitors. At the close of the meeting lunch was served by the hostesses, Mrs. Morrow and Mrs. McRae.

GUILD HOLDS BUSY SESSION

A largely attended meeting of St. Paul's Guild was held at the home of Mrs. John Dougherty, Hardwood Flat. Mrs. Bown, the president, was in charge of the business session, and following the devotional period, which was conducted by Rev. Mr. Rowe, Mrs. O. Pickford read the minutes of the last meeting, which were adopted and the treasurer gave the monthly statement.

Work was given the members and knitting and quilting were accomplished.

During the social hour Rev. and Mrs. Rowe were welcomed by the members and the hostess served delicious refreshments, assisted by her daughter, Mrs. Eric Fisher, and Mrs. Gladys Johnston.

.. STRAWBERRY FESTIVAL PLANNED

The Women's Association was pleasantly entertained for the July meeting at the home of Mrs. Wright Goodenough. Mrs. L. D. MacLeod, the president, conducted the meeting, which opened with a Scripture reading and prayer.

Routine business then followed and correspondence was read. Final arrangements were completed for a strawberry festival in the park.

At the close of the meeting delicious refreshments were served by the hostess, who was assisted at the lunch hour by her daughter-in-law, Mrs. Carlton Goodenough, of Valleyfield. Several additional guests came in at the tea hour from Sherbrooke, Cookshire, Tillsonburg, Ont., and Bury.

Before Going On Vacation, Prepare For Return Home

Here's a story told by a far-sighted young business woman who, although back from vacation for more than two weeks, still retains the calm, rested look that everyone has immediately following a summer holiday—

"My vacation started on a Friday afternoon, of course," she began. "But, instead of packing hurriedly, I left Saturday night.

"I got up early Saturday morning, and then spent the entire day sewing on buttons and snaps, substituting new elastic for old, sending some clothes to the cleaner, pressing others myself and carefully hanging them up. I threw away unwearable stockings and figured out what to do with handkerchiefs I hate and never use. I turned up the hem in an office dress—a little job I should have done last spring.

"Finally, I cleaned the closet itself, wiping the walls and throwing out a couple of useless, badly crumpled hat boxes, some snapshots that meant nothing in my life, a ball of dusty ribbons.

"Later on, I went out and had my hair done, then came back to dress, eat dinner and catch the train in leisurely fashion.

"I suppose it sounds silly to advise anyone to spend an entire day of a vacation period getting clothes and a clothes closet in order. I wasn't sure, even while I was busily sewing on snaps, that I was being very smart. But I think now that I was. Home looked even sweeter when I got back to it this year. I was at work on time the morning after my holiday was over. And getting settled back down to the job seemed to be simpler than ever before."

Active Sport Is The Greatest Summer Physical Conditioner

If during the remaining weeks of summer, she could manage to play tennis or golf, ride horseback for an hour or swim a quarter of a mile three times a week, the average woman would look and feel younger and be more supple by the time the snow flies.

There are no two ways about it, active sports are the great weight-equalizers and hardeners of flabby muscles. Besides, with regular outdoor exercise, sagging skin becomes smooth and firm again, because circulation is improved and the muscles no longer are flabby. Hair and nails become healthier and stronger. The eyes have an alive sparkle, the skin a rosier glow.

If regular outdoor sports are quite out of the picture for you (they probably aren't, even if you think so) walking and skipping rope certainly shouldn't be difficult to manage. And if you walk two miles a day, stepping along briskly, holding your chest up, stomach in and backbone as straight as possible, you undoubtedly will see a marked improvement in your figure and posture within six weeks.

* * *

Try Rope Skipping

Unless your doctor advises otherwise, try skipping rope for five minutes in the morning and for five more minutes later on in the day. Keep your head and chest up, your stomach in and knees quite flexible and relaxed as you skip.

For walking or rope skipping, comfortable shoes with low heels or medium heels with a broad base should be worn. Clothing to be light and loosely fitted. A too-snug girdle and a narrow skirt are entirely out of order. That is, if you expect to get as much good out of your daily walk as a golfer does out of a tri-weekly game or a swimmer out of a tri-weekly quarter of a mile.

Runaway May Be Seeking The Security Of Friendship

Recently we visited some friends who live in the country. Their baby boy is three and a half. He knows no other children and has never known any.

He runs off. He got half a mile away to the main highway and was playing in the middle of the road when they found him. He escapes into the enormous orchard.

"I think he is hunting for other children," I told his family.

"That's it," cried his mother. "I took him to town the other day and he exclaimed whenever he saw a child, big or little. They seemed to be as much of a curiosity as monkeys or bears."

I could not help exclaiming, "What a pity." There was small Andrew, with his chum the big collie, playing all alone in a world empty of children. He had a million blessings so often denied the city child, but he ran off searching for something he couldn't find.

But I forgot Mary. Mary is his little friend. He made her up. She exists only in his mind but she plays with him, rides in his cart, and listens to his stories.

I said to Andrew's mother, "There could be a real Mary," and she said she intended to have another child.

"But you see," I added, "the little fellow is in his fourth year, when he needs other children to help him develop his intense ego."

"Then what would you do?" she asked.

"Give parties for him. Take him to visit. Ask people out to spend the day and bring the children. Start him to kindergarten as soon as you can, although it will be an inconvenience driving so far.

"He needs friends and he will run away until he find them. That is the psychology of most running-off, anyway, the adventurer being on the quest of something lacking or craved."

I think that small Andy's lonely days are over.

AFTERNOON TEA MUCH ENJOYED AT MARBLETON

Mrs. E. B. Husbands, of Montreal, Former Resident, Guest of Honor at Delightful Social Event.

Marbleton, July 27.—Mrs. M. Hunt and Miss Florence Hunt entertained at afternoon tea in honor of their house-guest, Mrs. E. B. Husbands, of Montreal.

Mr. and Mrs. C. Guy Bishop, of Sherbrooke, were visiting Mr. and Mrs. H. H. Bishop.

Mr. and Mrs. Bishop are on their way to England and other European countries. Their many friends and relatives here wish them a safe and pleasant trip.

Mr. W. E. Bartlett has returned to Levis to resume duties as Canadian Pacific Railway agent there, after spending a pleasant holiday with his family at Groveside Farm.

It's Girl Who "Pops" Question" Nowadays

With all the surveys being made these days, it was inevitable that someone should think of making a survey on marriage proposals.

Dr. Paul Popence, Los Angeles family relations specialist, had the bright idea.

One thing he wanted to know was, "Do women actually propose these days?" The answer, he reports, is "Yes."

Many of them do the proposing, and what is more, they have a high percentage of acceptances. Not all of them get their men, but seventy out of eighty-five do.

What, you may be wondering, is forcing women to get down on their knees (figuratively speaking) and propose to the men of their choice?

Undoubtedly the main reason is that so few young men are able to support a wife these days. And they still retain the old male notion that they should be able to before they pop the question.

But girls are getting pretty smart. Most of them have jobs, and, consequently, an answer to the man's hesitation. The answer is, "Let's get married" — with the understanding, of course, that the girl will keep on earning a pay check.

The only gloomy aspect to the situation is that men may get to liking being proposed to so well that they will eventually abandon the field to women.

We don't mind assuming the burden as an emergency measure. But we're still romantic enough to want to belong on the "Yes or No" instead of the asking side of the fence.

Earth-waves, set up by an earthquake, are of three types, two of which travel through the earth, while the third travels along the surface. Scientists know the speed with which these waves travel, and are able to determine the location of the quake.

TART FRUITS WILL RELIEVE SUMMERTIME SWEETS OF THAT "HEAVY-HANDED" TOUCH

Pineapple breakfast cake, hot and fragrant, plus coffee and sunlight, will make any early morning seem worthwhile getting up for—even to vacationers.

Even with sweet things we cannot be too heavy-handed in summer. Here are two gentle recipes for the touch of summer-time sweetness needed.

Lemon Chiffon Cake

One envelope plain unflavored gelatin, 1-4 cup cold water, 4 eggs, 1 cup sugar, 1-2 cup lemon juice, 1-2 teaspoon salt, 1 teaspoon grated lemon rind, 1 spronge cake layer baked in spring form pan.

Soften gelatin in cold water. Beat egg yolks and add 1-2 cup of sugar, lemon juice and salt. Cook in top of double boiler until consistency of custard, stirring constantly. Add softened gelatin to hot custard and stir until dissolved. Add grated lemon rind and cool. When mixture begins to thicken, fold in egg whites beaten stiff to which remaining 1-2 cup sugar has been added.

Pour on top of cool sponge cake layer in spring form pan to form a second layer. Chill. Just before serving, run a thin knife around edge of pan to free cake. Remove side of pan and frost cake with whipped cream.

Pineapple Breakfast Cake

(Approximately 6 to 8 servings)

Two cups sifted flour, 4 teaspoons baking powder, 3-4 teaspoon salt, 1-2 cup sugar, 6 tablespoons butter or other shortening, 1 egg, well beaten, 1-2 cup milk.

Two tablespoons butter, 4 tablespoons light brown sugar, 1 tablespoon flour, 1-2 teaspoon cinnamon, 1 can pineapple cubes.

Sift baking powder, flour, salt and sugar together. Cut in shortening. Add milk and egg which have been beaten together and stir lightly until flour disappears. Spread dough evenly in a greased 9-inch cake pan. Spread with 2 tablespoons butter which has been softened. Place well-drained pineapple cubes in a circular design on top and sprinkle with sugar, flour and cinnamon which have been mixed together. Bake in hot oven (400 degrees F.) for twenty-five to thirty minutes. Cut in wedges while in pan and remove pieces separately.

When Australia was discovered, the dingo dog was the only mammal on the continent which did not carry its young in a pouch.

TOMORROW'S MENU

BREAKFAST: Stewed fruit, pineapple breakfast cake, coffee, milk.

LUNCHEON: Spinach and onion souffle, toasted rolls, stewed rhubarb, gingerbread, iced tea with lemon, milk.

DINNER: Broiled halibut steaks, parsley potatoes, grilled tomatoes, lettuce and green pepper salad, lemon chiffon pie, coffee, milk.

MOST SATISFACTORY PATTERNS

When purchasing either silver or china, it is usually more satisfactory and economical in the long run to select open stock patterns. One can then add to or replace pieces without too much difficulty. Patterns are marked in many stores open stock until a given date.

VEAL NEEDS EXTRA FAT

Since veal is not a fatty meat, it's a good idea to lay strips of salt pork over the roast while baking. Season the roast with salt and pepper and bake skin side up in a covered roaster, allowing about twenty-five to thirty minutes to the pound. Veal should be well done.

The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your foot distress will be a thing of the past and best of all, free from all offensive odors.

And one bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort and real foot pleasure at last.

DEATHS REPORTED

MISS MIRIAM LOUISE PHELPS, AMHERST, N.H.

Amherst, N.H., July 27.—At the Memorial Hospital, Nashua, N.H., where she had been taken on Tuesday, July 11, for an operation, Miss Miriam Louise Phelps, of Amherst, N.H., died Sunday evening, July 16, 1939.

She was born in Lynn, Mass., April 25, 1919, the daughter of James H. and Marion Louise (Flagg) Phelps. The family have been residents of Amherst for about six years. Miss Phelps was a graduate of the Amherst High School, the class of 1937; a member of Souhegan Grange; sang in the choir of the Baptist Church; was a member of the Baptist Sunday School and belonged to the World Wide Guild.

Funeral services, conducted by her pastor, Rev. Amos F. Chase, were held from her late home on Middle Street, Wednesday afternoon, July 19, 1939. Burial was in Meadowview Cemetery, Leon C. Tucker being funeral director.

MRS. D. B. HALL, EAST ANGUS.

East Angus, July 27.—At East Angus, June 11th, the death of Mrs. D. B. Hall occurred in her 96th year. Widow of the late D. B. Hall, who predeceased her many years ago, Mrs. Hall was the former Clarissa Harvey and was born in the town of Newport on October 1, 1843. Since her marriage seventy-four years ago she lived in East Angus.

Though blind for several years she always took an active interest in all church affairs and in the activities of those around her, especially the young people. Mrs. Hall had a wonderful memory and until shortly before her death was able to recite many beautiful poems and hymns.

The funeral, which took place at her late residence, was conducted by Rev. C. E. S. Bown and was attended by a large number of relatives and friends. Three hymns were sung, all favorites of the deceased. There were many beautiful flowers showing the love and esteem in which she was held.

Interment was made in the Cookshire Cemetery.

She leaves to mourn her passing one daughter, Mrs. R. E. Laberee; one granddaughter, Mrs. A. M. Clark, of Montreal; three grandsons, Stanley and Milton Laberee and Reuel Hall, who acted as bearers, together with Wilford Harvey, of St. Johnsbury, a nephew, and other mourners were seven great grandchildren, one daughter-in-law, Mrs. S. W. Dean, and a host of relatives and friends.

MRS. THOMAS LANDERS, FARNHAM.

Farnham, July 27.—Mrs. Thomas Landers passed away at the Private Patients' Pavilion, Western Division of the Montreal General Hospital, on July 12.

The funeral service was held at St. James' Church, Farnham, on Saturday, July 15, with Rev. R. Gordon Ascah, of St. James' Church, and Rev. William Hannington Crouch, rector of the Episcopal Church at Colebrook, N.H., officiating. The bearers were Messrs. C. C. McCorkill, G. E. Standish, John Gough, C. L. Pope, C. S. Powers and Charles Murdock. Interment was made in the family lot in the Anglican Cemetery.

Mrs. Landers was formerly Elizabeth Charlotte Spoor and was the daughter of Orange Spoor and Charlotte Cook, pioneers of Farnham. Mr. Spoor was a prosperous farmer and a lumber merchant.

Mrs. Landers was a life-long member of the Anglican Church, a devoted wife and kind and loving mother, and her genial manner endeared her to all. She will be sadly missed as she had lived her entire life here with the exception of the past few years, when Mr. and Mrs. Landers spent the winter months with their daughter, Mrs. Kelly, and Dr. Kelly, at Colebrook, N.H.

Mrs. Landers leaves a husband, two sons and one daughter, Leon, of Moncton, N.B., Fred, of Mount Roland, and Muriel, Mrs. Bruce Kelly, of Colebrook, N.H., and four grandchildren, to whom much sympathy is extended. Many cards and messages of sympathy were received and the floral tributes were beautiful and numerous, showing the high esteem in which the deceased was held.

The chief mourners were Mrs. Landers' husband, Mr. and Mrs. Leon Landers, and daughter, Betty, of Moncton, N.B., Mr. and Mrs. Fred Landers, of Mount Rolland, Dr. and Mrs. Bruce Kelly, of Colebrook, N.H., and Mr. and Mrs. Fred Spoor, of Montreal, Mr. and Mrs. Thomas Green ,of Waldon, Vt., Mr. and Mrs. William Green, of Franklin Centre, and Mr. Arthur Green, of North Conway, N.H.

Others from out-of-town were Mr. Lyman Powers and Mr. Otis Kirkland, of Montreal, Mr. and Mrs. Charles Murdock, of Newport, Vt., and Miss Mable Simpson, of Granby.

JAMES S. ALLEN OF VANKLEEK HILL, ONT., FORMERLY OF MAGOG.

Vankleek Hill, Ont., July 27.—A well-known citizen of this community and a former resident of Magog died at his home on July 5 in the person of James S. Allen in his seventy-ninth year.

Mr. Allen was born in what was known as "Allen's Settlement" a son of the late Richard Allen and his wife the former Mary Ann Hunter. He was married to Anne J. Davidson and eventually moved to Magog where he resided about fifteen years and made many friends in the district.

In August, 1916, he came to Vankleek Hill to make his home. He was always active in municipal politics, having been a member of the Town Council and also of the Township Council. Mr. Allen was an honorary member of the Vankleek Hill Loyal Orange Lodge.

Besides his widow the deceased leaves to mourn his loss six children, Mrs. William Partington, Magog, Mrs. Leland Bachelder, Macdonald College, Mr. Richard Allen, North Hatley, and Mrs. William Tweed, Mrs. Douglas McIntosh and Mr. Lloyd Allen, all of Vankleek Hill; twenty-five grandchildren and one great-grandson; one sister, Mrs. Margaret Barton, of Vankleek Hill, and two half-sisters, Mrs. Mary Huband, and Mrs. Ruth Falkner, of Ottawa.

The funeral service, which was held Friday, July 7, at the home of his son, Lloyd Allen, was very largely attended. Rev. D. T. Lancaster conducted the service and two hymns were sung, "Jesus, Lover of My Soul", and "Forever With the Lord," accompanied by Mrs. H. Dunning at the organ. One of Mr. Allen's favorite hymns, "When the Mists Have Rolled in Splendor" was read by Mr. Lancaster.

The pallbearers were all nephews as follows: Lawrence, Hector, Stanley and George Allen and Gilbert and Tommy Barton.

Interment was in Cassburn Cemetery.

Those attending from a distance were Mrs. William Partington, Magog; Mr. Richard Allen, North Hatley; Mr. and Mrs. L. Bachelder and their guest, Miss B. Bachelder, St. Anne de Bellevue; Mrs. E. McIntyre, Montreal; Mrs. Mary Huband, Mrs. Ruth Falkner, Miss Mildred Falkner, and Mr. Rufus Argue, all of Ottawa, and many relatives and friends from Cassburn, L'Orignal, Green Lane, St. Eugene, Chute a Blondeau, Fournier.

JAMES SETO, OF ROCK ISLAND

Stanstead, July 27.—James Seto, proprietor of the Chinese restaurant, at Rock Island, passed away at four fifteen o'clock, Tuesday, July 25, from a severe heart attack.

Dr. R. O. Ross was summoned but the deceased had passed away, living only for about five minutes after the attack began.

He is survived by two brothers, one, Guin, living at Rock Island, and employed at the restaurant, and another brother and uncle living in Quebec City.

The deceased lived at Rock Island for the past six years, and was fifty-four years of age. He had lived in Canada over thirty years.

OTTAWA GROUP MAKES SURVEY OF LAMP LIFE

Complicated Process Used to Determine Actual Life of Lamps Produced by Various Manufacturing Firms in Dominion.

Ottawa, July 26.—(CP)—If those "1,000-hour" light bulbs you buy sometimes don't seem to burn a full 1,000 hours—although you admit you don't count them—you may feel better to know that the Light Laboratory of the National Research Council keeps a constant check on bulbs sold on the ordinary market throughout Canada.

At regular intervals, five bulbs of each of the five major brands are bought in each town across the country, sent to the N.R.C. laboratories here and given a "life" test. This information is at the disposal of the Canadian Engineering Standards Association when, from time to time, the specifications for incandescent lamps are revised, in collaboration with the manufacturers themselves.

The "1,000-hour" lamps are made to burn 1,000 hours at a constant specific voltage—but the voltage on ordinary commercial circuits varies by three to ten volts, cutting down the life of the lamp accordingly.

In the laboratory here directed by Dr. L. E. Howlett, head of the Council's optics branch, these lamps are burned continuously at their rated voltage except for two fifteen-minute rest periods a day. When the lamp cools, the tungsten in the filament tends to crystallize. When this has happened often enough and the filament is thoroughly crystallized, it breaks when the bulb is merely touched. Turning a light on and off thus tends to shorten its life.

The whole business of maintaining lamp standards has grown more complicated as lamp manufacture developed. Originally the standard of comparison was a candle of a certain quality tallow burned under certain conditions. Then it was a pentane lamp, also burned under standard conditions of pressure, humidity, quality of oil.

Now the primary standard is the carbon lamp, like the old type bulb, used in major laboratories over the world, because that lamp gives a definitely yellow light, however, it has no direct relation to present lighting. It was necessary to set up standards similar to lamps used commercially.

Four groups of six lamps each (one carbon group, two vacuum tungsten groups and one gas-filled tungsten groups) now constitute the standards at the Research Council here. Similar groups of standard lamps are to be found at the National Physical Laboratory at Teddington, England, and at the United States Bureau of Standards, Washington.

The industry has endeavored to increase the "efficiency" of lamps without shortening their life, which is determined by the quality of the filament. Gradually improved methods of drawing tungsten have made that possible. The 100-watt bulb today, for instance, produces about twenty-five per cent more light than it did in 1923.

CROSSBURY

This community was shocked to hear of the drowning of Gordon Taylor, of Sherbrooke, at Little Lake Magog on Saturday, July 22.

Rev. Mr. Rowe, of Bury, was calling on Mrs. M. J. Turner. Mr. W. Wilson, of Lawrence was also a caller.

Recent guests at the home of Mr. C. A. Locke were Mr. and Mrs. Wyatt Johnson and son, Bruce, Mr. and Mrs. Edwin Johnson and son, Ronald, of Sherbrooke, Mr. and Mrs. J. Dougherty, Mr. and Mrs. Eric Fisher and two children, of Lennoxville.

Mrs. Isaac Carr is visiting relatives and friends in Bury and Island Brook.

BEEBE SUNDAY SCHOOL HOLDS ANNUAL PICNIC

Over One Hundred Children and Parents Attend Outing at Cedarville — Swimming and Foot Races Feature Activities.

Beebe, July 27. — The United Church Sunday School held their annual picnic at Cedarville and over a hundred children and parents spent a very enjoyable afternoon in weather that was ideal. Swimming was enjoyed during the early part of the afternoon and was followed by swimming and foot races. Another dip was followed by lunch, with drinks and ice cream served by the Sunday School.

Following are the results of the races:

Swimming — Beginners: 1 Ethel May Tyson, 2 Lois Wells, 3 Mary Miller.

Girls, junior: 1 Jean McIntosh and Betty Campbell, 2 Beulah Woodard, 3 Gloria Maxwell.

Girls, intermediate: 1 Barbara Hamilton, 2 Martha Bronson.

Boys, junior: 1 Jimmie Millar, 2 William Stewart.

Boys, intermediate: 1 Donald Campbell, 2 James Miller.

Boys, senior: 1 Paul Brainerd, 2 John Stubbs.

In the foot races all the members of the Primary Department took part and received candy. Results follow:

Junior girls: 1 Edith May Tyson, 2 Jean McIntosh, 3 Florence Toule.

Junior boys: 1 William Stuart, 2 Gordon Stewart, 3 Jimmie Millar.

Thre-legged race: 1 Gloria Maxwell and Mary Lou Miller, 2 Florence Toule and Evelyn Stubbs, 3 Jean McIntosh and Pat Miller.

The Sunday School wishes to express appreciation to Messrs. Campbell, Woodard and Haselton for the use of their cottages and grounds and also to the men who loaned cars to convey the pupils and parents to and from the picnic.

WILLIS KIRBY SAILS ON AT MOUNT BRUNO

Sherbrooke Golfer In 4th Round Of Amateur

Kirby Ousts Frank Mielke, of Halifax, 2 and 1 to Enter Fourth Round of Play for Amateur Championship of Canada in Tourney at Mount Bruno—Sherm Peabody Nearly Upsets Gordon B. Taylor, of Montreal, in Third Round, Losing One Up to Former Dominion Champion.

St. Bruno, July 27.—(C)—The driftwood, and a lot of the good stuff, too, having been weeded out, the Canadian amateur golf championship was down to a round of sixteen today with some of the survivors probably as surprised at being there as the public was to see them.

Jack Nash of London, Ont., Duane Barr, of Calgary, Willis Kirby, of Sherbrooke, Marcel Pinsonnault and Bill Taylor of Montreal all are good golfers. They're not rated nearly as good, however, as say ,Ross (Sandy) Somerville, Frank Strafaci of Brooklyn, N.Y., or Bobby Dunkelberger, of Charlotte, N.C.

But Kirby and the others are still in the amateur hunt while Sandy, the London, Ont., shot master, and the Americans are looking on. That was the result of a startling list of upsets in the second and third rounds over Mount Bruno's baked course yesterday.

The favorites fell like duck-pins and left this line-up for the first of today's two rounds:

Jack Nash, London, vs. James Hogan, Jasper, Alta.

Ken Black, Vancouver, vs. John Levinson, Kennebunk Beach, Me.

Duane Barr, Calgary, vs. Jack Archer, Montreal.

Ted Fenwick, Montreal, vs. Phil Farley, Toronto.

Henry Martell, Edmonton, vs. Ed Meister, Cleveland.

Willis Kirby, Sherbrooke, vs. Ted D. Adams, Boston.

Ted Adams, Chillicothe, Mo., vs. Marcel Pinsonnault.

Gordon B. Taylor, Montreal, vs. Bill Taylor, Montreal.

Kirby and Sherm Peabody, entering from Sherbrooke unheralded and unsung, have once again shown that the Eastern Townships region can and does produce golfers that rank with the best of them.

Both won their first round matches handily, while in the second round Peabody ousted Don Taylor, of Toronto, 2 and 1, and Kirby scored a thrilling win over D. Caughey, of St. Andrew's, N.B., on the 19th hole.

In the third round Kirby marched on by ousting Frank Mielke, of Halifax, N.S., 2 and 1. Sherm was eliminated by Gordon B. Taylor, of Montreal, one up, but not before nearly upsetting his highly-touted conqueror. Sherm held a two-up lead at one stage against the 1932 Dominion titist, but lost the match at the eighteenth hole against a par four.

To maintain a semblance of sanity in yesterday's doings, Chillicothe Ted Adams upheld the right of a champion by winning two matches, 4 and 3 over Bill Fisher of Toronto and 4 and 2 over Ted Colgate of Victoria. And Black also came through as expected, beating Guy Rolland of Montreal 5 and 4 and J. Wason Yuile of Montreal 4 and 3.

Sandy went down fighting at the nineteenth hole to Meister, a strapping twenty - two - year - old from Cleveland who has a nice drive, a good iron and just about everything that's needed on a golf course.

Ralph Strafaci or brother Frank didn't last as long as Sandy, and Frank is eighth ranking amateur in the United States. Ken Lawson of Victoria clipped Frank in the morning round, 2 and 1, with a few birdies on the home nine after Doug Saunders, a junior from Charlottetown, butchered Ralph 4 and 3.

The giant-killers went out themselves later, Barr beating Lawson at the twentieth hole and Hogan taking Saunders one up. Henry Martell, of Edmonton, Alberta champion, put the skids to the favored Dunkelberger.

Gordon B. Taylor, winner in 1932, also has shown fancy golf. He whipped H. R. Pickens of Montreal, 4 and 3, and Sherman Peabody, of Sherbrooke.

Umpire Louis Shaw is the Bill Klem of tennis. In the Seabright tennis tournament he slipped up and let Miss Dorothy Sutton serve two games in succession against Miss Hope Knowles. "That," Shaw apologized, "was my first mistake in twenty-five years of umpiring."

Always a region where better-than-average golf was played, the Eastern Townships today can hold up its head and tell the world it's right there.

Not content with sending Roland Brault, of Cowansville, into win the amateur championship of the Province, it now has two standard bearers of the first rank in Willis Kirby and Sherm Peabody, of Sherbrooke.

Willis qualified for the fourth round of the Dominion amateur tourney by taking Frank Mielke, of Halifax, N.S., 2 and 1 and today was scheduled to play T. Adams, of Boston.

After knocking off Don Taylor, of Toronto, 2 and 1 in the second round, Sherm lost out by one-up to Gordon Baxter Taylor, of Montreal, in the third. Taylor is one of Canada's finest linksmen, and won the Dominion title in 1932.

And when talking golf, don't forget that little performance of Bob Costello over the Country Club course Tuesday. The former Montrealer, now a Windsor Mills resident and member of the local club, was in the groove in a friendly game with Stan Wilson, and burned up the long and hard course in 70 strokes.

The late Dave Turnbull, for several years the popular pro at the Country Club, was the only other player to beat Old Man Par on the rolling course, and he shot two classy sixty-nines. Costello is the first amateur to do the trick, and he did it up brown.

Roger Durivage, Roland Longtin, Mrs. R. Bolte and Miss S. Bernadet, four of the leading amateur tennis players in the Province, will be seen in action Sunday afternoon on the new Tuque Rouge courts. They will probably play several exhibition matches, and it is expected Hec Prefontaine and Ivan Boisvert will play a match of doubles with Durivage and Longtin.

* * *

This will be the first opportunity this summer for local fans to see any top-notchers in action, and a good crowd is expected to be on hand at the Tuque Rouge courts to watch proceedings.

Sorel will play here against the Sherbrooke Provincial Baseball League team on Saturday night, and as a follow-up of the successful Boosters' Night experiment, officials of the local club are holding an Eastern Townships night.

Tonight Quebec Athletics are scheduled to meet the Hammondmen at the Park avenue stadium, and it might be as good a night as any for Sherbrooke to pull out of their seven-game slump and start back on the road to the league top.

* * *

With all their pitchers used up in recent games, the boys will probably have a hard time deciding who will trudge out to the mound to face Del Bissonette's hard-hitting Ancient Capital nine. In any event, the hurler will have a hard time to beat Quebec if his support resembles that given Walter Morris, Cliff Johnston, Johnny Reder and Tommy Hammond Tuesday night in the Granby game.

The eleven-error circus is not liable to be repeated, however, because such a performance occurs only once in a blue moon, Sherbrooke can play better ball by far, certainly, and one of these days are due for a rally that will make the other outfits sit up and take notice.

* * *

Commenting on the slump of the Hammondmen, one local fan asked mischievously how anyone could expect them to win ball games when they have to drink Sherbrooke water. The state of the local Adam's ale may or may not h ve a bearing on the situation, and the remark is merely passed on as heard.

* * *

Harold Munkittrick, crack local rider, and Robinson, of Montreal, who are partners for the fifty-mile relay race that will feature the two-day programme of bicycle racing at the Exhibition Grounds this week-end, are favored to carry off first place, although they will run into some tough opposition from several of the leading amateur bikesters in the province.

Novices and experts will duel on Saturday and Sunday afternoons, and entries have been received from all over Quebec.

* * *

Second Eastern Townships regatta of the current season will be held at Little Lake Magog on Sunday afternoon, and organizers report large entry lists for the various swimming and boating events. Several novelty events have been planned in addition to the usual paddling and sailing attractions, and keen competition is assured as Sherbrooke and Little Lake aquatic aces renew rivalry.

Prizes will be distributed Sunday night at an entertainment and dance to be held at the White House Pavilion, and the Magog Harmony Band will be in attendance.

* * *

Granby will hook up with Sherbrooke in a soccer tilt to be played on the Parade Grounds Saturday afternoon. Harry Twyman's squad of youngsters and veterans have been improving rapidly, and last Saturday in Drummondville gave the Celanese crew a run for their money. The game should provide a high grade of entertainment for lovers of soccer.

Superheater and Kayser are champing at the bit in preparation for their battle on the Parade Grounds tonight to decide which team will enter the final for the championship of the Industrial Softball League.

Textilemen Cling To Lead In City League

Pace-Setters in Local Softball Circuit Down Kayser 5-2 to Stay Four Points Up on Paton, Winners Over Beavers by 7-5—Boisvert Ties Kayser for Third by Outclassing Lennoxville 11-3.

Textile maintained their position four points ahead of Paton in the City Softball League last night as they scored an exciting five-two victory over Kayser, and Boisvert moved up into a third-place deadlock with the beaten Kleinmen by besting Lennoxville eleven-three. In the third encounter Paton squeezed out a seven-five triumph over the baffling Beavers.

Up to their usual tricks, the thumping Textile troupe cantered merrily away to a four-nothing advantage in the opening inning and merely held tight for the rest of the seven-frame scrap. H. Couture, Dube, Riel and Marcoux dented the pentagon as twirler Emond had difficulty locating the platter and although Hec Asselin scored for Kayser in the fourth, Textile sent elbower Collin home in the seventh.

Kayser's seventh-inning rally was cut short after Emile Houde was pushed home on base-hits by Goyette and Emond, Drapeau, Latulippe and Asselin going out one, two, three.

As usual, Beaver put up a stubborn resistance before bowing in defeat, and they were tied with the Francismen at the end of the third, but a home run by Harold Holding sparked Paton's fifth-inning, four-run outburst that sent them into a seven-three lead.

Fighting back, Beavers sent Walter Mutchler, Jr., home in the fifth and scored another in the seventh, Norm Mitchell coming home, but they were unable to produce a concentrated attack in the later stages of the game.

Vin Corcoran and Fred Slater pasted out circuit clouts to lead Boisvert to their eleven-three win over Lennoxville, Slater homering in the third and Slater in the fourth. The local team scored once in the second, twice in the third, five times in the fourth and three times in the sixth, while Lennoxville chalked up one run in the first and two in the fifth.

The teams:

Textile: P. Couture, H. Couture, Dube, Bouchard, Riel, Marcoux, Raymond, Rondeau, Loubier and Collin.

Kayser: Drapeau, Latulippe, Asselin, Dion, Lessard, Pinard, Courchesne, Houde, Goyette and Emond.

Paton: Bibeau, Clark, Brault, Holding, Yergeau, Lessard, MacLeod, Henry Kouri, Harry Kouri and Fortier.

Beavers: W. Mutchler, Jr., Mitchell, Jowett, Blinco, C. Mutchler, Terrey, R. Jackson, K. Jackson, Gingues, Wooton and Filion.

Lennoxville: McMullen, Lacasse, Laramee, Povey, Hadlock, Bellam, Dube, Christison, Maurice, Bessant, and Lane.

Boisvert: Baril, MacLean, F. Slater, Laverdiere, Rheaume, Hall, Murphy, Heath, G. Slater and Corcoran.

PIRATE CHIEF BEWAILS ILLS OF ELBOWERS

Pittsburgh, July 27.— (AP) —The Priates are oht as the blazing July sun but Manager Pie Traynor can't help feeling a little bewildered about it all.

Of course skyrocketing from sixth to second place in the National League pennant race fulfilled his fondest hopes. Especially did yesterday's dual triumph over the Phillies delight him .

But what now? It's pitching troubles that keep Traynor from commenting on chances of overtaking the league-leading Cincinnati Reds. He just hopes the Bucs keep on winning.

"I don't know who'll pitch from day to day," moans the Pirate skipper. "I've just got five pitchers and they all worked in the last two days.

"We had ten in the spring but between sore arms, having teeth pulled and tonsils out, there's only five left. If they get overworked it'll be tough."

Joe Bowman, Fireman Mace Brown, Bill Swift, Rip Sewell and Bob Klinger are mainstays accounting for eighteen Pirate victories out of the last twenty-six starts. Jim Tobin, Russ Bauers and Cy Blanton form the sore arm brigade while Ken Heintzleman and Bill Clemenson have been having tooth trouble.

BUCCANEERS ON RAMPAGE, CLIMB NEAR N.L. PEAK

Pleasure craft sailing National Baseball League waters are warned to keep a sharp lookout for Pirates.

With a surprise attack built on properly co-ordinated pitching, hitting and fielding, the determined Bucs, in the short space of a week have climbed out from sixth place to second. The twin scuttling they gave the Phillies yesterday by three to one and five to three broke them out of a deadlock with St. Louis Cardinals.

With eighteen victories in their last twenty-six starts, the Bucs have climbed within nine games of Cincinnati Reds, who were idle yesterday. And those two victories yesterday, featuring pitchers Bill Swift and Joe Bowman, were built on a twenty-hit attack and some sparkling fielding.

But the Pirates didn't make all the senior circuit's headlines. A youngster by the name of Tom Sunkel, wearing a Cardinal uniform, came awfully close to pitching the first no-hitter of the year—against the Giants. A single by Tom Hafey in the eighth spoiled it, and Billy Jurges, back after his suspension, got another in the ninth. But those two blows couldn't do much by way of helping a lost Giant cause. They lost this one by ten to nothing as Sunkel won his first full-length victory and his second game of the season.

Ole Dizzy Dean came up with a Country Fair performance to prove he still has his famed "nothin' ball—the one they can't do nothin' with." The speechmaker mowed Brooklyn Dodgers down with five hits and won ten to two.

There were some better than average happenings in the American League, too. Notably two by those record book wreckers, the New York Yankees. They tied the modern major league record of scoring in every inning of a nine-inning tilt (held jointly by five teams) as they hammered out a fourteen-one victory over the becalmed and befuddled Browns. And Bill Dickey polled three homers to come within one of the nine-inning game record held by Bill's former roommate, Lou Gehrig.

Boston Red Sox had to call on their meal ticket, Jimmy Foxx to shake off a bothersome band of White Sox in the second game, after losing the first. The Pale Hose ran out the first one eight to one and then Foxx came to life in the second and with two homers and a double drove in enough runs to give the Hubsters a six to five victory.

Al Milnar, of the Indians, won his sixth of the year with an eight-hit job to check the Athletics nine to three, and Buck Newsom, of Detroit, took his eleventh of the year with a six-hitter over the Washington Senators. The Senators bowed three to one, for the fifty-fifth time this season.

LEAF STOP JERSEYS 4 TO 3

Buffalo Bisons, who like every other team in the International League, used to run at the sight of Newark Bears, are repaying the Bruins in full this year for indignities suffered the past two seasons.

Yesterday the Herd registered its fourteenth victory over Newark in nineteen starts as it romped to a six to three decision behind Fabian Kowalik's seven-hit pitching. Kowalik collected a double and a single in three times at bat to lead his mates in an eleven-hit assault on four Newark hurlers.

Al Hollingsworth, a southpaw recently obtained from the Phillies, started for the Bears and was charged with the loss. The victory moved the Herd a full game closer to the league leading Jersey City Giants, who were nosed out by Toronto, four to three, and kept them within a few percentage points of the second place Rochester Red Wings.

Earl Caldwell went the distance to chalk up Toronto's first victory over the Jerseys in their last six games, and give the Leafs their only win in the three-game series.

In the only night game Rochester Red Wings bested Syracuse Chiefs, eight to four, in a fourteen-inning affair. With the Chiefs leading four to three going into the ninth, Jack Tising went to the mound to replace Ted Kleinhans and yielded the tying run. He pitched shutout ball then until the fourteenth when the Wings got to him for four hits and as many runs. Freddie Russell, who took the mound for the Rochesters in the ninth, received credit for the victory.

EXPECTS ADOPTION OF ORGANIZED BALL

Roland Dugre, president of the Sherbrooke Club, said today it is quite probable the Provincial League will enter organized baseball as a Class "B" league next year. He also announced that broadcasting of local games would be resumed as a result of a request by Col. the Hon. Johnny Bourque, who received a petition asking him to intercede with team officials in an effort to get the games back on the air.

WINDSOR MILLS TENNIS SQUAD TO TAKE TOUR

Canada Paper Club Representatives to Play in Beauharnois and Cornwall — Acton Vale Defeats Paper Makers 3-2.

Windsor Mills, July 27.—The tennis players at the Canada Paper Club are apparently determined to make up for the time lost while the new concrete court was under construction. Cliff Allan, captain of the tennis section, announces that a six-man team from the club will travel to Beauharnois on Saturday to play a match and will continue on to Cornwall for a match on Sunday.

On Tuesday evening Windsor received Acton Vale for a friendly match, the visitors winning by the odd point in five. Refreshments were served after the match and at the invitation of the Acton Vale players it was decided to return the visit on Wednesday evening, August 2.

Detailed results of the games played were as follows:

Paul Grey, Acton Vale, defeated Walter Haughton, Windsor, 6-3, 3-6, 6-2.

Lucien Lecompte, Acton Vale, defeated Cliff Allen Windsor, 6-3, 6-2.

Jim Ovendon, Windsor, defeated Roger Paquet, Acton Vale, 6-4, 6-2.

L. Lecompte and Paul Grey, Acton Vale, defeated Cliff Allan and Walter Haughton, Windsor, 6-1, 6-0.

Alex Philip and Gaston Desfosses, Windsor, defeated Paul-Andre Blais and Bill Craig, Acton Vale, 6-2, 6-4.

Locals Slip Lower, Dropping Seventh Straight To Quebec

Sherbrooke Leads 5-2 in Sixth but Ancient Capital Nine Rallies to Chalk Up 11-6 Victory—Hammondmen Half Game from Fourth, Five and a Half Games from Top—Three Rivers Downs Saints 2-1—Tigers Blank Sorel 2-0.

While Sherbrooke and Sorel continue to drop lower in the standing, Three Rivers and Quebec Athletics still are making life miserable for the loop-leading St. Hyacinthe Saints in the Provincial baseball circuit.

Grouped within a game of each other in the standing a couple of weeks ago, the five now have spread out until five and a half games separate the sixth-berth Sherbrooke squad from St. Hyacinthe at the top.

Three Rivers defeated Saints two to one last night to mount but one game behind the leaders. Quebec downed Sherbrooke by eleven to six, meantime to remain another game back in third berth, but the loss left the Hammondmen five and a half games off the pace in sixth. Sorel, who bowed meanwhile, two to nothing, to Drummondville Tigers, stayed just a half-game better in fifth.

At Three Rivers, the homesters rallied for two runs in the seventh to reduce St. Hyacinthe's lead in the standing. Joe Dickinson hurled the victory for the Trifluvians, allowing Saints seven hits but scattering them well. His mates nicked Bob Swan for four more timely clouts.

The Athletics kept pace with Three Rivers by punching out twelve hits at Quebec off Bob Lumiansky and Johnny Reder, of Sherbrooke. Glen Leibhardt and Duncan shared Quebec's mound duties, with Leibhardt coming in to check Sherbrooke when Duncan weakened in the seventh.

Sherbrooke led five to two going into the last of the sixth but Athletics rallied for four runs in their bats. They added five more while Sherbrooke was scoring one over the rest of the route.

Drummondville, far behind in last place, bagged only three hits in their decision over Sorel. Playing at home, Sorel clouted one more but pitcher Budzina's perfect control kept them scoreless. Tigers rallied for their two runs off Charlie Golenkse in the sixth.

SUTTON Y.P.U. HOLDS SESSION AT BROME LAKE

Thompson's Camp Scene of Regular Meeting of United Church Group — Detailed Report of Lawn Social Presented.

Sutton, July 27. — The regular monthly meeting of the United Church Young People's Union was held at Thompson's Camp, Brome Lake, with Miss Marjorie Thompson as hostess. About thirty members and a number of visitors were present.

The meeting was opened by a short devotional period followed by the business meeting. Herbert McElroy, the president, read a detailed report of the annual lawn social and stated that it was a success both socially and financially. Rev. Mr. Mallalieu moved a vote of thanks to all who so willingly worked and expressed his pleasure at the able manner in which all plans for the lawn social were carried out.

After the business meeting boating and swimming were enjoyed. Later all gathered around a huge bonfire and sang old-time songs and rounds. A delicious lunch was served by the hostess which brought a very pleasant evening to a close.

HATLEY

Miss Esther Magoon, of Magog, was a recent guest of Miss Helen Ayer.

The Anglican Young People's Association held their meeting in the Guild Hall. After the business meeting, which was conducted by Ruth Hartwell, George Richards, convenor of Edification, took charge and read a speech recently given by President Roosevelt. A good report of the Youth's Conference held at North Hatley was given by Hilda Bowen. It was decided to hold a weiner roast and a social at the home of Mr. and Mrs. Hugh Bowen.

Miss Margaret Moulton, who spent five weeks in Framingham, Mass., at the home of her uncle, Mr. R. W. Leavitt, and also was a guest of her uncle, Mr. Reginald Moulton, and Mrs. Moulton, at Orleans, Cape Cod, has returned home.

GARDEN PARTY WAS ENJOYED AT COOKSHIRE

St. Peter's W.A. Sponsors Event on Miss Ball's Lawn — Games and Contests Prove Popular.

Cookshire, July 27.—A very successful garden party, under the auspices of St. Peter's Women's Association, was held on Miss Ball's lawn which there was a large attendance of more than a hundred persons. The weather was exceptionally fine.

Many ladies, girls and boys took part in the games of croquet, bowls, etc., which were provided. Mrs. Bob Stevenson presided over an attractive guessing cake which had been given by Mrs. Worby; Miss Lily Lenton in oriental costume told fortunes and Mrs. Desruisseaux had charge of the ice cream and Miss Marie Tulk of the candy booth.

After tea had been served quotations from Shakespeare which had been given out at the entrance were read, the lucky quotation being, "Take All the Swift Advantage of the Hours," held by Mrs. Desruisseaux.

Ladies' croquet prizes were won by Mrs. Butler and Mrs. Fuller; girls croquet by Dorothy Stevenson and Dorothy Shireffs, and boys' croquet, Meredith Barter and Nelson Fuller. Miss Joyce Standish presided very ably over the girls, croquet tournament.

During the tea hour piano selections from Chapin, Mozart, Bach and McDowell were played by Beverley Barter and Jean Stevenson. A happy afternoon was passed and proceeds were very gratifying.

Those who gave prizes were Dr. Banfill, Mr. George Wooley, Mrs. Noble, Mr. Kenneth Fraser and Mr. Orrin Osgood.

Three correct guesses were made on the cake and it was divided between the winners Mrs. Pratt, Enid French and Donald French.

CHURCH UNION WAS OBSERVED AT RICHMOND

Special Services Commemorate Anniversary of Union of Presbyterian, Congregational and Methodist Churches.

Richmond, July 27.—A service of special interest took place in Chalmers Church, Richmond, marking the local union of the former Con- the local union of the former Congregational, Presbytern and Methodist churches.

In 1926 the former Congregational and Methodist Churches were amalgamated under the name of the "Richmond and Melbourne United Church" and after the death of the Rev. S. Gorley Brown, pastor of Chalmers Church and due to a large extent to his influence, negotiations for the union of the two pastoral charges began and culminated in a vote which showed that a very large majority of both congregations desired amalgamation.

The inaugural service was conducted by the Rev. Peter Pollitt, B.D., of Windsor Mills, who as interim moderator, represented the Presbytery. Rev. E. W. S. Coates, pastor of the Richmond and Melbourne congregation, was inducted as mister of the new pastoral charge at a service which was most impressive. This was followed by a brief statement from the newly-appointed minister and a sermon on "Christian Fellowship" by the Rev. Mr. Pollitt.

Mr. Angus MacRae and Mr. Louis Lemoine, as elders representing the two uniting congregations, also took part in this memorable service.

NORTHEAST U. S. IN GRIP OF RECORD DROUGHT

Withered Stalks of corn on a farm near Ellenville, N.Y. — a typical scene in drought-plagued East.

Victims—This Kerhonkson, N.Y., mother boils a meager supply of water obtained from a water hole.

Fighting fire which sweeps through the tinder dry woodlands in southern part of Catskill Mountains.

A reservoir once, a mere mud hole now after six weeks of drought at the town of Kerhonkson, N.Y.

As the worst mid-summer drought in the history of the East withers crops, bakes forests, dries up streams and imperils water supplies, a new and dreaded menace—fire—appeared to rage virtually unchecked in some of the woodlands of New York state and New Jersey.

TAKE THE "LEAD" FEELING OUT OF YOUR LEGS

Get More Oxygen In Your Blood and Get the Pep that Sends You Bounding Up the Stairs

People who smother to death die because oxygen has been completely cut off from them. Just as surely you are slowly smothering if your blood lacks red corpuscles. Red corpuscles are your oxygen-carriers. They carry the oxygen you breathe in to every part of your system. Without enough oxygen-carrying corpuscles, your kidneys, liver, stomach and bowels slow down. Your skin gets pale, flabby, often pimply. Your nerves may become jittery—you tire quickly—feel depressed.

What you need is Dr. Williams Pink Pills. These world-famous pills help make more and better red corpuscles and thus increase the oxygen-carrying power of your blood. Get Dr. Williams Pink Pills today at your druggist. See for yourself how quickly this time-proven blood-builder will help give you back your pep. Copr. 1938, G. T. Fulford Co., Ltd.

WAR IN CHINA DESCRIBED AT COWANSVILLE

Dr. William McClure, for Fifty Years a Missionary in China, in Talk on Current Strife at Emmanuel United Church Service.

Cowansville, July 27.—The congregation of Emmanuel United Church were greatly honored in having Dr. William McClure, retired missionary to China, address them at their Sunday morning service.

Dr. McClure spent fifty years in Honan, where he was head of the Cheloo University. He is now making his home in Toronto with his daughter-in-law, Mrs. Robert McClure, while her husband is directing the work of the Red Cross in West China.

Speaking of the struggle now going on between China and Japan, Dr. McClure said he found much misunderstanding in this country regarding the situation in the Far East, going back in retrospect to the year 1915, when Japan made twenty-one demands to China, which included the handing over of their police force, financial, and governmental affairs to them. Naturally these demands were refused and since that time Japan has been preparing her war machine to take complete control, notwithstanding her statements that she has no territorial ambitions.

The incident which led to the opening of hostilities was deliberately planned by the Japanese when it appeared to them that European nations were too pre-occupied to interfere, he said, and occurred when the Japanese troops were manoeuvring outside the walls of Peking, which they had no right to do. When one of their men gained entrance to the city and did not return they demanded that two soldiers be allowed admission to search for the missing man. This was refused, hostilities began and, said the speaker, the end is farther away now than at the beginning.

At the present time fifty million Chinese are homeless and numbers of cities have been laid in ruins. This war, he said, is not one that can be settled over a conference table. The pressure must come from other countries which were supplying Japan cease. He condemned the countries which were supplyiny Japan with iron and nickle for their war machines and he prophesied that if Japan succeeded in crushing China, she would shortly turn her attention to America.

Dr. McClure made special mention of the highly organized guerrilla bands which are playing such an important part in their two-fold capacity of farmers by day and soldiers by night. Touching instances of faithfulness and devotion to the Christian ideal were related by the speaker.

A recent letter from Dr. Robert McClure states that Red Cross work is becoming dangerous and hazardous.
