FIGHTING IS NOT YET OVER.

Roberts Has Sent No News Since Thursday, While the Boers Claim They Have Cut His Line of Communication.

SITUATION AT PRETORIA UNKNOWN.

Heavy Fighting Occurs to the South-east of Johannesburg--Boers Reported to be Between Johannesburg and Pretoria--Lorenzo Marques Despatch Repeats That Kruger is a Prisoner.

London, June 2. [Special.]—Morning. There is no official news from Roberts. The Boers claim to have cut his communication.

Heavy fighting has taken place at Elandsfontein, southeast of Johannesburg.

Rundle has reoccupied Lindley after heavy fighting.

Delayed Despatch From Roberts

London, June 2.—(Special)—Lord Roberts reports to the Secretary of State as follows:

Johannesburg, May 31, 9.40 a. m.—French's report of his operations during May 28 and 29, reached me at 3 a m today.

He was opposed throughout his march but managed to drive off the enemy from a strong position they successfully held with very little loss, and is now holding the place which I directed him to do north of Johannesburg.

Two officers were wounded, and two men killed and 27 wounded.

Morning Review.

London, June 2.—3.45 a.m.—Lord Roberts continues silent regarding Pretoria, probably because he cannot wire of events from his knowledge. Lorenzo Marquez, where all the news from the Boer side is rehandled, cables that communication with Pretoria is now suspended.

Some messages by courier have reached Lorenzo Marquez, but none of later date than Wednesday. These asserts that the burghers are in a state of panic and that Pretoria is being controlled by a vigilance committee. Lorenzo Marquez again sends the report that President Kruger has been captured. This news blank gives rise to a suspicion that the citizens' committee at Pretoria may not have been able to carry out its plan for securing the peaceful entry of Lord Roberts and sparing the city the horrors of a siege.

Peace Party in Power.

The peace party seemed to be in the ascendant; and, as soon as President Kruger and his Cabinet left Pretoria to organize a new capital, the citizens' committee, persuaded the commandants of the forts to withdraw some of the troops from the defense, perhaps with the view of keeping order in the town. If messengers were sent to the British, or if the British, being two hours' march from Pretoria, last Wednesday, entered it then or at any time prior to Friday noon, Lord Roberts would certainly have telegraphed this fact. Hence, it looks as though there was a Boer force between Pretoria and Johannesburg.

These soldiers, falling back toward Pretoria, some of them fresh from the fight with General Ian Hamilton, would have brought a new element into the situation, and would probably overrule the peace committee, taking the direction of affairs out of their hands. If this happened, the British may, as the Daily Chronicle says, "see some hard fighting before the British flag flies over Pretoria, for even if the Boers only held three forts standing close together on the hills south of the town, they would be in a position to stand a siege."

Boers Re-Enter Free State.

The Boers, according to a special despatch from Lorenzo Marquez, have re-entered the northeastern territory of the Free State, and are engaged with the British near Ventersburg and Harrysmith.

It is reported from Amsterdam that the best rooms at Net Haasje, one of the principal hotels there, have been engaged for President Kruger's occupancy from June 25.

General Buller is moving slowly against the Boer flanks.

Cape Town advices say General Warren, with 700 men, occupied a strong defensive position at Fabersput on May 29. At dawn he found that he was surrounded, and was fiercely attacked by 1,000 rebels.

The horses were stampeded, but the force concentrated, and the Boers were repulsed. A small party in a garden continued to fight tenaciously, but evacuated as the charge began, leaving a number of wounded.

The British lost fifteen killed, including Col. Spence, and 30 wounded.

Surrender is Imminent?

London, June 2.—In reply to an enquiry, the United States consul, Mr. Adelbert S. Hay, has cabled to the United States embassy that Lord Rosslyn was liberated Wednesday, but was allowed to remain in Pretoria. Lord Cecil Manners, he adds, was also liberated. They were both acting as newspaper correspondents.

Although Consul Hay's cable to the United States ambassador, Mr. Joseph H. Choate, does not mention the conditions prevailing at Pretoria, there is a disposition here to regard it in some measure as a kind of semi-official endorsement of the statements made in Lord Rosslyn's despatch to the Daily Mail of London, announcing the imminent surrender of Pretoria to the British.

Rundle Again at Lindley.

Winburg, May 31.—After considerable fighting, the Boers, with two guns and several Maxim-Nordenfeldt guns, are making a plucky stand eight miles east of Senekal.

General Rundle has succeeded in driving off the Federals, thus permitting, unopposed, the reoccupation of Lindley.

Now at Lorenzo Marques.

Lorenzo Marques, June 1.—Dr. Heyman, President Kruger's physician, and F. Reichloff, President Kruger's son-in law, have arrived here.

GRANBY WANTS ANOTHER RAILROAD.

The Granby Leader says:

"In spite of Granby's rapid growth its many factories and its large output of manufactured goods, the towns position in regard to shipping facilities is the same as it was thirty years ago.

If any thing it is worse, as in those days this branch of the C.V.R. extended to Sherbrooke while now Waterloo is the terminus. How long will our merchants and manufacturers be content to struggle along under this heavy handicap? Another railroad connection would cut out freight rates in half, and place us on an equal footing with other towns. Granby would then be the natural shipping point for a large district, where now we see this traffic pass our doors. This matter of securing another railroad connection is an important one, and ought to interest every citizen. A united effort should be made with a view toward inducing the C. P. R. to extend its lines here. Both our population and yearly volume of business would double in a short time if our efforts succeeded."

WEATHER PROBABILITIES.

June 2, 11 a. m.—Forecast for next 24 hours, issued by the Meteorological bureau.

Rain.

After the telegraph line, from St. Michaels to Valdes, is completed, the next move will be a cable from Valdes to Seattle."

DOCTORS WILL MEET AT HAVANA.

Pan-American Medical Congress Will Not Go to Caracas Next December Because of Political Disturbances in Venezuela.

Washington, June 2.—The international executive commission of the Pan-American Medical Congress announces that the next triennial meeting of that body will be held in Havana, Cuba, on Dec. 26-29, 1900. The original intention was to hold the next meeting of the congress at Caracas, Venezuela, but on account of the disturbed political conditions in that country the medical profession there advised that the meeting place be changed to some other country. Monday next the executive committee will meet at Atlantic City for the purpose of selecting physicians to represent the various sections of medicine, surgery, hygiene, pathology, bacteriology, etc, which are included in the congress. Committees are at work in all the North American, Central America and South America countries preparing for the congress and it is expected that the attendance will be a very large one, particularly from the United States.

Tomorrow is Witsunday, or the day of Pentecost, which commemorates the giving of the Holy Spirit to the disciples.

The cottage of the Misses Hale, on Melbourne street, has been repainted a pretty dark red which harmonizes admirably with the greenery around.

A government buyer will be at the Magog House, Sherbrooke, on Friday and Saturday, June 8th and 9th, to purchase horses for shipment to South Africa.

The annual military camp at Laprairie will be held the last of the month, beginning the 26th. Captain Taylor, of Cookshire, will have charge of the Sherbrooke squadron of Cavalry.

Those who took part in the Temple of Fame at Coaticook last week have been invited to present the same in the Rink at Sherbrooke, for the benefit of the Protestant hospital. It is not unlikely that the invitation will be accepted.

The Lennoxville line of the Street Railway, near the Gas House, was blocked for several hours today, owing to a large quantity of dirt being washed down from the side hill, over the track. It was necessary to transfer passengers at this point.

The students in philosophy of the College St. Charles, went to Montjoie, about nine miles from this city, for their annual picnic. They were accompanied by Monsignor Tanguay, and the Rev. P.J.A. Lefebvre, superior, as well as by a number of other clergy. The picnic was a great success.

A milk company has been formed at Danville and the milk of six hundred cows will be shipped daily to Montreal, in a porcelain lined tank car specially designed for the business. Patrons are assured that $1. per hundred will be paid for the required standard of milk. Isaleigh Grange Farm furnishes the milk of 200 cows.

The heavy rain of today will be as welcome to townships agriculturists as the fine weather which preceded it. According to reports, the work of seeding has been rushed during the past week and is now about completed. The rain comes opportunely and will give vegetation a start which owing to the delayed season it very much needs.

The Quebec Telegraph says: The Lacrosse season has so far been marked by some fine practices which promise splendidly for the coming championship match with the team from Sherbrooke. Last night's practice was again a fine one and today's should be in no wise behind it. All the players should be out, as after today only three practice days remain before the coming match.

SHERBROOKE MARKET.

This was not an ideal morning for marketing and the old square, consequently, presented an appearance more dreary and barren than is usually the case on Saturday. The attendance of farmers was small and the buyers were a far less proportion of the crowds which usually flock to the square on Saturday morning.

THE U. S. CENSUS.

Work Was Begun Yesterday All Over the Union.

Washington, June 2.—The principal work of taking the general census was begun in earnest yesterday and will be completed within a month. The census records of this country are considered the most complete of any nation. The first census was taken in 1790, and was very unsatisfactory. The census is taken under a special provision of the constitution. There was a national outcry of disapproval in 1790, but in 1810, however, the census was satisfactory, and there has been little dissatisfaction since. You are required to give your name, age, nationality, wealth, occupation, and tell if you are married or single, or whether you have any chronic disease. Whether your property is mortgaged, and to whom, and other apparently impertinent questions, the answers of which are, not to go beyond the "census doctor." Cotton and live stock and other statistics will be collected by experts. In Alaska the enumerators will use dog teams, and the work will not be completed until October, notwithstanding it was commenced some time ago. The cost of the census in western and southwestern Alaska will be $30,000.

SUPPLIES FOR PHILIPPINES.

New York, June 2. — Seventy-five dollars' worth of supplies for troops in the Philippines have been shipped within the past six weeks.

FRENCH PRESS SURPRISED BY THE COLLAPSE

Paris, June 2 --- The French press finds itself unable to conceal its surprise and disappointment at the lack of energy recently shown by the Transvaal burgers, comparing their present rather spiritless conduct with the vigor of the Orange Free Staters in the earlier part of the campaign. It is the general belief now that the campaign will be brought to a speedy close.

THE MASS. CENTRAL MAY AGREE TO FITCHBURG LEASE

Boston, June 2— It was rumored today that at a special meeting of the Boston & Maine directors called for the purpse, an agreement was entered into with the directors of the Central Massachusetts Railroad whereby that road withdraws its opposition to the proposed lease of the Fitchburg by the Maine.

UNION MAN IS SHOT DEAD

Policeman Kills Him After Attack on Fellow Officer.

St. Louis, Mo., June 2. — Albert Koenig, a union man, emptied the contents of a shotgun into the body of Police Officer Crane, and was himself instantly killed by a bullet from the revolver of Officer Mahon in Broadway, near the Southern Electric power house late last night. From the meagre information received by Inspector Lally at midnight, it seems that Koenig was back and forth in front of the power house with a shotgun on his shoulder, declaring that he was a union man, and defying the Transit Company and its non-union employes. Officer Crane approached him and asked him to take his shotgun home. Koenig replied in vehement terms that he would do nothing of the sort, and when the officer grappled with him, in an effort to disarm him, the man brought his weapon to his shoulder, and, aiming it at Crane, pulled the trigger. The officer sank to the ground unconscious. Maher was near by, and running up to Koenig demanded his surrender. Koenig made a threatening movement and Maher shot him, killing him instantly. Crane is now in a dying condition.

UNION THREATEN STRIKE

Moulders and Machinists at Ottawa Want an Increase

Ottawa, June 2.—The union moulders and machinists of Ottawa, it is said, will go out on strike next Monday unless they get an advance of 15 per cent. on present wages. They made a request some time ago, and the employers offered them 10 per cent. This is not satisfactory to the men, and it is announced that unless both unions are notified by Saturday that the increased wages will go into effect, they will not return to work. The union men expect a favorable answer to their request, as it is claimed that moulders and machinists are hard to get, and times are good, and, consequently, the employers, they say, can afford to pay higher wages. The two unions are acting together in the matter.

The Amalgamated Sheet Metal and Iron Workers' Union will hold an important meeting next Thursday night to take steps to secure for the members of the union an increase in wages. The wages for this class of labor now runs from $1.50 to $2. It is proposed to ask for a minimum wage of $2, and running up to $2.50 and more for the better class of workmen.

NORTH HATLEY CASE.

Serenade Party Before the Court.

Are Bound Over for Trial Before Court of Queen's Bench

The North Hatley serenade case occupied the attention of Magistrates Court, this morning.

David C. Jackson, James Wood, Joseph Blanchette, John Hackett, Albert Putney and George Woodward were arraigned before District Magistrate Mulvena, on complaint entered yesterday by Andrew J. Gordon, of North Hatley. The charge is of "disturbing the peace."

The case, as mentioned yesterday, is the result of a serende by the accused and others before Mr. Gordon's house, on Wednesday and Thursday evenings, following his return this week from his wedding trip.

The complainant, A. J. Gordon, was the first witness examined. He testified that on the evening of the thirtieth of May last, about 7.45 p. m., he, drove up to his house, and was followed shortly afterwards by the accused and many others. They had what appeared to be a smokestack on a pole and a large circular saw swinging on a stick. They were pounding the saw, and others had tin pails and pans. There were about twenty there at the beginning, but the crowd soon grew much larger, and reached fully one hundred and fifty. He told them that they ought to have known better, and asked them to go away. Some of the crowd were on his property. He spoke to all the accused except Woodward but he was taking an active part in the crowd. The crowd stayed there until about 10.30. Witness went to the station to get his wife at about 9 p. m. and the crowd followed him down and back, drumming on their pans. They continued heir racket, ringing the door bell and the church bell. On the next night, Thursday, the crowd returned and acted about the same as on the previous evening. Again, last night, Friday, the crowd returned but did not make quite as much noise as on the two previous evenings.

Mr. E. Bean was the next witness. The crowd which gathered before Mr. Gordon's house, Thursday evening, he judged numbered fully 200 people. He thought they were a peaceable crowd, trying to have some fun. The crowd, Wednesday night, probably numbered 100. There was no very loud talk.

James E. Goodwin was the third and last witness at the morning session He was at the station on the evening of the 30th. The station is about 60 feet from Mr. Gordon's house. Witness heard the noise made by the crowd and saw the people in the road and at the church and at Mr. Gordon's house. When Mr. Gordon came to the station, at about 9.30 o'clock, some of the crowd followed him into the station. Mr. Gordon asked witness to drive them out. There was a band Thursday evening, and they played opposite the station, near Mr. Gordon's house. He noticed pans and pails lying around in front of Mr. Gordon's property.

Messrs. Belanger and White are acting for complainant and Mr. John Leonard for the accused.

LATER.

When Court re-assembled this afternoon, the accused were bound over to await their trial at the Court of Queen's Bench, in October next.

KOOMASSIE IS RELIEVED.

Captain Hall's Party Believed to Have Reached the Town.

London, June 2.—The Colonial Office has received a despatch from Cape Coast Castle, dated May 31, saying it is believed there that Captain Hall, with a relief party, entered Koomassie, May 26. The governor, Sir Frederick Mitchell Hodgson, with the sick, wounded and refugees, was expected to arrive at Fumsu, May 30.

Troops, it is added, have been concentrated at Fumsu to overcome any possible resistance by the rebels, who are reported to be to the north. If the report of the relief of Koomassie is correct it greatly improves the military situation.

It is understood that Captain Hall has with him a force of 300 men, and that altogether 3,000 men have been marching to the relief of the beleaguered town.

The Spectator, commenting upon the situation there, says:

"We hope authority will soon be re established. Nigeri has been partially stripped of troops to provide a relieving force, and if the latter were defeated, or even checked, we might have the whole of western Africa to reconquer."

KANSAS FARMERS PROTEST.

Do Not Want "Eight Hours a-Day" Laborers.

Topeka, Ks., June 2.—Kansas farmers protest against the scheme of a New York newspaper, which, it is reported, will be advocated Sunday, to transport several thousand of the idle men of that city to Kansas to assist in saving her 100,000,000 bushels of wheat. The farmers declare that they do not want men schooled in the "eight-hour-a-day" business, nor do they want agitators who would resort to strikes in harvest fields. Kansas farmers work in the harvest fields from sunrise to sunset, and often into the night. They say New York's idle men would come, not to do faithful work, but to plant the seeds of discord.

SERGENT P. STEARNS, Esq.,
Manager Equitable Life Assurance Society of the U. S., Montreal.

Dear Sir:

I must bear testimony to the promptitude with which your Company paid over the insurance policy on the life of the late E. N. St. Jean, advocate.

The late Mr. St. Jean died on the 23rd April, and the claim having been filed with your Company on the 28th, the whole amount of the policy was paid over on the 30th.

I think it is only just that I should mention this fact, as it must be interpreted in a very creditable manner for the Company you represent.

Yours very truly,
R. PREFONTAINE,
Mayor

Better Than You Expect.

It isn't enough that we do as well as last year—each day must show improvement. Hard work and careful planning have succeeded in raising this store above the common place at almost every point. Never before have we had anything like such stocks, such facilities, such values. The facts stand out like trees in a winter landscape, and the more you make comparisons, the more you'll be satisfied to spend your money here.

This store has a cheerful welcome for all comers. There's no one here to pull faces at you if you don't buy, and under no circumstances do we try to force sales on our customers. These facts alone should be strong points in our favor for your trade.

AMERICANS RETURNING.

London, June 2.—The exodus of Americans is well under way. There is not an unreserved berth on any brig transatlantic liner for today until October 1. The crush increases with each day, and those who are compelled to return must suffer the trials of the immigrant or some undesirable boat.

AROUND THE TOWNSHIPS.

Editor Jones, of the Richmond Guardian, has returned to the office, but is very feeble; still he is in a fair way to recovery.

Mount Ortord is to be the site of the annual field day of the Natural History Society of Montreal, the date selected being the 9th of June.

Georgeville celebrated the 81st birthday of our gracious Queen by flag raising, fireworks, bonfires, children's parades, and music by the band.

Dr. C. W. Colby's cottage near "Glenbrooke," Georgeville, was forcibly entered last night and ransacked, quite a number of things being stolen.

Hatley merchants were losers by the burning of the freight shed at Compton, M. W. LeBaron to the extent of $95 and Parker & Knight some over $100.

Henry Longeway, of Mack's Mills, got his head cut quite badly one day last week, while working on the section. Dr. Tomkins dressed the wound and it is doing well.

Mr. F. Dagger has been removed from Montreal to take charge of the Bell Telephone office at Waterloo, caused by the removal of Mr W. J. Farbar to Sherbrooke.

The scholars of the Sacred Heart School, of Arthabaskaville, numbering 120, came to Danville by train, on Tuesday, and held a picnic in Atkinson's grove. The school band was in attendance.

Coaticook citizens are agitating for a new academy building. Opinion is somewhat divided as to whether it is advisable to repair the present building or build a new one, from the foundation up.

Arrangements are being made for a monster temperance picnic at Bacon's Bay on Saturday, June 9th. Speakers are expected from all over the townships, and everything will be done to make the day enjoyable.

About 5,600 pounds of milk are received daily at Ayer's Flat creamery and made into a superior quality of cheese. Last sale of cheese brought 9 3 16c. This is considered to be equal to butter at 25c per pound.

The 37th party of children, from England, arrived at the Knowlton Home a few days ago, and, of those remaining for distribution there are four boys, whose ages vary from 4 to 9, and nine girls, aged from 6 to 10.

Mr. C. C. Cleveland, of Danville, shipped 21 head of stall-fed steers, on Monday, to Montreal. The lot weighed 29,990 lbs. and brought exactly 5c. per pound on board the cars here. The lump sum received makes a total $1,499.50.

Mr. A. A. Knowlton has generously donated to the Waterloo Library Association, a site for the contemplated library building, 45 feet front by 80 feet depth. The location is on Court St., nearly opposite the post office, and is as central as could be desired.

The corporation of Waterloo has decided to put in a new reservoir, fifty by seventy feet, of stone and concrete, of sufficient depth to afford an abundant supply. The old reservoir will be kept in reserve, so that the town will be amply protected at all times.

The Richmond Times says: One of the reasons urged by some of the councillors on behalf of the proposed new opera house was that the city would be benefitted by its bringing money into Sherbrooke from the surrounding country, who would come in there to attend entertainments, and the argument is based on sound common sense.

The Jubilee Cricket Club, of Cowansville, has elected the following officers: Mayor Mackinnon, honorary president; Hon. G. B. Baker, Hon. H. Thos. Duffy, Hon. J. C. McCorkill, honorary vice-presidents; A. J. E. Leonard, president; H. C. Harvey, vice-president; G. H. Baker, secretary; J. M. O'Halloran, treasurer, and Dr. Pickel, captain.

The Waterloo Advertiser says: "The demand for milch cows this spring has been very active and prices have ranged high. Mr. Henry Neill of West Shefford, has placed about six carloads, which he purchased on the north shore of the St. Lawrence, the prices running from $30 to $38. Other dealers in the same vicinity have sold about fourteen carloads, making in the neighborhood of 500 cows bought by the farmers in this section of the county of Shefford."

ONE WAR AVERTED.

A Result of the Struggle in South Africa.

Trouble Between Russia and Japan Postponed.

New York, June 2.—A London special to the Sun says: It develops that the struggle in South Africa, though a sad one, has had a salutary effect in one case. It has postponed if not averted another war. Nearly six weeks ago the crisis between Russia and Japan reached a point where hostilities were regarded as inevitable by the authorities of both countries. A deadlock had been reached over Japan's installation of a trader in the best locations at Masamdo, where the king of Korea, a year ago, had given Russia the rights to settle, on condition that they did not fortify the place. Japan refused to withdraw her unofficial representative and prepared to defend him in his possession. The Japanese had the right to expect the support of England under the existing understanding in proceeding to extremities, but, the Japanese Government received an intimation from London, that Great Britain would be unable to act while the war in South Africa continued. The note conveying this intimation contained the advice that Japan should settle the matter with Russia. The Tokio Government reluctantly withdrew from its bellicose attitude.

War usually breeds war and even in this case there is reason to believe that the conflict between Russia and Japan has only been postponed for a brief season for the spirit of the Japanese is more warlike than ever.

It sounds too good to be true to have clothes made white as snow by boiling and rinsing only, no rubbing seems incredible to those who for years have worn out their clothes and their strength on the washboard.

June 1.—The "Little Folks" entertainment, last evening, in the town hall, drew a large audience. There were recitations, vocal and instrumental music by the children, who acquitted themselves in a fine way and showed the admirable training they had undergone. A group of six little tots enacted the "nursery maids' drill," accompanied by music. Then followed the pleasing farce "The Greatest Plague in Life," by eight young girls, which was exceedingly well rendered and elicited much applause. Ice cream and cake were served by members of the Y. P. C. U. In honor of the victory in South Africa, the performance closed by the singing of "God Save the Queen."

Mrs. Caltin, of New York, arrived Tuesday morning, and will spend the summer at Meadow View cottage with Mrs. C. Jackson.

COATICOOK.

[News items for insertion in the DAILY RECORD will be gladly received by Mrs. G. O Doak, local correspondent, Coaticook.]

June 1.—We are nothing if not loyal. Within half an hour from the time, when the bulletin in front of the Main street pharmacy announced that Pretoria had fallen, the Union Jack was floating from almost every public building and private residence in town. The enthusiasm, however, was chiefly confined to the children until evening, when the streets were filled with crowds of loyal citizens of both sexes, who sang, cheered and shouted till a late hour. The Battalion and city bands, and a number of carriages decorated with flags, paraded the principal streets, and a fine display of fireworks took place in front of the Town Hall.

A special vestry meeting will take place on Monday evening, at St. Stephen's Church, to decide upon the immediate building of the Guild Hall, inspect plans, etc. All pew holders are requested to be there.

UNION WITH CANADA.

Plan Reported Favored by Premier of Newfoundland.

Ottawa, June 2.—A press cable from Newfoundland states that the organ of Premier Bond and the Newfoundland Government has an article in favor of the union of the colony with Canada. Mr. Bond has always been understood to be favorable to closer relations, at any rate, as far as commerce with the United States goes, instead of Canada. He was the author of what is known as the Bond-Blaine treaty, the ratification of which Canada objected to unless the Dominion was included in the negotiations. The result was that the treaty was not ratified. This being the case there was some surprise in political circles to hear of Bond's conversion. The premier was asked if there was anything in the announcement, and he replied that there were no negotiations going on between the two Governments looking to union. The matter is understood to be in the same position as when it was discussed in Parliament a few weeks ago. On that occasion Sir Louis Davis said that the time was not opportune to open negotiations on the subject.

STANSTEAD DISTRICT METHODISTS.

The annual meeting of the Stanstead District Methodists was held in East Hatley last week. All the ministers in the active work and several lay delegates were present. Wm. H. Wood, a student of Victoria College, but connected with this district, was reported to have passed his third year in acts. He asked for permission to return to College for a fourth year. The trustee board of Baldwin's Mills asked conference for permission to sell a part of the land connected with their property and to apply the proceeds on the debt.

Rev. R. Smith was chosen on the stationing committee, Rev. J. Holt Murray, and Mr. G. W. Aulis on the S.S. committee and Rev. Paul Pergau and Mr. J. F. Telford on the Epworth League committee. Mr. S. J. Craig, of Compton, was elected to attend the missionary committee of next fall, with Mr. G. W. Aulis as alternate.

The following laymen were chosen to attend conference:

T. F. Telford, Dudley Davis, Geo. W. Aulis, M. P. Dixon, J. W. Woodman, S. J. Craig, W. H. Brevoort, Percy Baldwin, A. I. Turner, F. P. Channell, M. A. Darling.

There was substantial increase in membership during the year.

The district meeting felt deep regret that Dr. Hunter, of Coaticook, is compelled to step out of active work. A suitable resolution was passed expressing great appreciation of his character and work.

The next annual district meeting will be held at Beebe Plain.

The saw mill and large lumber yards of Mr. A. Skinner at Lake Weedon, Que., were entirely destroyed by fire Thursday morning. Loss about $3,000. Partially insured.

IS AGUINALDO DEAD?

American Troops Capture His Saddlebags.

An Insurgent Officer Killed During an Engagement.

Manila, June 2.—Major Peyton C. March, of the Thirty-Third Vylunteer Infantry, who has been pursuing Aguinaldo, has successfully crossed the mountains of northern Luzon and is now at Aparri. He reports coming up with the supposed bodyguard of Aguinaldo north of the Cagayan Valley. During the fight which followed, it was seen that an insurgent officer was shot from off his horse. He was rescued by his comrade, but his horse and saddle-bags were captured.

The saddlebags contained Aguinaldo's personal papers. The next day an outpost of the Forty-ninth Volunteer Infantry (colored) reported that a raft containing a body with two soldiers guarding it had floated down the Cagayan River, but that the swift current prevented its capture. It is thought possible that the officer shot was Aguinaldo, and that it was his body which the soldiers were guarding. An insurgent lieutenant and eleven armed rebels surrendered to the Twelfth Infantry, Wednesday. Sixteen men of the Forty-Eighth Volunteer Infantry captured the governor of Bangued. He is an influential rebel agitator, and has been a fugitive for some time.

BURGLARS IN MAINE.

Jos. Huddle & Co. May Be Operating Across the Line.

Burglars are operating in Maine and the work resembles that of Jos. Huddle & Co., late of Sherbrooke jail. A despatch from Buckfield, Me., says:

"A series of bold operations by burglars, which began with the attempt to rob the South Berwick National Bank, last week, and which included the destruction of the safe in the post office at Mechanic Falls, last Wednesday night, when $4,000 in money and stamps was stolen, was continued here Thursday night, when a gang of five men broke into the post office, and, after blowing off the outer door of the safe, were fired upon by a citizen, whom they had awakened. The burglars fled without having secured any booty, and they were followed by a crowd of citizens, who had been aroused by the sound of the explosion and the firing. Shots were exchanged between the posse and the fugitives, and it is thought that one of the latter was wounded. The robbers took to the woods after the shooting."

JAPANESE FRUIT PICKERS.

California Husbandmen Need Them Because White Laborers Are Scarce.

San Francisco, June 2.—From all parts of the State comes the intelligence that more hands are required to handle the fruit crop. There appears to be a dearth of white labor and the husbandmen are confronted with the necessity of looking elsewhere for help. The fruit growers are sending orders to the agents of the Japanese employment offices in this city. Heretofore this line of labor was given to the Chinese. One of the principal reasons why the Japanese is sought in preference to the Chinese is that he will work for less money. The present rate of wages paid to Japanese fruit pickers ranges from 90 cents to $1 a day, they finding themselves. The Chinese demand $1.25 and $1.50 a day and find themselves.

CHINESE CRISIS.

Foreign Troops Have Reached Pekin.

A European Power May Be Backing the Boxers.

Shanghai, June 2.—The detachment of over three hundred blue jackets of various nations has arrived at Pekin.

Pekin, June 2.—The foreign envoys have received the reply of the Tsung-Li-Yamen to their ultimatum of yesterday, calling upon the Chinese authorities to consent to the landing of a force of marines to come to Pekin to guard the legations. The ultimatum fixed 6 a.m. as the hour at or before which the reply must be forthcoming. The Tsung-Li Yamen agreed to withdraw opposition to the coming of the guards.

London, June 2.—The Pekin correspondent of the Times, telegraphing Wednesday, says: "The damage to the railroad is estimated at $1,500,000. The Government supports, rather than condemns, the Boxers. No one has been arrested yet. No foreigner has been seriously injured, though murders of native Christians are reported daily from the country."

VIN ST MICHEL

Count Jean de St-Michel

It was this illustrious nobleman who in 1661 created the trade-mark 'Vin St-Michel' of which the label now used is a faithful reproduction. It was Count St-Michel who first discovered the vitalizing and strength giving properties of this tonic wine, coming from the exceedingly ferruginous soil of his vineyards.

Has thus been known for several centuries as the most powerful blood-making tonic wine, and is now used with the greatest success all through the civilized world to cure Anemia, Debility, Weakness, Paleness, Loss of Appetite, Indigestion and in fact all diseases caused by overworked or impoverished blood. The unique vitalizing and restorative powers of Vin St-Michel are being recognized to an extent hitherto unknown in the history of any preparation.

It never shrinks, it cannot pucker the skirt bottom—its colors will not run.

It is steam shrunken before it is dyed—it cannot skrink any more under any possible usage.

Its colors won't run because they are fixed permanently and unfadably when dyed.
