HITLER POINTS TO ADVANTAGES FOR NAZIS IF THEY CONQUERED RUSSIA

Der Fuehrer Painted a Picture of Plenty which Acquisition of Russia's Rich Agricultural Lands and Ore-Laden Mountains Would Bring in Contrast to Germany's Present Difficult Struggle Against Raw Material Shortage—Predicted German Victory in Event of War Breaking Out with Russia—Significance of Hitler's Remarks Causing Concern in Great Britain.

Nuremberg, September 12.—Chancellor Hitler, with hundreds of Nazi warplanes roaring in aggressive tempo overhead, declared today Germany would be overwhelmingly prosperous "if we had" the rich agricultural lands and the ore-laden mountains of Soviet Russia.

Speaking before the Labor Front after he had told thousands of worshipful boys and girls that Germany would triumph over Russia "if the hour ever comes" when there is war, Der Fuehrer shouted: "If I had the Urals, if we possessed Siberia, if we had the Ukraine, Socialist Germany would be swimming in surplus prosperity."

As he spoke, two hundred heavy bombers and hundreds of pursuit planes wheeled and circled above the Congress Hall.

It was only for a brief minute in his long speech, however, that Hitler suggested the advantages Germany would gain by the possession of lands to the East.

In a few words, he painted a picture of the plenty which such acquisition would bring in contrast with Germany's present difficult struggle against the raw material shortage.

Describing the Soviet surplus of land and materials, he declared: "I am not in the fortunate position of the Soviet Jews. Nevertheless, Germany's problem must be solved."

"There is no such thing as saying it cannot be done. It can be done because it must be done."

"Germany must live!"

The Reichsfuehrer's whole speech was a plea for patience, fortitude and determination in the task which, he admitted, might take a generation to solve.

He pleaded with the workers to understand that Germany's purchasing power cannot be increased except through an increase in national production.

Earlier, before the fifty thousand young Nazi boys and girls, Hitler had declared of Russia:

"Let him carry his Soviet star, we will conquer in the sign of the swastika."

"(Hitler referred to the black and red Swastika of Nazi Germany and the five-pointed red star of Soviet Russia.)

"If the hour ever comes when our old adversary makes an attempt upon us," the Fuehrer told the picked delegations of junior Nazis, "you will be standing beside, behind and before me and will help me fight."

"When I look upon you I realize I have not fought in vain," Hitler told the youths who were brought to the convention for "meritorious service to the party."

He appealed to his youthful audience to "believe in Providence," which he said rewards strong, brave, disciplined supporters of the party and the nation.

SPEECHES AT VARIANCE, DECLARE LONDON PAPERS

London, Sept. 12.—British newspapers today pondered the significance of the anti-Russian speeches delivered at the Nazi Congress at Nuremberg, Germany.

"What is Germany's actual policy to be?" asked the Daily Telegraph. "Is it the peace with all nations that Hitler so warmly extolled in his speech last night? If so, the earlier proceedings at Nuremberg are the strangest of all preliminaries to friendship."

"That Germany dislikes Bolshevism, as we all do, is no explanation of speeches that seem deliberately designed to set a continent ablaze and align the Fascist powers in a 'holy crusade' against a force from which Germany has nothing to fear if the Nazi Government is really representative of the German mind."

The Morning Post said the Nuremberg sessions give the "inescapable impression that the German Government desires a breach of diplomatic relations with the Soviets."

At any mention of Moscow Chancellor Hitler becomes "a frenzied victim of a pathological obsession," said the Daily Herald.

MOTHER MORE VALUABLE THAN SMARTEST JURIST

Nuremberg, Germany, Sept. 12.—A mother of seven healthy children is of more value to Nazi Germany than any jurist, regardless of how eminent he may be, Chancellor Hitler told twenty thousand women delegates to the Nazi Party Congress here today.

He stressed, however, that Germany was a civilized nation and had no intention of organizing detachments of women "to hurl our grenades, nor battalions of women sharpshooters."

EXPENSES DOWN TO THE LAST SHOE STRING

Atlanta, Sept. 12.—J. S. Shettleworth goes into detail in reporting campaign expenses—down to the last shoe string.

Here's the way the defeated legislative candidate reported the \$142.45 cost of his campaign.

Entrance fee \$125, cards \$15, eight street car tickets 60c, seven winners (entertainment) 35c, seven bowls of soup (entertainment) 70c, exchange on entrance fee cheque which came back marked "insufficient funds" 15c, shoe strings to replace pair broken while campaigning 5c, half soles worn out campaigning 60c.

HEADS OF DEPARTMENT OF AGRICULTURE ARE TO MEET

Will Discuss Methods Now in Force and Also Treat with Innovations to Be Injected into Services with a View Towards Improving Branches of Department in General.

Quebec, Sept. 12.—Albert Rioux, Deputy Minister of Agriculture, has called a meeting of the heads of the various services within the department for next week, probably Tuesday or Wednesday. He will discuss with the officials methods now in force and also treat with innovations to be injected into the services with a view towards improving the branches of the department in general.

UNDERTAKER'S TIP SAVES MAN'S LIFE

Dallas, Texas, Sept. 12.—A. B. Curry, thirty-six years of age, of Singer, Texas, might have died—if it had not been for an undertaker.

When Curry's roadster struck a bus in front of a funeral home his jagged vein was cut. Julian Holtz, one of the proprietors, warned him to hold his finger over a hole in his neck until he reached the hospital. He did, and physicians said he would recover.

AMICABLE CANADA-SOVIET RUSSIA TRADE RELATIONS ARE RESTORED

Canadian Government Cancels Order-in-Council Banning Importation of Certain Russian Products into Dominion and Soviets Withdraw Retaliatory Measures Forbidding Purchase of Canadian Goods and Chartering of Canadian Ships—Canadian Delegation Left Today to Attend League Sessions at Geneva.

Ottawa, Sept. 12.—Canada and Soviet Russia were today on a friendly footing, so far as trading relations are concerned, after the first time since February, 1931.

For years the two countries have been at odds, as a result of the embargo clamped down by Canada on the importation of certain specified commodities from Russia and the Soviet's retaliation to that embargo.

Last night Premier Mackenzie King announced an agreement between the two countries to resume commercial intercourse where they left off five and a half years ago.

The lifting of the embargo followed a recent visit to Moscow of Trade Minister W. D. Euler. He spent some days in the Soviet capital discussing with Russian authorities the possibility of composing the dispute which had arisen during the administration of the previous Canadian Government.

On behalf of Canada, Mr. Euler cabled the Russian Government announcing cancellation by this country of the order-in-council which in 1931 imposed the embargo. In return S. K. Sudjin, acting People's Commissar for Foreign Trade, replied that as a result of Canada's action, the Soviets canceled their retaliatory provisions which forbade purchases by Russians of Canadian goods and chartering of Canadian vessels.

In making his announcement the Prime Minister said Canada was the last country of any importance to maintain an embargo against Russia. Great Britain was active in pursuing Soviet trade and had established substantial credits to this end. He would not say if a similar credit policy would be followed by Canada.

Touching on the same theme yesterday, Mr. Roosevelt suggested the establishment of a "social balance sheet," against which "the water it permits to go unused, as well as the coal and oil that are used."

A defence of private power companies' rates and service was laid before the conference today by Floyd L. Carlisle, chairman of the boards of the Consolidated Company of New York and the Niagara Hudson Power Corporation.

To postpone their return flight to New York today.

The time for the take-off was set tentatively for dawn on Sunday.

By the League of Nations Assembly, which opens on September 21, the Canadian delegation will take a message of peace and goodwill.

With the announcement last night that trade had been resumed with Soviet Russia, Mr. Mackenzie King was in a position to say that Canada was now on the friendliest terms with every country.

The position Canada will take at Geneva, where it is expected the future fate of the League will be decided, has been thoroughly discussed at recent Cabinet meetings, and clearly defined with all ministers in agreement, the Prime Minister said. He would not, however, discuss its details.

Justice Minister Ernest Lapointe will carry on as acting Prime Minister and will have several interesting announcements to make next week, including appointments to numerous judicial vacancies and selection of a third member to the Royal Commission inquiring into the penitentiary system.

Liverpool, England, Sept. 12.—Heavy rain and strong westerly winds caused Harry Richman and Dick Merrill, trans-Atlantic fliers, to postpone their return flight to New York today.

The time for the take-off was set tentatively for dawn on Sunday.

Forecast: Moderate winds; cloudy with occasional showers. Sunday—partly cloudy and a little cooler.

Northern New England: Showers this afternoon and tonight, cooler tonight; Sunday—mostly cloudy and cooler.

Temperatures yesterday: Maximum, 79; minimum, 61. Same day last year: Maximum, 66; minimum, 44.

NEW DIRECTORS ARE NAMED FOR BANK OF CANADA

With Its Share Capital More than Doubled and Its Board of Directors Increased by Six, Bank of Canada Today Is a Nationally-Owned and Controlled Institution.

Ottawa, Sept. 12.—With its share capital more than doubled and its board of directors increased by six, the Bank of Canada today is a nationally-owned and controlled institution, in line with legislation enacted at the last session of Parliament.

Yesterday the federal treasury acquired 100,200 class "B" shares of the bank, par value \$50, offsetting the 100,000 shares of the same par value now in the hands of the public, and the Government appointed six directors representing those additional shares.

The Government's directors will have two votes until such time as the old directors have been reduced in number to three, after which all will have the same voting power and the ratio will be six Government directors to three representing private interests.

The old directors, seven in number, were appointed for varying terms, two each for five, four and three years and one for two years.

Following are names of the new directors and the year in which their terms expire: Robert McQueen, Winnipeg, educationist, 1942; J. Leroy Holman, Summerside, P.E.I., merchant, 1942; A. C. Poirer, Quebec, manufacturer, 1941; Fred Magee, Port Elgin, N.B., merchant, 1941; George G. Coote, Nanton, Alberta, farmer, 1940; and Lt.-Col. Claude Brown, London, Ont., 1940.

In selecting these additional directors the Government was able to give representation on the board to those provinces not so represented in the old board.

Propagate the idea of a greater Germany: Force the teaching of the Nazi pan-German conception of history to Austrian students: Carry on intensive propaganda among the youth of Austria: Use the theatre, press, radio and film to propagandize the close relationship between Germany and Austria in the economic field; wage a war on Jews and fight for German unity and against political Catholicism in all forms.

A few days after the Austro-German treaty was signed last July, according to Der Oesterreicher, the powerful German students' organization sent thousands of circulars to its Austrian members announcing that the first aim to be attained was the creation of an independent National Socialist Austria.

If this aim could not immediately be realized by any means within their power, the Monarchist organ said, the members of the group went to carry on along the following lines:

Propagate the idea of a greater Germany: Force the teaching of the Nazi pan-German conception of history to Austrian students: Carry on intensive propaganda among the youth of Austria: Use the theatre, press, radio and film to propagandize the close relationship between Germany and Austria in the economic field; wage a war on Jews and fight for German unity and against political Catholicism in all forms.

At headquarters of the Government forces in Central Spain, Sept. 12.—Socialist militiamen clashed today with Fascists in the sector around Talavera de la Reina.

"We are only a mile from Talavera on the south side now," asserted Gen. Jose Asensio, commander of all Government forces in Central Spain. "And as we have reached Peñino on the north, the loyalist line on the south, the road to Talavera has taken up an impregnable position."

The overalled commander, bending over a bamboo loaded with maps, denied an insurgent column was marching on Toledo from the south.

Overhead, three Fascist bombing planes, painted black, circled the headquarters village and the nearby territory, losing bombs in an attempt to destroy the commander's temporary office.

Four small settlements behind the Government lines suffered damage from the insurgent bombs. Four non-combatants were killed by the deadly rain of steel in Torrijos, twelve miles east. All the bombs dropped on Santa Olalla fell wide of their mark, however.

Meanwhile, reinforcements went to the battle scene from Navalcarnero, and San Martin de Valdeiglesias.

San Juan de Luz, France, Sept. 12.—Fascist gunners reopened bombardment of San Sebastian today, refugees from the Basque resort reported, as dissenting factions among Government defenders fought in the city's streets.

Thirty refugees arrived here in a motor boat flying a Basque Nationalist banner as well as the Spanish Republican flag.

They said their flight was hastened by the Rightists' bombardment and declared they had decided to leave the besieged community when shooting between Basque Nationalists and Anarchists broke out in the streets last night.

(The Basques, strongest in numbers among the Government defenders of San Sebastian, seek to prevent damage to the city. The Anarchists have sworn to defend it from the Fascists to the last and burn the city rather than have it fall to the insurgents.)

With the Fascists besieging San Sebastian, Sept. 12.—Insurgent troops could march into San Sebastian at any moment but they are delaying their attack in order to prevent a repetition of the horrors at Irun, it was apparent today after a tour of the front, writes Albert Grand, Havas News Agency correspondent.

Batteries are so placed on surrounding heights that an intensive cold, they turned down an ultimatum to drop their defences under a threat from Gen. Emilio Mola, insurgent commander, to "blow the city to pieces."

Internal dissension still raged inside the Government lines thrown along the outskirts of the Basque resort.

Looting of shops and stores brought disorder in scattered sections of the city as strong forces of Basque Nationalists sought vainly to preserve order in the face of a prospective enemy attack.

The Basque commanders acknowledged grave fears Anarchists were gaining control of the Government militia and the city was in danger of being burned.

CHARGE REICH BREAKS FAITH WITH AUSTRIA

Monarchist Journal Claims Privileges Granted Under Recent Accord Being Used to Bring About Union of Germany and Austria—Semi-official Sources Admit Charges Well-Founded.

Vienna, Sept. 12.—Monarchist charges that Austrian Nazis are using the privileges won under the two-month-old Austro-German accord to further their drive for Anschluss or union with the Reich assumed new importance today after semi-official sources indicated they believed the charges well founded.

Nazi students have been instructed to work for the union of Austria and Germany, despite Chancellor Hitler's assurance that the Reich would respect Austria's independence, the Monarchist organ Des Oesterreicher charged.

The charges were reprinted in the semi-official Weltblatt, which approved the article as "well documented."

A few days after the Austro-German treaty was signed last July, according to Der Oesterreicher, the powerful German students' organization sent thousands of circulars to its Austrian members announcing that the first aim to be attained was the creation of an independent National Socialist Austria.

MORE BRITISH TROOPS ARE TO PROCEED TO PALESTINE

Two Detachments, Totalling 1,135 Men and Fifty-Three Officers, to Board Cruiser Dorsetshire at Southampton Today En Route to Holy Land.

London, Sept. 12.—Two detachments, totalling 1,135 men and fifty-three officers, of the Royal Northumberland Fusiliers and the Royal Irish Fusiliers were ready to board the cruiser Dorsetshire at Southampton today en route to Palestine.

The detachments are the first units of the 15,000 reinforcements being sent to the Holy Land in a determined effort to stamp out the Arab-Jewish disorders that have taken a heavy toll of dead and wounded and resulted in considerable property damage during the past six months.

On Monday the steamship Laurentie will sail from Southampton with the general staff and the administrative services for the expeditionary forces. The steamer Nevasa also will sail on Monday with the second battalion of the East Yorkshire Regiment and the second battalion of the North Staffordshire Regiment.

ITALIAN CABINET ORDERS A LARGE INCREASE IN ARMS EXPENDITURES

Increased Appropriations Designed to "Proportion Military Preparations to the Necessities of International Situation—Amount Voted for Military Purposes Was Not Disclosed—Il Duce Claims Campaign for Economic Self-Sufficiency Has Already Achieved Noteworthy Results—Mussolini, Through Commission for War Manufactures, Controls Over a Thousand Auxiliary Manufacturing Plants.

Rome, September 12.—Italy's Cabinet, under the presiding eye of Benito Mussolini, today voted extraordinary appropriations for land, sea and air forces to "proportion our military preparations to the necessities of the international situation."

The ministers also approved salary increases, averaging eight per cent., for 650,000 Government employees and added to the wages of many thousands of provincial and municipal workers.

Il Duce told the Council that Italy's campaign for self-sufficiency in raw materials, especially those used for military purposes, has "already given a noteworthy result and will be continued most vigorously."

The Commission for War Manufactures, he told the ministers, now controls more than one thousand auxiliary manufacturing plants.

The amount of extraordinary appropriations voted for the armed services was not disclosed. A Cabinet communiqué said, however, they would "perfect our military preparations in a certain period of time."

(Italy's move to further increase her armed forces follows Germany's doubling of her compulsory term of military conscription and action by France to spend \$910,000,000 in planes, tanks, guns and armored cars in an effort to increase her army's efficiency, rather than its size.)

French statisticians, last month, calculated Europe's military powers now could send nearly 6,000,000 trained men into battle, if necessary. These figures fixed Germany's strength at 1,985,000; Italy's at 1,250,000; Russia's at 1,200,000 and France's at 654,000.

However, Il Duce recently said he could mobilize 5,000,000 Italians "on a single order."

The Cabinet also approved formation of a permanent colonial army in East Africa, to be commanded by officers specializing in the colonial branch of the service. These officers will alternate their service in colonial and mainland armies to keep at "top efficiency."

The colonial army will be flanked by 150,000 workers, which number, the Cabinet communiqué said, would be required at least during the initial period of public works construction in Ethiopia.

Informed sources have indicated the army itself would be composed of 3,500 officers and 60,000 men, of whom 20,000 will be white.

STATESMEN WORRIED OVER DELICATE POWER BALANCE

Bratislava, Czechoslovakia, Sept. 12.—Europe's delicate balance of power became a vital issue again today as statesmen of the Little Entente gathered around conference tables.

The meeting was regarded as one of the most important in the history of the Little Entente, composed of Yugoslavia, Rumania and Czechoslovakia.

Delegates sought to find an answer to this question: "Shall southeastern Europe follow the military, economic and political policies of Russia, France, Germany or Poland?"

The absence of former Foreign Minister Nicholas Titulescu, of Rumania, from the session was regarded as a victory for the Germans. Titulescu was deposed from his post in a governmental reorganization which observers interpreted as leading to a closer association between Rumania and Germany.

France, through her alliances with Poland and Russia, was believed to exert important influence on the deliberations, although Yugoslavia and Rumania were reported to be debating the formation of an anti-Bolshevik front.

Rumania's demand for the abolition of the fifteen-year-old international Danube Commission was among the major points to be discussed.

Rumania has long considered the Commission, set up in 1921 to regulate commerce on the Danube River, an affront to her sovereignty. Now—following the Montreux Conference and Turkish refortification of the Dardanelles—she has expressed belief she has another reason for its abolition.

She has felt she has a right to control her portion of the Danube and its mouth, which she thinks has been made vulnerable through the Turkish refortification programme.

POPE TO MAKE SHARP ATTACK ON COMMUNISM

Denunciation of Socialism Will Also Form Part of Papal Address to Spanish Refugees on Monday.

Vatican City, Sept. 12. — Pope Pius XI will denounce Communism and Socialism in his speech to 350 Spanish refugees next Monday, it was understood here today.

Despite his advanced age, the Pontiff will speak for forty minutes, it was said. The first part of his address will be devoted to comforting and consoling the refugees and the second to a sharp attack on the Communists and Socialists.

A special article in the Observatore Romano written by its director today characterized as "grotesque" the reasons given by the Madrid Government for attacks on churches and churchmen.

"The Government says that the churches were used for purposes by the Nationalists. Why then were the crucifixes instead of machine guns inside these churches?" he asked in a special article.

The article deplored the fact that the Madrid Government "has not, at least, publicly reproved those who take advantage of their authority to debase their office in this horrible way before the entire civilized world."

MOTION PICTURES MUCH BETTER MORALLY

Vatican City, Sept. 12. — The world's motion pictures are getting much better, morally, the Pope's official representative to the International Motion Picture Exposition in Venice reported today.

In a survey prepared for the Holy Father, Giuseppe Cassinis said films of all nations were sixty per cent. "morally good," whereas last year this percentage was only twenty.

This was the first time the Vatican has had an official representative at a motion picture exhibition. It demonstrated the Pope's intense interest in the subject, which he dealt with in a recent encyclical.

LILLE TEXTILE STRIKERS WILL LEAVE PLANTS

Have Agreed to Evacuate Premises Occupied During Course of Folded Arms Strike — Thirty Thousand Persons Affected by Walk-Out.

Paris, Sept. 12. — Thirty thousand textile workers at Lille, who struck and occupied their places of work, were persuaded today to evacuate the plants.

The factory employees, seeking to speed application of the forty-hour week voted by the French Parliament, receded from their position after conferences with Minister of the Interior Roger Salengro.

The Cabinet Minister, a central figure in the negotiations last week and during the present wave of walk-outs, turned his attention to other disputes between employees and employers.

The spread of occupation strikes resulted in the calling of a conference between the Employers' Association and labor leaders. Premier Blum summoned representatives of the two groups to meet Monday.

The employers made a new demand on the Government to invoke official assistance in preventing strikes of occupation.

The workers repeated their demands the Blum Government speed up its labor programme, especially application of the forty-hour week in industry.

VATICAN ISSUES NEW CODE REGARDING MARRIAGE LAWS

Catholic Diocesan Marriage Courts Throughout World Affected by New Regulations Issued by Congregation of the Sacraments.

Vatican City, Sept. 12. — Wide-spread changes in Catholic diocesan marriage courts throughout the world were ordered today by the Congregation of the Sacraments.

The Congregation issues what amounted to a virtual new code, containing many new regulations.

This code defined the venue of cause, who has the right to introduce cause, who the attorneys may be, how the cause must be introduced and how the tribunal must proceed.

It provides for a majority decision by diocesan judges in matters of marriage.

The decree was designed to make for uniform procedure in marriage cases before diocesan tribunals all over the world.

It said enemies of the church and badly-informed persons had accused the church of favoring divorce through the tribunals.

Months after the death of the famous author, five of his stories are on studio production schedules, a record unrivaled by two other writers who were suddenly found to be screen-worthy—Charles Dickens and William Shakespeare.

MOVIE-MAKERS TURNING TO WORK OF KIPLING

Hollywood, Sept. 12. — The movie-makers were engaged today in a great literary "discovery" — the works of Rudyard Kipling.

LANDON STAGES CLOSING RALLY IN MAINE VOTE

Advance Presidential Vote in Maine on Monday Expected to Give Indication as to Outcome of Elections in November.

Portland, Me., Sept. 12. — Maine Republicans gathered in Portland today to greet their nominee for the United States presidency, Alf M. Landon, at the wind-up tonight of the party's campaign for the "As Goes Maine" state election Monday.

The Kansas Governor, travelling eastward by special train, faced a challenge from Governor Louis J. Brann, Democratic U.S. Senate nominee, to instruct the Republican national treasurer to return J. Pierpont Morgan's \$4,000 campaign contribution.

"The situation stands at this," Brann told a cheering rally audience here last night. "They are going out with the money of a racketeer, in the definition of Governor Landon, to try to defeat the Governor of Maine."

Brann, discussing wealthy Americans' donations to the G.O.P., cofers as reported by a Senate committee this week, said that "in 1930 Landon is on record as having said insult and Morgan were racketeers."

Republican leaders journeyed to Dover, N.H. to board the Landon special. In the party was Brann's opponent, U.S. Senator Wallace H. White, Jr.

NEW GOVERNORS NAMED FOR TWO WESTERN PROVINCES

Hon. Archibald McNab to Be Lieutenant-Governor of Saskatchewan and Lieut.-Col. Philip Primrose Lieutenant-Governor of Alberta.

Ottawa, Sept. 12. — Premier King announced last night the appointment of Hon. Archibald McNab as the new Lieutenant-Governor of Saskatchewan to succeed Lieut.-Col. the Hon. Hugh E. Munroe and the appointment of Lieut.-Col. Philip Primrose as the next Lieutenant-Governor of Alberta.

Mr. McNab was a member of the Saskatchewan Cabinet when Hon. Charles Dunnington, now Minister of Finance, was Premier of that province. He is a native of Glangary, Ont. Lieut.-Colonel Primrose is of U.E.L. stock and a graduate of the Royal Military College, Kingston.

It was also stated by the Prime Minister that during the absence of Hon. Norman Rogers, Minister of Labor, at the League of Nations meeting in Geneva, Hon. James Gardiner, Minister of Agriculture, would be Acting Minister of Labor, and that during the absence in Western Canada for some time of Hon. T. A. Crerar, Hon. Charles Dunnington, Minister of Finance, would be Acting Minister of Mines, Resources and Colonization.

CLAIMS REIGN OF TERROR EXISTS IN ADDIS ABABA

Canadian Woman whom Italians "Politely Asked" to Leave Ethiopian Capital Says Fighting Still Going on in War-Torn City.

London, Sept. 12. — According to Miss Freda Collier, a Canadian woman whom the Italians "politely asked" to leave Addis Ababa, "a reign of terror has been established" in the Ethiopian capital.

Miss Collier, now in England, said: "All Abyssinians suspected of intrigue are put against a wall and shot. Fighting still goes on. Before the collapse of Addis Ababa many Abyssinians buried arms and ammunition outside the town. These they dig up and use to attack."

"The Italians intend to raise a large army in Abyssinia. Boys of fifteen are put into uniform. No English or French is allowed to be taught. Children who attended a French school were intercepted on the streets and taken to an Italian school."

Miss Collier is secretary to her brother, C. S. Collier, Governor of the Bank of Ethiopia.

GERMAN TRANS-ATLANTIC PLANE COMPLETING TRIP

Aeolus Took Off for New York Today to Complete Flight from Azores to United States.

Hamilton, Bermuda, Sept. 12. — The German experimental trans-Atlantic flying boat Aeolus, took off for New York today to complete her flight from the Azores to the United States.

After bucking headwinds most of the way the ten-ton sister ship of the Zephyr, which has already made a successful crossing, came down here yesterday afternoon, flying 2,063 miles from the deck of the steamship Schwabenland, lying off the Azores.

The planes, catapulted from the ship, are experimenting for the German international airlines, Luft Hansa, gathering data preparatory to launching a regular service. The Aeolus is proceeding to Port Washington, N.Y.

bombardment from them would be irresistible.

An insurgent colonel, in reply to questions from this correspondent, said: "When will we take San Sebastian? We are ready now. It is for general headquarters to choose the opportune moment."

All about us we saw soldiers' uniforms and heavy steel helmets of a somber blue.

The intermittent combats on this front are made difficult for both sides by the extremely rough nature of the countryside. Between the heights lie chasms of great depth.

At Tolosa, about nine miles from the front, we saw the typical life of a country town behind the lines. Nearly every day it is visited by Government airplanes. Farther toward the front, we saw villages in which civilians became more and more rare. Only marching soldiers were seen.

Here and there, however, we noticed carpenters making coffins from planks of white wood.

The last mile before the front was entirely void of human life aside from our party.

CATALONIA TO PRODUCE OWN MUNITIONS SUPPLY

Barcelona, Sept. 12. — Announcements by the Catalan military command that within two months Catalonia will have an army of 300,000 well-armed men in the field heartened Leftist leaders today.

The announcement was made by Col. Sandino, Defence Minister, who added that Catalonia will soon be in a position to manufacture large quantities of rifles and other arms.

"As soon as we have attained our immediate objectives, we Catalans will have further inexhaustible forces to aid government militiamen elsewhere attain their objectives," he said.

The trial of sixty-one fascists got under way at Alicante today. The prosecution has demanded the death sentence for six of the accused.

Life imprisonment for fifty-three, and acquittal for two others.

Qualified military sources said Government militiamen routed an insurgent contingent in a fierce clash on the Terner front, killing more than three hundred and taking many prisoners.

VALE PERKINS

Mr. and Mrs. E. Daine have moved into one of Mr. William Perkins' cottages.

Recent visitors at the home of Mr. and Mrs. Joseph Jones were Mr. Frank Morse, Mr. Gerald Morse, his wife and daughter, Janet, Master Charles and Miss Veda Morse, of Atkinson, N.H. Miss Laurel Morse, who has spent her vacation with Mr. and Mrs. Jones, returned home to Atkinson with them. Mr. Frank Morse is a brother-in-law of Mr. J. Jones.

A very pleasant social evening was spent at the home of Mr. and Mrs. Harry George, the occasion being for Miss Pauline George, who is leaving for Macdonald College to continue her studies. The schoolmates and young friends of Miss George and the community at large join in wishing her every success in her work.

Mr. Edward Cook was visiting at the home of Mr. and Mrs. Joseph Jones.

BRITISH PRESS REPORTERS RUN INTO TROUBLE

Spanish Authorities on Both Sides of Civil War Object to Frank Manner in which British Writers Discuss Developments.

London, Sept. 12. — The Spanish insurgents are trying remote control over the British press.

A Times photographer was expelled from fascist headquarters at Burgos and is now at Hendaye, France. A special correspondent of the Morning Post was "offered the choice of leaving the insurgent front or transmitting messages to the precise taste of the forces of the Right." The Morning Post man left and also went to Hendaye.

Writing from Hendaye, the Morning Post correspondent tells a curious story. The Spanish captain, who was liaison officer between the army and the British and American correspondents at Burgos, was educated at Stonyhurst College, Lancashire. The Post correspondent described him as "tremendously efficient, almost impossibly brisk, a good man, one would imagine, in a tight place. I can see him a prefect at Stonyhurst greatly respected but not very popular." In another dispatch the Post correspondent had also used the phrase "insurgent frigidity."

The liaison officer objected that the reference to Stonyhurst did not show a "wholly respectful attitude." He further suggested that doubt was thrown on his popularity at school twenty years ago and that this was "damaging and actionable."

To remain in Burgos in this atmosphere of hostility," continued the Post correspondent, "even though the pill was oiled with the promise of a visit to the trenches, seemed profitless. My messages would be heavily censored and twisted to the insurgents' view."

Correspondents for the Daily Express had trouble on both sides. One was arrested by Government militiamen at Malaga and threatened with hanging and being exhibited as a "specimen spy." Another was expelled from Burgos. A third who, after leaving Spain told a story of insurgent mopping-up squads, cannot return for fear of arrest.

LORD TWEEDSMUIR TO OPEN AMPUTATIONS CONVENTION

Delegates from All Parts of Canada Will Attend Fourteenth Convention of Amputations Association of Canada to Be Held in Winnipeg.

they have been granted by order-in-council and are not to be considered as precedent.

"In granting these cutting rights, we inserted acts which oblige the companies undertaking these operations to pay reasonable salaries to the lumberjacks and assure them of proper living conditions."

"The company itself will be responsible for adherence to these regulations. In the past the blame was shifted to the subcontractor, but under our administration this excuse will not be valid."

Mr. Duplessis announced the Government was at present studying the rail crossing problem and that "everything humanly possible will be done to eliminate the danger."

He declared that Minister of Roads F. J. Leduc was at present making a survey of the situation and that if the finances of the province permit they all will be eliminated.

Wood-Cochran's twenty cents, towards the end of the week, shot along to \$4.85, holding a gain of seventy-five cents.

Medium-price golds recording losses of ten to twenty-five cents were Pioneer, Little Long Lac, Sioux, Buffalo-Ankerite and Century. The base metals falconbridge claimed attention by rising to the record price of \$10. Fire at the Wahnapitae power plant, causing a reaction and a net loss of forty cents for the week was the result. Noranda's claims, ninety cents, Walpole-Amulet twenty cents and Sheritt fourteen cents.

Eldorado, the only highlight in the silvers, advanced twenty-eight cents to \$1.31, the stock's best performance in many months. The oils continued in the rut.

REFUND WILL BE PLACED IN CONSOLIDATED FUNDS

Quebec, Sept. 12. — The \$15,000 that Legislative Accountant Antoine Taschereau turned over to the Provincial Treasury after evidence before the Public Accounts Committee he had received it as interest on Government funds will be placed in the consolidated funds and not in a special trust fund, as the former accountant requested, Premier Duplessis said today.

Evidence before the inquiry was that the brother of former Premier L. A. Taschereau placed Government funds in a branch of the Banque Canadienne Nationale at which his son was manager, and that Antoine Taschereau was paid interest on the money. He declared to the committee that his predecessors in office had also drawn interest on such funds. Ordinarily banks do not pay interest on such accounts.

Antoine Taschereau resigned and sent the Government a \$15,000 cheque, requesting the money be held in trust and that a Superior Court judge decide whether he was legally entitled to the money.

Hon. Adolphe Godbout, Liberal Premier, told him he must sue the province if he wished to recover the money, which the Government believed belonged to the Treasury.

When Mr. Duplessis assumed office he placed the money in the consolidated account.

HEAVY TRADING THIS WEEK ON STOCK MARKETS

Activity, Confined During Recent Months to Mining Sections, Spread on Thursday to Issues Listed on Industrial Section.

Toronto, Sept. 12. — Canadian industrial stocks pulled away from their narrow summer trading range this week and advanced to the highest price level reached since the first week in March. Along with the scaling up of prices the volume of trading swelled and Thursday's total was the heaviest in six months.

Not to be left out of the honors, the Toronto mining share section traded in heavier daily volume than in the previous three weeks and the miscellaneous mining group, including base metals, silvers and junior golds, set a new high price level for the year.

About twenty-three stocks recorded new highs for the year or longer on the Toronto industrial board. Among them the foods, textiles and the building shares, were well represented. Gypsum, Lime and Alabaster occupied the spotlight through three sessions and touched \$11, its high since 1931, before running into profit-taking that carried it back to \$9.65. Other first rank performers were the Dominion Tar, Pressed Metals, Hamilton Bridge preferred and Consolidated Smelters, all selling at new tops.

Smelters advanced \$4.25 in the week to \$58.25 and Pressed Metals added \$2.75 net. Other active stocks in these groups were Canadian Car and Foundry common, Canada Cement common and Page Hersey, all up about one dollar.

Food issues pushing forward to new high ground were the Weston, the Loblaw, the Bury Biscuit and some of the Canadian Cannery stocks along with Fanny Farmer. Distillery issues merely held their ground and in the oils only important adjustment was an advance of \$1.25 for International Petroleum.

Sharp bidding up of some of the junior golds and base metals along with Eldorado in the silvers was mainly responsible for the new top set by the miscellaneous issues indicated. Only narrow changes developed in the higher-bracketed golds while the secondary yellow metal issues about balanced losses and gains.

Bralorne's dividend action increased its following and the price was boosted thirty cents to \$8.05. Commercial Union twenty cents, towards the end of the week, shot along to \$4.85, holding a gain of seventy-five cents.

Medium-price golds recording losses of ten to twenty-five cents were Pioneer, Little Long Lac, Sioux, Buffalo-Ankerite and Century. The base metals falconbridge claimed attention by rising to the record price of \$10. Fire at the Wahnapitae power plant, causing a reaction and a net loss of forty cents for the week was the result. Eldorado, the only highlight in the silvers, advanced twenty-eight cents to \$1.31, the stock's best performance in many months. The oils continued in the rut.

PRICES AND DETAILS OF SHERBROOKE MARKET

Large offerings of newly grown vegetables continued to feature the Sherbrooke Market this week, all varieties, with the possible exception of corn, being on the stalls in abundance. A rather unfavorable growing season has reduced the quantity and quality of corn.

In the fruit section, the season for domestic berries is practically over, the offerings of these products yesterday being insufficient to establish a definite price. Quotations in the dairy and provision section continued unchanged from last week.

INFANTRY CLUB ENRICHED BY KIPLING'S MANUSCRIPT

Manuscript Sold at Sotheby's in which Famous Writer Apologized for Having Forgotten to Attend Dinner of Mounted Infantry Club.

London, Sept. 12.—Five years ago, Rudyard Kipling forgot to attend a dinner of the Mounted Infantry Club.

The club has now been enriched by the sale at Sotheby's of his explanation, for with it was a superb two-page manuscript "1900-1901 written out by Rudyard Kipling for the survivors (Mounted Infantry) 1930."

The manuscript was the property of General Sir Ian Hamilton, an old friend of Kipling in his early days in India. In 1886, Sir Ian, it was explained, "brought home and offered fruitlessly to publishers the manuscript with which Kipling first tried the English market."

In the summer of 1930, Sir Ian asked Kipling to attend the Mounted Infantry dinner in the following year. Kipling accepted, but, mistaking the date, failed to appear. In explanation he sent Sir Ian the verses which "he had even purposed to inflict on you viva voce." He signed his apology as "yours humbly."

Soviet-Canada Relations Resumed.

The announcement that trade relations have been resumed between Soviet Russia and Canada is one of the most important statements heard by Canadian business men for many months, replete as it is with possibilities for good or evil.

On the favorable side is the predominant fact that an immense market exists in Russia for goods and machinery produced by Canadian firms, a market which Canadians will now be free to compete in on equal terms with the rest of the world. Then Russia has certain things which Canada could use to good advantage and these will again find their way directly into this country.

When this embargo was imposed, the action was taken largely as a challenge to the rest of the world to join in attacking the Communist menace, the Canadian Government believing that the best way to overcome the underground activities of the Soviets was to cut off their export trade and thus reduce their supply of foreign currencies. But instead of accepting the challenge, the other countries kept on granting more and more favors to Russia, with the result that Canada alone was left sticking by the agreement.

A one-man boycott is seldom, if ever, effective, and the Canadian Government, as a matter of common sense, has rescinded the Order-in-Council that has blocked the channels of trade between the two countries.

Life Is For Use—Do Not Waste It

Within the next few weeks a large army of young men, their common goal the seeking of knowledge in preparation for their life's work, will enter the doors of Canadian universities.

These young men are in that stage which Browning describes as "glad confident morning." Their ideals are high and they are prepared to work hard and sacrifice much in order to obtain their university degrees. Their minds are in that receptive state that enables them to take on as many new ideas as Joseph's coat had colours. But the main function of college is to supply the student with an ideal which, if followed, will render the greatest good to himself and his fellow men.

In his search the University man may do well to remember the Latin dictum, "Life is for use," and not waste it. We have all been marvellously endowed with the power to grow in mental stature so long as life lasts. It rests with ourselves just how far we shall go and it is our own fault if we keep ourselves back.

In this life it is impossible to stand still. We must either progress or fall back. To progress we must aim high. Probably the highest ideal at which the University man may aim is embodied in the simple motto emblazoned on the coat of arms of His Majesty King Edward VIII when Prince of Wales—"Ich Dien," "I serve."

Canada's Encouraging Trade Expansion.

Indications of the upward trend in Canadian business conditions are evident on all sides.

A candid survey of monthly reports from strategic centers show that trade generally is continuing to expand at a most reassuring rate.

Through a series of trade agreements, Canada is broadening its markets to an important extent. With the stimulus which these agreements inject into the country's foreign trade, coupled with the better showing which is so evident in domestic trade, the prospects for the immediate future are very promising.

For the twelve months ended July, Canada's imports amounted to more than \$389,000,000, her exports of Canadian products to over \$918,730,000 and, in addition, she exported \$12,500,000 of foreign goods previously imported. This is a significant development.

It is encouraging to note that the purchasing power of the Dominion has so increased that Canada is now able to buy \$589,000,000 worth of imported goods where four years ago she could buy only \$378,000,000 worth. Thus, Canada today stands out in bold relief on the business map.

At the end of July Canada had a favorable trade balance of \$342,097,067, as compared with \$167,061,960 at the end of July, 1933. This is but another omen which augurs well for the future.

A close study of the latest trade statistics for

the seven months' period ending July, 1935, reveal an increase of eight per cent. in the physical volume of business in the Dominion of Canada. Mineral production is up by 14.1 per cent. Copper exports gained by 2.4 per cent. and nickel exports by 34.3 per cent. Gold shipments increased by 14.7 per cent. with a 43.5 per cent. increase in silver shipments. Manufacturing production during the seven-months' period increased by 9.1 per cent. Raw cotton imports went up 23.7 per cent. and newsprint production 16.1 per cent. Steel production, which serves as a reliable gauge for trade development, increased 36.5 per cent., while electric power production was up 9.8 per cent. and coal loadings 2.3 per cent.

Wholesale prices have recently shown advances, the average of the index for the first seven months of the present year having been 72.6, a gain of more than one per cent. over the same period of last year.

The railway freight movement recorded only a slight gain during the first seven months of 1936. The grain movement was heavy, but declines were shown in pulpwood and two other commodity groups.

Employment at the beginning of August showed further development, continuing the moderately forward movement that has characterized the industrial situation during the last four months.

A steady increase in revenues has also been maintained during the first half of the present year. According to the monthly report of the Comptroller of the Treasury, revenues for the period April 1st to August 31st, 1936, amounted to \$201,617,491, as compared with \$173,059,867 in the corresponding period of 1935.

There were increases in the returns from every source of revenue, but the greatest advances were recorded by income and excise taxes.

Residential building, according to MacLean Building Reports, Limited, increased during the month of August, contracts being let amounting to \$8,033,900 as compared with \$4,293,600 for July. Business building totalled \$4,052,600 against \$3,963,800 for July and industrial buildings, \$1,097,900 as compared with \$568,200 for July. Engineering contracts declined to \$8,352,100 from the July total of \$9,040,600.

The total value of all contracts awarded in the Dominion of Canada amounted to \$15,536,100, a decline of 13 per cent. from the July total of \$17,868,500. For the first eight months work to the value of \$114,113,100 has been started and of this government work accounts for less than two per cent. On the other hand, contemplated work reported on for the first time for the same period amounts to \$194,632,500 as compared with \$166,845,700 for 1935. This in itself augurs well for the future and indicates the steady increase in private work, both actual and proposed.

Certainly, the people of Canada have reason to feel that this country is receiving its just share of prosperity and that prospects for the future are, indeed, encouraging.

What Editors Say

POOR ETHICS BAD BUSINESS.

Cobourg World.

For centuries it has been one of the glories of the medical profession that a sick person would be given the best possible attention without regard to his or her ability to pay. In fact, we have always understood that aspiring physicians took oath to help poor sufferers.

If a special despatch to the Toronto Telegram can be believed, the doctors of London, Ontario, are about to fly in the face of an ancient custom, and about to go back on their oaths by preparing a blacklist of those patients who have not paid their bills. Presumably, if your name is unfortunately on the blacklist, you can bleed to death, or your appendix can rupture or your broken limb remain unaided until you pay up.

Doctors are notoriously unbusinesslike, but hitherto those who practice in Canada have always been highly ethical. This latest move is not only very poor ethics, but it may well be distinctly bad business from the physicians' viewpoint. If the public is put on a C.O.D. basis by the doctors, state medicine will quickly follow. The public will have proper medical care at a price it can afford to pay. It will get it through state medical care if it cannot have it through physicians in private practice.

There are many people all over the world who believe that state medical service is the only solution of the difficult problem of how to pay the doctor.

Short-sighted actions, such as that of these London doctors, only make the coming of this form of socialism more inevitable.

Thirty Years Ago Today

From the Files of the Sherbrooke Record.
September 12th, 1906.

Prime Minister Lomer Gouin and Public Works Minister W. A. Weir visited Sherbrooke for the formal opening of the new St. Francis District Court House.

A large barn on the property of Mr. Thomas Fee at South Durham and its contents were destroyed when struck by lightning.

Mrs. E. T. Miles left Granby to spend the winter months in Toronto.

Mr. Walter Ingalls, of Oregon, was visiting friends in his old home at Abbott's Corner.

Miss M. Atkinson was the guest of Mrs. George Boyd in Granby.

Mr. M. J. Carrier left Sherbrooke to take up residence in Lancaster, Pa.

In an effort to reduce the wholesale slaughter of deer, the Quebec Government introduced the shipping tag system and imposed a heavy license fee on non-residents.

Mr. E. W. Westover withdrew as independent Liberal in the Brome County bye-election, allowing an acclamation for Mr. W. J. Vilas.

The officers elected by the Spring Road W. C. T. U. were Mrs. G. G. McCurdy, Mrs. Ellen Berry, Mrs. L. J. Parnell and Mrs. J. S. Martin.

COWANSVILLE AND VICINITY GENERAL NEWS

Notes and Personals of Interest Concerning Activities of Residents of Cowansville and Neighborhood.

Cowansville, Sept. 12.—Mrs. S. E. Henry, ninety-year-old lady mentioned as an exhibitor and prize-winner in the Women's Work Department at Brome Fair, is a resident of Cowansville, not Clarenceville, as mentioned in the report published on Wednesday.

The last of the series of softball games was played on Wednesday evening between Bruck and Violette teams. The score was five to two in favor of Bruck's which makes them the winners of the Kenneth Johnson Trophy. There was a very large and enthusiastic crowd of supporters for both sides and the excitement was quite high. A fine piece of workmanship and will be highly prized by the winners.

Mr. Layton and Mr. and Mrs. Ross Grafton, of Montreal, were recent guests of Mr. and Mrs. Leon Harden.

An important transfer of real estate was made when Mr. A. Dagenais, of St. Paul d'Abbotsford, purchased the creamery and dwelling on James street, from Mrs. Beauchamp. The price paid was \$10,000. This property was built by the late T. W. Dunn.

A case of "accidental death" was rendered by Dr. Russell G. Granby, who was called here to hold an inquest into the death of Llewellyn Robinson, who was found dead in the woods, where he had been on a hunting trip on Monday last. It is believed the young man tripped, causing the gun he was carrying to discharge a bullet into his breast.

The body was found a short distance from the home of his brother, Howard, where he lived. Llewellyn was a quiet, industrious and steady young man and his tragic death was learned with much regret. The funeral was held at All Saints' Church, Dunham, on Thursday with Canon Coffin, officiating. Interment was made in Dunham. The deceased was twenty-three years of age and unmarried. He is survived by his mother and three brothers.

Mr. Oscar Demers and a party of friends are attending Toronto Exhibition.

Mr. Lawrence Scharpe, of Ottawa, is a guest of his sister, Mrs. S. W. Boyd, and Dr. Boyd.

Miss Mary Henderson has resigned her position in the office of the Foodstuffs Findings Company, and is planning to enter the Montreal General Hospital, as a nurse in training on October 1. All join in wishing her success in her chosen profession.

A great many from here attended the Brome Fair and report a splendid exhibition in all departments.

Mr. and Mrs. Derick, of Bedford, and Mrs. Alex Leggett, of Farnham, were recent guests of Mr. and Mrs. Alex Burnett.

Miss Lily Daniel spent a few days at her home in Sherbrooke.

Dr. A. S. and Mrs. Rodgers have returned from a ten-day motor trip. Among the interesting places visited were Toronto and Callander, Ont., and Lake Placid, N.Y.

Mr. R. A. Cameron, "Braemar" has shipped his horses to Quebec, where they will be shown in the Hackney and roadster classes at the annual Quebec Exhibition. The horses are being shown by Mr. Lawrence, who is considered one of the best caretakers of Hackney and saddle horses. He will be assisted by "Red," who has been for years taking charge of the roadster class.

These horses have just returned from the Ottawa Fair, where they won several ribbons, good showing, considering that the best horses from Toronto, Montreal and Ottawa were all there. Among the outstanding winners were "Terry McGreggor," the horse from Kentucky which won first prize in the gentleman's hackney class at Ormstown, Lachute and Ottawa Fair, "Braemar Sensation," which won the championship at Lachute for the best Hackney at the Fair in all classes, won second at the Ottawa Fair in the high steppers class. "Teddy McGreggor," winner of the second prize in the hackney class at the Ottawa Fair, is a young horse which is doing well and will be heard from later on.

Col. R. F. Stockwell, Mrs. Stockwell, Billy and Elizabeth Stockwell with Mr. and Mrs. G. C. Buerkel, Miss E. J. Johnson, of Farnham, Mass., and Miss E. M. Brown, of their guests, spent Labor Day at their cottage in Bonville.

Mr. and Mrs. Leo Boucher are leaving this week to make their home in Drummondville.

Miss Mary Scullion and Miss Dorothy Harvey, of Montreal, were recent week-end guests of Mr. and Mrs. Lloyd Lewis.

MEETING HELD BY INSTITUTE AT ABBOTSFORD

Immigration Proved Interesting Topic of Discussion at Regular Meeting of Women's Institute at Abbot'sford—Local Talent Play Much Enjoyed.

Abbotsford, Sept. 12.—The regular monthly meeting of the Abbot'sford Women's Institute was held in the parish hall on Thursday afternoon with Mrs. Rutus Coates as hostess. The president, Mrs. D. J. Fisk, was in the chair. It was decided to donate apple jelly to the Montreal Diet Dispensary as in former years. The roll-call, "Your Choice of an Abode in Canada," showed most of the present ones. There was an exchange of surprise parcels of the value of ten cents. The speaker of the afternoon was Mr. C. L. Norwood, district superintendent of colonization for the Canadian Pacific Railway, who spoke on "Immigration." Mrs. A. W. Buzzell, convener of immigration, introduced the speaker and thanked him on behalf of the club. Tea was served by the hostess.

A play entitled "The Beantown Choir," given in the parish hall by the local young people for the benefit of the Junior W. A. of St. Paul's Church, proved a great success. The following is the cast: Mr. G. H. Buzzell, Miss Olive Sawyer, Jimmy Dempsey, the Misses Beryl Gibb, Pauline Watson, Anne Honey, Eileen Slack, Pearl Crossfield, Irene Allison, Messrs. Alfred Barker, Boyd Honey, Gordon Coates, Edward Fisk, Stanley Crossfield, Little Mary Thomas and Peter Thomson. The play was under the direction of Mrs. A. W. Buzzell and Mr. G. H. Buzzell. The proceeds amounted to nearly forty dollars.

TORONTO ARCHBISHOP IN CRUSADE ON COMMUNISM

Pastoral Letter Calls on Faithful to Join a "Holy Crusade of Prayer" Against "Virus of Communism Being Spread in Our Midst."

Toronto, Sept. 12.—Archbishop McGuigan has issued a pastoral letter against Communism and calling the Roman Catholic of the Archdiocese of Toronto to a "holy crusade of prayer." The letter warns against the "virus of Communism being spread in our midst."

Teachers in the schools were directed to remind the children of daily prayer for the Pope and religious communities were asked to institute novenas.

His Excellency's charges follow: "The Catholic conscience must be aroused to attack the problem of world distress and of poverty in our midst if we are to avert the evils that have a fertile soil in unemployment, poverty and despair," the Archbishop proceeds.

"In conformity with the wishes of our Holy Father the Pope, and keeping before us his ideal of social justice and charity for the masses of the people, with all the authority at my command and with all the affection of a shepherd's heart, I ask the clergy, religious communities and faithful of all classes in this Archdiocese to join in a holy crusade of prayer for the intentions of the Church in Spain and Mexico and for the development of Christian ideals in the social life of our country."

CAMPAIN OF ADVERTISING CANADA IN GREAT BRITAIN

Hon. Vincent Massey Tells About "Most Concentrated and Scientifically Directed" Effort Ever Launched by Any Dominion.

Toronto, Sept. 12.—A campaign of advertising Canada termed by experts "the most concentrated and scientifically directed regional campaign yet launched by a Dominion," will be opened this fall in Great Britain, the Canadian Club was told by Hon. Vincent Massey, Canada's High Commissioner in London.

The programme will start in October in the Glasgow area, and will continue there four months, to be followed by a similar effort in each of the great centres of population in the British Isles.

"Under the slogan 'Canada Calling,' an appeal will be made to the British wholesaler, retailer, and consumer to buy Canadian foodstuffs of all kinds," the High Commissioner said. "Information will be given shortly to the Canadian exporter regarding this campaign and his co-operation invited."

"The Canadian visitor is conscious of the dearth of Canadian news in the metropolitan and provincial press of Great Britain," said Mr. Massey. "This problem alone calls for very careful study. Through the press, through films, through the spoken word, exhibitions, through a dozen different media, it should be possible to make Canada better known in England."

Blackpool, Eng., Sept. 12.—Indispensability of adult education was urged yesterday by Sir Richard Winn Livingstone before the educational committee of the British Association for the Advancement of Science.

Sir Richard, who is president of Corpus Christi College, Oxford, heads the section. His honorary degrees include A. D. Litt. from the University of Toronto.

Sir Richard traced the weaknesses of the present educational system to the fact that two important principles had been overlooked. The first was that education must be adjusted not only to the natural capacities of the pupil but also to the stages of development which his brain has reached—certain forms of study are appropriate to certain ages. The second principle was that the fruitfulness of education, at least in some subjects, depends on experience of life. It is necessary, Sir Richard said, to know life itself, to have seen something of human nature, before either achievement or understanding is possible in the fields of literature, philosophy, history and politics.

If these two principles are accepted one practical conclusion that follows is that an education which ends at the age of fourteen is not education at all, Sir Richard said.

TODAY'S RAIN IS WELCOME IN SOME QUARTERS

Downpour which Started Early This Morning, However, Causing Worry to Farmers Whose Grain Is Still in Fields.

Some farmers are happy but others are not so cheerful about the torrential downpour that drenched the Eastern Townships today. The storm is proving of benefit to those farmers whose wells were drying up, but to those whose grain is still in the fields the storm is causing considerable worry.

Officials of the Lennoxville Experimental Farm informed the Record today that up to seven o'clock this morning 1.75 inches of rain had fallen. The storm which started early this morning added 1.58 inches to the 1.17 of an inch which fell yesterday afternoon.

"The rain will have an adverse effect because of the grain already cut but not yet placed in the barns," J. A. McClary, of the Experimental Farm, declared. "The grain already stored up in the fields will require considerable sunshine before the farmers are able to move it into the barns. The grain still standing in the danger of breaking down. On the other hand, plenty of moisture will prove of much benefit for plowing and preparing the ground for the winter."

Throughout the morning the rain continued and at noon the sky was still overcast, indicating that an inclement week-end would spoil the plans of those who had arranged to engage in sports or go on a motor trip.

LENOXVILLE

Miss Dorothy Woodward entertained at a very enjoyable tea yesterday afternoon at her home at the Experimental Farm in honor of Miss Evelyn Brown, who is leaving shortly for Boston, Mass. About twenty guests were present and a happy social afternoon was spent. Later the guests assembled in the spacious dining room, where delicate refreshments were served. The tea table, which was covered with a beautiful lace cloth, was attractively centered with a large silver basket of lemon yellow stocks and tall green tapers in silver candlesticks. Mrs. R. McKinnon poured tea and the hostess was assisted in serving by Mrs. George MacKay, of New London, Conn., and Miss Isabel Lipsey.

Mrs. George MacKay, of New London, Conn., is visiting at the home of her parents, Mr. and Mrs. A. Gilby.

Recent guests at the home of Mr. and Mrs. E. Lefebvre, Moulton Hill, were Miss Eileen Delisle, of Bulwer, and Mr. Peter O'Neil, of Brooklyn, N.Y.

FORMER SEMINARY STUDENT PAYS PENALTY ON GALLOWES

Last Words of Thirty-Four Year Old Leo Hall a Plea for Another Convict Whom He Declared to Be Innocent.

Walla Walla, Wash., Sept. 12.—His last words in the death chamber a plea for another convict, Earl Hall, former seminary student, was Leo Hall's last night and today the word "executed" on his prison record wrote the final chapter of the Erlend Point sextuple murder case. The death which his frantic mother, speeding to the Governor by plane, had delayed for a day was pronounced over the thirty-four year old Hall's lips at 11:16 p.m., Pacific Standard Time, (3:16 a.m., E.D.T.).

In sight of the gallows, Hall had not a word to say about the brutal killing on March 28, 1934, of four men and two women during a small robbery. Instead he brought up the case of Jack Justice, now serving life in Oregon on a charge of killing a man in a saloon in Portland, Ore., on November 20, 1933.

To the one hundred and twenty-five death chamber witnesses, Hall spoke firmly: "I would like to say that the Justice case is the same as mine. I am an entirely innocent man. Jack Justice never hired me or, as far as I know, anybody else to kill Frank Akim. The charge they convicted him on was a bum charge."

Then the very smile on his face widened to a grin as the black hood was drawn over his head.

"AILWIN FARMS" PRESENT DELICIOUS CHEDDAR CHEESE

The little town of Cheddar in Somersetshire, near the famous Cheddar Gorge in the Mendip Hills, has given its name to the kind of cheese made in the district. Cheddar, still in Cheshire, these famous English cheeses are popular the world over.

Near the town of Bedford, Que., are the "Ailwin Farms," five hundred acres of sweet green pastures where thirty pure-bred Jersey cows find a happy home. To the "Ailwin Farms" have been brought the secrets of Cheddar, and it is gratifying to know that in the Eastern Townships is now being produced a Cheddar cheese that has all the rich mellow attributes of the original English product.

"Ailwin Farms" Cheddar Cheese is made exclusively from the milk of one herd of Jerseys and this accounts largely for the uniform and delightful taste that lingers as a fond memory. Ask for it by name. insist upon having it. In another column will be found a list of grocers who already carry it in stock.

MANY ATTENDED FUNERAL OF THOMAS FLANNERY.

A large gathering of neighbors, friends and former fellow employees united to pay a final tribute of respect to the memory of Thomas Flannery, who passed away on Tuesday, September 1, from injuries suffered in an automobile accident a few days previously. The funeral was held from the residence of his sister, Mrs. J. A. Many, King street east, on Thursday, September 3, to St. Patrick's Church, where the deceased had been a devoted worshipper.

The remains were received at the church door by Rev. Father Alfred Lushin, who celebrated the Requiem Mass, and by Very Rev. Canon J. C. McKee and Rev. Walter Miller as deacon and sub-deacon, respectively. The choir, with Mrs. Maurice Shea at the organ, rendered the usual mass and at the conclusion of the service Mr. Hutton sang the hymn "Nearer My God to Thee."

Thomas Flannery was born in Sherbrooke, fourth member of the family of Thomas Flannery and his wife, Katherine Quirk. He was educated at Miss McCurran's School, which formerly stood on Bowen avenue north, and entered into the employ of the Maine Central Railroad.

A conscientious employee with this railroad for thirty years, Mr. Flannery worked for six years with the Quebec Central Railway before retiring in 1924.

Although in ill health for some time, the deceased had been a familiar figure as he took his daily walk downtown where he met many of his old friends and kept posted on events of current interest. A courteous and kindly gentleman, Mr. Flannery was respected and esteemed by all with whom he came in contact.

Mr. Gedeon Morin acted as funeral director and the pall bearers were Messrs. W. B. Murray, J. O. Lambert, E. S. Burbridge, Ed. Kelly, Jos. Lablanc and Albert Leclair. Interment took place in the family lot in St. Michael's cemetery, the bearers being Messrs. J. S. Mooney, James Johnston, James Cameron, J. T. Bonner, Percy Johnston and J. A. Lardy.

Mr. Flannery leaves to mourn an only sister, Mrs. Katherine Many. Among those from a distance attending the final obsequies were Mr. M. Davitt, Mr. and Mrs. Austin Hall, Mr. and Mrs. George Murphy and daughter, Kathleen, and Miss Gertrude Burnside, all of Richmond.

Y. W. C. A. GIRLS' CAMP A GRAND SUCCESS
That the annual Y. W. C. A. Girls' Camp at Little Lake Magog was a decided success this summer was revealed in the reports given by Miss Edith Martens and Miss Alberta Gough at yesterday's meeting of

CHAIRMAN OF C. N. R. BOARD OF DIRECTORS

The experience gained during fifty years of faithful and conscientious service, during which time he served with the two major railway systems of Canada, has equipped J. H. Hunterford for the important position of chairman of the Board of Directors of the Canadian National Railway to which he has just been appointed.

Mr. Hunterford has held, in succession, important positions of responsibility in connection with the operation, maintenance, construction and administration of the Canadian National Railway system.

Born near Bedford, Mr. Hunterford, who is one of the famous sons of the Eastern Townships, began his railway career as an apprentice in the locomotive shops at Farnham. Today, at the age of sixty-four, he is one of the most widely-known railwaymen in Canada.

DESIRE TO MAKE DIAMONDS LED TO STUDENT'S ARREST

Twenty-Year-Old Youth Placed Under Arrest After an Experiment Had Projected a Ten-Pound Piece of Metal Through Roof of a Bronx Apartment.

New York, Sept. 12.—A New York University student who wanted to make diamonds was arrested last night after an explosion in one of his experiments, police said, had projected a ten-pound piece of metal 1,100 feet and through the roof of a Bronx apartment.

The student, James Gillespie, aged twenty, was charged with possession of dangerous explosives. He told reporters he had heard of French experiments in making diamonds and planned to accomplish the feat by driving a carbon pellet with great force against a metal receptacle.

The Health Education Department in the MacKinnon Memorial. Through the courtesy of the Y's Men, their camp was operated by the Y. W. C. A. for two weeks, from July 25 to August 7th during which period thirty girls enjoyed the many privileges afforded them for nature study, swimming, handicraft and dramatics. Miss Alberta Gough was in charge of the camp, and to her executive ability and tact its wonderful success was in a large measure due.

Only one small cloud marred the brightness of both reports. Miss Martens' statement revealing a deficit of \$34, hardly worth mentioning when the great benefit derived by the girls, especially those underprivileged ones who gained, not only physical health, but happiness and fun for two whole weeks, is taken into consideration. Miss Gough reported only seven girls able to pay their own way and praised the Y.W.C.A. through whose generous help thirty-one girls enjoyed a week in camp. Too much praise cannot be given to the Y.W.C.A. for giving these kiddies an opportunity to have at the sunshine, good meals, fun and laughter that one short week in camp could provide. "For," said Miss Gough, "it was plain to see that it was the underprivileged children who derived the greatest benefit from their holiday. Even in so short a time they showed marked improvement in health and in the spirit with which they entered into the various activities. These latter included instruction in First Aid, swimming, nature study, diving, rowing, handicraft and dramatics, and awards were given to those who passed the required tests. Land sports were not neglected, volleyball, football, basketball, and campfires and sing songs all playing an important part in the daily programme at the Y. W. C. A. camp. Miss Gough expressed deep appreciation for the help and co-operation of the councilors, Mrs. Hawley Griffith, Miss Lois Wiggett and Miss Katherine Davey, and voiced her grateful thanks to Miss Patricia Hall, who kindly undertook to teach First Aid. Thanks were also extended once more to Toc H, who on two occasions put on entertainments which added greatly to the enjoyment of the campers.

Miss Gough stressed the necessity of making certain the underprivileged children were properly equipped before sending them out to camp, as this summer some were sadly lacking the necessary apparel.

Owing to the absence of Mrs. Hawley Griffith, Mrs. J. S. F. McCaw presided at yesterday's session.

A recent civil service examination question for a man to fire a marine boiler was this: "If it takes 20 men to mow a field in eight hours, how long will it take 15 men to mow the same field?"

One candidate was too smart for the question. He wrote: "As the field has already been mowed by the 20 men, 15 men could not mow it in any case."

PHILSTICKER-SMITH.
Graby, September 12.—The wedding was solemnized on Saturday, September 5th, at ten o'clock p.m., at the home of the bride's

MARRIAGES

McCULLOUGH-AUSTIN

A pretty autumn wedding of unusual local interest took place in Bethel United Church, Grand Mere, on Saturday, September 5, when Evelyn Richardson, daughter of Mr. and Mrs. Sampson Ellithorpe Austin, of Grand Mere, and Mr. Charles Frederick McCullough, of Sherbrooke, were united in marriage. Rev. T. Creighton Cassidy officiated and Mrs. B. Waite played the wedding music.

Phlox, gladioli and ferns were used as decorations in the church. The bride, who was given away by her father, wore a gown of white velvet made on Grecian lines with the skirt finishing in a train, a short pleated veil held in place by a braided velvet band, and carried a bouquet of Johanna Hill roses and lilies of the valley.

Miss Phyllis Montgomery, of Phillipsburg, who was the bride's only attendant, wore a frock of Britany blue chiffon, the bodice having a tucked yoke and short puffed sleeves; the full circular skirt was very long. Her hat was of Leghorn straw and her slippers matched her frock. She carried an arm bouquet of autumn flowers.

Mr. Ayton Lennon, of Quebec, was best man, and the ushers were Mr. T. E. Austin, brother of the bride, and Mr. G. T. Richardson, cousin of the bride.

Latter day, the bride's mother, wore a gown of plum velvet with a corsage bouquet of sweet peas and a large black felt hat.

The reception following the ceremony was held at the residence of the bride's parents, where garden flowers were used as decorations.

FREDERICK R. EGGLESTON FORMERLY OF DIXVILLE, Sept. 12.—The funeral service for Mr. F. B. Eggleston a former resident of this place, who passed away at the home of his daughter, Mrs. Porter Wallace at Newbury, Vt., on August 22nd was held at the home of his daughter, Mrs. Porter Wallace at Newbury, Vt., on August 22nd and was largely attended. The officiating clergyman was Rev. Mr. Markey, and during the service, Mr. Markey rendered as a solo, the old hymn "Abide with Me." She was accompanied by Mrs. Ray Leonard at the piano.

The profusion of beautiful flowers were mute tokens of love and sympathy.

The bearers were Messrs. Nelson Eggleston, son, Porter Wallace and Norman Andrews, sons-in-law, and Archie F. Damon, brother-in-law. The interment was in Pleasant View Cemetery at Newbury, Vt., beside his wife who passed away on November 17th, 1935.

The deceased was the oldest son of the late Nelson F. and Melissa (Straw) Eggleston, of this place, and was born at Crown Mines, Que., on October 20th, 1856.

He was united in marriage to Ella E. Hasleton on April 13th, 1882. Of this union five children were born, a little daughter, Julia, passing away in early childhood, and the elder son Owen N. predeceasing his parents during last year. The late Mr. Eggleston is survived by two daughters, Irene, Mrs. Porter Wallace, Newbury, Vt., and Mary, Mrs. Norman Andrews, of West Burke, Vt., and one son, Nelson F. Eggleston, Barton, Vt., a brother, Mr. Oscar C. Eggleston, of Dixville, seven grandchildren and many other relatives and friends.

The deceased spent the greater part of his life here where he enjoyed the respect and confidence of the community. About seventeen years ago he purchased a farm at Newbury, Vt. He disposed of the farm some years ago, after which he and Mrs. Eggleston divided their time between Newbury and Dixville.

On April 1932, and Mrs. Eggleston quietly observed their golden wedding anniversary.

Those from out-of-town to attend the funeral were, Mr. and Mrs. Norman Andrews, Miss Emma Brown, Mr. and Mrs. Max Taylor, Mr. and Mrs. John Tyler, Mr. and Mrs. Almon Taylor, Mrs. Grace Ann, Mr. Clayton Bell, Mrs. Mary Wallace, Mrs. Nettie McCoy, Ralph Warren, Mrs. Alton Marsh and daughter, Gwendolyn, Mr. and Mrs. Winfield Mosher, West Burke, Vt.; Mr. and Mrs. Nelson Eggleston, Barton, Vt.; Mr. and Mrs. O. C. Eggleston, Miss J. A. Bagshaw, of Lennoxville, Mrs. Melissa Chamberlain, Mr. and Mrs. W. T. Parker, W. George Mayhew, Ernie McIntyre, Mr. and Mrs. George L. Wright, Mr. and Mrs. E. E. Wright, Mr. and Mrs. Herman Byron, of Dixville; Mrs. Charlotte Lovell, Mrs. Stuart Smith, Mrs. Barbara Dods and daughter, Mrs. Melissa Chamberlain, Mr. and Mrs. George Cunningham, Coaticook; Mrs. Heber Peters and Mr. Arthur Peters, Budd Lake, N.J.; Mrs. Robert Blakely, Colebrook, N.H.; Mrs. Harold McKee, Messrs. Albert, Archie, Theodore and Chase Damon, of Island Pond, and Leon Damon, Montpelier, Vt.

The many friends in Bedford and vicinity of Mr. and Mrs. F. E. Ewing regret that they are shortly leaving Bedford, where they have made their home during the past thirty-five years, and are going to Montreal to reside.

Mr. R. A. Peck, who has been the guest for a time of Mr. and Mrs. R. L. Craighead, left last Saturday for his home in Montreal prior to going to Quebec where he has accepted the position of French specialist in the Commissioners' High School.

HUBBELL ADDED HALF A GAME TO NEW YORK LEAD

Screwball Artist Limited Cubs to Four Hits and Giants Increased Margin to Four Games when Cardinals Split Double-Header with Dodgers.

For some people, opportunity knocks only once. For Frankie Hubbell and his Cardinals, it has been banging on the door for a week—but the "Gas-house Gang" won't let it in.

As a result, they're still four games behind the league-leading Giants today, and with only seven games left to play, they are catching up looks as tough as trying to hit one of Carl Hubbell's screwball specialists.

The Giants have taken only four of their nine starts in the past week. The Cards might have picked up as much as two and a half games of vital ground had they taken advantage of the lead on the part of the pacesetters. Instead, they only barely managed to duplicate the New Yorkers' performance.

The set-up was no different yesterday. With Hubbell pitching a four-hitter for his thirteenth straight win and twenty-third of the season, the Giants won their one game against the Chicago Cubs by five runs to one.

The Cardinals, with a double-header against the Dodgers, could have gained a half-game by taking both. Instead, they won only the opener, twelve to eight, as rookie Don Gutteridge belted out two homers and a triple, and then dropped the nightcap by five to four, their bats helpless before Van Mungo's strikeout elbowing.

That left the race in this condition:

Club	W.	L.	G.B.	T.P.
Giants	83	54	17	
Cards	79	58	4	17
Cubs	78	61	5	15
Pirates	74	64	9	16

The Pirates limbed aboard young Ben Weir's pitching for five, but in the first inning to sew up a ten to three victory over the Bees.

A surprise turned up for the Reds in Philadelphia as the Phillies, with Dolph Camilli's big bat setting the pace, landed on "Wild Bill" Hallahan and two other Cincinnati throwers for two hits and a nine to six win. The White Sox equalled the major league record for hits off one pitcher in one game, walloping Horace Lisenbee for twenty-six safeties and a seventeen to two win over the Athletics.

Lou Gehrig blasted his third homer in as many days—his forty-sixth for the season—to lead the Yankees to a fourteen to four conquest of the Tigers.

That battle for third place in the American League shifted again. The Senators broke a tie with the Tigers and took sole possession by trouncing the badly slipping Cleveland Indians by seven to two behind Earl Whitehill's six-hit hurling.

The Red Sox topped the Browns by six to two, with Wes Ferrell pitching a six-hitter.

PLAY-OFFS PROLONGED BY ROCHESTER AND NEWARK
In spite of their bad starts, the Rochester Red Wings and the Newark Bears are not going to give up the International League play-off struggle.

Each two games down, they rallied to score their first victories of the post-season series against Baltimore and Buffalo, respectively, last night, last night and make sure the round would not be finished in the minimum of four games.

The Bears sent the same kind of pitching against Buffalo's champion Bisons as they had faced the previous evenings and came through by two to nothing. Rochester took advantage of the short Baltimore fences to slam out a seven to six victory over the fourth-place Orioles.

Vito Tamulis hooked up in a mound duel with Bill "Hard Luck" Harris, of Buffalo, and won the game himself when he drove out a homer in the fifth inning. Ernie Koy duplicated the feat in the sixth

SIX TEAMS ARE COMPETING FOR WOMEN'S TITLE

Despite Strengthened Forces, Eastern and Western Quartettes Not Expected to Dethrone Ontario or Upset Quebec in Inter-provincial Golf Team Play.

Montreal, Sept. 12.—Over the plain-like fairways and velvet greens of fashionable Royal Montreal, Canada's feminine golf stars teed off today in interprovincial team play that likely will reveal the Dominion's strongest forces for the open and close championships.

Six quartettes from the "Maritimes," the "Mid-West" and four other provinces matched strokes in a single day's play for team championship hitherto always won by Ontario or Quebec. Against the perennial champions were backed the strongest fourmoes of British Columbia and Manitoba, a combination of Saskatchewan and Alberta stars and a representative four from the east.

Scores on the twenty-four shot-makers were watched eagerly, for some indication was expected from the play of what Canada might be expected to do against a strong United States invasion of the open championship starting on Monday.

Then the provincial stars will form the Dominion's defences on its four-day hold of the open title, threatened by Patty Berg, of Minneapolis, and Marian McDougall, of Portland, Ore., leaders of the select quartette of American stars.

The interprovincial play also was the preparatory workouts for those entered in the close championship, starting over Beaconsfield Golf and Country Club course on September 19th and in which a new champion must be crowned. Mrs. Roy Horne, of Calgary, is not defending.

Despite strengthened forces of the east and western teams, it was doubted Ontario was capable of dethroning Ontario or upsetting Quebec. Ontario was favorite despite absence of Toronto's Ada Mackenzie from its line-up. Quebec was second choice.

Mrs. F. J. Mulgrew and Mrs. E. H. Goodenham of Toronto, both splendid shotmakers and veterans of the links, Mrs. Eric Phillips, of Lambton, and Miss Douglas McIlwraith, of Hamilton, made up Ontario's team. The grouping of such a four made absence of Miss Mackenzie, present and five-time open champion, less noticeable.

To Mrs. D. Leo Dolan, of Ottawa, provincial champion of Quebec, was entrusted the charge of Quebec's squad, rated most dangerous to the reign of the Ontario "Queens." Lined with the Ottawans were Mrs. W. G. Fraser, also of Ottawa and two-time holder of the open crown, Mrs. A. B. Darling and Margery Kirkham.

Two more aces recorded ON LINKS IN THIS DISTRICT
Two ardent golfers, L. E. Findlay and J. H. Foley, are credited with the distinction of scoring the first aces this year on the Danville and Dufferin Heights courses, respectively.

Playing with his daughter, Miss Annie Findlay, the Danville shotmaker sunk his tee shot on the fourth hole, while at Stanstead Mr. Foley, who lives in Montreal, watched his drive from the No. 8 tee drop into the cup 159 yards away.

The feats of these two devotees of the royal and ancient game swells the number of golfers who have achieved this ambition on Eastern Townships courses this summer.

frame to clinch the argument. The Newark screwball gave only one pass and struck out seven. Harris granted seven blows before he was lifted in the eighth canto to let Art Jacobs finish.

Belling Tony Kaufman to cover in three innings, Baltimore rolled up a five to one lead and seemed to have its third victory over the Red Wings sewed up. Then the Wings broke loose against "Sherriff" Blake in the fourth chapter and scored five runs to take the lead. The Orioles knotted it up in the seventh stanza only to lose, out on Crabtree's round-tripper.

KADIS WILL HURL OPENER OF LOCAL DOUBLE-HEADER
"Lefty" Kadis, one of the leading pitchers in the Provincial Baseball League this summer, will make his last appearance in a local uniform tomorrow afternoon when the Sherbrooke-Notre Dame aggregation entertains a Berlin, N.H., squad in an exhibition double-header. Kadis, who ranked high in the league's strike-out column, has been placed on the Montreal Royals' negotiation list and will report to the International League club for spring training.

The homesters will use Jack Harris on the mound in the nightcap. Harris is the lone American recruit still on the local roster, the remainder of the imports from across the border having returned to their homes when the Provincial League schedule ended.

Charlie Letarte will handle both Kadis and Harris, while the remainder of the team will be composed mostly of local players.

YESTERDAY'S STARS
Carl Hubbell and Gus Mancuso, Giants' former hold the Cubs to four hits for twenty-third mound victory; Mancuso clouted a triple with the bases loaded in five to one triumph.

Gus Suhr, Pirates: Hit a double and two singles, driving in four runs against the Bees.

Wes Ferrell, Red Sox: Beat the Browns with six hits.

Dolph Camilli, Phillies: Drove in three runs with a homer against the Reds.

Earl Whitehill, Senators: Limited the Indians to six hits.

LAWSON LITTLE HOLDING FOUR-STROKE MARGIN

San Francisco Amateur Graduate Again Shattered Par to Establish Four-Stroke Lead Over Paul Runyan in Canadian Open—7-Year-Old Record Threatened.

Toronto, Sept. 12.—Weather permitting, a new low-scoring record for the Canadian Open golf championship may be established today at St. Andrew's by either Lawson Little, the San Francisco amateur graduate, or Paul Runyan, of White Plains, N.Y., who is usually as good an iron player as Tommy Armour ever was.

These two, having kicked par around to suit themselves on the first half of the seventy-two-hole run, have Leo Diegel's seven-year old record of 274 at their mercy. Unless rain handicaps them today, either one is expected to reach under the mark Diegel made at Kanawaka, Montreal. There were light showers during the night and the weather was unsettled early this morning.

Par has meant nothing to the giant Little so far. The Californian with the "Babe" Ruth shoulders started with a sixty-seven on Thursday and added a record-breaking sixty-six yesterday for his first display of sustained low scoring since turning professional. His 133 was the lowest ever posted for the first half of the championship.

But while Lawson was smashing his drives three hundred yards on the long holes and getting home with irons, Runyan was scorching the course by his own methods. He was not driving beyond 240 yards, but he was doing everything with great accuracy.

Handsome Paul made the trip in sixty-five strokes, the second new record within two hours, and posted a thirty-six-hole total of 137. Runyan made short irons do putter duty. From twenty yards, and even fifty yards, he laid the ball so close to the pin that only one putt was necessary to get down.

On the outgoing nine he needed only eleven putts, and he was not dropping long ones. Coming back he putted thirteen times. He was deadly from six and eight feet, but beyond that he would not go. The mashie-type clubs were functioning so well that Paul needed a putter only to finish sure things.

So today Runyan pits his wonderful short game against the power and courage that marks Little's. The test is pretty much of a hand-to-hand affair, though Runyan will play in company with Tony Manero, United States Open champion, and Little will have Jimmy Thompson, of Shawnee-on-Deleware, Pa., the world's longest hitter, as partner.

Manero, another short game artist, and bronzed Jack Littler, of the Rivermeade Club, Ottawa, tied for third position at the thirty-six hole stage with 140's. Manero put together rounds of 69-71 and Littler was par all the way, scoring a pair of 70's. The Ottawa player was paired with Johnny Revolta, of Evansville, Ill., United States professional champion, today.

A great deal of good scoring apparently went to waste, including a dazzling sixty-seven yesterday by Sam Parks, Jr., 1935 United States Open champion. Parks handicapped himself by scoring seventy-seven on his first round. Revolta carded sixty-nine and also stood eleven strokes behind the pacesetter.

Another sub-par round was turned in by Bill McWilliams, home club professional, whose sixty-nine was exactly ten strokes better than his first ace.

Jules Huot, of Quebec, scored a seventy-six for a total of 143, fifteen strokes behind the leader.

Contenders with thirty-six hole scores of 151 or better qualified for today's final round, leaving sixty-five in the tournament. The exceptionally low qualifying limit was a boon for the amateurs, including Bud Donovan, of Winnipeg, Jack Archer, of Montreal, Archie Grimsditch, of Weston, Ont., and M. H. Currer, of Toronto, who were on the border line with 151's. Other amateurs who qualified were Fred Hohlitzel, of Toronto, with 74-72-146; Frank Corrigan, of Ottawa, with 75-72-147; and Phil Farley, of Montreal, with 75-73-148.

GOODMAN AND CAMPBELL ARE JOINT TITLE FAVORITES
Garden City, L.I., Sept. 12.—New York betting commissioners, active despite the opposition of the United States Golf Association, have established John Goodman, of Omaha, and Albert "Scotty" Campbell, of Seattle, as favorites to win the United States amateur golf championship next week at odds of eight to one.

Though neither has won the title, the critics agree with the commission that these two are outstanding at this stage of the game. Goodman is in the first quarter of the draw, Campbell in the third and they cannot meet until the finals.

Four members of the American Walker Cup team, Johnny Fischer, of Cincinnati, Walter Emery, of Oklahoma City, Charlie Yates, of Dallas, and Reynolds Smith, of Dallas, are quoted as ten to one with C. Ross "Sandy" Somerville, former champion of London, Ont., and Fred Haas, of New Orleans, the Canadian amateur champion.

THREE CANADIANS SEEKING U.S. AMATEUR TITLE
Garden City, N.Y., Sept. 12.—The competitors in the United States amateur golf championship which starts here Monday had their first battle with Garden City's wind yesterday, and the scores on the famed course began soaring.

Only Freddy Haas, New Orleans youth who is the Canadian amateur champion, managed to break par. The lean, handsome Southerner went out in the morning before the

JOINT FAVORITES FOR U.S. AMATEUR GOLF TITLE

Johnny Goodman, of Omaha, left, and Albert "Scotty" Campbell, of Seattle, rated co-favorites to capture the United States amateur golf championship next week over the Garden City Golf course, New York. Goodman, twice winner of the amateur medal, showed every indication of being at the top of his career during Walker Cup matches, while Campbell, former Canadian amateur title holder, has been bordering on fame for several years.

BRITISH RACER BREAKING MANY SPEED RECORDS

England's Nerveless John Cobb Shattering Many Marks Set by Captain George Eyston and Ab Jenkins in Seeking New 24-Hour World Land Speed Mark Today.

Bonneville Salt Flats, Utah, Sept. 12.—England's nerveless John Cobb, after risking blowout dangers to establish one record, rocketed through the dawn today toward a new twenty-four hour world land speed mark.

After an unpretentious beginning, Cobb warmed to his task of cracking the twenty-four hour record of 149.09 miles an hour held by his compatriot, Capt. George Eyston, not until the Englishman reached the 1,000-mile mark did records start to tumble.

He pushed his silver-nosed Napier-Rallion to an average of 156.55 miles an hour to smash the old record of 146.47 set only last Tuesday by Ab Jenkins, of Utah.

Salt on the twelve-mile course cut Cobb's tires badly but, rather than lose time by a pit stop, he sped onward.

At 2,000 miles, the record of 149.27 miles an hour set by Eyston on the flats last July fell. American Automobile Association officials posted a new average of 152.06 as the car passed 3,000 kilometers. Cobb's speed was 152.95, bettering Jenkins' 152.98.

At the halfway mark—twelve hours—Cobb reaped another Jenkins record by holding to an average of 153.98 compared to 152.84.

Cobb set an official new time for 3,000 kilometers of an average of 153.95 m.p.h., surpassing Captain Eyston's old record of 148.82. He also snatched from Captain Eyston the 3,000-mile record with a new mark of 150.45 and the 5,000-kilometer record with 150.21 m.p.h.

wind had risen and reported a seventy-two, one under thirty, most of the others had their troubles.

Last minute withdrawals gave a number of players an unexpected chance to shoot for the crown and served to swell Canada's small contingent to three starters. Gordon Taylor, Jr., of Toronto, who missed qualifying by a slender margin in the tests a fortnight ago, entered the starting field as a result of the scratches. Taylor will meet Alvin D. Everett, of Atlanta, Ga., in the opening round, while Joe Thompson, of Hamilton, is matching strokes with F. M. Hohlitzel, of Cleveland.

Ross "Sandy" Somerville, London, Ont., veteran who captured this championship in 1932, drew a first round bye.

"Look, Marv, that one staring at us through the bars. Seems quite intelligent, doesn't he?"

"Yes, Uncanny, isn't it?"

"Almost as if he understood every word we're saying."

"Walks on his hind legs too, and swings his arms."

"Look kind of sad, don't they?"

"Yes, I reckon they wish they were in here with us monkeys."

FAVORED STARS PICKED TO WIN TITLE MATCHES

Slight Injuries Not Expected to Hinder Helen Jacobs and Fred Perry in United States Tennis Singles Finals Today.

Forest Hills, N.Y., Sept. 12.—Helen Jacobs, with a dislocated thumb, and Fred Perry, with a split finger, generally are expected to be women's and men's United States singles tennis champions, respectively, by nightfall.

There were unmistakable signs today—Miss Jacobs was slated to defend her title against Alice Marble, of San Francisco, and former champion Perry was scheduled to meet Don Budge, of Oakland, Calif., for the crown relinquished by Wilmer Allison, of Texas—that Miss Jacobs and the Briton, basing further injury, would conquer their adversaries.

If and when they do, and there was nobody around who would give either Miss Marble or Budge more than an outside chance, they will make history, because Miss Jacobs will be the first player to win the crown five times in a row and Perry, winner in 1933 and 1934, will become the first foreigner to win the men's championship three times.

As a matter of fact the Jacobs-Marble match is expected to be an anti-climax, coming after the California titleholder's rousing victory over England's southpaw, Kay Stammers, in yesterday's semi-final. It was the tip-off, sure thumb notwithstanding, that Miss Jacobs is at the peak of her game. Some experts were so enthused that they said it was the finest match Miss Jacobs has played in this country.

Although the injured thumb on her right hand was tightly bandaged, Miss Jacobs turned in one of the finest performances of her career. She vanquished Miss Stammers by scores of 6-4, 6-3. She was in splendid control overhead and her ground strokes left little to be desired as she eliminated the pretty British star who had beaten her at Wimbledon this year and here last year.

Stammers, however, showed every showing, but was not alert enough and several times was overconfident, believing she had neatly tucked away the ball when Helen would come seemingly from nowhere and really put it away.

Miss Marble gained the championship round by a 6-1, 6-1 walkover victory over Helen Peddessein, of Stamford, Conn., in a match that for the most part was a comedy of errors. Miss Marble, making a comeback after a two-year retirement, made moments of brilliance in the second set, but there was nothing sustained about her form against her steady-driving opponent.

Perry reached the final by giving an indifferent performance for three sets and then in the fourth almost blew "Bitty" Grant, of Atlanta, Ga., off the court. He tried to rally Grant's game from the baseline, but usually came out on the short end as Grant made seemingly impossible recoveries time and again. At the start of the fourth set "Bitty" was tired and Perry, making a sudden change in tactics, fought the game little southerner at close quarters and ran him almost into the ground.

Although Perry won at 6-4, 3-5, 7-5, 6-2, Grant probably will advance a notch in the United States "first ten" when it is announced in December that he is likely to be moved up from No. 3 to second.

The crowd of 10,000, pulling for an upset similar to the one Grant cracked three years ago when he beat the defending champion, Ellsworth Vines, almost groaned its disappointment at "Bitty's" woe. Perry, apparently in the mood for anything but a tennis match, baffled everybody but Grant by his style of play in the first three sets. As things turned out, it appeared that the Briton was trying to beat Grant at his own game of steady baseline play. But he found out this was dangerous business in view of the fact that he was laboring under somewhat of a handicap. He split the third finger of his racket hand in the first game while smashing a forehand drive and thereafter favored it a bit.

Win or lose against Perry, Budge is destined to be the country's No. 1 player by virtue of gaining the final round. He is the best United States player, but his game can stand a lot of polishing and the general consensus is that he is still too young.

Budge probably will not find Perry in a playful mood as Grant did. Ever since he injured himself in the semi-final a year ago against Allison, Perry publicly has vowed he would return this year and win the title back. On the other hand, Perry cannot afford to take the liberties against Budge that he did in his match with Grant.

The Californian closely approached top form yesterday in beating Frankie Parker, of Spring Lake, N.J., in straight sets, the score being 6-4, 6-3, 6-3. After the first set Budge took things as easily as possible in order to be in tip-top shape for today's final.

Frank Jenne and daughter, Olive, were also guests at the same home.

Mr. Hugh Stetson has been confined to the house for a few days with the gripe.

Mrs. Cowan, of Alva, entertained the Lend-a-Hand society on Saturday afternoon. Ten members were present and a pleasant afternoon was enjoyed by all.

Miss Winona Dyer accompanied her aunt, Mrs. Rowe, as far as Montreal, and spent Labor Day in the city.

Mr. Halton Clark, of Montreal, spent Sunday with his parents, Mr. and Mrs. George Clark.

The Ladies' Guild held their regular supper in the Parish Hall on Thursday evening.

Mrs. Minnie Safford and Mrs. Julia Safford accompanied Mr. and Mrs. Jack Dyer home to Boston on Monday.

GRANBY FIELD EQUIPPED FOR NIGHT PLAYING

Eastern Townships City Becomes Second Centre in Province to Install Permanent Lighting System for Night Baseball.

Granby, Sept. 12.—The popularity of baseball in this city and the support the summer pastime is receiving from local citizens and fans from the surrounding district have resulted in the Granby stadium being equipped with an artificial lighting system for night games. This Eastern Townships city thus becomes the second centre in the province to install a permanent lighting plant. The innovation will be introduced to local patrons this evening, weather permitting, when the Red Sox clash with Drummondville in a Provincial League play-off contest.

Purchased by a group of local sportsmen, headed by H. T. Cabana, owner of the Red Sox, the complete system has been here for some time. Inclement weather, however, had prevented workmen in their activities until the last ten days when work was resumed and completed.

The power from 80,000 watts will be distributed from forty huge reflectors, each of which carries two lamps of 1,000 watts apiece. These reflectors are atop giant towers which reach a height of eighty feet. Four towers, supporting sixteen reflectors, have been set up in the outfield; two have been placed between home plate and right and left field fences; each bearing seven reflectors, while the remaining ten have been evenly distributed in groups of five on towers on the roof of the grandstand and overlooking first and third bases. In addition, plans have been made whereby extra reflectors may be installed next year.

Granby boasts of one of the most up-to-date baseball parks in the province. Built last year on the site of the old Hippodrome, the stadium is designed on a similar scale as the Montreal Stadium. There is a seating capacity in the main stands of 3,200, while right field bleachers hold 1,000 spectators. Beneath the grandstand are modern accommodations for two teams, a large restaurant and the offices of the Granby Stadium, Incorporated.

Three contests are on the Provincial League's play-off programme tomorrow. The Black Panthers face Sorel and Granby meets Drummondville in the afternoon, while the Panthers oppose the Red Sox here tomorrow evening. With three games of the nine-game round-robin series already played, Granby and Drummondville lead the race for the championship with two victories and one setback each. Sorel and the Black Panthers are trailing in second position with a triumph and two losses each.

Little Herbert entered the room with a thoughtful look on his cherubic little countenance. He wandered about whistling for a while, then addressed his proud father, who sat reading the evening paper.

"Father," said he, "do you remember telling me about the time you were expelled from school?"

Father put down his paper, generally, took off his spectacles, and polished them reminiscently.

"Why, yes, son, I remember well," he said.

"Well, father," said little Herbert, "I'm telling you now."
