SHERBROOKE RECORD, MONDAY, AUGUST 22, 1960

Sixty-Fourth Year

**JUST HANGING ON** — When the young fry gang up on parents during a visit to the local fairs, you may be certain the Midway will be one of the first stops. Once they reach the Midway, the merry-go-round is a prime target. However, once they get on, staying on becomes something of a different matter. Gary Doherty, aged three, of Lennoxville, apparently decided his wisest move would be to keep still and just hang on. (Record Photo by Gerry Lemay)

## Recover space dogs

MOSCOW (AP) — The two Soviet space dogs are reported to be frisky, with normal hearts and blood pressure, after their pioneer flight around the earth 18 times within 24 hours.

The dogs—Belka (squirrel) and Strelka (arrow)—landed safely in a special container catapulted from their space ship when it had "come down to a low height," Pravda reports.

The Soviet Communist party newspaper says the 4½-ton space ship, which carried a cargo of mice, flies and plants, made a smooth landing "undamaged and whole" in a meadow of a collective farm somewhere in the Soviet Union Saturday. Presumably the landing was made with the aid of parachutes, but Pravda gave no details. The ship had been launched Friday.

One Soviet scientist, Professor D. V. Martynov, said that the satellite used in the test "could carry both a man and large variety of scientific instruments." Other scientists hailed the recovery of the ship as another big

The journey covered 700,000 kilometres (434,700 miles) in an orbit 198.8 miles above the earth. The Russians said the landings were made within seven miles of the target spot.

## Farmers see capsule 'catapulted' to earth

LONDON (AP)—Pravda said today the space dogs brought back from orbit Saturday were catapulted to earth in a special container when the satellite that took them 18 times around the earth came down to a low level.

"First witnesses of this historic event were collective farm workers who were working nearby," Radio Moscow quoted Pravda as saying.

The dogs, Belka and Strelka, along with other smaller animals, insects and plants, were

the first living creatures ever to return from orbit around the earth.

Pravda said one of its correspondents was given the following information at the U.S.S.R. Academy of Sciences:

"When the space ship satellite had come down to a low height, the container in which the animals were located was separated from it by catapulting."

"This was done to guarantee the safe landing of the four-footed cosmic travellers."

## To work Tuesday

# U.K. dockers end strike

## Sailor's walkout weakens

LONDON (Reuters)—A paralyzing dock workers' strike broke up in Britain today and cracks began to appear in the 13-day wildcat seamen's walkout.

The dockworkers, who left 53 ships idle during the weekend after going on strike last week to back demands for a wage increase, agreed to return to work pending further negotiations.

About 7,200 London dockers voted to return to work Tuesday and similar decisions were made by dockers in Liverpool, Birkhead and Glasgow.

At Southampton, a shipping federation spokesman said striking seamen were signing up for ships in droves despite a plea from their leaders to continue the strike. But hard-core strikers stayed on picket duty.

Strike leader Jim Slater met with seamen's union secretary Sir Thomas Yates Sunday to discuss wildcat protests against a \$7 monthly increase negotiated by the union.

Slater disclosed no details of the talks and said the strikers should stay out until advised otherwise.

In Liverpool, striking seamen met and were told their leaders had drawn up an eight-point plan for a return to work.

The plan includes the original demand for a 44-hour week and an \$11.20-a-month wage increase, which the employers have already turned down.

## Two are shot dead in Montreal gunfight

MONTREAL (CP)—A smouldering neighborhood argument exploded into violence Sunday night in a tough east-end district, leaving two persons dead and four injured after a gun battle in which 50 shots were fired.

Shot in the east-end district were James Godin, 50, and Rosemary Tremblay, 25.

Miss Tremblay was killed in a lane as she ran towards a man holding a .410-calibre shotgun moments after Mrs. Florence Louis, 28, had been wounded.

Police said the dead woman was trying to persuade the man to put down the gun.

**TRIED TO HELP**  
Lucien Barron, 38, was wounded in the back when he went to Miss Tremblay's aid. Barron and Mrs. Louis, who suffered pellet wounds to the cheek and shoulder, were in good condition in hospital early today.

Const. Andre Michaud, 27, was writing out a parking ticket nearby when a shot passed close to him.

"It didn't hit me but I heard the sound as it went by," he said. "I jumped behind the corner of the house and saw Godin in his doorway with a gun."

"A woman came running down the lane. I grabbed her and pulled her out of the way but she wriggled loose and ran towards the doorway."

"He shot and she fell."

**POLICEMEN NICKED**  
Const. Michaud and Const. Yvon Sawchuk, 24, were nicked by pellets in the exchange of gunfire that followed. Fifteen police cars surrounded the area.

Godin was found slumped in the kitchen of his flat, wounded in the neck. It was not certain whether he had been struck by a bullet or shotgun pellets.

He died within five hours on the operating table.

## It's not code it's the Gaelic

ELISABETHVILLE (Reuters)—The Irish in the Congo's breakaway Katanga province have found a way to baffle eavesdroppers on radio messages to United Nations headquarters in Leopoldville.

An officer of the Irish UN contingent disclosed that all its messages are being sent in Gaelic.

## Recover fresco

MONTREAL (CP)—A demolition crew has recovered intact at least one of the religious frescoes painted in 1890 by Napoleon Bourassa in the chapel of the Institut Dominique Savio in downtown Montreal. The institute is being torn down to make way for the city's Place des Arts, a \$14,000,000 cultural centre.

## Turnabout for Lumumba

## Apologizes for attack at airport

By BERNARD DUFRESNE  
LEOPOLDVILLE (CP) — Congolese Premier Patrice Lumumba, in a turnabout move, has apologized for the rough treatment handed out to a group of Canadian United Nations agents

by his troops last Thursday.

He blamed the "minor incidents" at nearby Ndjili airport on his soldiers' "excess of zeal" and said he has ordered them to act with tact and dignity in the future. The chief of staff of the Congolese Army, Col. Mobutu, also apologized.

On Friday Lumumba blamed the Canadians for the trouble, saying they had "behaved badly" and refused to show identity cards. At the United Nations Saturday, Soviet delegate Vasily Kuznetsov, backing Lumumba's stand, charged the Canadians with "unlawful actions" and demanded that they be withdrawn.

That view was sharply refuted by Secretary-General Dag Hammarskjold and by his chief representative in the Congo, Ralph Bunche. In a cable to Hammarskjold Sunday Bunche said

**AMATEUR BEATS EXPERTS** — Amateur astronomer and satellite observer Richard Bendall, 20, of Winnipeg used an exact mathematical calculation to show Washington timetable of the Echo 1 fired Aug. 12 was wrong. "Just simple arithmetic," he said. The youth made an intricate angles and altitude chart of the space flight with information from the Massachusetts Smithsonian institute and the National Aeronautics and Space administration. His timetable proved Washington figures 35 minutes off the satellite's times over Winnipeg. (CPPhoto)

## E.T. weekend toll: 4 dead, 3 injured

Four people died and three others were seriously injured as a result of accidents over the past weekend, police reports showed today.

Dead are: Barry Bean, 16, of Magog, killed early Saturday morning when knocked from his bicycle on the main Sherbrooke-Magog highway, near Magog.

Paul Dupuis, 27, of Sweetsburg, killed late Friday night when his car went out of control near Trois Lacs and crashed into a ditch.

Robert Dunlavy, 25, of Granby, who died in St. Luke's Hospital in Montreal, Sunday after suffering a massive electric shock at his home in Granby.

Huguette Breton, 16, of Farnham, killed near Cowansville Saturday afternoon when the car in which she was riding overturned, pinning her beneath.

Injured were: Armand Pariseau, 28, of Granby, in the accident which killed Paul Dupuis. His condition is critical.

Joseph Champagne, 23, of Beauce, injured in a traffic accident near his home, is in hospital in Quebec in critical condition.

Lizette Binette, 18, driver of the car in which the Breton girl died, suffered minor injuries.

## Injured by dive

A Capleton youth, Norman Downey, aged 17, is in serious condition at the Hotel Dieu Hospital in Sherbrooke following a swimming accident in North Hatley Saturday afternoon.

Dr. Gilles Parenteau, orthopedic surgeon treating the youth, said he suffered a broken neck when he dived into shallow water.

The injury, said Dr. Parenteau, resulted in paralysis of all four limbs. He said surgery was performed Saturday night.

Hospital officials said today that the youth is conscious but his condition is still serious.

## Lesage pledges continued support to the arts

By CUTHBERT JONES  
(Record Staff Reporter)

MOUNT ORFORD — Thousands of music lovers from all sections of Canada, headed by Quebec Premier Jean Lesage, gathered at the Jeunesses Musicales camp on the slopes of Mount Orford last night to honor the tenth anniversary of the foundation of the organization and the dedication of the recently-completed auditorium on the camp site.

The gala recital in the evening was somewhat disrupted by a breakdown in the electricity supply system, but a portable power unit provided by television crews permitted the resumption of the program after a brief delay.

Anniversary celebrations opened with a banquet at the Mount Orford Golf Club at which Premier Lesage was the chief speaker.

During his brief address, Premier Lesage stressed that the development of artistic talent was one of the prime responsibilities of a provincial government, and especially one faced with the particular conditions confronting the Quebec provincial administrations.

In the past ten years, the JMC movement had shown a remarkable development, increasing from a handful of musicians in 1950 attending a single camp to a nationwide organization with 50,000 members.

"For a long time," said the Premier, "the government of the Province of Quebec was the only one in Canada to give aid to the letters, the arts and culture. Now, while the other governments are showing signs of conversion, it is not the time chosen for Quebec to lose its artistic faith."

"Among the responsibilities of 'Jeunesses musicales' is one that

in the more modest cities, in our rural centres, our village and our scattered regions."

The masses, continued Mr. Lesage, had the right to beauty and culture as they had the right to bread. Education today is not the privilege of a small group. It is the same with culture.

## QUEBEC GIVES LEAD

Sir Ernest MacMillan, noted Canadian orchestra leader and a member of the Canada Council and one of the original sponsors of the JMC camp, praised

the support given cultural movements by the Quebec Government and expressed the hope that other administrations, especially that of Ontario, would show similar interest in this field.

Other speakers included Raoul Jobin, national president of the JMC, Mgr. Maurice O'Bready representing Archbishop Georges Cabana, and Roland Dionne of Magog, original president of the Mount Orford group.

During the dinner, a new trophy provided by the national executive to the most progressive centre was presented to the Val d'Or group by Mr. Jobin.

Following the dinner, the guests proceeded to the new auditorium where a brief dedication ceremony was held, the chief participants being Mr. Lesage and Mgr. O'Bready, which was followed by a concert by the students who have been attending the camp during the summer months.

Gilles Lefebvre, director of the Mount-Orford Camp, acted as master of ceremonies.

In addition to delegates from all sections of the Province of Quebec, groups were present from New Brunswick, Nova Scotia, Ontario, Manitoba and Alberta.

## Shoots husband with rifle bought on credit

MELBOURNE, Australia (Reuters)—A Melbourne housewife was terrified about what her husband would do if he found out about the charge accounts she had run up, a court was told today, so she bought a rifle and ammunition on credit and killed him.

The prosecutor said Mrs. Thelma Jessie Sudweeks, 26-year-old mother of three, turned herself in at a police station and said she had killed her 46-year-old husband because "you cannot talk things over with him."

**Blast hurts two**  
CHATTANOOGA, Tenn. (AP)—An explosion struck a Negro neighborhood at the foot of famed Lookout Mountain early Sunday, sending two youngsters who were cut by flying glass to hospital.

## Back Dag on Congo

UNITED NATIONS, N.Y. (CP) — The Security Council Sunday night overwhelmingly endorsed Dag Hammarskjold's direction of United Nations military and civilian aid in the Congo.

There was no formal vote in the council after more than 12 hours of debate, but speaker after speaker from all regions of the world upheld the secretary-general's policy of neutrality toward the Congo's domestic disputes.

The council majority rejected the blasts of the Congolese Premier Patrice Lumumba and the harsh criticism by the Soviet Union that poured out over Moscow radio and was repeated here by Deputy Foreign Minister Vasily Kuznetsov.

Hammarskjold flew back to New York last Tuesday seeking council support of his refusal to use the UN force of nearly 15,000 men to put Lumumba in control of mineral-rich Katanga province, whose president and premier, Moïse Tshombe, declared his independence from Lumumba's view was upheld, the UN operation would have to be ended in the Congo.

**IGNORED BY MAJORITY**  
Lumumba, charging Hammarskjold, demanded that Ham-

mar be supplanted by a commission from 14 African and Asian nations. Lumumba's emissary, Deputy Premier Antoine Gizenga, repeated the demands in the council debate, but the council majority ignored them.

Kuznetsov proposed a resolution to create an Asian-African committee as a sort of overlord of the UN force. But as the council session neared its end after

midnight, the Soviet official confessed he could not get the seven votes necessary in the 11-nation council to approve the resolution. He withdrew the resolution and the marathon session ended without a vote.

It marked still another setback for the Soviet Union, that during the debate (1) demanded withdrawal of Canadian troops from the UN force "because Canada is an ally of Belgium"; (2) called Belgium an aggressor in the Congo, trying with NATO allies to establish a new form of colonialism under the UN flag; (3) and said the United States was trying to bring the Congo into the NATO sphere of influence under Hammarskjold's civilian aid program to get the Congo government going on a workable basis.

The rejection of the Soviet contention was unmistakable.

## THE WEATHER

Mainly Cloudy today with scattered showers or thundershowers. Tuesday sunny with cloudy periods and some isolated afternoon thundershowers; continuing warm and humid; Low tonight and high Tuesday 65 and 80.

## Today's Chuckle

One hazard that drivers seem determined to eliminate is the pedestrian.

Members of the 24 Tech. Sqn. RCME(M) are presently bubbling over in an intense and advanced stage of ecstasy. The reason for this blissful condition is the recent receipt of a letter from one of those truly legendary and mystical beings — a genuine Highland Scottish Clan Chieftain.

Contained in the context of this communication from Brodie of Brodie Castle, Scotland, is his official blessing to the Band and his kind consent for the band to wear the Hunting Tartan of Clan Brodie.

With the receipt of this permission, the entire matter now goes to the complicated and dubious maze of red tape managed somehow by the Department of National Defence. After going through obscure and mysterious channels the ultimate aim is to receive their permission — in order to gain proper military uniforms for the Band.

Perhaps this desire to share the privilege, along with other military bands, of being attired in

## Show Business

By JAMES BACON

**HOLLYWOOD (AP)** — Singer-actress Pearl Bailey believes the entertainment business has been slowly devouring itself since the death of vaudeville.

"We're the only industry in the world without apprentices," beams Pearl Bailey May. The septuagenarian, one of the top draws in the plush saloon circuit, got her start in shows that played throughout Pennsylvania in the 30s.

"Young performers have no place to be lousy anymore," says Pearl. "How can you become a headline act if you don't start as an opening or second act?"

It's become a crusade with Pearl—a crusade that her agent estimates cost her \$300,000 last year. Fortunately, her work in such movies as Porgy and Bess and All the Fine Young Cannibals kept the grocery bills paid.

**40 IN SHOW**  
A year ago, the Coconut Grove here signed Pearl for a solo engagement at her regular price. She showed up with a whole show employing 40 people, all of whom she paid out of her own salary.

The show was such a success that the Grove brought it back this year and this time is paying the freight.

Next she plans to take the show—a complete musical revue—to theatres.

"We played one theatre in the south side of Chicago that had been closed for 24 years. Since we played there, it's opened up with live entertainment and has been going strong ever since."

"Maybe old Pearlie can bring back vaudeville," she said. "Nothing ever killed vaudeville but lazy performers. The people want live entertainment."

Of her movie career, critics said she stole All the Fine Young Cannibals from stars Natalie Wood and Robert Wagner.

"Well," comments Pearl, "All I can say to that is that I sure tried to."

## Over 14,000 at the Cookshire Fair

By NICK POWELL  
 (Record Staff Reporter)

**COOKSHIRE** — More than 14,000 men, women and children filed through the gates of the annual Compton County Fair at Cookshire over the three day exhibition to mark the most successful year since 1952.

Although the number of cattle herds dropped from last year, the entries in the sections for horses, sheep, poultry and handicrafts more than made up the loss. The horses' division in particular was well-filled this year and competition was keen.

The grandstand, featuring the Gastoni attractions, was also well-filled and in between the various acts were trot and pace races.

### WEATHER HOT

Hot weather dominated the first two days of the fair with temperatures climbing well into the 90's on Friday. Yesterday, overcast skies may have dampened the weather outlook but not the enthusiasm of the fair-goers as nearly 7,000 people paid their way in.

The midway did its share of the business, while the industrial exhibits in the building were closely examined by many others.

Highlighting activities Friday was the judging of most of the 4-H Calf Club cattle and the start of judging of Ayrshire cattle and heavy horses.

Saturday judging continued in vegetables, inter-calf club competition and the remainder of the dairy cattle. Later in the afternoon, the Grand Cattle parade took place, numbering some nine herds.

Sunday, at 11 a.m., the horse-pulling contest took place with a championship horse-pulling contest held again Sunday evening.

In Shorthorn cattle, most of the honors went to W. P. Sharman of Scotstown, followed by Eric Wilson and Irving and Lake, both of Sawyerville.

R. G. Hodge, of Cookshire, took most of the honors in the Holstein division, including the St. Francis District Holstein Award. Another winner in the same department was John A. Rose, of Waterville.

In the Hereford Classes, the ribbons were divided between Thomas Parsons and Son, of Island Brook and J. P. Dionne, of Cookshire.

Tom Ride and Son, of Hatley, walked off with best herd honors, champion and reserve bull and junior and senior females in the Ayrshire Class.

Clayton Lowry of Sawyerville, took all the honors in the Jersey competition while Thomas Parsons and Russell Thompson of Sawyerville took top ribbons in the beef and dairy grades respectively.

In the swine department, J. McBurney of Sawyerville, and Richard Cote of Waterville split first prizes.

The sheep department, one of the largest of the exhibits, was fairly evenly divided among some six herds. Top show of sheep went to Garrett Chapman and

## Numismatic convention closes

# Importance of local coin clubs is stressed

By MALCOLM DAIGNEAULT  
 (Record Staff Reporter)

Key to future growth of the Canadian Numismatic Association is the formation of local coin clubs, one of the founders and first president of the C.N.A. told delegates to the 7th Annual C.N.A. Convention at their closing banquet Saturday night.

In reviewing the brief history of the C.N.A., Major Sheldon Carroll mentioned that the convention held in Sherbrooke this year was the most outstanding one he had attended.

The C.N.A. is the second largest organization of its kind in the world and credit for its success is due to a large number of people, he said.

Main problem facing the founders of this organization ten years ago was that the population in Canada was and is widely scattered. So, although the first coin club in Canada was formed at Montreal in 1862, "it was not until 1950 that a national group could make its way into existence."

As to future growth, Major Carroll considers the formation of local coin clubs most important. "Before we hold our next convention in Kingston, I think our goal should be the formation of ten new local coin clubs," he said.

"Although we received our initial impetus from U. S. collectors, coin-collecting has aroused a great public interest in recent years in Canada," he added.

Major Carroll noted that the 10-year growth of the C.N.A. had been equivalent to the first forty years growth of the U. S. organization.

In future years, he warned that the members of the C.N.A. must keep a true perspective and urged every numismatist to be an enthusiastic vocal supporter of the organization.

# Police, firemen are honored

By WILLIAM LUNAN  
 (Special to the Record)

**DANVILLE** — A banquet was held at the Mar Lodge, Saturday evening in honor of the town authorities and the police and firemen as part of Centennial celebrations here.

Seated at the head table were: Percy Donahue, Chief of the Sherbrooke Fire Brigade, and his wife; Leo Paul Harton, inspector of Sherbrooke fire department; Mayor Gaston Theroux of Asbestos, and his wife; Mr. Leo Loiselle and Jacques Loiselle, representative of a brewery in Drummondville; Mayor Myron E. Chaddock of Danville, and his wife; Mr. and Mrs. Gilles Geoffroy and Chief of Police Paul Breton, and his wife.

George Olney, president of the Danville Centennial Committee was master of ceremonies for the evening.

Mayor Chaddock was called upon to unveil a photo-montage of the police and fire department personnel, after which the volunteer firemen were presented with service badges and identification cards. Among those present were:

Hertel Boisvert, 14 years service; Maurice Grimard, 14 years service; Gilles Roux, 12 years service.

## 'Down-to-earth' exhibition

# Richmond Fair comes to a close

By PAT BOUGIE  
 (Record Staff Reporter)

**RICHMOND** — The Richmond County Agricultural Society annual fair came to a close for another year yesterday. But not before delighting hundreds of youngsters and grownups alike.

This year, the fair was a relative success because of the many exhibitors who took part in judging competitions of all sorts.

The weather, although humid for the three-day fair did not hinder exhibitors nor prevent the public from visiting the grounds.

There was no grandstand attraction show from out of town. But a tug-of-war, cattle parade and horse show took place.

"It was a good down-to-earth fair," one person visiting the grounds said.

Beef cattle entries were not very numerous, but Calf Club, horses and vegetable exhibitors made up for the small amount of entries in the beef cattle division.

What crowds seemed to enjoy the most was the giant-sized horse show which was held in front of the grandstand Saturday evening.

The horse races, held Saturday afternoon, were another big attraction.

Class A racing results held Saturday in order of finish together with driver's name are:

Stormy Weather S. J. G. Houde; Sunny Ibafe, F. Desrochers; Prez Rosecroft, S. Kidd; Kitten, B. Chabot; Lebeau, Laurent Martel and Sara Brooke, W. St. Cyr.

Second Class A results are: Stormy Weather S; Fesz Rosecroft; Kitten; Sunny Ibafe; Lebeau and Sara Brooke.

Class B racing results Saturday in order of finish together with driver's name are:

Cardinal Prince, W. St. Cyr; Fair View, G. Adamson; Bonny Brooke Star, H. Davidson and Bud A. Spender, G. Lachance.

Second Class B, racing results; Cardinal Prince, Bonny Brooke Star, Fair View and Bud A. Spender.

In the Guernsey cattle judging competition, Mrs. Twaalfhoven, of Richmond had the Grand Champion Male, Grand Champion Female, Junior Champion male and female.

Holstein cattle were judged Saturday and owners of top cattle in their class are as follows: Grand Champion Male, the Wales Home; Reserve Grand Champion Male, K. A. Skillen, of Richmond; Grand Champion Female, Lorne Skillen; Reserve Grand Champion Female, K. A. Skillen.

K. A. Skillen was also the owner of the Junior Champion Female and Junior Champion Male. Senior Champion Male was

## Tried to claim but must pay

A Sherbrooke man who claimed damages of \$162 following a collision between his car and another on February 5, 1960, was ordered to pay damages of \$199 instead by Judge Edouard Boisvert in Magistrate's Court.

In handing down his judgment, Judge Boisvert noted that Denis Proulx had made a left turn with his car at a point where he was turning directly into the path of cars travelling in the opposite direction.

He also noted that Mr. Proulx had forgotten the rule that a motorist must always protect his right-hand side, and ordered him to pay damages to Normand Mongeau, driver of the second car.

## 89 on Wednesday

Mrs. L. E. Schoolcraft, of the Wales Home, Richmond, formerly of Lennoxville, will be receiving congratulations on her 89th birthday August 24.

Into terrible focus

Every once in a while a tragedy occurs that brings the problem of highway accidents into terrible focus.

We are then able to assess them, not only in terms of lives lost but in terms of the hardships they inflict on the living.

Such an accident occurred last week in Wilmont, Minn. a hamlet of 473 persons.

In one spectacular collision of two cars nine persons met death. Six of these victims, five women and one man, were from Wilmont. The others were from the town of Worthington, only 14 miles away.

Consider, if you will, the impact of such a tragedy on one small community. And consider, too, how long its effects will be felt.

For in all there are 38 surviving children, 23 of them still under the age of 20.

The deaths of one man and his wife orphaned six children ranging in ages from 16 to five years.

When will they be able to forget this one highway accident?

Wilmont and the somewhat larger town of Worthington are doing everything they can to aid the survivors. A Wilmont Orphans Fund has been launched and donations have already reached the \$2,000 mark.

But it will take more than money to heal the terrible wounds that were opened in that one spectacular crash.

Computerese

The handy man about the house probably hasn't got around to it yet, but it won't be long before he starts spouting terms at his wife that will make her head spin.

Words like binary coded decimal, mnemonic code, binary digit, binary scale and radix.

He'll be using words like address, drum, gate, bit and patch in a way they're not usually used in the English language.

The language he'll be using is called "Computerese." It's a direct result of the

development of automatic and electronic controls for everything from the coffee pot to the can opener.

One large computer manufacturing company, recognizing that a language barrier could spring up between man and wife have thoughtfully put out a booklet designed to help bridge the gap.

The book says a bit, for example, is short for a binary digit, of which there are two — 0 and 1 — used in converting a decimal number into a binary number. What was that again?

Invertebrate guzzlers?

It's been the ill-luck of the Irish to suffer the wide-spread reputation of being invertebrate guzzlers.

Last week the Prime Minister of Eire, Sean Lemass took a sober swipe at this calumny.

At least he made a case for those Irishmen still in the Emerald Isle.

He said the per capita consumption of

alcohol in Ireland is one of the lowest for all countries for which reliable statistics are available.

The Prime Minister told an audience in Tipperary that the belief is a myth started years ago by the British to hurt the Irish fight for independence. And now, he says, it's being perpetuated by Irish writers who are out for royalties.

Press Comment

WHITHER CANADA?

(Toronto Financial Post) Here is a set of figures which will give Canadians something to think about.

In 1958 71 percent of Tunisian imports came from France

and 62 percent of her exports were absorbed by France.

In 1958 76 per cent of Cuban imports came from the United States and 71 percent of her exports were absorbed by the United States.

In 1958 60 percent of Canadian imports came from the United States and 59 percent of her exports were absorbed by the United States.

Is it not proper under the circumstances to ask the question "Whither Canada?"

RURAL PROSPERITY

(Owen Sound Sun-Times) Probably one of the greatest economic needs of the day is the creation of new wealth. Many of our present day works projects actually are little more than a remastication of what already exists . . . or a parasitical thriving on that same establishment wealth.

In fact a large part of our working programs, public or private, is nothing short of waste of existing assets.

Added to this actual non-productivity is the further liability of long term payments which, quite often, are still outstanding after the article is

well on the way to being worn out.

In the past much has been said about the economy of the country being very largely dependent upon the prosperity of the farmers. In more recent times, however, the economic certainty has been largely ignored. That situation may very well be the fault of the farmers themselves to a large degree. They are not an overly publicity conscious group, unless it is to voice complaints, a practice which occupies much of the time of their paid propagandists.

FOR SPENDTHRIFTS

(Stratford Beacon-Herald) One of the most deplorable ways of encouraging spendthrifts is to offer to sell them vacations on the installment plan.

Bygone Days

THIRTY YEARS AGO

By a heavy majority in both votes and valuation Sherbrooke ratepayers rejected a \$265,000 filtration plant bylaw.

Some western provincial governments are supporting the demand for a compulsory pooling of all western wheat crops.

TWENTY YEARS AGO

Heavy German artillery, based on the French coast, has begun shelling British coastal towns and also is attacking shipping in the Channel.

A total of 65,000 names were registered in Sherbrooke county during the three-day national registration of all persons over sixteen years of age.

TEN YEARS AGO

Prime Minister St. Laurent today announced Parliament is today summoned to meet "at once" to deal with the national railway strike.

Death claimed a well known social worker in this city, in the person of Miss Rebecca Trudeau, who passed away early Sunday morning in the St. Vincent de Paul Hospital, following a short illness. She was in her 58th year.

HAMMERSTEIN ILL

DOYLESTOWN, Pa. (AP) — Oscar Hammerstein II, renowned author, lyricist and theatrical producer, was described by his doctor Thursday as a "very sick man" because of recurring stomach cancer. Dr. Raymond Tice said Hammerstein, 65, has been regressing in the last few weeks, but is not in critical condition.

Anxiety removed by K's tactics

Belgium's threats no longer worry

By DAVE McINTOSH Canadian Press Staff Writer Belgium's hints at shedding some military commitments to NATO do not particularly worry Ottawa at this time.

The fear in the Canadian capital in recent years has been that if one NATO member began any substantial cut in commitments it might lead to a chain reaction among the others.

This worry was at its peak when world tension seemed to be easing but no disarmament agreement had yet been reached.

NO MORE 'CHARM'

Soviet Premier Nikita Khrushchev by his recent return to Stalinist tactics has removed, at least temporarily, anxiety that NATO might be charmed out of its defensive shoes before agreed and controlled East-West disarmament.

There have been some recent

weird statements out of Europe concerning Belgium's relationship to NATO.

One was that the NATO council has told Belgium to get all its troops out of the Congo. This was officially denied.

The last thing NATO wants to do is abuse Belgium when it is experiencing about all the difficulties imaginable in the Congo crisis.

NATO NOT IN AFRICA

Another report quoted Belgian Premier Gaston Eyskens as saying that Belgium's military establishments in the Congo are NATO bases.

It was news to Ottawa that NATO had been extended beyond the Atlantic Community to take in Africa.

It is understood that Eyskens has since clarified this report.

External Affairs Minister Green said earlier this year that

only Canada and the United States have lived up fully to their NATO commitments.

However, it is admitted privately that a commitment is only what a country promises to supply NATO and not necessarily what NATO would like to get from that country.

DEFENCE BUDGET UP

Belgium has under arms about 120,000 men or the same number as Canada. But Belgium has 13 men per 1,000 population in the armed forces compared with seven per 1,000 population in Canada.

Belgium increased its defence budget by some five per cent this year while Canada was cutting its military spending by about six per cent. However, Belgium's defence spending accounts for about 16 per cent of its total budget while Canada's is some 24 per cent of all federal spending.

News of British textiles

(BBC Weekly Talks Summary)

"A large proportion of the sarongs worn in Indonesia, or the saris of India, or the shirts of Japan are bright with dyes from Britain," said Michael Barratt in a BBC General Overseas Service programme in which he, and various textile experts, spoke about recent achievements in British textile development.

Barratt went on to speak of the notable discovery made some four years ago by I.C.I., which has for many years exported dyes of great variety, of a method of making dyes really 'fast' to water and strong sunlight by chemical reaction.

"They called the new range of dyestuffs 'Procion' dyes," he said, "and now there are thirty-one different dyestuffs on the market giving a complete range of shades. It has been claimed that Procions are the outstanding dyestuffs discovery of the century." The firm had a large staff of technical experts, backed by research and technical service laboratories in Britain and other countries, who were constantly visiting customers to give advice on technical problems. In addition, the firm had set up a plant, in partnership with an Indian firm, to manufacture a range of dyes in India, at Bulsar, Bombay.

Mr. G. L. Randall, sales director of the Flying Needle Frame (F.N.F.) Manufacturing Company of Burton-on-Trent spoke in the broadcast about the speed, efficiency and versatility of the F.N.F. warp knitting machines in converting yarn into fabric. The firm had helped to pioneer many fabrics which were now being produced in large quantities by their customers, he said; for example, the plain marquisette type curtaining in Terylene yarn. The F.N.F. machine was based on the best principles of precision engineering, and produced a wide range of cloths, from delicate lingerie fabric to carpeting, with surprisingly few faults and at many times the speed of the fastest weaving loom. It could produce some cloths at the rate of 35 yards an hour. The firm had established a comprehensive customer advice service some years ago, and consultants carried out a thorough investigation into the special problems of each customer. Sometimes F.N.F. machines were sold singly, to village co-operatives in Asia, for example; sometimes a firm would order fifty for mass production.

Mr. Geoffrey Richards, of I.C.I., went on to give some details about Terylene, best-known of

the vast range of British-made fibres developed in recent years. It had cost fifty million pounds, he said, to develop and produce "this synthetic fibre, first discovered twenty years ago, and although the first really large-scale factory had started up only five years ago, Terylene was now a household word in many countries. Factories in Asia were using Terylene fibre exported from Yorkshire to make fabrics that would not crease, were quick to dry and stood up to a great deal of hard wear. It was ideal for feather-weight suits for hot countries, and in new mixtures with silk appealed equally strongly to the fashion-conscious woman of the East or West. One of the most promising latest developments was a mixture of 80 per cent Terylene and 20 per cent cotton, which had appeared in gay summer dresses in Britain for the first time this year.

In conclusion, Michael Barratt enumerated some of the many and growing uses, apart from clothes, of both new and traditional textiles. For example, as sails for boats, ropes of all kinds, conveyor belts, tyre-cord for cars, as bandages, plasters and other surgical dressings, as filters to clean the atmosphere. A particularly important development, he said, was that of synthetic yarns to make water-tight, gas-tight and weatherproof covers for the protection of crops after harvesting in tropical countries, and as fumigation canopies to rid crops of pests. Weighing only 8 to 12 ounces to the yard, these covers were easy to handle. Specially treated fabrics were being used also to line crop-storage pits and gave full protection against the ravages of insects and weather.

Letter To The Editor

Dear Sir:

It was much regret that I noted a paragraph in a recent issue of your valuable newspaper stating that they intended carrying out the fantastic idea of a three million dollar plus—? bridge from East Sherbrooke to Montreal Street.

How anyone could entertain such an idea is beyond me.

Having been born in this city and lived here all my life, I feel irreparable damage and desecration to our fair city more acutely than people that have come to Sherbrooke with the sole idea of lining their pockets with gold by a hospitable city that has accepted them and given them lives and honors beyond their fondest expectations in some instances.

Due to the fact that I spent my youth and grew up in this city of fine ideals and fair play, it grieves me to see one of its historical, and even to this day, a section of the finest in culture and refinement devoted to the instilling of high moral values in both young and old through inter-racial and inter-denominational institutions, that devote time, money and energy to furthering the finest precepts of true Canadianism and good-will toward man. Not expropriating, devaluing and disgracing valuable property for the use of an obstructive structure that will be a mammoth reminder of the load to be carried by future generations due to those that have been entrusted with the City's welfare. This is an outstanding centre of so-called culture. Is culture a reality, or just jam to be spread around?

If a person wishes to go to East Sherbrooke, there are many routes which will take them there within minutes. Why bring more outside traffic into the heart of the city when the city cannot handle the present load.

With the new bridge in effect, people are being invited into one of the worst death traps possibly in Canada, at the intersection of Belvedere North, Queen, Portland, Cambridge, Queen North, Montreal. All converging to zero. This also includes a large school and park. Can you envision this intersection with the added traffic of a special event in East Sherbrooke. There are also many other factors to be taken into consideration that would cost another large fortune to rectify, but are not too much of a problem as they are at present.

ELECTION COSTS

(Victoria Times)

Mr. John Pickersgill, one of the ablest members in our Parliament, is worried about the increasing cost of election campaigns. Well he may be.

In these days of television, when few people will turn out to old fashioned political meetings, the perfectly legitimate, unavoidable expenses of a political party are high—too high, Mr. Pickersgill thinks. If they continue to rise he fears that our democracy will turn into a plutocracy, government by those who can collect the most money and put on the best show.

Mr. Pickersgill is quite right, we think, in saying that the election expenditures of all political parties should be absolutely limited by law. The limits should be reasonable, every party should have full opportunity to put its ideas before the people, but political finances nowadays are becoming ridiculous — or dangerous, as Mr. Pickersgill believes.

The new bridge would be approximately a good tee shot from the Dufferin Avenue bridge. In proportion, there are already nearly as many bridges as in Venice. There is the C.P.R. trestle, Galt St. bridge, East Sherbrooke bridge, C.N.R. bridge, Dufferin, Belvedere St. N., Paton, C.P.R. bridge and Jacques Cartier.

Undoubtedly there is, and will be a greater need for a bridge, but further north, where there is a choice of elevations, contours, earth, sand, rock, streets and intersections, etc. Also with a view to a route to the new airport.

DONALD KILGOUR, 743 McManamy St., Sherbrooke, Que.

TOTAL UP POINTS FOR SLAM BID

This week's articles will be on miscellaneous slam hands and in general will discuss bidding only. Now take a look at the North hand only and see what you should respond if your partner opens a 15 to 17 point no-trump.

You have 18 points yourself so the total for the partnership will be somewhere between 33 and 35 high card points and the opponents will hold from 5 to high card points against you.

There is no way for the enemy to hold two aces, but if your partner holds the 15-point minimum, they might hold an ace and a king and if that ace and king are in the same suit you can lose your slam before you obtain the lead.

Nevertheless North should raise his partner right to six no-trump. There is no way to find out about which ace and king are missing, but if an ace and king actually are missing, odds are 7 to 2 against their being in the same suit and even if they are that suit may not be opened.

Incidentally, the slam wheels in in spite of the heart finesse being wrong. South simply knocks out the ace of clubs and runs off twelve tricks without bothering with the heart finesse.

Table with 4 columns: NORTH, WEST, EAST, SOUTH (D). Contains card symbols and point values for various bidding scenarios.

CARD SENSE Q—The bidding has been: South West North East 1 Heart Pass 1 Spade Pass

You, South, hold: Spades A-2, Hearts A-Q-J-10-5, Diamonds K-9-8-7-6-4, Clubs 0.

What do you do? A—Bid two diamonds only. You have a bid hand if your partner can fit either of your suits but maybe he is loaded with black cards. In that case caution is indicated.

TODAY'S QUESTION Your partner raises your two diamond bid to three. What do you do now? Answer Tomorrow

matter of FACT

Scientists a few years ago would have said the earth was about three billion years old. Now they know it's four and a half billion years old, while man goes back only 400,000 years. By comparison, if earth's age were 24 hours, man would be only 8 seconds old!

members enjoy picnic meeting

NORTH HATLEY — The Women's Institute held a picnic meeting at the Look-Out, where members enjoyed a fine summer afternoon and the spectacular view.

The business, conducted by the president, Mrs. F. Woodward was given over mainly to the recent Fashion Show, and discussion of the work in the convalescence of Education.

It was noted that a \$5 donation had been received for the World Refugee Year and the branch voted to add \$10 to this amount.

Mrs. C. S. Daintrey had with her the book, Ask No Quarter, which the branch has placed in the North Hatley Library as a memento of the 40th anniversary of the branch and honoring the charter members.

The forthcoming County Fair at Ayer's Cliff was discussed, and members arranged to be present and assist in the work of the County W.I. at this event.

In reviewing the Fashion Show it was noted that this was the most successful of any of the shows held so far. Expressions of appreciation were extended to Mrs. E. Hatch, the convener, to the models and their helpers, and to the many others who shared in making the project financially profitable.

Mrs. F. Woodward and Mrs. C. Smith provided the transportation.

Mr. Randolph Auger, of Hartford Conn., is spending his vacation with his parents, Mr. and Mrs. F. Auger, and his brother-in-law and sister, Mr. and Mrs. Ronald Clark, and family.

Makes allowances for winter roads

A damage action of \$264 resulting from a traffic accident last winter was rejected in Superior Court by Judge Louis Philippe Cliehe who said allowances have to be made for winter driving conditions.

"It is not reasonable to ask that a driver should follow the markings on the pavement when they are covered by snow and ice and cars have to be driven as conditions permit," his judgment said in part.

For this reason, Judge Cliehe ruled against Rene Beaugard who was claiming damages from Roger Auger.

Bride honored by friends at Farnam's Corner

FARNAM'S CORNER — Mrs. Junior H. Harvey and Mrs. Clair Perkins entertained recently at a shower at Mrs. Perkins' home in honor of Mrs. Mitchell Kowal, the former Christine Robinson. Expecting to meet a school friend, Mrs. Kowal was completely surprised on entering the living room to find a number of friends assembled. She was escorted to a chair decorated in yellow and white, with a sprinkling can overhead, and presented with a corsage as the guests sang Here Comes the Bride.

Mrs. Perkins presented the kitchen utensils, which Mrs. Perkins demonstrated while Mrs. Harvey read a poem concerning each article.

Two contests were enjoyed, the prize winners being Mrs. Kowal and Mrs. Bidwell.

The guest of honor was presented with numerous gifts of linen and a sum of money.

The guests had been asked to bring a tea towel and each was provided with needle and thread with which to work her name on the towel and requested to compose a poem to accompany it. These were given to the bride, who read each verse aloud, causing no little merriment. Mrs. Kowal thanked the ladies for their gifts.

The hostesses served refreshments, including a three-tiered cake and a three-tiered cake and decorated with wedding and engagement rings and the date Aug. 3-60.

## PRECAUTIONS, QUICK ACTION CAN CUT POISONING TOLL

By HAROLD THOMAS HYMAN

Acute poisonings account for 16,000 to 20,000 deaths in the United States each year, according to government figures.

The majority of these fatalities result from deliberate self-administration of the poison with suicidal intent.

Perhaps 10 per cent are accidental such as occurs when a child swallows candied medication or some chemical used in the home as a cleaning agent or a pesticide.

The magnitude of the poisoning problem becomes even more alarming when one realizes that, for each reported fatality, there are probably a few dozen non-fatal, unrecognized, unreported or concealed poisonings whether in adults or children and whether accidental or suicidal.

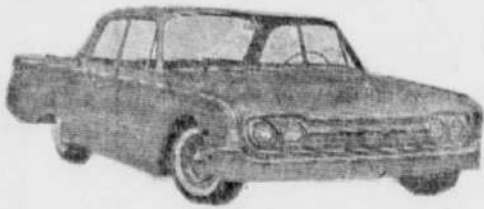

To deal with the situation, the United States Public Health Service has established the National Clearinghouse for Poisons Control Centers in Washington, D. C. Headed by Pharmacist Henry L. Verhulst, the clearinghouse functions through 364 separate centers strategically placed throughout the country. Associate director is Dr. Lyman Page.

## DENNIS THE MENACE

By Hank Ketchum

"WE DON'T WANT ANY 'NICE CARROTS' FROM YOUR OWN GARDEN! WE HATE CARROTS!....."

## Saskatchewan's top booze-hound just never touches the stuff

REGINA (CP) — Saskatchewan's best booze-hound never touches the stuff; he's content just sniffing it. Ace's nose for alcohol has been a source of frustration to many a moonshiner, for sniffing out illegal brew is all in a day's work for the 90-pound RCMP dog, an Alsatian. Now three years old, Ace's sense of smell—developed in dense bush in his native Nova Scotia—has never been keener. Ace, Regimental service number 241M, is one of 19 RCMP dogs across Canada and is the son of the force's famous Nick!

—a dog credited with scores of arrests. Constable Dave McLean is his master and manager — "teammate is better," he says — and as with the other 18 teams in Canada, these two are inseparable. "One of the fellows even took his dog while honey-mooning," Const. McLean recalls.

### MANY TALENTS

Searching for illicit stills, however, is a small part of the team's six-day work week. Ace is also used for guarding, finding persons and property and other jobs. Daily training keeps the partners in top form. Each day, Ace performs obedience tests. Six days a week, unless a job is to be done, searches are simulated with spent cartridges, liquor bottles and a male quarry. Persistence by the dog and patience by the master pay off 99 times out of 100.

The working life of a dog like Ace is about 10 years. What happens then? Ace will be put quietly and painlessly to sleep. The dogs thrive on their work and to prevent them from doing it is to be cruel—they will pine and mope and fade away, says Constable McLean.

### MELBOURNE RIDGE —

MELBOURNE RIDGE — An evening meeting of the W.A. and W.M.S. was held at the home of Mr. and Mrs. Roderick Morrison.

The W.A. meeting was conducted by Mrs. Henry Fowler and the Bible reading was given by Mrs. R. Morrison. Routine business was dealt with, and plans made to sell lunch at an auction sale.

Mrs. W. Adamson auctioned articles from a sale table, bringing in a substantial sum.

Members repeated the Twenty-Third Psalm to open the W.M.S. meeting, which was presided over by Mrs. Cecil Johnston.

At the next meeting members will be asked to name their favorite book of the Old Testament, giving their reasons. The names of Mrs. E. Wilkins and Mrs. O. Wilkins were drawn to bring donations to the next meeting.

### GENERAL NOTES.

Mr. and Mrs. Norman Bain, of Sawyerville, were overnight guests of Mr. and Mrs. G. Stainthorpe and Mr. G. Dawson.

Mr. and Mrs. E. Johnston and Mr. and Mrs. H. Gilchrist and family of Lennoxville, were recent guests of Mr. and Mrs. Elton Gilchrist.

person to his office or the nearest hospital.

If you lack facilities for transportation, call the police.

Since some poisons, like bichloride of mercury, do not exhibit their toxic effects for some time, do not be deluded by the apparent comfort of the poisoned person.

In all instances, bring your medical adviser the container from which the suspected poison was taken.

And finally, if you wish to be farsighted, obtain from the National Clearinghouse the address and telephone number of the Poison Control Center nearest you. The life you save may be that of your own child.

## Olympic Bound Canadians Will Be Fashion Leaders

MONTREAL (CP)—Whether or not Canadian girls win any medals at the Olympic Games in Rome this month, they are certain to be among the leaders in fashions.

Sportswear manufacturers in Montreal, Ottawa, Vancouver, Edmonton, Galt., Ont., and St. Marguerite, Que., have designed distinctive costumes and accessories ranging from parade dress to undergarments for the Canadian team.

The girls will parade before the opening day spectators Aug. 25 in a tailored knit sheath of white orion with a centre stripe of red trim which is repeated around the neckline, armholes and the waist. With it they'll wear a white felt fez-style hat trimmed with a diagonal red ribbon, white calfskin shoes with a narrow red stripe across the middle of the toe, red leather shoulder bag and white shortie gloves.

If the weather is cool, they will also don the official navy blue Olympic blazer with its gold thread and red maple leaf pocket crest. They will be ready for rain, too, with a tailored waterproof taffeta raincoat that has raindrop-shaped bronze, silver and black print on white background.

### VELVET COAT

For receptions the Canadians will be dressed in frocks of periwinkle blue nylon organza with modified full skirt, cummerbund effect, shirred bodice, spaghetti straps and matching bolero. A Mediterranean blue velvet coat can be worn with its matching

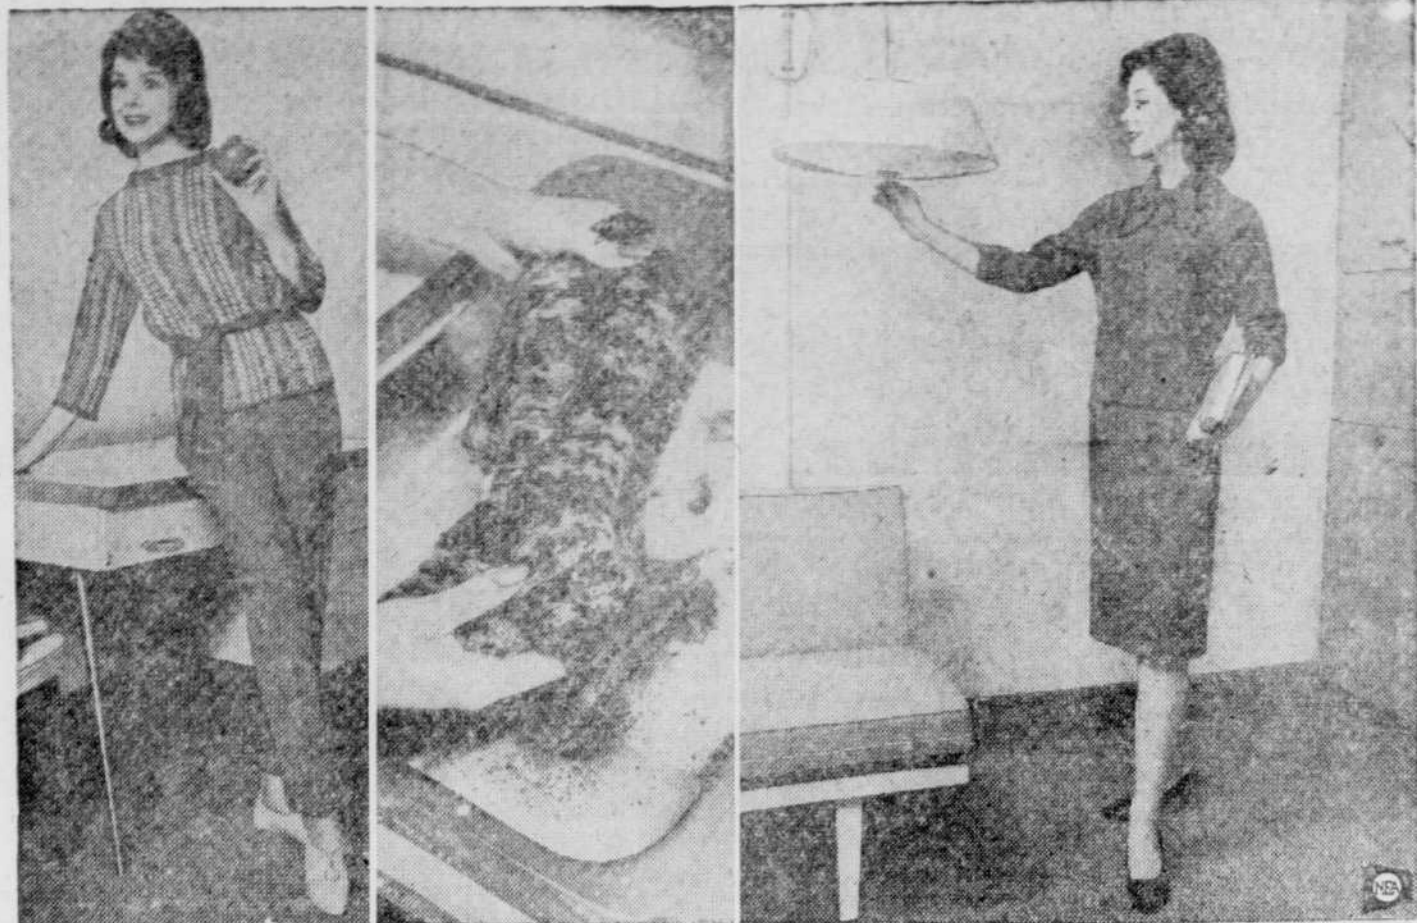

short velvet jacket and slim skirt for a three-piece ensemble.

When the team leaves from Montreal the girls will wear their official travel outfit of tailored grey wool skirt and softly tailored white blouse, Olympic blazer and parade hat with navy nylon tote bag.

The wardrobe also has bulky knit white cardigans, pullover sweaters of the same style with red patterns, tailored slacks in charcoal brown, blue and white plaid with matching blouses, Bermuda shorts, slim skirts and two pleated skirts, one white for warm weather and the other grey for cooler weather.

For dormitory wear they will have short-sleeved pyjamas and housecoat of dogwood-patterned nylon taffeta with matching bedroom slippers.

Other items include specially-made individual first aid kits, cosmetic kits, white running shoes, white tailored nylon slippers, stretch girdles, sun tan nylon stockings and white stretch knee-length stockings.

As they head back to the campus this fall, many coeds will be taking along easy-care fashions like these. Most will be wise enough to check hangtags before they buy to make sure just what performance they can expect from their new fall wardrobes. This coed wears (left) the 1960 put-over in a belted version made of Orlon. Put-over can be machine-washed in lukewarm

soapsuds. Bulky woolen turtleneck sweater (center) gets a hand-washing in lukewarm soapy water. It will keep its bright colors through many washings. This wool put-over (right) can be hand washed, will need no blocking. It comes with skirt dyed to match. To be on safe side, follow manufacturers's washing directions carefully.

LOVE---Anglo-Saxons Had A Word for It---FRIEND!

How many real friends do you have? That's easy to find out.

How many are there who would react to any good fortune that comes your way with pleasure untinged with envy or jealousy?

How many friends could you count on if you needed help that wasn't easy or convenient to give?

How many friends would feel they could call on you if they needed that kind of help?

How many of your friends would stand up for you staunchly and firmly if you were being criticized by someone else?

How many of your friends feel close enough to you to tell you their troubles, knowing that anything they tell you in confidence will go no further?

How many of your friends would you trust with information you don't want spread around?

How many friends do you have that you feel free to be yourself with, not having to put up a false front or pretend to be what you aren't?

How many persons do you know that you are always glad to see and who always seem pleased to see you?

How many persons would be just as friendly toward you if you were reduced to a lower scale of living than you now enjoy?

How many friends do you accept "as is" instead of fretting over their faults or wishing you could change them?

See how easy it is to count your real friends?

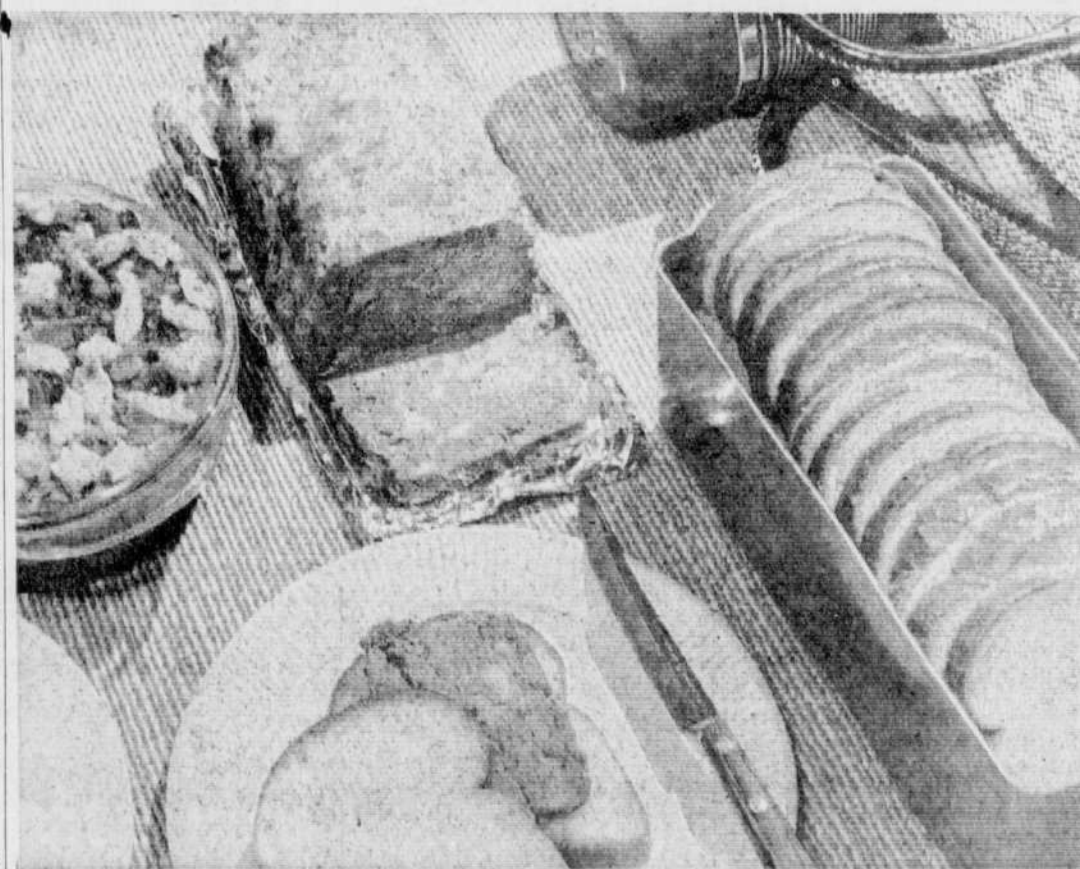

Don't be discouraged if the number isn't as great as you

supposed.

True friends don't grow on bushes.

That is why real friendships are worth nourishing through the years.

## Meat Loaf Sandwiches Good On Picnic

Take it and make it! That's the cue for summer picnic fun.

Whether planned or impromptu, it's simply a matter of packing foods that can be handled easily when the picnic spot is reached.

Homemade meat loaf is an ideal food around which to plan the travelling menu. Sliced breads—white, whole wheat or rye—go along to be buttered, to hold the hot or cold spicy meat loaf slices.

A casserole of escalloped tomatoes, baked with the meat loaf and served hot or cold, makes an ideal savoury accompaniment.

A few crisp vegetable sticks, cake or pie for dessert, and a favourite beverage, will complete the easy, but hearty meal.

### MEAT LOAF SANDWICHES

1 pound (2 cups) ground beef, 1 teaspoon salt, 1/4 teaspoon pepper, 1 cup soft bread crumbs, 1 egg, beaten, 1/4 cup milk, 1 tablespoon Worcestershire sauce, 1/4 cup chili sauce, Assorted sliced breads, buttered.

**METHOD:** Combine beef, salt, pepper, bread crumbs, beaten egg, milk and sauces. Press mixture firmly into a one-quart loaf pan. Bake in hot oven (400F) for one hour. Time baking to coincide with departure time if loaf to be served hot. Wrap pan in foil and slice as used. If to be served cold, cool loaf, wrap in foil and refrigerate until departure time. Place meat loaf slices between buttered bread slices, with mustard or relishes if desired. Yield: 10 to 12 sandwiches.

## Policewoman Hasn't Met With Physical Force

EDMONTON (CP) — Police woman Susan Hinchey, petite veteran of 17 years on the Edmonton city police force, is unlike new trainees who have some knowledge of judo. She says she has never encountered physical violence.

"But you can't expect them to call you a lady when you're bringing them in," she smiled.

Edmonton's 12 policewomen have a philosophy which says that those who run afoul of the law are something like unfortunate friends. Mrs. Hinchey and Sally Krowchynski nightly take a sandwich to an elderly prisoner in the station cell block.

## Austin W. I. and W. A. realize \$994 at successful garden party, sale

AUSTIN — The W.I. and W.A. again held a very successful garden party and sale at the Community Hall, East Bolton Road. The sum of \$994.83 was realized.

The home cooking table, with Mrs. R. H. Stone, Mrs. C. J. Bryant and Mrs. D. Lee in charge, was soon cleared. The home made candy, in charge of Mrs. H. A. Channell, found a ready sale.

The useful and fancy articles, conveyed by Mrs. Stark and Mrs. Elwin Bryant, had many buyers. Mrs. E. G. Smith and Mrs. L. Woodward found plenty of customers for their fresh fruit, flowers and vegetables.

The kitchen, a busy place with Mrs. L. Cochrane, Mrs. L. Comau and Mrs. G. Clement in charge, served supper to about 100. Mrs. F. Ward looked after the tickets and the Misses Janice Taylor, Rita and Janice Horner served at the table.

The Salvage Shop did a rush business under the supervision of Mrs. E. Fisher, Mrs. M. Mitchell and Mrs. H. Dowson. Miss Margaret Bryant had a busy time supplying the demands of the wee folk at the fish pond.

The various prizes were won as follows: Door prize, Morris Knowlton, Magog; doll, Mrs. Harry Dowson, Bolton Centre; sweater, Miss K. Fisher, Austin; hand tooled leather purse, Mr. Hyslop, Toronto, Ont.; electric kettle, Edward Hardy, Austin; wool blanket, Rene Martel, Chataqua.

## Fires Two-Under 69 To Win Event; Marcel Fortier Cops Amateur Prize; Marcel Savard Takes 'B' With 79

By LEN O'DONNELL

Gerry Proulx of the Golfand Golf Club of Montreal fired a hot two-under par 69 to walk off with the Eastern Townships Open Golf Championship yesterday afternoon at the Sherbrooke Country Club. Proulx's par-breaking round was two strokes better than Al Johnston, defending champion from the Kanawaki Golf Club, and Jules Huot from Laval-sur-le-Lac Golf Club.

In the amateur ranks Marcel Fortier, the smooth-shot-maker from the Country Club, posted a neat one-under par 70 to win the honors and Molson's Trophy in class "A". In class B the honors went to Marcel Savard, also of the Country Club, who registered a hot 79 to lead the field Saturday. In the class "C" G. Dalton of the Granby-St. Paul Golf Club walked off with the honors with his 83.

A field of close to 400 golfers took part in the two-day event with forty-two professionals and three hundred and fifty-two amateurs battling it out under ideal conditions. The early starters Saturday morning ran into a little rain but this cleared away and the weather was perfect. The low scores are an indication that the course and conditions were perfect.

Big Gerry Proulx, the hard-hitting pro from the Metropolis, left no doubt in anyone's mind that he was after top money. On the outgoing nine he posted an even-par 36 but then got hot on the back nine and racked up a neat 33, two under, to win the event.

Jules Huot and Al Johnston made great attempts to catch Proulx but they ran into a little trouble to start but rallied strongly on the back nine but the pace-setter was well away. He birdied the 10th, 12th, 14th and 15th with two bogies, one at the 11th and three-putted the 18th.

On the front nine Proulx dropped birds at the first and eighth while going over regulation figures at the fourth, with a six, to finish with even figures. The rest of the field got good starts but ran into trouble on the back nine. Joe Leblanc and Harry Fowles were both in the picture after the first nine but hit trouble at the famous 12th, 13th and 14th. Fowles pulled his drive into the bushes and had trouble getting out while the home pro hit his trouble with a few bad shots.

**MARCEL FORTIER SHINES**  
Marcel Fortier, one of the top amateurs at the Country Club, hit his stride when he got away to a good start. He birdied the first and then he was off. He went one over at the second, seventh and ninth for his opening 38.

On the back nine he commenced with another bird at the 10th but went over at 11th and 12th. He picked up one with a birdie at the 13th was even at the 14th but bounced back with a birdie two at the 15th. He pushed his tee shot but came back strong when he dropped his approach shot. He got a bird at the 17th and even par at the 18th to post his neat 32.

Marcel Savard registered his 79 to take class B to nose out J. Hamel and M. Healy, Windsor Mills, by two strokes. Two Lennoxville players, P. Dauncey and R. Chretien, were deadlocked with 82's.

Curtis Bishop nosed out Art St. Onge to take the net honors in class A by one stroke. Several players were deadlocked and the committee placed them according to their handicaps. Bougie of Valleyfield won the second low gross with 72 while Johnny Lindell, Asbestos, Hee David and Y. Gendreau finished with 73's. Andre Maltais of East Angus won the sixth gross on a three-way toss.

## Keith Alexander Of Calgary Wins Canadian Amateur Golf Title With 4 And 3 Victory Over Gary Cowan

OTTAWA (CP)—Keith Alexander of Calgary, a grim, gaunt-faced player with the self-discipline necessary to be a winner, won the Canadian amateur golf

championship Saturday with a 4 and 3 victory over Gary Cowan and knocked the Toronto youngster into the ranks of the runners-up once more.

Alexander, a six-time member of Alberta's Willingdon Cup team

never got rattled as he beat Cowan in a 36-hole battle over the Ottawa Hunt and Golf Club course to bring the title to the West for the second successive year.

It was also the second straight year that Cowan lost in the final.

The 30-year-old Alexander drew away from Cowan on the outgoing nine of their second 18 holes Saturday after the Westerner had finished the morning round only one up.

Alexander, who won the Alberta amateur title earlier this summer, never trailed at any time over the 36 holes and forged in front to stay at the short fifth with a par three after blasting from a trap to within three feet of the pin.

Alexander, a University of Colorado graduate in journalism who now works as a salesman and public relations representative for a lithographing firm, made the turn after the first nine holes three up.

Cowan whittled away at the lead, winning the 10th, the 15th and the 18th after Alexander took the 16th.

### REMEMBER WHEN . . .

George Wright, captain of the first professional baseball club, died 23 years ago today in Boston. Captain of Cincinnati Red Stockings of 1869, his death removed one of the originals of an era of gloveless catching, sharpened spikes and handkerchief moustaches on the diamond.

It left the favored Cowan, formerly of Kitchener, Ont., and now an office worker for a Toronto sporting goods company, only one down as the afternoon round started in the overcast, humid 80-degree weather.

### BETTER LAST YEAR

But he was unable to duplicate the thrilling rally he staged last year in losing the final one up to Johnny Johnston of Vancouver.

Instead, Alexander gradually widened his winning margin with the turning point coming on the 25th hole. He won that one with a one-over-par five after Cowan missed a 3/4-foot putt and carded a six. That put the Calgarian two up.

Alexander then came through on the 27th with what he later de-

scribed as his big shot of the day. He put a 120-yard approach shot two feet from the pin for a birdie four to take a commanding three-up lead as they made the turn for the final nine-hole stretch.

### Yanks Purchase Dale Long From SF Giants

WASHINGTON (AP) — New York Yankees purchased the contracts of first baseman Dale Long from San Francisco Giants Sunday.

Long, 34-year-old first baseman, will report to the Yankees in time for Tuesday night's game with Chicago White Sox. To make room for Long, the Yankees have assigned Kent Hadley to Richmond.

Long was acquired to give the Yankees added protection at first base and for pinch hitting. Hadley was acquired by the Yankees in the Roger Maris deal with Kansas City this past winter. He, too, saw limited service. He goes to Richmond outright.

# Fuller Ties Coaticook For First Place In Sherbrooke Junior Baseball League

## Downs Canadians 7-1 Last Night, Brompton Royals Edge Indians 11-10, Coaticook-Royals Tilt Postponed

Fuller joined Coaticook Canadians at the head of the Sherbrooke Junior Baseball League last night when Hamel's squad posted a 7-1 victory over Kist in a tilt at the Municipal Stadium.

In other Junior loop action, Fuller won from Brompton Royals Saturday by default when the hosting Royals club were unable to produce sufficient players. Sunday afternoon in Brompton, the Royals edged the Indians 11-10 while the evening tilt between Brompton and Coaticook was postponed.

A home run with two men on by Roger Fortier in the second frame paved the way for a smashing Fuller victory last night. Wayne Nugent turned in the winning performance on the mound for Hamel's team while Jean Guy Tanguay and Jacques Palardy shared hurling chores for the losers.

In the third inning, Fuller added another point to their total to give them a 5-0 lead while, in the fourth, Cote and Bob Desrochers rallied to give the visitors a 7-0 bulge.

Scoring was nil until the bottom of the seventh frame when Kist, trying a desperate comeback, chalked up their single point of the fixture when Lertarte made the rounds.

As a result of the weekend's games, Brompton Royals are definitely out of contention for the league playoffs which should start within a week. This was the first season that the Royals played in the circuit as they replaced the now defunct Windsor Cardinals club.

## Tompion Wins \$83,100 Travers Stakes To Remain In Three-Year-Old Picture, Sword Dancer Is Sixth At Chicago

Tompion is still pretty much in the three-year-old championship picture after his smashing victory in the \$83,100 Travers stakes Saturday, but Sword Dancer isn't going to repeat as horse of the year unless he makes a remarkable comeback.

Sword Dancer, now a four-year-old, deserted New York for Chicago Saturday and could do no better than sixth, as One-eyed King won the \$55,100 Arlington handicap.

Another reputation also was slightly tarnished as Sword Dancer went down to his sixth defeat in nine starts this year. This was Dotted Swiss, winner of six straight races. The best Dotted Swiss could do was fourth in the Arlington handicap, a mile and one-sixteenth race on the grass course.

It was the first time that either Sword Dancer, from the Brookmeade Stable, and C. V. Whitney's Dotted Swiss ever ran on the grass.

### KING GRAIL SECOND

One-eyed King, who bases at Belmont Park, is owned by the Cain Hoy stable of Capt. Harry F. Guggenheim. The victory was One-eyed King's first since he took the Donn handicap at the Gulfstream Park grass course March 26.

Manuel Yeaza rode One-eyed King, who paid \$10.40, with King Grail finishing second, and Martini II third.

Saturday, with 126 pounds up and with Bill Hartack steering, Whitney's Tompion was held off the pace, then zoomed down the stretch to win the 1 1/4 mile Travers by six lengths going away Count Amber the pace-maker, was second, and Don Ricketts third. Tompion was the solid favorite, paying \$3.80.

## Canadians Irked At Relay Plan

ROME (CP) — Unrest was brewing today among Canada's contingent to the 1960 Olympic Games because of an edict that they will be sent home in relays a few days after each particular team's events are concluded.

The edict came out of Canadian headquarters and has had anything but a favorable reception from some of the athletes—and team officials as well.

Frank Read of Vancouver, coach of the rowing team, was the most vociferous. "The principle of the thing is all wrong," said Read Sunday in an interview.

"The Games, opening next Thursday, finish Sept. 12 and all athletes should be allowed to remain until that time."

**MANY ROWERS AGREE**  
Many of Read's rowers agreed. They have been leaving Rome early each morning for workouts 20 miles from the city, returning early each evening. They have had no chance to see the city.

Athletes from other teams making up Canada's 125 competitors have also expressed a wish to remain until the Games end but headquarters officials said plans were made last October and there is no chance of a switch now.

"The airline situation is ultra-tight and has been for more than a year," said Jim Worrall of Toronto, general manager of the Canadian contingent. "Other countries are doing the same thing for the same reason."

A meeting of managers of the various teams was scheduled for later today when the whole matter is to be threshed out.

**DOUBLE SETBACK**  
The unrest started to simmer when Canada's abashed basketballers arrived in Rome Saturday night from Bologna where they were unceremoniously knocked out of the Olympic competitions. They were beaten 60-49 Friday by Spain and eliminated from contention for the five vacant berths in the main Olympic tournament.

The basketball squad, made up largely of players from the Tillsonburg, Ont., Canadian championship team, returned to Rome scarcely knowing what had hit them.

But they did find out that they'll be heading for home in a few days.

## Rough Riders Belt Ticats 35-6 To Knock Defending Champs Into Cellar

HAMILTON. —(CP)—Hamilton Tiger-Cats, their tails sorely twisted, sank to the bottom of the Big Four football league with a dull thud Saturday night.

The instrument of their deposition was the Ottawa Rough Riders who sauntered through Hamilton's defence with skill, speed and frequency, running up a 35-6 score.

Tigers, last year's Big Four champs, now have a 0-2 record. They lost their league opener 23-10 to Montreal Alouettes in Montreal.

Toronto Argonauts claim first place with a 2-0 record, Argos defeated Montreal 36-14 Friday night in Toronto. Als and Ottawa are tied for second with 1-1 records.

Saturday night Canadian quarter back Russ Jackson and import full-back Dave Thelen were Ottawa's big stars. Jackson called the shots and Thelen went for 192 yards on 23 carries. Each had a touchdown.

Joe Kelly carried for another Ottawa touchdown. Tackle Milt Graham picked up a Duane Wood fumble deep in the Hamilton end zone for a fourth and import quarter back Ron Lancaster added the fifth off an intercepted pass.

Hamilton finally scored at 6:28 of the fourth quarter when Paul Dekker caught a pass from quarter back Bernie Faloney just over the Ottawa line. However, Gerry McDougall's convert attempt was blocked.

Gary Schreider converted three Ottawa touchdowns. Schreider got a single off an attempted field goal and the other Ottawa point was earned by Jim Conroy when Wood was rouged on a first-quarter kick.

Hamilton made only 52 yards rushing compared to Ottawa's 330 and a mere eight first downs against Ottawa's 28.

Ottawa completed nine of 16 passes for 118 yards while Hamilton completed 10 of 20 for 156. The next league game sees Toronto at Montreal Friday night.

## Holland's Hairois Wins \$50,000 Roosevelt International Trot As Canada's Tie Silk Finishes Sixth

WESTBURY, N.Y. (AP)—Holland's Hairois won the \$50,000 Roosevelt International Trot—symbolic of the world trotting championship—before a record harness-racing crowd of 54,861 at Roosevelt Raceway Saturday night.

Hairois, recognized as the European champion, finished one-half length ahead of Italy's Crevalcore. The favorite Silver Song, the U.S. representative, was third.

Canada's Tie Silk, the second choice, was sixth in the field of seven.

Hairois, racing on the outside for the entire 1 1/4-mile race, paid \$11.90, \$7.20 and \$4.20. As the third choice, Crevalcore, off at 25-to-1, paid \$20.80 and \$6. Silver Song returned \$3 to show. The time was 2:34, one second off the world record for 1 1/4 miles.

In the stretch Hairois surged into the lead in the middle of the track, Tornese ducked over to the rail and cut off Silver Song, who was starting to make a stretch bid.

Crevalcore broke stride at the start but landed second place by coming on with a rush at the finish.

Tie Silk, Teare and Durban Chief all broke stride during the race and never seriously threatened. Tie Silk, owned by the Miron brothers of Montreal, started from post position No. 4. He was driven by Phil Dussault.

The record crowd wagered an all-time high of \$363,140 on the international for a single race harness racing record.

# Spahn And Burdette Setting Merry Pace For Braves

## Have Won 29 Games Between Them, Pirates Lose And Lead Reduced; Cards Upset Dodgers To Move Ahead

It is becoming more evident each day that if Milwaukee is to overtake Pittsburgh in the National League race, it will be done behind the strong arms of those inimitable roommates, Warren Spahn and Lew Burdette, with an assist from Bob Buhl.

Spahn and Burdette, excused from relieving between starts, are back on the beam again. If they continue at this present pace, they could reach the charmed 20-victory circle again and might yet pitch the Braves to the third league pennant in four years.

Spahn Sunday hurled his 15th victory, a 3-2 decision over Philadelphia. That cut Pittsburgh's first-place lead to 6½ games. The Pirates were beaten by Cincinnati 8-4.

The brilliant southpaw now is one up on roommate Burdette, whose 14th triumph last Thursday was a no-hitter against the same pills.

### POWERFUL PAIR

Since July 4, Spahn has won nine of 11. He has relieved only twice. During the same span, Burdette has won six of nine decisions. He, too, has relieved only twice. Between them, Spahn and Burdette have won 29 of the Braves' 65 games.

Milwaukee kept 1½ games in front of St. Louis Cardinals who swept past Los Angeles into third place by defeating the Dodgers 2-0. Chicago Cubs and San Francisco Giants divided a pair, the Cubs winning the first game and the Giants the second by identical 5-3 scores.

In Saturday's games, Pittsburgh downed Cincinnati 10-7, Milwaukee edged Philadelphia 1-0, Los Angeles won over St. Louis 2-1 and Chicago defeated San Francisco 9-5.

Eddie Mathews and Johnny Logan backed up Spahn's fourth hit pitching with home runs. Mathews walloped his 28th in the sixth off lesser John Buzhardt. Logan came through with his fourth in the bottom of the seventh.

### FRIEND CLOBERBER

Three Cincinnati home runs—by Vada Pinson, Cliff Cook and

Wally Post—paved the way for the 10th loss for Pittsburgh's Bob Friend. The strong-armed right-hander was shelled out in the fifth when the Reds scored three runs to take a 6-1 lead. Dick Stuart crouched a pair of homers for the Pirates.

Bob Nieman and Ken Boyer drove in St. Louis' runs and Ernie Broglio and Lindy McDaniel collaborated to pitch a six-hit shutout against the Dodgers. Broglio won his 15th against six defeats. Nieman homered in the fourth and Boyer doubled home Julian Javier in the eighth. The loss was charged to Sandy Koufax.

Andre Rodgers' three-run homer in the sixth of the finale helped rookie Georges Miranda to his first major league victory as the Giants split with the Cubs. Ernie Banks' 35th homer for the Cubs was wasted.

Catcher Moe Thacker and second baseman Don Zimmer led the Cubs to their first-game victory. Thacker threw out three Giant would-be base stealers and singled in the tie-breaking run in the sixth. Zimmer stole home and drove in an insurance run. Glen Hobbie won his 12th for the Cubs.

## Britons Flock To Opening Soccer Games, As Season Gets Underway

LONDON (Reuters) — Britons flocked to stadiums Saturday for the big kickoff of the soccer season.

Ninety-two clubs opened the eight-month stand while eager gamblers hoped to parlay winnings into astronomical windfalls in the weekly soccer pools.

Individual honors in the opening day went to Crystal Palace centre-forward John Byrne, who kicked the new season's quickest goal when he scored against Accrington Stanley in the 40th second.

Byrne went on to hammer in three more goals to lead his team to a 9-2 win in the Fourth Division game. The contest produced the highest score of the opening day.

### SECONDS FASTER

Byrne's quick-scoring performance was 10 seconds faster than that of right-half Harry Poole, who led Port Vale into the lead against Walsall after 50 seconds. But it was Port Vale's only goal and the Third Division clash ended in a 1-1 draw.

The lineups produced many new names as the clubs experimented with young players.

But Burnley, the Lancashire team which won the coveted First Division title last year, relied on its crew of veterans who squeaked by with a 3-2 win over Arsenal.

## Stuart Mackenzie Is Withdrawn From Olympics

ROME (AP)—Stuart Mackenzie, the world's leading sculler and one of Australia's best hopes for an Olympic gold medal, today was withdrawn from the Games for medical reasons.

A special medical examination revealed that the strapping, 24-year-old Australian is suffering from anemia and other complications, said Syd Grande, general manager of the Australian Olympic team.

Mackenzie will stay in the Olympic village and will be the unofficial coach of the rowing team," Grande said. "We want to use his international experience. We feel very sorry for Stuart. He may never achieve his ambition to win the Olympic gold medal."

Mackenzie was second to Russia's Vyacheslav Ivanov in the 1956 Games in Australia. Since then he has become the world's foremost sculler. He has won the diamond sculls, the premier event in sculling, the last four years in a row.

Since the 1956 Olympics, Mackenzie has won 49 of 59 races. His one loss was to Ivanov, whom Mackenzie beat several other times. The Australian had an operation 18 months ago in Yugoslavia for ulcers. He suffered from hemorrhages about three weeks.

He will have to undergo an operation in London in several weeks.

## Canada's Miss Superfest Retains International Powerboat Crown

PICTON, Ont. (CP) — The Harmsworth trophy — highest prize in international powerboat racing—will remain in Canada for another year.

Canada's Miss Superfest III— which won the championship in Detroit last year — successfully defended it in record fashion on the Long Reach of the Bay of Quinte during the weekend.

She beat off a faltering challenge by three United States boats in two straight heats.

After the race, Mel Cook of New York, spokesman for the Harmsworth trustees of England, said the next Harmsworth will also be held on the Long Reach, described by the drivers as "a dream course."

The dream became a nightmare for U.S. power boating, which had ruled international competition for 39 years until Superfest took the trophy in Detroit last year.

In Friday's first heat the Wilmington, Del., boat Nitrogen, running with an off-size propeller, was nearly lapped by the Canadian challenger.

On Saturday, the main U.S. hope—Gale V, which came second Friday—found she couldn't start her big Allison engine and lay dead in the water while the race went on.

Misfortune hit the third U.S. boat also in all-or-nothing attempt to outrun Superfest or

blow up trying. Nitrogen Too, the last healthy American entry, blew her supercharger.

**BUILT TO WIN**  
Superfest III was built to win the Harmsworth. Jim Thompson 34-year-old London, Ont., oil company president, designed her as a boat to take the 45-mile grid at high speeds.

Driver Bob Hayward of Embro, Ont., who handled her in both Harmsworths — Superfest III has run in only those two events—has never had her wide open.

However, he opened her up wide enough Friday to raise the lap record—100.324 miles an hour on a three-mile Detroit course—to 121.82 miles an hour over the five-mile course here. Saturday he raised that mark to 128.22.

The 45-mile course record, also set in Detroit, he raised to 116.464 from 124.023.

All the records he broke this year he had set last year in the same boat.

Havans—Daby Linares, 159½, Cuba, outpointed Julio Carreram 159½, Cuba 10.

Hamilton, Bermuda — Wayne Bethea, 207, New York, knocked out Ike Thomas, 214, New York 5.  
Jackson — Tommy Hurricane Reno, Far Rockaway, N.Y., vs. Howard King, Reno, cancelled. Electricity failure.

## Orioles Can Thank Red Sox If They Win Pennant, "Country Cousins" For Them; Ted Williams Blasts No. 22

If Baltimore's Orioles should pull off the biggest upset of the 1960 baseball season and win the American League pennant, they can thank the Boston Red Sox.

Of the 18 games played between the two teams, the Orioles have won 14 and one of the reasons for the Orioles' superiority has been Ronnie Hansen.

The 22-year-old shortstop, who seems bent on capturing rookie-of-the-year honors, hit one of Baltimore's two home runs Sunday as the Orioles drubbed the Red Sox 10-4 to move into a second-place tie with Chicago, only a game and half behind the league-leading Yankees. The other Baltimore homer was a grand slammer by catcher Gus Triandos.

Hansen's batting average is a modest .268 but in 18 games against Boston pitching, he owns a .451 mark on 32 hits in 71 times at bat. Of his 71 runs batted in, 34 have come against the Red Sox.

In a doubleheader Saturday, Boston managed to edge the Orioles 3-6 in the opener but lost 6-0 in the second game.

Ted Williams blasted his 22nd and 23rd home runs of the season to almost single-handedly win the Saturday opener. Williams, who will be 42 Aug. 30, connected with two on base each time.

Detroit Tigers completed a three-game sweep over Cleveland Sunday with a pair of 6-4 wins that followed a 4-2 Saturday victory. Washington Senators lost 9-5 to New York Yankees Saturday but beat the Yankees 7-4 Sunday. Chicago blanked Kansas City 3-0 Saturday on Herb Score's two-hitter but lost to the Athletics 8-1 Sunday.

Steve Barber pitched his eighth victory for the Orioles Sunday. The rookie southpaw needed a neat relief job by Wes Stock to make his record 4-0 over the Red Sox. The two home runs gave the once weak-hitting Orioles 30 in their last 17 games.

Three Washington home runs ruined the Yankees. The most productive was the three-runner

by Harmon Killebrew, his 21st, but the key blow was Jim Lemon's 29th, with one on that snapped a 4-4 tie in the eighth. Bob Allison added his 13th.

Whitey Ford, who hurled back-to-back 1-0 shutouts in his last two starts for the Yankees, gave up a run in the third to end his scoreless string after 23 innings. He left with a 3-1 lead after the fifth, wilted by the heat. His successors couldn't cope with the Senators.

The victory boosted the Senators into fourth place, a game in front of the Indians.

Kansas City matched its biggest hit total of the season, rapping five Chicago pitchers for 17 hits to snap a 10-game losing streak. Winner Ray Herbert permitted only three hits and got three himself.

A Detroit crowd of 28,891, bringing home attendance to 1,026,193, saw the Tigers extend their winning streak to six. The double loss was the sixth straight doubleheader defeat for Cleveland.

Frank Bolling's two-run triple climaxed a four-run fifth that enabled the Tigers to overcome a 4-2 lead in the opener. He had six hits in the twin bill. Eddie Yost singled in two runs in the eighth of the nightcap to snap a 4-4 tie. Charley Maxwell drove in the first four Detroit runs with a single, double and home run, his 19th.

The Indians left nine runners on base in the last four innings of the nightcap.

## US Tennis Men Dominate Gordon Trophy Play

LAKE PLACID, N.Y. (AP)—

United States tennis players continued their domination of Gordon Trophy competition for seniors by whipping the Canadian team 11 matches to one Saturday.

It was the 12th annual Gordon tournament for men 45 and over, and the 12th straight victory for the U.S.

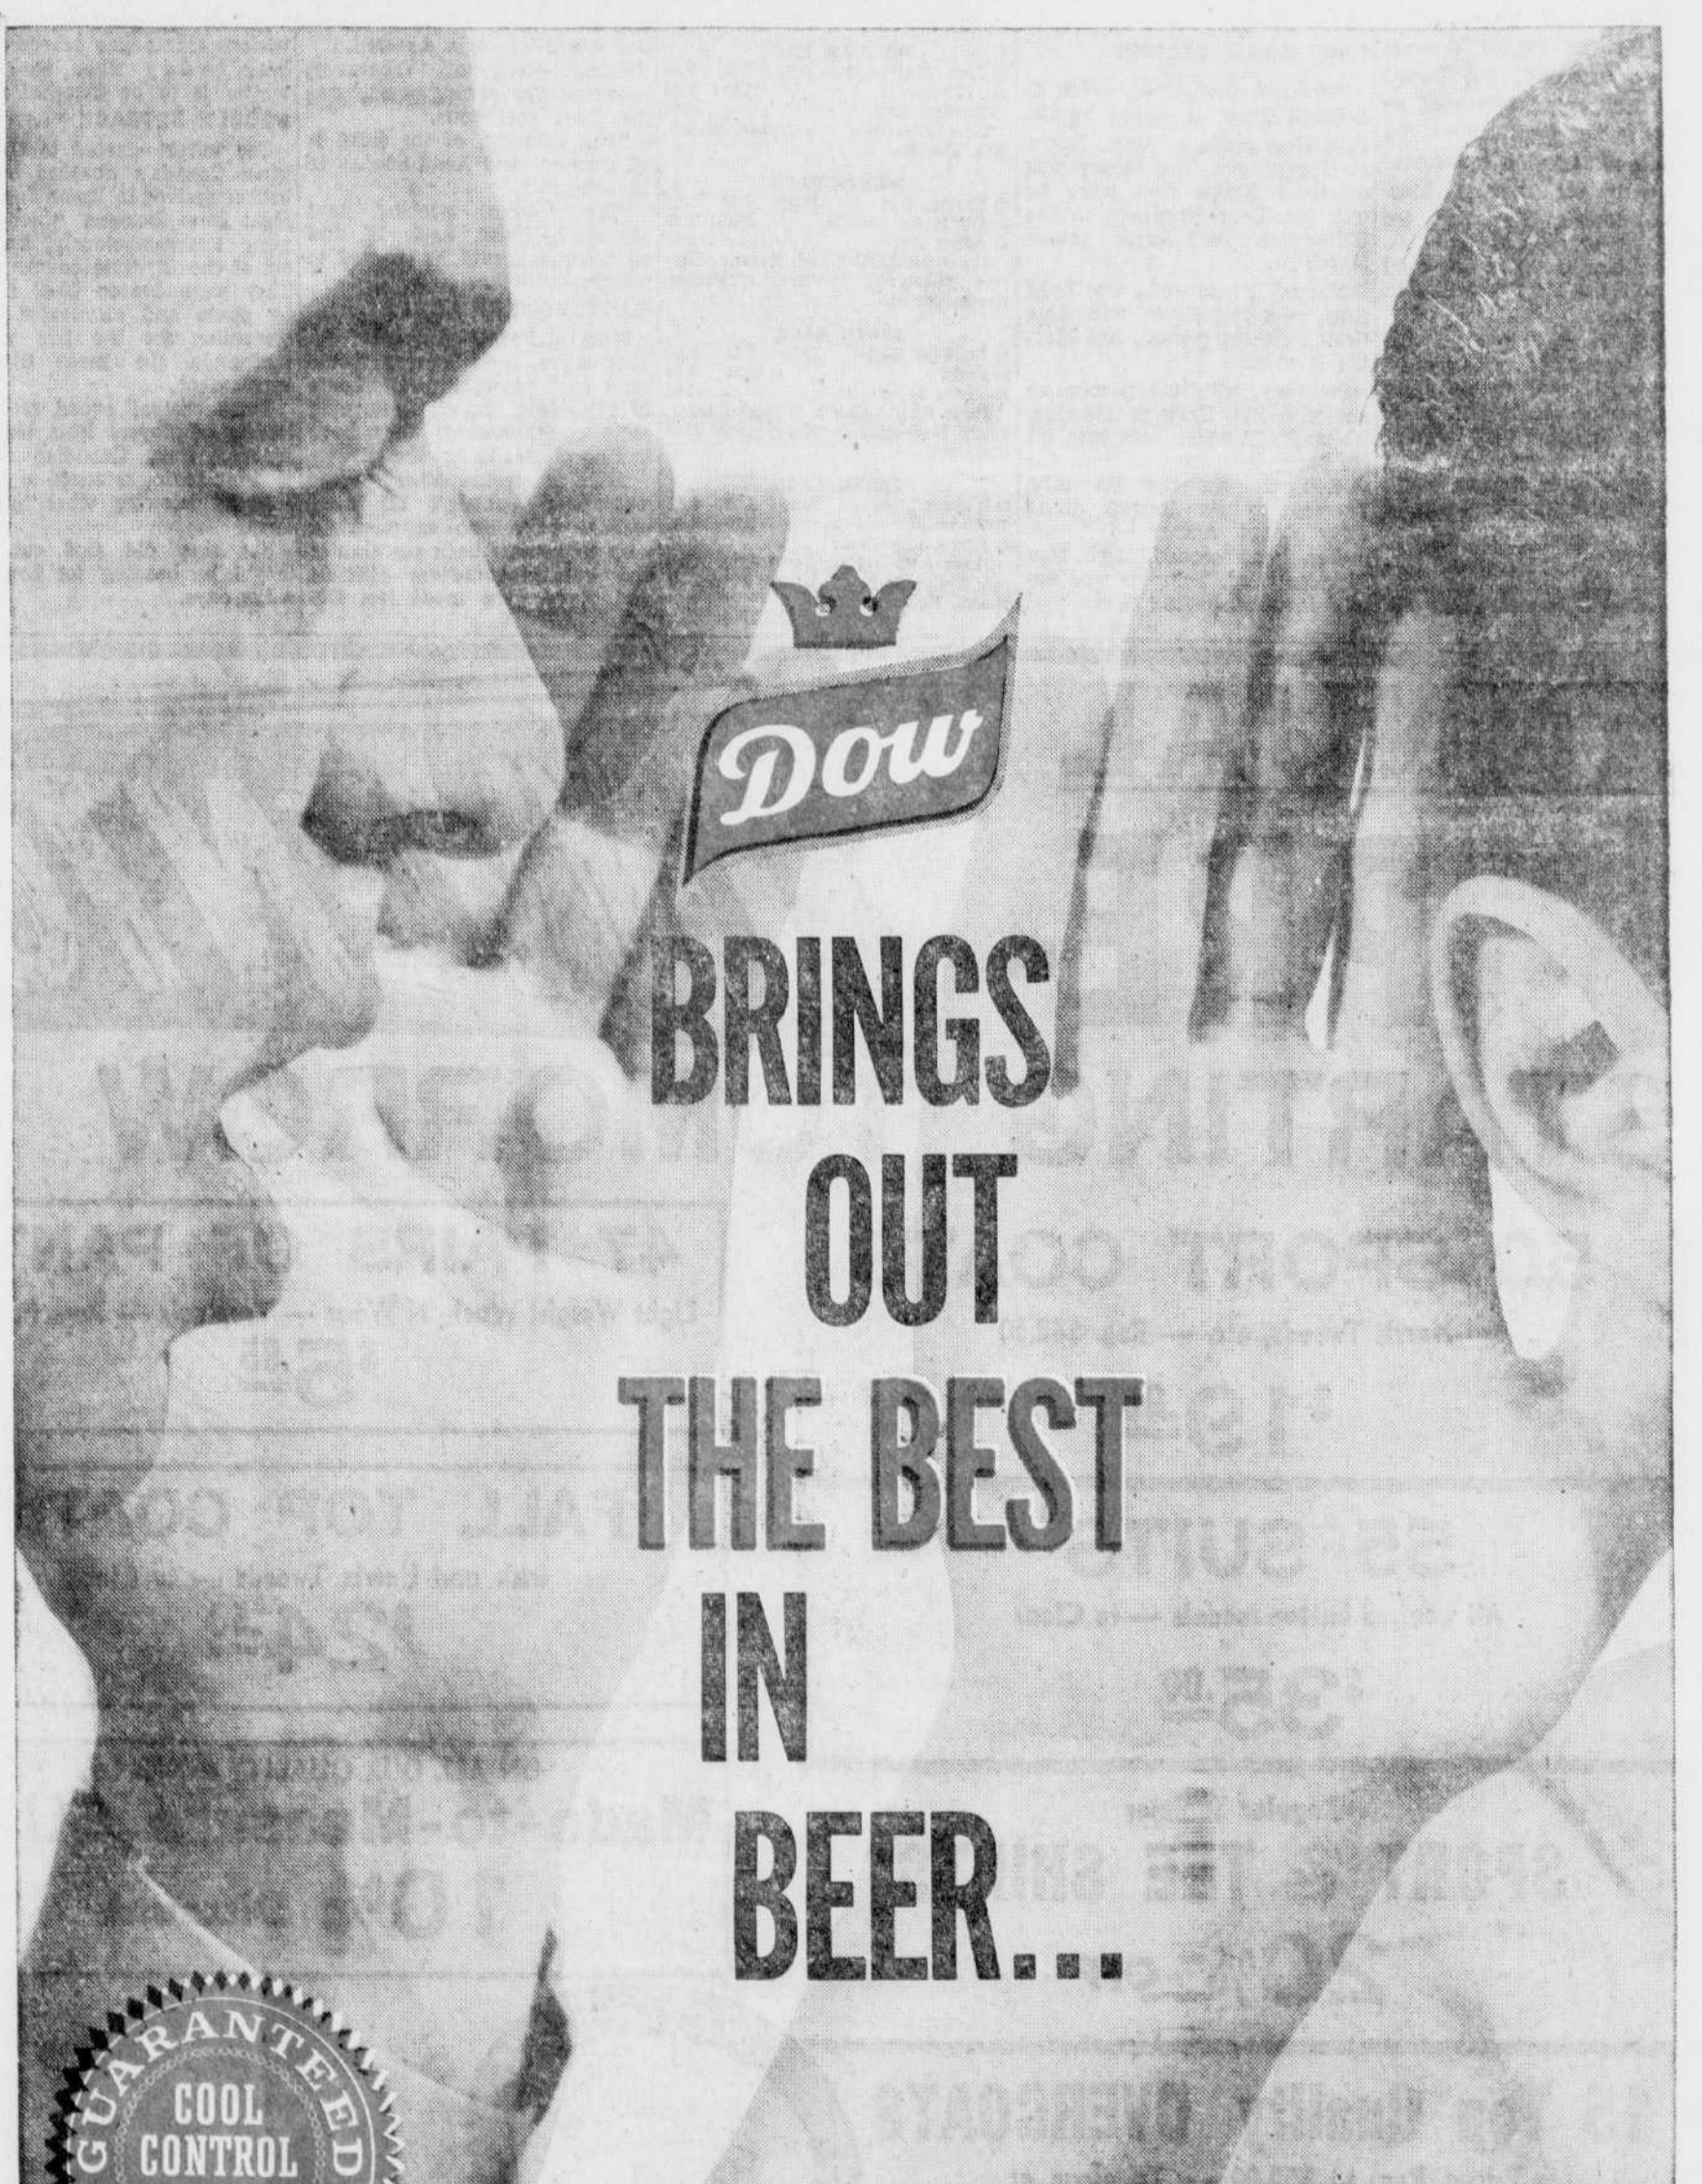

The only Canadian player to win was J. N. Cooke of Toronto, who defeated one-armed Dr. Milton T. Bush of Nashville, Tenn., 2-6, 7-5, 6-3.

Included among other singles' results was: Frank A. Thompson Jr. of St. Louis, Mo., defeated Donald Bauld of Halifax 6-3, 6-2.

Doubles results included: Thomas H. Bird of Atlanta, Ga., and Henry G. Crawford of College Park, Ga., defeated John Bassett and John L. Bonus of Toronto, 6-4, 6-2.

at Empire Stadium Saturday night with a 27-12 victory over the Roughriders.

Tonight they face Calgary Stampeders and will be without outside linebacker Bill Britton and possibly halfback Bob Jeter. Britton injured an ankle and will be replaced by Don Vassos. Jeter has an injured leg. He went on the trip but is on the doubtful list.
