PROVISIONAL ADMINISTRATION IN CONTROL OF CUBAN AFFAIRS TODAY

Army Top Sergeant Becomes Head of Cuban Military Forces—New Administration Opposes Any Connection with Communists—Lengthy Manifesto Outlines Junta Policy and Declares for Honoring of Foreign Debts—United States Marines Despatched.

Havana, September 6.—A junta of five men took charge today of the second revolution-born government Cuba has had in less than a month.

This "Executive Commission for Provisional Government," named after the rank and file of Cuban defence forces had driven out President de Cespedes and his cabinet, will rule until an actual revolutionary regime is established.

Its members decided to meet today to outline their policies, to seek the return of order and to demand recognition by other nations of the new administration.

An earlier manifesto announced the revolutionary junta, composed of enlisted soldiers and sailors and civilians of various factions, led by the students' organization, will fight "for revolutionary vindications" upon "pure principles of national sovereignty."

Thus, an army top sergeant, who is known as one of Cuba's best court stenographers, square-jawed, loud-voiced Fulgencio Batista, became commander of the army, and five civilians became the heads of the Government.

They are Jose Izarrarri, forty-year-old lawyer; Guillermo Portela, forty-eight, a professor of penal law in Havana university, who is the nominal president before the diplomatic corps; Ramon Grau San Martin, forty-five, professor of anatomy; Porfirio Franca, forty-five, a banker; and Sergio Calbo, thirty-nine-year-old editor who headed the unsuccessful Gibara revolt in 1931.

Soldiers patrolled the city under orders to maintain order at all costs. One private said the presence of the warship in the harbor induced the army, without commissioned officers since the coup, to "show its mettle."

Regarding the coup, Batista, one of the leaders, said:

"The steps taken were the result of plans of civilian leaders and every one of us expects to return to his place in the ranks as soon as circumstances permit our replacement by officers of the army who have not stained their uniforms by unworthy acts against the people of Cuba."

He added that there were no Communist tendencies in the armed forces and that such will not be tolerated.

Meanwhile, a split was expected by some in the ranks of the A. B. C. secret society, opponent of Machado and supporter, for the most part, of de Cespedes. Younger members of the group joined the new revolutionary movement, and junta members criticized what they called a Fascist trend in the A. B. C.

Sergeant Angel Hernandez became provisional chief of staff of the navy. He said the presence of the American destroyer did not mean intervention.

At the presidential palace it was said Dr. de Cespedes did not know of the coup until his return from the interior.

During the night members of the Havana University faculty, labor leaders, Nationalist party chieftains, and others called at the palace to pay their respects to the new regime. At a meeting early today the junta approved a resolution distributing administrative departments thus: Portfolios of State and Justice, Portela; Interior, Communications, War and Navy, Calbo; Treasury, Franca; Education and Sanitation, Grau; San Martin; Public Works, Agriculture and Commerce, Izarrarri.

Under-secretaries, the commissioners said, will remain in charge of their respective departments.

ADMINISTRATION POLICY OUTLINED IN MANIFESTO

Havana, Sept. 6.—The revolutionary junta which has taken control of the Cuban government issued a proclamation explaining its aims to the people. The text follows:

"First: That it has organized itself in order to impel integrally the revolutionary vindications for which the great majority of the Cuban people is fighting and will continue to fight, within the lines of modern democracy, and upon pure principles of national sovereignty.

"Second: These vindications succinctly stated are as follows:

"1.—Economic reconstruction of the nation and political organization as determined by a forthcoming constituent assembly.

"2.—Immediate trial for the delinquents of the previous situation, not only the civilians but also those of the army, without which it is impossible to re-establish true order and authentic justice, safeguarding life and the property of nationals and foreigners.

"3.—Strict respect for the debts and agreements contracted by the Republic.

"4.—Immediate formation of tribunals adequate to safeguard the aforementioned responsibilities.

"5.—Reorganization as soon as possible of all the services and activities of the nation, looking toward a rapid return to normality.

"6.—To take, in effect, all the measures not foreseen as yet in this document, in order to initiate the movement toward the creation of a new Cuba, founded upon the firm bases of law and of the most modern concept to democracy."

"Third: 'Taking into account that the present government does not respond to the urgent demand of the triumphant revolution, notwithstanding the good faith and the patriotism of those who make it up, the revolutionary junta, looking toward the revolutionary future of Cuba, takes over the reins of power as a provisional revolutionary government, which will try to take good care of the sacred trust which is Continued on page 2

RUSSIAN LUMBER IMPORTS ARE TO BE INVESTIGATED

Representations Made by Premier Bennett Brings Forth Prompt Action by British Government.

London, Sept. 6.—The Daily Mail said today representations by Prime Minister R. B. Bennett of Canada had resulted in decision of the British Government to conduct an inquiry into imports of Russian timber to the United Kingdom.

The newspaper said it understood Premier Bennett, during discussions with officials of the Board of Trade, had demanded drastic curtailment of supplies of Russian timber, urging imports of Soviet wood should be limited to half their present volume.

HER MAJESTY ACTS AS SALESLADY

Ballater, Aberdeen, Scotland, Sept. 6.—Queen Mary acted as a saleswoman at a bazaar at Aberolde Castle last night and sold off her goods with in an hour and a half.

Her receipts were about £150 sterling, approximately \$675, and will be turned over to Craighie Church, where the royal family worships while visiting Balmoral.

SANDWICH HAD UNUSUAL FILLING

Chicago, Sept. 6.—Mrs. Alice McBride died after eating a sandwich she prepared and in which she accidentally put bits of glass from a broken jar.

IMPORTANT CHANGES IN GERMAN BANKING SYSTEM FORESHADOWED

State Control in One Form or Another Envisioned in Statement by President of Reichsbank—Claim Banks Should Operate Under State Authority for Common Benefit and Not for Private Good.

Berlin, Sept. 6.—Important modifications of the German banking system, pointing toward state control in one form or another, were foreshadowed today by Dr. Hjalmar Schacht, president of the Reichsbank.

Privately, at a meeting of a committee investigating banking methods, Dr. Schacht said one of the main questions would be whether the whole loan and credit system should be withdrawn from private hands and placed under state control.

Private banking could not be wholly eliminated, he continued, but a sharp dividing line would be drawn between the functions of the private and the state system.

Voicing Chancellor Hitler's personal views, Wilhelm Keppler, Nazi Government expert, said the Chancellor aimed at decentralization, the elimination of unwieldy concerns and the creation of institutions for which one man could take responsibility.

Banks should operate under state authority for the common benefit and not for private benefit, Herr Keppler declared.

Karl Friedrich, director of the Reichsbank, announced that experts would submit proposals next month and the whole plan would be worked out by the end of the year. The committee met at the Reichsbank.

LIBERAL SUMMER SCHOOL ENJOYING BRIEF RESPIRE

Lecture on Future Economic System of Canada to Be "Feature" Attraction of Today's Proceedings.

Port Hope, Ont., Sept. 6.—After two heavy days of lectures and round-table conferences the Liberal Summer Conference here enjoyed a brief respite today as it continued studies with only one lecture on its programme. The lecture, on the future economic system of Canada, will be delivered by Francis Hankin of Montreal. Three round table groups will continue discussion of transportation problems, electoral reform and the budget.

Last night conferees heard John W. Daffoe, editor of the Winnipeg Free Press, discuss the economic depression and political realignment. Mr. Daffoe called on Liberalism of the present day to seize the opportunity afforded by conditions to direct Canada along the path of true progress in conformity with democratic ideals.

Dr. Hu Shih, Professor of Philosophy of Kwang Hua University, Shanghai, outlined to the conference the struggles of Liberal thought in China against the forces of reaction on the one hand and radicalism on the other.

Economic and constitutional problems were discussed at several round-table conferences.

FINALLY REACHES DESTINATION

Monticello, N.Y., Sept. 6.—Well preserved and in its original wrapper, a New Zealand newspaper mailed fifty-two years ago has just arrived at the post office at White Lake, near here.

The paper, bearing the date of July 3rd, 1881, was mailed by Frank Huff to his mother, Mrs. Sarah B. Kirk, both now dead.

Where the paper has been since it was mailed and started on its journey is not known.

SCENES OF DEVASTATION LEFT IN PATH OF SOUTH TEXAS HURRICANE

Death Toll Mounts to Thirty-Two as Communications Are Restored—Fifteen Hundred Injured and Property Damage Estimated at Twelve Million Dollars—Eighty Per Cent. of Citrus Crop Destroyed—Appeals for Help and Martial Law Reach Government.

Edinburg, Tex., Sept. 6.—Thirty-two dead, approximately 1,500 injured and damage estimated at millions of dollars was the known toll exacted by the great tropical hurricane which devastated the beautiful and prosperous lower Rio Grande Valley of Texas and Mexico on Monday night and Tuesday.

Crashing in from the Gulf of Mexico at midnight, the mighty storm spread death and desolation over one of the richest agricultural areas in the United States, and only the fact warnings had been broadcast a week in advance prevented much larger loss of life.

Despite the warnings, however, the hurricane caught many people unable to withstand its tremendous force, and fears were expressed the death toll would grow as crippled communications made it impossible to gather the complete story of the catastrophe.

There were twenty known dead in Brownsville and vicinity, ten in Harlingen and two in Rio Hondo. Six of the dead in the Brownsville area were accounted for in Matamoros, Tamaulipas, Mexico, just across the Rio Grande from Brownsville.

Whether the storm snatched additional lives from the many small towns and villages and agricultural sections, as it raked a path of terror from the mouth of the Great River toward the west, having into Mexico, was not known immediately.

Calls for relief and even for institution of martial law, threat of by the temporary destruction of power plants and food reserves and were rushed into the storm country.

At least five relief trains hastily were equipped to battle disease and avarice and hunger, threatened by the temporary destruction of power plants and food reserves and were rushed into the storm country.

INHABITANTS TURN TODAY TO WORK OF REBUILDING

Edinburg, Tex., Sept. 6.—A scene of devastation, littered with debris of hurricane-ravaged towns, citrus groves and cotton fields spread for miles over the lower Rio Grande Valley today as residents of the stricken area began the vast work of restoration.

The work of disaster in the history of the fertile valley left highway traffic and communications disrupted making it extremely difficult to determine the extent of casualties and losses. Relief agencies were badly handicapped in caring for the homeless and needy. An incomplete check showed thirty-two dead and more than 1,500 injured.

Many highways, inundated by pouring rains which accompanied the

IMPORTANCE OF FRANCE'S NAVY STRONGLY STRESSED

Premier Daladier Describes Georges Leygues as Founder of Modern French Navy.

Paris, Sept. 6.—The importance of the French navy for prestige and defence was stressed today by Premier Edouard Daladier in a funeral oration for Georges Leygues whom he described as the founder of the modern French navy.

Leygues, former premier and foreign minister and minister of marine in the Daladier Government, died Saturday after an illness of several weeks at the age of seventy-four. He had been a member of parliament since 1885 and was known as "the grand old man" of the government.

FILLS PRESIDENT'S SHOES

Cumberland, Md., Sept. 6.—Corporal John L. Sullivan, a Great War veteran and holder of the distinguished service cross, can boast he is filling the United States President's shoes.

As a member of the bonus army last summer, he talked to President Roosevelt. His shoes were in bad shape, he said, and the president offered him a pair. Sullivan accepted. The shoes proved to be perfect fits.

FLORIDA RUSHES AID TO STRICKEN COMMUNITIES

Jacksonville, Fla., Sept. 6.—Relief workers in Florida today moved to care for one thousand families made homeless or left in need by the tropical hurricane which swept parts of the east coast and interior the first two days of the week.

Henry M. Baker, assistant national director of the Red Cross, appealed to Governor Dave Sholtz to issue a proclamation calling for contribution to the Red Cross and the organization began using funds already on hand for relief work.

Meanwhile Harry Hopkins, federal relief administrator, directed Marcus Fagg, state relief director, to use funds allotted to Florida in clearing up the debris-strewn storm area.

Estimates of the damage continued to climb as the full story of the storm became known and the cost was believed to be far above \$1,000,000.

Practically all of the towns between Lake Worth and Vero Beach were damaged heavily.

ATHLETES DROWNED WHEN TYPHOON CAPSIZED BOAT

Tokyo, Sept. 6.—The death toll of a recent typhoon in southern Korea and western Japan mounted today to forty-nine, of whom twenty-one were young athletes, en route to a track meet, who drowned when the motor boat in which they were crossing Lake Hachiro near Akita capsized in the high wind.

Landslides in southern Korea resulted in eleven deaths. Fourteen were killed in Seoul, capital of Korea.

OLD-AGE PENSION PROCLAIMED BY NEW GOVERNMENT IN NOVA SCOTIA

Abolition of Three Government Positions Determined Upon and Cabinet Committee Takes Up Task of Finding Ways to Effect Further "Radical" Reductions in Government Expense—Premier Does Not Contemplate Special Session of Provincial Legislature Before Regular Time.

Halifax, Sept. 6.—Initial action in the "new deal" for Nova Scotia had been taken today. The Nova Scotia Old-Age Pensions Act had been proclaimed; abolition of three government positions had been determined upon, and a cabinet committee was taking up the task of searching through the services for ways to effect further "radical" reductions in government expense.

Yesterday's first meeting of the new government, a few hours after its inauguration, witnessed these opening moves of Premier Angus L. Macdonald's administration. The forty-three-year-old Premier was sworn in at noon to succeed Hon. G. S. Harrington, whose Conservative Government went down to defeat before the Liberal Opposition on August 22nd.

The cabinet session followed swiftly after the swearing-in ceremony. First of the measures to be dealt with was that of old-age pensions, immediate payment of which had been a pre-election pledge of the Liberal party. An order-in-council called for immediate proclamation of the act, on the statute books since 1931, but never proclaimed.

Premier Macdonald announced "last night" his government would enter into negotiations with the Federal Government looking towards payment of old-age pensions "at as early a date as possible."

His announcement detailed also the Government's first economic measure. The deputy ministerial posts in the Departments of Health and Agriculture were to be abolished. And it had been decided to reduce the number of liquor commissioners from two to one, the commissioner to receive a salary of Continued on Page 2.

FOURTEEN DEAD AND TWENTY-FIVE INJURED AS TWO TRAINS COLLIDE

Milk Train Travelling at High Speed Plowed into Chicago to New York Flier of Erie Railroad at Eastern Outskirts of Binghamton, N.Y.—Many of Injured Expected to Die.

Binghamton, N.Y., Sept. 6.—Fourteen persons were killed and twenty-five others injured, some of them so seriously they are expected to die, as a milk train travelling at a high speed plowed into a Chicago to New York flier of the Erie Railroad at the city's eastern outskirts last night. The flier, en route to New York, had been stopped by a switch engine at work ahead.

All of the dead were taken from a western coach, and telescoped between cars of steel and telescoped like an accordion in the hands of an enraged giant.

Every hospital in Binghamton, Johnson City and Endicott sent ambulances to the scene. Motorists, travelling on a state highway that skirts the tracks where they follow the Susquehanna River, converted their machines into ambulances, carrying injured to operating rooms.

M. H. King, of Elmira, engineer of the milk train, running between Hornell and Binghamton, said: "I didn't see the signal light in time to stop. It happened too quickly. We were coming around a curve."

At the end of the flier was a steel car with another next, and the wooden coach of the type known to railroaders as "an old 1087." The one from which the dead were taken, third. Ahead of that were other coaches, including the diner. People in the diner were hurled from their seats in a shower of broken dishes.

Impact of the collision split the wooden car like kindling wood. State, county, city and Erie officials immediately opened an investigation to determine:

Whether a signal light had been set against the milk train, and if so, why the engine crew of that train did not see it in time.

Whether the brakeman of the passenger car had proceeded down the track to the rear of the standing flier.

Whether the milk train crew had received any previous notice of the halting of the passenger.

The dead were: Harry Lannon, 38; Donald Burns; Vacarro, a woman passenger; Harry Westfall, 44; Eli Stanaken; M. C. McMillon; Mrs. T. M. Keane; Mrs. Mary Bouille; Mrs. Frank Comfort and Mrs. Arthur Teskey, all of Susquehanna, and R. Vavroski, of Brooklyn.

DIZZINESS BLAMED FOR SITUATION

Beloit, Wis., Sept. 6.—Gus Anderson, thirty years of age, of Rockton, told the court it was dizziness that caused him to drive his car that way—he accidentally swallowed his snuff while drinking beer. The combination made him dizzy, he testified.

"Ninety days," said the judge.

THE WEATHER

MOSTLY CLOUDY, WITH SHOWERS.

Pressure is low over the Upper Lakes and high over the middle Atlantic States and a tropical disturbance of diminishing intensity is centred in Georgia. Thunder showers have occurred in Georgian Bay and Lake Superior regions, but elsewhere in Eastern Canada the weather has been fair. High pressure and cooler weather covers the Canadian West and light showers have occurred in some districts of Alberta and Saskatchewan.

Forecast: Mostly cloudy today and Thursday with showers or thunderstorms.

Temperature yesterday: Maximum 74, minimum 44. Same day last year: Maximum 80, minimum 52.

MARKED PROGRESS MADE IN MOVE TO BALANCE SUPPLY AND DEMAND

Agricultural Experts Rushing Agreements for Marketing of Perishable Fruits Under Farm Adjustment Act—Thousands of Acres of Cotton Have Been Ploughed Under—Henry Ford Still Offers Violent Defiance to Demands to Come Under Blue Eagle.

New York, September 6.—While the Blue Eagle of the National Recovery Administration spreads its wings over the just and the unjust industrialists of the United States, and the campaign for rehabilitating industry enters a critical phase, the Roosevelt "experiment" for restoring a degree of prosperity is pushed along another front—Agriculture.

The first six months of operations of the Department of Agriculture under the Farm Adjustment Act, have been concluded. Many acres of cotton have been ploughed under, as officials hope many acres of wheat may be; hundreds of thousands of pigs and sows are being pushed on the market to be sold at Government premium.

Those wheat growers who reduce their acreage fifteen per cent. stand to get about \$120,000,000.

The basic plan of the Secretary so far is to adjust production to demand, balance the market until prices for farm products are increased to a definite level. To this end experts are pushing schemes to make marketing arrangements for perishable fruits and vegetables, beans, potatoes, poultry, eggs and nuts.

A few days ago Secretary Wallace signed an agreement for the marketing of plums, peaches, pears, apricots and persimmons. By its terms machinery is set up for controlling the amount of production to be placed on the market. Other agreements covering citrus fruits and apples are being drawn up.

Market agreements have been used to fix milk prices for Chicago, Detroit, Philadelphia, Minneapolis and St. Paul. A blanket agreement for the entire milk industry is contemplated.

All these arrangements have to be paid for and it is clear the public will pay. Supporters of the programme feel, however, restoration of farm purchasing power will be more important than the hole knocked in the public's purse.

As a result of a combination of the governmental plans, hoped-for business recovery and the weather, prophets give the farmer this year about \$2,000,000,000 more than his low income of \$5,000,000 during 1932.

FORD SILENCE MYSTIFIES RECOVERY ADMINISTRATION

New York, Sept. 6.—Remaining his distance from the automobile code and saying not a word as to his intentions, Henry Ford stood today as the first major industrialist to challenge the all-embracing procedure of the National Recovery Act.

Silent in his silence an unspoken invitation to the United States Government to "start something," but President Roosevelt apparently had chosen to use quiet pressure, for the time being at least.

General Hugh Johnson, forceful chief administrator of the N. R. A., said "the next move is up to Mr. Ford."

Adding that no coercion was contemplated—meaning the "big stick" the act provides would not be used presently—General Johnson suggested an unfavorable public opinion would greet persistent opposition by the Detroit motor magnate to the wage and working hours programme.

Detroit heard Ford had already decided on an upward revision of wages in his plants. That would be in line with his earlier prediction that he would go the N.R.A. one better.

Back in Washington, looking refreshed from a brief holiday, Mr. Roosevelt sent an appeal to the Chicago convention of the American Association for the Liberalization of credit to industry seeking expansion.

"Only if this is done can employers do their full part in the great recovery drive now underway," the President said.

Youth-time greatness is no exception—it has never been. More and more, the world is coming to recognize the power and grandeur of her young manhood. Manhood, in the vigorous prime of life, has always been in the forefront. The world is young, and always will be.

WHO WILL SHARE THE RESPONSIBILITY?

The Prime Minister of Canada has been accorded much kudos for his rescue of the Imperial Economic Conference from utter failure. It was President Roosevelt who threw the monkey wrench into the works, and he in turn seems to lay the blame on the "brain trust," a learned but impractical and inexperienced body of men. One of these, Professor Moley, has been dismissed to private life, even though Secretary of State Hull was the head of the United States delegates. History comes through well-balanced retrospect, and historians will lay the real blame where it belongs. The halo around the brow of the President is presently too angelic for anyone to suggest that he share the blame. He should not have gone fishing on the eve of such an important gathering; nor should he have put too much trust in high-browed theorists, who were without actual experience in finance, business or diplomacy.

Where the United States should have reigned at the Conference their delegates threw cold water on the gathering. The volatile and quick-acting French President was not slow in declaring himself when he went back to France as soon as he heard the ineffective spokesmen for the United States.

The basis of any international conference on finances was the adjustment of the war debts. These the Middle American delegates declined to discuss.

THEY WILL ACT ALIKE WHEN THEY ARE THINKING TOGETHER.

"Going to the Fair!" At four of these annual reunions of friends and neighbours we have gone to listen and to learn, to enjoy real life by meeting many old friends and appreciative subscribers.

First at Cookshire, then to Ayer's Cliff, to Sherbrooke, and to Bromes—regrettably missing Waterloo on account of exaggerated reports on the state of the highway under construction.

Impressive, indeed, has been the erudition of our farm friends on public affairs, and not one has been partisan in expression.

We have had a truly delightful fortnight in meeting face to face so many old friends, who have so closely followed our efforts to impress all governments in Canada with the need for treating public money as they would their own—in counting each dollar spent as though it were being extracted out of their own pockets.

We have again and again stated these past years that in legislative matters, in government undertakings, the farmer and the producers were not given understanding consideration; that in many cases farm interests were ignored.

Politicians in the mass are inclined to overlook the farmer when they gather in legislative halls, for they seem to think that farmers will seldom act together. That may be so. Even some farmers will give voice to this heresy.

But a fortnight's experience has taught us that farmers are thinking together, and thinking alike. Under proper leadership they are inclined to act together. Yet that is not so important a measure of their influence when they are thinking together.

Accompanying the Editor in the way in which a writer can avoid being a recluse or an hermit in thought, we have had as travelling company on the visits to the Fairs, a minister, a farmer, a professional man and a politician—for they, too, can learn only through close association by and with candid and outspoken friends.

Public men must learn new lessons if they would keep pace the opinions of the rural people who are both students and thinkers. Their oldtime methods of political wooing are passe. There must be logic and detail and deep understanding in the mental pabulum offered by the modern speaker. The spellbinder and the sing-song recital of ancient expressions about the "backbone of the country," will no longer give even a semblance of the magic touch.

Interest in public affairs and resentment at the huge losses and the mad ventures of public bodies combine to make future elections in all governments a penitential bench for any candidate who seeks "vote and influence" from the soft-spoken thinking men, who are all armed with the knowledge of folly and of facts.

Palliatives and promises will no longer satisfy our countrymen. They know too much. They want cures. They demand reduction in taxation, abolition of all things which represent a yearly loss to the people, and a return to that individuality which

alone can build up towns, villages and province. The voice of the shrieker for this and that new expenditure must be stilled.

We but advertise that which we have learned by "going to the country," where all governments must go if they would become wise. Before they go we shall have made our readers know even more than they do now of the many costly things done with a wrong political slant, such things as we can very well do without. Many of these things, advertised as having been done in the interests of the farmers, are but strangling them.

Instance one small thing: egg grading. Was there ever a conception which permits of so much curdling deceit and scrambling of the egg trade by the traders? Stories of this may yet be told in Parliament. There will be chickens come home to roost. And all the army of inspectors, graders, meddlers and muddlers who are trying to do this and that will find that there is a broader meaning than free trade. That is freedom of trade.

Yes, the farmers are thinking together. They will act together, not as a political party. We can hope not. Yet, as electors of men whom they know to be tried and true.

Nomination gatherings will be to farmers as important as the elections. They will there both think and act together.

YET THOSE WHO LOSE WILL LIVE TO WIN.

The election results in Nova Scotia were followed by a quick change in the provincial Cabinet, the Macdonald administration assuming executive power this week. Instead of relying upon a record of economy both leaders made money-spending promises, and the electors chose the unknown new government "who might not," as against the holding party who "surely would" follow up promises of new expenditures in further socialistic and paternalistic ventures, which would further tax the workers.

Statistical figures prove that out of every nine men there are producers, and the other six rely for a living on the crumbs that fall from the table of those who create things.

Of this it has been proven by actual figures that one man in every seven is employed by some governing body which has become chiefly a tax-collecting or fee-extorting body.

Canada sorely needs a comptroller who can reorganize our whole expensive system of government, so that we may gradually rid ourselves of all the barnacles of state.

Yet such a man would surely be the most unpopular citizen in the eyes of the general public, for he would be barked at and bitten by over a million men who are neither producers nor creators of value.

Just see what a noise some 200,000 feeders at the railway trough can make when they are obsessed by the fear of losing their main source of income.

EDITOR'S NOTE BOOK.

Hon. Arthur Henderson, one-time Labour Secretary of State for Foreign Affairs in the first MacDonald administration, has regained a seat in the British House. The honorable Arthur has proven yet once again that he who can still hold a place in the public eye has a chance to come back. He lost his seat, but he still held on to appointments on the League of Nations, and to other bodies where he could make a "stir" and still remain a national figure. "Uncle Arthur," in the aftermath of his triumph, may displace the present leader of the Labour party, and thus regain, through printer's ink, a questionable prominence in the public affairs of the nation.

Many a political speaker, who thinks he is an orator, is one of those mere crooners who make the nights hideous.

THIRTY YEARS AGO TODAY

From the Files of the Sherbrooke Record.
September 6th, 1903.

Formal opening of the cells in the East Angus police station was celebrated by five citizens attacking two special officers, being registered as the first guests of the establishment. The cost of room and board was ten dollars each.

Peter Mance, an Assot resident, was held up and robbed of his horse at King and St. Henri streets. Local police investigating found the animal in the possession of the thieves.

The first men were put to work on the construction of the Quebec Bridge, a project which claimed scores of lives, took years to complete, and cost many millions of dollars beyond the estimates.

The textile trade showed much interest in a British invention for the manufacture of artificial silk from wood pulp. This was the first indication of a great industry.

Far-seeing Americans, fearing the success of Chamberlain's Imperial Preference proposals, urged that negotiations be opened to include the United States in any treaty.

Phillips Thompson, a Toronto writer, attacks the proposal to bring British immigrants to Canada as a capitalist scheme to crush out trades unionism.

Canadian government awarded a contract for the construction of a \$250,000 building at the St. Louis World's Fair. It cost twice that.

Rush of continental countries for British gold and currency caused an increase in the Bank of England discount rate from 3 to 4 per cent.

Canadian writers for British papers expressed the fear that Canada as usual would get the short end of the Alaska boundary deal. Their fears were justified.

East Angus mills of the Royal Paper Company were closed on account of low water in the St. Francis river.

Geographers were surprised when railway engineers discovered a new pass through the Rocky Mountains in Southern British Columbia.

D. P. McHarg and G. A. Trenholme led the regular shoot of the Cootecook Rifle Association. J. N. Cushing came first in the tyro event.

Sergt. A. G. Gardner, of the 53rd Regiment, was awarded a place on the Canadian team to Bisley.

Massawippi school re-opened with Miss Jessie Davidson, of Libby Town, as teacher.

POLICE RECOVER STOLEN CAR
 In a field past the Stoke road, near "La Cote des Quarante," police authorities found the car belonging to John Peters, of the Dominion Textile Plant, Magog, that had been stolen on the Fair grounds last week. The vehicle was recovered yesterday afternoon.

Archdeacon Overing was in the field and there abandoned. It was not damaged. And the gasoline tank contained sufficient fuel to permit police to drive the motor to No. 1 Police Station on Marquette street, where it was claimed by Peters.

DEATH OF REV. R. Y. OVERING, FORMERLY OF STANBRIDGE EAST

The death occurred yesterday morning at his summer home at Lakefield, Que., of Archdeacon Robert Young Overing, who shortly after his appointment to the ministry occupied the charge at Stanbridge East. Archdeacon Overing leaves a sister in Mrs. Mary Greenlay, to mourn his sudden death. He also leaves another sister and three brothers.

Archdeacon Overing was born in Montreal in February, 1872, the son of Thomas Overing and Charlotte Kerr. He was educated there and was a graduate of the Montreal Diocesan Theological College. He was ordained by Archdeacon Bond in 1898 and held a charge at Valleyfield. Subsequently he was appointed rector of Buckingham and followed with a period of service at Stanbridge East. Then he went to St. Mary's Church, Hochelaga and for fifteen years was rector of that

parish. He was appointed Canon in 1922 and was made Archdeacon of Clarendon and St. Andrew's in 1928, when he was appointed secretary of the synod of the diocese of Montreal.

WOMEN'S GUILD RESUMES ACTIVITIES

The Women's Guild, of the Church of the Advent, met yesterday afternoon in the church hall to make plans for the coming season's work. The president, Mrs. J. H. Bryant, occupied the chair, and there was a large attendance of members who enthusiastically undertook to work harder than ever in order to maintain certain obligations which they have undertaken in connection with the upkeep of the church.

Plans for a tea and annual harvest home supper were put under way, and the treasurer gratefully acknowledged talent money, sent in by members who had pledged a certain sum for the month of July.

Y'S MEN'S CLUB CONCLUDE AT NORTH HATLEY FINE SUCCESS
 The annual meeting of the International Association of Y's Men's Clubs in the western district of Eastern Canada, held at North Hatley, was featured by the attendance of two international officers, various official delegates and other representatives of all clubs. A programme of unusual interest contributed towards making the convocation an unqualified success.

Leadership was given by International Vice-president, Earle W. Lyman, Montreal; International Secretary-treasurer, Henry D. Grimes, Lawrence, Mass., and District Governor R. Campbell Amarion, Quebec City, assisted by Lieutenant Governors Stephen R. Saxby, Montreal, and Hubert L. Barnwall, Verdun.

LAST CONCERT BY HARMONY

KING GEORGE FIFTH CHAPTER

J. O. D. E. HELD MEETING
 Members of the executive of the King George Fifth Chapter of the Imperial Order of the Daughters of the Empire, met yesterday afternoon under the presidency of Mrs. W. E. Loomis, at the "Howard Residence," Y. W. C. A. Following the regular business routine plans were made for the chapter of the order for the benefit of Labrador handicrafts. Miss J. Bulmer and Miss Edith Martens will act as hostesses at the Assembly Hall and Miss Van Vleet, Miss Bulmer and Mrs. W. S. Allen will be in charge of the box which will be sent to headquarters to be forwarded to the rug makers in far off Labrador. A sum of money was voted to be sent to Miss L. Nourse at the Central School, to purchase books for children, who are unable to procure them, the said books to become the property of the school at the expiration of the year in order that they may be passed on to other pupils who may require them.

FARMERS' PICNIC AT DANVILLE

The weather man failed to smile upon the initial effort of the members of the Danville Section of the United Farmers of Canada, Quebec branch, to hold a basket picnic. Far from being discouraged the committee are going ahead with plans to hold the picnic on the Saturday, September 9th, when it is hoped to have the largest gathering of this kind in the history of Danville.

A splendid assortment of prizes, donated by the merchants of Asbestos and Danville, will be up for competition in the sporting section of the programme. Even the grandfathers will have an opportunity to show their prowess. "Chum" Ross and his strong men of Sherbrooke as well as teams from other centres are expected to be present to take part in the tug-of-war.

Short speeches on timely farm topics will be a feature of the day's proceedings which will close with a dance in the town hall in the evening. An invitation is extended to all farmers and their families from the Eastern Townships to attend and this welcome especially to members of other sections of the United Farmers.

Wheeler's Grove, at Danville, will be alive with interest on Saturday, all day.

AN UNUSUAL REQUEST

Real Turcotte, of Wotton, faced Judge J. H. Lemay in the Magistrate's Court this morning on a charge of selling liquor illegally. "Guilty," he confessed.

The judge said: "One month in jail and costs or three additional months."

Turcotte squinted around the court room and asked: "Will the time since my arrest count, Your Honor?"

The judge was busy with pen and paper and he nodded.

Turcotte murmured a grateful "Thank you," and began to move away when Cesaire Gervais, Liquor Commission lawyer, jumped up.

"That man's been out on bail since his arrest," he said.

The judge said that that was "different." Turcotte was hustled away.

Ernest Thibault, of Ayer's Cliff, was sentenced to the same fine on a similar offence.

FIRST FALL MEETING OF O. N.

The opening fall meeting of the Victorian Order of Nurses in Sherbrooke was held yesterday afternoon

CLAIMS CITY HAS RESTORED SINKING FUND

First After-Summer Meeting Attracts But Two Lonely Rate-Payers to Seats Reserved for Public.

The sinking fund position of the City of Sherbrooke is excellent. The authority for this statement is none other than Alderman Langis, chairman of the Finance Committee. At the opening meeting of the Council for the winter season last evening, Ald. Langis read a letter from the city auditors approved by Council of \$113,371.44 over requirements. This letter was read by the finance chairman before the end of an unusually brief and uneventful session, with the only explanation, "This is a letter received."

Although protests against the valuation roll were expected to come before this session, it was known that they would be referred to a special council committee for study. As a result little interest was displayed by rate-payers. Only two rate-payers on the street list declared that the steep bank from the road to the river was a menace to life and property, especially in the winter, when motor cars have started down a steep slide to the icy water.

Alderman Langis served notice of motion to divert unexpected balances authorized under certain by-laws, amounting to \$7,939.31 from these specific purposes to the general fund to finance unemployment relief. From time to time, citizens had approved certain loans for specific works. These projects had been carried out with expenditures below the estimates and it was proposed to expend this authorized amount to carry on relief works. The money is not actually in the City Treasury.

An amendment to the meat inspection regulations was submitted by Alderman Armitage, chairman of the Health committee. This would give the city greater control over meat from cattle slaughtered outside the city but sold within the city limits.

Committee reports were submitted to the road department tonight \$21,000 for salaries, \$152.64 for Industrial Welding Specialists who supplied the metal fencing for Big Forks street. Payment was authorized of a two-month bill for the maintenance of the Canadian National crossing on King street amounting to \$295.34.

The Health department reported \$1,785.16 paid out in salaries and \$113 transferred to the road department for the use of cartage equipment.

The Parks department, under Alderman Sangster, was very modest in its demands, presenting a lone bill for twenty-five cents from J. S. Mitchell and Company.

All the members of the council were present except Aldermen Blais and Ross.

at their room in the MacKinnon Memorial, with the president, Mrs. Andrew Sangster, in the chair. Following the usual business routine, it was announced that the city grant of eight hundred dollars had been received, and that the sum of \$175 had been realized from the garden party, which was held through the courtesy of Dr. and Mrs. A. N. Dupuis at their residence in Coat-cook, to whom a vote of thanks and appreciation was accorded. Another appreciated donation was received from the Women's Institute of the County of Sherbrooke, who forwarded to the local V. O. N., their splendid exhibit of jam, canned fruit and vegetables which received so many favorable comments at the Sherbrooke Exhibition. This donation will greatly facilitate the work of the nurses in their daily task of supplying wholesome food to indigent patients.

Plans were made for the annual V. O. N. rummage sale, and several other business matters were brought up for discussion.

Miss Winnifred Dawson, Eastern supervisor of the V. O. N., will visit Sherbrooke at the end of the week, and plans for entertaining her were discussed at yesterday's meeting.

The statistical report was presented by Miss G. Dwane, showing \$86 calls were made during July and August, of which number 604 were bedside nursing visits. Sixteen clinics had been attended and the total amount collected for the two months was \$83.

A tribute to the memory of Mrs. J. Rosenbloom, who had filled the position of treasurer since the foundation of the local V. O. N., eighteen years ago, was paid by the members of the association when they stood in silence while their resolution of sympathy to the bereaved family was recorded.

Later, the officers and members extended their thanks to Mrs. W. B. McCaw, who consented to act as treasurer pro tem.

DEATHS REPORTED

NORMAN W. LYSTER, FORMERLY OF RICHMOND.

Richmond, Sept. 6.—The death occurred at his home in Montreal on Saturday morning, August 19th, of Norman W. Lyster, formerly of Richmond. Mr. Lyster, who had enjoyed his usual good health, was seized with a sudden illness a few days previously and did not recover consciousness until the end.

The funeral services took place on Sunday afternoon, August 20th, clergy from Christ Church Cathedral officiating with many friends and relatives from Montreal and Richmond vicinity present. The body was brought out to Richmond the following day and taken immediately to St. Anne's cemetery for interment in the family lot. The beautiful committal service of the Anglican Church was conducted by Rev. H. O. N. Belford, rector of St. Anne's Church. The bearers were Messrs. T. G. Torrance, James Smilie, J. W. Bidgood, L. E. Bidgood, Thos. Hall and Ed. McArthur.

Mr. Lyster was born in the township of Cleveland on April 13th, 1870, the second son of the late Philip and Catherine Montgomery Lyster. After a boyhood spent on the farm, he moved to Montreal, where he engaged in business until his retirement several years ago. He is survived by his widow, nee Jessie Beacon, of Montreal, whom he married in 1902, and by one brother, George, of Kennedy, Sask., and three sisters, Mrs. Edgar Wintle, of Tremblay; Mrs. T. K. Wilson, of Texas, and Miss Lillie Lyster, of St. Catharines, Ont.

The deceased was possessed of a kind and genial disposition and was a great favorite with all who knew him. His home in Montreal was always open to his friends, and anyone from Richmond vicinity, in particular, met with a warm welcome. Many were the deeds of kindness extended to his friends and acquaintances and he never seemed to consider himself if there was any service he could perform. He is a man who will indeed be sadly missed by all. The sincerest sympathies of all his friends are extended to his widow and other relatives.

CAMIRE HURLED FIVE-HIT GAME IN CITY SERIES

Husky Hurler Pitched Savard Aggregation to Eight to Three Victory Over Notre Dame in First Fixture of Series for City Baseball Championship.

Clement Camire's strong right arm, the propelling force responsible for many goals last winter, turned in a marvellous mound performance as the Savard squad gained a leg on the city baseball championship by whipping Notre Dame in the initial fixture of a five-game championship series. Camire toyed with the best of the Notre Dame sluggers, while his teammates solved the deliveries of "Tiger" Bergeron and Lucien Longpre for thirteen hits. The husky Savard twirler allowed but five scattered singles and his mates romped away with an eight to three victory.

Bergeron lasted but four innings before he retired in favor of Longpre. Over that route, his southpaw slants had been nipped for six singles, five of which were bunched in the first and third innings to produce four runs. Camire's poor control placed Notre Dame's starting moundman in jeopardy in the initial frame when he walked Brooks after Farrell had popped to Amodeo Roy. Camire advanced Farrell on a single and both runners moved along when Jackson dropped Asselin's fly. With the bases loaded, Harry Trotter singled in the pinch to score Savard's first run, while a free ticket to Briere forced a second tally across. Tony Gingues lined to Fournier, who completed a double play unassisted to prevent any further damage.

Savard forged further ahead in the third chukker. Two men had been retired when Trotter and Briere both singled. Gingues walked and the bases were again peopled. Ivan Dugre delivered in the pinch with a single which sent both Trotter and Briere across the plate. Pepin ended the rally by skying to the pitcher.

Camire blanked Notre Dame during the first three innings. Amodeo Roy's single in the second representing the last of the Notre Dame column. In the fourth, Notre Dame halved Savard's lead when Bob Roy singled and was forced at second a moment later by Gabi Gosselin. Amodeo Roy's patience was rewarded and he walked, while Pepin's timely single placed two markers in the Notre Dame column.

Harry Trotter greeted Longpre's advent to the mound with a double, one of the two extra-base hits of the afternoon, and trotted home with Savard's fifth run. Camire's Dugre reduced their rivals' lead to two points in their half of the seventh when Brooks muffed Nova Trotter's grounder to allow Jackson, who had singled, to score from second base.

Camire started Savard's ninth-inning rally with a two-bagger and advanced to third on Asselin's single. Briere came through with a safety to raise his team's total to seven, while Gingues' single was sufficient for Briere to circle the bases for the eighth count. Faced with a five-point deficit, Notre Dame attempted a last-inning rally, but Jackson, who had walked, was nipped as he attempted to steal second base with two men out.

The statistics revealed that Camire had eight strike-outs to his credit, while Longpre's only victim was Pepin in the fifth canto. Camire allowed but three bases on balls against four by Bergeron and one by Longpre.

FOX BOOSTED BATTING AVERAGE AT YANKEES' EXPENSE

Jimmie Foxx had all the better of the batting argument with Heinie Manush, his only "Big Six" clouting rival to get into action yesterday. Joe Kugel, hardly more than an onlooker in the race, also played but he slumped clear out of the sextette, giving third place in the American League to the idle Al Simmons.

In five official times at bat Foxx walked a home, double and single, bringing his average up three points to .363. Manush dropped a point to .332 with three hits in ten tries, while Kugel failed to connect in eight times up.

The standing to date follows:

SUTTON GAINED EVEN BREAK IN TENNIS GAMES

Mount-Sutton Representatives, Led by Willard Crocker, Defeated Granby by Six Matches to Two, but Lost Close Four to Three Verdict to St. Albans, Vt.

Sutton, Sept. 6.—To the long list of tennis activities which has occupied the Mount-Sutton Club this summer has been added a victory over Granby and a defeat at the hands of St. Albans, Vt. Over the holiday week-end, Willard Crocker and his cohorts gained the decision over Granby by six matches to two and were noosed out by their American rivals in the close one to three to three. The weather on both occasions was ideal and the local surfaces were in such a condition as to afford the spectators an exhibition of sparkling tennis.

Sutton captured the six men's events against Granby, while the visitors succeeded in annexing victories in both the ladies' and mixed doubles. Crocker took the measure of H. Guild, Granby number one player, in short order, the former Canadian Davis Cup player's drives proving too much for his opponent who was unable to control his service properly. Chas. "Chuck" Myhill gave an impressive display as he routed D. Tyler in straight sets, while "Ray" Boright showed general improvement in his victory over "Billie" Macdonald. A. Turcotte made a clean sweep of the men's singles by routing Mitchell in three-set encounter in which the local player came from behind after losing the initial set.

The ladies' doubles contest proved exceptionally exciting with the local representatives, Misses J. Tucker and B. Crowell, gaining match point on three consecutive strokes in a "crucial" point fade away and eventually achieved by their opponents, Misses M. Macdonald and M. Payne. The mixed doubles event was called on account of darkness when the visiting combination, Miss M. Payne and Guild, had won the first set from the local hopes, Miss B. Crowell and Myhill.

In the men's doubles, remarkably good tennis was unfolded before Crocker and Boright accounted for Guild and Mitchell. In the second match, "Buddy" MacKay, of St. Albans, and N. Whitford were forced to three sets before vanquishing Tyler and Macdonald.

The Granby visitors were guests at a delightful lunch served by the lady members of the local club at the conclusion of the match. The hostess was Mrs. George A. Shepard who was assisted in her duties by Mrs. Fred Eland and the Misses J. Tucker, Esther Hawley and C. Rucker.

The detailed results of the match were as follows: Men's singles, W. F. Crocker, Sutton, defeated H. Guild, Granby, 6-0, 6-2; R. Boright, Sutton, defeated W. Macdonald, Granby, 6-2, 6-4; C. Myhill, Sutton, defeated D. Tyler, Granby, 6-1, 6-2; A. Turcotte, Sutton, defeated H. Mitchell, Granby, 6-2, 6-1.

Men's doubles, W. F. Crocker and R. Boright, Sutton, defeated H. Guild and I. Mitchell, Granby, 6-3, 6-4; A. MacKay and N. Whitford, Sutton, defeated D. Tyler and W. Macdonald, Granby, 6-0, 4-6, 6-3; H. P. Eland and E. Eland, Sutton, defeated M. Macdonald and M. Payne, Granby, 6-3, 4-6, 7-5.

Mixed doubles, Miss M. Payne and H. Guild, Granby, won first set from Miss B. Crowell and C. Myhill, Sutton, 6-4. Game called by darkness.

The courts assumed an international aspect when the local club played hosts to the visitors from St. Albans. The Vermont team was represented by players from Camp Kilkare, St. Albans, Vt., and a feature match of the afternoon brought Willard Crocker and Hugh Wright, of New Jersey, together. With the loss of only two games in the two sets, Crocker placed Sutton in the lead but the score was deadlocked when L. Papineau, instructor at the St. Albans High School, earned a victory over "Sunny" Taylor, former University of Vermont star and present club member.

Taylor had taken Papineau's measure a fortnight previously but weakened in the second set and lost at the conclusion of the first set and lost to his American opponent in straight sets. "Buddy" MacKay's bid to add another victory to the local column was thwarted by Dr. Buffum, while D. Harris conquered A. Turcotte in one of the two men's singles matches which required three sets to complete. "Ray" Boright was responsible for Sutton's second victory in the men's singles when he outpointed R. Hoshour in three sets, two of which were long-drawn deuce deuces.

Victory hinged on the outcome of the men's doubles match between Dr. Buffum and Papineau against N. Whitford and C. Myhill after Crocker and Boright had brought the match score to four-all with a "right serve" triumph over Wright and Hoshour. The local pair was on the verge of gaining the deciding tilt when their opponents rallied to take the longest match of the afternoon.

At the conclusion of play, the visitors were regaled at dinner and complimented their hosts on their fine showing. They returned to St. Albans with the expressed wish that at some near future date they would be able to renew their newly-formed acquaintances.

The detailed results of the Sutton-St. Albans match were as follows: Men's singles, W. F. Crocker, Sutton, defeated H. Wright, St. Albans, 6-0, 6-2; L. Papineau, St. Albans, defeated M. Taylor, Sutton, 6-4, 6-3; Dr. Buffum, St. Albans, defeated A. MacKay, Sutton, 6-4, 6-3; R. Boright, Sutton, defeated R. Hoshour, St. Albans, 4-6, 7-5, 8-6; D. Harris, St. Albans, defeated A. Turcotte, Sutton, 6-4, 2-6, 7-5.

McGILL CHAMPION REACHES THIRD ROUND IN U.S. TITLE PLAY

Forest Hills, Sept. 6.—Robert Murray, of Montreal, McGill University tennis champion, advanced to the third round of the United States singles championships yesterday winning by default from Dr. Carl Fischer, of Philadelphia. Murray drew a bye in the first round and reaches the third without playing a stroke.

Ellsworth Vines, defending champion, had little difficulty in disposing of Ray Palmer, jr., of New York by 6-1, 6-2, 6-2, to gain the third round, while Jack Crawford, of Australia, seeking his fourth major title this year, disposed of Julius Seligson, of New York, by 6-4, 6-3, 6-1. Wilmer Allison, Davis Cup player from Texas, won from Barclay Kingman, of New Jersey, by 6-3, 6-4, 6-4, and H. G. N. Lee, English Davis Cup team doubles player, defeated Henry Culley, of California, by 6-2, 4-6, 6-1, 6-2. Frank X. Shields, of New York, a favorite to gain the semi-finals, crushed John Nogrady, of New York, in straight sets, by 6-0, 6-2, 6-4. William T. Tilden, 3rd, was eliminated by John McDiarmid, of Texas, by 6-2, 6-4, 6-4.

The first major surprise occurred in the second round yesterday when Eikichi Koh, youngest of three Japanese entries, and "seeded" No. 7 in the foreign list, was eliminated in three decisive sets by Dr. David O'Loughlin, unranked player from Pittsburgh. The scores were 6-3, 6-1, 6-3.

O'Loughlin, backing up a reliable service with steady play from the baseline, quickly gained command of the match and had the Japanese Davis Cup player on the run. Itch, uncertain on the slippery turf, lacked control throughout the match. His service especially was erratic and he yielded five hits and four backhanded shots in a costly error for good measure. From then on, all French had to do was hang on. He gave up an unearned run in the fourth frame and bore down hard enough to keep the score tied at 1-1.

The Pirate drove home the bell to cover with a brace of fourth inning hits, a double by the ex-Giant, Freddy Lindstrom, coming as the finishing blow, and nicked his two successors, Bill Shores and Joe Judge, for a run apiece.

The Pirates' third run came in the last eleven starts, gave them another half-game margin over the third-place Chicago Cubs as all the other National League clubs had open spots in the schedule.

The American League program was limited for similar reasons to a pair of doubleheaders which saw the Washington Senators further increase their lead over the second place New York Yankees, making it nine and a half games.

The Boston Red Sox took games from the Pirates in similar fashion on the second eighteen-hole round today. Not only the championship but the right to represent Canada's senior golfers in an international competition with players from the United States tomorrow is at stake today. The Canadian team will be selected after today's round on the basis of scores in the title meet.

Close behind the leader in the title hunt are H. F. C. Post, of Cornwall, who toured the course in his own yesterday, and E. A. Parker, of Toronto, who took one stroke more for an eighty-two.

Canada's grand old man of golf, George S. Lyon, of Toronto, ran into difficulties on the fairways and took a ninety-one which gives him slim chance of capturing the title. Last year's champion, George L. Robinson, of Toronto, is well in the rear of the leaders on the basis of yesterday's play. His card read eighty-six and another former champion, J. Dix Fraser, of Toronto, had an eighty-five.

"BLIT" ROCQUE SPENT FEW DAYS IN SHERBROOKE

Many old friendships were renewed and reminiscences of Sherbrooke sport of years ago were recalled when Fred Rocque paid his annual visit to his home town. Fred Rocque, or "Blit" as he is popularly known to the sport fraternity, was formerly one of Sherbrooke's best lacrosse players in the days of the Poveys, Camerons, Maguires, Johnsons and Simpsons before he turned to hockey and started a successful coaching career around Boston. Fred, accompanied by his wife and daughter, Mrs. Phil Doherty, returned to Boston yesterday, after being guests of Mr. and Mrs. George Povey.

James Eustis, superintendent of the Boston Gardens, was also a guest of Mr. and Mrs. Povey and returned to "The Hub" yesterday.

day declared drawn. The home players were at the wickets in their second innings when play terminated and had scored 272 runs for five wickets.

The English first innings was declared with the score at 362 for nine wickets and in reply the touring players compiled 558, the highest score ever made by a West Indies side in England. Four centuries were made in the high scoring match.

W. R. Hammond, the English international player, led off with 133 but his total was eclipsed by George Headley. He hit up 167 runs and during most of the time he was at the wickets was partnered by G. C. Grant, the captain of the side, who scored 115. The fourth player to reach the 100 mark was Frank Woolley, veteran English star. Going in yesterday when wickets were falling rather cheaply, he ran up a score of 136 before he was bowled by Grant.

The match was played in fine weather and large crowds were present for the first two days. Today the West Indians travelled to Kingston for a two-day game with a team representative of the eastern counties. The home players batted first and at lunch had scored 79 for two wickets.

NEW YORK LOST SERIES OPENER IN PITTSBURGH

Larry French Hurlled Pirates to Victory, while Team-Mates Pounded Carl Hubbell from Mound-Washington Increased Margin Over New York Yankees.

New York, Sept. 6.—Loaded up with fresh hopes after an opening triumph over the league leaders, the Pittsburgh Pirates have dug back into a dozen years of baseball history and found an exact parallel for their present position in the National League pennant race. With it they have found an extra incentive to spur them on in their ambitious plan of winning four more games from the New York Giants and getting back into the thick of the battle for the flag.

In 1921 the Pirates came marching into the Polo Grounds late in August with a seven and a half-game lead over the Giants. They dragged out a few days later after five straight defeats and the Giants went on to win the pennant and beat the Yankees in the world series.

The situation was just the same, with a reverse twist, yesterday when the Giants opened their national western tour at Forbes Field with a margin of seven and a half games over the Pittsburgh club. The Bucs continued the parallel by defeating Carl Hubbell, the Giants' great southpaw, and winning the first of their five games by six to one. Southpaw Larry French was invincible in the pinch and the Buccos gave him an adequate working margin by scoring three runs in the third inning.

Especially was erratic and he yielded five hits and four backhanded shots in a costly error for good measure. From then on, all French had to do was hang on. He gave up an unearned run in the fourth frame and bore down hard enough to keep the score tied at 1-1.

GOLFER'S DRIVE CAUSES COURT ACTION

Monticello, N.Y., Sept. 6.—Injuries received when struck by a golf ball are the basis of a \$100,000 damage suit against a Sullivan County Golf Club filed in Supreme Court.

TITLE HOLDERS CHALLENGED BY BROMPTON ROAD

Through Record Columns, Luther Stevenson's Stalwarts Issue Defi to Lennoxville, Eastern Townships Tug-of-War Championships—Open Letter Explains Conditions.

Although the tug-of-war has not yet attained the distinction of one of the Eastern Townships major sports, there is great rivalry and still greater controversy in the various havens where this pastime has gained considerable popularity during the past few years. When this sport first appeared within the focus of the Eastern Townships sport spotlight, Luther Stevenson's stalwarts annexed the Eastern Townships championship from among the fourteen entries which helped to create one of the principal events at last year's Sherbrooke Fair.

Then at the Winter Fair, Sergeant Fisher brought a contingent from Lennoxville which succeeded to the throne by defeating the defending title holders. At this time started the discussion which resulted in Brompton Road's withdrawal from the competition last week. There was a divergence in the opinions concerning rules and this matter has not yet been satisfactorily settled.

Luther Stevenson, who submitted the open letter which appears below yesterday told the Record the Brompton Road side of the story. Seemingly, from Mr. Stevenson's statement, last year the teams pulled as they saw fit, but the general practice was that the anchor men tie the rope around his body and use his hand as a support.

"At the Winter Fair," continued Mr. Stevenson, "at Lennoxville's suggestion we agreed to pull their way on condition that a parley would be held later to decide on a set of rules for the Exhibition event which would be agreeable to everybody concerned."

The Brompton Road mentor contended that his team had not been consulted before the rules governing last year's event were drawn up. These regulations were quite similar to those prevailing in Lennoxville, but not under the laws which do not permit the anchor man to loop the rope around his body and forbids him to touch the ground during the pull.

The letter published below is self-explanatory. It comes from Mr. Stevenson and reads as follows:

Sport Editor: While tending our flocks in the valley, news was brought by your paper, sir, that the Philistines were camped roundabout, prepared for war and going forth daily saying: "How will we give us battle?" And behold a great fear fell upon us.

We straightway took counsel together and became as one man saying: "Are we not Presbyterians? Come let us do battle with the heathen."

Mr. Editor, will you get news to Goliath and to the people that we may assemble together and gather shekels for the poor and needy.

The battlefield might be the Parade Ground some Saturday afternoon. The battle, first pull by the Philistine method, second our way, third, if necessary, each pulling its own style.

Assure them, sir, they have only to name the date and we will be there shielded only in the armor of right.

Signed, "DAVID."

BEATEN WHEN HE FAILED TO SALUTE NAZI EMBLEM

Nazi Officials to Visit Polish Commissioner Tomorrow to Present Their Regrets.

Berlin, Sept. 6.—A Wolff's dispatch from Danzig today said a Polish Nazi named Gulkowski was beaten by Nazi storm troopers when he failed to salute a Nazi emblem carried by a party returning from the party convalesce at Nurnberg.

Nazi leaders, it was said, issued a sharp warning against molestation of foreigners and the Gulkowski case is said to be particularly aggravating to them because of his nationality.
