BRIAND'S CHANCES LOOKED UPON AS HOPELESS

Another Move To Settle Strike—A Large Area Flooded

Refuse Support To Government Led By Briand

Socialist Leaders of French Chamber of Deputies Declared Categorical This Morning that They Would Not Support a Briand Government, Let Alone Take Portfolios in a Cabinet Organized by Briand—Quite Likely that President of Chamber of Deputies Will Recommend a Cabinet Headed by Member of Senate, Most Likely Rene Renoult, a Socialist Leader and Minister of Justice in Cabinet Which Has Just Resigned.

(Associated Press Despatch)

PARIS, April 14.—M. Briand's chances of forming a ministry now are regarded as hopeless, because the Socialist leaders of the Chamber of Deputies declared categorically this morning that they would not support a Briand Government, let alone take portfolios in a cabinet organized by M. Briand.

Leon Blum, the Socialist leader in the Chamber, confirmed the opposition of the Socialist party to any Briand combination.

The former Premier is said to have been aware of this attitude since yesterday morning, and the fact that he continued his consultations notwithstanding, was explained by his desire to settle once for all the question whether the Socialists shall be allowed virtually to dictate the policy of the Government without shouldering any of the responsibilities of the Government.

SOCIALISTS WILL BE ASKED TO FORM CABINET

It is expected that M. Briand will decline the offer to form a cabinet this evening, after which President Doumergue may again consult with Paul Painlevé, the president of the Chamber. If he does, it is believed that M. Painlevé will recommend a cabinet headed by a member of the Senate, most likely Rene Renoult, a Socialist leader and Minister of Justice in the cabinet which has just resigned.

Around the lobbies of the Senate it is said that the Renoult combination has already been tentatively formed with M. Briand slated for the post of Minister of Foreign Affairs, and an important portfolio for former Premier Herriot.

GROWING DEMAND FOR REVAMPED HERRIOT MINISTRY

Opposition to M. Briand in the radical party grew this morning after the Socialist attitude was clearly defined and there was a growing demand for a revamped Herriot ministry. Fear that the Senate would not accept as Premier a man it threw down last week, modified the ardor of M. Herriot's supporters, who showed a disposition to accept a cabinet presided over by some one else but in which their leader would have a prominent post.

M. Herriot, they say, is just the man to preside over the important municipal and cantonal elections in May, which is taken as indication that they will push him for the post of Minister of Interior.

BRIAND WILL DECLINE TO FORM A MINISTRY

(Associated Press Despatch) PARIS, April 14.—M. Briand will refuse to form a French ministry, having been informed by the Socialists they will refuse to enter his cabinet.

REFUSE TO HAVE HAND IN ANY GOVERNMENT HEADED BY EX-PREMIER BRIAND

(Associated Press Despatch) PARIS, April 14.—The National Council of the Socialist party, by an unanimous vote this afternoon decided that the party would refrain from participation in the proposed Briand Government.

The Socialists' decision for non-participation referred only to a ministry headed by M. Briand. It left the way open for participation in any other ministry formed by a premier acceptable to the Socialists. The question was then taken up whether the unified Socialists should continue their policy and give the Briand ministry their support, as they supported M. Herriot even after they refused to accept portfolios.

EX-RESIDENT OF THIS CITY WAS MURDERED

Double Shooting Took Place at Middleboro — Husband Formerly Resided at Georgeville, Que.

(Special to Record) MIDDLEBORO, Mass., April 14. A double shooting resulted in the death of Mrs. Catherine Cook, forty-five years old, when her husband, Napoleon J. Cook, shot and killed her and turning the revolver on himself inflicted a wound in his head which probably will result in his death. The shooting occurred in the corridor of the couple's apartment on the second floor of the Norris Building on North Maine Street. There were no witnesses to the tragedy.

Whereby or not there was a verbal altercation between the couple prior to the shooting is not known to the police.

Mrs. Cook was last seen alive on the North Maine Street a few minutes before the shooting, when she walked down North Maine Street from the Post Office. She had been living apart from her husband, it is said, for a short time, occupying rooms a few doors below the apartment where they formerly had lived. They came here from the Province of Quebec. Cook came from Georgeville, P. Q., and his wife from Sherbrooke. She was the daughter of Thomas Joseph MacGuire. Cook had been in the restaurant business here and in Canada.

SOCIALIST HAS BEEN ASKED TO FORM MINISTRY

Emile Vandervelde Has Been Requested by King Albert to Organize Cabinet to Succeed that of Premier Theunis.

(Associated Press Despatch) BRUSSELS, April 14.—Emile Vandervelde, the Socialist leader, and former Minister of Justice, was summoned by King Albert this morning and requested to form a ministry to succeed the cabinet of Premier Theunis, which resigned on April fifth. Mr. Vandervelde agreed to undertake the task.

The Theunis ministry handed its resignation to King Albert on the day that parliamentary elections were held throughout Belgium, and the king requested that Premier Theunis and his ministers retain their posts until a new cabinet was formed. The resignation was expected, announcement that it would retire regardless of the outcome of the elections, had been made several days previously.

The Socialists gained ten parliamentary seats in the elections. Emile Vandervelde for many years has been the Socialist leader in the Chamber of Deputies, and has taken a prominent part in world Socialist affairs.

EATON CORNER, April 14.—Mr. Alton Hodge, of this village, has been receiving the congratulations of his many friends on the occasion of his seventy-ninth birthday anniversary, which he celebrated on Saturday, April 11.

Mr. Hodge was born in the Town of Eaton, on the farm now owned and occupied by Mr. Hilaire Bolduc, on the lower road between Cookshire and Eaton Corner, and lived there until some eleven years ago, when he sold his farm and moved to Eaton Corner, where he now resides.

Believing hear, what you deserve to hear:
Your birthday, as our own, to us is dear,
Blest and distinguished days, which we should prize,
But yours gives most; for ours did only lend us to the world
Yours, gave to us a friend.

Families In Valley Of Hudson River Were Driven From Homes Early Today When Dam Broke—State Troopers Warn Inhabitants

No Lives Have Been Lost, So Far as Can Be Learned, Although Many Houses Built Below Level of Dam Were Inundated—More Than Five Thousand Acres Reported Under Water, Which Is Reported to Be Twelve Feet Deep in Some Places and Steadily Rising.

(Associated Press Despatch) DETROIT, Mich., April 14.—Scores of families in the Valley of the Hudson River, between Flat Rock and Lake Erie, were driven from their homes early today when the dam at the power plant of the Ford Motor Company at Flat Rock burst and released millions of gallons of water into the valley.

More than five thousand acres are reported under water, which is reported to be twelve feet deep in some places and steadily rising.

The valley's inhabitants were warned of the flood by troopers of the Michigan State police, who started along the river to rouse persons living nearby as soon as guards at the dam had telephoned the troop station of the disaster. So rapidly did the water rise that the officers were soon forced to take to boats, going thus from house to house with their warning, ferrying scores of families to places of safety and sending the men ahead in commandeered boats to aid in the rescue work.

No lives have been lost, as far as could be learned, although many houses, built below the level of the dam, were inundated.

Reports from various places along the seven miles from Flat Rock to Lake Erie indicate that the entire valley, at some places a mile wide is under water.

Hundreds of small houses, many of them set on stilts, line the river at its banks, but state troopers believe no lives were lost because of the ample warning given.

Although the water was high around the bridges of the Michigan Central and the Detroit, Toledo and Shore Line Railroads below Flat Rock, traffic was not interrupted.

Small barns, boat houses, wooden farm implements, trees, bushes and furniture were drifting down the river on a current running ten miles an hour. The troopers reported seeing chickens clinging to drifting sheds and once a dog, marooned atop a small barn, howled in fear as the waves rocked and buffeted his raft through the wreckage.

PRINCE ON WAY TO NIGERIA

ACCRA, Gold Coast, West Africa, April 14.—The Prince of Wales, on board the battle cruiser Repulse, left here this morning for Nigeria. He was given a great send off by the local inhabitants and the native chiefs.

Huge crowds were assembled alongside the highways at strategic points on the Prince's route to the pier where he embarked. The chiefs with their retinues, had the best positions for seeing the royal visitor as he passed toward the water front.

The Prince walked the last hundred yards to the dock where he boarded a launch for the Repulse. A heavy swell was running and scores of surf boats, half submerged in the rough water, bobbed up and down off shore, their occupants yelling greetings to the departing guest. Hundreds of natives waded waist deep into the water and lining up as though on a parade, watched the launch leave the side of the quay for the battle cruiser.

HER NERVES SO BAD SHE COULD NOT SLEEP

Mrs. Grace Kitchen, St. George, Ont., writes: "After having a severe attack of pneumonia I was left in a weak and run down condition. My nerves were so bad I could not sleep nights, and in the day time I had terrible fainting spells, caused by my heart being weak. Finally I got so bad I had to take to my bed for weeks at a time, but one day I read about

MILBURN'S

HEART AND NERVE PILLS

so decided to try them. After taking one box I felt a slight improvement. I have now taken five boxes, and have gained 35 pounds in weight. I am now more than able to do all my own housework as well as considerable outside work. I cannot recommend Milburn's H. & N. Pills too highly for those suffering as I did."

FOR JOY OF GOOD HEALTH

Manitoba Woman Thanks Lydia E. Pinkham's Vegetable Compound

Crandall, Manitoba—"When I was a young girl at home and working I had terrible pains, almost more than I could bear, and I was not regular. These troubles kept me so tired all the time that I had no strength and no ambition to join in with my friends and have a good time. I was just tired and miserable always and life just seemed as if it wasn't worth living. I saw so much in the papers about Lydia E. Pinkham's Vegetable Compound, and then I had a friend who had taken it and told me about it, so I got some. Every month after taking it I got stronger and I soon did not suffer every month. It stopped the pains and helped me in other ways. Then when my babies were coming I was tired and worn out the first three months and ached badly. I took the Vegetable Compound right along and must say it made a new woman of me and able to do my work, and it helped me through confinement. You see I am a farmer's wife with a big house to look after, and three babies now. I have told ever so many women about your medicine. Just last week I got a letter from my old chum in the East. Her baby was born fifteen days before mine, and she told me she was not feeling very well, her back aches so much, and that she is going to take the same medicine I took. You can use my letter if you wish."—Mrs. Jos. H. Kidd, Box 56, Crandall, Manitoba.

In the passing away of Mr. Samuel Chapman on March 18th, Montreal lost one of its oldest citizens. He was born here on August 3rd, 1843, the youngest son of the late Thomas Chapman and Mary Hargreaves, his wife. The late Rev. T. S. Chapman, of Marleton, was a half brother. The deceased spent twenty-four years in the employ of the Hamilton Explosive Company at Beloeil. Although practically confined to the house for the past seventeen months he was most cheerful and his many visitors found a great pleasure in his company. He will be much missed. The funeral service was conducted at the home by Rev. B. Watson and Rev. E. S. Logie and attended by a very large number of friends and relatives. The bearers were Messrs Chas. and William Caswell, Robt. Farquhar, David Archibald, Henry Woods and Henry Bothier. Silent tributes of affection were in evidence in the form of ripened grain and other floral designs. C., and daughter, Mrs. Harwood in Nashua, N.H.

The Recital given by the choir of the United Churches on Thursday evening was a success. The program presented quite a variety of selections, all relating to the Lenten and Easter seasons. A trio consisting of Mrs. E. S. Logie and Misses Lila Frame and Ethel McCourt rendered the "Prayer of the Wanderer" by Conde in a very pleasing manner. Selections from the "Crucifixion" by Stainer were given by Mrs. Logie, Misses Margaret Fraser, Lena Taylor and Mervin. Force and MacCauley, supported by the choir in the chorus, "God So Loved the World."

Mrs. Logie and Mr. Force gave a fine rendering of Lackner's duet, "My Faith Looks Up To Thee." Mr. Malcolm MacCauley sang "O Holy Fathers," by Rosini, in excellent voice. Mrs. Logie rendered "Come Unto Him," from Handel's "Messiah," and Mr. Force, "The Triumph and Christ," by Shelly, in their usual pleasing style. A pleasing feature of the programme was the xylophone solos by Mr. A. Carmichael, accompanied on the piano by his daughter, Miss Myrtle. Mr. J. Glen Harley and Mr. Stewart MacCallum assisted the choir. Four anthems were rendered with a well balanced chorus of twenty-five voices, Miss Beattie Fowler, the organist, ably supporting the singers, also giving a fine interpretation of Bach's Prelude and Fugue, No. 5, as an opening number. Miss Lena Taylor proved herself to be a sympathetic and capable accompanist. The programme was under the direction of Mrs. E. S. Logie.

Do not fail to see "A Man Must Live" on Wednesday night, a Paramount special. Usual prices.

MOTHERS LIKE TO TREAT COLDS WITH VAPORS

Direct Treatment with Vaporizing Salve Immediately Reaches Inflamed Air Passages.

It is no longer necessary constantly to dose the children in treating croup, bronchitis, sore throat, or deep chest colds. Many Canadian mothers now use the "outside" remedy, Vicks VapoRub, for the cold troubles of all the family, because it is just rubbed over throat and chest—there is nothing to take. When so applied Vicks gives off medicated vapors which are inhaled directly into the inflamed air passages, loosening the phlegm and making the breathing easier.

At the same time Vicks is absorbed and stimulates the skin like a liniment or plaster and thus aids the vapors inhaled to break up the congestion.

At all drug stores 50c. a jar. For free test size package, write Vicks Chemical Co., 544 St. Paul St., W., Montreal, Que.

OR CROSS-WORD PUZZLES?

"Aren't your sermons rather prosy?" asked the fault-finding elder.

"Prosy!" echoed the exasperated minister. "What do you expect? Limericks?"

HAD BOILS ALL OVER HIM

There is only one way to get rid of boils and that is by going right to the seat of the trouble—the blood—the bad blood must be made pure before the boils will disappear.

BURDOCK BLOOD BITTERS

cleanses the system and removes all the foul matter from the blood in a way that few medicines will do.

Mrs. Chas. Rankin, Bulvey, Sask., writes: "A few years ago my husband had a terrible time with boils. On one arm he had sixteen between his elbow and wrist; five on the back of his neck, and several more on different parts of his body. He tried everything he could think of, but got no relief until he took Burdock Blood Bitters, and to his surprise it completely relieved him of his boils, in a very short time."

B.B.B. has been on the market for the past 46 years; be sure you get it when you ask for it; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Cod Liver Oil Now in Tasteless Tablets

Greatest Flesh Builder

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible-smelling cod liver oil is brought out. Medical science progresses rapidly, and now you can get at your druggist's real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure.

Even the run-down and skinny grown-ups, who ought to take cod liver oil, because it really is the greatest vitamin food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of these flesh-producing tablets just as easy as a bottle of cough syrup.

Thin, run-down, anaemic men, women and children who need to grow strong and take on flesh are advised to get a box of McCoy's Cod Liver Oil Compound Tablets, and if you don't gain 5 pounds in 30 days just get your money back.

One woman gained fifteen pounds in five weeks, according to her own doctor—another ten pounds in three weeks. A very sickly child, aged nine, twelve pounds in seven months, and now plays with other children and has a good appetite.

Just ask for McCoy's Cod Liver Oil Compound Tablets, Chagnon's Drug Store, Ansell's Drug Store, Griffith's Drug Store or any good druggist will tell you that they are wonderful flesh and health builders. Only 60 cents for 60 tablets, and don't forget that they are wonder workers for feeble old folks.

Be sure and get McCoy's, the original and genuine.

THE HOLES IN THE LAWN. By Thornton W. Burgess. Hold Judgment till you know you know thing is so.

Mr. Skunk was most polite during her call on Mrs. Brown in the latter's kitchen. When at last she walked out she left a hostess with most mixed feelings. Mrs. Brown was tremendously relieved. You would have known that could you have heard her sigh as Mrs. Skunk's big plume tail disappeared outside. At the same time she was greatly pleased at what had happened. Mrs. Skunk had proved herself a real lady and Mrs. Brown recognized the fact. "Well, I never!" she exclaimed. "The skunk made herself at home here for all the world as if she thought I was glad to have her! I'll say this much, she certainly was well-mannered!"

"Haven't I told you over and over again that if you treat a Skunk right the Skunk will treat you right?" asked Farmer Brown's boy. "Jimmie Skunk and a lady friend, and now I guess you and Mrs. Jimmie are friends. She is living under the hen house and I have an idea you'll see her often."

Farmer Brown's boy was right. Mrs. Skunk formed the habit of making a morning call at the kitchen door every day, and though never again did she find the kitchen door left open she always found a good breakfast awaiting her in a dish beside the doorstep, and often Mrs. Brown stood and talked to her while she ate.

Now in front of Farmer Brown's house was a lawn in which he took much pride. He kept the grass closely cut through the summer so that it was smooth and velvety. One morning he noticed some little mounds of earth scattered over it. With a frown on his face he went to look at them. Each little mound of earth was from a small hole three or four inches deep. Some one had been digging on that lawn in the night and Farmer Brown knew who that some one was. At least he was quite sure he did.

That night the moon shone brightly and Farmer Brown and his boy watched. By and by they saw Jimmy Skunk come out on the lawn and with his nose to the ground slowly walk about this way and that. Presently he stopped and began to dig. When he stopped digging he appeared to be busy about something for a moment or two and then went on to do the same thing over again. A few minutes later Mrs. Skunk appeared and began doing the same thing.

"Confound those Skunks!" exclaimed Farmer Brown ruefully. "They are digging the whole lawn up. I wish I knew what they are getting. I hate to have the appearance of that lawn ruined, but there is the chance that they may actually be doing more good than harm. Just see how calmly and methodically they go about it. It is evident enough that they are not digging for nothing, for every time they stop digging they seem to have found something!"

The next morning part of that lawn was pitted all over with little holes, the work of Jimmy and Mrs. Skunk the night before. It looked worse than it really was, for Farmer Brown's boy had only to take a rake and push the earth back into those little holes and the grass would soon spread over them. But for the time being that part of the lawn was a sorry looking place. Yes, sir, it certainly was a sorry looking place.

UNCLE JIM'S LETTER

Dear Corner Children: We have some nice, newsy letters today. Floyd is surely a good correspondent for such a tiny lad. He lives in an interesting place and will know all about lumbering and milling by the time he is a man. The men who work in the woods all winter must be rather picturesque when they emerge, and are probably glad to get out in the settled parts again. Their part in Canada's great industry, lumbering, is an important one, and we all hope they do their work well and spend their wages wisely.

Reta must have been a busy little girl last year to get so many prizes in the children's department. Hurry up, cousins, and compete with Reta. We are always glad to hear from Florence, and to know she can study and read at times. When the warm weather comes, you will enjoy the outdoors, Florence, and that will help to cheer you.

The Blot-Outs have begun to come in again, and I think some of the boys and girls will say it is more difficult to do. But to have them all easy would not be so interesting, so easy would not see how many articles you can find. There are no animals or birds in this week's picture, but quite a few other things. Here's the best of luck to all the corner folk. I will write you again tomorrow. Until then I am,

Yours faithfully, UNCLE JIM.

LETTERS FROM THE CORNER FOLK

Dear Uncle Jim: I am sending the Blot-Out in which I found eleven rabbits, don't

expect to get the prize but thought I would do it just the same. It is hard to find time to do puzzles; there is so much going on, school lessons to do, helping around home, etc. Since the camps have broken up there are crowds of lumberjacks coming out of the woods with their packs. Some of them have their faces covered with whiskers and their hair is long. There is a boarding house near our home where the men stop on their way out. Now the tote teams are hauling supplies for the spring drive on the St. Francis and Smokey Rivers and soon the place will be full of river drivers and they are a merry lot. They drive the logs into the lake then the logs come down in large booms to the mill, but all the logs the haulers brought are here now. Soon it will be fishing and swimming, then burrah, for a good time. Good-bye.

Your nephew, FLOYD REED.

Estcourt.

Get back that lost weight!

WHEN you start to waste away to a shadow, when the color leaves your cheeks and your poor, tired legs will hardly hold up your weakened body it's high time you started taking a fine tonic and builder like Tanlac.

Tanlac will build you up and make you feel that life's worth living. Made from roots, herbs and bark gathered from the four corners of the earth and compounded under the exclusive Tanlac formula, Tanlac is just what the poor, starved body needs.

First of all it cleanses the blood stream and puts the digestive organs in order. You find, after a few days' treatment, that you want to eat. Pretty soon the welcome color steals back into your cheeks and the scales tell you that you're gaining weight. From then on it's only as fast time until you're feeling as fit as a fiddle.

Millions of men and women have taken Tanlac with great benefit. More than one hundred thousand people have written us glowing tributes to this wonderful tonic.

When you know it has worked wonders for so many folks it's folly not to take advantage of Tanlac's help yourself. Don't put it off another day. Get a bottle at your druggist's now and start the good work right away.

Her Wonderful Teeth

Remove the dingy film that's clouding yours and you'll be surprised that your teeth are just as white and charming as any one's—make this unique test.

HERE is a simple test that proves the truth that most of us have pretty teeth without ever knowing we have, or ever revealing it.

This is the reason:

Run your tongue across your teeth, and you will feel a film. A film which absorbs discolorations and hides the natural color of your teeth.

Remove it and your teeth take on a new beauty. Maybe you have really beautiful teeth without realizing it.

Film is charged too with most tooth troubles. It clings to teeth, gets into crevices and stays. Germs breed in it. And they, with tartar, are the chief cause of pyorrhea.

So, besides loss of tooth beauty, film is a serious danger to healthy teeth. You must remove it.

As you receive your car from the dealer it is worth 100 (par). With every mile there is depreciation. The percentage depends upon lubrication. LAKE MASSAWIPPI CLEAR OF ICE

A number of residents took advantage of the pleasant holiday week-end to go to the country, and especially to their summer camps. Cottagers who went to Woodlawn Bay found the pretty summer camping place wearing a decidedly springlike appearance, with touches of snow here and there to remind them that the early spring weather still maintained.

Lake Massawippi was partly covered with ice on Friday, but was practically clear on Sunday, and the water is not as high as at ice-clearing time last year, which was nearly three weeks later. In the woods those browsing about found snow-drifts a foot deep and within twenty feet the hepaticas and may-

DOG SHOW HAS BEEN POSTPONED

The directors of the Eastern Townships Kennel Club have been forced to postpone the dog show, which was scheduled to take place at the 53rd. Armoury tomorrow night, until a later date.

Owing to the fact that a large number of cases of distemper have developed in the kennels of some of the local fanciers it was thought to be highly undesirable to hold the show at this time.

The directors, however, have decided to select as early a date as possible to hold this first dog show, which has attracted much interest both from the Club members and from local fanciers.

THE EASTER SERVICES IN ST. ANDREW'S CHURCH

The services of Easter Sunday in St. Andrew's Presbyterian Church were attended by congregations which filled the church both morning and evening. The services of the day were conducted by the minister, Rev. Alfred Bright. The Easter music furnished by the choir, under the leadership of Prof. Jennings, received many favorable comments. The anthems were "As it Began to Dawn" (Martin), "King of Kings" (Caleb Simper), "I will Mention Thy Loving Kindness" (Sullivan); Solo, "O Blest Redeemer" by Mrs. MacKay. The soloists of the day were Mrs. MacKay, Mr. Conrad Jameson and Mr. Wm. Scott.

The platform about the pulpit was prettily decorated by Easter floral decorations, the work of St. Andrew's Young People's Society. Beautiful roses were placed about the pulpit by Mr. and Mrs. J. Thiesen in memory of the late Marjorie Lowe.

At 2.30 p.m., the Church School conducted an open session with Mr. Geo. D. MacKinnon, the music-

tendent, presiding. Rev. D. W. Terry brought an appropriate Easter message, which was much appreciated. Mrs. M. MacKay contributed a solo. The orchestra, under the leadership of Mr. Jacob Dick, furnished Easter music and led the school in the selections of praise.

FUNERAL OF LATE MRS. ANDREW PATON WAS HELD ON SUNDAY

The funeral of Mrs. Andrew Paton, widow of Andrew Paton formerly managing director of the Paton Manufacturing Company of Sherbrooke, took place at three o'clock on Sunday afternoon from "Rockmount", her late residence, to Plymouth Congregational Church, of which Mrs. Paton was the oldest surviving member, having joined the church in 1887.

The large attendance and the beautiful floral tributes from all classes of the community were eloquent proof of the affectionate regard in which the late Mrs. Paton was held by the people amongst whom she had lived so many useful years.

The impressive service at the Church was conducted by the Rev. Dr. G. Ellery Read, who paid an eloquent tribute to the memory of the deceased.

The mourners were W. E. Paton, son; John Moir, of St. Paul, Minn.; brother; Andrew Paton, of Quebec, grandson; W. R. G. Holt, of Montreal, grandson; A. B. Paton, of Dover, N. H., nephew; and John M. Moir, of Marcellus, N. Y., nephew.

The pall bearers were N. E. Brooks, Col. Worthington, C. M. G. E. W. Farwell, Hon. Mr. Justice White, C. H. Bowen, J. T. Morkill, A. D. Brodie, E. O. Grundy, Dr. W. A. Farwell, W. A. Hale, Wm. Spier, James MacKinnon, John McKee and John P. Wells.

Most exquisite flowers were sent by friends in Sherbrooke, Montreal, St. Paul, New York and London, Eng., which included those from the Paton Manufacturing Company, Limited, The Royal Bank of Canada, Plymouth Congregational Church, Women's Association of Plymouth Congregational Church and from the late Mrs. Paton's household staff.

Among the particularly beautiful floral tributes was a large cross of Easter lilies, lilies of the Valley and purple iris, which covered the entire casket, a loving tribute from her children, grand children and great grand children.

LARGE CONGREGATIONS AT PLYMOUTH CHURCH ON EASTER SUNDAY

The services at Plymouth Church on Sunday were attended by large congregations who participated in the Easter festival with heartiness and gratitude for the faith that lives and triumphs over the resurrection.

The morning service the church was crowded to the doors and the ushers had some difficulty in providing seats for worshippers. The music by the combined junior and senior choirs was a simple but very effective Easter carol, which was rendered with fine shading and precision. The congregational hymns were sung with great heartiness.

The opening hymn, "Christ the Lord is risen today" giving the keynote to the whole service. Dr. Read preached a brief pre-communion sermon based on Romans 8:10.

"For if, when we were enemies, we were reconciled to God by the death of his Son, much more, being reconciled, we shall be saved by his life."

At the Communion service there was a very large attendance, nearly all the seats on the ground floor being occupied. A very impressive part of this service was the reception into the Church of a goodly number of young people who ratified and confirmed the baptismal vows that had been made on their behalf and took their first Communion. Each young candidate was presented with an illuminated copy of the Holy Scriptures, according to a custom which has prevailed in Plymouth Church for several years, and were exhorted by their minister to make a constant and thoughtful use of God's revealed Word.

The whole service was one of deep solemnity. The feature of the evening service was the singing by the choir of Nevins' cantata, "The Crucified." The choruses were sung with a confidence and decision that revealed the careful training the singers had received. The choir was well balanced, and the numbers done by the men alone and the women alone were very effective. The soloists were Mrs. J. G. Ransohoff, Mrs. Riggs and Mr. Hugh Nourse, who took the place of Mr. Albert Blier, who was unable to sing. They were all heard to advantage, and contributed much to the success of the performance. Mr. Roy Kendall was at the organ, and his playing was a splendid support to the vocalists.

Dr. Read delivered a short Easter sermon, the burden of which was that we must trust Christ as the Revealer of the unknown. He is the Master and the Teacher because of his conquest over the grave. The floral decorations were snapdragons and Easter lilies, and were tastefully arranged by Miss Ruth Skinner.

MAN INJURED BY STREET CAR

Joseph Carrigan, about thirty-five years of age, a resident of this city, is at present in the St. Vincent de Paul Hospital suffering from slight injuries about the face and hands as a result of being struck by a street car at the corner of St. Peter and Galt Streets.

It appears that in Saturday night Carrigan and a friend, A. Jean, living on Galt street, were standing along the car track apparently waiting to take a car. The motorman on the street car observed that they were standing very near to the tracks and rang the car bell. No attention was paid to this warning, and as the men did not make any attempt to get away from the tracks, the motorman put on the brakes. It was impossible, however, to avoid striking Carrigan. He was thrown a short distance, but fortunately received only very slight bruises.

Lord's ambulance was called and the injured man was taken to the St. Vincent de Paul Hospital.

Reports from the hospital state that his injuries are not serious, and that he will be able to return to his home shortly. Jean was more fortunate and did not receive any injuries.

HORSE STRUCK BY STREET CAR

An unfortunate accident, but one which could not have been avoided, took place on Melbourne street on Saturday afternoon when a horse

was struck by a street car, and received such injuries that it was necessary to destroy the animal.

The horse belonged to Mr. A. Laflamme, of Windsor Mills, and was being taken to Windsor. It is understood that Mr. Laflamme drove up from Windsor earlier in the day to attend a horse sale, and purchased the horse in question, which was valued at between sixty and seventy dollars.

He was taking the horse back to Windsor with him, and had the animal tied to the rear of his own wagon.

While going along Melbourne street the animal became frightened at a street car and jumped onto the track just as the car came along.

The street car struck the horse breaking its left leg. Dr. Janelle was called, but upon investigation it was found that it was impossible to do anything for the unfortunate animal and Dr. Janelle took means to end its suffering.

MEETING OF COUNCIL TONIGHT

Ad adjourned meeting of the City Council will be held in the City Hall this evening at eight o'clock for the purpose of further considering by-law 459 relating to the issuing of licenses, which was given first reading at the last regular meeting of the Council.

LENNOXVILLE

DR. LENNON SPEAKS IN DOUGLAS HALL

The series of passion-week services in the Methodist Church concluded on Friday evening, with Dr. W. S. Lennon, pastor of Sherbrooke Methodist Church as the speaker. Dealing briefly with the various theories of the atonement considered by theologians of the past, Dr. Lennon said that none of these fully expressed Calvary, around which was a mystery before which human understanding was humbled, and could never fully penetrate. But two facts stood out plainly from the cross, one of which was God's reaction against the awfulness of human sin, and the other the largeness of God's love for men.

EASTER IN THE CHURCHES

St. George's Church was filled to capacity at the morning service on Easter Sunday, even the aisles being filled with chairs to accommodate the congregation. The pastor, Rev. Comon R. W. E. Wright, was assisted in the service by Rev. Mr. Moffatt, chaplain of Bishop's College School. The choir sang W. Eyer's Choral communion service in E. Flat. A pleasing feature of the service was the appearance of the boys' choir for the first time in their robes, numbering sixteen boys, who efficiently filled their part in the morning worship.

At the evening service the anthem "Awake up, Thy glory," was sung by the choir, and A. D. Turner's Magnificat Nunc Dimittis. The church was tastefully trimmed with Easter lilies, azaleas and daffodils.

In the Methodist Church the pastor, Rev. F. R. Matthews, was

"This is the ideal insurance policy for me because at sixty-five years of age—when my earning power will be less than it is to-day—the policy will be paid up. My old age will be free from the worry of premium payments."

"Another advantage is that the premiums are almost as low as for Whole Life insurance."

CITY BRIEFLETS

Y'S MEN'S CLUB

The guest and speaker at the Y's men's club on Thursday, April 15th, will be Mr. P. J. Lee, of Toronto, assistant to the general secretary of the Canadian National Council. Mr. Lee is a splendid platform man, and from a rich experience in Y.M.C.A. service should have a message of inspiration for all.

"THE COLONEL'S MAID"

Well known favorites in amateur theatrical events will take the leading parts in the three act farce, entitled "The Colonel's Maid," which is being presented on Thursday and Friday, April 16th, and 17th, by the Sherbrooke Regiment.

The title role is being taken by Miss Elizabeth Somers, while Mr. W. M. Langston portrays the choleric colonel. Colonel MacAnulty will also double as a colonel, while "Fink" Parker attempts to arrange the affairs of the family in his role as the Chinese butler. Miss Constance Bigg and Miss Leslie Fales support Miss Somers and play opposite Messrs. Warren Ball, Cuthbert Somers and R. C. Jarvis.

The play abounds in humorous situations and sparkles with witty and clever dialogue, and the rehearsal has shown that the whole cast can handle the parts entrusted to them adequately.

EASTER AT THE BAPTIST CHURCH

On Sunday morning at the Baptist Church a most impressive consecration service was held. Mr. Torrie took for his text Romans 12:1, and referred to the resurrection morning as the most appropriate time for a complete consecration to the service of Christ. "Many," he said, "are prepared to give their money and their time, but not themselves. God wants the man first and all the time. Only then can he accept his money and his service."

In response to his invitation, a large number reconsecrated themselves wholly unto the Lord, while others made their first surrender to Christ. Besides the regular music, there was a mixed quartette composed of Miss Della Wilkie.

IN WOMAN'S SPHERE OF WORK

Easter week is a busy period in social life of the city, business and work meetings being somewhat secondary because of the holiday events taking place.

The monthly meeting of the board of management for the Y.W.C.A. will meet on Monday next, when several matters of business will come before the members. The Y.W.C.A. rummage sale will be held this week, Friday, at the market, and it is hoped that friends will contribute generously towards its success.

The Catholic Women's League will meet Wednesday evening this week instead of this evening on account of the holiday.

The Brompton Road W. I. has changed the day of meeting from Saturday to Wednesday, and the April meeting will be held at the home of Mrs. B. Paige on Wednesday, April 22nd.

The librarians of the Public Library have decided to hold a series of social events during the spring season to assist in the purchasing of new books, which are badly needed for the library. On Saturday afternoon a most successful tea was held and it was decided to have a bridge and tea on Tuesday next for the second event of the series.

Mrs. E. A. Salter, Mr. J. H. Hunter and Mr. A. E. Willis. Miss Wilkie also sang an appropriate Easter solo.

In the evening Miss Laura Johnston, of Montreal, assisted the choir and sang a very beautiful solo. Mr. Torrie took for his text Jeremiah 17:9-10, stating that the text referred to the unconsecrated man and that what a man needs above everything else is a new heart, nothing else will do. God alone can give a man a new heart, and this he does in the new birth.

In response to Mr. Torrie's invitation, a large number rose to signify their acceptance of Christ, and passed into the inquiry room.

The beautiful basket of lilies that adorned the communion table was the gift of Mrs. Milford.

After the service, Mr. Torrie received a message from Owen Sound, Ontario, calling him to the death-bed of his youngest brother. He left on the early morning train, but hopes to return to Sherbrooke for the week-end.

Blankets will not shrink if washed this way—

To keep your blankets soft, fluffy and unshrunk—wash them in Lux. Blankets of fine wool, wool nap, wool and cotton—you can trust them all to the gentle Lux suds.

Wash blankets this way:

A rich live suds is essential throughout the washing of blankets. To obtain this, use two tablespoonfuls of Lux to every gallon of water in the washing.

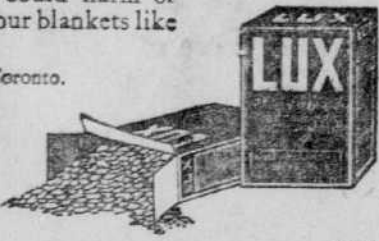

Dissolve the Lux thoroughly in very hot water, whisking it into a thick suds. Add cold water until lukewarm. Put the blanket into the rich suds, souse it up and down, and squeeze the suds through the entire blanket. If suds die down, add more Lux, taking care that it dissolves before you put the blanket in again. Press the suds through the soiled spots if any, but never rub the blanket.

Rinse in three or more lukewarm waters, of the same temperature as the suds. Fold evenly, run through a loose wringer and hang dripping. Never wring tightly. Pull gently into shape at intervals when drying. Do not expose wet blankets to extremes of heat or cold.

Ordinary common bar soap or chips shrink wool, and coarsen and yellow it. Lux is mild and pure, and entirely free from any ingredients that could harm or shrink wool fibres. Lux keeps your blankets like new.

Left-Handedness A Natural Characteristic

The problem of the left-handed child is an old one, much talked about and worried about by parents and teachers who, noting the tendency to use the left in preference to the right hand, resort to all kinds of strategy in their endeavors to cure the child of the supposed harmful habit.

Now, science is throwing a new light on, or rather bringing to notice an old theory that it is entirely wrong, and an injury to the child to break him of the habit of using the left hand. In an educational journal the following was noted:

"Psychologists believe that a person is right or left handed according to the manner of the branching of the arteries carrying the supply of blood to the brain. If the larger supply is sent to the left half of the brain, then the person is right handed, and vice versa. As a result the speech centre is more freely developed in the third frontal convolution for the dextral than in the opposite side."

"This developed centre controls the action of the right hand. There seems to be a close relationship between the speech and writing centres, as the latter is developed in the same half of the brain as the former. Hence it is much better not to make a naturally left-handed child write with his right hand, because it leads to confusion in thinking and lower ability in writing."

In another press article a British surgeon, who has made a study of over a thousand cases, is quoted as

having said that children who are broken of left-handedness by parents or teachers will run risk of becoming stammerers or stutterers. Either that or they may acquire a habit of eye squinting. He adds that the best way to cure cases of stuttering or eye squinting where it is known that left-handedness is broken up in childhood, is to retain the child in the use of his left hand. This method, the surgeon states, has been successful in many cases.

There is a logical but hidden relation between the sources of the two, left-handedness and stuttering. Speech depends on the integrity of the right side of the brain in left-handed people, and similarly speech depends upon the left side of the brain in right-handed people."

It is claimed that in some way the grey matter of the brain, which controls speech, is interfered with, and stammering or squinting or both may result.

Dr. W. S. Inman, a surgeon in the Portsmouth and South Hants Eye and Ear Hospital, England, who has been largely responsible for these discoveries, states that he has a thousand cases of eye squint, nearly all of which resulted from the existence of left-handedness or stammering in some near relation.

Going further Dr. Inman states that stammering appears sometimes to have resulted from an attempt to make a right-hander use both hands equally well. This calls to mind that a few years ago a school was started in the United States where children were to be taught to use both hands, but this soon became nil. The theory expounded did not work out, and the project died a natural death.

The discoverer says it is quite common to learn that a squinter used to be a stammerer or left-handed in childhood without any trace being present when he grew up. There is much to be learned as to the cause of these relations between habits, but since a cure may be effected by simply reverting to the natural use of the hand, parents need not worry so much over the cause, rather decide on allowing the child a natural use of his hands, and in this trusting to Nature to make things come out right.

THE HEBRIDEAN COLONIZATION SUCCESSFUL

Regarded as One of Most Satisfactory Phases of Dominion Colonization in Recent Years.

The settlement of the Hebrideans in Western Canada has been one of the most satisfactory phases of Dominion colonization in recent years, regarded from all the various viewpoints. Canadian authorities have observed with the utmost satisfaction the rapid and complete assimilation of these island people in a strange environment and unfamiliar conditions, and the speedy manner in which they developed into productive farmers and real Dominion assets. The delegation from the Hebrides, headed by the Very Rev. Canon Macdonnell, which toured the Dominion last fall and closely investigated Hebridean settlement with a view to stimulating and expanding such colonization if found justifiable, expressed itself as completely satisfied with what had been accomplished and the happy and prosperous state of Hebridean settlers in Canada. Therefore, regarded from the standpoint of either country, any projected expansion of the migration from the Hebrides is to be viewed with gratification.

The Scottish Immigration Aid Society was formed by a group of philanthropic individuals who were keenly appreciative of the benefits of Hebridean settlement in Canada, and were desirous of extending it to the mutual advantage of Canada and Scotland. It was financed by these individuals in conjunction with the Empire Settlement Board. The society, since its inception, has been extremely active in the matter of settling Hebridean crofters in Alberta and nursing them on to success. It introduced a novel note into Canadian colonization by erecting a number of cottages on land in Alberta for the reception, assimilation and training of newcomers from the Hebrides, where the immigrant, after travelling the thousands of miles by land and sea, instead of facing hardships of pioneering, found a home awaiting him on arrival.

The Society's plans for 1925 are equally novel and ambitious. Recently, through taking advantage of the provisions of the Empire Settlement Act, the Society was able to complete the purchase of a substantial block of land just north of Vermilion in Alberta, consisting of nearly 30,000 acres. This block is diagonally intersected by the Cut Knife-Whitford branch of the Canadian Pacific Railway, which provides convenient and adequate transportation facilities. The block is situated in an Alberta area which has of late years become widely and favorably known for the variety as well as the high excellence of its farm products. It is the Society's aim to colonize this tract with Hebridean families under particularly favorable conditions.

Through funds secured by participating in the terms of the Empire Settlement Act, the Society is at present engaged in building houses on each quarter section of the block. As soon as these are ready one hundred and eighty families will be brought out from the Northern Scottish islands to occupy them. Everything will be found on their arrival in complete readiness for immediate residence, and the settlers be placed many years ahead as compared with ordinary pioneer settlement. Each family will be assisted in getting farming operations under way immediately with a loan of \$1,500. These arrangements, in combination with the proven qualities of application and perseverance possessed by Hebrideans, form the best augury for success.

The Scottish Immigration Aid Society is to be congratulated on its initiative in moving to take advantage of the settlement fund made available by the Imperial Government to continue its valuable work in Canadian colonization. In a consideration of the complete success of former Hebridean Colonization under less favorable circumstances, the scheme promises to be a very valuable contribution to Canadian agricultural

Mrs. Jerusha Alusha H. Richeard passed away to her rest quite suddenly on April 2nd. The funeral service was held at St. James Church on the 4th. The rector, Rev. Robert Atkinson, conducted the service, assisted by the Rev. F. L. Whitley, rector of Bedford. The interment was made in St. James' burying ground. There was a large assemblage of relatives and friends. Messrs. E. J. Scagel, Harvey Beatty, Asa Westover and M. S. Cornell were the bearers. There was a lovely display of flowers, testifying to the love and esteem of both old and young for this venerable lady. Mrs. Richeard was nearing the completion of her 90th year and was comparatively active to the last. Her husband, Mr. Samuel Fargo Richeard pre-deceased her eleven years ago. Mrs. Richeard had been a regular worshipper at St. James Church for over sixty years, and in spite of deafness and infirmity of later years she still loved to join in the worship of the church she loved so well and in this respect she set a noble example for both young and old to follow. Mrs. Richeard is survived by a son, Mr. Percy E. Richeard, of Stanbridge East, and one daughter, Mrs. F. J. Borden, of Bedford, five grandchildren and five great-grandchildren, and one great-grandchild.

At the regular monthly meeting of the Township of Bedford Municipal Council on Thursday afternoon the Council passed the taxation by-law for the year 1923. The tax rate was lowered from thirteen to twelve mills. This makes a lowering of the tax rate in the township of Bedford of three mills during the past two years. The Council also decided to hold their regular monthly sessions on the first Thursday evening of each month instead of the afternoon, until and including the October meeting, when they will again revert to the afternoon meetings for the winter months.

The community desires to express their appreciation of Mr. Ari Westcott's services as director, and the family are grateful for the manifestation of sympathy with them in their bereavement. Borden and Mr. and Mrs. Wilbur Borden, of Bedford; Mr. and Mrs. Neil Baker, Mr. and Mrs. Chas. Smith, of Stanbridge Ridge; Mr. and Mrs. S.H. Sornberger, and Mr. and Mrs. Stanley Cochrane.

Mr. F. Trotter of Montreal is here, visiting some of his old friends. Mr. Trotter's home was formerly in Bedford.

The Girl's Club of the High School, who are doing Red Cross work, with Miss Maude Barlett in charge, for the children in the Memorial Hospital, Montreal, sent a post card shower to one of its patients for Easter.

Mr. and Mrs. George Jenkins, with their daughter, Miss Kathleen, are guests for over Easter of Rev. F. W. Whitley and Mrs. Whitley. It is to be hoped that violent day there, in aid of the children's Memorial Hospital, Montreal, will meet with success, as it is for a worthy cause.

TUBERCULOSIS

STAMP out DISEASE by STAMPING out DIRT

DIRT IS DANGER. It is the breeding place of disease. Help us stamp it out.

Dirty homes and unclean places, rubbish heaps, tin cans, refuse, filthy stables and outhouses, stagnant water,—these are incubators of disease germs, particularly germ diseases like Tuberculosis and those other scourges that swell the toll of Infantile Mortality.

And, remember, it is not enough to have dirt removed from one place to another. See that it is destroyed for ever. Use your influence to have all rubbish and germ-breeding material removed and destroyed wherever found, in and about your own premises and those of your neighbour.

**THIS
WILL
do it**

No one is safe from disease germs. Those who live in careless surroundings are a menace to their clean neighbours!

**THIS
will
NOT**

"For germs travel—some in water; some in milk; some by air; thousands use the common fly as an airship. Others hop with the flea. Some of the most dangerous come with the sting of a mosquito, while your ten fingers are the favorite transport of many, many thousands from anywhere and everywhere direct to your mouth."

By sanitary living, fresh air and sunshine, we can reduce the ravages of the Great White Plague which in the last ten years took 50,000 precious lives in Quebec Province. We can positively reduce Infant Mortality which in a single year claimed over 11,000 children under one year of age.

Wherever, in Quebec Province, sanitary measures have been adopted, disease has been lessened, the death rate cut down, life lengthened, happiness increased. Our figures are there to prove it.

But we must realize, every one of us, that the fight against Tuberculosis and Infantile Mortality cannot be left solely to Government Agencies, Health Boards or Civic Bodies. It must become an individual fight!

So join in the fight, you who read this. Let us get together to stamp out disease. Let us clean up dirt and filth where disease germs breed and spread. First, in our own homes. Then help clean up our neighbourhood, our town!

TO ARMS—with the world's greatest weapons against disease—Fire, Soap, Water and Vigor!

Give little health talks every day to your children

Teach them to be clean, neat, healthy from childhood

ARE YOU TIRED?

There Are Two Kinds of Tired Feelings

One is that healthy, tired feeling which naturally follows a hard day's work. This condition is perfectly normal and healthy because rest comes easily. The body is restored to its normal power and activity by a good restful night's sleep.

The other tired feeling is sad evidence of physical disorder. The person who, after a normal night's sleep, awakes tired and depressed,—who is fatigued at the least physical exertion and who easily gets tired to the point of exhaustion—that person is in grave danger for he is completely run down. If this is your condition, what you should have is a good food tonic supplying the elements nature requires and which your digestive system is unable to extract from your ordinary food. Father John's Medicine is a scientific blending of cod liver oil with other valuable ingredients so as to give easily assimilated food to make new body tissue and build up new strength and health.

"Kellogg's ALL-BRAN" has entirely relieved me of constipation," writes grateful father

The ravages of constipation can be promptly stopped. Here is signed evidence.

Mr. Hunt's case is typical of thousands of others who have found habit-forming pills and drugs of no avail in seeking permanent relief from constipation. Read this interesting letter:

Kellogg's ALL-BRAN has entirely relieved me of constipation. Before I started using ALL-BRAN I was a regular guy in taking pills—always getting something to bring relief. Now I never touch them. I fully recommend it to anyone to relieve constipation as you advertise on the package. My daughter also eats ALL-BRAN and can see her health improve. (Signed) S. V. HUNT. (Address on request).

AT THE PREMIER THEATRE
"Zeebrugge," a picture dealing with one of the most important epochs of the Great War, was shown at the Premier Theatre yesterday and will be presented again today and tomorrow.

The production of this picture was made possible through the co-operation of the British admiralty, who not only allowed the use of official films taken at the time before the Zeebrugge Fleet set out, but also of films taken of the Fleet on its return to Dover on the morning after the raid.

This picture also holds the unique distinction of being the only film so far which has been patronized by Their Majesties The King and Queen, who, it will be remembered, paid their first visit to any cinema when they saw the first public presentation of "ZEEBRUGGE" in London.

The theatre was crowded last evening and no one showed miss this thrilling historic picture.

AT THE CASINO THEATRE
The Casino Theatre management offer as a feature attraction for today and tomorrow "The Air Mail," featuring Warner Baxter, Billie Dove, Mary Brian and Douglas Fairbanks, Jr.

Pyorrhea's price

Pyorrhea is a disease of the gums—not the teeth

You may take good care of your teeth and still
get Pyorrhea. Once Pyorrhea secures a firm hold, pus
pockets form, gums become weak and flabby, the
teeth loosen and fall out no matter how white and
sound they may be.

Forhan's means healthy gums

It contains the right proportion of Forhan's Astringent,
as used by the dental profession in treating
Pyorrhea. Forhan's protects the gums, keeps them
in a firm, healthy condition, and leaves the mouth
sweet, fresh and wholesome. If you don't care to
discontinue your regular tooth paste, at least brush
your teeth and gums once a day with Forhan's.

Forhan's is more than a tooth paste; it checks

Miss Lucia Knowlton, of Montreal, Miss Doris Frizzle, of Marleton, Mr. and Mrs. C. E. Soles and son, Maitland, of Sherbrooke, were among the week-end and holiday visitors here.

On Friday afternoon a team representing the village defeated the high school football team by a score of 5 to 3. Several of the high school boys had never seen the game played before, while the village team were mostly Old Country boys who had had some experience. Although the score represents the quality of the play, still the school did most of the pressing, but lacked the necessary finish when in front of goal.

"THE ONE WHO STOOD BY"

A NEW SERIAL STORY
BY RUBY M. AYRES.

CHAPTER III.

Continued

"It was my mother's," he said awkwardly. "I'm afraid it will be too large for you—but if you wouldn't mind wearing it—"

She shook her head; there were tears in her eyes.

"I couldn't."

He flushed with swift mortification.

"I should take it as—a great honor," he pleaded.

She submitted silently, then suddenly she broke out with a touch of angry passion.

"It's all so—horrible! When we know what we do."

She rose and walked away to the window; she was fighting hard for her self-control. She had not realized how hard it would be to play this game. Presently she managed to laugh.

"It's only pretence, after all; we're taking it much too seriously. A week or two, and then it will all be over."

She came back. "Does your shoulder hurt very much?"

"It does rather. I asked them to let me go home, but they say I must stay here for a day or two. I expect my brother will be coming along to see me some time."

"Your brother? Oh, then I must go," Nina said hurriedly.

"He probably won't come till the afternoon," Chancellor said. "Please don't go yet. Besides, I should like to introduce you to him."

Nina's face flamed.

"As your future wife?" she demanded, trying to laugh.

There was a dead silence. Chancellor was vaguely conscious of something much greater and deeper than natural embarrassment between them, and yet he was at a loss how to account for it.

Then as they looked silently at one another there was a step outside and a knock at the door before it opened to admit Lambton.

"Hullo, you two!" He came forward and stood at the foot of the bed.

"I've called for Miss Dane," he announced. "I left her for half an hour, but it's nearer an hour now. How are you, Chancellor?"

"Pretty fit, thanks."

"Good! Well, if you're coming back with me, Miss Dane, I'm afraid I must ask you to come now."

Nina hurriedly picked up her gloves.

"I'm ready now, at once," she looked at Jeffery. "I'll say goodbye to you for the present then." She took his hand.

Lambton laughed rather loudly.

"Don't mind me!" he said banteringly. "Don't mind me! I've been engaged myself. Kiss him if you want to, Miss Dane."

Nina turned round, angry words rising to her lips. The she met the cynical amusement of his eyes, and grew suddenly calm.

"Well—if your sure you don't mind," she said with a light laugh, and, bending she kissed Jeffery Chancellor on the lips.

CHAPTER IV.

Through all her desperate confusion Nina was quick to notice that Jeffery Chancellor moved his head back from her on the pillow as if in resentment, and when she turned away her face was burning with shame, and she could hardly see as she followed Lambton down the stone staircase and out into the street.

"He looks a bit seedy still, doesn't he?" Lambton asked, as he helped her into the car. His voice was kindly, and his eyes sought her face with a sort of cynical pity.

"I daresay it was a bad shock," Nina answered with difficulty.

"Chancellor was always a reckless driver," Lambton remarked. "I suppose, though you won't admit it, it was entirely his fault the accident happened."

Nina shook her head.

"I don't know. At least, we thought it was the steering wheel that went wrong."

"I see. Well, you are lucky things were no worse."

Lambton glanced down at the hands folded in her lap.

"I see you are wearing Chancellor's ring."

Nina's right hand closed protectively over her left. "It was his mother's," she said. "He asked me to wear it till he could get me another."

"I see." There was a heavy frown on Lambton's face, and after a moment he said diffidently: "Miss Dane pardon me if I seem to be impertinent—I don't mean to be—but have you ever seriously thought about the future?"

"The future?"

She repeated his words without comprehension.

"Yes. It's no business of mine, I admit; but, as I have told you before, I look upon you as a friend, and—as it is pretty generally known that Chancellor has no money."

"I know; but I have enough for us both."

Lambton's lips folded into a grim line, and, guessing his thoughts, Nina cried out:

"You mean that he has become engaged to me for my money?"

"I mean what I told you last night, that you are too good for him."

There was a little silence, then Nina said with angry pride:

"Mr. Lambton, please do not say that to me again. If I ever marry Mr. Chancellor it will be because I love him, and for no other reason, and because I know that he loves me."

"Chancellor is a lucky man," Lambton answered. He looked down at her. "You are not angry with me?"

Nina shook her head.

said presently. "Looks a bit of a wreck, poor chap. I should say that he is in far greater pain than he will admit."

His eyes were on his wife as he spoke, but she gave no sign that she heard or was affected by his words.

"He wanted the hospital people to let him go home," Nina struck in, in the hope of helping Fay, "but they said he must stay there for a few days. He was expecting his brother to see him."

"His brother!" Fay looked up quickly. "You don't know his brother do you, Nina?"

"No."

"You'll hate him," Fay attacked a morsel of chicken on her plate with unnecessary vigour. "He's a brute," she declared. "He hates me too. I read disapproval in his eyes every time we meet."

Lambton laughed.

"My dear child, you imagine these things," he said lightly. "Why on earth should Stephen Chancellor dislike you?"

THAT tea and coffee are one hundred
times more harmful to children
than to grown-ups, is the message
continually pounded home by medical
science, with all the force and authority
at its command.

Giving a child hot water with a little
tea or coffee in it is dangerous because
these are powerful stimulants—not
food.

Tannin and caffeine in tea and coffee are
harmful. These agents may work fast or
slow. Yet sooner or later their poisonous
effects are certain, sure!

Give the whole family Instant Postum every
meal. Children like this full-flavored hot
drink so beneficial not only before they start
for school, but at every meal. For Mother
and Dad, too. Instantly made in the cup with
boiling water at a cost of about half-a-cent.
Then there is Postum Cereal, made by boiling
twenty minutes. Your grocer has Postum.

MERE SAVING NOT ALL OF THRIFT; WISE SPENDING JUST AS VITAL

By S. W. Straus, President American Society for Thrift

Much harm often is done by those who seem to feel that thrift means merely denying ourselves pleasures and comforts in order to put aside sums of money. Let us see what the situation actually is with regard to our savings.

Money that is saved means merely that it has been diverted to useful channels. Instead of being spent for purposes that will do us no good as often is the case, or that may do us harm, our savings are spent constructively.

Even accumulations put in a savings bank are immediately invested for us. The institution acts as our agent in making use of our savings until such a time possibly as we may desire to withdraw our deposits from the bank and invest them in a home, a farm, a business, or in some other worthy manner.

Thus the essence of real thrift is correct spending.

We have at one extreme of the scale the miser who hoards his

money not for useful purposes, but merely for the selfish lust of piling up wealth. At the other end of the scale we have the spendthrift. The money in his hand possesses certain definite values of purchasing power, but

he has no appreciation of these values or their relative importance. Hence, he dissipates his money as fast as he receives it.

The thrifty man embodies the qualities that are lacking in the miser and in the spendthrift. He is well balanced where they are out of poise. He can see facts to which

they are blind.

To be thrifty is neither to spend all nor to save all.

Thrift is the conserving of each resource that it may be used and invested to the best advantage.

This is why the thrifty man never stands still. He is ever moving onward and upward on the pathway of success.

Thrift and progress are synonymous.

News quickly spreads. After a sleepless night, a hero suffering from toothache, told of his woes to an enthusiastic believer in the Coue system of optimistic autosuggestion.

"You must repeat and over again this phrase, 'Get thee behind

me pain," he was told.

"What!" gasped the disappointed man, "and get lumbago? No jolly fear!"

PREMIER KING IS BACK FROM TRIP TO SOUTH

Presided Over Cabinet Meeting—Budget Debate Can Scarcely Be Concluded Before April 24.

OTTAWA, April 14.—Premier MacKenzie King presided over the first meeting of the cabinet to be held since his return from a visit to the South this morning. Hon. George P. Graham, Minister of Railways and Canada, who suffered from a slight illness during the Easter holidays, was present.

MANY TO BE HEARD ON BUDGET.

OTTAWA, April 14.—The budget debate, which has been the chief concern of the House of Commons since March 24, can scarcely be concluded before April 24. Fifteen members of the Progressive party and the same number of Conservatives have informed their party whips of a desire to speak. The government, it is understood, has some eighteen or twenty members who are prepared to speak on the budget. From present indications it seems quite probable that debate may reach into the last week of April.

Hon. James Murdock, Minister of Labor, will be the first speaker this afternoon.

The conservative speakers this afternoon will be W. R. McQuarrie, Conservative member from New Westminster. He will be followed by J. W. King, Progressive member from North Huron.

New York Tribune—Moderate gains in the stock market were attained yesterday in the face of another selling movement in grain, a development that was interesting as indicating that the daily fluctuations in wheat do not have the influence on stock that was evidenced during the heavy liquidation of a few weeks ago.

Wall Street Journal will say to day:

Coca Cola had good first quarter. Earnings nearly double common dividend requirements for period. Sears Roebuck earnings 10 per cent ahead of last year. Business in better condition than ever. No stock split up at present.

Burns earned dividends with something to spare. Will recommend regular dividends tomorrow.

Maxwell Motor earnings gain. Annual report reflects improvement. Canadian Pacific among financial status. Large surplus over \$42,000,000 in cash. Land sales used for new financing.

MONTREAL LIVE STOCK MARKET QUOTATIONS

Prices Paid for Cattle and Other Live Stock at the Montreal Stockyards—Other Details.

(Associated Press Despatch.) MONTREAL, April 14.—There were 22 cattle, 16 lambs, 757 hogs and 2,638 calves for sale on the two markets this morning. Trading was slow on everything except hogs. There were no good cattle, and a few common dairy type cows were sold from \$3.50 to \$4.25. Receipts of calves were sharply increased and trading was very slow. A few early sales were made at \$5.85 to \$6 with one lot at 6.25, but as more cars continued to arrive, buyers were offering \$5 and \$5.25 for straight lots without much consideration as to quality. Hogs were in good demand and sold from \$14 to \$14.35. A few were delivered at yesterday's top price of \$14.50. The same figure, \$14.50, was offered for selects yesterday, but no sales were made on that basis and the hogs were still on the market today.

SMELTERS AND DOMINION BRIDGE STRONG TODAY

(Associated Press Despatch.) MONTREAL, April 14.—The opening of today's stock market was featured by strength in Consolidated Smelters and Dominion Bridge. The former rose 1 1/2 to 68 1/2, while the latter gained 2 to 93. Other leaders were not much changed. The more important were Abitibi, off 1/4 at 65 1/2, Atlantic Sugar, up 1/2 to 29, National Breweries, unchanged at 50, and Brazilian, up 1/4 to 50 1/2.

IRREGULAR TONE TODAY ON NEW YORK EXCHANGE

NEW YORK, April 14.—Stock prices moved irregularly higher at the opening of today's market. Du Pont opened up 1 1/2, Famous Players advanced a point, and United States Steel common, American Can and Studebaker showed small fractional gains on initial sales. American Sugar Refining touched a new 1925 top at 71 1/4. Maxwell "A" fell back 1 1/2 points on profit taking.

MAJOR LEAGUE
TEAMS GO UNDER
THE WIRE TODAY

Most of Managers Will Send
Their Pitching Aces into Action
in Opening Contests.

(Associated Press Despatch)
NEW YORK, April 14.—Greater
New York's major league baseball
teams, opening the 1925 season at
home today, called upon their pitch-
ing aces to bring them victory.

Manager Huggins announced his
intention to pitch Urban Shocker, the
former St. Louis moundman, against
the World's Champion Washington
club at the Yankee Stadium, while
Brooklyn's choice for the job in the
Dodgers' opener against the Phillies
at Ebbetts' field was Dazzy Vance.

Steve O'Neill, the former Cleve-
land and Boston veteran, was sched-
uled to handle Shocker's curves be-
hind the plate. There was a possibil-
ity that a last minute switch in Hug-
gins' plans might find Sam Jones
in the box for the Yankees, in which
event Wally Schang would do the
receiving.

Manager Harris selected George
Mogridge, seasoned left hander, to
oppose the Yankees, with Ruel catch-
ing. Should Mogridge not look fit
to Harris in the warm up, he inti-
mated Zachary would be called upon.

Manager Fletcher favored Jimmy
Ring to pitch for the Phillies with
Henline behind the plate. Deberry
will receive from Vance.

The Yankees will have to face the
Senators today without Babe Ruth,
who is still in the hospital and the
backbone of their infield defense.
Everett Scott, There was little hope
in the New York camp that their
veteran shortstop would be able to
take the position he had filled in
1,291 consecutive games, owing to a
pulled muscle in his groin.

Snapping of Scott's remarkable
string of straight games today would
mean the first break in a record
which had its inception in a contest
on June 20, 1916, when he was a
member of the Boston Red Sox.

Opening day plans and preparation
in other big league cities as reported
in despatches received here today
follow:

At Boston.—Cloudy with showers
late in the afternoon, was the weath-
er forecast. The Braves will bat-
tle the Giants. Jess Barnes will
pitch for the home outfit and it is
expected that Nain will take the
mound for the New Yorkers.

At Philadelphia.—Connie Mack
plans to send the Athletics' new
\$150,000 battery, Groves and Coch-
rane, against the Boston Red Sox in
the opener. James Pole, another new
comer, will be on first base for the
Mackmen, in place of Joe Hauser,
who is out of the game with a broken
knee cap. Ferguson on the mound
and Piench behind the bat is the
probable battery for the Red Sox.

At Detroit.—Warren Collins was
manager Cobb's pitching choice, with
Johnny Basler catching. Faber and
Crouse are regarded as likely selec-
tions for Chicago.

At Cincinnati.—The St. Louis Cards
and Reds are all set for the first
championship round this afternoon.
Allan Sotheron and Peta Donatus
were the choices of their respective
managers to do the hurling. Unsettled
weather was forecast for the day.

At Chicago.—Fair weather today
brought predictions of an attendance
of 32,000 fans at the season's opening
game between the Chicago Cubs and
Pittsburgh Pirates. The veteran
Grover Cleveland Alexander, right
hander, will likely oppose Emil Yde,
left handed youth. The game is the
major league debut of George Mc-
Auley, Los Angeles veteran, plugging
in the hole at shortstop, left by the
injury of Rabbit Maranville. Den-
ver Grigsby, who has a broken collar
bone, also was missing.

At St. Louis.—For the opening
game of the American League season
here today, Manager George Sisler,
of the Browns, line up a team to op-
pose the Cleveland Indians similar
to that one that he used throughout
the spring series with Bullet Joe
Bush picked as the starting pitcher.
It was probable that he would work
against Sherrod Smith.

LENNOXVILLE FOOTBALL CLUB
HELD MEETING

The members of the Lennoxville
Football Club held a very successful
meeting last evening, with the vice-
president, Mr. C. E. Boddy, in the
chair. There was a large number of
enthusiasts on hand to discuss the
several matters that were brought
before the club. Arrangements were
completed for the first game, also
for a social evening to be held on
Friday evening, April 24th.

BASKETBALL

QUEBEC C.N.R. vs. SHERBROOKE
Y.M.C.A.

Quebec C.N.R., the finalists in the
Provincial Basketball League, got
something of a jolt on Saturday when
the local Y.M.C.A. team beat them
by a score of 39 to 26. In the first
half, with exceptionally fine work
by all the players, one of the fastest
periods of basketball was seen, both
teams putting in all they knew and
keeping the spectators in a whirl of
excitement. Unfortunately for Y.M.
C.A. McCaw, after only one minute's
play, had his leg badly sprained and
was out for the remainder of the
first half. However, after a rest
he went in the second half and gave
a splendid exhibition of basketball.

At the close of the first period
the score stood 22 to 18 in favor of
Y.M.C.A. and in the opening of the
second period Quebec made a desper-
ate effort to reduce the locals' lead,
but with the splendid defence of
Grime, Bryce and Macdonald the C.
N.R. hopes were soon dashed, and
with the splendid combination of Mc-
Caw, Bryce and Loughheed the lead
of the "Y" was increased from four
to thirteen points.

The outstanding player in the
game was without doubt B. Grime,
who played one of the best games
that he has ever shown. Starting
with him was K. Bryce, who has just
returned from Belleville, Ont., and
showed that he had lost none of his

pep. The star man for Quebec was
McTeer, who gathered in no less
than sixteen points. At the close of
the game, with a victory so decisive
regret was expressed that the Y.M.C.
A. team, having beat the finalists of
Montreal and also the finalists in the
Provincial League, could not have
been entered for the Provincial
hampionship. The games on Satur-
day was splendidly handled by J. Cor-
field.

The line-up:
C.N.R.—Young, McTeer, W. Mc-
Teer, Devine, Dobson and Foster.
Y.M.C.A.—McCaw, Loughheed,
Bryce, Cross, Pearson, Grime, K.
Bryce, Macdonald.

LADIES' GAME

A very good game was staged on
Saturday evening, when a team of
Y.M.C.A. ladies' basketball players
met the K. of C. ladies, defeating
them by a score of 33 to 2. This is
the first game that has been played
between the two groups and some of
the K. of C. ladies had not before
played in any game. The star of the
game was Mrs. Lunn, who was re-
sponsible for nineteen of the points
scored by the "Y" players. Miss War-
dleworth also showed great ability
and the "Y" defence was almost im-
penetrable. Miss Veilleux was the
only one on the K. of C. team to
score. The K. of C. ladies are look-
ing forward to future games when
the hope to show much better basket-
ball.

The line-up:
K. of C.—E. Veilleux, E. Gendron,
B. Lawrence, E. Murray, E. Steele,
A. Walsh and A. Wilkinson.
Y.M.C.A.—Mrs. Lunn, Misses
Wardleworth, Croft, Cutter, Odell,
Grime and McGinty.

This game was handled by W.
Peake.

SPORTING NOTES

NURMI IS SUSPENDED

(Associated Press Despatch)
NEW YORK, April 14.—Paavo
Nurmi, Olympic middle distance run-
ning champion, has been suspended
by the Western Association of the
Amateur Athletic Union for failure
to appear at the Knights of Colum-
bus games in St. Louis yesterday.
Nurmi, who suffered from a cold
in his recent races in Ottawa and De-
troit, is now at the home of a rela-
tive here. Secretary Rubien, of the
A. A. U., made a personal investi-
gation and wired the St. Louis offi-
cials that he was reluctant to insist
that Nurmi make the journey.

President Hulbert, on receipt of
the news that the Finn had been
suspended, telegraphed a request
that the Western Association recon-
sider its action.

discussing either the best way to win the pennant or why they both failed
to break 90 in the morning golf round. One is about as important as the
other.

ST. PETERSBURG, March 26.—Three of the New York Yankees
"Big Five," Hoyt, Jones and Shawkey, are straightaway pitchers. They
depend on speed, the curve and a change of pace for success. Herb
Pennock is a southpaw and Urban Shocker a spitball pitcher.
Neither Hoyt, Jones nor Shawkey came up to expectations last
season. Miller Huggins is hopeful the trio will turn in at least 20 more
victories than last season.

McTIGUE TO MEET BERLEN-

(Associated Press Despatch)
NEW YORK, April 14.—Mike Mc-
Tigue, world's light heavyweight
champion, has signed a contract to
meet Paul Berlenbach, New York
light heavyweight, in a fifteen round
match at the Yankee Stadium on
May 29th, according to an announce-
ment by Tex Rickard. The match
will be for the world's championship.

The teacher was asking the class
what were the opposites of differ-
ent words.
"Now, tell me," she said, "what
is the opposite of misery?"
"Happiness!" said the class in
unison.
"And of sadness?" she asked.
"Gladness," came the answer.
"And the opposite of woe?"
"Gee up!" roared the delighted
class in high glee.

EASTER SERVICES IN THE
METHODIST CHURCH

The Easter Sunday services in
the Methodist Church were very
interesting and helpful. Large con-
gregations assembled both morning
and evening, while the special ses-
sion in connection with the Sunday
School brought out more than 250
people. At the morning service the
by choir rendered "Christ Our Pas-
sion" by Tours, and "They Have
Taken Away My Lord" by Steiner.
Mrs. F. H. Bradley sang "I
Know That My Redeemer Liveth."
The theme of the sermon by the
pastor, Rev. Dr. W. S. Lennon, was
portended the congregation from the

"Christ and Barred Doors." The
sermon emphasized the fact that
the Christ of the Church is a living
Christ, who showed himself after
His resurrection and still shows
Himself to be the same kindly,
loving, and helpful Jesus His early
disciples had found Him to be a
Christ who still passes through the
barred doors of convention, fear,
prejudice and despair to bring
strength, cheer, and hope to His
people.

The evening service was altogeth-
er choral, the choir rendering
superbly Du Bois' "Seven Words of
Christ," under the direction of
Prof. Havard, Mrs. Bradley, Mr.
Stewart, and Mr. Ernest Armitage
taking the solo parts of the orato-
rio. The work of Mr. Gault Par-
ker at the organ was very much
appreciated by the large audience,
which did not find it hard to visu-
alize Calvary with the aid of the
suggestive music. The final hymn,
"The strife is o'er, the battle done,
Hallelujah," very effectively trans-
ported the congregation from the
sorrow and gloom of Calvary to
the brightness and joy of the first
Easter morning.
The Sunday School service in
the afternoon at 2:30 p.m., was an
open session, the programme con-
sisting of a song by the Beginners'
Department, an acrostic by nine
Primary boys, a song by some of
the girls of that department, a
song by the Junior pupils belong-
ing to Miss Woodward's class, a
recitation by Miss Olwen Davies,
and the telling of an Easter story
by Miss Holding. The Scripture
Lesson was read by Master Douglas
Armitage. The interest of the ser-
vice was added to by the fact that
two little children of the congrega-
tion were baptized during the
hour, one a little girl and the other
a little boy. The offering, a special
Easter thank offering for missions,
amounted to over \$81., and will
probably be raised to the hundred
dollar figure by gifts that are still
expected. The Sunday School will
exceed its objective of \$500., for
Missions this Conference year.
