Thirty-Seventh Year

APPROVAL GIVEN UNEMPLOYMENT RELIEF ACT AFTER BITTER DEBATE

Seven Progressives Joined With Government to Extend Legislation Now in Force and Give Government Broader Powers—Majority of Forty-Three Recorded—Up to Very Last Minute Opposition Leader Registered His Objections—Hon. H. H. Stevens to Resume Budget Debate Today.

Ottawa, March 28.—With the contentious Relief Bill finally approved, the House of Commons today resumes debate on the budget. Hon. H. H. Stevens, Minister of Trade and Commerce, will be the first speaker, and will reply to the attacks made on the Government's financial administration last week by Hon. J. L. Ralston, Liberal member for Shelburne-Yarmouth, and G. G. Coote, United Farmer representative for McLeod, the Opposition financial critics.

Up to the very last minute Rt. Hon. W. L. Mackenzie King, Liberal leader, continued to protest against the Relief Bill. Just before it received third reading last night he re-stated his objections to it and insisted on a roll call vote which gave the Government a majority of forty-three. Seven Progressives voted with the Government and three Laborites joined the Liberals in voting against the bill, which extends the relief legislation now in effect for another year and adds to the extraordinary powers reposed in the Government.

Mr. King had two chief objections to the bill. The powers given the Government to preserve "Peace, Order and Good Government" in Canada were dictatorial powers, he claimed.

There was no need for a dictatorship in Canada. British peoples in the past had been content to place their trust in parliamentary institutions, and the destruction of power of Parliament was a retrograde step.

Further, he claimed the system under which relief is administered is entirely wrong. The Dominion contributed money to the provinces, who spent it as they chose. The principle of responsibility was lacking as one authority raised the money and another spent it. This encouraged the provinces to embark on projects which they would not ordinarily undertake just to secure Dominion funds and enabled them to retain services which their own tax revenues would not support.

Passing of a bill to amend the Dominion Notes Act to permit the Government to suspend gold payments on Canadian currency gave rise to a general discussion of the currency question and the gold standard. There was little contention about it and the bill received third reading without opposition.

During the course of the debate on the proposals to amend the Dominion Notes Act, Premier Bennett presented a rather interesting lecture on the growth and development of the present monetary system. He gave some figures showing the extent of the Dominion note circulation, the total being \$175,701,103.19. Then he stated that the gold holdings of the Department of Finance amounted to \$72,581,827.82, of which \$70,257,103.19 was against notes as required by Dominion notes, and \$2,324,724.63, representing ten per cent. of the savings bank deposits, and an excess of statutory requirements of \$1,224,724.63. The \$70,257,103.19 was made up as follows: \$50,000,000.00 25 cents on the dollar, or \$12,500,000.00; then the \$50,000,000.00 deducted from the total outstanding, exclusive of the special sums authorized by statute, leaving a balance of \$57,757,103.19 for which there was no pay dollar for dollar. This gave a total of \$70,257,103.19 which was covered by gold. Then there was \$68,000,000 which went for loans and advances to the railway companies during the war and which had no metal coverage. All there was left and this was the country's promise to pay.

Asked by George G. Coote, Progressive, MacLeod, if any gold applications had been refused by the Department of Finance Hon. E. N. Rhodes, the Minister, said he could not go so far as to say that the department had refused to redeem notes in gold. Pressed by Hon. W. D. Euler, Liberal, North Waterloo, as to whether or not the department would have refused had permission been asked Mr. Rhodes simply replied that the department had "driven" "jealously to guard our gold supply."

Hon. Charles Stewart, Liberal, West Edmonton, "If that is the case, the department was refusing not on the ground that it refused to redeem in gold, but on the ground that it would not allow export of the nation's gold." He stated that it was not a fact that during the period of suspension of export it has actually been refusing to redeem its notes in gold.

Mr. Rhodes: "That has been largely the effect. Of course, the committee will readily understand that if there were not an embargo on the export of gold and were it not for the fact that it could only be exported under license our gold supply in Canada would not last one day; there would not be a dollar left."

Strongly repudiating the suggestion from one or two Opposition members that issuance of money, such as was done during the war, might be of advantage now Premier Bennett said: "I do not believe that the 10,250,000 people on the north-western side of the continent, living side by side with the richest nation in the world, carrying on business in a given way, can afford to depart from generally orthodox views with regard to financial matters, when we have obligations aggregating so large an amount payable abroad. One of our insurance companies has a billion dollars at risk in the United States. We have, in the Canadian National Railways, guaranteed securities amounting not to millions but hundreds of millions all held by people abroad, and held by people on this continent in the United States."

TODAY IN PARLIAMENT.

Ottawa, March 28.—The Senate today will resume sessions after a week's adjournment, and the House of Commons will continue debate on the budget.

The House yesterday passed on third reading the bill to permit suspension of gold payments on Dominion notes without division, and a vote of 89 to 46 passed third reading of the bill to extend the Relief Act another year.

Premier R. B. Bennett explained the Government's currency policy and the need of sticking to the gold basis while Canada has external debts to meet.

Rt. Hon. W. L. Mackenzie King, Opposition leader, denounced the "Peace Order and Good Government" clause of the Relief Bill and protested at what he called the setting up of a dictatorship in Canada.

PREFERS JAIL LIFE

Salt Lake City, March 28.—After a week's vacation, taken unannounced, Mary Barker is back home, working for her shelter, food and clothing in the place she chose twenty-five years ago for her abode—the city jail. Life outside the jail, she announced, was too arduous.

HITLER REPLY TO WORLD PROTEST AGAINST JEWISH POGROM AWAITED

Disorders Reported in Many Parts of World as Jews and Representatives of Other Creeds Hold Mass Meetings of Protest Against Reported Atrocities—Al Smith Advocates Giving Anti-Semitism Same Treatment as the Ku Klux Klan.

After a day of mass protest, Jews throughout the world watched today the situation of their brethren in Germany, where the Government launched an "anti-Jew" campaign.

Alleged mistreatment of Jews in the Reich was protested at meetings held in many parts of the world. In New York more than 22,000 packed Madison Square Garden, and there was an overflow crowd of many thousands.

Alfred E. Smith, addressing this meeting, said Jews are "a peace-loving class of citizens that have been helpful to every country they inhabit," and declared the "only thing to do with anti-Semitism is to drag it out in the open sunlight and give it the same treatment we gave the Ku Klux Klan."

Twenty Jewish physicians were ousted last night from Berlin hospitals. Chancellor Hitler's Nazis announced a move to boycott Jewish business in Germany in answer to foreign threats of boycotts against German goods.

The Nazi Minister of Propaganda, Joseph Goebbels, announced "sharp counter-active measures" would be taken against those responsible for reports of anti-Semitic atrocities.

Young Fascists stormed a gathering of Jews in Sofia, Bulgaria, and fifteen people were hurt. At a protest meeting in Buenos Aires, German Nationalists threw petrol and tear gas bombs, and several persons were injured.

The New Jersey Legislature passed a resolution protesting what it called death and imprisonment of Jewish nationals by the Hitler Government.

At Albany, N.Y., Governor Herbert H. Lehman said he felt American sentiment concerning the treatment of Jews in Germany was that the "great principles" of liberty should be maintained.

He said there was no animosity to the great German nation. This point was also stressed by Rabbi Stephen S. Wise at the New York meeting. Other speakers in New York were Bishop William T. Manning, of the Protestant Episcopal Church; Bishop Francis J. McConnel, of the Methodist Episcopal Church; and William Green, president of the American Federation of Labor.

Hon. Charles Stewart, Liberal, West Edmonton, "If that is the case, the department was refusing not on the ground that it refused to redeem in gold, but on the ground that it would not allow export of the nation's gold." He stated that it was not a fact that during the period of suspension of export it has actually been refusing to redeem its notes in gold.

NEW YORK DEMONSTRATION ATTENDED BY ALL CREEDS

New York, March 2.—The Jews of New York, their thousands augmented by representatives of other races and creeds, overflowed Madison Square Garden and the streets about it last night and vented their protest against anti-Semitism of the Hitler Government in Germany.

The theme of indignation was sounded by Rabbi Stephen S. Wise, honorary president of the American Jewish Congress.

"This protest is not against the German people, whom we love and revere," the noted rabbi said. "It is not against the political program of Germany, for Germany is a master within its own household, but solely against the present anti-Jewish policy of the Nazi Government."

Al Smith told the big gathering the "only thing to do is to drag the whole situation out in the open sunlight and give it the same treatment we gave the Ku Klux Klan." Then he shouted: "It makes no difference to me whether it is a brown shirt or a night shirt." He went on to say it gave him great satisfaction to raise his voice against "intolerance, bigotry and

MUSSOLINI'S PEACE PROPOSAL IS DEFENDED BY PREMIER DALADIER

French Prime Minister Supported by a Cheering Chamber of Deputies When He Replied to Opposition Attack on Four-Power Plan—Refused to Discuss Details, But Pledged to Parliament that Nothing Would Be Concluded Without Its Knowledge.

Paris, March 28.—Premier Daladier, supported by a cheering Chamber of Deputies, today defended Prime Minister Ramsay MacDonald, of Great Britain, and Premier Mussolini, of Italy, against an opposition attack in the chamber on the Italian premier's "four-power peace plan."

The attack culminated in an expression by Deputy Henry Franklin-Bouillon that the four-power peace plan was an "abominable collusion between Mr. MacDonald and Signor Mussolini."

By a vote of 369 to 212 the Chamber postponed interpellations made to the Foreign Affairs Committee and partially endorsing Premier Mussolini's four-power plan.

The Premier refused to discuss the plan, but pledged to Parliament that nothing would be done and nothing concluded without its knowledge.

He declared "France fears no menace on any frontier."

Foreign Minister Paul-Boncour, who in a speech on Sunday declared "peace or war is at stake in the months in which we are living," had previously minimized the statement by saying that there is no present cause for alarm.

FIFTEEN KILLED IN WRECK OF A BIG AIR LINER

British Plane Crashed to Ground in Belgium, All Passengers and Members of Crew Being Lost.

Brussels, Belgium, March 28.—Fifteen persons were killed today in the wreck of an Imperial Airways passenger liner near Essen.

Eleven of the victims were English.

The plane, bound from Cologne to Croydon, England, by way of Brussels, was the tri-motored "City of Liverpool."

She carried twelve passengers and a crew of three. All perished when the ship crashed in flames.

The cause of the accident was not immediately determined.

The plane had stopped at Ilaere, an airfield on the outskirts of Brussels, taking off at 3.36 p.m. for Croydon. The crash occurred less than twenty miles north of Diksmuide.

Assistance arrived quickly, but too late to help the victims.

The burned bodies of the pilot, mechanic and four passengers, one of them a woman, were recovered from the wreckage.

Persons who saw the ship fall said it burst into flames and dropped like a spent rocket. It fell in a farmer's field.

The bodies of four of the dead were found at some distance from the plane. Apparently they had jumped.

THOUSAND ARRESTED IN BRUNSWICK AND "STEEL HELMET" ORGANIZATION BANNED FOLLOWING ALLEGED COUNTER-REVOLT PLAN.

Brunswick, Germany, March 28.—The first counter-revolt plot within the ranks of supporters of the two-months-old Hitler Government was reported uncovered today with 1,350 men under arrest.

A state-wide ban on the "Steel Helmet" war veterans, allies of the Nazi brown-shirted storm troops since the creation of the Hitler coalition cabinet, was declared.

Those arrested included two hundred "Steel Helmeters," who had been in the military police along with the Nazi storm troops. The remainder under arrest were mostly youthful Socialists and Communists.

Franz Selbte, the one-armed leader of one million "Steel Helmeters" throughout the country, stated in Berlin early today that he was convinced of the trustworthiness of the organization's leader in Brunswick. This leader, Dr. Schrader, however, was roused from his bed early this morning in Wolfenbuettel, Brunswick, and placed under arrest.

Selbte is also Minister of Labor in Chancellor Hitler's cabinet, which heretofore has presented an outward picture of perfect harmony. The Nationalists, including Selbte, in the cabinet far outnumber the Nazis, and that Monarchist party is closely affiliated with the "Steel Helmet" organization.

STEEL HELMETERS' REVOLT IS NOT TAKEN SERIOUSLY

Berlin, March 28.—National headquarters of the "Steel Helmet" war veterans organization today viewed the reported revolt of their forces in Brunswick as merely a local fight with the Nazi storm troops.

"The Nazis apparently lost their nerves over reports of an alleged influx of radicals into the steel helmet ranks," said a headquarters spokesman. The Nazi Minister of Interior in Brunswick said the Steel Helmeters, who have been allies of the Brown Shirts in supporting the Hitler Government, were combining with radicals to fight the Nazis.

CARBON MONOXIDE FUMES TAKE TWO LITTLE LIVES

Children Crawled Into Back Seat Apparently to Sleep as Father Worked on His Car.

Kansas City, March 28.—Burris R. Alley was repairing an automobile today with the motor running while his two children, nine-year-old Burris, Jr., and seven-year-old Marie Louise, played about him.

Later he noticed they had crawled into the motor car and apparently were asleep. Attempting to awaken them, Alley discovered the children were dead, apparently from carbon monoxide fumes.

THE WEATHER

WEDNESDAY FAIR

The Atlantic storm is now centred some distance southeast of Cape Breton, having caused strong north-east winds and gales with snow in the Maritime Provinces and easterly gales with rain and snow in the Great Lakes and relatively low towards the Pacific coast. The weather has been rather cold with snow flurries in Manitoba and fair and comparatively mild in Saskatchewan and Alberta.

Forecast: Cloudy with local snow flurries. Wednesday: Northerly winds, fair; not much change in temperature.

New England: Local snow this afternoon, ending early tonight; colder tonight, Wednesday fair and colder.

NO DEMAND FOR REDEMPTION OF NOTES IN GOLD

Minister of Finance Pays Tribute to "the Sanity and Confidence of the People in Canada."

Ottawa, March 28.—It was "a tribute to the sanity and confidence of the people in this country," that during the recent banking crisis in the United States there was not a single application for redemption of Dominion notes in gold, Finance Minister E. N. Rhodes told the House of Commons yesterday. Hon. James Macdonald, Liberal member for North Bruce, had raised the question.

There was no evidence of any change in the attitude of the people of Canada, Mr. Rhodes said, on the part of any individual or company, either arising from or coincident with the situation in the United States. He could not recall a single application for redemption in gold during that period.

SKELETON IN CENTRAL PARK

New York, March 28.—It did not help James G. Lerner's peace of mind any to find a skeleton with its legs crossed, suddenly sitting beside him on a bench in Central Park today.

Lerner hurried away to Policeman Pinsky, who took the skeleton to a police station. An assistant medical examiner said it had obviously been placed on the bench by a medical student. It was taken to the morgue.

UNION CABINET AGAIN BEFORE B. C. CITIZENS

Premier Talmie, in Statement Read to Legislature, Again Urges that Politics Be Forgotten During Prevailing Crisis.

Victoria, March 28.—Differing views of their political leaders on the important union government question today were before citizens of British Columbia.

Following closely a declaration by Hon. T. D. Pattullo, Liberal leader, that "the Liberal party refuses either to conspire or affiliate with anyone for the purpose of bringing about exclusion or representation in the Legislature or legitimate minority interests," Premier S. F. Talmie supported his union government proposals in a statement read to the Legislature in his absence through indisposition.

Present conditions and lack of knowledge of what the future holds in store, Premier Talmie said, "make it more important than perhaps ever in the history of British Columbia that we should have stable government, government that can carry on and bring back prosperity to our people."

ALLEGED FORMER AND PRESENT OFFICIALS OF U.S. TREASURY FAILED TO COLLECT PROPER AMOUNT OF TAXES AND INTEREST.

Washington, March 28.—A Department of Justice investigation of charges that Andrew W. Mellon and other former and present officials of the United States treasury failed to collect more than \$600,000,000 in taxes and interest from foreign steamship companies and the Gulf Oil Company, a Mellon concern, is sought in a resolution by Senator Wheeler, Democrat, Montana.

The resolution cited that civil suits had been filed in the local courts against Mellon and others by David A. Olson, former counsel for the Senate stock marketing investigating committee, charging the taxes have been "illegally withheld" from the treasury and seeking their recovery for the Government.

No action has been taken to prosecute those suits, the Wheeler proposal stated, adding that the Attorney-General should be requested to take "immediate steps" to investigate the charges "with a view to bringing both civil and criminal prosecutions in the event he finds there have been violations."

"The charge is," Wheeler said, "that some of these companies did not report their proper income taxes and that Mellon and others did their eyes on the Mellon tax to do their duty in collecting them."

CANADIAN DOLLAR ADVANCED TODAY

New York, March 28.—An upward trend marked early trading in the Canadian dollar today on local foreign exchanges. Opening quotations were at 83 1/2 cents, an advance of three-sixteenths per cent. over the previous close. The United States premium on Canadian funds eased to 19.940 per cent.

The pound sterling displayed a weaker tendency, however, declining three-eighths of a cent, to 84.11 in United States funds.

FATAL RESULTS FOLLOW COLLISION WITH TRUCK

Man and Wife Killed and Three Others Seriously Injured When Automobile Struck Lightless Truck Near Derry, N.H.

Derry, N.H., March 28.—A Cambridge, Mass., couple was killed and three Cambridge women were critically injured early today as their automobile struck a parked and lightless truck on Ryan's Hill, two miles south of Derry.

The dead were: Mr. and Mrs. Chester Goff.

Mrs. Annie Griffiths, Mrs. Annette Fournier and Mrs. Georgiana Wilson, all of Cambridge, were taken to an hospital at Manchester in a critical condition.

Arthur Fournier, who pilot said drove the machine, was taken to the Elliott Hospital at Manchester with internal injuries and lacerations about the face. His condition was serious.

DETAILS OF FINANCIAL OPERATION OF MONTREAL MILK CONCERN AIRED

Officials of Borden Company Subsidiary Claim that Distributors Make Net Profit of Only .23 Cent Per Quart—However, Average Spread Between Prices Paid Producer and Charge to Consumer for Past Year Was 5.81 Cents Per Quart.

Ottawa, March 28.—On milk alone, the J. J. Joubert Company, of Montreal, a subsidiary of the Borden Farm Products Company, of New York, makes a net profit of 23 cents per quart, J. J. Joubert, president of the company, and Napoleon Charest, vice-president and treasurer, told the agriculture committee of the House of Commons yesterday.

The dairy industry suffers from over-production, said Mr. Charest. His company had a system of maintaining the essential 3.5 per cent. butter fat in milk sold to consumers. If milk received from the farmers was above 3.5 per cent., a premium was paid by the company to the producer. If the milk was below 3.5 per cent., the company imposed a penalty. "This is our system to keep the milk up to standard," he declared.

Average prices paid to producers throughout the year, said Mr. Charest, ranged from \$1.65 per hundredweight in the spring to \$1.22 in summer and \$1.85 in winter. It was impossible to determine the supply that would be required for any length of time prior to marketing.

For reasons of economy some time ago his company had "laid-off" a number of shippers, but, due to the conditions then existing, an agreement was reached whereby milk was bought from them and assigned to surplus, while the prices paid were those set by the butter and cheese factories.

All the milk sold by the Joubert Company was pasteurized except certified milk, which is regulated by government pasteurization. One of them prohibited the feeding to animals in segregated areas the by-products of butter or cheese factories unless these by-products were pasteurized.

"I declared Mr. Charest, "if pasteurization is good for animals it is good for people."

The gross sales of the Joubert Company for 1932 amounted to \$2,997,764. The company's profit, he said, for 1932 was \$155,737.

The Joubert Company was a subsidiary of the Borden Company, said Mr. Charest, but was operated as a distinct company under the laws of Quebec.

To E. W. Tummon, Conservative, Hastings South, witness declared that in 1932 his company had purchased 7,805,350 lbs. of fluid milk. The average cost of this milk was \$1.393 per 100 lbs. This was the price to the producer, who was required to pay freight. A total of \$2.7 per cent. of this was bought at "association prices" and 17.3 per cent. at "surplus prices."

"The price per quart to the distributor was 5.87 cents."

"What was the average selling price per quart to the consumer for 1932?" asked Mr. Tummon.

Mr. Charest answered the average price was 9.68 cents per quart. The spread between the price paid to the producer and the price received from the consumer was 5.81 cents per quart.

His company did not maintain receiving depots throughout the country, witness said. Purchases from the company's "distributor plant," the Borden Farm Products, by his concern were comparatively small in 1932.

"When you purchase from the Borden Company do you pay them a profit?" asked Mr. Tummon.

"We give them 10 cents a hundred pounds more," replied Mr. Charest.

Witness could not detail the cost which made up the spread of 5.81 cents per quart. The production and selling costs were 5.55 cents a quart and the net profit .23 cents or approximately 1/4 of a cent a quart. Tax was deducted from that was income tax.

No surplus milk was sold at the

COURT MARTIAL BEGAN DELIBERATIONS IN BAILLE-STEWART CASE THIS AFTERNOON AND FOLLOWED JUDGE ADVOCATE'S ADVICE IN FREEING ACCUSED ON THREE COUNTS.

London, March 28.—The court-martial which tried Lieutenant Norman Baille-Stewart, young officer of the Seaforth Highlanders, on a charge of selling information to a foreign agent late today found him not guilty of three charges.

It may be several days, perhaps weeks, before the final verdict is published, but in his summation the judge advocate directed the court to acquit the accused on three of the four counts against him. The ninth count, that Lt. Baille-Stewart "communicated to Otto Waldemar Obst, of Berlin, information which might be useful to an enemy," the judge advocate said: "I think I should not be far wrong if I said that your findings on this charge probably would be decisive on the whole."

"The whole case for the prosecution is that he received money, and it would be only reasonable to suppose he would not have received a quid for his services," the judge advocate alleged, "unless he had collected, obtained and communicated something," the judge advocate said.

"Unless the court is satisfied the young officer committed the substantive offenses it must acquit him," the judge advocate continued.

He pointed out that the prosecution did not suggest, nor was there a shred of evidence, that Lt. Baille-Stewart, in going to Berlin last summer, went there for a treasonable purpose.

Lt. Baille-Stewart's explanation of his receipt of £90 in the mail from Germany is that it was sent by a girl named Marie Louise. The prosecution contended that it was payment for the betrayal of military information.

The judge advocate advised the court, however, that it must take into careful consideration some features of the accused officer's story of his relations with the mysterious Berlin girl, Marie Louise, with whom the defendant had admitted intimacy.

One of these features, he said, was that despite continuous intimate association with her for some days in Berlin, the accused declared he could only give a general description of her—that she was about twenty-two years of age, with blue eyes, and 5-1-2 feet tall with a good figure, and that he had never pressed her for her address, full name or occupation.

COL. F. G. TAYLOR NAMED TO SUPREME COURT

Ottawa, March 28.—It is understood here that Col. F. G. Taylor, leader of the Conservative Party in Manitoba, has been appointed to the Supreme Court Bench of that province in succession to Mr. Justice Galt, who resigned last week.

Mr. Justice Galt, who celebrated his eightieth birthday last week, had been in ill-health for some time prior to his retirement.

HOPE OF ADJOURNMENT OF QUEBEC HOUSE NEXT WEEK RAPIDLY FADING

Although Members of Private Bills Committee Have Nearly Completed Tasks, Many Contentious Public Bills Still Await Discussion—Eight-Hour Day Proposals Expected to Die on Order Paper—Direct Relief Problems Discussed by Prime Minister.

Quebec, March 28.—Unless unusual haste is displayed by the legislators, the adjournment of the Quebec Parliament at the end of next week is unlikely, and the members may not get home much before Easter day.

The Private Bills Committee of the Assembly has almost completed its work, and the bills remaining for its attention are of minor importance, and not contentious. The scene as regards private legislation transfers itself to the Legislative Council this week, when it is hoped that the Montreal Bill will be dealt with and terminated. The bill has not yet been reprinted, following its passage of the Assembly, but it is hoped that the Upper House will be able to turn its attention to it by Thursday.

While private legislation is almost all disposed of as regards the Assembly, there still remains considerable to be done by the Public Bills Committee, but it may be expected that the machinery there will be speeded up, now that so many members of that committee need no longer tarry before the Private Bills Committee.

In the way of important public legislation there remains the measure to amend the Workmen's Compensation Act, but as the amendments have already been discussed at a conference between the interested parties and the Compensation Commission, this need not go to the Public Bills Committee, since little remains to be added to what has been already said on the subject, and it is merely a matter of the Government carrying out its declared policy. There is another labor bill, only to limit the hours of labor at the discretion of the Lieutenant-Governor, but since the bill means so little in practice, and labor is not suffering from overwork at the present time, it is quite probable that it will be allowed to die on the order paper.

There is the bill of Hon. Honoré Mercier, Minister of Lands and Forests, to permit of the export of hydro-electric, which will result in a full dress debate.

In addition there are half a dozen other Government bills on the order paper, in addition of course to what is awaiting the attention of the Public Bills Committee.

Of major importance is the legislation which Hon. Adélard Godbout, Minister of Agriculture, is preparing for the betterment of the dairy industry.

There is also the bill in the name of the same minister in regard to delays in exigibility of mortgage claims.

PRIME MINISTER FAVORS PUBLIC WORKS PROJECTS

Montreal, March 28.—The all-important decision on the part of Montreal aldermen, charitable societies and public bodies to combine in a determined effort to eliminate as far as possible direct relief—their decision and substitute relief work schemes, interests greatly the Quebec Government, Premier L. A. Taschereau, K.C., admitted yesterday when interviewed by the press in Government Offices, Notre Dame street east. He indicated that the Government would follow closely all developments in the metropolis in this regard.

"What attitude does the Quebec Government take in regard to direct relief as against unemployment relief works?" he was asked.

"The Government has always favored direct relief in the light of an economic and moral evil," the Premier said. He expressed interest in the report of Ald. A. Des-Roches, Executive Committee member and chairman of the aldermanic committee on unemployment, to the authorities, in which it was suggested that direct relief and relief works be controlled and supervised by an independent commission of business men to be selected after consultation between the city and public bodies, and would follow the scheme it beyond noting that "if Montreal deems such a commission an asset to development of a better system of dealing with the problem of unemployment, then Quebec will earnestly support the idea."

The whole question of abandoning direct relief in favor of relief work schemes would, of course, have something to do with the Federal Government, Premier Taschereau said, recalling that it was only recently that Ottawa had decided to support direct relief expenditures as against relief works.

"If the City of Montreal elects to put into effect a programme of relief work schemes, and deems that such a programme would best help the unemployment situation and, particularly, the civic finances, then Quebec will support the scheme," the Premier said. Incidentally, it was only a few months ago that the Premier reiterated in Montreal the willingness of the Quebec Government to contribute \$1,000,000 towards relief works in Montreal if similar contributions were made by the city and the Federal Government. Yesterday, he added:

"Ottawa, Quebec and the municipal authorities must come to an understanding. Whatever the decision, the Quebec Government is pledged to do its share."

DETAILS OF FINANCIAL OPERATION OF MONTREAL MILK CONCERN AIRD

nine cent price to the consumer, said Mr. Charest. The surplus milk was turned into butter. Very little went into sweet cream.

Mr. Charest was unable to state the average price per 100 pounds paid by his company to producers for "surplus" milk in 1932. Mr. Tummon pressed for this figure and the witness promised to endeavor to get the information.

The wholesale price of milk to groceries and chain stores was two cents a quart less than the retail price, Mr. Charest said. The company did not make as much profit on the wholesale as on the retail milk.

To Colonel Harry Mullins, Conservative, Marquette, Mr. Charest declared the capitalization of the company to be \$765,100. The company had been incorporated at \$299,000 in 1916 and in 1921 increased to \$450,000. The Borden Company owned the majority stock.

Profits were turned into surplus which account at present stood at \$755,163.44.

Returning to the matter of pasteurization, Mr. Charest declared that for himself he would drink nothing else than pasteurized milk.

Certified milk was "supposed" to come from healthy cows, but he would not go beyond that.

Payments made by the Joubert Company to producers were questioned by Dr. F. H. Pichel, Conservative, Bromes-Missisquoi, who demanded explanation of the three grade prices of \$1.38, 85 cents and 70 cents. The last figure was the price paid for surplus milk, said Mr. Charest, and the 80 cents for milk used in manufacturing.

He asked Dr. Pichel if he might see the statements, but this request Dr. Pichel declined to grant.

"I can't show you the statements, the men are afraid," he said.

Other figures were produced to show that in the sale of ice-cream in 1932 yielded profits of \$26,680 which, after sales tax was paid amounted to \$22,868, rested in a net profit of \$9,351 for the year.

The Borden Company assumed control of the Joubert Company in 1930 by an exchange of shares, the exchange involving 43,000 Borden shares with the Joubert Company valued at \$3,000,000.

Somewhat hesitantly Mr. Charest gave the salary of Mr. Joubert, the president, and himself at \$13,500 each per annum. In 1931 Mr. Joubert had been paid \$15,000. There was also a secretary who was paid \$8,000. No other officials received more than \$6,000, said Mr. Charest.

Reverting to Mr. Charest's statement that net profits from ice-cream were \$26,680 less \$22,868 for sales tax, E. O. Bertrand, Liberal, Prescott, characterized the figures as "most absurd." He knew something of the ice-cream business and knew something of Mr. Charest's "tremendous profits" made out of it.

However, Mr. Charest adhered to his point and invited Mr. Bertrand to inspect the books of the company. The committee adjourned to meet again Thursday.

Gordon and Howard Peach, nephews of the lighthouse keeper, late yesterday took up a position on the mainland and swept the island, a mile and a half distant, with binoculars. They said they saw two figures, apparently Martell's sons, come down to the beach, examine a boat, then return to the flag-staff and lower the flag to the ground, later hoisting it at half-mast.

Bad ice conditions kept two boatloads of rescuers from their objective yesterday. Water over the ice was not deep enough to float a boat capable of reaching the island, but was too deep to allow of its being hauled across between the channels.

The Government steamer Montcalm made a second attempt to reach the island from North Sydney, but made little progress and was carried in close to Point Edward, where she lay in the grip of the ice all afternoon.

Last night a northwest gale was blowing, with snow. A slight shift, it was thought, would either open the channel or pack the ice together solidly and afford footing.

PERILOUS TRIP WAS MADE BY SIX MAROONED SEALERS

Managed to Reach Safety After Being Imprisoned for Nineteen Days on Ice Pack.

Coachman's Cove, Nfld., March 28.—Six of twelve sealers swept seaward on the ice pack nineteen days ago were safe at home today while their companions prepared to follow them over the hazardous route from Western Island.

Marooned since March 10th, the twelve ran short of food yesterday and decided to pit their courage and resourcefulness against the treacherous ice.

Six men in one boat were forced to return to the island when the ice damaged their boat. The other six, in another boat, pushed on, and by taking a circuitous route of twenty miles reached home late yesterday.

They said their companions probably would attempt the crossing today. An easterly wind was forcing the ice landward, and it was expected they would experience little difficulty.

JAPANESE PLANES BOMBED VILLAGE NEAR GREAT WALL

Peiping, March 28.—The United States legation today released a dispatch from missionary sources stating Japanese aeroplanes bombed Taotowing, ten miles south of the Great Wall, a thirty-five miles west of Shanhaiwan, on March 24.

The dispatch said slight damage was caused to the residence of the American missionary, Charles Oscar Kaute, and the Church of the Brethren Mission and that nine Chinese civilians were killed.

COMMENTS ON RECENT BUDGET MADE IN U. S.

Five Per Cent. Levy in Certain Cases on Interest Payable to Foreigners by Canadian Debtors Not Expected to Affect U. S. Citizens.

New York, March 28.—Commenting on the Canadian budget, the New York Journal of Commerce remarks it is of interest to state: "The five per cent. levy in certain cases on interest payable to foreigners by Canadian debtors will not greatly affect American holders of Canadian bonds in that several Government issues are exempt from this tax and that reciprocal agreements in force between Canada and United States will allow Americans to deduct tax payments where made from their taxable income."

"The two measures relative to sterling valuation in export and import trade may have a very important bearing on our foreign trade. Sterling is now to be valued at \$4.25 for purposes of the dumping duty, instead of the \$4.40 which prevailed previously. This will reduce the duty paid on goods imported from England to increase the competition of such goods with American products in the Canadian market. The Government proposes to establish a stabilization fund to aid agricultural exports to Great Britain whereby exporters will be paid the difference between the price actually received and the pound sterling value at \$4.60. This measure may serve to bring increased returns to producers but it may also bring about lower world prices for the commodities concerned."

ICE PREVENTS RESCUERS FROM REACHING ISLE

Hopes Held that Shifting Wind Will Allow Party to Investigate Distress Signals Emanating from Lighthouse.

Port Morien, N.S., March 28.—Rescuers hoped for a shifting wind today as they prepared to renew their efforts to reach Flint Island and relieve the lightkeeper's family, beleaguered by close-packed ice.

The nature of the trouble there is still unknown. Signals, apparently indicating distress, were first sighted from Lighthouse John Macdonald's tower on Sunday afternoon. He and his wife and nine children are the small rockbound islet's only residents. Neighbors ashore feared some member of the family was ill, perhaps dying.

Gordon and Howard Peach, nephews of the lighthouse keeper, late yesterday took up a position on the mainland and swept the island, a mile and a half distant, with binoculars. They said they saw two figures, apparently Martell's sons, come down to the beach, examine a boat, then return to the flag-staff and lower the flag to the ground, later hoisting it at half-mast.

NEW TAXATION IS ANNOUNCED IN MANITOBA

People to Pay One Per Cent. of Wages to Government to Help Turn an Estimated Deficit of More Than \$2,500,000 into a Surplus of \$9,000.

Winnipeg, March 28.—To turn an estimated deficit of more than \$2,500,000 into a surplus of \$9,000, Manitoba's citizens today faced the prospect of paying one per cent. of their wages to the Manitoba Government and submitted to an unspecified tax on all their commodities except bread, milk, water and the power they use in their homes, gas and electricity.

Packed legislature galleries last night heard Hon. E. A. McPherson, Provincial Treasurer, in his budget speech, tell the House the Government felt the new taxation, estimated to net the province nearly two million dollars, would "distribute and make applicable the levy on all the people of the province as equitably as possible." Details of the new taxes will be included in a bill to be introduced shortly.

While he declared his unshaken faith in the financial soundness of Manitoba, the Minister was insisting that if a permanent and definite improvement is to be achieved, it can only be brought about by reducing the debt and interest charges now being paid. A move, he added, which must have the co-operation of all the provinces in the Dominion.

PLACARDS DENY CHARGES OF JEWISH PERSECUTION

Cherbourg, France, March 28.—The trans-Atlantic liner Europa arrived here today displaying placards denying that the German Government was persecuting Jews.

The placards were understood as intended to counteract the effect of reports of anti-Semitic excesses in Germany.

CHICAGO JEWS PROTEST AT PERSECUTIONS IN GERMANY

Chicago, March 28.—Jews of Chicago today protested against reported persecutions of members of their race in Germany and heard Governor Paul V. McNutt, of Indiana, say such "injustice is outrageous against morality and humanity."

More than four thousand persons filled the auditorium, one of the largest in the city. Several thousands others that lined the sidewalks outside clamored to be admitted.

TRANSCONTINENTAL TRIP TIME REDUCED BY PLANES

New Machines to Make Trip Between Seattle and New York in Eighteen to Twenty Hours.

Seattle, Wash., March 28.—A new trans-continental transport monoplane designed to cut travel time between Seattle and New York to eighteen and twenty hours had been announced today by the Boeing Aeroplane Company. The ship, with a top speed of 182 miles an hour and a cruising speed of 165, was described as the fastest multi-motored passenger cargo plane in the world.

It is the first of twenty-one planes being built for United Air Lines service. There are places for ten passengers.

PRELIMINARY REPORTS ON REDISTRIBUTION TABLED

Ottawa, March 28.—The committee on re-distribution met today to determine what progress had been made in re-drafting constitutions.

New Brunswick, reported Thomas Bell, Conservative member for Saint John-Albert, would lose one member and at the present it appeared likely this would be dropped from the city of Saint John.

Nova Scotia, reported R. K. Smith, Conservative member for Cumberland, would lose two seats. The Island of Cape Breton would lose one member and the mainland, the other. There were no difficulties in sight that could not be surmounted, he added and this view was aired by J. L. Halsey, Liberal member for Hants-Kings.

The committee adjourned with the chairman's admonition to get down to serious work for the rest of the session.

PASSENGERS ABOARD LINER VICTIMS OF MINOR THEFTS

Theft Aboard Liner Empress of Britain Docked at Los Angeles Harbor.

Los Angeles, March 28.—Believed to have come aboard at San Francisco, a robber today victimized several officers and passengers of the liner Empress of Britain, it was learned when the ship arrived in Los Angeles harbor. The total loss was \$621.50.

The burglar got \$2.50 from Capt. R. G. Latta, the commander. Others robbed included: Dr. H. B. Thornton, London, \$140; P. J. Foley, Chicago, \$140; H. Wesley, of England, \$220; Mrs. Rose Hope, Glasgow, \$25.

JUDGMENT IN CHAPDELAIN CASE EXPECTED LATE IN APRIL

Montreal, March 28.—Judgment in the appeal of Mrs. Judger Chapdelaine against a conviction at Sherbrooke, Que., on a charge of murdering her husband will not be delivered until the end of April, it was learned today.

Mrs. Chapdelaine was found guilty of poisoning her husband, a taxi driver of East Angus, Que., and has been sentenced to be hanged on May 12.

In arguing the appeal, counsel for the condemned woman argued she had been tricked into signing a paper without reading it. The paper later turned out, he said, to be a form of confession of guilt.

OTTAWA REGIME CRITICIZED BY HON. LAPOINTE

Former Liberal Minister of Justice Says People Have Lost Confidence in Federal Government Because of Failure to Keep Its Promises.

Quebec, March 28.—Hon. Ernest Lapointe, former Minister of Justice in the Mackenzie King administration, believes the government of Prime Minister R. B. Bennett has lost the confidence of the people of Canada. The Dominion Government, he maintains, has failed to meet current problems and furthermore has not lived up to its election promises.

"The Prime Minister seems to use up all his energy in fine speeches," Hon. Mr. Lapointe said during the course of an address here yesterday.

"The Federal Parliament is largely composed of members who no longer represent the opinion of their counties. They represent an error of deception. Some were elected to face the unemployment problem, and others to put up the price of butter. There were 100,000 unemployed in 1930—there are now 800,000. The price of butter has gone down steadily ever since the elections. The confidence which should exist between the Parliament and the country has been lost."

He recalled Mr. Bennett's promises when elected, that he would balance the "year" budget—for which he imposed heavy taxes. Finance Minister, the Premier had been mistaken, for at the end of the year there was a deficit of \$81,000,000. Mr. Rhodes had followed in Premier Bennett's footsteps, and the deficits had increased.

"Revenues have diminished but expenses have not," Hon. Mr. Lapointe declared. "While men have no money for business the Federal Government lends it to others. We have lent money to the provinces of the west, to the Canadian Pacific Railway, had guaranteed schools in the west, we have speculated in wheat, we have guaranteed construction of Beauharnois, and lent money to Newfoundland."

If all these were considered, he claimed, "Canada had engaged its credit to the amount of \$3,714,000,000."

He scored particularly the Federal Government's attitude towards the province of Saskatchewan, claiming the Government had lent money to that province to keep Premier Anderson.

Two years ago civil servants' salaries had been cut, veterans' payments had been reduced, and last year, 1932, the Government had let the salaries of much to hope that ministers' salaries might be cut next. He referred to establishment of the Radio Commission as a "scandalous extravagance," while to think of the St. Lawrence waterway plan at the present time was out of the question.

Referring to the budget brought down in the House of Commons last week by Hon. Mr. Rhodes, he characterized the new tax on sugar as "an infamous tax which should disappear before the budget is voted."

The tax on home-filled cigarettes also struck the people, and let the weather expert, while the same was true of the changes in income tax, he claimed.

He spoke also of the "blank cheque" legislation introduced by Premier Bennett, claiming such a dictatorship was dangerous in the extreme, as had been shown by the attitude of Hitler in Germany.

MORE MIDDLE AGED PEOPLE ENTERING MARRIED STATE

Evanson, Ill., Mar. 28.—Justice of the Peace Samuel Harrison says he believes the past few years have seen a decline in "puppy love" marriages and an increase in matrimony on the part of middle aged folks.

The justice, who has married about 1,500 couples since 1901, expressed his opinion on the occasion of his eightieth birthday anniversary. He himself advertised for a wife a year ago and finally got one. He is seeking re-election and says he needs the job because he has a wife to support.

MONTREAL LIVE STOCK MARKET

Montreal, March 28.—Offerings totaled 2,337 head on the two Montreal livestock markets today. Receipts were composed of 80 cattle, 2,063 calves, 319 hogs and 70 sheep and lambs.

Cattle prices were unchanged. One load from Western Canada were being rested and fed before sale. The small number of plain to fair bulls was sold at \$2.50 to \$2.75 and the balance of the stock were canners and cutters.

Calves were slow, lower in quality than last week, and from twenty-five to fifty cents off in price. Common to plain quality, weighing less than one hundred pounds, brought \$3. Medium kinds over one hundred pounds were mostly \$3.50, with small lots of medium good calves up to \$4. Grass-fed calves as low as \$2.

A few sheep were weighed up at \$3 to \$3.50. Eight common light spring lambs, weighing twenty-five to thirty pounds, brought \$4 each.

Hogs were about steady. Good quality hogs brought \$6.50, with mixed lots at \$6.25, including swill hogs. Some were moving around \$4.50 to \$5. When sold on grade, selects brought \$1 per hog premium, with a cut of \$2 and \$3 per hog of heavies and extra heavies.

A GLEN SUTTON MAN KILLED BY RAILWAY TRAIN

A. A. Winchester Struck by a Freight Train While Returning Home from His Wood Lot.

Glen Sutton, March 28.—While returning to his home here from his wood lot, A. A. Winchester, fifty-nine years of age, was struck and instantly killed by a freight train. The road used by Mr. Winchester crosses the railway tracks at a sharp, blind curve, and it is supposed that he did not hear the train. The body was removed to the home of his sister, Mrs. W. Kemp, and Mr. Kemp in Sutton.

The funeral arrangements will only be made on the arrival of Mrs. Winchester, who has been teaching school at St. Malachie, Dorchester County.

General Notes.

Miss Jean Piercy has returned from Richmond, where she spent three weeks as a guest of Mr. and Mrs. Fred Boast.

Mrs. W. H. Rexford entertained at her home on Main street, the "Young Women's Association," a fair number of members and seven visitors being present. The president, Miss Rider, conducted the meeting, and a couple of days with the proposed of it. It was reported that the first quarter's allocation had been remitted to the church treasurer, Mr. Moore. In connection with the play being prepared by members of this society, to be given in April, various committees were organized. A committee was also appointed to look after the decorating of the church for Easter. The sum of five dollars was voted to be paid to the committee in charge of the repairs of the parsonage. Some discussion arose as to the activities for the summer, and definite plans were made. After a most enjoyable hour spent in various games, lunch was served by the Misses Beulah, Joyce and Beryl Rexford.

A aged and highly respected couple, in the persons of Mr. and Mrs. A. A. Beane, business and social acquaintances of the society, celebrated their fifty-fifth wedding anniversary on March 10th. PLAY AT BEEBE MUCH ENJOYED; GENERAL NOTES

Women's Institute Sponsored Entertainment in Beebe Town Hall—Newsy Items and Personals from Vicinity.

Beebe, Mar. 29. — An appreciative crowd enjoyed the "variety programme," in the town hall, under the auspices of the Women's Institute. G. H. House acted as chairman of the evening. The Beebe Band made its first appearance under the able leadership of Philip Lecours. The maple quartette, J. Anderson, J. Ewan, P. Lecours, and C. Berry, sang several old favorites and were listened to with much enjoyment. Two colored ladies appeared, apparently bent on delivering their husbands' dinner, but failed to do so, which explained the title of the skit, "Eat 'em up!" Miss Marie Lepenna treated the audience to several violin selections, and with her father, Mr. A. Lepenna, gave an exhibition of guitar music, which is always delightful. A very pretty sketch was given by Mrs. O. Pickford, dressed in a beautiful gown of many years ago with coiffure to correspond with the time, and Miss Viola Moraville, who was dressed in a gown of the same period, with up-to-date accessories, each giving their own ideas of what was considered to be "correct" for their time of living. It was gracefully carried out, each lady presenting fine ideas, which can be judged by the name, "A Midnight Fantasy."

The band gave musical numbers between the sketches, which added much enthusiasm to the programme, and the evening's performance was brought to a close by a one act play entitled, "You're a Cuckoo," brilliantly performed by H. Lacroix, the young husband of Mrs. Willis, taken by Miss Moraville, and Mr. Thompson appearing as Mr. R. Crump, the brother of Mrs. Willis, who came to grief while returning home from a meeting of the order of "Cuckoos."

Miss Beulah Smith, taking the part of Miss Freda, was taken by Mr. John MacIver, a recent caller at the home of Mr. J. J. MacKay on Saturday, March 18.

CAR DRIVER WAS EXONERATED BY CORONER'S JURY

Inquest Held Last Night into the Death of Guy Courtemanche, Who Succumbed to Injuries Sustained When He Was Knocked Down by Automobile.

Georges Dostie, 448 King street west, was exonerated of all blame in connection with the death of young Guy Courtemanche, seven-year-old son of Louis Phillip Courtemanche, 382 King street west, when a coroner's jury rendered a verdict of accidental death last night.

Courtemanche sustained fatal injuries when he was knocked down in front of his home by an automobile driven by Dostie. He was removed to the St. Vincent de Paul Hospital immediately and succumbed to his injuries late Sunday night.

Leonidas Bachand, coroner for St. Francis District, conducted the inquest at the local police station. Evidence revealed that the youngster had been hanging onto a sleigh and suddenly fell to go to cross the street. Dostie was approaching with his car. He passed the sleigh. And then, he testified last night, "I saw the boy. I tried to avoid him, but could not. I was travelling ten or fifteen miles an hour."

Other witnesses, who declared that Dostie was travelling slowly and had done everything possible to avoid striking the boy, were: Lorenzo Dubois and Jos. Piquette. Dr. Raymond Charbon, of the St. Vincent de Paul Hospital, testified to the condition of the lad when he had been admitted to the institution.

IN MEMORIAM

DINGMAN—In loving memory of dear Herbert, who passed away March 28th, 1928, at his home, Eastman.

Some day I hope to meet him,
Some day I know not when,
To clasp his hand in a better land,
Never to part again.
The rolling stream of life goes by,
But still the vacant chair
Recalls the loss, the smile, the voice,
Of him who once sat there.

MRS. M. E. DINGMAN.

IN MEMORIAM

In loving memory of Lillian Willard, who passed away March 28th, 1928.

Five years have passed since that sad day,
When our dear Lillian was laid away.
It was God's will, He thought it best,
To take her home and give her rest.
Days of sadness still come o'er us,
Secret tears do often flow,
But memory keeps her ever near us,
Though she died five years ago.

HOTEL ACTION WAS SETTLED OUT OF COURT

Agreement Reached in Superior Court Suit for \$5,035 Taken by J. Wilfrid Cote Against Georges Couture in Connection With Sale of the Continental Hotel.

An action involving \$5,035 was settled out of Court yesterday afternoon when an agreement was reached between two local citizens, J. Wilfrid Cote and Georges Couture. Cote was the plaintiff in this Superior Court suit, claiming that by an act passed before a local notary on October 16, 1929, he sold Couture the good will and all the moveable property belonging to the Continental Hotel. The sale price was considerable, while the contract also included the rental of the property for \$497 per month. In addition, Cote contended, Couture agreed to pay nine thousand three hundred dollars in instalments on the equipment he had purchased.

Cote's proceedings were taken when Couture allegedly failed to pay his rent regularly. Promissory notes were given in payment for two months' rent, the third month was defaulted, while the defendant himself had declared he was unable to meet the fourth month. Cote asked that the lease be broken and that Couture be evicted from the premises. The plaintiff further demanded \$2,335 rent, \$2,700 for the equipment and \$400 interest.

A general denial to the allegations was contained in Couture's plea. He had lived up to the terms of the lease, he explained, and had paid more than \$21,000, leaving a balance of \$11,300. Shortly after he took possession of the hotel, two disastrous fires broke out. Investigators determined that the cause of the conflagrations was defective wiring. For some time after the outbreaks the living quarters and kitchen were closed for safety reasons.

Because of these fires, Couture pleaded, he did not have to pay rent for the months the hotel was virtually closed. Further, he claimed, an agreement had been reached in January, 1932, whereby the amount of the instalments was reduced from \$300 to \$150 on account of the depression. The plea concluded with the allegation that Cote had taken over another hotel and tried to destroy his trade.

Yesterday, Mr. Justice Hector Verret heard the argument in the action taken by Lucien Hebert, of this city, against former employers, the Ross-Keeler Electric Company. The matter was taken en delibere.

ST. PETER'S A. Y. P. A. ENTER-TAINED SISTER SOCIETY

Members of St. Andrew's Young People's Society entertained the members of St. Peter's A. Y. P. A. last evening in the church hall, Vice-president George Monnie welcomed the visitors on behalf of his society, after which a short but most enjoyable musical programme was presented. The items consisted of a vocal duet by the Misses Jean Giff and Helen Robertson; and songs by Miss Janet Platt and G. A. Reid. The accompanists were Miss Helen Robertson and Malcolm Turner.

After a hearty vote of thanks had been extended to the performers by Bert Barclay, the young people enjoyed the season's delicacy, sugar-on-snow.

The club is at present preparing for an open-air pageant and flying meet, which will be held on the Parade Grounds towards the end of May.

TWO SPECIAL SERVICES WILL BE HELD DURING PASSION WEEK

Instead of a full week of special services during Passion Week, only two will be held, namely on Wednesday and Thursday, it was unanimously agreed at a special meeting of the Sherbrooke and District Ministerial Association yesterday at the Y.M.C.A. The special preachers will be Rev. Canon L. R. Bigg and Rev. R. M. Simons.

The committee's report on the Holy Week services on Sunday, Monday, Tuesday, Wednesday and Thursday, with a united meeting on Friday, was adopted. It was decided to hold the annual meeting of the Association on Monday, April 23.

FETTERED PRIOR TO DEPARTURE FROM QUEBEC FOR THIS CITY

The presentation of a leather travelling bag and a silver candelabra marked the au revoir expressed by his employees and friends to Herbert L. Austin, former manager of the St. Ann street, Quebec, branch of the Royal Bank. Mr. Austin has been transferred to the Wellington street branch of the Bank to succeed H. Brooks Wilson, and will assume his new duties on Thursday.

Congratulations on his new appointment and regrets at his departure accompanied the presentation, which was made by B. B. Carter, manager of the bank's head office in Quebec City. The pleasant relationships which had always existed between Mr. Austin and his employees were stressed by L. Ruby, accountant, who also welcomed W. A. Connery, of the Quebec lower town branch, as Mr. Austin's successor.

In a brief message of thanks, Mr. Austin alluded to the pleasant memories of the Ancient Capital he would carry away.

DELIGHTFUL ENTERTAINMENT GIVEN FOR BENEFIT OF W.C.T.U.

Through the courtesy of Mrs. B. C. Howard, who generously opened her home, and Mrs. J. Rosenbloom, who arranged the delightful musical programme, a most enjoyable entertainment was given yesterday afternoon for the benefit of the W.C.T.U. Mrs. S. A. Jones, president, and Mrs. B. C. Howard received the numerous guests, the president afterwards acting as chairman during the entertainment.

The programme consisted of violin and piano selections, Handel's Largo and Who is Sylvia, by Norman and Neil Tracey; songs, Second Minuet and Just a Wearyin' for You, by Mrs. George Ogston; solo songs, Oriental, Caesar Call, Serenade, Drigo, and Un Vision de ma Mere, by R. Asselin; vocal solos, Until, Shoes and Twenty-Eighteen, by A. V. Ottiwell, accompanied by A. G. C. Whalley; songs, I Love Life, Mana Zucca and By the Waters of Minnetonka, by Miss Rose Schwartz, with violin obligato by Miss Jacqueline Schwartz; readings, selections by Mine, by Miss Hope MacLagan, with piano accompaniment by Miss Alice Sangster; songs, If I Built a World for You, and Lasse O'Mine, by Mrs. George Ogston, with violin accompaniment by Miss J. Schwartz; and piano duet, selection from Rosamunde by Mrs. W. G. Cross and Miss Alice Sangster.

A very cordial vote of thanks was extended to Mrs. Howard, whose generous hospitality made possible the pleasant event, while a lovely bouquet of spring flowers was presented to Mrs. Rosenbloom as a token of affectionate appreciation from the members of the W.C.T.U. for her many kindnesses on several occasions, and for arranging the delightful programme presented yesterday afternoon.

Afternoon tea was served at the conclusion of the musicale in the dining room, where spring flowers adorned the lovely tea table, presided over by Mrs. G. Ellery Read and Mrs. T. W. Rawson. Members of the W.C.T.U. assisted in serving at the tea hour, and Mrs. Cross acted as treasurer.

HAD HIS WISH FULFILLED

The threat of going to jail did not worry Doria Beaudoin when Constable Maurice Lacharite nudged him with his stick and told him to move on.

"In fact," Constable Lacharite told Recorder Forest this morning, when Beaudoin appeared in the Police Court on a charge of disturbing the peace, "he told me he wanted to go to jail—so that the city would have to feed him."

Beaudoin pleaded not guilty. Constable Lacharite told the Court how Beaudoin's arrest had been brought about.

"Did you tell the officer that you wanted to go to jail?" the Recorder asked.

"Well, after I was arrested—but not before."

The Recorder said that Beaudoin should not have spoken to the officer like that. He sentenced him to a fine of three dollars and costs or three days in jail for disturbing the peace.

STRIKERS BACK ON THEIR JOBS THIS MORNING

Only a Few Still Holding Out Against Nine-Hour Day Ruling — Police Always Had Situation Under Complete Control.

The unemployed men's strike has apparently vanished into thin air. Everything was quiet today on the road department front. After three days of protest and open refusal to work, the men this morning decided to accept the ultimatum of the municipal authorities and work nine hours a day. Only a comparatively few refused to return to their labor.

Seventy-three men reported themselves at the city barracks on Minto street at six o'clock this morning. At ten thirty o'clock eighty men had already presented themselves at the municipal kitchen and agreed to go to work tomorrow. Eugene Tetu, in charge of the kitchen, said that everything was running smoothly. "They are coming in steadily," he said, "and all are willing to work."

Chief of Police Camirand had his full force on active duty at six o'clock this morning, but no disorders necessitated police intervention. An open-air pageant and flying meet, which will be held on the Parade Grounds towards the end of May.

The strike reached a critical point early yesterday afternoon when three hundred persons gathered at the city barracks. It seems that a gang of men, having obtained relief from the kitchen in the morning, had gone to work in the afternoon, but that strikers interfered. Police were obliged to arrest one man, and for a moment the situation looked really serious. Chief Camirand arrived upon the scene with no less than twenty-five men and the chemical hose wagon.

The police officers soon scattered the trouble makers and the situation was placed under control. Had it been necessary the hose from the chemical wagon would have been connected, and the strikers all "washed up."

The streets were patrolled all afternoon. Gangs that had formed in the vicinity of the soup kitchen were dispersed. Throughout the entire day police were obliged to arrest only three men.

PENSION BOARD HELD A SESSION AT COURT HOUSE

Seven Cases Taken Under Advice — Judgments Expected to Be Given at an Early Date.

The Pension Board took under advice a number of cases when officials of the board held a session at the local Court House yesterday afternoon.

Four complete cases were heard, the remainder of the session being occupied by three supplementary hearings, when evidence was adopted in cases that had been inaugurated at a previous date.

The Board will render decisions in these cases in the near future. Col. J. T. E. Gagnon, O.B.E., presided over the meeting. The members of the Board included Col. M. P. MacLeod, of St. Johns, and Col. L. A. MacKenzie, V.S.O., of Halifax.

Dr. K. Cameron, the Pension Board's medical adviser, of Montreal, was also present. C. E. Recette, of Montreal, acted as pension advocate. Alfred Labelle, of Montreal, as commission counsel, and J. A. W. Labelle, also of Montreal, as registrar.

LENNOXVILLE

MRS. HUME ADDRESSED I.O.D.E.

Maple Cope chapter of the I.O.D.E. had as speaker the Municipal Regent, Mrs. George Jume, of Sherbrooke, at the regular monthly meeting yesterday afternoon.

Mrs. Hume spoke on the "Aims of the Order," during which she explained the endowment plan and kindred subjects.

Mrs. W. H. Ames, Regent of the Chapter, presided. The Empire study scheme of the Order was discussed, and the matter of dividing into groups was tabled until the next meeting.

Hostesses for the usual tea were Mrs. Frank Baker, Mrs. E. E. Boothroyd and Miss Burt.

General Notes

Mr. Kenneth Crawford, of McGill University, spent the week-end at the home of his parents in town. Mr. Delmar Brundage has returned to Montreal, where he is a student at McGill University, after spending a week-end with his parents, Rev. and Mrs. M. V. Brundage.

Mr. Leslie McLeod, of McGill University, spent the week-end at the home of his mother, Mrs. E. F. McLeod.

Mr. Turfiff Henry, who spent the week-end in town, has returned to McGill University.

Mr. Allen Willard, who is a

student at a theological college in Montreal, spent the week-end at the home of his mother, Mrs. A. Willard.

Members of Lennoxville W.C.T.U. who attended the musical and tea at Mrs. B. C. Howard's home yesterday afternoon were Mrs. C. E. White, Mrs. F. K. Matthews, Mrs. McCurdy, Mrs. J. A. Seale, Mrs. J. R. Munroe, Mrs. L. W. Smith, Mrs. W. H. Abbott, Mrs. Pryde and Mrs. R. W. S. Nutbrown.

During the evening service in the United Church on Sunday a series of pictures representing the life and times of John Knox, the Scottish reformer, took the place of the usual sermon. Rev. F. R. Matthews gave the accompanying explanation to a large and interested congregation.

NIAGARA FALLS PLACED SKIDS UNDER RIDEAUS

Cataracts Advanced to Eastern Final in Allan Cup Competition by Trouncing Ottawa Last Evening—Will Oppose Moncton Hawks in Two-Game Series.

Ottawa, March 28.—Niagara Falls' speedy Cataracts are today ready to meet the Moncton Hawks in the Eastern final of the Allan Cup competition, following an overwhelming victory over the Ottawa Rideaus last night.

A fast offensive that never flagged in sixty minutes of a one-sided struggle carried the O. H. A. champions to a decisive six to nothing victory in the second game of their series with the Ottawa and district champions and gave them an eight to one edge on the round. They had previously set back the capital's representatives by two to nothing in the opening game at Toronto last Saturday.

There was no discounting the Cataracts' superiority in last night's struggle, and their high-powered attack and equally convincing scoring spurge served warning of stout opposition for the Maritime champions in the series which begins Wednesday night in Toronto. They travelled at a clip that upset the Rideaus' best planned offensive manoeuvres.

Their offensive was sustained, and at no time could the Ottawa sextette strike a stride to match that of Gene Fraser's young "band of puck chasers." The sturdy defence of Kalliblich and Bowman proved a rock-ribbed barrier that rose up to block Rideaus' every offensive move. At the finish of the struggle the visitors were travelling as fast as ever, and as if to demonstrate their sturdy qualities, wound up with a three-goal scoring burst in the closing minutes.

In the first period Shannon, Lauson and Hunter had grabbed a goal apiece to put Niagara Falls five goals up on the round. Rideaus tallied the only goal of the second frame, but crumbled in the third stanza after spending themselves in an early effort to cut down their opponents' lead.

BRANDON FAVORED TO REPRESENT IN JUNIOR FINAL

Winnipeg, March 28.—A new threat to Eastern Canada junior supremacy, a brave little band of hockey warriors from Brandon today had held the mighty Regina Pats to a scoreless draw and won the right to serious consideration as Canadian junior champions.

Entering the first contest of a two-game, total-goal series here last night for the Western Canada championship with the odds two to one against them, Brandon Native Sons outplayed Regina for two periods and emerged favorites to take the second game on Tuesday night and represent the west in the Memorial Cup final at Toronto.

LAST NIGHT'S RESULTS
ALLAN CUP PLAYDOWNS
Niagara Falls Cataracts 6, Ottawa Rideaus 1. Niagara Falls won two-game Eastern semi-final series by eight to one.

BASKETBALL
MONTREAL Y.W.H.A. RETAINED SENIOR CAGE TITLE

Montreal, March 28.—The Young Women's Hebrew Association retained their women's senior basketball championship of the Province of Quebec when they defeated the Surf Life by twenty-four to sixteen in a "sudden death" game last night.

Y.W.H.A. will meet the winners of the Windsor-Toronto series in the Eastern Canada final.

ROOSEVELT PLANS TO STOP BOOTLEG OIL PRODUCTION

Iron-Clad Agreement Among Oil Producing States Part of Plan of President to Aid Oil Industry.

Washington, Mar. 28.—An iron-clad agreement among the oil producing states to curtail sharply a daily overflow of some 200,000 barrels will be sought by the United States Government today as a conference of oil state representatives begins here.

President Franklin Roosevelt and his advisers intend to declare a war on the production of "bootleg" oil, much of it flowing only after nightfall, which experts estimate is partly responsible for the overproduction. Roosevelt considers this an important step in the economic programme in an effort to lift the oil business out of the doldrums.

OTTAWA PLACES TITLE HOPES ON JUNIOR SQUAD

Shamrocks Are Only Capital Team Left in the Running for Canadian Amateur Honors Following Niagara Falls' Victory Over Rideaus—Juniors Play Newmarket Tonight.

Ottawa's last remaining hope of a Canadian hockey crown rested today on the sturdy shoulders of its junior Shamrocks and the outcome of their clash at the Capital tonight with Newmarket, Ontario Hockey Association titlists. Shamrocks have to overcome a one-goal lead established by Bill Hancock's highbreathed pucksters in the first of the two-game series last Saturday.

Senior title-chances were rudely shattered for Ottawa Rideaus last night when the O.H.A. senior class rulers, Niagara Falls, rampaged through a disconcerted defense to a six to one victory and took the two-game round by eight to one. Niagara Falls became Allan Cup semi-finalists on the decisive win, and today only the Moncton Hawks, Maritime titlists, stand between them and the Vancouver Allan Cup finals. They meet at Toronto on Wednesday and Friday.

Brandon Native Sons gave Al Ritchie's Regina Pats a rude shock at Winnipeg last night in their first of Memorial Cup semi-final round play when they outplayed the Pats for two periods. Both goalies were unbeatable, however, and the game ended in a scoreless tie. The deciding game will be played at Winnipeg tomorrow night.

Fort William is the scene tonight for the return game between Saskatoon Quakers and the Thunder Bay champions for the right to meet Trail at the Coast. The first game ended without a score, and the Western Allan Cup semi-finalists will be decided tonight.

MODERN YOUNG LOVERS SEE TOO MUCH OF EACH OTHER

"When We Were Courting, the Boy Friend Came Only Once in Two Weeks," Stratford, Ontario, Woman Tells Modern Youth.

Stratford, Ont., March 28.—Young people courting today see too much of each other, in the opinion of Mrs. William Smith, of St. Mary's. Mrs. Smith and her husband celebrated their seventh wedding anniversary on Saturday.

Mrs. Smith said she had no particular desire to criticize young people of today, but she thinks the customs of the "good old days" are just a little better. "When we were courting, the boy friend came only once in two weeks," said Mrs. Smith.

Mrs. Smith is eighty-nine years of age. She still does her own darning and mending, and scorns the use of glasses for this work. She owns a pair which she says she wears when she can find them. Checkers is her favorite game.

Her husband is ninety-four and his favorite recreation is to get out in the garden. Mr. and Mrs. Smith were married in St. Mary's and had six children, five of whom are still living.

CHARGE MAN WITH ILLEGAL PRACTISING OF MEDICINE

Police Raid "Cathedral of the Cosmos," Where Patients Said Treatment Failed to Help Them.

Boston, March 27.—Amid the resplendent trappings of his throne room in the "Cathedral of the Cosmos," Hugh Manly, formerly William Shanahan, was arrested today on a charge of illegally practicing medicine. Police said the establishment had been a gathering place of persons seeking cures for ailments and that they raided it after clients had complained that treatments had failed to help them.

Police found in one room, a tall backed chair that served as the throne, flanked by tall pillars which bore the inscriptions "love" and "truth." A solitary candle stood by the throne. There were individual booths for persons seeking treatment.

Police said about sixty-five women were members of the "school for philosophical healing, gland treatment, manipulation and acceleration of the thyroid gland."

Charges in the school varied from fifty cents a week to five dollars a month.

NEW ZEALAND BUTTER WILL BE HELD FOR THIRTY DAYS

Shipment Which Arrived at Vancouver Will Be Subject to Terms of Canada-New Zealand Trade Agreement.

Ottawa, Mar. 28.—The shipments of New Zealand butter which have reached Vancouver will be held in storage for thirty days in accordance with the provisions of the Canada-New Zealand trade agreement, according to unofficial information here. The treaty provides that Canada cannot levy a dumping duty forthwith against New Zealand butter, but can give notice to New Zealand that the shipments are injurious to Canadian interests, and the commodity may be held for a month, unless the shippers decide to take it to some other country. At the end of that time a dumping duty might be applied.

BOWLERS MADE ARRANGEMENTS FOR PLAY-OFFS

Three Big Pin Leagues Will Participate in Playdowns for City Championship and Possession of Skinner Shield—Total Pins for Six Games Will Determine Winners.

Representatives of the local bowling leagues gathered last evening to discuss arrangements for the Skinner Shield competition. The handsome piece of silverware was donated this year as the emblem of Sherbrooke's big pin bowling championship. It is a perpetual trophy, and the annual competition is open to every organized big pin circuit in this city. At last evening's meeting provision was made should the Walter Blue Clothiers loop desire to enter, but later information definitely confirmed the report that this group would not be represented in this year's play-offs.

Bill Terrey acted as chairman at last evening's meeting, with Andy Ross filling the position of secretary-treasurer. The Industrial, City and Bankers' leagues each had three representatives present, and it was agreed that American Bowling Confederation rules will govern the games. A suitable schedule was drawn up and the first game will be played tomorrow evening on the Palace alleys, when Molson's representing the City League, will oppose New Windsor, champions of the Industrial League.

A home and home series will be played by all teams, which means that six games will constitute the play-offs. Total pins for the six games will determine the first holders of the Skinner Shield. The second game will be played Tuesday evening, April 4, when Banque Nationale, upholding the Bankers' League, will clash with Molson's. Two nights later the bankers will meet New Windsor, and further plans will be made on Thursday evening, April 6 for the remaining three games.

Each team consists of six men, only five of whom will participate, with the sixth member acting as a substitute. The selection of an impartial umpire, score keepers and other details were left in the hands of the chairman.

The personnel of the three teams follows:

Molson's: Captain J. Oliva, Dufresne, Jim Strickland, Pat Lavoie, Arthur Jobel, Emile Harton and Armand Roy.

New Windsor: Captain "Bee" Beaudry, Charlie Moreau, Omer Lacroix, Tom Marvic, Arthur Moreau and Jean-Paul Boucher.

Banque Nationale: Captain Martin Bergeron, Gaston Savigny, Aime Bergeron, Roland Bouchet, Bill Webb and Roland Marchal.

The three leagues were represented as follows last evening: Industrial: Bill Terrey, Percy Green and Doc Morgan; City: Arthur Jobel, Vic Brownlow and J. O. Dufresne; and Bankers: Martin Bergeron, Roland Bouchet and Andy Ross.

MOONEY TAKES DRAMATIC ACTION TOWARD FREEDOM

Demands Trial on Remaining Murder Indictment, Returned in 1916, in Attempt to Enlist Public Opinion.

San Francisco, March 28.—Tom Mooney today dared his former prosecutors to prove him guilty of the Preparedness Day parade bombing here in 1916, and if possible hang him.

The dare was contained in a statement given newspapers by Mooney's defence committee, which for more than fifteen years has sought a pardon for Mooney.

The statement was based upon the action of Superior Judge Louis H. Ward in ordering trial of Mooney on the remaining murder indictment against him—an indictment left on the court records all these years, and resurrected by the Mooney defence with the hope an acquittal would provide a moral wedge for Mooney's release from his life term in San Quentin prison.

Judge Ward set the new trial for April 26th, and left prosecution to State Attorney-General U. S. Webb, District Attorney Matthew Brady withdrew from the prosecution, saying he did not believe Mooney could be convicted again.

Charles M. Fickert, District Attorney in 1916, now in private practice in Los Angeles. In recent years he has insisted Mooney was properly convicted but admitted he did not believe a conviction could be obtained today.

CALIFORNIA BULLFROG TO BE GIVEN CONSIDERATION

Bill Before Legislature Would Protect Frogs from Market Hunters and Preserve Them for Sportsmen.

Sacramento, Calif., Mar. 28.—Amid a chorus of subdued croaking from the rear of the chamber, the Assembly passed a bill to give the California bullfrog a new deal. Assemblyman E. Zion, of Modesto, champion of the slimy denizens of irrigation canals, said the bill would protect frogs from market hunters and preserve them for sportsmen. It fixed a bag limit of twenty-four frogs a day or forty-eight a week.

Assemblyman Mayo, of Angels Camp, fearful the measure might interfere with his home town's annual frog jumping contest, put through an amendment excluding such affairs from its provisions.

EDGAR GERVAIS IS PRESIDENT OF SNOWSHOE BODY

Local Sportsman Elected Head of Canadian Snowshoe Union at Annual Meeting in Montreal—Emile Levesque Re-Elected to Board of Directors.

Montreal, Mar. 28.—Edgar Gervais, president of the Sherbrooke St. Francois Snowshoe Club, was elected head of the Canadian Snowshoe Union at its annual meeting held here. Mr. Gervais, former president of the Sherbrooke Snowshoers' Union, is well and popularly known in sporting circles in the Eastern Townships metropolis and was in a large measure responsible for the success of the International Convention held in Sherbrooke in January, 1932. He has occupied several important posts in the Dominion organization and his election to the presidency is a fitting reward to his conscientious efforts.

Emile Levesque, president of the Sherbrooke Winter Sports Club and former president of the Sherbrooke Turque Snowshoe Club, was re-elected a director of the Union.

Bids for the convention next year were received from several cities, but no decision was reached. Further discussion and a definite verdict will be made at the semi-annual reunion of the Canadian Union, which will be held in Sherbrooke next fall.

Rev. Father Salvator Grenon was named chaplain of Canadian snowshoers and of the Canadian Union. His selection to this position received the approval of Archbishop Forbes, of Ottawa.

With Mr. Gervais as officers are: First vice-president, Napoleon Beliveau, Quebec; second vice-president, A. Martel, Quebec; secretary, Raoul Charbonneau, Montreal; assistant secretary, Raoul Mayrand, Quebec; "Union Commercial," directors, R. Brisson, Ottawa; "Forester," L. Lagasse, Hull; "Alpen," E. Levesque, Sherbrooke; "Tuques Rouge," J. Clarke, Quebec; "Frontenac," E. Roy, Montreal; "Coeurs Joyeux," J. R. Courtemanche, St. John; "Champlain," E. Pelletier, Quebec; "Montcalm," E. Rousseau, Montreal; "Boulevard," A. Gausson, Montreal; "Trappeur," and A. Jutras, St. Hyacinthe.

CANADA GAINS LARGE PART OF BACON MARKET

For First Two Months of Current Year Canada Exceeded Irish Free State as Purveyor to British Breakfast Table.

Ottawa, Mar. 28.—Canada in the first two months of 1933, outdistanced the Irish Free State with exports of bacon to the British market and followed Sweden closely. The amount received from Canada was 4,264,424 pounds, Sweden 4,338,240, Irish Free State 2,952,544. In the corresponding two months of 1932 and 1931 the supply from Canada was 2,246,384 and 120,044 respectively. This is an increase since 1931 of 3,452 per cent.

There was a sharp advance in the requirements of the British market for Canadian hampers in the first two months of 1933, the amount being 1,247 cwt. compared with 321 cwt. in the same two months of 1932, the value was \$14,930 as against \$14,890 as against \$4,084. Canada dominates this market. The increase is 238 per cent.

Canada in the first two months of 1933 took an emphatic first place with raw apples in the British market, a place held formerly by the United States. These are the only two countries seriously in this trade. The Canadian quantity this year so far is 598,533 cwt. compared with 265,508 a year ago. The United States quantity this year so far is 397,488 cwt. compared with 921,890 a year ago. The Canadian increase is 125 per cent.

As usual Canada was second to the United States with hams in the British market in the first two months of 1933. The United States supply was 7,278,096 pounds and that of Canada 2,730,784. The Canadian supply in the same two months of 1932 and 1931 was 1,535,998 and 1,057,504 pounds respectively. The increase this year so far compared with two years ago is 158 per cent.

Canadian cattle imported by the United Kingdom in the first two months of 1933 numbered 3,985 as against nil in the same period last year. Of these, 3,209 were received in February and 776 in January.

The two months' supply from the Irish Free State was 79,705 compared with 123,205 in the same period last year.

Canadian canned salmon sales in the British market in February amounted to only 7,230 cwt., as compared with 23,944 from Russia and 30,450 from United States. In February last year the figures were: Canada 22,860 cwt., Russia 16,490; United States, 3,933.

"Sure these field glasses are of high power," asked the shopper. "Quite certain, sir. When you use them anything less than sixteen miles away looks as though it were behind you."

BRITISH WOOL SHIPPERS ASK LOWER TARIFFS

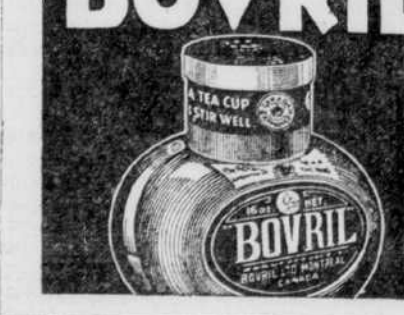

Petition British Government to Use Position as Best Customer to Force Lowering of Tariff Barriers.

London, Mar. 28.—The Federation of Woolen Merchants and Shippers of Great Britain and Ireland has submitted to the Board of Trade a memorandum setting forth the difficulties which the high-grade section of the woolen and worsted trade encounters in the export market as a result of excessive tariff restrictions throughout the world. It shows that whereas the volume of shipments was as great in 1929 as in 1912, it shrank by forty-four per cent. between 1929 and 1932. Yet master tailors' association of the principal countries of the world, whose letters accompany the memorandum, declare that British high-grade woolen and worsted goods are necessary for the efficient conduct of their business.

Figures quoted show that the average increase in the duties imposed by foreign governments between 1912 and 1932 was 170 per cent. for woolen tissues and 215 per cent. for woolen tissues with threads of silk for decorative purposes.

The government is urged by the Federation to use its strong position of "best customer" to insist upon preferential treatment.

Buy advertised goods. They must always give full value.

The suggestion was advanced in a luncheon address to the Reform Club on Saturday.

CLAIMS WEATHER MAY HAVE HELPED ALONG DEPRESSION

Cincinnati Professor, After Five Years' Study of Climatic Conditions, Finds Striking Resemblance Between Temperature Charts and Business Conditions.

Cincinnati, Ohio, March 28.—The weather, suspects Dr. Clarence A. Mills, may have had something to do with the depression. Professors of experimental medicine at the University of Cincinnati, he explained today that five years of study of climatic conditions and their effect on mankind has led to the conclusion that the weather also has plenty to do with economic conditions.

He found, he said, that charts of temperature changeability and of business indices over one hundred years corresponded strikingly. Where temperatures fluctuated widely, business dropped ahead. Where temperatures clung close to a given level, business activity slumped.

The reason, he said his studies indicate, is that the ductless glands which control the energy production of the human body are most active under continuous changes in temperature, simply because the body needs more energy to adjust itself to the changing conditions about it.

NO POLISHING NEEDED BY LATEST LEATHER DRESSING

Pittsburgh Experimenters Announce Discovery of a Polish That Will Make Shoes Practically Scuff-Proof.

Pittsburgh, Pa., March 28.—A new, self-polishing shoe leather was announced today by the Mellon Institute of Industrial Research. The heat of the announcement, activates a "polish" impregnated in any color in the leather so that the shoes "require only a slight rubbing to preserve the desired polished effect."

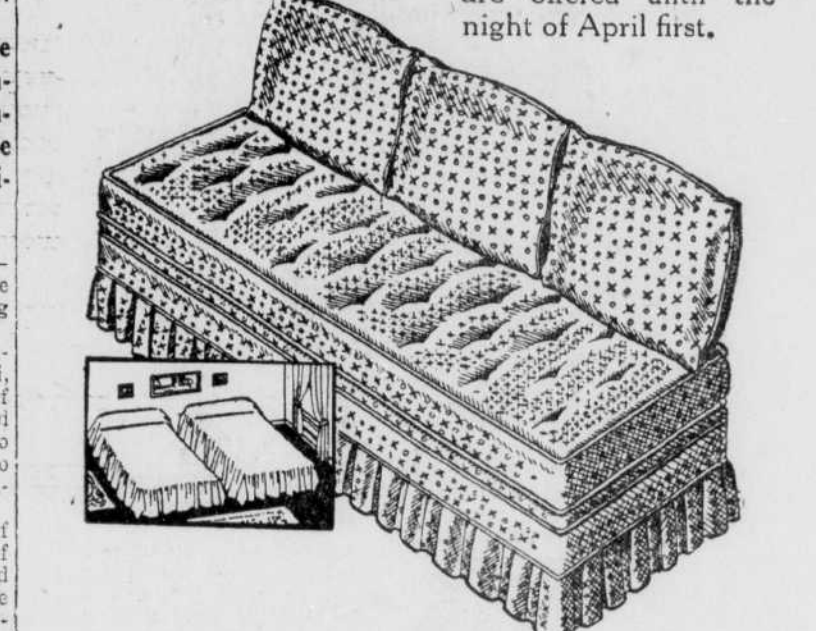

The polish is only part of "an

entirely new combination of materials" impregnated in leather. These substances are said to "support and lubricate" fibres of the leather preventing their breaking down under wear, to simplify manufacturing processes, and to add to the leather's water-resisting qualities, "do away with "choking" and to produce a shoe "practically scuff-proof."

The novel finish is announced as applicable to various kinds of leather, but particularly designed for the kid types.
