

MEMBERS OF SUPREME COUNCIL OF THE PEACE CONFERENCE DISCUSS RUMANIA'S ATTITUDE TO HUNGARY

Conversation Evidenced More Interest in Rumania's Stand on Matter than in Actual Status of New Hungarian Government—Have Message from Archduke Joseph, Announcing Intention to Execute Terms of Armistice and Asking Authorization to Send Delegates to Paris.

(Associated Press Despatch)
PARIS, August 9.—While the Supreme Council of the Peace Conference held no stated meeting today, the members of the Council discussed the Hungarian situation informally. The conversations among the members bore more upon the question of Rumania's attitude than upon the status of the new Hungarian Government, as the former phase of the situation is interesting the Conference more than any other.

Despatches from American relief officers who have been co-operating with British and Italian representatives in Hungary report that Budapest is quiet, but that all transportation, including that on the Danube, is being held up. As this involves great danger of famine, the Allied officials have appealed for an effort to lift the embargo placed by the Rumanians on supplies, as well as all other embargoes on food transportation and distribution affecting the region.

The members of the Council also had for their consideration a message from Archduke Joseph, head of the new Hungarian Government, announcing the intention of his regime to execute the terms of the armistice and asking recognition and authorization to send delegates to Paris.

The message from the Archduke outlines the policy of the new Government and says that it will call a properly selected constituted assembly to reorganize labor with a view to increasing production.

ONLY A SMALL FORCE OF POLICE BEING ALLOWED

(Associated Press Despatch)
PARIS, August 9.—The Rumanians in Budapest are allowing the Hungarians only six hundred gendarmes to patrol the city, according to news from American officers there. These officers declare that a greater force is necessary if the new Government is to be enabled to effect an organization and function properly. They insist upon the view that the Government must have forces to preserve order outside the city as well as within it.

INTER-ALLIED MISSION IS IN FULL ACCORD

(Associated Press Despatch)
GENEVA, Aug. 9.—The inter-Allied mission at Budapest, after a conference with Archduke Joseph and Premier Friedrich, has forwarded to M. Clemenceau, President of the Peace Conference, a report to the effect that the Entente representatives are in full accord with the new Hungarian Government, according to a Vienna despatch received here.

REPORT SAYS THE FORMER EMPEROR REFUSED CROWN

(Associated Press Despatch)
PARIS, August 9.—Former Emperor Charles of Austria-Hungary was begged by Magyar Patriots to mount the Hungarian throne when the fall of the Peidl Ministry was determined upon, according to a despatch from Zurich. The former monarch refused on the ground that, having been king and emperor, he could not go down the social scale and be content with a simple king's crown.

The Duke of Hohenberg, son of Archduke Franz Ferdinand, whose assassination at Sarajevo in 1914 was the immediate cause of the great war, also refused the crown, according to the despatch, which says that the Hungarians ended their quest by choosing Archduke Joseph, as a last resort.

NEWSPAPER SUGGESTS A HAPSBURG RESTORATION

(Associated Press Despatch)
ROME, Aug. 9.—Commenting on the situation in Hungary, the Popolo Romano suggests the possibility that Archduke Joseph, the head of the new Hungarian Government, is "aiming to restore the Hapsburg Monarchy and again join Vienna and Budapest."

LIBERAL LEADER CONFERS WITH THE PREMIER

Several Suggestions Made as to What Constituency Mackenzie King Will Stand For.

OTTAWA, Aug. 9.—Hon. W. L. Mackenzie King, leader of the Opposition, was in conference with Sir Robert Borden for some considerable time yesterday. It is understood that the conference took place on the issue of the Prime Minister, who extended his congratulations. Arrangements for the coming session were under consideration, with the question of issuing writs for by-elections in vacant seats. Endeavor, it is stated, will be made to provide for both Sir Henry Drayton, Minister of Finance, and the leader of the Opposition before the opening of the session on September 1st.

In this connection a delegation from Glengarry County is to wait on Mr. King with a request that he should run in Glengarry-Stormont. Mr. John McMartin was returned for this constituency as a Liberal Unionist last election, but died shortly after the opening of the session. The suggestion is made also that Mr. King might run in Sir Wilfrid Laurier's old seat in Quebec East. It was further stated that Mr. King might secure the nomination in Assiniboia, Sask., for the remainder of the present parliamentary term if he wished to accept it. This seat was vacated by the appointment of Mr. Turfitt to the Senate. Within a few days Mr. King will take over the Opposition leader's office at the House.

STRIKE AT 'PEG WAS MORE THAN A MERE STRIKE

Magistrate Noble, Ruling in Evidence, Says Absolute Proof is Made of Attempted Rebellion.

(Canadian Associated Press)
WINNIPEG, Aug. 8.—"There has been introduced evidence to show that this strike was more than a strike. Perhaps half of the strikers thought it was a strike, but some of the leaders regarded it as an ordinary strike. It is a strike with the intelligence of the average men, when you even argue against it. If this was a revolution, then it is impossible to dissolve from the evidence against these men, the dire consequence of it. In these words Magistrate Noble ruled in evidence of the riots of June 21 at the trial yesterday of the eight labor leaders charged with the seditious conspiracy.

A letter from R. B. Russell, was read, in which the history of the much discussed diagram of the Soviet Government is revealed. "I am in receipt of a diagram from Mrs. Rose Henderson, Montreal, which Daniel Lenine drew about nine years ago, and which she says Lenine has used in planning the Soviet organization," the letter said.

WOULD KILL OFF ALL CAPITALISTS.
WINNIPEG, Aug. 8.—"It is impossible for workers to co-operate with capitalism, and it is up to the workers to will them off as fast as we can get hold of them."

This is one of the alleged statements made by Solomon Almazoff, according to the evidence tendered by Harry Daskalk, who, until recently was connected with the criminal investigation department of the Royal Northwest Mounted Police, at the resumed immigration board inquiry into the deportation of the alien leaders arrested in Winnipeg during the recent strike trouble.

Almazoff made these remarks at a meeting held in Liberty Hall on May 2, held under the auspices of the young Jews Labor Lead, at which William Ivens had spoken.

The sitting adjourned late this afternoon until August 20.

STEAMER LAPLAND DOCKS TODAY

(Associated Press Despatch)
HALIFAX, N. S., Aug. 9.—The steamship Lapland with troops aboard is due to dock at 1:30 p.m. this afternoon.

ONE KILLED AND SIX INJURED IN AUTO "RECK"
NEW YORK, Aug. 9.—One man was killed and eight other persons were injured in a collision between two automobiles, carrying to work persons who were unable to find places on cars or trains.
The President of the Brooklyn Railway Transit announced that to-night or to-morrow morning he would have three hundred motor buses and trucks to carry Brooklynites to various parts of the city.

THE WEATHER

FAIR AND COOL.
A fairly pronounced area of high pressure covers the Great Lakes and fair cool weather prevails over the eastern half of the Dominion. Showers have occurred in many parts of Alberta.

Moderate northwest winds, fair and cool today and on Sunday.

GENERAL YUDENCH FORMS NEW RUSSIAN GOVERNMENT AT HELSINGFORS AND WILL TAKE OVER PETROGRAD, IT IS REPORTED

LONDON, August 9.—Wireless Bolshevik messages received today say that General Yudenich is reported to have formed a Russian Government at Helsingfors for the purpose of taking over the administration of Petrograd, after its capture by Finnish White Guards. They add that General Mannerheim has accepted conditionally command of the Finnish army.
The Bolsheviks, according to the despatch, have taken 5,000 prisoners belonging to Admiral Kolchak's Eleventh Division, and 5,000 from his Thirteenth Division.

PASSENGERS FROM THE NORTH STAR BROUGHT TO SHORE ON THE STEAMER "WANDA" TELL STORY OF THE WRECK

One Hundred and Ten Persons Brought in by Rescue Ship, Followed by "Mary H. Cann" with the Remainder—Wrecked Steamer is Expected to be Total Loss, as She is Now in a Perilous Position.

YARMOUTH, N.S., Aug. 9.—The first to arrive with passengers from the North Star was the Wanda, which came in yesterday afternoon with 110 persons on board, followed closely by the Mary H. Cann with the balance of the 270 passengers. They report that the ship struck heavily at 7:20 in the morning. A small panic ensued, but was soon quieted and when the tide ebbed sufficiently to allow the passengers to leave the ship they all safely disembarked through the loading port on to motor boats and were transferred to the tugs. There was no accident of any serious nature. The only one of consequence happened to Captain Thomas Henderson, formerly of Annapolis county, but now making his home in Sailor's Snug Harbor, at Staten Island, N.Y. When the ship struck the Captain was thrown heavily from his berth and sustained a severe bruising about the body. As soon as he landed from the Percy Cann, the B. and Y.S.S. Company's physicians were on hand and his injuries attended. Captain Henderson has followed the sea for some more than 35 years, and this is the first experience in a wreck.
All the passengers, as soon as landed in Yarmouth, were sent by the B. and Y. Company to the Grand Hotel. Captains of tugs report the North Star as being in a perilous position and will probably be a total loss. She lies on a rocky bottom and went ashore about 100 feet from the shore. The Wanda struck where the General's ship struck, and the passengers spoke of the way in which they went about assuring the passengers that they were perfectly safe and that there was positively no need for alarm. When it came time to leave the ship everything was done in an orderly way and every person on board was transferred without the slightest commotion. Captain Strout and several officers came up to Yarmouth last night, while Canadian Pilot Alvin Simms, with a number of men, have camped for the night on North Star Island, to keep watch on the ship and prevent wreckers from boarding her. It is impossible to obtain a complete list of passengers as they are scattered in lodging houses throughout the town and nearby suburbs.

FURNISHED AID TO THE "MOUNT BAKER"
NEW YORK, Aug. 9.—While in mid-ocean on August 4, an army transport Great Northern Island, which arrived here yesterday, from Brest, received a wireless call for help from the British steamer "Mount Baker," which had six feet of water in the hold because of the donkey engine had been broken down and it was impossible to work the pump. The British vessel was also short of drinking water and food. A repair crew from the Great Northern went aboard and repaired the engine, after which supplies were furnished and the transport proceeded.

NEW MONARCHIST LEAGUE FORMED BY RUSSIANS

Despatch Says Band Would Place Duke on Throne—Two Reported Killed.

(Associated Press Despatch)
LONDON, Aug. 8.—A despatch to the Exchange Telegraph from Stockholm, says that Colonel Hadjetachttinger, a former Russian naval officer, and American citizen named Leger have been killed by a band, which is supposed to be part of an organization called the International League for re-establishment of the Russian monarchy.
The Dagens Nyheter, of Stockholm, the despatch adds, says that the former Russian officer took part in an organization whose object is to re-establish the monarchial regime in Russia by placing Grand Duke Alexander Michaelovitch, brother-in-law of the former Russian emperor, on the throne. The organization, according to the newspaper, is led by former Premier Treppoff and General Judichin, commander of the Russian forces in the Caucasus.

SEVENTEEN DEATHS IN MINE EXPLOSION AT MEXICO CITY

MEXICO CITY, August 9. Seventeen deaths were caused by a dynamite explosion yesterday in the Rosario Mine, Pachuca, according to latest reports. Two trains, one carrying three thousand pounds of explosives, crashed near the main entrance to the mine. It was at first feared that more than a thousand miners were entombed.

DISCUSSION OF ADDRESS TODAY BY CONGRESS

House is Analyzing and Digesting President Wilson's Remarks on Cost of Living.

(Associated Press Despatch)
WASHINGTON, Aug. 9.—Congress got down today to analyzing and digesting President Wilson's recommendation for reduction of the increased cost of living. Members of the Senate and House interstate commerce and agricultural committees, which would have in hand framing of legislation, to extend the food act and to regulate storage of food-stuffs, paid particular attention to the President's address, delivered late yesterday before a joint session of the two Houses.
Leaders prepared to take action at an early date on the living problem. Although some members disagreed with the specific recommendations of the President, it was believed that the prospective legislation generally would follow the proposals he made. Stocks of all classes were strong at the opening of today's session. Wall Street evidently placing a favorable construction on President Wilson's address to Congress. Initial gains ranged from one to two points.

LABOR LEADERS IN WASHINGTON ADOPT A REASONABLE ATTITUDE BUT RAILWAY STRIKE GOES ON

Heads of Shopmen's Union Declare They Have No Intention of Forcing Views on Public—"If Congress Can Do Nothing, We Must Find Some Other Solution." They Say—Curtailement of Passenger Service Continues—Workers on Welland Canal Declare They Will Strike.

WASHINGTON, D.C., August 9.—Leaders of the fifteen organizations of the railroad employees united today in a "definite assertion" that they had no desire, and have had none, to impress upon the public, by violence or by threat, the proposals that the railroads be nationalized under tripartite control.

Declaring that the request of the men that living costs be reduced or their wages increased was aside from the question of the future disposition of the railroad problem, the labor leaders said that if President Wilson and Congress could not meet this request, the men "would have to try to find another solution."

SOME SIGNS OF IMPROVEMENT ARE SHOWN IN REPORTS FROM WESTERN AND CENTRAL POINTS

CHICAGO, August 9.—While signs of improvement in the strike of federated railway shopmen were indicated by reports from Central West points, others showed that at some divisional points the men were disinclined to heed the advice of President Wilson and their Grand Lodge officers to return to work pending a wage settlement. The reports from Middle West points said that upward of twenty thousand shopmen had gone back in response to the warning of the President that their wage grievances would not be adjusted until they returned to work, supplemented by the urging of the Grand Lodge officials.

From East, South, Southwest and Far West came reports that the men had decided not to return to work until their wage demands were met.

Advices from Atlanta, Georgia, were to the effect that the executive committee of the affiliated craftsmen had adopted resolutions not to resume operations until their wages had been adjusted.

Limited embargoes on freight were continued on nearly all roads.

MORE CURTAILMENT OF PASSENGER AND FREIGHT SERVICE ON THE NEW ENGLAND RAILWAYS TODAY

BOSTON, Mass., August 9.—The shopmen's strike on the New England railways caused further curtailment of passenger train service and additional delays in the movement of freight today. Suburban traffic suspension on the New York, New Haven & Hartford and the Boston & Maine lines continued, and the expected walk-out of more mechanics on the Boston & Albany Railway led officials of that road to fear that the regular service they have been able to maintain thus far would be impaired later in the day.

Summer resorts in Massachusetts, Maine and New Hampshire were particularly affected by the situation. Many of the special summer trains, notably the expresses from New York to the mountains and Maine, were cut off the schedule. The Knickerbocker Limited and the Merchants' Limited were also cancelled. Schedule changes announced by the railroad traffic departments indicated that more than two hundred through trains with terminals in Boston had been dropped since Thursday. Bulletins posted today said that further service annulment could be expected tomorrow and that all service was subject to delay or curtailment.

Conservative estimates placed the number of men from New England shops on strike at about twelve thousand. Union reports indicated double that number.

OUCH! CORNS! LIFT CORNS OFF

Doesn't hurt a bit to lift that sore, touchy corn off with fingers.

Drops of magic! Apply a little Freckle Remover on that bothersome corn, instantly that corn stops hurting, then you lift it off with the fingers. No pain at all! Try it!

Why wait? Your druggist sells a tiny bottle of Freckle Remover for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness at all.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine--double strength--is guaranteed to remove these homely spots.

Simply get an ounce of Othine--double strength--from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

Girls! Have the Long Beautiful Hair that is Rightfully Yours

Short, scraggly, unsightly hair is more of a habit than anything else.

Hair must have intelligent care. Merely combing and washing will not keep it in a healthy condition, and give you the abundance of hair nature intended you should have.

Newbro's Herpicide

should be used at frequent intervals, because it keeps the scalp free from dandruff and harmful matter due to perspiration. Herpicide keeps the scalp in a healthy condition permitting the hair to have its normal growth and sheen.

It is astounding how many men and women will go through life with little or no hair and with what they have in a very unhealthy condition, when at a very small cost, they could get Newbro's Herpicide and save and beautify their hair.

Herpicide is sold and guaranteed at drug and department stores everywhere. Applications at barber shops.

Send 10 cents in stamps or coin today for sample and booklet on the care of the hair. Address: The Herpicide Co., Dept. 180-B, Detroit, U. S. A.

"A skin you love to touch"

You, too, can have this charm

No matter what other charms you have, they count for little unless you have the greatest of all charms--a clear, fresh skin.

An authority on the skin has said: "Whatever your difficulty is, you can remedy the trouble, if you will only give your skin intelligent care and attention."

The following treatment brings the blood to the surface and stimulates the small muscular fibres. Begin it tonight and see how it will improve your skin.

Just before retiring, wash your face and neck with plenty of Woodbury's Facial Soap and warm water. After rinsing your face with warm water, rub a fresh lather of Woodbury's into your skin, using an upward and outward motion. Do this until the skin feels just a little sensitive. Then

rinse the skin well in warm water, then in cold, finishing by rubbing for thirty seconds with a piece of ice. Always be careful to dry the skin thoroughly.

Make this treatment a regular habit, and in a much shorter time than you would imagine, your skin will take on the greater loveliness that it can have.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

Mr. and Mrs. W. M. Whitcher, Mr. Claude Whitcher, and Mr. and Mrs. J. Quilliams motored to Newport, Vt., on Wednesday. Mr. Quilliams will continue her journey to her sister's in Barton, Vt., to remain for a few days.

SUMMER COMPLAINT
IS A SERIOUS
Bowel Trouble

Very few people escape an attack of Summer Complaint. It may be slight, or it may be severe, but nearly everyone is liable to it.

You can't tell, when it seizes on you, how it may end.

Allow the profuse diarrhoea, the vomiting and purging to continue for a day or two and you will become weak and prostrated.

Just as soon as the bowels become loosened up, get a bottle of Dr. Fowler's Extract of Wild Strawberry and check those unnatural movements, and thus prevent the system from becoming weakened.

Mrs. L. J. Alteen, wife of the well-known wholesale and retail Fish Dealer, 44 Hill St., Amherst, N.S., writes: "I have four children, the oldest being eight years old. Every summer they were troubled with Summer Complaint. Doctors' prescriptions did not seem to help them. One day a friend asked me to use Dr. Fowler's Extract of Wild Strawberry. I at once got a bottle, and to my surprise and wonder, I soon saw a change in them. I now keep a bottle of it in the house all the time, and will recommend it to any mother."

"Dr. Fowler's" is 35c. a bottle. Get the original which has been put up for the past 74 years by The T. Milburn Co., Limited, Toronto, Ont.

"For three years, I suffered great pain in the lower part of my body, with swelling and bloating. I saw a specialist, who carefully examined me and gave me several tonics to take, which did not help me. Then he told me I must undergo an operation. This, I refused to permit."

I heard about 'Fruit-a-tives' and the wonderful results it was giving because this medicine is made from fruit juices, so decided to try it.

The first box gave great relief; and I continued the treatment, taking six boxes more. Now, my health is excellent—I am free of pain and swelling—and I give 'Fruit-a-tives' my warmest thanks."

Mr. and Mrs. James Gaw, who spent four months in the West, the guests of their son, Dr. Caw, at Perdue, Sask., and also visited most other places, have returned to Waterloo. Mr. Gaw has bought from Mr. Joseph Wallace thirty-five acres of what was known as the Carter farm, just opposite Mr. James Purdy's farm. He intends to build on it a fine residence, and, in fact, has already begun the foundation work.

Of the seventy-one candidates who successfully passed the recent matriculation examinations at McGill University, Mr. Lawrence Taylor, of the Waterloo Acad. my, holds second place. He also came first in the Bedford district, and this qualifies him for a McGill scholarship for entrance to the arts course of that university. The academy is one of the most thoroughly-equipped buildings in the Eastern Townships, and with the excellent staff of teachers, the rank of the school is steadily advancing.

FOSTER

The regular sessions of the municipal council of Foster met on Monday evening, at the Hall, with a full attendance. After routine, the work on the roads was taken up and discussed at length, as there being no other business, the meeting adjourned.

MUSIC IS NEEDED

Time was when music was considered simply an accomplishment, a frill, an occupation for superfluous time, a source of pleasure, it is true, but only to the few who really understood it. Music was something you should like, but perhaps didn't.

OPEN THE WINDOWS OF YOUR SOUL AND LET MUSIC IN. BRING IT INTO YOUR HOME.

Buy a well-known Wilson Piano or Victrola. There is no investment you can make which will bring you or your family more pleasure, more contentment. The cost is reasonable, the payment easy if desired, and every instrument is fully guaranteed.

NORTH HATLEY

The August meeting of the W.C. T.U., which was held in the Baptist Church hall on Wednesday afternoon, was well attended and a pleasant afternoon spent. It was decided to hold a food sale on Saturday afternoon, the 16th, in the park, weather permitting.

The Ladies' Aid sale in the park on Thursday was a great success. The home-made candy, useful and fancy articles found a ready sale, and the proceeds were very satisfactory.

Mrs. Gallagher, of Capetown, was the guest of her daughter, Mrs. Robt. Smith, this week.

Mr. Ross Bennett and family are moving into Mr. E. N. Hawse's house.

Mr. Jos. Robert has moved into one of Mr. J. B. Reed's tenements.

Mr. E. B. Cochrane was in Montreal this week.

Mr. and Mrs. Maitland Armstrong, of Newport, R.I., are guests of Mrs. Armstrong and the Misses Armstrong at their summer residence here.

Miss D. M. Edgar, of Lachine, is the guest of Mrs. J. B. LeBaron.

Miss Doris Northy, of Lennoxville, is spending a fortnight with the Misses Cinnamin.

Rev. G. H. Hatcher and family have moved to Lennoxville.

Mr. and Mrs. E. A. Frappied have received news of the arrival of their son, Sergt. Frappied, on American

soil, after service overseas in the transport section.

Miss McConnell of Sherbrooke has been spending a few days at Mrs. W. T. Hart's.

The Ladies' Guild will hold their annual sale of fancy and useful articles on the 13th, in the Town Hall, followed by a dance in the evening.

There was an abundant crop of raspberries here this year.

The hay crop was an excellent one here. Most farmers have finished their hay crop, and the weather is just what is needed for the hay to dry properly.

The three-year-old daughter of Mr. and Mrs. H. L. Johnson met with a painful accident recently. While at the home of her uncle, Mr. William Austin, she strayed near the kennel of their dog which was kept chained to the house. She was badly bitten in the face. She was rushed off to Sherbrooke for medical aid, and is recovering now.

Nature's Fireless Cooker.
Out in New Zealand when they want a bit of soup, or are ready to have a boiled dinner, they don't bother with a fire, but they use a fireless cooker. The three-year-old daughter of Mr. and Mrs. H. L. Johnson met with a painful accident recently. While at the home of her uncle, Mr. William Austin, she strayed near the kennel of their dog which was kept chained to the house. She was badly bitten in the face. She was rushed off to Sherbrooke for medical aid, and is recovering now.

Unquestionably the fire is there but it is so deep down in the heart of the earth that no one has to bother with a fire, but they use a fireless cooker. The three-year-old daughter of Mr. and Mrs. H. L. Johnson met with a painful accident recently. While at the home of her uncle, Mr. William Austin, she strayed near the kennel of their dog which was kept chained to the house. She was badly bitten in the face. She was rushed off to Sherbrooke for medical aid, and is recovering now.

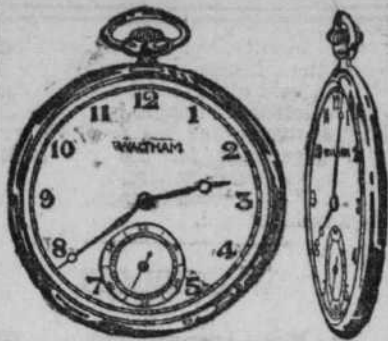

As a matter of fact, it is the most modern and up-to-date of all ways of preparing food, that of packing it in utensils and then setting them in boiling water, but with the New Zealanders it is the oldest method because it is the way provided for them by nature herself.

Power From Windmill.
The windmill is a new addition to the forest ranger's station on the mountain peaks of the West. Its purpose is to drive the dynamo that supplies current for a wireless telephone. The telephone has long been the chief aid of the look-out in fighting fires in our great national forests. Often, however, when most needed, the wires would be lying useless under a slide of rocks or snow or a fallen tree, so the rangers are to have wireless telephones, whose functioning cannot be disturbed in these ways.

A motion picture and dance will be given by the G.W.V.A. at the Town Hall, North Hatley, Monday, August 11th, commencing at 8 o'clock sharp. Admission, picture and dance, 50c; picture only, 25c; dance only, 25c; children, 15c. Good orchestra. Jitney leaving G. T. station at 7 p.m.

The new management of the Chateau Frontenac has made many changes and is going after business in a typical American style. A beautiful illustrated catalogue, to the amount of \$5,000, has been circulated through the United States and Canada. The photographs and cuts are the work of the Sears Studio, and the press work by Page Printing & Binding, which is a credit to our city and proves that these houses are quite up-to-date for any emergency.

LENNOXVILLE

REOPENING SERVICES AT METHODIST CHURCH, LENNOXVILLE.

Tomorrow, August 10, will be a memorable day in the history of the Methodist Church here, it being the reopening of the newly-renovated edifice which has been undergoing a change, both in its exterior and interior appearance, during the past few months. The special preacher for tomorrow will be the Rev. William Timberlake, of Montreal, who will give addresses on the subjects: "A call to praise" and "A divine request" at the morning and evening services. The pastor, Rev. Johnson Seller, will also be present.

Special music will be rendered by the choir, with Mr. G. L. Parker at the organ. The morning anthem will be, "O Lord be Gracious," and a solo, "Recessional," will be sung by Mr. J. G. Watson.

At the evening service the choir will sing "This is the Day," "The Better Land" will be sung by Mrs. Watson, and special hymns of thanksgiving will be sung at both services. The special offerings will be for the renovation fund.

Tuesday evening, in Douglas hall, a supper will be served at 6:30, followed by a musical programme and a short address.

On Sunday, August 17, the special meeting will be the Rev. George Woodside, M.A., of Brantford, Ont., and Rev. G. Ellery Read, of Sherbrooke.

BURY

There was a large attendance at the meeting of the St. Paul's Guild held on Wednesday last at the residence of Mrs. J. W. Dawson. Important business was transacted and much sewing was done. Tea was served by the hostess, assisted by Blanche. The next meeting will take place on the 12th, at the residence of Mrs. John Manes.

The bride, who was unattended, wore a travelling suit of navy blue serge, and blue hat to match.

After the ceremony the young couple took the train for points in New Hampshire, where they spent their honeymoon.

On their return a reception and dance was held at the home of the bride's parents, where about fifty guests were gathered to welcome them.

The ladies of the parish of Notre Dame entertained on Thursday evening at Racine Park for the benefit of the Young Men's Catholic Association. In spite of the storm the affair was a success. The decorations were very pretty and the music of the band excellent, while the refreshments were all that could be desired. The boudoir cup given by Miss Albina Horton was won by Miss Dora L'Abbee, who held the winning ticket.

Dr. W. O. Lambly has returned from a motor trip through the White Mountains, leaving Mrs. Lambly at Knowlton, for a short visit with her parents, Mr. and Mrs. H. C. Knowlton. During the travels, they stopped at Newfane, Vt., and visited the old cemetery on Newfane Hill, where Hon. Luke Knowlton, an ancestor of Mrs. Lambly's, is buried. The Hon. Luke Knowlton, who was born in 1738, was a U.S. Loyalist, and on account of the severe losses he sustained during the early part of the Revolutionary War, King George III gave him a large and valuable grant of land in Lower Canada, which included the site of the City of Sherbrooke. He was the first settler in this area.

He was one of the leading men of his time and held many offices, being a member of the general Assembly of the State of Vermont, and later Judge of the Supreme Court of the United States. One of his sons, the Hon. Luke Knowlton, Jr., was a pioneer of Brocton Township and the town of Knowlton was named for a great-grandson, the Hon. Col. P. H. Knowlton, another early pioneer.

MARRIAGES

RAIDWIN—BAILEY.
DIXVILLE, Aug. 9.—A very pretty wedding was solemnized in the Baptist Church, Dixville, on Wednesday evening, when Miss Bernice Jennie Bailey, daughter of Mr. and Mrs. W. C. Bailey was united in matrimony to Mr. Wayland Frederick Baldwin, son of Mr. and Mrs. H. E. Baldwin, of Barford, Rev. A. M. Watts officiating.

The church was beautifully decorated for the occasion with cut flowers and potted plants. Mrs. Norman T. Moffatt, sister of the bride, acted as bridesmaid, and the groom was accompanied by Mr. Moffatt. The bride wore a gown of white silk crepe de chine, with bridal veil and orange blossoms, and carried a bouquet of white sweet peas. The bridesmaid was gown in plum georgette, wearing a hat to match, and carried a bouquet of pale pink sweet peas. After the ceremony the invited guests repaired to the home of the bride's parents and the couple received the good wishes of their friends. During the course of the evening refreshments were served.

PERKINS—RODGERS.
MELBOURNE, Aug. 9.—A very pretty, though quiet, wedding took place recently at the Congregational Church, Melbourne, when Bertha Georgina, second daughter of Mr. and Mrs. Henry Rodgers, of Cleveland, was united in marriage to Mr. Frank Howard Perkins, of Asbestos, eldest son of Mr. and Mrs. Norris Perkins, of Danville.

The bride, who was unattended, wore a travelling suit of navy blue serge, and blue hat to match.

After the ceremony the young couple took the train for points in New Hampshire, where they spent their honeymoon.

On their return a reception and dance was held at the home of the bride's parents, where about fifty guests were gathered to welcome them.

Mr. and Mrs. J. S. Trevor, of Regina, were in town yesterday, leaving today for Montreal.

WOMEN IN CHURCH.

Anglicans in England Are Yielding to Claims.

The British woman after a long period of agitation against the limitations placed on women by the authorities of the Church of England, has won through.

The first conference of the House of Laywomen has just been held at Coventry under the new constitution, the chair being taken by the Bishop of Coventry. There was an attendance of over 200 members.

The chief discussion centred around women's part in ministerial work. The claims put forward favoured the ordination of women as priests and their being allowed to give lectures in church on Biblical subjects and their right to read lessons and preach.

The bishop stated that the bishops of the church were to receive from the Dean of Westminster a report on the things which women might be permitted to do. The bishop's attitude was one of sympathy towards such ministrations, and perhaps in a short time he would be able to indicate certain ways (not affecting the regular services) in which women could help in the ministrations.

He should, however, require women to be licensed in the same way that clergymen and lay readers were licensed, and that meant individual character and fitness. He deprecated any hurried action in the direction indicated, and regretted the action of Miss Maude Roydon in acting contrary to the wish of the Bishop of London in speaking at St. Ethelburg church on Good Friday.

Although the Church of England has hitherto relied on St. Paul's dictum in which he says: "I suffer not a woman to teach, nor to usurp authority over the man, but to be in silence," the British nonconformist churches have not been so strait-laced. Even where they have objected to a woman preaching they have permitted her to give an address which has usually been a sermon without a text except that within a few moments every person in the congregation could have quoted a text to fit the sermon.

The Congregational Church already has several women ministers, and any church in that communion that desires to appoint a woman pastor has only to get the permission of the superintendent of the district. The Free Church Council, finding that men candidates for the ministry are fewer than of old, and that women pastors are putting new life into the churches, are recommending that women should be admitted to the theological colleges at which they should go through a two years' curriculum preceded or followed by two years' training in social work in a settlement.

Book Famine.

With barely an exception the public libraries of Great Britain are crippled for want of funds. In many places 2,000 to 3,000 volumes are out of circulation because they are too tattered, and there is no money to pay for re-binding. Many libraries have reached the starvation point as regards books.

The cause of the trouble is the limited spending power in the Libraries' Act which passed more than sixty-five years ago. The amount allowed to be raised for this purpose is roughly 20 cents for every \$100 of rent paid in the district of the local authority. In the poorer districts this library rate does not produce enough to provide even the building to house the books, and the greater number of library buildings have been erected by private donations. Two men were answerable for the great majority, Andrew Carnegie and Passmore Edwards.

The war has been answerable for the present situation in a measure. Prices of all publications have risen, re-binding costs have doubled and salaries of staffs have had to be increased.

The local authorities in some districts have already closed down the branch libraries. But the others are now considering an application to Parliament for power to increase their library rate by 200 per cent.

In Prime at Thirty.

Early youth is not always the best age for ball games, judging from the records of champions of the past.

In regard to cricket, for instance, players seem to be in their prime at about 30.

W. G. Grace, C. B. Fry and Ranji were wonderful at 30, while J. B. Hobbs, perhaps, reached his zenith just before 30. The same remark applies to Barnes, the famous Staffordshire and England bowler, who, when he was doing such wonders from 1912-14 was nearing his 40th year. Again, George Hirst was 35 when he scored over 2,000 runs and secured over 200 wickets in the season of 1906.

H. L. Doherty was 25 when he won the first of his five lawn tennis championships. A. W. Gore was 33 when he was successful in 1901, and he won again seven or eight years later. He is the only player who has ever won a lawn tennis championship at the age of 40, although Norman Brookes secured victories at 23 and 35.—The B.H.A.

COBB IS STILL LEADING HITTER OF THE LEAGUE

Ty Retains Premier Honors in Battle with Sisler—Jim Thorpe Suffers a Slump.

(Associated Press Despatch)

CHICAGO, Aug. 9.—The battle between the two stars, Sisler (St. Louis) and Cobb (Detroit), for premier honors among the American league batters, resulted in the latter taking first place with an average of .365, according to unofficial averages released today. Sisler is ten points behind. Bobby Veach, of Detroit, is hitting at a .354 clip. Sisler retained his lead in total bases with a mark of 185 bases. Johnson (Cleveland) caught up to the St. Louis star in stolen bases. Each has twenty-two to his credit. Ruth, the Boston slugger, has failed in his last five games to add to his string of sixteen homers, but is still at the top of the circuit drive hitters.

Other leading batters include Peckinpaugh (New York), .343; Jackson (Chicago), .334, and Flagstead (Detroit), .326.

Zack Wheat, the Brooklyn outfielder, dropped from second to fifth place among the batters of the National League. Jim Thorpe, the Indian, of Boston, also suffered a batting slump, but retained his hold on first place with an average of .357. Cravath, the Philadelphia manager, is pressing Thorpe for first place with a mark of .351.

Gravath and Kauff, of New York, remained tied for circuit drive honors with nine homers each, Kauff continuing to lead in total bases with 161. Outshaw (Pittsburgh) added four stolen bases to his string and is showing the way to the base stealers with 29 thefts.

Other leading National League batters include: Roush (Cincinnati), .324; McHenry (St. Louis), .323; Z. Wheat (Brooklyn), .314; Myers (Brooklyn), .314.

BASEBALL

GOOD BALL GAME PROMISED FOR TODAY.

The ball game between the Rand and the K.C.'s has all the earmarks of being one of the best games of the season. Both teams are in the running for the pennant, and a real contest is expected. The ball grounds are in fine shape now, and many say that Sherbrooke has the best diamond in this part of the country. The game starts at 2 p.m. sharp.

MAGOG WINS FROM NEWPORT.

MAGOG, Aug. 9.—Magog won from Newport Sunday by the score of 8 to 7 in a fast and interesting game. Newport came down with about 400 rooters and tried hard for a win. Clement was on the mound for Magog, and twirled an excellent game. Butler's "shoe-string catch" in the seventh inning, with 2nd and 3rd occupied, brought much applause from the crowd. Savage took care of second bag in fine style, while Boucher's hitting also featured. In fact, the whole Magog team turned in a good day's work.

The score by innings:
Newport . . . 0 1 0 0 0 4 1 1—7
Magog . . . 1 3 0 0 0 1 0 3 x—8

BOXING

BIG BOUT SCHEDULED FOR TONIGHT.

Everything is ready for the championship fight which is to be contested tonight between Leonard Dumoulin, champion of Eastern Canada, and Arthur Pelkey, champion of the Do-

minion, under the auspices of the 54th Regiment, in the Armory, Belvidere street, promoted by Joseph Cloutier, of this city.

Pelkey is well known in the sporting world, and has fought men like Sam Langford, McVey, Willard, Dempsey, Gunboat Smith and others, while Dumoulin has a good many victories to his credit and has won all of his fights to date.

Dumoulin said today that he was in the best of condition and expects to make a good showing against the big fellow from Ford City.

There will also be a semi-final between Patsy Dillon and Coon Couture, of ten rounds, and a preliminary of five rounds between Theodore Brulotte and Arthur Dufault, of the Carrillon Club.

A large crowd of fight fans is expected from outside. The 54th Regimental Band will furnish the music.

AT THE TRAPS

PRACTICE SHOOT IS HELD.

The Gun Club held a practice shoot on Thursday evening and quite a few of the members were out, tuning up for the big shoot to be held on Saturday. Several members of the Montreal Gun Club have decided to attend the shoot, as well as quite a few from the surrounding country. Mr. P. McCullough was the winner of the picture event. He, Gilbert Bray and Charley Thompson were all tied with fourteen each, but Phelan won out in the shoot-off, which was held in the spoon shoot. The spoon shoot was all Steve Newton's, and he trotted home with the silverware. Gilbert Bray took a fancy to the sweepstake, and his score of fifteen straight was indisputable. Charley Thompson and Steve Newton had to divide second money. The results were:

Ten birds, practice—S. R. Newton 9, S. G. Newton 9, N. G. Bray 8, C. G. Thompson 6, P. McCullough 4, C. D. White 3.
Fifteen birds, picture shoot—P. McCullough 14, N. G. Bray 14, C. G. Thompson 14, S. R. Newton 13, S. G. Newton 11, L. D. Hyndman 8, C. D. White 7.

Shoot-off in the picture event—P. McCullough 14, N. G. Bray 13, C. G. Thompson 12.

Spoon shoot, twenty-five birds—S. G. Newton 25, S. R. Newton 23, N. G. Bray 21, C. G. Thompson 17, P. McCullough 14, L. D. Hyndman 13.
Sweepstake, fifteen birds—N. G. Bray 15, C. G. Thompson 14, S. G. Newton 14, S. R. Newton 13, P. McCullough 9, L. D. Hyndman 8.

DEATHS REPORTED

MR. JOS. HOUGH, MAPLE GROVE. MAPLE GROVE, Aug. 8.—One of the oldest and most highly respected residents of this place passed away early on Sunday morning in the person of Mr. Joseph Hough, a few months over 87 years of age. Mr. Hough had been ailing for three years past, the end being accelerated by a stroke of paralysis a few months ago.

He leaves a son, Mr. Theophilus Hough, at home, and several daughters, Miss Abigail and Miss Jessie Hough, Mrs. L. J. Stewart and Mrs. James McKay, of this place.

The funeral service was conducted in the church on Tuesday afternoon by her pastor, Rev. Dr. Lawson, who preached an appropriate and impressive sermon. Dr. and Mrs. Lawson sang a beautiful selection. There was a large attendance, showing the high esteem in which the deceased was held in the community.

BEDFORD

The monthly meeting of the W.C.T.U. was held at the home of Mrs. Humphreys on Friday afternoon, with an attendance of eleven members. The President, Mrs. E. F. Draper, opened the meeting, by reading a selection from the 38th Psalm, which was followed by a prayer by Mrs. Humphreys. Mrs. C. Reynolds acted as Secretary, in absence of Mrs. Miller. A resolution was passed to send flowers to the three ladies who are ill, Mrs. P. Parker, Mrs. C. Fields, and Mrs. Walker. Mrs. Ball's address was read by Mrs. E. F. Currie, which was much enjoyed. It was decided after some discussion, to hold a social affair on August 15th, on the grounds of the Methodist Church Hall. The programme was placed in the hands of Mrs. C. Reynolds, and refreshments will be served. A letter of sympathy was sent to Mrs. Miller on the occasion of the death of her father, from the members of the W.C.T.U. At the conclusion of the afternoon, Mrs. Humphreys served refreshments.

Mrs. A. S. McCaw motored to Knowlton on Saturday.

The bi-monthly W.C.T.U. prayer-

"Oh, where is our wandering boy tonight?"

meeting was held at the home of Mrs. Humphreys, on Monday evening.

Miss Queenie Gibson of Montreal, was a recent guest of Miss D. Ewing.

Miss Helen Gould has returned from Noyan, where she has spent some time with friends.

Judge Hackett, Miss Hackett and Mr. and Mrs. Kerridge of Cowansville, were in town on Sunday.

Mr. E. Foster went to Dunham Pond on Monday.

Mrs. A. Hastings spent the week-end with Miss G. Martin, at Selby Lake.

What's the Value of Your Life?

Every man's life has a certain definite commercial value based upon the income he is able to earn.

What is the value of your life? Let us assume it to be \$15,000. This amount at 6% will produce a yearly income of \$900. So you see \$15,000 is not an excessive valuation.

Now, if you owned a building worth \$15,000, would you insure it to indemnify yourself against its loss by fire? Of course, you would. And yet the building may never burn.

But have you taken the same precaution to protect your dependents against the loss they would sustain in the cutting off of your life by death? And sooner or later that is sure to happen.

If your life is not insured for the value you place upon it, write to-day for our free booklet "The Creation of an Estate." Tomorrow you may be uninsurable.

THE PRINCE'S TOUR.

Canada will be glad to see the Prince of Wales on his visit to our Dominion, and to the United States. The royal houses of Europe have experienced many misfortunes during the last few years, and on only a few thrones do kings remain. The royal family in England, a numerous and young family, has escaped the dynastic tragedies of the war, and remains symbolic of the solidity of government and Empire, to claim our willing loyalty.

Rather as a youth seeing America for the first time, and interested in its "sights" will the Prince be welcomed by our two democratic American peoples. The diplomatic purposes of his visit will not be overlooked by governments and authorities, but, outside the ceremony and formality this "discovery of America" must hold some of the charm of an adventure for the heir apparent. Undoubtedly he will be given what is called in easy American English "a good time," and be received right royally in the American republic, where he will be a guest, and in Canada, where he will be at home.

THE EXTRA HAZARD.

The proposal to shorten the road to Montreal by several miles, and eliminate certain level crossings will be commended by all interested in the construction of the Sherbrooke-Montreal road. Attention was called by a correspondent to the fact that practically all serious accidents on the Derby Line road had occurred on the extended road, crossing two railway tracks, through Waterville, and that this might be avoided by taking a short cross road, three miles shorter, and with no level crossings.

The level crossing is responsible for nearly all serious motor accidents. It represents the extra hazard. The driver of a car takes into account, the road, the cars he meets, the condition of his car, and, actually, often takes no account of a level crossing until he is on it. For weeks he will cross a particular track, and finally neither looks nor listens for the train that never comes. Then, one day, it gets him.

There should be some process of elimination for the level crossing. Such a process is adopted in certain sections, and the sooner in our own the better. There is no driver of a team, or motor, who would not welcome the doing away with the iron cross rails.

JAPAN'S FAILURE.

The glaring inconsistency in the agreements made at the Peace Conference in Paris, appears to be the handing over of the Shantung Peninsula to Japan. The talking members of the Government at Washington have criticized the President on this ground, until he has even undertaken to explain that Japan promised to hand over the sovereignty of Shantung to China, retaining only the economic privileges granted to Germany, and the right to establish a settlement at Tsing Tao.

The only difficulties in the way of accepting the Shantung decision as just, are two. Shantung is really part of China, and China wants to hold it to the extent of refusing to sign the Peace treaty. Korea, under Japanese rule, has been persecuted and Koreans cruelly treated, which demonstrates that Japan does not deal kindly with those over whom she holds authority. Korea, alone, is sufficient reason for keeping Shantung from the Japanese.

Shantung is rightfully Chinese; the Japanese are unjust governors of their experimental colony, Korea. These two facts should have carried some weight with President Wilson, who, strangely enough, refused to nibble Piume, though he swallowed Shantung.

THE UNSOLVED PROBLEM.

Undoubtedly the labor unrest that is disturbing every country whose government is sufficiently stable to permit of industrial activity, is due to the high cost of living. The men who work today, are often more than mere workers. They are men who think as they work. And putting two and two together they find that not only is the country in debt, but that every man jack of them will be in debt unless something is done. For prices are not going down—they are going up. All of Europe wants American and Canadian products. And the

U. S. Senatorial Hamlet: "To Ratify or Not to Ratify; That is the Question."

individual American, Yankee or Canadian, pays for this export privilege.

Food, clothing, the necessities, are not going down in price. The industrial worker feels the drain of the extra five, ten, and fifteen per cent. profit, and, as in the demand made by the railway brotherhoods, he is forcing serious thought on the matter of industrial readjustment. The Brotherhoods ask for one-third ownership of the railways, "and that those actually engaged in conducting that industry . . . from the railroad offices and yards and out on the railroad lines, shall take charge of this service for the public."

Some members of the United States Senate have been discussing the high cost of living, and Senator Reed, who regards unfavorably the exportation of so much food, when prices are soaring so high, stated: "One thing is unquestionably true. If we cannot feed ourselves we ought not to be undertaking to feed the world. If we cannot keep prices here within the limits of our people's purchasing ability, we ought not to be spending our money and giving our goods to people who are ten thousand miles from our shores and who brought their misfortune upon their own heads."

Practical readjustment of industry in the after the war period is presenting unusual difficulties. Strikes are increasing from coast to coast, in Europe and in America. Only wise statesmanship can tide the nations through the unrest, discontent, and difficulties that are evident in the many disturbances and rebellions prevalent throughout the civilized world.

Press Comments

FARM PRODUCTION ESSENTIAL.

(Buffalo Commercial)
If ever a back-to-the-land movement is going to be successful, it should be in these times of the high cost of food and other necessities. So it is not to be marvelled at that Secretary Lane's project to furnish farms to discharged soldiers, sailors and marines should excite a wide and active interest. In a report just submitted to both branches of Congress by the Secretary of the Interior were one hundred and fifty extracts from representative letters received from army officers outlining investigations made among their men which indicate in many instances that from twenty to forty per cent. of various commands are anxious to take advantage of an opportunity to become the owners of farm homes. In one division alone more than four thousand men expressed their personal interest in the plan.

FOR CHEAPER LIVING.

(New York Herald)
The motor tractor is likely to prove a factor of no small importance in solving the problem of cheaper living. When it comes into more general use it will eliminate much of the waste that is largely responsible for the present high prices of food.

The scarcity of labor has made farming on a large scale such a hazardous calling that many acreages once carefully cultivated have been allowed to go back to grass. Small farms on which all, or nearly all, the work is done by the owner and his family, can be operated, however, at greater profit than ever before, especially in the neighborhood of a large city. New York is an insatiable market for fresh fruits, vegetables, berries, eggs, and other like products, and present prices rule very high. Hitherto the farmer has been obliged to depend on the railroads for transportation, and as the

companies derive a greater profit from the "long haul" than from a suburban freight traffic, the truck farmer has at times suffered.

The motor tractor, which can gather fresh products at the farmer's door and deliver it within a few hours to such large consumers as hotels and restaurants, will eventually revolutionize the whole business, robbing it of much of its risk and offering a good living to those who wish open-air employment.

THE GASPE COAST.

(Quebec Telegraph)
The fisheries of the Lower St. Lawrence are not only one of the most picturesque of our national institutions, but we are coming to learn more every day, that they represent one of our most valuable natural resources, a potential source of food both for home and foreign consumption not to be lightly estimated. The staple fish, of course, is cod, and the development of the industry along the Gaspe Coast is a fascinating tale of slow evolution running through decades and centuries.

This is the story unfolded by Mr. John H. Ferguson. There is a tremendous future for the cod fisheries of the Lower St. Lawrence. And Canadians should know about them, in order to work intelligently for the vast expansion which lies before them. In the harvest of the waters, Canada has a splendid future.

FLOUR FROM CATTAILS.

(Toronto Globe)
In these days of expensive living it is gratifying to learn of some relief even if it may be remote. Prof. Clausen of Yale University, having found that the typha, commonly known as "cattail," was highly prized as a food by Indians and muskrats, conceived the idea that it might be used to advantage as a substitute for wheat flour, and he gives the results of his investigations in the last number of the Science Monthly.

The cattail is a perennial plant of prolific growth found in swamps and other unutilized districts. Prof. Clausen dug up the large underground roots, cleaned, dried, and crushed them, and found a net weight of 5,500 pounds of the siftings or flour per acre. A sample of the flour was sent to the Food Administrator at Washington, who turned it over to the Plant Chemical Laboratory. The latter reported that in view of their experience in the use of flour substitutes in baking they saw no reason why cattail flour could not be used to the extent of 10 to 20 per cent. as part substitute for wheat flour. His own experiments showed that biscuits made with 33 and 50 per cent. cattail flour were very palatable, and that even when 100 per cent. of cattail flour was used the biscuits were not very different from wheat flour biscuits.

HOUSING.

(Boston Transcript)
The housing problem lies at the root of much of our present labor. In the crowded industrial districts it is inevitable that factory laborers, for their own convenience and economy, live close by the place of their work. Frequently the sites available for homes in such districts are decidedly unsatisfactory. Sanitation and drainage are often bad. The houses, in most cases, built by real estate speculators, are of the cheapest and worst sorts. Crowding is common. But in such houses laborers must live if they are to do their work and gain a living. In many cases no effort is made to combat crime or filth, and no steps are taken for civic betterment or improvement.

Just as the laborer is powerless to change these conditions of his own volition, so likewise is the employer. The finances of his factory in most cases will not permit him to purchase land or erect homes of a suitable sort. Thus the sole recourse of a laborer wishing to better his own condition is to demand more money. It is the only method by which he can increase the sum total of his happiness.

ARTHUR HAWKES' NEW BOOK, 'THE BIRTHRIGHT'

Discusses Many Canadian Problems—Pleads for Settlement of Racial Difficulties in the Dominion.

In "The Birthright," a book by Mr. Arthur Hawkes, known in this section of Quebec as one of the Ontario movers in the "Bonne Entente," the author has given to the Canadian public an exhaustive study on Canadian patriotism. In the present period of Dominion reconstruction many questions must be considered by our people, and Mr. Hawkes deals very frankly and fully with many of them. "Is there a Canadian people, or only a string of peoples whose minds are stayed on other countries?" asks Mr. Hawkes. And on this question does he base the argument of his book.

Writing extensively in regard to the influx of foreigners into Canada, bringing a new element that is perplexing Canadian politics, both provincial and federal, Mr. Hawkes pleads for recognition of the rights of the foreigner and his native-born children in his adopted country. He criticizes the Canadian governments for their lack of interest in any attempt to obtain and hold the allegiance of these transplanted peoples, whose children will be citizens of the Greater Canada that is on the way. To impress the reality of this problem on the reader, he gives statistics showing how large a number of Canadians are not native born. In British Columbia, for instance, in 1911, only one-third of the population, excluding North American Indians, was native born. There were larger numbers of English and American immigrants, Chinese, Scandinavians, Germans, Italians, Japanese, Austrians, Russians and Indians from India. These made up the other two-thirds. Mr. Hawkes pertinently asks how these are to be led to the high altar of Canadian patriotism. "When the Scandinavian, the Belgian comes to us, we are willing to leave his ancestral past because he sees in the cradle of his Canadian child the symbol and guarantee of his own future in Canada. What are we to proffer for his unlimited devotion?"

Mr. Hawkes goes very fully into the racial question, as it affects the greater branches of Canadians, the French and English native-born, and often descended from native-born Canadians for generations. He believes that the old and new feuds must go, if we hope for a united Canada. "To bungle our relations with the French is to bungle the future of Canada," Mr. Hawkes acknowledges the Bonne Entente failure, and in the appendix of the book he gives some explanation of the unfortunate result of the efforts made by friendly sections of the Ontario and Quebec people to bring about a better feeling between the two races. It will be remembered that one of the "Bonne Entente" meetings was held in Sherbrooke, at which pledges of good-will were made by both sides. Mr. Hawkes concludes his discussion of the affair by stating that "The extent to which disclosures are made here is governed absolutely by the necessity that good-willing people should learn that the French leaders are free from blame, and that any future effort at co-operation must take gravely into account the causes of the breakdown of the first concerted attempt to promote better relations between the races. The French were fooled. It is for the English to prove whether they also were fooled, and whether the former offences can be purged and a repetition of them avoided."

The author of "The Birthright" also commends the "dual language" discussion to the tolerant consideration of Canadians, recalling two momentous periods of history during which the French attitude deserved to gain the lasting appreciation of British Canadians. During the time of the American Revolution the French saved Canada for the British Crown. With-

Endowing the Baby

The baby is a joy-bringer, and some provision should be made for its future by means of life insurance. Legal restrictions are such that policies on the child's life are not sufficiently attractive, but an endowment may be taken on your own life to be paid to the child upon reaching a specified age, say, twenty-one.

The baby is a joy-bringer, and its advent should be celebrated by means of an endowment policy that cannot be alienated, but must be used for the child's exclusive benefit in later years. If the endowment were for twenty years, for example, the proceeds would be available just at the time when they would be required for entering business or for a professional education. The cost of such an endowment is trifling.

The sum spent daily upon some valueless indulgence would easily provide the premiums for a policy that would guarantee your boy or girl "a far better chance in life."

FINANCIAL and MARKET NEWS**Are Canadians Dishonest?**

Canadians have been greatly astonished by the very small number of citizens who were honest enough to make their income tax returns for the year 1917. It is almost astounding to compare the figures given out in the House of Commons with those of the city of Toronto:—

Total number of people in Toronto who paid income tax to city on 1917 assessment, 31,687

Total number of people in Canada who paid tax to Dominion on 1917 incomes, 31,310

Municipal exemptions—\$600 for single men, and \$1,500 for married men.

Dominion exemptions (1917-18) \$1,500 for single men, and \$3,000 for married men.

The figures given above show that more people in Toronto paid income taxes to the city than the number in the whole of the Dominion who paid Federal income taxes.

The comparison is all the more startling when it is remembered that thousands of people who have to pay to the Government are exempt from municipal taxation on their incomes. For instance, rents from real estate, profits from industries and business places and dividends from shares are exempt from municipal taxes, but are taxed by the Government.

Toronto officials are of the opinion that if the city could levy taxes on the same incomes that the Government collects a tax from, and to the extent of the same percentage, the total income tax paid to the city by residents of Toronto would almost equal, if it did not equal, the total that was paid to the Dominion by individuals throughout the whole of Canada.

Canada's Financial Position.

The last budget disclosed Canada's financial position to be:

Pre-war national debt, \$335,996,850.

Estimated debt after demobilization, \$1,550,000,000.

Present Dominion securities held in Great Britain, \$362,700,000.

Held in the United States, \$150,783,000.

Held in Canada, \$1,510,000,000.

Pre-war annual interest, \$12,893,504.

Present annual interest, \$115,000,000.

Last year's pensions, \$17,460,000.

Present year's pensions, \$30,000,000.

Future year's pensions \$40,000,000.

Demobilization and gratuities, \$300,000,000.

Estimated total expenditure this year, \$620,000,000.

Estimated revenue, \$280,000,000.

Estimated deficit to be covered by loan, \$340,000,000.

DEATHS.

SPENCER.—At Freilighsburg, Que., on August 7, 1919, Elijah Edmund Spencer, aged 73 years, 4 months, son of the late Ambrose S. and Mary Thomas Spencer. Funeral on Sunday, Aug. 10th, at 2.30 p.m. at the Bishop Stuart Memorial Church, Freilighsburg, Que.

IN MEMORIAM.

In loving memory of our dear Hilda, who departed this life August 10th, 1918, aged 21 years, three months and seventeen days.

There is a place not far away Where our dear Hilda sleeps, The flowers we lay upon her grave May wither and decay But our love for her who sleeps beneath Will never fade away.

So young, so true, so gifted, 'Twas hard to see her go, Those who knew her need never be told A kinder heart death never made cold. For cheery ways and smiling face, No one can fill dear Hilda's place.

Weep not for me, my parents dear, I am not dead but sleeping here, Released from sorrow, sin and pain, Your loss is my eternal gain. I was so long with pain oppressed, It gave me strength and rest, It made me long for endless rest, Which never can decay.

Now gather up my garments And fold them I would bid below, And lay them carefully away, I need them no more now, And when in after years, dear ones, Those souvenirs you see, Your darling one will live again Fresh in your memory.

Farewell, farewell, my own loved friends, For a while I've gone before, You soon will come to be with me Where parting is no more.

MR. AND MRS. JOHN THOMPSON AND FAMILY.

Bury, Que.

IN MEMORIAM.

In ever loving memory of Mrs. A. E. Cillis, who entered into rest August 10th, 1919.

She hath passed death's chilling pillow, And come to rest; Jesus smoothed her dying pillow, O slumber blest!

**PRESIDENT WILSON LAYS
PLANS BEFORE CON-
GRESS RE H.C.L.**

(Associated Press Despatch)
WASHINGTON, Aug. 9.—President Wilson laid several specific proposals before Congress today for checking the high cost of living, but at the same time declared that permanent peace suits could not be expected until peace-time bases were fully restored by ratification of the peace treaty. High prices, he said, were not justified.

FREE FOR ALL FEATURE OF TO-DAY'S RACES

CLEVELAND, Ohio, Aug. 9.—The free-for-all race with a purse of \$2,500, was the feature of the gateway card of the grand circuit meeting at the North Randall to-day. Four balanced events are down for decision. The entire gate receipts to-day will be given to charity.

Only four starters are named in the headliner. They comprise the speediest of their class in training and include Miss Harris M. Single G. Russell Boy and Directum J. Nine go in the 2.14 trot. In the 2.15 trot seven start, with the largest field of the day, twelve, entered in the 2.16 race, and final race of the meeting.

BELGIAN CHAMBER OF DEPUTIES RATIFIES ANNEX TO PEACE TREATY.

(Associated Press Despatch)
BRUSSELS, Aug. 9.—The Chamber of Deputies has ratified the annex to the peace treaty concerning the military convention entered into by Great Britain, France, the United States and Belgium.

The Belgian Government has undertaken a vast project for reclaiming the devastated farm lands in the battle zone. The farms will be taken over from their owners and worked under the latest scientific principles and then returned in first class condition to them.

CARTAGE CHARGES ON CANADIAN RAILWAYS UNDERGO INCREASE

Position Taken is that Increases are
Necessitated by Raise in Wages.

MONTREAL, Aug. 9.—Notice was yesterday received by the transportation bureau of the Montreal Board of Trade, of an increase in the cartage charges at Montreal, affecting all classes of goods for cartage delivery. These new tariffs have been put into force by the Canadian National Railways, the C.P.R., and the Grand Trunk. The increases run from half a cent to five cents per hundred pounds.

The position taken by the railways is that these increases have been necessitated by shorter hours and increased wages for the employees engaged in the freight cartage delivery.

THEATRE TICKETS IN MONTREAL ARE INCREASED.

(Associated Press Despatch)

MONTREAL, Aug. 9.—An increase of from five to ten cents per ticket on all theatre tickets, including the moving picture houses, will go into effect on August 17th. This decision was arrived at yesterday by the managers of the various theatres in the city. The managers say that the steps taken are absolutely necessary if they are to keep their houses open with a margin of profit.

POLISH PAPER BARRED FROM CANADA.

OTTAWA, Aug. 9.—The Chief Press Censor has given notice that the Kurier Polski, a daily newspaper printed in the Polish language in Milwaukee, is prohibited from entering Canada.

LABOR LEADERS IN WASHINGTON ADOPT A REASONABLE ATTITUDE

(Continued from page One)

CANAL WORKERS SAY THEY WILL STRIKE.

ST. CATHERINES, Ont., Aug. 9.—Workers of all trades from all sections of the Welland Canal, held a meeting here last night, when a general strike was decided upon, to go into effect Monday next, unless overtures for a settlement of the difficulties come from the department of railways and canals in the meantime.

Hon. Dr. Reid, Minister of Railways and Canals, was accused by representative of different trades who attended the conference, of double-crossing the men.

A resolution was passed calling for a strike unless the men's demands for higher wages were met, and denouncing the Government for sending "an armed force, with machine guns, which paraded in a vulgar display up and down the works discharging volleys over the heads of the men at work, because some laborers, impatient at the long delays and unfulfilled promises, left their employment. This brutal and uncalled-for display of military force, was a disgrace to the Government and the officers of our organization, and the Government officials' merits the severest condemnation."

SECRET STRIKE MOVEMENT DISCOVERED IN GERMANY.

(Associated Press Despatch)
BERLIN, Aug. 9.—The Government announces the discovery of an extensive secret strike movement, which, if successful, will lead to a general railway strike in central and perhaps all of Germany on September 1st. Spartacists and Communist agitators are charged with being the leaders of the movement, which the Government is using every means to suppress.

ACTORS IN NEW YORK ARE ON STRIKE.

(Associated Press Despatch)
NEW YORK, Aug. 9.—Only four of thirteen New York theatres which closed Thursday night after a strike called by the Actors' Equity Association went into effect, were able to open their doors last night. In these cases, numerous substitutions in the cast were noted.

The calling out of the players followed a strike meeting of the Actors' Equity Association, 1400 strong, in the afternoon, and was the reply of the Association to the refusal of the managers to treat with it.

GOVERNMENT WILL RESUME CONTROL OF CERTAIN SUPPLIES.

(Associated Press Despatch)
LONDON, Aug. 9.—George H. Roberts, food controller, announced last night that the Government has decided to resume control of the supply and distribution of imports of bacon, ham and lard, and that the prices to be charged would also be under supervision.

NO NATION-WIDE CURTAILMENT CONTEMPLATED.

(Associated Press Despatch)
WASHINGTON, Aug. 9.—Officials of the railroad administration declared today that no nation-wide curtailment in passenger traffic as a result of the shopmen's strike was in contemplation. Such a policy has not even been under consideration, it was said.

POSSIBILITY OF SETTLING BAKERS' STRIKE.

(Associated Press Despatch)
LONDON, Aug. 9.—There were prospects today of a provisional settlement of the bakers' strike in this city, the employers and the men meeting to discuss the situation. It is believed that the negotiations will result in the men returning to work pending arbitration.

GENERAL STRIKE IS A FAILURE.

(Associated Press Despatch)
BERLIN, Aug. 9.—The general strike at Berlin ended yesterday in a complete failure, like the one at Zurich. The Communist party and the Extremist labor leaders who hoped to spread the strike over all the country, prophesying the establishment of a Swiss Soviet, have been entirely defeated.

HON. W. MITCHELL IN CONFERENCE HERE TODAY

Meeting with Local Leaders to Discuss Subject of Visit of Prince of Wales.

To confer on the subject of the reception of the Prince of Wales in Sherbrooke, and in a final effort to secure the presence of the Royal Visitor at the Sherbrooke exhibition Hon. Walter G. Mitchell, provincial treasurer, is in town to-day, and will confer with Mayor Charles D. White K. C. and the various aldermen, Mr. V. E. Morrill, president of the E.T. Associated Boards of Trade, Mr. J. Nicol, K.C., president of the Sherbrooke Board of Trade, Mr. E.W. Farwell, president of the Exhibition Association, and the directors of that organization, who are making every effort to secure the attendance of the Prince of Wales at the exhibition, during at least one day.

It is understood that Hon. Mr. Mitchell's object in visiting Sherbrooke, is to confer on this subject, and make further efforts to secure the presence of the Prince.

LOCAL LABOR MEN HEAR PROTEST IN MOONEY CASE

Lecturer in Sherbrooke to Hold Meeting—Says Men Arrested Were Victims of Plot.

Protest against the life imprisonment of Mooney and Billings, the two men who were arrested in connection with the bomb plot at the Preparedness parade at San Francisco, is the subject of a lecture to be given tomorrow afternoon at the Gaiety Hall, Alexander street, by Robert E. Blackstone, who is now in Sherbrooke, under the auspices of the International Association of Machinists, Lodge 164.

Blackstone, who is touring the country and speaking to various labor organizations on behalf of Mooney, claims that the two men arrested were victims of a plot, in which a number of underworld henchmen perjured themselves to have them convicted. He claims to have full evidence that the plot was laid by capitalists who were fighting for the "open shop."

CANADIAN TRADE COMMISSION REPORT.

(Christian Science Monitor)
The Canadian Trade Commission report which was laid on the table of the Dominion House of Commons by Sir Robert Borden, recently, ought to form an excellent foundation for future work in dealing with the question of industrial adjustment throughout Canada. The commission, which was appointed some months ago, has apparently done its work very thoroughly. It has travelled from coast to coast, making investigation at all points where profitable results were to be expected, and throwing open its inquiry to all interests. As it was known, before it embarked on its labors, that the government was prepared in its future dealing with industrial questions to be very largely influenced by the commission's findings, the commission was at once endowed with a status which precluded any idea that it was merely a means of postponing the issue.

Consideration of the report in detail would, of course, be impossible in the space available. With a very welcome thoroughness, it covers the whole field of industry, from the point of view of the employer and the employee, seeking at every turn to find the inevitable meeting place of the two interests, and to secure the recognition of the inevitable common purpose. Thus, it recommends a maximum working day of eight hours and a weekly rest day of not less than twenty-four hours. It urges state insurance, the payment of a living wage, the recognition of unions, vigorous state measures to deal with unemployment, and the organization of joint councils, consisting of representatives of employers and employed, with a view to developing co-operation to the future.

Use Electrical Appliances

AND WORK IN COMFORT DURING THE HOT WEATHER

There's no need of spending several hours each day in the kitchen working over a hot stove. Cooking, ironing and many other household tasks may be done in half the time and with less than half the work when you use Electrical Appliances.

A turn of the switch and the appliance is ready for use—in any room where there's a lamp socket. No fussing with coal or ashes, no worry about results.

Electrical Appliances do the work perfectly and are most economical to operate.
