Italian Plane Wreck Claims Twenty Lives

Six Women and a Girl Included Among Twenty Victims of Greatest Disaster in Italian Civil Aviation—Sea Covered With Thick Fog and Authorities Blamed Disaster on "A Forced Landing Without Visibility."

Rome, July 15.—(P)—Wreckage of an Italian airliner which plunged into the sea seventy miles off Sardinia carrying twenty persons to their deaths was found today by searching planes.

Victims of the biggest disaster in Italian civil aviation included six women and a girl among the sixteen passengers and four crewmen. The plane, "I-Volo," of the Ala Littoria Line, left Cagliari, Sardinia, for Rome at 7:35 a.m. (2:35 a.m., E.D.T.) yesterday and its last wireless signal was received at 9:06 a.m.

The official report of the accident said the sea was covered with a thick fog and blamed the disaster on "a forced landing without visibility."

The girl victim was Laura Ferri, fourteen, niece of General Giuseppe Valle, Under Secretary for aviation. The women passengers included her mother and aunt, sisters of the Under-Secretary.

The plane was piloted by Captain Giovanni Braccini, veteran flier. Six bodies were recovered from the sea last night by a torpedo boat and brought ashore at Sardinia.

EXECUTIVE PARDON FOR MOTOR WORKER

Detroit, July 15.—(P)—An executive pardon signed by President Roosevelt has ended a three-year fight by Joseph Krieger, thirty-four-year-old Detroit automobile worker, against deportation to Germany and separation from his American wife—an expectant mother.

Six years ago Krieger was arrested on the Texas border for failing to declare several bottles of liquor he had brought over from Mexico. He pleaded guilty after a thirty-one-day wait in jail and was released without further penalty. This offense and the story of an illegal one-day trip to Windsor, Ont., in 1932, were brought against Krieger when he filed application for naturalization papers here in 1935, shortly after he was married.

The executive pardon will expunge the record of these two offenses from federal records, removing all obstacles to citizenship.

VANCOUVER EDITOR HELD BEST CITIZEN

Vancouver, July 15.—(P)—Frank J. Burd, President of Vancouver Daily Province Limited and former Director of the Canadian Press, today was named Vancouver's "Good Citizen" for 1938 by the Selection Committee of Post No. 2, Native Sons of British Columbia.

Dudley Durrant, Committee Chairman, said Mr. Burd had agreed to accept the medal awarded annually to a man or woman for outstanding citizenship. The presentation will be made in August after Mr. Burd returns here from the bi-centenary celebration at Halifax of establishment of Freemasonry in Canada.

CANADIAN FIRE LOSSES

Toronto, July 15.—(P)—Fire losses in Canada for the week ended July 13 were \$121,800, according to an estimate by the Monetary Times. This was nearly double the \$64,800 total of the previous week and approximated the \$117,625 figure for the corresponding week last year.

British Ship Owners Flay Minister For Views On Spanish War Question

London, July 15.—(P)—Alfred Duff Cooper came under censure from one shipping man today for his speech last night at Newton Abbot, Devonshire, in which the First Lord of the Admiralty criticized those shipping interests conducting trade with Spain as "war profiteers."

J. A. Billmer, member of the Board of the Stanhope Shipping Company and a member of the committee of British shipowners trading with Spain, said the Minister's charge was "monstrous."

"Whether shipowners attempting to engage in trade with Spain are making profits or losses is not the question at issue," he declared. "The

BRITISH TROOPS KILLED IN INDIAN FRONTIER PROVINCE

Simla, India, July 15.—(P)—A British officer was reported killed today as troops penetrated thick forests in the Northwest Frontier Province, two miles from the cave headquarters of the Fakir of Ipi.

One Indian soldier was reported killed and eight wounded. The Fakir, who has led his followers in rebellion since last spring, was believed to have fled the cave.

Largest Wheat Crop In Years Indicated In Western Canada

Estimates of Some Grain Men Go as High as 350,000,000 Bushel Crop for 1938 Compared with Ten-Year Average 311,000,000 Bushels and 182,505,000 Bushel Crop Last Year—Wheat Damage Placed at Thirteen Per Cent and Water Reserve at Ninety-Four Per Cent.

Winnipeg, July 15.—(P)—With general harvesting only a month away, approximately ten days later than last year, present conditions give promise to the heaviest Canadian wheat crop in ten years and the best financial returns to farmers since 1929.

Growing conditions have been ideal for the most part, only a few scattered areas in the three Prairie Provinces reporting immediate need of rain. Moisture stands at ninety-four per cent of normal today against sixty-four per cent on the same date a year ago. Manitoba is eighty, Saskatchewan ninety-four and Alberta ninety-six per cent of normal.

Should present favorable conditions continue until harvest, it is estimated production will exceed the ten-year average of 311,000,000 bushels. Estimates of some grain men go as high as 350,000,000 bushels. Canadian wheat production last year was only 182,505,000 bushels.

Permanent damage to wheat is placed by statisticians at only thirteen per cent compared with sixty per cent for the same period last year. Drought and grasshoppers have been mainly responsible. Wheat is seventy-seven per cent headed, the same percentage as at this time last year. Average height is twenty-five inches against fourteen inches last year.

Rush has appeared at thirty-one observers' stations in Manitoba, only three reporting the infection as serious. In Saskatchewan rust is present at thirty points with only one reporting serious infection. No reports of rust have come from Alberta.

Value of last year's short western wheat crop was placed by the Dominion Bureau of Statistics at \$157,000,000 when No. 1 Northern averaged \$1.36 a bushel. It is early to hazard the value of this year's crop as many things can happen between now and harvest, but some grain men believe the return will triple that of last season, even with the lower prices now prevailing, if conditions continue favorable.

ARMY LOSES BOUT WITH PARLIAMENT

The British Army has just learned that it is a "gross breach" of Parliamentary privilege for them to put an M. P. on trial, even if they think he has disclosed official secrets during debate. So decided Parliament's Committee on Privileges, after member Duncan Sandys, above, complained that Attorney-General Sir Donald Somervell, had threatened to prosecute him, and that the army had summoned him for trial. Sandys had raised a question in the House of Commons regarding the inadequacy of British anti-aircraft equipment.

Pick-A-Back Plane To Start Atlantic Hop On Wednesday

Southampton, July 15.—(C. P. Cable)—Imperial Airways today announced the Mercury, upper component of the Mayo pick-a-back aircraft, will take off next Wednesday from Foyens, Ireland, for Botwood, Nfld., on its first Atlantic flight.

It will be released from the lower, and larger, component about 7 p.m. B.S.T. (2 p.m. E.D.T.). Carrying a wireless operator and intending to land at Botwood in daylight unless the fuel supply is ample to continue to the flight to Montreal.

The Mercury will carry about 1,200 gallons of fuel.

MILL CLOSING RESULTS FROM BRUTAL ATTACK

Dominion Textile Plant at Montmorency Falls Closed Until Meeting of Board of Directors to Be Held on July 20.

Quebec, July 15.—(P)—A notice posted at the gates of the St. Gregoire mills of the Dominion Textile Company informed the mill's 1,800 workers today the plant at Montmorency Falls would remain closed until July 20, when the Board of Directors will meet in Montreal to decide on the "future operations of this branch."

Action of the Company followed unauthorized strike of one hundred doffers and spinners on the night shift who stormed the offices Wednesday when their representatives were negotiating with company officials. G. Blair Gordon, of Montreal, General Manager of the Company, and Harold Fisher, Assistant Superintendent of the St. Gregoire plant, were injured by the shower of missiles directed at them by the strike mob.

Struck in the forehead by an inkwell, General Manager Gordon was discharged from L'Enfant Jesus Hospital here last night and returned to Montreal. Fisher remained in hospital today recovering from a severe concussion, the result of his being struck over the head with a desk telephone. Fisher will stay in hospital a week or ten days more.

No announcement has been made as to what the company intends to do about the agreement signed by the General Manager while bleeding profusely from the wound on his forehead, providing for substantial wage increases.

Union officials have disclaimed all responsibility for the strike, which they described as entirely unauthorized. The remaining 1,700 workers worked as usual Wednesday, but the plant closed down Wednesday night until next Monday in accordance with the recent operating schedule of only three days a week.

Provincial police, on duty since Wednesday morning, patrolled the plant today. Even repair work has been suspended until decision of company directors is known next week, Superintendent William Fleming said today.

No arrests were made by police when they rescued Gordon and Fisher from the mob Wednesday. F. T. Collins, of Montreal, and Jules Savard, Quebec, both counsel for the company, conferred yesterday with Georges Leveille, secretary to Premier Duplessis, but no statement was forthcoming after the conference.

Mr. Fleming said he did not know whether arrests would be made in connection with storming of the company offices.

SHRAPNEL WOUNDS FAILED TO KILL

Chicago, July 15.—(P)—Ed Kersch has let his former buddies know that he didn't die on the French battlefield at Soissons in 1918 despite all those shrapnel wounds.

But he was twenty years in retreating Australian route should be near Seattle, Wash., showed up at the twenty-ninth annual reunion of the Second Division yesterday. He was listed as dead on the division roster because Irving Chayken, of Hammond, Ind., who pulled him out of a shell hole, had heard ambulance surgeons pronounce Kersch fatally wounded.

As he recounted the conference to newspapermen, Lewis avoided any direct comment on the situation.

He said the local presidents, who described themselves as "middle grounders" seeking peace, represented that the factional fight was a "quarrel among the paid officers rather than a difference among the half a million members."

"They say," he added, "it is a rather astonishing situation that the membership is in harmony while the officers spend their time in caviling and bickering."

AUDITORS WILL CONTINUE WITH RADIO INQUIRY

No Further Public Testimony in Connection With Spread Between United States and Canadian Prices to Be Received.

Ottawa, July 15.—(P)—The Tariff Board, with a mass of information gathered at a three-day public hearing before it, will continue its investigation of the radio industry throughout the summer with the assistance of auditors and an examination of finances and operating methods of different companies in the industry.

The public hearings ended yesterday as complaints against the industry were made by a representative of organized labor and a Calgary radio dealer and serviceman.

The labor situation was raised by C. S. Jackson, International Vice-President of the United Electrical, Radio and Machine Workers of America. He alleged wages were lower in Canada than in the United States and companies denied their workers the right to belong to unions of their choice and refused to bargain collectively.

D. L. Kepler, the Calgary radio dealer, claimed tubes manufactured in Canada were unsatisfactory and sold at excessive prices. He alleged he had been told by local representatives of manufacturers in Calgary to whom he complained that the life of radio tubes was being shortened in order to increase the sale of new tubes.

In order to give his customers service he had taken to importing tubes from the United States and in consequence was now being sued for \$10,000 damages for infringement of patent. He found he could lay down the American tubes duty-free in Calgary for forty-eight per cent, less than the price demanded for Canadian tubes.

The Canadian price to dealers on a particular tube was \$2.25 and he bought the same tube in the United States for \$1.75. The retail price of the tube was \$3.95.

Chairman George H. Sedgewick said radio manufacturers had offered no satisfactory explanation as to why prices of radios in Canada should be thirty to seventy per cent higher than in the United States.

The chairman said a later hearing might be held if it were needed but refused to agree to an adjournment until fall at the request of Hon. W. D. Herridge, representing Philco Radio Products. Mr. Herridge said he wanted time to prepare an attack on the present price structure and possibly raise questions as to combines and restraint of trade.

The chairman said the hearing had been announced last January and if the Philco company had any submissions to make it should make them now.

CALIFORNIA POLICE CHIEF STAGES DRUNK BLOCKADE Santa Monica, Calif., July 15.—(P)—Police Chief Charles Dice today launched a "breath-sniffing campaign"—stopping all cars at state highway intersections and jailing drivers failing to pass sobriety tests. "It's a drunk blockade," said Dice, declaring most major accidents were due to drunken driving.

Empire Governments Join To Regain Pacific Ocean Shipping Supremacy

London, July 15.—(C. P. Cable)—Sir Edward Beatty, President of the Canadian Pacific Railway Company, today said the Imperial and Dominion Governments were agreed in principle that the Canadian-Australasian route should be preserved for British shipping and had overcome the main difficulties in negotiations looking toward provision of more modern, faster, and larger liners for the service now being operated by the Aorangi and the Niagara.

determined before I return to Canada and we shall then know whether contracts can be let now or must be deferred until building costs can be reduced."

Amplifying his statement in an interview at Southampton that the Canadian Pacific planned a large building programme, including a sister ship for the Empress of Britain and two luxury liners for the Pacific service, if world conditions remained favorable, Sir Edward said:

"The situation in regard to new tonnage on the Atlantic and on the Pacific is equally simple. Under present conditions large liners cannot be built in less than thirty months to three years. Consequently, tonnage to replace ships in service must be planned some years in advance."

"Naturally everything will depend on the general economic situation, particularly in Canada, and upon shipbuilding costs."

NAMED TO HEAD KIWANIS CLUBS

Taking office unopposed, H. G. Hatfield, above, of Oklahoma City is the new president of Kiwanis International. Hatfield, who stepped up from the post of treasurer of the service organization, was chosen by 7,000 delegates meeting in convention in San Francisco.

DUKE AND DUCHESS OF WINDSOR VISIT FAMOUS TOMB

Genoa, Italy, July 15.—(P)—The Duke and Duchess of Windsor, yachting in the Mediterranean, arrived at the Tuscan seaside resort of Viareggio yesterday and paid a visit to the tomb of the famous composer Puccini. The party, which included Mr. and Mrs. Herman Livingston Rogers, American friends of the Windsors, later visited Pisa. They expect to go to Florence today.

BATTLE TIDES NOW FAVORABLE TO DEFENDERS

Chinese Commanders Claim That Planes Have Exacted Heavy Toll Among Japanese Ships Using Yangtze River.

Shanghai, July 15.—(P)—The tide of battle appeared today to be turning to favor the Chinese along the Upper Yangtze river, after damaging attacks by Chinese warplanes.

Chinese announced that their airmen continually were raiding Japanese forces, both military and naval, below Kiukiang, which the Japanese have been unable to combine and restraint of trade.

The chairman said the hearing had been announced last January and if the Philco company had any submissions to make it should make them now.

While there was no positive evidence to support the Chinese claims, it is fairly well established that the Chinese aerial force in recent days has damaged several Japanese craft. Some in damaged condition were seen being towed down river.

The Chinese high command in Hankow asserted forty-five enemy war vessels had been sunk or damaged in the last two weeks, and nineteen of the ships were reported towed to Shanghai for repairs.

Japanese put forth counter claims that their bombers had punished Chinese over a wide area. In a twilight raid on Hankow yesterday, Japanese said they bombed ten Chinese planes on the ground, seriously damaging all, and then shot down one plane which took to the air in combat.

BEE'S STING FATAL TO WOMAN

Ligonier, Pa., July 15.—(P)—The sting of a honey bee yesterday killed Mrs. Nancy Hamlin Shaffer, fifty-two, wife of a councilman, in twenty minutes. She was stung in the throat while working in her garden. Dr. C. D. Ambrose said the resulting swelling strangled her.

EXCLUSIVE BOSTON HOTEL ROBBED

Boston, July 15.—(P)—Three armed robbers last night held up the Myles Standish Hotel in the exclusive Back Bay and escaped with \$300. Cornering the doorman in the lobby, the men ordered the night manager and desk clerk to "hand over the money."

Huge British Rearmament Meets Little Opposition During Commons Passage

British Financial Expert, in Piloting Great Defence Budget Through House of Commons, Emphasizes Gravity of Financial Problems Which Lie Ahead if World Conditions Force Maintenance of Defence Expenditures at Present or Greater Level.

GENERAL FRANCO FORCED TO WIDEN FRONT OF SAGUNTO DRIVE

Hendaye, July 15.—(P)—General Franco has been forced by stiff Government resistance to widen the front of his drive toward Sagunto, a major barrier in the offensive toward Valencia.

Reinforcements rushed up by General Jose Miaja, in command of Government forces, appeared today to have halted insurgent frontal attacks. Against the less strongly held Government flanks, however, the insurgents were reported making progress.

In the Espadan Mountain sector near the Mediterranean, General Miaja pushed his counter-offensive to recapture strategic positions before the insurgents had time to consolidate them. Disparages from Barcelona said many insurgents were taken prisoner in the swift sorties.

London, July 15.—(C. P. Cable)—Great Britain's huge defence budget passes its final stage in the House of Commons today. Thence it goes to the House of Lords for approval before receiving Royal Assent.

Captain Euan Wallace, Financial Secretary of the Treasury, moving third reading, described the budget as remarkable for its size and severity. Its addition of sixpence to the basic rate of income tax had taken the House twenty-four hours to recover from its unexpected shock. Yet, despite the budget's provision of £264,000,000 (\$1,320,000,000) from revenue for the fighting services, expenditure on social service had increased.

"There is a general feeling of relief that the Government has not been persuaded to reduce the standard of living by any curtailment of the social services," Captain Wallace said. "It is realized we are getting both bombs and butter, but so long as the present state of the world requires us to defend ourselves on the present, or larger, scale, it would be foolish to minimize the gravity of the financial problems which lie ahead."

House discussions have not resulted in any fundamental changes in the taxation proposals which Sir John Simon, Chancellor of the Exchequer, submitted in his budget. As it now leaves the Commons, however, the finance bill allows greater elasticity in the arrangement of duties on imported automobiles.

It also adjusts the liability of certain insurance companies to the National Defence Contribution—the special tax first levied in 1937 to help pay for rearmament. It extends to children receiving technical education an income tax allowance previously confined to children at academic schools. It grants relief from income tax in respect to dependent relatives who are denied unemployment benefits.

VICTIMS OF POISON LEAVING HOSPITAL

Quebec, July 15.—(P)—Farmer Jules Love and eight of his nine children have been discharged from hospital and have returned to their home at Stoneham where they were stricken by a mysterious illness two weeks ago. The mother and two other members of the family also became ill, but not serious enough to warrant hospital treatment.

Doctors at the hospital said last night they had not been able to determine source of the illness, believed to have been a mild form of ptomaine or other poisoning. Food and water were brought from the home, nineteen miles north of the city, but analysis failed to reveal poison.

FEAR INCENDIARIST EPIDEMIC IN GUIANA

Georgetown, British Guiana, July 15.—(C. P. Cable)—As sixty-nine acres of cane blazed in Berbice county, authorities rushed preparations to day against the possibility of recurring labor disorders on sugar plantations here during the approaching grinding season.

Fearing the firing of cane at Skeldon plantation presaged trouble, engineers completed establishment of wireless transmitters at key-points in Berbice and Demerara counties. Officials said the firing of canoes was not uncommon as "reprisals" by dissatisfied estate workers.

Labor unrest has been prevalent throughout the colony's sugar plantations for several months, with the workers demanding increased wages and better working conditions.

Roosevelt Issues Fresh Call For World Wide Disarmament Programme

Aboard President Roosevelt's Train en Route to Yosemite, Calif., July 15.—(P)—The United States Navy claimed wide attention as a powerful national defence weapon today under a spotlight focussed by President Roosevelt.

Speaking at Treasure Island in San Francisco Bay yesterday afternoon, the President declared the fleet was "not merely a symbol" but "a potent, ever-ready fact" in the defence set-up of the United States.

Mr. Roosevelt made his declaration of the navy's potency simultaneously with a hint of United States' willingness to participate in arms reduction with the nations of the world.

Expressing hope "other leading nations" would realize "their present course must inevitably lead them to disaster," he said: "We stand ready to meet them and encourage them in any efforts they may make toward a definite reduction in world armament."

The President, greeted in San Francisco and its suburbs by wildly cheering thousands, received no applause on his dismounting plane.

FRESH BOMBING INJURES MANY IN PALESTINE

Exact Number of Casualties
Resulting from Explosion of
Bomb in Crowd of Arabs in
Old City of Jerusalem Un-
determined.

Jerusalem, July 15.—(AP) — A
bomb exploded in an Arab crowd in
David street in the Old City of
Jerusalem today and several per-
sons were killed or injured. The exact
number of casualties was not
immediately determined.

Another explosion was followed
by a riot in Safed, and two Arabs
were killed when troops fired into
the crowd. Arabs accused Jews of
throwing a bomb in the Safed out-
break. A twenty-two hour curfew
was imposed on the town.

Police also discovered a high-ex-

ONTARIO FARMERS OPEN WIDE CAMPAIGN ON PESTS

Toronto, July 15.—(C) — Aided by
the resources of the Provincial De-
partment of Agriculture, Ontario
farmers on five widely separated
fronts today fought to halt the in-
vasion of insect enemies that al-
ready have caused thousands of
dollars damage to crops.

From Pendleton, forty miles east

ravaged fields and left many farm-
ers destitute, the plague dogs south-

Perth counties where cutworms have
caused a widespread destruction.

Cutworms, in the most serious
epidemic since 1914, have also at-
tacked crops in South Westworth
county, Ontario, Durham and in the
Toronto district.

Hon. P. M. Dewar, Provincial
Minister of Agriculture, said at
Toronto last night that because the
worms are attacking the spring
seedling, something hitherto un-
known in Ontario, grain crops this
year may be seriously imperilled
unless some more effective remedy
for the situation than is at present
available can be found immediately.

HUGHES AT PARIS AIRPORT AFTER RECORD FLIGHT

The scene at the Le Bourget Airdrome, Paris, France, on July 11th, as Howard Hughes, millionaire
old man and speed flier, alighted from his great Lockheed plane, the "New York World's Fair 1939," after
his and his daring crew of four had flown non-stop from the Floyd Bennett field, New York City, in sixteen

eleven years ago. A great crowd of admiring Frenchmen wait on the field to give Hughes and his crew a
great ovation. Stopping only long enough for a short rest and repairs to the plane, Hughes took off again
for Moscow on his speed dash around the world. This picture was rushed to London from Paris and radioed
from London to New York.

Sees Capital Without Tram Line Trouble

Ottawa, July 15.—(C) — Street
cars will vanish from the centre of
the capital within the next twenty
or thirty years, Jacques Greber,
noted French town-planner who is
advising the Canadian Government
in the development and beautifica-
tion of Ottawa, said today.

In an interview, the noted archi-
tect dwelt on the plan for the plaza,
in the heart of the city, where the
National War Memorial will be
placed. Work has already been
started in the area, the old Post
Office having been torn down and
work begun on the base for the
Memorial.

Greber said he was opposed to
street car tracks running by the
National War Memorial. "It is ridi-
culous to have a railroad running
through the centre of a city," he said.
"All large metropolitan areas are
dispensing with or have long dis-
pensed with street cars as a means
of transportation in congested
areas."

Greber, who arrived in the city
yesterday, conferred with Prime
Minister Mackenzie King and to-
gether they spent more than an
hour driving about the city discuss-
ing future developments. They in-
spected the work already done in
the plaza area.

Other projects with which Mr.
Greber is assisting in the location
and planning include the new \$2-
000,000 Supreme Court Building for
which \$500,000 was voted at the
recent Parliamentary session. It will
be built near the bank of Ottawa
river adjacent to a group of Gov-
ernment buildings which include the
Justice Building, Confederation
Block and the new Bank of Canada.

ANOTHER BATHER DIES IN RIVER TRAGEDY

Eye Witnesses Unable To Go To Rescue Of Drowning Man

Friends Watch Helplessly as Thirty-Year-Old Englishman Loses Life—Unable to Unfasten Rowboat with Which Stanley Hughes Might Have Been Saved.

If the chain with which a rowboat was fastened to a wharf had not become fouled Stanley Hughes might be alive today instead of lying in a Sherbrooke morgue.

Hughes, thirty year old Englishman, drowned in the Magog River late yesterday afternoon while a girl companion watched in terror and another friend struggled vainly to unfasten the boat with which he might have rescued the drowning man.

Unable to swim, Hughes was bathing in the river about quarter to five yesterday afternoon and stepped into a deep hole in the river bed. The water at this point was said to be about twenty feet in depth. A girl companion with whom he had been bathing was also un-

able to swim and was powerless to aid him. The accident occurred at a point about halfway between the Sherbrooke and the Rock Forest dams.

By the time the man on shore had unfastened the rowboat Hughes had disappeared beneath the surface of the water. Police were called and grappling irons used to recover the body, which was taken from the water at about seven o'clock. A particularly tragic touch was added to the fatality in the fact that the iron which lodged in Hughes' clothes was in the hands of James Mills, the victim's best friend, who hauled the body into a boat.

Dr. Leo Blais, of Sherbrooke, who was called when the accident happened, pronounced Hughes dead when the body was taken from the river and artificial respirations were not practised. Hughes was taken to Brian's undertaking parlors here. Considered an excellent gardener, Hughes came to Canada several years ago from his native England. He worked for three years in the employ of a Johnville priest and later entered the service of the Rev. Canon Chartier. He was staying at the latter's summer cottage. It is believed that Hughes had no relatives in this country.

An inquest into the fatality was opened by Dr. J. H. Allard, coroner for St. Francis district, at two o'clock this afternoon.

TRIBUTE PAID ROCK FOREST MAN AT RITES

Many Attended Funeral Services for Eugene Flynn, Who Died at the Age of Eighty-Six Years.

With a large number of friends and relatives present, funeral services for Eugene Flynn, who died at his Rock Forest residence on Sunday, July 13, at the age of eighty-six years and three months, were held at the Rock Forest parish church on Wednesday with interment in the family lot in Rock Forest Cemetery.

The solemn Requiem Mass was conducted by the Rev. Father Lemay, assisted by Fathers Cote and Messier as deacon and sub-deacon, respectively. The choir was under the direction of Joseph Leclerc, with Omer Beaulieu presiding at the organ.

Bearers were four grandsons and two nephews of the deceased, James, Gerald and Kenneth Mills, John Flynn, Jr., Eugene Flynn and Daniel Manion.

Those left to mourn his passing are his widow, Mary Moriarty Flynn; two sons, John Flynn, of Sherbrooke, James Flynn, of Butte, Mont., and one daughter, Margaret, Mrs. A. W. Mills, of Rock Forest. Another son, Edward, of Montreal, predeceased him in 1920.

Other surviving relatives are ten grandchildren, James E. Flynn, of Butte, Mont., James, Gerald and Kenneth Mills, of Rock Forest, John Flynn, Jr., of Sherbrooke, Lillian Flynn, Mrs. Gerard Gendron, of Sherbrooke, Mabel, Bella and Theresa Flynn, of Sherbrooke, and Gene Flynn, of Seattle, Wash., two brothers-in-law, Michael Moriarty, of Fitch Bay, and Daniel Moriarty, of Thetford Mines; two sisters-in-law, Mrs. Margaret Manion, Richmond, and Mrs. Michael Moriarty, of Thetford Mines; eleven nephews, John Flynn, of Amos, Daniel Flynn, of Thetford Mines, Michael Manion, of Kellogg, Idaho, W. T. Flynn, of St. Louis, Mo., Eugene Flynn, of Richmond, John and Richard Conroy, of Montreal, William Conroy, of Chicago, Ill., Edward Moriarty, of Fitch Bay, and Gordon Wilson, of Detroit, Mich.; eleven nieces, Mrs. Frank Cundell and Mrs. F. J. Cartwright, of Winnipeg, Mann, Mrs. E. P. Whalen and Mrs. W. F. Costigan, of Montreal, Mrs. T. J. Walsh, of Birtle, Man., Mrs. W. T. Murphy, of Edmonton, Alta., Mrs. Charles Bangs and Miss Martina Flynn, of Montreal, Miss Kathleen Moriarty, of Thetford Mines, Mrs. Mary King, of Lynn, Mass., and Mrs. F. J. MacDonald, of Verdun.

Three great-grandchildren, Jacqueline and Andre Gendron, of Sherbrooke, and Mary Cecily Mills, of Rock Forest.

Mr. Flynn was born in Waterford County, Ireland, son of John and Catherine Flynn. The family sailed for America shortly after his birth, on the sailing ship, *Blanche*, passage to Quebec requiring two months and eight days. During the following four years the family resided at Levis, and in 1856 came by rail to Richmond, where his father assumed the duties as farm manager for the late Sir Edmund Cox, of Kingsley.

On the death of his father in 1868, the family moved to Orford, where Mr. Flynn had resided since. He was married in 1875 to Mary Moriarty, of Capleton. Mr. Flynn served as a member of the Council and Mayor of Orford for several years and took an active interest in public affairs and in the betterment of the community in which he lived.

On February 14th, 1935, Mr. and Mrs. Flynn celebrated their sixtieth wedding anniversary.

Those attending the service from out of town were Mr. and Mrs. B. P. Whalen and Mr. and Mrs. R. F. Cooney, of Montreal; Mrs. F. J. MacDonald, of Verdun; Mr. Daniel Moriarty, Miss Kathleen Moriarty and Mr. Daniel Manion, of Thetford Mines; Mrs. Margaret Manion and Mr. Eugene Flynn, of Richmond; Mrs. Helen Ayotte, of Lynn, Mass.; Mr. and Mrs. Michael and John Moriarty, of Fitch Bay; Mr. and Mrs. Charles, Joseph and Mary Bangs, of Montreal; Mr. and Mrs. Emile Lecours and Miss Liliane Lecours, of Bromptonville.

Disraeli Youth Loses Life Swimming In St. Francis

Disraeli, July 15.—Willie Gaudreau, twenty-six years old, of this place, lost his life in the St. Francis river yesterday afternoon when he entered the water for a refreshing swim.

His body was recovered by searchers a short time after the accident, but attempts to revive him through practise of artificial respiration proved unsuccessful.

Gaudreau's death was the second drowning fatality to occur in the Eastern Townships yesterday. Stanley Hughes, thirty years old, of Sherbrooke, died in the Magog river a short distance from Sherbrooke yesterday afternoon when he stepped into a drop-off.

Dr. J. A. Allard, of Bromptonville, coroner for St. Francis District, will hold an inquest into the fatality.

Three Barns Were Destroyed In Storm Which Lashed E.T. District

Three barns were fired by lightning, trees tipped to the ground and flowerbeds damaged in a severe electrical storm which raged over Eastern Townships last night. With a torrential downpour which lasted for almost an hour, accompanied by a howling wind, the storm was one of the fiercest seen in the district for some time.

Two barns near Granby were struck by lightning and set on fire, while another at Kingsbury was also destroyed as a result of the storm. Damage in the Granby district was estimated at a total of \$9,000.

Five miles from Granby on the Granby-Drummondville road, the barn owned by Alfred Lapalme was hit by a bolt of lightning early last evening and burned to the ground in the fire which followed. Fifteen tons of hay, harness, machinery and a calf were lost in the flames. Three horses escaped safely from the burning structure. The barn and its contents were valued at \$2,000, one-third of which was covered by insurance.

Another barn owned by Francis Sevigny, three miles further north of the Lapalme farm, was struck at 7:30 o'clock. Twenty tons of hay were lost, together with some machinery, but the livestock was led to safety. The loss was estimated at \$2,500, with some insurance carried.

A barn on the farm property of Earle Noble, of Kingsbury, was added to the losses resulting from the storm. Struck by lightning, the barn burned completely, but one horse in the building was removed safely. A considerable amount of hay, harness and a wagon were also destroyed in the fire.

Last night's downpour added to the difficulties which district farmers are experiencing in harvesting the hay crop, as many fields were completely inundated. In some sections hail accompanied the storm, with some damage resulting to the apple crop.

No great damage was reported in Sherbrooke, although a number of lights on Wellington street were extinguished when fuses blew out. No trouble was experienced with telephone lines in the city.

Officials of the Dominion Experimental Farm at Lennoxville said 21 inches of rain fell during the storm.

Mrs. Andrew Crawford, Miss Marion Crawford, Mr. Howard and Miss K. Thompson, Mrs. I. W. Browne and Mr. and Mrs. Michael Moriarty, Spiritualist mediums were sent by Eugene Dundin, E. W. Dundin, Alice Charland, Cercle des Enfants de Marie, Miss Roy, Miss Marie Anne Pelletier, Mrs. M. Manion, Daniel Manion, Mr. Daniel Moriarty and family, Mr. and Mrs. John Flynn, Mr. and Mrs. E. P. Whalen, Mr. and Mrs. R. F. Cooney, Mr. and Mrs. F. J. MacDonald, Mrs. Eugene Flynn and Mr. James Flynn, Miss Liliane Lecours, Mr. and Mrs. A. G. Mills, James and Kenneth Mills and Mrs. A. W. Mills and family.

J. B. LEFEBVRE SUMMER SALE IN FULL SWING

The successful merchant of today clears his shelves of one season's merchandise before launching on his selling campaign for the season following. This often involves selling at bare cost and frequently at less than cost, for it is essential to realize for cash and to make way for new goods. These are the principles underlying the big sale now being conducted by J. B. Lefebvre, Ltd., shoe merchants on Wellington Street North. "Never do we allow a pair of shoes to stay on our shelves for more than four months," says the store manager, Mr. H. Metras. "Besides being our sales policy, this ensures our customers the latest in style and materials."

Deaf Woman Now Hears on Telephone

"I have been hard of hearing for 8 years," writes Mrs. Sturdevant, of Mayville, N.Y. "I could not talk over the telephone. Last month I obtained AURINE EAR BALM. My hearing has improved so that I can talk over the telephone as well as I ever could." AURINE EAR BALM was originated by a well-known ear specialist, for those who are hard of hearing, bothered by head noises, earache, ringing and buzzing in ears, worried about approaching deafness. Get quick relief with AURINE EAR BALM today. It's easy to use—costs only a few cents daily. Money back if it does not help you. On sale at Budning's Drug Store, 25 Wellington St. N., Sherbrooke, Que. QUEBEC HIT BY STORM

Quebec, July 15.—Trees tipped to the ground and awnings were ripped free from balconies and porches early last night when a severe wind and rain storm swept over Quebec.

Streets were deluged with a two-hour downpour of rain, and many heavy park benches were overturned by a howling north wind. Flowerbeds throughout the city suffered heavily, while many cellars were flooded by water pouring down the inclined streets from the upper levels to the Lower Town.

ONE DIES IN MONTREAL STORM

Montreal, July 15.—Close, humid weather settled again over Montreal last night after a violent two-hour electrical storm that claimed one life, injured ten and paralyzed traffic for some time in city streets.

All casualties resulted from the same accident, and officials said the fatality would be probed fully today at a coroner's inquest.

Taking shelter with ten companions in a small wooden shack when the storm broke suddenly over the district early last evening, Paul Laviolette, twenty-five year old workman at the Montreal Botanical Gardens, was killed when a heavy blast of wind lifted the structure and hurled it almost 100 feet into a nearby quarry.

The victim's ten fellow-workers—including his father, Donatien Laviolette, fifty-three, only one of the group inside the shack with him—were all hurt in the sudden rust. Several of the men standing outside the shack under its protruding roof ran to the quarry but the younger Laviolette was already dead.

Released from hospital after treatment at the Hotel Pelquin, thirty-four, and Rosario Sigouin, twenty-five, both suffering from minor cuts about the hands; and Joseph Major, thirty-four, and Edouard Ouellette, fifty, both with minor injuries.

Still in hospital today, however, were the elder Laviolette with serious head injuries and a possible fracture of the skull; W. Belanger, sixty-four, with forehead injury; Robert Craig, twenty-one, internal injuries; Gustave Duouchet, fifty-one, fracture of the right leg; Ubald Quessel, sixty-seven, head injuries; and J. S. Hamel, fifty-one spinal injuries.

TOLL OF THREE LIVES

The sister provinces of Ontario and Quebec felt the full brunt yesterday of severe thunder and electrical storms, which took a toll of three lives and caused thousands of dollars' damage.

Those killed were Paul Emile Laviolette, twenty-five, an employee at the Montreal Botanical Gardens, Roy Cripps, twenty, of Burk's Falls, Ont., and George Bennett, of Ottawa. Laviolette was killed and ten others injured when the shack in which they sought shelter from the storm was hurled one hundred feet by a driving wind. Bennett was struck by lightning, while Cripps was electrocuted when he touched a fallen wire.

POLICE QUELL BRAWL, HUSTLE FOUR TO JAIL

Local Quartette Sentenced in Recorder's Court for Being Drunk and Creating Disturbance.

Police were summoned to the premises over the London Cafe on Wellington street north early this morning to quell an uproar in which four Sherbrooke residents—two men and two women—participated. The four, Ernest Marier, Dollard Rodrigue, Rene Rodrigue and Delas Masson, were engaged in a lively and noisy brawl when radio car patrolmen arrived.

Hustled to headquarters by the bluecoats, the quartette spent the remainder of the night behind bars. Much quieter and less inclined to battle, they appeared before Recorder's Court this morning charged with being drunk and creating a disturbance, where, with spirits obviously at a low ebb, they were sentenced to a fine of three dollars and costs each or a five-day term in the local jail.

District Deputy President Ruby Pegg Officiated at Semi-Annual Installation Ceremonies of Princess Rebekah Lodge No. 4—Finance and Visiting Committees Appointed.

The regular semi-annual installation ceremony of Princess Rebekah Lodge No. 4, Sherbrooke, took place last evening in the I.O.O.F. Hall in the Rosenbloom Block, Wellington street, with the following officers being installed by Sister Ruby Pegg, District Deputy President, and her installation team: Sister Mabel Norton, Noble Grand; Sister Minnie Norris, Fast Noble Grand; Sister Marie Broymon, Vice Grand; Sister Mary Pearson, P.N.G., Recording Secretary; Sister Gladys Jameson, P.N.G., Treasurer; Sister Aileen Arbery, Conductor; Sister Florence Strang, Chaplain; Sister Ruby Bachelder, P.D.D.P., Musician; Sister Jessie Brown, P.N.G., Right Supporter of Noble Grand; Sister Lila Smith, Left Supporter of Noble Grand; Sister Mary Thomas, P.N.G., Right Supporter of Vice-Grand; Sister Clara Sanders, P.N.G., Left Supporter of Vice-Grand; Brother Robert Cascaden, Outside Guard; Sister May Broadbelt, Right Altar Bearer; Sister Myrtle Wilson, P.N.G., Left Altar Bearer. Sister Lottie Lothrop, A.T., Financial Secretary, was installed in January and holds her position for a year.

Sister Gladys Jameson, P. N. G., who was named Warden, and Sister Margaret Howcroft, who was appointed Inside Guardian, were unable to be present last evening, and will be officially installed into their respective chairs at the next meeting.

The following committees were also named: Finance, Sisters Josephine Mead, P.D.D.P., Winnifred Reed, P.P., and Violet Nichol; Visiting, Sisters Josephine Mead, P.D.D.P., Mary Mandigo, P. N. G., Mary Thomas, P.N.G., Clara Sanders, P.N.G., Ruby Bachelder, P.D.D.P., Alice Dean, P.N.G., Clara Pearce, P.N.G., and Brother Milo Lothrop.

The officers who assisted the District Deputy President during the installation by filling deputy offices were: Sister Gladys Dawson, P.D.D.P., Marshall; Sister Beatrice Everett, P.N.G., Deputy Warden; Sister Bertha Boulton, P.D.D.P., Recording Secretary; Sister Myrtle Lane, P.P., Treasurer; Sister Mary

Astell, P.D.D.P., Chaplain; Sister Margaret Spry, P.N.G., Inside Guardian; Sister Alberta Dunn, P.N.G., Outside Guardian, and Sister Florence Bellam, P.D.D.P., Musician.

Other members of the installation staff were Sister Bettie Cole, P.N.G., Flower Girl; Sisters Gertrude Nutbrown, P.N.G., Maude Walton, P.N.G., Maude Mills, P.N.G., Bertha Montgomery, P.N.G., Hazel Crosby, P.N.G., Sarah Pegg, Cora Merrill, Nina Crosby, and Clarice Ferguson, escorts.

At the conclusion of the installation ceremony, the agenda was dealt with under the direction of the newly installed Noble Grand, Sister Mabel Norton, when a letter was read by the Recording Secretary, Sister Myrtle Pegg, President of the Rebekah Assembly for the Province of Quebec, stating that she would be present at the regular meeting of Princess Rebekah Lodge No. 4 near the end of August.

Reports given by the financial secretary, Sister Lottie Lothrop, A.T., and the retiring treasurer, Sister Sarah Duncan, P.P., showed an active term, with much splendid work having been accomplished.

A hearty vote of thanks was extended to the District Deputy President, Sister Ruby Pegg, and her staff from Myrtle Rebekah Lodge No. 28, Lennoxville, for the efficient manner in which they had carried out the installation.

Sister Minnie Norris, the retiring Noble Grand, received a beautiful gold emblematic pin from the members of her lodge in recognition of her services as Noble Grand, the presentation being made by the District Deputy President.

A brief but interesting and encouraging address was given by the District Deputy President, who congratulated the retiring Noble Grand upon having conducted her meeting without the use of a ritual.

A short message was also given by Sister Winnifred Reed, Past President, when she extended her best wishes to the newly elected

SHERBROOKE, FRIDAY, JULY 15, 1938.

And immediately he received his sight, and followed Him, glorifying God; and all the people, when they saw it, gave praise unto God.—Luke 18:43.

A New Record Falls

A saga of world travel that places far in the background anything ever conceived in the vivid imagination of Jules Verne closed at the Newark airport yesterday afternoon when Howard Hughes and his four companions downed their rebuilt transport plane after touring the northern Hemisphere in somewhat less than four days.

While blase critics, probably inspired by jealousy at their own inability to undertake the feat—much less to accomplish it—may ask just what has been accomplished by the daring exploits of this quintette for the advancement of mankind, flights such as these serve an important purpose in impressing on the people of the North American Continent that gone forever is their day of isolation from the affairs of the Old World of Europe and the even older world of the Orient.

In a dramatic if peaceful manner, Hughes and his companions have offered to the people of this continent a vivid example of what might happen in any war of the future. An enemy fleet massed on Asiatic soil could effectively carry out a series of bombing raids on strategic positions in western Canada and the United States, Hughes having made the trip from Alaska to Minneapolis, situated in the Eastern Central states, in a single hop. Similarly, the Eastern seaboard is subject to aerial invasion from Europe or from any enemy air fleet which might establish itself on the unprotected wastes of Greenland or even in the undeveloped sections of Northern Quebec.

Thus, if he has done nothing else, Hughes has provided an effective answer to those visionary idealists who oppose any effort at Canadian rearmament for self-defence purposes on the grounds that all Canada, or the United States, has to do to preserve its own integrity is to sit back and say "We are not interested in your affairs, Europe. Keep your fighting at home, we will have nothing to do with it."

The flights of Hughes and those who preceded him, if lacking in any scientific accomplishment, clearly demonstrate the necessity of Canada maintaining a thoroughly modern air force for its own defence.

Sherbrooke's New Ball Park

With the official opening this week-end of the new Sherbrooke Baseball Park situated in East Sherbrooke, this city definitely assumes the place of one of the leading sporting centres of the Province of Quebec, in fact of the northeastern section of the continent.

Thanks to the co-operative efforts of the Federal and Provincial Governments, and to no small extent to the energy displayed by the Hon. J. S. Bourque, Minister of Public Works in the Duplessis Government and Member of the Legislative Assembly for Sherbrooke County, this city has displayed a notable advance in sporting facilities during the past few years.

It is a far cry from the small, ramshackle structure that served the baseball fans of Sherbrooke for many a year to the modern, electrically lighted plant which is being formally opened over the week-end. But it is not in baseball alone that this progress has been marked.

For many years, supporters of the Sherbrooke hockey clubs had to travel to Lennoxville, often in antiquated, draughty street cars or over snow-blocked roads, to witness their favorites perform. But today all is different. Situated not far from the centre of the city and easily accessible by ploughed, city streets is a modern hockey arena equipped with the most recent of artificial ice-making plants.

On their part, the municipal authorities have not been inactive. The many parks throughout the city have been developed, each to serve some particular need. The Parade Ground has been laid out as a running track and for other competitive games. Dufresne Park has been designed for the multiple purpose of an amateur ball park, a children's playground, tennis courts and a scene for band concerts, while Portland Square has become the real centre for outdoor music in the city.

The Government authorities have seen to it that Sherbrooke is well equipped with healthy recreational facilities such as enjoyed by few places of similar size and the duty now rests on the sports-loving citizens to show in a practical manner their appreciation of the work the Governments have done

and the activity displayed by more venturesome persons in providing the teams needed to properly utilize these facilities.

St. Swithin's Day

The common adage regarding St. Swithin will be universally recalled today, which is the "day" of the first century good and upright confessor, Bishop and patron of Winchester.

Although the popular belief that if it rains today "Full forty days, it will Or more or less some rain distil,"

has been proved over a period of annually recurring observations to have no foundation in fact, there are some people who maintain credence in the meteorological prophetic character of St. Swithin's Day. Such people are determined to cling to the idea that July 15th has a certain critical weather influence, and when the rain falls at any time within forty days succeeding a dry 15th, as does really happen often—no matter, like the lady of the legion, they insist that if there was no rain during the day, "there must have been a few drops during the night." They have greater faith in the infallibility of St. Swithin's than in the records of the weather bureau. So this superstition, and the other weather omen, applied earlier in the year to the ground hog and his shadow, have become moulded into not a few human minds. All the world's scoffers and unbelievers will not shake their credulity. At the same time, experience does teach that the weather, whatever its behavior may be today, tomorrow and henceforward it will continue to be fickle. And he who puts his trust in almanacs, weather prophets or meteorological omens is doomed to disappointment and trouble if he gives away his umbrella and raincoat as he enters upon the forty-day period of drought that he supposes will follow a rainless St. Swithin's Day.

Editor's Note-Book

The aldermen seem bent upon making Sherbrooke "the Radio City." The latest suggestion is to equip city trucks with radios. It might be just as sensible to broadcast the City Council meetings.

Now is the time for all good citizens to give thought to the city's Exhibition. Manager Norrey Price is hard at work getting things in shape for the great Fall event. Remember the dates—August 27th to September 3rd.

It is deplorable that the head of an organization, such as the Dominion Textile Company, which is giving employment to such a large number of Quebec workmen, should be subjected to such harsh treatment at the hands of irresponsible rough-necks.

A recent housing survey showed that the average living room had 2.3 windows. It must be that five-tenths of a window the breeze comes through these days.

Barbara Hutton must have a hard time remembering if she is a princess, a countess, married, divorced or single.

Overcrowded conditions at Sing Sing have forced some of the prisoners to sleep in the corridors. It's punishment enough to put a man in prison without making him live like a convention delegate.

A more descriptive term for the kind of weather we're having now would be "hot dog days."

Upper Melbourn—The hay crop in this vicinity is very good notwithstanding the drought.

Coaticook—A meeting of the Conservative Club took place recently in the Club Room, President Charles E. Christie occupying the chair. A very interesting address, given by Dr. W. L. Shurtleff, K.C., was enjoyed by the thirty members present.

Melbourn—Between fifty and sixty couples were entertained at a dance in the new barn of W. J. Nelson recently.

THE UNBLAZED

A place the map might have marked "Unknown" And kept to understatement still.
The sky went with me, we two alone,
Except for the tangle of bush and hill.

The sky, on its side, had the sun—forever;
In an hour I must make my peace with night;
But I, again, had a whispering river.
Both the river and I were going light.

Both it and I needed to reach the ocean,
But it, not I, knew the seamless wood,
I had read or remembered some gossip notion
That a man was no match for this solitude.

But add this mystery to the others:
If a man stray not from his river's side,
And pack but a promise on his shoulders,
He is better off with no other guide;

And if he will fix, as his forward mark,
Some peak of white, and that white peak only,
The dark will not prove so very dark,
Not loneliness so very lonely.

THE GOVERNMENT AND PENSIONS

To the Editor,

Sherbrooke Record.

Dear Sir:—Would you allow me space in your paper? I would like to know if people born in Germany, the United States and France are supposed to be British subjects. I do not consider they are. The reason I ask this question is because the pension, I believe, is for British subjects only, but I know there are people getting pension who are not British subjects.

Why does not our present Government look into this and help the sick who are not of pension age. I think the government should see to it that sick people, under pension age, should get something more than \$2.25 a week for two people to live on. The City cannot do it all. And, as prices on food stuff are higher, they cannot get enough to eat from this pension. I think if our government would look into this and do something for the sick under pension age, who are sick it would be greatly in their favor. It would look as if they were trying to do something to help the sick who are crippled for life.

Yours truly,

A. WESTON

WAR SUPPLIES IN PEACETIME

(Glasgow Herald)
Some members profess anxiety to have further information regarding the Government's plans, but in this matter of high strategic importance it should perhaps be sufficient indication of the Government grasp of the realities of the situation that they have already effected one spectacular coup and have in addition as the recent report of the Food (Defence Plans) Department made clear, completed their survey of the major problems and have plans worked out almost to the last detail. The extent and nature of the supplies to be purchased and stored must remain for the Government's judgment. Doubtless it would be advantageous in some respects if the bill were extended, as Sir Arthur Salter would prefer, to include materials like metals and pit props. But there are fairly obvious objections to such a course. Anything approaching indiscriminate State purchase of supplies would inevitably involve interference with the ordinary commercial activities of the industries concerned, making co-operation between trading interests and the Government more and more complicated and liable to friction.

THE WAR OF NATIONS

(The London Round Table)
Modern war, owing to the greatly increased importance of industrial mobilization and air-raid defence, will probably never again put into the field anything like the numbers that went to the trenches in the World War. But it is all the more important that the whole man-power of the nation should be so distributed, between active service and the manifold duties of the home front, as to ensure that every man is in the place where he can be of the greatest use to the whole effort. In a great modern industrial country, that cannot be done without long and careful preparations. Whatever the name given to it, the total mobilization of the whole nation is today not a frivolous dream, but an absolutely vital necessity, and one moreover in which the authoritarian regimes enjoy an immense advantage over the democracies. In any future war, the time formerly allowed, even after the outbreak of hostilities, for the remedy of defects and omissions will no longer be a cloak for military and industrial unreadiness; the utmost effort will have to be put forth from the very first minute. When the hell hounds of war have broken loose, there will be no chance of a successful improvisation. The war of the future must have been won before the first blow is struck, if it is to be won at all.

INDIA'S NEEDS

(Times of India, Bombay)
There has been a marked increase in industrial production. There are other complementary data proving without doubt that the standard of living has improved; it would probably be higher than it is but for our protective policy. Admittedly the standard of living is low, but it can be raised by attention to social health and by getting rid of customs and habits which preclude an increase of our economic standards. One great need of today is to increase the quality as well as the quantity of our agricultural yield—better crops and better cattle—leading to better food and a healthier people. This in turn will help to raise the standard of living, which brings with it a natural restriction of population.

SO—WHAT?

(The Times, London.)
The question of the Foreign Secretary was largely taken up with the question of the bombing of British ships off the coast of Spain; and public opinion is much exercised at this growing abuse of air-power. Recently another British ship was attacked and two British subjects were killed, off the port of Denia, in a

THE CHARM OF "MIRROR LAKE"

If you are bored with city-life
And worries would forsake,
Just drift away from urban strife
And come to "Mirror Lake."
Yes! leave your worries all at home
And seek our country air,
With privileges to idly roam
And view our scenery fair.
You'll not require a chart or guide
To help you find the way,
This information is supplied
By native every day.
A visit to our "Mirror Lake"
Will pep you up at once,
So come along, its joys partake—
And practise swimming stunts.
You'll get, I'm sure, a mighty thrill
From your first morning dip,
Just as King Sol peeps o'er yon hill
The first dew-drops to sip.
There's no accounting for the fish
You'll hook around this way;
They're all as large as you could wish—
And growing every day!
Don't hesitate to bring your friends,
(The bait we can supply.)
With "Luck"—and all on "Luck" depends
You'll fish our old Lake dry.
Then when you lounge upon the shore
And gaze up in the sky,
You'll wonder why you ne'er before
This venture did not try.
Perhaps you've travelled miles away
In quest of such a spot,
Yet never found it 'till today;—
Now, tell me, have you not?
Well, beauty-spots sometimes are rare,
You have to seek them out;—
But "Mirror Lake" has lots to spare,
One trip here, quells all doubt!

A NEW FACE IN THE FINANCIAL JUNGLE

McKENNEY ON BRIDGE

JUMP FORCES SHOULD BE BASED ON FITS AS WELL AS HONOR STRENGTH

BY WM. McKENNEY

Secretary, American Contract Bridge League

North's void in his partner's first bid suit caused him to go easy on the first round of bidding. Players have learned that jump forces should be based on fits as well as honor strength. His takeout supported, however, the slam appeared a fair prospect, hence the jump in diamonds on the second round.

The hand was played by Lieutenant W. A. Corley, of Washington, at the famous Army and Navy Club, Corley, well known to bridge lovers, will be among the players at the forthcoming summer session of the National Championship of the American Contract Bridge League, to be held at the Convention Hall in Asbury Park, N.J., the week of August 1.

Commander Corley sat North, and was of course forced to win the first trick with the club ace, to have a chance at his contract. He then took two rounds of trumps with the ace

Contract Problem

(Solution in next issue)

The bidding was South one club, East double, West one heart, and the final contract was four hearts. South's opening bid practically places him with the queen of diamonds and queen of spades. Do you see how the declarer can make his contract through a nice squeeze play, even though North and South cash the first two club tricks?

and queen in dummy, and found that he had to lose a trump trick. The ace of hearts was cashed and a club discarded. Then the diamond king was overtaken with the ace in the closed hand, and all rounds of that suit led, East meanwhile helplessly following suit with his worthless diamonds.

From dummy the three clubs were discarded, then the declarer's last club was ruffed with dummy's remaining trump, and one trump trick was conceded. Players who sought to return to their own hand with a ruff of the second heart were beaten.

IN THE WOMEN'S SPHERE

TEN CANADIANS DISCUSSED AT LENNOXVILLE

Interesting Biographies of Outstanding Canadian Men Given at Session of Women's Institute.

"Canadianization and National Events" was the theme of the regular monthly meeting of the Lennoxville Women's Institute held yesterday afternoon in the Institute Room of the Town Hall, with the President, Mrs. E. L. Atto, presiding.

The programme, which was in the charge of Mrs. Mary Worster, the convener of "Canadianization and National Events" department, featured the reading of short biographies of ten outstanding Canadians, namely, Rt. Hon. Mackenzie King, Rt. Hon. R. B. Bennett, Stephen Leacock, Sir Edward Beatty, Col. Drew, V.C., Dr. Banting, the discoverer of insulin, Mrs. George Black, M.P. for the Yukon, Mrs. Agnes MacPhail, M.P., Dr. A. Daffoe and Sir Herbert Holt.

These interesting biographies were given by Mrs. Mary Worster, Mrs. Robert Ray, Mrs. M. H. Pegg, Mrs. M. Elizabeth McCurdy, Mrs. Martin Knutson, Mrs. R. E. Mosher, Mrs. A. E. Abercrombie, Mrs. Howard I. Dundin, Mrs. Albert Hall and Mrs. F. R. Titcomb.

A splendid article on "International Friendship" was also read by Mrs. Worster, and a poem entitled, "Do You Just Belong?" was given by Mrs. Hugh Wallace.

Yesterday's roll call, "Outstanding Events of the Year," was well answered by the members, many of them making mention of the strides made by science in overcoming various diseases.

Mrs. Donald Ross and Mrs. Hugh Wallace, who were the official delegates of this branch to the annual provincial convention of the Women's Institute held at Macdonald College last month, gave complete and interesting reports of this event.

Mrs. Martin Knutson and Mrs. C. A. Prince were named delegates to the Sherbrooke County meeting of the Institute to be held at the MacKinnon Memorial early in August, with Mrs. F. J. Glass and Mrs. Frank R. Titcomb as substitutes.

A splendid account of the annual Sherbrooke County basket picnic held at the Lennoxville Experimental Farm the end of June was given by the president, Mrs. E. L. Atto.

The convener of Child Welfare stated she had been informed that the inoculation of school children in this district will be done in the near future by Dr. R. M. Barrette, of Sherbrooke, Quebec Provincial Medical Health Officer.

A contest held during the meeting, "Naming Flowers," was won by Mrs. W. S. Richardson, a visitor of the Ascot branch.

The usual donation was voted to the Lennoxville Horticultural Society.

Several letters of thanks were read by the secretary, Mrs. A. E. Abercrombie, for flowers and a plant sent to shut-ins.

Later the members were joined by quite a number of visitors who arrived at the tea hour and enjoyed the refreshments and a friendly chat. The tea tables were gaily centered with slim vases of bright blue, mauve and white flowers, and the hostesses were Mrs. Ralph E. Mosher, Mrs. Lawrence Parker and Mrs. Philip Walton.

General Notes

Mr. and Mrs. George Kelly, of Lowell, Mass., have returned to their home, after spending a few days with Mr. and Mrs. W. T. Pearson.

Mr. and Mrs. W. H. McCurdy, of Riverside, California, arrived in town on Wednesday and are guests of Mrs. M. Elizabeth McCurdy at her home on Prospect street for a few weeks.

Mr. and Mrs. Hart Montgomery and two children, Roger and Diane, accompanied by Miss Elaine Byrne, of Woodville, N.H., left today for a three weeks' vacation at "Sunnyside," Bacon's Bay.

Mr. and Mrs. Frank Spry and daughter, Miss Rita Spry, left this afternoon by motor for Niagara Falls, N.Y., where they will visit their son, Mr. Ross Spry.

The Misses Sarah Hall, Kate Fales, Eva Hall and Margaret Robins returned home to Sherbrooke last night, after spending an enjoyable holiday motoring around the Gaspé Coast.

Prominent among the many delightful social festivities planned for beneficiary purposes this summer are the garden teas sponsored by the Women's Association of Plymouth Church, the second party at Mrs. A. C. Skinner's residence yesterday afternoon most successfully continuing the series. Receiving with Mrs. Skinner was Mrs. J. C. May, president of the Association, while Mrs. F. J. Mitchell acted as treasurer. Tea was served, under the convenship of Mrs. Hubert Johnston and Mrs. H. Ogilvie on the attractive lawn where shrubbery and flower-filled borders, shaded by large trees formed an ideal setting for the enjoyable tea party, while perfect summer weather assured its splendid success. Mrs. J. M. Jenckes and Mrs. J. Lynn did the honors at the beautifully appointed tea table, which was effectively centered with lovely garden flowers. The hostesses were Mrs. H. Ogilvie, Mrs. L. V. Coates, Mrs. R. L. Laroche, Mrs. S. H. Gallinger, Mrs. J. C. Mead, Mrs. Z. W. Griffith, Mrs. Gordon Miller, Mrs. Frank Hovey, Mrs. J. M. Jenckes, Mrs. Walter Sutherland, Mrs. M. Hunting and Mrs. Hubert Johnston. Assisting were Mrs. E. Kellett, Mrs. W. Woods, Mrs. R. Beers, Mrs. S. H. Gallinger, Miss Jean Larabee and Miss Evelyn Ogilvie.

MARRIAGES

BOISCLAIR—BROWN

Portland, Maine, July 15.—The marriage of Miss Hazel Brown, of Coaticook, daughter of Mrs. Ethel Brown Watson and the late Byron Brown, took place at the home of the bride's mother, at Portland, Maine, on July 6th. The groom is also a Coaticook man, Jerry Boisclair. The ceremony was performed by Rev. A. Holt, in the presence of quite a number of relatives and friends.

The bride, given in marriage by her step-father, Guy Watson, was very attractive in a gown of blue sheer crepe, with harmonizing accessories, and carried a bouquet of cerise sweet peas. Mrs. Phil Haver, of Coaticook, as matron-of-honor, wore a gown of frosted black and white marquisette over taffeta with corsage of white carnations and lupine and a wide-rimmed hat in black. Mr. Boisclair was supported by Philip Haver.

The bride's mother wore a navy taffeta ensemble and the grandmother, Mrs. E. M. Haver, was very dainty in a navy and white flowered dress.

The home was profusely decorated with flowers, featured by an archway done in pink and white and delphinium banked in ferns and supported by tall silver baskets of the same flowers, as well as four huge baskets of pink peonies and roses. The dining room followed the same floral scheme, the table centered with a wedding cake.

After the wedding cake had been cut by the bride, she and the groom slipped away to Scarborough, Maine, where they spent their honeymoon at the Danish Village. Mr. and Mrs. Boisclair, who will make their home in Sherbrooke, received many beautiful gifts.

Modes And Manners

Question: "Is it proper for a person to bring a gift to a wedding reception? If a gift is brought to the reception and a shower is held, should another gift be taken to the shower also?—H. Z."

Answer: A wedding gift is never brought to a wedding reception. It should be mailed to the bride some time before the wedding takes place. It may be sent promptly upon receipt of the wedding invitation, if one likes. If a shower is given and one accepts the invitation, she is expected to bring a shower gift.

Question: "Should a guest try to replace a dish which she broke? It belonged to an expensive set. Answer: Dishes belonging to sets and one may sometimes be replaced from two at a time."

Mrs. John Daniel, of Stewart, B.C., arrived this morning from Montreal, where she has been a guest of friends for a month, to visit her uncle and aunt, Mr. and Mrs. Arthur F. Fraser, "Rose Cottage," Portland avenue.

Miss Dorothy Kerr and Mrs. M. Watt entertained delightfully last evening at the former's home on High street in honor of Miss Marion Macdonald, a bride-to-be. Bridge was played at three tables, the prizes being won by Miss Florence Wark, Miss Marion Macdonald and Mrs. Dean R. Bishop. At the conclusion of the game, delicious refreshments were served. Mrs. Carlos Skinner doing the honors at the lovely table, which was centered with vari-colored sweet peas in a crystal bowl and green candles in crystal holders. Miss Margaret Macdonald assisted the hostesses in serving. During the evening, the bride-elect was presented with a shower of flat silver.

Great excitement prevails in the ranks of the Y.W.C.A. girls who leave tomorrow for "camp," in charge of the Misses Margaret Allin, Margaret Sutherland, Sylvia Soles, Alice Hutchinson and Shirley Wright. "Counsellors" The girls will occupy the Y's Men's Camp at Little Lake Magog for two weeks. Those who leave tomorrow for the first week will include June Bordwin, Ruth Aldrich, Doreen Bordwin, Gwen Bigbee, Milcent Craig, Marion Bisher, Betty Fraser, Florence Hoffender, Margaret Haggie, Virginia Haggie, Isabel Jones, Vera Jones, Frances Ladd, Evelyn Mundie, Rita Roy, Alberta Mundie, Joan Perry, Uldine Pulette, Doris Whittaker, Gloria Wiggitt, Gertrude Hodge, Violet Villare, Ruth Whittingham, Leona Craig and Elsie Smith. Officials Of Local Rebekah Lodge Installed Last Night

Continued from Page 3.

The retiring Noble Grand, Sister Minnie Norris, extended her sincere thanks to her officers and members for their loyal support during her term of office.

A pleasant part of the evening's activities came when Sister Winnifred Reed, Past President of the Rebekah Assembly of Quebec, on behalf of the officers and members of Princess Lodge No. 4, presented a gift of a lamp to Sister Sarah Duncan, P.P., who was retiring from her office as treasurer, after having served for sixteen years in this capacity.

Following the closing ceremonies, the members and visitors assembled in the banquet hall, where light refreshments were served by Princess Rebekah Lodge No. 4.

MIND YOUR MANNERS

T. M. REG. U. S. PAT. OFF.

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1—Is it vulgar to be extravagant?
2—Is it good taste to over-work a favorite phrase such as "But definitely?"

3—Should a mature woman speak of her contemporaries as "girls"?
4—Is it correct for a woman to speak of her husband as "Mr. Jones" when she is speaking to the young daughter of a friend?

5—Should she call him "Richard" when speaking to a casual friend who does not call him by his first name?

What would you do if—
A friend asks how you think she looks in her new hat and you think her taste is atrocious—
(a) Say, "How did you ever let the saleswoman talk you into buying it?"
(b) Evade the issue by commenting on the color or material or some point which you can really admire?
(c) Tell her you like it, since it is too late to affect her purchasing it?

ANSWERS
1—Not unless it is ostentatious.
2—No. Be original with your phrases and then don't overwork them!
3—No, as "women."
4—No, nor to any social equal, no matter what age.
5—Yes.
Best "What Would You Do?" solution—(b) or (c). Expressing frank opinion while shopping is a different matter.

"open stock." A courteous guest would find out where the dishes originally were purchased and would try to replace the one she broke. If the exact shape and pattern cannot be obtained, one should shop around until she finds the nearest thing to it.

Question: "How are radishes eaten?"—K. L.
Answer: Like Olives radishes are a finger food. When the dish is passed, one may help himself to one or two at a time.

TEACHERS' NEW HEAD WOULD FOSTER PEACE

At the recent convention of the National Education Association in New York City, Reuben T. Shaw was elected president. Mr. Shaw is head of the science department in North-east High School in Philadelphia.

Now fifty-three years old, he has been teaching for thirty-eight years—even since he received a Bachelor of Science degree from Ohio Wesleyan University. Ohio is his native state, but he has spent all his teaching time in Philadelphia.

Mr. Shaw has been active in the N. E. A. for some time. He has been a member of the executive committee since last year, and from 1934 to 1937, he served as chairman of the committee which amended the N. E. A.'s charter.

On the eve of the N.E.A. convention, considerable excitement was caused by the publication of a Teachers College report characterizing the American Legion as a "Fascist" organization. Mr. Shaw's first action, after his election as president, was to say that he believed the Legion was not Fascist. He wants to co-operate with the Legion and with other veterans' organizations that have "strong educational programmes."

Mr. Shaw echoed the sentiments of Mrs. Roosevelt, who also addressed the convention, when he said, "If teachers of all countries could get together and be permitted to decide questions of war and peace, there would be no war."

Mrs. Roosevelt, in her "My Day" column, had expressed a somewhat similar idea when she stated that teachers all over the world should travel and meet each other and discuss things of interest. She feels that, in this way, there would be greater understanding throughout the world, and therefore more likelihood of peace.

Mr. Shaw, who comes from Delaware, Ohio, received the degree of Doctor of Philosophy from the University of Pennsylvania in 1926.

It was late when the hostess at the reception requested the famous basso to sing.

"It is too late, madame," he protested, "I should disturb your neighbors."

"Not at all," declared the hostess, beaming, "Besides, they poisoned our dog last week."

Work upon the new bridge over Pike River connecting Phillipsburg avenue and Church street, will be commenced shortly. The contract has been awarded to Messrs. Coppe and Boucher, of Henryville. The present bridge, which is of iron, will be moved to the upper town to replace the wooden bridge over Pike River, which has been limited to loads not exceeding four tons for several years. The bridge in the lower town, which was built many years ago, has proved inadequate for the traffic going over it.

Owing to expiration of the term of Mr. J. W. Cockerline as a member of the Protestant Board of School Commissioners, Mr. William Campbell has been chosen to fill the vacancy as Mr. Cockerline did not wish to continue in office. Mr. Cockerline has been for a number of years a member of the board and has given unstintingly of his time and energy in promoting the welfare of education in this district. Mr. Cockerline was a member of the board during the time that the present High School was built, in the construction of which he took a deep interest, giving much time to details in connection with the work. The present personnel of the board consists of Chairman B. R. Stevens, commissioners Harry Jones, D. J. Reid, F. E. Best and W. Campbell.

Ever Larger Groups Of Summer Tourists Visiting Townships

Natural Beauty, Excellent Accommodations, Inter-Race Harmony, Industrial Development and Courtesy of Its Citizens Make this District Magnet for Heavy Tourist Trade.

The Eastern Townships can never fail to delight the visitor by their beauty of landscape and the great variety of scenery that meets his gaze.

This is indeed a land of plenty and of absorbing scenic majesty. A tourist may pass from thriving industrial and commercial centres to continuous expanses of highly cultivated farm land and thence through districts where nature has gathered some of its most charming natural attractions.

Delightful summer resorts nestle on the shores of picturesque lakes—sparkling as the sun's bright rays dance along their surfaces, and teaming with spirited fish that challenge the best of anglers—and accommodations in these districts are clean, comfortable and economical.

Side by side in nearly every town and village, descendants of United Empire Loyalists who hewed their way through virgin forests during the War of Independence, live in constant harmony and good understanding with the representatives of another great race, the sons of

the original settlers who came across the waves from France.

Tourists without fail marvel that although both groups have retained their own language, religion, customs, habits and traditions they live together in an atmosphere of goodwill and of perfect peace, a striking example of what can be done by a true "bonne entente."

Descendants of French, English, Scotch and Irish have through co-operation, thrift and courage created and developed prosperous industrial centres and the great farming districts that catch the eye of the casual, as well as the intensive traveller.

Villages and towns throughout this beautiful region take pride in their cleanliness and attractiveness. Numberless parks, decorated with stately trees, entrancing floral displays and fountains may be found in any section, while streets in the cities and towns are kept in an orderly condition.

The people of the Townships are well aware of the attractiveness of the section from the point of view of the tourist, and make it a point to encourage the traveller to return another year to spend a vacation at holiday resorts.

In resume, the natural beauty, excellent accommodations, inter-race harmony and industrial development that may be found in the Eastern Townships, and the unfailing courtesy of their residents, stand out as features making them the ideal tourist paradise, and are drawing ever increasing numbers of people from all points in North America during the summer months.

More than 100,000 men and women are employed in England's cut-flower trade.

A cottage by the lake. Fishing for father, swimming for the children and a rest for mother. All these may be found in the Eastern Townships, Canada's "Vacationland."

MINTON LADIES WERE HOSTS TO MANY VISITORS

Women's Institute Members Entertained Their Families at Home of Mr. and Mrs. Charles Daintrey.

Minton, July 15.—The home of Mr. and Mrs. Charles Daintrey was the scene of a pleasant gathering when the members of the Women's Institute entertained their families at a strawberry supper.

About thirty-five sat down at two long tables bountifully laden with appetizing food, and did full justice to the repast.

As a special treat for the gentlemen, Mr. Beach had been asked to come from Lennoxville and speak to them on some phase of agriculture. With his usual willingness to oblige Mr. Beach accepted the invitation and was a most welcome guest.

In his opening remarks Mr. Beach spoke of the value of farm-

ers' clubs to the farmer and expressed the hope that a club might be formed in the North Hatley district. Speaking of several policies adopted by the Government with a view to helping the farmer, Mr. Beach dealt particularly with fertilization of pastures.

Considerable discussion followed and many questions were asked and answered. Mr. Daintrey expressed the thanks of the men to Mr. Beach for his timely and interesting address, and also expressed appreciation to the Women's Institute for the pleasant evening arranged by the members.

REGULAR MEETING OF W. I. FEATURED BY A DEMONSTRATION IN COOKING.

The regular meeting of the Women's Institute was held at the home of Mrs. Kenneth Dean.

The main features of this meeting were the report of the annual convention at Macdonald College, and the cooking demonstration given by Miss Maud Kezar, county convener of Home Economics.

Miss Kezar chose to demonstrate variations of the baking powder biscuit mixture. Miss Kezar's explanations were clear and concise and many valuable hints were given.

The pleasure of the demonstration was much increased by the delicious samples which came from the oven at intervals and were passed among those present. At the close of the demonstration Mrs. Daintrey thanked Miss Kezar for her kindness in coming to this branch.

Mrs. Ryan's report of convention was listened to with keen interest, and showed that Mrs. Ryan had taken a very lively interest in all the sessions.

The roll call, "My Wedding Day," was well responded to and the response in some cases was accompanied by a showing of the gown worn upon this "most important occasion."

Various items of business were attended to, and at the close of the meeting refreshments were served by the hostesses, Mrs. Dean and Mrs. Daintrey.

General Notes

Mr. and Mrs. Walter Bowen, of Hudson Heights, with their daughters, Jean and Evelyn, were weekend guests of Mr. and Mrs. Howard Banfill.

Ill-Health Charge Withdrawn

(Before Mr. Justice Kruschen)

JUROR: All the evidence proves conclusively that this unhappy woman has been consistently neglecting her health. In this Court preventable illness is treated as a crime. Ignorance of the remedy cannot be accepted as an excuse. Kruschen is sold by all drug stores. Kruschen is—

PRISONER: (Excitedly, undoing her handbag:) I have a bottle with me now, sir!

(Sensation in Court.)

JUROR: A bottle of what? Pass it up to me, please.

(The Judge examined the bottle and handed it on to the jury.)

JUROR: (continuing): This is an amazing development. We have here an unopened bottle of Kruschen. (Turning to the Prisoner): When did you buy it?

PRISONER: This morning, my lord. I intended to take it with my coffee tomorrow and every day. I thought it might put me right.

JUROR: Prisoner, your timely good sense has earned you your acquittal. You will leave this Court without a stain on your character. (At this juncture there was an outburst of clapping, which was rapidly suppressed.) You have yourself done precisely what I should have ordered you to do; you have adopted a good remedy for your present affliction, a splendid precaution against a recurrence of it. I am very glad. I have one word of advice to add: do not, on any account, miss the little daily dose of Kruschen—and then, indeed, you will be the happy possessor of good health for less than 1c a day.

PRISONER: Thank you, my lord. I shall never forget what you say.

KRUSCHEN SALTS

relieve constipation and rheumatism

Kruschen is a combination of several mineral salts which your body must get, in some way, to keep the blood pure, the inside clean, and the system generally toned up, but which you can't get in Nature's own way without

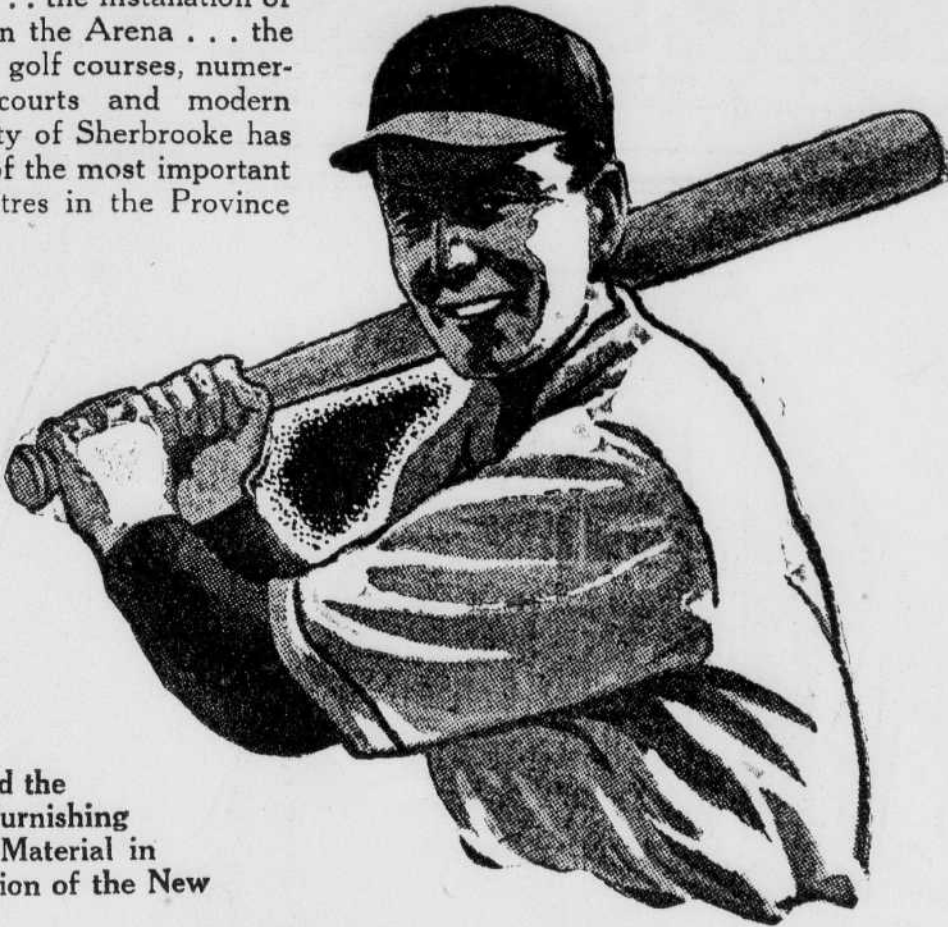

abundant exercise and fresh air. You should have these salts every day; hence the importance of the "little daily dose". Every drug counter sells Kruschen in 25c, 45c and 75c bottles. It's the little daily dose that does it.

Given a balmy night and a cool, but not chilly, breeze, what could be more to the "King's taste" than an evening spent in the new local

A BIRD'S EYE VIEW

This picture, taken from one of the tall towers on which the artificial lights are, shows the new stadium standing against a background of picturesque foliage. The semi-oval structure, built to seat nearly 5,000 fans, is one of which the city may well be proud, while the infield, level and fast, reveals the careful work put into its preparation. Plans for the stadium were drawn up by Andre Royer, local architect.

baseball stadium. Seating approximately 5,000 people, equipped with comfortable seats and brand new in every way, the structure is a credit to the city and to those responsible for its erection.

The improvement over last year's stadium is almost indescribable. A rickety grandstand, uncomfortable bleachers and insufficient seating space have given way to a structure which really approximates perfection and ranks with the finest in the province.

The playing field has been rounded into excellent condition during the past month. The base paths are level and fast and the whole infield perfect for handling bouncing balls. Even ground stretches out into the outfield and fielders have no trouble scurrying under fly balls at any point on the diamond. Brilliant illumination is supplied

in their praises of the new lighting system and have expressed the opinion that the hook-up furnishes the finest possible distribution of illumination in every spot of the field.

The lights are placed in such a way that patrons do not lose sight of the ball when following its flight through the air. There is no annoying glare and one can look right at the lights without becoming blinded. Surrounding the field is a tall fence, painted green so that the whiteness of the ball will stand out against a dark background. The barrier is placed three hundred and ten feet from the plate in left and right fields and three hundred and seventy-five feet away from the batter in centre field, and to clear the fence a ball needs a lusty clout behind it for motive power.

A large sign, carrying the positions of the players in the order in which they come to bat makes it

simple to follow the play. Red, yellow and green lights record the balls, strikes and outs and are easily discernible from any point in the stands or bleachers.

Dugouts for the players have been built along the third and first baselines, and are being equipped with dressing rooms and showers.

Night ball has proven very popular, and the stands have been filled to near-capacity at every game. To provide room for the hundreds of cars, a lot across the road from the stadium has been secured and is being levelled and improved as rapidly as possible.

The new stadium and large crowds stand as fitting evidence that Sherbrooke people are sports-minded in a big way, and the building, together with the artificial ice plant in-

stalled in the Arena last winter, makes this one of the leading sporting cities in the province.

Our Message...

Taking pardonable pride in the new Park Avenue Stadium, we, the management of the Sherbrooke Baseball Club, extend greetings to the sporting element of Sherbrooke and the Eastern Townships and urge you to witness the festivities in connection with the official opening day.

The new grandstand, level and attractive playing field and artificial lighting system give our city one of the finest baseball parks in the Province, and we take this opportunity of expressing thanks to Col. the Hon. Johnny Bourque for the work he did in bringing the long-planned project to fruition.

We now have a team worthy of your support . . . one that plays heads-up ball every minute it is on the field . . . and a park worthy of your patronage, so come on up and see the Stadium and cheer the local boys to victory.

Local Outfit Climbing Gradually Towards Top In Provincial Ball Loop

New Players and New Hopes Make Sherbrooke Entry First
Division Threat—Squad Has Climbed Steadily Since
Hammond Assumed Control on Sunday, June 19.

Not a few fans said it couldn't be done. Most of them felt that Sherbrooke was too far behind in the Provincial Baseball League to have a chance. The consensus of opinion seemed to be that the locals would never rise from the second division. They're on the climb now, however, and have rolled into a contending position. Sparking the upheaval in the league standing is Tom Hammond, who had control of the destinies of last year's squad during the latter part of the season. Hammond took over the managerial reins on Sunday, June 19th, when Sherbrooke visited St. Hyacinthe and since then has brought the team up into fifth place behind Three Rivers and is aiming his sights at

A TRUE SPORTSMAN

To Col. the Hon. Johnny Bourque, much of the credit for the construction of the fine new baseball stadium is due. The hard-working Provincial Minister of Public Works was right behind the project from its inception

Sorel, who, at the moment, are sitting pretty on the loop's top rung. To delve into the season's activities for a moment, Roland Dugre was re-elected the club's chief executive early in the year, and Dr. A. N. Dupuis and Henri L. Blais were chosen vice-presidents. Rosario Gagne assumed the responsibilities connected with the office of treasurer and Jean-Louis Parent was named secretary. He has been replaced recently by Roger Dugre.

Acting in the capacity of directors are Adolphe Beare, Carl Camirand, Lucien Dugre and Fernand Salois. Choosing one of the outstanding players in the Nova Scotia Colliery League in the person of Charley Small to act as manager, the executive left the formation and operation of the team in his hands. Small brought the pick of the players in the Maritimes loop to Sherbrooke with him, the number including second-baseman Elliot Small, Joe Dirubio "Snooks" Mandeville, Dave Barry, Jack Huxtable, Joe Conte, Cliff Kerrigan and others. Several other lads, including Johnny Buckley and John Reichel, came up from United States' leagues.

After starting off well, the Smallmen ran into a snag and started to lose games left and right, and were in last place when Hammond took over the leadership. Hammond soon had the team playing a different type of ball and started off on the climb which has carried them into contending position. New faces began to play a large part in the locals' success. Johnny Ayvazian, shifty shortstop, took over "Snooks" Mandeville's chores, the latter shifting to a position as utility man. Henry "Shorty" DeMeo stepped into the second-base job and John Reder came to town to bolster the pitching staff.

Under Hammond the play of John Crowley and Bob Cohen, two of last year's holdovers, returned to the A-1 groove while Paul Calvert, a twenty-two-year-old pitcher from Chambly, began to turn in masterful performances on the mound. "Casey" Moher and Joe Drisko showed themselves fine flingers and have proven the value of their services.

With the duties of manager shifted from his husky shoulders, Charley Small has more than pulled his weight in right field and is one of Sherbrooke's most valued elbow-ers.

The regular team lines up as follows: Dave Barry, catcher; Joe Dirubio, first base; Henry DeMeo and "Snooks" Mandeville, second base; John Ayvazian, shortstop; Jack Huxtable, third base; Bob Cohen, Johnny Crowley and Charley Small, outfielders.

If they continue to play as they have during the past few weeks the local standard-bearers should be in there in the play-offs, causing the other three finalists a mighty big load of trouble.

OFFICIAL OPENING OF BALL PARK SUNDAY

Parade And Game Will Be Feature Of Opening

Harmony Band to Head Colorful Parade from Dufresne Park to New Stadium—Sorel Opposes Sherbrooke in Game Which Promises Plenty of Action.

"There'll be a big time in the old town" on Sunday night when one of the most colorful sporting events in the history of Sherbrooke—the official opening of the Park Avenue Stadium—will take place.

Ceremonies in connection with the opening will commence with a grand parade from Dufresne Park through Galt, Alexander and King streets to the park and will be continued under the new artificial lighting system.

To round out the evening's entertainment, last year's champions, the powerful Sorel team, considered by many the class of the Provincial League again this season, will tangle with the homesters in a battle which should be unsurpassed for thrills and entertainment.

INDIANAPOLIS DEFEATS ALL STARS

Indianapolis, July 15.—(P)—Indianapolis Indians proved again here last night that one good team is better than a lot of good players by winning the fifth annual American Association All Star Game by six to three, from the pick of the other seven Association clubs.

Before a record-breaking crowd of 12,277, Indianapolis found four of the league's best pitchers for 11 hits while three Indian hurlers scattered seven safeties and their teammates backed them up with tight fielding highlighted by two double plays.

It was the fourth time since the All-Star Game was born in 1934 that the host team—league leader when the place is decided upon a

little more than a week in advance—has beaten the aggregation which baseball writers elect yearly from the rest of the circuit.

CHICAGO LADS STOPPED IRISH BATTLERS

Chicago, July 15.—(P)—The supremacy which amateur boxers of Chicago's Catholic Youth Organization have long held over invading amateur teams remained unbroken today, with a scrappy band of Irish battlers the latest victims.

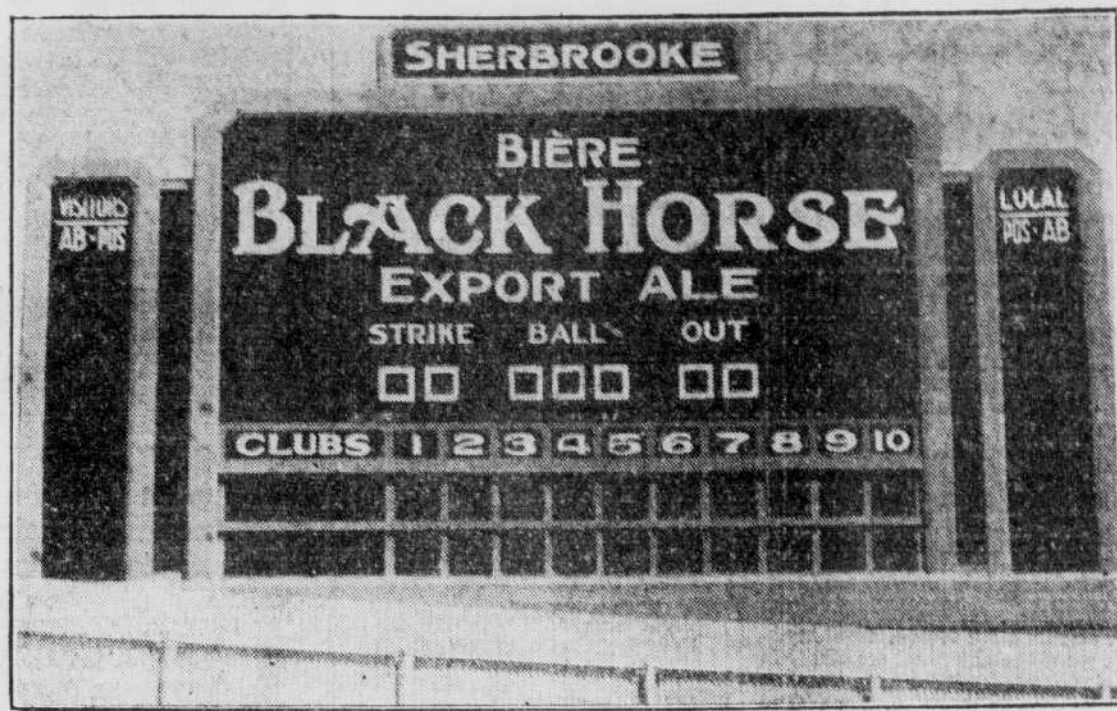

Before a crowd of 38,325 spectators, the Chicago representatives defeated Ireland's squad six bouts to four at Soldier Field last night. Before going down to defeat, however, the invaders turned in one of the best showings ever made by an international squad in the eight year history of the amateur series.

Trailing by a score of three to one, Ireland's fighters won the next three contests to go ahead. Then Chester Rutecki, rugged Chicago middleweight, scored the only knockout of the programme to knot the count. After one minute and fifty-eight seconds, Dick Reade went down for the count from a smashing right to the face. The Chicagoans then took the next two bouts on decisions to clinch victory.

New York, July 15.—(P)—Benny Leonard has closed his midtown eatery and is taking life easy at Long Beach.

Bill McKeechne doesn't let Johnny Vander Meer pose for pictures on days he pitches.

Star Cincinnati Reds' Players Neck and Neck for National League Hitting Honors—Berger Has Slight Advantage.

Wally Berger and Lombardi, teammates with Cincinnati Reds, are waging a hot battle for National League batting honors. Statistics

reveal that Berger is leading with a percentage of .377, while the husky catcher is hitting an even .370.

Diminutive Mel Ott, one of Bill Terry's most valuable minions, is up on top in runs and runs batted in, having crossed the plate seventy times and chased in sixty-seven runners.

Heading the three-base and home run hitters is Ival Goodman, another Cincinnati Red, who has eight triples and twenty-two four-base knocks. Klinger, of the Pirates, still tops the hurriers with seven victories against a single defeat.

Johnny Allen temperamental Indians' star, has worked his high-priced whip for twelve wins and one loss in the American League, while a teammate, Earl Averill, has the best percentage with the bat.

PROTEST FROM RAND LIKELY IN INDUSTRIAL

May Demand Replay of Game Lost Six to Five to Superheater—Argument Caused by Unusual Catch in Centre-Field.

A long fly to the outfield which "Birdie" Rice caught, juggled, held, and then dropped is the bone of contention in the Industrial Softball League today.

Superheater defeated Rand six to five last night and went into a tie with Fairbanks for first place. A long argument ensued when Rice pulled off his stunt in the Elesco pasture, and Rand announced their intention of protesting the game.

Demers lead the winners' attack with a home run and two-bagger while Barlow hit safely in three appearances at the plate for Rand.

Since it was a four-point game, Elesco's win brought them up even with Fairbanks, but the latter squad have played one game less than Superheater.

HANK DEBERRY TAKES HOLD OF JERSEY GIANTS

Horace Stoneham Yanks "Stoney" Jackson in Effort to Work Old Cure-All, a Change of Managers.

The old cure-all for a losing team—a change of managers—found the veteran Hank DeBerry at the reins of the Jersey City Giants of the International League today as they strove to end a seven-game losing streak that has put them out of the running at least for the time being.

DeBerry, a scout for the parent New York Giants, and a former catcher for Brooklyn Dodgers, replaced Travis (Stonewall) Jackson as manager of the club last night on orders from Horace Stoneham, president of the New York club.

Jackson, who broke into the big leagues with Giants and spent his entire fifteen years in the big show with them, left Montreal for New York after receiving word of his replacement and may hook on with Giants in some capacity, as he has one and a half years of a three-year contract to run.

The Jersey club finished in the cellar last year, and then seemed headed for a first division berth this season until the club hit a slump, climaxed by the current seven-game losing streak which has dropped them to fifth place, seven and a half games behind the fourth place Syracuse Chiefs.

DeBerry will have to drive Giants at a terrific pace if he expects to crack the first division. Buffalo Bisons, Rochester Red Wings and Syracuse Chiefs, who trail the league-leading Newark Bears in that order, have been playing at a fast clip lately.

The Bisons downed the Bears five to four last night for their fifth in the last seven meetings between the clubs. The Red Wings and Chiefs each scored easy victories to remain close behind the Bisons. Wings walked Baltimore Orioles nine to three, and the Chiefs whipped Toronto Leafs six to two. The Jersey City-Montreal game was postponed because of rain.

shoe under a twenty-four to three count in the second game last night. The losers made four costly errors and were only able to touch the deliveries of Cloutier for six safeties.

Helsingfors Mentioned For Olympic Games

Japanese Cabinet Approved Welfare Minister's Stand Cancelling Tokyo as Site for Twelfth Olympics—International Committee to Hold Special Meeting to Consider Finnish City.

YAMAGISHI IS TOP STAR WITH JAP NET SQUAD

Fleet-Footed Number One Man of Japanese Tennis Will Carry Main Davis Cup Challenge Against Canada.

Forest Hills, N.Y., July 15.—(P)—Jiro Yamagishi, fleet-footed No. 1 man of Japanese tennis, will carry the main challenge against Canada in the Davis Cup elimination round at Montreal at the end of this month—and his admiring teammates are sure he will carry it successfully.

The twenty-six year old political economy student, tall for a Japanese, is working out with his three companions on the championship grass courts of the West Side Club here. They sharpened their shots for hours under a broiling sun today and onlookers were impressed with their speed and craft.

Yamagishi will compete in both singles and doubles against the Canadians July 28-29-30. Tamio Abe, veteran captain of the team, announced. In the other singles berth will be either Abe, Fumitoku Nakano or Yasmunine Karmatsus. Nakano or Abe will pair with Yamagishi in the doubles.

Abe, looking younger than his thirty-five years, said Japan was counting on Yamagishi to take two singles matches and to supply the power to win the doubles in the best of five match round.

But the Japanese are not underestimating the Canadians' ability and, granting their opponents a home-court advantage, are prepared for a strenuous battle for the right to face the winner of the Australia-Mexico round.

"Bill Tilden told us at Wimbledon that Bobby Murray, of Montreal, is hard to beat when he is at the top of his game," said Abe who, with Nakano and Karmatsus, has just completed a three-month tour of Europe. "And when Tilden thinks a man is good we don't treat him lightly."

Whatever became of that Canadian boss, Tackman?

Tokyo, July 15.—(P)—The Japanese Cabinet added its no-thank-you today to the 1940 Olympic Games. The action approving the stand of Welfare Minister Marquis Joichi Kido cancelling Tokyo as the site of the twelfth Olympics made the matter final.

Mayor Ito Kobayashi, of Tokyo, has the right of formal cancellation, but he said, "When the Government decides as a matter of national policy to call off the games, I have no choice but to accede."

The Cabinet in a night session decided also to cancel plans for the 1940 Tokyo International Exposition to observe the 2,600th anniversary of the foundation of the Empire.

The Cabinet will inform the International Olympic Committee soon of its action. Although the decision on a substitute does not rest with Japan, athletic circles mentioned Helsingfors or London as possibilities.

ALMOST CERTAIN TO BE HELD AT HELSINGFORS

New York, July 15.—(P)—Now that Japan has tossed in the towel, the 1940 Olympic Games are almost certain to be conducted in Helsingfors, Finland, a neat little city of 300,000 in the far north, only a brief reindeer drive from the Arctic Circle.

The site, if approved by the International Olympic Committee at a special meeting to be called by its president, Count Henri de Baillet Latour, of Belgium, will supply in great quantities the bucolic simplicity that the Olympic folks have been wanting to get back to.

When the Finns originally bid for the 1940 games, and lost out to Japan, their big talking point was the promise that they wouldn't spoil the boys with elegant surroundings, such as they were forced to endure at Los Angeles in '32 and at Berlin in '36.

Now that they will have two less years to prepare for the event than they had foreseen, there seems practically no limit to the simplicity which the Finnish people might achieve. They should be able to appease the Spartan instincts of the most rugged of the Olympic badge-wearers.

In the four games he has played since leaving the hospital, Burgess Whitehead hasn't made a bobble. Bill Terry still hopes the North Carolinian will be back to help the Giants down the stretch.

BAER-LOUIS GO TO BE BOOKED FOR SEPTEMBER

Mike Jacobs Claims Brown Bomber Raring to Go—Will Talk Terms with Black and Roxborough Immediately.

New York, July 15.—(P)—The hot weather and even hotter comments in the public prints were thought to have taken Mike Jacobs' mind off a Joe Louis-Max Baer fight in September, but it appears to have been a false hope.

The Sixth Avenue impresario is dogged and determined about the matter, and besides, he explains, Baer has a contract. With Mike feeling that way about it, a miracle will be required to avert a Louis-Baer fight sometime, somewhere.

In Mike's behalf, it must be admitted that up to two days ago he was willing to be reasonable. He was about ready to retire to his New Jersey Estate for the remainder of the summer and attend to his penions. But then Louis flew in on him unexpectedly from Chicago and said he wanted to fight in September, and out the window went Mike's good resolutions.

Now he's back in his office under the elevated, his sleeves rolled up and a telephone in either hand. Twice yesterday he had long talks with Louis' co-managers, Julian Black and John Roxborough, in Chicago, and they are about to make a deal.

"What can I do?" Mike protested. "Louis says he wants to defend his championship in September. Says he doesn't care if the Government does take seventy-five per cent of his purse—he wants to fight. So now it's up to his managers."

"I don't know where I'll hold it yet. All I know is that Baer gets the fight, and that he'll put up a lot better fight than Schmeling did. I promised the winner of the Baer-Tommy Farr bout a shot at the title, and Max won it. If Farr wants another chance he'll have to 'kick somebody first. Maybe I'll match him with Bob Pastor."

KLEINMEN RAN WINS TO "JINX" THIRTEEN

Boisverts Fan Breeze, DiMass Wins With Ease

Kayser Trimmed Boisverts, Eight to One—City Transit Overpowered Hoboes to the Tune of Ten to One While Beatty Brothers Defaulted Scheduled Game to Textile.

Continuing their waltz through City Softball League opposition, Henry Klein's machine-like softball performers routed J. N. Boisvert eight to one on the Parade Grounds last night. In the only other game played, City Transit trimmed Hoboes ten to one. The scheduled encounter between Beatty Brothers and Textile was defaulted when the Beatty crew failed to put in an appearance.

It was the same old story with DiMass in the box for Kayser. He winged them over the platter with plenty of the old zip and had the boys from the west end swinging like the proverbial barn door or knocking feeble grounders to sure-handed fielders.

A flock of walks and hits put Kayser ahead five to nothing in the first inning as Courchesne, Drapeau, Asselin and Pinard punched the clock at home plate, while "Jolting Joe" Chartier banged a homer with Courchesne aboard to run the score to seven in the second frame.

Chartier scored his third run in the fifth to end Kayser's scoring in this frame, while "Skinny" Murray broke the ice for Boisvert's in the seventh.

Score by innings:
Boisvert 000 000 1-1 1 0
Kayser 520 010 x-8 5 0
Line-ups:

BUS DRIVERS TOOK HOBOS FOR RIDE

Maurice Parson hobbled over the pentagon in the first inning amid rousing plaudits to give Hoboes a one-run lead over the night-touted City Transit outfit last night, but alas, his tally ended Hoboes' run-making activities for the game.

Held down until the fourth, the transportation cut loose with seven hits and two free tickets to score eight runs, Ross, Cormier, Denault, Laforest, Dion and the Kirby brothers connected for safeties and crossed the plate, while Roger Dufour, who had walked, also tallied. Willie Kirby and Laforest scored again, the latter in the sixth and the touring hockey player in the seventh, to make the final score read: City Transit 10, Hoboes 1.

Line-ups:
Hoboes: Parsons, Clark, Filion, Lepage, Boisvert, Choquette A. Nadeau, Blouin, L. Nadeau and Lacharite.
City Transit: F. Kirby, W. Kirby, Dion, Leroux, H. Kouri, Laforest, Dufour, Denault, Cormier and Ross.

SPORTING NOTES

ENGLAND LEADS FOR MAC-KINNON CUP

Bisley Camp, England, July 15.—(C.P. Cable)—England led at the halfway mark in the team shoot for the MacKinnon Challenge Cup, junior Imperial trophy of the Empire meeting of the National Rifle Association, today. Canada was in fourth place, eighteen points behind the leaders.

The MacKinnon match opened after the second stage of the King's Prize had been completed, in which five Canadians qualified for the final of the classic tomorrow. The silver medalist was Lance Corporal R. Greig, of Winchester College.

GROVE'S AILMEN TENTATIVELY DIAGNOSED

Boston, July 15.—(AP)—The mysterious ailment that numbed Bob (Lefty) Grove's aging but crafty pitching arm was tentatively diagnosed today as an intermittent claudication (a spasm of blood vessels) by Dr. Edward J. O'Brien, Red Sox physician.

That famous retired football official, who has attended Grove since he joined the club in 1934, has been unable to discover any basic disorder as yet. Although he described it as "unusual," Dr. O'Brien reported to General Manager Eddie Collins indications pointed to a complete recovery.

Grove was admitted to St. Elizabeth's Hospital shortly after he was struck during yesterday's game with Detroit Tigers. Electric heat treatments were administered hourly and the first batch of X-rays was negative, Dr. O'Brien said.

SET UNOFFICIAL TRACK RECORD

Toronto, July 15.—(AP)—Dave Crichton, of Toronto, today held an unofficial new Canadian record for the rarely-run distance of one and The West End Young Men's Christian Association sprinter covered route in 6:56.3 at a club track meet at Varsity Stadium here last night, almost seven seconds better than the accepted Dominion mark.

GRAND PARADE

Headed by the Harmony Band, seventy strong, a grand parade will leave Dufresne Park at seven-thirty o'clock Sunday night en route for the Park Avenue Stadium where the ceremonies in connection with the official opening will be held.

Following the band will come a detachment of Provincial Police, followed by Chief H. O. Camirand, of the local force.

Col. the Hon. Johnny Bourque will accompany Mayor Armitage and the members of the City Council, and they will be followed by Jean Barrette, president of the Provincial Baseball League, Roland Dugre, president of the Sherbrooke Baseball Club, and members of the local organization.

The parade will follow Galt, Alexander and King streets to the park.

Grove On Shelf With Kink In Salary Wing

Mysterious Ailment Hit "Lefty" in Fifth Inning of Yesterday's Game Against Tigers—Pirates Clung to Slender Lead While Yanks and Indians Kept Pace with Victories.

They had lean "Lefty" Grove in a hospital today with a "dead arm," and the rumor started the rounds that "Old Mose" may not pitch any more this year.

Of course, there's no definite word yet that the greatest southpaw of his generation is on the shelf, and first reports from physicians indicated things may not be as bad as at first suspected. But when a pitching arm, particularly a thirty-eight year old pitching arm, can't even hold a ball you can look for almost anything.

It would be the toughest kind of a break for "Lefty" for Tom Yawkey, and for Boston Red Sox, if the ailing southpaw that sent the great Grove to the hospital yesterday should keep him on the sidelines.

First of all, Grove, with his fast one gone, has lost his brains working better than ever, seemed headed for one of the greatest campaigns in his fourteen-year career. Yesterday's twelve-to-one walloping the Sox handed Detroit Tigers was the portents of the fourteen-year win of the season, even though Jackie Wilson had to finish. With the campaign just about half over, and "Lefty" showing no signs of letting up, it's reasonable to assume he might have won twenty-eight games.

It was positively weird the way it happened yesterday. There was "Lefty" going along great, tossing shutout ball. All of a sudden, in the fifth inning, his salary wing folded. There was no muscular reaction. He couldn't even grip the ball.

"I've never had such an experience before," he related afterward. Physicians hesitated to give an opinion until they completed long diagnosis and extensive X-ray examination.

Collapse of "Lefty's" arm was the top development of a Big League programme that saw the Pittsburgh Pirates pull half-a-game in front of the Giants in the National League race, and the Yankees remain at the head of the American League flag chase.

Pirates scored twice in the ninth on a wild pitch to tie, and then won out three-to-two in the eleventh over Dodgers. Giants dropped a one-to-nothing decision to Cincinnati Reds, with a pair of errors producing the only run in their third straight defeat. Shortly afterward manager Bill Terry announced indefinite suspension, without pay, for his Number One catcher, Harry Danning, who has been ailing several days. Terry said it was for breaking training.

Tommy Henrich's homer sparked the Yanks to a five to four victory over St. Louis Browns in a game cut to seven innings by rain. There was no change in the standings, however, since Cleveland whipped Washington Senators five to one.

Clay Bryant tossed a three-hitter and Bill Lee a five-hitter as Cubs clouted Phillies twice, three to nothing and five to one. Boston Bees fired a sixteen-hit bombardment and trampled Cardinals ten to five. Duncan Rigney's relief pitching enabled White Sox to top Athletics, nine to eight.

4 REASONS WHY YOU SHOULD FEED SHUR-GAIN HOG CONCENTRATE

- 1. YOUR HOGS READY FOR MARKET EARLIER.**
Repeated tests have shown that a balanced ration of home-grown grains and Shur-Gain Hog Concentrate will allow your hogs to mature as much as one month earlier.
- 2. YOUR HOGS WILL BE IN BETTER CONDITION.**— Grain alone does not give your hogs the essential foods for thrifty, healthy development. Shur-Gain Hog Concentrate contains the proper percentages of proteins, minerals and vitamins that build better hogs.
- 3. YOU WILL SAVE 400 LBS. OF GRAIN.** It takes 1000 to 1100 pounds of grain to bring a weanling to 220 lbs. But it takes only 650 lbs. of grain and 50 lbs. of Shur-Gain Hog Concentrate to bring it to the same marketable weight.
- 4. YOU WILL MAKE MORE PROFIT PER HOG.** Add all these benefits together: hogs ready for market one month earlier; hogs in better condition, healthier and thrifter, with every chance to grade better; cheaper cost of feeding. The result is MORE PROFIT PER HOG.
