

90TH YEAR. No. 14

COLONIAL BOOM
IN ENGLAND.Premier Laurier is Respon-
sible for it.

RECIPIENT OF OVATIONS.

From a Calculating Standpoint a
Great Advertisement for Canada.

THE EFFECT ON CAPITAL.

General Cry for the Denunciation of
the Belgium and German
Treaties.Toronto, June 18.—The Globe publishes
the following special cable from its Jubilee
correspondent in England:

Cambridge, June 17.—Mr. Laurier may
now be appropriately referred to as Dr.
Laurier, for Cambridge University to-day
conferred on him the degree of doctor
of laws. Among the other distinguished
men singled out for honor was the Mar-
quis of Lansdowne, formerly Governor-
General of Canada, and at present Sec-
retary of State for War in the Salisbury Ad-
ministration. It was quite evident that the
Canadian Premier was the centre of at-
tention, and the students, with that re-
verence which is the highest compliment
they pay to distinction, were quite as
familiarly familiar as is their wont on
such occasions.

The progress of the Colonial Premiers
through Liverpool, Edinburgh, Glasgow,
and Manchester has evoked unprecedented
public enthusiasm. It has been a perfect
ovation from first to last. There is a
colonial boom on, but more especially is
this the case with respect to Canada.
It is no exaggeration to say that it has
become the leading feature of the Jubilee.
The London and provincial newspapers
simply teem with matter about the colo-
nies, interviews, articles and portraits
abound.

The statement made by the Duke of De-
vshire at Liverpool, that the retention
of the colonies and the maintenance of
the most cordial terms between them
and the Mother Country was absolutely
essential to British commerce has been
echoed with three cheers in the papers.
The enthusiasm is entirely a popular
enthusiasm, not a creation of official fugle-
um. Indeed the officials were charged
with receiving the contingents of colonial
troops which first arrived coolly, and
there was a perfect burst of indignation
in the press about it, with the result
that by the time the Canadian troops ar-
rived the officials were on their best be-
havior, and the Canadians received a
splendid welcome, not only from the men
on the streets, but also from their Eng-
lish companions in arms.

TAKE THE FOREMOST PLACE.

I would not say it if it were not so
apparent, but the fact is Mr. Laurier and
the Canadians take the foremost place
wherever they appear. This was in the
first place caused by the popularity of
the Canadian tariff here, but it has
been confirmed by Mr. Laurier's striking
personality and his manly declarations
of Canadian self-reliance and his sympathy
with the fiscal policy, to which the great
mass of Englishmen are unalterably wed-
ded. Looking at the Jubilee celebration
for a moment in a cold and calculating
manner, it may be said that Canada is go-
ing to get from it a great advertisement.
The effect it will have on British capital
and British immigration can scarcely, I
think, be much over-estimated.

WHAT MR. LAURIER SAID.

I understand that the cable accounts
of part of Mr. Laurier's remarks at Liver-
pool were misunderstood. What he
did say in reference to the preferential
chances of the Canadian tariff was that
they were intended to apply to Great Bri-
tain, but if Germany and Belgium could
avail themselves of the advantages then
the matter must be reconsidered. Eng-
land must advance, he said, or Canada
must recede. The cry for a denunciation
of the two treaties is very general. The
satirists which pour in upon the Pre-
mier are simply alarming. However,
he has stood the ordeal, so far, well, and
is immensely pleased at the honors that
are being paid to Canada.

IRISH CANNOT NOT JOIN.

London, June 18.—The House of Com-
mons yesterday resumed its sittings after
the Whit Sunday holidays with a sparse at-
tendance. The Government leader and
First Lord of the Treasury, Mr. A. J. Bal-
four, moved that the House attend the
Church of St. Margaret's, Westminster, on
Sunday, in order to celebrate the acces-
sion of Queen Victoria to the throne. Mr.
William Redmond, Parliamt. member for
Rathfriland, in behalf of his constituents
and, he believed, in behalf of the majority
of the Irish people, opposed the motion.
In doing so he said the Irish could not join
in the ceremony, for although Great Bri-
tain had reaped great benefits from the
Queen's reign it was entirely the reverse
with Ireland; therefore he protested

the motion, which, however, was
without a division, nobody rising
to oppose Mr. Redmond's motion.

New June 18.—The British and
Canada societies of Greater New York
will, on to-day, commence a series of
celebrations in honor of the sixtieth anni-
versary of the coronation of Queen Vic-
toria. Saturday will be devoted to a re-
union of all the societies at Ambrose Park.
The day is to be given over largely to "Old
Country sports." Monday evening the
first of the society dinners will be given
at the Windsor Hotel. At this dinner the
presidents of the British societies, the New
York Graduates Society of McGill Uni-
versity, will be guests of the Canadian society.
Later in the week a dinner for the allied
British and Canadian societies is contem-
plated.

St. John's, Nfld., June 17.—The French
Admiral, with the warship La Cloche, re-
ached this port to-day and fired a salute
of twenty-one guns, which was answered
by the English warships Cordelia and Buz-
zard. The French man-of-war was here to
take part in the Newfoundland celebra-
tions of the record reign of Queen Victoria
next week.

PAGANS TO PERFORM IN TORONTO.

Toronto, June 18.—Representatives of
the Six Nations from the Indian reserve
near Bradford, who are to take part in
the dramatic performances in connection
with the Jubilee festivities here, have ar-
rived in the city. The party consists of
Chief George Key, of the Senecas, Chief
William Henry, of the Cayugas, Chief
Isaac Hill, of the Onondagas, Captain Wil-
liam Dill, Charles Silversmith, George
Smoke, Charles Mittenjohn and James
Beaver. These are all pagans, and do not
speak English. They have an official in-
terpreter, however, in the person of Mr.
William Reep.

ANOTHER BIG GAIN
IN RAILROAD EARNINGS.Pacific for Two Months Increases
Half a Million.Gains Indicate a Good Improvement
in General Business of the
Country.

To judge the trend of the general busi-
ness of the country in railway earnings,
it would appear that there is a very sub-
stantial improvement in progress. The
earnings power of the two big roads con-
tinues to expand at quite a remarkable
rate, until now the returns have attained
very satisfactory proportions.

A couple of months ago when the im-
provement first began to be noticed, the
opinion was quite freely expressed that
it might only be temporary, but time has
upset his completely. In exactly eight
weeks the gross earnings of Canadian Pa-
cific show an increase of half a million dol-
lars over the corresponding period last
year, and there is nothing to indicate at
the present time that there will be any
material contraction for the immediate
future at least. The movement of grain
produce and cattle continues liberal, and
if there is any falling off in business it
seems scarcely likely that these depart-
ments will be responsible for much of it.
For the past week the total gross earnings
of Canadian Pacific were \$466,000 against
\$373,000 for the same week last year an
increase of \$93,000, which is probably the
largest weekly gain of the year.

The earnings of the Grand Trunk are also
satisfactory. The gross last week was
\$346,773 against \$338,960 an increase of
\$7,813.

The securities of both roads which
are already noted, had quite a boom in the
London market, took a somewhat quiet
turn during the last two or three days,
and sagged off a little in sympathy with
the general temper of the market.

AT CARLETON PLACE.

Ontario Ministers Given a Rousing Re-
ception—Two Thousand Persons
Listen to the Speeches.

Carleton Place, June 18.—Hon. Mr.
Hardy, Hon. Mr. Harcourt and Hon. Mr.
Dryden were given a right royal re-
ception by the people of this progressing
town. A capital procession through
crowded streets and a meeting attended
by between one and two thousand people,
who sat for over three hours in a hot build-
ing on bushes seats to hear the Ministers,
were eloquent testimonies of the Liberals
of this riding and good omens for Mr.
Caldwell's candidature.

When the train pulled into the station
the platform was crowded and the Min-
isters were given a most cordial welcome.
A number of carriages, each drawn by four
white horses, were in waiting, and in a
few moments a procession was formed
and marched through the crowded streets
to the residence of Mr. James Gillies,
President of the Local Reform Associa-
tion, whose guests the Ministers were.

The procession was headed by the Car-
leton Place Citizens' Band; then came a
mounted escort of ladies and gentlemen,
members of the Equestrian Club; next
followed a bicycle escort of ladies and gen-
tlemen and the "Albion Citizens' Band."
The Premier rode in an open carriage
with Mr. T. H. Edwards, Mayor of the
town, and Mr. Harcourt, Mr. Dryden and
many prominent Liberals followed in car-
riages.

MILITARY PARADE ROUTE.

The route of the great military parade
next Tuesday, was finally decided on
this morning. After the review at Logan's
Park, the various corps will leave by
way of Logan's Park Boulevard. They
will proceed by Rachel and Amherst
Streets, along Cherrier, Ernest, (north
side of St. Louis Square), down Laval Ay-
enue to Sherbrooke Street, west to Peel
avenue to Dominion Square, east along Dor-
chester, down Beaver Hill Hall to St.
James, east to St. Lambert Hill and down
back to the Drill Hall. On arrival at
Dominion Square the visiting corps, and
corps located elsewhere than at the Drill
Hall will leave the procession and proceed
direct to their own headquarters.

THE MONSOON BURSTS.

Bombay, June 18.—The monsoon has
fully burst and it is raining heavily and
continuously.

THE EXTRA ESTIMATES

Include a Sum for Inter-Pro-
vincial Bridge.

PILOTS' BILL KILLED.

Senate Committee Did the Act This
Morning.Apprehension Expressed That Inter-
colonial Contract May Suffer a
Somewhat Similar Fate.

Ottawa, June 18.—(Special).—The sup-
plementary estimates for 1897 and 1898
are expected to be presented to Parliament
to-day. They will include a handsome sub-
sidy, for the inter-provincial bridge between
Ottawa and Hull. It is also understood
that 160 miles of the Rainy River Railway
will be among the railway subsidies, when
they are presented to the House. A good
many parties will be disappointed in not
seeing their favored schemes in the list.

PILOTS' BILL KILLED.

The Senate Railway Committee to-day
threw out the Pilots' Bill. There was
a large attendance of parties supporting
the bill and also of opponents of the mea-
sure, as represented by the ship owners,
the Harbor Commissioners of Montreal,
the underwriters and other business inter-
ests. Mr. Langelier, M.P., appeared be-
fore the committee, and explained the
particulars of the bill. Senator Snowball
started the Opposition to the measure. He
opposed the whole bill. Senator Drum-
mond referred to all the petitions that had
been presented against the bill. He moved
that the parties opposing the bill be heard.
Robert Mackay, representing the Mont-
real Harbor Commission, Mr. Torrance on
behalf of the ship owners, Mr. Henry
Allan, also for the ship owners, and Mr.
Wall, for the Underwriters, opposed the
bill, which was thrown out on a vote of
19 to 3.

THE TERRIBLE SENATE.

It is reported here to-day that should
the Senate throw out the Intercolonial
extension bill, it will have the effect of
stopping the Crow's Nest Pass Railway
bill.

CROW'S NEST PASS LINE.

Mr. Rogers (Frontenac), gives notice
that he will move, on the second reading
of the bill, granting \$3,000,000 to the Crow's
Nest Pass Railway, that he will move the
second reading of the bill granting
\$3,000,000 to the Canadian Pacific Railway.
His motion states that the grant is wrong
in principle, unjust to the rest of the
country, and contrary to the pledges of
retrenchment in public expenditure made
by the Liberal party; that the gross re-
venue of the Canadian Pacific Railway
Company last year was upwards of \$20,-
000,000, and the net profit last year ap-
plied to interest on securities of the company
was upwards of \$8,000,000, and the in-
crease of profits for the past four months
over last year is \$100,000, and there does
not appear to be any just reason why an
appropriation of public monies should now
be added to the large grants made to the
company in the past.

ONLY FIFTEEN DAYS.

Julius Singer Will Again be a Free
Man on July 4th.Convicted of Perjury, Chief Justice
Lacoste Read Him a Severe Lecture
—Made the Sentence Light.

Chief Justice Lacoste, Judge Wurtel
and Judge Quimet occupied seats upon
the bench when Julius Singer was called
to the bar of the Court of Queen's Bench
this morning.

Singer was convicted of perjury in con-
nection with a civil suit. When asked
if he had anything to say why sentence
should not be passed upon him, he broke
into tears and replied: "I pray Your
Honor to suspend sentence for the sake of
my family." There he broke down
and could say no more.

Chief Justice Lacoste waited a few mo-
ments before he said:

"Singer you have committed a very
grave crime and the jury have pronounced
you guilty. I could send you to the pen-
itentiary for many years, but I feel that
the most severe punishment for you is the
verdict itself. There is now a stain upon
your reputation which nothing can wipe
out—in the eye of the law you are dis-
honored for life. I cannot say you are not
guilty and set aside the verdict but I was
inclined to give you the benefit of a new
trial which your counsel asked for. You
have, however, withdrawn the appeal and
have asked for sentence. There are many
peculiar aspects in the case and I shall
be very lenient with you. You will serve
fifteen days in the common jail."

Singer's face was a study as he heard
the light sentence, and he tripped away
jauntily, as he said: "Thank you, Your
Honor."

The case has aroused great interest and
there was a large number of people in
court to hear the sentence.

Thos. Cuddy and Joseph Cuddy were
found guilty of theft some terms ago.
They were on bail pending an appeal for
a new trial. The appeal was dismissed
and now they cannot be found. On mo-
tion of Mr. Greenhalgh a bench warrant
was issued for their arrest.

MR. WHITE'S BODY FOUND.

Diver McGarry went over to St. Lam-
bert on the one p.m. train yesterday and
in a very short time found the body of
Clifford White, particulars of whose
drowning were given in yesterday's Her-
ald. The remains were taken to his fa-
ther's home and the funeral will take
place to-morrow afternoon.

The C. P. R. has reduced its freight
rate on corn from Owen Sound to Boston
and other New England points from 7 1/2
cents per bushel to 7 1/4 cents to meet the
competition of the United States roads via
Buffalo.

JUST ONE POINT.

AND THEN THE SCHOOL DIFFI-
CULTY IS OVER.Hon. Mr. Sifton Going to
Winnipeg to Try and Fix
it Up.

Ottawa, June 18.—(Special).—Hon. Mr.
Sifton left for Winnipeg this afternoon.
It is understood that he goes in connection
with the School Question. When Mr. Mer-
ry del Val left Winnipeg, he arranged
with the clergy to accept the public
school settlement. They have agreed to
do so, providing they can get one further
concession. It is to see if this can be
done that Mr. Sifton has gone west to
meet the Provincial Government. If pos-
sible the concession will be made, so that
the schools would be satisfactory to all
parties. Just what point the Catholics
want has not yet been made clear.

CANADA'S BISLEY TEAM

Or Rather, a Portion of it Paraded
This Morning.The Men who are going to Bisley on a
Chase After Bull—"eye" and
Prizes.

Seven-tenths of the Canadian Bisley team
paraded this morning at the Victoria Ri-
fles Armory as an earnest of their inten-
tion of plugging the targets on the other
side so full of holes that they will be
useful for sieves immediately after the
matches. A good number of Dominion
Rifle Association magistrates were on hand
to see the meeting of the team. Lieut.-
Col. Tilton, chairman of the executive
committee of the D.R.A., came down from
Ottawa on purpose to be present, and with
him were Lieut.-Col. Massey, president;
Lieut.-Col. Starke, Lieut.-Col. Hood, Major
Ibbotson and Major Blacklock, all of the
executive.

Major Mason, 13th Battalion, Hamilton,
commandant of the team, was one of the
earliest arrivals at the armory, and Major
Dunbar, 8th Royal Rifles, Quebec, this
year's adjutant, was also on deck betimes.
A good-sized crowd gathered to see the
men parade, among the military men pre-
sent being Rev. Dr. Barclay, chaplain 3rd
G.A.; Capt. Cameron, R.S.; Capt. Pope,
Capt. Leslie and Lieut. Fisher, V.R.C.

The complete team, in the order in which
they won their places, follows:

1. Sergt. H. C. Blair, 78th Battalion,
Toronto, N.S.
2. Lieut. R. J. Davidson, 8th R.R., Que-
bec.
3. Lieut. G. S. Skinner, 8th Hussars, Sus-
sex Vale, N.B.
4. Trooper A. Langstroth, 8th Hussars,
New Brunswick, N.B.
5. Sergt. J. Broadhurst, 5th Royal Scots,
Montreal.
6. Col. Sergt. E. Skedden, 13th Battalion,
Hamilton, Ont.
7. Corp. H. Kerr, 48th Highlanders, To-
ronto.
8. Lieut. W. C. King, 45th Battalion,
Bowmanville, Ont.
9. Lieut. W. L. Ross, 13th Battalion,
Hamilton, Ont.
10. Capt. W. J. B. White, 14th P.W.O.R.,
Kingston.
11. Sergt. R. Corrigan, 60th Battalion,
Cornwall, Ont.
12. Pte. W. Swaine, 14th P.W.O.R., King-
ston, Ont.
13. Sergt. D. Carson, 13th Battalion, Ham-
ilton, Ont.
14. Staff-Sgt. J. W. Marks, 6th Fusiliers,
Montreal.
15. Corp. C. A. Windatt, 10th R.G., To-
ronto.
16. Capt. W. H. Davidson, 8th R.R., Que-
bec.
17. Gunner W. Miller, 5th Artillery, New
Westminster, B.C.
18. Lieut. A. A. Smith, 50th Battalion,
Cornwall, Ont.
19. Sergt. J. Drysdale, 1st P.W.R., Mon-
treal.
20. Lieut. R. S. Carter, 93rd Battalion,
Macan, N.S.

Of the twenty, however, six were absent.
Sergt. Blair, Lieut. King are already in
England. Capt. Davidson and his brother,
Lieut. Davidson, will join at Quebec,
while Lieut. Kinnear and Trooper Lang-
stroth will go aboard at Rimouski. This
privilege of joining later came in for some
comment by those present, and many ex-
pressed the hope that in future the execu-
tive will be less lenient. The team having
fallen in, Major Mason inspected the team
narrowly. They looked fairly well, even
though one officer had on patent leather
boots, while another's leanings were to-
wards elastic sides. One man preferred
tan boots, but he made up for this de-
ficiency by wearing wide kid gloves. The
three Montrealers—Broadhurst, Marks and
Drysdale—looked particularly smart.

The orders having been read, Lieut.-Col.
Tilton, at the request of the commandant,
addressed some few words of advice and
encouragement to the men, after which
Rev. Dr. Barclay spoke briefly. The team
was then dismissed, to meet again at the
Queen's Hotel at 2 this afternoon. All
will report on board R.M.S. Parisian be-
fore 9.30 to-night.

Mrs. Mason and Mrs. Dunbar will ac-
company the commandant and the adjutant
on the trip.

BUTTER FOR SYDNEY.

Sixty Tons Going From New York
By Way of Vancouver.

Mr. G. M. Bosworth, freight traffic
manager of the C. P. R. informed The
Herald to-day of a transaction in butter,
which is considered rather remarkable. It
is the shipment of sixty tons of butter from
New York to Sydney, Australia. The C.
P. R. sent five of their new refrigerator
cars to New York last night in which the
butter was hauled to Vancouver,
leaving New York on Saturday. On July
8th the butter will be transferred to the
cold storage apartments of the Australian
steamer. Messrs. H. W. Peabody & Co.
are making the shipments and the freight
alone represents many thousands of dol-
lars.

ECONOMY EXERCISED.

Quebec Government Reduces
the Civil Service List.

SEVERAL MONTREALERS GO

Saving of \$34,000 a Year Has Been
Effected.Hon. Mr. Angers' Services as an Arbi-
trator May be Dispensed
With.

Quebec, June 18.—(Special).—The last
sitting of the Provincial Cabinet this
week, takes place this afternoon. The
Hon. Mr. Archambault has left for Trois
Pistoles, and will proceed to Montreal
to-morrow. It is probable that the Mont-
real ministers will assemble at the Govern-
ment office there on next Wednesday, espe-
cially to attend to Montreal people.

Hon. Mr. Marchand will leave this eve-
ning for Montreal. On Monday, next, he
will be at the Government offices to re-
ceive a delegation from Ste. Cenevide, and
St. Henri. Mr. Marchand will leave Mon-
treal again on Monday evening for Hal-
ifax, N.S.

At yesterday's session of the Cabinet,
quite a lot of dismissals from the civil
service were made. In the Montreal and
Quebec Court Houses, a large number of
useless employees have been done away
with. This alone will be an economy of
\$3,000. In the honorable Commissioner of
Mines and Colonization Department the
three following employees have been dis-
missed:—P. Gosselin, assistant inspector
of the cadastre; George P. Roy, assistant
inspector of surveys; and Stanislas Dionne,
controllers of office furnishings. Those
positions are abolished as being useless.
Some forty forest guardians have also been
dismissed. In short, the Provincial Govern-
ment has taken a right to establish a
system of strict economy in all branches.
It is rumored that the commission of
internal economy will be composed of the
Honorable Mr. Marchand, Hon. Mr. Duf-
fy, Hon. Mr. Turgeon and the future
Speaker of the Legislative Assembly.

The Cabinet is also studying the question
of whether the services of ex-Lieut.-Gov-
ernor Angers as arbitrator in some old cases
of the Government is really necessary.
Mr. Angers derives a good income, but so
far the Government has not benefited in
any way.

THE GERMAN NAVY.

Prospect of it Being Strengthened in
the Near Future—Movements of
the Emperor

Berlin, June 18.—It is officially announced
that Admiral Von Hollmann has re-
signed the post of Chief of the Navy
Department, and that Admiral Von Tir-
pitz has been appointed to succeed him.
Dr. Micul, as representing the Emperor's
personal policy, becomes the chief spokes-
man of the Government, and Rear Admiral
Nirpitz is expected to reintroduce his big
naval scheme during the September session
of the Reichstag.

The Emperor gave an audience yesterday
to Dr. Von Boetticher, Minister of the
Department of the Interior and Vice-Pre-
sident of the Prussian Ministry, and then
started for Cologne to unveil the statue of
the Emperor William I. Dr. Von Boett-
cher will also be present at the ceremony.

From Cologne the Emperor will go on
a cruise to the North Sea, touching Nor-
wegian ports. This will continue until
the end of July: while the visit of the
Emperor to the Czar at St. Petersburg
has been arranged for the beginning of
August. In the face of this prolonged ab-
sence of the Emperor from the capital it
is generally taken for granted that the
preservation of Dr. Von Boetticher in favor
of Dr. Micul and the relieving of Prince
Hohenlohe of all but ornamental func-
tions have already been virtually decided
upon, although the formal announcement
may not be made for some time to come.

MR. FYSHE HONORED.

Associate General Manager of the Mer-
chants Bank Banquetted in
Halifax.

Halifax, N. S., June 18.—(Special).—
Nearly fifty friends of Thomas Fyshe, the
newly appointed associate general man-
ager of the Merchants Bank of Canada at
Montreal, sat down last night to the ban-
quet given in his honor at the Halifax
Club. It was a very pleasant affair,
though tinged with the general regret over
the approaching departure of Mr. Fyshe
from Halifax. Robt. Unacke, president of
the club, presided, and made one of the
principal speeches of the occasion. Michael
Dwyer, vice-president of the club, also
spoke. These and other speakers expressed
the regret that Halifax was to lose Mr.
Fyshe, and all considered that Montreal
and the Merchants Bank of Canada were to
be congratulated in gaining him. Mr.
Fyshe spoke feelingly, referring to the
pleasant associations he had always en-
joyed in Halifax, and saying that whatever
happened in the future, he could never
lose his love for this city and its citizens.
The dinner broke up with general expres-
sions of good wishes for Mr. Fyshe and his
family.

TALBOT IN PORT.

She Carries 22 Guns Besides Half
a Dozen Maxim Quick
Firing Guns.

H.M.S. Talbot arrived last night from
Halifax. She is without doubt the largest
and best equipped war vessel ever seen in
this port. Though a vessel of 5,000 tons
her draught was only 22 ft. Pilot S. Perron,
who brought her up from Quebec, reports
a good fast run, making 20 knots per hour.
The Talbot is a second-class cruiser, and
has a tonnage of 5,000 tons, while the en-
gines are 8,000 horse power. She was com-
missioned at Devonport in September, 1895,

for the North Atlantic squadron, under
the command of Admiral Eskine. She is
350 feet long, has a beam of 33 feet 0
inches, and carries 437 men all told.
Her armament consists of five six-inch
guns, firing eight rounds per minute, six 4.7
inch guns firing ten rounds, nine twelve
pounders firing fourteen rounds, and one
three pounder firing fourteen rounds per
minute. This makes twenty-two guns in
all. In addition to this she carries six
maxim guns which will fire 600 rounds per
minute.

Following is the list of her officers: Cap-
tain, Edwin H. Gamble; commander, Lewis
Bayly; lieutenants, J. D. Daintree, Cut-
bert E. Hunter, Bertram S. Evans, W. H.
Leadbeater, W. D. Paton and Alfred C.
Selfe, R.N.R.; lieutenant, Gilbert Drage,
R.M.L.D.; chaplain, Rev. Wilson High-
more, M.A.; staff surgeon, A. L. Christie,
M.B.; paymaster, Fred. G. W. Taylor, fleet
engineer, George B. Alton; sub-lieutenant,
Robert Jeffreys; surgeon, R. C. Munday;
assistant paymaster, Bertram H. Wood-
man; engineer, Gilbert C. Nicholson; as-
sistant engineer, Henry F. Bell; gunners,
John R. W. Thompson, Anthony H. Goat-
ley; boatswain, James Lyons; carpenter,
Frederick G. Hartland; midshipmen, P. S.
Rickford, E. L. B. Locyer, H. P. Smyth
Osbourne, J. A. Fellows, Hugh R. Tickell,
Clement L. Long, Q. B. Preston Thomas,
A. B. S. H. Master, Reginald E. Gore, G.
B. Harrison, J. P. Yuile, Reginald L. Han-
cock; assistant clerk, Harry N. Jolliffe.

The Talbot will likely remain in port
until the 30th of June. During this time
ample opportunity will be given to the
public for a thorough inspection. This
week the public will be allowed on board
between the hours of 2 and 4.30.The exact part that the Talbot and its
crew will take in the Jubilee celebrations
has not yet been announced, but it is ex-
pected that the officers will be notified this
afternoon.

CADETS OF ST. MARY'S

INSPECTED TO-DAY.

They Turned Out One Hundred and
Fifty Strong.Complimented on Their Work by
Lieutenant-Governor Chap-
leau.

St. Mary's College cadets were in-
spected this morning by His Honor, Sir Adol-
phe Chapleau, Lieut.-Governor, and Lt.-
Col. Houghton, on the parade grounds of
the college. A large number of friends of
the pupils and of the college accepted the
invitation of the rector, Rev. Father Tur-
geon, to witness the inspection, and the
college grounds presented an animated and
picturesque scene at 11 o'clock, when the
Lieut.-Governor arrived, accompanied by
the inspecting officer, Lt.-Col. Houghton,
and Major Sheppard, A.D.C. These were
in addition to the above Major McKay,
65th; Lt.-Col. Aubry, 85th; Major des
Troisrains, 85th; Captain Pelletier and
Beauchamp, 65th; Lieuts. Pelletier, Leduc
and Germain, 65th; Sergt.-Major Phillips,
St. John's Military School, and Sergt.
Instructor Dostader, of St. John's.

It was 11 o'clock when the cadets march-
ed out for the review to the number of
150, under the following officers:—Lt.-Col.
Alex. Sabourin, commanding; Major Uggel
Lacasse, Adjutant F. St. George Belieu,
Captain No. 1 company, Walter Hall;
captain No. 2 company, A. Surveyor;
captain No. 3 company, G. Martin; cap-
tain No. 4 company, G. Hurtubise.

They went through the different evolutions
without a hitch, and received de-
served applause for their good work. At
the conclusion of the inspection His Honor
addressed a few words to the cadets,
encouraging them in their work and com-
plimenting them on their fine appearance
and efficient drilling. He then proposed
three cheers for the Queen, which were
heartily given after which the day's event
was at an end.

THE QUEBEC BRIDGE.

THE CROPS LOOK WELL.

—

Quebec, June 17.—(Special).—The shine of the past few days has effected quite a transformation in the appearance of things in the rural districts. Oats down the river are much more advanced than might be expected. Green crops are now springing up nicely.

at Lachine (main line) station instead of Lachine wharf.

The 1.30 p.m. train for Vaudreuil will leave stations, Lachine and west there from two to four minutes earlier than formerly.

For full particulars consult suburban time tables now issued.

Every lover of Good fiction will be interested in The Herald's Fiction Supplement next Saturday.

A DESCRIPTIVE FOLDER.

A pretty folder descriptive of the country through which the lines pass has been issued by the Canada Atlantic and Ontario, Amperior and Parry Sound Railway. From Rouses Point, on Lake Champlain to Parry Sound on Georgian Bay including beautiful scenery.

NEW CONSERVATIVE BATTLE CRY.

The present quandary of the Conservative party over a policy will go down in history as a unique feature in the political life of the Dominion. Torn by the conflicting ambitions of its various leaders, deprived of those public sweets upon which for eighteen years it unhealthily fattened, discouraged by the secession of friends who in the days of its prosperity hovered about it, the party has for nearly three months been looking vainly for the leader and the policy by which it may be saved from the consequences of its past leaders' folly. It has been said that every occasion brings forth its man, but to the Tory party in the House of Commons it has seemed almost as though fate in its wrath had deprived them both of men and of principles. There appeared to be no particular reason why it should continue to exist—at any rate, not until Tuesday last, when a new Ulises, in the person of a gentleman from Mr. David Henderson of Halifax, stepped into the arena with a fresh battle cry.

The significance of his pronouncement appears to have escaped the notice of the party press, and we, therefore, cheerfully draw attention to it, in order that when it becomes the watchword of his party there may remain no doubt as to where the credit for its inception is due. The Gazette modestly chronicled it yesterday in its House of Commons report, but the editorial columns contained no reference to it. The oversight might be set down to petty Provincial jealousy, but was more probably the result of carelessness. Here is what the Gazette says:—"On the item 'shirts, 35 per cent,' Mr. Henderson urged the Canadian shirt-makers to make longer shirts for tall men."

The paragraph requires reading two or three times before the full beauty of the proposition strikes one, but there is little doubt that, once thoroughly understood, it will rally thousands of six-footers to the Henderson standard. To a gentleman like Mr. Edward Cochrane, for instance, it will appeal with irresistible force; Hon. John Haggart will fall into line. It will soon become the fashion to endorse so sensible and utilitarian a platform. All the little men who wish to be thought tall will be compelled to join to support their pretensions. There are some members of the Opposition to whom the cry will not strongly appeal, but by adding a rider, such as "ample shirts for stout men" these may also be gathered in. Under the reign of a long-shirt cry all differences may be erased; under the leadership of Mr. Henderson all jealousies may be removed.

BICYCLES AS BAGGAGE.

It is to be hoped that the railway companies, now that they have succeeded in thrusting the wheelmen and their baggage bill from the Houses of Parliament, will show mercy in the hour of their triumph. The privilege asked by the wheelmen may not be such as should be incorporated in a statute, and at the same time may be well within the limit of concessions which should be freely granted. To say that a railway company shall be forced by law to do a certain thing is radically different from saying that it should do this same thing in its own interest, and in those of the public whom it serves.

In declining to carry bicycles as baggage, the railway companies are drawing a somewhat arbitrary line, but one which they have an undoubted right to draw. The situation is essentially one that calls for compromise, and it is to be hoped that the companies will either reduce very much lower the rates on bicycles at present in force, or carry the wheels free at their owner's risk.

Mr. B. E. Walker, manager of the Bank of Commerce in his annual statement has the following wise reference to mining speculations:—"That there is gold in many parts of Canada, including several districts in Ontario, is established beyond doubt. That much of it may be mined at a profit we believe to be quite true. Let us not, however, place our expectations unreasonably high. It is well to remember that if mining pays fair wages to those engaged in it, and a fair dividend on the capital employed, that is all we have the right to expect. The world is full of men looking for only fair wages, and of capital seeking only a fair dividend. It is also well to remember that mining is a business requiring large capital, and apt to absorb the first earnings as a further investment of capital before setting down to the payment of steady dividends. It also requires, like any other manufacturing venture, absolute knowledge of the business in all its details if success is to be confidently relied on. But like other manufacturing ventures, if skill and capital are properly applied, the

result will, in the majority of cases, justify the venture. We hope, however, it will not be taken amiss if we compare this kind of mining with much that is going on in Canada at present. Many of the ventures offered to the public do not seem to be backed up by skill in the particular business of mining and adequate capital, and in such ventures hundreds of people are risking sums not large in themselves perhaps, but of great consequence to the owners who in the majority of cases, we fear must lose. No one really interested in the great future which mind-dispute the wisdom of such a note of warning doubtless has in Canada will we think at the present time."

The Toronto News, (Cons.) says:—"It is very gratifying to Canadians of all parties and creeds to note the consideration paid to the Premier of the Dominion at the Jubilee festivities. The central feature of the celebration is the colonial portion, and the chief personage in that portion is Canada's Premier. Under almost any circumstances Canada's representative would be highly honored, but Wilfrid Laurier is in the minds of the British statesmen and public as the embodiment of the commercial unity of the empire, and as such he is naturally the lion of the hour. The imperial sentiment of the British people is one of their strongest characteristics, but it is little, if any, in advance of their appreciation of trade facilities, and when they find both these elements of national pride and desire represented by the Canadian Premier, it is no wonder that they exalt him above all other colonials."

The Imperial Bank of Canada, according to the annual report published in another part of the paper, has made good progress during the year. The net profits, after making full provision for bad and doubtful debts, enabled the directors to pay the usual dividend at the rate of nine per cent., and also to make another appropriation in reducing the premises account. An interesting feature of the President's report was the announcement that the bank had opened a branch at Revelstoke. The directors realize that trade in British Columbia is yearly expanding, and it was the general belief that a branch in the far western province was a necessity. The move is a good one and will help the bank in many ways.

Western Canadian, Winnipeg (Patron exponent):—"The C.P.R. would do a wise thing in its own interests if it waived its rights from Government control of rates, and submitted it to the control of a railway commission. The people of Canada, even in those districts where we resent most the present railway tariff, would uphold no government in an abuse of its powers under the act. The position of the railway would be really strengthened. Submission to Parliamentary control would awaken a careful feeling worth considering when deciding the policy of a great enterprise. There would be greater public interest in its prosperity and the improved condition of the western settler would bring increased population and increased traffic."

All of which is very seductive and prepossessing but—there is nothing very green in Sir W. C. Van Horne's eye.

Everything considered, the annual report of the Bank of Toronto is a good one. The net earnings for the year amounted to \$208,129. The amount carried forward from last year was \$23,357, and from the two dividends to the sum of \$200,000 were declared, leaving \$80,687 to be carried forward. The bank contributed \$1,000 to the India Famine Fund.

The Laurier Government is perversely determined to look to other countries when it deals with Canada's trade and tariff. This perversity is giving the Conservatives great trouble; one day they call it "looking to Washington" and another day it is looking to Britain.

Opinions on Mr. Atwater's debt conversion scheme are always acceptable. Up to the present time the Star has made the following interesting comment:

The thermometer has been a trifle low-spirited lately, but it now evinces a decided inclination to have a high old time.

THREADS AND THRUMS.

What a blessing it is to see people successful! How glad our souls should be when some one among us earns a deserved recognition for something he does well. There are so many failures. There are so many sorrow-sickened hearts, so many sick with hope deferred, so many toppling off into their graves, bitter and hopeless, that a man who has run against luck or won a smile from fortune is an anchor for our souls and all the misanthropy bequeathed forth by the disappointed ones. There is a man on our street who has had the wit of brain and deftness of finger to develop an invention which, after years of waiting and hoping, disappointment, rebuff and dejection has at last made him a rich man. He had staked a good deal on his venture. If it failed he scarcely knew which way to turn. But it didn't fail. It has won him a good future. He is happy and his family are happy and his friends congratulate him. His reward is not only to himself and those intimately connected with him. It is for us too—for everyone. It marks a line of happiness in the often-times too sober life we look out upon. It makes us hopeful. It makes us glad. We know that fame and fortune's roads may be paved with failures, but there are some successes and they keep us sure that the evil stars of ill-fated destinies do not brood over all lives; that some are in the sunshine. Just so much does the success of others help us. But envy—there is envy still in the world. How it rankles in the hearts of those who are crossed with it! How it sours all their pleasures, darkens their misfortunes, clouds their vision and limits their horizon! The best gift to have is content, and true content has nothing of sloth in it, and it has nothing of envy.

What a lot of unhappy-faced women there are in the street! "I wish my friend Comica to be one day. And it's true! There is a man on our street who has had the wit of brain and deftness of finger to develop an invention which, after years of waiting and hoping, disappointment, rebuff and dejection has at last made him a rich man. He had staked a good deal on his venture. If it failed he scarcely knew which way to turn. But it didn't fail. It has won him a good future. He is happy and his family are happy and his friends congratulate him. His reward is not only to himself and those intimately connected with him. It is for us too—for everyone. It marks a line of happiness in the often-times too sober life we look out upon. It makes us hopeful. It makes us glad. We know that fame and fortune's roads may be paved with failures, but there are some successes and they keep us sure that the evil stars of ill-fated destinies do not brood over all lives; that some are in the sunshine. Just so much does the success of others help us. But envy—there is envy still in the world. How it rankles in the hearts of those who are crossed with it! How it sours all their pleasures, darkens their misfortunes, clouds their vision and limits their horizon! The best gift to have is content, and true content has nothing of sloth in it, and it has nothing of envy."

and the burglar man proves to be a beau of the household. In other cases, where the women of the house do all the work—they are more truly slaves. The idea seems to be to get a bigger house than you can use, fill it with furniture too costly to be replaced, therefore, too costly to use, to mortgage your peace of mind here, and, probably, to spend your eternity in being sorry.

A house is a convenience. It is a place to rest, to eat and sleep. A home is quite a different thing—it may be only one room or two, and there may yet be more of the true essence of home in it, than in twenty-roomed houses. I don't approve of crowded houses on the tenement plan. The number of necessary rooms depends on the size of the family. Crisscrossed decency and sanitary comfort is not in the plan of attack. But there are many a husband and wife living in ten-roomed houses, then their account is taken up with its maintenance when the wife grows old with the work and care of it and the husband surly with its cost.

A woman with too much house on her hands is the kind who does not believe in allowing progress to relieve her of any of her duties. She does all her pickling and preserving, all her cooking and laundry work, (or has them done) right in the house and if possible, right under her nose. Why she doesn't keep a couple of sheep and shear and card and spin yarn herself I can't understand. Progress and co-operation have abolished the spinning wheel from amongst us, but then their account is taken up with its maintenance when the wife grows old with the work and care of it and the husband surly with its cost.

We live too much in the things that seem and not nearly enough in the things that are. We crowd things into a house, and give ourselves so much to do taking care of them, that we haven't time to make a home of that house. Don't tell me that a mansion with all treasure that money can buy is a home if the mistress of it is too tired out looking after it, or too much absorbed in looking after it, to diffuse the home feeling which only a woman can bestow upon a house.

MADGE MERTON.

AMES-HOLDEN MEETING.

At the annual meeting of the Ames-Holden Co., which was held yesterday, the following officers and directors were elected:—Messrs. J. C. Holden, president and general manager; James Redmond, vice-president; W. A. Nutley, secretary; B. C. Holden, treasurer; Joseph Bonnick, A. C. Flummerfeldt, S. H. C. Miner, W. G. Norris and H. B. Ames. A cordial vote of thanks was accorded the officers, the past year, having been the most successful in the history of the company.

JUBILEE EXCURSIONS.

The Grand Trunk has made special rates for Jubilee visitors. Round trip tickets will be sold from all Grand Trunk stations, Brockville and east in Canada to Montreal, at first-class single fare. Tickets will be good going by afternoon trains, June 19, and all trains June 20, 21 and 22, and valid for return until June 23.

ACCIDENTAL DEATH.

The Coroner's jury returned a verdict of accidental death in the case of Alphonse Laberge, killed by a St. Catherine Street car.

Read Summer Fiction, Supplement to Saturday's Herald.

HYACINTHE'S NEW WATER WORKS.

St. Hyacinthe, June 17.—(Special.)—The corporation of St. Hyacinthe has just purchased the property of the late Mr. Bourgeois which is situated about three miles outside the town limits where the new water works are to be erected. The work is to be commenced immediately. It is the intention to equip the new plant with the latest and most improved pumps, filter, etc. The result of the analysis of the water at this particular place has proved so favorable that the Council immediately decided to purchase the site.

GIVE UP SUNDAY CAR FIGHT.

Toronto, June 18.—The Lord's Day Alliance has decided to abandon the attempt to upset the recent Sunday car vote, but to continue to agitate for amendment to the existing law, which would prevent the operation of street railways on Sunday. A deputation will wait upon the Ontario Cabinet and urge that the Government attempt to amend the act to stop the cars in Toronto, Hamilton, St. Catharines and Kingston at once.

EPP'S COCOA, GRATEFUL AND COMFORTING.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided for our breakfast and supper a delicately flavored beverage, which may save us many heavy doctors' bills. It is by the judicious use of such articles as this that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette. Made simply with boiling water or milk. Sold only in tins, labeled 'James Epps & Co., Limited, Homeopathic Chemists, London, England.'"

A SUCCESSFUL MISSION.

Washington, D.C., June 18.—A cablegram received at the State Department from ex-Secretary Foster, who has been at St. Petersburg engaged in negotiations with the Russian Government for the better protection by mutual agreement of the seal life in the Northern Pacific and Bering Sea, announces the complete success of his mission. The commissioner is now on his return to the United States.

FREIGHT AGENTS IN SESSION.

The General Freight Agents Association met yesterday at the Windsor in committees to prepare for their meeting in Halifax in July. The business was of a routine character.

Read Summer Fiction, Supplement to Saturday's Herald.

Ex-Queen Lilioalani, of Hawaii has filed a protest in the office of the Secretary of State, Washington, against the annexation treaty. Secretary Sherman treated the bearers of the protest most courteously, but gave no indication of his action in the matter.

The offices of the Lindeman Trust, are removed from Canada Lane to 12 McGill College Avenue. Phone, 402. Personal attention given, and every case guaranteed.

WILL GET FIRE ENGINE.

Report of Finance Committee Passed City Council.

Vigorous Fight Against it by Ald. Rainville—The Voters' Lists Revision.

The Fire Department will, after all, have the new fire engine they have been waiting for for some time past. A special meeting of the City Council was held yesterday afternoon, the Mayor presiding, when the question was settled.

Before the order of the day was called, Ald. Savignac handed in a report which he had prepared in relation to alleged irregularities in connection with the revision of the voters' lists. He had examined the lists, which he had found to be correct, and after receiving a letter from Mr. Jules Crepeau, one of the clerks, with a statement of the number of hours in which the staff was employed, he felt it was his duty to retract what he had said on a previous occasion. The report was adopted.

The report of the Finance and Fire Committee, appropriating \$8,000 for the purchase of a new steam fire engine, was considered. On the motion to adopt, Ald. Stevenson asked permission, if the report passed, to sell two old engines which had been condemned by the Boiler Inspector, without coming back to the Council for ratification. In answer to the chairman of the Finance Committee, Ald. Stevenson said the department had six engines in addition to the two condemned, and which were not in use. Five of the six mentioned above were engaged at the recent fire in Victoria Square, and if another conflagration had then broken out the brigade would have been powerless. It was an absolute necessity that the city should have another engine of 800 or 1,000 gallons capacity.

Ald. Rainville took strong ground against the passage of the report, and moved that it be not concurred in, but sent back, and that the \$8,000 granted by the Finance Committee be rather given to the Road Committee for new sidewalks. He said that according to the report of the Fire Committee, 1895-1896, he saw the department had 9 steam engines and 3 chemical. As he had repeatedly stated, there was only \$25,000 of the reserve left, and if at the end of the year they were short \$6,000 or \$8,000, he would not assume any responsibility. He failed, moreover, to see that there was any urgent necessity for another engine.

Ald. Savignac spoke in favor of Ald. Rainville against the adoption of the report.

Ald. Stevenson warmly defended the report, and called it nonsense for Ald. Rainville to talk about what the Fire Department had in 1895. The finances were in better shape than now. Three of the twelve engines spoken of were chemicals, of no use when a fire had made headway. The report of the Boiler Inspector was conclusive that the engines were useless and dangerous if used at fires. As a point of order, he contended that the amendment of Ald. Rainville was out of order.

The Mayor ruled the amendment out of order. Ald. Connaughton spoke in favor of the report, after which Ald. Rainville appealed from the Mayor's decision to the Council. On division, his motion was sustained by the following division:

Ayes—Ald. Wilson, Kinsella, Connaughton, Turner, Grothe, Marsolais, Savignac, Quimet, Proulx, Archambault, Jacques, Stevenson, Lefebvre—13.

Nays—Ald. Renault, Brunet, Rainville—3.

In answer to Ald. Jacques, the chairman of the Finance Committee said that judgment had been given against the city largely attended meeting of the kind ever held in the islands, and Mr. Marcil who was at his best, fairly carried his audience away.

SCHOOL QUESTION DEAD.

Globe's Winnipeg Correspondent Says the Papal Delegate Has Approved of the School Law.

Toronto, June 18.—(Special.)—A special to the Globe from Winnipeg says: It is stated on good authority that Monsignor Merry del Val has approved of the school law and regulations of Manitoba, and that in accordance with its decision the Catholics of the Province will accept public schools. This will, of course, end the public school controversy so far as the Province is concerned.

CITY AMUSEMENTS.

The Holland Brothers great success, The Social Highwayman, will be produced at the Princess next week on a big scale. Rehearsals show that a splendid performance will be given.

At the Queen's The Two Vagabonds, (Emmie), will be sung by the Waite Company. They are preparing a good bill of specialties.

The cinematograph at the Palace, 78 St. Lawrence will make another change in its artistic collection of live photos.

The Royal continues with the same company. The new turns will be Miss Molly Phelps, Emerson and Omega, Meeker and Mack, Koche and Whiting and others.

JAPAN AND THE TREATY.

Paris, June 18.—The Journal des Debats says: "Only Great Britain and Japan have enough interest in Hawaii to oppose its annexation, especially Great Britain. In these times of imperial unity there will probably be lively regret at seeing the American Republic installed in an important position in the Pacific, between Canada and Australia. Japan is not in a position to oppose American ambitions."

AN OLD KINGSTONIAN DEAD.

Kingston, Ont., June 18.—(Special.)—Sidney William Seobell, ex-accountant at the Kingston Penitentiary appointed to the position in 1879 serving about twelve years died suddenly of heart failure at eleven o'clock yesterday morning at the house of his daughter; Mrs. W. J. C. Allan. Deceased was seventy-four years of age and leaves a wife and six children. Last night he attended the wedding of his youngest son, and appeared to be in the best of health.

RYAN COMMITTED.

In the case of Claude Hobday, against Alanzo Ryan, of the defunct Sunday News, Magistrate Lafontaine has committed the defendant to the Queen's Bench for trial for alleged criminal libel.

BOARD OF HEALTH.

Tenders for Stables.

SEALED TENDERS addressed to the undersigned, "Tender for Stables," for the construction of stables for the Scavenging Department on the "Amos property," belonging to the city and situated in St. Denis Ward, according to the plans and specifications to be seen in the office of the architect, L. R. Montbrand, No. 230 St. Andre street, will be received at the office of the undersigned, up to noon on THURSDAY, the 25th instant. Separate tenders must be given for brick and unbricked buildings; and the structures must be completed not later than the 1st of September, 1897. The lowest or any tender will not necessarily be accepted.

L. O. DAVID, City Clerk.
City Clerk's Office,
City Hall,
Montreal, 17th June, 1897.

MARCEL OPPOSED IN MAGDALEN ISLAND.

But It Is Expected He Will Be Elected by a Large Majority.

Amherst Harbor, Magdalen Islands, June 18.—(Special.)—The nomination of candidates in this constituency took place here to-day, the names of Mr. Charles Marcel, journalist, of Montreal, and Mr. Patrick P. Delaney, doctor of medicine, of House Harbor, being submitted to the electors.

Both gentlemen are running as Liberals. Mr. Marcel being the nominee of the Government, and Mr. Delaney posing as an Independent supporter of Mr. Marchand. There are only 1,025 voters on the islands, and the local candidate has been before them for more than six months, but although Mr. Marcel has only been in the division for a week, he has made a host of friends and held enthusiastic meetings at Amherst Court House, House Harbor, Etang du Nord, Grand Entry and Etang du Cap, and his success is practically assured.

The nomination meeting was the most largely attended meeting of the kind ever held in the islands, and Mr. Marcel who was at his best, fairly carried his audience away.

Mr. Chabot, advocate, of Quebec, who has arrived to assist the Government candidate, also spoke on this occasion.

SCHOOL QUESTION DEAD.

UNTRAMMELED PLEBISCITE.

That is What the Presbyterians Want.

GENERAL ASSEMBLY OVER.

Final Meeting Held in Winnipeg Yesterday Afternoon.

Committee Appointed in Connection With the School Question—More Reports Received.

Winnipeg, Man., June 18.—(Special).—At yesterday morning's seditious of the assembly, Rev. H. Gracey presented the report of the Assembly's standing committee for the ensuing year, twenty-one in number. The draft was adopted, commencing the committees with convener, as follows: Presbyterian College, Halifax; Board of Management—Dr. Sedgewick, chairman; Senate, Principal Pope, chairman; Presbyterian College, Montreal; Board of Management, D. Morrice, chairman; Senate, Principal MacVicar, chairman; Queen's College—Bursary and scholarship committee, Mr. McGillivray, convener; Knox College—Board of Management, Mr. W. Mortimer Clark, chairman; Senate, Principal Caven, chairman; York College, Board of Management, Rev. Chief Justice Taylor, chairman; Home Missions—Western section, Dr. Cullen, convener; Eastern section, Mr. J. McMillan, convener; Augmentation committee—Western section, Mr. E. Smith, convener.

The work proceeded without any break when the Foreign Mission Committee was reached, when Mr. Hamilton Cassels received for reason of lack of time and other considerations, and Dr. McLaren, because of want of confidence shown in those members of the committee who did not agree with changes made in the management of India Mission, India. A committee was appointed to consult with Dr. McLaren and Mr. Cassels to endeavor to induce them to reconsider their decision and if this could not be done they to submit the names of persons to replace them.

The committee reported later that they had met Mr. Cassels and Dr. McLaren and asked them to reconsider their resignations, but that Mr. Cassels would not consent, while Dr. McLaren had agreed under certain conditions to act on the committee. Dr. Moore was appointed convener, and he will fill the vacancy thus created.

APPOINTMENT OF COMMITTEES.
The appointment of committees was proceeded with the conveners chosen being as follows: French evangelization—Principal MacVicar, chairman; distribution of probationers—Dr. Torrance, convener; Sabbath schools—T. P. Frothingham, convener; ministers' widows' and orphans' fund—Mr. T. Kirkland, convener; Eastern section, R. Lang, convener; and infirm ministers' fund—Western section—J. K. McDonald, convener; Eastern section—Anderson Rogers, convener; finance—Toronto section—Joseph Henderson, convener; Halifax section—J. C. Macintosh, convener; statistics—Dr. Torrance, convener; protection of land property—Hon. Justice MacLennan, convener; church and manse board—Chief Justice Taylor, chairman; hymnal committee—Dr. Gregg, convener; young people's societies—Mr. R. D. Fraser, convener. The report of the committee on union, presented by Rev. Dr. Caven, was adopted. It asked for the re-appointment of the committee, and its division into Eastern, central and Western sections, to agree with the committees on the same subject of the Methodist Church.

THE PLEBISCITE VOTE.
The last clause of the report on church work, relating to the presentation of the plebiscite vote, without any addition in the way of direct taxation, etc., was opposed strongly by Dr. Gordon, who moved an amendment that the whole clause be omitted. Mr. Walter Paul said he had heard the promise of the Premier that a plebiscite would be given before another session of Parliament, but in view of the business of business, he was not surprised that the Government had not got so far. Besides, they were in a quandary, having been waited on by liquor men, who were strong and wealthy.

Dr. Gordon withdrew his amendment, considering that the negating of the motion would answer his purpose. Rev. Dr. Lang moved an amendment to strike out the words "Untrammelled by any other political or financial issue." This was lost by a vote of 23 to 25. The motion for the adoption of the clause, as amended by the convener of the committee, was then carried by 73 to 28. As carried it read: "And, further, this assembly would express the sincere hope that the Dominion Government will submit this question to the electorate at the earliest convenient date, untrammelled by any other political or financial issues."

SCHOOL QUESTION COMMITTEE.
In the afternoon the Moderator named the following as the committee on the school question, and the names were accepted: Synod of British Columbia—Rev. W. L. Day, D. G. McQueen, Mr. Thornton, Rev. J. C. Herdman; Synod of Manitoba and the North-West—Revs. Principal King, Joseph Hogg and Peter Wright, J. McDonald, M.D.; W. W. Miller, Rev. J. A. Carmichael; Ontario and Quebec—Ontario: Principal Caven, Principal Grant, Rev. Dr. Thompson, Mr. J. R. McNeally, Mr. J. K. MacDonald; Quebec: Rev. Prof. Scrimgeour, Rev. T. J. Moore, Rev. Principal McRae (Morin College), Sir William Dawson, Mr. A. C. Hutchinson, Maritime Provinces—President Forrest, Mr. Robert Murray, A. Falconer (New Glasgow), Hon. David Blair, Mr. D. C. Fraser, Rev. Dr. Bruce, and Rev. D. Sutherland.

At the night session the report of the widows' and orphans' fund was adopted, with the recommendation that the rate of interest be changed from six to five per cent. A memorial was received from the Presbyteries of Toronto and Kingston, re the enlargement of the powers of synods. A report regarding the fixing of a permanent place of meeting was allowed to lie over. The report of the Montreal Western Foreign Mission Society was read by Dr. Warden and adopted and the assembly adjourned to meet in Montreal next June.

Every lover of Good Fiction will be interested in The Herald's Fiction Supplement next Saturday.

JUNIOR PUPILS' TERM IS CLOSED.

PLEASING EXERCISES AT THE HIGH SCHOOL YESTERDAY.

The Work of the Year Has Been Satisfactory.

The parents and friends of the junior departments of the High School turned out in full force yesterday afternoon to witness the closing exercises of the pupils, which took place in the assembly hall of the High School. The Rev. Dr. MacVicar took the chair, and beside him on the platform were Miss Rodger, Miss MacBratney and the Rev. E. L. Rexford.

Professor Couture presided at the piano, and the choir, made up of the girls on one side and the boys on the other. Very pretty the little maidens looked in their white dresses, and bright sashes and ribbons. Each class was accompanied by its teacher, the lady teacher carrying lovely bouquets of flowers. The platform was gaily decorated for the occasion, and in addition to palms and flowers, there were special jubilee decorations.

The proceedings opened with the singing of the National Anthem, followed by a hymn of praise. The singing was remarkably good, the clear sweet voices of the children blending together in perfect unison. Mr. James Walker conducted the singing. After prayer, led by the chairman, Dr. Rexford read the annual report of the junior section of both departments of the High School, which had been arranged in this way owing to the jubilee celebrations. The report showed the attendance to have been larger than ever before, viz.: 682 boys and 646 girls, making a grand total of 1,328.

The full limit of the building, as far as classes are concerned, has now been reached, but there is still room for many pupils in the various classes. On the whole, the work of the year has been most satisfactory. Reference was then made to the great success of the kindergarten department, and a glowing tribute was paid to Miss Henderson, the originator and director of kindergarten work in this city, who is about to retire.

This year a successful course of manual training has been organized in the Girls' School. The study of natural science has also been introduced in the junior classes. The work of the junior classes is well under way, and the hearty co-operation and sympathy of the parents is desired, so that the best results may be obtained.

The distribution of the prizes was a very long one, but was happily interspersed with music and recitation. The song, "Red, White and Blue," was sung by the children in unison with good effect.

Five little fellows in sailor suits, bearing aloft the Union Jack, gave a recitation in honor of the Queen's Diamond Jubilee. It was a pretty sight when the kindergarten children assembled on the platform, chubby boys and tiny girls, to go through several of their exercises.

A souvenir medal was presented to the junior pupils, as they would not be present on the M.A.A.A. grounds to-morrow afternoon, on account of lack of accommodation.

After the children had sung "The Maple Leaf for Ever," and "Victoria, Our Queen," with great spirit, closing remarks by the chairman were in order. The proceedings closed by the pronouncing of the benediction, after which the children marched out in file and the audience dispersed. The strict order observed by the children throughout the afternoon speaks highly for the discipline of the school.

A CHRISTIAN WORK.

Great Interest Being Taken in the Y.W.C.A. Classes—The Day Nursery Report.

The regular quarterly meeting of the Young Women's Christian Association was held yesterday afternoon, with Mrs. J. F. Stevenson, president in the chair.

Among the other ladies present were Mrs. John McDougall, Mrs. J. B. Learmont, Mrs. Greene, Mrs. Corse, Mrs. Fairie, Mrs. Phelps.

Miss Tenney, secretary, read her report, which showed that there had been 312 admissions to the classes during the year 1897 in the fall term and 125 in the winter. Great interest had been manifested in the various classes, and they had proved highly satisfactory in every way.

The associated membership is now 129 which is a large increase over previous years. Reference was also made to the successful course of lectures in the new building. Among the various other reports read was one from the Day Nursery, stating that 2,752 children had attended during the quarter.

GRANT-BLACKSTOCK.

Two Torontonians Wedded at Newport on Wednesday—A Very Fashionable Affair.

Newport, R.I., June 17.—There was a very fashionable but quiet wedding here yesterday, the bride being Mrs. Emilie Moulton Fraser Blackstock, of Toronto, and the groom Mr. William Alexander Grant, of the same place.

The bride, who secured a divorce from her husband at Newport less than a year ago, is a daughter of the late James Fraser, of Inverness, Scotland, and of Bay City, Mich. George T. Blackstock, her former husband, was Queen's counsel and an influential citizen of Toronto. Mrs. Blackstock secured her divorce on the grounds of non-support.

The wedding yesterday took place at Bootbush, where the bride has occupied several years. Only the immediate members of the family were present.

THE CIVIC PARADE.

IRISHMEN AND SCOTCHMEN WILL TAKE PART.

Uniforms Distributed to Veteran Firemen—Labor Will be Represented.

The Montreal Trades and Labor Council decided last night to be represented in the Jubilee Civic parade on Monday. Twelve delegates from the different organizations were appointed.

A meeting of representatives from the different Irish societies of the city was held on Wednesday night, when it was unanimously decided to take part in the civic parade in a body. Ald. Kinsella was appointed grand marshal, and an effort will be made to secure the presence of a large and thoroughly representative turnout of all Irish societies. An allegorical car will be prepared, and an old-fashioned Irish jaunting car will be made a feature of the section. Several bands will be engaged. The societies will rendezvous at St. Patrick's Hall, McGill street.

The St. Patrick's League has made final arrangements for the parade. All English-speaking Catholics of the city will take part. The societies will form in their respective parishes and proceed to the vicinity of St. Patrick's Church, where they will be formed into line according to seniority, and thence to the Champ de Mars to join the other bodies.

An adjourned special meeting of the Montreal Veteran Volunteer Firemen's organization was held last evening, the president, Mr. William Cunningham, in the chair. On the platform with him was Mr. C. N. Sims, honorary president. There were a very large attendance of the old veterans present. After some routine business had been transacted, Mr. Blumenthal distributed the uniforms to those who were present. The meeting was then adjourned to meet at the Central Fire Station at 7 o'clock on Monday morning, so as to take a place in the jubilee procession.

The various city courts, in connection with the Independent Order of Foresters, are requested to meet on Monday morning, at 8 o'clock sharp, to organize and join in the procession in honor of the Queen's Diamond Jubilee. The order will have a band and an allegorical car.

At a meeting of the Caledonian Society, held last night, the question of participation in the civic parade was discussed at length. Finally Mr. Robert Nivins: "That the Scotchmen of Montreal participate in the civic parade to be held in this city on Monday next."

Mr. J. Porteous Arnold moved in amendment, seconded by Mr. Macdougall: "That the representatives of St. Andrew's, the Caledonian and other Scottish societies, take part in the procession in carriages, if there be not a sufficient number to walk in the parade."

The amendment was lost, and the original motion was carried by 20 to 1.

On the motion of Mr. J. M. Campbell, seconded by Mr. Duncan Stewart, it was unanimously decided that a committee be appointed to make arrangements for Scotchmen taking part in the parade.

The committee, which consisted of representatives of St. Andrew's Society, the Caledonian Society, the several clans, Scottish kilts and the Highland Society, met at the close of the meeting and appointed sub-committees to arrange the necessary details.

GENERAL NEWS NOTES.
Merritt F. Young, for several years general manager of the Barnum and Bailey show, died in Chicago yesterday, of typhoid fever.

The Rev. Father Kneipp, known throughout the world for his water cure, who has been suffering for some time past, died at Woerishofen yesterday morning.

As a result of the fire on Ellis Island, New York, the authorities have got their heads together, and are considering plans for the erection of a vast fire proof building for immigrants.

General L. Woodford, of New York, was yesterday nominated by President McKinley to be United States Minister to Spain. He will accept. General Woodford was elected Lt.-Governor of New York in 1896, and has held many offices.

The London Daily Telegraph's Athens correspondent says:—"It is reported here that the peace conference and the Porte have accepted a settlement giving Turkey either the town of Lignaria, southeast of Miloussa, or Nicosia, north of Larissa."

The Vienna correspondent of the Daily Chronicle says:—"Dan MacPhee, the Canadian trainer of trotting horses, died of apoplexy to-day at the very moment of winning a brilliant trotting race. He introduced trotting into Vienna, where he has lived for some years."

There are fifty-seven members of the American Senate expected to certain to vote for the ratification of the Hawaiian annexation treaty. This is just three less than the requisite two-thirds. There are eleven other Senators who are undecided as to how they will vote and twenty-one who are opposed to the treaty.

The trial of Frank Butler, charged with the murder of Captain Lee Weller, who, it is alleged, he induced to go with him on a gold prospecting trip, has been concluded at Sydney N.S.W., the jury rendering a verdict of guilty. It is alleged that the condemned man has in the course of his career in Australia taken the life of a number of other persons by similar methods.

Mr. S. J. Sanford, county treasurer of Simcoe, is missing and an examination revealed the fact that he is short in his accounts. The treasurer's securities, which total \$40,000 in bonds, held by the County Council, are made up as follows: Messrs. James L. Burton, H. D. Stewart, Charles Way and Dr. Morton, for \$5,000 each; the Guarantee Company of Montreal, on which the premiums are all paid up, for \$1,000; a mortgage on his residence here for \$2,500, and \$7,000 in the electric light stock.

THE A. R. U. A. CORPSE

Chicago, June 18.—The American Rail way Union was, yesterday, formally adjudged by E. V. Debs and his followers to be a corpse and the social democracy of America is the name of the new organization which is to take its place. This was quickly settled at the meeting of the A.R.U. delegates, but when it came to the declaration of the principles under which the Social Democracy is to exist, there was trouble from the start. Six hours of wordy warfare terminated, however, in the adoption of a platform on which the Social Democracy is to stand.

THE BROME ELECTION.

Mr. W. A. Weir, M.L.A., has just returned from Brome, having made a tour of the county with the Hon. Mr. Duffy. Mr. Weir reports that the prospects of an increased majority for the Liberal candidate are most excellent.

To be sold at my office, in the city of Montreal, on the THIRTIETH day of JUNE instant, at TEN o'clock in the forenoon. To be sold at the folle enchere, cost and risk of James Murphy, the former adjudicataire. A deposit of two hundred dollars shall be required of each bidder at the time of his first bid.

J. R. THIBAUDIAU, Sheriff.

Sheriff's Office, Montreal, 17th June, 1897.

A SMALL FIRE.

A fire that might have had serious consequences, was checked in the St. Viateur school, on St. Louis Street, yesterday afternoon. As it was a steam and chemical engine were needed to put out the blaze. It started in a cupboard on the third floor in which play things owned by the scholars were kept, and did damage amounting to about \$1,000. It is believed that the origin of the fire was a lighted cigarette, carelessly thrown away by one of the scholars.

BUSINESS AND SICKNESS.

do not go well together, but among many busy lives this condition of affairs is compulsory. Sedentary occupations causes among many, constipation of the most persistent type, and cathartics are frequently resorted to preserve any thing like regularity of the bowels' movement. Dr. Codere's Purgative Tablets when taken for a short time, does away with the necessity of frequent dosing, and cures the most obstinate cases of constipation. No gripping nor nausea is connected with their use. 25 cents.

A jubilee service, under the auspices of the Women's Religious and Philanthropic Societies, will be held at the Young Women's Christian Association, 896 Dorchester Street, on Thursday, June 24th, at 11 a.m., to which all women are cordially invited.

San Francisco, June 18.—W. B. Bradbury, the millionaire, will have to serve the sentence of 24 hours' imprisonment in the county jail imposed upon him by Judge Low recently on his conviction for the second time for spitting in street cars, Judge Wallace, of the Superior Court, having affirmed the judgment.

MILLIONAIRE WILL GO TO JAIL.

San Francisco, June 18.—W. B. Bradbury, the millionaire, will have to serve the sentence of 24 hours' imprisonment in the county jail imposed upon him by Judge Low recently on his conviction for the second time for spitting in street cars, Judge Wallace, of the Superior Court, having affirmed the judgment.

Dr. CHASE CURES FATHER AND CHILD

Uneasy Rests the Head that wears a crown may apply to rulers of kingdoms and empires, but not to us. The head that wears the one gold or porcelain crown rests in ease and comfort. Don't have your decayed teeth extracted. Modern dental science has devised means by which they can be utilized and new sound teeth placed on them. The process is painless.

J. BARKER VORBERG, Dental Surgeon, 2416 St. Catherine St. Tel. 3085.

Both afflicted with Eczema of a very troublesome type and cured in a remarkably short while by Dr. Chase's Ointment.

"I was troubled for ten years with eczema on my leg; the itching was something terrible; would scratch until the blood came. How I came to know the value of DR. CHASE'S OINTMENT, I have a little girl two years; when she was one year old the same disease began to show upon her face. It wasn't long before her face became literally covered with it. In order to keep her from scratching it we had to bandage her hands up. I tried several doctors, but got no relief. Seeing DR. CHASE'S OINTMENT so highly advertised I made up my mind to purchase a box, which I did from one of our leading druggists. The first application I noticed a change. It was then I began to think about myself. With four or five applications, to my surprise, I am completely cured, no sign of the disease, and my little girl's face is clear of all the sores. I am only too glad to inform any person what a blessing DR. CHASE'S OINTMENT has proved itself."

"HIRAM FREY, Wheel Maker, 'Norwood, Ont.'"

THE HERALD MENU

SATURDAY—JUNE 19th. BREAKFAST. Stewed gooseberries. Wheatina. Codfish balls. White corn cakes. Coffee.

LUNCHEON. Melton veal. Rice croquettes. Radishes. Entire wheat buns. Coffee.

DINNER. Savory soup. Chicken stew. Potato puff. Cucumbers. Sago cream with strawberry sauce. Coffee.

Stewed Gooseberries—Pick over a quart of gooseberries, put over the fire with a little water and about three-quarters of a cup of sugar. Stew gently until the skins are well broken. Strain very cold. Codfish Balls—Shred a cup and a half of salt codfish, letting it lie in cold water during the process, as well as over night. Put into a dish with three cups of sliced raw potatoes. Cover with boiling water and boil gently until the potatoes are soft. Drain off all the water and mash the potatoes with a potato masher. Add a little pepper, two tablespoonfuls of milk, a tablespoonful of butter and beat with a fork until light and creamy. When cool pour the hands and mold into flat cakes. Fry in a deep kettle in a wire basket. These may be prepared the day before and are much more palatable than those made with the codfish shredded and put up in boxes.

Melton Veal—Take a pound any cold veal, chop it fine and season with one-half teaspoonful of salt, one tablespoonful of pepper and a teaspoonful of lemon juice. Add two or three tablespoonfuls of cracker crumbs and moisten with soup stock or hot water. Take one-third as much finely chopped ham as of veal, season with mustard and cayenne, add one tablespoonful of cracker crumbs and moisten with hot stock or water. Butter mold and line it with slices of hard-boiled egg. Put in the two mixtures irregularly, so that when cut it will have a mottled appearance; press in closely and steam three-quarters of an hour. Set away to cool. Remove from the mold and slice before serving. This is a convenient way of serving pieces of veal that would not otherwise be utilized.

Rice Croquettes—One pint of cold boiled rice turned in a double boiler with two or three tablespoonfuls of milk. When soft add one egg, well beaten, one tablespoonful of butter, half a teaspoonful of salt, a little pepper and one heaping tablespoonful of fine-chopped parsley. Shape, roll in fine dry crumbs, then in beaten egg and again in crumbs, and fry in smoking-hot fat, the same as for fishballs.

Stewed Gooseberries—Pick over a quart of gooseberries, put over the fire with a little water and about three-quarters of a cup of sugar. Stew gently until the skins are well broken. Strain very cold. Codfish Balls—Shred a cup and a half of salt codfish, letting it lie in cold water during the process, as well as over night. Put into a dish with three cups of sliced raw potatoes. Cover with boiling water and boil gently until the potatoes are soft. Drain off all the water and mash the potatoes with a potato masher. Add a little pepper, two tablespoonfuls of milk, a tablespoonful of butter and beat with a fork until light and creamy. When cool pour the hands and mold into flat cakes. Fry in a deep kettle in a wire basket. These may be prepared the day before and are much more palatable than those made with the codfish shredded and put up in boxes.

Melton Veal—Take a pound any cold veal, chop it fine and season with one-half teaspoonful of salt, one tablespoonful of pepper and a teaspoonful of lemon juice. Add two or three tablespoonfuls of cracker crumbs and moisten with soup stock or hot water. Add two or three tablespoonfuls of cracker crumbs and moisten with soup stock or hot water. Take one-third as much finely chopped ham as of veal, season with mustard and cayenne, add one tablespoonful of cracker crumbs and moisten with hot stock or water. Butter mold and line it with slices of hard-boiled egg. Put in the two mixtures irregularly, so that when cut it will have a mottled appearance; press in closely and steam three-quarters of an hour. Set away to cool. Remove from the mold and slice before serving. This is a convenient way of serving pieces of veal that would not otherwise be utilized.

Rice Croquettes—One pint of cold boiled rice turned in a double boiler with two or three tablespoonfuls of milk. When soft add one egg, well beaten, one tablespoonful of butter, half a teaspoonful of salt, a little pepper and one heaping tablespoonful of fine-chopped parsley. Shape, roll in fine dry crumbs, then in beaten egg and again in crumbs, and fry in smoking-hot fat, the same as for fishballs.

FRIDAY'S OFFERINGS REPEATED

To-morrow (Saturday) we will Repeat Friday's Offerings

THE S. CARSLY CO. LIMITED
