

DEADLOCK AGAIN IN STRIKE SITUATION

Mr. Asquith Refuses to Grant Labor Amendment of \$1.25 as Minimum Day's Wage--Labor Leaders Say No Settlement Till This is Done.

OPPOSITION AND GOVERNMENT AGREE ON THIS POINT

Bonar Law Announces that Liberals Could Not Have Followed Any Other Course--Mr. Asquith Hints at Other Measures to End National Calamity if Labor Bodies Will Not Listen to Reason--Suffering Increases.

London, March 22--Premier Asquith has refused to accept the miners' amendment to the Minimum Wage Bill providing a minimum of \$1.25 and \$1.25 as the daily wage for men and boys respectively.

Mr. Asquith said that he was inclined to think the figures reasonable ones, but said that it was most undesirable to insert in the bill any specific minimum wage or to establish the precedent of fixing the rate of wages by Parliament.

Mr. Asquith said that he was inclined to think the figures reasonable ones, but said that it was most undesirable to insert in the bill any specific minimum wage or to establish the precedent of fixing the rate of wages by Parliament.

London, March 22--The political crisis which suddenly arose out of the British miners' strike, seems over, but the greater industrial crisis, which is now in the hands of the House of Commons, is still far from its end.

The Bill, which the Government introduced into Parliament to put a stop to one of the greatest calamities that has ever overtaken this country, and which was read a second time in the House of Commons last night, still has to run the gauntlet of the committee stage.

Despite the decision of the unions, there is already a particularly in Scotland, a steady trickling of the miners back to the pits.

Some of the larger coal owners, too, declare that it will be impossible to work their pits if the minimum wage is granted.

M'GILL UNION OFFICERS

Students Nominate the Hon. A. K. Hugesson as President.

COUNCIL MET LAST NIGHT. 'McGill Daily' to Have New Editor--Literary Elections on Monday.

The nomination of officers to take charge of and manage the affairs of the McGill Union took place yesterday, the following being nominated by the students: President, the Hon. A. K. Hugesson and Mr. J. T. K. Crossfield; vice-president, Mr. E. Crowson and Mr. J. Lee; secretary, Mr. B. Elmo Atkins.

SUICIDE IN HOTEL

Pardon Me, I am Not Responsible' Read Dead Man's Note.

The Majestic Hotel on St. Lawrence street was the scene of yet another suicide, when Mederic Pare, an employee of the Canadian Light, Heat & Power Company, shot himself yesterday afternoon in his room.

OUTLAW CAPTURED

Report That One of Virginia Gang is in Custody.

Mont. City, N.C., March 22--A report reached here to-day that Sifina Edwards, the Allen clansman wanted in connection with the murder of the Carroll county judge, at Hillsville, was captured near Lumburg, Va., during the night by a detective posse.

CHURCH UNION VOTES

Westboro, Ont., March 22--The vote on church union of the Nepean circuit of the Methodist Church is as follows: Quarterly board, 13 for, 7 against; Membership and adherents, City View, 53 for, 9 against; Westboro, 39 for, 21 against; Britannia, 18 for, 12 against; Total, 113 for, 49 against.

DRUMMOND ST. HOUSE RE-SOLD

Mr. John J. Louson, representing Mr. James Birchough, has sold the three-story stone-fronted residence, No. 61 Drummond street, for Lewis and Bagley to Mr. C. W. Lindsay, for \$15,000.

MONTREAL LAWYER HONORED

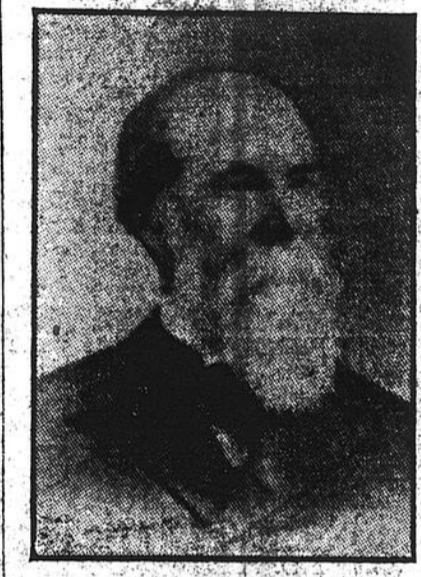

Mr. M. J. Morrison, of this city, has been made a King's Counsel. Mr. Morrison has been practicing law for sixteen years and was associated with the late Mr. F. Quinn, Crown Prosecutor for Montreal, and at one time a member of the House of Commons for St. Ann's Division.

DEATH OF HON. A. A. MACDONALD

Prince Edward Senator Died in Ottawa, Aged 83 Years.

ILL BUT SHORT TIME. Death Now Leaves Sir Chas. Tupper Only Survivor of Confederation Fathers.

Ottawa, March 22--The Hon. Andrew A. Macdonald, Conservative senator from Prince Edward Island, died here yesterday at the age of 83 years. He was ill only about a week, and very few knew of his condition.

THE LATE HON. A. A. MACDONALD.

He was the last of those who took a personal part in the confederation of Canada. The only living link between the present and the historic gathering on which came the Dominion of Canada, is Sir Charles Tupper. With the death of Archibald Macdonald, there is left on Canadian soil not one of the fathers of confederation.

ANOTHER OFFER FOR A CHURCH

Too Little, But Official Says St. Andrew's is Not for Sale.

An offer of \$400,000 is reported as having been received by the officials of St. Andrew's Church of Scotland for the church property on Beaver Hall Hill. The offer, it is said on the street, has been refused as it was considered too low for the site.

TRAMWAY BILL PASSED--NO AMENDMENTS

Quebec, March 22--The Montreal Tramway Bill, over which there has been so much noise, was passed by the railway committee of the Legislative Council this morning without any amendments.

The resolution of the city of Montreal, asking that the Bill be left over for another year, was strongly supported by Aldermen Giroux and Macdonald, and by the city attorneys of Montreal, Mr. Atwater submitting, however, that he considered that the city of Montreal was safeguarded as to contracts by the second clause of the Bill.

Mayor Lavallee expressed his surprise that no more objections were offered to the Bill, and said that he was prepared to accept the opinion of the city attorneys.

Mr. Perron argued that the city of Montreal was growing rapidly, and required extended lines to handle the traffic. The required extensions could not be made without more capital being secured, and the only means of increasing the capital of the company was to secure the legislation which was contained in the Bill.

DENOUNCED LEGISLATORS

Trades Council Threaten to Put Up Labor Candidates.

RESOLUTION TO PREMIER. Demand That Clauses Struck Out of the City Bill be Reinstated.

Speeches denouncing the attitude of the committee of the Legislative Council in striking out the clause abolishing the property qualification for mayor and aldermen, and also the clause to remove disability respecting those who do not pay their water rates, were made at the meeting of the Trades and Labor Council last night.

The president, Mr. G. R. Brunet, occupied the chair, and the speakers included Gus Franco, Joe Ainey, G. R. Brunet, J. McCallister, Richard Lynch and J. T. Foster. The trend of the speeches was that the matter rested entirely in the hands of the Provincial Parliament, and that if the proper amount of pressure was brought to bear on the Legislative Council they would not dare to ignore what had been shown to be the will of the electors.

Several of the speakers said that the elections approaching in the city, if satisfaction was not given to the requests made by the Labor party on behalf of the people, then their only alternative was to place candidates favorable to labor interests in every constituency possible.

MR. GODFREY'S PAPERS FILED

Citizens' Association Meet Monday to Organize for Contest.

Mr. Charles E. Godfrey, the nominee of the Board of Trade, Chambre de Commerce, and the Citizens' Association for Controller, officially qualified and filed his nomination papers with Mr. Rene Bauset, the assistant city clerk, to-day.

Mr. Godfrey was accompanied by Mr. C. A. Harwood, of Lighthall & Harwood, barristers, and Mr. J. Stanley Cook, assistant secretary of the Board of Trade. He left \$200 in Canadian currency with the city cashier as his election deposit, and made his declaration that he had been an elector of the city for a year and is an resident and a British subject.

USE FOR CINEMATOGRAPH

Ald. Blumenthal Would Utilize It in Educating Children.

Ald. Blumenthal said to-day that he has a proposition to use the moving picture for educational purposes among children. He has prepared a plan to use lectures with the cinematograph and he said that he will propose in the City Council the granting of free licenses to picture shows that will show educational films also on the screen.

SON TO SIR M. AITKEN

(Canadian Associated Press.) London, March 22--A son was born to Sir Max and Lady Aitken this morning.

speaker. He also knows French well, and during the proceedings connected with the making out of his declaration he conversed with Mr. Bauset fluently in French.

Prominent among the supporters of Mr. Godfrey is Controller Ainey, who is confident of his return by a substantial majority should the enemies of the Board of Control induce any opposition to arise.

Since the reactionary elements in the city were able to elect only five or six aldermen in the general civic elections, and were unable to gain a majority of the council, it is not believed that they will be able to bring out a large vote for any person who chooses to become their standard-bearer.

MR. HARRISON'S DISAPPEARANCE

Cheques Deposited Have all Been Returned 'Not Known'.

WARRANT SWORN OUT. Detectives on Watch But He is Probably Across the Border Now.

George H. Harrison, the young Boston capitalist, whose spectacular purchase of the Grey Nuns' property and attempted purchase of the Dominion Square Methodist church, was the sensation of last week is still missing, in spite of the diligent search which the city detectives are making to discover his present whereabouts.

The growing suspicions of the hotel people and many real estate dealers that 'Mr. Harrison' was not the millionaire that he claimed to be, were confirmed on Wednesday when cheques drawn on the Beacon Trust Company of Boston were returned with the simple statement 'not known here.'

Harrison attempted to get an option on some McGill College street property from the House, Browne, but Mr. Fitz-James Browne demanded cash. Mr. Harrison wanted to deposit a cheque for \$10,000, but it is expected that he left the city on Wednesday, and is now safely hidden away across the boundary line.

DENOUNCED HUSBAND

Judge Lanctot Sentences Heartless Man for Non-Support.

Six months hard labor, with \$50 fine or an additional three months, was the sentence delivered by Judge Lanctot this morning in the case of Donat Deschamps, charged with vagrancy, and non-support. In sentencing the prisoner Judge Lanctot said he could not find words strong enough to describe his conduct.

ICE TO BE SAME PRICE

There is still one of the necessities of life during a Montreal summer that will not increase in price. The rate for ice last year was seven dollars on a cash basis, and the increased rate for those living at a great distance, and this price, it is said, will be maintained for the coming summer.

WANTS A SUBURBAN SERVICE

The City Council of Toronto have recommended that an application be made to the Railway Commissioners that the Canadian Pacific Railway with other lines provide a passenger service around the Old Belt Line in the city's suburbs, and that all points upon the lines within a radius of ten miles be given commutation rates.

NEGRO KILLS BARBER

Atlanta, Ga., March 22--Remnant of a negro's insult to a woman cost A. Morris, a barber, his life here last night. Morris was sitting on a porch at his home when he heard a woman cry, and rushing to the street was met by Mrs. A. Cohen, who said a negro had just grabbed her hand and proceeded down the street. Morris overtook the black and slapped him. The negro, unidentified, stabbed Morris to death and escaped.

MURDER CLAIMED

Melville, Sask., March 22--The body of an unknown man found cut to pieces on the Grand Trunk Pacific tracks near here, has been identified as the Rev. Joseph Czerkowski, priest of the Greek Catholic Church. J. A. Usizchuk, a farmer near Godderville, is under arrest charged with having murdered the priest, and placed the corpse on the track to be mutilated.

BIG CHURCH NOT SOLD YET

Trustees of St. James Methodist Turn Down Mr. McGreevy's Offer.

OBJECT TO THE TERMS. Next Move Must Come From the Winnipeg Real Estate Dealer.

The trustees of St. James Methodist church at a meeting held last night, refused to accept the terms of sale proposed by Mr. J. C. McGreevy, of Winnipeg, who has been attempting to secure the big property for \$2,000,000 since last year. The meeting lasted until a late hour, and nearly every member of the trustees board was present to consider Mr. McGreevy's offer.

The decision to refuse to accept the terms of the offer was a unanimous one. Later in the evening a committee was formed to consider the whole future and policy of the church. The members named were: Mr. J. P. Anglin, Mr. James McRie, Mr. T. A. Matheson, and Mr. W. Geraghty. This committee will investigate the workings of the institutional churches of England and report before conference meets next June.

TO CHECK MORTALITY

Dr. Louis Laberge Says Mothers and Infants Should be Sent to Country in Summer.

Mothers with their little infants must be removed from the narrow streets and hot, stuffy homes into the country during the summer months to diminish infant mortality with any great success.

STATES STORM-BOUND

St. Louis, Mo., March 22--Snow and rain which fell yesterday and last night have demoralized transportation and wire communication in southwestern Illinois and Missouri. A heavy wind added greatly to the damage.

ICE TO BE SAME PRICE

There is still one of the necessities of life during a Montreal summer that will not increase in price. The rate for ice last year was seven dollars on a cash basis, and the increased rate for those living at a great distance, and this price, it is said, will be maintained for the coming summer.

A communication has been received at the C. P. R. headquarters from the office of the General Superintendent of the Lake Superior Division, at North Bay, stating that Mr. J. W. Orrock has been appointed Division Engineer of the Lake Superior Division, with office at North Bay in the place of Mr. Frank Taylor, who has been transferred.

AGAINST BAILIFFS' UNION.

Oliver C. Coutlee, a bailiff, has applied to Judge Charbonneau for a writ of certiorari against the Bailiffs' Association, which at a recent meeting tried Coutlee on a charge and suspended him for sixty days. He claims that such an action was not within the power of the association. Argument was heard by the judge yesterday and the case taken on deliberation.

ALD. MARTIN'S ACTION.

T. J. action of Ald. Modesto Martin against Mr. J. A. Lamarre on the ground that the latter, during the recent municipal election in St. Mary's Ward, made a proposition to Mr. Martin to retire, was dismissed in the Superior Court yesterday, the necessity security not having been provided by the plaintiff. He claimed that under the election act he was entitled to a penalty, and also claimed that he had suffered damages.

ELECTION DISPUTE.

Damages Granted St. Polycarpe Councillor.

Mr. Justice de Lorimier, of the Superior Court, granted damages yesterday in favor of Ephrem Avon, a member of St. Polycarpe Council, against three citizens of that town, Aideric Marleau, F. X. Ranger, and Frederick Hamelin, for statements made during the municipal election in 1909.

Avon sued each for \$100, claiming that prior to the election Dr. Elie Bourbonnais was nominated by Frederick Hamelin, one of the defendants. At the election over which Avon presided, Hamelin registered his vote for two candidates, Dr. Bourbonnais and another. The next day Marleau addressed Avon in front of a large number of people as follows: "Is it true that you have said that Hamelin voted for Bourbonnais, and on Avon replying in the affirmative, Marleau added that the statement was not true, and insinuated that Avon had the vote falsely entered in the books."

MACHINISTS HEARD ADDRESSES.

At the meeting of Victoria Lodge 111 International Association of Machinists, President McClelland in the chair, ten new members were initiated and a large number of proposals for membership received. Addresses were given by International Vice-President Baulon and Mr. James Somerville, and a report of the organization committee in province of Quebec by Mr. J. T. Foster, who had taken part in the meetings at Quebec and Sherbrooke.

\$10 FOR A KICK.

Thomas Leahy was fined \$10 or one month in the Recorder's Court this morning for assaulting Constable Perron some time ago while the latter was arresting a companion of Leahy. The prisoner escaped, but Leahy was held. The constable was kicked in the eye by the accused.

INDIAN TAKES ACTION.

An action for \$100 damages has been entered by Charles Mitchell, coal merchant, of the Caughnawaga Indian Reserve, against John Slabo. The case arises out of a police court action in which Slabo was the complainant, who charged the merchant with defrauding him to the extent of \$4 by giving short weight. Mitchell was acquitted, and has taken the above action to obtain damages.

PROTESTANT HOSPITAL.

The report of the medical superintendent of the Protestant Hospital for the insane for the fortnight ending March 19th shows 9 admissions, 1 readmission, 1 discharged cured, 2 discharged on trial, and 3 deaths.

QUEBEC WIN IN EXCITING GAME

Wanderers Go Down to Defeat in First of Final Series at New York Last Night

QUEBEC WON BY ONE GOAL.

Montreal Team Lead in First Half But Team from Ancient Capital Closed Up in Final.

New York, March 22.—Quebec defeated the Montreal Wanderers in a fast and interesting game last night, which was breathlessly close from start to finish, and presented to the people of New York an excellent spectacle of real Canadian hockey. The Montreal team started out with a lead of two goals in the first half, but the Ancient Capital players evened up in the second, and took the lead in the third. In the third the Wanderers again momentarily took the lead, but were soon overhauled by the Quebec team who finished the victors.

Paddy Moran, the great goaler of the champions, was struck with the puck shot hard from a scrimmage a few yards out. He went down with his lip badly cut. A surgeon put three stitches in the wound and Paddy insisted on finishing out the four minutes still to play.

Both teams were short a good man. Oatman was in uniform and it was thought he would have been on had his team been in dire need. Roberts went back to Montreal on the sick list, but he may come back for Saturday's night's game.

The big crowd at the rink was all for Wanderers at the outset, as the Cleghorn brothers formerly played in New York. The splendid work of the champions, however, won them many friends, and Moran's plucky insistence on staying in the game turned the scale completely.

For such a fast game it was not rough. Quebec had a little the worse of the refereeing, for while their men were always caught with the goods Art Ross, who played a wonderful game, got away with a cross-check unperceived, and Ernie Russell loafed off-side often and managed to score at least once as a result without penalty.

Oldie Cleghorn and Malone were on the firing line for their respective teams in the early struggle, but neither could net the puck. Artie Ross began his rushing tactics, and his work aroused enthusiasm. Producers took up the same game and several fine runs from end to end resulted. It was Russell who drew first blood, however, when he pucked Cleghorn and dodging McDonald and Hall, shot past Producers and in to the net.

Malone evaded them later on a close side shot, but in the meantime both Moran and Boyes were called on to stop some difficult shots. From the face after the second goal, Russell worked the puck into the net and dodging until he again put his team in the lead. Just before the end of the period Bernier, who had been playing well, managed to slip one past the Quebec defence.

After five minutes in the second period, in which Oldie Cleghorn and Malone each got in some nice work, and Ross and Producers went further and further, Hall started a combination attack with Malone and Marks got the puck home. The game then became fast and furious. Moran, at one period, pucked up to the Wanderers goal and McDonald and Marks that seemed destined to win. Malone tallied the evening score, and while both sides tried hard there was nothing done in the second half of the period.

The third period opened with a concerted rush on the Wanderers' nets, but Boyes was on the qui vive. Ross and Russell by a quick piece of combination, forced the Quebec defence to fight hard, but Malone got a try. A minute later the centre man sent in what looked like a tally. Boyes cleared, but Marks took it on. Cleghorn and sent in the tally that meant the lead. Russell, waiting at a convenient spot near the Quebec goal, got the puck at the proper angle and scored matters again. Less than a minute later Hall in a stiff rush got past the Wanderers' defence and caged the puck for what proved to be the deciding goal. Summary:

Musical Notes Y.M.H.A.
The already popular orchestra under the management of M. Grafinkle and the direction of F. T. Griffin is working hard to make a name for itself. Rehearsals are being held regularly every Wednesday evening at the club rooms, 485 St. Charles Borromeo street, and each member of the orchestra is doing his utmost to assure a creditable showing at the next concert, the date of which will be announced later.

The association has been successful in obtaining the services of Mr. Gross, a well-known local choir leader, to organize a choir and conduct a class in sight reading, to be held every Thursday evening, where members of the association will receive free instruction.

CRICKET MEETING

Shield Presented by Old Victoria Team to Class B. Division.

A meeting of the Montreal and District Amateur Cricket League, was held on Wednesday night in the M. A. A. Club House.

The drawings for the 'A' division matches and the cup ties were made, so that club secretaries are now able to busy themselves in arranging friendly matches with outside clubs. As was anticipated the number of clubs playing in 'A' division this year is reduced to five, Victoria and Osborne Clubs having dropped out of the race, so that league cricket this season is likely to prove such a tax upon players.

Mr. John Dutrie, the president of the Victoria C. C., wrote offering on behalf of that club, to devote the balance of the fund in hand now that the club is no longer existent to the purchase of a new shield for competition in 'B' division, on condition that it should be known as the Victoria shield. This generous offer was received with enthusiasm.

The Woodlands Park Club made a tentative application for admission to the league, which will be granted when they send their formal application in, and it was resolved that a match West Indians vs. the rest of the League should be played on May 24th, and that the Robert Simpson Co. C. C. of Toronto, who are anxious to play a game here this season, should be accommodated on either June 10th or July 1st.

The Cup Draw.
The following was the result of the draw for the cup, the games in every case taking place on the ground of the first-named club:
Preliminary Round, June 1st.
Point St. Charles vs. Woodlands Park.
C. P. R. Angus and Yorkshire Society, byes.

1st Round, July 20th.
C. P. R. vs. Lachine.
M. A. A. vs. Westmount.
McGill vs. Point St. Charles, or Woodlands Castle.
Yorkshire Society vs. Verdun.
2nd Round, August 10th.
June 15—Verdun vs. M. A. A.
June 22—McGill vs. Lachine.
June 29—M. A. A. vs. Westmount vs. Yorkshire Society or Verdun.

3rd Round, August 10th.
June 29—M. A. A. vs. Verdun.
July 6—McGill vs. Verdun.
July 12—Westmount vs. M. A. A.
July 19—Verdun vs. Lachine.
July 26—Cup ties.
July 27—McGill vs. Westmount.
July 27—Lachine vs. M. A. A.
Aug. 3—Lachine vs. McGill.
Aug. 10—M. A. A. vs. Verdun.
Aug. 17—Lachine vs. Westmount.

VETERANS MEET TO-NIGHT

St. George's Snowshoes Will Hold Annual Event.

The annual celebration of the St. George's Snowshoe Club, which is known as Veterans' Night, does not close this evening. The programme has been mapped out by the president and includes a snowshoe tramp from the club house and on the return of the trampers a smoking concert will be provided for those present.

The fact that this special night has been called Veterans' Night, does not exclude the younger and more active members in participating in the enjoyment of the evening. All the members are expected to be present.

RICHARD REPLACES LAPOINTE

Lapointe Compelled to Default Owing to Sprained Ankle.

Fred Lapointe, who was to have wrestled young Olsen to-night, has been compelled to default owing to a sprained ankle. Richard will meet the Norwegian instead of Lapointe.

OXFORD AND CAMBRIDGE

Classic Struggle Will Take Place on March 30th

WILL MEET FOR 69TH TIME.

Prospects Point to the Oxonians Being the Winners This Year.

London, March 22.—In view of the approach of boat race day on March 30, both the Oxford and Cambridge crews are putting in hard practice prior to the final spell of work before the race. Each crew is spending the last fortnight of this month putting finishing touches to their work, and this is, as usual, taking place over the Putney-Mortlake course, and will include at least one trial row over the full distance.

There seems every likelihood of two good crews appearing on March 30, for some very creditable performances have been recorded, the most noticeable occurring on Wednesday, when the Oxford crew rowed from Chiswick to the Putney-Mortlake bridge, in three minutes and forty seconds, which is five seconds faster than the Cambridge record set in 1908. This, however, does not always mean as much as it seems, for the fact that the higher reaches of the river there has been a great deal of water and consequently a strong current, which makes for a fast time.

To turn to the individual boats, the Cambridge crew is particularly light. They have, however, done plenty of hard work and row hard and strong. At Cookham they performed a great feat in rowing of several miles in three minutes and forty seconds, which is five seconds faster than the Cambridge record set in 1908. This, however, does not always mean as much as it seems, for the fact that the higher reaches of the river there has been a great deal of water and consequently a strong current, which makes for a fast time.

The Oxford men have been at Henley and Oxford, and have done well there in their trials over the regatta course. With four old Blues, the spare man and the cox, all last year's nucleus, they have got a good combination, and it is probable that the three spare places have been filled up by three Eton oarsmen, all of whom are well worth their place in the crew. There are a number of minor defects in the crew, but the style is perfect, and it is probable that the Light Blues will be the victors in the race course will eliminate most of these. The style is perfect, and it is probable that the Light Blues will be the victors in the race course will eliminate most of these.

ROLLAND AGAIN WINNER

Defeats E. R. D. Applegath in Strong Game.

The championship matches in the Canadian racquets and squash racquets series were continued at the Montreal Club courts yesterday afternoon. In the second round for the racquets title, F. S. Rolland, last year's runner-up, defeated E. R. D. Applegath, three games to one. Mr. Applegath played an excellent game, but he gradually succumbed to the strong play which Mr. Rolland put up. The winner finished strong, playing an excellent game throughout.

Mr. H. M. Smith won straight from Herbert Molson, the first of which was a love game. Smith's showing to his semi-final game with Rolland, which takes place at 2.30 this afternoon. In the other racquets semi-final, G. W. MacDougall meets R. E. MacDougall, the present champion, in a match being pulled off at 4.15. There was no particular feature to the squash games in the first round. Owing to one or two of the competitors being absent, the final squash game will be played on Saturday, as was originally intended. The racquets final will be in the evening with the G.N.W. Telegraph at 2.30. Yesterday's results:

ROLLAND AGAIN WINNER

Defeats E. R. D. Applegath in Strong Game.

WILL MEET FOR 69TH TIME.

Prospects Point to the Oxonians Being the Winners This Year.

The drawing for to-day is: Racquets. Semi-finals. At 1.00—G. W. MacDougall vs. R. E. MacDougall. At 2.30—H. M. Smith vs. F. S. Rolland. Squash. First Round. A. E. Abbott vs. Kenneth Molson. H. M. Smith vs. T. McKenzie.

BILLIARD TOURNEY

Mortier Defeats Maurs, Roudil Easily Vanquishes Labouret.

Paris, March 22.—Three games were decided yesterday in the International amateur billiard championship tournament here. In the first afternoon match, Mortier, the present champion, defeated Maurs 400 points to 220. The second match brought together Roudil and Labouret, neither of whom had won a match. Roudil scored a victory 400 to 52. In the evening Darantier defeated Artus 400 to 283.

Blanc and Poensgen are the leaders, so far having lost none and won two games. About a fortnight ago, both crews have come down considerably in weight. The Oxford crew weigh an aggregate of 95 stone 2 1/4 lbs., or a decrease of two lbs. The average weight of the Cambridge rowers is now 11 stone 12 1/2 lbs.

At the present moment it looks as if Oxford would repeat her successes of the past three years. A fine day with no wind will, however, make the Light Blues' chances rosy. Windy weather and choppy water would favor the Oxonians, who appear to be the stronger crew. The Dark Blues have 37 victories to their credit and the Light Blues 30, there being a dead heat in 1877.

The Oxford and Cambridge boat race was instituted as early as 1847. Cambridge's glory in the following year Oxford had her revenge, and then for some reason or other the fixture was dropped, but taken up again in 1855. Cambridge were the victors in this year and the following. The next race came off in '49, the Light Blues being easily first. A return race was rowed the same year, Oxford winning through a foul.

CANADIAN EXPLOSIVES WINNERS

Defeat C.P.R. Traffic Dept. and Add Eighth Victory to List of Conquests.

The championship of the Transportation League was won last night by the Canadian Explosives, who defeated the C. P. R. Traffic Department by a score of 4 to 1 in the final game of the schedule. This makes the eighth straight victory for the champions. They have not lost a game during the season. They played two games with Canada Car & Foundry, the runners-up, who also have a clean record in the last column, but as the latter finished in the zone with the G.N.W. Telegraph, the Explosives win by a margin of one point.

The Canada Car & Foundry Company defeated the G. N. W. Telegraph, by Brooklyn, will guard the shortest position rests between Bobby Vaughn, who was produced from Toronto, as a trade for Benny Meyer, and Enos Kinkpatrick, last year with the Dayton Ohio, team.

For the outfield Newark has at least seven candidates: Jack Kelly and Bill Collins, of the 1911 team; Bill Zimmmerman, who played with Atlantic City, and who was produced from Toronto, as a trade for Benny Meyer, and Enos Kinkpatrick, last year with the Dayton Ohio, team.

Hans Wagner is captain of the Pittsburgh Pirates. Fred Clarke, manager of the team, made the appointment on Saturday, and the hard hitting shortstop, who has headed the National League batting list on several occasions, is highly pleased with the job. In discussing the appointment Clarke is quoted as saying: "Wagner has been playing ball with me a great many years, and he knows just what my ideas are, and what is necessary to be done to carry them out. I have given the question of the Spring to other men, but I have looked at it from every angle, and all the study I have given it has strengthened my original idea that the Dutchman is the man for the place. One strong point in his favor is the fact that he plays an infield position. The captain should be an infielder, if possible. He is in better position than to get good results."

Keep your eyes on the Philadelphia Nationals, says the veteran Boston scribe, Tim Murnane, who saw the Quakers bury the Red Sox at the Springs in their last game. "Manager Dooin has developed a spirit of hustle and confidence among his players. He is an ideal leader and the Quakers are a happy family. They are going after the National League pennant this year with a vengeance."

Forway Park, the new home of the Boston Red Sox, is rapidly nearing completion, and will be ready for the game between the Sox and the Harvard nine on April 9. The big grand stand, built of concrete and steel, will have ninety-five private boxes, each seating four persons. The grand stands will provide seating accommodation for at least 20,000 more. As there is room in the outfield for 40,000 persons can see the Red Sox play a championship game. The Boston plant will cost nearly \$300,000.

Ottawa, March 20.—Officers of the Ottawa Baseball Club have abandoned hope of retaining the services of Frank Shaughnessy as manager of their team in the Canadian League this summer. They offered last week to buy Shaughnessy from the Fort Wayne club, but President Varnell, after threatening to report them to the National Commission for alleged tampering, wired Shaughnessy to buy Shaughnessy's release from the Fort Wayne club in the Central League. He hopes to be with Ottawa as manager and part owner in 1912.

Joe McGinnity thinks his team will be among the first three this season. For pitchers, the Tigers have Ginnity, Lee and Holmes, of the 1911 crew; Gaskill, who was a star in the New York State League last term; New York State League last term; Jones is busy signing up his players, and he expects to have them all in line to-day.

\$30,000,000 VOTED IN COMMONS YESTERDAY FOR RAILWAY ESTIMATES

March 22.—Thursday was the second day of the session for the presentation of the estimates for the next fiscal year. Over thirty millions of the money voted by the Department of Railways and Canals was passed. This included the \$20,000,000 required for the Transcontinental Railway, the \$10,000,000 for the Hudson Bay Railway, and the \$1,000,000 for the St. Lawrence Railway. The latter went through comparatively little discussion. Mr. Emmerson asked the Minister of Railways if any decision had been arrived at as to the operation of the railway. It would be by a private company or by a government commission.

Mr. Cochrane said in reply that the question had not been considered yet. On the vote for the National Capital Railway, the Hon. George P. Graham took exception to the statement of the cost of the road. He said that the estimate of \$10,000,000 was too high. Mr. Cochrane said that the estimate was based on the cost of the road in the United States. He said that the cost of the road in the United States was \$10,000,000. PROPOSED NEW CITY MARKET BUILDING

THE ST. LAWRENCE MARKET AS IT WOULD APPEAR IF RECONSTRUCTED ON AID. BLUMENFELD'S PLAN.

The plan shown above is a front view of a new city market building which Aid. Blumenfeld desires to have erected at the present St. Lawrence market. The plans, which he has had prepared, show a modern structure of four stories, and a basement, of an estimated cost of \$450,000, exclusive of the value of the land. The building is to have a steel frame, surrounded by concrete, and with a facing of terra cotta brick. The floors are to be of polished granite, reinforced concrete. The design calls for the use of the basement as a fish market, quarters for an artificial ice and cold storage plants, and the first floor to be a large hall, and the second floor to be the principal shopping part of the building. It is designed to contain four stores 25 x 50 feet each; 22 stalls, about 12 by

20 feet each. An entrance hall, and the floor area, will be about 18,000 square feet. The next floor is to have business offices in front, and will be about 5,000 square feet in area. The second floor is to be 18,500 square feet in area, and to include a restaurant, a large assembly hall of 10,000 square feet, and two other halls of 3,000 square feet in area are projected for the third floor.

had not been inserted at the instance of the grain producers, and Mr. Freeman said so. Roderick Mackenzie, secretary of the Manitoba Grain Growers, took a similar stand to that of Mr. Freeman. The railroads could create congestion at any point they wished, and so bring this clause into operation for the sake of the elevators when the latter were in the country. Mackenzie pointed out that in the month of January, before the emergency clause was brought into force, 15 percent of the grain went 'no grade.' Since the clause went into force only 19 percent of the inspection was 'no grade,' though the clause was primarily framed to get out the 'no grade' wheat. Two elevators at Sovereign, Sask., had asked for cars on the plea that grain was damp. In Saturday last six of these had passed inspection and each of them went straight grade. Farmers were paying in some parts as high as 15 cents a bushel for grain. The minister charged that such abuses existed at present, what would be the condition when the clause was withdrawn?

ATTRACTIVE EXERCISE

Athletic Dancing Latest Type of Exercise Being Introduced at Y.M.C.A.

A way in which the fat man becomes slender, the awkward man graceful, and the same time enjoy the exercise to the limit, is being introduced by the physical department staff of the Central Y. M. C. A. Old Folk Dances, adapted to symposium use, are the means adopted. Notices are given the simple elementary steps, and as they become more proficient, they are introduced into the more complex and complete dances, such as the symposium schottische, a most graceful and attractive dance, the Highland Fling and Irish Jig, which are more rapid and exhilarating. In discussing the phases of physical exercise and recreation, which is approved by all the leading men in the profession, Mr. Merritt urged that dancing be more used in gymnasium work, as it was of the greatest value to participants in their social, mental and physical life. The men become better acquainted than in the mass drills. It also teaches manners, the grace and easy carriage acquired in the exercises, there comes a self-confidence not to be despised. Dancing is play, and vigor in the means adopted. As one becomes proficient in the dances most of the defects resulting from overwork and sedentary occupations are corrected, and a symmetrical all-round development results. This type of exercise develops muscular strength in the best way, for it uses the greater masses of fundamental muscles. At the same time there is less expenditure of nerve force, and the accompanying music makes the action automatic, and lessening the concentrated attention required in so many other forms of physical exercise. And finally, in play of this kind, the joy of it will cause such neuro-muscular control that the muscular effort shall be accomplished with ease and grace, not only pleasing to look upon, but also economical in the expenditure of muscular and nervous energy.

Montreal devotees of physical training will have an opportunity of seeing this latest phase in that line of effort at the Arden Theatre, in the Display, April 13, when a squad of 20 trained men will occupy a place on the programme and demonstrate this pleasing, graceful work.

MARATHON RACE AT STOCKHOLM

Sir Edwin Ray Lankester, Asks Interesting Question.

London, March 22.—In a letter to the London Times, Sir Edwin Ray Lankester asks an interesting question. He writes: "The competitors in the Marathon race at Stockholm will presumably be allowed to consume refreshments as they run. Such was the case when the race took place in London. 'Will you allow me to ask the authorities of the Olympic games to be held in Stockholm whether in your columns whether a competitor will be allowed to breathe, as he runs, oxygen gas from a bag carried by him? It would be extremely interesting to see whether such breathing is of material assistance to the runner, and as oxygen gas is not a drug, but as natural an article of consumption as water, there seems to be no reason why the runner should be disqualified for refreshing himself with it as he may with water or soup.'

OLD ASTORIANS PARTY.

Arrangements are now completed for the party to be held to-morrow evening under the auspices of the Ashton-Under-Lyne Association at the St. George's Home. Prizes to be given are very attractive, whilst the whole of the evening is likely to be interesting. The president, Mr. James Dolphin, will preside, and will be assisted by Mr. Victor Drury. Other patrons include Sir Max Aitken, M.P.; Sir Edward Clouston, Bart.; Mr. R. B. Bennett, M.P.; Mr. A. J. Brown, K.C.; Mr. J. E. Wilder, and others. Mr. L. Broadbent, of the Leeds Concerts, has been retained as musical director. The annual meeting of the association will be held on Monday, April 1st, at 620 St. Catherine street west, corner of Mountain street.

NEW SHOPS AT JUNCTION.

Advices from Toronto, states that the one thousand odd acres of land purchased by the C. P. R. in the vicinity of Leaside Junction and north Donlands are now recognized as damaged for increased railway facilities. A large terminal yard fully equipped with tracks, engine houses and repair shops, will be installed at Leaside Junction upon the completion of the new Lake Shore line to Smith's Falls. Besides making this a sorting ground for freight, the York street engine houses will be shifted to Leaside to avoid the elevation of the viaduct level, which the Railway Board enjoin in the present situation. Leaside is particularly adapted for the purpose in view since it forms the junction between West Toronto, the Union Station, the present Montreal line via Peterboro, and the new line via Smith's Falls now to be built.

BOOMING A B. C. TOWN.

Mr. W. J. Kerr, who is interested in the Coquitlam property in British Columbia in an interview has stated that the announcement and intention of the Canadian Pacific Railway to spend a million dollars in terminals at that place has been the means of a boom. Over two thousand people are now residing there, but it is predicted that through the railway improvements in a few years it will be a big city. During last week a thousand people took up residence there, and the Railway Company hold two thousand acres of choice land for terminals and leveling to erect shops has commenced.

London, March 22.—The Evening News' vouchers for the authenticity of the statement that two women, both well known in London society, will leave England next month in search for hidden treasure in an island of the Southern Pacific. They have chartered a 200-ton yacht from a well-known agent, who will probably participate in the search. The treasure is said to amount to millions, and to have been buried by pirates. Records of the affair, it is added, are in the British Museum. The two women visited the island last year and spent five weeks there, accompanied by a representative of the government to which the island belongs. The investigation that followed was satisfactory, and the two principals returned to the mainland and obtained an interview with the president of the country which owns the island. Coming to the island, the concession, giving leave to remove any treasure found. YESTERDAY WAS A BIG DAY IN QUEBEC LEGISLATURE

Montreal City Bill Passed After Attack on Board of Control Failed—Medical Bill Goes Through—Quebec Licenses Reduced by 40.

Quebec, March 23.—The Bill to amend the charter of the City of Montreal was passed by the Private Bills Committee of the Upper House last night.

When the study of the bill was resumed after the sitting of the Upper House yesterday afternoon the clause providing for a new entrance to Mount Royal Park was struck out at the request of Colby and the McIntyre estates. Mountain street will, however, be opened to the foot of the mountain.

When the Committee met again last night at the suggestion of Ald. Polson, the Hon. Mr. Lanctot moved that any report or recommendation of the Board of Control of Montreal, might be amended by an absolute majority of the City Council, instead of two-thirds, as it is at present.

The motion was supported by Aldermen Polson, Groulx, Latviers, Seguin and Maynard.

Mayor Lavallee and Aldermen MacDonald and Blumenthal opposed the change.

The Hon. Mr. Turner rose to a point of order, asking if such a change had been covered by the statutory notices.

As it was found out that no notice had been given of the amendment, it was accordingly ruled out of order.

The Hon. Geo. Smith then moved that the principal house of the Victorian Order of Nurses be exempt from taxation.

The City opposed the exemption, maintaining that there were other deserving institutions which were not exempted.

The motion was voted down on a division of 9 to 2.

The bill to amend the charter of the City of Montreal was passed by the committee without discussion.

Quebec, March 22.—The entire afternoon sitting of the Legislative Assembly yesterday was taken up with a discussion of the bill to increase the loan made by the Montreal Technical School by \$100,000, so that the annual grant to the school may be \$40,000 instead of \$20,000, and also to have a representative of the manufacturers and the laboring classes on the school board.

Opposition, in obstructive mood, held up the measure until nearly the close of the sitting, when it was reported with progress.

The bill to amend the charter of the Quebec Technical School, which provides for the appointment of a labor representative of the board was passed without any discussion.

Ottawa's French-Canadian Journal Condemns Government's Vacillation

ENCOURAGES ENEMIES.

Britain's Antagonists Hope Largest Dominion Will Refrain From Aiding the Motherland.

The following article on 'The Naval Policy of Canada' appears in today's issue of the 'Temps', Ottawa:

The non-committal attitude of the present Government on the naval policy, and the part Canada should take in the defense of the Empire, is humiliating to every true Canadian and gives hope to the enemies of Britain that the greatest nation within the Empire, Canada, will remain neutral at any rate, she does not approach the subject with any spirit of enthusiasm, or in a spirit to do her share to preserve and maintain in all her glory and prestige the dominant power of Britain.

Time, further time, is requested by the Government of Canada to ascertain her duty. The naval question is not new, the subject of the defense of the Empire is not new, and no Government of Canada is worthy or capable of being entrusted with the administration of its affairs that is unable to form a firm, resolute policy on this vital question of the Empire, should do or contribute towards the common defence. The time to act is now, not after the great issue has been fought and decided on the open seas of the Atlantic. By that time Britain will have either closed the ocean or will lay lost and sunk in its depths.

The late Government knew, we know, and the present overladen Conservative Government knows, what Britain needs. She needs warships at the earliest possible moment; she does not need them after the glory of Britain is no more, she needs them now, and what is probably of still greater value, she desires to impress upon all that every unit of this world-wide power stands ready in defence of its interests. Were it not for the Nationalist wing of the present Government they would have no difficulty in submitting a naval policy. So long as this element continues in a large measure to hold the life of the Government, it is likely that so long will this vacillating policy last.

Canada, the largest, the wealthiest, the strongest nation within the Empire will be the only one that has not done its share towards imperial defence, and so long will she continue to be the hope of those who are aiming at the destruction of Great Britain.

We believe, even at the dying hours of this session, were the Government to call for an appropriation to build at once a Dreadnought or a war vessel (exceeding in tonnage, greater in speed, and more powerful in armament) now authorized, which will bear the name of 'Canada' to the four winds of the world, and auxiliary to the fighting fleet of Britain, whose effectiveness and destruction will equal to anything afloat, we believe this act on the part of Canada would be a most effective contribution to the peace of the world, and we further believe that, except from the Nationalist wing, such a policy would secure the almost unanimous support of the Parliament of Canada.

The deliberations of the Legislative Council which have been extremely long, and which have been somewhat disturbed yesterday afternoon, when the bill to meet the provisions of the Roddick Medical Bill was taken up as reported from the Legislative Committee of the Upper House.

The Hon. Mr. Lanctot proposed a six months' hold, which was defeated on a division of 13 to 7, after a rather long discussion, and the bill was read the third and last time.

Supporting his motion, Mr. Lanctot argued that the proposed legislation would infringe upon the autonomy of the Province, and that the position of the Federal Medical Board which, he hinted, would not do justice to the French Canadian.

The Hon. Messrs. Amyot and Turner spoke in favor of the bill, and the Hon. Mr. Chapais made a fresh attack upon it on the same grounds as Mr. Lanctot, that is, on the question of Provincial autonomy. He contended that the proposed bill was an encroachment on Provincial rights, and in opposition to Article 93 of the Constitution.

The Hon. Dr. Choquette described the features of the Opposition as being illusions, and said that the idea of the bill had originated in Quebec, and if recourse had been had to Ottawa, it was only as a matter of necessity.

Far from being a menace to the French Canadian, it guaranteed them greater advantages than they had at present, and he considered it the duty of the Province to see aside all spirit of intolerance and fall into line with the other provinces.

The Hon. Mr. Lanctot's proposal, as already stated, was lost, the division being as follows: Ayes, 13; Noes, 7.

For—The Hon. Messrs. Bergevin, Berthiaume, Champagne, Chapais, Cormier, Lanctot and Perreault.

Against—The Hon. Messrs. Amyot, Bouchon, Choquette, Desjardins, Durocher, Gagnon, Gilman, Groulx, Roland, Sharples, Smith, Turgeon and Turner.

The bill was then passed in third reading.

The other bills given third reading were those concerning LaTouche, Quebec and Lake St. John Railway, and King Edward Park.

For—The Hon. Messrs. Bergevin, Berthiaume, Champagne, Chapais, Cormier, Lanctot and Perreault.

Against—The Hon. Messrs. Amyot, Bouchon, Choquette, Desjardins, Durocher, Gagnon, Gilman, Groulx, Roland, Sharples, Smith, Turgeon and Turner.

ENTOMBED MINERS

Thirty-five Men Still Prisoners in Death Trap.

McCurran, Okla., March 22.—Thirty-five men entombed in the Sans Bois mine, where an explosion occurred on Wednesday morning, had not been accounted for early last night. Twenty-six men had been rescued during the day, and fifty-five bodies had been brought to the surface. Because parties still are at work, harboring the hope that possibly many more may be found alive.

Fifteen men rescued yesterday were taken to the hospital, and the thirteenth level. They rushed there when they heard the explosion and kept themselves alive with an air pump. Searching parties were directed to the mine by lantern on the air pipe. The condition of two of the men is serious, but the others seem none the worse for their experience.

When the rescued miners were brought out the scene about the mouth of the shaft was the most pathetic since the explosion. Relatives of the entombed men who had remained on the ground since the fatal blast, pressed eagerly forward to catch a word that might let them know their loved ones were alive.

Tom Farrimond, one of those rescued, told of his experiences of himself and his companions.

"We had almost given up hope," he said, "when the rescue party reached us. How we were met in the room I don't know, but we felt the explosion was rushing to the nearest pump, knowing that we were too far from the entrance to escape if the explosion was severe. We had just put a curtain over the entrance when a big sheet of flame passed over our heads and sent a small puff of its deadly breath at us. The minutes seemed like hours as we clung to the pumps, crawling every effort to inhale every bit of the fresh air. We hardly spoke. We did not discuss the possibility of death or rescue. We suffered greatly from lack of water."

QUEBEC LICENSES

Reduced from 100, to 60 by Legislative Assembly.

Quebec, March 22.—At the sitting of the Legislative Assembly yesterday afternoon Government resolutions were brought down by Premier Gouin by which the number of liquor licenses in the city of Quebec are reduced from 100 to 60. The resolutions are in accordance with the demands of the temperance bodies for less liquor selling in the Ancient Regime.

The resolutions provide that an indemnity of \$4,000 shall be paid to every person who loses his license under the new act. The new regulations are to go into force in May, 1912. It is provided that the revenue to be derived from the sixty licenses shall be equal to that derived from the existing number. The last part of the resolutions provide for the naming of a commission to inquire into the sale of intoxicating liquors and as to changes expedient to be made in the city of Quebec. It is accordingly provided that the Lieutenant-Governor-in-Council may appoint in virtue of the act accompanying these resolutions, a commission consisting of not less than three and not more than five commissioners and of a secretary, called 'The License Commission of the Province of Quebec,' for the purpose mentioned in the act.

AT MACDONALD COLLEGE.

Winter Meeting of the Quebec Society for the Protection of Plants.

The annual meeting of the Quebec Society for the Protection of Plants took place at the MacDonald College, Wednesday afternoon, March 21, at three p.m. The Board of Directors convened at two p.m. for some matters of business.

The programme for the afternoon contains a number of very interesting papers. The economic value of birds, by W. E. Fraser, of MacDonald College; insects affecting forests and shade trees, by J. M. Swains, of Ottawa; Central Experimental Farm, Ottawa; and the 'Economic Importance of Insect Parasites,' by Dr. O. Gordon Hewitt, Dominion Entomologist, Ottawa, on the 'Economic Importance of Insect Parasites.' A large attendance of all interested in the protection of our plant and forest life is looked for on next Wednesday.

Barber Dismissed Seeks Substantial Reparation.

Mr. Justice Demery and a mixed jury in the Superior Court yesterday heard a case wherein a former employee of the Windsor Hotel sought damages from a guest of the hotel for defamation of character, alleged to have resulted in the dismissal of the plaintiff from the employment of the hotel.

W. Levesque was a barber in the territorial rooms conducted at the hotel by Joseph Forget, and he is suing Dr. Waldron for two thousand dollars, alleging that on the strength of an accusation of attempted theft brought by defendant against him, he was dismissed from the employ of the hotel.

The action was first entered named the hotel company as defendant, but, on recommendation of the judge, the action was withdrawn as far as the hotel was concerned, and the case was proceeded with with the guest as sole defendant.

As related in court, it appears that Mr. Waldron, who is a frequent visitor at the hotel, called a barber to his room, and while the latter was shaving him, he noticed that the barber was not moving around much, suddenly removed the cloth only, it is alleged, to find the barber in the act of taking the pocket book from the coat of the guest who was in the room. He gave the barber a talking to, dismissed him, and subsequently reported the matter to the hotel manager, with the result that the barber was dismissed.

The plaintiff denies the imputations cast at his door by Waldron, and explains the incident of the pocket book, by stating that he had been instructed by Waldron to get a package of cigarettes from the pocket of the coat. This he was attempting to do when he by mistake took a pocket book of some other guest, and that of a cigarette case. Immediately seeing his mistake he was in the act of replacing the purse, intending to make further search for the cigarette case, when Mr. Waldron, not being satisfied with him from the room so precipitately to make any explanation. A subsequent visit to the room, with a view to explaining the matter was not more successful, plaintiff alleging that Mr. Waldron used violent language regarding him, and thus prevented him from explaining matters.

Mr. Waldron, with Ernest Pelletier, K.C., as counsel, is appearing in the interests of the plaintiff, while the defendant is represented by L. T. Marchand, K.C.

SUES HOTEL GUEST.

LOOKED LIKE KID GLOVES.

Mrs. Griffin's Hands So Dirty as to Deceive Officer.

Mrs. Griffin, who, with her husband, is accused of abducting property in care for her infant child, came before Judge Lanctot in the enquete court yesterday. Mrs. Huppel, a neighbor, told how she and her husband went to the home of the accused when the baby was born and cleaned the place up. Three or four days later she called again and found it in as bad, if not worse, condition than formerly. Another witness, Mrs. Gaudin, testified to finding the accused drunk in bed with the baby three days after it was born. The woman had a bottle of gin at the time.

The two women who made the arrest said that when they saw Mrs. Griffin, she thought she had a pair of kid gloves on, but it turned out to be only dirt.

When placed in the cell the accused had the head of her hair from a tap until one of the attendants procured some milk and heated it for the baby's use.

Voluntary statement was fixed for March 25.

THE 'BERMUDIAN' WINS.

The 'Oceana' Beaten Almost Three Hours in Race from Bermuda.

In a race from Hamilton, Bermuda, the 'Bermudian' of the Quebec Steamship Line, reached Sandy Hook yesterday two hours and fifty minutes ahead of the 'Oceana' of the Bermuda Atlantic Line.

The two steamers left Hamilton last Saturday at noon within a few minutes of each other. It is said the passengers wagered quite large sums on the outcome when it was generally known that a race was on.

HOLSTEIN BREEDERS' MEETING.

The Holstein Friesian Association of Canada (Quebec branch) will hold its annual meeting on Thursday, March 28th, at 10.30 a.m., in the Queen's Hotel. The business will be the election of officers for the ensuing year, the appointing of fair delegates and fair judges, and several speakers prominent in the dairy world will be present. Some of the French members are making good records, one cow having given 101 lbs. of milk per day. One of the members, Mr. Sangster, has made a world's record at the Ottawa Dairy Test, having bred the 1st and 2nd prize winners. The 2nd prize cow milked 105 1/2 lbs. in the day.

LAND SEEKERS' GUIDE.

'Land Seekers' Guide' is the title of the latest product of the Advertising Department of the Grand Trunk Pacific. It is a neatly printed booklet of 24 pages, in which is given in concise form information in connection with the taking up of lands either by purchase or lease. The publication is nicely illustrated and contains a comprehensive map of the provinces of Manitoba, Saskatchewan, Alberta. Copies may be had on application at the City Office, 130 St. James Street, Montreal, or any agent of the company.

Y. M. H. A. MUSICAL BRANCH.

The already popular orchestra of the Young Men's Hebrew Association, under the management of Mr. M. G. Gagnon, and the direction of Mr. F. T. Griffin, is working hard to make a name for itself. Rehearsals are being held regularly every Wednesday evening at 8 o'clock, in the room of the orchestra, 496 St. Charles Borromeo street, and each member of the orchestra is doing his utmost to assure a creditable showing at the next concert, the date of which will be announced later. The association has been successful in obtaining the services of Mr. Cross, a well known local choir leader, to organize a choir, and conduct a class in sight-reading, to be held every Thursday evening, where members of the association will receive free instruction. Classes in the various orchestra instruments are being organized in order to form a source of supply for the orchestra.
